List of genera (133,380)

Affiniabditibacterium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Abditibacterium*, An existing genus; *Affiniabditibacterium*: A genus related to but distinct from the existing genus Abditibacterium of neighbouring.

Affiniabiotrophia

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Abiotrophia*, An existing genus; *Affiniabiotrophia*: A genus related to but distinct from the existing genus Abiotrophia of neighbouring.

Affiniabsicoccus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Absicoccus*, An existing genus; *Affiniabsicoccus*: A genus related to but distinct from the existing genus Absicoccus of neighbouring.

Affiniabsiella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Absiella*, An existing genus; *Affiniabsiella*: A genus related to but distinct from the existing genus Absiella of neighbouring.

Affiniabyssibacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Abyssibacter*, An existing genus; *Affiniabyssibacter*: A genus related to but distinct from the existing genus Abyssibacter of neighbouring.

Affiniabyssicoccus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Abyssicoccus*, An existing genus; *Affiniabyssicoccus*: A genus related to but distinct from the existing genus Abyssicoccus of neighbouring.

Affiniabyssisolibacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Abyssisolibacter*, An existing genus; *Affiniabyssisolibacter*: A genus related to but distinct from the existing genus Abyssisolibacter of neighbouring.

Affiniabyssivirga

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Abyssivirga*, An existing genus; *Affiniabyssivirga*: A genus related to but distinct from the existing genus Abyssivirga of neighbouring.

Affiniacanthopleuribacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Acanthopleuribacter*, An existing genus; *Affiniacanthopleuribacter*: A genus related to but distinct from the existing genus Acanthopleuribacter of neighbouring.

Affiniacaricomes

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Acaricomes*, An existing genus; *Affiniacaricomes*: A genus related to but distinct from the existing genus Acaricomes of neighbouring.

Affiniacaryochloris

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Acaryochloris*, An existing genus; *Affiniacaryochloris*: A genus related to but distinct from the existing genus Acaryochloris of neighbouring.

Affiniacetanaerobacterium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Acetanaerobacterium*, An existing genus; *Affiniacetanaerobacterium*: A genus related to but distinct from the existing genus Acetanaerobacterium of neighbouring.

Affiniacetatifactor

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Acetatifactor*, An existing genus; *Affiniacetatifactor*: A genus related to but distinct from the existing genus Acetatifactor of neighbouring.

Affiniacetilactobacillus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Acetilactobacillus*, An existing genus; *Affiniacetilactobacillus*: A genus related to but distinct from the existing genus Acetilactobacillus of neighbouring.

Affiniacetitomaculum

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Acetitomaculum*, An existing genus; *Affiniacetitomaculum*: A genus related to but distinct from the existing genus Acetitomaculum of neighbouring.

Affiniacetivibrio

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Acetivibrio*, An existing genus; *Affiniacetivibrio*: A genus related to but distinct from the existing genus Acetivibrio of neighbouring.

Affiniacetoanaerobium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Acetoanaerobium*, An existing genus; *Affiniacetoanaerobium*: A genus related to but distinct from the existing genus Acetoanaerobium of neighbouring.

Affiniacetobacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Acetobacter*, An existing genus; *Affiniacetobacter*: A genus related to but distinct from the existing genus Acetobacter of neighbouring.

Affiniacetobacterium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Acetobacterium*, An existing genus; *Affiniacetobacterium*: A genus related to but distinct from the existing genus Acetobacterium of neighbouring.

Affiniacetobacteroides

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Acetobacteroides*, An existing genus; *Affiniacetobacteroides*: A genus related to but distinct from the existing genus Acetobacteroides of neighbouring.

Affiniacetofilamentum

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Acetofilamentum*, An existing genus; *Affiniacetofilamentum*: A genus related to but distinct from the existing genus Acetofilamentum of neighbouring.

Affiniacetogenium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Acetogenium*, An existing genus; *Affiniacetogenium*: A genus related to but distinct from the existing genus Acetogenium of neighbouring.

Affiniacetohalobium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Acetohalobium*, An existing genus; *Affiniacetohalobium*: A genus related to but distinct from the existing genus Acetohalobium of neighbouring.

Affiniacetomicrobium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Acetomicrobium*, An existing genus; *Affiniacetomicrobium*: A genus related to but distinct from the existing genus Acetomicrobium of neighbouring.

Affiniacetonema

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Acetonema*, An existing genus; *Affiniacetonema*: A genus related to but distinct from the existing genus Acetonema of neighbouring.

Affiniacetothermus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Acetothermus*, An existing genus; *Affiniacetothermus*: A genus related to but distinct from the existing genus Acetothermus of neighbouring.

Affiniacholeplasma

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Acholeplasma*, An existing genus; *Affiniacholeplasma*: A genus related to but distinct from the existing genus Acholeplasma of neighbouring.

Affiniachromatium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Achromatium*, An existing genus; *Affiniachromatium*: A genus related to but distinct from the existing genus Achromatium of neighbouring.

Affiniachromobacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Achromobacter*, An existing genus; *Affiniachromobacter*: A genus related to but distinct from the existing genus Achromobacter of neighbouring.

Affiniacidaminobacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Acidaminobacter*, An existing genus; *Affiniacidaminobacter*: A genus related to but distinct from the existing genus Acidaminobacter of neighbouring.

Affiniacidaminococcus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Acidaminococcus*, An existing genus; *Affiniacidaminococcus*: A genus related to but distinct from the existing genus Acidaminococcus of neighbouring.

Affiniacidianus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Acidianus*, An existing genus; *Affiniacidianus*: A genus related to but distinct from the existing genus Acidianus of neighbouring.

Affiniacidibrevibacterium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Acidibrevibacterium*, An existing genus; *Affiniacidibrevibacterium*: A genus related to but distinct from the existing genus Acidibrevibacterium of neighbouring.

Affiniacidicaldus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Acidicaldus*, An existing genus; *Affiniacidicaldus*: A genus related to but distinct from the existing genus Acidicaldus of neighbouring.

Affiniacidicapsa

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Acidicapsa*, An existing genus; *Affiniacidicapsa*: A genus related to but distinct from the existing genus Acidicapsa of neighbouring.

Affiniacidiferrimicrobium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Acidiferrimicrobium*, An existing genus; *Affiniacidiferrimicrobium*: A genus related to but distinct from the existing genus Acidiferrimicrobium of neighbouring.

Affiniacidiferrobacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Acidiferrobacter*, An existing genus; *Affiniacidiferrobacter*: A genus related to but distinct from the existing genus Acidiferrobacter of neighbouring.

Affiniacidihalobacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Acidihalobacter*, An existing genus; *Affiniacidihalobacter*: A genus related to but distinct from the existing genus Acidihalobacter of neighbouring.

Affiniacidilobus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Acidilobus*, An existing genus; *Affiniacidilobus*: A genus related to but distinct from the existing genus Acidilobus of neighbouring.

Affiniacidimangrovimonas

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Acidimangrovimonas*, An existing genus; *Affiniacidimangrovimonas*: A genus related to but distinct from the existing genus Acidimangrovimonas of neighbouring.

Affiniacidimicrobium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Acidimicrobium*, An existing genus; *Affiniacidimicrobium*: A genus related to but distinct from the existing genus Acidimicrobium of neighbouring.

Affiniacidiphilium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Acidiphilium*, An existing genus; *Affiniacidiphilium*: A genus related to but distinct from the existing genus Acidiphilium of neighbouring.

Affiniacidiplasma

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Acidiplasma*, An existing genus; *Affiniacidiplasma*: A genus related to but distinct from the existing genus Acidiplasma of neighbouring.

Affiniacidipropionibacterium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Acidipropionibacterium*, An existing genus; *Affiniacidipropionibacterium*: A genus related to but distinct from the existing genus Acidipropionibacterium of neighbouring.

Affiniacidisarcina

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Acidisarcina*, An existing genus; *Affiniacidisarcina*: A genus related to but distinct from the existing genus Acidisarcina of neighbouring.

Affiniacidisoma

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Acidisoma*, An existing genus; *Affiniacidisoma*: A genus related to but distinct from the existing genus Acidisoma of neighbouring.

Affiniacidisphaera

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Acidisphaera*, An existing genus; *Affiniacidisphaera*: A genus related to but distinct from the existing genus Acidisphaera of neighbouring.

Affiniacidithiobacillus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Acidithiobacillus*, An existing genus; *Affiniacidithiobacillus*: A genus related to but distinct from the existing genus Acidithiobacillus of neighbouring.

Affiniacidithrix

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Acidithrix*, An existing genus; *Affiniacidithrix*: A genus related to but distinct from the existing genus Acidithrix of neighbouring.

Affiniacidocella

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Acidocella*, An existing genus; *Affiniacidocella*: A genus related to but distinct from the existing genus Acidocella of neighbouring.

Affiniacidovorax

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Acidovorax*, An existing genus; *Affiniacidovorax*: A genus related to but distinct from the existing genus Acidovorax of neighbouring.

Affiniacinetobacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Acinetobacter*, An existing genus; *Affiniacinetobacter*: A genus related to but distinct from the existing genus Acinetobacter of neighbouring.

Affiniacrocarpospora

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Acrocarpospora*, An existing genus; *Affiniacrocarpospora*: A genus related to but distinct from the existing genus Acrocarpospora of neighbouring.

Affiniactibacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Actibacter*, An existing genus; *Affiniactibacter*: A genus related to but distinct from the existing genus Actibacter of neighbouring.

Affiniactibacterium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Actibacterium*, An existing genus; *Affiniactibacterium*: A genus related to but distinct from the existing genus Actibacterium of neighbouring.

Affiniactimicrobium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Actimicrobium*, An existing genus; *Affiniactimicrobium*: A genus related to but distinct from the existing genus Actimicrobium of neighbouring.

Affiniactinaurispora

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Actinaurispora*, An existing genus; *Affiniactinaurispora*: A genus related to but distinct from the existing genus Actinaurispora of neighbouring.

Affiniactinoallomurus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Actinoallomurus*, An existing genus; *Affiniactinoallomurus*: A genus related to but distinct from the existing genus Actinoallomurus of neighbouring.

Affiniactinobispora

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Actinobispora*, An existing genus; *Affiniactinobispora*: A genus related to but distinct from the existing genus Actinobispora of neighbouring.

Affiniactinocatenispora

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Actinocatenispora*, An existing genus; *Affiniactinocatenispora*: A genus related to but distinct from the existing genus Actinocatenispora of neighbouring.

Affiniactinocorallia

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Actinocorallia*, An existing genus; *Affiniactinocorallia*: A genus related to but distinct from the existing genus Actinocorallia of neighbouring.

Affiniactinocrinis

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Actinocrinis*, An existing genus; *Affiniactinocrinis*: A genus related to but distinct from the existing genus Actinocrinis of neighbouring.

Affiniactinocrispum

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Actinocrispum*, An existing genus; *Affiniactinocrispum*: A genus related to but distinct from the existing genus Actinocrispum of neighbouring.

Affiniactinokineospora

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Actinokineospora*, An existing genus; *Affiniactinokineospora*: A genus related to but distinct from the existing genus Actinokineospora of neighbouring.

Affiniactinomadura

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Actinomadura*, An existing genus; *Affiniactinomadura*: A genus related to but distinct from the existing genus Actinomadura of neighbouring.

Affiniactinomarinicola

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Actinomarinicola*, An existing genus; *Affiniactinomarinicola*: A genus related to but distinct from the existing genus Actinomarinicola of neighbouring.

Affiniactinomyces

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Actinomyces*, An existing genus; *Affiniactinomyces*: A genus related to but distinct from the existing genus Actinomyces of neighbouring.

Affiniactinomycetospora

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Actinomycetospora*, An existing genus; *Affiniactinomycetospora*: A genus related to but distinct from the existing genus Actinomycetospora of neighbouring.

Affiniactinophytocola

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Actinophytocola*, An existing genus; *Affiniactinophytocola*: A genus related to but distinct from the existing genus Actinophytocola of neighbouring.

Affiniactinoplanes

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Actinoplanes*, An existing genus; *Affiniactinoplanes*: A genus related to but distinct from the existing genus Actinoplanes of neighbouring.

Affiniactinopolymorpha

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Actinopolymorpha*, An existing genus; *Affiniactinopolymorpha*: A genus related to but distinct from the existing genus Actinopolymorpha of neighbouring.

Affiniactinopolyspora

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Actinopolyspora*, An existing genus; *Affiniactinopolyspora*: A genus related to but distinct from the existing genus Actinopolyspora of neighbouring.

Affiniactinorectispora

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Actinorectispora*, An existing genus; *Affiniactinorectispora*: A genus related to but distinct from the existing genus Actinorectispora of neighbouring.

Affiniactinorhabdospora

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Actinorhabdospora*, An existing genus; *Affiniactinorhabdospora*: A genus related to but distinct from the existing genus Actinorhabdospora of neighbouring.

Affiniactinorugispora

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Actinorugispora*, An existing genus; *Affiniactinorugispora*: A genus related to but distinct from the existing genus Actinorugispora of neighbouring.

Affiniactinospica

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Actinospica*, An existing genus; *Affiniactinospica*: A genus related to but distinct from the existing genus Actinospica of neighbouring.

Affiniactinosporangium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Actinosporangium*, An existing genus; *Affiniactinosporangium*: A genus related to but distinct from the existing genus Actinosporangium of neighbouring.

Affiniactinosynnema

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Actinosynnema*, An existing genus; *Affiniactinosynnema*: A genus related to but distinct from the existing genus Actinosynnema of neighbouring.

Affiniactinotalea

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Actinotalea*, An existing genus; *Affiniactinotalea*: A genus related to but distinct from the existing genus Actinotalea of neighbouring.

Affiniactinotignum

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Actinotignum*, An existing genus; *Affiniactinotignum*: A genus related to but distinct from the existing genus Actinotignum of neighbouring.

Affiniacutalibacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Acutalibacter*, An existing genus; *Affiniacutalibacter*: A genus related to but distinct from the existing genus Acutalibacter of neighbouring.

Affiniacuticoccus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Acuticoccus*, An existing genus; *Affiniacuticoccus*: A genus related to but distinct from the existing genus Acuticoccus of neighbouring.

Affiniadhaeribacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Adhaeribacter*, An existing genus; *Affiniadhaeribacter*: A genus related to but distinct from the existing genus Adhaeribacter of neighbouring.

Affiniadlercreutzia

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Adlercreutzia*, An existing genus; *Affiniadlercreutzia*: A genus related to but distinct from the existing genus Adlercreutzia of neighbouring.

Affiniadvenella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Advenella*, An existing genus; *Affiniadvenella*: A genus related to but distinct from the existing genus Advenella of neighbouring.

Affiniaegyptianella

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Aegyptianella*, An existing genus; *Affiniaegyptianella*: A genus related to but distinct from the existing genus Aegyptianella of neighbouring.

Affiniaequoribacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Aequoribacter*, An existing genus; *Affiniaequoribacter*: A genus related to but distinct from the existing genus Aequoribacter of neighbouring.

Affiniaequorivita

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Aequorivita*, An existing genus; *Affiniaequorivita*: A genus related to but distinct from the existing genus Aequorivita of neighbouring.

Affiniaeribacillus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Aeribacillus*, An existing genus; *Affiniaeribacillus*: A genus related to but distinct from the existing genus Aeribacillus of neighbouring.

Affiniaeriscardovia

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Aeriscardovia*, An existing genus; *Affiniaeriscardovia*: A genus related to but distinct from the existing genus Aeriscardovia of neighbouring.

Affiniaerococcus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Aerococcus*, An existing genus; *Affiniaerococcus*: A genus related to but distinct from the existing genus Aerococcus of neighbouring.

Affiniaeromicrobium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Aeromicrobium*, An existing genus; *Affiniaeromicrobium*: A genus related to but distinct from the existing genus Aeromicrobium of neighbouring.

Affiniaeropyrum

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Aeropyrum*, An existing genus; *Affiniaeropyrum*: A genus related to but distinct from the existing genus Aeropyrum of neighbouring.

Affiniaerosakkonema

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Aerosakkonema*, An existing genus; *Affiniaerosakkonema*: A genus related to but distinct from the existing genus Aerosakkonema of neighbouring.

Affiniaestuariibacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Aestuariibacter*, An existing genus; *Affiniaestuariibacter*: A genus related to but distinct from the existing genus Aestuariibacter of neighbouring.

Affiniaestuariibaculum

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Aestuariibaculum*, An existing genus; *Affiniaestuariibaculum*: A genus related to but distinct from the existing genus Aestuariibaculum of neighbouring.

Affiniaestuariibius

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Aestuariibius*, An existing genus; *Affiniaestuariibius*: A genus related to but distinct from the existing genus Aestuariibius of neighbouring.

Affiniaestuariicella

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Aestuariicella*, An existing genus; *Affiniaestuariicella*: A genus related to but distinct from the existing genus Aestuariicella of neighbouring.

Affiniaestuariicoccus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Aestuariicoccus*, An existing genus; *Affiniaestuariicoccus*: A genus related to but distinct from the existing genus Aestuariicoccus of neighbouring.

Affiniaestuariicola

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Aestuariicola*, An existing genus; *Affiniaestuariicola*: A genus related to but distinct from the existing genus Aestuariicola of neighbouring.

Affiniaestuariihabitans

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Aestuariihabitans*, An existing genus; *Affiniaestuariihabitans*: A genus related to but distinct from the existing genus Aestuariihabitans of neighbouring.

Affiniaestuariimicrobium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Aestuariimicrobium*, An existing genus; *Affiniaestuariimicrobium*: A genus related to but distinct from the existing genus Aestuariimicrobium of neighbouring.

Affiniaestuariirhabdus

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Aestuariirhabdus*, An existing genus; *Affiniaestuariirhabdus*: A genus related to but distinct from the existing genus Aestuariirhabdus of neighbouring.

Affiniaestuariisphingobium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Aestuariisphingobium*, An existing genus; *Affiniaestuariisphingobium*: A genus related to but distinct from the existing genus Aestuariisphingobium of neighbouring.

Affiniaestuariivirga

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Aestuariivirga*, An existing genus; *Affiniaestuariivirga*: A genus related to but distinct from the existing genus Aestuariivirga of neighbouring.

Affiniaestuariivita

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Aestuariivita*, An existing genus; *Affiniaestuariivita*: A genus related to but distinct from the existing genus Aestuariivita of neighbouring.

Affiniaestuarium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Aestuarium*, An existing genus; *Affiniaestuarium*: A genus related to but distinct from the existing genus Aestuarium of neighbouring.

Affiniaetherobacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Aetherobacter*, An existing genus; *Affiniaetherobacter*: A genus related to but distinct from the existing genus Aetherobacter of neighbouring.

Affiniafifella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Afifella*, An existing genus; *Affiniafifella*: A genus related to but distinct from the existing genus Afifella of neighbouring.

Affiniafipia

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Afipia*, An existing genus; *Affiniafipia*: A genus related to but distinct from the existing genus Afipia of neighbouring.

Affiniagaribacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Agaribacter*, An existing genus; *Affiniagaribacter*: A genus related to but distinct from the existing genus Agaribacter of neighbouring.

Affiniagaribacterium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Agaribacterium*, An existing genus; *Affiniagaribacterium*: A genus related to but distinct from the existing genus Agaribacterium of neighbouring.

Affiniagaricicola

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Agaricicola*, An existing genus; *Affiniagaricicola*: A genus related to but distinct from the existing genus Agaricicola of neighbouring.

Affiniagarilytica

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Agarilytica*, An existing genus; *Affiniagarilytica*: A genus related to but distinct from the existing genus Agarilytica of neighbouring.

Affiniagarivorans

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Agarivorans*, An existing genus; *Affiniagarivorans*: A genus related to but distinct from the existing genus Agarivorans of neighbouring.

Affiniagathobacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Agathobacter*, An existing genus; *Affiniagathobacter*: A genus related to but distinct from the existing genus Agathobacter of neighbouring.

Affiniagathobaculum

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Agathobaculum*, An existing genus; *Affiniagathobaculum*: A genus related to but distinct from the existing genus Agathobaculum of neighbouring.

Affiniaggregatibacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Aggregatibacter*, An existing genus; *Affiniaggregatibacter*: A genus related to but distinct from the existing genus Aggregatibacter of neighbouring.

Affiniaggregatilinea

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Aggregatilinea*, An existing genus; *Affiniaggregatilinea*: A genus related to but distinct from the existing genus Aggregatilinea of neighbouring.

Affiniaggregicoccus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Aggregicoccus*, An existing genus; *Affiniaggregicoccus*: A genus related to but distinct from the existing genus Aggregicoccus of neighbouring.

Affiniagitococcus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Agitococcus*, An existing genus; *Affiniagitococcus*: A genus related to but distinct from the existing genus Agitococcus of neighbouring.

Affiniagreia

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Agreia*, An existing genus; *Affiniagreia*: A genus related to but distinct from the existing genus Agreia of neighbouring.

Affiniagrilactobacillus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Agrilactobacillus*, An existing genus; *Affiniagrilactobacillus*: A genus related to but distinct from the existing genus Agrilactobacillus of neighbouring.

Affiniagrobacterium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Agrobacterium*, An existing genus; *Affiniagrobacterium*: A genus related to but distinct from the existing genus Agrobacterium of neighbouring.

Affiniagrococcus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Agrococcus*, An existing genus; *Affiniagrococcus*: A genus related to but distinct from the existing genus Agrococcus of neighbouring.

Affiniagromonas

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Agromonas*, An existing genus; *Affiniagromonas*: A genus related to but distinct from the existing genus Agromonas of neighbouring.

Affiniagromyces

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Agromyces*, An existing genus; *Affiniagromyces*: A genus related to but distinct from the existing genus Agromyces of neighbouring.

Affiniahniella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Ahniella*, An existing genus; *Affiniahniella*: A genus related to but distinct from the existing genus Ahniella of neighbouring.

Affiniahrensia

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Ahrensia*, An existing genus; *Affiniahrensia*: A genus related to but distinct from the existing genus Ahrensia of neighbouring.

Affiniaidingibacillus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Aidingibacillus*, An existing genus; *Affiniaidingibacillus*: A genus related to but distinct from the existing genus Aidingibacillus of neighbouring.

Affiniaidingimonas

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Aidingimonas*, An existing genus; *Affiniaidingimonas*: A genus related to but distinct from the existing genus Aidingimonas of neighbouring.

Affiniakkermansia

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Akkermansia*, An existing genus; *Affiniakkermansia*: A genus related to but distinct from the existing genus Akkermansia of neighbouring.

Affinialbertania

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Albertania*, An existing genus; *Affinialbertania*: A genus related to but distinct from the existing genus Albertania of neighbouring.

Affinialbibacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Albibacter*, An existing genus; *Affinialbibacter*: A genus related to but distinct from the existing genus Albibacter of neighbouring.

Affinialbibacterium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Albibacterium*, An existing genus; *Affinialbibacterium*: A genus related to but distinct from the existing genus Albibacterium of neighbouring.

Affinialbidiferax

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Albidiferax*, An existing genus; *Affinialbidiferax*: A genus related to but distinct from the existing genus Albidiferax of neighbouring.

Affinialbidovulum

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Albidovulum*, An existing genus; *Affinialbidovulum*: A genus related to but distinct from the existing genus Albidovulum of neighbouring.

Affinialbimonas

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Albimonas*, An existing genus; *Affinialbimonas*: A genus related to but distinct from the existing genus Albimonas of neighbouring.

Affinialbirhodobacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Albirhodobacter*, An existing genus; *Affinialbirhodobacter*: A genus related to but distinct from the existing genus Albirhodobacter of neighbouring.

Affinialbrightia

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Albrightia*, An existing genus; *Affinialbrightia*: A genus related to but distinct from the existing genus Albrightia of neighbouring.

Affinialcaligenes

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Alcaligenes*, An existing genus; *Affinialcaligenes*: A genus related to but distinct from the existing genus Alcaligenes of neighbouring.

Affinialcanivorax

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Alcanivorax*, An existing genus; *Affinialcanivorax*: A genus related to but distinct from the existing genus Alcanivorax of neighbouring.

Affinialdersonia

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Aldersonia*, An existing genus; *Affinialdersonia*: A genus related to but distinct from the existing genus Aldersonia of neighbouring.

Affinialgibacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Algibacter*, An existing genus; *Affinialgibacter*: A genus related to but distinct from the existing genus Algibacter of neighbouring.

Affinialgicoccus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Algicoccus*, An existing genus; *Affinialgicoccus*: A genus related to but distinct from the existing genus Algicoccus of neighbouring.

Affinialgicola

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Algicola*, An existing genus; *Affinialgicola*: A genus related to but distinct from the existing genus Algicola of neighbouring.

Affinialgihabitans

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Algihabitans*, An existing genus; *Affinialgihabitans*: A genus related to but distinct from the existing genus Algihabitans of neighbouring.

Affinialgimonas

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Algimonas*, An existing genus; *Affinialgimonas*: A genus related to but distinct from the existing genus Algimonas of neighbouring.

Affinialginatibacterium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Alginatibacterium*, An existing genus; *Affinialginatibacterium*: A genus related to but distinct from the existing genus Alginatibacterium of neighbouring.

Affinialgiphilus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Algiphilus*, An existing genus; *Affinialgiphilus*: A genus related to but distinct from the existing genus Algiphilus of neighbouring.

Affinialgisphaera

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Algisphaera*, An existing genus; *Affinialgisphaera*: A genus related to but distinct from the existing genus Algisphaera of neighbouring.

Affinialgitalea

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Algitalea*, An existing genus; *Affinialgitalea*: A genus related to but distinct from the existing genus Algitalea of neighbouring.

Affinialgivirga

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Algivirga*, An existing genus; *Affinialgivirga*: A genus related to but distinct from the existing genus Algivirga of neighbouring.

Affinialgoriella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Algoriella*, An existing genus; *Affinialgoriella*: A genus related to but distinct from the existing genus Algoriella of neighbouring.

Affinialgorimarina

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Algorimarina*, An existing genus; *Affinialgorimarina*: A genus related to but distinct from the existing genus Algorimarina of neighbouring.

Affinialgoriphagus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Algoriphagus*, An existing genus; *Affinialgoriphagus*: A genus related to but distinct from the existing genus Algoriphagus of neighbouring.

Affinialiagarivorans

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Aliagarivorans*, An existing genus; *Affinialiagarivorans*: A genus related to but distinct from the existing genus Aliagarivorans of neighbouring.

Affinialiarcobacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Aliarcobacter*, An existing genus; *Affinialiarcobacter*: A genus related to but distinct from the existing genus Aliarcobacter of neighbouring.

Affinialicycliphilus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Alicycliphilus*, An existing genus; *Affinialicycliphilus*: A genus related to but distinct from the existing genus Alicycliphilus of neighbouring.

Affinialicyclobacillus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Alicyclobacillus*, An existing genus; *Affinialicyclobacillus*: A genus related to but distinct from the existing genus Alicyclobacillus of neighbouring.

Affinialienimonas

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Alienimonas*, An existing genus; *Affinialienimonas*: A genus related to but distinct from the existing genus Alienimonas of neighbouring.

Affinialiibacillus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Aliibacillus*, An existing genus; *Affinialiibacillus*: A genus related to but distinct from the existing genus Aliibacillus of neighbouring.

Affinialiicoccus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Aliicoccus*, An existing genus; *Affinialiicoccus*: A genus related to but distinct from the existing genus Aliicoccus of neighbouring.

Affinialiidiomarina

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Aliidiomarina*, An existing genus; *Affinialiidiomarina*: A genus related to but distinct from the existing genus Aliidiomarina of neighbouring.

Affinialiidongia

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Aliidongia*, An existing genus; *Affinialiidongia*: A genus related to but distinct from the existing genus Aliidongia of neighbouring.

Affinialiifodinibius

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Aliifodinibius*, An existing genus; *Affinialiifodinibius*: A genus related to but distinct from the existing genus Aliifodinibius of neighbouring.

Affinialiiglaciecola

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Aliiglaciecola*, An existing genus; *Affinialiiglaciecola*: A genus related to but distinct from the existing genus Aliiglaciecola of neighbouring.

Affinialiihoeflea

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Aliihoeflea*, An existing genus; *Affinialiihoeflea*: A genus related to but distinct from the existing genus Aliihoeflea of neighbouring.

Affinialiikangiella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Aliikangiella*, An existing genus; *Affinialiikangiella*: A genus related to but distinct from the existing genus Aliikangiella of neighbouring.

Affinialiinostoc

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Aliinostoc*, An existing genus; *Affinialiinostoc*: A genus related to but distinct from the existing genus Aliinostoc of neighbouring.

Affinialiiroseovarius

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Aliiroseovarius*, An existing genus; *Affinialiiroseovarius*: A genus related to but distinct from the existing genus Aliiroseovarius of neighbouring.

Affinialiisedimentitalea

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Aliisedimentitalea*, An existing genus; *Affinialiisedimentitalea*: A genus related to but distinct from the existing genus Aliisedimentitalea of neighbouring.

Affinialiishimia

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Aliishimia*, An existing genus; *Affinialiishimia*: A genus related to but distinct from the existing genus Aliishimia of neighbouring.

Affinialiivibrio

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Aliivibrio*, An existing genus; *Affinialiivibrio*: A genus related to but distinct from the existing genus Aliivibrio of neighbouring.

Affinialishewanella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Alishewanella*, An existing genus; *Affinialishewanella*: A genus related to but distinct from the existing genus Alishewanella of neighbouring.

Affinialistipes

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Alistipes*, An existing genus; *Affinialistipes*: A genus related to but distinct from the existing genus Alistipes of neighbouring.

Affinialiterella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Aliterella*, An existing genus; *Affinialiterella*: A genus related to but distinct from the existing genus Aliterella of neighbouring.

Affinialkalibacillus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Alkalibacillus*, An existing genus; *Affinialkalibacillus*: A genus related to but distinct from the existing genus Alkalibacillus of neighbouring.

Affinialkalibacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Alkalibacter*, An existing genus; *Affinialkalibacter*: A genus related to but distinct from the existing genus Alkalibacter of neighbouring.

Affinialkalibacterium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Alkalibacterium*, An existing genus; *Affinialkalibacterium*: A genus related to but distinct from the existing genus Alkalibacterium of neighbouring.

Affinialkalibaculum

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Alkalibaculum*, An existing genus; *Affinialkalibaculum*: A genus related to but distinct from the existing genus Alkalibaculum of neighbouring.

Affinialkalicoccus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Alkalicoccus*, An existing genus; *Affinialkalicoccus*: A genus related to but distinct from the existing genus Alkalicoccus of neighbouring.

Affinialkaliflexus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Alkaliflexus*, An existing genus; *Affinialkaliflexus*: A genus related to but distinct from the existing genus Alkaliflexus of neighbouring.

Affinialkalihalobacillus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Alkalihalobacillus*, An existing genus; *Affinialkalihalobacillus*: A genus related to but distinct from the existing genus Alkalihalobacillus of neighbouring.

Affinialkalilactibacillus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Alkalilactibacillus*, An existing genus; *Affinialkalilactibacillus*: A genus related to but distinct from the existing genus Alkalilactibacillus of neighbouring.

Affinialkalilacustris

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Alkalilacustris*, An existing genus; *Affinialkalilacustris*: A genus related to but distinct from the existing genus Alkalilacustris of neighbouring.

Affinialkalimarinus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Alkalimarinus*, An existing genus; *Affinialkalimarinus*: A genus related to but distinct from the existing genus Alkalimarinus of neighbouring.

Affinialkalimicrobium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Alkalimicrobium*, An existing genus; *Affinialkalimicrobium*: A genus related to but distinct from the existing genus Alkalimicrobium of neighbouring.

Affinialkalimonas

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Alkalimonas*, An existing genus; *Affinialkalimonas*: A genus related to but distinct from the existing genus Alkalimonas of neighbouring.

Affinialkalinema

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Alkalinema*, An existing genus; *Affinialkalinema*: A genus related to but distinct from the existing genus Alkalinema of neighbouring.

Affinialkaliphilus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Alkaliphilus*, An existing genus; *Affinialkaliphilus*: A genus related to but distinct from the existing genus Alkaliphilus of neighbouring.

Affinialkalispirillum

L. masc. adjective *affinis*, neighbouring; L. neut. dim. n. *Alkalispirillum*, An existing genus; *Affinialkalispirillum*: A genus related to but distinct from the existing genus Alkalispirillum of neighbouring.

Affinialkalispirochaeta

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Alkalispirochaeta*, An existing genus; *Affinialkalispirochaeta*: A genus related to but distinct from the existing genus Alkalispirochaeta of neighbouring.

Affinialkalitalea

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Alkalitalea*, An existing genus; *Affinialkalitalea*: A genus related to but distinct from the existing genus Alkalitalea of neighbouring.

Affinialkanibacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Alkanibacter*, An existing genus; *Affinialkanibacter*: A genus related to but distinct from the existing genus Alkanibacter of neighbouring.

Affinialkanindiges

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Alkanindiges*, An existing genus; *Affinialkanindiges*: A genus related to but distinct from the existing genus Alkanindiges of neighbouring.

Affiniallisonella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Allisonella*, An existing genus; *Affiniallisonella*: A genus related to but distinct from the existing genus Allisonella of neighbouring.

Affinialloactinosynnema

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Alloactinosynnema*, An existing genus; *Affinialloactinosynnema*: A genus related to but distinct from the existing genus Alloactinosynnema of neighbouring.

Affiniallobacillus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Allobacillus*, An existing genus; *Affiniallobacillus*: A genus related to but distinct from the existing genus Allobacillus of neighbouring.

Affiniallobaculum

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Allobaculum*, An existing genus; *Affiniallobaculum*: A genus related to but distinct from the existing genus Allobaculum of neighbouring.

Affiniallobranchiibius

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Allobranchiibius*, An existing genus; *Affiniallobranchiibius*: A genus related to but distinct from the existing genus Allobranchiibius of neighbouring.

Affiniallocatelliglobosispora

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Allocatelliglobosispora*, An existing genus; *Affiniallocatelliglobosispora*: A genus related to but distinct from the existing genus Allocatelliglobosispora of neighbouring.

Affiniallochromatium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Allochromatium*, An existing genus; *Affiniallochromatium*: A genus related to but distinct from the existing genus Allochromatium of neighbouring.

Affiniallofrancisella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Allofrancisella*, An existing genus; *Affiniallofrancisella*: A genus related to but distinct from the existing genus Allofrancisella of neighbouring.

Affiniallofustis

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Allofustis*, An existing genus; *Affiniallofustis*: A genus related to but distinct from the existing genus Allofustis of neighbouring.

Affiniallohahella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Allohahella*, An existing genus; *Affiniallohahella*: A genus related to but distinct from the existing genus Allohahella of neighbouring.

Affiniallohumibacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Allohumibacter*, An existing genus; *Affiniallohumibacter*: A genus related to but distinct from the existing genus Allohumibacter of neighbouring.

Affinialloiococcus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Alloiococcus*, An existing genus; *Affinialloiococcus*: A genus related to but distinct from the existing genus Alloiococcus of neighbouring.

Affiniallokutzneria

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Allokutzneria*, An existing genus; *Affiniallokutzneria*: A genus related to but distinct from the existing genus Allokutzneria of neighbouring.

Affiniallomonas

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Allomonas*, An existing genus; *Affiniallomonas*: A genus related to but distinct from the existing genus Allomonas of neighbouring.

Affiniallonocardiopsis

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Allonocardiopsis*, An existing genus; *Affiniallonocardiopsis*: A genus related to but distinct from the existing genus Allonocardiopsis of neighbouring.

Affinialloprevotella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Alloprevotella*, An existing genus; *Affinialloprevotella*: A genus related to but distinct from the existing genus Alloprevotella of neighbouring.

Affiniallopseudarcicella

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Allopseudarcicella*, An existing genus; *Affiniallopseudarcicella*: A genus related to but distinct from the existing genus Allopseudarcicella of neighbouring.

Affiniallorhizobium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Allorhizobium*, An existing genus; *Affiniallorhizobium*: A genus related to but distinct from the existing genus Allorhizobium of neighbouring.

Affiniallorhizocola

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Allorhizocola*, An existing genus; *Affiniallorhizocola*: A genus related to but distinct from the existing genus Allorhizocola of neighbouring.

Affiniallosalinactinospora

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Allosalinactinospora*, An existing genus; *Affiniallosalinactinospora*: A genus related to but distinct from the existing genus Allosalinactinospora of neighbouring.

Affinialloscardovia

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Alloscardovia*, An existing genus; *Affinialloscardovia*: A genus related to but distinct from the existing genus Alloscardovia of neighbouring.

Affiniallostreptomyces

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Allostreptomyces*, An existing genus; *Affiniallostreptomyces*: A genus related to but distinct from the existing genus Allostreptomyces of neighbouring.

Affinialpinimonas

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Alpinimonas*, An existing genus; *Affinialpinimonas*: A genus related to but distinct from the existing genus Alpinimonas of neighbouring.

Affinialsobacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Alsobacter*, An existing genus; *Affinialsobacter*: A genus related to but distinct from the existing genus Alsobacter of neighbouring.

Affinialtererythrobacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Altererythrobacter*, An existing genus; *Affinialtererythrobacter*: A genus related to but distinct from the existing genus Altererythrobacter of neighbouring.

Affinialteribacillus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Alteribacillus*, An existing genus; *Affinialteribacillus*: A genus related to but distinct from the existing genus Alteribacillus of neighbouring.

Affinialterileibacterium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Alterileibacterium*, An existing genus; *Affinialterileibacterium*: A genus related to but distinct from the existing genus Alterileibacterium of neighbouring.

Affinialterococcus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Alterococcus*, An existing genus; *Affinialterococcus*: A genus related to but distinct from the existing genus Alterococcus of neighbouring.

Affinialteromonas

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Alteromonas*, An existing genus; *Affinialteromonas*: A genus related to but distinct from the existing genus Alteromonas of neighbouring.

Affinialtuibacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Altuibacter*, An existing genus; *Affinialtuibacter*: A genus related to but distinct from the existing genus Altuibacter of neighbouring.

Affinialysiella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Alysiella*, An existing genus; *Affinialysiella*: A genus related to but distinct from the existing genus Alysiella of neighbouring.

Affiniamantichitinum

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Amantichitinum*, An existing genus; *Affiniamantichitinum*: A genus related to but distinct from the existing genus Amantichitinum of neighbouring.

Affiniamaricoccus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Amaricoccus*, An existing genus; *Affiniamaricoccus*: A genus related to but distinct from the existing genus Amaricoccus of neighbouring.

Affiniamazoninema

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Amazoninema*, An existing genus; *Affiniamazoninema*: A genus related to but distinct from the existing genus Amazoninema of neighbouring.

Affiniamedibacillus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Amedibacillus*, An existing genus; *Affiniamedibacillus*: A genus related to but distinct from the existing genus Amedibacillus of neighbouring.

Affiniamedibacterium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Amedibacterium*, An existing genus; *Affiniamedibacterium*: A genus related to but distinct from the existing genus Amedibacterium of neighbouring.

Affiniameyamaea

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Ameyamaea*, An existing genus; *Affiniameyamaea*: A genus related to but distinct from the existing genus Ameyamaea of neighbouring.

Affiniaminiphilus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Aminiphilus*, An existing genus; *Affiniaminiphilus*: A genus related to but distinct from the existing genus Aminiphilus of neighbouring.

Affiniaminipila

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Aminipila*, An existing genus; *Affiniaminipila*: A genus related to but distinct from the existing genus Aminipila of neighbouring.

Affiniaminivibrio

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Aminivibrio*, An existing genus; *Affiniaminivibrio*: A genus related to but distinct from the existing genus Aminivibrio of neighbouring.

Affiniaminobacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Aminobacter*, An existing genus; *Affiniaminobacter*: A genus related to but distinct from the existing genus Aminobacter of neighbouring.

Affiniaminobacterium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Aminobacterium*, An existing genus; *Affiniaminobacterium*: A genus related to but distinct from the existing genus Aminobacterium of neighbouring.

Affiniaminomonas

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Aminomonas*, An existing genus; *Affiniaminomonas*: A genus related to but distinct from the existing genus Aminomonas of neighbouring.

Affiniammassolinea

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Ammassolinea*, An existing genus; *Affiniammassolinea*: A genus related to but distinct from the existing genus Ammassolinea of neighbouring.

Affiniammonifex

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Ammonifex*, An existing genus; *Affiniammonifex*: A genus related to but distinct from the existing genus Ammonifex of neighbouring.

Affiniammoniibacillus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Ammoniibacillus*, An existing genus; *Affiniammoniibacillus*: A genus related to but distinct from the existing genus Ammoniibacillus of neighbouring.

Affiniammoniphilus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Ammoniphilus*, An existing genus; *Affiniammoniphilus*: A genus related to but distinct from the existing genus Ammoniphilus of neighbouring.

Affiniamnibacterium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Amnibacterium*, An existing genus; *Affiniamnibacterium*: A genus related to but distinct from the existing genus Amnibacterium of neighbouring.

Affiniamniculibacterium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Amniculibacterium*, An existing genus; *Affiniamniculibacterium*: A genus related to but distinct from the existing genus Amniculibacterium of neighbouring.

Affiniamnimonas

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Amnimonas*, An existing genus; *Affiniamnimonas*: A genus related to but distinct from the existing genus Amnimonas of neighbouring.

Affiniamoebobacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Amoebobacter*, An existing genus; *Affiniamoebobacter*: A genus related to but distinct from the existing genus Amoebobacter of neighbouring.

Affiniamorphosporangium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Amorphosporangium*, An existing genus; *Affiniamorphosporangium*: A genus related to but distinct from the existing genus Amorphosporangium of neighbouring.

Affiniamorphus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Amorphus*, An existing genus; *Affiniamorphus*: A genus related to but distinct from the existing genus Amorphus of neighbouring.

Affiniamphibacillus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Amphibacillus*, An existing genus; *Affiniamphibacillus*: A genus related to but distinct from the existing genus Amphibacillus of neighbouring.

Affiniamphiheterocytum

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Amphiheterocytum*, An existing genus; *Affiniamphiheterocytum*: A genus related to but distinct from the existing genus Amphiheterocytum of neighbouring.

Affiniamphiplicatus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Amphiplicatus*, An existing genus; *Affiniamphiplicatus*: A genus related to but distinct from the existing genus Amphiplicatus of neighbouring.

Affiniampullariella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Ampullariella*, An existing genus; *Affiniampullariella*: A genus related to but distinct from the existing genus Ampullariella of neighbouring.

Affiniampullimonas

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Ampullimonas*, An existing genus; *Affiniampullimonas*: A genus related to but distinct from the existing genus Ampullimonas of neighbouring.

Affiniamycolata

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Amycolata*, An existing genus; *Affiniamycolata*: A genus related to but distinct from the existing genus Amycolata of neighbouring.

Affiniamycolatopsis

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Amycolatopsis*, An existing genus; *Affiniamycolatopsis*: A genus related to but distinct from the existing genus Amycolatopsis of neighbouring.

Affiniamycolicicoccus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Amycolicicoccus*, An existing genus; *Affiniamycolicicoccus*: A genus related to but distinct from the existing genus Amycolicicoccus of neighbouring.

Affiniamylibacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Amylibacter*, An existing genus; *Affiniamylibacter*: A genus related to but distinct from the existing genus Amylibacter of neighbouring.

Affiniamylolactobacillus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Amylolactobacillus*, An existing genus; *Affiniamylolactobacillus*: A genus related to but distinct from the existing genus Amylolactobacillus of neighbouring.

Affinianaerobacillus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Anaerobacillus*, An existing genus; *Affinianaerobacillus*: A genus related to but distinct from the existing genus Anaerobacillus of neighbouring.

Affinianaerobacterium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Anaerobacterium*, An existing genus; *Affinianaerobacterium*: A genus related to but distinct from the existing genus Anaerobacterium of neighbouring.

Affinianaerobaculum

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Anaerobaculum*, An existing genus; *Affinianaerobaculum*: A genus related to but distinct from the existing genus Anaerobaculum of neighbouring.

Affinianaerobiospirillum

L. masc. adjective *affinis*, neighbouring; L. neut. dim. n. *Anaerobiospirillum*, An existing genus; *Affinianaerobiospirillum*: A genus related to but distinct from the existing genus Anaerobiospirillum of neighbouring.

Affinianaerobium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Anaerobium*, An existing genus; *Affinianaerobium*: A genus related to but distinct from the existing genus Anaerobium of neighbouring.

Affinianaerobranca

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Anaerobranca*, An existing genus; *Affinianaerobranca*: A genus related to but distinct from the existing genus Anaerobranca of neighbouring.

Affinianaerobutyricum

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Anaerobutyricum*, An existing genus; *Affinianaerobutyricum*: A genus related to but distinct from the existing genus Anaerobutyricum of neighbouring.

Affinianaerocella

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Anaerocella*, An existing genus; *Affinianaerocella*: A genus related to but distinct from the existing genus Anaerocella of neighbouring.

Affinianaerococcus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Anaerococcus*, An existing genus; *Affinianaerococcus*: A genus related to but distinct from the existing genus Anaerococcus of neighbouring.

Affinianaerofilum

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Anaerofilum*, An existing genus; *Affinianaerofilum*: A genus related to but distinct from the existing genus Anaerofilum of neighbouring.

Affinianaeroglobus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Anaeroglobus*, An existing genus; *Affinianaeroglobus*: A genus related to but distinct from the existing genus Anaeroglobus of neighbouring.

Affinianaerohalosphaera

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Anaerohalosphaera*, An existing genus; *Affinianaerohalosphaera*: A genus related to but distinct from the existing genus Anaerohalosphaera of neighbouring.

Affinianaerolactibacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Anaerolactibacter*, An existing genus; *Affinianaerolactibacter*: A genus related to but distinct from the existing genus Anaerolactibacter of neighbouring.

Affinianaerolinea

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Anaerolinea*, An existing genus; *Affinianaerolinea*: A genus related to but distinct from the existing genus Anaerolinea of neighbouring.

Affinianaeromicrobium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Anaeromicrobium*, An existing genus; *Affinianaeromicrobium*: A genus related to but distinct from the existing genus Anaeromicrobium of neighbouring.

Affinianaeromusa

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Anaeromusa*, An existing genus; *Affinianaeromusa*: A genus related to but distinct from the existing genus Anaeromusa of neighbouring.

Affinianaeromyxobacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Anaeromyxobacter*, An existing genus; *Affinianaeromyxobacter*: A genus related to but distinct from the existing genus Anaeromyxobacter of neighbouring.

Affinianaerophaga

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Anaerophaga*, An existing genus; *Affinianaerophaga*: A genus related to but distinct from the existing genus Anaerophaga of neighbouring.

Affinianaerophilus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Anaerophilus*, An existing genus; *Affinianaerophilus*: A genus related to but distinct from the existing genus Anaerophilus of neighbouring.

Affinianaeroplasma

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Anaeroplasma*, An existing genus; *Affinianaeroplasma*: A genus related to but distinct from the existing genus Anaeroplasma of neighbouring.

Affinianaerorhabdus

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Anaerorhabdus*, An existing genus; *Affinianaerorhabdus*: A genus related to but distinct from the existing genus Anaerorhabdus of neighbouring.

Affinianaerosalibacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Anaerosalibacter*, An existing genus; *Affinianaerosalibacter*: A genus related to but distinct from the existing genus Anaerosalibacter of neighbouring.

Affinianaerosolibacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Anaerosolibacter*, An existing genus; *Affinianaerosolibacter*: A genus related to but distinct from the existing genus Anaerosolibacter of neighbouring.

Affinianaerosphaera

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Anaerosphaera*, An existing genus; *Affinianaerosphaera*: A genus related to but distinct from the existing genus Anaerosphaera of neighbouring.

Affinianaerospora

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Anaerospora*, An existing genus; *Affinianaerospora*: A genus related to but distinct from the existing genus Anaerospora of neighbouring.

Affinianaerosporobacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Anaerosporobacter*, An existing genus; *Affinianaerosporobacter*: A genus related to but distinct from the existing genus Anaerosporobacter of neighbouring.

Affinianaerosporomusa

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Anaerosporomusa*, An existing genus; *Affinianaerosporomusa*: A genus related to but distinct from the existing genus Anaerosporomusa of neighbouring.

Affinianaerotignum

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Anaerotignum*, An existing genus; *Affinianaerotignum*: A genus related to but distinct from the existing genus Anaerotignum of neighbouring.

Affinianaerotruncus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Anaerotruncus*, An existing genus; *Affinianaerotruncus*: A genus related to but distinct from the existing genus Anaerotruncus of neighbouring.

Affinianaerovibrio

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Anaerovibrio*, An existing genus; *Affinianaerovibrio*: A genus related to but distinct from the existing genus Anaerovibrio of neighbouring.

Affinianaerovirgula

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Anaerovirgula*, An existing genus; *Affinianaerovirgula*: A genus related to but distinct from the existing genus Anaerovirgula of neighbouring.

Affinianaerovorax

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Anaerovorax*, An existing genus; *Affinianaerovorax*: A genus related to but distinct from the existing genus Anaerovorax of neighbouring.

Affinianaplasma

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Anaplasma*, An existing genus; *Affinianaplasma*: A genus related to but distinct from the existing genus Anaplasma of neighbouring.

Affiniancalochloris

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Ancalochloris*, An existing genus; *Affiniancalochloris*: A genus related to but distinct from the existing genus Ancalochloris of neighbouring.

Affiniancalomicrobium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Ancalomicrobium*, An existing genus; *Affiniancalomicrobium*: A genus related to but distinct from the existing genus Ancalomicrobium of neighbouring.

Affiniancylobacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Ancylobacter*, An existing genus; *Affiniancylobacter*: A genus related to but distinct from the existing genus Ancylobacter of neighbouring.

Affiniancylomarina

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Ancylomarina*, An existing genus; *Affiniancylomarina*: A genus related to but distinct from the existing genus Ancylomarina of neighbouring.

Affiniancylothrix

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Ancylothrix*, An existing genus; *Affiniancylothrix*: A genus related to but distinct from the existing genus Ancylothrix of neighbouring.

Affiniandersenielle

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Andersenielle*, An existing genus; *Affiniandersenielle*: A genus related to but distinct from the existing genus Andersenielle of neighbouring.

Affiniandreesenia

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Andreesenia*, An existing genus; *Affiniandreesenia*: A genus related to but distinct from the existing genus Andreesenia of neighbouring.

Affiniandreprevotia

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Andreprevotia*, An existing genus; *Affiniandreprevotia*: A genus related to but distinct from the existing genus Andreprevotia of neighbouring.

Affinianeurinibacillus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Aneurinibacillus*, An existing genus; *Affinianeurinibacillus*: A genus related to but distinct from the existing genus Aneurinibacillus of neighbouring.

Affiniangelakisella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Angelakisella*, An existing genus; *Affiniangelakisella*: A genus related to but distinct from the existing genus Angelakisella of neighbouring.

Affiniangiococcus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Angiococcus*, An existing genus; *Affiniangiococcus*: A genus related to but distinct from the existing genus Angiococcus of neighbouring.

Affiniangulomicrobium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Angulomicrobium*, An existing genus; *Affiniangulomicrobium*: A genus related to but distinct from the existing genus Angulomicrobium of neighbouring.

Affiniangustibacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Angustibacter*, An existing genus; *Affiniangustibacter*: A genus related to but distinct from the existing genus Angustibacter of neighbouring.

Affiniannwoodia

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Annwoodia*, An existing genus; *Affiniannwoodia*: A genus related to but distinct from the existing genus Annwoodia of neighbouring.

Affinianoxybacillus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Anoxybacillus*, An existing genus; *Affinianoxybacillus*: A genus related to but distinct from the existing genus Anoxybacillus of neighbouring.

Affinianoxybacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Anoxybacter*, An existing genus; *Affinianoxybacter*: A genus related to but distinct from the existing genus Anoxybacter of neighbouring.

Affinianoxynatronum

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Anoxynatronum*, An existing genus; *Affinianoxynatronum*: A genus related to but distinct from the existing genus Anoxynatronum of neighbouring.

Affinianseongella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Anseongella*, An existing genus; *Affinianseongella*: A genus related to but distinct from the existing genus Anseongella of neighbouring.

Affiniantarcticibacterium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Antarcticibacterium*, An existing genus; *Affiniantarcticibacterium*: A genus related to but distinct from the existing genus Antarcticibacterium of neighbouring.

Affiniantarcticimicrobium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Antarcticimicrobium*, An existing genus; *Affiniantarcticimicrobium*: A genus related to but distinct from the existing genus Antarcticimicrobium of neighbouring.

Affiniantarcticimonas

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Antarcticimonas*, An existing genus; *Affiniantarcticimonas*: A genus related to but distinct from the existing genus Antarcticimonas of neighbouring.

Affiniantarctobacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Antarctobacter*, An existing genus; *Affiniantarctobacter*: A genus related to but distinct from the existing genus Antarctobacter of neighbouring.

Affiniantribacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Antribacter*, An existing genus; *Affiniantribacter*: A genus related to but distinct from the existing genus Antribacter of neighbouring.

Affiniantricoccus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Antricoccus*, An existing genus; *Affiniantricoccus*: A genus related to but distinct from the existing genus Antricoccus of neighbouring.

Affiniaphanizomenon

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Aphanizomenon*, An existing genus; *Affiniaphanizomenon*: A genus related to but distinct from the existing genus Aphanizomenon of neighbouring.

Affiniapibacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Apibacter*, An existing genus; *Affiniapibacter*: A genus related to but distinct from the existing genus Apibacter of neighbouring.

Affiniapilactobacillus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Apilactobacillus*, An existing genus; *Affiniapilactobacillus*: A genus related to but distinct from the existing genus Apilactobacillus of neighbouring.

Affiniaplanobacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Aplanobacter*, An existing genus; *Affiniaplanobacter*: A genus related to but distinct from the existing genus Aplanobacter of neighbouring.

Affiniaquabacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Aquabacter*, An existing genus; *Affiniaquabacter*: A genus related to but distinct from the existing genus Aquabacter of neighbouring.

Affiniaquabacterium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Aquabacterium*, An existing genus; *Affiniaquabacterium*: A genus related to but distinct from the existing genus Aquabacterium of neighbouring.

Affiniaquamicrobium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Aquamicrobium*, An existing genus; *Affiniaquamicrobium*: A genus related to but distinct from the existing genus Aquamicrobium of neighbouring.

Affiniaquaspirillum

L. masc. adjective *affinis*, neighbouring; L. neut. dim. n. *Aquaspirillum*, An existing genus; *Affiniaquaspirillum*: A genus related to but distinct from the existing genus Aquaspirillum of neighbouring.

Affiniaquaticitalea

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Aquaticitalea*, An existing genus; *Affiniaquaticitalea*: A genus related to but distinct from the existing genus Aquaticitalea of neighbouring.

Affiniaquella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Aquella*, An existing genus; *Affiniaquella*: A genus related to but distinct from the existing genus Aquella of neighbouring.

Affiniaquibacillus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Aquibacillus*, An existing genus; *Affiniaquibacillus*: A genus related to but distinct from the existing genus Aquibacillus of neighbouring.

Affiniaquibacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Aquibacter*, An existing genus; *Affiniaquibacter*: A genus related to but distinct from the existing genus Aquibacter of neighbouring.

Affiniaquicella

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Aquicella*, An existing genus; *Affiniaquicella*: A genus related to but distinct from the existing genus Aquicella of neighbouring.

Affiniaquichromatium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Aquichromatium*, An existing genus; *Affiniaquichromatium*: A genus related to but distinct from the existing genus Aquichromatium of neighbouring.

Affiniaquicoccus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Aquicoccus*, An existing genus; *Affiniaquicoccus*: A genus related to but distinct from the existing genus Aquicoccus of neighbouring.

Affiniaquidulcibacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Aquidulcibacter*, An existing genus; *Affiniaquidulcibacter*: A genus related to but distinct from the existing genus Aquidulcibacter of neighbouring.

Affiniaquifex

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Aquifex*, An existing genus; *Affiniaquifex*: A genus related to but distinct from the existing genus Aquifex of neighbouring.

Affiniaquiflexum

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Aquiflexum*, An existing genus; *Affiniaquiflexum*: A genus related to but distinct from the existing genus Aquiflexum of neighbouring.

Affiniaquihabitans

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Aquihabitans*, An existing genus; *Affiniaquihabitans*: A genus related to but distinct from the existing genus Aquihabitans of neighbouring.

Affiniaquimarina

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Aquimarina*, An existing genus; *Affiniaquimarina*: A genus related to but distinct from the existing genus Aquimarina of neighbouring.

Affiniaquimixticola

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Aquimixticola*, An existing genus; *Affiniaquimixticola*: A genus related to but distinct from the existing genus Aquimixticola of neighbouring.

Affiniaquimonas

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Aquimonas*, An existing genus; *Affiniaquimonas*: A genus related to but distinct from the existing genus Aquimonas of neighbouring.

Affiniaquincola

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Aquincola*, An existing genus; *Affiniaquincola*: A genus related to but distinct from the existing genus Aquincola of neighbouring.

Affiniaquipuribacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Aquipuribacter*, An existing genus; *Affiniaquipuribacter*: A genus related to but distinct from the existing genus Aquipuribacter of neighbouring.

Affiniaquirufa

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Aquirufa*, An existing genus; *Affiniaquirufa*: A genus related to but distinct from the existing genus Aquirufa of neighbouring.

Affiniaquisalibacillus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Aquisalibacillus*, An existing genus; *Affiniaquisalibacillus*: A genus related to but distinct from the existing genus Aquisalibacillus of neighbouring.

Affiniaquisalimonas

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Aquisalimonas*, An existing genus; *Affiniaquisalimonas*: A genus related to but distinct from the existing genus Aquisalimonas of neighbouring.

Affiniaquisalinus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Aquisalinus*, An existing genus; *Affiniaquisalinus*: A genus related to but distinct from the existing genus Aquisalinus of neighbouring.

Affiniaquisediminimonas

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Aquisediminimonas*, An existing genus; *Affiniaquisediminimonas*: A genus related to but distinct from the existing genus Aquisediminimonas of neighbouring.

Affiniaquisphaera

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Aquisphaera*, An existing genus; *Affiniaquisphaera*: A genus related to but distinct from the existing genus Aquisphaera of neighbouring.

Affiniaquitalea

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Aquitalea*, An existing genus; *Affiniaquitalea*: A genus related to but distinct from the existing genus Aquitalea of neighbouring.

Affiniarachidicoccus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Arachidicoccus*, An existing genus; *Affiniarachidicoccus*: A genus related to but distinct from the existing genus Arachidicoccus of neighbouring.

Affiniarachnia

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Arachnia*, An existing genus; *Affiniarachnia*: A genus related to but distinct from the existing genus Arachnia of neighbouring.

Affiniarcanobacterium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Arcanobacterium*, An existing genus; *Affiniarcanobacterium*: A genus related to but distinct from the existing genus Arcanobacterium of neighbouring.

Affiniarchaeoglobus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Archaeoglobus*, An existing genus; *Affiniarchaeoglobus*: A genus related to but distinct from the existing genus Archaeoglobus of neighbouring.

Affiniarchangium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Archangium*, An existing genus; *Affiniarchangium*: A genus related to but distinct from the existing genus Archangium of neighbouring.

Affiniarcicella

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Arcicella*, An existing genus; *Affiniarcicella*: A genus related to but distinct from the existing genus Arcicella of neighbouring.

Affiniarcobacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Arcobacter*, An existing genus; *Affiniarcobacter*: A genus related to but distinct from the existing genus Arcobacter of neighbouring.

Affiniarcticibacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Arcticibacter*, An existing genus; *Affiniarcticibacter*: A genus related to but distinct from the existing genus Arcticibacter of neighbouring.

Affiniarcticibacterium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Arcticibacterium*, An existing genus; *Affiniarcticibacterium*: A genus related to but distinct from the existing genus Arcticibacterium of neighbouring.

Affiniarcticiflavibacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Arcticiflavibacter*, An existing genus; *Affiniarcticiflavibacter*: A genus related to but distinct from the existing genus Arcticiflavibacter of neighbouring.

Affiniardenticatena

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Ardenticatena*, An existing genus; *Affiniardenticatena*: A genus related to but distinct from the existing genus Ardenticatena of neighbouring.

Affiniarenibacillus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Arenibacillus*, An existing genus; *Affiniarenibacillus*: A genus related to but distinct from the existing genus Arenibacillus of neighbouring.

Affiniarenibacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Arenibacter*, An existing genus; *Affiniarenibacter*: A genus related to but distinct from the existing genus Arenibacter of neighbouring.

Affiniarenicella

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Arenicella*, An existing genus; *Affiniarenicella*: A genus related to but distinct from the existing genus Arenicella of neighbouring.

Affiniarenimicrobium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Arenimicrobium*, An existing genus; *Affiniarenimicrobium*: A genus related to but distinct from the existing genus Arenimicrobium of neighbouring.

Affiniarenimonas

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Arenimonas*, An existing genus; *Affiniarenimonas*: A genus related to but distinct from the existing genus Arenimonas of neighbouring.

Affiniarenitalea

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Arenitalea*, An existing genus; *Affiniarenitalea*: A genus related to but distinct from the existing genus Arenitalea of neighbouring.

Affiniarhodomonas

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Arhodomonas*, An existing genus; *Affiniarhodomonas*: A genus related to but distinct from the existing genus Arhodomonas of neighbouring.

Affiniaridibacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Aridibacter*, An existing genus; *Affiniaridibacter*: A genus related to but distinct from the existing genus Aridibacter of neighbouring.

Affiniarmatimonas

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Armatimonas*, An existing genus; *Affiniarmatimonas*: A genus related to but distinct from the existing genus Armatimonas of neighbouring.

Affiniarsenicibacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Arsenicibacter*, An existing genus; *Affiniarsenicibacter*: A genus related to but distinct from the existing genus Arsenicibacter of neighbouring.

Affiniarsenicicoccus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Arsenicicoccus*, An existing genus; *Affiniarsenicicoccus*: A genus related to but distinct from the existing genus Arsenicicoccus of neighbouring.

Affiniarsenicitalea

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Arsenicitalea*, An existing genus; *Affiniarsenicitalea*: A genus related to but distinct from the existing genus Arsenicitalea of neighbouring.

Affiniarsenophonus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Arsenophonus*, An existing genus; *Affiniarsenophonus*: A genus related to but distinct from the existing genus Arsenophonus of neighbouring.

Affiniarsukibacterium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Arsukibacterium*, An existing genus; *Affiniarsukibacterium*: A genus related to but distinct from the existing genus Arsukibacterium of neighbouring.

Affiniarthrobacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Arthrobacter*, An existing genus; *Affiniarthrobacter*: A genus related to but distinct from the existing genus Arthrobacter of neighbouring.

Affiniarthrospira

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Arthrospira*, An existing genus; *Affiniarthrospira*: A genus related to but distinct from the existing genus Arthrospira of neighbouring.

Affiniarthrospiribacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Arthrospiribacter*, An existing genus; *Affiniarthrospiribacter*: A genus related to but distinct from the existing genus Arthrospiribacter of neighbouring.

Affiniarundinibacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Arundinibacter*, An existing genus; *Affiniarundinibacter*: A genus related to but distinct from the existing genus Arundinibacter of neighbouring.

Affiniarvibacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Arvibacter*, An existing genus; *Affiniarvibacter*: A genus related to but distinct from the existing genus Arvibacter of neighbouring.

Affiniasaccharobacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Asaccharobacter*, An existing genus; *Affiniasaccharobacter*: A genus related to but distinct from the existing genus Asaccharobacter of neighbouring.

Affiniasaccharospora

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Asaccharospora*, An existing genus; *Affiniasaccharospora*: A genus related to but distinct from the existing genus Asaccharospora of neighbouring.

Affiniasaia

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Asaia*, An existing genus; *Affiniasaia*: A genus related to but distinct from the existing genus Asaia of neighbouring.

Affiniasanoa

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Asanoa*, An existing genus; *Affiniasanoa*: A genus related to but distinct from the existing genus Asanoa of neighbouring.

Affiniascidiaceibacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Ascidiaceibacter*, An existing genus; *Affiniascidiaceibacter*: A genus related to but distinct from the existing genus Ascidiaceibacter of neighbouring.

Affiniascidiaceihabitans

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Ascidiaceihabitans*, An existing genus; *Affiniascidiaceihabitans*: A genus related to but distinct from the existing genus Ascidiaceihabitans of neighbouring.

Affiniascidiimonas

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Ascidiimonas*, An existing genus; *Affiniascidiimonas*: A genus related to but distinct from the existing genus Ascidiimonas of neighbouring.

Affiniasinibacterium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Asinibacterium*, An existing genus; *Affiniasinibacterium*: A genus related to but distinct from the existing genus Asinibacterium of neighbouring.

Affiniasprobacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Asprobacter*, An existing genus; *Affiniasprobacter*: A genus related to but distinct from the existing genus Asprobacter of neighbouring.

Affiniaspromonas

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Aspromonas*, An existing genus; *Affiniaspromonas*: A genus related to but distinct from the existing genus Aspromonas of neighbouring.

Affiniasteroleplasma

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Asteroleplasma*, An existing genus; *Affiniasteroleplasma*: A genus related to but distinct from the existing genus Asteroleplasma of neighbouring.

Affiniasticcacaulis

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Asticcacaulis*, An existing genus; *Affiniasticcacaulis*: A genus related to but distinct from the existing genus Asticcacaulis of neighbouring.

Affiniathalassotoga

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Athalassotoga*, An existing genus; *Affiniathalassotoga*: A genus related to but distinct from the existing genus Athalassotoga of neighbouring.

Affiniatlantibacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Atlantibacter*, An existing genus; *Affiniatlantibacter*: A genus related to but distinct from the existing genus Atlantibacter of neighbouring.

Affiniatopobacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Atopobacter*, An existing genus; *Affiniatopobacter*: A genus related to but distinct from the existing genus Atopobacter of neighbouring.

Affiniatopobium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Atopobium*, An existing genus; *Affiniatopobium*: A genus related to but distinct from the existing genus Atopobium of neighbouring.

Affiniatopococcus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Atopococcus*, An existing genus; *Affiniatopococcus*: A genus related to but distinct from the existing genus Atopococcus of neighbouring.

Affiniatopostipes

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Atopostipes*, An existing genus; *Affiniatopostipes*: A genus related to but distinct from the existing genus Atopostipes of neighbouring.

Affiniaurantiacicella

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Aurantiacicella*, An existing genus; *Affiniaurantiacicella*: A genus related to but distinct from the existing genus Aurantiacicella of neighbouring.

Affiniaurantibacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Aurantibacter*, An existing genus; *Affiniaurantibacter*: A genus related to but distinct from the existing genus Aurantibacter of neighbouring.

Affiniaurantimicrobium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Aurantimicrobium*, An existing genus; *Affiniaurantimicrobium*: A genus related to but distinct from the existing genus Aurantimicrobium of neighbouring.

Affiniaurantimonas

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Aurantimonas*, An existing genus; *Affiniaurantimonas*: A genus related to but distinct from the existing genus Aurantimonas of neighbouring.

Affiniaurantisolimonas

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Aurantisolimonas*, An existing genus; *Affiniaurantisolimonas*: A genus related to but distinct from the existing genus Aurantisolimonas of neighbouring.

Affiniaurantivirga

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Aurantivirga*, An existing genus; *Affiniaurantivirga*: A genus related to but distinct from the existing genus Aurantivirga of neighbouring.

Affiniauraticoccus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Auraticoccus*, An existing genus; *Affiniauraticoccus*: A genus related to but distinct from the existing genus Auraticoccus of neighbouring.

Affiniaureibacillus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Aureibacillus*, An existing genus; *Affiniaureibacillus*: A genus related to but distinct from the existing genus Aureibacillus of neighbouring.

Affiniaureibacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Aureibacter*, An existing genus; *Affiniaureibacter*: A genus related to but distinct from the existing genus Aureibacter of neighbouring.

Affiniaureibaculum

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Aureibaculum*, An existing genus; *Affiniaureibaculum*: A genus related to but distinct from the existing genus Aureibaculum of neighbouring.

Affiniaureicoccus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Aureicoccus*, An existing genus; *Affiniaureicoccus*: A genus related to but distinct from the existing genus Aureicoccus of neighbouring.

Affiniaureimonas

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Aureimonas*, An existing genus; *Affiniaureimonas*: A genus related to but distinct from the existing genus Aureimonas of neighbouring.

Affiniaureisphaera

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Aureisphaera*, An existing genus; *Affiniaureisphaera*: A genus related to but distinct from the existing genus Aureisphaera of neighbouring.

Affiniaureispira

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Aureispira*, An existing genus; *Affiniaureispira*: A genus related to but distinct from the existing genus Aureispira of neighbouring.

Affiniaureitalea

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Aureitalea*, An existing genus; *Affiniaureitalea*: A genus related to but distinct from the existing genus Aureitalea of neighbouring.

Affiniaureivirga

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Aureivirga*, An existing genus; *Affiniaureivirga*: A genus related to but distinct from the existing genus Aureivirga of neighbouring.

Affiniaureliella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Aureliella*, An existing genus; *Affiniaureliella*: A genus related to but distinct from the existing genus Aureliella of neighbouring.

Affiniaureobacterium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Aureobacterium*, An existing genus; *Affiniaureobacterium*: A genus related to but distinct from the existing genus Aureobacterium of neighbouring.

Affiniauricoccus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Auricoccus*, An existing genus; *Affiniauricoccus*: A genus related to but distinct from the existing genus Auricoccus of neighbouring.

Affiniauritidibacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Auritidibacter*, An existing genus; *Affiniauritidibacter*: A genus related to but distinct from the existing genus Auritidibacter of neighbouring.

Affiniaustwickia

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Austwickia*, An existing genus; *Affiniaustwickia*: A genus related to but distinct from the existing genus Austwickia of neighbouring.

Affiniavibacterium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Avibacterium*, An existing genus; *Affiniavibacterium*: A genus related to but distinct from the existing genus Avibacterium of neighbouring.

Affiniazoarcus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Azoarcus*, An existing genus; *Affiniazoarcus*: A genus related to but distinct from the existing genus Azoarcus of neighbouring.

Affiniazohydromonas

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Azohydromonas*, An existing genus; *Affiniazohydromonas*: A genus related to but distinct from the existing genus Azohydromonas of neighbouring.

Affiniazomonas

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Azomonas*, An existing genus; *Affiniazomonas*: A genus related to but distinct from the existing genus Azomonas of neighbouring.

Affiniazonexus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Azonexus*, An existing genus; *Affiniazonexus*: A genus related to but distinct from the existing genus Azonexus of neighbouring.

Affiniazorhizobium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Azorhizobium*, An existing genus; *Affiniazorhizobium*: A genus related to but distinct from the existing genus Azorhizobium of neighbouring.

Affiniazospira

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Azospira*, An existing genus; *Affiniazospira*: A genus related to but distinct from the existing genus Azospira of neighbouring.

Affiniazospirillum

L. masc. adjective *affinis*, neighbouring; L. neut. dim. n. *Azospirillum*, An existing genus; *Affiniazospirillum*: A genus related to but distinct from the existing genus Azospirillum of neighbouring.

Affiniazotobacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Azotobacter*, An existing genus; *Affiniazotobacter*: A genus related to but distinct from the existing genus Azotobacter of neighbouring.

Affiniazovibrio

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Azovibrio*, An existing genus; *Affiniazovibrio*: A genus related to but distinct from the existing genus Azovibrio of neighbouring.

Affinibacilliculturomica

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Bacilliculturomica*, An existing genus; *Affinibacilliculturomica*: A genus related to but distinct from the existing genus Bacilliculturomica of neighbouring.

Affinibacteriolyticum

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Bacteriolyticum*, An existing genus; *Affinibacteriolyticum*: A genus related to but distinct from the existing genus Bacteriolyticum of neighbouring.

Affinibacterionema

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Bacterionema*, An existing genus; *Affinibacterionema*: A genus related to but distinct from the existing genus Bacterionema of neighbouring.

Affinibacterioplanes

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Bacterioplanes*, An existing genus; *Affinibacterioplanes*: A genus related to but distinct from the existing genus Bacterioplanes of neighbouring.

Affinibacterioplanoides

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Bacterioplanoides*, An existing genus; *Affinibacterioplanoides*: A genus related to but distinct from the existing genus Bacterioplanoides of neighbouring.

Affinibacteriovorax

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Bacteriovorax*, An existing genus; *Affinibacteriovorax*: A genus related to but distinct from the existing genus Bacteriovorax of neighbouring.

Affinibacteroides

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Bacteroides*, An existing genus; *Affinibacteroides*: A genus related to but distinct from the existing genus Bacteroides of neighbouring.

Affinibaekduia

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Baekduia*, An existing genus; *Affinibaekduia*: A genus related to but distinct from the existing genus Baekduia of neighbouring.

Affinibaia

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Baia*, An existing genus; *Affinibaia*: A genus related to but distinct from the existing genus Baia of neighbouring.

Affinibailinhaonella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Bailinhaonella*, An existing genus; *Affinibailinhaonella*: A genus related to but distinct from the existing genus Bailinhaonella of neighbouring.

Affinibalnearium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Balnearium*, An existing genus; *Affinibalnearium*: A genus related to but distinct from the existing genus Balnearium of neighbouring.

Affinibalneicella

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Balneicella*, An existing genus; *Affinibalneicella*: A genus related to but distinct from the existing genus Balneicella of neighbouring.

Affinibalneimonas

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Balneimonas*, An existing genus; *Affinibalneimonas*: A genus related to but distinct from the existing genus Balneimonas of neighbouring.

Affinibarnesiella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Barnesiella*, An existing genus; *Affinibarnesiella*: A genus related to but distinct from the existing genus Barnesiella of neighbouring.

Affinibarrientosiimonas

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Barrientosiimonas*, An existing genus; *Affinibarrientosiimonas*: A genus related to but distinct from the existing genus Barrientosiimonas of neighbouring.

Affinibartonella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Bartonella*, An existing genus; *Affinibartonella*: A genus related to but distinct from the existing genus Bartonella of neighbouring.

Affinibasfia

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Basfia*, An existing genus; *Affinibasfia*: A genus related to but distinct from the existing genus Basfia of neighbouring.

Affinibasilea

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Basilea*, An existing genus; *Affinibasilea*: A genus related to but distinct from the existing genus Basilea of neighbouring.

Affinibauldia

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Bauldia*, An existing genus; *Affinibauldia*: A genus related to but distinct from the existing genus Bauldia of neighbouring.

Affinibavariicoccus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Bavariicoccus*, An existing genus; *Affinibavariicoccus*: A genus related to but distinct from the existing genus Bavariicoccus of neighbouring.

Affinibdellovibrio

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Bdellovibrio*, An existing genus; *Affinibdellovibrio*: A genus related to but distinct from the existing genus Bdellovibrio of neighbouring.

Affinibeduinibacterium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Beduinibacterium*, An existing genus; *Affinibeduinibacterium*: A genus related to but distinct from the existing genus Beduinibacterium of neighbouring.

Affinibeggiatoa

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Beggiatoa*, An existing genus; *Affinibeggiatoa*: A genus related to but distinct from the existing genus Beggiatoa of neighbouring.

Affinibeijerinckia

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Beijerinckia*, An existing genus; *Affinibeijerinckia*: A genus related to but distinct from the existing genus Beijerinckia of neighbouring.

Affinibelliella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Belliella*, An existing genus; *Affinibelliella*: A genus related to but distinct from the existing genus Belliella of neighbouring.

Affinibellilinea

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Bellilinea*, An existing genus; *Affinibellilinea*: A genus related to but distinct from the existing genus Bellilinea of neighbouring.

Affinibelnapia

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Belnapia*, An existing genus; *Affinibelnapia*: A genus related to but distinct from the existing genus Belnapia of neighbouring.

Affinibeneckea

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Beneckea*, An existing genus; *Affinibeneckea*: A genus related to but distinct from the existing genus Beneckea of neighbouring.

Affinibergeriella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Bergeriella*, An existing genus; *Affinibergeriella*: A genus related to but distinct from the existing genus Bergeriella of neighbouring.

Affinibergeyella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Bergeyella*, An existing genus; *Affinibergeyella*: A genus related to but distinct from the existing genus Bergeyella of neighbouring.

Affinibermanella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Bermanella*, An existing genus; *Affinibermanella*: A genus related to but distinct from the existing genus Bermanella of neighbouring.

Affinibernardetia

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Bernardetia*, An existing genus; *Affinibernardetia*: A genus related to but distinct from the existing genus Bernardetia of neighbouring.

Affinibeutenbergia

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Beutenbergia*, An existing genus; *Affinibeutenbergia*: A genus related to but distinct from the existing genus Beutenbergia of neighbouring.

Affinibhargavaea

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Bhargavaea*, An existing genus; *Affinibhargavaea*: A genus related to but distinct from the existing genus Bhargavaea of neighbouring.

Affinibibersteinia

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Bibersteinia*, An existing genus; *Affinibibersteinia*: A genus related to but distinct from the existing genus Bibersteinia of neighbouring.

Affinibifidobacterium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Bifidobacterium*, An existing genus; *Affinibifidobacterium*: A genus related to but distinct from the existing genus Bifidobacterium of neighbouring.

Affinibilophila

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Bilophila*, An existing genus; *Affinibilophila*: A genus related to but distinct from the existing genus Bilophila of neighbouring.

Affinibiomaibacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Biomaibacter*, An existing genus; *Affinibiomaibacter*: A genus related to but distinct from the existing genus Biomaibacter of neighbouring.

Affinibiostraticola

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Biostraticola*, An existing genus; *Affinibiostraticola*: A genus related to but distinct from the existing genus Biostraticola of neighbouring.

Affinibisgaardia

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Bisgaardia*, An existing genus; *Affinibisgaardia*: A genus related to but distinct from the existing genus Bisgaardia of neighbouring.

Affinibizionia

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Bizionia*, An existing genus; *Affinibizionia*: A genus related to but distinct from the existing genus Bizionia of neighbouring.

Affiniblastochloris

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Blastochloris*, An existing genus; *Affiniblastochloris*: A genus related to but distinct from the existing genus Blastochloris of neighbouring.

Affiniblastococcus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Blastococcus*, An existing genus; *Affiniblastococcus*: A genus related to but distinct from the existing genus Blastococcus of neighbouring.

Affiniblastopirellula

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Blastopirellula*, An existing genus; *Affiniblastopirellula*: A genus related to but distinct from the existing genus Blastopirellula of neighbouring.

Affiniblattabacterium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Blattabacterium*, An existing genus; *Affiniblattabacterium*: A genus related to but distinct from the existing genus Blattabacterium of neighbouring.

Affiniblautia

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Blautia*, An existing genus; *Affiniblautia*: A genus related to but distinct from the existing genus Blautia of neighbouring.

Affinibogoriella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Bogoriella*, An existing genus; *Affinibogoriella*: A genus related to but distinct from the existing genus Bogoriella of neighbouring.

Affinibombella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Bombella*, An existing genus; *Affinibombella*: A genus related to but distinct from the existing genus Bombella of neighbouring.

Affinibombilactobacillus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Bombilactobacillus*, An existing genus; *Affinibombilactobacillus*: A genus related to but distinct from the existing genus Bombilactobacillus of neighbouring.

Affinibombiscardovia

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Bombiscardovia*, An existing genus; *Affinibombiscardovia*: A genus related to but distinct from the existing genus Bombiscardovia of neighbouring.

Affinibordetella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Bordetella*, An existing genus; *Affinibordetella*: A genus related to but distinct from the existing genus Bordetella of neighbouring.

Affiniborrelia

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Borrelia*, An existing genus; *Affiniborrelia*: A genus related to but distinct from the existing genus Borrelia of neighbouring.

Affiniborreliella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Borreliella*, An existing genus; *Affiniborreliella*: A genus related to but distinct from the existing genus Borreliella of neighbouring.

Affinibosea

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Bosea*, An existing genus; *Affinibosea*: A genus related to but distinct from the existing genus Bosea of neighbouring.

Affiniboseongicola

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Boseongicola*, An existing genus; *Affiniboseongicola*: A genus related to but distinct from the existing genus Boseongicola of neighbouring.

Affinibotryobacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Botryobacter*, An existing genus; *Affinibotryobacter*: A genus related to but distinct from the existing genus Botryobacter of neighbouring.

Affiniboudabousia

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Boudabousia*, An existing genus; *Affiniboudabousia*: A genus related to but distinct from the existing genus Boudabousia of neighbouring.

Affinibounagaea

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Bounagaea*, An existing genus; *Affinibounagaea*: A genus related to but distinct from the existing genus Bounagaea of neighbouring.

Affinibowmanella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Bowmanella*, An existing genus; *Affinibowmanella*: A genus related to but distinct from the existing genus Bowmanella of neighbouring.

Affinibrachyspira

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Brachyspira*, An existing genus; *Affinibrachyspira*: A genus related to but distinct from the existing genus Brachyspira of neighbouring.

Affinibradyrhizobium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Bradyrhizobium*, An existing genus; *Affinibradyrhizobium*: A genus related to but distinct from the existing genus Bradyrhizobium of neighbouring.

Affinibranchiibius

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Branchiibius*, An existing genus; *Affinibranchiibius*: A genus related to but distinct from the existing genus Branchiibius of neighbouring.

Affinibranhamella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Branhamella*, An existing genus; *Affinibranhamella*: A genus related to but distinct from the existing genus Branhamella of neighbouring.

Affinibrassicibacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Brassicibacter*, An existing genus; *Affinibrassicibacter*: A genus related to but distinct from the existing genus Brassicibacter of neighbouring.

Affinibremerella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Bremerella*, An existing genus; *Affinibremerella*: A genus related to but distinct from the existing genus Bremerella of neighbouring.

Affinibrenneria

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Brenneria*, An existing genus; *Affinibrenneria*: A genus related to but distinct from the existing genus Brenneria of neighbouring.

Affinibreoghania

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Breoghania*, An existing genus; *Affinibreoghania*: A genus related to but distinct from the existing genus Breoghania of neighbouring.

Affinibrevifollis

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Brevifollis*, An existing genus; *Affinibrevifollis*: A genus related to but distinct from the existing genus Brevifollis of neighbouring.

Affinibrevilactibacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Brevilactibacter*, An existing genus; *Affinibrevilactibacter*: A genus related to but distinct from the existing genus Brevilactibacter of neighbouring.

Affinibrevinema

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Brevinema*, An existing genus; *Affinibrevinema*: A genus related to but distinct from the existing genus Brevinema of neighbouring.

Affinibrevirhabdus

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Brevirhabdus*, An existing genus; *Affinibrevirhabdus*: A genus related to but distinct from the existing genus Brevirhabdus of neighbouring.

Affinibrevundimonas

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Brevundimonas*, An existing genus; *Affinibrevundimonas*: A genus related to but distinct from the existing genus Brevundimonas of neighbouring.

Affinibreznakia

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Breznakia*, An existing genus; *Affinibreznakia*: A genus related to but distinct from the existing genus Breznakia of neighbouring.

Affinibreznakibacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Breznakibacter*, An existing genus; *Affinibreznakibacter*: A genus related to but distinct from the existing genus Breznakibacter of neighbouring.

Affinibrochothrix

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Brochothrix*, An existing genus; *Affinibrochothrix*: A genus related to but distinct from the existing genus Brochothrix of neighbouring.

Affinibrockia

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Brockia*, An existing genus; *Affinibrockia*: A genus related to but distinct from the existing genus Brockia of neighbouring.

Affinibrooklawnia

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Brooklawnia*, An existing genus; *Affinibrooklawnia*: A genus related to but distinct from the existing genus Brooklawnia of neighbouring.

Affinibrucella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Brucella*, An existing genus; *Affinibrucella*: A genus related to but distinct from the existing genus Brucella of neighbouring.

Affinibrumimicrobium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Brumimicrobium*, An existing genus; *Affinibrumimicrobium*: A genus related to but distinct from the existing genus Brumimicrobium of neighbouring.

Affinibryantella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Bryantella*, An existing genus; *Affinibryantella*: A genus related to but distinct from the existing genus Bryantella of neighbouring.

Affinibryobacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Bryobacter*, An existing genus; *Affinibryobacter*: A genus related to but distinct from the existing genus Bryobacter of neighbouring.

Affinibryocella

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Bryocella*, An existing genus; *Affinibryocella*: A genus related to but distinct from the existing genus Bryocella of neighbouring.

Affinibuchananella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Buchananella*, An existing genus; *Affinibuchananella*: A genus related to but distinct from the existing genus Buchananella of neighbouring.

Affinibuchnera

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Buchnera*, An existing genus; *Affinibuchnera*: A genus related to but distinct from the existing genus Buchnera of neighbouring.

Affinibudvicia

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Budvicia*, An existing genus; *Affinibudvicia*: A genus related to but distinct from the existing genus Budvicia of neighbouring.

Affinibulleidia

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Bulleidia*, An existing genus; *Affinibulleidia*: A genus related to but distinct from the existing genus Bulleidia of neighbouring.

Affiniburkholderia

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Burkholderia*, An existing genus; *Affiniburkholderia*: A genus related to but distinct from the existing genus Burkholderia of neighbouring.

Affinibuttiauxella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Buttiauxella*, An existing genus; *Affinibuttiauxella*: A genus related to but distinct from the existing genus Buttiauxella of neighbouring.

Affinibutyratibacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Butyratibacter*, An existing genus; *Affinibutyratibacter*: A genus related to but distinct from the existing genus Butyratibacter of neighbouring.

Affinibutyricicoccus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Butyricicoccus*, An existing genus; *Affinibutyricicoccus*: A genus related to but distinct from the existing genus Butyricicoccus of neighbouring.

Affinibutyrivibrio

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Butyrivibrio*, An existing genus; *Affinibutyrivibrio*: A genus related to but distinct from the existing genus Butyrivibrio of neighbouring.

Affinibyssophaga

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Byssophaga*, An existing genus; *Affinibyssophaga*: A genus related to but distinct from the existing genus Byssophaga of neighbouring.

Affinibyssovorax

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Byssovorax*, An existing genus; *Affinibyssovorax*: A genus related to but distinct from the existing genus Byssovorax of neighbouring.

Affinibythopirellula

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Bythopirellula*, An existing genus; *Affinibythopirellula*: A genus related to but distinct from the existing genus Bythopirellula of neighbouring.

Affinicaballeronia

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Caballeronia*, An existing genus; *Affinicaballeronia*: A genus related to but distinct from the existing genus Caballeronia of neighbouring.

Affinicaecibacterium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Caecibacterium*, An existing genus; *Affinicaecibacterium*: A genus related to but distinct from the existing genus Caecibacterium of neighbouring.

Affinicaedibacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Caedibacter*, An existing genus; *Affinicaedibacter*: A genus related to but distinct from the existing genus Caedibacter of neighbouring.

Affinicaedimonas

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Caedimonas*, An existing genus; *Affinicaedimonas*: A genus related to but distinct from the existing genus Caedimonas of neighbouring.

Affinicaenibacillus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Caenibacillus*, An existing genus; *Affinicaenibacillus*: A genus related to but distinct from the existing genus Caenibacillus of neighbouring.

Affinicaenibacterium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Caenibacterium*, An existing genus; *Affinicaenibacterium*: A genus related to but distinct from the existing genus Caenibacterium of neighbouring.

Affinicaenimonas

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Caenimonas*, An existing genus; *Affinicaenimonas*: A genus related to but distinct from the existing genus Caenimonas of neighbouring.

Affinicaenispirillum

L. masc. adjective *affinis*, neighbouring; L. neut. dim. n. *Caenispirillum*, An existing genus; *Affinicaenispirillum*: A genus related to but distinct from the existing genus Caenispirillum of neighbouring.

Affinicalculibacillus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Calculibacillus*, An existing genus; *Affinicalculibacillus*: A genus related to but distinct from the existing genus Calculibacillus of neighbouring.

Affinicaldalkalibacillus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Caldalkalibacillus*, An existing genus; *Affinicaldalkalibacillus*: A genus related to but distinct from the existing genus Caldalkalibacillus of neighbouring.

Affinicaldanaerobacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Caldanaerobacter*, An existing genus; *Affinicaldanaerobacter*: A genus related to but distinct from the existing genus Caldanaerobacter of neighbouring.

Affinicaldanaerobius

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Caldanaerobius*, An existing genus; *Affinicaldanaerobius*: A genus related to but distinct from the existing genus Caldanaerobius of neighbouring.

Affinicaldanaerovirga

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Caldanaerovirga*, An existing genus; *Affinicaldanaerovirga*: A genus related to but distinct from the existing genus Caldanaerovirga of neighbouring.

Affinicalderihabitans

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Calderihabitans*, An existing genus; *Affinicalderihabitans*: A genus related to but distinct from the existing genus Calderihabitans of neighbouring.

Affinicalderobacterium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Calderobacterium*, An existing genus; *Affinicalderobacterium*: A genus related to but distinct from the existing genus Calderobacterium of neighbouring.

Affinicaldibacillus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Caldibacillus*, An existing genus; *Affinicaldibacillus*: A genus related to but distinct from the existing genus Caldibacillus of neighbouring.

Affinicaldicellulosiruptor

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Caldicellulosiruptor*, An existing genus; *Affinicaldicellulosiruptor*: A genus related to but distinct from the existing genus Caldicellulosiruptor of neighbouring.

Affinicaldicoprobacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Caldicoprobacter*, An existing genus; *Affinicaldicoprobacter*: A genus related to but distinct from the existing genus Caldicoprobacter of neighbouring.

Affinicaldilinea

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Caldilinea*, An existing genus; *Affinicaldilinea*: A genus related to but distinct from the existing genus Caldilinea of neighbouring.

Affinicaldimicrobium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Caldimicrobium*, An existing genus; *Affinicaldimicrobium*: A genus related to but distinct from the existing genus Caldimicrobium of neighbouring.

Affinicaldimonas

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Caldimonas*, An existing genus; *Affinicaldimonas*: A genus related to but distinct from the existing genus Caldimonas of neighbouring.

Affinicaldinitratiruptor

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Caldinitratiruptor*, An existing genus; *Affinicaldinitratiruptor*: A genus related to but distinct from the existing genus Caldinitratiruptor of neighbouring.

Affinicaldisalinibacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Caldisalinibacter*, An existing genus; *Affinicaldisalinibacter*: A genus related to but distinct from the existing genus Caldisalinibacter of neighbouring.

Affinicaldisericum

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Caldisericum*, An existing genus; *Affinicaldisericum*: A genus related to but distinct from the existing genus Caldisericum of neighbouring.

Affinicaldisphaera

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Caldisphaera*, An existing genus; *Affinicaldisphaera*: A genus related to but distinct from the existing genus Caldisphaera of neighbouring.

Affinicalditerricola

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Calditerricola*, An existing genus; *Affinicalditerricola*: A genus related to but distinct from the existing genus Calditerricola of neighbouring.

Affinicalditerrivibrio

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Calditerrivibrio*, An existing genus; *Affinicalditerrivibrio*: A genus related to but distinct from the existing genus Calditerrivibrio of neighbouring.

Affinicaldithrix

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Caldithrix*, An existing genus; *Affinicaldithrix*: A genus related to but distinct from the existing genus Caldithrix of neighbouring.

Affinicaldovatus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Caldovatus*, An existing genus; *Affinicaldovatus*: A genus related to but distinct from the existing genus Caldovatus of neighbouring.

Affinicalenema

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Calenema*, An existing genus; *Affinicalenema*: A genus related to but distinct from the existing genus Calenema of neighbouring.

Affinicalidifontibacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Calidifontibacter*, An existing genus; *Affinicalidifontibacter*: A genus related to but distinct from the existing genus Calidifontibacter of neighbouring.

Affinicalidifontimicrobium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Calidifontimicrobium*, An existing genus; *Affinicalidifontimicrobium*: A genus related to but distinct from the existing genus Calidifontimicrobium of neighbouring.

Affinicalidithermus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Calidithermus*, An existing genus; *Affinicalidithermus*: A genus related to but distinct from the existing genus Calidithermus of neighbouring.

Affinicalochaete

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Calochaete*, An existing genus; *Affinicalochaete*: A genus related to but distinct from the existing genus Calochaete of neighbouring.

Affinicaloramator

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Caloramator*, An existing genus; *Affinicaloramator*: A genus related to but distinct from the existing genus Caloramator of neighbouring.

Affinicaloranaerobacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Caloranaerobacter*, An existing genus; *Affinicaloranaerobacter*: A genus related to but distinct from the existing genus Caloranaerobacter of neighbouring.

Affinicaloribacterium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Caloribacterium*, An existing genus; *Affinicaloribacterium*: A genus related to but distinct from the existing genus Caloribacterium of neighbouring.

Affinicalorimonas

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Calorimonas*, An existing genus; *Affinicalorimonas*: A genus related to but distinct from the existing genus Calorimonas of neighbouring.

Affinicalorithrix

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Calorithrix*, An existing genus; *Affinicalorithrix*: A genus related to but distinct from the existing genus Calorithrix of neighbouring.

Affinicalothrix

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Calothrix*, An existing genus; *Affinicalothrix*: A genus related to but distinct from the existing genus Calothrix of neighbouring.

Affinicalymmatobacterium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Calymmatobacterium*, An existing genus; *Affinicalymmatobacterium*: A genus related to but distinct from the existing genus Calymmatobacterium of neighbouring.

Affinicamelimonas

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Camelimonas*, An existing genus; *Affinicamelimonas*: A genus related to but distinct from the existing genus Camelimonas of neighbouring.

Affinicamelliibacillus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Camelliibacillus*, An existing genus; *Affinicamelliibacillus*: A genus related to but distinct from the existing genus Camelliibacillus of neighbouring.

Affinicaminibacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Caminibacter*, An existing genus; *Affinicaminibacter*: A genus related to but distinct from the existing genus Caminibacter of neighbouring.

Affinicaminicella

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Caminicella*, An existing genus; *Affinicaminicella*: A genus related to but distinct from the existing genus Caminicella of neighbouring.

Affinicampylobacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Campylobacter*, An existing genus; *Affinicampylobacter*: A genus related to but distinct from the existing genus Campylobacter of neighbouring.

Affinicanaleparolina

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Canaleparolina*, An existing genus; *Affinicanaleparolina*: A genus related to but distinct from the existing genus Canaleparolina of neighbouring.

Affinicandidimonas

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Candidimonas*, An existing genus; *Affinicandidimonas*: A genus related to but distinct from the existing genus Candidimonas of neighbouring.

Affinicanibacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Canibacter*, An existing genus; *Affinicanibacter*: A genus related to but distinct from the existing genus Canibacter of neighbouring.

Affinicapillus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Capillus*, An existing genus; *Affinicapillus*: A genus related to but distinct from the existing genus Capillus of neighbouring.

Affinicapnocytophaga

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Capnocytophaga*, An existing genus; *Affinicapnocytophaga*: A genus related to but distinct from the existing genus Capnocytophaga of neighbouring.

Affinicaproicibacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Caproicibacter*, An existing genus; *Affinicaproicibacter*: A genus related to but distinct from the existing genus Caproicibacter of neighbouring.

Affinicaproiciproducens

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Caproiciproducens*, An existing genus; *Affinicaproiciproducens*: A genus related to but distinct from the existing genus Caproiciproducens of neighbouring.

Affinicapsularis

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Capsularis*, An existing genus; *Affinicapsularis*: A genus related to but distinct from the existing genus Capsularis of neighbouring.

Affinicapsulimonas

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Capsulimonas*, An existing genus; *Affinicapsulimonas*: A genus related to but distinct from the existing genus Capsulimonas of neighbouring.

Affinicarbophilus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Carbophilus*, An existing genus; *Affinicarbophilus*: A genus related to but distinct from the existing genus Carbophilus of neighbouring.

Affinicarboxydocella

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Carboxydocella*, An existing genus; *Affinicarboxydocella*: A genus related to but distinct from the existing genus Carboxydocella of neighbouring.

Affinicarboxydothermus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Carboxydothermus*, An existing genus; *Affinicarboxydothermus*: A genus related to but distinct from the existing genus Carboxydothermus of neighbouring.

Affinicardiobacterium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Cardiobacterium*, An existing genus; *Affinicardiobacterium*: A genus related to but distinct from the existing genus Cardiobacterium of neighbouring.

Affinicarideicomes

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Carideicomes*, An existing genus; *Affinicarideicomes*: A genus related to but distinct from the existing genus Carideicomes of neighbouring.

Affinicarnimonas

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Carnimonas*, An existing genus; *Affinicarnimonas*: A genus related to but distinct from the existing genus Carnimonas of neighbouring.

Affinicarnobacterium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Carnobacterium*, An existing genus; *Affinicarnobacterium*: A genus related to but distinct from the existing genus Carnobacterium of neighbouring.

Affinicartusia

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Cartusia*, An existing genus; *Affinicartusia*: A genus related to but distinct from the existing genus Cartusia of neighbouring.

Affinicaryophanon

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Caryophanon*, An existing genus; *Affinicaryophanon*: A genus related to but distinct from the existing genus Caryophanon of neighbouring.

Affinicaseobacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Caseobacter*, An existing genus; *Affinicaseobacter*: A genus related to but distinct from the existing genus Caseobacter of neighbouring.

Affinicasimicrobium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Casimicrobium*, An existing genus; *Affinicasimicrobium*: A genus related to but distinct from the existing genus Casimicrobium of neighbouring.

Affinicastellaniella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Castellaniella*, An existing genus; *Affinicastellaniella*: A genus related to but distinct from the existing genus Castellaniella of neighbouring.

Affinicatabacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Catabacter*, An existing genus; *Affinicatabacter*: A genus related to but distinct from the existing genus Catabacter of neighbouring.

Affinicatalinimonas

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Catalinimonas*, An existing genus; *Affinicatalinimonas*: A genus related to but distinct from the existing genus Catalinimonas of neighbouring.

Affinicatellatospora

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Catellatospora*, An existing genus; *Affinicatellatospora*: A genus related to but distinct from the existing genus Catellatospora of neighbouring.

Affinicatellibacterium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Catellibacterium*, An existing genus; *Affinicatellibacterium*: A genus related to but distinct from the existing genus Catellibacterium of neighbouring.

Affinicatellicoccus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Catellicoccus*, An existing genus; *Affinicatellicoccus*: A genus related to but distinct from the existing genus Catellicoccus of neighbouring.

Affinicatelliglobosispora

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Catelliglobosispora*, An existing genus; *Affinicatelliglobosispora*: A genus related to but distinct from the existing genus Catelliglobosispora of neighbouring.

Affinicatenibacillus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Catenibacillus*, An existing genus; *Affinicatenibacillus*: A genus related to but distinct from the existing genus Catenibacillus of neighbouring.

Affinicatenibacterium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Catenibacterium*, An existing genus; *Affinicatenibacterium*: A genus related to but distinct from the existing genus Catenibacterium of neighbouring.

Affinicatenisphaera

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Catenisphaera*, An existing genus; *Affinicatenisphaera*: A genus related to but distinct from the existing genus Catenisphaera of neighbouring.

Affinicatenococcus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Catenococcus*, An existing genus; *Affinicatenococcus*: A genus related to but distinct from the existing genus Catenococcus of neighbouring.

Affinicatenovulum

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Catenovulum*, An existing genus; *Affinicatenovulum*: A genus related to but distinct from the existing genus Catenovulum of neighbouring.

Affinicatenulispora

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Catenulispora*, An existing genus; *Affinicatenulispora*: A genus related to but distinct from the existing genus Catenulispora of neighbouring.

Affinicatenuloplanes

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Catenuloplanes*, An existing genus; *Affinicatenuloplanes*: A genus related to but distinct from the existing genus Catenuloplanes of neighbouring.

Affinicatonella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Catonella*, An existing genus; *Affinicatonella*: A genus related to but distinct from the existing genus Catonella of neighbouring.

Affinicaulifigura

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Caulifigura*, An existing genus; *Affinicaulifigura*: A genus related to but distinct from the existing genus Caulifigura of neighbouring.

Affinicaulobacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Caulobacter*, An existing genus; *Affinicaulobacter*: A genus related to but distinct from the existing genus Caulobacter of neighbouring.

Affinicavicella

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Cavicella*, An existing genus; *Affinicavicella*: A genus related to but distinct from the existing genus Cavicella of neighbouring.

Affinicaviibacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Caviibacter*, An existing genus; *Affinicaviibacter*: A genus related to but distinct from the existing genus Caviibacter of neighbouring.

Affinicaviibacterium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Caviibacterium*, An existing genus; *Affinicaviibacterium*: A genus related to but distinct from the existing genus Caviibacterium of neighbouring.

Affinicecembia

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Cecembia*, An existing genus; *Affinicecembia*: A genus related to but distinct from the existing genus Cecembia of neighbouring.

Affinicedecea

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Cedecea*, An existing genus; *Affinicedecea*: A genus related to but distinct from the existing genus Cedecea of neighbouring.

Affinicelerinatantimonas

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Celerinatantimonas*, An existing genus; *Affinicelerinatantimonas*: A genus related to but distinct from the existing genus Celerinatantimonas of neighbouring.

Affinicellulomonas

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Cellulomonas*, An existing genus; *Affinicellulomonas*: A genus related to but distinct from the existing genus Cellulomonas of neighbouring.

Affinicellulophaga

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Cellulophaga*, An existing genus; *Affinicellulophaga*: A genus related to but distinct from the existing genus Cellulophaga of neighbouring.

Affinicellulosibacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Cellulosibacter*, An existing genus; *Affinicellulosibacter*: A genus related to but distinct from the existing genus Cellulosibacter of neighbouring.

Affinicellulosilyticum

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Cellulosilyticum*, An existing genus; *Affinicellulosilyticum*: A genus related to but distinct from the existing genus Cellulosilyticum of neighbouring.

Affinicellulosimicrobium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Cellulosimicrobium*, An existing genus; *Affinicellulosimicrobium*: A genus related to but distinct from the existing genus Cellulosimicrobium of neighbouring.

Affinicellvibrio

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Cellvibrio*, An existing genus; *Affinicellvibrio*: A genus related to but distinct from the existing genus Cellvibrio of neighbouring.

Affinicenarchaeum

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Cenarchaeum*, An existing genus; *Affinicenarchaeum*: A genus related to but distinct from the existing genus Cenarchaeum of neighbouring.

Affinicephalothrix

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Cephalothrix*, An existing genus; *Affinicephalothrix*: A genus related to but distinct from the existing genus Cephalothrix of neighbouring.

Affinicephaloticoccus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Cephaloticoccus*, An existing genus; *Affinicephaloticoccus*: A genus related to but distinct from the existing genus Cephaloticoccus of neighbouring.

Affinicerasibacillus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Cerasibacillus*, An existing genus; *Affinicerasibacillus*: A genus related to but distinct from the existing genus Cerasibacillus of neighbouring.

Affinicerasicoccus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Cerasicoccus*, An existing genus; *Affinicerasicoccus*: A genus related to but distinct from the existing genus Cerasicoccus of neighbouring.

Affinicereibacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Cereibacter*, An existing genus; *Affinicereibacter*: A genus related to but distinct from the existing genus Cereibacter of neighbouring.

Affinicesiribacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Cesiribacter*, An existing genus; *Affinicesiribacter*: A genus related to but distinct from the existing genus Cesiribacter of neighbouring.

Affinicetobacterium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Cetobacterium*, An existing genus; *Affinicetobacterium*: A genus related to but distinct from the existing genus Cetobacterium of neighbouring.

Affinichachezhania

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Chachezhania*, An existing genus; *Affinichachezhania*: A genus related to but distinct from the existing genus Chachezhania of neighbouring.

Affinichainia

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Chainia*, An existing genus; *Affinichainia*: A genus related to but distinct from the existing genus Chainia of neighbouring.

Affinichakia

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Chakia*, An existing genus; *Affinichakia*: A genus related to but distinct from the existing genus Chakia of neighbouring.

Affinichakrabartia

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Chakrabartia*, An existing genus; *Affinichakrabartia*: A genus related to but distinct from the existing genus Chakrabartia of neighbouring.

Affinichalicogloea

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Chalicogloea*, An existing genus; *Affinichalicogloea*: A genus related to but distinct from the existing genus Chalicogloea of neighbouring.

Affinichamaethrix

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Chamaethrix*, An existing genus; *Affinichamaethrix*: A genus related to but distinct from the existing genus Chamaethrix of neighbouring.

Affinichangchengzhania

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Changchengzhania*, An existing genus; *Affinichangchengzhania*: A genus related to but distinct from the existing genus Changchengzhania of neighbouring.

Affinichania

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Chania*, An existing genus; *Affinichania*: A genus related to but distinct from the existing genus Chania of neighbouring.

Affinicharonomicrobium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Charonomicrobium*, An existing genus; *Affinicharonomicrobium*: A genus related to but distinct from the existing genus Charonomicrobium of neighbouring.

Affinichelativorans

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Chelativorans*, An existing genus; *Affinichelativorans*: A genus related to but distinct from the existing genus Chelativorans of neighbouring.

Affinichelatobacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Chelatobacter*, An existing genus; *Affinichelatobacter*: A genus related to but distinct from the existing genus Chelatobacter of neighbouring.

Affinichelatococcus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Chelatococcus*, An existing genus; *Affinichelatococcus*: A genus related to but distinct from the existing genus Chelatococcus of neighbouring.

Affinichelonobacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Chelonobacter*, An existing genus; *Affinichelonobacter*: A genus related to but distinct from the existing genus Chelonobacter of neighbouring.

Affinichenggangzhangella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Chenggangzhangella*, An existing genus; *Affinichenggangzhangella*: A genus related to but distinct from the existing genus Chenggangzhangella of neighbouring.

Affinichengkuizengella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Chengkuizengella*, An existing genus; *Affinichengkuizengella*: A genus related to but distinct from the existing genus Chengkuizengella of neighbouring.

Affinichiayiivirga

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Chiayiivirga*, An existing genus; *Affinichiayiivirga*: A genus related to but distinct from the existing genus Chiayiivirga of neighbouring.

Affinichimaereicella

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Chimaereicella*, An existing genus; *Affinichimaereicella*: A genus related to but distinct from the existing genus Chimaereicella of neighbouring.

Affinichimaeribacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Chimaeribacter*, An existing genus; *Affinichimaeribacter*: A genus related to but distinct from the existing genus Chimaeribacter of neighbouring.

Affinichishuiella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Chishuiella*, An existing genus; *Affinichishuiella*: A genus related to but distinct from the existing genus Chishuiella of neighbouring.

Affinichitinasiproducens

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Chitinasiproducens*, An existing genus; *Affinichitinasiproducens*: A genus related to but distinct from the existing genus Chitinasiproducens of neighbouring.

Affinichitinibacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Chitinibacter*, An existing genus; *Affinichitinibacter*: A genus related to but distinct from the existing genus Chitinibacter of neighbouring.

Affinichitinilyticum

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Chitinilyticum*, An existing genus; *Affinichitinilyticum*: A genus related to but distinct from the existing genus Chitinilyticum of neighbouring.

Affinichitiniphilus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Chitiniphilus*, An existing genus; *Affinichitiniphilus*: A genus related to but distinct from the existing genus Chitiniphilus of neighbouring.

Affinichitinispirillum

L. masc. adjective *affinis*, neighbouring; L. neut. dim. n. *Chitinispirillum*, An existing genus; *Affinichitinispirillum*: A genus related to but distinct from the existing genus Chitinispirillum of neighbouring.

Affinichitinivibrio

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Chitinivibrio*, An existing genus; *Affinichitinivibrio*: A genus related to but distinct from the existing genus Chitinivibrio of neighbouring.

Affinichitinivorax

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Chitinivorax*, An existing genus; *Affinichitinivorax*: A genus related to but distinct from the existing genus Chitinivorax of neighbouring.

Affinichitinolyticbacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Chitinolyticbacter*, An existing genus; *Affinichitinolyticbacter*: A genus related to but distinct from the existing genus Chitinolyticbacter of neighbouring.

Affinichitinophaga

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Chitinophaga*, An existing genus; *Affinichitinophaga*: A genus related to but distinct from the existing genus Chitinophaga of neighbouring.

Affinichlamydia

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Chlamydia*, An existing genus; *Affinichlamydia*: A genus related to but distinct from the existing genus Chlamydia of neighbouring.

Affinichlamydophila

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Chlamydophila*, An existing genus; *Affinichlamydophila*: A genus related to but distinct from the existing genus Chlamydophila of neighbouring.

Affinichloracidobacterium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Chloracidobacterium*, An existing genus; *Affinichloracidobacterium*: A genus related to but distinct from the existing genus Chloracidobacterium of neighbouring.

Affinichlorobaculum

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Chlorobaculum*, An existing genus; *Affinichlorobaculum*: A genus related to but distinct from the existing genus Chlorobaculum of neighbouring.

Affinichlorobium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Chlorobium*, An existing genus; *Affinichlorobium*: A genus related to but distinct from the existing genus Chlorobium of neighbouring.

Affinichloroflexus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Chloroflexus*, An existing genus; *Affinichloroflexus*: A genus related to but distinct from the existing genus Chloroflexus of neighbouring.

Affinichloroherpeton

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Chloroherpeton*, An existing genus; *Affinichloroherpeton*: A genus related to but distinct from the existing genus Chloroherpeton of neighbouring.

Affinichloronema

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Chloronema*, An existing genus; *Affinichloronema*: A genus related to but distinct from the existing genus Chloronema of neighbouring.

Affinichondromyces

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Chondromyces*, An existing genus; *Affinichondromyces*: A genus related to but distinct from the existing genus Chondromyces of neighbouring.

Affinichristensenella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Christensenella*, An existing genus; *Affinichristensenella*: A genus related to but distinct from the existing genus Christensenella of neighbouring.

Affinichroakolemma

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Chroakolemma*, An existing genus; *Affinichroakolemma*: A genus related to but distinct from the existing genus Chroakolemma of neighbouring.

Affinichromatium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Chromatium*, An existing genus; *Affinichromatium*: A genus related to but distinct from the existing genus Chromatium of neighbouring.

Affinichromatocurvus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Chromatocurvus*, An existing genus; *Affinichromatocurvus*: A genus related to but distinct from the existing genus Chromatocurvus of neighbouring.

Affinichromobacterium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Chromobacterium*, An existing genus; *Affinichromobacterium*: A genus related to but distinct from the existing genus Chromobacterium of neighbouring.

Affinichromohalobacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Chromohalobacter*, An existing genus; *Affinichromohalobacter*: A genus related to but distinct from the existing genus Chromohalobacter of neighbouring.

Affinichroococcus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Chroococcus*, An existing genus; *Affinichroococcus*: A genus related to but distinct from the existing genus Chroococcus of neighbouring.

Affinichryseobacterium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Chryseobacterium*, An existing genus; *Affinichryseobacterium*: A genus related to but distinct from the existing genus Chryseobacterium of neighbouring.

Affinichryseoglobus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Chryseoglobus*, An existing genus; *Affinichryseoglobus*: A genus related to but distinct from the existing genus Chryseoglobus of neighbouring.

Affinichryseolinea

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Chryseolinea*, An existing genus; *Affinichryseolinea*: A genus related to but distinct from the existing genus Chryseolinea of neighbouring.

Affinichryseomicrobium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Chryseomicrobium*, An existing genus; *Affinichryseomicrobium*: A genus related to but distinct from the existing genus Chryseomicrobium of neighbouring.

Affinichryseomonas

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Chryseomonas*, An existing genus; *Affinichryseomonas*: A genus related to but distinct from the existing genus Chryseomonas of neighbouring.

Affinichryseotalea

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Chryseotalea*, An existing genus; *Affinichryseotalea*: A genus related to but distinct from the existing genus Chryseotalea of neighbouring.

Affinichrysiogenes

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Chrysiogenes*, An existing genus; *Affinichrysiogenes*: A genus related to but distinct from the existing genus Chrysiogenes of neighbouring.

Affinichthoniobacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Chthoniobacter*, An existing genus; *Affinichthoniobacter*: A genus related to but distinct from the existing genus Chthoniobacter of neighbouring.

Affinichthonobacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Chthonobacter*, An existing genus; *Affinichthonobacter*: A genus related to but distinct from the existing genus Chthonobacter of neighbouring.

Affinichthonomonas

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Chthonomonas*, An existing genus; *Affinichthonomonas*: A genus related to but distinct from the existing genus Chthonomonas of neighbouring.

Affinichujaibacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Chujaibacter*, An existing genus; *Affinichujaibacter*: A genus related to but distinct from the existing genus Chujaibacter of neighbouring.

Affinichungangia

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Chungangia*, An existing genus; *Affinichungangia*: A genus related to but distinct from the existing genus Chungangia of neighbouring.

Affiniciceribacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Ciceribacter*, An existing genus; *Affiniciceribacter*: A genus related to but distinct from the existing genus Ciceribacter of neighbouring.

Affinicitreibacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Citreibacter*, An existing genus; *Affinicitreibacter*: A genus related to but distinct from the existing genus Citreibacter of neighbouring.

Affinicitreicella

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Citreicella*, An existing genus; *Affinicitreicella*: A genus related to but distinct from the existing genus Citreicella of neighbouring.

Affinicitreimonas

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Citreimonas*, An existing genus; *Affinicitreimonas*: A genus related to but distinct from the existing genus Citreimonas of neighbouring.

Affinicitreitalea

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Citreitalea*, An existing genus; *Affinicitreitalea*: A genus related to but distinct from the existing genus Citreitalea of neighbouring.

Affinicitricoccus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Citricoccus*, An existing genus; *Affinicitricoccus*: A genus related to but distinct from the existing genus Citricoccus of neighbouring.

Affinicitrimicrobium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Citrimicrobium*, An existing genus; *Affinicitrimicrobium*: A genus related to but distinct from the existing genus Citrimicrobium of neighbouring.

Affinicitrobacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Citrobacter*, An existing genus; *Affinicitrobacter*: A genus related to but distinct from the existing genus Citrobacter of neighbouring.

Affinicitromicrobium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Citromicrobium*, An existing genus; *Affinicitromicrobium*: A genus related to but distinct from the existing genus Citromicrobium of neighbouring.

Affinicitroniella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Citroniella*, An existing genus; *Affinicitroniella*: A genus related to but distinct from the existing genus Citroniella of neighbouring.

Affiniclavibacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Clavibacter*, An existing genus; *Affiniclavibacter*: A genus related to but distinct from the existing genus Clavibacter of neighbouring.

Affiniclevelandina

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Clevelandina*, An existing genus; *Affiniclevelandina*: A genus related to but distinct from the existing genus Clevelandina of neighbouring.

Affinicloacibacillus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Cloacibacillus*, An existing genus; *Affinicloacibacillus*: A genus related to but distinct from the existing genus Cloacibacillus of neighbouring.

Affinicloacibacterium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Cloacibacterium*, An existing genus; *Affinicloacibacterium*: A genus related to but distinct from the existing genus Cloacibacterium of neighbouring.

Affiniclostridiisalibacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Clostridiisalibacter*, An existing genus; *Affiniclostridiisalibacter*: A genus related to but distinct from the existing genus Clostridiisalibacter of neighbouring.

Affiniclostridioides

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Clostridioides*, An existing genus; *Affiniclostridioides*: A genus related to but distinct from the existing genus Clostridioides of neighbouring.

Affiniclostridium

L. masc. adjective *affinis*, neighbouring; L. neut. dim. n. *Clostridium*, An existing genus; *Affiniclostridium*: A genus related to but distinct from the existing genus Clostridium of neighbouring.

Affinicnuella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Cnuella*, An existing genus; *Affinicnuella*: A genus related to but distinct from the existing genus Cnuella of neighbouring.

Affinicnuibacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Cnuibacter*, An existing genus; *Affinicnuibacter*: A genus related to but distinct from the existing genus Cnuibacter of neighbouring.

Affinicobetia

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Cobetia*, An existing genus; *Affinicobetia*: A genus related to but distinct from the existing genus Cobetia of neighbouring.

Affinicochleicola

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Cochleicola*, An existing genus; *Affinicochleicola*: A genus related to but distinct from the existing genus Cochleicola of neighbouring.

Affinicocleimonas

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Cocleimonas*, An existing genus; *Affinicocleimonas*: A genus related to but distinct from the existing genus Cocleimonas of neighbouring.

Affinicoenonia

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Coenonia*, An existing genus; *Affinicoenonia*: A genus related to but distinct from the existing genus Coenonia of neighbouring.

Affinicoetzeea

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Coetzeea*, An existing genus; *Affinicoetzeea*: A genus related to but distinct from the existing genus Coetzeea of neighbouring.

Affinicognaticolwellia

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Cognaticolwellia*, An existing genus; *Affinicognaticolwellia*: A genus related to but distinct from the existing genus Cognaticolwellia of neighbouring.

Affinicognatishimia

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Cognatishimia*, An existing genus; *Affinicognatishimia*: A genus related to but distinct from the existing genus Cognatishimia of neighbouring.

Affinicognatiyoonia

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Cognatiyoonia*, An existing genus; *Affinicognatiyoonia*: A genus related to but distinct from the existing genus Cognatiyoonia of neighbouring.

Affinicohaesibacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Cohaesibacter*, An existing genus; *Affinicohaesibacter*: A genus related to but distinct from the existing genus Cohaesibacter of neighbouring.

Affinicohnella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Cohnella*, An existing genus; *Affinicohnella*: A genus related to but distinct from the existing genus Cohnella of neighbouring.

Affinicoleofasciculus

L. masc. adjective *affinis*, neighbouring; L. masc. dim. n. *Coleofasciculus*, An existing genus; *Affinicoleofasciculus*: A genus related to but distinct from the existing genus Coleofasciculus of neighbouring.

Affinicollimonas

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Collimonas*, An existing genus; *Affinicollimonas*: A genus related to but distinct from the existing genus Collimonas of neighbouring.

Affinicollinsella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Collinsella*, An existing genus; *Affinicollinsella*: A genus related to but distinct from the existing genus Collinsella of neighbouring.

Affinicolteronema

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Colteronema*, An existing genus; *Affinicolteronema*: A genus related to but distinct from the existing genus Colteronema of neighbouring.

Affinicolwellia

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Colwellia*, An existing genus; *Affinicolwellia*: A genus related to but distinct from the existing genus Colwellia of neighbouring.

Affinicomamonas

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Comamonas*, An existing genus; *Affinicomamonas*: A genus related to but distinct from the existing genus Comamonas of neighbouring.

Affinicommensalibacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Commensalibacter*, An existing genus; *Affinicommensalibacter*: A genus related to but distinct from the existing genus Commensalibacter of neighbouring.

Affinicompactonostoc

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Compactonostoc*, An existing genus; *Affinicompactonostoc*: A genus related to but distinct from the existing genus Compactonostoc of neighbouring.

Affinicompanilactobacillus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Companilactobacillus*, An existing genus; *Affinicompanilactobacillus*: A genus related to but distinct from the existing genus Companilactobacillus of neighbouring.

Affinicompostibacillus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Compostibacillus*, An existing genus; *Affinicompostibacillus*: A genus related to but distinct from the existing genus Compostibacillus of neighbouring.

Affinicompostimonas

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Compostimonas*, An existing genus; *Affinicompostimonas*: A genus related to but distinct from the existing genus Compostimonas of neighbouring.

Affiniconchiformibius

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Conchiformibius*, An existing genus; *Affiniconchiformibius*: A genus related to but distinct from the existing genus Conchiformibius of neighbouring.

Affiniconexibacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Conexibacter*, An existing genus; *Affiniconexibacter*: A genus related to but distinct from the existing genus Conexibacter of neighbouring.

Affiniconfluentibacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Confluentibacter*, An existing genus; *Affiniconfluentibacter*: A genus related to but distinct from the existing genus Confluentibacter of neighbouring.

Affiniconfluentimicrobium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Confluentimicrobium*, An existing genus; *Affiniconfluentimicrobium*: A genus related to but distinct from the existing genus Confluentimicrobium of neighbouring.

Affiniconglomeromonas

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Conglomeromonas*, An existing genus; *Affiniconglomeromonas*: A genus related to but distinct from the existing genus Conglomeromonas of neighbouring.

Affinicongregibacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Congregibacter*, An existing genus; *Affinicongregibacter*: A genus related to but distinct from the existing genus Congregibacter of neighbouring.

Affiniconservatibacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Conservatibacter*, An existing genus; *Affiniconservatibacter*: A genus related to but distinct from the existing genus Conservatibacter of neighbouring.

Affiniconsotaella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Consotaella*, An existing genus; *Affiniconsotaella*: A genus related to but distinct from the existing genus Consotaella of neighbouring.

Affiniconstrictibacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Constrictibacter*, An existing genus; *Affiniconstrictibacter*: A genus related to but distinct from the existing genus Constrictibacter of neighbouring.

Affiniconvivina

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Convivina*, An existing genus; *Affiniconvivina*: A genus related to but distinct from the existing genus Convivina of neighbouring.

Affiniconyzicola

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Conyzicola*, An existing genus; *Affiniconyzicola*: A genus related to but distinct from the existing genus Conyzicola of neighbouring.

Affinicoprobacillus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Coprobacillus*, An existing genus; *Affinicoprobacillus*: A genus related to but distinct from the existing genus Coprobacillus of neighbouring.

Affinicoprobacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Coprobacter*, An existing genus; *Affinicoprobacter*: A genus related to but distinct from the existing genus Coprobacter of neighbouring.

Affinicoprococcus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Coprococcus*, An existing genus; *Affinicoprococcus*: A genus related to but distinct from the existing genus Coprococcus of neighbouring.

Affinicoprothermobacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Coprothermobacter*, An existing genus; *Affinicoprothermobacter*: A genus related to but distinct from the existing genus Coprothermobacter of neighbouring.

Affinicoraliitalea

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Coraliitalea*, An existing genus; *Affinicoraliitalea*: A genus related to but distinct from the existing genus Coraliitalea of neighbouring.

Affinicoraliomargarita

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Coraliomargarita*, An existing genus; *Affinicoraliomargarita*: A genus related to but distinct from the existing genus Coraliomargarita of neighbouring.

Affinicorallibacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Corallibacter*, An existing genus; *Affinicorallibacter*: A genus related to but distinct from the existing genus Corallibacter of neighbouring.

Affinicorallincola

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Corallincola*, An existing genus; *Affinicorallincola*: A genus related to but distinct from the existing genus Corallincola of neighbouring.

Affinicorallococcus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Corallococcus*, An existing genus; *Affinicorallococcus*: A genus related to but distinct from the existing genus Corallococcus of neighbouring.

Affinicoralloluteibacterium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Coralloluteibacterium*, An existing genus; *Affinicoralloluteibacterium*: A genus related to but distinct from the existing genus Coralloluteibacterium of neighbouring.

Affinicorallomonas

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Corallomonas*, An existing genus; *Affinicorallomonas*: A genus related to but distinct from the existing genus Corallomonas of neighbouring.

Affinicoralslurrinella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Coralslurrinella*, An existing genus; *Affinicoralslurrinella*: A genus related to but distinct from the existing genus Coralslurrinella of neighbouring.

Affinicorticicoccus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Corticicoccus*, An existing genus; *Affinicorticicoccus*: A genus related to but distinct from the existing genus Corticicoccus of neighbouring.

Affinicorynebacterium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Corynebacterium*, An existing genus; *Affinicorynebacterium*: A genus related to but distinct from the existing genus Corynebacterium of neighbouring.

Affinicosenzaea

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Cosenzaea*, An existing genus; *Affinicosenzaea*: A genus related to but distinct from the existing genus Cosenzaea of neighbouring.

Affinicostertonia

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Costertonia*, An existing genus; *Affinicostertonia*: A genus related to but distinct from the existing genus Costertonia of neighbouring.

Affinicouchioplanes

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Couchioplanes*, An existing genus; *Affinicouchioplanes*: A genus related to but distinct from the existing genus Couchioplanes of neighbouring.

Affinicowdria

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Cowdria*, An existing genus; *Affinicowdria*: A genus related to but distinct from the existing genus Cowdria of neighbouring.

Affinicoxiella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Coxiella*, An existing genus; *Affinicoxiella*: A genus related to but distinct from the existing genus Coxiella of neighbouring.

Affinicrabtreella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Crabtreella*, An existing genus; *Affinicrabtreella*: A genus related to but distinct from the existing genus Crabtreella of neighbouring.

Affinicrassaminicella

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Crassaminicella*, An existing genus; *Affinicrassaminicella*: A genus related to but distinct from the existing genus Crassaminicella of neighbouring.

Affinicrateriforma

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Crateriforma*, An existing genus; *Affinicrateriforma*: A genus related to but distinct from the existing genus Crateriforma of neighbouring.

Affinicraterilacuibacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Craterilacuibacter*, An existing genus; *Affinicraterilacuibacter*: A genus related to but distinct from the existing genus Craterilacuibacter of neighbouring.

Affinicraurococcus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Craurococcus*, An existing genus; *Affinicraurococcus*: A genus related to but distinct from the existing genus Craurococcus of neighbouring.

Affinicrenalkalicoccus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Crenalkalicoccus*, An existing genus; *Affinicrenalkalicoccus*: A genus related to but distinct from the existing genus Crenalkalicoccus of neighbouring.

Affinicrenotalea

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Crenotalea*, An existing genus; *Affinicrenotalea*: A genus related to but distinct from the existing genus Crenotalea of neighbouring.

Affinicriblamydia

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Criblamydia*, An existing genus; *Affinicriblamydia*: A genus related to but distinct from the existing genus Criblamydia of neighbouring.

Affinicribrihabitans

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Cribrihabitans*, An existing genus; *Affinicribrihabitans*: A genus related to but distinct from the existing genus Cribrihabitans of neighbouring.

Affinicricetibacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Cricetibacter*, An existing genus; *Affinicricetibacter*: A genus related to but distinct from the existing genus Cricetibacter of neighbouring.

Affinicristispira

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Cristispira*, An existing genus; *Affinicristispira*: A genus related to but distinct from the existing genus Cristispira of neighbouring.

Affinicroceibacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Croceibacter*, An existing genus; *Affinicroceibacter*: A genus related to but distinct from the existing genus Croceibacter of neighbouring.

Affinicroceibacterium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Croceibacterium*, An existing genus; *Affinicroceibacterium*: A genus related to but distinct from the existing genus Croceibacterium of neighbouring.

Affinicroceicoccus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Croceicoccus*, An existing genus; *Affinicroceicoccus*: A genus related to but distinct from the existing genus Croceicoccus of neighbouring.

Affinicroceifilum

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Croceifilum*, An existing genus; *Affinicroceifilum*: A genus related to but distinct from the existing genus Croceifilum of neighbouring.

Affinicroceitalea

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Croceitalea*, An existing genus; *Affinicroceitalea*: A genus related to but distinct from the existing genus Croceitalea of neighbouring.

Affinicroceivirga

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Croceivirga*, An existing genus; *Affinicroceivirga*: A genus related to but distinct from the existing genus Croceivirga of neighbouring.

Affinicrocinitomix

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Crocinitomix*, An existing genus; *Affinicrocinitomix*: A genus related to but distinct from the existing genus Crocinitomix of neighbouring.

Affinicrocosphaera

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Crocosphaera*, An existing genus; *Affinicrocosphaera*: A genus related to but distinct from the existing genus Crocosphaera of neighbouring.

Affinicronobacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Cronobacter*, An existing genus; *Affinicronobacter*: A genus related to but distinct from the existing genus Cronobacter of neighbouring.

Affinicrossiella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Crossiella*, An existing genus; *Affinicrossiella*: A genus related to but distinct from the existing genus Crossiella of neighbouring.

Affinicruoricaptor

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Cruoricaptor*, An existing genus; *Affinicruoricaptor*: A genus related to but distinct from the existing genus Cruoricaptor of neighbouring.

Affinicryobacterium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Cryobacterium*, An existing genus; *Affinicryobacterium*: A genus related to but distinct from the existing genus Cryobacterium of neighbouring.

Affinicryomorpha

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Cryomorpha*, An existing genus; *Affinicryomorpha*: A genus related to but distinct from the existing genus Cryomorpha of neighbouring.

Affinicryptanaerobacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Cryptanaerobacter*, An existing genus; *Affinicryptanaerobacter*: A genus related to but distinct from the existing genus Cryptanaerobacter of neighbouring.

Affinicryptobacterium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Cryptobacterium*, An existing genus; *Affinicryptobacterium*: A genus related to but distinct from the existing genus Cryptobacterium of neighbouring.

Affinicryptococcum

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Cryptococcum*, An existing genus; *Affinicryptococcum*: A genus related to but distinct from the existing genus Cryptococcum of neighbouring.

Affinicryptosporangium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Cryptosporangium*, An existing genus; *Affinicryptosporangium*: A genus related to but distinct from the existing genus Cryptosporangium of neighbouring.

Affinicucumibacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Cucumibacter*, An existing genus; *Affinicucumibacter*: A genus related to but distinct from the existing genus Cucumibacter of neighbouring.

Affinicumulibacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Cumulibacter*, An existing genus; *Affinicumulibacter*: A genus related to but distinct from the existing genus Cumulibacter of neighbouring.

Affinicuneatibacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Cuneatibacter*, An existing genus; *Affinicuneatibacter*: A genus related to but distinct from the existing genus Cuneatibacter of neighbouring.

Affinicuniculiplasma

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Cuniculiplasma*, An existing genus; *Affinicuniculiplasma*: A genus related to but distinct from the existing genus Cuniculiplasma of neighbouring.

Affinicupriavidus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Cupriavidus*, An existing genus; *Affinicupriavidus*: A genus related to but distinct from the existing genus Cupriavidus of neighbouring.

Affinicurtobacterium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Curtobacterium*, An existing genus; *Affinicurtobacterium*: A genus related to but distinct from the existing genus Curtobacterium of neighbouring.

Affinicurvibacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Curvibacter*, An existing genus; *Affinicurvibacter*: A genus related to but distinct from the existing genus Curvibacter of neighbouring.

Affinicutibacterium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Cutibacterium*, An existing genus; *Affinicutibacterium*: A genus related to but distinct from the existing genus Cutibacterium of neighbouring.

Affinicyanocohniella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Cyanocohniella*, An existing genus; *Affinicyanocohniella*: A genus related to but distinct from the existing genus Cyanocohniella of neighbouring.

Affinicyanocomperia

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Cyanocomperia*, An existing genus; *Affinicyanocomperia*: A genus related to but distinct from the existing genus Cyanocomperia of neighbouring.

Affinicyanoderma

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Cyanoderma*, An existing genus; *Affinicyanoderma*: A genus related to but distinct from the existing genus Cyanoderma of neighbouring.

Affinicyanosaccus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Cyanosaccus*, An existing genus; *Affinicyanosaccus*: A genus related to but distinct from the existing genus Cyanosaccus of neighbouring.

Affinicyclobacterium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Cyclobacterium*, An existing genus; *Affinicyclobacterium*: A genus related to but distinct from the existing genus Cyclobacterium of neighbouring.

Affinicycloclasticus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Cycloclasticus*, An existing genus; *Affinicycloclasticus*: A genus related to but distinct from the existing genus Cycloclasticus of neighbouring.

Affinicysteiniphilum

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Cysteiniphilum*, An existing genus; *Affinicysteiniphilum*: A genus related to but distinct from the existing genus Cysteiniphilum of neighbouring.

Affinicystobacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Cystobacter*, An existing genus; *Affinicystobacter*: A genus related to but distinct from the existing genus Cystobacter of neighbouring.

Affinicytobacillus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Cytobacillus*, An existing genus; *Affinicytobacillus*: A genus related to but distinct from the existing genus Cytobacillus of neighbouring.

Affinicytophaga

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Cytophaga*, An existing genus; *Affinicytophaga*: A genus related to but distinct from the existing genus Cytophaga of neighbouring.

Affinidactylosporangium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Dactylosporangium*, An existing genus; *Affinidactylosporangium*: A genus related to but distinct from the existing genus Dactylosporangium of neighbouring.

Affinidaeguia

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Daeguia*, An existing genus; *Affinidaeguia*: A genus related to but distinct from the existing genus Daeguia of neighbouring.

Affinidaejeonella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Daejeonella*, An existing genus; *Affinidaejeonella*: A genus related to but distinct from the existing genus Daejeonella of neighbouring.

Affinidaejeonia

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Daejeonia*, An existing genus; *Affinidaejeonia*: A genus related to but distinct from the existing genus Daejeonia of neighbouring.

Affinidankookia

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Dankookia*, An existing genus; *Affinidankookia*: A genus related to but distinct from the existing genus Dankookia of neighbouring.

Affinidaptobacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Daptobacter*, An existing genus; *Affinidaptobacter*: A genus related to but distinct from the existing genus Daptobacter of neighbouring.

Affinidasania

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Dasania*, An existing genus; *Affinidasania*: A genus related to but distinct from the existing genus Dasania of neighbouring.

Affinidechlorobacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Dechlorobacter*, An existing genus; *Affinidechlorobacter*: A genus related to but distinct from the existing genus Dechlorobacter of neighbouring.

Affinidechloromonas

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Dechloromonas*, An existing genus; *Affinidechloromonas*: A genus related to but distinct from the existing genus Dechloromonas of neighbouring.

Affinidechlorosoma

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Dechlorosoma*, An existing genus; *Affinidechlorosoma*: A genus related to but distinct from the existing genus Dechlorosoma of neighbouring.

Affinideefgea

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Deefgea*, An existing genus; *Affinideefgea*: A genus related to but distinct from the existing genus Deefgea of neighbouring.

Affinideferribacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Deferribacter*, An existing genus; *Affinideferribacter*: A genus related to but distinct from the existing genus Deferribacter of neighbouring.

Affinideferrisoma

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Deferrisoma*, An existing genus; *Affinideferrisoma*: A genus related to but distinct from the existing genus Deferrisoma of neighbouring.

Affinidefluvibacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Defluvibacter*, An existing genus; *Affinidefluvibacter*: A genus related to but distinct from the existing genus Defluvibacter of neighbouring.

Affinidefluviicoccus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Defluviicoccus*, An existing genus; *Affinidefluviicoccus*: A genus related to but distinct from the existing genus Defluviicoccus of neighbouring.

Affinidefluviimonas

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Defluviimonas*, An existing genus; *Affinidefluviimonas*: A genus related to but distinct from the existing genus Defluviimonas of neighbouring.

Affinidefluviitalea

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Defluviitalea*, An existing genus; *Affinidefluviitalea*: A genus related to but distinct from the existing genus Defluviitalea of neighbouring.

Affinidefluviitoga

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Defluviitoga*, An existing genus; *Affinidefluviitoga*: A genus related to but distinct from the existing genus Defluviitoga of neighbouring.

Affinidehalobacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Dehalobacter*, An existing genus; *Affinidehalobacter*: A genus related to but distinct from the existing genus Dehalobacter of neighbouring.

Affinidehalobacterium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Dehalobacterium*, An existing genus; *Affinidehalobacterium*: A genus related to but distinct from the existing genus Dehalobacterium of neighbouring.

Affinidehalogenimonas

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Dehalogenimonas*, An existing genus; *Affinidehalogenimonas*: A genus related to but distinct from the existing genus Dehalogenimonas of neighbouring.

Affinideinobacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Deinobacter*, An existing genus; *Affinideinobacter*: A genus related to but distinct from the existing genus Deinobacter of neighbouring.

Affinideinobacterium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Deinobacterium*, An existing genus; *Affinideinobacterium*: A genus related to but distinct from the existing genus Deinobacterium of neighbouring.

Affinideinococcus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Deinococcus*, An existing genus; *Affinideinococcus*: A genus related to but distinct from the existing genus Deinococcus of neighbouring.

Affinideleya

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Deleya*, An existing genus; *Affinideleya*: A genus related to but distinct from the existing genus Deleya of neighbouring.

Affinidelftia

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Delftia*, An existing genus; *Affinidelftia*: A genus related to but distinct from the existing genus Delftia of neighbouring.

Affinidellaglioa

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Dellaglioa*, An existing genus; *Affinidellaglioa*: A genus related to but distinct from the existing genus Dellaglioa of neighbouring.

Affinidemequina

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Demequina*, An existing genus; *Affinidemequina*: A genus related to but distinct from the existing genus Demequina of neighbouring.

Affinidemetria

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Demetria*, An existing genus; *Affinidemetria*: A genus related to but distinct from the existing genus Demetria of neighbouring.

Affinideminuibacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Deminuibacter*, An existing genus; *Affinideminuibacter*: A genus related to but distinct from the existing genus Deminuibacter of neighbouring.

Affinidenitratimonas

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Denitratimonas*, An existing genus; *Affinidenitratimonas*: A genus related to but distinct from the existing genus Denitratimonas of neighbouring.

Affinidenitratisoma

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Denitratisoma*, An existing genus; *Affinidenitratisoma*: A genus related to but distinct from the existing genus Denitratisoma of neighbouring.

Affinidenitrobacterium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Denitrobacterium*, An existing genus; *Affinidenitrobacterium*: A genus related to but distinct from the existing genus Denitrobacterium of neighbouring.

Affinidenitrobaculum

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Denitrobaculum*, An existing genus; *Affinidenitrobaculum*: A genus related to but distinct from the existing genus Denitrobaculum of neighbouring.

Affinidenitrovibrio

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Denitrovibrio*, An existing genus; *Affinidenitrovibrio*: A genus related to but distinct from the existing genus Denitrovibrio of neighbouring.

Affinidermacoccus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Dermacoccus*, An existing genus; *Affinidermacoccus*: A genus related to but distinct from the existing genus Dermacoccus of neighbouring.

Affinidermatophilus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Dermatophilus*, An existing genus; *Affinidermatophilus*: A genus related to but distinct from the existing genus Dermatophilus of neighbouring.

Affiniderxia

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Derxia*, An existing genus; *Affiniderxia*: A genus related to but distinct from the existing genus Derxia of neighbouring.

Affinidesemzia

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Desemzia*, An existing genus; *Affinidesemzia*: A genus related to but distinct from the existing genus Desemzia of neighbouring.

Affinidesertibacillus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Desertibacillus*, An existing genus; *Affinidesertibacillus*: A genus related to but distinct from the existing genus Desertibacillus of neighbouring.

Affinidesertibacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Desertibacter*, An existing genus; *Affinidesertibacter*: A genus related to but distinct from the existing genus Desertibacter of neighbouring.

Affinidesertifilum

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Desertifilum*, An existing genus; *Affinidesertifilum*: A genus related to but distinct from the existing genus Desertifilum of neighbouring.

Affinidesertihabitans

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Desertihabitans*, An existing genus; *Affinidesertihabitans*: A genus related to but distinct from the existing genus Desertihabitans of neighbouring.

Affinidesertimonas

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Desertimonas*, An existing genus; *Affinidesertimonas*: A genus related to but distinct from the existing genus Desertimonas of neighbouring.

Affinidesikacharya

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Desikacharya*, An existing genus; *Affinidesikacharya*: A genus related to but distinct from the existing genus Desikacharya of neighbouring.

Affinidesmospora

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Desmospora*, An existing genus; *Affinidesmospora*: A genus related to but distinct from the existing genus Desmospora of neighbouring.

Affinidesnuesiella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Desnuesiella*, An existing genus; *Affinidesnuesiella*: A genus related to but distinct from the existing genus Desnuesiella of neighbouring.

Affinidesulfacinum

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Desulfacinum*, An existing genus; *Affinidesulfacinum*: A genus related to but distinct from the existing genus Desulfacinum of neighbouring.

Affinidesulfallas

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Desulfallas*, An existing genus; *Affinidesulfallas*: A genus related to but distinct from the existing genus Desulfallas of neighbouring.

Affinidesulfarculus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Desulfarculus*, An existing genus; *Affinidesulfarculus*: A genus related to but distinct from the existing genus Desulfarculus of neighbouring.

Affinidesulfatibacillum

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Desulfatibacillum*, An existing genus; *Affinidesulfatibacillum*: A genus related to but distinct from the existing genus Desulfatibacillum of neighbouring.

Affinidesulfatiferula

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Desulfatiferula*, An existing genus; *Affinidesulfatiferula*: A genus related to but distinct from the existing genus Desulfatiferula of neighbouring.

Affinidesulfatiglans

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Desulfatiglans*, An existing genus; *Affinidesulfatiglans*: A genus related to but distinct from the existing genus Desulfatiglans of neighbouring.

Affinidesulfatirhabdium

L. masc. adjective *affinis*, neighbouring; L. neut. dim. n. *Desulfatirhabdium*, An existing genus; *Affinidesulfatirhabdium*: A genus related to but distinct from the existing genus Desulfatirhabdium of neighbouring.

Affinidesulfatitalea

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Desulfatitalea*, An existing genus; *Affinidesulfatitalea*: A genus related to but distinct from the existing genus Desulfatitalea of neighbouring.

Affinidesulfitibacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Desulfitibacter*, An existing genus; *Affinidesulfitibacter*: A genus related to but distinct from the existing genus Desulfitibacter of neighbouring.

Affinidesulfitispora

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Desulfitispora*, An existing genus; *Affinidesulfitispora*: A genus related to but distinct from the existing genus Desulfitispora of neighbouring.

Affinidesulfitobacterium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Desulfitobacterium*, An existing genus; *Affinidesulfitobacterium*: A genus related to but distinct from the existing genus Desulfitobacterium of neighbouring.

Affinidesulfobacca

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Desulfobacca*, An existing genus; *Affinidesulfobacca*: A genus related to but distinct from the existing genus Desulfobacca of neighbouring.

Affinidesulfobacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Desulfobacter*, An existing genus; *Affinidesulfobacter*: A genus related to but distinct from the existing genus Desulfobacter of neighbouring.

Affinidesulfobacterium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Desulfobacterium*, An existing genus; *Affinidesulfobacterium*: A genus related to but distinct from the existing genus Desulfobacterium of neighbouring.

Affinidesulfobacula

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Desulfobacula*, An existing genus; *Affinidesulfobacula*: A genus related to but distinct from the existing genus Desulfobacula of neighbouring.

Affinidesulfobaculum

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Desulfobaculum*, An existing genus; *Affinidesulfobaculum*: A genus related to but distinct from the existing genus Desulfobaculum of neighbouring.

Affinidesulfobotulus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Desulfobotulus*, An existing genus; *Affinidesulfobotulus*: A genus related to but distinct from the existing genus Desulfobotulus of neighbouring.

Affinidesulfobulbus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Desulfobulbus*, An existing genus; *Affinidesulfobulbus*: A genus related to but distinct from the existing genus Desulfobulbus of neighbouring.

Affinidesulfocapsa

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Desulfocapsa*, An existing genus; *Affinidesulfocapsa*: A genus related to but distinct from the existing genus Desulfocapsa of neighbouring.

Affinidesulfocarbo

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Desulfocarbo*, An existing genus; *Affinidesulfocarbo*: A genus related to but distinct from the existing genus Desulfocarbo of neighbouring.

Affinidesulfocella

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Desulfocella*, An existing genus; *Affinidesulfocella*: A genus related to but distinct from the existing genus Desulfocella of neighbouring.

Affinidesulfococcus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Desulfococcus*, An existing genus; *Affinidesulfococcus*: A genus related to but distinct from the existing genus Desulfococcus of neighbouring.

Affinidesulfocucumis

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Desulfocucumis*, An existing genus; *Affinidesulfocucumis*: A genus related to but distinct from the existing genus Desulfocucumis of neighbouring.

Affinidesulfocurvibacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Desulfocurvibacter*, An existing genus; *Affinidesulfocurvibacter*: A genus related to but distinct from the existing genus Desulfocurvibacter of neighbouring.

Affinidesulfocurvus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Desulfocurvus*, An existing genus; *Affinidesulfocurvus*: A genus related to but distinct from the existing genus Desulfocurvus of neighbouring.

Affinidesulfofaba

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Desulfofaba*, An existing genus; *Affinidesulfofaba*: A genus related to but distinct from the existing genus Desulfofaba of neighbouring.

Affinidesulfofarcimen

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Desulfofarcimen*, An existing genus; *Affinidesulfofarcimen*: A genus related to but distinct from the existing genus Desulfofarcimen of neighbouring.

Affinidesulfofrigus

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Desulfofrigus*, An existing genus; *Affinidesulfofrigus*: A genus related to but distinct from the existing genus Desulfofrigus of neighbouring.

Affinidesulfofundulus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Desulfofundulus*, An existing genus; *Affinidesulfofundulus*: A genus related to but distinct from the existing genus Desulfofundulus of neighbouring.

Affinidesulfofustis

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Desulfofustis*, An existing genus; *Affinidesulfofustis*: A genus related to but distinct from the existing genus Desulfofustis of neighbouring.

Affinidesulfoglaeba

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Desulfoglaeba*, An existing genus; *Affinidesulfoglaeba*: A genus related to but distinct from the existing genus Desulfoglaeba of neighbouring.

Affinidesulfohalobium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Desulfohalobium*, An existing genus; *Affinidesulfohalobium*: A genus related to but distinct from the existing genus Desulfohalobium of neighbouring.

Affinidesulfohalophilus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Desulfohalophilus*, An existing genus; *Affinidesulfohalophilus*: A genus related to but distinct from the existing genus Desulfohalophilus of neighbouring.

Affinidesulfohalotomaculum

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Desulfohalotomaculum*, An existing genus; *Affinidesulfohalotomaculum*: A genus related to but distinct from the existing genus Desulfohalotomaculum of neighbouring.

Affinidesulfohalovibrio

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Desulfohalovibrio*, An existing genus; *Affinidesulfohalovibrio*: A genus related to but distinct from the existing genus Desulfohalovibrio of neighbouring.

Affinidesulfoluna

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Desulfoluna*, An existing genus; *Affinidesulfoluna*: A genus related to but distinct from the existing genus Desulfoluna of neighbouring.

Affinidesulfomicrobium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Desulfomicrobium*, An existing genus; *Affinidesulfomicrobium*: A genus related to but distinct from the existing genus Desulfomicrobium of neighbouring.

Affinidesulfomonas

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Desulfomonas*, An existing genus; *Affinidesulfomonas*: A genus related to but distinct from the existing genus Desulfomonas of neighbouring.

Affinidesulfomonile

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Desulfomonile*, An existing genus; *Affinidesulfomonile*: A genus related to but distinct from the existing genus Desulfomonile of neighbouring.

Affinidesulfomusa

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Desulfomusa*, An existing genus; *Affinidesulfomusa*: A genus related to but distinct from the existing genus Desulfomusa of neighbouring.

Affinidesulfonatronobacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Desulfonatronobacter*, An existing genus; *Affinidesulfonatronobacter*: A genus related to but distinct from the existing genus Desulfonatronobacter of neighbouring.

Affinidesulfonatronospira

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Desulfonatronospira*, An existing genus; *Affinidesulfonatronospira*: A genus related to but distinct from the existing genus Desulfonatronospira of neighbouring.

Affinidesulfonatronovibrio

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Desulfonatronovibrio*, An existing genus; *Affinidesulfonatronovibrio*: A genus related to but distinct from the existing genus Desulfonatronovibrio of neighbouring.

Affinidesulfonatronum

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Desulfonatronum*, An existing genus; *Affinidesulfonatronum*: A genus related to but distinct from the existing genus Desulfonatronum of neighbouring.

Affinidesulfonauticus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Desulfonauticus*, An existing genus; *Affinidesulfonauticus*: A genus related to but distinct from the existing genus Desulfonauticus of neighbouring.

Affinidesulfonema

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Desulfonema*, An existing genus; *Affinidesulfonema*: A genus related to but distinct from the existing genus Desulfonema of neighbouring.

Affinidesulfonispora

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Desulfonispora*, An existing genus; *Affinidesulfonispora*: A genus related to but distinct from the existing genus Desulfonispora of neighbouring.

Affinidesulfopila

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Desulfopila*, An existing genus; *Affinidesulfopila*: A genus related to but distinct from the existing genus Desulfopila of neighbouring.

Affinidesulfoplanes

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Desulfoplanes*, An existing genus; *Affinidesulfoplanes*: A genus related to but distinct from the existing genus Desulfoplanes of neighbouring.

Affinidesulfoprunum

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Desulfoprunum*, An existing genus; *Affinidesulfoprunum*: A genus related to but distinct from the existing genus Desulfoprunum of neighbouring.

Affinidesulforegula

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Desulforegula*, An existing genus; *Affinidesulforegula*: A genus related to but distinct from the existing genus Desulforegula of neighbouring.

Affinidesulforhabdus

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Desulforhabdus*, An existing genus; *Affinidesulforhabdus*: A genus related to but distinct from the existing genus Desulforhabdus of neighbouring.

Affinidesulforhopalus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Desulforhopalus*, An existing genus; *Affinidesulforhopalus*: A genus related to but distinct from the existing genus Desulforhopalus of neighbouring.

Affinidesulfosalsimonas

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Desulfosalsimonas*, An existing genus; *Affinidesulfosalsimonas*: A genus related to but distinct from the existing genus Desulfosalsimonas of neighbouring.

Affinidesulfosarcina

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Desulfosarcina*, An existing genus; *Affinidesulfosarcina*: A genus related to but distinct from the existing genus Desulfosarcina of neighbouring.

Affinidesulfosoma

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Desulfosoma*, An existing genus; *Affinidesulfosoma*: A genus related to but distinct from the existing genus Desulfosoma of neighbouring.

Affinidesulfospira

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Desulfospira*, An existing genus; *Affinidesulfospira*: A genus related to but distinct from the existing genus Desulfospira of neighbouring.

Affinidesulfosporomusa

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Desulfosporomusa*, An existing genus; *Affinidesulfosporomusa*: A genus related to but distinct from the existing genus Desulfosporomusa of neighbouring.

Affinidesulfosporosinus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Desulfosporosinus*, An existing genus; *Affinidesulfosporosinus*: A genus related to but distinct from the existing genus Desulfosporosinus of neighbouring.

Affinidesulfotalea

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Desulfotalea*, An existing genus; *Affinidesulfotalea*: A genus related to but distinct from the existing genus Desulfotalea of neighbouring.

Affinidesulfothermobacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Desulfothermobacter*, An existing genus; *Affinidesulfothermobacter*: A genus related to but distinct from the existing genus Desulfothermobacter of neighbouring.

Affinidesulfothermus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Desulfothermus*, An existing genus; *Affinidesulfothermus*: A genus related to but distinct from the existing genus Desulfothermus of neighbouring.

Affinidesulfotignum

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Desulfotignum*, An existing genus; *Affinidesulfotignum*: A genus related to but distinct from the existing genus Desulfotignum of neighbouring.

Affinidesulfotomaculum

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Desulfotomaculum*, An existing genus; *Affinidesulfotomaculum*: A genus related to but distinct from the existing genus Desulfotomaculum of neighbouring.

Affinidesulfovermiculus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Desulfovermiculus*, An existing genus; *Affinidesulfovermiculus*: A genus related to but distinct from the existing genus Desulfovermiculus of neighbouring.

Affinidesulfovibrio

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Desulfovibrio*, An existing genus; *Affinidesulfovibrio*: A genus related to but distinct from the existing genus Desulfovibrio of neighbouring.

Affinidesulfovirga

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Desulfovirga*, An existing genus; *Affinidesulfovirga*: A genus related to but distinct from the existing genus Desulfovirga of neighbouring.

Affinidesulfovirgula

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Desulfovirgula*, An existing genus; *Affinidesulfovirgula*: A genus related to but distinct from the existing genus Desulfovirgula of neighbouring.

Affinidesulfurella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Desulfurella*, An existing genus; *Affinidesulfurella*: A genus related to but distinct from the existing genus Desulfurella of neighbouring.

Affinidesulfuribacillus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Desulfuribacillus*, An existing genus; *Affinidesulfuribacillus*: A genus related to but distinct from the existing genus Desulfuribacillus of neighbouring.

Affinidesulfurispira

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Desulfurispira*, An existing genus; *Affinidesulfurispira*: A genus related to but distinct from the existing genus Desulfurispira of neighbouring.

Affinidesulfurispirillum

L. masc. adjective *affinis*, neighbouring; L. neut. dim. n. *Desulfurispirillum*, An existing genus; *Affinidesulfurispirillum*: A genus related to but distinct from the existing genus Desulfurispirillum of neighbouring.

Affinidesulfurispora

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Desulfurispora*, An existing genus; *Affinidesulfurispora*: A genus related to but distinct from the existing genus Desulfurispora of neighbouring.

Affinidesulfurivibrio

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Desulfurivibrio*, An existing genus; *Affinidesulfurivibrio*: A genus related to but distinct from the existing genus Desulfurivibrio of neighbouring.

Affinidesulfurobacterium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Desulfurobacterium*, An existing genus; *Affinidesulfurobacterium*: A genus related to but distinct from the existing genus Desulfurobacterium of neighbouring.

Affinidesulfurococcus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Desulfurococcus*, An existing genus; *Affinidesulfurococcus*: A genus related to but distinct from the existing genus Desulfurococcus of neighbouring.

Affinidesulfuromonas

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Desulfuromonas*, An existing genus; *Affinidesulfuromonas*: A genus related to but distinct from the existing genus Desulfuromonas of neighbouring.

Affinidesulfuromusa

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Desulfuromusa*, An existing genus; *Affinidesulfuromusa*: A genus related to but distinct from the existing genus Desulfuromusa of neighbouring.

Affinidethiobacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Dethiobacter*, An existing genus; *Affinidethiobacter*: A genus related to but distinct from the existing genus Dethiobacter of neighbouring.

Affinidethiosulfatarculus

L. masc. adjective *affinis*, neighbouring; L. masc. dim. n. *Dethiosulfatarculus*, An existing genus; *Affinidethiosulfatarculus*: A genus related to but distinct from the existing genus Dethiosulfatarculus of neighbouring.

Affinidethiosulfatibacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Dethiosulfatibacter*, An existing genus; *Affinidethiosulfatibacter*: A genus related to but distinct from the existing genus Dethiosulfatibacter of neighbouring.

Affinidethiosulfovibrio

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Dethiosulfovibrio*, An existing genus; *Affinidethiosulfovibrio*: A genus related to but distinct from the existing genus Dethiosulfovibrio of neighbouring.

Affinidevosia

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Devosia*, An existing genus; *Affinidevosia*: A genus related to but distinct from the existing genus Devosia of neighbouring.

Affinidevriesea

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Devriesea*, An existing genus; *Affinidevriesea*: A genus related to but distinct from the existing genus Devriesea of neighbouring.

Affinidiaminobutyricibacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Diaminobutyricibacter*, An existing genus; *Affinidiaminobutyricibacter*: A genus related to but distinct from the existing genus Diaminobutyricibacter of neighbouring.

Affinidiaminobutyricimonas

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Diaminobutyricimonas*, An existing genus; *Affinidiaminobutyricimonas*: A genus related to but distinct from the existing genus Diaminobutyricimonas of neighbouring.

Affinidiaphorobacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Diaphorobacter*, An existing genus; *Affinidiaphorobacter*: A genus related to but distinct from the existing genus Diaphorobacter of neighbouring.

Affinidichelobacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Dichelobacter*, An existing genus; *Affinidichelobacter*: A genus related to but distinct from the existing genus Dichelobacter of neighbouring.

Affinidichotomicrobium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Dichotomicrobium*, An existing genus; *Affinidichotomicrobium*: A genus related to but distinct from the existing genus Dichotomicrobium of neighbouring.

Affinidickeya

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Dickeya*, An existing genus; *Affinidickeya*: A genus related to but distinct from the existing genus Dickeya of neighbouring.

Affinidictyobacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Dictyobacter*, An existing genus; *Affinidictyobacter*: A genus related to but distinct from the existing genus Dictyobacter of neighbouring.

Affinidictyoglomus

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Dictyoglomus*, An existing genus; *Affinidictyoglomus*: A genus related to but distinct from the existing genus Dictyoglomus of neighbouring.

Affinidielma

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Dielma*, An existing genus; *Affinidielma*: A genus related to but distinct from the existing genus Dielma of neighbouring.

Affinidietzia

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Dietzia*, An existing genus; *Affinidietzia*: A genus related to but distinct from the existing genus Dietzia of neighbouring.

Affinidinghuibacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Dinghuibacter*, An existing genus; *Affinidinghuibacter*: A genus related to but distinct from the existing genus Dinghuibacter of neighbouring.

Affinidinoroseobacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Dinoroseobacter*, An existing genus; *Affinidinoroseobacter*: A genus related to but distinct from the existing genus Dinoroseobacter of neighbouring.

Affinidiplocalyx

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Diplocalyx*, An existing genus; *Affinidiplocalyx*: A genus related to but distinct from the existing genus Diplocalyx of neighbouring.

Affinidiplorickettsia

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Diplorickettsia*, An existing genus; *Affinidiplorickettsia*: A genus related to but distinct from the existing genus Diplorickettsia of neighbouring.

Affinidiplosphaera

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Diplosphaera*, An existing genus; *Affinidiplosphaera*: A genus related to but distinct from the existing genus Diplosphaera of neighbouring.

Affinidissulfuribacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Dissulfuribacter*, An existing genus; *Affinidissulfuribacter*: A genus related to but distinct from the existing genus Dissulfuribacter of neighbouring.

Affinidissulfurimicrobium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Dissulfurimicrobium*, An existing genus; *Affinidissulfurimicrobium*: A genus related to but distinct from the existing genus Dissulfurimicrobium of neighbouring.

Affinidissulfurirhabdus

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Dissulfurirhabdus*, An existing genus; *Affinidissulfurirhabdus*: A genus related to but distinct from the existing genus Dissulfurirhabdus of neighbouring.

Affinidokdonella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Dokdonella*, An existing genus; *Affinidokdonella*: A genus related to but distinct from the existing genus Dokdonella of neighbouring.

Affinidokdonia

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Dokdonia*, An existing genus; *Affinidokdonia*: A genus related to but distinct from the existing genus Dokdonia of neighbouring.

Affinidolosicoccus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Dolosicoccus*, An existing genus; *Affinidolosicoccus*: A genus related to but distinct from the existing genus Dolosicoccus of neighbouring.

Affinidolosigranulum

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Dolosigranulum*, An existing genus; *Affinidolosigranulum*: A genus related to but distinct from the existing genus Dolosigranulum of neighbouring.

Affinidomibacillus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Domibacillus*, An existing genus; *Affinidomibacillus*: A genus related to but distinct from the existing genus Domibacillus of neighbouring.

Affinidonghaeana

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Donghaeana*, An existing genus; *Affinidonghaeana*: A genus related to but distinct from the existing genus Donghaeana of neighbouring.

Affinidonghicola

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Donghicola*, An existing genus; *Affinidonghicola*: A genus related to but distinct from the existing genus Donghicola of neighbouring.

Affinidongia

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Dongia*, An existing genus; *Affinidongia*: A genus related to but distinct from the existing genus Dongia of neighbouring.

Affinidongshaea

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Dongshaea*, An existing genus; *Affinidongshaea*: A genus related to but distinct from the existing genus Dongshaea of neighbouring.

Affinidorea

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Dorea*, An existing genus; *Affinidorea*: A genus related to but distinct from the existing genus Dorea of neighbouring.

Affinidraconibacterium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Draconibacterium*, An existing genus; *Affinidraconibacterium*: A genus related to but distinct from the existing genus Draconibacterium of neighbouring.

Affinidrancourtella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Drancourtella*, An existing genus; *Affinidrancourtella*: A genus related to but distinct from the existing genus Drancourtella of neighbouring.

Affinidrouetiella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Drouetiella*, An existing genus; *Affinidrouetiella*: A genus related to but distinct from the existing genus Drouetiella of neighbouring.

Affinidubosiella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Dubosiella*, An existing genus; *Affinidubosiella*: A genus related to but distinct from the existing genus Dubosiella of neighbouring.

Affiniduganella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Duganella*, An existing genus; *Affiniduganella*: A genus related to but distinct from the existing genus Duganella of neighbouring.

Affinidulcicalothrix

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Dulcicalothrix*, An existing genus; *Affinidulcicalothrix*: A genus related to but distinct from the existing genus Dulcicalothrix of neighbouring.

Affiniduncaniella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Duncaniella*, An existing genus; *Affiniduncaniella*: A genus related to but distinct from the existing genus Duncaniella of neighbouring.

Affinidyadobacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Dyadobacter*, An existing genus; *Affinidyadobacter*: A genus related to but distinct from the existing genus Dyadobacter of neighbouring.

Affinidyella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Dyella*, An existing genus; *Affinidyella*: A genus related to but distinct from the existing genus Dyella of neighbouring.

Affinidysgonomonas

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Dysgonomonas*, An existing genus; *Affinidysgonomonas*: A genus related to but distinct from the existing genus Dysgonomonas of neighbouring.

Affinidysosmobacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Dysosmobacter*, An existing genus; *Affinidysosmobacter*: A genus related to but distinct from the existing genus Dysosmobacter of neighbouring.

Affiniechinicola

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Echinicola*, An existing genus; *Affiniechinicola*: A genus related to but distinct from the existing genus Echinicola of neighbouring.

Affiniechinimonas

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Echinimonas*, An existing genus; *Affiniechinimonas*: A genus related to but distinct from the existing genus Echinimonas of neighbouring.

Affiniectothiorhodosinus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Ectothiorhodosinus*, An existing genus; *Affiniectothiorhodosinus*: A genus related to but distinct from the existing genus Ectothiorhodosinus of neighbouring.

Affiniectothiorhodospira

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Ectothiorhodospira*, An existing genus; *Affiniectothiorhodospira*: A genus related to but distinct from the existing genus Ectothiorhodospira of neighbouring.

Affiniedaphobacillus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Edaphobacillus*, An existing genus; *Affiniedaphobacillus*: A genus related to but distinct from the existing genus Edaphobacillus of neighbouring.

Affiniedaphobacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Edaphobacter*, An existing genus; *Affiniedaphobacter*: A genus related to but distinct from the existing genus Edaphobacter of neighbouring.

Affiniedaphocola

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Edaphocola*, An existing genus; *Affiniedaphocola*: A genus related to but distinct from the existing genus Edaphocola of neighbouring.

Affiniedwardiiplasma

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Edwardiiplasma*, An existing genus; *Affiniedwardiiplasma*: A genus related to but distinct from the existing genus Edwardiiplasma of neighbouring.

Affiniedwardsiella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Edwardsiella*, An existing genus; *Affiniedwardsiella*: A genus related to but distinct from the existing genus Edwardsiella of neighbouring.

Affinieffluviibacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Effluviibacter*, An existing genus; *Affinieffluviibacter*: A genus related to but distinct from the existing genus Effluviibacter of neighbouring.

Affinieffusibacillus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Effusibacillus*, An existing genus; *Affinieffusibacillus*: A genus related to but distinct from the existing genus Effusibacillus of neighbouring.

Affinieggerthella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Eggerthella*, An existing genus; *Affinieggerthella*: A genus related to but distinct from the existing genus Eggerthella of neighbouring.

Affinieggerthia

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Eggerthia*, An existing genus; *Affinieggerthia*: A genus related to but distinct from the existing genus Eggerthia of neighbouring.

Affiniegibacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Egibacter*, An existing genus; *Affiniegibacter*: A genus related to but distinct from the existing genus Egibacter of neighbouring.

Affiniegicoccus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Egicoccus*, An existing genus; *Affiniegicoccus*: A genus related to but distinct from the existing genus Egicoccus of neighbouring.

Affiniehrlichia

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Ehrlichia*, An existing genus; *Affiniehrlichia*: A genus related to but distinct from the existing genus Ehrlichia of neighbouring.

Affinieikenella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Eikenella*, An existing genus; *Affinieikenella*: A genus related to but distinct from the existing genus Eikenella of neighbouring.

Affinieilatimonas

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Eilatimonas*, An existing genus; *Affinieilatimonas*: A genus related to but distinct from the existing genus Eilatimonas of neighbouring.

Affinieionea

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Eionea*, An existing genus; *Affinieionea*: A genus related to but distinct from the existing genus Eionea of neighbouring.

Affinieisenbergiella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Eisenbergiella*, An existing genus; *Affinieisenbergiella*: A genus related to but distinct from the existing genus Eisenbergiella of neighbouring.

Affinieisenibacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Eisenibacter*, An existing genus; *Affinieisenibacter*: A genus related to but distinct from the existing genus Eisenibacter of neighbouring.

Affinielainella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Elainella*, An existing genus; *Affinielainella*: A genus related to but distinct from the existing genus Elainella of neighbouring.

Affinielioraea

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Elioraea*, An existing genus; *Affinielioraea*: A genus related to but distinct from the existing genus Elioraea of neighbouring.

Affinielizabethkingia

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Elizabethkingia*, An existing genus; *Affinielizabethkingia*: A genus related to but distinct from the existing genus Elizabethkingia of neighbouring.

Affiniellagibacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Ellagibacter*, An existing genus; *Affiniellagibacter*: A genus related to but distinct from the existing genus Ellagibacter of neighbouring.

Affinielstera

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Elstera*, An existing genus; *Affinielstera*: A genus related to but distinct from the existing genus Elstera of neighbouring.

Affinielusimicrobium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Elusimicrobium*, An existing genus; *Affinielusimicrobium*: A genus related to but distinct from the existing genus Elusimicrobium of neighbouring.

Affinielytrosporangium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Elytrosporangium*, An existing genus; *Affinielytrosporangium*: A genus related to but distinct from the existing genus Elytrosporangium of neighbouring.

Affiniembleya

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Embleya*, An existing genus; *Affiniembleya*: A genus related to but distinct from the existing genus Embleya of neighbouring.

Affiniemcibacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Emcibacter*, An existing genus; *Affiniemcibacter*: A genus related to but distinct from the existing genus Emcibacter of neighbouring.

Affiniempedobacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Empedobacter*, An existing genus; *Affiniempedobacter*: A genus related to but distinct from the existing genus Empedobacter of neighbouring.

Affiniemticicia

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Emticicia*, An existing genus; *Affiniemticicia*: A genus related to but distinct from the existing genus Emticicia of neighbouring.

Affiniendobacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Endobacter*, An existing genus; *Affiniendobacter*: A genus related to but distinct from the existing genus Endobacter of neighbouring.

Affiniendobacterium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Endobacterium*, An existing genus; *Affiniendobacterium*: A genus related to but distinct from the existing genus Endobacterium of neighbouring.

Affiniendomicrobium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Endomicrobium*, An existing genus; *Affiniendomicrobium*: A genus related to but distinct from the existing genus Endomicrobium of neighbouring.

Affiniendothiovibrio

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Endothiovibrio*, An existing genus; *Affiniendothiovibrio*: A genus related to but distinct from the existing genus Endothiovibrio of neighbouring.

Affiniendozoicomonas

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Endozoicomonas*, An existing genus; *Affiniendozoicomonas*: A genus related to but distinct from the existing genus Endozoicomonas of neighbouring.

Affinienhydrobacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Enhydrobacter*, An existing genus; *Affinienhydrobacter*: A genus related to but distinct from the existing genus Enhydrobacter of neighbouring.

Affinienhygromyxa

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Enhygromyxa*, An existing genus; *Affinienhygromyxa*: A genus related to but distinct from the existing genus Enhygromyxa of neighbouring.

Affinienorma

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Enorma*, An existing genus; *Affinienorma*: A genus related to but distinct from the existing genus Enorma of neighbouring.

Affiniensifer

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Ensifer*, An existing genus; *Affiniensifer*: A genus related to but distinct from the existing genus Ensifer of neighbouring.

Affinienteractinococcus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Enteractinococcus*, An existing genus; *Affinienteractinococcus*: A genus related to but distinct from the existing genus Enteractinococcus of neighbouring.

Affinienterobacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Enterobacter*, An existing genus; *Affinienterobacter*: A genus related to but distinct from the existing genus Enterobacter of neighbouring.

Affinienterocloster

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Enterocloster*, An existing genus; *Affinienterocloster*: A genus related to but distinct from the existing genus Enterocloster of neighbouring.

Affinienterococcus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Enterococcus*, An existing genus; *Affinienterococcus*: A genus related to but distinct from the existing genus Enterococcus of neighbouring.

Affinienterorhabdus

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Enterorhabdus*, An existing genus; *Affinienterorhabdus*: A genus related to but distinct from the existing genus Enterorhabdus of neighbouring.

Affinienteroscipio

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Enteroscipio*, An existing genus; *Affinienteroscipio*: A genus related to but distinct from the existing genus Enteroscipio of neighbouring.

Affinienterovibrio

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Enterovibrio*, An existing genus; *Affinienterovibrio*: A genus related to but distinct from the existing genus Enterovibrio of neighbouring.

Affinientomomonas

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Entomomonas*, An existing genus; *Affinientomomonas*: A genus related to but distinct from the existing genus Entomomonas of neighbouring.

Affinientomoplasma

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Entomoplasma*, An existing genus; *Affinientomoplasma*: A genus related to but distinct from the existing genus Entomoplasma of neighbouring.

Affinieperythrozoon

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Eperythrozoon*, An existing genus; *Affinieperythrozoon*: A genus related to but distinct from the existing genus Eperythrozoon of neighbouring.

Affiniephemeroptericola

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Ephemeroptericola*, An existing genus; *Affiniephemeroptericola*: A genus related to but distinct from the existing genus Ephemeroptericola of neighbouring.

Affiniepibacterium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Epibacterium*, An existing genus; *Affiniepibacterium*: A genus related to but distinct from the existing genus Epibacterium of neighbouring.

Affiniepidermidibacterium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Epidermidibacterium*, An existing genus; *Affiniepidermidibacterium*: A genus related to but distinct from the existing genus Epidermidibacterium of neighbouring.

Affiniepigloeosphaera

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Epigloeosphaera*, An existing genus; *Affiniepigloeosphaera*: A genus related to but distinct from the existing genus Epigloeosphaera of neighbouring.

Affiniepilithonimonas

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Epilithonimonas*, An existing genus; *Affiniepilithonimonas*: A genus related to but distinct from the existing genus Epilithonimonas of neighbouring.

Affiniercella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Ercella*, An existing genus; *Affiniercella*: A genus related to but distinct from the existing genus Ercella of neighbouring.

Affiniereboglobus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Ereboglobus*, An existing genus; *Affiniereboglobus*: A genus related to but distinct from the existing genus Ereboglobus of neighbouring.

Affinieremococcus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Eremococcus*, An existing genus; *Affinieremococcus*: A genus related to but distinct from the existing genus Eremococcus of neighbouring.

Affinierwinia

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Erwinia*, An existing genus; *Affinierwinia*: A genus related to but distinct from the existing genus Erwinia of neighbouring.

Affinierysipelothrix

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Erysipelothrix*, An existing genus; *Affinierysipelothrix*: A genus related to but distinct from the existing genus Erysipelothrix of neighbouring.

Affinierythrobacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Erythrobacter*, An existing genus; *Affinierythrobacter*: A genus related to but distinct from the existing genus Erythrobacter of neighbouring.

Affinierythromicrobium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Erythromicrobium*, An existing genus; *Affinierythromicrobium*: A genus related to but distinct from the existing genus Erythromicrobium of neighbouring.

Affinierythromonas

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Erythromonas*, An existing genus; *Affinierythromonas*: A genus related to but distinct from the existing genus Erythromonas of neighbouring.

Affiniescherichia

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Escherichia*, An existing genus; *Affiniescherichia*: A genus related to but distinct from the existing genus Escherichia of neighbouring.

Affiniethanoligenens

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Ethanoligenens*, An existing genus; *Affiniethanoligenens*: A genus related to but distinct from the existing genus Ethanoligenens of neighbouring.

Affinieubacterium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Eubacterium*, An existing genus; *Affinieubacterium*: A genus related to but distinct from the existing genus Eubacterium of neighbouring.

Affinieucapsis

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Eucapsis*, An existing genus; *Affinieucapsis*: A genus related to but distinct from the existing genus Eucapsis of neighbouring.

Affinieudoraea

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Eudoraea*, An existing genus; *Affinieudoraea*: A genus related to but distinct from the existing genus Eudoraea of neighbouring.

Affinieuryhalocaulis

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Euryhalocaulis*, An existing genus; *Affinieuryhalocaulis*: A genus related to but distinct from the existing genus Euryhalocaulis of neighbouring.

Affinieuzebya

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Euzebya*, An existing genus; *Affinieuzebya*: A genus related to but distinct from the existing genus Euzebya of neighbouring.

Affinieuzebyella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Euzebyella*, An existing genus; *Affinieuzebyella*: A genus related to but distinct from the existing genus Euzebyella of neighbouring.

Affiniewamiania

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Ewamiania*, An existing genus; *Affiniewamiania*: A genus related to but distinct from the existing genus Ewamiania of neighbouring.

Affiniewingella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Ewingella*, An existing genus; *Affiniewingella*: A genus related to but distinct from the existing genus Ewingella of neighbouring.

Affiniexcellospora

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Excellospora*, An existing genus; *Affiniexcellospora*: A genus related to but distinct from the existing genus Excellospora of neighbouring.

Affiniexilibacterium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Exilibacterium*, An existing genus; *Affiniexilibacterium*: A genus related to but distinct from the existing genus Exilibacterium of neighbouring.

Affiniexilispira

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Exilispira*, An existing genus; *Affiniexilispira*: A genus related to but distinct from the existing genus Exilispira of neighbouring.

Affiniextensimonas

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Extensimonas*, An existing genus; *Affiniextensimonas*: A genus related to but distinct from the existing genus Extensimonas of neighbouring.

Affiniextibacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Extibacter*, An existing genus; *Affiniextibacter*: A genus related to but distinct from the existing genus Extibacter of neighbouring.

Affinifabibacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Fabibacter*, An existing genus; *Affinifabibacter*: A genus related to but distinct from the existing genus Fabibacter of neighbouring.

Affinifabivirga

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Fabivirga*, An existing genus; *Affinifabivirga*: A genus related to but distinct from the existing genus Fabivirga of neighbouring.

Affinifacilibium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Facilibium*, An existing genus; *Affinifacilibium*: A genus related to but distinct from the existing genus Facilibium of neighbouring.

Affinifacklamia

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Facklamia*, An existing genus; *Affinifacklamia*: A genus related to but distinct from the existing genus Facklamia of neighbouring.

Affinifaecalibacillus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Faecalibacillus*, An existing genus; *Affinifaecalibacillus*: A genus related to but distinct from the existing genus Faecalibacillus of neighbouring.

Affinifaecalibacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Faecalibacter*, An existing genus; *Affinifaecalibacter*: A genus related to but distinct from the existing genus Faecalibacter of neighbouring.

Affinifaecalibacterium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Faecalibacterium*, An existing genus; *Affinifaecalibacterium*: A genus related to but distinct from the existing genus Faecalibacterium of neighbouring.

Affinifaecalibaculum

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Faecalibaculum*, An existing genus; *Affinifaecalibaculum*: A genus related to but distinct from the existing genus Faecalibaculum of neighbouring.

Affinifaecalicatena

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Faecalicatena*, An existing genus; *Affinifaecalicatena*: A genus related to but distinct from the existing genus Faecalicatena of neighbouring.

Affinifaecalicoccus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Faecalicoccus*, An existing genus; *Affinifaecalicoccus*: A genus related to but distinct from the existing genus Faecalicoccus of neighbouring.

Affinifaecalimonas

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Faecalimonas*, An existing genus; *Affinifaecalimonas*: A genus related to but distinct from the existing genus Faecalimonas of neighbouring.

Affinifaecalitalea

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Faecalitalea*, An existing genus; *Affinifaecalitalea*: A genus related to but distinct from the existing genus Faecalitalea of neighbouring.

Affinifaenia

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Faenia*, An existing genus; *Affinifaenia*: A genus related to but distinct from the existing genus Faenia of neighbouring.

Affinifalcatimonas

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Falcatimonas*, An existing genus; *Affinifalcatimonas*: A genus related to but distinct from the existing genus Falcatimonas of neighbouring.

Affinifalsarthrobacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Falsarthrobacter*, An existing genus; *Affinifalsarthrobacter*: A genus related to but distinct from the existing genus Falsarthrobacter of neighbouring.

Affinifalsibacillus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Falsibacillus*, An existing genus; *Affinifalsibacillus*: A genus related to but distinct from the existing genus Falsibacillus of neighbouring.

Affinifalsigemmobacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Falsigemmobacter*, An existing genus; *Affinifalsigemmobacter*: A genus related to but distinct from the existing genus Falsigemmobacter of neighbouring.

Affinifalsiporphyromonas

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Falsiporphyromonas*, An existing genus; *Affinifalsiporphyromonas*: A genus related to but distinct from the existing genus Falsiporphyromonas of neighbouring.

Affinifalsirhodobacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Falsirhodobacter*, An existing genus; *Affinifalsirhodobacter*: A genus related to but distinct from the existing genus Falsirhodobacter of neighbouring.

Affinifalsochrobactrum

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Falsochrobactrum*, An existing genus; *Affinifalsochrobactrum*: A genus related to but distinct from the existing genus Falsochrobactrum of neighbouring.

Affinifangia

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Fangia*, An existing genus; *Affinifangia*: A genus related to but distinct from the existing genus Fangia of neighbouring.

Affinifannyhessea

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Fannyhessea*, An existing genus; *Affinifannyhessea*: A genus related to but distinct from the existing genus Fannyhessea of neighbouring.

Affinifastidiosipila

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Fastidiosipila*, An existing genus; *Affinifastidiosipila*: A genus related to but distinct from the existing genus Fastidiosipila of neighbouring.

Affinifaucicola

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Faucicola*, An existing genus; *Affinifaucicola*: A genus related to but distinct from the existing genus Faucicola of neighbouring.

Affinifeifantangia

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Feifantangia*, An existing genus; *Affinifeifantangia*: A genus related to but distinct from the existing genus Feifantangia of neighbouring.

Affinifenollaria

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Fenollaria*, An existing genus; *Affinifenollaria*: A genus related to but distinct from the existing genus Fenollaria of neighbouring.

Affinifermentibacillus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Fermentibacillus*, An existing genus; *Affinifermentibacillus*: A genus related to but distinct from the existing genus Fermentibacillus of neighbouring.

Affinifermentimonas

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Fermentimonas*, An existing genus; *Affinifermentimonas*: A genus related to but distinct from the existing genus Fermentimonas of neighbouring.

Affiniferribacterium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Ferribacterium*, An existing genus; *Affiniferribacterium*: A genus related to but distinct from the existing genus Ferribacterium of neighbouring.

Affiniferrigenium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Ferrigenium*, An existing genus; *Affiniferrigenium*: A genus related to but distinct from the existing genus Ferrigenium of neighbouring.

Affiniferrimicrobium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Ferrimicrobium*, An existing genus; *Affiniferrimicrobium*: A genus related to but distinct from the existing genus Ferrimicrobium of neighbouring.

Affiniferrimonas

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Ferrimonas*, An existing genus; *Affiniferrimonas*: A genus related to but distinct from the existing genus Ferrimonas of neighbouring.

Affiniferriphaselus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Ferriphaselus*, An existing genus; *Affiniferriphaselus*: A genus related to but distinct from the existing genus Ferriphaselus of neighbouring.

Affiniferrithrix

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Ferrithrix*, An existing genus; *Affiniferrithrix*: A genus related to but distinct from the existing genus Ferrithrix of neighbouring.

Affiniferroglobus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Ferroglobus*, An existing genus; *Affiniferroglobus*: A genus related to but distinct from the existing genus Ferroglobus of neighbouring.

Affiniferroplasma

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Ferroplasma*, An existing genus; *Affiniferroplasma*: A genus related to but distinct from the existing genus Ferroplasma of neighbouring.

Affiniferrovibrio

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Ferrovibrio*, An existing genus; *Affiniferrovibrio*: A genus related to but distinct from the existing genus Ferrovibrio of neighbouring.

Affiniferruginibacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Ferruginibacter*, An existing genus; *Affiniferruginibacter*: A genus related to but distinct from the existing genus Ferruginibacter of neighbouring.

Affiniferruginivarius

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Ferruginivarius*, An existing genus; *Affiniferruginivarius*: A genus related to but distinct from the existing genus Ferruginivarius of neighbouring.

Affinifervidicella

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Fervidicella*, An existing genus; *Affinifervidicella*: A genus related to but distinct from the existing genus Fervidicella of neighbouring.

Affinifervidicoccus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Fervidicoccus*, An existing genus; *Affinifervidicoccus*: A genus related to but distinct from the existing genus Fervidicoccus of neighbouring.

Affinifervidicola

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Fervidicola*, An existing genus; *Affinifervidicola*: A genus related to but distinct from the existing genus Fervidicola of neighbouring.

Affinifervidobacterium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Fervidobacterium*, An existing genus; *Affinifervidobacterium*: A genus related to but distinct from the existing genus Fervidobacterium of neighbouring.

Affinifibrella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Fibrella*, An existing genus; *Affinifibrella*: A genus related to but distinct from the existing genus Fibrella of neighbouring.

Affinifibrisoma

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Fibrisoma*, An existing genus; *Affinifibrisoma*: A genus related to but distinct from the existing genus Fibrisoma of neighbouring.

Affinifibrobacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Fibrobacter*, An existing genus; *Affinifibrobacter*: A genus related to but distinct from the existing genus Fibrobacter of neighbouring.

Affinifictibacillus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Fictibacillus*, An existing genus; *Affinifictibacillus*: A genus related to but distinct from the existing genus Fictibacillus of neighbouring.

Affinifilibacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Filibacter*, An existing genus; *Affinifilibacter*: A genus related to but distinct from the existing genus Filibacter of neighbouring.

Affinifilifactor

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Filifactor*, An existing genus; *Affinifilifactor*: A genus related to but distinct from the existing genus Filifactor of neighbouring.

Affinifilimonas

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Filimonas*, An existing genus; *Affinifilimonas*: A genus related to but distinct from the existing genus Filimonas of neighbouring.

Affinifilobacillus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Filobacillus*, An existing genus; *Affinifilobacillus*: A genus related to but distinct from the existing genus Filobacillus of neighbouring.

Affinifilobacterium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Filobacterium*, An existing genus; *Affinifilobacterium*: A genus related to but distinct from the existing genus Filobacterium of neighbouring.

Affinifilomicrobium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Filomicrobium*, An existing genus; *Affinifilomicrobium*: A genus related to but distinct from the existing genus Filomicrobium of neighbouring.

Affinifimbriiglobus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Fimbriiglobus*, An existing genus; *Affinifimbriiglobus*: A genus related to but distinct from the existing genus Fimbriiglobus of neighbouring.

Affinifimbriimonas

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Fimbriimonas*, An existing genus; *Affinifimbriimonas*: A genus related to but distinct from the existing genus Fimbriimonas of neighbouring.

Affinifinegoldia

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Finegoldia*, An existing genus; *Affinifinegoldia*: A genus related to but distinct from the existing genus Finegoldia of neighbouring.

Affiniflagellimonas

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Flagellimonas*, An existing genus; *Affiniflagellimonas*: A genus related to but distinct from the existing genus Flagellimonas of neighbouring.

Affiniflammeovirga

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Flammeovirga*, An existing genus; *Affiniflammeovirga*: A genus related to but distinct from the existing genus Flammeovirga of neighbouring.

Affiniflaviaesturariibacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Flaviaesturariibacter*, An existing genus; *Affiniflaviaesturariibacter*: A genus related to but distinct from the existing genus Flaviaesturariibacter of neighbouring.

Affiniflavicella

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Flavicella*, An existing genus; *Affiniflavicella*: A genus related to but distinct from the existing genus Flavicella of neighbouring.

Affiniflaviflagellibacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Flaviflagellibacter*, An existing genus; *Affiniflaviflagellibacter*: A genus related to but distinct from the existing genus Flaviflagellibacter of neighbouring.

Affiniflaviflexus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Flaviflexus*, An existing genus; *Affiniflaviflexus*: A genus related to but distinct from the existing genus Flaviflexus of neighbouring.

Affiniflavihumibacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Flavihumibacter*, An existing genus; *Affiniflavihumibacter*: A genus related to but distinct from the existing genus Flavihumibacter of neighbouring.

Affiniflavilitoribacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Flavilitoribacter*, An existing genus; *Affiniflavilitoribacter*: A genus related to but distinct from the existing genus Flavilitoribacter of neighbouring.

Affiniflavimaricola

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Flavimaricola*, An existing genus; *Affiniflavimaricola*: A genus related to but distinct from the existing genus Flavimaricola of neighbouring.

Affiniflavimarina

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Flavimarina*, An existing genus; *Affiniflavimarina*: A genus related to but distinct from the existing genus Flavimarina of neighbouring.

Affiniflavimobilis

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Flavimobilis*, An existing genus; *Affiniflavimobilis*: A genus related to but distinct from the existing genus Flavimobilis of neighbouring.

Affiniflavimonas

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Flavimonas*, An existing genus; *Affiniflavimonas*: A genus related to but distinct from the existing genus Flavimonas of neighbouring.

Affiniflavipsychrobacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Flavipsychrobacter*, An existing genus; *Affiniflavipsychrobacter*: A genus related to but distinct from the existing genus Flavipsychrobacter of neighbouring.

Affiniflaviramulus

L. masc. adjective *affinis*, neighbouring; L. masc. dim. n. *Flaviramulus*, An existing genus; *Affiniflaviramulus*: A genus related to but distinct from the existing genus Flaviramulus of neighbouring.

Affiniflavirhabdus

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Flavirhabdus*, An existing genus; *Affiniflavirhabdus*: A genus related to but distinct from the existing genus Flavirhabdus of neighbouring.

Affiniflavisolibacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Flavisolibacter*, An existing genus; *Affiniflavisolibacter*: A genus related to but distinct from the existing genus Flavisolibacter of neighbouring.

Affiniflavitalea

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Flavitalea*, An existing genus; *Affiniflavitalea*: A genus related to but distinct from the existing genus Flavitalea of neighbouring.

Affiniflavivirga

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Flavivirga*, An existing genus; *Affiniflavivirga*: A genus related to but distinct from the existing genus Flavivirga of neighbouring.

Affiniflavobacterium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Flavobacterium*, An existing genus; *Affiniflavobacterium*: A genus related to but distinct from the existing genus Flavobacterium of neighbouring.

Affiniflavonifractor

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Flavonifractor*, An existing genus; *Affiniflavonifractor*: A genus related to but distinct from the existing genus Flavonifractor of neighbouring.

Affiniflectobacillus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Flectobacillus*, An existing genus; *Affiniflectobacillus*: A genus related to but distinct from the existing genus Flectobacillus of neighbouring.

Affiniflexibacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Flexibacter*, An existing genus; *Affiniflexibacter*: A genus related to but distinct from the existing genus Flexibacter of neighbouring.

Affiniflexilinea

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Flexilinea*, An existing genus; *Affiniflexilinea*: A genus related to but distinct from the existing genus Flexilinea of neighbouring.

Affiniflexistipes

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Flexistipes*, An existing genus; *Affiniflexistipes*: A genus related to but distinct from the existing genus Flexistipes of neighbouring.

Affiniflexithrix

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Flexithrix*, An existing genus; *Affiniflexithrix*: A genus related to but distinct from the existing genus Flexithrix of neighbouring.

Affiniflexivirga

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Flexivirga*, An existing genus; *Affiniflexivirga*: A genus related to but distinct from the existing genus Flexivirga of neighbouring.

Affiniflindersiella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Flindersiella*, An existing genus; *Affiniflindersiella*: A genus related to but distinct from the existing genus Flindersiella of neighbouring.

Affiniflintibacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Flintibacter*, An existing genus; *Affiniflintibacter*: A genus related to but distinct from the existing genus Flintibacter of neighbouring.

Affinifloricoccus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Floricoccus*, An existing genus; *Affinifloricoccus*: A genus related to but distinct from the existing genus Floricoccus of neighbouring.

Affinifluoribacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Fluoribacter*, An existing genus; *Affinifluoribacter*: A genus related to but distinct from the existing genus Fluoribacter of neighbouring.

Affinifluviibacterium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Fluviibacterium*, An existing genus; *Affinifluviibacterium*: A genus related to but distinct from the existing genus Fluviibacterium of neighbouring.

Affinifluviicoccus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Fluviicoccus*, An existing genus; *Affinifluviicoccus*: A genus related to but distinct from the existing genus Fluviicoccus of neighbouring.

Affinifluviicola

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Fluviicola*, An existing genus; *Affinifluviicola*: A genus related to but distinct from the existing genus Fluviicola of neighbouring.

Affinifluviimonas

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Fluviimonas*, An existing genus; *Affinifluviimonas*: A genus related to but distinct from the existing genus Fluviimonas of neighbouring.

Affinifluviispira

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Fluviispira*, An existing genus; *Affinifluviispira*: A genus related to but distinct from the existing genus Fluviispira of neighbouring.

Affinifodinibacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Fodinibacter*, An existing genus; *Affinifodinibacter*: A genus related to but distinct from the existing genus Fodinibacter of neighbouring.

Affinifodinibius

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Fodinibius*, An existing genus; *Affinifodinibius*: A genus related to but distinct from the existing genus Fodinibius of neighbouring.

Affinifodinicola

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Fodinicola*, An existing genus; *Affinifodinicola*: A genus related to but distinct from the existing genus Fodinicola of neighbouring.

Affinifodinicurvata

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Fodinicurvata*, An existing genus; *Affinifodinicurvata*: A genus related to but distinct from the existing genus Fodinicurvata of neighbouring.

Affinifoliisarcina

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Foliisarcina*, An existing genus; *Affinifoliisarcina*: A genus related to but distinct from the existing genus Foliisarcina of neighbouring.

Affinifontibacillus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Fontibacillus*, An existing genus; *Affinifontibacillus*: A genus related to but distinct from the existing genus Fontibacillus of neighbouring.

Affinifontibacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Fontibacter*, An existing genus; *Affinifontibacter*: A genus related to but distinct from the existing genus Fontibacter of neighbouring.

Affinifonticella

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Fonticella*, An existing genus; *Affinifonticella*: A genus related to but distinct from the existing genus Fonticella of neighbouring.

Affinifontimonas

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Fontimonas*, An existing genus; *Affinifontimonas*: A genus related to but distinct from the existing genus Fontimonas of neighbouring.

Affiniformivibrio

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Formivibrio*, An existing genus; *Affiniformivibrio*: A genus related to but distinct from the existing genus Formivibrio of neighbouring.

Affiniformosa

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Formosa*, An existing genus; *Affiniformosa*: A genus related to but distinct from the existing genus Formosa of neighbouring.

Affiniformosimonas

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Formosimonas*, An existing genus; *Affiniformosimonas*: A genus related to but distinct from the existing genus Formosimonas of neighbouring.

Affinifournierella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Fournierella*, An existing genus; *Affinifournierella*: A genus related to but distinct from the existing genus Fournierella of neighbouring.

Affinifrancisella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Francisella*, An existing genus; *Affinifrancisella*: A genus related to but distinct from the existing genus Francisella of neighbouring.

Affinifranconibacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Franconibacter*, An existing genus; *Affinifranconibacter*: A genus related to but distinct from the existing genus Franconibacter of neighbouring.

Affinifrankia

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Frankia*, An existing genus; *Affinifrankia*: A genus related to but distinct from the existing genus Frankia of neighbouring.

Affinifrateuria

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Frateuria*, An existing genus; *Affinifrateuria*: A genus related to but distinct from the existing genus Frateuria of neighbouring.

Affinifrederiksenia

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Frederiksenia*, An existing genus; *Affinifrederiksenia*: A genus related to but distinct from the existing genus Frederiksenia of neighbouring.

Affinifretibacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Fretibacter*, An existing genus; *Affinifretibacter*: A genus related to but distinct from the existing genus Fretibacter of neighbouring.

Affinifretibacterium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Fretibacterium*, An existing genus; *Affinifretibacterium*: A genus related to but distinct from the existing genus Fretibacterium of neighbouring.

Affinifriedmanniella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Friedmanniella*, An existing genus; *Affinifriedmanniella*: A genus related to but distinct from the existing genus Friedmanniella of neighbouring.

Affinifrigidibacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Frigidibacter*, An existing genus; *Affinifrigidibacter*: A genus related to but distinct from the existing genus Frigidibacter of neighbouring.

Affinifrigoribacterium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Frigoribacterium*, An existing genus; *Affinifrigoribacterium*: A genus related to but distinct from the existing genus Frigoribacterium of neighbouring.

Affinifrischella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Frischella*, An existing genus; *Affinifrischella*: A genus related to but distinct from the existing genus Frischella of neighbouring.

Affinifrisingicoccus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Frisingicoccus*, An existing genus; *Affinifrisingicoccus*: A genus related to but distinct from the existing genus Frisingicoccus of neighbouring.

Affinifrondibacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Frondibacter*, An existing genus; *Affinifrondibacter*: A genus related to but distinct from the existing genus Frondibacter of neighbouring.

Affinifrondicola

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Frondicola*, An existing genus; *Affinifrondicola*: A genus related to but distinct from the existing genus Frondicola of neighbouring.

Affinifrondihabitans

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Frondihabitans*, An existing genus; *Affinifrondihabitans*: A genus related to but distinct from the existing genus Frondihabitans of neighbouring.

Affinifructilactobacillus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Fructilactobacillus*, An existing genus; *Affinifructilactobacillus*: A genus related to but distinct from the existing genus Fructilactobacillus of neighbouring.

Affinifructobacillus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Fructobacillus*, An existing genus; *Affinifructobacillus*: A genus related to but distinct from the existing genus Fructobacillus of neighbouring.

Affinifuchsiella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Fuchsiella*, An existing genus; *Affinifuchsiella*: A genus related to but distinct from the existing genus Fuchsiella of neighbouring.

Affinifudania

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Fudania*, An existing genus; *Affinifudania*: A genus related to but distinct from the existing genus Fudania of neighbouring.

Affinifuerstia

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Fuerstia*, An existing genus; *Affinifuerstia*: A genus related to but distinct from the existing genus Fuerstia of neighbouring.

Affinifulvibacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Fulvibacter*, An existing genus; *Affinifulvibacter*: A genus related to but distinct from the existing genus Fulvibacter of neighbouring.

Affinifulvimarina

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Fulvimarina*, An existing genus; *Affinifulvimarina*: A genus related to but distinct from the existing genus Fulvimarina of neighbouring.

Affinifulvimonas

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Fulvimonas*, An existing genus; *Affinifulvimonas*: A genus related to but distinct from the existing genus Fulvimonas of neighbouring.

Affinifulvitalea

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Fulvitalea*, An existing genus; *Affinifulvitalea*: A genus related to but distinct from the existing genus Fulvitalea of neighbouring.

Affinifulvivirga

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Fulvivirga*, An existing genus; *Affinifulvivirga*: A genus related to but distinct from the existing genus Fulvivirga of neighbouring.

Affinifundibacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Fundibacter*, An existing genus; *Affinifundibacter*: A genus related to but distinct from the existing genus Fundibacter of neighbouring.

Affinifundicoccus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Fundicoccus*, An existing genus; *Affinifundicoccus*: A genus related to but distinct from the existing genus Fundicoccus of neighbouring.

Affinifurfurilactobacillus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Furfurilactobacillus*, An existing genus; *Affinifurfurilactobacillus*: A genus related to but distinct from the existing genus Furfurilactobacillus of neighbouring.

Affinifuscovulum

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Fuscovulum*, An existing genus; *Affinifuscovulum*: A genus related to but distinct from the existing genus Fuscovulum of neighbouring.

Affinifusibacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Fusibacter*, An existing genus; *Affinifusibacter*: A genus related to but distinct from the existing genus Fusibacter of neighbouring.

Affinifusicatenibacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Fusicatenibacter*, An existing genus; *Affinifusicatenibacter*: A genus related to but distinct from the existing genus Fusicatenibacter of neighbouring.

Affinifusimonas

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Fusimonas*, An existing genus; *Affinifusimonas*: A genus related to but distinct from the existing genus Fusimonas of neighbouring.

Affinifusobacterium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Fusobacterium*, An existing genus; *Affinifusobacterium*: A genus related to but distinct from the existing genus Fusobacterium of neighbouring.

Affinigabonia

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Gabonia*, An existing genus; *Affinigabonia*: A genus related to but distinct from the existing genus Gabonia of neighbouring.

Affinigabonibacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Gabonibacter*, An existing genus; *Affinigabonibacter*: A genus related to but distinct from the existing genus Gabonibacter of neighbouring.

Affinigaetbulibacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Gaetbulibacter*, An existing genus; *Affinigaetbulibacter*: A genus related to but distinct from the existing genus Gaetbulibacter of neighbouring.

Affinigaetbulicola

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Gaetbulicola*, An existing genus; *Affinigaetbulicola*: A genus related to but distinct from the existing genus Gaetbulicola of neighbouring.

Affinigaetbulimicrobium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Gaetbulimicrobium*, An existing genus; *Affinigaetbulimicrobium*: A genus related to but distinct from the existing genus Gaetbulimicrobium of neighbouring.

Affinigaiella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Gaiella*, An existing genus; *Affinigaiella*: A genus related to but distinct from the existing genus Gaiella of neighbouring.

Affinigalbibacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Galbibacter*, An existing genus; *Affinigalbibacter*: A genus related to but distinct from the existing genus Galbibacter of neighbouring.

Affinigalbitalea

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Galbitalea*, An existing genus; *Affinigalbitalea*: A genus related to but distinct from the existing genus Galbitalea of neighbouring.

Affinigallaecimonas

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Gallaecimonas*, An existing genus; *Affinigallaecimonas*: A genus related to but distinct from the existing genus Gallaecimonas of neighbouring.

Affinigallibacterium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Gallibacterium*, An existing genus; *Affinigallibacterium*: A genus related to but distinct from the existing genus Gallibacterium of neighbouring.

Affinigallicola

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Gallicola*, An existing genus; *Affinigallicola*: A genus related to but distinct from the existing genus Gallicola of neighbouring.

Affinigallionella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Gallionella*, An existing genus; *Affinigallionella*: A genus related to but distinct from the existing genus Gallionella of neighbouring.

Affinigalliscardovia

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Galliscardovia*, An existing genus; *Affinigalliscardovia*: A genus related to but distinct from the existing genus Galliscardovia of neighbouring.

Affinigandjariella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Gandjariella*, An existing genus; *Affinigandjariella*: A genus related to but distinct from the existing genus Gandjariella of neighbouring.

Affinigangjinia

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Gangjinia*, An existing genus; *Affinigangjinia*: A genus related to but distinct from the existing genus Gangjinia of neighbouring.

Affinigarciella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Garciella*, An existing genus; *Affinigarciella*: A genus related to but distinct from the existing genus Garciella of neighbouring.

Affinigardnerella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Gardnerella*, An existing genus; *Affinigardnerella*: A genus related to but distinct from the existing genus Gardnerella of neighbouring.

Affinigaricola

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Garicola*, An existing genus; *Affinigaricola*: A genus related to but distinct from the existing genus Garicola of neighbouring.

Affinigarritya

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Garritya*, An existing genus; *Affinigarritya*: A genus related to but distinct from the existing genus Garritya of neighbouring.

Affinigayadomonas

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Gayadomonas*, An existing genus; *Affinigayadomonas*: A genus related to but distinct from the existing genus Gayadomonas of neighbouring.

Affinigelatiniphilus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Gelatiniphilus*, An existing genus; *Affinigelatiniphilus*: A genus related to but distinct from the existing genus Gelatiniphilus of neighbouring.

Affinigelidibacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Gelidibacter*, An existing genus; *Affinigelidibacter*: A genus related to but distinct from the existing genus Gelidibacter of neighbouring.

Affinigellertiella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Gellertiella*, An existing genus; *Affinigellertiella*: A genus related to but distinct from the existing genus Gellertiella of neighbouring.

Affinigelria

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Gelria*, An existing genus; *Affinigelria*: A genus related to but distinct from the existing genus Gelria of neighbouring.

Affinigemella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Gemella*, An existing genus; *Affinigemella*: A genus related to but distinct from the existing genus Gemella of neighbouring.

Affinigeminicoccus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Geminicoccus*, An existing genus; *Affinigeminicoccus*: A genus related to but distinct from the existing genus Geminicoccus of neighbouring.

Affinigeminisphaera

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Geminisphaera*, An existing genus; *Affinigeminisphaera*: A genus related to but distinct from the existing genus Geminisphaera of neighbouring.

Affinigeminobacterium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Geminobacterium*, An existing genus; *Affinigeminobacterium*: A genus related to but distinct from the existing genus Geminobacterium of neighbouring.

Affinigemmata

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Gemmata*, An existing genus; *Affinigemmata*: A genus related to but distinct from the existing genus Gemmata of neighbouring.

Affinigemmatimonas

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Gemmatimonas*, An existing genus; *Affinigemmatimonas*: A genus related to but distinct from the existing genus Gemmatimonas of neighbouring.

Affinigemmatirosa

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Gemmatirosa*, An existing genus; *Affinigemmatirosa*: A genus related to but distinct from the existing genus Gemmatirosa of neighbouring.

Affinigemmiger

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Gemmiger*, An existing genus; *Affinigemmiger*: A genus related to but distinct from the existing genus Gemmiger of neighbouring.

Affinigeoalkalibacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Geoalkalibacter*, An existing genus; *Affinigeoalkalibacter*: A genus related to but distinct from the existing genus Geoalkalibacter of neighbouring.

Affinigeobacillus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Geobacillus*, An existing genus; *Affinigeobacillus*: A genus related to but distinct from the existing genus Geobacillus of neighbouring.

Affinigeobacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Geobacter*, An existing genus; *Affinigeobacter*: A genus related to but distinct from the existing genus Geobacter of neighbouring.

Affinigeodermatophilus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Geodermatophilus*, An existing genus; *Affinigeodermatophilus*: A genus related to but distinct from the existing genus Geodermatophilus of neighbouring.

Affinigeofilum

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Geofilum*, An existing genus; *Affinigeofilum*: A genus related to but distinct from the existing genus Geofilum of neighbouring.

Affinigeoglobus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Geoglobus*, An existing genus; *Affinigeoglobus*: A genus related to but distinct from the existing genus Geoglobus of neighbouring.

Affinigeojedonia

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Geojedonia*, An existing genus; *Affinigeojedonia*: A genus related to but distinct from the existing genus Geojedonia of neighbouring.

Affinigeomicrobium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Geomicrobium*, An existing genus; *Affinigeomicrobium*: A genus related to but distinct from the existing genus Geomicrobium of neighbouring.

Affinigeomonas

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Geomonas*, An existing genus; *Affinigeomonas*: A genus related to but distinct from the existing genus Geomonas of neighbouring.

Affinigeopsychrobacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Geopsychrobacter*, An existing genus; *Affinigeopsychrobacter*: A genus related to but distinct from the existing genus Geopsychrobacter of neighbouring.

Affinigeorgenia

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Georgenia*, An existing genus; *Affinigeorgenia*: A genus related to but distinct from the existing genus Georgenia of neighbouring.

Affinigeorgfuchsia

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Georgfuchsia*, An existing genus; *Affinigeorgfuchsia*: A genus related to but distinct from the existing genus Georgfuchsia of neighbouring.

Affinigeorhizobium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Georhizobium*, An existing genus; *Affinigeorhizobium*: A genus related to but distinct from the existing genus Georhizobium of neighbouring.

Affinigeosporobacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Geosporobacter*, An existing genus; *Affinigeosporobacter*: A genus related to but distinct from the existing genus Geosporobacter of neighbouring.

Affinigeothermobacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Geothermobacter*, An existing genus; *Affinigeothermobacter*: A genus related to but distinct from the existing genus Geothermobacter of neighbouring.

Affinigeothermobacterium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Geothermobacterium*, An existing genus; *Affinigeothermobacterium*: A genus related to but distinct from the existing genus Geothermobacterium of neighbouring.

Affinigeothermomicrobium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Geothermomicrobium*, An existing genus; *Affinigeothermomicrobium*: A genus related to but distinct from the existing genus Geothermomicrobium of neighbouring.

Affinigeothrix

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Geothrix*, An existing genus; *Affinigeothrix*: A genus related to but distinct from the existing genus Geothrix of neighbouring.

Affinigeotoga

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Geotoga*, An existing genus; *Affinigeotoga*: A genus related to but distinct from the existing genus Geotoga of neighbouring.

Affinigeovibrio

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Geovibrio*, An existing genus; *Affinigeovibrio*: A genus related to but distinct from the existing genus Geovibrio of neighbouring.

Affinighiorsea

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Ghiorsea*, An existing genus; *Affinighiorsea*: A genus related to but distinct from the existing genus Ghiorsea of neighbouring.

Affinigibbsiella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Gibbsiella*, An existing genus; *Affinigibbsiella*: A genus related to but distinct from the existing genus Gibbsiella of neighbouring.

Affinigiesbergeria

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Giesbergeria*, An existing genus; *Affinigiesbergeria*: A genus related to but distinct from the existing genus Giesbergeria of neighbouring.

Affinigilliamella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Gilliamella*, An existing genus; *Affinigilliamella*: A genus related to but distinct from the existing genus Gilliamella of neighbouring.

Affinigillisia

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Gillisia*, An existing genus; *Affinigillisia*: A genus related to but distinct from the existing genus Gillisia of neighbouring.

Affinigilvibacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Gilvibacter*, An existing genus; *Affinigilvibacter*: A genus related to but distinct from the existing genus Gilvibacter of neighbouring.

Affinigilvimarinus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Gilvimarinus*, An existing genus; *Affinigilvimarinus*: A genus related to but distinct from the existing genus Gilvimarinus of neighbouring.

Affinigimesia

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Gimesia*, An existing genus; *Affinigimesia*: A genus related to but distinct from the existing genus Gimesia of neighbouring.

Affiniglaciecola

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Glaciecola*, An existing genus; *Affiniglaciecola*: A genus related to but distinct from the existing genus Glaciecola of neighbouring.

Affiniglaciibacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Glaciibacter*, An existing genus; *Affiniglaciibacter*: A genus related to but distinct from the existing genus Glaciibacter of neighbouring.

Affiniglaciihabitans

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Glaciihabitans*, An existing genus; *Affiniglaciihabitans*: A genus related to but distinct from the existing genus Glaciihabitans of neighbouring.

Affiniglaciimonas

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Glaciimonas*, An existing genus; *Affiniglaciimonas*: A genus related to but distinct from the existing genus Glaciimonas of neighbouring.

Affiniglaesserella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Glaesserella*, An existing genus; *Affiniglaesserella*: A genus related to but distinct from the existing genus Glaesserella of neighbouring.

Affinigleimia

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Gleimia*, An existing genus; *Affinigleimia*: A genus related to but distinct from the existing genus Gleimia of neighbouring.

Affiniglobicatella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Globicatella*, An existing genus; *Affiniglobicatella*: A genus related to but distinct from the existing genus Globicatella of neighbouring.

Affinigloeobacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Gloeobacter*, An existing genus; *Affinigloeobacter*: A genus related to but distinct from the existing genus Gloeobacter of neighbouring.

Affinigloeomargarita

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Gloeomargarita*, An existing genus; *Affinigloeomargarita*: A genus related to but distinct from the existing genus Gloeomargarita of neighbouring.

Affiniglucerabacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Glucerabacter*, An existing genus; *Affiniglucerabacter*: A genus related to but distinct from the existing genus Glucerabacter of neighbouring.

Affinigluconacetobacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Gluconacetobacter*, An existing genus; *Affinigluconacetobacter*: A genus related to but distinct from the existing genus Gluconacetobacter of neighbouring.

Affinigluconobacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Gluconobacter*, An existing genus; *Affinigluconobacter*: A genus related to but distinct from the existing genus Gluconobacter of neighbouring.

Affiniglutamicibacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Glutamicibacter*, An existing genus; *Affiniglutamicibacter*: A genus related to but distinct from the existing genus Glutamicibacter of neighbouring.

Affiniglycocaulis

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Glycocaulis*, An existing genus; *Affiniglycocaulis*: A genus related to but distinct from the existing genus Glycocaulis of neighbouring.

Affiniglycomyces

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Glycomyces*, An existing genus; *Affiniglycomyces*: A genus related to but distinct from the existing genus Glycomyces of neighbouring.

Affinigodleya

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Godleya*, An existing genus; *Affinigodleya*: A genus related to but distinct from the existing genus Godleya of neighbouring.

Affinigomontiella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Gomontiella*, An existing genus; *Affinigomontiella*: A genus related to but distinct from the existing genus Gomontiella of neighbouring.

Affinigoodfellowia

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Goodfellowia*, An existing genus; *Affinigoodfellowia*: A genus related to but distinct from the existing genus Goodfellowia of neighbouring.

Affinigoodfellowiella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Goodfellowiella*, An existing genus; *Affinigoodfellowiella*: A genus related to but distinct from the existing genus Goodfellowiella of neighbouring.

Affinigordona

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Gordona*, An existing genus; *Affinigordona*: A genus related to but distinct from the existing genus Gordona of neighbouring.

Affinigordonia

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Gordonia*, An existing genus; *Affinigordonia*: A genus related to but distinct from the existing genus Gordonia of neighbouring.

Affinigordonibacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Gordonibacter*, An existing genus; *Affinigordonibacter*: A genus related to but distinct from the existing genus Gordonibacter of neighbouring.

Affinigorillibacterium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Gorillibacterium*, An existing genus; *Affinigorillibacterium*: A genus related to but distinct from the existing genus Gorillibacterium of neighbouring.

Affinigottschalkia

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Gottschalkia*, An existing genus; *Affinigottschalkia*: A genus related to but distinct from the existing genus Gottschalkia of neighbouring.

Affinigracilibacillus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Gracilibacillus*, An existing genus; *Affinigracilibacillus*: A genus related to but distinct from the existing genus Gracilibacillus of neighbouring.

Affinigracilibacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Gracilibacter*, An existing genus; *Affinigracilibacter*: A genus related to but distinct from the existing genus Gracilibacter of neighbouring.

Affinigracilimonas

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Gracilimonas*, An existing genus; *Affinigracilimonas*: A genus related to but distinct from the existing genus Gracilimonas of neighbouring.

Affinigrahamella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Grahamella*, An existing genus; *Affinigrahamella*: A genus related to but distinct from the existing genus Grahamella of neighbouring.

Affinigramella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Gramella*, An existing genus; *Affinigramella*: A genus related to but distinct from the existing genus Gramella of neighbouring.

Affinigranulibacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Granulibacter*, An existing genus; *Affinigranulibacter*: A genus related to but distinct from the existing genus Granulibacter of neighbouring.

Affinigranulicella

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Granulicella*, An existing genus; *Affinigranulicella*: A genus related to but distinct from the existing genus Granulicella of neighbouring.

Affinigranulicoccus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Granulicoccus*, An existing genus; *Affinigranulicoccus*: A genus related to but distinct from the existing genus Granulicoccus of neighbouring.

Affinigranulosicoccus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Granulosicoccus*, An existing genus; *Affinigranulosicoccus*: A genus related to but distinct from the existing genus Granulosicoccus of neighbouring.

Affinigrimontia

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Grimontia*, An existing genus; *Affinigrimontia*: A genus related to but distinct from the existing genus Grimontia of neighbouring.

Affinigryllotalpicola

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Gryllotalpicola*, An existing genus; *Affinigryllotalpicola*: A genus related to but distinct from the existing genus Gryllotalpicola of neighbouring.

Affinigudongella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Gudongella*, An existing genus; *Affinigudongella*: A genus related to but distinct from the existing genus Gudongella of neighbouring.

Affiniguggenheimella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Guggenheimella*, An existing genus; *Affiniguggenheimella*: A genus related to but distinct from the existing genus Guggenheimella of neighbouring.

Affinigulbenkiania

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Gulbenkiania*, An existing genus; *Affinigulbenkiania*: A genus related to but distinct from the existing genus Gulbenkiania of neighbouring.

Affinigulosibacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Gulosibacter*, An existing genus; *Affinigulosibacter*: A genus related to but distinct from the existing genus Gulosibacter of neighbouring.

Affiniguyparkeria

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Guyparkeria*, An existing genus; *Affiniguyparkeria*: A genus related to but distinct from the existing genus Guyparkeria of neighbouring.

Affinigynuella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Gynuella*, An existing genus; *Affinigynuella*: A genus related to but distinct from the existing genus Gynuella of neighbouring.

Affinigynurincola

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Gynurincola*, An existing genus; *Affinigynurincola*: A genus related to but distinct from the existing genus Gynurincola of neighbouring.

Affinihaematomicrobium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Haematomicrobium*, An existing genus; *Affinihaematomicrobium*: A genus related to but distinct from the existing genus Haematomicrobium of neighbouring.

Affinihaemobartonella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Haemobartonella*, An existing genus; *Affinihaemobartonella*: A genus related to but distinct from the existing genus Haemobartonella of neighbouring.

Affinihaemophilus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Haemophilus*, An existing genus; *Affinihaemophilus*: A genus related to but distinct from the existing genus Haemophilus of neighbouring.

Affinihahella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Hahella*, An existing genus; *Affinihahella*: A genus related to but distinct from the existing genus Hahella of neighbouring.

Affinihahyoungchilella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Hahyoungchilella*, An existing genus; *Affinihahyoungchilella*: A genus related to but distinct from the existing genus Hahyoungchilella of neighbouring.

Affinihaladaptatus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Haladaptatus*, An existing genus; *Affinihaladaptatus*: A genus related to but distinct from the existing genus Haladaptatus of neighbouring.

Affinihalalkaliarchaeum

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Halalkaliarchaeum*, An existing genus; *Affinihalalkaliarchaeum*: A genus related to but distinct from the existing genus Halalkaliarchaeum of neighbouring.

Affinihalalkalibacillus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Halalkalibacillus*, An existing genus; *Affinihalalkalibacillus*: A genus related to but distinct from the existing genus Halalkalibacillus of neighbouring.

Affinihalalkalicoccus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Halalkalicoccus*, An existing genus; *Affinihalalkalicoccus*: A genus related to but distinct from the existing genus Halalkalicoccus of neighbouring.

Affinihalanaeroarchaeum

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Halanaeroarchaeum*, An existing genus; *Affinihalanaeroarchaeum*: A genus related to but distinct from the existing genus Halanaeroarchaeum of neighbouring.

Affinihalanaerobacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Halanaerobacter*, An existing genus; *Affinihalanaerobacter*: A genus related to but distinct from the existing genus Halanaerobacter of neighbouring.

Affinihalanaerobium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Halanaerobium*, An existing genus; *Affinihalanaerobium*: A genus related to but distinct from the existing genus Halanaerobium of neighbouring.

Affinihalanaerocella

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Halanaerocella*, An existing genus; *Affinihalanaerocella*: A genus related to but distinct from the existing genus Halanaerocella of neighbouring.

Affinihalapricum

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Halapricum*, An existing genus; *Affinihalapricum*: A genus related to but distinct from the existing genus Halapricum of neighbouring.

Affinihalarchaeum

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Halarchaeum*, An existing genus; *Affinihalarchaeum*: A genus related to but distinct from the existing genus Halarchaeum of neighbouring.

Affinihalarsenatibacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Halarsenatibacter*, An existing genus; *Affinihalarsenatibacter*: A genus related to but distinct from the existing genus Halarsenatibacter of neighbouring.

Affinihalegenticoccus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Halegenticoccus*, An existing genus; *Affinihalegenticoccus*: A genus related to but distinct from the existing genus Halegenticoccus of neighbouring.

Affinihaliangium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Haliangium*, An existing genus; *Affinihaliangium*: A genus related to but distinct from the existing genus Haliangium of neighbouring.

Affinihaliea

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Haliea*, An existing genus; *Affinihaliea*: A genus related to but distinct from the existing genus Haliea of neighbouring.

Affinihalioglobus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Halioglobus*, An existing genus; *Affinihalioglobus*: A genus related to but distinct from the existing genus Halioglobus of neighbouring.

Affinihalioxenophilus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Halioxenophilus*, An existing genus; *Affinihalioxenophilus*: A genus related to but distinct from the existing genus Halioxenophilus of neighbouring.

Affinihaliscomenobacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Haliscomenobacter*, An existing genus; *Affinihaliscomenobacter*: A genus related to but distinct from the existing genus Haliscomenobacter of neighbouring.

Affinihallella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Hallella*, An existing genus; *Affinihallella*: A genus related to but distinct from the existing genus Hallella of neighbouring.

Affinihaloactinobacterium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Haloactinobacterium*, An existing genus; *Affinihaloactinobacterium*: A genus related to but distinct from the existing genus Haloactinobacterium of neighbouring.

Affinihaloactinomyces

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Haloactinomyces*, An existing genus; *Affinihaloactinomyces*: A genus related to but distinct from the existing genus Haloactinomyces of neighbouring.

Affinihaloactinopolyspora

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Haloactinopolyspora*, An existing genus; *Affinihaloactinopolyspora*: A genus related to but distinct from the existing genus Haloactinopolyspora of neighbouring.

Affinihaloactinospora

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Haloactinospora*, An existing genus; *Affinihaloactinospora*: A genus related to but distinct from the existing genus Haloactinospora of neighbouring.

Affinihaloarchaeobius

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Haloarchaeobius*, An existing genus; *Affinihaloarchaeobius*: A genus related to but distinct from the existing genus Haloarchaeobius of neighbouring.

Affinihaloarcula

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Haloarcula*, An existing genus; *Affinihaloarcula*: A genus related to but distinct from the existing genus Haloarcula of neighbouring.

Affinihalobacteriovorax

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Halobacteriovorax*, An existing genus; *Affinihalobacteriovorax*: A genus related to but distinct from the existing genus Halobacteriovorax of neighbouring.

Affinihalobacterium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Halobacterium*, An existing genus; *Affinihalobacterium*: A genus related to but distinct from the existing genus Halobacterium of neighbouring.

Affinihalobacteroides

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Halobacteroides*, An existing genus; *Affinihalobacteroides*: A genus related to but distinct from the existing genus Halobacteroides of neighbouring.

Affinihalobaculum

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Halobaculum*, An existing genus; *Affinihalobaculum*: A genus related to but distinct from the existing genus Halobaculum of neighbouring.

Affinihalobellus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Halobellus*, An existing genus; *Affinihalobellus*: A genus related to but distinct from the existing genus Halobellus of neighbouring.

Affinihalobiforma

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Halobiforma*, An existing genus; *Affinihalobiforma*: A genus related to but distinct from the existing genus Halobiforma of neighbouring.

Affinihalobium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Halobium*, An existing genus; *Affinihalobium*: A genus related to but distinct from the existing genus Halobium of neighbouring.

Affinihalocalculus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Halocalculus*, An existing genus; *Affinihalocalculus*: A genus related to but distinct from the existing genus Halocalculus of neighbouring.

Affinihalocella

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Halocella*, An existing genus; *Affinihalocella*: A genus related to but distinct from the existing genus Halocella of neighbouring.

Affinihalochromatium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Halochromatium*, An existing genus; *Affinihalochromatium*: A genus related to but distinct from the existing genus Halochromatium of neighbouring.

Affinihalococcoides

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Halococcoides*, An existing genus; *Affinihalococcoides*: A genus related to but distinct from the existing genus Halococcoides of neighbouring.

Affinihalococcus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Halococcus*, An existing genus; *Affinihalococcus*: A genus related to but distinct from the existing genus Halococcus of neighbouring.

Affinihalocynthiibacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Halocynthiibacter*, An existing genus; *Affinihalocynthiibacter*: A genus related to but distinct from the existing genus Halocynthiibacter of neighbouring.

Affinihalodesulfovibrio

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Halodesulfovibrio*, An existing genus; *Affinihalodesulfovibrio*: A genus related to but distinct from the existing genus Halodesulfovibrio of neighbouring.

Affinihalodesulfurarchaeum

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Halodesulfurarchaeum*, An existing genus; *Affinihalodesulfurarchaeum*: A genus related to but distinct from the existing genus Halodesulfurarchaeum of neighbouring.

Affinihalodurantibacterium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Halodurantibacterium*, An existing genus; *Affinihalodurantibacterium*: A genus related to but distinct from the existing genus Halodurantibacterium of neighbouring.

Affinihaloechinothrix

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Haloechinothrix*, An existing genus; *Affinihaloechinothrix*: A genus related to but distinct from the existing genus Haloechinothrix of neighbouring.

Affinihaloferax

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Haloferax*, An existing genus; *Affinihaloferax*: A genus related to but distinct from the existing genus Haloferax of neighbouring.

Affinihaloferula

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Haloferula*, An existing genus; *Affinihaloferula*: A genus related to but distinct from the existing genus Haloferula of neighbouring.

Affinihalofilum

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Halofilum*, An existing genus; *Affinihalofilum*: A genus related to but distinct from the existing genus Halofilum of neighbouring.

Affinihaloflavibacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Haloflavibacter*, An existing genus; *Affinihaloflavibacter*: A genus related to but distinct from the existing genus Haloflavibacter of neighbouring.

Affinihalogeometricum

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Halogeometricum*, An existing genus; *Affinihalogeometricum*: A genus related to but distinct from the existing genus Halogeometricum of neighbouring.

Affinihaloglycomyces

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Haloglycomyces*, An existing genus; *Affinihaloglycomyces*: A genus related to but distinct from the existing genus Haloglycomyces of neighbouring.

Affinihalogranum

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Halogranum*, An existing genus; *Affinihalogranum*: A genus related to but distinct from the existing genus Halogranum of neighbouring.

Affinihalohasta

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Halohasta*, An existing genus; *Affinihalohasta*: A genus related to but distinct from the existing genus Halohasta of neighbouring.

Affinihaloimpatiens

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Haloimpatiens*, An existing genus; *Affinihaloimpatiens*: A genus related to but distinct from the existing genus Haloimpatiens of neighbouring.

Affinihaloincola

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Haloincola*, An existing genus; *Affinihaloincola*: A genus related to but distinct from the existing genus Haloincola of neighbouring.

Affinihalolactibacillus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Halolactibacillus*, An existing genus; *Affinihalolactibacillus*: A genus related to but distinct from the existing genus Halolactibacillus of neighbouring.

Affinihalolamina

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Halolamina*, An existing genus; *Affinihalolamina*: A genus related to but distinct from the existing genus Halolamina of neighbouring.

Affinihaloleptolyngbya

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Haloleptolyngbya*, An existing genus; *Affinihaloleptolyngbya*: A genus related to but distinct from the existing genus Haloleptolyngbya of neighbouring.

Affinihalomarina

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Halomarina*, An existing genus; *Affinihalomarina*: A genus related to but distinct from the existing genus Halomarina of neighbouring.

Affinihalomethanococcus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Halomethanococcus*, An existing genus; *Affinihalomethanococcus*: A genus related to but distinct from the existing genus Halomethanococcus of neighbouring.

Affinihalomicrobium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Halomicrobium*, An existing genus; *Affinihalomicrobium*: A genus related to but distinct from the existing genus Halomicrobium of neighbouring.

Affinihalomicrococcus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Halomicrococcus*, An existing genus; *Affinihalomicrococcus*: A genus related to but distinct from the existing genus Halomicrococcus of neighbouring.

Affinihalomicronema

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Halomicronema*, An existing genus; *Affinihalomicronema*: A genus related to but distinct from the existing genus Halomicronema of neighbouring.

Affinihalomonas

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Halomonas*, An existing genus; *Affinihalomonas*: A genus related to but distinct from the existing genus Halomonas of neighbouring.

Affinihalonatronum

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Halonatronum*, An existing genus; *Affinihalonatronum*: A genus related to but distinct from the existing genus Halonatronum of neighbouring.

Affinihalonotius

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Halonotius*, An existing genus; *Affinihalonotius*: A genus related to but distinct from the existing genus Halonotius of neighbouring.

Affinihaloparvum

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Haloparvum*, An existing genus; *Affinihaloparvum*: A genus related to but distinct from the existing genus Haloparvum of neighbouring.

Affinihalopelagius

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Halopelagius*, An existing genus; *Affinihalopelagius*: A genus related to but distinct from the existing genus Halopelagius of neighbouring.

Affinihalopenitus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Halopenitus*, An existing genus; *Affinihalopenitus*: A genus related to but distinct from the existing genus Halopenitus of neighbouring.

Affinihalopeptonella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Halopeptonella*, An existing genus; *Affinihalopeptonella*: A genus related to but distinct from the existing genus Halopeptonella of neighbouring.

Affinihalopiger

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Halopiger*, An existing genus; *Affinihalopiger*: A genus related to but distinct from the existing genus Halopiger of neighbouring.

Affinihaloplanus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Haloplanus*, An existing genus; *Affinihaloplanus*: A genus related to but distinct from the existing genus Haloplanus of neighbouring.

Affinihaloplasma

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Haloplasma*, An existing genus; *Affinihaloplasma*: A genus related to but distinct from the existing genus Haloplasma of neighbouring.

Affinihalopolyspora

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Halopolyspora*, An existing genus; *Affinihalopolyspora*: A genus related to but distinct from the existing genus Halopolyspora of neighbouring.

Affinihaloprofundus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Haloprofundus*, An existing genus; *Affinihaloprofundus*: A genus related to but distinct from the existing genus Haloprofundus of neighbouring.

Affinihaloquadratum

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Haloquadratum*, An existing genus; *Affinihaloquadratum*: A genus related to but distinct from the existing genus Haloquadratum of neighbouring.

Affinihalorhodospira

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Halorhodospira*, An existing genus; *Affinihalorhodospira*: A genus related to but distinct from the existing genus Halorhodospira of neighbouring.

Affinihalorientalis

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Halorientalis*, An existing genus; *Affinihalorientalis*: A genus related to but distinct from the existing genus Halorientalis of neighbouring.

Affinihalorubellus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Halorubellus*, An existing genus; *Affinihalorubellus*: A genus related to but distinct from the existing genus Halorubellus of neighbouring.

Affinihalorubrobacterium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Halorubrobacterium*, An existing genus; *Affinihalorubrobacterium*: A genus related to but distinct from the existing genus Halorubrobacterium of neighbouring.

Affinihalorubrum

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Halorubrum*, An existing genus; *Affinihalorubrum*: A genus related to but distinct from the existing genus Halorubrum of neighbouring.

Affinihalorussus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Halorussus*, An existing genus; *Affinihalorussus*: A genus related to but distinct from the existing genus Halorussus of neighbouring.

Affinihalosarcina

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Halosarcina*, An existing genus; *Affinihalosarcina*: A genus related to but distinct from the existing genus Halosarcina of neighbouring.

Affinihalosiccatus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Halosiccatus*, An existing genus; *Affinihalosiccatus*: A genus related to but distinct from the existing genus Halosiccatus of neighbouring.

Affinihalosimplex

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Halosimplex*, An existing genus; *Affinihalosimplex*: A genus related to but distinct from the existing genus Halosimplex of neighbouring.

Affinihalospina

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Halospina*, An existing genus; *Affinihalospina*: A genus related to but distinct from the existing genus Halospina of neighbouring.

Affinihalospirulina

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Halospirulina*, An existing genus; *Affinihalospirulina*: A genus related to but distinct from the existing genus Halospirulina of neighbouring.

Affinihalostagnicola

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Halostagnicola*, An existing genus; *Affinihalostagnicola*: A genus related to but distinct from the existing genus Halostagnicola of neighbouring.

Affinihalotalea

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Halotalea*, An existing genus; *Affinihalotalea*: A genus related to but distinct from the existing genus Halotalea of neighbouring.

Affinihaloterrigena

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Haloterrigena*, An existing genus; *Affinihaloterrigena*: A genus related to but distinct from the existing genus Haloterrigena of neighbouring.

Affinihalothermothrix

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Halothermothrix*, An existing genus; *Affinihalothermothrix*: A genus related to but distinct from the existing genus Halothermothrix of neighbouring.

Affinihalothiobacillus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Halothiobacillus*, An existing genus; *Affinihalothiobacillus*: A genus related to but distinct from the existing genus Halothiobacillus of neighbouring.

Affinihalotia

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Halotia*, An existing genus; *Affinihalotia*: A genus related to but distinct from the existing genus Halotia of neighbouring.

Affinihalovarius

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Halovarius*, An existing genus; *Affinihalovarius*: A genus related to but distinct from the existing genus Halovarius of neighbouring.

Affinihalovenus

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Halovenus*, An existing genus; *Affinihalovenus*: A genus related to but distinct from the existing genus Halovenus of neighbouring.

Affinihalovibrio

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Halovibrio*, An existing genus; *Affinihalovibrio*: A genus related to but distinct from the existing genus Halovibrio of neighbouring.

Affinihalovivax

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Halovivax*, An existing genus; *Affinihalovivax*: A genus related to but distinct from the existing genus Halovivax of neighbouring.

Affinihalovulum

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Halovulum*, An existing genus; *Affinihalovulum*: A genus related to but distinct from the existing genus Halovulum of neighbouring.

Affinihalpernia

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Halpernia*, An existing genus; *Affinihalpernia*: A genus related to but distinct from the existing genus Halpernia of neighbouring.

Affinihamadaea

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Hamadaea*, An existing genus; *Affinihamadaea*: A genus related to but distinct from the existing genus Hamadaea of neighbouring.

Affinihankyongella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Hankyongella*, An existing genus; *Affinihankyongella*: A genus related to but distinct from the existing genus Hankyongella of neighbouring.

Affinihansschlegelia

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Hansschlegelia*, An existing genus; *Affinihansschlegelia*: A genus related to but distinct from the existing genus Hansschlegelia of neighbouring.

Affinihanstruepera

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Hanstruepera*, An existing genus; *Affinihanstruepera*: A genus related to but distinct from the existing genus Hanstruepera of neighbouring.

Affinihaoranjiania

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Haoranjiania*, An existing genus; *Affinihaoranjiania*: A genus related to but distinct from the existing genus Haoranjiania of neighbouring.

Affinihaploangium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Haploangium*, An existing genus; *Affinihaploangium*: A genus related to but distinct from the existing genus Haploangium of neighbouring.

Affiniharryflintia

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Harryflintia*, An existing genus; *Affiniharryflintia*: A genus related to but distinct from the existing genus Harryflintia of neighbouring.

Affinihartmannibacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Hartmannibacter*, An existing genus; *Affinihartmannibacter*: A genus related to but distinct from the existing genus Hartmannibacter of neighbouring.

Affinihasllibacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Hasllibacter*, An existing genus; *Affinihasllibacter*: A genus related to but distinct from the existing genus Hasllibacter of neighbouring.

Affinihathewaya

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Hathewaya*, An existing genus; *Affinihathewaya*: A genus related to but distinct from the existing genus Hathewaya of neighbouring.

Affinihazenella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Hazenella*, An existing genus; *Affinihazenella*: A genus related to but distinct from the existing genus Hazenella of neighbouring.

Affinihelcococcus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Helcococcus*, An existing genus; *Affinihelcococcus*: A genus related to but distinct from the existing genus Helcococcus of neighbouring.

Affinihelicobacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Helicobacter*, An existing genus; *Affinihelicobacter*: A genus related to but distinct from the existing genus Helicobacter of neighbouring.

Affiniheliimonas

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Heliimonas*, An existing genus; *Affiniheliimonas*: A genus related to but distinct from the existing genus Heliimonas of neighbouring.

Affiniheliobacterium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Heliobacterium*, An existing genus; *Affiniheliobacterium*: A genus related to but distinct from the existing genus Heliobacterium of neighbouring.

Affiniheliophilum

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Heliophilum*, An existing genus; *Affiniheliophilum*: A genus related to but distinct from the existing genus Heliophilum of neighbouring.

Affiniheliorestis

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Heliorestis*, An existing genus; *Affiniheliorestis*: A genus related to but distinct from the existing genus Heliorestis of neighbouring.

Affinihellea

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Hellea*, An existing genus; *Affinihellea*: A genus related to but distinct from the existing genus Hellea of neighbouring.

Affinihenriciella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Henriciella*, An existing genus; *Affinihenriciella*: A genus related to but distinct from the existing genus Henriciella of neighbouring.

Affiniherbaspirillum

L. masc. adjective *affinis*, neighbouring; L. neut. dim. n. *Herbaspirillum*, An existing genus; *Affiniherbaspirillum*: A genus related to but distinct from the existing genus Herbaspirillum of neighbouring.

Affiniherbiconiux

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Herbiconiux*, An existing genus; *Affiniherbiconiux*: A genus related to but distinct from the existing genus Herbiconiux of neighbouring.

Affiniherbidospora

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Herbidospora*, An existing genus; *Affiniherbidospora*: A genus related to but distinct from the existing genus Herbidospora of neighbouring.

Affiniherbihabitans

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Herbihabitans*, An existing genus; *Affiniherbihabitans*: A genus related to but distinct from the existing genus Herbihabitans of neighbouring.

Affiniherbinix

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Herbinix*, An existing genus; *Affiniherbinix*: A genus related to but distinct from the existing genus Herbinix of neighbouring.

Affiniherbivorax

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Herbivorax*, An existing genus; *Affiniherbivorax*: A genus related to but distinct from the existing genus Herbivorax of neighbouring.

Affiniherminiimonas

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Herminiimonas*, An existing genus; *Affiniherminiimonas*: A genus related to but distinct from the existing genus Herminiimonas of neighbouring.

Affiniherpetosiphon

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Herpetosiphon*, An existing genus; *Affiniherpetosiphon*: A genus related to but distinct from the existing genus Herpetosiphon of neighbouring.

Affinihespellia

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Hespellia*, An existing genus; *Affinihespellia*: A genus related to but distinct from the existing genus Hespellia of neighbouring.

Affiniheteroscytonema

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Heteroscytonema*, An existing genus; *Affiniheteroscytonema*: A genus related to but distinct from the existing genus Heteroscytonema of neighbouring.

Affinihippea

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Hippea*, An existing genus; *Affinihippea*: A genus related to but distinct from the existing genus Hippea of neighbouring.

Affinihirschia

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Hirschia*, An existing genus; *Affinihirschia*: A genus related to but distinct from the existing genus Hirschia of neighbouring.

Affinihistidinibacterium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Histidinibacterium*, An existing genus; *Affinihistidinibacterium*: A genus related to but distinct from the existing genus Histidinibacterium of neighbouring.

Affinihistophilus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Histophilus*, An existing genus; *Affinihistophilus*: A genus related to but distinct from the existing genus Histophilus of neighbouring.

Affiniholdemanella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Holdemanella*, An existing genus; *Affiniholdemanella*: A genus related to but distinct from the existing genus Holdemanella of neighbouring.

Affiniholdemania

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Holdemania*, An existing genus; *Affiniholdemania*: A genus related to but distinct from the existing genus Holdemania of neighbouring.

Affinihollandina

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Hollandina*, An existing genus; *Affinihollandina*: A genus related to but distinct from the existing genus Hollandina of neighbouring.

Affiniholophaga

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Holophaga*, An existing genus; *Affiniholophaga*: A genus related to but distinct from the existing genus Holophaga of neighbouring.

Affiniholospora

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Holospora*, An existing genus; *Affiniholospora*: A genus related to but distinct from the existing genus Holospora of neighbouring.

Affiniholzapfelia

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Holzapfelia*, An existing genus; *Affiniholzapfelia*: A genus related to but distinct from the existing genus Holzapfelia of neighbouring.

Affinihomoserinibacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Homoserinibacter*, An existing genus; *Affinihomoserinibacter*: A genus related to but distinct from the existing genus Homoserinibacter of neighbouring.

Affinihomoserinimonas

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Homoserinimonas*, An existing genus; *Affinihomoserinimonas*: A genus related to but distinct from the existing genus Homoserinimonas of neighbouring.

Affinihongia

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Hongia*, An existing genus; *Affinihongia*: A genus related to but distinct from the existing genus Hongia of neighbouring.

Affinihongiella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Hongiella*, An existing genus; *Affinihongiella*: A genus related to but distinct from the existing genus Hongiella of neighbouring.

Affinihoppeia

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Hoppeia*, An existing genus; *Affinihoppeia*: A genus related to but distinct from the existing genus Hoppeia of neighbouring.

Affinihormathonema

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Hormathonema*, An existing genus; *Affinihormathonema*: A genus related to but distinct from the existing genus Hormathonema of neighbouring.

Affinihormoscilla

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Hormoscilla*, An existing genus; *Affinihormoscilla*: A genus related to but distinct from the existing genus Hormoscilla of neighbouring.

Affinihowardella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Howardella*, An existing genus; *Affinihowardella*: A genus related to but distinct from the existing genus Howardella of neighbouring.

Affinihoyosella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Hoyosella*, An existing genus; *Affinihoyosella*: A genus related to but distinct from the existing genus Hoyosella of neighbouring.

Affinihuaishuia

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Huaishuia*, An existing genus; *Affinihuaishuia*: A genus related to but distinct from the existing genus Huaishuia of neighbouring.

Affinihuakuichenia

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Huakuichenia*, An existing genus; *Affinihuakuichenia*: A genus related to but distinct from the existing genus Huakuichenia of neighbouring.

Affinihuanghella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Huanghella*, An existing genus; *Affinihuanghella*: A genus related to but distinct from the existing genus Huanghella of neighbouring.

Affinihugenholtzia

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Hugenholtzia*, An existing genus; *Affinihugenholtzia*: A genus related to but distinct from the existing genus Hugenholtzia of neighbouring.

Affinihugonella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Hugonella*, An existing genus; *Affinihugonella*: A genus related to but distinct from the existing genus Hugonella of neighbouring.

Affinihumibacillus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Humibacillus*, An existing genus; *Affinihumibacillus*: A genus related to but distinct from the existing genus Humibacillus of neighbouring.

Affinihumibacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Humibacter*, An existing genus; *Affinihumibacter*: A genus related to but distinct from the existing genus Humibacter of neighbouring.

Affinihumicoccus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Humicoccus*, An existing genus; *Affinihumicoccus*: A genus related to but distinct from the existing genus Humicoccus of neighbouring.

Affinihungateiclostridium

L. masc. adjective *affinis*, neighbouring; L. neut. dim. n. *Hungateiclostridium*, An existing genus; *Affinihungateiclostridium*: A genus related to but distinct from the existing genus Hungateiclostridium of neighbouring.

Affinihungatella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Hungatella*, An existing genus; *Affinihungatella*: A genus related to but distinct from the existing genus Hungatella of neighbouring.

Affinihwangdonia

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Hwangdonia*, An existing genus; *Affinihwangdonia*: A genus related to but distinct from the existing genus Hwangdonia of neighbouring.

Affinihwanghaeella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Hwanghaeella*, An existing genus; *Affinihwanghaeella*: A genus related to but distinct from the existing genus Hwanghaeella of neighbouring.

Affinihwanghaeicola

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Hwanghaeicola*, An existing genus; *Affinihwanghaeicola*: A genus related to but distinct from the existing genus Hwanghaeicola of neighbouring.

Affinihyalangium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Hyalangium*, An existing genus; *Affinihyalangium*: A genus related to but distinct from the existing genus Hyalangium of neighbouring.

Affinihydrobacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Hydrobacter*, An existing genus; *Affinihydrobacter*: A genus related to but distinct from the existing genus Hydrobacter of neighbouring.

Affinihydrocarboniclastica

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Hydrocarboniclastica*, An existing genus; *Affinihydrocarboniclastica*: A genus related to but distinct from the existing genus Hydrocarboniclastica of neighbouring.

Affinihydrocarboniphaga

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Hydrocarboniphaga*, An existing genus; *Affinihydrocarboniphaga*: A genus related to but distinct from the existing genus Hydrocarboniphaga of neighbouring.

Affinihydrogenibacillus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Hydrogenibacillus*, An existing genus; *Affinihydrogenibacillus*: A genus related to but distinct from the existing genus Hydrogenibacillus of neighbouring.

Affinihydrogeniiclostridium

L. masc. adjective *affinis*, neighbouring; L. neut. dim. n. *Hydrogeniiclostridium*, An existing genus; *Affinihydrogeniiclostridium*: A genus related to but distinct from the existing genus Hydrogeniiclostridium of neighbouring.

Affinihydrogenimonas

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Hydrogenimonas*, An existing genus; *Affinihydrogenimonas*: A genus related to but distinct from the existing genus Hydrogenimonas of neighbouring.

Affinihydrogenispora

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Hydrogenispora*, An existing genus; *Affinihydrogenispora*: A genus related to but distinct from the existing genus Hydrogenispora of neighbouring.

Affinihydrogenivirga

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Hydrogenivirga*, An existing genus; *Affinihydrogenivirga*: A genus related to but distinct from the existing genus Hydrogenivirga of neighbouring.

Affinihydrogenoanaerobacterium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Hydrogenoanaerobacterium*, An existing genus; *Affinihydrogenoanaerobacterium*: A genus related to but distinct from the existing genus Hydrogenoanaerobacterium of neighbouring.

Affinihydrogenobacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Hydrogenobacter*, An existing genus; *Affinihydrogenobacter*: A genus related to but distinct from the existing genus Hydrogenobacter of neighbouring.

Affinihydrogenophaga

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Hydrogenophaga*, An existing genus; *Affinihydrogenophaga*: A genus related to but distinct from the existing genus Hydrogenophaga of neighbouring.

Affinihydrogenophilus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Hydrogenophilus*, An existing genus; *Affinihydrogenophilus*: A genus related to but distinct from the existing genus Hydrogenophilus of neighbouring.

Affinihydrogenovibrio

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Hydrogenovibrio*, An existing genus; *Affinihydrogenovibrio*: A genus related to but distinct from the existing genus Hydrogenovibrio of neighbouring.

Affinihydromonas

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Hydromonas*, An existing genus; *Affinihydromonas*: A genus related to but distinct from the existing genus Hydromonas of neighbouring.

Affinihydrotalea

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Hydrotalea*, An existing genus; *Affinihydrotalea*: A genus related to but distinct from the existing genus Hydrotalea of neighbouring.

Affinihylemonella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Hylemonella*, An existing genus; *Affinihylemonella*: A genus related to but distinct from the existing genus Hylemonella of neighbouring.

Affinihymenobacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Hymenobacter*, An existing genus; *Affinihymenobacter*: A genus related to but distinct from the existing genus Hymenobacter of neighbouring.

Affinihypericibacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Hypericibacter*, An existing genus; *Affinihypericibacter*: A genus related to but distinct from the existing genus Hypericibacter of neighbouring.

Affinihyperthermus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Hyperthermus*, An existing genus; *Affinihyperthermus*: A genus related to but distinct from the existing genus Hyperthermus of neighbouring.

Affinihyphobacterium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Hyphobacterium*, An existing genus; *Affinihyphobacterium*: A genus related to but distinct from the existing genus Hyphobacterium of neighbouring.

Affinihyphococcus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Hyphococcus*, An existing genus; *Affinihyphococcus*: A genus related to but distinct from the existing genus Hyphococcus of neighbouring.

Affinihyphomicrobium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Hyphomicrobium*, An existing genus; *Affinihyphomicrobium*: A genus related to but distinct from the existing genus Hyphomicrobium of neighbouring.

Affinihyphomonas

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Hyphomonas*, An existing genus; *Affinihyphomonas*: A genus related to but distinct from the existing genus Hyphomonas of neighbouring.

Affinihypnocyclicus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Hypnocyclicus*, An existing genus; *Affinihypnocyclicus*: A genus related to but distinct from the existing genus Hypnocyclicus of neighbouring.

Affinihyunsoonleella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Hyunsoonleella*, An existing genus; *Affinihyunsoonleella*: A genus related to but distinct from the existing genus Hyunsoonleella of neighbouring.

Affiniiamia

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Iamia*, An existing genus; *Affiniiamia*: A genus related to but distinct from the existing genus Iamia of neighbouring.

Affiniichthyobacterium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Ichthyobacterium*, An existing genus; *Affiniichthyobacterium*: A genus related to but distinct from the existing genus Ichthyobacterium of neighbouring.

Affiniideonella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Ideonella*, An existing genus; *Affiniideonella*: A genus related to but distinct from the existing genus Ideonella of neighbouring.

Affiniidiomarina

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Idiomarina*, An existing genus; *Affiniidiomarina*: A genus related to but distinct from the existing genus Idiomarina of neighbouring.

Affiniignatzschineria

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Ignatzschineria*, An existing genus; *Affiniignatzschineria*: A genus related to but distinct from the existing genus Ignatzschineria of neighbouring.

Affiniignavigranum

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Ignavigranum*, An existing genus; *Affiniignavigranum*: A genus related to but distinct from the existing genus Ignavigranum of neighbouring.

Affiniignicoccus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Ignicoccus*, An existing genus; *Affiniignicoccus*: A genus related to but distinct from the existing genus Ignicoccus of neighbouring.

Affiniignisphaera

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Ignisphaera*, An existing genus; *Affiniignisphaera*: A genus related to but distinct from the existing genus Ignisphaera of neighbouring.

Affiniileibacterium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Ileibacterium*, An existing genus; *Affiniileibacterium*: A genus related to but distinct from the existing genus Ileibacterium of neighbouring.

Affiniilumatobacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Ilumatobacter*, An existing genus; *Affiniilumatobacter*: A genus related to but distinct from the existing genus Ilumatobacter of neighbouring.

Affiniimhoffiella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Imhoffiella*, An existing genus; *Affiniimhoffiella*: A genus related to but distinct from the existing genus Imhoffiella of neighbouring.

Affiniimmundisolibacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Immundisolibacter*, An existing genus; *Affiniimmundisolibacter*: A genus related to but distinct from the existing genus Immundisolibacter of neighbouring.

Affiniimperialibacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Imperialibacter*, An existing genus; *Affiniimperialibacter*: A genus related to but distinct from the existing genus Imperialibacter of neighbouring.

Affiniimtechella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Imtechella*, An existing genus; *Affiniimtechella*: A genus related to but distinct from the existing genus Imtechella of neighbouring.

Affiniindibacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Indibacter*, An existing genus; *Affiniindibacter*: A genus related to but distinct from the existing genus Indibacter of neighbouring.

Affiniindiicoccus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Indiicoccus*, An existing genus; *Affiniindiicoccus*: A genus related to but distinct from the existing genus Indiicoccus of neighbouring.

Affiniindioceanicola

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Indioceanicola*, An existing genus; *Affiniindioceanicola*: A genus related to but distinct from the existing genus Indioceanicola of neighbouring.

Affiniinediibacterium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Inediibacterium*, An existing genus; *Affiniinediibacterium*: A genus related to but distinct from the existing genus Inediibacterium of neighbouring.

Affiniinhella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Inhella*, An existing genus; *Affiniinhella*: A genus related to but distinct from the existing genus Inhella of neighbouring.

Affiniiningainema

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Iningainema*, An existing genus; *Affiniiningainema*: A genus related to but distinct from the existing genus Iningainema of neighbouring.

Affiniinmirania

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Inmirania*, An existing genus; *Affiniinmirania*: A genus related to but distinct from the existing genus Inmirania of neighbouring.

Affiniinnacoccus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Innacoccus*, An existing genus; *Affiniinnacoccus*: A genus related to but distinct from the existing genus Innacoccus of neighbouring.

Affiniinsolitispirillum

L. masc. adjective *affinis*, neighbouring; L. neut. dim. n. *Insolitispirillum*, An existing genus; *Affiniinsolitispirillum*: A genus related to but distinct from the existing genus Insolitispirillum of neighbouring.

Affiniintestinibacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Intestinibacter*, An existing genus; *Affiniintestinibacter*: A genus related to but distinct from the existing genus Intestinibacter of neighbouring.

Affiniintestinibaculum

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Intestinibaculum*, An existing genus; *Affiniintestinibaculum*: A genus related to but distinct from the existing genus Intestinibaculum of neighbouring.

Affiniintestinimonas

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Intestinimonas*, An existing genus; *Affiniintestinimonas*: A genus related to but distinct from the existing genus Intestinimonas of neighbouring.

Affiniintestinirhabdus

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Intestinirhabdus*, An existing genus; *Affiniintestinirhabdus*: A genus related to but distinct from the existing genus Intestinirhabdus of neighbouring.

Affiniintrasporangium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Intrasporangium*, An existing genus; *Affiniintrasporangium*: A genus related to but distinct from the existing genus Intrasporangium of neighbouring.

Affiniiodidimonas

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Iodidimonas*, An existing genus; *Affiniiodidimonas*: A genus related to but distinct from the existing genus Iodidimonas of neighbouring.

Affiniiodobacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Iodobacter*, An existing genus; *Affiniiodobacter*: A genus related to but distinct from the existing genus Iodobacter of neighbouring.

Affiniirregularibacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Irregularibacter*, An existing genus; *Affiniirregularibacter*: A genus related to but distinct from the existing genus Irregularibacter of neighbouring.

Affiniisachenkonia

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Isachenkonia*, An existing genus; *Affiniisachenkonia*: A genus related to but distinct from the existing genus Isachenkonia of neighbouring.

Affiniisobaculum

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Isobaculum*, An existing genus; *Affiniisobaculum*: A genus related to but distinct from the existing genus Isobaculum of neighbouring.

Affiniisochromatium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Isochromatium*, An existing genus; *Affiniisochromatium*: A genus related to but distinct from the existing genus Isochromatium of neighbouring.

Affiniisoptericola

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Isoptericola*, An existing genus; *Affiniisoptericola*: A genus related to but distinct from the existing genus Isoptericola of neighbouring.

Affiniisosphaera

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Isosphaera*, An existing genus; *Affiniisosphaera*: A genus related to but distinct from the existing genus Isosphaera of neighbouring.

Affiniizhakiella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Izhakiella*, An existing genus; *Affiniizhakiella*: A genus related to but distinct from the existing genus Izhakiella of neighbouring.

Affinijacksonvillea

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Jacksonvillea*, An existing genus; *Affinijacksonvillea*: A genus related to but distinct from the existing genus Jacksonvillea of neighbouring.

Affinijahnella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Jahnella*, An existing genus; *Affinijahnella*: A genus related to but distinct from the existing genus Jahnella of neighbouring.

Affinijanibacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Janibacter*, An existing genus; *Affinijanibacter*: A genus related to but distinct from the existing genus Janibacter of neighbouring.

Affinijanthinobacterium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Janthinobacterium*, An existing genus; *Affinijanthinobacterium*: A genus related to but distinct from the existing genus Janthinobacterium of neighbouring.

Affinijatrophihabitans

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Jatrophihabitans*, An existing genus; *Affinijatrophihabitans*: A genus related to but distinct from the existing genus Jatrophihabitans of neighbouring.

Affinijejubacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Jejubacter*, An existing genus; *Affinijejubacter*: A genus related to but distinct from the existing genus Jejubacter of neighbouring.

Affinijejudonia

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Jejudonia*, An existing genus; *Affinijejudonia*: A genus related to but distinct from the existing genus Jejudonia of neighbouring.

Affinijejuia

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Jejuia*, An existing genus; *Affinijejuia*: A genus related to but distinct from the existing genus Jejuia of neighbouring.

Affinijeongeupia

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Jeongeupia*, An existing genus; *Affinijeongeupia*: A genus related to but distinct from the existing genus Jeongeupia of neighbouring.

Affinijeotgalibaca

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Jeotgalibaca*, An existing genus; *Affinijeotgalibaca*: A genus related to but distinct from the existing genus Jeotgalibaca of neighbouring.

Affinijeotgalibacillus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Jeotgalibacillus*, An existing genus; *Affinijeotgalibacillus*: A genus related to but distinct from the existing genus Jeotgalibacillus of neighbouring.

Affinijeotgalicoccus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Jeotgalicoccus*, An existing genus; *Affinijeotgalicoccus*: A genus related to but distinct from the existing genus Jeotgalicoccus of neighbouring.

Affinijhaorihella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Jhaorihella*, An existing genus; *Affinijhaorihella*: A genus related to but distinct from the existing genus Jhaorihella of neighbouring.

Affinijiangella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Jiangella*, An existing genus; *Affinijiangella*: A genus related to but distinct from the existing genus Jiangella of neighbouring.

Affinijiella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Jiella*, An existing genus; *Affinijiella*: A genus related to but distinct from the existing genus Jiella of neighbouring.

Affinijilinibacillus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Jilinibacillus*, An existing genus; *Affinijilinibacillus*: A genus related to but distinct from the existing genus Jilinibacillus of neighbouring.

Affinijindonia

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Jindonia*, An existing genus; *Affinijindonia*: A genus related to but distinct from the existing genus Jindonia of neighbouring.

Affinijishengella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Jishengella*, An existing genus; *Affinijishengella*: A genus related to but distinct from the existing genus Jishengella of neighbouring.

Affinijiulongibacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Jiulongibacter*, An existing genus; *Affinijiulongibacter*: A genus related to but distinct from the existing genus Jiulongibacter of neighbouring.

Affinijohnsonella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Johnsonella*, An existing genus; *Affinijohnsonella*: A genus related to but distinct from the existing genus Johnsonella of neighbouring.

Affinijonesia

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Jonesia*, An existing genus; *Affinijonesia*: A genus related to but distinct from the existing genus Jonesia of neighbouring.

Affinijongsikchunia

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Jongsikchunia*, An existing genus; *Affinijongsikchunia*: A genus related to but distinct from the existing genus Jongsikchunia of neighbouring.

Affinijonquetella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Jonquetella*, An existing genus; *Affinijonquetella*: A genus related to but distinct from the existing genus Jonquetella of neighbouring.

Affinijoostella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Joostella*, An existing genus; *Affinijoostella*: A genus related to but distinct from the existing genus Joostella of neighbouring.

Affinikaiparowitsia

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Kaiparowitsia*, An existing genus; *Affinikaiparowitsia*: A genus related to but distinct from the existing genus Kaiparowitsia of neighbouring.

Affinikaistella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Kaistella*, An existing genus; *Affinikaistella*: A genus related to but distinct from the existing genus Kaistella of neighbouring.

Affinikaistia

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Kaistia*, An existing genus; *Affinikaistia*: A genus related to but distinct from the existing genus Kaistia of neighbouring.

Affinikalamiella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Kalamiella*, An existing genus; *Affinikalamiella*: A genus related to but distinct from the existing genus Kalamiella of neighbouring.

Affinikallipyga

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Kallipyga*, An existing genus; *Affinikallipyga*: A genus related to but distinct from the existing genus Kallipyga of neighbouring.

Affinikallotenue

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Kallotenue*, An existing genus; *Affinikallotenue*: A genus related to but distinct from the existing genus Kallotenue of neighbouring.

Affinikandeliimicrobium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Kandeliimicrobium*, An existing genus; *Affinikandeliimicrobium*: A genus related to but distinct from the existing genus Kandeliimicrobium of neighbouring.

Affinikandleria

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Kandleria*, An existing genus; *Affinikandleria*: A genus related to but distinct from the existing genus Kandleria of neighbouring.

Affinikangiella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Kangiella*, An existing genus; *Affinikangiella*: A genus related to but distinct from the existing genus Kangiella of neighbouring.

Affinikastovskya

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Kastovskya*, An existing genus; *Affinikastovskya*: A genus related to but distinct from the existing genus Kastovskya of neighbouring.

Affinikeratinibaculum

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Keratinibaculum*, An existing genus; *Affinikeratinibaculum*: A genus related to but distinct from the existing genus Keratinibaculum of neighbouring.

Affinikerstersia

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Kerstersia*, An existing genus; *Affinikerstersia*: A genus related to but distinct from the existing genus Kerstersia of neighbouring.

Affiniketobacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Ketobacter*, An existing genus; *Affiniketobacter*: A genus related to but distinct from the existing genus Ketobacter of neighbouring.

Affiniketogulonicigenium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Ketogulonicigenium*, An existing genus; *Affiniketogulonicigenium*: A genus related to but distinct from the existing genus Ketogulonicigenium of neighbouring.

Affinikibdelosporangium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Kibdelosporangium*, An existing genus; *Affinikibdelosporangium*: A genus related to but distinct from the existing genus Kibdelosporangium of neighbouring.

Affinikiloniella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Kiloniella*, An existing genus; *Affinikiloniella*: A genus related to but distinct from the existing genus Kiloniella of neighbouring.

Affinikineobactrum

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Kineobactrum*, An existing genus; *Affinikineobactrum*: A genus related to but distinct from the existing genus Kineobactrum of neighbouring.

Affinikineococcus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Kineococcus*, An existing genus; *Affinikineococcus*: A genus related to but distinct from the existing genus Kineococcus of neighbouring.

Affinikineosphaera

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Kineosphaera*, An existing genus; *Affinikineosphaera*: A genus related to but distinct from the existing genus Kineosphaera of neighbouring.

Affinikineosporia

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Kineosporia*, An existing genus; *Affinikineosporia*: A genus related to but distinct from the existing genus Kineosporia of neighbouring.

Affinikineothrix

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Kineothrix*, An existing genus; *Affinikineothrix*: A genus related to but distinct from the existing genus Kineothrix of neighbouring.

Affinikingella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Kingella*, An existing genus; *Affinikingella*: A genus related to but distinct from the existing genus Kingella of neighbouring.

Affinikinneretia

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Kinneretia*, An existing genus; *Affinikinneretia*: A genus related to but distinct from the existing genus Kinneretia of neighbouring.

Affinikiritimatiella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Kiritimatiella*, An existing genus; *Affinikiritimatiella*: A genus related to but distinct from the existing genus Kiritimatiella of neighbouring.

Affinikistimonas

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Kistimonas*, An existing genus; *Affinikistimonas*: A genus related to but distinct from the existing genus Kistimonas of neighbouring.

Affinikitasatoa

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Kitasatoa*, An existing genus; *Affinikitasatoa*: A genus related to but distinct from the existing genus Kitasatoa of neighbouring.

Affinikitasatospora

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Kitasatospora*, An existing genus; *Affinikitasatospora*: A genus related to but distinct from the existing genus Kitasatospora of neighbouring.

Affiniklebsiella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Klebsiella*, An existing genus; *Affiniklebsiella*: A genus related to but distinct from the existing genus Klebsiella of neighbouring.

Affiniklenkia

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Klenkia*, An existing genus; *Affiniklenkia*: A genus related to but distinct from the existing genus Klenkia of neighbouring.

Affiniklisinema

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Klisinema*, An existing genus; *Affiniklisinema*: A genus related to but distinct from the existing genus Klisinema of neighbouring.

Affiniklugiella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Klugiella*, An existing genus; *Affiniklugiella*: A genus related to but distinct from the existing genus Klugiella of neighbouring.

Affinikluyvera

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Kluyvera*, An existing genus; *Affinikluyvera*: A genus related to but distinct from the existing genus Kluyvera of neighbouring.

Affinikocuria

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Kocuria*, An existing genus; *Affinikocuria*: A genus related to but distinct from the existing genus Kocuria of neighbouring.

Affinikofleria

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Kofleria*, An existing genus; *Affinikofleria*: A genus related to but distinct from the existing genus Kofleria of neighbouring.

Affinikoinonema

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Koinonema*, An existing genus; *Affinikoinonema*: A genus related to but distinct from the existing genus Koinonema of neighbouring.

Affinikomagatabacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Komagatabacter*, An existing genus; *Affinikomagatabacter*: A genus related to but distinct from the existing genus Komagatabacter of neighbouring.

Affinikomagataeibacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Komagataeibacter*, An existing genus; *Affinikomagataeibacter*: A genus related to but distinct from the existing genus Komagataeibacter of neighbouring.

Affinikomarekiella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Komarekiella*, An existing genus; *Affinikomarekiella*: A genus related to but distinct from the existing genus Komarekiella of neighbouring.

Affinikomarkovaea

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Komarkovaea*, An existing genus; *Affinikomarkovaea*: A genus related to but distinct from the existing genus Komarkovaea of neighbouring.

Affinikordia

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Kordia*, An existing genus; *Affinikordia*: A genus related to but distinct from the existing genus Kordia of neighbouring.

Affinikordiimonas

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Kordiimonas*, An existing genus; *Affinikordiimonas*: A genus related to but distinct from the existing genus Kordiimonas of neighbouring.

Affinikoreibacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Koreibacter*, An existing genus; *Affinikoreibacter*: A genus related to but distinct from the existing genus Koreibacter of neighbouring.

Affinikosakonia

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Kosakonia*, An existing genus; *Affinikosakonia*: A genus related to but distinct from the existing genus Kosakonia of neighbouring.

Affinikoserella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Koserella*, An existing genus; *Affinikoserella*: A genus related to but distinct from the existing genus Koserella of neighbouring.

Affinikosmotoga

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Kosmotoga*, An existing genus; *Affinikosmotoga*: A genus related to but distinct from the existing genus Kosmotoga of neighbouring.

Affinikovacikia

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Kovacikia*, An existing genus; *Affinikovacikia*: A genus related to but distinct from the existing genus Kovacikia of neighbouring.

Affinikozakia

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Kozakia*, An existing genus; *Affinikozakia*: A genus related to but distinct from the existing genus Kozakia of neighbouring.

Affinikrasilnikovia

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Krasilnikovia*, An existing genus; *Affinikrasilnikovia*: A genus related to but distinct from the existing genus Krasilnikovia of neighbouring.

Affinikrasilnikoviella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Krasilnikoviella*, An existing genus; *Affinikrasilnikoviella*: A genus related to but distinct from the existing genus Krasilnikoviella of neighbouring.

Affinikribbella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Kribbella*, An existing genus; *Affinikribbella*: A genus related to but distinct from the existing genus Kribbella of neighbouring.

Affinikribbia

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Kribbia*, An existing genus; *Affinikribbia*: A genus related to but distinct from the existing genus Kribbia of neighbouring.

Affinikriegella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Kriegella*, An existing genus; *Affinikriegella*: A genus related to but distinct from the existing genus Kriegella of neighbouring.

Affinikrokinobacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Krokinobacter*, An existing genus; *Affinikrokinobacter*: A genus related to but distinct from the existing genus Krokinobacter of neighbouring.

Affinikroppenstedtia

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Kroppenstedtia*, An existing genus; *Affinikroppenstedtia*: A genus related to but distinct from the existing genus Kroppenstedtia of neighbouring.

Affinikryptousia

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Kryptousia*, An existing genus; *Affinikryptousia*: A genus related to but distinct from the existing genus Kryptousia of neighbouring.

Affiniktedonobacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Ktedonobacter*, An existing genus; *Affiniktedonobacter*: A genus related to but distinct from the existing genus Ktedonobacter of neighbouring.

Affiniktedonosporobacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Ktedonosporobacter*, An existing genus; *Affiniktedonosporobacter*: A genus related to but distinct from the existing genus Ktedonosporobacter of neighbouring.

Affinikurthia

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Kurthia*, An existing genus; *Affinikurthia*: A genus related to but distinct from the existing genus Kurthia of neighbouring.

Affinikushneria

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Kushneria*, An existing genus; *Affinikushneria*: A genus related to but distinct from the existing genus Kushneria of neighbouring.

Affinikutzneria

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Kutzneria*, An existing genus; *Affinikutzneria*: A genus related to but distinct from the existing genus Kutzneria of neighbouring.

Affinikyrpidia

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Kyrpidia*, An existing genus; *Affinikyrpidia*: A genus related to but distinct from the existing genus Kyrpidia of neighbouring.

Affinikyrtuthrix

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Kyrtuthrix*, An existing genus; *Affinikyrtuthrix*: A genus related to but distinct from the existing genus Kyrtuthrix of neighbouring.

Affinikytococcus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Kytococcus*, An existing genus; *Affinikytococcus*: A genus related to but distinct from the existing genus Kytococcus of neighbouring.

Affinilabedaea

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Labedaea*, An existing genus; *Affinilabedaea*: A genus related to but distinct from the existing genus Labedaea of neighbouring.

Affinilabedella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Labedella*, An existing genus; *Affinilabedella*: A genus related to but distinct from the existing genus Labedella of neighbouring.

Affinilabilibaculum

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Labilibaculum*, An existing genus; *Affinilabilibaculum*: A genus related to but distinct from the existing genus Labilibaculum of neighbouring.

Affinilabilithrix

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Labilithrix*, An existing genus; *Affinilabilithrix*: A genus related to but distinct from the existing genus Labilithrix of neighbouring.

Affinilabrenzia

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Labrenzia*, An existing genus; *Affinilabrenzia*: A genus related to but distinct from the existing genus Labrenzia of neighbouring.

Affinilabrys

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Labrys*, An existing genus; *Affinilabrys*: A genus related to but distinct from the existing genus Labrys of neighbouring.

Affinilaceyella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Laceyella*, An existing genus; *Affinilaceyella*: A genus related to but distinct from the existing genus Laceyella of neighbouring.

Affinilachnoanaerobaculum

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Lachnoanaerobaculum*, An existing genus; *Affinilachnoanaerobaculum*: A genus related to but distinct from the existing genus Lachnoanaerobaculum of neighbouring.

Affinilachnobacterium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Lachnobacterium*, An existing genus; *Affinilachnobacterium*: A genus related to but distinct from the existing genus Lachnobacterium of neighbouring.

Affinilachnoclostridium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Lachnoclostridium*, An existing genus; *Affinilachnoclostridium*: A genus related to but distinct from the existing genus Lachnoclostridium of neighbouring.

Affinilachnospira

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Lachnospira*, An existing genus; *Affinilachnospira*: A genus related to but distinct from the existing genus Lachnospira of neighbouring.

Affinilachnotalea

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Lachnotalea*, An existing genus; *Affinilachnotalea*: A genus related to but distinct from the existing genus Lachnotalea of neighbouring.

Affinilacibacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Lacibacter*, An existing genus; *Affinilacibacter*: A genus related to but distinct from the existing genus Lacibacter of neighbouring.

Affinilacibacterium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Lacibacterium*, An existing genus; *Affinilacibacterium*: A genus related to but distinct from the existing genus Lacibacterium of neighbouring.

Affinilacihabitans

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Lacihabitans*, An existing genus; *Affinilacihabitans*: A genus related to but distinct from the existing genus Lacihabitans of neighbouring.

Affinilacimicrobium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Lacimicrobium*, An existing genus; *Affinilacimicrobium*: A genus related to but distinct from the existing genus Lacimicrobium of neighbouring.

Affinilacimonas

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Lacimonas*, An existing genus; *Affinilacimonas*: A genus related to but distinct from the existing genus Lacimonas of neighbouring.

Affinilacinutrix

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Lacinutrix*, An existing genus; *Affinilacinutrix*: A genus related to but distinct from the existing genus Lacinutrix of neighbouring.

Affinilacipirellula

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Lacipirellula*, An existing genus; *Affinilacipirellula*: A genus related to but distinct from the existing genus Lacipirellula of neighbouring.

Affinilacisediminihabitans

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Lacisediminihabitans*, An existing genus; *Affinilacisediminihabitans*: A genus related to but distinct from the existing genus Lacisediminihabitans of neighbouring.

Affinilacisediminimonas

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Lacisediminimonas*, An existing genus; *Affinilacisediminimonas*: A genus related to but distinct from the existing genus Lacisediminimonas of neighbouring.

Affinilacrimispora

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Lacrimispora*, An existing genus; *Affinilacrimispora*: A genus related to but distinct from the existing genus Lacrimispora of neighbouring.

Affinilacticaseibacillus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Lacticaseibacillus*, An existing genus; *Affinilacticaseibacillus*: A genus related to but distinct from the existing genus Lacticaseibacillus of neighbouring.

Affinilacticigenium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Lacticigenium*, An existing genus; *Affinilacticigenium*: A genus related to but distinct from the existing genus Lacticigenium of neighbouring.

Affinilactimicrobium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Lactimicrobium*, An existing genus; *Affinilactimicrobium*: A genus related to but distinct from the existing genus Lactimicrobium of neighbouring.

Affinilactiplantibacillus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Lactiplantibacillus*, An existing genus; *Affinilactiplantibacillus*: A genus related to but distinct from the existing genus Lactiplantibacillus of neighbouring.

Affinilactivibrio

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Lactivibrio*, An existing genus; *Affinilactivibrio*: A genus related to but distinct from the existing genus Lactivibrio of neighbouring.

Affinilactobacillus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Lactobacillus*, An existing genus; *Affinilactobacillus*: A genus related to but distinct from the existing genus Lactobacillus of neighbouring.

Affinilactococcus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Lactococcus*, An existing genus; *Affinilactococcus*: A genus related to but distinct from the existing genus Lactococcus of neighbouring.

Affinilactonifactor

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Lactonifactor*, An existing genus; *Affinilactonifactor*: A genus related to but distinct from the existing genus Lactonifactor of neighbouring.

Affinilactosphaera

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Lactosphaera*, An existing genus; *Affinilactosphaera*: A genus related to but distinct from the existing genus Lactosphaera of neighbouring.

Affinilactovum

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Lactovum*, An existing genus; *Affinilactovum*: A genus related to but distinct from the existing genus Lactovum of neighbouring.

Affinilacunisphaera

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Lacunisphaera*, An existing genus; *Affinilacunisphaera*: A genus related to but distinct from the existing genus Lacunisphaera of neighbouring.

Affinilamprocystis

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Lamprocystis*, An existing genus; *Affinilamprocystis*: A genus related to but distinct from the existing genus Lamprocystis of neighbouring.

Affinilampropedia

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Lampropedia*, An existing genus; *Affinilampropedia*: A genus related to but distinct from the existing genus Lampropedia of neighbouring.

Affinilancefieldella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Lancefieldella*, An existing genus; *Affinilancefieldella*: A genus related to but distinct from the existing genus Lancefieldella of neighbouring.

Affinilapidilactobacillus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Lapidilactobacillus*, An existing genus; *Affinilapidilactobacillus*: A genus related to but distinct from the existing genus Lapidilactobacillus of neighbouring.

Affinilapillicoccus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Lapillicoccus*, An existing genus; *Affinilapillicoccus*: A genus related to but distinct from the existing genus Lapillicoccus of neighbouring.

Affinilaribacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Laribacter*, An existing genus; *Affinilaribacter*: A genus related to but distinct from the existing genus Laribacter of neighbouring.

Affinilarkinella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Larkinella*, An existing genus; *Affinilarkinella*: A genus related to but distinct from the existing genus Larkinella of neighbouring.

Affinilarsenia

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Larsenia*, An existing genus; *Affinilarsenia*: A genus related to but distinct from the existing genus Larsenia of neighbouring.

Affinilarsenimonas

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Larsenimonas*, An existing genus; *Affinilarsenimonas*: A genus related to but distinct from the existing genus Larsenimonas of neighbouring.

Affinilaspinema

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Laspinema*, An existing genus; *Affinilaspinema*: A genus related to but distinct from the existing genus Laspinema of neighbouring.

Affinilatilactobacillus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Latilactobacillus*, An existing genus; *Affinilatilactobacillus*: A genus related to but distinct from the existing genus Latilactobacillus of neighbouring.

Affinilautropia

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Lautropia*, An existing genus; *Affinilautropia*: A genus related to but distinct from the existing genus Lautropia of neighbouring.

Affinilawsonella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Lawsonella*, An existing genus; *Affinilawsonella*: A genus related to but distinct from the existing genus Lawsonella of neighbouring.

Affinilawsonia

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Lawsonia*, An existing genus; *Affinilawsonia*: A genus related to but distinct from the existing genus Lawsonia of neighbouring.

Affinilawsonibacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Lawsonibacter*, An existing genus; *Affinilawsonibacter*: A genus related to but distinct from the existing genus Lawsonibacter of neighbouring.

Affinileadbetterella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Leadbetterella*, An existing genus; *Affinileadbetterella*: A genus related to but distinct from the existing genus Leadbetterella of neighbouring.

Affinilebetimonas

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Lebetimonas*, An existing genus; *Affinilebetimonas*: A genus related to but distinct from the existing genus Lebetimonas of neighbouring.

Affinilechevalieria

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Lechevalieria*, An existing genus; *Affinilechevalieria*: A genus related to but distinct from the existing genus Lechevalieria of neighbouring.

Affinileclercia

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Leclercia*, An existing genus; *Affinileclercia*: A genus related to but distinct from the existing genus Leclercia of neighbouring.

Affinileeia

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Leeia*, An existing genus; *Affinileeia*: A genus related to but distinct from the existing genus Leeia of neighbouring.

Affinileekyejoonella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Leekyejoonella*, An existing genus; *Affinileekyejoonella*: A genus related to but distinct from the existing genus Leekyejoonella of neighbouring.

Affinileeuwenhoekiella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Leeuwenhoekiella*, An existing genus; *Affinileeuwenhoekiella*: A genus related to but distinct from the existing genus Leeuwenhoekiella of neighbouring.

Affinilegionella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Legionella*, An existing genus; *Affinilegionella*: A genus related to but distinct from the existing genus Legionella of neighbouring.

Affinileifsonia

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Leifsonia*, An existing genus; *Affinileifsonia*: A genus related to but distinct from the existing genus Leifsonia of neighbouring.

Affinileisingera

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Leisingera*, An existing genus; *Affinileisingera*: A genus related to but distinct from the existing genus Leisingera of neighbouring.

Affinilelliottia

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Lelliottia*, An existing genus; *Affinilelliottia*: A genus related to but distinct from the existing genus Lelliottia of neighbouring.

Affinileminorella

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Leminorella*, An existing genus; *Affinileminorella*: A genus related to but distinct from the existing genus Leminorella of neighbouring.

Affinilemmermanniella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Lemmermanniella*, An existing genus; *Affinilemmermanniella*: A genus related to but distinct from the existing genus Lemmermanniella of neighbouring.

Affinilentibacillus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Lentibacillus*, An existing genus; *Affinilentibacillus*: A genus related to but distinct from the existing genus Lentibacillus of neighbouring.

Affinilentibacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Lentibacter*, An existing genus; *Affinilentibacter*: A genus related to but distinct from the existing genus Lentibacter of neighbouring.

Affinilentilactobacillus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Lentilactobacillus*, An existing genus; *Affinilentilactobacillus*: A genus related to but distinct from the existing genus Lentilactobacillus of neighbouring.

Affinilentilitoribacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Lentilitoribacter*, An existing genus; *Affinilentilitoribacter*: A genus related to but distinct from the existing genus Lentilitoribacter of neighbouring.

Affinilentimicrobium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Lentimicrobium*, An existing genus; *Affinilentimicrobium*: A genus related to but distinct from the existing genus Lentimicrobium of neighbouring.

Affinilentisphaera

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Lentisphaera*, An existing genus; *Affinilentisphaera*: A genus related to but distinct from the existing genus Lentisphaera of neighbouring.

Affinilentzea

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Lentzea*, An existing genus; *Affinilentzea*: A genus related to but distinct from the existing genus Lentzea of neighbouring.

Affinileptobacterium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Leptobacterium*, An existing genus; *Affinileptobacterium*: A genus related to but distinct from the existing genus Leptobacterium of neighbouring.

Affinileptolinea

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Leptolinea*, An existing genus; *Affinileptolinea*: A genus related to but distinct from the existing genus Leptolinea of neighbouring.

Affinileptonema

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Leptonema*, An existing genus; *Affinileptonema*: A genus related to but distinct from the existing genus Leptonema of neighbouring.

Affinileptospira

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Leptospira*, An existing genus; *Affinileptospira*: A genus related to but distinct from the existing genus Leptospira of neighbouring.

Affinileptospirillum

L. masc. adjective *affinis*, neighbouring; L. neut. dim. n. *Leptospirillum*, An existing genus; *Affinileptospirillum*: A genus related to but distinct from the existing genus Leptospirillum of neighbouring.

Affinileptothoe

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Leptothoe*, An existing genus; *Affinileptothoe*: A genus related to but distinct from the existing genus Leptothoe of neighbouring.

Affinileptothrix

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Leptothrix*, An existing genus; *Affinileptothrix*: A genus related to but distinct from the existing genus Leptothrix of neighbouring.

Affinileptotrichia

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Leptotrichia*, An existing genus; *Affinileptotrichia*: A genus related to but distinct from the existing genus Leptotrichia of neighbouring.

Affinileucobacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Leucobacter*, An existing genus; *Affinileucobacter*: A genus related to but distinct from the existing genus Leucobacter of neighbouring.

Affinileuconostoc

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Leuconostoc*, An existing genus; *Affinileuconostoc*: A genus related to but distinct from the existing genus Leuconostoc of neighbouring.

Affinileucothrix

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Leucothrix*, An existing genus; *Affinileucothrix*: A genus related to but distinct from the existing genus Leucothrix of neighbouring.

Affinilevilactobacillus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Levilactobacillus*, An existing genus; *Affinilevilactobacillus*: A genus related to but distinct from the existing genus Levilactobacillus of neighbouring.

Affinilevilinea

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Levilinea*, An existing genus; *Affinilevilinea*: A genus related to but distinct from the existing genus Levilinea of neighbouring.

Affinilevinea

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Levinea*, An existing genus; *Affinilevinea*: A genus related to but distinct from the existing genus Levinea of neighbouring.

Affinilevispirillum

L. masc. adjective *affinis*, neighbouring; L. neut. dim. n. *Levispirillum*, An existing genus; *Affinilevispirillum*: A genus related to but distinct from the existing genus Levispirillum of neighbouring.

Affinilewinella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Lewinella*, An existing genus; *Affinilewinella*: A genus related to but distinct from the existing genus Lewinella of neighbouring.

Affinilibanicoccus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Libanicoccus*, An existing genus; *Affinilibanicoccus*: A genus related to but distinct from the existing genus Libanicoccus of neighbouring.

Affiniliberibacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Liberibacter*, An existing genus; *Affiniliberibacter*: A genus related to but distinct from the existing genus Liberibacter of neighbouring.

Affinilichenibacterium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Lichenibacterium*, An existing genus; *Affinilichenibacterium*: A genus related to but distinct from the existing genus Lichenibacterium of neighbouring.

Affinilichenicoccus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Lichenicoccus*, An existing genus; *Affinilichenicoccus*: A genus related to but distinct from the existing genus Lichenicoccus of neighbouring.

Affinilichenihabitans

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Lichenihabitans*, An existing genus; *Affinilichenihabitans*: A genus related to but distinct from the existing genus Lichenihabitans of neighbouring.

Affinilightfootiella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Lightfootiella*, An existing genus; *Affinilightfootiella*: A genus related to but distinct from the existing genus Lightfootiella of neighbouring.

Affiniligilactobacillus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Ligilactobacillus*, An existing genus; *Affiniligilactobacillus*: A genus related to but distinct from the existing genus Ligilactobacillus of neighbouring.

Affinilignipirellula

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Lignipirellula*, An existing genus; *Affinilignipirellula*: A genus related to but distinct from the existing genus Lignipirellula of neighbouring.

Affinilihuaxuella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Lihuaxuella*, An existing genus; *Affinilihuaxuella*: A genus related to but distinct from the existing genus Lihuaxuella of neighbouring.

Affinilimibacillus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Limibacillus*, An existing genus; *Affinilimibacillus*: A genus related to but distinct from the existing genus Limibacillus of neighbouring.

Affinilimibacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Limibacter*, An existing genus; *Affinilimibacter*: A genus related to but distinct from the existing genus Limibacter of neighbouring.

Affinilimibaculum

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Limibaculum*, An existing genus; *Affinilimibaculum*: A genus related to but distinct from the existing genus Limibaculum of neighbouring.

Affinilimihaloglobus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Limihaloglobus*, An existing genus; *Affinilimihaloglobus*: A genus related to but distinct from the existing genus Limihaloglobus of neighbouring.

Affinilimimaricola

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Limimaricola*, An existing genus; *Affinilimimaricola*: A genus related to but distinct from the existing genus Limimaricola of neighbouring.

Affinilimimonas

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Limimonas*, An existing genus; *Affinilimimonas*: A genus related to but distinct from the existing genus Limimonas of neighbouring.

Affinilimisphaera

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Limisphaera*, An existing genus; *Affinilimisphaera*: A genus related to but distinct from the existing genus Limisphaera of neighbouring.

Affinilimnobacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Limnobacter*, An existing genus; *Affinilimnobacter*: A genus related to but distinct from the existing genus Limnobacter of neighbouring.

Affinilimnobaculum

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Limnobaculum*, An existing genus; *Affinilimnobaculum*: A genus related to but distinct from the existing genus Limnobaculum of neighbouring.

Affinilimnochorda

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Limnochorda*, An existing genus; *Affinilimnochorda*: A genus related to but distinct from the existing genus Limnochorda of neighbouring.

Affinilimnoglobus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Limnoglobus*, An existing genus; *Affinilimnoglobus*: A genus related to but distinct from the existing genus Limnoglobus of neighbouring.

Affinilimnohabitans

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Limnohabitans*, An existing genus; *Affinilimnohabitans*: A genus related to but distinct from the existing genus Limnohabitans of neighbouring.

Affinilimnolyngbya

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Limnolyngbya*, An existing genus; *Affinilimnolyngbya*: A genus related to but distinct from the existing genus Limnolyngbya of neighbouring.

Affinilimnospira

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Limnospira*, An existing genus; *Affinilimnospira*: A genus related to but distinct from the existing genus Limnospira of neighbouring.

Affinilimoniibacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Limoniibacter*, An existing genus; *Affinilimoniibacter*: A genus related to but distinct from the existing genus Limoniibacter of neighbouring.

Affinilimosilactobacillus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Limosilactobacillus*, An existing genus; *Affinilimosilactobacillus*: A genus related to but distinct from the existing genus Limosilactobacillus of neighbouring.

Affinilipingzhangella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Lipingzhangella*, An existing genus; *Affinilipingzhangella*: A genus related to but distinct from the existing genus Lipingzhangella of neighbouring.

Affiniliquorilactobacillus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Liquorilactobacillus*, An existing genus; *Affiniliquorilactobacillus*: A genus related to but distinct from the existing genus Liquorilactobacillus of neighbouring.

Affinilishizhenia

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Lishizhenia*, An existing genus; *Affinilishizhenia*: A genus related to but distinct from the existing genus Lishizhenia of neighbouring.

Affinilisteria

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Listeria*, An existing genus; *Affinilisteria*: A genus related to but distinct from the existing genus Listeria of neighbouring.

Affinilistonella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Listonella*, An existing genus; *Affinilistonella*: A genus related to but distinct from the existing genus Listonella of neighbouring.

Affinilitoreibacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Litoreibacter*, An existing genus; *Affinilitoreibacter*: A genus related to but distinct from the existing genus Litoreibacter of neighbouring.

Affinilitoribacillus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Litoribacillus*, An existing genus; *Affinilitoribacillus*: A genus related to but distinct from the existing genus Litoribacillus of neighbouring.

Affinilitoribacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Litoribacter*, An existing genus; *Affinilitoribacter*: A genus related to but distinct from the existing genus Litoribacter of neighbouring.

Affinilitoribaculum

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Litoribaculum*, An existing genus; *Affinilitoribaculum*: A genus related to but distinct from the existing genus Litoribaculum of neighbouring.

Affinilitoribrevibacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Litoribrevibacter*, An existing genus; *Affinilitoribrevibacter*: A genus related to but distinct from the existing genus Litoribrevibacter of neighbouring.

Affinilitoricola

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Litoricola*, An existing genus; *Affinilitoricola*: A genus related to but distinct from the existing genus Litoricola of neighbouring.

Affinilitorihabitans

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Litorihabitans*, An existing genus; *Affinilitorihabitans*: A genus related to but distinct from the existing genus Litorihabitans of neighbouring.

Affinilitorilinea

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Litorilinea*, An existing genus; *Affinilitorilinea*: A genus related to but distinct from the existing genus Litorilinea of neighbouring.

Affinilitorilituus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Litorilituus*, An existing genus; *Affinilitorilituus*: A genus related to but distinct from the existing genus Litorilituus of neighbouring.

Affinilitorimicrobium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Litorimicrobium*, An existing genus; *Affinilitorimicrobium*: A genus related to but distinct from the existing genus Litorimicrobium of neighbouring.

Affinilitorimonas

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Litorimonas*, An existing genus; *Affinilitorimonas*: A genus related to but distinct from the existing genus Litorimonas of neighbouring.

Affinilitorisediminicola

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Litorisediminicola*, An existing genus; *Affinilitorisediminicola*: A genus related to but distinct from the existing genus Litorisediminicola of neighbouring.

Affinilitorisediminivivens

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Litorisediminivivens*, An existing genus; *Affinilitorisediminivivens*: A genus related to but distinct from the existing genus Litorisediminivivens of neighbouring.

Affinilitorivita

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Litorivita*, An existing genus; *Affinilitorivita*: A genus related to but distinct from the existing genus Litorivita of neighbouring.

Affinilitorivivens

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Litorivivens*, An existing genus; *Affinilitorivivens*: A genus related to but distinct from the existing genus Litorivivens of neighbouring.

Affiniloigolactobacillus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Loigolactobacillus*, An existing genus; *Affiniloigolactobacillus*: A genus related to but distinct from the existing genus Loigolactobacillus of neighbouring.

Affinilokiarchaeum

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Lokiarchaeum*, An existing genus; *Affinilokiarchaeum*: A genus related to but distinct from the existing genus Lokiarchaeum of neighbouring.

Affiniloktanella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Loktanella*, An existing genus; *Affiniloktanella*: A genus related to but distinct from the existing genus Loktanella of neighbouring.

Affinilonepinella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Lonepinella*, An existing genus; *Affinilonepinella*: A genus related to but distinct from the existing genus Lonepinella of neighbouring.

Affinilongibaculum

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Longibaculum*, An existing genus; *Affinilongibaculum*: A genus related to but distinct from the existing genus Longibaculum of neighbouring.

Affinilongicatena

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Longicatena*, An existing genus; *Affinilongicatena*: A genus related to but distinct from the existing genus Longicatena of neighbouring.

Affinilongilinea

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Longilinea*, An existing genus; *Affinilongilinea*: A genus related to but distinct from the existing genus Longilinea of neighbouring.

Affinilongimicrobium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Longimicrobium*, An existing genus; *Affinilongimicrobium*: A genus related to but distinct from the existing genus Longimicrobium of neighbouring.

Affinilongimycelium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Longimycelium*, An existing genus; *Affinilongimycelium*: A genus related to but distinct from the existing genus Longimycelium of neighbouring.

Affinilongirhabdus

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Longirhabdus*, An existing genus; *Affinilongirhabdus*: A genus related to but distinct from the existing genus Longirhabdus of neighbouring.

Affinilongispora

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Longispora*, An existing genus; *Affinilongispora*: A genus related to but distinct from the existing genus Longispora of neighbouring.

Affinilongivirga

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Longivirga*, An existing genus; *Affinilongivirga*: A genus related to but distinct from the existing genus Longivirga of neighbouring.

Affinilonsdalea

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Lonsdalea*, An existing genus; *Affinilonsdalea*: A genus related to but distinct from the existing genus Lonsdalea of neighbouring.

Affiniloriella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Loriella*, An existing genus; *Affiniloriella*: A genus related to but distinct from the existing genus Loriella of neighbouring.

Affiniloriellopsis

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Loriellopsis*, An existing genus; *Affiniloriellopsis*: A genus related to but distinct from the existing genus Loriellopsis of neighbouring.

Affinilottiidibacillus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Lottiidibacillus*, An existing genus; *Affinilottiidibacillus*: A genus related to but distinct from the existing genus Lottiidibacillus of neighbouring.

Affinilucibacterium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Lucibacterium*, An existing genus; *Affinilucibacterium*: A genus related to but distinct from the existing genus Lucibacterium of neighbouring.

Affiniluedemannella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Luedemannella*, An existing genus; *Affiniluedemannella*: A genus related to but distinct from the existing genus Luedemannella of neighbouring.

Affiniluethyella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Luethyella*, An existing genus; *Affiniluethyella*: A genus related to but distinct from the existing genus Luethyella of neighbouring.

Affinilujinxingia

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Lujinxingia*, An existing genus; *Affinilujinxingia*: A genus related to but distinct from the existing genus Lujinxingia of neighbouring.

Affiniluminiphilus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Luminiphilus*, An existing genus; *Affiniluminiphilus*: A genus related to but distinct from the existing genus Luminiphilus of neighbouring.

Affinilunatimonas

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Lunatimonas*, An existing genus; *Affinilunatimonas*: A genus related to but distinct from the existing genus Lunatimonas of neighbouring.

Affinilusitaniella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Lusitaniella*, An existing genus; *Affinilusitaniella*: A genus related to but distinct from the existing genus Lusitaniella of neighbouring.

Affinilutaonella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Lutaonella*, An existing genus; *Affinilutaonella*: A genus related to but distinct from the existing genus Lutaonella of neighbouring.

Affiniluteibacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Luteibacter*, An existing genus; *Affiniluteibacter*: A genus related to but distinct from the existing genus Luteibacter of neighbouring.

Affiniluteibaculum

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Luteibaculum*, An existing genus; *Affiniluteibaculum*: A genus related to but distinct from the existing genus Luteibaculum of neighbouring.

Affiniluteimicrobium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Luteimicrobium*, An existing genus; *Affiniluteimicrobium*: A genus related to but distinct from the existing genus Luteimicrobium of neighbouring.

Affiniluteimonas

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Luteimonas*, An existing genus; *Affiniluteimonas*: A genus related to but distinct from the existing genus Luteimonas of neighbouring.

Affiniluteipulveratus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Luteipulveratus*, An existing genus; *Affiniluteipulveratus*: A genus related to but distinct from the existing genus Luteipulveratus of neighbouring.

Affiniluteitalea

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Luteitalea*, An existing genus; *Affiniluteitalea*: A genus related to but distinct from the existing genus Luteitalea of neighbouring.

Affiniluteithermobacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Luteithermobacter*, An existing genus; *Affiniluteithermobacter*: A genus related to but distinct from the existing genus Luteithermobacter of neighbouring.

Affiniluteivirga

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Luteivirga*, An existing genus; *Affiniluteivirga*: A genus related to but distinct from the existing genus Luteivirga of neighbouring.

Affiniluteococcus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Luteococcus*, An existing genus; *Affiniluteococcus*: A genus related to but distinct from the existing genus Luteococcus of neighbouring.

Affiniluteolibacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Luteolibacter*, An existing genus; *Affiniluteolibacter*: A genus related to but distinct from the existing genus Luteolibacter of neighbouring.

Affiniluteovulum

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Luteovulum*, An existing genus; *Affiniluteovulum*: A genus related to but distinct from the existing genus Luteovulum of neighbouring.

Affinilutibacterium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Lutibacterium*, An existing genus; *Affinilutibacterium*: A genus related to but distinct from the existing genus Lutibacterium of neighbouring.

Affinilutimaribacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Lutimaribacter*, An existing genus; *Affinilutimaribacter*: A genus related to but distinct from the existing genus Lutimaribacter of neighbouring.

Affinilutimonas

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Lutimonas*, An existing genus; *Affinilutimonas*: A genus related to but distinct from the existing genus Lutimonas of neighbouring.

Affinilutispora

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Lutispora*, An existing genus; *Affinilutispora*: A genus related to but distinct from the existing genus Lutispora of neighbouring.

Affinilysinibacillus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Lysinibacillus*, An existing genus; *Affinilysinibacillus*: A genus related to but distinct from the existing genus Lysinibacillus of neighbouring.

Affinilysinibacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Lysinibacter*, An existing genus; *Affinilysinibacter*: A genus related to but distinct from the existing genus Lysinibacter of neighbouring.

Affinilysinimicrobium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Lysinimicrobium*, An existing genus; *Affinilysinimicrobium*: A genus related to but distinct from the existing genus Lysinimicrobium of neighbouring.

Affinilysinimonas

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Lysinimonas*, An existing genus; *Affinilysinimonas*: A genus related to but distinct from the existing genus Lysinimonas of neighbouring.

Affinilysobacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Lysobacter*, An existing genus; *Affinilysobacter*: A genus related to but distinct from the existing genus Lysobacter of neighbouring.

Affinilyticum

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Lyticum*, An existing genus; *Affinilyticum*: A genus related to but distinct from the existing genus Lyticum of neighbouring.

Affinimabikibacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Mabikibacter*, An existing genus; *Affinimabikibacter*: A genus related to but distinct from the existing genus Mabikibacter of neighbouring.

Affinimacellibacteroides

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Macellibacteroides*, An existing genus; *Affinimacellibacteroides*: A genus related to but distinct from the existing genus Macellibacteroides of neighbouring.

Affinimacrochaete

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Macrochaete*, An existing genus; *Affinimacrochaete*: A genus related to but distinct from the existing genus Macrochaete of neighbouring.

Affinimacrococcus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Macrococcus*, An existing genus; *Affinimacrococcus*: A genus related to but distinct from the existing genus Macrococcus of neighbouring.

Affinimageeibacillus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Mageeibacillus*, An existing genus; *Affinimageeibacillus*: A genus related to but distinct from the existing genus Mageeibacillus of neighbouring.

Affinimagnetococcus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Magnetococcus*, An existing genus; *Affinimagnetococcus*: A genus related to but distinct from the existing genus Magnetococcus of neighbouring.

Affinimagnetospira

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Magnetospira*, An existing genus; *Affinimagnetospira*: A genus related to but distinct from the existing genus Magnetospira of neighbouring.

Affinimagnetospirillum

L. masc. adjective *affinis*, neighbouring; L. neut. dim. n. *Magnetospirillum*, An existing genus; *Affinimagnetospirillum*: A genus related to but distinct from the existing genus Magnetospirillum of neighbouring.

Affinimagnetovibrio

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Magnetovibrio*, An existing genus; *Affinimagnetovibrio*: A genus related to but distinct from the existing genus Magnetovibrio of neighbouring.

Affinimahella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Mahella*, An existing genus; *Affinimahella*: A genus related to but distinct from the existing genus Mahella of neighbouring.

Affinimalacoplasma

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Malacoplasma*, An existing genus; *Affinimalacoplasma*: A genus related to but distinct from the existing genus Malacoplasma of neighbouring.

Affinimaledivibacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Maledivibacter*, An existing genus; *Affinimaledivibacter*: A genus related to but distinct from the existing genus Maledivibacter of neighbouring.

Affinimalikia

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Malikia*, An existing genus; *Affinimalikia*: A genus related to but distinct from the existing genus Malikia of neighbouring.

Affinimaliponia

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Maliponia*, An existing genus; *Affinimaliponia*: A genus related to but distinct from the existing genus Maliponia of neighbouring.

Affinimameliella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Mameliella*, An existing genus; *Affinimameliella*: A genus related to but distinct from the existing genus Mameliella of neighbouring.

Affinimangrovibacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Mangrovibacter*, An existing genus; *Affinimangrovibacter*: A genus related to but distinct from the existing genus Mangrovibacter of neighbouring.

Affinimangrovibacterium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Mangrovibacterium*, An existing genus; *Affinimangrovibacterium*: A genus related to but distinct from the existing genus Mangrovibacterium of neighbouring.

Affinimangrovicella

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Mangrovicella*, An existing genus; *Affinimangrovicella*: A genus related to but distinct from the existing genus Mangrovicella of neighbouring.

Affinimangrovicoccus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Mangrovicoccus*, An existing genus; *Affinimangrovicoccus*: A genus related to but distinct from the existing genus Mangrovicoccus of neighbouring.

Affinimangroviflexus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Mangroviflexus*, An existing genus; *Affinimangroviflexus*: A genus related to but distinct from the existing genus Mangroviflexus of neighbouring.

Affinimangrovihabitans

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Mangrovihabitans*, An existing genus; *Affinimangrovihabitans*: A genus related to but distinct from the existing genus Mangrovihabitans of neighbouring.

Affinimangrovimonas

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Mangrovimonas*, An existing genus; *Affinimangrovimonas*: A genus related to but distinct from the existing genus Mangrovimonas of neighbouring.

Affinimangrovitalea

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Mangrovitalea*, An existing genus; *Affinimangrovitalea*: A genus related to but distinct from the existing genus Mangrovitalea of neighbouring.

Affinimannheimia

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Mannheimia*, An existing genus; *Affinimannheimia*: A genus related to but distinct from the existing genus Mannheimia of neighbouring.

Affinimarasmitruncus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Marasmitruncus*, An existing genus; *Affinimarasmitruncus*: A genus related to but distinct from the existing genus Marasmitruncus of neighbouring.

Affinimaribacillus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Maribacillus*, An existing genus; *Affinimaribacillus*: A genus related to but distinct from the existing genus Maribacillus of neighbouring.

Affinimaribacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Maribacter*, An existing genus; *Affinimaribacter*: A genus related to but distinct from the existing genus Maribacter of neighbouring.

Affinimaribaculum

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Maribaculum*, An existing genus; *Affinimaribaculum*: A genus related to but distinct from the existing genus Maribaculum of neighbouring.

Affinimaribellus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Maribellus*, An existing genus; *Affinimaribellus*: A genus related to but distinct from the existing genus Maribellus of neighbouring.

Affinimaribius

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Maribius*, An existing genus; *Affinimaribius*: A genus related to but distinct from the existing genus Maribius of neighbouring.

Affinimaricaulis

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Maricaulis*, An existing genus; *Affinimaricaulis*: A genus related to but distinct from the existing genus Maricaulis of neighbouring.

Affinimarichromatium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Marichromatium*, An existing genus; *Affinimarichromatium*: A genus related to but distinct from the existing genus Marichromatium of neighbouring.

Affinimaricurvus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Maricurvus*, An existing genus; *Affinimaricurvus*: A genus related to but distinct from the existing genus Maricurvus of neighbouring.

Affinimarihabitans

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Marihabitans*, An existing genus; *Affinimarihabitans*: A genus related to but distinct from the existing genus Marihabitans of neighbouring.

Affinimarileptolyngbya

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Marileptolyngbya*, An existing genus; *Affinimarileptolyngbya*: A genus related to but distinct from the existing genus Marileptolyngbya of neighbouring.

Affinimarimicrobium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Marimicrobium*, An existing genus; *Affinimarimicrobium*: A genus related to but distinct from the existing genus Marimicrobium of neighbouring.

Affinimarimonas

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Marimonas*, An existing genus; *Affinimarimonas*: A genus related to but distinct from the existing genus Marimonas of neighbouring.

Affinimarinactinospora

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Marinactinospora*, An existing genus; *Affinimarinactinospora*: A genus related to but distinct from the existing genus Marinactinospora of neighbouring.

Affinimarinagarivorans

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Marinagarivorans*, An existing genus; *Affinimarinagarivorans*: A genus related to but distinct from the existing genus Marinagarivorans of neighbouring.

Affinimarinibacillus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Marinibacillus*, An existing genus; *Affinimarinibacillus*: A genus related to but distinct from the existing genus Marinibacillus of neighbouring.

Affinimarinibacterium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Marinibacterium*, An existing genus; *Affinimarinibacterium*: A genus related to but distinct from the existing genus Marinibacterium of neighbouring.

Affinimarinibactrum

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Marinibactrum*, An existing genus; *Affinimarinibactrum*: A genus related to but distinct from the existing genus Marinibactrum of neighbouring.

Affinimarinibaculum

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Marinibaculum*, An existing genus; *Affinimarinibaculum*: A genus related to but distinct from the existing genus Marinibaculum of neighbouring.

Affinimariniblastus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Mariniblastus*, An existing genus; *Affinimariniblastus*: A genus related to but distinct from the existing genus Mariniblastus of neighbouring.

Affinimarinicauda

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Marinicauda*, An existing genus; *Affinimarinicauda*: A genus related to but distinct from the existing genus Marinicauda of neighbouring.

Affinimarinicaulis

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Marinicaulis*, An existing genus; *Affinimarinicaulis*: A genus related to but distinct from the existing genus Marinicaulis of neighbouring.

Affinimarinicella

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Marinicella*, An existing genus; *Affinimarinicella*: A genus related to but distinct from the existing genus Marinicella of neighbouring.

Affinimarinicola

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Marinicola*, An existing genus; *Affinimarinicola*: A genus related to but distinct from the existing genus Marinicola of neighbouring.

Affinimarinicrinis

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Marinicrinis*, An existing genus; *Affinimarinicrinis*: A genus related to but distinct from the existing genus Marinicrinis of neighbouring.

Affinimarinifilum

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Marinifilum*, An existing genus; *Affinimarinifilum*: A genus related to but distinct from the existing genus Marinifilum of neighbouring.

Affinimariniflexile

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Mariniflexile*, An existing genus; *Affinimariniflexile*: A genus related to but distinct from the existing genus Mariniflexile of neighbouring.

Affinimarinilabilia

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Marinilabilia*, An existing genus; *Affinimarinilabilia*: A genus related to but distinct from the existing genus Marinilabilia of neighbouring.

Affinimarinilactibacillus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Marinilactibacillus*, An existing genus; *Affinimarinilactibacillus*: A genus related to but distinct from the existing genus Marinilactibacillus of neighbouring.

Affinimariniluteicoccus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Mariniluteicoccus*, An existing genus; *Affinimariniluteicoccus*: A genus related to but distinct from the existing genus Mariniluteicoccus of neighbouring.

Affinimarinimicrobium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Marinimicrobium*, An existing genus; *Affinimarinimicrobium*: A genus related to but distinct from the existing genus Marinimicrobium of neighbouring.

Affinimarininema

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Marininema*, An existing genus; *Affinimarininema*: A genus related to but distinct from the existing genus Marininema of neighbouring.

Affinimariniphaga

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Mariniphaga*, An existing genus; *Affinimariniphaga*: A genus related to but distinct from the existing genus Mariniphaga of neighbouring.

Affinimariniradius

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Mariniradius*, An existing genus; *Affinimariniradius*: A genus related to but distinct from the existing genus Mariniradius of neighbouring.

Affinimarinirhabdus

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Marinirhabdus*, An existing genus; *Affinimarinirhabdus*: A genus related to but distinct from the existing genus Marinirhabdus of neighbouring.

Affinimarinisporobacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Marinisporobacter*, An existing genus; *Affinimarinisporobacter*: A genus related to but distinct from the existing genus Marinisporobacter of neighbouring.

Affinimarinitalea

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Marinitalea*, An existing genus; *Affinimarinitalea*: A genus related to but distinct from the existing genus Marinitalea of neighbouring.

Affinimarinitenerispora

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Marinitenerispora*, An existing genus; *Affinimarinitenerispora*: A genus related to but distinct from the existing genus Marinitenerispora of neighbouring.

Affinimarinithermofilum

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Marinithermofilum*, An existing genus; *Affinimarinithermofilum*: A genus related to but distinct from the existing genus Marinithermofilum of neighbouring.

Affinimarinithermus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Marinithermus*, An existing genus; *Affinimarinithermus*: A genus related to but distinct from the existing genus Marinithermus of neighbouring.

Affinimarinitoga

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Marinitoga*, An existing genus; *Affinimarinitoga*: A genus related to but distinct from the existing genus Marinitoga of neighbouring.

Affinimarinivirga

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Marinivirga*, An existing genus; *Affinimarinivirga*: A genus related to but distinct from the existing genus Marinivirga of neighbouring.

Affinimarinobacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Marinobacter*, An existing genus; *Affinimarinobacter*: A genus related to but distinct from the existing genus Marinobacter of neighbouring.

Affinimarinobacterium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Marinobacterium*, An existing genus; *Affinimarinobacterium*: A genus related to but distinct from the existing genus Marinobacterium of neighbouring.

Affinimarinococcus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Marinococcus*, An existing genus; *Affinimarinococcus*: A genus related to but distinct from the existing genus Marinococcus of neighbouring.

Affinimarinomonas

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Marinomonas*, An existing genus; *Affinimarinomonas*: A genus related to but distinct from the existing genus Marinomonas of neighbouring.

Affinimarinoscillum

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Marinoscillum*, An existing genus; *Affinimarinoscillum*: A genus related to but distinct from the existing genus Marinoscillum of neighbouring.

Affinimarinospirillum

L. masc. adjective *affinis*, neighbouring; L. neut. dim. n. *Marinospirillum*, An existing genus; *Affinimarinospirillum*: A genus related to but distinct from the existing genus Marinospirillum of neighbouring.

Affinimarinosulfonomonas

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Marinosulfonomonas*, An existing genus; *Affinimarinosulfonomonas*: A genus related to but distinct from the existing genus Marinosulfonomonas of neighbouring.

Affinimarinovum

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Marinovum*, An existing genus; *Affinimarinovum*: A genus related to but distinct from the existing genus Marinovum of neighbouring.

Affinimariprofundus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Mariprofundus*, An existing genus; *Affinimariprofundus*: A genus related to but distinct from the existing genus Mariprofundus of neighbouring.

Affinimaripseudobacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Maripseudobacter*, An existing genus; *Affinimaripseudobacter*: A genus related to but distinct from the existing genus Maripseudobacter of neighbouring.

Affinimarisediminicola

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Marisediminicola*, An existing genus; *Affinimarisediminicola*: A genus related to but distinct from the existing genus Marisediminicola of neighbouring.

Affinimarisediminitalea

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Marisediminitalea*, An existing genus; *Affinimarisediminitalea*: A genus related to but distinct from the existing genus Marisediminitalea of neighbouring.

Affinimarispirillum

L. masc. adjective *affinis*, neighbouring; L. neut. dim. n. *Marispirillum*, An existing genus; *Affinimarispirillum*: A genus related to but distinct from the existing genus Marispirillum of neighbouring.

Affinimarispirochaeta

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Marispirochaeta*, An existing genus; *Affinimarispirochaeta*: A genus related to but distinct from the existing genus Marispirochaeta of neighbouring.

Affinimaritalea

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Maritalea*, An existing genus; *Affinimaritalea*: A genus related to but distinct from the existing genus Maritalea of neighbouring.

Affinimaritimibacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Maritimibacter*, An existing genus; *Affinimaritimibacter*: A genus related to but distinct from the existing genus Maritimibacter of neighbouring.

Affinimaritimimonas

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Maritimimonas*, An existing genus; *Affinimaritimimonas*: A genus related to but distinct from the existing genus Maritimimonas of neighbouring.

Affinimarivibrio

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Marivibrio*, An existing genus; *Affinimarivibrio*: A genus related to but distinct from the existing genus Marivibrio of neighbouring.

Affinimarivirga

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Marivirga*, An existing genus; *Affinimarivirga*: A genus related to but distinct from the existing genus Marivirga of neighbouring.

Affinimarivita

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Marivita*, An existing genus; *Affinimarivita*: A genus related to but distinct from the existing genus Marivita of neighbouring.

Affinimarixanthomonas

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Marixanthomonas*, An existing genus; *Affinimarixanthomonas*: A genus related to but distinct from the existing genus Marixanthomonas of neighbouring.

Affinimarmoricola

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Marmoricola*, An existing genus; *Affinimarmoricola*: A genus related to but distinct from the existing genus Marmoricola of neighbouring.

Affinimarortus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Marortus*, An existing genus; *Affinimarortus*: A genus related to but distinct from the existing genus Marortus of neighbouring.

Affinimartelella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Martelella*, An existing genus; *Affinimartelella*: A genus related to but distinct from the existing genus Martelella of neighbouring.

Affinimarvinbryantia

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Marvinbryantia*, An existing genus; *Affinimarvinbryantia*: A genus related to but distinct from the existing genus Marvinbryantia of neighbouring.

Affinimassilibacterium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Massilibacterium*, An existing genus; *Affinimassilibacterium*: A genus related to but distinct from the existing genus Massilibacterium of neighbouring.

Affinimassiliimalia

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Massiliimalia*, An existing genus; *Affinimassiliimalia*: A genus related to but distinct from the existing genus Massiliimalia of neighbouring.

Affinimechercharimyces

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Mechercharimyces*, An existing genus; *Affinimechercharimyces*: A genus related to but distinct from the existing genus Mechercharimyces of neighbouring.

Affinimediterraneibacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Mediterraneibacter*, An existing genus; *Affinimediterraneibacter*: A genus related to but distinct from the existing genus Mediterraneibacter of neighbouring.

Affinimegamonas

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Megamonas*, An existing genus; *Affinimegamonas*: A genus related to but distinct from the existing genus Megamonas of neighbouring.

Affinimeganema

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Meganema*, An existing genus; *Affinimeganema*: A genus related to but distinct from the existing genus Meganema of neighbouring.

Affinimegasphaera

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Megasphaera*, An existing genus; *Affinimegasphaera*: A genus related to but distinct from the existing genus Megasphaera of neighbouring.

Affinimeiothermus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Meiothermus*, An existing genus; *Affinimeiothermus*: A genus related to but distinct from the existing genus Meiothermus of neighbouring.

Affinimelaminivora

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Melaminivora*, An existing genus; *Affinimelaminivora*: A genus related to but distinct from the existing genus Melaminivora of neighbouring.

Affinimelghiribacillus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Melghiribacillus*, An existing genus; *Affinimelghiribacillus*: A genus related to but distinct from the existing genus Melghiribacillus of neighbouring.

Affinimelghirimyces

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Melghirimyces*, An existing genus; *Affinimelghirimyces*: A genus related to but distinct from the existing genus Melghirimyces of neighbouring.

Affinimelioribacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Melioribacter*, An existing genus; *Affinimelioribacter*: A genus related to but distinct from the existing genus Melioribacter of neighbouring.

Affinimelissococcus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Melissococcus*, An existing genus; *Affinimelissococcus*: A genus related to but distinct from the existing genus Melissococcus of neighbouring.

Affinimelitea

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Melitea*, An existing genus; *Affinimelitea*: A genus related to but distinct from the existing genus Melitea of neighbouring.

Affinimelittangium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Melittangium*, An existing genus; *Affinimelittangium*: A genus related to but distinct from the existing genus Melittangium of neighbouring.

Affinimembranicola

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Membranicola*, An existing genus; *Affinimembranicola*: A genus related to but distinct from the existing genus Membranicola of neighbouring.

Affinimeniscus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Meniscus*, An existing genus; *Affinimeniscus*: A genus related to but distinct from the existing genus Meniscus of neighbouring.

Affinimerdibacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Merdibacter*, An existing genus; *Affinimerdibacter*: A genus related to but distinct from the existing genus Merdibacter of neighbouring.

Affinimerdimonas

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Merdimonas*, An existing genus; *Affinimerdimonas*: A genus related to but distinct from the existing genus Merdimonas of neighbouring.

Affinimeridianimaribacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Meridianimaribacter*, An existing genus; *Affinimeridianimaribacter*: A genus related to but distinct from the existing genus Meridianimaribacter of neighbouring.

Affinimeridianimarinicoccus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Meridianimarinicoccus*, An existing genus; *Affinimeridianimarinicoccus*: A genus related to but distinct from the existing genus Meridianimarinicoccus of neighbouring.

Affinimesoaciditoga

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Mesoaciditoga*, An existing genus; *Affinimesoaciditoga*: A genus related to but distinct from the existing genus Mesoaciditoga of neighbouring.

Affinimesobacillus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Mesobacillus*, An existing genus; *Affinimesobacillus*: A genus related to but distinct from the existing genus Mesobacillus of neighbouring.

Affinimesocricetibacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Mesocricetibacter*, An existing genus; *Affinimesocricetibacter*: A genus related to but distinct from the existing genus Mesocricetibacter of neighbouring.

Affinimesoflavibacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Mesoflavibacter*, An existing genus; *Affinimesoflavibacter*: A genus related to but distinct from the existing genus Mesoflavibacter of neighbouring.

Affinimesohalobacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Mesohalobacter*, An existing genus; *Affinimesohalobacter*: A genus related to but distinct from the existing genus Mesohalobacter of neighbouring.

Affinimesomycoplasma

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Mesomycoplasma*, An existing genus; *Affinimesomycoplasma*: A genus related to but distinct from the existing genus Mesomycoplasma of neighbouring.

Affinimesonia

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Mesonia*, An existing genus; *Affinimesonia*: A genus related to but distinct from the existing genus Mesonia of neighbouring.

Affinimesophilobacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Mesophilobacter*, An existing genus; *Affinimesophilobacter*: A genus related to but distinct from the existing genus Mesophilobacter of neighbouring.

Affinimesoplasma

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Mesoplasma*, An existing genus; *Affinimesoplasma*: A genus related to but distinct from the existing genus Mesoplasma of neighbouring.

Affinimesorhizobium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Mesorhizobium*, An existing genus; *Affinimesorhizobium*: A genus related to but distinct from the existing genus Mesorhizobium of neighbouring.

Affinimesosutterella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Mesosutterella*, An existing genus; *Affinimesosutterella*: A genus related to but distinct from the existing genus Mesosutterella of neighbouring.

Affinimesotoga

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Mesotoga*, An existing genus; *Affinimesotoga*: A genus related to but distinct from the existing genus Mesotoga of neighbouring.

Affinimetabacillus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Metabacillus*, An existing genus; *Affinimetabacillus*: A genus related to but distinct from the existing genus Metabacillus of neighbouring.

Affinimetakosakonia

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Metakosakonia*, An existing genus; *Affinimetakosakonia*: A genus related to but distinct from the existing genus Metakosakonia of neighbouring.

Affinimetallibacterium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Metallibacterium*, An existing genus; *Affinimetallibacterium*: A genus related to but distinct from the existing genus Metallibacterium of neighbouring.

Affinimetalliresistens

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Metalliresistens*, An existing genus; *Affinimetalliresistens*: A genus related to but distinct from the existing genus Metalliresistens of neighbouring.

Affinimetallosphaera

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Metallosphaera*, An existing genus; *Affinimetallosphaera*: A genus related to but distinct from the existing genus Metallosphaera of neighbouring.

Affinimetalysinibacillus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Metalysinibacillus*, An existing genus; *Affinimetalysinibacillus*: A genus related to but distinct from the existing genus Metalysinibacillus of neighbouring.

Affinimetamycoplasma

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Metamycoplasma*, An existing genus; *Affinimetamycoplasma*: A genus related to but distinct from the existing genus Metamycoplasma of neighbouring.

Affinimetaplanococcus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Metaplanococcus*, An existing genus; *Affinimetaplanococcus*: A genus related to but distinct from the existing genus Metaplanococcus of neighbouring.

Affinimetascardovia

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Metascardovia*, An existing genus; *Affinimetascardovia*: A genus related to but distinct from the existing genus Metascardovia of neighbouring.

Affinimetasolibacillus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Metasolibacillus*, An existing genus; *Affinimetasolibacillus*: A genus related to but distinct from the existing genus Metasolibacillus of neighbouring.

Affinimethanobacterium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Methanobacterium*, An existing genus; *Affinimethanobacterium*: A genus related to but distinct from the existing genus Methanobacterium of neighbouring.

Affinimethanobrevibacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Methanobrevibacter*, An existing genus; *Affinimethanobrevibacter*: A genus related to but distinct from the existing genus Methanobrevibacter of neighbouring.

Affinimethanocalculus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Methanocalculus*, An existing genus; *Affinimethanocalculus*: A genus related to but distinct from the existing genus Methanocalculus of neighbouring.

Affinimethanocaldococcus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Methanocaldococcus*, An existing genus; *Affinimethanocaldococcus*: A genus related to but distinct from the existing genus Methanocaldococcus of neighbouring.

Affinimethanocella

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Methanocella*, An existing genus; *Affinimethanocella*: A genus related to but distinct from the existing genus Methanocella of neighbouring.

Affinimethanococcoides

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Methanococcoides*, An existing genus; *Affinimethanococcoides*: A genus related to but distinct from the existing genus Methanococcoides of neighbouring.

Affinimethanococcus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Methanococcus*, An existing genus; *Affinimethanococcus*: A genus related to but distinct from the existing genus Methanococcus of neighbouring.

Affinimethanocorpusculum

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Methanocorpusculum*, An existing genus; *Affinimethanocorpusculum*: A genus related to but distinct from the existing genus Methanocorpusculum of neighbouring.

Affinimethanoculleus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Methanoculleus*, An existing genus; *Affinimethanoculleus*: A genus related to but distinct from the existing genus Methanoculleus of neighbouring.

Affinimethanofervidicoccus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Methanofervidicoccus*, An existing genus; *Affinimethanofervidicoccus*: A genus related to but distinct from the existing genus Methanofervidicoccus of neighbouring.

Affinimethanofollis

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Methanofollis*, An existing genus; *Affinimethanofollis*: A genus related to but distinct from the existing genus Methanofollis of neighbouring.

Affinimethanogenium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Methanogenium*, An existing genus; *Affinimethanogenium*: A genus related to but distinct from the existing genus Methanogenium of neighbouring.

Affinimethanohalobium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Methanohalobium*, An existing genus; *Affinimethanohalobium*: A genus related to but distinct from the existing genus Methanohalobium of neighbouring.

Affinimethanohalophilus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Methanohalophilus*, An existing genus; *Affinimethanohalophilus*: A genus related to but distinct from the existing genus Methanohalophilus of neighbouring.

Affinimethanolacinia

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Methanolacinia*, An existing genus; *Affinimethanolacinia*: A genus related to but distinct from the existing genus Methanolacinia of neighbouring.

Affinimethanolinea

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Methanolinea*, An existing genus; *Affinimethanolinea*: A genus related to but distinct from the existing genus Methanolinea of neighbouring.

Affinimethanomassiliicoccus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Methanomassiliicoccus*, An existing genus; *Affinimethanomassiliicoccus*: A genus related to but distinct from the existing genus Methanomassiliicoccus of neighbouring.

Affinimethanomethylovorans

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Methanomethylovorans*, An existing genus; *Affinimethanomethylovorans*: A genus related to but distinct from the existing genus Methanomethylovorans of neighbouring.

Affinimethanomicrobium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Methanomicrobium*, An existing genus; *Affinimethanomicrobium*: A genus related to but distinct from the existing genus Methanomicrobium of neighbouring.

Affinimethanonatronarchaeum

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Methanonatronarchaeum*, An existing genus; *Affinimethanonatronarchaeum*: A genus related to but distinct from the existing genus Methanonatronarchaeum of neighbouring.

Affinimethanoplanus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Methanoplanus*, An existing genus; *Affinimethanoplanus*: A genus related to but distinct from the existing genus Methanoplanus of neighbouring.

Affinimethanopyrus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Methanopyrus*, An existing genus; *Affinimethanopyrus*: A genus related to but distinct from the existing genus Methanopyrus of neighbouring.

Affinimethanoregula

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Methanoregula*, An existing genus; *Affinimethanoregula*: A genus related to but distinct from the existing genus Methanoregula of neighbouring.

Affinimethanosaeta

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Methanosaeta*, An existing genus; *Affinimethanosaeta*: A genus related to but distinct from the existing genus Methanosaeta of neighbouring.

Affinimethanosalsum

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Methanosalsum*, An existing genus; *Affinimethanosalsum*: A genus related to but distinct from the existing genus Methanosalsum of neighbouring.

Affinimethanosarcina

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Methanosarcina*, An existing genus; *Affinimethanosarcina*: A genus related to but distinct from the existing genus Methanosarcina of neighbouring.

Affinimethanosphaera

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Methanosphaera*, An existing genus; *Affinimethanosphaera*: A genus related to but distinct from the existing genus Methanosphaera of neighbouring.

Affinimethanosphaerula

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Methanosphaerula*, An existing genus; *Affinimethanosphaerula*: A genus related to but distinct from the existing genus Methanosphaerula of neighbouring.

Affinimethanospirillum

L. masc. adjective *affinis*, neighbouring; L. neut. dim. n. *Methanospirillum*, An existing genus; *Affinimethanospirillum*: A genus related to but distinct from the existing genus Methanospirillum of neighbouring.

Affinimethanothermobacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Methanothermobacter*, An existing genus; *Affinimethanothermobacter*: A genus related to but distinct from the existing genus Methanothermobacter of neighbouring.

Affinimethanothermococcus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Methanothermococcus*, An existing genus; *Affinimethanothermococcus*: A genus related to but distinct from the existing genus Methanothermococcus of neighbouring.

Affinimethanothermus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Methanothermus*, An existing genus; *Affinimethanothermus*: A genus related to but distinct from the existing genus Methanothermus of neighbouring.

Affinimethanothrix

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Methanothrix*, An existing genus; *Affinimethanothrix*: A genus related to but distinct from the existing genus Methanothrix of neighbouring.

Affinimethanotorris

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Methanotorris*, An existing genus; *Affinimethanotorris*: A genus related to but distinct from the existing genus Methanotorris of neighbouring.

Affinimethermicoccus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Methermicoccus*, An existing genus; *Affinimethermicoccus*: A genus related to but distinct from the existing genus Methermicoccus of neighbouring.

Affinimethylacidimicrobium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Methylacidimicrobium*, An existing genus; *Affinimethylacidimicrobium*: A genus related to but distinct from the existing genus Methylacidimicrobium of neighbouring.

Affinimethylarcula

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Methylarcula*, An existing genus; *Affinimethylarcula*: A genus related to but distinct from the existing genus Methylarcula of neighbouring.

Affinimethylibium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Methylibium*, An existing genus; *Affinimethylibium*: A genus related to but distinct from the existing genus Methylibium of neighbouring.

Affinimethylicorpusculum

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Methylicorpusculum*, An existing genus; *Affinimethylicorpusculum*: A genus related to but distinct from the existing genus Methylicorpusculum of neighbouring.

Affinimethylobacillus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Methylobacillus*, An existing genus; *Affinimethylobacillus*: A genus related to but distinct from the existing genus Methylobacillus of neighbouring.

Affinimethylobacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Methylobacter*, An existing genus; *Affinimethylobacter*: A genus related to but distinct from the existing genus Methylobacter of neighbouring.

Affinimethylobacterium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Methylobacterium*, An existing genus; *Affinimethylobacterium*: A genus related to but distinct from the existing genus Methylobacterium of neighbouring.

Affinimethylobrevis

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Methylobrevis*, An existing genus; *Affinimethylobrevis*: A genus related to but distinct from the existing genus Methylobrevis of neighbouring.

Affinimethylocaldum

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Methylocaldum*, An existing genus; *Affinimethylocaldum*: A genus related to but distinct from the existing genus Methylocaldum of neighbouring.

Affinimethylocapsa

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Methylocapsa*, An existing genus; *Affinimethylocapsa*: A genus related to but distinct from the existing genus Methylocapsa of neighbouring.

Affinimethyloceanibacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Methyloceanibacter*, An existing genus; *Affinimethyloceanibacter*: A genus related to but distinct from the existing genus Methyloceanibacter of neighbouring.

Affinimethylocella

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Methylocella*, An existing genus; *Affinimethylocella*: A genus related to but distinct from the existing genus Methylocella of neighbouring.

Affinimethylococcus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Methylococcus*, An existing genus; *Affinimethylococcus*: A genus related to but distinct from the existing genus Methylococcus of neighbouring.

Affinimethylocucumis

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Methylocucumis*, An existing genus; *Affinimethylocucumis*: A genus related to but distinct from the existing genus Methylocucumis of neighbouring.

Affinimethylocystis

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Methylocystis*, An existing genus; *Affinimethylocystis*: A genus related to but distinct from the existing genus Methylocystis of neighbouring.

Affinimethyloferula

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Methyloferula*, An existing genus; *Affinimethyloferula*: A genus related to but distinct from the existing genus Methyloferula of neighbouring.

Affinimethylogaea

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Methylogaea*, An existing genus; *Affinimethylogaea*: A genus related to but distinct from the existing genus Methylogaea of neighbouring.

Affinimethyloglobulus

L. masc. adjective *affinis*, neighbouring; L. masc. dim. n. *Methyloglobulus*, An existing genus; *Affinimethyloglobulus*: A genus related to but distinct from the existing genus Methyloglobulus of neighbouring.

Affinimethylohalobius

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Methylohalobius*, An existing genus; *Affinimethylohalobius*: A genus related to but distinct from the existing genus Methylohalobius of neighbouring.

Affinimethylohalomonas

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Methylohalomonas*, An existing genus; *Affinimethylohalomonas*: A genus related to but distinct from the existing genus Methylohalomonas of neighbouring.

Affinimethyloligella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Methyloligella*, An existing genus; *Affinimethyloligella*: A genus related to but distinct from the existing genus Methyloligella of neighbouring.

Affinimethylolobus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Methylolobus*, An existing genus; *Affinimethylolobus*: A genus related to but distinct from the existing genus Methylolobus of neighbouring.

Affinimethylomagnum

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Methylomagnum*, An existing genus; *Affinimethylomagnum*: A genus related to but distinct from the existing genus Methylomagnum of neighbouring.

Affinimethylomarinovum

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Methylomarinovum*, An existing genus; *Affinimethylomarinovum*: A genus related to but distinct from the existing genus Methylomarinovum of neighbouring.

Affinimethylomarinum

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Methylomarinum*, An existing genus; *Affinimethylomarinum*: A genus related to but distinct from the existing genus Methylomarinum of neighbouring.

Affinimethylomicrobium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Methylomicrobium*, An existing genus; *Affinimethylomicrobium*: A genus related to but distinct from the existing genus Methylomicrobium of neighbouring.

Affinimethylomonas

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Methylomonas*, An existing genus; *Affinimethylomonas*: A genus related to but distinct from the existing genus Methylomonas of neighbouring.

Affinimethylomusa

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Methylomusa*, An existing genus; *Affinimethylomusa*: A genus related to but distinct from the existing genus Methylomusa of neighbouring.

Affinimethylonatrum

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Methylonatrum*, An existing genus; *Affinimethylonatrum*: A genus related to but distinct from the existing genus Methylonatrum of neighbouring.

Affinimethyloparacoccus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Methyloparacoccus*, An existing genus; *Affinimethyloparacoccus*: A genus related to but distinct from the existing genus Methyloparacoccus of neighbouring.

Affinimethylophaga

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Methylophaga*, An existing genus; *Affinimethylophaga*: A genus related to but distinct from the existing genus Methylophaga of neighbouring.

Affinimethylophilus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Methylophilus*, An existing genus; *Affinimethylophilus*: A genus related to but distinct from the existing genus Methylophilus of neighbouring.

Affinimethylopila

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Methylopila*, An existing genus; *Affinimethylopila*: A genus related to but distinct from the existing genus Methylopila of neighbouring.

Affinimethyloprofundus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Methyloprofundus*, An existing genus; *Affinimethyloprofundus*: A genus related to but distinct from the existing genus Methyloprofundus of neighbouring.

Affinimethylorhabdus

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Methylorhabdus*, An existing genus; *Affinimethylorhabdus*: A genus related to but distinct from the existing genus Methylorhabdus of neighbouring.

Affinimethylorosula

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Methylorosula*, An existing genus; *Affinimethylorosula*: A genus related to but distinct from the existing genus Methylorosula of neighbouring.

Affinimethylorubrum

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Methylorubrum*, An existing genus; *Affinimethylorubrum*: A genus related to but distinct from the existing genus Methylorubrum of neighbouring.

Affinimethylosarcina

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Methylosarcina*, An existing genus; *Affinimethylosarcina*: A genus related to but distinct from the existing genus Methylosarcina of neighbouring.

Affinimethylosinus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Methylosinus*, An existing genus; *Affinimethylosinus*: A genus related to but distinct from the existing genus Methylosinus of neighbouring.

Affinimethylosoma

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Methylosoma*, An existing genus; *Affinimethylosoma*: A genus related to but distinct from the existing genus Methylosoma of neighbouring.

Affinimethylosphaera

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Methylosphaera*, An existing genus; *Affinimethylosphaera*: A genus related to but distinct from the existing genus Methylosphaera of neighbouring.

Affinimethylosulfonomonas

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Methylosulfonomonas*, An existing genus; *Affinimethylosulfonomonas*: A genus related to but distinct from the existing genus Methylosulfonomonas of neighbouring.

Affinimethylotenera

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Methylotenera*, An existing genus; *Affinimethylotenera*: A genus related to but distinct from the existing genus Methylotenera of neighbouring.

Affinimethyloterricola

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Methyloterricola*, An existing genus; *Affinimethyloterricola*: A genus related to but distinct from the existing genus Methyloterricola of neighbouring.

Affinimethyloterrigena

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Methyloterrigena*, An existing genus; *Affinimethyloterrigena*: A genus related to but distinct from the existing genus Methyloterrigena of neighbouring.

Affinimethylothermus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Methylothermus*, An existing genus; *Affinimethylothermus*: A genus related to but distinct from the existing genus Methylothermus of neighbouring.

Affinimethylotuvimicrobium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Methylotuvimicrobium*, An existing genus; *Affinimethylotuvimicrobium*: A genus related to but distinct from the existing genus Methylotuvimicrobium of neighbouring.

Affinimethyloversatilis

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Methyloversatilis*, An existing genus; *Affinimethyloversatilis*: A genus related to but distinct from the existing genus Methyloversatilis of neighbouring.

Affinimethylovirgula

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Methylovirgula*, An existing genus; *Affinimethylovirgula*: A genus related to but distinct from the existing genus Methylovirgula of neighbouring.

Affinimethylovorus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Methylovorus*, An existing genus; *Affinimethylovorus*: A genus related to but distinct from the existing genus Methylovorus of neighbouring.

Affinimethylovulum

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Methylovulum*, An existing genus; *Affinimethylovulum*: A genus related to but distinct from the existing genus Methylovulum of neighbouring.

Affinimicavibrio

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Micavibrio*, An existing genus; *Affinimicavibrio*: A genus related to but distinct from the existing genus Micavibrio of neighbouring.

Affinimicroaerobacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Microaerobacter*, An existing genus; *Affinimicroaerobacter*: A genus related to but distinct from the existing genus Microaerobacter of neighbouring.

Affinimicrobacterium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Microbacterium*, An existing genus; *Affinimicrobacterium*: A genus related to but distinct from the existing genus Microbacterium of neighbouring.

Affinimicrobispora

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Microbispora*, An existing genus; *Affinimicrobispora*: A genus related to but distinct from the existing genus Microbispora of neighbouring.

Affinimicrobulbifer

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Microbulbifer*, An existing genus; *Affinimicrobulbifer*: A genus related to but distinct from the existing genus Microbulbifer of neighbouring.

Affinimicrocella

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Microcella*, An existing genus; *Affinimicrocella*: A genus related to but distinct from the existing genus Microcella of neighbouring.

Affinimicrococcoides

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Micrococcoides*, An existing genus; *Affinimicrococcoides*: A genus related to but distinct from the existing genus Micrococcoides of neighbouring.

Affinimicrococcus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Micrococcus*, An existing genus; *Affinimicrococcus*: A genus related to but distinct from the existing genus Micrococcus of neighbouring.

Affinimicrocyclus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Microcyclus*, An existing genus; *Affinimicrocyclus*: A genus related to but distinct from the existing genus Microcyclus of neighbouring.

Affinimicrocystis

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Microcystis*, An existing genus; *Affinimicrocystis*: A genus related to but distinct from the existing genus Microcystis of neighbouring.

Affinimicroellobosporia

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Microellobosporia*, An existing genus; *Affinimicroellobosporia*: A genus related to but distinct from the existing genus Microellobosporia of neighbouring.

Affinimicrolunatus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Microlunatus*, An existing genus; *Affinimicrolunatus*: A genus related to but distinct from the existing genus Microlunatus of neighbouring.

Affinimicromonas

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Micromonas*, An existing genus; *Affinimicromonas*: A genus related to but distinct from the existing genus Micromonas of neighbouring.

Affinimicromonospora

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Micromonospora*, An existing genus; *Affinimicromonospora*: A genus related to but distinct from the existing genus Micromonospora of neighbouring.

Affinimicropepsis

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Micropepsis*, An existing genus; *Affinimicropepsis*: A genus related to but distinct from the existing genus Micropepsis of neighbouring.

Affinimicropolyspora

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Micropolyspora*, An existing genus; *Affinimicropolyspora*: A genus related to but distinct from the existing genus Micropolyspora of neighbouring.

Affinimicropruina

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Micropruina*, An existing genus; *Affinimicropruina*: A genus related to but distinct from the existing genus Micropruina of neighbouring.

Affinimicroscilla

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Microscilla*, An existing genus; *Affinimicroscilla*: A genus related to but distinct from the existing genus Microscilla of neighbouring.

Affinimicrosphaera

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Microsphaera*, An existing genus; *Affinimicrosphaera*: A genus related to but distinct from the existing genus Microsphaera of neighbouring.

Affinimicroterricola

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Microterricola*, An existing genus; *Affinimicroterricola*: A genus related to but distinct from the existing genus Microterricola of neighbouring.

Affinimicrotetraspora

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Microtetraspora*, An existing genus; *Affinimicrotetraspora*: A genus related to but distinct from the existing genus Microtetraspora of neighbouring.

Affinimicrovirgula

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Microvirgula*, An existing genus; *Affinimicrovirgula*: A genus related to but distinct from the existing genus Microvirgula of neighbouring.

Affinimillisia

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Millisia*, An existing genus; *Affinimillisia*: A genus related to but distinct from the existing genus Millisia of neighbouring.

Affiniminicystis

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Minicystis*, An existing genus; *Affiniminicystis*: A genus related to but distinct from the existing genus Minicystis of neighbouring.

Affiniminiimonas

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Miniimonas*, An existing genus; *Affiniminiimonas*: A genus related to but distinct from the existing genus Miniimonas of neighbouring.

Affiniminiphocibacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Miniphocibacter*, An existing genus; *Affiniminiphocibacter*: A genus related to but distinct from the existing genus Miniphocibacter of neighbouring.

Affiniminunostoc

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Minunostoc*, An existing genus; *Affiniminunostoc*: A genus related to but distinct from the existing genus Minunostoc of neighbouring.

Affiniminwuia

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Minwuia*, An existing genus; *Affiniminwuia*: A genus related to but distinct from the existing genus Minwuia of neighbouring.

Affinimitsuaria

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Mitsuaria*, An existing genus; *Affinimitsuaria*: A genus related to but distinct from the existing genus Mitsuaria of neighbouring.

Affinimitsuokella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Mitsuokella*, An existing genus; *Affinimitsuokella*: A genus related to but distinct from the existing genus Mitsuokella of neighbouring.

Affinimixta

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Mixta*, An existing genus; *Affinimixta*: A genus related to but distinct from the existing genus Mixta of neighbouring.

Affinimizugakiibacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Mizugakiibacter*, An existing genus; *Affinimizugakiibacter*: A genus related to but distinct from the existing genus Mizugakiibacter of neighbouring.

Affinimobilicoccus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Mobilicoccus*, An existing genus; *Affinimobilicoccus*: A genus related to but distinct from the existing genus Mobilicoccus of neighbouring.

Affinimobilifilum

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Mobilifilum*, An existing genus; *Affinimobilifilum*: A genus related to but distinct from the existing genus Mobilifilum of neighbouring.

Affinimobilisporobacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Mobilisporobacter*, An existing genus; *Affinimobilisporobacter*: A genus related to but distinct from the existing genus Mobilisporobacter of neighbouring.

Affinimobilitalea

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Mobilitalea*, An existing genus; *Affinimobilitalea*: A genus related to but distinct from the existing genus Mobilitalea of neighbouring.

Affinimobiluncus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Mobiluncus*, An existing genus; *Affinimobiluncus*: A genus related to but distinct from the existing genus Mobiluncus of neighbouring.

Affinimodestobacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Modestobacter*, An existing genus; *Affinimodestobacter*: A genus related to but distinct from the existing genus Modestobacter of neighbouring.

Affinimodicisalibacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Modicisalibacter*, An existing genus; *Affinimodicisalibacter*: A genus related to but distinct from the existing genus Modicisalibacter of neighbouring.

Affinimoellerella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Moellerella*, An existing genus; *Affinimoellerella*: A genus related to but distinct from the existing genus Moellerella of neighbouring.

Affinimogibacterium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Mogibacterium*, An existing genus; *Affinimogibacterium*: A genus related to but distinct from the existing genus Mogibacterium of neighbouring.

Affinimoheibacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Moheibacter*, An existing genus; *Affinimoheibacter*: A genus related to but distinct from the existing genus Moheibacter of neighbouring.

Affinimonaibacterium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Monaibacterium*, An existing genus; *Affinimonaibacterium*: A genus related to but distinct from the existing genus Monaibacterium of neighbouring.

Affinimonashia

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Monashia*, An existing genus; *Affinimonashia*: A genus related to but distinct from the existing genus Monashia of neighbouring.

Affinimongoliibacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Mongoliibacter*, An existing genus; *Affinimongoliibacter*: A genus related to but distinct from the existing genus Mongoliibacter of neighbouring.

Affinimongoliicoccus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Mongoliicoccus*, An existing genus; *Affinimongoliicoccus*: A genus related to but distinct from the existing genus Mongoliicoccus of neighbouring.

Affinimongoliimonas

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Mongoliimonas*, An existing genus; *Affinimongoliimonas*: A genus related to but distinct from the existing genus Mongoliimonas of neighbouring.

Affinimongoliitalea

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Mongoliitalea*, An existing genus; *Affinimongoliitalea*: A genus related to but distinct from the existing genus Mongoliitalea of neighbouring.

Affinimonoglobus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Monoglobus*, An existing genus; *Affinimonoglobus*: A genus related to but distinct from the existing genus Monoglobus of neighbouring.

Affinimoorea

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Moorea*, An existing genus; *Affinimoorea*: A genus related to but distinct from the existing genus Moorea of neighbouring.

Affinimooreia

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Mooreia*, An existing genus; *Affinimooreia*: A genus related to but distinct from the existing genus Mooreia of neighbouring.

Affinimoorella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Moorella*, An existing genus; *Affinimoorella*: A genus related to but distinct from the existing genus Moorella of neighbouring.

Affinimoraxella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Moraxella*, An existing genus; *Affinimoraxella*: A genus related to but distinct from the existing genus Moraxella of neighbouring.

Affinimorganella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Morganella*, An existing genus; *Affinimorganella*: A genus related to but distinct from the existing genus Morganella of neighbouring.

Affinimoritella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Moritella*, An existing genus; *Affinimoritella*: A genus related to but distinct from the existing genus Moritella of neighbouring.

Affinimorococcus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Morococcus*, An existing genus; *Affinimorococcus*: A genus related to but distinct from the existing genus Morococcus of neighbouring.

Affinimoryella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Moryella*, An existing genus; *Affinimoryella*: A genus related to but distinct from the existing genus Moryella of neighbouring.

Affinimotilibacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Motilibacter*, An existing genus; *Affinimotilibacter*: A genus related to but distinct from the existing genus Motilibacter of neighbouring.

Affinimotilimonas

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Motilimonas*, An existing genus; *Affinimotilimonas*: A genus related to but distinct from the existing genus Motilimonas of neighbouring.

Affinimotiliproteus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Motiliproteus*, An existing genus; *Affinimotiliproteus*: A genus related to but distinct from the existing genus Motiliproteus of neighbouring.

Affinimucinivorans

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Mucinivorans*, An existing genus; *Affinimucinivorans*: A genus related to but distinct from the existing genus Mucinivorans of neighbouring.

Affinimucispirillum

L. masc. adjective *affinis*, neighbouring; L. neut. dim. n. *Mucispirillum*, An existing genus; *Affinimucispirillum*: A genus related to but distinct from the existing genus Mucispirillum of neighbouring.

Affinimumia

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Mumia*, An existing genus; *Affinimumia*: A genus related to but distinct from the existing genus Mumia of neighbouring.

Affinimurdochiella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Murdochiella*, An existing genus; *Affinimurdochiella*: A genus related to but distinct from the existing genus Murdochiella of neighbouring.

Affinimuribacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Muribacter*, An existing genus; *Affinimuribacter*: A genus related to but distinct from the existing genus Muribacter of neighbouring.

Affinimuribaculum

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Muribaculum*, An existing genus; *Affinimuribaculum*: A genus related to but distinct from the existing genus Muribaculum of neighbouring.

Affinimuricauda

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Muricauda*, An existing genus; *Affinimuricauda*: A genus related to but distinct from the existing genus Muricauda of neighbouring.

Affinimuricoccus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Muricoccus*, An existing genus; *Affinimuricoccus*: A genus related to but distinct from the existing genus Muricoccus of neighbouring.

Affinimuricomes

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Muricomes*, An existing genus; *Affinimuricomes*: A genus related to but distinct from the existing genus Muricomes of neighbouring.

Affinimuriicola

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Muriicola*, An existing genus; *Affinimuriicola*: A genus related to but distinct from the existing genus Muriicola of neighbouring.

Affinimurimonas

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Murimonas*, An existing genus; *Affinimurimonas*: A genus related to but distinct from the existing genus Murimonas of neighbouring.

Affinimurinocardiopsis

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Murinocardiopsis*, An existing genus; *Affinimurinocardiopsis*: A genus related to but distinct from the existing genus Murinocardiopsis of neighbouring.

Affinimyceligenerans

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Myceligenerans*, An existing genus; *Affinimyceligenerans*: A genus related to but distinct from the existing genus Myceligenerans of neighbouring.

Affinimycetocola

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Mycetocola*, An existing genus; *Affinimycetocola*: A genus related to but distinct from the existing genus Mycetocola of neighbouring.

Affinimycoavidus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Mycoavidus*, An existing genus; *Affinimycoavidus*: A genus related to but distinct from the existing genus Mycoavidus of neighbouring.

Affinimycobacterium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Mycobacterium*, An existing genus; *Affinimycobacterium*: A genus related to but distinct from the existing genus Mycobacterium of neighbouring.

Affinimycobacteroides

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Mycobacteroides*, An existing genus; *Affinimycobacteroides*: A genus related to but distinct from the existing genus Mycobacteroides of neighbouring.

Affinimycolicibacillus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Mycolicibacillus*, An existing genus; *Affinimycolicibacillus*: A genus related to but distinct from the existing genus Mycolicibacillus of neighbouring.

Affinimycolicibacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Mycolicibacter*, An existing genus; *Affinimycolicibacter*: A genus related to but distinct from the existing genus Mycolicibacter of neighbouring.

Affinimycolicibacterium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Mycolicibacterium*, An existing genus; *Affinimycolicibacterium*: A genus related to but distinct from the existing genus Mycolicibacterium of neighbouring.

Affinimycoplana

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Mycoplana*, An existing genus; *Affinimycoplana*: A genus related to but distinct from the existing genus Mycoplana of neighbouring.

Affinimycoplasma

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Mycoplasma*, An existing genus; *Affinimycoplasma*: A genus related to but distinct from the existing genus Mycoplasma of neighbouring.

Affinimycoplasmoides

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Mycoplasmoides*, An existing genus; *Affinimycoplasmoides*: A genus related to but distinct from the existing genus Mycoplasmoides of neighbouring.

Affinimycoplasmopsis

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Mycoplasmopsis*, An existing genus; *Affinimycoplasmopsis*: A genus related to but distinct from the existing genus Mycoplasmopsis of neighbouring.

Affinimyroides

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Myroides*, An existing genus; *Affinimyroides*: A genus related to but distinct from the existing genus Myroides of neighbouring.

Affinimyxacorys

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Myxacorys*, An existing genus; *Affinimyxacorys*: A genus related to but distinct from the existing genus Myxacorys of neighbouring.

Affinimyxococcus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Myxococcus*, An existing genus; *Affinimyxococcus*: A genus related to but distinct from the existing genus Myxococcus of neighbouring.

Affinimzabimyces

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Mzabimyces*, An existing genus; *Affinimzabimyces*: A genus related to but distinct from the existing genus Mzabimyces of neighbouring.

Affininaasia

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Naasia*, An existing genus; *Affininaasia*: A genus related to but distinct from the existing genus Naasia of neighbouring.

Affininafulsella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Nafulsella*, An existing genus; *Affininafulsella*: A genus related to but distinct from the existing genus Nafulsella of neighbouring.

Affininakamurella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Nakamurella*, An existing genus; *Affininakamurella*: A genus related to but distinct from the existing genus Nakamurella of neighbouring.

Affininamhaeicola

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Namhaeicola*, An existing genus; *Affininamhaeicola*: A genus related to but distinct from the existing genus Namhaeicola of neighbouring.

Affininannocystis

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Nannocystis*, An existing genus; *Affininannocystis*: A genus related to but distinct from the existing genus Nannocystis of neighbouring.

Affininatranaerobaculum

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Natranaerobaculum*, An existing genus; *Affininatranaerobaculum*: A genus related to but distinct from the existing genus Natranaerobaculum of neighbouring.

Affininatranaerobius

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Natranaerobius*, An existing genus; *Affininatranaerobius*: A genus related to but distinct from the existing genus Natranaerobius of neighbouring.

Affininatranaerovirga

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Natranaerovirga*, An existing genus; *Affininatranaerovirga*: A genus related to but distinct from the existing genus Natranaerovirga of neighbouring.

Affininatrarchaeobaculum

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Natrarchaeobaculum*, An existing genus; *Affininatrarchaeobaculum*: A genus related to but distinct from the existing genus Natrarchaeobaculum of neighbouring.

Affininatrarchaeobius

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Natrarchaeobius*, An existing genus; *Affininatrarchaeobius*: A genus related to but distinct from the existing genus Natrarchaeobius of neighbouring.

Affininatrialba

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Natrialba*, An existing genus; *Affininatrialba*: A genus related to but distinct from the existing genus Natrialba of neighbouring.

Affininatribacillus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Natribacillus*, An existing genus; *Affininatribacillus*: A genus related to but distinct from the existing genus Natribacillus of neighbouring.

Affininatribaculum

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Natribaculum*, An existing genus; *Affininatribaculum*: A genus related to but distinct from the existing genus Natribaculum of neighbouring.

Affininatrinema

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Natrinema*, An existing genus; *Affininatrinema*: A genus related to but distinct from the existing genus Natrinema of neighbouring.

Affininatroniella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Natroniella*, An existing genus; *Affininatroniella*: A genus related to but distinct from the existing genus Natroniella of neighbouring.

Affininatronoarchaeum

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Natronoarchaeum*, An existing genus; *Affininatronoarchaeum*: A genus related to but distinct from the existing genus Natronoarchaeum of neighbouring.

Affininatronobacillus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Natronobacillus*, An existing genus; *Affininatronobacillus*: A genus related to but distinct from the existing genus Natronobacillus of neighbouring.

Affininatronobacterium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Natronobacterium*, An existing genus; *Affininatronobacterium*: A genus related to but distinct from the existing genus Natronobacterium of neighbouring.

Affininatronobiforma

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Natronobiforma*, An existing genus; *Affininatronobiforma*: A genus related to but distinct from the existing genus Natronobiforma of neighbouring.

Affininatronocella

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Natronocella*, An existing genus; *Affininatronocella*: A genus related to but distinct from the existing genus Natronocella of neighbouring.

Affininatronococcus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Natronococcus*, An existing genus; *Affininatronococcus*: A genus related to but distinct from the existing genus Natronococcus of neighbouring.

Affininatronoflexus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Natronoflexus*, An existing genus; *Affininatronoflexus*: A genus related to but distinct from the existing genus Natronoflexus of neighbouring.

Affininatronolimnobius

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Natronolimnobius*, An existing genus; *Affininatronolimnobius*: A genus related to but distinct from the existing genus Natronolimnobius of neighbouring.

Affininatronolimnohabitans

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Natronolimnohabitans*, An existing genus; *Affininatronolimnohabitans*: A genus related to but distinct from the existing genus Natronolimnohabitans of neighbouring.

Affininatronomonas

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Natronomonas*, An existing genus; *Affininatronomonas*: A genus related to but distinct from the existing genus Natronomonas of neighbouring.

Affininatronorubrum

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Natronorubrum*, An existing genus; *Affininatronorubrum*: A genus related to but distinct from the existing genus Natronorubrum of neighbouring.

Affininatronospira

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Natronospira*, An existing genus; *Affininatronospira*: A genus related to but distinct from the existing genus Natronospira of neighbouring.

Affininatronospirillum

L. masc. adjective *affinis*, neighbouring; L. neut. dim. n. *Natronospirillum*, An existing genus; *Affininatronospirillum*: A genus related to but distinct from the existing genus Natronospirillum of neighbouring.

Affininatronovirga

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Natronovirga*, An existing genus; *Affininatronovirga*: A genus related to but distinct from the existing genus Natronovirga of neighbouring.

Affininaumannella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Naumannella*, An existing genus; *Affininaumannella*: A genus related to but distinct from the existing genus Naumannella of neighbouring.

Affininautella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Nautella*, An existing genus; *Affininautella*: A genus related to but distinct from the existing genus Nautella of neighbouring.

Affininautilia

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Nautilia*, An existing genus; *Affininautilia*: A genus related to but distinct from the existing genus Nautilia of neighbouring.

Affininaxibacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Naxibacter*, An existing genus; *Affininaxibacter*: A genus related to but distinct from the existing genus Naxibacter of neighbouring.

Affininecropsobacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Necropsobacter*, An existing genus; *Affininecropsobacter*: A genus related to but distinct from the existing genus Necropsobacter of neighbouring.

Affininegadavirga

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Negadavirga*, An existing genus; *Affininegadavirga*: A genus related to but distinct from the existing genus Negadavirga of neighbouring.

Affininegativicoccus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Negativicoccus*, An existing genus; *Affininegativicoccus*: A genus related to but distinct from the existing genus Negativicoccus of neighbouring.

Affinineiella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Neiella*, An existing genus; *Affinineiella*: A genus related to but distinct from the existing genus Neiella of neighbouring.

Affinineisseria

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Neisseria*, An existing genus; *Affinineisseria*: A genus related to but distinct from the existing genus Neisseria of neighbouring.

Affininemorella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Nemorella*, An existing genus; *Affininemorella*: A genus related to but distinct from the existing genus Nemorella of neighbouring.

Affininemorincola

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Nemorincola*, An existing genus; *Affininemorincola*: A genus related to but distinct from the existing genus Nemorincola of neighbouring.

Affinineoasaia

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Neoasaia*, An existing genus; *Affinineoasaia*: A genus related to but distinct from the existing genus Neoasaia of neighbouring.

Affinineobacillus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Neobacillus*, An existing genus; *Affinineobacillus*: A genus related to but distinct from the existing genus Neobacillus of neighbouring.

Affinineochlamydia

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Neochlamydia*, An existing genus; *Affinineochlamydia*: A genus related to but distinct from the existing genus Neochlamydia of neighbouring.

Affinineokomagataea

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Neokomagataea*, An existing genus; *Affinineokomagataea*: A genus related to but distinct from the existing genus Neokomagataea of neighbouring.

Affinineolyngbya

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Neolyngbya*, An existing genus; *Affinineolyngbya*: A genus related to but distinct from the existing genus Neolyngbya of neighbouring.

Affinineomegalonema

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Neomegalonema*, An existing genus; *Affinineomegalonema*: A genus related to but distinct from the existing genus Neomegalonema of neighbouring.

Affinineomicrococcus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Neomicrococcus*, An existing genus; *Affinineomicrococcus*: A genus related to but distinct from the existing genus Neomicrococcus of neighbouring.

Affinineorhizobium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Neorhizobium*, An existing genus; *Affinineorhizobium*: A genus related to but distinct from the existing genus Neorhizobium of neighbouring.

Affinineorickettsia

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Neorickettsia*, An existing genus; *Affinineorickettsia*: A genus related to but distinct from the existing genus Neorickettsia of neighbouring.

Affinineoscardovia

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Neoscardovia*, An existing genus; *Affinineoscardovia*: A genus related to but distinct from the existing genus Neoscardovia of neighbouring.

Affinineowestiellopsis

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Neowestiellopsis*, An existing genus; *Affinineowestiellopsis*: A genus related to but distinct from the existing genus Neowestiellopsis of neighbouring.

Affinineptunicella

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Neptunicella*, An existing genus; *Affinineptunicella*: A genus related to but distinct from the existing genus Neptunicella of neighbouring.

Affinineptunicoccus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Neptunicoccus*, An existing genus; *Affinineptunicoccus*: A genus related to but distinct from the existing genus Neptunicoccus of neighbouring.

Affinineptuniibacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Neptuniibacter*, An existing genus; *Affinineptuniibacter*: A genus related to but distinct from the existing genus Neptuniibacter of neighbouring.

Affinineptunitalea

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Neptunitalea*, An existing genus; *Affinineptunitalea*: A genus related to but distinct from the existing genus Neptunitalea of neighbouring.

Affinineptunomonas

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Neptunomonas*, An existing genus; *Affinineptunomonas*: A genus related to but distinct from the existing genus Neptunomonas of neighbouring.

Affininereida

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Nereida*, An existing genus; *Affininereida*: A genus related to but distinct from the existing genus Nereida of neighbouring.

Affininesiotobacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Nesiotobacter*, An existing genus; *Affininesiotobacter*: A genus related to but distinct from the existing genus Nesiotobacter of neighbouring.

Affininesterenkonia

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Nesterenkonia*, An existing genus; *Affininesterenkonia*: A genus related to but distinct from the existing genus Nesterenkonia of neighbouring.

Affininevskia

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Nevskia*, An existing genus; *Affininevskia*: A genus related to but distinct from the existing genus Nevskia of neighbouring.

Affininguyenibacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Nguyenibacter*, An existing genus; *Affininguyenibacter*: A genus related to but distinct from the existing genus Nguyenibacter of neighbouring.

Affininiabella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Niabella*, An existing genus; *Affininiabella*: A genus related to but distinct from the existing genus Niabella of neighbouring.

Affininiastella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Niastella*, An existing genus; *Affininiastella*: A genus related to but distinct from the existing genus Niastella of neighbouring.

Affininibrella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Nibrella*, An existing genus; *Affininibrella*: A genus related to but distinct from the existing genus Nibrella of neighbouring.

Affininibribacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Nibribacter*, An existing genus; *Affininibribacter*: A genus related to but distinct from the existing genus Nibribacter of neighbouring.

Affininibricoccus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Nibricoccus*, An existing genus; *Affininibricoccus*: A genus related to but distinct from the existing genus Nibricoccus of neighbouring.

Affininicoletella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Nicoletella*, An existing genus; *Affininicoletella*: A genus related to but distinct from the existing genus Nicoletella of neighbouring.

Affinininingiella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Ningiella*, An existing genus; *Affinininingiella*: A genus related to but distinct from the existing genus Ningiella of neighbouring.

Affininioella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Nioella*, An existing genus; *Affininioella*: A genus related to but distinct from the existing genus Nioella of neighbouring.

Affininitratifractor

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Nitratifractor*, An existing genus; *Affininitratifractor*: A genus related to but distinct from the existing genus Nitratifractor of neighbouring.

Affininitratireductor

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Nitratireductor*, An existing genus; *Affininitratireductor*: A genus related to but distinct from the existing genus Nitratireductor of neighbouring.

Affininitratiruptor

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Nitratiruptor*, An existing genus; *Affininitratiruptor*: A genus related to but distinct from the existing genus Nitratiruptor of neighbouring.

Affininitriliruptor

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Nitriliruptor*, An existing genus; *Affininitriliruptor*: A genus related to but distinct from the existing genus Nitriliruptor of neighbouring.

Affininitrincola

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Nitrincola*, An existing genus; *Affininitrincola*: A genus related to but distinct from the existing genus Nitrincola of neighbouring.

Affininitritalea

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Nitritalea*, An existing genus; *Affininitritalea*: A genus related to but distinct from the existing genus Nitritalea of neighbouring.

Affininitrobacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Nitrobacter*, An existing genus; *Affininitrobacter*: A genus related to but distinct from the existing genus Nitrobacter of neighbouring.

Affininitrococcus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Nitrococcus*, An existing genus; *Affininitrococcus*: A genus related to but distinct from the existing genus Nitrococcus of neighbouring.

Affininitrolancea

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Nitrolancea*, An existing genus; *Affininitrolancea*: A genus related to but distinct from the existing genus Nitrolancea of neighbouring.

Affininitrosarchaeum

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Nitrosarchaeum*, An existing genus; *Affininitrosarchaeum*: A genus related to but distinct from the existing genus Nitrosarchaeum of neighbouring.

Affininitrosococcus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Nitrosococcus*, An existing genus; *Affininitrosococcus*: A genus related to but distinct from the existing genus Nitrosococcus of neighbouring.

Affininitrosolobus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Nitrosolobus*, An existing genus; *Affininitrosolobus*: A genus related to but distinct from the existing genus Nitrosolobus of neighbouring.

Affininitrosomonas

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Nitrosomonas*, An existing genus; *Affininitrosomonas*: A genus related to but distinct from the existing genus Nitrosomonas of neighbouring.

Affininitrosopumilus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Nitrosopumilus*, An existing genus; *Affininitrosopumilus*: A genus related to but distinct from the existing genus Nitrosopumilus of neighbouring.

Affininitrososphaera

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Nitrososphaera*, An existing genus; *Affininitrososphaera*: A genus related to but distinct from the existing genus Nitrososphaera of neighbouring.

Affininitrosospira

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Nitrosospira*, An existing genus; *Affininitrosospira*: A genus related to but distinct from the existing genus Nitrosospira of neighbouring.

Affininitrospina

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Nitrospina*, An existing genus; *Affininitrospina*: A genus related to but distinct from the existing genus Nitrospina of neighbouring.

Affininitrospira

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Nitrospira*, An existing genus; *Affininitrospira*: A genus related to but distinct from the existing genus Nitrospira of neighbouring.

Affininiveibacterium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Niveibacterium*, An existing genus; *Affininiveibacterium*: A genus related to but distinct from the existing genus Niveibacterium of neighbouring.

Affininiveispirillum

L. masc. adjective *affinis*, neighbouring; L. neut. dim. n. *Niveispirillum*, An existing genus; *Affininiveispirillum*: A genus related to but distinct from the existing genus Niveispirillum of neighbouring.

Affininiveitalea

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Niveitalea*, An existing genus; *Affininiveitalea*: A genus related to but distinct from the existing genus Niveitalea of neighbouring.

Affininocardia

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Nocardia*, An existing genus; *Affininocardia*: A genus related to but distinct from the existing genus Nocardia of neighbouring.

Affininocardioides

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Nocardioides*, An existing genus; *Affininocardioides*: A genus related to but distinct from the existing genus Nocardioides of neighbouring.

Affininocardiopsis

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Nocardiopsis*, An existing genus; *Affininocardiopsis*: A genus related to but distinct from the existing genus Nocardiopsis of neighbouring.

Affininodosilinea

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Nodosilinea*, An existing genus; *Affininodosilinea*: A genus related to but distinct from the existing genus Nodosilinea of neighbouring.

Affininonhongiella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Nonhongiella*, An existing genus; *Affininonhongiella*: A genus related to but distinct from the existing genus Nonhongiella of neighbouring.

Affininonomuraea

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Nonomuraea*, An existing genus; *Affininonomuraea*: A genus related to but distinct from the existing genus Nonomuraea of neighbouring.

Affininosocomiicoccus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Nosocomiicoccus*, An existing genus; *Affininosocomiicoccus*: A genus related to but distinct from the existing genus Nosocomiicoccus of neighbouring.

Affininostoc

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Nostoc*, An existing genus; *Affininostoc*: A genus related to but distinct from the existing genus Nostoc of neighbouring.

Affininotoacmeibacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Notoacmeibacter*, An existing genus; *Affininotoacmeibacter*: A genus related to but distinct from the existing genus Notoacmeibacter of neighbouring.

Affininovibacillus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Novibacillus*, An existing genus; *Affininovibacillus*: A genus related to but distinct from the existing genus Novibacillus of neighbouring.

Affininoviherbaspirillum

L. masc. adjective *affinis*, neighbouring; L. neut. dim. n. *Noviherbaspirillum*, An existing genus; *Affininoviherbaspirillum*: A genus related to but distinct from the existing genus Noviherbaspirillum of neighbouring.

Affininovimethylophilus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Novimethylophilus*, An existing genus; *Affininovimethylophilus*: A genus related to but distinct from the existing genus Novimethylophilus of neighbouring.

Affininovipirellula

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Novipirellula*, An existing genus; *Affininovipirellula*: A genus related to but distinct from the existing genus Novipirellula of neighbouring.

Affininovispirillum

L. masc. adjective *affinis*, neighbouring; L. neut. dim. n. *Novispirillum*, An existing genus; *Affininovispirillum*: A genus related to but distinct from the existing genus Novispirillum of neighbouring.

Affininovosphingobium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Novosphingobium*, An existing genus; *Affininovosphingobium*: A genus related to but distinct from the existing genus Novosphingobium of neighbouring.

Affininovosphingopyxis

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Novosphingopyxis*, An existing genus; *Affininovosphingopyxis*: A genus related to but distinct from the existing genus Novosphingopyxis of neighbouring.

Affininubsella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Nubsella*, An existing genus; *Affininubsella*: A genus related to but distinct from the existing genus Nubsella of neighbouring.

Affininumidum

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Numidum*, An existing genus; *Affininumidum*: A genus related to but distinct from the existing genus Numidum of neighbouring.

Affiniobesumbacterium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Obesumbacterium*, An existing genus; *Affiniobesumbacterium*: A genus related to but distinct from the existing genus Obesumbacterium of neighbouring.

Affinioblitimonas

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Oblitimonas*, An existing genus; *Affinioblitimonas*: A genus related to but distinct from the existing genus Oblitimonas of neighbouring.

Affinioccallatibacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Occallatibacter*, An existing genus; *Affinioccallatibacter*: A genus related to but distinct from the existing genus Occallatibacter of neighbouring.

Affinioccidentia

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Occidentia*, An existing genus; *Affinioccidentia*: A genus related to but distinct from the existing genus Occidentia of neighbouring.

Affinioceanibacterium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Oceanibacterium*, An existing genus; *Affinioceanibacterium*: A genus related to but distinct from the existing genus Oceanibacterium of neighbouring.

Affinioceanibaculum

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Oceanibaculum*, An existing genus; *Affinioceanibaculum*: A genus related to but distinct from the existing genus Oceanibaculum of neighbouring.

Affinioceanibium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Oceanibium*, An existing genus; *Affinioceanibium*: A genus related to but distinct from the existing genus Oceanibium of neighbouring.

Affinioceanicella

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Oceanicella*, An existing genus; *Affinioceanicella*: A genus related to but distinct from the existing genus Oceanicella of neighbouring.

Affinioceanicoccus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Oceanicoccus*, An existing genus; *Affinioceanicoccus*: A genus related to but distinct from the existing genus Oceanicoccus of neighbouring.

Affinioceanicola

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Oceanicola*, An existing genus; *Affinioceanicola*: A genus related to but distinct from the existing genus Oceanicola of neighbouring.

Affinioceaniglobus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Oceaniglobus*, An existing genus; *Affinioceaniglobus*: A genus related to but distinct from the existing genus Oceaniglobus of neighbouring.

Affinioceanimonas

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Oceanimonas*, An existing genus; *Affinioceanimonas*: A genus related to but distinct from the existing genus Oceanimonas of neighbouring.

Affinioceaniradius

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Oceaniradius*, An existing genus; *Affinioceaniradius*: A genus related to but distinct from the existing genus Oceaniradius of neighbouring.

Affinioceanirhabdus

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Oceanirhabdus*, An existing genus; *Affinioceanirhabdus*: A genus related to but distinct from the existing genus Oceanirhabdus of neighbouring.

Affinioceanisphaera

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Oceanisphaera*, An existing genus; *Affinioceanisphaera*: A genus related to but distinct from the existing genus Oceanisphaera of neighbouring.

Affinioceanispirochaeta

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Oceanispirochaeta*, An existing genus; *Affinioceanispirochaeta*: A genus related to but distinct from the existing genus Oceanispirochaeta of neighbouring.

Affinioceanitalea

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Oceanitalea*, An existing genus; *Affinioceanitalea*: A genus related to but distinct from the existing genus Oceanitalea of neighbouring.

Affinioceanithermus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Oceanithermus*, An existing genus; *Affinioceanithermus*: A genus related to but distinct from the existing genus Oceanithermus of neighbouring.

Affinioceanivirga

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Oceanivirga*, An existing genus; *Affinioceanivirga*: A genus related to but distinct from the existing genus Oceanivirga of neighbouring.

Affinioceanobacillus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Oceanobacillus*, An existing genus; *Affinioceanobacillus*: A genus related to but distinct from the existing genus Oceanobacillus of neighbouring.

Affinioceanobacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Oceanobacter*, An existing genus; *Affinioceanobacter*: A genus related to but distinct from the existing genus Oceanobacter of neighbouring.

Affinioceanococcus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Oceanococcus*, An existing genus; *Affinioceanococcus*: A genus related to but distinct from the existing genus Oceanococcus of neighbouring.

Affinioceanospirillum

L. masc. adjective *affinis*, neighbouring; L. neut. dim. n. *Oceanospirillum*, An existing genus; *Affinioceanospirillum*: A genus related to but distinct from the existing genus Oceanospirillum of neighbouring.

Affinioceanotoga

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Oceanotoga*, An existing genus; *Affinioceanotoga*: A genus related to but distinct from the existing genus Oceanotoga of neighbouring.

Affiniochrobactrum

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Ochrobactrum*, An existing genus; *Affiniochrobactrum*: A genus related to but distinct from the existing genus Ochrobactrum of neighbouring.

Affiniochrovirga

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Ochrovirga*, An existing genus; *Affiniochrovirga*: A genus related to but distinct from the existing genus Ochrovirga of neighbouring.

Affinioctadecabacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Octadecabacter*, An existing genus; *Affinioctadecabacter*: A genus related to but distinct from the existing genus Octadecabacter of neighbouring.

Affinioculatella

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Oculatella*, An existing genus; *Affinioculatella*: A genus related to but distinct from the existing genus Oculatella of neighbouring.

Affiniodorella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Odorella*, An existing genus; *Affiniodorella*: A genus related to but distinct from the existing genus Odorella of neighbouring.

Affiniodoribacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Odoribacter*, An existing genus; *Affiniodoribacter*: A genus related to but distinct from the existing genus Odoribacter of neighbouring.

Affinioenococcus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Oenococcus*, An existing genus; *Affinioenococcus*: A genus related to but distinct from the existing genus Oenococcus of neighbouring.

Affinioerskovia

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Oerskovia*, An existing genus; *Affinioerskovia*: A genus related to but distinct from the existing genus Oerskovia of neighbouring.

Affinioharaeibacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Oharaeibacter*, An existing genus; *Affinioharaeibacter*: A genus related to but distinct from the existing genus Oharaeibacter of neighbouring.

Affiniohtaekwangia

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Ohtaekwangia*, An existing genus; *Affiniohtaekwangia*: A genus related to but distinct from the existing genus Ohtaekwangia of neighbouring.

Affiniokeania

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Okeania*, An existing genus; *Affiniokeania*: A genus related to but distinct from the existing genus Okeania of neighbouring.

Affiniokibacterium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Okibacterium*, An existing genus; *Affiniokibacterium*: A genus related to but distinct from the existing genus Okibacterium of neighbouring.

Affiniolegusella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Olegusella*, An existing genus; *Affiniolegusella*: A genus related to but distinct from the existing genus Olegusella of neighbouring.

Affinioleiagrimonas

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Oleiagrimonas*, An existing genus; *Affinioleiagrimonas*: A genus related to but distinct from the existing genus Oleiagrimonas of neighbouring.

Affinioleibacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Oleibacter*, An existing genus; *Affinioleibacter*: A genus related to but distinct from the existing genus Oleibacter of neighbouring.

Affinioleiharenicola

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Oleiharenicola*, An existing genus; *Affinioleiharenicola*: A genus related to but distinct from the existing genus Oleiharenicola of neighbouring.

Affinioleiliquidispirillum

L. masc. adjective *affinis*, neighbouring; L. neut. dim. n. *Oleiliquidispirillum*, An existing genus; *Affinioleiliquidispirillum*: A genus related to but distinct from the existing genus Oleiliquidispirillum of neighbouring.

Affinioleisolibacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Oleisolibacter*, An existing genus; *Affinioleisolibacter*: A genus related to but distinct from the existing genus Oleisolibacter of neighbouring.

Affinioleispira

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Oleispira*, An existing genus; *Affinioleispira*: A genus related to but distinct from the existing genus Oleispira of neighbouring.

Affinioligella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Oligella*, An existing genus; *Affinioligella*: A genus related to but distinct from the existing genus Oligella of neighbouring.

Affinioligoflexus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Oligoflexus*, An existing genus; *Affinioligoflexus*: A genus related to but distinct from the existing genus Oligoflexus of neighbouring.

Affinioligosphaera

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Oligosphaera*, An existing genus; *Affinioligosphaera*: A genus related to but distinct from the existing genus Oligosphaera of neighbouring.

Affinioligotropha

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Oligotropha*, An existing genus; *Affinioligotropha*: A genus related to but distinct from the existing genus Oligotropha of neighbouring.

Affiniolivibacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Olivibacter*, An existing genus; *Affiniolivibacter*: A genus related to but distinct from the existing genus Olivibacter of neighbouring.

Affiniolleya

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Olleya*, An existing genus; *Affiniolleya*: A genus related to but distinct from the existing genus Olleya of neighbouring.

Affiniolsenella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Olsenella*, An existing genus; *Affiniolsenella*: A genus related to but distinct from the existing genus Olsenella of neighbouring.

Affinionodrimia

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Onodrimia*, An existing genus; *Affinionodrimia*: A genus related to but distinct from the existing genus Onodrimia of neighbouring.

Affiniopitutus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Opitutus*, An existing genus; *Affiniopitutus*: A genus related to but distinct from the existing genus Opitutus of neighbouring.

Affiniorenia

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Orenia*, An existing genus; *Affiniorenia*: A genus related to but distinct from the existing genus Orenia of neighbouring.

Affinioribacterium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Oribacterium*, An existing genus; *Affinioribacterium*: A genus related to but distinct from the existing genus Oribacterium of neighbouring.

Affinioribaculum

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Oribaculum*, An existing genus; *Affinioribaculum*: A genus related to but distinct from the existing genus Oribaculum of neighbouring.

Affinioricola

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Oricola*, An existing genus; *Affinioricola*: A genus related to but distinct from the existing genus Oricola of neighbouring.

Affiniornatilinea

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Ornatilinea*, An existing genus; *Affiniornatilinea*: A genus related to but distinct from the existing genus Ornatilinea of neighbouring.

Affiniornithinibacillus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Ornithinibacillus*, An existing genus; *Affiniornithinibacillus*: A genus related to but distinct from the existing genus Ornithinibacillus of neighbouring.

Affiniornithinibacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Ornithinibacter*, An existing genus; *Affiniornithinibacter*: A genus related to but distinct from the existing genus Ornithinibacter of neighbouring.

Affiniornithinicoccus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Ornithinicoccus*, An existing genus; *Affiniornithinicoccus*: A genus related to but distinct from the existing genus Ornithinicoccus of neighbouring.

Affiniornithinimicrobium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Ornithinimicrobium*, An existing genus; *Affiniornithinimicrobium*: A genus related to but distinct from the existing genus Ornithinimicrobium of neighbouring.

Affiniornithobacterium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Ornithobacterium*, An existing genus; *Affiniornithobacterium*: A genus related to but distinct from the existing genus Ornithobacterium of neighbouring.

Affiniorrella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Orrella*, An existing genus; *Affiniorrella*: A genus related to but distinct from the existing genus Orrella of neighbouring.

Affinioryzihumus

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Oryzihumus*, An existing genus; *Affinioryzihumus*: A genus related to but distinct from the existing genus Oryzihumus of neighbouring.

Affinioryzisolibacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Oryzisolibacter*, An existing genus; *Affinioryzisolibacter*: A genus related to but distinct from the existing genus Oryzisolibacter of neighbouring.

Affinioryzobacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Oryzobacter*, An existing genus; *Affinioryzobacter*: A genus related to but distinct from the existing genus Oryzobacter of neighbouring.

Affinioryzomicrobium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Oryzomicrobium*, An existing genus; *Affinioryzomicrobium*: A genus related to but distinct from the existing genus Oryzomicrobium of neighbouring.

Affinioryzomonas

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Oryzomonas*, An existing genus; *Affinioryzomonas*: A genus related to but distinct from the existing genus Oryzomonas of neighbouring.

Affinioscillatoria

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Oscillatoria*, An existing genus; *Affinioscillatoria*: A genus related to but distinct from the existing genus Oscillatoria of neighbouring.

Affinioscillibacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Oscillibacter*, An existing genus; *Affinioscillibacter*: A genus related to but distinct from the existing genus Oscillibacter of neighbouring.

Affinioscillochloris

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Oscillochloris*, An existing genus; *Affinioscillochloris*: A genus related to but distinct from the existing genus Oscillochloris of neighbouring.

Affinioscillospira

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Oscillospira*, An existing genus; *Affinioscillospira*: A genus related to but distinct from the existing genus Oscillospira of neighbouring.

Affiniotariodibacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Otariodibacter*, An existing genus; *Affiniotariodibacter*: A genus related to but distinct from the existing genus Otariodibacter of neighbouring.

Affiniottowia

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Ottowia*, An existing genus; *Affiniottowia*: A genus related to but distinct from the existing genus Ottowia of neighbouring.

Affiniowenweeksia

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Owenweeksia*, An existing genus; *Affiniowenweeksia*: A genus related to but distinct from the existing genus Owenweeksia of neighbouring.

Affinioxalobacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Oxalobacter*, An existing genus; *Affinioxalobacter*: A genus related to but distinct from the existing genus Oxalobacter of neighbouring.

Affinioxalophagus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Oxalophagus*, An existing genus; *Affinioxalophagus*: A genus related to but distinct from the existing genus Oxalophagus of neighbouring.

Affinioxobacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Oxobacter*, An existing genus; *Affinioxobacter*: A genus related to but distinct from the existing genus Oxobacter of neighbouring.

Affinioxynema

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Oxynema*, An existing genus; *Affinioxynema*: A genus related to but distinct from the existing genus Oxynema of neighbouring.

Affinipacificibacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Pacificibacter*, An existing genus; *Affinipacificibacter*: A genus related to but distinct from the existing genus Pacificibacter of neighbouring.

Affinipaenactinomyces

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Paenactinomyces*, An existing genus; *Affinipaenactinomyces*: A genus related to but distinct from the existing genus Paenactinomyces of neighbouring.

Affinipaenalcaligenes

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Paenalcaligenes*, An existing genus; *Affinipaenalcaligenes*: A genus related to but distinct from the existing genus Paenalcaligenes of neighbouring.

Affinipaenarthrobacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Paenarthrobacter*, An existing genus; *Affinipaenarthrobacter*: A genus related to but distinct from the existing genus Paenarthrobacter of neighbouring.

Affinipaenibacillus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Paenibacillus*, An existing genus; *Affinipaenibacillus*: A genus related to but distinct from the existing genus Paenibacillus of neighbouring.

Affinipaeniclostridium

L. masc. adjective *affinis*, neighbouring; L. neut. dim. n. *Paeniclostridium*, An existing genus; *Affinipaeniclostridium*: A genus related to but distinct from the existing genus Paeniclostridium of neighbouring.

Affinipaeniglutamicibacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Paeniglutamicibacter*, An existing genus; *Affinipaeniglutamicibacter*: A genus related to but distinct from the existing genus Paeniglutamicibacter of neighbouring.

Affinipaenimaribius

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Paenimaribius*, An existing genus; *Affinipaenimaribius*: A genus related to but distinct from the existing genus Paenimaribius of neighbouring.

Affinipaenirhodobacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Paenirhodobacter*, An existing genus; *Affinipaenirhodobacter*: A genus related to but distinct from the existing genus Paenirhodobacter of neighbouring.

Affinipaenisporosarcina

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Paenisporosarcina*, An existing genus; *Affinipaenisporosarcina*: A genus related to but distinct from the existing genus Paenisporosarcina of neighbouring.

Affinipaenochrobactrum

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Paenochrobactrum*, An existing genus; *Affinipaenochrobactrum*: A genus related to but distinct from the existing genus Paenochrobactrum of neighbouring.

Affinipalaeococcus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Palaeococcus*, An existing genus; *Affinipalaeococcus*: A genus related to but distinct from the existing genus Palaeococcus of neighbouring.

Affinipalleronia

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Palleronia*, An existing genus; *Affinipalleronia*: A genus related to but distinct from the existing genus Palleronia of neighbouring.

Affinipaludibacterium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Paludibacterium*, An existing genus; *Affinipaludibacterium*: A genus related to but distinct from the existing genus Paludibacterium of neighbouring.

Affinipaludibaculum

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Paludibaculum*, An existing genus; *Affinipaludibaculum*: A genus related to but distinct from the existing genus Paludibaculum of neighbouring.

Affinipaludicola

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Paludicola*, An existing genus; *Affinipaludicola*: A genus related to but distinct from the existing genus Paludicola of neighbouring.

Affinipaludifilum

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Paludifilum*, An existing genus; *Affinipaludifilum*: A genus related to but distinct from the existing genus Paludifilum of neighbouring.

Affinipaludisphaera

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Paludisphaera*, An existing genus; *Affinipaludisphaera*: A genus related to but distinct from the existing genus Paludisphaera of neighbouring.

Affinipanacagrimonas

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Panacagrimonas*, An existing genus; *Affinipanacagrimonas*: A genus related to but distinct from the existing genus Panacagrimonas of neighbouring.

Affinipanacibacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Panacibacter*, An existing genus; *Affinipanacibacter*: A genus related to but distinct from the existing genus Panacibacter of neighbouring.

Affinipandoraea

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Pandoraea*, An existing genus; *Affinipandoraea*: A genus related to but distinct from the existing genus Pandoraea of neighbouring.

Affinipannonibacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Pannonibacter*, An existing genus; *Affinipannonibacter*: A genus related to but distinct from the existing genus Pannonibacter of neighbouring.

Affinipannus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Pannus*, An existing genus; *Affinipannus*: A genus related to but distinct from the existing genus Pannus of neighbouring.

Affinipantanalinema

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Pantanalinema*, An existing genus; *Affinipantanalinema*: A genus related to but distinct from the existing genus Pantanalinema of neighbouring.

Affinipantoea

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Pantoea*, An existing genus; *Affinipantoea*: A genus related to but distinct from the existing genus Pantoea of neighbouring.

Affinipapillibacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Papillibacter*, An existing genus; *Affinipapillibacter*: A genus related to but distinct from the existing genus Papillibacter of neighbouring.

Affiniparabacteroides

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Parabacteroides*, An existing genus; *Affiniparabacteroides*: A genus related to but distinct from the existing genus Parabacteroides of neighbouring.

Affiniparablastomonas

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Parablastomonas*, An existing genus; *Affiniparablastomonas*: A genus related to but distinct from the existing genus Parablastomonas of neighbouring.

Affiniparaburkholderia

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Paraburkholderia*, An existing genus; *Affiniparaburkholderia*: A genus related to but distinct from the existing genus Paraburkholderia of neighbouring.

Affiniparacandidimonas

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Paracandidimonas*, An existing genus; *Affiniparacandidimonas*: A genus related to but distinct from the existing genus Paracandidimonas of neighbouring.

Affiniparachlamydia

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Parachlamydia*, An existing genus; *Affiniparachlamydia*: A genus related to but distinct from the existing genus Parachlamydia of neighbouring.

Affiniparaclostridium

L. masc. adjective *affinis*, neighbouring; L. neut. dim. n. *Paraclostridium*, An existing genus; *Affiniparaclostridium*: A genus related to but distinct from the existing genus Paraclostridium of neighbouring.

Affiniparacnuella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Paracnuella*, An existing genus; *Affiniparacnuella*: A genus related to but distinct from the existing genus Paracnuella of neighbouring.

Affiniparacoccus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Paracoccus*, An existing genus; *Affiniparacoccus*: A genus related to but distinct from the existing genus Paracoccus of neighbouring.

Affiniparaconexibacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Paraconexibacter*, An existing genus; *Affiniparaconexibacter*: A genus related to but distinct from the existing genus Paraconexibacter of neighbouring.

Affiniparacraurococcus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Paracraurococcus*, An existing genus; *Affiniparacraurococcus*: A genus related to but distinct from the existing genus Paracraurococcus of neighbouring.

Affiniparadesulfovibrio

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Paradesulfovibrio*, An existing genus; *Affiniparadesulfovibrio*: A genus related to but distinct from the existing genus Paradesulfovibrio of neighbouring.

Affiniparadevosia

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Paradevosia*, An existing genus; *Affiniparadevosia*: A genus related to but distinct from the existing genus Paradevosia of neighbouring.

Affiniparadonghicola

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Paradonghicola*, An existing genus; *Affiniparadonghicola*: A genus related to but distinct from the existing genus Paradonghicola of neighbouring.

Affiniparaeggerthella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Paraeggerthella*, An existing genus; *Affiniparaeggerthella*: A genus related to but distinct from the existing genus Paraeggerthella of neighbouring.

Affiniparaferrimonas

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Paraferrimonas*, An existing genus; *Affiniparaferrimonas*: A genus related to but distinct from the existing genus Paraferrimonas of neighbouring.

Affiniparafilimonas

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Parafilimonas*, An existing genus; *Affiniparafilimonas*: A genus related to but distinct from the existing genus Parafilimonas of neighbouring.

Affiniparaflavitalea

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Paraflavitalea*, An existing genus; *Affiniparaflavitalea*: A genus related to but distinct from the existing genus Paraflavitalea of neighbouring.

Affiniparafrigoribacterium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Parafrigoribacterium*, An existing genus; *Affiniparafrigoribacterium*: A genus related to but distinct from the existing genus Parafrigoribacterium of neighbouring.

Affiniparageobacillus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Parageobacillus*, An existing genus; *Affiniparageobacillus*: A genus related to but distinct from the existing genus Parageobacillus of neighbouring.

Affiniparaglaciecola

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Paraglaciecola*, An existing genus; *Affiniparaglaciecola*: A genus related to but distinct from the existing genus Paraglaciecola of neighbouring.

Affiniparaglycomyces

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Paraglycomyces*, An existing genus; *Affiniparaglycomyces*: A genus related to but distinct from the existing genus Paraglycomyces of neighbouring.

Affiniparahaliea

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Parahaliea*, An existing genus; *Affiniparahaliea*: A genus related to but distinct from the existing genus Parahaliea of neighbouring.

Affiniparaherbaspirillum

L. masc. adjective *affinis*, neighbouring; L. neut. dim. n. *Paraherbaspirillum*, An existing genus; *Affiniparaherbaspirillum*: A genus related to but distinct from the existing genus Paraherbaspirillum of neighbouring.

Affiniparalactobacillus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Paralactobacillus*, An existing genus; *Affiniparalactobacillus*: A genus related to but distinct from the existing genus Paralactobacillus of neighbouring.

Affiniparalcaligenes

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Paralcaligenes*, An existing genus; *Affiniparalcaligenes*: A genus related to but distinct from the existing genus Paralcaligenes of neighbouring.

Affiniparaliobacillus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Paraliobacillus*, An existing genus; *Affiniparaliobacillus*: A genus related to but distinct from the existing genus Paraliobacillus of neighbouring.

Affiniparalkalibacillus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Paralkalibacillus*, An existing genus; *Affiniparalkalibacillus*: A genus related to but distinct from the existing genus Paralkalibacillus of neighbouring.

Affiniparamaledivibacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Paramaledivibacter*, An existing genus; *Affiniparamaledivibacter*: A genus related to but distinct from the existing genus Paramaledivibacter of neighbouring.

Affiniparamesonia

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Paramesonia*, An existing genus; *Affiniparamesonia*: A genus related to but distinct from the existing genus Paramesonia of neighbouring.

Affiniparamoritella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Paramoritella*, An existing genus; *Affiniparamoritella*: A genus related to but distinct from the existing genus Paramoritella of neighbouring.

Affiniparamuribaculum

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Paramuribaculum*, An existing genus; *Affiniparamuribaculum*: A genus related to but distinct from the existing genus Paramuribaculum of neighbouring.

Affiniparaoerskovia

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Paraoerskovia*, An existing genus; *Affiniparaoerskovia*: A genus related to but distinct from the existing genus Paraoerskovia of neighbouring.

Affiniparapedobacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Parapedobacter*, An existing genus; *Affiniparapedobacter*: A genus related to but distinct from the existing genus Parapedobacter of neighbouring.

Affiniparaperlucidibaca

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Paraperlucidibaca*, An existing genus; *Affiniparaperlucidibaca*: A genus related to but distinct from the existing genus Paraperlucidibaca of neighbouring.

Affiniparaphaeobacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Paraphaeobacter*, An existing genus; *Affiniparaphaeobacter*: A genus related to but distinct from the existing genus Paraphaeobacter of neighbouring.

Affiniparaphotobacterium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Paraphotobacterium*, An existing genus; *Affiniparaphotobacterium*: A genus related to but distinct from the existing genus Paraphotobacterium of neighbouring.

Affiniparaprevotella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Paraprevotella*, An existing genus; *Affiniparaprevotella*: A genus related to but distinct from the existing genus Paraprevotella of neighbouring.

Affiniparapseudoflavitalea

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Parapseudoflavitalea*, An existing genus; *Affiniparapseudoflavitalea*: A genus related to but distinct from the existing genus Parapseudoflavitalea of neighbouring.

Affiniparapusillimonas

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Parapusillimonas*, An existing genus; *Affiniparapusillimonas*: A genus related to but distinct from the existing genus Parapusillimonas of neighbouring.

Affinipararcticibacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Pararcticibacter*, An existing genus; *Affinipararcticibacter*: A genus related to but distinct from the existing genus Pararcticibacter of neighbouring.

Affinipararheinheimera

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Pararheinheimera*, An existing genus; *Affinipararheinheimera*: A genus related to but distinct from the existing genus Pararheinheimera of neighbouring.

Affinipararhizobium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Pararhizobium*, An existing genus; *Affinipararhizobium*: A genus related to but distinct from the existing genus Pararhizobium of neighbouring.

Affinipararhodobacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Pararhodobacter*, An existing genus; *Affinipararhodobacter*: A genus related to but distinct from the existing genus Pararhodobacter of neighbouring.

Affinipararhodospirillum

L. masc. adjective *affinis*, neighbouring; L. neut. dim. n. *Pararhodospirillum*, An existing genus; *Affinipararhodospirillum*: A genus related to but distinct from the existing genus Pararhodospirillum of neighbouring.

Affinipararobbsia

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Pararobbsia*, An existing genus; *Affinipararobbsia*: A genus related to but distinct from the existing genus Pararobbsia of neighbouring.

Affiniparasaccharibacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Parasaccharibacter*, An existing genus; *Affiniparasaccharibacter*: A genus related to but distinct from the existing genus Parasaccharibacter of neighbouring.

Affiniparascardovia

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Parascardovia*, An existing genus; *Affiniparascardovia*: A genus related to but distinct from the existing genus Parascardovia of neighbouring.

Affiniparasedimentitalea

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Parasedimentitalea*, An existing genus; *Affiniparasedimentitalea*: A genus related to but distinct from the existing genus Parasedimentitalea of neighbouring.

Affiniparasediminibacterium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Parasediminibacterium*, An existing genus; *Affiniparasediminibacterium*: A genus related to but distinct from the existing genus Parasediminibacterium of neighbouring.

Affiniparasegetibacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Parasegetibacter*, An existing genus; *Affiniparasegetibacter*: A genus related to but distinct from the existing genus Parasegetibacter of neighbouring.

Affiniparashewanella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Parashewanella*, An existing genus; *Affiniparashewanella*: A genus related to but distinct from the existing genus Parashewanella of neighbouring.

Affiniparasphaerochaeta

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Parasphaerochaeta*, An existing genus; *Affiniparasphaerochaeta*: A genus related to but distinct from the existing genus Parasphaerochaeta of neighbouring.

Affiniparasphingopyxis

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Parasphingopyxis*, An existing genus; *Affiniparasphingopyxis*: A genus related to but distinct from the existing genus Parasphingopyxis of neighbouring.

Affiniparasphingorhabdus

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Parasphingorhabdus*, An existing genus; *Affiniparasphingorhabdus*: A genus related to but distinct from the existing genus Parasphingorhabdus of neighbouring.

Affiniparasporobacterium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Parasporobacterium*, An existing genus; *Affiniparasporobacterium*: A genus related to but distinct from the existing genus Parasporobacterium of neighbouring.

Affiniparasutterella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Parasutterella*, An existing genus; *Affiniparasutterella*: A genus related to but distinct from the existing genus Parasutterella of neighbouring.

Affiniparemcibacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Paremcibacter*, An existing genus; *Affiniparemcibacter*: A genus related to but distinct from the existing genus Paremcibacter of neighbouring.

Affiniparendozoicomonas

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Parendozoicomonas*, An existing genus; *Affiniparendozoicomonas*: A genus related to but distinct from the existing genus Parendozoicomonas of neighbouring.

Affiniparoceanicella

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Paroceanicella*, An existing genus; *Affiniparoceanicella*: A genus related to but distinct from the existing genus Paroceanicella of neighbouring.

Affiniparolsenella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Parolsenella*, An existing genus; *Affiniparolsenella*: A genus related to but distinct from the existing genus Parolsenella of neighbouring.

Affiniparvibium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Parvibium*, An existing genus; *Affiniparvibium*: A genus related to but distinct from the existing genus Parvibium of neighbouring.

Affiniparvimonas

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Parvimonas*, An existing genus; *Affiniparvimonas*: A genus related to but distinct from the existing genus Parvimonas of neighbouring.

Affiniparviterribacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Parviterribacter*, An existing genus; *Affiniparviterribacter*: A genus related to but distinct from the existing genus Parviterribacter of neighbouring.

Affiniparvularcula

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Parvularcula*, An existing genus; *Affiniparvularcula*: A genus related to but distinct from the existing genus Parvularcula of neighbouring.

Affinipasteurella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Pasteurella*, An existing genus; *Affinipasteurella*: A genus related to but distinct from the existing genus Pasteurella of neighbouring.

Affinipasteuria

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Pasteuria*, An existing genus; *Affinipasteuria*: A genus related to but distinct from the existing genus Pasteuria of neighbouring.

Affinipatiriisocius

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Patiriisocius*, An existing genus; *Affinipatiriisocius*: A genus related to but distinct from the existing genus Patiriisocius of neighbouring.

Affinipatulibacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Patulibacter*, An existing genus; *Affinipatulibacter*: A genus related to but distinct from the existing genus Patulibacter of neighbouring.

Affinipaucibacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Paucibacter*, An existing genus; *Affinipaucibacter*: A genus related to but distinct from the existing genus Paucibacter of neighbouring.

Affinipaucilactobacillus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Paucilactobacillus*, An existing genus; *Affinipaucilactobacillus*: A genus related to but distinct from the existing genus Paucilactobacillus of neighbouring.

Affinipaucimonas

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Paucimonas*, An existing genus; *Affinipaucimonas*: A genus related to but distinct from the existing genus Paucimonas of neighbouring.

Affinipaucisalibacillus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Paucisalibacillus*, An existing genus; *Affinipaucisalibacillus*: A genus related to but distinct from the existing genus Paucisalibacillus of neighbouring.

Affinipauljensenia

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Pauljensenia*, An existing genus; *Affinipauljensenia*: A genus related to but distinct from the existing genus Pauljensenia of neighbouring.

Affinipectinatus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Pectinatus*, An existing genus; *Affinipectinatus*: A genus related to but distinct from the existing genus Pectinatus of neighbouring.

Affinipectobacterium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Pectobacterium*, An existing genus; *Affinipectobacterium*: A genus related to but distinct from the existing genus Pectobacterium of neighbouring.

Affinipediococcus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Pediococcus*, An existing genus; *Affinipediococcus*: A genus related to but distinct from the existing genus Pediococcus of neighbouring.

Affinipedobacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Pedobacter*, An existing genus; *Affinipedobacter*: A genus related to but distinct from the existing genus Pedobacter of neighbouring.

Affinipedococcus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Pedococcus*, An existing genus; *Affinipedococcus*: A genus related to but distinct from the existing genus Pedococcus of neighbouring.

Affinipedomicrobium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Pedomicrobium*, An existing genus; *Affinipedomicrobium*: A genus related to but distinct from the existing genus Pedomicrobium of neighbouring.

Affinipegethrix

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Pegethrix*, An existing genus; *Affinipegethrix*: A genus related to but distinct from the existing genus Pegethrix of neighbouring.

Affinipelagibaca

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Pelagibaca*, An existing genus; *Affinipelagibaca*: A genus related to but distinct from the existing genus Pelagibaca of neighbouring.

Affinipelagibacillus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Pelagibacillus*, An existing genus; *Affinipelagibacillus*: A genus related to but distinct from the existing genus Pelagibacillus of neighbouring.

Affinipelagibacterium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Pelagibacterium*, An existing genus; *Affinipelagibacterium*: A genus related to but distinct from the existing genus Pelagibacterium of neighbouring.

Affinipelagibaculum

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Pelagibaculum*, An existing genus; *Affinipelagibaculum*: A genus related to but distinct from the existing genus Pelagibaculum of neighbouring.

Affinipelagibius

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Pelagibius*, An existing genus; *Affinipelagibius*: A genus related to but distinct from the existing genus Pelagibius of neighbouring.

Affinipelagicoccus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Pelagicoccus*, An existing genus; *Affinipelagicoccus*: A genus related to but distinct from the existing genus Pelagicoccus of neighbouring.

Affinipelagicola

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Pelagicola*, An existing genus; *Affinipelagicola*: A genus related to but distinct from the existing genus Pelagicola of neighbouring.

Affinipelagihabitans

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Pelagihabitans*, An existing genus; *Affinipelagihabitans*: A genus related to but distinct from the existing genus Pelagihabitans of neighbouring.

Affinipelagimonas

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Pelagimonas*, An existing genus; *Affinipelagimonas*: A genus related to but distinct from the existing genus Pelagimonas of neighbouring.

Affinipelagirhabdus

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Pelagirhabdus*, An existing genus; *Affinipelagirhabdus*: A genus related to but distinct from the existing genus Pelagirhabdus of neighbouring.

Affinipelagitalea

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Pelagitalea*, An existing genus; *Affinipelagitalea*: A genus related to but distinct from the existing genus Pelagitalea of neighbouring.

Affinipelagivirga

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Pelagivirga*, An existing genus; *Affinipelagivirga*: A genus related to but distinct from the existing genus Pelagivirga of neighbouring.

Affinipelczaria

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Pelczaria*, An existing genus; *Affinipelczaria*: A genus related to but distinct from the existing genus Pelczaria of neighbouring.

Affinipelistega

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Pelistega*, An existing genus; *Affinipelistega*: A genus related to but distinct from the existing genus Pelistega of neighbouring.

Affinipelobium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Pelobium*, An existing genus; *Affinipelobium*: A genus related to but distinct from the existing genus Pelobium of neighbouring.

Affinipelodictyon

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Pelodictyon*, An existing genus; *Affinipelodictyon*: A genus related to but distinct from the existing genus Pelodictyon of neighbouring.

Affinipelolinea

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Pelolinea*, An existing genus; *Affinipelolinea*: A genus related to but distinct from the existing genus Pelolinea of neighbouring.

Affinipelomicrobium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Pelomicrobium*, An existing genus; *Affinipelomicrobium*: A genus related to but distinct from the existing genus Pelomicrobium of neighbouring.

Affinipelomonas

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Pelomonas*, An existing genus; *Affinipelomonas*: A genus related to but distinct from the existing genus Pelomonas of neighbouring.

Affinipeloploca

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Peloploca*, An existing genus; *Affinipeloploca*: A genus related to but distinct from the existing genus Peloploca of neighbouring.

Affinipelosinus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Pelosinus*, An existing genus; *Affinipelosinus*: A genus related to but distinct from the existing genus Pelosinus of neighbouring.

Affinipelospora

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Pelospora*, An existing genus; *Affinipelospora*: A genus related to but distinct from the existing genus Pelospora of neighbouring.

Affinipelotomaculum

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Pelotomaculum*, An existing genus; *Affinipelotomaculum*: A genus related to but distinct from the existing genus Pelotomaculum of neighbouring.

Affinipeptacetobacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Peptacetobacter*, An existing genus; *Affinipeptacetobacter*: A genus related to but distinct from the existing genus Peptacetobacter of neighbouring.

Affinipeptidiphaga

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Peptidiphaga*, An existing genus; *Affinipeptidiphaga*: A genus related to but distinct from the existing genus Peptidiphaga of neighbouring.

Affinipeptoanaerobacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Peptoanaerobacter*, An existing genus; *Affinipeptoanaerobacter*: A genus related to but distinct from the existing genus Peptoanaerobacter of neighbouring.

Affinipeptoclostridium

L. masc. adjective *affinis*, neighbouring; L. neut. dim. n. *Peptoclostridium*, An existing genus; *Affinipeptoclostridium*: A genus related to but distinct from the existing genus Peptoclostridium of neighbouring.

Affinipeptococcus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Peptococcus*, An existing genus; *Affinipeptococcus*: A genus related to but distinct from the existing genus Peptococcus of neighbouring.

Affinipeptoniphilus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Peptoniphilus*, An existing genus; *Affinipeptoniphilus*: A genus related to but distinct from the existing genus Peptoniphilus of neighbouring.

Affinipeptostreptococcus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Peptostreptococcus*, An existing genus; *Affinipeptostreptococcus*: A genus related to but distinct from the existing genus Peptostreptococcus of neighbouring.

Affiniperedibacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Peredibacter*, An existing genus; *Affiniperedibacter*: A genus related to but distinct from the existing genus Peredibacter of neighbouring.

Affiniperexilibacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Perexilibacter*, An existing genus; *Affiniperexilibacter*: A genus related to but distinct from the existing genus Perexilibacter of neighbouring.

Affiniperibacillus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Peribacillus*, An existing genus; *Affiniperibacillus*: A genus related to but distinct from the existing genus Peribacillus of neighbouring.

Affiniperlucidibaca

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Perlucidibaca*, An existing genus; *Affiniperlucidibaca*: A genus related to but distinct from the existing genus Perlucidibaca of neighbouring.

Affinipermianibacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Permianibacter*, An existing genus; *Affinipermianibacter*: A genus related to but distinct from the existing genus Permianibacter of neighbouring.

Affinipersicimonas

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Persicimonas*, An existing genus; *Affinipersicimonas*: A genus related to but distinct from the existing genus Persicimonas of neighbouring.

Affinipersicirhabdus

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Persicirhabdus*, An existing genus; *Affinipersicirhabdus*: A genus related to but distinct from the existing genus Persicirhabdus of neighbouring.

Affinipersicitalea

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Persicitalea*, An existing genus; *Affinipersicitalea*: A genus related to but distinct from the existing genus Persicitalea of neighbouring.

Affinipersicivirga

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Persicivirga*, An existing genus; *Affinipersicivirga*: A genus related to but distinct from the existing genus Persicivirga of neighbouring.

Affinipersicobacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Persicobacter*, An existing genus; *Affinipersicobacter*: A genus related to but distinct from the existing genus Persicobacter of neighbouring.

Affinipersinema

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Persinema*, An existing genus; *Affinipersinema*: A genus related to but distinct from the existing genus Persinema of neighbouring.

Affiniperspicuibacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Perspicuibacter*, An existing genus; *Affiniperspicuibacter*: A genus related to but distinct from the existing genus Perspicuibacter of neighbouring.

Affinipetrimonas

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Petrimonas*, An existing genus; *Affinipetrimonas*: A genus related to but distinct from the existing genus Petrimonas of neighbouring.

Affinipetrobacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Petrobacter*, An existing genus; *Affinipetrobacter*: A genus related to but distinct from the existing genus Petrobacter of neighbouring.

Affinipetrocella

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Petrocella*, An existing genus; *Affinipetrocella*: A genus related to but distinct from the existing genus Petrocella of neighbouring.

Affinipetroclostridium

L. masc. adjective *affinis*, neighbouring; L. neut. dim. n. *Petroclostridium*, An existing genus; *Affinipetroclostridium*: A genus related to but distinct from the existing genus Petroclostridium of neighbouring.

Affinipetrothermobacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Petrothermobacter*, An existing genus; *Affinipetrothermobacter*: A genus related to but distinct from the existing genus Petrothermobacter of neighbouring.

Affinipetrotoga

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Petrotoga*, An existing genus; *Affinipetrotoga*: A genus related to but distinct from the existing genus Petrotoga of neighbouring.

Affinipfennigia

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Pfennigia*, An existing genus; *Affinipfennigia*: A genus related to but distinct from the existing genus Pfennigia of neighbouring.

Affiniphaeobacterium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Phaeobacterium*, An existing genus; *Affiniphaeobacterium*: A genus related to but distinct from the existing genus Phaeobacterium of neighbouring.

Affiniphaeochromatium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Phaeochromatium*, An existing genus; *Affiniphaeochromatium*: A genus related to but distinct from the existing genus Phaeochromatium of neighbouring.

Affiniphaeocystidibacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Phaeocystidibacter*, An existing genus; *Affiniphaeocystidibacter*: A genus related to but distinct from the existing genus Phaeocystidibacter of neighbouring.

Affiniphaeodactylibacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Phaeodactylibacter*, An existing genus; *Affiniphaeodactylibacter*: A genus related to but distinct from the existing genus Phaeodactylibacter of neighbouring.

Affiniphaeospirillum

L. masc. adjective *affinis*, neighbouring; L. neut. dim. n. *Phaeospirillum*, An existing genus; *Affiniphaeospirillum*: A genus related to but distinct from the existing genus Phaeospirillum of neighbouring.

Affiniphaeovibrio

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Phaeovibrio*, An existing genus; *Affiniphaeovibrio*: A genus related to but distinct from the existing genus Phaeovibrio of neighbouring.

Affiniphaeovulum

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Phaeovulum*, An existing genus; *Affiniphaeovulum*: A genus related to but distinct from the existing genus Phaeovulum of neighbouring.

Affiniphascolarctobacterium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Phascolarctobacterium*, An existing genus; *Affiniphascolarctobacterium*: A genus related to but distinct from the existing genus Phascolarctobacterium of neighbouring.

Affiniphaselicystis

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Phaselicystis*, An existing genus; *Affiniphaselicystis*: A genus related to but distinct from the existing genus Phaselicystis of neighbouring.

Affiniphaseolibacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Phaseolibacter*, An existing genus; *Affiniphaseolibacter*: A genus related to but distinct from the existing genus Phaseolibacter of neighbouring.

Affiniphenylobacterium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Phenylobacterium*, An existing genus; *Affiniphenylobacterium*: A genus related to but distinct from the existing genus Phenylobacterium of neighbouring.

Affiniphocaeicola

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Phocaeicola*, An existing genus; *Affiniphocaeicola*: A genus related to but distinct from the existing genus Phocaeicola of neighbouring.

Affiniphocoenobacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Phocoenobacter*, An existing genus; *Affiniphocoenobacter*: A genus related to but distinct from the existing genus Phocoenobacter of neighbouring.

Affiniphorcysia

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Phorcysia*, An existing genus; *Affiniphorcysia*: A genus related to but distinct from the existing genus Phorcysia of neighbouring.

Affiniphotobacterium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Photobacterium*, An existing genus; *Affiniphotobacterium*: A genus related to but distinct from the existing genus Photobacterium of neighbouring.

Affiniphotorhabdus

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Photorhabdus*, An existing genus; *Affiniphotorhabdus*: A genus related to but distinct from the existing genus Photorhabdus of neighbouring.

Affiniphragmitibacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Phragmitibacter*, An existing genus; *Affiniphragmitibacter*: A genus related to but distinct from the existing genus Phragmitibacter of neighbouring.

Affiniphreatobacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Phreatobacter*, An existing genus; *Affiniphreatobacter*: A genus related to but distinct from the existing genus Phreatobacter of neighbouring.

Affiniphycicoccus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Phycicoccus*, An existing genus; *Affiniphycicoccus*: A genus related to but distinct from the existing genus Phycicoccus of neighbouring.

Affiniphycicola

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Phycicola*, An existing genus; *Affiniphycicola*: A genus related to but distinct from the existing genus Phycicola of neighbouring.

Affiniphycisphaera

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Phycisphaera*, An existing genus; *Affiniphycisphaera*: A genus related to but distinct from the existing genus Phycisphaera of neighbouring.

Affiniphycocomes

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Phycocomes*, An existing genus; *Affiniphycocomes*: A genus related to but distinct from the existing genus Phycocomes of neighbouring.

Affiniphyllonema

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Phyllonema*, An existing genus; *Affiniphyllonema*: A genus related to but distinct from the existing genus Phyllonema of neighbouring.

Affiniphytoactinopolyspora

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Phytoactinopolyspora*, An existing genus; *Affiniphytoactinopolyspora*: A genus related to but distinct from the existing genus Phytoactinopolyspora of neighbouring.

Affiniphytobacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Phytobacter*, An existing genus; *Affiniphytobacter*: A genus related to but distinct from the existing genus Phytobacter of neighbouring.

Affiniphytohabitans

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Phytohabitans*, An existing genus; *Affiniphytohabitans*: A genus related to but distinct from the existing genus Phytohabitans of neighbouring.

Affiniphytohalomonas

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Phytohalomonas*, An existing genus; *Affiniphytohalomonas*: A genus related to but distinct from the existing genus Phytohalomonas of neighbouring.

Affiniphytomonospora

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Phytomonospora*, An existing genus; *Affiniphytomonospora*: A genus related to but distinct from the existing genus Phytomonospora of neighbouring.

Affinipibocella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Pibocella*, An existing genus; *Affinipibocella*: A genus related to but distinct from the existing genus Pibocella of neighbouring.

Affinipicrophilus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Picrophilus*, An existing genus; *Affinipicrophilus*: A genus related to but distinct from the existing genus Picrophilus of neighbouring.

Affinipiezobacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Piezobacter*, An existing genus; *Affinipiezobacter*: A genus related to but distinct from the existing genus Piezobacter of neighbouring.

Affinipigmentiphaga

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Pigmentiphaga*, An existing genus; *Affinipigmentiphaga*: A genus related to but distinct from the existing genus Pigmentiphaga of neighbouring.

Affinipilibacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Pilibacter*, An existing genus; *Affinipilibacter*: A genus related to but distinct from the existing genus Pilibacter of neighbouring.

Affinipilimelia

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Pilimelia*, An existing genus; *Affinipilimelia*: A genus related to but distinct from the existing genus Pilimelia of neighbouring.

Affinipillotina

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Pillotina*, An existing genus; *Affinipillotina*: A genus related to but distinct from the existing genus Pillotina of neighbouring.

Affinipimelobacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Pimelobacter*, An existing genus; *Affinipimelobacter*: A genus related to but distinct from the existing genus Pimelobacter of neighbouring.

Affinipinisolibacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Pinisolibacter*, An existing genus; *Affinipinisolibacter*: A genus related to but distinct from the existing genus Pinisolibacter of neighbouring.

Affinipinocchia

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Pinocchia*, An existing genus; *Affinipinocchia*: A genus related to but distinct from the existing genus Pinocchia of neighbouring.

Affinipirella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Pirella*, An existing genus; *Affinipirella*: A genus related to but distinct from the existing genus Pirella of neighbouring.

Affinipirellula

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Pirellula*, An existing genus; *Affinipirellula*: A genus related to but distinct from the existing genus Pirellula of neighbouring.

Affinipiscicoccus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Piscicoccus*, An existing genus; *Affinipiscicoccus*: A genus related to but distinct from the existing genus Piscicoccus of neighbouring.

Affinipisciglobus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Pisciglobus*, An existing genus; *Affinipisciglobus*: A genus related to but distinct from the existing genus Pisciglobus of neighbouring.

Affinipiscinibacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Piscinibacter*, An existing genus; *Affinipiscinibacter*: A genus related to but distinct from the existing genus Piscinibacter of neighbouring.

Affinipiscirickettsia

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Piscirickettsia*, An existing genus; *Affinipiscirickettsia*: A genus related to but distinct from the existing genus Piscirickettsia of neighbouring.

Affinipistricoccus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Pistricoccus*, An existing genus; *Affinipistricoccus*: A genus related to but distinct from the existing genus Pistricoccus of neighbouring.

Affiniplanctobacterium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Planctobacterium*, An existing genus; *Affiniplanctobacterium*: A genus related to but distinct from the existing genus Planctobacterium of neighbouring.

Affiniplanctomicrobium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Planctomicrobium*, An existing genus; *Affiniplanctomicrobium*: A genus related to but distinct from the existing genus Planctomicrobium of neighbouring.

Affiniplanctomonas

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Planctomonas*, An existing genus; *Affiniplanctomonas*: A genus related to but distinct from the existing genus Planctomonas of neighbouring.

Affiniplanctomyces

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Planctomyces*, An existing genus; *Affiniplanctomyces*: A genus related to but distinct from the existing genus Planctomyces of neighbouring.

Affiniplanctopirus

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Planctopirus*, An existing genus; *Affiniplanctopirus*: A genus related to but distinct from the existing genus Planctopirus of neighbouring.

Affiniplanifilum

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Planifilum*, An existing genus; *Affiniplanifilum*: A genus related to but distinct from the existing genus Planifilum of neighbouring.

Affiniplanktomarina

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Planktomarina*, An existing genus; *Affiniplanktomarina*: A genus related to but distinct from the existing genus Planktomarina of neighbouring.

Affiniplanktosalinus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Planktosalinus*, An existing genus; *Affiniplanktosalinus*: A genus related to but distinct from the existing genus Planktosalinus of neighbouring.

Affiniplanktotalea

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Planktotalea*, An existing genus; *Affiniplanktotalea*: A genus related to but distinct from the existing genus Planktotalea of neighbouring.

Affiniplanktothrix

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Planktothrix*, An existing genus; *Affiniplanktothrix*: A genus related to but distinct from the existing genus Planktothrix of neighbouring.

Affiniplanobacterium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Planobacterium*, An existing genus; *Affiniplanobacterium*: A genus related to but distinct from the existing genus Planobacterium of neighbouring.

Affiniplanobispora

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Planobispora*, An existing genus; *Affiniplanobispora*: A genus related to but distinct from the existing genus Planobispora of neighbouring.

Affiniplanococcus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Planococcus*, An existing genus; *Affiniplanococcus*: A genus related to but distinct from the existing genus Planococcus of neighbouring.

Affiniplanomicrobium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Planomicrobium*, An existing genus; *Affiniplanomicrobium*: A genus related to but distinct from the existing genus Planomicrobium of neighbouring.

Affiniplanomonospora

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Planomonospora*, An existing genus; *Affiniplanomonospora*: A genus related to but distinct from the existing genus Planomonospora of neighbouring.

Affiniplanopolyspora

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Planopolyspora*, An existing genus; *Affiniplanopolyspora*: A genus related to but distinct from the existing genus Planopolyspora of neighbouring.

Affiniplanosporangium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Planosporangium*, An existing genus; *Affiniplanosporangium*: A genus related to but distinct from the existing genus Planosporangium of neighbouring.

Affiniplanotetraspora

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Planotetraspora*, An existing genus; *Affiniplanotetraspora*: A genus related to but distinct from the existing genus Planotetraspora of neighbouring.

Affiniplantactinospora

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Plantactinospora*, An existing genus; *Affiniplantactinospora*: A genus related to but distinct from the existing genus Plantactinospora of neighbouring.

Affiniplastorhodobacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Plastorhodobacter*, An existing genus; *Affiniplastorhodobacter*: A genus related to but distinct from the existing genus Plastorhodobacter of neighbouring.

Affinipleionea

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Pleionea*, An existing genus; *Affinipleionea*: A genus related to but distinct from the existing genus Pleionea of neighbouring.

Affinipleomorphobacterium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Pleomorphobacterium*, An existing genus; *Affinipleomorphobacterium*: A genus related to but distinct from the existing genus Pleomorphobacterium of neighbouring.

Affinipleomorphochaeta

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Pleomorphochaeta*, An existing genus; *Affinipleomorphochaeta*: A genus related to but distinct from the existing genus Pleomorphochaeta of neighbouring.

Affinipleomorphomonas

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Pleomorphomonas*, An existing genus; *Affinipleomorphomonas*: A genus related to but distinct from the existing genus Pleomorphomonas of neighbouring.

Affinipleomorphovibrio

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Pleomorphovibrio*, An existing genus; *Affinipleomorphovibrio*: A genus related to but distinct from the existing genus Pleomorphovibrio of neighbouring.

Affiniplesiocystis

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Plesiocystis*, An existing genus; *Affiniplesiocystis*: A genus related to but distinct from the existing genus Plesiocystis of neighbouring.

Affiniplesiomonas

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Plesiomonas*, An existing genus; *Affiniplesiomonas*: A genus related to but distinct from the existing genus Plesiomonas of neighbouring.

Affinipleurocapsa

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Pleurocapsa*, An existing genus; *Affinipleurocapsa*: A genus related to but distinct from the existing genus Pleurocapsa of neighbouring.

Affinipluralibacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Pluralibacter*, An existing genus; *Affinipluralibacter*: A genus related to but distinct from the existing genus Pluralibacter of neighbouring.

Affinipokkaliibacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Pokkaliibacter*, An existing genus; *Affinipokkaliibacter*: A genus related to but distinct from the existing genus Pokkaliibacter of neighbouring.

Affinipolaribacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Polaribacter*, An existing genus; *Affinipolaribacter*: A genus related to but distinct from the existing genus Polaribacter of neighbouring.

Affinipolaromonas

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Polaromonas*, An existing genus; *Affinipolaromonas*: A genus related to but distinct from the existing genus Polaromonas of neighbouring.

Affinipolyangium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Polyangium*, An existing genus; *Affinipolyangium*: A genus related to but distinct from the existing genus Polyangium of neighbouring.

Affinipolycladidibacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Polycladidibacter*, An existing genus; *Affinipolycladidibacter*: A genus related to but distinct from the existing genus Polycladidibacter of neighbouring.

Affinipolycladomyces

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Polycladomyces*, An existing genus; *Affinipolycladomyces*: A genus related to but distinct from the existing genus Polycladomyces of neighbouring.

Affinipolycyclovorans

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Polycyclovorans*, An existing genus; *Affinipolycyclovorans*: A genus related to but distinct from the existing genus Polycyclovorans of neighbouring.

Affinipolygonibacillus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Polygonibacillus*, An existing genus; *Affinipolygonibacillus*: A genus related to but distinct from the existing genus Polygonibacillus of neighbouring.

Affinipolymorphospora

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Polymorphospora*, An existing genus; *Affinipolymorphospora*: A genus related to but distinct from the existing genus Polymorphospora of neighbouring.

Affinipolymorphum

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Polymorphum*, An existing genus; *Affinipolymorphum*: A genus related to but distinct from the existing genus Polymorphum of neighbouring.

Affinipolynucleobacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Polynucleobacter*, An existing genus; *Affinipolynucleobacter*: A genus related to but distinct from the existing genus Polynucleobacter of neighbouring.

Affinipolystyrenella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Polystyrenella*, An existing genus; *Affinipolystyrenella*: A genus related to but distinct from the existing genus Polystyrenella of neighbouring.

Affinipontibaca

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Pontibaca*, An existing genus; *Affinipontibaca*: A genus related to but distinct from the existing genus Pontibaca of neighbouring.

Affinipontibacillus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Pontibacillus*, An existing genus; *Affinipontibacillus*: A genus related to but distinct from the existing genus Pontibacillus of neighbouring.

Affinipontibacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Pontibacter*, An existing genus; *Affinipontibacter*: A genus related to but distinct from the existing genus Pontibacter of neighbouring.

Affinipontibacterium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Pontibacterium*, An existing genus; *Affinipontibacterium*: A genus related to but distinct from the existing genus Pontibacterium of neighbouring.

Affiniponticaulis

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Ponticaulis*, An existing genus; *Affiniponticaulis*: A genus related to but distinct from the existing genus Ponticaulis of neighbouring.

Affiniponticoccus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Ponticoccus*, An existing genus; *Affiniponticoccus*: A genus related to but distinct from the existing genus Ponticoccus of neighbouring.

Affinipontimicrobium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Pontimicrobium*, An existing genus; *Affinipontimicrobium*: A genus related to but distinct from the existing genus Pontimicrobium of neighbouring.

Affinipontimonas

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Pontimonas*, An existing genus; *Affinipontimonas*: A genus related to but distinct from the existing genus Pontimonas of neighbouring.

Affinipontirhabdus

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Pontirhabdus*, An existing genus; *Affinipontirhabdus*: A genus related to but distinct from the existing genus Pontirhabdus of neighbouring.

Affinipopulibacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Populibacter*, An existing genus; *Affinipopulibacter*: A genus related to but distinct from the existing genus Populibacter of neighbouring.

Affinipopulibacterium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Populibacterium*, An existing genus; *Affinipopulibacterium*: A genus related to but distinct from the existing genus Populibacterium of neighbouring.

Affiniporifericola

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Porifericola*, An existing genus; *Affiniporifericola*: A genus related to but distinct from the existing genus Porifericola of neighbouring.

Affiniporphyrobacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Porphyrobacter*, An existing genus; *Affiniporphyrobacter*: A genus related to but distinct from the existing genus Porphyrobacter of neighbouring.

Affiniporphyromonas

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Porphyromonas*, An existing genus; *Affiniporphyromonas*: A genus related to but distinct from the existing genus Porphyromonas of neighbouring.

Affiniportibacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Portibacter*, An existing genus; *Affiniportibacter*: A genus related to but distinct from the existing genus Portibacter of neighbouring.

Affiniporticoccus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Porticoccus*, An existing genus; *Affiniporticoccus*: A genus related to but distinct from the existing genus Porticoccus of neighbouring.

Affiniposeidonibacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Poseidonibacter*, An existing genus; *Affiniposeidonibacter*: A genus related to but distinct from the existing genus Poseidonibacter of neighbouring.

Affiniposeidonocella

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Poseidonocella*, An existing genus; *Affiniposeidonocella*: A genus related to but distinct from the existing genus Poseidonocella of neighbouring.

Affinipostechiella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Postechiella*, An existing genus; *Affinipostechiella*: A genus related to but distinct from the existing genus Postechiella of neighbouring.

Affinipotamolinea

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Potamolinea*, An existing genus; *Affinipotamolinea*: A genus related to but distinct from the existing genus Potamolinea of neighbouring.

Affinipotamosiphon

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Potamosiphon*, An existing genus; *Affinipotamosiphon*: A genus related to but distinct from the existing genus Potamosiphon of neighbouring.

Affinipovalibacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Povalibacter*, An existing genus; *Affinipovalibacter*: A genus related to but distinct from the existing genus Povalibacter of neighbouring.

Affinipradoshia

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Pradoshia*, An existing genus; *Affinipradoshia*: A genus related to but distinct from the existing genus Pradoshia of neighbouring.

Affinipragia

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Pragia*, An existing genus; *Affinipragia*: A genus related to but distinct from the existing genus Pragia of neighbouring.

Affiniprauserella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Prauserella*, An existing genus; *Affiniprauserella*: A genus related to but distinct from the existing genus Prauserella of neighbouring.

Affinipreeria

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Preeria*, An existing genus; *Affinipreeria*: A genus related to but distinct from the existing genus Preeria of neighbouring.

Affiniprescottella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Prescottella*, An existing genus; *Affiniprescottella*: A genus related to but distinct from the existing genus Prescottella of neighbouring.

Affiniprevotella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Prevotella*, An existing genus; *Affiniprevotella*: A genus related to but distinct from the existing genus Prevotella of neighbouring.

Affinipricia

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Pricia*, An existing genus; *Affinipricia*: A genus related to but distinct from the existing genus Pricia of neighbouring.

Affiniprimorskyibacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Primorskyibacter*, An existing genus; *Affiniprimorskyibacter*: A genus related to but distinct from the existing genus Primorskyibacter of neighbouring.

Affiniprochlorococcus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Prochlorococcus*, An existing genus; *Affiniprochlorococcus*: A genus related to but distinct from the existing genus Prochlorococcus of neighbouring.

Affiniprochloron

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Prochloron*, An existing genus; *Affiniprochloron*: A genus related to but distinct from the existing genus Prochloron of neighbouring.

Affiniprochlorothrix

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Prochlorothrix*, An existing genus; *Affiniprochlorothrix*: A genus related to but distinct from the existing genus Prochlorothrix of neighbouring.

Affiniprofundibacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Profundibacter*, An existing genus; *Affiniprofundibacter*: A genus related to but distinct from the existing genus Profundibacter of neighbouring.

Affiniprofundibacterium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Profundibacterium*, An existing genus; *Affiniprofundibacterium*: A genus related to but distinct from the existing genus Profundibacterium of neighbouring.

Affiniprofundimonas

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Profundimonas*, An existing genus; *Affiniprofundimonas*: A genus related to but distinct from the existing genus Profundimonas of neighbouring.

Affiniprolinoborus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Prolinoborus*, An existing genus; *Affiniprolinoborus*: A genus related to but distinct from the existing genus Prolinoborus of neighbouring.

Affiniprolixibacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Prolixibacter*, An existing genus; *Affiniprolixibacter*: A genus related to but distinct from the existing genus Prolixibacter of neighbouring.

Affinipromicromonospora

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Promicromonospora*, An existing genus; *Affinipromicromonospora*: A genus related to but distinct from the existing genus Promicromonospora of neighbouring.

Affinipropionibacterium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Propionibacterium*, An existing genus; *Affinipropionibacterium*: A genus related to but distinct from the existing genus Propionibacterium of neighbouring.

Affinipropionicicella

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Propionicicella*, An existing genus; *Affinipropionicicella*: A genus related to but distinct from the existing genus Propionicicella of neighbouring.

Affinipropioniferax

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Propioniferax*, An existing genus; *Affinipropioniferax*: A genus related to but distinct from the existing genus Propioniferax of neighbouring.

Affinipropionigenium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Propionigenium*, An existing genus; *Affinipropionigenium*: A genus related to but distinct from the existing genus Propionigenium of neighbouring.

Affinipropionimicrobium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Propionimicrobium*, An existing genus; *Affinipropionimicrobium*: A genus related to but distinct from the existing genus Propionimicrobium of neighbouring.

Affinipropionispora

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Propionispora*, An existing genus; *Affinipropionispora*: A genus related to but distinct from the existing genus Propionispora of neighbouring.

Affinipropionivibrio

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Propionivibrio*, An existing genus; *Affinipropionivibrio*: A genus related to but distinct from the existing genus Propionivibrio of neighbouring.

Affiniprosthecobacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Prosthecobacter*, An existing genus; *Affiniprosthecobacter*: A genus related to but distinct from the existing genus Prosthecobacter of neighbouring.

Affiniprosthecochloris

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Prosthecochloris*, An existing genus; *Affiniprosthecochloris*: A genus related to but distinct from the existing genus Prosthecochloris of neighbouring.

Affiniprosthecomicrobium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Prosthecomicrobium*, An existing genus; *Affiniprosthecomicrobium*: A genus related to but distinct from the existing genus Prosthecomicrobium of neighbouring.

Affiniprotaetiibacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Protaetiibacter*, An existing genus; *Affiniprotaetiibacter*: A genus related to but distinct from the existing genus Protaetiibacter of neighbouring.

Affiniproteiniborus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Proteiniborus*, An existing genus; *Affiniproteiniborus*: A genus related to but distinct from the existing genus Proteiniborus of neighbouring.

Affiniproteiniclasticum

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Proteiniclasticum*, An existing genus; *Affiniproteiniclasticum*: A genus related to but distinct from the existing genus Proteiniclasticum of neighbouring.

Affiniproteiniphilum

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Proteiniphilum*, An existing genus; *Affiniproteiniphilum*: A genus related to but distinct from the existing genus Proteiniphilum of neighbouring.

Affiniproteinivorax

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Proteinivorax*, An existing genus; *Affiniproteinivorax*: A genus related to but distinct from the existing genus Proteinivorax of neighbouring.

Affiniproteocatella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Proteocatella*, An existing genus; *Affiniproteocatella*: A genus related to but distinct from the existing genus Proteocatella of neighbouring.

Affiniprotomonas

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Protomonas*, An existing genus; *Affiniprotomonas*: A genus related to but distinct from the existing genus Protomonas of neighbouring.

Affiniprovencibacterium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Provencibacterium*, An existing genus; *Affiniprovencibacterium*: A genus related to but distinct from the existing genus Provencibacterium of neighbouring.

Affiniprovidencia

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Providencia*, An existing genus; *Affiniprovidencia*: A genus related to but distinct from the existing genus Providencia of neighbouring.

Affinipseudacidovorax

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Pseudacidovorax*, An existing genus; *Affinipseudacidovorax*: A genus related to but distinct from the existing genus Pseudacidovorax of neighbouring.

Affinipseudactinotalea

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Pseudactinotalea*, An existing genus; *Affinipseudactinotalea*: A genus related to but distinct from the existing genus Pseudactinotalea of neighbouring.

Affinipseudaeromonas

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Pseudaeromonas*, An existing genus; *Affinipseudaeromonas*: A genus related to but distinct from the existing genus Pseudaeromonas of neighbouring.

Affinipseudaestuariivita

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Pseudaestuariivita*, An existing genus; *Affinipseudaestuariivita*: A genus related to but distinct from the existing genus Pseudaestuariivita of neighbouring.

Affinipseudahrensia

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Pseudahrensia*, An existing genus; *Affinipseudahrensia*: A genus related to but distinct from the existing genus Pseudahrensia of neighbouring.

Affinipseudaminobacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Pseudaminobacter*, An existing genus; *Affinipseudaminobacter*: A genus related to but distinct from the existing genus Pseudaminobacter of neighbouring.

Affinipseudarcicella

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Pseudarcicella*, An existing genus; *Affinipseudarcicella*: A genus related to but distinct from the existing genus Pseudarcicella of neighbouring.

Affinipseudarthrobacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Pseudarthrobacter*, An existing genus; *Affinipseudarthrobacter*: A genus related to but distinct from the existing genus Pseudarthrobacter of neighbouring.

Affinipseudenhygromyxa

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Pseudenhygromyxa*, An existing genus; *Affinipseudenhygromyxa*: A genus related to but distinct from the existing genus Pseudenhygromyxa of neighbouring.

Affinipseudescherichia

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Pseudescherichia*, An existing genus; *Affinipseudescherichia*: A genus related to but distinct from the existing genus Pseudescherichia of neighbouring.

Affinipseudidiomarina

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Pseudidiomarina*, An existing genus; *Affinipseudidiomarina*: A genus related to but distinct from the existing genus Pseudidiomarina of neighbouring.

Affinipseudoalteromonas

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Pseudoalteromonas*, An existing genus; *Affinipseudoalteromonas*: A genus related to but distinct from the existing genus Pseudoalteromonas of neighbouring.

Affinipseudoamycolata

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Pseudoamycolata*, An existing genus; *Affinipseudoamycolata*: A genus related to but distinct from the existing genus Pseudoamycolata of neighbouring.

Affinipseudobacillus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Pseudobacillus*, An existing genus; *Affinipseudobacillus*: A genus related to but distinct from the existing genus Pseudobacillus of neighbouring.

Affinipseudobacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Pseudobacter*, An existing genus; *Affinipseudobacter*: A genus related to but distinct from the existing genus Pseudobacter of neighbouring.

Affinipseudobacteriovorax

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Pseudobacteriovorax*, An existing genus; *Affinipseudobacteriovorax*: A genus related to but distinct from the existing genus Pseudobacteriovorax of neighbouring.

Affinipseudobacteroides

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Pseudobacteroides*, An existing genus; *Affinipseudobacteroides*: A genus related to but distinct from the existing genus Pseudobacteroides of neighbouring.

Affinipseudobizionia

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Pseudobizionia*, An existing genus; *Affinipseudobizionia*: A genus related to but distinct from the existing genus Pseudobizionia of neighbouring.

Affinipseudobowmanella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Pseudobowmanella*, An existing genus; *Affinipseudobowmanella*: A genus related to but distinct from the existing genus Pseudobowmanella of neighbouring.

Affinipseudobutyrivibrio

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Pseudobutyrivibrio*, An existing genus; *Affinipseudobutyrivibrio*: A genus related to but distinct from the existing genus Pseudobutyrivibrio of neighbouring.

Affinipseudocaedibacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Pseudocaedibacter*, An existing genus; *Affinipseudocaedibacter*: A genus related to but distinct from the existing genus Pseudocaedibacter of neighbouring.

Affinipseudochelatococcus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Pseudochelatococcus*, An existing genus; *Affinipseudochelatococcus*: A genus related to but distinct from the existing genus Pseudochelatococcus of neighbouring.

Affinipseudochrobactrum

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Pseudochrobactrum*, An existing genus; *Affinipseudochrobactrum*: A genus related to but distinct from the existing genus Pseudochrobactrum of neighbouring.

Affinipseudocitrobacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Pseudocitrobacter*, An existing genus; *Affinipseudocitrobacter*: A genus related to but distinct from the existing genus Pseudocitrobacter of neighbouring.

Affinipseudoclavibacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Pseudoclavibacter*, An existing genus; *Affinipseudoclavibacter*: A genus related to but distinct from the existing genus Pseudoclavibacter of neighbouring.

Affinipseudoclostridium

L. masc. adjective *affinis*, neighbouring; L. neut. dim. n. *Pseudoclostridium*, An existing genus; *Affinipseudoclostridium*: A genus related to but distinct from the existing genus Pseudoclostridium of neighbouring.

Affinipseudocolwellia

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Pseudocolwellia*, An existing genus; *Affinipseudocolwellia*: A genus related to but distinct from the existing genus Pseudocolwellia of neighbouring.

Affinipseudodesulfovibrio

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Pseudodesulfovibrio*, An existing genus; *Affinipseudodesulfovibrio*: A genus related to but distinct from the existing genus Pseudodesulfovibrio of neighbouring.

Affinipseudodonghicola

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Pseudodonghicola*, An existing genus; *Affinipseudodonghicola*: A genus related to but distinct from the existing genus Pseudodonghicola of neighbouring.

Affinipseudoduganella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Pseudoduganella*, An existing genus; *Affinipseudoduganella*: A genus related to but distinct from the existing genus Pseudoduganella of neighbouring.

Affinipseudoflavitalea

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Pseudoflavitalea*, An existing genus; *Affinipseudoflavitalea*: A genus related to but distinct from the existing genus Pseudoflavitalea of neighbouring.

Affinipseudoflavonifractor

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Pseudoflavonifractor*, An existing genus; *Affinipseudoflavonifractor*: A genus related to but distinct from the existing genus Pseudoflavonifractor of neighbouring.

Affinipseudofrancisella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Pseudofrancisella*, An existing genus; *Affinipseudofrancisella*: A genus related to but distinct from the existing genus Pseudofrancisella of neighbouring.

Affinipseudofulvibacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Pseudofulvibacter*, An existing genus; *Affinipseudofulvibacter*: A genus related to but distinct from the existing genus Pseudofulvibacter of neighbouring.

Affinipseudofulvimonas

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Pseudofulvimonas*, An existing genus; *Affinipseudofulvimonas*: A genus related to but distinct from the existing genus Pseudofulvimonas of neighbouring.

Affinipseudogemmobacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Pseudogemmobacter*, An existing genus; *Affinipseudogemmobacter*: A genus related to but distinct from the existing genus Pseudogemmobacter of neighbouring.

Affinipseudoglutamicibacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Pseudoglutamicibacter*, An existing genus; *Affinipseudoglutamicibacter*: A genus related to but distinct from the existing genus Pseudoglutamicibacter of neighbouring.

Affinipseudogracilibacillus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Pseudogracilibacillus*, An existing genus; *Affinipseudogracilibacillus*: A genus related to but distinct from the existing genus Pseudogracilibacillus of neighbouring.

Affinipseudogulbenkiania

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Pseudogulbenkiania*, An existing genus; *Affinipseudogulbenkiania*: A genus related to but distinct from the existing genus Pseudogulbenkiania of neighbouring.

Affinipseudohaliea

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Pseudohaliea*, An existing genus; *Affinipseudohaliea*: A genus related to but distinct from the existing genus Pseudohaliea of neighbouring.

Affinipseudohalioglobus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Pseudohalioglobus*, An existing genus; *Affinipseudohalioglobus*: A genus related to but distinct from the existing genus Pseudohalioglobus of neighbouring.

Affinipseudohalocynthiibacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Pseudohalocynthiibacter*, An existing genus; *Affinipseudohalocynthiibacter*: A genus related to but distinct from the existing genus Pseudohalocynthiibacter of neighbouring.

Affinipseudohoeflea

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Pseudohoeflea*, An existing genus; *Affinipseudohoeflea*: A genus related to but distinct from the existing genus Pseudohoeflea of neighbouring.

Affinipseudohongiella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Pseudohongiella*, An existing genus; *Affinipseudohongiella*: A genus related to but distinct from the existing genus Pseudohongiella of neighbouring.

Affinipseudokineococcus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Pseudokineococcus*, An existing genus; *Affinipseudokineococcus*: A genus related to but distinct from the existing genus Pseudokineococcus of neighbouring.

Affinipseudolabrys

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Pseudolabrys*, An existing genus; *Affinipseudolabrys*: A genus related to but distinct from the existing genus Pseudolabrys of neighbouring.

Affinipseudoleptotrichia

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Pseudoleptotrichia*, An existing genus; *Affinipseudoleptotrichia*: A genus related to but distinct from the existing genus Pseudoleptotrichia of neighbouring.

Affinipseudolysinimonas

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Pseudolysinimonas*, An existing genus; *Affinipseudolysinimonas*: A genus related to but distinct from the existing genus Pseudolysinimonas of neighbouring.

Affinipseudolysobacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Pseudolysobacter*, An existing genus; *Affinipseudolysobacter*: A genus related to but distinct from the existing genus Pseudolysobacter of neighbouring.

Affinipseudomaribius

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Pseudomaribius*, An existing genus; *Affinipseudomaribius*: A genus related to but distinct from the existing genus Pseudomaribius of neighbouring.

Affinipseudomaricurvus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Pseudomaricurvus*, An existing genus; *Affinipseudomaricurvus*: A genus related to but distinct from the existing genus Pseudomaricurvus of neighbouring.

Affinipseudomethylobacillus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Pseudomethylobacillus*, An existing genus; *Affinipseudomethylobacillus*: A genus related to but distinct from the existing genus Pseudomethylobacillus of neighbouring.

Affinipseudomonas

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Pseudomonas*, An existing genus; *Affinipseudomonas*: A genus related to but distinct from the existing genus Pseudomonas of neighbouring.

Affinipseudonocardia

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Pseudonocardia*, An existing genus; *Affinipseudonocardia*: A genus related to but distinct from the existing genus Pseudonocardia of neighbouring.

Affinipseudooceanicola

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Pseudooceanicola*, An existing genus; *Affinipseudooceanicola*: A genus related to but distinct from the existing genus Pseudooceanicola of neighbouring.

Affinipseudooctadecabacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Pseudooctadecabacter*, An existing genus; *Affinipseudooctadecabacter*: A genus related to but distinct from the existing genus Pseudooctadecabacter of neighbouring.

Affinipseudopedobacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Pseudopedobacter*, An existing genus; *Affinipseudopedobacter*: A genus related to but distinct from the existing genus Pseudopedobacter of neighbouring.

Affinipseudopelagicola

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Pseudopelagicola*, An existing genus; *Affinipseudopelagicola*: A genus related to but distinct from the existing genus Pseudopelagicola of neighbouring.

Affinipseudophaeobacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Pseudophaeobacter*, An existing genus; *Affinipseudophaeobacter*: A genus related to but distinct from the existing genus Pseudophaeobacter of neighbouring.

Affinipseudopropionibacterium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Pseudopropionibacterium*, An existing genus; *Affinipseudopropionibacterium*: A genus related to but distinct from the existing genus Pseudopropionibacterium of neighbouring.

Affinipseudopuniceibacterium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Pseudopuniceibacterium*, An existing genus; *Affinipseudopuniceibacterium*: A genus related to but distinct from the existing genus Pseudopuniceibacterium of neighbouring.

Affinipseudoramibacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Pseudoramibacter*, An existing genus; *Affinipseudoramibacter*: A genus related to but distinct from the existing genus Pseudoramibacter of neighbouring.

Affinipseudorhizobium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Pseudorhizobium*, An existing genus; *Affinipseudorhizobium*: A genus related to but distinct from the existing genus Pseudorhizobium of neighbouring.

Affinipseudorhodobacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Pseudorhodobacter*, An existing genus; *Affinipseudorhodobacter*: A genus related to but distinct from the existing genus Pseudorhodobacter of neighbouring.

Affinipseudorhodoferax

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Pseudorhodoferax*, An existing genus; *Affinipseudorhodoferax*: A genus related to but distinct from the existing genus Pseudorhodoferax of neighbouring.

Affinipseudorhodoplanes

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Pseudorhodoplanes*, An existing genus; *Affinipseudorhodoplanes*: A genus related to but distinct from the existing genus Pseudorhodoplanes of neighbouring.

Affinipseudorivibacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Pseudorivibacter*, An existing genus; *Affinipseudorivibacter*: A genus related to but distinct from the existing genus Pseudorivibacter of neighbouring.

Affinipseudoroseicyclus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Pseudoroseicyclus*, An existing genus; *Affinipseudoroseicyclus*: A genus related to but distinct from the existing genus Pseudoroseicyclus of neighbouring.

Affinipseudoroseovarius

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Pseudoroseovarius*, An existing genus; *Affinipseudoroseovarius*: A genus related to but distinct from the existing genus Pseudoroseovarius of neighbouring.

Affinipseudoruegeria

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Pseudoruegeria*, An existing genus; *Affinipseudoruegeria*: A genus related to but distinct from the existing genus Pseudoruegeria of neighbouring.

Affinipseudoruminococcus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Pseudoruminococcus*, An existing genus; *Affinipseudoruminococcus*: A genus related to but distinct from the existing genus Pseudoruminococcus of neighbouring.

Affinipseudoscardovia

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Pseudoscardovia*, An existing genus; *Affinipseudoscardovia*: A genus related to but distinct from the existing genus Pseudoscardovia of neighbouring.

Affinipseudoseohaeicola

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Pseudoseohaeicola*, An existing genus; *Affinipseudoseohaeicola*: A genus related to but distinct from the existing genus Pseudoseohaeicola of neighbouring.

Affinipseudosphingobacterium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Pseudosphingobacterium*, An existing genus; *Affinipseudosphingobacterium*: A genus related to but distinct from the existing genus Pseudosphingobacterium of neighbouring.

Affinipseudospirillum

L. masc. adjective *affinis*, neighbouring; L. neut. dim. n. *Pseudospirillum*, An existing genus; *Affinipseudospirillum*: A genus related to but distinct from the existing genus Pseudospirillum of neighbouring.

Affinipseudosporangium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Pseudosporangium*, An existing genus; *Affinipseudosporangium*: A genus related to but distinct from the existing genus Pseudosporangium of neighbouring.

Affinipseudostreptobacillus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Pseudostreptobacillus*, An existing genus; *Affinipseudostreptobacillus*: A genus related to but distinct from the existing genus Pseudostreptobacillus of neighbouring.

Affinipseudotenacibaculum

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Pseudotenacibaculum*, An existing genus; *Affinipseudotenacibaculum*: A genus related to but distinct from the existing genus Pseudotenacibaculum of neighbouring.

Affinipseudoteredinibacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Pseudoteredinibacter*, An existing genus; *Affinipseudoteredinibacter*: A genus related to but distinct from the existing genus Pseudoteredinibacter of neighbouring.

Affinipseudothermotoga

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Pseudothermotoga*, An existing genus; *Affinipseudothermotoga*: A genus related to but distinct from the existing genus Pseudothermotoga of neighbouring.

Affinipseudothioclava

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Pseudothioclava*, An existing genus; *Affinipseudothioclava*: A genus related to but distinct from the existing genus Pseudothioclava of neighbouring.

Affinipseudovibrio

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Pseudovibrio*, An existing genus; *Affinipseudovibrio*: A genus related to but distinct from the existing genus Pseudovibrio of neighbouring.

Affinipseudoxanthobacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Pseudoxanthobacter*, An existing genus; *Affinipseudoxanthobacter*: A genus related to but distinct from the existing genus Pseudoxanthobacter of neighbouring.

Affinipseudoxanthomonas

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Pseudoxanthomonas*, An existing genus; *Affinipseudoxanthomonas*: A genus related to but distinct from the existing genus Pseudoxanthomonas of neighbouring.

Affinipseudozobellia

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Pseudozobellia*, An existing genus; *Affinipseudozobellia*: A genus related to but distinct from the existing genus Pseudozobellia of neighbouring.

Affinipsittacicella

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Psittacicella*, An existing genus; *Affinipsittacicella*: A genus related to but distinct from the existing genus Psittacicella of neighbouring.

Affinipsychrilyobacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Psychrilyobacter*, An existing genus; *Affinipsychrilyobacter*: A genus related to but distinct from the existing genus Psychrilyobacter of neighbouring.

Affinipsychrobacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Psychrobacter*, An existing genus; *Affinipsychrobacter*: A genus related to but distinct from the existing genus Psychrobacter of neighbouring.

Affinipsychrobium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Psychrobium*, An existing genus; *Affinipsychrobium*: A genus related to but distinct from the existing genus Psychrobium of neighbouring.

Affinipsychroflexus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Psychroflexus*, An existing genus; *Affinipsychroflexus*: A genus related to but distinct from the existing genus Psychroflexus of neighbouring.

Affinipsychroglaciecola

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Psychroglaciecola*, An existing genus; *Affinipsychroglaciecola*: A genus related to but distinct from the existing genus Psychroglaciecola of neighbouring.

Affinipsychromarinibacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Psychromarinibacter*, An existing genus; *Affinipsychromarinibacter*: A genus related to but distinct from the existing genus Psychromarinibacter of neighbouring.

Affinipsychromicrobium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Psychromicrobium*, An existing genus; *Affinipsychromicrobium*: A genus related to but distinct from the existing genus Psychromicrobium of neighbouring.

Affinipsychroserpens

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Psychroserpens*, An existing genus; *Affinipsychroserpens*: A genus related to but distinct from the existing genus Psychroserpens of neighbouring.

Affinipsychrosinus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Psychrosinus*, An existing genus; *Affinipsychrosinus*: A genus related to but distinct from the existing genus Psychrosinus of neighbouring.

Affinipsychrosphaera

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Psychrosphaera*, An existing genus; *Affinipsychrosphaera*: A genus related to but distinct from the existing genus Psychrosphaera of neighbouring.

Affinipueribacillus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Pueribacillus*, An existing genus; *Affinipueribacillus*: A genus related to but distinct from the existing genus Pueribacillus of neighbouring.

Affinipuia

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Puia*, An existing genus; *Affinipuia*: A genus related to but distinct from the existing genus Puia of neighbouring.

Affinipukyongia

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Pukyongia*, An existing genus; *Affinipukyongia*: A genus related to but distinct from the existing genus Pukyongia of neighbouring.

Affinipukyongiella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Pukyongiella*, An existing genus; *Affinipukyongiella*: A genus related to but distinct from the existing genus Pukyongiella of neighbouring.

Affinipuniceibacterium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Puniceibacterium*, An existing genus; *Affinipuniceibacterium*: A genus related to but distinct from the existing genus Puniceibacterium of neighbouring.

Affinipuniceicoccus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Puniceicoccus*, An existing genus; *Affinipuniceicoccus*: A genus related to but distinct from the existing genus Puniceicoccus of neighbouring.

Affinipusillimonas

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Pusillimonas*, An existing genus; *Affinipusillimonas*: A genus related to but distinct from the existing genus Pusillimonas of neighbouring.

Affinipustulibacterium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Pustulibacterium*, An existing genus; *Affinipustulibacterium*: A genus related to but distinct from the existing genus Pustulibacterium of neighbouring.

Affiniputridiphycobacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Putridiphycobacter*, An existing genus; *Affiniputridiphycobacter*: A genus related to but distinct from the existing genus Putridiphycobacter of neighbouring.

Affinipuzihella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Puzihella*, An existing genus; *Affinipuzihella*: A genus related to but distinct from the existing genus Puzihella of neighbouring.

Affinipycnacronema

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Pycnacronema*, An existing genus; *Affinipycnacronema*: A genus related to but distinct from the existing genus Pycnacronema of neighbouring.

Affinipyramidobacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Pyramidobacter*, An existing genus; *Affinipyramidobacter*: A genus related to but distinct from the existing genus Pyramidobacter of neighbouring.

Affinipyrinomonas

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Pyrinomonas*, An existing genus; *Affinipyrinomonas*: A genus related to but distinct from the existing genus Pyrinomonas of neighbouring.

Affinipyrobaculum

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Pyrobaculum*, An existing genus; *Affinipyrobaculum*: A genus related to but distinct from the existing genus Pyrobaculum of neighbouring.

Affinipyrococcus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Pyrococcus*, An existing genus; *Affinipyrococcus*: A genus related to but distinct from the existing genus Pyrococcus of neighbouring.

Affinipyrodictium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Pyrodictium*, An existing genus; *Affinipyrodictium*: A genus related to but distinct from the existing genus Pyrodictium of neighbouring.

Affinipyruvatibacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Pyruvatibacter*, An existing genus; *Affinipyruvatibacter*: A genus related to but distinct from the existing genus Pyruvatibacter of neighbouring.

Affinipyxidicoccus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Pyxidicoccus*, An existing genus; *Affinipyxidicoccus*: A genus related to but distinct from the existing genus Pyxidicoccus of neighbouring.

Affiniqingshengfania

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Qingshengfania*, An existing genus; *Affiniqingshengfania*: A genus related to but distinct from the existing genus Qingshengfania of neighbouring.

Affiniqipengyuania

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Qipengyuania*, An existing genus; *Affiniqipengyuania*: A genus related to but distinct from the existing genus Qipengyuania of neighbouring.

Affiniquadricoccus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Quadricoccus*, An existing genus; *Affiniquadricoccus*: A genus related to but distinct from the existing genus Quadricoccus of neighbouring.

Affiniquadrisphaera

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Quadrisphaera*, An existing genus; *Affiniquadrisphaera*: A genus related to but distinct from the existing genus Quadrisphaera of neighbouring.

Affiniquasibacillus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Quasibacillus*, An existing genus; *Affiniquasibacillus*: A genus related to but distinct from the existing genus Quasibacillus of neighbouring.

Affiniquatrionicoccus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Quatrionicoccus*, An existing genus; *Affiniquatrionicoccus*: A genus related to but distinct from the existing genus Quatrionicoccus of neighbouring.

Affiniquinella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Quinella*, An existing genus; *Affiniquinella*: A genus related to but distinct from the existing genus Quinella of neighbouring.

Affiniracemicystis

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Racemicystis*, An existing genus; *Affiniracemicystis*: A genus related to but distinct from the existing genus Racemicystis of neighbouring.

Affinirahnella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Rahnella*, An existing genus; *Affinirahnella*: A genus related to but distinct from the existing genus Rahnella of neighbouring.

Affinirainеya

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Raineya*, An existing genus; *Affinirainеya*: A genus related to but distinct from the existing genus Raineya of neighbouring.

Affinirainеyella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Raineyella*, An existing genus; *Affinirainеyella*: A genus related to but distinct from the existing genus Raineyella of neighbouring.

Affiniralstonia

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Ralstonia*, An existing genus; *Affiniralstonia*: A genus related to but distinct from the existing genus Ralstonia of neighbouring.

Affiniramlibacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Ramlibacter*, An existing genus; *Affiniramlibacter*: A genus related to but distinct from the existing genus Ramlibacter of neighbouring.

Affiniramsaria

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Ramsaria*, An existing genus; *Affiniramsaria*: A genus related to but distinct from the existing genus Ramsaria of neighbouring.

Affiniraoultella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Raoultella*, An existing genus; *Affiniraoultella*: A genus related to but distinct from the existing genus Raoultella of neighbouring.

Affinirariglobus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Rariglobus*, An existing genus; *Affinirariglobus*: A genus related to but distinct from the existing genus Rariglobus of neighbouring.

Affinirarimicrobium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Rarimicrobium*, An existing genus; *Affinirarimicrobium*: A genus related to but distinct from the existing genus Rarimicrobium of neighbouring.

Affinirarobacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Rarobacter*, An existing genus; *Affinirarobacter*: A genus related to but distinct from the existing genus Rarobacter of neighbouring.

Affinirathayibacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Rathayibacter*, An existing genus; *Affinirathayibacter*: A genus related to but distinct from the existing genus Rathayibacter of neighbouring.

Affiniravibacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Ravibacter*, An existing genus; *Affiniravibacter*: A genus related to but distinct from the existing genus Ravibacter of neighbouring.

Affinirectinema

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Rectinema*, An existing genus; *Affinirectinema*: A genus related to but distinct from the existing genus Rectinema of neighbouring.

Affinirehaibacterium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Rehaibacterium*, An existing genus; *Affinirehaibacterium*: A genus related to but distinct from the existing genus Rehaibacterium of neighbouring.

Affinireichenbachia

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Reichenbachia*, An existing genus; *Affinireichenbachia*: A genus related to but distinct from the existing genus Reichenbachia of neighbouring.

Affinireichenbachiella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Reichenbachiella*, An existing genus; *Affinireichenbachiella*: A genus related to but distinct from the existing genus Reichenbachiella of neighbouring.

Affinireinekea

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Reinekea*, An existing genus; *Affinireinekea*: A genus related to but distinct from the existing genus Reinekea of neighbouring.

Affinirenibacterium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Renibacterium*, An existing genus; *Affinirenibacterium*: A genus related to but distinct from the existing genus Renibacterium of neighbouring.

Affinireyranella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Reyranella*, An existing genus; *Affinireyranella*: A genus related to but distinct from the existing genus Reyranella of neighbouring.

Affinirhabdaerophilum

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Rhabdaerophilum*, An existing genus; *Affinirhabdaerophilum*: A genus related to but distinct from the existing genus Rhabdaerophilum of neighbouring.

Affinirhabdanaerobium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Rhabdanaerobium*, An existing genus; *Affinirhabdanaerobium*: A genus related to but distinct from the existing genus Rhabdanaerobium of neighbouring.

Affinirhabdobacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Rhabdobacter*, An existing genus; *Affinirhabdobacter*: A genus related to but distinct from the existing genus Rhabdobacter of neighbouring.

Affinirhabdochromatium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Rhabdochromatium*, An existing genus; *Affinirhabdochromatium*: A genus related to but distinct from the existing genus Rhabdochromatium of neighbouring.

Affinirheinheimera

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Rheinheimera*, An existing genus; *Affinirheinheimera*: A genus related to but distinct from the existing genus Rheinheimera of neighbouring.

Affinirhizobium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Rhizobium*, An existing genus; *Affinirhizobium*: A genus related to but distinct from the existing genus Rhizobium of neighbouring.

Affinirhizocola

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Rhizocola*, An existing genus; *Affinirhizocola*: A genus related to but distinct from the existing genus Rhizocola of neighbouring.

Affinirhizomicrobium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Rhizomicrobium*, An existing genus; *Affinirhizomicrobium*: A genus related to but distinct from the existing genus Rhizomicrobium of neighbouring.

Affinirhizomonas

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Rhizomonas*, An existing genus; *Affinirhizomonas*: A genus related to but distinct from the existing genus Rhizomonas of neighbouring.

Affinirhizorhabdus

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Rhizorhabdus*, An existing genus; *Affinirhizorhabdus*: A genus related to but distinct from the existing genus Rhizorhabdus of neighbouring.

Affinirhizorhapis

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Rhizorhapis*, An existing genus; *Affinirhizorhapis*: A genus related to but distinct from the existing genus Rhizorhapis of neighbouring.

Affinirhodanobacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Rhodanobacter*, An existing genus; *Affinirhodanobacter*: A genus related to but distinct from the existing genus Rhodanobacter of neighbouring.

Affinirhodobaca

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Rhodobaca*, An existing genus; *Affinirhodobaca*: A genus related to but distinct from the existing genus Rhodobaca of neighbouring.

Affinirhodobacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Rhodobacter*, An existing genus; *Affinirhodobacter*: A genus related to but distinct from the existing genus Rhodobacter of neighbouring.

Affinirhodobium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Rhodobium*, An existing genus; *Affinirhodobium*: A genus related to but distinct from the existing genus Rhodobium of neighbouring.

Affinirhodoblastus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Rhodoblastus*, An existing genus; *Affinirhodoblastus*: A genus related to but distinct from the existing genus Rhodoblastus of neighbouring.

Affinirhodocista

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Rhodocista*, An existing genus; *Affinirhodocista*: A genus related to but distinct from the existing genus Rhodocista of neighbouring.

Affinirhodococcus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Rhodococcus*, An existing genus; *Affinirhodococcus*: A genus related to but distinct from the existing genus Rhodococcus of neighbouring.

Affinirhodocyclus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Rhodocyclus*, An existing genus; *Affinirhodocyclus*: A genus related to but distinct from the existing genus Rhodocyclus of neighbouring.

Affinirhodocytophaga

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Rhodocytophaga*, An existing genus; *Affinirhodocytophaga*: A genus related to but distinct from the existing genus Rhodocytophaga of neighbouring.

Affinirhodoferax

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Rhodoferax*, An existing genus; *Affinirhodoferax*: A genus related to but distinct from the existing genus Rhodoferax of neighbouring.

Affinirhodoglobus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Rhodoglobus*, An existing genus; *Affinirhodoglobus*: A genus related to but distinct from the existing genus Rhodoglobus of neighbouring.

Affinirhodohalobacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Rhodohalobacter*, An existing genus; *Affinirhodohalobacter*: A genus related to but distinct from the existing genus Rhodohalobacter of neighbouring.

Affinirhodoligotrophos

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Rhodoligotrophos*, An existing genus; *Affinirhodoligotrophos*: A genus related to but distinct from the existing genus Rhodoligotrophos of neighbouring.

Affinirhodoluna

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Rhodoluna*, An existing genus; *Affinirhodoluna*: A genus related to but distinct from the existing genus Rhodoluna of neighbouring.

Affinirhodomicrobium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Rhodomicrobium*, An existing genus; *Affinirhodomicrobium*: A genus related to but distinct from the existing genus Rhodomicrobium of neighbouring.

Affinirhodonellum

L. masc. adjective *affinis*, neighbouring; L. neut. dim. n. *Rhodonellum*, An existing genus; *Affinirhodonellum*: A genus related to but distinct from the existing genus Rhodonellum of neighbouring.

Affinirhodophyticola

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Rhodophyticola*, An existing genus; *Affinirhodophyticola*: A genus related to but distinct from the existing genus Rhodophyticola of neighbouring.

Affinirhodopila

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Rhodopila*, An existing genus; *Affinirhodopila*: A genus related to but distinct from the existing genus Rhodopila of neighbouring.

Affinirhodopirellula

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Rhodopirellula*, An existing genus; *Affinirhodopirellula*: A genus related to but distinct from the existing genus Rhodopirellula of neighbouring.

Affinirhodoplanes

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Rhodoplanes*, An existing genus; *Affinirhodoplanes*: A genus related to but distinct from the existing genus Rhodoplanes of neighbouring.

Affinirhodopseudomonas

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Rhodopseudomonas*, An existing genus; *Affinirhodopseudomonas*: A genus related to but distinct from the existing genus Rhodopseudomonas of neighbouring.

Affinirhodosalinus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Rhodosalinus*, An existing genus; *Affinirhodosalinus*: A genus related to but distinct from the existing genus Rhodosalinus of neighbouring.

Affinirhodospira

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Rhodospira*, An existing genus; *Affinirhodospira*: A genus related to but distinct from the existing genus Rhodospira of neighbouring.

Affinirhodospirillum

L. masc. adjective *affinis*, neighbouring; L. neut. dim. n. *Rhodospirillum*, An existing genus; *Affinirhodospirillum*: A genus related to but distinct from the existing genus Rhodospirillum of neighbouring.

Affinirhodothalassium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Rhodothalassium*, An existing genus; *Affinirhodothalassium*: A genus related to but distinct from the existing genus Rhodothalassium of neighbouring.

Affinirhodothermus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Rhodothermus*, An existing genus; *Affinirhodothermus*: A genus related to but distinct from the existing genus Rhodothermus of neighbouring.

Affinirhodovarius

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Rhodovarius*, An existing genus; *Affinirhodovarius*: A genus related to but distinct from the existing genus Rhodovarius of neighbouring.

Affinirhodovastum

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Rhodovastum*, An existing genus; *Affinirhodovastum*: A genus related to but distinct from the existing genus Rhodovastum of neighbouring.

Affinirhodovibrio

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Rhodovibrio*, An existing genus; *Affinirhodovibrio*: A genus related to but distinct from the existing genus Rhodovibrio of neighbouring.

Affinirhodovulum

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Rhodovulum*, An existing genus; *Affinirhodovulum*: A genus related to but distinct from the existing genus Rhodovulum of neighbouring.

Affinirickettsia

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Rickettsia*, An existing genus; *Affinirickettsia*: A genus related to but distinct from the existing genus Rickettsia of neighbouring.

Affinirickettsiella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Rickettsiella*, An existing genus; *Affinirickettsiella*: A genus related to but distinct from the existing genus Rickettsiella of neighbouring.

Affiniriemerella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Riemerella*, An existing genus; *Affiniriemerella*: A genus related to but distinct from the existing genus Riemerella of neighbouring.

Affinirikenella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Rikenella*, An existing genus; *Affinirikenella*: A genus related to but distinct from the existing genus Rikenella of neighbouring.

Affinirippkaea

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Rippkaea*, An existing genus; *Affinirippkaea*: A genus related to but distinct from the existing genus Rippkaea of neighbouring.

Affinirisungbinella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Risungbinella*, An existing genus; *Affinirisungbinella*: A genus related to but distinct from the existing genus Risungbinella of neighbouring.

Affinirivibacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Rivibacter*, An existing genus; *Affinirivibacter*: A genus related to but distinct from the existing genus Rivibacter of neighbouring.

Affinirivicola

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Rivicola*, An existing genus; *Affinirivicola*: A genus related to but distinct from the existing genus Rivicola of neighbouring.

Affinirivularia

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Rivularia*, An existing genus; *Affinirivularia*: A genus related to but distinct from the existing genus Rivularia of neighbouring.

Affinirobbsia

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Robbsia*, An existing genus; *Affinirobbsia*: A genus related to but distinct from the existing genus Robbsia of neighbouring.

Affinirobertkochia

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Robertkochia*, An existing genus; *Affinirobertkochia*: A genus related to but distinct from the existing genus Robertkochia of neighbouring.

Affinirobiginitalea

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Robiginitalea*, An existing genus; *Affinirobiginitalea*: A genus related to but distinct from the existing genus Robiginitalea of neighbouring.

Affinirobiginitomaculum

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Robiginitomaculum*, An existing genus; *Affinirobiginitomaculum*: A genus related to but distinct from the existing genus Robiginitomaculum of neighbouring.

Affinirobinsoniella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Robinsoniella*, An existing genus; *Affinirobinsoniella*: A genus related to but distinct from the existing genus Robinsoniella of neighbouring.

Affinirochalimaea

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Rochalimaea*, An existing genus; *Affinirochalimaea*: A genus related to but distinct from the existing genus Rochalimaea of neighbouring.

Affinirodentibacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Rodentibacter*, An existing genus; *Affinirodentibacter*: A genus related to but distinct from the existing genus Rodentibacter of neighbouring.

Affiniroholtiella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Roholtiella*, An existing genus; *Affiniroholtiella*: A genus related to but distinct from the existing genus Roholtiella of neighbouring.

Affinirom boutsia

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Romboutsia*, An existing genus; *Affinirom boutsia*: A genus related to but distinct from the existing genus Romboutsia of neighbouring.

Affiniroseateles

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Roseateles*, An existing genus; *Affiniroseateles*: A genus related to but distinct from the existing genus Roseateles of neighbouring.

Affiniroseburia

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Roseburia*, An existing genus; *Affiniroseburia*: A genus related to but distinct from the existing genus Roseburia of neighbouring.

Affiniroseiarcus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Roseiarcus*, An existing genus; *Affiniroseiarcus*: A genus related to but distinct from the existing genus Roseiarcus of neighbouring.

Affiniroseibaca

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Roseibaca*, An existing genus; *Affiniroseibaca*: A genus related to but distinct from the existing genus Roseibaca of neighbouring.

Affiniroseibacillus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Roseibacillus*, An existing genus; *Affiniroseibacillus*: A genus related to but distinct from the existing genus Roseibacillus of neighbouring.

Affiniroseibacterium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Roseibacterium*, An existing genus; *Affiniroseibacterium*: A genus related to but distinct from the existing genus Roseibacterium of neighbouring.

Affiniroseibacula

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Roseibacula*, An existing genus; *Affiniroseibacula*: A genus related to but distinct from the existing genus Roseibacula of neighbouring.

Affiniroseibium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Roseibium*, An existing genus; *Affiniroseibium*: A genus related to but distinct from the existing genus Roseibium of neighbouring.

Affiniroseicella

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Roseicella*, An existing genus; *Affiniroseicella*: A genus related to but distinct from the existing genus Roseicella of neighbouring.

Affiniroseicitreum

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Roseicitreum*, An existing genus; *Affiniroseicitreum*: A genus related to but distinct from the existing genus Roseicitreum of neighbouring.

Affiniroseicyclus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Roseicyclus*, An existing genus; *Affiniroseicyclus*: A genus related to but distinct from the existing genus Roseicyclus of neighbouring.

Affiniroseiflexus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Roseiflexus*, An existing genus; *Affiniroseiflexus*: A genus related to but distinct from the existing genus Roseiflexus of neighbouring.

Affiniroseimarinus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Roseimarinus*, An existing genus; *Affiniroseimarinus*: A genus related to but distinct from the existing genus Roseimarinus of neighbouring.

Affiniroseimaritima

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Roseimaritima*, An existing genus; *Affiniroseimaritima*: A genus related to but distinct from the existing genus Roseimaritima of neighbouring.

Affiniroseimicrobium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Roseimicrobium*, An existing genus; *Affiniroseimicrobium*: A genus related to but distinct from the existing genus Roseimicrobium of neighbouring.

Affiniroseinatronobacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Roseinatronobacter*, An existing genus; *Affiniroseinatronobacter*: A genus related to but distinct from the existing genus Roseinatronobacter of neighbouring.

Affiniroseisalinus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Roseisalinus*, An existing genus; *Affiniroseisalinus*: A genus related to but distinct from the existing genus Roseisalinus of neighbouring.

Affiniroseisolibacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Roseisolibacter*, An existing genus; *Affiniroseisolibacter*: A genus related to but distinct from the existing genus Roseisolibacter of neighbouring.

Affiniroseitalea

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Roseitalea*, An existing genus; *Affiniroseitalea*: A genus related to but distinct from the existing genus Roseitalea of neighbouring.

Affiniroseithermus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Roseithermus*, An existing genus; *Affiniroseithermus*: A genus related to but distinct from the existing genus Roseithermus of neighbouring.

Affiniroseivirga

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Roseivirga*, An existing genus; *Affiniroseivirga*: A genus related to but distinct from the existing genus Roseivirga of neighbouring.

Affiniroseivivax

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Roseivivax*, An existing genus; *Affiniroseivivax*: A genus related to but distinct from the existing genus Roseivivax of neighbouring.

Affinirosenbergiella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Rosenbergiella*, An existing genus; *Affinirosenbergiella*: A genus related to but distinct from the existing genus Rosenbergiella of neighbouring.

Affiniroseobacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Roseobacter*, An existing genus; *Affiniroseobacter*: A genus related to but distinct from the existing genus Roseobacter of neighbouring.

Affiniroseococcus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Roseococcus*, An existing genus; *Affiniroseococcus*: A genus related to but distinct from the existing genus Roseococcus of neighbouring.

Affiniroseofilum

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Roseofilum*, An existing genus; *Affiniroseofilum*: A genus related to but distinct from the existing genus Roseofilum of neighbouring.

Affiniroseomonas

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Roseomonas*, An existing genus; *Affiniroseomonas*: A genus related to but distinct from the existing genus Roseomonas of neighbouring.

Affiniroseospira

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Roseospira*, An existing genus; *Affiniroseospira*: A genus related to but distinct from the existing genus Roseospira of neighbouring.

Affiniroseospirillum

L. masc. adjective *affinis*, neighbouring; L. neut. dim. n. *Roseospirillum*, An existing genus; *Affiniroseospirillum*: A genus related to but distinct from the existing genus Roseospirillum of neighbouring.

Affiniroseovarius

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Roseovarius*, An existing genus; *Affiniroseovarius*: A genus related to but distinct from the existing genus Roseovarius of neighbouring.

Affinirosistilla

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Rosistilla*, An existing genus; *Affinirosistilla*: A genus related to but distinct from the existing genus Rosistilla of neighbouring.

Affinirothia

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Rothia*, An existing genus; *Affinirothia*: A genus related to but distinct from the existing genus Rothia of neighbouring.

Affinirouxiella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Rouxiella*, An existing genus; *Affinirouxiella*: A genus related to but distinct from the existing genus Rouxiella of neighbouring.

Affiniruania

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Ruania*, An existing genus; *Affiniruania*: A genus related to but distinct from the existing genus Ruania of neighbouring.

Affinirubellimicrobium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Rubellimicrobium*, An existing genus; *Affinirubellimicrobium*: A genus related to but distinct from the existing genus Rubellimicrobium of neighbouring.

Affinirubeoparvulum

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Rubeoparvulum*, An existing genus; *Affinirubeoparvulum*: A genus related to but distinct from the existing genus Rubeoparvulum of neighbouring.

Affinirubidibacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Rubidibacter*, An existing genus; *Affinirubidibacter*: A genus related to but distinct from the existing genus Rubidibacter of neighbouring.

Affinirubidimonas

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Rubidimonas*, An existing genus; *Affinirubidimonas*: A genus related to but distinct from the existing genus Rubidimonas of neighbouring.

Affinirubinisphaera

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Rubinisphaera*, An existing genus; *Affinirubinisphaera*: A genus related to but distinct from the existing genus Rubinisphaera of neighbouring.

Affinirubneribacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Rubneribacter*, An existing genus; *Affinirubneribacter*: A genus related to but distinct from the existing genus Rubneribacter of neighbouring.

Affinirubribacterium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Rubribacterium*, An existing genus; *Affinirubribacterium*: A genus related to but distinct from the existing genus Rubribacterium of neighbouring.

Affinirubricella

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Rubricella*, An existing genus; *Affinirubricella*: A genus related to but distinct from the existing genus Rubricella of neighbouring.

Affinirubricoccus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Rubricoccus*, An existing genus; *Affinirubricoccus*: A genus related to but distinct from the existing genus Rubricoccus of neighbouring.

Affinirubrimonas

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Rubrimonas*, An existing genus; *Affinirubrimonas*: A genus related to but distinct from the existing genus Rubrimonas of neighbouring.

Affinirubripirellula

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Rubripirellula*, An existing genus; *Affinirubripirellula*: A genus related to but distinct from the existing genus Rubripirellula of neighbouring.

Affinirubritalea

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Rubritalea*, An existing genus; *Affinirubritalea*: A genus related to but distinct from the existing genus Rubritalea of neighbouring.

Affinirubritepida

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Rubritepida*, An existing genus; *Affinirubritepida*: A genus related to but distinct from the existing genus Rubritepida of neighbouring.

Affinirubrivirga

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Rubrivirga*, An existing genus; *Affinirubrivirga*: A genus related to but distinct from the existing genus Rubrivirga of neighbouring.

Affinirubrivivax

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Rubrivivax*, An existing genus; *Affinirubrivivax*: A genus related to but distinct from the existing genus Rubrivivax of neighbouring.

Affinirubrobacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Rubrobacter*, An existing genus; *Affinirubrobacter*: A genus related to but distinct from the existing genus Rubrobacter of neighbouring.

Affinirudaea

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Rudaea*, An existing genus; *Affinirudaea*: A genus related to but distinct from the existing genus Rudaea of neighbouring.

Affinirudaeicoccus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Rudaeicoccus*, An existing genus; *Affinirudaeicoccus*: A genus related to but distinct from the existing genus Rudaeicoccus of neighbouring.

Affinirudaibacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Rudaibacter*, An existing genus; *Affinirudaibacter*: A genus related to but distinct from the existing genus Rudaibacter of neighbouring.

Affinirudanella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Rudanella*, An existing genus; *Affinirudanella*: A genus related to but distinct from the existing genus Rudanella of neighbouring.

Affiniruegeria

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Ruegeria*, An existing genus; *Affiniruegeria*: A genus related to but distinct from the existing genus Ruegeria of neighbouring.

Affinirufibacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Rufibacter*, An existing genus; *Affinirufibacter*: A genus related to but distinct from the existing genus Rufibacter of neighbouring.

Affiniruficoccus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Ruficoccus*, An existing genus; *Affiniruficoccus*: A genus related to but distinct from the existing genus Ruficoccus of neighbouring.

Affinirugamonas

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Rugamonas*, An existing genus; *Affinirugamonas*: A genus related to but distinct from the existing genus Rugamonas of neighbouring.

Affinirugosibacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Rugosibacter*, An existing genus; *Affinirugosibacter*: A genus related to but distinct from the existing genus Rugosibacter of neighbouring.

Affinirugosimonospora

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Rugosimonospora*, An existing genus; *Affinirugosimonospora*: A genus related to but distinct from the existing genus Rugosimonospora of neighbouring.

Affiniruminiclostridium

L. masc. adjective *affinis*, neighbouring; L. neut. dim. n. *Ruminiclostridium*, An existing genus; *Affiniruminiclostridium*: A genus related to but distinct from the existing genus Ruminiclostridium of neighbouring.

Affiniruminobacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Ruminobacter*, An existing genus; *Affiniruminobacter*: A genus related to but distinct from the existing genus Ruminobacter of neighbouring.

Affiniruminococcus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Ruminococcus*, An existing genus; *Affiniruminococcus*: A genus related to but distinct from the existing genus Ruminococcus of neighbouring.

Affinirummeliibacillus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Rummeliibacillus*, An existing genus; *Affinirummeliibacillus*: A genus related to but distinct from the existing genus Rummeliibacillus of neighbouring.

Affinirunella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Runella*, An existing genus; *Affinirunella*: A genus related to but distinct from the existing genus Runella of neighbouring.

Affinirurimicrobium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Rurimicrobium*, An existing genus; *Affinirurimicrobium*: A genus related to but distinct from the existing genus Rurimicrobium of neighbouring.

Affiniruthenibacterium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Ruthenibacterium*, An existing genus; *Affiniruthenibacterium*: A genus related to but distinct from the existing genus Ruthenibacterium of neighbouring.

Affinisabulilitoribacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Sabulilitoribacter*, An existing genus; *Affinisabulilitoribacter*: A genus related to but distinct from the existing genus Sabulilitoribacter of neighbouring.

Affinisaccharedens

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Saccharedens*, An existing genus; *Affinisaccharedens*: A genus related to but distinct from the existing genus Saccharedens of neighbouring.

Affinisaccharibacillus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Saccharibacillus*, An existing genus; *Affinisaccharibacillus*: A genus related to but distinct from the existing genus Saccharibacillus of neighbouring.

Affinisaccharibacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Saccharibacter*, An existing genus; *Affinisaccharibacter*: A genus related to but distinct from the existing genus Saccharibacter of neighbouring.

Affinisaccharococcus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Saccharococcus*, An existing genus; *Affinisaccharococcus*: A genus related to but distinct from the existing genus Saccharococcus of neighbouring.

Affinisaccharofermentans

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Saccharofermentans*, An existing genus; *Affinisaccharofermentans*: A genus related to but distinct from the existing genus Saccharofermentans of neighbouring.

Affinisaccharolobus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Saccharolobus*, An existing genus; *Affinisaccharolobus*: A genus related to but distinct from the existing genus Saccharolobus of neighbouring.

Affinisaccharomonospora

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Saccharomonospora*, An existing genus; *Affinisaccharomonospora*: A genus related to but distinct from the existing genus Saccharomonospora of neighbouring.

Affinisaccharophagus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Saccharophagus*, An existing genus; *Affinisaccharophagus*: A genus related to but distinct from the existing genus Saccharophagus of neighbouring.

Affinisaccharopolyspora

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Saccharopolyspora*, An existing genus; *Affinisaccharopolyspora*: A genus related to but distinct from the existing genus Saccharopolyspora of neighbouring.

Affinisaccharospirillum

L. masc. adjective *affinis*, neighbouring; L. neut. dim. n. *Saccharospirillum*, An existing genus; *Affinisaccharospirillum*: A genus related to but distinct from the existing genus Saccharospirillum of neighbouring.

Affinisaezia

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Saezia*, An existing genus; *Affinisaezia*: A genus related to but distinct from the existing genus Saezia of neighbouring.

Affinisalana

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Salana*, An existing genus; *Affinisalana*: A genus related to but distinct from the existing genus Salana of neighbouring.

Affinisalaquimonas

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Salaquimonas*, An existing genus; *Affinisalaquimonas*: A genus related to but distinct from the existing genus Salaquimonas of neighbouring.

Affinisalarchaeum

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Salarchaeum*, An existing genus; *Affinisalarchaeum*: A genus related to but distinct from the existing genus Salarchaeum of neighbouring.

Affinisalegentibacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Salegentibacter*, An existing genus; *Affinisalegentibacter*: A genus related to but distinct from the existing genus Salegentibacter of neighbouring.

Affinisalibacillus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Salibacillus*, An existing genus; *Affinisalibacillus*: A genus related to but distinct from the existing genus Salibacillus of neighbouring.

Affinisalibacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Salibacter*, An existing genus; *Affinisalibacter*: A genus related to but distinct from the existing genus Salibacter of neighbouring.

Affinisalicibibacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Salicibibacter*, An existing genus; *Affinisalicibibacter*: A genus related to but distinct from the existing genus Salicibibacter of neighbouring.

Affinisalicola

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Salicola*, An existing genus; *Affinisalicola*: A genus related to but distinct from the existing genus Salicola of neighbouring.

Affinisalilacibacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Salilacibacter*, An existing genus; *Affinisalilacibacter*: A genus related to but distinct from the existing genus Salilacibacter of neighbouring.

Affinisalileptolyngbya

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Salileptolyngbya*, An existing genus; *Affinisalileptolyngbya*: A genus related to but distinct from the existing genus Salileptolyngbya of neighbouring.

Affinisalimesophilobacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Salimesophilobacter*, An existing genus; *Affinisalimesophilobacter*: A genus related to but distinct from the existing genus Salimesophilobacter of neighbouring.

Affinisalimicrobium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Salimicrobium*, An existing genus; *Affinisalimicrobium*: A genus related to but distinct from the existing genus Salimicrobium of neighbouring.

Affinisalinactinospora

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Salinactinospora*, An existing genus; *Affinisalinactinospora*: A genus related to but distinct from the existing genus Salinactinospora of neighbouring.

Affinisalinarchaeum

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Salinarchaeum*, An existing genus; *Affinisalinarchaeum*: A genus related to but distinct from the existing genus Salinarchaeum of neighbouring.

Affinisalinibacillus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Salinibacillus*, An existing genus; *Affinisalinibacillus*: A genus related to but distinct from the existing genus Salinibacillus of neighbouring.

Affinisalinibacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Salinibacter*, An existing genus; *Affinisalinibacter*: A genus related to but distinct from the existing genus Salinibacter of neighbouring.

Affinisalinibacterium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Salinibacterium*, An existing genus; *Affinisalinibacterium*: A genus related to but distinct from the existing genus Salinibacterium of neighbouring.

Affinisalinibaculum

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Salinibaculum*, An existing genus; *Affinisalinibaculum*: A genus related to but distinct from the existing genus Salinibaculum of neighbouring.

Affinisalinibius

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Salinibius*, An existing genus; *Affinisalinibius*: A genus related to but distinct from the existing genus Salinibius of neighbouring.

Affinisalinicoccus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Salinicoccus*, An existing genus; *Affinisalinicoccus*: A genus related to but distinct from the existing genus Salinicoccus of neighbouring.

Affinisalinicola

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Salinicola*, An existing genus; *Affinisalinicola*: A genus related to but distinct from the existing genus Salinicola of neighbouring.

Affinisalinifilum

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Salinifilum*, An existing genus; *Affinisalinifilum*: A genus related to but distinct from the existing genus Salinifilum of neighbouring.

Affinisalinigranum

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Salinigranum*, An existing genus; *Affinisalinigranum*: A genus related to but distinct from the existing genus Salinigranum of neighbouring.

Affinisalinihabitans

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Salinihabitans*, An existing genus; *Affinisalinihabitans*: A genus related to but distinct from the existing genus Salinihabitans of neighbouring.

Affinisalinimicrobium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Salinimicrobium*, An existing genus; *Affinisalinimicrobium*: A genus related to but distinct from the existing genus Salinimicrobium of neighbouring.

Affinisalinimonas

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Salinimonas*, An existing genus; *Affinisalinimonas*: A genus related to but distinct from the existing genus Salinimonas of neighbouring.

Affinisalininema

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Salininema*, An existing genus; *Affinisalininema*: A genus related to but distinct from the existing genus Salininema of neighbouring.

Affinisaliniradius

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Saliniradius*, An existing genus; *Affinisaliniradius*: A genus related to but distinct from the existing genus Saliniradius of neighbouring.

Affinisalinirepens

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Salinirepens*, An existing genus; *Affinisalinirepens*: A genus related to but distinct from the existing genus Salinirepens of neighbouring.

Affinisalinirubellus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Salinirubellus*, An existing genus; *Affinisalinirubellus*: A genus related to but distinct from the existing genus Salinirubellus of neighbouring.

Affinisalinirussus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Salinirussus*, An existing genus; *Affinisalinirussus*: A genus related to but distinct from the existing genus Salinirussus of neighbouring.

Affinisalinisphaera

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Salinisphaera*, An existing genus; *Affinisalinisphaera*: A genus related to but distinct from the existing genus Salinisphaera of neighbouring.

Affinisalinispira

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Salinispira*, An existing genus; *Affinisalinispira*: A genus related to but distinct from the existing genus Salinispira of neighbouring.

Affinisalinispirillum

L. masc. adjective *affinis*, neighbouring; L. neut. dim. n. *Salinispirillum*, An existing genus; *Affinisalinispirillum*: A genus related to but distinct from the existing genus Salinispirillum of neighbouring.

Affinisalinispora

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Salinispora*, An existing genus; *Affinisalinispora*: A genus related to but distinct from the existing genus Salinispora of neighbouring.

Affinisalinithrix

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Salinithrix*, An existing genus; *Affinisalinithrix*: A genus related to but distinct from the existing genus Salinithrix of neighbouring.

Affinisalinivenus

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Salinivenus*, An existing genus; *Affinisalinivenus*: A genus related to but distinct from the existing genus Salinivenus of neighbouring.

Affinisalinivibrio

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Salinivibrio*, An existing genus; *Affinisalinivibrio*: A genus related to but distinct from the existing genus Salinivibrio of neighbouring.

Affinisalinivirga

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Salinivirga*, An existing genus; *Affinisalinivirga*: A genus related to but distinct from the existing genus Salinivirga of neighbouring.

Affinisalinovum

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Salinovum*, An existing genus; *Affinisalinovum*: A genus related to but distinct from the existing genus Salinovum of neighbouring.

Affinisaliphagus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Saliphagus*, An existing genus; *Affinisaliphagus*: A genus related to but distinct from the existing genus Saliphagus of neighbouring.

Affinisalipiger

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Salipiger*, An existing genus; *Affinisalipiger*: A genus related to but distinct from the existing genus Salipiger of neighbouring.

Affinisalisaeta

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Salisaeta*, An existing genus; *Affinisalisaeta*: A genus related to but distinct from the existing genus Salisaeta of neighbouring.

Affinisalisediminibacterium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Salisediminibacterium*, An existing genus; *Affinisalisediminibacterium*: A genus related to but distinct from the existing genus Salisediminibacterium of neighbouring.

Affinisaliterribacillus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Saliterribacillus*, An existing genus; *Affinisaliterribacillus*: A genus related to but distinct from the existing genus Saliterribacillus of neighbouring.

Affinisalmonella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Salmonella*, An existing genus; *Affinisalmonella*: A genus related to but distinct from the existing genus Salmonella of neighbouring.

Affinisalsuginibacillus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Salsuginibacillus*, An existing genus; *Affinisalsuginibacillus*: A genus related to but distinct from the existing genus Salsuginibacillus of neighbouring.

Affinisalsuginimonas

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Salsuginimonas*, An existing genus; *Affinisalsuginimonas*: A genus related to but distinct from the existing genus Salsuginimonas of neighbouring.

Affinisamsonia

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Samsonia*, An existing genus; *Affinisamsonia*: A genus related to but distinct from the existing genus Samsonia of neighbouring.

Affinisandaracinobacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Sandaracinobacter*, An existing genus; *Affinisandaracinobacter*: A genus related to but distinct from the existing genus Sandaracinobacter of neighbouring.

Affinisandaracinomonas

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Sandaracinomonas*, An existing genus; *Affinisandaracinomonas*: A genus related to but distinct from the existing genus Sandaracinomonas of neighbouring.

Affinisandaracinus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Sandaracinus*, An existing genus; *Affinisandaracinus*: A genus related to but distinct from the existing genus Sandaracinus of neighbouring.

Affinisandarakinorhabdus

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Sandarakinorhabdus*, An existing genus; *Affinisandarakinorhabdus*: A genus related to but distinct from the existing genus Sandarakinorhabdus of neighbouring.

Affinisandarakinotalea

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Sandarakinotalea*, An existing genus; *Affinisandarakinotalea*: A genus related to but distinct from the existing genus Sandarakinotalea of neighbouring.

Affinisansalvadorimonas

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Sansalvadorimonas*, An existing genus; *Affinisansalvadorimonas*: A genus related to but distinct from the existing genus Sansalvadorimonas of neighbouring.

Affinisaonia

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Saonia*, An existing genus; *Affinisaonia*: A genus related to but distinct from the existing genus Saonia of neighbouring.

Affinisaprospira

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Saprospira*, An existing genus; *Affinisaprospira*: A genus related to but distinct from the existing genus Saprospira of neighbouring.

Affinisarcina

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Sarcina*, An existing genus; *Affinisarcina*: A genus related to but distinct from the existing genus Sarcina of neighbouring.

Affinisarcobium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Sarcobium*, An existing genus; *Affinisarcobium*: A genus related to but distinct from the existing genus Sarcobium of neighbouring.

Affinisavagea

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Savagea*, An existing genus; *Affinisavagea*: A genus related to but distinct from the existing genus Savagea of neighbouring.

Affinisaxeibacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Saxeibacter*, An existing genus; *Affinisaxeibacter*: A genus related to but distinct from the existing genus Saxeibacter of neighbouring.

Affiniscandinavium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Scandinavium*, An existing genus; *Affiniscandinavium*: A genus related to but distinct from the existing genus Scandinavium of neighbouring.

Affiniscardovia

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Scardovia*, An existing genus; *Affiniscardovia*: A genus related to but distinct from the existing genus Scardovia of neighbouring.

Affinischaalia

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Schaalia*, An existing genus; *Affinischaalia*: A genus related to but distinct from the existing genus Schaalia of neighbouring.

Affinischaedlerella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Schaedlerella*, An existing genus; *Affinischaedlerella*: A genus related to but distinct from the existing genus Schaedlerella of neighbouring.

Affinischineria

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Schineria*, An existing genus; *Affinischineria*: A genus related to but distinct from the existing genus Schineria of neighbouring.

Affinischlegelella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Schlegelella*, An existing genus; *Affinischlegelella*: A genus related to but distinct from the existing genus Schlegelella of neighbouring.

Affinischleiferella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Schleiferella*, An existing genus; *Affinischleiferella*: A genus related to but distinct from the existing genus Schleiferella of neighbouring.

Affinischleiferia

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Schleiferia*, An existing genus; *Affinischleiferia*: A genus related to but distinct from the existing genus Schleiferia of neighbouring.

Affinischleiferilactobacillus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Schleiferilactobacillus*, An existing genus; *Affinischleiferilactobacillus*: A genus related to but distinct from the existing genus Schleiferilactobacillus of neighbouring.

Affinischlesneria

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Schlesneria*, An existing genus; *Affinischlesneria*: A genus related to but distinct from the existing genus Schlesneria of neighbouring.

Affinischnuerera

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Schnuerera*, An existing genus; *Affinischnuerera*: A genus related to but distinct from the existing genus Schnuerera of neighbouring.

Affinischumannella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Schumannella*, An existing genus; *Affinischumannella*: A genus related to but distinct from the existing genus Schumannella of neighbouring.

Affinischwartzia

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Schwartzia*, An existing genus; *Affinischwartzia*: A genus related to but distinct from the existing genus Schwartzia of neighbouring.

Affinisciscionella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Sciscionella*, An existing genus; *Affinisciscionella*: A genus related to but distinct from the existing genus Sciscionella of neighbouring.

Affiniscopulibacillus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Scopulibacillus*, An existing genus; *Affiniscopulibacillus*: A genus related to but distinct from the existing genus Scopulibacillus of neighbouring.

Affiniscytolyngbya

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Scytolyngbya*, An existing genus; *Affiniscytolyngbya*: A genus related to but distinct from the existing genus Scytolyngbya of neighbouring.

Affinisebaldella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Sebaldella*, An existing genus; *Affinisebaldella*: A genus related to but distinct from the existing genus Sebaldella of neighbouring.

Affinisecundilactobacillus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Secundilactobacillus*, An existing genus; *Affinisecundilactobacillus*: A genus related to but distinct from the existing genus Secundilactobacillus of neighbouring.

Affinisedimentibacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Sedimentibacter*, An existing genus; *Affinisedimentibacter*: A genus related to but distinct from the existing genus Sedimentibacter of neighbouring.

Affinisedimenticola

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Sedimenticola*, An existing genus; *Affinisedimenticola*: A genus related to but distinct from the existing genus Sedimenticola of neighbouring.

Affinisedimentisphaera

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Sedimentisphaera*, An existing genus; *Affinisedimentisphaera*: A genus related to but distinct from the existing genus Sedimentisphaera of neighbouring.

Affinisedimentitalea

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Sedimentitalea*, An existing genus; *Affinisedimentitalea*: A genus related to but distinct from the existing genus Sedimentitalea of neighbouring.

Affinisediminibacillus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Sediminibacillus*, An existing genus; *Affinisediminibacillus*: A genus related to but distinct from the existing genus Sediminibacillus of neighbouring.

Affinisediminibacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Sediminibacter*, An existing genus; *Affinisediminibacter*: A genus related to but distinct from the existing genus Sediminibacter of neighbouring.

Affinisediminibacterium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Sediminibacterium*, An existing genus; *Affinisediminibacterium*: A genus related to but distinct from the existing genus Sediminibacterium of neighbouring.

Affinisediminicoccus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Sediminicoccus*, An existing genus; *Affinisediminicoccus*: A genus related to but distinct from the existing genus Sediminicoccus of neighbouring.

Affinisediminicola

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Sediminicola*, An existing genus; *Affinisediminicola*: A genus related to but distinct from the existing genus Sediminicola of neighbouring.

Affinisediminihabitans

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Sediminihabitans*, An existing genus; *Affinisediminihabitans*: A genus related to but distinct from the existing genus Sediminihabitans of neighbouring.

Affinisediminimonas

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Sediminimonas*, An existing genus; *Affinisediminimonas*: A genus related to but distinct from the existing genus Sediminimonas of neighbouring.

Affinisediminispirochaeta

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Sediminispirochaeta*, An existing genus; *Affinisediminispirochaeta*: A genus related to but distinct from the existing genus Sediminispirochaeta of neighbouring.

Affinisediminitomix

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Sediminitomix*, An existing genus; *Affinisediminitomix*: A genus related to but distinct from the existing genus Sediminitomix of neighbouring.

Affinisediminivirga

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Sediminivirga*, An existing genus; *Affinisediminivirga*: A genus related to but distinct from the existing genus Sediminivirga of neighbouring.

Affinisegeticoccus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Segeticoccus*, An existing genus; *Affinisegeticoccus*: A genus related to but distinct from the existing genus Segeticoccus of neighbouring.

Affinisegniliparus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Segniliparus*, An existing genus; *Affinisegniliparus*: A genus related to but distinct from the existing genus Segniliparus of neighbouring.

Affinisegnochrobactrum

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Segnochrobactrum*, An existing genus; *Affinisegnochrobactrum*: A genus related to but distinct from the existing genus Segnochrobactrum of neighbouring.

Affiniseinonella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Seinonella*, An existing genus; *Affiniseinonella*: A genus related to but distinct from the existing genus Seinonella of neighbouring.

Affinisejongia

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Sejongia*, An existing genus; *Affinisejongia*: A genus related to but distinct from the existing genus Sejongia of neighbouring.

Affiniselenihalanaerobacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Selenihalanaerobacter*, An existing genus; *Affiniselenihalanaerobacter*: A genus related to but distinct from the existing genus Selenihalanaerobacter of neighbouring.

Affiniseleniivibrio

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Seleniivibrio*, An existing genus; *Affiniseleniivibrio*: A genus related to but distinct from the existing genus Seleniivibrio of neighbouring.

Affiniselenomonas

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Selenomonas*, An existing genus; *Affiniselenomonas*: A genus related to but distinct from the existing genus Selenomonas of neighbouring.

Affiniseliberia

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Seliberia*, An existing genus; *Affiniseliberia*: A genus related to but distinct from the existing genus Seliberia of neighbouring.

Affinisellimonas

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Sellimonas*, An existing genus; *Affinisellimonas*: A genus related to but distinct from the existing genus Sellimonas of neighbouring.

Affinisenegalimassilia

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Senegalimassilia*, An existing genus; *Affinisenegalimassilia*: A genus related to but distinct from the existing genus Senegalimassilia of neighbouring.

Affiniseohaeicola

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Seohaeicola*, An existing genus; *Affiniseohaeicola*: A genus related to but distinct from the existing genus Seohaeicola of neighbouring.

Affiniseonamhaeicola

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Seonamhaeicola*, An existing genus; *Affiniseonamhaeicola*: A genus related to but distinct from the existing genus Seonamhaeicola of neighbouring.

Affiniseongchinamella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Seongchinamella*, An existing genus; *Affiniseongchinamella*: A genus related to but distinct from the existing genus Seongchinamella of neighbouring.

Affiniserinibacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Serinibacter*, An existing genus; *Affiniserinibacter*: A genus related to but distinct from the existing genus Serinibacter of neighbouring.

Affiniserinicoccus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Serinicoccus*, An existing genus; *Affiniserinicoccus*: A genus related to but distinct from the existing genus Serinicoccus of neighbouring.

Affiniserpentinicella

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Serpentinicella*, An existing genus; *Affiniserpentinicella*: A genus related to but distinct from the existing genus Serpentinicella of neighbouring.

Affiniserpulina

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Serpulina*, An existing genus; *Affiniserpulina*: A genus related to but distinct from the existing genus Serpulina of neighbouring.

Affiniserratia

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Serratia*, An existing genus; *Affiniserratia*: A genus related to but distinct from the existing genus Serratia of neighbouring.

Affinishackletoniella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Shackletoniella*, An existing genus; *Affinishackletoniella*: A genus related to but distinct from the existing genus Shackletoniella of neighbouring.

Affinisharpea

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Sharpea*, An existing genus; *Affinisharpea*: A genus related to but distinct from the existing genus Sharpea of neighbouring.

Affinishewanella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Shewanella*, An existing genus; *Affinishewanella*: A genus related to but distinct from the existing genus Shewanella of neighbouring.

Affinishigella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Shigella*, An existing genus; *Affinishigella*: A genus related to but distinct from the existing genus Shigella of neighbouring.

Affinishimazuella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Shimazuella*, An existing genus; *Affinishimazuella*: A genus related to but distinct from the existing genus Shimazuella of neighbouring.

Affinishimia

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Shimia*, An existing genus; *Affinishimia*: A genus related to but distinct from the existing genus Shimia of neighbouring.

Affinishimwellia

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Shimwellia*, An existing genus; *Affinishimwellia*: A genus related to but distinct from the existing genus Shimwellia of neighbouring.

Affinishinella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Shinella*, An existing genus; *Affinishinella*: A genus related to but distinct from the existing genus Shinella of neighbouring.

Affinishivajiella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Shivajiella*, An existing genus; *Affinishivajiella*: A genus related to but distinct from the existing genus Shivajiella of neighbouring.

Affinishuttleworthia

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Shuttleworthia*, An existing genus; *Affinishuttleworthia*: A genus related to but distinct from the existing genus Shuttleworthia of neighbouring.

Affinisiccirubricoccus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Siccirubricoccus*, An existing genus; *Affinisiccirubricoccus*: A genus related to but distinct from the existing genus Siccirubricoccus of neighbouring.

Affinisilanimonas

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Silanimonas*, An existing genus; *Affinisilanimonas*: A genus related to but distinct from the existing genus Silanimonas of neighbouring.

Affinisilicibacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Silicibacter*, An existing genus; *Affinisilicibacter*: A genus related to but distinct from the existing genus Silicibacter of neighbouring.

Affinisilicimonas

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Silicimonas*, An existing genus; *Affinisilicimonas*: A genus related to but distinct from the existing genus Silicimonas of neighbouring.

Affinisilvanigrella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Silvanigrella*, An existing genus; *Affinisilvanigrella*: A genus related to but distinct from the existing genus Silvanigrella of neighbouring.

Affinisilvibacterium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Silvibacterium*, An existing genus; *Affinisilvibacterium*: A genus related to but distinct from the existing genus Silvibacterium of neighbouring.

Affinisilvimonas

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Silvimonas*, An existing genus; *Affinisilvimonas*: A genus related to but distinct from the existing genus Silvimonas of neighbouring.

Affinisimiduia

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Simiduia*, An existing genus; *Affinisimiduia*: A genus related to but distinct from the existing genus Simiduia of neighbouring.

Affinisimkania

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Simkania*, An existing genus; *Affinisimkania*: A genus related to but distinct from the existing genus Simkania of neighbouring.

Affinisimonsiella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Simonsiella*, An existing genus; *Affinisimonsiella*: A genus related to but distinct from the existing genus Simonsiella of neighbouring.

Affinisimplicispira

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Simplicispira*, An existing genus; *Affinisimplicispira*: A genus related to but distinct from the existing genus Simplicispira of neighbouring.

Affinisimulacricoccus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Simulacricoccus*, An existing genus; *Affinisimulacricoccus*: A genus related to but distinct from the existing genus Simulacricoccus of neighbouring.

Affinisingularimonas

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Singularimonas*, An existing genus; *Affinisingularimonas*: A genus related to but distinct from the existing genus Singularimonas of neighbouring.

Affinisingulisphaera

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Singulisphaera*, An existing genus; *Affinisingulisphaera*: A genus related to but distinct from the existing genus Singulisphaera of neighbouring.

Affinisinibacillus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Sinibacillus*, An existing genus; *Affinisinibacillus*: A genus related to but distinct from the existing genus Sinibacillus of neighbouring.

Affinisinimarinibacterium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Sinimarinibacterium*, An existing genus; *Affinisinimarinibacterium*: A genus related to but distinct from the existing genus Sinimarinibacterium of neighbouring.

Affinisinobaca

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Sinobaca*, An existing genus; *Affinisinobaca*: A genus related to but distinct from the existing genus Sinobaca of neighbouring.

Affinisinobacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Sinobacter*, An existing genus; *Affinisinobacter*: A genus related to but distinct from the existing genus Sinobacter of neighbouring.

Affinisinobacterium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Sinobacterium*, An existing genus; *Affinisinobacterium*: A genus related to but distinct from the existing genus Sinobacterium of neighbouring.

Affinisinococcus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Sinococcus*, An existing genus; *Affinisinococcus*: A genus related to but distinct from the existing genus Sinococcus of neighbouring.

Affinisinomicrobium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Sinomicrobium*, An existing genus; *Affinisinomicrobium*: A genus related to but distinct from the existing genus Sinomicrobium of neighbouring.

Affinisinorhizobium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Sinorhizobium*, An existing genus; *Affinisinorhizobium*: A genus related to but distinct from the existing genus Sinorhizobium of neighbouring.

Affinisinosporangium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Sinosporangium*, An existing genus; *Affinisinosporangium*: A genus related to but distinct from the existing genus Sinosporangium of neighbouring.

Affinisiphonobacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Siphonobacter*, An existing genus; *Affinisiphonobacter*: A genus related to but distinct from the existing genus Siphonobacter of neighbouring.

Affiniskermanella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Skermanella*, An existing genus; *Affiniskermanella*: A genus related to but distinct from the existing genus Skermanella of neighbouring.

Affiniskermania

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Skermania*, An existing genus; *Affiniskermania*: A genus related to but distinct from the existing genus Skermania of neighbouring.

Affinislackia

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Slackia*, An existing genus; *Affinislackia*: A genus related to but distinct from the existing genus Slackia of neighbouring.

Affinismaragdicoccus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Smaragdicoccus*, An existing genus; *Affinismaragdicoccus*: A genus related to but distinct from the existing genus Smaragdicoccus of neighbouring.

Affinismithella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Smithella*, An existing genus; *Affinismithella*: A genus related to but distinct from the existing genus Smithella of neighbouring.

Affinisneathia

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Sneathia*, An existing genus; *Affinisneathia*: A genus related to but distinct from the existing genus Sneathia of neighbouring.

Affinisneathiella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Sneathiella*, An existing genus; *Affinisneathiella*: A genus related to but distinct from the existing genus Sneathiella of neighbouring.

Affinisnodgrassella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Snodgrassella*, An existing genus; *Affinisnodgrassella*: A genus related to but distinct from the existing genus Snodgrassella of neighbouring.

Affinisnuella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Snuella*, An existing genus; *Affinisnuella*: A genus related to but distinct from the existing genus Snuella of neighbouring.

Affinisodaleptolyngbya

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Sodaleptolyngbya*, An existing genus; *Affinisodaleptolyngbya*: A genus related to but distinct from the existing genus Sodaleptolyngbya of neighbouring.

Affinisodalinema

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Sodalinema*, An existing genus; *Affinisodalinema*: A genus related to but distinct from the existing genus Sodalinema of neighbouring.

Affinisoehngenia

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Soehngenia*, An existing genus; *Affinisoehngenia*: A genus related to but distinct from the existing genus Soehngenia of neighbouring.

Affinisolentia

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Solentia*, An existing genus; *Affinisolentia*: A genus related to but distinct from the existing genus Solentia of neighbouring.

Affinisolibacillus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Solibacillus*, An existing genus; *Affinisolibacillus*: A genus related to but distinct from the existing genus Solibacillus of neighbouring.

Affinisolimicrobium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Solimicrobium*, An existing genus; *Affinisolimicrobium*: A genus related to but distinct from the existing genus Solimicrobium of neighbouring.

Affinisolirhodobacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Solirhodobacter*, An existing genus; *Affinisolirhodobacter*: A genus related to but distinct from the existing genus Solirhodobacter of neighbouring.

Affinisolirubrobacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Solirubrobacter*, An existing genus; *Affinisolirubrobacter*: A genus related to but distinct from the existing genus Solirubrobacter of neighbouring.

Affinisolitalea

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Solitalea*, An existing genus; *Affinisolitalea*: A genus related to but distinct from the existing genus Solitalea of neighbouring.

Affinisolobacterium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Solobacterium*, An existing genus; *Affinisolobacterium*: A genus related to but distinct from the existing genus Solobacterium of neighbouring.

Affinisoonwooa

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Soonwooa*, An existing genus; *Affinisoonwooa*: A genus related to but distinct from the existing genus Soonwooa of neighbouring.

Affinisoortia

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Soortia*, An existing genus; *Affinisoortia*: A genus related to but distinct from the existing genus Soortia of neighbouring.

Affinisorangium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Sorangium*, An existing genus; *Affinisorangium*: A genus related to but distinct from the existing genus Sorangium of neighbouring.

Affinispecibacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Specibacter*, An existing genus; *Affinispecibacter*: A genus related to but distinct from the existing genus Specibacter of neighbouring.

Affinispelaeicoccus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Spelaeicoccus*, An existing genus; *Affinispelaeicoccus*: A genus related to but distinct from the existing genus Spelaeicoccus of neighbouring.

Affinispelaeonaias

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Spelaeonaias*, An existing genus; *Affinispelaeonaias*: A genus related to but distinct from the existing genus Spelaeonaias of neighbouring.

Affinisphaerimonospora

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Sphaerimonospora*, An existing genus; *Affinisphaerimonospora*: A genus related to but distinct from the existing genus Sphaerimonospora of neighbouring.

Affinisphaerisporangium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Sphaerisporangium*, An existing genus; *Affinisphaerisporangium*: A genus related to but distinct from the existing genus Sphaerisporangium of neighbouring.

Affinisphaerobacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Sphaerobacter*, An existing genus; *Affinisphaerobacter*: A genus related to but distinct from the existing genus Sphaerobacter of neighbouring.

Affinisphaerocavum

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Sphaerocavum*, An existing genus; *Affinisphaerocavum*: A genus related to but distinct from the existing genus Sphaerocavum of neighbouring.

Affinisphaerochaeta

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Sphaerochaeta*, An existing genus; *Affinisphaerochaeta*: A genus related to but distinct from the existing genus Sphaerochaeta of neighbouring.

Affinisphaerotilus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Sphaerotilus*, An existing genus; *Affinisphaerotilus*: A genus related to but distinct from the existing genus Sphaerotilus of neighbouring.

Affinisphingoaurantiacus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Sphingoaurantiacus*, An existing genus; *Affinisphingoaurantiacus*: A genus related to but distinct from the existing genus Sphingoaurantiacus of neighbouring.

Affinisphingobacterium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Sphingobacterium*, An existing genus; *Affinisphingobacterium*: A genus related to but distinct from the existing genus Sphingobacterium of neighbouring.

Affinisphingobium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Sphingobium*, An existing genus; *Affinisphingobium*: A genus related to but distinct from the existing genus Sphingobium of neighbouring.

Affinisphingomicrobium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Sphingomicrobium*, An existing genus; *Affinisphingomicrobium*: A genus related to but distinct from the existing genus Sphingomicrobium of neighbouring.

Affinisphingomonas

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Sphingomonas*, An existing genus; *Affinisphingomonas*: A genus related to but distinct from the existing genus Sphingomonas of neighbouring.

Affinisphingopyxis

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Sphingopyxis*, An existing genus; *Affinisphingopyxis*: A genus related to but distinct from the existing genus Sphingopyxis of neighbouring.

Affinisphingorhabdus

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Sphingorhabdus*, An existing genus; *Affinisphingorhabdus*: A genus related to but distinct from the existing genus Sphingorhabdus of neighbouring.

Affinisphingosinicella

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Sphingosinicella*, An existing genus; *Affinisphingosinicella*: A genus related to but distinct from the existing genus Sphingosinicella of neighbouring.

Affinisphingosinithalassobacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Sphingosinithalassobacter*, An existing genus; *Affinisphingosinithalassobacter*: A genus related to but distinct from the existing genus Sphingosinithalassobacter of neighbouring.

Affinispinactinospora

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Spinactinospora*, An existing genus; *Affinispinactinospora*: A genus related to but distinct from the existing genus Spinactinospora of neighbouring.

Affinispirilliplanes

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Spirilliplanes*, An existing genus; *Affinispirilliplanes*: A genus related to but distinct from the existing genus Spirilliplanes of neighbouring.

Affinispirillospora

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Spirillospora*, An existing genus; *Affinispirillospora*: A genus related to but distinct from the existing genus Spirillospora of neighbouring.

Affinispirochaeta

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Spirochaeta*, An existing genus; *Affinispirochaeta*: A genus related to but distinct from the existing genus Spirochaeta of neighbouring.

Affinispiroplasma

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Spiroplasma*, An existing genus; *Affinispiroplasma*: A genus related to but distinct from the existing genus Spiroplasma of neighbouring.

Affinispirosoma

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Spirosoma*, An existing genus; *Affinispirosoma*: A genus related to but distinct from the existing genus Spirosoma of neighbouring.

Affinispodiobacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Spodiobacter*, An existing genus; *Affinispodiobacter*: A genus related to but distinct from the existing genus Spodiobacter of neighbouring.

Affinispongiactinospora

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Spongiactinospora*, An existing genus; *Affinispongiactinospora*: A genus related to but distinct from the existing genus Spongiactinospora of neighbouring.

Affinispongiibacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Spongiibacter*, An existing genus; *Affinispongiibacter*: A genus related to but distinct from the existing genus Spongiibacter of neighbouring.

Affinispongiibacterium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Spongiibacterium*, An existing genus; *Affinispongiibacterium*: A genus related to but distinct from the existing genus Spongiibacterium of neighbouring.

Affinispongiiferula

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Spongiiferula*, An existing genus; *Affinispongiiferula*: A genus related to but distinct from the existing genus Spongiiferula of neighbouring.

Affinispongiimicrobium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Spongiimicrobium*, An existing genus; *Affinispongiimicrobium*: A genus related to but distinct from the existing genus Spongiimicrobium of neighbouring.

Affinispongiimonas

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Spongiimonas*, An existing genus; *Affinispongiimonas*: A genus related to but distinct from the existing genus Spongiimonas of neighbouring.

Affinispongiispira

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Spongiispira*, An existing genus; *Affinispongiispira*: A genus related to but distinct from the existing genus Spongiispira of neighbouring.

Affinispongiivirga

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Spongiivirga*, An existing genus; *Affinispongiivirga*: A genus related to but distinct from the existing genus Spongiivirga of neighbouring.

Affinispongitalea

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Spongitalea*, An existing genus; *Affinispongitalea*: A genus related to but distinct from the existing genus Spongitalea of neighbouring.

Affinisporacetigenium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Sporacetigenium*, An existing genus; *Affinisporacetigenium*: A genus related to but distinct from the existing genus Sporacetigenium of neighbouring.

Affinisporanaerobacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Sporanaerobacter*, An existing genus; *Affinisporanaerobacter*: A genus related to but distinct from the existing genus Sporanaerobacter of neighbouring.

Affinisporichthya

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Sporichthya*, An existing genus; *Affinisporichthya*: A genus related to but distinct from the existing genus Sporichthya of neighbouring.

Affinisporobacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Sporobacter*, An existing genus; *Affinisporobacter*: A genus related to but distinct from the existing genus Sporobacter of neighbouring.

Affinisporobacterium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Sporobacterium*, An existing genus; *Affinisporobacterium*: A genus related to but distinct from the existing genus Sporobacterium of neighbouring.

Affinisporocytophaga

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Sporocytophaga*, An existing genus; *Affinisporocytophaga*: A genus related to but distinct from the existing genus Sporocytophaga of neighbouring.

Affinisporohalobacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Sporohalobacter*, An existing genus; *Affinisporohalobacter*: A genus related to but distinct from the existing genus Sporohalobacter of neighbouring.

Affinisporolactobacillus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Sporolactobacillus*, An existing genus; *Affinisporolactobacillus*: A genus related to but distinct from the existing genus Sporolactobacillus of neighbouring.

Affinisporolituus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Sporolituus*, An existing genus; *Affinisporolituus*: A genus related to but distinct from the existing genus Sporolituus of neighbouring.

Affinisporosalibacterium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Sporosalibacterium*, An existing genus; *Affinisporosalibacterium*: A genus related to but distinct from the existing genus Sporosalibacterium of neighbouring.

Affinisporosarcina

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Sporosarcina*, An existing genus; *Affinisporosarcina*: A genus related to but distinct from the existing genus Sporosarcina of neighbouring.

Affinisporotalea

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Sporotalea*, An existing genus; *Affinisporotalea*: A genus related to but distinct from the existing genus Sporotalea of neighbouring.

Affinisporotomaculum

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Sporotomaculum*, An existing genus; *Affinisporotomaculum*: A genus related to but distinct from the existing genus Sporotomaculum of neighbouring.

Affinistackebrandtia

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Stackebrandtia*, An existing genus; *Affinistackebrandtia*: A genus related to but distinct from the existing genus Stackebrandtia of neighbouring.

Affinistagnimonas

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Stagnimonas*, An existing genus; *Affinistagnimonas*: A genus related to but distinct from the existing genus Stagnimonas of neighbouring.

Affinistakelama

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Stakelama*, An existing genus; *Affinistakelama*: A genus related to but distinct from the existing genus Stakelama of neighbouring.

Affinistaleya

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Staleya*, An existing genus; *Affinistaleya*: A genus related to but distinct from the existing genus Staleya of neighbouring.

Affinistanierella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Stanierella*, An existing genus; *Affinistanierella*: A genus related to but distinct from the existing genus Stanierella of neighbouring.

Affinistaphylococcus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Staphylococcus*, An existing genus; *Affinistaphylococcus*: A genus related to but distinct from the existing genus Staphylococcus of neighbouring.

Affinistaphylospora

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Staphylospora*, An existing genus; *Affinistaphylospora*: A genus related to but distinct from the existing genus Staphylospora of neighbouring.

Affinistaphylothermus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Staphylothermus*, An existing genus; *Affinistaphylothermus*: A genus related to but distinct from the existing genus Staphylothermus of neighbouring.

Affinistappia

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Stappia*, An existing genus; *Affinistappia*: A genus related to but distinct from the existing genus Stappia of neighbouring.

Affinistarkeya

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Starkeya*, An existing genus; *Affinistarkeya*: A genus related to but distinct from the existing genus Starkeya of neighbouring.

Affinistarria

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Starria*, An existing genus; *Affinistarria*: A genus related to but distinct from the existing genus Starria of neighbouring.

Affinistella

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Stella*, An existing genus; *Affinistella*: A genus related to but distinct from the existing genus Stella of neighbouring.

Affinistenothermobacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Stenothermobacter*, An existing genus; *Affinistenothermobacter*: A genus related to but distinct from the existing genus Stenothermobacter of neighbouring.

Affinistenotrophobacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Stenotrophobacter*, An existing genus; *Affinistenotrophobacter*: A genus related to but distinct from the existing genus Stenotrophobacter of neighbouring.

Affinistenotrophobium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Stenotrophobium*, An existing genus; *Affinistenotrophobium*: A genus related to but distinct from the existing genus Stenotrophobium of neighbouring.

Affinistenotrophomonas

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Stenotrophomonas*, An existing genus; *Affinistenotrophomonas*: A genus related to but distinct from the existing genus Stenotrophomonas of neighbouring.

Affinistenoxybacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Stenoxybacter*, An existing genus; *Affinistenoxybacter*: A genus related to but distinct from the existing genus Stenoxybacter of neighbouring.

Affinisteroidobacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Steroidobacter*, An existing genus; *Affinisteroidobacter*: A genus related to but distinct from the existing genus Steroidobacter of neighbouring.

Affinisterolibacterium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Sterolibacterium*, An existing genus; *Affinisterolibacterium*: A genus related to but distinct from the existing genus Sterolibacterium of neighbouring.

Affinistetteria

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Stetteria*, An existing genus; *Affinistetteria*: A genus related to but distinct from the existing genus Stetteria of neighbouring.

Affinistigmatella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Stigmatella*, An existing genus; *Affinistigmatella*: A genus related to but distinct from the existing genus Stigmatella of neighbouring.

Affinistigonema

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Stigonema*, An existing genus; *Affinistigonema*: A genus related to but distinct from the existing genus Stigonema of neighbouring.

Affinistomatobaculum

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Stomatobaculum*, An existing genus; *Affinistomatobaculum*: A genus related to but distinct from the existing genus Stomatobaculum of neighbouring.

Affinistomatococcus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Stomatococcus*, An existing genus; *Affinistomatococcus*: A genus related to but distinct from the existing genus Stomatococcus of neighbouring.

Affinistreptacidiphilus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Streptacidiphilus*, An existing genus; *Affinistreptacidiphilus*: A genus related to but distinct from the existing genus Streptacidiphilus of neighbouring.

Affinistreptobacillus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Streptobacillus*, An existing genus; *Affinistreptobacillus*: A genus related to but distinct from the existing genus Streptobacillus of neighbouring.

Affinistreptococcus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Streptococcus*, An existing genus; *Affinistreptococcus*: A genus related to but distinct from the existing genus Streptococcus of neighbouring.

Affinistreptohalobacillus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Streptohalobacillus*, An existing genus; *Affinistreptohalobacillus*: A genus related to but distinct from the existing genus Streptohalobacillus of neighbouring.

Affinistreptomonospora

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Streptomonospora*, An existing genus; *Affinistreptomonospora*: A genus related to but distinct from the existing genus Streptomonospora of neighbouring.

Affinistreptomyces

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Streptomyces*, An existing genus; *Affinistreptomyces*: A genus related to but distinct from the existing genus Streptomyces of neighbouring.

Affinistreptosporangium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Streptosporangium*, An existing genus; *Affinistreptosporangium*: A genus related to but distinct from the existing genus Streptosporangium of neighbouring.

Affinistreptoverticillium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Streptoverticillium*, An existing genus; *Affinistreptoverticillium*: A genus related to but distinct from the existing genus Streptoverticillium of neighbouring.

Affinistygiolobus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Stygiolobus*, An existing genus; *Affinistygiolobus*: A genus related to but distinct from the existing genus Stygiolobus of neighbouring.

Affinisubdoligranulum

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Subdoligranulum*, An existing genus; *Affinisubdoligranulum*: A genus related to but distinct from the existing genus Subdoligranulum of neighbouring.

Affinisubsaxibacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Subsaxibacter*, An existing genus; *Affinisubsaxibacter*: A genus related to but distinct from the existing genus Subsaxibacter of neighbouring.

Affinisubsaximicrobium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Subsaximicrobium*, An existing genus; *Affinisubsaximicrobium*: A genus related to but distinct from the existing genus Subsaximicrobium of neighbouring.

Affinisuccinatimonas

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Succinatimonas*, An existing genus; *Affinisuccinatimonas*: A genus related to but distinct from the existing genus Succinatimonas of neighbouring.

Affinisucciniclasticum

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Succiniclasticum*, An existing genus; *Affinisucciniclasticum*: A genus related to but distinct from the existing genus Succiniclasticum of neighbouring.

Affinisuccinispira

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Succinispira*, An existing genus; *Affinisuccinispira*: A genus related to but distinct from the existing genus Succinispira of neighbouring.

Affinisuccinivibrio

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Succinivibrio*, An existing genus; *Affinisuccinivibrio*: A genus related to but distinct from the existing genus Succinivibrio of neighbouring.

Affinisufflavibacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Sufflavibacter*, An existing genus; *Affinisufflavibacter*: A genus related to but distinct from the existing genus Sufflavibacter of neighbouring.

Affinisuicoccus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Suicoccus*, An existing genus; *Affinisuicoccus*: A genus related to but distinct from the existing genus Suicoccus of neighbouring.

Affinisulfitobacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Sulfitobacter*, An existing genus; *Affinisulfitobacter*: A genus related to but distinct from the existing genus Sulfitobacter of neighbouring.

Affinisulfodiicoccus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Sulfodiicoccus*, An existing genus; *Affinisulfodiicoccus*: A genus related to but distinct from the existing genus Sulfodiicoccus of neighbouring.

Affinisulfolobus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Sulfolobus*, An existing genus; *Affinisulfolobus*: A genus related to but distinct from the existing genus Sulfolobus of neighbouring.

Affinisulfophobococcus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Sulfophobococcus*, An existing genus; *Affinisulfophobococcus*: A genus related to but distinct from the existing genus Sulfophobococcus of neighbouring.

Affinisulfuracidifex

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Sulfuracidifex*, An existing genus; *Affinisulfuracidifex*: A genus related to but distinct from the existing genus Sulfuracidifex of neighbouring.

Affinisulfuricella

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Sulfuricella*, An existing genus; *Affinisulfuricella*: A genus related to but distinct from the existing genus Sulfuricella of neighbouring.

Affinisulfuricurvum

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Sulfuricurvum*, An existing genus; *Affinisulfuricurvum*: A genus related to but distinct from the existing genus Sulfuricurvum of neighbouring.

Affinisulfuriferula

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Sulfuriferula*, An existing genus; *Affinisulfuriferula*: A genus related to but distinct from the existing genus Sulfuriferula of neighbouring.

Affinisulfuriflexus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Sulfuriflexus*, An existing genus; *Affinisulfuriflexus*: A genus related to but distinct from the existing genus Sulfuriflexus of neighbouring.

Affinisulfurihydrogenibium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Sulfurihydrogenibium*, An existing genus; *Affinisulfurihydrogenibium*: A genus related to but distinct from the existing genus Sulfurihydrogenibium of neighbouring.

Affinisulfurisphaera

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Sulfurisphaera*, An existing genus; *Affinisulfurisphaera*: A genus related to but distinct from the existing genus Sulfurisphaera of neighbouring.

Affinisulfuritortus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Sulfuritortus*, An existing genus; *Affinisulfuritortus*: A genus related to but distinct from the existing genus Sulfuritortus of neighbouring.

Affinisulfurococcus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Sulfurococcus*, An existing genus; *Affinisulfurococcus*: A genus related to but distinct from the existing genus Sulfurococcus of neighbouring.

Affinisulfurospirillum

L. masc. adjective *affinis*, neighbouring; L. neut. dim. n. *Sulfurospirillum*, An existing genus; *Affinisulfurospirillum*: A genus related to but distinct from the existing genus Sulfurospirillum of neighbouring.

Affinisulfurovum

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Sulfurovum*, An existing genus; *Affinisulfurovum*: A genus related to but distinct from the existing genus Sulfurovum of neighbouring.

Affinisungkyunkwania

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Sungkyunkwania*, An existing genus; *Affinisungkyunkwania*: A genus related to but distinct from the existing genus Sungkyunkwania of neighbouring.

Affinisunxiuqinia

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Sunxiuqinia*, An existing genus; *Affinisunxiuqinia*: A genus related to but distinct from the existing genus Sunxiuqinia of neighbouring.

Affinisuperficieibacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Superficieibacter*, An existing genus; *Affinisuperficieibacter*: A genus related to but distinct from the existing genus Superficieibacter of neighbouring.

Affinisutterella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Sutterella*, An existing genus; *Affinisutterella*: A genus related to but distinct from the existing genus Sutterella of neighbouring.

Affinisuttonella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Suttonella*, An existing genus; *Affinisuttonella*: A genus related to but distinct from the existing genus Suttonella of neighbouring.

Affiniswaminathania

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Swaminathania*, An existing genus; *Affiniswaminathania*: A genus related to but distinct from the existing genus Swaminathania of neighbouring.

Affiniswingsia

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Swingsia*, An existing genus; *Affiniswingsia*: A genus related to but distinct from the existing genus Swingsia of neighbouring.

Affiniswionibacillus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Swionibacillus*, An existing genus; *Affiniswionibacillus*: A genus related to but distinct from the existing genus Swionibacillus of neighbouring.

Affinisymbiobacterium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Symbiobacterium*, An existing genus; *Affinisymbiobacterium*: A genus related to but distinct from the existing genus Symbiobacterium of neighbouring.

Affinisymbiotes

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Symbiotes*, An existing genus; *Affinisymbiotes*: A genus related to but distinct from the existing genus Symbiotes of neighbouring.

Affinisynechocystis

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Synechocystis*, An existing genus; *Affinisynechocystis*: A genus related to but distinct from the existing genus Synechocystis of neighbouring.

Affinisynergistes

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Synergistes*, An existing genus; *Affinisynergistes*: A genus related to but distinct from the existing genus Synergistes of neighbouring.

Affinisyntrophaceticus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Syntrophaceticus*, An existing genus; *Affinisyntrophaceticus*: A genus related to but distinct from the existing genus Syntrophaceticus of neighbouring.

Affinisyntrophobacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Syntrophobacter*, An existing genus; *Affinisyntrophobacter*: A genus related to but distinct from the existing genus Syntrophobacter of neighbouring.

Affinisyntrophobotulus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Syntrophobotulus*, An existing genus; *Affinisyntrophobotulus*: A genus related to but distinct from the existing genus Syntrophobotulus of neighbouring.

Affinisyntrophococcus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Syntrophococcus*, An existing genus; *Affinisyntrophococcus*: A genus related to but distinct from the existing genus Syntrophococcus of neighbouring.

Affinisyntrophomonas

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Syntrophomonas*, An existing genus; *Affinisyntrophomonas*: A genus related to but distinct from the existing genus Syntrophomonas of neighbouring.

Affinisyntrophorhabdus

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Syntrophorhabdus*, An existing genus; *Affinisyntrophorhabdus*: A genus related to but distinct from the existing genus Syntrophorhabdus of neighbouring.

Affinisyntrophospora

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Syntrophospora*, An existing genus; *Affinisyntrophospora*: A genus related to but distinct from the existing genus Syntrophospora of neighbouring.

Affinisyntrophothermus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Syntrophothermus*, An existing genus; *Affinisyntrophothermus*: A genus related to but distinct from the existing genus Syntrophothermus of neighbouring.

Affinisyntrophus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Syntrophus*, An existing genus; *Affinisyntrophus*: A genus related to but distinct from the existing genus Syntrophus of neighbouring.

Affinitabrizicola

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Tabrizicola*, An existing genus; *Affinitabrizicola*: A genus related to but distinct from the existing genus Tabrizicola of neighbouring.

Affinitaeania

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Taeania*, An existing genus; *Affinitaeania*: A genus related to but distinct from the existing genus Taeania of neighbouring.

Affinitaeseokella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Taeseokella*, An existing genus; *Affinitaeseokella*: A genus related to but distinct from the existing genus Taeseokella of neighbouring.

Affinitagaea

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Tagaea*, An existing genus; *Affinitagaea*: A genus related to but distinct from the existing genus Tagaea of neighbouring.

Affinitahibacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Tahibacter*, An existing genus; *Affinitahibacter*: A genus related to but distinct from the existing genus Tahibacter of neighbouring.

Affinitaibaiella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Taibaiella*, An existing genus; *Affinitaibaiella*: A genus related to but distinct from the existing genus Taibaiella of neighbouring.

Affinitamaricihabitans

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Tamaricihabitans*, An existing genus; *Affinitamaricihabitans*: A genus related to but distinct from the existing genus Tamaricihabitans of neighbouring.

Affinitamilnaduibacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Tamilnaduibacter*, An existing genus; *Affinitamilnaduibacter*: A genus related to but distinct from the existing genus Tamilnaduibacter of neighbouring.

Affinitamlana

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Tamlana*, An existing genus; *Affinitamlana*: A genus related to but distinct from the existing genus Tamlana of neighbouring.

Affinitamlicoccus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Tamlicoccus*, An existing genus; *Affinitamlicoccus*: A genus related to but distinct from the existing genus Tamlicoccus of neighbouring.

Affinitangfeifania

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Tangfeifania*, An existing genus; *Affinitangfeifania*: A genus related to but distinct from the existing genus Tangfeifania of neighbouring.

Affinitannerella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Tannerella*, An existing genus; *Affinitannerella*: A genus related to but distinct from the existing genus Tannerella of neighbouring.

Affinitanticharoenia

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Tanticharoenia*, An existing genus; *Affinitanticharoenia*: A genus related to but distinct from the existing genus Tanticharoenia of neighbouring.

Affinitaonella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Taonella*, An existing genus; *Affinitaonella*: A genus related to but distinct from the existing genus Taonella of neighbouring.

Affinitapinothrix

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Tapinothrix*, An existing genus; *Affinitapinothrix*: A genus related to but distinct from the existing genus Tapinothrix of neighbouring.

Affinitardiphaga

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Tardiphaga*, An existing genus; *Affinitardiphaga*: A genus related to but distinct from the existing genus Tardiphaga of neighbouring.

Affinitateyamaria

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Tateyamaria*, An existing genus; *Affinitateyamaria*: A genus related to but distinct from the existing genus Tateyamaria of neighbouring.

Affinitatlockia

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Tatlockia*, An existing genus; *Affinitatlockia*: A genus related to but distinct from the existing genus Tatlockia of neighbouring.

Affinitatumella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Tatumella*, An existing genus; *Affinitatumella*: A genus related to but distinct from the existing genus Tatumella of neighbouring.

Affinitautonia

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Tautonia*, An existing genus; *Affinitautonia*: A genus related to but distinct from the existing genus Tautonia of neighbouring.

Affinitaxeobacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Taxeobacter*, An existing genus; *Affinitaxeobacter*: A genus related to but distinct from the existing genus Taxeobacter of neighbouring.

Affinitaylorella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Taylorella*, An existing genus; *Affinitaylorella*: A genus related to but distinct from the existing genus Taylorella of neighbouring.

Affinitectibacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Tectibacter*, An existing genus; *Affinitectibacter*: A genus related to but distinct from the existing genus Tectibacter of neighbouring.

Affiniteichococcus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Teichococcus*, An existing genus; *Affiniteichococcus*: A genus related to but distinct from the existing genus Teichococcus of neighbouring.

Affinitelluria

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Telluria*, An existing genus; *Affinitelluria*: A genus related to but distinct from the existing genus Telluria of neighbouring.

Affinitellurimicrobium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Tellurimicrobium*, An existing genus; *Affinitellurimicrobium*: A genus related to but distinct from the existing genus Tellurimicrobium of neighbouring.

Affinitellurirhabdus

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Tellurirhabdus*, An existing genus; *Affinitellurirhabdus*: A genus related to but distinct from the existing genus Tellurirhabdus of neighbouring.

Affinitelmatobacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Telmatobacter*, An existing genus; *Affinitelmatobacter*: A genus related to but distinct from the existing genus Telmatobacter of neighbouring.

Affinitelmatocola

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Telmatocola*, An existing genus; *Affinitelmatocola*: A genus related to but distinct from the existing genus Telmatocola of neighbouring.

Affinitelmatospirillum

L. masc. adjective *affinis*, neighbouring; L. neut. dim. n. *Telmatospirillum*, An existing genus; *Affinitelmatospirillum*: A genus related to but distinct from the existing genus Telmatospirillum of neighbouring.

Affinitemperatibacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Temperatibacter*, An existing genus; *Affinitemperatibacter*: A genus related to but distinct from the existing genus Temperatibacter of neighbouring.

Affinitenacibaculum

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Tenacibaculum*, An existing genus; *Affinitenacibaculum*: A genus related to but distinct from the existing genus Tenacibaculum of neighbouring.

Affinitenggerimyces

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Tenggerimyces*, An existing genus; *Affinitenggerimyces*: A genus related to but distinct from the existing genus Tenggerimyces of neighbouring.

Affinitengunoibacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Tengunoibacter*, An existing genus; *Affinitengunoibacter*: A genus related to but distinct from the existing genus Tengunoibacter of neighbouring.

Affinitenuibacillus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Tenuibacillus*, An existing genus; *Affinitenuibacillus*: A genus related to but distinct from the existing genus Tenuibacillus of neighbouring.

Affinitepidamorphus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Tepidamorphus*, An existing genus; *Affinitepidamorphus*: A genus related to but distinct from the existing genus Tepidamorphus of neighbouring.

Affinitepidanaerobacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Tepidanaerobacter*, An existing genus; *Affinitepidanaerobacter*: A genus related to but distinct from the existing genus Tepidanaerobacter of neighbouring.

Affinitepidicaulis

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Tepidicaulis*, An existing genus; *Affinitepidicaulis*: A genus related to but distinct from the existing genus Tepidicaulis of neighbouring.

Affinitepidicella

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Tepidicella*, An existing genus; *Affinitepidicella*: A genus related to but distinct from the existing genus Tepidicella of neighbouring.

Affinitepidiforma

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Tepidiforma*, An existing genus; *Affinitepidiforma*: A genus related to but distinct from the existing genus Tepidiforma of neighbouring.

Affinitepidimicrobium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Tepidimicrobium*, An existing genus; *Affinitepidimicrobium*: A genus related to but distinct from the existing genus Tepidimicrobium of neighbouring.

Affinitepidiphilus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Tepidiphilus*, An existing genus; *Affinitepidiphilus*: A genus related to but distinct from the existing genus Tepidiphilus of neighbouring.

Affinitepidisphaera

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Tepidisphaera*, An existing genus; *Affinitepidisphaera*: A genus related to but distinct from the existing genus Tepidisphaera of neighbouring.

Affiniterasakiella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Terasakiella*, An existing genus; *Affiniterasakiella*: A genus related to but distinct from the existing genus Terasakiella of neighbouring.

Affiniterasakiispira

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Terasakiispira*, An existing genus; *Affiniterasakiispira*: A genus related to but distinct from the existing genus Terasakiispira of neighbouring.

Affiniteredinibacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Teredinibacter*, An existing genus; *Affiniteredinibacter*: A genus related to but distinct from the existing genus Teredinibacter of neighbouring.

Affiniterrabacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Terrabacter*, An existing genus; *Affiniterrabacter*: A genus related to but distinct from the existing genus Terrabacter of neighbouring.

Affiniterracidiphilus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Terracidiphilus*, An existing genus; *Affiniterracidiphilus*: A genus related to but distinct from the existing genus Terracidiphilus of neighbouring.

Affiniterracoccus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Terracoccus*, An existing genus; *Affiniterracoccus*: A genus related to but distinct from the existing genus Terracoccus of neighbouring.

Affiniterribacillus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Terribacillus*, An existing genus; *Affiniterribacillus*: A genus related to but distinct from the existing genus Terribacillus of neighbouring.

Affiniterriglobus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Terriglobus*, An existing genus; *Affiniterriglobus*: A genus related to but distinct from the existing genus Terriglobus of neighbouring.

Affiniterrilactibacillus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Terrilactibacillus*, An existing genus; *Affiniterrilactibacillus*: A genus related to but distinct from the existing genus Terrilactibacillus of neighbouring.

Affiniterrimicrobium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Terrimicrobium*, An existing genus; *Affiniterrimicrobium*: A genus related to but distinct from the existing genus Terrimicrobium of neighbouring.

Affiniterrisporobacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Terrisporobacter*, An existing genus; *Affiniterrisporobacter*: A genus related to but distinct from the existing genus Terrisporobacter of neighbouring.

Affinitersicoccus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Tersicoccus*, An existing genus; *Affinitersicoccus*: A genus related to but distinct from the existing genus Tersicoccus of neighbouring.

Affinitessaracoccus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Tessaracoccus*, An existing genus; *Affinitessaracoccus*: A genus related to but distinct from the existing genus Tessaracoccus of neighbouring.

Affinitestudinibacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Testudinibacter*, An existing genus; *Affinitestudinibacter*: A genus related to but distinct from the existing genus Testudinibacter of neighbouring.

Affinitetracoccus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Tetracoccus*, An existing genus; *Affinitetracoccus*: A genus related to but distinct from the existing genus Tetracoccus of neighbouring.

Affinitetragenococcus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Tetragenococcus*, An existing genus; *Affinitetragenococcus*: A genus related to but distinct from the existing genus Tetragenococcus of neighbouring.

Affinitetrasphaera

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Tetrasphaera*, An existing genus; *Affinitetrasphaera*: A genus related to but distinct from the existing genus Tetrasphaera of neighbouring.

Affinitetrathiobacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Tetrathiobacter*, An existing genus; *Affinitetrathiobacter*: A genus related to but distinct from the existing genus Tetrathiobacter of neighbouring.

Affinitexcoconibacillus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Texcoconibacillus*, An existing genus; *Affinitexcoconibacillus*: A genus related to but distinct from the existing genus Texcoconibacillus of neighbouring.

Affinithalassobacillus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Thalassobacillus*, An existing genus; *Affinithalassobacillus*: A genus related to but distinct from the existing genus Thalassobacillus of neighbouring.

Affinithalassobacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Thalassobacter*, An existing genus; *Affinithalassobacter*: A genus related to but distinct from the existing genus Thalassobacter of neighbouring.

Affinithalassobaculum

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Thalassobaculum*, An existing genus; *Affinithalassobaculum*: A genus related to but distinct from the existing genus Thalassobaculum of neighbouring.

Affinithalassobius

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Thalassobius*, An existing genus; *Affinithalassobius*: A genus related to but distinct from the existing genus Thalassobius of neighbouring.

Affinithalassocella

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Thalassocella*, An existing genus; *Affinithalassocella*: A genus related to but distinct from the existing genus Thalassocella of neighbouring.

Affinithalassococcus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Thalassococcus*, An existing genus; *Affinithalassococcus*: A genus related to but distinct from the existing genus Thalassococcus of neighbouring.

Affinithalassocola

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Thalassocola*, An existing genus; *Affinithalassocola*: A genus related to but distinct from the existing genus Thalassocola of neighbouring.

Affinithalassolituus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Thalassolituus*, An existing genus; *Affinithalassolituus*: A genus related to but distinct from the existing genus Thalassolituus of neighbouring.

Affinithalassomonas

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Thalassomonas*, An existing genus; *Affinithalassomonas*: A genus related to but distinct from the existing genus Thalassomonas of neighbouring.

Affinithalassorhabdomicrobium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Thalassorhabdomicrobium*, An existing genus; *Affinithalassorhabdomicrobium*: A genus related to but distinct from the existing genus Thalassorhabdomicrobium of neighbouring.

Affinithalassorhabdus

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Thalassorhabdus*, An existing genus; *Affinithalassorhabdus*: A genus related to but distinct from the existing genus Thalassorhabdus of neighbouring.

Affinithalassospira

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Thalassospira*, An existing genus; *Affinithalassospira*: A genus related to but distinct from the existing genus Thalassospira of neighbouring.

Affinithalassotalea

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Thalassotalea*, An existing genus; *Affinithalassotalea*: A genus related to but distinct from the existing genus Thalassotalea of neighbouring.

Affinithauera

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Thauera*, An existing genus; *Affinithauera*: A genus related to but distinct from the existing genus Thauera of neighbouring.

Affinithaumasiovibrio

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Thaumasiovibrio*, An existing genus; *Affinithaumasiovibrio*: A genus related to but distinct from the existing genus Thaumasiovibrio of neighbouring.

Affinithermacetogenium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Thermacetogenium*, An existing genus; *Affinithermacetogenium*: A genus related to but distinct from the existing genus Thermacetogenium of neighbouring.

Affinithermaerobacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Thermaerobacter*, An existing genus; *Affinithermaerobacter*: A genus related to but distinct from the existing genus Thermaerobacter of neighbouring.

Affinithermalkalibacillus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Thermalkalibacillus*, An existing genus; *Affinithermalkalibacillus*: A genus related to but distinct from the existing genus Thermalkalibacillus of neighbouring.

Affinithermanaeromonas

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Thermanaeromonas*, An existing genus; *Affinithermanaeromonas*: A genus related to but distinct from the existing genus Thermanaeromonas of neighbouring.

Affinithermanaerothrix

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Thermanaerothrix*, An existing genus; *Affinithermanaerothrix*: A genus related to but distinct from the existing genus Thermanaerothrix of neighbouring.

Affinithermanaerovibrio

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Thermanaerovibrio*, An existing genus; *Affinithermanaerovibrio*: A genus related to but distinct from the existing genus Thermanaerovibrio of neighbouring.

Affinithermasporomyces

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Thermasporomyces*, An existing genus; *Affinithermasporomyces*: A genus related to but distinct from the existing genus Thermasporomyces of neighbouring.

Affinithermaurantimonas

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Thermaurantimonas*, An existing genus; *Affinithermaurantimonas*: A genus related to but distinct from the existing genus Thermaurantimonas of neighbouring.

Affinithermithiobacillus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Thermithiobacillus*, An existing genus; *Affinithermithiobacillus*: A genus related to but distinct from the existing genus Thermithiobacillus of neighbouring.

Affinithermoactinomyces

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Thermoactinomyces*, An existing genus; *Affinithermoactinomyces*: A genus related to but distinct from the existing genus Thermoactinomyces of neighbouring.

Affinithermoactinospora

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Thermoactinospora*, An existing genus; *Affinithermoactinospora*: A genus related to but distinct from the existing genus Thermoactinospora of neighbouring.

Affinithermoanaerobacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Thermoanaerobacter*, An existing genus; *Affinithermoanaerobacter*: A genus related to but distinct from the existing genus Thermoanaerobacter of neighbouring.

Affinithermoanaerobacterium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Thermoanaerobacterium*, An existing genus; *Affinithermoanaerobacterium*: A genus related to but distinct from the existing genus Thermoanaerobacterium of neighbouring.

Affinithermoanaerobaculum

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Thermoanaerobaculum*, An existing genus; *Affinithermoanaerobaculum*: A genus related to but distinct from the existing genus Thermoanaerobaculum of neighbouring.

Affinithermoanaerobium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Thermoanaerobium*, An existing genus; *Affinithermoanaerobium*: A genus related to but distinct from the existing genus Thermoanaerobium of neighbouring.

Affinithermobacillus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Thermobacillus*, An existing genus; *Affinithermobacillus*: A genus related to but distinct from the existing genus Thermobacillus of neighbouring.

Affinithermobacteroides

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Thermobacteroides*, An existing genus; *Affinithermobacteroides*: A genus related to but distinct from the existing genus Thermobacteroides of neighbouring.

Affinithermobifida

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Thermobifida*, An existing genus; *Affinithermobifida*: A genus related to but distinct from the existing genus Thermobifida of neighbouring.

Affinithermobispora

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Thermobispora*, An existing genus; *Affinithermobispora*: A genus related to but distinct from the existing genus Thermobispora of neighbouring.

Affinithermobrachium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Thermobrachium*, An existing genus; *Affinithermobrachium*: A genus related to but distinct from the existing genus Thermobrachium of neighbouring.

Affinithermocatellispora

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Thermocatellispora*, An existing genus; *Affinithermocatellispora*: A genus related to but distinct from the existing genus Thermocatellispora of neighbouring.

Affinithermochromatium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Thermochromatium*, An existing genus; *Affinithermochromatium*: A genus related to but distinct from the existing genus Thermochromatium of neighbouring.

Affinithermocladium

L. masc. adjective *affinis*, neighbouring; L. neut. dim. n. *Thermocladium*, An existing genus; *Affinithermocladium*: A genus related to but distinct from the existing genus Thermocladium of neighbouring.

Affinithermoclostridium

L. masc. adjective *affinis*, neighbouring; L. neut. dim. n. *Thermoclostridium*, An existing genus; *Affinithermoclostridium*: A genus related to but distinct from the existing genus Thermoclostridium of neighbouring.

Affinithermococcoides

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Thermococcoides*, An existing genus; *Affinithermococcoides*: A genus related to but distinct from the existing genus Thermococcoides of neighbouring.

Affinithermococcus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Thermococcus*, An existing genus; *Affinithermococcus*: A genus related to but distinct from the existing genus Thermococcus of neighbouring.

Affinithermocrinis

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Thermocrinis*, An existing genus; *Affinithermocrinis*: A genus related to but distinct from the existing genus Thermocrinis of neighbouring.

Affinithermocrispum

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Thermocrispum*, An existing genus; *Affinithermocrispum*: A genus related to but distinct from the existing genus Thermocrispum of neighbouring.

Affinithermodesulfatator

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Thermodesulfatator*, An existing genus; *Affinithermodesulfatator*: A genus related to but distinct from the existing genus Thermodesulfatator of neighbouring.

Affinithermodesulfitimonas

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Thermodesulfitimonas*, An existing genus; *Affinithermodesulfitimonas*: A genus related to but distinct from the existing genus Thermodesulfitimonas of neighbouring.

Affinithermodesulfobacterium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Thermodesulfobacterium*, An existing genus; *Affinithermodesulfobacterium*: A genus related to but distinct from the existing genus Thermodesulfobacterium of neighbouring.

Affinithermodesulfobium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Thermodesulfobium*, An existing genus; *Affinithermodesulfobium*: A genus related to but distinct from the existing genus Thermodesulfobium of neighbouring.

Affinithermodesulforhabdus

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Thermodesulforhabdus*, An existing genus; *Affinithermodesulforhabdus*: A genus related to but distinct from the existing genus Thermodesulforhabdus of neighbouring.

Affinithermodesulfovibrio

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Thermodesulfovibrio*, An existing genus; *Affinithermodesulfovibrio*: A genus related to but distinct from the existing genus Thermodesulfovibrio of neighbouring.

Affinithermodiscus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Thermodiscus*, An existing genus; *Affinithermodiscus*: A genus related to but distinct from the existing genus Thermodiscus of neighbouring.

Affinithermofilum

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Thermofilum*, An existing genus; *Affinithermofilum*: A genus related to but distinct from the existing genus Thermofilum of neighbouring.

Affinithermoflavifilum

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Thermoflavifilum*, An existing genus; *Affinithermoflavifilum*: A genus related to but distinct from the existing genus Thermoflavifilum of neighbouring.

Affinithermoflavimicrobium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Thermoflavimicrobium*, An existing genus; *Affinithermoflavimicrobium*: A genus related to but distinct from the existing genus Thermoflavimicrobium of neighbouring.

Affinithermoflexibacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Thermoflexibacter*, An existing genus; *Affinithermoflexibacter*: A genus related to but distinct from the existing genus Thermoflexibacter of neighbouring.

Affinithermoflexus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Thermoflexus*, An existing genus; *Affinithermoflexus*: A genus related to but distinct from the existing genus Thermoflexus of neighbouring.

Affinithermogemmatispora

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Thermogemmatispora*, An existing genus; *Affinithermogemmatispora*: A genus related to but distinct from the existing genus Thermogemmatispora of neighbouring.

Affinithermogladius

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Thermogladius*, An existing genus; *Affinithermogladius*: A genus related to but distinct from the existing genus Thermogladius of neighbouring.

Affinithermogutta

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Thermogutta*, An existing genus; *Affinithermogutta*: A genus related to but distinct from the existing genus Thermogutta of neighbouring.

Affinithermogymnomonas

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Thermogymnomonas*, An existing genus; *Affinithermogymnomonas*: A genus related to but distinct from the existing genus Thermogymnomonas of neighbouring.

Affinithermohalobacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Thermohalobacter*, An existing genus; *Affinithermohalobacter*: A genus related to but distinct from the existing genus Thermohalobacter of neighbouring.

Affinithermohydrogenium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Thermohydrogenium*, An existing genus; *Affinithermohydrogenium*: A genus related to but distinct from the existing genus Thermohydrogenium of neighbouring.

Affinithermoleophilum

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Thermoleophilum*, An existing genus; *Affinithermoleophilum*: A genus related to but distinct from the existing genus Thermoleophilum of neighbouring.

Affinithermoleptolyngbya

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Thermoleptolyngbya*, An existing genus; *Affinithermoleptolyngbya*: A genus related to but distinct from the existing genus Thermoleptolyngbya of neighbouring.

Affinithermolithobacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Thermolithobacter*, An existing genus; *Affinithermolithobacter*: A genus related to but distinct from the existing genus Thermolithobacter of neighbouring.

Affinithermolongibacillus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Thermolongibacillus*, An existing genus; *Affinithermolongibacillus*: A genus related to but distinct from the existing genus Thermolongibacillus of neighbouring.

Affinithermomarinilinea

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Thermomarinilinea*, An existing genus; *Affinithermomarinilinea*: A genus related to but distinct from the existing genus Thermomarinilinea of neighbouring.

Affinithermomicrobium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Thermomicrobium*, An existing genus; *Affinithermomicrobium*: A genus related to but distinct from the existing genus Thermomicrobium of neighbouring.

Affinithermomonas

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Thermomonas*, An existing genus; *Affinithermomonas*: A genus related to but distinct from the existing genus Thermomonas of neighbouring.

Affinithermomonospora

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Thermomonospora*, An existing genus; *Affinithermomonospora*: A genus related to but distinct from the existing genus Thermomonospora of neighbouring.

Affinithermonema

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Thermonema*, An existing genus; *Affinithermonema*: A genus related to but distinct from the existing genus Thermonema of neighbouring.

Affinithermophagus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Thermophagus*, An existing genus; *Affinithermophagus*: A genus related to but distinct from the existing genus Thermophagus of neighbouring.

Affinithermoplasma

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Thermoplasma*, An existing genus; *Affinithermoplasma*: A genus related to but distinct from the existing genus Thermoplasma of neighbouring.

Affinithermopolyspora

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Thermopolyspora*, An existing genus; *Affinithermopolyspora*: A genus related to but distinct from the existing genus Thermopolyspora of neighbouring.

Affinithermoproteus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Thermoproteus*, An existing genus; *Affinithermoproteus*: A genus related to but distinct from the existing genus Thermoproteus of neighbouring.

Affinithermorudis

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Thermorudis*, An existing genus; *Affinithermorudis*: A genus related to but distinct from the existing genus Thermorudis of neighbouring.

Affinithermosediminibacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Thermosediminibacter*, An existing genus; *Affinithermosediminibacter*: A genus related to but distinct from the existing genus Thermosediminibacter of neighbouring.

Affinithermosinus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Thermosinus*, An existing genus; *Affinithermosinus*: A genus related to but distinct from the existing genus Thermosinus of neighbouring.

Affinithermosipho

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Thermosipho*, An existing genus; *Affinithermosipho*: A genus related to but distinct from the existing genus Thermosipho of neighbouring.

Affinithermosphaera

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Thermosphaera*, An existing genus; *Affinithermosphaera*: A genus related to but distinct from the existing genus Thermosphaera of neighbouring.

Affinithermosporothrix

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Thermosporothrix*, An existing genus; *Affinithermosporothrix*: A genus related to but distinct from the existing genus Thermosporothrix of neighbouring.

Affinithermostaphylospora

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Thermostaphylospora*, An existing genus; *Affinithermostaphylospora*: A genus related to but distinct from the existing genus Thermostaphylospora of neighbouring.

Affinithermostilla

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Thermostilla*, An existing genus; *Affinithermostilla*: A genus related to but distinct from the existing genus Thermostilla of neighbouring.

Affinithermosulfidibacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Thermosulfidibacter*, An existing genus; *Affinithermosulfidibacter*: A genus related to but distinct from the existing genus Thermosulfidibacter of neighbouring.

Affinithermosulfurimonas

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Thermosulfurimonas*, An existing genus; *Affinithermosulfurimonas*: A genus related to but distinct from the existing genus Thermosulfurimonas of neighbouring.

Affinithermosulfuriphilus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Thermosulfuriphilus*, An existing genus; *Affinithermosulfuriphilus*: A genus related to but distinct from the existing genus Thermosulfuriphilus of neighbouring.

Affinithermosyntropha

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Thermosyntropha*, An existing genus; *Affinithermosyntropha*: A genus related to but distinct from the existing genus Thermosyntropha of neighbouring.

Affinithermotalea

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Thermotalea*, An existing genus; *Affinithermotalea*: A genus related to but distinct from the existing genus Thermotalea of neighbouring.

Affinithermoterrabacterium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Thermoterrabacterium*, An existing genus; *Affinithermoterrabacterium*: A genus related to but distinct from the existing genus Thermoterrabacterium of neighbouring.

Affinithermotoga

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Thermotoga*, An existing genus; *Affinithermotoga*: A genus related to but distinct from the existing genus Thermotoga of neighbouring.

Affinithermotomaculum

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Thermotomaculum*, An existing genus; *Affinithermotomaculum*: A genus related to but distinct from the existing genus Thermotomaculum of neighbouring.

Affinithermotunica

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Thermotunica*, An existing genus; *Affinithermotunica*: A genus related to but distinct from the existing genus Thermotunica of neighbouring.

Affinithermovenabulum

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Thermovenabulum*, An existing genus; *Affinithermovenabulum*: A genus related to but distinct from the existing genus Thermovenabulum of neighbouring.

Affinithermovibrio

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Thermovibrio*, An existing genus; *Affinithermovibrio*: A genus related to but distinct from the existing genus Thermovibrio of neighbouring.

Affinithermovirga

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Thermovirga*, An existing genus; *Affinithermovirga*: A genus related to but distinct from the existing genus Thermovirga of neighbouring.

Affinithermovorax

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Thermovorax*, An existing genus; *Affinithermovorax*: A genus related to but distinct from the existing genus Thermovorax of neighbouring.

Affinithermovum

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Thermovum*, An existing genus; *Affinithermovum*: A genus related to but distinct from the existing genus Thermovum of neighbouring.

Affinithermus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Thermus*, An existing genus; *Affinithermus*: A genus related to but distinct from the existing genus Thermus of neighbouring.

Affinithioalbus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Thioalbus*, An existing genus; *Affinithioalbus*: A genus related to but distinct from the existing genus Thioalbus of neighbouring.

Affinithioalkalibacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Thioalkalibacter*, An existing genus; *Affinithioalkalibacter*: A genus related to but distinct from the existing genus Thioalkalibacter of neighbouring.

Affinithioalkalicoccus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Thioalkalicoccus*, An existing genus; *Affinithioalkalicoccus*: A genus related to but distinct from the existing genus Thioalkalicoccus of neighbouring.

Affinithioalkalimicrobium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Thioalkalimicrobium*, An existing genus; *Affinithioalkalimicrobium*: A genus related to but distinct from the existing genus Thioalkalimicrobium of neighbouring.

Affinithioalkalispira

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Thioalkalispira*, An existing genus; *Affinithioalkalispira*: A genus related to but distinct from the existing genus Thioalkalispira of neighbouring.

Affinithioalkalivibrio

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Thioalkalivibrio*, An existing genus; *Affinithioalkalivibrio*: A genus related to but distinct from the existing genus Thioalkalivibrio of neighbouring.

Affinithiobaca

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Thiobaca*, An existing genus; *Affinithiobaca*: A genus related to but distinct from the existing genus Thiobaca of neighbouring.

Affinithiobacillus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Thiobacillus*, An existing genus; *Affinithiobacillus*: A genus related to but distinct from the existing genus Thiobacillus of neighbouring.

Affinithiobacimonas

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Thiobacimonas*, An existing genus; *Affinithiobacimonas*: A genus related to but distinct from the existing genus Thiobacimonas of neighbouring.

Affinithiobacterium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Thiobacterium*, An existing genus; *Affinithiobacterium*: A genus related to but distinct from the existing genus Thiobacterium of neighbouring.

Affinithiocapsa

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Thiocapsa*, An existing genus; *Affinithiocapsa*: A genus related to but distinct from the existing genus Thiocapsa of neighbouring.

Affinithioclava

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Thioclava*, An existing genus; *Affinithioclava*: A genus related to but distinct from the existing genus Thioclava of neighbouring.

Affinithiococcus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Thiococcus*, An existing genus; *Affinithiococcus*: A genus related to but distinct from the existing genus Thiococcus of neighbouring.

Affinithiocystis

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Thiocystis*, An existing genus; *Affinithiocystis*: A genus related to but distinct from the existing genus Thiocystis of neighbouring.

Affinithiodictyon

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Thiodictyon*, An existing genus; *Affinithiodictyon*: A genus related to but distinct from the existing genus Thiodictyon of neighbouring.

Affinithiofaba

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Thiofaba*, An existing genus; *Affinithiofaba*: A genus related to but distinct from the existing genus Thiofaba of neighbouring.

Affinithiofilum

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Thiofilum*, An existing genus; *Affinithiofilum*: A genus related to but distinct from the existing genus Thiofilum of neighbouring.

Affinithioflavicoccus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Thioflavicoccus*, An existing genus; *Affinithioflavicoccus*: A genus related to but distinct from the existing genus Thioflavicoccus of neighbouring.

Affinithioflexithrix

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Thioflexithrix*, An existing genus; *Affinithioflexithrix*: A genus related to but distinct from the existing genus Thioflexithrix of neighbouring.

Affinithiofractor

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Thiofractor*, An existing genus; *Affinithiofractor*: A genus related to but distinct from the existing genus Thiofractor of neighbouring.

Affinithiohalobacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Thiohalobacter*, An existing genus; *Affinithiohalobacter*: A genus related to but distinct from the existing genus Thiohalobacter of neighbouring.

Affinithiohalocapsa

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Thiohalocapsa*, An existing genus; *Affinithiohalocapsa*: A genus related to but distinct from the existing genus Thiohalocapsa of neighbouring.

Affinithiohalomonas

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Thiohalomonas*, An existing genus; *Affinithiohalomonas*: A genus related to but distinct from the existing genus Thiohalomonas of neighbouring.

Affinithiohalophilus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Thiohalophilus*, An existing genus; *Affinithiohalophilus*: A genus related to but distinct from the existing genus Thiohalophilus of neighbouring.

Affinithiohalorhabdus

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Thiohalorhabdus*, An existing genus; *Affinithiohalorhabdus*: A genus related to but distinct from the existing genus Thiohalorhabdus of neighbouring.

Affinithiohalospira

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Thiohalospira*, An existing genus; *Affinithiohalospira*: A genus related to but distinct from the existing genus Thiohalospira of neighbouring.

Affinithiolamprovum

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Thiolamprovum*, An existing genus; *Affinithiolamprovum*: A genus related to but distinct from the existing genus Thiolamprovum of neighbouring.

Affinithiolapillus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Thiolapillus*, An existing genus; *Affinithiolapillus*: A genus related to but distinct from the existing genus Thiolapillus of neighbouring.

Affinithiolinea

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Thiolinea*, An existing genus; *Affinithiolinea*: A genus related to but distinct from the existing genus Thiolinea of neighbouring.

Affinithiomargarita

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Thiomargarita*, An existing genus; *Affinithiomargarita*: A genus related to but distinct from the existing genus Thiomargarita of neighbouring.

Affinithiomicrorhabdus

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Thiomicrorhabdus*, An existing genus; *Affinithiomicrorhabdus*: A genus related to but distinct from the existing genus Thiomicrorhabdus of neighbouring.

Affinithiomicrospira

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Thiomicrospira*, An existing genus; *Affinithiomicrospira*: A genus related to but distinct from the existing genus Thiomicrospira of neighbouring.

Affinithiomonas

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Thiomonas*, An existing genus; *Affinithiomonas*: A genus related to but distinct from the existing genus Thiomonas of neighbouring.

Affinithiopedia

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Thiopedia*, An existing genus; *Affinithiopedia*: A genus related to but distinct from the existing genus Thiopedia of neighbouring.

Affinithiophaeococcus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Thiophaeococcus*, An existing genus; *Affinithiophaeococcus*: A genus related to but distinct from the existing genus Thiophaeococcus of neighbouring.

Affinithioploca

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Thioploca*, An existing genus; *Affinithioploca*: A genus related to but distinct from the existing genus Thioploca of neighbouring.

Affinithioprofundum

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Thioprofundum*, An existing genus; *Affinithioprofundum*: A genus related to but distinct from the existing genus Thioprofundum of neighbouring.

Affinithiopseudomonas

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Thiopseudomonas*, An existing genus; *Affinithiopseudomonas*: A genus related to but distinct from the existing genus Thiopseudomonas of neighbouring.

Affinithioreductor

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Thioreductor*, An existing genus; *Affinithioreductor*: A genus related to but distinct from the existing genus Thioreductor of neighbouring.

Affinithiorhodococcus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Thiorhodococcus*, An existing genus; *Affinithiorhodococcus*: A genus related to but distinct from the existing genus Thiorhodococcus of neighbouring.

Affinithiorhodospira

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Thiorhodospira*, An existing genus; *Affinithiorhodospira*: A genus related to but distinct from the existing genus Thiorhodospira of neighbouring.

Affinithiorhodovibrio

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Thiorhodovibrio*, An existing genus; *Affinithiorhodovibrio*: A genus related to but distinct from the existing genus Thiorhodovibrio of neighbouring.

Affinithiosocius

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Thiosocius*, An existing genus; *Affinithiosocius*: A genus related to but distinct from the existing genus Thiosocius of neighbouring.

Affinithiosphaera

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Thiosphaera*, An existing genus; *Affinithiosphaera*: A genus related to but distinct from the existing genus Thiosphaera of neighbouring.

Affinithiospira

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Thiospira*, An existing genus; *Affinithiospira*: A genus related to but distinct from the existing genus Thiospira of neighbouring.

Affinithiospirillum

L. masc. adjective *affinis*, neighbouring; L. neut. dim. n. *Thiospirillum*, An existing genus; *Affinithiospirillum*: A genus related to but distinct from the existing genus Thiospirillum of neighbouring.

Affinithiothrix

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Thiothrix*, An existing genus; *Affinithiothrix*: A genus related to but distinct from the existing genus Thiothrix of neighbouring.

Affinithiovulum

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Thiovulum*, An existing genus; *Affinithiovulum*: A genus related to but distinct from the existing genus Thiovulum of neighbouring.

Affinithorsellia

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Thorsellia*, An existing genus; *Affinithorsellia*: A genus related to but distinct from the existing genus Thorsellia of neighbouring.

Affinitianweitania

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Tianweitania*, An existing genus; *Affinitianweitania*: A genus related to but distinct from the existing genus Tianweitania of neighbouring.

Affinitibeticola

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Tibeticola*, An existing genus; *Affinitibeticola*: A genus related to but distinct from the existing genus Tibeticola of neighbouring.

Affinitildeniella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Tildeniella*, An existing genus; *Affinitildeniella*: A genus related to but distinct from the existing genus Tildeniella of neighbouring.

Affinitimaviella

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Timaviella*, An existing genus; *Affinitimaviella*: A genus related to but distinct from the existing genus Timaviella of neighbouring.

Affinitimonella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Timonella*, An existing genus; *Affinitimonella*: A genus related to but distinct from the existing genus Timonella of neighbouring.

Affinitindallia

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Tindallia*, An existing genus; *Affinitindallia*: A genus related to but distinct from the existing genus Tindallia of neighbouring.

Affinitissierella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Tissierella*, An existing genus; *Affinitissierella*: A genus related to but distinct from the existing genus Tissierella of neighbouring.

Affinitistlia

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Tistlia*, An existing genus; *Affinitistlia*: A genus related to but distinct from the existing genus Tistlia of neighbouring.

Affinitistrella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Tistrella*, An existing genus; *Affinitistrella*: A genus related to but distinct from the existing genus Tistrella of neighbouring.

Affinititanospirillum

L. masc. adjective *affinis*, neighbouring; L. neut. dim. n. *Titanospirillum*, An existing genus; *Affinititanospirillum*: A genus related to but distinct from the existing genus Titanospirillum of neighbouring.

Affinitolumonas

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Tolumonas*, An existing genus; *Affinitolumonas*: A genus related to but distinct from the existing genus Tolumonas of neighbouring.

Affinitomitella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Tomitella*, An existing genus; *Affinitomitella*: A genus related to but distinct from the existing genus Tomitella of neighbouring.

Affinitonsilliphilus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Tonsilliphilus*, An existing genus; *Affinitonsilliphilus*: A genus related to but distinct from the existing genus Tonsilliphilus of neighbouring.

Affinitoxifilum

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Toxifilum*, An existing genus; *Affinitoxifilum*: A genus related to but distinct from the existing genus Toxifilum of neighbouring.

Affinitoxopsis

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Toxopsis*, An existing genus; *Affinitoxopsis*: A genus related to but distinct from the existing genus Toxopsis of neighbouring.

Affinitoxothrix

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Toxothrix*, An existing genus; *Affinitoxothrix*: A genus related to but distinct from the existing genus Toxothrix of neighbouring.

Affinitrabulsiella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Trabulsiella*, An existing genus; *Affinitrabulsiella*: A genus related to but distinct from the existing genus Trabulsiella of neighbouring.

Affinitranquillimonas

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Tranquillimonas*, An existing genus; *Affinitranquillimonas*: A genus related to but distinct from the existing genus Tranquillimonas of neighbouring.

Affinitraorella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Traorella*, An existing genus; *Affinitraorella*: A genus related to but distinct from the existing genus Traorella of neighbouring.

Affinitreponema

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Treponema*, An existing genus; *Affinitreponema*: A genus related to but distinct from the existing genus Treponema of neighbouring.

Affinitrichlorobacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Trichlorobacter*, An existing genus; *Affinitrichlorobacter*: A genus related to but distinct from the existing genus Trichlorobacter of neighbouring.

Affinitrichococcus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Trichococcus*, An existing genus; *Affinitrichococcus*: A genus related to but distinct from the existing genus Trichococcus of neighbouring.

Affinitrinickia

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Trinickia*, An existing genus; *Affinitrinickia*: A genus related to but distinct from the existing genus Trinickia of neighbouring.

Affinitritonibacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Tritonibacter*, An existing genus; *Affinitritonibacter*: A genus related to but distinct from the existing genus Tritonibacter of neighbouring.

Affinitropheryma

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Tropheryma*, An existing genus; *Affinitropheryma*: A genus related to but distinct from the existing genus Tropheryma of neighbouring.

Affinitropicibacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Tropicibacter*, An existing genus; *Affinitropicibacter*: A genus related to but distinct from the existing genus Tropicibacter of neighbouring.

Affinitropicihabitans

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Tropicihabitans*, An existing genus; *Affinitropicihabitans*: A genus related to but distinct from the existing genus Tropicihabitans of neighbouring.

Affinitropicimonas

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Tropicimonas*, An existing genus; *Affinitropicimonas*: A genus related to but distinct from the existing genus Tropicimonas of neighbouring.

Affinitruepera

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Truepera*, An existing genus; *Affinitruepera*: A genus related to but distinct from the existing genus Truepera of neighbouring.

Affinitrueperella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Trueperella*, An existing genus; *Affinitrueperella*: A genus related to but distinct from the existing genus Trueperella of neighbouring.

Affinitsukamurella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Tsukamurella*, An existing genus; *Affinitsukamurella*: A genus related to but distinct from the existing genus Tsukamurella of neighbouring.

Affinituberibacillus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Tuberibacillus*, An existing genus; *Affinituberibacillus*: A genus related to but distinct from the existing genus Tuberibacillus of neighbouring.

Affinitullyiplasma

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Tullyiplasma*, An existing genus; *Affinitullyiplasma*: A genus related to but distinct from the existing genus Tullyiplasma of neighbouring.

Affinitumebacillus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Tumebacillus*, An existing genus; *Affinitumebacillus*: A genus related to but distinct from the existing genus Tumebacillus of neighbouring.

Affinitundrisphaera

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Tundrisphaera*, An existing genus; *Affinitundrisphaera*: A genus related to but distinct from the existing genus Tundrisphaera of neighbouring.

Affinitunicatimonas

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Tunicatimonas*, An existing genus; *Affinitunicatimonas*: A genus related to but distinct from the existing genus Tunicatimonas of neighbouring.

Affinituricella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Turicella*, An existing genus; *Affinituricella*: A genus related to but distinct from the existing genus Turicella of neighbouring.

Affinituricibacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Turicibacter*, An existing genus; *Affinituricibacter*: A genus related to but distinct from the existing genus Turicibacter of neighbouring.

Affinituricimonas

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Turicimonas*, An existing genus; *Affinituricimonas*: A genus related to but distinct from the existing genus Turicimonas of neighbouring.

Affiniturneriella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Turneriella*, An existing genus; *Affiniturneriella*: A genus related to but distinct from the existing genus Turneriella of neighbouring.

Affinituwongella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Tuwongella*, An existing genus; *Affinituwongella*: A genus related to but distinct from the existing genus Tuwongella of neighbouring.

Affiniuliginosibacterium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Uliginosibacterium*, An existing genus; *Affiniuliginosibacterium*: A genus related to but distinct from the existing genus Uliginosibacterium of neighbouring.

Affiniulvibacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Ulvibacter*, An existing genus; *Affiniulvibacter*: A genus related to but distinct from the existing genus Ulvibacter of neighbouring.

Affiniulvibacterium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Ulvibacterium*, An existing genus; *Affiniulvibacterium*: A genus related to but distinct from the existing genus Ulvibacterium of neighbouring.

Affiniumboniibacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Umboniibacter*, An existing genus; *Affiniumboniibacter*: A genus related to but distinct from the existing genus Umboniibacter of neighbouring.

Affiniumezawaea

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Umezawaea*, An existing genus; *Affiniumezawaea*: A genus related to but distinct from the existing genus Umezawaea of neighbouring.

Affiniundibacterium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Undibacterium*, An existing genus; *Affiniundibacterium*: A genus related to but distinct from the existing genus Undibacterium of neighbouring.

Affiniureaplasma

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Ureaplasma*, An existing genus; *Affiniureaplasma*: A genus related to but distinct from the existing genus Ureaplasma of neighbouring.

Affiniurechidicola

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Urechidicola*, An existing genus; *Affiniurechidicola*: A genus related to but distinct from the existing genus Urechidicola of neighbouring.

Affiniureibacillus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Ureibacillus*, An existing genus; *Affiniureibacillus*: A genus related to but distinct from the existing genus Ureibacillus of neighbouring.

Affiniurmitella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Urmitella*, An existing genus; *Affiniurmitella*: A genus related to but distinct from the existing genus Urmitella of neighbouring.

Affiniursidibacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Ursidibacter*, An existing genus; *Affiniursidibacter*: A genus related to but distinct from the existing genus Ursidibacter of neighbouring.

Affiniuruburuella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Uruburuella*, An existing genus; *Affiniuruburuella*: A genus related to but distinct from the existing genus Uruburuella of neighbouring.

Affinivadicella

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Vadicella*, An existing genus; *Affinivadicella*: A genus related to but distinct from the existing genus Vadicella of neighbouring.

Affinivaginella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Vaginella*, An existing genus; *Affinivaginella*: A genus related to but distinct from the existing genus Vaginella of neighbouring.

Affinivaginimicrobium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Vaginimicrobium*, An existing genus; *Affinivaginimicrobium*: A genus related to but distinct from the existing genus Vaginimicrobium of neighbouring.

Affinivaginisenegalia

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Vaginisenegalia*, An existing genus; *Affinivaginisenegalia*: A genus related to but distinct from the existing genus Vaginisenegalia of neighbouring.

Affinivagococcus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Vagococcus*, An existing genus; *Affinivagococcus*: A genus related to but distinct from the existing genus Vagococcus of neighbouring.

Affinivallitalea

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Vallitalea*, An existing genus; *Affinivallitalea*: A genus related to but distinct from the existing genus Vallitalea of neighbouring.

Affinivampirovibrio

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Vampirovibrio*, An existing genus; *Affinivampirovibrio*: A genus related to but distinct from the existing genus Vampirovibrio of neighbouring.

Affinivaribaculum

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Varibaculum*, An existing genus; *Affinivaribaculum*: A genus related to but distinct from the existing genus Varibaculum of neighbouring.

Affinivariovorax

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Variovorax*, An existing genus; *Affinivariovorax*: A genus related to but distinct from the existing genus Variovorax of neighbouring.

Affinivarunaivibrio

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Varunaivibrio*, An existing genus; *Affinivarunaivibrio*: A genus related to but distinct from the existing genus Varunaivibrio of neighbouring.

Affinivasilyevaea

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Vasilyevaea*, An existing genus; *Affinivasilyevaea*: A genus related to but distinct from the existing genus Vasilyevaea of neighbouring.

Affiniveillonella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Veillonella*, An existing genus; *Affiniveillonella*: A genus related to but distinct from the existing genus Veillonella of neighbouring.

Affiniveneniviblrio

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Venenivibrio*, An existing genus; *Affiniveneniviblrio*: A genus related to but distinct from the existing genus Venenivibrio of neighbouring.

Affiniventosimonas

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Ventosimonas*, An existing genus; *Affiniventosimonas*: A genus related to but distinct from the existing genus Ventosimonas of neighbouring.

Affiniverminephrobacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Verminephrobacter*, An existing genus; *Affiniverminephrobacter*: A genus related to but distinct from the existing genus Verminephrobacter of neighbouring.

Affiniverrucomicrobium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Verrucomicrobium*, An existing genus; *Affiniverrucomicrobium*: A genus related to but distinct from the existing genus Verrucomicrobium of neighbouring.

Affiniverrucosispora

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Verrucosispora*, An existing genus; *Affiniverrucosispora*: A genus related to but distinct from the existing genus Verrucosispora of neighbouring.

Affiniverticia

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Verticia*, An existing genus; *Affiniverticia*: A genus related to but distinct from the existing genus Verticia of neighbouring.

Affiniverticiella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Verticiella*, An existing genus; *Affiniverticiella*: A genus related to but distinct from the existing genus Verticiella of neighbouring.

Affinivespertiliibacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Vespertiliibacter*, An existing genus; *Affinivespertiliibacter*: A genus related to but distinct from the existing genus Vespertiliibacter of neighbouring.

Affinivibrio

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Vibrio*, An existing genus; *Affinivibrio*: A genus related to but distinct from the existing genus Vibrio of neighbouring.

Affinivibrionimonas

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Vibrionimonas*, An existing genus; *Affinivibrionimonas*: A genus related to but distinct from the existing genus Vibrionimonas of neighbouring.

Affinivicinamibacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Vicinamibacter*, An existing genus; *Affinivicinamibacter*: A genus related to but distinct from the existing genus Vicinamibacter of neighbouring.

Affinivicingus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Vicingus*, An existing genus; *Affinivicingus*: A genus related to but distinct from the existing genus Vicingus of neighbouring.

Affinivictivallis

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Victivallis*, An existing genus; *Affinivictivallis*: A genus related to but distinct from the existing genus Victivallis of neighbouring.

Affinivirgibacillus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Virgibacillus*, An existing genus; *Affinivirgibacillus*: A genus related to but distinct from the existing genus Virgibacillus of neighbouring.

Affiniviridibacillus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Viridibacillus*, An existing genus; *Affiniviridibacillus*: A genus related to but distinct from the existing genus Viridibacillus of neighbouring.

Affiniviridibacterium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Viridibacterium*, An existing genus; *Affiniviridibacterium*: A genus related to but distinct from the existing genus Viridibacterium of neighbouring.

Affinivitellibacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Vitellibacter*, An existing genus; *Affinivitellibacter*: A genus related to but distinct from the existing genus Vitellibacter of neighbouring.

Affinivitiosangium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Vitiosangium*, An existing genus; *Affinivitiosangium*: A genus related to but distinct from the existing genus Vitiosangium of neighbouring.

Affinivitreoscilla

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Vitreoscilla*, An existing genus; *Affinivitreoscilla*: A genus related to but distinct from the existing genus Vitreoscilla of neighbouring.

Affinivogesella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Vogesella*, An existing genus; *Affinivogesella*: A genus related to but distinct from the existing genus Vogesella of neighbouring.

Affinivolcaniella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Volcaniella*, An existing genus; *Affinivolcaniella*: A genus related to but distinct from the existing genus Volcaniella of neighbouring.

Affinivolucribacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Volucribacter*, An existing genus; *Affinivolucribacter*: A genus related to but distinct from the existing genus Volucribacter of neighbouring.

Affinivulcanibacillus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Vulcanibacillus*, An existing genus; *Affinivulcanibacillus*: A genus related to but distinct from the existing genus Vulcanibacillus of neighbouring.

Affinivulcaniibacterium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Vulcaniibacterium*, An existing genus; *Affinivulcaniibacterium*: A genus related to but distinct from the existing genus Vulcaniibacterium of neighbouring.

Affinivulcanithermus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Vulcanithermus*, An existing genus; *Affinivulcanithermus*: A genus related to but distinct from the existing genus Vulcanithermus of neighbouring.

Affinivulgatibacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Vulgatibacter*, An existing genus; *Affinivulgatibacter*: A genus related to but distinct from the existing genus Vulgatibacter of neighbouring.

Affiniwaddlia

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Waddlia*, An existing genus; *Affiniwaddlia*: A genus related to but distinct from the existing genus Waddlia of neighbouring.

Affiniwandonia

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Wandonia*, An existing genus; *Affiniwandonia*: A genus related to but distinct from the existing genus Wandonia of neighbouring.

Affiniwangella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Wangella*, An existing genus; *Affiniwangella*: A genus related to but distinct from the existing genus Wangella of neighbouring.

Affiniwautersia

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Wautersia*, An existing genus; *Affiniwautersia*: A genus related to but distinct from the existing genus Wautersia of neighbouring.

Affiniwautersiella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Wautersiella*, An existing genus; *Affiniwautersiella*: A genus related to but distinct from the existing genus Wautersiella of neighbouring.

Affiniweeksella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Weeksella*, An existing genus; *Affiniweeksella*: A genus related to but distinct from the existing genus Weeksella of neighbouring.

Affiniweissella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Weissella*, An existing genus; *Affiniweissella*: A genus related to but distinct from the existing genus Weissella of neighbouring.

Affiniwenxinia

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Wenxinia*, An existing genus; *Affiniwenxinia*: A genus related to but distinct from the existing genus Wenxinia of neighbouring.

Affiniwenyingzhuangia

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Wenyingzhuangia*, An existing genus; *Affiniwenyingzhuangia*: A genus related to but distinct from the existing genus Wenyingzhuangia of neighbouring.

Affiniwenzhouxiangella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Wenzhouxiangella*, An existing genus; *Affiniwenzhouxiangella*: A genus related to but distinct from the existing genus Wenzhouxiangella of neighbouring.

Affiniwestiellopsis

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Westiellopsis*, An existing genus; *Affiniwestiellopsis*: A genus related to but distinct from the existing genus Westiellopsis of neighbouring.

Affiniwigglesworthia

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Wigglesworthia*, An existing genus; *Affiniwigglesworthia*: A genus related to but distinct from the existing genus Wigglesworthia of neighbouring.

Affiniwilliamsia

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Williamsia*, An existing genus; *Affiniwilliamsia*: A genus related to but distinct from the existing genus Williamsia of neighbouring.

Affiniwilliamsoniiplasma

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Williamsoniiplasma*, An existing genus; *Affiniwilliamsoniiplasma*: A genus related to but distinct from the existing genus Williamsoniiplasma of neighbouring.

Affiniwilliamwhitmania

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Williamwhitmania*, An existing genus; *Affiniwilliamwhitmania*: A genus related to but distinct from the existing genus Williamwhitmania of neighbouring.

Affiniwinkia

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Winkia*, An existing genus; *Affiniwinkia*: A genus related to but distinct from the existing genus Winkia of neighbouring.

Affiniwinogradskyella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Winogradskyella*, An existing genus; *Affiniwinogradskyella*: A genus related to but distinct from the existing genus Winogradskyella of neighbouring.

Affiniwoeseia

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Woeseia*, An existing genus; *Affiniwoeseia*: A genus related to but distinct from the existing genus Woeseia of neighbouring.

Affiniwohlfahrtiimonas

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Wohlfahrtiimonas*, An existing genus; *Affiniwohlfahrtiimonas*: A genus related to but distinct from the existing genus Wohlfahrtiimonas of neighbouring.

Affiniwolbachia

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Wolbachia*, An existing genus; *Affiniwolbachia*: A genus related to but distinct from the existing genus Wolbachia of neighbouring.

Affiniwolinella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Wolinella*, An existing genus; *Affiniwolinella*: A genus related to but distinct from the existing genus Wolinella of neighbouring.

Affiniwolskyella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Wolskyella*, An existing genus; *Affiniwolskyella*: A genus related to but distinct from the existing genus Wolskyella of neighbouring.

Affiniwoodsholea

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Woodsholea*, An existing genus; *Affiniwoodsholea*: A genus related to but distinct from the existing genus Woodsholea of neighbouring.

Affiniwukongibacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Wukongibacter*, An existing genus; *Affiniwukongibacter*: A genus related to but distinct from the existing genus Wukongibacter of neighbouring.

Affinixanthobacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Xanthobacter*, An existing genus; *Affinixanthobacter*: A genus related to but distinct from the existing genus Xanthobacter of neighbouring.

Affinixanthomarina

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Xanthomarina*, An existing genus; *Affinixanthomarina*: A genus related to but distinct from the existing genus Xanthomarina of neighbouring.

Affinixanthomonas

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Xanthomonas*, An existing genus; *Affinixanthomonas*: A genus related to but distinct from the existing genus Xanthomonas of neighbouring.

Affinixanthovirga

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Xanthovirga*, An existing genus; *Affinixanthovirga*: A genus related to but distinct from the existing genus Xanthovirga of neighbouring.

Affinixenophilus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Xenophilus*, An existing genus; *Affinixenophilus*: A genus related to but distinct from the existing genus Xenophilus of neighbouring.

Affinixenorhabdus

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Xenorhabdus*, An existing genus; *Affinixenorhabdus*: A genus related to but distinct from the existing genus Xenorhabdus of neighbouring.

Affinixiangella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Xiangella*, An existing genus; *Affinixiangella*: A genus related to but distinct from the existing genus Xiangella of neighbouring.

Affinixinfangfangia

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Xinfangfangia*, An existing genus; *Affinixinfangfangia*: A genus related to but distinct from the existing genus Xinfangfangia of neighbouring.

Affinixuhuaishuia

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Xuhuaishuia*, An existing genus; *Affinixuhuaishuia*: A genus related to but distinct from the existing genus Xuhuaishuia of neighbouring.

Affinixylanibacillus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Xylanibacillus*, An existing genus; *Affinixylanibacillus*: A genus related to but distinct from the existing genus Xylanibacillus of neighbouring.

Affinixylanibacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Xylanibacter*, An existing genus; *Affinixylanibacter*: A genus related to but distinct from the existing genus Xylanibacter of neighbouring.

Affinixylanibacterium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Xylanibacterium*, An existing genus; *Affinixylanibacterium*: A genus related to but distinct from the existing genus Xylanibacterium of neighbouring.

Affinixylanimicrobium

L. masc. adjective *affinis*, neighbouring; L. neut. n. *Xylanimicrobium*, An existing genus; *Affinixylanimicrobium*: A genus related to but distinct from the existing genus Xylanimicrobium of neighbouring.

Affinixylanimonas

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Xylanimonas*, An existing genus; *Affinixylanimonas*: A genus related to but distinct from the existing genus Xylanimonas of neighbouring.

Affinixylanivirga

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Xylanivirga*, An existing genus; *Affinixylanivirga*: A genus related to but distinct from the existing genus Xylanivirga of neighbouring.

Affinixylella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Xylella*, An existing genus; *Affinixylella*: A genus related to but distinct from the existing genus Xylella of neighbouring.

Affinixylophilus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Xylophilus*, An existing genus; *Affinixylophilus*: A genus related to but distinct from the existing genus Xylophilus of neighbouring.

Affiniyangia

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Yangia*, An existing genus; *Affiniyangia*: A genus related to but distinct from the existing genus Yangia of neighbouring.

Affiniyania

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Yania*, An existing genus; *Affiniyania*: A genus related to but distinct from the existing genus Yania of neighbouring.

Affiniyaniella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Yaniella*, An existing genus; *Affiniyaniella*: A genus related to but distinct from the existing genus Yaniella of neighbouring.

Affiniyeosuana

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Yeosuana*, An existing genus; *Affiniyeosuana*: A genus related to but distinct from the existing genus Yeosuana of neighbouring.

Affiniyersinia

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Yersinia*, An existing genus; *Affiniyersinia*: A genus related to but distinct from the existing genus Yersinia of neighbouring.

Affiniyimella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Yimella*, An existing genus; *Affiniyimella*: A genus related to but distinct from the existing genus Yimella of neighbouring.

Affiniyinghuangia

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Yinghuangia*, An existing genus; *Affiniyinghuangia*: A genus related to but distinct from the existing genus Yinghuangia of neighbouring.

Affiniyokenella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Yokenella*, An existing genus; *Affiniyokenella*: A genus related to but distinct from the existing genus Yokenella of neighbouring.

Affiniyonedaella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Yonedaella*, An existing genus; *Affiniyonedaella*: A genus related to but distinct from the existing genus Yonedaella of neighbouring.

Affiniyonghaparkia

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Yonghaparkia*, An existing genus; *Affiniyonghaparkia*: A genus related to but distinct from the existing genus Yonghaparkia of neighbouring.

Affiniyoonia

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Yoonia*, An existing genus; *Affiniyoonia*: A genus related to but distinct from the existing genus Yoonia of neighbouring.

Affiniyouhaiella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Youhaiella*, An existing genus; *Affiniyouhaiella*: A genus related to but distinct from the existing genus Youhaiella of neighbouring.

Affiniyoungiibacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Youngiibacter*, An existing genus; *Affiniyoungiibacter*: A genus related to but distinct from the existing genus Youngiibacter of neighbouring.

Affiniyoungimonas

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Youngimonas*, An existing genus; *Affiniyoungimonas*: A genus related to but distinct from the existing genus Youngimonas of neighbouring.

Affiniyuhushiella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Yuhushiella*, An existing genus; *Affiniyuhushiella*: A genus related to but distinct from the existing genus Yuhushiella of neighbouring.

Affinizavarzinella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Zavarzinella*, An existing genus; *Affinizavarzinella*: A genus related to but distinct from the existing genus Zavarzinella of neighbouring.

Affinizavarzinia

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Zavarzinia*, An existing genus; *Affinizavarzinia*: A genus related to but distinct from the existing genus Zavarzinia of neighbouring.

Affinizeaxanthinibacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Zeaxanthinibacter*, An existing genus; *Affinizeaxanthinibacter*: A genus related to but distinct from the existing genus Zeaxanthinibacter of neighbouring.

Affinizehria

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Zehria*, An existing genus; *Affinizehria*: A genus related to but distinct from the existing genus Zehria of neighbouring.

Affinizestosphaera

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Zestosphaera*, An existing genus; *Affinizestosphaera*: A genus related to but distinct from the existing genus Zestosphaera of neighbouring.

Affinizhangella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Zhangella*, An existing genus; *Affinizhangella*: A genus related to but distinct from the existing genus Zhangella of neighbouring.

Affinizhaonella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Zhaonella*, An existing genus; *Affinizhaonella*: A genus related to but distinct from the existing genus Zhaonella of neighbouring.

Affinizhengella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Zhengella*, An existing genus; *Affinizhengella*: A genus related to but distinct from the existing genus Zhengella of neighbouring.

Affinizhihengliuella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Zhihengliuella*, An existing genus; *Affinizhihengliuella*: A genus related to but distinct from the existing genus Zhihengliuella of neighbouring.

Affinizhizhongheella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Zhizhongheella*, An existing genus; *Affinizhizhongheella*: A genus related to but distinct from the existing genus Zhizhongheella of neighbouring.

Affinizhongshania

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Zhongshania*, An existing genus; *Affinizhongshania*: A genus related to but distinct from the existing genus Zhongshania of neighbouring.

Affinizhouia

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Zhouia*, An existing genus; *Affinizhouia*: A genus related to but distinct from the existing genus Zhouia of neighbouring.

Affinizimmermannella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Zimmermannella*, An existing genus; *Affinizimmermannella*: A genus related to but distinct from the existing genus Zimmermannella of neighbouring.

Affinizobellella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Zobellella*, An existing genus; *Affinizobellella*: A genus related to but distinct from the existing genus Zobellella of neighbouring.

Affinizobellia

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Zobellia*, An existing genus; *Affinizobellia*: A genus related to but distinct from the existing genus Zobellia of neighbouring.

Affinizoogloea

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Zoogloea*, An existing genus; *Affinizoogloea*: A genus related to but distinct from the existing genus Zoogloea of neighbouring.

Affinizooshikella

L. masc. adjective *affinis*, neighbouring; L. fem. dim. n. *Zooshikella*, An existing genus; *Affinizooshikella*: A genus related to but distinct from the existing genus Zooshikella of neighbouring.

Affinizunongwangia

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Zunongwangia*, An existing genus; *Affinizunongwangia*: A genus related to but distinct from the existing genus Zunongwangia of neighbouring.

Affinizymobacter

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Zymobacter*, An existing genus; *Affinizymobacter*: A genus related to but distinct from the existing genus Zymobacter of neighbouring.

Affinizymomonas

L. masc. adjective *affinis*, neighbouring; L. fem. n. *Zymomonas*, An existing genus; *Affinizymomonas*: A genus related to but distinct from the existing genus Zymomonas of neighbouring.

Affinizymophilus

L. masc. adjective *affinis*, neighbouring; L. masc. n. *Zymophilus*, An existing genus; *Affinizymophilus*: A genus related to but distinct from the existing genus Zymophilus of neighbouring.

Aliiabditibacterium

L. masc. adjective *alius*, other; L. neut. n. *Abditibacterium*, An existing genus; *Aliiabditibacterium*: A genus related to but distinct from the existing genus Abditibacterium of other.

Aliiabiotrophia

L. masc. adjective *alius*, other; L. fem. n. *Abiotrophia*, An existing genus; *Aliiabiotrophia*: A genus related to but distinct from the existing genus Abiotrophia of other.

Aliiabsicoccus

L. masc. adjective *alius*, other; L. masc. n. *Absicoccus*, An existing genus; *Aliiabsicoccus*: A genus related to but distinct from the existing genus Absicoccus of other.

Aliiabsiella

L. masc. adjective *alius*, other; L. fem. dim. n. *Absiella*, An existing genus; *Aliiabsiella*: A genus related to but distinct from the existing genus Absiella of other.

Aliiabyssibacter

L. masc. adjective *alius*, other; L. masc. n. *Abyssibacter*, An existing genus; *Aliiabyssibacter*: A genus related to but distinct from the existing genus Abyssibacter of other.

Aliiabyssicoccus

L. masc. adjective *alius*, other; L. masc. n. *Abyssicoccus*, An existing genus; *Aliiabyssicoccus*: A genus related to but distinct from the existing genus Abyssicoccus of other.

Aliiabyssisolibacter

L. masc. adjective *alius*, other; L. masc. n. *Abyssisolibacter*, An existing genus; *Aliiabyssisolibacter*: A genus related to but distinct from the existing genus Abyssisolibacter of other.

Aliiabyssivirga

L. masc. adjective *alius*, other; L. fem. n. *Abyssivirga*, An existing genus; *Aliiabyssivirga*: A genus related to but distinct from the existing genus Abyssivirga of other.

Aliiacanthopleuribacter

L. masc. adjective *alius*, other; L. masc. n. *Acanthopleuribacter*, An existing genus; *Aliiacanthopleuribacter*: A genus related to but distinct from the existing genus Acanthopleuribacter of other.

Aliiacaricomes

L. masc. adjective *alius*, other; L. masc. n. *Acaricomes*, An existing genus; *Aliiacaricomes*: A genus related to but distinct from the existing genus Acaricomes of other.

Aliiacaryochloris

L. masc. adjective *alius*, other; L. fem. n. *Acaryochloris*, An existing genus; *Aliiacaryochloris*: A genus related to but distinct from the existing genus Acaryochloris of other.

Aliiacetanaerobacterium

L. masc. adjective *alius*, other; L. neut. n. *Acetanaerobacterium*, An existing genus; *Aliiacetanaerobacterium*: A genus related to but distinct from the existing genus Acetanaerobacterium of other.

Aliiacetatifactor

L. masc. adjective *alius*, other; L. masc. n. *Acetatifactor*, An existing genus; *Aliiacetatifactor*: A genus related to but distinct from the existing genus Acetatifactor of other.

Aliiacetilactobacillus

L. masc. adjective *alius*, other; L. masc. n. *Acetilactobacillus*, An existing genus; *Aliiacetilactobacillus*: A genus related to but distinct from the existing genus Acetilactobacillus of other.

Aliiacetitomaculum

L. masc. adjective *alius*, other; L. neut. n. *Acetitomaculum*, An existing genus; *Aliiacetitomaculum*: A genus related to but distinct from the existing genus Acetitomaculum of other.

Aliiacetivibrio

L. masc. adjective *alius*, other; L. masc. n. *Acetivibrio*, An existing genus; *Aliiacetivibrio*: A genus related to but distinct from the existing genus Acetivibrio of other.

Aliiacetoanaerobium

L. masc. adjective *alius*, other; L. neut. n. *Acetoanaerobium*, An existing genus; *Aliiacetoanaerobium*: A genus related to but distinct from the existing genus Acetoanaerobium of other.

Aliiacetobacter

L. masc. adjective *alius*, other; L. masc. n. *Acetobacter*, An existing genus; *Aliiacetobacter*: A genus related to but distinct from the existing genus Acetobacter of other.

Aliiacetobacterium

L. masc. adjective *alius*, other; L. neut. n. *Acetobacterium*, An existing genus; *Aliiacetobacterium*: A genus related to but distinct from the existing genus Acetobacterium of other.

Aliiacetobacteroides

L. masc. adjective *alius*, other; L. masc. n. *Acetobacteroides*, An existing genus; *Aliiacetobacteroides*: A genus related to but distinct from the existing genus Acetobacteroides of other.

Aliiacetofilamentum

L. masc. adjective *alius*, other; L. neut. n. *Acetofilamentum*, An existing genus; *Aliiacetofilamentum*: A genus related to but distinct from the existing genus Acetofilamentum of other.

Aliiacetogenium

L. masc. adjective *alius*, other; L. neut. n. *Acetogenium*, An existing genus; *Aliiacetogenium*: A genus related to but distinct from the existing genus Acetogenium of other.

Aliiacetohalobium

L. masc. adjective *alius*, other; L. neut. n. *Acetohalobium*, An existing genus; *Aliiacetohalobium*: A genus related to but distinct from the existing genus Acetohalobium of other.

Aliiacetomicrobium

L. masc. adjective *alius*, other; L. neut. n. *Acetomicrobium*, An existing genus; *Aliiacetomicrobium*: A genus related to but distinct from the existing genus Acetomicrobium of other.

Aliiacetonema

L. masc. adjective *alius*, other; L. neut. n. *Acetonema*, An existing genus; *Aliiacetonema*: A genus related to but distinct from the existing genus Acetonema of other.

Aliiacetothermus

L. masc. adjective *alius*, other; L. masc. n. *Acetothermus*, An existing genus; *Aliiacetothermus*: A genus related to but distinct from the existing genus Acetothermus of other.

Aliiacholeplasma

L. masc. adjective *alius*, other; L. neut. n. *Acholeplasma*, An existing genus; *Aliiacholeplasma*: A genus related to but distinct from the existing genus Acholeplasma of other.

Aliiachromatium

L. masc. adjective *alius*, other; L. neut. n. *Achromatium*, An existing genus; *Aliiachromatium*: A genus related to but distinct from the existing genus Achromatium of other.

Aliiachromobacter

L. masc. adjective *alius*, other; L. masc. n. *Achromobacter*, An existing genus; *Aliiachromobacter*: A genus related to but distinct from the existing genus Achromobacter of other.

Aliiacidaminobacter

L. masc. adjective *alius*, other; L. masc. n. *Acidaminobacter*, An existing genus; *Aliiacidaminobacter*: A genus related to but distinct from the existing genus Acidaminobacter of other.

Aliiacidaminococcus

L. masc. adjective *alius*, other; L. masc. n. *Acidaminococcus*, An existing genus; *Aliiacidaminococcus*: A genus related to but distinct from the existing genus Acidaminococcus of other.

Aliiacidianus

L. masc. adjective *alius*, other; L. masc. n. *Acidianus*, An existing genus; *Aliiacidianus*: A genus related to but distinct from the existing genus Acidianus of other.

Aliiacidibrevibacterium

L. masc. adjective *alius*, other; L. neut. n. *Acidibrevibacterium*, An existing genus; *Aliiacidibrevibacterium*: A genus related to but distinct from the existing genus Acidibrevibacterium of other.

Aliiacidicaldus

L. masc. adjective *alius*, other; L. masc. n. *Acidicaldus*, An existing genus; *Aliiacidicaldus*: A genus related to but distinct from the existing genus Acidicaldus of other.

Aliiacidicapsa

L. masc. adjective *alius*, other; L. fem. n. *Acidicapsa*, An existing genus; *Aliiacidicapsa*: A genus related to but distinct from the existing genus Acidicapsa of other.

Aliiacidiferrimicrobium

L. masc. adjective *alius*, other; L. neut. n. *Acidiferrimicrobium*, An existing genus; *Aliiacidiferrimicrobium*: A genus related to but distinct from the existing genus Acidiferrimicrobium of other.

Aliiacidiferrobacter

L. masc. adjective *alius*, other; L. masc. n. *Acidiferrobacter*, An existing genus; *Aliiacidiferrobacter*: A genus related to but distinct from the existing genus Acidiferrobacter of other.

Aliiacidihalobacter

L. masc. adjective *alius*, other; L. masc. n. *Acidihalobacter*, An existing genus; *Aliiacidihalobacter*: A genus related to but distinct from the existing genus Acidihalobacter of other.

Aliiacidilobus

L. masc. adjective *alius*, other; L. masc. n. *Acidilobus*, An existing genus; *Aliiacidilobus*: A genus related to but distinct from the existing genus Acidilobus of other.

Aliiacidimangrovimonas

L. masc. adjective *alius*, other; L. fem. n. *Acidimangrovimonas*, An existing genus; *Aliiacidimangrovimonas*: A genus related to but distinct from the existing genus Acidimangrovimonas of other.

Aliiacidimicrobium

L. masc. adjective *alius*, other; L. neut. n. *Acidimicrobium*, An existing genus; *Aliiacidimicrobium*: A genus related to but distinct from the existing genus Acidimicrobium of other.

Aliiacidiphilium

L. masc. adjective *alius*, other; L. neut. n. *Acidiphilium*, An existing genus; *Aliiacidiphilium*: A genus related to but distinct from the existing genus Acidiphilium of other.

Aliiacidiplasma

L. masc. adjective *alius*, other; L. neut. n. *Acidiplasma*, An existing genus; *Aliiacidiplasma*: A genus related to but distinct from the existing genus Acidiplasma of other.

Aliiacidipropionibacterium

L. masc. adjective *alius*, other; L. neut. n. *Acidipropionibacterium*, An existing genus; *Aliiacidipropionibacterium*: A genus related to but distinct from the existing genus Acidipropionibacterium of other.

Aliiacidisarcina

L. masc. adjective *alius*, other; L. fem. n. *Acidisarcina*, An existing genus; *Aliiacidisarcina*: A genus related to but distinct from the existing genus Acidisarcina of other.

Aliiacidisoma

L. masc. adjective *alius*, other; L. neut. n. *Acidisoma*, An existing genus; *Aliiacidisoma*: A genus related to but distinct from the existing genus Acidisoma of other.

Aliiacidisphaera

L. masc. adjective *alius*, other; L. fem. n. *Acidisphaera*, An existing genus; *Aliiacidisphaera*: A genus related to but distinct from the existing genus Acidisphaera of other.

Aliiacidithiobacillus

L. masc. adjective *alius*, other; L. masc. n. *Acidithiobacillus*, An existing genus; *Aliiacidithiobacillus*: A genus related to but distinct from the existing genus Acidithiobacillus of other.

Aliiacidithrix

L. masc. adjective *alius*, other; L. fem. n. *Acidithrix*, An existing genus; *Aliiacidithrix*: A genus related to but distinct from the existing genus Acidithrix of other.

Aliiacidocella

L. masc. adjective *alius*, other; L. fem. n. *Acidocella*, An existing genus; *Aliiacidocella*: A genus related to but distinct from the existing genus Acidocella of other.

Aliiacidovorax

L. masc. adjective *alius*, other; L. masc. n. *Acidovorax*, An existing genus; *Aliiacidovorax*: A genus related to but distinct from the existing genus Acidovorax of other.

Aliiacinetobacter

L. masc. adjective *alius*, other; L. masc. n. *Acinetobacter*, An existing genus; *Aliiacinetobacter*: A genus related to but distinct from the existing genus Acinetobacter of other.

Aliiacrocarpospora

L. masc. adjective *alius*, other; L. fem. n. *Acrocarpospora*, An existing genus; *Aliiacrocarpospora*: A genus related to but distinct from the existing genus Acrocarpospora of other.

Aliiactibacter

L. masc. adjective *alius*, other; L. masc. n. *Actibacter*, An existing genus; *Aliiactibacter*: A genus related to but distinct from the existing genus Actibacter of other.

Aliiactibacterium

L. masc. adjective *alius*, other; L. neut. n. *Actibacterium*, An existing genus; *Aliiactibacterium*: A genus related to but distinct from the existing genus Actibacterium of other.

Aliiactimicrobium

L. masc. adjective *alius*, other; L. neut. n. *Actimicrobium*, An existing genus; *Aliiactimicrobium*: A genus related to but distinct from the existing genus Actimicrobium of other.

Aliiactinaurispora

L. masc. adjective *alius*, other; L. fem. n. *Actinaurispora*, An existing genus; *Aliiactinaurispora*: A genus related to but distinct from the existing genus Actinaurispora of other.

Aliiactinoallomurus

L. masc. adjective *alius*, other; L. masc. n. *Actinoallomurus*, An existing genus; *Aliiactinoallomurus*: A genus related to but distinct from the existing genus Actinoallomurus of other.

Aliiactinobispora

L. masc. adjective *alius*, other; L. fem. n. *Actinobispora*, An existing genus; *Aliiactinobispora*: A genus related to but distinct from the existing genus Actinobispora of other.

Aliiactinocatenispora

L. masc. adjective *alius*, other; L. fem. n. *Actinocatenispora*, An existing genus; *Aliiactinocatenispora*: A genus related to but distinct from the existing genus Actinocatenispora of other.

Aliiactinocorallia

L. masc. adjective *alius*, other; L. fem. n. *Actinocorallia*, An existing genus; *Aliiactinocorallia*: A genus related to but distinct from the existing genus Actinocorallia of other.

Aliiactinocrinis

L. masc. adjective *alius*, other; L. masc. n. *Actinocrinis*, An existing genus; *Aliiactinocrinis*: A genus related to but distinct from the existing genus Actinocrinis of other.

Aliiactinocrispum

L. masc. adjective *alius*, other; L. neut. n. *Actinocrispum*, An existing genus; *Aliiactinocrispum*: A genus related to but distinct from the existing genus Actinocrispum of other.

Aliiactinokineospora

L. masc. adjective *alius*, other; L. fem. n. *Actinokineospora*, An existing genus; *Aliiactinokineospora*: A genus related to but distinct from the existing genus Actinokineospora of other.

Aliiactinomadura

L. masc. adjective *alius*, other; L. fem. n. *Actinomadura*, An existing genus; *Aliiactinomadura*: A genus related to but distinct from the existing genus Actinomadura of other.

Aliiactinomarinicola

L. masc. adjective *alius*, other; L. fem. n. *Actinomarinicola*, An existing genus; *Aliiactinomarinicola*: A genus related to but distinct from the existing genus Actinomarinicola of other.

Aliiactinomyces

L. masc. adjective *alius*, other; L. masc. n. *Actinomyces*, An existing genus; *Aliiactinomyces*: A genus related to but distinct from the existing genus Actinomyces of other.

Aliiactinomycetospora

L. masc. adjective *alius*, other; L. fem. n. *Actinomycetospora*, An existing genus; *Aliiactinomycetospora*: A genus related to but distinct from the existing genus Actinomycetospora of other.

Aliiactinophytocola

L. masc. adjective *alius*, other; L. masc. n. *Actinophytocola*, An existing genus; *Aliiactinophytocola*: A genus related to but distinct from the existing genus Actinophytocola of other.

Aliiactinoplanes

L. masc. adjective *alius*, other; L. masc. n. *Actinoplanes*, An existing genus; *Aliiactinoplanes*: A genus related to but distinct from the existing genus Actinoplanes of other.

Aliiactinopolymorpha

L. masc. adjective *alius*, other; L. fem. n. *Actinopolymorpha*, An existing genus; *Aliiactinopolymorpha*: A genus related to but distinct from the existing genus Actinopolymorpha of other.

Aliiactinopolyspora

L. masc. adjective *alius*, other; L. fem. n. *Actinopolyspora*, An existing genus; *Aliiactinopolyspora*: A genus related to but distinct from the existing genus Actinopolyspora of other.

Aliiactinorectispora

L. masc. adjective *alius*, other; L. fem. n. *Actinorectispora*, An existing genus; *Aliiactinorectispora*: A genus related to but distinct from the existing genus Actinorectispora of other.

Aliiactinorhabdospora

L. masc. adjective *alius*, other; L. fem. n. *Actinorhabdospora*, An existing genus; *Aliiactinorhabdospora*: A genus related to but distinct from the existing genus Actinorhabdospora of other.

Aliiactinorugispora

L. masc. adjective *alius*, other; L. fem. n. *Actinorugispora*, An existing genus; *Aliiactinorugispora*: A genus related to but distinct from the existing genus Actinorugispora of other.

Aliiactinospica

L. masc. adjective *alius*, other; L. fem. n. *Actinospica*, An existing genus; *Aliiactinospica*: A genus related to but distinct from the existing genus Actinospica of other.

Aliiactinosporangium

L. masc. adjective *alius*, other; L. neut. n. *Actinosporangium*, An existing genus; *Aliiactinosporangium*: A genus related to but distinct from the existing genus Actinosporangium of other.

Aliiactinosynnema

L. masc. adjective *alius*, other; L. neut. n. *Actinosynnema*, An existing genus; *Aliiactinosynnema*: A genus related to but distinct from the existing genus Actinosynnema of other.

Aliiactinotalea

L. masc. adjective *alius*, other; L. fem. n. *Actinotalea*, An existing genus; *Aliiactinotalea*: A genus related to but distinct from the existing genus Actinotalea of other.

Aliiactinotignum

L. masc. adjective *alius*, other; L. neut. n. *Actinotignum*, An existing genus; *Aliiactinotignum*: A genus related to but distinct from the existing genus Actinotignum of other.

Aliiacutalibacter

L. masc. adjective *alius*, other; L. masc. n. *Acutalibacter*, An existing genus; *Aliiacutalibacter*: A genus related to but distinct from the existing genus Acutalibacter of other.

Aliiacuticoccus

L. masc. adjective *alius*, other; L. masc. n. *Acuticoccus*, An existing genus; *Aliiacuticoccus*: A genus related to but distinct from the existing genus Acuticoccus of other.

Aliiadhaeribacter

L. masc. adjective *alius*, other; L. masc. n. *Adhaeribacter*, An existing genus; *Aliiadhaeribacter*: A genus related to but distinct from the existing genus Adhaeribacter of other.

Aliiadlercreutzia

L. masc. adjective *alius*, other; L. fem. n. *Adlercreutzia*, An existing genus; *Aliiadlercreutzia*: A genus related to but distinct from the existing genus Adlercreutzia of other.

Aliiadvenella

L. masc. adjective *alius*, other; L. fem. dim. n. *Advenella*, An existing genus; *Aliiadvenella*: A genus related to but distinct from the existing genus Advenella of other.

Aliiaegyptianella

L. masc. adjective *alius*, other; L. fem. n. *Aegyptianella*, An existing genus; *Aliiaegyptianella*: A genus related to but distinct from the existing genus Aegyptianella of other.

Aliiaequoribacter

L. masc. adjective *alius*, other; L. masc. n. *Aequoribacter*, An existing genus; *Aliiaequoribacter*: A genus related to but distinct from the existing genus Aequoribacter of other.

Aliiaequorivita

L. masc. adjective *alius*, other; L. fem. n. *Aequorivita*, An existing genus; *Aliiaequorivita*: A genus related to but distinct from the existing genus Aequorivita of other.

Aliiaeribacillus

L. masc. adjective *alius*, other; L. masc. n. *Aeribacillus*, An existing genus; *Aliiaeribacillus*: A genus related to but distinct from the existing genus Aeribacillus of other.

Aliiaeriscardovia

L. masc. adjective *alius*, other; L. fem. n. *Aeriscardovia*, An existing genus; *Aliiaeriscardovia*: A genus related to but distinct from the existing genus Aeriscardovia of other.

Aliiaerococcus

L. masc. adjective *alius*, other; L. masc. n. *Aerococcus*, An existing genus; *Aliiaerococcus*: A genus related to but distinct from the existing genus Aerococcus of other.

Aliiaeromicrobium

L. masc. adjective *alius*, other; L. neut. n. *Aeromicrobium*, An existing genus; *Aliiaeromicrobium*: A genus related to but distinct from the existing genus Aeromicrobium of other.

Aliiaeropyrum

L. masc. adjective *alius*, other; L. neut. n. *Aeropyrum*, An existing genus; *Aliiaeropyrum*: A genus related to but distinct from the existing genus Aeropyrum of other.

Aliiaerosakkonema

L. masc. adjective *alius*, other; L. neut. n. *Aerosakkonema*, An existing genus; *Aliiaerosakkonema*: A genus related to but distinct from the existing genus Aerosakkonema of other.

Aliiaestuariibacter

L. masc. adjective *alius*, other; L. masc. n. *Aestuariibacter*, An existing genus; *Aliiaestuariibacter*: A genus related to but distinct from the existing genus Aestuariibacter of other.

Aliiaestuariibaculum

L. masc. adjective *alius*, other; L. neut. n. *Aestuariibaculum*, An existing genus; *Aliiaestuariibaculum*: A genus related to but distinct from the existing genus Aestuariibaculum of other.

Aliiaestuariibius

L. masc. adjective *alius*, other; L. masc. n. *Aestuariibius*, An existing genus; *Aliiaestuariibius*: A genus related to but distinct from the existing genus Aestuariibius of other.

Aliiaestuariicella

L. masc. adjective *alius*, other; L. fem. n. *Aestuariicella*, An existing genus; *Aliiaestuariicella*: A genus related to but distinct from the existing genus Aestuariicella of other.

Aliiaestuariicoccus

L. masc. adjective *alius*, other; L. masc. n. *Aestuariicoccus*, An existing genus; *Aliiaestuariicoccus*: A genus related to but distinct from the existing genus Aestuariicoccus of other.

Aliiaestuariicola

L. masc. adjective *alius*, other; L. masc. n. *Aestuariicola*, An existing genus; *Aliiaestuariicola*: A genus related to but distinct from the existing genus Aestuariicola of other.

Aliiaestuariihabitans

L. masc. adjective *alius*, other; L. masc. n. *Aestuariihabitans*, An existing genus; *Aliiaestuariihabitans*: A genus related to but distinct from the existing genus Aestuariihabitans of other.

Aliiaestuariimicrobium

L. masc. adjective *alius*, other; L. neut. n. *Aestuariimicrobium*, An existing genus; *Aliiaestuariimicrobium*: A genus related to but distinct from the existing genus Aestuariimicrobium of other.

Aliiaestuariirhabdus

L. masc. adjective *alius*, other; L. fem. n. *Aestuariirhabdus*, An existing genus; *Aliiaestuariirhabdus*: A genus related to but distinct from the existing genus Aestuariirhabdus of other.

Aliiaestuariisphingobium

L. masc. adjective *alius*, other; L. neut. n. *Aestuariisphingobium*, An existing genus; *Aliiaestuariisphingobium*: A genus related to but distinct from the existing genus Aestuariisphingobium of other.

Aliiaestuariivirga

L. masc. adjective *alius*, other; L. fem. n. *Aestuariivirga*, An existing genus; *Aliiaestuariivirga*: A genus related to but distinct from the existing genus Aestuariivirga of other.

Aliiaestuariivita

L. masc. adjective *alius*, other; L. fem. n. *Aestuariivita*, An existing genus; *Aliiaestuariivita*: A genus related to but distinct from the existing genus Aestuariivita of other.

Aliiaestuarium

L. masc. adjective *alius*, other; L. neut. n. *Aestuarium*, An existing genus; *Aliiaestuarium*: A genus related to but distinct from the existing genus Aestuarium of other.

Aliiaetherobacter

L. masc. adjective *alius*, other; L. masc. n. *Aetherobacter*, An existing genus; *Aliiaetherobacter*: A genus related to but distinct from the existing genus Aetherobacter of other.

Aliiafifella

L. masc. adjective *alius*, other; L. fem. dim. n. *Afifella*, An existing genus; *Aliiafifella*: A genus related to but distinct from the existing genus Afifella of other.

Aliiafipia

L. masc. adjective *alius*, other; L. fem. n. *Afipia*, An existing genus; *Aliiafipia*: A genus related to but distinct from the existing genus Afipia of other.

Aliiagaribacter

L. masc. adjective *alius*, other; L. masc. n. *Agaribacter*, An existing genus; *Aliiagaribacter*: A genus related to but distinct from the existing genus Agaribacter of other.

Aliiagaribacterium

L. masc. adjective *alius*, other; L. neut. n. *Agaribacterium*, An existing genus; *Aliiagaribacterium*: A genus related to but distinct from the existing genus Agaribacterium of other.

Aliiagaricicola

L. masc. adjective *alius*, other; L. masc. n. *Agaricicola*, An existing genus; *Aliiagaricicola*: A genus related to but distinct from the existing genus Agaricicola of other.

Aliiagarilytica

L. masc. adjective *alius*, other; L. fem. n. *Agarilytica*, An existing genus; *Aliiagarilytica*: A genus related to but distinct from the existing genus Agarilytica of other.

Aliiagarivorans

L. masc. adjective *alius*, other; L. masc. n. *Agarivorans*, An existing genus; *Aliiagarivorans*: A genus related to but distinct from the existing genus Agarivorans of other.

Aliiagathobacter

L. masc. adjective *alius*, other; L. masc. n. *Agathobacter*, An existing genus; *Aliiagathobacter*: A genus related to but distinct from the existing genus Agathobacter of other.

Aliiagathobaculum

L. masc. adjective *alius*, other; L. neut. n. *Agathobaculum*, An existing genus; *Aliiagathobaculum*: A genus related to but distinct from the existing genus Agathobaculum of other.

Aliiaggregatibacter

L. masc. adjective *alius*, other; L. masc. n. *Aggregatibacter*, An existing genus; *Aliiaggregatibacter*: A genus related to but distinct from the existing genus Aggregatibacter of other.

Aliiaggregatilinea

L. masc. adjective *alius*, other; L. fem. n. *Aggregatilinea*, An existing genus; *Aliiaggregatilinea*: A genus related to but distinct from the existing genus Aggregatilinea of other.

Aliiaggregicoccus

L. masc. adjective *alius*, other; L. masc. n. *Aggregicoccus*, An existing genus; *Aliiaggregicoccus*: A genus related to but distinct from the existing genus Aggregicoccus of other.

Aliiagitococcus

L. masc. adjective *alius*, other; L. masc. n. *Agitococcus*, An existing genus; *Aliiagitococcus*: A genus related to but distinct from the existing genus Agitococcus of other.

Aliiagreia

L. masc. adjective *alius*, other; L. fem. n. *Agreia*, An existing genus; *Aliiagreia*: A genus related to but distinct from the existing genus Agreia of other.

Aliiagrilactobacillus

L. masc. adjective *alius*, other; L. masc. n. *Agrilactobacillus*, An existing genus; *Aliiagrilactobacillus*: A genus related to but distinct from the existing genus Agrilactobacillus of other.

Aliiagrobacterium

L. masc. adjective *alius*, other; L. neut. n. *Agrobacterium*, An existing genus; *Aliiagrobacterium*: A genus related to but distinct from the existing genus Agrobacterium of other.

Aliiagrococcus

L. masc. adjective *alius*, other; L. masc. n. *Agrococcus*, An existing genus; *Aliiagrococcus*: A genus related to but distinct from the existing genus Agrococcus of other.

Aliiagromonas

L. masc. adjective *alius*, other; L. fem. n. *Agromonas*, An existing genus; *Aliiagromonas*: A genus related to but distinct from the existing genus Agromonas of other.

Aliiagromyces

L. masc. adjective *alius*, other; L. masc. n. *Agromyces*, An existing genus; *Aliiagromyces*: A genus related to but distinct from the existing genus Agromyces of other.

Aliiahniella

L. masc. adjective *alius*, other; L. fem. dim. n. *Ahniella*, An existing genus; *Aliiahniella*: A genus related to but distinct from the existing genus Ahniella of other.

Aliiahrensia

L. masc. adjective *alius*, other; L. fem. n. *Ahrensia*, An existing genus; *Aliiahrensia*: A genus related to but distinct from the existing genus Ahrensia of other.

Aliiaidingibacillus

L. masc. adjective *alius*, other; L. masc. n. *Aidingibacillus*, An existing genus; *Aliiaidingibacillus*: A genus related to but distinct from the existing genus Aidingibacillus of other.

Aliiaidingimonas

L. masc. adjective *alius*, other; L. fem. n. *Aidingimonas*, An existing genus; *Aliiaidingimonas*: A genus related to but distinct from the existing genus Aidingimonas of other.

Aliiakkermansia

L. masc. adjective *alius*, other; L. fem. n. *Akkermansia*, An existing genus; *Aliiakkermansia*: A genus related to but distinct from the existing genus Akkermansia of other.

Aliialbertania

L. masc. adjective *alius*, other; L. fem. n. *Albertania*, An existing genus; *Aliialbertania*: A genus related to but distinct from the existing genus Albertania of other.

Aliialbibacter

L. masc. adjective *alius*, other; L. masc. n. *Albibacter*, An existing genus; *Aliialbibacter*: A genus related to but distinct from the existing genus Albibacter of other.

Aliialbibacterium

L. masc. adjective *alius*, other; L. neut. n. *Albibacterium*, An existing genus; *Aliialbibacterium*: A genus related to but distinct from the existing genus Albibacterium of other.

Aliialbidiferax

L. masc. adjective *alius*, other; L. masc. n. *Albidiferax*, An existing genus; *Aliialbidiferax*: A genus related to but distinct from the existing genus Albidiferax of other.

Aliialbidovulum

L. masc. adjective *alius*, other; L. neut. n. *Albidovulum*, An existing genus; *Aliialbidovulum*: A genus related to but distinct from the existing genus Albidovulum of other.

Aliialbimonas

L. masc. adjective *alius*, other; L. fem. n. *Albimonas*, An existing genus; *Aliialbimonas*: A genus related to but distinct from the existing genus Albimonas of other.

Aliialbirhodobacter

L. masc. adjective *alius*, other; L. masc. n. *Albirhodobacter*, An existing genus; *Aliialbirhodobacter*: A genus related to but distinct from the existing genus Albirhodobacter of other.

Aliialbrightia

L. masc. adjective *alius*, other; L. fem. n. *Albrightia*, An existing genus; *Aliialbrightia*: A genus related to but distinct from the existing genus Albrightia of other.

Aliialcaligenes

L. masc. adjective *alius*, other; L. masc. n. *Alcaligenes*, An existing genus; *Aliialcaligenes*: A genus related to but distinct from the existing genus Alcaligenes of other.

Aliialcanivorax

L. masc. adjective *alius*, other; L. masc. n. *Alcanivorax*, An existing genus; *Aliialcanivorax*: A genus related to but distinct from the existing genus Alcanivorax of other.

Aliialdersonia

L. masc. adjective *alius*, other; L. fem. n. *Aldersonia*, An existing genus; *Aliialdersonia*: A genus related to but distinct from the existing genus Aldersonia of other.

Aliialgibacter

L. masc. adjective *alius*, other; L. masc. n. *Algibacter*, An existing genus; *Aliialgibacter*: A genus related to but distinct from the existing genus Algibacter of other.

Aliialgicoccus

L. masc. adjective *alius*, other; L. masc. n. *Algicoccus*, An existing genus; *Aliialgicoccus*: A genus related to but distinct from the existing genus Algicoccus of other.

Aliialgicola

L. masc. adjective *alius*, other; L. fem. n. *Algicola*, An existing genus; *Aliialgicola*: A genus related to but distinct from the existing genus Algicola of other.

Aliialgihabitans

L. masc. adjective *alius*, other; L. masc. n. *Algihabitans*, An existing genus; *Aliialgihabitans*: A genus related to but distinct from the existing genus Algihabitans of other.

Aliialgimonas

L. masc. adjective *alius*, other; L. fem. n. *Algimonas*, An existing genus; *Aliialgimonas*: A genus related to but distinct from the existing genus Algimonas of other.

Aliialginatibacterium

L. masc. adjective *alius*, other; L. neut. n. *Alginatibacterium*, An existing genus; *Aliialginatibacterium*: A genus related to but distinct from the existing genus Alginatibacterium of other.

Aliialgiphilus

L. masc. adjective *alius*, other; L. masc. n. *Algiphilus*, An existing genus; *Aliialgiphilus*: A genus related to but distinct from the existing genus Algiphilus of other.

Aliialgisphaera

L. masc. adjective *alius*, other; L. fem. n. *Algisphaera*, An existing genus; *Aliialgisphaera*: A genus related to but distinct from the existing genus Algisphaera of other.

Aliialgitalea

L. masc. adjective *alius*, other; L. fem. n. *Algitalea*, An existing genus; *Aliialgitalea*: A genus related to but distinct from the existing genus Algitalea of other.

Aliialgivirga

L. masc. adjective *alius*, other; L. fem. n. *Algivirga*, An existing genus; *Aliialgivirga*: A genus related to but distinct from the existing genus Algivirga of other.

Aliialgoriella

L. masc. adjective *alius*, other; L. fem. dim. n. *Algoriella*, An existing genus; *Aliialgoriella*: A genus related to but distinct from the existing genus Algoriella of other.

Aliialgorimarina

L. masc. adjective *alius*, other; L. fem. n. *Algorimarina*, An existing genus; *Aliialgorimarina*: A genus related to but distinct from the existing genus Algorimarina of other.

Aliialgoriphagus

L. masc. adjective *alius*, other; L. masc. n. *Algoriphagus*, An existing genus; *Aliialgoriphagus*: A genus related to but distinct from the existing genus Algoriphagus of other.

Aliialiagarivorans

L. masc. adjective *alius*, other; L. masc. n. *Aliagarivorans*, An existing genus; *Aliialiagarivorans*: A genus related to but distinct from the existing genus Aliagarivorans of other.

Aliialiarcobacter

L. masc. adjective *alius*, other; L. masc. n. *Aliarcobacter*, An existing genus; *Aliialiarcobacter*: A genus related to but distinct from the existing genus Aliarcobacter of other.

Aliialicycliphilus

L. masc. adjective *alius*, other; L. masc. n. *Alicycliphilus*, An existing genus; *Aliialicycliphilus*: A genus related to but distinct from the existing genus Alicycliphilus of other.

Aliialicyclobacillus

L. masc. adjective *alius*, other; L. masc. n. *Alicyclobacillus*, An existing genus; *Aliialicyclobacillus*: A genus related to but distinct from the existing genus Alicyclobacillus of other.

Aliialienimonas

L. masc. adjective *alius*, other; L. fem. n. *Alienimonas*, An existing genus; *Aliialienimonas*: A genus related to but distinct from the existing genus Alienimonas of other.

Aliialiibacillus

L. masc. adjective *alius*, other; L. masc. n. *Aliibacillus*, An existing genus; *Aliialiibacillus*: A genus related to but distinct from the existing genus Aliibacillus of other.

Aliialiicoccus

L. masc. adjective *alius*, other; L. masc. n. *Aliicoccus*, An existing genus; *Aliialiicoccus*: A genus related to but distinct from the existing genus Aliicoccus of other.

Aliialiidiomarina

L. masc. adjective *alius*, other; L. fem. n. *Aliidiomarina*, An existing genus; *Aliialiidiomarina*: A genus related to but distinct from the existing genus Aliidiomarina of other.

Aliialiidongia

L. masc. adjective *alius*, other; L. fem. n. *Aliidongia*, An existing genus; *Aliialiidongia*: A genus related to but distinct from the existing genus Aliidongia of other.

Aliialiifodinibius

L. masc. adjective *alius*, other; L. masc. n. *Aliifodinibius*, An existing genus; *Aliialiifodinibius*: A genus related to but distinct from the existing genus Aliifodinibius of other.

Aliialiiglaciecola

L. masc. adjective *alius*, other; L. fem. n. *Aliiglaciecola*, An existing genus; *Aliialiiglaciecola*: A genus related to but distinct from the existing genus Aliiglaciecola of other.

Aliialiihoeflea

L. masc. adjective *alius*, other; L. fem. n. *Aliihoeflea*, An existing genus; *Aliialiihoeflea*: A genus related to but distinct from the existing genus Aliihoeflea of other.

Aliialiikangiella

L. masc. adjective *alius*, other; L. fem. dim. n. *Aliikangiella*, An existing genus; *Aliialiikangiella*: A genus related to but distinct from the existing genus Aliikangiella of other.

Aliialiinostoc

L. masc. adjective *alius*, other; L. neut. n. *Aliinostoc*, An existing genus; *Aliialiinostoc*: A genus related to but distinct from the existing genus Aliinostoc of other.

Aliialiiroseovarius

L. masc. adjective *alius*, other; L. masc. n. *Aliiroseovarius*, An existing genus; *Aliialiiroseovarius*: A genus related to but distinct from the existing genus Aliiroseovarius of other.

Aliialiisedimentitalea

L. masc. adjective *alius*, other; L. fem. n. *Aliisedimentitalea*, An existing genus; *Aliialiisedimentitalea*: A genus related to but distinct from the existing genus Aliisedimentitalea of other.

Aliialiishimia

L. masc. adjective *alius*, other; L. fem. n. *Aliishimia*, An existing genus; *Aliialiishimia*: A genus related to but distinct from the existing genus Aliishimia of other.

Aliialiivibrio

L. masc. adjective *alius*, other; L. masc. n. *Aliivibrio*, An existing genus; *Aliialiivibrio*: A genus related to but distinct from the existing genus Aliivibrio of other.

Aliialishewanella

L. masc. adjective *alius*, other; L. fem. dim. n. *Alishewanella*, An existing genus; *Aliialishewanella*: A genus related to but distinct from the existing genus Alishewanella of other.

Aliialistipes

L. masc. adjective *alius*, other; L. masc. n. *Alistipes*, An existing genus; *Aliialistipes*: A genus related to but distinct from the existing genus Alistipes of other.

Aliialiterella

L. masc. adjective *alius*, other; L. fem. dim. n. *Aliterella*, An existing genus; *Aliialiterella*: A genus related to but distinct from the existing genus Aliterella of other.

Aliialkalibacillus

L. masc. adjective *alius*, other; L. masc. n. *Alkalibacillus*, An existing genus; *Aliialkalibacillus*: A genus related to but distinct from the existing genus Alkalibacillus of other.

Aliialkalibacter

L. masc. adjective *alius*, other; L. masc. n. *Alkalibacter*, An existing genus; *Aliialkalibacter*: A genus related to but distinct from the existing genus Alkalibacter of other.

Aliialkalibacterium

L. masc. adjective *alius*, other; L. neut. n. *Alkalibacterium*, An existing genus; *Aliialkalibacterium*: A genus related to but distinct from the existing genus Alkalibacterium of other.

Aliialkalibaculum

L. masc. adjective *alius*, other; L. neut. n. *Alkalibaculum*, An existing genus; *Aliialkalibaculum*: A genus related to but distinct from the existing genus Alkalibaculum of other.

Aliialkalicoccus

L. masc. adjective *alius*, other; L. masc. n. *Alkalicoccus*, An existing genus; *Aliialkalicoccus*: A genus related to but distinct from the existing genus Alkalicoccus of other.

Aliialkaliflexus

L. masc. adjective *alius*, other; L. masc. n. *Alkaliflexus*, An existing genus; *Aliialkaliflexus*: A genus related to but distinct from the existing genus Alkaliflexus of other.

Aliialkalihalobacillus

L. masc. adjective *alius*, other; L. masc. n. *Alkalihalobacillus*, An existing genus; *Aliialkalihalobacillus*: A genus related to but distinct from the existing genus Alkalihalobacillus of other.

Aliialkalilactibacillus

L. masc. adjective *alius*, other; L. masc. n. *Alkalilactibacillus*, An existing genus; *Aliialkalilactibacillus*: A genus related to but distinct from the existing genus Alkalilactibacillus of other.

Aliialkalilacustris

L. masc. adjective *alius*, other; L. masc. n. *Alkalilacustris*, An existing genus; *Aliialkalilacustris*: A genus related to but distinct from the existing genus Alkalilacustris of other.

Aliialkalimarinus

L. masc. adjective *alius*, other; L. masc. n. *Alkalimarinus*, An existing genus; *Aliialkalimarinus*: A genus related to but distinct from the existing genus Alkalimarinus of other.

Aliialkalimicrobium

L. masc. adjective *alius*, other; L. neut. n. *Alkalimicrobium*, An existing genus; *Aliialkalimicrobium*: A genus related to but distinct from the existing genus Alkalimicrobium of other.

Aliialkalimonas

L. masc. adjective *alius*, other; L. fem. n. *Alkalimonas*, An existing genus; *Aliialkalimonas*: A genus related to but distinct from the existing genus Alkalimonas of other.

Aliialkalinema

L. masc. adjective *alius*, other; L. neut. n. *Alkalinema*, An existing genus; *Aliialkalinema*: A genus related to but distinct from the existing genus Alkalinema of other.

Aliialkaliphilus

L. masc. adjective *alius*, other; L. masc. n. *Alkaliphilus*, An existing genus; *Aliialkaliphilus*: A genus related to but distinct from the existing genus Alkaliphilus of other.

Aliialkalispirillum

L. masc. adjective *alius*, other; L. neut. dim. n. *Alkalispirillum*, An existing genus; *Aliialkalispirillum*: A genus related to but distinct from the existing genus Alkalispirillum of other.

Aliialkalispirochaeta

L. masc. adjective *alius*, other; L. fem. n. *Alkalispirochaeta*, An existing genus; *Aliialkalispirochaeta*: A genus related to but distinct from the existing genus Alkalispirochaeta of other.

Aliialkalitalea

L. masc. adjective *alius*, other; L. fem. n. *Alkalitalea*, An existing genus; *Aliialkalitalea*: A genus related to but distinct from the existing genus Alkalitalea of other.

Aliialkanibacter

L. masc. adjective *alius*, other; L. masc. n. *Alkanibacter*, An existing genus; *Aliialkanibacter*: A genus related to but distinct from the existing genus Alkanibacter of other.

Aliialkanindiges

L. masc. adjective *alius*, other; L. masc. n. *Alkanindiges*, An existing genus; *Aliialkanindiges*: A genus related to but distinct from the existing genus Alkanindiges of other.

Aliiallisonella

L. masc. adjective *alius*, other; L. fem. dim. n. *Allisonella*, An existing genus; *Aliiallisonella*: A genus related to but distinct from the existing genus Allisonella of other.

Aliialloactinosynnema

L. masc. adjective *alius*, other; L. neut. n. *Alloactinosynnema*, An existing genus; *Aliialloactinosynnema*: A genus related to but distinct from the existing genus Alloactinosynnema of other.

Aliiallobacillus

L. masc. adjective *alius*, other; L. masc. n. *Allobacillus*, An existing genus; *Aliiallobacillus*: A genus related to but distinct from the existing genus Allobacillus of other.

Aliiallobaculum

L. masc. adjective *alius*, other; L. neut. n. *Allobaculum*, An existing genus; *Aliiallobaculum*: A genus related to but distinct from the existing genus Allobaculum of other.

Aliiallobranchiibius

L. masc. adjective *alius*, other; L. masc. n. *Allobranchiibius*, An existing genus; *Aliiallobranchiibius*: A genus related to but distinct from the existing genus Allobranchiibius of other.

Aliiallocatelliglobosispora

L. masc. adjective *alius*, other; L. fem. n. *Allocatelliglobosispora*, An existing genus; *Aliiallocatelliglobosispora*: A genus related to but distinct from the existing genus Allocatelliglobosispora of other.

Aliiallochromatium

L. masc. adjective *alius*, other; L. neut. n. *Allochromatium*, An existing genus; *Aliiallochromatium*: A genus related to but distinct from the existing genus Allochromatium of other.

Aliiallofrancisella

L. masc. adjective *alius*, other; L. fem. dim. n. *Allofrancisella*, An existing genus; *Aliiallofrancisella*: A genus related to but distinct from the existing genus Allofrancisella of other.

Aliiallofustis

L. masc. adjective *alius*, other; L. masc. n. *Allofustis*, An existing genus; *Aliiallofustis*: A genus related to but distinct from the existing genus Allofustis of other.

Aliiallohahella

L. masc. adjective *alius*, other; L. fem. dim. n. *Allohahella*, An existing genus; *Aliiallohahella*: A genus related to but distinct from the existing genus Allohahella of other.

Aliiallohumibacter

L. masc. adjective *alius*, other; L. masc. n. *Allohumibacter*, An existing genus; *Aliiallohumibacter*: A genus related to but distinct from the existing genus Allohumibacter of other.

Aliialloiococcus

L. masc. adjective *alius*, other; L. masc. n. *Alloiococcus*, An existing genus; *Aliialloiococcus*: A genus related to but distinct from the existing genus Alloiococcus of other.

Aliiallokutzneria

L. masc. adjective *alius*, other; L. fem. n. *Allokutzneria*, An existing genus; *Aliiallokutzneria*: A genus related to but distinct from the existing genus Allokutzneria of other.

Aliiallomonas

L. masc. adjective *alius*, other; L. fem. n. *Allomonas*, An existing genus; *Aliiallomonas*: A genus related to but distinct from the existing genus Allomonas of other.

Aliiallonocardiopsis

L. masc. adjective *alius*, other; L. fem. n. *Allonocardiopsis*, An existing genus; *Aliiallonocardiopsis*: A genus related to but distinct from the existing genus Allonocardiopsis of other.

Aliialloprevotella

L. masc. adjective *alius*, other; L. fem. dim. n. *Alloprevotella*, An existing genus; *Aliialloprevotella*: A genus related to but distinct from the existing genus Alloprevotella of other.

Aliiallopseudarcicella

L. masc. adjective *alius*, other; L. fem. n. *Allopseudarcicella*, An existing genus; *Aliiallopseudarcicella*: A genus related to but distinct from the existing genus Allopseudarcicella of other.

Aliiallorhizobium

L. masc. adjective *alius*, other; L. neut. n. *Allorhizobium*, An existing genus; *Aliiallorhizobium*: A genus related to but distinct from the existing genus Allorhizobium of other.

Aliiallorhizocola

L. masc. adjective *alius*, other; L. masc. n. *Allorhizocola*, An existing genus; *Aliiallorhizocola*: A genus related to but distinct from the existing genus Allorhizocola of other.

Aliiallosalinactinospora

L. masc. adjective *alius*, other; L. fem. n. *Allosalinactinospora*, An existing genus; *Aliiallosalinactinospora*: A genus related to but distinct from the existing genus Allosalinactinospora of other.

Aliialloscardovia

L. masc. adjective *alius*, other; L. fem. n. *Alloscardovia*, An existing genus; *Aliialloscardovia*: A genus related to but distinct from the existing genus Alloscardovia of other.

Aliiallostreptomyces

L. masc. adjective *alius*, other; L. masc. n. *Allostreptomyces*, An existing genus; *Aliiallostreptomyces*: A genus related to but distinct from the existing genus Allostreptomyces of other.

Aliialpinimonas

L. masc. adjective *alius*, other; L. fem. n. *Alpinimonas*, An existing genus; *Aliialpinimonas*: A genus related to but distinct from the existing genus Alpinimonas of other.

Aliialsobacter

L. masc. adjective *alius*, other; L. masc. n. *Alsobacter*, An existing genus; *Aliialsobacter*: A genus related to but distinct from the existing genus Alsobacter of other.

Aliialtererythrobacter

L. masc. adjective *alius*, other; L. masc. n. *Altererythrobacter*, An existing genus; *Aliialtererythrobacter*: A genus related to but distinct from the existing genus Altererythrobacter of other.

Aliialteribacillus

L. masc. adjective *alius*, other; L. masc. n. *Alteribacillus*, An existing genus; *Aliialteribacillus*: A genus related to but distinct from the existing genus Alteribacillus of other.

Aliialterileibacterium

L. masc. adjective *alius*, other; L. neut. n. *Alterileibacterium*, An existing genus; *Aliialterileibacterium*: A genus related to but distinct from the existing genus Alterileibacterium of other.

Aliialterococcus

L. masc. adjective *alius*, other; L. masc. n. *Alterococcus*, An existing genus; *Aliialterococcus*: A genus related to but distinct from the existing genus Alterococcus of other.

Aliialteromonas

L. masc. adjective *alius*, other; L. fem. n. *Alteromonas*, An existing genus; *Aliialteromonas*: A genus related to but distinct from the existing genus Alteromonas of other.

Aliialtuibacter

L. masc. adjective *alius*, other; L. masc. n. *Altuibacter*, An existing genus; *Aliialtuibacter*: A genus related to but distinct from the existing genus Altuibacter of other.

Aliialysiella

L. masc. adjective *alius*, other; L. fem. dim. n. *Alysiella*, An existing genus; *Aliialysiella*: A genus related to but distinct from the existing genus Alysiella of other.

Aliiamantichitinum

L. masc. adjective *alius*, other; L. neut. n. *Amantichitinum*, An existing genus; *Aliiamantichitinum*: A genus related to but distinct from the existing genus Amantichitinum of other.

Aliiamaricoccus

L. masc. adjective *alius*, other; L. masc. n. *Amaricoccus*, An existing genus; *Aliiamaricoccus*: A genus related to but distinct from the existing genus Amaricoccus of other.

Aliiamazoninema

L. masc. adjective *alius*, other; L. neut. n. *Amazoninema*, An existing genus; *Aliiamazoninema*: A genus related to but distinct from the existing genus Amazoninema of other.

Aliiamedibacillus

L. masc. adjective *alius*, other; L. masc. n. *Amedibacillus*, An existing genus; *Aliiamedibacillus*: A genus related to but distinct from the existing genus Amedibacillus of other.

Aliiamedibacterium

L. masc. adjective *alius*, other; L. neut. n. *Amedibacterium*, An existing genus; *Aliiamedibacterium*: A genus related to but distinct from the existing genus Amedibacterium of other.

Aliiameyamaea

L. masc. adjective *alius*, other; L. fem. n. *Ameyamaea*, An existing genus; *Aliiameyamaea*: A genus related to but distinct from the existing genus Ameyamaea of other.

Aliiaminiphilus

L. masc. adjective *alius*, other; L. masc. n. *Aminiphilus*, An existing genus; *Aliiaminiphilus*: A genus related to but distinct from the existing genus Aminiphilus of other.

Aliiaminipila

L. masc. adjective *alius*, other; L. fem. n. *Aminipila*, An existing genus; *Aliiaminipila*: A genus related to but distinct from the existing genus Aminipila of other.

Aliiaminivibrio

L. masc. adjective *alius*, other; L. masc. n. *Aminivibrio*, An existing genus; *Aliiaminivibrio*: A genus related to but distinct from the existing genus Aminivibrio of other.

Aliiaminobacter

L. masc. adjective *alius*, other; L. masc. n. *Aminobacter*, An existing genus; *Aliiaminobacter*: A genus related to but distinct from the existing genus Aminobacter of other.

Aliiaminobacterium

L. masc. adjective *alius*, other; L. neut. n. *Aminobacterium*, An existing genus; *Aliiaminobacterium*: A genus related to but distinct from the existing genus Aminobacterium of other.

Aliiaminomonas

L. masc. adjective *alius*, other; L. fem. n. *Aminomonas*, An existing genus; *Aliiaminomonas*: A genus related to but distinct from the existing genus Aminomonas of other.

Aliiammassolinea

L. masc. adjective *alius*, other; L. fem. n. *Ammassolinea*, An existing genus; *Aliiammassolinea*: A genus related to but distinct from the existing genus Ammassolinea of other.

Aliiammonifex

L. masc. adjective *alius*, other; L. masc. n. *Ammonifex*, An existing genus; *Aliiammonifex*: A genus related to but distinct from the existing genus Ammonifex of other.

Aliiammoniibacillus

L. masc. adjective *alius*, other; L. masc. n. *Ammoniibacillus*, An existing genus; *Aliiammoniibacillus*: A genus related to but distinct from the existing genus Ammoniibacillus of other.

Aliiammoniphilus

L. masc. adjective *alius*, other; L. masc. n. *Ammoniphilus*, An existing genus; *Aliiammoniphilus*: A genus related to but distinct from the existing genus Ammoniphilus of other.

Aliiamnibacterium

L. masc. adjective *alius*, other; L. neut. n. *Amnibacterium*, An existing genus; *Aliiamnibacterium*: A genus related to but distinct from the existing genus Amnibacterium of other.

Aliiamniculibacterium

L. masc. adjective *alius*, other; L. neut. n. *Amniculibacterium*, An existing genus; *Aliiamniculibacterium*: A genus related to but distinct from the existing genus Amniculibacterium of other.

Aliiamnimonas

L. masc. adjective *alius*, other; L. fem. n. *Amnimonas*, An existing genus; *Aliiamnimonas*: A genus related to but distinct from the existing genus Amnimonas of other.

Aliiamoebobacter

L. masc. adjective *alius*, other; L. masc. n. *Amoebobacter*, An existing genus; *Aliiamoebobacter*: A genus related to but distinct from the existing genus Amoebobacter of other.

Aliiamorphosporangium

L. masc. adjective *alius*, other; L. neut. n. *Amorphosporangium*, An existing genus; *Aliiamorphosporangium*: A genus related to but distinct from the existing genus Amorphosporangium of other.

Aliiamorphus

L. masc. adjective *alius*, other; L. masc. n. *Amorphus*, An existing genus; *Aliiamorphus*: A genus related to but distinct from the existing genus Amorphus of other.

Aliiamphibacillus

L. masc. adjective *alius*, other; L. masc. n. *Amphibacillus*, An existing genus; *Aliiamphibacillus*: A genus related to but distinct from the existing genus Amphibacillus of other.

Aliiamphiheterocytum

L. masc. adjective *alius*, other; L. neut. n. *Amphiheterocytum*, An existing genus; *Aliiamphiheterocytum*: A genus related to but distinct from the existing genus Amphiheterocytum of other.

Aliiamphiplicatus

L. masc. adjective *alius*, other; L. masc. n. *Amphiplicatus*, An existing genus; *Aliiamphiplicatus*: A genus related to but distinct from the existing genus Amphiplicatus of other.

Aliiampullariella

L. masc. adjective *alius*, other; L. fem. dim. n. *Ampullariella*, An existing genus; *Aliiampullariella*: A genus related to but distinct from the existing genus Ampullariella of other.

Aliiampullimonas

L. masc. adjective *alius*, other; L. fem. n. *Ampullimonas*, An existing genus; *Aliiampullimonas*: A genus related to but distinct from the existing genus Ampullimonas of other.

Aliiamycolata

L. masc. adjective *alius*, other; L. fem. n. *Amycolata*, An existing genus; *Aliiamycolata*: A genus related to but distinct from the existing genus Amycolata of other.

Aliiamycolatopsis

L. masc. adjective *alius*, other; L. fem. n. *Amycolatopsis*, An existing genus; *Aliiamycolatopsis*: A genus related to but distinct from the existing genus Amycolatopsis of other.

Aliiamycolicicoccus

L. masc. adjective *alius*, other; L. masc. n. *Amycolicicoccus*, An existing genus; *Aliiamycolicicoccus*: A genus related to but distinct from the existing genus Amycolicicoccus of other.

Aliiamylibacter

L. masc. adjective *alius*, other; L. masc. n. *Amylibacter*, An existing genus; *Aliiamylibacter*: A genus related to but distinct from the existing genus Amylibacter of other.

Aliiamylolactobacillus

L. masc. adjective *alius*, other; L. masc. n. *Amylolactobacillus*, An existing genus; *Aliiamylolactobacillus*: A genus related to but distinct from the existing genus Amylolactobacillus of other.

Aliianaerobacillus

L. masc. adjective *alius*, other; L. masc. n. *Anaerobacillus*, An existing genus; *Aliianaerobacillus*: A genus related to but distinct from the existing genus Anaerobacillus of other.

Aliianaerobacterium

L. masc. adjective *alius*, other; L. neut. n. *Anaerobacterium*, An existing genus; *Aliianaerobacterium*: A genus related to but distinct from the existing genus Anaerobacterium of other.

Aliianaerobaculum

L. masc. adjective *alius*, other; L. neut. n. *Anaerobaculum*, An existing genus; *Aliianaerobaculum*: A genus related to but distinct from the existing genus Anaerobaculum of other.

Aliianaerobiospirillum

L. masc. adjective *alius*, other; L. neut. dim. n. *Anaerobiospirillum*, An existing genus; *Aliianaerobiospirillum*: A genus related to but distinct from the existing genus Anaerobiospirillum of other.

Aliianaerobium

L. masc. adjective *alius*, other; L. neut. n. *Anaerobium*, An existing genus; *Aliianaerobium*: A genus related to but distinct from the existing genus Anaerobium of other.

Aliianaerobranca

L. masc. adjective *alius*, other; L. fem. n. *Anaerobranca*, An existing genus; *Aliianaerobranca*: A genus related to but distinct from the existing genus Anaerobranca of other.

Aliianaerobutyricum

L. masc. adjective *alius*, other; L. neut. n. *Anaerobutyricum*, An existing genus; *Aliianaerobutyricum*: A genus related to but distinct from the existing genus Anaerobutyricum of other.

Aliianaerocella

L. masc. adjective *alius*, other; L. fem. n. *Anaerocella*, An existing genus; *Aliianaerocella*: A genus related to but distinct from the existing genus Anaerocella of other.

Aliianaerococcus

L. masc. adjective *alius*, other; L. masc. n. *Anaerococcus*, An existing genus; *Aliianaerococcus*: A genus related to but distinct from the existing genus Anaerococcus of other.

Aliianaerofilum

L. masc. adjective *alius*, other; L. neut. n. *Anaerofilum*, An existing genus; *Aliianaerofilum*: A genus related to but distinct from the existing genus Anaerofilum of other.

Aliianaeroglobus

L. masc. adjective *alius*, other; L. masc. n. *Anaeroglobus*, An existing genus; *Aliianaeroglobus*: A genus related to but distinct from the existing genus Anaeroglobus of other.

Aliianaerohalosphaera

L. masc. adjective *alius*, other; L. fem. n. *Anaerohalosphaera*, An existing genus; *Aliianaerohalosphaera*: A genus related to but distinct from the existing genus Anaerohalosphaera of other.

Aliianaerolactibacter

L. masc. adjective *alius*, other; L. masc. n. *Anaerolactibacter*, An existing genus; *Aliianaerolactibacter*: A genus related to but distinct from the existing genus Anaerolactibacter of other.

Aliianaerolinea

L. masc. adjective *alius*, other; L. fem. n. *Anaerolinea*, An existing genus; *Aliianaerolinea*: A genus related to but distinct from the existing genus Anaerolinea of other.

Aliianaeromicrobium

L. masc. adjective *alius*, other; L. neut. n. *Anaeromicrobium*, An existing genus; *Aliianaeromicrobium*: A genus related to but distinct from the existing genus Anaeromicrobium of other.

Aliianaeromusa

L. masc. adjective *alius*, other; L. fem. n. *Anaeromusa*, An existing genus; *Aliianaeromusa*: A genus related to but distinct from the existing genus Anaeromusa of other.

Aliianaeromyxobacter

L. masc. adjective *alius*, other; L. masc. n. *Anaeromyxobacter*, An existing genus; *Aliianaeromyxobacter*: A genus related to but distinct from the existing genus Anaeromyxobacter of other.

Aliianaerophaga

L. masc. adjective *alius*, other; L. fem. n. *Anaerophaga*, An existing genus; *Aliianaerophaga*: A genus related to but distinct from the existing genus Anaerophaga of other.

Aliianaerophilus

L. masc. adjective *alius*, other; L. masc. n. *Anaerophilus*, An existing genus; *Aliianaerophilus*: A genus related to but distinct from the existing genus Anaerophilus of other.

Aliianaeroplasma

L. masc. adjective *alius*, other; L. neut. n. *Anaeroplasma*, An existing genus; *Aliianaeroplasma*: A genus related to but distinct from the existing genus Anaeroplasma of other.

Aliianaerorhabdus

L. masc. adjective *alius*, other; L. fem. n. *Anaerorhabdus*, An existing genus; *Aliianaerorhabdus*: A genus related to but distinct from the existing genus Anaerorhabdus of other.

Aliianaerosalibacter

L. masc. adjective *alius*, other; L. masc. n. *Anaerosalibacter*, An existing genus; *Aliianaerosalibacter*: A genus related to but distinct from the existing genus Anaerosalibacter of other.

Aliianaerosolibacter

L. masc. adjective *alius*, other; L. masc. n. *Anaerosolibacter*, An existing genus; *Aliianaerosolibacter*: A genus related to but distinct from the existing genus Anaerosolibacter of other.

Aliianaerosphaera

L. masc. adjective *alius*, other; L. fem. n. *Anaerosphaera*, An existing genus; *Aliianaerosphaera*: A genus related to but distinct from the existing genus Anaerosphaera of other.

Aliianaerospora

L. masc. adjective *alius*, other; L. fem. n. *Anaerospora*, An existing genus; *Aliianaerospora*: A genus related to but distinct from the existing genus Anaerospora of other.

Aliianaerosporobacter

L. masc. adjective *alius*, other; L. masc. n. *Anaerosporobacter*, An existing genus; *Aliianaerosporobacter*: A genus related to but distinct from the existing genus Anaerosporobacter of other.

Aliianaerosporomusa

L. masc. adjective *alius*, other; L. fem. n. *Anaerosporomusa*, An existing genus; *Aliianaerosporomusa*: A genus related to but distinct from the existing genus Anaerosporomusa of other.

Aliianaerotignum

L. masc. adjective *alius*, other; L. neut. n. *Anaerotignum*, An existing genus; *Aliianaerotignum*: A genus related to but distinct from the existing genus Anaerotignum of other.

Aliianaerotruncus

L. masc. adjective *alius*, other; L. masc. n. *Anaerotruncus*, An existing genus; *Aliianaerotruncus*: A genus related to but distinct from the existing genus Anaerotruncus of other.

Aliianaerovibrio

L. masc. adjective *alius*, other; L. masc. n. *Anaerovibrio*, An existing genus; *Aliianaerovibrio*: A genus related to but distinct from the existing genus Anaerovibrio of other.

Aliianaerovirgula

L. masc. adjective *alius*, other; L. fem. dim. n. *Anaerovirgula*, An existing genus; *Aliianaerovirgula*: A genus related to but distinct from the existing genus Anaerovirgula of other.

Aliianaerovorax

L. masc. adjective *alius*, other; L. masc. n. *Anaerovorax*, An existing genus; *Aliianaerovorax*: A genus related to but distinct from the existing genus Anaerovorax of other.

Aliianaplasma

L. masc. adjective *alius*, other; L. neut. n. *Anaplasma*, An existing genus; *Aliianaplasma*: A genus related to but distinct from the existing genus Anaplasma of other.

Aliiancalochloris

L. masc. adjective *alius*, other; L. fem. n. *Ancalochloris*, An existing genus; *Aliiancalochloris*: A genus related to but distinct from the existing genus Ancalochloris of other.

Aliiancalomicrobium

L. masc. adjective *alius*, other; L. neut. n. *Ancalomicrobium*, An existing genus; *Aliiancalomicrobium*: A genus related to but distinct from the existing genus Ancalomicrobium of other.

Aliiancylobacter

L. masc. adjective *alius*, other; L. masc. n. *Ancylobacter*, An existing genus; *Aliiancylobacter*: A genus related to but distinct from the existing genus Ancylobacter of other.

Aliiancylomarina

L. masc. adjective *alius*, other; L. fem. n. *Ancylomarina*, An existing genus; *Aliiancylomarina*: A genus related to but distinct from the existing genus Ancylomarina of other.

Aliiancylothrix

L. masc. adjective *alius*, other; L. fem. n. *Ancylothrix*, An existing genus; *Aliiancylothrix*: A genus related to but distinct from the existing genus Ancylothrix of other.

Aliianderseniella

L. masc. adjective *alius*, other; L. fem. dim. n. *Anderseniella*, An existing genus; *Aliianderseniella*: A genus related to but distinct from the existing genus Anderseniella of other.

Aliiandreesenia

L. masc. adjective *alius*, other; L. fem. n. *Andreesenia*, An existing genus; *Aliiandreesenia*: A genus related to but distinct from the existing genus Andreesenia of other.

Aliiandreprevotia

L. masc. adjective *alius*, other; L. fem. n. *Andreprevotia*, An existing genus; *Aliiandreprevotia*: A genus related to but distinct from the existing genus Andreprevotia of other.

Aliianeurinibacillus

L. masc. adjective *alius*, other; L. masc. n. *Aneurinibacillus*, An existing genus; *Aliianeurinibacillus*: A genus related to but distinct from the existing genus Aneurinibacillus of other.

Aliiangelakisella

L. masc. adjective *alius*, other; L. fem. dim. n. *Angelakisella*, An existing genus; *Aliiangelakisella*: A genus related to but distinct from the existing genus Angelakisella of other.

Aliiangiococcus

L. masc. adjective *alius*, other; L. masc. n. *Angiococcus*, An existing genus; *Aliiangiococcus*: A genus related to but distinct from the existing genus Angiococcus of other.

Aliiangulomicrobium

L. masc. adjective *alius*, other; L. neut. n. *Angulomicrobium*, An existing genus; *Aliiangulomicrobium*: A genus related to but distinct from the existing genus Angulomicrobium of other.

Aliiangustibacter

L. masc. adjective *alius*, other; L. masc. n. *Angustibacter*, An existing genus; *Aliiangustibacter*: A genus related to but distinct from the existing genus Angustibacter of other.

Aliiannwoodia

L. masc. adjective *alius*, other; L. fem. n. *Annwoodia*, An existing genus; *Aliiannwoodia*: A genus related to but distinct from the existing genus Annwoodia of other.

Aliianoxybacillus

L. masc. adjective *alius*, other; L. masc. n. *Anoxybacillus*, An existing genus; *Aliianoxybacillus*: A genus related to but distinct from the existing genus Anoxybacillus of other.

Aliianoxybacter

L. masc. adjective *alius*, other; L. masc. n. *Anoxybacter*, An existing genus; *Aliianoxybacter*: A genus related to but distinct from the existing genus Anoxybacter of other.

Aliianoxynatronum

L. masc. adjective *alius*, other; L. neut. n. *Anoxynatronum*, An existing genus; *Aliianoxynatronum*: A genus related to but distinct from the existing genus Anoxynatronum of other.

Aliianseongella

L. masc. adjective *alius*, other; L. fem. dim. n. *Anseongella*, An existing genus; *Aliianseongella*: A genus related to but distinct from the existing genus Anseongella of other.

Aliiantarcticibacterium

L. masc. adjective *alius*, other; L. neut. n. *Antarcticibacterium*, An existing genus; *Aliiantarcticibacterium*: A genus related to but distinct from the existing genus Antarcticibacterium of other.

Aliiantarcticimicrobium

L. masc. adjective *alius*, other; L. neut. n. *Antarcticimicrobium*, An existing genus; *Aliiantarcticimicrobium*: A genus related to but distinct from the existing genus Antarcticimicrobium of other.

Aliiantarcticimonas

L. masc. adjective *alius*, other; L. fem. n. *Antarcticimonas*, An existing genus; *Aliiantarcticimonas*: A genus related to but distinct from the existing genus Antarcticimonas of other.

Aliiantarctobacter

L. masc. adjective *alius*, other; L. masc. n. *Antarctobacter*, An existing genus; *Aliiantarctobacter*: A genus related to but distinct from the existing genus Antarctobacter of other.

Aliiantribacter

L. masc. adjective *alius*, other; L. masc. n. *Antribacter*, An existing genus; *Aliiantribacter*: A genus related to but distinct from the existing genus Antribacter of other.

Aliiantricoccus

L. masc. adjective *alius*, other; L. masc. n. *Antricoccus*, An existing genus; *Aliiantricoccus*: A genus related to but distinct from the existing genus Antricoccus of other.

Aliiaphanizomenon

L. masc. adjective *alius*, other; L. neut. n. *Aphanizomenon*, An existing genus; *Aliiaphanizomenon*: A genus related to but distinct from the existing genus Aphanizomenon of other.

Aliiapibacter

L. masc. adjective *alius*, other; L. masc. n. *Apibacter*, An existing genus; *Aliiapibacter*: A genus related to but distinct from the existing genus Apibacter of other.

Aliiapilactobacillus

L. masc. adjective *alius*, other; L. masc. n. *Apilactobacillus*, An existing genus; *Aliiapilactobacillus*: A genus related to but distinct from the existing genus Apilactobacillus of other.

Aliiaplanobacter

L. masc. adjective *alius*, other; L. masc. n. *Aplanobacter*, An existing genus; *Aliiaplanobacter*: A genus related to but distinct from the existing genus Aplanobacter of other.

Aliiaquabacter

L. masc. adjective *alius*, other; L. masc. n. *Aquabacter*, An existing genus; *Aliiaquabacter*: A genus related to but distinct from the existing genus Aquabacter of other.

Aliiaquabacterium

L. masc. adjective *alius*, other; L. neut. n. *Aquabacterium*, An existing genus; *Aliiaquabacterium*: A genus related to but distinct from the existing genus Aquabacterium of other.

Aliiaquamicrobium

L. masc. adjective *alius*, other; L. neut. n. *Aquamicrobium*, An existing genus; *Aliiaquamicrobium*: A genus related to but distinct from the existing genus Aquamicrobium of other.

Aliiaquaspirillum

L. masc. adjective *alius*, other; L. neut. dim. n. *Aquaspirillum*, An existing genus; *Aliiaquaspirillum*: A genus related to but distinct from the existing genus Aquaspirillum of other.

Aliiaquaticitalea

L. masc. adjective *alius*, other; L. fem. n. *Aquaticitalea*, An existing genus; *Aliiaquaticitalea*: A genus related to but distinct from the existing genus Aquaticitalea of other.

Aliiaquella

L. masc. adjective *alius*, other; L. fem. dim. n. *Aquella*, An existing genus; *Aliiaquella*: A genus related to but distinct from the existing genus Aquella of other.

Aliiaquibacillus

L. masc. adjective *alius*, other; L. masc. n. *Aquibacillus*, An existing genus; *Aliiaquibacillus*: A genus related to but distinct from the existing genus Aquibacillus of other.

Aliiaquibacter

L. masc. adjective *alius*, other; L. masc. n. *Aquibacter*, An existing genus; *Aliiaquibacter*: A genus related to but distinct from the existing genus Aquibacter of other.

Aliiaquicella

L. masc. adjective *alius*, other; L. fem. n. *Aquicella*, An existing genus; *Aliiaquicella*: A genus related to but distinct from the existing genus Aquicella of other.

Aliiaquichromatium

L. masc. adjective *alius*, other; L. neut. n. *Aquichromatium*, An existing genus; *Aliiaquichromatium*: A genus related to but distinct from the existing genus Aquichromatium of other.

Aliiaquicoccus

L. masc. adjective *alius*, other; L. masc. n. *Aquicoccus*, An existing genus; *Aliiaquicoccus*: A genus related to but distinct from the existing genus Aquicoccus of other.

Aliiaquidulcibacter

L. masc. adjective *alius*, other; L. masc. n. *Aquidulcibacter*, An existing genus; *Aliiaquidulcibacter*: A genus related to but distinct from the existing genus Aquidulcibacter of other.

Aliiaquifex

L. masc. adjective *alius*, other; L. masc. n. *Aquifex*, An existing genus; *Aliiaquifex*: A genus related to but distinct from the existing genus Aquifex of other.

Aliiaquiflexum

L. masc. adjective *alius*, other; L. neut. n. *Aquiflexum*, An existing genus; *Aliiaquiflexum*: A genus related to but distinct from the existing genus Aquiflexum of other.

Aliiaquihabitans

L. masc. adjective *alius*, other; L. masc. n. *Aquihabitans*, An existing genus; *Aliiaquihabitans*: A genus related to but distinct from the existing genus Aquihabitans of other.

Aliiaquimarina

L. masc. adjective *alius*, other; L. fem. n. *Aquimarina*, An existing genus; *Aliiaquimarina*: A genus related to but distinct from the existing genus Aquimarina of other.

Aliiaquimixticola

L. masc. adjective *alius*, other; L. masc. n. *Aquimixticola*, An existing genus; *Aliiaquimixticola*: A genus related to but distinct from the existing genus Aquimixticola of other.

Aliiaquimonas

L. masc. adjective *alius*, other; L. fem. n. *Aquimonas*, An existing genus; *Aliiaquimonas*: A genus related to but distinct from the existing genus Aquimonas of other.

Aliiaquincola

L. masc. adjective *alius*, other; L. masc. n. *Aquincola*, An existing genus; *Aliiaquincola*: A genus related to but distinct from the existing genus Aquincola of other.

Aliiaquipuribacter

L. masc. adjective *alius*, other; L. masc. n. *Aquipuribacter*, An existing genus; *Aliiaquipuribacter*: A genus related to but distinct from the existing genus Aquipuribacter of other.

Aliiaquirufa

L. masc. adjective *alius*, other; L. fem. n. *Aquirufa*, An existing genus; *Aliiaquirufa*: A genus related to but distinct from the existing genus Aquirufa of other.

Aliiaquisalibacillus

L. masc. adjective *alius*, other; L. masc. n. *Aquisalibacillus*, An existing genus; *Aliiaquisalibacillus*: A genus related to but distinct from the existing genus Aquisalibacillus of other.

Aliiaquisalimonas

L. masc. adjective *alius*, other; L. fem. n. *Aquisalimonas*, An existing genus; *Aliiaquisalimonas*: A genus related to but distinct from the existing genus Aquisalimonas of other.

Aliiaquisalinus

L. masc. adjective *alius*, other; L. masc. n. *Aquisalinus*, An existing genus; *Aliiaquisalinus*: A genus related to but distinct from the existing genus Aquisalinus of other.

Aliiaquisediminimonas

L. masc. adjective *alius*, other; L. fem. n. *Aquisediminimonas*, An existing genus; *Aliiaquisediminimonas*: A genus related to but distinct from the existing genus Aquisediminimonas of other.

Aliiaquisphaera

L. masc. adjective *alius*, other; L. fem. n. *Aquisphaera*, An existing genus; *Aliiaquisphaera*: A genus related to but distinct from the existing genus Aquisphaera of other.

Aliiaquitalea

L. masc. adjective *alius*, other; L. fem. n. *Aquitalea*, An existing genus; *Aliiaquitalea*: A genus related to but distinct from the existing genus Aquitalea of other.

Aliiarachidicoccus

L. masc. adjective *alius*, other; L. masc. n. *Arachidicoccus*, An existing genus; *Aliiarachidicoccus*: A genus related to but distinct from the existing genus Arachidicoccus of other.

Aliiarachnia

L. masc. adjective *alius*, other; L. fem. n. *Arachnia*, An existing genus; *Aliiarachnia*: A genus related to but distinct from the existing genus Arachnia of other.

Aliiarcanobacterium

L. masc. adjective *alius*, other; L. neut. n. *Arcanobacterium*, An existing genus; *Aliiarcanobacterium*: A genus related to but distinct from the existing genus Arcanobacterium of other.

Aliiarchaeoglobus

L. masc. adjective *alius*, other; L. masc. n. *Archaeoglobus*, An existing genus; *Aliiarchaeoglobus*: A genus related to but distinct from the existing genus Archaeoglobus of other.

Aliiarchangium

L. masc. adjective *alius*, other; L. neut. n. *Archangium*, An existing genus; *Aliiarchangium*: A genus related to but distinct from the existing genus Archangium of other.

Aliiarcicella

L. masc. adjective *alius*, other; L. fem. n. *Arcicella*, An existing genus; *Aliiarcicella*: A genus related to but distinct from the existing genus Arcicella of other.

Aliiarcobacter

L. masc. adjective *alius*, other; L. masc. n. *Arcobacter*, An existing genus; *Aliiarcobacter*: A genus related to but distinct from the existing genus Arcobacter of other.

Aliiarcticibacter

L. masc. adjective *alius*, other; L. masc. n. *Arcticibacter*, An existing genus; *Aliiarcticibacter*: A genus related to but distinct from the existing genus Arcticibacter of other.

Aliiarcticibacterium

L. masc. adjective *alius*, other; L. neut. n. *Arcticibacterium*, An existing genus; *Aliiarcticibacterium*: A genus related to but distinct from the existing genus Arcticibacterium of other.

Aliiarcticiflavibacter

L. masc. adjective *alius*, other; L. masc. n. *Arcticiflavibacter*, An existing genus; *Aliiarcticiflavibacter*: A genus related to but distinct from the existing genus Arcticiflavibacter of other.

Aliiardenticatena

L. masc. adjective *alius*, other; L. fem. n. *Ardenticatena*, An existing genus; *Aliiardenticatena*: A genus related to but distinct from the existing genus Ardenticatena of other.

Aliiarenibacillus

L. masc. adjective *alius*, other; L. masc. n. *Arenibacillus*, An existing genus; *Aliiarenibacillus*: A genus related to but distinct from the existing genus Arenibacillus of other.

Aliiarenibacter

L. masc. adjective *alius*, other; L. masc. n. *Arenibacter*, An existing genus; *Aliiarenibacter*: A genus related to but distinct from the existing genus Arenibacter of other.

Aliiarenicella

L. masc. adjective *alius*, other; L. fem. n. *Arenicella*, An existing genus; *Aliiarenicella*: A genus related to but distinct from the existing genus Arenicella of other.

Aliiarenimicrobium

L. masc. adjective *alius*, other; L. neut. n. *Arenimicrobium*, An existing genus; *Aliiarenimicrobium*: A genus related to but distinct from the existing genus Arenimicrobium of other.

Aliiarenimonas

L. masc. adjective *alius*, other; L. fem. n. *Arenimonas*, An existing genus; *Aliiarenimonas*: A genus related to but distinct from the existing genus Arenimonas of other.

Aliiarenitalea

L. masc. adjective *alius*, other; L. fem. n. *Arenitalea*, An existing genus; *Aliiarenitalea*: A genus related to but distinct from the existing genus Arenitalea of other.

Aliiarhodomonas

L. masc. adjective *alius*, other; L. fem. n. *Arhodomonas*, An existing genus; *Aliiarhodomonas*: A genus related to but distinct from the existing genus Arhodomonas of other.

Aliiaridibacter

L. masc. adjective *alius*, other; L. masc. n. *Aridibacter*, An existing genus; *Aliiaridibacter*: A genus related to but distinct from the existing genus Aridibacter of other.

Aliiarmatimonas

L. masc. adjective *alius*, other; L. fem. n. *Armatimonas*, An existing genus; *Aliiarmatimonas*: A genus related to but distinct from the existing genus Armatimonas of other.

Aliiarsenicibacter

L. masc. adjective *alius*, other; L. masc. n. *Arsenicibacter*, An existing genus; *Aliiarsenicibacter*: A genus related to but distinct from the existing genus Arsenicibacter of other.

Aliiarsenicicoccus

L. masc. adjective *alius*, other; L. masc. n. *Arsenicicoccus*, An existing genus; *Aliiarsenicicoccus*: A genus related to but distinct from the existing genus Arsenicicoccus of other.

Aliiarsenicitalea

L. masc. adjective *alius*, other; L. fem. n. *Arsenicitalea*, An existing genus; *Aliiarsenicitalea*: A genus related to but distinct from the existing genus Arsenicitalea of other.

Aliiarsenophonus

L. masc. adjective *alius*, other; L. masc. n. *Arsenophonus*, An existing genus; *Aliiarsenophonus*: A genus related to but distinct from the existing genus Arsenophonus of other.

Aliiarsukibacterium

L. masc. adjective *alius*, other; L. neut. n. *Arsukibacterium*, An existing genus; *Aliiarsukibacterium*: A genus related to but distinct from the existing genus Arsukibacterium of other.

Aliiarthrobacter

L. masc. adjective *alius*, other; L. masc. n. *Arthrobacter*, An existing genus; *Aliiarthrobacter*: A genus related to but distinct from the existing genus Arthrobacter of other.

Aliiarthrospira

L. masc. adjective *alius*, other; L. fem. n. *Arthrospira*, An existing genus; *Aliiarthrospira*: A genus related to but distinct from the existing genus Arthrospira of other.

Aliiarthrospiribacter

L. masc. adjective *alius*, other; L. masc. n. *Arthrospiribacter*, An existing genus; *Aliiarthrospiribacter*: A genus related to but distinct from the existing genus Arthrospiribacter of other.

Aliiarundinibacter

L. masc. adjective *alius*, other; L. masc. n. *Arundinibacter*, An existing genus; *Aliiarundinibacter*: A genus related to but distinct from the existing genus Arundinibacter of other.

Aliiarvibacter

L. masc. adjective *alius*, other; L. masc. n. *Arvibacter*, An existing genus; *Aliiarvibacter*: A genus related to but distinct from the existing genus Arvibacter of other.

Aliiasaccharobacter

L. masc. adjective *alius*, other; L. masc. n. *Asaccharobacter*, An existing genus; *Aliiasaccharobacter*: A genus related to but distinct from the existing genus Asaccharobacter of other.

Aliiasaccharospora

L. masc. adjective *alius*, other; L. fem. n. *Asaccharospora*, An existing genus; *Aliiasaccharospora*: A genus related to but distinct from the existing genus Asaccharospora of other.

Aliiasaia

L. masc. adjective *alius*, other; L. fem. n. *Asaia*, An existing genus; *Aliiasaia*: A genus related to but distinct from the existing genus Asaia of other.

Aliiasanoa

L. masc. adjective *alius*, other; L. fem. n. *Asanoa*, An existing genus; *Aliiasanoa*: A genus related to but distinct from the existing genus Asanoa of other.

Aliiascidiaceibacter

L. masc. adjective *alius*, other; L. masc. n. *Ascidiaceibacter*, An existing genus; *Aliiascidiaceibacter*: A genus related to but distinct from the existing genus Ascidiaceibacter of other.

Aliiascidiaceihabitans

L. masc. adjective *alius*, other; L. masc. n. *Ascidiaceihabitans*, An existing genus; *Aliiascidiaceihabitans*: A genus related to but distinct from the existing genus Ascidiaceihabitans of other.

Aliiascidiimonas

L. masc. adjective *alius*, other; L. fem. n. *Ascidiimonas*, An existing genus; *Aliiascidiimonas*: A genus related to but distinct from the existing genus Ascidiimonas of other.

Aliiasinibacterium

L. masc. adjective *alius*, other; L. neut. n. *Asinibacterium*, An existing genus; *Aliiasinibacterium*: A genus related to but distinct from the existing genus Asinibacterium of other.

Aliiasprobacter

L. masc. adjective *alius*, other; L. masc. n. *Asprobacter*, An existing genus; *Aliiasprobacter*: A genus related to but distinct from the existing genus Asprobacter of other.

Aliiaspromonas

L. masc. adjective *alius*, other; L. fem. n. *Aspromonas*, An existing genus; *Aliiaspromonas*: A genus related to but distinct from the existing genus Aspromonas of other.

Aliiasteroleplasma

L. masc. adjective *alius*, other; L. neut. n. *Asteroleplasma*, An existing genus; *Aliiasteroleplasma*: A genus related to but distinct from the existing genus Asteroleplasma of other.

Aliiasticcacaulis

L. masc. adjective *alius*, other; L. masc. n. *Asticcacaulis*, An existing genus; *Aliiasticcacaulis*: A genus related to but distinct from the existing genus Asticcacaulis of other.

Aliiathalassotoga

L. masc. adjective *alius*, other; L. fem. n. *Athalassotoga*, An existing genus; *Aliiathalassotoga*: A genus related to but distinct from the existing genus Athalassotoga of other.

Aliiatlantibacter

L. masc. adjective *alius*, other; L. masc. n. *Atlantibacter*, An existing genus; *Aliiatlantibacter*: A genus related to but distinct from the existing genus Atlantibacter of other.

Aliiatopobacter

L. masc. adjective *alius*, other; L. masc. n. *Atopobacter*, An existing genus; *Aliiatopobacter*: A genus related to but distinct from the existing genus Atopobacter of other.

Aliiatopobium

L. masc. adjective *alius*, other; L. neut. n. *Atopobium*, An existing genus; *Aliiatopobium*: A genus related to but distinct from the existing genus Atopobium of other.

Aliiatopococcus

L. masc. adjective *alius*, other; L. masc. n. *Atopococcus*, An existing genus; *Aliiatopococcus*: A genus related to but distinct from the existing genus Atopococcus of other.

Aliiatopostipes

L. masc. adjective *alius*, other; L. masc. n. *Atopostipes*, An existing genus; *Aliiatopostipes*: A genus related to but distinct from the existing genus Atopostipes of other.

Aliiaurantiacicella

L. masc. adjective *alius*, other; L. fem. n. *Aurantiacicella*, An existing genus; *Aliiaurantiacicella*: A genus related to but distinct from the existing genus Aurantiacicella of other.

Aliiaurantibacter

L. masc. adjective *alius*, other; L. masc. n. *Aurantibacter*, An existing genus; *Aliiaurantibacter*: A genus related to but distinct from the existing genus Aurantibacter of other.

Aliiaurantimicrobium

L. masc. adjective *alius*, other; L. neut. n. *Aurantimicrobium*, An existing genus; *Aliiaurantimicrobium*: A genus related to but distinct from the existing genus Aurantimicrobium of other.

Aliiaurantimonas

L. masc. adjective *alius*, other; L. fem. n. *Aurantimonas*, An existing genus; *Aliiaurantimonas*: A genus related to but distinct from the existing genus Aurantimonas of other.

Aliiaurantisolimonas

L. masc. adjective *alius*, other; L. fem. n. *Aurantisolimonas*, An existing genus; *Aliiaurantisolimonas*: A genus related to but distinct from the existing genus Aurantisolimonas of other.

Aliiaurantivirga

L. masc. adjective *alius*, other; L. fem. n. *Aurantivirga*, An existing genus; *Aliiaurantivirga*: A genus related to but distinct from the existing genus Aurantivirga of other.

Aliiauraticoccus

L. masc. adjective *alius*, other; L. masc. n. *Auraticoccus*, An existing genus; *Aliiauraticoccus*: A genus related to but distinct from the existing genus Auraticoccus of other.

Aliiaureibacillus

L. masc. adjective *alius*, other; L. masc. n. *Aureibacillus*, An existing genus; *Aliiaureibacillus*: A genus related to but distinct from the existing genus Aureibacillus of other.

Aliiaureibacter

L. masc. adjective *alius*, other; L. masc. n. *Aureibacter*, An existing genus; *Aliiaureibacter*: A genus related to but distinct from the existing genus Aureibacter of other.

Aliiaureibaculum

L. masc. adjective *alius*, other; L. neut. n. *Aureibaculum*, An existing genus; *Aliiaureibaculum*: A genus related to but distinct from the existing genus Aureibaculum of other.

Aliiaureicoccus

L. masc. adjective *alius*, other; L. masc. n. *Aureicoccus*, An existing genus; *Aliiaureicoccus*: A genus related to but distinct from the existing genus Aureicoccus of other.

Aliiaureimonas

L. masc. adjective *alius*, other; L. fem. n. *Aureimonas*, An existing genus; *Aliiaureimonas*: A genus related to but distinct from the existing genus Aureimonas of other.

Aliiaureisphaera

L. masc. adjective *alius*, other; L. fem. n. *Aureisphaera*, An existing genus; *Aliiaureisphaera*: A genus related to but distinct from the existing genus Aureisphaera of other.

Aliiaureispira

L. masc. adjective *alius*, other; L. fem. n. *Aureispira*, An existing genus; *Aliiaureispira*: A genus related to but distinct from the existing genus Aureispira of other.

Aliiaureitalea

L. masc. adjective *alius*, other; L. fem. n. *Aureitalea*, An existing genus; *Aliiaureitalea*: A genus related to but distinct from the existing genus Aureitalea of other.

Aliiaureivirga

L. masc. adjective *alius*, other; L. fem. n. *Aureivirga*, An existing genus; *Aliiaureivirga*: A genus related to but distinct from the existing genus Aureivirga of other.

Aliiaureliella

L. masc. adjective *alius*, other; L. fem. dim. n. *Aureliella*, An existing genus; *Aliiaureliella*: A genus related to but distinct from the existing genus Aureliella of other.

Aliiaureobacterium

L. masc. adjective *alius*, other; L. neut. n. *Aureobacterium*, An existing genus; *Aliiaureobacterium*: A genus related to but distinct from the existing genus Aureobacterium of other.

Aliiauricoccus

L. masc. adjective *alius*, other; L. masc. n. *Auricoccus*, An existing genus; *Aliiauricoccus*: A genus related to but distinct from the existing genus Auricoccus of other.

Aliiauritidibacter

L. masc. adjective *alius*, other; L. masc. n. *Auritidibacter*, An existing genus; *Aliiauritidibacter*: A genus related to but distinct from the existing genus Auritidibacter of other.

Aliiaustwickia

L. masc. adjective *alius*, other; L. fem. n. *Austwickia*, An existing genus; *Aliiaustwickia*: A genus related to but distinct from the existing genus Austwickia of other.

Aliiavibacterium

L. masc. adjective *alius*, other; L. neut. n. *Avibacterium*, An existing genus; *Aliiavibacterium*: A genus related to but distinct from the existing genus Avibacterium of other.

Aliiazoarcus

L. masc. adjective *alius*, other; L. masc. n. *Azoarcus*, An existing genus; *Aliiazoarcus*: A genus related to but distinct from the existing genus Azoarcus of other.

Aliiazohydromonas

L. masc. adjective *alius*, other; L. fem. n. *Azohydromonas*, An existing genus; *Aliiazohydromonas*: A genus related to but distinct from the existing genus Azohydromonas of other.

Aliiazomonas

L. masc. adjective *alius*, other; L. fem. n. *Azomonas*, An existing genus; *Aliiazomonas*: A genus related to but distinct from the existing genus Azomonas of other.

Aliiazonexus

L. masc. adjective *alius*, other; L. masc. n. *Azonexus*, An existing genus; *Aliiazonexus*: A genus related to but distinct from the existing genus Azonexus of other.

Aliiazorhizobium

L. masc. adjective *alius*, other; L. neut. n. *Azorhizobium*, An existing genus; *Aliiazorhizobium*: A genus related to but distinct from the existing genus Azorhizobium of other.

Aliiazospira

L. masc. adjective *alius*, other; L. fem. n. *Azospira*, An existing genus; *Aliiazospira*: A genus related to but distinct from the existing genus Azospira of other.

Aliiazospirillum

L. masc. adjective *alius*, other; L. neut. dim. n. *Azospirillum*, An existing genus; *Aliiazospirillum*: A genus related to but distinct from the existing genus Azospirillum of other.

Aliiazotobacter

L. masc. adjective *alius*, other; L. masc. n. *Azotobacter*, An existing genus; *Aliiazotobacter*: A genus related to but distinct from the existing genus Azotobacter of other.

Aliiazovibrio

L. masc. adjective *alius*, other; L. masc. n. *Azovibrio*, An existing genus; *Aliiazovibrio*: A genus related to but distinct from the existing genus Azovibrio of other.

Aliibacilliculturomica

L. masc. adjective *alius*, other; L. fem. n. *Bacilliculturomica*, An existing genus; *Aliibacilliculturomica*: A genus related to but distinct from the existing genus Bacilliculturomica of other.

Aliibacteriolyticum

L. masc. adjective *alius*, other; L. neut. n. *Bacteriolyticum*, An existing genus; *Aliibacteriolyticum*: A genus related to but distinct from the existing genus Bacteriolyticum of other.

Aliibacterionema

L. masc. adjective *alius*, other; L. neut. n. *Bacterionema*, An existing genus; *Aliibacterionema*: A genus related to but distinct from the existing genus Bacterionema of other.

Aliibacterioplanes

L. masc. adjective *alius*, other; L. masc. n. *Bacterioplanes*, An existing genus; *Aliibacterioplanes*: A genus related to but distinct from the existing genus Bacterioplanes of other.

Aliibacterioplanoides

L. masc. adjective *alius*, other; L. neut. n. *Bacterioplanoides*, An existing genus; *Aliibacterioplanoides*: A genus related to but distinct from the existing genus Bacterioplanoides of other.

Aliibacteriovorax

L. masc. adjective *alius*, other; L. masc. n. *Bacteriovorax*, An existing genus; *Aliibacteriovorax*: A genus related to but distinct from the existing genus Bacteriovorax of other.

Aliibacteroides

L. masc. adjective *alius*, other; L. masc. n. *Bacteroides*, An existing genus; *Aliibacteroides*: A genus related to but distinct from the existing genus Bacteroides of other.

Aliibaekduia

L. masc. adjective *alius*, other; L. fem. n. *Baekduia*, An existing genus; *Aliibaekduia*: A genus related to but distinct from the existing genus Baekduia of other.

Aliibaia

L. masc. adjective *alius*, other; L. fem. n. *Baia*, An existing genus; *Aliibaia*: A genus related to but distinct from the existing genus Baia of other.

Aliibailinhaonella

L. masc. adjective *alius*, other; L. fem. dim. n. *Bailinhaonella*, An existing genus; *Aliibailinhaonella*: A genus related to but distinct from the existing genus Bailinhaonella of other.

Aliibalnearium

L. masc. adjective *alius*, other; L. neut. n. *Balnearium*, An existing genus; *Aliibalnearium*: A genus related to but distinct from the existing genus Balnearium of other.

Aliibalneicella

L. masc. adjective *alius*, other; L. fem. n. *Balneicella*, An existing genus; *Aliibalneicella*: A genus related to but distinct from the existing genus Balneicella of other.

Aliibalneimonas

L. masc. adjective *alius*, other; L. fem. n. *Balneimonas*, An existing genus; *Aliibalneimonas*: A genus related to but distinct from the existing genus Balneimonas of other.

Aliibarnesiella

L. masc. adjective *alius*, other; L. fem. dim. n. *Barnesiella*, An existing genus; *Aliibarnesiella*: A genus related to but distinct from the existing genus Barnesiella of other.

Aliibarrientosiimonas

L. masc. adjective *alius*, other; L. fem. n. *Barrientosiimonas*, An existing genus; *Aliibarrientosiimonas*: A genus related to but distinct from the existing genus Barrientosiimonas of other.

Aliibartonella

L. masc. adjective *alius*, other; L. fem. dim. n. *Bartonella*, An existing genus; *Aliibartonella*: A genus related to but distinct from the existing genus Bartonella of other.

Aliibasfia

L. masc. adjective *alius*, other; L. fem. n. *Basfia*, An existing genus; *Aliibasfia*: A genus related to but distinct from the existing genus Basfia of other.

Aliibasilea

L. masc. adjective *alius*, other; L. fem. n. *Basilea*, An existing genus; *Aliibasilea*: A genus related to but distinct from the existing genus Basilea of other.

Aliibauldia

L. masc. adjective *alius*, other; L. fem. n. *Bauldia*, An existing genus; *Aliibauldia*: A genus related to but distinct from the existing genus Bauldia of other.

Aliibavariicoccus

L. masc. adjective *alius*, other; L. masc. n. *Bavariicoccus*, An existing genus; *Aliibavariicoccus*: A genus related to but distinct from the existing genus Bavariicoccus of other.

Aliibdellovibrio

L. masc. adjective *alius*, other; L. masc. n. *Bdellovibrio*, An existing genus; *Aliibdellovibrio*: A genus related to but distinct from the existing genus Bdellovibrio of other.

Aliibeduinibacterium

L. masc. adjective *alius*, other; L. neut. n. *Beduinibacterium*, An existing genus; *Aliibeduinibacterium*: A genus related to but distinct from the existing genus Beduinibacterium of other.

Aliibeggiatoa

L. masc. adjective *alius*, other; L. fem. n. *Beggiatoa*, An existing genus; *Aliibeggiatoa*: A genus related to but distinct from the existing genus Beggiatoa of other.

Aliibeijerinckia

L. masc. adjective *alius*, other; L. fem. n. *Beijerinckia*, An existing genus; *Aliibeijerinckia*: A genus related to but distinct from the existing genus Beijerinckia of other.

Aliibelliella

L. masc. adjective *alius*, other; L. fem. dim. n. *Belliella*, An existing genus; *Aliibelliella*: A genus related to but distinct from the existing genus Belliella of other.

Aliibellilinea

L. masc. adjective *alius*, other; L. fem. n. *Bellilinea*, An existing genus; *Aliibellilinea*: A genus related to but distinct from the existing genus Bellilinea of other.

Aliibelnapia

L. masc. adjective *alius*, other; L. fem. n. *Belnapia*, An existing genus; *Aliibelnapia*: A genus related to but distinct from the existing genus Belnapia of other.

Aliibeneckea

L. masc. adjective *alius*, other; L. fem. n. *Beneckea*, An existing genus; *Aliibeneckea*: A genus related to but distinct from the existing genus Beneckea of other.

Aliibergeriella

L. masc. adjective *alius*, other; L. fem. dim. n. *Bergeriella*, An existing genus; *Aliibergeriella*: A genus related to but distinct from the existing genus Bergeriella of other.

Aliibergeyella

L. masc. adjective *alius*, other; L. fem. dim. n. *Bergeyella*, An existing genus; *Aliibergeyella*: A genus related to but distinct from the existing genus Bergeyella of other.

Aliibermanella

L. masc. adjective *alius*, other; L. fem. dim. n. *Bermanella*, An existing genus; *Aliibermanella*: A genus related to but distinct from the existing genus Bermanella of other.

Aliibernardetia

L. masc. adjective *alius*, other; L. fem. n. *Bernardetia*, An existing genus; *Aliibernardetia*: A genus related to but distinct from the existing genus Bernardetia of other.

Aliibeutenbergia

L. masc. adjective *alius*, other; L. fem. n. *Beutenbergia*, An existing genus; *Aliibeutenbergia*: A genus related to but distinct from the existing genus Beutenbergia of other.

Aliibhargavaea

L. masc. adjective *alius*, other; L. fem. n. *Bhargavaea*, An existing genus; *Aliibhargavaea*: A genus related to but distinct from the existing genus Bhargavaea of other.

Aliibibersteinia

L. masc. adjective *alius*, other; L. fem. n. *Bibersteinia*, An existing genus; *Aliibibersteinia*: A genus related to but distinct from the existing genus Bibersteinia of other.

Aliibifidobacterium

L. masc. adjective *alius*, other; L. neut. n. *Bifidobacterium*, An existing genus; *Aliibifidobacterium*: A genus related to but distinct from the existing genus Bifidobacterium of other.

Aliibilophila

L. masc. adjective *alius*, other; L. fem. n. *Bilophila*, An existing genus; *Aliibilophila*: A genus related to but distinct from the existing genus Bilophila of other.

Aliibiomaibacter

L. masc. adjective *alius*, other; L. masc. n. *Biomaibacter*, An existing genus; *Aliibiomaibacter*: A genus related to but distinct from the existing genus Biomaibacter of other.

Aliibiostraticola

L. masc. adjective *alius*, other; L. masc. n. *Biostraticola*, An existing genus; *Aliibiostraticola*: A genus related to but distinct from the existing genus Biostraticola of other.

Aliibisgaardia

L. masc. adjective *alius*, other; L. fem. n. *Bisgaardia*, An existing genus; *Aliibisgaardia*: A genus related to but distinct from the existing genus Bisgaardia of other.

Aliibizionia

L. masc. adjective *alius*, other; L. fem. n. *Bizionia*, An existing genus; *Aliibizionia*: A genus related to but distinct from the existing genus Bizionia of other.

Aliiblastochloris

L. masc. adjective *alius*, other; L. fem. n. *Blastochloris*, An existing genus; *Aliiblastochloris*: A genus related to but distinct from the existing genus Blastochloris of other.

Aliiblastococcus

L. masc. adjective *alius*, other; L. masc. n. *Blastococcus*, An existing genus; *Aliiblastococcus*: A genus related to but distinct from the existing genus Blastococcus of other.

Aliiblastopirellula

L. masc. adjective *alius*, other; L. fem. dim. n. *Blastopirellula*, An existing genus; *Aliiblastopirellula*: A genus related to but distinct from the existing genus Blastopirellula of other.

Aliiblattabacterium

L. masc. adjective *alius*, other; L. neut. n. *Blattabacterium*, An existing genus; *Aliiblattabacterium*: A genus related to but distinct from the existing genus Blattabacterium of other.

Aliiblautia

L. masc. adjective *alius*, other; L. fem. n. *Blautia*, An existing genus; *Aliiblautia*: A genus related to but distinct from the existing genus Blautia of other.

Aliibogoriella

L. masc. adjective *alius*, other; L. fem. dim. n. *Bogoriella*, An existing genus; *Aliibogoriella*: A genus related to but distinct from the existing genus Bogoriella of other.

Aliibombella

L. masc. adjective *alius*, other; L. fem. dim. n. *Bombella*, An existing genus; *Aliibombella*: A genus related to but distinct from the existing genus Bombella of other.

Aliibombilactobacillus

L. masc. adjective *alius*, other; L. masc. n. *Bombilactobacillus*, An existing genus; *Aliibombilactobacillus*: A genus related to but distinct from the existing genus Bombilactobacillus of other.

Aliibombiscardovia

L. masc. adjective *alius*, other; L. fem. n. *Bombiscardovia*, An existing genus; *Aliibombiscardovia*: A genus related to but distinct from the existing genus Bombiscardovia of other.

Aliibordetella

L. masc. adjective *alius*, other; L. fem. dim. n. *Bordetella*, An existing genus; *Aliibordetella*: A genus related to but distinct from the existing genus Bordetella of other.

Aliiborrelia

L. masc. adjective *alius*, other; L. fem. n. *Borrelia*, An existing genus; *Aliiborrelia*: A genus related to but distinct from the existing genus Borrelia of other.

Aliiborreliella

L. masc. adjective *alius*, other; L. fem. dim. n. *Borreliella*, An existing genus; *Aliiborreliella*: A genus related to but distinct from the existing genus Borreliella of other.

Aliibosea

L. masc. adjective *alius*, other; L. fem. n. *Bosea*, An existing genus; *Aliibosea*: A genus related to but distinct from the existing genus Bosea of other.

Aliiboseongicola

L. masc. adjective *alius*, other; L. masc. n. *Boseongicola*, An existing genus; *Aliiboseongicola*: A genus related to but distinct from the existing genus Boseongicola of other.

Aliibotryobacter

L. masc. adjective *alius*, other; L. masc. n. *Botryobacter*, An existing genus; *Aliibotryobacter*: A genus related to but distinct from the existing genus Botryobacter of other.

Aliiboudabousia

L. masc. adjective *alius*, other; L. fem. n. *Boudabousia*, An existing genus; *Aliiboudabousia*: A genus related to but distinct from the existing genus Boudabousia of other.

Aliibounagaea

L. masc. adjective *alius*, other; L. fem. n. *Bounagaea*, An existing genus; *Aliibounagaea*: A genus related to but distinct from the existing genus Bounagaea of other.

Aliibowmanella

L. masc. adjective *alius*, other; L. fem. dim. n. *Bowmanella*, An existing genus; *Aliibowmanella*: A genus related to but distinct from the existing genus Bowmanella of other.

Aliibrachyspira

L. masc. adjective *alius*, other; L. fem. n. *Brachyspira*, An existing genus; *Aliibrachyspira*: A genus related to but distinct from the existing genus Brachyspira of other.

Aliibradyrhizobium

L. masc. adjective *alius*, other; L. neut. n. *Bradyrhizobium*, An existing genus; *Aliibradyrhizobium*: A genus related to but distinct from the existing genus Bradyrhizobium of other.

Aliibranchiibius

L. masc. adjective *alius*, other; L. masc. n. *Branchiibius*, An existing genus; *Aliibranchiibius*: A genus related to but distinct from the existing genus Branchiibius of other.

Aliibranhamella

L. masc. adjective *alius*, other; L. fem. dim. n. *Branhamella*, An existing genus; *Aliibranhamella*: A genus related to but distinct from the existing genus Branhamella of other.

Aliibrassicibacter

L. masc. adjective *alius*, other; L. masc. n. *Brassicibacter*, An existing genus; *Aliibrassicibacter*: A genus related to but distinct from the existing genus Brassicibacter of other.

Aliibremerella

L. masc. adjective *alius*, other; L. fem. dim. n. *Bremerella*, An existing genus; *Aliibremerella*: A genus related to but distinct from the existing genus Bremerella of other.

Aliibrenneria

L. masc. adjective *alius*, other; L. fem. n. *Brenneria*, An existing genus; *Aliibrenneria*: A genus related to but distinct from the existing genus Brenneria of other.

Aliibreoghania

L. masc. adjective *alius*, other; L. fem. n. *Breoghania*, An existing genus; *Aliibreoghania*: A genus related to but distinct from the existing genus Breoghania of other.

Aliibrevifollis

L. masc. adjective *alius*, other; L. masc. n. *Brevifollis*, An existing genus; *Aliibrevifollis*: A genus related to but distinct from the existing genus Brevifollis of other.

Aliibrevilactibacter

L. masc. adjective *alius*, other; L. masc. n. *Brevilactibacter*, An existing genus; *Aliibrevilactibacter*: A genus related to but distinct from the existing genus Brevilactibacter of other.

Aliibrevinema

L. masc. adjective *alius*, other; L. neut. n. *Brevinema*, An existing genus; *Aliibrevinema*: A genus related to but distinct from the existing genus Brevinema of other.

Aliibrevirhabdus

L. masc. adjective *alius*, other; L. fem. n. *Brevirhabdus*, An existing genus; *Aliibrevirhabdus*: A genus related to but distinct from the existing genus Brevirhabdus of other.

Aliibrevundimonas

L. masc. adjective *alius*, other; L. fem. n. *Brevundimonas*, An existing genus; *Aliibrevundimonas*: A genus related to but distinct from the existing genus Brevundimonas of other.

Aliibreznakia

L. masc. adjective *alius*, other; L. fem. n. *Breznakia*, An existing genus; *Aliibreznakia*: A genus related to but distinct from the existing genus Breznakia of other.

Aliibreznakibacter

L. masc. adjective *alius*, other; L. masc. n. *Breznakibacter*, An existing genus; *Aliibreznakibacter*: A genus related to but distinct from the existing genus Breznakibacter of other.

Aliibrochothrix

L. masc. adjective *alius*, other; L. fem. n. *Brochothrix*, An existing genus; *Aliibrochothrix*: A genus related to but distinct from the existing genus Brochothrix of other.

Aliibrockia

L. masc. adjective *alius*, other; L. fem. n. *Brockia*, An existing genus; *Aliibrockia*: A genus related to but distinct from the existing genus Brockia of other.

Aliibrooklawnia

L. masc. adjective *alius*, other; L. fem. n. *Brooklawnia*, An existing genus; *Aliibrooklawnia*: A genus related to but distinct from the existing genus Brooklawnia of other.

Aliibrucella

L. masc. adjective *alius*, other; L. fem. dim. n. *Brucella*, An existing genus; *Aliibrucella*: A genus related to but distinct from the existing genus Brucella of other.

Aliibrumimicrobium

L. masc. adjective *alius*, other; L. neut. n. *Brumimicrobium*, An existing genus; *Aliibrumimicrobium*: A genus related to but distinct from the existing genus Brumimicrobium of other.

Aliibryantella

L. masc. adjective *alius*, other; L. fem. dim. n. *Bryantella*, An existing genus; *Aliibryantella*: A genus related to but distinct from the existing genus Bryantella of other.

Aliibryobacter

L. masc. adjective *alius*, other; L. masc. n. *Bryobacter*, An existing genus; *Aliibryobacter*: A genus related to but distinct from the existing genus Bryobacter of other.

Aliibryocella

L. masc. adjective *alius*, other; L. fem. n. *Bryocella*, An existing genus; *Aliibryocella*: A genus related to but distinct from the existing genus Bryocella of other.

Aliibuchananella

L. masc. adjective *alius*, other; L. fem. dim. n. *Buchananella*, An existing genus; *Aliibuchananella*: A genus related to but distinct from the existing genus Buchananella of other.

Aliibuchnera

L. masc. adjective *alius*, other; L. fem. n. *Buchnera*, An existing genus; *Aliibuchnera*: A genus related to but distinct from the existing genus Buchnera of other.

Aliibudvicia

L. masc. adjective *alius*, other; L. fem. n. *Budvicia*, An existing genus; *Aliibudvicia*: A genus related to but distinct from the existing genus Budvicia of other.

Aliibulleidia

L. masc. adjective *alius*, other; L. fem. n. *Bulleidia*, An existing genus; *Aliibulleidia*: A genus related to but distinct from the existing genus Bulleidia of other.

Aliiburkholderia

L. masc. adjective *alius*, other; L. fem. n. *Burkholderia*, An existing genus; *Aliiburkholderia*: A genus related to but distinct from the existing genus Burkholderia of other.

Aliibuttiauxella

L. masc. adjective *alius*, other; L. fem. dim. n. *Buttiauxella*, An existing genus; *Aliibuttiauxella*: A genus related to but distinct from the existing genus Buttiauxella of other.

Aliibutyratibacter

L. masc. adjective *alius*, other; L. masc. n. *Butyratibacter*, An existing genus; *Aliibutyratibacter*: A genus related to but distinct from the existing genus Butyratibacter of other.

Aliibutyricicoccus

L. masc. adjective *alius*, other; L. masc. n. *Butyricicoccus*, An existing genus; *Aliibutyricicoccus*: A genus related to but distinct from the existing genus Butyricicoccus of other.

Aliibutyrivibrio

L. masc. adjective *alius*, other; L. masc. n. *Butyrivibrio*, An existing genus; *Aliibutyrivibrio*: A genus related to but distinct from the existing genus Butyrivibrio of other.

Aliibyssophaga

L. masc. adjective *alius*, other; L. fem. n. *Byssophaga*, An existing genus; *Aliibyssophaga*: A genus related to but distinct from the existing genus Byssophaga of other.

Aliibyssovorax

L. masc. adjective *alius*, other; L. fem. n. *Byssovorax*, An existing genus; *Aliibyssovorax*: A genus related to but distinct from the existing genus Byssovorax of other.

Aliibythopirellula

L. masc. adjective *alius*, other; L. fem. dim. n. *Bythopirellula*, An existing genus; *Aliibythopirellula*: A genus related to but distinct from the existing genus Bythopirellula of other.

Aliicaballeronia

L. masc. adjective *alius*, other; L. fem. n. *Caballeronia*, An existing genus; *Aliicaballeronia*: A genus related to but distinct from the existing genus Caballeronia of other.

Aliicaecibacterium

L. masc. adjective *alius*, other; L. neut. n. *Caecibacterium*, An existing genus; *Aliicaecibacterium*: A genus related to but distinct from the existing genus Caecibacterium of other.

Aliicaedibacter

L. masc. adjective *alius*, other; L. masc. n. *Caedibacter*, An existing genus; *Aliicaedibacter*: A genus related to but distinct from the existing genus Caedibacter of other.

Aliicaedimonas

L. masc. adjective *alius*, other; L. fem. n. *Caedimonas*, An existing genus; *Aliicaedimonas*: A genus related to but distinct from the existing genus Caedimonas of other.

Aliicaenibacillus

L. masc. adjective *alius*, other; L. masc. n. *Caenibacillus*, An existing genus; *Aliicaenibacillus*: A genus related to but distinct from the existing genus Caenibacillus of other.

Aliicaenibacterium

L. masc. adjective *alius*, other; L. neut. n. *Caenibacterium*, An existing genus; *Aliicaenibacterium*: A genus related to but distinct from the existing genus Caenibacterium of other.

Aliicaenimonas

L. masc. adjective *alius*, other; L. fem. n. *Caenimonas*, An existing genus; *Aliicaenimonas*: A genus related to but distinct from the existing genus Caenimonas of other.

Aliicaenispirillum

L. masc. adjective *alius*, other; L. neut. dim. n. *Caenispirillum*, An existing genus; *Aliicaenispirillum*: A genus related to but distinct from the existing genus Caenispirillum of other.

Aliicalculibacillus

L. masc. adjective *alius*, other; L. masc. n. *Calculibacillus*, An existing genus; *Aliicalculibacillus*: A genus related to but distinct from the existing genus Calculibacillus of other.

Aliicaldalkalibacillus

L. masc. adjective *alius*, other; L. masc. n. *Caldalkalibacillus*, An existing genus; *Aliicaldalkalibacillus*: A genus related to but distinct from the existing genus Caldalkalibacillus of other.

Aliicaldanaerobacter

L. masc. adjective *alius*, other; L. masc. n. *Caldanaerobacter*, An existing genus; *Aliicaldanaerobacter*: A genus related to but distinct from the existing genus Caldanaerobacter of other.

Aliicaldanaerobius

L. masc. adjective *alius*, other; L. masc. n. *Caldanaerobius*, An existing genus; *Aliicaldanaerobius*: A genus related to but distinct from the existing genus Caldanaerobius of other.

Aliicaldanaerovirga

L. masc. adjective *alius*, other; L. fem. n. *Caldanaerovirga*, An existing genus; *Aliicaldanaerovirga*: A genus related to but distinct from the existing genus Caldanaerovirga of other.

Aliicalderihabitans

L. masc. adjective *alius*, other; L. masc. n. *Calderihabitans*, An existing genus; *Aliicalderihabitans*: A genus related to but distinct from the existing genus Calderihabitans of other.

Aliicalderobacterium

L. masc. adjective *alius*, other; L. neut. n. *Calderobacterium*, An existing genus; *Aliicalderobacterium*: A genus related to but distinct from the existing genus Calderobacterium of other.

Aliicaldibacillus

L. masc. adjective *alius*, other; L. masc. n. *Caldibacillus*, An existing genus; *Aliicaldibacillus*: A genus related to but distinct from the existing genus Caldibacillus of other.

Aliicaldicellulosiruptor

L. masc. adjective *alius*, other; L. masc. n. *Caldicellulosiruptor*, An existing genus; *Aliicaldicellulosiruptor*: A genus related to but distinct from the existing genus Caldicellulosiruptor of other.

Aliicaldicoprobacter

L. masc. adjective *alius*, other; L. masc. n. *Caldicoprobacter*, An existing genus; *Aliicaldicoprobacter*: A genus related to but distinct from the existing genus Caldicoprobacter of other.

Aliicaldilinea

L. masc. adjective *alius*, other; L. fem. n. *Caldilinea*, An existing genus; *Aliicaldilinea*: A genus related to but distinct from the existing genus Caldilinea of other.

Aliicaldimicrobium

L. masc. adjective *alius*, other; L. neut. n. *Caldimicrobium*, An existing genus; *Aliicaldimicrobium*: A genus related to but distinct from the existing genus Caldimicrobium of other.

Aliicaldimonas

L. masc. adjective *alius*, other; L. fem. n. *Caldimonas*, An existing genus; *Aliicaldimonas*: A genus related to but distinct from the existing genus Caldimonas of other.

Aliicaldinitratiruptor

L. masc. adjective *alius*, other; L. masc. n. *Caldinitratiruptor*, An existing genus; *Aliicaldinitratiruptor*: A genus related to but distinct from the existing genus Caldinitratiruptor of other.

Aliicaldisalinibacter

L. masc. adjective *alius*, other; L. masc. n. *Caldisalinibacter*, An existing genus; *Aliicaldisalinibacter*: A genus related to but distinct from the existing genus Caldisalinibacter of other.

Aliicaldisericum

L. masc. adjective *alius*, other; L. neut. n. *Caldisericum*, An existing genus; *Aliicaldisericum*: A genus related to but distinct from the existing genus Caldisericum of other.

Aliicaldisphaera

L. masc. adjective *alius*, other; L. fem. n. *Caldisphaera*, An existing genus; *Aliicaldisphaera*: A genus related to but distinct from the existing genus Caldisphaera of other.

Aliicalditerricola

L. masc. adjective *alius*, other; L. masc. n. *Calditerricola*, An existing genus; *Aliicalditerricola*: A genus related to but distinct from the existing genus Calditerricola of other.

Aliicalditerrivibrio

L. masc. adjective *alius*, other; L. masc. n. *Calditerrivibrio*, An existing genus; *Aliicalditerrivibrio*: A genus related to but distinct from the existing genus Calditerrivibrio of other.

Aliicaldithrix

L. masc. adjective *alius*, other; L. fem. n. *Caldithrix*, An existing genus; *Aliicaldithrix*: A genus related to but distinct from the existing genus Caldithrix of other.

Aliicaldovatus

L. masc. adjective *alius*, other; L. masc. n. *Caldovatus*, An existing genus; *Aliicaldovatus*: A genus related to but distinct from the existing genus Caldovatus of other.

Aliicalenema

L. masc. adjective *alius*, other; L. neut. n. *Calenema*, An existing genus; *Aliicalenema*: A genus related to but distinct from the existing genus Calenema of other.

Aliicalidifontibacter

L. masc. adjective *alius*, other; L. masc. n. *Calidifontibacter*, An existing genus; *Aliicalidifontibacter*: A genus related to but distinct from the existing genus Calidifontibacter of other.

Aliicalidifontimicrobium

L. masc. adjective *alius*, other; L. neut. n. *Calidifontimicrobium*, An existing genus; *Aliicalidifontimicrobium*: A genus related to but distinct from the existing genus Calidifontimicrobium of other.

Aliicalidithermus

L. masc. adjective *alius*, other; L. masc. n. *Calidithermus*, An existing genus; *Aliicalidithermus*: A genus related to but distinct from the existing genus Calidithermus of other.

Aliicalochaete

L. masc. adjective *alius*, other; L. fem. n. *Calochaete*, An existing genus; *Aliicalochaete*: A genus related to but distinct from the existing genus Calochaete of other.

Aliicaloramator

L. masc. adjective *alius*, other; L. masc. n. *Caloramator*, An existing genus; *Aliicaloramator*: A genus related to but distinct from the existing genus Caloramator of other.

Aliicaloranaerobacter

L. masc. adjective *alius*, other; L. masc. n. *Caloranaerobacter*, An existing genus; *Aliicaloranaerobacter*: A genus related to but distinct from the existing genus Caloranaerobacter of other.

Aliicaloribacterium

L. masc. adjective *alius*, other; L. neut. n. *Caloribacterium*, An existing genus; *Aliicaloribacterium*: A genus related to but distinct from the existing genus Caloribacterium of other.

Aliicalorimonas

L. masc. adjective *alius*, other; L. fem. n. *Calorimonas*, An existing genus; *Aliicalorimonas*: A genus related to but distinct from the existing genus Calorimonas of other.

Aliicalorithrix

L. masc. adjective *alius*, other; L. fem. n. *Calorithrix*, An existing genus; *Aliicalorithrix*: A genus related to but distinct from the existing genus Calorithrix of other.

Aliicalothrix

L. masc. adjective *alius*, other; L. fem. n. *Calothrix*, An existing genus; *Aliicalothrix*: A genus related to but distinct from the existing genus Calothrix of other.

Aliicalymmatobacterium

L. masc. adjective *alius*, other; L. neut. n. *Calymmatobacterium*, An existing genus; *Aliicalymmatobacterium*: A genus related to but distinct from the existing genus Calymmatobacterium of other.

Aliicamelimonas

L. masc. adjective *alius*, other; L. fem. n. *Camelimonas*, An existing genus; *Aliicamelimonas*: A genus related to but distinct from the existing genus Camelimonas of other.

Aliicamelliibacillus

L. masc. adjective *alius*, other; L. masc. n. *Camelliibacillus*, An existing genus; *Aliicamelliibacillus*: A genus related to but distinct from the existing genus Camelliibacillus of other.

Aliicaminibacter

L. masc. adjective *alius*, other; L. masc. n. *Caminibacter*, An existing genus; *Aliicaminibacter*: A genus related to but distinct from the existing genus Caminibacter of other.

Aliicaminicella

L. masc. adjective *alius*, other; L. fem. n. *Caminicella*, An existing genus; *Aliicaminicella*: A genus related to but distinct from the existing genus Caminicella of other.

Aliicampylobacter

L. masc. adjective *alius*, other; L. masc. n. *Campylobacter*, An existing genus; *Aliicampylobacter*: A genus related to but distinct from the existing genus Campylobacter of other.

Aliicanaleparolina

L. masc. adjective *alius*, other; L. fem. n. *Canaleparolina*, An existing genus; *Aliicanaleparolina*: A genus related to but distinct from the existing genus Canaleparolina of other.

Aliicandidimonas

L. masc. adjective *alius*, other; L. fem. n. *Candidimonas*, An existing genus; *Aliicandidimonas*: A genus related to but distinct from the existing genus Candidimonas of other.

Aliicanibacter

L. masc. adjective *alius*, other; L. masc. n. *Canibacter*, An existing genus; *Aliicanibacter*: A genus related to but distinct from the existing genus Canibacter of other.

Aliicapillus

L. masc. adjective *alius*, other; L. masc. n. *Capillus*, An existing genus; *Aliicapillus*: A genus related to but distinct from the existing genus Capillus of other.

Aliicapnocytophaga

L. masc. adjective *alius*, other; L. fem. n. *Capnocytophaga*, An existing genus; *Aliicapnocytophaga*: A genus related to but distinct from the existing genus Capnocytophaga of other.

Aliicaproicibacter

L. masc. adjective *alius*, other; L. masc. n. *Caproicibacter*, An existing genus; *Aliicaproicibacter*: A genus related to but distinct from the existing genus Caproicibacter of other.

Aliicaproiciproducens

L. masc. adjective *alius*, other; L. masc. n. *Caproiciproducens*, An existing genus; *Aliicaproiciproducens*: A genus related to but distinct from the existing genus Caproiciproducens of other.

Aliicapsularis

L. masc. adjective *alius*, other; L. masc. n. *Capsularis*, An existing genus; *Aliicapsularis*: A genus related to but distinct from the existing genus Capsularis of other.

Aliicapsulimonas

L. masc. adjective *alius*, other; L. fem. n. *Capsulimonas*, An existing genus; *Aliicapsulimonas*: A genus related to but distinct from the existing genus Capsulimonas of other.

Aliicarbophilus

L. masc. adjective *alius*, other; L. masc. n. *Carbophilus*, An existing genus; *Aliicarbophilus*: A genus related to but distinct from the existing genus Carbophilus of other.

Aliicarboxydocella

L. masc. adjective *alius*, other; L. fem. n. *Carboxydocella*, An existing genus; *Aliicarboxydocella*: A genus related to but distinct from the existing genus Carboxydocella of other.

Aliicarboxydothermus

L. masc. adjective *alius*, other; L. masc. n. *Carboxydothermus*, An existing genus; *Aliicarboxydothermus*: A genus related to but distinct from the existing genus Carboxydothermus of other.

Aliicardiobacterium

L. masc. adjective *alius*, other; L. neut. n. *Cardiobacterium*, An existing genus; *Aliicardiobacterium*: A genus related to but distinct from the existing genus Cardiobacterium of other.

Aliicarideicomes

L. masc. adjective *alius*, other; L. masc. n. *Carideicomes*, An existing genus; *Aliicarideicomes*: A genus related to but distinct from the existing genus Carideicomes of other.

Aliicarnimonas

L. masc. adjective *alius*, other; L. fem. n. *Carnimonas*, An existing genus; *Aliicarnimonas*: A genus related to but distinct from the existing genus Carnimonas of other.

Aliicarnobacterium

L. masc. adjective *alius*, other; L. neut. n. *Carnobacterium*, An existing genus; *Aliicarnobacterium*: A genus related to but distinct from the existing genus Carnobacterium of other.

Aliicartusia

L. masc. adjective *alius*, other; L. fem. n. *Cartusia*, An existing genus; *Aliicartusia*: A genus related to but distinct from the existing genus Cartusia of other.

Aliicaryophanon

L. masc. adjective *alius*, other; L. neut. n. *Caryophanon*, An existing genus; *Aliicaryophanon*: A genus related to but distinct from the existing genus Caryophanon of other.

Aliicaseobacter

L. masc. adjective *alius*, other; L. masc. n. *Caseobacter*, An existing genus; *Aliicaseobacter*: A genus related to but distinct from the existing genus Caseobacter of other.

Aliicasimicrobium

L. masc. adjective *alius*, other; L. neut. n. *Casimicrobium*, An existing genus; *Aliicasimicrobium*: A genus related to but distinct from the existing genus Casimicrobium of other.

Aliicastellaniella

L. masc. adjective *alius*, other; L. fem. dim. n. *Castellaniella*, An existing genus; *Aliicastellaniella*: A genus related to but distinct from the existing genus Castellaniella of other.

Aliicatabacter

L. masc. adjective *alius*, other; L. masc. n. *Catabacter*, An existing genus; *Aliicatabacter*: A genus related to but distinct from the existing genus Catabacter of other.

Aliicatalinimonas

L. masc. adjective *alius*, other; L. fem. n. *Catalinimonas*, An existing genus; *Aliicatalinimonas*: A genus related to but distinct from the existing genus Catalinimonas of other.

Aliicatellatospora

L. masc. adjective *alius*, other; L. fem. n. *Catellatospora*, An existing genus; *Aliicatellatospora*: A genus related to but distinct from the existing genus Catellatospora of other.

Aliicatellibacterium

L. masc. adjective *alius*, other; L. neut. n. *Catellibacterium*, An existing genus; *Aliicatellibacterium*: A genus related to but distinct from the existing genus Catellibacterium of other.

Aliicatellicoccus

L. masc. adjective *alius*, other; L. masc. n. *Catellicoccus*, An existing genus; *Aliicatellicoccus*: A genus related to but distinct from the existing genus Catellicoccus of other.

Aliicatelliglobosispora

L. masc. adjective *alius*, other; L. fem. n. *Catelliglobosispora*, An existing genus; *Aliicatelliglobosispora*: A genus related to but distinct from the existing genus Catelliglobosispora of other.

Aliicatenibacillus

L. masc. adjective *alius*, other; L. masc. n. *Catenibacillus*, An existing genus; *Aliicatenibacillus*: A genus related to but distinct from the existing genus Catenibacillus of other.

Aliicatenibacterium

L. masc. adjective *alius*, other; L. neut. n. *Catenibacterium*, An existing genus; *Aliicatenibacterium*: A genus related to but distinct from the existing genus Catenibacterium of other.

Aliicatenisphaera

L. masc. adjective *alius*, other; L. fem. n. *Catenisphaera*, An existing genus; *Aliicatenisphaera*: A genus related to but distinct from the existing genus Catenisphaera of other.

Aliicatenococcus

L. masc. adjective *alius*, other; L. masc. n. *Catenococcus*, An existing genus; *Aliicatenococcus*: A genus related to but distinct from the existing genus Catenococcus of other.

Aliicatenovulum

L. masc. adjective *alius*, other; L. neut. n. *Catenovulum*, An existing genus; *Aliicatenovulum*: A genus related to but distinct from the existing genus Catenovulum of other.

Aliicatenulispora

L. masc. adjective *alius*, other; L. fem. n. *Catenulispora*, An existing genus; *Aliicatenulispora*: A genus related to but distinct from the existing genus Catenulispora of other.

Aliicatenuloplanes

L. masc. adjective *alius*, other; L. masc. n. *Catenuloplanes*, An existing genus; *Aliicatenuloplanes*: A genus related to but distinct from the existing genus Catenuloplanes of other.

Aliicatonella

L. masc. adjective *alius*, other; L. fem. dim. n. *Catonella*, An existing genus; *Aliicatonella*: A genus related to but distinct from the existing genus Catonella of other.

Aliicaulifigura

L. masc. adjective *alius*, other; L. fem. n. *Caulifigura*, An existing genus; *Aliicaulifigura*: A genus related to but distinct from the existing genus Caulifigura of other.

Aliicaulobacter

L. masc. adjective *alius*, other; L. masc. n. *Caulobacter*, An existing genus; *Aliicaulobacter*: A genus related to but distinct from the existing genus Caulobacter of other.

Aliicavicella

L. masc. adjective *alius*, other; L. fem. n. *Cavicella*, An existing genus; *Aliicavicella*: A genus related to but distinct from the existing genus Cavicella of other.

Aliicaviibacter

L. masc. adjective *alius*, other; L. masc. n. *Caviibacter*, An existing genus; *Aliicaviibacter*: A genus related to but distinct from the existing genus Caviibacter of other.

Aliicaviibacterium

L. masc. adjective *alius*, other; L. neut. n. *Caviibacterium*, An existing genus; *Aliicaviibacterium*: A genus related to but distinct from the existing genus Caviibacterium of other.

Aliicecembia

L. masc. adjective *alius*, other; L. fem. n. *Cecembia*, An existing genus; *Aliicecembia*: A genus related to but distinct from the existing genus Cecembia of other.

Aliicedecea

L. masc. adjective *alius*, other; L. fem. n. *Cedecea*, An existing genus; *Aliicedecea*: A genus related to but distinct from the existing genus Cedecea of other.

Aliicelerinatantimonas

L. masc. adjective *alius*, other; L. fem. n. *Celerinatantimonas*, An existing genus; *Aliicelerinatantimonas*: A genus related to but distinct from the existing genus Celerinatantimonas of other.

Aliicellulomonas

L. masc. adjective *alius*, other; L. fem. n. *Cellulomonas*, An existing genus; *Aliicellulomonas*: A genus related to but distinct from the existing genus Cellulomonas of other.

Aliicellulophaga

L. masc. adjective *alius*, other; L. fem. n. *Cellulophaga*, An existing genus; *Aliicellulophaga*: A genus related to but distinct from the existing genus Cellulophaga of other.

Aliicellulosibacter

L. masc. adjective *alius*, other; L. masc. n. *Cellulosibacter*, An existing genus; *Aliicellulosibacter*: A genus related to but distinct from the existing genus Cellulosibacter of other.

Aliicellulosilyticum

L. masc. adjective *alius*, other; L. neut. n. *Cellulosilyticum*, An existing genus; *Aliicellulosilyticum*: A genus related to but distinct from the existing genus Cellulosilyticum of other.

Aliicellulosimicrobium

L. masc. adjective *alius*, other; L. neut. n. *Cellulosimicrobium*, An existing genus; *Aliicellulosimicrobium*: A genus related to but distinct from the existing genus Cellulosimicrobium of other.

Aliicellvibrio

L. masc. adjective *alius*, other; L. masc. n. *Cellvibrio*, An existing genus; *Aliicellvibrio*: A genus related to but distinct from the existing genus Cellvibrio of other.

Aliicenarchaeum

L. masc. adjective *alius*, other; L. neut. n. *Cenarchaeum*, An existing genus; *Aliicenarchaeum*: A genus related to but distinct from the existing genus Cenarchaeum of other.

Aliicephalothrix

L. masc. adjective *alius*, other; L. fem. n. *Cephalothrix*, An existing genus; *Aliicephalothrix*: A genus related to but distinct from the existing genus Cephalothrix of other.

Aliicephaloticoccus

L. masc. adjective *alius*, other; L. masc. n. *Cephaloticoccus*, An existing genus; *Aliicephaloticoccus*: A genus related to but distinct from the existing genus Cephaloticoccus of other.

Aliicerasibacillus

L. masc. adjective *alius*, other; L. masc. n. *Cerasibacillus*, An existing genus; *Aliicerasibacillus*: A genus related to but distinct from the existing genus Cerasibacillus of other.

Aliicerasicoccus

L. masc. adjective *alius*, other; L. masc. n. *Cerasicoccus*, An existing genus; *Aliicerasicoccus*: A genus related to but distinct from the existing genus Cerasicoccus of other.

Aliicereibacter

L. masc. adjective *alius*, other; L. masc. n. *Cereibacter*, An existing genus; *Aliicereibacter*: A genus related to but distinct from the existing genus Cereibacter of other.

Aliicesiribacter

L. masc. adjective *alius*, other; L. masc. n. *Cesiribacter*, An existing genus; *Aliicesiribacter*: A genus related to but distinct from the existing genus Cesiribacter of other.

Aliicetobacterium

L. masc. adjective *alius*, other; L. neut. n. *Cetobacterium*, An existing genus; *Aliicetobacterium*: A genus related to but distinct from the existing genus Cetobacterium of other.

Aliichachezhania

L. masc. adjective *alius*, other; L. fem. n. *Chachezhania*, An existing genus; *Aliichachezhania*: A genus related to but distinct from the existing genus Chachezhania of other.

Aliichainia

L. masc. adjective *alius*, other; L. fem. n. *Chainia*, An existing genus; *Aliichainia*: A genus related to but distinct from the existing genus Chainia of other.

Aliichakia

L. masc. adjective *alius*, other; L. fem. n. *Chakia*, An existing genus; *Aliichakia*: A genus related to but distinct from the existing genus Chakia of other.

Aliichakrabartia

L. masc. adjective *alius*, other; L. fem. n. *Chakrabartia*, An existing genus; *Aliichakrabartia*: A genus related to but distinct from the existing genus Chakrabartia of other.

Aliichalicogloea

L. masc. adjective *alius*, other; L. fem. n. *Chalicogloea*, An existing genus; *Aliichalicogloea*: A genus related to but distinct from the existing genus Chalicogloea of other.

Aliichamaethrix

L. masc. adjective *alius*, other; L. fem. n. *Chamaethrix*, An existing genus; *Aliichamaethrix*: A genus related to but distinct from the existing genus Chamaethrix of other.

Aliichangchengzhania

L. masc. adjective *alius*, other; L. fem. n. *Changchengzhania*, An existing genus; *Aliichangchengzhania*: A genus related to but distinct from the existing genus Changchengzhania of other.

Aliichania

L. masc. adjective *alius*, other; L. fem. n. *Chania*, An existing genus; *Aliichania*: A genus related to but distinct from the existing genus Chania of other.

Aliicharonomicrobium

L. masc. adjective *alius*, other; L. neut. n. *Charonomicrobium*, An existing genus; *Aliicharonomicrobium*: A genus related to but distinct from the existing genus Charonomicrobium of other.

Aliichelativorans

L. masc. adjective *alius*, other; L. masc. n. *Chelativorans*, An existing genus; *Aliichelativorans*: A genus related to but distinct from the existing genus Chelativorans of other.

Aliichelatobacter

L. masc. adjective *alius*, other; L. masc. n. *Chelatobacter*, An existing genus; *Aliichelatobacter*: A genus related to but distinct from the existing genus Chelatobacter of other.

Aliichelatococcus

L. masc. adjective *alius*, other; L. masc. n. *Chelatococcus*, An existing genus; *Aliichelatococcus*: A genus related to but distinct from the existing genus Chelatococcus of other.

Aliichelonobacter

L. masc. adjective *alius*, other; L. masc. n. *Chelonobacter*, An existing genus; *Aliichelonobacter*: A genus related to but distinct from the existing genus Chelonobacter of other.

Aliichenggangzhangella

L. masc. adjective *alius*, other; L. fem. dim. n. *Chenggangzhangella*, An existing genus; *Aliichenggangzhangella*: A genus related to but distinct from the existing genus Chenggangzhangella of other.

Aliichengkuizengella

L. masc. adjective *alius*, other; L. fem. dim. n. *Chengkuizengella*, An existing genus; *Aliichengkuizengella*: A genus related to but distinct from the existing genus Chengkuizengella of other.

Aliichiayiivirga

L. masc. adjective *alius*, other; L. fem. n. *Chiayiivirga*, An existing genus; *Aliichiayiivirga*: A genus related to but distinct from the existing genus Chiayiivirga of other.

Aliichimaereicella

L. masc. adjective *alius*, other; L. fem. n. *Chimaereicella*, An existing genus; *Aliichimaereicella*: A genus related to but distinct from the existing genus Chimaereicella of other.

Aliichimaeribacter

L. masc. adjective *alius*, other; L. masc. n. *Chimaeribacter*, An existing genus; *Aliichimaeribacter*: A genus related to but distinct from the existing genus Chimaeribacter of other.

Aliichishuiella

L. masc. adjective *alius*, other; L. fem. dim. n. *Chishuiella*, An existing genus; *Aliichishuiella*: A genus related to but distinct from the existing genus Chishuiella of other.

Aliichitinasiproducens

L. masc. adjective *alius*, other; L. masc. n. *Chitinasiproducens*, An existing genus; *Aliichitinasiproducens*: A genus related to but distinct from the existing genus Chitinasiproducens of other.

Aliichitinibacter

L. masc. adjective *alius*, other; L. masc. n. *Chitinibacter*, An existing genus; *Aliichitinibacter*: A genus related to but distinct from the existing genus Chitinibacter of other.

Aliichitinilyticum

L. masc. adjective *alius*, other; L. neut. n. *Chitinilyticum*, An existing genus; *Aliichitinilyticum*: A genus related to but distinct from the existing genus Chitinilyticum of other.

Aliichitiniphilus

L. masc. adjective *alius*, other; L. masc. n. *Chitiniphilus*, An existing genus; *Aliichitiniphilus*: A genus related to but distinct from the existing genus Chitiniphilus of other.

Aliichitinispirillum

L. masc. adjective *alius*, other; L. neut. dim. n. *Chitinispirillum*, An existing genus; *Aliichitinispirillum*: A genus related to but distinct from the existing genus Chitinispirillum of other.

Aliichitinivibrio

L. masc. adjective *alius*, other; L. masc. n. *Chitinivibrio*, An existing genus; *Aliichitinivibrio*: A genus related to but distinct from the existing genus Chitinivibrio of other.

Aliichitinivorax

L. masc. adjective *alius*, other; L. masc. n. *Chitinivorax*, An existing genus; *Aliichitinivorax*: A genus related to but distinct from the existing genus Chitinivorax of other.

Aliichitinolyticbacter

L. masc. adjective *alius*, other; L. masc. n. *Chitinolyticbacter*, An existing genus; *Aliichitinolyticbacter*: A genus related to but distinct from the existing genus Chitinolyticbacter of other.

Aliichitinophaga

L. masc. adjective *alius*, other; L. fem. n. *Chitinophaga*, An existing genus; *Aliichitinophaga*: A genus related to but distinct from the existing genus Chitinophaga of other.

Aliichlamydia

L. masc. adjective *alius*, other; L. fem. n. *Chlamydia*, An existing genus; *Aliichlamydia*: A genus related to but distinct from the existing genus Chlamydia of other.

Aliichlamydophila

L. masc. adjective *alius*, other; L. fem. n. *Chlamydophila*, An existing genus; *Aliichlamydophila*: A genus related to but distinct from the existing genus Chlamydophila of other.

Aliichloracidobacterium

L. masc. adjective *alius*, other; L. neut. n. *Chloracidobacterium*, An existing genus; *Aliichloracidobacterium*: A genus related to but distinct from the existing genus Chloracidobacterium of other.

Aliichlorobaculum

L. masc. adjective *alius*, other; L. neut. n. *Chlorobaculum*, An existing genus; *Aliichlorobaculum*: A genus related to but distinct from the existing genus Chlorobaculum of other.

Aliichlorobium

L. masc. adjective *alius*, other; L. neut. n. *Chlorobium*, An existing genus; *Aliichlorobium*: A genus related to but distinct from the existing genus Chlorobium of other.

Aliichloroflexus

L. masc. adjective *alius*, other; L. masc. n. *Chloroflexus*, An existing genus; *Aliichloroflexus*: A genus related to but distinct from the existing genus Chloroflexus of other.

Aliichloroherpeton

L. masc. adjective *alius*, other; L. neut. n. *Chloroherpeton*, An existing genus; *Aliichloroherpeton*: A genus related to but distinct from the existing genus Chloroherpeton of other.

Aliichloronema

L. masc. adjective *alius*, other; L. neut. n. *Chloronema*, An existing genus; *Aliichloronema*: A genus related to but distinct from the existing genus Chloronema of other.

Aliichondromyces

L. masc. adjective *alius*, other; L. masc. n. *Chondromyces*, An existing genus; *Aliichondromyces*: A genus related to but distinct from the existing genus Chondromyces of other.

Aliichristensenella

L. masc. adjective *alius*, other; L. fem. dim. n. *Christensenella*, An existing genus; *Aliichristensenella*: A genus related to but distinct from the existing genus Christensenella of other.

Aliichroakolemma

L. masc. adjective *alius*, other; L. neut. n. *Chroakolemma*, An existing genus; *Aliichroakolemma*: A genus related to but distinct from the existing genus Chroakolemma of other.

Aliichromatium

L. masc. adjective *alius*, other; L. neut. n. *Chromatium*, An existing genus; *Aliichromatium*: A genus related to but distinct from the existing genus Chromatium of other.

Aliichromatocurvus

L. masc. adjective *alius*, other; L. masc. n. *Chromatocurvus*, An existing genus; *Aliichromatocurvus*: A genus related to but distinct from the existing genus Chromatocurvus of other.

Aliichromobacterium

L. masc. adjective *alius*, other; L. neut. n. *Chromobacterium*, An existing genus; *Aliichromobacterium*: A genus related to but distinct from the existing genus Chromobacterium of other.

Aliichromohalobacter

L. masc. adjective *alius*, other; L. masc. n. *Chromohalobacter*, An existing genus; *Aliichromohalobacter*: A genus related to but distinct from the existing genus Chromohalobacter of other.

Aliichroococcus

L. masc. adjective *alius*, other; L. masc. n. *Chroococcus*, An existing genus; *Aliichroococcus*: A genus related to but distinct from the existing genus Chroococcus of other.

Aliichryseobacterium

L. masc. adjective *alius*, other; L. neut. n. *Chryseobacterium*, An existing genus; *Aliichryseobacterium*: A genus related to but distinct from the existing genus Chryseobacterium of other.

Aliichryseoglobus

L. masc. adjective *alius*, other; L. masc. n. *Chryseoglobus*, An existing genus; *Aliichryseoglobus*: A genus related to but distinct from the existing genus Chryseoglobus of other.

Aliichryseolinea

L. masc. adjective *alius*, other; L. fem. n. *Chryseolinea*, An existing genus; *Aliichryseolinea*: A genus related to but distinct from the existing genus Chryseolinea of other.

Aliichryseomicrobium

L. masc. adjective *alius*, other; L. neut. n. *Chryseomicrobium*, An existing genus; *Aliichryseomicrobium*: A genus related to but distinct from the existing genus Chryseomicrobium of other.

Aliichryseomonas

L. masc. adjective *alius*, other; L. fem. n. *Chryseomonas*, An existing genus; *Aliichryseomonas*: A genus related to but distinct from the existing genus Chryseomonas of other.

Aliichryseotalea

L. masc. adjective *alius*, other; L. fem. n. *Chryseotalea*, An existing genus; *Aliichryseotalea*: A genus related to but distinct from the existing genus Chryseotalea of other.

Aliichrysiogenes

L. masc. adjective *alius*, other; L. masc. n. *Chrysiogenes*, An existing genus; *Aliichrysiogenes*: A genus related to but distinct from the existing genus Chrysiogenes of other.

Aliichthoniobacter

L. masc. adjective *alius*, other; L. masc. n. *Chthoniobacter*, An existing genus; *Aliichthoniobacter*: A genus related to but distinct from the existing genus Chthoniobacter of other.

Aliichthonobacter

L. masc. adjective *alius*, other; L. masc. n. *Chthonobacter*, An existing genus; *Aliichthonobacter*: A genus related to but distinct from the existing genus Chthonobacter of other.

Aliichthonomonas

L. masc. adjective *alius*, other; L. fem. n. *Chthonomonas*, An existing genus; *Aliichthonomonas*: A genus related to but distinct from the existing genus Chthonomonas of other.

Aliichujaibacter

L. masc. adjective *alius*, other; L. masc. n. *Chujaibacter*, An existing genus; *Aliichujaibacter*: A genus related to but distinct from the existing genus Chujaibacter of other.

Aliichungangia

L. masc. adjective *alius*, other; L. fem. n. *Chungangia*, An existing genus; *Aliichungangia*: A genus related to but distinct from the existing genus Chungangia of other.

Aliiciceribacter

L. masc. adjective *alius*, other; L. masc. n. *Ciceribacter*, An existing genus; *Aliiciceribacter*: A genus related to but distinct from the existing genus Ciceribacter of other.

Aliicitreibacter

L. masc. adjective *alius*, other; L. masc. n. *Citreibacter*, An existing genus; *Aliicitreibacter*: A genus related to but distinct from the existing genus Citreibacter of other.

Aliicitreicella

L. masc. adjective *alius*, other; L. fem. n. *Citreicella*, An existing genus; *Aliicitreicella*: A genus related to but distinct from the existing genus Citreicella of other.

Aliicitreimonas

L. masc. adjective *alius*, other; L. fem. n. *Citreimonas*, An existing genus; *Aliicitreimonas*: A genus related to but distinct from the existing genus Citreimonas of other.

Aliicitreitalea

L. masc. adjective *alius*, other; L. fem. n. *Citreitalea*, An existing genus; *Aliicitreitalea*: A genus related to but distinct from the existing genus Citreitalea of other.

Aliicitricoccus

L. masc. adjective *alius*, other; L. masc. n. *Citricoccus*, An existing genus; *Aliicitricoccus*: A genus related to but distinct from the existing genus Citricoccus of other.

Aliicitrimicrobium

L. masc. adjective *alius*, other; L. neut. n. *Citrimicrobium*, An existing genus; *Aliicitrimicrobium*: A genus related to but distinct from the existing genus Citrimicrobium of other.

Aliicitrobacter

L. masc. adjective *alius*, other; L. masc. n. *Citrobacter*, An existing genus; *Aliicitrobacter*: A genus related to but distinct from the existing genus Citrobacter of other.

Aliicitromicrobium

L. masc. adjective *alius*, other; L. neut. n. *Citromicrobium*, An existing genus; *Aliicitromicrobium*: A genus related to but distinct from the existing genus Citromicrobium of other.

Aliicitroniella

L. masc. adjective *alius*, other; L. fem. dim. n. *Citroniella*, An existing genus; *Aliicitroniella*: A genus related to but distinct from the existing genus Citroniella of other.

Aliiclavibacter

L. masc. adjective *alius*, other; L. masc. n. *Clavibacter*, An existing genus; *Aliiclavibacter*: A genus related to but distinct from the existing genus Clavibacter of other.

Aliiclevelandina

L. masc. adjective *alius*, other; L. fem. n. *Clevelandina*, An existing genus; *Aliiclevelandina*: A genus related to but distinct from the existing genus Clevelandina of other.

Aliicloacibacillus

L. masc. adjective *alius*, other; L. masc. n. *Cloacibacillus*, An existing genus; *Aliicloacibacillus*: A genus related to but distinct from the existing genus Cloacibacillus of other.

Aliicloacibacterium

L. masc. adjective *alius*, other; L. neut. n. *Cloacibacterium*, An existing genus; *Aliicloacibacterium*: A genus related to but distinct from the existing genus Cloacibacterium of other.

Aliiclostridiisalibacter

L. masc. adjective *alius*, other; L. masc. n. *Clostridiisalibacter*, An existing genus; *Aliiclostridiisalibacter*: A genus related to but distinct from the existing genus Clostridiisalibacter of other.

Aliiclostridioides

L. masc. adjective *alius*, other; L. neut. n. *Clostridioides*, An existing genus; *Aliiclostridioides*: A genus related to but distinct from the existing genus Clostridioides of other.

Aliiclostridium

L. masc. adjective *alius*, other; L. neut. dim. n. *Clostridium*, An existing genus; *Aliiclostridium*: A genus related to but distinct from the existing genus Clostridium of other.

Aliicnuella

L. masc. adjective *alius*, other; L. fem. dim. n. *Cnuella*, An existing genus; *Aliicnuella*: A genus related to but distinct from the existing genus Cnuella of other.

Aliicnuibacter

L. masc. adjective *alius*, other; L. masc. n. *Cnuibacter*, An existing genus; *Aliicnuibacter*: A genus related to but distinct from the existing genus Cnuibacter of other.

Aliicobetia

L. masc. adjective *alius*, other; L. fem. n. *Cobetia*, An existing genus; *Aliicobetia*: A genus related to but distinct from the existing genus Cobetia of other.

Aliicochleicola

L. masc. adjective *alius*, other; L. masc. n. *Cochleicola*, An existing genus; *Aliicochleicola*: A genus related to but distinct from the existing genus Cochleicola of other.

Aliicocleimonas

L. masc. adjective *alius*, other; L. fem. n. *Cocleimonas*, An existing genus; *Aliicocleimonas*: A genus related to but distinct from the existing genus Cocleimonas of other.

Aliicoenonia

L. masc. adjective *alius*, other; L. fem. n. *Coenonia*, An existing genus; *Aliicoenonia*: A genus related to but distinct from the existing genus Coenonia of other.

Aliicoetzeea

L. masc. adjective *alius*, other; L. fem. n. *Coetzeea*, An existing genus; *Aliicoetzeea*: A genus related to but distinct from the existing genus Coetzeea of other.

Aliicognaticolwellia

L. masc. adjective *alius*, other; L. fem. n. *Cognaticolwellia*, An existing genus; *Aliicognaticolwellia*: A genus related to but distinct from the existing genus Cognaticolwellia of other.

Aliicognatishimia

L. masc. adjective *alius*, other; L. fem. n. *Cognatishimia*, An existing genus; *Aliicognatishimia*: A genus related to but distinct from the existing genus Cognatishimia of other.

Aliicognatiyoonia

L. masc. adjective *alius*, other; L. fem. n. *Cognatiyoonia*, An existing genus; *Aliicognatiyoonia*: A genus related to but distinct from the existing genus Cognatiyoonia of other.

Aliicohaesibacter

L. masc. adjective *alius*, other; L. masc. n. *Cohaesibacter*, An existing genus; *Aliicohaesibacter*: A genus related to but distinct from the existing genus Cohaesibacter of other.

Aliicohnella

L. masc. adjective *alius*, other; L. fem. dim. n. *Cohnella*, An existing genus; *Aliicohnella*: A genus related to but distinct from the existing genus Cohnella of other.

Aliicoleofasciculus

L. masc. adjective *alius*, other; L. masc. dim. n. *Coleofasciculus*, An existing genus; *Aliicoleofasciculus*: A genus related to but distinct from the existing genus Coleofasciculus of other.

Aliicollimonas

L. masc. adjective *alius*, other; L. fem. n. *Collimonas*, An existing genus; *Aliicollimonas*: A genus related to but distinct from the existing genus Collimonas of other.

Aliicollinsella

L. masc. adjective *alius*, other; L. fem. dim. n. *Collinsella*, An existing genus; *Aliicollinsella*: A genus related to but distinct from the existing genus Collinsella of other.

Aliicolteronema

L. masc. adjective *alius*, other; L. neut. n. *Colteronema*, An existing genus; *Aliicolteronema*: A genus related to but distinct from the existing genus Colteronema of other.

Aliicolwellia

L. masc. adjective *alius*, other; L. fem. n. *Colwellia*, An existing genus; *Aliicolwellia*: A genus related to but distinct from the existing genus Colwellia of other.

Aliicomamonas

L. masc. adjective *alius*, other; L. fem. n. *Comamonas*, An existing genus; *Aliicomamonas*: A genus related to but distinct from the existing genus Comamonas of other.

Aliicommensalibacter

L. masc. adjective *alius*, other; L. masc. n. *Commensalibacter*, An existing genus; *Aliicommensalibacter*: A genus related to but distinct from the existing genus Commensalibacter of other.

Aliicompactonostoc

L. masc. adjective *alius*, other; L. neut. n. *Compactonostoc*, An existing genus; *Aliicompactonostoc*: A genus related to but distinct from the existing genus Compactonostoc of other.

Aliicompanilactobacillus

L. masc. adjective *alius*, other; L. masc. n. *Companilactobacillus*, An existing genus; *Aliicompanilactobacillus*: A genus related to but distinct from the existing genus Companilactobacillus of other.

Aliicompostibacillus

L. masc. adjective *alius*, other; L. masc. n. *Compostibacillus*, An existing genus; *Aliicompostibacillus*: A genus related to but distinct from the existing genus Compostibacillus of other.

Aliicompostimonas

L. masc. adjective *alius*, other; L. fem. n. *Compostimonas*, An existing genus; *Aliicompostimonas*: A genus related to but distinct from the existing genus Compostimonas of other.

Aliiconchiformibius

L. masc. adjective *alius*, other; L. masc. n. *Conchiformibius*, An existing genus; *Aliiconchiformibius*: A genus related to but distinct from the existing genus Conchiformibius of other.

Aliiconexibacter

L. masc. adjective *alius*, other; L. masc. n. *Conexibacter*, An existing genus; *Aliiconexibacter*: A genus related to but distinct from the existing genus Conexibacter of other.

Aliiconfluentibacter

L. masc. adjective *alius*, other; L. masc. n. *Confluentibacter*, An existing genus; *Aliiconfluentibacter*: A genus related to but distinct from the existing genus Confluentibacter of other.

Aliiconfluentimicrobium

L. masc. adjective *alius*, other; L. neut. n. *Confluentimicrobium*, An existing genus; *Aliiconfluentimicrobium*: A genus related to but distinct from the existing genus Confluentimicrobium of other.

Aliiconglomeromonas

L. masc. adjective *alius*, other; L. fem. n. *Conglomeromonas*, An existing genus; *Aliiconglomeromonas*: A genus related to but distinct from the existing genus Conglomeromonas of other.

Aliicongregibacter

L. masc. adjective *alius*, other; L. masc. n. *Congregibacter*, An existing genus; *Aliicongregibacter*: A genus related to but distinct from the existing genus Congregibacter of other.

Aliiconservatibacter

L. masc. adjective *alius*, other; L. masc. n. *Conservatibacter*, An existing genus; *Aliiconservatibacter*: A genus related to but distinct from the existing genus Conservatibacter of other.

Aliiconsotaella

L. masc. adjective *alius*, other; L. fem. dim. n. *Consotaella*, An existing genus; *Aliiconsotaella*: A genus related to but distinct from the existing genus Consotaella of other.

Aliiconstrictibacter

L. masc. adjective *alius*, other; L. masc. n. *Constrictibacter*, An existing genus; *Aliiconstrictibacter*: A genus related to but distinct from the existing genus Constrictibacter of other.

Aliiconvivina

L. masc. adjective *alius*, other; L. fem. n. *Convivina*, An existing genus; *Aliiconvivina*: A genus related to but distinct from the existing genus Convivina of other.

Aliiconyzicola

L. masc. adjective *alius*, other; L. fem. n. *Conyzicola*, An existing genus; *Aliiconyzicola*: A genus related to but distinct from the existing genus Conyzicola of other.

Aliicoprobacillus

L. masc. adjective *alius*, other; L. masc. n. *Coprobacillus*, An existing genus; *Aliicoprobacillus*: A genus related to but distinct from the existing genus Coprobacillus of other.

Aliicoprobacter

L. masc. adjective *alius*, other; L. masc. n. *Coprobacter*, An existing genus; *Aliicoprobacter*: A genus related to but distinct from the existing genus Coprobacter of other.

Aliicoprococcus

L. masc. adjective *alius*, other; L. masc. n. *Coprococcus*, An existing genus; *Aliicoprococcus*: A genus related to but distinct from the existing genus Coprococcus of other.

Aliicoprothermobacter

L. masc. adjective *alius*, other; L. masc. n. *Coprothermobacter*, An existing genus; *Aliicoprothermobacter*: A genus related to but distinct from the existing genus Coprothermobacter of other.

Aliicoraliitalea

L. masc. adjective *alius*, other; L. fem. n. *Coraliitalea*, An existing genus; *Aliicoraliitalea*: A genus related to but distinct from the existing genus Coraliitalea of other.

Aliicoraliomargarita

L. masc. adjective *alius*, other; L. fem. n. *Coraliomargarita*, An existing genus; *Aliicoraliomargarita*: A genus related to but distinct from the existing genus Coraliomargarita of other.

Aliicorallibacter

L. masc. adjective *alius*, other; L. masc. n. *Corallibacter*, An existing genus; *Aliicorallibacter*: A genus related to but distinct from the existing genus Corallibacter of other.

Aliicorallincola

L. masc. adjective *alius*, other; L. masc. n. *Corallincola*, An existing genus; *Aliicorallincola*: A genus related to but distinct from the existing genus Corallincola of other.

Aliicorallococcus

L. masc. adjective *alius*, other; L. masc. n. *Corallococcus*, An existing genus; *Aliicorallococcus*: A genus related to but distinct from the existing genus Corallococcus of other.

Aliicoralloluteibacterium

L. masc. adjective *alius*, other; L. neut. n. *Coralloluteibacterium*, An existing genus; *Aliicoralloluteibacterium*: A genus related to but distinct from the existing genus Coralloluteibacterium of other.

Aliicorallomonas

L. masc. adjective *alius*, other; L. fem. n. *Corallomonas*, An existing genus; *Aliicorallomonas*: A genus related to but distinct from the existing genus Corallomonas of other.

Aliicoralslurrinella

L. masc. adjective *alius*, other; L. fem. dim. n. *Coralslurrinella*, An existing genus; *Aliicoralslurrinella*: A genus related to but distinct from the existing genus Coralslurrinella of other.

Aliicorticicoccus

L. masc. adjective *alius*, other; L. masc. n. *Corticicoccus*, An existing genus; *Aliicorticicoccus*: A genus related to but distinct from the existing genus Corticicoccus of other.

Aliicorynebacterium

L. masc. adjective *alius*, other; L. neut. n. *Corynebacterium*, An existing genus; *Aliicorynebacterium*: A genus related to but distinct from the existing genus Corynebacterium of other.

Aliicosenzaea

L. masc. adjective *alius*, other; L. fem. n. *Cosenzaea*, An existing genus; *Aliicosenzaea*: A genus related to but distinct from the existing genus Cosenzaea of other.

Aliicostertonia

L. masc. adjective *alius*, other; L. fem. n. *Costertonia*, An existing genus; *Aliicostertonia*: A genus related to but distinct from the existing genus Costertonia of other.

Aliicouchioplanes

L. masc. adjective *alius*, other; L. masc. n. *Couchioplanes*, An existing genus; *Aliicouchioplanes*: A genus related to but distinct from the existing genus Couchioplanes of other.

Aliicowdria

L. masc. adjective *alius*, other; L. fem. n. *Cowdria*, An existing genus; *Aliicowdria*: A genus related to but distinct from the existing genus Cowdria of other.

Aliicoxiella

L. masc. adjective *alius*, other; L. fem. dim. n. *Coxiella*, An existing genus; *Aliicoxiella*: A genus related to but distinct from the existing genus Coxiella of other.

Aliicrabtreella

L. masc. adjective *alius*, other; L. fem. dim. n. *Crabtreella*, An existing genus; *Aliicrabtreella*: A genus related to but distinct from the existing genus Crabtreella of other.

Aliicrassaminicella

L. masc. adjective *alius*, other; L. fem. n. *Crassaminicella*, An existing genus; *Aliicrassaminicella*: A genus related to but distinct from the existing genus Crassaminicella of other.

Aliicrateriforma

L. masc. adjective *alius*, other; L. fem. n. *Crateriforma*, An existing genus; *Aliicrateriforma*: A genus related to but distinct from the existing genus Crateriforma of other.

Aliicraterilacuibacter

L. masc. adjective *alius*, other; L. masc. n. *Craterilacuibacter*, An existing genus; *Aliicraterilacuibacter*: A genus related to but distinct from the existing genus Craterilacuibacter of other.

Aliicraurococcus

L. masc. adjective *alius*, other; L. masc. n. *Craurococcus*, An existing genus; *Aliicraurococcus*: A genus related to but distinct from the existing genus Craurococcus of other.

Aliicrenalkalicoccus

L. masc. adjective *alius*, other; L. masc. n. *Crenalkalicoccus*, An existing genus; *Aliicrenalkalicoccus*: A genus related to but distinct from the existing genus Crenalkalicoccus of other.

Aliicrenotalea

L. masc. adjective *alius*, other; L. fem. n. *Crenotalea*, An existing genus; *Aliicrenotalea*: A genus related to but distinct from the existing genus Crenotalea of other.

Aliicriblamydia

L. masc. adjective *alius*, other; L. fem. n. *Criblamydia*, An existing genus; *Aliicriblamydia*: A genus related to but distinct from the existing genus Criblamydia of other.

Aliicribrihabitans

L. masc. adjective *alius*, other; L. masc. n. *Cribrihabitans*, An existing genus; *Aliicribrihabitans*: A genus related to but distinct from the existing genus Cribrihabitans of other.

Aliicricetibacter

L. masc. adjective *alius*, other; L. masc. n. *Cricetibacter*, An existing genus; *Aliicricetibacter*: A genus related to but distinct from the existing genus Cricetibacter of other.

Aliicristispira

L. masc. adjective *alius*, other; L. fem. n. *Cristispira*, An existing genus; *Aliicristispira*: A genus related to but distinct from the existing genus Cristispira of other.

Aliicroceibacter

L. masc. adjective *alius*, other; L. masc. n. *Croceibacter*, An existing genus; *Aliicroceibacter*: A genus related to but distinct from the existing genus Croceibacter of other.

Aliicroceibacterium

L. masc. adjective *alius*, other; L. neut. n. *Croceibacterium*, An existing genus; *Aliicroceibacterium*: A genus related to but distinct from the existing genus Croceibacterium of other.

Aliicroceicoccus

L. masc. adjective *alius*, other; L. masc. n. *Croceicoccus*, An existing genus; *Aliicroceicoccus*: A genus related to but distinct from the existing genus Croceicoccus of other.

Aliicroceifilum

L. masc. adjective *alius*, other; L. neut. n. *Croceifilum*, An existing genus; *Aliicroceifilum*: A genus related to but distinct from the existing genus Croceifilum of other.

Aliicroceitalea

L. masc. adjective *alius*, other; L. fem. n. *Croceitalea*, An existing genus; *Aliicroceitalea*: A genus related to but distinct from the existing genus Croceitalea of other.

Aliicroceivirga

L. masc. adjective *alius*, other; L. fem. n. *Croceivirga*, An existing genus; *Aliicroceivirga*: A genus related to but distinct from the existing genus Croceivirga of other.

Aliicrocinitomix

L. masc. adjective *alius*, other; L. fem. n. *Crocinitomix*, An existing genus; *Aliicrocinitomix*: A genus related to but distinct from the existing genus Crocinitomix of other.

Aliicrocosphaera

L. masc. adjective *alius*, other; L. fem. n. *Crocosphaera*, An existing genus; *Aliicrocosphaera*: A genus related to but distinct from the existing genus Crocosphaera of other.

Aliicronobacter

L. masc. adjective *alius*, other; L. masc. n. *Cronobacter*, An existing genus; *Aliicronobacter*: A genus related to but distinct from the existing genus Cronobacter of other.

Aliicrossiella

L. masc. adjective *alius*, other; L. fem. dim. n. *Crossiella*, An existing genus; *Aliicrossiella*: A genus related to but distinct from the existing genus Crossiella of other.

Aliicruoricaptor

L. masc. adjective *alius*, other; L. masc. n. *Cruoricaptor*, An existing genus; *Aliicruoricaptor*: A genus related to but distinct from the existing genus Cruoricaptor of other.

Aliicryobacterium

L. masc. adjective *alius*, other; L. neut. n. *Cryobacterium*, An existing genus; *Aliicryobacterium*: A genus related to but distinct from the existing genus Cryobacterium of other.

Aliicryomorpha

L. masc. adjective *alius*, other; L. fem. n. *Cryomorpha*, An existing genus; *Aliicryomorpha*: A genus related to but distinct from the existing genus Cryomorpha of other.

Aliicryptanaerobacter

L. masc. adjective *alius*, other; L. masc. n. *Cryptanaerobacter*, An existing genus; *Aliicryptanaerobacter*: A genus related to but distinct from the existing genus Cryptanaerobacter of other.

Aliicryptobacterium

L. masc. adjective *alius*, other; L. neut. n. *Cryptobacterium*, An existing genus; *Aliicryptobacterium*: A genus related to but distinct from the existing genus Cryptobacterium of other.

Aliicryptococcum

L. masc. adjective *alius*, other; L. neut. n. *Cryptococcum*, An existing genus; *Aliicryptococcum*: A genus related to but distinct from the existing genus Cryptococcum of other.

Aliicryptosporangium

L. masc. adjective *alius*, other; L. neut. n. *Cryptosporangium*, An existing genus; *Aliicryptosporangium*: A genus related to but distinct from the existing genus Cryptosporangium of other.

Aliicucumibacter

L. masc. adjective *alius*, other; L. masc. n. *Cucumibacter*, An existing genus; *Aliicucumibacter*: A genus related to but distinct from the existing genus Cucumibacter of other.

Aliicumulibacter

L. masc. adjective *alius*, other; L. masc. n. *Cumulibacter*, An existing genus; *Aliicumulibacter*: A genus related to but distinct from the existing genus Cumulibacter of other.

Aliicuneatibacter

L. masc. adjective *alius*, other; L. masc. n. *Cuneatibacter*, An existing genus; *Aliicuneatibacter*: A genus related to but distinct from the existing genus Cuneatibacter of other.

Aliicuniculiplasma

L. masc. adjective *alius*, other; L. neut. n. *Cuniculiplasma*, An existing genus; *Aliicuniculiplasma*: A genus related to but distinct from the existing genus Cuniculiplasma of other.

Aliicupriavidus

L. masc. adjective *alius*, other; L. masc. n. *Cupriavidus*, An existing genus; *Aliicupriavidus*: A genus related to but distinct from the existing genus Cupriavidus of other.

Aliicurtobacterium

L. masc. adjective *alius*, other; L. neut. n. *Curtobacterium*, An existing genus; *Aliicurtobacterium*: A genus related to but distinct from the existing genus Curtobacterium of other.

Aliicurvibacter

L. masc. adjective *alius*, other; L. masc. n. *Curvibacter*, An existing genus; *Aliicurvibacter*: A genus related to but distinct from the existing genus Curvibacter of other.

Aliicutibacterium

L. masc. adjective *alius*, other; L. neut. n. *Cutibacterium*, An existing genus; *Aliicutibacterium*: A genus related to but distinct from the existing genus Cutibacterium of other.

Aliicyanocohniella

L. masc. adjective *alius*, other; L. fem. dim. n. *Cyanocohniella*, An existing genus; *Aliicyanocohniella*: A genus related to but distinct from the existing genus Cyanocohniella of other.

Aliicyanocomperia

L. masc. adjective *alius*, other; L. fem. n. *Cyanocomperia*, An existing genus; *Aliicyanocomperia*: A genus related to but distinct from the existing genus Cyanocomperia of other.

Aliicyanoderma

L. masc. adjective *alius*, other; L. neut. n. *Cyanoderma*, An existing genus; *Aliicyanoderma*: A genus related to but distinct from the existing genus Cyanoderma of other.

Aliicyanosaccus

L. masc. adjective *alius*, other; L. masc. n. *Cyanosaccus*, An existing genus; *Aliicyanosaccus*: A genus related to but distinct from the existing genus Cyanosaccus of other.

Aliicyclobacterium

L. masc. adjective *alius*, other; L. neut. n. *Cyclobacterium*, An existing genus; *Aliicyclobacterium*: A genus related to but distinct from the existing genus Cyclobacterium of other.

Aliicycloclasticus

L. masc. adjective *alius*, other; L. masc. n. *Cycloclasticus*, An existing genus; *Aliicycloclasticus*: A genus related to but distinct from the existing genus Cycloclasticus of other.

Aliicysteiniphilum

L. masc. adjective *alius*, other; L. neut. n. *Cysteiniphilum*, An existing genus; *Aliicysteiniphilum*: A genus related to but distinct from the existing genus Cysteiniphilum of other.

Aliicystobacter

L. masc. adjective *alius*, other; L. masc. n. *Cystobacter*, An existing genus; *Aliicystobacter*: A genus related to but distinct from the existing genus Cystobacter of other.

Aliicytobacillus

L. masc. adjective *alius*, other; L. masc. n. *Cytobacillus*, An existing genus; *Aliicytobacillus*: A genus related to but distinct from the existing genus Cytobacillus of other.

Aliicytophaga

L. masc. adjective *alius*, other; L. fem. n. *Cytophaga*, An existing genus; *Aliicytophaga*: A genus related to but distinct from the existing genus Cytophaga of other.

Aliidactylosporangium

L. masc. adjective *alius*, other; L. neut. n. *Dactylosporangium*, An existing genus; *Aliidactylosporangium*: A genus related to but distinct from the existing genus Dactylosporangium of other.

Aliidaeguia

L. masc. adjective *alius*, other; L. fem. n. *Daeguia*, An existing genus; *Aliidaeguia*: A genus related to but distinct from the existing genus Daeguia of other.

Aliidaejeonella

L. masc. adjective *alius*, other; L. fem. dim. n. *Daejeonella*, An existing genus; *Aliidaejeonella*: A genus related to but distinct from the existing genus Daejeonella of other.

Aliidaejeonia

L. masc. adjective *alius*, other; L. fem. n. *Daejeonia*, An existing genus; *Aliidaejeonia*: A genus related to but distinct from the existing genus Daejeonia of other.

Aliidankookia

L. masc. adjective *alius*, other; L. fem. n. *Dankookia*, An existing genus; *Aliidankookia*: A genus related to but distinct from the existing genus Dankookia of other.

Aliidaptobacter

L. masc. adjective *alius*, other; L. masc. n. *Daptobacter*, An existing genus; *Aliidaptobacter*: A genus related to but distinct from the existing genus Daptobacter of other.

Aliidasania

L. masc. adjective *alius*, other; L. fem. n. *Dasania*, An existing genus; *Aliidasania*: A genus related to but distinct from the existing genus Dasania of other.

Aliidechlorobacter

L. masc. adjective *alius*, other; L. masc. n. *Dechlorobacter*, An existing genus; *Aliidechlorobacter*: A genus related to but distinct from the existing genus Dechlorobacter of other.

Aliidechloromonas

L. masc. adjective *alius*, other; L. fem. n. *Dechloromonas*, An existing genus; *Aliidechloromonas*: A genus related to but distinct from the existing genus Dechloromonas of other.

Aliidechlorosoma

L. masc. adjective *alius*, other; L. neut. n. *Dechlorosoma*, An existing genus; *Aliidechlorosoma*: A genus related to but distinct from the existing genus Dechlorosoma of other.

Aliideefgea

L. masc. adjective *alius*, other; L. fem. n. *Deefgea*, An existing genus; *Aliideefgea*: A genus related to but distinct from the existing genus Deefgea of other.

Aliideferribacter

L. masc. adjective *alius*, other; L. masc. n. *Deferribacter*, An existing genus; *Aliideferribacter*: A genus related to but distinct from the existing genus Deferribacter of other.

Aliideferrisoma

L. masc. adjective *alius*, other; L. neut. n. *Deferrisoma*, An existing genus; *Aliideferrisoma*: A genus related to but distinct from the existing genus Deferrisoma of other.

Aliidefluvibacter

L. masc. adjective *alius*, other; L. masc. n. *Defluvibacter*, An existing genus; *Aliidefluvibacter*: A genus related to but distinct from the existing genus Defluvibacter of other.

Aliidefluviicoccus

L. masc. adjective *alius*, other; L. masc. n. *Defluviicoccus*, An existing genus; *Aliidefluviicoccus*: A genus related to but distinct from the existing genus Defluviicoccus of other.

Aliidefluviimonas

L. masc. adjective *alius*, other; L. fem. n. *Defluviimonas*, An existing genus; *Aliidefluviimonas*: A genus related to but distinct from the existing genus Defluviimonas of other.

Aliidefluviitalea

L. masc. adjective *alius*, other; L. fem. n. *Defluviitalea*, An existing genus; *Aliidefluviitalea*: A genus related to but distinct from the existing genus Defluviitalea of other.

Aliidefluviitoga

L. masc. adjective *alius*, other; L. fem. n. *Defluviitoga*, An existing genus; *Aliidefluviitoga*: A genus related to but distinct from the existing genus Defluviitoga of other.

Aliidehalobacter

L. masc. adjective *alius*, other; L. masc. n. *Dehalobacter*, An existing genus; *Aliidehalobacter*: A genus related to but distinct from the existing genus Dehalobacter of other.

Aliidehalobacterium

L. masc. adjective *alius*, other; L. neut. n. *Dehalobacterium*, An existing genus; *Aliidehalobacterium*: A genus related to but distinct from the existing genus Dehalobacterium of other.

Aliidehalogenimonas

L. masc. adjective *alius*, other; L. fem. n. *Dehalogenimonas*, An existing genus; *Aliidehalogenimonas*: A genus related to but distinct from the existing genus Dehalogenimonas of other.

Aliideinobacter

L. masc. adjective *alius*, other; L. masc. n. *Deinobacter*, An existing genus; *Aliideinobacter*: A genus related to but distinct from the existing genus Deinobacter of other.

Aliideinobacterium

L. masc. adjective *alius*, other; L. neut. n. *Deinobacterium*, An existing genus; *Aliideinobacterium*: A genus related to but distinct from the existing genus Deinobacterium of other.

Aliideinococcus

L. masc. adjective *alius*, other; L. masc. n. *Deinococcus*, An existing genus; *Aliideinococcus*: A genus related to but distinct from the existing genus Deinococcus of other.

Aliideleya

L. masc. adjective *alius*, other; L. fem. n. *Deleya*, An existing genus; *Aliideleya*: A genus related to but distinct from the existing genus Deleya of other.

Aliidelftia

L. masc. adjective *alius*, other; L. fem. n. *Delftia*, An existing genus; *Aliidelftia*: A genus related to but distinct from the existing genus Delftia of other.

Aliidellaglioa

L. masc. adjective *alius*, other; L. fem. n. *Dellaglioa*, An existing genus; *Aliidellaglioa*: A genus related to but distinct from the existing genus Dellaglioa of other.

Aliidemequina

L. masc. adjective *alius*, other; L. fem. n. *Demequina*, An existing genus; *Aliidemequina*: A genus related to but distinct from the existing genus Demequina of other.

Aliidemetria

L. masc. adjective *alius*, other; L. fem. n. *Demetria*, An existing genus; *Aliidemetria*: A genus related to but distinct from the existing genus Demetria of other.

Aliideminuibacter

L. masc. adjective *alius*, other; L. masc. n. *Deminuibacter*, An existing genus; *Aliideminuibacter*: A genus related to but distinct from the existing genus Deminuibacter of other.

Aliidenitratimonas

L. masc. adjective *alius*, other; L. fem. n. *Denitratimonas*, An existing genus; *Aliidenitratimonas*: A genus related to but distinct from the existing genus Denitratimonas of other.

Aliidenitratisoma

L. masc. adjective *alius*, other; L. neut. n. *Denitratisoma*, An existing genus; *Aliidenitratisoma*: A genus related to but distinct from the existing genus Denitratisoma of other.

Aliidenitrobacterium

L. masc. adjective *alius*, other; L. neut. n. *Denitrobacterium*, An existing genus; *Aliidenitrobacterium*: A genus related to but distinct from the existing genus Denitrobacterium of other.

Aliidenitrobaculum

L. masc. adjective *alius*, other; L. neut. n. *Denitrobaculum*, An existing genus; *Aliidenitrobaculum*: A genus related to but distinct from the existing genus Denitrobaculum of other.

Aliidenitrovibrio

L. masc. adjective *alius*, other; L. masc. n. *Denitrovibrio*, An existing genus; *Aliidenitrovibrio*: A genus related to but distinct from the existing genus Denitrovibrio of other.

Aliidermacoccus

L. masc. adjective *alius*, other; L. masc. n. *Dermacoccus*, An existing genus; *Aliidermacoccus*: A genus related to but distinct from the existing genus Dermacoccus of other.

Aliidermatophilus

L. masc. adjective *alius*, other; L. masc. n. *Dermatophilus*, An existing genus; *Aliidermatophilus*: A genus related to but distinct from the existing genus Dermatophilus of other.

Aliiderxia

L. masc. adjective *alius*, other; L. fem. n. *Derxia*, An existing genus; *Aliiderxia*: A genus related to but distinct from the existing genus Derxia of other.

Aliidesemzia

L. masc. adjective *alius*, other; L. fem. n. *Desemzia*, An existing genus; *Aliidesemzia*: A genus related to but distinct from the existing genus Desemzia of other.

Aliidesertibacillus

L. masc. adjective *alius*, other; L. masc. n. *Desertibacillus*, An existing genus; *Aliidesertibacillus*: A genus related to but distinct from the existing genus Desertibacillus of other.

Aliidesertibacter

L. masc. adjective *alius*, other; L. masc. n. *Desertibacter*, An existing genus; *Aliidesertibacter*: A genus related to but distinct from the existing genus Desertibacter of other.

Aliidesertifilum

L. masc. adjective *alius*, other; L. neut. n. *Desertifilum*, An existing genus; *Aliidesertifilum*: A genus related to but distinct from the existing genus Desertifilum of other.

Aliidesertihabitans

L. masc. adjective *alius*, other; L. masc. n. *Desertihabitans*, An existing genus; *Aliidesertihabitans*: A genus related to but distinct from the existing genus Desertihabitans of other.

Aliidesertimonas

L. masc. adjective *alius*, other; L. fem. n. *Desertimonas*, An existing genus; *Aliidesertimonas*: A genus related to but distinct from the existing genus Desertimonas of other.

Aliidesikacharya

L. masc. adjective *alius*, other; L. fem. n. *Desikacharya*, An existing genus; *Aliidesikacharya*: A genus related to but distinct from the existing genus Desikacharya of other.

Aliidesmospora

L. masc. adjective *alius*, other; L. fem. n. *Desmospora*, An existing genus; *Aliidesmospora*: A genus related to but distinct from the existing genus Desmospora of other.

Aliidesnuesiella

L. masc. adjective *alius*, other; L. fem. dim. n. *Desnuesiella*, An existing genus; *Aliidesnuesiella*: A genus related to but distinct from the existing genus Desnuesiella of other.

Aliidesulfacinum

L. masc. adjective *alius*, other; L. neut. n. *Desulfacinum*, An existing genus; *Aliidesulfacinum*: A genus related to but distinct from the existing genus Desulfacinum of other.

Aliidesulfallas

L. masc. adjective *alius*, other; L. masc. n. *Desulfallas*, An existing genus; *Aliidesulfallas*: A genus related to but distinct from the existing genus Desulfallas of other.

Aliidesulfarculus

L. masc. adjective *alius*, other; L. masc. n. *Desulfarculus*, An existing genus; *Aliidesulfarculus*: A genus related to but distinct from the existing genus Desulfarculus of other.

Aliidesulfatibacillum

L. masc. adjective *alius*, other; L. neut. n. *Desulfatibacillum*, An existing genus; *Aliidesulfatibacillum*: A genus related to but distinct from the existing genus Desulfatibacillum of other.

Aliidesulfatiferula

L. masc. adjective *alius*, other; L. fem. n. *Desulfatiferula*, An existing genus; *Aliidesulfatiferula*: A genus related to but distinct from the existing genus Desulfatiferula of other.

Aliidesulfatiglans

L. masc. adjective *alius*, other; L. fem. n. *Desulfatiglans*, An existing genus; *Aliidesulfatiglans*: A genus related to but distinct from the existing genus Desulfatiglans of other.

Aliidesulfatirhabdium

L. masc. adjective *alius*, other; L. neut. dim. n. *Desulfatirhabdium*, An existing genus; *Aliidesulfatirhabdium*: A genus related to but distinct from the existing genus Desulfatirhabdium of other.

Aliidesulfatitalea

L. masc. adjective *alius*, other; L. fem. n. *Desulfatitalea*, An existing genus; *Aliidesulfatitalea*: A genus related to but distinct from the existing genus Desulfatitalea of other.

Aliidesulfitibacter

L. masc. adjective *alius*, other; L. masc. n. *Desulfitibacter*, An existing genus; *Aliidesulfitibacter*: A genus related to but distinct from the existing genus Desulfitibacter of other.

Aliidesulfitispora

L. masc. adjective *alius*, other; L. fem. n. *Desulfitispora*, An existing genus; *Aliidesulfitispora*: A genus related to but distinct from the existing genus Desulfitispora of other.

Aliidesulfitobacterium

L. masc. adjective *alius*, other; L. neut. n. *Desulfitobacterium*, An existing genus; *Aliidesulfitobacterium*: A genus related to but distinct from the existing genus Desulfitobacterium of other.

Aliidesulfobacca

L. masc. adjective *alius*, other; L. fem. n. *Desulfobacca*, An existing genus; *Aliidesulfobacca*: A genus related to but distinct from the existing genus Desulfobacca of other.

Aliidesulfobacter

L. masc. adjective *alius*, other; L. masc. n. *Desulfobacter*, An existing genus; *Aliidesulfobacter*: A genus related to but distinct from the existing genus Desulfobacter of other.

Aliidesulfobacterium

L. masc. adjective *alius*, other; L. neut. n. *Desulfobacterium*, An existing genus; *Aliidesulfobacterium*: A genus related to but distinct from the existing genus Desulfobacterium of other.

Aliidesulfobacula

L. masc. adjective *alius*, other; L. fem. dim. n. *Desulfobacula*, An existing genus; *Aliidesulfobacula*: A genus related to but distinct from the existing genus Desulfobacula of other.

Aliidesulfobaculum

L. masc. adjective *alius*, other; L. neut. n. *Desulfobaculum*, An existing genus; *Aliidesulfobaculum*: A genus related to but distinct from the existing genus Desulfobaculum of other.

Aliidesulfobotulus

L. masc. adjective *alius*, other; L. masc. n. *Desulfobotulus*, An existing genus; *Aliidesulfobotulus*: A genus related to but distinct from the existing genus Desulfobotulus of other.

Aliidesulfobulbus

L. masc. adjective *alius*, other; L. masc. n. *Desulfobulbus*, An existing genus; *Aliidesulfobulbus*: A genus related to but distinct from the existing genus Desulfobulbus of other.

Aliidesulfocapsa

L. masc. adjective *alius*, other; L. fem. n. *Desulfocapsa*, An existing genus; *Aliidesulfocapsa*: A genus related to but distinct from the existing genus Desulfocapsa of other.

Aliidesulfocarbo

L. masc. adjective *alius*, other; L. masc. n. *Desulfocarbo*, An existing genus; *Aliidesulfocarbo*: A genus related to but distinct from the existing genus Desulfocarbo of other.

Aliidesulfocella

L. masc. adjective *alius*, other; L. fem. n. *Desulfocella*, An existing genus; *Aliidesulfocella*: A genus related to but distinct from the existing genus Desulfocella of other.

Aliidesulfococcus

L. masc. adjective *alius*, other; L. masc. n. *Desulfococcus*, An existing genus; *Aliidesulfococcus*: A genus related to but distinct from the existing genus Desulfococcus of other.

Aliidesulfocucumis

L. masc. adjective *alius*, other; L. masc. n. *Desulfocucumis*, An existing genus; *Aliidesulfocucumis*: A genus related to but distinct from the existing genus Desulfocucumis of other.

Aliidesulfocurvibacter

L. masc. adjective *alius*, other; L. masc. n. *Desulfocurvibacter*, An existing genus; *Aliidesulfocurvibacter*: A genus related to but distinct from the existing genus Desulfocurvibacter of other.

Aliidesulfocurvus

L. masc. adjective *alius*, other; L. masc. n. *Desulfocurvus*, An existing genus; *Aliidesulfocurvus*: A genus related to but distinct from the existing genus Desulfocurvus of other.

Aliidesulfofaba

L. masc. adjective *alius*, other; L. fem. n. *Desulfofaba*, An existing genus; *Aliidesulfofaba*: A genus related to but distinct from the existing genus Desulfofaba of other.

Aliidesulfofarcimen

L. masc. adjective *alius*, other; L. neut. n. *Desulfofarcimen*, An existing genus; *Aliidesulfofarcimen*: A genus related to but distinct from the existing genus Desulfofarcimen of other.

Aliidesulfofrigus

L. masc. adjective *alius*, other; L. neut. n. *Desulfofrigus*, An existing genus; *Aliidesulfofrigus*: A genus related to but distinct from the existing genus Desulfofrigus of other.

Aliidesulfofundulus

L. masc. adjective *alius*, other; L. masc. n. *Desulfofundulus*, An existing genus; *Aliidesulfofundulus*: A genus related to but distinct from the existing genus Desulfofundulus of other.

Aliidesulfofustis

L. masc. adjective *alius*, other; L. masc. n. *Desulfofustis*, An existing genus; *Aliidesulfofustis*: A genus related to but distinct from the existing genus Desulfofustis of other.

Aliidesulfoglaeba

L. masc. adjective *alius*, other; L. fem. n. *Desulfoglaeba*, An existing genus; *Aliidesulfoglaeba*: A genus related to but distinct from the existing genus Desulfoglaeba of other.

Aliidesulfohalobium

L. masc. adjective *alius*, other; L. neut. n. *Desulfohalobium*, An existing genus; *Aliidesulfohalobium*: A genus related to but distinct from the existing genus Desulfohalobium of other.

Aliidesulfohalophilus

L. masc. adjective *alius*, other; L. masc. n. *Desulfohalophilus*, An existing genus; *Aliidesulfohalophilus*: A genus related to but distinct from the existing genus Desulfohalophilus of other.

Aliidesulfohalotomaculum

L. masc. adjective *alius*, other; L. neut. n. *Desulfohalotomaculum*, An existing genus; *Aliidesulfohalotomaculum*: A genus related to but distinct from the existing genus Desulfohalotomaculum of other.

Aliidesulfohalovibrio

L. masc. adjective *alius*, other; L. masc. n. *Desulfohalovibrio*, An existing genus; *Aliidesulfohalovibrio*: A genus related to but distinct from the existing genus Desulfohalovibrio of other.

Aliidesulfoluna

L. masc. adjective *alius*, other; L. fem. n. *Desulfoluna*, An existing genus; *Aliidesulfoluna*: A genus related to but distinct from the existing genus Desulfoluna of other.

Aliidesulfomicrobium

L. masc. adjective *alius*, other; L. neut. n. *Desulfomicrobium*, An existing genus; *Aliidesulfomicrobium*: A genus related to but distinct from the existing genus Desulfomicrobium of other.

Aliidesulfomonas

L. masc. adjective *alius*, other; L. fem. n. *Desulfomonas*, An existing genus; *Aliidesulfomonas*: A genus related to but distinct from the existing genus Desulfomonas of other.

Aliidesulfomonile

L. masc. adjective *alius*, other; L. neut. n. *Desulfomonile*, An existing genus; *Aliidesulfomonile*: A genus related to but distinct from the existing genus Desulfomonile of other.

Aliidesulfomusa

L. masc. adjective *alius*, other; L. fem. n. *Desulfomusa*, An existing genus; *Aliidesulfomusa*: A genus related to but distinct from the existing genus Desulfomusa of other.

Aliidesulfonatronobacter

L. masc. adjective *alius*, other; L. masc. n. *Desulfonatronobacter*, An existing genus; *Aliidesulfonatronobacter*: A genus related to but distinct from the existing genus Desulfonatronobacter of other.

Aliidesulfonatronospira

L. masc. adjective *alius*, other; L. fem. n. *Desulfonatronospira*, An existing genus; *Aliidesulfonatronospira*: A genus related to but distinct from the existing genus Desulfonatronospira of other.

Aliidesulfonatronovibrio

L. masc. adjective *alius*, other; L. masc. n. *Desulfonatronovibrio*, An existing genus; *Aliidesulfonatronovibrio*: A genus related to but distinct from the existing genus Desulfonatronovibrio of other.

Aliidesulfonatronum

L. masc. adjective *alius*, other; L. neut. n. *Desulfonatronum*, An existing genus; *Aliidesulfonatronum*: A genus related to but distinct from the existing genus Desulfonatronum of other.

Aliidesulfonauticus

L. masc. adjective *alius*, other; L. masc. n. *Desulfonauticus*, An existing genus; *Aliidesulfonauticus*: A genus related to but distinct from the existing genus Desulfonauticus of other.

Aliidesulfonema

L. masc. adjective *alius*, other; L. neut. n. *Desulfonema*, An existing genus; *Aliidesulfonema*: A genus related to but distinct from the existing genus Desulfonema of other.

Aliidesulfonispora

L. masc. adjective *alius*, other; L. fem. n. *Desulfonispora*, An existing genus; *Aliidesulfonispora*: A genus related to but distinct from the existing genus Desulfonispora of other.

Aliidesulfopila

L. masc. adjective *alius*, other; L. fem. n. *Desulfopila*, An existing genus; *Aliidesulfopila*: A genus related to but distinct from the existing genus Desulfopila of other.

Aliidesulfoplanes

L. masc. adjective *alius*, other; L. masc. n. *Desulfoplanes*, An existing genus; *Aliidesulfoplanes*: A genus related to but distinct from the existing genus Desulfoplanes of other.

Aliidesulfoprunum

L. masc. adjective *alius*, other; L. neut. n. *Desulfoprunum*, An existing genus; *Aliidesulfoprunum*: A genus related to but distinct from the existing genus Desulfoprunum of other.

Aliidesulforegula

L. masc. adjective *alius*, other; L. fem. n. *Desulforegula*, An existing genus; *Aliidesulforegula*: A genus related to but distinct from the existing genus Desulforegula of other.

Aliidesulforhabdus

L. masc. adjective *alius*, other; L. fem. n. *Desulforhabdus*, An existing genus; *Aliidesulforhabdus*: A genus related to but distinct from the existing genus Desulforhabdus of other.

Aliidesulforhopalus

L. masc. adjective *alius*, other; L. masc. n. *Desulforhopalus*, An existing genus; *Aliidesulforhopalus*: A genus related to but distinct from the existing genus Desulforhopalus of other.

Aliidesulfosalsimonas

L. masc. adjective *alius*, other; L. fem. n. *Desulfosalsimonas*, An existing genus; *Aliidesulfosalsimonas*: A genus related to but distinct from the existing genus Desulfosalsimonas of other.

Aliidesulfosarcina

L. masc. adjective *alius*, other; L. fem. n. *Desulfosarcina*, An existing genus; *Aliidesulfosarcina*: A genus related to but distinct from the existing genus Desulfosarcina of other.

Aliidesulfosoma

L. masc. adjective *alius*, other; L. neut. n. *Desulfosoma*, An existing genus; *Aliidesulfosoma*: A genus related to but distinct from the existing genus Desulfosoma of other.

Aliidesulfospira

L. masc. adjective *alius*, other; L. fem. n. *Desulfospira*, An existing genus; *Aliidesulfospira*: A genus related to but distinct from the existing genus Desulfospira of other.

Aliidesulfosporomusa

L. masc. adjective *alius*, other; L. fem. n. *Desulfosporomusa*, An existing genus; *Aliidesulfosporomusa*: A genus related to but distinct from the existing genus Desulfosporomusa of other.

Aliidesulfosporosinus

L. masc. adjective *alius*, other; L. masc. n. *Desulfosporosinus*, An existing genus; *Aliidesulfosporosinus*: A genus related to but distinct from the existing genus Desulfosporosinus of other.

Aliidesulfotalea

L. masc. adjective *alius*, other; L. fem. n. *Desulfotalea*, An existing genus; *Aliidesulfotalea*: A genus related to but distinct from the existing genus Desulfotalea of other.

Aliidesulfothermobacter

L. masc. adjective *alius*, other; L. masc. n. *Desulfothermobacter*, An existing genus; *Aliidesulfothermobacter*: A genus related to but distinct from the existing genus Desulfothermobacter of other.

Aliidesulfothermus

L. masc. adjective *alius*, other; L. masc. n. *Desulfothermus*, An existing genus; *Aliidesulfothermus*: A genus related to but distinct from the existing genus Desulfothermus of other.

Aliidesulfotignum

L. masc. adjective *alius*, other; L. neut. n. *Desulfotignum*, An existing genus; *Aliidesulfotignum*: A genus related to but distinct from the existing genus Desulfotignum of other.

Aliidesulfotomaculum

L. masc. adjective *alius*, other; L. neut. n. *Desulfotomaculum*, An existing genus; *Aliidesulfotomaculum*: A genus related to but distinct from the existing genus Desulfotomaculum of other.

Aliidesulfovermiculus

L. masc. adjective *alius*, other; L. masc. n. *Desulfovermiculus*, An existing genus; *Aliidesulfovermiculus*: A genus related to but distinct from the existing genus Desulfovermiculus of other.

Aliidesulfovibrio

L. masc. adjective *alius*, other; L. masc. n. *Desulfovibrio*, An existing genus; *Aliidesulfovibrio*: A genus related to but distinct from the existing genus Desulfovibrio of other.

Aliidesulfovirga

L. masc. adjective *alius*, other; L. fem. n. *Desulfovirga*, An existing genus; *Aliidesulfovirga*: A genus related to but distinct from the existing genus Desulfovirga of other.

Aliidesulfovirgula

L. masc. adjective *alius*, other; L. fem. dim. n. *Desulfovirgula*, An existing genus; *Aliidesulfovirgula*: A genus related to but distinct from the existing genus Desulfovirgula of other.

Aliidesulfurella

L. masc. adjective *alius*, other; L. fem. dim. n. *Desulfurella*, An existing genus; *Aliidesulfurella*: A genus related to but distinct from the existing genus Desulfurella of other.

Aliidesulfuribacillus

L. masc. adjective *alius*, other; L. masc. n. *Desulfuribacillus*, An existing genus; *Aliidesulfuribacillus*: A genus related to but distinct from the existing genus Desulfuribacillus of other.

Aliidesulfurispira

L. masc. adjective *alius*, other; L. fem. n. *Desulfurispira*, An existing genus; *Aliidesulfurispira*: A genus related to but distinct from the existing genus Desulfurispira of other.

Aliidesulfurispirillum

L. masc. adjective *alius*, other; L. neut. dim. n. *Desulfurispirillum*, An existing genus; *Aliidesulfurispirillum*: A genus related to but distinct from the existing genus Desulfurispirillum of other.

Aliidesulfurispora

L. masc. adjective *alius*, other; L. fem. n. *Desulfurispora*, An existing genus; *Aliidesulfurispora*: A genus related to but distinct from the existing genus Desulfurispora of other.

Aliidesulfurivibrio

L. masc. adjective *alius*, other; L. masc. n. *Desulfurivibrio*, An existing genus; *Aliidesulfurivibrio*: A genus related to but distinct from the existing genus Desulfurivibrio of other.

Aliidesulfurobacterium

L. masc. adjective *alius*, other; L. neut. n. *Desulfurobacterium*, An existing genus; *Aliidesulfurobacterium*: A genus related to but distinct from the existing genus Desulfurobacterium of other.

Aliidesulfurococcus

L. masc. adjective *alius*, other; L. masc. n. *Desulfurococcus*, An existing genus; *Aliidesulfurococcus*: A genus related to but distinct from the existing genus Desulfurococcus of other.

Aliidesulfuromonas

L. masc. adjective *alius*, other; L. fem. n. *Desulfuromonas*, An existing genus; *Aliidesulfuromonas*: A genus related to but distinct from the existing genus Desulfuromonas of other.

Aliidesulfuromusa

L. masc. adjective *alius*, other; L. fem. n. *Desulfuromusa*, An existing genus; *Aliidesulfuromusa*: A genus related to but distinct from the existing genus Desulfuromusa of other.

Aliidethiobacter

L. masc. adjective *alius*, other; L. masc. n. *Dethiobacter*, An existing genus; *Aliidethiobacter*: A genus related to but distinct from the existing genus Dethiobacter of other.

Aliidethiosulfatarculus

L. masc. adjective *alius*, other; L. masc. dim. n. *Dethiosulfatarculus*, An existing genus; *Aliidethiosulfatarculus*: A genus related to but distinct from the existing genus Dethiosulfatarculus of other.

Aliidethiosulfatibacter

L. masc. adjective *alius*, other; L. masc. n. *Dethiosulfatibacter*, An existing genus; *Aliidethiosulfatibacter*: A genus related to but distinct from the existing genus Dethiosulfatibacter of other.

Aliidethiosulfovibrio

L. masc. adjective *alius*, other; L. masc. n. *Dethiosulfovibrio*, An existing genus; *Aliidethiosulfovibrio*: A genus related to but distinct from the existing genus Dethiosulfovibrio of other.

Aliidevosia

L. masc. adjective *alius*, other; L. fem. n. *Devosia*, An existing genus; *Aliidevosia*: A genus related to but distinct from the existing genus Devosia of other.

Aliidevriesea

L. masc. adjective *alius*, other; L. fem. n. *Devriesea*, An existing genus; *Aliidevriesea*: A genus related to but distinct from the existing genus Devriesea of other.

Aliidiaminobutyricibacter

L. masc. adjective *alius*, other; L. masc. n. *Diaminobutyricibacter*, An existing genus; *Aliidiaminobutyricibacter*: A genus related to but distinct from the existing genus Diaminobutyricibacter of other.

Aliidiaminobutyricimonas

L. masc. adjective *alius*, other; L. fem. n. *Diaminobutyricimonas*, An existing genus; *Aliidiaminobutyricimonas*: A genus related to but distinct from the existing genus Diaminobutyricimonas of other.

Aliidiaphorobacter

L. masc. adjective *alius*, other; L. masc. n. *Diaphorobacter*, An existing genus; *Aliidiaphorobacter*: A genus related to but distinct from the existing genus Diaphorobacter of other.

Aliidichelobacter

L. masc. adjective *alius*, other; L. masc. n. *Dichelobacter*, An existing genus; *Aliidichelobacter*: A genus related to but distinct from the existing genus Dichelobacter of other.

Aliidichotomicrobium

L. masc. adjective *alius*, other; L. neut. n. *Dichotomicrobium*, An existing genus; *Aliidichotomicrobium*: A genus related to but distinct from the existing genus Dichotomicrobium of other.

Aliidickeya

L. masc. adjective *alius*, other; L. fem. n. *Dickeya*, An existing genus; *Aliidickeya*: A genus related to but distinct from the existing genus Dickeya of other.

Aliidictyobacter

L. masc. adjective *alius*, other; L. masc. n. *Dictyobacter*, An existing genus; *Aliidictyobacter*: A genus related to but distinct from the existing genus Dictyobacter of other.

Aliidictyoglomus

L. masc. adjective *alius*, other; L. neut. n. *Dictyoglomus*, An existing genus; *Aliidictyoglomus*: A genus related to but distinct from the existing genus Dictyoglomus of other.

Aliidielma

L. masc. adjective *alius*, other; L. fem. n. *Dielma*, An existing genus; *Aliidielma*: A genus related to but distinct from the existing genus Dielma of other.

Aliidietzia

L. masc. adjective *alius*, other; L. fem. n. *Dietzia*, An existing genus; *Aliidietzia*: A genus related to but distinct from the existing genus Dietzia of other.

Aliidinghuibacter

L. masc. adjective *alius*, other; L. masc. n. *Dinghuibacter*, An existing genus; *Aliidinghuibacter*: A genus related to but distinct from the existing genus Dinghuibacter of other.

Aliidinoroseobacter

L. masc. adjective *alius*, other; L. masc. n. *Dinoroseobacter*, An existing genus; *Aliidinoroseobacter*: A genus related to but distinct from the existing genus Dinoroseobacter of other.

Aliidiplocalyx

L. masc. adjective *alius*, other; L. masc. n. *Diplocalyx*, An existing genus; *Aliidiplocalyx*: A genus related to but distinct from the existing genus Diplocalyx of other.

Aliidiplorickettsia

L. masc. adjective *alius*, other; L. fem. n. *Diplorickettsia*, An existing genus; *Aliidiplorickettsia*: A genus related to but distinct from the existing genus Diplorickettsia of other.

Aliidiplosphaera

L. masc. adjective *alius*, other; L. fem. n. *Diplosphaera*, An existing genus; *Aliidiplosphaera*: A genus related to but distinct from the existing genus Diplosphaera of other.

Aliidissulfuribacter

L. masc. adjective *alius*, other; L. masc. n. *Dissulfuribacter*, An existing genus; *Aliidissulfuribacter*: A genus related to but distinct from the existing genus Dissulfuribacter of other.

Aliidissulfurimicrobium

L. masc. adjective *alius*, other; L. neut. n. *Dissulfurimicrobium*, An existing genus; *Aliidissulfurimicrobium*: A genus related to but distinct from the existing genus Dissulfurimicrobium of other.

Aliidissulfurirhabdus

L. masc. adjective *alius*, other; L. fem. n. *Dissulfurirhabdus*, An existing genus; *Aliidissulfurirhabdus*: A genus related to but distinct from the existing genus Dissulfurirhabdus of other.

Aliidokdonella

L. masc. adjective *alius*, other; L. fem. dim. n. *Dokdonella*, An existing genus; *Aliidokdonella*: A genus related to but distinct from the existing genus Dokdonella of other.

Aliidokdonia

L. masc. adjective *alius*, other; L. fem. n. *Dokdonia*, An existing genus; *Aliidokdonia*: A genus related to but distinct from the existing genus Dokdonia of other.

Aliidolosicoccus

L. masc. adjective *alius*, other; L. masc. n. *Dolosicoccus*, An existing genus; *Aliidolosicoccus*: A genus related to but distinct from the existing genus Dolosicoccus of other.

Aliidolosigranulum

L. masc. adjective *alius*, other; L. neut. n. *Dolosigranulum*, An existing genus; *Aliidolosigranulum*: A genus related to but distinct from the existing genus Dolosigranulum of other.

Aliidomibacillus

L. masc. adjective *alius*, other; L. masc. n. *Domibacillus*, An existing genus; *Aliidomibacillus*: A genus related to but distinct from the existing genus Domibacillus of other.

Aliidonghaeana

L. masc. adjective *alius*, other; L. fem. n. *Donghaeana*, An existing genus; *Aliidonghaeana*: A genus related to but distinct from the existing genus Donghaeana of other.

Aliidonghicola

L. masc. adjective *alius*, other; L. masc. n. *Donghicola*, An existing genus; *Aliidonghicola*: A genus related to but distinct from the existing genus Donghicola of other.

Aliidongia

L. masc. adjective *alius*, other; L. fem. n. *Dongia*, An existing genus; *Aliidongia*: A genus related to but distinct from the existing genus Dongia of other.

Aliidongshaea

L. masc. adjective *alius*, other; L. fem. n. *Dongshaea*, An existing genus; *Aliidongshaea*: A genus related to but distinct from the existing genus Dongshaea of other.

Aliidorea

L. masc. adjective *alius*, other; L. fem. n. *Dorea*, An existing genus; *Aliidorea*: A genus related to but distinct from the existing genus Dorea of other.

Aliidraconibacterium

L. masc. adjective *alius*, other; L. neut. n. *Draconibacterium*, An existing genus; *Aliidraconibacterium*: A genus related to but distinct from the existing genus Draconibacterium of other.

Aliidrancourtella

L. masc. adjective *alius*, other; L. fem. dim. n. *Drancourtella*, An existing genus; *Aliidrancourtella*: A genus related to but distinct from the existing genus Drancourtella of other.

Aliidrouetiella

L. masc. adjective *alius*, other; L. fem. dim. n. *Drouetiella*, An existing genus; *Aliidrouetiella*: A genus related to but distinct from the existing genus Drouetiella of other.

Aliidubosiella

L. masc. adjective *alius*, other; L. fem. dim. n. *Dubosiella*, An existing genus; *Aliidubosiella*: A genus related to but distinct from the existing genus Dubosiella of other.

Aliiduganella

L. masc. adjective *alius*, other; L. fem. dim. n. *Duganella*, An existing genus; *Aliiduganella*: A genus related to but distinct from the existing genus Duganella of other.

Aliidulcicalothrix

L. masc. adjective *alius*, other; L. fem. n. *Dulcicalothrix*, An existing genus; *Aliidulcicalothrix*: A genus related to but distinct from the existing genus Dulcicalothrix of other.

Aliiduncaniella

L. masc. adjective *alius*, other; L. fem. dim. n. *Duncaniella*, An existing genus; *Aliiduncaniella*: A genus related to but distinct from the existing genus Duncaniella of other.

Aliidyadobacter

L. masc. adjective *alius*, other; L. masc. n. *Dyadobacter*, An existing genus; *Aliidyadobacter*: A genus related to but distinct from the existing genus Dyadobacter of other.

Aliidyella

L. masc. adjective *alius*, other; L. fem. dim. n. *Dyella*, An existing genus; *Aliidyella*: A genus related to but distinct from the existing genus Dyella of other.

Aliidysgonomonas

L. masc. adjective *alius*, other; L. fem. n. *Dysgonomonas*, An existing genus; *Aliidysgonomonas*: A genus related to but distinct from the existing genus Dysgonomonas of other.

Aliidysosmobacter

L. masc. adjective *alius*, other; L. masc. n. *Dysosmobacter*, An existing genus; *Aliidysosmobacter*: A genus related to but distinct from the existing genus Dysosmobacter of other.

Aliiechinicola

L. masc. adjective *alius*, other; L. fem. n. *Echinicola*, An existing genus; *Aliiechinicola*: A genus related to but distinct from the existing genus Echinicola of other.

Aliiechinimonas

L. masc. adjective *alius*, other; L. fem. n. *Echinimonas*, An existing genus; *Aliiechinimonas*: A genus related to but distinct from the existing genus Echinimonas of other.

Aliiectothiorhodosinus

L. masc. adjective *alius*, other; L. masc. n. *Ectothiorhodosinus*, An existing genus; *Aliiectothiorhodosinus*: A genus related to but distinct from the existing genus Ectothiorhodosinus of other.

Aliiectothiorhodospira

L. masc. adjective *alius*, other; L. fem. n. *Ectothiorhodospira*, An existing genus; *Aliiectothiorhodospira*: A genus related to but distinct from the existing genus Ectothiorhodospira of other.

Aliiedaphobacillus

L. masc. adjective *alius*, other; L. masc. n. *Edaphobacillus*, An existing genus; *Aliiedaphobacillus*: A genus related to but distinct from the existing genus Edaphobacillus of other.

Aliiedaphobacter

L. masc. adjective *alius*, other; L. masc. n. *Edaphobacter*, An existing genus; *Aliiedaphobacter*: A genus related to but distinct from the existing genus Edaphobacter of other.

Aliiedaphocola

L. masc. adjective *alius*, other; L. masc. n. *Edaphocola*, An existing genus; *Aliiedaphocola*: A genus related to but distinct from the existing genus Edaphocola of other.

Aliiedwardiiplasma

L. masc. adjective *alius*, other; L. neut. n. *Edwardiiplasma*, An existing genus; *Aliiedwardiiplasma*: A genus related to but distinct from the existing genus Edwardiiplasma of other.

Aliiedwardsiella

L. masc. adjective *alius*, other; L. fem. dim. n. *Edwardsiella*, An existing genus; *Aliiedwardsiella*: A genus related to but distinct from the existing genus Edwardsiella of other.

Aliieffluviibacter

L. masc. adjective *alius*, other; L. masc. n. *Effluviibacter*, An existing genus; *Aliieffluviibacter*: A genus related to but distinct from the existing genus Effluviibacter of other.

Aliieffusibacillus

L. masc. adjective *alius*, other; L. masc. n. *Effusibacillus*, An existing genus; *Aliieffusibacillus*: A genus related to but distinct from the existing genus Effusibacillus of other.

Aliieggerthella

L. masc. adjective *alius*, other; L. fem. dim. n. *Eggerthella*, An existing genus; *Aliieggerthella*: A genus related to but distinct from the existing genus Eggerthella of other.

Aliieggerthia

L. masc. adjective *alius*, other; L. fem. n. *Eggerthia*, An existing genus; *Aliieggerthia*: A genus related to but distinct from the existing genus Eggerthia of other.

Aliiegibacter

L. masc. adjective *alius*, other; L. masc. n. *Egibacter*, An existing genus; *Aliiegibacter*: A genus related to but distinct from the existing genus Egibacter of other.

Aliiegicoccus

L. masc. adjective *alius*, other; L. masc. n. *Egicoccus*, An existing genus; *Aliiegicoccus*: A genus related to but distinct from the existing genus Egicoccus of other.

Aliiehrlichia

L. masc. adjective *alius*, other; L. fem. n. *Ehrlichia*, An existing genus; *Aliiehrlichia*: A genus related to but distinct from the existing genus Ehrlichia of other.

Aliieikenella

L. masc. adjective *alius*, other; L. fem. dim. n. *Eikenella*, An existing genus; *Aliieikenella*: A genus related to but distinct from the existing genus Eikenella of other.

Aliieilatimonas

L. masc. adjective *alius*, other; L. fem. n. *Eilatimonas*, An existing genus; *Aliieilatimonas*: A genus related to but distinct from the existing genus Eilatimonas of other.

Aliieionea

L. masc. adjective *alius*, other; L. fem. n. *Eionea*, An existing genus; *Aliieionea*: A genus related to but distinct from the existing genus Eionea of other.

Aliieisenbergiella

L. masc. adjective *alius*, other; L. fem. dim. n. *Eisenbergiella*, An existing genus; *Aliieisenbergiella*: A genus related to but distinct from the existing genus Eisenbergiella of other.

Aliieisenibacter

L. masc. adjective *alius*, other; L. masc. n. *Eisenibacter*, An existing genus; *Aliieisenibacter*: A genus related to but distinct from the existing genus Eisenibacter of other.

Aliielainella

L. masc. adjective *alius*, other; L. fem. dim. n. *Elainella*, An existing genus; *Aliielainella*: A genus related to but distinct from the existing genus Elainella of other.

Aliielioraea

L. masc. adjective *alius*, other; L. fem. n. *Elioraea*, An existing genus; *Aliielioraea*: A genus related to but distinct from the existing genus Elioraea of other.

Aliielizabethkingia

L. masc. adjective *alius*, other; L. fem. n. *Elizabethkingia*, An existing genus; *Aliielizabethkingia*: A genus related to but distinct from the existing genus Elizabethkingia of other.

Aliiellagibacter

L. masc. adjective *alius*, other; L. masc. n. *Ellagibacter*, An existing genus; *Aliiellagibacter*: A genus related to but distinct from the existing genus Ellagibacter of other.

Aliielstera

L. masc. adjective *alius*, other; L. fem. n. *Elstera*, An existing genus; *Aliielstera*: A genus related to but distinct from the existing genus Elstera of other.

Aliielusimicrobium

L. masc. adjective *alius*, other; L. neut. n. *Elusimicrobium*, An existing genus; *Aliielusimicrobium*: A genus related to but distinct from the existing genus Elusimicrobium of other.

Aliielytrosporangium

L. masc. adjective *alius*, other; L. neut. n. *Elytrosporangium*, An existing genus; *Aliielytrosporangium*: A genus related to but distinct from the existing genus Elytrosporangium of other.

Aliiembleya

L. masc. adjective *alius*, other; L. fem. n. *Embleya*, An existing genus; *Aliiembleya*: A genus related to but distinct from the existing genus Embleya of other.

Aliiemcibacter

L. masc. adjective *alius*, other; L. masc. n. *Emcibacter*, An existing genus; *Aliiemcibacter*: A genus related to but distinct from the existing genus Emcibacter of other.

Aliiempedobacter

L. masc. adjective *alius*, other; L. masc. n. *Empedobacter*, An existing genus; *Aliiempedobacter*: A genus related to but distinct from the existing genus Empedobacter of other.

Aliiemticicia

L. masc. adjective *alius*, other; L. fem. n. *Emticicia*, An existing genus; *Aliiemticicia*: A genus related to but distinct from the existing genus Emticicia of other.

Aliiendobacter

L. masc. adjective *alius*, other; L. masc. n. *Endobacter*, An existing genus; *Aliiendobacter*: A genus related to but distinct from the existing genus Endobacter of other.

Aliiendobacterium

L. masc. adjective *alius*, other; L. neut. n. *Endobacterium*, An existing genus; *Aliiendobacterium*: A genus related to but distinct from the existing genus Endobacterium of other.

Aliiendomicrobium

L. masc. adjective *alius*, other; L. neut. n. *Endomicrobium*, An existing genus; *Aliiendomicrobium*: A genus related to but distinct from the existing genus Endomicrobium of other.

Aliiendothiovibrio

L. masc. adjective *alius*, other; L. masc. n. *Endothiovibrio*, An existing genus; *Aliiendothiovibrio*: A genus related to but distinct from the existing genus Endothiovibrio of other.

Aliiendozoicomonas

L. masc. adjective *alius*, other; L. fem. n. *Endozoicomonas*, An existing genus; *Aliiendozoicomonas*: A genus related to but distinct from the existing genus Endozoicomonas of other.

Aliienhydrobacter

L. masc. adjective *alius*, other; L. masc. n. *Enhydrobacter*, An existing genus; *Aliienhydrobacter*: A genus related to but distinct from the existing genus Enhydrobacter of other.

Aliienhygromyxa

L. masc. adjective *alius*, other; L. fem. n. *Enhygromyxa*, An existing genus; *Aliienhygromyxa*: A genus related to but distinct from the existing genus Enhygromyxa of other.

Aliienorma

L. masc. adjective *alius*, other; L. fem. n. *Enorma*, An existing genus; *Aliienorma*: A genus related to but distinct from the existing genus Enorma of other.

Aliiensifer

L. masc. adjective *alius*, other; L. masc. n. *Ensifer*, An existing genus; *Aliiensifer*: A genus related to but distinct from the existing genus Ensifer of other.

Aliienteractinococcus

L. masc. adjective *alius*, other; L. masc. n. *Enteractinococcus*, An existing genus; *Aliienteractinococcus*: A genus related to but distinct from the existing genus Enteractinococcus of other.

Aliienterobacter

L. masc. adjective *alius*, other; L. masc. n. *Enterobacter*, An existing genus; *Aliienterobacter*: A genus related to but distinct from the existing genus Enterobacter of other.

Aliienterocloster

L. masc. adjective *alius*, other; L. masc. n. *Enterocloster*, An existing genus; *Aliienterocloster*: A genus related to but distinct from the existing genus Enterocloster of other.

Aliienterococcus

L. masc. adjective *alius*, other; L. masc. n. *Enterococcus*, An existing genus; *Aliienterococcus*: A genus related to but distinct from the existing genus Enterococcus of other.

Aliienterorhabdus

L. masc. adjective *alius*, other; L. fem. n. *Enterorhabdus*, An existing genus; *Aliienterorhabdus*: A genus related to but distinct from the existing genus Enterorhabdus of other.

Aliienteroscipio

L. masc. adjective *alius*, other; L. masc. n. *Enteroscipio*, An existing genus; *Aliienteroscipio*: A genus related to but distinct from the existing genus Enteroscipio of other.

Aliienterovibrio

L. masc. adjective *alius*, other; L. masc. n. *Enterovibrio*, An existing genus; *Aliienterovibrio*: A genus related to but distinct from the existing genus Enterovibrio of other.

Aliientomomonas

L. masc. adjective *alius*, other; L. fem. n. *Entomomonas*, An existing genus; *Aliientomomonas*: A genus related to but distinct from the existing genus Entomomonas of other.

Aliientomoplasma

L. masc. adjective *alius*, other; L. neut. n. *Entomoplasma*, An existing genus; *Aliientomoplasma*: A genus related to but distinct from the existing genus Entomoplasma of other.

Aliieperythrozoon

L. masc. adjective *alius*, other; L. neut. n. *Eperythrozoon*, An existing genus; *Aliieperythrozoon*: A genus related to but distinct from the existing genus Eperythrozoon of other.

Aliiephemeroptericola

L. masc. adjective *alius*, other; L. masc. n. *Ephemeroptericola*, An existing genus; *Aliiephemeroptericola*: A genus related to but distinct from the existing genus Ephemeroptericola of other.

Aliiepibacterium

L. masc. adjective *alius*, other; L. neut. n. *Epibacterium*, An existing genus; *Aliiepibacterium*: A genus related to but distinct from the existing genus Epibacterium of other.

Aliiepidermidibacterium

L. masc. adjective *alius*, other; L. neut. n. *Epidermidibacterium*, An existing genus; *Aliiepidermidibacterium*: A genus related to but distinct from the existing genus Epidermidibacterium of other.

Aliiepigloeosphaera

L. masc. adjective *alius*, other; L. fem. n. *Epigloeosphaera*, An existing genus; *Aliiepigloeosphaera*: A genus related to but distinct from the existing genus Epigloeosphaera of other.

Aliiepilithonimonas

L. masc. adjective *alius*, other; L. fem. n. *Epilithonimonas*, An existing genus; *Aliiepilithonimonas*: A genus related to but distinct from the existing genus Epilithonimonas of other.

Aliiercella

L. masc. adjective *alius*, other; L. fem. dim. n. *Ercella*, An existing genus; *Aliiercella*: A genus related to but distinct from the existing genus Ercella of other.

Aliiereboglobus

L. masc. adjective *alius*, other; L. masc. n. *Ereboglobus*, An existing genus; *Aliiereboglobus*: A genus related to but distinct from the existing genus Ereboglobus of other.

Aliieremococcus

L. masc. adjective *alius*, other; L. masc. n. *Eremococcus*, An existing genus; *Aliieremococcus*: A genus related to but distinct from the existing genus Eremococcus of other.

Aliierwinia

L. masc. adjective *alius*, other; L. fem. n. *Erwinia*, An existing genus; *Aliierwinia*: A genus related to but distinct from the existing genus Erwinia of other.

Aliierysipelothrix

L. masc. adjective *alius*, other; L. fem. n. *Erysipelothrix*, An existing genus; *Aliierysipelothrix*: A genus related to but distinct from the existing genus Erysipelothrix of other.

Aliierythrobacter

L. masc. adjective *alius*, other; L. masc. n. *Erythrobacter*, An existing genus; *Aliierythrobacter*: A genus related to but distinct from the existing genus Erythrobacter of other.

Aliierythromicrobium

L. masc. adjective *alius*, other; L. neut. n. *Erythromicrobium*, An existing genus; *Aliierythromicrobium*: A genus related to but distinct from the existing genus Erythromicrobium of other.

Aliierythromonas

L. masc. adjective *alius*, other; L. fem. n. *Erythromonas*, An existing genus; *Aliierythromonas*: A genus related to but distinct from the existing genus Erythromonas of other.

Aliiescherichia

L. masc. adjective *alius*, other; L. fem. n. *Escherichia*, An existing genus; *Aliiescherichia*: A genus related to but distinct from the existing genus Escherichia of other.

Aliiethanoligenens

L. masc. adjective *alius*, other; L. neut. n. *Ethanoligenens*, An existing genus; *Aliiethanoligenens*: A genus related to but distinct from the existing genus Ethanoligenens of other.

Aliieubacterium

L. masc. adjective *alius*, other; L. neut. n. *Eubacterium*, An existing genus; *Aliieubacterium*: A genus related to but distinct from the existing genus Eubacterium of other.

Aliieucapsis

L. masc. adjective *alius*, other; L. fem. n. *Eucapsis*, An existing genus; *Aliieucapsis*: A genus related to but distinct from the existing genus Eucapsis of other.

Aliieudoraea

L. masc. adjective *alius*, other; L. fem. n. *Eudoraea*, An existing genus; *Aliieudoraea*: A genus related to but distinct from the existing genus Eudoraea of other.

Aliieuryhalocaulis

L. masc. adjective *alius*, other; L. masc. n. *Euryhalocaulis*, An existing genus; *Aliieuryhalocaulis*: A genus related to but distinct from the existing genus Euryhalocaulis of other.

Aliieuzebya

L. masc. adjective *alius*, other; L. fem. n. *Euzebya*, An existing genus; *Aliieuzebya*: A genus related to but distinct from the existing genus Euzebya of other.

Aliieuzebyella

L. masc. adjective *alius*, other; L. fem. dim. n. *Euzebyella*, An existing genus; *Aliieuzebyella*: A genus related to but distinct from the existing genus Euzebyella of other.

Aliiewamiania

L. masc. adjective *alius*, other; L. fem. n. *Ewamiania*, An existing genus; *Aliiewamiania*: A genus related to but distinct from the existing genus Ewamiania of other.

Aliiewingella

L. masc. adjective *alius*, other; L. fem. dim. n. *Ewingella*, An existing genus; *Aliiewingella*: A genus related to but distinct from the existing genus Ewingella of other.

Aliiexcellospora

L. masc. adjective *alius*, other; L. fem. n. *Excellospora*, An existing genus; *Aliiexcellospora*: A genus related to but distinct from the existing genus Excellospora of other.

Aliiexilibacterium

L. masc. adjective *alius*, other; L. neut. n. *Exilibacterium*, An existing genus; *Aliiexilibacterium*: A genus related to but distinct from the existing genus Exilibacterium of other.

Aliiexilispira

L. masc. adjective *alius*, other; L. fem. n. *Exilispira*, An existing genus; *Aliiexilispira*: A genus related to but distinct from the existing genus Exilispira of other.

Aliiextensimonas

L. masc. adjective *alius*, other; L. fem. n. *Extensimonas*, An existing genus; *Aliiextensimonas*: A genus related to but distinct from the existing genus Extensimonas of other.

Aliiextibacter

L. masc. adjective *alius*, other; L. masc. n. *Extibacter*, An existing genus; *Aliiextibacter*: A genus related to but distinct from the existing genus Extibacter of other.

Aliifabibacter

L. masc. adjective *alius*, other; L. masc. n. *Fabibacter*, An existing genus; *Aliifabibacter*: A genus related to but distinct from the existing genus Fabibacter of other.

Aliifabivirga

L. masc. adjective *alius*, other; L. fem. n. *Fabivirga*, An existing genus; *Aliifabivirga*: A genus related to but distinct from the existing genus Fabivirga of other.

Aliifacilibium

L. masc. adjective *alius*, other; L. neut. n. *Facilibium*, An existing genus; *Aliifacilibium*: A genus related to but distinct from the existing genus Facilibium of other.

Aliifacklamia

L. masc. adjective *alius*, other; L. fem. n. *Facklamia*, An existing genus; *Aliifacklamia*: A genus related to but distinct from the existing genus Facklamia of other.

Aliifaecalibacillus

L. masc. adjective *alius*, other; L. masc. n. *Faecalibacillus*, An existing genus; *Aliifaecalibacillus*: A genus related to but distinct from the existing genus Faecalibacillus of other.

Aliifaecalibacter

L. masc. adjective *alius*, other; L. masc. n. *Faecalibacter*, An existing genus; *Aliifaecalibacter*: A genus related to but distinct from the existing genus Faecalibacter of other.

Aliifaecalibacterium

L. masc. adjective *alius*, other; L. neut. n. *Faecalibacterium*, An existing genus; *Aliifaecalibacterium*: A genus related to but distinct from the existing genus Faecalibacterium of other.

Aliifaecalibaculum

L. masc. adjective *alius*, other; L. neut. n. *Faecalibaculum*, An existing genus; *Aliifaecalibaculum*: A genus related to but distinct from the existing genus Faecalibaculum of other.

Aliifaecalicatena

L. masc. adjective *alius*, other; L. fem. n. *Faecalicatena*, An existing genus; *Aliifaecalicatena*: A genus related to but distinct from the existing genus Faecalicatena of other.

Aliifaecalicoccus

L. masc. adjective *alius*, other; L. masc. n. *Faecalicoccus*, An existing genus; *Aliifaecalicoccus*: A genus related to but distinct from the existing genus Faecalicoccus of other.

Aliifaecalimonas

L. masc. adjective *alius*, other; L. fem. n. *Faecalimonas*, An existing genus; *Aliifaecalimonas*: A genus related to but distinct from the existing genus Faecalimonas of other.

Aliifaecalitalea

L. masc. adjective *alius*, other; L. fem. n. *Faecalitalea*, An existing genus; *Aliifaecalitalea*: A genus related to but distinct from the existing genus Faecalitalea of other.

Aliifaenia

L. masc. adjective *alius*, other; L. fem. n. *Faenia*, An existing genus; *Aliifaenia*: A genus related to but distinct from the existing genus Faenia of other.

Aliifalcatimonas

L. masc. adjective *alius*, other; L. fem. n. *Falcatimonas*, An existing genus; *Aliifalcatimonas*: A genus related to but distinct from the existing genus Falcatimonas of other.

Aliifalsarthrobacter

L. masc. adjective *alius*, other; L. masc. n. *Falsarthrobacter*, An existing genus; *Aliifalsarthrobacter*: A genus related to but distinct from the existing genus Falsarthrobacter of other.

Aliifalsibacillus

L. masc. adjective *alius*, other; L. masc. n. *Falsibacillus*, An existing genus; *Aliifalsibacillus*: A genus related to but distinct from the existing genus Falsibacillus of other.

Aliifalsigemmobacter

L. masc. adjective *alius*, other; L. masc. n. *Falsigemmobacter*, An existing genus; *Aliifalsigemmobacter*: A genus related to but distinct from the existing genus Falsigemmobacter of other.

Aliifalsiporphyromonas

L. masc. adjective *alius*, other; L. fem. n. *Falsiporphyromonas*, An existing genus; *Aliifalsiporphyromonas*: A genus related to but distinct from the existing genus Falsiporphyromonas of other.

Aliifalsirhodobacter

L. masc. adjective *alius*, other; L. masc. n. *Falsirhodobacter*, An existing genus; *Aliifalsirhodobacter*: A genus related to but distinct from the existing genus Falsirhodobacter of other.

Aliifalsochrobactrum

L. masc. adjective *alius*, other; L. neut. n. *Falsochrobactrum*, An existing genus; *Aliifalsochrobactrum*: A genus related to but distinct from the existing genus Falsochrobactrum of other.

Aliifangia

L. masc. adjective *alius*, other; L. fem. n. *Fangia*, An existing genus; *Aliifangia*: A genus related to but distinct from the existing genus Fangia of other.

Aliifannyhessea

L. masc. adjective *alius*, other; L. fem. n. *Fannyhessea*, An existing genus; *Aliifannyhessea*: A genus related to but distinct from the existing genus Fannyhessea of other.

Aliifastidiosipila

L. masc. adjective *alius*, other; L. fem. n. *Fastidiosipila*, An existing genus; *Aliifastidiosipila*: A genus related to but distinct from the existing genus Fastidiosipila of other.

Aliifaucicola

L. masc. adjective *alius*, other; L. fem. n. *Faucicola*, An existing genus; *Aliifaucicola*: A genus related to but distinct from the existing genus Faucicola of other.

Aliifeifantangia

L. masc. adjective *alius*, other; L. fem. n. *Feifantangia*, An existing genus; *Aliifeifantangia*: A genus related to but distinct from the existing genus Feifantangia of other.

Aliifenollaria

L. masc. adjective *alius*, other; L. fem. n. *Fenollaria*, An existing genus; *Aliifenollaria*: A genus related to but distinct from the existing genus Fenollaria of other.

Aliifermentibacillus

L. masc. adjective *alius*, other; L. masc. n. *Fermentibacillus*, An existing genus; *Aliifermentibacillus*: A genus related to but distinct from the existing genus Fermentibacillus of other.

Aliifermentimonas

L. masc. adjective *alius*, other; L. fem. n. *Fermentimonas*, An existing genus; *Aliifermentimonas*: A genus related to but distinct from the existing genus Fermentimonas of other.

Aliiferribacterium

L. masc. adjective *alius*, other; L. neut. n. *Ferribacterium*, An existing genus; *Aliiferribacterium*: A genus related to but distinct from the existing genus Ferribacterium of other.

Aliiferrigenium

L. masc. adjective *alius*, other; L. neut. n. *Ferrigenium*, An existing genus; *Aliiferrigenium*: A genus related to but distinct from the existing genus Ferrigenium of other.

Aliiferrimicrobium

L. masc. adjective *alius*, other; L. neut. n. *Ferrimicrobium*, An existing genus; *Aliiferrimicrobium*: A genus related to but distinct from the existing genus Ferrimicrobium of other.

Aliiferrimonas

L. masc. adjective *alius*, other; L. fem. n. *Ferrimonas*, An existing genus; *Aliiferrimonas*: A genus related to but distinct from the existing genus Ferrimonas of other.

Aliiferriphaselus

L. masc. adjective *alius*, other; L. masc. n. *Ferriphaselus*, An existing genus; *Aliiferriphaselus*: A genus related to but distinct from the existing genus Ferriphaselus of other.

Aliiferrithrix

L. masc. adjective *alius*, other; L. fem. n. *Ferrithrix*, An existing genus; *Aliiferrithrix*: A genus related to but distinct from the existing genus Ferrithrix of other.

Aliiferroglobus

L. masc. adjective *alius*, other; L. masc. n. *Ferroglobus*, An existing genus; *Aliiferroglobus*: A genus related to but distinct from the existing genus Ferroglobus of other.

Aliiferroplasma

L. masc. adjective *alius*, other; L. neut. n. *Ferroplasma*, An existing genus; *Aliiferroplasma*: A genus related to but distinct from the existing genus Ferroplasma of other.

Aliiferrovibrio

L. masc. adjective *alius*, other; L. masc. n. *Ferrovibrio*, An existing genus; *Aliiferrovibrio*: A genus related to but distinct from the existing genus Ferrovibrio of other.

Aliiferruginibacter

L. masc. adjective *alius*, other; L. masc. n. *Ferruginibacter*, An existing genus; *Aliiferruginibacter*: A genus related to but distinct from the existing genus Ferruginibacter of other.

Aliiferruginivarius

L. masc. adjective *alius*, other; L. masc. n. *Ferruginivarius*, An existing genus; *Aliiferruginivarius*: A genus related to but distinct from the existing genus Ferruginivarius of other.

Aliifervidicella

L. masc. adjective *alius*, other; L. fem. n. *Fervidicella*, An existing genus; *Aliifervidicella*: A genus related to but distinct from the existing genus Fervidicella of other.

Aliifervidicoccus

L. masc. adjective *alius*, other; L. masc. n. *Fervidicoccus*, An existing genus; *Aliifervidicoccus*: A genus related to but distinct from the existing genus Fervidicoccus of other.

Aliifervidicola

L. masc. adjective *alius*, other; L. masc. n. *Fervidicola*, An existing genus; *Aliifervidicola*: A genus related to but distinct from the existing genus Fervidicola of other.

Aliifervidobacterium

L. masc. adjective *alius*, other; L. neut. n. *Fervidobacterium*, An existing genus; *Aliifervidobacterium*: A genus related to but distinct from the existing genus Fervidobacterium of other.

Aliifibrella

L. masc. adjective *alius*, other; L. fem. dim. n. *Fibrella*, An existing genus; *Aliifibrella*: A genus related to but distinct from the existing genus Fibrella of other.

Aliifibrisoma

L. masc. adjective *alius*, other; L. neut. n. *Fibrisoma*, An existing genus; *Aliifibrisoma*: A genus related to but distinct from the existing genus Fibrisoma of other.

Aliifibrobacter

L. masc. adjective *alius*, other; L. masc. n. *Fibrobacter*, An existing genus; *Aliifibrobacter*: A genus related to but distinct from the existing genus Fibrobacter of other.

Aliifictibacillus

L. masc. adjective *alius*, other; L. masc. n. *Fictibacillus*, An existing genus; *Aliifictibacillus*: A genus related to but distinct from the existing genus Fictibacillus of other.

Aliifilibacter

L. masc. adjective *alius*, other; L. masc. n. *Filibacter*, An existing genus; *Aliifilibacter*: A genus related to but distinct from the existing genus Filibacter of other.

Aliifilifactor

L. masc. adjective *alius*, other; L. masc. n. *Filifactor*, An existing genus; *Aliifilifactor*: A genus related to but distinct from the existing genus Filifactor of other.

Aliifilimonas

L. masc. adjective *alius*, other; L. fem. n. *Filimonas*, An existing genus; *Aliifilimonas*: A genus related to but distinct from the existing genus Filimonas of other.

Aliifilobacillus

L. masc. adjective *alius*, other; L. masc. n. *Filobacillus*, An existing genus; *Aliifilobacillus*: A genus related to but distinct from the existing genus Filobacillus of other.

Aliifilobacterium

L. masc. adjective *alius*, other; L. neut. n. *Filobacterium*, An existing genus; *Aliifilobacterium*: A genus related to but distinct from the existing genus Filobacterium of other.

Aliifilomicrobium

L. masc. adjective *alius*, other; L. neut. n. *Filomicrobium*, An existing genus; *Aliifilomicrobium*: A genus related to but distinct from the existing genus Filomicrobium of other.

Aliifimbriiglobus

L. masc. adjective *alius*, other; L. masc. n. *Fimbriiglobus*, An existing genus; *Aliifimbriiglobus*: A genus related to but distinct from the existing genus Fimbriiglobus of other.

Aliifimbriimonas

L. masc. adjective *alius*, other; L. fem. n. *Fimbriimonas*, An existing genus; *Aliifimbriimonas*: A genus related to but distinct from the existing genus Fimbriimonas of other.

Aliifinegoldia

L. masc. adjective *alius*, other; L. fem. n. *Finegoldia*, An existing genus; *Aliifinegoldia*: A genus related to but distinct from the existing genus Finegoldia of other.

Aliiflagellimonas

L. masc. adjective *alius*, other; L. fem. n. *Flagellimonas*, An existing genus; *Aliiflagellimonas*: A genus related to but distinct from the existing genus Flagellimonas of other.

Aliiflammeovirga

L. masc. adjective *alius*, other; L. fem. n. *Flammeovirga*, An existing genus; *Aliiflammeovirga*: A genus related to but distinct from the existing genus Flammeovirga of other.

Aliiflaviaesturariibacter

L. masc. adjective *alius*, other; L. masc. n. *Flaviaesturariibacter*, An existing genus; *Aliiflaviaesturariibacter*: A genus related to but distinct from the existing genus Flaviaesturariibacter of other.

Aliiflavicella

L. masc. adjective *alius*, other; L. fem. n. *Flavicella*, An existing genus; *Aliiflavicella*: A genus related to but distinct from the existing genus Flavicella of other.

Aliiflaviflagellibacter

L. masc. adjective *alius*, other; L. masc. n. *Flaviflagellibacter*, An existing genus; *Aliiflaviflagellibacter*: A genus related to but distinct from the existing genus Flaviflagellibacter of other.

Aliiflaviflexus

L. masc. adjective *alius*, other; L. masc. n. *Flaviflexus*, An existing genus; *Aliiflaviflexus*: A genus related to but distinct from the existing genus Flaviflexus of other.

Aliiflavihumibacter

L. masc. adjective *alius*, other; L. masc. n. *Flavihumibacter*, An existing genus; *Aliiflavihumibacter*: A genus related to but distinct from the existing genus Flavihumibacter of other.

Aliiflavilitoribacter

L. masc. adjective *alius*, other; L. masc. n. *Flavilitoribacter*, An existing genus; *Aliiflavilitoribacter*: A genus related to but distinct from the existing genus Flavilitoribacter of other.

Aliiflavimaricola

L. masc. adjective *alius*, other; L. masc. n. *Flavimaricola*, An existing genus; *Aliiflavimaricola*: A genus related to but distinct from the existing genus Flavimaricola of other.

Aliiflavimarina

L. masc. adjective *alius*, other; L. fem. n. *Flavimarina*, An existing genus; *Aliiflavimarina*: A genus related to but distinct from the existing genus Flavimarina of other.

Aliiflavimobilis

L. masc. adjective *alius*, other; L. masc. n. *Flavimobilis*, An existing genus; *Aliiflavimobilis*: A genus related to but distinct from the existing genus Flavimobilis of other.

Aliiflavimonas

L. masc. adjective *alius*, other; L. fem. n. *Flavimonas*, An existing genus; *Aliiflavimonas*: A genus related to but distinct from the existing genus Flavimonas of other.

Aliiflavipsychrobacter

L. masc. adjective *alius*, other; L. masc. n. *Flavipsychrobacter*, An existing genus; *Aliiflavipsychrobacter*: A genus related to but distinct from the existing genus Flavipsychrobacter of other.

Aliiflaviramulus

L. masc. adjective *alius*, other; L. masc. dim. n. *Flaviramulus*, An existing genus; *Aliiflaviramulus*: A genus related to but distinct from the existing genus Flaviramulus of other.

Aliiflavirhabdus

L. masc. adjective *alius*, other; L. fem. n. *Flavirhabdus*, An existing genus; *Aliiflavirhabdus*: A genus related to but distinct from the existing genus Flavirhabdus of other.

Aliiflavisolibacter

L. masc. adjective *alius*, other; L. masc. n. *Flavisolibacter*, An existing genus; *Aliiflavisolibacter*: A genus related to but distinct from the existing genus Flavisolibacter of other.

Aliiflavitalea

L. masc. adjective *alius*, other; L. fem. n. *Flavitalea*, An existing genus; *Aliiflavitalea*: A genus related to but distinct from the existing genus Flavitalea of other.

Aliiflavivirga

L. masc. adjective *alius*, other; L. fem. n. *Flavivirga*, An existing genus; *Aliiflavivirga*: A genus related to but distinct from the existing genus Flavivirga of other.

Aliiflavobacterium

L. masc. adjective *alius*, other; L. neut. n. *Flavobacterium*, An existing genus; *Aliiflavobacterium*: A genus related to but distinct from the existing genus Flavobacterium of other.

Aliiflavonifractor

L. masc. adjective *alius*, other; L. masc. n. *Flavonifractor*, An existing genus; *Aliiflavonifractor*: A genus related to but distinct from the existing genus Flavonifractor of other.

Aliiflectobacillus

L. masc. adjective *alius*, other; L. masc. n. *Flectobacillus*, An existing genus; *Aliiflectobacillus*: A genus related to but distinct from the existing genus Flectobacillus of other.

Aliiflexibacter

L. masc. adjective *alius*, other; L. masc. n. *Flexibacter*, An existing genus; *Aliiflexibacter*: A genus related to but distinct from the existing genus Flexibacter of other.

Aliiflexilinea

L. masc. adjective *alius*, other; L. fem. n. *Flexilinea*, An existing genus; *Aliiflexilinea*: A genus related to but distinct from the existing genus Flexilinea of other.

Aliiflexistipes

L. masc. adjective *alius*, other; L. masc. n. *Flexistipes*, An existing genus; *Aliiflexistipes*: A genus related to but distinct from the existing genus Flexistipes of other.

Aliiflexithrix

L. masc. adjective *alius*, other; L. fem. n. *Flexithrix*, An existing genus; *Aliiflexithrix*: A genus related to but distinct from the existing genus Flexithrix of other.

Aliiflexivirga

L. masc. adjective *alius*, other; L. fem. n. *Flexivirga*, An existing genus; *Aliiflexivirga*: A genus related to but distinct from the existing genus Flexivirga of other.

Aliiflindersiella

L. masc. adjective *alius*, other; L. fem. dim. n. *Flindersiella*, An existing genus; *Aliiflindersiella*: A genus related to but distinct from the existing genus Flindersiella of other.

Aliiflintibacter

L. masc. adjective *alius*, other; L. masc. n. *Flintibacter*, An existing genus; *Aliiflintibacter*: A genus related to but distinct from the existing genus Flintibacter of other.

Aliifloricoccus

L. masc. adjective *alius*, other; L. masc. n. *Floricoccus*, An existing genus; *Aliifloricoccus*: A genus related to but distinct from the existing genus Floricoccus of other.

Aliifluoribacter

L. masc. adjective *alius*, other; L. masc. n. *Fluoribacter*, An existing genus; *Aliifluoribacter*: A genus related to but distinct from the existing genus Fluoribacter of other.

Aliifluviibacterium

L. masc. adjective *alius*, other; L. neut. n. *Fluviibacterium*, An existing genus; *Aliifluviibacterium*: A genus related to but distinct from the existing genus Fluviibacterium of other.

Aliifluviicoccus

L. masc. adjective *alius*, other; L. masc. n. *Fluviicoccus*, An existing genus; *Aliifluviicoccus*: A genus related to but distinct from the existing genus Fluviicoccus of other.

Aliifluviicola

L. masc. adjective *alius*, other; L. masc. n. *Fluviicola*, An existing genus; *Aliifluviicola*: A genus related to but distinct from the existing genus Fluviicola of other.

Aliifluviimonas

L. masc. adjective *alius*, other; L. fem. n. *Fluviimonas*, An existing genus; *Aliifluviimonas*: A genus related to but distinct from the existing genus Fluviimonas of other.

Aliifluviispira

L. masc. adjective *alius*, other; L. fem. n. *Fluviispira*, An existing genus; *Aliifluviispira*: A genus related to but distinct from the existing genus Fluviispira of other.

Aliifodinibacter

L. masc. adjective *alius*, other; L. masc. n. *Fodinibacter*, An existing genus; *Aliifodinibacter*: A genus related to but distinct from the existing genus Fodinibacter of other.

Aliifodinibius

L. masc. adjective *alius*, other; L. masc. n. *Fodinibius*, An existing genus; *Aliifodinibius*: A genus related to but distinct from the existing genus Fodinibius of other.

Aliifodinicola

L. masc. adjective *alius*, other; L. masc. n. *Fodinicola*, An existing genus; *Aliifodinicola*: A genus related to but distinct from the existing genus Fodinicola of other.

Aliifodinicurvata

L. masc. adjective *alius*, other; L. fem. n. *Fodinicurvata*, An existing genus; *Aliifodinicurvata*: A genus related to but distinct from the existing genus Fodinicurvata of other.

Aliifoliisarcina

L. masc. adjective *alius*, other; L. fem. n. *Foliisarcina*, An existing genus; *Aliifoliisarcina*: A genus related to but distinct from the existing genus Foliisarcina of other.

Aliifontibacillus

L. masc. adjective *alius*, other; L. masc. n. *Fontibacillus*, An existing genus; *Aliifontibacillus*: A genus related to but distinct from the existing genus Fontibacillus of other.

Aliifontibacter

L. masc. adjective *alius*, other; L. masc. n. *Fontibacter*, An existing genus; *Aliifontibacter*: A genus related to but distinct from the existing genus Fontibacter of other.

Aliifonticella

L. masc. adjective *alius*, other; L. fem. n. *Fonticella*, An existing genus; *Aliifonticella*: A genus related to but distinct from the existing genus Fonticella of other.

Aliifontimonas

L. masc. adjective *alius*, other; L. fem. n. *Fontimonas*, An existing genus; *Aliifontimonas*: A genus related to but distinct from the existing genus Fontimonas of other.

Aliiformivibrio

L. masc. adjective *alius*, other; L. masc. n. *Formivibrio*, An existing genus; *Aliiformivibrio*: A genus related to but distinct from the existing genus Formivibrio of other.

Aliiformosa

L. masc. adjective *alius*, other; L. fem. n. *Formosa*, An existing genus; *Aliiformosa*: A genus related to but distinct from the existing genus Formosa of other.

Aliiformosimonas

L. masc. adjective *alius*, other; L. fem. n. *Formosimonas*, An existing genus; *Aliiformosimonas*: A genus related to but distinct from the existing genus Formosimonas of other.

Aliifournierella

L. masc. adjective *alius*, other; L. fem. dim. n. *Fournierella*, An existing genus; *Aliifournierella*: A genus related to but distinct from the existing genus Fournierella of other.

Aliifrancisella

L. masc. adjective *alius*, other; L. fem. dim. n. *Francisella*, An existing genus; *Aliifrancisella*: A genus related to but distinct from the existing genus Francisella of other.

Aliifranconibacter

L. masc. adjective *alius*, other; L. masc. n. *Franconibacter*, An existing genus; *Aliifranconibacter*: A genus related to but distinct from the existing genus Franconibacter of other.

Aliifrankia

L. masc. adjective *alius*, other; L. fem. n. *Frankia*, An existing genus; *Aliifrankia*: A genus related to but distinct from the existing genus Frankia of other.

Aliifrateuria

L. masc. adjective *alius*, other; L. fem. n. *Frateuria*, An existing genus; *Aliifrateuria*: A genus related to but distinct from the existing genus Frateuria of other.

Aliifrederiksenia

L. masc. adjective *alius*, other; L. fem. n. *Frederiksenia*, An existing genus; *Aliifrederiksenia*: A genus related to but distinct from the existing genus Frederiksenia of other.

Aliifretibacter

L. masc. adjective *alius*, other; L. masc. n. *Fretibacter*, An existing genus; *Aliifretibacter*: A genus related to but distinct from the existing genus Fretibacter of other.

Aliifretibacterium

L. masc. adjective *alius*, other; L. neut. n. *Fretibacterium*, An existing genus; *Aliifretibacterium*: A genus related to but distinct from the existing genus Fretibacterium of other.

Aliifriedmanniella

L. masc. adjective *alius*, other; L. fem. dim. n. *Friedmanniella*, An existing genus; *Aliifriedmanniella*: A genus related to but distinct from the existing genus Friedmanniella of other.

Aliifrigidibacter

L. masc. adjective *alius*, other; L. masc. n. *Frigidibacter*, An existing genus; *Aliifrigidibacter*: A genus related to but distinct from the existing genus Frigidibacter of other.

Aliifrigoribacterium

L. masc. adjective *alius*, other; L. neut. n. *Frigoribacterium*, An existing genus; *Aliifrigoribacterium*: A genus related to but distinct from the existing genus Frigoribacterium of other.

Aliifrischella

L. masc. adjective *alius*, other; L. fem. dim. n. *Frischella*, An existing genus; *Aliifrischella*: A genus related to but distinct from the existing genus Frischella of other.

Aliifrisingicoccus

L. masc. adjective *alius*, other; L. masc. n. *Frisingicoccus*, An existing genus; *Aliifrisingicoccus*: A genus related to but distinct from the existing genus Frisingicoccus of other.

Aliifrondibacter

L. masc. adjective *alius*, other; L. masc. n. *Frondibacter*, An existing genus; *Aliifrondibacter*: A genus related to but distinct from the existing genus Frondibacter of other.

Aliifrondicola

L. masc. adjective *alius*, other; L. masc. n. *Frondicola*, An existing genus; *Aliifrondicola*: A genus related to but distinct from the existing genus Frondicola of other.

Aliifrondihabitans

L. masc. adjective *alius*, other; L. masc. n. *Frondihabitans*, An existing genus; *Aliifrondihabitans*: A genus related to but distinct from the existing genus Frondihabitans of other.

Aliifructilactobacillus

L. masc. adjective *alius*, other; L. masc. n. *Fructilactobacillus*, An existing genus; *Aliifructilactobacillus*: A genus related to but distinct from the existing genus Fructilactobacillus of other.

Aliifructobacillus

L. masc. adjective *alius*, other; L. masc. n. *Fructobacillus*, An existing genus; *Aliifructobacillus*: A genus related to but distinct from the existing genus Fructobacillus of other.

Aliifuchsiella

L. masc. adjective *alius*, other; L. fem. dim. n. *Fuchsiella*, An existing genus; *Aliifuchsiella*: A genus related to but distinct from the existing genus Fuchsiella of other.

Aliifudania

L. masc. adjective *alius*, other; L. fem. n. *Fudania*, An existing genus; *Aliifudania*: A genus related to but distinct from the existing genus Fudania of other.

Aliifuerstia

L. masc. adjective *alius*, other; L. fem. n. *Fuerstia*, An existing genus; *Aliifuerstia*: A genus related to but distinct from the existing genus Fuerstia of other.

Aliifulvibacter

L. masc. adjective *alius*, other; L. masc. n. *Fulvibacter*, An existing genus; *Aliifulvibacter*: A genus related to but distinct from the existing genus Fulvibacter of other.

Aliifulvimarina

L. masc. adjective *alius*, other; L. fem. n. *Fulvimarina*, An existing genus; *Aliifulvimarina*: A genus related to but distinct from the existing genus Fulvimarina of other.

Aliifulvimonas

L. masc. adjective *alius*, other; L. fem. n. *Fulvimonas*, An existing genus; *Aliifulvimonas*: A genus related to but distinct from the existing genus Fulvimonas of other.

Aliifulvitalea

L. masc. adjective *alius*, other; L. fem. n. *Fulvitalea*, An existing genus; *Aliifulvitalea*: A genus related to but distinct from the existing genus Fulvitalea of other.

Aliifulvivirga

L. masc. adjective *alius*, other; L. fem. n. *Fulvivirga*, An existing genus; *Aliifulvivirga*: A genus related to but distinct from the existing genus Fulvivirga of other.

Aliifundibacter

L. masc. adjective *alius*, other; L. masc. n. *Fundibacter*, An existing genus; *Aliifundibacter*: A genus related to but distinct from the existing genus Fundibacter of other.

Aliifundicoccus

L. masc. adjective *alius*, other; L. masc. n. *Fundicoccus*, An existing genus; *Aliifundicoccus*: A genus related to but distinct from the existing genus Fundicoccus of other.

Aliifurfurilactobacillus

L. masc. adjective *alius*, other; L. masc. n. *Furfurilactobacillus*, An existing genus; *Aliifurfurilactobacillus*: A genus related to but distinct from the existing genus Furfurilactobacillus of other.

Aliifuscovulum

L. masc. adjective *alius*, other; L. neut. n. *Fuscovulum*, An existing genus; *Aliifuscovulum*: A genus related to but distinct from the existing genus Fuscovulum of other.

Aliifusibacter

L. masc. adjective *alius*, other; L. masc. n. *Fusibacter*, An existing genus; *Aliifusibacter*: A genus related to but distinct from the existing genus Fusibacter of other.

Aliifusicatenibacter

L. masc. adjective *alius*, other; L. masc. n. *Fusicatenibacter*, An existing genus; *Aliifusicatenibacter*: A genus related to but distinct from the existing genus Fusicatenibacter of other.

Aliifusimonas

L. masc. adjective *alius*, other; L. fem. n. *Fusimonas*, An existing genus; *Aliifusimonas*: A genus related to but distinct from the existing genus Fusimonas of other.

Aliifusobacterium

L. masc. adjective *alius*, other; L. neut. n. *Fusobacterium*, An existing genus; *Aliifusobacterium*: A genus related to but distinct from the existing genus Fusobacterium of other.

Aliigabonia

L. masc. adjective *alius*, other; L. fem. n. *Gabonia*, An existing genus; *Aliigabonia*: A genus related to but distinct from the existing genus Gabonia of other.

Aliigabonibacter

L. masc. adjective *alius*, other; L. masc. n. *Gabonibacter*, An existing genus; *Aliigabonibacter*: A genus related to but distinct from the existing genus Gabonibacter of other.

Aliigaetbulibacter

L. masc. adjective *alius*, other; L. masc. n. *Gaetbulibacter*, An existing genus; *Aliigaetbulibacter*: A genus related to but distinct from the existing genus Gaetbulibacter of other.

Aliigaetbulicola

L. masc. adjective *alius*, other; L. masc. n. *Gaetbulicola*, An existing genus; *Aliigaetbulicola*: A genus related to but distinct from the existing genus Gaetbulicola of other.

Aliigaetbulimicrobium

L. masc. adjective *alius*, other; L. neut. n. *Gaetbulimicrobium*, An existing genus; *Aliigaetbulimicrobium*: A genus related to but distinct from the existing genus Gaetbulimicrobium of other.

Aliigaiella

L. masc. adjective *alius*, other; L. fem. dim. n. *Gaiella*, An existing genus; *Aliigaiella*: A genus related to but distinct from the existing genus Gaiella of other.

Aliigalbibacter

L. masc. adjective *alius*, other; L. masc. n. *Galbibacter*, An existing genus; *Aliigalbibacter*: A genus related to but distinct from the existing genus Galbibacter of other.

Aliigalbitalea

L. masc. adjective *alius*, other; L. fem. n. *Galbitalea*, An existing genus; *Aliigalbitalea*: A genus related to but distinct from the existing genus Galbitalea of other.

Aliigallaecimonas

L. masc. adjective *alius*, other; L. fem. n. *Gallaecimonas*, An existing genus; *Aliigallaecimonas*: A genus related to but distinct from the existing genus Gallaecimonas of other.

Aliigallibacterium

L. masc. adjective *alius*, other; L. neut. n. *Gallibacterium*, An existing genus; *Aliigallibacterium*: A genus related to but distinct from the existing genus Gallibacterium of other.

Aliigallicola

L. masc. adjective *alius*, other; L. masc. n. *Gallicola*, An existing genus; *Aliigallicola*: A genus related to but distinct from the existing genus Gallicola of other.

Aliigallionella

L. masc. adjective *alius*, other; L. fem. dim. n. *Gallionella*, An existing genus; *Aliigallionella*: A genus related to but distinct from the existing genus Gallionella of other.

Aliigalliscardovia

L. masc. adjective *alius*, other; L. fem. n. *Galliscardovia*, An existing genus; *Aliigalliscardovia*: A genus related to but distinct from the existing genus Galliscardovia of other.

Aliigandjariella

L. masc. adjective *alius*, other; L. fem. dim. n. *Gandjariella*, An existing genus; *Aliigandjariella*: A genus related to but distinct from the existing genus Gandjariella of other.

Aliigangjinia

L. masc. adjective *alius*, other; L. fem. n. *Gangjinia*, An existing genus; *Aliigangjinia*: A genus related to but distinct from the existing genus Gangjinia of other.

Aliigarciella

L. masc. adjective *alius*, other; L. fem. dim. n. *Garciella*, An existing genus; *Aliigarciella*: A genus related to but distinct from the existing genus Garciella of other.

Aliigardnerella

L. masc. adjective *alius*, other; L. fem. dim. n. *Gardnerella*, An existing genus; *Aliigardnerella*: A genus related to but distinct from the existing genus Gardnerella of other.

Aliigaricola

L. masc. adjective *alius*, other; L. masc. n. *Garicola*, An existing genus; *Aliigaricola*: A genus related to but distinct from the existing genus Garicola of other.

Aliigarritya

L. masc. adjective *alius*, other; L. fem. n. *Garritya*, An existing genus; *Aliigarritya*: A genus related to but distinct from the existing genus Garritya of other.

Aliigayadomonas

L. masc. adjective *alius*, other; L. fem. n. *Gayadomonas*, An existing genus; *Aliigayadomonas*: A genus related to but distinct from the existing genus Gayadomonas of other.

Aliigelatiniphilus

L. masc. adjective *alius*, other; L. masc. n. *Gelatiniphilus*, An existing genus; *Aliigelatiniphilus*: A genus related to but distinct from the existing genus Gelatiniphilus of other.

Aliigelidibacter

L. masc. adjective *alius*, other; L. masc. n. *Gelidibacter*, An existing genus; *Aliigelidibacter*: A genus related to but distinct from the existing genus Gelidibacter of other.

Aliigellertiella

L. masc. adjective *alius*, other; L. fem. dim. n. *Gellertiella*, An existing genus; *Aliigellertiella*: A genus related to but distinct from the existing genus Gellertiella of other.

Aliigelria

L. masc. adjective *alius*, other; L. fem. n. *Gelria*, An existing genus; *Aliigelria*: A genus related to but distinct from the existing genus Gelria of other.

Aliigemella

L. masc. adjective *alius*, other; L. fem. dim. n. *Gemella*, An existing genus; *Aliigemella*: A genus related to but distinct from the existing genus Gemella of other.

Aliigeminicoccus

L. masc. adjective *alius*, other; L. masc. n. *Geminicoccus*, An existing genus; *Aliigeminicoccus*: A genus related to but distinct from the existing genus Geminicoccus of other.

Aliigeminisphaera

L. masc. adjective *alius*, other; L. fem. n. *Geminisphaera*, An existing genus; *Aliigeminisphaera*: A genus related to but distinct from the existing genus Geminisphaera of other.

Aliigeminobacterium

L. masc. adjective *alius*, other; L. neut. n. *Geminobacterium*, An existing genus; *Aliigeminobacterium*: A genus related to but distinct from the existing genus Geminobacterium of other.

Aliigemmata

L. masc. adjective *alius*, other; L. fem. n. *Gemmata*, An existing genus; *Aliigemmata*: A genus related to but distinct from the existing genus Gemmata of other.

Aliigemmatimonas

L. masc. adjective *alius*, other; L. fem. n. *Gemmatimonas*, An existing genus; *Aliigemmatimonas*: A genus related to but distinct from the existing genus Gemmatimonas of other.

Aliigemmatirosa

L. masc. adjective *alius*, other; L. fem. n. *Gemmatirosa*, An existing genus; *Aliigemmatirosa*: A genus related to but distinct from the existing genus Gemmatirosa of other.

Aliigemmiger

L. masc. adjective *alius*, other; L. masc. n. *Gemmiger*, An existing genus; *Aliigemmiger*: A genus related to but distinct from the existing genus Gemmiger of other.

Aliigeoalkalibacter

L. masc. adjective *alius*, other; L. masc. n. *Geoalkalibacter*, An existing genus; *Aliigeoalkalibacter*: A genus related to but distinct from the existing genus Geoalkalibacter of other.

Aliigeobacillus

L. masc. adjective *alius*, other; L. masc. n. *Geobacillus*, An existing genus; *Aliigeobacillus*: A genus related to but distinct from the existing genus Geobacillus of other.

Aliigeobacter

L. masc. adjective *alius*, other; L. masc. n. *Geobacter*, An existing genus; *Aliigeobacter*: A genus related to but distinct from the existing genus Geobacter of other.

Aliigeodermatophilus

L. masc. adjective *alius*, other; L. masc. n. *Geodermatophilus*, An existing genus; *Aliigeodermatophilus*: A genus related to but distinct from the existing genus Geodermatophilus of other.

Aliigeofilum

L. masc. adjective *alius*, other; L. neut. n. *Geofilum*, An existing genus; *Aliigeofilum*: A genus related to but distinct from the existing genus Geofilum of other.

Aliigeoglobus

L. masc. adjective *alius*, other; L. masc. n. *Geoglobus*, An existing genus; *Aliigeoglobus*: A genus related to but distinct from the existing genus Geoglobus of other.

Aliigeojedonia

L. masc. adjective *alius*, other; L. fem. n. *Geojedonia*, An existing genus; *Aliigeojedonia*: A genus related to but distinct from the existing genus Geojedonia of other.

Aliigeomicrobium

L. masc. adjective *alius*, other; L. neut. n. *Geomicrobium*, An existing genus; *Aliigeomicrobium*: A genus related to but distinct from the existing genus Geomicrobium of other.

Aliigeomonas

L. masc. adjective *alius*, other; L. fem. n. *Geomonas*, An existing genus; *Aliigeomonas*: A genus related to but distinct from the existing genus Geomonas of other.

Aliigeopsychrobacter

L. masc. adjective *alius*, other; L. masc. n. *Geopsychrobacter*, An existing genus; *Aliigeopsychrobacter*: A genus related to but distinct from the existing genus Geopsychrobacter of other.

Aliigeorgenia

L. masc. adjective *alius*, other; L. fem. n. *Georgenia*, An existing genus; *Aliigeorgenia*: A genus related to but distinct from the existing genus Georgenia of other.

Aliigeorgfuchsia

L. masc. adjective *alius*, other; L. fem. n. *Georgfuchsia*, An existing genus; *Aliigeorgfuchsia*: A genus related to but distinct from the existing genus Georgfuchsia of other.

Aliigeorhizobium

L. masc. adjective *alius*, other; L. neut. n. *Georhizobium*, An existing genus; *Aliigeorhizobium*: A genus related to but distinct from the existing genus Georhizobium of other.

Aliigeosporobacter

L. masc. adjective *alius*, other; L. masc. n. *Geosporobacter*, An existing genus; *Aliigeosporobacter*: A genus related to but distinct from the existing genus Geosporobacter of other.

Aliigeothermobacter

L. masc. adjective *alius*, other; L. masc. n. *Geothermobacter*, An existing genus; *Aliigeothermobacter*: A genus related to but distinct from the existing genus Geothermobacter of other.

Aliigeothermobacterium

L. masc. adjective *alius*, other; L. neut. n. *Geothermobacterium*, An existing genus; *Aliigeothermobacterium*: A genus related to but distinct from the existing genus Geothermobacterium of other.

Aliigeothermomicrobium

L. masc. adjective *alius*, other; L. neut. n. *Geothermomicrobium*, An existing genus; *Aliigeothermomicrobium*: A genus related to but distinct from the existing genus Geothermomicrobium of other.

Aliigeothrix

L. masc. adjective *alius*, other; L. fem. n. *Geothrix*, An existing genus; *Aliigeothrix*: A genus related to but distinct from the existing genus Geothrix of other.

Aliigeotoga

L. masc. adjective *alius*, other; L. fem. n. *Geotoga*, An existing genus; *Aliigeotoga*: A genus related to but distinct from the existing genus Geotoga of other.

Aliigeovibrio

L. masc. adjective *alius*, other; L. masc. n. *Geovibrio*, An existing genus; *Aliigeovibrio*: A genus related to but distinct from the existing genus Geovibrio of other.

Aliighiorsea

L. masc. adjective *alius*, other; L. fem. n. *Ghiorsea*, An existing genus; *Aliighiorsea*: A genus related to but distinct from the existing genus Ghiorsea of other.

Aliigibbsiella

L. masc. adjective *alius*, other; L. fem. dim. n. *Gibbsiella*, An existing genus; *Aliigibbsiella*: A genus related to but distinct from the existing genus Gibbsiella of other.

Aliigiesbergeria

L. masc. adjective *alius*, other; L. fem. n. *Giesbergeria*, An existing genus; *Aliigiesbergeria*: A genus related to but distinct from the existing genus Giesbergeria of other.

Aliigilliamella

L. masc. adjective *alius*, other; L. fem. dim. n. *Gilliamella*, An existing genus; *Aliigilliamella*: A genus related to but distinct from the existing genus Gilliamella of other.

Aliigillisia

L. masc. adjective *alius*, other; L. fem. n. *Gillisia*, An existing genus; *Aliigillisia*: A genus related to but distinct from the existing genus Gillisia of other.

Aliigilvibacter

L. masc. adjective *alius*, other; L. masc. n. *Gilvibacter*, An existing genus; *Aliigilvibacter*: A genus related to but distinct from the existing genus Gilvibacter of other.

Aliigilvimarinus

L. masc. adjective *alius*, other; L. masc. n. *Gilvimarinus*, An existing genus; *Aliigilvimarinus*: A genus related to but distinct from the existing genus Gilvimarinus of other.

Aliigimesia

L. masc. adjective *alius*, other; L. fem. n. *Gimesia*, An existing genus; *Aliigimesia*: A genus related to but distinct from the existing genus Gimesia of other.

Aliiglaciecola

L. masc. adjective *alius*, other; L. fem. n. *Glaciecola*, An existing genus; *Aliiglaciecola*: A genus related to but distinct from the existing genus Glaciecola of other.

Aliiglaciibacter

L. masc. adjective *alius*, other; L. masc. n. *Glaciibacter*, An existing genus; *Aliiglaciibacter*: A genus related to but distinct from the existing genus Glaciibacter of other.

Aliiglaciihabitans

L. masc. adjective *alius*, other; L. masc. n. *Glaciihabitans*, An existing genus; *Aliiglaciihabitans*: A genus related to but distinct from the existing genus Glaciihabitans of other.

Aliiglaciimonas

L. masc. adjective *alius*, other; L. fem. n. *Glaciimonas*, An existing genus; *Aliiglaciimonas*: A genus related to but distinct from the existing genus Glaciimonas of other.

Aliiglaesserella

L. masc. adjective *alius*, other; L. fem. dim. n. *Glaesserella*, An existing genus; *Aliiglaesserella*: A genus related to but distinct from the existing genus Glaesserella of other.

Aliigleimia

L. masc. adjective *alius*, other; L. fem. n. *Gleimia*, An existing genus; *Aliigleimia*: A genus related to but distinct from the existing genus Gleimia of other.

Aliiglobicatella

L. masc. adjective *alius*, other; L. fem. dim. n. *Globicatella*, An existing genus; *Aliiglobicatella*: A genus related to but distinct from the existing genus Globicatella of other.

Aliigloeobacter

L. masc. adjective *alius*, other; L. masc. n. *Gloeobacter*, An existing genus; *Aliigloeobacter*: A genus related to but distinct from the existing genus Gloeobacter of other.

Aliigloeomargarita

L. masc. adjective *alius*, other; L. fem. n. *Gloeomargarita*, An existing genus; *Aliigloeomargarita*: A genus related to but distinct from the existing genus Gloeomargarita of other.

Aliiglucerabacter

L. masc. adjective *alius*, other; L. masc. n. *Glucerabacter*, An existing genus; *Aliiglucerabacter*: A genus related to but distinct from the existing genus Glucerabacter of other.

Aliigluconacetobacter

L. masc. adjective *alius*, other; L. masc. n. *Gluconacetobacter*, An existing genus; *Aliigluconacetobacter*: A genus related to but distinct from the existing genus Gluconacetobacter of other.

Aliigluconobacter

L. masc. adjective *alius*, other; L. masc. n. *Gluconobacter*, An existing genus; *Aliigluconobacter*: A genus related to but distinct from the existing genus Gluconobacter of other.

Aliiglutamicibacter

L. masc. adjective *alius*, other; L. masc. n. *Glutamicibacter*, An existing genus; *Aliiglutamicibacter*: A genus related to but distinct from the existing genus Glutamicibacter of other.

Aliiglycocaulis

L. masc. adjective *alius*, other; L. masc. n. *Glycocaulis*, An existing genus; *Aliiglycocaulis*: A genus related to but distinct from the existing genus Glycocaulis of other.

Aliiglycomyces

L. masc. adjective *alius*, other; L. masc. n. *Glycomyces*, An existing genus; *Aliiglycomyces*: A genus related to but distinct from the existing genus Glycomyces of other.

Aliigodleya

L. masc. adjective *alius*, other; L. fem. n. *Godleya*, An existing genus; *Aliigodleya*: A genus related to but distinct from the existing genus Godleya of other.

Aliigomontiella

L. masc. adjective *alius*, other; L. fem. dim. n. *Gomontiella*, An existing genus; *Aliigomontiella*: A genus related to but distinct from the existing genus Gomontiella of other.

Aliigoodfellowia

L. masc. adjective *alius*, other; L. fem. n. *Goodfellowia*, An existing genus; *Aliigoodfellowia*: A genus related to but distinct from the existing genus Goodfellowia of other.

Aliigoodfellowiella

L. masc. adjective *alius*, other; L. fem. dim. n. *Goodfellowiella*, An existing genus; *Aliigoodfellowiella*: A genus related to but distinct from the existing genus Goodfellowiella of other.

Aliigordona

L. masc. adjective *alius*, other; L. fem. n. *Gordona*, An existing genus; *Aliigordona*: A genus related to but distinct from the existing genus Gordona of other.

Aliigordonia

L. masc. adjective *alius*, other; L. fem. n. *Gordonia*, An existing genus; *Aliigordonia*: A genus related to but distinct from the existing genus Gordonia of other.

Aliigordonibacter

L. masc. adjective *alius*, other; L. masc. n. *Gordonibacter*, An existing genus; *Aliigordonibacter*: A genus related to but distinct from the existing genus Gordonibacter of other.

Aliigorillibacterium

L. masc. adjective *alius*, other; L. neut. n. *Gorillibacterium*, An existing genus; *Aliigorillibacterium*: A genus related to but distinct from the existing genus Gorillibacterium of other.

Aliigottschalkia

L. masc. adjective *alius*, other; L. fem. n. *Gottschalkia*, An existing genus; *Aliigottschalkia*: A genus related to but distinct from the existing genus Gottschalkia of other.

Aliigracilibacillus

L. masc. adjective *alius*, other; L. masc. n. *Gracilibacillus*, An existing genus; *Aliigracilibacillus*: A genus related to but distinct from the existing genus Gracilibacillus of other.

Aliigracilibacter

L. masc. adjective *alius*, other; L. masc. n. *Gracilibacter*, An existing genus; *Aliigracilibacter*: A genus related to but distinct from the existing genus Gracilibacter of other.

Aliigracilimonas

L. masc. adjective *alius*, other; L. fem. n. *Gracilimonas*, An existing genus; *Aliigracilimonas*: A genus related to but distinct from the existing genus Gracilimonas of other.

Aliigrahamella

L. masc. adjective *alius*, other; L. fem. dim. n. *Grahamella*, An existing genus; *Aliigrahamella*: A genus related to but distinct from the existing genus Grahamella of other.

Aliigramella

L. masc. adjective *alius*, other; L. fem. dim. n. *Gramella*, An existing genus; *Aliigramella*: A genus related to but distinct from the existing genus Gramella of other.

Aliigranulibacter

L. masc. adjective *alius*, other; L. masc. n. *Granulibacter*, An existing genus; *Aliigranulibacter*: A genus related to but distinct from the existing genus Granulibacter of other.

Aliigranulicella

L. masc. adjective *alius*, other; L. fem. n. *Granulicella*, An existing genus; *Aliigranulicella*: A genus related to but distinct from the existing genus Granulicella of other.

Aliigranulicoccus

L. masc. adjective *alius*, other; L. masc. n. *Granulicoccus*, An existing genus; *Aliigranulicoccus*: A genus related to but distinct from the existing genus Granulicoccus of other.

Aliigranulosicoccus

L. masc. adjective *alius*, other; L. masc. n. *Granulosicoccus*, An existing genus; *Aliigranulosicoccus*: A genus related to but distinct from the existing genus Granulosicoccus of other.

Aliigrimontia

L. masc. adjective *alius*, other; L. fem. n. *Grimontia*, An existing genus; *Aliigrimontia*: A genus related to but distinct from the existing genus Grimontia of other.

Aliigryllotalpicola

L. masc. adjective *alius*, other; L. masc. n. *Gryllotalpicola*, An existing genus; *Aliigryllotalpicola*: A genus related to but distinct from the existing genus Gryllotalpicola of other.

Aliigudongella

L. masc. adjective *alius*, other; L. fem. dim. n. *Gudongella*, An existing genus; *Aliigudongella*: A genus related to but distinct from the existing genus Gudongella of other.

Aliiguggenheimella

L. masc. adjective *alius*, other; L. fem. dim. n. *Guggenheimella*, An existing genus; *Aliiguggenheimella*: A genus related to but distinct from the existing genus Guggenheimella of other.

Aliigulbenkiania

L. masc. adjective *alius*, other; L. fem. n. *Gulbenkiania*, An existing genus; *Aliigulbenkiania*: A genus related to but distinct from the existing genus Gulbenkiania of other.

Aliigulosibacter

L. masc. adjective *alius*, other; L. masc. n. *Gulosibacter*, An existing genus; *Aliigulosibacter*: A genus related to but distinct from the existing genus Gulosibacter of other.

Aliiguyparkeria

L. masc. adjective *alius*, other; L. fem. n. *Guyparkeria*, An existing genus; *Aliiguyparkeria*: A genus related to but distinct from the existing genus Guyparkeria of other.

Aliigynuella

L. masc. adjective *alius*, other; L. fem. dim. n. *Gynuella*, An existing genus; *Aliigynuella*: A genus related to but distinct from the existing genus Gynuella of other.

Aliigynurincola

L. masc. adjective *alius*, other; L. masc. n. *Gynurincola*, An existing genus; *Aliigynurincola*: A genus related to but distinct from the existing genus Gynurincola of other.

Aliihaematomicrobium

L. masc. adjective *alius*, other; L. neut. n. *Haematomicrobium*, An existing genus; *Aliihaematomicrobium*: A genus related to but distinct from the existing genus Haematomicrobium of other.

Aliihaemobartonella

L. masc. adjective *alius*, other; L. fem. dim. n. *Haemobartonella*, An existing genus; *Aliihaemobartonella*: A genus related to but distinct from the existing genus Haemobartonella of other.

Aliihaemophilus

L. masc. adjective *alius*, other; L. masc. n. *Haemophilus*, An existing genus; *Aliihaemophilus*: A genus related to but distinct from the existing genus Haemophilus of other.

Aliihahella

L. masc. adjective *alius*, other; L. fem. dim. n. *Hahella*, An existing genus; *Aliihahella*: A genus related to but distinct from the existing genus Hahella of other.

Aliihahyoungchilella

L. masc. adjective *alius*, other; L. fem. dim. n. *Hahyoungchilella*, An existing genus; *Aliihahyoungchilella*: A genus related to but distinct from the existing genus Hahyoungchilella of other.

Aliihaladaptatus

L. masc. adjective *alius*, other; L. masc. n. *Haladaptatus*, An existing genus; *Aliihaladaptatus*: A genus related to but distinct from the existing genus Haladaptatus of other.

Aliihalalkaliarchaeum

L. masc. adjective *alius*, other; L. neut. n. *Halalkaliarchaeum*, An existing genus; *Aliihalalkaliarchaeum*: A genus related to but distinct from the existing genus Halalkaliarchaeum of other.

Aliihalalkalibacillus

L. masc. adjective *alius*, other; L. masc. n. *Halalkalibacillus*, An existing genus; *Aliihalalkalibacillus*: A genus related to but distinct from the existing genus Halalkalibacillus of other.

Aliihalalkalicoccus

L. masc. adjective *alius*, other; L. masc. n. *Halalkalicoccus*, An existing genus; *Aliihalalkalicoccus*: A genus related to but distinct from the existing genus Halalkalicoccus of other.

Aliihalanaeroarchaeum

L. masc. adjective *alius*, other; L. neut. n. *Halanaeroarchaeum*, An existing genus; *Aliihalanaeroarchaeum*: A genus related to but distinct from the existing genus Halanaeroarchaeum of other.

Aliihalanaerobacter

L. masc. adjective *alius*, other; L. masc. n. *Halanaerobacter*, An existing genus; *Aliihalanaerobacter*: A genus related to but distinct from the existing genus Halanaerobacter of other.

Aliihalanaerobium

L. masc. adjective *alius*, other; L. neut. n. *Halanaerobium*, An existing genus; *Aliihalanaerobium*: A genus related to but distinct from the existing genus Halanaerobium of other.

Aliihalanaerocella

L. masc. adjective *alius*, other; L. fem. n. *Halanaerocella*, An existing genus; *Aliihalanaerocella*: A genus related to but distinct from the existing genus Halanaerocella of other.

Aliihalapricum

L. masc. adjective *alius*, other; L. neut. n. *Halapricum*, An existing genus; *Aliihalapricum*: A genus related to but distinct from the existing genus Halapricum of other.

Aliihalarchaeum

L. masc. adjective *alius*, other; L. neut. n. *Halarchaeum*, An existing genus; *Aliihalarchaeum*: A genus related to but distinct from the existing genus Halarchaeum of other.

Aliihalarsenatibacter

L. masc. adjective *alius*, other; L. masc. n. *Halarsenatibacter*, An existing genus; *Aliihalarsenatibacter*: A genus related to but distinct from the existing genus Halarsenatibacter of other.

Aliihalegenticoccus

L. masc. adjective *alius*, other; L. masc. n. *Halegenticoccus*, An existing genus; *Aliihalegenticoccus*: A genus related to but distinct from the existing genus Halegenticoccus of other.

Aliihaliangium

L. masc. adjective *alius*, other; L. neut. n. *Haliangium*, An existing genus; *Aliihaliangium*: A genus related to but distinct from the existing genus Haliangium of other.

Aliihaliea

L. masc. adjective *alius*, other; L. fem. n. *Haliea*, An existing genus; *Aliihaliea*: A genus related to but distinct from the existing genus Haliea of other.

Aliihalioglobus

L. masc. adjective *alius*, other; L. masc. n. *Halioglobus*, An existing genus; *Aliihalioglobus*: A genus related to but distinct from the existing genus Halioglobus of other.

Aliihalioxenophilus

L. masc. adjective *alius*, other; L. masc. n. *Halioxenophilus*, An existing genus; *Aliihalioxenophilus*: A genus related to but distinct from the existing genus Halioxenophilus of other.

Aliihaliscomenobacter

L. masc. adjective *alius*, other; L. masc. n. *Haliscomenobacter*, An existing genus; *Aliihaliscomenobacter*: A genus related to but distinct from the existing genus Haliscomenobacter of other.

Aliihallella

L. masc. adjective *alius*, other; L. fem. dim. n. *Hallella*, An existing genus; *Aliihallella*: A genus related to but distinct from the existing genus Hallella of other.

Aliihaloactinobacterium

L. masc. adjective *alius*, other; L. neut. n. *Haloactinobacterium*, An existing genus; *Aliihaloactinobacterium*: A genus related to but distinct from the existing genus Haloactinobacterium of other.

Aliihaloactinomyces

L. masc. adjective *alius*, other; L. masc. n. *Haloactinomyces*, An existing genus; *Aliihaloactinomyces*: A genus related to but distinct from the existing genus Haloactinomyces of other.

Aliihaloactinopolyspora

L. masc. adjective *alius*, other; L. fem. n. *Haloactinopolyspora*, An existing genus; *Aliihaloactinopolyspora*: A genus related to but distinct from the existing genus Haloactinopolyspora of other.

Aliihaloactinospora

L. masc. adjective *alius*, other; L. fem. n. *Haloactinospora*, An existing genus; *Aliihaloactinospora*: A genus related to but distinct from the existing genus Haloactinospora of other.

Aliihaloarchaeobius

L. masc. adjective *alius*, other; L. masc. n. *Haloarchaeobius*, An existing genus; *Aliihaloarchaeobius*: A genus related to but distinct from the existing genus Haloarchaeobius of other.

Aliihaloarcula

L. masc. adjective *alius*, other; L. fem. dim. n. *Haloarcula*, An existing genus; *Aliihaloarcula*: A genus related to but distinct from the existing genus Haloarcula of other.

Aliihalobacteriovorax

L. masc. adjective *alius*, other; L. masc. n. *Halobacteriovorax*, An existing genus; *Aliihalobacteriovorax*: A genus related to but distinct from the existing genus Halobacteriovorax of other.

Aliihalobacterium

L. masc. adjective *alius*, other; L. neut. n. *Halobacterium*, An existing genus; *Aliihalobacterium*: A genus related to but distinct from the existing genus Halobacterium of other.

Aliihalobacteroides

L. masc. adjective *alius*, other; L. masc. n. *Halobacteroides*, An existing genus; *Aliihalobacteroides*: A genus related to but distinct from the existing genus Halobacteroides of other.

Aliihalobaculum

L. masc. adjective *alius*, other; L. neut. n. *Halobaculum*, An existing genus; *Aliihalobaculum*: A genus related to but distinct from the existing genus Halobaculum of other.

Aliihalobellus

L. masc. adjective *alius*, other; L. masc. n. *Halobellus*, An existing genus; *Aliihalobellus*: A genus related to but distinct from the existing genus Halobellus of other.

Aliihalobiforma

L. masc. adjective *alius*, other; L. fem. n. *Halobiforma*, An existing genus; *Aliihalobiforma*: A genus related to but distinct from the existing genus Halobiforma of other.

Aliihalobium

L. masc. adjective *alius*, other; L. neut. n. *Halobium*, An existing genus; *Aliihalobium*: A genus related to but distinct from the existing genus Halobium of other.

Aliihalocalculus

L. masc. adjective *alius*, other; L. masc. n. *Halocalculus*, An existing genus; *Aliihalocalculus*: A genus related to but distinct from the existing genus Halocalculus of other.

Aliihalocella

L. masc. adjective *alius*, other; L. fem. n. *Halocella*, An existing genus; *Aliihalocella*: A genus related to but distinct from the existing genus Halocella of other.

Aliihalochromatium

L. masc. adjective *alius*, other; L. neut. n. *Halochromatium*, An existing genus; *Aliihalochromatium*: A genus related to but distinct from the existing genus Halochromatium of other.

Aliihalococcoides

L. masc. adjective *alius*, other; L. neut. n. *Halococcoides*, An existing genus; *Aliihalococcoides*: A genus related to but distinct from the existing genus Halococcoides of other.

Aliihalococcus

L. masc. adjective *alius*, other; L. masc. n. *Halococcus*, An existing genus; *Aliihalococcus*: A genus related to but distinct from the existing genus Halococcus of other.

Aliihalocynthiibacter

L. masc. adjective *alius*, other; L. masc. n. *Halocynthiibacter*, An existing genus; *Aliihalocynthiibacter*: A genus related to but distinct from the existing genus Halocynthiibacter of other.

Aliihalodesulfovibrio

L. masc. adjective *alius*, other; L. masc. n. *Halodesulfovibrio*, An existing genus; *Aliihalodesulfovibrio*: A genus related to but distinct from the existing genus Halodesulfovibrio of other.

Aliihalodesulfurarchaeum

L. masc. adjective *alius*, other; L. neut. n. *Halodesulfurarchaeum*, An existing genus; *Aliihalodesulfurarchaeum*: A genus related to but distinct from the existing genus Halodesulfurarchaeum of other.

Aliihalodurantibacterium

L. masc. adjective *alius*, other; L. neut. n. *Halodurantibacterium*, An existing genus; *Aliihalodurantibacterium*: A genus related to but distinct from the existing genus Halodurantibacterium of other.

Aliihaloechinothrix

L. masc. adjective *alius*, other; L. fem. n. *Haloechinothrix*, An existing genus; *Aliihaloechinothrix*: A genus related to but distinct from the existing genus Haloechinothrix of other.

Aliihaloferax

L. masc. adjective *alius*, other; L. neut. n. *Haloferax*, An existing genus; *Aliihaloferax*: A genus related to but distinct from the existing genus Haloferax of other.

Aliihaloferula

L. masc. adjective *alius*, other; L. fem. n. *Haloferula*, An existing genus; *Aliihaloferula*: A genus related to but distinct from the existing genus Haloferula of other.

Aliihalofilum

L. masc. adjective *alius*, other; L. neut. n. *Halofilum*, An existing genus; *Aliihalofilum*: A genus related to but distinct from the existing genus Halofilum of other.

Aliihaloflavibacter

L. masc. adjective *alius*, other; L. masc. n. *Haloflavibacter*, An existing genus; *Aliihaloflavibacter*: A genus related to but distinct from the existing genus Haloflavibacter of other.

Aliihalogeometricum

L. masc. adjective *alius*, other; L. neut. n. *Halogeometricum*, An existing genus; *Aliihalogeometricum*: A genus related to but distinct from the existing genus Halogeometricum of other.

Aliihaloglycomyces

L. masc. adjective *alius*, other; L. masc. n. *Haloglycomyces*, An existing genus; *Aliihaloglycomyces*: A genus related to but distinct from the existing genus Haloglycomyces of other.

Aliihalogranum

L. masc. adjective *alius*, other; L. neut. n. *Halogranum*, An existing genus; *Aliihalogranum*: A genus related to but distinct from the existing genus Halogranum of other.

Aliihalohasta

L. masc. adjective *alius*, other; L. fem. n. *Halohasta*, An existing genus; *Aliihalohasta*: A genus related to but distinct from the existing genus Halohasta of other.

Aliihaloimpatiens

L. masc. adjective *alius*, other; L. masc. n. *Haloimpatiens*, An existing genus; *Aliihaloimpatiens*: A genus related to but distinct from the existing genus Haloimpatiens of other.

Aliihaloincola

L. masc. adjective *alius*, other; L. masc. n. *Haloincola*, An existing genus; *Aliihaloincola*: A genus related to but distinct from the existing genus Haloincola of other.

Aliihalolactibacillus

L. masc. adjective *alius*, other; L. masc. n. *Halolactibacillus*, An existing genus; *Aliihalolactibacillus*: A genus related to but distinct from the existing genus Halolactibacillus of other.

Aliihalolamina

L. masc. adjective *alius*, other; L. fem. n. *Halolamina*, An existing genus; *Aliihalolamina*: A genus related to but distinct from the existing genus Halolamina of other.

Aliihaloleptolyngbya

L. masc. adjective *alius*, other; L. fem. n. *Haloleptolyngbya*, An existing genus; *Aliihaloleptolyngbya*: A genus related to but distinct from the existing genus Haloleptolyngbya of other.

Aliihalomarina

L. masc. adjective *alius*, other; L. fem. n. *Halomarina*, An existing genus; *Aliihalomarina*: A genus related to but distinct from the existing genus Halomarina of other.

Aliihalomethanococcus

L. masc. adjective *alius*, other; L. masc. n. *Halomethanococcus*, An existing genus; *Aliihalomethanococcus*: A genus related to but distinct from the existing genus Halomethanococcus of other.

Aliihalomicrobium

L. masc. adjective *alius*, other; L. neut. n. *Halomicrobium*, An existing genus; *Aliihalomicrobium*: A genus related to but distinct from the existing genus Halomicrobium of other.

Aliihalomicrococcus

L. masc. adjective *alius*, other; L. masc. n. *Halomicrococcus*, An existing genus; *Aliihalomicrococcus*: A genus related to but distinct from the existing genus Halomicrococcus of other.

Aliihalomicronema

L. masc. adjective *alius*, other; L. neut. n. *Halomicronema*, An existing genus; *Aliihalomicronema*: A genus related to but distinct from the existing genus Halomicronema of other.

Aliihalomonas

L. masc. adjective *alius*, other; L. fem. n. *Halomonas*, An existing genus; *Aliihalomonas*: A genus related to but distinct from the existing genus Halomonas of other.

Aliihalonatronum

L. masc. adjective *alius*, other; L. neut. n. *Halonatronum*, An existing genus; *Aliihalonatronum*: A genus related to but distinct from the existing genus Halonatronum of other.

Aliihalonotius

L. masc. adjective *alius*, other; L. masc. n. *Halonotius*, An existing genus; *Aliihalonotius*: A genus related to but distinct from the existing genus Halonotius of other.

Aliihaloparvum

L. masc. adjective *alius*, other; L. neut. n. *Haloparvum*, An existing genus; *Aliihaloparvum*: A genus related to but distinct from the existing genus Haloparvum of other.

Aliihalopelagius

L. masc. adjective *alius*, other; L. masc. n. *Halopelagius*, An existing genus; *Aliihalopelagius*: A genus related to but distinct from the existing genus Halopelagius of other.

Aliihalopenitus

L. masc. adjective *alius*, other; L. masc. n. *Halopenitus*, An existing genus; *Aliihalopenitus*: A genus related to but distinct from the existing genus Halopenitus of other.

Aliihalopeptonella

L. masc. adjective *alius*, other; L. fem. dim. n. *Halopeptonella*, An existing genus; *Aliihalopeptonella*: A genus related to but distinct from the existing genus Halopeptonella of other.

Aliihalopiger

L. masc. adjective *alius*, other; L. masc. n. *Halopiger*, An existing genus; *Aliihalopiger*: A genus related to but distinct from the existing genus Halopiger of other.

Aliihaloplanus

L. masc. adjective *alius*, other; L. masc. n. *Haloplanus*, An existing genus; *Aliihaloplanus*: A genus related to but distinct from the existing genus Haloplanus of other.

Aliihaloplasma

L. masc. adjective *alius*, other; L. neut. n. *Haloplasma*, An existing genus; *Aliihaloplasma*: A genus related to but distinct from the existing genus Haloplasma of other.

Aliihalopolyspora

L. masc. adjective *alius*, other; L. fem. n. *Halopolyspora*, An existing genus; *Aliihalopolyspora*: A genus related to but distinct from the existing genus Halopolyspora of other.

Aliihaloprofundus

L. masc. adjective *alius*, other; L. masc. n. *Haloprofundus*, An existing genus; *Aliihaloprofundus*: A genus related to but distinct from the existing genus Haloprofundus of other.

Aliihaloquadratum

L. masc. adjective *alius*, other; L. neut. n. *Haloquadratum*, An existing genus; *Aliihaloquadratum*: A genus related to but distinct from the existing genus Haloquadratum of other.

Aliihalorhodospira

L. masc. adjective *alius*, other; L. fem. n. *Halorhodospira*, An existing genus; *Aliihalorhodospira*: A genus related to but distinct from the existing genus Halorhodospira of other.

Aliihalorientalis

L. masc. adjective *alius*, other; L. fem. n. *Halorientalis*, An existing genus; *Aliihalorientalis*: A genus related to but distinct from the existing genus Halorientalis of other.

Aliihalorubellus

L. masc. adjective *alius*, other; L. masc. n. *Halorubellus*, An existing genus; *Aliihalorubellus*: A genus related to but distinct from the existing genus Halorubellus of other.

Aliihalorubrobacterium

L. masc. adjective *alius*, other; L. neut. n. *Halorubrobacterium*, An existing genus; *Aliihalorubrobacterium*: A genus related to but distinct from the existing genus Halorubrobacterium of other.

Aliihalorubrum

L. masc. adjective *alius*, other; L. neut. n. *Halorubrum*, An existing genus; *Aliihalorubrum*: A genus related to but distinct from the existing genus Halorubrum of other.

Aliihalorussus

L. masc. adjective *alius*, other; L. masc. n. *Halorussus*, An existing genus; *Aliihalorussus*: A genus related to but distinct from the existing genus Halorussus of other.

Aliihalosarcina

L. masc. adjective *alius*, other; L. fem. n. *Halosarcina*, An existing genus; *Aliihalosarcina*: A genus related to but distinct from the existing genus Halosarcina of other.

Aliihalosiccatus

L. masc. adjective *alius*, other; L. masc. n. *Halosiccatus*, An existing genus; *Aliihalosiccatus*: A genus related to but distinct from the existing genus Halosiccatus of other.

Aliihalosimplex

L. masc. adjective *alius*, other; L. neut. n. *Halosimplex*, An existing genus; *Aliihalosimplex*: A genus related to but distinct from the existing genus Halosimplex of other.

Aliihalospina

L. masc. adjective *alius*, other; L. fem. n. *Halospina*, An existing genus; *Aliihalospina*: A genus related to but distinct from the existing genus Halospina of other.

Aliihalospirulina

L. masc. adjective *alius*, other; L. fem. n. *Halospirulina*, An existing genus; *Aliihalospirulina*: A genus related to but distinct from the existing genus Halospirulina of other.

Aliihalostagnicola

L. masc. adjective *alius*, other; L. fem. n. *Halostagnicola*, An existing genus; *Aliihalostagnicola*: A genus related to but distinct from the existing genus Halostagnicola of other.

Aliihalotalea

L. masc. adjective *alius*, other; L. fem. n. *Halotalea*, An existing genus; *Aliihalotalea*: A genus related to but distinct from the existing genus Halotalea of other.

Aliihaloterrigena

L. masc. adjective *alius*, other; L. fem. n. *Haloterrigena*, An existing genus; *Aliihaloterrigena*: A genus related to but distinct from the existing genus Haloterrigena of other.

Aliihalothermothrix

L. masc. adjective *alius*, other; L. fem. n. *Halothermothrix*, An existing genus; *Aliihalothermothrix*: A genus related to but distinct from the existing genus Halothermothrix of other.

Aliihalothiobacillus

L. masc. adjective *alius*, other; L. masc. n. *Halothiobacillus*, An existing genus; *Aliihalothiobacillus*: A genus related to but distinct from the existing genus Halothiobacillus of other.

Aliihalotia

L. masc. adjective *alius*, other; L. fem. n. *Halotia*, An existing genus; *Aliihalotia*: A genus related to but distinct from the existing genus Halotia of other.

Aliihalovarius

L. masc. adjective *alius*, other; L. masc. n. *Halovarius*, An existing genus; *Aliihalovarius*: A genus related to but distinct from the existing genus Halovarius of other.

Aliihalovenus

L. masc. adjective *alius*, other; L. fem. n. *Halovenus*, An existing genus; *Aliihalovenus*: A genus related to but distinct from the existing genus Halovenus of other.

Aliihalovibrio

L. masc. adjective *alius*, other; L. masc. n. *Halovibrio*, An existing genus; *Aliihalovibrio*: A genus related to but distinct from the existing genus Halovibrio of other.

Aliihalovivax

L. masc. adjective *alius*, other; L. masc. n. *Halovivax*, An existing genus; *Aliihalovivax*: A genus related to but distinct from the existing genus Halovivax of other.

Aliihalovulum

L. masc. adjective *alius*, other; L. neut. n. *Halovulum*, An existing genus; *Aliihalovulum*: A genus related to but distinct from the existing genus Halovulum of other.

Aliihalpernia

L. masc. adjective *alius*, other; L. fem. n. *Halpernia*, An existing genus; *Aliihalpernia*: A genus related to but distinct from the existing genus Halpernia of other.

Aliihamadaea

L. masc. adjective *alius*, other; L. fem. n. *Hamadaea*, An existing genus; *Aliihamadaea*: A genus related to but distinct from the existing genus Hamadaea of other.

Aliihankyongella

L. masc. adjective *alius*, other; L. fem. dim. n. *Hankyongella*, An existing genus; *Aliihankyongella*: A genus related to but distinct from the existing genus Hankyongella of other.

Aliihansschlegelia

L. masc. adjective *alius*, other; L. fem. n. *Hansschlegelia*, An existing genus; *Aliihansschlegelia*: A genus related to but distinct from the existing genus Hansschlegelia of other.

Aliihanstruepera

L. masc. adjective *alius*, other; L. fem. n. *Hanstruepera*, An existing genus; *Aliihanstruepera*: A genus related to but distinct from the existing genus Hanstruepera of other.

Aliihaoranjiania

L. masc. adjective *alius*, other; L. fem. n. *Haoranjiania*, An existing genus; *Aliihaoranjiania*: A genus related to but distinct from the existing genus Haoranjiania of other.

Aliihaploangium

L. masc. adjective *alius*, other; L. neut. n. *Haploangium*, An existing genus; *Aliihaploangium*: A genus related to but distinct from the existing genus Haploangium of other.

Aliiharryflintia

L. masc. adjective *alius*, other; L. fem. n. *Harryflintia*, An existing genus; *Aliiharryflintia*: A genus related to but distinct from the existing genus Harryflintia of other.

Aliihartmannibacter

L. masc. adjective *alius*, other; L. masc. n. *Hartmannibacter*, An existing genus; *Aliihartmannibacter*: A genus related to but distinct from the existing genus Hartmannibacter of other.

Aliihasllibacter

L. masc. adjective *alius*, other; L. masc. n. *Hasllibacter*, An existing genus; *Aliihasllibacter*: A genus related to but distinct from the existing genus Hasllibacter of other.

Aliihathewaya

L. masc. adjective *alius*, other; L. fem. n. *Hathewaya*, An existing genus; *Aliihathewaya*: A genus related to but distinct from the existing genus Hathewaya of other.

Aliihazenella

L. masc. adjective *alius*, other; L. fem. dim. n. *Hazenella*, An existing genus; *Aliihazenella*: A genus related to but distinct from the existing genus Hazenella of other.

Aliihelcococcus

L. masc. adjective *alius*, other; L. masc. n. *Helcococcus*, An existing genus; *Aliihelcococcus*: A genus related to but distinct from the existing genus Helcococcus of other.

Aliihelicobacter

L. masc. adjective *alius*, other; L. masc. n. *Helicobacter*, An existing genus; *Aliihelicobacter*: A genus related to but distinct from the existing genus Helicobacter of other.

Aliiheliimonas

L. masc. adjective *alius*, other; L. fem. n. *Heliimonas*, An existing genus; *Aliiheliimonas*: A genus related to but distinct from the existing genus Heliimonas of other.

Aliiheliobacterium

L. masc. adjective *alius*, other; L. neut. n. *Heliobacterium*, An existing genus; *Aliiheliobacterium*: A genus related to but distinct from the existing genus Heliobacterium of other.

Aliiheliophilum

L. masc. adjective *alius*, other; L. neut. n. *Heliophilum*, An existing genus; *Aliiheliophilum*: A genus related to but distinct from the existing genus Heliophilum of other.

Aliiheliorestis

L. masc. adjective *alius*, other; L. fem. n. *Heliorestis*, An existing genus; *Aliiheliorestis*: A genus related to but distinct from the existing genus Heliorestis of other.

Aliihellea

L. masc. adjective *alius*, other; L. fem. n. *Hellea*, An existing genus; *Aliihellea*: A genus related to but distinct from the existing genus Hellea of other.

Aliihenriciella

L. masc. adjective *alius*, other; L. fem. dim. n. *Henriciella*, An existing genus; *Aliihenriciella*: A genus related to but distinct from the existing genus Henriciella of other.

Aliiherbaspirillum

L. masc. adjective *alius*, other; L. neut. dim. n. *Herbaspirillum*, An existing genus; *Aliiherbaspirillum*: A genus related to but distinct from the existing genus Herbaspirillum of other.

Aliiherbiconiux

L. masc. adjective *alius*, other; L. fem. n. *Herbiconiux*, An existing genus; *Aliiherbiconiux*: A genus related to but distinct from the existing genus Herbiconiux of other.

Aliiherbidospora

L. masc. adjective *alius*, other; L. fem. n. *Herbidospora*, An existing genus; *Aliiherbidospora*: A genus related to but distinct from the existing genus Herbidospora of other.

Aliiherbihabitans

L. masc. adjective *alius*, other; L. masc. n. *Herbihabitans*, An existing genus; *Aliiherbihabitans*: A genus related to but distinct from the existing genus Herbihabitans of other.

Aliiherbinix

L. masc. adjective *alius*, other; L. fem. n. *Herbinix*, An existing genus; *Aliiherbinix*: A genus related to but distinct from the existing genus Herbinix of other.

Aliiherbivorax

L. masc. adjective *alius*, other; L. fem. n. *Herbivorax*, An existing genus; *Aliiherbivorax*: A genus related to but distinct from the existing genus Herbivorax of other.

Aliiherminiimonas

L. masc. adjective *alius*, other; L. fem. n. *Herminiimonas*, An existing genus; *Aliiherminiimonas*: A genus related to but distinct from the existing genus Herminiimonas of other.

Aliiherpetosiphon

L. masc. adjective *alius*, other; L. masc. n. *Herpetosiphon*, An existing genus; *Aliiherpetosiphon*: A genus related to but distinct from the existing genus Herpetosiphon of other.

Aliihespellia

L. masc. adjective *alius*, other; L. fem. n. *Hespellia*, An existing genus; *Aliihespellia*: A genus related to but distinct from the existing genus Hespellia of other.

Aliiheteroscytonema

L. masc. adjective *alius*, other; L. neut. n. *Heteroscytonema*, An existing genus; *Aliiheteroscytonema*: A genus related to but distinct from the existing genus Heteroscytonema of other.

Aliihippea

L. masc. adjective *alius*, other; L. fem. n. *Hippea*, An existing genus; *Aliihippea*: A genus related to but distinct from the existing genus Hippea of other.

Aliihirschia

L. masc. adjective *alius*, other; L. fem. n. *Hirschia*, An existing genus; *Aliihirschia*: A genus related to but distinct from the existing genus Hirschia of other.

Aliihistidinibacterium

L. masc. adjective *alius*, other; L. neut. n. *Histidinibacterium*, An existing genus; *Aliihistidinibacterium*: A genus related to but distinct from the existing genus Histidinibacterium of other.

Aliihistophilus

L. masc. adjective *alius*, other; L. masc. n. *Histophilus*, An existing genus; *Aliihistophilus*: A genus related to but distinct from the existing genus Histophilus of other.

Aliiholdemanella

L. masc. adjective *alius*, other; L. fem. dim. n. *Holdemanella*, An existing genus; *Aliiholdemanella*: A genus related to but distinct from the existing genus Holdemanella of other.

Aliiholdemania

L. masc. adjective *alius*, other; L. fem. n. *Holdemania*, An existing genus; *Aliiholdemania*: A genus related to but distinct from the existing genus Holdemania of other.

Aliihollandina

L. masc. adjective *alius*, other; L. fem. n. *Hollandina*, An existing genus; *Aliihollandina*: A genus related to but distinct from the existing genus Hollandina of other.

Aliiholophaga

L. masc. adjective *alius*, other; L. fem. n. *Holophaga*, An existing genus; *Aliiholophaga*: A genus related to but distinct from the existing genus Holophaga of other.

Aliiholospora

L. masc. adjective *alius*, other; L. fem. n. *Holospora*, An existing genus; *Aliiholospora*: A genus related to but distinct from the existing genus Holospora of other.

Aliiholzapfelia

L. masc. adjective *alius*, other; L. fem. n. *Holzapfelia*, An existing genus; *Aliiholzapfelia*: A genus related to but distinct from the existing genus Holzapfelia of other.

Aliihomoserinibacter

L. masc. adjective *alius*, other; L. masc. n. *Homoserinibacter*, An existing genus; *Aliihomoserinibacter*: A genus related to but distinct from the existing genus Homoserinibacter of other.

Aliihomoserinimonas

L. masc. adjective *alius*, other; L. fem. n. *Homoserinimonas*, An existing genus; *Aliihomoserinimonas*: A genus related to but distinct from the existing genus Homoserinimonas of other.

Aliihongia

L. masc. adjective *alius*, other; L. fem. n. *Hongia*, An existing genus; *Aliihongia*: A genus related to but distinct from the existing genus Hongia of other.

Aliihongiella

L. masc. adjective *alius*, other; L. fem. dim. n. *Hongiella*, An existing genus; *Aliihongiella*: A genus related to but distinct from the existing genus Hongiella of other.

Aliihoppeia

L. masc. adjective *alius*, other; L. fem. n. *Hoppeia*, An existing genus; *Aliihoppeia*: A genus related to but distinct from the existing genus Hoppeia of other.

Aliihormathonema

L. masc. adjective *alius*, other; L. neut. n. *Hormathonema*, An existing genus; *Aliihormathonema*: A genus related to but distinct from the existing genus Hormathonema of other.

Aliihormoscilla

L. masc. adjective *alius*, other; L. fem. n. *Hormoscilla*, An existing genus; *Aliihormoscilla*: A genus related to but distinct from the existing genus Hormoscilla of other.

Aliihowardella

L. masc. adjective *alius*, other; L. fem. dim. n. *Howardella*, An existing genus; *Aliihowardella*: A genus related to but distinct from the existing genus Howardella of other.

Aliihoyosella

L. masc. adjective *alius*, other; L. fem. dim. n. *Hoyosella*, An existing genus; *Aliihoyosella*: A genus related to but distinct from the existing genus Hoyosella of other.

Aliihuaishuia

L. masc. adjective *alius*, other; L. fem. n. *Huaishuia*, An existing genus; *Aliihuaishuia*: A genus related to but distinct from the existing genus Huaishuia of other.

Aliihuakuichenia

L. masc. adjective *alius*, other; L. fem. n. *Huakuichenia*, An existing genus; *Aliihuakuichenia*: A genus related to but distinct from the existing genus Huakuichenia of other.

Aliihuanghella

L. masc. adjective *alius*, other; L. fem. dim. n. *Huanghella*, An existing genus; *Aliihuanghella*: A genus related to but distinct from the existing genus Huanghella of other.

Aliihugenholtzia

L. masc. adjective *alius*, other; L. fem. n. *Hugenholtzia*, An existing genus; *Aliihugenholtzia*: A genus related to but distinct from the existing genus Hugenholtzia of other.

Aliihugonella

L. masc. adjective *alius*, other; L. fem. dim. n. *Hugonella*, An existing genus; *Aliihugonella*: A genus related to but distinct from the existing genus Hugonella of other.

Aliihumibacillus

L. masc. adjective *alius*, other; L. masc. n. *Humibacillus*, An existing genus; *Aliihumibacillus*: A genus related to but distinct from the existing genus Humibacillus of other.

Aliihumibacter

L. masc. adjective *alius*, other; L. masc. n. *Humibacter*, An existing genus; *Aliihumibacter*: A genus related to but distinct from the existing genus Humibacter of other.

Aliihumicoccus

L. masc. adjective *alius*, other; L. masc. n. *Humicoccus*, An existing genus; *Aliihumicoccus*: A genus related to but distinct from the existing genus Humicoccus of other.

Aliihungateiclostridium

L. masc. adjective *alius*, other; L. neut. dim. n. *Hungateiclostridium*, An existing genus; *Aliihungateiclostridium*: A genus related to but distinct from the existing genus Hungateiclostridium of other.

Aliihungatella

L. masc. adjective *alius*, other; L. fem. dim. n. *Hungatella*, An existing genus; *Aliihungatella*: A genus related to but distinct from the existing genus Hungatella of other.

Aliihwangdonia

L. masc. adjective *alius*, other; L. fem. n. *Hwangdonia*, An existing genus; *Aliihwangdonia*: A genus related to but distinct from the existing genus Hwangdonia of other.

Aliihwanghaeella

L. masc. adjective *alius*, other; L. fem. dim. n. *Hwanghaeella*, An existing genus; *Aliihwanghaeella*: A genus related to but distinct from the existing genus Hwanghaeella of other.

Aliihwanghaeicola

L. masc. adjective *alius*, other; L. masc. n. *Hwanghaeicola*, An existing genus; *Aliihwanghaeicola*: A genus related to but distinct from the existing genus Hwanghaeicola of other.

Aliihyalangium

L. masc. adjective *alius*, other; L. neut. n. *Hyalangium*, An existing genus; *Aliihyalangium*: A genus related to but distinct from the existing genus Hyalangium of other.

Aliihydrobacter

L. masc. adjective *alius*, other; L. masc. n. *Hydrobacter*, An existing genus; *Aliihydrobacter*: A genus related to but distinct from the existing genus Hydrobacter of other.

Aliihydrocarboniclastica

L. masc. adjective *alius*, other; L. fem. n. *Hydrocarboniclastica*, An existing genus; *Aliihydrocarboniclastica*: A genus related to but distinct from the existing genus Hydrocarboniclastica of other.

Aliihydrocarboniphaga

L. masc. adjective *alius*, other; L. fem. n. *Hydrocarboniphaga*, An existing genus; *Aliihydrocarboniphaga*: A genus related to but distinct from the existing genus Hydrocarboniphaga of other.

Aliihydrogenibacillus

L. masc. adjective *alius*, other; L. masc. n. *Hydrogenibacillus*, An existing genus; *Aliihydrogenibacillus*: A genus related to but distinct from the existing genus Hydrogenibacillus of other.

Aliihydrogeniiclostridium

L. masc. adjective *alius*, other; L. neut. dim. n. *Hydrogeniiclostridium*, An existing genus; *Aliihydrogeniiclostridium*: A genus related to but distinct from the existing genus Hydrogeniiclostridium of other.

Aliihydrogenimonas

L. masc. adjective *alius*, other; L. fem. n. *Hydrogenimonas*, An existing genus; *Aliihydrogenimonas*: A genus related to but distinct from the existing genus Hydrogenimonas of other.

Aliihydrogenispora

L. masc. adjective *alius*, other; L. fem. n. *Hydrogenispora*, An existing genus; *Aliihydrogenispora*: A genus related to but distinct from the existing genus Hydrogenispora of other.

Aliihydrogenivirga

L. masc. adjective *alius*, other; L. fem. n. *Hydrogenivirga*, An existing genus; *Aliihydrogenivirga*: A genus related to but distinct from the existing genus Hydrogenivirga of other.

Aliihydrogenoanaerobacterium

L. masc. adjective *alius*, other; L. neut. n. *Hydrogenoanaerobacterium*, An existing genus; *Aliihydrogenoanaerobacterium*: A genus related to but distinct from the existing genus Hydrogenoanaerobacterium of other.

Aliihydrogenobacter

L. masc. adjective *alius*, other; L. masc. n. *Hydrogenobacter*, An existing genus; *Aliihydrogenobacter*: A genus related to but distinct from the existing genus Hydrogenobacter of other.

Aliihydrogenophaga

L. masc. adjective *alius*, other; L. fem. n. *Hydrogenophaga*, An existing genus; *Aliihydrogenophaga*: A genus related to but distinct from the existing genus Hydrogenophaga of other.

Aliihydrogenophilus

L. masc. adjective *alius*, other; L. masc. n. *Hydrogenophilus*, An existing genus; *Aliihydrogenophilus*: A genus related to but distinct from the existing genus Hydrogenophilus of other.

Aliihydrogenovibrio

L. masc. adjective *alius*, other; L. masc. n. *Hydrogenovibrio*, An existing genus; *Aliihydrogenovibrio*: A genus related to but distinct from the existing genus Hydrogenovibrio of other.

Aliihydromonas

L. masc. adjective *alius*, other; L. fem. n. *Hydromonas*, An existing genus; *Aliihydromonas*: A genus related to but distinct from the existing genus Hydromonas of other.

Aliihydrotalea

L. masc. adjective *alius*, other; L. fem. n. *Hydrotalea*, An existing genus; *Aliihydrotalea*: A genus related to but distinct from the existing genus Hydrotalea of other.

Aliihylemonella

L. masc. adjective *alius*, other; L. fem. dim. n. *Hylemonella*, An existing genus; *Aliihylemonella*: A genus related to but distinct from the existing genus Hylemonella of other.

Aliihymenobacter

L. masc. adjective *alius*, other; L. masc. n. *Hymenobacter*, An existing genus; *Aliihymenobacter*: A genus related to but distinct from the existing genus Hymenobacter of other.

Aliihypericibacter

L. masc. adjective *alius*, other; L. masc. n. *Hypericibacter*, An existing genus; *Aliihypericibacter*: A genus related to but distinct from the existing genus Hypericibacter of other.

Aliihyperthermus

L. masc. adjective *alius*, other; L. masc. n. *Hyperthermus*, An existing genus; *Aliihyperthermus*: A genus related to but distinct from the existing genus Hyperthermus of other.

Aliihyphobacterium

L. masc. adjective *alius*, other; L. neut. n. *Hyphobacterium*, An existing genus; *Aliihyphobacterium*: A genus related to but distinct from the existing genus Hyphobacterium of other.

Aliihyphococcus

L. masc. adjective *alius*, other; L. masc. n. *Hyphococcus*, An existing genus; *Aliihyphococcus*: A genus related to but distinct from the existing genus Hyphococcus of other.

Aliihyphomicrobium

L. masc. adjective *alius*, other; L. neut. n. *Hyphomicrobium*, An existing genus; *Aliihyphomicrobium*: A genus related to but distinct from the existing genus Hyphomicrobium of other.

Aliihyphomonas

L. masc. adjective *alius*, other; L. fem. n. *Hyphomonas*, An existing genus; *Aliihyphomonas*: A genus related to but distinct from the existing genus Hyphomonas of other.

Aliihypnocyclicus

L. masc. adjective *alius*, other; L. masc. n. *Hypnocyclicus*, An existing genus; *Aliihypnocyclicus*: A genus related to but distinct from the existing genus Hypnocyclicus of other.

Aliihyunsoonleella

L. masc. adjective *alius*, other; L. fem. dim. n. *Hyunsoonleella*, An existing genus; *Aliihyunsoonleella*: A genus related to but distinct from the existing genus Hyunsoonleella of other.

Aliiiamia

L. masc. adjective *alius*, other; L. fem. n. *Iamia*, An existing genus; *Aliiiamia*: A genus related to but distinct from the existing genus Iamia of other.

Aliiichthyobacterium

L. masc. adjective *alius*, other; L. neut. n. *Ichthyobacterium*, An existing genus; *Aliiichthyobacterium*: A genus related to but distinct from the existing genus Ichthyobacterium of other.

Aliiideonella

L. masc. adjective *alius*, other; L. fem. dim. n. *Ideonella*, An existing genus; *Aliiideonella*: A genus related to but distinct from the existing genus Ideonella of other.

Aliiidiomarina

L. masc. adjective *alius*, other; L. fem. n. *Idiomarina*, An existing genus; *Aliiidiomarina*: A genus related to but distinct from the existing genus Idiomarina of other.

Aliiignatzschineria

L. masc. adjective *alius*, other; L. fem. n. *Ignatzschineria*, An existing genus; *Aliiignatzschineria*: A genus related to but distinct from the existing genus Ignatzschineria of other.

Aliiignavigranum

L. masc. adjective *alius*, other; L. neut. n. *Ignavigranum*, An existing genus; *Aliiignavigranum*: A genus related to but distinct from the existing genus Ignavigranum of other.

Aliiignicoccus

L. masc. adjective *alius*, other; L. masc. n. *Ignicoccus*, An existing genus; *Aliiignicoccus*: A genus related to but distinct from the existing genus Ignicoccus of other.

Aliiignisphaera

L. masc. adjective *alius*, other; L. fem. n. *Ignisphaera*, An existing genus; *Aliiignisphaera*: A genus related to but distinct from the existing genus Ignisphaera of other.

Aliiileibacterium

L. masc. adjective *alius*, other; L. neut. n. *Ileibacterium*, An existing genus; *Aliiileibacterium*: A genus related to but distinct from the existing genus Ileibacterium of other.

Aliiilumatobacter

L. masc. adjective *alius*, other; L. masc. n. *Ilumatobacter*, An existing genus; *Aliiilumatobacter*: A genus related to but distinct from the existing genus Ilumatobacter of other.

Aliiimhoffiella

L. masc. adjective *alius*, other; L. fem. dim. n. *Imhoffiella*, An existing genus; *Aliiimhoffiella*: A genus related to but distinct from the existing genus Imhoffiella of other.

Aliiimmundisolibacter

L. masc. adjective *alius*, other; L. masc. n. *Immundisolibacter*, An existing genus; *Aliiimmundisolibacter*: A genus related to but distinct from the existing genus Immundisolibacter of other.

Aliiimperialibacter

L. masc. adjective *alius*, other; L. masc. n. *Imperialibacter*, An existing genus; *Aliiimperialibacter*: A genus related to but distinct from the existing genus Imperialibacter of other.

Aliiimtechella

L. masc. adjective *alius*, other; L. fem. dim. n. *Imtechella*, An existing genus; *Aliiimtechella*: A genus related to but distinct from the existing genus Imtechella of other.

Aliiindibacter

L. masc. adjective *alius*, other; L. masc. n. *Indibacter*, An existing genus; *Aliiindibacter*: A genus related to but distinct from the existing genus Indibacter of other.

Aliiindiicoccus

L. masc. adjective *alius*, other; L. masc. n. *Indiicoccus*, An existing genus; *Aliiindiicoccus*: A genus related to but distinct from the existing genus Indiicoccus of other.

Aliiindioceanicola

L. masc. adjective *alius*, other; L. masc. n. *Indioceanicola*, An existing genus; *Aliiindioceanicola*: A genus related to but distinct from the existing genus Indioceanicola of other.

Aliiinediibacterium

L. masc. adjective *alius*, other; L. neut. n. *Inediibacterium*, An existing genus; *Aliiinediibacterium*: A genus related to but distinct from the existing genus Inediibacterium of other.

Aliiinhella

L. masc. adjective *alius*, other; L. fem. dim. n. *Inhella*, An existing genus; *Aliiinhella*: A genus related to but distinct from the existing genus Inhella of other.

Aliiiningainema

L. masc. adjective *alius*, other; L. neut. n. *Iningainema*, An existing genus; *Aliiiningainema*: A genus related to but distinct from the existing genus Iningainema of other.

Aliiinmirania

L. masc. adjective *alius*, other; L. fem. n. *Inmirania*, An existing genus; *Aliiinmirania*: A genus related to but distinct from the existing genus Inmirania of other.

Aliiinnacoccus

L. masc. adjective *alius*, other; L. masc. n. *Innacoccus*, An existing genus; *Aliiinnacoccus*: A genus related to but distinct from the existing genus Innacoccus of other.

Aliiinsolitispirillum

L. masc. adjective *alius*, other; L. neut. dim. n. *Insolitispirillum*, An existing genus; *Aliiinsolitispirillum*: A genus related to but distinct from the existing genus Insolitispirillum of other.

Aliiintestinibacter

L. masc. adjective *alius*, other; L. masc. n. *Intestinibacter*, An existing genus; *Aliiintestinibacter*: A genus related to but distinct from the existing genus Intestinibacter of other.

Aliiintestinibaculum

L. masc. adjective *alius*, other; L. neut. n. *Intestinibaculum*, An existing genus; *Aliiintestinibaculum*: A genus related to but distinct from the existing genus Intestinibaculum of other.

Aliiintestinimonas

L. masc. adjective *alius*, other; L. fem. n. *Intestinimonas*, An existing genus; *Aliiintestinimonas*: A genus related to but distinct from the existing genus Intestinimonas of other.

Aliiintestinirhabdus

L. masc. adjective *alius*, other; L. fem. n. *Intestinirhabdus*, An existing genus; *Aliiintestinirhabdus*: A genus related to but distinct from the existing genus Intestinirhabdus of other.

Aliiintrasporangium

L. masc. adjective *alius*, other; L. neut. n. *Intrasporangium*, An existing genus; *Aliiintrasporangium*: A genus related to but distinct from the existing genus Intrasporangium of other.

Aliiiodidimonas

L. masc. adjective *alius*, other; L. fem. n. *Iodidimonas*, An existing genus; *Aliiiodidimonas*: A genus related to but distinct from the existing genus Iodidimonas of other.

Aliiiodobacter

L. masc. adjective *alius*, other; L. masc. n. *Iodobacter*, An existing genus; *Aliiiodobacter*: A genus related to but distinct from the existing genus Iodobacter of other.

Aliiirregularibacter

L. masc. adjective *alius*, other; L. masc. n. *Irregularibacter*, An existing genus; *Aliiirregularibacter*: A genus related to but distinct from the existing genus Irregularibacter of other.

Aliiisachenkonia

L. masc. adjective *alius*, other; L. fem. n. *Isachenkonia*, An existing genus; *Aliiisachenkonia*: A genus related to but distinct from the existing genus Isachenkonia of other.

Aliiisobaculum

L. masc. adjective *alius*, other; L. neut. n. *Isobaculum*, An existing genus; *Aliiisobaculum*: A genus related to but distinct from the existing genus Isobaculum of other.

Aliiisochromatium

L. masc. adjective *alius*, other; L. neut. n. *Isochromatium*, An existing genus; *Aliiisochromatium*: A genus related to but distinct from the existing genus Isochromatium of other.

Aliiisoptericola

L. masc. adjective *alius*, other; L. masc. n. *Isoptericola*, An existing genus; *Aliiisoptericola*: A genus related to but distinct from the existing genus Isoptericola of other.

Aliiisosphaera

L. masc. adjective *alius*, other; L. fem. n. *Isosphaera*, An existing genus; *Aliiisosphaera*: A genus related to but distinct from the existing genus Isosphaera of other.

Aliiizhakiella

L. masc. adjective *alius*, other; L. fem. dim. n. *Izhakiella*, An existing genus; *Aliiizhakiella*: A genus related to but distinct from the existing genus Izhakiella of other.

Aliijacksonvillea

L. masc. adjective *alius*, other; L. fem. n. *Jacksonvillea*, An existing genus; *Aliijacksonvillea*: A genus related to but distinct from the existing genus Jacksonvillea of other.

Aliijahnella

L. masc. adjective *alius*, other; L. fem. dim. n. *Jahnella*, An existing genus; *Aliijahnella*: A genus related to but distinct from the existing genus Jahnella of other.

Aliijanibacter

L. masc. adjective *alius*, other; L. masc. n. *Janibacter*, An existing genus; *Aliijanibacter*: A genus related to but distinct from the existing genus Janibacter of other.

Aliijanthinobacterium

L. masc. adjective *alius*, other; L. neut. n. *Janthinobacterium*, An existing genus; *Aliijanthinobacterium*: A genus related to but distinct from the existing genus Janthinobacterium of other.

Aliijatrophihabitans

L. masc. adjective *alius*, other; L. masc. n. *Jatrophihabitans*, An existing genus; *Aliijatrophihabitans*: A genus related to but distinct from the existing genus Jatrophihabitans of other.

Aliijejubacter

L. masc. adjective *alius*, other; L. masc. n. *Jejubacter*, An existing genus; *Aliijejubacter*: A genus related to but distinct from the existing genus Jejubacter of other.

Aliijejudonia

L. masc. adjective *alius*, other; L. fem. n. *Jejudonia*, An existing genus; *Aliijejudonia*: A genus related to but distinct from the existing genus Jejudonia of other.

Aliijejuia

L. masc. adjective *alius*, other; L. fem. n. *Jejuia*, An existing genus; *Aliijejuia*: A genus related to but distinct from the existing genus Jejuia of other.

Aliijeongeupia

L. masc. adjective *alius*, other; L. fem. n. *Jeongeupia*, An existing genus; *Aliijeongeupia*: A genus related to but distinct from the existing genus Jeongeupia of other.

Aliijeotgalibaca

L. masc. adjective *alius*, other; L. fem. n. *Jeotgalibaca*, An existing genus; *Aliijeotgalibaca*: A genus related to but distinct from the existing genus Jeotgalibaca of other.

Aliijeotgalibacillus

L. masc. adjective *alius*, other; L. masc. n. *Jeotgalibacillus*, An existing genus; *Aliijeotgalibacillus*: A genus related to but distinct from the existing genus Jeotgalibacillus of other.

Aliijeotgalicoccus

L. masc. adjective *alius*, other; L. masc. n. *Jeotgalicoccus*, An existing genus; *Aliijeotgalicoccus*: A genus related to but distinct from the existing genus Jeotgalicoccus of other.

Aliijhaorihella

L. masc. adjective *alius*, other; L. fem. dim. n. *Jhaorihella*, An existing genus; *Aliijhaorihella*: A genus related to but distinct from the existing genus Jhaorihella of other.

Aliijiangella

L. masc. adjective *alius*, other; L. fem. dim. n. *Jiangella*, An existing genus; *Aliijiangella*: A genus related to but distinct from the existing genus Jiangella of other.

Aliijiella

L. masc. adjective *alius*, other; L. fem. dim. n. *Jiella*, An existing genus; *Aliijiella*: A genus related to but distinct from the existing genus Jiella of other.

Aliijilinibacillus

L. masc. adjective *alius*, other; L. masc. n. *Jilinibacillus*, An existing genus; *Aliijilinibacillus*: A genus related to but distinct from the existing genus Jilinibacillus of other.

Aliijindonia

L. masc. adjective *alius*, other; L. fem. n. *Jindonia*, An existing genus; *Aliijindonia*: A genus related to but distinct from the existing genus Jindonia of other.

Aliijishengella

L. masc. adjective *alius*, other; L. fem. dim. n. *Jishengella*, An existing genus; *Aliijishengella*: A genus related to but distinct from the existing genus Jishengella of other.

Aliijiulongibacter

L. masc. adjective *alius*, other; L. masc. n. *Jiulongibacter*, An existing genus; *Aliijiulongibacter*: A genus related to but distinct from the existing genus Jiulongibacter of other.

Aliijohnsonella

L. masc. adjective *alius*, other; L. fem. dim. n. *Johnsonella*, An existing genus; *Aliijohnsonella*: A genus related to but distinct from the existing genus Johnsonella of other.

Aliijonesia

L. masc. adjective *alius*, other; L. fem. n. *Jonesia*, An existing genus; *Aliijonesia*: A genus related to but distinct from the existing genus Jonesia of other.

Aliijongsikchunia

L. masc. adjective *alius*, other; L. fem. n. *Jongsikchunia*, An existing genus; *Aliijongsikchunia*: A genus related to but distinct from the existing genus Jongsikchunia of other.

Aliijonquetella

L. masc. adjective *alius*, other; L. fem. dim. n. *Jonquetella*, An existing genus; *Aliijonquetella*: A genus related to but distinct from the existing genus Jonquetella of other.

Aliijoostella

L. masc. adjective *alius*, other; L. fem. dim. n. *Joostella*, An existing genus; *Aliijoostella*: A genus related to but distinct from the existing genus Joostella of other.

Aliikaiparowitsia

L. masc. adjective *alius*, other; L. fem. n. *Kaiparowitsia*, An existing genus; *Aliikaiparowitsia*: A genus related to but distinct from the existing genus Kaiparowitsia of other.

Aliikaistella

L. masc. adjective *alius*, other; L. fem. dim. n. *Kaistella*, An existing genus; *Aliikaistella*: A genus related to but distinct from the existing genus Kaistella of other.

Aliikaistia

L. masc. adjective *alius*, other; L. fem. n. *Kaistia*, An existing genus; *Aliikaistia*: A genus related to but distinct from the existing genus Kaistia of other.

Aliikalamiella

L. masc. adjective *alius*, other; L. fem. dim. n. *Kalamiella*, An existing genus; *Aliikalamiella*: A genus related to but distinct from the existing genus Kalamiella of other.

Aliikallipyga

L. masc. adjective *alius*, other; L. fem. n. *Kallipyga*, An existing genus; *Aliikallipyga*: A genus related to but distinct from the existing genus Kallipyga of other.

Aliikallotenue

L. masc. adjective *alius*, other; L. neut. n. *Kallotenue*, An existing genus; *Aliikallotenue*: A genus related to but distinct from the existing genus Kallotenue of other.

Aliikandeliimicrobium

L. masc. adjective *alius*, other; L. neut. n. *Kandeliimicrobium*, An existing genus; *Aliikandeliimicrobium*: A genus related to but distinct from the existing genus Kandeliimicrobium of other.

Aliikandleria

L. masc. adjective *alius*, other; L. fem. n. *Kandleria*, An existing genus; *Aliikandleria*: A genus related to but distinct from the existing genus Kandleria of other.

Aliikangiella

L. masc. adjective *alius*, other; L. fem. dim. n. *Kangiella*, An existing genus; *Aliikangiella*: A genus related to but distinct from the existing genus Kangiella of other.

Aliikastovskya

L. masc. adjective *alius*, other; L. fem. n. *Kastovskya*, An existing genus; *Aliikastovskya*: A genus related to but distinct from the existing genus Kastovskya of other.

Aliikeratinibaculum

L. masc. adjective *alius*, other; L. neut. n. *Keratinibaculum*, An existing genus; *Aliikeratinibaculum*: A genus related to but distinct from the existing genus Keratinibaculum of other.

Aliikerstersia

L. masc. adjective *alius*, other; L. fem. n. *Kerstersia*, An existing genus; *Aliikerstersia*: A genus related to but distinct from the existing genus Kerstersia of other.

Aliiketobacter

L. masc. adjective *alius*, other; L. masc. n. *Ketobacter*, An existing genus; *Aliiketobacter*: A genus related to but distinct from the existing genus Ketobacter of other.

Aliiketogulonicigenium

L. masc. adjective *alius*, other; L. neut. n. *Ketogulonicigenium*, An existing genus; *Aliiketogulonicigenium*: A genus related to but distinct from the existing genus Ketogulonicigenium of other.

Aliikibdelosporangium

L. masc. adjective *alius*, other; L. neut. n. *Kibdelosporangium*, An existing genus; *Aliikibdelosporangium*: A genus related to but distinct from the existing genus Kibdelosporangium of other.

Aliikiloniella

L. masc. adjective *alius*, other; L. fem. dim. n. *Kiloniella*, An existing genus; *Aliikiloniella*: A genus related to but distinct from the existing genus Kiloniella of other.

Aliikineobactrum

L. masc. adjective *alius*, other; L. neut. n. *Kineobactrum*, An existing genus; *Aliikineobactrum*: A genus related to but distinct from the existing genus Kineobactrum of other.

Aliikineococcus

L. masc. adjective *alius*, other; L. masc. n. *Kineococcus*, An existing genus; *Aliikineococcus*: A genus related to but distinct from the existing genus Kineococcus of other.

Aliikineosphaera

L. masc. adjective *alius*, other; L. fem. n. *Kineosphaera*, An existing genus; *Aliikineosphaera*: A genus related to but distinct from the existing genus Kineosphaera of other.

Aliikineosporia

L. masc. adjective *alius*, other; L. fem. n. *Kineosporia*, An existing genus; *Aliikineosporia*: A genus related to but distinct from the existing genus Kineosporia of other.

Aliikineothrix

L. masc. adjective *alius*, other; L. fem. n. *Kineothrix*, An existing genus; *Aliikineothrix*: A genus related to but distinct from the existing genus Kineothrix of other.

Aliikingella

L. masc. adjective *alius*, other; L. fem. dim. n. *Kingella*, An existing genus; *Aliikingella*: A genus related to but distinct from the existing genus Kingella of other.

Aliikinneretia

L. masc. adjective *alius*, other; L. fem. n. *Kinneretia*, An existing genus; *Aliikinneretia*: A genus related to but distinct from the existing genus Kinneretia of other.

Aliikiritimatiella

L. masc. adjective *alius*, other; L. fem. dim. n. *Kiritimatiella*, An existing genus; *Aliikiritimatiella*: A genus related to but distinct from the existing genus Kiritimatiella of other.

Aliikistimonas

L. masc. adjective *alius*, other; L. fem. n. *Kistimonas*, An existing genus; *Aliikistimonas*: A genus related to but distinct from the existing genus Kistimonas of other.

Aliikitasatoa

L. masc. adjective *alius*, other; L. fem. n. *Kitasatoa*, An existing genus; *Aliikitasatoa*: A genus related to but distinct from the existing genus Kitasatoa of other.

Aliikitasatospora

L. masc. adjective *alius*, other; L. fem. n. *Kitasatospora*, An existing genus; *Aliikitasatospora*: A genus related to but distinct from the existing genus Kitasatospora of other.

Aliiklebsiella

L. masc. adjective *alius*, other; L. fem. dim. n. *Klebsiella*, An existing genus; *Aliiklebsiella*: A genus related to but distinct from the existing genus Klebsiella of other.

Aliiklenkia

L. masc. adjective *alius*, other; L. fem. n. *Klenkia*, An existing genus; *Aliiklenkia*: A genus related to but distinct from the existing genus Klenkia of other.

Aliiklisinema

L. masc. adjective *alius*, other; L. neut. n. *Klisinema*, An existing genus; *Aliiklisinema*: A genus related to but distinct from the existing genus Klisinema of other.

Aliiklugiella

L. masc. adjective *alius*, other; L. fem. dim. n. *Klugiella*, An existing genus; *Aliiklugiella*: A genus related to but distinct from the existing genus Klugiella of other.

Aliikluyvera

L. masc. adjective *alius*, other; L. fem. n. *Kluyvera*, An existing genus; *Aliikluyvera*: A genus related to but distinct from the existing genus Kluyvera of other.

Aliikocuria

L. masc. adjective *alius*, other; L. fem. n. *Kocuria*, An existing genus; *Aliikocuria*: A genus related to but distinct from the existing genus Kocuria of other.

Aliikofleria

L. masc. adjective *alius*, other; L. fem. n. *Kofleria*, An existing genus; *Aliikofleria*: A genus related to but distinct from the existing genus Kofleria of other.

Aliikoinonema

L. masc. adjective *alius*, other; L. neut. n. *Koinonema*, An existing genus; *Aliikoinonema*: A genus related to but distinct from the existing genus Koinonema of other.

Aliikomagatabacter

L. masc. adjective *alius*, other; L. masc. n. *Komagatabacter*, An existing genus; *Aliikomagatabacter*: A genus related to but distinct from the existing genus Komagatabacter of other.

Aliikomagataeibacter

L. masc. adjective *alius*, other; L. masc. n. *Komagataeibacter*, An existing genus; *Aliikomagataeibacter*: A genus related to but distinct from the existing genus Komagataeibacter of other.

Aliikomarekiella

L. masc. adjective *alius*, other; L. fem. dim. n. *Komarekiella*, An existing genus; *Aliikomarekiella*: A genus related to but distinct from the existing genus Komarekiella of other.

Aliikomarkovaea

L. masc. adjective *alius*, other; L. fem. n. *Komarkovaea*, An existing genus; *Aliikomarkovaea*: A genus related to but distinct from the existing genus Komarkovaea of other.

Aliikordia

L. masc. adjective *alius*, other; L. fem. n. *Kordia*, An existing genus; *Aliikordia*: A genus related to but distinct from the existing genus Kordia of other.

Aliikordiimonas

L. masc. adjective *alius*, other; L. fem. n. *Kordiimonas*, An existing genus; *Aliikordiimonas*: A genus related to but distinct from the existing genus Kordiimonas of other.

Aliikoreibacter

L. masc. adjective *alius*, other; L. masc. n. *Koreibacter*, An existing genus; *Aliikoreibacter*: A genus related to but distinct from the existing genus Koreibacter of other.

Aliikosakonia

L. masc. adjective *alius*, other; L. fem. n. *Kosakonia*, An existing genus; *Aliikosakonia*: A genus related to but distinct from the existing genus Kosakonia of other.

Aliikoserella

L. masc. adjective *alius*, other; L. fem. dim. n. *Koserella*, An existing genus; *Aliikoserella*: A genus related to but distinct from the existing genus Koserella of other.

Aliikosmotoga

L. masc. adjective *alius*, other; L. fem. n. *Kosmotoga*, An existing genus; *Aliikosmotoga*: A genus related to but distinct from the existing genus Kosmotoga of other.

Aliikovacikia

L. masc. adjective *alius*, other; L. fem. n. *Kovacikia*, An existing genus; *Aliikovacikia*: A genus related to but distinct from the existing genus Kovacikia of other.

Aliikozakia

L. masc. adjective *alius*, other; L. fem. n. *Kozakia*, An existing genus; *Aliikozakia*: A genus related to but distinct from the existing genus Kozakia of other.

Aliikrasilnikovia

L. masc. adjective *alius*, other; L. fem. n. *Krasilnikovia*, An existing genus; *Aliikrasilnikovia*: A genus related to but distinct from the existing genus Krasilnikovia of other.

Aliikrasilnikoviella

L. masc. adjective *alius*, other; L. fem. dim. n. *Krasilnikoviella*, An existing genus; *Aliikrasilnikoviella*: A genus related to but distinct from the existing genus Krasilnikoviella of other.

Aliikribbella

L. masc. adjective *alius*, other; L. fem. dim. n. *Kribbella*, An existing genus; *Aliikribbella*: A genus related to but distinct from the existing genus Kribbella of other.

Aliikribbia

L. masc. adjective *alius*, other; L. fem. n. *Kribbia*, An existing genus; *Aliikribbia*: A genus related to but distinct from the existing genus Kribbia of other.

Aliikriegella

L. masc. adjective *alius*, other; L. fem. dim. n. *Kriegella*, An existing genus; *Aliikriegella*: A genus related to but distinct from the existing genus Kriegella of other.

Aliikrokinobacter

L. masc. adjective *alius*, other; L. masc. n. *Krokinobacter*, An existing genus; *Aliikrokinobacter*: A genus related to but distinct from the existing genus Krokinobacter of other.

Aliikroppenstedtia

L. masc. adjective *alius*, other; L. fem. n. *Kroppenstedtia*, An existing genus; *Aliikroppenstedtia*: A genus related to but distinct from the existing genus Kroppenstedtia of other.

Aliikryptousia

L. masc. adjective *alius*, other; L. fem. n. *Kryptousia*, An existing genus; *Aliikryptousia*: A genus related to but distinct from the existing genus Kryptousia of other.

Aliiktedonobacter

L. masc. adjective *alius*, other; L. masc. n. *Ktedonobacter*, An existing genus; *Aliiktedonobacter*: A genus related to but distinct from the existing genus Ktedonobacter of other.

Aliiktedonosporobacter

L. masc. adjective *alius*, other; L. masc. n. *Ktedonosporobacter*, An existing genus; *Aliiktedonosporobacter*: A genus related to but distinct from the existing genus Ktedonosporobacter of other.

Aliikurthia

L. masc. adjective *alius*, other; L. fem. n. *Kurthia*, An existing genus; *Aliikurthia*: A genus related to but distinct from the existing genus Kurthia of other.

Aliikushneria

L. masc. adjective *alius*, other; L. fem. n. *Kushneria*, An existing genus; *Aliikushneria*: A genus related to but distinct from the existing genus Kushneria of other.

Aliikutzneria

L. masc. adjective *alius*, other; L. fem. n. *Kutzneria*, An existing genus; *Aliikutzneria*: A genus related to but distinct from the existing genus Kutzneria of other.

Aliikyrpidia

L. masc. adjective *alius*, other; L. fem. n. *Kyrpidia*, An existing genus; *Aliikyrpidia*: A genus related to but distinct from the existing genus Kyrpidia of other.

Aliikyrtuthrix

L. masc. adjective *alius*, other; L. fem. n. *Kyrtuthrix*, An existing genus; *Aliikyrtuthrix*: A genus related to but distinct from the existing genus Kyrtuthrix of other.

Aliikytococcus

L. masc. adjective *alius*, other; L. masc. n. *Kytococcus*, An existing genus; *Aliikytococcus*: A genus related to but distinct from the existing genus Kytococcus of other.

Aliilabedaea

L. masc. adjective *alius*, other; L. fem. n. *Labedaea*, An existing genus; *Aliilabedaea*: A genus related to but distinct from the existing genus Labedaea of other.

Aliilabedella

L. masc. adjective *alius*, other; L. fem. dim. n. *Labedella*, An existing genus; *Aliilabedella*: A genus related to but distinct from the existing genus Labedella of other.

Aliilabilibaculum

L. masc. adjective *alius*, other; L. neut. n. *Labilibaculum*, An existing genus; *Aliilabilibaculum*: A genus related to but distinct from the existing genus Labilibaculum of other.

Aliilabilithrix

L. masc. adjective *alius*, other; L. fem. n. *Labilithrix*, An existing genus; *Aliilabilithrix*: A genus related to but distinct from the existing genus Labilithrix of other.

Aliilabrenzia

L. masc. adjective *alius*, other; L. fem. n. *Labrenzia*, An existing genus; *Aliilabrenzia*: A genus related to but distinct from the existing genus Labrenzia of other.

Aliilabrys

L. masc. adjective *alius*, other; L. masc. n. *Labrys*, An existing genus; *Aliilabrys*: A genus related to but distinct from the existing genus Labrys of other.

Aliilaceyella

L. masc. adjective *alius*, other; L. fem. dim. n. *Laceyella*, An existing genus; *Aliilaceyella*: A genus related to but distinct from the existing genus Laceyella of other.

Aliilachnoanaerobaculum

L. masc. adjective *alius*, other; L. neut. n. *Lachnoanaerobaculum*, An existing genus; *Aliilachnoanaerobaculum*: A genus related to but distinct from the existing genus Lachnoanaerobaculum of other.

Aliilachnobacterium

L. masc. adjective *alius*, other; L. neut. n. *Lachnobacterium*, An existing genus; *Aliilachnobacterium*: A genus related to but distinct from the existing genus Lachnobacterium of other.

Aliilachnoclostridium

L. masc. adjective *alius*, other; L. neut. n. *Lachnoclostridium*, An existing genus; *Aliilachnoclostridium*: A genus related to but distinct from the existing genus Lachnoclostridium of other.

Aliilachnospira

L. masc. adjective *alius*, other; L. fem. n. *Lachnospira*, An existing genus; *Aliilachnospira*: A genus related to but distinct from the existing genus Lachnospira of other.

Aliilachnotalea

L. masc. adjective *alius*, other; L. fem. n. *Lachnotalea*, An existing genus; *Aliilachnotalea*: A genus related to but distinct from the existing genus Lachnotalea of other.

Aliilacibacter

L. masc. adjective *alius*, other; L. masc. n. *Lacibacter*, An existing genus; *Aliilacibacter*: A genus related to but distinct from the existing genus Lacibacter of other.

Aliilacibacterium

L. masc. adjective *alius*, other; L. neut. n. *Lacibacterium*, An existing genus; *Aliilacibacterium*: A genus related to but distinct from the existing genus Lacibacterium of other.

Aliilacihabitans

L. masc. adjective *alius*, other; L. masc. n. *Lacihabitans*, An existing genus; *Aliilacihabitans*: A genus related to but distinct from the existing genus Lacihabitans of other.

Aliilacimicrobium

L. masc. adjective *alius*, other; L. neut. n. *Lacimicrobium*, An existing genus; *Aliilacimicrobium*: A genus related to but distinct from the existing genus Lacimicrobium of other.

Aliilacimonas

L. masc. adjective *alius*, other; L. fem. n. *Lacimonas*, An existing genus; *Aliilacimonas*: A genus related to but distinct from the existing genus Lacimonas of other.

Aliilacinutrix

L. masc. adjective *alius*, other; L. fem. n. *Lacinutrix*, An existing genus; *Aliilacinutrix*: A genus related to but distinct from the existing genus Lacinutrix of other.

Aliilacipirellula

L. masc. adjective *alius*, other; L. fem. dim. n. *Lacipirellula*, An existing genus; *Aliilacipirellula*: A genus related to but distinct from the existing genus Lacipirellula of other.

Aliilacisediminihabitans

L. masc. adjective *alius*, other; L. fem. n. *Lacisediminihabitans*, An existing genus; *Aliilacisediminihabitans*: A genus related to but distinct from the existing genus Lacisediminihabitans of other.

Aliilacisediminimonas

L. masc. adjective *alius*, other; L. fem. n. *Lacisediminimonas*, An existing genus; *Aliilacisediminimonas*: A genus related to but distinct from the existing genus Lacisediminimonas of other.

Aliilacrimispora

L. masc. adjective *alius*, other; L. fem. n. *Lacrimispora*, An existing genus; *Aliilacrimispora*: A genus related to but distinct from the existing genus Lacrimispora of other.

Aliilacticaseibacillus

L. masc. adjective *alius*, other; L. masc. n. *Lacticaseibacillus*, An existing genus; *Aliilacticaseibacillus*: A genus related to but distinct from the existing genus Lacticaseibacillus of other.

Aliilacticigenium

L. masc. adjective *alius*, other; L. neut. n. *Lacticigenium*, An existing genus; *Aliilacticigenium*: A genus related to but distinct from the existing genus Lacticigenium of other.

Aliilactimicrobium

L. masc. adjective *alius*, other; L. neut. n. *Lactimicrobium*, An existing genus; *Aliilactimicrobium*: A genus related to but distinct from the existing genus Lactimicrobium of other.

Aliilactiplantibacillus

L. masc. adjective *alius*, other; L. masc. n. *Lactiplantibacillus*, An existing genus; *Aliilactiplantibacillus*: A genus related to but distinct from the existing genus Lactiplantibacillus of other.

Aliilactivibrio

L. masc. adjective *alius*, other; L. masc. n. *Lactivibrio*, An existing genus; *Aliilactivibrio*: A genus related to but distinct from the existing genus Lactivibrio of other.

Aliilactobacillus

L. masc. adjective *alius*, other; L. masc. n. *Lactobacillus*, An existing genus; *Aliilactobacillus*: A genus related to but distinct from the existing genus Lactobacillus of other.

Aliilactococcus

L. masc. adjective *alius*, other; L. masc. n. *Lactococcus*, An existing genus; *Aliilactococcus*: A genus related to but distinct from the existing genus Lactococcus of other.

Aliilactonifactor

L. masc. adjective *alius*, other; L. masc. n. *Lactonifactor*, An existing genus; *Aliilactonifactor*: A genus related to but distinct from the existing genus Lactonifactor of other.

Aliilactosphaera

L. masc. adjective *alius*, other; L. fem. n. *Lactosphaera*, An existing genus; *Aliilactosphaera*: A genus related to but distinct from the existing genus Lactosphaera of other.

Aliilactovum

L. masc. adjective *alius*, other; L. neut. n. *Lactovum*, An existing genus; *Aliilactovum*: A genus related to but distinct from the existing genus Lactovum of other.

Aliilacunisphaera

L. masc. adjective *alius*, other; L. fem. n. *Lacunisphaera*, An existing genus; *Aliilacunisphaera*: A genus related to but distinct from the existing genus Lacunisphaera of other.

Aliilamprocystis

L. masc. adjective *alius*, other; L. fem. n. *Lamprocystis*, An existing genus; *Aliilamprocystis*: A genus related to but distinct from the existing genus Lamprocystis of other.

Aliilampropedia

L. masc. adjective *alius*, other; L. fem. n. *Lampropedia*, An existing genus; *Aliilampropedia*: A genus related to but distinct from the existing genus Lampropedia of other.

Aliilancefieldella

L. masc. adjective *alius*, other; L. fem. dim. n. *Lancefieldella*, An existing genus; *Aliilancefieldella*: A genus related to but distinct from the existing genus Lancefieldella of other.

Aliilapidilactobacillus

L. masc. adjective *alius*, other; L. masc. n. *Lapidilactobacillus*, An existing genus; *Aliilapidilactobacillus*: A genus related to but distinct from the existing genus Lapidilactobacillus of other.

Aliilapillicoccus

L. masc. adjective *alius*, other; L. masc. n. *Lapillicoccus*, An existing genus; *Aliilapillicoccus*: A genus related to but distinct from the existing genus Lapillicoccus of other.

Aliilaribacter

L. masc. adjective *alius*, other; L. masc. n. *Laribacter*, An existing genus; *Aliilaribacter*: A genus related to but distinct from the existing genus Laribacter of other.

Aliilarkinella

L. masc. adjective *alius*, other; L. fem. dim. n. *Larkinella*, An existing genus; *Aliilarkinella*: A genus related to but distinct from the existing genus Larkinella of other.

Aliilarsenia

L. masc. adjective *alius*, other; L. fem. n. *Larsenia*, An existing genus; *Aliilarsenia*: A genus related to but distinct from the existing genus Larsenia of other.

Aliilarsenimonas

L. masc. adjective *alius*, other; L. fem. n. *Larsenimonas*, An existing genus; *Aliilarsenimonas*: A genus related to but distinct from the existing genus Larsenimonas of other.

Aliilaspinema

L. masc. adjective *alius*, other; L. neut. n. *Laspinema*, An existing genus; *Aliilaspinema*: A genus related to but distinct from the existing genus Laspinema of other.

Aliilatilactobacillus

L. masc. adjective *alius*, other; L. masc. n. *Latilactobacillus*, An existing genus; *Aliilatilactobacillus*: A genus related to but distinct from the existing genus Latilactobacillus of other.

Aliilautropia

L. masc. adjective *alius*, other; L. fem. n. *Lautropia*, An existing genus; *Aliilautropia*: A genus related to but distinct from the existing genus Lautropia of other.

Aliilawsonella

L. masc. adjective *alius*, other; L. fem. dim. n. *Lawsonella*, An existing genus; *Aliilawsonella*: A genus related to but distinct from the existing genus Lawsonella of other.

Aliilawsonia

L. masc. adjective *alius*, other; L. fem. n. *Lawsonia*, An existing genus; *Aliilawsonia*: A genus related to but distinct from the existing genus Lawsonia of other.

Aliilawsonibacter

L. masc. adjective *alius*, other; L. masc. n. *Lawsonibacter*, An existing genus; *Aliilawsonibacter*: A genus related to but distinct from the existing genus Lawsonibacter of other.

Aliileadbetterella

L. masc. adjective *alius*, other; L. fem. dim. n. *Leadbetterella*, An existing genus; *Aliileadbetterella*: A genus related to but distinct from the existing genus Leadbetterella of other.

Aliilebetimonas

L. masc. adjective *alius*, other; L. fem. n. *Lebetimonas*, An existing genus; *Aliilebetimonas*: A genus related to but distinct from the existing genus Lebetimonas of other.

Aliilechevalieria

L. masc. adjective *alius*, other; L. fem. n. *Lechevalieria*, An existing genus; *Aliilechevalieria*: A genus related to but distinct from the existing genus Lechevalieria of other.

Aliileclercia

L. masc. adjective *alius*, other; L. fem. n. *Leclercia*, An existing genus; *Aliileclercia*: A genus related to but distinct from the existing genus Leclercia of other.

Aliileeia

L. masc. adjective *alius*, other; L. fem. n. *Leeia*, An existing genus; *Aliileeia*: A genus related to but distinct from the existing genus Leeia of other.

Aliileekyejoonella

L. masc. adjective *alius*, other; L. fem. dim. n. *Leekyejoonella*, An existing genus; *Aliileekyejoonella*: A genus related to but distinct from the existing genus Leekyejoonella of other.

Aliileeuwenhoekiella

L. masc. adjective *alius*, other; L. fem. dim. n. *Leeuwenhoekiella*, An existing genus; *Aliileeuwenhoekiella*: A genus related to but distinct from the existing genus Leeuwenhoekiella of other.

Aliilegionella

L. masc. adjective *alius*, other; L. fem. dim. n. *Legionella*, An existing genus; *Aliilegionella*: A genus related to but distinct from the existing genus Legionella of other.

Aliileifsonia

L. masc. adjective *alius*, other; L. fem. n. *Leifsonia*, An existing genus; *Aliileifsonia*: A genus related to but distinct from the existing genus Leifsonia of other.

Aliileisingera

L. masc. adjective *alius*, other; L. fem. n. *Leisingera*, An existing genus; *Aliileisingera*: A genus related to but distinct from the existing genus Leisingera of other.

Aliilelliottia

L. masc. adjective *alius*, other; L. fem. n. *Lelliottia*, An existing genus; *Aliilelliottia*: A genus related to but distinct from the existing genus Lelliottia of other.

Aliileminorella

L. masc. adjective *alius*, other; L. fem. n. *Leminorella*, An existing genus; *Aliileminorella*: A genus related to but distinct from the existing genus Leminorella of other.

Aliilemmermanniella

L. masc. adjective *alius*, other; L. fem. dim. n. *Lemmermanniella*, An existing genus; *Aliilemmermanniella*: A genus related to but distinct from the existing genus Lemmermanniella of other.

Aliilentibacillus

L. masc. adjective *alius*, other; L. masc. n. *Lentibacillus*, An existing genus; *Aliilentibacillus*: A genus related to but distinct from the existing genus Lentibacillus of other.

Aliilentibacter

L. masc. adjective *alius*, other; L. masc. n. *Lentibacter*, An existing genus; *Aliilentibacter*: A genus related to but distinct from the existing genus Lentibacter of other.

Aliilentilactobacillus

L. masc. adjective *alius*, other; L. masc. n. *Lentilactobacillus*, An existing genus; *Aliilentilactobacillus*: A genus related to but distinct from the existing genus Lentilactobacillus of other.

Aliilentilitoribacter

L. masc. adjective *alius*, other; L. masc. n. *Lentilitoribacter*, An existing genus; *Aliilentilitoribacter*: A genus related to but distinct from the existing genus Lentilitoribacter of other.

Aliilentimicrobium

L. masc. adjective *alius*, other; L. neut. n. *Lentimicrobium*, An existing genus; *Aliilentimicrobium*: A genus related to but distinct from the existing genus Lentimicrobium of other.

Aliilentisphaera

L. masc. adjective *alius*, other; L. fem. n. *Lentisphaera*, An existing genus; *Aliilentisphaera*: A genus related to but distinct from the existing genus Lentisphaera of other.

Aliilentzea

L. masc. adjective *alius*, other; L. fem. n. *Lentzea*, An existing genus; *Aliilentzea*: A genus related to but distinct from the existing genus Lentzea of other.

Aliileptobacterium

L. masc. adjective *alius*, other; L. neut. n. *Leptobacterium*, An existing genus; *Aliileptobacterium*: A genus related to but distinct from the existing genus Leptobacterium of other.

Aliileptolinea

L. masc. adjective *alius*, other; L. fem. n. *Leptolinea*, An existing genus; *Aliileptolinea*: A genus related to but distinct from the existing genus Leptolinea of other.

Aliileptonema

L. masc. adjective *alius*, other; L. neut. n. *Leptonema*, An existing genus; *Aliileptonema*: A genus related to but distinct from the existing genus Leptonema of other.

Aliileptospira

L. masc. adjective *alius*, other; L. fem. n. *Leptospira*, An existing genus; *Aliileptospira*: A genus related to but distinct from the existing genus Leptospira of other.

Aliileptospirillum

L. masc. adjective *alius*, other; L. neut. dim. n. *Leptospirillum*, An existing genus; *Aliileptospirillum*: A genus related to but distinct from the existing genus Leptospirillum of other.

Aliileptothoe

L. masc. adjective *alius*, other; L. fem. n. *Leptothoe*, An existing genus; *Aliileptothoe*: A genus related to but distinct from the existing genus Leptothoe of other.

Aliileptothrix

L. masc. adjective *alius*, other; L. fem. n. *Leptothrix*, An existing genus; *Aliileptothrix*: A genus related to but distinct from the existing genus Leptothrix of other.

Aliileptotrichia

L. masc. adjective *alius*, other; L. fem. n. *Leptotrichia*, An existing genus; *Aliileptotrichia*: A genus related to but distinct from the existing genus Leptotrichia of other.

Aliileucobacter

L. masc. adjective *alius*, other; L. masc. n. *Leucobacter*, An existing genus; *Aliileucobacter*: A genus related to but distinct from the existing genus Leucobacter of other.

Aliileuconostoc

L. masc. adjective *alius*, other; L. neut. n. *Leuconostoc*, An existing genus; *Aliileuconostoc*: A genus related to but distinct from the existing genus Leuconostoc of other.

Aliileucothrix

L. masc. adjective *alius*, other; L. fem. n. *Leucothrix*, An existing genus; *Aliileucothrix*: A genus related to but distinct from the existing genus Leucothrix of other.

Aliilevilactobacillus

L. masc. adjective *alius*, other; L. masc. n. *Levilactobacillus*, An existing genus; *Aliilevilactobacillus*: A genus related to but distinct from the existing genus Levilactobacillus of other.

Aliilevilinea

L. masc. adjective *alius*, other; L. fem. n. *Levilinea*, An existing genus; *Aliilevilinea*: A genus related to but distinct from the existing genus Levilinea of other.

Aliilevinea

L. masc. adjective *alius*, other; L. fem. n. *Levinea*, An existing genus; *Aliilevinea*: A genus related to but distinct from the existing genus Levinea of other.

Aliilevispirillum

L. masc. adjective *alius*, other; L. neut. dim. n. *Levispirillum*, An existing genus; *Aliilevispirillum*: A genus related to but distinct from the existing genus Levispirillum of other.

Aliilewinella

L. masc. adjective *alius*, other; L. fem. dim. n. *Lewinella*, An existing genus; *Aliilewinella*: A genus related to but distinct from the existing genus Lewinella of other.

Aliilibanicoccus

L. masc. adjective *alius*, other; L. masc. n. *Libanicoccus*, An existing genus; *Aliilibanicoccus*: A genus related to but distinct from the existing genus Libanicoccus of other.

Aliiliberibacter

L. masc. adjective *alius*, other; L. masc. n. *Liberibacter*, An existing genus; *Aliiliberibacter*: A genus related to but distinct from the existing genus Liberibacter of other.

Aliilichenibacterium

L. masc. adjective *alius*, other; L. neut. n. *Lichenibacterium*, An existing genus; *Aliilichenibacterium*: A genus related to but distinct from the existing genus Lichenibacterium of other.

Aliilichenicoccus

L. masc. adjective *alius*, other; L. masc. n. *Lichenicoccus*, An existing genus; *Aliilichenicoccus*: A genus related to but distinct from the existing genus Lichenicoccus of other.

Aliilichenihabitans

L. masc. adjective *alius*, other; L. masc. n. *Lichenihabitans*, An existing genus; *Aliilichenihabitans*: A genus related to but distinct from the existing genus Lichenihabitans of other.

Aliilightfootiella

L. masc. adjective *alius*, other; L. fem. dim. n. *Lightfootiella*, An existing genus; *Aliilightfootiella*: A genus related to but distinct from the existing genus Lightfootiella of other.

Aliiligilactobacillus

L. masc. adjective *alius*, other; L. masc. n. *Ligilactobacillus*, An existing genus; *Aliiligilactobacillus*: A genus related to but distinct from the existing genus Ligilactobacillus of other.

Aliilignipirellula

L. masc. adjective *alius*, other; L. fem. dim. n. *Lignipirellula*, An existing genus; *Aliilignipirellula*: A genus related to but distinct from the existing genus Lignipirellula of other.

Aliilihuaxuella

L. masc. adjective *alius*, other; L. fem. dim. n. *Lihuaxuella*, An existing genus; *Aliilihuaxuella*: A genus related to but distinct from the existing genus Lihuaxuella of other.

Aliilimibacillus

L. masc. adjective *alius*, other; L. masc. n. *Limibacillus*, An existing genus; *Aliilimibacillus*: A genus related to but distinct from the existing genus Limibacillus of other.

Aliilimibacter

L. masc. adjective *alius*, other; L. masc. n. *Limibacter*, An existing genus; *Aliilimibacter*: A genus related to but distinct from the existing genus Limibacter of other.

Aliilimibaculum

L. masc. adjective *alius*, other; L. neut. n. *Limibaculum*, An existing genus; *Aliilimibaculum*: A genus related to but distinct from the existing genus Limibaculum of other.

Aliilimihaloglobus

L. masc. adjective *alius*, other; L. masc. n. *Limihaloglobus*, An existing genus; *Aliilimihaloglobus*: A genus related to but distinct from the existing genus Limihaloglobus of other.

Aliilimimaricola

L. masc. adjective *alius*, other; L. masc. n. *Limimaricola*, An existing genus; *Aliilimimaricola*: A genus related to but distinct from the existing genus Limimaricola of other.

Aliilimimonas

L. masc. adjective *alius*, other; L. fem. n. *Limimonas*, An existing genus; *Aliilimimonas*: A genus related to but distinct from the existing genus Limimonas of other.

Aliilimisphaera

L. masc. adjective *alius*, other; L. fem. n. *Limisphaera*, An existing genus; *Aliilimisphaera*: A genus related to but distinct from the existing genus Limisphaera of other.

Aliilimnobacter

L. masc. adjective *alius*, other; L. masc. n. *Limnobacter*, An existing genus; *Aliilimnobacter*: A genus related to but distinct from the existing genus Limnobacter of other.

Aliilimnobaculum

L. masc. adjective *alius*, other; L. neut. n. *Limnobaculum*, An existing genus; *Aliilimnobaculum*: A genus related to but distinct from the existing genus Limnobaculum of other.

Aliilimnochorda

L. masc. adjective *alius*, other; L. fem. n. *Limnochorda*, An existing genus; *Aliilimnochorda*: A genus related to but distinct from the existing genus Limnochorda of other.

Aliilimnoglobus

L. masc. adjective *alius*, other; L. masc. n. *Limnoglobus*, An existing genus; *Aliilimnoglobus*: A genus related to but distinct from the existing genus Limnoglobus of other.

Aliilimnohabitans

L. masc. adjective *alius*, other; L. masc. n. *Limnohabitans*, An existing genus; *Aliilimnohabitans*: A genus related to but distinct from the existing genus Limnohabitans of other.

Aliilimnolyngbya

L. masc. adjective *alius*, other; L. fem. n. *Limnolyngbya*, An existing genus; *Aliilimnolyngbya*: A genus related to but distinct from the existing genus Limnolyngbya of other.

Aliilimnospira

L. masc. adjective *alius*, other; L. fem. n. *Limnospira*, An existing genus; *Aliilimnospira*: A genus related to but distinct from the existing genus Limnospira of other.

Aliilimoniibacter

L. masc. adjective *alius*, other; L. masc. n. *Limoniibacter*, An existing genus; *Aliilimoniibacter*: A genus related to but distinct from the existing genus Limoniibacter of other.

Aliilimosilactobacillus

L. masc. adjective *alius*, other; L. masc. n. *Limosilactobacillus*, An existing genus; *Aliilimosilactobacillus*: A genus related to but distinct from the existing genus Limosilactobacillus of other.

Aliilipingzhangella

L. masc. adjective *alius*, other; L. fem. dim. n. *Lipingzhangella*, An existing genus; *Aliilipingzhangella*: A genus related to but distinct from the existing genus Lipingzhangella of other.

Aliiliquorilactobacillus

L. masc. adjective *alius*, other; L. masc. n. *Liquorilactobacillus*, An existing genus; *Aliiliquorilactobacillus*: A genus related to but distinct from the existing genus Liquorilactobacillus of other.

Aliilishizhenia

L. masc. adjective *alius*, other; L. fem. n. *Lishizhenia*, An existing genus; *Aliilishizhenia*: A genus related to but distinct from the existing genus Lishizhenia of other.

Aliilisteria

L. masc. adjective *alius*, other; L. fem. n. *Listeria*, An existing genus; *Aliilisteria*: A genus related to but distinct from the existing genus Listeria of other.

Aliilistonella

L. masc. adjective *alius*, other; L. fem. dim. n. *Listonella*, An existing genus; *Aliilistonella*: A genus related to but distinct from the existing genus Listonella of other.

Aliilitoreibacter

L. masc. adjective *alius*, other; L. masc. n. *Litoreibacter*, An existing genus; *Aliilitoreibacter*: A genus related to but distinct from the existing genus Litoreibacter of other.

Aliilitoribacillus

L. masc. adjective *alius*, other; L. masc. n. *Litoribacillus*, An existing genus; *Aliilitoribacillus*: A genus related to but distinct from the existing genus Litoribacillus of other.

Aliilitoribacter

L. masc. adjective *alius*, other; L. masc. n. *Litoribacter*, An existing genus; *Aliilitoribacter*: A genus related to but distinct from the existing genus Litoribacter of other.

Aliilitoribaculum

L. masc. adjective *alius*, other; L. neut. n. *Litoribaculum*, An existing genus; *Aliilitoribaculum*: A genus related to but distinct from the existing genus Litoribaculum of other.

Aliilitoribrevibacter

L. masc. adjective *alius*, other; L. masc. n. *Litoribrevibacter*, An existing genus; *Aliilitoribrevibacter*: A genus related to but distinct from the existing genus Litoribrevibacter of other.

Aliilitoricola

L. masc. adjective *alius*, other; L. fem. n. *Litoricola*, An existing genus; *Aliilitoricola*: A genus related to but distinct from the existing genus Litoricola of other.

Aliilitorihabitans

L. masc. adjective *alius*, other; L. masc. n. *Litorihabitans*, An existing genus; *Aliilitorihabitans*: A genus related to but distinct from the existing genus Litorihabitans of other.

Aliilitorilinea

L. masc. adjective *alius*, other; L. fem. n. *Litorilinea*, An existing genus; *Aliilitorilinea*: A genus related to but distinct from the existing genus Litorilinea of other.

Aliilitorilituus

L. masc. adjective *alius*, other; L. masc. n. *Litorilituus*, An existing genus; *Aliilitorilituus*: A genus related to but distinct from the existing genus Litorilituus of other.

Aliilitorimicrobium

L. masc. adjective *alius*, other; L. neut. n. *Litorimicrobium*, An existing genus; *Aliilitorimicrobium*: A genus related to but distinct from the existing genus Litorimicrobium of other.

Aliilitorimonas

L. masc. adjective *alius*, other; L. fem. n. *Litorimonas*, An existing genus; *Aliilitorimonas*: A genus related to but distinct from the existing genus Litorimonas of other.

Aliilitorisediminicola

L. masc. adjective *alius*, other; L. masc. n. *Litorisediminicola*, An existing genus; *Aliilitorisediminicola*: A genus related to but distinct from the existing genus Litorisediminicola of other.

Aliilitorisediminivivens

L. masc. adjective *alius*, other; L. masc. n. *Litorisediminivivens*, An existing genus; *Aliilitorisediminivivens*: A genus related to but distinct from the existing genus Litorisediminivivens of other.

Aliilitorivita

L. masc. adjective *alius*, other; L. fem. n. *Litorivita*, An existing genus; *Aliilitorivita*: A genus related to but distinct from the existing genus Litorivita of other.

Aliilitorivivens

L. masc. adjective *alius*, other; L. fem. n. *Litorivivens*, An existing genus; *Aliilitorivivens*: A genus related to but distinct from the existing genus Litorivivens of other.

Aliiloigolactobacillus

L. masc. adjective *alius*, other; L. masc. n. *Loigolactobacillus*, An existing genus; *Aliiloigolactobacillus*: A genus related to but distinct from the existing genus Loigolactobacillus of other.

Aliilokiarchaeum

L. masc. adjective *alius*, other; L. neut. n. *Lokiarchaeum*, An existing genus; *Aliilokiarchaeum*: A genus related to but distinct from the existing genus Lokiarchaeum of other.

Aliiloktanella

L. masc. adjective *alius*, other; L. fem. dim. n. *Loktanella*, An existing genus; *Aliiloktanella*: A genus related to but distinct from the existing genus Loktanella of other.

Aliilonepinella

L. masc. adjective *alius*, other; L. fem. dim. n. *Lonepinella*, An existing genus; *Aliilonepinella*: A genus related to but distinct from the existing genus Lonepinella of other.

Aliilongibaculum

L. masc. adjective *alius*, other; L. neut. n. *Longibaculum*, An existing genus; *Aliilongibaculum*: A genus related to but distinct from the existing genus Longibaculum of other.

Aliilongicatena

L. masc. adjective *alius*, other; L. fem. n. *Longicatena*, An existing genus; *Aliilongicatena*: A genus related to but distinct from the existing genus Longicatena of other.

Aliilongilinea

L. masc. adjective *alius*, other; L. fem. n. *Longilinea*, An existing genus; *Aliilongilinea*: A genus related to but distinct from the existing genus Longilinea of other.

Aliilongimicrobium

L. masc. adjective *alius*, other; L. neut. n. *Longimicrobium*, An existing genus; *Aliilongimicrobium*: A genus related to but distinct from the existing genus Longimicrobium of other.

Aliilongimycelium

L. masc. adjective *alius*, other; L. neut. n. *Longimycelium*, An existing genus; *Aliilongimycelium*: A genus related to but distinct from the existing genus Longimycelium of other.

Aliilongirhabdus

L. masc. adjective *alius*, other; L. fem. n. *Longirhabdus*, An existing genus; *Aliilongirhabdus*: A genus related to but distinct from the existing genus Longirhabdus of other.

Aliilongispora

L. masc. adjective *alius*, other; L. fem. n. *Longispora*, An existing genus; *Aliilongispora*: A genus related to but distinct from the existing genus Longispora of other.

Aliilongivirga

L. masc. adjective *alius*, other; L. fem. n. *Longivirga*, An existing genus; *Aliilongivirga*: A genus related to but distinct from the existing genus Longivirga of other.

Aliilonsdalea

L. masc. adjective *alius*, other; L. fem. n. *Lonsdalea*, An existing genus; *Aliilonsdalea*: A genus related to but distinct from the existing genus Lonsdalea of other.

Aliiloriella

L. masc. adjective *alius*, other; L. fem. dim. n. *Loriella*, An existing genus; *Aliiloriella*: A genus related to but distinct from the existing genus Loriella of other.

Aliiloriellopsis

L. masc. adjective *alius*, other; L. fem. n. *Loriellopsis*, An existing genus; *Aliiloriellopsis*: A genus related to but distinct from the existing genus Loriellopsis of other.

Aliilottiidibacillus

L. masc. adjective *alius*, other; L. masc. n. *Lottiidibacillus*, An existing genus; *Aliilottiidibacillus*: A genus related to but distinct from the existing genus Lottiidibacillus of other.

Aliilucibacterium

L. masc. adjective *alius*, other; L. neut. n. *Lucibacterium*, An existing genus; *Aliilucibacterium*: A genus related to but distinct from the existing genus Lucibacterium of other.

Aliiluedemannella

L. masc. adjective *alius*, other; L. fem. dim. n. *Luedemannella*, An existing genus; *Aliiluedemannella*: A genus related to but distinct from the existing genus Luedemannella of other.

Aliiluethyella

L. masc. adjective *alius*, other; L. fem. dim. n. *Luethyella*, An existing genus; *Aliiluethyella*: A genus related to but distinct from the existing genus Luethyella of other.

Aliilujinxingia

L. masc. adjective *alius*, other; L. fem. n. *Lujinxingia*, An existing genus; *Aliilujinxingia*: A genus related to but distinct from the existing genus Lujinxingia of other.

Aliiluminiphilus

L. masc. adjective *alius*, other; L. masc. n. *Luminiphilus*, An existing genus; *Aliiluminiphilus*: A genus related to but distinct from the existing genus Luminiphilus of other.

Aliilunatimonas

L. masc. adjective *alius*, other; L. fem. n. *Lunatimonas*, An existing genus; *Aliilunatimonas*: A genus related to but distinct from the existing genus Lunatimonas of other.

Aliilusitaniella

L. masc. adjective *alius*, other; L. fem. dim. n. *Lusitaniella*, An existing genus; *Aliilusitaniella*: A genus related to but distinct from the existing genus Lusitaniella of other.

Aliilutaonella

L. masc. adjective *alius*, other; L. fem. dim. n. *Lutaonella*, An existing genus; *Aliilutaonella*: A genus related to but distinct from the existing genus Lutaonella of other.

Aliiluteibacter

L. masc. adjective *alius*, other; L. masc. n. *Luteibacter*, An existing genus; *Aliiluteibacter*: A genus related to but distinct from the existing genus Luteibacter of other.

Aliiluteibaculum

L. masc. adjective *alius*, other; L. neut. n. *Luteibaculum*, An existing genus; *Aliiluteibaculum*: A genus related to but distinct from the existing genus Luteibaculum of other.

Aliiluteimicrobium

L. masc. adjective *alius*, other; L. neut. n. *Luteimicrobium*, An existing genus; *Aliiluteimicrobium*: A genus related to but distinct from the existing genus Luteimicrobium of other.

Aliiluteimonas

L. masc. adjective *alius*, other; L. fem. n. *Luteimonas*, An existing genus; *Aliiluteimonas*: A genus related to but distinct from the existing genus Luteimonas of other.

Aliiluteipulveratus

L. masc. adjective *alius*, other; L. masc. n. *Luteipulveratus*, An existing genus; *Aliiluteipulveratus*: A genus related to but distinct from the existing genus Luteipulveratus of other.

Aliiluteitalea

L. masc. adjective *alius*, other; L. fem. n. *Luteitalea*, An existing genus; *Aliiluteitalea*: A genus related to but distinct from the existing genus Luteitalea of other.

Aliiluteithermobacter

L. masc. adjective *alius*, other; L. masc. n. *Luteithermobacter*, An existing genus; *Aliiluteithermobacter*: A genus related to but distinct from the existing genus Luteithermobacter of other.

Aliiluteivirga

L. masc. adjective *alius*, other; L. fem. n. *Luteivirga*, An existing genus; *Aliiluteivirga*: A genus related to but distinct from the existing genus Luteivirga of other.

Aliiluteococcus

L. masc. adjective *alius*, other; L. masc. n. *Luteococcus*, An existing genus; *Aliiluteococcus*: A genus related to but distinct from the existing genus Luteococcus of other.

Aliiluteolibacter

L. masc. adjective *alius*, other; L. masc. n. *Luteolibacter*, An existing genus; *Aliiluteolibacter*: A genus related to but distinct from the existing genus Luteolibacter of other.

Aliiluteovulum

L. masc. adjective *alius*, other; L. neut. n. *Luteovulum*, An existing genus; *Aliiluteovulum*: A genus related to but distinct from the existing genus Luteovulum of other.

Aliilutibacterium

L. masc. adjective *alius*, other; L. neut. n. *Lutibacterium*, An existing genus; *Aliilutibacterium*: A genus related to but distinct from the existing genus Lutibacterium of other.

Aliilutimaribacter

L. masc. adjective *alius*, other; L. masc. n. *Lutimaribacter*, An existing genus; *Aliilutimaribacter*: A genus related to but distinct from the existing genus Lutimaribacter of other.

Aliilutimonas

L. masc. adjective *alius*, other; L. fem. n. *Lutimonas*, An existing genus; *Aliilutimonas*: A genus related to but distinct from the existing genus Lutimonas of other.

Aliilutispora

L. masc. adjective *alius*, other; L. fem. n. *Lutispora*, An existing genus; *Aliilutispora*: A genus related to but distinct from the existing genus Lutispora of other.

Aliilysinibacillus

L. masc. adjective *alius*, other; L. masc. n. *Lysinibacillus*, An existing genus; *Aliilysinibacillus*: A genus related to but distinct from the existing genus Lysinibacillus of other.

Aliilysinibacter

L. masc. adjective *alius*, other; L. masc. n. *Lysinibacter*, An existing genus; *Aliilysinibacter*: A genus related to but distinct from the existing genus Lysinibacter of other.

Aliilysinimicrobium

L. masc. adjective *alius*, other; L. neut. n. *Lysinimicrobium*, An existing genus; *Aliilysinimicrobium*: A genus related to but distinct from the existing genus Lysinimicrobium of other.

Aliilysinimonas

L. masc. adjective *alius*, other; L. fem. n. *Lysinimonas*, An existing genus; *Aliilysinimonas*: A genus related to but distinct from the existing genus Lysinimonas of other.

Aliilysobacter

L. masc. adjective *alius*, other; L. masc. n. *Lysobacter*, An existing genus; *Aliilysobacter*: A genus related to but distinct from the existing genus Lysobacter of other.

Aliilyticum

L. masc. adjective *alius*, other; L. neut. n. *Lyticum*, An existing genus; *Aliilyticum*: A genus related to but distinct from the existing genus Lyticum of other.

Aliimabikibacter

L. masc. adjective *alius*, other; L. masc. n. *Mabikibacter*, An existing genus; *Aliimabikibacter*: A genus related to but distinct from the existing genus Mabikibacter of other.

Aliimacellibacteroides

L. masc. adjective *alius*, other; L. masc. n. *Macellibacteroides*, An existing genus; *Aliimacellibacteroides*: A genus related to but distinct from the existing genus Macellibacteroides of other.

Aliimacrochaete

L. masc. adjective *alius*, other; L. fem. n. *Macrochaete*, An existing genus; *Aliimacrochaete*: A genus related to but distinct from the existing genus Macrochaete of other.

Aliimacrococcus

L. masc. adjective *alius*, other; L. masc. n. *Macrococcus*, An existing genus; *Aliimacrococcus*: A genus related to but distinct from the existing genus Macrococcus of other.

Aliimageeibacillus

L. masc. adjective *alius*, other; L. masc. n. *Mageeibacillus*, An existing genus; *Aliimageeibacillus*: A genus related to but distinct from the existing genus Mageeibacillus of other.

Aliimagnetococcus

L. masc. adjective *alius*, other; L. masc. n. *Magnetococcus*, An existing genus; *Aliimagnetococcus*: A genus related to but distinct from the existing genus Magnetococcus of other.

Aliimagnetospira

L. masc. adjective *alius*, other; L. fem. n. *Magnetospira*, An existing genus; *Aliimagnetospira*: A genus related to but distinct from the existing genus Magnetospira of other.

Aliimagnetospirillum

L. masc. adjective *alius*, other; L. neut. dim. n. *Magnetospirillum*, An existing genus; *Aliimagnetospirillum*: A genus related to but distinct from the existing genus Magnetospirillum of other.

Aliimagnetovibrio

L. masc. adjective *alius*, other; L. masc. n. *Magnetovibrio*, An existing genus; *Aliimagnetovibrio*: A genus related to but distinct from the existing genus Magnetovibrio of other.

Aliimahella

L. masc. adjective *alius*, other; L. fem. dim. n. *Mahella*, An existing genus; *Aliimahella*: A genus related to but distinct from the existing genus Mahella of other.

Aliimalacoplasma

L. masc. adjective *alius*, other; L. neut. n. *Malacoplasma*, An existing genus; *Aliimalacoplasma*: A genus related to but distinct from the existing genus Malacoplasma of other.

Aliimaledivibacter

L. masc. adjective *alius*, other; L. masc. n. *Maledivibacter*, An existing genus; *Aliimaledivibacter*: A genus related to but distinct from the existing genus Maledivibacter of other.

Aliimalikia

L. masc. adjective *alius*, other; L. fem. n. *Malikia*, An existing genus; *Aliimalikia*: A genus related to but distinct from the existing genus Malikia of other.

Aliimaliponia

L. masc. adjective *alius*, other; L. fem. n. *Maliponia*, An existing genus; *Aliimaliponia*: A genus related to but distinct from the existing genus Maliponia of other.

Aliimameliella

L. masc. adjective *alius*, other; L. fem. dim. n. *Mameliella*, An existing genus; *Aliimameliella*: A genus related to but distinct from the existing genus Mameliella of other.

Aliimangrovibacter

L. masc. adjective *alius*, other; L. masc. n. *Mangrovibacter*, An existing genus; *Aliimangrovibacter*: A genus related to but distinct from the existing genus Mangrovibacter of other.

Aliimangrovibacterium

L. masc. adjective *alius*, other; L. neut. n. *Mangrovibacterium*, An existing genus; *Aliimangrovibacterium*: A genus related to but distinct from the existing genus Mangrovibacterium of other.

Aliimangrovicella

L. masc. adjective *alius*, other; L. fem. n. *Mangrovicella*, An existing genus; *Aliimangrovicella*: A genus related to but distinct from the existing genus Mangrovicella of other.

Aliimangrovicoccus

L. masc. adjective *alius*, other; L. masc. n. *Mangrovicoccus*, An existing genus; *Aliimangrovicoccus*: A genus related to but distinct from the existing genus Mangrovicoccus of other.

Aliimangroviflexus

L. masc. adjective *alius*, other; L. masc. n. *Mangroviflexus*, An existing genus; *Aliimangroviflexus*: A genus related to but distinct from the existing genus Mangroviflexus of other.

Aliimangrovihabitans

L. masc. adjective *alius*, other; L. masc. n. *Mangrovihabitans*, An existing genus; *Aliimangrovihabitans*: A genus related to but distinct from the existing genus Mangrovihabitans of other.

Aliimangrovimonas

L. masc. adjective *alius*, other; L. fem. n. *Mangrovimonas*, An existing genus; *Aliimangrovimonas*: A genus related to but distinct from the existing genus Mangrovimonas of other.

Aliimangrovitalea

L. masc. adjective *alius*, other; L. fem. n. *Mangrovitalea*, An existing genus; *Aliimangrovitalea*: A genus related to but distinct from the existing genus Mangrovitalea of other.

Aliimannheimia

L. masc. adjective *alius*, other; L. fem. n. *Mannheimia*, An existing genus; *Aliimannheimia*: A genus related to but distinct from the existing genus Mannheimia of other.

Aliimarasmitruncus

L. masc. adjective *alius*, other; L. masc. n. *Marasmitruncus*, An existing genus; *Aliimarasmitruncus*: A genus related to but distinct from the existing genus Marasmitruncus of other.

Aliimaribacillus

L. masc. adjective *alius*, other; L. masc. n. *Maribacillus*, An existing genus; *Aliimaribacillus*: A genus related to but distinct from the existing genus Maribacillus of other.

Aliimaribacter

L. masc. adjective *alius*, other; L. masc. n. *Maribacter*, An existing genus; *Aliimaribacter*: A genus related to but distinct from the existing genus Maribacter of other.

Aliimaribaculum

L. masc. adjective *alius*, other; L. neut. n. *Maribaculum*, An existing genus; *Aliimaribaculum*: A genus related to but distinct from the existing genus Maribaculum of other.

Aliimaribellus

L. masc. adjective *alius*, other; L. masc. n. *Maribellus*, An existing genus; *Aliimaribellus*: A genus related to but distinct from the existing genus Maribellus of other.

Aliimaribius

L. masc. adjective *alius*, other; L. masc. n. *Maribius*, An existing genus; *Aliimaribius*: A genus related to but distinct from the existing genus Maribius of other.

Aliimaricaulis

L. masc. adjective *alius*, other; L. masc. n. *Maricaulis*, An existing genus; *Aliimaricaulis*: A genus related to but distinct from the existing genus Maricaulis of other.

Aliimarichromatium

L. masc. adjective *alius*, other; L. neut. n. *Marichromatium*, An existing genus; *Aliimarichromatium*: A genus related to but distinct from the existing genus Marichromatium of other.

Aliimaricurvus

L. masc. adjective *alius*, other; L. masc. n. *Maricurvus*, An existing genus; *Aliimaricurvus*: A genus related to but distinct from the existing genus Maricurvus of other.

Aliimarihabitans

L. masc. adjective *alius*, other; L. neut. n. *Marihabitans*, An existing genus; *Aliimarihabitans*: A genus related to but distinct from the existing genus Marihabitans of other.

Aliimarileptolyngbya

L. masc. adjective *alius*, other; L. fem. n. *Marileptolyngbya*, An existing genus; *Aliimarileptolyngbya*: A genus related to but distinct from the existing genus Marileptolyngbya of other.

Aliimarimicrobium

L. masc. adjective *alius*, other; L. neut. n. *Marimicrobium*, An existing genus; *Aliimarimicrobium*: A genus related to but distinct from the existing genus Marimicrobium of other.

Aliimarimonas

L. masc. adjective *alius*, other; L. fem. n. *Marimonas*, An existing genus; *Aliimarimonas*: A genus related to but distinct from the existing genus Marimonas of other.

Aliimarinactinospora

L. masc. adjective *alius*, other; L. fem. n. *Marinactinospora*, An existing genus; *Aliimarinactinospora*: A genus related to but distinct from the existing genus Marinactinospora of other.

Aliimarinagarivorans

L. masc. adjective *alius*, other; L. masc. n. *Marinagarivorans*, An existing genus; *Aliimarinagarivorans*: A genus related to but distinct from the existing genus Marinagarivorans of other.

Aliimarinibacillus

L. masc. adjective *alius*, other; L. masc. n. *Marinibacillus*, An existing genus; *Aliimarinibacillus*: A genus related to but distinct from the existing genus Marinibacillus of other.

Aliimarinibacterium

L. masc. adjective *alius*, other; L. neut. n. *Marinibacterium*, An existing genus; *Aliimarinibacterium*: A genus related to but distinct from the existing genus Marinibacterium of other.

Aliimarinibactrum

L. masc. adjective *alius*, other; L. neut. n. *Marinibactrum*, An existing genus; *Aliimarinibactrum*: A genus related to but distinct from the existing genus Marinibactrum of other.

Aliimarinibaculum

L. masc. adjective *alius*, other; L. neut. n. *Marinibaculum*, An existing genus; *Aliimarinibaculum*: A genus related to but distinct from the existing genus Marinibaculum of other.

Aliimariniblastus

L. masc. adjective *alius*, other; L. masc. n. *Mariniblastus*, An existing genus; *Aliimariniblastus*: A genus related to but distinct from the existing genus Mariniblastus of other.

Aliimarinicauda

L. masc. adjective *alius*, other; L. fem. n. *Marinicauda*, An existing genus; *Aliimarinicauda*: A genus related to but distinct from the existing genus Marinicauda of other.

Aliimarinicaulis

L. masc. adjective *alius*, other; L. masc. n. *Marinicaulis*, An existing genus; *Aliimarinicaulis*: A genus related to but distinct from the existing genus Marinicaulis of other.

Aliimarinicella

L. masc. adjective *alius*, other; L. fem. n. *Marinicella*, An existing genus; *Aliimarinicella*: A genus related to but distinct from the existing genus Marinicella of other.

Aliimarinicola

L. masc. adjective *alius*, other; L. masc. n. *Marinicola*, An existing genus; *Aliimarinicola*: A genus related to but distinct from the existing genus Marinicola of other.

Aliimarinicrinis

L. masc. adjective *alius*, other; L. masc. n. *Marinicrinis*, An existing genus; *Aliimarinicrinis*: A genus related to but distinct from the existing genus Marinicrinis of other.

Aliimarinifilum

L. masc. adjective *alius*, other; L. neut. n. *Marinifilum*, An existing genus; *Aliimarinifilum*: A genus related to but distinct from the existing genus Marinifilum of other.

Aliimariniflexile

L. masc. adjective *alius*, other; L. neut. n. *Mariniflexile*, An existing genus; *Aliimariniflexile*: A genus related to but distinct from the existing genus Mariniflexile of other.

Aliimarinilabilia

L. masc. adjective *alius*, other; L. fem. n. *Marinilabilia*, An existing genus; *Aliimarinilabilia*: A genus related to but distinct from the existing genus Marinilabilia of other.

Aliimarinilactibacillus

L. masc. adjective *alius*, other; L. masc. n. *Marinilactibacillus*, An existing genus; *Aliimarinilactibacillus*: A genus related to but distinct from the existing genus Marinilactibacillus of other.

Aliimariniluteicoccus

L. masc. adjective *alius*, other; L. masc. n. *Mariniluteicoccus*, An existing genus; *Aliimariniluteicoccus*: A genus related to but distinct from the existing genus Mariniluteicoccus of other.

Aliimarinimicrobium

L. masc. adjective *alius*, other; L. neut. n. *Marinimicrobium*, An existing genus; *Aliimarinimicrobium*: A genus related to but distinct from the existing genus Marinimicrobium of other.

Aliimarininema

L. masc. adjective *alius*, other; L. neut. n. *Marininema*, An existing genus; *Aliimarininema*: A genus related to but distinct from the existing genus Marininema of other.

Aliimariniphaga

L. masc. adjective *alius*, other; L. fem. n. *Mariniphaga*, An existing genus; *Aliimariniphaga*: A genus related to but distinct from the existing genus Mariniphaga of other.

Aliimariniradius

L. masc. adjective *alius*, other; L. masc. n. *Mariniradius*, An existing genus; *Aliimariniradius*: A genus related to but distinct from the existing genus Mariniradius of other.

Aliimarinirhabdus

L. masc. adjective *alius*, other; L. fem. n. *Marinirhabdus*, An existing genus; *Aliimarinirhabdus*: A genus related to but distinct from the existing genus Marinirhabdus of other.

Aliimarinisporobacter

L. masc. adjective *alius*, other; L. masc. n. *Marinisporobacter*, An existing genus; *Aliimarinisporobacter*: A genus related to but distinct from the existing genus Marinisporobacter of other.

Aliimarinitalea

L. masc. adjective *alius*, other; L. fem. n. *Marinitalea*, An existing genus; *Aliimarinitalea*: A genus related to but distinct from the existing genus Marinitalea of other.

Aliimarinitenerispora

L. masc. adjective *alius*, other; L. fem. n. *Marinitenerispora*, An existing genus; *Aliimarinitenerispora*: A genus related to but distinct from the existing genus Marinitenerispora of other.

Aliimarinithermofilum

L. masc. adjective *alius*, other; L. neut. n. *Marinithermofilum*, An existing genus; *Aliimarinithermofilum*: A genus related to but distinct from the existing genus Marinithermofilum of other.

Aliimarinithermus

L. masc. adjective *alius*, other; L. masc. n. *Marinithermus*, An existing genus; *Aliimarinithermus*: A genus related to but distinct from the existing genus Marinithermus of other.

Aliimarinitoga

L. masc. adjective *alius*, other; L. fem. n. *Marinitoga*, An existing genus; *Aliimarinitoga*: A genus related to but distinct from the existing genus Marinitoga of other.

Aliimarinivirga

L. masc. adjective *alius*, other; L. fem. n. *Marinivirga*, An existing genus; *Aliimarinivirga*: A genus related to but distinct from the existing genus Marinivirga of other.

Aliimarinobacter

L. masc. adjective *alius*, other; L. masc. n. *Marinobacter*, An existing genus; *Aliimarinobacter*: A genus related to but distinct from the existing genus Marinobacter of other.

Aliimarinobacterium

L. masc. adjective *alius*, other; L. neut. n. *Marinobacterium*, An existing genus; *Aliimarinobacterium*: A genus related to but distinct from the existing genus Marinobacterium of other.

Aliimarinococcus

L. masc. adjective *alius*, other; L. masc. n. *Marinococcus*, An existing genus; *Aliimarinococcus*: A genus related to but distinct from the existing genus Marinococcus of other.

Aliimarinomonas

L. masc. adjective *alius*, other; L. fem. n. *Marinomonas*, An existing genus; *Aliimarinomonas*: A genus related to but distinct from the existing genus Marinomonas of other.

Aliimarinoscillum

L. masc. adjective *alius*, other; L. neut. n. *Marinoscillum*, An existing genus; *Aliimarinoscillum*: A genus related to but distinct from the existing genus Marinoscillum of other.

Aliimarinospirillum

L. masc. adjective *alius*, other; L. neut. dim. n. *Marinospirillum*, An existing genus; *Aliimarinospirillum*: A genus related to but distinct from the existing genus Marinospirillum of other.

Aliimarinosulfonomonas

L. masc. adjective *alius*, other; L. fem. n. *Marinosulfonomonas*, An existing genus; *Aliimarinosulfonomonas*: A genus related to but distinct from the existing genus Marinosulfonomonas of other.

Aliimarinovum

L. masc. adjective *alius*, other; L. neut. n. *Marinovum*, An existing genus; *Aliimarinovum*: A genus related to but distinct from the existing genus Marinovum of other.

Aliimariprofundus

L. masc. adjective *alius*, other; L. masc. n. *Mariprofundus*, An existing genus; *Aliimariprofundus*: A genus related to but distinct from the existing genus Mariprofundus of other.

Aliimaripseudobacter

L. masc. adjective *alius*, other; L. masc. n. *Maripseudobacter*, An existing genus; *Aliimaripseudobacter*: A genus related to but distinct from the existing genus Maripseudobacter of other.

Aliimarisediminicola

L. masc. adjective *alius*, other; L. fem. n. *Marisediminicola*, An existing genus; *Aliimarisediminicola*: A genus related to but distinct from the existing genus Marisediminicola of other.

Aliimarisediminitalea

L. masc. adjective *alius*, other; L. fem. n. *Marisediminitalea*, An existing genus; *Aliimarisediminitalea*: A genus related to but distinct from the existing genus Marisediminitalea of other.

Aliimarispirillum

L. masc. adjective *alius*, other; L. neut. dim. n. *Marispirillum*, An existing genus; *Aliimarispirillum*: A genus related to but distinct from the existing genus Marispirillum of other.

Aliimarispirochaeta

L. masc. adjective *alius*, other; L. fem. n. *Marispirochaeta*, An existing genus; *Aliimarispirochaeta*: A genus related to but distinct from the existing genus Marispirochaeta of other.

Aliimaritalea

L. masc. adjective *alius*, other; L. fem. n. *Maritalea*, An existing genus; *Aliimaritalea*: A genus related to but distinct from the existing genus Maritalea of other.

Aliimaritimibacter

L. masc. adjective *alius*, other; L. masc. n. *Maritimibacter*, An existing genus; *Aliimaritimibacter*: A genus related to but distinct from the existing genus Maritimibacter of other.

Aliimaritimimonas

L. masc. adjective *alius*, other; L. fem. n. *Maritimimonas*, An existing genus; *Aliimaritimimonas*: A genus related to but distinct from the existing genus Maritimimonas of other.

Aliimarivibrio

L. masc. adjective *alius*, other; L. masc. n. *Marivibrio*, An existing genus; *Aliimarivibrio*: A genus related to but distinct from the existing genus Marivibrio of other.

Aliimarivirga

L. masc. adjective *alius*, other; L. fem. n. *Marivirga*, An existing genus; *Aliimarivirga*: A genus related to but distinct from the existing genus Marivirga of other.

Aliimarivita

L. masc. adjective *alius*, other; L. fem. n. *Marivita*, An existing genus; *Aliimarivita*: A genus related to but distinct from the existing genus Marivita of other.

Aliimarixanthomonas

L. masc. adjective *alius*, other; L. fem. n. *Marixanthomonas*, An existing genus; *Aliimarixanthomonas*: A genus related to but distinct from the existing genus Marixanthomonas of other.

Aliimarmoricola

L. masc. adjective *alius*, other; L. masc. n. *Marmoricola*, An existing genus; *Aliimarmoricola*: A genus related to but distinct from the existing genus Marmoricola of other.

Aliimarortus

L. masc. adjective *alius*, other; L. masc. n. *Marortus*, An existing genus; *Aliimarortus*: A genus related to but distinct from the existing genus Marortus of other.

Aliimartelella

L. masc. adjective *alius*, other; L. fem. dim. n. *Martelella*, An existing genus; *Aliimartelella*: A genus related to but distinct from the existing genus Martelella of other.

Aliimarvinbryantia

L. masc. adjective *alius*, other; L. fem. n. *Marvinbryantia*, An existing genus; *Aliimarvinbryantia*: A genus related to but distinct from the existing genus Marvinbryantia of other.

Aliimassilibacterium

L. masc. adjective *alius*, other; L. neut. n. *Massilibacterium*, An existing genus; *Aliimassilibacterium*: A genus related to but distinct from the existing genus Massilibacterium of other.

Aliimassiliimalia

L. masc. adjective *alius*, other; L. fem. n. *Massiliimalia*, An existing genus; *Aliimassiliimalia*: A genus related to but distinct from the existing genus Massiliimalia of other.

Aliimechercharimyces

L. masc. adjective *alius*, other; L. masc. n. *Mechercharimyces*, An existing genus; *Aliimechercharimyces*: A genus related to but distinct from the existing genus Mechercharimyces of other.

Aliimediterraneibacter

L. masc. adjective *alius*, other; L. masc. n. *Mediterraneibacter*, An existing genus; *Aliimediterraneibacter*: A genus related to but distinct from the existing genus Mediterraneibacter of other.

Aliimegamonas

L. masc. adjective *alius*, other; L. fem. n. *Megamonas*, An existing genus; *Aliimegamonas*: A genus related to but distinct from the existing genus Megamonas of other.

Aliimeganema

L. masc. adjective *alius*, other; L. neut. n. *Meganema*, An existing genus; *Aliimeganema*: A genus related to but distinct from the existing genus Meganema of other.

Aliimegasphaera

L. masc. adjective *alius*, other; L. fem. n. *Megasphaera*, An existing genus; *Aliimegasphaera*: A genus related to but distinct from the existing genus Megasphaera of other.

Aliimeiothermus

L. masc. adjective *alius*, other; L. masc. n. *Meiothermus*, An existing genus; *Aliimeiothermus*: A genus related to but distinct from the existing genus Meiothermus of other.

Aliimelaminivora

L. masc. adjective *alius*, other; L. fem. n. *Melaminivora*, An existing genus; *Aliimelaminivora*: A genus related to but distinct from the existing genus Melaminivora of other.

Aliimelghiribacillus

L. masc. adjective *alius*, other; L. masc. n. *Melghiribacillus*, An existing genus; *Aliimelghiribacillus*: A genus related to but distinct from the existing genus Melghiribacillus of other.

Aliimelghirimyces

L. masc. adjective *alius*, other; L. masc. n. *Melghirimyces*, An existing genus; *Aliimelghirimyces*: A genus related to but distinct from the existing genus Melghirimyces of other.

Aliimelioribacter

L. masc. adjective *alius*, other; L. masc. n. *Melioribacter*, An existing genus; *Aliimelioribacter*: A genus related to but distinct from the existing genus Melioribacter of other.

Aliimelissococcus

L. masc. adjective *alius*, other; L. masc. n. *Melissococcus*, An existing genus; *Aliimelissococcus*: A genus related to but distinct from the existing genus Melissococcus of other.

Aliimelitea

L. masc. adjective *alius*, other; L. fem. n. *Melitea*, An existing genus; *Aliimelitea*: A genus related to but distinct from the existing genus Melitea of other.

Aliimelittangium

L. masc. adjective *alius*, other; L. neut. n. *Melittangium*, An existing genus; *Aliimelittangium*: A genus related to but distinct from the existing genus Melittangium of other.

Aliimembranicola

L. masc. adjective *alius*, other; L. masc. n. *Membranicola*, An existing genus; *Aliimembranicola*: A genus related to but distinct from the existing genus Membranicola of other.

Aliimeniscus

L. masc. adjective *alius*, other; L. masc. n. *Meniscus*, An existing genus; *Aliimeniscus*: A genus related to but distinct from the existing genus Meniscus of other.

Aliimerdibacter

L. masc. adjective *alius*, other; L. masc. n. *Merdibacter*, An existing genus; *Aliimerdibacter*: A genus related to but distinct from the existing genus Merdibacter of other.

Aliimerdimonas

L. masc. adjective *alius*, other; L. fem. n. *Merdimonas*, An existing genus; *Aliimerdimonas*: A genus related to but distinct from the existing genus Merdimonas of other.

Aliimeridianimaribacter

L. masc. adjective *alius*, other; L. masc. n. *Meridianimaribacter*, An existing genus; *Aliimeridianimaribacter*: A genus related to but distinct from the existing genus Meridianimaribacter of other.

Aliimeridianimarinicoccus

L. masc. adjective *alius*, other; L. masc. n. *Meridianimarinicoccus*, An existing genus; *Aliimeridianimarinicoccus*: A genus related to but distinct from the existing genus Meridianimarinicoccus of other.

Aliimesoaciditoga

L. masc. adjective *alius*, other; L. fem. n. *Mesoaciditoga*, An existing genus; *Aliimesoaciditoga*: A genus related to but distinct from the existing genus Mesoaciditoga of other.

Aliimesobacillus

L. masc. adjective *alius*, other; L. masc. n. *Mesobacillus*, An existing genus; *Aliimesobacillus*: A genus related to but distinct from the existing genus Mesobacillus of other.

Aliimesocricetibacter

L. masc. adjective *alius*, other; L. masc. n. *Mesocricetibacter*, An existing genus; *Aliimesocricetibacter*: A genus related to but distinct from the existing genus Mesocricetibacter of other.

Aliimesoflavibacter

L. masc. adjective *alius*, other; L. masc. n. *Mesoflavibacter*, An existing genus; *Aliimesoflavibacter*: A genus related to but distinct from the existing genus Mesoflavibacter of other.

Aliimesohalobacter

L. masc. adjective *alius*, other; L. masc. n. *Mesohalobacter*, An existing genus; *Aliimesohalobacter*: A genus related to but distinct from the existing genus Mesohalobacter of other.

Aliimesomycoplasma

L. masc. adjective *alius*, other; L. neut. n. *Mesomycoplasma*, An existing genus; *Aliimesomycoplasma*: A genus related to but distinct from the existing genus Mesomycoplasma of other.

Aliimesonia

L. masc. adjective *alius*, other; L. fem. n. *Mesonia*, An existing genus; *Aliimesonia*: A genus related to but distinct from the existing genus Mesonia of other.

Aliimesophilobacter

L. masc. adjective *alius*, other; L. masc. n. *Mesophilobacter*, An existing genus; *Aliimesophilobacter*: A genus related to but distinct from the existing genus Mesophilobacter of other.

Aliimesoplasma

L. masc. adjective *alius*, other; L. neut. n. *Mesoplasma*, An existing genus; *Aliimesoplasma*: A genus related to but distinct from the existing genus Mesoplasma of other.

Aliimesorhizobium

L. masc. adjective *alius*, other; L. neut. n. *Mesorhizobium*, An existing genus; *Aliimesorhizobium*: A genus related to but distinct from the existing genus Mesorhizobium of other.

Aliimesosutterella

L. masc. adjective *alius*, other; L. fem. dim. n. *Mesosutterella*, An existing genus; *Aliimesosutterella*: A genus related to but distinct from the existing genus Mesosutterella of other.

Aliimesotoga

L. masc. adjective *alius*, other; L. fem. n. *Mesotoga*, An existing genus; *Aliimesotoga*: A genus related to but distinct from the existing genus Mesotoga of other.

Aliimetabacillus

L. masc. adjective *alius*, other; L. masc. n. *Metabacillus*, An existing genus; *Aliimetabacillus*: A genus related to but distinct from the existing genus Metabacillus of other.

Aliimetakosakonia

L. masc. adjective *alius*, other; L. fem. n. *Metakosakonia*, An existing genus; *Aliimetakosakonia*: A genus related to but distinct from the existing genus Metakosakonia of other.

Aliimetallibacterium

L. masc. adjective *alius*, other; L. neut. n. *Metallibacterium*, An existing genus; *Aliimetallibacterium*: A genus related to but distinct from the existing genus Metallibacterium of other.

Aliimetalliresistens

L. masc. adjective *alius*, other; L. masc. n. *Metalliresistens*, An existing genus; *Aliimetalliresistens*: A genus related to but distinct from the existing genus Metalliresistens of other.

Aliimetallosphaera

L. masc. adjective *alius*, other; L. fem. n. *Metallosphaera*, An existing genus; *Aliimetallosphaera*: A genus related to but distinct from the existing genus Metallosphaera of other.

Aliimetalysinibacillus

L. masc. adjective *alius*, other; L. masc. n. *Metalysinibacillus*, An existing genus; *Aliimetalysinibacillus*: A genus related to but distinct from the existing genus Metalysinibacillus of other.

Aliimetamycoplasma

L. masc. adjective *alius*, other; L. neut. n. *Metamycoplasma*, An existing genus; *Aliimetamycoplasma*: A genus related to but distinct from the existing genus Metamycoplasma of other.

Aliimetaplanococcus

L. masc. adjective *alius*, other; L. masc. n. *Metaplanococcus*, An existing genus; *Aliimetaplanococcus*: A genus related to but distinct from the existing genus Metaplanococcus of other.

Aliimetascardovia

L. masc. adjective *alius*, other; L. fem. n. *Metascardovia*, An existing genus; *Aliimetascardovia*: A genus related to but distinct from the existing genus Metascardovia of other.

Aliimetasolibacillus

L. masc. adjective *alius*, other; L. masc. n. *Metasolibacillus*, An existing genus; *Aliimetasolibacillus*: A genus related to but distinct from the existing genus Metasolibacillus of other.

Aliimethanobacterium

L. masc. adjective *alius*, other; L. neut. n. *Methanobacterium*, An existing genus; *Aliimethanobacterium*: A genus related to but distinct from the existing genus Methanobacterium of other.

Aliimethanobrevibacter

L. masc. adjective *alius*, other; L. masc. n. *Methanobrevibacter*, An existing genus; *Aliimethanobrevibacter*: A genus related to but distinct from the existing genus Methanobrevibacter of other.

Aliimethanocalculus

L. masc. adjective *alius*, other; L. masc. n. *Methanocalculus*, An existing genus; *Aliimethanocalculus*: A genus related to but distinct from the existing genus Methanocalculus of other.

Aliimethanocaldococcus

L. masc. adjective *alius*, other; L. masc. n. *Methanocaldococcus*, An existing genus; *Aliimethanocaldococcus*: A genus related to but distinct from the existing genus Methanocaldococcus of other.

Aliimethanocella

L. masc. adjective *alius*, other; L. fem. n. *Methanocella*, An existing genus; *Aliimethanocella*: A genus related to but distinct from the existing genus Methanocella of other.

Aliimethanococcoides

L. masc. adjective *alius*, other; L. neut. n. *Methanococcoides*, An existing genus; *Aliimethanococcoides*: A genus related to but distinct from the existing genus Methanococcoides of other.

Aliimethanococcus

L. masc. adjective *alius*, other; L. masc. n. *Methanococcus*, An existing genus; *Aliimethanococcus*: A genus related to but distinct from the existing genus Methanococcus of other.

Aliimethanocorpusculum

L. masc. adjective *alius*, other; L. neut. n. *Methanocorpusculum*, An existing genus; *Aliimethanocorpusculum*: A genus related to but distinct from the existing genus Methanocorpusculum of other.

Aliimethanoculleus

L. masc. adjective *alius*, other; L. masc. n. *Methanoculleus*, An existing genus; *Aliimethanoculleus*: A genus related to but distinct from the existing genus Methanoculleus of other.

Aliimethanofervidicoccus

L. masc. adjective *alius*, other; L. masc. n. *Methanofervidicoccus*, An existing genus; *Aliimethanofervidicoccus*: A genus related to but distinct from the existing genus Methanofervidicoccus of other.

Aliimethanofollis

L. masc. adjective *alius*, other; L. masc. n. *Methanofollis*, An existing genus; *Aliimethanofollis*: A genus related to but distinct from the existing genus Methanofollis of other.

Aliimethanogenium

L. masc. adjective *alius*, other; L. neut. n. *Methanogenium*, An existing genus; *Aliimethanogenium*: A genus related to but distinct from the existing genus Methanogenium of other.

Aliimethanohalobium

L. masc. adjective *alius*, other; L. neut. n. *Methanohalobium*, An existing genus; *Aliimethanohalobium*: A genus related to but distinct from the existing genus Methanohalobium of other.

Aliimethanohalophilus

L. masc. adjective *alius*, other; L. masc. n. *Methanohalophilus*, An existing genus; *Aliimethanohalophilus*: A genus related to but distinct from the existing genus Methanohalophilus of other.

Aliimethanolacinia

L. masc. adjective *alius*, other; L. fem. n. *Methanolacinia*, An existing genus; *Aliimethanolacinia*: A genus related to but distinct from the existing genus Methanolacinia of other.

Aliimethanolinea

L. masc. adjective *alius*, other; L. fem. n. *Methanolinea*, An existing genus; *Aliimethanolinea*: A genus related to but distinct from the existing genus Methanolinea of other.

Aliimethanomassiliicoccus

L. masc. adjective *alius*, other; L. masc. n. *Methanomassiliicoccus*, An existing genus; *Aliimethanomassiliicoccus*: A genus related to but distinct from the existing genus Methanomassiliicoccus of other.

Aliimethanomethylovorans

L. masc. adjective *alius*, other; L. fem. n. *Methanomethylovorans*, An existing genus; *Aliimethanomethylovorans*: A genus related to but distinct from the existing genus Methanomethylovorans of other.

Aliimethanomicrobium

L. masc. adjective *alius*, other; L. neut. n. *Methanomicrobium*, An existing genus; *Aliimethanomicrobium*: A genus related to but distinct from the existing genus Methanomicrobium of other.

Aliimethanonatronarchaeum

L. masc. adjective *alius*, other; L. neut. n. *Methanonatronarchaeum*, An existing genus; *Aliimethanonatronarchaeum*: A genus related to but distinct from the existing genus Methanonatronarchaeum of other.

Aliimethanoplanus

L. masc. adjective *alius*, other; L. masc. n. *Methanoplanus*, An existing genus; *Aliimethanoplanus*: A genus related to but distinct from the existing genus Methanoplanus of other.

Aliimethanopyrus

L. masc. adjective *alius*, other; L. masc. n. *Methanopyrus*, An existing genus; *Aliimethanopyrus*: A genus related to but distinct from the existing genus Methanopyrus of other.

Aliimethanoregula

L. masc. adjective *alius*, other; L. fem. n. *Methanoregula*, An existing genus; *Aliimethanoregula*: A genus related to but distinct from the existing genus Methanoregula of other.

Aliimethanosaeta

L. masc. adjective *alius*, other; L. fem. n. *Methanosaeta*, An existing genus; *Aliimethanosaeta*: A genus related to but distinct from the existing genus Methanosaeta of other.

Aliimethanosalsum

L. masc. adjective *alius*, other; L. neut. n. *Methanosalsum*, An existing genus; *Aliimethanosalsum*: A genus related to but distinct from the existing genus Methanosalsum of other.

Aliimethanosarcina

L. masc. adjective *alius*, other; L. fem. n. *Methanosarcina*, An existing genus; *Aliimethanosarcina*: A genus related to but distinct from the existing genus Methanosarcina of other.

Aliimethanosphaera

L. masc. adjective *alius*, other; L. fem. n. *Methanosphaera*, An existing genus; *Aliimethanosphaera*: A genus related to but distinct from the existing genus Methanosphaera of other.

Aliimethanosphaerula

L. masc. adjective *alius*, other; L. fem. dim. n. *Methanosphaerula*, An existing genus; *Aliimethanosphaerula*: A genus related to but distinct from the existing genus Methanosphaerula of other.

Aliimethanospirillum

L. masc. adjective *alius*, other; L. neut. dim. n. *Methanospirillum*, An existing genus; *Aliimethanospirillum*: A genus related to but distinct from the existing genus Methanospirillum of other.

Aliimethanothermobacter

L. masc. adjective *alius*, other; L. masc. n. *Methanothermobacter*, An existing genus; *Aliimethanothermobacter*: A genus related to but distinct from the existing genus Methanothermobacter of other.

Aliimethanothermococcus

L. masc. adjective *alius*, other; L. masc. n. *Methanothermococcus*, An existing genus; *Aliimethanothermococcus*: A genus related to but distinct from the existing genus Methanothermococcus of other.

Aliimethanothermus

L. masc. adjective *alius*, other; L. masc. n. *Methanothermus*, An existing genus; *Aliimethanothermus*: A genus related to but distinct from the existing genus Methanothermus of other.

Aliimethanothrix

L. masc. adjective *alius*, other; L. fem. n. *Methanothrix*, An existing genus; *Aliimethanothrix*: A genus related to but distinct from the existing genus Methanothrix of other.

Aliimethanotorris

L. masc. adjective *alius*, other; L. masc. n. *Methanotorris*, An existing genus; *Aliimethanotorris*: A genus related to but distinct from the existing genus Methanotorris of other.

Aliimethermicoccus

L. masc. adjective *alius*, other; L. masc. n. *Methermicoccus*, An existing genus; *Aliimethermicoccus*: A genus related to but distinct from the existing genus Methermicoccus of other.

Aliimethylacidimicrobium

L. masc. adjective *alius*, other; L. neut. n. *Methylacidimicrobium*, An existing genus; *Aliimethylacidimicrobium*: A genus related to but distinct from the existing genus Methylacidimicrobium of other.

Aliimethylarcula

L. masc. adjective *alius*, other; L. fem. dim. n. *Methylarcula*, An existing genus; *Aliimethylarcula*: A genus related to but distinct from the existing genus Methylarcula of other.

Aliimethylibium

L. masc. adjective *alius*, other; L. neut. n. *Methylibium*, An existing genus; *Aliimethylibium*: A genus related to but distinct from the existing genus Methylibium of other.

Aliimethylicorpusculum

L. masc. adjective *alius*, other; L. neut. n. *Methylicorpusculum*, An existing genus; *Aliimethylicorpusculum*: A genus related to but distinct from the existing genus Methylicorpusculum of other.

Aliimethylobacillus

L. masc. adjective *alius*, other; L. masc. n. *Methylobacillus*, An existing genus; *Aliimethylobacillus*: A genus related to but distinct from the existing genus Methylobacillus of other.

Aliimethylobacter

L. masc. adjective *alius*, other; L. masc. n. *Methylobacter*, An existing genus; *Aliimethylobacter*: A genus related to but distinct from the existing genus Methylobacter of other.

Aliimethylobacterium

L. masc. adjective *alius*, other; L. neut. n. *Methylobacterium*, An existing genus; *Aliimethylobacterium*: A genus related to but distinct from the existing genus Methylobacterium of other.

Aliimethylobrevis

L. masc. adjective *alius*, other; L. masc. n. *Methylobrevis*, An existing genus; *Aliimethylobrevis*: A genus related to but distinct from the existing genus Methylobrevis of other.

Aliimethylocaldum

L. masc. adjective *alius*, other; L. neut. n. *Methylocaldum*, An existing genus; *Aliimethylocaldum*: A genus related to but distinct from the existing genus Methylocaldum of other.

Aliimethylocapsa

L. masc. adjective *alius*, other; L. fem. n. *Methylocapsa*, An existing genus; *Aliimethylocapsa*: A genus related to but distinct from the existing genus Methylocapsa of other.

Aliimethyloceanibacter

L. masc. adjective *alius*, other; L. masc. n. *Methyloceanibacter*, An existing genus; *Aliimethyloceanibacter*: A genus related to but distinct from the existing genus Methyloceanibacter of other.

Aliimethylocella

L. masc. adjective *alius*, other; L. fem. n. *Methylocella*, An existing genus; *Aliimethylocella*: A genus related to but distinct from the existing genus Methylocella of other.

Aliimethylococcus

L. masc. adjective *alius*, other; L. masc. n. *Methylococcus*, An existing genus; *Aliimethylococcus*: A genus related to but distinct from the existing genus Methylococcus of other.

Aliimethylocucumis

L. masc. adjective *alius*, other; L. masc. n. *Methylocucumis*, An existing genus; *Aliimethylocucumis*: A genus related to but distinct from the existing genus Methylocucumis of other.

Aliimethylocystis

L. masc. adjective *alius*, other; L. fem. n. *Methylocystis*, An existing genus; *Aliimethylocystis*: A genus related to but distinct from the existing genus Methylocystis of other.

Aliimethyloferula

L. masc. adjective *alius*, other; L. fem. n. *Methyloferula*, An existing genus; *Aliimethyloferula*: A genus related to but distinct from the existing genus Methyloferula of other.

Aliimethylogaea

L. masc. adjective *alius*, other; L. fem. n. *Methylogaea*, An existing genus; *Aliimethylogaea*: A genus related to but distinct from the existing genus Methylogaea of other.

Aliimethyloglobulus

L. masc. adjective *alius*, other; L. masc. dim. n. *Methyloglobulus*, An existing genus; *Aliimethyloglobulus*: A genus related to but distinct from the existing genus Methyloglobulus of other.

Aliimethylohalobius

L. masc. adjective *alius*, other; L. masc. n. *Methylohalobius*, An existing genus; *Aliimethylohalobius*: A genus related to but distinct from the existing genus Methylohalobius of other.

Aliimethylohalomonas

L. masc. adjective *alius*, other; L. fem. n. *Methylohalomonas*, An existing genus; *Aliimethylohalomonas*: A genus related to but distinct from the existing genus Methylohalomonas of other.

Aliimethyloligella

L. masc. adjective *alius*, other; L. fem. dim. n. *Methyloligella*, An existing genus; *Aliimethyloligella*: A genus related to but distinct from the existing genus Methyloligella of other.

Aliimethylolobus

L. masc. adjective *alius*, other; L. masc. n. *Methylolobus*, An existing genus; *Aliimethylolobus*: A genus related to but distinct from the existing genus Methylolobus of other.

Aliimethylomagnum

L. masc. adjective *alius*, other; L. neut. n. *Methylomagnum*, An existing genus; *Aliimethylomagnum*: A genus related to but distinct from the existing genus Methylomagnum of other.

Aliimethylomarinovum

L. masc. adjective *alius*, other; L. neut. n. *Methylomarinovum*, An existing genus; *Aliimethylomarinovum*: A genus related to but distinct from the existing genus Methylomarinovum of other.

Aliimethylomarinum

L. masc. adjective *alius*, other; L. neut. n. *Methylomarinum*, An existing genus; *Aliimethylomarinum*: A genus related to but distinct from the existing genus Methylomarinum of other.

Aliimethylomicrobium

L. masc. adjective *alius*, other; L. neut. n. *Methylomicrobium*, An existing genus; *Aliimethylomicrobium*: A genus related to but distinct from the existing genus Methylomicrobium of other.

Aliimethylomonas

L. masc. adjective *alius*, other; L. fem. n. *Methylomonas*, An existing genus; *Aliimethylomonas*: A genus related to but distinct from the existing genus Methylomonas of other.

Aliimethylomusa

L. masc. adjective *alius*, other; L. fem. n. *Methylomusa*, An existing genus; *Aliimethylomusa*: A genus related to but distinct from the existing genus Methylomusa of other.

Aliimethylonatrum

L. masc. adjective *alius*, other; L. neut. n. *Methylonatrum*, An existing genus; *Aliimethylonatrum*: A genus related to but distinct from the existing genus Methylonatrum of other.

Aliimethyloparacoccus

L. masc. adjective *alius*, other; L. masc. n. *Methyloparacoccus*, An existing genus; *Aliimethyloparacoccus*: A genus related to but distinct from the existing genus Methyloparacoccus of other.

Aliimethylophaga

L. masc. adjective *alius*, other; L. fem. n. *Methylophaga*, An existing genus; *Aliimethylophaga*: A genus related to but distinct from the existing genus Methylophaga of other.

Aliimethylophilus

L. masc. adjective *alius*, other; L. masc. n. *Methylophilus*, An existing genus; *Aliimethylophilus*: A genus related to but distinct from the existing genus Methylophilus of other.

Aliimethylopila

L. masc. adjective *alius*, other; L. fem. n. *Methylopila*, An existing genus; *Aliimethylopila*: A genus related to but distinct from the existing genus Methylopila of other.

Aliimethyloprofundus

L. masc. adjective *alius*, other; L. masc. n. *Methyloprofundus*, An existing genus; *Aliimethyloprofundus*: A genus related to but distinct from the existing genus Methyloprofundus of other.

Aliimethylorhabdus

L. masc. adjective *alius*, other; L. fem. n. *Methylorhabdus*, An existing genus; *Aliimethylorhabdus*: A genus related to but distinct from the existing genus Methylorhabdus of other.

Aliimethylorosula

L. masc. adjective *alius*, other; L. fem. dim. n. *Methylorosula*, An existing genus; *Aliimethylorosula*: A genus related to but distinct from the existing genus Methylorosula of other.

Aliimethylorubrum

L. masc. adjective *alius*, other; L. neut. n. *Methylorubrum*, An existing genus; *Aliimethylorubrum*: A genus related to but distinct from the existing genus Methylorubrum of other.

Aliimethylosarcina

L. masc. adjective *alius*, other; L. fem. n. *Methylosarcina*, An existing genus; *Aliimethylosarcina*: A genus related to but distinct from the existing genus Methylosarcina of other.

Aliimethylosinus

L. masc. adjective *alius*, other; L. masc. n. *Methylosinus*, An existing genus; *Aliimethylosinus*: A genus related to but distinct from the existing genus Methylosinus of other.

Aliimethylosoma

L. masc. adjective *alius*, other; L. neut. n. *Methylosoma*, An existing genus; *Aliimethylosoma*: A genus related to but distinct from the existing genus Methylosoma of other.

Aliimethylosphaera

L. masc. adjective *alius*, other; L. fem. n. *Methylosphaera*, An existing genus; *Aliimethylosphaera*: A genus related to but distinct from the existing genus Methylosphaera of other.

Aliimethylosulfonomonas

L. masc. adjective *alius*, other; L. fem. n. *Methylosulfonomonas*, An existing genus; *Aliimethylosulfonomonas*: A genus related to but distinct from the existing genus Methylosulfonomonas of other.

Aliimethylotenera

L. masc. adjective *alius*, other; L. fem. n. *Methylotenera*, An existing genus; *Aliimethylotenera*: A genus related to but distinct from the existing genus Methylotenera of other.

Aliimethyloterricola

L. masc. adjective *alius*, other; L. fem. n. *Methyloterricola*, An existing genus; *Aliimethyloterricola*: A genus related to but distinct from the existing genus Methyloterricola of other.

Aliimethyloterrigena

L. masc. adjective *alius*, other; L. fem. n. *Methyloterrigena*, An existing genus; *Aliimethyloterrigena*: A genus related to but distinct from the existing genus Methyloterrigena of other.

Aliimethylothermus

L. masc. adjective *alius*, other; L. masc. n. *Methylothermus*, An existing genus; *Aliimethylothermus*: A genus related to but distinct from the existing genus Methylothermus of other.

Aliimethylotuvimicrobium

L. masc. adjective *alius*, other; L. neut. n. *Methylotuvimicrobium*, An existing genus; *Aliimethylotuvimicrobium*: A genus related to but distinct from the existing genus Methylotuvimicrobium of other.

Aliimethyloversatilis

L. masc. adjective *alius*, other; L. fem. n. *Methyloversatilis*, An existing genus; *Aliimethyloversatilis*: A genus related to but distinct from the existing genus Methyloversatilis of other.

Aliimethylovirgula

L. masc. adjective *alius*, other; L. fem. dim. n. *Methylovirgula*, An existing genus; *Aliimethylovirgula*: A genus related to but distinct from the existing genus Methylovirgula of other.

Aliimethylovorus

L. masc. adjective *alius*, other; L. masc. n. *Methylovorus*, An existing genus; *Aliimethylovorus*: A genus related to but distinct from the existing genus Methylovorus of other.

Aliimethylovulum

L. masc. adjective *alius*, other; L. neut. n. *Methylovulum*, An existing genus; *Aliimethylovulum*: A genus related to but distinct from the existing genus Methylovulum of other.

Aliimicavibrio

L. masc. adjective *alius*, other; L. masc. n. *Micavibrio*, An existing genus; *Aliimicavibrio*: A genus related to but distinct from the existing genus Micavibrio of other.

Aliimicroaerobacter

L. masc. adjective *alius*, other; L. masc. n. *Microaerobacter*, An existing genus; *Aliimicroaerobacter*: A genus related to but distinct from the existing genus Microaerobacter of other.

Aliimicrobacterium

L. masc. adjective *alius*, other; L. neut. n. *Microbacterium*, An existing genus; *Aliimicrobacterium*: A genus related to but distinct from the existing genus Microbacterium of other.

Aliimicrobispora

L. masc. adjective *alius*, other; L. fem. n. *Microbispora*, An existing genus; *Aliimicrobispora*: A genus related to but distinct from the existing genus Microbispora of other.

Aliimicrobulbifer

L. masc. adjective *alius*, other; L. masc. n. *Microbulbifer*, An existing genus; *Aliimicrobulbifer*: A genus related to but distinct from the existing genus Microbulbifer of other.

Aliimicrocella

L. masc. adjective *alius*, other; L. fem. n. *Microcella*, An existing genus; *Aliimicrocella*: A genus related to but distinct from the existing genus Microcella of other.

Aliimicrococcoides

L. masc. adjective *alius*, other; L. neut. n. *Micrococcoides*, An existing genus; *Aliimicrococcoides*: A genus related to but distinct from the existing genus Micrococcoides of other.

Aliimicrococcus

L. masc. adjective *alius*, other; L. masc. n. *Micrococcus*, An existing genus; *Aliimicrococcus*: A genus related to but distinct from the existing genus Micrococcus of other.

Aliimicrocyclus

L. masc. adjective *alius*, other; L. masc. n. *Microcyclus*, An existing genus; *Aliimicrocyclus*: A genus related to but distinct from the existing genus Microcyclus of other.

Aliimicrocystis

L. masc. adjective *alius*, other; L. fem. n. *Microcystis*, An existing genus; *Aliimicrocystis*: A genus related to but distinct from the existing genus Microcystis of other.

Aliimicroellobosporia

L. masc. adjective *alius*, other; L. fem. n. *Microellobosporia*, An existing genus; *Aliimicroellobosporia*: A genus related to but distinct from the existing genus Microellobosporia of other.

Aliimicrolunatus

L. masc. adjective *alius*, other; L. masc. n. *Microlunatus*, An existing genus; *Aliimicrolunatus*: A genus related to but distinct from the existing genus Microlunatus of other.

Aliimicromonas

L. masc. adjective *alius*, other; L. fem. n. *Micromonas*, An existing genus; *Aliimicromonas*: A genus related to but distinct from the existing genus Micromonas of other.

Aliimicromonospora

L. masc. adjective *alius*, other; L. fem. n. *Micromonospora*, An existing genus; *Aliimicromonospora*: A genus related to but distinct from the existing genus Micromonospora of other.

Aliimicropepsis

L. masc. adjective *alius*, other; L. fem. n. *Micropepsis*, An existing genus; *Aliimicropepsis*: A genus related to but distinct from the existing genus Micropepsis of other.

Aliimicropolyspora

L. masc. adjective *alius*, other; L. fem. n. *Micropolyspora*, An existing genus; *Aliimicropolyspora*: A genus related to but distinct from the existing genus Micropolyspora of other.

Aliimicropruina

L. masc. adjective *alius*, other; L. fem. n. *Micropruina*, An existing genus; *Aliimicropruina*: A genus related to but distinct from the existing genus Micropruina of other.

Aliimicroscilla

L. masc. adjective *alius*, other; L. fem. n. *Microscilla*, An existing genus; *Aliimicroscilla*: A genus related to but distinct from the existing genus Microscilla of other.

Aliimicrosphaera

L. masc. adjective *alius*, other; L. fem. n. *Microsphaera*, An existing genus; *Aliimicrosphaera*: A genus related to but distinct from the existing genus Microsphaera of other.

Aliimicroterricola

L. masc. adjective *alius*, other; L. fem. n. *Microterricola*, An existing genus; *Aliimicroterricola*: A genus related to but distinct from the existing genus Microterricola of other.

Aliimicrotetraspora

L. masc. adjective *alius*, other; L. fem. n. *Microtetraspora*, An existing genus; *Aliimicrotetraspora*: A genus related to but distinct from the existing genus Microtetraspora of other.

Aliimicrovirgula

L. masc. adjective *alius*, other; L. fem. dim. n. *Microvirgula*, An existing genus; *Aliimicrovirgula*: A genus related to but distinct from the existing genus Microvirgula of other.

Aliimillisia

L. masc. adjective *alius*, other; L. fem. n. *Millisia*, An existing genus; *Aliimillisia*: A genus related to but distinct from the existing genus Millisia of other.

Aliiminicystis

L. masc. adjective *alius*, other; L. fem. n. *Minicystis*, An existing genus; *Aliiminicystis*: A genus related to but distinct from the existing genus Minicystis of other.

Aliiminiimonas

L. masc. adjective *alius*, other; L. fem. n. *Miniimonas*, An existing genus; *Aliiminiimonas*: A genus related to but distinct from the existing genus Miniimonas of other.

Aliiminiphocibacter

L. masc. adjective *alius*, other; L. masc. n. *Miniphocibacter*, An existing genus; *Aliiminiphocibacter*: A genus related to but distinct from the existing genus Miniphocibacter of other.

Aliiminunostoc

L. masc. adjective *alius*, other; L. neut. n. *Minunostoc*, An existing genus; *Aliiminunostoc*: A genus related to but distinct from the existing genus Minunostoc of other.

Aliiminwuia

L. masc. adjective *alius*, other; L. fem. n. *Minwuia*, An existing genus; *Aliiminwuia*: A genus related to but distinct from the existing genus Minwuia of other.

Aliimitsuaria

L. masc. adjective *alius*, other; L. fem. n. *Mitsuaria*, An existing genus; *Aliimitsuaria*: A genus related to but distinct from the existing genus Mitsuaria of other.

Aliimitsuokella

L. masc. adjective *alius*, other; L. fem. dim. n. *Mitsuokella*, An existing genus; *Aliimitsuokella*: A genus related to but distinct from the existing genus Mitsuokella of other.

Aliimixta

L. masc. adjective *alius*, other; L. fem. n. *Mixta*, An existing genus; *Aliimixta*: A genus related to but distinct from the existing genus Mixta of other.

Aliimizugakiibacter

L. masc. adjective *alius*, other; L. masc. n. *Mizugakiibacter*, An existing genus; *Aliimizugakiibacter*: A genus related to but distinct from the existing genus Mizugakiibacter of other.

Aliimobilicoccus

L. masc. adjective *alius*, other; L. masc. n. *Mobilicoccus*, An existing genus; *Aliimobilicoccus*: A genus related to but distinct from the existing genus Mobilicoccus of other.

Aliimobilifilum

L. masc. adjective *alius*, other; L. neut. n. *Mobilifilum*, An existing genus; *Aliimobilifilum*: A genus related to but distinct from the existing genus Mobilifilum of other.

Aliimobilisporobacter

L. masc. adjective *alius*, other; L. masc. n. *Mobilisporobacter*, An existing genus; *Aliimobilisporobacter*: A genus related to but distinct from the existing genus Mobilisporobacter of other.

Aliimobilitalea

L. masc. adjective *alius*, other; L. fem. n. *Mobilitalea*, An existing genus; *Aliimobilitalea*: A genus related to but distinct from the existing genus Mobilitalea of other.

Aliimobiluncus

L. masc. adjective *alius*, other; L. masc. n. *Mobiluncus*, An existing genus; *Aliimobiluncus*: A genus related to but distinct from the existing genus Mobiluncus of other.

Aliimodestobacter

L. masc. adjective *alius*, other; L. masc. n. *Modestobacter*, An existing genus; *Aliimodestobacter*: A genus related to but distinct from the existing genus Modestobacter of other.

Aliimodicisalibacter

L. masc. adjective *alius*, other; L. masc. n. *Modicisalibacter*, An existing genus; *Aliimodicisalibacter*: A genus related to but distinct from the existing genus Modicisalibacter of other.

Aliimoellerella

L. masc. adjective *alius*, other; L. fem. dim. n. *Moellerella*, An existing genus; *Aliimoellerella*: A genus related to but distinct from the existing genus Moellerella of other.

Aliimogibacterium

L. masc. adjective *alius*, other; L. neut. n. *Mogibacterium*, An existing genus; *Aliimogibacterium*: A genus related to but distinct from the existing genus Mogibacterium of other.

Aliimoheibacter

L. masc. adjective *alius*, other; L. masc. n. *Moheibacter*, An existing genus; *Aliimoheibacter*: A genus related to but distinct from the existing genus Moheibacter of other.

Aliimonaibacterium

L. masc. adjective *alius*, other; L. neut. n. *Monaibacterium*, An existing genus; *Aliimonaibacterium*: A genus related to but distinct from the existing genus Monaibacterium of other.

Aliimonashia

L. masc. adjective *alius*, other; L. fem. n. *Monashia*, An existing genus; *Aliimonashia*: A genus related to but distinct from the existing genus Monashia of other.

Aliimongoliibacter

L. masc. adjective *alius*, other; L. masc. n. *Mongoliibacter*, An existing genus; *Aliimongoliibacter*: A genus related to but distinct from the existing genus Mongoliibacter of other.

Aliimongoliicoccus

L. masc. adjective *alius*, other; L. masc. n. *Mongoliicoccus*, An existing genus; *Aliimongoliicoccus*: A genus related to but distinct from the existing genus Mongoliicoccus of other.

Aliimongoliimonas

L. masc. adjective *alius*, other; L. fem. n. *Mongoliimonas*, An existing genus; *Aliimongoliimonas*: A genus related to but distinct from the existing genus Mongoliimonas of other.

Aliimongoliitalea

L. masc. adjective *alius*, other; L. fem. n. *Mongoliitalea*, An existing genus; *Aliimongoliitalea*: A genus related to but distinct from the existing genus Mongoliitalea of other.

Aliimonoglobus

L. masc. adjective *alius*, other; L. masc. n. *Monoglobus*, An existing genus; *Aliimonoglobus*: A genus related to but distinct from the existing genus Monoglobus of other.

Aliimoorea

L. masc. adjective *alius*, other; L. fem. n. *Moorea*, An existing genus; *Aliimoorea*: A genus related to but distinct from the existing genus Moorea of other.

Aliimooreia

L. masc. adjective *alius*, other; L. fem. n. *Mooreia*, An existing genus; *Aliimooreia*: A genus related to but distinct from the existing genus Mooreia of other.

Aliimoorella

L. masc. adjective *alius*, other; L. fem. dim. n. *Moorella*, An existing genus; *Aliimoorella*: A genus related to but distinct from the existing genus Moorella of other.

Aliimoraxella

L. masc. adjective *alius*, other; L. fem. dim. n. *Moraxella*, An existing genus; *Aliimoraxella*: A genus related to but distinct from the existing genus Moraxella of other.

Aliimorganella

L. masc. adjective *alius*, other; L. fem. dim. n. *Morganella*, An existing genus; *Aliimorganella*: A genus related to but distinct from the existing genus Morganella of other.

Aliimoritella

L. masc. adjective *alius*, other; L. fem. dim. n. *Moritella*, An existing genus; *Aliimoritella*: A genus related to but distinct from the existing genus Moritella of other.

Aliimorococcus

L. masc. adjective *alius*, other; L. masc. n. *Morococcus*, An existing genus; *Aliimorococcus*: A genus related to but distinct from the existing genus Morococcus of other.

Aliimoryella

L. masc. adjective *alius*, other; L. fem. dim. n. *Moryella*, An existing genus; *Aliimoryella*: A genus related to but distinct from the existing genus Moryella of other.

Aliimotilibacter

L. masc. adjective *alius*, other; L. masc. n. *Motilibacter*, An existing genus; *Aliimotilibacter*: A genus related to but distinct from the existing genus Motilibacter of other.

Aliimotilimonas

L. masc. adjective *alius*, other; L. fem. n. *Motilimonas*, An existing genus; *Aliimotilimonas*: A genus related to but distinct from the existing genus Motilimonas of other.

Aliimotiliproteus

L. masc. adjective *alius*, other; L. masc. n. *Motiliproteus*, An existing genus; *Aliimotiliproteus*: A genus related to but distinct from the existing genus Motiliproteus of other.

Aliimucinivorans

L. masc. adjective *alius*, other; L. masc. n. *Mucinivorans*, An existing genus; *Aliimucinivorans*: A genus related to but distinct from the existing genus Mucinivorans of other.

Aliimucispirillum

L. masc. adjective *alius*, other; L. neut. dim. n. *Mucispirillum*, An existing genus; *Aliimucispirillum*: A genus related to but distinct from the existing genus Mucispirillum of other.

Aliimumia

L. masc. adjective *alius*, other; L. fem. n. *Mumia*, An existing genus; *Aliimumia*: A genus related to but distinct from the existing genus Mumia of other.

Aliimurdochiella

L. masc. adjective *alius*, other; L. fem. dim. n. *Murdochiella*, An existing genus; *Aliimurdochiella*: A genus related to but distinct from the existing genus Murdochiella of other.

Aliimuribacter

L. masc. adjective *alius*, other; L. masc. n. *Muribacter*, An existing genus; *Aliimuribacter*: A genus related to but distinct from the existing genus Muribacter of other.

Aliimuribaculum

L. masc. adjective *alius*, other; L. neut. n. *Muribaculum*, An existing genus; *Aliimuribaculum*: A genus related to but distinct from the existing genus Muribaculum of other.

Aliimuricauda

L. masc. adjective *alius*, other; L. fem. n. *Muricauda*, An existing genus; *Aliimuricauda*: A genus related to but distinct from the existing genus Muricauda of other.

Aliimuricoccus

L. masc. adjective *alius*, other; L. masc. n. *Muricoccus*, An existing genus; *Aliimuricoccus*: A genus related to but distinct from the existing genus Muricoccus of other.

Aliimuricomes

L. masc. adjective *alius*, other; L. masc. n. *Muricomes*, An existing genus; *Aliimuricomes*: A genus related to but distinct from the existing genus Muricomes of other.

Aliimuriicola

L. masc. adjective *alius*, other; L. masc. n. *Muriicola*, An existing genus; *Aliimuriicola*: A genus related to but distinct from the existing genus Muriicola of other.

Aliimurimonas

L. masc. adjective *alius*, other; L. fem. n. *Murimonas*, An existing genus; *Aliimurimonas*: A genus related to but distinct from the existing genus Murimonas of other.

Aliimurinocardiopsis

L. masc. adjective *alius*, other; L. fem. n. *Murinocardiopsis*, An existing genus; *Aliimurinocardiopsis*: A genus related to but distinct from the existing genus Murinocardiopsis of other.

Aliimyceligenerans

L. masc. adjective *alius*, other; L. neut. n. *Myceligenerans*, An existing genus; *Aliimyceligenerans*: A genus related to but distinct from the existing genus Myceligenerans of other.

Aliimycetocola

L. masc. adjective *alius*, other; L. masc. n. *Mycetocola*, An existing genus; *Aliimycetocola*: A genus related to but distinct from the existing genus Mycetocola of other.

Aliimycoavidus

L. masc. adjective *alius*, other; L. masc. n. *Mycoavidus*, An existing genus; *Aliimycoavidus*: A genus related to but distinct from the existing genus Mycoavidus of other.

Aliimycobacterium

L. masc. adjective *alius*, other; L. neut. n. *Mycobacterium*, An existing genus; *Aliimycobacterium*: A genus related to but distinct from the existing genus Mycobacterium of other.

Aliimycobacteroides

L. masc. adjective *alius*, other; L. neut. n. *Mycobacteroides*, An existing genus; *Aliimycobacteroides*: A genus related to but distinct from the existing genus Mycobacteroides of other.

Aliimycolicibacillus

L. masc. adjective *alius*, other; L. masc. n. *Mycolicibacillus*, An existing genus; *Aliimycolicibacillus*: A genus related to but distinct from the existing genus Mycolicibacillus of other.

Aliimycolicibacter

L. masc. adjective *alius*, other; L. masc. n. *Mycolicibacter*, An existing genus; *Aliimycolicibacter*: A genus related to but distinct from the existing genus Mycolicibacter of other.

Aliimycolicibacterium

L. masc. adjective *alius*, other; L. neut. n. *Mycolicibacterium*, An existing genus; *Aliimycolicibacterium*: A genus related to but distinct from the existing genus Mycolicibacterium of other.

Aliimycoplana

L. masc. adjective *alius*, other; L. fem. n. *Mycoplana*, An existing genus; *Aliimycoplana*: A genus related to but distinct from the existing genus Mycoplana of other.

Aliimycoplasma

L. masc. adjective *alius*, other; L. neut. n. *Mycoplasma*, An existing genus; *Aliimycoplasma*: A genus related to but distinct from the existing genus Mycoplasma of other.

Aliimycoplasmoides

L. masc. adjective *alius*, other; L. neut. n. *Mycoplasmoides*, An existing genus; *Aliimycoplasmoides*: A genus related to but distinct from the existing genus Mycoplasmoides of other.

Aliimycoplasmopsis

L. masc. adjective *alius*, other; L. fem. n. *Mycoplasmopsis*, An existing genus; *Aliimycoplasmopsis*: A genus related to but distinct from the existing genus Mycoplasmopsis of other.

Aliimyroides

L. masc. adjective *alius*, other; L. masc. n. *Myroides*, An existing genus; *Aliimyroides*: A genus related to but distinct from the existing genus Myroides of other.

Aliimyxacorys

L. masc. adjective *alius*, other; L. fem. n. *Myxacorys*, An existing genus; *Aliimyxacorys*: A genus related to but distinct from the existing genus Myxacorys of other.

Aliimyxococcus

L. masc. adjective *alius*, other; L. masc. n. *Myxococcus*, An existing genus; *Aliimyxococcus*: A genus related to but distinct from the existing genus Myxococcus of other.

Aliimzabimyces

L. masc. adjective *alius*, other; L. masc. n. *Mzabimyces*, An existing genus; *Aliimzabimyces*: A genus related to but distinct from the existing genus Mzabimyces of other.

Aliinaasia

L. masc. adjective *alius*, other; L. fem. n. *Naasia*, An existing genus; *Aliinaasia*: A genus related to but distinct from the existing genus Naasia of other.

Aliinafulsella

L. masc. adjective *alius*, other; L. fem. dim. n. *Nafulsella*, An existing genus; *Aliinafulsella*: A genus related to but distinct from the existing genus Nafulsella of other.

Aliinakamurella

L. masc. adjective *alius*, other; L. fem. dim. n. *Nakamurella*, An existing genus; *Aliinakamurella*: A genus related to but distinct from the existing genus Nakamurella of other.

Aliinamhaeicola

L. masc. adjective *alius*, other; L. masc. n. *Namhaeicola*, An existing genus; *Aliinamhaeicola*: A genus related to but distinct from the existing genus Namhaeicola of other.

Aliinannocystis

L. masc. adjective *alius*, other; L. fem. n. *Nannocystis*, An existing genus; *Aliinannocystis*: A genus related to but distinct from the existing genus Nannocystis of other.

Aliinatranaerobaculum

L. masc. adjective *alius*, other; L. neut. n. *Natranaerobaculum*, An existing genus; *Aliinatranaerobaculum*: A genus related to but distinct from the existing genus Natranaerobaculum of other.

Aliinatranaerobius

L. masc. adjective *alius*, other; L. masc. n. *Natranaerobius*, An existing genus; *Aliinatranaerobius*: A genus related to but distinct from the existing genus Natranaerobius of other.

Aliinatranaerovirga

L. masc. adjective *alius*, other; L. fem. n. *Natranaerovirga*, An existing genus; *Aliinatranaerovirga*: A genus related to but distinct from the existing genus Natranaerovirga of other.

Aliinatrarchaeobaculum

L. masc. adjective *alius*, other; L. neut. n. *Natrarchaeobaculum*, An existing genus; *Aliinatrarchaeobaculum*: A genus related to but distinct from the existing genus Natrarchaeobaculum of other.

Aliinatrarchaeobius

L. masc. adjective *alius*, other; L. masc. n. *Natrarchaeobius*, An existing genus; *Aliinatrarchaeobius*: A genus related to but distinct from the existing genus Natrarchaeobius of other.

Aliinatrialba

L. masc. adjective *alius*, other; L. fem. n. *Natrialba*, An existing genus; *Aliinatrialba*: A genus related to but distinct from the existing genus Natrialba of other.

Aliinatribacillus

L. masc. adjective *alius*, other; L. masc. n. *Natribacillus*, An existing genus; *Aliinatribacillus*: A genus related to but distinct from the existing genus Natribacillus of other.

Aliinatribaculum

L. masc. adjective *alius*, other; L. neut. n. *Natribaculum*, An existing genus; *Aliinatribaculum*: A genus related to but distinct from the existing genus Natribaculum of other.

Aliinatrinema

L. masc. adjective *alius*, other; L. neut. n. *Natrinema*, An existing genus; *Aliinatrinema*: A genus related to but distinct from the existing genus Natrinema of other.

Aliinatroniella

L. masc. adjective *alius*, other; L. fem. dim. n. *Natroniella*, An existing genus; *Aliinatroniella*: A genus related to but distinct from the existing genus Natroniella of other.

Aliinatronoarchaeum

L. masc. adjective *alius*, other; L. neut. n. *Natronoarchaeum*, An existing genus; *Aliinatronoarchaeum*: A genus related to but distinct from the existing genus Natronoarchaeum of other.

Aliinatronobacillus

L. masc. adjective *alius*, other; L. masc. n. *Natronobacillus*, An existing genus; *Aliinatronobacillus*: A genus related to but distinct from the existing genus Natronobacillus of other.

Aliinatronobacterium

L. masc. adjective *alius*, other; L. neut. n. *Natronobacterium*, An existing genus; *Aliinatronobacterium*: A genus related to but distinct from the existing genus Natronobacterium of other.

Aliinatronobiforma

L. masc. adjective *alius*, other; L. fem. n. *Natronobiforma*, An existing genus; *Aliinatronobiforma*: A genus related to but distinct from the existing genus Natronobiforma of other.

Aliinatronocella

L. masc. adjective *alius*, other; L. fem. n. *Natronocella*, An existing genus; *Aliinatronocella*: A genus related to but distinct from the existing genus Natronocella of other.

Aliinatronococcus

L. masc. adjective *alius*, other; L. masc. n. *Natronococcus*, An existing genus; *Aliinatronococcus*: A genus related to but distinct from the existing genus Natronococcus of other.

Aliinatronoflexus

L. masc. adjective *alius*, other; L. masc. n. *Natronoflexus*, An existing genus; *Aliinatronoflexus*: A genus related to but distinct from the existing genus Natronoflexus of other.

Aliinatronolimnobius

L. masc. adjective *alius*, other; L. masc. n. *Natronolimnobius*, An existing genus; *Aliinatronolimnobius*: A genus related to but distinct from the existing genus Natronolimnobius of other.

Aliinatronolimnohabitans

L. masc. adjective *alius*, other; L. masc. n. *Natronolimnohabitans*, An existing genus; *Aliinatronolimnohabitans*: A genus related to but distinct from the existing genus Natronolimnohabitans of other.

Aliinatronomonas

L. masc. adjective *alius*, other; L. fem. n. *Natronomonas*, An existing genus; *Aliinatronomonas*: A genus related to but distinct from the existing genus Natronomonas of other.

Aliinatronorubrum

L. masc. adjective *alius*, other; L. neut. n. *Natronorubrum*, An existing genus; *Aliinatronorubrum*: A genus related to but distinct from the existing genus Natronorubrum of other.

Aliinatronospira

L. masc. adjective *alius*, other; L. fem. n. *Natronospira*, An existing genus; *Aliinatronospira*: A genus related to but distinct from the existing genus Natronospira of other.

Aliinatronospirillum

L. masc. adjective *alius*, other; L. neut. dim. n. *Natronospirillum*, An existing genus; *Aliinatronospirillum*: A genus related to but distinct from the existing genus Natronospirillum of other.

Aliinatronovirga

L. masc. adjective *alius*, other; L. fem. n. *Natronovirga*, An existing genus; *Aliinatronovirga*: A genus related to but distinct from the existing genus Natronovirga of other.

Aliinaumannella

L. masc. adjective *alius*, other; L. fem. dim. n. *Naumannella*, An existing genus; *Aliinaumannella*: A genus related to but distinct from the existing genus Naumannella of other.

Aliinautella

L. masc. adjective *alius*, other; L. fem. dim. n. *Nautella*, An existing genus; *Aliinautella*: A genus related to but distinct from the existing genus Nautella of other.

Aliinautilia

L. masc. adjective *alius*, other; L. fem. n. *Nautilia*, An existing genus; *Aliinautilia*: A genus related to but distinct from the existing genus Nautilia of other.

Aliinaxibacter

L. masc. adjective *alius*, other; L. masc. n. *Naxibacter*, An existing genus; *Aliinaxibacter*: A genus related to but distinct from the existing genus Naxibacter of other.

Aliinecropsobacter

L. masc. adjective *alius*, other; L. masc. n. *Necropsobacter*, An existing genus; *Aliinecropsobacter*: A genus related to but distinct from the existing genus Necropsobacter of other.

Aliinegadavirga

L. masc. adjective *alius*, other; L. fem. n. *Negadavirga*, An existing genus; *Aliinegadavirga*: A genus related to but distinct from the existing genus Negadavirga of other.

Aliinegativicoccus

L. masc. adjective *alius*, other; L. masc. n. *Negativicoccus*, An existing genus; *Aliinegativicoccus*: A genus related to but distinct from the existing genus Negativicoccus of other.

Aliineiella

L. masc. adjective *alius*, other; L. fem. dim. n. *Neiella*, An existing genus; *Aliineiella*: A genus related to but distinct from the existing genus Neiella of other.

Aliineisseria

L. masc. adjective *alius*, other; L. fem. n. *Neisseria*, An existing genus; *Aliineisseria*: A genus related to but distinct from the existing genus Neisseria of other.

Aliinemorella

L. masc. adjective *alius*, other; L. fem. dim. n. *Nemorella*, An existing genus; *Aliinemorella*: A genus related to but distinct from the existing genus Nemorella of other.

Aliinemorincola

L. masc. adjective *alius*, other; L. fem. n. *Nemorincola*, An existing genus; *Aliinemorincola*: A genus related to but distinct from the existing genus Nemorincola of other.

Aliineoasaia

L. masc. adjective *alius*, other; L. fem. n. *Neoasaia*, An existing genus; *Aliineoasaia*: A genus related to but distinct from the existing genus Neoasaia of other.

Aliineobacillus

L. masc. adjective *alius*, other; L. masc. n. *Neobacillus*, An existing genus; *Aliineobacillus*: A genus related to but distinct from the existing genus Neobacillus of other.

Aliineochlamydia

L. masc. adjective *alius*, other; L. fem. n. *Neochlamydia*, An existing genus; *Aliineochlamydia*: A genus related to but distinct from the existing genus Neochlamydia of other.

Aliineokomagataea

L. masc. adjective *alius*, other; L. fem. n. *Neokomagataea*, An existing genus; *Aliineokomagataea*: A genus related to but distinct from the existing genus Neokomagataea of other.

Aliineolyngbya

L. masc. adjective *alius*, other; L. fem. n. *Neolyngbya*, An existing genus; *Aliineolyngbya*: A genus related to but distinct from the existing genus Neolyngbya of other.

Aliineomegalonema

L. masc. adjective *alius*, other; L. neut. n. *Neomegalonema*, An existing genus; *Aliineomegalonema*: A genus related to but distinct from the existing genus Neomegalonema of other.

Aliineomicrococcus

L. masc. adjective *alius*, other; L. masc. n. *Neomicrococcus*, An existing genus; *Aliineomicrococcus*: A genus related to but distinct from the existing genus Neomicrococcus of other.

Aliineorhizobium

L. masc. adjective *alius*, other; L. neut. n. *Neorhizobium*, An existing genus; *Aliineorhizobium*: A genus related to but distinct from the existing genus Neorhizobium of other.

Aliineorickettsia

L. masc. adjective *alius*, other; L. fem. n. *Neorickettsia*, An existing genus; *Aliineorickettsia*: A genus related to but distinct from the existing genus Neorickettsia of other.

Aliineoscardovia

L. masc. adjective *alius*, other; L. fem. n. *Neoscardovia*, An existing genus; *Aliineoscardovia*: A genus related to but distinct from the existing genus Neoscardovia of other.

Aliineowestiellopsis

L. masc. adjective *alius*, other; L. fem. n. *Neowestiellopsis*, An existing genus; *Aliineowestiellopsis*: A genus related to but distinct from the existing genus Neowestiellopsis of other.

Aliineptunicella

L. masc. adjective *alius*, other; L. fem. n. *Neptunicella*, An existing genus; *Aliineptunicella*: A genus related to but distinct from the existing genus Neptunicella of other.

Aliineptunicoccus

L. masc. adjective *alius*, other; L. masc. n. *Neptunicoccus*, An existing genus; *Aliineptunicoccus*: A genus related to but distinct from the existing genus Neptunicoccus of other.

Aliineptuniibacter

L. masc. adjective *alius*, other; L. masc. n. *Neptuniibacter*, An existing genus; *Aliineptuniibacter*: A genus related to but distinct from the existing genus Neptuniibacter of other.

Aliineptunitalea

L. masc. adjective *alius*, other; L. fem. n. *Neptunitalea*, An existing genus; *Aliineptunitalea*: A genus related to but distinct from the existing genus Neptunitalea of other.

Aliineptunomonas

L. masc. adjective *alius*, other; L. fem. n. *Neptunomonas*, An existing genus; *Aliineptunomonas*: A genus related to but distinct from the existing genus Neptunomonas of other.

Aliinereida

L. masc. adjective *alius*, other; L. fem. n. *Nereida*, An existing genus; *Aliinereida*: A genus related to but distinct from the existing genus Nereida of other.

Aliinesiotobacter

L. masc. adjective *alius*, other; L. masc. n. *Nesiotobacter*, An existing genus; *Aliinesiotobacter*: A genus related to but distinct from the existing genus Nesiotobacter of other.

Aliinesterenkonia

L. masc. adjective *alius*, other; L. fem. n. *Nesterenkonia*, An existing genus; *Aliinesterenkonia*: A genus related to but distinct from the existing genus Nesterenkonia of other.

Aliinevskia

L. masc. adjective *alius*, other; L. fem. n. *Nevskia*, An existing genus; *Aliinevskia*: A genus related to but distinct from the existing genus Nevskia of other.

Aliinguyenibacter

L. masc. adjective *alius*, other; L. masc. n. *Nguyenibacter*, An existing genus; *Aliinguyenibacter*: A genus related to but distinct from the existing genus Nguyenibacter of other.

Aliiniabella

L. masc. adjective *alius*, other; L. fem. dim. n. *Niabella*, An existing genus; *Aliiniabella*: A genus related to but distinct from the existing genus Niabella of other.

Aliiniastella

L. masc. adjective *alius*, other; L. fem. dim. n. *Niastella*, An existing genus; *Aliiniastella*: A genus related to but distinct from the existing genus Niastella of other.

Aliinibrella

L. masc. adjective *alius*, other; L. fem. dim. n. *Nibrella*, An existing genus; *Aliinibrella*: A genus related to but distinct from the existing genus Nibrella of other.

Aliinibribacter

L. masc. adjective *alius*, other; L. masc. n. *Nibribacter*, An existing genus; *Aliinibribacter*: A genus related to but distinct from the existing genus Nibribacter of other.

Aliinibricoccus

L. masc. adjective *alius*, other; L. masc. n. *Nibricoccus*, An existing genus; *Aliinibricoccus*: A genus related to but distinct from the existing genus Nibricoccus of other.

Aliinicoletella

L. masc. adjective *alius*, other; L. fem. dim. n. *Nicoletella*, An existing genus; *Aliinicoletella*: A genus related to but distinct from the existing genus Nicoletella of other.

Aliiningiella

L. masc. adjective *alius*, other; L. fem. dim. n. *Ningiella*, An existing genus; *Aliiningiella*: A genus related to but distinct from the existing genus Ningiella of other.

Aliinioella

L. masc. adjective *alius*, other; L. fem. dim. n. *Nioella*, An existing genus; *Aliinioella*: A genus related to but distinct from the existing genus Nioella of other.

Aliinitratifractor

L. masc. adjective *alius*, other; L. masc. n. *Nitratifractor*, An existing genus; *Aliinitratifractor*: A genus related to but distinct from the existing genus Nitratifractor of other.

Aliinitratireductor

L. masc. adjective *alius*, other; L. masc. n. *Nitratireductor*, An existing genus; *Aliinitratireductor*: A genus related to but distinct from the existing genus Nitratireductor of other.

Aliinitratiruptor

L. masc. adjective *alius*, other; L. masc. n. *Nitratiruptor*, An existing genus; *Aliinitratiruptor*: A genus related to but distinct from the existing genus Nitratiruptor of other.

Aliinitriliruptor

L. masc. adjective *alius*, other; L. masc. n. *Nitriliruptor*, An existing genus; *Aliinitriliruptor*: A genus related to but distinct from the existing genus Nitriliruptor of other.

Aliinitrincola

L. masc. adjective *alius*, other; L. masc. n. *Nitrincola*, An existing genus; *Aliinitrincola*: A genus related to but distinct from the existing genus Nitrincola of other.

Aliinitritalea

L. masc. adjective *alius*, other; L. fem. n. *Nitritalea*, An existing genus; *Aliinitritalea*: A genus related to but distinct from the existing genus Nitritalea of other.

Aliinitrobacter

L. masc. adjective *alius*, other; L. masc. n. *Nitrobacter*, An existing genus; *Aliinitrobacter*: A genus related to but distinct from the existing genus Nitrobacter of other.

Aliinitrococcus

L. masc. adjective *alius*, other; L. masc. n. *Nitrococcus*, An existing genus; *Aliinitrococcus*: A genus related to but distinct from the existing genus Nitrococcus of other.

Aliinitrolancea

L. masc. adjective *alius*, other; L. fem. n. *Nitrolancea*, An existing genus; *Aliinitrolancea*: A genus related to but distinct from the existing genus Nitrolancea of other.

Aliinitrosarchaeum

L. masc. adjective *alius*, other; L. neut. n. *Nitrosarchaeum*, An existing genus; *Aliinitrosarchaeum*: A genus related to but distinct from the existing genus Nitrosarchaeum of other.

Aliinitrosococcus

L. masc. adjective *alius*, other; L. masc. n. *Nitrosococcus*, An existing genus; *Aliinitrosococcus*: A genus related to but distinct from the existing genus Nitrosococcus of other.

Aliinitrosolobus

L. masc. adjective *alius*, other; L. masc. n. *Nitrosolobus*, An existing genus; *Aliinitrosolobus*: A genus related to but distinct from the existing genus Nitrosolobus of other.

Aliinitrosomonas

L. masc. adjective *alius*, other; L. fem. n. *Nitrosomonas*, An existing genus; *Aliinitrosomonas*: A genus related to but distinct from the existing genus Nitrosomonas of other.

Aliinitrosopumilus

L. masc. adjective *alius*, other; L. masc. n. *Nitrosopumilus*, An existing genus; *Aliinitrosopumilus*: A genus related to but distinct from the existing genus Nitrosopumilus of other.

Aliinitrososphaera

L. masc. adjective *alius*, other; L. fem. n. *Nitrososphaera*, An existing genus; *Aliinitrososphaera*: A genus related to but distinct from the existing genus Nitrososphaera of other.

Aliinitrosospira

L. masc. adjective *alius*, other; L. fem. n. *Nitrosospira*, An existing genus; *Aliinitrosospira*: A genus related to but distinct from the existing genus Nitrosospira of other.

Aliinitrospina

L. masc. adjective *alius*, other; L. fem. n. *Nitrospina*, An existing genus; *Aliinitrospina*: A genus related to but distinct from the existing genus Nitrospina of other.

Aliinitrospira

L. masc. adjective *alius*, other; L. fem. n. *Nitrospira*, An existing genus; *Aliinitrospira*: A genus related to but distinct from the existing genus Nitrospira of other.

Aliiniveibacterium

L. masc. adjective *alius*, other; L. neut. n. *Niveibacterium*, An existing genus; *Aliiniveibacterium*: A genus related to but distinct from the existing genus Niveibacterium of other.

Aliiniveispirillum

L. masc. adjective *alius*, other; L. neut. dim. n. *Niveispirillum*, An existing genus; *Aliiniveispirillum*: A genus related to but distinct from the existing genus Niveispirillum of other.

Aliiniveitalea

L. masc. adjective *alius*, other; L. fem. n. *Niveitalea*, An existing genus; *Aliiniveitalea*: A genus related to but distinct from the existing genus Niveitalea of other.

Aliinocardia

L. masc. adjective *alius*, other; L. fem. n. *Nocardia*, An existing genus; *Aliinocardia*: A genus related to but distinct from the existing genus Nocardia of other.

Aliinocardioides

L. masc. adjective *alius*, other; L. masc. n. *Nocardioides*, An existing genus; *Aliinocardioides*: A genus related to but distinct from the existing genus Nocardioides of other.

Aliinocardiopsis

L. masc. adjective *alius*, other; L. fem. n. *Nocardiopsis*, An existing genus; *Aliinocardiopsis*: A genus related to but distinct from the existing genus Nocardiopsis of other.

Aliinodosilinea

L. masc. adjective *alius*, other; L. fem. n. *Nodosilinea*, An existing genus; *Aliinodosilinea*: A genus related to but distinct from the existing genus Nodosilinea of other.

Aliinonhongiella

L. masc. adjective *alius*, other; L. fem. dim. n. *Nonhongiella*, An existing genus; *Aliinonhongiella*: A genus related to but distinct from the existing genus Nonhongiella of other.

Aliinonomuraea

L. masc. adjective *alius*, other; L. fem. n. *Nonomuraea*, An existing genus; *Aliinonomuraea*: A genus related to but distinct from the existing genus Nonomuraea of other.

Aliinosocomiicoccus

L. masc. adjective *alius*, other; L. masc. n. *Nosocomiicoccus*, An existing genus; *Aliinosocomiicoccus*: A genus related to but distinct from the existing genus Nosocomiicoccus of other.

Aliinostoc

L. masc. adjective *alius*, other; L. neut. n. *Nostoc*, An existing genus; *Aliinostoc*: A genus related to but distinct from the existing genus Nostoc of other.

Aliinotoacmeibacter

L. masc. adjective *alius*, other; L. masc. n. *Notoacmeibacter*, An existing genus; *Aliinotoacmeibacter*: A genus related to but distinct from the existing genus Notoacmeibacter of other.

Aliinovibacillus

L. masc. adjective *alius*, other; L. masc. n. *Novibacillus*, An existing genus; *Aliinovibacillus*: A genus related to but distinct from the existing genus Novibacillus of other.

Aliinoviherbaspirillum

L. masc. adjective *alius*, other; L. neut. dim. n. *Noviherbaspirillum*, An existing genus; *Aliinoviherbaspirillum*: A genus related to but distinct from the existing genus Noviherbaspirillum of other.

Aliinovimethylophilus

L. masc. adjective *alius*, other; L. masc. n. *Novimethylophilus*, An existing genus; *Aliinovimethylophilus*: A genus related to but distinct from the existing genus Novimethylophilus of other.

Aliinovipirellula

L. masc. adjective *alius*, other; L. fem. dim. n. *Novipirellula*, An existing genus; *Aliinovipirellula*: A genus related to but distinct from the existing genus Novipirellula of other.

Aliinovispirillum

L. masc. adjective *alius*, other; L. neut. dim. n. *Novispirillum*, An existing genus; *Aliinovispirillum*: A genus related to but distinct from the existing genus Novispirillum of other.

Aliinovosphingobium

L. masc. adjective *alius*, other; L. neut. n. *Novosphingobium*, An existing genus; *Aliinovosphingobium*: A genus related to but distinct from the existing genus Novosphingobium of other.

Aliinovosphingopyxis

L. masc. adjective *alius*, other; L. fem. n. *Novosphingopyxis*, An existing genus; *Aliinovosphingopyxis*: A genus related to but distinct from the existing genus Novosphingopyxis of other.

Aliinubsella

L. masc. adjective *alius*, other; L. fem. dim. n. *Nubsella*, An existing genus; *Aliinubsella*: A genus related to but distinct from the existing genus Nubsella of other.

Aliinumidum

L. masc. adjective *alius*, other; L. neut. n. *Numidum*, An existing genus; *Aliinumidum*: A genus related to but distinct from the existing genus Numidum of other.

Aliiobesumbacterium

L. masc. adjective *alius*, other; L. neut. n. *Obesumbacterium*, An existing genus; *Aliiobesumbacterium*: A genus related to but distinct from the existing genus Obesumbacterium of other.

Aliioblitimonas

L. masc. adjective *alius*, other; L. fem. n. *Oblitimonas*, An existing genus; *Aliioblitimonas*: A genus related to but distinct from the existing genus Oblitimonas of other.

Aliioccallatibacter

L. masc. adjective *alius*, other; L. masc. n. *Occallatibacter*, An existing genus; *Aliioccallatibacter*: A genus related to but distinct from the existing genus Occallatibacter of other.

Aliioccidentia

L. masc. adjective *alius*, other; L. fem. n. *Occidentia*, An existing genus; *Aliioccidentia*: A genus related to but distinct from the existing genus Occidentia of other.

Aliioceanibacterium

L. masc. adjective *alius*, other; L. neut. n. *Oceanibacterium*, An existing genus; *Aliioceanibacterium*: A genus related to but distinct from the existing genus Oceanibacterium of other.

Aliioceanibaculum

L. masc. adjective *alius*, other; L. neut. n. *Oceanibaculum*, An existing genus; *Aliioceanibaculum*: A genus related to but distinct from the existing genus Oceanibaculum of other.

Aliioceanibium

L. masc. adjective *alius*, other; L. neut. n. *Oceanibium*, An existing genus; *Aliioceanibium*: A genus related to but distinct from the existing genus Oceanibium of other.

Aliioceanicella

L. masc. adjective *alius*, other; L. fem. n. *Oceanicella*, An existing genus; *Aliioceanicella*: A genus related to but distinct from the existing genus Oceanicella of other.

Aliioceanicoccus

L. masc. adjective *alius*, other; L. masc. n. *Oceanicoccus*, An existing genus; *Aliioceanicoccus*: A genus related to but distinct from the existing genus Oceanicoccus of other.

Aliioceanicola

L. masc. adjective *alius*, other; L. masc. n. *Oceanicola*, An existing genus; *Aliioceanicola*: A genus related to but distinct from the existing genus Oceanicola of other.

Aliioceaniglobus

L. masc. adjective *alius*, other; L. masc. n. *Oceaniglobus*, An existing genus; *Aliioceaniglobus*: A genus related to but distinct from the existing genus Oceaniglobus of other.

Aliioceanimonas

L. masc. adjective *alius*, other; L. fem. n. *Oceanimonas*, An existing genus; *Aliioceanimonas*: A genus related to but distinct from the existing genus Oceanimonas of other.

Aliioceaniradius

L. masc. adjective *alius*, other; L. masc. n. *Oceaniradius*, An existing genus; *Aliioceaniradius*: A genus related to but distinct from the existing genus Oceaniradius of other.

Aliioceanirhabdus

L. masc. adjective *alius*, other; L. fem. n. *Oceanirhabdus*, An existing genus; *Aliioceanirhabdus*: A genus related to but distinct from the existing genus Oceanirhabdus of other.

Aliioceanisphaera

L. masc. adjective *alius*, other; L. fem. n. *Oceanisphaera*, An existing genus; *Aliioceanisphaera*: A genus related to but distinct from the existing genus Oceanisphaera of other.

Aliioceanispirochaeta

L. masc. adjective *alius*, other; L. fem. n. *Oceanispirochaeta*, An existing genus; *Aliioceanispirochaeta*: A genus related to but distinct from the existing genus Oceanispirochaeta of other.

Aliioceanitalea

L. masc. adjective *alius*, other; L. fem. n. *Oceanitalea*, An existing genus; *Aliioceanitalea*: A genus related to but distinct from the existing genus Oceanitalea of other.

Aliioceanithermus

L. masc. adjective *alius*, other; L. masc. n. *Oceanithermus*, An existing genus; *Aliioceanithermus*: A genus related to but distinct from the existing genus Oceanithermus of other.

Aliioceanivirga

L. masc. adjective *alius*, other; L. fem. n. *Oceanivirga*, An existing genus; *Aliioceanivirga*: A genus related to but distinct from the existing genus Oceanivirga of other.

Aliioceanobacillus

L. masc. adjective *alius*, other; L. masc. n. *Oceanobacillus*, An existing genus; *Aliioceanobacillus*: A genus related to but distinct from the existing genus Oceanobacillus of other.

Aliioceanobacter

L. masc. adjective *alius*, other; L. masc. n. *Oceanobacter*, An existing genus; *Aliioceanobacter*: A genus related to but distinct from the existing genus Oceanobacter of other.

Aliioceanococcus

L. masc. adjective *alius*, other; L. masc. n. *Oceanococcus*, An existing genus; *Aliioceanococcus*: A genus related to but distinct from the existing genus Oceanococcus of other.

Aliioceanospirillum

L. masc. adjective *alius*, other; L. neut. dim. n. *Oceanospirillum*, An existing genus; *Aliioceanospirillum*: A genus related to but distinct from the existing genus Oceanospirillum of other.

Aliioceanotoga

L. masc. adjective *alius*, other; L. fem. n. *Oceanotoga*, An existing genus; *Aliioceanotoga*: A genus related to but distinct from the existing genus Oceanotoga of other.

Aliiochrobactrum

L. masc. adjective *alius*, other; L. neut. n. *Ochrobactrum*, An existing genus; *Aliiochrobactrum*: A genus related to but distinct from the existing genus Ochrobactrum of other.

Aliiochrovirga

L. masc. adjective *alius*, other; L. fem. n. *Ochrovirga*, An existing genus; *Aliiochrovirga*: A genus related to but distinct from the existing genus Ochrovirga of other.

Aliioctadecabacter

L. masc. adjective *alius*, other; L. masc. n. *Octadecabacter*, An existing genus; *Aliioctadecabacter*: A genus related to but distinct from the existing genus Octadecabacter of other.

Aliioculatella

L. masc. adjective *alius*, other; L. fem. n. *Oculatella*, An existing genus; *Aliioculatella*: A genus related to but distinct from the existing genus Oculatella of other.

Aliiodorella

L. masc. adjective *alius*, other; L. fem. dim. n. *Odorella*, An existing genus; *Aliiodorella*: A genus related to but distinct from the existing genus Odorella of other.

Aliiodoribacter

L. masc. adjective *alius*, other; L. masc. n. *Odoribacter*, An existing genus; *Aliiodoribacter*: A genus related to but distinct from the existing genus Odoribacter of other.

Aliioenococcus

L. masc. adjective *alius*, other; L. masc. n. *Oenococcus*, An existing genus; *Aliioenococcus*: A genus related to but distinct from the existing genus Oenococcus of other.

Aliioerskovia

L. masc. adjective *alius*, other; L. fem. n. *Oerskovia*, An existing genus; *Aliioerskovia*: A genus related to but distinct from the existing genus Oerskovia of other.

Aliioharaeibacter

L. masc. adjective *alius*, other; L. masc. n. *Oharaeibacter*, An existing genus; *Aliioharaeibacter*: A genus related to but distinct from the existing genus Oharaeibacter of other.

Aliiohtaekwangia

L. masc. adjective *alius*, other; L. fem. n. *Ohtaekwangia*, An existing genus; *Aliiohtaekwangia*: A genus related to but distinct from the existing genus Ohtaekwangia of other.

Aliiokeania

L. masc. adjective *alius*, other; L. fem. n. *Okeania*, An existing genus; *Aliiokeania*: A genus related to but distinct from the existing genus Okeania of other.

Aliiokibacterium

L. masc. adjective *alius*, other; L. neut. n. *Okibacterium*, An existing genus; *Aliiokibacterium*: A genus related to but distinct from the existing genus Okibacterium of other.

Aliiolegusella

L. masc. adjective *alius*, other; L. fem. dim. n. *Olegusella*, An existing genus; *Aliiolegusella*: A genus related to but distinct from the existing genus Olegusella of other.

Aliioleiagrimonas

L. masc. adjective *alius*, other; L. fem. n. *Oleiagrimonas*, An existing genus; *Aliioleiagrimonas*: A genus related to but distinct from the existing genus Oleiagrimonas of other.

Aliioleibacter

L. masc. adjective *alius*, other; L. masc. n. *Oleibacter*, An existing genus; *Aliioleibacter*: A genus related to but distinct from the existing genus Oleibacter of other.

Aliioleiharenicola

L. masc. adjective *alius*, other; L. masc. n. *Oleiharenicola*, An existing genus; *Aliioleiharenicola*: A genus related to but distinct from the existing genus Oleiharenicola of other.

Aliioleiliquidispirillum

L. masc. adjective *alius*, other; L. neut. dim. n. *Oleiliquidispirillum*, An existing genus; *Aliioleiliquidispirillum*: A genus related to but distinct from the existing genus Oleiliquidispirillum of other.

Aliioleisolibacter

L. masc. adjective *alius*, other; L. masc. n. *Oleisolibacter*, An existing genus; *Aliioleisolibacter*: A genus related to but distinct from the existing genus Oleisolibacter of other.

Aliioleispira

L. masc. adjective *alius*, other; L. fem. n. *Oleispira*, An existing genus; *Aliioleispira*: A genus related to but distinct from the existing genus Oleispira of other.

Aliioligella

L. masc. adjective *alius*, other; L. fem. dim. n. *Oligella*, An existing genus; *Aliioligella*: A genus related to but distinct from the existing genus Oligella of other.

Aliioligoflexus

L. masc. adjective *alius*, other; L. masc. n. *Oligoflexus*, An existing genus; *Aliioligoflexus*: A genus related to but distinct from the existing genus Oligoflexus of other.

Aliioligosphaera

L. masc. adjective *alius*, other; L. fem. n. *Oligosphaera*, An existing genus; *Aliioligosphaera*: A genus related to but distinct from the existing genus Oligosphaera of other.

Aliioligotropha

L. masc. adjective *alius*, other; L. fem. n. *Oligotropha*, An existing genus; *Aliioligotropha*: A genus related to but distinct from the existing genus Oligotropha of other.

Aliiolivibacter

L. masc. adjective *alius*, other; L. masc. n. *Olivibacter*, An existing genus; *Aliiolivibacter*: A genus related to but distinct from the existing genus Olivibacter of other.

Aliiolleya

L. masc. adjective *alius*, other; L. fem. n. *Olleya*, An existing genus; *Aliiolleya*: A genus related to but distinct from the existing genus Olleya of other.

Aliiolsenella

L. masc. adjective *alius*, other; L. fem. dim. n. *Olsenella*, An existing genus; *Aliiolsenella*: A genus related to but distinct from the existing genus Olsenella of other.

Aliionodrimia

L. masc. adjective *alius*, other; L. fem. n. *Onodrimia*, An existing genus; *Aliionodrimia*: A genus related to but distinct from the existing genus Onodrimia of other.

Aliiopitutus

L. masc. adjective *alius*, other; L. masc. n. *Opitutus*, An existing genus; *Aliiopitutus*: A genus related to but distinct from the existing genus Opitutus of other.

Aliiorenia

L. masc. adjective *alius*, other; L. fem. n. *Orenia*, An existing genus; *Aliiorenia*: A genus related to but distinct from the existing genus Orenia of other.

Aliioribacterium

L. masc. adjective *alius*, other; L. neut. n. *Oribacterium*, An existing genus; *Aliioribacterium*: A genus related to but distinct from the existing genus Oribacterium of other.

Aliioribaculum

L. masc. adjective *alius*, other; L. neut. n. *Oribaculum*, An existing genus; *Aliioribaculum*: A genus related to but distinct from the existing genus Oribaculum of other.

Aliioricola

L. masc. adjective *alius*, other; L. fem. n. *Oricola*, An existing genus; *Aliioricola*: A genus related to but distinct from the existing genus Oricola of other.

Aliiornatilinea

L. masc. adjective *alius*, other; L. fem. n. *Ornatilinea*, An existing genus; *Aliiornatilinea*: A genus related to but distinct from the existing genus Ornatilinea of other.

Aliiornithinibacillus

L. masc. adjective *alius*, other; L. masc. n. *Ornithinibacillus*, An existing genus; *Aliiornithinibacillus*: A genus related to but distinct from the existing genus Ornithinibacillus of other.

Aliiornithinibacter

L. masc. adjective *alius*, other; L. masc. n. *Ornithinibacter*, An existing genus; *Aliiornithinibacter*: A genus related to but distinct from the existing genus Ornithinibacter of other.

Aliiornithinicoccus

L. masc. adjective *alius*, other; L. masc. n. *Ornithinicoccus*, An existing genus; *Aliiornithinicoccus*: A genus related to but distinct from the existing genus Ornithinicoccus of other.

Aliiornithinimicrobium

L. masc. adjective *alius*, other; L. neut. n. *Ornithinimicrobium*, An existing genus; *Aliiornithinimicrobium*: A genus related to but distinct from the existing genus Ornithinimicrobium of other.

Aliiornithobacterium

L. masc. adjective *alius*, other; L. neut. n. *Ornithobacterium*, An existing genus; *Aliiornithobacterium*: A genus related to but distinct from the existing genus Ornithobacterium of other.

Aliiorrella

L. masc. adjective *alius*, other; L. fem. dim. n. *Orrella*, An existing genus; *Aliiorrella*: A genus related to but distinct from the existing genus Orrella of other.

Aliioryzihumus

L. masc. adjective *alius*, other; L. fem. n. *Oryzihumus*, An existing genus; *Aliioryzihumus*: A genus related to but distinct from the existing genus Oryzihumus of other.

Aliioryzisolibacter

L. masc. adjective *alius*, other; L. masc. n. *Oryzisolibacter*, An existing genus; *Aliioryzisolibacter*: A genus related to but distinct from the existing genus Oryzisolibacter of other.

Aliioryzobacter

L. masc. adjective *alius*, other; L. masc. n. *Oryzobacter*, An existing genus; *Aliioryzobacter*: A genus related to but distinct from the existing genus Oryzobacter of other.

Aliioryzomicrobium

L. masc. adjective *alius*, other; L. neut. n. *Oryzomicrobium*, An existing genus; *Aliioryzomicrobium*: A genus related to but distinct from the existing genus Oryzomicrobium of other.

Aliioryzomonas

L. masc. adjective *alius*, other; L. fem. n. *Oryzomonas*, An existing genus; *Aliioryzomonas*: A genus related to but distinct from the existing genus Oryzomonas of other.

Aliioscillatoria

L. masc. adjective *alius*, other; L. fem. n. *Oscillatoria*, An existing genus; *Aliioscillatoria*: A genus related to but distinct from the existing genus Oscillatoria of other.

Aliioscillibacter

L. masc. adjective *alius*, other; L. masc. n. *Oscillibacter*, An existing genus; *Aliioscillibacter*: A genus related to but distinct from the existing genus Oscillibacter of other.

Aliioscillochloris

L. masc. adjective *alius*, other; L. fem. n. *Oscillochloris*, An existing genus; *Aliioscillochloris*: A genus related to but distinct from the existing genus Oscillochloris of other.

Aliioscillospira

L. masc. adjective *alius*, other; L. fem. n. *Oscillospira*, An existing genus; *Aliioscillospira*: A genus related to but distinct from the existing genus Oscillospira of other.

Aliiotariodibacter

L. masc. adjective *alius*, other; L. masc. n. *Otariodibacter*, An existing genus; *Aliiotariodibacter*: A genus related to but distinct from the existing genus Otariodibacter of other.

Aliiottowia

L. masc. adjective *alius*, other; L. fem. n. *Ottowia*, An existing genus; *Aliiottowia*: A genus related to but distinct from the existing genus Ottowia of other.

Aliiowenweeksia

L. masc. adjective *alius*, other; L. fem. n. *Owenweeksia*, An existing genus; *Aliiowenweeksia*: A genus related to but distinct from the existing genus Owenweeksia of other.

Aliioxalobacter

L. masc. adjective *alius*, other; L. masc. n. *Oxalobacter*, An existing genus; *Aliioxalobacter*: A genus related to but distinct from the existing genus Oxalobacter of other.

Aliioxalophagus

L. masc. adjective *alius*, other; L. masc. n. *Oxalophagus*, An existing genus; *Aliioxalophagus*: A genus related to but distinct from the existing genus Oxalophagus of other.

Aliioxobacter

L. masc. adjective *alius*, other; L. masc. n. *Oxobacter*, An existing genus; *Aliioxobacter*: A genus related to but distinct from the existing genus Oxobacter of other.

Aliioxynema

L. masc. adjective *alius*, other; L. neut. n. *Oxynema*, An existing genus; *Aliioxynema*: A genus related to but distinct from the existing genus Oxynema of other.

Aliipacificibacter

L. masc. adjective *alius*, other; L. masc. n. *Pacificibacter*, An existing genus; *Aliipacificibacter*: A genus related to but distinct from the existing genus Pacificibacter of other.

Aliipaenactinomyces

L. masc. adjective *alius*, other; L. masc. n. *Paenactinomyces*, An existing genus; *Aliipaenactinomyces*: A genus related to but distinct from the existing genus Paenactinomyces of other.

Aliipaenalcaligenes

L. masc. adjective *alius*, other; L. masc. n. *Paenalcaligenes*, An existing genus; *Aliipaenalcaligenes*: A genus related to but distinct from the existing genus Paenalcaligenes of other.

Aliipaenarthrobacter

L. masc. adjective *alius*, other; L. masc. n. *Paenarthrobacter*, An existing genus; *Aliipaenarthrobacter*: A genus related to but distinct from the existing genus Paenarthrobacter of other.

Aliipaenibacillus

L. masc. adjective *alius*, other; L. masc. n. *Paenibacillus*, An existing genus; *Aliipaenibacillus*: A genus related to but distinct from the existing genus Paenibacillus of other.

Aliipaeniclostridium

L. masc. adjective *alius*, other; L. neut. dim. n. *Paeniclostridium*, An existing genus; *Aliipaeniclostridium*: A genus related to but distinct from the existing genus Paeniclostridium of other.

Aliipaeniglutamicibacter

L. masc. adjective *alius*, other; L. masc. n. *Paeniglutamicibacter*, An existing genus; *Aliipaeniglutamicibacter*: A genus related to but distinct from the existing genus Paeniglutamicibacter of other.

Aliipaenimaribius

L. masc. adjective *alius*, other; L. masc. n. *Paenimaribius*, An existing genus; *Aliipaenimaribius*: A genus related to but distinct from the existing genus Paenimaribius of other.

Aliipaenirhodobacter

L. masc. adjective *alius*, other; L. masc. n. *Paenirhodobacter*, An existing genus; *Aliipaenirhodobacter*: A genus related to but distinct from the existing genus Paenirhodobacter of other.

Aliipaenisporosarcina

L. masc. adjective *alius*, other; L. fem. n. *Paenisporosarcina*, An existing genus; *Aliipaenisporosarcina*: A genus related to but distinct from the existing genus Paenisporosarcina of other.

Aliipaenochrobactrum

L. masc. adjective *alius*, other; L. neut. n. *Paenochrobactrum*, An existing genus; *Aliipaenochrobactrum*: A genus related to but distinct from the existing genus Paenochrobactrum of other.

Aliipalaeococcus

L. masc. adjective *alius*, other; L. masc. n. *Palaeococcus*, An existing genus; *Aliipalaeococcus*: A genus related to but distinct from the existing genus Palaeococcus of other.

Aliipalleronia

L. masc. adjective *alius*, other; L. fem. n. *Palleronia*, An existing genus; *Aliipalleronia*: A genus related to but distinct from the existing genus Palleronia of other.

Aliipaludibacterium

L. masc. adjective *alius*, other; L. neut. n. *Paludibacterium*, An existing genus; *Aliipaludibacterium*: A genus related to but distinct from the existing genus Paludibacterium of other.

Aliipaludibaculum

L. masc. adjective *alius*, other; L. neut. n. *Paludibaculum*, An existing genus; *Aliipaludibaculum*: A genus related to but distinct from the existing genus Paludibaculum of other.

Aliipaludicola

L. masc. adjective *alius*, other; L. masc. n. *Paludicola*, An existing genus; *Aliipaludicola*: A genus related to but distinct from the existing genus Paludicola of other.

Aliipaludifilum

L. masc. adjective *alius*, other; L. neut. n. *Paludifilum*, An existing genus; *Aliipaludifilum*: A genus related to but distinct from the existing genus Paludifilum of other.

Aliipaludisphaera

L. masc. adjective *alius*, other; L. fem. n. *Paludisphaera*, An existing genus; *Aliipaludisphaera*: A genus related to but distinct from the existing genus Paludisphaera of other.

Aliipanacagrimonas

L. masc. adjective *alius*, other; L. fem. n. *Panacagrimonas*, An existing genus; *Aliipanacagrimonas*: A genus related to but distinct from the existing genus Panacagrimonas of other.

Aliipanacibacter

L. masc. adjective *alius*, other; L. masc. n. *Panacibacter*, An existing genus; *Aliipanacibacter*: A genus related to but distinct from the existing genus Panacibacter of other.

Aliipandoraea

L. masc. adjective *alius*, other; L. fem. n. *Pandoraea*, An existing genus; *Aliipandoraea*: A genus related to but distinct from the existing genus Pandoraea of other.

Aliipannonibacter

L. masc. adjective *alius*, other; L. masc. n. *Pannonibacter*, An existing genus; *Aliipannonibacter*: A genus related to but distinct from the existing genus Pannonibacter of other.

Aliipannus

L. masc. adjective *alius*, other; L. masc. n. *Pannus*, An existing genus; *Aliipannus*: A genus related to but distinct from the existing genus Pannus of other.

Aliipantanalinema

L. masc. adjective *alius*, other; L. neut. n. *Pantanalinema*, An existing genus; *Aliipantanalinema*: A genus related to but distinct from the existing genus Pantanalinema of other.

Aliipantoea

L. masc. adjective *alius*, other; L. fem. n. *Pantoea*, An existing genus; *Aliipantoea*: A genus related to but distinct from the existing genus Pantoea of other.

Aliipapillibacter

L. masc. adjective *alius*, other; L. masc. n. *Papillibacter*, An existing genus; *Aliipapillibacter*: A genus related to but distinct from the existing genus Papillibacter of other.

Aliiparabacteroides

L. masc. adjective *alius*, other; L. masc. n. *Parabacteroides*, An existing genus; *Aliiparabacteroides*: A genus related to but distinct from the existing genus Parabacteroides of other.

Aliiparablastomonas

L. masc. adjective *alius*, other; L. fem. n. *Parablastomonas*, An existing genus; *Aliiparablastomonas*: A genus related to but distinct from the existing genus Parablastomonas of other.

Aliiparaburkholderia

L. masc. adjective *alius*, other; L. fem. n. *Paraburkholderia*, An existing genus; *Aliiparaburkholderia*: A genus related to but distinct from the existing genus Paraburkholderia of other.

Aliiparacandidimonas

L. masc. adjective *alius*, other; L. fem. n. *Paracandidimonas*, An existing genus; *Aliiparacandidimonas*: A genus related to but distinct from the existing genus Paracandidimonas of other.

Aliiparachlamydia

L. masc. adjective *alius*, other; L. fem. n. *Parachlamydia*, An existing genus; *Aliiparachlamydia*: A genus related to but distinct from the existing genus Parachlamydia of other.

Aliiparaclostridium

L. masc. adjective *alius*, other; L. neut. dim. n. *Paraclostridium*, An existing genus; *Aliiparaclostridium*: A genus related to but distinct from the existing genus Paraclostridium of other.

Aliiparacnuella

L. masc. adjective *alius*, other; L. fem. dim. n. *Paracnuella*, An existing genus; *Aliiparacnuella*: A genus related to but distinct from the existing genus Paracnuella of other.

Aliiparacoccus

L. masc. adjective *alius*, other; L. masc. n. *Paracoccus*, An existing genus; *Aliiparacoccus*: A genus related to but distinct from the existing genus Paracoccus of other.

Aliiparaconexibacter

L. masc. adjective *alius*, other; L. masc. n. *Paraconexibacter*, An existing genus; *Aliiparaconexibacter*: A genus related to but distinct from the existing genus Paraconexibacter of other.

Aliiparacraurococcus

L. masc. adjective *alius*, other; L. masc. n. *Paracraurococcus*, An existing genus; *Aliiparacraurococcus*: A genus related to but distinct from the existing genus Paracraurococcus of other.

Aliiparadesulfovibrio

L. masc. adjective *alius*, other; L. masc. n. *Paradesulfovibrio*, An existing genus; *Aliiparadesulfovibrio*: A genus related to but distinct from the existing genus Paradesulfovibrio of other.

Aliiparadevosia

L. masc. adjective *alius*, other; L. fem. n. *Paradevosia*, An existing genus; *Aliiparadevosia*: A genus related to but distinct from the existing genus Paradevosia of other.

Aliiparadonghicola

L. masc. adjective *alius*, other; L. masc. n. *Paradonghicola*, An existing genus; *Aliiparadonghicola*: A genus related to but distinct from the existing genus Paradonghicola of other.

Aliiparaeggerthella

L. masc. adjective *alius*, other; L. fem. dim. n. *Paraeggerthella*, An existing genus; *Aliiparaeggerthella*: A genus related to but distinct from the existing genus Paraeggerthella of other.

Aliiparaferrimonas

L. masc. adjective *alius*, other; L. fem. n. *Paraferrimonas*, An existing genus; *Aliiparaferrimonas*: A genus related to but distinct from the existing genus Paraferrimonas of other.

Aliiparafilimonas

L. masc. adjective *alius*, other; L. fem. n. *Parafilimonas*, An existing genus; *Aliiparafilimonas*: A genus related to but distinct from the existing genus Parafilimonas of other.

Aliiparaflavitalea

L. masc. adjective *alius*, other; L. fem. n. *Paraflavitalea*, An existing genus; *Aliiparaflavitalea*: A genus related to but distinct from the existing genus Paraflavitalea of other.

Aliiparafrigoribacterium

L. masc. adjective *alius*, other; L. neut. n. *Parafrigoribacterium*, An existing genus; *Aliiparafrigoribacterium*: A genus related to but distinct from the existing genus Parafrigoribacterium of other.

Aliiparageobacillus

L. masc. adjective *alius*, other; L. masc. n. *Parageobacillus*, An existing genus; *Aliiparageobacillus*: A genus related to but distinct from the existing genus Parageobacillus of other.

Aliiparaglaciecola

L. masc. adjective *alius*, other; L. fem. n. *Paraglaciecola*, An existing genus; *Aliiparaglaciecola*: A genus related to but distinct from the existing genus Paraglaciecola of other.

Aliiparaglycomyces

L. masc. adjective *alius*, other; L. masc. n. *Paraglycomyces*, An existing genus; *Aliiparaglycomyces*: A genus related to but distinct from the existing genus Paraglycomyces of other.

Aliiparahaliea

L. masc. adjective *alius*, other; L. fem. n. *Parahaliea*, An existing genus; *Aliiparahaliea*: A genus related to but distinct from the existing genus Parahaliea of other.

Aliiparaherbaspirillum

L. masc. adjective *alius*, other; L. neut. dim. n. *Paraherbaspirillum*, An existing genus; *Aliiparaherbaspirillum*: A genus related to but distinct from the existing genus Paraherbaspirillum of other.

Aliiparalactobacillus

L. masc. adjective *alius*, other; L. masc. n. *Paralactobacillus*, An existing genus; *Aliiparalactobacillus*: A genus related to but distinct from the existing genus Paralactobacillus of other.

Aliiparalcaligenes

L. masc. adjective *alius*, other; L. masc. n. *Paralcaligenes*, An existing genus; *Aliiparalcaligenes*: A genus related to but distinct from the existing genus Paralcaligenes of other.

Aliiparaliobacillus

L. masc. adjective *alius*, other; L. masc. n. *Paraliobacillus*, An existing genus; *Aliiparaliobacillus*: A genus related to but distinct from the existing genus Paraliobacillus of other.

Aliiparalkalibacillus

L. masc. adjective *alius*, other; L. masc. n. *Paralkalibacillus*, An existing genus; *Aliiparalkalibacillus*: A genus related to but distinct from the existing genus Paralkalibacillus of other.

Aliiparamaledivibacter

L. masc. adjective *alius*, other; L. masc. n. *Paramaledivibacter*, An existing genus; *Aliiparamaledivibacter*: A genus related to but distinct from the existing genus Paramaledivibacter of other.

Aliiparamesonia

L. masc. adjective *alius*, other; L. fem. n. *Paramesonia*, An existing genus; *Aliiparamesonia*: A genus related to but distinct from the existing genus Paramesonia of other.

Aliiparamoritella

L. masc. adjective *alius*, other; L. fem. dim. n. *Paramoritella*, An existing genus; *Aliiparamoritella*: A genus related to but distinct from the existing genus Paramoritella of other.

Aliiparamuribaculum

L. masc. adjective *alius*, other; L. neut. n. *Paramuribaculum*, An existing genus; *Aliiparamuribaculum*: A genus related to but distinct from the existing genus Paramuribaculum of other.

Aliiparaoerskovia

L. masc. adjective *alius*, other; L. fem. n. *Paraoerskovia*, An existing genus; *Aliiparaoerskovia*: A genus related to but distinct from the existing genus Paraoerskovia of other.

Aliiparapedobacter

L. masc. adjective *alius*, other; L. masc. n. *Parapedobacter*, An existing genus; *Aliiparapedobacter*: A genus related to but distinct from the existing genus Parapedobacter of other.

Aliiparaperlucidibaca

L. masc. adjective *alius*, other; L. fem. n. *Paraperlucidibaca*, An existing genus; *Aliiparaperlucidibaca*: A genus related to but distinct from the existing genus Paraperlucidibaca of other.

Aliiparaphaeobacter

L. masc. adjective *alius*, other; L. masc. n. *Paraphaeobacter*, An existing genus; *Aliiparaphaeobacter*: A genus related to but distinct from the existing genus Paraphaeobacter of other.

Aliiparaphotobacterium

L. masc. adjective *alius*, other; L. neut. n. *Paraphotobacterium*, An existing genus; *Aliiparaphotobacterium*: A genus related to but distinct from the existing genus Paraphotobacterium of other.

Aliiparaprevotella

L. masc. adjective *alius*, other; L. fem. dim. n. *Paraprevotella*, An existing genus; *Aliiparaprevotella*: A genus related to but distinct from the existing genus Paraprevotella of other.

Aliiparapseudoflavitalea

L. masc. adjective *alius*, other; L. fem. n. *Parapseudoflavitalea*, An existing genus; *Aliiparapseudoflavitalea*: A genus related to but distinct from the existing genus Parapseudoflavitalea of other.

Aliiparapusillimonas

L. masc. adjective *alius*, other; L. fem. n. *Parapusillimonas*, An existing genus; *Aliiparapusillimonas*: A genus related to but distinct from the existing genus Parapusillimonas of other.

Aliipararcticibacter

L. masc. adjective *alius*, other; L. masc. n. *Pararcticibacter*, An existing genus; *Aliipararcticibacter*: A genus related to but distinct from the existing genus Pararcticibacter of other.

Aliipararheinheimera

L. masc. adjective *alius*, other; L. fem. n. *Pararheinheimera*, An existing genus; *Aliipararheinheimera*: A genus related to but distinct from the existing genus Pararheinheimera of other.

Aliipararhizobium

L. masc. adjective *alius*, other; L. neut. n. *Pararhizobium*, An existing genus; *Aliipararhizobium*: A genus related to but distinct from the existing genus Pararhizobium of other.

Aliipararhodobacter

L. masc. adjective *alius*, other; L. masc. n. *Pararhodobacter*, An existing genus; *Aliipararhodobacter*: A genus related to but distinct from the existing genus Pararhodobacter of other.

Aliipararhodospirillum

L. masc. adjective *alius*, other; L. neut. dim. n. *Pararhodospirillum*, An existing genus; *Aliipararhodospirillum*: A genus related to but distinct from the existing genus Pararhodospirillum of other.

Aliipararobbsia

L. masc. adjective *alius*, other; L. fem. n. *Pararobbsia*, An existing genus; *Aliipararobbsia*: A genus related to but distinct from the existing genus Pararobbsia of other.

Aliiparasaccharibacter

L. masc. adjective *alius*, other; L. masc. n. *Parasaccharibacter*, An existing genus; *Aliiparasaccharibacter*: A genus related to but distinct from the existing genus Parasaccharibacter of other.

Aliiparascardovia

L. masc. adjective *alius*, other; L. fem. n. *Parascardovia*, An existing genus; *Aliiparascardovia*: A genus related to but distinct from the existing genus Parascardovia of other.

Aliiparasedimentitalea

L. masc. adjective *alius*, other; L. fem. n. *Parasedimentitalea*, An existing genus; *Aliiparasedimentitalea*: A genus related to but distinct from the existing genus Parasedimentitalea of other.

Aliiparasediminibacterium

L. masc. adjective *alius*, other; L. neut. n. *Parasediminibacterium*, An existing genus; *Aliiparasediminibacterium*: A genus related to but distinct from the existing genus Parasediminibacterium of other.

Aliiparasegetibacter

L. masc. adjective *alius*, other; L. masc. n. *Parasegetibacter*, An existing genus; *Aliiparasegetibacter*: A genus related to but distinct from the existing genus Parasegetibacter of other.

Aliiparashewanella

L. masc. adjective *alius*, other; L. fem. dim. n. *Parashewanella*, An existing genus; *Aliiparashewanella*: A genus related to but distinct from the existing genus Parashewanella of other.

Aliiparasphaerochaeta

L. masc. adjective *alius*, other; L. fem. n. *Parasphaerochaeta*, An existing genus; *Aliiparasphaerochaeta*: A genus related to but distinct from the existing genus Parasphaerochaeta of other.

Aliiparasphingopyxis

L. masc. adjective *alius*, other; L. fem. n. *Parasphingopyxis*, An existing genus; *Aliiparasphingopyxis*: A genus related to but distinct from the existing genus Parasphingopyxis of other.

Aliiparasphingorhabdus

L. masc. adjective *alius*, other; L. fem. n. *Parasphingorhabdus*, An existing genus; *Aliiparasphingorhabdus*: A genus related to but distinct from the existing genus Parasphingorhabdus of other.

Aliiparasporobacterium

L. masc. adjective *alius*, other; L. neut. n. *Parasporobacterium*, An existing genus; *Aliiparasporobacterium*: A genus related to but distinct from the existing genus Parasporobacterium of other.

Aliiparasutterella

L. masc. adjective *alius*, other; L. fem. dim. n. *Parasutterella*, An existing genus; *Aliiparasutterella*: A genus related to but distinct from the existing genus Parasutterella of other.

Aliiparemcibacter

L. masc. adjective *alius*, other; L. masc. n. *Paremcibacter*, An existing genus; *Aliiparemcibacter*: A genus related to but distinct from the existing genus Paremcibacter of other.

Aliiparendozoicomonas

L. masc. adjective *alius*, other; L. fem. n. *Parendozoicomonas*, An existing genus; *Aliiparendozoicomonas*: A genus related to but distinct from the existing genus Parendozoicomonas of other.

Aliiparoceanicella

L. masc. adjective *alius*, other; L. fem. n. *Paroceanicella*, An existing genus; *Aliiparoceanicella*: A genus related to but distinct from the existing genus Paroceanicella of other.

Aliiparolsenella

L. masc. adjective *alius*, other; L. fem. dim. n. *Parolsenella*, An existing genus; *Aliiparolsenella*: A genus related to but distinct from the existing genus Parolsenella of other.

Aliiparvibium

L. masc. adjective *alius*, other; L. neut. n. *Parvibium*, An existing genus; *Aliiparvibium*: A genus related to but distinct from the existing genus Parvibium of other.

Aliiparvimonas

L. masc. adjective *alius*, other; L. fem. n. *Parvimonas*, An existing genus; *Aliiparvimonas*: A genus related to but distinct from the existing genus Parvimonas of other.

Aliiparviterribacter

L. masc. adjective *alius*, other; L. masc. n. *Parviterribacter*, An existing genus; *Aliiparviterribacter*: A genus related to but distinct from the existing genus Parviterribacter of other.

Aliiparvularcula

L. masc. adjective *alius*, other; L. fem. dim. n. *Parvularcula*, An existing genus; *Aliiparvularcula*: A genus related to but distinct from the existing genus Parvularcula of other.

Aliipasteurella

L. masc. adjective *alius*, other; L. fem. dim. n. *Pasteurella*, An existing genus; *Aliipasteurella*: A genus related to but distinct from the existing genus Pasteurella of other.

Aliipasteuria

L. masc. adjective *alius*, other; L. fem. n. *Pasteuria*, An existing genus; *Aliipasteuria*: A genus related to but distinct from the existing genus Pasteuria of other.

Aliipatiriisocius

L. masc. adjective *alius*, other; L. masc. n. *Patiriisocius*, An existing genus; *Aliipatiriisocius*: A genus related to but distinct from the existing genus Patiriisocius of other.

Aliipatulibacter

L. masc. adjective *alius*, other; L. masc. n. *Patulibacter*, An existing genus; *Aliipatulibacter*: A genus related to but distinct from the existing genus Patulibacter of other.

Aliipaucibacter

L. masc. adjective *alius*, other; L. masc. n. *Paucibacter*, An existing genus; *Aliipaucibacter*: A genus related to but distinct from the existing genus Paucibacter of other.

Aliipaucilactobacillus

L. masc. adjective *alius*, other; L. masc. n. *Paucilactobacillus*, An existing genus; *Aliipaucilactobacillus*: A genus related to but distinct from the existing genus Paucilactobacillus of other.

Aliipaucimonas

L. masc. adjective *alius*, other; L. fem. n. *Paucimonas*, An existing genus; *Aliipaucimonas*: A genus related to but distinct from the existing genus Paucimonas of other.

Aliipaucisalibacillus

L. masc. adjective *alius*, other; L. masc. n. *Paucisalibacillus*, An existing genus; *Aliipaucisalibacillus*: A genus related to but distinct from the existing genus Paucisalibacillus of other.

Aliipauljensenia

L. masc. adjective *alius*, other; L. fem. n. *Pauljensenia*, An existing genus; *Aliipauljensenia*: A genus related to but distinct from the existing genus Pauljensenia of other.

Aliipectinatus

L. masc. adjective *alius*, other; L. masc. n. *Pectinatus*, An existing genus; *Aliipectinatus*: A genus related to but distinct from the existing genus Pectinatus of other.

Aliipectobacterium

L. masc. adjective *alius*, other; L. neut. n. *Pectobacterium*, An existing genus; *Aliipectobacterium*: A genus related to but distinct from the existing genus Pectobacterium of other.

Aliipediococcus

L. masc. adjective *alius*, other; L. masc. n. *Pediococcus*, An existing genus; *Aliipediococcus*: A genus related to but distinct from the existing genus Pediococcus of other.

Aliipedobacter

L. masc. adjective *alius*, other; L. masc. n. *Pedobacter*, An existing genus; *Aliipedobacter*: A genus related to but distinct from the existing genus Pedobacter of other.

Aliipedococcus

L. masc. adjective *alius*, other; L. masc. n. *Pedococcus*, An existing genus; *Aliipedococcus*: A genus related to but distinct from the existing genus Pedococcus of other.

Aliipedomicrobium

L. masc. adjective *alius*, other; L. neut. n. *Pedomicrobium*, An existing genus; *Aliipedomicrobium*: A genus related to but distinct from the existing genus Pedomicrobium of other.

Aliipegethrix

L. masc. adjective *alius*, other; L. fem. n. *Pegethrix*, An existing genus; *Aliipegethrix*: A genus related to but distinct from the existing genus Pegethrix of other.

Aliipelagibaca

L. masc. adjective *alius*, other; L. fem. n. *Pelagibaca*, An existing genus; *Aliipelagibaca*: A genus related to but distinct from the existing genus Pelagibaca of other.

Aliipelagibacillus

L. masc. adjective *alius*, other; L. masc. n. *Pelagibacillus*, An existing genus; *Aliipelagibacillus*: A genus related to but distinct from the existing genus Pelagibacillus of other.

Aliipelagibacterium

L. masc. adjective *alius*, other; L. neut. n. *Pelagibacterium*, An existing genus; *Aliipelagibacterium*: A genus related to but distinct from the existing genus Pelagibacterium of other.

Aliipelagibaculum

L. masc. adjective *alius*, other; L. neut. n. *Pelagibaculum*, An existing genus; *Aliipelagibaculum*: A genus related to but distinct from the existing genus Pelagibaculum of other.

Aliipelagibius

L. masc. adjective *alius*, other; L. masc. n. *Pelagibius*, An existing genus; *Aliipelagibius*: A genus related to but distinct from the existing genus Pelagibius of other.

Aliipelagicoccus

L. masc. adjective *alius*, other; L. masc. n. *Pelagicoccus*, An existing genus; *Aliipelagicoccus*: A genus related to but distinct from the existing genus Pelagicoccus of other.

Aliipelagicola

L. masc. adjective *alius*, other; L. masc. n. *Pelagicola*, An existing genus; *Aliipelagicola*: A genus related to but distinct from the existing genus Pelagicola of other.

Aliipelagihabitans

L. masc. adjective *alius*, other; L. masc. n. *Pelagihabitans*, An existing genus; *Aliipelagihabitans*: A genus related to but distinct from the existing genus Pelagihabitans of other.

Aliipelagimonas

L. masc. adjective *alius*, other; L. fem. n. *Pelagimonas*, An existing genus; *Aliipelagimonas*: A genus related to but distinct from the existing genus Pelagimonas of other.

Aliipelagirhabdus

L. masc. adjective *alius*, other; L. fem. n. *Pelagirhabdus*, An existing genus; *Aliipelagirhabdus*: A genus related to but distinct from the existing genus Pelagirhabdus of other.

Aliipelagitalea

L. masc. adjective *alius*, other; L. fem. n. *Pelagitalea*, An existing genus; *Aliipelagitalea*: A genus related to but distinct from the existing genus Pelagitalea of other.

Aliipelagivirga

L. masc. adjective *alius*, other; L. fem. n. *Pelagivirga*, An existing genus; *Aliipelagivirga*: A genus related to but distinct from the existing genus Pelagivirga of other.

Aliipelczaria

L. masc. adjective *alius*, other; L. fem. n. *Pelczaria*, An existing genus; *Aliipelczaria*: A genus related to but distinct from the existing genus Pelczaria of other.

Aliipelistega

L. masc. adjective *alius*, other; L. fem. n. *Pelistega*, An existing genus; *Aliipelistega*: A genus related to but distinct from the existing genus Pelistega of other.

Aliipelobium

L. masc. adjective *alius*, other; L. neut. n. *Pelobium*, An existing genus; *Aliipelobium*: A genus related to but distinct from the existing genus Pelobium of other.

Aliipelodictyon

L. masc. adjective *alius*, other; L. neut. n. *Pelodictyon*, An existing genus; *Aliipelodictyon*: A genus related to but distinct from the existing genus Pelodictyon of other.

Aliipelolinea

L. masc. adjective *alius*, other; L. fem. n. *Pelolinea*, An existing genus; *Aliipelolinea*: A genus related to but distinct from the existing genus Pelolinea of other.

Aliipelomicrobium

L. masc. adjective *alius*, other; L. neut. n. *Pelomicrobium*, An existing genus; *Aliipelomicrobium*: A genus related to but distinct from the existing genus Pelomicrobium of other.

Aliipelomonas

L. masc. adjective *alius*, other; L. fem. n. *Pelomonas*, An existing genus; *Aliipelomonas*: A genus related to but distinct from the existing genus Pelomonas of other.

Aliipeloploca

L. masc. adjective *alius*, other; L. fem. n. *Peloploca*, An existing genus; *Aliipeloploca*: A genus related to but distinct from the existing genus Peloploca of other.

Aliipelosinus

L. masc. adjective *alius*, other; L. masc. n. *Pelosinus*, An existing genus; *Aliipelosinus*: A genus related to but distinct from the existing genus Pelosinus of other.

Aliipelospora

L. masc. adjective *alius*, other; L. fem. n. *Pelospora*, An existing genus; *Aliipelospora*: A genus related to but distinct from the existing genus Pelospora of other.

Aliipelotomaculum

L. masc. adjective *alius*, other; L. neut. n. *Pelotomaculum*, An existing genus; *Aliipelotomaculum*: A genus related to but distinct from the existing genus Pelotomaculum of other.

Aliipeptacetobacter

L. masc. adjective *alius*, other; L. masc. n. *Peptacetobacter*, An existing genus; *Aliipeptacetobacter*: A genus related to but distinct from the existing genus Peptacetobacter of other.

Aliipeptidiphaga

L. masc. adjective *alius*, other; L. fem. n. *Peptidiphaga*, An existing genus; *Aliipeptidiphaga*: A genus related to but distinct from the existing genus Peptidiphaga of other.

Aliipeptoanaerobacter

L. masc. adjective *alius*, other; L. masc. n. *Peptoanaerobacter*, An existing genus; *Aliipeptoanaerobacter*: A genus related to but distinct from the existing genus Peptoanaerobacter of other.

Aliipeptoclostridium

L. masc. adjective *alius*, other; L. neut. dim. n. *Peptoclostridium*, An existing genus; *Aliipeptoclostridium*: A genus related to but distinct from the existing genus Peptoclostridium of other.

Aliipeptococcus

L. masc. adjective *alius*, other; L. masc. n. *Peptococcus*, An existing genus; *Aliipeptococcus*: A genus related to but distinct from the existing genus Peptococcus of other.

Aliipeptoniphilus

L. masc. adjective *alius*, other; L. masc. n. *Peptoniphilus*, An existing genus; *Aliipeptoniphilus*: A genus related to but distinct from the existing genus Peptoniphilus of other.

Aliipeptostreptococcus

L. masc. adjective *alius*, other; L. masc. n. *Peptostreptococcus*, An existing genus; *Aliipeptostreptococcus*: A genus related to but distinct from the existing genus Peptostreptococcus of other.

Aliiperedibacter

L. masc. adjective *alius*, other; L. masc. n. *Peredibacter*, An existing genus; *Aliiperedibacter*: A genus related to but distinct from the existing genus Peredibacter of other.

Aliiperexilibacter

L. masc. adjective *alius*, other; L. masc. n. *Perexilibacter*, An existing genus; *Aliiperexilibacter*: A genus related to but distinct from the existing genus Perexilibacter of other.

Aliiperibacillus

L. masc. adjective *alius*, other; L. masc. n. *Peribacillus*, An existing genus; *Aliiperibacillus*: A genus related to but distinct from the existing genus Peribacillus of other.

Aliiperlucidibaca

L. masc. adjective *alius*, other; L. fem. n. *Perlucidibaca*, An existing genus; *Aliiperlucidibaca*: A genus related to but distinct from the existing genus Perlucidibaca of other.

Aliipermianibacter

L. masc. adjective *alius*, other; L. masc. n. *Permianibacter*, An existing genus; *Aliipermianibacter*: A genus related to but distinct from the existing genus Permianibacter of other.

Aliipersicimonas

L. masc. adjective *alius*, other; L. fem. n. *Persicimonas*, An existing genus; *Aliipersicimonas*: A genus related to but distinct from the existing genus Persicimonas of other.

Aliipersicirhabdus

L. masc. adjective *alius*, other; L. fem. n. *Persicirhabdus*, An existing genus; *Aliipersicirhabdus*: A genus related to but distinct from the existing genus Persicirhabdus of other.

Aliipersicitalea

L. masc. adjective *alius*, other; L. fem. n. *Persicitalea*, An existing genus; *Aliipersicitalea*: A genus related to but distinct from the existing genus Persicitalea of other.

Aliipersicivirga

L. masc. adjective *alius*, other; L. fem. n. *Persicivirga*, An existing genus; *Aliipersicivirga*: A genus related to but distinct from the existing genus Persicivirga of other.

Aliipersicobacter

L. masc. adjective *alius*, other; L. masc. n. *Persicobacter*, An existing genus; *Aliipersicobacter*: A genus related to but distinct from the existing genus Persicobacter of other.

Aliipersinema

L. masc. adjective *alius*, other; L. neut. n. *Persinema*, An existing genus; *Aliipersinema*: A genus related to but distinct from the existing genus Persinema of other.

Aliiperspicuibacter

L. masc. adjective *alius*, other; L. masc. n. *Perspicuibacter*, An existing genus; *Aliiperspicuibacter*: A genus related to but distinct from the existing genus Perspicuibacter of other.

Aliipetrimonas

L. masc. adjective *alius*, other; L. fem. n. *Petrimonas*, An existing genus; *Aliipetrimonas*: A genus related to but distinct from the existing genus Petrimonas of other.

Aliipetrobacter

L. masc. adjective *alius*, other; L. masc. n. *Petrobacter*, An existing genus; *Aliipetrobacter*: A genus related to but distinct from the existing genus Petrobacter of other.

Aliipetrocella

L. masc. adjective *alius*, other; L. fem. n. *Petrocella*, An existing genus; *Aliipetrocella*: A genus related to but distinct from the existing genus Petrocella of other.

Aliipetroclostridium

L. masc. adjective *alius*, other; L. neut. dim. n. *Petroclostridium*, An existing genus; *Aliipetroclostridium*: A genus related to but distinct from the existing genus Petroclostridium of other.

Aliipetrothermobacter

L. masc. adjective *alius*, other; L. masc. n. *Petrothermobacter*, An existing genus; *Aliipetrothermobacter*: A genus related to but distinct from the existing genus Petrothermobacter of other.

Aliipetrotoga

L. masc. adjective *alius*, other; L. fem. n. *Petrotoga*, An existing genus; *Aliipetrotoga*: A genus related to but distinct from the existing genus Petrotoga of other.

Aliipfennigia

L. masc. adjective *alius*, other; L. fem. n. *Pfennigia*, An existing genus; *Aliipfennigia*: A genus related to but distinct from the existing genus Pfennigia of other.

Aliiphaeobacterium

L. masc. adjective *alius*, other; L. neut. n. *Phaeobacterium*, An existing genus; *Aliiphaeobacterium*: A genus related to but distinct from the existing genus Phaeobacterium of other.

Aliiphaeochromatium

L. masc. adjective *alius*, other; L. neut. n. *Phaeochromatium*, An existing genus; *Aliiphaeochromatium*: A genus related to but distinct from the existing genus Phaeochromatium of other.

Aliiphaeocystidibacter

L. masc. adjective *alius*, other; L. masc. n. *Phaeocystidibacter*, An existing genus; *Aliiphaeocystidibacter*: A genus related to but distinct from the existing genus Phaeocystidibacter of other.

Aliiphaeodactylibacter

L. masc. adjective *alius*, other; L. masc. n. *Phaeodactylibacter*, An existing genus; *Aliiphaeodactylibacter*: A genus related to but distinct from the existing genus Phaeodactylibacter of other.

Aliiphaeospirillum

L. masc. adjective *alius*, other; L. neut. dim. n. *Phaeospirillum*, An existing genus; *Aliiphaeospirillum*: A genus related to but distinct from the existing genus Phaeospirillum of other.

Aliiphaeovibrio

L. masc. adjective *alius*, other; L. masc. n. *Phaeovibrio*, An existing genus; *Aliiphaeovibrio*: A genus related to but distinct from the existing genus Phaeovibrio of other.

Aliiphaeovulum

L. masc. adjective *alius*, other; L. neut. n. *Phaeovulum*, An existing genus; *Aliiphaeovulum*: A genus related to but distinct from the existing genus Phaeovulum of other.

Aliiphascolarctobacterium

L. masc. adjective *alius*, other; L. neut. n. *Phascolarctobacterium*, An existing genus; *Aliiphascolarctobacterium*: A genus related to but distinct from the existing genus Phascolarctobacterium of other.

Aliiphaselicystis

L. masc. adjective *alius*, other; L. fem. n. *Phaselicystis*, An existing genus; *Aliiphaselicystis*: A genus related to but distinct from the existing genus Phaselicystis of other.

Aliiphaseolibacter

L. masc. adjective *alius*, other; L. masc. n. *Phaseolibacter*, An existing genus; *Aliiphaseolibacter*: A genus related to but distinct from the existing genus Phaseolibacter of other.

Aliiphenylobacterium

L. masc. adjective *alius*, other; L. neut. n. *Phenylobacterium*, An existing genus; *Aliiphenylobacterium*: A genus related to but distinct from the existing genus Phenylobacterium of other.

Aliiphocaeicola

L. masc. adjective *alius*, other; L. masc. n. *Phocaeicola*, An existing genus; *Aliiphocaeicola*: A genus related to but distinct from the existing genus Phocaeicola of other.

Aliiphocoenobacter

L. masc. adjective *alius*, other; L. masc. n. *Phocoenobacter*, An existing genus; *Aliiphocoenobacter*: A genus related to but distinct from the existing genus Phocoenobacter of other.

Aliiphorcysia

L. masc. adjective *alius*, other; L. fem. n. *Phorcysia*, An existing genus; *Aliiphorcysia*: A genus related to but distinct from the existing genus Phorcysia of other.

Aliiphotobacterium

L. masc. adjective *alius*, other; L. neut. n. *Photobacterium*, An existing genus; *Aliiphotobacterium*: A genus related to but distinct from the existing genus Photobacterium of other.

Aliiphotorhabdus

L. masc. adjective *alius*, other; L. fem. n. *Photorhabdus*, An existing genus; *Aliiphotorhabdus*: A genus related to but distinct from the existing genus Photorhabdus of other.

Aliiphragmitibacter

L. masc. adjective *alius*, other; L. masc. n. *Phragmitibacter*, An existing genus; *Aliiphragmitibacter*: A genus related to but distinct from the existing genus Phragmitibacter of other.

Aliiphreatobacter

L. masc. adjective *alius*, other; L. masc. n. *Phreatobacter*, An existing genus; *Aliiphreatobacter*: A genus related to but distinct from the existing genus Phreatobacter of other.

Aliiphycicoccus

L. masc. adjective *alius*, other; L. masc. n. *Phycicoccus*, An existing genus; *Aliiphycicoccus*: A genus related to but distinct from the existing genus Phycicoccus of other.

Aliiphycicola

L. masc. adjective *alius*, other; L. masc. n. *Phycicola*, An existing genus; *Aliiphycicola*: A genus related to but distinct from the existing genus Phycicola of other.

Aliiphycisphaera

L. masc. adjective *alius*, other; L. fem. n. *Phycisphaera*, An existing genus; *Aliiphycisphaera*: A genus related to but distinct from the existing genus Phycisphaera of other.

Aliiphycocomes

L. masc. adjective *alius*, other; L. masc. n. *Phycocomes*, An existing genus; *Aliiphycocomes*: A genus related to but distinct from the existing genus Phycocomes of other.

Aliiphyllonema

L. masc. adjective *alius*, other; L. neut. n. *Phyllonema*, An existing genus; *Aliiphyllonema*: A genus related to but distinct from the existing genus Phyllonema of other.

Aliiphytoactinopolyspora

L. masc. adjective *alius*, other; L. fem. n. *Phytoactinopolyspora*, An existing genus; *Aliiphytoactinopolyspora*: A genus related to but distinct from the existing genus Phytoactinopolyspora of other.

Aliiphytobacter

L. masc. adjective *alius*, other; L. masc. n. *Phytobacter*, An existing genus; *Aliiphytobacter*: A genus related to but distinct from the existing genus Phytobacter of other.

Aliiphytohabitans

L. masc. adjective *alius*, other; L. masc. n. *Phytohabitans*, An existing genus; *Aliiphytohabitans*: A genus related to but distinct from the existing genus Phytohabitans of other.

Aliiphytohalomonas

L. masc. adjective *alius*, other; L. fem. n. *Phytohalomonas*, An existing genus; *Aliiphytohalomonas*: A genus related to but distinct from the existing genus Phytohalomonas of other.

Aliiphytomonospora

L. masc. adjective *alius*, other; L. fem. n. *Phytomonospora*, An existing genus; *Aliiphytomonospora*: A genus related to but distinct from the existing genus Phytomonospora of other.

Aliipibocella

L. masc. adjective *alius*, other; L. fem. dim. n. *Pibocella*, An existing genus; *Aliipibocella*: A genus related to but distinct from the existing genus Pibocella of other.

Aliipicrophilus

L. masc. adjective *alius*, other; L. masc. n. *Picrophilus*, An existing genus; *Aliipicrophilus*: A genus related to but distinct from the existing genus Picrophilus of other.

Aliipiezobacter

L. masc. adjective *alius*, other; L. masc. n. *Piezobacter*, An existing genus; *Aliipiezobacter*: A genus related to but distinct from the existing genus Piezobacter of other.

Aliipigmentiphaga

L. masc. adjective *alius*, other; L. fem. n. *Pigmentiphaga*, An existing genus; *Aliipigmentiphaga*: A genus related to but distinct from the existing genus Pigmentiphaga of other.

Aliipilibacter

L. masc. adjective *alius*, other; L. masc. n. *Pilibacter*, An existing genus; *Aliipilibacter*: A genus related to but distinct from the existing genus Pilibacter of other.

Aliipilimelia

L. masc. adjective *alius*, other; L. fem. n. *Pilimelia*, An existing genus; *Aliipilimelia*: A genus related to but distinct from the existing genus Pilimelia of other.

Aliipillotina

L. masc. adjective *alius*, other; L. fem. n. *Pillotina*, An existing genus; *Aliipillotina*: A genus related to but distinct from the existing genus Pillotina of other.

Aliipimelobacter

L. masc. adjective *alius*, other; L. masc. n. *Pimelobacter*, An existing genus; *Aliipimelobacter*: A genus related to but distinct from the existing genus Pimelobacter of other.

Aliipinisolibacter

L. masc. adjective *alius*, other; L. masc. n. *Pinisolibacter*, An existing genus; *Aliipinisolibacter*: A genus related to but distinct from the existing genus Pinisolibacter of other.

Aliipinocchia

L. masc. adjective *alius*, other; L. fem. n. *Pinocchia*, An existing genus; *Aliipinocchia*: A genus related to but distinct from the existing genus Pinocchia of other.

Aliipirella

L. masc. adjective *alius*, other; L. fem. dim. n. *Pirella*, An existing genus; *Aliipirella*: A genus related to but distinct from the existing genus Pirella of other.

Aliipirellula

L. masc. adjective *alius*, other; L. fem. dim. n. *Pirellula*, An existing genus; *Aliipirellula*: A genus related to but distinct from the existing genus Pirellula of other.

Aliipiscicoccus

L. masc. adjective *alius*, other; L. masc. n. *Piscicoccus*, An existing genus; *Aliipiscicoccus*: A genus related to but distinct from the existing genus Piscicoccus of other.

Aliipisciglobus

L. masc. adjective *alius*, other; L. masc. n. *Pisciglobus*, An existing genus; *Aliipisciglobus*: A genus related to but distinct from the existing genus Pisciglobus of other.

Aliipiscinibacter

L. masc. adjective *alius*, other; L. masc. n. *Piscinibacter*, An existing genus; *Aliipiscinibacter*: A genus related to but distinct from the existing genus Piscinibacter of other.

Aliipiscirickettsia

L. masc. adjective *alius*, other; L. fem. n. *Piscirickettsia*, An existing genus; *Aliipiscirickettsia*: A genus related to but distinct from the existing genus Piscirickettsia of other.

Aliipistricoccus

L. masc. adjective *alius*, other; L. masc. n. *Pistricoccus*, An existing genus; *Aliipistricoccus*: A genus related to but distinct from the existing genus Pistricoccus of other.

Aliiplanctobacterium

L. masc. adjective *alius*, other; L. neut. n. *Planctobacterium*, An existing genus; *Aliiplanctobacterium*: A genus related to but distinct from the existing genus Planctobacterium of other.

Aliiplanctomicrobium

L. masc. adjective *alius*, other; L. neut. n. *Planctomicrobium*, An existing genus; *Aliiplanctomicrobium*: A genus related to but distinct from the existing genus Planctomicrobium of other.

Aliiplanctomonas

L. masc. adjective *alius*, other; L. fem. n. *Planctomonas*, An existing genus; *Aliiplanctomonas*: A genus related to but distinct from the existing genus Planctomonas of other.

Aliiplanctomyces

L. masc. adjective *alius*, other; L. masc. n. *Planctomyces*, An existing genus; *Aliiplanctomyces*: A genus related to but distinct from the existing genus Planctomyces of other.

Aliiplanctopirus

L. masc. adjective *alius*, other; L. fem. n. *Planctopirus*, An existing genus; *Aliiplanctopirus*: A genus related to but distinct from the existing genus Planctopirus of other.

Aliiplanifilum

L. masc. adjective *alius*, other; L. neut. n. *Planifilum*, An existing genus; *Aliiplanifilum*: A genus related to but distinct from the existing genus Planifilum of other.

Aliiplanktomarina

L. masc. adjective *alius*, other; L. fem. n. *Planktomarina*, An existing genus; *Aliiplanktomarina*: A genus related to but distinct from the existing genus Planktomarina of other.

Aliiplanktosalinus

L. masc. adjective *alius*, other; L. masc. n. *Planktosalinus*, An existing genus; *Aliiplanktosalinus*: A genus related to but distinct from the existing genus Planktosalinus of other.

Aliiplanktotalea

L. masc. adjective *alius*, other; L. fem. n. *Planktotalea*, An existing genus; *Aliiplanktotalea*: A genus related to but distinct from the existing genus Planktotalea of other.

Aliiplanktothrix

L. masc. adjective *alius*, other; L. fem. n. *Planktothrix*, An existing genus; *Aliiplanktothrix*: A genus related to but distinct from the existing genus Planktothrix of other.

Aliiplanobacterium

L. masc. adjective *alius*, other; L. neut. n. *Planobacterium*, An existing genus; *Aliiplanobacterium*: A genus related to but distinct from the existing genus Planobacterium of other.

Aliiplanobispora

L. masc. adjective *alius*, other; L. fem. n. *Planobispora*, An existing genus; *Aliiplanobispora*: A genus related to but distinct from the existing genus Planobispora of other.

Aliiplanococcus

L. masc. adjective *alius*, other; L. masc. n. *Planococcus*, An existing genus; *Aliiplanococcus*: A genus related to but distinct from the existing genus Planococcus of other.

Aliiplanomicrobium

L. masc. adjective *alius*, other; L. neut. n. *Planomicrobium*, An existing genus; *Aliiplanomicrobium*: A genus related to but distinct from the existing genus Planomicrobium of other.

Aliiplanomonospora

L. masc. adjective *alius*, other; L. fem. n. *Planomonospora*, An existing genus; *Aliiplanomonospora*: A genus related to but distinct from the existing genus Planomonospora of other.

Aliiplanopolyspora

L. masc. adjective *alius*, other; L. fem. n. *Planopolyspora*, An existing genus; *Aliiplanopolyspora*: A genus related to but distinct from the existing genus Planopolyspora of other.

Aliiplanosporangium

L. masc. adjective *alius*, other; L. neut. n. *Planosporangium*, An existing genus; *Aliiplanosporangium*: A genus related to but distinct from the existing genus Planosporangium of other.

Aliiplanotetraspora

L. masc. adjective *alius*, other; L. fem. n. *Planotetraspora*, An existing genus; *Aliiplanotetraspora*: A genus related to but distinct from the existing genus Planotetraspora of other.

Aliiplantactinospora

L. masc. adjective *alius*, other; L. fem. n. *Plantactinospora*, An existing genus; *Aliiplantactinospora*: A genus related to but distinct from the existing genus Plantactinospora of other.

Aliiplastorhodobacter

L. masc. adjective *alius*, other; L. masc. n. *Plastorhodobacter*, An existing genus; *Aliiplastorhodobacter*: A genus related to but distinct from the existing genus Plastorhodobacter of other.

Aliipleionea

L. masc. adjective *alius*, other; L. fem. n. *Pleionea*, An existing genus; *Aliipleionea*: A genus related to but distinct from the existing genus Pleionea of other.

Aliipleomorphobacterium

L. masc. adjective *alius*, other; L. neut. n. *Pleomorphobacterium*, An existing genus; *Aliipleomorphobacterium*: A genus related to but distinct from the existing genus Pleomorphobacterium of other.

Aliipleomorphochaeta

L. masc. adjective *alius*, other; L. fem. n. *Pleomorphochaeta*, An existing genus; *Aliipleomorphochaeta*: A genus related to but distinct from the existing genus Pleomorphochaeta of other.

Aliipleomorphomonas

L. masc. adjective *alius*, other; L. fem. n. *Pleomorphomonas*, An existing genus; *Aliipleomorphomonas*: A genus related to but distinct from the existing genus Pleomorphomonas of other.

Aliipleomorphovibrio

L. masc. adjective *alius*, other; L. masc. n. *Pleomorphovibrio*, An existing genus; *Aliipleomorphovibrio*: A genus related to but distinct from the existing genus Pleomorphovibrio of other.

Aliiplesiocystis

L. masc. adjective *alius*, other; L. fem. n. *Plesiocystis*, An existing genus; *Aliiplesiocystis*: A genus related to but distinct from the existing genus Plesiocystis of other.

Aliiplesiomonas

L. masc. adjective *alius*, other; L. fem. n. *Plesiomonas*, An existing genus; *Aliiplesiomonas*: A genus related to but distinct from the existing genus Plesiomonas of other.

Aliipleurocapsa

L. masc. adjective *alius*, other; L. fem. n. *Pleurocapsa*, An existing genus; *Aliipleurocapsa*: A genus related to but distinct from the existing genus Pleurocapsa of other.

Aliipluralibacter

L. masc. adjective *alius*, other; L. masc. n. *Pluralibacter*, An existing genus; *Aliipluralibacter*: A genus related to but distinct from the existing genus Pluralibacter of other.

Aliipokkaliibacter

L. masc. adjective *alius*, other; L. masc. n. *Pokkaliibacter*, An existing genus; *Aliipokkaliibacter*: A genus related to but distinct from the existing genus Pokkaliibacter of other.

Aliipolaribacter

L. masc. adjective *alius*, other; L. masc. n. *Polaribacter*, An existing genus; *Aliipolaribacter*: A genus related to but distinct from the existing genus Polaribacter of other.

Aliipolaromonas

L. masc. adjective *alius*, other; L. fem. n. *Polaromonas*, An existing genus; *Aliipolaromonas*: A genus related to but distinct from the existing genus Polaromonas of other.

Aliipolyangium

L. masc. adjective *alius*, other; L. neut. n. *Polyangium*, An existing genus; *Aliipolyangium*: A genus related to but distinct from the existing genus Polyangium of other.

Aliipolycladidibacter

L. masc. adjective *alius*, other; L. masc. n. *Polycladidibacter*, An existing genus; *Aliipolycladidibacter*: A genus related to but distinct from the existing genus Polycladidibacter of other.

Aliipolycladomyces

L. masc. adjective *alius*, other; L. masc. n. *Polycladomyces*, An existing genus; *Aliipolycladomyces*: A genus related to but distinct from the existing genus Polycladomyces of other.

Aliipolycyclovorans

L. masc. adjective *alius*, other; L. masc. n. *Polycyclovorans*, An existing genus; *Aliipolycyclovorans*: A genus related to but distinct from the existing genus Polycyclovorans of other.

Aliipolygonibacillus

L. masc. adjective *alius*, other; L. masc. n. *Polygonibacillus*, An existing genus; *Aliipolygonibacillus*: A genus related to but distinct from the existing genus Polygonibacillus of other.

Aliipolymorphospora

L. masc. adjective *alius*, other; L. fem. n. *Polymorphospora*, An existing genus; *Aliipolymorphospora*: A genus related to but distinct from the existing genus Polymorphospora of other.

Aliipolymorphum

L. masc. adjective *alius*, other; L. neut. n. *Polymorphum*, An existing genus; *Aliipolymorphum*: A genus related to but distinct from the existing genus Polymorphum of other.

Aliipolynucleobacter

L. masc. adjective *alius*, other; L. masc. n. *Polynucleobacter*, An existing genus; *Aliipolynucleobacter*: A genus related to but distinct from the existing genus Polynucleobacter of other.

Aliipolystyrenella

L. masc. adjective *alius*, other; L. fem. dim. n. *Polystyrenella*, An existing genus; *Aliipolystyrenella*: A genus related to but distinct from the existing genus Polystyrenella of other.

Aliipontibaca

L. masc. adjective *alius*, other; L. fem. n. *Pontibaca*, An existing genus; *Aliipontibaca*: A genus related to but distinct from the existing genus Pontibaca of other.

Aliipontibacillus

L. masc. adjective *alius*, other; L. masc. n. *Pontibacillus*, An existing genus; *Aliipontibacillus*: A genus related to but distinct from the existing genus Pontibacillus of other.

Aliipontibacter

L. masc. adjective *alius*, other; L. masc. n. *Pontibacter*, An existing genus; *Aliipontibacter*: A genus related to but distinct from the existing genus Pontibacter of other.

Aliipontibacterium

L. masc. adjective *alius*, other; L. neut. n. *Pontibacterium*, An existing genus; *Aliipontibacterium*: A genus related to but distinct from the existing genus Pontibacterium of other.

Aliiponticaulis

L. masc. adjective *alius*, other; L. masc. n. *Ponticaulis*, An existing genus; *Aliiponticaulis*: A genus related to but distinct from the existing genus Ponticaulis of other.

Aliiponticoccus

L. masc. adjective *alius*, other; L. masc. n. *Ponticoccus*, An existing genus; *Aliiponticoccus*: A genus related to but distinct from the existing genus Ponticoccus of other.

Aliipontimicrobium

L. masc. adjective *alius*, other; L. neut. n. *Pontimicrobium*, An existing genus; *Aliipontimicrobium*: A genus related to but distinct from the existing genus Pontimicrobium of other.

Aliipontimonas

L. masc. adjective *alius*, other; L. fem. n. *Pontimonas*, An existing genus; *Aliipontimonas*: A genus related to but distinct from the existing genus Pontimonas of other.

Aliipontirhabdus

L. masc. adjective *alius*, other; L. fem. n. *Pontirhabdus*, An existing genus; *Aliipontirhabdus*: A genus related to but distinct from the existing genus Pontirhabdus of other.

Aliipopulibacter

L. masc. adjective *alius*, other; L. masc. n. *Populibacter*, An existing genus; *Aliipopulibacter*: A genus related to but distinct from the existing genus Populibacter of other.

Aliipopulibacterium

L. masc. adjective *alius*, other; L. neut. n. *Populibacterium*, An existing genus; *Aliipopulibacterium*: A genus related to but distinct from the existing genus Populibacterium of other.

Aliiporifericola

L. masc. adjective *alius*, other; L. masc. n. *Porifericola*, An existing genus; *Aliiporifericola*: A genus related to but distinct from the existing genus Porifericola of other.

Aliiporphyrobacter

L. masc. adjective *alius*, other; L. masc. n. *Porphyrobacter*, An existing genus; *Aliiporphyrobacter*: A genus related to but distinct from the existing genus Porphyrobacter of other.

Aliiporphyromonas

L. masc. adjective *alius*, other; L. fem. n. *Porphyromonas*, An existing genus; *Aliiporphyromonas*: A genus related to but distinct from the existing genus Porphyromonas of other.

Aliiportibacter

L. masc. adjective *alius*, other; L. masc. n. *Portibacter*, An existing genus; *Aliiportibacter*: A genus related to but distinct from the existing genus Portibacter of other.

Aliiporticoccus

L. masc. adjective *alius*, other; L. masc. n. *Porticoccus*, An existing genus; *Aliiporticoccus*: A genus related to but distinct from the existing genus Porticoccus of other.

Aliiposeidonibacter

L. masc. adjective *alius*, other; L. masc. n. *Poseidonibacter*, An existing genus; *Aliiposeidonibacter*: A genus related to but distinct from the existing genus Poseidonibacter of other.

Aliiposeidonocella

L. masc. adjective *alius*, other; L. fem. n. *Poseidonocella*, An existing genus; *Aliiposeidonocella*: A genus related to but distinct from the existing genus Poseidonocella of other.

Aliipostechiella

L. masc. adjective *alius*, other; L. fem. dim. n. *Postechiella*, An existing genus; *Aliipostechiella*: A genus related to but distinct from the existing genus Postechiella of other.

Aliipotamolinea

L. masc. adjective *alius*, other; L. fem. n. *Potamolinea*, An existing genus; *Aliipotamolinea*: A genus related to but distinct from the existing genus Potamolinea of other.

Aliipotamosiphon

L. masc. adjective *alius*, other; L. masc. n. *Potamosiphon*, An existing genus; *Aliipotamosiphon*: A genus related to but distinct from the existing genus Potamosiphon of other.

Aliipovalibacter

L. masc. adjective *alius*, other; L. masc. n. *Povalibacter*, An existing genus; *Aliipovalibacter*: A genus related to but distinct from the existing genus Povalibacter of other.

Aliipradoshia

L. masc. adjective *alius*, other; L. fem. n. *Pradoshia*, An existing genus; *Aliipradoshia*: A genus related to but distinct from the existing genus Pradoshia of other.

Aliipragia

L. masc. adjective *alius*, other; L. fem. n. *Pragia*, An existing genus; *Aliipragia*: A genus related to but distinct from the existing genus Pragia of other.

Aliiprauserella

L. masc. adjective *alius*, other; L. fem. dim. n. *Prauserella*, An existing genus; *Aliiprauserella*: A genus related to but distinct from the existing genus Prauserella of other.

Aliipreeria

L. masc. adjective *alius*, other; L. fem. n. *Preeria*, An existing genus; *Aliipreeria*: A genus related to but distinct from the existing genus Preeria of other.

Aliiprescottella

L. masc. adjective *alius*, other; L. fem. dim. n. *Prescottella*, An existing genus; *Aliiprescottella*: A genus related to but distinct from the existing genus Prescottella of other.

Aliiprevotella

L. masc. adjective *alius*, other; L. fem. dim. n. *Prevotella*, An existing genus; *Aliiprevotella*: A genus related to but distinct from the existing genus Prevotella of other.

Aliipricia

L. masc. adjective *alius*, other; L. fem. n. *Pricia*, An existing genus; *Aliipricia*: A genus related to but distinct from the existing genus Pricia of other.

Aliiprimorskyibacter

L. masc. adjective *alius*, other; L. masc. n. *Primorskyibacter*, An existing genus; *Aliiprimorskyibacter*: A genus related to but distinct from the existing genus Primorskyibacter of other.

Aliiprochlorococcus

L. masc. adjective *alius*, other; L. masc. n. *Prochlorococcus*, An existing genus; *Aliiprochlorococcus*: A genus related to but distinct from the existing genus Prochlorococcus of other.

Aliiprochloron

L. masc. adjective *alius*, other; L. neut. n. *Prochloron*, An existing genus; *Aliiprochloron*: A genus related to but distinct from the existing genus Prochloron of other.

Aliiprochlorothrix

L. masc. adjective *alius*, other; L. fem. n. *Prochlorothrix*, An existing genus; *Aliiprochlorothrix*: A genus related to but distinct from the existing genus Prochlorothrix of other.

Aliiprofundibacter

L. masc. adjective *alius*, other; L. masc. n. *Profundibacter*, An existing genus; *Aliiprofundibacter*: A genus related to but distinct from the existing genus Profundibacter of other.

Aliiprofundibacterium

L. masc. adjective *alius*, other; L. neut. n. *Profundibacterium*, An existing genus; *Aliiprofundibacterium*: A genus related to but distinct from the existing genus Profundibacterium of other.

Aliiprofundimonas

L. masc. adjective *alius*, other; L. fem. n. *Profundimonas*, An existing genus; *Aliiprofundimonas*: A genus related to but distinct from the existing genus Profundimonas of other.

Aliiprolinoborus

L. masc. adjective *alius*, other; L. masc. n. *Prolinoborus*, An existing genus; *Aliiprolinoborus*: A genus related to but distinct from the existing genus Prolinoborus of other.

Aliiprolixibacter

L. masc. adjective *alius*, other; L. masc. n. *Prolixibacter*, An existing genus; *Aliiprolixibacter*: A genus related to but distinct from the existing genus Prolixibacter of other.

Aliipromicromonospora

L. masc. adjective *alius*, other; L. fem. n. *Promicromonospora*, An existing genus; *Aliipromicromonospora*: A genus related to but distinct from the existing genus Promicromonospora of other.

Aliipropionibacterium

L. masc. adjective *alius*, other; L. neut. n. *Propionibacterium*, An existing genus; *Aliipropionibacterium*: A genus related to but distinct from the existing genus Propionibacterium of other.

Aliipropionicicella

L. masc. adjective *alius*, other; L. fem. n. *Propionicicella*, An existing genus; *Aliipropionicicella*: A genus related to but distinct from the existing genus Propionicicella of other.

Aliipropioniferax

L. masc. adjective *alius*, other; L. fem. n. *Propioniferax*, An existing genus; *Aliipropioniferax*: A genus related to but distinct from the existing genus Propioniferax of other.

Aliipropionigenium

L. masc. adjective *alius*, other; L. neut. n. *Propionigenium*, An existing genus; *Aliipropionigenium*: A genus related to but distinct from the existing genus Propionigenium of other.

Aliipropionimicrobium

L. masc. adjective *alius*, other; L. neut. n. *Propionimicrobium*, An existing genus; *Aliipropionimicrobium*: A genus related to but distinct from the existing genus Propionimicrobium of other.

Aliipropionispora

L. masc. adjective *alius*, other; L. fem. n. *Propionispora*, An existing genus; *Aliipropionispora*: A genus related to but distinct from the existing genus Propionispora of other.

Aliipropionivibrio

L. masc. adjective *alius*, other; L. masc. n. *Propionivibrio*, An existing genus; *Aliipropionivibrio*: A genus related to but distinct from the existing genus Propionivibrio of other.

Aliiprosthecobacter

L. masc. adjective *alius*, other; L. masc. n. *Prosthecobacter*, An existing genus; *Aliiprosthecobacter*: A genus related to but distinct from the existing genus Prosthecobacter of other.

Aliiprosthecochloris

L. masc. adjective *alius*, other; L. fem. n. *Prosthecochloris*, An existing genus; *Aliiprosthecochloris*: A genus related to but distinct from the existing genus Prosthecochloris of other.

Aliiprosthecomicrobium

L. masc. adjective *alius*, other; L. neut. n. *Prosthecomicrobium*, An existing genus; *Aliiprosthecomicrobium*: A genus related to but distinct from the existing genus Prosthecomicrobium of other.

Aliiprotaetiibacter

L. masc. adjective *alius*, other; L. masc. n. *Protaetiibacter*, An existing genus; *Aliiprotaetiibacter*: A genus related to but distinct from the existing genus Protaetiibacter of other.

Aliiproteiniborus

L. masc. adjective *alius*, other; L. masc. n. *Proteiniborus*, An existing genus; *Aliiproteiniborus*: A genus related to but distinct from the existing genus Proteiniborus of other.

Aliiproteiniclasticum

L. masc. adjective *alius*, other; L. neut. n. *Proteiniclasticum*, An existing genus; *Aliiproteiniclasticum*: A genus related to but distinct from the existing genus Proteiniclasticum of other.

Aliiproteiniphilum

L. masc. adjective *alius*, other; L. neut. n. *Proteiniphilum*, An existing genus; *Aliiproteiniphilum*: A genus related to but distinct from the existing genus Proteiniphilum of other.

Aliiproteinivorax

L. masc. adjective *alius*, other; L. neut. n. *Proteinivorax*, An existing genus; *Aliiproteinivorax*: A genus related to but distinct from the existing genus Proteinivorax of other.

Aliiproteocatella

L. masc. adjective *alius*, other; L. fem. dim. n. *Proteocatella*, An existing genus; *Aliiproteocatella*: A genus related to but distinct from the existing genus Proteocatella of other.

Aliiprotomonas

L. masc. adjective *alius*, other; L. fem. n. *Protomonas*, An existing genus; *Aliiprotomonas*: A genus related to but distinct from the existing genus Protomonas of other.

Aliiprovencibacterium

L. masc. adjective *alius*, other; L. neut. n. *Provencibacterium*, An existing genus; *Aliiprovencibacterium*: A genus related to but distinct from the existing genus Provencibacterium of other.

Aliiprovidencia

L. masc. adjective *alius*, other; L. fem. n. *Providencia*, An existing genus; *Aliiprovidencia*: A genus related to but distinct from the existing genus Providencia of other.

Aliipseudacidovorax

L. masc. adjective *alius*, other; L. masc. n. *Pseudacidovorax*, An existing genus; *Aliipseudacidovorax*: A genus related to but distinct from the existing genus Pseudacidovorax of other.

Aliipseudactinotalea

L. masc. adjective *alius*, other; L. fem. n. *Pseudactinotalea*, An existing genus; *Aliipseudactinotalea*: A genus related to but distinct from the existing genus Pseudactinotalea of other.

Aliipseudaeromonas

L. masc. adjective *alius*, other; L. fem. n. *Pseudaeromonas*, An existing genus; *Aliipseudaeromonas*: A genus related to but distinct from the existing genus Pseudaeromonas of other.

Aliipseudaestuariivita

L. masc. adjective *alius*, other; L. fem. n. *Pseudaestuariivita*, An existing genus; *Aliipseudaestuariivita*: A genus related to but distinct from the existing genus Pseudaestuariivita of other.

Aliipseudahrensia

L. masc. adjective *alius*, other; L. fem. n. *Pseudahrensia*, An existing genus; *Aliipseudahrensia*: A genus related to but distinct from the existing genus Pseudahrensia of other.

Aliipseudaminobacter

L. masc. adjective *alius*, other; L. masc. n. *Pseudaminobacter*, An existing genus; *Aliipseudaminobacter*: A genus related to but distinct from the existing genus Pseudaminobacter of other.

Aliipseudarcicella

L. masc. adjective *alius*, other; L. fem. n. *Pseudarcicella*, An existing genus; *Aliipseudarcicella*: A genus related to but distinct from the existing genus Pseudarcicella of other.

Aliipseudarthrobacter

L. masc. adjective *alius*, other; L. masc. n. *Pseudarthrobacter*, An existing genus; *Aliipseudarthrobacter*: A genus related to but distinct from the existing genus Pseudarthrobacter of other.

Aliipseudenhygromyxa

L. masc. adjective *alius*, other; L. fem. n. *Pseudenhygromyxa*, An existing genus; *Aliipseudenhygromyxa*: A genus related to but distinct from the existing genus Pseudenhygromyxa of other.

Aliipseudescherichia

L. masc. adjective *alius*, other; L. fem. n. *Pseudescherichia*, An existing genus; *Aliipseudescherichia*: A genus related to but distinct from the existing genus Pseudescherichia of other.

Aliipseudidiomarina

L. masc. adjective *alius*, other; L. fem. n. *Pseudidiomarina*, An existing genus; *Aliipseudidiomarina*: A genus related to but distinct from the existing genus Pseudidiomarina of other.

Aliipseudoalteromonas

L. masc. adjective *alius*, other; L. fem. n. *Pseudoalteromonas*, An existing genus; *Aliipseudoalteromonas*: A genus related to but distinct from the existing genus Pseudoalteromonas of other.

Aliipseudoamycolata

L. masc. adjective *alius*, other; L. fem. n. *Pseudoamycolata*, An existing genus; *Aliipseudoamycolata*: A genus related to but distinct from the existing genus Pseudoamycolata of other.

Aliipseudobacillus

L. masc. adjective *alius*, other; L. masc. n. *Pseudobacillus*, An existing genus; *Aliipseudobacillus*: A genus related to but distinct from the existing genus Pseudobacillus of other.

Aliipseudobacter

L. masc. adjective *alius*, other; L. masc. n. *Pseudobacter*, An existing genus; *Aliipseudobacter*: A genus related to but distinct from the existing genus Pseudobacter of other.

Aliipseudobacteriovorax

L. masc. adjective *alius*, other; L. masc. n. *Pseudobacteriovorax*, An existing genus; *Aliipseudobacteriovorax*: A genus related to but distinct from the existing genus Pseudobacteriovorax of other.

Aliipseudobacteroides

L. masc. adjective *alius*, other; L. masc. n. *Pseudobacteroides*, An existing genus; *Aliipseudobacteroides*: A genus related to but distinct from the existing genus Pseudobacteroides of other.

Aliipseudobizionia

L. masc. adjective *alius*, other; L. fem. n. *Pseudobizionia*, An existing genus; *Aliipseudobizionia*: A genus related to but distinct from the existing genus Pseudobizionia of other.

Aliipseudobowmanella

L. masc. adjective *alius*, other; L. fem. dim. n. *Pseudobowmanella*, An existing genus; *Aliipseudobowmanella*: A genus related to but distinct from the existing genus Pseudobowmanella of other.

Aliipseudobutyrivibrio

L. masc. adjective *alius*, other; L. masc. n. *Pseudobutyrivibrio*, An existing genus; *Aliipseudobutyrivibrio*: A genus related to but distinct from the existing genus Pseudobutyrivibrio of other.

Aliipseudocaedibacter

L. masc. adjective *alius*, other; L. masc. n. *Pseudocaedibacter*, An existing genus; *Aliipseudocaedibacter*: A genus related to but distinct from the existing genus Pseudocaedibacter of other.

Aliipseudochelatococcus

L. masc. adjective *alius*, other; L. masc. n. *Pseudochelatococcus*, An existing genus; *Aliipseudochelatococcus*: A genus related to but distinct from the existing genus Pseudochelatococcus of other.

Aliipseudochrobactrum

L. masc. adjective *alius*, other; L. neut. n. *Pseudochrobactrum*, An existing genus; *Aliipseudochrobactrum*: A genus related to but distinct from the existing genus Pseudochrobactrum of other.

Aliipseudocitrobacter

L. masc. adjective *alius*, other; L. masc. n. *Pseudocitrobacter*, An existing genus; *Aliipseudocitrobacter*: A genus related to but distinct from the existing genus Pseudocitrobacter of other.

Aliipseudoclavibacter

L. masc. adjective *alius*, other; L. masc. n. *Pseudoclavibacter*, An existing genus; *Aliipseudoclavibacter*: A genus related to but distinct from the existing genus Pseudoclavibacter of other.

Aliipseudoclostridium

L. masc. adjective *alius*, other; L. neut. dim. n. *Pseudoclostridium*, An existing genus; *Aliipseudoclostridium*: A genus related to but distinct from the existing genus Pseudoclostridium of other.

Aliipseudocolwellia

L. masc. adjective *alius*, other; L. fem. n. *Pseudocolwellia*, An existing genus; *Aliipseudocolwellia*: A genus related to but distinct from the existing genus Pseudocolwellia of other.

Aliipseudodesulfovibrio

L. masc. adjective *alius*, other; L. masc. n. *Pseudodesulfovibrio*, An existing genus; *Aliipseudodesulfovibrio*: A genus related to but distinct from the existing genus Pseudodesulfovibrio of other.

Aliipseudodonghicola

L. masc. adjective *alius*, other; L. masc. n. *Pseudodonghicola*, An existing genus; *Aliipseudodonghicola*: A genus related to but distinct from the existing genus Pseudodonghicola of other.

Aliipseudoduganella

L. masc. adjective *alius*, other; L. fem. dim. n. *Pseudoduganella*, An existing genus; *Aliipseudoduganella*: A genus related to but distinct from the existing genus Pseudoduganella of other.

Aliipseudoflavitalea

L. masc. adjective *alius*, other; L. fem. n. *Pseudoflavitalea*, An existing genus; *Aliipseudoflavitalea*: A genus related to but distinct from the existing genus Pseudoflavitalea of other.

Aliipseudoflavonifractor

L. masc. adjective *alius*, other; L. masc. n. *Pseudoflavonifractor*, An existing genus; *Aliipseudoflavonifractor*: A genus related to but distinct from the existing genus Pseudoflavonifractor of other.

Aliipseudofrancisella

L. masc. adjective *alius*, other; L. fem. dim. n. *Pseudofrancisella*, An existing genus; *Aliipseudofrancisella*: A genus related to but distinct from the existing genus Pseudofrancisella of other.

Aliipseudofulvibacter

L. masc. adjective *alius*, other; L. masc. n. *Pseudofulvibacter*, An existing genus; *Aliipseudofulvibacter*: A genus related to but distinct from the existing genus Pseudofulvibacter of other.

Aliipseudofulvimonas

L. masc. adjective *alius*, other; L. fem. n. *Pseudofulvimonas*, An existing genus; *Aliipseudofulvimonas*: A genus related to but distinct from the existing genus Pseudofulvimonas of other.

Aliipseudogemmobacter

L. masc. adjective *alius*, other; L. masc. n. *Pseudogemmobacter*, An existing genus; *Aliipseudogemmobacter*: A genus related to but distinct from the existing genus Pseudogemmobacter of other.

Aliipseudoglutamicibacter

L. masc. adjective *alius*, other; L. masc. n. *Pseudoglutamicibacter*, An existing genus; *Aliipseudoglutamicibacter*: A genus related to but distinct from the existing genus Pseudoglutamicibacter of other.

Aliipseudogracilibacillus

L. masc. adjective *alius*, other; L. masc. n. *Pseudogracilibacillus*, An existing genus; *Aliipseudogracilibacillus*: A genus related to but distinct from the existing genus Pseudogracilibacillus of other.

Aliipseudogulbenkiania

L. masc. adjective *alius*, other; L. fem. n. *Pseudogulbenkiania*, An existing genus; *Aliipseudogulbenkiania*: A genus related to but distinct from the existing genus Pseudogulbenkiania of other.

Aliipseudohaliea

L. masc. adjective *alius*, other; L. fem. n. *Pseudohaliea*, An existing genus; *Aliipseudohaliea*: A genus related to but distinct from the existing genus Pseudohaliea of other.

Aliipseudohalioglobus

L. masc. adjective *alius*, other; L. masc. n. *Pseudohalioglobus*, An existing genus; *Aliipseudohalioglobus*: A genus related to but distinct from the existing genus Pseudohalioglobus of other.

Aliipseudohalocynthiibacter

L. masc. adjective *alius*, other; L. masc. n. *Pseudohalocynthiibacter*, An existing genus; *Aliipseudohalocynthiibacter*: A genus related to but distinct from the existing genus Pseudohalocynthiibacter of other.

Aliipseudohoeflea

L. masc. adjective *alius*, other; L. fem. n. *Pseudohoeflea*, An existing genus; *Aliipseudohoeflea*: A genus related to but distinct from the existing genus Pseudohoeflea of other.

Aliipseudohongiella

L. masc. adjective *alius*, other; L. fem. dim. n. *Pseudohongiella*, An existing genus; *Aliipseudohongiella*: A genus related to but distinct from the existing genus Pseudohongiella of other.

Aliipseudokineococcus

L. masc. adjective *alius*, other; L. masc. n. *Pseudokineococcus*, An existing genus; *Aliipseudokineococcus*: A genus related to but distinct from the existing genus Pseudokineococcus of other.

Aliipseudolabrys

L. masc. adjective *alius*, other; L. masc. n. *Pseudolabrys*, An existing genus; *Aliipseudolabrys*: A genus related to but distinct from the existing genus Pseudolabrys of other.

Aliipseudoleptotrichia

L. masc. adjective *alius*, other; L. fem. n. *Pseudoleptotrichia*, An existing genus; *Aliipseudoleptotrichia*: A genus related to but distinct from the existing genus Pseudoleptotrichia of other.

Aliipseudolysinimonas

L. masc. adjective *alius*, other; L. fem. n. *Pseudolysinimonas*, An existing genus; *Aliipseudolysinimonas*: A genus related to but distinct from the existing genus Pseudolysinimonas of other.

Aliipseudolysobacter

L. masc. adjective *alius*, other; L. masc. n. *Pseudolysobacter*, An existing genus; *Aliipseudolysobacter*: A genus related to but distinct from the existing genus Pseudolysobacter of other.

Aliipseudomaribius

L. masc. adjective *alius*, other; L. masc. n. *Pseudomaribius*, An existing genus; *Aliipseudomaribius*: A genus related to but distinct from the existing genus Pseudomaribius of other.

Aliipseudomaricurvus

L. masc. adjective *alius*, other; L. masc. n. *Pseudomaricurvus*, An existing genus; *Aliipseudomaricurvus*: A genus related to but distinct from the existing genus Pseudomaricurvus of other.

Aliipseudomethylobacillus

L. masc. adjective *alius*, other; L. masc. n. *Pseudomethylobacillus*, An existing genus; *Aliipseudomethylobacillus*: A genus related to but distinct from the existing genus Pseudomethylobacillus of other.

Aliipseudomonas

L. masc. adjective *alius*, other; L. fem. n. *Pseudomonas*, An existing genus; *Aliipseudomonas*: A genus related to but distinct from the existing genus Pseudomonas of other.

Aliipseudonocardia

L. masc. adjective *alius*, other; L. fem. n. *Pseudonocardia*, An existing genus; *Aliipseudonocardia*: A genus related to but distinct from the existing genus Pseudonocardia of other.

Aliipseudooceanicola

L. masc. adjective *alius*, other; L. masc. n. *Pseudooceanicola*, An existing genus; *Aliipseudooceanicola*: A genus related to but distinct from the existing genus Pseudooceanicola of other.

Aliipseudooctadecabacter

L. masc. adjective *alius*, other; L. masc. n. *Pseudooctadecabacter*, An existing genus; *Aliipseudooctadecabacter*: A genus related to but distinct from the existing genus Pseudooctadecabacter of other.

Aliipseudopedobacter

L. masc. adjective *alius*, other; L. masc. n. *Pseudopedobacter*, An existing genus; *Aliipseudopedobacter*: A genus related to but distinct from the existing genus Pseudopedobacter of other.

Aliipseudopelagicola

L. masc. adjective *alius*, other; L. masc. n. *Pseudopelagicola*, An existing genus; *Aliipseudopelagicola*: A genus related to but distinct from the existing genus Pseudopelagicola of other.

Aliipseudophaeobacter

L. masc. adjective *alius*, other; L. masc. n. *Pseudophaeobacter*, An existing genus; *Aliipseudophaeobacter*: A genus related to but distinct from the existing genus Pseudophaeobacter of other.

Aliipseudopropionibacterium

L. masc. adjective *alius*, other; L. neut. n. *Pseudopropionibacterium*, An existing genus; *Aliipseudopropionibacterium*: A genus related to but distinct from the existing genus Pseudopropionibacterium of other.

Aliipseudopuniceibacterium

L. masc. adjective *alius*, other; L. neut. n. *Pseudopuniceibacterium*, An existing genus; *Aliipseudopuniceibacterium*: A genus related to but distinct from the existing genus Pseudopuniceibacterium of other.

Aliipseudoramibacter

L. masc. adjective *alius*, other; L. masc. n. *Pseudoramibacter*, An existing genus; *Aliipseudoramibacter*: A genus related to but distinct from the existing genus Pseudoramibacter of other.

Aliipseudorhizobium

L. masc. adjective *alius*, other; L. neut. n. *Pseudorhizobium*, An existing genus; *Aliipseudorhizobium*: A genus related to but distinct from the existing genus Pseudorhizobium of other.

Aliipseudorhodobacter

L. masc. adjective *alius*, other; L. masc. n. *Pseudorhodobacter*, An existing genus; *Aliipseudorhodobacter*: A genus related to but distinct from the existing genus Pseudorhodobacter of other.

Aliipseudorhodoferax

L. masc. adjective *alius*, other; L. masc. n. *Pseudorhodoferax*, An existing genus; *Aliipseudorhodoferax*: A genus related to but distinct from the existing genus Pseudorhodoferax of other.

Aliipseudorhodoplanes

L. masc. adjective *alius*, other; L. masc. n. *Pseudorhodoplanes*, An existing genus; *Aliipseudorhodoplanes*: A genus related to but distinct from the existing genus Pseudorhodoplanes of other.

Aliipseudorivibacter

L. masc. adjective *alius*, other; L. masc. n. *Pseudorivibacter*, An existing genus; *Aliipseudorivibacter*: A genus related to but distinct from the existing genus Pseudorivibacter of other.

Aliipseudoroseicyclus

L. masc. adjective *alius*, other; L. masc. n. *Pseudoroseicyclus*, An existing genus; *Aliipseudoroseicyclus*: A genus related to but distinct from the existing genus Pseudoroseicyclus of other.

Aliipseudoroseovarius

L. masc. adjective *alius*, other; L. masc. n. *Pseudoroseovarius*, An existing genus; *Aliipseudoroseovarius*: A genus related to but distinct from the existing genus Pseudoroseovarius of other.

Aliipseudoruegeria

L. masc. adjective *alius*, other; L. fem. n. *Pseudoruegeria*, An existing genus; *Aliipseudoruegeria*: A genus related to but distinct from the existing genus Pseudoruegeria of other.

Aliipseudoruminococcus

L. masc. adjective *alius*, other; L. masc. n. *Pseudoruminococcus*, An existing genus; *Aliipseudoruminococcus*: A genus related to but distinct from the existing genus Pseudoruminococcus of other.

Aliipseudoscardovia

L. masc. adjective *alius*, other; L. fem. n. *Pseudoscardovia*, An existing genus; *Aliipseudoscardovia*: A genus related to but distinct from the existing genus Pseudoscardovia of other.

Aliipseudoseohaeicola

L. masc. adjective *alius*, other; L. masc. n. *Pseudoseohaeicola*, An existing genus; *Aliipseudoseohaeicola*: A genus related to but distinct from the existing genus Pseudoseohaeicola of other.

Aliipseudosphingobacterium

L. masc. adjective *alius*, other; L. neut. n. *Pseudosphingobacterium*, An existing genus; *Aliipseudosphingobacterium*: A genus related to but distinct from the existing genus Pseudosphingobacterium of other.

Aliipseudospirillum

L. masc. adjective *alius*, other; L. neut. dim. n. *Pseudospirillum*, An existing genus; *Aliipseudospirillum*: A genus related to but distinct from the existing genus Pseudospirillum of other.

Aliipseudosporangium

L. masc. adjective *alius*, other; L. neut. n. *Pseudosporangium*, An existing genus; *Aliipseudosporangium*: A genus related to but distinct from the existing genus Pseudosporangium of other.

Aliipseudostreptobacillus

L. masc. adjective *alius*, other; L. masc. n. *Pseudostreptobacillus*, An existing genus; *Aliipseudostreptobacillus*: A genus related to but distinct from the existing genus Pseudostreptobacillus of other.

Aliipseudotenacibaculum

L. masc. adjective *alius*, other; L. neut. n. *Pseudotenacibaculum*, An existing genus; *Aliipseudotenacibaculum*: A genus related to but distinct from the existing genus Pseudotenacibaculum of other.

Aliipseudoteredinibacter

L. masc. adjective *alius*, other; L. masc. n. *Pseudoteredinibacter*, An existing genus; *Aliipseudoteredinibacter*: A genus related to but distinct from the existing genus Pseudoteredinibacter of other.

Aliipseudothermotoga

L. masc. adjective *alius*, other; L. fem. n. *Pseudothermotoga*, An existing genus; *Aliipseudothermotoga*: A genus related to but distinct from the existing genus Pseudothermotoga of other.

Aliipseudothioclava

L. masc. adjective *alius*, other; L. fem. n. *Pseudothioclava*, An existing genus; *Aliipseudothioclava*: A genus related to but distinct from the existing genus Pseudothioclava of other.

Aliipseudovibrio

L. masc. adjective *alius*, other; L. masc. n. *Pseudovibrio*, An existing genus; *Aliipseudovibrio*: A genus related to but distinct from the existing genus Pseudovibrio of other.

Aliipseudoxanthobacter

L. masc. adjective *alius*, other; L. masc. n. *Pseudoxanthobacter*, An existing genus; *Aliipseudoxanthobacter*: A genus related to but distinct from the existing genus Pseudoxanthobacter of other.

Aliipseudoxanthomonas

L. masc. adjective *alius*, other; L. fem. n. *Pseudoxanthomonas*, An existing genus; *Aliipseudoxanthomonas*: A genus related to but distinct from the existing genus Pseudoxanthomonas of other.

Aliipseudozobellia

L. masc. adjective *alius*, other; L. fem. n. *Pseudozobellia*, An existing genus; *Aliipseudozobellia*: A genus related to but distinct from the existing genus Pseudozobellia of other.

Aliipsittacicella

L. masc. adjective *alius*, other; L. fem. n. *Psittacicella*, An existing genus; *Aliipsittacicella*: A genus related to but distinct from the existing genus Psittacicella of other.

Aliipsychrilyobacter

L. masc. adjective *alius*, other; L. masc. n. *Psychrilyobacter*, An existing genus; *Aliipsychrilyobacter*: A genus related to but distinct from the existing genus Psychrilyobacter of other.

Aliipsychrobacter

L. masc. adjective *alius*, other; L. masc. n. *Psychrobacter*, An existing genus; *Aliipsychrobacter*: A genus related to but distinct from the existing genus Psychrobacter of other.

Aliipsychrobium

L. masc. adjective *alius*, other; L. neut. n. *Psychrobium*, An existing genus; *Aliipsychrobium*: A genus related to but distinct from the existing genus Psychrobium of other.

Aliipsychroflexus

L. masc. adjective *alius*, other; L. masc. n. *Psychroflexus*, An existing genus; *Aliipsychroflexus*: A genus related to but distinct from the existing genus Psychroflexus of other.

Aliipsychroglaciecola

L. masc. adjective *alius*, other; L. fem. n. *Psychroglaciecola*, An existing genus; *Aliipsychroglaciecola*: A genus related to but distinct from the existing genus Psychroglaciecola of other.

Aliipsychromarinibacter

L. masc. adjective *alius*, other; L. masc. n. *Psychromarinibacter*, An existing genus; *Aliipsychromarinibacter*: A genus related to but distinct from the existing genus Psychromarinibacter of other.

Aliipsychromicrobium

L. masc. adjective *alius*, other; L. neut. n. *Psychromicrobium*, An existing genus; *Aliipsychromicrobium*: A genus related to but distinct from the existing genus Psychromicrobium of other.

Aliipsychroserpens

L. masc. adjective *alius*, other; L. masc. n. *Psychroserpens*, An existing genus; *Aliipsychroserpens*: A genus related to but distinct from the existing genus Psychroserpens of other.

Aliipsychrosinus

L. masc. adjective *alius*, other; L. masc. n. *Psychrosinus*, An existing genus; *Aliipsychrosinus*: A genus related to but distinct from the existing genus Psychrosinus of other.

Aliipsychrosphaera

L. masc. adjective *alius*, other; L. fem. n. *Psychrosphaera*, An existing genus; *Aliipsychrosphaera*: A genus related to but distinct from the existing genus Psychrosphaera of other.

Aliipueribacillus

L. masc. adjective *alius*, other; L. masc. n. *Pueribacillus*, An existing genus; *Aliipueribacillus*: A genus related to but distinct from the existing genus Pueribacillus of other.

Aliipuia

L. masc. adjective *alius*, other; L. fem. n. *Puia*, An existing genus; *Aliipuia*: A genus related to but distinct from the existing genus Puia of other.

Aliipukyongia

L. masc. adjective *alius*, other; L. fem. n. *Pukyongia*, An existing genus; *Aliipukyongia*: A genus related to but distinct from the existing genus Pukyongia of other.

Aliipukyongiella

L. masc. adjective *alius*, other; L. fem. dim. n. *Pukyongiella*, An existing genus; *Aliipukyongiella*: A genus related to but distinct from the existing genus Pukyongiella of other.

Aliipuniceibacterium

L. masc. adjective *alius*, other; L. neut. n. *Puniceibacterium*, An existing genus; *Aliipuniceibacterium*: A genus related to but distinct from the existing genus Puniceibacterium of other.

Aliipuniceicoccus

L. masc. adjective *alius*, other; L. masc. n. *Puniceicoccus*, An existing genus; *Aliipuniceicoccus*: A genus related to but distinct from the existing genus Puniceicoccus of other.

Aliipusillimonas

L. masc. adjective *alius*, other; L. fem. n. *Pusillimonas*, An existing genus; *Aliipusillimonas*: A genus related to but distinct from the existing genus Pusillimonas of other.

Aliipustulibacterium

L. masc. adjective *alius*, other; L. neut. n. *Pustulibacterium*, An existing genus; *Aliipustulibacterium*: A genus related to but distinct from the existing genus Pustulibacterium of other.

Aliiputridiphycobacter

L. masc. adjective *alius*, other; L. masc. n. *Putridiphycobacter*, An existing genus; *Aliiputridiphycobacter*: A genus related to but distinct from the existing genus Putridiphycobacter of other.

Aliipuzihella

L. masc. adjective *alius*, other; L. fem. dim. n. *Puzihella*, An existing genus; *Aliipuzihella*: A genus related to but distinct from the existing genus Puzihella of other.

Aliipycnacronema

L. masc. adjective *alius*, other; L. neut. n. *Pycnacronema*, An existing genus; *Aliipycnacronema*: A genus related to but distinct from the existing genus Pycnacronema of other.

Aliipyramidobacter

L. masc. adjective *alius*, other; L. masc. n. *Pyramidobacter*, An existing genus; *Aliipyramidobacter*: A genus related to but distinct from the existing genus Pyramidobacter of other.

Aliipyrinomonas

L. masc. adjective *alius*, other; L. fem. n. *Pyrinomonas*, An existing genus; *Aliipyrinomonas*: A genus related to but distinct from the existing genus Pyrinomonas of other.

Aliipyrobaculum

L. masc. adjective *alius*, other; L. neut. n. *Pyrobaculum*, An existing genus; *Aliipyrobaculum*: A genus related to but distinct from the existing genus Pyrobaculum of other.

Aliipyrococcus

L. masc. adjective *alius*, other; L. masc. n. *Pyrococcus*, An existing genus; *Aliipyrococcus*: A genus related to but distinct from the existing genus Pyrococcus of other.

Aliipyrodictium

L. masc. adjective *alius*, other; L. neut. n. *Pyrodictium*, An existing genus; *Aliipyrodictium*: A genus related to but distinct from the existing genus Pyrodictium of other.

Aliipyruvatibacter

L. masc. adjective *alius*, other; L. masc. n. *Pyruvatibacter*, An existing genus; *Aliipyruvatibacter*: A genus related to but distinct from the existing genus Pyruvatibacter of other.

Aliipyxidicoccus

L. masc. adjective *alius*, other; L. masc. n. *Pyxidicoccus*, An existing genus; *Aliipyxidicoccus*: A genus related to but distinct from the existing genus Pyxidicoccus of other.

Aliiqingshengfania

L. masc. adjective *alius*, other; L. fem. n. *Qingshengfania*, An existing genus; *Aliiqingshengfania*: A genus related to but distinct from the existing genus Qingshengfania of other.

Aliiqipengyuania

L. masc. adjective *alius*, other; L. fem. n. *Qipengyuania*, An existing genus; *Aliiqipengyuania*: A genus related to but distinct from the existing genus Qipengyuania of other.

Aliiquadricoccus

L. masc. adjective *alius*, other; L. masc. n. *Quadricoccus*, An existing genus; *Aliiquadricoccus*: A genus related to but distinct from the existing genus Quadricoccus of other.

Aliiquadrisphaera

L. masc. adjective *alius*, other; L. fem. n. *Quadrisphaera*, An existing genus; *Aliiquadrisphaera*: A genus related to but distinct from the existing genus Quadrisphaera of other.

Aliiquasibacillus

L. masc. adjective *alius*, other; L. masc. n. *Quasibacillus*, An existing genus; *Aliiquasibacillus*: A genus related to but distinct from the existing genus Quasibacillus of other.

Aliiquatrionicoccus

L. masc. adjective *alius*, other; L. masc. n. *Quatrionicoccus*, An existing genus; *Aliiquatrionicoccus*: A genus related to but distinct from the existing genus Quatrionicoccus of other.

Aliiquinella

L. masc. adjective *alius*, other; L. fem. dim. n. *Quinella*, An existing genus; *Aliiquinella*: A genus related to but distinct from the existing genus Quinella of other.

Aliiracemicystis

L. masc. adjective *alius*, other; L. fem. n. *Racemicystis*, An existing genus; *Aliiracemicystis*: A genus related to but distinct from the existing genus Racemicystis of other.

Aliirahnella

L. masc. adjective *alius*, other; L. fem. dim. n. *Rahnella*, An existing genus; *Aliirahnella*: A genus related to but distinct from the existing genus Rahnella of other.

Aliiraineya

L. masc. adjective *alius*, other; L. fem. n. *Raineya*, An existing genus; *Aliiraineya*: A genus related to but distinct from the existing genus Raineya of other.

Aliiraineyella

L. masc. adjective *alius*, other; L. fem. dim. n. *Raineyella*, An existing genus; *Aliiraineyella*: A genus related to but distinct from the existing genus Raineyella of other.

Aliiralstonia

L. masc. adjective *alius*, other; L. fem. n. *Ralstonia*, An existing genus; *Aliiralstonia*: A genus related to but distinct from the existing genus Ralstonia of other.

Aliiramlibacter

L. masc. adjective *alius*, other; L. masc. n. *Ramlibacter*, An existing genus; *Aliiramlibacter*: A genus related to but distinct from the existing genus Ramlibacter of other.

Aliiramsaria

L. masc. adjective *alius*, other; L. fem. n. *Ramsaria*, An existing genus; *Aliiramsaria*: A genus related to but distinct from the existing genus Ramsaria of other.

Aliiraoultella

L. masc. adjective *alius*, other; L. fem. dim. n. *Raoultella*, An existing genus; *Aliiraoultella*: A genus related to but distinct from the existing genus Raoultella of other.

Aliirariglobus

L. masc. adjective *alius*, other; L. masc. n. *Rariglobus*, An existing genus; *Aliirariglobus*: A genus related to but distinct from the existing genus Rariglobus of other.

Aliirarimicrobium

L. masc. adjective *alius*, other; L. neut. n. *Rarimicrobium*, An existing genus; *Aliirarimicrobium*: A genus related to but distinct from the existing genus Rarimicrobium of other.

Aliirarobacter

L. masc. adjective *alius*, other; L. masc. n. *Rarobacter*, An existing genus; *Aliirarobacter*: A genus related to but distinct from the existing genus Rarobacter of other.

Aliirathayibacter

L. masc. adjective *alius*, other; L. masc. n. *Rathayibacter*, An existing genus; *Aliirathayibacter*: A genus related to but distinct from the existing genus Rathayibacter of other.

Aliiravibacter

L. masc. adjective *alius*, other; L. masc. n. *Ravibacter*, An existing genus; *Aliiravibacter*: A genus related to but distinct from the existing genus Ravibacter of other.

Aliirectinema

L. masc. adjective *alius*, other; L. neut. n. *Rectinema*, An existing genus; *Aliirectinema*: A genus related to but distinct from the existing genus Rectinema of other.

Aliirehaibacterium

L. masc. adjective *alius*, other; L. neut. n. *Rehaibacterium*, An existing genus; *Aliirehaibacterium*: A genus related to but distinct from the existing genus Rehaibacterium of other.

Aliireichenbachia

L. masc. adjective *alius*, other; L. fem. n. *Reichenbachia*, An existing genus; *Aliireichenbachia*: A genus related to but distinct from the existing genus Reichenbachia of other.

Aliireichenbachiella

L. masc. adjective *alius*, other; L. fem. dim. n. *Reichenbachiella*, An existing genus; *Aliireichenbachiella*: A genus related to but distinct from the existing genus Reichenbachiella of other.

Aliireinekea

L. masc. adjective *alius*, other; L. fem. n. *Reinekea*, An existing genus; *Aliireinekea*: A genus related to but distinct from the existing genus Reinekea of other.

Aliirenibacterium

L. masc. adjective *alius*, other; L. neut. n. *Renibacterium*, An existing genus; *Aliirenibacterium*: A genus related to but distinct from the existing genus Renibacterium of other.

Aliireyranella

L. masc. adjective *alius*, other; L. fem. dim. n. *Reyranella*, An existing genus; *Aliireyranella*: A genus related to but distinct from the existing genus Reyranella of other.

Aliirhabdaerophilum

L. masc. adjective *alius*, other; L. neut. n. *Rhabdaerophilum*, An existing genus; *Aliirhabdaerophilum*: A genus related to but distinct from the existing genus Rhabdaerophilum of other.

Aliirhabdanaerobium

L. masc. adjective *alius*, other; L. neut. n. *Rhabdanaerobium*, An existing genus; *Aliirhabdanaerobium*: A genus related to but distinct from the existing genus Rhabdanaerobium of other.

Aliirhabdobacter

L. masc. adjective *alius*, other; L. masc. n. *Rhabdobacter*, An existing genus; *Aliirhabdobacter*: A genus related to but distinct from the existing genus Rhabdobacter of other.

Aliirhabdochromatium

L. masc. adjective *alius*, other; L. neut. n. *Rhabdochromatium*, An existing genus; *Aliirhabdochromatium*: A genus related to but distinct from the existing genus Rhabdochromatium of other.

Aliirheinheimera

L. masc. adjective *alius*, other; L. fem. n. *Rheinheimera*, An existing genus; *Aliirheinheimera*: A genus related to but distinct from the existing genus Rheinheimera of other.

Aliirhizobium

L. masc. adjective *alius*, other; L. neut. n. *Rhizobium*, An existing genus; *Aliirhizobium*: A genus related to but distinct from the existing genus Rhizobium of other.

Aliirhizocola

L. masc. adjective *alius*, other; L. masc. n. *Rhizocola*, An existing genus; *Aliirhizocola*: A genus related to but distinct from the existing genus Rhizocola of other.

Aliirhizomicrobium

L. masc. adjective *alius*, other; L. neut. n. *Rhizomicrobium*, An existing genus; *Aliirhizomicrobium*: A genus related to but distinct from the existing genus Rhizomicrobium of other.

Aliirhizomonas

L. masc. adjective *alius*, other; L. fem. n. *Rhizomonas*, An existing genus; *Aliirhizomonas*: A genus related to but distinct from the existing genus Rhizomonas of other.

Aliirhizorhabdus

L. masc. adjective *alius*, other; L. fem. n. *Rhizorhabdus*, An existing genus; *Aliirhizorhabdus*: A genus related to but distinct from the existing genus Rhizorhabdus of other.

Aliirhizorhapis

L. masc. adjective *alius*, other; L. fem. n. *Rhizorhapis*, An existing genus; *Aliirhizorhapis*: A genus related to but distinct from the existing genus Rhizorhapis of other.

Aliirhodanobacter

L. masc. adjective *alius*, other; L. masc. n. *Rhodanobacter*, An existing genus; *Aliirhodanobacter*: A genus related to but distinct from the existing genus Rhodanobacter of other.

Aliirhodobaca

L. masc. adjective *alius*, other; L. fem. n. *Rhodobaca*, An existing genus; *Aliirhodobaca*: A genus related to but distinct from the existing genus Rhodobaca of other.

Aliirhodobacter

L. masc. adjective *alius*, other; L. masc. n. *Rhodobacter*, An existing genus; *Aliirhodobacter*: A genus related to but distinct from the existing genus Rhodobacter of other.

Aliirhodobium

L. masc. adjective *alius*, other; L. neut. n. *Rhodobium*, An existing genus; *Aliirhodobium*: A genus related to but distinct from the existing genus Rhodobium of other.

Aliirhodoblastus

L. masc. adjective *alius*, other; L. masc. n. *Rhodoblastus*, An existing genus; *Aliirhodoblastus*: A genus related to but distinct from the existing genus Rhodoblastus of other.

Aliirhodocista

L. masc. adjective *alius*, other; L. fem. n. *Rhodocista*, An existing genus; *Aliirhodocista*: A genus related to but distinct from the existing genus Rhodocista of other.

Aliirhodococcus

L. masc. adjective *alius*, other; L. masc. n. *Rhodococcus*, An existing genus; *Aliirhodococcus*: A genus related to but distinct from the existing genus Rhodococcus of other.

Aliirhodocyclus

L. masc. adjective *alius*, other; L. masc. n. *Rhodocyclus*, An existing genus; *Aliirhodocyclus*: A genus related to but distinct from the existing genus Rhodocyclus of other.

Aliirhodocytophaga

L. masc. adjective *alius*, other; L. fem. n. *Rhodocytophaga*, An existing genus; *Aliirhodocytophaga*: A genus related to but distinct from the existing genus Rhodocytophaga of other.

Aliirhodoferax

L. masc. adjective *alius*, other; L. masc. n. *Rhodoferax*, An existing genus; *Aliirhodoferax*: A genus related to but distinct from the existing genus Rhodoferax of other.

Aliirhodoglobus

L. masc. adjective *alius*, other; L. masc. n. *Rhodoglobus*, An existing genus; *Aliirhodoglobus*: A genus related to but distinct from the existing genus Rhodoglobus of other.

Aliirhodohalobacter

L. masc. adjective *alius*, other; L. masc. n. *Rhodohalobacter*, An existing genus; *Aliirhodohalobacter*: A genus related to but distinct from the existing genus Rhodohalobacter of other.

Aliirhodoligotrophos

L. masc. adjective *alius*, other; L. masc. n. *Rhodoligotrophos*, An existing genus; *Aliirhodoligotrophos*: A genus related to but distinct from the existing genus Rhodoligotrophos of other.

Aliirhodoluna

L. masc. adjective *alius*, other; L. fem. n. *Rhodoluna*, An existing genus; *Aliirhodoluna*: A genus related to but distinct from the existing genus Rhodoluna of other.

Aliirhodomicrobium

L. masc. adjective *alius*, other; L. neut. n. *Rhodomicrobium*, An existing genus; *Aliirhodomicrobium*: A genus related to but distinct from the existing genus Rhodomicrobium of other.

Aliirhodonellum

L. masc. adjective *alius*, other; L. neut. dim. n. *Rhodonellum*, An existing genus; *Aliirhodonellum*: A genus related to but distinct from the existing genus Rhodonellum of other.

Aliirhodophyticola

L. masc. adjective *alius*, other; L. masc. n. *Rhodophyticola*, An existing genus; *Aliirhodophyticola*: A genus related to but distinct from the existing genus Rhodophyticola of other.

Aliirhodopila

L. masc. adjective *alius*, other; L. fem. n. *Rhodopila*, An existing genus; *Aliirhodopila*: A genus related to but distinct from the existing genus Rhodopila of other.

Aliirhodopirellula

L. masc. adjective *alius*, other; L. fem. dim. n. *Rhodopirellula*, An existing genus; *Aliirhodopirellula*: A genus related to but distinct from the existing genus Rhodopirellula of other.

Aliirhodoplanes

L. masc. adjective *alius*, other; L. masc. n. *Rhodoplanes*, An existing genus; *Aliirhodoplanes*: A genus related to but distinct from the existing genus Rhodoplanes of other.

Aliirhodopseudomonas

L. masc. adjective *alius*, other; L. fem. n. *Rhodopseudomonas*, An existing genus; *Aliirhodopseudomonas*: A genus related to but distinct from the existing genus Rhodopseudomonas of other.

Aliirhodosalinus

L. masc. adjective *alius*, other; L. masc. n. *Rhodosalinus*, An existing genus; *Aliirhodosalinus*: A genus related to but distinct from the existing genus Rhodosalinus of other.

Aliirhodospira

L. masc. adjective *alius*, other; L. fem. n. *Rhodospira*, An existing genus; *Aliirhodospira*: A genus related to but distinct from the existing genus Rhodospira of other.

Aliirhodospirillum

L. masc. adjective *alius*, other; L. neut. dim. n. *Rhodospirillum*, An existing genus; *Aliirhodospirillum*: A genus related to but distinct from the existing genus Rhodospirillum of other.

Aliirhodothalassium

L. masc. adjective *alius*, other; L. neut. n. *Rhodothalassium*, An existing genus; *Aliirhodothalassium*: A genus related to but distinct from the existing genus Rhodothalassium of other.

Aliirhodothermus

L. masc. adjective *alius*, other; L. masc. n. *Rhodothermus*, An existing genus; *Aliirhodothermus*: A genus related to but distinct from the existing genus Rhodothermus of other.

Aliirhodovarius

L. masc. adjective *alius*, other; L. masc. n. *Rhodovarius*, An existing genus; *Aliirhodovarius*: A genus related to but distinct from the existing genus Rhodovarius of other.

Aliirhodovastum

L. masc. adjective *alius*, other; L. neut. n. *Rhodovastum*, An existing genus; *Aliirhodovastum*: A genus related to but distinct from the existing genus Rhodovastum of other.

Aliirhodovibrio

L. masc. adjective *alius*, other; L. masc. n. *Rhodovibrio*, An existing genus; *Aliirhodovibrio*: A genus related to but distinct from the existing genus Rhodovibrio of other.

Aliirhodovulum

L. masc. adjective *alius*, other; L. neut. n. *Rhodovulum*, An existing genus; *Aliirhodovulum*: A genus related to but distinct from the existing genus Rhodovulum of other.

Aliirickettsia

L. masc. adjective *alius*, other; L. fem. n. *Rickettsia*, An existing genus; *Aliirickettsia*: A genus related to but distinct from the existing genus Rickettsia of other.

Aliirickettsiella

L. masc. adjective *alius*, other; L. fem. dim. n. *Rickettsiella*, An existing genus; *Aliirickettsiella*: A genus related to but distinct from the existing genus Rickettsiella of other.

Aliiriemerella

L. masc. adjective *alius*, other; L. fem. dim. n. *Riemerella*, An existing genus; *Aliiriemerella*: A genus related to but distinct from the existing genus Riemerella of other.

Aliirikenella

L. masc. adjective *alius*, other; L. fem. dim. n. *Rikenella*, An existing genus; *Aliirikenella*: A genus related to but distinct from the existing genus Rikenella of other.

Aliirippkaea

L. masc. adjective *alius*, other; L. fem. n. *Rippkaea*, An existing genus; *Aliirippkaea*: A genus related to but distinct from the existing genus Rippkaea of other.

Aliirisungbinella

L. masc. adjective *alius*, other; L. fem. dim. n. *Risungbinella*, An existing genus; *Aliirisungbinella*: A genus related to but distinct from the existing genus Risungbinella of other.

Aliirivibacter

L. masc. adjective *alius*, other; L. masc. n. *Rivibacter*, An existing genus; *Aliirivibacter*: A genus related to but distinct from the existing genus Rivibacter of other.

Aliirivicola

L. masc. adjective *alius*, other; L. masc. n. *Rivicola*, An existing genus; *Aliirivicola*: A genus related to but distinct from the existing genus Rivicola of other.

Aliirivularia

L. masc. adjective *alius*, other; L. fem. n. *Rivularia*, An existing genus; *Aliirivularia*: A genus related to but distinct from the existing genus Rivularia of other.

Aliirobbsia

L. masc. adjective *alius*, other; L. fem. n. *Robbsia*, An existing genus; *Aliirobbsia*: A genus related to but distinct from the existing genus Robbsia of other.

Aliirobertkochia

L. masc. adjective *alius*, other; L. fem. n. *Robertkochia*, An existing genus; *Aliirobertkochia*: A genus related to but distinct from the existing genus Robertkochia of other.

Aliirobiginitalea

L. masc. adjective *alius*, other; L. fem. n. *Robiginitalea*, An existing genus; *Aliirobiginitalea*: A genus related to but distinct from the existing genus Robiginitalea of other.

Aliirobiginitomaculum

L. masc. adjective *alius*, other; L. neut. n. *Robiginitomaculum*, An existing genus; *Aliirobiginitomaculum*: A genus related to but distinct from the existing genus Robiginitomaculum of other.

Aliirobinsoniella

L. masc. adjective *alius*, other; L. fem. dim. n. *Robinsoniella*, An existing genus; *Aliirobinsoniella*: A genus related to but distinct from the existing genus Robinsoniella of other.

Aliirochalimaea

L. masc. adjective *alius*, other; L. fem. n. *Rochalimaea*, An existing genus; *Aliirochalimaea*: A genus related to but distinct from the existing genus Rochalimaea of other.

Aliirodentibacter

L. masc. adjective *alius*, other; L. masc. n. *Rodentibacter*, An existing genus; *Aliirodentibacter*: A genus related to but distinct from the existing genus Rodentibacter of other.

Aliiroholtiella

L. masc. adjective *alius*, other; L. fem. dim. n. *Roholtiella*, An existing genus; *Aliiroholtiella*: A genus related to but distinct from the existing genus Roholtiella of other.

Aliiromboutsia

L. masc. adjective *alius*, other; L. fem. n. *Romboutsia*, An existing genus; *Aliiromboutsia*: A genus related to but distinct from the existing genus Romboutsia of other.

Aliiroseateles

L. masc. adjective *alius*, other; L. masc. n. *Roseateles*, An existing genus; *Aliiroseateles*: A genus related to but distinct from the existing genus Roseateles of other.

Aliiroseburia

L. masc. adjective *alius*, other; L. fem. n. *Roseburia*, An existing genus; *Aliiroseburia*: A genus related to but distinct from the existing genus Roseburia of other.

Aliiroseiarcus

L. masc. adjective *alius*, other; L. masc. n. *Roseiarcus*, An existing genus; *Aliiroseiarcus*: A genus related to but distinct from the existing genus Roseiarcus of other.

Aliiroseibaca

L. masc. adjective *alius*, other; L. fem. n. *Roseibaca*, An existing genus; *Aliiroseibaca*: A genus related to but distinct from the existing genus Roseibaca of other.

Aliiroseibacillus

L. masc. adjective *alius*, other; L. masc. n. *Roseibacillus*, An existing genus; *Aliiroseibacillus*: A genus related to but distinct from the existing genus Roseibacillus of other.

Aliiroseibacterium

L. masc. adjective *alius*, other; L. neut. n. *Roseibacterium*, An existing genus; *Aliiroseibacterium*: A genus related to but distinct from the existing genus Roseibacterium of other.

Aliiroseibacula

L. masc. adjective *alius*, other; L. fem. dim. n. *Roseibacula*, An existing genus; *Aliiroseibacula*: A genus related to but distinct from the existing genus Roseibacula of other.

Aliiroseibium

L. masc. adjective *alius*, other; L. neut. n. *Roseibium*, An existing genus; *Aliiroseibium*: A genus related to but distinct from the existing genus Roseibium of other.

Aliiroseicella

L. masc. adjective *alius*, other; L. fem. n. *Roseicella*, An existing genus; *Aliiroseicella*: A genus related to but distinct from the existing genus Roseicella of other.

Aliiroseicitreum

L. masc. adjective *alius*, other; L. neut. n. *Roseicitreum*, An existing genus; *Aliiroseicitreum*: A genus related to but distinct from the existing genus Roseicitreum of other.

Aliiroseicyclus

L. masc. adjective *alius*, other; L. masc. n. *Roseicyclus*, An existing genus; *Aliiroseicyclus*: A genus related to but distinct from the existing genus Roseicyclus of other.

Aliiroseiflexus

L. masc. adjective *alius*, other; L. masc. n. *Roseiflexus*, An existing genus; *Aliiroseiflexus*: A genus related to but distinct from the existing genus Roseiflexus of other.

Aliiroseimarinus

L. masc. adjective *alius*, other; L. masc. n. *Roseimarinus*, An existing genus; *Aliiroseimarinus*: A genus related to but distinct from the existing genus Roseimarinus of other.

Aliiroseimaritima

L. masc. adjective *alius*, other; L. fem. n. *Roseimaritima*, An existing genus; *Aliiroseimaritima*: A genus related to but distinct from the existing genus Roseimaritima of other.

Aliiroseimicrobium

L. masc. adjective *alius*, other; L. neut. n. *Roseimicrobium*, An existing genus; *Aliiroseimicrobium*: A genus related to but distinct from the existing genus Roseimicrobium of other.

Aliiroseinatronobacter

L. masc. adjective *alius*, other; L. masc. n. *Roseinatronobacter*, An existing genus; *Aliiroseinatronobacter*: A genus related to but distinct from the existing genus Roseinatronobacter of other.

Aliiroseisalinus

L. masc. adjective *alius*, other; L. masc. n. *Roseisalinus*, An existing genus; *Aliiroseisalinus*: A genus related to but distinct from the existing genus Roseisalinus of other.

Aliiroseisolibacter

L. masc. adjective *alius*, other; L. masc. n. *Roseisolibacter*, An existing genus; *Aliiroseisolibacter*: A genus related to but distinct from the existing genus Roseisolibacter of other.

Aliiroseitalea

L. masc. adjective *alius*, other; L. fem. n. *Roseitalea*, An existing genus; *Aliiroseitalea*: A genus related to but distinct from the existing genus Roseitalea of other.

Aliiroseithermus

L. masc. adjective *alius*, other; L. masc. n. *Roseithermus*, An existing genus; *Aliiroseithermus*: A genus related to but distinct from the existing genus Roseithermus of other.

Aliiroseivirga

L. masc. adjective *alius*, other; L. fem. n. *Roseivirga*, An existing genus; *Aliiroseivirga*: A genus related to but distinct from the existing genus Roseivirga of other.

Aliiroseivivax

L. masc. adjective *alius*, other; L. masc. n. *Roseivivax*, An existing genus; *Aliiroseivivax*: A genus related to but distinct from the existing genus Roseivivax of other.

Aliirosenbergiella

L. masc. adjective *alius*, other; L. fem. dim. n. *Rosenbergiella*, An existing genus; *Aliirosenbergiella*: A genus related to but distinct from the existing genus Rosenbergiella of other.

Aliiroseobacter

L. masc. adjective *alius*, other; L. masc. n. *Roseobacter*, An existing genus; *Aliiroseobacter*: A genus related to but distinct from the existing genus Roseobacter of other.

Aliiroseococcus

L. masc. adjective *alius*, other; L. masc. n. *Roseococcus*, An existing genus; *Aliiroseococcus*: A genus related to but distinct from the existing genus Roseococcus of other.

Aliiroseofilum

L. masc. adjective *alius*, other; L. neut. n. *Roseofilum*, An existing genus; *Aliiroseofilum*: A genus related to but distinct from the existing genus Roseofilum of other.

Aliiroseomonas

L. masc. adjective *alius*, other; L. fem. n. *Roseomonas*, An existing genus; *Aliiroseomonas*: A genus related to but distinct from the existing genus Roseomonas of other.

Aliiroseospira

L. masc. adjective *alius*, other; L. fem. n. *Roseospira*, An existing genus; *Aliiroseospira*: A genus related to but distinct from the existing genus Roseospira of other.

Aliiroseospirillum

L. masc. adjective *alius*, other; L. neut. dim. n. *Roseospirillum*, An existing genus; *Aliiroseospirillum*: A genus related to but distinct from the existing genus Roseospirillum of other.

Aliiroseovarius

L. masc. adjective *alius*, other; L. masc. n. *Roseovarius*, An existing genus; *Aliiroseovarius*: A genus related to but distinct from the existing genus Roseovarius of other.

Aliirosistilla

L. masc. adjective *alius*, other; L. fem. n. *Rosistilla*, An existing genus; *Aliirosistilla*: A genus related to but distinct from the existing genus Rosistilla of other.

Aliirothia

L. masc. adjective *alius*, other; L. fem. n. *Rothia*, An existing genus; *Aliirothia*: A genus related to but distinct from the existing genus Rothia of other.

Aliirouxiella

L. masc. adjective *alius*, other; L. fem. dim. n. *Rouxiella*, An existing genus; *Aliirouxiella*: A genus related to but distinct from the existing genus Rouxiella of other.

Aliiruania

L. masc. adjective *alius*, other; L. fem. n. *Ruania*, An existing genus; *Aliiruania*: A genus related to but distinct from the existing genus Ruania of other.

Aliirubellimicrobium

L. masc. adjective *alius*, other; L. neut. n. *Rubellimicrobium*, An existing genus; *Aliirubellimicrobium*: A genus related to but distinct from the existing genus Rubellimicrobium of other.

Aliirubeoparvulum

L. masc. adjective *alius*, other; L. neut. n. *Rubeoparvulum*, An existing genus; *Aliirubeoparvulum*: A genus related to but distinct from the existing genus Rubeoparvulum of other.

Aliirubidibacter

L. masc. adjective *alius*, other; L. masc. n. *Rubidibacter*, An existing genus; *Aliirubidibacter*: A genus related to but distinct from the existing genus Rubidibacter of other.

Aliirubidimonas

L. masc. adjective *alius*, other; L. fem. n. *Rubidimonas*, An existing genus; *Aliirubidimonas*: A genus related to but distinct from the existing genus Rubidimonas of other.

Aliirubinisphaera

L. masc. adjective *alius*, other; L. fem. n. *Rubinisphaera*, An existing genus; *Aliirubinisphaera*: A genus related to but distinct from the existing genus Rubinisphaera of other.

Aliirubneribacter

L. masc. adjective *alius*, other; L. masc. n. *Rubneribacter*, An existing genus; *Aliirubneribacter*: A genus related to but distinct from the existing genus Rubneribacter of other.

Aliirubribacterium

L. masc. adjective *alius*, other; L. neut. n. *Rubribacterium*, An existing genus; *Aliirubribacterium*: A genus related to but distinct from the existing genus Rubribacterium of other.

Aliirubricella

L. masc. adjective *alius*, other; L. fem. n. *Rubricella*, An existing genus; *Aliirubricella*: A genus related to but distinct from the existing genus Rubricella of other.

Aliirubricoccus

L. masc. adjective *alius*, other; L. masc. n. *Rubricoccus*, An existing genus; *Aliirubricoccus*: A genus related to but distinct from the existing genus Rubricoccus of other.

Aliirubrimonas

L. masc. adjective *alius*, other; L. fem. n. *Rubrimonas*, An existing genus; *Aliirubrimonas*: A genus related to but distinct from the existing genus Rubrimonas of other.

Aliirubripirellula

L. masc. adjective *alius*, other; L. fem. dim. n. *Rubripirellula*, An existing genus; *Aliirubripirellula*: A genus related to but distinct from the existing genus Rubripirellula of other.

Aliirubritalea

L. masc. adjective *alius*, other; L. fem. n. *Rubritalea*, An existing genus; *Aliirubritalea*: A genus related to but distinct from the existing genus Rubritalea of other.

Aliirubritepida

L. masc. adjective *alius*, other; L. fem. n. *Rubritepida*, An existing genus; *Aliirubritepida*: A genus related to but distinct from the existing genus Rubritepida of other.

Aliirubrivirga

L. masc. adjective *alius*, other; L. fem. n. *Rubrivirga*, An existing genus; *Aliirubrivirga*: A genus related to but distinct from the existing genus Rubrivirga of other.

Aliirubrivivax

L. masc. adjective *alius*, other; L. masc. n. *Rubrivivax*, An existing genus; *Aliirubrivivax*: A genus related to but distinct from the existing genus Rubrivivax of other.

Aliirubrobacter

L. masc. adjective *alius*, other; L. masc. n. *Rubrobacter*, An existing genus; *Aliirubrobacter*: A genus related to but distinct from the existing genus Rubrobacter of other.

Aliirudaea

L. masc. adjective *alius*, other; L. fem. n. *Rudaea*, An existing genus; *Aliirudaea*: A genus related to but distinct from the existing genus Rudaea of other.

Aliirudaeicoccus

L. masc. adjective *alius*, other; L. masc. n. *Rudaeicoccus*, An existing genus; *Aliirudaeicoccus*: A genus related to but distinct from the existing genus Rudaeicoccus of other.

Aliirudaibacter

L. masc. adjective *alius*, other; L. masc. n. *Rudaibacter*, An existing genus; *Aliirudaibacter*: A genus related to but distinct from the existing genus Rudaibacter of other.

Aliirudanella

L. masc. adjective *alius*, other; L. fem. dim. n. *Rudanella*, An existing genus; *Aliirudanella*: A genus related to but distinct from the existing genus Rudanella of other.

Aliiruegeria

L. masc. adjective *alius*, other; L. fem. n. *Ruegeria*, An existing genus; *Aliiruegeria*: A genus related to but distinct from the existing genus Ruegeria of other.

Aliirufibacter

L. masc. adjective *alius*, other; L. masc. n. *Rufibacter*, An existing genus; *Aliirufibacter*: A genus related to but distinct from the existing genus Rufibacter of other.

Aliiruficoccus

L. masc. adjective *alius*, other; L. masc. n. *Ruficoccus*, An existing genus; *Aliiruficoccus*: A genus related to but distinct from the existing genus Ruficoccus of other.

Aliirugamonas

L. masc. adjective *alius*, other; L. fem. n. *Rugamonas*, An existing genus; *Aliirugamonas*: A genus related to but distinct from the existing genus Rugamonas of other.

Aliirugosibacter

L. masc. adjective *alius*, other; L. masc. n. *Rugosibacter*, An existing genus; *Aliirugosibacter*: A genus related to but distinct from the existing genus Rugosibacter of other.

Aliirugosimonospora

L. masc. adjective *alius*, other; L. fem. n. *Rugosimonospora*, An existing genus; *Aliirugosimonospora*: A genus related to but distinct from the existing genus Rugosimonospora of other.

Aliiruminiclostridium

L. masc. adjective *alius*, other; L. neut. dim. n. *Ruminiclostridium*, An existing genus; *Aliiruminiclostridium*: A genus related to but distinct from the existing genus Ruminiclostridium of other.

Aliiruminobacter

L. masc. adjective *alius*, other; L. masc. n. *Ruminobacter*, An existing genus; *Aliiruminobacter*: A genus related to but distinct from the existing genus Ruminobacter of other.

Aliiruminococcus

L. masc. adjective *alius*, other; L. masc. n. *Ruminococcus*, An existing genus; *Aliiruminococcus*: A genus related to but distinct from the existing genus Ruminococcus of other.

Aliirummeliibacillus

L. masc. adjective *alius*, other; L. masc. n. *Rummeliibacillus*, An existing genus; *Aliirummeliibacillus*: A genus related to but distinct from the existing genus Rummeliibacillus of other.

Aliirunella

L. masc. adjective *alius*, other; L. fem. dim. n. *Runella*, An existing genus; *Aliirunella*: A genus related to but distinct from the existing genus Runella of other.

Aliirurimicrobium

L. masc. adjective *alius*, other; L. neut. n. *Rurimicrobium*, An existing genus; *Aliirurimicrobium*: A genus related to but distinct from the existing genus Rurimicrobium of other.

Aliiruthenibacterium

L. masc. adjective *alius*, other; L. neut. n. *Ruthenibacterium*, An existing genus; *Aliiruthenibacterium*: A genus related to but distinct from the existing genus Ruthenibacterium of other.

Aliisabulilitoribacter

L. masc. adjective *alius*, other; L. masc. n. *Sabulilitoribacter*, An existing genus; *Aliisabulilitoribacter*: A genus related to but distinct from the existing genus Sabulilitoribacter of other.

Aliisaccharedens

L. masc. adjective *alius*, other; L. masc. n. *Saccharedens*, An existing genus; *Aliisaccharedens*: A genus related to but distinct from the existing genus Saccharedens of other.

Aliisaccharibacillus

L. masc. adjective *alius*, other; L. masc. n. *Saccharibacillus*, An existing genus; *Aliisaccharibacillus*: A genus related to but distinct from the existing genus Saccharibacillus of other.

Aliisaccharibacter

L. masc. adjective *alius*, other; L. masc. n. *Saccharibacter*, An existing genus; *Aliisaccharibacter*: A genus related to but distinct from the existing genus Saccharibacter of other.

Aliisaccharococcus

L. masc. adjective *alius*, other; L. masc. n. *Saccharococcus*, An existing genus; *Aliisaccharococcus*: A genus related to but distinct from the existing genus Saccharococcus of other.

Aliisaccharofermentans

L. masc. adjective *alius*, other; L. neut. n. *Saccharofermentans*, An existing genus; *Aliisaccharofermentans*: A genus related to but distinct from the existing genus Saccharofermentans of other.

Aliisaccharolobus

L. masc. adjective *alius*, other; L. masc. n. *Saccharolobus*, An existing genus; *Aliisaccharolobus*: A genus related to but distinct from the existing genus Saccharolobus of other.

Aliisaccharomonospora

L. masc. adjective *alius*, other; L. fem. n. *Saccharomonospora*, An existing genus; *Aliisaccharomonospora*: A genus related to but distinct from the existing genus Saccharomonospora of other.

Aliisaccharophagus

L. masc. adjective *alius*, other; L. masc. n. *Saccharophagus*, An existing genus; *Aliisaccharophagus*: A genus related to but distinct from the existing genus Saccharophagus of other.

Aliisaccharopolyspora

L. masc. adjective *alius*, other; L. fem. n. *Saccharopolyspora*, An existing genus; *Aliisaccharopolyspora*: A genus related to but distinct from the existing genus Saccharopolyspora of other.

Aliisaccharospirillum

L. masc. adjective *alius*, other; L. neut. dim. n. *Saccharospirillum*, An existing genus; *Aliisaccharospirillum*: A genus related to but distinct from the existing genus Saccharospirillum of other.

Aliisaezia

L. masc. adjective *alius*, other; L. fem. n. *Saezia*, An existing genus; *Aliisaezia*: A genus related to but distinct from the existing genus Saezia of other.

Aliisalana

L. masc. adjective *alius*, other; L. fem. n. *Salana*, An existing genus; *Aliisalana*: A genus related to but distinct from the existing genus Salana of other.

Aliisalaquimonas

L. masc. adjective *alius*, other; L. fem. n. *Salaquimonas*, An existing genus; *Aliisalaquimonas*: A genus related to but distinct from the existing genus Salaquimonas of other.

Aliisalarchaeum

L. masc. adjective *alius*, other; L. neut. n. *Salarchaeum*, An existing genus; *Aliisalarchaeum*: A genus related to but distinct from the existing genus Salarchaeum of other.

Aliisalegentibacter

L. masc. adjective *alius*, other; L. masc. n. *Salegentibacter*, An existing genus; *Aliisalegentibacter*: A genus related to but distinct from the existing genus Salegentibacter of other.

Aliisalibacillus

L. masc. adjective *alius*, other; L. masc. n. *Salibacillus*, An existing genus; *Aliisalibacillus*: A genus related to but distinct from the existing genus Salibacillus of other.

Aliisalibacter

L. masc. adjective *alius*, other; L. masc. n. *Salibacter*, An existing genus; *Aliisalibacter*: A genus related to but distinct from the existing genus Salibacter of other.

Aliisalicibibacter

L. masc. adjective *alius*, other; L. masc. n. *Salicibibacter*, An existing genus; *Aliisalicibibacter*: A genus related to but distinct from the existing genus Salicibibacter of other.

Aliisalicola

L. masc. adjective *alius*, other; L. masc. n. *Salicola*, An existing genus; *Aliisalicola*: A genus related to but distinct from the existing genus Salicola of other.

Aliisalilacibacter

L. masc. adjective *alius*, other; L. masc. n. *Salilacibacter*, An existing genus; *Aliisalilacibacter*: A genus related to but distinct from the existing genus Salilacibacter of other.

Aliisalileptolyngbya

L. masc. adjective *alius*, other; L. fem. n. *Salileptolyngbya*, An existing genus; *Aliisalileptolyngbya*: A genus related to but distinct from the existing genus Salileptolyngbya of other.

Aliisalimesophilobacter

L. masc. adjective *alius*, other; L. masc. n. *Salimesophilobacter*, An existing genus; *Aliisalimesophilobacter*: A genus related to but distinct from the existing genus Salimesophilobacter of other.

Aliisalimicrobium

L. masc. adjective *alius*, other; L. neut. n. *Salimicrobium*, An existing genus; *Aliisalimicrobium*: A genus related to but distinct from the existing genus Salimicrobium of other.

Aliisalinactinospora

L. masc. adjective *alius*, other; L. fem. n. *Salinactinospora*, An existing genus; *Aliisalinactinospora*: A genus related to but distinct from the existing genus Salinactinospora of other.

Aliisalinarchaeum

L. masc. adjective *alius*, other; L. neut. n. *Salinarchaeum*, An existing genus; *Aliisalinarchaeum*: A genus related to but distinct from the existing genus Salinarchaeum of other.

Aliisalinibacillus

L. masc. adjective *alius*, other; L. masc. n. *Salinibacillus*, An existing genus; *Aliisalinibacillus*: A genus related to but distinct from the existing genus Salinibacillus of other.

Aliisalinibacter

L. masc. adjective *alius*, other; L. masc. n. *Salinibacter*, An existing genus; *Aliisalinibacter*: A genus related to but distinct from the existing genus Salinibacter of other.

Aliisalinibacterium

L. masc. adjective *alius*, other; L. neut. n. *Salinibacterium*, An existing genus; *Aliisalinibacterium*: A genus related to but distinct from the existing genus Salinibacterium of other.

Aliisalinibaculum

L. masc. adjective *alius*, other; L. neut. n. *Salinibaculum*, An existing genus; *Aliisalinibaculum*: A genus related to but distinct from the existing genus Salinibaculum of other.

Aliisalinibius

L. masc. adjective *alius*, other; L. masc. n. *Salinibius*, An existing genus; *Aliisalinibius*: A genus related to but distinct from the existing genus Salinibius of other.

Aliisalinicoccus

L. masc. adjective *alius*, other; L. masc. n. *Salinicoccus*, An existing genus; *Aliisalinicoccus*: A genus related to but distinct from the existing genus Salinicoccus of other.

Aliisalinicola

L. masc. adjective *alius*, other; L. masc. n. *Salinicola*, An existing genus; *Aliisalinicola*: A genus related to but distinct from the existing genus Salinicola of other.

Aliisalinifilum

L. masc. adjective *alius*, other; L. neut. n. *Salinifilum*, An existing genus; *Aliisalinifilum*: A genus related to but distinct from the existing genus Salinifilum of other.

Aliisalinigranum

L. masc. adjective *alius*, other; L. neut. n. *Salinigranum*, An existing genus; *Aliisalinigranum*: A genus related to but distinct from the existing genus Salinigranum of other.

Aliisalinihabitans

L. masc. adjective *alius*, other; L. masc. n. *Salinihabitans*, An existing genus; *Aliisalinihabitans*: A genus related to but distinct from the existing genus Salinihabitans of other.

Aliisalinimicrobium

L. masc. adjective *alius*, other; L. neut. n. *Salinimicrobium*, An existing genus; *Aliisalinimicrobium*: A genus related to but distinct from the existing genus Salinimicrobium of other.

Aliisalinimonas

L. masc. adjective *alius*, other; L. fem. n. *Salinimonas*, An existing genus; *Aliisalinimonas*: A genus related to but distinct from the existing genus Salinimonas of other.

Aliisalininema

L. masc. adjective *alius*, other; L. neut. n. *Salininema*, An existing genus; *Aliisalininema*: A genus related to but distinct from the existing genus Salininema of other.

Aliisaliniradius

L. masc. adjective *alius*, other; L. masc. n. *Saliniradius*, An existing genus; *Aliisaliniradius*: A genus related to but distinct from the existing genus Saliniradius of other.

Aliisalinirepens

L. masc. adjective *alius*, other; L. masc. n. *Salinirepens*, An existing genus; *Aliisalinirepens*: A genus related to but distinct from the existing genus Salinirepens of other.

Aliisalinirubellus

L. masc. adjective *alius*, other; L. masc. n. *Salinirubellus*, An existing genus; *Aliisalinirubellus*: A genus related to but distinct from the existing genus Salinirubellus of other.

Aliisalinirussus

L. masc. adjective *alius*, other; L. masc. n. *Salinirussus*, An existing genus; *Aliisalinirussus*: A genus related to but distinct from the existing genus Salinirussus of other.

Aliisalinisphaera

L. masc. adjective *alius*, other; L. fem. n. *Salinisphaera*, An existing genus; *Aliisalinisphaera*: A genus related to but distinct from the existing genus Salinisphaera of other.

Aliisalinispira

L. masc. adjective *alius*, other; L. fem. n. *Salinispira*, An existing genus; *Aliisalinispira*: A genus related to but distinct from the existing genus Salinispira of other.

Aliisalinispirillum

L. masc. adjective *alius*, other; L. neut. dim. n. *Salinispirillum*, An existing genus; *Aliisalinispirillum*: A genus related to but distinct from the existing genus Salinispirillum of other.

Aliisalinispora

L. masc. adjective *alius*, other; L. fem. n. *Salinispora*, An existing genus; *Aliisalinispora*: A genus related to but distinct from the existing genus Salinispora of other.

Aliisalinithrix

L. masc. adjective *alius*, other; L. fem. n. *Salinithrix*, An existing genus; *Aliisalinithrix*: A genus related to but distinct from the existing genus Salinithrix of other.

Aliisalinivenus

L. masc. adjective *alius*, other; L. fem. n. *Salinivenus*, An existing genus; *Aliisalinivenus*: A genus related to but distinct from the existing genus Salinivenus of other.

Aliisalinivibrio

L. masc. adjective *alius*, other; L. masc. n. *Salinivibrio*, An existing genus; *Aliisalinivibrio*: A genus related to but distinct from the existing genus Salinivibrio of other.

Aliisalinivirga

L. masc. adjective *alius*, other; L. fem. n. *Salinivirga*, An existing genus; *Aliisalinivirga*: A genus related to but distinct from the existing genus Salinivirga of other.

Aliisalinovum

L. masc. adjective *alius*, other; L. neut. n. *Salinovum*, An existing genus; *Aliisalinovum*: A genus related to but distinct from the existing genus Salinovum of other.

Aliisaliphagus

L. masc. adjective *alius*, other; L. masc. n. *Saliphagus*, An existing genus; *Aliisaliphagus*: A genus related to but distinct from the existing genus Saliphagus of other.

Aliisalipiger

L. masc. adjective *alius*, other; L. masc. n. *Salipiger*, An existing genus; *Aliisalipiger*: A genus related to but distinct from the existing genus Salipiger of other.

Aliisalisaeta

L. masc. adjective *alius*, other; L. fem. n. *Salisaeta*, An existing genus; *Aliisalisaeta*: A genus related to but distinct from the existing genus Salisaeta of other.

Aliisalisediminibacterium

L. masc. adjective *alius*, other; L. neut. n. *Salisediminibacterium*, An existing genus; *Aliisalisediminibacterium*: A genus related to but distinct from the existing genus Salisediminibacterium of other.

Aliisaliterribacillus

L. masc. adjective *alius*, other; L. masc. n. *Saliterribacillus*, An existing genus; *Aliisaliterribacillus*: A genus related to but distinct from the existing genus Saliterribacillus of other.

Aliisalmonella

L. masc. adjective *alius*, other; L. fem. dim. n. *Salmonella*, An existing genus; *Aliisalmonella*: A genus related to but distinct from the existing genus Salmonella of other.

Aliisalsuginibacillus

L. masc. adjective *alius*, other; L. masc. n. *Salsuginibacillus*, An existing genus; *Aliisalsuginibacillus*: A genus related to but distinct from the existing genus Salsuginibacillus of other.

Aliisalsuginimonas

L. masc. adjective *alius*, other; L. fem. n. *Salsuginimonas*, An existing genus; *Aliisalsuginimonas*: A genus related to but distinct from the existing genus Salsuginimonas of other.

Aliisamsonia

L. masc. adjective *alius*, other; L. fem. n. *Samsonia*, An existing genus; *Aliisamsonia*: A genus related to but distinct from the existing genus Samsonia of other.

Aliisandaracinobacter

L. masc. adjective *alius*, other; L. masc. n. *Sandaracinobacter*, An existing genus; *Aliisandaracinobacter*: A genus related to but distinct from the existing genus Sandaracinobacter of other.

Aliisandaracinomonas

L. masc. adjective *alius*, other; L. fem. n. *Sandaracinomonas*, An existing genus; *Aliisandaracinomonas*: A genus related to but distinct from the existing genus Sandaracinomonas of other.

Aliisandaracinus

L. masc. adjective *alius*, other; L. masc. n. *Sandaracinus*, An existing genus; *Aliisandaracinus*: A genus related to but distinct from the existing genus Sandaracinus of other.

Aliisandarakinorhabdus

L. masc. adjective *alius*, other; L. fem. n. *Sandarakinorhabdus*, An existing genus; *Aliisandarakinorhabdus*: A genus related to but distinct from the existing genus Sandarakinorhabdus of other.

Aliisandarakinotalea

L. masc. adjective *alius*, other; L. fem. n. *Sandarakinotalea*, An existing genus; *Aliisandarakinotalea*: A genus related to but distinct from the existing genus Sandarakinotalea of other.

Aliisansalvadorimonas

L. masc. adjective *alius*, other; L. fem. n. *Sansalvadorimonas*, An existing genus; *Aliisansalvadorimonas*: A genus related to but distinct from the existing genus Sansalvadorimonas of other.

Aliisaonia

L. masc. adjective *alius*, other; L. fem. n. *Saonia*, An existing genus; *Aliisaonia*: A genus related to but distinct from the existing genus Saonia of other.

Aliisaprospira

L. masc. adjective *alius*, other; L. fem. n. *Saprospira*, An existing genus; *Aliisaprospira*: A genus related to but distinct from the existing genus Saprospira of other.

Aliisarcina

L. masc. adjective *alius*, other; L. fem. n. *Sarcina*, An existing genus; *Aliisarcina*: A genus related to but distinct from the existing genus Sarcina of other.

Aliisarcobium

L. masc. adjective *alius*, other; L. neut. n. *Sarcobium*, An existing genus; *Aliisarcobium*: A genus related to but distinct from the existing genus Sarcobium of other.

Aliisavagea

L. masc. adjective *alius*, other; L. fem. n. *Savagea*, An existing genus; *Aliisavagea*: A genus related to but distinct from the existing genus Savagea of other.

Aliisaxeibacter

L. masc. adjective *alius*, other; L. masc. n. *Saxeibacter*, An existing genus; *Aliisaxeibacter*: A genus related to but distinct from the existing genus Saxeibacter of other.

Aliiscandinavium

L. masc. adjective *alius*, other; L. neut. n. *Scandinavium*, An existing genus; *Aliiscandinavium*: A genus related to but distinct from the existing genus Scandinavium of other.

Aliiscardovia

L. masc. adjective *alius*, other; L. fem. n. *Scardovia*, An existing genus; *Aliiscardovia*: A genus related to but distinct from the existing genus Scardovia of other.

Aliischaalia

L. masc. adjective *alius*, other; L. fem. n. *Schaalia*, An existing genus; *Aliischaalia*: A genus related to but distinct from the existing genus Schaalia of other.

Aliischaedlerella

L. masc. adjective *alius*, other; L. fem. dim. n. *Schaedlerella*, An existing genus; *Aliischaedlerella*: A genus related to but distinct from the existing genus Schaedlerella of other.

Aliischineria

L. masc. adjective *alius*, other; L. fem. n. *Schineria*, An existing genus; *Aliischineria*: A genus related to but distinct from the existing genus Schineria of other.

Aliischlegelella

L. masc. adjective *alius*, other; L. fem. dim. n. *Schlegelella*, An existing genus; *Aliischlegelella*: A genus related to but distinct from the existing genus Schlegelella of other.

Aliischleiferella

L. masc. adjective *alius*, other; L. fem. dim. n. *Schleiferella*, An existing genus; *Aliischleiferella*: A genus related to but distinct from the existing genus Schleiferella of other.

Aliischleiferia

L. masc. adjective *alius*, other; L. fem. n. *Schleiferia*, An existing genus; *Aliischleiferia*: A genus related to but distinct from the existing genus Schleiferia of other.

Aliischleiferilactobacillus

L. masc. adjective *alius*, other; L. masc. n. *Schleiferilactobacillus*, An existing genus; *Aliischleiferilactobacillus*: A genus related to but distinct from the existing genus Schleiferilactobacillus of other.

Aliischlesneria

L. masc. adjective *alius*, other; L. fem. n. *Schlesneria*, An existing genus; *Aliischlesneria*: A genus related to but distinct from the existing genus Schlesneria of other.

Aliischnuerera

L. masc. adjective *alius*, other; L. fem. n. *Schnuerera*, An existing genus; *Aliischnuerera*: A genus related to but distinct from the existing genus Schnuerera of other.

Aliischumannella

L. masc. adjective *alius*, other; L. fem. dim. n. *Schumannella*, An existing genus; *Aliischumannella*: A genus related to but distinct from the existing genus Schumannella of other.

Aliischwartzia

L. masc. adjective *alius*, other; L. fem. n. *Schwartzia*, An existing genus; *Aliischwartzia*: A genus related to but distinct from the existing genus Schwartzia of other.

Aliisciscionella

L. masc. adjective *alius*, other; L. fem. dim. n. *Sciscionella*, An existing genus; *Aliisciscionella*: A genus related to but distinct from the existing genus Sciscionella of other.

Aliiscopulibacillus

L. masc. adjective *alius*, other; L. masc. n. *Scopulibacillus*, An existing genus; *Aliiscopulibacillus*: A genus related to but distinct from the existing genus Scopulibacillus of other.

Aliiscytolyngbya

L. masc. adjective *alius*, other; L. fem. n. *Scytolyngbya*, An existing genus; *Aliiscytolyngbya*: A genus related to but distinct from the existing genus Scytolyngbya of other.

Aliisebaldella

L. masc. adjective *alius*, other; L. fem. dim. n. *Sebaldella*, An existing genus; *Aliisebaldella*: A genus related to but distinct from the existing genus Sebaldella of other.

Aliisecundilactobacillus

L. masc. adjective *alius*, other; L. masc. n. *Secundilactobacillus*, An existing genus; *Aliisecundilactobacillus*: A genus related to but distinct from the existing genus Secundilactobacillus of other.

Aliisedimentibacter

L. masc. adjective *alius*, other; L. masc. n. *Sedimentibacter*, An existing genus; *Aliisedimentibacter*: A genus related to but distinct from the existing genus Sedimentibacter of other.

Aliisedimenticola

L. masc. adjective *alius*, other; L. masc. n. *Sedimenticola*, An existing genus; *Aliisedimenticola*: A genus related to but distinct from the existing genus Sedimenticola of other.

Aliisedimentisphaera

L. masc. adjective *alius*, other; L. fem. n. *Sedimentisphaera*, An existing genus; *Aliisedimentisphaera*: A genus related to but distinct from the existing genus Sedimentisphaera of other.

Aliisedimentitalea

L. masc. adjective *alius*, other; L. fem. n. *Sedimentitalea*, An existing genus; *Aliisedimentitalea*: A genus related to but distinct from the existing genus Sedimentitalea of other.

Aliisediminibacillus

L. masc. adjective *alius*, other; L. masc. n. *Sediminibacillus*, An existing genus; *Aliisediminibacillus*: A genus related to but distinct from the existing genus Sediminibacillus of other.

Aliisediminibacter

L. masc. adjective *alius*, other; L. masc. n. *Sediminibacter*, An existing genus; *Aliisediminibacter*: A genus related to but distinct from the existing genus Sediminibacter of other.

Aliisediminibacterium

L. masc. adjective *alius*, other; L. neut. n. *Sediminibacterium*, An existing genus; *Aliisediminibacterium*: A genus related to but distinct from the existing genus Sediminibacterium of other.

Aliisediminicoccus

L. masc. adjective *alius*, other; L. masc. n. *Sediminicoccus*, An existing genus; *Aliisediminicoccus*: A genus related to but distinct from the existing genus Sediminicoccus of other.

Aliisediminicola

L. masc. adjective *alius*, other; L. masc. n. *Sediminicola*, An existing genus; *Aliisediminicola*: A genus related to but distinct from the existing genus Sediminicola of other.

Aliisediminihabitans

L. masc. adjective *alius*, other; L. masc. n. *Sediminihabitans*, An existing genus; *Aliisediminihabitans*: A genus related to but distinct from the existing genus Sediminihabitans of other.

Aliisediminimonas

L. masc. adjective *alius*, other; L. fem. n. *Sediminimonas*, An existing genus; *Aliisediminimonas*: A genus related to but distinct from the existing genus Sediminimonas of other.

Aliisediminispirochaeta

L. masc. adjective *alius*, other; L. fem. n. *Sediminispirochaeta*, An existing genus; *Aliisediminispirochaeta*: A genus related to but distinct from the existing genus Sediminispirochaeta of other.

Aliisediminitomix

L. masc. adjective *alius*, other; L. fem. n. *Sediminitomix*, An existing genus; *Aliisediminitomix*: A genus related to but distinct from the existing genus Sediminitomix of other.

Aliisediminivirga

L. masc. adjective *alius*, other; L. fem. n. *Sediminivirga*, An existing genus; *Aliisediminivirga*: A genus related to but distinct from the existing genus Sediminivirga of other.

Aliisegeticoccus

L. masc. adjective *alius*, other; L. masc. n. *Segeticoccus*, An existing genus; *Aliisegeticoccus*: A genus related to but distinct from the existing genus Segeticoccus of other.

Aliisegniliparus

L. masc. adjective *alius*, other; L. masc. n. *Segniliparus*, An existing genus; *Aliisegniliparus*: A genus related to but distinct from the existing genus Segniliparus of other.

Aliisegnochrobactrum

L. masc. adjective *alius*, other; L. neut. n. *Segnochrobactrum*, An existing genus; *Aliisegnochrobactrum*: A genus related to but distinct from the existing genus Segnochrobactrum of other.

Aliiseinonella

L. masc. adjective *alius*, other; L. fem. dim. n. *Seinonella*, An existing genus; *Aliiseinonella*: A genus related to but distinct from the existing genus Seinonella of other.

Aliisejongia

L. masc. adjective *alius*, other; L. fem. n. *Sejongia*, An existing genus; *Aliisejongia*: A genus related to but distinct from the existing genus Sejongia of other.

Aliiselenihalanaerobacter

L. masc. adjective *alius*, other; L. masc. n. *Selenihalanaerobacter*, An existing genus; *Aliiselenihalanaerobacter*: A genus related to but distinct from the existing genus Selenihalanaerobacter of other.

Aliiseleniivibrio

L. masc. adjective *alius*, other; L. masc. n. *Seleniivibrio*, An existing genus; *Aliiseleniivibrio*: A genus related to but distinct from the existing genus Seleniivibrio of other.

Aliiselenomonas

L. masc. adjective *alius*, other; L. fem. n. *Selenomonas*, An existing genus; *Aliiselenomonas*: A genus related to but distinct from the existing genus Selenomonas of other.

Aliiseliberia

L. masc. adjective *alius*, other; L. fem. n. *Seliberia*, An existing genus; *Aliiseliberia*: A genus related to but distinct from the existing genus Seliberia of other.

Aliisellimonas

L. masc. adjective *alius*, other; L. fem. n. *Sellimonas*, An existing genus; *Aliisellimonas*: A genus related to but distinct from the existing genus Sellimonas of other.

Aliisenegalimassilia

L. masc. adjective *alius*, other; L. fem. n. *Senegalimassilia*, An existing genus; *Aliisenegalimassilia*: A genus related to but distinct from the existing genus Senegalimassilia of other.

Aliiseohaeicola

L. masc. adjective *alius*, other; L. masc. n. *Seohaeicola*, An existing genus; *Aliiseohaeicola*: A genus related to but distinct from the existing genus Seohaeicola of other.

Aliiseonamhaeicola

L. masc. adjective *alius*, other; L. masc. n. *Seonamhaeicola*, An existing genus; *Aliiseonamhaeicola*: A genus related to but distinct from the existing genus Seonamhaeicola of other.

Aliiseongchinamella

L. masc. adjective *alius*, other; L. fem. dim. n. *Seongchinamella*, An existing genus; *Aliiseongchinamella*: A genus related to but distinct from the existing genus Seongchinamella of other.

Aliiserinibacter

L. masc. adjective *alius*, other; L. masc. n. *Serinibacter*, An existing genus; *Aliiserinibacter*: A genus related to but distinct from the existing genus Serinibacter of other.

Aliiserinicoccus

L. masc. adjective *alius*, other; L. masc. n. *Serinicoccus*, An existing genus; *Aliiserinicoccus*: A genus related to but distinct from the existing genus Serinicoccus of other.

Aliiserpentinicella

L. masc. adjective *alius*, other; L. fem. n. *Serpentinicella*, An existing genus; *Aliiserpentinicella*: A genus related to but distinct from the existing genus Serpentinicella of other.

Aliiserpulina

L. masc. adjective *alius*, other; L. fem. n. *Serpulina*, An existing genus; *Aliiserpulina*: A genus related to but distinct from the existing genus Serpulina of other.

Aliiserratia

L. masc. adjective *alius*, other; L. fem. n. *Serratia*, An existing genus; *Aliiserratia*: A genus related to but distinct from the existing genus Serratia of other.

Aliishackletoniella

L. masc. adjective *alius*, other; L. fem. dim. n. *Shackletoniella*, An existing genus; *Aliishackletoniella*: A genus related to but distinct from the existing genus Shackletoniella of other.

Aliisharpea

L. masc. adjective *alius*, other; L. fem. n. *Sharpea*, An existing genus; *Aliisharpea*: A genus related to but distinct from the existing genus Sharpea of other.

Aliishewanella

L. masc. adjective *alius*, other; L. fem. dim. n. *Shewanella*, An existing genus; *Aliishewanella*: A genus related to but distinct from the existing genus Shewanella of other.

Aliishigella

L. masc. adjective *alius*, other; L. fem. dim. n. *Shigella*, An existing genus; *Aliishigella*: A genus related to but distinct from the existing genus Shigella of other.

Aliishimazuella

L. masc. adjective *alius*, other; L. fem. dim. n. *Shimazuella*, An existing genus; *Aliishimazuella*: A genus related to but distinct from the existing genus Shimazuella of other.

Aliishimia

L. masc. adjective *alius*, other; L. fem. n. *Shimia*, An existing genus; *Aliishimia*: A genus related to but distinct from the existing genus Shimia of other.

Aliishimwellia

L. masc. adjective *alius*, other; L. fem. n. *Shimwellia*, An existing genus; *Aliishimwellia*: A genus related to but distinct from the existing genus Shimwellia of other.

Aliishinella

L. masc. adjective *alius*, other; L. fem. dim. n. *Shinella*, An existing genus; *Aliishinella*: A genus related to but distinct from the existing genus Shinella of other.

Aliishivajiella

L. masc. adjective *alius*, other; L. fem. dim. n. *Shivajiella*, An existing genus; *Aliishivajiella*: A genus related to but distinct from the existing genus Shivajiella of other.

Aliishuttleworthia

L. masc. adjective *alius*, other; L. fem. n. *Shuttleworthia*, An existing genus; *Aliishuttleworthia*: A genus related to but distinct from the existing genus Shuttleworthia of other.

Aliisiccirubricoccus

L. masc. adjective *alius*, other; L. masc. n. *Siccirubricoccus*, An existing genus; *Aliisiccirubricoccus*: A genus related to but distinct from the existing genus Siccirubricoccus of other.

Aliisilanimonas

L. masc. adjective *alius*, other; L. fem. n. *Silanimonas*, An existing genus; *Aliisilanimonas*: A genus related to but distinct from the existing genus Silanimonas of other.

Aliisilicibacter

L. masc. adjective *alius*, other; L. masc. n. *Silicibacter*, An existing genus; *Aliisilicibacter*: A genus related to but distinct from the existing genus Silicibacter of other.

Aliisilicimonas

L. masc. adjective *alius*, other; L. fem. n. *Silicimonas*, An existing genus; *Aliisilicimonas*: A genus related to but distinct from the existing genus Silicimonas of other.

Aliisilvanigrella

L. masc. adjective *alius*, other; L. fem. dim. n. *Silvanigrella*, An existing genus; *Aliisilvanigrella*: A genus related to but distinct from the existing genus Silvanigrella of other.

Aliisilvibacterium

L. masc. adjective *alius*, other; L. neut. n. *Silvibacterium*, An existing genus; *Aliisilvibacterium*: A genus related to but distinct from the existing genus Silvibacterium of other.

Aliisilvimonas

L. masc. adjective *alius*, other; L. fem. n. *Silvimonas*, An existing genus; *Aliisilvimonas*: A genus related to but distinct from the existing genus Silvimonas of other.

Aliisimiduia

L. masc. adjective *alius*, other; L. fem. n. *Simiduia*, An existing genus; *Aliisimiduia*: A genus related to but distinct from the existing genus Simiduia of other.

Aliisimkania

L. masc. adjective *alius*, other; L. fem. n. *Simkania*, An existing genus; *Aliisimkania*: A genus related to but distinct from the existing genus Simkania of other.

Aliisimonsiella

L. masc. adjective *alius*, other; L. fem. dim. n. *Simonsiella*, An existing genus; *Aliisimonsiella*: A genus related to but distinct from the existing genus Simonsiella of other.

Aliisimplicispira

L. masc. adjective *alius*, other; L. fem. n. *Simplicispira*, An existing genus; *Aliisimplicispira*: A genus related to but distinct from the existing genus Simplicispira of other.

Aliisimulacricoccus

L. masc. adjective *alius*, other; L. masc. n. *Simulacricoccus*, An existing genus; *Aliisimulacricoccus*: A genus related to but distinct from the existing genus Simulacricoccus of other.

Aliisingularimonas

L. masc. adjective *alius*, other; L. fem. n. *Singularimonas*, An existing genus; *Aliisingularimonas*: A genus related to but distinct from the existing genus Singularimonas of other.

Aliisingulisphaera

L. masc. adjective *alius*, other; L. fem. n. *Singulisphaera*, An existing genus; *Aliisingulisphaera*: A genus related to but distinct from the existing genus Singulisphaera of other.

Aliisinibacillus

L. masc. adjective *alius*, other; L. masc. n. *Sinibacillus*, An existing genus; *Aliisinibacillus*: A genus related to but distinct from the existing genus Sinibacillus of other.

Aliisinimarinibacterium

L. masc. adjective *alius*, other; L. neut. n. *Sinimarinibacterium*, An existing genus; *Aliisinimarinibacterium*: A genus related to but distinct from the existing genus Sinimarinibacterium of other.

Aliisinobaca

L. masc. adjective *alius*, other; L. fem. n. *Sinobaca*, An existing genus; *Aliisinobaca*: A genus related to but distinct from the existing genus Sinobaca of other.

Aliisinobacter

L. masc. adjective *alius*, other; L. masc. n. *Sinobacter*, An existing genus; *Aliisinobacter*: A genus related to but distinct from the existing genus Sinobacter of other.

Aliisinobacterium

L. masc. adjective *alius*, other; L. neut. n. *Sinobacterium*, An existing genus; *Aliisinobacterium*: A genus related to but distinct from the existing genus Sinobacterium of other.

Aliisinococcus

L. masc. adjective *alius*, other; L. masc. n. *Sinococcus*, An existing genus; *Aliisinococcus*: A genus related to but distinct from the existing genus Sinococcus of other.

Aliisinomicrobium

L. masc. adjective *alius*, other; L. neut. n. *Sinomicrobium*, An existing genus; *Aliisinomicrobium*: A genus related to but distinct from the existing genus Sinomicrobium of other.

Aliisinorhizobium

L. masc. adjective *alius*, other; L. neut. n. *Sinorhizobium*, An existing genus; *Aliisinorhizobium*: A genus related to but distinct from the existing genus Sinorhizobium of other.

Aliisinosporangium

L. masc. adjective *alius*, other; L. neut. n. *Sinosporangium*, An existing genus; *Aliisinosporangium*: A genus related to but distinct from the existing genus Sinosporangium of other.

Aliisiphonobacter

L. masc. adjective *alius*, other; L. masc. n. *Siphonobacter*, An existing genus; *Aliisiphonobacter*: A genus related to but distinct from the existing genus Siphonobacter of other.

Aliiskermanella

L. masc. adjective *alius*, other; L. fem. dim. n. *Skermanella*, An existing genus; *Aliiskermanella*: A genus related to but distinct from the existing genus Skermanella of other.

Aliiskermania

L. masc. adjective *alius*, other; L. fem. n. *Skermania*, An existing genus; *Aliiskermania*: A genus related to but distinct from the existing genus Skermania of other.

Aliislackia

L. masc. adjective *alius*, other; L. fem. n. *Slackia*, An existing genus; *Aliislackia*: A genus related to but distinct from the existing genus Slackia of other.

Aliismaragdicoccus

L. masc. adjective *alius*, other; L. masc. n. *Smaragdicoccus*, An existing genus; *Aliismaragdicoccus*: A genus related to but distinct from the existing genus Smaragdicoccus of other.

Aliismithella

L. masc. adjective *alius*, other; L. fem. dim. n. *Smithella*, An existing genus; *Aliismithella*: A genus related to but distinct from the existing genus Smithella of other.

Aliisneathia

L. masc. adjective *alius*, other; L. fem. n. *Sneathia*, An existing genus; *Aliisneathia*: A genus related to but distinct from the existing genus Sneathia of other.

Aliisneathiella

L. masc. adjective *alius*, other; L. fem. dim. n. *Sneathiella*, An existing genus; *Aliisneathiella*: A genus related to but distinct from the existing genus Sneathiella of other.

Aliisnodgrassella

L. masc. adjective *alius*, other; L. fem. dim. n. *Snodgrassella*, An existing genus; *Aliisnodgrassella*: A genus related to but distinct from the existing genus Snodgrassella of other.

Aliisnuella

L. masc. adjective *alius*, other; L. fem. dim. n. *Snuella*, An existing genus; *Aliisnuella*: A genus related to but distinct from the existing genus Snuella of other.

Aliisodaleptolyngbya

L. masc. adjective *alius*, other; L. fem. n. *Sodaleptolyngbya*, An existing genus; *Aliisodaleptolyngbya*: A genus related to but distinct from the existing genus Sodaleptolyngbya of other.

Aliisodalinema

L. masc. adjective *alius*, other; L. neut. n. *Sodalinema*, An existing genus; *Aliisodalinema*: A genus related to but distinct from the existing genus Sodalinema of other.

Aliisoehngenia

L. masc. adjective *alius*, other; L. fem. n. *Soehngenia*, An existing genus; *Aliisoehngenia*: A genus related to but distinct from the existing genus Soehngenia of other.

Aliisolentia

L. masc. adjective *alius*, other; L. fem. n. *Solentia*, An existing genus; *Aliisolentia*: A genus related to but distinct from the existing genus Solentia of other.

Aliisolibacillus

L. masc. adjective *alius*, other; L. masc. n. *Solibacillus*, An existing genus; *Aliisolibacillus*: A genus related to but distinct from the existing genus Solibacillus of other.

Aliisolimicrobium

L. masc. adjective *alius*, other; L. neut. n. *Solimicrobium*, An existing genus; *Aliisolimicrobium*: A genus related to but distinct from the existing genus Solimicrobium of other.

Aliisolirhodobacter

L. masc. adjective *alius*, other; L. masc. n. *Solirhodobacter*, An existing genus; *Aliisolirhodobacter*: A genus related to but distinct from the existing genus Solirhodobacter of other.

Aliisolirubrobacter

L. masc. adjective *alius*, other; L. masc. n. *Solirubrobacter*, An existing genus; *Aliisolirubrobacter*: A genus related to but distinct from the existing genus Solirubrobacter of other.

Aliisolitalea

L. masc. adjective *alius*, other; L. fem. n. *Solitalea*, An existing genus; *Aliisolitalea*: A genus related to but distinct from the existing genus Solitalea of other.

Aliisolobacterium

L. masc. adjective *alius*, other; L. neut. n. *Solobacterium*, An existing genus; *Aliisolobacterium*: A genus related to but distinct from the existing genus Solobacterium of other.

Aliisoonwooa

L. masc. adjective *alius*, other; L. fem. n. *Soonwooa*, An existing genus; *Aliisoonwooa*: A genus related to but distinct from the existing genus Soonwooa of other.

Aliisoortia

L. masc. adjective *alius*, other; L. fem. n. *Soortia*, An existing genus; *Aliisoortia*: A genus related to but distinct from the existing genus Soortia of other.

Aliisorangium

L. masc. adjective *alius*, other; L. neut. n. *Sorangium*, An existing genus; *Aliisorangium*: A genus related to but distinct from the existing genus Sorangium of other.

Aliispecibacter

L. masc. adjective *alius*, other; L. masc. n. *Specibacter*, An existing genus; *Aliispecibacter*: A genus related to but distinct from the existing genus Specibacter of other.

Aliispelaeicoccus

L. masc. adjective *alius*, other; L. masc. n. *Spelaeicoccus*, An existing genus; *Aliispelaeicoccus*: A genus related to but distinct from the existing genus Spelaeicoccus of other.

Aliispelaeonaias

L. masc. adjective *alius*, other; L. fem. n. *Spelaeonaias*, An existing genus; *Aliispelaeonaias*: A genus related to but distinct from the existing genus Spelaeonaias of other.

Aliisphaerimonospora

L. masc. adjective *alius*, other; L. fem. n. *Sphaerimonospora*, An existing genus; *Aliisphaerimonospora*: A genus related to but distinct from the existing genus Sphaerimonospora of other.

Aliisphaerisporangium

L. masc. adjective *alius*, other; L. neut. n. *Sphaerisporangium*, An existing genus; *Aliisphaerisporangium*: A genus related to but distinct from the existing genus Sphaerisporangium of other.

Aliisphaerobacter

L. masc. adjective *alius*, other; L. masc. n. *Sphaerobacter*, An existing genus; *Aliisphaerobacter*: A genus related to but distinct from the existing genus Sphaerobacter of other.

Aliisphaerocavum

L. masc. adjective *alius*, other; L. neut. n. *Sphaerocavum*, An existing genus; *Aliisphaerocavum*: A genus related to but distinct from the existing genus Sphaerocavum of other.

Aliisphaerochaeta

L. masc. adjective *alius*, other; L. fem. n. *Sphaerochaeta*, An existing genus; *Aliisphaerochaeta*: A genus related to but distinct from the existing genus Sphaerochaeta of other.

Aliisphaerotilus

L. masc. adjective *alius*, other; L. masc. n. *Sphaerotilus*, An existing genus; *Aliisphaerotilus*: A genus related to but distinct from the existing genus Sphaerotilus of other.

Aliisphingoaurantiacus

L. masc. adjective *alius*, other; L. masc. n. *Sphingoaurantiacus*, An existing genus; *Aliisphingoaurantiacus*: A genus related to but distinct from the existing genus Sphingoaurantiacus of other.

Aliisphingobacterium

L. masc. adjective *alius*, other; L. neut. n. *Sphingobacterium*, An existing genus; *Aliisphingobacterium*: A genus related to but distinct from the existing genus Sphingobacterium of other.

Aliisphingobium

L. masc. adjective *alius*, other; L. neut. n. *Sphingobium*, An existing genus; *Aliisphingobium*: A genus related to but distinct from the existing genus Sphingobium of other.

Aliisphingomicrobium

L. masc. adjective *alius*, other; L. neut. n. *Sphingomicrobium*, An existing genus; *Aliisphingomicrobium*: A genus related to but distinct from the existing genus Sphingomicrobium of other.

Aliisphingomonas

L. masc. adjective *alius*, other; L. fem. n. *Sphingomonas*, An existing genus; *Aliisphingomonas*: A genus related to but distinct from the existing genus Sphingomonas of other.

Aliisphingopyxis

L. masc. adjective *alius*, other; L. fem. n. *Sphingopyxis*, An existing genus; *Aliisphingopyxis*: A genus related to but distinct from the existing genus Sphingopyxis of other.

Aliisphingorhabdus

L. masc. adjective *alius*, other; L. fem. n. *Sphingorhabdus*, An existing genus; *Aliisphingorhabdus*: A genus related to but distinct from the existing genus Sphingorhabdus of other.

Aliisphingosinicella

L. masc. adjective *alius*, other; L. fem. n. *Sphingosinicella*, An existing genus; *Aliisphingosinicella*: A genus related to but distinct from the existing genus Sphingosinicella of other.

Aliisphingosinithalassobacter

L. masc. adjective *alius*, other; L. masc. n. *Sphingosinithalassobacter*, An existing genus; *Aliisphingosinithalassobacter*: A genus related to but distinct from the existing genus Sphingosinithalassobacter of other.

Aliispinactinospora

L. masc. adjective *alius*, other; L. fem. n. *Spinactinospora*, An existing genus; *Aliispinactinospora*: A genus related to but distinct from the existing genus Spinactinospora of other.

Aliispirilliplanes

L. masc. adjective *alius*, other; L. masc. n. *Spirilliplanes*, An existing genus; *Aliispirilliplanes*: A genus related to but distinct from the existing genus Spirilliplanes of other.

Aliispirillospora

L. masc. adjective *alius*, other; L. fem. n. *Spirillospora*, An existing genus; *Aliispirillospora*: A genus related to but distinct from the existing genus Spirillospora of other.

Aliispirochaeta

L. masc. adjective *alius*, other; L. fem. n. *Spirochaeta*, An existing genus; *Aliispirochaeta*: A genus related to but distinct from the existing genus Spirochaeta of other.

Aliispiroplasma

L. masc. adjective *alius*, other; L. neut. n. *Spiroplasma*, An existing genus; *Aliispiroplasma*: A genus related to but distinct from the existing genus Spiroplasma of other.

Aliispirosoma

L. masc. adjective *alius*, other; L. neut. n. *Spirosoma*, An existing genus; *Aliispirosoma*: A genus related to but distinct from the existing genus Spirosoma of other.

Aliispodiobacter

L. masc. adjective *alius*, other; L. masc. n. *Spodiobacter*, An existing genus; *Aliispodiobacter*: A genus related to but distinct from the existing genus Spodiobacter of other.

Aliispongiactinospora

L. masc. adjective *alius*, other; L. fem. n. *Spongiactinospora*, An existing genus; *Aliispongiactinospora*: A genus related to but distinct from the existing genus Spongiactinospora of other.

Aliispongiibacter

L. masc. adjective *alius*, other; L. masc. n. *Spongiibacter*, An existing genus; *Aliispongiibacter*: A genus related to but distinct from the existing genus Spongiibacter of other.

Aliispongiibacterium

L. masc. adjective *alius*, other; L. neut. n. *Spongiibacterium*, An existing genus; *Aliispongiibacterium*: A genus related to but distinct from the existing genus Spongiibacterium of other.

Aliispongiiferula

L. masc. adjective *alius*, other; L. fem. n. *Spongiiferula*, An existing genus; *Aliispongiiferula*: A genus related to but distinct from the existing genus Spongiiferula of other.

Aliispongiimicrobium

L. masc. adjective *alius*, other; L. neut. n. *Spongiimicrobium*, An existing genus; *Aliispongiimicrobium*: A genus related to but distinct from the existing genus Spongiimicrobium of other.

Aliispongiimonas

L. masc. adjective *alius*, other; L. fem. n. *Spongiimonas*, An existing genus; *Aliispongiimonas*: A genus related to but distinct from the existing genus Spongiimonas of other.

Aliispongiispira

L. masc. adjective *alius*, other; L. fem. n. *Spongiispira*, An existing genus; *Aliispongiispira*: A genus related to but distinct from the existing genus Spongiispira of other.

Aliispongiivirga

L. masc. adjective *alius*, other; L. fem. n. *Spongiivirga*, An existing genus; *Aliispongiivirga*: A genus related to but distinct from the existing genus Spongiivirga of other.

Aliispongitalea

L. masc. adjective *alius*, other; L. fem. n. *Spongitalea*, An existing genus; *Aliispongitalea*: A genus related to but distinct from the existing genus Spongitalea of other.

Aliisporacetigenium

L. masc. adjective *alius*, other; L. neut. n. *Sporacetigenium*, An existing genus; *Aliisporacetigenium*: A genus related to but distinct from the existing genus Sporacetigenium of other.

Aliisporanaerobacter

L. masc. adjective *alius*, other; L. masc. n. *Sporanaerobacter*, An existing genus; *Aliisporanaerobacter*: A genus related to but distinct from the existing genus Sporanaerobacter of other.

Aliisporichthya

L. masc. adjective *alius*, other; L. fem. n. *Sporichthya*, An existing genus; *Aliisporichthya*: A genus related to but distinct from the existing genus Sporichthya of other.

Aliisporobacter

L. masc. adjective *alius*, other; L. masc. n. *Sporobacter*, An existing genus; *Aliisporobacter*: A genus related to but distinct from the existing genus Sporobacter of other.

Aliisporobacterium

L. masc. adjective *alius*, other; L. neut. n. *Sporobacterium*, An existing genus; *Aliisporobacterium*: A genus related to but distinct from the existing genus Sporobacterium of other.

Aliisporocytophaga

L. masc. adjective *alius*, other; L. fem. n. *Sporocytophaga*, An existing genus; *Aliisporocytophaga*: A genus related to but distinct from the existing genus Sporocytophaga of other.

Aliisporohalobacter

L. masc. adjective *alius*, other; L. masc. n. *Sporohalobacter*, An existing genus; *Aliisporohalobacter*: A genus related to but distinct from the existing genus Sporohalobacter of other.

Aliisporolactobacillus

L. masc. adjective *alius*, other; L. masc. n. *Sporolactobacillus*, An existing genus; *Aliisporolactobacillus*: A genus related to but distinct from the existing genus Sporolactobacillus of other.

Aliisporolituus

L. masc. adjective *alius*, other; L. masc. n. *Sporolituus*, An existing genus; *Aliisporolituus*: A genus related to but distinct from the existing genus Sporolituus of other.

Aliisporosalibacterium

L. masc. adjective *alius*, other; L. neut. n. *Sporosalibacterium*, An existing genus; *Aliisporosalibacterium*: A genus related to but distinct from the existing genus Sporosalibacterium of other.

Aliisporosarcina

L. masc. adjective *alius*, other; L. fem. n. *Sporosarcina*, An existing genus; *Aliisporosarcina*: A genus related to but distinct from the existing genus Sporosarcina of other.

Aliisporotalea

L. masc. adjective *alius*, other; L. fem. n. *Sporotalea*, An existing genus; *Aliisporotalea*: A genus related to but distinct from the existing genus Sporotalea of other.

Aliisporotomaculum

L. masc. adjective *alius*, other; L. neut. n. *Sporotomaculum*, An existing genus; *Aliisporotomaculum*: A genus related to but distinct from the existing genus Sporotomaculum of other.

Aliistackebrandtia

L. masc. adjective *alius*, other; L. fem. n. *Stackebrandtia*, An existing genus; *Aliistackebrandtia*: A genus related to but distinct from the existing genus Stackebrandtia of other.

Aliistagnimonas

L. masc. adjective *alius*, other; L. fem. n. *Stagnimonas*, An existing genus; *Aliistagnimonas*: A genus related to but distinct from the existing genus Stagnimonas of other.

Aliistakelama

L. masc. adjective *alius*, other; L. fem. n. *Stakelama*, An existing genus; *Aliistakelama*: A genus related to but distinct from the existing genus Stakelama of other.

Aliistaleya

L. masc. adjective *alius*, other; L. fem. n. *Staleya*, An existing genus; *Aliistaleya*: A genus related to but distinct from the existing genus Staleya of other.

Aliistanierella

L. masc. adjective *alius*, other; L. fem. dim. n. *Stanierella*, An existing genus; *Aliistanierella*: A genus related to but distinct from the existing genus Stanierella of other.

Aliistaphylococcus

L. masc. adjective *alius*, other; L. masc. n. *Staphylococcus*, An existing genus; *Aliistaphylococcus*: A genus related to but distinct from the existing genus Staphylococcus of other.

Aliistaphylospora

L. masc. adjective *alius*, other; L. fem. n. *Staphylospora*, An existing genus; *Aliistaphylospora*: A genus related to but distinct from the existing genus Staphylospora of other.

Aliistaphylothermus

L. masc. adjective *alius*, other; L. masc. n. *Staphylothermus*, An existing genus; *Aliistaphylothermus*: A genus related to but distinct from the existing genus Staphylothermus of other.

Aliistappia

L. masc. adjective *alius*, other; L. fem. n. *Stappia*, An existing genus; *Aliistappia*: A genus related to but distinct from the existing genus Stappia of other.

Aliistarkeya

L. masc. adjective *alius*, other; L. fem. n. *Starkeya*, An existing genus; *Aliistarkeya*: A genus related to but distinct from the existing genus Starkeya of other.

Aliistarria

L. masc. adjective *alius*, other; L. fem. n. *Starria*, An existing genus; *Aliistarria*: A genus related to but distinct from the existing genus Starria of other.

Aliistella

L. masc. adjective *alius*, other; L. fem. n. *Stella*, An existing genus; *Aliistella*: A genus related to but distinct from the existing genus Stella of other.

Aliistenothermobacter

L. masc. adjective *alius*, other; L. masc. n. *Stenothermobacter*, An existing genus; *Aliistenothermobacter*: A genus related to but distinct from the existing genus Stenothermobacter of other.

Aliistenotrophobacter

L. masc. adjective *alius*, other; L. masc. n. *Stenotrophobacter*, An existing genus; *Aliistenotrophobacter*: A genus related to but distinct from the existing genus Stenotrophobacter of other.

Aliistenotrophobium

L. masc. adjective *alius*, other; L. neut. n. *Stenotrophobium*, An existing genus; *Aliistenotrophobium*: A genus related to but distinct from the existing genus Stenotrophobium of other.

Aliistenotrophomonas

L. masc. adjective *alius*, other; L. fem. n. *Stenotrophomonas*, An existing genus; *Aliistenotrophomonas*: A genus related to but distinct from the existing genus Stenotrophomonas of other.

Aliistenoxybacter

L. masc. adjective *alius*, other; L. masc. n. *Stenoxybacter*, An existing genus; *Aliistenoxybacter*: A genus related to but distinct from the existing genus Stenoxybacter of other.

Aliisteroidobacter

L. masc. adjective *alius*, other; L. masc. n. *Steroidobacter*, An existing genus; *Aliisteroidobacter*: A genus related to but distinct from the existing genus Steroidobacter of other.

Aliisterolibacterium

L. masc. adjective *alius*, other; L. neut. n. *Sterolibacterium*, An existing genus; *Aliisterolibacterium*: A genus related to but distinct from the existing genus Sterolibacterium of other.

Aliistetteria

L. masc. adjective *alius*, other; L. fem. n. *Stetteria*, An existing genus; *Aliistetteria*: A genus related to but distinct from the existing genus Stetteria of other.

Aliistigmatella

L. masc. adjective *alius*, other; L. fem. dim. n. *Stigmatella*, An existing genus; *Aliistigmatella*: A genus related to but distinct from the existing genus Stigmatella of other.

Aliistigonema

L. masc. adjective *alius*, other; L. neut. n. *Stigonema*, An existing genus; *Aliistigonema*: A genus related to but distinct from the existing genus Stigonema of other.

Aliistomatobaculum

L. masc. adjective *alius*, other; L. neut. n. *Stomatobaculum*, An existing genus; *Aliistomatobaculum*: A genus related to but distinct from the existing genus Stomatobaculum of other.

Aliistomatococcus

L. masc. adjective *alius*, other; L. masc. n. *Stomatococcus*, An existing genus; *Aliistomatococcus*: A genus related to but distinct from the existing genus Stomatococcus of other.

Aliistreptacidiphilus

L. masc. adjective *alius*, other; L. masc. n. *Streptacidiphilus*, An existing genus; *Aliistreptacidiphilus*: A genus related to but distinct from the existing genus Streptacidiphilus of other.

Aliistreptobacillus

L. masc. adjective *alius*, other; L. masc. n. *Streptobacillus*, An existing genus; *Aliistreptobacillus*: A genus related to but distinct from the existing genus Streptobacillus of other.

Aliistreptococcus

L. masc. adjective *alius*, other; L. masc. n. *Streptococcus*, An existing genus; *Aliistreptococcus*: A genus related to but distinct from the existing genus Streptococcus of other.

Aliistreptohalobacillus

L. masc. adjective *alius*, other; L. masc. n. *Streptohalobacillus*, An existing genus; *Aliistreptohalobacillus*: A genus related to but distinct from the existing genus Streptohalobacillus of other.

Aliistreptomonospora

L. masc. adjective *alius*, other; L. fem. n. *Streptomonospora*, An existing genus; *Aliistreptomonospora*: A genus related to but distinct from the existing genus Streptomonospora of other.

Aliistreptomyces

L. masc. adjective *alius*, other; L. masc. n. *Streptomyces*, An existing genus; *Aliistreptomyces*: A genus related to but distinct from the existing genus Streptomyces of other.

Aliistreptosporangium

L. masc. adjective *alius*, other; L. neut. n. *Streptosporangium*, An existing genus; *Aliistreptosporangium*: A genus related to but distinct from the existing genus Streptosporangium of other.

Aliistreptoverticillium

L. masc. adjective *alius*, other; L. neut. n. *Streptoverticillium*, An existing genus; *Aliistreptoverticillium*: A genus related to but distinct from the existing genus Streptoverticillium of other.

Aliistygiolobus

L. masc. adjective *alius*, other; L. masc. n. *Stygiolobus*, An existing genus; *Aliistygiolobus*: A genus related to but distinct from the existing genus Stygiolobus of other.

Aliisubdoligranulum

L. masc. adjective *alius*, other; L. neut. n. *Subdoligranulum*, An existing genus; *Aliisubdoligranulum*: A genus related to but distinct from the existing genus Subdoligranulum of other.

Aliisubsaxibacter

L. masc. adjective *alius*, other; L. masc. n. *Subsaxibacter*, An existing genus; *Aliisubsaxibacter*: A genus related to but distinct from the existing genus Subsaxibacter of other.

Aliisubsaximicrobium

L. masc. adjective *alius*, other; L. neut. n. *Subsaximicrobium*, An existing genus; *Aliisubsaximicrobium*: A genus related to but distinct from the existing genus Subsaximicrobium of other.

Aliisuccinatimonas

L. masc. adjective *alius*, other; L. fem. n. *Succinatimonas*, An existing genus; *Aliisuccinatimonas*: A genus related to but distinct from the existing genus Succinatimonas of other.

Aliisucciniclasticum

L. masc. adjective *alius*, other; L. neut. n. *Succiniclasticum*, An existing genus; *Aliisucciniclasticum*: A genus related to but distinct from the existing genus Succiniclasticum of other.

Aliisuccinispira

L. masc. adjective *alius*, other; L. fem. n. *Succinispira*, An existing genus; *Aliisuccinispira*: A genus related to but distinct from the existing genus Succinispira of other.

Aliisuccinivibrio

L. masc. adjective *alius*, other; L. masc. n. *Succinivibrio*, An existing genus; *Aliisuccinivibrio*: A genus related to but distinct from the existing genus Succinivibrio of other.

Aliisufflavibacter

L. masc. adjective *alius*, other; L. masc. n. *Sufflavibacter*, An existing genus; *Aliisufflavibacter*: A genus related to but distinct from the existing genus Sufflavibacter of other.

Aliisuicoccus

L. masc. adjective *alius*, other; L. masc. n. *Suicoccus*, An existing genus; *Aliisuicoccus*: A genus related to but distinct from the existing genus Suicoccus of other.

Aliisulfitobacter

L. masc. adjective *alius*, other; L. masc. n. *Sulfitobacter*, An existing genus; *Aliisulfitobacter*: A genus related to but distinct from the existing genus Sulfitobacter of other.

Aliisulfodiicoccus

L. masc. adjective *alius*, other; L. masc. n. *Sulfodiicoccus*, An existing genus; *Aliisulfodiicoccus*: A genus related to but distinct from the existing genus Sulfodiicoccus of other.

Aliisulfolobus

L. masc. adjective *alius*, other; L. masc. n. *Sulfolobus*, An existing genus; *Aliisulfolobus*: A genus related to but distinct from the existing genus Sulfolobus of other.

Aliisulfophobococcus

L. masc. adjective *alius*, other; L. masc. n. *Sulfophobococcus*, An existing genus; *Aliisulfophobococcus*: A genus related to but distinct from the existing genus Sulfophobococcus of other.

Aliisulfuracidifex

L. masc. adjective *alius*, other; L. masc. n. *Sulfuracidifex*, An existing genus; *Aliisulfuracidifex*: A genus related to but distinct from the existing genus Sulfuracidifex of other.

Aliisulfuricella

L. masc. adjective *alius*, other; L. fem. n. *Sulfuricella*, An existing genus; *Aliisulfuricella*: A genus related to but distinct from the existing genus Sulfuricella of other.

Aliisulfuricurvum

L. masc. adjective *alius*, other; L. neut. n. *Sulfuricurvum*, An existing genus; *Aliisulfuricurvum*: A genus related to but distinct from the existing genus Sulfuricurvum of other.

Aliisulfuriferula

L. masc. adjective *alius*, other; L. fem. n. *Sulfuriferula*, An existing genus; *Aliisulfuriferula*: A genus related to but distinct from the existing genus Sulfuriferula of other.

Aliisulfuriflexus

L. masc. adjective *alius*, other; L. masc. n. *Sulfuriflexus*, An existing genus; *Aliisulfuriflexus*: A genus related to but distinct from the existing genus Sulfuriflexus of other.

Aliisulfurihydrogenibium

L. masc. adjective *alius*, other; L. neut. n. *Sulfurihydrogenibium*, An existing genus; *Aliisulfurihydrogenibium*: A genus related to but distinct from the existing genus Sulfurihydrogenibium of other.

Aliisulfurisphaera

L. masc. adjective *alius*, other; L. fem. n. *Sulfurisphaera*, An existing genus; *Aliisulfurisphaera*: A genus related to but distinct from the existing genus Sulfurisphaera of other.

Aliisulfuritortus

L. masc. adjective *alius*, other; L. masc. n. *Sulfuritortus*, An existing genus; *Aliisulfuritortus*: A genus related to but distinct from the existing genus Sulfuritortus of other.

Aliisulfurococcus

L. masc. adjective *alius*, other; L. masc. n. *Sulfurococcus*, An existing genus; *Aliisulfurococcus*: A genus related to but distinct from the existing genus Sulfurococcus of other.

Aliisulfurospirillum

L. masc. adjective *alius*, other; L. neut. dim. n. *Sulfurospirillum*, An existing genus; *Aliisulfurospirillum*: A genus related to but distinct from the existing genus Sulfurospirillum of other.

Aliisulfurovum

L. masc. adjective *alius*, other; L. neut. n. *Sulfurovum*, An existing genus; *Aliisulfurovum*: A genus related to but distinct from the existing genus Sulfurovum of other.

Aliisungkyunkwania

L. masc. adjective *alius*, other; L. fem. n. *Sungkyunkwania*, An existing genus; *Aliisungkyunkwania*: A genus related to but distinct from the existing genus Sungkyunkwania of other.

Aliisunxiuqinia

L. masc. adjective *alius*, other; L. fem. n. *Sunxiuqinia*, An existing genus; *Aliisunxiuqinia*: A genus related to but distinct from the existing genus Sunxiuqinia of other.

Aliisuperficieibacter

L. masc. adjective *alius*, other; L. masc. n. *Superficieibacter*, An existing genus; *Aliisuperficieibacter*: A genus related to but distinct from the existing genus Superficieibacter of other.

Aliisutterella

L. masc. adjective *alius*, other; L. fem. dim. n. *Sutterella*, An existing genus; *Aliisutterella*: A genus related to but distinct from the existing genus Sutterella of other.

Aliisuttonella

L. masc. adjective *alius*, other; L. fem. dim. n. *Suttonella*, An existing genus; *Aliisuttonella*: A genus related to but distinct from the existing genus Suttonella of other.

Aliiswaminathania

L. masc. adjective *alius*, other; L. fem. n. *Swaminathania*, An existing genus; *Aliiswaminathania*: A genus related to but distinct from the existing genus Swaminathania of other.

Aliiswingsia

L. masc. adjective *alius*, other; L. fem. n. *Swingsia*, An existing genus; *Aliiswingsia*: A genus related to but distinct from the existing genus Swingsia of other.

Aliiswionibacillus

L. masc. adjective *alius*, other; L. masc. n. *Swionibacillus*, An existing genus; *Aliiswionibacillus*: A genus related to but distinct from the existing genus Swionibacillus of other.

Aliisymbiobacterium

L. masc. adjective *alius*, other; L. neut. n. *Symbiobacterium*, An existing genus; *Aliisymbiobacterium*: A genus related to but distinct from the existing genus Symbiobacterium of other.

Aliisymbiotes

L. masc. adjective *alius*, other; L. masc. n. *Symbiotes*, An existing genus; *Aliisymbiotes*: A genus related to but distinct from the existing genus Symbiotes of other.

Aliisynechocystis

L. masc. adjective *alius*, other; L. fem. n. *Synechocystis*, An existing genus; *Aliisynechocystis*: A genus related to but distinct from the existing genus Synechocystis of other.

Aliisynergistes

L. masc. adjective *alius*, other; L. masc. n. *Synergistes*, An existing genus; *Aliisynergistes*: A genus related to but distinct from the existing genus Synergistes of other.

Aliisyntrophaceticus

L. masc. adjective *alius*, other; L. masc. n. *Syntrophaceticus*, An existing genus; *Aliisyntrophaceticus*: A genus related to but distinct from the existing genus Syntrophaceticus of other.

Aliisyntrophobacter

L. masc. adjective *alius*, other; L. masc. n. *Syntrophobacter*, An existing genus; *Aliisyntrophobacter*: A genus related to but distinct from the existing genus Syntrophobacter of other.

Aliisyntrophobotulus

L. masc. adjective *alius*, other; L. masc. n. *Syntrophobotulus*, An existing genus; *Aliisyntrophobotulus*: A genus related to but distinct from the existing genus Syntrophobotulus of other.

Aliisyntrophococcus

L. masc. adjective *alius*, other; L. masc. n. *Syntrophococcus*, An existing genus; *Aliisyntrophococcus*: A genus related to but distinct from the existing genus Syntrophococcus of other.

Aliisyntrophomonas

L. masc. adjective *alius*, other; L. fem. n. *Syntrophomonas*, An existing genus; *Aliisyntrophomonas*: A genus related to but distinct from the existing genus Syntrophomonas of other.

Aliisyntrophorhabdus

L. masc. adjective *alius*, other; L. fem. n. *Syntrophorhabdus*, An existing genus; *Aliisyntrophorhabdus*: A genus related to but distinct from the existing genus Syntrophorhabdus of other.

Aliisyntrophospora

L. masc. adjective *alius*, other; L. fem. n. *Syntrophospora*, An existing genus; *Aliisyntrophospora*: A genus related to but distinct from the existing genus Syntrophospora of other.

Aliisyntrophothermus

L. masc. adjective *alius*, other; L. masc. n. *Syntrophothermus*, An existing genus; *Aliisyntrophothermus*: A genus related to but distinct from the existing genus Syntrophothermus of other.

Aliisyntrophus

L. masc. adjective *alius*, other; L. masc. n. *Syntrophus*, An existing genus; *Aliisyntrophus*: A genus related to but distinct from the existing genus Syntrophus of other.

Aliitabrizicola

L. masc. adjective *alius*, other; L. fem. n. *Tabrizicola*, An existing genus; *Aliitabrizicola*: A genus related to but distinct from the existing genus Tabrizicola of other.

Aliitaeania

L. masc. adjective *alius*, other; L. fem. n. *Taeania*, An existing genus; *Aliitaeania*: A genus related to but distinct from the existing genus Taeania of other.

Aliitaeseokella

L. masc. adjective *alius*, other; L. fem. dim. n. *Taeseokella*, An existing genus; *Aliitaeseokella*: A genus related to but distinct from the existing genus Taeseokella of other.

Aliitagaea

L. masc. adjective *alius*, other; L. fem. n. *Tagaea*, An existing genus; *Aliitagaea*: A genus related to but distinct from the existing genus Tagaea of other.

Aliitahibacter

L. masc. adjective *alius*, other; L. masc. n. *Tahibacter*, An existing genus; *Aliitahibacter*: A genus related to but distinct from the existing genus Tahibacter of other.

Aliitaibaiella

L. masc. adjective *alius*, other; L. fem. dim. n. *Taibaiella*, An existing genus; *Aliitaibaiella*: A genus related to but distinct from the existing genus Taibaiella of other.

Aliitamaricihabitans

L. masc. adjective *alius*, other; L. masc. n. *Tamaricihabitans*, An existing genus; *Aliitamaricihabitans*: A genus related to but distinct from the existing genus Tamaricihabitans of other.

Aliitamilnaduibacter

L. masc. adjective *alius*, other; L. masc. n. *Tamilnaduibacter*, An existing genus; *Aliitamilnaduibacter*: A genus related to but distinct from the existing genus Tamilnaduibacter of other.

Aliitamlana

L. masc. adjective *alius*, other; L. fem. n. *Tamlana*, An existing genus; *Aliitamlana*: A genus related to but distinct from the existing genus Tamlana of other.

Aliitamlicoccus

L. masc. adjective *alius*, other; L. masc. n. *Tamlicoccus*, An existing genus; *Aliitamlicoccus*: A genus related to but distinct from the existing genus Tamlicoccus of other.

Aliitangfeifania

L. masc. adjective *alius*, other; L. fem. n. *Tangfeifania*, An existing genus; *Aliitangfeifania*: A genus related to but distinct from the existing genus Tangfeifania of other.

Aliitannerella

L. masc. adjective *alius*, other; L. fem. dim. n. *Tannerella*, An existing genus; *Aliitannerella*: A genus related to but distinct from the existing genus Tannerella of other.

Aliitanticharoenia

L. masc. adjective *alius*, other; L. fem. n. *Tanticharoenia*, An existing genus; *Aliitanticharoenia*: A genus related to but distinct from the existing genus Tanticharoenia of other.

Aliitaonella

L. masc. adjective *alius*, other; L. fem. dim. n. *Taonella*, An existing genus; *Aliitaonella*: A genus related to but distinct from the existing genus Taonella of other.

Aliitapinothrix

L. masc. adjective *alius*, other; L. fem. n. *Tapinothrix*, An existing genus; *Aliitapinothrix*: A genus related to but distinct from the existing genus Tapinothrix of other.

Aliitardiphaga

L. masc. adjective *alius*, other; L. fem. n. *Tardiphaga*, An existing genus; *Aliitardiphaga*: A genus related to but distinct from the existing genus Tardiphaga of other.

Aliitateyamaria

L. masc. adjective *alius*, other; L. fem. n. *Tateyamaria*, An existing genus; *Aliitateyamaria*: A genus related to but distinct from the existing genus Tateyamaria of other.

Aliitatlockia

L. masc. adjective *alius*, other; L. fem. n. *Tatlockia*, An existing genus; *Aliitatlockia*: A genus related to but distinct from the existing genus Tatlockia of other.

Aliitatumella

L. masc. adjective *alius*, other; L. fem. dim. n. *Tatumella*, An existing genus; *Aliitatumella*: A genus related to but distinct from the existing genus Tatumella of other.

Aliitautonia

L. masc. adjective *alius*, other; L. fem. n. *Tautonia*, An existing genus; *Aliitautonia*: A genus related to but distinct from the existing genus Tautonia of other.

Aliitaxeobacter

L. masc. adjective *alius*, other; L. masc. n. *Taxeobacter*, An existing genus; *Aliitaxeobacter*: A genus related to but distinct from the existing genus Taxeobacter of other.

Aliitaylorella

L. masc. adjective *alius*, other; L. fem. dim. n. *Taylorella*, An existing genus; *Aliitaylorella*: A genus related to but distinct from the existing genus Taylorella of other.

Aliitectibacter

L. masc. adjective *alius*, other; L. masc. n. *Tectibacter*, An existing genus; *Aliitectibacter*: A genus related to but distinct from the existing genus Tectibacter of other.

Aliiteichococcus

L. masc. adjective *alius*, other; L. masc. n. *Teichococcus*, An existing genus; *Aliiteichococcus*: A genus related to but distinct from the existing genus Teichococcus of other.

Aliitelluria

L. masc. adjective *alius*, other; L. fem. n. *Telluria*, An existing genus; *Aliitelluria*: A genus related to but distinct from the existing genus Telluria of other.

Aliitellurimicrobium

L. masc. adjective *alius*, other; L. neut. n. *Tellurimicrobium*, An existing genus; *Aliitellurimicrobium*: A genus related to but distinct from the existing genus Tellurimicrobium of other.

Aliitellurirhabdus

L. masc. adjective *alius*, other; L. fem. n. *Tellurirhabdus*, An existing genus; *Aliitellurirhabdus*: A genus related to but distinct from the existing genus Tellurirhabdus of other.

Aliitelmatobacter

L. masc. adjective *alius*, other; L. masc. n. *Telmatobacter*, An existing genus; *Aliitelmatobacter*: A genus related to but distinct from the existing genus Telmatobacter of other.

Aliitelmatocola

L. masc. adjective *alius*, other; L. fem. n. *Telmatocola*, An existing genus; *Aliitelmatocola*: A genus related to but distinct from the existing genus Telmatocola of other.

Aliitelmatospirillum

L. masc. adjective *alius*, other; L. neut. dim. n. *Telmatospirillum*, An existing genus; *Aliitelmatospirillum*: A genus related to but distinct from the existing genus Telmatospirillum of other.

Aliitemperatibacter

L. masc. adjective *alius*, other; L. masc. n. *Temperatibacter*, An existing genus; *Aliitemperatibacter*: A genus related to but distinct from the existing genus Temperatibacter of other.

Aliitenacibaculum

L. masc. adjective *alius*, other; L. neut. n. *Tenacibaculum*, An existing genus; *Aliitenacibaculum*: A genus related to but distinct from the existing genus Tenacibaculum of other.

Aliitenggerimyces

L. masc. adjective *alius*, other; L. masc. n. *Tenggerimyces*, An existing genus; *Aliitenggerimyces*: A genus related to but distinct from the existing genus Tenggerimyces of other.

Aliitengunoibacter

L. masc. adjective *alius*, other; L. masc. n. *Tengunoibacter*, An existing genus; *Aliitengunoibacter*: A genus related to but distinct from the existing genus Tengunoibacter of other.

Aliitenuibacillus

L. masc. adjective *alius*, other; L. masc. n. *Tenuibacillus*, An existing genus; *Aliitenuibacillus*: A genus related to but distinct from the existing genus Tenuibacillus of other.

Aliitepidamorphus

L. masc. adjective *alius*, other; L. masc. n. *Tepidamorphus*, An existing genus; *Aliitepidamorphus*: A genus related to but distinct from the existing genus Tepidamorphus of other.

Aliitepidanaerobacter

L. masc. adjective *alius*, other; L. masc. n. *Tepidanaerobacter*, An existing genus; *Aliitepidanaerobacter*: A genus related to but distinct from the existing genus Tepidanaerobacter of other.

Aliitepidicaulis

L. masc. adjective *alius*, other; L. masc. n. *Tepidicaulis*, An existing genus; *Aliitepidicaulis*: A genus related to but distinct from the existing genus Tepidicaulis of other.

Aliitepidicella

L. masc. adjective *alius*, other; L. fem. n. *Tepidicella*, An existing genus; *Aliitepidicella*: A genus related to but distinct from the existing genus Tepidicella of other.

Aliitepidiforma

L. masc. adjective *alius*, other; L. fem. n. *Tepidiforma*, An existing genus; *Aliitepidiforma*: A genus related to but distinct from the existing genus Tepidiforma of other.

Aliitepidimicrobium

L. masc. adjective *alius*, other; L. neut. n. *Tepidimicrobium*, An existing genus; *Aliitepidimicrobium*: A genus related to but distinct from the existing genus Tepidimicrobium of other.

Aliitepidiphilus

L. masc. adjective *alius*, other; L. masc. n. *Tepidiphilus*, An existing genus; *Aliitepidiphilus*: A genus related to but distinct from the existing genus Tepidiphilus of other.

Aliitepidisphaera

L. masc. adjective *alius*, other; L. fem. n. *Tepidisphaera*, An existing genus; *Aliitepidisphaera*: A genus related to but distinct from the existing genus Tepidisphaera of other.

Aliiterasakiella

L. masc. adjective *alius*, other; L. fem. dim. n. *Terasakiella*, An existing genus; *Aliiterasakiella*: A genus related to but distinct from the existing genus Terasakiella of other.

Aliiterasakiispira

L. masc. adjective *alius*, other; L. fem. n. *Terasakiispira*, An existing genus; *Aliiterasakiispira*: A genus related to but distinct from the existing genus Terasakiispira of other.

Aliiteredinibacter

L. masc. adjective *alius*, other; L. masc. n. *Teredinibacter*, An existing genus; *Aliiteredinibacter*: A genus related to but distinct from the existing genus Teredinibacter of other.

Aliiterrabacter

L. masc. adjective *alius*, other; L. masc. n. *Terrabacter*, An existing genus; *Aliiterrabacter*: A genus related to but distinct from the existing genus Terrabacter of other.

Aliiterracidiphilus

L. masc. adjective *alius*, other; L. masc. n. *Terracidiphilus*, An existing genus; *Aliiterracidiphilus*: A genus related to but distinct from the existing genus Terracidiphilus of other.

Aliiterracoccus

L. masc. adjective *alius*, other; L. masc. n. *Terracoccus*, An existing genus; *Aliiterracoccus*: A genus related to but distinct from the existing genus Terracoccus of other.

Aliiterribacillus

L. masc. adjective *alius*, other; L. masc. n. *Terribacillus*, An existing genus; *Aliiterribacillus*: A genus related to but distinct from the existing genus Terribacillus of other.

Aliiterriglobus

L. masc. adjective *alius*, other; L. masc. n. *Terriglobus*, An existing genus; *Aliiterriglobus*: A genus related to but distinct from the existing genus Terriglobus of other.

Aliiterrilactibacillus

L. masc. adjective *alius*, other; L. masc. n. *Terrilactibacillus*, An existing genus; *Aliiterrilactibacillus*: A genus related to but distinct from the existing genus Terrilactibacillus of other.

Aliiterrimicrobium

L. masc. adjective *alius*, other; L. neut. n. *Terrimicrobium*, An existing genus; *Aliiterrimicrobium*: A genus related to but distinct from the existing genus Terrimicrobium of other.

Aliiterrisporobacter

L. masc. adjective *alius*, other; L. masc. n. *Terrisporobacter*, An existing genus; *Aliiterrisporobacter*: A genus related to but distinct from the existing genus Terrisporobacter of other.

Aliitersicoccus

L. masc. adjective *alius*, other; L. masc. n. *Tersicoccus*, An existing genus; *Aliitersicoccus*: A genus related to but distinct from the existing genus Tersicoccus of other.

Aliitessaracoccus

L. masc. adjective *alius*, other; L. masc. n. *Tessaracoccus*, An existing genus; *Aliitessaracoccus*: A genus related to but distinct from the existing genus Tessaracoccus of other.

Aliitestudinibacter

L. masc. adjective *alius*, other; L. masc. n. *Testudinibacter*, An existing genus; *Aliitestudinibacter*: A genus related to but distinct from the existing genus Testudinibacter of other.

Aliitetracoccus

L. masc. adjective *alius*, other; L. masc. n. *Tetracoccus*, An existing genus; *Aliitetracoccus*: A genus related to but distinct from the existing genus Tetracoccus of other.

Aliitetragenococcus

L. masc. adjective *alius*, other; L. masc. n. *Tetragenococcus*, An existing genus; *Aliitetragenococcus*: A genus related to but distinct from the existing genus Tetragenococcus of other.

Aliitetrasphaera

L. masc. adjective *alius*, other; L. fem. n. *Tetrasphaera*, An existing genus; *Aliitetrasphaera*: A genus related to but distinct from the existing genus Tetrasphaera of other.

Aliitetrathiobacter

L. masc. adjective *alius*, other; L. masc. n. *Tetrathiobacter*, An existing genus; *Aliitetrathiobacter*: A genus related to but distinct from the existing genus Tetrathiobacter of other.

Aliitexcoconibacillus

L. masc. adjective *alius*, other; L. masc. n. *Texcoconibacillus*, An existing genus; *Aliitexcoconibacillus*: A genus related to but distinct from the existing genus Texcoconibacillus of other.

Aliithalassobacillus

L. masc. adjective *alius*, other; L. masc. n. *Thalassobacillus*, An existing genus; *Aliithalassobacillus*: A genus related to but distinct from the existing genus Thalassobacillus of other.

Aliithalassobacter

L. masc. adjective *alius*, other; L. masc. n. *Thalassobacter*, An existing genus; *Aliithalassobacter*: A genus related to but distinct from the existing genus Thalassobacter of other.

Aliithalassobaculum

L. masc. adjective *alius*, other; L. neut. n. *Thalassobaculum*, An existing genus; *Aliithalassobaculum*: A genus related to but distinct from the existing genus Thalassobaculum of other.

Aliithalassobius

L. masc. adjective *alius*, other; L. masc. n. *Thalassobius*, An existing genus; *Aliithalassobius*: A genus related to but distinct from the existing genus Thalassobius of other.

Aliithalassocella

L. masc. adjective *alius*, other; L. fem. n. *Thalassocella*, An existing genus; *Aliithalassocella*: A genus related to but distinct from the existing genus Thalassocella of other.

Aliithalassococcus

L. masc. adjective *alius*, other; L. masc. n. *Thalassococcus*, An existing genus; *Aliithalassococcus*: A genus related to but distinct from the existing genus Thalassococcus of other.

Aliithalassocola

L. masc. adjective *alius*, other; L. fem. n. *Thalassocola*, An existing genus; *Aliithalassocola*: A genus related to but distinct from the existing genus Thalassocola of other.

Aliithalassolituus

L. masc. adjective *alius*, other; L. masc. n. *Thalassolituus*, An existing genus; *Aliithalassolituus*: A genus related to but distinct from the existing genus Thalassolituus of other.

Aliithalassomonas

L. masc. adjective *alius*, other; L. fem. n. *Thalassomonas*, An existing genus; *Aliithalassomonas*: A genus related to but distinct from the existing genus Thalassomonas of other.

Aliithalassorhabdomicrobium

L. masc. adjective *alius*, other; L. neut. n. *Thalassorhabdomicrobium*, An existing genus; *Aliithalassorhabdomicrobium*: A genus related to but distinct from the existing genus Thalassorhabdomicrobium of other.

Aliithalassorhabdus

L. masc. adjective *alius*, other; L. fem. n. *Thalassorhabdus*, An existing genus; *Aliithalassorhabdus*: A genus related to but distinct from the existing genus Thalassorhabdus of other.

Aliithalassospira

L. masc. adjective *alius*, other; L. fem. n. *Thalassospira*, An existing genus; *Aliithalassospira*: A genus related to but distinct from the existing genus Thalassospira of other.

Aliithalassotalea

L. masc. adjective *alius*, other; L. fem. n. *Thalassotalea*, An existing genus; *Aliithalassotalea*: A genus related to but distinct from the existing genus Thalassotalea of other.

Aliithauera

L. masc. adjective *alius*, other; L. fem. n. *Thauera*, An existing genus; *Aliithauera*: A genus related to but distinct from the existing genus Thauera of other.

Aliithaumasiovibrio

L. masc. adjective *alius*, other; L. masc. n. *Thaumasiovibrio*, An existing genus; *Aliithaumasiovibrio*: A genus related to but distinct from the existing genus Thaumasiovibrio of other.

Aliithermacetogenium

L. masc. adjective *alius*, other; L. neut. n. *Thermacetogenium*, An existing genus; *Aliithermacetogenium*: A genus related to but distinct from the existing genus Thermacetogenium of other.

Aliithermaerobacter

L. masc. adjective *alius*, other; L. masc. n. *Thermaerobacter*, An existing genus; *Aliithermaerobacter*: A genus related to but distinct from the existing genus Thermaerobacter of other.

Aliithermalkalibacillus

L. masc. adjective *alius*, other; L. masc. n. *Thermalkalibacillus*, An existing genus; *Aliithermalkalibacillus*: A genus related to but distinct from the existing genus Thermalkalibacillus of other.

Aliithermanaeromonas

L. masc. adjective *alius*, other; L. fem. n. *Thermanaeromonas*, An existing genus; *Aliithermanaeromonas*: A genus related to but distinct from the existing genus Thermanaeromonas of other.

Aliithermanaerothrix

L. masc. adjective *alius*, other; L. fem. n. *Thermanaerothrix*, An existing genus; *Aliithermanaerothrix*: A genus related to but distinct from the existing genus Thermanaerothrix of other.

Aliithermanaerovibrio

L. masc. adjective *alius*, other; L. masc. n. *Thermanaerovibrio*, An existing genus; *Aliithermanaerovibrio*: A genus related to but distinct from the existing genus Thermanaerovibrio of other.

Aliithermasporomyces

L. masc. adjective *alius*, other; L. masc. n. *Thermasporomyces*, An existing genus; *Aliithermasporomyces*: A genus related to but distinct from the existing genus Thermasporomyces of other.

Aliithermaurantimonas

L. masc. adjective *alius*, other; L. fem. n. *Thermaurantimonas*, An existing genus; *Aliithermaurantimonas*: A genus related to but distinct from the existing genus Thermaurantimonas of other.

Aliithermithiobacillus

L. masc. adjective *alius*, other; L. masc. n. *Thermithiobacillus*, An existing genus; *Aliithermithiobacillus*: A genus related to but distinct from the existing genus Thermithiobacillus of other.

Aliithermoactinomyces

L. masc. adjective *alius*, other; L. masc. n. *Thermoactinomyces*, An existing genus; *Aliithermoactinomyces*: A genus related to but distinct from the existing genus Thermoactinomyces of other.

Aliithermoactinospora

L. masc. adjective *alius*, other; L. fem. n. *Thermoactinospora*, An existing genus; *Aliithermoactinospora*: A genus related to but distinct from the existing genus Thermoactinospora of other.

Aliithermoanaerobacter

L. masc. adjective *alius*, other; L. masc. n. *Thermoanaerobacter*, An existing genus; *Aliithermoanaerobacter*: A genus related to but distinct from the existing genus Thermoanaerobacter of other.

Aliithermoanaerobacterium

L. masc. adjective *alius*, other; L. neut. n. *Thermoanaerobacterium*, An existing genus; *Aliithermoanaerobacterium*: A genus related to but distinct from the existing genus Thermoanaerobacterium of other.

Aliithermoanaerobaculum

L. masc. adjective *alius*, other; L. neut. n. *Thermoanaerobaculum*, An existing genus; *Aliithermoanaerobaculum*: A genus related to but distinct from the existing genus Thermoanaerobaculum of other.

Aliithermoanaerobium

L. masc. adjective *alius*, other; L. neut. n. *Thermoanaerobium*, An existing genus; *Aliithermoanaerobium*: A genus related to but distinct from the existing genus Thermoanaerobium of other.

Aliithermobacillus

L. masc. adjective *alius*, other; L. masc. n. *Thermobacillus*, An existing genus; *Aliithermobacillus*: A genus related to but distinct from the existing genus Thermobacillus of other.

Aliithermobacteroides

L. masc. adjective *alius*, other; L. masc. n. *Thermobacteroides*, An existing genus; *Aliithermobacteroides*: A genus related to but distinct from the existing genus Thermobacteroides of other.

Aliithermobifida

L. masc. adjective *alius*, other; L. fem. n. *Thermobifida*, An existing genus; *Aliithermobifida*: A genus related to but distinct from the existing genus Thermobifida of other.

Aliithermobispora

L. masc. adjective *alius*, other; L. fem. n. *Thermobispora*, An existing genus; *Aliithermobispora*: A genus related to but distinct from the existing genus Thermobispora of other.

Aliithermobrachium

L. masc. adjective *alius*, other; L. neut. n. *Thermobrachium*, An existing genus; *Aliithermobrachium*: A genus related to but distinct from the existing genus Thermobrachium of other.

Aliithermocatellispora

L. masc. adjective *alius*, other; L. fem. n. *Thermocatellispora*, An existing genus; *Aliithermocatellispora*: A genus related to but distinct from the existing genus Thermocatellispora of other.

Aliithermochromatium

L. masc. adjective *alius*, other; L. neut. n. *Thermochromatium*, An existing genus; *Aliithermochromatium*: A genus related to but distinct from the existing genus Thermochromatium of other.

Aliithermocladium

L. masc. adjective *alius*, other; L. neut. dim. n. *Thermocladium*, An existing genus; *Aliithermocladium*: A genus related to but distinct from the existing genus Thermocladium of other.

Aliithermoclostridium

L. masc. adjective *alius*, other; L. neut. dim. n. *Thermoclostridium*, An existing genus; *Aliithermoclostridium*: A genus related to but distinct from the existing genus Thermoclostridium of other.

Aliithermococcoides

L. masc. adjective *alius*, other; L. masc. n. *Thermococcoides*, An existing genus; *Aliithermococcoides*: A genus related to but distinct from the existing genus Thermococcoides of other.

Aliithermococcus

L. masc. adjective *alius*, other; L. masc. n. *Thermococcus*, An existing genus; *Aliithermococcus*: A genus related to but distinct from the existing genus Thermococcus of other.

Aliithermocrinis

L. masc. adjective *alius*, other; L. masc. n. *Thermocrinis*, An existing genus; *Aliithermocrinis*: A genus related to but distinct from the existing genus Thermocrinis of other.

Aliithermocrispum

L. masc. adjective *alius*, other; L. neut. n. *Thermocrispum*, An existing genus; *Aliithermocrispum*: A genus related to but distinct from the existing genus Thermocrispum of other.

Aliithermodesulfatator

L. masc. adjective *alius*, other; L. masc. n. *Thermodesulfatator*, An existing genus; *Aliithermodesulfatator*: A genus related to but distinct from the existing genus Thermodesulfatator of other.

Aliithermodesulfitimonas

L. masc. adjective *alius*, other; L. fem. n. *Thermodesulfitimonas*, An existing genus; *Aliithermodesulfitimonas*: A genus related to but distinct from the existing genus Thermodesulfitimonas of other.

Aliithermodesulfobacterium

L. masc. adjective *alius*, other; L. neut. n. *Thermodesulfobacterium*, An existing genus; *Aliithermodesulfobacterium*: A genus related to but distinct from the existing genus Thermodesulfobacterium of other.

Aliithermodesulfobium

L. masc. adjective *alius*, other; L. neut. n. *Thermodesulfobium*, An existing genus; *Aliithermodesulfobium*: A genus related to but distinct from the existing genus Thermodesulfobium of other.

Aliithermodesulforhabdus

L. masc. adjective *alius*, other; L. fem. n. *Thermodesulforhabdus*, An existing genus; *Aliithermodesulforhabdus*: A genus related to but distinct from the existing genus Thermodesulforhabdus of other.

Aliithermodesulfovibrio

L. masc. adjective *alius*, other; L. masc. n. *Thermodesulfovibrio*, An existing genus; *Aliithermodesulfovibrio*: A genus related to but distinct from the existing genus Thermodesulfovibrio of other.

Aliithermodiscus

L. masc. adjective *alius*, other; L. masc. n. *Thermodiscus*, An existing genus; *Aliithermodiscus*: A genus related to but distinct from the existing genus Thermodiscus of other.

Aliithermofilum

L. masc. adjective *alius*, other; L. neut. n. *Thermofilum*, An existing genus; *Aliithermofilum*: A genus related to but distinct from the existing genus Thermofilum of other.

Aliithermoflavifilum

L. masc. adjective *alius*, other; L. neut. n. *Thermoflavifilum*, An existing genus; *Aliithermoflavifilum*: A genus related to but distinct from the existing genus Thermoflavifilum of other.

Aliithermoflavimicrobium

L. masc. adjective *alius*, other; L. neut. n. *Thermoflavimicrobium*, An existing genus; *Aliithermoflavimicrobium*: A genus related to but distinct from the existing genus Thermoflavimicrobium of other.

Aliithermoflexibacter

L. masc. adjective *alius*, other; L. masc. n. *Thermoflexibacter*, An existing genus; *Aliithermoflexibacter*: A genus related to but distinct from the existing genus Thermoflexibacter of other.

Aliithermoflexus

L. masc. adjective *alius*, other; L. masc. n. *Thermoflexus*, An existing genus; *Aliithermoflexus*: A genus related to but distinct from the existing genus Thermoflexus of other.

Aliithermogemmatispora

L. masc. adjective *alius*, other; L. fem. n. *Thermogemmatispora*, An existing genus; *Aliithermogemmatispora*: A genus related to but distinct from the existing genus Thermogemmatispora of other.

Aliithermogladius

L. masc. adjective *alius*, other; L. masc. n. *Thermogladius*, An existing genus; *Aliithermogladius*: A genus related to but distinct from the existing genus Thermogladius of other.

Aliithermogutta

L. masc. adjective *alius*, other; L. fem. n. *Thermogutta*, An existing genus; *Aliithermogutta*: A genus related to but distinct from the existing genus Thermogutta of other.

Aliithermogymnomonas

L. masc. adjective *alius*, other; L. fem. n. *Thermogymnomonas*, An existing genus; *Aliithermogymnomonas*: A genus related to but distinct from the existing genus Thermogymnomonas of other.

Aliithermohalobacter

L. masc. adjective *alius*, other; L. masc. n. *Thermohalobacter*, An existing genus; *Aliithermohalobacter*: A genus related to but distinct from the existing genus Thermohalobacter of other.

Aliithermohydrogenium

L. masc. adjective *alius*, other; L. neut. n. *Thermohydrogenium*, An existing genus; *Aliithermohydrogenium*: A genus related to but distinct from the existing genus Thermohydrogenium of other.

Aliithermoleophilum

L. masc. adjective *alius*, other; L. neut. n. *Thermoleophilum*, An existing genus; *Aliithermoleophilum*: A genus related to but distinct from the existing genus Thermoleophilum of other.

Aliithermoleptolyngbya

L. masc. adjective *alius*, other; L. fem. n. *Thermoleptolyngbya*, An existing genus; *Aliithermoleptolyngbya*: A genus related to but distinct from the existing genus Thermoleptolyngbya of other.

Aliithermolithobacter

L. masc. adjective *alius*, other; L. masc. n. *Thermolithobacter*, An existing genus; *Aliithermolithobacter*: A genus related to but distinct from the existing genus Thermolithobacter of other.

Aliithermolongibacillus

L. masc. adjective *alius*, other; L. masc. n. *Thermolongibacillus*, An existing genus; *Aliithermolongibacillus*: A genus related to but distinct from the existing genus Thermolongibacillus of other.

Aliithermomarinilinea

L. masc. adjective *alius*, other; L. fem. n. *Thermomarinilinea*, An existing genus; *Aliithermomarinilinea*: A genus related to but distinct from the existing genus Thermomarinilinea of other.

Aliithermomicrobium

L. masc. adjective *alius*, other; L. neut. n. *Thermomicrobium*, An existing genus; *Aliithermomicrobium*: A genus related to but distinct from the existing genus Thermomicrobium of other.

Aliithermomonas

L. masc. adjective *alius*, other; L. fem. n. *Thermomonas*, An existing genus; *Aliithermomonas*: A genus related to but distinct from the existing genus Thermomonas of other.

Aliithermomonospora

L. masc. adjective *alius*, other; L. fem. n. *Thermomonospora*, An existing genus; *Aliithermomonospora*: A genus related to but distinct from the existing genus Thermomonospora of other.

Aliithermonema

L. masc. adjective *alius*, other; L. neut. n. *Thermonema*, An existing genus; *Aliithermonema*: A genus related to but distinct from the existing genus Thermonema of other.

Aliithermophagus

L. masc. adjective *alius*, other; L. masc. n. *Thermophagus*, An existing genus; *Aliithermophagus*: A genus related to but distinct from the existing genus Thermophagus of other.

Aliithermoplasma

L. masc. adjective *alius*, other; L. neut. n. *Thermoplasma*, An existing genus; *Aliithermoplasma*: A genus related to but distinct from the existing genus Thermoplasma of other.

Aliithermopolyspora

L. masc. adjective *alius*, other; L. fem. n. *Thermopolyspora*, An existing genus; *Aliithermopolyspora*: A genus related to but distinct from the existing genus Thermopolyspora of other.

Aliithermoproteus

L. masc. adjective *alius*, other; L. masc. n. *Thermoproteus*, An existing genus; *Aliithermoproteus*: A genus related to but distinct from the existing genus Thermoproteus of other.

Aliithermorudis

L. masc. adjective *alius*, other; L. fem. n. *Thermorudis*, An existing genus; *Aliithermorudis*: A genus related to but distinct from the existing genus Thermorudis of other.

Aliithermosediminibacter

L. masc. adjective *alius*, other; L. masc. n. *Thermosediminibacter*, An existing genus; *Aliithermosediminibacter*: A genus related to but distinct from the existing genus Thermosediminibacter of other.

Aliithermosinus

L. masc. adjective *alius*, other; L. masc. n. *Thermosinus*, An existing genus; *Aliithermosinus*: A genus related to but distinct from the existing genus Thermosinus of other.

Aliithermosipho

L. masc. adjective *alius*, other; L. masc. n. *Thermosipho*, An existing genus; *Aliithermosipho*: A genus related to but distinct from the existing genus Thermosipho of other.

Aliithermosphaera

L. masc. adjective *alius*, other; L. fem. n. *Thermosphaera*, An existing genus; *Aliithermosphaera*: A genus related to but distinct from the existing genus Thermosphaera of other.

Aliithermosporothrix

L. masc. adjective *alius*, other; L. fem. n. *Thermosporothrix*, An existing genus; *Aliithermosporothrix*: A genus related to but distinct from the existing genus Thermosporothrix of other.

Aliithermostaphylospora

L. masc. adjective *alius*, other; L. fem. n. *Thermostaphylospora*, An existing genus; *Aliithermostaphylospora*: A genus related to but distinct from the existing genus Thermostaphylospora of other.

Aliithermostilla

L. masc. adjective *alius*, other; L. fem. n. *Thermostilla*, An existing genus; *Aliithermostilla*: A genus related to but distinct from the existing genus Thermostilla of other.

Aliithermosulfidibacter

L. masc. adjective *alius*, other; L. masc. n. *Thermosulfidibacter*, An existing genus; *Aliithermosulfidibacter*: A genus related to but distinct from the existing genus Thermosulfidibacter of other.

Aliithermosulfurimonas

L. masc. adjective *alius*, other; L. fem. n. *Thermosulfurimonas*, An existing genus; *Aliithermosulfurimonas*: A genus related to but distinct from the existing genus Thermosulfurimonas of other.

Aliithermosulfuriphilus

L. masc. adjective *alius*, other; L. masc. n. *Thermosulfuriphilus*, An existing genus; *Aliithermosulfuriphilus*: A genus related to but distinct from the existing genus Thermosulfuriphilus of other.

Aliithermosyntropha

L. masc. adjective *alius*, other; L. fem. n. *Thermosyntropha*, An existing genus; *Aliithermosyntropha*: A genus related to but distinct from the existing genus Thermosyntropha of other.

Aliithermotalea

L. masc. adjective *alius*, other; L. fem. n. *Thermotalea*, An existing genus; *Aliithermotalea*: A genus related to but distinct from the existing genus Thermotalea of other.

Aliithermoterrabacterium

L. masc. adjective *alius*, other; L. neut. n. *Thermoterrabacterium*, An existing genus; *Aliithermoterrabacterium*: A genus related to but distinct from the existing genus Thermoterrabacterium of other.

Aliithermotoga

L. masc. adjective *alius*, other; L. fem. n. *Thermotoga*, An existing genus; *Aliithermotoga*: A genus related to but distinct from the existing genus Thermotoga of other.

Aliithermotomaculum

L. masc. adjective *alius*, other; L. neut. n. *Thermotomaculum*, An existing genus; *Aliithermotomaculum*: A genus related to but distinct from the existing genus Thermotomaculum of other.

Aliithermotunica

L. masc. adjective *alius*, other; L. fem. n. *Thermotunica*, An existing genus; *Aliithermotunica*: A genus related to but distinct from the existing genus Thermotunica of other.

Aliithermovenabulum

L. masc. adjective *alius*, other; L. neut. n. *Thermovenabulum*, An existing genus; *Aliithermovenabulum*: A genus related to but distinct from the existing genus Thermovenabulum of other.

Aliithermovibrio

L. masc. adjective *alius*, other; L. masc. n. *Thermovibrio*, An existing genus; *Aliithermovibrio*: A genus related to but distinct from the existing genus Thermovibrio of other.

Aliithermovirga

L. masc. adjective *alius*, other; L. fem. n. *Thermovirga*, An existing genus; *Aliithermovirga*: A genus related to but distinct from the existing genus Thermovirga of other.

Aliithermovorax

L. masc. adjective *alius*, other; L. masc. n. *Thermovorax*, An existing genus; *Aliithermovorax*: A genus related to but distinct from the existing genus Thermovorax of other.

Aliithermovum

L. masc. adjective *alius*, other; L. neut. n. *Thermovum*, An existing genus; *Aliithermovum*: A genus related to but distinct from the existing genus Thermovum of other.

Aliithermus

L. masc. adjective *alius*, other; L. masc. n. *Thermus*, An existing genus; *Aliithermus*: A genus related to but distinct from the existing genus Thermus of other.

Aliithioalbus

L. masc. adjective *alius*, other; L. masc. n. *Thioalbus*, An existing genus; *Aliithioalbus*: A genus related to but distinct from the existing genus Thioalbus of other.

Aliithioalkalibacter

L. masc. adjective *alius*, other; L. masc. n. *Thioalkalibacter*, An existing genus; *Aliithioalkalibacter*: A genus related to but distinct from the existing genus Thioalkalibacter of other.

Aliithioalkalicoccus

L. masc. adjective *alius*, other; L. masc. n. *Thioalkalicoccus*, An existing genus; *Aliithioalkalicoccus*: A genus related to but distinct from the existing genus Thioalkalicoccus of other.

Aliithioalkalimicrobium

L. masc. adjective *alius*, other; L. neut. n. *Thioalkalimicrobium*, An existing genus; *Aliithioalkalimicrobium*: A genus related to but distinct from the existing genus Thioalkalimicrobium of other.

Aliithioalkalispira

L. masc. adjective *alius*, other; L. fem. n. *Thioalkalispira*, An existing genus; *Aliithioalkalispira*: A genus related to but distinct from the existing genus Thioalkalispira of other.

Aliithioalkalivibrio

L. masc. adjective *alius*, other; L. masc. n. *Thioalkalivibrio*, An existing genus; *Aliithioalkalivibrio*: A genus related to but distinct from the existing genus Thioalkalivibrio of other.

Aliithiobaca

L. masc. adjective *alius*, other; L. fem. n. *Thiobaca*, An existing genus; *Aliithiobaca*: A genus related to but distinct from the existing genus Thiobaca of other.

Aliithiobacillus

L. masc. adjective *alius*, other; L. masc. n. *Thiobacillus*, An existing genus; *Aliithiobacillus*: A genus related to but distinct from the existing genus Thiobacillus of other.

Aliithiobacimonas

L. masc. adjective *alius*, other; L. fem. n. *Thiobacimonas*, An existing genus; *Aliithiobacimonas*: A genus related to but distinct from the existing genus Thiobacimonas of other.

Aliithiobacterium

L. masc. adjective *alius*, other; L. neut. n. *Thiobacterium*, An existing genus; *Aliithiobacterium*: A genus related to but distinct from the existing genus Thiobacterium of other.

Aliithiocapsa

L. masc. adjective *alius*, other; L. fem. n. *Thiocapsa*, An existing genus; *Aliithiocapsa*: A genus related to but distinct from the existing genus Thiocapsa of other.

Aliithioclava

L. masc. adjective *alius*, other; L. fem. n. *Thioclava*, An existing genus; *Aliithioclava*: A genus related to but distinct from the existing genus Thioclava of other.

Aliithiococcus

L. masc. adjective *alius*, other; L. masc. n. *Thiococcus*, An existing genus; *Aliithiococcus*: A genus related to but distinct from the existing genus Thiococcus of other.

Aliithiocystis

L. masc. adjective *alius*, other; L. fem. n. *Thiocystis*, An existing genus; *Aliithiocystis*: A genus related to but distinct from the existing genus Thiocystis of other.

Aliithiodictyon

L. masc. adjective *alius*, other; L. neut. n. *Thiodictyon*, An existing genus; *Aliithiodictyon*: A genus related to but distinct from the existing genus Thiodictyon of other.

Aliithiofaba

L. masc. adjective *alius*, other; L. fem. n. *Thiofaba*, An existing genus; *Aliithiofaba*: A genus related to but distinct from the existing genus Thiofaba of other.

Aliithiofilum

L. masc. adjective *alius*, other; L. neut. n. *Thiofilum*, An existing genus; *Aliithiofilum*: A genus related to but distinct from the existing genus Thiofilum of other.

Aliithioflavicoccus

L. masc. adjective *alius*, other; L. masc. n. *Thioflavicoccus*, An existing genus; *Aliithioflavicoccus*: A genus related to but distinct from the existing genus Thioflavicoccus of other.

Aliithioflexithrix

L. masc. adjective *alius*, other; L. fem. n. *Thioflexithrix*, An existing genus; *Aliithioflexithrix*: A genus related to but distinct from the existing genus Thioflexithrix of other.

Aliithiofractor

L. masc. adjective *alius*, other; L. masc. n. *Thiofractor*, An existing genus; *Aliithiofractor*: A genus related to but distinct from the existing genus Thiofractor of other.

Aliithiohalobacter

L. masc. adjective *alius*, other; L. masc. n. *Thiohalobacter*, An existing genus; *Aliithiohalobacter*: A genus related to but distinct from the existing genus Thiohalobacter of other.

Aliithiohalocapsa

L. masc. adjective *alius*, other; L. fem. n. *Thiohalocapsa*, An existing genus; *Aliithiohalocapsa*: A genus related to but distinct from the existing genus Thiohalocapsa of other.

Aliithiohalomonas

L. masc. adjective *alius*, other; L. fem. n. *Thiohalomonas*, An existing genus; *Aliithiohalomonas*: A genus related to but distinct from the existing genus Thiohalomonas of other.

Aliithiohalophilus

L. masc. adjective *alius*, other; L. masc. n. *Thiohalophilus*, An existing genus; *Aliithiohalophilus*: A genus related to but distinct from the existing genus Thiohalophilus of other.

Aliithiohalorhabdus

L. masc. adjective *alius*, other; L. fem. n. *Thiohalorhabdus*, An existing genus; *Aliithiohalorhabdus*: A genus related to but distinct from the existing genus Thiohalorhabdus of other.

Aliithiohalospira

L. masc. adjective *alius*, other; L. fem. n. *Thiohalospira*, An existing genus; *Aliithiohalospira*: A genus related to but distinct from the existing genus Thiohalospira of other.

Aliithiolamprovum

L. masc. adjective *alius*, other; L. neut. n. *Thiolamprovum*, An existing genus; *Aliithiolamprovum*: A genus related to but distinct from the existing genus Thiolamprovum of other.

Aliithiolapillus

L. masc. adjective *alius*, other; L. masc. n. *Thiolapillus*, An existing genus; *Aliithiolapillus*: A genus related to but distinct from the existing genus Thiolapillus of other.

Aliithiolinea

L. masc. adjective *alius*, other; L. fem. n. *Thiolinea*, An existing genus; *Aliithiolinea*: A genus related to but distinct from the existing genus Thiolinea of other.

Aliithiomargarita

L. masc. adjective *alius*, other; L. fem. n. *Thiomargarita*, An existing genus; *Aliithiomargarita*: A genus related to but distinct from the existing genus Thiomargarita of other.

Aliithiomicrorhabdus

L. masc. adjective *alius*, other; L. fem. n. *Thiomicrorhabdus*, An existing genus; *Aliithiomicrorhabdus*: A genus related to but distinct from the existing genus Thiomicrorhabdus of other.

Aliithiomicrospira

L. masc. adjective *alius*, other; L. fem. n. *Thiomicrospira*, An existing genus; *Aliithiomicrospira*: A genus related to but distinct from the existing genus Thiomicrospira of other.

Aliithiomonas

L. masc. adjective *alius*, other; L. fem. n. *Thiomonas*, An existing genus; *Aliithiomonas*: A genus related to but distinct from the existing genus Thiomonas of other.

Aliithiopedia

L. masc. adjective *alius*, other; L. fem. n. *Thiopedia*, An existing genus; *Aliithiopedia*: A genus related to but distinct from the existing genus Thiopedia of other.

Aliithiophaeococcus

L. masc. adjective *alius*, other; L. masc. n. *Thiophaeococcus*, An existing genus; *Aliithiophaeococcus*: A genus related to but distinct from the existing genus Thiophaeococcus of other.

Aliithioploca

L. masc. adjective *alius*, other; L. fem. n. *Thioploca*, An existing genus; *Aliithioploca*: A genus related to but distinct from the existing genus Thioploca of other.

Aliithioprofundum

L. masc. adjective *alius*, other; L. neut. n. *Thioprofundum*, An existing genus; *Aliithioprofundum*: A genus related to but distinct from the existing genus Thioprofundum of other.

Aliithiopseudomonas

L. masc. adjective *alius*, other; L. fem. n. *Thiopseudomonas*, An existing genus; *Aliithiopseudomonas*: A genus related to but distinct from the existing genus Thiopseudomonas of other.

Aliithioreductor

L. masc. adjective *alius*, other; L. masc. n. *Thioreductor*, An existing genus; *Aliithioreductor*: A genus related to but distinct from the existing genus Thioreductor of other.

Aliithiorhodococcus

L. masc. adjective *alius*, other; L. masc. n. *Thiorhodococcus*, An existing genus; *Aliithiorhodococcus*: A genus related to but distinct from the existing genus Thiorhodococcus of other.

Aliithiorhodospira

L. masc. adjective *alius*, other; L. fem. n. *Thiorhodospira*, An existing genus; *Aliithiorhodospira*: A genus related to but distinct from the existing genus Thiorhodospira of other.

Aliithiorhodovibrio

L. masc. adjective *alius*, other; L. masc. n. *Thiorhodovibrio*, An existing genus; *Aliithiorhodovibrio*: A genus related to but distinct from the existing genus Thiorhodovibrio of other.

Aliithiosocius

L. masc. adjective *alius*, other; L. masc. n. *Thiosocius*, An existing genus; *Aliithiosocius*: A genus related to but distinct from the existing genus Thiosocius of other.

Aliithiosphaera

L. masc. adjective *alius*, other; L. fem. n. *Thiosphaera*, An existing genus; *Aliithiosphaera*: A genus related to but distinct from the existing genus Thiosphaera of other.

Aliithiospira

L. masc. adjective *alius*, other; L. fem. n. *Thiospira*, An existing genus; *Aliithiospira*: A genus related to but distinct from the existing genus Thiospira of other.

Aliithiospirillum

L. masc. adjective *alius*, other; L. neut. dim. n. *Thiospirillum*, An existing genus; *Aliithiospirillum*: A genus related to but distinct from the existing genus Thiospirillum of other.

Aliithiothrix

L. masc. adjective *alius*, other; L. fem. n. *Thiothrix*, An existing genus; *Aliithiothrix*: A genus related to but distinct from the existing genus Thiothrix of other.

Aliithiovulum

L. masc. adjective *alius*, other; L. neut. n. *Thiovulum*, An existing genus; *Aliithiovulum*: A genus related to but distinct from the existing genus Thiovulum of other.

Aliithorsellia

L. masc. adjective *alius*, other; L. fem. n. *Thorsellia*, An existing genus; *Aliithorsellia*: A genus related to but distinct from the existing genus Thorsellia of other.

Aliitianweitania

L. masc. adjective *alius*, other; L. fem. n. *Tianweitania*, An existing genus; *Aliitianweitania*: A genus related to but distinct from the existing genus Tianweitania of other.

Aliitibeticola

L. masc. adjective *alius*, other; L. masc. n. *Tibeticola*, An existing genus; *Aliitibeticola*: A genus related to but distinct from the existing genus Tibeticola of other.

Aliitildeniella

L. masc. adjective *alius*, other; L. fem. dim. n. *Tildeniella*, An existing genus; *Aliitildeniella*: A genus related to but distinct from the existing genus Tildeniella of other.

Aliitimaviella

L. masc. adjective *alius*, other; L. fem. n. *Timaviella*, An existing genus; *Aliitimaviella*: A genus related to but distinct from the existing genus Timaviella of other.

Aliitimonella

L. masc. adjective *alius*, other; L. fem. dim. n. *Timonella*, An existing genus; *Aliitimonella*: A genus related to but distinct from the existing genus Timonella of other.

Aliitindallia

L. masc. adjective *alius*, other; L. fem. n. *Tindallia*, An existing genus; *Aliitindallia*: A genus related to but distinct from the existing genus Tindallia of other.

Aliitissierella

L. masc. adjective *alius*, other; L. fem. dim. n. *Tissierella*, An existing genus; *Aliitissierella*: A genus related to but distinct from the existing genus Tissierella of other.

Aliitistlia

L. masc. adjective *alius*, other; L. fem. n. *Tistlia*, An existing genus; *Aliitistlia*: A genus related to but distinct from the existing genus Tistlia of other.

Aliitistrella

L. masc. adjective *alius*, other; L. fem. dim. n. *Tistrella*, An existing genus; *Aliitistrella*: A genus related to but distinct from the existing genus Tistrella of other.

Aliititanospirillum

L. masc. adjective *alius*, other; L. neut. dim. n. *Titanospirillum*, An existing genus; *Aliititanospirillum*: A genus related to but distinct from the existing genus Titanospirillum of other.

Aliitolumonas

L. masc. adjective *alius*, other; L. fem. n. *Tolumonas*, An existing genus; *Aliitolumonas*: A genus related to but distinct from the existing genus Tolumonas of other.

Aliitomitella

L. masc. adjective *alius*, other; L. fem. dim. n. *Tomitella*, An existing genus; *Aliitomitella*: A genus related to but distinct from the existing genus Tomitella of other.

Aliitonsilliphilus

L. masc. adjective *alius*, other; L. masc. n. *Tonsilliphilus*, An existing genus; *Aliitonsilliphilus*: A genus related to but distinct from the existing genus Tonsilliphilus of other.

Aliitoxifilum

L. masc. adjective *alius*, other; L. neut. n. *Toxifilum*, An existing genus; *Aliitoxifilum*: A genus related to but distinct from the existing genus Toxifilum of other.

Aliitoxopsis

L. masc. adjective *alius*, other; L. fem. n. *Toxopsis*, An existing genus; *Aliitoxopsis*: A genus related to but distinct from the existing genus Toxopsis of other.

Aliitoxothrix

L. masc. adjective *alius*, other; L. fem. n. *Toxothrix*, An existing genus; *Aliitoxothrix*: A genus related to but distinct from the existing genus Toxothrix of other.

Aliitrabulsiella

L. masc. adjective *alius*, other; L. fem. dim. n. *Trabulsiella*, An existing genus; *Aliitrabulsiella*: A genus related to but distinct from the existing genus Trabulsiella of other.

Aliitranquillimonas

L. masc. adjective *alius*, other; L. fem. n. *Tranquillimonas*, An existing genus; *Aliitranquillimonas*: A genus related to but distinct from the existing genus Tranquillimonas of other.

Aliitraorella

L. masc. adjective *alius*, other; L. fem. dim. n. *Traorella*, An existing genus; *Aliitraorella*: A genus related to but distinct from the existing genus Traorella of other.

Aliitreponema

L. masc. adjective *alius*, other; L. neut. n. *Treponema*, An existing genus; *Aliitreponema*: A genus related to but distinct from the existing genus Treponema of other.

Aliitrichlorobacter

L. masc. adjective *alius*, other; L. masc. n. *Trichlorobacter*, An existing genus; *Aliitrichlorobacter*: A genus related to but distinct from the existing genus Trichlorobacter of other.

Aliitrichococcus

L. masc. adjective *alius*, other; L. masc. n. *Trichococcus*, An existing genus; *Aliitrichococcus*: A genus related to but distinct from the existing genus Trichococcus of other.

Aliitrinickia

L. masc. adjective *alius*, other; L. fem. n. *Trinickia*, An existing genus; *Aliitrinickia*: A genus related to but distinct from the existing genus Trinickia of other.

Aliitritonibacter

L. masc. adjective *alius*, other; L. masc. n. *Tritonibacter*, An existing genus; *Aliitritonibacter*: A genus related to but distinct from the existing genus Tritonibacter of other.

Aliitropheryma

L. masc. adjective *alius*, other; L. neut. n. *Tropheryma*, An existing genus; *Aliitropheryma*: A genus related to but distinct from the existing genus Tropheryma of other.

Aliitropicibacter

L. masc. adjective *alius*, other; L. masc. n. *Tropicibacter*, An existing genus; *Aliitropicibacter*: A genus related to but distinct from the existing genus Tropicibacter of other.

Aliitropicihabitans

L. masc. adjective *alius*, other; L. masc. n. *Tropicihabitans*, An existing genus; *Aliitropicihabitans*: A genus related to but distinct from the existing genus Tropicihabitans of other.

Aliitropicimonas

L. masc. adjective *alius*, other; L. fem. n. *Tropicimonas*, An existing genus; *Aliitropicimonas*: A genus related to but distinct from the existing genus Tropicimonas of other.

Aliitruepera

L. masc. adjective *alius*, other; L. fem. n. *Truepera*, An existing genus; *Aliitruepera*: A genus related to but distinct from the existing genus Truepera of other.

Aliitrueperella

L. masc. adjective *alius*, other; L. fem. dim. n. *Trueperella*, An existing genus; *Aliitrueperella*: A genus related to but distinct from the existing genus Trueperella of other.

Aliitsukamurella

L. masc. adjective *alius*, other; L. fem. dim. n. *Tsukamurella*, An existing genus; *Aliitsukamurella*: A genus related to but distinct from the existing genus Tsukamurella of other.

Aliituberibacillus

L. masc. adjective *alius*, other; L. masc. n. *Tuberibacillus*, An existing genus; *Aliituberibacillus*: A genus related to but distinct from the existing genus Tuberibacillus of other.

Aliitullyiplasma

L. masc. adjective *alius*, other; L. neut. n. *Tullyiplasma*, An existing genus; *Aliitullyiplasma*: A genus related to but distinct from the existing genus Tullyiplasma of other.

Aliitumebacillus

L. masc. adjective *alius*, other; L. masc. n. *Tumebacillus*, An existing genus; *Aliitumebacillus*: A genus related to but distinct from the existing genus Tumebacillus of other.

Aliitundrisphaera

L. masc. adjective *alius*, other; L. fem. n. *Tundrisphaera*, An existing genus; *Aliitundrisphaera*: A genus related to but distinct from the existing genus Tundrisphaera of other.

Aliitunicatimonas

L. masc. adjective *alius*, other; L. fem. n. *Tunicatimonas*, An existing genus; *Aliitunicatimonas*: A genus related to but distinct from the existing genus Tunicatimonas of other.

Aliituricella

L. masc. adjective *alius*, other; L. fem. dim. n. *Turicella*, An existing genus; *Aliituricella*: A genus related to but distinct from the existing genus Turicella of other.

Aliituricibacter

L. masc. adjective *alius*, other; L. masc. n. *Turicibacter*, An existing genus; *Aliituricibacter*: A genus related to but distinct from the existing genus Turicibacter of other.

Aliituricimonas

L. masc. adjective *alius*, other; L. fem. n. *Turicimonas*, An existing genus; *Aliituricimonas*: A genus related to but distinct from the existing genus Turicimonas of other.

Aliiturneriella

L. masc. adjective *alius*, other; L. fem. dim. n. *Turneriella*, An existing genus; *Aliiturneriella*: A genus related to but distinct from the existing genus Turneriella of other.

Aliituwongella

L. masc. adjective *alius*, other; L. fem. dim. n. *Tuwongella*, An existing genus; *Aliituwongella*: A genus related to but distinct from the existing genus Tuwongella of other.

Aliiuliginosibacterium

L. masc. adjective *alius*, other; L. neut. n. *Uliginosibacterium*, An existing genus; *Aliiuliginosibacterium*: A genus related to but distinct from the existing genus Uliginosibacterium of other.

Aliiulvibacter

L. masc. adjective *alius*, other; L. masc. n. *Ulvibacter*, An existing genus; *Aliiulvibacter*: A genus related to but distinct from the existing genus Ulvibacter of other.

Aliiulvibacterium

L. masc. adjective *alius*, other; L. neut. n. *Ulvibacterium*, An existing genus; *Aliiulvibacterium*: A genus related to but distinct from the existing genus Ulvibacterium of other.

Aliiumboniibacter

L. masc. adjective *alius*, other; L. masc. n. *Umboniibacter*, An existing genus; *Aliiumboniibacter*: A genus related to but distinct from the existing genus Umboniibacter of other.

Aliiumezawaea

L. masc. adjective *alius*, other; L. fem. n. *Umezawaea*, An existing genus; *Aliiumezawaea*: A genus related to but distinct from the existing genus Umezawaea of other.

Aliiundibacterium

L. masc. adjective *alius*, other; L. neut. n. *Undibacterium*, An existing genus; *Aliiundibacterium*: A genus related to but distinct from the existing genus Undibacterium of other.

Aliiureaplasma

L. masc. adjective *alius*, other; L. neut. n. *Ureaplasma*, An existing genus; *Aliiureaplasma*: A genus related to but distinct from the existing genus Ureaplasma of other.

Aliiurechidicola

L. masc. adjective *alius*, other; L. masc. n. *Urechidicola*, An existing genus; *Aliiurechidicola*: A genus related to but distinct from the existing genus Urechidicola of other.

Aliiureibacillus

L. masc. adjective *alius*, other; L. masc. n. *Ureibacillus*, An existing genus; *Aliiureibacillus*: A genus related to but distinct from the existing genus Ureibacillus of other.

Aliiurmitella

L. masc. adjective *alius*, other; L. fem. dim. n. *Urmitella*, An existing genus; *Aliiurmitella*: A genus related to but distinct from the existing genus Urmitella of other.

Aliiursidibacter

L. masc. adjective *alius*, other; L. masc. n. *Ursidibacter*, An existing genus; *Aliiursidibacter*: A genus related to but distinct from the existing genus Ursidibacter of other.

Aliiuruburuella

L. masc. adjective *alius*, other; L. fem. dim. n. *Uruburuella*, An existing genus; *Aliiuruburuella*: A genus related to but distinct from the existing genus Uruburuella of other.

Aliivadicella

L. masc. adjective *alius*, other; L. fem. n. *Vadicella*, An existing genus; *Aliivadicella*: A genus related to but distinct from the existing genus Vadicella of other.

Aliivaginella

L. masc. adjective *alius*, other; L. fem. dim. n. *Vaginella*, An existing genus; *Aliivaginella*: A genus related to but distinct from the existing genus Vaginella of other.

Aliivaginimicrobium

L. masc. adjective *alius*, other; L. neut. n. *Vaginimicrobium*, An existing genus; *Aliivaginimicrobium*: A genus related to but distinct from the existing genus Vaginimicrobium of other.

Aliivaginisenegalia

L. masc. adjective *alius*, other; L. fem. n. *Vaginisenegalia*, An existing genus; *Aliivaginisenegalia*: A genus related to but distinct from the existing genus Vaginisenegalia of other.

Aliivagococcus

L. masc. adjective *alius*, other; L. masc. n. *Vagococcus*, An existing genus; *Aliivagococcus*: A genus related to but distinct from the existing genus Vagococcus of other.

Aliivallitalea

L. masc. adjective *alius*, other; L. fem. n. *Vallitalea*, An existing genus; *Aliivallitalea*: A genus related to but distinct from the existing genus Vallitalea of other.

Aliivampirovibrio

L. masc. adjective *alius*, other; L. masc. n. *Vampirovibrio*, An existing genus; *Aliivampirovibrio*: A genus related to but distinct from the existing genus Vampirovibrio of other.

Aliivaribaculum

L. masc. adjective *alius*, other; L. neut. n. *Varibaculum*, An existing genus; *Aliivaribaculum*: A genus related to but distinct from the existing genus Varibaculum of other.

Aliivariovorax

L. masc. adjective *alius*, other; L. masc. n. *Variovorax*, An existing genus; *Aliivariovorax*: A genus related to but distinct from the existing genus Variovorax of other.

Aliivarunaivibrio

L. masc. adjective *alius*, other; L. masc. n. *Varunaivibrio*, An existing genus; *Aliivarunaivibrio*: A genus related to but distinct from the existing genus Varunaivibrio of other.

Aliivasilyevaea

L. masc. adjective *alius*, other; L. fem. n. *Vasilyevaea*, An existing genus; *Aliivasilyevaea*: A genus related to but distinct from the existing genus Vasilyevaea of other.

Aliiveillonella

L. masc. adjective *alius*, other; L. fem. dim. n. *Veillonella*, An existing genus; *Aliiveillonella*: A genus related to but distinct from the existing genus Veillonella of other.

Aliivenenivibrio

L. masc. adjective *alius*, other; L. masc. n. *Venenivibrio*, An existing genus; *Aliivenenivibrio*: A genus related to but distinct from the existing genus Venenivibrio of other.

Aliiventosimonas

L. masc. adjective *alius*, other; L. fem. n. *Ventosimonas*, An existing genus; *Aliiventosimonas*: A genus related to but distinct from the existing genus Ventosimonas of other.

Aliiverminephrobacter

L. masc. adjective *alius*, other; L. masc. n. *Verminephrobacter*, An existing genus; *Aliiverminephrobacter*: A genus related to but distinct from the existing genus Verminephrobacter of other.

Aliiverrucomicrobium

L. masc. adjective *alius*, other; L. neut. n. *Verrucomicrobium*, An existing genus; *Aliiverrucomicrobium*: A genus related to but distinct from the existing genus Verrucomicrobium of other.

Aliiverrucosispora

L. masc. adjective *alius*, other; L. fem. n. *Verrucosispora*, An existing genus; *Aliiverrucosispora*: A genus related to but distinct from the existing genus Verrucosispora of other.

Aliiverticia

L. masc. adjective *alius*, other; L. fem. n. *Verticia*, An existing genus; *Aliiverticia*: A genus related to but distinct from the existing genus Verticia of other.

Aliiverticiella

L. masc. adjective *alius*, other; L. fem. dim. n. *Verticiella*, An existing genus; *Aliiverticiella*: A genus related to but distinct from the existing genus Verticiella of other.

Aliivespertiliibacter

L. masc. adjective *alius*, other; L. masc. n. *Vespertiliibacter*, An existing genus; *Aliivespertiliibacter*: A genus related to but distinct from the existing genus Vespertiliibacter of other.

Aliivibrio

L. masc. adjective *alius*, other; L. masc. n. *Vibrio*, An existing genus; *Aliivibrio*: A genus related to but distinct from the existing genus Vibrio of other.

Aliivibrionimonas

L. masc. adjective *alius*, other; L. fem. n. *Vibrionimonas*, An existing genus; *Aliivibrionimonas*: A genus related to but distinct from the existing genus Vibrionimonas of other.

Aliivicinamibacter

L. masc. adjective *alius*, other; L. masc. n. *Vicinamibacter*, An existing genus; *Aliivicinamibacter*: A genus related to but distinct from the existing genus Vicinamibacter of other.

Aliivicingus

L. masc. adjective *alius*, other; L. masc. n. *Vicingus*, An existing genus; *Aliivicingus*: A genus related to but distinct from the existing genus Vicingus of other.

Aliivictivallis

L. masc. adjective *alius*, other; L. fem. n. *Victivallis*, An existing genus; *Aliivictivallis*: A genus related to but distinct from the existing genus Victivallis of other.

Aliivirgibacillus

L. masc. adjective *alius*, other; L. masc. n. *Virgibacillus*, An existing genus; *Aliivirgibacillus*: A genus related to but distinct from the existing genus Virgibacillus of other.

Aliiviridibacillus

L. masc. adjective *alius*, other; L. masc. n. *Viridibacillus*, An existing genus; *Aliiviridibacillus*: A genus related to but distinct from the existing genus Viridibacillus of other.

Aliiviridibacterium

L. masc. adjective *alius*, other; L. neut. n. *Viridibacterium*, An existing genus; *Aliiviridibacterium*: A genus related to but distinct from the existing genus Viridibacterium of other.

Aliivitellibacter

L. masc. adjective *alius*, other; L. masc. n. *Vitellibacter*, An existing genus; *Aliivitellibacter*: A genus related to but distinct from the existing genus Vitellibacter of other.

Aliivitiosangium

L. masc. adjective *alius*, other; L. neut. n. *Vitiosangium*, An existing genus; *Aliivitiosangium*: A genus related to but distinct from the existing genus Vitiosangium of other.

Aliivitreoscilla

L. masc. adjective *alius*, other; L. fem. n. *Vitreoscilla*, An existing genus; *Aliivitreoscilla*: A genus related to but distinct from the existing genus Vitreoscilla of other.

Aliivogesella

L. masc. adjective *alius*, other; L. fem. dim. n. *Vogesella*, An existing genus; *Aliivogesella*: A genus related to but distinct from the existing genus Vogesella of other.

Aliivolcaniella

L. masc. adjective *alius*, other; L. fem. dim. n. *Volcaniella*, An existing genus; *Aliivolcaniella*: A genus related to but distinct from the existing genus Volcaniella of other.

Aliivolucribacter

L. masc. adjective *alius*, other; L. masc. n. *Volucribacter*, An existing genus; *Aliivolucribacter*: A genus related to but distinct from the existing genus Volucribacter of other.

Aliivulcanibacillus

L. masc. adjective *alius*, other; L. masc. n. *Vulcanibacillus*, An existing genus; *Aliivulcanibacillus*: A genus related to but distinct from the existing genus Vulcanibacillus of other.

Aliivulcaniibacterium

L. masc. adjective *alius*, other; L. neut. n. *Vulcaniibacterium*, An existing genus; *Aliivulcaniibacterium*: A genus related to but distinct from the existing genus Vulcaniibacterium of other.

Aliivulcanithermus

L. masc. adjective *alius*, other; L. masc. n. *Vulcanithermus*, An existing genus; *Aliivulcanithermus*: A genus related to but distinct from the existing genus Vulcanithermus of other.

Aliivulgatibacter

L. masc. adjective *alius*, other; L. masc. n. *Vulgatibacter*, An existing genus; *Aliivulgatibacter*: A genus related to but distinct from the existing genus Vulgatibacter of other.

Aliiwaddlia

L. masc. adjective *alius*, other; L. fem. n. *Waddlia*, An existing genus; *Aliiwaddlia*: A genus related to but distinct from the existing genus Waddlia of other.

Aliiwandonia

L. masc. adjective *alius*, other; L. fem. n. *Wandonia*, An existing genus; *Aliiwandonia*: A genus related to but distinct from the existing genus Wandonia of other.

Aliiwangella

L. masc. adjective *alius*, other; L. fem. dim. n. *Wangella*, An existing genus; *Aliiwangella*: A genus related to but distinct from the existing genus Wangella of other.

Aliiwautersia

L. masc. adjective *alius*, other; L. fem. n. *Wautersia*, An existing genus; *Aliiwautersia*: A genus related to but distinct from the existing genus Wautersia of other.

Aliiwautersiella

L. masc. adjective *alius*, other; L. fem. dim. n. *Wautersiella*, An existing genus; *Aliiwautersiella*: A genus related to but distinct from the existing genus Wautersiella of other.

Aliiweeksella

L. masc. adjective *alius*, other; L. fem. dim. n. *Weeksella*, An existing genus; *Aliiweeksella*: A genus related to but distinct from the existing genus Weeksella of other.

Aliiweissella

L. masc. adjective *alius*, other; L. fem. dim. n. *Weissella*, An existing genus; *Aliiweissella*: A genus related to but distinct from the existing genus Weissella of other.

Aliiwenxinia

L. masc. adjective *alius*, other; L. fem. n. *Wenxinia*, An existing genus; *Aliiwenxinia*: A genus related to but distinct from the existing genus Wenxinia of other.

Aliiwenyingzhuangia

L. masc. adjective *alius*, other; L. fem. n. *Wenyingzhuangia*, An existing genus; *Aliiwenyingzhuangia*: A genus related to but distinct from the existing genus Wenyingzhuangia of other.

Aliiwenzhouxiangella

L. masc. adjective *alius*, other; L. fem. dim. n. *Wenzhouxiangella*, An existing genus; *Aliiwenzhouxiangella*: A genus related to but distinct from the existing genus Wenzhouxiangella of other.

Aliiwestiellopsis

L. masc. adjective *alius*, other; L. fem. n. *Westiellopsis*, An existing genus; *Aliiwestiellopsis*: A genus related to but distinct from the existing genus Westiellopsis of other.

Aliiwigglesworthia

L. masc. adjective *alius*, other; L. fem. n. *Wigglesworthia*, An existing genus; *Aliiwigglesworthia*: A genus related to but distinct from the existing genus Wigglesworthia of other.

Aliiwilliamsia

L. masc. adjective *alius*, other; L. fem. n. *Williamsia*, An existing genus; *Aliiwilliamsia*: A genus related to but distinct from the existing genus Williamsia of other.

Aliiwilliamsoniiplasma

L. masc. adjective *alius*, other; L. neut. n. *Williamsoniiplasma*, An existing genus; *Aliiwilliamsoniiplasma*: A genus related to but distinct from the existing genus Williamsoniiplasma of other.

Aliiwilliamwhitmania

L. masc. adjective *alius*, other; L. fem. n. *Williamwhitmania*, An existing genus; *Aliiwilliamwhitmania*: A genus related to but distinct from the existing genus Williamwhitmania of other.

Aliiwinkia

L. masc. adjective *alius*, other; L. fem. n. *Winkia*, An existing genus; *Aliiwinkia*: A genus related to but distinct from the existing genus Winkia of other.

Aliiwinogradskyella

L. masc. adjective *alius*, other; L. fem. dim. n. *Winogradskyella*, An existing genus; *Aliiwinogradskyella*: A genus related to but distinct from the existing genus Winogradskyella of other.

Aliiwoeseia

L. masc. adjective *alius*, other; L. fem. n. *Woeseia*, An existing genus; *Aliiwoeseia*: A genus related to but distinct from the existing genus Woeseia of other.

Aliiwohlfahrtiimonas

L. masc. adjective *alius*, other; L. fem. n. *Wohlfahrtiimonas*, An existing genus; *Aliiwohlfahrtiimonas*: A genus related to but distinct from the existing genus Wohlfahrtiimonas of other.

Aliiwolbachia

L. masc. adjective *alius*, other; L. fem. n. *Wolbachia*, An existing genus; *Aliiwolbachia*: A genus related to but distinct from the existing genus Wolbachia of other.

Aliiwolinella

L. masc. adjective *alius*, other; L. fem. dim. n. *Wolinella*, An existing genus; *Aliiwolinella*: A genus related to but distinct from the existing genus Wolinella of other.

Aliiwolskyella

L. masc. adjective *alius*, other; L. fem. dim. n. *Wolskyella*, An existing genus; *Aliiwolskyella*: A genus related to but distinct from the existing genus Wolskyella of other.

Aliiwoodsholea

L. masc. adjective *alius*, other; L. fem. n. *Woodsholea*, An existing genus; *Aliiwoodsholea*: A genus related to but distinct from the existing genus Woodsholea of other.

Aliiwukongibacter

L. masc. adjective *alius*, other; L. masc. n. *Wukongibacter*, An existing genus; *Aliiwukongibacter*: A genus related to but distinct from the existing genus Wukongibacter of other.

Aliixanthobacter

L. masc. adjective *alius*, other; L. masc. n. *Xanthobacter*, An existing genus; *Aliixanthobacter*: A genus related to but distinct from the existing genus Xanthobacter of other.

Aliixanthomarina

L. masc. adjective *alius*, other; L. fem. n. *Xanthomarina*, An existing genus; *Aliixanthomarina*: A genus related to but distinct from the existing genus Xanthomarina of other.

Aliixanthomonas

L. masc. adjective *alius*, other; L. fem. n. *Xanthomonas*, An existing genus; *Aliixanthomonas*: A genus related to but distinct from the existing genus Xanthomonas of other.

Aliixanthovirga

L. masc. adjective *alius*, other; L. fem. n. *Xanthovirga*, An existing genus; *Aliixanthovirga*: A genus related to but distinct from the existing genus Xanthovirga of other.

Aliixenophilus

L. masc. adjective *alius*, other; L. masc. n. *Xenophilus*, An existing genus; *Aliixenophilus*: A genus related to but distinct from the existing genus Xenophilus of other.

Aliixenorhabdus

L. masc. adjective *alius*, other; L. fem. n. *Xenorhabdus*, An existing genus; *Aliixenorhabdus*: A genus related to but distinct from the existing genus Xenorhabdus of other.

Aliixiangella

L. masc. adjective *alius*, other; L. fem. dim. n. *Xiangella*, An existing genus; *Aliixiangella*: A genus related to but distinct from the existing genus Xiangella of other.

Aliixinfangfangia

L. masc. adjective *alius*, other; L. fem. n. *Xinfangfangia*, An existing genus; *Aliixinfangfangia*: A genus related to but distinct from the existing genus Xinfangfangia of other.

Aliixuhuaishuia

L. masc. adjective *alius*, other; L. fem. n. *Xuhuaishuia*, An existing genus; *Aliixuhuaishuia*: A genus related to but distinct from the existing genus Xuhuaishuia of other.

Aliixylanibacillus

L. masc. adjective *alius*, other; L. masc. n. *Xylanibacillus*, An existing genus; *Aliixylanibacillus*: A genus related to but distinct from the existing genus Xylanibacillus of other.

Aliixylanibacter

L. masc. adjective *alius*, other; L. masc. n. *Xylanibacter*, An existing genus; *Aliixylanibacter*: A genus related to but distinct from the existing genus Xylanibacter of other.

Aliixylanibacterium

L. masc. adjective *alius*, other; L. neut. n. *Xylanibacterium*, An existing genus; *Aliixylanibacterium*: A genus related to but distinct from the existing genus Xylanibacterium of other.

Aliixylanimicrobium

L. masc. adjective *alius*, other; L. neut. n. *Xylanimicrobium*, An existing genus; *Aliixylanimicrobium*: A genus related to but distinct from the existing genus Xylanimicrobium of other.

Aliixylanimonas

L. masc. adjective *alius*, other; L. fem. n. *Xylanimonas*, An existing genus; *Aliixylanimonas*: A genus related to but distinct from the existing genus Xylanimonas of other.

Aliixylanivirga

L. masc. adjective *alius*, other; L. fem. n. *Xylanivirga*, An existing genus; *Aliixylanivirga*: A genus related to but distinct from the existing genus Xylanivirga of other.

Aliixylella

L. masc. adjective *alius*, other; L. fem. dim. n. *Xylella*, An existing genus; *Aliixylella*: A genus related to but distinct from the existing genus Xylella of other.

Aliixylophilus

L. masc. adjective *alius*, other; L. masc. n. *Xylophilus*, An existing genus; *Aliixylophilus*: A genus related to but distinct from the existing genus Xylophilus of other.

Aliiyangia

L. masc. adjective *alius*, other; L. fem. n. *Yangia*, An existing genus; *Aliiyangia*: A genus related to but distinct from the existing genus Yangia of other.

Aliiyania

L. masc. adjective *alius*, other; L. fem. n. *Yania*, An existing genus; *Aliiyania*: A genus related to but distinct from the existing genus Yania of other.

Aliiyaniella

L. masc. adjective *alius*, other; L. fem. dim. n. *Yaniella*, An existing genus; *Aliiyaniella*: A genus related to but distinct from the existing genus Yaniella of other.

Aliiyeosuana

L. masc. adjective *alius*, other; L. fem. n. *Yeosuana*, An existing genus; *Aliiyeosuana*: A genus related to but distinct from the existing genus Yeosuana of other.

Aliiyersinia

L. masc. adjective *alius*, other; L. fem. n. *Yersinia*, An existing genus; *Aliiyersinia*: A genus related to but distinct from the existing genus Yersinia of other.

Aliiyimella

L. masc. adjective *alius*, other; L. fem. dim. n. *Yimella*, An existing genus; *Aliiyimella*: A genus related to but distinct from the existing genus Yimella of other.

Aliiyinghuangia

L. masc. adjective *alius*, other; L. fem. n. *Yinghuangia*, An existing genus; *Aliiyinghuangia*: A genus related to but distinct from the existing genus Yinghuangia of other.

Aliiyokenella

L. masc. adjective *alius*, other; L. fem. dim. n. *Yokenella*, An existing genus; *Aliiyokenella*: A genus related to but distinct from the existing genus Yokenella of other.

Aliiyonedaella

L. masc. adjective *alius*, other; L. fem. dim. n. *Yonedaella*, An existing genus; *Aliiyonedaella*: A genus related to but distinct from the existing genus Yonedaella of other.

Aliiyonghaparkia

L. masc. adjective *alius*, other; L. fem. n. *Yonghaparkia*, An existing genus; *Aliiyonghaparkia*: A genus related to but distinct from the existing genus Yonghaparkia of other.

Aliiyoonia

L. masc. adjective *alius*, other; L. fem. n. *Yoonia*, An existing genus; *Aliiyoonia*: A genus related to but distinct from the existing genus Yoonia of other.

Aliiyouhaiella

L. masc. adjective *alius*, other; L. fem. dim. n. *Youhaiella*, An existing genus; *Aliiyouhaiella*: A genus related to but distinct from the existing genus Youhaiella of other.

Aliiyoungiibacter

L. masc. adjective *alius*, other; L. masc. n. *Youngiibacter*, An existing genus; *Aliiyoungiibacter*: A genus related to but distinct from the existing genus Youngiibacter of other.

Aliiyoungimonas

L. masc. adjective *alius*, other; L. fem. n. *Youngimonas*, An existing genus; *Aliiyoungimonas*: A genus related to but distinct from the existing genus Youngimonas of other.

Aliiyuhushiella

L. masc. adjective *alius*, other; L. fem. dim. n. *Yuhushiella*, An existing genus; *Aliiyuhushiella*: A genus related to but distinct from the existing genus Yuhushiella of other.

Aliizavarzinella

L. masc. adjective *alius*, other; L. fem. dim. n. *Zavarzinella*, An existing genus; *Aliizavarzinella*: A genus related to but distinct from the existing genus Zavarzinella of other.

Aliizavarzinia

L. masc. adjective *alius*, other; L. fem. n. *Zavarzinia*, An existing genus; *Aliizavarzinia*: A genus related to but distinct from the existing genus Zavarzinia of other.

Aliizeaxanthinibacter

L. masc. adjective *alius*, other; L. masc. n. *Zeaxanthinibacter*, An existing genus; *Aliizeaxanthinibacter*: A genus related to but distinct from the existing genus Zeaxanthinibacter of other.

Aliizehria

L. masc. adjective *alius*, other; L. fem. n. *Zehria*, An existing genus; *Aliizehria*: A genus related to but distinct from the existing genus Zehria of other.

Aliizestosphaera

L. masc. adjective *alius*, other; L. fem. n. *Zestosphaera*, An existing genus; *Aliizestosphaera*: A genus related to but distinct from the existing genus Zestosphaera of other.

Aliizhangella

L. masc. adjective *alius*, other; L. fem. dim. n. *Zhangella*, An existing genus; *Aliizhangella*: A genus related to but distinct from the existing genus Zhangella of other.

Aliizhaonella

L. masc. adjective *alius*, other; L. fem. dim. n. *Zhaonella*, An existing genus; *Aliizhaonella*: A genus related to but distinct from the existing genus Zhaonella of other.

Aliizhengella

L. masc. adjective *alius*, other; L. fem. dim. n. *Zhengella*, An existing genus; *Aliizhengella*: A genus related to but distinct from the existing genus Zhengella of other.

Aliizhihengliuella

L. masc. adjective *alius*, other; L. fem. dim. n. *Zhihengliuella*, An existing genus; *Aliizhihengliuella*: A genus related to but distinct from the existing genus Zhihengliuella of other.

Aliizhizhongheella

L. masc. adjective *alius*, other; L. fem. dim. n. *Zhizhongheella*, An existing genus; *Aliizhizhongheella*: A genus related to but distinct from the existing genus Zhizhongheella of other.

Aliizhongshania

L. masc. adjective *alius*, other; L. fem. n. *Zhongshania*, An existing genus; *Aliizhongshania*: A genus related to but distinct from the existing genus Zhongshania of other.

Aliizhouia

L. masc. adjective *alius*, other; L. fem. n. *Zhouia*, An existing genus; *Aliizhouia*: A genus related to but distinct from the existing genus Zhouia of other.

Aliizimmermannella

L. masc. adjective *alius*, other; L. fem. dim. n. *Zimmermannella*, An existing genus; *Aliizimmermannella*: A genus related to but distinct from the existing genus Zimmermannella of other.

Aliizobellella

L. masc. adjective *alius*, other; L. fem. dim. n. *Zobellella*, An existing genus; *Aliizobellella*: A genus related to but distinct from the existing genus Zobellella of other.

Aliizobellia

L. masc. adjective *alius*, other; L. fem. n. *Zobellia*, An existing genus; *Aliizobellia*: A genus related to but distinct from the existing genus Zobellia of other.

Aliizoogloea

L. masc. adjective *alius*, other; L. fem. n. *Zoogloea*, An existing genus; *Aliizoogloea*: A genus related to but distinct from the existing genus Zoogloea of other.

Aliizooshikella

L. masc. adjective *alius*, other; L. fem. dim. n. *Zooshikella*, An existing genus; *Aliizooshikella*: A genus related to but distinct from the existing genus Zooshikella of other.

Aliizunongwangia

L. masc. adjective *alius*, other; L. fem. n. *Zunongwangia*, An existing genus; *Aliizunongwangia*: A genus related to but distinct from the existing genus Zunongwangia of other.

Aliizymobacter

L. masc. adjective *alius*, other; L. masc. n. *Zymobacter*, An existing genus; *Aliizymobacter*: A genus related to but distinct from the existing genus Zymobacter of other.

Aliizymomonas

L. masc. adjective *alius*, other; L. fem. n. *Zymomonas*, An existing genus; *Aliizymomonas*: A genus related to but distinct from the existing genus Zymomonas of other.

Aliizymophilus

L. masc. adjective *alius*, other; L. masc. n. *Zymophilus*, An existing genus; *Aliizymophilus*: A genus related to but distinct from the existing genus Zymophilus of other.

Alloabditibacterium

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Abditibacterium*, An existing genus; *Alloabditibacterium*: A genus related to but distinct from the existing genus Abditibacterium of other.

Alloabiotrophia

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Abiotrophia*, An existing genus; *Alloabiotrophia*: A genus related to but distinct from the existing genus Abiotrophia of other.

Alloabsicoccus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Absicoccus*, An existing genus; *Alloabsicoccus*: A genus related to but distinct from the existing genus Absicoccus of other.

Alloabsiella

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. dim. n. *Absiella*, An existing genus; *Alloabsiella*: A genus related to but distinct from the existing genus Absiella of other.

Alloabyssibacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Abyssibacter*, An existing genus; *Alloabyssibacter*: A genus related to but distinct from the existing genus Abyssibacter of other.

Alloabyssicoccus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Abyssicoccus*, An existing genus; *Alloabyssicoccus*: A genus related to but distinct from the existing genus Abyssicoccus of other.

Alloabyssisolibacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Abyssisolibacter*, An existing genus; *Alloabyssisolibacter*: A genus related to but distinct from the existing genus Abyssisolibacter of other.

Alloabyssivirga

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Abyssivirga*, An existing genus; *Alloabyssivirga*: A genus related to but distinct from the existing genus Abyssivirga of other.

Alloacanthopleuribacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Acanthopleuribacter*, An existing genus; *Alloacanthopleuribacter*: A genus related to but distinct from the existing genus Acanthopleuribacter of other.

Alloacaricomes

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Acaricomes*, An existing genus; *Alloacaricomes*: A genus related to but distinct from the existing genus Acaricomes of other.

Alloacaryochloris

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Acaryochloris*, An existing genus; *Alloacaryochloris*: A genus related to but distinct from the existing genus Acaryochloris of other.

Alloacetanaerobacterium

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Acetanaerobacterium*, An existing genus; *Alloacetanaerobacterium*: A genus related to but distinct from the existing genus Acetanaerobacterium of other.

Alloacetatifactor

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Acetatifactor*, An existing genus; *Alloacetatifactor*: A genus related to but distinct from the existing genus Acetatifactor of other.

Alloacetilactobacillus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Acetilactobacillus*, An existing genus; *Alloacetilactobacillus*: A genus related to but distinct from the existing genus Acetilactobacillus of other.

Alloacetitomaculum

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Acetitomaculum*, An existing genus; *Alloacetitomaculum*: A genus related to but distinct from the existing genus Acetitomaculum of other.

Alloacetivibrio

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Acetivibrio*, An existing genus; *Alloacetivibrio*: A genus related to but distinct from the existing genus Acetivibrio of other.

Alloacetoanaerobium

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Acetoanaerobium*, An existing genus; *Alloacetoanaerobium*: A genus related to but distinct from the existing genus Acetoanaerobium of other.

Alloacetobacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Acetobacter*, An existing genus; *Alloacetobacter*: A genus related to but distinct from the existing genus Acetobacter of other.

Alloacetobacterium

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Acetobacterium*, An existing genus; *Alloacetobacterium*: A genus related to but distinct from the existing genus Acetobacterium of other.

Alloacetobacteroides

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Acetobacteroides*, An existing genus; *Alloacetobacteroides*: A genus related to but distinct from the existing genus Acetobacteroides of other.

Alloacetofilamentum

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Acetofilamentum*, An existing genus; *Alloacetofilamentum*: A genus related to but distinct from the existing genus Acetofilamentum of other.

Alloacetogenium

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Acetogenium*, An existing genus; *Alloacetogenium*: A genus related to but distinct from the existing genus Acetogenium of other.

Alloacetohalobium

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Acetohalobium*, An existing genus; *Alloacetohalobium*: A genus related to but distinct from the existing genus Acetohalobium of other.

Alloacetomicrobium

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Acetomicrobium*, An existing genus; *Alloacetomicrobium*: A genus related to but distinct from the existing genus Acetomicrobium of other.

Alloacetonema

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Acetonema*, An existing genus; *Alloacetonema*: A genus related to but distinct from the existing genus Acetonema of other.

Alloacetothermus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Acetothermus*, An existing genus; *Alloacetothermus*: A genus related to but distinct from the existing genus Acetothermus of other.

Alloacholeplasma

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Acholeplasma*, An existing genus; *Alloacholeplasma*: A genus related to but distinct from the existing genus Acholeplasma of other.

Alloachromatium

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Achromatium*, An existing genus; *Alloachromatium*: A genus related to but distinct from the existing genus Achromatium of other.

Alloachromobacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Achromobacter*, An existing genus; *Alloachromobacter*: A genus related to but distinct from the existing genus Achromobacter of other.

Alloacidaminobacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Acidaminobacter*, An existing genus; *Alloacidaminobacter*: A genus related to but distinct from the existing genus Acidaminobacter of other.

Alloacidaminococcus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Acidaminococcus*, An existing genus; *Alloacidaminococcus*: A genus related to but distinct from the existing genus Acidaminococcus of other.

Alloacidianus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Acidianus*, An existing genus; *Alloacidianus*: A genus related to but distinct from the existing genus Acidianus of other.

Alloacidibrevibacterium

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Acidibrevibacterium*, An existing genus; *Alloacidibrevibacterium*: A genus related to but distinct from the existing genus Acidibrevibacterium of other.

Alloacidicaldus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Acidicaldus*, An existing genus; *Alloacidicaldus*: A genus related to but distinct from the existing genus Acidicaldus of other.

Alloacidicapsa

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Acidicapsa*, An existing genus; *Alloacidicapsa*: A genus related to but distinct from the existing genus Acidicapsa of other.

Alloacidiferrimicrobium

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Acidiferrimicrobium*, An existing genus; *Alloacidiferrimicrobium*: A genus related to but distinct from the existing genus Acidiferrimicrobium of other.

Alloacidiferrobacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Acidiferrobacter*, An existing genus; *Alloacidiferrobacter*: A genus related to but distinct from the existing genus Acidiferrobacter of other.

Alloacidihalobacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Acidihalobacter*, An existing genus; *Alloacidihalobacter*: A genus related to but distinct from the existing genus Acidihalobacter of other.

Alloacidilobus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Acidilobus*, An existing genus; *Alloacidilobus*: A genus related to but distinct from the existing genus Acidilobus of other.

Alloacidimangrovimonas

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Acidimangrovimonas*, An existing genus; *Alloacidimangrovimonas*: A genus related to but distinct from the existing genus Acidimangrovimonas of other.

Alloacidimicrobium

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Acidimicrobium*, An existing genus; *Alloacidimicrobium*: A genus related to but distinct from the existing genus Acidimicrobium of other.

Alloacidiphilium

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Acidiphilium*, An existing genus; *Alloacidiphilium*: A genus related to but distinct from the existing genus Acidiphilium of other.

Alloacidiplasma

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Acidiplasma*, An existing genus; *Alloacidiplasma*: A genus related to but distinct from the existing genus Acidiplasma of other.

Alloacidipropionibacterium

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Acidipropionibacterium*, An existing genus; *Alloacidipropionibacterium*: A genus related to but distinct from the existing genus Acidipropionibacterium of other.

Alloacidisarcina

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Acidisarcina*, An existing genus; *Alloacidisarcina*: A genus related to but distinct from the existing genus Acidisarcina of other.

Alloacidisoma

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Acidisoma*, An existing genus; *Alloacidisoma*: A genus related to but distinct from the existing genus Acidisoma of other.

Alloacidisphaera

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Acidisphaera*, An existing genus; *Alloacidisphaera*: A genus related to but distinct from the existing genus Acidisphaera of other.

Alloacidithiobacillus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Acidithiobacillus*, An existing genus; *Alloacidithiobacillus*: A genus related to but distinct from the existing genus Acidithiobacillus of other.

Alloacidithrix

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Acidithrix*, An existing genus; *Alloacidithrix*: A genus related to but distinct from the existing genus Acidithrix of other.

Alloacidocella

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Acidocella*, An existing genus; *Alloacidocella*: A genus related to but distinct from the existing genus Acidocella of other.

Alloacidovorax

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Acidovorax*, An existing genus; *Alloacidovorax*: A genus related to but distinct from the existing genus Acidovorax of other.

Alloacinetobacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Acinetobacter*, An existing genus; *Alloacinetobacter*: A genus related to but distinct from the existing genus Acinetobacter of other.

Alloacrocarpospora

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Acrocarpospora*, An existing genus; *Alloacrocarpospora*: A genus related to but distinct from the existing genus Acrocarpospora of other.

Alloactibacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Actibacter*, An existing genus; *Alloactibacter*: A genus related to but distinct from the existing genus Actibacter of other.

Alloactibacterium

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Actibacterium*, An existing genus; *Alloactibacterium*: A genus related to but distinct from the existing genus Actibacterium of other.

Alloactimicrobium

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Actimicrobium*, An existing genus; *Alloactimicrobium*: A genus related to but distinct from the existing genus Actimicrobium of other.

Alloactinaurispora

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Actinaurispora*, An existing genus; *Alloactinaurispora*: A genus related to but distinct from the existing genus Actinaurispora of other.

Alloactinoallomurus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Actinoallomurus*, An existing genus; *Alloactinoallomurus*: A genus related to but distinct from the existing genus Actinoallomurus of other.

Alloactinobispora

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Actinobispora*, An existing genus; *Alloactinobispora*: A genus related to but distinct from the existing genus Actinobispora of other.

Alloactinocatenispora

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Actinocatenispora*, An existing genus; *Alloactinocatenispora*: A genus related to but distinct from the existing genus Actinocatenispora of other.

Alloactinocorallia

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Actinocorallia*, An existing genus; *Alloactinocorallia*: A genus related to but distinct from the existing genus Actinocorallia of other.

Alloactinocrinis

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Actinocrinis*, An existing genus; *Alloactinocrinis*: A genus related to but distinct from the existing genus Actinocrinis of other.

Alloactinocrispum

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Actinocrispum*, An existing genus; *Alloactinocrispum*: A genus related to but distinct from the existing genus Actinocrispum of other.

Alloactinokineospora

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Actinokineospora*, An existing genus; *Alloactinokineospora*: A genus related to but distinct from the existing genus Actinokineospora of other.

Alloactinomadura

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Actinomadura*, An existing genus; *Alloactinomadura*: A genus related to but distinct from the existing genus Actinomadura of other.

Alloactinomarinicola

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Actinomarinicola*, An existing genus; *Alloactinomarinicola*: A genus related to but distinct from the existing genus Actinomarinicola of other.

Alloactinomyces

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Actinomyces*, An existing genus; *Alloactinomyces*: A genus related to but distinct from the existing genus Actinomyces of other.

Alloactinomycetospora

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Actinomycetospora*, An existing genus; *Alloactinomycetospora*: A genus related to but distinct from the existing genus Actinomycetospora of other.

Alloactinophytocola

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Actinophytocola*, An existing genus; *Alloactinophytocola*: A genus related to but distinct from the existing genus Actinophytocola of other.

Alloactinoplanes

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Actinoplanes*, An existing genus; *Alloactinoplanes*: A genus related to but distinct from the existing genus Actinoplanes of other.

Alloactinopolymorpha

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Actinopolymorpha*, An existing genus; *Alloactinopolymorpha*: A genus related to but distinct from the existing genus Actinopolymorpha of other.

Alloactinopolyspora

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Actinopolyspora*, An existing genus; *Alloactinopolyspora*: A genus related to but distinct from the existing genus Actinopolyspora of other.

Alloactinorectispora

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Actinorectispora*, An existing genus; *Alloactinorectispora*: A genus related to but distinct from the existing genus Actinorectispora of other.

Alloactinorhabdospora

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Actinorhabdospora*, An existing genus; *Alloactinorhabdospora*: A genus related to but distinct from the existing genus Actinorhabdospora of other.

Alloactinorugispora

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Actinorugispora*, An existing genus; *Alloactinorugispora*: A genus related to but distinct from the existing genus Actinorugispora of other.

Alloactinospica

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Actinospica*, An existing genus; *Alloactinospica*: A genus related to but distinct from the existing genus Actinospica of other.

Alloactinosporangium

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Actinosporangium*, An existing genus; *Alloactinosporangium*: A genus related to but distinct from the existing genus Actinosporangium of other.

Alloactinosynnema

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Actinosynnema*, An existing genus; *Alloactinosynnema*: A genus related to but distinct from the existing genus Actinosynnema of other.

Alloactinotalea

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Actinotalea*, An existing genus; *Alloactinotalea*: A genus related to but distinct from the existing genus Actinotalea of other.

Alloactinotignum

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Actinotignum*, An existing genus; *Alloactinotignum*: A genus related to but distinct from the existing genus Actinotignum of other.

Alloacutalibacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Acutalibacter*, An existing genus; *Alloacutalibacter*: A genus related to but distinct from the existing genus Acutalibacter of other.

Alloacuticoccus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Acuticoccus*, An existing genus; *Alloacuticoccus*: A genus related to but distinct from the existing genus Acuticoccus of other.

Alloadhaeribacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Adhaeribacter*, An existing genus; *Alloadhaeribacter*: A genus related to but distinct from the existing genus Adhaeribacter of other.

Alloadlercreutzia

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Adlercreutzia*, An existing genus; *Alloadlercreutzia*: A genus related to but distinct from the existing genus Adlercreutzia of other.

Alloadvenella

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. dim. n. *Advenella*, An existing genus; *Alloadvenella*: A genus related to but distinct from the existing genus Advenella of other.

Alloaegyptianella

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Aegyptianella*, An existing genus; *Alloaegyptianella*: A genus related to but distinct from the existing genus Aegyptianella of other.

Alloaequoribacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Aequoribacter*, An existing genus; *Alloaequoribacter*: A genus related to but distinct from the existing genus Aequoribacter of other.

Alloaequorivita

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Aequorivita*, An existing genus; *Alloaequorivita*: A genus related to but distinct from the existing genus Aequorivita of other.

Alloaeribacillus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Aeribacillus*, An existing genus; *Alloaeribacillus*: A genus related to but distinct from the existing genus Aeribacillus of other.

Alloaeriscardovia

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Aeriscardovia*, An existing genus; *Alloaeriscardovia*: A genus related to but distinct from the existing genus Aeriscardovia of other.

Alloaerococcus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Aerococcus*, An existing genus; *Alloaerococcus*: A genus related to but distinct from the existing genus Aerococcus of other.

Alloaeromicrobium

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Aeromicrobium*, An existing genus; *Alloaeromicrobium*: A genus related to but distinct from the existing genus Aeromicrobium of other.

Alloaeropyrum

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Aeropyrum*, An existing genus; *Alloaeropyrum*: A genus related to but distinct from the existing genus Aeropyrum of other.

Alloaerosakkonema

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Aerosakkonema*, An existing genus; *Alloaerosakkonema*: A genus related to but distinct from the existing genus Aerosakkonema of other.

Alloaestuariibacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Aestuariibacter*, An existing genus; *Alloaestuariibacter*: A genus related to but distinct from the existing genus Aestuariibacter of other.

Alloaestuariibaculum

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Aestuariibaculum*, An existing genus; *Alloaestuariibaculum*: A genus related to but distinct from the existing genus Aestuariibaculum of other.

Alloaestuariibius

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Aestuariibius*, An existing genus; *Alloaestuariibius*: A genus related to but distinct from the existing genus Aestuariibius of other.

Alloaestuariicella

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Aestuariicella*, An existing genus; *Alloaestuariicella*: A genus related to but distinct from the existing genus Aestuariicella of other.

Alloaestuariicoccus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Aestuariicoccus*, An existing genus; *Alloaestuariicoccus*: A genus related to but distinct from the existing genus Aestuariicoccus of other.

Alloaestuariicola

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Aestuariicola*, An existing genus; *Alloaestuariicola*: A genus related to but distinct from the existing genus Aestuariicola of other.

Alloaestuariihabitans

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Aestuariihabitans*, An existing genus; *Alloaestuariihabitans*: A genus related to but distinct from the existing genus Aestuariihabitans of other.

Alloaestuariimicrobium

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Aestuariimicrobium*, An existing genus; *Alloaestuariimicrobium*: A genus related to but distinct from the existing genus Aestuariimicrobium of other.

Alloaestuariirhabdus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Aestuariirhabdus*, An existing genus; *Alloaestuariirhabdus*: A genus related to but distinct from the existing genus Aestuariirhabdus of other.

Alloaestuariisphingobium

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Aestuariisphingobium*, An existing genus; *Alloaestuariisphingobium*: A genus related to but distinct from the existing genus Aestuariisphingobium of other.

Alloaestuariivirga

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Aestuariivirga*, An existing genus; *Alloaestuariivirga*: A genus related to but distinct from the existing genus Aestuariivirga of other.

Alloaestuariivita

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Aestuariivita*, An existing genus; *Alloaestuariivita*: A genus related to but distinct from the existing genus Aestuariivita of other.

Alloaestuarium

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Aestuarium*, An existing genus; *Alloaestuarium*: A genus related to but distinct from the existing genus Aestuarium of other.

Alloaetherobacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Aetherobacter*, An existing genus; *Alloaetherobacter*: A genus related to but distinct from the existing genus Aetherobacter of other.

Alloafifella

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. dim. n. *Afifella*, An existing genus; *Alloafifella*: A genus related to but distinct from the existing genus Afifella of other.

Alloafipia

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Afipia*, An existing genus; *Alloafipia*: A genus related to but distinct from the existing genus Afipia of other.

Alloagaribacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Agaribacter*, An existing genus; *Alloagaribacter*: A genus related to but distinct from the existing genus Agaribacter of other.

Alloagaribacterium

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Agaribacterium*, An existing genus; *Alloagaribacterium*: A genus related to but distinct from the existing genus Agaribacterium of other.

Alloagaricicola

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Agaricicola*, An existing genus; *Alloagaricicola*: A genus related to but distinct from the existing genus Agaricicola of other.

Alloagarilytica

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Agarilytica*, An existing genus; *Alloagarilytica*: A genus related to but distinct from the existing genus Agarilytica of other.

Alloagarivorans

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Agarivorans*, An existing genus; *Alloagarivorans*: A genus related to but distinct from the existing genus Agarivorans of other.

Alloagathobacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Agathobacter*, An existing genus; *Alloagathobacter*: A genus related to but distinct from the existing genus Agathobacter of other.

Alloagathobaculum

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Agathobaculum*, An existing genus; *Alloagathobaculum*: A genus related to but distinct from the existing genus Agathobaculum of other.

Alloaggregatibacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Aggregatibacter*, An existing genus; *Alloaggregatibacter*: A genus related to but distinct from the existing genus Aggregatibacter of other.

Alloaggregatilinea

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Aggregatilinea*, An existing genus; *Alloaggregatilinea*: A genus related to but distinct from the existing genus Aggregatilinea of other.

Alloaggregicoccus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Aggregicoccus*, An existing genus; *Alloaggregicoccus*: A genus related to but distinct from the existing genus Aggregicoccus of other.

Alloagitococcus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Agitococcus*, An existing genus; *Alloagitococcus*: A genus related to but distinct from the existing genus Agitococcus of other.

Alloagreia

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Agreia*, An existing genus; *Alloagreia*: A genus related to but distinct from the existing genus Agreia of other.

Alloagrilactobacillus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Agrilactobacillus*, An existing genus; *Alloagrilactobacillus*: A genus related to but distinct from the existing genus Agrilactobacillus of other.

Alloagrobacterium

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Agrobacterium*, An existing genus; *Alloagrobacterium*: A genus related to but distinct from the existing genus Agrobacterium of other.

Alloagrococcus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Agrococcus*, An existing genus; *Alloagrococcus*: A genus related to but distinct from the existing genus Agrococcus of other.

Alloagromonas

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Agromonas*, An existing genus; *Alloagromonas*: A genus related to but distinct from the existing genus Agromonas of other.

Alloagromyces

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Agromyces*, An existing genus; *Alloagromyces*: A genus related to but distinct from the existing genus Agromyces of other.

Alloahniella

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. dim. n. *Ahniella*, An existing genus; *Alloahniella*: A genus related to but distinct from the existing genus Ahniella of other.

Alloahrensia

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Ahrensia*, An existing genus; *Alloahrensia*: A genus related to but distinct from the existing genus Ahrensia of other.

Alloaidingibacillus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Aidingibacillus*, An existing genus; *Alloaidingibacillus*: A genus related to but distinct from the existing genus Aidingibacillus of other.

Alloaidingimonas

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Aidingimonas*, An existing genus; *Alloaidingimonas*: A genus related to but distinct from the existing genus Aidingimonas of other.

Alloakkermansia

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Akkermansia*, An existing genus; *Alloakkermansia*: A genus related to but distinct from the existing genus Akkermansia of other.

Alloalbertania

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Albertania*, An existing genus; *Alloalbertania*: A genus related to but distinct from the existing genus Albertania of other.

Alloalbibacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Albibacter*, An existing genus; *Alloalbibacter*: A genus related to but distinct from the existing genus Albibacter of other.

Alloalbibacterium

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Albibacterium*, An existing genus; *Alloalbibacterium*: A genus related to but distinct from the existing genus Albibacterium of other.

Alloalbidiferax

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Albidiferax*, An existing genus; *Alloalbidiferax*: A genus related to but distinct from the existing genus Albidiferax of other.

Alloalbidovulum

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Albidovulum*, An existing genus; *Alloalbidovulum*: A genus related to but distinct from the existing genus Albidovulum of other.

Alloalbimonas

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Albimonas*, An existing genus; *Alloalbimonas*: A genus related to but distinct from the existing genus Albimonas of other.

Alloalbirhodobacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Albirhodobacter*, An existing genus; *Alloalbirhodobacter*: A genus related to but distinct from the existing genus Albirhodobacter of other.

Alloalbrightia

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Albrightia*, An existing genus; *Alloalbrightia*: A genus related to but distinct from the existing genus Albrightia of other.

Alloalcaligenes

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Alcaligenes*, An existing genus; *Alloalcaligenes*: A genus related to but distinct from the existing genus Alcaligenes of other.

Alloalcanivorax

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Alcanivorax*, An existing genus; *Alloalcanivorax*: A genus related to but distinct from the existing genus Alcanivorax of other.

Alloaldersonia

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Aldersonia*, An existing genus; *Alloaldersonia*: A genus related to but distinct from the existing genus Aldersonia of other.

Alloalgibacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Algibacter*, An existing genus; *Alloalgibacter*: A genus related to but distinct from the existing genus Algibacter of other.

Alloalgicoccus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Algicoccus*, An existing genus; *Alloalgicoccus*: A genus related to but distinct from the existing genus Algicoccus of other.

Alloalgicola

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Algicola*, An existing genus; *Alloalgicola*: A genus related to but distinct from the existing genus Algicola of other.

Alloalgihabitans

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Algihabitans*, An existing genus; *Alloalgihabitans*: A genus related to but distinct from the existing genus Algihabitans of other.

Alloalgimonas

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Algimonas*, An existing genus; *Alloalgimonas*: A genus related to but distinct from the existing genus Algimonas of other.

Alloalginatibacterium

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Alginatibacterium*, An existing genus; *Alloalginatibacterium*: A genus related to but distinct from the existing genus Alginatibacterium of other.

Alloalgiphilus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Algiphilus*, An existing genus; *Alloalgiphilus*: A genus related to but distinct from the existing genus Algiphilus of other.

Alloalgisphaera

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Algisphaera*, An existing genus; *Alloalgisphaera*: A genus related to but distinct from the existing genus Algisphaera of other.

Alloalgitalea

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Algitalea*, An existing genus; *Alloalgitalea*: A genus related to but distinct from the existing genus Algitalea of other.

Alloalgivirga

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Algivirga*, An existing genus; *Alloalgivirga*: A genus related to but distinct from the existing genus Algivirga of other.

Alloalgoriella

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. dim. n. *Algoriella*, An existing genus; *Alloalgoriella*: A genus related to but distinct from the existing genus Algoriella of other.

Alloalgorimarina

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Algorimarina*, An existing genus; *Alloalgorimarina*: A genus related to but distinct from the existing genus Algorimarina of other.

Alloalgoriphagus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Algoriphagus*, An existing genus; *Alloalgoriphagus*: A genus related to but distinct from the existing genus Algoriphagus of other.

Alloaliagarivorans

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Aliagarivorans*, An existing genus; *Alloaliagarivorans*: A genus related to but distinct from the existing genus Aliagarivorans of other.

Alloaliarcobacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Aliarcobacter*, An existing genus; *Alloaliarcobacter*: A genus related to but distinct from the existing genus Aliarcobacter of other.

Alloalicycliphilus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Alicycliphilus*, An existing genus; *Alloalicycliphilus*: A genus related to but distinct from the existing genus Alicycliphilus of other.

Alloalicyclobacillus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Alicyclobacillus*, An existing genus; *Alloalicyclobacillus*: A genus related to but distinct from the existing genus Alicyclobacillus of other.

Alloalienimonas

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Alienimonas*, An existing genus; *Alloalienimonas*: A genus related to but distinct from the existing genus Alienimonas of other.

Alloaliibacillus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Aliibacillus*, An existing genus; *Alloaliibacillus*: A genus related to but distinct from the existing genus Aliibacillus of other.

Alloaliicoccus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Aliicoccus*, An existing genus; *Alloaliicoccus*: A genus related to but distinct from the existing genus Aliicoccus of other.

Alloaliidiomarina

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Aliidiomarina*, An existing genus; *Alloaliidiomarina*: A genus related to but distinct from the existing genus Aliidiomarina of other.

Alloaliidongia

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Aliidongia*, An existing genus; *Alloaliidongia*: A genus related to but distinct from the existing genus Aliidongia of other.

Alloaliifodinibius

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Aliifodinibius*, An existing genus; *Alloaliifodinibius*: A genus related to but distinct from the existing genus Aliifodinibius of other.

Alloaliiglaciecola

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Aliiglaciecola*, An existing genus; *Alloaliiglaciecola*: A genus related to but distinct from the existing genus Aliiglaciecola of other.

Alloaliihoeflea

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Aliihoeflea*, An existing genus; *Alloaliihoeflea*: A genus related to but distinct from the existing genus Aliihoeflea of other.

Alloaliikangiella

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. dim. n. *Aliikangiella*, An existing genus; *Alloaliikangiella*: A genus related to but distinct from the existing genus Aliikangiella of other.

Alloaliinostoc

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Aliinostoc*, An existing genus; *Alloaliinostoc*: A genus related to but distinct from the existing genus Aliinostoc of other.

Alloaliiroseovarius

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Aliiroseovarius*, An existing genus; *Alloaliiroseovarius*: A genus related to but distinct from the existing genus Aliiroseovarius of other.

Alloaliisedimentitalea

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Aliisedimentitalea*, An existing genus; *Alloaliisedimentitalea*: A genus related to but distinct from the existing genus Aliisedimentitalea of other.

Alloaliishimia

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Aliishimia*, An existing genus; *Alloaliishimia*: A genus related to but distinct from the existing genus Aliishimia of other.

Alloaliivibrio

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Aliivibrio*, An existing genus; *Alloaliivibrio*: A genus related to but distinct from the existing genus Aliivibrio of other.

Alloalishewanella

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. dim. n. *Alishewanella*, An existing genus; *Alloalishewanella*: A genus related to but distinct from the existing genus Alishewanella of other.

Alloalistipes

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Alistipes*, An existing genus; *Alloalistipes*: A genus related to but distinct from the existing genus Alistipes of other.

Alloaliterella

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. dim. n. *Aliterella*, An existing genus; *Alloaliterella*: A genus related to but distinct from the existing genus Aliterella of other.

Alloalkalibacillus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Alkalibacillus*, An existing genus; *Alloalkalibacillus*: A genus related to but distinct from the existing genus Alkalibacillus of other.

Alloalkalibacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Alkalibacter*, An existing genus; *Alloalkalibacter*: A genus related to but distinct from the existing genus Alkalibacter of other.

Alloalkalibacterium

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Alkalibacterium*, An existing genus; *Alloalkalibacterium*: A genus related to but distinct from the existing genus Alkalibacterium of other.

Alloalkalibaculum

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Alkalibaculum*, An existing genus; *Alloalkalibaculum*: A genus related to but distinct from the existing genus Alkalibaculum of other.

Alloalkalicoccus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Alkalicoccus*, An existing genus; *Alloalkalicoccus*: A genus related to but distinct from the existing genus Alkalicoccus of other.

Alloalkaliflexus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Alkaliflexus*, An existing genus; *Alloalkaliflexus*: A genus related to but distinct from the existing genus Alkaliflexus of other.

Alloalkalihalobacillus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Alkalihalobacillus*, An existing genus; *Alloalkalihalobacillus*: A genus related to but distinct from the existing genus Alkalihalobacillus of other.

Alloalkalilactibacillus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Alkalilactibacillus*, An existing genus; *Alloalkalilactibacillus*: A genus related to but distinct from the existing genus Alkalilactibacillus of other.

Alloalkalilacustris

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Alkalilacustris*, An existing genus; *Alloalkalilacustris*: A genus related to but distinct from the existing genus Alkalilacustris of other.

Alloalkalimarinus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Alkalimarinus*, An existing genus; *Alloalkalimarinus*: A genus related to but distinct from the existing genus Alkalimarinus of other.

Alloalkalimicrobium

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Alkalimicrobium*, An existing genus; *Alloalkalimicrobium*: A genus related to but distinct from the existing genus Alkalimicrobium of other.

Alloalkalimonas

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Alkalimonas*, An existing genus; *Alloalkalimonas*: A genus related to but distinct from the existing genus Alkalimonas of other.

Alloalkalinema

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Alkalinema*, An existing genus; *Alloalkalinema*: A genus related to but distinct from the existing genus Alkalinema of other.

Alloalkaliphilus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Alkaliphilus*, An existing genus; *Alloalkaliphilus*: A genus related to but distinct from the existing genus Alkaliphilus of other.

Alloalkalispirillum

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. dim. n. *Alkalispirillum*, An existing genus; *Alloalkalispirillum*: A genus related to but distinct from the existing genus Alkalispirillum of other.

Alloalkalispirochaeta

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Alkalispirochaeta*, An existing genus; *Alloalkalispirochaeta*: A genus related to but distinct from the existing genus Alkalispirochaeta of other.

Alloalkalitalea

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Alkalitalea*, An existing genus; *Alloalkalitalea*: A genus related to but distinct from the existing genus Alkalitalea of other.

Alloalkanibacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Alkanibacter*, An existing genus; *Alloalkanibacter*: A genus related to but distinct from the existing genus Alkanibacter of other.

Alloalkanindiges

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Alkanindiges*, An existing genus; *Alloalkanindiges*: A genus related to but distinct from the existing genus Alkanindiges of other.

Alloallisonella

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. dim. n. *Allisonella*, An existing genus; *Alloallisonella*: A genus related to but distinct from the existing genus Allisonella of other.

Alloalloactinosynnema

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Alloactinosynnema*, An existing genus; *Alloalloactinosynnema*: A genus related to but distinct from the existing genus Alloactinosynnema of other.

Alloallobacillus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Allobacillus*, An existing genus; *Alloallobacillus*: A genus related to but distinct from the existing genus Allobacillus of other.

Alloallobaculum

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Allobaculum*, An existing genus; *Alloallobaculum*: A genus related to but distinct from the existing genus Allobaculum of other.

Alloallobranchiibius

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Allobranchiibius*, An existing genus; *Alloallobranchiibius*: A genus related to but distinct from the existing genus Allobranchiibius of other.

Alloallocatelliglobosispora

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Allocatelliglobosispora*, An existing genus; *Alloallocatelliglobosispora*: A genus related to but distinct from the existing genus Allocatelliglobosispora of other.

Alloallochromatium

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Allochromatium*, An existing genus; *Alloallochromatium*: A genus related to but distinct from the existing genus Allochromatium of other.

Alloallofrancisella

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. dim. n. *Allofrancisella*, An existing genus; *Alloallofrancisella*: A genus related to but distinct from the existing genus Allofrancisella of other.

Alloallofustis

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Allofustis*, An existing genus; *Alloallofustis*: A genus related to but distinct from the existing genus Allofustis of other.

Alloallohahella

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. dim. n. *Allohahella*, An existing genus; *Alloallohahella*: A genus related to but distinct from the existing genus Allohahella of other.

Alloallohumibacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Allohumibacter*, An existing genus; *Alloallohumibacter*: A genus related to but distinct from the existing genus Allohumibacter of other.

Alloalloiococcus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Alloiococcus*, An existing genus; *Alloalloiococcus*: A genus related to but distinct from the existing genus Alloiococcus of other.

Alloallokutzneria

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Allokutzneria*, An existing genus; *Alloallokutzneria*: A genus related to but distinct from the existing genus Allokutzneria of other.

Alloallomonas

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Allomonas*, An existing genus; *Alloallomonas*: A genus related to but distinct from the existing genus Allomonas of other.

Alloallonocardiopsis

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Allonocardiopsis*, An existing genus; *Alloallonocardiopsis*: A genus related to but distinct from the existing genus Allonocardiopsis of other.

Alloalloprevotella

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. dim. n. *Alloprevotella*, An existing genus; *Alloalloprevotella*: A genus related to but distinct from the existing genus Alloprevotella of other.

Alloallopseudarcicella

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Allopseudarcicella*, An existing genus; *Alloallopseudarcicella*: A genus related to but distinct from the existing genus Allopseudarcicella of other.

Alloallorhizobium

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Allorhizobium*, An existing genus; *Alloallorhizobium*: A genus related to but distinct from the existing genus Allorhizobium of other.

Alloallorhizocola

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Allorhizocola*, An existing genus; *Alloallorhizocola*: A genus related to but distinct from the existing genus Allorhizocola of other.

Alloallosalinactinospora

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Allosalinactinospora*, An existing genus; *Alloallosalinactinospora*: A genus related to but distinct from the existing genus Allosalinactinospora of other.

Alloalloscardovia

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Alloscardovia*, An existing genus; *Alloalloscardovia*: A genus related to but distinct from the existing genus Alloscardovia of other.

Alloallostreptomyces

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Allostreptomyces*, An existing genus; *Alloallostreptomyces*: A genus related to but distinct from the existing genus Allostreptomyces of other.

Alloalpinimonas

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Alpinimonas*, An existing genus; *Alloalpinimonas*: A genus related to but distinct from the existing genus Alpinimonas of other.

Alloalsobacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Alsobacter*, An existing genus; *Alloalsobacter*: A genus related to but distinct from the existing genus Alsobacter of other.

Alloaltererythrobacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Altererythrobacter*, An existing genus; *Alloaltererythrobacter*: A genus related to but distinct from the existing genus Altererythrobacter of other.

Alloalteribacillus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Alteribacillus*, An existing genus; *Alloalteribacillus*: A genus related to but distinct from the existing genus Alteribacillus of other.

Alloalterileibacterium

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Alterileibacterium*, An existing genus; *Alloalterileibacterium*: A genus related to but distinct from the existing genus Alterileibacterium of other.

Alloalterococcus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Alterococcus*, An existing genus; *Alloalterococcus*: A genus related to but distinct from the existing genus Alterococcus of other.

Alloalteromonas

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Alteromonas*, An existing genus; *Alloalteromonas*: A genus related to but distinct from the existing genus Alteromonas of other.

Alloaltuibacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Altuibacter*, An existing genus; *Alloaltuibacter*: A genus related to but distinct from the existing genus Altuibacter of other.

Alloalysiella

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. dim. n. *Alysiella*, An existing genus; *Alloalysiella*: A genus related to but distinct from the existing genus Alysiella of other.

Alloamantichitinum

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Amantichitinum*, An existing genus; *Alloamantichitinum*: A genus related to but distinct from the existing genus Amantichitinum of other.

Alloamaricoccus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Amaricoccus*, An existing genus; *Alloamaricoccus*: A genus related to but distinct from the existing genus Amaricoccus of other.

Alloamazoninema

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Amazoninema*, An existing genus; *Alloamazoninema*: A genus related to but distinct from the existing genus Amazoninema of other.

Alloamedibacillus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Amedibacillus*, An existing genus; *Alloamedibacillus*: A genus related to but distinct from the existing genus Amedibacillus of other.

Alloamedibacterium

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Amedibacterium*, An existing genus; *Alloamedibacterium*: A genus related to but distinct from the existing genus Amedibacterium of other.

Alloameyamaea

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Ameyamaea*, An existing genus; *Alloameyamaea*: A genus related to but distinct from the existing genus Ameyamaea of other.

Alloaminiphilus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Aminiphilus*, An existing genus; *Alloaminiphilus*: A genus related to but distinct from the existing genus Aminiphilus of other.

Alloaminipila

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Aminipila*, An existing genus; *Alloaminipila*: A genus related to but distinct from the existing genus Aminipila of other.

Alloaminivibrio

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Aminivibrio*, An existing genus; *Alloaminivibrio*: A genus related to but distinct from the existing genus Aminivibrio of other.

Alloaminobacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Aminobacter*, An existing genus; *Alloaminobacter*: A genus related to but distinct from the existing genus Aminobacter of other.

Alloaminobacterium

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Aminobacterium*, An existing genus; *Alloaminobacterium*: A genus related to but distinct from the existing genus Aminobacterium of other.

Alloaminomonas

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Aminomonas*, An existing genus; *Alloaminomonas*: A genus related to but distinct from the existing genus Aminomonas of other.

Alloammassolinea

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Ammassolinea*, An existing genus; *Alloammassolinea*: A genus related to but distinct from the existing genus Ammassolinea of other.

Alloammonifex

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Ammonifex*, An existing genus; *Alloammonifex*: A genus related to but distinct from the existing genus Ammonifex of other.

Alloammoniibacillus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Ammoniibacillus*, An existing genus; *Alloammoniibacillus*: A genus related to but distinct from the existing genus Ammoniibacillus of other.

Alloammoniphilus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Ammoniphilus*, An existing genus; *Alloammoniphilus*: A genus related to but distinct from the existing genus Ammoniphilus of other.

Alloamnibacterium

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Amnibacterium*, An existing genus; *Alloamnibacterium*: A genus related to but distinct from the existing genus Amnibacterium of other.

Alloamniculibacterium

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Amniculibacterium*, An existing genus; *Alloamniculibacterium*: A genus related to but distinct from the existing genus Amniculibacterium of other.

Alloamnimonas

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Amnimonas*, An existing genus; *Alloamnimonas*: A genus related to but distinct from the existing genus Amnimonas of other.

Alloamoebobacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Amoebobacter*, An existing genus; *Alloamoebobacter*: A genus related to but distinct from the existing genus Amoebobacter of other.

Alloamorphosporangium

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Amorphosporangium*, An existing genus; *Alloamorphosporangium*: A genus related to but distinct from the existing genus Amorphosporangium of other.

Alloamorphus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Amorphus*, An existing genus; *Alloamorphus*: A genus related to but distinct from the existing genus Amorphus of other.

Alloamphibacillus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Amphibacillus*, An existing genus; *Alloamphibacillus*: A genus related to but distinct from the existing genus Amphibacillus of other.

Alloamphiheterocytum

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Amphiheterocytum*, An existing genus; *Alloamphiheterocytum*: A genus related to but distinct from the existing genus Amphiheterocytum of other.

Alloamphiplicatus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Amphiplicatus*, An existing genus; *Alloamphiplicatus*: A genus related to but distinct from the existing genus Amphiplicatus of other.

Alloampullariella

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. dim. n. *Ampullariella*, An existing genus; *Alloampullariella*: A genus related to but distinct from the existing genus Ampullariella of other.

Alloampullimonas

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Ampullimonas*, An existing genus; *Alloampullimonas*: A genus related to but distinct from the existing genus Ampullimonas of other.

Alloamycolata

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Amycolata*, An existing genus; *Alloamycolata*: A genus related to but distinct from the existing genus Amycolata of other.

Alloamycolatopsis

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Amycolatopsis*, An existing genus; *Alloamycolatopsis*: A genus related to but distinct from the existing genus Amycolatopsis of other.

Alloamycolicicoccus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Amycolicicoccus*, An existing genus; *Alloamycolicicoccus*: A genus related to but distinct from the existing genus Amycolicicoccus of other.

Alloamylibacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Amylibacter*, An existing genus; *Alloamylibacter*: A genus related to but distinct from the existing genus Amylibacter of other.

Alloamylolactobacillus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Amylolactobacillus*, An existing genus; *Alloamylolactobacillus*: A genus related to but distinct from the existing genus Amylolactobacillus of other.

Alloanaerobacillus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Anaerobacillus*, An existing genus; *Alloanaerobacillus*: A genus related to but distinct from the existing genus Anaerobacillus of other.

Alloanaerobacterium

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Anaerobacterium*, An existing genus; *Alloanaerobacterium*: A genus related to but distinct from the existing genus Anaerobacterium of other.

Alloanaerobaculum

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Anaerobaculum*, An existing genus; *Alloanaerobaculum*: A genus related to but distinct from the existing genus Anaerobaculum of other.

Alloanaerobiospirillum

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. dim. n. *Anaerobiospirillum*, An existing genus; *Alloanaerobiospirillum*: A genus related to but distinct from the existing genus Anaerobiospirillum of other.

Alloanaerobium

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Anaerobium*, An existing genus; *Alloanaerobium*: A genus related to but distinct from the existing genus Anaerobium of other.

Alloanaerobranca

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Anaerobranca*, An existing genus; *Alloanaerobranca*: A genus related to but distinct from the existing genus Anaerobranca of other.

Alloanaerobutyricum

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Anaerobutyricum*, An existing genus; *Alloanaerobutyricum*: A genus related to but distinct from the existing genus Anaerobutyricum of other.

Alloanaerocella

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Anaerocella*, An existing genus; *Alloanaerocella*: A genus related to but distinct from the existing genus Anaerocella of other.

Alloanaerococcus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Anaerococcus*, An existing genus; *Alloanaerococcus*: A genus related to but distinct from the existing genus Anaerococcus of other.

Alloanaerofilum

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Anaerofilum*, An existing genus; *Alloanaerofilum*: A genus related to but distinct from the existing genus Anaerofilum of other.

Alloanaeroglobus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Anaeroglobus*, An existing genus; *Alloanaeroglobus*: A genus related to but distinct from the existing genus Anaeroglobus of other.

Alloanaerohalosphaera

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Anaerohalosphaera*, An existing genus; *Alloanaerohalosphaera*: A genus related to but distinct from the existing genus Anaerohalosphaera of other.

Alloanaerolactibacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Anaerolactibacter*, An existing genus; *Alloanaerolactibacter*: A genus related to but distinct from the existing genus Anaerolactibacter of other.

Alloanaerolinea

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Anaerolinea*, An existing genus; *Alloanaerolinea*: A genus related to but distinct from the existing genus Anaerolinea of other.

Alloanaeromicrobium

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Anaeromicrobium*, An existing genus; *Alloanaeromicrobium*: A genus related to but distinct from the existing genus Anaeromicrobium of other.

Alloanaeromusa

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Anaeromusa*, An existing genus; *Alloanaeromusa*: A genus related to but distinct from the existing genus Anaeromusa of other.

Alloanaeromyxobacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Anaeromyxobacter*, An existing genus; *Alloanaeromyxobacter*: A genus related to but distinct from the existing genus Anaeromyxobacter of other.

Alloanaerophaga

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Anaerophaga*, An existing genus; *Alloanaerophaga*: A genus related to but distinct from the existing genus Anaerophaga of other.

Alloanaerophilus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Anaerophilus*, An existing genus; *Alloanaerophilus*: A genus related to but distinct from the existing genus Anaerophilus of other.

Alloanaeroplasma

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Anaeroplasma*, An existing genus; *Alloanaeroplasma*: A genus related to but distinct from the existing genus Anaeroplasma of other.

Alloanaerorhabdus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Anaerorhabdus*, An existing genus; *Alloanaerorhabdus*: A genus related to but distinct from the existing genus Anaerorhabdus of other.

Alloanaerosalibacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Anaerosalibacter*, An existing genus; *Alloanaerosalibacter*: A genus related to but distinct from the existing genus Anaerosalibacter of other.

Alloanaerosolibacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Anaerosolibacter*, An existing genus; *Alloanaerosolibacter*: A genus related to but distinct from the existing genus Anaerosolibacter of other.

Alloanaerosphaera

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Anaerosphaera*, An existing genus; *Alloanaerosphaera*: A genus related to but distinct from the existing genus Anaerosphaera of other.

Alloanaerospora

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Anaerospora*, An existing genus; *Alloanaerospora*: A genus related to but distinct from the existing genus Anaerospora of other.

Alloanaerosporobacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Anaerosporobacter*, An existing genus; *Alloanaerosporobacter*: A genus related to but distinct from the existing genus Anaerosporobacter of other.

Alloanaerosporomusa

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Anaerosporomusa*, An existing genus; *Alloanaerosporomusa*: A genus related to but distinct from the existing genus Anaerosporomusa of other.

Alloanaerotignum

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Anaerotignum*, An existing genus; *Alloanaerotignum*: A genus related to but distinct from the existing genus Anaerotignum of other.

Alloanaerotruncus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Anaerotruncus*, An existing genus; *Alloanaerotruncus*: A genus related to but distinct from the existing genus Anaerotruncus of other.

Alloanaerovibrio

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Anaerovibrio*, An existing genus; *Alloanaerovibrio*: A genus related to but distinct from the existing genus Anaerovibrio of other.

Alloanaerovirgula

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. dim. n. *Anaerovirgula*, An existing genus; *Alloanaerovirgula*: A genus related to but distinct from the existing genus Anaerovirgula of other.

Alloanaerovorax

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Anaerovorax*, An existing genus; *Alloanaerovorax*: A genus related to but distinct from the existing genus Anaerovorax of other.

Alloanaplasma

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Anaplasma*, An existing genus; *Alloanaplasma*: A genus related to but distinct from the existing genus Anaplasma of other.

Alloancalochloris

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Ancalochloris*, An existing genus; *Alloancalochloris*: A genus related to but distinct from the existing genus Ancalochloris of other.

Alloancalomicrobium

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Ancalomicrobium*, An existing genus; *Alloancalomicrobium*: A genus related to but distinct from the existing genus Ancalomicrobium of other.

Alloancylobacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Ancylobacter*, An existing genus; *Alloancylobacter*: A genus related to but distinct from the existing genus Ancylobacter of other.

Alloancylomarina

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Ancylomarina*, An existing genus; *Alloancylomarina*: A genus related to but distinct from the existing genus Ancylomarina of other.

Alloancylothrix

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Ancylothrix*, An existing genus; *Alloancylothrix*: A genus related to but distinct from the existing genus Ancylothrix of other.

Alloanderseniella

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. dim. n. *Anderseniella*, An existing genus; *Alloanderseniella*: A genus related to but distinct from the existing genus Anderseniella of other.

Alloandreesenia

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Andreesenia*, An existing genus; *Alloandreesenia*: A genus related to but distinct from the existing genus Andreesenia of other.

Alloandreprevotia

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Andreprevotia*, An existing genus; *Alloandreprevotia*: A genus related to but distinct from the existing genus Andreprevotia of other.

Alloaneurinibacillus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Aneurinibacillus*, An existing genus; *Alloaneurinibacillus*: A genus related to but distinct from the existing genus Aneurinibacillus of other.

Alloangelakisella

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. dim. n. *Angelakisella*, An existing genus; *Alloangelakisella*: A genus related to but distinct from the existing genus Angelakisella of other.

Alloangiococcus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Angiococcus*, An existing genus; *Alloangiococcus*: A genus related to but distinct from the existing genus Angiococcus of other.

Alloangulomicrobium

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Angulomicrobium*, An existing genus; *Alloangulomicrobium*: A genus related to but distinct from the existing genus Angulomicrobium of other.

Alloangustibacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Angustibacter*, An existing genus; *Alloangustibacter*: A genus related to but distinct from the existing genus Angustibacter of other.

Alloannwoodia

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Annwoodia*, An existing genus; *Alloannwoodia*: A genus related to but distinct from the existing genus Annwoodia of other.

Alloanoxybacillus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Anoxybacillus*, An existing genus; *Alloanoxybacillus*: A genus related to but distinct from the existing genus Anoxybacillus of other.

Alloanoxybacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Anoxybacter*, An existing genus; *Alloanoxybacter*: A genus related to but distinct from the existing genus Anoxybacter of other.

Alloanoxynatronum

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Anoxynatronum*, An existing genus; *Alloanoxynatronum*: A genus related to but distinct from the existing genus Anoxynatronum of other.

Alloanseongella

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. dim. n. *Anseongella*, An existing genus; *Alloanseongella*: A genus related to but distinct from the existing genus Anseongella of other.

Alloantarcticibacterium

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Antarcticibacterium*, An existing genus; *Alloantarcticibacterium*: A genus related to but distinct from the existing genus Antarcticibacterium of other.

Alloantarcticimicrobium

Gr. masc. adjective *áijĂÎżÎżÎ±ÏĆ*, other; L. neut. n. *Antarcticimicrobium*, An existing genus; *Alloantarcticimicrobium*: A genus related to but distinct from the existing genus Antarcticimicrobium of other.

Alloantarcticimonas

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Antarcticimonas*, An existing genus; *Alloantarcticimonas*: A genus related to but distinct from the existing genus Antarcticimonas of other.

Alloantarctobacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Antarctobacter*, An existing genus; *Alloantarctobacter*: A genus related to but distinct from the existing genus Antarctobacter of other.

Alloantribacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Antribacter*, An existing genus; *Alloantribacter*: A genus related to but distinct from the existing genus Antribacter of other.

Alloantricoccus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Antricoccus*, An existing genus; *Alloantricoccus*: A genus related to but distinct from the existing genus Antricoccus of other.

Alloaphanizomenon

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Aphanizomenon*, An existing genus; *Alloaphanizomenon*: A genus related to but distinct from the existing genus Aphanizomenon of other.

Alloapibacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Apibacter*, An existing genus; *Alloapibacter*: A genus related to but distinct from the existing genus Apibacter of other.

Alloapilactobacillus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Apilactobacillus*, An existing genus; *Alloapilactobacillus*: A genus related to but distinct from the existing genus Apilactobacillus of other.

Alloaplanobacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Aplanobacter*, An existing genus; *Alloaplanobacter*: A genus related to but distinct from the existing genus Aplanobacter of other.

Alloaquabacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Aquabacter*, An existing genus; *Alloaquabacter*: A genus related to but distinct from the existing genus Aquabacter of other.

Alloaquabacterium

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Aquabacterium*, An existing genus; *Alloaquabacterium*: A genus related to but distinct from the existing genus Aquabacterium of other.

Alloaquamicrobium

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Aquamicrobium*, An existing genus; *Alloaquamicrobium*: A genus related to but distinct from the existing genus Aquamicrobium of other.

Alloaquaspirillum

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. dim. n. *Aquaspirillum*, An existing genus; *Alloaquaspirillum*: A genus related to but distinct from the existing genus Aquaspirillum of other.

Alloaquaticitalea

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Aquaticitalea*, An existing genus; *Alloaquaticitalea*: A genus related to but distinct from the existing genus Aquaticitalea of other.

Alloaquella

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. dim. n. *Aquella*, An existing genus; *Alloaquella*: A genus related to but distinct from the existing genus Aquella of other.

Alloaquibacillus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Aquibacillus*, An existing genus; *Alloaquibacillus*: A genus related to but distinct from the existing genus Aquibacillus of other.

Alloaquibacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Aquibacter*, An existing genus; *Alloaquibacter*: A genus related to but distinct from the existing genus Aquibacter of other.

Alloaquicella

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Aquicella*, An existing genus; *Alloaquicella*: A genus related to but distinct from the existing genus Aquicella of other.

Alloaquichromatium

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Aquichromatium*, An existing genus; *Alloaquichromatium*: A genus related to but distinct from the existing genus Aquichromatium of other.

Alloaquicoccus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Aquicoccus*, An existing genus; *Alloaquicoccus*: A genus related to but distinct from the existing genus Aquicoccus of other.

Alloaquidulcibacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Aquidulcibacter*, An existing genus; *Alloaquidulcibacter*: A genus related to but distinct from the existing genus Aquidulcibacter of other.

Alloaquifex

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Aquifex*, An existing genus; *Alloaquifex*: A genus related to but distinct from the existing genus Aquifex of other.

Alloaquiflexum

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Aquiflexum*, An existing genus; *Alloaquiflexum*: A genus related to but distinct from the existing genus Aquiflexum of other.

Alloaquihabitans

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Aquihabitans*, An existing genus; *Alloaquihabitans*: A genus related to but distinct from the existing genus Aquihabitans of other.

Alloaquimarina

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Aquimarina*, An existing genus; *Alloaquimarina*: A genus related to but distinct from the existing genus Aquimarina of other.

Alloaquimixticola

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Aquimixticola*, An existing genus; *Alloaquimixticola*: A genus related to but distinct from the existing genus Aquimixticola of other.

Alloaquimonas

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Aquimonas*, An existing genus; *Alloaquimonas*: A genus related to but distinct from the existing genus Aquimonas of other.

Alloaquincola

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Aquincola*, An existing genus; *Alloaquincola*: A genus related to but distinct from the existing genus Aquincola of other.

Alloaquipuribacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Aquipuribacter*, An existing genus; *Alloaquipuribacter*: A genus related to but distinct from the existing genus Aquipuribacter of other.

Alloaquirufa

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Aquirufa*, An existing genus; *Alloaquirufa*: A genus related to but distinct from the existing genus Aquirufa of other.

Alloaquisalibacillus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Aquisalibacillus*, An existing genus; *Alloaquisalibacillus*: A genus related to but distinct from the existing genus Aquisalibacillus of other.

Alloaquisalimonas

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Aquisalimonas*, An existing genus; *Alloaquisalimonas*: A genus related to but distinct from the existing genus Aquisalimonas of other.

Alloaquisalinus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Aquisalinus*, An existing genus; *Alloaquisalinus*: A genus related to but distinct from the existing genus Aquisalinus of other.

Alloaquisediminimonas

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Aquisediminimonas*, An existing genus; *Alloaquisediminimonas*: A genus related to but distinct from the existing genus Aquisediminimonas of other.

Alloaquisphaera

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Aquisphaera*, An existing genus; *Alloaquisphaera*: A genus related to but distinct from the existing genus Aquisphaera of other.

Alloaquitalea

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Aquitalea*, An existing genus; *Alloaquitalea*: A genus related to but distinct from the existing genus Aquitalea of other.

Alloarachidicoccus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Arachidicoccus*, An existing genus; *Alloarachidicoccus*: A genus related to but distinct from the existing genus Arachidicoccus of other.

Alloarachnia

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Arachnia*, An existing genus; *Alloarachnia*: A genus related to but distinct from the existing genus Arachnia of other.

Alloarcanobacterium

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Arcanobacterium*, An existing genus; *Alloarcanobacterium*: A genus related to but distinct from the existing genus Arcanobacterium of other.

Alloarchaeoglobus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Archaeoglobus*, An existing genus; *Alloarchaeoglobus*: A genus related to but distinct from the existing genus Archaeoglobus of other.

Alloarchangium

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Archangium*, An existing genus; *Alloarchangium*: A genus related to but distinct from the existing genus Archangium of other.

Alloarcicella

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Arcicella*, An existing genus; *Alloarcicella*: A genus related to but distinct from the existing genus Arcicella of other.

Alloarcobacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Arcobacter*, An existing genus; *Alloarcobacter*: A genus related to but distinct from the existing genus Arcobacter of other.

Alloarcticibacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Arcticibacter*, An existing genus; *Alloarcticibacter*: A genus related to but distinct from the existing genus Arcticibacter of other.

Alloarcticibacterium

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Arcticibacterium*, An existing genus; *Alloarcticibacterium*: A genus related to but distinct from the existing genus Arcticibacterium of other.

Alloarcticiflavibacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Arcticiflavibacter*, An existing genus; *Alloarcticiflavibacter*: A genus related to but distinct from the existing genus Arcticiflavibacter of other.

Alloardenticatena

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Ardenticatena*, An existing genus; *Alloardenticatena*: A genus related to but distinct from the existing genus Ardenticatena of other.

Alloarenibacillus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Arenibacillus*, An existing genus; *Alloarenibacillus*: A genus related to but distinct from the existing genus Arenibacillus of other.

Alloarenibacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Arenibacter*, An existing genus; *Alloarenibacter*: A genus related to but distinct from the existing genus Arenibacter of other.

Alloarenicella

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Arenicella*, An existing genus; *Alloarenicella*: A genus related to but distinct from the existing genus Arenicella of other.

Alloarenimicrobium

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Arenimicrobium*, An existing genus; *Alloarenimicrobium*: A genus related to but distinct from the existing genus Arenimicrobium of other.

Alloarenimonas

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Arenimonas*, An existing genus; *Alloarenimonas*: A genus related to but distinct from the existing genus Arenimonas of other.

Alloarenitalea

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Arenitalea*, An existing genus; *Alloarenitalea*: A genus related to but distinct from the existing genus Arenitalea of other.

Alloarhodomonas

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Arhodomonas*, An existing genus; *Alloarhodomonas*: A genus related to but distinct from the existing genus Arhodomonas of other.

Alloaridibacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Aridibacter*, An existing genus; *Alloaridibacter*: A genus related to but distinct from the existing genus Aridibacter of other.

Alloarmatimonas

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Armatimonas*, An existing genus; *Alloarmatimonas*: A genus related to but distinct from the existing genus Armatimonas of other.

Alloarsenicibacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Arsenicibacter*, An existing genus; *Alloarsenicibacter*: A genus related to but distinct from the existing genus Arsenicibacter of other.

Alloarsenicicoccus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Arsenicicoccus*, An existing genus; *Alloarsenicicoccus*: A genus related to but distinct from the existing genus Arsenicicoccus of other.

Alloarsenicitalea

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Arsenicitalea*, An existing genus; *Alloarsenicitalea*: A genus related to but distinct from the existing genus Arsenicitalea of other.

Alloarsenophonus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Arsenophonus*, An existing genus; *Alloarsenophonus*: A genus related to but distinct from the existing genus Arsenophonus of other.

Alloarsukibacterium

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Arsukibacterium*, An existing genus; *Alloarsukibacterium*: A genus related to but distinct from the existing genus Arsukibacterium of other.

Alloarthrobacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Arthrobacter*, An existing genus; *Alloarthrobacter*: A genus related to but distinct from the existing genus Arthrobacter of other.

Alloarthrospira

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Arthrospira*, An existing genus; *Alloarthrospira*: A genus related to but distinct from the existing genus Arthrospira of other.

Alloarthrospiribacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Arthrospiribacter*, An existing genus; *Alloarthrospiribacter*: A genus related to but distinct from the existing genus Arthrospiribacter of other.

Alloarundinibacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Arundinibacter*, An existing genus; *Alloarundinibacter*: A genus related to but distinct from the existing genus Arundinibacter of other.

Alloarvibacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Arvibacter*, An existing genus; *Alloarvibacter*: A genus related to but distinct from the existing genus Arvibacter of other.

Alloasaccharobacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Asaccharobacter*, An existing genus; *Alloasaccharobacter*: A genus related to but distinct from the existing genus Asaccharobacter of other.

Alloasaccharospora

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Asaccharospora*, An existing genus; *Alloasaccharospora*: A genus related to but distinct from the existing genus Asaccharospora of other.

Alloasaia

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Asaia*, An existing genus; *Alloasaia*: A genus related to but distinct from the existing genus Asaia of other.

Alloasanoa

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Asanoa*, An existing genus; *Alloasanoa*: A genus related to but distinct from the existing genus Asanoa of other.

Alloascidiaceibacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Ascidiaceibacter*, An existing genus; *Alloascidiaceibacter*: A genus related to but distinct from the existing genus Ascidiaceibacter of other.

Alloascidiaceihabitans

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Ascidiaceihabitans*, An existing genus; *Alloascidiaceihabitans*: A genus related to but distinct from the existing genus Ascidiaceihabitans of other.

Alloascidiimonas

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Ascidiimonas*, An existing genus; *Alloascidiimonas*: A genus related to but distinct from the existing genus Ascidiimonas of other.

Alloasinibacterium

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Asinibacterium*, An existing genus; *Alloasinibacterium*: A genus related to but distinct from the existing genus Asinibacterium of other.

Alloasprobacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Asprobacter*, An existing genus; *Alloasprobacter*: A genus related to but distinct from the existing genus Asprobacter of other.

Alloaspromonas

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Aspromonas*, An existing genus; *Alloaspromonas*: A genus related to but distinct from the existing genus Aspromonas of other.

Alloasteroleplasma

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Asteroleplasma*, An existing genus; *Alloasteroleplasma*: A genus related to but distinct from the existing genus Asteroleplasma of other.

Alloasticcacaulis

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Asticcacaulis*, An existing genus; *Alloasticcacaulis*: A genus related to but distinct from the existing genus Asticcacaulis of other.

Alloathalassotoga

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Athalassotoga*, An existing genus; *Alloathalassotoga*: A genus related to but distinct from the existing genus Athalassotoga of other.

Alloatlantibacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Atlantibacter*, An existing genus; *Alloatlantibacter*: A genus related to but distinct from the existing genus Atlantibacter of other.

Alloatopobacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Atopobacter*, An existing genus; *Alloatopobacter*: A genus related to but distinct from the existing genus Atopobacter of other.

Alloatopobium

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Atopobium*, An existing genus; *Alloatopobium*: A genus related to but distinct from the existing genus Atopobium of other.

Alloatopococcus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Atopococcus*, An existing genus; *Alloatopococcus*: A genus related to but distinct from the existing genus Atopococcus of other.

Alloatopostipes

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Atopostipes*, An existing genus; *Alloatopostipes*: A genus related to but distinct from the existing genus Atopostipes of other.

Alloaurantiacicella

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Aurantiacicella*, An existing genus; *Alloaurantiacicella*: A genus related to but distinct from the existing genus Aurantiacicella of other.

Alloaurantibacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Aurantibacter*, An existing genus; *Alloaurantibacter*: A genus related to but distinct from the existing genus Aurantibacter of other.

Alloaurantimicrobium

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Aurantimicrobium*, An existing genus; *Alloaurantimicrobium*: A genus related to but distinct from the existing genus Aurantimicrobium of other.

Alloaurantimonas

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Aurantimonas*, An existing genus; *Alloaurantimonas*: A genus related to but distinct from the existing genus Aurantimonas of other.

Alloaurantisolimonas

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Aurantisolimonas*, An existing genus; *Alloaurantisolimonas*: A genus related to but distinct from the existing genus Aurantisolimonas of other.

Alloaurantivirga

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Aurantivirga*, An existing genus; *Alloaurantivirga*: A genus related to but distinct from the existing genus Aurantivirga of other.

Alloauraticoccus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Auraticoccus*, An existing genus; *Alloauraticoccus*: A genus related to but distinct from the existing genus Auraticoccus of other.

Alloaureibacillus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Aureibacillus*, An existing genus; *Alloaureibacillus*: A genus related to but distinct from the existing genus Aureibacillus of other.

Alloaureibacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Aureibacter*, An existing genus; *Alloaureibacter*: A genus related to but distinct from the existing genus Aureibacter of other.

Alloaureibaculum

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Aureibaculum*, An existing genus; *Alloaureibaculum*: A genus related to but distinct from the existing genus Aureibaculum of other.

Alloaureicoccus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Aureicoccus*, An existing genus; *Alloaureicoccus*: A genus related to but distinct from the existing genus Aureicoccus of other.

Alloaureimonas

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Aureimonas*, An existing genus; *Alloaureimonas*: A genus related to but distinct from the existing genus Aureimonas of other.

Alloaureisphaera

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Aureisphaera*, An existing genus; *Alloaureisphaera*: A genus related to but distinct from the existing genus Aureisphaera of other.

Alloaureispira

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Aureispira*, An existing genus; *Alloaureispira*: A genus related to but distinct from the existing genus Aureispira of other.

Alloaureitalea

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Aureitalea*, An existing genus; *Alloaureitalea*: A genus related to but distinct from the existing genus Aureitalea of other.

Alloaureivirga

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Aureivirga*, An existing genus; *Alloaureivirga*: A genus related to but distinct from the existing genus Aureivirga of other.

Alloaureliella

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. dim. n. *Aureliella*, An existing genus; *Alloaureliella*: A genus related to but distinct from the existing genus Aureliella of other.

Alloaureobacterium

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Aureobacterium*, An existing genus; *Alloaureobacterium*: A genus related to but distinct from the existing genus Aureobacterium of other.

Alloauricoccus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Auricoccus*, An existing genus; *Alloauricoccus*: A genus related to but distinct from the existing genus Auricoccus of other.

Alloauritidibacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Auritidibacter*, An existing genus; *Alloauritidibacter*: A genus related to but distinct from the existing genus Auritidibacter of other.

Alloaustwickia

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Austwickia*, An existing genus; *Alloaustwickia*: A genus related to but distinct from the existing genus Austwickia of other.

Alloavibacterium

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Avibacterium*, An existing genus; *Alloavibacterium*: A genus related to but distinct from the existing genus Avibacterium of other.

Alloazoarcus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Azoarcus*, An existing genus; *Alloazoarcus*: A genus related to but distinct from the existing genus Azoarcus of other.

Alloazohydromonas

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Azohydromonas*, An existing genus; *Alloazohydromonas*: A genus related to but distinct from the existing genus Azohydromonas of other.

Alloazomonas

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Azomonas*, An existing genus; *Alloazomonas*: A genus related to but distinct from the existing genus Azomonas of other.

Alloazonexus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Azonexus*, An existing genus; *Alloazonexus*: A genus related to but distinct from the existing genus Azonexus of other.

Alloazorhizobium

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Azorhizobium*, An existing genus; *Alloazorhizobium*: A genus related to but distinct from the existing genus Azorhizobium of other.

Alloazospira

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Azospira*, An existing genus; *Alloazospira*: A genus related to but distinct from the existing genus Azospira of other.

Alloazospirillum

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. dim. n. *Azospirillum*, An existing genus; *Alloazospirillum*: A genus related to but distinct from the existing genus Azospirillum of other.

Alloazotobacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Azotobacter*, An existing genus; *Alloazotobacter*: A genus related to but distinct from the existing genus Azotobacter of other.

Alloazovibrio

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Azovibrio*, An existing genus; *Alloazovibrio*: A genus related to but distinct from the existing genus Azovibrio of other.

Allobacilliculturomica

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Bacilliculturomica*, An existing genus; *Allobacilliculturomica*: A genus related to but distinct from the existing genus Bacilliculturomica of other.

Allobacteriolyticum

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Bacteriolyticum*, An existing genus; *Allobacteriolyticum*: A genus related to but distinct from the existing genus Bacteriolyticum of other.

Allobacterionema

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Bacterionema*, An existing genus; *Allobacterionema*: A genus related to but distinct from the existing genus Bacterionema of other.

Allobacterioplanes

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Bacterioplanes*, An existing genus; *Allobacterioplanes*: A genus related to but distinct from the existing genus Bacterioplanes of other.

Allobacterioplanoides

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Bacterioplanoides*, An existing genus; *Allobacterioplanoides*: A genus related to but distinct from the existing genus Bacterioplanoides of other.

Allobacteriovorax

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Bacteriovorax*, An existing genus; *Allobacteriovorax*: A genus related to but distinct from the existing genus Bacteriovorax of other.

Allobacteroides

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Bacteroides*, An existing genus; *Allobacteroides*: A genus related to but distinct from the existing genus Bacteroides of other.

Allobaekduia

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Baekduia*, An existing genus; *Allobaekduia*: A genus related to but distinct from the existing genus Baekduia of other.

Allobaia

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Baia*, An existing genus; *Allobaia*: A genus related to but distinct from the existing genus Baia of other.

Allobailinhaonella

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. dim. n. *Bailinhaonella*, An existing genus; *Allobailinhaonella*: A genus related to but distinct from the existing genus Bailinhaonella of other.

Allobalnearium

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Balnearium*, An existing genus; *Allobalnearium*: A genus related to but distinct from the existing genus Balnearium of other.

Allobalneicella

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Balneicella*, An existing genus; *Allobalneicella*: A genus related to but distinct from the existing genus Balneicella of other.

Allobalneimonas

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Balneimonas*, An existing genus; *Allobalneimonas*: A genus related to but distinct from the existing genus Balneimonas of other.

Allobarnesiella

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. dim. n. *Barnesiella*, An existing genus; *Allobarnesiella*: A genus related to but distinct from the existing genus Barnesiella of other.

Allobarrientosiimonas

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Barrientosiimonas*, An existing genus; *Allobarrientosiimonas*: A genus related to but distinct from the existing genus Barrientosiimonas of other.

Allobartonella

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. dim. n. *Bartonella*, An existing genus; *Allobartonella*: A genus related to but distinct from the existing genus Bartonella of other.

Allobasfia

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Basfia*, An existing genus; *Allobasfia*: A genus related to but distinct from the existing genus Basfia of other.

Allobasilea

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Basilea*, An existing genus; *Allobasilea*: A genus related to but distinct from the existing genus Basilea of other.

Allobauldia

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Bauldia*, An existing genus; *Allobauldia*: A genus related to but distinct from the existing genus Bauldia of other.

Allobavariicoccus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Bavariicoccus*, An existing genus; *Allobavariicoccus*: A genus related to but distinct from the existing genus Bavariicoccus of other.

Allobdellovibrio

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Bdellovibrio*, An existing genus; *Allobdellovibrio*: A genus related to but distinct from the existing genus Bdellovibrio of other.

Allobeduinibacterium

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Beduinibacterium*, An existing genus; *Allobeduinibacterium*: A genus related to but distinct from the existing genus Beduinibacterium of other.

Allobeggiatoa

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Beggiatoa*, An existing genus; *Allobeggiatoa*: A genus related to but distinct from the existing genus Beggiatoa of other.

Allobeijerinckia

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Beijerinckia*, An existing genus; *Allobeijerinckia*: A genus related to but distinct from the existing genus Beijerinckia of other.

Allobelliella

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. dim. n. *Belliella*, An existing genus; *Allobelliella*: A genus related to but distinct from the existing genus Belliella of other.

Allobellilinea

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Bellilinea*, An existing genus; *Allobellilinea*: A genus related to but distinct from the existing genus Bellilinea of other.

Allobelnapia

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Belnapia*, An existing genus; *Allobelnapia*: A genus related to but distinct from the existing genus Belnapia of other.

Allobeneckea

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Beneckea*, An existing genus; *Allobeneckea*: A genus related to but distinct from the existing genus Beneckea of other.

Allobergeriella

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. dim. n. *Bergeriella*, An existing genus; *Allobergeriella*: A genus related to but distinct from the existing genus Bergeriella of other.

Allobergeyella

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. dim. n. *Bergeyella*, An existing genus; *Allobergeyella*: A genus related to but distinct from the existing genus Bergeyella of other.

Allobermanella

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. dim. n. *Bermanella*, An existing genus; *Allobermanella*: A genus related to but distinct from the existing genus Bermanella of other.

Allobernardetia

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Bernardetia*, An existing genus; *Allobernardetia*: A genus related to but distinct from the existing genus Bernardetia of other.

Allobeutenbergia

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Beutenbergia*, An existing genus; *Allobeutenbergia*: A genus related to but distinct from the existing genus Beutenbergia of other.

Allobhargavaea

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Bhargavaea*, An existing genus; *Allobhargavaea*: A genus related to but distinct from the existing genus Bhargavaea of other.

Allobibersteinia

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Bibersteinia*, An existing genus; *Allobibersteinia*: A genus related to but distinct from the existing genus Bibersteinia of other.

Allobifidobacterium

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Bifidobacterium*, An existing genus; *Allobifidobacterium*: A genus related to but distinct from the existing genus Bifidobacterium of other.

Allobilophila

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Bilophila*, An existing genus; *Allobilophila*: A genus related to but distinct from the existing genus Bilophila of other.

Allobiomaibacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Biomaibacter*, An existing genus; *Allobiomaibacter*: A genus related to but distinct from the existing genus Biomaibacter of other.

Allobiostraticola

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Biostraticola*, An existing genus; *Allobiostraticola*: A genus related to but distinct from the existing genus Biostraticola of other.

Allobisgaardia

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Bisgaardia*, An existing genus; *Allobisgaardia*: A genus related to but distinct from the existing genus Bisgaardia of other.

Allobizionia

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Bizionia*, An existing genus; *Allobizionia*: A genus related to but distinct from the existing genus Bizionia of other.

Alloblastochloris

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Blastochloris*, An existing genus; *Alloblastochloris*: A genus related to but distinct from the existing genus Blastochloris of other.

Alloblastococcus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Blastococcus*, An existing genus; *Alloblastococcus*: A genus related to but distinct from the existing genus Blastococcus of other.

Alloblastopirellula

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. dim. n. *Blastopirellula*, An existing genus; *Alloblastopirellula*: A genus related to but distinct from the existing genus Blastopirellula of other.

Alloblattabacterium

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Blattabacterium*, An existing genus; *Alloblattabacterium*: A genus related to but distinct from the existing genus Blattabacterium of other.

Alloblautia

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Blautia*, An existing genus; *Alloblautia*: A genus related to but distinct from the existing genus Blautia of other.

Allobogoriella

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. dim. n. *Bogoriella*, An existing genus; *Allobogoriella*: A genus related to but distinct from the existing genus Bogoriella of other.

Allobombella

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. dim. n. *Bombella*, An existing genus; *Allobombella*: A genus related to but distinct from the existing genus Bombella of other.

Allobombilactobacillus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Bombilactobacillus*, An existing genus; *Allobombilactobacillus*: A genus related to but distinct from the existing genus Bombilactobacillus of other.

Allobombiscardovia

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Bombiscardovia*, An existing genus; *Allobombiscardovia*: A genus related to but distinct from the existing genus Bombiscardovia of other.

Allobordetella

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. dim. n. *Bordetella*, An existing genus; *Allobordetella*: A genus related to but distinct from the existing genus Bordetella of other.

Alloborrelia

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Borrelia*, An existing genus; *Alloborrelia*: A genus related to but distinct from the existing genus Borrelia of other.

Alloborreliella

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. dim. n. *Borreliella*, An existing genus; *Alloborreliella*: A genus related to but distinct from the existing genus Borreliella of other.

Allobosea

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Bosea*, An existing genus; *Allobosea*: A genus related to but distinct from the existing genus Bosea of other.

Alloboseongicola

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Boseongicola*, An existing genus; *Alloboseongicola*: A genus related to but distinct from the existing genus Boseongicola of other.

Allobotryobacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Botryobacter*, An existing genus; *Allobotryobacter*: A genus related to but distinct from the existing genus Botryobacter of other.

Alloboudabousia

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Boudabousia*, An existing genus; *Alloboudabousia*: A genus related to but distinct from the existing genus Boudabousia of other.

Allobounagaea

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Bounagaea*, An existing genus; *Allobounagaea*: A genus related to but distinct from the existing genus Bounagaea of other.

Allobowmanella

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. dim. n. *Bowmanella*, An existing genus; *Allobowmanella*: A genus related to but distinct from the existing genus Bowmanella of other.

Allobrachyspira

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Brachyspira*, An existing genus; *Allobrachyspira*: A genus related to but distinct from the existing genus Brachyspira of other.

Allobradyrhizobium

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Bradyrhizobium*, An existing genus; *Allobradyrhizobium*: A genus related to but distinct from the existing genus Bradyrhizobium of other.

Allobranchiibius

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Branchiibius*, An existing genus; *Allobranchiibius*: A genus related to but distinct from the existing genus Branchiibius of other.

Allobranhamella

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. dim. n. *Branhamella*, An existing genus; *Allobranhamella*: A genus related to but distinct from the existing genus Branhamella of other.

Allobrassicibacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Brassicibacter*, An existing genus; *Allobrassicibacter*: A genus related to but distinct from the existing genus Brassicibacter of other.

Allobremerella

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. dim. n. *Bremerella*, An existing genus; *Allobremerella*: A genus related to but distinct from the existing genus Bremerella of other.

Allobrenneria

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Brenneria*, An existing genus; *Allobrenneria*: A genus related to but distinct from the existing genus Brenneria of other.

Allobreoghania

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Breoghania*, An existing genus; *Allobreoghania*: A genus related to but distinct from the existing genus Breoghania of other.

Allobrevifollis

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Brevifollis*, An existing genus; *Allobrevifollis*: A genus related to but distinct from the existing genus Brevifollis of other.

Allobrevilactibacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Brevilactibacter*, An existing genus; *Allobrevilactibacter*: A genus related to but distinct from the existing genus Brevilactibacter of other.

Allobrevinema

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Brevinema*, An existing genus; *Allobrevinema*: A genus related to but distinct from the existing genus Brevinema of other.

Allobrevirhabdus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Brevirhabdus*, An existing genus; *Allobrevirhabdus*: A genus related to but distinct from the existing genus Brevirhabdus of other.

Allobrevundimonas

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Brevundimonas*, An existing genus; *Allobrevundimonas*: A genus related to but distinct from the existing genus Brevundimonas of other.

Allobreznakia

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Breznakia*, An existing genus; *Allobreznakia*: A genus related to but distinct from the existing genus Breznakia of other.

Allobreznakibacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Breznakibacter*, An existing genus; *Allobreznakibacter*: A genus related to but distinct from the existing genus Breznakibacter of other.

Allobrochothrix

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Brochothrix*, An existing genus; *Allobrochothrix*: A genus related to but distinct from the existing genus Brochothrix of other.

Allobrockia

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Brockia*, An existing genus; *Allobrockia*: A genus related to but distinct from the existing genus Brockia of other.

Allobrooklawnia

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Brooklawnia*, An existing genus; *Allobrooklawnia*: A genus related to but distinct from the existing genus Brooklawnia of other.

Allobrucella

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. dim. n. *Brucella*, An existing genus; *Allobrucella*: A genus related to but distinct from the existing genus Brucella of other.

Allobrumimicrobium

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Brumimicrobium*, An existing genus; *Allobrumimicrobium*: A genus related to but distinct from the existing genus Brumimicrobium of other.

Allobryantella

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. dim. n. *Bryantella*, An existing genus; *Allobryantella*: A genus related to but distinct from the existing genus Bryantella of other.

Allobryobacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Bryobacter*, An existing genus; *Allobryobacter*: A genus related to but distinct from the existing genus Bryobacter of other.

Allobryocella

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Bryocella*, An existing genus; *Allobryocella*: A genus related to but distinct from the existing genus Bryocella of other.

Allobuchananella

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. dim. n. *Buchananella*, An existing genus; *Allobuchananella*: A genus related to but distinct from the existing genus Buchananella of other.

Allobuchnera

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Buchnera*, An existing genus; *Allobuchnera*: A genus related to but distinct from the existing genus Buchnera of other.

Allobudvicia

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Budvicia*, An existing genus; *Allobudvicia*: A genus related to but distinct from the existing genus Budvicia of other.

Allobulleidia

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Bulleidia*, An existing genus; *Allobulleidia*: A genus related to but distinct from the existing genus Bulleidia of other.

Alloburkholderia

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Burkholderia*, An existing genus; *Alloburkholderia*: A genus related to but distinct from the existing genus Burkholderia of other.

Allobuttiauxella

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. dim. n. *Buttiauxella*, An existing genus; *Allobuttiauxella*: A genus related to but distinct from the existing genus Buttiauxella of other.

Allobutyratibacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Butyratibacter*, An existing genus; *Allobutyratibacter*: A genus related to but distinct from the existing genus Butyratibacter of other.

Allobutyricicoccus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Butyricicoccus*, An existing genus; *Allobutyricicoccus*: A genus related to but distinct from the existing genus Butyricicoccus of other.

Allobutyrivibrio

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Butyrivibrio*, An existing genus; *Allobutyrivibrio*: A genus related to but distinct from the existing genus Butyrivibrio of other.

Allobyssophaga

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Byssophaga*, An existing genus; *Allobyssophaga*: A genus related to but distinct from the existing genus Byssophaga of other.

Allobyssovorax

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Byssovorax*, An existing genus; *Allobyssovorax*: A genus related to but distinct from the existing genus Byssovorax of other.

Allobythopirellula

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. dim. n. *Bythopirellula*, An existing genus; *Allobythopirellula*: A genus related to but distinct from the existing genus Bythopirellula of other.

Allocaballeronia

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Caballeronia*, An existing genus; *Allocaballeronia*: A genus related to but distinct from the existing genus Caballeronia of other.

Allocaecibacterium

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Caecibacterium*, An existing genus; *Allocaecibacterium*: A genus related to but distinct from the existing genus Caecibacterium of other.

Allocaedibacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Caedibacter*, An existing genus; *Allocaedibacter*: A genus related to but distinct from the existing genus Caedibacter of other.

Allocaedimonas

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Caedimonas*, An existing genus; *Allocaedimonas*: A genus related to but distinct from the existing genus Caedimonas of other.

Allocaenibacillus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Caenibacillus*, An existing genus; *Allocaenibacillus*: A genus related to but distinct from the existing genus Caenibacillus of other.

Allocaenibacterium

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Caenibacterium*, An existing genus; *Allocaenibacterium*: A genus related to but distinct from the existing genus Caenibacterium of other.

Allocaenimonas

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Caenimonas*, An existing genus; *Allocaenimonas*: A genus related to but distinct from the existing genus Caenimonas of other.

Allocaenispirillum

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. dim. n. *Caenispirillum*, An existing genus; *Allocaenispirillum*: A genus related to but distinct from the existing genus Caenispirillum of other.

Allocalculibacillus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Calculibacillus*, An existing genus; *Allocalculibacillus*: A genus related to but distinct from the existing genus Calculibacillus of other.

Allocaldalkalibacillus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Caldalkalibacillus*, An existing genus; *Allocaldalkalibacillus*: A genus related to but distinct from the existing genus Caldalkalibacillus of other.

Allocaldanaerobacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Caldanaerobacter*, An existing genus; *Allocaldanaerobacter*: A genus related to but distinct from the existing genus Caldanaerobacter of other.

Allocaldanaerobius

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Caldanaerobius*, An existing genus; *Allocaldanaerobius*: A genus related to but distinct from the existing genus Caldanaerobius of other.

Allocaldanaerovirga

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Caldanaerovirga*, An existing genus; *Allocaldanaerovirga*: A genus related to but distinct from the existing genus Caldanaerovirga of other.

Allocalderihabitans

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Calderihabitans*, An existing genus; *Allocalderihabitans*: A genus related to but distinct from the existing genus Calderihabitans of other.

Allocalderobacterium

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Calderobacterium*, An existing genus; *Allocalderobacterium*: A genus related to but distinct from the existing genus Calderobacterium of other.

Allocaldibacillus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Caldibacillus*, An existing genus; *Allocaldibacillus*: A genus related to but distinct from the existing genus Caldibacillus of other.

Allocaldicellulosiruptor

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Caldicellulosiruptor*, An existing genus; *Allocaldicellulosiruptor*: A genus related to but distinct from the existing genus Caldicellulosiruptor of other.

Allocaldicoprobacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Caldicoprobacter*, An existing genus; *Allocaldicoprobacter*: A genus related to but distinct from the existing genus Caldicoprobacter of other.

Allocaldilinea

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Caldilinea*, An existing genus; *Allocaldilinea*: A genus related to but distinct from the existing genus Caldilinea of other.

Allocaldimicrobium

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Caldimicrobium*, An existing genus; *Allocaldimicrobium*: A genus related to but distinct from the existing genus Caldimicrobium of other.

Allocaldimonas

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Caldimonas*, An existing genus; *Allocaldimonas*: A genus related to but distinct from the existing genus Caldimonas of other.

Allocaldinitratiruptor

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Caldinitratiruptor*, An existing genus; *Allocaldinitratiruptor*: A genus related to but distinct from the existing genus Caldinitratiruptor of other.

Allocaldisalinibacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Caldisalinibacter*, An existing genus; *Allocaldisalinibacter*: A genus related to but distinct from the existing genus Caldisalinibacter of other.

Allocaldisericum

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Caldisericum*, An existing genus; *Allocaldisericum*: A genus related to but distinct from the existing genus Caldisericum of other.

Allocaldisphaera

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Caldisphaera*, An existing genus; *Allocaldisphaera*: A genus related to but distinct from the existing genus Caldisphaera of other.

Allocalditerricola

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Calditerricola*, An existing genus; *Allocalditerricola*: A genus related to but distinct from the existing genus Calditerricola of other.

Allocalditerrivibrio

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Calditerrivibrio*, An existing genus; *Allocalditerrivibrio*: A genus related to but distinct from the existing genus Calditerrivibrio of other.

Allocaldithrix

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Caldithrix*, An existing genus; *Allocaldithrix*: A genus related to but distinct from the existing genus Caldithrix of other.

Allocaldovatus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Caldovatus*, An existing genus; *Allocaldovatus*: A genus related to but distinct from the existing genus Caldovatus of other.

Allocalenema

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Calenema*, An existing genus; *Allocalenema*: A genus related to but distinct from the existing genus Calenema of other.

Allocalidifontibacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Calidifontibacter*, An existing genus; *Allocalidifontibacter*: A genus related to but distinct from the existing genus Calidifontibacter of other.

Allocalidifontimicrobium

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Calidifontimicrobium*, An existing genus; *Allocalidifontimicrobium*: A genus related to but distinct from the existing genus Calidifontimicrobium of other.

Allocalidithermus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Calidithermus*, An existing genus; *Allocalidithermus*: A genus related to but distinct from the existing genus Calidithermus of other.

Allocalochaete

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Calochaete*, An existing genus; *Allocalochaete*: A genus related to but distinct from the existing genus Calochaete of other.

Allocaloramator

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Caloramator*, An existing genus; *Allocaloramator*: A genus related to but distinct from the existing genus Caloramator of other.

Allocaloranaerobacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Caloranaerobacter*, An existing genus; *Allocaloranaerobacter*: A genus related to but distinct from the existing genus Caloranaerobacter of other.

Allocaloribacterium

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Caloribacterium*, An existing genus; *Allocaloribacterium*: A genus related to but distinct from the existing genus Caloribacterium of other.

Allocalorimonas

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Calorimonas*, An existing genus; *Allocalorimonas*: A genus related to but distinct from the existing genus Calorimonas of other.

Allocalorithrix

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Calorithrix*, An existing genus; *Allocalorithrix*: A genus related to but distinct from the existing genus Calorithrix of other.

Allocalothrix

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Calothrix*, An existing genus; *Allocalothrix*: A genus related to but distinct from the existing genus Calothrix of other.

Allocalymmatobacterium

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Calymmatobacterium*, An existing genus; *Allocalymmatobacterium*: A genus related to but distinct from the existing genus Calymmatobacterium of other.

Allocamelimonas

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Camelimonas*, An existing genus; *Allocamelimonas*: A genus related to but distinct from the existing genus Camelimonas of other.

Allocamelliibacillus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Camelliibacillus*, An existing genus; *Allocamelliibacillus*: A genus related to but distinct from the existing genus Camelliibacillus of other.

Allocaminibacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Caminibacter*, An existing genus; *Allocaminibacter*: A genus related to but distinct from the existing genus Caminibacter of other.

Allocaminicella

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Caminicella*, An existing genus; *Allocaminicella*: A genus related to but distinct from the existing genus Caminicella of other.

Allocampylobacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Campylobacter*, An existing genus; *Allocampylobacter*: A genus related to but distinct from the existing genus Campylobacter of other.

Allocanaleparolina

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Canaleparolina*, An existing genus; *Allocanaleparolina*: A genus related to but distinct from the existing genus Canaleparolina of other.

Allocandidimonas

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Candidimonas*, An existing genus; *Allocandidimonas*: A genus related to but distinct from the existing genus Candidimonas of other.

Allocanibacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Canibacter*, An existing genus; *Allocanibacter*: A genus related to but distinct from the existing genus Canibacter of other.

Allocapillus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Capillus*, An existing genus; *Allocapillus*: A genus related to but distinct from the existing genus Capillus of other.

Allocapnocytophaga

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Capnocytophaga*, An existing genus; *Allocapnocytophaga*: A genus related to but distinct from the existing genus Capnocytophaga of other.

Allocaproicibacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Caproicibacter*, An existing genus; *Allocaproicibacter*: A genus related to but distinct from the existing genus Caproicibacter of other.

Allocaproiciproducens

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Caproiciproducens*, An existing genus; *Allocaproiciproducens*: A genus related to but distinct from the existing genus Caproiciproducens of other.

Allocapsularis

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Capsularis*, An existing genus; *Allocapsularis*: A genus related to but distinct from the existing genus Capsularis of other.

Allocapsulimonas

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Capsulimonas*, An existing genus; *Allocapsulimonas*: A genus related to but distinct from the existing genus Capsulimonas of other.

Allocarbophilus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Carbophilus*, An existing genus; *Allocarbophilus*: A genus related to but distinct from the existing genus Carbophilus of other.

Allocarboxydocella

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Carboxydocella*, An existing genus; *Allocarboxydocella*: A genus related to but distinct from the existing genus Carboxydocella of other.

Allocarboxydothermus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Carboxydothermus*, An existing genus; *Allocarboxydothermus*: A genus related to but distinct from the existing genus Carboxydothermus of other.

Allocardiobacterium

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Cardiobacterium*, An existing genus; *Allocardiobacterium*: A genus related to but distinct from the existing genus Cardiobacterium of other.

Allocarideicomes

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Carideicomes*, An existing genus; *Allocarideicomes*: A genus related to but distinct from the existing genus Carideicomes of other.

Allocarnimonas

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Carnimonas*, An existing genus; *Allocarnimonas*: A genus related to but distinct from the existing genus Carnimonas of other.

Allocarnobacterium

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Carnobacterium*, An existing genus; *Allocarnobacterium*: A genus related to but distinct from the existing genus Carnobacterium of other.

Allocartusia

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Cartusia*, An existing genus; *Allocartusia*: A genus related to but distinct from the existing genus Cartusia of other.

Allocaryophanon

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Caryophanon*, An existing genus; *Allocaryophanon*: A genus related to but distinct from the existing genus Caryophanon of other.

Allocaseobacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Caseobacter*, An existing genus; *Allocaseobacter*: A genus related to but distinct from the existing genus Caseobacter of other.

Allocasimicrobium

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Casimicrobium*, An existing genus; *Allocasimicrobium*: A genus related to but distinct from the existing genus Casimicrobium of other.

Allocastellaniella

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. dim. n. *Castellaniella*, An existing genus; *Allocastellaniella*: A genus related to but distinct from the existing genus Castellaniella of other.

Allocatabacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Catabacter*, An existing genus; *Allocatabacter*: A genus related to but distinct from the existing genus Catabacter of other.

Allocatalinimonas

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Catalinimonas*, An existing genus; *Allocatalinimonas*: A genus related to but distinct from the existing genus Catalinimonas of other.

Allocatellatospora

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Catellatospora*, An existing genus; *Allocatellatospora*: A genus related to but distinct from the existing genus Catellatospora of other.

Allocatellibacterium

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Catellibacterium*, An existing genus; *Allocatellibacterium*: A genus related to but distinct from the existing genus Catellibacterium of other.

Allocatellicoccus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Catellicoccus*, An existing genus; *Allocatellicoccus*: A genus related to but distinct from the existing genus Catellicoccus of other.

Allocatelliglobosispora

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Catelliglobosispora*, An existing genus; *Allocatelliglobosispora*: A genus related to but distinct from the existing genus Catelliglobosispora of other.

Allocatenibacillus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Catenibacillus*, An existing genus; *Allocatenibacillus*: A genus related to but distinct from the existing genus Catenibacillus of other.

Allocatenibacterium

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Catenibacterium*, An existing genus; *Allocatenibacterium*: A genus related to but distinct from the existing genus Catenibacterium of other.

Allocatenisphaera

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Catenisphaera*, An existing genus; *Allocatenisphaera*: A genus related to but distinct from the existing genus Catenisphaera of other.

Allocatenococcus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Catenococcus*, An existing genus; *Allocatenococcus*: A genus related to but distinct from the existing genus Catenococcus of other.

Allocatenovulum

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Catenovulum*, An existing genus; *Allocatenovulum*: A genus related to but distinct from the existing genus Catenovulum of other.

Allocatenulispora

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Catenulispora*, An existing genus; *Allocatenulispora*: A genus related to but distinct from the existing genus Catenulispora of other.

Allocatenuloplanes

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Catenuloplanes*, An existing genus; *Allocatenuloplanes*: A genus related to but distinct from the existing genus Catenuloplanes of other.

Allocatonella

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. dim. n. *Catonella*, An existing genus; *Allocatonella*: A genus related to but distinct from the existing genus Catonella of other.

Allocaulifigura

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Caulifigura*, An existing genus; *Allocaulifigura*: A genus related to but distinct from the existing genus Caulifigura of other.

Allocaulobacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Caulobacter*, An existing genus; *Allocaulobacter*: A genus related to but distinct from the existing genus Caulobacter of other.

Allocavicella

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Cavicella*, An existing genus; *Allocavicella*: A genus related to but distinct from the existing genus Cavicella of other.

Allocaviibacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Caviibacter*, An existing genus; *Allocaviibacter*: A genus related to but distinct from the existing genus Caviibacter of other.

Allocaviibacterium

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Caviibacterium*, An existing genus; *Allocaviibacterium*: A genus related to but distinct from the existing genus Caviibacterium of other.

Allocecembia

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Cecembia*, An existing genus; *Allocecembia*: A genus related to but distinct from the existing genus Cecembia of other.

Allocedecea

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Cedecea*, An existing genus; *Allocedecea*: A genus related to but distinct from the existing genus Cedecea of other.

Allocelerinatantimonas

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Celerinatantimonas*, An existing genus; *Allocelerinatantimonas*: A genus related to but distinct from the existing genus Celerinatantimonas of other.

Allocellulomonas

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Cellulomonas*, An existing genus; *Allocellulomonas*: A genus related to but distinct from the existing genus Cellulomonas of other.

Allocellulophaga

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Cellulophaga*, An existing genus; *Allocellulophaga*: A genus related to but distinct from the existing genus Cellulophaga of other.

Allocellulosibacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Cellulosibacter*, An existing genus; *Allocellulosibacter*: A genus related to but distinct from the existing genus Cellulosibacter of other.

Allocellulosilyticum

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Cellulosilyticum*, An existing genus; *Allocellulosilyticum*: A genus related to but distinct from the existing genus Cellulosilyticum of other.

Allocellulosimicrobium

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Cellulosimicrobium*, An existing genus; *Allocellulosimicrobium*: A genus related to but distinct from the existing genus Cellulosimicrobium of other.

Allocellvibrio

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Cellvibrio*, An existing genus; *Allocellvibrio*: A genus related to but distinct from the existing genus Cellvibrio of other.

Allocenarchaeum

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Cenarchaeum*, An existing genus; *Allocenarchaeum*: A genus related to but distinct from the existing genus Cenarchaeum of other.

Allocephalothrix

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Cephalothrix*, An existing genus; *Allocephalothrix*: A genus related to but distinct from the existing genus Cephalothrix of other.

Allocephaloticoccus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Cephaloticoccus*, An existing genus; *Allocephaloticoccus*: A genus related to but distinct from the existing genus Cephaloticoccus of other.

Allocerasibacillus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Cerasibacillus*, An existing genus; *Allocerasibacillus*: A genus related to but distinct from the existing genus Cerasibacillus of other.

Allocerasicoccus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Cerasicoccus*, An existing genus; *Allocerasicoccus*: A genus related to but distinct from the existing genus Cerasicoccus of other.

Allocereibacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Cereibacter*, An existing genus; *Allocereibacter*: A genus related to but distinct from the existing genus Cereibacter of other.

Allocesiribacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Cesiribacter*, An existing genus; *Allocesiribacter*: A genus related to but distinct from the existing genus Cesiribacter of other.

Allocetobacterium

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Cetobacterium*, An existing genus; *Allocetobacterium*: A genus related to but distinct from the existing genus Cetobacterium of other.

Allochachezhania

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Chachezhania*, An existing genus; *Allochachezhania*: A genus related to but distinct from the existing genus Chachezhania of other.

Allochainia

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Chainia*, An existing genus; *Allochainia*: A genus related to but distinct from the existing genus Chainia of other.

Allochakia

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Chakia*, An existing genus; *Allochakia*: A genus related to but distinct from the existing genus Chakia of other.

Allochakrabartia

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Chakrabartia*, An existing genus; *Allochakrabartia*: A genus related to but distinct from the existing genus Chakrabartia of other.

Allochalicogloea

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Chalicogloea*, An existing genus; *Allochalicogloea*: A genus related to but distinct from the existing genus Chalicogloea of other.

Allochamaethrix

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Chamaethrix*, An existing genus; *Allochamaethrix*: A genus related to but distinct from the existing genus Chamaethrix of other.

Allochangchengzhania

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Changchengzhania*, An existing genus; *Allochangchengzhania*: A genus related to but distinct from the existing genus Changchengzhania of other.

Allochania

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Chania*, An existing genus; *Allochania*: A genus related to but distinct from the existing genus Chania of other.

Allocharonomicrobium

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Charonomicrobium*, An existing genus; *Allocharonomicrobium*: A genus related to but distinct from the existing genus Charonomicrobium of other.

Allochelativorans

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Chelativorans*, An existing genus; *Allochelativorans*: A genus related to but distinct from the existing genus Chelativorans of other.

Allochelatobacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Chelatobacter*, An existing genus; *Allochelatobacter*: A genus related to but distinct from the existing genus Chelatobacter of other.

Allochelatococcus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Chelatococcus*, An existing genus; *Allochelatococcus*: A genus related to but distinct from the existing genus Chelatococcus of other.

Allochelonobacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Chelonobacter*, An existing genus; *Allochelonobacter*: A genus related to but distinct from the existing genus Chelonobacter of other.

Allochenggangzhangella

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. dim. n. *Chenggangzhangella*, An existing genus; *Allochenggangzhangella*: A genus related to but distinct from the existing genus Chenggangzhangella of other.

Allochengkuizengella

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. dim. n. *Chengkuizengella*, An existing genus; *Allochengkuizengella*: A genus related to but distinct from the existing genus Chengkuizengella of other.

Allochiayiivirga

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Chiayiivirga*, An existing genus; *Allochiayiivirga*: A genus related to but distinct from the existing genus Chiayiivirga of other.

Allochimaereicella

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Chimaereicella*, An existing genus; *Allochimaereicella*: A genus related to but distinct from the existing genus Chimaereicella of other.

Allochimaeribacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Chimaeribacter*, An existing genus; *Allochimaeribacter*: A genus related to but distinct from the existing genus Chimaeribacter of other.

Allochishuiella

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. dim. n. *Chishuiella*, An existing genus; *Allochishuiella*: A genus related to but distinct from the existing genus Chishuiella of other.

Allochitinasiproducens

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Chitinasiproducens*, An existing genus; *Allochitinasiproducens*: A genus related to but distinct from the existing genus Chitinasiproducens of other.

Allochitinibacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Chitinibacter*, An existing genus; *Allochitinibacter*: A genus related to but distinct from the existing genus Chitinibacter of other.

Allochitinilyticum

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Chitinilyticum*, An existing genus; *Allochitinilyticum*: A genus related to but distinct from the existing genus Chitinilyticum of other.

Allochitiniphilus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Chitiniphilus*, An existing genus; *Allochitiniphilus*: A genus related to but distinct from the existing genus Chitiniphilus of other.

Allochitinispirillum

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. dim. n. *Chitinispirillum*, An existing genus; *Allochitinispirillum*: A genus related to but distinct from the existing genus Chitinispirillum of other.

Allochitinivibrio

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Chitinivibrio*, An existing genus; *Allochitinivibrio*: A genus related to but distinct from the existing genus Chitinivibrio of other.

Allochitinivorax

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Chitinivorax*, An existing genus; *Allochitinivorax*: A genus related to but distinct from the existing genus Chitinivorax of other.

Allochitinolyticbacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Chitinolyticbacter*, An existing genus; *Allochitinolyticbacter*: A genus related to but distinct from the existing genus Chitinolyticbacter of other.

Allochitinophaga

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Chitinophaga*, An existing genus; *Allochitinophaga*: A genus related to but distinct from the existing genus Chitinophaga of other.

Allochlamydia

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Chlamydia*, An existing genus; *Allochlamydia*: A genus related to but distinct from the existing genus Chlamydia of other.

Allochlamydophila

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Chlamydophila*, An existing genus; *Allochlamydophila*: A genus related to but distinct from the existing genus Chlamydophila of other.

Allochloracidobacterium

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Chloracidobacterium*, An existing genus; *Allochloracidobacterium*: A genus related to but distinct from the existing genus Chloracidobacterium of other.

Allochlorobaculum

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Chlorobaculum*, An existing genus; *Allochlorobaculum*: A genus related to but distinct from the existing genus Chlorobaculum of other.

Allochlorobium

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Chlorobium*, An existing genus; *Allochlorobium*: A genus related to but distinct from the existing genus Chlorobium of other.

Allochloroflexus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Chloroflexus*, An existing genus; *Allochloroflexus*: A genus related to but distinct from the existing genus Chloroflexus of other.

Allochloroherpeton

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Chloroherpeton*, An existing genus; *Allochloroherpeton*: A genus related to but distinct from the existing genus Chloroherpeton of other.

Allochloronema

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Chloronema*, An existing genus; *Allochloronema*: A genus related to but distinct from the existing genus Chloronema of other.

Allochondromyces

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Chondromyces*, An existing genus; *Allochondromyces*: A genus related to but distinct from the existing genus Chondromyces of other.

Allochristensenella

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. dim. n. *Christensenella*, An existing genus; *Allochristensenella*: A genus related to but distinct from the existing genus Christensenella of other.

Allochroakolemma

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Chroakolemma*, An existing genus; *Allochroakolemma*: A genus related to but distinct from the existing genus Chroakolemma of other.

Allochromatium

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Chromatium*, An existing genus; *Allochromatium*: A genus related to but distinct from the existing genus Chromatium of other.

Allochromatocurvus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Chromatocurvus*, An existing genus; *Allochromatocurvus*: A genus related to but distinct from the existing genus Chromatocurvus of other.

Allochromobacterium

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Chromobacterium*, An existing genus; *Allochromobacterium*: A genus related to but distinct from the existing genus Chromobacterium of other.

Allochromohalobacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Chromohalobacter*, An existing genus; *Allochromohalobacter*: A genus related to but distinct from the existing genus Chromohalobacter of other.

Allochroococcus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Chroococcus*, An existing genus; *Allochroococcus*: A genus related to but distinct from the existing genus Chroococcus of other.

Allochryseobacterium

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Chryseobacterium*, An existing genus; *Allochryseobacterium*: A genus related to but distinct from the existing genus Chryseobacterium of other.

Allochryseoglobus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Chryseoglobus*, An existing genus; *Allochryseoglobus*: A genus related to but distinct from the existing genus Chryseoglobus of other.

Allochryseolinea

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Chryseolinea*, An existing genus; *Allochryseolinea*: A genus related to but distinct from the existing genus Chryseolinea of other.

Allochryseomicrobium

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Chryseomicrobium*, An existing genus; *Allochryseomicrobium*: A genus related to but distinct from the existing genus Chryseomicrobium of other.

Allochryseomonas

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Chryseomonas*, An existing genus; *Allochryseomonas*: A genus related to but distinct from the existing genus Chryseomonas of other.

Allochryseotalea

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Chryseotalea*, An existing genus; *Allochryseotalea*: A genus related to but distinct from the existing genus Chryseotalea of other.

Allochrysiogenes

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Chrysiogenes*, An existing genus; *Allochrysiogenes*: A genus related to but distinct from the existing genus Chrysiogenes of other.

Allochthoniobacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Chthoniobacter*, An existing genus; *Allochthoniobacter*: A genus related to but distinct from the existing genus Chthoniobacter of other.

Allochthonobacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Chthonobacter*, An existing genus; *Allochthonobacter*: A genus related to but distinct from the existing genus Chthonobacter of other.

Allochthonomonas

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Chthonomonas*, An existing genus; *Allochthonomonas*: A genus related to but distinct from the existing genus Chthonomonas of other.

Allochujaibacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Chujaibacter*, An existing genus; *Allochujaibacter*: A genus related to but distinct from the existing genus Chujaibacter of other.

Allochungangia

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Chungangia*, An existing genus; *Allochungangia*: A genus related to but distinct from the existing genus Chungangia of other.

Allociceribacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Ciceribacter*, An existing genus; *Allociceribacter*: A genus related to but distinct from the existing genus Ciceribacter of other.

Allocitreibacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Citreibacter*, An existing genus; *Allocitreibacter*: A genus related to but distinct from the existing genus Citreibacter of other.

Allocitreicella

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Citreicella*, An existing genus; *Allocitreicella*: A genus related to but distinct from the existing genus Citreicella of other.

Allocitreimonas

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Citreimonas*, An existing genus; *Allocitreimonas*: A genus related to but distinct from the existing genus Citreimonas of other.

Allocitreitalea

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Citreitalea*, An existing genus; *Allocitreitalea*: A genus related to but distinct from the existing genus Citreitalea of other.

Allocitricoccus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Citricoccus*, An existing genus; *Allocitricoccus*: A genus related to but distinct from the existing genus Citricoccus of other.

Allocitrimicrobium

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Citrimicrobium*, An existing genus; *Allocitrimicrobium*: A genus related to but distinct from the existing genus Citrimicrobium of other.

Allocitrobacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Citrobacter*, An existing genus; *Allocitrobacter*: A genus related to but distinct from the existing genus Citrobacter of other.

Allocitromicrobium

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Citromicrobium*, An existing genus; *Allocitromicrobium*: A genus related to but distinct from the existing genus Citromicrobium of other.

Allocitroniella

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. dim. n. *Citroniella*, An existing genus; *Allocitroniella*: A genus related to but distinct from the existing genus Citroniella of other.

Alloclavibacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Clavibacter*, An existing genus; *Alloclavibacter*: A genus related to but distinct from the existing genus Clavibacter of other.

Alloclevelandina

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Clevelandina*, An existing genus; *Alloclevelandina*: A genus related to but distinct from the existing genus Clevelandina of other.

Allocloacibacillus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Cloacibacillus*, An existing genus; *Allocloacibacillus*: A genus related to but distinct from the existing genus Cloacibacillus of other.

Allocloacibacterium

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Cloacibacterium*, An existing genus; *Allocloacibacterium*: A genus related to but distinct from the existing genus Cloacibacterium of other.

Alloclostridiisalibacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Clostridiisalibacter*, An existing genus; *Alloclostridiisalibacter*: A genus related to but distinct from the existing genus Clostridiisalibacter of other.

Alloclostridioides

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Clostridioides*, An existing genus; *Alloclostridioides*: A genus related to but distinct from the existing genus Clostridioides of other.

Alloclostridium

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. dim. n. *Clostridium*, An existing genus; *Alloclostridium*: A genus related to but distinct from the existing genus Clostridium of other.

Allocnuella

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. dim. n. *Cnuella*, An existing genus; *Allocnuella*: A genus related to but distinct from the existing genus Cnuella of other.

Allocnuibacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Cnuibacter*, An existing genus; *Allocnuibacter*: A genus related to but distinct from the existing genus Cnuibacter of other.

Allocobetia

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Cobetia*, An existing genus; *Allocobetia*: A genus related to but distinct from the existing genus Cobetia of other.

Allocochleicola

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Cochleicola*, An existing genus; *Allocochleicola*: A genus related to but distinct from the existing genus Cochleicola of other.

Allococleimonas

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Cocleimonas*, An existing genus; *Allococleimonas*: A genus related to but distinct from the existing genus Cocleimonas of other.

Allocoenonia

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Coenonia*, An existing genus; *Allocoenonia*: A genus related to but distinct from the existing genus Coenonia of other.

Allocoetzeea

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Coetzeea*, An existing genus; *Allocoetzeea*: A genus related to but distinct from the existing genus Coetzeea of other.

Allocognaticolwellia

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Cognaticolwellia*, An existing genus; *Allocognaticolwellia*: A genus related to but distinct from the existing genus Cognaticolwellia of other.

Allocognatishimia

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Cognatishimia*, An existing genus; *Allocognatishimia*: A genus related to but distinct from the existing genus Cognatishimia of other.

Allocognatiyoonia

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Cognatiyoonia*, An existing genus; *Allocognatiyoonia*: A genus related to but distinct from the existing genus Cognatiyoonia of other.

Allocohaesibacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Cohaesibacter*, An existing genus; *Allocohaesibacter*: A genus related to but distinct from the existing genus Cohaesibacter of other.

Allocohnella

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. dim. n. *Cohnella*, An existing genus; *Allocohnella*: A genus related to but distinct from the existing genus Cohnella of other.

Allocoleofasciculus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. dim. n. *Coleofasciculus*, An existing genus; *Allocoleofasciculus*: A genus related to but distinct from the existing genus Coleofasciculus of other.

Allocollimonas

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Collimonas*, An existing genus; *Allocollimonas*: A genus related to but distinct from the existing genus Collimonas of other.

Allocollinsella

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. dim. n. *Collinsella*, An existing genus; *Allocollinsella*: A genus related to but distinct from the existing genus Collinsella of other.

Allocolteronema

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Colteronema*, An existing genus; *Allocolteronema*: A genus related to but distinct from the existing genus Colteronema of other.

Allocolwellia

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Colwellia*, An existing genus; *Allocolwellia*: A genus related to but distinct from the existing genus Colwellia of other.

Allocomamonas

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Comamonas*, An existing genus; *Allocomamonas*: A genus related to but distinct from the existing genus Comamonas of other.

Allocommensalibacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Commensalibacter*, An existing genus; *Allocommensalibacter*: A genus related to but distinct from the existing genus Commensalibacter of other.

Allocompactonostoc

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Compactonostoc*, An existing genus; *Allocompactonostoc*: A genus related to but distinct from the existing genus Compactonostoc of other.

Allocompanilactobacillus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Companilactobacillus*, An existing genus; *Allocompanilactobacillus*: A genus related to but distinct from the existing genus Companilactobacillus of other.

Allocompostibacillus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Compostibacillus*, An existing genus; *Allocompostibacillus*: A genus related to but distinct from the existing genus Compostibacillus of other.

Allocompostimonas

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Compostimonas*, An existing genus; *Allocompostimonas*: A genus related to but distinct from the existing genus Compostimonas of other.

Alloconchiformibius

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Conchiformibius*, An existing genus; *Alloconchiformibius*: A genus related to but distinct from the existing genus Conchiformibius of other.

Alloconexibacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Conexibacter*, An existing genus; *Alloconexibacter*: A genus related to but distinct from the existing genus Conexibacter of other.

Alloconfluentibacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Confluentibacter*, An existing genus; *Alloconfluentibacter*: A genus related to but distinct from the existing genus Confluentibacter of other.

Alloconfluentimicrobium

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Confluentimicrobium*, An existing genus; *Alloconfluentimicrobium*: A genus related to but distinct from the existing genus Confluentimicrobium of other.

Alloconglomeromonas

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Conglomeromonas*, An existing genus; *Alloconglomeromonas*: A genus related to but distinct from the existing genus Conglomeromonas of other.

Allocongregibacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Congregibacter*, An existing genus; *Allocongregibacter*: A genus related to but distinct from the existing genus Congregibacter of other.

Alloconservatibacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Conservatibacter*, An existing genus; *Alloconservatibacter*: A genus related to but distinct from the existing genus Conservatibacter of other.

Alloconsotaella

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. dim. n. *Consotaella*, An existing genus; *Alloconsotaella*: A genus related to but distinct from the existing genus Consotaella of other.

Alloconstrictibacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Constrictibacter*, An existing genus; *Alloconstrictibacter*: A genus related to but distinct from the existing genus Constrictibacter of other.

Alloconvivina

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Convivina*, An existing genus; *Alloconvivina*: A genus related to but distinct from the existing genus Convivina of other.

Alloconyzicola

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Conyzicola*, An existing genus; *Alloconyzicola*: A genus related to but distinct from the existing genus Conyzicola of other.

Allocoprobacillus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Coprobacillus*, An existing genus; *Allocoprobacillus*: A genus related to but distinct from the existing genus Coprobacillus of other.

Allocoprobacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Coprobacter*, An existing genus; *Allocoprobacter*: A genus related to but distinct from the existing genus Coprobacter of other.

Allocoprococcus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Coprococcus*, An existing genus; *Allocoprococcus*: A genus related to but distinct from the existing genus Coprococcus of other.

Allocoprothermobacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Coprothermobacter*, An existing genus; *Allocoprothermobacter*: A genus related to but distinct from the existing genus Coprothermobacter of other.

Allocoraliitalea

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Coraliitalea*, An existing genus; *Allocoraliitalea*: A genus related to but distinct from the existing genus Coraliitalea of other.

Allocoraliomargarita

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Coraliomargarita*, An existing genus; *Allocoraliomargarita*: A genus related to but distinct from the existing genus Coraliomargarita of other.

Allocorallibacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Corallibacter*, An existing genus; *Allocorallibacter*: A genus related to but distinct from the existing genus Corallibacter of other.

Allocorallincola

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Corallincola*, An existing genus; *Allocorallincola*: A genus related to but distinct from the existing genus Corallincola of other.

Allocorallococcus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Corallococcus*, An existing genus; *Allocorallococcus*: A genus related to but distinct from the existing genus Corallococcus of other.

Allocoralloluteibacterium

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Coralloluteibacterium*, An existing genus; *Allocoralloluteibacterium*: A genus related to but distinct from the existing genus Coralloluteibacterium of other.

Allocorallomonas

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Corallomonas*, An existing genus; *Allocorallomonas*: A genus related to but distinct from the existing genus Corallomonas of other.

Allocoralslurrinella

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. dim. n. *Coralslurrinella*, An existing genus; *Allocoralslurrinella*: A genus related to but distinct from the existing genus Coralslurrinella of other.

Allocorticicoccus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Corticicoccus*, An existing genus; *Allocorticicoccus*: A genus related to but distinct from the existing genus Corticicoccus of other.

Allocorynebacterium

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Corynebacterium*, An existing genus; *Allocorynebacterium*: A genus related to but distinct from the existing genus Corynebacterium of other.

Allocosenzaea

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Cosenzaea*, An existing genus; *Allocosenzaea*: A genus related to but distinct from the existing genus Cosenzaea of other.

Allocostertonia

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Costertonia*, An existing genus; *Allocostertonia*: A genus related to but distinct from the existing genus Costertonia of other.

Allocouchioplanes

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Couchioplanes*, An existing genus; *Allocouchioplanes*: A genus related to but distinct from the existing genus Couchioplanes of other.

Allocowdria

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Cowdria*, An existing genus; *Allocowdria*: A genus related to but distinct from the existing genus Cowdria of other.

Allocoxiella

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. dim. n. *Coxiella*, An existing genus; *Allocoxiella*: A genus related to but distinct from the existing genus Coxiella of other.

Allocrabtreella

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. dim. n. *Crabtreella*, An existing genus; *Allocrabtreella*: A genus related to but distinct from the existing genus Crabtreella of other.

Allocrassaminicella

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Crassaminicella*, An existing genus; *Allocrassaminicella*: A genus related to but distinct from the existing genus Crassaminicella of other.

Allocrateriforma

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Crateriforma*, An existing genus; *Allocrateriforma*: A genus related to but distinct from the existing genus Crateriforma of other.

Allocraterilacuibacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Craterilacuibacter*, An existing genus; *Allocraterilacuibacter*: A genus related to but distinct from the existing genus Craterilacuibacter of other.

Allocraurococcus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Craurococcus*, An existing genus; *Allocraurococcus*: A genus related to but distinct from the existing genus Craurococcus of other.

Allocrenalkalicoccus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Crenalkalicoccus*, An existing genus; *Allocrenalkalicoccus*: A genus related to but distinct from the existing genus Crenalkalicoccus of other.

Allocrenotalea

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Crenotalea*, An existing genus; *Allocrenotalea*: A genus related to but distinct from the existing genus Crenotalea of other.

Allocriblamydia

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Criblamydia*, An existing genus; *Allocriblamydia*: A genus related to but distinct from the existing genus Criblamydia of other.

Allocribrihabitans

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Cribrihabitans*, An existing genus; *Allocribrihabitans*: A genus related to but distinct from the existing genus Cribrihabitans of other.

Allocricetibacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Cricetibacter*, An existing genus; *Allocricetibacter*: A genus related to but distinct from the existing genus Cricetibacter of other.

Allocristispira

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Cristispira*, An existing genus; *Allocristispira*: A genus related to but distinct from the existing genus Cristispira of other.

Allocroceibacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Croceibacter*, An existing genus; *Allocroceibacter*: A genus related to but distinct from the existing genus Croceibacter of other.

Allocroceibacterium

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Croceibacterium*, An existing genus; *Allocroceibacterium*: A genus related to but distinct from the existing genus Croceibacterium of other.

Allocroceicoccus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Croceicoccus*, An existing genus; *Allocroceicoccus*: A genus related to but distinct from the existing genus Croceicoccus of other.

Allocroceifilum

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Croceifilum*, An existing genus; *Allocroceifilum*: A genus related to but distinct from the existing genus Croceifilum of other.

Allocroceitalea

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Croceitalea*, An existing genus; *Allocroceitalea*: A genus related to but distinct from the existing genus Croceitalea of other.

Allocroceivirga

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Croceivirga*, An existing genus; *Allocroceivirga*: A genus related to but distinct from the existing genus Croceivirga of other.

Allocrocinitomix

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Crocinitomix*, An existing genus; *Allocrocinitomix*: A genus related to but distinct from the existing genus Crocinitomix of other.

Allocrocosphaera

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Crocosphaera*, An existing genus; *Allocrocosphaera*: A genus related to but distinct from the existing genus Crocosphaera of other.

Allocronobacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Cronobacter*, An existing genus; *Allocronobacter*: A genus related to but distinct from the existing genus Cronobacter of other.

Allocrossiella

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. dim. n. *Crossiella*, An existing genus; *Allocrossiella*: A genus related to but distinct from the existing genus Crossiella of other.

Allocruoricaptor

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Cruoricaptor*, An existing genus; *Allocruoricaptor*: A genus related to but distinct from the existing genus Cruoricaptor of other.

Allocryobacterium

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Cryobacterium*, An existing genus; *Allocryobacterium*: A genus related to but distinct from the existing genus Cryobacterium of other.

Allocryomorpha

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Cryomorpha*, An existing genus; *Allocryomorpha*: A genus related to but distinct from the existing genus Cryomorpha of other.

Allocryptanaerobacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Cryptanaerobacter*, An existing genus; *Allocryptanaerobacter*: A genus related to but distinct from the existing genus Cryptanaerobacter of other.

Allocryptobacterium

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Cryptobacterium*, An existing genus; *Allocryptobacterium*: A genus related to but distinct from the existing genus Cryptobacterium of other.

Allocryptococcum

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Cryptococcum*, An existing genus; *Allocryptococcum*: A genus related to but distinct from the existing genus Cryptococcum of other.

Allocryptosporangium

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Cryptosporangium*, An existing genus; *Allocryptosporangium*: A genus related to but distinct from the existing genus Cryptosporangium of other.

Allocucumibacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Cucumibacter*, An existing genus; *Allocucumibacter*: A genus related to but distinct from the existing genus Cucumibacter of other.

Allocumulibacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Cumulibacter*, An existing genus; *Allocumulibacter*: A genus related to but distinct from the existing genus Cumulibacter of other.

Allocuneatibacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Cuneatibacter*, An existing genus; *Allocuneatibacter*: A genus related to but distinct from the existing genus Cuneatibacter of other.

Allocuniculiplasma

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Cuniculiplasma*, An existing genus; *Allocuniculiplasma*: A genus related to but distinct from the existing genus Cuniculiplasma of other.

Allocupriavidus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Cupriavidus*, An existing genus; *Allocupriavidus*: A genus related to but distinct from the existing genus Cupriavidus of other.

Allocurtobacterium

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Curtobacterium*, An existing genus; *Allocurtobacterium*: A genus related to but distinct from the existing genus Curtobacterium of other.

Allocurvibacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Curvibacter*, An existing genus; *Allocurvibacter*: A genus related to but distinct from the existing genus Curvibacter of other.

Allocutibacterium

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Cutibacterium*, An existing genus; *Allocutibacterium*: A genus related to but distinct from the existing genus Cutibacterium of other.

Allocyanocohniella

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. dim. n. *Cyanocohniella*, An existing genus; *Allocyanocohniella*: A genus related to but distinct from the existing genus Cyanocohniella of other.

Allocyanocomperia

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Cyanocomperia*, An existing genus; *Allocyanocomperia*: A genus related to but distinct from the existing genus Cyanocomperia of other.

Allocyanoderma

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Cyanoderma*, An existing genus; *Allocyanoderma*: A genus related to but distinct from the existing genus Cyanoderma of other.

Allocyanosaccus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Cyanosaccus*, An existing genus; *Allocyanosaccus*: A genus related to but distinct from the existing genus Cyanosaccus of other.

Allocyclobacterium

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Cyclobacterium*, An existing genus; *Allocyclobacterium*: A genus related to but distinct from the existing genus Cyclobacterium of other.

Allocycloclasticus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Cycloclasticus*, An existing genus; *Allocycloclasticus*: A genus related to but distinct from the existing genus Cycloclasticus of other.

Allocysteiniphilum

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Cysteiniphilum*, An existing genus; *Allocysteiniphilum*: A genus related to but distinct from the existing genus Cysteiniphilum of other.

Allocystobacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Cystobacter*, An existing genus; *Allocystobacter*: A genus related to but distinct from the existing genus Cystobacter of other.

Allocytobacillus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Cytobacillus*, An existing genus; *Allocytobacillus*: A genus related to but distinct from the existing genus Cytobacillus of other.

Allocytophaga

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Cytophaga*, An existing genus; *Allocytophaga*: A genus related to but distinct from the existing genus Cytophaga of other.

Allodactylosporangium

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Dactylosporangium*, An existing genus; *Allodactylosporangium*: A genus related to but distinct from the existing genus Dactylosporangium of other.

Allodaeguia

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Daeguia*, An existing genus; *Allodaeguia*: A genus related to but distinct from the existing genus Daeguia of other.

Allodaejeonella

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. dim. n. *Daejeonella*, An existing genus; *Allodaejeonella*: A genus related to but distinct from the existing genus Daejeonella of other.

Allodaejeonia

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Daejeonia*, An existing genus; *Allodaejeonia*: A genus related to but distinct from the existing genus Daejeonia of other.

Allodankookia

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Dankookia*, An existing genus; *Allodankookia*: A genus related to but distinct from the existing genus Dankookia of other.

Allodaptobacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Daptobacter*, An existing genus; *Allodaptobacter*: A genus related to but distinct from the existing genus Daptobacter of other.

Allodasania

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Dasania*, An existing genus; *Allodasania*: A genus related to but distinct from the existing genus Dasania of other.

Allodechlorobacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Dechlorobacter*, An existing genus; *Allodechlorobacter*: A genus related to but distinct from the existing genus Dechlorobacter of other.

Allodechloromonas

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Dechloromonas*, An existing genus; *Allodechloromonas*: A genus related to but distinct from the existing genus Dechloromonas of other.

Allodechlorosoma

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Dechlorosoma*, An existing genus; *Allodechlorosoma*: A genus related to but distinct from the existing genus Dechlorosoma of other.

Allodeefgea

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Deefgea*, An existing genus; *Allodeefgea*: A genus related to but distinct from the existing genus Deefgea of other.

Allodeferribacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Deferribacter*, An existing genus; *Allodeferribacter*: A genus related to but distinct from the existing genus Deferribacter of other.

Allodeferrisoma

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Deferrisoma*, An existing genus; *Allodeferrisoma*: A genus related to but distinct from the existing genus Deferrisoma of other.

Allodefluvibacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Defluvibacter*, An existing genus; *Allodefluvibacter*: A genus related to but distinct from the existing genus Defluvibacter of other.

Allodefluviicoccus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Defluviicoccus*, An existing genus; *Allodefluviicoccus*: A genus related to but distinct from the existing genus Defluviicoccus of other.

Allodefluviimonas

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Defluviimonas*, An existing genus; *Allodefluviimonas*: A genus related to but distinct from the existing genus Defluviimonas of other.

Allodefluviitalea

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Defluviitalea*, An existing genus; *Allodefluviitalea*: A genus related to but distinct from the existing genus Defluviitalea of other.

Allodefluviitoga

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Defluviitoga*, An existing genus; *Allodefluviitoga*: A genus related to but distinct from the existing genus Defluviitoga of other.

Allodehalobacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Dehalobacter*, An existing genus; *Allodehalobacter*: A genus related to but distinct from the existing genus Dehalobacter of other.

Allodehalobacterium

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Dehalobacterium*, An existing genus; *Allodehalobacterium*: A genus related to but distinct from the existing genus Dehalobacterium of other.

Allodehalogenimonas

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Dehalogenimonas*, An existing genus; *Allodehalogenimonas*: A genus related to but distinct from the existing genus Dehalogenimonas of other.

Allodeinobacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Deinobacter*, An existing genus; *Allodeinobacter*: A genus related to but distinct from the existing genus Deinobacter of other.

Allodeinobacterium

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Deinobacterium*, An existing genus; *Allodeinobacterium*: A genus related to but distinct from the existing genus Deinobacterium of other.

Allodeinococcus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Deinococcus*, An existing genus; *Allodeinococcus*: A genus related to but distinct from the existing genus Deinococcus of other.

Allodeleya

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Deleya*, An existing genus; *Allodeleya*: A genus related to but distinct from the existing genus Deleya of other.

Allodelftia

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Delftia*, An existing genus; *Allodelftia*: A genus related to but distinct from the existing genus Delftia of other.

Allodellaglioa

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Dellaglioa*, An existing genus; *Allodellaglioa*: A genus related to but distinct from the existing genus Dellaglioa of other.

Allodemequina

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Demequina*, An existing genus; *Allodemequina*: A genus related to but distinct from the existing genus Demequina of other.

Allodemetria

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Demetria*, An existing genus; *Allodemetria*: A genus related to but distinct from the existing genus Demetria of other.

Allodeminuibacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Deminuibacter*, An existing genus; *Allodeminuibacter*: A genus related to but distinct from the existing genus Deminuibacter of other.

Allodenitratimonas

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Denitratimonas*, An existing genus; *Allodenitratimonas*: A genus related to but distinct from the existing genus Denitratimonas of other.

Allodenitratisoma

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Denitratisoma*, An existing genus; *Allodenitratisoma*: A genus related to but distinct from the existing genus Denitratisoma of other.

Allodenitrobacterium

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Denitrobacterium*, An existing genus; *Allodenitrobacterium*: A genus related to but distinct from the existing genus Denitrobacterium of other.

Allodenitrobaculum

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Denitrobaculum*, An existing genus; *Allodenitrobaculum*: A genus related to but distinct from the existing genus Denitrobaculum of other.

Allodenitrovibrio

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Denitrovibrio*, An existing genus; *Allodenitrovibrio*: A genus related to but distinct from the existing genus Denitrovibrio of other.

Allodermacoccus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Dermacoccus*, An existing genus; *Allodermacoccus*: A genus related to but distinct from the existing genus Dermacoccus of other.

Allodermatophilus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Dermatophilus*, An existing genus; *Allodermatophilus*: A genus related to but distinct from the existing genus Dermatophilus of other.

Alloderxia

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Derxia*, An existing genus; *Alloderxia*: A genus related to but distinct from the existing genus Derxia of other.

Allodesemzia

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Desemzia*, An existing genus; *Allodesemzia*: A genus related to but distinct from the existing genus Desemzia of other.

Allodesertibacillus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Desertibacillus*, An existing genus; *Allodesertibacillus*: A genus related to but distinct from the existing genus Desertibacillus of other.

Allodesertibacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Desertibacter*, An existing genus; *Allodesertibacter*: A genus related to but distinct from the existing genus Desertibacter of other.

Allodesertifilum

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Desertifilum*, An existing genus; *Allodesertifilum*: A genus related to but distinct from the existing genus Desertifilum of other.

Allodesertihabitans

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Desertihabitans*, An existing genus; *Allodesertihabitans*: A genus related to but distinct from the existing genus Desertihabitans of other.

Allodesertimonas

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Desertimonas*, An existing genus; *Allodesertimonas*: A genus related to but distinct from the existing genus Desertimonas of other.

Allodesikacharya

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Desikacharya*, An existing genus; *Allodesikacharya*: A genus related to but distinct from the existing genus Desikacharya of other.

Allodesmospora

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Desmospora*, An existing genus; *Allodesmospora*: A genus related to but distinct from the existing genus Desmospora of other.

Allodesnuesiella

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. dim. n. *Desnuesiella*, An existing genus; *Allodesnuesiella*: A genus related to but distinct from the existing genus Desnuesiella of other.

Allodesulfacinum

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Desulfacinum*, An existing genus; *Allodesulfacinum*: A genus related to but distinct from the existing genus Desulfacinum of other.

Allodesulfallas

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Desulfallas*, An existing genus; *Allodesulfallas*: A genus related to but distinct from the existing genus Desulfallas of other.

Allodesulfarculus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Desulfarculus*, An existing genus; *Allodesulfarculus*: A genus related to but distinct from the existing genus Desulfarculus of other.

Allodesulfatibacillum

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Desulfatibacillum*, An existing genus; *Allodesulfatibacillum*: A genus related to but distinct from the existing genus Desulfatibacillum of other.

Allodesulfatiferula

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Desulfatiferula*, An existing genus; *Allodesulfatiferula*: A genus related to but distinct from the existing genus Desulfatiferula of other.

Allodesulfatiglans

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Desulfatiglans*, An existing genus; *Allodesulfatiglans*: A genus related to but distinct from the existing genus Desulfatiglans of other.

Allodesulfatirhabdium

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. dim. n. *Desulfatirhabdium*, An existing genus; *Allodesulfatirhabdium*: A genus related to but distinct from the existing genus Desulfatirhabdium of other.

Allodesulfatitalea

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Desulfatitalea*, An existing genus; *Allodesulfatitalea*: A genus related to but distinct from the existing genus Desulfatitalea of other.

Allodesulfitibacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Desulfitibacter*, An existing genus; *Allodesulfitibacter*: A genus related to but distinct from the existing genus Desulfitibacter of other.

Allodesulfitispora

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Desulfitispora*, An existing genus; *Allodesulfitispora*: A genus related to but distinct from the existing genus Desulfitispora of other.

Allodesulfitobacterium

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Desulfitobacterium*, An existing genus; *Allodesulfitobacterium*: A genus related to but distinct from the existing genus Desulfitobacterium of other.

Allodesulfobacca

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Desulfobacca*, An existing genus; *Allodesulfobacca*: A genus related to but distinct from the existing genus Desulfobacca of other.

Allodesulfobacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Desulfobacter*, An existing genus; *Allodesulfobacter*: A genus related to but distinct from the existing genus Desulfobacter of other.

Allodesulfobacterium

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Desulfobacterium*, An existing genus; *Allodesulfobacterium*: A genus related to but distinct from the existing genus Desulfobacterium of other.

Allodesulfobacula

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. dim. n. *Desulfobacula*, An existing genus; *Allodesulfobacula*: A genus related to but distinct from the existing genus Desulfobacula of other.

Allodesulfobaculum

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Desulfobaculum*, An existing genus; *Allodesulfobaculum*: A genus related to but distinct from the existing genus Desulfobaculum of other.

Allodesulfobotulus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Desulfobotulus*, An existing genus; *Allodesulfobotulus*: A genus related to but distinct from the existing genus Desulfobotulus of other.

Allodesulfobulbus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Desulfobulbus*, An existing genus; *Allodesulfobulbus*: A genus related to but distinct from the existing genus Desulfobulbus of other.

Allodesulfocapsa

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Desulfocapsa*, An existing genus; *Allodesulfocapsa*: A genus related to but distinct from the existing genus Desulfocapsa of other.

Allodesulfocarbo

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Desulfocarbo*, An existing genus; *Allodesulfocarbo*: A genus related to but distinct from the existing genus Desulfocarbo of other.

Allodesulfocella

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Desulfocella*, An existing genus; *Allodesulfocella*: A genus related to but distinct from the existing genus Desulfocella of other.

Allodesulfococcus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Desulfococcus*, An existing genus; *Allodesulfococcus*: A genus related to but distinct from the existing genus Desulfococcus of other.

Allodesulfocucumis

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Desulfocucumis*, An existing genus; *Allodesulfocucumis*: A genus related to but distinct from the existing genus Desulfocucumis of other.

Allodesulfocurvibacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Desulfocurvibacter*, An existing genus; *Allodesulfocurvibacter*: A genus related to but distinct from the existing genus Desulfocurvibacter of other.

Allodesulfocurvus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Desulfocurvus*, An existing genus; *Allodesulfocurvus*: A genus related to but distinct from the existing genus Desulfocurvus of other.

Allodesulfofaba

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Desulfofaba*, An existing genus; *Allodesulfofaba*: A genus related to but distinct from the existing genus Desulfofaba of other.

Allodesulfofarcimen

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Desulfofarcimen*, An existing genus; *Allodesulfofarcimen*: A genus related to but distinct from the existing genus Desulfofarcimen of other.

Allodesulfofrigus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Desulfofrigus*, An existing genus; *Allodesulfofrigus*: A genus related to but distinct from the existing genus Desulfofrigus of other.

Allodesulfofundulus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Desulfofundulus*, An existing genus; *Allodesulfofundulus*: A genus related to but distinct from the existing genus Desulfofundulus of other.

Allodesulfofustis

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Desulfofustis*, An existing genus; *Allodesulfofustis*: A genus related to but distinct from the existing genus Desulfofustis of other.

Allodesulfoglaeba

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Desulfoglaeba*, An existing genus; *Allodesulfoglaeba*: A genus related to but distinct from the existing genus Desulfoglaeba of other.

Allodesulfohalobium

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Desulfohalobium*, An existing genus; *Allodesulfohalobium*: A genus related to but distinct from the existing genus Desulfohalobium of other.

Allodesulfohalophilus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Desulfohalophilus*, An existing genus; *Allodesulfohalophilus*: A genus related to but distinct from the existing genus Desulfohalophilus of other.

Allodesulfohalotomaculum

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Desulfohalotomaculum*, An existing genus; *Allodesulfohalotomaculum*: A genus related to but distinct from the existing genus Desulfohalotomaculum of other.

Allodesulfohalovibrio

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Desulfohalovibrio*, An existing genus; *Allodesulfohalovibrio*: A genus related to but distinct from the existing genus Desulfohalovibrio of other.

Allodesulfoluna

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Desulfoluna*, An existing genus; *Allodesulfoluna*: A genus related to but distinct from the existing genus Desulfoluna of other.

Allodesulfomicrobium

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Desulfomicrobium*, An existing genus; *Allodesulfomicrobium*: A genus related to but distinct from the existing genus Desulfomicrobium of other.

Allodesulfomonas

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Desulfomonas*, An existing genus; *Allodesulfomonas*: A genus related to but distinct from the existing genus Desulfomonas of other.

Allodesulfomonile

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Desulfomonile*, An existing genus; *Allodesulfomonile*: A genus related to but distinct from the existing genus Desulfomonile of other.

Allodesulfomusa

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Desulfomusa*, An existing genus; *Allodesulfomusa*: A genus related to but distinct from the existing genus Desulfomusa of other.

Allodesulfonatronobacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Desulfonatronobacter*, An existing genus; *Allodesulfonatronobacter*: A genus related to but distinct from the existing genus Desulfonatronobacter of other.

Allodesulfonatronospira

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Desulfonatronospira*, An existing genus; *Allodesulfonatronospira*: A genus related to but distinct from the existing genus Desulfonatronospira of other.

Allodesulfonatronovibrio

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Desulfonatronovibrio*, An existing genus; *Allodesulfonatronovibrio*: A genus related to but distinct from the existing genus Desulfonatronovibrio of other.

Allodesulfonatronum

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Desulfonatronum*, An existing genus; *Allodesulfonatronum*: A genus related to but distinct from the existing genus Desulfonatronum of other.

Allodesulfonauticus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Desulfonauticus*, An existing genus; *Allodesulfonauticus*: A genus related to but distinct from the existing genus Desulfonauticus of other.

Allodesulfonema

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Desulfonema*, An existing genus; *Allodesulfonema*: A genus related to but distinct from the existing genus Desulfonema of other.

Allodesulfonispora

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Desulfonispora*, An existing genus; *Allodesulfonispora*: A genus related to but distinct from the existing genus Desulfonispora of other.

Allodesulfopila

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Desulfopila*, An existing genus; *Allodesulfopila*: A genus related to but distinct from the existing genus Desulfopila of other.

Allodesulfoplanes

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Desulfoplanes*, An existing genus; *Allodesulfoplanes*: A genus related to but distinct from the existing genus Desulfoplanes of other.

Allodesulfoprunum

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Desulfoprunum*, An existing genus; *Allodesulfoprunum*: A genus related to but distinct from the existing genus Desulfoprunum of other.

Allodesulforegula

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Desulforegula*, An existing genus; *Allodesulforegula*: A genus related to but distinct from the existing genus Desulforegula of other.

Allodesulforhabdus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Desulforhabdus*, An existing genus; *Allodesulforhabdus*: A genus related to but distinct from the existing genus Desulforhabdus of other.

Allodesulforhopalus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Desulforhopalus*, An existing genus; *Allodesulforhopalus*: A genus related to but distinct from the existing genus Desulforhopalus of other.

Allodesulfosalsimonas

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Desulfosalsimonas*, An existing genus; *Allodesulfosalsimonas*: A genus related to but distinct from the existing genus Desulfosalsimonas of other.

Allodesulfosarcina

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Desulfosarcina*, An existing genus; *Allodesulfosarcina*: A genus related to but distinct from the existing genus Desulfosarcina of other.

Allodesulfosoma

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Desulfosoma*, An existing genus; *Allodesulfosoma*: A genus related to but distinct from the existing genus Desulfosoma of other.

Allodesulfospira

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Desulfospira*, An existing genus; *Allodesulfospira*: A genus related to but distinct from the existing genus Desulfospira of other.

Allodesulfosporomusa

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Desulfosporomusa*, An existing genus; *Allodesulfosporomusa*: A genus related to but distinct from the existing genus Desulfosporomusa of other.

Allodesulfosporosinus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Desulfosporosinus*, An existing genus; *Allodesulfosporosinus*: A genus related to but distinct from the existing genus Desulfosporosinus of other.

Allodesulfotalea

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Desulfotalea*, An existing genus; *Allodesulfotalea*: A genus related to but distinct from the existing genus Desulfotalea of other.

Allodesulfothermobacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Desulfothermobacter*, An existing genus; *Allodesulfothermobacter*: A genus related to but distinct from the existing genus Desulfothermobacter of other.

Allodesulfothermus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Desulfothermus*, An existing genus; *Allodesulfothermus*: A genus related to but distinct from the existing genus Desulfothermus of other.

Allodesulfotignum

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Desulfotignum*, An existing genus; *Allodesulfotignum*: A genus related to but distinct from the existing genus Desulfotignum of other.

Allodesulfotomaculum

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Desulfotomaculum*, An existing genus; *Allodesulfotomaculum*: A genus related to but distinct from the existing genus Desulfotomaculum of other.

Allodesulfovermiculus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Desulfovermiculus*, An existing genus; *Allodesulfovermiculus*: A genus related to but distinct from the existing genus Desulfovermiculus of other.

Allodesulfovibrio

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Desulfovibrio*, An existing genus; *Allodesulfovibrio*: A genus related to but distinct from the existing genus Desulfovibrio of other.

Allodesulfovirga

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Desulfovirga*, An existing genus; *Allodesulfovirga*: A genus related to but distinct from the existing genus Desulfovirga of other.

Allodesulfovirgula

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. dim. n. *Desulfovirgula*, An existing genus; *Allodesulfovirgula*: A genus related to but distinct from the existing genus Desulfovirgula of other.

Allodesulfurella

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. dim. n. *Desulfurella*, An existing genus; *Allodesulfurella*: A genus related to but distinct from the existing genus Desulfurella of other.

Allodesulfuribacillus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Desulfuribacillus*, An existing genus; *Allodesulfuribacillus*: A genus related to but distinct from the existing genus Desulfuribacillus of other.

Allodesulfurispira

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Desulfurispira*, An existing genus; *Allodesulfurispira*: A genus related to but distinct from the existing genus Desulfurispira of other.

Allodesulfurispirillum

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. dim. n. *Desulfurispirillum*, An existing genus; *Allodesulfurispirillum*: A genus related to but distinct from the existing genus Desulfurispirillum of other.

Allodesulfurispora

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Desulfurispora*, An existing genus; *Allodesulfurispora*: A genus related to but distinct from the existing genus Desulfurispora of other.

Allodesulfurivibrio

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Desulfurivibrio*, An existing genus; *Allodesulfurivibrio*: A genus related to but distinct from the existing genus Desulfurivibrio of other.

Allodesulfurobacterium

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Desulfurobacterium*, An existing genus; *Allodesulfurobacterium*: A genus related to but distinct from the existing genus Desulfurobacterium of other.

Allodesulfurococcus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Desulfurococcus*, An existing genus; *Allodesulfurococcus*: A genus related to but distinct from the existing genus Desulfurococcus of other.

Allodesulfuromonas

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Desulfuromonas*, An existing genus; *Allodesulfuromonas*: A genus related to but distinct from the existing genus Desulfuromonas of other.

Allodesulfuromusa

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Desulfuromusa*, An existing genus; *Allodesulfuromusa*: A genus related to but distinct from the existing genus Desulfuromusa of other.

Allodethiobacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Dethiobacter*, An existing genus; *Allodethiobacter*: A genus related to but distinct from the existing genus Dethiobacter of other.

Allodethiosulfatarculus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. dim. n. *Dethiosulfatarculus*, An existing genus; *Allodethiosulfatarculus*: A genus related to but distinct from the existing genus Dethiosulfatarculus of other.

Allodethiosulfatibacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Dethiosulfatibacter*, An existing genus; *Allodethiosulfatibacter*: A genus related to but distinct from the existing genus Dethiosulfatibacter of other.

Allodethiosulfovibrio

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Dethiosulfovibrio*, An existing genus; *Allodethiosulfovibrio*: A genus related to but distinct from the existing genus Dethiosulfovibrio of other.

Allodevosia

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Devosia*, An existing genus; *Allodevosia*: A genus related to but distinct from the existing genus Devosia of other.

Allodevriesea

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Devriesea*, An existing genus; *Allodevriesea*: A genus related to but distinct from the existing genus Devriesea of other.

Allodiaminobutyricibacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Diaminobutyricibacter*, An existing genus; *Allodiaminobutyricibacter*: A genus related to but distinct from the existing genus Diaminobutyricibacter of other.

Allodiaminobutyricimonas

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Diaminobutyricimonas*, An existing genus; *Allodiaminobutyricimonas*: A genus related to but distinct from the existing genus Diaminobutyricimonas of other.

Allodiaphorobacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Diaphorobacter*, An existing genus; *Allodiaphorobacter*: A genus related to but distinct from the existing genus Diaphorobacter of other.

Allodichelobacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Dichelobacter*, An existing genus; *Allodichelobacter*: A genus related to but distinct from the existing genus Dichelobacter of other.

Allodichotomicrobium

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Dichotomicrobium*, An existing genus; *Allodichotomicrobium*: A genus related to but distinct from the existing genus Dichotomicrobium of other.

Allodickeya

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Dickeya*, An existing genus; *Allodickeya*: A genus related to but distinct from the existing genus Dickeya of other.

Allodictyobacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Dictyobacter*, An existing genus; *Allodictyobacter*: A genus related to but distinct from the existing genus Dictyobacter of other.

Allodictyoglomus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Dictyoglomus*, An existing genus; *Allodictyoglomus*: A genus related to but distinct from the existing genus Dictyoglomus of other.

Allodielma

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Dielma*, An existing genus; *Allodielma*: A genus related to but distinct from the existing genus Dielma of other.

Allodietzia

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Dietzia*, An existing genus; *Allodietzia*: A genus related to but distinct from the existing genus Dietzia of other.

Allodinghuibacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Dinghuibacter*, An existing genus; *Allodinghuibacter*: A genus related to but distinct from the existing genus Dinghuibacter of other.

Allodinoroseobacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Dinoroseobacter*, An existing genus; *Allodinoroseobacter*: A genus related to but distinct from the existing genus Dinoroseobacter of other.

Allodiplocalyx

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Diplocalyx*, An existing genus; *Allodiplocalyx*: A genus related to but distinct from the existing genus Diplocalyx of other.

Allodiplorickettsia

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Diplorickettsia*, An existing genus; *Allodiplorickettsia*: A genus related to but distinct from the existing genus Diplorickettsia of other.

Allodiplosphaera

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Diplosphaera*, An existing genus; *Allodiplosphaera*: A genus related to but distinct from the existing genus Diplosphaera of other.

Allodissulfuribacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Dissulfuribacter*, An existing genus; *Allodissulfuribacter*: A genus related to but distinct from the existing genus Dissulfuribacter of other.

Allodissulfurimicrobium

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Dissulfurimicrobium*, An existing genus; *Allodissulfurimicrobium*: A genus related to but distinct from the existing genus Dissulfurimicrobium of other.

Allodissulfurirhabdus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Dissulfurirhabdus*, An existing genus; *Allodissulfurirhabdus*: A genus related to but distinct from the existing genus Dissulfurirhabdus of other.

Allodokdonella

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. dim. n. *Dokdonella*, An existing genus; *Allodokdonella*: A genus related to but distinct from the existing genus Dokdonella of other.

Allodokdonia

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Dokdonia*, An existing genus; *Allodokdonia*: A genus related to but distinct from the existing genus Dokdonia of other.

Allodolosicoccus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Dolosicoccus*, An existing genus; *Allodolosicoccus*: A genus related to but distinct from the existing genus Dolosicoccus of other.

Allodolosigranulum

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Dolosigranulum*, An existing genus; *Allodolosigranulum*: A genus related to but distinct from the existing genus Dolosigranulum of other.

Allodomibacillus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Domibacillus*, An existing genus; *Allodomibacillus*: A genus related to but distinct from the existing genus Domibacillus of other.

Allodonghaeana

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Donghaeana*, An existing genus; *Allodonghaeana*: A genus related to but distinct from the existing genus Donghaeana of other.

Allodonghicola

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Donghicola*, An existing genus; *Allodonghicola*: A genus related to but distinct from the existing genus Donghicola of other.

Allodongia

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Dongia*, An existing genus; *Allodongia*: A genus related to but distinct from the existing genus Dongia of other.

Allodongshaea

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Dongshaea*, An existing genus; *Allodongshaea*: A genus related to but distinct from the existing genus Dongshaea of other.

Allodorea

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Dorea*, An existing genus; *Allodorea*: A genus related to but distinct from the existing genus Dorea of other.

Allodraconibacterium

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Draconibacterium*, An existing genus; *Allodraconibacterium*: A genus related to but distinct from the existing genus Draconibacterium of other.

Allodrancourtella

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. dim. n. *Drancourtella*, An existing genus; *Allodrancourtella*: A genus related to but distinct from the existing genus Drancourtella of other.

Allodrouetiella

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. dim. n. *Drouetiella*, An existing genus; *Allodrouetiella*: A genus related to but distinct from the existing genus Drouetiella of other.

Allodubosiella

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. dim. n. *Dubosiella*, An existing genus; *Allodubosiella*: A genus related to but distinct from the existing genus Dubosiella of other.

Alloduganella

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. dim. n. *Duganella*, An existing genus; *Alloduganella*: A genus related to but distinct from the existing genus Duganella of other.

Allodulcicalothrix

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Dulcicalothrix*, An existing genus; *Allodulcicalothrix*: A genus related to but distinct from the existing genus Dulcicalothrix of other.

Alloduncaniella

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. dim. n. *Duncaniella*, An existing genus; *Alloduncaniella*: A genus related to but distinct from the existing genus Duncaniella of other.

Allodyadobacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Dyadobacter*, An existing genus; *Allodyadobacter*: A genus related to but distinct from the existing genus Dyadobacter of other.

Allodyella

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. dim. n. *Dyella*, An existing genus; *Allodyella*: A genus related to but distinct from the existing genus Dyella of other.

Allodysgonomonas

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Dysgonomonas*, An existing genus; *Allodysgonomonas*: A genus related to but distinct from the existing genus Dysgonomonas of other.

Allodysosmobacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Dysosmobacter*, An existing genus; *Allodysosmobacter*: A genus related to but distinct from the existing genus Dysosmobacter of other.

Alloechinicola

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Echinicola*, An existing genus; *Alloechinicola*: A genus related to but distinct from the existing genus Echinicola of other.

Alloechinimonas

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Echinimonas*, An existing genus; *Alloechinimonas*: A genus related to but distinct from the existing genus Echinimonas of other.

Alloectothiorhodosinus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Ectothiorhodosinus*, An existing genus; *Alloectothiorhodosinus*: A genus related to but distinct from the existing genus Ectothiorhodosinus of other.

Alloectothiorhodospira

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Ectothiorhodospira*, An existing genus; *Alloectothiorhodospira*: A genus related to but distinct from the existing genus Ectothiorhodospira of other.

Alloedaphobacillus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Edaphobacillus*, An existing genus; *Alloedaphobacillus*: A genus related to but distinct from the existing genus Edaphobacillus of other.

Alloedaphobacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Edaphobacter*, An existing genus; *Alloedaphobacter*: A genus related to but distinct from the existing genus Edaphobacter of other.

Alloedaphocola

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Edaphocola*, An existing genus; *Alloedaphocola*: A genus related to but distinct from the existing genus Edaphocola of other.

Alloedwardiiplasma

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Edwardiiplasma*, An existing genus; *Alloedwardiiplasma*: A genus related to but distinct from the existing genus Edwardiiplasma of other.

Alloedwardsiella

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. dim. n. *Edwardsiella*, An existing genus; *Alloedwardsiella*: A genus related to but distinct from the existing genus Edwardsiella of other.

Alloeffluviibacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Effluviibacter*, An existing genus; *Alloeffluviibacter*: A genus related to but distinct from the existing genus Effluviibacter of other.

Alloeffusibacillus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Effusibacillus*, An existing genus; *Alloeffusibacillus*: A genus related to but distinct from the existing genus Effusibacillus of other.

Alloeggerthella

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. dim. n. *Eggerthella*, An existing genus; *Alloeggerthella*: A genus related to but distinct from the existing genus Eggerthella of other.

Alloeggerthia

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Eggerthia*, An existing genus; *Alloeggerthia*: A genus related to but distinct from the existing genus Eggerthia of other.

Alloegibacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Egibacter*, An existing genus; *Alloegibacter*: A genus related to but distinct from the existing genus Egibacter of other.

Alloegicoccus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Egicoccus*, An existing genus; *Alloegicoccus*: A genus related to but distinct from the existing genus Egicoccus of other.

Alloehrlichia

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Ehrlichia*, An existing genus; *Alloehrlichia*: A genus related to but distinct from the existing genus Ehrlichia of other.

Alloeikenella

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. dim. n. *Eikenella*, An existing genus; *Alloeikenella*: A genus related to but distinct from the existing genus Eikenella of other.

Alloeilatimonas

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Eilatimonas*, An existing genus; *Alloeilatimonas*: A genus related to but distinct from the existing genus Eilatimonas of other.

Alloeionea

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Eionea*, An existing genus; *Alloeionea*: A genus related to but distinct from the existing genus Eionea of other.

Alloeisenbergiella

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. dim. n. *Eisenbergiella*, An existing genus; *Alloeisenbergiella*: A genus related to but distinct from the existing genus Eisenbergiella of other.

Alloeisenibacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Eisenibacter*, An existing genus; *Alloeisenibacter*: A genus related to but distinct from the existing genus Eisenibacter of other.

Alloelainella

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. dim. n. *Elainella*, An existing genus; *Alloelainella*: A genus related to but distinct from the existing genus Elainella of other.

Alloelioraea

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Elioraea*, An existing genus; *Alloelioraea*: A genus related to but distinct from the existing genus Elioraea of other.

Alloelizabethkingia

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Elizabethkingia*, An existing genus; *Alloelizabethkingia*: A genus related to but distinct from the existing genus Elizabethkingia of other.

Alloellagibacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Ellagibacter*, An existing genus; *Alloellagibacter*: A genus related to but distinct from the existing genus Ellagibacter of other.

Alloelstera

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Elstera*, An existing genus; *Alloelstera*: A genus related to but distinct from the existing genus Elstera of other.

Alloelusimicrobium

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Elusimicrobium*, An existing genus; *Alloelusimicrobium*: A genus related to but distinct from the existing genus Elusimicrobium of other.

Alloelytrosporangium

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Elytrosporangium*, An existing genus; *Alloelytrosporangium*: A genus related to but distinct from the existing genus Elytrosporangium of other.

Alloembleya

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Embleya*, An existing genus; *Alloembleya*: A genus related to but distinct from the existing genus Embleya of other.

Alloemcibacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Emcibacter*, An existing genus; *Alloemcibacter*: A genus related to but distinct from the existing genus Emcibacter of other.

Alloempedobacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Empedobacter*, An existing genus; *Alloempedobacter*: A genus related to but distinct from the existing genus Empedobacter of other.

Alloemticicia

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Emticicia*, An existing genus; *Alloemticicia*: A genus related to but distinct from the existing genus Emticicia of other.

Alloendobacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Endobacter*, An existing genus; *Alloendobacter*: A genus related to but distinct from the existing genus Endobacter of other.

Alloendobacterium

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Endobacterium*, An existing genus; *Alloendobacterium*: A genus related to but distinct from the existing genus Endobacterium of other.

Alloendomicrobium

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Endomicrobium*, An existing genus; *Alloendomicrobium*: A genus related to but distinct from the existing genus Endomicrobium of other.

Alloendothiovibrio

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Endothiovibrio*, An existing genus; *Alloendothiovibrio*: A genus related to but distinct from the existing genus Endothiovibrio of other.

Alloendozoicomonas

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Endozoicomonas*, An existing genus; *Alloendozoicomonas*: A genus related to but distinct from the existing genus Endozoicomonas of other.

Alloenhydrobacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Enhydrobacter*, An existing genus; *Alloenhydrobacter*: A genus related to but distinct from the existing genus Enhydrobacter of other.

Alloenhygromyxa

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Enhygromyxa*, An existing genus; *Alloenhygromyxa*: A genus related to but distinct from the existing genus Enhygromyxa of other.

Alloenorma

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Enorma*, An existing genus; *Alloenorma*: A genus related to but distinct from the existing genus Enorma of other.

Alloensifer

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Ensifer*, An existing genus; *Alloensifer*: A genus related to but distinct from the existing genus Ensifer of other.

Alloenteractinococcus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Enteractinococcus*, An existing genus; *Alloenteractinococcus*: A genus related to but distinct from the existing genus Enteractinococcus of other.

Alloenterobacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Enterobacter*, An existing genus; *Alloenterobacter*: A genus related to but distinct from the existing genus Enterobacter of other.

Alloenterocloster

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Enterocloster*, An existing genus; *Alloenterocloster*: A genus related to but distinct from the existing genus Enterocloster of other.

Alloenterococcus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Enterococcus*, An existing genus; *Alloenterococcus*: A genus related to but distinct from the existing genus Enterococcus of other.

Alloenterorhabdus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Enterorhabdus*, An existing genus; *Alloenterorhabdus*: A genus related to but distinct from the existing genus Enterorhabdus of other.

Alloenteroscipio

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Enteroscipio*, An existing genus; *Alloenteroscipio*: A genus related to but distinct from the existing genus Enteroscipio of other.

Alloenterovibrio

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Enterovibrio*, An existing genus; *Alloenterovibrio*: A genus related to but distinct from the existing genus Enterovibrio of other.

Alloentomomonas

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Entomomonas*, An existing genus; *Alloentomomonas*: A genus related to but distinct from the existing genus Entomomonas of other.

Alloentomoplasma

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Entomoplasma*, An existing genus; *Alloentomoplasma*: A genus related to but distinct from the existing genus Entomoplasma of other.

Alloeperythrozoon

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Eperythrozoon*, An existing genus; *Alloeperythrozoon*: A genus related to but distinct from the existing genus Eperythrozoon of other.

Alloephemeroptericola

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Ephemeroptericola*, An existing genus; *Alloephemeroptericola*: A genus related to but distinct from the existing genus Ephemeroptericola of other.

Alloepibacterium

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Epibacterium*, An existing genus; *Alloepibacterium*: A genus related to but distinct from the existing genus Epibacterium of other.

Alloepidermidibacterium

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Epidermidibacterium*, An existing genus; *Alloepidermidibacterium*: A genus related to but distinct from the existing genus Epidermidibacterium of other.

Alloepigloeosphaera

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Epigloeosphaera*, An existing genus; *Alloepigloeosphaera*: A genus related to but distinct from the existing genus Epigloeosphaera of other.

Alloepilithonimonas

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Epilithonimonas*, An existing genus; *Alloepilithonimonas*: A genus related to but distinct from the existing genus Epilithonimonas of other.

Alloercella

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. dim. n. *Ercella*, An existing genus; *Alloercella*: A genus related to but distinct from the existing genus Ercella of other.

Alloereboglobus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Ereboglobus*, An existing genus; *Alloereboglobus*: A genus related to but distinct from the existing genus Ereboglobus of other.

Alloeremococcus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Eremococcus*, An existing genus; *Alloeremococcus*: A genus related to but distinct from the existing genus Eremococcus of other.

Alloerwinia

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Erwinia*, An existing genus; *Alloerwinia*: A genus related to but distinct from the existing genus Erwinia of other.

Alloerysipelothrix

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Erysipelothrix*, An existing genus; *Alloerysipelothrix*: A genus related to but distinct from the existing genus Erysipelothrix of other.

Alloerythrobacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Erythrobacter*, An existing genus; *Alloerythrobacter*: A genus related to but distinct from the existing genus Erythrobacter of other.

Alloerythromicrobium

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Erythromicrobium*, An existing genus; *Alloerythromicrobium*: A genus related to but distinct from the existing genus Erythromicrobium of other.

Alloerythromonas

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Erythromonas*, An existing genus; *Alloerythromonas*: A genus related to but distinct from the existing genus Erythromonas of other.

Alloescherichia

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Escherichia*, An existing genus; *Alloescherichia*: A genus related to but distinct from the existing genus Escherichia of other.

Alloethanoligenens

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Ethanoligenens*, An existing genus; *Alloethanoligenens*: A genus related to but distinct from the existing genus Ethanoligenens of other.

Alloeubacterium

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Eubacterium*, An existing genus; *Alloeubacterium*: A genus related to but distinct from the existing genus Eubacterium of other.

Alloeucapsis

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Eucapsis*, An existing genus; *Alloeucapsis*: A genus related to but distinct from the existing genus Eucapsis of other.

Alloeudoraea

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Eudoraea*, An existing genus; *Alloeudoraea*: A genus related to but distinct from the existing genus Eudoraea of other.

Alloeuryhalocaulis

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Euryhalocaulis*, An existing genus; *Alloeuryhalocaulis*: A genus related to but distinct from the existing genus Euryhalocaulis of other.

Alloeuzebya

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Euzebya*, An existing genus; *Alloeuzebya*: A genus related to but distinct from the existing genus Euzebya of other.

Alloeuzebyella

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. dim. n. *Euzebyella*, An existing genus; *Alloeuzebyella*: A genus related to but distinct from the existing genus Euzebyella of other.

Alloewamiania

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Ewamiania*, An existing genus; *Alloewamiania*: A genus related to but distinct from the existing genus Ewamiania of other.

Alloewingella

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. dim. n. *Ewingella*, An existing genus; *Alloewingella*: A genus related to but distinct from the existing genus Ewingella of other.

Alloexcellospora

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Excellospora*, An existing genus; *Alloexcellospora*: A genus related to but distinct from the existing genus Excellospora of other.

Alloexilibacterium

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Exilibacterium*, An existing genus; *Alloexilibacterium*: A genus related to but distinct from the existing genus Exilibacterium of other.

Alloexilispira

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Exilispira*, An existing genus; *Alloexilispira*: A genus related to but distinct from the existing genus Exilispira of other.

Alloextensimonas

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Extensimonas*, An existing genus; *Alloextensimonas*: A genus related to but distinct from the existing genus Extensimonas of other.

Alloextibacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Extibacter*, An existing genus; *Alloextibacter*: A genus related to but distinct from the existing genus Extibacter of other.

Allofabibacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Fabibacter*, An existing genus; *Allofabibacter*: A genus related to but distinct from the existing genus Fabibacter of other.

Allofabivirga

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Fabivirga*, An existing genus; *Allofabivirga*: A genus related to but distinct from the existing genus Fabivirga of other.

Allofacilibium

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Facilibium*, An existing genus; *Allofacilibium*: A genus related to but distinct from the existing genus Facilibium of other.

Allofacklamia

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Facklamia*, An existing genus; *Allofacklamia*: A genus related to but distinct from the existing genus Facklamia of other.

Allofaecalibacillus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Faecalibacillus*, An existing genus; *Allofaecalibacillus*: A genus related to but distinct from the existing genus Faecalibacillus of other.

Allofaecalibacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Faecalibacter*, An existing genus; *Allofaecalibacter*: A genus related to but distinct from the existing genus Faecalibacter of other.

Allofaecalibacterium

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Faecalibacterium*, An existing genus; *Allofaecalibacterium*: A genus related to but distinct from the existing genus Faecalibacterium of other.

Allofaecalibaculum

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Faecalibaculum*, An existing genus; *Allofaecalibaculum*: A genus related to but distinct from the existing genus Faecalibaculum of other.

Allofaecalicatena

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Faecalicatena*, An existing genus; *Allofaecalicatena*: A genus related to but distinct from the existing genus Faecalicatena of other.

Allofaecalicoccus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Faecalicoccus*, An existing genus; *Allofaecalicoccus*: A genus related to but distinct from the existing genus Faecalicoccus of other.

Allofaecalimonas

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Faecalimonas*, An existing genus; *Allofaecalimonas*: A genus related to but distinct from the existing genus Faecalimonas of other.

Allofaecalitalea

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Faecalitalea*, An existing genus; *Allofaecalitalea*: A genus related to but distinct from the existing genus Faecalitalea of other.

Allofaenia

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Faenia*, An existing genus; *Allofaenia*: A genus related to but distinct from the existing genus Faenia of other.

Allofalcatimonas

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Falcatimonas*, An existing genus; *Allofalcatimonas*: A genus related to but distinct from the existing genus Falcatimonas of other.

Allofalsarthrobacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Falsarthrobacter*, An existing genus; *Allofalsarthrobacter*: A genus related to but distinct from the existing genus Falsarthrobacter of other.

Allofalsibacillus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Falsibacillus*, An existing genus; *Allofalsibacillus*: A genus related to but distinct from the existing genus Falsibacillus of other.

Allofalsigemmobacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Falsigemmobacter*, An existing genus; *Allofalsigemmobacter*: A genus related to but distinct from the existing genus Falsigemmobacter of other.

Allofalsiporphyromonas

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Falsiporphyromonas*, An existing genus; *Allofalsiporphyromonas*: A genus related to but distinct from the existing genus Falsiporphyromonas of other.

Allofalsirhodobacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Falsirhodobacter*, An existing genus; *Allofalsirhodobacter*: A genus related to but distinct from the existing genus Falsirhodobacter of other.

Allofalsochrobactrum

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Falsochrobactrum*, An existing genus; *Allofalsochrobactrum*: A genus related to but distinct from the existing genus Falsochrobactrum of other.

Allofangia

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Fangia*, An existing genus; *Allofangia*: A genus related to but distinct from the existing genus Fangia of other.

Allofannyhessea

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Fannyhessea*, An existing genus; *Allofannyhessea*: A genus related to but distinct from the existing genus Fannyhessea of other.

Allofastidiosipila

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Fastidiosipila*, An existing genus; *Allofastidiosipila*: A genus related to but distinct from the existing genus Fastidiosipila of other.

Allofaucicola

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Faucicola*, An existing genus; *Allofaucicola*: A genus related to but distinct from the existing genus Faucicola of other.

Allofeifantangia

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Feifantangia*, An existing genus; *Allofeifantangia*: A genus related to but distinct from the existing genus Feifantangia of other.

Allofenollaria

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Fenollaria*, An existing genus; *Allofenollaria*: A genus related to but distinct from the existing genus Fenollaria of other.

Allofermentibacillus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Fermentibacillus*, An existing genus; *Allofermentibacillus*: A genus related to but distinct from the existing genus Fermentibacillus of other.

Allofermentimonas

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Fermentimonas*, An existing genus; *Allofermentimonas*: A genus related to but distinct from the existing genus Fermentimonas of other.

Alloferribacterium

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Ferribacterium*, An existing genus; *Alloferribacterium*: A genus related to but distinct from the existing genus Ferribacterium of other.

Alloferrigenium

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Ferrigenium*, An existing genus; *Alloferrigenium*: A genus related to but distinct from the existing genus Ferrigenium of other.

Alloferrimicrobium

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Ferrimicrobium*, An existing genus; *Alloferrimicrobium*: A genus related to but distinct from the existing genus Ferrimicrobium of other.

Alloferrimonas

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Ferrimonas*, An existing genus; *Alloferrimonas*: A genus related to but distinct from the existing genus Ferrimonas of other.

Alloferriphaselus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Ferriphaselus*, An existing genus; *Alloferriphaselus*: A genus related to but distinct from the existing genus Ferriphaselus of other.

Alloferrithrix

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Ferrithrix*, An existing genus; *Alloferrithrix*: A genus related to but distinct from the existing genus Ferrithrix of other.

Alloferroglobus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Ferroglobus*, An existing genus; *Alloferroglobus*: A genus related to but distinct from the existing genus Ferroglobus of other.

Alloferroplasma

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Ferroplasma*, An existing genus; *Alloferroplasma*: A genus related to but distinct from the existing genus Ferroplasma of other.

Alloferrovibrio

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Ferrovibrio*, An existing genus; *Alloferrovibrio*: A genus related to but distinct from the existing genus Ferrovibrio of other.

Alloferruginibacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Ferruginibacter*, An existing genus; *Alloferruginibacter*: A genus related to but distinct from the existing genus Ferruginibacter of other.

Alloferruginivarius

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Ferruginivarius*, An existing genus; *Alloferruginivarius*: A genus related to but distinct from the existing genus Ferruginivarius of other.

Allofervidicella

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Fervidicella*, An existing genus; *Allofervidicella*: A genus related to but distinct from the existing genus Fervidicella of other.

Allofervidicoccus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Fervidicoccus*, An existing genus; *Allofervidicoccus*: A genus related to but distinct from the existing genus Fervidicoccus of other.

Allofervidicola

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Fervidicola*, An existing genus; *Allofervidicola*: A genus related to but distinct from the existing genus Fervidicola of other.

Allofervidobacterium

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Fervidobacterium*, An existing genus; *Allofervidobacterium*: A genus related to but distinct from the existing genus Fervidobacterium of other.

Allofibrella

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. dim. n. *Fibrella*, An existing genus; *Allofibrella*: A genus related to but distinct from the existing genus Fibrella of other.

Allofibrisoma

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Fibrisoma*, An existing genus; *Allofibrisoma*: A genus related to but distinct from the existing genus Fibrisoma of other.

Allofibrobacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Fibrobacter*, An existing genus; *Allofibrobacter*: A genus related to but distinct from the existing genus Fibrobacter of other.

Allofictibacillus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Fictibacillus*, An existing genus; *Allofictibacillus*: A genus related to but distinct from the existing genus Fictibacillus of other.

Allofilibacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Filibacter*, An existing genus; *Allofilibacter*: A genus related to but distinct from the existing genus Filibacter of other.

Allofilifactor

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Filifactor*, An existing genus; *Allofilifactor*: A genus related to but distinct from the existing genus Filifactor of other.

Allofilimonas

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Filimonas*, An existing genus; *Allofilimonas*: A genus related to but distinct from the existing genus Filimonas of other.

Allofilobacillus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Filobacillus*, An existing genus; *Allofilobacillus*: A genus related to but distinct from the existing genus Filobacillus of other.

Allofilobacterium

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Filobacterium*, An existing genus; *Allofilobacterium*: A genus related to but distinct from the existing genus Filobacterium of other.

Allofilomicrobium

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Filomicrobium*, An existing genus; *Allofilomicrobium*: A genus related to but distinct from the existing genus Filomicrobium of other.

Allofimbriiglobus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Fimbriiglobus*, An existing genus; *Allofimbriiglobus*: A genus related to but distinct from the existing genus Fimbriiglobus of other.

Allofimbriimonas

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Fimbriimonas*, An existing genus; *Allofimbriimonas*: A genus related to but distinct from the existing genus Fimbriimonas of other.

Allofinegoldia

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Finegoldia*, An existing genus; *Allofinegoldia*: A genus related to but distinct from the existing genus Finegoldia of other.

Alloflagellimonas

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Flagellimonas*, An existing genus; *Alloflagellimonas*: A genus related to but distinct from the existing genus Flagellimonas of other.

Alloflammeovirga

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Flammeovirga*, An existing genus; *Alloflammeovirga*: A genus related to but distinct from the existing genus Flammeovirga of other.

Alloflaviaesturariibacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Flaviaesturariibacter*, An existing genus; *Alloflaviaesturariibacter*: A genus related to but distinct from the existing genus Flaviaesturariibacter of other.

Alloflavicella

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Flavicella*, An existing genus; *Alloflavicella*: A genus related to but distinct from the existing genus Flavicella of other.

Alloflaviflagellibacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Flaviflagellibacter*, An existing genus; *Alloflaviflagellibacter*: A genus related to but distinct from the existing genus Flaviflagellibacter of other.

Alloflaviflexus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Flaviflexus*, An existing genus; *Alloflaviflexus*: A genus related to but distinct from the existing genus Flaviflexus of other.

Alloflavihumibacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Flavihumibacter*, An existing genus; *Alloflavihumibacter*: A genus related to but distinct from the existing genus Flavihumibacter of other.

Alloflavilitoribacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Flavilitoribacter*, An existing genus; *Alloflavilitoribacter*: A genus related to but distinct from the existing genus Flavilitoribacter of other.

Alloflavimaricola

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Flavimaricola*, An existing genus; *Alloflavimaricola*: A genus related to but distinct from the existing genus Flavimaricola of other.

Alloflavimarina

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Flavimarina*, An existing genus; *Alloflavimarina*: A genus related to but distinct from the existing genus Flavimarina of other.

Alloflavimobilis

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Flavimobilis*, An existing genus; *Alloflavimobilis*: A genus related to but distinct from the existing genus Flavimobilis of other.

Alloflavimonas

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Flavimonas*, An existing genus; *Alloflavimonas*: A genus related to but distinct from the existing genus Flavimonas of other.

Alloflavipsychrobacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Flavipsychrobacter*, An existing genus; *Alloflavipsychrobacter*: A genus related to but distinct from the existing genus Flavipsychrobacter of other.

Alloflaviramulus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. dim. n. *Flaviramulus*, An existing genus; *Alloflaviramulus*: A genus related to but distinct from the existing genus Flaviramulus of other.

Alloflavirhabdus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Flavirhabdus*, An existing genus; *Alloflavirhabdus*: A genus related to but distinct from the existing genus Flavirhabdus of other.

Alloflavisolibacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Flavisolibacter*, An existing genus; *Alloflavisolibacter*: A genus related to but distinct from the existing genus Flavisolibacter of other.

Alloflavitalea

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Flavitalea*, An existing genus; *Alloflavitalea*: A genus related to but distinct from the existing genus Flavitalea of other.

Alloflavivirga

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Flavivirga*, An existing genus; *Alloflavivirga*: A genus related to but distinct from the existing genus Flavivirga of other.

Alloflavobacterium

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Flavobacterium*, An existing genus; *Alloflavobacterium*: A genus related to but distinct from the existing genus Flavobacterium of other.

Alloflavonifractor

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Flavonifractor*, An existing genus; *Alloflavonifractor*: A genus related to but distinct from the existing genus Flavonifractor of other.

Alloflectobacillus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Flectobacillus*, An existing genus; *Alloflectobacillus*: A genus related to but distinct from the existing genus Flectobacillus of other.

Alloflexibacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Flexibacter*, An existing genus; *Alloflexibacter*: A genus related to but distinct from the existing genus Flexibacter of other.

Alloflexilinea

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Flexilinea*, An existing genus; *Alloflexilinea*: A genus related to but distinct from the existing genus Flexilinea of other.

Alloflexistipes

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Flexistipes*, An existing genus; *Alloflexistipes*: A genus related to but distinct from the existing genus Flexistipes of other.

Alloflexithrix

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Flexithrix*, An existing genus; *Alloflexithrix*: A genus related to but distinct from the existing genus Flexithrix of other.

Alloflexivirga

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Flexivirga*, An existing genus; *Alloflexivirga*: A genus related to but distinct from the existing genus Flexivirga of other.

Alloflindersiella

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. dim. n. *Flindersiella*, An existing genus; *Alloflindersiella*: A genus related to but distinct from the existing genus Flindersiella of other.

Alloflintibacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Flintibacter*, An existing genus; *Alloflintibacter*: A genus related to but distinct from the existing genus Flintibacter of other.

Allofloricoccus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Floricoccus*, An existing genus; *Allofloricoccus*: A genus related to but distinct from the existing genus Floricoccus of other.

Allofluoribacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Fluoribacter*, An existing genus; *Allofluoribacter*: A genus related to but distinct from the existing genus Fluoribacter of other.

Allofluviibacterium

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Fluviibacterium*, An existing genus; *Allofluviibacterium*: A genus related to but distinct from the existing genus Fluviibacterium of other.

Allofluviicoccus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Fluviicoccus*, An existing genus; *Allofluviicoccus*: A genus related to but distinct from the existing genus Fluviicoccus of other.

Allofluviicola

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Fluviicola*, An existing genus; *Allofluviicola*: A genus related to but distinct from the existing genus Fluviicola of other.

Allofluviimonas

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Fluviimonas*, An existing genus; *Allofluviimonas*: A genus related to but distinct from the existing genus Fluviimonas of other.

Allofluviispira

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Fluviispira*, An existing genus; *Allofluviispira*: A genus related to but distinct from the existing genus Fluviispira of other.

Allofodinibacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Fodinibacter*, An existing genus; *Allofodinibacter*: A genus related to but distinct from the existing genus Fodinibacter of other.

Allofodinibius

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Fodinibius*, An existing genus; *Allofodinibius*: A genus related to but distinct from the existing genus Fodinibius of other.

Allofodinicola

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Fodinicola*, An existing genus; *Allofodinicola*: A genus related to but distinct from the existing genus Fodinicola of other.

Allofodinicurvata

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Fodinicurvata*, An existing genus; *Allofodinicurvata*: A genus related to but distinct from the existing genus Fodinicurvata of other.

Allofoliisarcina

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Foliisarcina*, An existing genus; *Allofoliisarcina*: A genus related to but distinct from the existing genus Foliisarcina of other.

Allofontibacillus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Fontibacillus*, An existing genus; *Allofontibacillus*: A genus related to but distinct from the existing genus Fontibacillus of other.

Allofontibacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Fontibacter*, An existing genus; *Allofontibacter*: A genus related to but distinct from the existing genus Fontibacter of other.

Allofonticella

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Fonticella*, An existing genus; *Allofonticella*: A genus related to but distinct from the existing genus Fonticella of other.

Allofontimonas

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Fontimonas*, An existing genus; *Allofontimonas*: A genus related to but distinct from the existing genus Fontimonas of other.

Alloformivibrio

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Formivibrio*, An existing genus; *Alloformivibrio*: A genus related to but distinct from the existing genus Formivibrio of other.

Alloformosa

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Formosa*, An existing genus; *Alloformosa*: A genus related to but distinct from the existing genus Formosa of other.

Alloformosimonas

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Formosimonas*, An existing genus; *Alloformosimonas*: A genus related to but distinct from the existing genus Formosimonas of other.

Allofournierella

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. dim. n. *Fournierella*, An existing genus; *Allofournierella*: A genus related to but distinct from the existing genus Fournierella of other.

Allofrancisella

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. dim. n. *Francisella*, An existing genus; *Allofrancisella*: A genus related to but distinct from the existing genus Francisella of other.

Allofranconibacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Franconibacter*, An existing genus; *Allofranconibacter*: A genus related to but distinct from the existing genus Franconibacter of other.

Allofrankia

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Frankia*, An existing genus; *Allofrankia*: A genus related to but distinct from the existing genus Frankia of other.

Allofrateuria

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Frateuria*, An existing genus; *Allofrateuria*: A genus related to but distinct from the existing genus Frateuria of other.

Allofrederiksenia

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Frederiksenia*, An existing genus; *Allofrederiksenia*: A genus related to but distinct from the existing genus Frederiksenia of other.

Allofretibacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Fretibacter*, An existing genus; *Allofretibacter*: A genus related to but distinct from the existing genus Fretibacter of other.

Allofretibacterium

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Fretibacterium*, An existing genus; *Allofretibacterium*: A genus related to but distinct from the existing genus Fretibacterium of other.

Allofriedmanniella

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. dim. n. *Friedmanniella*, An existing genus; *Allofriedmanniella*: A genus related to but distinct from the existing genus Friedmanniella of other.

Allofrigidibacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Frigidibacter*, An existing genus; *Allofrigidibacter*: A genus related to but distinct from the existing genus Frigidibacter of other.

Allofrigoribacterium

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Frigoribacterium*, An existing genus; *Allofrigoribacterium*: A genus related to but distinct from the existing genus Frigoribacterium of other.

Allofrischella

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. dim. n. *Frischella*, An existing genus; *Allofrischella*: A genus related to but distinct from the existing genus Frischella of other.

Allofrisingicoccus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Frisingicoccus*, An existing genus; *Allofrisingicoccus*: A genus related to but distinct from the existing genus Frisingicoccus of other.

Allofrondibacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Frondibacter*, An existing genus; *Allofrondibacter*: A genus related to but distinct from the existing genus Frondibacter of other.

Allofrondicola

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Frondicola*, An existing genus; *Allofrondicola*: A genus related to but distinct from the existing genus Frondicola of other.

Allofrondihabitans

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Frondihabitans*, An existing genus; *Allofrondihabitans*: A genus related to but distinct from the existing genus Frondihabitans of other.

Allofructilactobacillus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Fructilactobacillus*, An existing genus; *Allofructilactobacillus*: A genus related to but distinct from the existing genus Fructilactobacillus of other.

Allofructobacillus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Fructobacillus*, An existing genus; *Allofructobacillus*: A genus related to but distinct from the existing genus Fructobacillus of other.

Allofuchsiella

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. dim. n. *Fuchsiella*, An existing genus; *Allofuchsiella*: A genus related to but distinct from the existing genus Fuchsiella of other.

Allofudania

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Fudania*, An existing genus; *Allofudania*: A genus related to but distinct from the existing genus Fudania of other.

Allofuerstia

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Fuerstia*, An existing genus; *Allofuerstia*: A genus related to but distinct from the existing genus Fuerstia of other.

Allofulvibacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Fulvibacter*, An existing genus; *Allofulvibacter*: A genus related to but distinct from the existing genus Fulvibacter of other.

Allofulvimarina

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Fulvimarina*, An existing genus; *Allofulvimarina*: A genus related to but distinct from the existing genus Fulvimarina of other.

Allofulvimonas

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Fulvimonas*, An existing genus; *Allofulvimonas*: A genus related to but distinct from the existing genus Fulvimonas of other.

Allofulvitalea

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Fulvitalea*, An existing genus; *Allofulvitalea*: A genus related to but distinct from the existing genus Fulvitalea of other.

Allofulvivirga

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Fulvivirga*, An existing genus; *Allofulvivirga*: A genus related to but distinct from the existing genus Fulvivirga of other.

Allofundibacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Fundibacter*, An existing genus; *Allofundibacter*: A genus related to but distinct from the existing genus Fundibacter of other.

Allofundicoccus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Fundicoccus*, An existing genus; *Allofundicoccus*: A genus related to but distinct from the existing genus Fundicoccus of other.

Allofurfurilactobacillus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Furfurilactobacillus*, An existing genus; *Allofurfurilactobacillus*: A genus related to but distinct from the existing genus Furfurilactobacillus of other.

Allofuscovulum

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Fuscovulum*, An existing genus; *Allofuscovulum*: A genus related to but distinct from the existing genus Fuscovulum of other.

Allofusibacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Fusibacter*, An existing genus; *Allofusibacter*: A genus related to but distinct from the existing genus Fusibacter of other.

Allofusicatenibacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Fusicatenibacter*, An existing genus; *Allofusicatenibacter*: A genus related to but distinct from the existing genus Fusicatenibacter of other.

Allofusimonas

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Fusimonas*, An existing genus; *Allofusimonas*: A genus related to but distinct from the existing genus Fusimonas of other.

Allofusobacterium

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Fusobacterium*, An existing genus; *Allofusobacterium*: A genus related to but distinct from the existing genus Fusobacterium of other.

Allogabonia

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Gabonia*, An existing genus; *Allogabonia*: A genus related to but distinct from the existing genus Gabonia of other.

Allogabonibacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Gabonibacter*, An existing genus; *Allogabonibacter*: A genus related to but distinct from the existing genus Gabonibacter of other.

Allogaetbulibacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Gaetbulibacter*, An existing genus; *Allogaetbulibacter*: A genus related to but distinct from the existing genus Gaetbulibacter of other.

Allogaetbulicola

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Gaetbulicola*, An existing genus; *Allogaetbulicola*: A genus related to but distinct from the existing genus Gaetbulicola of other.

Allogaetbulimicrobium

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Gaetbulimicrobium*, An existing genus; *Allogaetbulimicrobium*: A genus related to but distinct from the existing genus Gaetbulimicrobium of other.

Allogaiella

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. dim. n. *Gaiella*, An existing genus; *Allogaiella*: A genus related to but distinct from the existing genus Gaiella of other.

Allogalbibacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Galbibacter*, An existing genus; *Allogalbibacter*: A genus related to but distinct from the existing genus Galbibacter of other.

Allogalbitalea

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Galbitalea*, An existing genus; *Allogalbitalea*: A genus related to but distinct from the existing genus Galbitalea of other.

Allogallaecimonas

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Gallaecimonas*, An existing genus; *Allogallaecimonas*: A genus related to but distinct from the existing genus Gallaecimonas of other.

Allogallibacterium

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Gallibacterium*, An existing genus; *Allogallibacterium*: A genus related to but distinct from the existing genus Gallibacterium of other.

Allogallicola

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Gallicola*, An existing genus; *Allogallicola*: A genus related to but distinct from the existing genus Gallicola of other.

Allogallionella

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. dim. n. *Gallionella*, An existing genus; *Allogallionella*: A genus related to but distinct from the existing genus Gallionella of other.

Allogalliscardovia

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Galliscardovia*, An existing genus; *Allogalliscardovia*: A genus related to but distinct from the existing genus Galliscardovia of other.

Allogandjariella

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. dim. n. *Gandjariella*, An existing genus; *Allogandjariella*: A genus related to but distinct from the existing genus Gandjariella of other.

Allogangjinia

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Gangjinia*, An existing genus; *Allogangjinia*: A genus related to but distinct from the existing genus Gangjinia of other.

Allogarciella

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. dim. n. *Garciella*, An existing genus; *Allogarciella*: A genus related to but distinct from the existing genus Garciella of other.

Allogardnerella

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. dim. n. *Gardnerella*, An existing genus; *Allogardnerella*: A genus related to but distinct from the existing genus Gardnerella of other.

Allogaricola

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Garicola*, An existing genus; *Allogaricola*: A genus related to but distinct from the existing genus Garicola of other.

Allogarritya

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Garritya*, An existing genus; *Allogarritya*: A genus related to but distinct from the existing genus Garritya of other.

Allogayadomonas

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Gayadomonas*, An existing genus; *Allogayadomonas*: A genus related to but distinct from the existing genus Gayadomonas of other.

Allogelatiniphilus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Gelatiniphilus*, An existing genus; *Allogelatiniphilus*: A genus related to but distinct from the existing genus Gelatiniphilus of other.

Allogelidibacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Gelidibacter*, An existing genus; *Allogelidibacter*: A genus related to but distinct from the existing genus Gelidibacter of other.

Allogellertiella

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. dim. n. *Gellertiella*, An existing genus; *Allogellertiella*: A genus related to but distinct from the existing genus Gellertiella of other.

Allogelria

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Gelria*, An existing genus; *Allogelria*: A genus related to but distinct from the existing genus Gelria of other.

Allogemella

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. dim. n. *Gemella*, An existing genus; *Allogemella*: A genus related to but distinct from the existing genus Gemella of other.

Allogeminicoccus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Geminicoccus*, An existing genus; *Allogeminicoccus*: A genus related to but distinct from the existing genus Geminicoccus of other.

Allogeminisphaera

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Geminisphaera*, An existing genus; *Allogeminisphaera*: A genus related to but distinct from the existing genus Geminisphaera of other.

Allogeminobacterium

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Geminobacterium*, An existing genus; *Allogeminobacterium*: A genus related to but distinct from the existing genus Geminobacterium of other.

Allogemmata

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Gemmata*, An existing genus; *Allogemmata*: A genus related to but distinct from the existing genus Gemmata of other.

Allogemmatimonas

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Gemmatimonas*, An existing genus; *Allogemmatimonas*: A genus related to but distinct from the existing genus Gemmatimonas of other.

Allogemmatirosa

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Gemmatirosa*, An existing genus; *Allogemmatirosa*: A genus related to but distinct from the existing genus Gemmatirosa of other.

Allogemmiger

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Gemmiger*, An existing genus; *Allogemmiger*: A genus related to but distinct from the existing genus Gemmiger of other.

Allogeoalkalibacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Geoalkalibacter*, An existing genus; *Allogeoalkalibacter*: A genus related to but distinct from the existing genus Geoalkalibacter of other.

Allogeobacillus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Geobacillus*, An existing genus; *Allogeobacillus*: A genus related to but distinct from the existing genus Geobacillus of other.

Allogeobacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Geobacter*, An existing genus; *Allogeobacter*: A genus related to but distinct from the existing genus Geobacter of other.

Allogeodermatophilus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Geodermatophilus*, An existing genus; *Allogeodermatophilus*: A genus related to but distinct from the existing genus Geodermatophilus of other.

Allogeofilum

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Geofilum*, An existing genus; *Allogeofilum*: A genus related to but distinct from the existing genus Geofilum of other.

Allogeoglobus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Geoglobus*, An existing genus; *Allogeoglobus*: A genus related to but distinct from the existing genus Geoglobus of other.

Allogeojedonia

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Geojedonia*, An existing genus; *Allogeojedonia*: A genus related to but distinct from the existing genus Geojedonia of other.

Allogeomicrobium

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Geomicrobium*, An existing genus; *Allogeomicrobium*: A genus related to but distinct from the existing genus Geomicrobium of other.

Allogeomonas

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Geomonas*, An existing genus; *Allogeomonas*: A genus related to but distinct from the existing genus Geomonas of other.

Allogeopsychrobacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Geopsychrobacter*, An existing genus; *Allogeopsychrobacter*: A genus related to but distinct from the existing genus Geopsychrobacter of other.

Allogeorgenia

Gr. masc. adjective *áijĂÎżÎżÎ±ÏĆ*, other; L. fem. n. *Georgenia*, An existing genus; *Allogeorgenia*: A genus related to but distinct from the existing genus Georgenia of other.

Allogeorgfuchsia

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Georgfuchsia*, An existing genus; *Allogeorgfuchsia*: A genus related to but distinct from the existing genus Georgfuchsia of other.

Allogeorhizobium

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Georhizobium*, An existing genus; *Allogeorhizobium*: A genus related to but distinct from the existing genus Georhizobium of other.

Allogeosporobacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Geosporobacter*, An existing genus; *Allogeosporobacter*: A genus related to but distinct from the existing genus Geosporobacter of other.

Allogeothermobacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Geothermobacter*, An existing genus; *Allogeothermobacter*: A genus related to but distinct from the existing genus Geothermobacter of other.

Allogeothermobacterium

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Geothermobacterium*, An existing genus; *Allogeothermobacterium*: A genus related to but distinct from the existing genus Geothermobacterium of other.

Allogeothermomicrobium

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Geothermomicrobium*, An existing genus; *Allogeothermomicrobium*: A genus related to but distinct from the existing genus Geothermomicrobium of other.

Allogeothrix

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Geothrix*, An existing genus; *Allogeothrix*: A genus related to but distinct from the existing genus Geothrix of other.

Allogeotoga

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Geotoga*, An existing genus; *Allogeotoga*: A genus related to but distinct from the existing genus Geotoga of other.

Allogeovibrio

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Geovibrio*, An existing genus; *Allogeovibrio*: A genus related to but distinct from the existing genus Geovibrio of other.

Alloghiorsea

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Ghiorsea*, An existing genus; *Alloghiorsea*: A genus related to but distinct from the existing genus Ghiorsea of other.

Allogibbsiella

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. dim. n. *Gibbsiella*, An existing genus; *Allogibbsiella*: A genus related to but distinct from the existing genus Gibbsiella of other.

Allogiesbergeria

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Giesbergeria*, An existing genus; *Allogiesbergeria*: A genus related to but distinct from the existing genus Giesbergeria of other.

Allogilliamella

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. dim. n. *Gilliamella*, An existing genus; *Allogilliamella*: A genus related to but distinct from the existing genus Gilliamella of other.

Allogillisia

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Gillisia*, An existing genus; *Allogillisia*: A genus related to but distinct from the existing genus Gillisia of other.

Allogilvibacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Gilvibacter*, An existing genus; *Allogilvibacter*: A genus related to but distinct from the existing genus Gilvibacter of other.

Allogilvimarinus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Gilvimarinus*, An existing genus; *Allogilvimarinus*: A genus related to but distinct from the existing genus Gilvimarinus of other.

Allogimesia

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Gimesia*, An existing genus; *Allogimesia*: A genus related to but distinct from the existing genus Gimesia of other.

Alloglaciecola

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Glaciecola*, An existing genus; *Alloglaciecola*: A genus related to but distinct from the existing genus Glaciecola of other.

Alloglaciibacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Glaciibacter*, An existing genus; *Alloglaciibacter*: A genus related to but distinct from the existing genus Glaciibacter of other.

Alloglaciihabitans

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Glaciihabitans*, An existing genus; *Alloglaciihabitans*: A genus related to but distinct from the existing genus Glaciihabitans of other.

Alloglaciimonas

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Glaciimonas*, An existing genus; *Alloglaciimonas*: A genus related to but distinct from the existing genus Glaciimonas of other.

Alloglaesserella

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. dim. n. *Glaesserella*, An existing genus; *Alloglaesserella*: A genus related to but distinct from the existing genus Glaesserella of other.

Allogleimia

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Gleimia*, An existing genus; *Allogleimia*: A genus related to but distinct from the existing genus Gleimia of other.

Alloglobicatella

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. dim. n. *Globicatella*, An existing genus; *Alloglobicatella*: A genus related to but distinct from the existing genus Globicatella of other.

Allogloeobacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Gloeobacter*, An existing genus; *Allogloeobacter*: A genus related to but distinct from the existing genus Gloeobacter of other.

Allogloeomargarita

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Gloeomargarita*, An existing genus; *Allogloeomargarita*: A genus related to but distinct from the existing genus Gloeomargarita of other.

Allogluceraba cter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Glucerabacter*, An existing genus; *Allogluceraba cter*: A genus related to but distinct from the existing genus Glucerabacter of other.

Allogluconacetobacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Gluconacetobacter*, An existing genus; *Allogluconacetobacter*: A genus related to but distinct from the existing genus Gluconacetobacter of other.

Allogluconobacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Gluconobacter*, An existing genus; *Allogluconobacter*: A genus related to but distinct from the existing genus Gluconobacter of other.

Alloglutamicibacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Glutamicibacter*, An existing genus; *Alloglutamicibacter*: A genus related to but distinct from the existing genus Glutamicibacter of other.

Alloglycocaulis

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Glycocaulis*, An existing genus; *Alloglycocaulis*: A genus related to but distinct from the existing genus Glycocaulis of other.

Alloglycomyces

Gr. masc. adjective *áijĂÎżÎżÎ±ÏĆ*, other; L. masc. n. *Glycomyces*, An existing genus; *Alloglycomyces*: A genus related to but distinct from the existing genus Glycomyces of other.

Allogodleya

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Godleya*, An existing genus; *Allogodleya*: A genus related to but distinct from the existing genus Godleya of other.

Allogomontiella

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. dim. n. *Gomontiella*, An existing genus; *Allogomontiella*: A genus related to but distinct from the existing genus Gomontiella of other.

Allogoodfellowia

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Goodfellowia*, An existing genus; *Allogoodfellowia*: A genus related to but distinct from the existing genus Goodfellowia of other.

Allogoodfellowiella

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. dim. n. *Goodfellowiella*, An existing genus; *Allogoodfellowiella*: A genus related to but distinct from the existing genus Goodfellowiella of other.

Allogordona

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Gordona*, An existing genus; *Allogordona*: A genus related to but distinct from the existing genus Gordona of other.

Allogordonia

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Gordonia*, An existing genus; *Allogordonia*: A genus related to but distinct from the existing genus Gordonia of other.

Allogordonibacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Gordonibacter*, An existing genus; *Allogordonibacter*: A genus related to but distinct from the existing genus Gordonibacter of other.

Allogorillibacterium

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Gorillibacterium*, An existing genus; *Allogorillibacterium*: A genus related to but distinct from the existing genus Gorillibacterium of other.

Allogottschalkia

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Gottschalkia*, An existing genus; *Allogottschalkia*: A genus related to but distinct from the existing genus Gottschalkia of other.

Allogracilibacillus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Gracilibacillus*, An existing genus; *Allogracilibacillus*: A genus related to but distinct from the existing genus Gracilibacillus of other.

Allogracilibacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Gracilibacter*, An existing genus; *Allogracilibacter*: A genus related to but distinct from the existing genus Gracilibacter of other.

Allogracilimonas

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Gracilimonas*, An existing genus; *Allogracilimonas*: A genus related to but distinct from the existing genus Gracilimonas of other.

Allograhamella

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. dim. n. *Grahamella*, An existing genus; *Allograhamella*: A genus related to but distinct from the existing genus Grahamella of other.

Allogramella

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. dim. n. *Gramella*, An existing genus; *Allogramella*: A genus related to but distinct from the existing genus Gramella of other.

Allogranulibacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Granulibacter*, An existing genus; *Allogranulibacter*: A genus related to but distinct from the existing genus Granulibacter of other.

Allogranulicella

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Granulicella*, An existing genus; *Allogranulicella*: A genus related to but distinct from the existing genus Granulicella of other.

Allogranulicoccus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Granulicoccus*, An existing genus; *Allogranulicoccus*: A genus related to but distinct from the existing genus Granulicoccus of other.

Allogranulosicoccus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Granulosicoccus*, An existing genus; *Allogranulosicoccus*: A genus related to but distinct from the existing genus Granulosicoccus of other.

Allogrimontia

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Grimontia*, An existing genus; *Allogrimontia*: A genus related to but distinct from the existing genus Grimontia of other.

Allogryllotalpicola

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Gryllotalpicola*, An existing genus; *Allogryllotalpicola*: A genus related to but distinct from the existing genus Gryllotalpicola of other.

Allogudongella

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. dim. n. *Gudongella*, An existing genus; *Allogudongella*: A genus related to but distinct from the existing genus Gudongella of other.

Alloguggenheimella

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. dim. n. *Guggenheimella*, An existing genus; *Alloguggenheimella*: A genus related to but distinct from the existing genus Guggenheimella of other.

Allogulbenkiania

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Gulbenkiania*, An existing genus; *Allogulbenkiania*: A genus related to but distinct from the existing genus Gulbenkiania of other.

Allogulosibacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Gulosibacter*, An existing genus; *Allogulosibacter*: A genus related to but distinct from the existing genus Gulosibacter of other.

Alloguyparkeria

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Guyparkeria*, An existing genus; *Alloguyparkeria*: A genus related to but distinct from the existing genus Guyparkeria of other.

Allogynuella

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. dim. n. *Gynuella*, An existing genus; *Allogynuella*: A genus related to but distinct from the existing genus Gynuella of other.

Allogynurincola

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Gynurincola*, An existing genus; *Allogynurincola*: A genus related to but distinct from the existing genus Gynurincola of other.

Allohaematomicrobium

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Haematomicrobium*, An existing genus; *Allohaematomicrobium*: A genus related to but distinct from the existing genus Haematomicrobium of other.

Allohaemobartonella

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. dim. n. *Haemobartonella*, An existing genus; *Allohaemobartonella*: A genus related to but distinct from the existing genus Haemobartonella of other.

Allohaemophilus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Haemophilus*, An existing genus; *Allohaemophilus*: A genus related to but distinct from the existing genus Haemophilus of other.

Allohahella

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. dim. n. *Hahella*, An existing genus; *Allohahella*: A genus related to but distinct from the existing genus Hahella of other.

Allohahyoungchilella

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. dim. n. *Hahyoungchilella*, An existing genus; *Allohahyoungchilella*: A genus related to but distinct from the existing genus Hahyoungchilella of other.

Allohaladaptatus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Haladaptatus*, An existing genus; *Allohaladaptatus*: A genus related to but distinct from the existing genus Haladaptatus of other.

Allohalalkaliarchaeum

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Halalkaliarchaeum*, An existing genus; *Allohalalkaliarchaeum*: A genus related to but distinct from the existing genus Halalkaliarchaeum of other.

Allohalalkalibacillus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Halalkalibacillus*, An existing genus; *Allohalalkalibacillus*: A genus related to but distinct from the existing genus Halalkalibacillus of other.

Allohalalkalicoccus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Halalkalicoccus*, An existing genus; *Allohalalkalicoccus*: A genus related to but distinct from the existing genus Halalkalicoccus of other.

Allohalanaeroarchaeum

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Halanaeroarchaeum*, An existing genus; *Allohalanaeroarchaeum*: A genus related to but distinct from the existing genus Halanaeroarchaeum of other.

Allohalanaerobacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Halanaerobacter*, An existing genus; *Allohalanaerobacter*: A genus related to but distinct from the existing genus Halanaerobacter of other.

Allohalanaerobium

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Halanaerobium*, An existing genus; *Allohalanaerobium*: A genus related to but distinct from the existing genus Halanaerobium of other.

Allohalanaerocella

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Halanaerocella*, An existing genus; *Allohalanaerocella*: A genus related to but distinct from the existing genus Halanaerocella of other.

Allohalapricum

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Halapricum*, An existing genus; *Allohalapricum*: A genus related to but distinct from the existing genus Halapricum of other.

Allohalarchaeum

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Halarchaeum*, An existing genus; *Allohalarchaeum*: A genus related to but distinct from the existing genus Halarchaeum of other.

Allohalarsenatibacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Halarsenatibacter*, An existing genus; *Allohalarsenatibacter*: A genus related to but distinct from the existing genus Halarsenatibacter of other.

Allohalegenticoccus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Halegenticoccus*, An existing genus; *Allohalegenticoccus*: A genus related to but distinct from the existing genus Halegenticoccus of other.

Allohaliangium

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Haliangium*, An existing genus; *Allohaliangium*: A genus related to but distinct from the existing genus Haliangium of other.

Allohaliea

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Haliea*, An existing genus; *Allohaliea*: A genus related to but distinct from the existing genus Haliea of other.

Allohalioglobus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Halioglobus*, An existing genus; *Allohalioglobus*: A genus related to but distinct from the existing genus Halioglobus of other.

Allohalioxenophilus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Halioxenophilus*, An existing genus; *Allohalioxenophilus*: A genus related to but distinct from the existing genus Halioxenophilus of other.

Allohaliscomenobacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Haliscomenobacter*, An existing genus; *Allohaliscomenobacter*: A genus related to but distinct from the existing genus Haliscomenobacter of other.

Allohallella

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. dim. n. *Hallella*, An existing genus; *Allohallella*: A genus related to but distinct from the existing genus Hallella of other.

Allohaloactinobacterium

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Haloactinobacterium*, An existing genus; *Allohaloactinobacterium*: A genus related to but distinct from the existing genus Haloactinobacterium of other.

Allohaloactinomyces

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Haloactinomyces*, An existing genus; *Allohaloactinomyces*: A genus related to but distinct from the existing genus Haloactinomyces of other.

Allohaloactinopolyspora

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Haloactinopolyspora*, An existing genus; *Allohaloactinopolyspora*: A genus related to but distinct from the existing genus Haloactinopolyspora of other.

Allohaloactinospora

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Haloactinospora*, An existing genus; *Allohaloactinospora*: A genus related to but distinct from the existing genus Haloactinospora of other.

Allohaloarchaeobius

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Haloarchaeobius*, An existing genus; *Allohaloarchaeobius*: A genus related to but distinct from the existing genus Haloarchaeobius of other.

Allohaloarcula

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. dim. n. *Haloarcula*, An existing genus; *Allohaloarcula*: A genus related to but distinct from the existing genus Haloarcula of other.

Allohalobacteriovorax

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Halobacteriovorax*, An existing genus; *Allohalobacteriovorax*: A genus related to but distinct from the existing genus Halobacteriovorax of other.

Allohalobacterium

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Halobacterium*, An existing genus; *Allohalobacterium*: A genus related to but distinct from the existing genus Halobacterium of other.

Allohalobacteroides

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Halobacteroides*, An existing genus; *Allohalobacteroides*: A genus related to but distinct from the existing genus Halobacteroides of other.

Allohalobaculum

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Halobaculum*, An existing genus; *Allohalobaculum*: A genus related to but distinct from the existing genus Halobaculum of other.

Allohalobellus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Halobellus*, An existing genus; *Allohalobellus*: A genus related to but distinct from the existing genus Halobellus of other.

Allohalobiforma

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Halobiforma*, An existing genus; *Allohalobiforma*: A genus related to but distinct from the existing genus Halobiforma of other.

Allohalobium

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Halobium*, An existing genus; *Allohalobium*: A genus related to but distinct from the existing genus Halobium of other.

Allohalocalculus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Halocalculus*, An existing genus; *Allohalocalculus*: A genus related to but distinct from the existing genus Halocalculus of other.

Allohalocella

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Halocella*, An existing genus; *Allohalocella*: A genus related to but distinct from the existing genus Halocella of other.

Allohalochromatium

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Halochromatium*, An existing genus; *Allohalochromatium*: A genus related to but distinct from the existing genus Halochromatium of other.

Allohalococcoides

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Halococcoides*, An existing genus; *Allohalococcoides*: A genus related to but distinct from the existing genus Halococcoides of other.

Allohalococcus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Halococcus*, An existing genus; *Allohalococcus*: A genus related to but distinct from the existing genus Halococcus of other.

Allohalocynthiibacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Halocynthiibacter*, An existing genus; *Allohalocynthiibacter*: A genus related to but distinct from the existing genus Halocynthiibacter of other.

Allohalodesulfovibrio

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Halodesulfovibrio*, An existing genus; *Allohalodesulfovibrio*: A genus related to but distinct from the existing genus Halodesulfovibrio of other.

Allohalodesulfurarchaeum

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Halodesulfurarchaeum*, An existing genus; *Allohalodesulfurarchaeum*: A genus related to but distinct from the existing genus Halodesulfurarchaeum of other.

Allohalodurantibacterium

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Halodurantibacterium*, An existing genus; *Allohalodurantibacterium*: A genus related to but distinct from the existing genus Halodurantibacterium of other.

Allohaloechinothrix

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Haloechinothrix*, An existing genus; *Allohaloechinothrix*: A genus related to but distinct from the existing genus Haloechinothrix of other.

Allohaloferax

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Haloferax*, An existing genus; *Allohaloferax*: A genus related to but distinct from the existing genus Haloferax of other.

Allohaloferula

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Haloferula*, An existing genus; *Allohaloferula*: A genus related to but distinct from the existing genus Haloferula of other.

Allohalofilum

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Halofilum*, An existing genus; *Allohalofilum*: A genus related to but distinct from the existing genus Halofilum of other.

Allohaloflavibacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Haloflavibacter*, An existing genus; *Allohaloflavibacter*: A genus related to but distinct from the existing genus Haloflavibacter of other.

Allohalogeometricum

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Halogeometricum*, An existing genus; *Allohalogeometricum*: A genus related to but distinct from the existing genus Halogeometricum of other.

Allohaloglycomyces

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Haloglycomyces*, An existing genus; *Allohaloglycomyces*: A genus related to but distinct from the existing genus Haloglycomyces of other.

Allohalogranum

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Halogranum*, An existing genus; *Allohalogranum*: A genus related to but distinct from the existing genus Halogranum of other.

Allohalohasta

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Halohasta*, An existing genus; *Allohalohasta*: A genus related to but distinct from the existing genus Halohasta of other.

Allohaloimpatiens

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Haloimpatiens*, An existing genus; *Allohaloimpatiens*: A genus related to but distinct from the existing genus Haloimpatiens of other.

Allohaloincola

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Haloincola*, An existing genus; *Allohaloincola*: A genus related to but distinct from the existing genus Haloincola of other.

Allohalolactibacillus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Halolactibacillus*, An existing genus; *Allohalolactibacillus*: A genus related to but distinct from the existing genus Halolactibacillus of other.

Allohalolamina

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Halolamina*, An existing genus; *Allohalolamina*: A genus related to but distinct from the existing genus Halolamina of other.

Allohaloleptolyngbya

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Haloleptolyngbya*, An existing genus; *Allohaloleptolyngbya*: A genus related to but distinct from the existing genus Haloleptolyngbya of other.

Allohalomarina

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Halomarina*, An existing genus; *Allohalomarina*: A genus related to but distinct from the existing genus Halomarina of other.

Allohalomethanococcus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Halomethanococcus*, An existing genus; *Allohalomethanococcus*: A genus related to but distinct from the existing genus Halomethanococcus of other.

Allohalomicrobium

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Halomicrobium*, An existing genus; *Allohalomicrobium*: A genus related to but distinct from the existing genus Halomicrobium of other.

Allohalomicrococcus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Halomicrococcus*, An existing genus; *Allohalomicrococcus*: A genus related to but distinct from the existing genus Halomicrococcus of other.

Allohalomicronema

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Halomicronema*, An existing genus; *Allohalomicronema*: A genus related to but distinct from the existing genus Halomicronema of other.

Allohalomonas

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Halomonas*, An existing genus; *Allohalomonas*: A genus related to but distinct from the existing genus Halomonas of other.

Allohalonatronum

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Halonatronum*, An existing genus; *Allohalonatronum*: A genus related to but distinct from the existing genus Halonatronum of other.

Allohalonotius

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Halonotius*, An existing genus; *Allohalonotius*: A genus related to but distinct from the existing genus Halonotius of other.

Allohaloparvum

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Haloparvum*, An existing genus; *Allohaloparvum*: A genus related to but distinct from the existing genus Haloparvum of other.

Allohalopelagius

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Halopelagius*, An existing genus; *Allohalopelagius*: A genus related to but distinct from the existing genus Halopelagius of other.

Allohalopenitus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Halopenitus*, An existing genus; *Allohalopenitus*: A genus related to but distinct from the existing genus Halopenitus of other.

Allohalopeptonella

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. dim. n. *Halopeptonella*, An existing genus; *Allohalopeptonella*: A genus related to but distinct from the existing genus Halopeptonella of other.

Allohalopiger

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Halopiger*, An existing genus; *Allohalopiger*: A genus related to but distinct from the existing genus Halopiger of other.

Allohaloplanus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Haloplanus*, An existing genus; *Allohaloplanus*: A genus related to but distinct from the existing genus Haloplanus of other.

Allohaloplasma

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Haloplasma*, An existing genus; *Allohaloplasma*: A genus related to but distinct from the existing genus Haloplasma of other.

Allohalopolyspora

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Halopolyspora*, An existing genus; *Allohalopolyspora*: A genus related to but distinct from the existing genus Halopolyspora of other.

Allohaloprofundus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Haloprofundus*, An existing genus; *Allohaloprofundus*: A genus related to but distinct from the existing genus Haloprofundus of other.

Allohaloquadratum

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Haloquadratum*, An existing genus; *Allohaloquadratum*: A genus related to but distinct from the existing genus Haloquadratum of other.

Allohalorhodospira

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Halorhodospira*, An existing genus; *Allohalorhodospira*: A genus related to but distinct from the existing genus Halorhodospira of other.

Allohalorientalis

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Halorientalis*, An existing genus; *Allohalorientalis*: A genus related to but distinct from the existing genus Halorientalis of other.

Allohalorubellus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Halorubellus*, An existing genus; *Allohalorubellus*: A genus related to but distinct from the existing genus Halorubellus of other.

Allohalorubrobacterium

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Halorubrobacterium*, An existing genus; *Allohalorubrobacterium*: A genus related to but distinct from the existing genus Halorubrobacterium of other.

Allohalorubrum

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Halorubrum*, An existing genus; *Allohalorubrum*: A genus related to but distinct from the existing genus Halorubrum of other.

Allohalorussus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Halorussus*, An existing genus; *Allohalorussus*: A genus related to but distinct from the existing genus Halorussus of other.

Allohalosarcina

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Halosarcina*, An existing genus; *Allohalosarcina*: A genus related to but distinct from the existing genus Halosarcina of other.

Allohalosiccatus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Halosiccatus*, An existing genus; *Allohalosiccatus*: A genus related to but distinct from the existing genus Halosiccatus of other.

Allohalosimplex

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Halosimplex*, An existing genus; *Allohalosimplex*: A genus related to but distinct from the existing genus Halosimplex of other.

Allohalospina

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Halospina*, An existing genus; *Allohalospina*: A genus related to but distinct from the existing genus Halospina of other.

Allohalospirulina

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Halospirulina*, An existing genus; *Allohalospirulina*: A genus related to but distinct from the existing genus Halospirulina of other.

Allohalostagnicola

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Halostagnicola*, An existing genus; *Allohalostagnicola*: A genus related to but distinct from the existing genus Halostagnicola of other.

Allohalotalea

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Halotalea*, An existing genus; *Allohalotalea*: A genus related to but distinct from the existing genus Halotalea of other.

Allohaloterrigena

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Haloterrigena*, An existing genus; *Allohaloterrigena*: A genus related to but distinct from the existing genus Haloterrigena of other.

Allohalothermothrix

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Halothermothrix*, An existing genus; *Allohalothermothrix*: A genus related to but distinct from the existing genus Halothermothrix of other.

Allohalothiobacillus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Halothiobacillus*, An existing genus; *Allohalothiobacillus*: A genus related to but distinct from the existing genus Halothiobacillus of other.

Allohalotia

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Halotia*, An existing genus; *Allohalotia*: A genus related to but distinct from the existing genus Halotia of other.

Allohalovarius

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Halovarius*, An existing genus; *Allohalovarius*: A genus related to but distinct from the existing genus Halovarius of other.

Allohalovenus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Halovenus*, An existing genus; *Allohalovenus*: A genus related to but distinct from the existing genus Halovenus of other.

Allohalovibrio

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Halovibrio*, An existing genus; *Allohalovibrio*: A genus related to but distinct from the existing genus Halovibrio of other.

Allohalovivax

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Halovivax*, An existing genus; *Allohalovivax*: A genus related to but distinct from the existing genus Halovivax of other.

Allohalovulum

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Halovulum*, An existing genus; *Allohalovulum*: A genus related to but distinct from the existing genus Halovulum of other.

Allohalpernia

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Halpernia*, An existing genus; *Allohalpernia*: A genus related to but distinct from the existing genus Halpernia of other.

Allohamadaea

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Hamadaea*, An existing genus; *Allohamadaea*: A genus related to but distinct from the existing genus Hamadaea of other.

Allohankyongella

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. dim. n. *Hankyongella*, An existing genus; *Allohankyongella*: A genus related to but distinct from the existing genus Hankyongella of other.

Allohansschlegelia

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Hansschlegelia*, An existing genus; *Allohansschlegelia*: A genus related to but distinct from the existing genus Hansschlegelia of other.

Allohanstruepera

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Hanstruepera*, An existing genus; *Allohanstruepera*: A genus related to but distinct from the existing genus Hanstruepera of other.

Allohaoranjiania

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Haoranjiania*, An existing genus; *Allohaoranjiania*: A genus related to but distinct from the existing genus Haoranjiania of other.

Allohaploangium

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Haploangium*, An existing genus; *Allohaploangium*: A genus related to but distinct from the existing genus Haploangium of other.

Alloharryflintia

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Harryflintia*, An existing genus; *Alloharryflintia*: A genus related to but distinct from the existing genus Harryflintia of other.

Allohartmannibacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Hartmannibacter*, An existing genus; *Allohartmannibacter*: A genus related to but distinct from the existing genus Hartmannibacter of other.

Allohasllibacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Hasllibacter*, An existing genus; *Allohasllibacter*: A genus related to but distinct from the existing genus Hasllibacter of other.

Allohathewaya

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Hathewaya*, An existing genus; *Allohathewaya*: A genus related to but distinct from the existing genus Hathewaya of other.

Allohazenella

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. dim. n. *Hazenella*, An existing genus; *Allohazenella*: A genus related to but distinct from the existing genus Hazenella of other.

Allohelcococcus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Helcococcus*, An existing genus; *Allohelcococcus*: A genus related to but distinct from the existing genus Helcococcus of other.

Allohelicobacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Helicobacter*, An existing genus; *Allohelicobacter*: A genus related to but distinct from the existing genus Helicobacter of other.

Alloheliimonas

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Heliimonas*, An existing genus; *Alloheliimonas*: A genus related to but distinct from the existing genus Heliimonas of other.

Alloheliobacterium

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Heliobacterium*, An existing genus; *Alloheliobacterium*: A genus related to but distinct from the existing genus Heliobacterium of other.

Alloheliophilum

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Heliophilum*, An existing genus; *Alloheliophilum*: A genus related to but distinct from the existing genus Heliophilum of other.

Alloheliorestis

Gr. masc. adjective *áijĂÎżÎżÎ±ÏĆ*, other; L. fem. n. *Heliorestis*, An existing genus; *Alloheliorestis*: A genus related to but distinct from the existing genus Heliorestis of other.

Allohellea

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Hellea*, An existing genus; *Allohellea*: A genus related to but distinct from the existing genus Hellea of other.

Allohenriciella

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. dim. n. *Henriciella*, An existing genus; *Allohenriciella*: A genus related to but distinct from the existing genus Henriciella of other.

Alloherbaspirillum

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. dim. n. *Herbaspirillum*, An existing genus; *Alloherbaspirillum*: A genus related to but distinct from the existing genus Herbaspirillum of other.

Alloherbiconiux

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Herbiconiux*, An existing genus; *Alloherbiconiux*: A genus related to but distinct from the existing genus Herbiconiux of other.

Alloherbidospora

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Herbidospora*, An existing genus; *Alloherbidospora*: A genus related to but distinct from the existing genus Herbidospora of other.

Alloherbihabitans

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Herbihabitans*, An existing genus; *Alloherbihabitans*: A genus related to but distinct from the existing genus Herbihabitans of other.

Alloherbinix

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Herbinix*, An existing genus; *Alloherbinix*: A genus related to but distinct from the existing genus Herbinix of other.

Alloherbivorax

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Herbivorax*, An existing genus; *Alloherbivorax*: A genus related to but distinct from the existing genus Herbivorax of other.

Alloherminiimonas

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Herminiimonas*, An existing genus; *Alloherminiimonas*: A genus related to but distinct from the existing genus Herminiimonas of other.

Alloherpetosiphon

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Herpetosiphon*, An existing genus; *Alloherpetosiphon*: A genus related to but distinct from the existing genus Herpetosiphon of other.

Allohespellia

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Hespellia*, An existing genus; *Allohespellia*: A genus related to but distinct from the existing genus Hespellia of other.

Alloheteroscytonema

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Heteroscytonema*, An existing genus; *Alloheteroscytonema*: A genus related to but distinct from the existing genus Heteroscytonema of other.

Allohippea

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Hippea*, An existing genus; *Allohippea*: A genus related to but distinct from the existing genus Hippea of other.

Allohirschia

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Hirschia*, An existing genus; *Allohirschia*: A genus related to but distinct from the existing genus Hirschia of other.

Allohistidinibacterium

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Histidinibacterium*, An existing genus; *Allohistidinibacterium*: A genus related to but distinct from the existing genus Histidinibacterium of other.

Allohistophilus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Histophilus*, An existing genus; *Allohistophilus*: A genus related to but distinct from the existing genus Histophilus of other.

Alloholdemanella

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. dim. n. *Holdemanella*, An existing genus; *Alloholdemanella*: A genus related to but distinct from the existing genus Holdemanella of other.

Alloholdemania

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Holdemania*, An existing genus; *Alloholdemania*: A genus related to but distinct from the existing genus Holdemania of other.

Allohollandina

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Hollandina*, An existing genus; *Allohollandina*: A genus related to but distinct from the existing genus Hollandina of other.

Alloholophaga

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Holophaga*, An existing genus; *Alloholophaga*: A genus related to but distinct from the existing genus Holophaga of other.

Alloholospora

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Holospora*, An existing genus; *Alloholospora*: A genus related to but distinct from the existing genus Holospora of other.

Alloholzapfelia

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Holzapfelia*, An existing genus; *Alloholzapfelia*: A genus related to but distinct from the existing genus Holzapfelia of other.

Allohomoserinibacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Homoserinibacter*, An existing genus; *Allohomoserinibacter*: A genus related to but distinct from the existing genus Homoserinibacter of other.

Allohomoserinimonas

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Homoserinimonas*, An existing genus; *Allohomoserinimonas*: A genus related to but distinct from the existing genus Homoserinimonas of other.

Allohongia

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Hongia*, An existing genus; *Allohongia*: A genus related to but distinct from the existing genus Hongia of other.

Allohongiella

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. dim. n. *Hongiella*, An existing genus; *Allohongiella*: A genus related to but distinct from the existing genus Hongiella of other.

Allohoppeia

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Hoppeia*, An existing genus; *Allohoppeia*: A genus related to but distinct from the existing genus Hoppeia of other.

Allohormathonema

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Hormathonema*, An existing genus; *Allohormathonema*: A genus related to but distinct from the existing genus Hormathonema of other.

Allohormoscilla

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Hormoscilla*, An existing genus; *Allohormoscilla*: A genus related to but distinct from the existing genus Hormoscilla of other.

Allohowardella

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. dim. n. *Howardella*, An existing genus; *Allohowardella*: A genus related to but distinct from the existing genus Howardella of other.

Allohoyosella

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. dim. n. *Hoyosella*, An existing genus; *Allohoyosella*: A genus related to but distinct from the existing genus Hoyosella of other.

Allohuaishuia

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Huaishuia*, An existing genus; *Allohuaishuia*: A genus related to but distinct from the existing genus Huaishuia of other.

Allohuakuichenia

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Huakuichenia*, An existing genus; *Allohuakuichenia*: A genus related to but distinct from the existing genus Huakuichenia of other.

Allohuanghella

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. dim. n. *Huanghella*, An existing genus; *Allohuanghella*: A genus related to but distinct from the existing genus Huanghella of other.

Allohugenholtzia

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Hugenholtzia*, An existing genus; *Allohugenholtzia*: A genus related to but distinct from the existing genus Hugenholtzia of other.

Allohugonella

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. dim. n. *Hugonella*, An existing genus; *Allohugonella*: A genus related to but distinct from the existing genus Hugonella of other.

Allohumibacillus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Humibacillus*, An existing genus; *Allohumibacillus*: A genus related to but distinct from the existing genus Humibacillus of other.

Allohumibacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Humibacter*, An existing genus; *Allohumibacter*: A genus related to but distinct from the existing genus Humibacter of other.

Allohumicoccus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Humicoccus*, An existing genus; *Allohumicoccus*: A genus related to but distinct from the existing genus Humicoccus of other.

Allohungateiclostridium

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. dim. n. *Hungateiclostridium*, An existing genus; *Allohungateiclostridium*: A genus related to but distinct from the existing genus Hungateiclostridium of other.

Allohungatella

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. dim. n. *Hungatella*, An existing genus; *Allohungatella*: A genus related to but distinct from the existing genus Hungatella of other.

Allohwangdonia

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Hwangdonia*, An existing genus; *Allohwangdonia*: A genus related to but distinct from the existing genus Hwangdonia of other.

Allohwanghaeella

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. dim. n. *Hwanghaeella*, An existing genus; *Allohwanghaeella*: A genus related to but distinct from the existing genus Hwanghaeella of other.

Allohwanghaeicola

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Hwanghaeicola*, An existing genus; *Allohwanghaeicola*: A genus related to but distinct from the existing genus Hwanghaeicola of other.

Allohyalangium

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Hyalangium*, An existing genus; *Allohyalangium*: A genus related to but distinct from the existing genus Hyalangium of other.

Allohydrobacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Hydrobacter*, An existing genus; *Allohydrobacter*: A genus related to but distinct from the existing genus Hydrobacter of other.

Allohydrocarboniclastica

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Hydrocarboniclastica*, An existing genus; *Allohydrocarboniclastica*: A genus related to but distinct from the existing genus Hydrocarboniclastica of other.

Allohydrocarboniphaga

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Hydrocarboniphaga*, An existing genus; *Allohydrocarboniphaga*: A genus related to but distinct from the existing genus Hydrocarboniphaga of other.

Allohydrogenibacillus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Hydrogenibacillus*, An existing genus; *Allohydrogenibacillus*: A genus related to but distinct from the existing genus Hydrogenibacillus of other.

Allohydrogeniiclostridium

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. dim. n. *Hydrogeniiclostridium*, An existing genus; *Allohydrogeniiclostridium*: A genus related to but distinct from the existing genus Hydrogeniiclostridium of other.

Allohydrogenimonas

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Hydrogenimonas*, An existing genus; *Allohydrogenimonas*: A genus related to but distinct from the existing genus Hydrogenimonas of other.

Allohydrogenispora

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Hydrogenispora*, An existing genus; *Allohydrogenispora*: A genus related to but distinct from the existing genus Hydrogenispora of other.

Allohydrogenivirga

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Hydrogenivirga*, An existing genus; *Allohydrogenivirga*: A genus related to but distinct from the existing genus Hydrogenivirga of other.

Allohydrogenoanaerobacterium

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Hydrogenoanaerobacterium*, An existing genus; *Allohydrogenoanaerobacterium*: A genus related to but distinct from the existing genus Hydrogenoanaerobacterium of other.

Allohydrogenobacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Hydrogenobacter*, An existing genus; *Allohydrogenobacter*: A genus related to but distinct from the existing genus Hydrogenobacter of other.

Allohydrogenophaga

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Hydrogenophaga*, An existing genus; *Allohydrogenophaga*: A genus related to but distinct from the existing genus Hydrogenophaga of other.

Allohydrogenophilus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Hydrogenophilus*, An existing genus; *Allohydrogenophilus*: A genus related to but distinct from the existing genus Hydrogenophilus of other.

Allohydrogenovibrio

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Hydrogenovibrio*, An existing genus; *Allohydrogenovibrio*: A genus related to but distinct from the existing genus Hydrogenovibrio of other.

Allohydromonas

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Hydromonas*, An existing genus; *Allohydromonas*: A genus related to but distinct from the existing genus Hydromonas of other.

Allohydrotalea

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Hydrotalea*, An existing genus; *Allohydrotalea*: A genus related to but distinct from the existing genus Hydrotalea of other.

Allohylemonella

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. dim. n. *Hylemonella*, An existing genus; *Allohylemonella*: A genus related to but distinct from the existing genus Hylemonella of other.

Allohymenobacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Hymenobacter*, An existing genus; *Allohymenobacter*: A genus related to but distinct from the existing genus Hymenobacter of other.

Allohypericibacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Hypericibacter*, An existing genus; *Allohypericibacter*: A genus related to but distinct from the existing genus Hypericibacter of other.

Allohyperthermus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Hyperthermus*, An existing genus; *Allohyperthermus*: A genus related to but distinct from the existing genus Hyperthermus of other.

Allohyphobacterium

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Hyphobacterium*, An existing genus; *Allohyphobacterium*: A genus related to but distinct from the existing genus Hyphobacterium of other.

Allohyphococcus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Hyphococcus*, An existing genus; *Allohyphococcus*: A genus related to but distinct from the existing genus Hyphococcus of other.

Allohyphomicrobium

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Hyphomicrobium*, An existing genus; *Allohyphomicrobium*: A genus related to but distinct from the existing genus Hyphomicrobium of other.

Allohyphomonas

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Hyphomonas*, An existing genus; *Allohyphomonas*: A genus related to but distinct from the existing genus Hyphomonas of other.

Allohypnocyclicus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Hypnocyclicus*, An existing genus; *Allohypnocyclicus*: A genus related to but distinct from the existing genus Hypnocyclicus of other.

Allohyunsoonleella

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. dim. n. *Hyunsoonleella*, An existing genus; *Allohyunsoonleella*: A genus related to but distinct from the existing genus Hyunsoonleella of other.

Alloiamia

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Iamia*, An existing genus; *Alloiamia*: A genus related to but distinct from the existing genus Iamia of other.

Alloichthyobacterium

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Ichthyobacterium*, An existing genus; *Alloichthyobacterium*: A genus related to but distinct from the existing genus Ichthyobacterium of other.

Alloideonella

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. dim. n. *Ideonella*, An existing genus; *Alloideonella*: A genus related to but distinct from the existing genus Ideonella of other.

Alloidiomarina

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Idiomarina*, An existing genus; *Alloidiomarina*: A genus related to but distinct from the existing genus Idiomarina of other.

Alloignatzschineria

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Ignatzschineria*, An existing genus; *Alloignatzschineria*: A genus related to but distinct from the existing genus Ignatzschineria of other.

Alloignavigranum

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Ignavigranum*, An existing genus; *Alloignavigranum*: A genus related to but distinct from the existing genus Ignavigranum of other.

Alloignicoccus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Ignicoccus*, An existing genus; *Alloignicoccus*: A genus related to but distinct from the existing genus Ignicoccus of other.

Alloignisphaera

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Ignisphaera*, An existing genus; *Alloignisphaera*: A genus related to but distinct from the existing genus Ignisphaera of other.

Alloileibacterium

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Ileibacterium*, An existing genus; *Alloileibacterium*: A genus related to but distinct from the existing genus Ileibacterium of other.

Alloilumatobacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Ilumatobacter*, An existing genus; *Alloilumatobacter*: A genus related to but distinct from the existing genus Ilumatobacter of other.

Alloimhoffiella

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. dim. n. *Imhoffiella*, An existing genus; *Alloimhoffiella*: A genus related to but distinct from the existing genus Imhoffiella of other.

Alloimmundisolibacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Immundisolibacter*, An existing genus; *Alloimmundisolibacter*: A genus related to but distinct from the existing genus Immundisolibacter of other.

Alloimperialibacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Imperialibacter*, An existing genus; *Alloimperialibacter*: A genus related to but distinct from the existing genus Imperialibacter of other.

Alloimtechella

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. dim. n. *Imtechella*, An existing genus; *Alloimtechella*: A genus related to but distinct from the existing genus Imtechella of other.

Alloindibacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Indibacter*, An existing genus; *Alloindibacter*: A genus related to but distinct from the existing genus Indibacter of other.

Alloindiicoccus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Indiicoccus*, An existing genus; *Alloindiicoccus*: A genus related to but distinct from the existing genus Indiicoccus of other.

Alloindioceanicola

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Indioceanicola*, An existing genus; *Alloindioceanicola*: A genus related to but distinct from the existing genus Indioceanicola of other.

Alloinediibacterium

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Inediibacterium*, An existing genus; *Alloinediibacterium*: A genus related to but distinct from the existing genus Inediibacterium of other.

Alloinhella

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. dim. n. *Inhella*, An existing genus; *Alloinhella*: A genus related to but distinct from the existing genus Inhella of other.

Alloiningainema

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Iningainema*, An existing genus; *Alloiningainema*: A genus related to but distinct from the existing genus Iningainema of other.

Alloinmirania

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Inmirania*, An existing genus; *Alloinmirania*: A genus related to but distinct from the existing genus Inmirania of other.

Alloinnacoccus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Innacoccus*, An existing genus; *Alloinnacoccus*: A genus related to but distinct from the existing genus Innacoccus of other.

Alloinsolitispirillum

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. dim. n. *Insolitispirillum*, An existing genus; *Alloinsolitispirillum*: A genus related to but distinct from the existing genus Insolitispirillum of other.

Allointestinibacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Intestinibacter*, An existing genus; *Allointestinibacter*: A genus related to but distinct from the existing genus Intestinibacter of other.

Allointestinibaculum

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Intestinibaculum*, An existing genus; *Allointestinibaculum*: A genus related to but distinct from the existing genus Intestinibaculum of other.

Allointestinimonas

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Intestinimonas*, An existing genus; *Allointestinimonas*: A genus related to but distinct from the existing genus Intestinimonas of other.

Allointestinirhabdus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Intestinirhabdus*, An existing genus; *Allointestinirhabdus*: A genus related to but distinct from the existing genus Intestinirhabdus of other.

Allointrasporangium

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Intrasporangium*, An existing genus; *Allointrasporangium*: A genus related to but distinct from the existing genus Intrasporangium of other.

Alloiodidimonas

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Iodidimonas*, An existing genus; *Alloiodidimonas*: A genus related to but distinct from the existing genus Iodidimonas of other.

Alloiodobacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Iodobacter*, An existing genus; *Alloiodobacter*: A genus related to but distinct from the existing genus Iodobacter of other.

Alloirregularibacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Irregularibacter*, An existing genus; *Alloirregularibacter*: A genus related to but distinct from the existing genus Irregularibacter of other.

Alloisachenkonia

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Isachenkonia*, An existing genus; *Alloisachenkonia*: A genus related to but distinct from the existing genus Isachenkonia of other.

Alloisobaculum

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Isobaculum*, An existing genus; *Alloisobaculum*: A genus related to but distinct from the existing genus Isobaculum of other.

Alloisochromatium

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Isochromatium*, An existing genus; *Alloisochromatium*: A genus related to but distinct from the existing genus Isochromatium of other.

Alloisoptericola

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Isoptericola*, An existing genus; *Alloisoptericola*: A genus related to but distinct from the existing genus Isoptericola of other.

Alloisosphaera

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Isosphaera*, An existing genus; *Alloisosphaera*: A genus related to but distinct from the existing genus Isosphaera of other.

Alloizhakiella

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. dim. n. *Izhakiella*, An existing genus; *Alloizhakiella*: A genus related to but distinct from the existing genus Izhakiella of other.

Allojacksonvillea

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Jacksonvillea*, An existing genus; *Allojacksonvillea*: A genus related to but distinct from the existing genus Jacksonvillea of other.

Allojahnella

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. dim. n. *Jahnella*, An existing genus; *Allojahnella*: A genus related to but distinct from the existing genus Jahnella of other.

Allojanibacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Janibacter*, An existing genus; *Allojanibacter*: A genus related to but distinct from the existing genus Janibacter of other.

Allojanthinobacterium

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Janthinobacterium*, An existing genus; *Allojanthinobacterium*: A genus related to but distinct from the existing genus Janthinobacterium of other.

Allojatrophihabitans

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Jatrophihabitans*, An existing genus; *Allojatrophihabitans*: A genus related to but distinct from the existing genus Jatrophihabitans of other.

Allojejubacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Jejubacter*, An existing genus; *Allojejubacter*: A genus related to but distinct from the existing genus Jejubacter of other.

Allojejudonia

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Jejudonia*, An existing genus; *Allojejudonia*: A genus related to but distinct from the existing genus Jejudonia of other.

Allojejuia

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Jejuia*, An existing genus; *Allojejuia*: A genus related to but distinct from the existing genus Jejuia of other.

Allojeongeupia

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Jeongeupia*, An existing genus; *Allojeongeupia*: A genus related to but distinct from the existing genus Jeongeupia of other.

Allojeotgalibaca

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Jeotgalibaca*, An existing genus; *Allojeotgalibaca*: A genus related to but distinct from the existing genus Jeotgalibaca of other.

Allojeotgalibacillus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Jeotgalibacillus*, An existing genus; *Allojeotgalibacillus*: A genus related to but distinct from the existing genus Jeotgalibacillus of other.

Allojeotgalicoccus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Jeotgalicoccus*, An existing genus; *Allojeotgalicoccus*: A genus related to but distinct from the existing genus Jeotgalicoccus of other.

Allojhaorihella

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. dim. n. *Jhaorihella*, An existing genus; *Allojhaorihella*: A genus related to but distinct from the existing genus Jhaorihella of other.

Allojiangella

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. dim. n. *Jiangella*, An existing genus; *Allojiangella*: A genus related to but distinct from the existing genus Jiangella of other.

Allojiella

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. dim. n. *Jiella*, An existing genus; *Allojiella*: A genus related to but distinct from the existing genus Jiella of other.

Allojilinibacillus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Jilinibacillus*, An existing genus; *Allojilinibacillus*: A genus related to but distinct from the existing genus Jilinibacillus of other.

Allojindonia

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Jindonia*, An existing genus; *Allojindonia*: A genus related to but distinct from the existing genus Jindonia of other.

Allojishengella

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. dim. n. *Jishengella*, An existing genus; *Allojishengella*: A genus related to but distinct from the existing genus Jishengella of other.

Allojiulongibacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Jiulongibacter*, An existing genus; *Allojiulongibacter*: A genus related to but distinct from the existing genus Jiulongibacter of other.

Allojohnsonella

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. dim. n. *Johnsonella*, An existing genus; *Allojohnsonella*: A genus related to but distinct from the existing genus Johnsonella of other.

Allojonesia

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Jonesia*, An existing genus; *Allojonesia*: A genus related to but distinct from the existing genus Jonesia of other.

Allojongsikchunia

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Jongsikchunia*, An existing genus; *Allojongsikchunia*: A genus related to but distinct from the existing genus Jongsikchunia of other.

Allojonquetella

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. dim. n. *Jonquetella*, An existing genus; *Allojonquetella*: A genus related to but distinct from the existing genus Jonquetella of other.

Allojoostella

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. dim. n. *Joostella*, An existing genus; *Allojoostella*: A genus related to but distinct from the existing genus Joostella of other.

Allokaiparowitsia

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Kaiparowitsia*, An existing genus; *Allokaiparowitsia*: A genus related to but distinct from the existing genus Kaiparowitsia of other.

Allokaistella

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. dim. n. *Kaistella*, An existing genus; *Allokaistella*: A genus related to but distinct from the existing genus Kaistella of other.

Allokaistia

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Kaistia*, An existing genus; *Allokaistia*: A genus related to but distinct from the existing genus Kaistia of other.

Allokalamiella

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. dim. n. *Kalamiella*, An existing genus; *Allokalamiella*: A genus related to but distinct from the existing genus Kalamiella of other.

Allokallipyga

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Kallipyga*, An existing genus; *Allokallipyga*: A genus related to but distinct from the existing genus Kallipyga of other.

Allokallotenue

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Kallotenue*, An existing genus; *Allokallotenue*: A genus related to but distinct from the existing genus Kallotenue of other.

Allokandeliimicrobium

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Kandeliimicrobium*, An existing genus; *Allokandeliimicrobium*: A genus related to but distinct from the existing genus Kandeliimicrobium of other.

Allokandleria

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Kandleria*, An existing genus; *Allokandleria*: A genus related to but distinct from the existing genus Kandleria of other.

Allokangiella

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. dim. n. *Kangiella*, An existing genus; *Allokangiella*: A genus related to but distinct from the existing genus Kangiella of other.

Allokastovskya

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Kastovskya*, An existing genus; *Allokastovskya*: A genus related to but distinct from the existing genus Kastovskya of other.

Allokeratinibaculum

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Keratinibaculum*, An existing genus; *Allokeratinibaculum*: A genus related to but distinct from the existing genus Keratinibaculum of other.

Allokerstersia

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Kerstersia*, An existing genus; *Allokerstersia*: A genus related to but distinct from the existing genus Kerstersia of other.

Alloketobacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Ketobacter*, An existing genus; *Alloketobacter*: A genus related to but distinct from the existing genus Ketobacter of other.

Alloketogulonicigenium

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Ketogulonicigenium*, An existing genus; *Alloketogulonicigenium*: A genus related to but distinct from the existing genus Ketogulonicigenium of other.

Allokibdelosporangium

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Kibdelosporangium*, An existing genus; *Allokibdelosporangium*: A genus related to but distinct from the existing genus Kibdelosporangium of other.

Allokiloniella

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. dim. n. *Kiloniella*, An existing genus; *Allokiloniella*: A genus related to but distinct from the existing genus Kiloniella of other.

Allokineobactrum

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Kineobactrum*, An existing genus; *Allokineobactrum*: A genus related to but distinct from the existing genus Kineobactrum of other.

Allokineococcus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Kineococcus*, An existing genus; *Allokineococcus*: A genus related to but distinct from the existing genus Kineococcus of other.

Allokineosphaera

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Kineosphaera*, An existing genus; *Allokineosphaera*: A genus related to but distinct from the existing genus Kineosphaera of other.

Allokineosporia

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Kineosporia*, An existing genus; *Allokineosporia*: A genus related to but distinct from the existing genus Kineosporia of other.

Allokineothrix

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Kineothrix*, An existing genus; *Allokineothrix*: A genus related to but distinct from the existing genus Kineothrix of other.

Allokingella

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. dim. n. *Kingella*, An existing genus; *Allokingella*: A genus related to but distinct from the existing genus Kingella of other.

Allokinneretia

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Kinneretia*, An existing genus; *Allokinneretia*: A genus related to but distinct from the existing genus Kinneretia of other.

Allokiritimatiella

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. dim. n. *Kiritimatiella*, An existing genus; *Allokiritimatiella*: A genus related to but distinct from the existing genus Kiritimatiella of other.

Allokistimonas

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Kistimonas*, An existing genus; *Allokistimonas*: A genus related to but distinct from the existing genus Kistimonas of other.

Allokitasatoa

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Kitasatoa*, An existing genus; *Allokitasatoa*: A genus related to but distinct from the existing genus Kitasatoa of other.

Allokitasatospora

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Kitasatospora*, An existing genus; *Allokitasatospora*: A genus related to but distinct from the existing genus Kitasatospora of other.

Alloklebsiella

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. dim. n. *Klebsiella*, An existing genus; *Alloklebsiella*: A genus related to but distinct from the existing genus Klebsiella of other.

Alloklenkia

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Klenkia*, An existing genus; *Alloklenkia*: A genus related to but distinct from the existing genus Klenkia of other.

Alloklisinema

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Klisinema*, An existing genus; *Alloklisinema*: A genus related to but distinct from the existing genus Klisinema of other.

Alloklugiella

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. dim. n. *Klugiella*, An existing genus; *Alloklugiella*: A genus related to but distinct from the existing genus Klugiella of other.

Allokluyvera

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Kluyvera*, An existing genus; *Allokluyvera*: A genus related to but distinct from the existing genus Kluyvera of other.

Allokocuria

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Kocuria*, An existing genus; *Allokocuria*: A genus related to but distinct from the existing genus Kocuria of other.

Allokofleria

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Kofleria*, An existing genus; *Allokofleria*: A genus related to but distinct from the existing genus Kofleria of other.

Allokoinonema

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Koinonema*, An existing genus; *Allokoinonema*: A genus related to but distinct from the existing genus Koinonema of other.

Allokomagatabacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Komagatabacter*, An existing genus; *Allokomagatabacter*: A genus related to but distinct from the existing genus Komagatabacter of other.

Allokomagataeibacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Komagataeibacter*, An existing genus; *Allokomagataeibacter*: A genus related to but distinct from the existing genus Komagataeibacter of other.

Allokomarekiella

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. dim. n. *Komarekiella*, An existing genus; *Allokomarekiella*: A genus related to but distinct from the existing genus Komarekiella of other.

Allokomarkovaea

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Komarkovaea*, An existing genus; *Allokomarkovaea*: A genus related to but distinct from the existing genus Komarkovaea of other.

Allokordia

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Kordia*, An existing genus; *Allokordia*: A genus related to but distinct from the existing genus Kordia of other.

Allokordiimonas

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Kordiimonas*, An existing genus; *Allokordiimonas*: A genus related to but distinct from the existing genus Kordiimonas of other.

Allokoreibacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Koreibacter*, An existing genus; *Allokoreibacter*: A genus related to but distinct from the existing genus Koreibacter of other.

Allokosakonia

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Kosakonia*, An existing genus; *Allokosakonia*: A genus related to but distinct from the existing genus Kosakonia of other.

Allokoserella

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. dim. n. *Koserella*, An existing genus; *Allokoserella*: A genus related to but distinct from the existing genus Koserella of other.

Allokosmotoga

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Kosmotoga*, An existing genus; *Allokosmotoga*: A genus related to but distinct from the existing genus Kosmotoga of other.

Allokovacikia

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Kovacikia*, An existing genus; *Allokovacikia*: A genus related to but distinct from the existing genus Kovacikia of other.

Allokozakia

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Kozakia*, An existing genus; *Allokozakia*: A genus related to but distinct from the existing genus Kozakia of other.

Allokrasilnikovia

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Krasilnikovia*, An existing genus; *Allokrasilnikovia*: A genus related to but distinct from the existing genus Krasilnikovia of other.

Allokrasilnikoviella

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. dim. n. *Krasilnikoviella*, An existing genus; *Allokrasilnikoviella*: A genus related to but distinct from the existing genus Krasilnikoviella of other.

Allokribbella

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. dim. n. *Kribbella*, An existing genus; *Allokribbella*: A genus related to but distinct from the existing genus Kribbella of other.

Allokribbia

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Kribbia*, An existing genus; *Allokribbia*: A genus related to but distinct from the existing genus Kribbia of other.

Allokriegella

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. dim. n. *Kriegella*, An existing genus; *Allokriegella*: A genus related to but distinct from the existing genus Kriegella of other.

Allokrokinobacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Krokinobacter*, An existing genus; *Allokrokinobacter*: A genus related to but distinct from the existing genus Krokinobacter of other.

Allokroppenstedtia

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Kroppenstedtia*, An existing genus; *Allokroppenstedtia*: A genus related to but distinct from the existing genus Kroppenstedtia of other.

Allokryptousia

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Kryptousia*, An existing genus; *Allokryptousia*: A genus related to but distinct from the existing genus Kryptousia of other.

Alloktedonobacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Ktedonobacter*, An existing genus; *Alloktedonobacter*: A genus related to but distinct from the existing genus Ktedonobacter of other.

Alloktedonosporobacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Ktedonosporobacter*, An existing genus; *Alloktedonosporobacter*: A genus related to but distinct from the existing genus Ktedonosporobacter of other.

Allokurthia

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Kurthia*, An existing genus; *Allokurthia*: A genus related to but distinct from the existing genus Kurthia of other.

Allokushneria

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Kushneria*, An existing genus; *Allokushneria*: A genus related to but distinct from the existing genus Kushneria of other.

Allokutzneria

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Kutzneria*, An existing genus; *Allokutzneria*: A genus related to but distinct from the existing genus Kutzneria of other.

Allokyrpidia

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Kyrpidia*, An existing genus; *Allokyrpidia*: A genus related to but distinct from the existing genus Kyrpidia of other.

Allokyrtuthrix

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Kyrtuthrix*, An existing genus; *Allokyrtuthrix*: A genus related to but distinct from the existing genus Kyrtuthrix of other.

Allokytococcus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Kytococcus*, An existing genus; *Allokytococcus*: A genus related to but distinct from the existing genus Kytococcus of other.

Allolabedaea

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Labedaea*, An existing genus; *Allolabedaea*: A genus related to but distinct from the existing genus Labedaea of other.

Allolabedella

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. dim. n. *Labedella*, An existing genus; *Allolabedella*: A genus related to but distinct from the existing genus Labedella of other.

Allolabilibaculum

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Labilibaculum*, An existing genus; *Allolabilibaculum*: A genus related to but distinct from the existing genus Labilibaculum of other.

Allolabilithrix

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Labilithrix*, An existing genus; *Allolabilithrix*: A genus related to but distinct from the existing genus Labilithrix of other.

Allolabrenzia

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Labrenzia*, An existing genus; *Allolabrenzia*: A genus related to but distinct from the existing genus Labrenzia of other.

Allolabrys

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Labrys*, An existing genus; *Allolabrys*: A genus related to but distinct from the existing genus Labrys of other.

Allolaceyella

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. dim. n. *Laceyella*, An existing genus; *Allolaceyella*: A genus related to but distinct from the existing genus Laceyella of other.

Allolachnoanaerobaculum

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Lachnoanaerobaculum*, An existing genus; *Allolachnoanaerobaculum*: A genus related to but distinct from the existing genus Lachnoanaerobaculum of other.

Allolachnobacterium

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Lachnobacterium*, An existing genus; *Allolachnobacterium*: A genus related to but distinct from the existing genus Lachnobacterium of other.

Allolachnoclostridium

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Lachnoclostridium*, An existing genus; *Allolachnoclostridium*: A genus related to but distinct from the existing genus Lachnoclostridium of other.

Allolachnospira

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Lachnospira*, An existing genus; *Allolachnospira*: A genus related to but distinct from the existing genus Lachnospira of other.

Allolachnotalea

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Lachnotalea*, An existing genus; *Allolachnotalea*: A genus related to but distinct from the existing genus Lachnotalea of other.

Allolacibacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Lacibacter*, An existing genus; *Allolacibacter*: A genus related to but distinct from the existing genus Lacibacter of other.

Allolacibacterium

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Lacibacterium*, An existing genus; *Allolacibacterium*: A genus related to but distinct from the existing genus Lacibacterium of other.

Allolacihabitans

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Lacihabitans*, An existing genus; *Allolacihabitans*: A genus related to but distinct from the existing genus Lacihabitans of other.

Allolacimicrobium

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Lacimicrobium*, An existing genus; *Allolacimicrobium*: A genus related to but distinct from the existing genus Lacimicrobium of other.

Allolacimonas

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Lacimonas*, An existing genus; *Allolacimonas*: A genus related to but distinct from the existing genus Lacimonas of other.

Allolacinutrix

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Lacinutrix*, An existing genus; *Allolacinutrix*: A genus related to but distinct from the existing genus Lacinutrix of other.

Allolacipirellula

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. dim. n. *Lacipirellula*, An existing genus; *Allolacipirellula*: A genus related to but distinct from the existing genus Lacipirellula of other.

Allolacisediminihabitans

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Lacisediminihabitans*, An existing genus; *Allolacisediminihabitans*: A genus related to but distinct from the existing genus Lacisediminihabitans of other.

Allolacisediminimonas

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Lacisediminimonas*, An existing genus; *Allolacisediminimonas*: A genus related to but distinct from the existing genus Lacisediminimonas of other.

Allolacrimispora

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Lacrimispora*, An existing genus; *Allolacrimispora*: A genus related to but distinct from the existing genus Lacrimispora of other.

Allolacticaseibacillus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Lacticaseibacillus*, An existing genus; *Allolacticaseibacillus*: A genus related to but distinct from the existing genus Lacticaseibacillus of other.

Allolacticigenium

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Lacticigenium*, An existing genus; *Allolacticigenium*: A genus related to but distinct from the existing genus Lacticigenium of other.

Allolactimicrobium

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Lactimicrobium*, An existing genus; *Allolactimicrobium*: A genus related to but distinct from the existing genus Lactimicrobium of other.

Allolactiplantibacillus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Lactiplantibacillus*, An existing genus; *Allolactiplantibacillus*: A genus related to but distinct from the existing genus Lactiplantibacillus of other.

Allolactivibrio

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Lactivibrio*, An existing genus; *Allolactivibrio*: A genus related to but distinct from the existing genus Lactivibrio of other.

Allolactobacillus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Lactobacillus*, An existing genus; *Allolactobacillus*: A genus related to but distinct from the existing genus Lactobacillus of other.

Allolactococcus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Lactococcus*, An existing genus; *Allolactococcus*: A genus related to but distinct from the existing genus Lactococcus of other.

Allolactonifactor

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Lactonifactor*, An existing genus; *Allolactonifactor*: A genus related to but distinct from the existing genus Lactonifactor of other.

Allolactosphaera

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Lactosphaera*, An existing genus; *Allolactosphaera*: A genus related to but distinct from the existing genus Lactosphaera of other.

Allolactovum

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Lactovum*, An existing genus; *Allolactovum*: A genus related to but distinct from the existing genus Lactovum of other.

Allolacunisphaera

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Lacunisphaera*, An existing genus; *Allolacunisphaera*: A genus related to but distinct from the existing genus Lacunisphaera of other.

Allolamprocystis

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Lamprocystis*, An existing genus; *Allolamprocystis*: A genus related to but distinct from the existing genus Lamprocystis of other.

Allolampropedia

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Lampropedia*, An existing genus; *Allolampropedia*: A genus related to but distinct from the existing genus Lampropedia of other.

Allolancefieldella

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. dim. n. *Lancefieldella*, An existing genus; *Allolancefieldella*: A genus related to but distinct from the existing genus Lancefieldella of other.

Allolapidilactobacillus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Lapidilactobacillus*, An existing genus; *Allolapidilactobacillus*: A genus related to but distinct from the existing genus Lapidilactobacillus of other.

Allolapillicoccus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Lapillicoccus*, An existing genus; *Allolapillicoccus*: A genus related to but distinct from the existing genus Lapillicoccus of other.

Allolaribacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Laribacter*, An existing genus; *Allolaribacter*: A genus related to but distinct from the existing genus Laribacter of other.

Allolarkinella

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. dim. n. *Larkinella*, An existing genus; *Allolarkinella*: A genus related to but distinct from the existing genus Larkinella of other.

Allolarsenia

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Larsenia*, An existing genus; *Allolarsenia*: A genus related to but distinct from the existing genus Larsenia of other.

Allolarsenimonas

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Larsenimonas*, An existing genus; *Allolarsenimonas*: A genus related to but distinct from the existing genus Larsenimonas of other.

Allolaspinema

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Laspinema*, An existing genus; *Allolaspinema*: A genus related to but distinct from the existing genus Laspinema of other.

Allolatilactobacillus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Latilactobacillus*, An existing genus; *Allolatilactobacillus*: A genus related to but distinct from the existing genus Latilactobacillus of other.

Allolautropia

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Lautropia*, An existing genus; *Allolautropia*: A genus related to but distinct from the existing genus Lautropia of other.

Allolawsonella

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. dim. n. *Lawsonella*, An existing genus; *Allolawsonella*: A genus related to but distinct from the existing genus Lawsonella of other.

Allolawsonia

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Lawsonia*, An existing genus; *Allolawsonia*: A genus related to but distinct from the existing genus Lawsonia of other.

Allolawsonibacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Lawsonibacter*, An existing genus; *Allolawsonibacter*: A genus related to but distinct from the existing genus Lawsonibacter of other.

Alloleadbetterella

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. dim. n. *Leadbetterella*, An existing genus; *Alloleadbetterella*: A genus related to but distinct from the existing genus Leadbetterella of other.

Allolebetimonas

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Lebetimonas*, An existing genus; *Allolebetimonas*: A genus related to but distinct from the existing genus Lebetimonas of other.

Allolechevalieria

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Lechevalieria*, An existing genus; *Allolechevalieria*: A genus related to but distinct from the existing genus Lechevalieria of other.

Alloleclercia

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Leclercia*, An existing genus; *Alloleclercia*: A genus related to but distinct from the existing genus Leclercia of other.

Alloleeia

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Leeia*, An existing genus; *Alloleeia*: A genus related to but distinct from the existing genus Leeia of other.

Alloleekyejoonella

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. dim. n. *Leekyejoonella*, An existing genus; *Alloleekyejoonella*: A genus related to but distinct from the existing genus Leekyejoonella of other.

Alloleeuwenhoekiella

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. dim. n. *Leeuwenhoekiella*, An existing genus; *Alloleeuwenhoekiella*: A genus related to but distinct from the existing genus Leeuwenhoekiella of other.

Allolegionella

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. dim. n. *Legionella*, An existing genus; *Allolegionella*: A genus related to but distinct from the existing genus Legionella of other.

Alloleifsonia

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Leifsonia*, An existing genus; *Alloleifsonia*: A genus related to but distinct from the existing genus Leifsonia of other.

Alloleisingera

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Leisingera*, An existing genus; *Alloleisingera*: A genus related to but distinct from the existing genus Leisingera of other.

Allolelliottia

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Lelliottia*, An existing genus; *Allolelliottia*: A genus related to but distinct from the existing genus Lelliottia of other.

Alloleminorella

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Leminorella*, An existing genus; *Alloleminorella*: A genus related to but distinct from the existing genus Leminorella of other.

Allolemmermanniella

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. dim. n. *Lemmermanniella*, An existing genus; *Allolemmermanniella*: A genus related to but distinct from the existing genus Lemmermanniella of other.

Allolentibacillus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Lentibacillus*, An existing genus; *Allolentibacillus*: A genus related to but distinct from the existing genus Lentibacillus of other.

Allolentibacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Lentibacter*, An existing genus; *Allolentibacter*: A genus related to but distinct from the existing genus Lentibacter of other.

Allolentilactobacillus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Lentilactobacillus*, An existing genus; *Allolentilactobacillus*: A genus related to but distinct from the existing genus Lentilactobacillus of other.

Allolentilitoribacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Lentilitoribacter*, An existing genus; *Allolentilitoribacter*: A genus related to but distinct from the existing genus Lentilitoribacter of other.

Allolentimicrobium

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Lentimicrobium*, An existing genus; *Allolentimicrobium*: A genus related to but distinct from the existing genus Lentimicrobium of other.

Allolentisphaera

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Lentisphaera*, An existing genus; *Allolentisphaera*: A genus related to but distinct from the existing genus Lentisphaera of other.

Allolentzea

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Lentzea*, An existing genus; *Allolentzea*: A genus related to but distinct from the existing genus Lentzea of other.

Alloleptobacterium

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Leptobacterium*, An existing genus; *Alloleptobacterium*: A genus related to but distinct from the existing genus Leptobacterium of other.

Alloleptolinea

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Leptolinea*, An existing genus; *Alloleptolinea*: A genus related to but distinct from the existing genus Leptolinea of other.

Alloleptonema

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Leptonema*, An existing genus; *Alloleptonema*: A genus related to but distinct from the existing genus Leptonema of other.

Alloleptospira

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Leptospira*, An existing genus; *Alloleptospira*: A genus related to but distinct from the existing genus Leptospira of other.

Alloleptospirillum

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. dim. n. *Leptospirillum*, An existing genus; *Alloleptospirillum*: A genus related to but distinct from the existing genus Leptospirillum of other.

Alloleptothoe

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Leptothoe*, An existing genus; *Alloleptothoe*: A genus related to but distinct from the existing genus Leptothoe of other.

Alloleptothrix

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Leptothrix*, An existing genus; *Alloleptothrix*: A genus related to but distinct from the existing genus Leptothrix of other.

Alloleptotrichia

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Leptotrichia*, An existing genus; *Alloleptotrichia*: A genus related to but distinct from the existing genus Leptotrichia of other.

Alloleucobacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Leucobacter*, An existing genus; *Alloleucobacter*: A genus related to but distinct from the existing genus Leucobacter of other.

Alloleuconostoc

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Leuconostoc*, An existing genus; *Alloleuconostoc*: A genus related to but distinct from the existing genus Leuconostoc of other.

Alloleucothrix

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Leucothrix*, An existing genus; *Alloleucothrix*: A genus related to but distinct from the existing genus Leucothrix of other.

Allolevilactobacillus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Levilactobacillus*, An existing genus; *Allolevilactobacillus*: A genus related to but distinct from the existing genus Levilactobacillus of other.

Allolevilinea

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Levilinea*, An existing genus; *Allolevilinea*: A genus related to but distinct from the existing genus Levilinea of other.

Allolevinea

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Levinea*, An existing genus; *Allolevinea*: A genus related to but distinct from the existing genus Levinea of other.

Allolevispirillum

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. dim. n. *Levispirillum*, An existing genus; *Allolevispirillum*: A genus related to but distinct from the existing genus Levispirillum of other.

Allolewinella

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. dim. n. *Lewinella*, An existing genus; *Allolewinella*: A genus related to but distinct from the existing genus Lewinella of other.

Allolibanicoccus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Libanicoccus*, An existing genus; *Allolibanicoccus*: A genus related to but distinct from the existing genus Libanicoccus of other.

Alloliberibacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Liberibacter*, An existing genus; *Alloliberibacter*: A genus related to but distinct from the existing genus Liberibacter of other.

Allolichenibacterium

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Lichenibacterium*, An existing genus; *Allolichenibacterium*: A genus related to but distinct from the existing genus Lichenibacterium of other.

Allolichenicoccus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Lichenicoccus*, An existing genus; *Allolichenicoccus*: A genus related to but distinct from the existing genus Lichenicoccus of other.

Allolichenihabitans

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Lichenihabitans*, An existing genus; *Allolichenihabitans*: A genus related to but distinct from the existing genus Lichenihabitans of other.

Allolightfootiella

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. dim. n. *Lightfootiella*, An existing genus; *Allolightfootiella*: A genus related to but distinct from the existing genus Lightfootiella of other.

Alloligilactobacillus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Ligilactobacillus*, An existing genus; *Alloligilactobacillus*: A genus related to but distinct from the existing genus Ligilactobacillus of other.

Allolignipirellula

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. dim. n. *Lignipirellula*, An existing genus; *Allolignipirellula*: A genus related to but distinct from the existing genus Lignipirellula of other.

Allolihuaxuella

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. dim. n. *Lihuaxuella*, An existing genus; *Allolihuaxuella*: A genus related to but distinct from the existing genus Lihuaxuella of other.

Allolimibacillus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Limibacillus*, An existing genus; *Allolimibacillus*: A genus related to but distinct from the existing genus Limibacillus of other.

Allolimibacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Limibacter*, An existing genus; *Allolimibacter*: A genus related to but distinct from the existing genus Limibacter of other.

Allolimibaculum

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Limibaculum*, An existing genus; *Allolimibaculum*: A genus related to but distinct from the existing genus Limibaculum of other.

Allolimihaloglobus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Limihaloglobus*, An existing genus; *Allolimihaloglobus*: A genus related to but distinct from the existing genus Limihaloglobus of other.

Allolimimaricola

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Limimaricola*, An existing genus; *Allolimimaricola*: A genus related to but distinct from the existing genus Limimaricola of other.

Allolimimonas

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Limimonas*, An existing genus; *Allolimimonas*: A genus related to but distinct from the existing genus Limimonas of other.

Allolimisphaera

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Limisphaera*, An existing genus; *Allolimisphaera*: A genus related to but distinct from the existing genus Limisphaera of other.

Allolimnobacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Limnobacter*, An existing genus; *Allolimnobacter*: A genus related to but distinct from the existing genus Limnobacter of other.

Allolimnobaculum

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Limnobaculum*, An existing genus; *Allolimnobaculum*: A genus related to but distinct from the existing genus Limnobaculum of other.

Allolimnochorda

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Limnochorda*, An existing genus; *Allolimnochorda*: A genus related to but distinct from the existing genus Limnochorda of other.

Allolimnoglobus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Limnoglobus*, An existing genus; *Allolimnoglobus*: A genus related to but distinct from the existing genus Limnoglobus of other.

Allolimnohabitans

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Limnohabitans*, An existing genus; *Allolimnohabitans*: A genus related to but distinct from the existing genus Limnohabitans of other.

Allolimnolyngbya

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Limnolyngbya*, An existing genus; *Allolimnolyngbya*: A genus related to but distinct from the existing genus Limnolyngbya of other.

Allolimnospira

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Limnospira*, An existing genus; *Allolimnospira*: A genus related to but distinct from the existing genus Limnospira of other.

Allolimoniibacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Limoniibacter*, An existing genus; *Allolimoniibacter*: A genus related to but distinct from the existing genus Limoniibacter of other.

Allolimosilactobacillus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Limosilactobacillus*, An existing genus; *Allolimosilactobacillus*: A genus related to but distinct from the existing genus Limosilactobacillus of other.

Allolipingzhangella

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. dim. n. *Lipingzhangella*, An existing genus; *Allolipingzhangella*: A genus related to but distinct from the existing genus Lipingzhangella of other.

Alloliquorilactobacillus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Liquorilactobacillus*, An existing genus; *Alloliquorilactobacillus*: A genus related to but distinct from the existing genus Liquorilactobacillus of other.

Allolishizhenia

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Lishizhenia*, An existing genus; *Allolishizhenia*: A genus related to but distinct from the existing genus Lishizhenia of other.

Allolisteria

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Listeria*, An existing genus; *Allolisteria*: A genus related to but distinct from the existing genus Listeria of other.

Allolistonella

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. dim. n. *Listonella*, An existing genus; *Allolistonella*: A genus related to but distinct from the existing genus Listonella of other.

Allolitoreibacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Litoreibacter*, An existing genus; *Allolitoreibacter*: A genus related to but distinct from the existing genus Litoreibacter of other.

Allolitoribacillus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Litoribacillus*, An existing genus; *Allolitoribacillus*: A genus related to but distinct from the existing genus Litoribacillus of other.

Allolitoribacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Litoribacter*, An existing genus; *Allolitoribacter*: A genus related to but distinct from the existing genus Litoribacter of other.

Allolitoribaculum

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Litoribaculum*, An existing genus; *Allolitoribaculum*: A genus related to but distinct from the existing genus Litoribaculum of other.

Allolitoribrevibacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Litoribrevibacter*, An existing genus; *Allolitoribrevibacter*: A genus related to but distinct from the existing genus Litoribrevibacter of other.

Allolitoricola

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Litoricola*, An existing genus; *Allolitoricola*: A genus related to but distinct from the existing genus Litoricola of other.

Allolitorihabitans

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Litorihabitans*, An existing genus; *Allolitorihabitans*: A genus related to but distinct from the existing genus Litorihabitans of other.

Allolitorilinea

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Litorilinea*, An existing genus; *Allolitorilinea*: A genus related to but distinct from the existing genus Litorilinea of other.

Allolitorilituus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Litorilituus*, An existing genus; *Allolitorilituus*: A genus related to but distinct from the existing genus Litorilituus of other.

Allolitorimicrobium

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Litorimicrobium*, An existing genus; *Allolitorimicrobium*: A genus related to but distinct from the existing genus Litorimicrobium of other.

Allolitorimonas

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Litorimonas*, An existing genus; *Allolitorimonas*: A genus related to but distinct from the existing genus Litorimonas of other.

Allolitorisediminicola

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Litorisediminicola*, An existing genus; *Allolitorisediminicola*: A genus related to but distinct from the existing genus Litorisediminicola of other.

Allolitorisediminivivens

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Litorisediminivivens*, An existing genus; *Allolitorisediminivivens*: A genus related to but distinct from the existing genus Litorisediminivivens of other.

Allolitorivita

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Litorivita*, An existing genus; *Allolitorivita*: A genus related to but distinct from the existing genus Litorivita of other.

Allolitorivivens

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Litorivivens*, An existing genus; *Allolitorivivens*: A genus related to but distinct from the existing genus Litorivivens of other.

Alloloigolactobacillus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Loigolactobacillus*, An existing genus; *Alloloigolactobacillus*: A genus related to but distinct from the existing genus Loigolactobacillus of other.

Allolokiarchaeum

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Lokiarchaeum*, An existing genus; *Allolokiarchaeum*: A genus related to but distinct from the existing genus Lokiarchaeum of other.

Alloloktanella

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. dim. n. *Loktanella*, An existing genus; *Alloloktanella*: A genus related to but distinct from the existing genus Loktanella of other.

Allolonepinella

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. dim. n. *Lonepinella*, An existing genus; *Allolonepinella*: A genus related to but distinct from the existing genus Lonepinella of other.

Allolongibaculum

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Longibaculum*, An existing genus; *Allolongibaculum*: A genus related to but distinct from the existing genus Longibaculum of other.

Allolongicatena

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Longicatena*, An existing genus; *Allolongicatena*: A genus related to but distinct from the existing genus Longicatena of other.

Allolongilinea

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Longilinea*, An existing genus; *Allolongilinea*: A genus related to but distinct from the existing genus Longilinea of other.

Allolongimicrobium

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Longimicrobium*, An existing genus; *Allolongimicrobium*: A genus related to but distinct from the existing genus Longimicrobium of other.

Allolongimycelium

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Longimycelium*, An existing genus; *Allolongimycelium*: A genus related to but distinct from the existing genus Longimycelium of other.

Allolongirhabdus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Longirhabdus*, An existing genus; *Allolongirhabdus*: A genus related to but distinct from the existing genus Longirhabdus of other.

Allolongispora

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Longispora*, An existing genus; *Allolongispora*: A genus related to but distinct from the existing genus Longispora of other.

Allolongivirga

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Longivirga*, An existing genus; *Allolongivirga*: A genus related to but distinct from the existing genus Longivirga of other.

Allolonsdalea

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Lonsdalea*, An existing genus; *Allolonsdalea*: A genus related to but distinct from the existing genus Lonsdalea of other.

Alloloriella

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. dim. n. *Loriella*, An existing genus; *Alloloriella*: A genus related to but distinct from the existing genus Loriella of other.

Alloloriellopsis

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Loriellopsis*, An existing genus; *Alloloriellopsis*: A genus related to but distinct from the existing genus Loriellopsis of other.

Allolottiidibacillus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Lottiidibacillus*, An existing genus; *Allolottiidibacillus*: A genus related to but distinct from the existing genus Lottiidibacillus of other.

Allolucibacterium

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Lucibacterium*, An existing genus; *Allolucibacterium*: A genus related to but distinct from the existing genus Lucibacterium of other.

Alloluedemannella

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. dim. n. *Luedemannella*, An existing genus; *Alloluedemannella*: A genus related to but distinct from the existing genus Luedemannella of other.

Alloluethyella

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. dim. n. *Luethyella*, An existing genus; *Alloluethyella*: A genus related to but distinct from the existing genus Luethyella of other.

Allolujinxingia

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Lujinxingia*, An existing genus; *Allolujinxingia*: A genus related to but distinct from the existing genus Lujinxingia of other.

Alloluminiphilus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Luminiphilus*, An existing genus; *Alloluminiphilus*: A genus related to but distinct from the existing genus Luminiphilus of other.

Allolunatimonas

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Lunatimonas*, An existing genus; *Allolunatimonas*: A genus related to but distinct from the existing genus Lunatimonas of other.

Allolusitaniella

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. dim. n. *Lusitaniella*, An existing genus; *Allolusitaniella*: A genus related to but distinct from the existing genus Lusitaniella of other.

Allolutaonella

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. dim. n. *Lutaonella*, An existing genus; *Allolutaonella*: A genus related to but distinct from the existing genus Lutaonella of other.

Alloluteibacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Luteibacter*, An existing genus; *Alloluteibacter*: A genus related to but distinct from the existing genus Luteibacter of other.

Alloluteibaculum

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Luteibaculum*, An existing genus; *Alloluteibaculum*: A genus related to but distinct from the existing genus Luteibaculum of other.

Alloluteimicrobium

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Luteimicrobium*, An existing genus; *Alloluteimicrobium*: A genus related to but distinct from the existing genus Luteimicrobium of other.

Alloluteimonas

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Luteimonas*, An existing genus; *Alloluteimonas*: A genus related to but distinct from the existing genus Luteimonas of other.

Alloluteipulveratus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Luteipulveratus*, An existing genus; *Alloluteipulveratus*: A genus related to but distinct from the existing genus Luteipulveratus of other.

Alloluteitalea

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Luteitalea*, An existing genus; *Alloluteitalea*: A genus related to but distinct from the existing genus Luteitalea of other.

Alloluteithermobacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Luteithermobacter*, An existing genus; *Alloluteithermobacter*: A genus related to but distinct from the existing genus Luteithermobacter of other.

Alloluteivirga

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Luteivirga*, An existing genus; *Alloluteivirga*: A genus related to but distinct from the existing genus Luteivirga of other.

Alloluteococcus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Luteococcus*, An existing genus; *Alloluteococcus*: A genus related to but distinct from the existing genus Luteococcus of other.

Alloluteolibacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Luteolibacter*, An existing genus; *Alloluteolibacter*: A genus related to but distinct from the existing genus Luteolibacter of other.

Alloluteovulum

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Luteovulum*, An existing genus; *Alloluteovulum*: A genus related to but distinct from the existing genus Luteovulum of other.

Allolutibacterium

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Lutibacterium*, An existing genus; *Allolutibacterium*: A genus related to but distinct from the existing genus Lutibacterium of other.

Allolutimaribacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Lutimaribacter*, An existing genus; *Allolutimaribacter*: A genus related to but distinct from the existing genus Lutimaribacter of other.

Allolutimonas

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Lutimonas*, An existing genus; *Allolutimonas*: A genus related to but distinct from the existing genus Lutimonas of other.

Allolutispora

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Lutispora*, An existing genus; *Allolutispora*: A genus related to but distinct from the existing genus Lutispora of other.

Allolysinibacillus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Lysinibacillus*, An existing genus; *Allolysinibacillus*: A genus related to but distinct from the existing genus Lysinibacillus of other.

Allolysinibacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Lysinibacter*, An existing genus; *Allolysinibacter*: A genus related to but distinct from the existing genus Lysinibacter of other.

Allolysinimicrobium

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Lysinimicrobium*, An existing genus; *Allolysinimicrobium*: A genus related to but distinct from the existing genus Lysinimicrobium of other.

Allolysinimonas

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Lysinimonas*, An existing genus; *Allolysinimonas*: A genus related to but distinct from the existing genus Lysinimonas of other.

Allolysobacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Lysobacter*, An existing genus; *Allolysobacter*: A genus related to but distinct from the existing genus Lysobacter of other.

Allolyticum

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Lyticum*, An existing genus; *Allolyticum*: A genus related to but distinct from the existing genus Lyticum of other.

Allomabikibacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Mabikibacter*, An existing genus; *Allomabikibacter*: A genus related to but distinct from the existing genus Mabikibacter of other.

Allomacellibacteroides

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Macellibacteroides*, An existing genus; *Allomacellibacteroides*: A genus related to but distinct from the existing genus Macellibacteroides of other.

Allomacrochaete

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Macrochaete*, An existing genus; *Allomacrochaete*: A genus related to but distinct from the existing genus Macrochaete of other.

Allomacrococcus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Macrococcus*, An existing genus; *Allomacrococcus*: A genus related to but distinct from the existing genus Macrococcus of other.

Allomageeibacillus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Mageeibacillus*, An existing genus; *Allomageeibacillus*: A genus related to but distinct from the existing genus Mageeibacillus of other.

Allomagnetococcus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Magnetococcus*, An existing genus; *Allomagnetococcus*: A genus related to but distinct from the existing genus Magnetococcus of other.

Allomagnetospira

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Magnetospira*, An existing genus; *Allomagnetospira*: A genus related to but distinct from the existing genus Magnetospira of other.

Allomagnetospirillum

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. dim. n. *Magnetospirillum*, An existing genus; *Allomagnetospirillum*: A genus related to but distinct from the existing genus Magnetospirillum of other.

Allomagnetovibrio

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Magnetovibrio*, An existing genus; *Allomagnetovibrio*: A genus related to but distinct from the existing genus Magnetovibrio of other.

Allomahella

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. dim. n. *Mahella*, An existing genus; *Allomahella*: A genus related to but distinct from the existing genus Mahella of other.

Allomalacoplasma

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Malacoplasma*, An existing genus; *Allomalacoplasma*: A genus related to but distinct from the existing genus Malacoplasma of other.

Allomaledivibacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Maledivibacter*, An existing genus; *Allomaledivibacter*: A genus related to but distinct from the existing genus Maledivibacter of other.

Allomalikia

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Malikia*, An existing genus; *Allomalikia*: A genus related to but distinct from the existing genus Malikia of other.

Allomaliponia

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Maliponia*, An existing genus; *Allomaliponia*: A genus related to but distinct from the existing genus Maliponia of other.

Allomameliella

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. dim. n. *Mameliella*, An existing genus; *Allomameliella*: A genus related to but distinct from the existing genus Mameliella of other.

Allomangrovibacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Mangrovibacter*, An existing genus; *Allomangrovibacter*: A genus related to but distinct from the existing genus Mangrovibacter of other.

Allomangrovibacterium

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Mangrovibacterium*, An existing genus; *Allomangrovibacterium*: A genus related to but distinct from the existing genus Mangrovibacterium of other.

Allomangrovicella

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Mangrovicella*, An existing genus; *Allomangrovicella*: A genus related to but distinct from the existing genus Mangrovicella of other.

Allomangrovicoccus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Mangrovicoccus*, An existing genus; *Allomangrovicoccus*: A genus related to but distinct from the existing genus Mangrovicoccus of other.

Allomangroviflexus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Mangroviflexus*, An existing genus; *Allomangroviflexus*: A genus related to but distinct from the existing genus Mangroviflexus of other.

Allomangrovihabitans

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Mangrovihabitans*, An existing genus; *Allomangrovihabitans*: A genus related to but distinct from the existing genus Mangrovihabitans of other.

Allomangrovimonas

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Mangrovimonas*, An existing genus; *Allomangrovimonas*: A genus related to but distinct from the existing genus Mangrovimonas of other.

Allomangrovitalea

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Mangrovitalea*, An existing genus; *Allomangrovitalea*: A genus related to but distinct from the existing genus Mangrovitalea of other.

Allomannheimia

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Mannheimia*, An existing genus; *Allomannheimia*: A genus related to but distinct from the existing genus Mannheimia of other.

Allomarasmitruncus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Marasmitruncus*, An existing genus; *Allomarasmitruncus*: A genus related to but distinct from the existing genus Marasmitruncus of other.

Allomaribacillus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Maribacillus*, An existing genus; *Allomaribacillus*: A genus related to but distinct from the existing genus Maribacillus of other.

Allomaribacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Maribacter*, An existing genus; *Allomaribacter*: A genus related to but distinct from the existing genus Maribacter of other.

Allomaribaculum

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Maribaculum*, An existing genus; *Allomaribaculum*: A genus related to but distinct from the existing genus Maribaculum of other.

Allomaribellus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Maribellus*, An existing genus; *Allomaribellus*: A genus related to but distinct from the existing genus Maribellus of other.

Allomaribius

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Maribius*, An existing genus; *Allomaribius*: A genus related to but distinct from the existing genus Maribius of other.

Allomaricaulis

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Maricaulis*, An existing genus; *Allomaricaulis*: A genus related to but distinct from the existing genus Maricaulis of other.

Allomarichromatium

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Marichromatium*, An existing genus; *Allomarichromatium*: A genus related to but distinct from the existing genus Marichromatium of other.

Allomaricurvus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Maricurvus*, An existing genus; *Allomaricurvus*: A genus related to but distinct from the existing genus Maricurvus of other.

Allomarihabitans

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Marihabitans*, An existing genus; *Allomarihabitans*: A genus related to but distinct from the existing genus Marihabitans of other.

Allomarileptolyngbya

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Marileptolyngbya*, An existing genus; *Allomarileptolyngbya*: A genus related to but distinct from the existing genus Marileptolyngbya of other.

Allomarimicrobium

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Marimicrobium*, An existing genus; *Allomarimicrobium*: A genus related to but distinct from the existing genus Marimicrobium of other.

Allomarimonas

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Marimonas*, An existing genus; *Allomarimonas*: A genus related to but distinct from the existing genus Marimonas of other.

Allomarinactinospora

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Marinactinospora*, An existing genus; *Allomarinactinospora*: A genus related to but distinct from the existing genus Marinactinospora of other.

Allomarinagarivorans

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Marinagarivorans*, An existing genus; *Allomarinagarivorans*: A genus related to but distinct from the existing genus Marinagarivorans of other.

Allomarinibacillus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Marinibacillus*, An existing genus; *Allomarinibacillus*: A genus related to but distinct from the existing genus Marinibacillus of other.

Allomarinibacterium

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Marinibacterium*, An existing genus; *Allomarinibacterium*: A genus related to but distinct from the existing genus Marinibacterium of other.

Allomarinibactrum

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Marinibactrum*, An existing genus; *Allomarinibactrum*: A genus related to but distinct from the existing genus Marinibactrum of other.

Allomarinibaculum

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Marinibaculum*, An existing genus; *Allomarinibaculum*: A genus related to but distinct from the existing genus Marinibaculum of other.

Allomariniblastus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Mariniblastus*, An existing genus; *Allomariniblastus*: A genus related to but distinct from the existing genus Mariniblastus of other.

Allomarinicauda

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Marinicauda*, An existing genus; *Allomarinicauda*: A genus related to but distinct from the existing genus Marinicauda of other.

Allomarinicaulis

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Marinicaulis*, An existing genus; *Allomarinicaulis*: A genus related to but distinct from the existing genus Marinicaulis of other.

Allomarinicella

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Marinicella*, An existing genus; *Allomarinicella*: A genus related to but distinct from the existing genus Marinicella of other.

Allomarinicola

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Marinicola*, An existing genus; *Allomarinicola*: A genus related to but distinct from the existing genus Marinicola of other.

Allomarinicrinis

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Marinicrinis*, An existing genus; *Allomarinicrinis*: A genus related to but distinct from the existing genus Marinicrinis of other.

Allomarinifilum

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Marinifilum*, An existing genus; *Allomarinifilum*: A genus related to but distinct from the existing genus Marinifilum of other.

Allomariniflexile

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Mariniflexile*, An existing genus; *Allomariniflexile*: A genus related to but distinct from the existing genus Mariniflexile of other.

Allomarinilabilia

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Marinilabilia*, An existing genus; *Allomarinilabilia*: A genus related to but distinct from the existing genus Marinilabilia of other.

Allomarinilactibacillus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Marinilactibacillus*, An existing genus; *Allomarinilactibacillus*: A genus related to but distinct from the existing genus Marinilactibacillus of other.

Allomariniluteicoccus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Mariniluteicoccus*, An existing genus; *Allomariniluteicoccus*: A genus related to but distinct from the existing genus Mariniluteicoccus of other.

Allomarinimicrobium

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Marinimicrobium*, An existing genus; *Allomarinimicrobium*: A genus related to but distinct from the existing genus Marinimicrobium of other.

Allomarininema

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Marininema*, An existing genus; *Allomarininema*: A genus related to but distinct from the existing genus Marininema of other.

Allomariniphaga

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Mariniphaga*, An existing genus; *Allomariniphaga*: A genus related to but distinct from the existing genus Mariniphaga of other.

Allomariniradius

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Mariniradius*, An existing genus; *Allomariniradius*: A genus related to but distinct from the existing genus Mariniradius of other.

Allomarinirhabdus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Marinirhabdus*, An existing genus; *Allomarinirhabdus*: A genus related to but distinct from the existing genus Marinirhabdus of other.

Allomarinisporobacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Marinisporobacter*, An existing genus; *Allomarinisporobacter*: A genus related to but distinct from the existing genus Marinisporobacter of other.

Allomarinitalea

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Marinitalea*, An existing genus; *Allomarinitalea*: A genus related to but distinct from the existing genus Marinitalea of other.

Allomarinitenerispora

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Marinitenerispora*, An existing genus; *Allomarinitenerispora*: A genus related to but distinct from the existing genus Marinitenerispora of other.

Allomarinithermofilum

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Marinithermofilum*, An existing genus; *Allomarinithermofilum*: A genus related to but distinct from the existing genus Marinithermofilum of other.

Allomarinithermus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Marinithermus*, An existing genus; *Allomarinithermus*: A genus related to but distinct from the existing genus Marinithermus of other.

Allomarinitoga

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Marinitoga*, An existing genus; *Allomarinitoga*: A genus related to but distinct from the existing genus Marinitoga of other.

Allomarinivirga

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Marinivirga*, An existing genus; *Allomarinivirga*: A genus related to but distinct from the existing genus Marinivirga of other.

Allomarinobacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Marinobacter*, An existing genus; *Allomarinobacter*: A genus related to but distinct from the existing genus Marinobacter of other.

Allomarinobacterium

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Marinobacterium*, An existing genus; *Allomarinobacterium*: A genus related to but distinct from the existing genus Marinobacterium of other.

Allomarinococcus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Marinococcus*, An existing genus; *Allomarinococcus*: A genus related to but distinct from the existing genus Marinococcus of other.

Allomarinomonas

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Marinomonas*, An existing genus; *Allomarinomonas*: A genus related to but distinct from the existing genus Marinomonas of other.

Allomarinoscillum

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Marinoscillum*, An existing genus; *Allomarinoscillum*: A genus related to but distinct from the existing genus Marinoscillum of other.

Allomarinospirillum

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. dim. n. *Marinospirillum*, An existing genus; *Allomarinospirillum*: A genus related to but distinct from the existing genus Marinospirillum of other.

Allomarinosulfonomonas

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Marinosulfonomonas*, An existing genus; *Allomarinosulfonomonas*: A genus related to but distinct from the existing genus Marinosulfonomonas of other.

Allomarinovum

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Marinovum*, An existing genus; *Allomarinovum*: A genus related to but distinct from the existing genus Marinovum of other.

Allomariprofundus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Mariprofundus*, An existing genus; *Allomariprofundus*: A genus related to but distinct from the existing genus Mariprofundus of other.

Allomaripseudobacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Maripseudobacter*, An existing genus; *Allomaripseudobacter*: A genus related to but distinct from the existing genus Maripseudobacter of other.

Allomarisediminicola

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Marisediminicola*, An existing genus; *Allomarisediminicola*: A genus related to but distinct from the existing genus Marisediminicola of other.

Allomarisediminitalea

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Marisediminitalea*, An existing genus; *Allomarisediminitalea*: A genus related to but distinct from the existing genus Marisediminitalea of other.

Allomarispirillum

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. dim. n. *Marispirillum*, An existing genus; *Allomarispirillum*: A genus related to but distinct from the existing genus Marispirillum of other.

Allomarispirochaeta

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Marispirochaeta*, An existing genus; *Allomarispirochaeta*: A genus related to but distinct from the existing genus Marispirochaeta of other.

Allomaritalea

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Maritalea*, An existing genus; *Allomaritalea*: A genus related to but distinct from the existing genus Maritalea of other.

Allomaritimibacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Maritimibacter*, An existing genus; *Allomaritimibacter*: A genus related to but distinct from the existing genus Maritimibacter of other.

Allomaritimimonas

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Maritimimonas*, An existing genus; *Allomaritimimonas*: A genus related to but distinct from the existing genus Maritimimonas of other.

Allomarivibrio

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Marivibrio*, An existing genus; *Allomarivibrio*: A genus related to but distinct from the existing genus Marivibrio of other.

Allomarivirga

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Marivirga*, An existing genus; *Allomarivirga*: A genus related to but distinct from the existing genus Marivirga of other.

Allomarivita

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Marivita*, An existing genus; *Allomarivita*: A genus related to but distinct from the existing genus Marivita of other.

Allomarixanthomonas

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Marixanthomonas*, An existing genus; *Allomarixanthomonas*: A genus related to but distinct from the existing genus Marixanthomonas of other.

Allomarmoricola

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Marmoricola*, An existing genus; *Allomarmoricola*: A genus related to but distinct from the existing genus Marmoricola of other.

Allomarortus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Marortus*, An existing genus; *Allomarortus*: A genus related to but distinct from the existing genus Marortus of other.

Allomartelella

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. dim. n. *Martelella*, An existing genus; *Allomartelella*: A genus related to but distinct from the existing genus Martelella of other.

Allomarvinbryantia

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Marvinbryantia*, An existing genus; *Allomarvinbryantia*: A genus related to but distinct from the existing genus Marvinbryantia of other.

Allomassilibacterium

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Massilibacterium*, An existing genus; *Allomassilibacterium*: A genus related to but distinct from the existing genus Massilibacterium of other.

Allomassiliimalia

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Massiliimalia*, An existing genus; *Allomassiliimalia*: A genus related to but distinct from the existing genus Massiliimalia of other.

Allomechercharimyces

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Mechercharimyces*, An existing genus; *Allomechercharimyces*: A genus related to but distinct from the existing genus Mechercharimyces of other.

Allomediterraneibacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Mediterraneibacter*, An existing genus; *Allomediterraneibacter*: A genus related to but distinct from the existing genus Mediterraneibacter of other.

Allomegamonas

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Megamonas*, An existing genus; *Allomegamonas*: A genus related to but distinct from the existing genus Megamonas of other.

Allomeganema

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Meganema*, An existing genus; *Allomeganema*: A genus related to but distinct from the existing genus Meganema of other.

Allomegasphaera

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Megasphaera*, An existing genus; *Allomegasphaera*: A genus related to but distinct from the existing genus Megasphaera of other.

Allomeiothermus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Meiothermus*, An existing genus; *Allomeiothermus*: A genus related to but distinct from the existing genus Meiothermus of other.

Allomelaminivora

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Melaminivora*, An existing genus; *Allomelaminivora*: A genus related to but distinct from the existing genus Melaminivora of other.

Allomelghiribacillus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Melghiribacillus*, An existing genus; *Allomelghiribacillus*: A genus related to but distinct from the existing genus Melghiribacillus of other.

Allomelghirimyces

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Melghirimyces*, An existing genus; *Allomelghirimyces*: A genus related to but distinct from the existing genus Melghirimyces of other.

Allomelioribacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Melioribacter*, An existing genus; *Allomelioribacter*: A genus related to but distinct from the existing genus Melioribacter of other.

Allomelissococcus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Melissococcus*, An existing genus; *Allomelissococcus*: A genus related to but distinct from the existing genus Melissococcus of other.

Allomelitea

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Melitea*, An existing genus; *Allomelitea*: A genus related to but distinct from the existing genus Melitea of other.

Allomelittangium

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Melittangium*, An existing genus; *Allomelittangium*: A genus related to but distinct from the existing genus Melittangium of other.

Allomembranicola

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Membranicola*, An existing genus; *Allomembranicola*: A genus related to but distinct from the existing genus Membranicola of other.

Allomeniscus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Meniscus*, An existing genus; *Allomeniscus*: A genus related to but distinct from the existing genus Meniscus of other.

Allomerdibacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Merdibacter*, An existing genus; *Allomerdibacter*: A genus related to but distinct from the existing genus Merdibacter of other.

Allomerdimonas

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Merdimonas*, An existing genus; *Allomerdimonas*: A genus related to but distinct from the existing genus Merdimonas of other.

Allomeridianimaribacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Meridianimaribacter*, An existing genus; *Allomeridianimaribacter*: A genus related to but distinct from the existing genus Meridianimaribacter of other.

Allomeridianimarinicoccus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Meridianimarinicoccus*, An existing genus; *Allomeridianimarinicoccus*: A genus related to but distinct from the existing genus Meridianimarinicoccus of other.

Allomesoaciditoga

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Mesoaciditoga*, An existing genus; *Allomesoaciditoga*: A genus related to but distinct from the existing genus Mesoaciditoga of other.

Allomesobacillus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Mesobacillus*, An existing genus; *Allomesobacillus*: A genus related to but distinct from the existing genus Mesobacillus of other.

Allomesocricetibacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Mesocricetibacter*, An existing genus; *Allomesocricetibacter*: A genus related to but distinct from the existing genus Mesocricetibacter of other.

Allomesoflavibacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Mesoflavibacter*, An existing genus; *Allomesoflavibacter*: A genus related to but distinct from the existing genus Mesoflavibacter of other.

Allomesohalobacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Mesohalobacter*, An existing genus; *Allomesohalobacter*: A genus related to but distinct from the existing genus Mesohalobacter of other.

Allomesomycoplasma

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Mesomycoplasma*, An existing genus; *Allomesomycoplasma*: A genus related to but distinct from the existing genus Mesomycoplasma of other.

Allomesonia

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Mesonia*, An existing genus; *Allomesonia*: A genus related to but distinct from the existing genus Mesonia of other.

Allomesophilobacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Mesophilobacter*, An existing genus; *Allomesophilobacter*: A genus related to but distinct from the existing genus Mesophilobacter of other.

Allomesoplasma

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Mesoplasma*, An existing genus; *Allomesoplasma*: A genus related to but distinct from the existing genus Mesoplasma of other.

Allomesorhizobium

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Mesorhizobium*, An existing genus; *Allomesorhizobium*: A genus related to but distinct from the existing genus Mesorhizobium of other.

Allomesosutterella

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. dim. n. *Mesosutterella*, An existing genus; *Allomesosutterella*: A genus related to but distinct from the existing genus Mesosutterella of other.

Allomesotoga

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Mesotoga*, An existing genus; *Allomesotoga*: A genus related to but distinct from the existing genus Mesotoga of other.

Allometabacillus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Metabacillus*, An existing genus; *Allometabacillus*: A genus related to but distinct from the existing genus Metabacillus of other.

Allometakosakonia

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Metakosakonia*, An existing genus; *Allometakosakonia*: A genus related to but distinct from the existing genus Metakosakonia of other.

Allometallibacterium

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Metallibacterium*, An existing genus; *Allometallibacterium*: A genus related to but distinct from the existing genus Metallibacterium of other.

Allometalliresistens

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Metalliresistens*, An existing genus; *Allometalliresistens*: A genus related to but distinct from the existing genus Metalliresistens of other.

Allometallosphaera

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Metallosphaera*, An existing genus; *Allometallosphaera*: A genus related to but distinct from the existing genus Metallosphaera of other.

Allometalysinibacillus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Metalysinibacillus*, An existing genus; *Allometalysinibacillus*: A genus related to but distinct from the existing genus Metalysinibacillus of other.

Allometamycoplasma

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Metamycoplasma*, An existing genus; *Allometamycoplasma*: A genus related to but distinct from the existing genus Metamycoplasma of other.

Allometaplanococcus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Metaplanococcus*, An existing genus; *Allometaplanococcus*: A genus related to but distinct from the existing genus Metaplanococcus of other.

Allometascardovia

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Metascardovia*, An existing genus; *Allometascardovia*: A genus related to but distinct from the existing genus Metascardovia of other.

Allometasolibacillus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Metasolibacillus*, An existing genus; *Allometasolibacillus*: A genus related to but distinct from the existing genus Metasolibacillus of other.

Allomethanobacterium

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Methanobacterium*, An existing genus; *Allomethanobacterium*: A genus related to but distinct from the existing genus Methanobacterium of other.

Allomethanobrevibacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Methanobrevibacter*, An existing genus; *Allomethanobrevibacter*: A genus related to but distinct from the existing genus Methanobrevibacter of other.

Allomethanocalculus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Methanocalculus*, An existing genus; *Allomethanocalculus*: A genus related to but distinct from the existing genus Methanocalculus of other.

Allomethanocaldococcus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Methanocaldococcus*, An existing genus; *Allomethanocaldococcus*: A genus related to but distinct from the existing genus Methanocaldococcus of other.

Allomethanocella

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Methanocella*, An existing genus; *Allomethanocella*: A genus related to but distinct from the existing genus Methanocella of other.

Allomethanococcoides

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Methanococcoides*, An existing genus; *Allomethanococcoides*: A genus related to but distinct from the existing genus Methanococcoides of other.

Allomethanococcus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Methanococcus*, An existing genus; *Allomethanococcus*: A genus related to but distinct from the existing genus Methanococcus of other.

Allomethanocorpusculum

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Methanocorpusculum*, An existing genus; *Allomethanocorpusculum*: A genus related to but distinct from the existing genus Methanocorpusculum of other.

Allomethanoculleus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Methanoculleus*, An existing genus; *Allomethanoculleus*: A genus related to but distinct from the existing genus Methanoculleus of other.

Allomethanofervidicoccus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Methanofervidicoccus*, An existing genus; *Allomethanofervidicoccus*: A genus related to but distinct from the existing genus Methanofervidicoccus of other.

Allomethanofollis

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Methanofollis*, An existing genus; *Allomethanofollis*: A genus related to but distinct from the existing genus Methanofollis of other.

Allomethanogenium

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Methanogenium*, An existing genus; *Allomethanogenium*: A genus related to but distinct from the existing genus Methanogenium of other.

Allomethanohalobium

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Methanohalobium*, An existing genus; *Allomethanohalobium*: A genus related to but distinct from the existing genus Methanohalobium of other.

Allomethanohalophilus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Methanohalophilus*, An existing genus; *Allomethanohalophilus*: A genus related to but distinct from the existing genus Methanohalophilus of other.

Allomethanolacinia

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Methanolacinia*, An existing genus; *Allomethanolacinia*: A genus related to but distinct from the existing genus Methanolacinia of other.

Allomethanolinea

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Methanolinea*, An existing genus; *Allomethanolinea*: A genus related to but distinct from the existing genus Methanolinea of other.

Allomethanomassiliicoccus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Methanomassiliicoccus*, An existing genus; *Allomethanomassiliicoccus*: A genus related to but distinct from the existing genus Methanomassiliicoccus of other.

Allomethanomethylovorans

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Methanomethylovorans*, An existing genus; *Allomethanomethylovorans*: A genus related to but distinct from the existing genus Methanomethylovorans of other.

Allomethanomicrobium

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Methanomicrobium*, An existing genus; *Allomethanomicrobium*: A genus related to but distinct from the existing genus Methanomicrobium of other.

Allomethanonatronarchaeum

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Methanonatronarchaeum*, An existing genus; *Allomethanonatronarchaeum*: A genus related to but distinct from the existing genus Methanonatronarchaeum of other.

Allomethanoplanus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Methanoplanus*, An existing genus; *Allomethanoplanus*: A genus related to but distinct from the existing genus Methanoplanus of other.

Allomethanopyrus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Methanopyrus*, An existing genus; *Allomethanopyrus*: A genus related to but distinct from the existing genus Methanopyrus of other.

Allomethanoregula

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Methanoregula*, An existing genus; *Allomethanoregula*: A genus related to but distinct from the existing genus Methanoregula of other.

Allomethanosaeta

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Methanosaeta*, An existing genus; *Allomethanosaeta*: A genus related to but distinct from the existing genus Methanosaeta of other.

Allomethanosalsum

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Methanosalsum*, An existing genus; *Allomethanosalsum*: A genus related to but distinct from the existing genus Methanosalsum of other.

Allomethanosarcina

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Methanosarcina*, An existing genus; *Allomethanosarcina*: A genus related to but distinct from the existing genus Methanosarcina of other.

Allomethanosphaera

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Methanosphaera*, An existing genus; *Allomethanosphaera*: A genus related to but distinct from the existing genus Methanosphaera of other.

Allomethanosphaerula

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. dim. n. *Methanosphaerula*, An existing genus; *Allomethanosphaerula*: A genus related to but distinct from the existing genus Methanosphaerula of other.

Allomethanospirillum

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. dim. n. *Methanospirillum*, An existing genus; *Allomethanospirillum*: A genus related to but distinct from the existing genus Methanospirillum of other.

Allomethanothermobacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Methanothermobacter*, An existing genus; *Allomethanothermobacter*: A genus related to but distinct from the existing genus Methanothermobacter of other.

Allomethanothermococcus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Methanothermococcus*, An existing genus; *Allomethanothermococcus*: A genus related to but distinct from the existing genus Methanothermococcus of other.

Allomethanothermus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Methanothermus*, An existing genus; *Allomethanothermus*: A genus related to but distinct from the existing genus Methanothermus of other.

Allomethanothrix

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Methanothrix*, An existing genus; *Allomethanothrix*: A genus related to but distinct from the existing genus Methanothrix of other.

Allomethanotorris

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Methanotorris*, An existing genus; *Allomethanotorris*: A genus related to but distinct from the existing genus Methanotorris of other.

Allomethermicoccus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Methermicoccus*, An existing genus; *Allomethermicoccus*: A genus related to but distinct from the existing genus Methermicoccus of other.

Allomethylacidimicrobium

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Methylacidimicrobium*, An existing genus; *Allomethylacidimicrobium*: A genus related to but distinct from the existing genus Methylacidimicrobium of other.

Allomethylarcula

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. dim. n. *Methylarcula*, An existing genus; *Allomethylarcula*: A genus related to but distinct from the existing genus Methylarcula of other.

Allomethylibium

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Methylibium*, An existing genus; *Allomethylibium*: A genus related to but distinct from the existing genus Methylibium of other.

Allomethylicorpusculum

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Methylicorpusculum*, An existing genus; *Allomethylicorpusculum*: A genus related to but distinct from the existing genus Methylicorpusculum of other.

Allomethylobacillus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Methylobacillus*, An existing genus; *Allomethylobacillus*: A genus related to but distinct from the existing genus Methylobacillus of other.

Allomethylobacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Methylobacter*, An existing genus; *Allomethylobacter*: A genus related to but distinct from the existing genus Methylobacter of other.

Allomethylobacterium

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Methylobacterium*, An existing genus; *Allomethylobacterium*: A genus related to but distinct from the existing genus Methylobacterium of other.

Allomethylobrevis

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Methylobrevis*, An existing genus; *Allomethylobrevis*: A genus related to but distinct from the existing genus Methylobrevis of other.

Allomethylocaldum

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Methylocaldum*, An existing genus; *Allomethylocaldum*: A genus related to but distinct from the existing genus Methylocaldum of other.

Allomethylocapsa

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Methylocapsa*, An existing genus; *Allomethylocapsa*: A genus related to but distinct from the existing genus Methylocapsa of other.

Allomethyloceanibacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Methyloceanibacter*, An existing genus; *Allomethyloceanibacter*: A genus related to but distinct from the existing genus Methyloceanibacter of other.

Allomethylocella

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Methylocella*, An existing genus; *Allomethylocella*: A genus related to but distinct from the existing genus Methylocella of other.

Allomethylococcus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Methylococcus*, An existing genus; *Allomethylococcus*: A genus related to but distinct from the existing genus Methylococcus of other.

Allomethylocucumis

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Methylocucumis*, An existing genus; *Allomethylocucumis*: A genus related to but distinct from the existing genus Methylocucumis of other.

Allomethylocystis

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Methylocystis*, An existing genus; *Allomethylocystis*: A genus related to but distinct from the existing genus Methylocystis of other.

Allomethyloferula

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Methyloferula*, An existing genus; *Allomethyloferula*: A genus related to but distinct from the existing genus Methyloferula of other.

Allomethylogaea

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Methylogaea*, An existing genus; *Allomethylogaea*: A genus related to but distinct from the existing genus Methylogaea of other.

Allomethyloglobulus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. dim. n. *Methyloglobulus*, An existing genus; *Allomethyloglobulus*: A genus related to but distinct from the existing genus Methyloglobulus of other.

Allomethylohalobius

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Methylohalobius*, An existing genus; *Allomethylohalobius*: A genus related to but distinct from the existing genus Methylohalobius of other.

Allomethylohalomonas

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Methylohalomonas*, An existing genus; *Allomethylohalomonas*: A genus related to but distinct from the existing genus Methylohalomonas of other.

Allomethyloligella

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. dim. n. *Methyloligella*, An existing genus; *Allomethyloligella*: A genus related to but distinct from the existing genus Methyloligella of other.

Allomethylolobus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Methylolobus*, An existing genus; *Allomethylolobus*: A genus related to but distinct from the existing genus Methylolobus of other.

Allomethylomagnum

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Methylomagnum*, An existing genus; *Allomethylomagnum*: A genus related to but distinct from the existing genus Methylomagnum of other.

Allomethylomarinovum

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Methylomarinovum*, An existing genus; *Allomethylomarinovum*: A genus related to but distinct from the existing genus Methylomarinovum of other.

Allomethylomarinum

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Methylomarinum*, An existing genus; *Allomethylomarinum*: A genus related to but distinct from the existing genus Methylomarinum of other.

Allomethylomicrobium

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Methylomicrobium*, An existing genus; *Allomethylomicrobium*: A genus related to but distinct from the existing genus Methylomicrobium of other.

Allomethylomonas

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Methylomonas*, An existing genus; *Allomethylomonas*: A genus related to but distinct from the existing genus Methylomonas of other.

Allomethylomusa

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Methylomusa*, An existing genus; *Allomethylomusa*: A genus related to but distinct from the existing genus Methylomusa of other.

Allomethylonatrum

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Methylonatrum*, An existing genus; *Allomethylonatrum*: A genus related to but distinct from the existing genus Methylonatrum of other.

Allomethyloparacoccus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Methyloparacoccus*, An existing genus; *Allomethyloparacoccus*: A genus related to but distinct from the existing genus Methyloparacoccus of other.

Allomethylophaga

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Methylophaga*, An existing genus; *Allomethylophaga*: A genus related to but distinct from the existing genus Methylophaga of other.

Allomethylophilus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Methylophilus*, An existing genus; *Allomethylophilus*: A genus related to but distinct from the existing genus Methylophilus of other.

Allomethylopila

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Methylopila*, An existing genus; *Allomethylopila*: A genus related to but distinct from the existing genus Methylopila of other.

Allomethyloprofundus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Methyloprofundus*, An existing genus; *Allomethyloprofundus*: A genus related to but distinct from the existing genus Methyloprofundus of other.

Allomethylorhabdus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Methylorhabdus*, An existing genus; *Allomethylorhabdus*: A genus related to but distinct from the existing genus Methylorhabdus of other.

Allomethylorosula

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. dim. n. *Methylorosula*, An existing genus; *Allomethylorosula*: A genus related to but distinct from the existing genus Methylorosula of other.

Allomethylorubrum

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Methylorubrum*, An existing genus; *Allomethylorubrum*: A genus related to but distinct from the existing genus Methylorubrum of other.

Allomethylosarcina

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Methylosarcina*, An existing genus; *Allomethylosarcina*: A genus related to but distinct from the existing genus Methylosarcina of other.

Allomethylosinus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Methylosinus*, An existing genus; *Allomethylosinus*: A genus related to but distinct from the existing genus Methylosinus of other.

Allomethylosoma

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Methylosoma*, An existing genus; *Allomethylosoma*: A genus related to but distinct from the existing genus Methylosoma of other.

Allomethylosphaera

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Methylosphaera*, An existing genus; *Allomethylosphaera*: A genus related to but distinct from the existing genus Methylosphaera of other.

Allomethylosulfonomonas

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Methylosulfonomonas*, An existing genus; *Allomethylosulfonomonas*: A genus related to but distinct from the existing genus Methylosulfonomonas of other.

Allomethylotenera

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Methylotenera*, An existing genus; *Allomethylotenera*: A genus related to but distinct from the existing genus Methylotenera of other.

Allomethyloterricola

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Methyloterricola*, An existing genus; *Allomethyloterricola*: A genus related to but distinct from the existing genus Methyloterricola of other.

Allomethyloterrigena

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Methyloterrigena*, An existing genus; *Allomethyloterrigena*: A genus related to but distinct from the existing genus Methyloterrigena of other.

Allomethylothermus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Methylothermus*, An existing genus; *Allomethylothermus*: A genus related to but distinct from the existing genus Methylothermus of other.

Allomethylotuvimicrobium

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Methylotuvimicrobium*, An existing genus; *Allomethylotuvimicrobium*: A genus related to but distinct from the existing genus Methylotuvimicrobium of other.

Allomethyloversatilis

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Methyloversatilis*, An existing genus; *Allomethyloversatilis*: A genus related to but distinct from the existing genus Methyloversatilis of other.

Allomethylovirgula

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. dim. n. *Methylovirgula*, An existing genus; *Allomethylovirgula*: A genus related to but distinct from the existing genus Methylovirgula of other.

Allomethylovorus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Methylovorus*, An existing genus; *Allomethylovorus*: A genus related to but distinct from the existing genus Methylovorus of other.

Allomethylovulum

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Methylovulum*, An existing genus; *Allomethylovulum*: A genus related to but distinct from the existing genus Methylovulum of other.

Allomicavibrio

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Micavibrio*, An existing genus; *Allomicavibrio*: A genus related to but distinct from the existing genus Micavibrio of other.

Allomicroaerobacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Microaerobacter*, An existing genus; *Allomicroaerobacter*: A genus related to but distinct from the existing genus Microaerobacter of other.

Allomicrobacterium

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Microbacterium*, An existing genus; *Allomicrobacterium*: A genus related to but distinct from the existing genus Microbacterium of other.

Allomicrobispora

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Microbispora*, An existing genus; *Allomicrobispora*: A genus related to but distinct from the existing genus Microbispora of other.

Allomicrobulbifer

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Microbulbifer*, An existing genus; *Allomicrobulbifer*: A genus related to but distinct from the existing genus Microbulbifer of other.

Allomicrocella

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Microcella*, An existing genus; *Allomicrocella*: A genus related to but distinct from the existing genus Microcella of other.

Allomicrococcoides

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Micrococcoides*, An existing genus; *Allomicrococcoides*: A genus related to but distinct from the existing genus Micrococcoides of other.

Allomicrococcus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Micrococcus*, An existing genus; *Allomicrococcus*: A genus related to but distinct from the existing genus Micrococcus of other.

Allomicrocyclus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Microcyclus*, An existing genus; *Allomicrocyclus*: A genus related to but distinct from the existing genus Microcyclus of other.

Allomicrocystis

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Microcystis*, An existing genus; *Allomicrocystis*: A genus related to but distinct from the existing genus Microcystis of other.

Allomicroellobosporia

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Microellobosporia*, An existing genus; *Allomicroellobosporia*: A genus related to but distinct from the existing genus Microellobosporia of other.

Allomicrolunatus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Microlunatus*, An existing genus; *Allomicrolunatus*: A genus related to but distinct from the existing genus Microlunatus of other.

Allomicromonas

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Micromonas*, An existing genus; *Allomicromonas*: A genus related to but distinct from the existing genus Micromonas of other.

Allomicromonospora

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Micromonospora*, An existing genus; *Allomicromonospora*: A genus related to but distinct from the existing genus Micromonospora of other.

Allomicropepsis

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Micropepsis*, An existing genus; *Allomicropepsis*: A genus related to but distinct from the existing genus Micropepsis of other.

Allomicropolyspora

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Micropolyspora*, An existing genus; *Allomicropolyspora*: A genus related to but distinct from the existing genus Micropolyspora of other.

Allomicropruina

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Micropruina*, An existing genus; *Allomicropruina*: A genus related to but distinct from the existing genus Micropruina of other.

Allomicroscilla

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Microscilla*, An existing genus; *Allomicroscilla*: A genus related to but distinct from the existing genus Microscilla of other.

Allomicrosphaera

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Microsphaera*, An existing genus; *Allomicrosphaera*: A genus related to but distinct from the existing genus Microsphaera of other.

Allomicroterricola

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Microterricola*, An existing genus; *Allomicroterricola*: A genus related to but distinct from the existing genus Microterricola of other.

Allomicrotetraspora

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Microtetraspora*, An existing genus; *Allomicrotetraspora*: A genus related to but distinct from the existing genus Microtetraspora of other.

Allomicrovirgula

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. dim. n. *Microvirgula*, An existing genus; *Allomicrovirgula*: A genus related to but distinct from the existing genus Microvirgula of other.

Allomillisia

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Millisia*, An existing genus; *Allomillisia*: A genus related to but distinct from the existing genus Millisia of other.

Allominicystis

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Minicystis*, An existing genus; *Allominicystis*: A genus related to but distinct from the existing genus Minicystis of other.

Allominiimonas

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Miniimonas*, An existing genus; *Allominiimonas*: A genus related to but distinct from the existing genus Miniimonas of other.

Allominiphocibacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Miniphocibacter*, An existing genus; *Allominiphocibacter*: A genus related to but distinct from the existing genus Miniphocibacter of other.

Allominunostoc

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Minunostoc*, An existing genus; *Allominunostoc*: A genus related to but distinct from the existing genus Minunostoc of other.

Allominwuia

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Minwuia*, An existing genus; *Allominwuia*: A genus related to but distinct from the existing genus Minwuia of other.

Allomitsuaria

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Mitsuaria*, An existing genus; *Allomitsuaria*: A genus related to but distinct from the existing genus Mitsuaria of other.

Allomitsuokella

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. dim. n. *Mitsuokella*, An existing genus; *Allomitsuokella*: A genus related to but distinct from the existing genus Mitsuokella of other.

Allomixta

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Mixta*, An existing genus; *Allomixta*: A genus related to but distinct from the existing genus Mixta of other.

Allomizugakiibacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Mizugakiibacter*, An existing genus; *Allomizugakiibacter*: A genus related to but distinct from the existing genus Mizugakiibacter of other.

Allomobilicoccus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Mobilicoccus*, An existing genus; *Allomobilicoccus*: A genus related to but distinct from the existing genus Mobilicoccus of other.

Allomobilifilum

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Mobilifilum*, An existing genus; *Allomobilifilum*: A genus related to but distinct from the existing genus Mobilifilum of other.

Allomobilisporobacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Mobilisporobacter*, An existing genus; *Allomobilisporobacter*: A genus related to but distinct from the existing genus Mobilisporobacter of other.

Allomobilitalea

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Mobilitalea*, An existing genus; *Allomobilitalea*: A genus related to but distinct from the existing genus Mobilitalea of other.

Allomobiluncus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Mobiluncus*, An existing genus; *Allomobiluncus*: A genus related to but distinct from the existing genus Mobiluncus of other.

Allomodestobacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Modestobacter*, An existing genus; *Allomodestobacter*: A genus related to but distinct from the existing genus Modestobacter of other.

Allomodicisalibacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Modicisalibacter*, An existing genus; *Allomodicisalibacter*: A genus related to but distinct from the existing genus Modicisalibacter of other.

Allomoellerella

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. dim. n. *Moellerella*, An existing genus; *Allomoellerella*: A genus related to but distinct from the existing genus Moellerella of other.

Allomogibacterium

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Mogibacterium*, An existing genus; *Allomogibacterium*: A genus related to but distinct from the existing genus Mogibacterium of other.

Allomoheibacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Moheibacter*, An existing genus; *Allomoheibacter*: A genus related to but distinct from the existing genus Moheibacter of other.

Allomonaibacterium

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Monaibacterium*, An existing genus; *Allomonaibacterium*: A genus related to but distinct from the existing genus Monaibacterium of other.

Allomonashia

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Monashia*, An existing genus; *Allomonashia*: A genus related to but distinct from the existing genus Monashia of other.

Allomongoliibacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Mongoliibacter*, An existing genus; *Allomongoliibacter*: A genus related to but distinct from the existing genus Mongoliibacter of other.

Allomongoliicoccus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Mongoliicoccus*, An existing genus; *Allomongoliicoccus*: A genus related to but distinct from the existing genus Mongoliicoccus of other.

Allomongoliimonas

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Mongoliimonas*, An existing genus; *Allomongoliimonas*: A genus related to but distinct from the existing genus Mongoliimonas of other.

Allomongoliitalea

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Mongoliitalea*, An existing genus; *Allomongoliitalea*: A genus related to but distinct from the existing genus Mongoliitalea of other.

Allomonoglobus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Monoglobus*, An existing genus; *Allomonoglobus*: A genus related to but distinct from the existing genus Monoglobus of other.

Allomoorea

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Moorea*, An existing genus; *Allomoorea*: A genus related to but distinct from the existing genus Moorea of other.

Allomooreia

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Mooreia*, An existing genus; *Allomooreia*: A genus related to but distinct from the existing genus Mooreia of other.

Allomoorella

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. dim. n. *Moorella*, An existing genus; *Allomoorella*: A genus related to but distinct from the existing genus Moorella of other.

Allomoraxella

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. dim. n. *Moraxella*, An existing genus; *Allomoraxella*: A genus related to but distinct from the existing genus Moraxella of other.

Allomorganella

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. dim. n. *Morganella*, An existing genus; *Allomorganella*: A genus related to but distinct from the existing genus Morganella of other.

Allomoritella

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. dim. n. *Moritella*, An existing genus; *Allomoritella*: A genus related to but distinct from the existing genus Moritella of other.

Allomorococcus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Morococcus*, An existing genus; *Allomorococcus*: A genus related to but distinct from the existing genus Morococcus of other.

Allomoryella

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. dim. n. *Moryella*, An existing genus; *Allomoryella*: A genus related to but distinct from the existing genus Moryella of other.

Allomotilibacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Motilibacter*, An existing genus; *Allomotilibacter*: A genus related to but distinct from the existing genus Motilibacter of other.

Allomotilimonas

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Motilimonas*, An existing genus; *Allomotilimonas*: A genus related to but distinct from the existing genus Motilimonas of other.

Allomotiliproteus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Motiliproteus*, An existing genus; *Allomotiliproteus*: A genus related to but distinct from the existing genus Motiliproteus of other.

Allomucinivorans

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Mucinivorans*, An existing genus; *Allomucinivorans*: A genus related to but distinct from the existing genus Mucinivorans of other.

Allomucispirillum

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. dim. n. *Mucispirillum*, An existing genus; *Allomucispirillum*: A genus related to but distinct from the existing genus Mucispirillum of other.

Allomumia

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Mumia*, An existing genus; *Allomumia*: A genus related to but distinct from the existing genus Mumia of other.

Allomurdochiella

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. dim. n. *Murdochiella*, An existing genus; *Allomurdochiella*: A genus related to but distinct from the existing genus Murdochiella of other.

Allomuribacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Muribacter*, An existing genus; *Allomuribacter*: A genus related to but distinct from the existing genus Muribacter of other.

Allomuribaculum

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Muribaculum*, An existing genus; *Allomuribaculum*: A genus related to but distinct from the existing genus Muribaculum of other.

Allomuricauda

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Muricauda*, An existing genus; *Allomuricauda*: A genus related to but distinct from the existing genus Muricauda of other.

Allomuricoccus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Muricoccus*, An existing genus; *Allomuricoccus*: A genus related to but distinct from the existing genus Muricoccus of other.

Allomuricomes

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Muricomes*, An existing genus; *Allomuricomes*: A genus related to but distinct from the existing genus Muricomes of other.

Allomuriicola

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Muriicola*, An existing genus; *Allomuriicola*: A genus related to but distinct from the existing genus Muriicola of other.

Allomurimonas

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Murimonas*, An existing genus; *Allomurimonas*: A genus related to but distinct from the existing genus Murimonas of other.

Allomurinocardiopsis

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Murinocardiopsis*, An existing genus; *Allomurinocardiopsis*: A genus related to but distinct from the existing genus Murinocardiopsis of other.

Allomyceligenerans

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Myceligenerans*, An existing genus; *Allomyceligenerans*: A genus related to but distinct from the existing genus Myceligenerans of other.

Allomycetocola

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Mycetocola*, An existing genus; *Allomycetocola*: A genus related to but distinct from the existing genus Mycetocola of other.

Allomycoavidus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Mycoavidus*, An existing genus; *Allomycoavidus*: A genus related to but distinct from the existing genus Mycoavidus of other.

Allomycobacterium

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Mycobacterium*, An existing genus; *Allomycobacterium*: A genus related to but distinct from the existing genus Mycobacterium of other.

Allomycobacteroides

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Mycobacteroides*, An existing genus; *Allomycobacteroides*: A genus related to but distinct from the existing genus Mycobacteroides of other.

Allomycolicibacillus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Mycolicibacillus*, An existing genus; *Allomycolicibacillus*: A genus related to but distinct from the existing genus Mycolicibacillus of other.

Allomycolicibacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Mycolicibacter*, An existing genus; *Allomycolicibacter*: A genus related to but distinct from the existing genus Mycolicibacter of other.

Allomycolicibacterium

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Mycolicibacterium*, An existing genus; *Allomycolicibacterium*: A genus related to but distinct from the existing genus Mycolicibacterium of other.

Allomycoplana

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Mycoplana*, An existing genus; *Allomycoplana*: A genus related to but distinct from the existing genus Mycoplana of other.

Allomycoplasma

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Mycoplasma*, An existing genus; *Allomycoplasma*: A genus related to but distinct from the existing genus Mycoplasma of other.

Allomycoplasmoides

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Mycoplasmoides*, An existing genus; *Allomycoplasmoides*: A genus related to but distinct from the existing genus Mycoplasmoides of other.

Allomycoplasmopsis

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Mycoplasmopsis*, An existing genus; *Allomycoplasmopsis*: A genus related to but distinct from the existing genus Mycoplasmopsis of other.

Allomyroides

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Myroides*, An existing genus; *Allomyroides*: A genus related to but distinct from the existing genus Myroides of other.

Allomyxacorys

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Myxacorys*, An existing genus; *Allomyxacorys*: A genus related to but distinct from the existing genus Myxacorys of other.

Allomyxococcus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Myxococcus*, An existing genus; *Allomyxococcus*: A genus related to but distinct from the existing genus Myxococcus of other.

Allomzabimyces

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Mzabimyces*, An existing genus; *Allomzabimyces*: A genus related to but distinct from the existing genus Mzabimyces of other.

Allonaasia

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Naasia*, An existing genus; *Allonaasia*: A genus related to but distinct from the existing genus Naasia of other.

Allonafulsella

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. dim. n. *Nafulsella*, An existing genus; *Allonafulsella*: A genus related to but distinct from the existing genus Nafulsella of other.

Allonakamurella

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. dim. n. *Nakamurella*, An existing genus; *Allonakamurella*: A genus related to but distinct from the existing genus Nakamurella of other.

Allonamhaeicola

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Namhaeicola*, An existing genus; *Allonamhaeicola*: A genus related to but distinct from the existing genus Namhaeicola of other.

Allonannocystis

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Nannocystis*, An existing genus; *Allonannocystis*: A genus related to but distinct from the existing genus Nannocystis of other.

Allonatranaerobaculum

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Natranaerobaculum*, An existing genus; *Allonatranaerobaculum*: A genus related to but distinct from the existing genus Natranaerobaculum of other.

Allonatranaerobius

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Natranaerobius*, An existing genus; *Allonatranaerobius*: A genus related to but distinct from the existing genus Natranaerobius of other.

Allonatranaerovirga

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Natranaerovirga*, An existing genus; *Allonatranaerovirga*: A genus related to but distinct from the existing genus Natranaerovirga of other.

Allonatrarchaeobaculum

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Natrarchaeobaculum*, An existing genus; *Allonatrarchaeobaculum*: A genus related to but distinct from the existing genus Natrarchaeobaculum of other.

Allonatrarchaeobius

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Natrarchaeobius*, An existing genus; *Allonatrarchaeobius*: A genus related to but distinct from the existing genus Natrarchaeobius of other.

Allonatrialba

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Natrialba*, An existing genus; *Allonatrialba*: A genus related to but distinct from the existing genus Natrialba of other.

Allonatribacillus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Natribacillus*, An existing genus; *Allonatribacillus*: A genus related to but distinct from the existing genus Natribacillus of other.

Allonatribaculum

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Natribaculum*, An existing genus; *Allonatribaculum*: A genus related to but distinct from the existing genus Natribaculum of other.

Allonatrinema

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Natrinema*, An existing genus; *Allonatrinema*: A genus related to but distinct from the existing genus Natrinema of other.

Allonatroniella

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. dim. n. *Natroniella*, An existing genus; *Allonatroniella*: A genus related to but distinct from the existing genus Natroniella of other.

Allonatronoarchaeum

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Natronoarchaeum*, An existing genus; *Allonatronoarchaeum*: A genus related to but distinct from the existing genus Natronoarchaeum of other.

Allonatronobacillus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Natronobacillus*, An existing genus; *Allonatronobacillus*: A genus related to but distinct from the existing genus Natronobacillus of other.

Allonatronobacterium

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Natronobacterium*, An existing genus; *Allonatronobacterium*: A genus related to but distinct from the existing genus Natronobacterium of other.

Allonatronobiforma

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Natronobiforma*, An existing genus; *Allonatronobiforma*: A genus related to but distinct from the existing genus Natronobiforma of other.

Allonatronocella

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Natronocella*, An existing genus; *Allonatronocella*: A genus related to but distinct from the existing genus Natronocella of other.

Allonatronococcus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Natronococcus*, An existing genus; *Allonatronococcus*: A genus related to but distinct from the existing genus Natronococcus of other.

Allonatronoflexus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Natronoflexus*, An existing genus; *Allonatronoflexus*: A genus related to but distinct from the existing genus Natronoflexus of other.

Allonatronolimnobius

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Natronolimnobius*, An existing genus; *Allonatronolimnobius*: A genus related to but distinct from the existing genus Natronolimnobius of other.

Allonatronolimnohabitans

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Natronolimnohabitans*, An existing genus; *Allonatronolimnohabitans*: A genus related to but distinct from the existing genus Natronolimnohabitans of other.

Allonatronomonas

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Natronomonas*, An existing genus; *Allonatronomonas*: A genus related to but distinct from the existing genus Natronomonas of other.

Allonatronorubrum

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Natronorubrum*, An existing genus; *Allonatronorubrum*: A genus related to but distinct from the existing genus Natronorubrum of other.

Allonatronospira

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Natronospira*, An existing genus; *Allonatronospira*: A genus related to but distinct from the existing genus Natronospira of other.

Allonatronospirillum

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. dim. n. *Natronospirillum*, An existing genus; *Allonatronospirillum*: A genus related to but distinct from the existing genus Natronospirillum of other.

Allonatronovirga

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Natronovirga*, An existing genus; *Allonatronovirga*: A genus related to but distinct from the existing genus Natronovirga of other.

Allonaumannella

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. dim. n. *Naumannella*, An existing genus; *Allonaumannella*: A genus related to but distinct from the existing genus Naumannella of other.

Allonautella

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. dim. n. *Nautella*, An existing genus; *Allonautella*: A genus related to but distinct from the existing genus Nautella of other.

Allonautilia

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Nautilia*, An existing genus; *Allonautilia*: A genus related to but distinct from the existing genus Nautilia of other.

Allonaxibacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Naxibacter*, An existing genus; *Allonaxibacter*: A genus related to but distinct from the existing genus Naxibacter of other.

Allonecropsobacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Necropsobacter*, An existing genus; *Allonecropsobacter*: A genus related to but distinct from the existing genus Necropsobacter of other.

Allonegadavirga

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Negadavirga*, An existing genus; *Allonegadavirga*: A genus related to but distinct from the existing genus Negadavirga of other.

Allonegativicoccus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Negativicoccus*, An existing genus; *Allonegativicoccus*: A genus related to but distinct from the existing genus Negativicoccus of other.

Alloneiella

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. dim. n. *Neiella*, An existing genus; *Alloneiella*: A genus related to but distinct from the existing genus Neiella of other.

Alloneisseria

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Neisseria*, An existing genus; *Alloneisseria*: A genus related to but distinct from the existing genus Neisseria of other.

Allonemorella

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. dim. n. *Nemorella*, An existing genus; *Allonemorella*: A genus related to but distinct from the existing genus Nemorella of other.

Allonemorincola

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Nemorincola*, An existing genus; *Allonemorincola*: A genus related to but distinct from the existing genus Nemorincola of other.

Alloneoasaia

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Neoasaia*, An existing genus; *Alloneoasaia*: A genus related to but distinct from the existing genus Neoasaia of other.

Alloneobacillus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Neobacillus*, An existing genus; *Alloneobacillus*: A genus related to but distinct from the existing genus Neobacillus of other.

Alloneochlamydia

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Neochlamydia*, An existing genus; *Alloneochlamydia*: A genus related to but distinct from the existing genus Neochlamydia of other.

Alloneokomagataea

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Neokomagataea*, An existing genus; *Alloneokomagataea*: A genus related to but distinct from the existing genus Neokomagataea of other.

Alloneolyngbya

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Neolyngbya*, An existing genus; *Alloneolyngbya*: A genus related to but distinct from the existing genus Neolyngbya of other.

Alloneomegalonema

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Neomegalonema*, An existing genus; *Alloneomegalonema*: A genus related to but distinct from the existing genus Neomegalonema of other.

Alloneomicrococcus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Neomicrococcus*, An existing genus; *Alloneomicrococcus*: A genus related to but distinct from the existing genus Neomicrococcus of other.

Alloneorhizobium

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Neorhizobium*, An existing genus; *Alloneorhizobium*: A genus related to but distinct from the existing genus Neorhizobium of other.

Alloneorickettsia

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Neorickettsia*, An existing genus; *Alloneorickettsia*: A genus related to but distinct from the existing genus Neorickettsia of other.

Alloneoscardovia

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Neoscardovia*, An existing genus; *Alloneoscardovia*: A genus related to but distinct from the existing genus Neoscardovia of other.

Alloneowestiellopsis

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Neowestiellopsis*, An existing genus; *Alloneowestiellopsis*: A genus related to but distinct from the existing genus Neowestiellopsis of other.

Alloneptunicella

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Neptunicella*, An existing genus; *Alloneptunicella*: A genus related to but distinct from the existing genus Neptunicella of other.

Alloneptunicoccus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Neptunicoccus*, An existing genus; *Alloneptunicoccus*: A genus related to but distinct from the existing genus Neptunicoccus of other.

Alloneptuniibacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Neptuniibacter*, An existing genus; *Alloneptuniibacter*: A genus related to but distinct from the existing genus Neptuniibacter of other.

Alloneptunitalea

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Neptunitalea*, An existing genus; *Alloneptunitalea*: A genus related to but distinct from the existing genus Neptunitalea of other.

Alloneptunomonas

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Neptunomonas*, An existing genus; *Alloneptunomonas*: A genus related to but distinct from the existing genus Neptunomonas of other.

Allonereida

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Nereida*, An existing genus; *Allonereida*: A genus related to but distinct from the existing genus Nereida of other.

Allonesiotobacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Nesiotobacter*, An existing genus; *Allonesiotobacter*: A genus related to but distinct from the existing genus Nesiotobacter of other.

Allonesterenkonia

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Nesterenkonia*, An existing genus; *Allonesterenkonia*: A genus related to but distinct from the existing genus Nesterenkonia of other.

Allonevskia

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Nevskia*, An existing genus; *Allonevskia*: A genus related to but distinct from the existing genus Nevskia of other.

Allonguyenibacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Nguyenibacter*, An existing genus; *Allonguyenibacter*: A genus related to but distinct from the existing genus Nguyenibacter of other.

Alloniabella

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. dim. n. *Niabella*, An existing genus; *Alloniabella*: A genus related to but distinct from the existing genus Niabella of other.

Alloniastella

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. dim. n. *Niastella*, An existing genus; *Alloniastella*: A genus related to but distinct from the existing genus Niastella of other.

Allonibrella

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. dim. n. *Nibrella*, An existing genus; *Allonibrella*: A genus related to but distinct from the existing genus Nibrella of other.

Allonibribacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Nibribacter*, An existing genus; *Allonibribacter*: A genus related to but distinct from the existing genus Nibribacter of other.

Allonibricoccus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Nibricoccus*, An existing genus; *Allonibricoccus*: A genus related to but distinct from the existing genus Nibricoccus of other.

Allonicoletella

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. dim. n. *Nicoletella*, An existing genus; *Allonicoletella*: A genus related to but distinct from the existing genus Nicoletella of other.

Alloningiella

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. dim. n. *Ningiella*, An existing genus; *Alloningiella*: A genus related to but distinct from the existing genus Ningiella of other.

Allonioella

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. dim. n. *Nioella*, An existing genus; *Allonioella*: A genus related to but distinct from the existing genus Nioella of other.

Allonitratifractor

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Nitratifractor*, An existing genus; *Allonitratifractor*: A genus related to but distinct from the existing genus Nitratifractor of other.

Allonitratireductor

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Nitratireductor*, An existing genus; *Allonitratireductor*: A genus related to but distinct from the existing genus Nitratireductor of other.

Allonitratiruptor

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Nitratiruptor*, An existing genus; *Allonitratiruptor*: A genus related to but distinct from the existing genus Nitratiruptor of other.

Allonitriliruptor

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Nitriliruptor*, An existing genus; *Allonitriliruptor*: A genus related to but distinct from the existing genus Nitriliruptor of other.

Allonitrincola

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Nitrincola*, An existing genus; *Allonitrincola*: A genus related to but distinct from the existing genus Nitrincola of other.

Allonitritalea

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Nitritalea*, An existing genus; *Allonitritalea*: A genus related to but distinct from the existing genus Nitritalea of other.

Allonitrobacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Nitrobacter*, An existing genus; *Allonitrobacter*: A genus related to but distinct from the existing genus Nitrobacter of other.

Allonitrococcus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Nitrococcus*, An existing genus; *Allonitrococcus*: A genus related to but distinct from the existing genus Nitrococcus of other.

Allonitrolancea

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Nitrolancea*, An existing genus; *Allonitrolancea*: A genus related to but distinct from the existing genus Nitrolancea of other.

Allonitrosarchaeum

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Nitrosarchaeum*, An existing genus; *Allonitrosarchaeum*: A genus related to but distinct from the existing genus Nitrosarchaeum of other.

Allonitrosococcus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Nitrosococcus*, An existing genus; *Allonitrosococcus*: A genus related to but distinct from the existing genus Nitrosococcus of other.

Allonitrosolobus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Nitrosolobus*, An existing genus; *Allonitrosolobus*: A genus related to but distinct from the existing genus Nitrosolobus of other.

Allonitrosomonas

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Nitrosomonas*, An existing genus; *Allonitrosomonas*: A genus related to but distinct from the existing genus Nitrosomonas of other.

Allonitrosopumilus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Nitrosopumilus*, An existing genus; *Allonitrosopumilus*: A genus related to but distinct from the existing genus Nitrosopumilus of other.

Allonitrososphaera

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Nitrososphaera*, An existing genus; *Allonitrososphaera*: A genus related to but distinct from the existing genus Nitrososphaera of other.

Allonitrosospira

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Nitrosospira*, An existing genus; *Allonitrosospira*: A genus related to but distinct from the existing genus Nitrosospira of other.

Allonitrospina

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Nitrospina*, An existing genus; *Allonitrospina*: A genus related to but distinct from the existing genus Nitrospina of other.

Allonitrospira

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Nitrospira*, An existing genus; *Allonitrospira*: A genus related to but distinct from the existing genus Nitrospira of other.

Alloniveibacterium

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Niveibacterium*, An existing genus; *Alloniveibacterium*: A genus related to but distinct from the existing genus Niveibacterium of other.

Alloniveispirillum

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. dim. n. *Niveispirillum*, An existing genus; *Alloniveispirillum*: A genus related to but distinct from the existing genus Niveispirillum of other.

Alloniveitalea

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Niveitalea*, An existing genus; *Alloniveitalea*: A genus related to but distinct from the existing genus Niveitalea of other.

Allonocardia

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Nocardia*, An existing genus; *Allonocardia*: A genus related to but distinct from the existing genus Nocardia of other.

Allonocardioides

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Nocardioides*, An existing genus; *Allonocardioides*: A genus related to but distinct from the existing genus Nocardioides of other.

Allonocardiopsis

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Nocardiopsis*, An existing genus; *Allonocardiopsis*: A genus related to but distinct from the existing genus Nocardiopsis of other.

Allonodosilinea

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Nodosilinea*, An existing genus; *Allonodosilinea*: A genus related to but distinct from the existing genus Nodosilinea of other.

Allononhongiella

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. dim. n. *Nonhongiella*, An existing genus; *Allononhongiella*: A genus related to but distinct from the existing genus Nonhongiella of other.

Allononomuraea

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Nonomuraea*, An existing genus; *Allononomuraea*: A genus related to but distinct from the existing genus Nonomuraea of other.

Allonosocomiicoccus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Nosocomiicoccus*, An existing genus; *Allonosocomiicoccus*: A genus related to but distinct from the existing genus Nosocomiicoccus of other.

Allonostoc

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Nostoc*, An existing genus; *Allonostoc*: A genus related to but distinct from the existing genus Nostoc of other.

Allonotoacmeibacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Notoacmeibacter*, An existing genus; *Allonotoacmeibacter*: A genus related to but distinct from the existing genus Notoacmeibacter of other.

Allonovibacillus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Novibacillus*, An existing genus; *Allonovibacillus*: A genus related to but distinct from the existing genus Novibacillus of other.

Allonoviherbaspirillum

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. dim. n. *Noviherbaspirillum*, An existing genus; *Allonoviherbaspirillum*: A genus related to but distinct from the existing genus Noviherbaspirillum of other.

Allonovimethylophilus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Novimethylophilus*, An existing genus; *Allonovimethylophilus*: A genus related to but distinct from the existing genus Novimethylophilus of other.

Allonovipirellula

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. dim. n. *Novipirellula*, An existing genus; *Allonovipirellula*: A genus related to but distinct from the existing genus Novipirellula of other.

Allonovispirillum

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. dim. n. *Novispirillum*, An existing genus; *Allonovispirillum*: A genus related to but distinct from the existing genus Novispirillum of other.

Allonovosphingobium

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Novosphingobium*, An existing genus; *Allonovosphingobium*: A genus related to but distinct from the existing genus Novosphingobium of other.

Allonovosphingopyxis

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Novosphingopyxis*, An existing genus; *Allonovosphingopyxis*: A genus related to but distinct from the existing genus Novosphingopyxis of other.

Allonubsella

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. dim. n. *Nubsella*, An existing genus; *Allonubsella*: A genus related to but distinct from the existing genus Nubsella of other.

Allonumidum

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Numidum*, An existing genus; *Allonumidum*: A genus related to but distinct from the existing genus Numidum of other.

Alloobesumbacterium

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Obesumbacterium*, An existing genus; *Alloobesumbacterium*: A genus related to but distinct from the existing genus Obesumbacterium of other.

Allooblitimonas

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Oblitimonas*, An existing genus; *Allooblitimonas*: A genus related to but distinct from the existing genus Oblitimonas of other.

Allooccallatibacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Occallatibacter*, An existing genus; *Allooccallatibacter*: A genus related to but distinct from the existing genus Occallatibacter of other.

Allooccidentia

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Occidentia*, An existing genus; *Allooccidentia*: A genus related to but distinct from the existing genus Occidentia of other.

Allooceanibacterium

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Oceanibacterium*, An existing genus; *Allooceanibacterium*: A genus related to but distinct from the existing genus Oceanibacterium of other.

Allooceanibaculum

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Oceanibaculum*, An existing genus; *Allooceanibaculum*: A genus related to but distinct from the existing genus Oceanibaculum of other.

Allooceanibium

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Oceanibium*, An existing genus; *Allooceanibium*: A genus related to but distinct from the existing genus Oceanibium of other.

Allooceanicella

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Oceanicella*, An existing genus; *Allooceanicella*: A genus related to but distinct from the existing genus Oceanicella of other.

Allooceanicoccus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Oceanicoccus*, An existing genus; *Allooceanicoccus*: A genus related to but distinct from the existing genus Oceanicoccus of other.

Allooceanicola

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Oceanicola*, An existing genus; *Allooceanicola*: A genus related to but distinct from the existing genus Oceanicola of other.

Allooceaniglobus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Oceaniglobus*, An existing genus; *Allooceaniglobus*: A genus related to but distinct from the existing genus Oceaniglobus of other.

Allooceanimonas

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Oceanimonas*, An existing genus; *Allooceanimonas*: A genus related to but distinct from the existing genus Oceanimonas of other.

Allooceaniradius

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Oceaniradius*, An existing genus; *Allooceaniradius*: A genus related to but distinct from the existing genus Oceaniradius of other.

Allooceanirhabdus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Oceanirhabdus*, An existing genus; *Allooceanirhabdus*: A genus related to but distinct from the existing genus Oceanirhabdus of other.

Allooceanisphaera

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Oceanisphaera*, An existing genus; *Allooceanisphaera*: A genus related to but distinct from the existing genus Oceanisphaera of other.

Allooceanispirochaeta

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Oceanispirochaeta*, An existing genus; *Allooceanispirochaeta*: A genus related to but distinct from the existing genus Oceanispirochaeta of other.

Allooceanitalea

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Oceanitalea*, An existing genus; *Allooceanitalea*: A genus related to but distinct from the existing genus Oceanitalea of other.

Allooceanithermus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Oceanithermus*, An existing genus; *Allooceanithermus*: A genus related to but distinct from the existing genus Oceanithermus of other.

Allooceanivirga

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Oceanivirga*, An existing genus; *Allooceanivirga*: A genus related to but distinct from the existing genus Oceanivirga of other.

Allooceanobacillus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Oceanobacillus*, An existing genus; *Allooceanobacillus*: A genus related to but distinct from the existing genus Oceanobacillus of other.

Allooceanobacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Oceanobacter*, An existing genus; *Allooceanobacter*: A genus related to but distinct from the existing genus Oceanobacter of other.

Allooceanococcus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Oceanococcus*, An existing genus; *Allooceanococcus*: A genus related to but distinct from the existing genus Oceanococcus of other.

Allooceanospirillum

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. dim. n. *Oceanospirillum*, An existing genus; *Allooceanospirillum*: A genus related to but distinct from the existing genus Oceanospirillum of other.

Allooceanotoga

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Oceanotoga*, An existing genus; *Allooceanotoga*: A genus related to but distinct from the existing genus Oceanotoga of other.

Alloochrobactrum

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Ochrobactrum*, An existing genus; *Alloochrobactrum*: A genus related to but distinct from the existing genus Ochrobactrum of other.

Alloochrovirga

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Ochrovirga*, An existing genus; *Alloochrovirga*: A genus related to but distinct from the existing genus Ochrovirga of other.

Allooctadecabacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Octadecabacter*, An existing genus; *Allooctadecabacter*: A genus related to but distinct from the existing genus Octadecabacter of other.

Allooculatella

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Oculatella*, An existing genus; *Allooculatella*: A genus related to but distinct from the existing genus Oculatella of other.

Alloodorella

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. dim. n. *Odorella*, An existing genus; *Alloodorella*: A genus related to but distinct from the existing genus Odorella of other.

Alloodoribacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Odoribacter*, An existing genus; *Alloodoribacter*: A genus related to but distinct from the existing genus Odoribacter of other.

Allooenococcus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Oenococcus*, An existing genus; *Allooenococcus*: A genus related to but distinct from the existing genus Oenococcus of other.

Allooerskovia

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Oerskovia*, An existing genus; *Allooerskovia*: A genus related to but distinct from the existing genus Oerskovia of other.

Allooharaeibacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Oharaeibacter*, An existing genus; *Allooharaeibacter*: A genus related to but distinct from the existing genus Oharaeibacter of other.

Alloohtaekwangia

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Ohtaekwangia*, An existing genus; *Alloohtaekwangia*: A genus related to but distinct from the existing genus Ohtaekwangia of other.

Allookeania

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Okeania*, An existing genus; *Allookeania*: A genus related to but distinct from the existing genus Okeania of other.

Allookibacterium

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Okibacterium*, An existing genus; *Allookibacterium*: A genus related to but distinct from the existing genus Okibacterium of other.

Allooleguselle

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. dim. n. *Olegusella*, An existing genus; *Allooleguselle*: A genus related to but distinct from the existing genus Olegusella of other.

Allooleiagrimonas

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Oleiagrimonas*, An existing genus; *Allooleiagrimonas*: A genus related to but distinct from the existing genus Oleiagrimonas of other.

Allooleibacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Oleibacter*, An existing genus; *Allooleibacter*: A genus related to but distinct from the existing genus Oleibacter of other.

Allooleiharenicola

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Oleiharenicola*, An existing genus; *Allooleiharenicola*: A genus related to but distinct from the existing genus Oleiharenicola of other.

Allooleiliquidispirillum

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. dim. n. *Oleiliquidispirillum*, An existing genus; *Allooleiliquidispirillum*: A genus related to but distinct from the existing genus Oleiliquidispirillum of other.

Allooleisolibacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Oleisolibacter*, An existing genus; *Allooleisolibacter*: A genus related to but distinct from the existing genus Oleisolibacter of other.

Allooleispira

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Oleispira*, An existing genus; *Allooleispira*: A genus related to but distinct from the existing genus Oleispira of other.

Allooligella

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. dim. n. *Oligella*, An existing genus; *Allooligella*: A genus related to but distinct from the existing genus Oligella of other.

Allooligoflexus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Oligoflexus*, An existing genus; *Allooligoflexus*: A genus related to but distinct from the existing genus Oligoflexus of other.

Allooligosphaera

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Oligosphaera*, An existing genus; *Allooligosphaera*: A genus related to but distinct from the existing genus Oligosphaera of other.

Allooligotropha

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Oligotropha*, An existing genus; *Allooligotropha*: A genus related to but distinct from the existing genus Oligotropha of other.

Alloolivibacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Olivibacter*, An existing genus; *Alloolivibacter*: A genus related to but distinct from the existing genus Olivibacter of other.

Alloolleya

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Olleya*, An existing genus; *Alloolleya*: A genus related to but distinct from the existing genus Olleya of other.

Alloolsenella

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. dim. n. *Olsenella*, An existing genus; *Alloolsenella*: A genus related to but distinct from the existing genus Olsenella of other.

Alloonodrimia

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Onodrimia*, An existing genus; *Alloonodrimia*: A genus related to but distinct from the existing genus Onodrimia of other.

Alloopitutus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Opitutus*, An existing genus; *Alloopitutus*: A genus related to but distinct from the existing genus Opitutus of other.

Alloorenia

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Orenia*, An existing genus; *Alloorenia*: A genus related to but distinct from the existing genus Orenia of other.

Allooribacterium

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Oribacterium*, An existing genus; *Allooribacterium*: A genus related to but distinct from the existing genus Oribacterium of other.

Allooribaculum

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Oribaculum*, An existing genus; *Allooribaculum*: A genus related to but distinct from the existing genus Oribaculum of other.

Allooricola

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Oricola*, An existing genus; *Allooricola*: A genus related to but distinct from the existing genus Oricola of other.

Alloornatilinea

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Ornatilinea*, An existing genus; *Alloornatilinea*: A genus related to but distinct from the existing genus Ornatilinea of other.

Alloornithinibacillus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Ornithinibacillus*, An existing genus; *Alloornithinibacillus*: A genus related to but distinct from the existing genus Ornithinibacillus of other.

Alloornithinibacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Ornithinibacter*, An existing genus; *Alloornithinibacter*: A genus related to but distinct from the existing genus Ornithinibacter of other.

Alloornithinicoccus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Ornithinicoccus*, An existing genus; *Alloornithinicoccus*: A genus related to but distinct from the existing genus Ornithinicoccus of other.

Alloornithinimicrobium

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Ornithinimicrobium*, An existing genus; *Alloornithinimicrobium*: A genus related to but distinct from the existing genus Ornithinimicrobium of other.

Alloornithobacterium

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Ornithobacterium*, An existing genus; *Alloornithobacterium*: A genus related to but distinct from the existing genus Ornithobacterium of other.

Alloorrella

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. dim. n. *Orrella*, An existing genus; *Alloorrella*: A genus related to but distinct from the existing genus Orrella of other.

Allooryzihumus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Oryzihumus*, An existing genus; *Allooryzihumus*: A genus related to but distinct from the existing genus Oryzihumus of other.

Allooryzisolibacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Oryzisolibacter*, An existing genus; *Allooryzisolibacter*: A genus related to but distinct from the existing genus Oryzisolibacter of other.

Allooryzobacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Oryzobacter*, An existing genus; *Allooryzobacter*: A genus related to but distinct from the existing genus Oryzobacter of other.

Allooryzomicrobium

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Oryzomicrobium*, An existing genus; *Allooryzomicrobium*: A genus related to but distinct from the existing genus Oryzomicrobium of other.

Allooryzomonas

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Oryzomonas*, An existing genus; *Allooryzomonas*: A genus related to but distinct from the existing genus Oryzomonas of other.

Allooscillatoria

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Oscillatoria*, An existing genus; *Allooscillatoria*: A genus related to but distinct from the existing genus Oscillatoria of other.

Allooscillibacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Oscillibacter*, An existing genus; *Allooscillibacter*: A genus related to but distinct from the existing genus Oscillibacter of other.

Allooscillochloris

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Oscillochloris*, An existing genus; *Allooscillochloris*: A genus related to but distinct from the existing genus Oscillochloris of other.

Allooscillospira

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Oscillospira*, An existing genus; *Allooscillospira*: A genus related to but distinct from the existing genus Oscillospira of other.

Allootariodibacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Otariodibacter*, An existing genus; *Allootariodibacter*: A genus related to but distinct from the existing genus Otariodibacter of other.

Alloottowia

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Ottowia*, An existing genus; *Alloottowia*: A genus related to but distinct from the existing genus Ottowia of other.

Alloowenweeksia

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Owenweeksia*, An existing genus; *Alloowenweeksia*: A genus related to but distinct from the existing genus Owenweeksia of other.

Allooxalobacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Oxalobacter*, An existing genus; *Allooxalobacter*: A genus related to but distinct from the existing genus Oxalobacter of other.

Allooxalophagus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Oxalophagus*, An existing genus; *Allooxalophagus*: A genus related to but distinct from the existing genus Oxalophagus of other.

Allooxobacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Oxobacter*, An existing genus; *Allooxobacter*: A genus related to but distinct from the existing genus Oxobacter of other.

Allooxynema

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Oxynema*, An existing genus; *Allooxynema*: A genus related to but distinct from the existing genus Oxynema of other.

Allopacificibacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Pacificibacter*, An existing genus; *Allopacificibacter*: A genus related to but distinct from the existing genus Pacificibacter of other.

Allopaenactinomyces

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Paenactinomyces*, An existing genus; *Allopaenactinomyces*: A genus related to but distinct from the existing genus Paenactinomyces of other.

Allopaenalcaligenes

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Paenalcaligenes*, An existing genus; *Allopaenalcaligenes*: A genus related to but distinct from the existing genus Paenalcaligenes of other.

Allopaenarthrobacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Paenarthrobacter*, An existing genus; *Allopaenarthrobacter*: A genus related to but distinct from the existing genus Paenarthrobacter of other.

Allopaenibacillus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Paenibacillus*, An existing genus; *Allopaenibacillus*: A genus related to but distinct from the existing genus Paenibacillus of other.

Allopaeniclostridium

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. dim. n. *Paeniclostridium*, An existing genus; *Allopaeniclostridium*: A genus related to but distinct from the existing genus Paeniclostridium of other.

Allopaeniglutamicibacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Paeniglutamicibacter*, An existing genus; *Allopaeniglutamicibacter*: A genus related to but distinct from the existing genus Paeniglutamicibacter of other.

Allopaenimaribius

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Paenimaribius*, An existing genus; *Allopaenimaribius*: A genus related to but distinct from the existing genus Paenimaribius of other.

Allopaenirhodobacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Paenirhodobacter*, An existing genus; *Allopaenirhodobacter*: A genus related to but distinct from the existing genus Paenirhodobacter of other.

Allopaenisporosarcina

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Paenisporosarcina*, An existing genus; *Allopaenisporosarcina*: A genus related to but distinct from the existing genus Paenisporosarcina of other.

Allopaenochrobactrum

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Paenochrobactrum*, An existing genus; *Allopaenochrobactrum*: A genus related to but distinct from the existing genus Paenochrobactrum of other.

Allopalaeococcus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Palaeococcus*, An existing genus; *Allopalaeococcus*: A genus related to but distinct from the existing genus Palaeococcus of other.

Allopalleronia

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Palleronia*, An existing genus; *Allopalleronia*: A genus related to but distinct from the existing genus Palleronia of other.

Allopaludibacterium

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Paludibacterium*, An existing genus; *Allopaludibacterium*: A genus related to but distinct from the existing genus Paludibacterium of other.

Allopaludibaculum

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Paludibaculum*, An existing genus; *Allopaludibaculum*: A genus related to but distinct from the existing genus Paludibaculum of other.

Allopaludicola

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Paludicola*, An existing genus; *Allopaludicola*: A genus related to but distinct from the existing genus Paludicola of other.

Allopaludifilum

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Paludifilum*, An existing genus; *Allopaludifilum*: A genus related to but distinct from the existing genus Paludifilum of other.

Allopaludisphaera

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Paludisphaera*, An existing genus; *Allopaludisphaera*: A genus related to but distinct from the existing genus Paludisphaera of other.

Allopanacagrimonas

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Panacagrimonas*, An existing genus; *Allopanacagrimonas*: A genus related to but distinct from the existing genus Panacagrimonas of other.

Allopanacibacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Panacibacter*, An existing genus; *Allopanacibacter*: A genus related to but distinct from the existing genus Panacibacter of other.

Allopandoraea

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Pandoraea*, An existing genus; *Allopandoraea*: A genus related to but distinct from the existing genus Pandoraea of other.

Allopannonibacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Pannonibacter*, An existing genus; *Allopannonibacter*: A genus related to but distinct from the existing genus Pannonibacter of other.

Allopannus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Pannus*, An existing genus; *Allopannus*: A genus related to but distinct from the existing genus Pannus of other.

Allopantanalinema

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Pantanalinema*, An existing genus; *Allopantanalinema*: A genus related to but distinct from the existing genus Pantanalinema of other.

Allopantoea

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Pantoea*, An existing genus; *Allopantoea*: A genus related to but distinct from the existing genus Pantoea of other.

Allopapillibacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Papillibacter*, An existing genus; *Allopapillibacter*: A genus related to but distinct from the existing genus Papillibacter of other.

Alloparabacteroides

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Parabacteroides*, An existing genus; *Alloparabacteroides*: A genus related to but distinct from the existing genus Parabacteroides of other.

Alloparablastomonas

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Parablastomonas*, An existing genus; *Alloparablastomonas*: A genus related to but distinct from the existing genus Parablastomonas of other.

Alloparaburkholderia

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Paraburkholderia*, An existing genus; *Alloparaburkholderia*: A genus related to but distinct from the existing genus Paraburkholderia of other.

Alloparacandidimonas

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Paracandidimonas*, An existing genus; *Alloparacandidimonas*: A genus related to but distinct from the existing genus Paracandidimonas of other.

Alloparachlamydia

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Parachlamydia*, An existing genus; *Alloparachlamydia*: A genus related to but distinct from the existing genus Parachlamydia of other.

Alloparaclostridium

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. dim. n. *Paraclostridium*, An existing genus; *Alloparaclostridium*: A genus related to but distinct from the existing genus Paraclostridium of other.

Alloparacnuella

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. dim. n. *Paracnuella*, An existing genus; *Alloparacnuella*: A genus related to but distinct from the existing genus Paracnuella of other.

Alloparacoccus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Paracoccus*, An existing genus; *Alloparacoccus*: A genus related to but distinct from the existing genus Paracoccus of other.

Alloparaconexibacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Paraconexibacter*, An existing genus; *Alloparaconexibacter*: A genus related to but distinct from the existing genus Paraconexibacter of other.

Alloparacraurococcus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Paracraurococcus*, An existing genus; *Alloparacraurococcus*: A genus related to but distinct from the existing genus Paracraurococcus of other.

Alloparadesulfovibrio

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Paradesulfovibrio*, An existing genus; *Alloparadesulfovibrio*: A genus related to but distinct from the existing genus Paradesulfovibrio of other.

Alloparadevosia

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Paradevosia*, An existing genus; *Alloparadevosia*: A genus related to but distinct from the existing genus Paradevosia of other.

Alloparadonghicola

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Paradonghicola*, An existing genus; *Alloparadonghicola*: A genus related to but distinct from the existing genus Paradonghicola of other.

Alloparaeggerthella

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. dim. n. *Paraeggerthella*, An existing genus; *Alloparaeggerthella*: A genus related to but distinct from the existing genus Paraeggerthella of other.

Alloparaferrimonas

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Paraferrimonas*, An existing genus; *Alloparaferrimonas*: A genus related to but distinct from the existing genus Paraferrimonas of other.

Alloparafilimonas

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Parafilimonas*, An existing genus; *Alloparafilimonas*: A genus related to but distinct from the existing genus Parafilimonas of other.

Alloparaflavitalea

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Paraflavitalea*, An existing genus; *Alloparaflavitalea*: A genus related to but distinct from the existing genus Paraflavitalea of other.

Alloparafrigoribacterium

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Parafrigoribacterium*, An existing genus; *Alloparafrigoribacterium*: A genus related to but distinct from the existing genus Parafrigoribacterium of other.

Alloparageobacillus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Parageobacillus*, An existing genus; *Alloparageobacillus*: A genus related to but distinct from the existing genus Parageobacillus of other.

Alloparaglaciecola

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Paraglaciecola*, An existing genus; *Alloparaglaciecola*: A genus related to but distinct from the existing genus Paraglaciecola of other.

Alloparaglycomyces

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Paraglycomyces*, An existing genus; *Alloparaglycomyces*: A genus related to but distinct from the existing genus Paraglycomyces of other.

Alloparahaliea

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Parahaliea*, An existing genus; *Alloparahaliea*: A genus related to but distinct from the existing genus Parahaliea of other.

Alloparaherbaspirillum

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. dim. n. *Paraherbaspirillum*, An existing genus; *Alloparaherbaspirillum*: A genus related to but distinct from the existing genus Paraherbaspirillum of other.

Alloparalactobacillus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Paralactobacillus*, An existing genus; *Alloparalactobacillus*: A genus related to but distinct from the existing genus Paralactobacillus of other.

Alloparalcaligenes

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Paralcaligenes*, An existing genus; *Alloparalcaligenes*: A genus related to but distinct from the existing genus Paralcaligenes of other.

Alloparaliobacillus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Paraliobacillus*, An existing genus; *Alloparaliobacillus*: A genus related to but distinct from the existing genus Paraliobacillus of other.

Alloparalkalibacillus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Paralkalibacillus*, An existing genus; *Alloparalkalibacillus*: A genus related to but distinct from the existing genus Paralkalibacillus of other.

Alloparamaledivibacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Paramaledivibacter*, An existing genus; *Alloparamaledivibacter*: A genus related to but distinct from the existing genus Paramaledivibacter of other.

Alloparamesonia

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Paramesonia*, An existing genus; *Alloparamesonia*: A genus related to but distinct from the existing genus Paramesonia of other.

Alloparamoritella

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. dim. n. *Paramoritella*, An existing genus; *Alloparamoritella*: A genus related to but distinct from the existing genus Paramoritella of other.

Alloparamuribaculum

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Paramuribaculum*, An existing genus; *Alloparamuribaculum*: A genus related to but distinct from the existing genus Paramuribaculum of other.

Alloparaoerskovia

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Paraoerskovia*, An existing genus; *Alloparaoerskovia*: A genus related to but distinct from the existing genus Paraoerskovia of other.

Alloparapedobacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Parapedobacter*, An existing genus; *Alloparapedobacter*: A genus related to but distinct from the existing genus Parapedobacter of other.

Alloparaperlucidibaca

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Paraperlucidibaca*, An existing genus; *Alloparaperlucidibaca*: A genus related to but distinct from the existing genus Paraperlucidibaca of other.

Alloparaphaeobacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Paraphaeobacter*, An existing genus; *Alloparaphaeobacter*: A genus related to but distinct from the existing genus Paraphaeobacter of other.

Alloparaphotobacterium

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Paraphotobacterium*, An existing genus; *Alloparaphotobacterium*: A genus related to but distinct from the existing genus Paraphotobacterium of other.

Alloparaprevotella

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. dim. n. *Paraprevotella*, An existing genus; *Alloparaprevotella*: A genus related to but distinct from the existing genus Paraprevotella of other.

Alloparapseudoflavitalea

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Parapseudoflavitalea*, An existing genus; *Alloparapseudoflavitalea*: A genus related to but distinct from the existing genus Parapseudoflavitalea of other.

Alloparapusillimonas

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Parapusillimonas*, An existing genus; *Alloparapusillimonas*: A genus related to but distinct from the existing genus Parapusillimonas of other.

Allopararcticibacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Pararcticibacter*, An existing genus; *Allopararcticibacter*: A genus related to but distinct from the existing genus Pararcticibacter of other.

Allopararheinheimera

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Pararheinheimera*, An existing genus; *Allopararheinheimera*: A genus related to but distinct from the existing genus Pararheinheimera of other.

Allopararhizobium

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Pararhizobium*, An existing genus; *Allopararhizobium*: A genus related to but distinct from the existing genus Pararhizobium of other.

Allopararhodobacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Pararhodobacter*, An existing genus; *Allopararhodobacter*: A genus related to but distinct from the existing genus Pararhodobacter of other.

Allopararhodospirillum

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. dim. n. *Pararhodospirillum*, An existing genus; *Allopararhodospirillum*: A genus related to but distinct from the existing genus Pararhodospirillum of other.

Allopararobbsia

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Pararobbsia*, An existing genus; *Allopararobbsia*: A genus related to but distinct from the existing genus Pararobbsia of other.

Alloparasaccharibacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Parasaccharibacter*, An existing genus; *Alloparasaccharibacter*: A genus related to but distinct from the existing genus Parasaccharibacter of other.

Alloparascardovia

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Parascardovia*, An existing genus; *Alloparascardovia*: A genus related to but distinct from the existing genus Parascardovia of other.

Alloparasedimentitalea

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Parasedimentitalea*, An existing genus; *Alloparasedimentitalea*: A genus related to but distinct from the existing genus Parasedimentitalea of other.

Alloparasediminibacterium

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Parasediminibacterium*, An existing genus; *Alloparasediminibacterium*: A genus related to but distinct from the existing genus Parasediminibacterium of other.

Alloparasegetibacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Parasegetibacter*, An existing genus; *Alloparasegetibacter*: A genus related to but distinct from the existing genus Parasegetibacter of other.

Alloparashewanella

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. dim. n. *Parashewanella*, An existing genus; *Alloparashewanella*: A genus related to but distinct from the existing genus Parashewanella of other.

Alloparasphaerochaeta

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Parasphaerochaeta*, An existing genus; *Alloparasphaerochaeta*: A genus related to but distinct from the existing genus Parasphaerochaeta of other.

Alloparasphingopyxis

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Parasphingopyxis*, An existing genus; *Alloparasphingopyxis*: A genus related to but distinct from the existing genus Parasphingopyxis of other.

Alloparasphingorhabdus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Parasphingorhabdus*, An existing genus; *Alloparasphingorhabdus*: A genus related to but distinct from the existing genus Parasphingorhabdus of other.

Alloparasporobacterium

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Parasporobacterium*, An existing genus; *Alloparasporobacterium*: A genus related to but distinct from the existing genus Parasporobacterium of other.

Alloparasutterella

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. dim. n. *Parasutterella*, An existing genus; *Alloparasutterella*: A genus related to but distinct from the existing genus Parasutterella of other.

Alloparemcibacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Paremcibacter*, An existing genus; *Alloparemcibacter*: A genus related to but distinct from the existing genus Paremcibacter of other.

Alloparendozoicomonas

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Parendozoicomonas*, An existing genus; *Alloparendozoicomonas*: A genus related to but distinct from the existing genus Parendozoicomonas of other.

Alloparoceanicella

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Paroceanicella*, An existing genus; *Alloparoceanicella*: A genus related to but distinct from the existing genus Paroceanicella of other.

Alloparolsenella

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. dim. n. *Parolsenella*, An existing genus; *Alloparolsenella*: A genus related to but distinct from the existing genus Parolsenella of other.

Alloparvibium

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Parvibium*, An existing genus; *Alloparvibium*: A genus related to but distinct from the existing genus Parvibium of other.

Alloparvimonas

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Parvimonas*, An existing genus; *Alloparvimonas*: A genus related to but distinct from the existing genus Parvimonas of other.

Alloparviterribacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Parviterribacter*, An existing genus; *Alloparviterribacter*: A genus related to but distinct from the existing genus Parviterribacter of other.

Alloparvularcula

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. dim. n. *Parvularcula*, An existing genus; *Alloparvularcula*: A genus related to but distinct from the existing genus Parvularcula of other.

Allopasteurella

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. dim. n. *Pasteurella*, An existing genus; *Allopasteurella*: A genus related to but distinct from the existing genus Pasteurella of other.

Allopasteuria

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Pasteuria*, An existing genus; *Allopasteuria*: A genus related to but distinct from the existing genus Pasteuria of other.

Allopatiriisocius

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Patiriisocius*, An existing genus; *Allopatiriisocius*: A genus related to but distinct from the existing genus Patiriisocius of other.

Allopatulibacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Patulibacter*, An existing genus; *Allopatulibacter*: A genus related to but distinct from the existing genus Patulibacter of other.

Allopaucibacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Paucibacter*, An existing genus; *Allopaucibacter*: A genus related to but distinct from the existing genus Paucibacter of other.

Allopaucilactobacillus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Paucilactobacillus*, An existing genus; *Allopaucilactobacillus*: A genus related to but distinct from the existing genus Paucilactobacillus of other.

Allopaucimonas

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Paucimonas*, An existing genus; *Allopaucimonas*: A genus related to but distinct from the existing genus Paucimonas of other.

Allopaucisalibacillus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Paucisalibacillus*, An existing genus; *Allopaucisalibacillus*: A genus related to but distinct from the existing genus Paucisalibacillus of other.

Allopauljensenia

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Pauljensenia*, An existing genus; *Allopauljensenia*: A genus related to but distinct from the existing genus Pauljensenia of other.

Allopectinatus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Pectinatus*, An existing genus; *Allopectinatus*: A genus related to but distinct from the existing genus Pectinatus of other.

Allopectobacterium

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Pectobacterium*, An existing genus; *Allopectobacterium*: A genus related to but distinct from the existing genus Pectobacterium of other.

Allopediococcus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Pediococcus*, An existing genus; *Allopediococcus*: A genus related to but distinct from the existing genus Pediococcus of other.

Allopedobacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Pedobacter*, An existing genus; *Allopedobacter*: A genus related to but distinct from the existing genus Pedobacter of other.

Allopedococcus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Pedococcus*, An existing genus; *Allopedococcus*: A genus related to but distinct from the existing genus Pedococcus of other.

Allopedomicrobium

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Pedomicrobium*, An existing genus; *Allopedomicrobium*: A genus related to but distinct from the existing genus Pedomicrobium of other.

Allopegethrix

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Pegethrix*, An existing genus; *Allopegethrix*: A genus related to but distinct from the existing genus Pegethrix of other.

Allopelagibaca

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Pelagibaca*, An existing genus; *Allopelagibaca*: A genus related to but distinct from the existing genus Pelagibaca of other.

Allopelagibacillus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Pelagibacillus*, An existing genus; *Allopelagibacillus*: A genus related to but distinct from the existing genus Pelagibacillus of other.

Allopelagibacterium

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Pelagibacterium*, An existing genus; *Allopelagibacterium*: A genus related to but distinct from the existing genus Pelagibacterium of other.

Allopelagibaculum

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Pelagibaculum*, An existing genus; *Allopelagibaculum*: A genus related to but distinct from the existing genus Pelagibaculum of other.

Allopelagibius

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Pelagibius*, An existing genus; *Allopelagibius*: A genus related to but distinct from the existing genus Pelagibius of other.

Allopelagicoccus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Pelagicoccus*, An existing genus; *Allopelagicoccus*: A genus related to but distinct from the existing genus Pelagicoccus of other.

Allopelagicola

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Pelagicola*, An existing genus; *Allopelagicola*: A genus related to but distinct from the existing genus Pelagicola of other.

Allopelagihabitans

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Pelagihabitans*, An existing genus; *Allopelagihabitans*: A genus related to but distinct from the existing genus Pelagihabitans of other.

Allopelagimonas

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Pelagimonas*, An existing genus; *Allopelagimonas*: A genus related to but distinct from the existing genus Pelagimonas of other.

Allopelagirhabdus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Pelagirhabdus*, An existing genus; *Allopelagirhabdus*: A genus related to but distinct from the existing genus Pelagirhabdus of other.

Allopelagitalea

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Pelagitalea*, An existing genus; *Allopelagitalea*: A genus related to but distinct from the existing genus Pelagitalea of other.

Allopelagivirga

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Pelagivirga*, An existing genus; *Allopelagivirga*: A genus related to but distinct from the existing genus Pelagivirga of other.

Allopelczaria

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Pelczaria*, An existing genus; *Allopelczaria*: A genus related to but distinct from the existing genus Pelczaria of other.

Allopelistega

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Pelistega*, An existing genus; *Allopelistega*: A genus related to but distinct from the existing genus Pelistega of other.

Allopelobium

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Pelobium*, An existing genus; *Allopelobium*: A genus related to but distinct from the existing genus Pelobium of other.

Allopelodictyon

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Pelodictyon*, An existing genus; *Allopelodictyon*: A genus related to but distinct from the existing genus Pelodictyon of other.

Allopelolinea

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Pelolinea*, An existing genus; *Allopelolinea*: A genus related to but distinct from the existing genus Pelolinea of other.

Allopelomicrobium

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Pelomicrobium*, An existing genus; *Allopelomicrobium*: A genus related to but distinct from the existing genus Pelomicrobium of other.

Allopelomonas

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Pelomonas*, An existing genus; *Allopelomonas*: A genus related to but distinct from the existing genus Pelomonas of other.

Allopeloploca

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Peloploca*, An existing genus; *Allopeloploca*: A genus related to but distinct from the existing genus Peloploca of other.

Allopelosinus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Pelosinus*, An existing genus; *Allopelosinus*: A genus related to but distinct from the existing genus Pelosinus of other.

Allopelospora

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Pelospora*, An existing genus; *Allopelospora*: A genus related to but distinct from the existing genus Pelospora of other.

Allopelotomaculum

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Pelotomaculum*, An existing genus; *Allopelotomaculum*: A genus related to but distinct from the existing genus Pelotomaculum of other.

Allopeptacetobacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Peptacetobacter*, An existing genus; *Allopeptacetobacter*: A genus related to but distinct from the existing genus Peptacetobacter of other.

Allopeptidiphaga

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Peptidiphaga*, An existing genus; *Allopeptidiphaga*: A genus related to but distinct from the existing genus Peptidiphaga of other.

Allopeptoanaerobacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Peptoanaerobacter*, An existing genus; *Allopeptoanaerobacter*: A genus related to but distinct from the existing genus Peptoanaerobacter of other.

Allopeptoclostridium

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. dim. n. *Peptoclostridium*, An existing genus; *Allopeptoclostridium*: A genus related to but distinct from the existing genus Peptoclostridium of other.

Allopeptococcus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Peptococcus*, An existing genus; *Allopeptococcus*: A genus related to but distinct from the existing genus Peptococcus of other.

Allopeptoniphilus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Peptoniphilus*, An existing genus; *Allopeptoniphilus*: A genus related to but distinct from the existing genus Peptoniphilus of other.

Allopeptostreptococcus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Peptostreptococcus*, An existing genus; *Allopeptostreptococcus*: A genus related to but distinct from the existing genus Peptostreptococcus of other.

Alloperedibacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Peredibacter*, An existing genus; *Alloperedibacter*: A genus related to but distinct from the existing genus Peredibacter of other.

Alloperexilibacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Perexilibacter*, An existing genus; *Alloperexilibacter*: A genus related to but distinct from the existing genus Perexilibacter of other.

Alloperibacillus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Peribacillus*, An existing genus; *Alloperibacillus*: A genus related to but distinct from the existing genus Peribacillus of other.

Alloperlucidibaca

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Perlucidibaca*, An existing genus; *Alloperlucidibaca*: A genus related to but distinct from the existing genus Perlucidibaca of other.

Allopermianibacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Permianibacter*, An existing genus; *Allopermianibacter*: A genus related to but distinct from the existing genus Permianibacter of other.

Allopersicimonas

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Persicimonas*, An existing genus; *Allopersicimonas*: A genus related to but distinct from the existing genus Persicimonas of other.

Allopersicirhabdus

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Persicirhabdus*, An existing genus; *Allopersicirhabdus*: A genus related to but distinct from the existing genus Persicirhabdus of other.

Allopersicitalea

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Persicitalea*, An existing genus; *Allopersicitalea*: A genus related to but distinct from the existing genus Persicitalea of other.

Allopersicivirga

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Persicivirga*, An existing genus; *Allopersicivirga*: A genus related to but distinct from the existing genus Persicivirga of other.

Allopersicobacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Persicobacter*, An existing genus; *Allopersicobacter*: A genus related to but distinct from the existing genus Persicobacter of other.

Allopersinema

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Persinema*, An existing genus; *Allopersinema*: A genus related to but distinct from the existing genus Persinema of other.

Alloperspicuibacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Perspicuibacter*, An existing genus; *Alloperspicuibacter*: A genus related to but distinct from the existing genus Perspicuibacter of other.

Allopetrimonas

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Petrimonas*, An existing genus; *Allopetrimonas*: A genus related to but distinct from the existing genus Petrimonas of other.

Allopetrobacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Petrobacter*, An existing genus; *Allopetrobacter*: A genus related to but distinct from the existing genus Petrobacter of other.

Allopetrocella

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Petrocella*, An existing genus; *Allopetrocella*: A genus related to but distinct from the existing genus Petrocella of other.

Allopetroclostridium

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. dim. n. *Petroclostridium*, An existing genus; *Allopetroclostridium*: A genus related to but distinct from the existing genus Petroclostridium of other.

Allopetrothermobacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Petrothermobacter*, An existing genus; *Allopetrothermobacter*: A genus related to but distinct from the existing genus Petrothermobacter of other.

Allopetrotoga

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Petrotoga*, An existing genus; *Allopetrotoga*: A genus related to but distinct from the existing genus Petrotoga of other.

Allopfennigia

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. fem. n. *Pfennigia*, An existing genus; *Allopfennigia*: A genus related to but distinct from the existing genus Pfennigia of other.

Allophaeobacterium

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Phaeobacterium*, An existing genus; *Allophaeobacterium*: A genus related to but distinct from the existing genus Phaeobacterium of other.

Allophaeochromatium

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. n. *Phaeochromatium*, An existing genus; *Allophaeochromatium*: A genus related to but distinct from the existing genus Phaeochromatium of other.

Allophaeocystidibacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Phaeocystidibacter*, An existing genus; *Allophaeocystidibacter*: A genus related to but distinct from the existing genus Phaeocystidibacter of other.

Allophaeodactylibacter

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. masc. n. *Phaeodactylibacter*, An existing genus; *Allophaeodactylibacter*: A genus related to but distinct from the existing genus Phaeodactylibacter of other.

Allophaeospirillum

Gr. masc. adjective *áijĂÎżÎżÎ£ÏĆ*, other; L. neut. dim. n. *Phaeospirillum*, An existing genus; *Allophaeospirillum*: A genus related to but distinct from the existing genus Phaeospirillum of other.
