L. masc. adjective *similis*, similar; L. fem. n. *Pontirhabdus*, An existing genus; *Similipontirhabdus*: A genus related to but distinct from the existing genus Pontirhabdus of similar.

Similipopulibacter

L. masc. adjective *similis*, similar; L. masc. n. *Populibacter*, An existing genus; *Similipopulibacter*: A genus related to but distinct from the existing genus Populibacter of similar.

Similipopulibacterium

L. masc. adjective *similis*, similar; L. neut. n. *Populibacterium*, An existing genus; *Similipopulibacterium*: A genus related to but distinct from the existing genus Populibacterium of similar.

Similiporifericola

L. masc. adjective *similis*, similar; L. masc. n. *Porifericola*, An existing genus; *Similiporifericola*: A genus related to but distinct from the existing genus Porifericola of similar.

Similiporphyrobacter

L. masc. adjective *similis*, similar; L. masc. n. *Porphyrobacter*, An existing genus; *Similiporphyrobacter*: A genus related to but distinct from the existing genus Porphyrobacter of similar.

Similiporphyromonas

L. masc. adjective *similis*, similar; L. fem. n. *Porphyromonas*, An existing genus; *Similiporphyromonas*: A genus related to but distinct from the existing genus Porphyromonas of similar.

Similiportibacter

L. masc. adjective *similis*, similar; L. masc. n. *Portibacter*, An existing genus; *Similiportibacter*: A genus related to but distinct from the existing genus Portibacter of similar.

Similiporticoccus

L. masc. adjective *similis*, similar; L. masc. n. *Porticoccus*, An existing genus; *Similiporticoccus*: A genus related to but distinct from the existing genus Porticoccus of similar.

Similiposeidonibacter

L. masc. adjective *similis*, similar; L. masc. n. *Poseidonibacter*, An existing genus; *Similiposeidonibacter*: A genus related to but distinct from the existing genus Poseidonibacter of similar.

Similiposeidonocella

L. masc. adjective *similis*, similar; L. fem. n. *Poseidonocella*, An existing genus; *Similiposeidonocella*: A genus related to but distinct from the existing genus Poseidonocella of similar.

Similipostechiella

L. masc. adjective *similis*, similar; L. fem. dim. n. *Postechiella*, An existing genus; *Similipostechiella*: A genus related to but distinct from the existing genus Postechiella of similar.

Similipotamolinea

L. masc. adjective *similis*, similar; L. fem. n. *Potamolinea*, An existing genus; *Similipotamolinea*: A genus related to but distinct from the existing genus Potamolinea of similar.

Similipotamosiphon

L. masc. adjective *similis*, similar; L. masc. n. *Potamosiphon*, An existing genus; *Similipotamosiphon*: A genus related to but distinct from the existing genus Potamosiphon of similar.

Similipovalibacter

L. masc. adjective *similis*, similar; L. masc. n. *Povalibacter*, An existing genus; *Similipovalibacter*: A genus related to but distinct from the existing genus Povalibacter of similar.

Similipradoshia

L. masc. adjective *similis*, similar; L. fem. n. *Pradoshia*, An existing genus; *Similipradoshia*: A genus related to but distinct from the existing genus Pradoshia of similar.

Similipragia

L. masc. adjective *similis*, similar; L. fem. n. *Pragia*, An existing genus; *Similipragia*: A genus related to but distinct from the existing genus Pragia of similar.

Similiprauserella

L. masc. adjective *similis*, similar; L. fem. dim. n. *Prauserella*, An existing genus; *Similiprauserella*: A genus related to but distinct from the existing genus Prauserella of similar.

Similipreeria

L. masc. adjective *similis*, similar; L. fem. n. *Preeria*, An existing genus; *Similipreeria*: A genus related to but distinct from the existing genus Preeria of similar.

Similiprescottella

L. masc. adjective *similis*, similar; L. fem. dim. n. *Prescottella*, An existing genus; *Similiprescottella*: A genus related to but distinct from the existing genus Prescottella of similar.

Similiprevotella

L. masc. adjective *similis*, similar; L. fem. dim. n. *Prevotella*, An existing genus; *Similiprevotella*: A genus related to but distinct from the existing genus Prevotella of similar.

Similipricia

L. masc. adjective *similis*, similar; L. fem. n. *Pricia*, An existing genus; *Similipricia*: A genus related to but distinct from the existing genus Pricia of similar.

Similiprimorskyibacter

L. masc. adjective *similis*, similar; L. masc. n. *Primorskyibacter*, An existing genus; *Similiprimorskyibacter*: A genus related to but distinct from the existing genus Primorskyibacter of similar.

Similiprochlorococcus

L. masc. adjective *similis*, similar; L. masc. n. *Prochlorococcus*, An existing genus; *Similiprochlorococcus*: A genus related to but distinct from the existing genus Prochlorococcus of similar.

Similiprochloron

L. masc. adjective *similis*, similar; L. neut. n. *Prochloron*, An existing genus; *Similiprochloron*: A genus related to but distinct from the existing genus Prochloron of similar.

Similiprochlorothrix

L. masc. adjective *similis*, similar; L. fem. n. *Prochlorothrix*, An existing genus; *Similiprochlorothrix*: A genus related to but distinct from the existing genus Prochlorothrix of similar.

Similiprofundibacter

L. masc. adjective *similis*, similar; L. masc. n. *Profundibacter*, An existing genus; *Similiprofundibacter*: A genus related to but distinct from the existing genus Profundibacter of similar.

Similiprofundibacterium

L. masc. adjective *similis*, similar; L. neut. n. *Profundibacterium*, An existing genus; *Similiprofundibacterium*: A genus related to but distinct from the existing genus Profundibacterium of similar.

Similiprofundimonas

L. masc. adjective *similis*, similar; L. fem. n. *Profundimonas*, An existing genus; *Similiprofundimonas*: A genus related to but distinct from the existing genus Profundimonas of similar.

Similiprolinoborus

L. masc. adjective *similis*, similar; L. masc. n. *Prolinoborus*, An existing genus; *Similiprolinoborus*: A genus related to but distinct from the existing genus Prolinoborus of similar.

Similiprolixibacter

L. masc. adjective *similis*, similar; L. masc. n. *Prolixibacter*, An existing genus; *Similiprolixibacter*: A genus related to but distinct from the existing genus Prolixibacter of similar.

Similipromicromonospora

L. masc. adjective *similis*, similar; L. fem. n. *Promicromonospora*, An existing genus; *Similipromicromonospora*: A genus related to but distinct from the existing genus Promicromonospora of similar.

Similipropionibacterium

L. masc. adjective *similis*, similar; L. neut. n. *Propionibacterium*, An existing genus; *Similipropionibacterium*: A genus related to but distinct from the existing genus Propionibacterium of similar.

Similipropionicicella

L. masc. adjective *similis*, similar; L. fem. n. *Propionicicella*, An existing genus; *Similipropionicicella*: A genus related to but distinct from the existing genus Propionicicella of similar.

Similipropioniferax

L. masc. adjective *similis*, similar; L. fem. n. *Propioniferax*, An existing genus; *Similipropioniferax*: A genus related to but distinct from the existing genus Propioniferax of similar.

Similipropionigenium

L. masc. adjective *similis*, similar; L. neut. n. *Propionigenium*, An existing genus; *Similipropionigenium*: A genus related to but distinct from the existing genus Propionigenium of similar.

Similipropionimicrobium

L. masc. adjective *similis*, similar; L. neut. n. *Propionimicrobium*, An existing genus; *Similipropionimicrobium*: A genus related to but distinct from the existing genus Propionimicrobium of similar.

Similipropionispora

L. masc. adjective *similis*, similar; L. fem. n. *Propionispora*, An existing genus; *Similipropionispora*: A genus related to but distinct from the existing genus Propionispora of similar.

Similipropionivibrio

L. masc. adjective *similis*, similar; L. masc. n. *Propionivibrio*, An existing genus; *Similipropionivibrio*: A genus related to but distinct from the existing genus Propionivibrio of similar.

Similiprosthecobacter

L. masc. adjective *similis*, similar; L. masc. n. *Prosthecobacter*, An existing genus; *Similiprosthecobacter*: A genus related to but distinct from the existing genus Prosthecobacter of similar.

Similiprosthecochloris

L. masc. adjective *similis*, similar; L. fem. n. *Prosthecochloris*, An existing genus; *Similiprosthecochloris*: A genus related to but distinct from the existing genus Prosthecochloris of similar.

Similiprosthecomicrobium

L. masc. adjective *similis*, similar; L. neut. n. *Prosthecomicrobium*, An existing genus; *Similiprosthecomicrobium*: A genus related to but distinct from the existing genus Prosthecomicrobium of similar.

Similiprotaetiibacter

L. masc. adjective *similis*, similar; L. masc. n. *Protaetiibacter*, An existing genus; *Similiprotaetiibacter*: A genus related to but distinct from the existing genus Protaetiibacter of similar.

Similiproteiniborus

L. masc. adjective *similis*, similar; L. masc. n. *Proteiniborus*, An existing genus; *Similiproteiniborus*: A genus related to but distinct from the existing genus Proteiniborus of similar.

Similiproteiniclasticum

L. masc. adjective *similis*, similar; L. neut. n. *Proteiniclasticum*, An existing genus; *Similiproteiniclasticum*: A genus related to but distinct from the existing genus Proteiniclasticum of similar.

Similiproteiniphilum

L. masc. adjective *similis*, similar; L. neut. n. *Proteiniphilum*, An existing genus; *Similiproteiniphilum*: A genus related to but distinct from the existing genus Proteiniphilum of similar.

Similiproteinivorax

L. masc. adjective *similis*, similar; L. neut. n. *Proteinivorax*, An existing genus; *Similiproteinivorax*: A genus related to but distinct from the existing genus Proteinivorax of similar.

Similiproteocatella

L. masc. adjective *similis*, similar; L. fem. dim. n. *Proteocatella*, An existing genus; *Similiproteocatella*: A genus related to but distinct from the existing genus Proteocatella of similar.

Similiprotomonas

L. masc. adjective *similis*, similar; L. fem. n. *Protomonas*, An existing genus; *Similiprotomonas*: A genus related to but distinct from the existing genus Protomonas of similar.

Similiprovencibacterium

L. masc. adjective *similis*, similar; L. neut. n. *Provencibacterium*, An existing genus; *Similiprovencibacterium*: A genus related to but distinct from the existing genus Provencibacterium of similar.

Similiprovidencia

L. masc. adjective *similis*, similar; L. fem. n. *Providencia*, An existing genus; *Similiprovidencia*: A genus related to but distinct from the existing genus Providencia of similar.

Similipseudacidovorax

L. masc. adjective *similis*, similar; L. masc. n. *Pseudacidovorax*, An existing genus; *Similipseudacidovorax*: A genus related to but distinct from the existing genus Pseudacidovorax of similar.

Similipseudactinotalea

L. masc. adjective *similis*, similar; L. fem. n. *Pseudactinotalea*, An existing genus; *Similipseudactinotalea*: A genus related to but distinct from the existing genus Pseudactinotalea of similar.

Similipseudaeromonas

L. masc. adjective *similis*, similar; L. fem. n. *Pseudaeromonas*, An existing genus; *Similipseudaeromonas*: A genus related to but distinct from the existing genus Pseudaeromonas of similar.

Similipseudaestuariivita

L. masc. adjective *similis*, similar; L. fem. n. *Pseudaestuariivita*, An existing genus; *Similipseudaestuariivita*: A genus related to but distinct from the existing genus Pseudaestuariivita of similar.

Similipseudahrensia

L. masc. adjective *similis*, similar; L. fem. n. *Pseudahrensia*, An existing genus; *Similipseudahrensia*: A genus related to but distinct from the existing genus Pseudahrensia of similar.

Similipseudaminobacter

L. masc. adjective *similis*, similar; L. masc. n. *Pseudaminobacter*, An existing genus; *Similipseudaminobacter*: A genus related to but distinct from the existing genus Pseudaminobacter of similar.

Similipseudarcicella

L. masc. adjective *similis*, similar; L. fem. n. *Pseudarcicella*, An existing genus; *Similipseudarcicella*: A genus related to but distinct from the existing genus Pseudarcicella of similar.

Similipseudarthrobacter

L. masc. adjective *similis*, similar; L. masc. n. *Pseudarthrobacter*, An existing genus; *Similipseudarthrobacter*: A genus related to but distinct from the existing genus Pseudarthrobacter of similar.

Similipseudenhygromyxa

L. masc. adjective *similis*, similar; L. fem. n. *Pseudenhygromyxa*, An existing genus; *Similipseudenhygromyxa*: A genus related to but distinct from the existing genus Pseudenhygromyxa of similar.

Similipseudescherichia

L. masc. adjective *similis*, similar; L. fem. n. *Pseudescherichia*, An existing genus; *Similipseudescherichia*: A genus related to but distinct from the existing genus Pseudescherichia of similar.

Similipseudidiomarina

L. masc. adjective *similis*, similar; L. fem. n. *Pseudidiomarina*, An existing genus; *Similipseudidiomarina*: A genus related to but distinct from the existing genus Pseudidiomarina of similar.

Similipseudoalteromonas

L. masc. adjective *similis*, similar; L. fem. n. *Pseudoalteromonas*, An existing genus; *Similipseudoalteromonas*: A genus related to but distinct from the existing genus Pseudoalteromonas of similar.

Similipseudoamycolata

L. masc. adjective *similis*, similar; L. fem. n. *Pseudoamycolata*, An existing genus; *Similipseudoamycolata*: A genus related to but distinct from the existing genus Pseudoamycolata of similar.

Similipseudobacillus

L. masc. adjective *similis*, similar; L. masc. n. *Pseudobacillus*, An existing genus; *Similipseudobacillus*: A genus related to but distinct from the existing genus Pseudobacillus of similar.

Similipseudobacter

L. masc. adjective *similis*, similar; L. masc. n. *Pseudobacter*, An existing genus; *Similipseudobacter*: A genus related to but distinct from the existing genus Pseudobacter of similar.

Similipseudobacteriovorax

L. masc. adjective *similis*, similar; L. masc. n. *Pseudobacteriovorax*, An existing genus; *Similipseudobacteriovorax*: A genus related to but distinct from the existing genus Pseudobacteriovorax of similar.

Similipseudobacteroides

L. masc. adjective *similis*, similar; L. masc. n. *Pseudobacteroides*, An existing genus; *Similipseudobacteroides*: A genus related to but distinct from the existing genus Pseudobacteroides of similar.

Similipseudobizionia

L. masc. adjective *similis*, similar; L. fem. n. *Pseudobizionia*, An existing genus; *Similipseudobizionia*: A genus related to but distinct from the existing genus Pseudobizionia of similar.

Similipseudobowmanella

L. masc. adjective *similis*, similar; L. fem. dim. n. *Pseudobowmanella*, An existing genus; *Similipseudobowmanella*: A genus related to but distinct from the existing genus Pseudobowmanella of similar.

Similipseudobutyrivibrio

L. masc. adjective *similis*, similar; L. masc. n. *Pseudobutyrivibrio*, An existing genus; *Similipseudobutyrivibrio*: A genus related to but distinct from the existing genus Pseudobutyrivibrio of similar.

Similipseudocaedibacter

L. masc. adjective *similis*, similar; L. masc. n. *Pseudocaedibacter*, An existing genus; *Similipseudocaedibacter*: A genus related to but distinct from the existing genus Pseudocaedibacter of similar.

Similipseudochelatococcus

L. masc. adjective *similis*, similar; L. masc. n. *Pseudochelatococcus*, An existing genus; *Similipseudochelatococcus*: A genus related to but distinct from the existing genus Pseudochelatococcus of similar.

Similipseudochrobactrum

L. masc. adjective *similis*, similar; L. neut. n. *Pseudochrobactrum*, An existing genus; *Similipseudochrobactrum*: A genus related to but distinct from the existing genus Pseudochrobactrum of similar.

Similipseudocitrobacter

L. masc. adjective *similis*, similar; L. masc. n. *Pseudocitrobacter*, An existing genus; *Similipseudocitrobacter*: A genus related to but distinct from the existing genus Pseudocitrobacter of similar.

Similipseudoclavibacter

L. masc. adjective *similis*, similar; L. masc. n. *Pseudoclavibacter*, An existing genus; *Similipseudoclavibacter*: A genus related to but distinct from the existing genus Pseudoclavibacter of similar.

Similipseudoclostridium

L. masc. adjective *similis*, similar; L. neut. dim. n. *Pseudoclostridium*, An existing genus; *Similipseudoclostridium*: A genus related to but distinct from the existing genus Pseudoclostridium of similar.

Similipseudocolwellia

L. masc. adjective *similis*, similar; L. fem. n. *Pseudocolwellia*, An existing genus; *Similipseudocolwellia*: A genus related to but distinct from the existing genus Pseudocolwellia of similar.

Similipseudodesulfovibrio

L. masc. adjective *similis*, similar; L. masc. n. *Pseudodesulfovibrio*, An existing genus; *Similipseudodesulfovibrio*: A genus related to but distinct from the existing genus Pseudodesulfovibrio of similar.

Similipseudodonghicola

L. masc. adjective *similis*, similar; L. masc. n. *Pseudodonghicola*, An existing genus; *Similipseudodonghicola*: A genus related to but distinct from the existing genus Pseudodonghicola of similar.

Similipseudoduganella

L. masc. adjective *similis*, similar; L. fem. dim. n. *Pseudoduganella*, An existing genus; *Similipseudoduganella*: A genus related to but distinct from the existing genus Pseudoduganella of similar.

Similipseudoflavitalea

L. masc. adjective *similis*, similar; L. fem. n. *Pseudoflavitalea*, An existing genus; *Similipseudoflavitalea*: A genus related to but distinct from the existing genus Pseudoflavitalea of similar.

Similipseudoflavonifractor

L. masc. adjective *similis*, similar; L. masc. n. *Pseudoflavonifractor*, An existing genus; *Similipseudoflavonifractor*: A genus related to but distinct from the existing genus Pseudoflavonifractor of similar.

Similipseudofrancisella

L. masc. adjective *similis*, similar; L. fem. dim. n. *Pseudofrancisella*, An existing genus; *Similipseudofrancisella*: A genus related to but distinct from the existing genus Pseudofrancisella of similar.

Similipseudofulvibacter

L. masc. adjective *similis*, similar; L. masc. n. *Pseudofulvibacter*, An existing genus; *Similipseudofulvibacter*: A genus related to but distinct from the existing genus Pseudofulvibacter of similar.

Similipseudofulvimonas

L. masc. adjective *similis*, similar; L. fem. n. *Pseudofulvimonas*, An existing genus; *Similipseudofulvimonas*: A genus related to but distinct from the existing genus Pseudofulvimonas of similar.

Similipseudogemmobacter

L. masc. adjective *similis*, similar; L. masc. n. *Pseudogemmobacter*, An existing genus; *Similipseudogemmobacter*: A genus related to but distinct from the existing genus Pseudogemmobacter of similar.

Similipseudoglutamicibacter

L. masc. adjective *similis*, similar; L. masc. n. *Pseudoglutamicibacter*, An existing genus; *Similipseudoglutamicibacter*: A genus related to but distinct from the existing genus Pseudoglutamicibacter of similar.

Similipseudogracilibacillus

L. masc. adjective *similis*, similar; L. masc. n. *Pseudogracilibacillus*, An existing genus; *Similipseudogracilibacillus*: A genus related to but distinct from the existing genus Pseudogracilibacillus of similar.

Similipseudogulbenkiania

L. masc. adjective *similis*, similar; L. fem. n. *Pseudogulbenkiania*, An existing genus; *Similipseudogulbenkiania*: A genus related to but distinct from the existing genus Pseudogulbenkiania of similar.

Similipseudohaliea

L. masc. adjective *similis*, similar; L. fem. n. *Pseudohaliea*, An existing genus; *Similipseudohaliea*: A genus related to but distinct from the existing genus Pseudohaliea of similar.

Similipseudohalioglobus

L. masc. adjective *similis*, similar; L. masc. n. *Pseudohalioglobus*, An existing genus; *Similipseudohalioglobus*: A genus related to but distinct from the existing genus Pseudohalioglobus of similar.

Similipseudohalocynthiibacter

L. masc. adjective *similis*, similar; L. masc. n. *Pseudohalocynthiibacter*, An existing genus; *Similipseudohalocynthiibacter*: A genus related to but distinct from the existing genus Pseudohalocynthiibacter of similar.

Similipseudohoeflea

L. masc. adjective *similis*, similar; L. fem. n. *Pseudohoeflea*, An existing genus; *Similipseudohoeflea*: A genus related to but distinct from the existing genus Pseudohoeflea of similar.

Similipseudohongiella

L. masc. adjective *similis*, similar; L. fem. dim. n. *Pseudohongiella*, An existing genus; *Similipseudohongiella*: A genus related to but distinct from the existing genus Pseudohongiella of similar.

Similipseudokineococcus

L. masc. adjective *similis*, similar; L. masc. n. *Pseudokineococcus*, An existing genus; *Similipseudokineococcus*: A genus related to but distinct from the existing genus Pseudokineococcus of similar.

Similipseudolabrys

L. masc. adjective *similis*, similar; L. masc. n. *Pseudolabrys*, An existing genus; *Similipseudolabrys*: A genus related to but distinct from the existing genus Pseudolabrys of similar.

Similipseudoleptotrichia

L. masc. adjective *similis*, similar; L. fem. n. *Pseudoleptotrichia*, An existing genus; *Similipseudoleptotrichia*: A genus related to but distinct from the existing genus Pseudoleptotrichia of similar.

Similipseudolysinimonas

L. masc. adjective *similis*, similar; L. fem. n. *Pseudolysinimonas*, An existing genus; *Similipseudolysinimonas*: A genus related to but distinct from the existing genus Pseudolysinimonas of similar.

Similipseudolysobacter

L. masc. adjective *similis*, similar; L. masc. n. *Pseudolysobacter*, An existing genus; *Similipseudolysobacter*: A genus related to but distinct from the existing genus Pseudolysobacter of similar.

Similipseudomaribius

L. masc. adjective *similis*, similar; L. masc. n. *Pseudomaribius*, An existing genus; *Similipseudomaribius*: A genus related to but distinct from the existing genus Pseudomaribius of similar.

Similipseudomaricurvus

L. masc. adjective *similis*, similar; L. masc. n. *Pseudomaricurvus*, An existing genus; *Similipseudomaricurvus*: A genus related to but distinct from the existing genus Pseudomaricurvus of similar.

Similipseudomethylobacillus

L. masc. adjective *similis*, similar; L. masc. n. *Pseudomethylobacillus*, An existing genus; *Similipseudomethylobacillus*: A genus related to but distinct from the existing genus Pseudomethylobacillus of similar.

Similipseudomonas

L. masc. adjective *similis*, similar; L. fem. n. *Pseudomonas*, An existing genus; *Similipseudomonas*: A genus related to but distinct from the existing genus Pseudomonas of similar.

Similipseudonocardia

L. masc. adjective *similis*, similar; L. fem. n. *Pseudonocardia*, An existing genus; *Similipseudonocardia*: A genus related to but distinct from the existing genus Pseudonocardia of similar.

Similipseudooceanicola

L. masc. adjective *similis*, similar; L. masc. n. *Pseudooceanicola*, An existing genus; *Similipseudooceanicola*: A genus related to but distinct from the existing genus Pseudooceanicola of similar.

Similipseudooctadecabacter

L. masc. adjective *similis*, similar; L. masc. n. *Pseudooctadecabacter*, An existing genus; *Similipseudooctadecabacter*: A genus related to but distinct from the existing genus Pseudooctadecabacter of similar.

Similipseudopedobacter

L. masc. adjective *similis*, similar; L. masc. n. *Pseudopedobacter*, An existing genus; *Similipseudopedobacter*: A genus related to but distinct from the existing genus Pseudopedobacter of similar.

Similipseudopelagicola

L. masc. adjective *similis*, similar; L. masc. n. *Pseudopelagicola*, An existing genus; *Similipseudopelagicola*: A genus related to but distinct from the existing genus Pseudopelagicola of similar.

Similipseudophaeobacter

L. masc. adjective *similis*, similar; L. masc. n. *Pseudophaeobacter*, An existing genus; *Similipseudophaeobacter*: A genus related to but distinct from the existing genus Pseudophaeobacter of similar.

Similipseudopropionibacterium

L. masc. adjective *similis*, similar; L. neut. n. *Pseudopropionibacterium*, An existing genus; *Similipseudopropionibacterium*: A genus related to but distinct from the existing genus Pseudopropionibacterium of similar.

Similipseudopuniceibacterium

L. masc. adjective *similis*, similar; L. neut. n. *Pseudopuniceibacterium*, An existing genus; *Similipseudopuniceibacterium*: A genus related to but distinct from the existing genus Pseudopuniceibacterium of similar.

Similipseudoramibacter

L. masc. adjective *similis*, similar; L. masc. n. *Pseudoramibacter*, An existing genus; *Similipseudoramibacter*: A genus related to but distinct from the existing genus Pseudoramibacter of similar.

Similipseudorhizobium

L. masc. adjective *similis*, similar; L. neut. n. *Pseudorhizobium*, An existing genus; *Similipseudorhizobium*: A genus related to but distinct from the existing genus Pseudorhizobium of similar.

Similipseudorhodobacter

L. masc. adjective *similis*, similar; L. masc. n. *Pseudorhodobacter*, An existing genus; *Similipseudorhodobacter*: A genus related to but distinct from the existing genus Pseudorhodobacter of similar.

Similipseudorhodoferax

L. masc. adjective *similis*, similar; L. masc. n. *Pseudorhodoferax*, An existing genus; *Similipseudorhodoferax*: A genus related to but distinct from the existing genus Pseudorhodoferax of similar.

Similipseudorhodoplanes

L. masc. adjective *similis*, similar; L. masc. n. *Pseudorhodoplanes*, An existing genus; *Similipseudorhodoplanes*: A genus related to but distinct from the existing genus Pseudorhodoplanes of similar.

Similipseudorivibacter

L. masc. adjective *similis*, similar; L. masc. n. *Pseudorivibacter*, An existing genus; *Similipseudorivibacter*: A genus related to but distinct from the existing genus Pseudorivibacter of similar.

Similipseudoroseicyclus

L. masc. adjective *similis*, similar; L. masc. n. *Pseudoroseicyclus*, An existing genus; *Similipseudoroseicyclus*: A genus related to but distinct from the existing genus Pseudoroseicyclus of similar.

Similipseudoroseovarius

L. masc. adjective *similis*, similar; L. masc. n. *Pseudoroseovarius*, An existing genus; *Similipseudoroseovarius*: A genus related to but distinct from the existing genus Pseudoroseovarius of similar.

Similipseudoruegeria

L. masc. adjective *similis*, similar; L. fem. n. *Pseudoruegeria*, An existing genus; *Similipseudoruegeria*: A genus related to but distinct from the existing genus Pseudoruegeria of similar.

Similipseudoruminococcus

L. masc. adjective *similis*, similar; L. masc. n. *Pseudoruminococcus*, An existing genus; *Similipseudoruminococcus*: A genus related to but distinct from the existing genus Pseudoruminococcus of similar.

Similipseudoscardovia

L. masc. adjective *similis*, similar; L. fem. n. *Pseudoscardovia*, An existing genus; *Similipseudoscardovia*: A genus related to but distinct from the existing genus Pseudoscardovia of similar.

Similipseudoseohaeicola

L. masc. adjective *similis*, similar; L. masc. n. *Pseudoseohaeicola*, An existing genus; *Similipseudoseohaeicola*: A genus related to but distinct from the existing genus Pseudoseohaeicola of similar.

Similipseudosphingobacterium

L. masc. adjective *similis*, similar; L. neut. n. *Pseudosphingobacterium*, An existing genus; *Similipseudosphingobacterium*: A genus related to but distinct from the existing genus Pseudosphingobacterium of similar.

Similipseudospirillum

L. masc. adjective *similis*, similar; L. neut. dim. n. *Pseudospirillum*, An existing genus; *Similipseudospirillum*: A genus related to but distinct from the existing genus Pseudospirillum of similar.

Similipseudosporangium

L. masc. adjective *similis*, similar; L. neut. n. *Pseudosporangium*, An existing genus; *Similipseudosporangium*: A genus related to but distinct from the existing genus Pseudosporangium of similar.

Similipseudostreptobacillus

L. masc. adjective *similis*, similar; L. masc. n. *Pseudostreptobacillus*, An existing genus; *Similipseudostreptobacillus*: A genus related to but distinct from the existing genus Pseudostreptobacillus of similar.

Similipseudotenacibaculum

L. masc. adjective *similis*, similar; L. neut. n. *Pseudotenacibaculum*, An existing genus; *Similipseudotenacibaculum*: A genus related to but distinct from the existing genus Pseudotenacibaculum of similar.

Similipseudoteredinibacter

L. masc. adjective *similis*, similar; L. masc. n. *Pseudoteredinibacter*, An existing genus; *Similipseudoteredinibacter*: A genus related to but distinct from the existing genus Pseudoteredinibacter of similar.

Similipseudothermotoga

L. masc. adjective *similis*, similar; L. fem. n. *Pseudothermotoga*, An existing genus; *Similipseudothermotoga*: A genus related to but distinct from the existing genus Pseudothermotoga of similar.

Similipseudothioclava

L. masc. adjective *similis*, similar; L. fem. n. *Pseudothioclava*, An existing genus; *Similipseudothioclava*: A genus related to but distinct from the existing genus Pseudothioclava of similar.

Similipseudovibrio

L. masc. adjective *similis*, similar; L. masc. n. *Pseudovibrio*, An existing genus; *Similipseudovibrio*: A genus related to but distinct from the existing genus Pseudovibrio of similar.

Similipseudoxanthobacter

L. masc. adjective *similis*, similar; L. masc. n. *Pseudoxanthobacter*, An existing genus; *Similipseudoxanthobacter*: A genus related to but distinct from the existing genus Pseudoxanthobacter of similar.

Similipseudoxanthomonas

L. masc. adjective *similis*, similar; L. fem. n. *Pseudoxanthomonas*, An existing genus; *Similipseudoxanthomonas*: A genus related to but distinct from the existing genus Pseudoxanthomonas of similar.

Similipseudozobellia

L. masc. adjective *similis*, similar; L. fem. n. *Pseudozobellia*, An existing genus; *Similipseudozobellia*: A genus related to but distinct from the existing genus Pseudozobellia of similar.

Similipsittacicella

L. masc. adjective *similis*, similar; L. fem. n. *Psittacicella*, An existing genus; *Similipsittacicella*: A genus related to but distinct from the existing genus Psittacicella of similar.

Similipsychrilyobacter

L. masc. adjective *similis*, similar; L. masc. n. *Psychrilyobacter*, An existing genus; *Similipsychrilyobacter*: A genus related to but distinct from the existing genus Psychrilyobacter of similar.

Similipsychrobacter

L. masc. adjective *similis*, similar; L. masc. n. *Psychrobacter*, An existing genus; *Similipsychrobacter*: A genus related to but distinct from the existing genus Psychrobacter of similar.

Similipsychrobium

L. masc. adjective *similis*, similar; L. neut. n. *Psychrobium*, An existing genus; *Similipsychrobium*: A genus related to but distinct from the existing genus Psychrobium of similar.

Similipsychroflexus

L. masc. adjective *similis*, similar; L. masc. n. *Psychroflexus*, An existing genus; *Similipsychroflexus*: A genus related to but distinct from the existing genus Psychroflexus of similar.

Similipsychroglaciecola

L. masc. adjective *similis*, similar; L. fem. n. *Psychroglaciecola*, An existing genus; *Similipsychroglaciecola*: A genus related to but distinct from the existing genus Psychroglaciecola of similar.

Similipsychromarinibacter

L. masc. adjective *similis*, similar; L. masc. n. *Psychromarinibacter*, An existing genus; *Similipsychromarinibacter*: A genus related to but distinct from the existing genus Psychromarinibacter of similar.

Similipsychromicrobium

L. masc. adjective *similis*, similar; L. neut. n. *Psychromicrobium*, An existing genus; *Similipsychromicrobium*: A genus related to but distinct from the existing genus Psychromicrobium of similar.

Similipsychroserpens

L. masc. adjective *similis*, similar; L. masc. n. *Psychroserpens*, An existing genus; *Similipsychroserpens*: A genus related to but distinct from the existing genus Psychroserpens of similar.

Similipsychrosinus

L. masc. adjective *similis*, similar; L. masc. n. *Psychrosinus*, An existing genus; *Similipsychrosinus*: A genus related to but distinct from the existing genus Psychrosinus of similar.

Similipsychrosphaera

L. masc. adjective *similis*, similar; L. fem. n. *Psychrosphaera*, An existing genus; *Similipsychrosphaera*: A genus related to but distinct from the existing genus Psychrosphaera of similar.

Similipueribacillus

L. masc. adjective *similis*, similar; L. masc. n. *Pueribacillus*, An existing genus; *Similipueribacillus*: A genus related to but distinct from the existing genus Pueribacillus of similar.

Similipuia

L. masc. adjective *similis*, similar; L. fem. n. *Puia*, An existing genus; *Similipuia*: A genus related to but distinct from the existing genus Puia of similar.

Similipukyongia

L. masc. adjective *similis*, similar; L. fem. n. *Pukyongia*, An existing genus; *Similipukyongia*: A genus related to but distinct from the existing genus Pukyongia of similar.

Similipukyongiella

L. masc. adjective *similis*, similar; L. fem. dim. n. *Pukyongiella*, An existing genus; *Similipukyongiella*: A genus related to but distinct from the existing genus Pukyongiella of similar.

Similipuniceibacterium

L. masc. adjective *similis*, similar; L. neut. n. *Puniceibacterium*, An existing genus; *Similipuniceibacterium*: A genus related to but distinct from the existing genus Puniceibacterium of similar.

Similipuniceicoccus

L. masc. adjective *similis*, similar; L. masc. n. *Puniceicoccus*, An existing genus; *Similipuniceicoccus*: A genus related to but distinct from the existing genus Puniceicoccus of similar.

Similipusillimonas

L. masc. adjective *similis*, similar; L. fem. n. *Pusillimonas*, An existing genus; *Similipusillimonas*: A genus related to but distinct from the existing genus Pusillimonas of similar.

Similipustulibacterium

L. masc. adjective *similis*, similar; L. neut. n. *Pustulibacterium*, An existing genus; *Similipustulibacterium*: A genus related to but distinct from the existing genus Pustulibacterium of similar.

Similiputridiphycobacter

L. masc. adjective *similis*, similar; L. masc. n. *Putridiphycobacter*, An existing genus; *Similiputridiphycobacter*: A genus related to but distinct from the existing genus Putridiphycobacter of similar.

Similipuzihella

L. masc. adjective *similis*, similar; L. fem. dim. n. *Puzihella*, An existing genus; *Similipuzihella*: A genus related to but distinct from the existing genus Puzihella of similar.

Similipycnacronema

L. masc. adjective *similis*, similar; L. neut. n. *Pycnacronema*, An existing genus; *Similipycnacronema*: A genus related to but distinct from the existing genus Pycnacronema of similar.

Similipyramidobacter

L. masc. adjective *similis*, similar; L. masc. n. *Pyramidobacter*, An existing genus; *Similipyramidobacter*: A genus related to but distinct from the existing genus Pyramidobacter of similar.

Similipyrinomonas

L. masc. adjective *similis*, similar; L. fem. n. *Pyrinomonas*, An existing genus; *Similipyrinomonas*: A genus related to but distinct from the existing genus Pyrinomonas of similar.

Similipyrobaculum

L. masc. adjective *similis*, similar; L. neut. n. *Pyrobaculum*, An existing genus; *Similipyrobaculum*: A genus related to but distinct from the existing genus Pyrobaculum of similar.

Similipyrococcus

L. masc. adjective *similis*, similar; L. masc. n. *Pyrococcus*, An existing genus; *Similipyrococcus*: A genus related to but distinct from the existing genus Pyrococcus of similar.

Similipyrodictium

L. masc. adjective *similis*, similar; L. neut. n. *Pyrodictium*, An existing genus; *Similipyrodictium*: A genus related to but distinct from the existing genus Pyrodictium of similar.

Similipyruvatibacter

L. masc. adjective *similis*, similar; L. masc. n. *Pyruvatibacter*, An existing genus; *Similipyruvatibacter*: A genus related to but distinct from the existing genus Pyruvatibacter of similar.

Similipyxidicoccus

L. masc. adjective *similis*, similar; L. masc. n. *Pyxidicoccus*, An existing genus; *Similipyxidicoccus*: A genus related to but distinct from the existing genus Pyxidicoccus of similar.

Similiqingshengfania

L. masc. adjective *similis*, similar; L. fem. n. *Qingshengfania*, An existing genus; *Similiqingshengfania*: A genus related to but distinct from the existing genus Qingshengfania of similar.

Similiqipengyuania

L. masc. adjective *similis*, similar; L. fem. n. *Qipengyuania*, An existing genus; *Similiqipengyuania*: A genus related to but distinct from the existing genus Qipengyuania of similar.

Similiquadricoccus

L. masc. adjective *similis*, similar; L. masc. n. *Quadricoccus*, An existing genus; *Similiquadricoccus*: A genus related to but distinct from the existing genus Quadricoccus of similar.

Similiquadrisphaera

L. masc. adjective *similis*, similar; L. fem. n. *Quadrisphaera*, An existing genus; *Similiquadrisphaera*: A genus related to but distinct from the existing genus Quadrisphaera of similar.

Similiquasibacillus

L. masc. adjective *similis*, similar; L. masc. n. *Quasibacillus*, An existing genus; *Similiquasibacillus*: A genus related to but distinct from the existing genus Quasibacillus of similar.

Similiquatrionicoccus

L. masc. adjective *similis*, similar; L. masc. n. *Quatrionicoccus*, An existing genus; *Similiquatrionicoccus*: A genus related to but distinct from the existing genus Quatrionicoccus of similar.

Similiquinella

L. masc. adjective *similis*, similar; L. fem. dim. n. *Quinella*, An existing genus; *Similiquinella*: A genus related to but distinct from the existing genus Quinella of similar.

Similiracemicystis

L. masc. adjective *similis*, similar; L. fem. n. *Racemicystis*, An existing genus; *Similiracemicystis*: A genus related to but distinct from the existing genus Racemicystis of similar.

Similirahnella

L. masc. adjective *similis*, similar; L. fem. dim. n. *Rahnella*, An existing genus; *Similirahnella*: A genus related to but distinct from the existing genus Rahnella of similar.

Similiraineya

L. masc. adjective *similis*, similar; L. fem. n. *Raineya*, An existing genus; *Similiraineya*: A genus related to but distinct from the existing genus Raineya of similar.

Similiraineyella

L. masc. adjective *similis*, similar; L. fem. dim. n. *Raineyella*, An existing genus; *Similiraineyella*: A genus related to but distinct from the existing genus Raineyella of similar.

Similiralstonia

L. masc. adjective *similis*, similar; L. fem. n. *Ralstonia*, An existing genus; *Similiralstonia*: A genus related to but distinct from the existing genus Ralstonia of similar.

Similiramlibacter

L. masc. adjective *similis*, similar; L. masc. n. *Ramlibacter*, An existing genus; *Similiramlibacter*: A genus related to but distinct from the existing genus Ramlibacter of similar.

Similiramsaria

L. masc. adjective *similis*, similar; L. fem. n. *Ramsaria*, An existing genus; *Similiramsaria*: A genus related to but distinct from the existing genus Ramsaria of similar.

Similiraoultella

L. masc. adjective *similis*, similar; L. fem. dim. n. *Raoultella*, An existing genus; *Similiraoultella*: A genus related to but distinct from the existing genus Raoultella of similar.

Similirariglobus

L. masc. adjective *similis*, similar; L. masc. n. *Rariglobus*, An existing genus; *Similirariglobus*: A genus related to but distinct from the existing genus Rariglobus of similar.

Similirarimicrobium

L. masc. adjective *similis*, similar; L. neut. n. *Rarimicrobium*, An existing genus; *Similirarimicrobium*: A genus related to but distinct from the existing genus Rarimicrobium of similar.

Similirarobacter

L. masc. adjective *similis*, similar; L. masc. n. *Rarobacter*, An existing genus; *Similirarobacter*: A genus related to but distinct from the existing genus Rarobacter of similar.

Similirathayibacter

L. masc. adjective *similis*, similar; L. masc. n. *Rathayibacter*, An existing genus; *Similirathayibacter*: A genus related to but distinct from the existing genus Rathayibacter of similar.

Similiravibacter

L. masc. adjective *similis*, similar; L. masc. n. *Ravibacter*, An existing genus; *Similiravibacter*: A genus related to but distinct from the existing genus Ravibacter of similar.

Similirectinema

L. masc. adjective *similis*, similar; L. neut. n. *Rectinema*, An existing genus; *Similirectinema*: A genus related to but distinct from the existing genus Rectinema of similar.

Similirehaibacterium

L. masc. adjective *similis*, similar; L. neut. n. *Rehaibacterium*, An existing genus; *Similirehaibacterium*: A genus related to but distinct from the existing genus Rehaibacterium of similar.

Similireichenbachia

L. masc. adjective *similis*, similar; L. fem. n. *Reichenbachia*, An existing genus; *Similireichenbachia*: A genus related to but distinct from the existing genus Reichenbachia of similar.

Similireichenbachiella

L. masc. adjective *similis*, similar; L. fem. dim. n. *Reichenbachiella*, An existing genus; *Similireichenbachiella*: A genus related to but distinct from the existing genus Reichenbachiella of similar.

Similireinekea

L. masc. adjective *similis*, similar; L. fem. n. *Reinekea*, An existing genus; *Similireinekea*: A genus related to but distinct from the existing genus Reinekea of similar.

Similirenibacterium

L. masc. adjective *similis*, similar; L. neut. n. *Renibacterium*, An existing genus; *Similirenibacterium*: A genus related to but distinct from the existing genus Renibacterium of similar.

Similireyranella

L. masc. adjective *similis*, similar; L. fem. dim. n. *Reyranella*, An existing genus; *Similireyranella*: A genus related to but distinct from the existing genus Reyranella of similar.

Similirhabdaerophilum

L. masc. adjective *similis*, similar; L. neut. n. *Rhabdaerophilum*, An existing genus; *Similirhabdaerophilum*: A genus related to but distinct from the existing genus Rhabdaerophilum of similar.

Similirhabdanaerobium

L. masc. adjective *similis*, similar; L. neut. n. *Rhabdanaerobium*, An existing genus; *Similirhabdanaerobium*: A genus related to but distinct from the existing genus Rhabdanaerobium of similar.

Similirhabdobacter

L. masc. adjective *similis*, similar; L. masc. n. *Rhabdobacter*, An existing genus; *Similirhabdobacter*: A genus related to but distinct from the existing genus Rhabdobacter of similar.

Similirhabdochromatium

L. masc. adjective *similis*, similar; L. neut. n. *Rhabdochromatium*, An existing genus; *Similirhabdochromatium*: A genus related to but distinct from the existing genus Rhabdochromatium of similar.

Similirheinheimera

L. masc. adjective *similis*, similar; L. fem. n. *Rheinheimera*, An existing genus; *Similirheinheimera*: A genus related to but distinct from the existing genus Rheinheimera of similar.

Similirhizobium

L. masc. adjective *similis*, similar; L. neut. n. *Rhizobium*, An existing genus; *Similirhizobium*: A genus related to but distinct from the existing genus Rhizobium of similar.

Similirhizocola

L. masc. adjective *similis*, similar; L. masc. n. *Rhizocola*, An existing genus; *Similirhizocola*: A genus related to but distinct from the existing genus Rhizocola of similar.

Similirhizomicrobium

L. masc. adjective *similis*, similar; L. neut. n. *Rhizomicrobium*, An existing genus; *Similirhizomicrobium*: A genus related to but distinct from the existing genus Rhizomicrobium of similar.

Similirhizomonas

L. masc. adjective *similis*, similar; L. fem. n. *Rhizomonas*, An existing genus; *Similirhizomonas*: A genus related to but distinct from the existing genus Rhizomonas of similar.

Similirhizorhabdus

L. masc. adjective *similis*, similar; L. fem. n. *Rhizorhabdus*, An existing genus; *Similirhizorhabdus*: A genus related to but distinct from the existing genus Rhizorhabdus of similar.

Similirhizorhapis

L. masc. adjective *similis*, similar; L. fem. n. *Rhizorhapis*, An existing genus; *Similirhizorhapis*: A genus related to but distinct from the existing genus Rhizorhapis of similar.

Similirhodanobacter

L. masc. adjective *similis*, similar; L. masc. n. *Rhodanobacter*, An existing genus; *Similirhodanobacter*: A genus related to but distinct from the existing genus Rhodanobacter of similar.

Similirhodobaca

L. masc. adjective *similis*, similar; L. fem. n. *Rhodobaca*, An existing genus; *Similirhodobaca*: A genus related to but distinct from the existing genus Rhodobaca of similar.

Similirhodobacter

L. masc. adjective *similis*, similar; L. masc. n. *Rhodobacter*, An existing genus; *Similirhodobacter*: A genus related to but distinct from the existing genus Rhodobacter of similar.

Similirhodobium

L. masc. adjective *similis*, similar; L. neut. n. *Rhodobium*, An existing genus; *Similirhodobium*: A genus related to but distinct from the existing genus Rhodobium of similar.

Similirhodoblastus

L. masc. adjective *similis*, similar; L. masc. n. *Rhodoblastus*, An existing genus; *Similirhodoblastus*: A genus related to but distinct from the existing genus Rhodoblastus of similar.

Similirhodocista

L. masc. adjective *similis*, similar; L. fem. n. *Rhodocista*, An existing genus; *Similirhodocista*: A genus related to but distinct from the existing genus Rhodocista of similar.

Similirhodococcus

L. masc. adjective *similis*, similar; L. masc. n. *Rhodococcus*, An existing genus; *Similirhodococcus*: A genus related to but distinct from the existing genus Rhodococcus of similar.

Similirhodocyclus

L. masc. adjective *similis*, similar; L. masc. n. *Rhodocyclus*, An existing genus; *Similirhodocyclus*: A genus related to but distinct from the existing genus Rhodocyclus of similar.

Similirhodocytophaga

L. masc. adjective *similis*, similar; L. fem. n. *Rhodocytophaga*, An existing genus; *Similirhodocytophaga*: A genus related to but distinct from the existing genus Rhodocytophaga of similar.

Similirhodoferax

L. masc. adjective *similis*, similar; L. masc. n. *Rhodoferax*, An existing genus; *Similirhodoferax*: A genus related to but distinct from the existing genus Rhodoferax of similar.

Similirhodoglobus

L. masc. adjective *similis*, similar; L. masc. n. *Rhodoglobus*, An existing genus; *Similirhodoglobus*: A genus related to but distinct from the existing genus Rhodoglobus of similar.

Similirhodohalobacter

L. masc. adjective *similis*, similar; L. masc. n. *Rhodohalobacter*, An existing genus; *Similirhodohalobacter*: A genus related to but distinct from the existing genus Rhodohalobacter of similar.

Similirhodoligotrophos

L. masc. adjective *similis*, similar; L. masc. n. *Rhodoligotrophos*, An existing genus; *Similirhodoligotrophos*: A genus related to but distinct from the existing genus Rhodoligotrophos of similar.

Similirhodoluna

L. masc. adjective *similis*, similar; L. fem. n. *Rhodoluna*, An existing genus; *Similirhodoluna*: A genus related to but distinct from the existing genus Rhodoluna of similar.

Similirhodomicrobium

L. masc. adjective *similis*, similar; L. neut. n. *Rhodomicrobium*, An existing genus; *Similirhodomicrobium*: A genus related to but distinct from the existing genus Rhodomicrobium of similar.

Similirhodonellum

L. masc. adjective *similis*, similar; L. neut. dim. n. *Rhodonellum*, An existing genus; *Similirhodonellum*: A genus related to but distinct from the existing genus Rhodonellum of similar.

Similirhodophyticola

L. masc. adjective *similis*, similar; L. masc. n. *Rhodophyticola*, An existing genus; *Similirhodophyticola*: A genus related to but distinct from the existing genus Rhodophyticola of similar.

Similirhodopila

L. masc. adjective *similis*, similar; L. fem. n. *Rhodopila*, An existing genus; *Similirhodopila*: A genus related to but distinct from the existing genus Rhodopila of similar.

Similirhodopirellula

L. masc. adjective *similis*, similar; L. fem. dim. n. *Rhodopirellula*, An existing genus; *Similirhodopirellula*: A genus related to but distinct from the existing genus Rhodopirellula of similar.

Similirhodoplanes

L. masc. adjective *similis*, similar; L. masc. n. *Rhodoplanes*, An existing genus; *Similirhodoplanes*: A genus related to but distinct from the existing genus Rhodoplanes of similar.

Similirhodopseudomonas

L. masc. adjective *similis*, similar; L. fem. n. *Rhodopseudomonas*, An existing genus; *Similirhodopseudomonas*: A genus related to but distinct from the existing genus Rhodopseudomonas of similar.

Similirhodosalinus

L. masc. adjective *similis*, similar; L. masc. n. *Rhodosalinus*, An existing genus; *Similirhodosalinus*: A genus related to but distinct from the existing genus Rhodosalinus of similar.

Similirhodospira

L. masc. adjective *similis*, similar; L. fem. n. *Rhodospira*, An existing genus; *Similirhodospira*: A genus related to but distinct from the existing genus Rhodospira of similar.

Similirhodospirillum

L. masc. adjective *similis*, similar; L. neut. dim. n. *Rhodospirillum*, An existing genus; *Similirhodospirillum*: A genus related to but distinct from the existing genus Rhodospirillum of similar.

Similirhodothalassium

L. masc. adjective *similis*, similar; L. neut. n. *Rhodothalassium*, An existing genus; *Similirhodothalassium*: A genus related to but distinct from the existing genus Rhodothalassium of similar.

Similirhodothermus

L. masc. adjective *similis*, similar; L. masc. n. *Rhodothermus*, An existing genus; *Similirhodothermus*: A genus related to but distinct from the existing genus Rhodothermus of similar.

Similirhodovarius

L. masc. adjective *similis*, similar; L. masc. n. *Rhodovarius*, An existing genus; *Similirhodovarius*: A genus related to but distinct from the existing genus Rhodovarius of similar.

Similirhodovastum

L. masc. adjective *similis*, similar; L. neut. n. *Rhodovastum*, An existing genus; *Similirhodovastum*: A genus related to but distinct from the existing genus Rhodovastum of similar.

Similirhodovibrio

L. masc. adjective *similis*, similar; L. masc. n. *Rhodovibrio*, An existing genus; *Similirhodovibrio*: A genus related to but distinct from the existing genus Rhodovibrio of similar.

Similirhodovulum

L. masc. adjective *similis*, similar; L. neut. n. *Rhodovulum*, An existing genus; *Similirhodovulum*: A genus related to but distinct from the existing genus Rhodovulum of similar.

Similirickettsia

L. masc. adjective *similis*, similar; L. fem. n. *Rickettsia*, An existing genus; *Similirickettsia*: A genus related to but distinct from the existing genus Rickettsia of similar.

Similirickettsiella

L. masc. adjective *similis*, similar; L. fem. dim. n. *Rickettsiella*, An existing genus; *Similirickettsiella*: A genus related to but distinct from the existing genus Rickettsiella of similar.

Similiriemerella

L. masc. adjective *similis*, similar; L. fem. dim. n. *Riemerella*, An existing genus; *Similiriemerella*: A genus related to but distinct from the existing genus Riemerella of similar.

Similirikenella

L. masc. adjective *similis*, similar; L. fem. dim. n. *Rikenella*, An existing genus; *Similirikenella*: A genus related to but distinct from the existing genus Rikenella of similar.

Similirippkaea

L. masc. adjective *similis*, similar; L. fem. n. *Rippkaea*, An existing genus; *Similirippkaea*: A genus related to but distinct from the existing genus Rippkaea of similar.

Similirisungbinella

L. masc. adjective *similis*, similar; L. fem. dim. n. *Risungbinella*, An existing genus; *Similirisungbinella*: A genus related to but distinct from the existing genus Risungbinella of similar.

Similirivibacter

L. masc. adjective *similis*, similar; L. masc. n. *Rivibacter*, An existing genus; *Similirivibacter*: A genus related to but distinct from the existing genus Rivibacter of similar.

Similirivicola

L. masc. adjective *similis*, similar; L. masc. n. *Rivicola*, An existing genus; *Similirivicola*: A genus related to but distinct from the existing genus Rivicola of similar.

Similirivularia

L. masc. adjective *similis*, similar; L. fem. n. *Rivularia*, An existing genus; *Similirivularia*: A genus related to but distinct from the existing genus Rivularia of similar.

Similirobbsia

L. masc. adjective *similis*, similar; L. fem. n. *Robbsia*, An existing genus; *Similirobbsia*: A genus related to but distinct from the existing genus Robbsia of similar.

Similirobertkochia

L. masc. adjective *similis*, similar; L. fem. n. *Robertkochia*, An existing genus; *Similirobertkochia*: A genus related to but distinct from the existing genus Robertkochia of similar.

Similirobiginitalea

L. masc. adjective *similis*, similar; L. fem. n. *Robiginitalea*, An existing genus; *Similirobiginitalea*: A genus related to but distinct from the existing genus Robiginitalea of similar.

Similirobiginitomaculum

L. masc. adjective *similis*, similar; L. neut. n. *Robiginitomaculum*, An existing genus; *Similirobiginitomaculum*: A genus related to but distinct from the existing genus Robiginitomaculum of similar.

Similirobinsoniella

L. masc. adjective *similis*, similar; L. fem. dim. n. *Robinsoniella*, An existing genus; *Similirobinsoniella*: A genus related to but distinct from the existing genus Robinsoniella of similar.

Similirochalimaea

L. masc. adjective *similis*, similar; L. fem. n. *Rochalimaea*, An existing genus; *Similirochalimaea*: A genus related to but distinct from the existing genus Rochalimaea of similar.

Similirodentibacter

L. masc. adjective *similis*, similar; L. masc. n. *Rodentibacter*, An existing genus; *Similirodentibacter*: A genus related to but distinct from the existing genus Rodentibacter of similar.

Similiroholtiella

L. masc. adjective *similis*, similar; L. fem. dim. n. *Roholtiella*, An existing genus; *Similiroholtiella*: A genus related to but distinct from the existing genus Roholtiella of similar.

Similiromboutsia

L. masc. adjective *similis*, similar; L. fem. n. *Romboutsia*, An existing genus; *Similiromboutsia*: A genus related to but distinct from the existing genus Romboutsia of similar.

Similiroseateles

L. masc. adjective *similis*, similar; L. masc. n. *Roseateles*, An existing genus; *Similiroseateles*: A genus related to but distinct from the existing genus Roseateles of similar.

Similiroseburia

L. masc. adjective *similis*, similar; L. fem. n. *Roseburia*, An existing genus; *Similiroseburia*: A genus related to but distinct from the existing genus Roseburia of similar.

Similiroseiarcus

L. masc. adjective *similis*, similar; L. masc. n. *Roseiarcus*, An existing genus; *Similiroseiarcus*: A genus related to but distinct from the existing genus Roseiarcus of similar.

Similiroseibaca

L. masc. adjective *similis*, similar; L. fem. n. *Roseibaca*, An existing genus; *Similiroseibaca*: A genus related to but distinct from the existing genus Roseibaca of similar.

Similiroseibacillus

L. masc. adjective *similis*, similar; L. masc. n. *Roseibacillus*, An existing genus; *Similiroseibacillus*: A genus related to but distinct from the existing genus Roseibacillus of similar.

Similiroseibacterium

L. masc. adjective *similis*, similar; L. neut. n. *Roseibacterium*, An existing genus; *Similiroseibacterium*: A genus related to but distinct from the existing genus Roseibacterium of similar.

Similiroseibacula

L. masc. adjective *similis*, similar; L. fem. dim. n. *Roseibacula*, An existing genus; *Similiroseibacula*: A genus related to but distinct from the existing genus Roseibacula of similar.

Similiroseibium

L. masc. adjective *similis*, similar; L. neut. n. *Roseibium*, An existing genus; *Similiroseibium*: A genus related to but distinct from the existing genus Roseibium of similar.

Similiroseicella

L. masc. adjective *similis*, similar; L. fem. n. *Roseicella*, An existing genus; *Similiroseicella*: A genus related to but distinct from the existing genus Roseicella of similar.

Similiroseicitreum

L. masc. adjective *similis*, similar; L. neut. n. *Roseicitreum*, An existing genus; *Similiroseicitreum*: A genus related to but distinct from the existing genus Roseicitreum of similar.

Similiroseicyclus

L. masc. adjective *similis*, similar; L. masc. n. *Roseicyclus*, An existing genus; *Similiroseicyclus*: A genus related to but distinct from the existing genus Roseicyclus of similar.

Similiroseiflexus

L. masc. adjective *similis*, similar; L. masc. n. *Roseiflexus*, An existing genus; *Similiroseiflexus*: A genus related to but distinct from the existing genus Roseiflexus of similar.

Similiroseimarinus

L. masc. adjective *similis*, similar; L. masc. n. *Roseimarinus*, An existing genus; *Similiroseimarinus*: A genus related to but distinct from the existing genus Roseimarinus of similar.

Similiroseimaritima

L. masc. adjective *similis*, similar; L. fem. n. *Roseimaritima*, An existing genus; *Similiroseimaritima*: A genus related to but distinct from the existing genus Roseimaritima of similar.

Similiroseimicrobium

L. masc. adjective *similis*, similar; L. neut. n. *Roseimicrobium*, An existing genus; *Similiroseimicrobium*: A genus related to but distinct from the existing genus Roseimicrobium of similar.

Similiroseinatronobacter

L. masc. adjective *similis*, similar; L. masc. n. *Roseinatronobacter*, An existing genus; *Similiroseinatronobacter*: A genus related to but distinct from the existing genus Roseinatronobacter of similar.

Similiroseisalinus

L. masc. adjective *similis*, similar; L. masc. n. *Roseisalinus*, An existing genus; *Similiroseisalinus*: A genus related to but distinct from the existing genus Roseisalinus of similar.

Similiroseisolibacter

L. masc. adjective *similis*, similar; L. masc. n. *Roseisolibacter*, An existing genus; *Similiroseisolibacter*: A genus related to but distinct from the existing genus Roseisolibacter of similar.

Similiroseitalea

L. masc. adjective *similis*, similar; L. fem. n. *Roseitalea*, An existing genus; *Similiroseitalea*: A genus related to but distinct from the existing genus Roseitalea of similar.

Similiroseithermus

L. masc. adjective *similis*, similar; L. masc. n. *Roseithermus*, An existing genus; *Similiroseithermus*: A genus related to but distinct from the existing genus Roseithermus of similar.

Similiroseivirga

L. masc. adjective *similis*, similar; L. fem. n. *Roseivirga*, An existing genus; *Similiroseivirga*: A genus related to but distinct from the existing genus Roseivirga of similar.

Similiroseivivax

L. masc. adjective *similis*, similar; L. masc. n. *Roseivivax*, An existing genus; *Similiroseivivax*: A genus related to but distinct from the existing genus Roseivivax of similar.

Similirosenbergiella

L. masc. adjective *similis*, similar; L. fem. dim. n. *Rosenbergiella*, An existing genus; *Similirosenbergiella*: A genus related to but distinct from the existing genus Rosenbergiella of similar.

Similiroseobacter

L. masc. adjective *similis*, similar; L. masc. n. *Roseobacter*, An existing genus; *Similiroseobacter*: A genus related to but distinct from the existing genus Roseobacter of similar.

Similiroseococcus

L. masc. adjective *similis*, similar; L. masc. n. *Roseococcus*, An existing genus; *Similiroseococcus*: A genus related to but distinct from the existing genus Roseococcus of similar.

Similiroseofilum

L. masc. adjective *similis*, similar; L. neut. n. *Roseofilum*, An existing genus; *Similiroseofilum*: A genus related to but distinct from the existing genus Roseofilum of similar.

Similiroseomonas

L. masc. adjective *similis*, similar; L. fem. n. *Roseomonas*, An existing genus; *Similiroseomonas*: A genus related to but distinct from the existing genus Roseomonas of similar.

Similiroseospira

L. masc. adjective *similis*, similar; L. fem. n. *Roseospira*, An existing genus; *Similiroseospira*: A genus related to but distinct from the existing genus Roseospira of similar.

Similiroseospirillum

L. masc. adjective *similis*, similar; L. neut. dim. n. *Roseospirillum*, An existing genus; *Similiroseospirillum*: A genus related to but distinct from the existing genus Roseospirillum of similar.

Similiroseovarius

L. masc. adjective *similis*, similar; L. masc. n. *Roseovarius*, An existing genus; *Similiroseovarius*: A genus related to but distinct from the existing genus Roseovarius of similar.

Similirosistilla

L. masc. adjective *similis*, similar; L. fem. n. *Rosistilla*, An existing genus; *Similirosistilla*: A genus related to but distinct from the existing genus Rosistilla of similar.

Similirothia

L. masc. adjective *similis*, similar; L. fem. n. *Rothia*, An existing genus; *Similirothia*: A genus related to but distinct from the existing genus Rothia of similar.

Similirouxiella

L. masc. adjective *similis*, similar; L. fem. dim. n. *Rouxiella*, An existing genus; *Similirouxiella*: A genus related to but distinct from the existing genus Rouxiella of similar.

Similiruania

L. masc. adjective *similis*, similar; L. fem. n. *Ruania*, An existing genus; *Similiruania*: A genus related to but distinct from the existing genus Ruania of similar.

Similirubellimicrobium

L. masc. adjective *similis*, similar; L. neut. n. *Rubellimicrobium*, An existing genus; *Similirubellimicrobium*: A genus related to but distinct from the existing genus Rubellimicrobium of similar.

Similirubeoparvulum

L. masc. adjective *similis*, similar; L. neut. n. *Rubeoparvulum*, An existing genus; *Similirubeoparvulum*: A genus related to but distinct from the existing genus Rubeoparvulum of similar.

Similirubidibacter

L. masc. adjective *similis*, similar; L. masc. n. *Rubidibacter*, An existing genus; *Similirubidibacter*: A genus related to but distinct from the existing genus Rubidibacter of similar.

Similirubidimonas

L. masc. adjective *similis*, similar; L. fem. n. *Rubidimonas*, An existing genus; *Similirubidimonas*: A genus related to but distinct from the existing genus Rubidimonas of similar.

Similirubinisphaera

L. masc. adjective *similis*, similar; L. fem. n. *Rubinisphaera*, An existing genus; *Similirubinisphaera*: A genus related to but distinct from the existing genus Rubinisphaera of similar.

Similirubneribacter

L. masc. adjective *similis*, similar; L. masc. n. *Rubneribacter*, An existing genus; *Similirubneribacter*: A genus related to but distinct from the existing genus Rubneribacter of similar.

Similirubribacterium

L. masc. adjective *similis*, similar; L. neut. n. *Rubribacterium*, An existing genus; *Similirubribacterium*: A genus related to but distinct from the existing genus Rubribacterium of similar.

Similirubricella

L. masc. adjective *similis*, similar; L. fem. n. *Rubricella*, An existing genus; *Similirubricella*: A genus related to but distinct from the existing genus Rubricella of similar.

Similirubricoccus

L. masc. adjective *similis*, similar; L. masc. n. *Rubricoccus*, An existing genus; *Similirubricoccus*: A genus related to but distinct from the existing genus Rubricoccus of similar.

Similirubrimonas

L. masc. adjective *similis*, similar; L. fem. n. *Rubrimonas*, An existing genus; *Similirubrimonas*: A genus related to but distinct from the existing genus Rubrimonas of similar.

Similirubripirellula

L. masc. adjective *similis*, similar; L. fem. dim. n. *Rubripirellula*, An existing genus; *Similirubripirellula*: A genus related to but distinct from the existing genus Rubripirellula of similar.

Similirubritalea

L. masc. adjective *similis*, similar; L. fem. n. *Rubritalea*, An existing genus; *Similirubritalea*: A genus related to but distinct from the existing genus Rubritalea of similar.

Similirubritepida

L. masc. adjective *similis*, similar; L. fem. n. *Rubritepida*, An existing genus; *Similirubritepida*: A genus related to but distinct from the existing genus Rubritepida of similar.

Similirubrivirga

L. masc. adjective *similis*, similar; L. fem. n. *Rubrivirga*, An existing genus; *Similirubrivirga*: A genus related to but distinct from the existing genus Rubrivirga of similar.

Similirubrivivax

L. masc. adjective *similis*, similar; L. masc. n. *Rubrivivax*, An existing genus; *Similirubrivivax*: A genus related to but distinct from the existing genus Rubrivivax of similar.

Similirubrobacter

L. masc. adjective *similis*, similar; L. masc. n. *Rubrobacter*, An existing genus; *Similirubrobacter*: A genus related to but distinct from the existing genus Rubrobacter of similar.

Similirudaea

L. masc. adjective *similis*, similar; L. fem. n. *Rudaea*, An existing genus; *Similirudaea*: A genus related to but distinct from the existing genus Rudaea of similar.

Similirudaeicoccus

L. masc. adjective *similis*, similar; L. masc. n. *Rudaeicoccus*, An existing genus; *Similirudaeicoccus*: A genus related to but distinct from the existing genus Rudaeicoccus of similar.

Similirudaibacter

L. masc. adjective *similis*, similar; L. masc. n. *Rudaibacter*, An existing genus; *Similirudaibacter*: A genus related to but distinct from the existing genus Rudaibacter of similar.

Similirudanella

L. masc. adjective *similis*, similar; L. fem. dim. n. *Rudanella*, An existing genus; *Similirudanella*: A genus related to but distinct from the existing genus Rudanella of similar.

Similiruegeria

L. masc. adjective *similis*, similar; L. fem. n. *Ruegeria*, An existing genus; *Similiruegeria*: A genus related to but distinct from the existing genus Ruegeria of similar.

Similirufibacter

L. masc. adjective *similis*, similar; L. masc. n. *Rufibacter*, An existing genus; *Similirufibacter*: A genus related to but distinct from the existing genus Rufibacter of similar.

Similiruficoccus

L. masc. adjective *similis*, similar; L. masc. n. *Ruficoccus*, An existing genus; *Similiruficoccus*: A genus related to but distinct from the existing genus Ruficoccus of similar.

Similirugamonas

L. masc. adjective *similis*, similar; L. fem. n. *Rugamonas*, An existing genus; *Similirugamonas*: A genus related to but distinct from the existing genus Rugamonas of similar.

Similirugosibacter

L. masc. adjective *similis*, similar; L. masc. n. *Rugosibacter*, An existing genus; *Similirugosibacter*: A genus related to but distinct from the existing genus Rugosibacter of similar.

Similirugosimonospora

L. masc. adjective *similis*, similar; L. fem. n. *Rugosimonospora*, An existing genus; *Similirugosimonospora*: A genus related to but distinct from the existing genus Rugosimonospora of similar.

Similiruminiclostridium

L. masc. adjective *similis*, similar; L. neut. dim. n. *Ruminiclostridium*, An existing genus; *Similiruminiclostridium*: A genus related to but distinct from the existing genus Ruminiclostridium of similar.

Similiruminobacter

L. masc. adjective *similis*, similar; L. masc. n. *Ruminobacter*, An existing genus; *Similiruminobacter*: A genus related to but distinct from the existing genus Ruminobacter of similar.

Similiruminococcus

L. masc. adjective *similis*, similar; L. masc. n. *Ruminococcus*, An existing genus; *Similiruminococcus*: A genus related to but distinct from the existing genus Ruminococcus of similar.

Similirummeliibacillus

L. masc. adjective *similis*, similar; L. masc. n. *Rummeliibacillus*, An existing genus; *Similirummeliibacillus*: A genus related to but distinct from the existing genus Rummeliibacillus of similar.

Similirunella

L. masc. adjective *similis*, similar; L. fem. dim. n. *Runella*, An existing genus; *Similirunella*: A genus related to but distinct from the existing genus Runella of similar.

Similirurimicrobium

L. masc. adjective *similis*, similar; L. neut. n. *Rurimicrobium*, An existing genus; *Similirurimicrobium*: A genus related to but distinct from the existing genus Rurimicrobium of similar.

Similiruthenibacterium

L. masc. adjective *similis*, similar; L. neut. n. *Ruthenibacterium*, An existing genus; *Similiruthenibacterium*: A genus related to but distinct from the existing genus Ruthenibacterium of similar.

Similisabulilitoribacter

L. masc. adjective *similis*, similar; L. masc. n. *Sabulilitoribacter*, An existing genus; *Similisabulilitoribacter*: A genus related to but distinct from the existing genus Sabulilitoribacter of similar.

Similisaccharedens

L. masc. adjective *similis*, similar; L. masc. n. *Saccharedens*, An existing genus; *Similisaccharedens*: A genus related to but distinct from the existing genus Saccharedens of similar.

Similisaccharibacillus

L. masc. adjective *similis*, similar; L. masc. n. *Saccharibacillus*, An existing genus; *Similisaccharibacillus*: A genus related to but distinct from the existing genus Saccharibacillus of similar.

Similisaccharibacter

L. masc. adjective *similis*, similar; L. masc. n. *Saccharibacter*, An existing genus; *Similisaccharibacter*: A genus related to but distinct from the existing genus Saccharibacter of similar.

Similisaccharococcus

L. masc. adjective *similis*, similar; L. masc. n. *Saccharococcus*, An existing genus; *Similisaccharococcus*: A genus related to but distinct from the existing genus Saccharococcus of similar.

Similisaccharofermentans

L. masc. adjective *similis*, similar; L. neut. n. *Saccharofermentans*, An existing genus; *Similisaccharofermentans*: A genus related to but distinct from the existing genus Saccharofermentans of similar.

Similisaccharolobus

L. masc. adjective *similis*, similar; L. masc. n. *Saccharolobus*, An existing genus; *Similisaccharolobus*: A genus related to but distinct from the existing genus Saccharolobus of similar.

Similisaccharomonospora

L. masc. adjective *similis*, similar; L. fem. n. *Saccharomonospora*, An existing genus; *Similisaccharomonospora*: A genus related to but distinct from the existing genus Saccharomonospora of similar.

Similisaccharophagus

L. masc. adjective *similis*, similar; L. masc. n. *Saccharophagus*, An existing genus; *Similisaccharophagus*: A genus related to but distinct from the existing genus Saccharophagus of similar.

Similisaccharopolyspora

L. masc. adjective *similis*, similar; L. fem. n. *Saccharopolyspora*, An existing genus; *Similisaccharopolyspora*: A genus related to but distinct from the existing genus Saccharopolyspora of similar.

Similisaccharospirillum

L. masc. adjective *similis*, similar; L. neut. dim. n. *Saccharospirillum*, An existing genus; *Similisaccharospirillum*: A genus related to but distinct from the existing genus Saccharospirillum of similar.

Similisaezia

L. masc. adjective *similis*, similar; L. fem. n. *Saezia*, An existing genus; *Similisaezia*: A genus related to but distinct from the existing genus Saezia of similar.

Similisalana

L. masc. adjective *similis*, similar; L. fem. n. *Salana*, An existing genus; *Similisalana*: A genus related to but distinct from the existing genus Salana of similar.

Similisalaquimonas

L. masc. adjective *similis*, similar; L. fem. n. *Salaquimonas*, An existing genus; *Similisalaquimonas*: A genus related to but distinct from the existing genus Salaquimonas of similar.

Similisalarchaeum

L. masc. adjective *similis*, similar; L. neut. n. *Salarchaeum*, An existing genus; *Similisalarchaeum*: A genus related to but distinct from the existing genus Salarchaeum of similar.

Similisalegentibacter

L. masc. adjective *similis*, similar; L. masc. n. *Salegentibacter*, An existing genus; *Similisalegentibacter*: A genus related to but distinct from the existing genus Salegentibacter of similar.

Similisalibacillus

L. masc. adjective *similis*, similar; L. masc. n. *Salibacillus*, An existing genus; *Similisalibacillus*: A genus related to but distinct from the existing genus Salibacillus of similar.

Similisalibacter

L. masc. adjective *similis*, similar; L. masc. n. *Salibacter*, An existing genus; *Similisalibacter*: A genus related to but distinct from the existing genus Salibacter of similar.

Similisalicibibacter

L. masc. adjective *similis*, similar; L. masc. n. *Salicibibacter*, An existing genus; *Similisalicibibacter*: A genus related to but distinct from the existing genus Salicibibacter of similar.

Similisalicola

L. masc. adjective *similis*, similar; L. masc. n. *Salicola*, An existing genus; *Similisalicola*: A genus related to but distinct from the existing genus Salicola of similar.

Similisalilacibacter

L. masc. adjective *similis*, similar; L. masc. n. *Salilacibacter*, An existing genus; *Similisalilacibacter*: A genus related to but distinct from the existing genus Salilacibacter of similar.

Similisalileptolyngbya

L. masc. adjective *similis*, similar; L. fem. n. *Salileptolyngbya*, An existing genus; *Similisalileptolyngbya*: A genus related to but distinct from the existing genus Salileptolyngbya of similar.

Similisalimesophilobacter

L. masc. adjective *similis*, similar; L. masc. n. *Salimesophilobacter*, An existing genus; *Similisalimesophilobacter*: A genus related to but distinct from the existing genus Salimesophilobacter of similar.

Similisalimicrobium

L. masc. adjective *similis*, similar; L. neut. n. *Salimicrobium*, An existing genus; *Similisalimicrobium*: A genus related to but distinct from the existing genus Salimicrobium of similar.

Similisalinactinospora

L. masc. adjective *similis*, similar; L. fem. n. *Salinactinospora*, An existing genus; *Similisalinactinospora*: A genus related to but distinct from the existing genus Salinactinospora of similar.

Similisalinarchaeum

L. masc. adjective *similis*, similar; L. neut. n. *Salinarchaeum*, An existing genus; *Similisalinarchaeum*: A genus related to but distinct from the existing genus Salinarchaeum of similar.

Similisalinibacillus

L. masc. adjective *similis*, similar; L. masc. n. *Salinibacillus*, An existing genus; *Similisalinibacillus*: A genus related to but distinct from the existing genus Salinibacillus of similar.

Similisalinibacter

L. masc. adjective *similis*, similar; L. masc. n. *Salinibacter*, An existing genus; *Similisalinibacter*: A genus related to but distinct from the existing genus Salinibacter of similar.

Similisalinibacterium

L. masc. adjective *similis*, similar; L. neut. n. *Salinibacterium*, An existing genus; *Similisalinibacterium*: A genus related to but distinct from the existing genus Salinibacterium of similar.

Similisalinibaculum

L. masc. adjective *similis*, similar; L. neut. n. *Salinibaculum*, An existing genus; *Similisalinibaculum*: A genus related to but distinct from the existing genus Salinibaculum of similar.

Similisalinibius

L. masc. adjective *similis*, similar; L. masc. n. *Salinibius*, An existing genus; *Similisalinibius*: A genus related to but distinct from the existing genus Salinibius of similar.

Similisalinicoccus

L. masc. adjective *similis*, similar; L. masc. n. *Salinicoccus*, An existing genus; *Similisalinicoccus*: A genus related to but distinct from the existing genus Salinicoccus of similar.

Similisalinicola

L. masc. adjective *similis*, similar; L. masc. n. *Salinicola*, An existing genus; *Similisalinicola*: A genus related to but distinct from the existing genus Salinicola of similar.

Similisalinifilum

L. masc. adjective *similis*, similar; L. neut. n. *Salinifilum*, An existing genus; *Similisalinifilum*: A genus related to but distinct from the existing genus Salinifilum of similar.

Similisalinigranum

L. masc. adjective *similis*, similar; L. neut. n. *Salinigranum*, An existing genus; *Similisalinigranum*: A genus related to but distinct from the existing genus Salinigranum of similar.

Similisalinihabitans

L. masc. adjective *similis*, similar; L. masc. n. *Salinihabitans*, An existing genus; *Similisalinihabitans*: A genus related to but distinct from the existing genus Salinihabitans of similar.

Similisalinimicrobium

L. masc. adjective *similis*, similar; L. neut. n. *Salinimicrobium*, An existing genus; *Similisalinimicrobium*: A genus related to but distinct from the existing genus Salinimicrobium of similar.

Similisalinimonas

L. masc. adjective *similis*, similar; L. fem. n. *Salinimonas*, An existing genus; *Similisalinimonas*: A genus related to but distinct from the existing genus Salinimonas of similar.

Similisalininema

L. masc. adjective *similis*, similar; L. neut. n. *Salininema*, An existing genus; *Similisalininema*: A genus related to but distinct from the existing genus Salininema of similar.

Similisaliniradius

L. masc. adjective *similis*, similar; L. masc. n. *Saliniradius*, An existing genus; *Similisaliniradius*: A genus related to but distinct from the existing genus Saliniradius of similar.

Similisalinirepens

L. masc. adjective *similis*, similar; L. masc. n. *Salinirepens*, An existing genus; *Similisalinirepens*: A genus related to but distinct from the existing genus Salinirepens of similar.

Similisalinirubellus

L. masc. adjective *similis*, similar; L. masc. n. *Salinirubellus*, An existing genus; *Similisalinirubellus*: A genus related to but distinct from the existing genus Salinirubellus of similar.

Similisalinirussus

L. masc. adjective *similis*, similar; L. masc. n. *Salinirussus*, An existing genus; *Similisalinirussus*: A genus related to but distinct from the existing genus Salinirussus of similar.

Similisalinisphaera

L. masc. adjective *similis*, similar; L. fem. n. *Salinisphaera*, An existing genus; *Similisalinisphaera*: A genus related to but distinct from the existing genus Salinisphaera of similar.

Similisalinispira

L. masc. adjective *similis*, similar; L. fem. n. *Salinispira*, An existing genus; *Similisalinispira*: A genus related to but distinct from the existing genus Salinispira of similar.

Similisalinispirillum

L. masc. adjective *similis*, similar; L. neut. dim. n. *Salinispirillum*, An existing genus; *Similisalinispirillum*: A genus related to but distinct from the existing genus Salinispirillum of similar.

Similisalinispora

L. masc. adjective *similis*, similar; L. fem. n. *Salinispora*, An existing genus; *Similisalinispora*: A genus related to but distinct from the existing genus Salinispora of similar.

Similisalinithrix

L. masc. adjective *similis*, similar; L. fem. n. *Salinithrix*, An existing genus; *Similisalinithrix*: A genus related to but distinct from the existing genus Salinithrix of similar.

Similisalinivenus

L. masc. adjective *similis*, similar; L. fem. n. *Salinivenus*, An existing genus; *Similisalinivenus*: A genus related to but distinct from the existing genus Salinivenus of similar.

Similisalinivibrio

L. masc. adjective *similis*, similar; L. masc. n. *Salinivibrio*, An existing genus; *Similisalinivibrio*: A genus related to but distinct from the existing genus Salinivibrio of similar.

Similisalinivirga

L. masc. adjective *similis*, similar; L. fem. n. *Salinivirga*, An existing genus; *Similisalinivirga*: A genus related to but distinct from the existing genus Salinivirga of similar.

Similisalinovum

L. masc. adjective *similis*, similar; L. neut. n. *Salinovum*, An existing genus; *Similisalinovum*: A genus related to but distinct from the existing genus Salinovum of similar.

Similisaliphagus

L. masc. adjective *similis*, similar; L. masc. n. *Saliphagus*, An existing genus; *Similisaliphagus*: A genus related to but distinct from the existing genus Saliphagus of similar.

Similisalipiger

L. masc. adjective *similis*, similar; L. masc. n. *Salipiger*, An existing genus; *Similisalipiger*: A genus related to but distinct from the existing genus Salipiger of similar.

Similisalisaeta

L. masc. adjective *similis*, similar; L. fem. n. *Salisaeta*, An existing genus; *Similisalisaeta*: A genus related to but distinct from the existing genus Salisaeta of similar.

Similisalisediminibacterium

L. masc. adjective *similis*, similar; L. neut. n. *Salisediminibacterium*, An existing genus; *Similisalisediminibacterium*: A genus related to but distinct from the existing genus Salisediminibacterium of similar.

Similisaliterribacillus

L. masc. adjective *similis*, similar; L. masc. n. *Saliterribacillus*, An existing genus; *Similisaliterribacillus*: A genus related to but distinct from the existing genus Saliterribacillus of similar.

Similisalmonella

L. masc. adjective *similis*, similar; L. fem. dim. n. *Salmonella*, An existing genus; *Similisalmonella*: A genus related to but distinct from the existing genus Salmonella of similar.

Similisalsuginibacillus

L. masc. adjective *similis*, similar; L. masc. n. *Salsuginibacillus*, An existing genus; *Similisalsuginibacillus*: A genus related to but distinct from the existing genus Salsuginibacillus of similar.

Similisalsuginimonas

L. masc. adjective *similis*, similar; L. fem. n. *Salsuginimonas*, An existing genus; *Similisalsuginimonas*: A genus related to but distinct from the existing genus Salsuginimonas of similar.

Similisamsonia

L. masc. adjective *similis*, similar; L. fem. n. *Samsonia*, An existing genus; *Similisamsonia*: A genus related to but distinct from the existing genus Samsonia of similar.

Similisandaracinobacter

L. masc. adjective *similis*, similar; L. masc. n. *Sandaracinobacter*, An existing genus; *Similisandaracinobacter*: A genus related to but distinct from the existing genus Sandaracinobacter of similar.

Similisandaracinomonas

L. masc. adjective *similis*, similar; L. fem. n. *Sandaracinomonas*, An existing genus; *Similisandaracinomonas*: A genus related to but distinct from the existing genus Sandaracinomonas of similar.

Similisandaracinus

L. masc. adjective *similis*, similar; L. masc. n. *Sandaracinus*, An existing genus; *Similisandaracinus*: A genus related to but distinct from the existing genus Sandaracinus of similar.

Similisandarakinorhabdus

L. masc. adjective *similis*, similar; L. fem. n. *Sandarakinorhabdus*, An existing genus; *Similisandarakinorhabdus*: A genus related to but distinct from the existing genus Sandarakinorhabdus of similar.

Similisandarakinotalea

L. masc. adjective *similis*, similar; L. fem. n. *Sandarakinotalea*, An existing genus; *Similisandarakinotalea*: A genus related to but distinct from the existing genus Sandarakinotalea of similar.

Similisansalvadorimonas

L. masc. adjective *similis*, similar; L. fem. n. *Sansalvadorimonas*, An existing genus; *Similisansalvadorimonas*: A genus related to but distinct from the existing genus Sansalvadorimonas of similar.

Similisaonia

L. masc. adjective *similis*, similar; L. fem. n. *Saonia*, An existing genus; *Similisaonia*: A genus related to but distinct from the existing genus Saonia of similar.

Similisaprospira

L. masc. adjective *similis*, similar; L. fem. n. *Saprospira*, An existing genus; *Similisaprospira*: A genus related to but distinct from the existing genus Saprospira of similar.

Similisarcina

L. masc. adjective *similis*, similar; L. fem. n. *Sarcina*, An existing genus; *Similisarcina*: A genus related to but distinct from the existing genus Sarcina of similar.

Similisarcobium

L. masc. adjective *similis*, similar; L. neut. n. *Sarcobium*, An existing genus; *Similisarcobium*: A genus related to but distinct from the existing genus Sarcobium of similar.

Similisavagea

L. masc. adjective *similis*, similar; L. fem. n. *Savagea*, An existing genus; *Similisavagea*: A genus related to but distinct from the existing genus Savagea of similar.

Similisaxeibacter

L. masc. adjective *similis*, similar; L. masc. n. *Saxeibacter*, An existing genus; *Similisaxeibacter*: A genus related to but distinct from the existing genus Saxeibacter of similar.

Similiscandinavium

L. masc. adjective *similis*, similar; L. neut. n. *Scandinavium*, An existing genus; *Similiscandinavium*: A genus related to but distinct from the existing genus Scandinavium of similar.

Similiscardovia

L. masc. adjective *similis*, similar; L. fem. n. *Scardovia*, An existing genus; *Similiscardovia*: A genus related to but distinct from the existing genus Scardovia of similar.

Similischaalia

L. masc. adjective *similis*, similar; L. fem. n. *Schaalia*, An existing genus; *Similischaalia*: A genus related to but distinct from the existing genus Schaalia of similar.

Similischaedlerella

L. masc. adjective *similis*, similar; L. fem. dim. n. *Schaedlerella*, An existing genus; *Similischaedlerella*: A genus related to but distinct from the existing genus Schaedlerella of similar.

Similischineria

L. masc. adjective *similis*, similar; L. fem. n. *Schineria*, An existing genus; *Similischineria*: A genus related to but distinct from the existing genus Schineria of similar.

Similischlegelella

L. masc. adjective *similis*, similar; L. fem. dim. n. *Schlegelella*, An existing genus; *Similischlegelella*: A genus related to but distinct from the existing genus Schlegelella of similar.

Similischleiferella

L. masc. adjective *similis*, similar; L. fem. dim. n. *Schleiferella*, An existing genus; *Similischleiferella*: A genus related to but distinct from the existing genus Schleiferella of similar.

Similischleiferia

L. masc. adjective *similis*, similar; L. fem. n. *Schleiferia*, An existing genus; *Similischleiferia*: A genus related to but distinct from the existing genus Schleiferia of similar.

Similischleiferilactobacillus

L. masc. adjective *similis*, similar; L. masc. n. *Schleiferilactobacillus*, An existing genus; *Similischleiferilactobacillus*: A genus related to but distinct from the existing genus Schleiferilactobacillus of similar.

Similischlesneria

L. masc. adjective *similis*, similar; L. fem. n. *Schlesneria*, An existing genus; *Similischlesneria*: A genus related to but distinct from the existing genus Schlesneria of similar.

Similischnuerera

L. masc. adjective *similis*, similar; L. fem. n. *Schnuerera*, An existing genus; *Similischnuerera*: A genus related to but distinct from the existing genus Schnuerera of similar.

Similischumannella

L. masc. adjective *similis*, similar; L. fem. dim. n. *Schumannella*, An existing genus; *Similischumannella*: A genus related to but distinct from the existing genus Schumannella of similar.

Similischwartzia

L. masc. adjective *similis*, similar; L. fem. n. *Schwartzia*, An existing genus; *Similischwartzia*: A genus related to but distinct from the existing genus Schwartzia of similar.

Similisciscionella

L. masc. adjective *similis*, similar; L. fem. dim. n. *Sciscionella*, An existing genus; *Similisciscionella*: A genus related to but distinct from the existing genus Sciscionella of similar.

Similiscopulibacillus

L. masc. adjective *similis*, similar; L. masc. n. *Scopulibacillus*, An existing genus; *Similiscopulibacillus*: A genus related to but distinct from the existing genus Scopulibacillus of similar.

Similiscytolyngbya

L. masc. adjective *similis*, similar; L. fem. n. *Scytolyngbya*, An existing genus; *Similiscytolyngbya*: A genus related to but distinct from the existing genus Scytolyngbya of similar.

Similisebaldella

L. masc. adjective *similis*, similar; L. fem. dim. n. *Sebaldella*, An existing genus; *Similisebaldella*: A genus related to but distinct from the existing genus Sebaldella of similar.

Similisecundilactobacillus

L. masc. adjective *similis*, similar; L. masc. n. *Secundilactobacillus*, An existing genus; *Similisecundilactobacillus*: A genus related to but distinct from the existing genus Secundilactobacillus of similar.

Similisedimentibacter

L. masc. adjective *similis*, similar; L. masc. n. *Sedimentibacter*, An existing genus; *Similisedimentibacter*: A genus related to but distinct from the existing genus Sedimentibacter of similar.

Similisedimenticola

L. masc. adjective *similis*, similar; L. masc. n. *Sedimenticola*, An existing genus; *Similisedimenticola*: A genus related to but distinct from the existing genus Sedimenticola of similar.

Similisedimentisphaera

L. masc. adjective *similis*, similar; L. fem. n. *Sedimentisphaera*, An existing genus; *Similisedimentisphaera*: A genus related to but distinct from the existing genus Sedimentisphaera of similar.

Similisedimentitalea

L. masc. adjective *similis*, similar; L. fem. n. *Sedimentitalea*, An existing genus; *Similisedimentitalea*: A genus related to but distinct from the existing genus Sedimentitalea of similar.

Similisediminibacillus

L. masc. adjective *similis*, similar; L. masc. n. *Sediminibacillus*, An existing genus; *Similisediminibacillus*: A genus related to but distinct from the existing genus Sediminibacillus of similar.

Similisediminibacter

L. masc. adjective *similis*, similar; L. masc. n. *Sediminibacter*, An existing genus; *Similisediminibacter*: A genus related to but distinct from the existing genus Sediminibacter of similar.

Similisediminibacterium

L. masc. adjective *similis*, similar; L. neut. n. *Sediminibacterium*, An existing genus; *Similisediminibacterium*: A genus related to but distinct from the existing genus Sediminibacterium of similar.

Similisediminicoccus

L. masc. adjective *similis*, similar; L. masc. n. *Sediminicoccus*, An existing genus; *Similisediminicoccus*: A genus related to but distinct from the existing genus Sediminicoccus of similar.

Similisediminicola

L. masc. adjective *similis*, similar; L. masc. n. *Sediminicola*, An existing genus; *Similisediminicola*: A genus related to but distinct from the existing genus Sediminicola of similar.

Similisediminihabitans

L. masc. adjective *similis*, similar; L. masc. n. *Sediminihabitans*, An existing genus; *Similisediminihabitans*: A genus related to but distinct from the existing genus Sediminihabitans of similar.

Similisediminimonas

L. masc. adjective *similis*, similar; L. fem. n. *Sediminimonas*, An existing genus; *Similisediminimonas*: A genus related to but distinct from the existing genus Sediminimonas of similar.

Similisediminispirochaeta

L. masc. adjective *similis*, similar; L. fem. n. *Sediminispirochaeta*, An existing genus; *Similisediminispirochaeta*: A genus related to but distinct from the existing genus Sediminispirochaeta of similar.

Similisediminitomix

L. masc. adjective *similis*, similar; L. fem. n. *Sediminitomix*, An existing genus; *Similisediminitomix*: A genus related to but distinct from the existing genus Sediminitomix of similar.

Similisediminivirga

L. masc. adjective *similis*, similar; L. fem. n. *Sediminivirga*, An existing genus; *Similisediminivirga*: A genus related to but distinct from the existing genus Sediminivirga of similar.

Similisegeticoccus

L. masc. adjective *similis*, similar; L. masc. n. *Segeticoccus*, An existing genus; *Similisegeticoccus*: A genus related to but distinct from the existing genus Segeticoccus of similar.

Similisegniliparus

L. masc. adjective *similis*, similar; L. masc. n. *Segniliparus*, An existing genus; *Similisegniliparus*: A genus related to but distinct from the existing genus Segniliparus of similar.

Similisegnochrobactrum

L. masc. adjective *similis*, similar; L. neut. n. *Segnochrobactrum*, An existing genus; *Similisegnochrobactrum*: A genus related to but distinct from the existing genus Segnochrobactrum of similar.

Similiseinonella

L. masc. adjective *similis*, similar; L. fem. dim. n. *Seinonella*, An existing genus; *Similiseinonella*: A genus related to but distinct from the existing genus Seinonella of similar.

Similisejongia

L. masc. adjective *similis*, similar; L. fem. n. *Sejongia*, An existing genus; *Similisejongia*: A genus related to but distinct from the existing genus Sejongia of similar.

Similiselenihalanaerobacter

L. masc. adjective *similis*, similar; L. masc. n. *Selenihalanaerobacter*, An existing genus; *Similiselenihalanaerobacter*: A genus related to but distinct from the existing genus Selenihalanaerobacter of similar.

Similiseleniivibrio

L. masc. adjective *similis*, similar; L. masc. n. *Seleniivibrio*, An existing genus; *Similiseleniivibrio*: A genus related to but distinct from the existing genus Seleniivibrio of similar.

Similiselenomonas

L. masc. adjective *similis*, similar; L. fem. n. *Selenomonas*, An existing genus; *Similiselenomonas*: A genus related to but distinct from the existing genus Selenomonas of similar.

Similiseliberia

L. masc. adjective *similis*, similar; L. fem. n. *Seliberia*, An existing genus; *Similiseliberia*: A genus related to but distinct from the existing genus Seliberia of similar.

Similisellimonas

L. masc. adjective *similis*, similar; L. fem. n. *Sellimonas*, An existing genus; *Similisellimonas*: A genus related to but distinct from the existing genus Sellimonas of similar.

Similisenegalimassilia

L. masc. adjective *similis*, similar; L. fem. n. *Senegalimassilia*, An existing genus; *Similisenegalimassilia*: A genus related to but distinct from the existing genus Senegalimassilia of similar.

Similiseohaeicola

L. masc. adjective *similis*, similar; L. masc. n. *Seohaeicola*, An existing genus; *Similiseohaeicola*: A genus related to but distinct from the existing genus Seohaeicola of similar.

Similiseonamhaeicola

L. masc. adjective *similis*, similar; L. masc. n. *Seonamhaeicola*, An existing genus; *Similiseonamhaeicola*: A genus related to but distinct from the existing genus Seonamhaeicola of similar.

Similiseongchinamella

L. masc. adjective *similis*, similar; L. fem. dim. n. *Seongchinamella*, An existing genus; *Similiseongchinamella*: A genus related to but distinct from the existing genus Seongchinamella of similar.

Similiserinibacter

L. masc. adjective *similis*, similar; L. masc. n. *Serinibacter*, An existing genus; *Similiserinibacter*: A genus related to but distinct from the existing genus Serinibacter of similar.

Similiserinicoccus

L. masc. adjective *similis*, similar; L. masc. n. *Serinicoccus*, An existing genus; *Similiserinicoccus*: A genus related to but distinct from the existing genus Serinicoccus of similar.

Similiserpentinicella

L. masc. adjective *similis*, similar; L. fem. n. *Serpentinicella*, An existing genus; *Similiserpentinicella*: A genus related to but distinct from the existing genus Serpentinicella of similar.

Similiserpulina

L. masc. adjective *similis*, similar; L. fem. n. *Serpulina*, An existing genus; *Similiserpulina*: A genus related to but distinct from the existing genus Serpulina of similar.

Similiserratia

L. masc. adjective *similis*, similar; L. fem. n. *Serratia*, An existing genus; *Similiserratia*: A genus related to but distinct from the existing genus Serratia of similar.

Similishackletoniella

L. masc. adjective *similis*, similar; L. fem. dim. n. *Shackletoniella*, An existing genus; *Similishackletoniella*: A genus related to but distinct from the existing genus Shackletoniella of similar.

Similisharpea

L. masc. adjective *similis*, similar; L. fem. n. *Sharpea*, An existing genus; *Similisharpea*: A genus related to but distinct from the existing genus Sharpea of similar.

Similishewanella

L. masc. adjective *similis*, similar; L. fem. dim. n. *Shewanella*, An existing genus; *Similishewanella*: A genus related to but distinct from the existing genus Shewanella of similar.

Similishigella

L. masc. adjective *similis*, similar; L. fem. dim. n. *Shigella*, An existing genus; *Similishigella*: A genus related to but distinct from the existing genus Shigella of similar.

Similishimazuella

L. masc. adjective *similis*, similar; L. fem. dim. n. *Shimazuella*, An existing genus; *Similishimazuella*: A genus related to but distinct from the existing genus Shimazuella of similar.

Similishimia

L. masc. adjective *similis*, similar; L. fem. n. *Shimia*, An existing genus; *Similishimia*: A genus related to but distinct from the existing genus Shimia of similar.

Similishimwellia

L. masc. adjective *similis*, similar; L. fem. n. *Shimwellia*, An existing genus; *Similishimwellia*: A genus related to but distinct from the existing genus Shimwellia of similar.

Similishinella

L. masc. adjective *similis*, similar; L. fem. dim. n. *Shinella*, An existing genus; *Similishinella*: A genus related to but distinct from the existing genus Shinella of similar.

Similishivajiella

L. masc. adjective *similis*, similar; L. fem. dim. n. *Shivajiella*, An existing genus; *Similishivajiella*: A genus related to but distinct from the existing genus Shivajiella of similar.

Similishuttleworthia

L. masc. adjective *similis*, similar; L. fem. n. *Shuttleworthia*, An existing genus; *Similishuttleworthia*: A genus related to but distinct from the existing genus Shuttleworthia of similar.

Similisiccirubricoccus

L. masc. adjective *similis*, similar; L. masc. n. *Siccirubricoccus*, An existing genus; *Similisiccirubricoccus*: A genus related to but distinct from the existing genus Siccirubricoccus of similar.

Similisilanimonas

L. masc. adjective *similis*, similar; L. fem. n. *Silanimonas*, An existing genus; *Similisilanimonas*: A genus related to but distinct from the existing genus Silanimonas of similar.

Similisilicibacter

L. masc. adjective *similis*, similar; L. masc. n. *Silicibacter*, An existing genus; *Similisilicibacter*: A genus related to but distinct from the existing genus Silicibacter of similar.

Similisilicimonas

L. masc. adjective *similis*, similar; L. fem. n. *Silicimonas*, An existing genus; *Similisilicimonas*: A genus related to but distinct from the existing genus Silicimonas of similar.

Similisilvanigrella

L. masc. adjective *similis*, similar; L. fem. dim. n. *Silvanigrella*, An existing genus; *Similisilvanigrella*: A genus related to but distinct from the existing genus Silvanigrella of similar.

Similisilvibacterium

L. masc. adjective *similis*, similar; L. neut. n. *Silvibacterium*, An existing genus; *Similisilvibacterium*: A genus related to but distinct from the existing genus Silvibacterium of similar.

Similisilvimonas

L. masc. adjective *similis*, similar; L. fem. n. *Silvimonas*, An existing genus; *Similisilvimonas*: A genus related to but distinct from the existing genus Silvimonas of similar.

Similisimiduia

L. masc. adjective *similis*, similar; L. fem. n. *Simiduia*, An existing genus; *Similisimiduia*: A genus related to but distinct from the existing genus Simiduia of similar.

Similisimkania

L. masc. adjective *similis*, similar; L. fem. n. *Simkania*, An existing genus; *Similisimkania*: A genus related to but distinct from the existing genus Simkania of similar.

Similisimonsiella

L. masc. adjective *similis*, similar; L. fem. dim. n. *Simonsiella*, An existing genus; *Similisimonsiella*: A genus related to but distinct from the existing genus Simonsiella of similar.

Similisimplicispira

L. masc. adjective *similis*, similar; L. fem. n. *Simplicispira*, An existing genus; *Similisimplicispira*: A genus related to but distinct from the existing genus Simplicispira of similar.

Similisimulacricoccus

L. masc. adjective *similis*, similar; L. masc. n. *Simulacricoccus*, An existing genus; *Similisimulacricoccus*: A genus related to but distinct from the existing genus Simulacricoccus of similar.

Similisingularimonas

L. masc. adjective *similis*, similar; L. fem. n. *Singularimonas*, An existing genus; *Similisingularimonas*: A genus related to but distinct from the existing genus Singularimonas of similar.

Similisingulisphaera

L. masc. adjective *similis*, similar; L. fem. n. *Singulisphaera*, An existing genus; *Similisingulisphaera*: A genus related to but distinct from the existing genus Singulisphaera of similar.

Similisinibacillus

L. masc. adjective *similis*, similar; L. masc. n. *Sinibacillus*, An existing genus; *Similisinibacillus*: A genus related to but distinct from the existing genus Sinibacillus of similar.

Similisinimarinibacterium

L. masc. adjective *similis*, similar; L. neut. n. *Sinimarinibacterium*, An existing genus; *Similisinimarinibacterium*: A genus related to but distinct from the existing genus Sinimarinibacterium of similar.

Similisinobaca

L. masc. adjective *similis*, similar; L. fem. n. *Sinobaca*, An existing genus; *Similisinobaca*: A genus related to but distinct from the existing genus Sinobaca of similar.

Similisinobacter

L. masc. adjective *similis*, similar; L. masc. n. *Sinobacter*, An existing genus; *Similisinobacter*: A genus related to but distinct from the existing genus Sinobacter of similar.

Similisinobacterium

L. masc. adjective *similis*, similar; L. neut. n. *Sinobacterium*, An existing genus; *Similisinobacterium*: A genus related to but distinct from the existing genus Sinobacterium of similar.

Similisinococcus

L. masc. adjective *similis*, similar; L. masc. n. *Sinococcus*, An existing genus; *Similisinococcus*: A genus related to but distinct from the existing genus Sinococcus of similar.

Similisinomicrobium

L. masc. adjective *similis*, similar; L. neut. n. *Sinomicrobium*, An existing genus; *Similisinomicrobium*: A genus related to but distinct from the existing genus Sinomicrobium of similar.

Similisinorhizobium

L. masc. adjective *similis*, similar; L. neut. n. *Sinorhizobium*, An existing genus; *Similisinorhizobium*: A genus related to but distinct from the existing genus Sinorhizobium of similar.

Similisinosporangium

L. masc. adjective *similis*, similar; L. neut. n. *Sinosporangium*, An existing genus; *Similisinosporangium*: A genus related to but distinct from the existing genus Sinosporangium of similar.

Similisiphonobacter

L. masc. adjective *similis*, similar; L. masc. n. *Siphonobacter*, An existing genus; *Similisiphonobacter*: A genus related to but distinct from the existing genus Siphonobacter of similar.

Similiskermanella

L. masc. adjective *similis*, similar; L. fem. dim. n. *Skermanella*, An existing genus; *Similiskermanella*: A genus related to but distinct from the existing genus Skermanella of similar.

Similiskermania

L. masc. adjective *similis*, similar; L. fem. n. *Skermania*, An existing genus; *Similiskermania*: A genus related to but distinct from the existing genus Skermania of similar.

Similislackia

L. masc. adjective *similis*, similar; L. fem. n. *Slackia*, An existing genus; *Similislackia*: A genus related to but distinct from the existing genus Slackia of similar.

Similismaragdicoccus

L. masc. adjective *similis*, similar; L. masc. n. *Smaragdicoccus*, An existing genus; *Similismaragdicoccus*: A genus related to but distinct from the existing genus Smaragdicoccus of similar.

Similismithella

L. masc. adjective *similis*, similar; L. fem. dim. n. *Smithella*, An existing genus; *Similismithella*: A genus related to but distinct from the existing genus Smithella of similar.

Similisneathia

L. masc. adjective *similis*, similar; L. fem. n. *Sneathia*, An existing genus; *Similisneathia*: A genus related to but distinct from the existing genus Sneathia of similar.

Similisneathiella

L. masc. adjective *similis*, similar; L. fem. dim. n. *Sneathiella*, An existing genus; *Similisneathiella*: A genus related to but distinct from the existing genus Sneathiella of similar.

Similisnodgrassella

L. masc. adjective *similis*, similar; L. fem. dim. n. *Snodgrassella*, An existing genus; *Similisnodgrassella*: A genus related to but distinct from the existing genus Snodgrassella of similar.

Similisnuella

L. masc. adjective *similis*, similar; L. fem. dim. n. *Snuella*, An existing genus; *Similisnuella*: A genus related to but distinct from the existing genus Snuella of similar.

Similisodaleptolyngbya

L. masc. adjective *similis*, similar; L. fem. n. *Sodaleptolyngbya*, An existing genus; *Similisodaleptolyngbya*: A genus related to but distinct from the existing genus Sodaleptolyngbya of similar.

Similisodalinema

L. masc. adjective *similis*, similar; L. neut. n. *Sodalinema*, An existing genus; *Similisodalinema*: A genus related to but distinct from the existing genus Sodalinema of similar.

Similisoehngenia

L. masc. adjective *similis*, similar; L. fem. n. *Soehngenia*, An existing genus; *Similisoehngenia*: A genus related to but distinct from the existing genus Soehngenia of similar.

Similisolentia

L. masc. adjective *similis*, similar; L. fem. n. *Solentia*, An existing genus; *Similisolentia*: A genus related to but distinct from the existing genus Solentia of similar.

Similisolibacillus

L. masc. adjective *similis*, similar; L. masc. n. *Solibacillus*, An existing genus; *Similisolibacillus*: A genus related to but distinct from the existing genus Solibacillus of similar.

Similisolimicrobium

L. masc. adjective *similis*, similar; L. neut. n. *Solimicrobium*, An existing genus; *Similisolimicrobium*: A genus related to but distinct from the existing genus Solimicrobium of similar.

Similisolirhodobacter

L. masc. adjective *similis*, similar; L. masc. n. *Solirhodobacter*, An existing genus; *Similisolirhodobacter*: A genus related to but distinct from the existing genus Solirhodobacter of similar.

Similisolirubrobacter

L. masc. adjective *similis*, similar; L. masc. n. *Solirubrobacter*, An existing genus; *Similisolirubrobacter*: A genus related to but distinct from the existing genus Solirubrobacter of similar.

Similisolitalea

L. masc. adjective *similis*, similar; L. fem. n. *Solitalea*, An existing genus; *Similisolitalea*: A genus related to but distinct from the existing genus Solitalea of similar.

Similisolobacterium

L. masc. adjective *similis*, similar; L. neut. n. *Solobacterium*, An existing genus; *Similisolobacterium*: A genus related to but distinct from the existing genus Solobacterium of similar.

Similisoonwooa

L. masc. adjective *similis*, similar; L. fem. n. *Soonwooa*, An existing genus; *Similisoonwooa*: A genus related to but distinct from the existing genus Soonwooa of similar.

Similisoortia

L. masc. adjective *similis*, similar; L. fem. n. *Soortia*, An existing genus; *Similisoortia*: A genus related to but distinct from the existing genus Soortia of similar.

Similisorangium

L. masc. adjective *similis*, similar; L. neut. n. *Sorangium*, An existing genus; *Similisorangium*: A genus related to but distinct from the existing genus Sorangium of similar.

Similispecibacter

L. masc. adjective *similis*, similar; L. masc. n. *Specibacter*, An existing genus; *Similispecibacter*: A genus related to but distinct from the existing genus Specibacter of similar.

Similispelaeicoccus

L. masc. adjective *similis*, similar; L. masc. n. *Spelaeicoccus*, An existing genus; *Similispelaeicoccus*: A genus related to but distinct from the existing genus Spelaeicoccus of similar.

Similispelaeonaias

L. masc. adjective *similis*, similar; L. fem. n. *Spelaeonaias*, An existing genus; *Similispelaeonaias*: A genus related to but distinct from the existing genus Spelaeonaias of similar.

Similisphaerimonospora

L. masc. adjective *similis*, similar; L. fem. n. *Sphaerimonospora*, An existing genus; *Similisphaerimonospora*: A genus related to but distinct from the existing genus Sphaerimonospora of similar.

Similisphaerisporangium

L. masc. adjective *similis*, similar; L. neut. n. *Sphaerisporangium*, An existing genus; *Similisphaerisporangium*: A genus related to but distinct from the existing genus Sphaerisporangium of similar.

Similisphaerobacter

L. masc. adjective *similis*, similar; L. masc. n. *Sphaerobacter*, An existing genus; *Similisphaerobacter*: A genus related to but distinct from the existing genus Sphaerobacter of similar.

Similisphaerocavum

L. masc. adjective *similis*, similar; L. neut. n. *Sphaerocavum*, An existing genus; *Similisphaerocavum*: A genus related to but distinct from the existing genus Sphaerocavum of similar.

Similisphaerochaeta

L. masc. adjective *similis*, similar; L. fem. n. *Sphaerochaeta*, An existing genus; *Similisphaerochaeta*: A genus related to but distinct from the existing genus Sphaerochaeta of similar.

Similisphaerotilus

L. masc. adjective *similis*, similar; L. masc. n. *Sphaerotilus*, An existing genus; *Similisphaerotilus*: A genus related to but distinct from the existing genus Sphaerotilus of similar.

Similisphingoaurantiacus

L. masc. adjective *similis*, similar; L. masc. n. *Sphingoaurantiacus*, An existing genus; *Similisphingoaurantiacus*: A genus related to but distinct from the existing genus Sphingoaurantiacus of similar.

Similisphingobacterium

L. masc. adjective *similis*, similar; L. neut. n. *Sphingobacterium*, An existing genus; *Similisphingobacterium*: A genus related to but distinct from the existing genus Sphingobacterium of similar.

Similisphingobium

L. masc. adjective *similis*, similar; L. neut. n. *Sphingobium*, An existing genus; *Similisphingobium*: A genus related to but distinct from the existing genus Sphingobium of similar.

Similisphingomicrobium

L. masc. adjective *similis*, similar; L. neut. n. *Sphingomicrobium*, An existing genus; *Similisphingomicrobium*: A genus related to but distinct from the existing genus Sphingomicrobium of similar.

Similisphingomonas

L. masc. adjective *similis*, similar; L. fem. n. *Sphingomonas*, An existing genus; *Similisphingomonas*: A genus related to but distinct from the existing genus Sphingomonas of similar.

Similisphingopyxis

L. masc. adjective *similis*, similar; L. fem. n. *Sphingopyxis*, An existing genus; *Similisphingopyxis*: A genus related to but distinct from the existing genus Sphingopyxis of similar.

Similisphingorhabdus

L. masc. adjective *similis*, similar; L. fem. n. *Sphingorhabdus*, An existing genus; *Similisphingorhabdus*: A genus related to but distinct from the existing genus Sphingorhabdus of similar.

Similisphingosinicella

L. masc. adjective *similis*, similar; L. fem. n. *Sphingosinicella*, An existing genus; *Similisphingosinicella*: A genus related to but distinct from the existing genus Sphingosinicella of similar.

Similisphingosinithalassobacter

L. masc. adjective *similis*, similar; L. masc. n. *Sphingosinithalassobacter*, An existing genus; *Similisphingosinithalassobacter*: A genus related to but distinct from the existing genus Sphingosinithalassobacter of similar.

Similispinactinospora

L. masc. adjective *similis*, similar; L. fem. n. *Spinactinospora*, An existing genus; *Similispinactinospora*: A genus related to but distinct from the existing genus Spinactinospora of similar.

Similispirilliplanes

L. masc. adjective *similis*, similar; L. masc. n. *Spirilliplanes*, An existing genus; *Similispirilliplanes*: A genus related to but distinct from the existing genus Spirilliplanes of similar.

Similispirillospora

L. masc. adjective *similis*, similar; L. fem. n. *Spirillospora*, An existing genus; *Similispirillospora*: A genus related to but distinct from the existing genus Spirillospora of similar.

Similispirochaeta

L. masc. adjective *similis*, similar; L. fem. n. *Spirochaeta*, An existing genus; *Similispirochaeta*: A genus related to but distinct from the existing genus Spirochaeta of similar.

Similispiroplasma

L. masc. adjective *similis*, similar; L. neut. n. *Spiroplasma*, An existing genus; *Similispiroplasma*: A genus related to but distinct from the existing genus Spiroplasma of similar.

Similispirosoma

L. masc. adjective *similis*, similar; L. neut. n. *Spirosoma*, An existing genus; *Similispirosoma*: A genus related to but distinct from the existing genus Spirosoma of similar.

Similispodiobacter

L. masc. adjective *similis*, similar; L. masc. n. *Spodiobacter*, An existing genus; *Similispodiobacter*: A genus related to but distinct from the existing genus Spodiobacter of similar.

Similispongiactinospora

L. masc. adjective *similis*, similar; L. fem. n. *Spongiactinospora*, An existing genus; *Similispongiactinospora*: A genus related to but distinct from the existing genus Spongiactinospora of similar.

Similispongiibacter

L. masc. adjective *similis*, similar; L. masc. n. *Spongiibacter*, An existing genus; *Similispongiibacter*: A genus related to but distinct from the existing genus Spongiibacter of similar.

Similispongiibacterium

L. masc. adjective *similis*, similar; L. neut. n. *Spongiibacterium*, An existing genus; *Similispongiibacterium*: A genus related to but distinct from the existing genus Spongiibacterium of similar.

Similispongiiferula

L. masc. adjective *similis*, similar; L. fem. n. *Spongiiferula*, An existing genus; *Similispongiiferula*: A genus related to but distinct from the existing genus Spongiiferula of similar.

Similispongiimicrobium

L. masc. adjective *similis*, similar; L. neut. n. *Spongiimicrobium*, An existing genus; *Similispongiimicrobium*: A genus related to but distinct from the existing genus Spongiimicrobium of similar.

Similispongiimonas

L. masc. adjective *similis*, similar; L. fem. n. *Spongiimonas*, An existing genus; *Similispongiimonas*: A genus related to but distinct from the existing genus Spongiimonas of similar.

Similispongiispira

L. masc. adjective *similis*, similar; L. fem. n. *Spongiispira*, An existing genus; *Similispongiispira*: A genus related to but distinct from the existing genus Spongiispira of similar.

Similispongiivirga

L. masc. adjective *similis*, similar; L. fem. n. *Spongiivirga*, An existing genus; *Similispongiivirga*: A genus related to but distinct from the existing genus Spongiivirga of similar.

Similispongitalea

L. masc. adjective *similis*, similar; L. fem. n. *Spongitalea*, An existing genus; *Similispongitalea*: A genus related to but distinct from the existing genus Spongitalea of similar.

Similisporacetigenium

L. masc. adjective *similis*, similar; L. neut. n. *Sporacetigenium*, An existing genus; *Similisporacetigenium*: A genus related to but distinct from the existing genus Sporacetigenium of similar.

Similisporanaerobacter

L. masc. adjective *similis*, similar; L. masc. n. *Sporanaerobacter*, An existing genus; *Similisporanaerobacter*: A genus related to but distinct from the existing genus Sporanaerobacter of similar.

Similisporichthya

L. masc. adjective *similis*, similar; L. fem. n. *Sporichthya*, An existing genus; *Similisporichthya*: A genus related to but distinct from the existing genus Sporichthya of similar.

Similisporobacter

L. masc. adjective *similis*, similar; L. masc. n. *Sporobacter*, An existing genus; *Similisporobacter*: A genus related to but distinct from the existing genus Sporobacter of similar.

Similisporobacterium

L. masc. adjective *similis*, similar; L. neut. n. *Sporobacterium*, An existing genus; *Similisporobacterium*: A genus related to but distinct from the existing genus Sporobacterium of similar.

Similisporocytophaga

L. masc. adjective *similis*, similar; L. fem. n. *Sporocytophaga*, An existing genus; *Similisporocytophaga*: A genus related to but distinct from the existing genus Sporocytophaga of similar.

Similisporohalobacter

L. masc. adjective *similis*, similar; L. masc. n. *Sporohalobacter*, An existing genus; *Similisporohalobacter*: A genus related to but distinct from the existing genus Sporohalobacter of similar.

Similisporolactobacillus

L. masc. adjective *similis*, similar; L. masc. n. *Sporolactobacillus*, An existing genus; *Similisporolactobacillus*: A genus related to but distinct from the existing genus Sporolactobacillus of similar.

Similisporolituus

L. masc. adjective *similis*, similar; L. masc. n. *Sporolituus*, An existing genus; *Similisporolituus*: A genus related to but distinct from the existing genus Sporolituus of similar.

Similisporosalibacterium

L. masc. adjective *similis*, similar; L. neut. n. *Sporosalibacterium*, An existing genus; *Similisporosalibacterium*: A genus related to but distinct from the existing genus Sporosalibacterium of similar.

Similisporosarcina

L. masc. adjective *similis*, similar; L. fem. n. *Sporosarcina*, An existing genus; *Similisporosarcina*: A genus related to but distinct from the existing genus Sporosarcina of similar.

Similisporotalea

L. masc. adjective *similis*, similar; L. fem. n. *Sporotalea*, An existing genus; *Similisporotalea*: A genus related to but distinct from the existing genus Sporotalea of similar.

Similisporotomaculum

L. masc. adjective *similis*, similar; L. neut. n. *Sporotomaculum*, An existing genus; *Similisporotomaculum*: A genus related to but distinct from the existing genus Sporotomaculum of similar.

Similistackebrandtia

L. masc. adjective *similis*, similar; L. fem. n. *Stackebrandtia*, An existing genus; *Similistackebrandtia*: A genus related to but distinct from the existing genus Stackebrandtia of similar.

Similistagnimonas

L. masc. adjective *similis*, similar; L. fem. n. *Stagnimonas*, An existing genus; *Similistagnimonas*: A genus related to but distinct from the existing genus Stagnimonas of similar.

Similistakelama

L. masc. adjective *similis*, similar; L. fem. n. *Stakelama*, An existing genus; *Similistakelama*: A genus related to but distinct from the existing genus Stakelama of similar.

Similistaleya

L. masc. adjective *similis*, similar; L. fem. n. *Staleya*, An existing genus; *Similistaleya*: A genus related to but distinct from the existing genus Staleya of similar.

Similistanierella

L. masc. adjective *similis*, similar; L. fem. dim. n. *Stanierella*, An existing genus; *Similistanierella*: A genus related to but distinct from the existing genus Stanierella of similar.

Similistaphylococcus

L. masc. adjective *similis*, similar; L. masc. n. *Staphylococcus*, An existing genus; *Similistaphylococcus*: A genus related to but distinct from the existing genus Staphylococcus of similar.

Similistaphylospora

L. masc. adjective *similis*, similar; L. fem. n. *Staphylospora*, An existing genus; *Similistaphylospora*: A genus related to but distinct from the existing genus Staphylospora of similar.

Similistaphylothermus

L. masc. adjective *similis*, similar; L. masc. n. *Staphylothermus*, An existing genus; *Similistaphylothermus*: A genus related to but distinct from the existing genus Staphylothermus of similar.

Similistappia

L. masc. adjective *similis*, similar; L. fem. n. *Stappia*, An existing genus; *Similistappia*: A genus related to but distinct from the existing genus Stappia of similar.

Similistarkeya

L. masc. adjective *similis*, similar; L. fem. n. *Starkeya*, An existing genus; *Similistarkeya*: A genus related to but distinct from the existing genus Starkeya of similar.

Similistarria

L. masc. adjective *similis*, similar; L. fem. n. *Starria*, An existing genus; *Similistarria*: A genus related to but distinct from the existing genus Starria of similar.

Similistella

L. masc. adjective *similis*, similar; L. fem. n. *Stella*, An existing genus; *Similistella*: A genus related to but distinct from the existing genus Stella of similar.

Similistenothermobacter

L. masc. adjective *similis*, similar; L. masc. n. *Stenothermobacter*, An existing genus; *Similistenothermobacter*: A genus related to but distinct from the existing genus Stenothermobacter of similar.

Similistenotrophobacter

L. masc. adjective *similis*, similar; L. masc. n. *Stenotrophobacter*, An existing genus; *Similistenotrophobacter*: A genus related to but distinct from the existing genus Stenotrophobacter of similar.

Similistenotrophobium

L. masc. adjective *similis*, similar; L. neut. n. *Stenotrophobium*, An existing genus; *Similistenotrophobium*: A genus related to but distinct from the existing genus Stenotrophobium of similar.

Similistenotrophomonas

L. masc. adjective *similis*, similar; L. fem. n. *Stenotrophomonas*, An existing genus; *Similistenotrophomonas*: A genus related to but distinct from the existing genus Stenotrophomonas of similar.

Similistenoxybacter

L. masc. adjective *similis*, similar; L. masc. n. *Stenoxybacter*, An existing genus; *Similistenoxybacter*: A genus related to but distinct from the existing genus Stenoxybacter of similar.

Similisteroidobacter

L. masc. adjective *similis*, similar; L. masc. n. *Steroidobacter*, An existing genus; *Similisteroidobacter*: A genus related to but distinct from the existing genus Steroidobacter of similar.

Similisterolibacterium

L. masc. adjective *similis*, similar; L. neut. n. *Sterolibacterium*, An existing genus; *Similisterolibacterium*: A genus related to but distinct from the existing genus Sterolibacterium of similar.

Similistetteria

L. masc. adjective *similis*, similar; L. fem. n. *Stetteria*, An existing genus; *Similistetteria*: A genus related to but distinct from the existing genus Stetteria of similar.

Similistigmatella

L. masc. adjective *similis*, similar; L. fem. dim. n. *Stigmatella*, An existing genus; *Similistigmatella*: A genus related to but distinct from the existing genus Stigmatella of similar.

Similistigonema

L. masc. adjective *similis*, similar; L. neut. n. *Stigonema*, An existing genus; *Similistigonema*: A genus related to but distinct from the existing genus Stigonema of similar.

Similistomatobaculum

L. masc. adjective *similis*, similar; L. neut. n. *Stomatobaculum*, An existing genus; *Similistomatobaculum*: A genus related to but distinct from the existing genus Stomatobaculum of similar.

Similistomatococcus

L. masc. adjective *similis*, similar; L. masc. n. *Stomatococcus*, An existing genus; *Similistomatococcus*: A genus related to but distinct from the existing genus Stomatococcus of similar.

Similistreptacidiphilus

L. masc. adjective *similis*, similar; L. masc. n. *Streptacidiphilus*, An existing genus; *Similistreptacidiphilus*: A genus related to but distinct from the existing genus Streptacidiphilus of similar.

Similistreptobacillus

L. masc. adjective *similis*, similar; L. masc. n. *Streptobacillus*, An existing genus; *Similistreptobacillus*: A genus related to but distinct from the existing genus Streptobacillus of similar.

Similistreptococcus

L. masc. adjective *similis*, similar; L. masc. n. *Streptococcus*, An existing genus; *Similistreptococcus*: A genus related to but distinct from the existing genus Streptococcus of similar.

Similistreptohalobacillus

L. masc. adjective *similis*, similar; L. masc. n. *Streptohalobacillus*, An existing genus; *Similistreptohalobacillus*: A genus related to but distinct from the existing genus Streptohalobacillus of similar.

Similistreptomonospora

L. masc. adjective *similis*, similar; L. fem. n. *Streptomonospora*, An existing genus; *Similistreptomonospora*: A genus related to but distinct from the existing genus Streptomonospora of similar.

Similistreptomyces

L. masc. adjective *similis*, similar; L. masc. n. *Streptomyces*, An existing genus; *Similistreptomyces*: A genus related to but distinct from the existing genus Streptomyces of similar.

Similistreptosporangium

L. masc. adjective *similis*, similar; L. neut. n. *Streptosporangium*, An existing genus; *Similistreptosporangium*: A genus related to but distinct from the existing genus Streptosporangium of similar.

Similistreptoverticillium

L. masc. adjective *similis*, similar; L. neut. n. *Streptoverticillium*, An existing genus; *Similistreptoverticillium*: A genus related to but distinct from the existing genus Streptoverticillium of similar.

Similistygiolobus

L. masc. adjective *similis*, similar; L. masc. n. *Stygiolobus*, An existing genus; *Similistygiolobus*: A genus related to but distinct from the existing genus Stygiolobus of similar.

Similisubdoligranulum

L. masc. adjective *similis*, similar; L. neut. n. *Subdoligranulum*, An existing genus; *Similisubdoligranulum*: A genus related to but distinct from the existing genus Subdoligranulum of similar.

Similisubsaxibacter

L. masc. adjective *similis*, similar; L. masc. n. *Subsaxibacter*, An existing genus; *Similisubsaxibacter*: A genus related to but distinct from the existing genus Subsaxibacter of similar.

Similisubsaximicrobium

L. masc. adjective *similis*, similar; L. neut. n. *Subsaximicrobium*, An existing genus; *Similisubsaximicrobium*: A genus related to but distinct from the existing genus Subsaximicrobium of similar.

Similisuccinatimonas

L. masc. adjective *similis*, similar; L. fem. n. *Succinatimonas*, An existing genus; *Similisuccinatimonas*: A genus related to but distinct from the existing genus Succinatimonas of similar.

Similisucciniclasticum

L. masc. adjective *similis*, similar; L. neut. n. *Succiniclasticum*, An existing genus; *Similisucciniclasticum*: A genus related to but distinct from the existing genus Succiniclasticum of similar.

Similisuccinispira

L. masc. adjective *similis*, similar; L. fem. n. *Succinispira*, An existing genus; *Similisuccinispira*: A genus related to but distinct from the existing genus Succinispira of similar.

Similisuccinivibrio

L. masc. adjective *similis*, similar; L. masc. n. *Succinivibrio*, An existing genus; *Similisuccinivibrio*: A genus related to but distinct from the existing genus Succinivibrio of similar.

Similisufflavibacter

L. masc. adjective *similis*, similar; L. masc. n. *Sufflavibacter*, An existing genus; *Similisufflavibacter*: A genus related to but distinct from the existing genus Sufflavibacter of similar.

Similisuicoccus

L. masc. adjective *similis*, similar; L. masc. n. *Suicoccus*, An existing genus; *Similisuicoccus*: A genus related to but distinct from the existing genus Suicoccus of similar.

Similisulfitobacter

L. masc. adjective *similis*, similar; L. masc. n. *Sulfitobacter*, An existing genus; *Similisulfitobacter*: A genus related to but distinct from the existing genus Sulfitobacter of similar.

Similisulfodiicoccus

L. masc. adjective *similis*, similar; L. masc. n. *Sulfodiicoccus*, An existing genus; *Similisulfodiicoccus*: A genus related to but distinct from the existing genus Sulfodiicoccus of similar.

Similisulfolobus

L. masc. adjective *similis*, similar; L. masc. n. *Sulfolobus*, An existing genus; *Similisulfolobus*: A genus related to but distinct from the existing genus Sulfolobus of similar.

Similisulfophobococcus

L. masc. adjective *similis*, similar; L. masc. n. *Sulfophobococcus*, An existing genus; *Similisulfophobococcus*: A genus related to but distinct from the existing genus Sulfophobococcus of similar.

Similisulfuracidifex

L. masc. adjective *similis*, similar; L. masc. n. *Sulfuracidifex*, An existing genus; *Similisulfuracidifex*: A genus related to but distinct from the existing genus Sulfuracidifex of similar.

Similisulfuricella

L. masc. adjective *similis*, similar; L. fem. n. *Sulfuricella*, An existing genus; *Similisulfuricella*: A genus related to but distinct from the existing genus Sulfuricella of similar.

Similisulfuricurvum

L. masc. adjective *similis*, similar; L. neut. n. *Sulfuricurvum*, An existing genus; *Similisulfuricurvum*: A genus related to but distinct from the existing genus Sulfuricurvum of similar.

Similisulfuriferula

L. masc. adjective *similis*, similar; L. fem. n. *Sulfuriferula*, An existing genus; *Similisulfuriferula*: A genus related to but distinct from the existing genus Sulfuriferula of similar.

Similisulfuriflexus

L. masc. adjective *similis*, similar; L. masc. n. *Sulfuriflexus*, An existing genus; *Similisulfuriflexus*: A genus related to but distinct from the existing genus Sulfuriflexus of similar.

Similisulfurihydrogenibium

L. masc. adjective *similis*, similar; L. neut. n. *Sulfurihydrogenibium*, An existing genus; *Similisulfurihydrogenibium*: A genus related to but distinct from the existing genus Sulfurihydrogenibium of similar.

Similisulfurisphaera

L. masc. adjective *similis*, similar; L. fem. n. *Sulfurisphaera*, An existing genus; *Similisulfurisphaera*: A genus related to but distinct from the existing genus Sulfurisphaera of similar.

Similisulfuritortus

L. masc. adjective *similis*, similar; L. masc. n. *Sulfuritortus*, An existing genus; *Similisulfuritortus*: A genus related to but distinct from the existing genus Sulfuritortus of similar.

Similisulfurococcus

L. masc. adjective *similis*, similar; L. masc. n. *Sulfurococcus*, An existing genus; *Similisulfurococcus*: A genus related to but distinct from the existing genus Sulfurococcus of similar.

Similisulfurospirillum

L. masc. adjective *similis*, similar; L. neut. dim. n. *Sulfurospirillum*, An existing genus; *Similisulfurospirillum*: A genus related to but distinct from the existing genus Sulfurospirillum of similar.

Similisulfurovum

L. masc. adjective *similis*, similar; L. neut. n. *Sulfurovum*, An existing genus; *Similisulfurovum*: A genus related to but distinct from the existing genus Sulfurovum of similar.

Similisungkyunkwania

L. masc. adjective *similis*, similar; L. fem. n. *Sungkyunkwania*, An existing genus; *Similisungkyunkwania*: A genus related to but distinct from the existing genus Sungkyunkwania of similar.

Similisunxiuqinia

L. masc. adjective *similis*, similar; L. fem. n. *Sunxiuqinia*, An existing genus; *Similisunxiuqinia*: A genus related to but distinct from the existing genus Sunxiuqinia of similar.

Similisuperficieibacter

L. masc. adjective *similis*, similar; L. masc. n. *Superficieibacter*, An existing genus; *Similisuperficieibacter*: A genus related to but distinct from the existing genus Superficieibacter of similar.

Similisutterella

L. masc. adjective *similis*, similar; L. fem. dim. n. *Sutterella*, An existing genus; *Similisutterella*: A genus related to but distinct from the existing genus Sutterella of similar.

Similisuttonella

L. masc. adjective *similis*, similar; L. fem. dim. n. *Suttonella*, An existing genus; *Similisuttonella*: A genus related to but distinct from the existing genus Suttonella of similar.

Similiswaminathania

L. masc. adjective *similis*, similar; L. fem. n. *Swaminathania*, An existing genus; *Similiswaminathania*: A genus related to but distinct from the existing genus Swaminathania of similar.

Similiswingsia

L. masc. adjective *similis*, similar; L. fem. n. *Swingsia*, An existing genus; *Similiswingsia*: A genus related to but distinct from the existing genus Swingsia of similar.

Similiswionibacillus

L. masc. adjective *similis*, similar; L. masc. n. *Swionibacillus*, An existing genus; *Similiswionibacillus*: A genus related to but distinct from the existing genus Swionibacillus of similar.

Similisymbiobacterium

L. masc. adjective *similis*, similar; L. neut. n. *Symbiobacterium*, An existing genus; *Similisymbiobacterium*: A genus related to but distinct from the existing genus Symbiobacterium of similar.

Similisymbiotes

L. masc. adjective *similis*, similar; L. masc. n. *Symbiotes*, An existing genus; *Similisymbiotes*: A genus related to but distinct from the existing genus Symbiotes of similar.

Similisynechocystis

L. masc. adjective *similis*, similar; L. fem. n. *Synechocystis*, An existing genus; *Similisynechocystis*: A genus related to but distinct from the existing genus Synechocystis of similar.

Similisynergistes

L. masc. adjective *similis*, similar; L. masc. n. *Synergistes*, An existing genus; *Similisynergistes*: A genus related to but distinct from the existing genus Synergistes of similar.

Similisyntrophaceticus

L. masc. adjective *similis*, similar; L. masc. n. *Syntrophaceticus*, An existing genus; *Similisyntrophaceticus*: A genus related to but distinct from the existing genus Syntrophaceticus of similar.

Similisyntrophobacter

L. masc. adjective *similis*, similar; L. masc. n. *Syntrophobacter*, An existing genus; *Similisyntrophobacter*: A genus related to but distinct from the existing genus Syntrophobacter of similar.

Similisyntrophobotulus

L. masc. adjective *similis*, similar; L. masc. n. *Syntrophobotulus*, An existing genus; *Similisyntrophobotulus*: A genus related to but distinct from the existing genus Syntrophobotulus of similar.

Similisyntrophococcus

L. masc. adjective *similis*, similar; L. masc. n. *Syntrophococcus*, An existing genus; *Similisyntrophococcus*: A genus related to but distinct from the existing genus Syntrophococcus of similar.

Similisyntrophomonas

L. masc. adjective *similis*, similar; L. fem. n. *Syntrophomonas*, An existing genus; *Similisyntrophomonas*: A genus related to but distinct from the existing genus Syntrophomonas of similar.

Similisyntrophorhabdus

L. masc. adjective *similis*, similar; L. fem. n. *Syntrophorhabdus*, An existing genus; *Similisyntrophorhabdus*: A genus related to but distinct from the existing genus Syntrophorhabdus of similar.

Similisyntrophospora

L. masc. adjective *similis*, similar; L. fem. n. *Syntrophospora*, An existing genus; *Similisyntrophospora*: A genus related to but distinct from the existing genus Syntrophospora of similar.

Similisyntrophothermus

L. masc. adjective *similis*, similar; L. masc. n. *Syntrophothermus*, An existing genus; *Similisyntrophothermus*: A genus related to but distinct from the existing genus Syntrophothermus of similar.

Similisyntrophus

L. masc. adjective *similis*, similar; L. masc. n. *Syntrophus*, An existing genus; *Similisyntrophus*: A genus related to but distinct from the existing genus Syntrophus of similar.

Similitabrizicola

L. masc. adjective *similis*, similar; L. fem. n. *Tabrizicola*, An existing genus; *Similitabrizicola*: A genus related to but distinct from the existing genus Tabrizicola of similar.

Similitaeania

L. masc. adjective *similis*, similar; L. fem. n. *Taeania*, An existing genus; *Similitaeania*: A genus related to but distinct from the existing genus Taeania of similar.

Similitaeseokella

L. masc. adjective *similis*, similar; L. fem. dim. n. *Taeseokella*, An existing genus; *Similitaeseokella*: A genus related to but distinct from the existing genus Taeseokella of similar.

Similitagaea

L. masc. adjective *similis*, similar; L. fem. n. *Tagaea*, An existing genus; *Similitagaea*: A genus related to but distinct from the existing genus Tagaea of similar.

Similitahibacter

L. masc. adjective *similis*, similar; L. masc. n. *Tahibacter*, An existing genus; *Similitahibacter*: A genus related to but distinct from the existing genus Tahibacter of similar.

Similitaibaiella

L. masc. adjective *similis*, similar; L. fem. dim. n. *Taibaiella*, An existing genus; *Similitaibaiella*: A genus related to but distinct from the existing genus Taibaiella of similar.

Similitamaricihabitans

L. masc. adjective *similis*, similar; L. masc. n. *Tamaricihabitans*, An existing genus; *Similitamaricihabitans*: A genus related to but distinct from the existing genus Tamaricihabitans of similar.

Similitamilnaduibacter

L. masc. adjective *similis*, similar; L. masc. n. *Tamilnaduibacter*, An existing genus; *Similitamilnaduibacter*: A genus related to but distinct from the existing genus Tamilnaduibacter of similar.

Similitamlana

L. masc. adjective *similis*, similar; L. fem. n. *Tamlana*, An existing genus; *Similitamlana*: A genus related to but distinct from the existing genus Tamlana of similar.

Similitamlicoccus

L. masc. adjective *similis*, similar; L. masc. n. *Tamlicoccus*, An existing genus; *Similitamlicoccus*: A genus related to but distinct from the existing genus Tamlicoccus of similar.

Similitangfeifania

L. masc. adjective *similis*, similar; L. fem. n. *Tangfeifania*, An existing genus; *Similitangfeifania*: A genus related to but distinct from the existing genus Tangfeifania of similar.

Similitannerella

L. masc. adjective *similis*, similar; L. fem. dim. n. *Tannerella*, An existing genus; *Similitannerella*: A genus related to but distinct from the existing genus Tannerella of similar.

Similitanticharoenia

L. masc. adjective *similis*, similar; L. fem. n. *Tanticharoenia*, An existing genus; *Similitanticharoenia*: A genus related to but distinct from the existing genus Tanticharoenia of similar.

Similitaonella

L. masc. adjective *similis*, similar; L. fem. dim. n. *Taonella*, An existing genus; *Similitaonella*: A genus related to but distinct from the existing genus Taonella of similar.

Similitapinothrix

L. masc. adjective *similis*, similar; L. fem. n. *Tapinothrix*, An existing genus; *Similitapinothrix*: A genus related to but distinct from the existing genus Tapinothrix of similar.

Similitardiphaga

L. masc. adjective *similis*, similar; L. fem. n. *Tardiphaga*, An existing genus; *Similitardiphaga*: A genus related to but distinct from the existing genus Tardiphaga of similar.

Similitateyamaria

L. masc. adjective *similis*, similar; L. fem. n. *Tateyamaria*, An existing genus; *Similitateyamaria*: A genus related to but distinct from the existing genus Tateyamaria of similar.

Similitatlockia

L. masc. adjective *similis*, similar; L. fem. n. *Tatlockia*, An existing genus; *Similitatlockia*: A genus related to but distinct from the existing genus Tatlockia of similar.

Similitatumella

L. masc. adjective *similis*, similar; L. fem. dim. n. *Tatumella*, An existing genus; *Similitatumella*: A genus related to but distinct from the existing genus Tatumella of similar.

Similitautonia

L. masc. adjective *similis*, similar; L. fem. n. *Tautonia*, An existing genus; *Similitautonia*: A genus related to but distinct from the existing genus Tautonia of similar.

Similitaxeobacter

L. masc. adjective *similis*, similar; L. masc. n. *Taxeobacter*, An existing genus; *Similitaxeobacter*: A genus related to but distinct from the existing genus Taxeobacter of similar.

Similitaylorella

L. masc. adjective *similis*, similar; L. fem. dim. n. *Taylorella*, An existing genus; *Similitaylorella*: A genus related to but distinct from the existing genus Taylorella of similar.

Similitectibacter

L. masc. adjective *similis*, similar; L. masc. n. *Tectibacter*, An existing genus; *Similitectibacter*: A genus related to but distinct from the existing genus Tectibacter of similar.

Similiteichococcus

L. masc. adjective *similis*, similar; L. masc. n. *Teichococcus*, An existing genus; *Similiteichococcus*: A genus related to but distinct from the existing genus Teichococcus of similar.

Similitelluria

L. masc. adjective *similis*, similar; L. fem. n. *Telluria*, An existing genus; *Similitelluria*: A genus related to but distinct from the existing genus Telluria of similar.

Similitellurimicrobium

L. masc. adjective *similis*, similar; L. neut. n. *Tellurimicrobium*, An existing genus; *Similitellurimicrobium*: A genus related to but distinct from the existing genus Tellurimicrobium of similar.

Similitellurirhabdus

L. masc. adjective *similis*, similar; L. fem. n. *Tellurirhabdus*, An existing genus; *Similitellurirhabdus*: A genus related to but distinct from the existing genus Tellurirhabdus of similar.

Similitelmatobacter

L. masc. adjective *similis*, similar; L. masc. n. *Telmatobacter*, An existing genus; *Similitelmatobacter*: A genus related to but distinct from the existing genus Telmatobacter of similar.

Similitelmatocola

L. masc. adjective *similis*, similar; L. fem. n. *Telmatocola*, An existing genus; *Similitelmatocola*: A genus related to but distinct from the existing genus Telmatocola of similar.

Similitelmatospirillum

L. masc. adjective *similis*, similar; L. neut. dim. n. *Telmatospirillum*, An existing genus; *Similitelmatospirillum*: A genus related to but distinct from the existing genus Telmatospirillum of similar.

Similitemperatibacter

L. masc. adjective *similis*, similar; L. masc. n. *Temperatibacter*, An existing genus; *Similitemperatibacter*: A genus related to but distinct from the existing genus Temperatibacter of similar.

Similitenacibaculum

L. masc. adjective *similis*, similar; L. neut. n. *Tenacibaculum*, An existing genus; *Similitenacibaculum*: A genus related to but distinct from the existing genus Tenacibaculum of similar.

Similitenggerimyces

L. masc. adjective *similis*, similar; L. masc. n. *Tenggerimyces*, An existing genus; *Similitenggerimyces*: A genus related to but distinct from the existing genus Tenggerimyces of similar.

Similitengunoibacter

L. masc. adjective *similis*, similar; L. masc. n. *Tengunoibacter*, An existing genus; *Similitengunoibacter*: A genus related to but distinct from the existing genus Tengunoibacter of similar.

Similitenuibacillus

L. masc. adjective *similis*, similar; L. masc. n. *Tenuibacillus*, An existing genus; *Similitenuibacillus*: A genus related to but distinct from the existing genus Tenuibacillus of similar.

Similitepidamorphus

L. masc. adjective *similis*, similar; L. masc. n. *Tepidamorphus*, An existing genus; *Similitepidamorphus*: A genus related to but distinct from the existing genus Tepidamorphus of similar.

Similitepidanaerobacter

L. masc. adjective *similis*, similar; L. masc. n. *Tepidanaerobacter*, An existing genus; *Similitepidanaerobacter*: A genus related to but distinct from the existing genus Tepidanaerobacter of similar.

Similitepidicaulis

L. masc. adjective *similis*, similar; L. masc. n. *Tepidicaulis*, An existing genus; *Similitepidicaulis*: A genus related to but distinct from the existing genus Tepidicaulis of similar.

Similitepidicella

L. masc. adjective *similis*, similar; L. fem. n. *Tepidicella*, An existing genus; *Similitepidicella*: A genus related to but distinct from the existing genus Tepidicella of similar.

Similitepidiforma

L. masc. adjective *similis*, similar; L. fem. n. *Tepidiforma*, An existing genus; *Similitepidiforma*: A genus related to but distinct from the existing genus Tepidiforma of similar.

Similitepidimicrobium

L. masc. adjective *similis*, similar; L. neut. n. *Tepidimicrobium*, An existing genus; *Similitepidimicrobium*: A genus related to but distinct from the existing genus Tepidimicrobium of similar.

Similitepidiphilus

L. masc. adjective *similis*, similar; L. masc. n. *Tepidiphilus*, An existing genus; *Similitepidiphilus*: A genus related to but distinct from the existing genus Tepidiphilus of similar.

Similitepidisphaera

L. masc. adjective *similis*, similar; L. fem. n. *Tepidisphaera*, An existing genus; *Similitepidisphaera*: A genus related to but distinct from the existing genus Tepidisphaera of similar.

Similiterasakiella

L. masc. adjective *similis*, similar; L. fem. dim. n. *Terasakiella*, An existing genus; *Similiterasakiella*: A genus related to but distinct from the existing genus Terasakiella of similar.

Similiterasakiispira

L. masc. adjective *similis*, similar; L. fem. n. *Terasakiispira*, An existing genus; *Similiterasakiispira*: A genus related to but distinct from the existing genus Terasakiispira of similar.

Similiteredinibacter

L. masc. adjective *similis*, similar; L. masc. n. *Teredinibacter*, An existing genus; *Similiteredinibacter*: A genus related to but distinct from the existing genus Teredinibacter of similar.

Similiterrabacter

L. masc. adjective *similis*, similar; L. masc. n. *Terrabacter*, An existing genus; *Similiterrabacter*: A genus related to but distinct from the existing genus Terrabacter of similar.

Similiterracidiphilus

L. masc. adjective *similis*, similar; L. masc. n. *Terracidiphilus*, An existing genus; *Similiterracidiphilus*: A genus related to but distinct from the existing genus Terracidiphilus of similar.

Similiterracoccus

L. masc. adjective *similis*, similar; L. masc. n. *Terracoccus*, An existing genus; *Similiterracoccus*: A genus related to but distinct from the existing genus Terracoccus of similar.

Similiterribacillus

L. masc. adjective *similis*, similar; L. masc. n. *Terribacillus*, An existing genus; *Similiterribacillus*: A genus related to but distinct from the existing genus Terribacillus of similar.

Similiterriglobus

L. masc. adjective *similis*, similar; L. masc. n. *Terriglobus*, An existing genus; *Similiterriglobus*: A genus related to but distinct from the existing genus Terriglobus of similar.

Similiterrilactibacillus

L. masc. adjective *similis*, similar; L. masc. n. *Terrilactibacillus*, An existing genus; *Similiterrilactibacillus*: A genus related to but distinct from the existing genus Terrilactibacillus of similar.

Similiterrimicrobium

L. masc. adjective *similis*, similar; L. neut. n. *Terrimicrobium*, An existing genus; *Similiterrimicrobium*: A genus related to but distinct from the existing genus Terrimicrobium of similar.

Similiterrisporobacter

L. masc. adjective *similis*, similar; L. masc. n. *Terrisporobacter*, An existing genus; *Similiterrisporobacter*: A genus related to but distinct from the existing genus Terrisporobacter of similar.

Similitersicoccus

L. masc. adjective *similis*, similar; L. masc. n. *Tersicoccus*, An existing genus; *Similitersicoccus*: A genus related to but distinct from the existing genus Tersicoccus of similar.

Similitessaracoccus

L. masc. adjective *similis*, similar; L. masc. n. *Tessaracoccus*, An existing genus; *Similitessaracoccus*: A genus related to but distinct from the existing genus Tessaracoccus of similar.

Similitestudinibacter

L. masc. adjective *similis*, similar; L. masc. n. *Testudinibacter*, An existing genus; *Similitestudinibacter*: A genus related to but distinct from the existing genus Testudinibacter of similar.

Similitetracoccus

L. masc. adjective *similis*, similar; L. masc. n. *Tetracoccus*, An existing genus; *Similitetracoccus*: A genus related to but distinct from the existing genus Tetracoccus of similar.

Similitetragenococcus

L. masc. adjective *similis*, similar; L. masc. n. *Tetragenococcus*, An existing genus; *Similitetragenococcus*: A genus related to but distinct from the existing genus Tetragenococcus of similar.

Similitetrasphaera

L. masc. adjective *similis*, similar; L. fem. n. *Tetrasphaera*, An existing genus; *Similitetrasphaera*: A genus related to but distinct from the existing genus Tetrasphaera of similar.

Similitetrathiobacter

L. masc. adjective *similis*, similar; L. masc. n. *Tetrathiobacter*, An existing genus; *Similitetrathiobacter*: A genus related to but distinct from the existing genus Tetrathiobacter of similar.

Similitexcoconibacillus

L. masc. adjective *similis*, similar; L. masc. n. *Texcoconibacillus*, An existing genus; *Similitexcoconibacillus*: A genus related to but distinct from the existing genus Texcoconibacillus of similar.

Similithalassobacillus

L. masc. adjective *similis*, similar; L. masc. n. *Thalassobacillus*, An existing genus; *Similithalassobacillus*: A genus related to but distinct from the existing genus Thalassobacillus of similar.

Similithalassobacter

L. masc. adjective *similis*, similar; L. masc. n. *Thalassobacter*, An existing genus; *Similithalassobacter*: A genus related to but distinct from the existing genus Thalassobacter of similar.

Similithalassobaculum

L. masc. adjective *similis*, similar; L. neut. n. *Thalassobaculum*, An existing genus; *Similithalassobaculum*: A genus related to but distinct from the existing genus Thalassobaculum of similar.

Similithalassobius

L. masc. adjective *similis*, similar; L. masc. n. *Thalassobius*, An existing genus; *Similithalassobius*: A genus related to but distinct from the existing genus Thalassobius of similar.

Similithalassocella

L. masc. adjective *similis*, similar; L. fem. n. *Thalassocella*, An existing genus; *Similithalassocella*: A genus related to but distinct from the existing genus Thalassocella of similar.

Similithalassococcus

L. masc. adjective *similis*, similar; L. masc. n. *Thalassococcus*, An existing genus; *Similithalassococcus*: A genus related to but distinct from the existing genus Thalassococcus of similar.

Similithalassocola

L. masc. adjective *similis*, similar; L. fem. n. *Thalassocola*, An existing genus; *Similithalassocola*: A genus related to but distinct from the existing genus Thalassocola of similar.

Similithalassolituus

L. masc. adjective *similis*, similar; L. masc. n. *Thalassolituus*, An existing genus; *Similithalassolituus*: A genus related to but distinct from the existing genus Thalassolituus of similar.

Similithalassomonas

L. masc. adjective *similis*, similar; L. fem. n. *Thalassomonas*, An existing genus; *Similithalassomonas*: A genus related to but distinct from the existing genus Thalassomonas of similar.

Similithalassorhabdomicrobium

L. masc. adjective *similis*, similar; L. neut. n. *Thalassorhabdomicrobium*, An existing genus; *Similithalassorhabdomicrobium*: A genus related to but distinct from the existing genus Thalassorhabdomicrobium of similar.

Similithalassorhabdus

L. masc. adjective *similis*, similar; L. fem. n. *Thalassorhabdus*, An existing genus; *Similithalassorhabdus*: A genus related to but distinct from the existing genus Thalassorhabdus of similar.

Similithalassospira

L. masc. adjective *similis*, similar; L. fem. n. *Thalassospira*, An existing genus; *Similithalassospira*: A genus related to but distinct from the existing genus Thalassospira of similar.

Similithalassotalea

L. masc. adjective *similis*, similar; L. fem. n. *Thalassotalea*, An existing genus; *Similithalassotalea*: A genus related to but distinct from the existing genus Thalassotalea of similar.

Similithauera

L. masc. adjective *similis*, similar; L. fem. n. *Thauera*, An existing genus; *Similithauera*: A genus related to but distinct from the existing genus Thauera of similar.

Similithaumasiovibrio

L. masc. adjective *similis*, similar; L. masc. n. *Thaumasiovibrio*, An existing genus; *Similithaumasiovibrio*: A genus related to but distinct from the existing genus Thaumasiovibrio of similar.

Similithermacetogenium

L. masc. adjective *similis*, similar; L. neut. n. *Thermacetogenium*, An existing genus; *Similithermacetogenium*: A genus related to but distinct from the existing genus Thermacetogenium of similar.

Similithermaerobacter

L. masc. adjective *similis*, similar; L. masc. n. *Thermaerobacter*, An existing genus; *Similithermaerobacter*: A genus related to but distinct from the existing genus Thermaerobacter of similar.

Similithermalkalibacillus

L. masc. adjective *similis*, similar; L. masc. n. *Thermalkalibacillus*, An existing genus; *Similithermalkalibacillus*: A genus related to but distinct from the existing genus Thermalkalibacillus of similar.

Similithermanaeromonas

L. masc. adjective *similis*, similar; L. fem. n. *Thermanaeromonas*, An existing genus; *Similithermanaeromonas*: A genus related to but distinct from the existing genus Thermanaeromonas of similar.

Similithermanaerothrix

L. masc. adjective *similis*, similar; L. fem. n. *Thermanaerothrix*, An existing genus; *Similithermanaerothrix*: A genus related to but distinct from the existing genus Thermanaerothrix of similar.

Similithermanaerovibrio

L. masc. adjective *similis*, similar; L. masc. n. *Thermanaerovibrio*, An existing genus; *Similithermanaerovibrio*: A genus related to but distinct from the existing genus Thermanaerovibrio of similar.

Similithermasporomyces

L. masc. adjective *similis*, similar; L. masc. n. *Thermasporomyces*, An existing genus; *Similithermasporomyces*: A genus related to but distinct from the existing genus Thermasporomyces of similar.

Similithermaurantimonas

L. masc. adjective *similis*, similar; L. fem. n. *Thermaurantimonas*, An existing genus; *Similithermaurantimonas*: A genus related to but distinct from the existing genus Thermaurantimonas of similar.

Similithermithiobacillus

L. masc. adjective *similis*, similar; L. masc. n. *Thermithiobacillus*, An existing genus; *Similithermithiobacillus*: A genus related to but distinct from the existing genus Thermithiobacillus of similar.

Similithermoactinomyces

L. masc. adjective *similis*, similar; L. masc. n. *Thermoactinomyces*, An existing genus; *Similithermoactinomyces*: A genus related to but distinct from the existing genus Thermoactinomyces of similar.

Similithermoactinospora

L. masc. adjective *similis*, similar; L. fem. n. *Thermoactinospora*, An existing genus; *Similithermoactinospora*: A genus related to but distinct from the existing genus Thermoactinospora of similar.

Similithermoanaerobacter

L. masc. adjective *similis*, similar; L. masc. n. *Thermoanaerobacter*, An existing genus; *Similithermoanaerobacter*: A genus related to but distinct from the existing genus Thermoanaerobacter of similar.

Similithermoanaerobacterium

L. masc. adjective *similis*, similar; L. neut. n. *Thermoanaerobacterium*, An existing genus; *Similithermoanaerobacterium*: A genus related to but distinct from the existing genus Thermoanaerobacterium of similar.

Similithermoanaerobaculum

L. masc. adjective *similis*, similar; L. neut. n. *Thermoanaerobaculum*, An existing genus; *Similithermoanaerobaculum*: A genus related to but distinct from the existing genus Thermoanaerobaculum of similar.

Similithermoanaerobium

L. masc. adjective *similis*, similar; L. neut. n. *Thermoanaerobium*, An existing genus; *Similithermoanaerobium*: A genus related to but distinct from the existing genus Thermoanaerobium of similar.

Similithermobacillus

L. masc. adjective *similis*, similar; L. masc. n. *Thermobacillus*, An existing genus; *Similithermobacillus*: A genus related to but distinct from the existing genus Thermobacillus of similar.

Similithermobacteroides

L. masc. adjective *similis*, similar; L. masc. n. *Thermobacteroides*, An existing genus; *Similithermobacteroides*: A genus related to but distinct from the existing genus Thermobacteroides of similar.

Similithermobifida

L. masc. adjective *similis*, similar; L. fem. n. *Thermobifida*, An existing genus; *Similithermobifida*: A genus related to but distinct from the existing genus Thermobifida of similar.

Similithermobispora

L. masc. adjective *similis*, similar; L. fem. n. *Thermobispora*, An existing genus; *Similithermobispora*: A genus related to but distinct from the existing genus Thermobispora of similar.

Similithermobrachium

L. masc. adjective *similis*, similar; L. neut. n. *Thermobrachium*, An existing genus; *Similithermobrachium*: A genus related to but distinct from the existing genus Thermobrachium of similar.

Similithermocatellispora

L. masc. adjective *similis*, similar; L. fem. n. *Thermocatellispora*, An existing genus; *Similithermocatellispora*: A genus related to but distinct from the existing genus Thermocatellispora of similar.

Similithermochromatium

L. masc. adjective *similis*, similar; L. neut. n. *Thermochromatium*, An existing genus; *Similithermochromatium*: A genus related to but distinct from the existing genus Thermochromatium of similar.

Similithermocladium

L. masc. adjective *similis*, similar; L. neut. dim. n. *Thermocladium*, An existing genus; *Similithermocladium*: A genus related to but distinct from the existing genus Thermocladium of similar.

Similithermoclostridium

L. masc. adjective *similis*, similar; L. neut. dim. n. *Thermoclostridium*, An existing genus; *Similithermoclostridium*: A genus related to but distinct from the existing genus Thermoclostridium of similar.

Similithermococcoides

L. masc. adjective *similis*, similar; L. masc. n. *Thermococcoides*, An existing genus; *Similithermococcoides*: A genus related to but distinct from the existing genus Thermococcoides of similar.

Similithermococcus

L. masc. adjective *similis*, similar; L. masc. n. *Thermococcus*, An existing genus; *Similithermococcus*: A genus related to but distinct from the existing genus Thermococcus of similar.

Similithermocrinis

L. masc. adjective *similis*, similar; L. masc. n. *Thermocrinis*, An existing genus; *Similithermocrinis*: A genus related to but distinct from the existing genus Thermocrinis of similar.

Similithermocrispum

L. masc. adjective *similis*, similar; L. neut. n. *Thermocrispum*, An existing genus; *Similithermocrispum*: A genus related to but distinct from the existing genus Thermocrispum of similar.

Similithermodesulfatator

L. masc. adjective *similis*, similar; L. masc. n. *Thermodesulfatator*, An existing genus; *Similithermodesulfatator*: A genus related to but distinct from the existing genus Thermodesulfatator of similar.

Similithermodesulfitimonas

L. masc. adjective *similis*, similar; L. fem. n. *Thermodesulfitimonas*, An existing genus; *Similithermodesulfitimonas*: A genus related to but distinct from the existing genus Thermodesulfitimonas of similar.

Similithermodesulfobacterium

L. masc. adjective *similis*, similar; L. neut. n. *Thermodesulfobacterium*, An existing genus; *Similithermodesulfobacterium*: A genus related to but distinct from the existing genus Thermodesulfobacterium of similar.

Similithermodesulfobium

L. masc. adjective *similis*, similar; L. neut. n. *Thermodesulfobium*, An existing genus; *Similithermodesulfobium*: A genus related to but distinct from the existing genus Thermodesulfobium of similar.

Similithermodesulforhabdus

L. masc. adjective *similis*, similar; L. fem. n. *Thermodesulforhabdus*, An existing genus; *Similithermodesulforhabdus*: A genus related to but distinct from the existing genus Thermodesulforhabdus of similar.

Similithermodesulfovibrio

L. masc. adjective *similis*, similar; L. masc. n. *Thermodesulfovibrio*, An existing genus; *Similithermodesulfovibrio*: A genus related to but distinct from the existing genus Thermodesulfovibrio of similar.

Similithermodiscus

L. masc. adjective *similis*, similar; L. masc. n. *Thermodiscus*, An existing genus; *Similithermodiscus*: A genus related to but distinct from the existing genus Thermodiscus of similar.

Similithermofilum

L. masc. adjective *similis*, similar; L. neut. n. *Thermofilum*, An existing genus; *Similithermofilum*: A genus related to but distinct from the existing genus Thermofilum of similar.

Similithermoflavifilum

L. masc. adjective *similis*, similar; L. neut. n. *Thermoflavifilum*, An existing genus; *Similithermoflavifilum*: A genus related to but distinct from the existing genus Thermoflavifilum of similar.

Similithermoflavimicrobium

L. masc. adjective *similis*, similar; L. neut. n. *Thermoflavimicrobium*, An existing genus; *Similithermoflavimicrobium*: A genus related to but distinct from the existing genus Thermoflavimicrobium of similar.

Similithermoflexibacter

L. masc. adjective *similis*, similar; L. masc. n. *Thermoflexibacter*, An existing genus; *Similithermoflexibacter*: A genus related to but distinct from the existing genus Thermoflexibacter of similar.

Similithermoflexus

L. masc. adjective *similis*, similar; L. masc. n. *Thermoflexus*, An existing genus; *Similithermoflexus*: A genus related to but distinct from the existing genus Thermoflexus of similar.

Similithermogemmatispora

L. masc. adjective *similis*, similar; L. fem. n. *Thermogemmatispora*, An existing genus; *Similithermogemmatispora*: A genus related to but distinct from the existing genus Thermogemmatispora of similar.

Similithermogladius

L. masc. adjective *similis*, similar; L. masc. n. *Thermogladius*, An existing genus; *Similithermogladius*: A genus related to but distinct from the existing genus Thermogladius of similar.

Similithermogutta

L. masc. adjective *similis*, similar; L. fem. n. *Thermogutta*, An existing genus; *Similithermogutta*: A genus related to but distinct from the existing genus Thermogutta of similar.

Similithermogymnomonas

L. masc. adjective *similis*, similar; L. fem. n. *Thermogymnomonas*, An existing genus; *Similithermogymnomonas*: A genus related to but distinct from the existing genus Thermogymnomonas of similar.

Similithermohalobacter

L. masc. adjective *similis*, similar; L. masc. n. *Thermohalobacter*, An existing genus; *Similithermohalobacter*: A genus related to but distinct from the existing genus Thermohalobacter of similar.

Similithermohydrogenium

L. masc. adjective *similis*, similar; L. neut. n. *Thermohydrogenium*, An existing genus; *Similithermohydrogenium*: A genus related to but distinct from the existing genus Thermohydrogenium of similar.

Similithermoleophilum

L. masc. adjective *similis*, similar; L. neut. n. *Thermoleophilum*, An existing genus; *Similithermoleophilum*: A genus related to but distinct from the existing genus Thermoleophilum of similar.

Similithermoleptolyngbya

L. masc. adjective *similis*, similar; L. fem. n. *Thermoleptolyngbya*, An existing genus; *Similithermoleptolyngbya*: A genus related to but distinct from the existing genus Thermoleptolyngbya of similar.

Similithermolithobacter

L. masc. adjective *similis*, similar; L. masc. n. *Thermolithobacter*, An existing genus; *Similithermolithobacter*: A genus related to but distinct from the existing genus Thermolithobacter of similar.

Similithermolongibacillus

L. masc. adjective *similis*, similar; L. masc. n. *Thermolongibacillus*, An existing genus; *Similithermolongibacillus*: A genus related to but distinct from the existing genus Thermolongibacillus of similar.

Similithermomarinilinea

L. masc. adjective *similis*, similar; L. fem. n. *Thermomarinilinea*, An existing genus; *Similithermomarinilinea*: A genus related to but distinct from the existing genus Thermomarinilinea of similar.

Similithermomicrobium

L. masc. adjective *similis*, similar; L. neut. n. *Thermomicrobium*, An existing genus; *Similithermomicrobium*: A genus related to but distinct from the existing genus Thermomicrobium of similar.

Similithermomonas

L. masc. adjective *similis*, similar; L. fem. n. *Thermomonas*, An existing genus; *Similithermomonas*: A genus related to but distinct from the existing genus Thermomonas of similar.

Similithermomonospora

L. masc. adjective *similis*, similar; L. fem. n. *Thermomonospora*, An existing genus; *Similithermomonospora*: A genus related to but distinct from the existing genus Thermomonospora of similar.

Similithermonema

L. masc. adjective *similis*, similar; L. neut. n. *Thermonema*, An existing genus; *Similithermonema*: A genus related to but distinct from the existing genus Thermonema of similar.

Similithermophagus

L. masc. adjective *similis*, similar; L. masc. n. *Thermophagus*, An existing genus; *Similithermophagus*: A genus related to but distinct from the existing genus Thermophagus of similar.

Similithermoplasma

L. masc. adjective *similis*, similar; L. neut. n. *Thermoplasma*, An existing genus; *Similithermoplasma*: A genus related to but distinct from the existing genus Thermoplasma of similar.

Similithermopolyspora

L. masc. adjective *similis*, similar; L. fem. n. *Thermopolyspora*, An existing genus; *Similithermopolyspora*: A genus related to but distinct from the existing genus Thermopolyspora of similar.

Similithermoproteus

L. masc. adjective *similis*, similar; L. masc. n. *Thermoproteus*, An existing genus; *Similithermoproteus*: A genus related to but distinct from the existing genus Thermoproteus of similar.

Similithermorudis

L. masc. adjective *similis*, similar; L. fem. n. *Thermorudis*, An existing genus; *Similithermorudis*: A genus related to but distinct from the existing genus Thermorudis of similar.

Similithermosediminibacter

L. masc. adjective *similis*, similar; L. masc. n. *Thermosediminibacter*, An existing genus; *Similithermosediminibacter*: A genus related to but distinct from the existing genus Thermosediminibacter of similar.

Similithermosinus

L. masc. adjective *similis*, similar; L. masc. n. *Thermosinus*, An existing genus; *Similithermosinus*: A genus related to but distinct from the existing genus Thermosinus of similar.

Similithermosipho

L. masc. adjective *similis*, similar; L. masc. n. *Thermosipho*, An existing genus; *Similithermosipho*: A genus related to but distinct from the existing genus Thermosipho of similar.

Similithermosphaera

L. masc. adjective *similis*, similar; L. fem. n. *Thermosphaera*, An existing genus; *Similithermosphaera*: A genus related to but distinct from the existing genus Thermosphaera of similar.

Similithermosporothrix

L. masc. adjective *similis*, similar; L. fem. n. *Thermosporothrix*, An existing genus; *Similithermosporothrix*: A genus related to but distinct from the existing genus Thermosporothrix of similar.

Similithermostaphylospora

L. masc. adjective *similis*, similar; L. fem. n. *Thermostaphylospora*, An existing genus; *Similithermostaphylospora*: A genus related to but distinct from the existing genus Thermostaphylospora of similar.

Similithermostilla

L. masc. adjective *similis*, similar; L. fem. n. *Thermostilla*, An existing genus; *Similithermostilla*: A genus related to but distinct from the existing genus Thermostilla of similar.

Similithermosulfidibacter

L. masc. adjective *similis*, similar; L. masc. n. *Thermosulfidibacter*, An existing genus; *Similithermosulfidibacter*: A genus related to but distinct from the existing genus Thermosulfidibacter of similar.

Similithermosulfurimonas

L. masc. adjective *similis*, similar; L. fem. n. *Thermosulfurimonas*, An existing genus; *Similithermosulfurimonas*: A genus related to but distinct from the existing genus Thermosulfurimonas of similar.

Similithermosulfuriphilus

L. masc. adjective *similis*, similar; L. masc. n. *Thermosulfuriphilus*, An existing genus; *Similithermosulfuriphilus*: A genus related to but distinct from the existing genus Thermosulfuriphilus of similar.

Similithermosyntropha

L. masc. adjective *similis*, similar; L. fem. n. *Thermosyntropha*, An existing genus; *Similithermosyntropha*: A genus related to but distinct from the existing genus Thermosyntropha of similar.

Similithermotalea

L. masc. adjective *similis*, similar; L. fem. n. *Thermotalea*, An existing genus; *Similithermotalea*: A genus related to but distinct from the existing genus Thermotalea of similar.

Similithermoterrabacterium

L. masc. adjective *similis*, similar; L. neut. n. *Thermoterrabacterium*, An existing genus; *Similithermoterrabacterium*: A genus related to but distinct from the existing genus Thermoterrabacterium of similar.

Similithermotoga

L. masc. adjective *similis*, similar; L. fem. n. *Thermotoga*, An existing genus; *Similithermotoga*: A genus related to but distinct from the existing genus Thermotoga of similar.

Similithermotomaculum

L. masc. adjective *similis*, similar; L. neut. n. *Thermotomaculum*, An existing genus; *Similithermotomaculum*: A genus related to but distinct from the existing genus Thermotomaculum of similar.

Similithermotunica

L. masc. adjective *similis*, similar; L. fem. n. *Thermotunica*, An existing genus; *Similithermotunica*: A genus related to but distinct from the existing genus Thermotunica of similar.

Similithermovenabulum

L. masc. adjective *similis*, similar; L. neut. n. *Thermovenabulum*, An existing genus; *Similithermovenabulum*: A genus related to but distinct from the existing genus Thermovenabulum of similar.

Similithermovibrio

L. masc. adjective *similis*, similar; L. masc. n. *Thermovibrio*, An existing genus; *Similithermovibrio*: A genus related to but distinct from the existing genus Thermovibrio of similar.

Similithermovirga

L. masc. adjective *similis*, similar; L. fem. n. *Thermovirga*, An existing genus; *Similithermovirga*: A genus related to but distinct from the existing genus Thermovirga of similar.

Similithermovorax

L. masc. adjective *similis*, similar; L. masc. n. *Thermovorax*, An existing genus; *Similithermovorax*: A genus related to but distinct from the existing genus Thermovorax of similar.

Similithermovum

L. masc. adjective *similis*, similar; L. neut. n. *Thermovum*, An existing genus; *Similithermovum*: A genus related to but distinct from the existing genus Thermovum of similar.

Similithermus

L. masc. adjective *similis*, similar; L. masc. n. *Thermus*, An existing genus; *Similithermus*: A genus related to but distinct from the existing genus Thermus of similar.

Similithioalbus

L. masc. adjective *similis*, similar; L. masc. n. *Thioalbus*, An existing genus; *Similithioalbus*: A genus related to but distinct from the existing genus Thioalbus of similar.

Similithioalkalibacter

L. masc. adjective *similis*, similar; L. masc. n. *Thioalkalibacter*, An existing genus; *Similithioalkalibacter*: A genus related to but distinct from the existing genus Thioalkalibacter of similar.

Similithioalkalicoccus

L. masc. adjective *similis*, similar; L. masc. n. *Thioalkalicoccus*, An existing genus; *Similithioalkalicoccus*: A genus related to but distinct from the existing genus Thioalkalicoccus of similar.

Similithioalkalimicrobium

L. masc. adjective *similis*, similar; L. neut. n. *Thioalkalimicrobium*, An existing genus; *Similithioalkalimicrobium*: A genus related to but distinct from the existing genus Thioalkalimicrobium of similar.

Similithioalkalispira

L. masc. adjective *similis*, similar; L. fem. n. *Thioalkalispira*, An existing genus; *Similithioalkalispira*: A genus related to but distinct from the existing genus Thioalkalispira of similar.

Similithioalkalivibrio

L. masc. adjective *similis*, similar; L. masc. n. *Thioalkalivibrio*, An existing genus; *Similithioalkalivibrio*: A genus related to but distinct from the existing genus Thioalkalivibrio of similar.

Similithiobaca

L. masc. adjective *similis*, similar; L. fem. n. *Thiobaca*, An existing genus; *Similithiobaca*: A genus related to but distinct from the existing genus Thiobaca of similar.

Similithiobacillus

L. masc. adjective *similis*, similar; L. masc. n. *Thiobacillus*, An existing genus; *Similithiobacillus*: A genus related to but distinct from the existing genus Thiobacillus of similar.

Similithiobacimonas

L. masc. adjective *similis*, similar; L. fem. n. *Thiobacimonas*, An existing genus; *Similithiobacimonas*: A genus related to but distinct from the existing genus Thiobacimonas of similar.

Similithiobacterium

L. masc. adjective *similis*, similar; L. neut. n. *Thiobacterium*, An existing genus; *Similithiobacterium*: A genus related to but distinct from the existing genus Thiobacterium of similar.

Similithiocapsa

L. masc. adjective *similis*, similar; L. fem. n. *Thiocapsa*, An existing genus; *Similithiocapsa*: A genus related to but distinct from the existing genus Thiocapsa of similar.

Similithioclava

L. masc. adjective *similis*, similar; L. fem. n. *Thioclava*, An existing genus; *Similithioclava*: A genus related to but distinct from the existing genus Thioclava of similar.

Similithiococcus

L. masc. adjective *similis*, similar; L. masc. n. *Thiococcus*, An existing genus; *Similithiococcus*: A genus related to but distinct from the existing genus Thiococcus of similar.

Similithiocystis

L. masc. adjective *similis*, similar; L. fem. n. *Thiocystis*, An existing genus; *Similithiocystis*: A genus related to but distinct from the existing genus Thiocystis of similar.

Similithiodictyon

L. masc. adjective *similis*, similar; L. neut. n. *Thiodictyon*, An existing genus; *Similithiodictyon*: A genus related to but distinct from the existing genus Thiodictyon of similar.

Similithiofaba

L. masc. adjective *similis*, similar; L. fem. n. *Thiofaba*, An existing genus; *Similithiofaba*: A genus related to but distinct from the existing genus Thiofaba of similar.

Similithiofilum

L. masc. adjective *similis*, similar; L. neut. n. *Thiofilum*, An existing genus; *Similithiofilum*: A genus related to but distinct from the existing genus Thiofilum of similar.

Similithioflavicoccus

L. masc. adjective *similis*, similar; L. masc. n. *Thioflavicoccus*, An existing genus; *Similithioflavicoccus*: A genus related to but distinct from the existing genus Thioflavicoccus of similar.

Similithioflexithrix

L. masc. adjective *similis*, similar; L. fem. n. *Thioflexithrix*, An existing genus; *Similithioflexithrix*: A genus related to but distinct from the existing genus Thioflexithrix of similar.

Similithiofractor

L. masc. adjective *similis*, similar; L. masc. n. *Thiofractor*, An existing genus; *Similithiofractor*: A genus related to but distinct from the existing genus Thiofractor of similar.

Similithiohalobacter

L. masc. adjective *similis*, similar; L. masc. n. *Thiohalobacter*, An existing genus; *Similithiohalobacter*: A genus related to but distinct from the existing genus Thiohalobacter of similar.

Similithiohalocapsa

L. masc. adjective *similis*, similar; L. fem. n. *Thiohalocapsa*, An existing genus; *Similithiohalocapsa*: A genus related to but distinct from the existing genus Thiohalocapsa of similar.

Similithiohalomonas

L. masc. adjective *similis*, similar; L. fem. n. *Thiohalomonas*, An existing genus; *Similithiohalomonas*: A genus related to but distinct from the existing genus Thiohalomonas of similar.

Similithiohalophilus

L. masc. adjective *similis*, similar; L. masc. n. *Thiohalophilus*, An existing genus; *Similithiohalophilus*: A genus related to but distinct from the existing genus Thiohalophilus of similar.

Similithiohalorhabdus

L. masc. adjective *similis*, similar; L. fem. n. *Thiohalorhabdus*, An existing genus; *Similithiohalorhabdus*: A genus related to but distinct from the existing genus Thiohalorhabdus of similar.

Similithiohalospira

L. masc. adjective *similis*, similar; L. fem. n. *Thiohalospira*, An existing genus; *Similithiohalospira*: A genus related to but distinct from the existing genus Thiohalospira of similar.

Similithiolamprovum

L. masc. adjective *similis*, similar; L. neut. n. *Thiolamprovum*, An existing genus; *Similithiolamprovum*: A genus related to but distinct from the existing genus Thiolamprovum of similar.

Similithiolapillus

L. masc. adjective *similis*, similar; L. masc. n. *Thiolapillus*, An existing genus; *Similithiolapillus*: A genus related to but distinct from the existing genus Thiolapillus of similar.

Similithiolinea

L. masc. adjective *similis*, similar; L. fem. n. *Thiolinea*, An existing genus; *Similithiolinea*: A genus related to but distinct from the existing genus Thiolinea of similar.

Similithiomargarita

L. masc. adjective *similis*, similar; L. fem. n. *Thiomargarita*, An existing genus; *Similithiomargarita*: A genus related to but distinct from the existing genus Thiomargarita of similar.

Similithiomicrorhabdus

L. masc. adjective *similis*, similar; L. fem. n. *Thiomicrorhabdus*, An existing genus; *Similithiomicrorhabdus*: A genus related to but distinct from the existing genus Thiomicrorhabdus of similar.

Similithiomicrospira

L. masc. adjective *similis*, similar; L. fem. n. *Thiomicrospira*, An existing genus; *Similithiomicrospira*: A genus related to but distinct from the existing genus Thiomicrospira of similar.

Similithiomonas

L. masc. adjective *similis*, similar; L. fem. n. *Thiomonas*, An existing genus; *Similithiomonas*: A genus related to but distinct from the existing genus Thiomonas of similar.

Similithiopedia

L. masc. adjective *similis*, similar; L. fem. n. *Thiopedia*, An existing genus; *Similithiopedia*: A genus related to but distinct from the existing genus Thiopedia of similar.

Similithiophaeococcus

L. masc. adjective *similis*, similar; L. masc. n. *Thiophaeococcus*, An existing genus; *Similithiophaeococcus*: A genus related to but distinct from the existing genus Thiophaeococcus of similar.

Similithioploca

L. masc. adjective *similis*, similar; L. fem. n. *Thioploca*, An existing genus; *Similithioploca*: A genus related to but distinct from the existing genus Thioploca of similar.

Similithioprofundum

L. masc. adjective *similis*, similar; L. neut. n. *Thioprofundum*, An existing genus; *Similithioprofundum*: A genus related to but distinct from the existing genus Thioprofundum of similar.

Similithiopseudomonas

L. masc. adjective *similis*, similar; L. fem. n. *Thiopseudomonas*, An existing genus; *Similithiopseudomonas*: A genus related to but distinct from the existing genus Thiopseudomonas of similar.

Similithioreductor

L. masc. adjective *similis*, similar; L. masc. n. *Thioreductor*, An existing genus; *Similithioreductor*: A genus related to but distinct from the existing genus Thioreductor of similar.

Similithiorhodococcus

L. masc. adjective *similis*, similar; L. masc. n. *Thiorhodococcus*, An existing genus; *Similithiorhodococcus*: A genus related to but distinct from the existing genus Thiorhodococcus of similar.

Similithiorhodospira

L. masc. adjective *similis*, similar; L. fem. n. *Thiorhodospira*, An existing genus; *Similithiorhodospira*: A genus related to but distinct from the existing genus Thiorhodospira of similar.

Similithiorhodovibrio

L. masc. adjective *similis*, similar; L. masc. n. *Thiorhodovibrio*, An existing genus; *Similithiorhodovibrio*: A genus related to but distinct from the existing genus Thiorhodovibrio of similar.

Similithiosocius

L. masc. adjective *similis*, similar; L. masc. n. *Thiosocius*, An existing genus; *Similithiosocius*: A genus related to but distinct from the existing genus Thiosocius of similar.

Similithiosphaera

L. masc. adjective *similis*, similar; L. fem. n. *Thiosphaera*, An existing genus; *Similithiosphaera*: A genus related to but distinct from the existing genus Thiosphaera of similar.

Similithiospira

L. masc. adjective *similis*, similar; L. fem. n. *Thiospira*, An existing genus; *Similithiospira*: A genus related to but distinct from the existing genus Thiospira of similar.

Similithiospirillum

L. masc. adjective *similis*, similar; L. neut. dim. n. *Thiospirillum*, An existing genus; *Similithiospirillum*: A genus related to but distinct from the existing genus Thiospirillum of similar.

Similithiothrix

L. masc. adjective *similis*, similar; L. fem. n. *Thiothrix*, An existing genus; *Similithiothrix*: A genus related to but distinct from the existing genus Thiothrix of similar.

Similithiovulum

L. masc. adjective *similis*, similar; L. neut. n. *Thiovulum*, An existing genus; *Similithiovulum*: A genus related to but distinct from the existing genus Thiovulum of similar.

Similithorsellia

L. masc. adjective *similis*, similar; L. fem. n. *Thorsellia*, An existing genus; *Similithorsellia*: A genus related to but distinct from the existing genus Thorsellia of similar.

Similitianweitania

L. masc. adjective *similis*, similar; L. fem. n. *Tianweitania*, An existing genus; *Similitianweitania*: A genus related to but distinct from the existing genus Tianweitania of similar.

Similitibeticola

L. masc. adjective *similis*, similar; L. masc. n. *Tibeticola*, An existing genus; *Similitibeticola*: A genus related to but distinct from the existing genus Tibeticola of similar.

Similitildeniella

L. masc. adjective *similis*, similar; L. fem. dim. n. *Tildeniella*, An existing genus; *Similitildeniella*: A genus related to but distinct from the existing genus Tildeniella of similar.

Similitimaviella

L. masc. adjective *similis*, similar; L. fem. n. *Timaviella*, An existing genus; *Similitimaviella*: A genus related to but distinct from the existing genus Timaviella of similar.

Similitimonella

L. masc. adjective *similis*, similar; L. fem. dim. n. *Timonella*, An existing genus; *Similitimonella*: A genus related to but distinct from the existing genus Timonella of similar.

Similitindallia

L. masc. adjective *similis*, similar; L. fem. n. *Tindallia*, An existing genus; *Similitindallia*: A genus related to but distinct from the existing genus Tindallia of similar.

Similitissierella

L. masc. adjective *similis*, similar; L. fem. dim. n. *Tissierella*, An existing genus; *Similitissierella*: A genus related to but distinct from the existing genus Tissierella of similar.

Similitistlia

L. masc. adjective *similis*, similar; L. fem. n. *Tistlia*, An existing genus; *Similitistlia*: A genus related to but distinct from the existing genus Tistlia of similar.

Similitistrella

L. masc. adjective *similis*, similar; L. fem. dim. n. *Tistrella*, An existing genus; *Similitistrella*: A genus related to but distinct from the existing genus Tistrella of similar.

Similititanospirillum

L. masc. adjective *similis*, similar; L. neut. dim. n. *Titanospirillum*, An existing genus; *Similititanospirillum*: A genus related to but distinct from the existing genus Titanospirillum of similar.

Similitolumonas

L. masc. adjective *similis*, similar; L. fem. n. *Tolumonas*, An existing genus; *Similitolumonas*: A genus related to but distinct from the existing genus Tolumonas of similar.

Similitomitella

L. masc. adjective *similis*, similar; L. fem. dim. n. *Tomitella*, An existing genus; *Similitomitella*: A genus related to but distinct from the existing genus Tomitella of similar.

Similitonsilliphilus

L. masc. adjective *similis*, similar; L. masc. n. *Tonsilliphilus*, An existing genus; *Similitonsilliphilus*: A genus related to but distinct from the existing genus Tonsilliphilus of similar.

Similitoxifilum

L. masc. adjective *similis*, similar; L. neut. n. *Toxifilum*, An existing genus; *Similitoxifilum*: A genus related to but distinct from the existing genus Toxifilum of similar.

Similitoxopsis

L. masc. adjective *similis*, similar; L. fem. n. *Toxopsis*, An existing genus; *Similitoxopsis*: A genus related to but distinct from the existing genus Toxopsis of similar.

Similitoxothrix

L. masc. adjective *similis*, similar; L. fem. n. *Toxothrix*, An existing genus; *Similitoxothrix*: A genus related to but distinct from the existing genus Toxothrix of similar.

Similitrabulsiella

L. masc. adjective *similis*, similar; L. fem. dim. n. *Trabulsiella*, An existing genus; *Similitrabulsiella*: A genus related to but distinct from the existing genus Trabulsiella of similar.

Similitranquillimonas

L. masc. adjective *similis*, similar; L. fem. n. *Tranquillimonas*, An existing genus; *Similitranquillimonas*: A genus related to but distinct from the existing genus Tranquillimonas of similar.

Similitraorella

L. masc. adjective *similis*, similar; L. fem. dim. n. *Traorella*, An existing genus; *Similitraorella*: A genus related to but distinct from the existing genus Traorella of similar.

Similitreponema

L. masc. adjective *similis*, similar; L. neut. n. *Treponema*, An existing genus; *Similitreponema*: A genus related to but distinct from the existing genus Treponema of similar.

Similitrichlorobacter

L. masc. adjective *similis*, similar; L. masc. n. *Trichlorobacter*, An existing genus; *Similitrichlorobacter*: A genus related to but distinct from the existing genus Trichlorobacter of similar.

Similitrichococcus

L. masc. adjective *similis*, similar; L. masc. n. *Trichococcus*, An existing genus; *Similitrichococcus*: A genus related to but distinct from the existing genus Trichococcus of similar.

Similitrinickia

L. masc. adjective *similis*, similar; L. fem. n. *Trinickia*, An existing genus; *Similitrinickia*: A genus related to but distinct from the existing genus Trinickia of similar.

Similitritonibacter

L. masc. adjective *similis*, similar; L. masc. n. *Tritonibacter*, An existing genus; *Similitritonibacter*: A genus related to but distinct from the existing genus Tritonibacter of similar.

Similitropheryma

L. masc. adjective *similis*, similar; L. neut. n. *Tropheryma*, An existing genus; *Similitropheryma*: A genus related to but distinct from the existing genus Tropheryma of similar.

Similitropicibacter

L. masc. adjective *similis*, similar; L. masc. n. *Tropicibacter*, An existing genus; *Similitropicibacter*: A genus related to but distinct from the existing genus Tropicibacter of similar.

Similitropicihabitans

L. masc. adjective *similis*, similar; L. masc. n. *Tropicihabitans*, An existing genus; *Similitropicihabitans*: A genus related to but distinct from the existing genus Tropicihabitans of similar.

Similitropicimonas

L. masc. adjective *similis*, similar; L. fem. n. *Tropicimonas*, An existing genus; *Similitropicimonas*: A genus related to but distinct from the existing genus Tropicimonas of similar.

Similitruepera

L. masc. adjective *similis*, similar; L. fem. n. *Truepera*, An existing genus; *Similitruepera*: A genus related to but distinct from the existing genus Truepera of similar.

Similitrueperella

L. masc. adjective *similis*, similar; L. fem. dim. n. *Trueperella*, An existing genus; *Similitrueperella*: A genus related to but distinct from the existing genus Trueperella of similar.

Similitsukamurella

L. masc. adjective *similis*, similar; L. fem. dim. n. *Tsukamurella*, An existing genus; *Similitsukamurella*: A genus related to but distinct from the existing genus Tsukamurella of similar.

Similituberibacillus

L. masc. adjective *similis*, similar; L. masc. n. *Tuberibacillus*, An existing genus; *Similituberibacillus*: A genus related to but distinct from the existing genus Tuberibacillus of similar.

Similitullyiplasma

L. masc. adjective *similis*, similar; L. neut. n. *Tullyiplasma*, An existing genus; *Similitullyiplasma*: A genus related to but distinct from the existing genus Tullyiplasma of similar.

Similitumebacillus

L. masc. adjective *similis*, similar; L. masc. n. *Tumebacillus*, An existing genus; *Similitumebacillus*: A genus related to but distinct from the existing genus Tumebacillus of similar.

Similitundrisphaera

L. masc. adjective *similis*, similar; L. fem. n. *Tundrisphaera*, An existing genus; *Similitundrisphaera*: A genus related to but distinct from the existing genus Tundrisphaera of similar.

Similitunicatimonas

L. masc. adjective *similis*, similar; L. fem. n. *Tunicatimonas*, An existing genus; *Similitunicatimonas*: A genus related to but distinct from the existing genus Tunicatimonas of similar.

Similituricella

L. masc. adjective *similis*, similar; L. fem. dim. n. *Turicella*, An existing genus; *Similituricella*: A genus related to but distinct from the existing genus Turicella of similar.

Similituricibacter

L. masc. adjective *similis*, similar; L. masc. n. *Turicibacter*, An existing genus; *Similituricibacter*: A genus related to but distinct from the existing genus Turicibacter of similar.

Similituricimonas

L. masc. adjective *similis*, similar; L. fem. n. *Turicimonas*, An existing genus; *Similituricimonas*: A genus related to but distinct from the existing genus Turicimonas of similar.

Similiturneriella

L. masc. adjective *similis*, similar; L. fem. dim. n. *Turneriella*, An existing genus; *Similiturneriella*: A genus related to but distinct from the existing genus Turneriella of similar.

Similituwongella

L. masc. adjective *similis*, similar; L. fem. dim. n. *Tuwongella*, An existing genus; *Similituwongella*: A genus related to but distinct from the existing genus Tuwongella of similar.

Similiuliginosibacterium

L. masc. adjective *similis*, similar; L. neut. n. *Uliginosibacterium*, An existing genus; *Similiuliginosibacterium*: A genus related to but distinct from the existing genus Uliginosibacterium of similar.

Similiulvibacter

L. masc. adjective *similis*, similar; L. masc. n. *Ulvibacter*, An existing genus; *Similiulvibacter*: A genus related to but distinct from the existing genus Ulvibacter of similar.

Similiulvibacterium

L. masc. adjective *similis*, similar; L. neut. n. *Ulvibacterium*, An existing genus; *Similiulvibacterium*: A genus related to but distinct from the existing genus Ulvibacterium of similar.

Similiumboniibacter

L. masc. adjective *similis*, similar; L. masc. n. *Umboniibacter*, An existing genus; *Similiumboniibacter*: A genus related to but distinct from the existing genus Umboniibacter of similar.

Similiumezawaea

L. masc. adjective *similis*, similar; L. fem. n. *Umezawaea*, An existing genus; *Similiumezawaea*: A genus related to but distinct from the existing genus Umezawaea of similar.

Similiundibacterium

L. masc. adjective *similis*, similar; L. neut. n. *Undibacterium*, An existing genus; *Similiundibacterium*: A genus related to but distinct from the existing genus Undibacterium of similar.

Similiureaplasma

L. masc. adjective *similis*, similar; L. neut. n. *Ureaplasma*, An existing genus; *Similiureaplasma*: A genus related to but distinct from the existing genus Ureaplasma of similar.

Similiurechidicola

L. masc. adjective *similis*, similar; L. masc. n. *Urechidicola*, An existing genus; *Similiurechidicola*: A genus related to but distinct from the existing genus Urechidicola of similar.

Similiureibacillus

L. masc. adjective *similis*, similar; L. masc. n. *Ureibacillus*, An existing genus; *Similiureibacillus*: A genus related to but distinct from the existing genus Ureibacillus of similar.

Similiurmitella

L. masc. adjective *similis*, similar; L. fem. dim. n. *Urmitella*, An existing genus; *Similiurmitella*: A genus related to but distinct from the existing genus Urmitella of similar.

Similiursidibacter

L. masc. adjective *similis*, similar; L. masc. n. *Ursidibacter*, An existing genus; *Similiursidibacter*: A genus related to but distinct from the existing genus Ursidibacter of similar.

Similiuruburuella

L. masc. adjective *similis*, similar; L. fem. dim. n. *Uruburuella*, An existing genus; *Similiuruburuella*: A genus related to but distinct from the existing genus Uruburuella of similar.

Similivadicella

L. masc. adjective *similis*, similar; L. fem. n. *Vadicella*, An existing genus; *Similivadicella*: A genus related to but distinct from the existing genus Vadicella of similar.

Similivaginella

L. masc. adjective *similis*, similar; L. fem. dim. n. *Vaginella*, An existing genus; *Similivaginella*: A genus related to but distinct from the existing genus Vaginella of similar.

Similivaginimicrobium

L. masc. adjective *similis*, similar; L. neut. n. *Vaginimicrobium*, An existing genus; *Similivaginimicrobium*: A genus related to but distinct from the existing genus Vaginimicrobium of similar.

Similivaginisenegalia

L. masc. adjective *similis*, similar; L. fem. n. *Vaginisenegalia*, An existing genus; *Similivaginisenegalia*: A genus related to but distinct from the existing genus Vaginisenegalia of similar.

Similivagococcus

L. masc. adjective *similis*, similar; L. masc. n. *Vagococcus*, An existing genus; *Similivagococcus*: A genus related to but distinct from the existing genus Vagococcus of similar.

Similivallitalea

L. masc. adjective *similis*, similar; L. fem. n. *Vallitalea*, An existing genus; *Similivallitalea*: A genus related to but distinct from the existing genus Vallitalea of similar.

Similivampirovibrio

L. masc. adjective *similis*, similar; L. masc. n. *Vampirovibrio*, An existing genus; *Similivampirovibrio*: A genus related to but distinct from the existing genus Vampirovibrio of similar.

Similivaribaculum

L. masc. adjective *similis*, similar; L. neut. n. *Varibaculum*, An existing genus; *Similivaribaculum*: A genus related to but distinct from the existing genus Varibaculum of similar.

Similivariovorax

L. masc. adjective *similis*, similar; L. masc. n. *Variovorax*, An existing genus; *Similivariovorax*: A genus related to but distinct from the existing genus Variovorax of similar.

Similivarunaivibrio

L. masc. adjective *similis*, similar; L. masc. n. *Varunaivibrio*, An existing genus; *Similivarunaivibrio*: A genus related to but distinct from the existing genus Varunaivibrio of similar.

Similivasilyevaea

L. masc. adjective *similis*, similar; L. fem. n. *Vasilyevaea*, An existing genus; *Similivasilyevaea*: A genus related to but distinct from the existing genus Vasilyevaea of similar.

Similiveillonella

L. masc. adjective *similis*, similar; L. fem. dim. n. *Veillonella*, An existing genus; *Similiveillonella*: A genus related to but distinct from the existing genus Veillonella of similar.

Similivenenivibrio

L. masc. adjective *similis*, similar; L. masc. n. *Venenivibrio*, An existing genus; *Similivenenivibrio*: A genus related to but distinct from the existing genus Venenivibrio of similar.

Similiventosimonas

L. masc. adjective *similis*, similar; L. fem. n. *Ventosimonas*, An existing genus; *Similiventosimonas*: A genus related to but distinct from the existing genus Ventosimonas of similar.

Similiverminephrobacter

L. masc. adjective *similis*, similar; L. masc. n. *Verminephrobacter*, An existing genus; *Similiverminephrobacter*: A genus related to but distinct from the existing genus Verminephrobacter of similar.

Similiverrucomicrobium

L. masc. adjective *similis*, similar; L. neut. n. *Verrucomicrobium*, An existing genus; *Similiverrucomicrobium*: A genus related to but distinct from the existing genus Verrucomicrobium of similar.

Similiverrucosispora

L. masc. adjective *similis*, similar; L. fem. n. *Verrucosispora*, An existing genus; *Similiverrucosispora*: A genus related to but distinct from the existing genus Verrucosispora of similar.

Similiverticia

L. masc. adjective *similis*, similar; L. fem. n. *Verticia*, An existing genus; *Similiverticia*: A genus related to but distinct from the existing genus Verticia of similar.

Similiverticiella

L. masc. adjective *similis*, similar; L. fem. dim. n. *Verticiella*, An existing genus; *Similiverticiella*: A genus related to but distinct from the existing genus Verticiella of similar.

Similivespertiliibacter

L. masc. adjective *similis*, similar; L. masc. n. *Vespertiliibacter*, An existing genus; *Similivespertiliibacter*: A genus related to but distinct from the existing genus Vespertiliibacter of similar.

Similivibrio

L. masc. adjective *similis*, similar; L. masc. n. *Vibrio*, An existing genus; *Similivibrio*: A genus related to but distinct from the existing genus Vibrio of similar.

Similivibrionimonas

L. masc. adjective *similis*, similar; L. fem. n. *Vibrionimonas*, An existing genus; *Similivibrionimonas*: A genus related to but distinct from the existing genus Vibrionimonas of similar.

Similivicinamibacter

L. masc. adjective *similis*, similar; L. masc. n. *Vicinamibacter*, An existing genus; *Similivicinamibacter*: A genus related to but distinct from the existing genus Vicinamibacter of similar.

Similivicingus

L. masc. adjective *similis*, similar; L. masc. n. *Vicingus*, An existing genus; *Similivicingus*: A genus related to but distinct from the existing genus Vicingus of similar.

Similivictivallis

L. masc. adjective *similis*, similar; L. fem. n. *Victivallis*, An existing genus; *Similivictivallis*: A genus related to but distinct from the existing genus Victivallis of similar.

Similivirgibacillus

L. masc. adjective *similis*, similar; L. masc. n. *Virgibacillus*, An existing genus; *Similivirgibacillus*: A genus related to but distinct from the existing genus Virgibacillus of similar.

Similiviridibacillus

L. masc. adjective *similis*, similar; L. masc. n. *Viridibacillus*, An existing genus; *Similiviridibacillus*: A genus related to but distinct from the existing genus Viridibacillus of similar.

Similiviridibacterium

L. masc. adjective *similis*, similar; L. neut. n. *Viridibacterium*, An existing genus; *Similiviridibacterium*: A genus related to but distinct from the existing genus Viridibacterium of similar.

Similivitellibacter

L. masc. adjective *similis*, similar; L. masc. n. *Vitellibacter*, An existing genus; *Similivitellibacter*: A genus related to but distinct from the existing genus Vitellibacter of similar.

Similivitiosangium

L. masc. adjective *similis*, similar; L. neut. n. *Vitiosangium*, An existing genus; *Similivitiosangium*: A genus related to but distinct from the existing genus Vitiosangium of similar.

Similivitreoscilla

L. masc. adjective *similis*, similar; L. fem. n. *Vitreoscilla*, An existing genus; *Similivitreoscilla*: A genus related to but distinct from the existing genus Vitreoscilla of similar.

Similivogesella

L. masc. adjective *similis*, similar; L. fem. dim. n. *Vogesella*, An existing genus; *Similivogesella*: A genus related to but distinct from the existing genus Vogesella of similar.

Similivolcaniella

L. masc. adjective *similis*, similar; L. fem. dim. n. *Volcaniella*, An existing genus; *Similivolcaniella*: A genus related to but distinct from the existing genus Volcaniella of similar.

Similivolucribacter

L. masc. adjective *similis*, similar; L. masc. n. *Volucribacter*, An existing genus; *Similivolucribacter*: A genus related to but distinct from the existing genus Volucribacter of similar.

Similivulcanibacillus

L. masc. adjective *similis*, similar; L. masc. n. *Vulcanibacillus*, An existing genus; *Similivulcanibacillus*: A genus related to but distinct from the existing genus Vulcanibacillus of similar.

Similivulcaniibacterium

L. masc. adjective *similis*, similar; L. neut. n. *Vulcaniibacterium*, An existing genus; *Similivulcaniibacterium*: A genus related to but distinct from the existing genus Vulcaniibacterium of similar.

Similivulcanithermus

L. masc. adjective *similis*, similar; L. masc. n. *Vulcanithermus*, An existing genus; *Similivulcanithermus*: A genus related to but distinct from the existing genus Vulcanithermus of similar.

Similivulgatibacter

L. masc. adjective *similis*, similar; L. masc. n. *Vulgatibacter*, An existing genus; *Similivulgatibacter*: A genus related to but distinct from the existing genus Vulgatibacter of similar.

Similiwaddlia

L. masc. adjective *similis*, similar; L. fem. n. *Waddlia*, An existing genus; *Similiwaddlia*: A genus related to but distinct from the existing genus Waddlia of similar.

Similiwandonia

L. masc. adjective *similis*, similar; L. fem. n. *Wandonia*, An existing genus; *Similiwandonia*: A genus related to but distinct from the existing genus Wandonia of similar.

Similiwangella

L. masc. adjective *similis*, similar; L. fem. dim. n. *Wangella*, An existing genus; *Similiwangella*: A genus related to but distinct from the existing genus Wangella of similar.

Similiwautersia

L. masc. adjective *similis*, similar; L. fem. n. *Wautersia*, An existing genus; *Similiwautersia*: A genus related to but distinct from the existing genus Wautersia of similar.

Similiwautersiella

L. masc. adjective *similis*, similar; L. fem. dim. n. *Wautersiella*, An existing genus; *Similiwautersiella*: A genus related to but distinct from the existing genus Wautersiella of similar.

Similiweeksella

L. masc. adjective *similis*, similar; L. fem. dim. n. *Weeksella*, An existing genus; *Similiweeksella*: A genus related to but distinct from the existing genus Weeksella of similar.

Similiweissella

L. masc. adjective *similis*, similar; L. fem. dim. n. *Weissella*, An existing genus; *Similiweissella*: A genus related to but distinct from the existing genus Weissella of similar.

Similiwenxinia

L. masc. adjective *similis*, similar; L. fem. n. *Wenxinia*, An existing genus; *Similiwenxinia*: A genus related to but distinct from the existing genus Wenxinia of similar.

Similiwenyingzhuangia

L. masc. adjective *similis*, similar; L. fem. n. *Wenyingzhuangia*, An existing genus; *Similiwenyingzhuangia*: A genus related to but distinct from the existing genus Wenyingzhuangia of similar.

Similiwenzhouxiangella

L. masc. adjective *similis*, similar; L. fem. dim. n. *Wenzhouxiangella*, An existing genus; *Similiwenzhouxiangella*: A genus related to but distinct from the existing genus Wenzhouxiangella of similar.

Similiwestiellopsis

L. masc. adjective *similis*, similar; L. fem. n. *Westiellopsis*, An existing genus; *Similiwestiellopsis*: A genus related to but distinct from the existing genus Westiellopsis of similar.

Similiwigglesworthia

L. masc. adjective *similis*, similar; L. fem. n. *Wigglesworthia*, An existing genus; *Similiwigglesworthia*: A genus related to but distinct from the existing genus Wigglesworthia of similar.

Similiwilliamsia

L. masc. adjective *similis*, similar; L. fem. n. *Williamsia*, An existing genus; *Similiwilliamsia*: A genus related to but distinct from the existing genus Williamsia of similar.

Similiwilliamsoniiplasma

L. masc. adjective *similis*, similar; L. neut. n. *Williamsoniiplasma*, An existing genus; *Similiwilliamsoniiplasma*: A genus related to but distinct from the existing genus Williamsoniiplasma of similar.

Similiwilliamwhitmania

L. masc. adjective *similis*, similar; L. fem. n. *Williamwhitmania*, An existing genus; *Similiwilliamwhitmania*: A genus related to but distinct from the existing genus Williamwhitmania of similar.

Similiwinkia

L. masc. adjective *similis*, similar; L. fem. n. *Winkia*, An existing genus; *Similiwinkia*: A genus related to but distinct from the existing genus Winkia of similar.

Similiwinogradskyella

L. masc. adjective *similis*, similar; L. fem. dim. n. *Winogradskyella*, An existing genus; *Similiwinogradskyella*: A genus related to but distinct from the existing genus Winogradskyella of similar.

Similiwoeseia

L. masc. adjective *similis*, similar; L. fem. n. *Woeseia*, An existing genus; *Similiwoeseia*: A genus related to but distinct from the existing genus Woeseia of similar.

Similiwohlfahrtiimonas

L. masc. adjective *similis*, similar; L. fem. n. *Wohlfahrtiimonas*, An existing genus; *Similiwohlfahrtiimonas*: A genus related to but distinct from the existing genus Wohlfahrtiimonas of similar.

Similiwolbachia

L. masc. adjective *similis*, similar; L. fem. n. *Wolbachia*, An existing genus; *Similiwolbachia*: A genus related to but distinct from the existing genus Wolbachia of similar.

Similiwolinella

L. masc. adjective *similis*, similar; L. fem. dim. n. *Wolinella*, An existing genus; *Similiwolinella*: A genus related to but distinct from the existing genus Wolinella of similar.

Similiwolskyella

L. masc. adjective *similis*, similar; L. fem. dim. n. *Wolskyella*, An existing genus; *Similiwolskyella*: A genus related to but distinct from the existing genus Wolskyella of similar.

Similiwoodsholea

L. masc. adjective *similis*, similar; L. fem. n. *Woodsholea*, An existing genus; *Similiwoodsholea*: A genus related to but distinct from the existing genus Woodsholea of similar.

Similiwukongibacter

L. masc. adjective *similis*, similar; L. masc. n. *Wukongibacter*, An existing genus; *Similiwukongibacter*: A genus related to but distinct from the existing genus Wukongibacter of similar.

Similixanthobacter

L. masc. adjective *similis*, similar; L. masc. n. *Xanthobacter*, An existing genus; *Similixanthobacter*: A genus related to but distinct from the existing genus Xanthobacter of similar.

Similixanthomarina

L. masc. adjective *similis*, similar; L. fem. n. *Xanthomarina*, An existing genus; *Similixanthomarina*: A genus related to but distinct from the existing genus Xanthomarina of similar.

Similixanthomonas

L. masc. adjective *similis*, similar; L. fem. n. *Xanthomonas*, An existing genus; *Similixanthomonas*: A genus related to but distinct from the existing genus Xanthomonas of similar.

Similixanthovirga

L. masc. adjective *similis*, similar; L. fem. n. *Xanthovirga*, An existing genus; *Similixanthovirga*: A genus related to but distinct from the existing genus Xanthovirga of similar.

Similixenophilus

L. masc. adjective *similis*, similar; L. masc. n. *Xenophilus*, An existing genus; *Similixenophilus*: A genus related to but distinct from the existing genus Xenophilus of similar.

Similixenorhabdus

L. masc. adjective *similis*, similar; L. fem. n. *Xenorhabdus*, An existing genus; *Similixenorhabdus*: A genus related to but distinct from the existing genus Xenorhabdus of similar.

Similixiangella

L. masc. adjective *similis*, similar; L. fem. dim. n. *Xiangella*, An existing genus; *Similixiangella*: A genus related to but distinct from the existing genus Xiangella of similar.

Similixinfangfangia

L. masc. adjective *similis*, similar; L. fem. n. *Xinfangfangia*, An existing genus; *Similixinfangfangia*: A genus related to but distinct from the existing genus Xinfangfangia of similar.

Similixuhuaishuia

L. masc. adjective *similis*, similar; L. fem. n. *Xuhuaishuia*, An existing genus; *Similixuhuaishuia*: A genus related to but distinct from the existing genus Xuhuaishuia of similar.

Similixylanibacillus

L. masc. adjective *similis*, similar; L. masc. n. *Xylanibacillus*, An existing genus; *Similixylanibacillus*: A genus related to but distinct from the existing genus Xylanibacillus of similar.

Similixylanibacter

L. masc. adjective *similis*, similar; L. masc. n. *Xylanibacter*, An existing genus; *Similixylanibacter*: A genus related to but distinct from the existing genus Xylanibacter of similar.

Similixylanibacterium

L. masc. adjective *similis*, similar; L. neut. n. *Xylanibacterium*, An existing genus; *Similixylanibacterium*: A genus related to but distinct from the existing genus Xylanibacterium of similar.

Similixylanimicrobium

L. masc. adjective *similis*, similar; L. neut. n. *Xylanimicrobium*, An existing genus; *Similixylanimicrobium*: A genus related to but distinct from the existing genus Xylanimicrobium of similar.

Similixylanimonas

L. masc. adjective *similis*, similar; L. fem. n. *Xylanimonas*, An existing genus; *Similixylanimonas*: A genus related to but distinct from the existing genus Xylanimonas of similar.

Similixylanivirga

L. masc. adjective *similis*, similar; L. fem. n. *Xylanivirga*, An existing genus; *Similixylanivirga*: A genus related to but distinct from the existing genus Xylanivirga of similar.

Similixylella

L. masc. adjective *similis*, similar; L. fem. dim. n. *Xylella*, An existing genus; *Similixylella*: A genus related to but distinct from the existing genus Xylella of similar.

Similixylophilus

L. masc. adjective *similis*, similar; L. masc. n. *Xylophilus*, An existing genus; *Similixylophilus*: A genus related to but distinct from the existing genus Xylophilus of similar.

Similiyangia

L. masc. adjective *similis*, similar; L. fem. n. *Yangia*, An existing genus; *Similiyangia*: A genus related to but distinct from the existing genus Yangia of similar.

Similiyania

L. masc. adjective *similis*, similar; L. fem. n. *Yania*, An existing genus; *Similiyania*: A genus related to but distinct from the existing genus Yania of similar.

Similiyaniella

L. masc. adjective *similis*, similar; L. fem. dim. n. *Yaniella*, An existing genus; *Similiyaniella*: A genus related to but distinct from the existing genus Yaniella of similar.

Similiyeosuana

L. masc. adjective *similis*, similar; L. fem. n. *Yeosuana*, An existing genus; *Similiyeosuana*: A genus related to but distinct from the existing genus Yeosuana of similar.

Similiyersinia

L. masc. adjective *similis*, similar; L. fem. n. *Yersinia*, An existing genus; *Similiyersinia*: A genus related to but distinct from the existing genus Yersinia of similar.

Similiyimella

L. masc. adjective *similis*, similar; L. fem. dim. n. *Yimella*, An existing genus; *Similiyimella*: A genus related to but distinct from the existing genus Yimella of similar.

Similiyinghuangia

L. masc. adjective *similis*, similar; L. fem. n. *Yinghuangia*, An existing genus; *Similiyinghuangia*: A genus related to but distinct from the existing genus Yinghuangia of similar.

Similiyokenella

L. masc. adjective *similis*, similar; L. fem. dim. n. *Yokenella*, An existing genus; *Similiyokenella*: A genus related to but distinct from the existing genus Yokenella of similar.

Similiyonedaella

L. masc. adjective *similis*, similar; L. fem. dim. n. *Yonedaella*, An existing genus; *Similiyonedaella*: A genus related to but distinct from the existing genus Yonedaella of similar.

Similiyonghaparkia

L. masc. adjective *similis*, similar; L. fem. n. *Yonghaparkia*, An existing genus; *Similiyonghaparkia*: A genus related to but distinct from the existing genus Yonghaparkia of similar.

Similiyoonia

L. masc. adjective *similis*, similar; L. fem. n. *Yoonia*, An existing genus; *Similiyoonia*: A genus related to but distinct from the existing genus Yoonia of similar.

Similiyouhaiella

L. masc. adjective *similis*, similar; L. fem. dim. n. *Youhaiella*, An existing genus; *Similiyouhaiella*: A genus related to but distinct from the existing genus Youhaiella of similar.

Similiyoungiibacter

L. masc. adjective *similis*, similar; L. masc. n. *Youngiibacter*, An existing genus; *Similiyoungiibacter*: A genus related to but distinct from the existing genus Youngiibacter of similar.

Similiyoungimonas

L. masc. adjective *similis*, similar; L. fem. n. *Youngimonas*, An existing genus; *Similiyoungimonas*: A genus related to but distinct from the existing genus Youngimonas of similar.

Similiyuhushiella

L. masc. adjective *similis*, similar; L. fem. dim. n. *Yuhushiella*, An existing genus; *Similiyuhushiella*: A genus related to but distinct from the existing genus Yuhushiella of similar.

Similizavarzinella

L. masc. adjective *similis*, similar; L. fem. dim. n. *Zavarzinella*, An existing genus; *Similizavarzinella*: A genus related to but distinct from the existing genus Zavarzinella of similar.

Similizavarzinia

L. masc. adjective *similis*, similar; L. fem. n. *Zavarzinia*, An existing genus; *Similizavarzinia*: A genus related to but distinct from the existing genus Zavarzinia of similar.

Similizeaxanthinibacter

L. masc. adjective *similis*, similar; L. masc. n. *Zeaxanthinibacter*, An existing genus; *Similizeaxanthinibacter*: A genus related to but distinct from the existing genus Zeaxanthinibacter of similar.

Similizehria

L. masc. adjective *similis*, similar; L. fem. n. *Zehria*, An existing genus; *Similizehria*: A genus related to but distinct from the existing genus Zehria of similar.

Similizestosphaera

L. masc. adjective *similis*, similar; L. fem. n. *Zestosphaera*, An existing genus; *Similizestosphaera*: A genus related to but distinct from the existing genus Zestosphaera of similar.

Similizhangella

L. masc. adjective *similis*, similar; L. fem. dim. n. *Zhangella*, An existing genus; *Similizhangella*: A genus related to but distinct from the existing genus Zhangella of similar.

Similizhaonella

L. masc. adjective *similis*, similar; L. fem. dim. n. *Zhaonella*, An existing genus; *Similizhaonella*: A genus related to but distinct from the existing genus Zhaonella of similar.

Similizhengella

L. masc. adjective *similis*, similar; L. fem. dim. n. *Zhengella*, An existing genus; *Similizhengella*: A genus related to but distinct from the existing genus Zhengella of similar.

Similizhihengliuella

L. masc. adjective *similis*, similar; L. fem. dim. n. *Zhihengliuella*, An existing genus; *Similizhihengliuella*: A genus related to but distinct from the existing genus Zhihengliuella of similar.

Similizhizhongheella

L. masc. adjective *similis*, similar; L. fem. dim. n. *Zhizhongheella*, An existing genus; *Similizhizhongheella*: A genus related to but distinct from the existing genus Zhizhongheella of similar.

Similizhongshania

L. masc. adjective *similis*, similar; L. fem. n. *Zhongshania*, An existing genus; *Similizhongshania*: A genus related to but distinct from the existing genus Zhongshania of similar.

Similizhouia

L. masc. adjective *similis*, similar; L. fem. n. *Zhouia*, An existing genus; *Similizhouia*: A genus related to but distinct from the existing genus Zhouia of similar.

Similizimmermannella

L. masc. adjective *similis*, similar; L. fem. dim. n. *Zimmermannella*, An existing genus; *Similizimmermannella*: A genus related to but distinct from the existing genus Zimmermannella of similar.

Similizobellella

L. masc. adjective *similis*, similar; L. fem. dim. n. *Zobellella*, An existing genus; *Similizobellella*: A genus related to but distinct from the existing genus Zobellella of similar.

Similizobellia

L. masc. adjective *similis*, similar; L. fem. n. *Zobellia*, An existing genus; *Similizobellia*: A genus related to but distinct from the existing genus Zobellia of similar.

Similizoogloea

L. masc. adjective *similis*, similar; L. fem. n. *Zoogloea*, An existing genus; *Similizoogloea*: A genus related to but distinct from the existing genus Zoogloea of similar.

Similizooshikella

L. masc. adjective *similis*, similar; L. fem. dim. n. *Zooshikella*, An existing genus; *Similizooshikella*: A genus related to but distinct from the existing genus Zooshikella of similar.

Similizunongwangia

L. masc. adjective *similis*, similar; L. fem. n. *Zunongwangia*, An existing genus; *Similizunongwangia*: A genus related to but distinct from the existing genus Zunongwangia of similar.

Similizymobacter

L. masc. adjective *similis*, similar; L. masc. n. *Zymobacter*, An existing genus; *Similizymobacter*: A genus related to but distinct from the existing genus Zymobacter of similar.

Similizymomonas

L. masc. adjective *similis*, similar; L. fem. n. *Zymomonas*, An existing genus; *Similizymomonas*: A genus related to but distinct from the existing genus Zymomonas of similar.

Similizymophilus

L. masc. adjective *similis*, similar; L. masc. n. *Zymophilus*, An existing genus; *Similizymophilus*: A genus related to but distinct from the existing genus Zymophilus of similar.

Teleabditibacterium

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Abditibacterium*, An existing genus; *Teleabditibacterium*: A genus related to but distinct from the existing genus Abditibacterium of far away.

Teleabiotrophia

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Abiotrophia*, An existing genus; *Teleabiotrophia*: A genus related to but distinct from the existing genus Abiotrophia of far away.

Teleabsicoccus

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Absicoccus*, An existing genus; *Teleabsicoccus*: A genus related to but distinct from the existing genus Absicoccus of far away.

Teleabsiella

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Absiella*, An existing genus; *Teleabsiella*: A genus related to but distinct from the existing genus Absiella of far away.

Teleabyssibacter

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Abyssibacter*, An existing genus; *Teleabyssibacter*: A genus related to but distinct from the existing genus Abyssibacter of far away.

Teleabyssicoccus

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Abyssicoccus*, An existing genus; *Teleabyssicoccus*: A genus related to but distinct from the existing genus Abyssicoccus of far away.

Teleabyssisolibacter

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Abyssisolibacter*, An existing genus; *Teleabyssisolibacter*: A genus related to but distinct from the existing genus Abyssisolibacter of far away.

Teleabyssivirga

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Abyssivirga*, An existing genus; *Teleabyssivirga*: A genus related to but distinct from the existing genus Abyssivirga of far away.

Teleacanthopleuribacter

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Acanthopleuribacter*, An existing genus; *Teleacanthopleuribacter*: A genus related to but distinct from the existing genus Acanthopleuribacter of far away.

Teleacaricomes

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Acaricomes*, An existing genus; *Teleacaricomes*: A genus related to but distinct from the existing genus Acaricomes of far away.

Teleacaryochloris

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Acaryochloris*, An existing genus; *Teleacaryochloris*: A genus related to but distinct from the existing genus Acaryochloris of far away.

Teleacetanaerobacterium

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. neut. n. *Acetanaerobacterium*, An existing genus; *Teleacetanaerobacterium*: A genus related to but distinct from the existing genus Acetanaerobacterium of far away.

Teleacetatifactor

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Acetatifactor*, An existing genus; *Teleacetatifactor*: A genus related to but distinct from the existing genus Acetatifactor of far away.

Teleacetilactobacillus

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Acetilactobacillus*, An existing genus; *Teleacetilactobacillus*: A genus related to but distinct from the existing genus Acetilactobacillus of far away.

Teleacetitomaculum

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Acetitomaculum*, An existing genus; *Teleacetitomaculum*: A genus related to but distinct from the existing genus Acetitomaculum of far away.

Teleacetivibrio

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Acetivibrio*, An existing genus; *Teleacetivibrio*: A genus related to but distinct from the existing genus Acetivibrio of far away.

Teleacetoanaerobium

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Acetoanaerobium*, An existing genus; *Teleacetoanaerobium*: A genus related to but distinct from the existing genus Acetoanaerobium of far away.

Teleacetobacter

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Acetobacter*, An existing genus; *Teleacetobacter*: A genus related to but distinct from the existing genus Acetobacter of far away.

Teleacetobacterium

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Acetobacterium*, An existing genus; *Teleacetobacterium*: A genus related to but distinct from the existing genus Acetobacterium of far away.

Teleacetobacteroides

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Acetobacteroides*, An existing genus; *Teleacetobacteroides*: A genus related to but distinct from the existing genus Acetobacteroides of far away.

Teleacetofilamentum

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. neut. n. *Acetofilamentum*, An existing genus; *Teleacetofilamentum*: A genus related to but distinct from the existing genus Acetofilamentum of far away.

Teleacetogenium

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. neut. n. *Acetogenium*, An existing genus; *Teleacetogenium*: A genus related to but distinct from the existing genus Acetogenium of far away.

Teleacetohalobium

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. neut. n. *Acetohalobium*, An existing genus; *Teleacetohalobium*: A genus related to but distinct from the existing genus Acetohalobium of far away.

Teleacetomicrobium

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. neut. n. *Acetomicrobium*, An existing genus; *Teleacetomicrobium*: A genus related to but distinct from the existing genus Acetomicrobium of far away.

Teleacetonema

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. neut. n. *Acetonema*, An existing genus; *Teleacetonema*: A genus related to but distinct from the existing genus Acetonema of far away.

Teleacetothermus

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Acetothermus*, An existing genus; *Teleacetothermus*: A genus related to but distinct from the existing genus Acetothermus of far away.

Teleacholeplasma

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. neut. n. *Acholeplasma*, An existing genus; *Teleacholeplasma*: A genus related to but distinct from the existing genus Acholeplasma of far away.

Teleachromatium

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. neut. n. *Achromatium*, An existing genus; *Teleachromatium*: A genus related to but distinct from the existing genus Achromatium of far away.

Teleachromobacter

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Achromobacter*, An existing genus; *Teleachromobacter*: A genus related to but distinct from the existing genus Achromobacter of far away.

Teleacidaminobacter

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Acidaminobacter*, An existing genus; *Teleacidaminobacter*: A genus related to but distinct from the existing genus Acidaminobacter of far away.

Teleacidaminococcus

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Acidaminococcus*, An existing genus; *Teleacidaminococcus*: A genus related to but distinct from the existing genus Acidaminococcus of far away.

Teleacidianus

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Acidianus*, An existing genus; *Teleacidianus*: A genus related to but distinct from the existing genus Acidianus of far away.

Teleacidibrevibacterium

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. neut. n. *Acidibrevibacterium*, An existing genus; *Teleacidibrevibacterium*: A genus related to but distinct from the existing genus Acidibrevibacterium of far away.

Teleacidicaldus

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Acidicaldus*, An existing genus; *Teleacidicaldus*: A genus related to but distinct from the existing genus Acidicaldus of far away.

Teleacidicapsa

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Acidicapsa*, An existing genus; *Teleacidicapsa*: A genus related to but distinct from the existing genus Acidicapsa of far away.

Teleacidiferrimicrobium

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. neut. n. *Acidiferrimicrobium*, An existing genus; *Teleacidiferrimicrobium*: A genus related to but distinct from the existing genus Acidiferrimicrobium of far away.

Teleacidiferrobacter

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Acidiferrobacter*, An existing genus; *Teleacidiferrobacter*: A genus related to but distinct from the existing genus Acidiferrobacter of far away.

Teleacidihalobacter

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Acidihalobacter*, An existing genus; *Teleacidihalobacter*: A genus related to but distinct from the existing genus Acidihalobacter of far away.

Teleacidilobus

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Acidilobus*, An existing genus; *Teleacidilobus*: A genus related to but distinct from the existing genus Acidilobus of far away.

Teleacidimangrovimonas

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Acidimangrovimonas*, An existing genus; *Teleacidimangrovimonas*: A genus related to but distinct from the existing genus Acidimangrovimonas of far away.

Teleacidimicrobium

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. neut. n. *Acidimicrobium*, An existing genus; *Teleacidimicrobium*: A genus related to but distinct from the existing genus Acidimicrobium of far away.

Teleacidiphilium

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. neut. n. *Acidiphilium*, An existing genus; *Teleacidiphilium*: A genus related to but distinct from the existing genus Acidiphilium of far away.

Teleacidiplasma

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. neut. n. *Acidiplasma*, An existing genus; *Teleacidiplasma*: A genus related to but distinct from the existing genus Acidiplasma of far away.

Teleacidipropionibacterium

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. neut. n. *Acidipropionibacterium*, An existing genus; *Teleacidipropionibacterium*: A genus related to but distinct from the existing genus Acidipropionibacterium of far away.

Teleacidisarcina

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Acidisarcina*, An existing genus; *Teleacidisarcina*: A genus related to but distinct from the existing genus Acidisarcina of far away.

Teleacidisoma

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Acidisoma*, An existing genus; *Teleacidisoma*: A genus related to but distinct from the existing genus Acidisoma of far away.

Teleacidisphaera

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Acidisphaera*, An existing genus; *Teleacidisphaera*: A genus related to but distinct from the existing genus Acidisphaera of far away.

Teleacidithiobacillus

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Acidithiobacillus*, An existing genus; *Teleacidithiobacillus*: A genus related to but distinct from the existing genus Acidithiobacillus of far away.

Teleacidithrix

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Acidithrix*, An existing genus; *Teleacidithrix*: A genus related to but distinct from the existing genus Acidithrix of far away.

Teleacidocella

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Acidocella*, An existing genus; *Teleacidocella*: A genus related to but distinct from the existing genus Acidocella of far away.

Teleacidovorax

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Acidovorax*, An existing genus; *Teleacidovorax*: A genus related to but distinct from the existing genus Acidovorax of far away.

Teleacinetobacter

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Acinetobacter*, An existing genus; *Teleacinetobacter*: A genus related to but distinct from the existing genus Acinetobacter of far away.

Teleacrocarpospora

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Acrocarpospora*, An existing genus; *Teleacrocarpospora*: A genus related to but distinct from the existing genus Acrocarpospora of far away.

Teleactibacter

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Actibacter*, An existing genus; *Teleactibacter*: A genus related to but distinct from the existing genus Actibacter of far away.

Teleactibacterium

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Actibacterium*, An existing genus; *Teleactibacterium*: A genus related to but distinct from the existing genus Actibacterium of far away.

Teleactimicrobium

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Actimicrobium*, An existing genus; *Teleactimicrobium*: A genus related to but distinct from the existing genus Actimicrobium of far away.

Teleactinaurispora

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Actinaurispora*, An existing genus; *Teleactinaurispora*: A genus related to but distinct from the existing genus Actinaurispora of far away.

Teleactinoallomurus

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Actinoallomurus*, An existing genus; *Teleactinoallomurus*: A genus related to but distinct from the existing genus Actinoallomurus of far away.

Teleactinobispora

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Actinobispora*, An existing genus; *Teleactinobispora*: A genus related to but distinct from the existing genus Actinobispora of far away.

Teleactinocatenispora

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Actinocatenispora*, An existing genus; *Teleactinocatenispora*: A genus related to but distinct from the existing genus Actinocatenispora of far away.

Teleactinocorallia

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Actinocorallia*, An existing genus; *Teleactinocorallia*: A genus related to but distinct from the existing genus Actinocorallia of far away.

Teleactinocrinis

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Actinocrinis*, An existing genus; *Teleactinocrinis*: A genus related to but distinct from the existing genus Actinocrinis of far away.

Teleactinocrispum

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Actinocrispum*, An existing genus; *Teleactinocrispum*: A genus related to but distinct from the existing genus Actinocrispum of far away.

Teleactinokineospora

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Actinokineospora*, An existing genus; *Teleactinokineospora*: A genus related to but distinct from the existing genus Actinokineospora of far away.

Teleactinomadura

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Actinomadura*, An existing genus; *Teleactinomadura*: A genus related to but distinct from the existing genus Actinomadura of far away.

Teleactinomarinicola

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Actinomarinicola*, An existing genus; *Teleactinomarinicola*: A genus related to but distinct from the existing genus Actinomarinicola of far away.

Teleactinomyces

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Actinomyces*, An existing genus; *Teleactinomyces*: A genus related to but distinct from the existing genus Actinomyces of far away.

Teleactinomycetospora

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Actinomycetospora*, An existing genus; *Teleactinomycetospora*: A genus related to but distinct from the existing genus Actinomycetospora of far away.

Teleactinophytocola

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Actinophytocola*, An existing genus; *Teleactinophytocola*: A genus related to but distinct from the existing genus Actinophytocola of far away.

Teleactinoplanes

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Actinoplanes*, An existing genus; *Teleactinoplanes*: A genus related to but distinct from the existing genus Actinoplanes of far away.

Teleactinopolymorpha

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Actinopolymorpha*, An existing genus; *Teleactinopolymorpha*: A genus related to but distinct from the existing genus Actinopolymorpha of far away.

Teleactinopolyspora

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Actinopolyspora*, An existing genus; *Teleactinopolyspora*: A genus related to but distinct from the existing genus Actinopolyspora of far away.

Teleactinorectispora

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Actinorectispora*, An existing genus; *Teleactinorectispora*: A genus related to but distinct from the existing genus Actinorectispora of far away.

Teleactinorhabdospora

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Actinorhabdospora*, An existing genus; *Teleactinorhabdospora*: A genus related to but distinct from the existing genus Actinorhabdospora of far away.

Teleactinorugispora

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Actinorugispora*, An existing genus; *Teleactinorugispora*: A genus related to but distinct from the existing genus Actinorugispora of far away.

Teleactinospica

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Actinospica*, An existing genus; *Teleactinospica*: A genus related to but distinct from the existing genus Actinospica of far away.

Teleactinosporangium

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Actinosporangium*, An existing genus; *Teleactinosporangium*: A genus related to but distinct from the existing genus Actinosporangium of far away.

Teleactinosynnema

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Actinosynnema*, An existing genus; *Teleactinosynnema*: A genus related to but distinct from the existing genus Actinosynnema of far away.

Teleactinotalea

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Actinotalea*, An existing genus; *Teleactinotalea*: A genus related to but distinct from the existing genus Actinotalea of far away.

Teleactinotignum

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Actinotignum*, An existing genus; *Teleactinotignum*: A genus related to but distinct from the existing genus Actinotignum of far away.

Teleacutalibacter

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Acutalibacter*, An existing genus; *Teleacutalibacter*: A genus related to but distinct from the existing genus Acutalibacter of far away.

Teleacuticoccus

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Acuticoccus*, An existing genus; *Teleacuticoccus*: A genus related to but distinct from the existing genus Acuticoccus of far away.

Teleadhaeribacter

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Adhaeribacter*, An existing genus; *Teleadhaeribacter*: A genus related to but distinct from the existing genus Adhaeribacter of far away.

Teleadlercreutzia

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Adlercreutzia*, An existing genus; *Teleadlercreutzia*: A genus related to but distinct from the existing genus Adlercreutzia of far away.

Teleadvenella

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Advenella*, An existing genus; *Teleadvenella*: A genus related to but distinct from the existing genus Advenella of far away.

Teleaegyptianella

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Aegyptianella*, An existing genus; *Teleaegyptianella*: A genus related to but distinct from the existing genus Aegyptianella of far away.

Teleaequoribacter

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Aequoribacter*, An existing genus; *Teleaequoribacter*: A genus related to but distinct from the existing genus Aequoribacter of far away.

Teleaequorivita

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Aequorivita*, An existing genus; *Teleaequorivita*: A genus related to but distinct from the existing genus Aequorivita of far away.

Teleaeribacillus

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Aeribacillus*, An existing genus; *Teleaeribacillus*: A genus related to but distinct from the existing genus Aeribacillus of far away.

Teleaeriscardovia

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Aeriscardovia*, An existing genus; *Teleaeriscardovia*: A genus related to but distinct from the existing genus Aeriscardovia of far away.

Teleaerococcus

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Aerococcus*, An existing genus; *Teleaerococcus*: A genus related to but distinct from the existing genus Aerococcus of far away.

Teleaeromicrobium

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Aeromicrobium*, An existing genus; *Teleaeromicrobium*: A genus related to but distinct from the existing genus Aeromicrobium of far away.

Teleaeropyrum

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. neut. n. *Aeropyrum*, An existing genus; *Teleaeropyrum*: A genus related to but distinct from the existing genus Aeropyrum of far away.

Teleaerosakkonema

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. neut. n. *Aerosakkonema*, An existing genus; *Teleaerosakkonema*: A genus related to but distinct from the existing genus Aerosakkonema of far away.

Teleaestuariibacter

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Aestuariibacter*, An existing genus; *Teleaestuariibacter*: A genus related to but distinct from the existing genus Aestuariibacter of far away.

Teleaestuariibaculum

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. neut. n. *Aestuariibaculum*, An existing genus; *Teleaestuariibaculum*: A genus related to but distinct from the existing genus Aestuariibaculum of far away.

Teleaestuariibius

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Aestuariibius*, An existing genus; *Teleaestuariibius*: A genus related to but distinct from the existing genus Aestuariibius of far away.

Teleaestuariicella

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Aestuariicella*, An existing genus; *Teleaestuariicella*: A genus related to but distinct from the existing genus Aestuariicella of far away.

Teleaestuariicoccus

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Aestuariicoccus*, An existing genus; *Teleaestuariicoccus*: A genus related to but distinct from the existing genus Aestuariicoccus of far away.

Teleaestuariicola

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Aestuariicola*, An existing genus; *Teleaestuariicola*: A genus related to but distinct from the existing genus Aestuariicola of far away.

Teleaestuariihabitans

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Aestuariihabitans*, An existing genus; *Teleaestuariihabitans*: A genus related to but distinct from the existing genus Aestuariihabitans of far away.

Teleaestuariimicrobium

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Aestuariimicrobium*, An existing genus; *Teleaestuariimicrobium*: A genus related to but distinct from the existing genus Aestuariimicrobium of far away.

Teleaestuariirhabdus

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Aestuariirhabdus*, An existing genus; *Teleaestuariirhabdus*: A genus related to but distinct from the existing genus Aestuariirhabdus of far away.

Teleaestuariisphingobium

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Aestuariisphingobium*, An existing genus; *Teleaestuariisphingobium*: A genus related to but distinct from the existing genus Aestuariisphingobium of far away.

Teleaestuariivirga

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Aestuariivirga*, An existing genus; *Teleaestuariivirga*: A genus related to but distinct from the existing genus Aestuariivirga of far away.

Teleaestuariivita

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Aestuariivita*, An existing genus; *Teleaestuariivita*: A genus related to but distinct from the existing genus Aestuariivita of far away.

Teleaestuarium

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Aestuarium*, An existing genus; *Teleaestuarium*: A genus related to but distinct from the existing genus Aestuarium of far away.

Teleaetherobacter

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Aetherobacter*, An existing genus; *Teleaetherobacter*: A genus related to but distinct from the existing genus Aetherobacter of far away.

Teleafifella

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Afifella*, An existing genus; *Teleafifella*: A genus related to but distinct from the existing genus Afifella of far away.

Teleafipia

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Afipia*, An existing genus; *Teleafipia*: A genus related to but distinct from the existing genus Afipia of far away.

Teleagaribacter

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Agaribacter*, An existing genus; *Teleagaribacter*: A genus related to but distinct from the existing genus Agaribacter of far away.

Teleagaribacterium

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Agaribacterium*, An existing genus; *Teleagaribacterium*: A genus related to but distinct from the existing genus Agaribacterium of far away.

Teleagaricicola

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Agaricicola*, An existing genus; *Teleagaricicola*: A genus related to but distinct from the existing genus Agaricicola of far away.

Teleagarilytica

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Agarilytica*, An existing genus; *Teleagarilytica*: A genus related to but distinct from the existing genus Agarilytica of far away.

Teleagarivorans

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Agarivorans*, An existing genus; *Teleagarivorans*: A genus related to but distinct from the existing genus Agarivorans of far away.

Teleagathobacter

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Agathobacter*, An existing genus; *Teleagathobacter*: A genus related to but distinct from the existing genus Agathobacter of far away.

Teleagathobaculum

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. neut. n. *Agathobaculum*, An existing genus; *Teleagathobaculum*: A genus related to but distinct from the existing genus Agathobaculum of far away.

Teleaggregatibacter

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Aggregatibacter*, An existing genus; *Teleaggregatibacter*: A genus related to but distinct from the existing genus Aggregatibacter of far away.

Teleaggregatilinea

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Aggregatilinea*, An existing genus; *Teleaggregatilinea*: A genus related to but distinct from the existing genus Aggregatilinea of far away.

Teleaggregicoccus

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Aggregicoccus*, An existing genus; *Teleaggregicoccus*: A genus related to but distinct from the existing genus Aggregicoccus of far away.

Teleagitococcus

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Agitococcus*, An existing genus; *Teleagitococcus*: A genus related to but distinct from the existing genus Agitococcus of far away.

Teleagreia

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Agreia*, An existing genus; *Teleagreia*: A genus related to but distinct from the existing genus Agreia of far away.

Teleagrilactobacillus

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Agrilactobacillus*, An existing genus; *Teleagrilactobacillus*: A genus related to but distinct from the existing genus Agrilactobacillus of far away.

Teleagrobacterium

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. neut. n. *Agrobacterium*, An existing genus; *Teleagrobacterium*: A genus related to but distinct from the existing genus Agrobacterium of far away.

Teleagrococcus

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Agrococcus*, An existing genus; *Teleagrococcus*: A genus related to but distinct from the existing genus Agrococcus of far away.

Teleagromonas

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Agromonas*, An existing genus; *Teleagromonas*: A genus related to but distinct from the existing genus Agromonas of far away.

Teleagromyces

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Agromyces*, An existing genus; *Teleagromyces*: A genus related to but distinct from the existing genus Agromyces of far away.

Teleahniella

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Ahniella*, An existing genus; *Teleahniella*: A genus related to but distinct from the existing genus Ahniella of far away.

Teleahrensia

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Ahrensia*, An existing genus; *Teleahrensia*: A genus related to but distinct from the existing genus Ahrensia of far away.

Teleaidingibacillus

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Aidingibacillus*, An existing genus; *Teleaidingibacillus*: A genus related to but distinct from the existing genus Aidingibacillus of far away.

Teleaidingimonas

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Aidingimonas*, An existing genus; *Teleaidingimonas*: A genus related to but distinct from the existing genus Aidingimonas of far away.

Teleakkermansia

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Akkermansia*, An existing genus; *Teleakkermansia*: A genus related to but distinct from the existing genus Akkermansia of far away.

Telealbertania

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Albertania*, An existing genus; *Telealbertania*: A genus related to but distinct from the existing genus Albertania of far away.

Telealbibacter

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Albibacter*, An existing genus; *Telealbibacter*: A genus related to but distinct from the existing genus Albibacter of far away.

Telealbibacterium

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Albibacterium*, An existing genus; *Telealbibacterium*: A genus related to but distinct from the existing genus Albibacterium of far away.

Telealbidiferax

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Albidiferax*, An existing genus; *Telealbidiferax*: A genus related to but distinct from the existing genus Albidiferax of far away.

Telealbidovulum

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Albidovulum*, An existing genus; *Telealbidovulum*: A genus related to but distinct from the existing genus Albidovulum of far away.

Telealbimonas

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Albimonas*, An existing genus; *Telealbimonas*: A genus related to but distinct from the existing genus Albimonas of far away.

Telealbirhodobacter

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Albirhodobacter*, An existing genus; *Telealbirhodobacter*: A genus related to but distinct from the existing genus Albirhodobacter of far away.

Telealbrightia

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Albrightia*, An existing genus; *Telealbrightia*: A genus related to but distinct from the existing genus Albrightia of far away.

Telealcaligenes

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Alcaligenes*, An existing genus; *Telealcaligenes*: A genus related to but distinct from the existing genus Alcaligenes of far away.

Telealcanivorax

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Alcanivorax*, An existing genus; *Telealcanivorax*: A genus related to but distinct from the existing genus Alcanivorax of far away.

Telealdersonia

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Aldersonia*, An existing genus; *Telealdersonia*: A genus related to but distinct from the existing genus Aldersonia of far away.

Telealgibacter

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Algibacter*, An existing genus; *Telealgibacter*: A genus related to but distinct from the existing genus Algibacter of far away.

Telealgicoccus

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Algicoccus*, An existing genus; *Telealgicoccus*: A genus related to but distinct from the existing genus Algicoccus of far away.

Telealgicola

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Algicola*, An existing genus; *Telealgicola*: A genus related to but distinct from the existing genus Algicola of far away.

Telealgihabitans

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Algihabitans*, An existing genus; *Telealgihabitans*: A genus related to but distinct from the existing genus Algihabitans of far away.

Telealgimonas

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Algimonas*, An existing genus; *Telealgimonas*: A genus related to but distinct from the existing genus Algimonas of far away.

Telealginatibacterium

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Alginatibacterium*, An existing genus; *Telealginatibacterium*: A genus related to but distinct from the existing genus Alginatibacterium of far away.

Telealgiphilus

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Algiphilus*, An existing genus; *Telealgiphilus*: A genus related to but distinct from the existing genus Algiphilus of far away.

Telealgisphaera

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Algisphaera*, An existing genus; *Telealgisphaera*: A genus related to but distinct from the existing genus Algisphaera of far away.

Telealgitalea

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Algitalea*, An existing genus; *Telealgitalea*: A genus related to but distinct from the existing genus Algitalea of far away.

Telealgivirga

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Algivirga*, An existing genus; *Telealgivirga*: A genus related to but distinct from the existing genus Algivirga of far away.

Telealgoriella

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Algoriella*, An existing genus; *Telealgoriella*: A genus related to but distinct from the existing genus Algoriella of far away.

Telealgorimarina

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Algorimarina*, An existing genus; *Telealgorimarina*: A genus related to but distinct from the existing genus Algorimarina of far away.

Telealgoriphagus

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Algoriphagus*, An existing genus; *Telealgoriphagus*: A genus related to but distinct from the existing genus Algoriphagus of far away.

Telealiagarivorans

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Aliagarivorans*, An existing genus; *Telealiagarivorans*: A genus related to but distinct from the existing genus Aliagarivorans of far away.

Telealiarcobacter

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Aliarcobacter*, An existing genus; *Telealiarcobacter*: A genus related to but distinct from the existing genus Aliarcobacter of far away.

Telealicycliphilus

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Alicycliphilus*, An existing genus; *Telealicycliphilus*: A genus related to but distinct from the existing genus Alicycliphilus of far away.

Telealicyclobacillus

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Alicyclobacillus*, An existing genus; *Telealicyclobacillus*: A genus related to but distinct from the existing genus Alicyclobacillus of far away.

Telealienimonas

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Alienimonas*, An existing genus; *Telealienimonas*: A genus related to but distinct from the existing genus Alienimonas of far away.

Telealiibacillus

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Aliibacillus*, An existing genus; *Telealiibacillus*: A genus related to but distinct from the existing genus Aliibacillus of far away.

Telealiicoccus

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Aliicoccus*, An existing genus; *Telealiicoccus*: A genus related to but distinct from the existing genus Aliicoccus of far away.

Telealiidiomarina

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Aliidiomarina*, An existing genus; *Telealiidiomarina*: A genus related to but distinct from the existing genus Aliidiomarina of far away.

Telealiidongia

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Aliidongia*, An existing genus; *Telealiidongia*: A genus related to but distinct from the existing genus Aliidongia of far away.

Telealiifodinibius

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Aliifodinibius*, An existing genus; *Telealiifodinibius*: A genus related to but distinct from the existing genus Aliifodinibius of far away.

Telealiiglaciecola

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Aliiglaciecola*, An existing genus; *Telealiiglaciecola*: A genus related to but distinct from the existing genus Aliiglaciecola of far away.

Telealiihoeflea

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Aliihoeflea*, An existing genus; *Telealiihoeflea*: A genus related to but distinct from the existing genus Aliihoeflea of far away.

Telealiikangiella

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Aliikangiella*, An existing genus; *Telealiikangiella*: A genus related to but distinct from the existing genus Aliikangiella of far away.

Telealiinostoc

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Aliinostoc*, An existing genus; *Telealiinostoc*: A genus related to but distinct from the existing genus Aliinostoc of far away.

Telealiiroseovarius

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Aliiroseovarius*, An existing genus; *Telealiiroseovarius*: A genus related to but distinct from the existing genus Aliiroseovarius of far away.

Telealiisedimentitalea

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Aliisedimentitalea*, An existing genus; *Telealiisedimentitalea*: A genus related to but distinct from the existing genus Aliisedimentitalea of far away.

Telealiishimia

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Aliishimia*, An existing genus; *Telealiishimia*: A genus related to but distinct from the existing genus Aliishimia of far away.

Telealiivibrio

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Aliivibrio*, An existing genus; *Telealiivibrio*: A genus related to but distinct from the existing genus Aliivibrio of far away.

Telealishewanella

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Alishewanella*, An existing genus; *Telealishewanella*: A genus related to but distinct from the existing genus Alishewanella of far away.

Telealistipes

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Alistipes*, An existing genus; *Telealistipes*: A genus related to but distinct from the existing genus Alistipes of far away.

Telealiterella

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Aliterella*, An existing genus; *Telealiterella*: A genus related to but distinct from the existing genus Aliterella of far away.

Telealkalibacillus

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Alkalibacillus*, An existing genus; *Telealkalibacillus*: A genus related to but distinct from the existing genus Alkalibacillus of far away.

Telealkalibacter

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Alkalibacter*, An existing genus; *Telealkalibacter*: A genus related to but distinct from the existing genus Alkalibacter of far away.

Telealkalibacterium

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. neut. n. *Alkalibacterium*, An existing genus; *Telealkalibacterium*: A genus related to but distinct from the existing genus Alkalibacterium of far away.

Telealkalibaculum

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. neut. n. *Alkalibaculum*, An existing genus; *Telealkalibaculum*: A genus related to but distinct from the existing genus Alkalibaculum of far away.

Telealkalicoccus

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Alkalicoccus*, An existing genus; *Telealkalicoccus*: A genus related to but distinct from the existing genus Alkalicoccus of far away.

Telealkaliflexus

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Alkaliflexus*, An existing genus; *Telealkaliflexus*: A genus related to but distinct from the existing genus Alkaliflexus of far away.

Telealkalihalobacillus

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Alkalihalobacillus*, An existing genus; *Telealkalihalobacillus*: A genus related to but distinct from the existing genus Alkalihalobacillus of far away.

Telealkalilactibacillus

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Alkalilactibacillus*, An existing genus; *Telealkalilactibacillus*: A genus related to but distinct from the existing genus Alkalilactibacillus of far away.

Telealkalilacustris

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Alkalilacustris*, An existing genus; *Telealkalilacustris*: A genus related to but distinct from the existing genus Alkalilacustris of far away.

Telealkalimarinus

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Alkalimarinus*, An existing genus; *Telealkalimarinus*: A genus related to but distinct from the existing genus Alkalimarinus of far away.

Telealkalimicrobium

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. neut. n. *Alkalimicrobium*, An existing genus; *Telealkalimicrobium*: A genus related to but distinct from the existing genus Alkalimicrobium of far away.

Telealkalimonas

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Alkalimonas*, An existing genus; *Telealkalimonas*: A genus related to but distinct from the existing genus Alkalimonas of far away.

Telealkalinema

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. neut. n. *Alkalinema*, An existing genus; *Telealkalinema*: A genus related to but distinct from the existing genus Alkalinema of far away.

Telealkaliphilus

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Alkaliphilus*, An existing genus; *Telealkaliphilus*: A genus related to but distinct from the existing genus Alkaliphilus of far away.

Telealkalispirillum

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. neut. dim. n. *Alkalispirillum*, An existing genus; *Telealkalispirillum*: A genus related to but distinct from the existing genus Alkalispirillum of far away.

Telealkalispirochaeta

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Alkalispirochaeta*, An existing genus; *Telealkalispirochaeta*: A genus related to but distinct from the existing genus Alkalispirochaeta of far away.

Telealkalitalea

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Alkalitalea*, An existing genus; *Telealkalitalea*: A genus related to but distinct from the existing genus Alkalitalea of far away.

Telealkanibacter

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Alkanibacter*, An existing genus; *Telealkanibacter*: A genus related to but distinct from the existing genus Alkanibacter of far away.

Telealkanindiges

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Alkanindiges*, An existing genus; *Telealkanindiges*: A genus related to but distinct from the existing genus Alkanindiges of far away.

Teleallisonella

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Allisonella*, An existing genus; *Teleallisonella*: A genus related to but distinct from the existing genus Allisonella of far away.

Telealloactinosynnema

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. neut. n. *Alloactinosynnema*, An existing genus; *Telealloactinosynnema*: A genus related to but distinct from the existing genus Alloactinosynnema of far away.

Teleallobacillus

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Allobacillus*, An existing genus; *Teleallobacillus*: A genus related to but distinct from the existing genus Allobacillus of far away.

Teleallobaculum

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. neut. n. *Allobaculum*, An existing genus; *Teleallobaculum*: A genus related to but distinct from the existing genus Allobaculum of far away.

Teleallobranchiibius

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Allobranchiibius*, An existing genus; *Teleallobranchiibius*: A genus related to but distinct from the existing genus Allobranchiibius of far away.

Teleallocatelliglobosispora

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Allocatelliglobosispora*, An existing genus; *Teleallocatelliglobosispora*: A genus related to but distinct from the existing genus Allocatelliglobosispora of far away.

Teleallochromatium

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. neut. n. *Allochromatium*, An existing genus; *Teleallochromatium*: A genus related to but distinct from the existing genus Allochromatium of far away.

Teleallofrancisella

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Allofrancisella*, An existing genus; *Teleallofrancisella*: A genus related to but distinct from the existing genus Allofrancisella of far away.

Teleallofustis

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Allofustis*, An existing genus; *Teleallofustis*: A genus related to but distinct from the existing genus Allofustis of far away.

Teleallohahella

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Allohahella*, An existing genus; *Teleallohahella*: A genus related to but distinct from the existing genus Allohahella of far away.

Teleallohumibacter

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Allohumibacter*, An existing genus; *Teleallohumibacter*: A genus related to but distinct from the existing genus Allohumibacter of far away.

Telealloiococcus

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Alloiococcus*, An existing genus; *Telealloiococcus*: A genus related to but distinct from the existing genus Alloiococcus of far away.

Teleallokutzneria

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Allokutzneria*, An existing genus; *Teleallokutzneria*: A genus related to but distinct from the existing genus Allokutzneria of far away.

Teleallomonas

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Allomonas*, An existing genus; *Teleallomonas*: A genus related to but distinct from the existing genus Allomonas of far away.

Teleallonocardiopsis

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Allonocardiopsis*, An existing genus; *Teleallonocardiopsis*: A genus related to but distinct from the existing genus Allonocardiopsis of far away.

Telealloprevotella

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Alloprevotella*, An existing genus; *Telealloprevotella*: A genus related to but distinct from the existing genus Alloprevotella of far away.

Teleallopseudarcicella

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Allopseudarcicella*, An existing genus; *Teleallopseudarcicella*: A genus related to but distinct from the existing genus Allopseudarcicella of far away.

Teleallorhizobium

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Allorhizobium*, An existing genus; *Teleallorhizobium*: A genus related to but distinct from the existing genus Allorhizobium of far away.

Teleallorhizocola

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Allorhizocola*, An existing genus; *Teleallorhizocola*: A genus related to but distinct from the existing genus Allorhizocola of far away.

Teleallosalinactinospora

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Allosalinactinospora*, An existing genus; *Teleallosalinactinospora*: A genus related to but distinct from the existing genus Allosalinactinospora of far away.

Telealloscardovia

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Alloscardovia*, An existing genus; *Telealloscardovia*: A genus related to but distinct from the existing genus Alloscardovia of far away.

Teleallostreptomyces

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Allostreptomyces*, An existing genus; *Teleallostreptomyces*: A genus related to but distinct from the existing genus Allostreptomyces of far away.

Telealpinimonas

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Alpinimonas*, An existing genus; *Telealpinimonas*: A genus related to but distinct from the existing genus Alpinimonas of far away.

Telealsobacter

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Alsobacter*, An existing genus; *Telealsobacter*: A genus related to but distinct from the existing genus Alsobacter of far away.

Telealtererythrobacter

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Altererythrobacter*, An existing genus; *Telealtererythrobacter*: A genus related to but distinct from the existing genus Altererythrobacter of far away.

Telealteribacillus

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Alteribacillus*, An existing genus; *Telealteribacillus*: A genus related to but distinct from the existing genus Alteribacillus of far away.

Telealterileibacterium

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Alterileibacterium*, An existing genus; *Telealterileibacterium*: A genus related to but distinct from the existing genus Alterileibacterium of far away.

Telealterococcus

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Alterococcus*, An existing genus; *Telealterococcus*: A genus related to but distinct from the existing genus Alterococcus of far away.

Telealteromonas

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Alteromonas*, An existing genus; *Telealteromonas*: A genus related to but distinct from the existing genus Alteromonas of far away.

Telealtuibacter

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Altuibacter*, An existing genus; *Telealtuibacter*: A genus related to but distinct from the existing genus Altuibacter of far away.

Telealysiella

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Alysiella*, An existing genus; *Telealysiella*: A genus related to but distinct from the existing genus Alysiella of far away.

Teleamantichitinum

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Amantichitinum*, An existing genus; *Teleamantichitinum*: A genus related to but distinct from the existing genus Amantichitinum of far away.

Teleamaricoccus

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Amaricoccus*, An existing genus; *Teleamaricoccus*: A genus related to but distinct from the existing genus Amaricoccus of far away.

Teleamazoninema

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Amazoninema*, An existing genus; *Teleamazoninema*: A genus related to but distinct from the existing genus Amazoninema of far away.

Teleamedibacillus

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Amedibacillus*, An existing genus; *Teleamedibacillus*: A genus related to but distinct from the existing genus Amedibacillus of far away.

Teleamedibacterium

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Amedibacterium*, An existing genus; *Teleamedibacterium*: A genus related to but distinct from the existing genus Amedibacterium of far away.

Teleameyamaea

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Ameyamaea*, An existing genus; *Teleameyamaea*: A genus related to but distinct from the existing genus Ameyamaea of far away.

Teleaminiphilus

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Aminiphilus*, An existing genus; *Teleaminiphilus*: A genus related to but distinct from the existing genus Aminiphilus of far away.

Teleaminipila

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Aminipila*, An existing genus; *Teleaminipila*: A genus related to but distinct from the existing genus Aminipila of far away.

Teleaminivibrio

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Aminivibrio*, An existing genus; *Teleaminivibrio*: A genus related to but distinct from the existing genus Aminivibrio of far away.

Teleaminobacter

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Aminobacter*, An existing genus; *Teleaminobacter*: A genus related to but distinct from the existing genus Aminobacter of far away.

Teleaminobacterium

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. neut. n. *Aminobacterium*, An existing genus; *Teleaminobacterium*: A genus related to but distinct from the existing genus Aminobacterium of far away.

Teleaminomonas

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Aminomonas*, An existing genus; *Teleaminomonas*: A genus related to but distinct from the existing genus Aminomonas of far away.

Teleammassolinea

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Ammassolinea*, An existing genus; *Teleammassolinea*: A genus related to but distinct from the existing genus Ammassolinea of far away.

Teleammonifex

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Ammonifex*, An existing genus; *Teleammonifex*: A genus related to but distinct from the existing genus Ammonifex of far away.

Teleammoniibacillus

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Ammoniibacillus*, An existing genus; *Teleammoniibacillus*: A genus related to but distinct from the existing genus Ammoniibacillus of far away.

Teleammoniphilus

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Ammoniphilus*, An existing genus; *Teleammoniphilus*: A genus related to but distinct from the existing genus Ammoniphilus of far away.

Teleamnibacterium

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. neut. n. *Amnibacterium*, An existing genus; *Teleamnibacterium*: A genus related to but distinct from the existing genus Amnibacterium of far away.

Teleamniculibacterium

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Amniculibacterium*, An existing genus; *Teleamniculibacterium*: A genus related to but distinct from the existing genus Amniculibacterium of far away.

Teleamnimonas

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Amnimonas*, An existing genus; *Teleamnimonas*: A genus related to but distinct from the existing genus Amnimonas of far away.

Teleamoebobacter

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Amoebobacter*, An existing genus; *Teleamoebobacter*: A genus related to but distinct from the existing genus Amoebobacter of far away.

Teleamorphosporangium

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Amorphosporangium*, An existing genus; *Teleamorphosporangium*: A genus related to but distinct from the existing genus Amorphosporangium of far away.

Teleamorphus

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Amorphus*, An existing genus; *Teleamorphus*: A genus related to but distinct from the existing genus Amorphus of far away.

Teleamphibacillus

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Amphibacillus*, An existing genus; *Teleamphibacillus*: A genus related to but distinct from the existing genus Amphibacillus of far away.

Teleamphiheterocytum

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Amphiheterocytum*, An existing genus; *Teleamphiheterocytum*: A genus related to but distinct from the existing genus Amphiheterocytum of far away.

Teleamphiplicatus

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Amphiplicatus*, An existing genus; *Teleamphiplicatus*: A genus related to but distinct from the existing genus Amphiplicatus of far away.

Teleampullariella

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Ampullariella*, An existing genus; *Teleampullariella*: A genus related to but distinct from the existing genus Ampullariella of far away.

Teleampullimonas

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Ampullimonas*, An existing genus; *Teleampullimonas*: A genus related to but distinct from the existing genus Ampullimonas of far away.

Teleamycolata

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Amycolata*, An existing genus; *Teleamycolata*: A genus related to but distinct from the existing genus Amycolata of far away.

Teleamycolatopsis

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Amycolatopsis*, An existing genus; *Teleamycolatopsis*: A genus related to but distinct from the existing genus Amycolatopsis of far away.

Teleamycolicicoccus

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Amycolicicoccus*, An existing genus; *Teleamycolicicoccus*: A genus related to but distinct from the existing genus Amycolicicoccus of far away.

Teleamylibacter

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Amylibacter*, An existing genus; *Teleamylibacter*: A genus related to but distinct from the existing genus Amylibacter of far away.

Teleamylolactobacillus

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Amylolactobacillus*, An existing genus; *Teleamylolactobacillus*: A genus related to but distinct from the existing genus Amylolactobacillus of far away.

Teleanaerobacillus

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Anaerobacillus*, An existing genus; *Teleanaerobacillus*: A genus related to but distinct from the existing genus Anaerobacillus of far away.

Teleanaerobacterium

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. neut. n. *Anaerobacterium*, An existing genus; *Teleanaerobacterium*: A genus related to but distinct from the existing genus Anaerobacterium of far away.

Teleanaerobaculum

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. neut. n. *Anaerobaculum*, An existing genus; *Teleanaerobaculum*: A genus related to but distinct from the existing genus Anaerobaculum of far away.

Teleanaerobiospirillum

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. neut. dim. n. *Anaerobiospirillum*, An existing genus; *Teleanaerobiospirillum*: A genus related to but distinct from the existing genus Anaerobiospirillum of far away.

Teleanaerobium

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. neut. n. *Anaerobium*, An existing genus; *Teleanaerobium*: A genus related to but distinct from the existing genus Anaerobium of far away.

Teleanaerobranca

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Anaerobranca*, An existing genus; *Teleanaerobranca*: A genus related to but distinct from the existing genus Anaerobranca of far away.

Teleanaerobutyricum

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. neut. n. *Anaerobutyricum*, An existing genus; *Teleanaerobutyricum*: A genus related to but distinct from the existing genus Anaerobutyricum of far away.

Teleanaerocella

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Anaerocella*, An existing genus; *Teleanaerocella*: A genus related to but distinct from the existing genus Anaerocella of far away.

Teleanaerococcus

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Anaerococcus*, An existing genus; *Teleanaerococcus*: A genus related to but distinct from the existing genus Anaerococcus of far away.

Teleanaerofilum

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. neut. n. *Anaerofilum*, An existing genus; *Teleanaerofilum*: A genus related to but distinct from the existing genus Anaerofilum of far away.

Teleanaeroglobus

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Anaeroglobus*, An existing genus; *Teleanaeroglobus*: A genus related to but distinct from the existing genus Anaeroglobus of far away.

Teleanaerohalosphaera

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Anaerohalosphaera*, An existing genus; *Teleanaerohalosphaera*: A genus related to but distinct from the existing genus Anaerohalosphaera of far away.

Teleanaerolactibacter

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Anaerolactibacter*, An existing genus; *Teleanaerolactibacter*: A genus related to but distinct from the existing genus Anaerolactibacter of far away.

Teleanaerolinea

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Anaerolinea*, An existing genus; *Teleanaerolinea*: A genus related to but distinct from the existing genus Anaerolinea of far away.

Teleanaeromicrobium

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. neut. n. *Anaeromicrobium*, An existing genus; *Teleanaeromicrobium*: A genus related to but distinct from the existing genus Anaeromicrobium of far away.

Teleanaeromusa

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Anaeromusa*, An existing genus; *Teleanaeromusa*: A genus related to but distinct from the existing genus Anaeromusa of far away.

Teleanaeromyxobacter

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Anaeromyxobacter*, An existing genus; *Teleanaeromyxobacter*: A genus related to but distinct from the existing genus Anaeromyxobacter of far away.

Teleanaerophaga

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Anaerophaga*, An existing genus; *Teleanaerophaga*: A genus related to but distinct from the existing genus Anaerophaga of far away.

Teleanaerophilus

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Anaerophilus*, An existing genus; *Teleanaerophilus*: A genus related to but distinct from the existing genus Anaerophilus of far away.

Teleanaeroplasma

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Anaeroplasma*, An existing genus; *Teleanaeroplasma*: A genus related to but distinct from the existing genus Anaeroplasma of far away.

Teleanaerorhabdus

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Anaerorhabdus*, An existing genus; *Teleanaerorhabdus*: A genus related to but distinct from the existing genus Anaerorhabdus of far away.

Teleanaerosalibacter

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Anaerosalibacter*, An existing genus; *Teleanaerosalibacter*: A genus related to but distinct from the existing genus Anaerosalibacter of far away.

Teleanaerosolibacter

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Anaerosolibacter*, An existing genus; *Teleanaerosolibacter*: A genus related to but distinct from the existing genus Anaerosolibacter of far away.

Teleanaerosphaera

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Anaerosphaera*, An existing genus; *Teleanaerosphaera*: A genus related to but distinct from the existing genus Anaerosphaera of far away.

Teleanaerospora

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Anaerospora*, An existing genus; *Teleanaerospora*: A genus related to but distinct from the existing genus Anaerospora of far away.

Teleanaerosporobacter

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Anaerosporobacter*, An existing genus; *Teleanaerosporobacter*: A genus related to but distinct from the existing genus Anaerosporobacter of far away.

Teleanaerosporomusa

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Anaerosporomusa*, An existing genus; *Teleanaerosporomusa*: A genus related to but distinct from the existing genus Anaerosporomusa of far away.

Teleanaerotignum

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. neut. n. *Anaerotignum*, An existing genus; *Teleanaerotignum*: A genus related to but distinct from the existing genus Anaerotignum of far away.

Teleanaerotruncus

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Anaerotruncus*, An existing genus; *Teleanaerotruncus*: A genus related to but distinct from the existing genus Anaerotruncus of far away.

Teleanaerovibrio

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Anaerovibrio*, An existing genus; *Teleanaerovibrio*: A genus related to but distinct from the existing genus Anaerovibrio of far away.

Teleanaerovirgula

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Anaerovirgula*, An existing genus; *Teleanaerovirgula*: A genus related to but distinct from the existing genus Anaerovirgula of far away.

Teleanaerovorax

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Anaerovorax*, An existing genus; *Teleanaerovorax*: A genus related to but distinct from the existing genus Anaerovorax of far away.

Teleanaplasma

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. neut. n. *Anaplasma*, An existing genus; *Teleanaplasma*: A genus related to but distinct from the existing genus Anaplasma of far away.

Teleancalochloris

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Ancalochloris*, An existing genus; *Teleancalochloris*: A genus related to but distinct from the existing genus Ancalochloris of far away.

Teleancalomicrobium

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. neut. n. *Ancalomicrobium*, An existing genus; *Teleancalomicrobium*: A genus related to but distinct from the existing genus Ancalomicrobium of far away.

Teleancylobacter

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Ancylobacter*, An existing genus; *Teleancylobacter*: A genus related to but distinct from the existing genus Ancylobacter of far away.

Teleancylomarina

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Ancylomarina*, An existing genus; *Teleancylomarina*: A genus related to but distinct from the existing genus Ancylomarina of far away.

Teleancylothrix

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Ancylothrix*, An existing genus; *Teleancylothrix*: A genus related to but distinct from the existing genus Ancylothrix of far away.

Teleanderseniella

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Anderseniella*, An existing genus; *Teleanderseniella*: A genus related to but distinct from the existing genus Anderseniella of far away.

Teleandreesenia

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Andreesenia*, An existing genus; *Teleandreesenia*: A genus related to but distinct from the existing genus Andreesenia of far away.

Teleandreprevotia

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Andreprevotia*, An existing genus; *Teleandreprevotia*: A genus related to but distinct from the existing genus Andreprevotia of far away.

Teleaneurinibacillus

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Aneurinibacillus*, An existing genus; *Teleaneurinibacillus*: A genus related to but distinct from the existing genus Aneurinibacillus of far away.

Teleangelakisella

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Angelakisella*, An existing genus; *Teleangelakisella*: A genus related to but distinct from the existing genus Angelakisella of far away.

Teleangiococcus

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Angiococcus*, An existing genus; *Teleangiococcus*: A genus related to but distinct from the existing genus Angiococcus of far away.

Teleangulomicrobium

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Angulomicrobium*, An existing genus; *Teleangulomicrobium*: A genus related to but distinct from the existing genus Angulomicrobium of far away.

Teleangustibacter

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Angustibacter*, An existing genus; *Teleangustibacter*: A genus related to but distinct from the existing genus Angustibacter of far away.

Teleannwoodia

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Annwoodia*, An existing genus; *Teleannwoodia*: A genus related to but distinct from the existing genus Annwoodia of far away.

Teleanoxybacillus

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Anoxybacillus*, An existing genus; *Teleanoxybacillus*: A genus related to but distinct from the existing genus Anoxybacillus of far away.

Teleanoxybacter

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Anoxybacter*, An existing genus; *Teleanoxybacter*: A genus related to but distinct from the existing genus Anoxybacter of far away.

Teleanoxynatronum

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Anoxynatronum*, An existing genus; *Teleanoxynatronum*: A genus related to but distinct from the existing genus Anoxynatronum of far away.

Teleanseongella

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Anseongella*, An existing genus; *Teleanseongella*: A genus related to but distinct from the existing genus Anseongella of far away.

Teleantarcticibacterium

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Antarcticibacterium*, An existing genus; *Teleantarcticibacterium*: A genus related to but distinct from the existing genus Antarcticibacterium of far away.

Teleantarcticimicrobium

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Antarcticimicrobium*, An existing genus; *Teleantarcticimicrobium*: A genus related to but distinct from the existing genus Antarcticimicrobium of far away.

Teleantarcticimonas

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Antarcticimonas*, An existing genus; *Teleantarcticimonas*: A genus related to but distinct from the existing genus Antarcticimonas of far away.

Teleantarctobacter

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Antarctobacter*, An existing genus; *Teleantarctobacter*: A genus related to but distinct from the existing genus Antarctobacter of far away.

Teleantribacter

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Antribacter*, An existing genus; *Teleantribacter*: A genus related to but distinct from the existing genus Antribacter of far away.

Teleantricoccus

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Antricoccus*, An existing genus; *Teleantricoccus*: A genus related to but distinct from the existing genus Antricoccus of far away.

Teleaphanizomenon

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Aphanizomenon*, An existing genus; *Teleaphanizomenon*: A genus related to but distinct from the existing genus Aphanizomenon of far away.

Teleapibacter

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Apibacter*, An existing genus; *Teleapibacter*: A genus related to but distinct from the existing genus Apibacter of far away.

Teleapilactobacillus

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Apilactobacillus*, An existing genus; *Teleapilactobacillus*: A genus related to but distinct from the existing genus Apilactobacillus of far away.

Teleaplanobacter

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Aplanobacter*, An existing genus; *Teleaplanobacter*: A genus related to but distinct from the existing genus Aplanobacter of far away.

Teleaquabacter

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Aquabacter*, An existing genus; *Teleaquabacter*: A genus related to but distinct from the existing genus Aquabacter of far away.

Teleaquabacterium

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Aquabacterium*, An existing genus; *Teleaquabacterium*: A genus related to but distinct from the existing genus Aquabacterium of far away.

Teleaquamicrobium

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Aquamicrobium*, An existing genus; *Teleaquamicrobium*: A genus related to but distinct from the existing genus Aquamicrobium of far away.

Teleaquaspirillum

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. dim. n. *Aquaspirillum*, An existing genus; *Teleaquaspirillum*: A genus related to but distinct from the existing genus Aquaspirillum of far away.

Teleaquaticitalea

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Aquaticitalea*, An existing genus; *Teleaquaticitalea*: A genus related to but distinct from the existing genus Aquaticitalea of far away.

Teleaquella

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Aquella*, An existing genus; *Teleaquella*: A genus related to but distinct from the existing genus Aquella of far away.

Teleaquibacillus

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Aquibacillus*, An existing genus; *Teleaquibacillus*: A genus related to but distinct from the existing genus Aquibacillus of far away.

Teleaquibacter

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Aquibacter*, An existing genus; *Teleaquibacter*: A genus related to but distinct from the existing genus Aquibacter of far away.

Teleaquicella

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Aquicella*, An existing genus; *Teleaquicella*: A genus related to but distinct from the existing genus Aquicella of far away.

Teleaquichromatium

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. neut. n. *Aquichromatium*, An existing genus; *Teleaquichromatium*: A genus related to but distinct from the existing genus Aquichromatium of far away.

Teleaquicoccus

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Aquicoccus*, An existing genus; *Teleaquicoccus*: A genus related to but distinct from the existing genus Aquicoccus of far away.

Teleaquidulcibacter

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Aquidulcibacter*, An existing genus; *Teleaquidulcibacter*: A genus related to but distinct from the existing genus Aquidulcibacter of far away.

Teleaquifex

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Aquifex*, An existing genus; *Teleaquifex*: A genus related to but distinct from the existing genus Aquifex of far away.

Teleaquiflexum

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Aquiflexum*, An existing genus; *Teleaquiflexum*: A genus related to but distinct from the existing genus Aquiflexum of far away.

Teleaquihabitans

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Aquihabitans*, An existing genus; *Teleaquihabitans*: A genus related to but distinct from the existing genus Aquihabitans of far away.

Teleaquimarina

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Aquimarina*, An existing genus; *Teleaquimarina*: A genus related to but distinct from the existing genus Aquimarina of far away.

Teleaquimixticola

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Aquimixticola*, An existing genus; *Teleaquimixticola*: A genus related to but distinct from the existing genus Aquimixticola of far away.

Teleaquimonas

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Aquimonas*, An existing genus; *Teleaquimonas*: A genus related to but distinct from the existing genus Aquimonas of far away.

Teleaquincola

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Aquincola*, An existing genus; *Teleaquincola*: A genus related to but distinct from the existing genus Aquincola of far away.

Teleaquipuribacter

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Aquipuribacter*, An existing genus; *Teleaquipuribacter*: A genus related to but distinct from the existing genus Aquipuribacter of far away.

Teleaquirufa

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Aquirufa*, An existing genus; *Teleaquirufa*: A genus related to but distinct from the existing genus Aquirufa of far away.

Teleaquisalibacillus

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Aquisalibacillus*, An existing genus; *Teleaquisalibacillus*: A genus related to but distinct from the existing genus Aquisalibacillus of far away.

Teleaquisalimonas

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Aquisalimonas*, An existing genus; *Teleaquisalimonas*: A genus related to but distinct from the existing genus Aquisalimonas of far away.

Teleaquisalinus

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Aquisalinus*, An existing genus; *Teleaquisalinus*: A genus related to but distinct from the existing genus Aquisalinus of far away.

Teleaquisediminimonas

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Aquisediminimonas*, An existing genus; *Teleaquisediminimonas*: A genus related to but distinct from the existing genus Aquisediminimonas of far away.

Teleaquisphaera

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Aquisphaera*, An existing genus; *Teleaquisphaera*: A genus related to but distinct from the existing genus Aquisphaera of far away.

Teleaquitalea

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Aquitalea*, An existing genus; *Teleaquitalea*: A genus related to but distinct from the existing genus Aquitalea of far away.

Telearachidicoccus

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Arachidicoccus*, An existing genus; *Telearachidicoccus*: A genus related to but distinct from the existing genus Arachidicoccus of far away.

Telearachnia

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Arachnia*, An existing genus; *Telearachnia*: A genus related to but distinct from the existing genus Arachnia of far away.

Telearcanobacterium

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. neut. n. *Arcanobacterium*, An existing genus; *Telearcanobacterium*: A genus related to but distinct from the existing genus Arcanobacterium of far away.

Telearchaeoglobus

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Archaeoglobus*, An existing genus; *Telearchaeoglobus*: A genus related to but distinct from the existing genus Archaeoglobus of far away.

Telearchangium

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. neut. n. *Archangium*, An existing genus; *Telearchangium*: A genus related to but distinct from the existing genus Archangium of far away.

Telearcicella

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Arcicella*, An existing genus; *Telearcicella*: A genus related to but distinct from the existing genus Arcicella of far away.

Telearcobacter

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Arcobacter*, An existing genus; *Telearcobacter*: A genus related to but distinct from the existing genus Arcobacter of far away.

Telearcticibacter

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Arcticibacter*, An existing genus; *Telearcticibacter*: A genus related to but distinct from the existing genus Arcticibacter of far away.

Telearcticibacterium

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. neut. n. *Arcticibacterium*, An existing genus; *Telearcticibacterium*: A genus related to but distinct from the existing genus Arcticibacterium of far away.

Telearcticiflavibacter

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Arcticiflavibacter*, An existing genus; *Telearcticiflavibacter*: A genus related to but distinct from the existing genus Arcticiflavibacter of far away.

Teleardenticatena

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Ardenticatena*, An existing genus; *Teleardenticatena*: A genus related to but distinct from the existing genus Ardenticatena of far away.

Telearenibacillus

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Arenibacillus*, An existing genus; *Telearenibacillus*: A genus related to but distinct from the existing genus Arenibacillus of far away.

Telearenibacter

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Arenibacter*, An existing genus; *Telearenibacter*: A genus related to but distinct from the existing genus Arenibacter of far away.

Telearenicella

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Arenicella*, An existing genus; *Telearenicella*: A genus related to but distinct from the existing genus Arenicella of far away.

Telearenimicrobium

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Arenimicrobium*, An existing genus; *Telearenimicrobium*: A genus related to but distinct from the existing genus Arenimicrobium of far away.

Telearenimonas

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Arenimonas*, An existing genus; *Telearenimonas*: A genus related to but distinct from the existing genus Arenimonas of far away.

Telearenitalea

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Arenitalea*, An existing genus; *Telearenitalea*: A genus related to but distinct from the existing genus Arenitalea of far away.

Telearhodomonas

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Arhodomonas*, An existing genus; *Telearhodomonas*: A genus related to but distinct from the existing genus Arhodomonas of far away.

Telearidibacter

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Aridibacter*, An existing genus; *Telearidibacter*: A genus related to but distinct from the existing genus Aridibacter of far away.

Telearmatimonas

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Armatimonas*, An existing genus; *Telearmatimonas*: A genus related to but distinct from the existing genus Armatimonas of far away.

Telearsenicibacter

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Arsenicibacter*, An existing genus; *Telearsenicibacter*: A genus related to but distinct from the existing genus Arsenicibacter of far away.

Telearsenicicoccus

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Arsenicicoccus*, An existing genus; *Telearsenicicoccus*: A genus related to but distinct from the existing genus Arsenicicoccus of far away.

Telearsenicitalea

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Arsenicitalea*, An existing genus; *Telearsenicitalea*: A genus related to but distinct from the existing genus Arsenicitalea of far away.

Telearsenophonus

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Arsenophonus*, An existing genus; *Telearsenophonus*: A genus related to but distinct from the existing genus Arsenophonus of far away.

Telearsukibacterium

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Arsukibacterium*, An existing genus; *Telearsukibacterium*: A genus related to but distinct from the existing genus Arsukibacterium of far away.

Telearthrobacter

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Arthrobacter*, An existing genus; *Telearthrobacter*: A genus related to but distinct from the existing genus Arthrobacter of far away.

Telearthrospira

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Arthrospira*, An existing genus; *Telearthrospira*: A genus related to but distinct from the existing genus Arthrospira of far away.

Telearthrospiribacter

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Arthrospiribacter*, An existing genus; *Telearthrospiribacter*: A genus related to but distinct from the existing genus Arthrospiribacter of far away.

Telearundinibacter

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Arundinibacter*, An existing genus; *Telearundinibacter*: A genus related to but distinct from the existing genus Arundinibacter of far away.

Telearvibacter

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Arvibacter*, An existing genus; *Telearvibacter*: A genus related to but distinct from the existing genus Arvibacter of far away.

Teleasaccharobacter

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Asaccharobacter*, An existing genus; *Teleasaccharobacter*: A genus related to but distinct from the existing genus Asaccharobacter of far away.

Teleasaccharospora

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Asaccharospora*, An existing genus; *Teleasaccharospora*: A genus related to but distinct from the existing genus Asaccharospora of far away.

Teleasaia

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Asaia*, An existing genus; *Teleasaia*: A genus related to but distinct from the existing genus Asaia of far away.

Teleasanoa

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Asanoa*, An existing genus; *Teleasanoa*: A genus related to but distinct from the existing genus Asanoa of far away.

Teleascidiaceibacter

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Ascidiaceibacter*, An existing genus; *Teleascidiaceibacter*: A genus related to but distinct from the existing genus Ascidiaceibacter of far away.

Teleascidiaceihabitans

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Ascidiaceihabitans*, An existing genus; *Teleascidiaceihabitans*: A genus related to but distinct from the existing genus Ascidiaceihabitans of far away.

Teleascidiimonas

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Ascidiimonas*, An existing genus; *Teleascidiimonas*: A genus related to but distinct from the existing genus Ascidiimonas of far away.

Teleasinibacterium

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Asinibacterium*, An existing genus; *Teleasinibacterium*: A genus related to but distinct from the existing genus Asinibacterium of far away.

Teleasprobacter

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Asprobacter*, An existing genus; *Teleasprobacter*: A genus related to but distinct from the existing genus Asprobacter of far away.

Teleaspromonas

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Aspromonas*, An existing genus; *Teleaspromonas*: A genus related to but distinct from the existing genus Aspromonas of far away.

Teleasteroleplasma

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Asteroleplasma*, An existing genus; *Teleasteroleplasma*: A genus related to but distinct from the existing genus Asteroleplasma of far away.

Teleasticcacaulis

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Asticcacaulis*, An existing genus; *Teleasticcacaulis*: A genus related to but distinct from the existing genus Asticcacaulis of far away.

Teleathalassotoga

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Athalassotoga*, An existing genus; *Teleathalassotoga*: A genus related to but distinct from the existing genus Athalassotoga of far away.

Teleatlantibacter

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Atlantibacter*, An existing genus; *Teleatlantibacter*: A genus related to but distinct from the existing genus Atlantibacter of far away.

Teleatopobacter

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Atopobacter*, An existing genus; *Teleatopobacter*: A genus related to but distinct from the existing genus Atopobacter of far away.

Teleatopobium

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. neut. n. *Atopobium*, An existing genus; *Teleatopobium*: A genus related to but distinct from the existing genus Atopobium of far away.

Teleatopococcus

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Atopococcus*, An existing genus; *Teleatopococcus*: A genus related to but distinct from the existing genus Atopococcus of far away.

Teleatopostipes

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Atopostipes*, An existing genus; *Teleatopostipes*: A genus related to but distinct from the existing genus Atopostipes of far away.

Teleaurantiacicella

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Aurantiacicella*, An existing genus; *Teleaurantiacicella*: A genus related to but distinct from the existing genus Aurantiacicella of far away.

Teleaurantibacter

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Aurantibacter*, An existing genus; *Teleaurantibacter*: A genus related to but distinct from the existing genus Aurantibacter of far away.

Teleaurantimicrobium

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Aurantimicrobium*, An existing genus; *Teleaurantimicrobium*: A genus related to but distinct from the existing genus Aurantimicrobium of far away.

Teleaurantimonas

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Aurantimonas*, An existing genus; *Teleaurantimonas*: A genus related to but distinct from the existing genus Aurantimonas of far away.

Teleaurantisolimonas

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Aurantisolimonas*, An existing genus; *Teleaurantisolimonas*: A genus related to but distinct from the existing genus Aurantisolimonas of far away.

Teleaurantivirga

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Aurantivirga*, An existing genus; *Teleaurantivirga*: A genus related to but distinct from the existing genus Aurantivirga of far away.

Teleauraticoccus

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Auraticoccus*, An existing genus; *Teleauraticoccus*: A genus related to but distinct from the existing genus Auraticoccus of far away.

Teleaureibacillus

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Aureibacillus*, An existing genus; *Teleaureibacillus*: A genus related to but distinct from the existing genus Aureibacillus of far away.

Teleaureibacter

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Aureibacter*, An existing genus; *Teleaureibacter*: A genus related to but distinct from the existing genus Aureibacter of far away.

Teleaureibaculum

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Aureibaculum*, An existing genus; *Teleaureibaculum*: A genus related to but distinct from the existing genus Aureibaculum of far away.

Teleaureicoccus

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Aureicoccus*, An existing genus; *Teleaureicoccus*: A genus related to but distinct from the existing genus Aureicoccus of far away.

Teleaureimonas

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Aureimonas*, An existing genus; *Teleaureimonas*: A genus related to but distinct from the existing genus Aureimonas of far away.

Teleaureisphaera

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Aureisphaera*, An existing genus; *Teleaureisphaera*: A genus related to but distinct from the existing genus Aureisphaera of far away.

Teleaureispira

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Aureispira*, An existing genus; *Teleaureispira*: A genus related to but distinct from the existing genus Aureispira of far away.

Teleaureitalea

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Aureitalea*, An existing genus; *Teleaureitalea*: A genus related to but distinct from the existing genus Aureitalea of far away.

Teleaureivirga

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Aureivirga*, An existing genus; *Teleaureivirga*: A genus related to but distinct from the existing genus Aureivirga of far away.

Teleaureliella

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Aureliella*, An existing genus; *Teleaureliella*: A genus related to but distinct from the existing genus Aureliella of far away.

Teleaureobacterium

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Aureobacterium*, An existing genus; *Teleaureobacterium*: A genus related to but distinct from the existing genus Aureobacterium of far away.

Teleauricoccus

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Auricoccus*, An existing genus; *Teleauricoccus*: A genus related to but distinct from the existing genus Auricoccus of far away.

Teleauritidibacter

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Auritidibacter*, An existing genus; *Teleauritidibacter*: A genus related to but distinct from the existing genus Auritidibacter of far away.

Teleaustwickia

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Austwickia*, An existing genus; *Teleaustwickia*: A genus related to but distinct from the existing genus Austwickia of far away.

Teleavibacterium

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Avibacterium*, An existing genus; *Teleavibacterium*: A genus related to but distinct from the existing genus Avibacterium of far away.

Teleazoarcus

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Azoarcus*, An existing genus; *Teleazoarcus*: A genus related to but distinct from the existing genus Azoarcus of far away.

Teleazohydromonas

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Azohydromonas*, An existing genus; *Teleazohydromonas*: A genus related to but distinct from the existing genus Azohydromonas of far away.

Teleazomonas

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Azomonas*, An existing genus; *Teleazomonas*: A genus related to but distinct from the existing genus Azomonas of far away.

Teleazonexus

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Azonexus*, An existing genus; *Teleazonexus*: A genus related to but distinct from the existing genus Azonexus of far away.

Teleazorhizobium

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. neut. n. *Azorhizobium*, An existing genus; *Teleazorhizobium*: A genus related to but distinct from the existing genus Azorhizobium of far away.

Teleazospira

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Azospira*, An existing genus; *Teleazospira*: A genus related to but distinct from the existing genus Azospira of far away.

Teleazospirillum

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. neut. dim. n. *Azospirillum*, An existing genus; *Teleazospirillum*: A genus related to but distinct from the existing genus Azospirillum of far away.

Teleazotobacter

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Azotobacter*, An existing genus; *Teleazotobacter*: A genus related to but distinct from the existing genus Azotobacter of far away.

Teleazovibrio

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Azovibrio*, An existing genus; *Teleazovibrio*: A genus related to but distinct from the existing genus Azovibrio of far away.

Telebacilliculturomica

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Bacilliculturomica*, An existing genus; *Telebacilliculturomica*: A genus related to but distinct from the existing genus Bacilliculturomica of far away.

Telebacteriolyticum

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. neut. n. *Bacteriolyticum*, An existing genus; *Telebacteriolyticum*: A genus related to but distinct from the existing genus Bacteriolyticum of far away.

Telebacterionema

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Bacterionema*, An existing genus; *Telebacterionema*: A genus related to but distinct from the existing genus Bacterionema of far away.

Telebacterioplanes

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Bacterioplanes*, An existing genus; *Telebacterioplanes*: A genus related to but distinct from the existing genus Bacterioplanes of far away.

Telebacterioplanoides

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Bacterioplanoides*, An existing genus; *Telebacterioplanoides*: A genus related to but distinct from the existing genus Bacterioplanoides of far away.

Telebacteriovorax

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Bacteriovorax*, An existing genus; *Telebacteriovorax*: A genus related to but distinct from the existing genus Bacteriovorax of far away.

Telebacteroides

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Bacteroides*, An existing genus; *Telebacteroides*: A genus related to but distinct from the existing genus Bacteroides of far away.

Telebaekduia

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Baekduia*, An existing genus; *Telebaekduia*: A genus related to but distinct from the existing genus Baekduia of far away.

Telebaia

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Baia*, An existing genus; *Telebaia*: A genus related to but distinct from the existing genus Baia of far away.

Telebailinhaonella

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Bailinhaonella*, An existing genus; *Telebailinhaonella*: A genus related to but distinct from the existing genus Bailinhaonella of far away.

Telebalnearium

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Balnearium*, An existing genus; *Telebalnearium*: A genus related to but distinct from the existing genus Balnearium of far away.

Telebalneicella

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Balneicella*, An existing genus; *Telebalneicella*: A genus related to but distinct from the existing genus Balneicella of far away.

Telebalneimonas

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Balneimonas*, An existing genus; *Telebalneimonas*: A genus related to but distinct from the existing genus Balneimonas of far away.

Telebarnesiella

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Barnesiella*, An existing genus; *Telebarnesiella*: A genus related to but distinct from the existing genus Barnesiella of far away.

Telebarrientosiimonas

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Barrientosiimonas*, An existing genus; *Telebarrientosiimonas*: A genus related to but distinct from the existing genus Barrientosiimonas of far away.

Telebartonella

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Bartonella*, An existing genus; *Telebartonella*: A genus related to but distinct from the existing genus Bartonella of far away.

Telebasfia

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Basfia*, An existing genus; *Telebasfia*: A genus related to but distinct from the existing genus Basfia of far away.

Telebasilea

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Basilea*, An existing genus; *Telebasilea*: A genus related to but distinct from the existing genus Basilea of far away.

Telebauldia

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Bauldia*, An existing genus; *Telebauldia*: A genus related to but distinct from the existing genus Bauldia of far away.

Telebavariicoccus

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Bavariicoccus*, An existing genus; *Telebavariicoccus*: A genus related to but distinct from the existing genus Bavariicoccus of far away.

Telebdellovibrio

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Bdellovibrio*, An existing genus; *Telebdellovibrio*: A genus related to but distinct from the existing genus Bdellovibrio of far away.

Telebeduinibacterium

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Beduinibacterium*, An existing genus; *Telebeduinibacterium*: A genus related to but distinct from the existing genus Beduinibacterium of far away.

Telebeggiatoa

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Beggiatoa*, An existing genus; *Telebeggiatoa*: A genus related to but distinct from the existing genus Beggiatoa of far away.

Telebeijerinckia

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Beijerinckia*, An existing genus; *Telebeijerinckia*: A genus related to but distinct from the existing genus Beijerinckia of far away.

Telebelliella

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Belliella*, An existing genus; *Telebelliella*: A genus related to but distinct from the existing genus Belliella of far away.

Telebellilinea

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Bellilinea*, An existing genus; *Telebellilinea*: A genus related to but distinct from the existing genus Bellilinea of far away.

Telebelnapia

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Belnapia*, An existing genus; *Telebelnapia*: A genus related to but distinct from the existing genus Belnapia of far away.

Telebeneckea

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Beneckea*, An existing genus; *Telebeneckea*: A genus related to but distinct from the existing genus Beneckea of far away.

Telebergeriella

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Bergeriella*, An existing genus; *Telebergeriella*: A genus related to but distinct from the existing genus Bergeriella of far away.

Telebergeyella

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Bergeyella*, An existing genus; *Telebergeyella*: A genus related to but distinct from the existing genus Bergeyella of far away.

Telebermanella

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Bermanella*, An existing genus; *Telebermanella*: A genus related to but distinct from the existing genus Bermanella of far away.

Telebernardetia

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Bernardetia*, An existing genus; *Telebernardetia*: A genus related to but distinct from the existing genus Bernardetia of far away.

Telebeutenbergia

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Beutenbergia*, An existing genus; *Telebeutenbergia*: A genus related to but distinct from the existing genus Beutenbergia of far away.

Telebhargavaea

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Bhargavaea*, An existing genus; *Telebhargavaea*: A genus related to but distinct from the existing genus Bhargavaea of far away.

Telebibersteinia

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Bibersteinia*, An existing genus; *Telebibersteinia*: A genus related to but distinct from the existing genus Bibersteinia of far away.

Telebifidobacterium

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Bifidobacterium*, An existing genus; *Telebifidobacterium*: A genus related to but distinct from the existing genus Bifidobacterium of far away.

Telebilophila

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Bilophila*, An existing genus; *Telebilophila*: A genus related to but distinct from the existing genus Bilophila of far away.

Telebiomaibacter

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Biomaibacter*, An existing genus; *Telebiomaibacter*: A genus related to but distinct from the existing genus Biomaibacter of far away.

Telebiostraticola

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Biostraticola*, An existing genus; *Telebiostraticola*: A genus related to but distinct from the existing genus Biostraticola of far away.

Telebisgaardia

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Bisgaardia*, An existing genus; *Telebisgaardia*: A genus related to but distinct from the existing genus Bisgaardia of far away.

Telebizionia

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Bizionia*, An existing genus; *Telebizionia*: A genus related to but distinct from the existing genus Bizionia of far away.

Teleblastochloris

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Blastochloris*, An existing genus; *Teleblastochloris*: A genus related to but distinct from the existing genus Blastochloris of far away.

Teleblastococcus

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Blastococcus*, An existing genus; *Teleblastococcus*: A genus related to but distinct from the existing genus Blastococcus of far away.

Teleblastopirellula

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Blastopirellula*, An existing genus; *Teleblastopirellula*: A genus related to but distinct from the existing genus Blastopirellula of far away.

Teleblattabacterium

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. neut. n. *Blattabacterium*, An existing genus; *Teleblattabacterium*: A genus related to but distinct from the existing genus Blattabacterium of far away.

Teleblautia

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Blautia*, An existing genus; *Teleblautia*: A genus related to but distinct from the existing genus Blautia of far away.

Telebogoriella

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Bogoriella*, An existing genus; *Telebogoriella*: A genus related to but distinct from the existing genus Bogoriella of far away.

Telebombella

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Bombella*, An existing genus; *Telebombella*: A genus related to but distinct from the existing genus Bombella of far away.

Telebombilactobacillus

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Bombilactobacillus*, An existing genus; *Telebombilactobacillus*: A genus related to but distinct from the existing genus Bombilactobacillus of far away.

Telebombiscardovia

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Bombiscardovia*, An existing genus; *Telebombiscardovia*: A genus related to but distinct from the existing genus Bombiscardovia of far away.

Telebordetella

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Bordetella*, An existing genus; *Telebordetella*: A genus related to but distinct from the existing genus Bordetella of far away.

Teleborrelia

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Borrelia*, An existing genus; *Teleborrelia*: A genus related to but distinct from the existing genus Borrelia of far away.

Teleborreliella

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Borreliella*, An existing genus; *Teleborreliella*: A genus related to but distinct from the existing genus Borreliella of far away.

Telebosea

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Bosea*, An existing genus; *Telebosea*: A genus related to but distinct from the existing genus Bosea of far away.

Teleboseongicola

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Boseongicola*, An existing genus; *Teleboseongicola*: A genus related to but distinct from the existing genus Boseongicola of far away.

Telebotryobacter

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Botryobacter*, An existing genus; *Telebotryobacter*: A genus related to but distinct from the existing genus Botryobacter of far away.

Teleboudabousia

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Boudabousia*, An existing genus; *Teleboudabousia*: A genus related to but distinct from the existing genus Boudabousia of far away.

Telebounagaea

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Bounagaea*, An existing genus; *Telebounagaea*: A genus related to but distinct from the existing genus Bounagaea of far away.

Telebowmanella

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Bowmanella*, An existing genus; *Telebowmanella*: A genus related to but distinct from the existing genus Bowmanella of far away.

Telebrachyspira

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Brachyspira*, An existing genus; *Telebrachyspira*: A genus related to but distinct from the existing genus Brachyspira of far away.

Telebradyrhizobium

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. neut. n. *Bradyrhizobium*, An existing genus; *Telebradyrhizobium*: A genus related to but distinct from the existing genus Bradyrhizobium of far away.

Telebranchiibius

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Branchiibius*, An existing genus; *Telebranchiibius*: A genus related to but distinct from the existing genus Branchiibius of far away.

Telebranhamella

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Branhamella*, An existing genus; *Telebranhamella*: A genus related to but distinct from the existing genus Branhamella of far away.

Telebrassicibacter

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Brassicibacter*, An existing genus; *Telebrassicibacter*: A genus related to but distinct from the existing genus Brassicibacter of far away.

Telebremerella

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Bremerella*, An existing genus; *Telebremerella*: A genus related to but distinct from the existing genus Bremerella of far away.

Telebrenneria

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Brenneria*, An existing genus; *Telebrenneria*: A genus related to but distinct from the existing genus Brenneria of far away.

Telebreoghania

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Breoghania*, An existing genus; *Telebreoghania*: A genus related to but distinct from the existing genus Breoghania of far away.

Telebrevifollis

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Brevifollis*, An existing genus; *Telebrevifollis*: A genus related to but distinct from the existing genus Brevifollis of far away.

Telebrevilactibacter

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Brevilactibacter*, An existing genus; *Telebrevilactibacter*: A genus related to but distinct from the existing genus Brevilactibacter of far away.

Telebrevinema

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. neut. n. *Brevinema*, An existing genus; *Telebrevinema*: A genus related to but distinct from the existing genus Brevinema of far away.

Telebrevirhabdus

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Brevirhabdus*, An existing genus; *Telebrevirhabdus*: A genus related to but distinct from the existing genus Brevirhabdus of far away.

Telebrevundimonas

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Brevundimonas*, An existing genus; *Telebrevundimonas*: A genus related to but distinct from the existing genus Brevundimonas of far away.

Telebreznakia

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Breznakia*, An existing genus; *Telebreznakia*: A genus related to but distinct from the existing genus Breznakia of far away.

Telebreznakibacter

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Breznakibacter*, An existing genus; *Telebreznakibacter*: A genus related to but distinct from the existing genus Breznakibacter of far away.

Telebrochothrix

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Brochothrix*, An existing genus; *Telebrochothrix*: A genus related to but distinct from the existing genus Brochothrix of far away.

Telebrockia

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Brockia*, An existing genus; *Telebrockia*: A genus related to but distinct from the existing genus Brockia of far away.

Telebrooklawnia

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Brooklawnia*, An existing genus; *Telebrooklawnia*: A genus related to but distinct from the existing genus Brooklawnia of far away.

Telebrucella

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Brucella*, An existing genus; *Telebrucella*: A genus related to but distinct from the existing genus Brucella of far away.

Telebrumimicrobium

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Brumimicrobium*, An existing genus; *Telebrumimicrobium*: A genus related to but distinct from the existing genus Brumimicrobium of far away.

Telebryantella

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Bryantella*, An existing genus; *Telebryantella*: A genus related to but distinct from the existing genus Bryantella of far away.

Telebryobacter

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Bryobacter*, An existing genus; *Telebryobacter*: A genus related to but distinct from the existing genus Bryobacter of far away.

Telebryocella

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Bryocella*, An existing genus; *Telebryocella*: A genus related to but distinct from the existing genus Bryocella of far away.

Telebuchananella

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Buchananella*, An existing genus; *Telebuchananella*: A genus related to but distinct from the existing genus Buchananella of far away.

Telebuchnera

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Buchnera*, An existing genus; *Telebuchnera*: A genus related to but distinct from the existing genus Buchnera of far away.

Telebudvicia

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Budvicia*, An existing genus; *Telebudvicia*: A genus related to but distinct from the existing genus Budvicia of far away.

Telebulleidia

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Bulleidia*, An existing genus; *Telebulleidia*: A genus related to but distinct from the existing genus Bulleidia of far away.

Teleburkholderia

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Burkholderia*, An existing genus; *Teleburkholderia*: A genus related to but distinct from the existing genus Burkholderia of far away.

Telebuttiauxella

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Buttiauxella*, An existing genus; *Telebuttiauxella*: A genus related to but distinct from the existing genus Buttiauxella of far away.

Telebutyratibacter

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Butyratibacter*, An existing genus; *Telebutyratibacter*: A genus related to but distinct from the existing genus Butyratibacter of far away.

Telebutyricicoccus

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Butyricicoccus*, An existing genus; *Telebutyricicoccus*: A genus related to but distinct from the existing genus Butyricicoccus of far away.

Telebutyrivibrio

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Butyrivibrio*, An existing genus; *Telebutyrivibrio*: A genus related to but distinct from the existing genus Butyrivibrio of far away.

Telebyssophaga

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Byssophaga*, An existing genus; *Telebyssophaga*: A genus related to but distinct from the existing genus Byssophaga of far away.

Telebyssovorax

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Byssovorax*, An existing genus; *Telebyssovorax*: A genus related to but distinct from the existing genus Byssovorax of far away.

Telebythopirellula

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Bythopirellula*, An existing genus; *Telebythopirellula*: A genus related to but distinct from the existing genus Bythopirellula of far away.

Telecaballeronia

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Caballeronia*, An existing genus; *Telecaballeronia*: A genus related to but distinct from the existing genus Caballeronia of far away.

Telecaecibacterium

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. neut. n. *Caecibacterium*, An existing genus; *Telecaecibacterium*: A genus related to but distinct from the existing genus Caecibacterium of far away.

Telecaedibacter

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Caedibacter*, An existing genus; *Telecaedibacter*: A genus related to but distinct from the existing genus Caedibacter of far away.

Telecaedimonas

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Caedimonas*, An existing genus; *Telecaedimonas*: A genus related to but distinct from the existing genus Caedimonas of far away.

Telecaenibacillus

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Caenibacillus*, An existing genus; *Telecaenibacillus*: A genus related to but distinct from the existing genus Caenibacillus of far away.

Telecaenibacterium

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Caenibacterium*, An existing genus; *Telecaenibacterium*: A genus related to but distinct from the existing genus Caenibacterium of far away.

Telecaenimonas

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Caenimonas*, An existing genus; *Telecaenimonas*: A genus related to but distinct from the existing genus Caenimonas of far away.

Telecaenispirillum

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. dim. n. *Caenispirillum*, An existing genus; *Telecaenispirillum*: A genus related to but distinct from the existing genus Caenispirillum of far away.

Telecalculibacillus

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Calculibacillus*, An existing genus; *Telecalculibacillus*: A genus related to but distinct from the existing genus Calculibacillus of far away.

Telecaldalkalibacillus

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Caldalkalibacillus*, An existing genus; *Telecaldalkalibacillus*: A genus related to but distinct from the existing genus Caldalkalibacillus of far away.

Telecaldanaerobacter

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Caldanaerobacter*, An existing genus; *Telecaldanaerobacter*: A genus related to but distinct from the existing genus Caldanaerobacter of far away.

Telecaldanaerobius

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Caldanaerobius*, An existing genus; *Telecaldanaerobius*: A genus related to but distinct from the existing genus Caldanaerobius of far away.

Telecaldanaerovirga

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Caldanaerovirga*, An existing genus; *Telecaldanaerovirga*: A genus related to but distinct from the existing genus Caldanaerovirga of far away.

Telecalderihabitans

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Calderihabitans*, An existing genus; *Telecalderihabitans*: A genus related to but distinct from the existing genus Calderihabitans of far away.

Telecalderobacterium

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Calderobacterium*, An existing genus; *Telecalderobacterium*: A genus related to but distinct from the existing genus Calderobacterium of far away.

Telecaldibacillus

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Caldibacillus*, An existing genus; *Telecaldibacillus*: A genus related to but distinct from the existing genus Caldibacillus of far away.

Telecaldicellulosiruptor

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Caldicellulosiruptor*, An existing genus; *Telecaldicellulosiruptor*: A genus related to but distinct from the existing genus Caldicellulosiruptor of far away.

Telecaldicoprobacter

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Caldicoprobacter*, An existing genus; *Telecaldicoprobacter*: A genus related to but distinct from the existing genus Caldicoprobacter of far away.

Telecaldilinea

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Caldilinea*, An existing genus; *Telecaldilinea*: A genus related to but distinct from the existing genus Caldilinea of far away.

Telecaldimicrobium

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Caldimicrobium*, An existing genus; *Telecaldimicrobium*: A genus related to but distinct from the existing genus Caldimicrobium of far away.

Telecaldimonas

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Caldimonas*, An existing genus; *Telecaldimonas*: A genus related to but distinct from the existing genus Caldimonas of far away.

Telecaldinitratiruptor

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Caldinitratiruptor*, An existing genus; *Telecaldinitratiruptor*: A genus related to but distinct from the existing genus Caldinitratiruptor of far away.

Telecaldisalinibacter

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Caldisalinibacter*, An existing genus; *Telecaldisalinibacter*: A genus related to but distinct from the existing genus Caldisalinibacter of far away.

Telecaldisericum

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Caldisericum*, An existing genus; *Telecaldisericum*: A genus related to but distinct from the existing genus Caldisericum of far away.

Telecaldisphaera

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Caldisphaera*, An existing genus; *Telecaldisphaera*: A genus related to but distinct from the existing genus Caldisphaera of far away.

Telecalditerricola

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Calditerricola*, An existing genus; *Telecalditerricola*: A genus related to but distinct from the existing genus Calditerricola of far away.

Telecalditerrivibrio

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Calditerrivibrio*, An existing genus; *Telecalditerrivibrio*: A genus related to but distinct from the existing genus Calditerrivibrio of far away.

Telecaldithrix

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Caldithrix*, An existing genus; *Telecaldithrix*: A genus related to but distinct from the existing genus Caldithrix of far away.

Telecaldovatus

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Caldovatus*, An existing genus; *Telecaldovatus*: A genus related to but distinct from the existing genus Caldovatus of far away.

Telecalenema

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. neut. n. *Calenema*, An existing genus; *Telecalenema*: A genus related to but distinct from the existing genus Calenema of far away.

Telecalidifontibacter

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Calidifontibacter*, An existing genus; *Telecalidifontibacter*: A genus related to but distinct from the existing genus Calidifontibacter of far away.

Telecalidifontimicrobium

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. neut. n. *Calidifontimicrobium*, An existing genus; *Telecalidifontimicrobium*: A genus related to but distinct from the existing genus Calidifontimicrobium of far away.

Telecalidithermus

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Calidithermus*, An existing genus; *Telecalidithermus*: A genus related to but distinct from the existing genus Calidithermus of far away.

Telecalochaete

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Calochaete*, An existing genus; *Telecalochaete*: A genus related to but distinct from the existing genus Calochaete of far away.

Telecaloramator

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Caloramator*, An existing genus; *Telecaloramator*: A genus related to but distinct from the existing genus Caloramator of far away.

Telecaloranaerobacter

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Caloranaerobacter*, An existing genus; *Telecaloranaerobacter*: A genus related to but distinct from the existing genus Caloranaerobacter of far away.

Telecaloribacterium

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. neut. n. *Caloribacterium*, An existing genus; *Telecaloribacterium*: A genus related to but distinct from the existing genus Caloribacterium of far away.

Telecalorimonas

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Calorimonas*, An existing genus; *Telecalorimonas*: A genus related to but distinct from the existing genus Calorimonas of far away.

Telecalorithrix

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Calorithrix*, An existing genus; *Telecalorithrix*: A genus related to but distinct from the existing genus Calorithrix of far away.

Telecalothrix

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Calothrix*, An existing genus; *Telecalothrix*: A genus related to but distinct from the existing genus Calothrix of far away.

Telecalymmatobacterium

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. neut. n. *Calymmatobacterium*, An existing genus; *Telecalymmatobacterium*: A genus related to but distinct from the existing genus Calymmatobacterium of far away.

Telecamelimonas

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Camelimonas*, An existing genus; *Telecamelimonas*: A genus related to but distinct from the existing genus Camelimonas of far away.

Telecamelliibacillus

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Camelliibacillus*, An existing genus; *Telecamelliibacillus*: A genus related to but distinct from the existing genus Camelliibacillus of far away.

Telecaminibacter

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Caminibacter*, An existing genus; *Telecaminibacter*: A genus related to but distinct from the existing genus Caminibacter of far away.

Telecaminicella

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Caminicella*, An existing genus; *Telecaminicella*: A genus related to but distinct from the existing genus Caminicella of far away.

Telecampylobacter

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Campylobacter*, An existing genus; *Telecampylobacter*: A genus related to but distinct from the existing genus Campylobacter of far away.

Telecanaleparolina

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Canaleparolina*, An existing genus; *Telecanaleparolina*: A genus related to but distinct from the existing genus Canaleparolina of far away.

Telecandidimonas

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Candidimonas*, An existing genus; *Telecandidimonas*: A genus related to but distinct from the existing genus Candidimonas of far away.

Telecanibacter

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Canibacter*, An existing genus; *Telecanibacter*: A genus related to but distinct from the existing genus Canibacter of far away.

Telecapillus

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Capillus*, An existing genus; *Telecapillus*: A genus related to but distinct from the existing genus Capillus of far away.

Telecapnocytophaga

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Capnocytophaga*, An existing genus; *Telecapnocytophaga*: A genus related to but distinct from the existing genus Capnocytophaga of far away.

Telecaproicibacter

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Caproicibacter*, An existing genus; *Telecaproicibacter*: A genus related to but distinct from the existing genus Caproicibacter of far away.

Telecaproiciproducens

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Caproiciproducens*, An existing genus; *Telecaproiciproducens*: A genus related to but distinct from the existing genus Caproiciproducens of far away.

Telecapsularis

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Capsularis*, An existing genus; *Telecapsularis*: A genus related to but distinct from the existing genus Capsularis of far away.

Telecapsulimonas

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Capsulimonas*, An existing genus; *Telecapsulimonas*: A genus related to but distinct from the existing genus Capsulimonas of far away.

Telecarbophilus

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Carbophilus*, An existing genus; *Telecarbophilus*: A genus related to but distinct from the existing genus Carbophilus of far away.

Telecarboxydocella

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Carboxydocella*, An existing genus; *Telecarboxydocella*: A genus related to but distinct from the existing genus Carboxydocella of far away.

Telecarboxydothermus

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Carboxydothermus*, An existing genus; *Telecarboxydothermus*: A genus related to but distinct from the existing genus Carboxydothermus of far away.

Telecardiobacterium

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Cardiobacterium*, An existing genus; *Telecardiobacterium*: A genus related to but distinct from the existing genus Cardiobacterium of far away.

Telecarideicomes

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Carideicomes*, An existing genus; *Telecarideicomes*: A genus related to but distinct from the existing genus Carideicomes of far away.

Telecarnimonas

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Carnimonas*, An existing genus; *Telecarnimonas*: A genus related to but distinct from the existing genus Carnimonas of far away.

Telecarnobacterium

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Carnobacterium*, An existing genus; *Telecarnobacterium*: A genus related to but distinct from the existing genus Carnobacterium of far away.

Telecartusia

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Cartusia*, An existing genus; *Telecartusia*: A genus related to but distinct from the existing genus Cartusia of far away.

Telecaryophanon

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Caryophanon*, An existing genus; *Telecaryophanon*: A genus related to but distinct from the existing genus Caryophanon of far away.

Telecaseobacter

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Caseobacter*, An existing genus; *Telecaseobacter*: A genus related to but distinct from the existing genus Caseobacter of far away.

Telecasimicrobium

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Casimicrobium*, An existing genus; *Telecasimicrobium*: A genus related to but distinct from the existing genus Casimicrobium of far away.

Telecastellaniella

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Castellaniella*, An existing genus; *Telecastellaniella*: A genus related to but distinct from the existing genus Castellaniella of far away.

Telecatabacter

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Catabacter*, An existing genus; *Telecatabacter*: A genus related to but distinct from the existing genus Catabacter of far away.

Telecatalinimonas

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Catalinimonas*, An existing genus; *Telecatalinimonas*: A genus related to but distinct from the existing genus Catalinimonas of far away.

Telecatellatospora

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Catellatospora*, An existing genus; *Telecatellatospora*: A genus related to but distinct from the existing genus Catellatospora of far away.

Telecatellibacterium

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. neut. n. *Catellibacterium*, An existing genus; *Telecatellibacterium*: A genus related to but distinct from the existing genus Catellibacterium of far away.

Telecatellicoccus

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Catellicoccus*, An existing genus; *Telecatellicoccus*: A genus related to but distinct from the existing genus Catellicoccus of far away.

Telecatelliglobosispora

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Catelliglobosispora*, An existing genus; *Telecatelliglobosispora*: A genus related to but distinct from the existing genus Catelliglobosispora of far away.

Telecatenibacillus

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Catenibacillus*, An existing genus; *Telecatenibacillus*: A genus related to but distinct from the existing genus Catenibacillus of far away.

Telecatenibacterium

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. neut. n. *Catenibacterium*, An existing genus; *Telecatenibacterium*: A genus related to but distinct from the existing genus Catenibacterium of far away.

Telecatenisphaera

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Catenisphaera*, An existing genus; *Telecatenisphaera*: A genus related to but distinct from the existing genus Catenisphaera of far away.

Telecatenococcus

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Catenococcus*, An existing genus; *Telecatenococcus*: A genus related to but distinct from the existing genus Catenococcus of far away.

Telecatenovulum

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Catenovulum*, An existing genus; *Telecatenovulum*: A genus related to but distinct from the existing genus Catenovulum of far away.

Telecatenulispora

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Catenulispora*, An existing genus; *Telecatenulispora*: A genus related to but distinct from the existing genus Catenulispora of far away.

Telecatenuloplanes

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Catenuloplanes*, An existing genus; *Telecatenuloplanes*: A genus related to but distinct from the existing genus Catenuloplanes of far away.

Telecatonella

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Catonella*, An existing genus; *Telecatonella*: A genus related to but distinct from the existing genus Catonella of far away.

Telecaulifigura

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Caulifigura*, An existing genus; *Telecaulifigura*: A genus related to but distinct from the existing genus Caulifigura of far away.

Telecaulobacter

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Caulobacter*, An existing genus; *Telecaulobacter*: A genus related to but distinct from the existing genus Caulobacter of far away.

Telecavicella

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Cavicella*, An existing genus; *Telecavicella*: A genus related to but distinct from the existing genus Cavicella of far away.

Telecaviibacter

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Caviibacter*, An existing genus; *Telecaviibacter*: A genus related to but distinct from the existing genus Caviibacter of far away.

Telecaviibacterium

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Caviibacterium*, An existing genus; *Telecaviibacterium*: A genus related to but distinct from the existing genus Caviibacterium of far away.

Telececembia

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Cecembia*, An existing genus; *Telececembia*: A genus related to but distinct from the existing genus Cecembia of far away.

Telecedecea

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Cedecea*, An existing genus; *Telecedecea*: A genus related to but distinct from the existing genus Cedecea of far away.

Telecelerinatantimonas

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Celerinatantimonas*, An existing genus; *Telecelerinatantimonas*: A genus related to but distinct from the existing genus Celerinatantimonas of far away.

Telecellulomonas

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Cellulomonas*, An existing genus; *Telecellulomonas*: A genus related to but distinct from the existing genus Cellulomonas of far away.

Telecellulophaga

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Cellulophaga*, An existing genus; *Telecellulophaga*: A genus related to but distinct from the existing genus Cellulophaga of far away.

Telecellulosibacter

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Cellulosibacter*, An existing genus; *Telecellulosibacter*: A genus related to but distinct from the existing genus Cellulosibacter of far away.

Telecellulosilyticum

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Cellulosilyticum*, An existing genus; *Telecellulosilyticum*: A genus related to but distinct from the existing genus Cellulosilyticum of far away.

Telecellulosimicrobium

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Cellulosimicrobium*, An existing genus; *Telecellulosimicrobium*: A genus related to but distinct from the existing genus Cellulosimicrobium of far away.

Telecellvibrio

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Cellvibrio*, An existing genus; *Telecellvibrio*: A genus related to but distinct from the existing genus Cellvibrio of far away.

Telecenarchaeum

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Cenarchaeum*, An existing genus; *Telecenarchaeum*: A genus related to but distinct from the existing genus Cenarchaeum of far away.

Telecephalothrix

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Cephalothrix*, An existing genus; *Telecephalothrix*: A genus related to but distinct from the existing genus Cephalothrix of far away.

Telecephaloticoccus

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Cephaloticoccus*, An existing genus; *Telecephaloticoccus*: A genus related to but distinct from the existing genus Cephaloticoccus of far away.

Telecerasibacillus

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Cerasibacillus*, An existing genus; *Telecerasibacillus*: A genus related to but distinct from the existing genus Cerasibacillus of far away.

Telecerasicoccus

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Cerasicoccus*, An existing genus; *Telecerasicoccus*: A genus related to but distinct from the existing genus Cerasicoccus of far away.

Telecereibacter

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Cereibacter*, An existing genus; *Telecereibacter*: A genus related to but distinct from the existing genus Cereibacter of far away.

Telecesiribacter

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Cesiribacter*, An existing genus; *Telecesiribacter*: A genus related to but distinct from the existing genus Cesiribacter of far away.

Telecetobacterium

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. neut. n. *Cetobacterium*, An existing genus; *Telecetobacterium*: A genus related to but distinct from the existing genus Cetobacterium of far away.

Telechachezhania

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Chachezhania*, An existing genus; *Telechachezhania*: A genus related to but distinct from the existing genus Chachezhania of far away.

Telechainia

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Chainia*, An existing genus; *Telechainia*: A genus related to but distinct from the existing genus Chainia of far away.

Telechakia

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Chakia*, An existing genus; *Telechakia*: A genus related to but distinct from the existing genus Chakia of far away.

Telechakrabartia

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Chakrabartia*, An existing genus; *Telechakrabartia*: A genus related to but distinct from the existing genus Chakrabartia of far away.

Telechalicogloea

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Chalicogloea*, An existing genus; *Telechalicogloea*: A genus related to but distinct from the existing genus Chalicogloea of far away.

Telechamaethrix

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Chamaethrix*, An existing genus; *Telechamaethrix*: A genus related to but distinct from the existing genus Chamaethrix of far away.

Telechangchengzhania

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Changchengzhania*, An existing genus; *Telechangchengzhania*: A genus related to but distinct from the existing genus Changchengzhania of far away.

Telechania

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Chania*, An existing genus; *Telechania*: A genus related to but distinct from the existing genus Chania of far away.

Telecharonomicrobium

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Charonomicrobium*, An existing genus; *Telecharonomicrobium*: A genus related to but distinct from the existing genus Charonomicrobium of far away.

Telechelativorans

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Chelativorans*, An existing genus; *Telechelativorans*: A genus related to but distinct from the existing genus Chelativorans of far away.

Telechelatobacter

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Chelatobacter*, An existing genus; *Telechelatobacter*: A genus related to but distinct from the existing genus Chelatobacter of far away.

Telechelatococcus

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Chelatococcus*, An existing genus; *Telechelatococcus*: A genus related to but distinct from the existing genus Chelatococcus of far away.

Telechelonobacter

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Chelonobacter*, An existing genus; *Telechelonobacter*: A genus related to but distinct from the existing genus Chelonobacter of far away.

Telechenggangzhangella

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Chenggangzhangella*, An existing genus; *Telechenggangzhangella*: A genus related to but distinct from the existing genus Chenggangzhangella of far away.

Telechengkuizengella

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Chengkuizengella*, An existing genus; *Telechengkuizengella*: A genus related to but distinct from the existing genus Chengkuizengella of far away.

Telechiayiivirga

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Chiayiivirga*, An existing genus; *Telechiayiivirga*: A genus related to but distinct from the existing genus Chiayiivirga of far away.

Telechimaereicella

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Chimaereicella*, An existing genus; *Telechimaereicella*: A genus related to but distinct from the existing genus Chimaereicella of far away.

Telechimaeribacter

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Chimaeribacter*, An existing genus; *Telechimaeribacter*: A genus related to but distinct from the existing genus Chimaeribacter of far away.

Telechishuiella

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Chishuiella*, An existing genus; *Telechishuiella*: A genus related to but distinct from the existing genus Chishuiella of far away.

Telechitinasiproducens

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Chitinasiproducens*, An existing genus; *Telechitinasiproducens*: A genus related to but distinct from the existing genus Chitinasiproducens of far away.

Telechitinibacter

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Chitinibacter*, An existing genus; *Telechitinibacter*: A genus related to but distinct from the existing genus Chitinibacter of far away.

Telechitinilyticum

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Chitinilyticum*, An existing genus; *Telechitinilyticum*: A genus related to but distinct from the existing genus Chitinilyticum of far away.

Telechitiniphilus

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Chitiniphilus*, An existing genus; *Telechitiniphilus*: A genus related to but distinct from the existing genus Chitiniphilus of far away.

Telechitinispirillum

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. dim. n. *Chitinispirillum*, An existing genus; *Telechitinispirillum*: A genus related to but distinct from the existing genus Chitinispirillum of far away.

Telechitinivibrio

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Chitinivibrio*, An existing genus; *Telechitinivibrio*: A genus related to but distinct from the existing genus Chitinivibrio of far away.

Telechitinivorax

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Chitinivorax*, An existing genus; *Telechitinivorax*: A genus related to but distinct from the existing genus Chitinivorax of far away.

Telechitinolyticbacter

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Chitinolyticbacter*, An existing genus; *Telechitinolyticbacter*: A genus related to but distinct from the existing genus Chitinolyticbacter of far away.

Telechitinophaga

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Chitinophaga*, An existing genus; *Telechitinophaga*: A genus related to but distinct from the existing genus Chitinophaga of far away.

Telechlamydia

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Chlamydia*, An existing genus; *Telechlamydia*: A genus related to but distinct from the existing genus Chlamydia of far away.

Telechlamydophila

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Chlamydophila*, An existing genus; *Telechlamydophila*: A genus related to but distinct from the existing genus Chlamydophila of far away.

Telechloracidobacterium

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. neut. n. *Chloracidobacterium*, An existing genus; *Telechloracidobacterium*: A genus related to but distinct from the existing genus Chloracidobacterium of far away.

Telechlorobaculum

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. neut. n. *Chlorobaculum*, An existing genus; *Telechlorobaculum*: A genus related to but distinct from the existing genus Chlorobaculum of far away.

Telechlorobium

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. neut. n. *Chlorobium*, An existing genus; *Telechlorobium*: A genus related to but distinct from the existing genus Chlorobium of far away.

Telechloroflexus

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Chloroflexus*, An existing genus; *Telechloroflexus*: A genus related to but distinct from the existing genus Chloroflexus of far away.

Telechloroherpeton

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. neut. n. *Chloroherpeton*, An existing genus; *Telechloroherpeton*: A genus related to but distinct from the existing genus Chloroherpeton of far away.

Telechloronema

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. neut. n. *Chloronema*, An existing genus; *Telechloronema*: A genus related to but distinct from the existing genus Chloronema of far away.

Telechondromyces

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Chondromyces*, An existing genus; *Telechondromyces*: A genus related to but distinct from the existing genus Chondromyces of far away.

Telechristensenella

Gr. nan preposition *ĬĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Christensenella*, An existing genus; *Telechristensenella*: A genus related to but distinct from the existing genus Christensenella of far away.

Telechroakolemma

Gr. nan preposition *ĬĎá£ĘÎżÎţ*, far away; L. neut. n. *Chroakolemma*, An existing genus; *Telechroakolemma*: A genus related to but distinct from the existing genus Chroakolemma of far away.

Telechromatium

Gr. nan preposition *ĬĎá£ĘÎżÎţ*, far away; L. neut. n. *Chromatium*, An existing genus; *Telechromatium*: A genus related to but distinct from the existing genus Chromatium of far away.

Telechromatocurvus

Gr. nan preposition *ĬĎá£ĘÎżÎţ*, far away; L. masc. n. *Chromatocurvus*, An existing genus; *Telechromatocurvus*: A genus related to but distinct from the existing genus Chromatocurvus of far away.

Telechromobacterium

Gr. nan preposition *ĬĎá£ĘÎżÎţ*, far away; L. neut. n. *Chromobacterium*, An existing genus; *Telechromobacterium*: A genus related to but distinct from the existing genus Chromobacterium of far away.

Telechromohalobacter

Gr. nan preposition *ĬĎá£ĘÎżÎţ*, far away; L. masc. n. *Chromohalobacter*, An existing genus; *Telechromohalobacter*: A genus related to but distinct from the existing genus Chromohalobacter of far away.

Telechroococcus

Gr. nan preposition *ĬĎá£ĘÎżÎţ*, far away; L. masc. n. *Chroococcus*, An existing genus; *Telechroococcus*: A genus related to but distinct from the existing genus Chroococcus of far away.

Telechryseobacterium

Gr. nan preposition *ĬĎá£ĘÎżÎţ*, far away; L. neut. n. *Chryseobacterium*, An existing genus; *Telechryseobacterium*: A genus related to but distinct from the existing genus Chryseobacterium of far away.

Telechryseoglobus

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Chryseoglobus*, An existing genus; *Telechryseoglobus*: A genus related to but distinct from the existing genus Chryseoglobus of far away.

Telechryseolinea

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Chryseolinea*, An existing genus; *Telechryseolinea*: A genus related to but distinct from the existing genus Chryseolinea of far away.

Telechryseomicrobium

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Chryseomicrobium*, An existing genus; *Telechryseomicrobium*: A genus related to but distinct from the existing genus Chryseomicrobium of far away.

Telechryseomonas

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Chryseomonas*, An existing genus; *Telechryseomonas*: A genus related to but distinct from the existing genus Chryseomonas of far away.

Telechryseotalea

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Chryseotalea*, An existing genus; *Telechryseotalea*: A genus related to but distinct from the existing genus Chryseotalea of far away.

Telechrysiogenes

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Chrysiogenes*, An existing genus; *Telechrysiogenes*: A genus related to but distinct from the existing genus Chrysiogenes of far away.

Telechthoniobacter

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Chthoniobacter*, An existing genus; *Telechthoniobacter*: A genus related to but distinct from the existing genus Chthoniobacter of far away.

Telechthonobacter

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Chthonobacter*, An existing genus; *Telechthonobacter*: A genus related to but distinct from the existing genus Chthonobacter of far away.

Telechthonomonas

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Chthonomonas*, An existing genus; *Telechthonomonas*: A genus related to but distinct from the existing genus Chthonomonas of far away.

Telechujaibacter

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Chujaibacter*, An existing genus; *Telechujaibacter*: A genus related to but distinct from the existing genus Chujaibacter of far away.

Telechungangia

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Chungangia*, An existing genus; *Telechungangia*: A genus related to but distinct from the existing genus Chungangia of far away.

Teleciceribacter

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Ciceribacter*, An existing genus; *Teleciceribacter*: A genus related to but distinct from the existing genus Ciceribacter of far away.

Telecitreibacter

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Citreibacter*, An existing genus; *Telecitreibacter*: A genus related to but distinct from the existing genus Citreibacter of far away.

Telecitreicella

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Citreicella*, An existing genus; *Telecitreicella*: A genus related to but distinct from the existing genus Citreicella of far away.

Telecitreimonas

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Citreimonas*, An existing genus; *Telecitreimonas*: A genus related to but distinct from the existing genus Citreimonas of far away.

Telecitreitalea

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Citreitalea*, An existing genus; *Telecitreitalea*: A genus related to but distinct from the existing genus Citreitalea of far away.

Telecitricoccus

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Citricoccus*, An existing genus; *Telecitricoccus*: A genus related to but distinct from the existing genus Citricoccus of far away.

Telecitrimicrobium

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Citrimicrobium*, An existing genus; *Telecitrimicrobium*: A genus related to but distinct from the existing genus Citrimicrobium of far away.

Telecitrobacter

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Citrobacter*, An existing genus; *Telecitrobacter*: A genus related to but distinct from the existing genus Citrobacter of far away.

Telecitromicrobium

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Citromicrobium*, An existing genus; *Telecitromicrobium*: A genus related to but distinct from the existing genus Citromicrobium of far away.

Telecitroniella

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Citroniella*, An existing genus; *Telecitroniella*: A genus related to but distinct from the existing genus Citroniella of far away.

Teleclavibacter

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Clavibacter*, An existing genus; *Teleclavibacter*: A genus related to but distinct from the existing genus Clavibacter of far away.

Teleclevelandina

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Clevelandina*, An existing genus; *Teleclevelandina*: A genus related to but distinct from the existing genus Clevelandina of far away.

Telecloacibacillus

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Cloacibacillus*, An existing genus; *Telecloacibacillus*: A genus related to but distinct from the existing genus Cloacibacillus of far away.

Telecloacibacterium

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Cloacibacterium*, An existing genus; *Telecloacibacterium*: A genus related to but distinct from the existing genus Cloacibacterium of far away.

Teleclostridiisalibacter

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Clostridiisalibacter*, An existing genus; *Teleclostridiisalibacter*: A genus related to but distinct from the existing genus Clostridiisalibacter of far away.

Teleclostridioides

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Clostridioides*, An existing genus; *Teleclostridioides*: A genus related to but distinct from the existing genus Clostridioides of far away.

Teleclostridium

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. dim. n. *Clostridium*, An existing genus; *Teleclostridium*: A genus related to but distinct from the existing genus Clostridium of far away.

Telecnuella

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Cnuella*, An existing genus; *Telecnuella*: A genus related to but distinct from the existing genus Cnuella of far away.

Telecnuibacter

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Cnuibacter*, An existing genus; *Telecnuibacter*: A genus related to but distinct from the existing genus Cnuibacter of far away.

Telecobetia

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Cobetia*, An existing genus; *Telecobetia*: A genus related to but distinct from the existing genus Cobetia of far away.

Telecochleicola

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Cochleicola*, An existing genus; *Telecochleicola*: A genus related to but distinct from the existing genus Cochleicola of far away.

Telecocleimonas

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Cocleimonas*, An existing genus; *Telecocleimonas*: A genus related to but distinct from the existing genus Cocleimonas of far away.

Telecoenonia

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Coenonia*, An existing genus; *Telecoenonia*: A genus related to but distinct from the existing genus Coenonia of far away.

Telecoetzeea

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Coetzeea*, An existing genus; *Telecoetzeea*: A genus related to but distinct from the existing genus Coetzeea of far away.

Telecognaticolwellia

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Cognaticolwellia*, An existing genus; *Telecognaticolwellia*: A genus related to but distinct from the existing genus Cognaticolwellia of far away.

Telecognatishimia

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Cognatishimia*, An existing genus; *Telecognatishimia*: A genus related to but distinct from the existing genus Cognatishimia of far away.

Telecognatiyoonia

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Cognatiyoonia*, An existing genus; *Telecognatiyoonia*: A genus related to but distinct from the existing genus Cognatiyoonia of far away.

Telecohaesibacter

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Cohaesibacter*, An existing genus; *Telecohaesibacter*: A genus related to but distinct from the existing genus Cohaesibacter of far away.

Telecohnella

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Cohnella*, An existing genus; *Telecohnella*: A genus related to but distinct from the existing genus Cohnella of far away.

Telecoleofasciculus

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. dim. n. *Coleofasciculus*, An existing genus; *Telecoleofasciculus*: A genus related to but distinct from the existing genus Coleofasciculus of far away.

Telecollimonas

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Collimonas*, An existing genus; *Telecollimonas*: A genus related to but distinct from the existing genus Collimonas of far away.

Telecollinsella

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Collinsella*, An existing genus; *Telecollinsella*: A genus related to but distinct from the existing genus Collinsella of far away.

Telecolteronema

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Colteronema*, An existing genus; *Telecolteronema*: A genus related to but distinct from the existing genus Colteronema of far away.

Telecolwellia

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Colwellia*, An existing genus; *Telecolwellia*: A genus related to but distinct from the existing genus Colwellia of far away.

Telecomamonas

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Comamonas*, An existing genus; *Telecomamonas*: A genus related to but distinct from the existing genus Comamonas of far away.

Telecommensalibacter

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Commensalibacter*, An existing genus; *Telecommensalibacter*: A genus related to but distinct from the existing genus Commensalibacter of far away.

Telecompactonostoc

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Compactonostoc*, An existing genus; *Telecompactonostoc*: A genus related to but distinct from the existing genus Compactonostoc of far away.

Telecompanilactobacillus

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Companilactobacillus*, An existing genus; *Telecompanilactobacillus*: A genus related to but distinct from the existing genus Companilactobacillus of far away.

Telecompostibacillus

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Compostibacillus*, An existing genus; *Telecompostibacillus*: A genus related to but distinct from the existing genus Compostibacillus of far away.

Telecompostimonas

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Compostimonas*, An existing genus; *Telecompostimonas*: A genus related to but distinct from the existing genus Compostimonas of far away.

Teleconchiformibius

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Conchiformibius*, An existing genus; *Teleconchiformibius*: A genus related to but distinct from the existing genus Conchiformibius of far away.

Teleconexibacter

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Conexibacter*, An existing genus; *Teleconexibacter*: A genus related to but distinct from the existing genus Conexibacter of far away.

Teleconfluentibacter

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Confluentibacter*, An existing genus; *Teleconfluentibacter*: A genus related to but distinct from the existing genus Confluentibacter of far away.

Teleconfluentimicrobium

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. neut. n. *Confluentimicrobium*, An existing genus; *Teleconfluentimicrobium*: A genus related to but distinct from the existing genus Confluentimicrobium of far away.

Teleconglomeromonas

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Conglomeromonas*, An existing genus; *Teleconglomeromonas*: A genus related to but distinct from the existing genus Conglomeromonas of far away.

Telecongregibacter

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Congregibacter*, An existing genus; *Telecongregibacter*: A genus related to but distinct from the existing genus Congregibacter of far away.

Teleconservatibacter

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Conservatibacter*, An existing genus; *Teleconservatibacter*: A genus related to but distinct from the existing genus Conservatibacter of far away.

Teleconsotaella

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Consotaella*, An existing genus; *Teleconsotaella*: A genus related to but distinct from the existing genus Consotaella of far away.

Teleconstrictibacter

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Constrictibacter*, An existing genus; *Teleconstrictibacter*: A genus related to but distinct from the existing genus Constrictibacter of far away.

Teleconvivina

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Convivina*, An existing genus; *Teleconvivina*: A genus related to but distinct from the existing genus Convivina of far away.

Teleconyzicola

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Conyzicola*, An existing genus; *Teleconyzicola*: A genus related to but distinct from the existing genus Conyzicola of far away.

Telecoprobacillus

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Coprobacillus*, An existing genus; *Telecoprobacillus*: A genus related to but distinct from the existing genus Coprobacillus of far away.

Telecoprobacter

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Coprobacter*, An existing genus; *Telecoprobacter*: A genus related to but distinct from the existing genus Coprobacter of far away.

Telecoprococcus

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Coprococcus*, An existing genus; *Telecoprococcus*: A genus related to but distinct from the existing genus Coprococcus of far away.

Telecoprothermobacter

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Coprothermobacter*, An existing genus; *Telecoprothermobacter*: A genus related to but distinct from the existing genus Coprothermobacter of far away.

Telecoraliitalea

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Coraliitalea*, An existing genus; *Telecoraliitalea*: A genus related to but distinct from the existing genus Coraliitalea of far away.

Telecoraliomargarita

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Coraliomargarita*, An existing genus; *Telecoraliomargarita*: A genus related to but distinct from the existing genus Coraliomargarita of far away.

Telecorallibacter

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Corallibacter*, An existing genus; *Telecorallibacter*: A genus related to but distinct from the existing genus Corallibacter of far away.

Telecorallincola

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Corallincola*, An existing genus; *Telecorallincola*: A genus related to but distinct from the existing genus Corallincola of far away.

Telecorallococcus

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Corallococcus*, An existing genus; *Telecorallococcus*: A genus related to but distinct from the existing genus Corallococcus of far away.

Telecoralloluteibacterium

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. neut. n. *Coralloluteibacterium*, An existing genus; *Telecoralloluteibacterium*: A genus related to but distinct from the existing genus Coralloluteibacterium of far away.

Telecorallomonas

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Corallomonas*, An existing genus; *Telecorallomonas*: A genus related to but distinct from the existing genus Corallomonas of far away.

Telecoralslurrinella

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Coralslurrinella*, An existing genus; *Telecoralslurrinella*: A genus related to but distinct from the existing genus Coralslurrinella of far away.

Telecorticicoccus

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Corticicoccus*, An existing genus; *Telecorticicoccus*: A genus related to but distinct from the existing genus Corticicoccus of far away.

Telecorynebacterium

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Corynebacterium*, An existing genus; *Telecorynebacterium*: A genus related to but distinct from the existing genus Corynebacterium of far away.

Telecosenzaea

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Cosenzaea*, An existing genus; *Telecosenzaea*: A genus related to but distinct from the existing genus Cosenzaea of far away.

Telecostertonia

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Costertonia*, An existing genus; *Telecostertonia*: A genus related to but distinct from the existing genus Costertonia of far away.

Telecouchioplanes

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Couchioplanes*, An existing genus; *Telecouchioplanes*: A genus related to but distinct from the existing genus Couchioplanes of far away.

Telecowdria

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Cowdria*, An existing genus; *Telecowdria*: A genus related to but distinct from the existing genus Cowdria of far away.

Telecoxiella

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Coxiella*, An existing genus; *Telecoxiella*: A genus related to but distinct from the existing genus Coxiella of far away.

Telecrabtreella

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Crabtreella*, An existing genus; *Telecrabtreella*: A genus related to but distinct from the existing genus Crabtreella of far away.

Telecrassaminicella

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Crassaminicella*, An existing genus; *Telecrassaminicella*: A genus related to but distinct from the existing genus Crassaminicella of far away.

Telecrateriforma

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Crateriforma*, An existing genus; *Telecrateriforma*: A genus related to but distinct from the existing genus Crateriforma of far away.

Telecraterilacuibacter

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Craterilacuibacter*, An existing genus; *Telecraterilacuibacter*: A genus related to but distinct from the existing genus Craterilacuibacter of far away.

Telecraurococcus

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Craurococcus*, An existing genus; *Telecraurococcus*: A genus related to but distinct from the existing genus Craurococcus of far away.

Telecrenalkalicoccus

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Crenalkalicoccus*, An existing genus; *Telecrenalkalicoccus*: A genus related to but distinct from the existing genus Crenalkalicoccus of far away.

Telecrenotalea

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Crenotalea*, An existing genus; *Telecrenotalea*: A genus related to but distinct from the existing genus Crenotalea of far away.

Telecriblamydia

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Criblamydia*, An existing genus; *Telecriblamydia*: A genus related to but distinct from the existing genus Criblamydia of far away.

Telecribrihabitans

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Cribrihabitans*, An existing genus; *Telecribrihabitans*: A genus related to but distinct from the existing genus Cribrihabitans of far away.

Telecricetibacter

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Cricetibacter*, An existing genus; *Telecricetibacter*: A genus related to but distinct from the existing genus Cricetibacter of far away.

Telecristispira

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Cristispira*, An existing genus; *Telecristispira*: A genus related to but distinct from the existing genus Cristispira of far away.

Telecroceibacter

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Croceibacter*, An existing genus; *Telecroceibacter*: A genus related to but distinct from the existing genus Croceibacter of far away.

Telecroceibacterium

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. neut. n. *Croceibacterium*, An existing genus; *Telecroceibacterium*: A genus related to but distinct from the existing genus Croceibacterium of far away.

Telecroceicoccus

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Croceicoccus*, An existing genus; *Telecroceicoccus*: A genus related to but distinct from the existing genus Croceicoccus of far away.

Telecroceifilum

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. neut. n. *Croceifilum*, An existing genus; *Telecroceifilum*: A genus related to but distinct from the existing genus Croceifilum of far away.

Telecroceitalea

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Croceitalea*, An existing genus; *Telecroceitalea*: A genus related to but distinct from the existing genus Croceitalea of far away.

Telecroceivirga

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Croceivirga*, An existing genus; *Telecroceivirga*: A genus related to but distinct from the existing genus Croceivirga of far away.

Telecrocinitomix

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Crocinitomix*, An existing genus; *Telecrocinitomix*: A genus related to but distinct from the existing genus Crocinitomix of far away.

Telecrocosphaera

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Crocosphaera*, An existing genus; *Telecrocosphaera*: A genus related to but distinct from the existing genus Crocosphaera of far away.

Telecronobacter

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Cronobacter*, An existing genus; *Telecronobacter*: A genus related to but distinct from the existing genus Cronobacter of far away.

Telecrossiella

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Crossiella*, An existing genus; *Telecrossiella*: A genus related to but distinct from the existing genus Crossiella of far away.

Telecruoricaptor

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Cruoricaptor*, An existing genus; *Telecruoricaptor*: A genus related to but distinct from the existing genus Cruoricaptor of far away.

Telecryobacterium

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. neut. n. *Cryobacterium*, An existing genus; *Telecryobacterium*: A genus related to but distinct from the existing genus Cryobacterium of far away.

Telecryomorpha

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Cryomorpha*, An existing genus; *Telecryomorpha*: A genus related to but distinct from the existing genus Cryomorpha of far away.

Telecryptanaerobacter

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Cryptanaerobacter*, An existing genus; *Telecryptanaerobacter*: A genus related to but distinct from the existing genus Cryptanaerobacter of far away.

Telecryptobacterium

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. neut. n. *Cryptobacterium*, An existing genus; *Telecryptobacterium*: A genus related to but distinct from the existing genus Cryptobacterium of far away.

Telecryptococcum

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. neut. n. *Cryptococcum*, An existing genus; *Telecryptococcum*: A genus related to but distinct from the existing genus Cryptococcum of far away.

Telecryptosporangium

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. neut. n. *Cryptosporangium*, An existing genus; *Telecryptosporangium*: A genus related to but distinct from the existing genus Cryptosporangium of far away.

Telecucumibacter

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Cucumibacter*, An existing genus; *Telecucumibacter*: A genus related to but distinct from the existing genus Cucumibacter of far away.

Telecumulibacter

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Cumulibacter*, An existing genus; *Telecumulibacter*: A genus related to but distinct from the existing genus Cumulibacter of far away.

Telecuneatibacter

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Cuneatibacter*, An existing genus; *Telecuneatibacter*: A genus related to but distinct from the existing genus Cuneatibacter of far away.

Telecuniculiplasma

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Cuniculiplasma*, An existing genus; *Telecuniculiplasma*: A genus related to but distinct from the existing genus Cuniculiplasma of far away.

Telecupriavidus

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Cupriavidus*, An existing genus; *Telecupriavidus*: A genus related to but distinct from the existing genus Cupriavidus of far away.

Telecurtobacterium

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Curtobacterium*, An existing genus; *Telecurtobacterium*: A genus related to but distinct from the existing genus Curtobacterium of far away.

Telecurvibacter

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Curvibacter*, An existing genus; *Telecurvibacter*: A genus related to but distinct from the existing genus Curvibacter of far away.

Telecutibacterium

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Cutibacterium*, An existing genus; *Telecutibacterium*: A genus related to but distinct from the existing genus Cutibacterium of far away.

Telecyanocohniella

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Cyanocohniella*, An existing genus; *Telecyanocohniella*: A genus related to but distinct from the existing genus Cyanocohniella of far away.

Telecyanocomperia

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Cyanocomperia*, An existing genus; *Telecyanocomperia*: A genus related to but distinct from the existing genus Cyanocomperia of far away.

Telecyanoderma

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Cyanoderma*, An existing genus; *Telecyanoderma*: A genus related to but distinct from the existing genus Cyanoderma of far away.

Telecyanosaccus

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Cyanosaccus*, An existing genus; *Telecyanosaccus*: A genus related to but distinct from the existing genus Cyanosaccus of far away.

Telecyclobacterium

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. neut. n. *Cyclobacterium*, An existing genus; *Telecyclobacterium*: A genus related to but distinct from the existing genus Cyclobacterium of far away.

Telecycloclasticus

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Cycloclasticus*, An existing genus; *Telecycloclasticus*: A genus related to but distinct from the existing genus Cycloclasticus of far away.

Telecysteiniphilum

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. neut. n. *Cysteiniphilum*, An existing genus; *Telecysteiniphilum*: A genus related to but distinct from the existing genus Cysteiniphilum of far away.

Telecystobacter

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Cystobacter*, An existing genus; *Telecystobacter*: A genus related to but distinct from the existing genus Cystobacter of far away.

Telecytobacillus

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Cytobacillus*, An existing genus; *Telecytobacillus*: A genus related to but distinct from the existing genus Cytobacillus of far away.

Telecytophaga

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Cytophaga*, An existing genus; *Telecytophaga*: A genus related to but distinct from the existing genus Cytophaga of far away.

Teledactylosporangium

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. neut. n. *Dactylosporangium*, An existing genus; *Teledactylosporangium*: A genus related to but distinct from the existing genus Dactylosporangium of far away.

Teledaeguia

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Daeguia*, An existing genus; *Teledaeguia*: A genus related to but distinct from the existing genus Daeguia of far away.

Teledaejeonella

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Daejeonella*, An existing genus; *Teledaejeonella*: A genus related to but distinct from the existing genus Daejeonella of far away.

Teledaejeonia

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Daejeonia*, An existing genus; *Teledaejeonia*: A genus related to but distinct from the existing genus Daejeonia of far away.

Teledankookia

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Dankookia*, An existing genus; *Teledankookia*: A genus related to but distinct from the existing genus Dankookia of far away.

Teledaptobacter

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Daptobacter*, An existing genus; *Teledaptobacter*: A genus related to but distinct from the existing genus Daptobacter of far away.

Teledasania

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Dasania*, An existing genus; *Teledasania*: A genus related to but distinct from the existing genus Dasania of far away.

Teledechlorobacter

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Dechlorobacter*, An existing genus; *Teledechlorobacter*: A genus related to but distinct from the existing genus Dechlorobacter of far away.

Teledechloromonas

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Dechloromonas*, An existing genus; *Teledechloromonas*: A genus related to but distinct from the existing genus Dechloromonas of far away.

Teledechlorosoma

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Dechlorosoma*, An existing genus; *Teledechlorosoma*: A genus related to but distinct from the existing genus Dechlorosoma of far away.

Teledeefgea

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Deefgea*, An existing genus; *Teledeefgea*: A genus related to but distinct from the existing genus Deefgea of far away.

Teledeferribacter

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Deferribacter*, An existing genus; *Teledeferribacter*: A genus related to but distinct from the existing genus Deferribacter of far away.

Teledeferrisoma

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Deferrisoma*, An existing genus; *Teledeferrisoma*: A genus related to but distinct from the existing genus Deferrisoma of far away.

Teledefluvibacter

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Defluvibacter*, An existing genus; *Teledefluvibacter*: A genus related to but distinct from the existing genus Defluvibacter of far away.

Teledefluviicoccus

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Defluviicoccus*, An existing genus; *Teledefluviicoccus*: A genus related to but distinct from the existing genus Defluviicoccus of far away.

Teledefluviimonas

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Defluviimonas*, An existing genus; *Teledefluviimonas*: A genus related to but distinct from the existing genus Defluviimonas of far away.

Teledefluviitalea

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Defluviitalea*, An existing genus; *Teledefluviitalea*: A genus related to but distinct from the existing genus Defluviitalea of far away.

Teledefluviitoga

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Defluviitoga*, An existing genus; *Teledefluviitoga*: A genus related to but distinct from the existing genus Defluviitoga of far away.

Teledehalobacter

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Dehalobacter*, An existing genus; *Teledehalobacter*: A genus related to but distinct from the existing genus Dehalobacter of far away.

Teledehalobacterium

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Dehalobacterium*, An existing genus; *Teledehalobacterium*: A genus related to but distinct from the existing genus Dehalobacterium of far away.

Teledehalogenimonas

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Dehalogenimonas*, An existing genus; *Teledehalogenimonas*: A genus related to but distinct from the existing genus Dehalogenimonas of far away.

Teledeinobacter

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Deinobacter*, An existing genus; *Teledeinobacter*: A genus related to but distinct from the existing genus Deinobacter of far away.

Teledeinobacterium

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Deinobacterium*, An existing genus; *Teledeinobacterium*: A genus related to but distinct from the existing genus Deinobacterium of far away.

Teledeinococcus

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Deinococcus*, An existing genus; *Teledeinococcus*: A genus related to but distinct from the existing genus Deinococcus of far away.

Teledeleya

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Deleya*, An existing genus; *Teledeleya*: A genus related to but distinct from the existing genus Deleya of far away.

Teledelftia

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Delftia*, An existing genus; *Teledelftia*: A genus related to but distinct from the existing genus Delftia of far away.

Teledellaglioa

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Dellaglioa*, An existing genus; *Teledellaglioa*: A genus related to but distinct from the existing genus Dellaglioa of far away.

Teledemequina

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Demequina*, An existing genus; *Teledemequina*: A genus related to but distinct from the existing genus Demequina of far away.

Teledemetria

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Demetria*, An existing genus; *Teledemetria*: A genus related to but distinct from the existing genus Demetria of far away.

Teledeminuibacter

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Deminuibacter*, An existing genus; *Teledeminuibacter*: A genus related to but distinct from the existing genus Deminuibacter of far away.

Teledenitratimonas

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Denitratimonas*, An existing genus; *Teledenitratimonas*: A genus related to but distinct from the existing genus Denitratimonas of far away.

Teledenitratisoma

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Denitratisoma*, An existing genus; *Teledenitratisoma*: A genus related to but distinct from the existing genus Denitratisoma of far away.

Teledenitrobacterium

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Denitrobacterium*, An existing genus; *Teledenitrobacterium*: A genus related to but distinct from the existing genus Denitrobacterium of far away.

Teledenitrobaculum

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. neut. n. *Denitrobaculum*, An existing genus; *Teledenitrobaculum*: A genus related to but distinct from the existing genus Denitrobaculum of far away.

Teledenitrovibrio

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Denitrovibrio*, An existing genus; *Teledenitrovibrio*: A genus related to but distinct from the existing genus Denitrovibrio of far away.

Teledermacoccus

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Dermacoccus*, An existing genus; *Teledermacoccus*: A genus related to but distinct from the existing genus Dermacoccus of far away.

Teledermatophilus

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Dermatophilus*, An existing genus; *Teledermatophilus*: A genus related to but distinct from the existing genus Dermatophilus of far away.

Telederxia

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Derxia*, An existing genus; *Telederxia*: A genus related to but distinct from the existing genus Derxia of far away.

Teledesemzia

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Desemzia*, An existing genus; *Teledesemzia*: A genus related to but distinct from the existing genus Desemzia of far away.

Teledesertibacillus

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Desertibacillus*, An existing genus; *Teledesertibacillus*: A genus related to but distinct from the existing genus Desertibacillus of far away.

Teledesertibacter

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Desertibacter*, An existing genus; *Teledesertibacter*: A genus related to but distinct from the existing genus Desertibacter of far away.

Teledesertifilum

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Desertifilum*, An existing genus; *Teledesertifilum*: A genus related to but distinct from the existing genus Desertifilum of far away.

Teledesertihabitans

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Desertihabitans*, An existing genus; *Teledesertihabitans*: A genus related to but distinct from the existing genus Desertihabitans of far away.

Teledesertimonas

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Desertimonas*, An existing genus; *Teledesertimonas*: A genus related to but distinct from the existing genus Desertimonas of far away.

Teledesikacharya

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Desikacharya*, An existing genus; *Teledesikacharya*: A genus related to but distinct from the existing genus Desikacharya of far away.

Teledesmospora

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Desmospora*, An existing genus; *Teledesmospora*: A genus related to but distinct from the existing genus Desmospora of far away.

Teledesnuesiella

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Desnuesiella*, An existing genus; *Teledesnuesiella*: A genus related to but distinct from the existing genus Desnuesiella of far away.

Teledesulfacinum

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Desulfacinum*, An existing genus; *Teledesulfacinum*: A genus related to but distinct from the existing genus Desulfacinum of far away.

Teledesulfallas

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Desulfallas*, An existing genus; *Teledesulfallas*: A genus related to but distinct from the existing genus Desulfallas of far away.

Teledesulfarculus

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Desulfarculus*, An existing genus; *Teledesulfarculus*: A genus related to but distinct from the existing genus Desulfarculus of far away.

Teledesulfatibacillum

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. neut. n. *Desulfatibacillum*, An existing genus; *Teledesulfatibacillum*: A genus related to but distinct from the existing genus Desulfatibacillum of far away.

Teledesulfatiferula

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Desulfatiferula*, An existing genus; *Teledesulfatiferula*: A genus related to but distinct from the existing genus Desulfatiferula of far away.

Teledesulfatiglans

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Desulfatiglans*, An existing genus; *Teledesulfatiglans*: A genus related to but distinct from the existing genus Desulfatiglans of far away.

Teledesulfatirhabdium

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. neut. dim. n. *Desulfatirhabdium*, An existing genus; *Teledesulfatirhabdium*: A genus related to but distinct from the existing genus Desulfatirhabdium of far away.

Teledesulfatitalea

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Desulfatitalea*, An existing genus; *Teledesulfatitalea*: A genus related to but distinct from the existing genus Desulfatitalea of far away.

Teledesulfitibacter

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Desulfitibacter*, An existing genus; *Teledesulfitibacter*: A genus related to but distinct from the existing genus Desulfitibacter of far away.

Teledesulfitispora

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Desulfitispora*, An existing genus; *Teledesulfitispora*: A genus related to but distinct from the existing genus Desulfitispora of far away.

Teledesulfitobacterium

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. neut. n. *Desulfitobacterium*, An existing genus; *Teledesulfitobacterium*: A genus related to but distinct from the existing genus Desulfitobacterium of far away.

Teledesulfobacca

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Desulfobacca*, An existing genus; *Teledesulfobacca*: A genus related to but distinct from the existing genus Desulfobacca of far away.

Teledesulfobacter

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Desulfobacter*, An existing genus; *Teledesulfobacter*: A genus related to but distinct from the existing genus Desulfobacter of far away.

Teledesulfobacterium

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. neut. n. *Desulfobacterium*, An existing genus; *Teledesulfobacterium*: A genus related to but distinct from the existing genus Desulfobacterium of far away.

Teledesulfobacula

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Desulfobacula*, An existing genus; *Teledesulfobacula*: A genus related to but distinct from the existing genus Desulfobacula of far away.

Teledesulfobaculum

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. neut. n. *Desulfobaculum*, An existing genus; *Teledesulfobaculum*: A genus related to but distinct from the existing genus Desulfobaculum of far away.

Teledesulfobotulus

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Desulfobotulus*, An existing genus; *Teledesulfobotulus*: A genus related to but distinct from the existing genus Desulfobotulus of far away.

Teledesulfobulbus

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Desulfobulbus*, An existing genus; *Teledesulfobulbus*: A genus related to but distinct from the existing genus Desulfobulbus of far away.

Teledesulfocapsa

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Desulfocapsa*, An existing genus; *Teledesulfocapsa*: A genus related to but distinct from the existing genus Desulfocapsa of far away.

Teledesulfocarbo

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Desulfocarbo*, An existing genus; *Teledesulfocarbo*: A genus related to but distinct from the existing genus Desulfocarbo of far away.

Teledesulfocella

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Desulfocella*, An existing genus; *Teledesulfocella*: A genus related to but distinct from the existing genus Desulfocella of far away.

Teledesulfococcus

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Desulfococcus*, An existing genus; *Teledesulfococcus*: A genus related to but distinct from the existing genus Desulfococcus of far away.

Teledesulfocucumis

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Desulfocucumis*, An existing genus; *Teledesulfocucumis*: A genus related to but distinct from the existing genus Desulfocucumis of far away.

Teledesulfocurvibacter

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Desulfocurvibacter*, An existing genus; *Teledesulfocurvibacter*: A genus related to but distinct from the existing genus Desulfocurvibacter of far away.

Teledesulfocurvus

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Desulfocurvus*, An existing genus; *Teledesulfocurvus*: A genus related to but distinct from the existing genus Desulfocurvus of far away.

Teledesulfofaba

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Desulfofaba*, An existing genus; *Teledesulfofaba*: A genus related to but distinct from the existing genus Desulfofaba of far away.

Teledesulfofarcimen

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. neut. n. *Desulfofarcimen*, An existing genus; *Teledesulfofarcimen*: A genus related to but distinct from the existing genus Desulfofarcimen of far away.

Teledesulfofrigus

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. neut. n. *Desulfofrigus*, An existing genus; *Teledesulfofrigus*: A genus related to but distinct from the existing genus Desulfofrigus of far away.

Teledesulfofundulus

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Desulfofundulus*, An existing genus; *Teledesulfofundulus*: A genus related to but distinct from the existing genus Desulfofundulus of far away.

Teledesulfofustis

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Desulfofustis*, An existing genus; *Teledesulfofustis*: A genus related to but distinct from the existing genus Desulfofustis of far away.

Teledesulfoglaeba

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Desulfoglaeba*, An existing genus; *Teledesulfoglaeba*: A genus related to but distinct from the existing genus Desulfoglaeba of far away.

Teledesulfohalobium

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. neut. n. *Desulfohalobium*, An existing genus; *Teledesulfohalobium*: A genus related to but distinct from the existing genus Desulfohalobium of far away.

Teledesulfohalophilus

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Desulfohalophilus*, An existing genus; *Teledesulfohalophilus*: A genus related to but distinct from the existing genus Desulfohalophilus of far away.

Teledesulfohalotomaculum

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. neut. n. *Desulfohalotomaculum*, An existing genus; *Teledesulfohalotomaculum*: A genus related to but distinct from the existing genus Desulfohalotomaculum of far away.

Teledesulfohalovibrio

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Desulfohalovibrio*, An existing genus; *Teledesulfohalovibrio*: A genus related to but distinct from the existing genus Desulfohalovibrio of far away.

Teledesulfoluna

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Desulfoluna*, An existing genus; *Teledesulfoluna*: A genus related to but distinct from the existing genus Desulfoluna of far away.

Teledesulfomicrobium

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. neut. n. *Desulfomicrobium*, An existing genus; *Teledesulfomicrobium*: A genus related to but distinct from the existing genus Desulfomicrobium of far away.

Teledesulfomonas

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Desulfomonas*, An existing genus; *Teledesulfomonas*: A genus related to but distinct from the existing genus Desulfomonas of far away.

Teledesulfomonile

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. neut. n. *Desulfomonile*, An existing genus; *Teledesulfomonile*: A genus related to but distinct from the existing genus Desulfomonile of far away.

Teledesulfomusa

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Desulfomusa*, An existing genus; *Teledesulfomusa*: A genus related to but distinct from the existing genus Desulfomusa of far away.

Teledesulfonatronobacter

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Desulfonatronobacter*, An existing genus; *Teledesulfonatronobacter*: A genus related to but distinct from the existing genus Desulfonatronobacter of far away.

Teledesulfonatronospira

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Desulfonatronospira*, An existing genus; *Teledesulfonatronospira*: A genus related to but distinct from the existing genus Desulfonatronospira of far away.

Teledesulfonatronovibrio

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Desulfonatronovibrio*, An existing genus; *Teledesulfonatronovibrio*: A genus related to but distinct from the existing genus Desulfonatronovibrio of far away.

Teledesulfonatronum

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Desulfonatronum*, An existing genus; *Teledesulfonatronum*: A genus related to but distinct from the existing genus Desulfonatronum of far away.

Teledesulfonauticus

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Desulfonauticus*, An existing genus; *Teledesulfonauticus*: A genus related to but distinct from the existing genus Desulfonauticus of far away.

Teledesulfonema

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Desulfonema*, An existing genus; *Teledesulfonema*: A genus related to but distinct from the existing genus Desulfonema of far away.

Teledesulfonispora

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Desulfonispora*, An existing genus; *Teledesulfonispora*: A genus related to but distinct from the existing genus Desulfonispora of far away.

Teledesulfopila

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Desulfopila*, An existing genus; *Teledesulfopila*: A genus related to but distinct from the existing genus Desulfopila of far away.

Teledesulfoplanes

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Desulfoplanes*, An existing genus; *Teledesulfoplanes*: A genus related to but distinct from the existing genus Desulfoplanes of far away.

Teledesulfoprunum

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Desulfoprunum*, An existing genus; *Teledesulfoprunum*: A genus related to but distinct from the existing genus Desulfoprunum of far away.

Teledesulforegula

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Desulforegula*, An existing genus; *Teledesulforegula*: A genus related to but distinct from the existing genus Desulforegula of far away.

Teledesulforhabdus

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Desulforhabdus*, An existing genus; *Teledesulforhabdus*: A genus related to but distinct from the existing genus Desulforhabdus of far away.

Teledesulforhopalus

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Desulforhopalus*, An existing genus; *Teledesulforhopalus*: A genus related to but distinct from the existing genus Desulforhopalus of far away.

Teledesulfosalsimonas

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Desulfosalsimonas*, An existing genus; *Teledesulfosalsimonas*: A genus related to but distinct from the existing genus Desulfosalsimonas of far away.

Teledesulfosarcina

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Desulfosarcina*, An existing genus; *Teledesulfosarcina*: A genus related to but distinct from the existing genus Desulfosarcina of far away.

Teledesulfosoma

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Desulfosoma*, An existing genus; *Teledesulfosoma*: A genus related to but distinct from the existing genus Desulfosoma of far away.

Teledesulfospira

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Desulfospira*, An existing genus; *Teledesulfospira*: A genus related to but distinct from the existing genus Desulfospira of far away.

Teledesulfosporomusa

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Desulfosporomusa*, An existing genus; *Teledesulfosporomusa*: A genus related to but distinct from the existing genus Desulfosporomusa of far away.

Teledesulfosporosinus

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Desulfosporosinus*, An existing genus; *Teledesulfosporosinus*: A genus related to but distinct from the existing genus Desulfosporosinus of far away.

Teledesulfotalea

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Desulfotalea*, An existing genus; *Teledesulfotalea*: A genus related to but distinct from the existing genus Desulfotalea of far away.

Teledesulfothermobacter

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Desulfothermobacter*, An existing genus; *Teledesulfothermobacter*: A genus related to but distinct from the existing genus Desulfothermobacter of far away.

Teledesulfothermus

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Desulfothermus*, An existing genus; *Teledesulfothermus*: A genus related to but distinct from the existing genus Desulfothermus of far away.

Teledesulfotignum

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Desulfotignum*, An existing genus; *Teledesulfotignum*: A genus related to but distinct from the existing genus Desulfotignum of far away.

Teledesulfotomaculum

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Desulfotomaculum*, An existing genus; *Teledesulfotomaculum*: A genus related to but distinct from the existing genus Desulfotomaculum of far away.

Teledesulfovermiculus

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Desulfovermiculus*, An existing genus; *Teledesulfovermiculus*: A genus related to but distinct from the existing genus Desulfovermiculus of far away.

Teledesulfovibrio

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Desulfovibrio*, An existing genus; *Teledesulfovibrio*: A genus related to but distinct from the existing genus Desulfovibrio of far away.

Teledesulfovirga

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Desulfovirga*, An existing genus; *Teledesulfovirga*: A genus related to but distinct from the existing genus Desulfovirga of far away.

Teledesulfovirgula

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Desulfovirgula*, An existing genus; *Teledesulfovirgula*: A genus related to but distinct from the existing genus Desulfovirgula of far away.

Teledesulfurella

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Desulfurella*, An existing genus; *Teledesulfurella*: A genus related to but distinct from the existing genus Desulfurella of far away.

Teledesulfuribacillus

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Desulfuribacillus*, An existing genus; *Teledesulfuribacillus*: A genus related to but distinct from the existing genus Desulfuribacillus of far away.

Teledesulfurispira

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Desulfurispira*, An existing genus; *Teledesulfurispira*: A genus related to but distinct from the existing genus Desulfurispira of far away.

Teledesulfurispirillum

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. neut. dim. n. *Desulfurispirillum*, An existing genus; *Teledesulfurispirillum*: A genus related to but distinct from the existing genus Desulfurispirillum of far away.

Teledesulfurispora

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Desulfurispora*, An existing genus; *Teledesulfurispora*: A genus related to but distinct from the existing genus Desulfurispora of far away.

Teledesulfurivibrio

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Desulfurivibrio*, An existing genus; *Teledesulfurivibrio*: A genus related to but distinct from the existing genus Desulfurivibrio of far away.

Teledesulfurobacterium

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. neut. n. *Desulfurobacterium*, An existing genus; *Teledesulfurobacterium*: A genus related to but distinct from the existing genus Desulfurobacterium of far away.

Teledesulfurococcus

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Desulfurococcus*, An existing genus; *Teledesulfurococcus*: A genus related to but distinct from the existing genus Desulfurococcus of far away.

Teledesulfuromonas

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Desulfuromonas*, An existing genus; *Teledesulfuromonas*: A genus related to but distinct from the existing genus Desulfuromonas of far away.

Teledesulfuromusa

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Desulfuromusa*, An existing genus; *Teledesulfuromusa*: A genus related to but distinct from the existing genus Desulfuromusa of far away.

Teledethiobacter

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Dethiobacter*, An existing genus; *Teledethiobacter*: A genus related to but distinct from the existing genus Dethiobacter of far away.

Teledethiosulfatarculus

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. dim. n. *Dethiosulfatarculus*, An existing genus; *Teledethiosulfatarculus*: A genus related to but distinct from the existing genus Dethiosulfatarculus of far away.

Teledethiosulfatibacter

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Dethiosulfatibacter*, An existing genus; *Teledethiosulfatibacter*: A genus related to but distinct from the existing genus Dethiosulfatibacter of far away.

Teledethiosulfovibrio

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Dethiosulfovibrio*, An existing genus; *Teledethiosulfovibrio*: A genus related to but distinct from the existing genus Dethiosulfovibrio of far away.

Teledevosia

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Devosia*, An existing genus; *Teledevosia*: A genus related to but distinct from the existing genus Devosia of far away.

Teledevriesea

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Devriesea*, An existing genus; *Teledevriesea*: A genus related to but distinct from the existing genus Devriesea of far away.

Telediaminobutyricibacter

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Diaminobutyricibacter*, An existing genus; *Telediaminobutyricibacter*: A genus related to but distinct from the existing genus Diaminobutyricibacter of far away.

Telediaminobutyricimonas

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Diaminobutyricimonas*, An existing genus; *Telediaminobutyricimonas*: A genus related to but distinct from the existing genus Diaminobutyricimonas of far away.

Telediaphorobacter

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Diaphorobacter*, An existing genus; *Telediaphorobacter*: A genus related to but distinct from the existing genus Diaphorobacter of far away.

Teledichelobacter

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Dichelobacter*, An existing genus; *Teledichelobacter*: A genus related to but distinct from the existing genus Dichelobacter of far away.

Teledichotomicrobium

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Dichotomicrobium*, An existing genus; *Teledichotomicrobium*: A genus related to but distinct from the existing genus Dichotomicrobium of far away.

Teledickeya

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Dickeya*, An existing genus; *Teledickeya*: A genus related to but distinct from the existing genus Dickeya of far away.

Teledictyobacter

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Dictyobacter*, An existing genus; *Teledictyobacter*: A genus related to but distinct from the existing genus Dictyobacter of far away.

Teledictyoglomus

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Dictyoglomus*, An existing genus; *Teledictyoglomus*: A genus related to but distinct from the existing genus Dictyoglomus of far away.

Teledielma

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Dielma*, An existing genus; *Teledielma*: A genus related to but distinct from the existing genus Dielma of far away.

Teledietzia

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Dietzia*, An existing genus; *Teledietzia*: A genus related to but distinct from the existing genus Dietzia of far away.

Teledinghuibacter

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Dinghuibacter*, An existing genus; *Teledinghuibacter*: A genus related to but distinct from the existing genus Dinghuibacter of far away.

Teledinoroseobacter

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Dinoroseobacter*, An existing genus; *Teledinoroseobacter*: A genus related to but distinct from the existing genus Dinoroseobacter of far away.

Telediplocalyx

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Diplocalyx*, An existing genus; *Telediplocalyx*: A genus related to but distinct from the existing genus Diplocalyx of far away.

Telediplorickettsia

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Diplorickettsia*, An existing genus; *Telediplorickettsia*: A genus related to but distinct from the existing genus Diplorickettsia of far away.

Telediplosphaera

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Diplosphaera*, An existing genus; *Telediplosphaera*: A genus related to but distinct from the existing genus Diplosphaera of far away.

Teledissulfuribacter

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Dissulfuribacter*, An existing genus; *Teledissulfuribacter*: A genus related to but distinct from the existing genus Dissulfuribacter of far away.

Teledissulfurimicrobium

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Dissulfurimicrobium*, An existing genus; *Teledissulfurimicrobium*: A genus related to but distinct from the existing genus Dissulfurimicrobium of far away.

Teledissulfurirhabdus

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Dissulfurirhabdus*, An existing genus; *Teledissulfurirhabdus*: A genus related to but distinct from the existing genus Dissulfurirhabdus of far away.

Teledokdonella

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Dokdonella*, An existing genus; *Teledokdonella*: A genus related to but distinct from the existing genus Dokdonella of far away.

Teledokdonia

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Dokdonia*, An existing genus; *Teledokdonia*: A genus related to but distinct from the existing genus Dokdonia of far away.

Teledolosicoccus

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Dolosicoccus*, An existing genus; *Teledolosicoccus*: A genus related to but distinct from the existing genus Dolosicoccus of far away.

Teledolosigranulum

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Dolosigranulum*, An existing genus; *Teledolosigranulum*: A genus related to but distinct from the existing genus Dolosigranulum of far away.

Teledomibacillus

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Domibacillus*, An existing genus; *Teledomibacillus*: A genus related to but distinct from the existing genus Domibacillus of far away.

Teledonghaeana

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Donghaeana*, An existing genus; *Teledonghaeana*: A genus related to but distinct from the existing genus Donghaeana of far away.

Teledonghicola

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Donghicola*, An existing genus; *Teledonghicola*: A genus related to but distinct from the existing genus Donghicola of far away.

Teledongia

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Dongia*, An existing genus; *Teledongia*: A genus related to but distinct from the existing genus Dongia of far away.

Teledongshaea

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Dongshaea*, An existing genus; *Teledongshaea*: A genus related to but distinct from the existing genus Dongshaea of far away.

Teledorea

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Dorea*, An existing genus; *Teledorea*: A genus related to but distinct from the existing genus Dorea of far away.

Teledraconibacterium

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Draconibacterium*, An existing genus; *Teledraconibacterium*: A genus related to but distinct from the existing genus Draconibacterium of far away.

Teledrancourtella

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Drancourtella*, An existing genus; *Teledrancourtella*: A genus related to but distinct from the existing genus Drancourtella of far away.

Teledrouetiella

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Drouetiella*, An existing genus; *Teledrouetiella*: A genus related to but distinct from the existing genus Drouetiella of far away.

Teledubosiella

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Dubosiella*, An existing genus; *Teledubosiella*: A genus related to but distinct from the existing genus Dubosiella of far away.

Teleduganella

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Duganella*, An existing genus; *Teleduganella*: A genus related to but distinct from the existing genus Duganella of far away.

Teledulcicalothrix

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Dulcicalothrix*, An existing genus; *Teledulcicalothrix*: A genus related to but distinct from the existing genus Dulcicalothrix of far away.

Teleduncaniella

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Duncaniella*, An existing genus; *Teleduncaniella*: A genus related to but distinct from the existing genus Duncaniella of far away.

Teledyadobacter

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Dyadobacter*, An existing genus; *Teledyadobacter*: A genus related to but distinct from the existing genus Dyadobacter of far away.

Teledyella

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Dyella*, An existing genus; *Teledyella*: A genus related to but distinct from the existing genus Dyella of far away.

Teledysgonomonas

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Dysgonomonas*, An existing genus; *Teledysgonomonas*: A genus related to but distinct from the existing genus Dysgonomonas of far away.

Teledysosmobacter

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Dysosmobacter*, An existing genus; *Teledysosmobacter*: A genus related to but distinct from the existing genus Dysosmobacter of far away.

Teleechinicola

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Echinicola*, An existing genus; *Teleechinicola*: A genus related to but distinct from the existing genus Echinicola of far away.

Teleechinimonas

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Echinimonas*, An existing genus; *Teleechinimonas*: A genus related to but distinct from the existing genus Echinimonas of far away.

Teleectothiorhodosinus

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Ectothiorhodosinus*, An existing genus; *Teleectothiorhodosinus*: A genus related to but distinct from the existing genus Ectothiorhodosinus of far away.

Teleectothiorhodospira

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Ectothiorhodospira*, An existing genus; *Teleectothiorhodospira*: A genus related to but distinct from the existing genus Ectothiorhodospira of far away.

Teleedaphobacillus

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Edaphobacillus*, An existing genus; *Teleedaphobacillus*: A genus related to but distinct from the existing genus Edaphobacillus of far away.

Teleedaphobacter

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Edaphobacter*, An existing genus; *Teleedaphobacter*: A genus related to but distinct from the existing genus Edaphobacter of far away.

Teleedaphocola

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Edaphocola*, An existing genus; *Teleedaphocola*: A genus related to but distinct from the existing genus Edaphocola of far away.

Teleedwardiiplasma

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Edwardiiplasma*, An existing genus; *Teleedwardiiplasma*: A genus related to but distinct from the existing genus Edwardiiplasma of far away.

Teleedwardsiella

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Edwardsiella*, An existing genus; *Teleedwardsiella*: A genus related to but distinct from the existing genus Edwardsiella of far away.

Teleeffluviibacter

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Effluviibacter*, An existing genus; *Teleeffluviibacter*: A genus related to but distinct from the existing genus Effluviibacter of far away.

Teleeffusibacillus

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Effusibacillus*, An existing genus; *Teleeffusibacillus*: A genus related to but distinct from the existing genus Effusibacillus of far away.

Teleeggerthella

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Eggerthella*, An existing genus; *Teleeggerthella*: A genus related to but distinct from the existing genus Eggerthella of far away.

Teleeggerthia

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Eggerthia*, An existing genus; *Teleeggerthia*: A genus related to but distinct from the existing genus Eggerthia of far away.

Teleegibacter

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Egibacter*, An existing genus; *Teleegibacter*: A genus related to but distinct from the existing genus Egibacter of far away.

Teleegicoccus

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Egicoccus*, An existing genus; *Teleegicoccus*: A genus related to but distinct from the existing genus Egicoccus of far away.

Teleehrlichia

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Ehrlichia*, An existing genus; *Teleehrlichia*: A genus related to but distinct from the existing genus Ehrlichia of far away.

Teleeikenella

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Eikenella*, An existing genus; *Teleeikenella*: A genus related to but distinct from the existing genus Eikenella of far away.

Teleeilatimonas

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Eilatimonas*, An existing genus; *Teleeilatimonas*: A genus related to but distinct from the existing genus Eilatimonas of far away.

Teleeionea

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Eionea*, An existing genus; *Teleeionea*: A genus related to but distinct from the existing genus Eionea of far away.

Teleeisenbergiella

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Eisenbergiella*, An existing genus; *Teleeisenbergiella*: A genus related to but distinct from the existing genus Eisenbergiella of far away.

Teleeisenibacter

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Eisenibacter*, An existing genus; *Teleeisenibacter*: A genus related to but distinct from the existing genus Eisenibacter of far away.

Teleelainella

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Elainella*, An existing genus; *Teleelainella*: A genus related to but distinct from the existing genus Elainella of far away.

Teleelioraea

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Elioraea*, An existing genus; *Teleelioraea*: A genus related to but distinct from the existing genus Elioraea of far away.

Teleelizabethkingia

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Elizabethkingia*, An existing genus; *Teleelizabethkingia*: A genus related to but distinct from the existing genus Elizabethkingia of far away.

Teleellagibacter

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Ellagibacter*, An existing genus; *Teleellagibacter*: A genus related to but distinct from the existing genus Ellagibacter of far away.

Teleelstera

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Elstera*, An existing genus; *Teleelstera*: A genus related to but distinct from the existing genus Elstera of far away.

Teleelusimicrobium

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Elusimicrobium*, An existing genus; *Teleelusimicrobium*: A genus related to but distinct from the existing genus Elusimicrobium of far away.

Teleelytrosporangium

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Elytrosporangium*, An existing genus; *Teleelytrosporangium*: A genus related to but distinct from the existing genus Elytrosporangium of far away.

Teleembleya

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Embleya*, An existing genus; *Teleembleya*: A genus related to but distinct from the existing genus Embleya of far away.

Teleemcibacter

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Emcibacter*, An existing genus; *Teleemcibacter*: A genus related to but distinct from the existing genus Emcibacter of far away.

Teleempedobacter

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Empedobacter*, An existing genus; *Teleempedobacter*: A genus related to but distinct from the existing genus Empedobacter of far away.

Teleemticicia

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Emticicia*, An existing genus; *Teleemticicia*: A genus related to but distinct from the existing genus Emticicia of far away.

Teleendobacter

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Endobacter*, An existing genus; *Teleendobacter*: A genus related to but distinct from the existing genus Endobacter of far away.

Teleendobacterium

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Endobacterium*, An existing genus; *Teleendobacterium*: A genus related to but distinct from the existing genus Endobacterium of far away.

Teleendomicrobium

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Endomicrobium*, An existing genus; *Teleendomicrobium*: A genus related to but distinct from the existing genus Endomicrobium of far away.

Teleendothiovibrio

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Endothiovibrio*, An existing genus; *Teleendothiovibrio*: A genus related to but distinct from the existing genus Endothiovibrio of far away.

Teleendozoicomonas

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Endozoicomonas*, An existing genus; *Teleendozoicomonas*: A genus related to but distinct from the existing genus Endozoicomonas of far away.

Teleenhydrobacter

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Enhydrobacter*, An existing genus; *Teleenhydrobacter*: A genus related to but distinct from the existing genus Enhydrobacter of far away.

Teleenhygromyxa

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Enhygromyxa*, An existing genus; *Teleenhygromyxa*: A genus related to but distinct from the existing genus Enhygromyxa of far away.

Teleenorma

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Enorma*, An existing genus; *Teleenorma*: A genus related to but distinct from the existing genus Enorma of far away.

Teleensifer

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Ensifer*, An existing genus; *Teleensifer*: A genus related to but distinct from the existing genus Ensifer of far away.

Teleenteractinococcus

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Enteractinococcus*, An existing genus; *Teleenteractinococcus*: A genus related to but distinct from the existing genus Enteractinococcus of far away.

Teleenterobacter

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Enterobacter*, An existing genus; *Teleenterobacter*: A genus related to but distinct from the existing genus Enterobacter of far away.

Teleenterocloster

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Enterocloster*, An existing genus; *Teleenterocloster*: A genus related to but distinct from the existing genus Enterocloster of far away.

Teleenterococcus

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Enterococcus*, An existing genus; *Teleenterococcus*: A genus related to but distinct from the existing genus Enterococcus of far away.

Teleenterorhabdus

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Enterorhabdus*, An existing genus; *Teleenterorhabdus*: A genus related to but distinct from the existing genus Enterorhabdus of far away.

Teleenteroscipio

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Enteroscipio*, An existing genus; *Teleenteroscipio*: A genus related to but distinct from the existing genus Enteroscipio of far away.

Teleenterovibrio

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Enterovibrio*, An existing genus; *Teleenterovibrio*: A genus related to but distinct from the existing genus Enterovibrio of far away.

Teleentomomonas

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Entomomonas*, An existing genus; *Teleentomomonas*: A genus related to but distinct from the existing genus Entomomonas of far away.

Teleentomoplasma

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. neut. n. *Entomoplasma*, An existing genus; *Teleentomoplasma*: A genus related to but distinct from the existing genus Entomoplasma of far away.

Teleeperythrozoon

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. neut. n. *Eperythrozoon*, An existing genus; *Teleeperythrozoon*: A genus related to but distinct from the existing genus Eperythrozoon of far away.

Teleephemeroptericola

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Ephemeroptericola*, An existing genus; *Teleephemeroptericola*: A genus related to but distinct from the existing genus Ephemeroptericola of far away.

Teleepibacterium

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. neut. n. *Epibacterium*, An existing genus; *Teleepibacterium*: A genus related to but distinct from the existing genus Epibacterium of far away.

Teleepidermidibacterium

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. neut. n. *Epidermidibacterium*, An existing genus; *Teleepidermidibacterium*: A genus related to but distinct from the existing genus Epidermidibacterium of far away.

Teleepigloeosphaera

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Epigloeosphaera*, An existing genus; *Teleepigloeosphaera*: A genus related to but distinct from the existing genus Epigloeosphaera of far away.

Teleepilithonimonas

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Epilithonimonas*, An existing genus; *Teleepilithonimonas*: A genus related to but distinct from the existing genus Epilithonimonas of far away.

Teleercella

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Ercella*, An existing genus; *Teleercella*: A genus related to but distinct from the existing genus Ercella of far away.

Teleereboglobus

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Ereboglobus*, An existing genus; *Teleereboglobus*: A genus related to but distinct from the existing genus Ereboglobus of far away.

Teleeremococcus

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Eremococcus*, An existing genus; *Teleeremococcus*: A genus related to but distinct from the existing genus Eremococcus of far away.

Teleerwinia

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Erwinia*, An existing genus; *Teleerwinia*: A genus related to but distinct from the existing genus Erwinia of far away.

Teleerysipelothrix

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Erysipelothrix*, An existing genus; *Teleerysipelothrix*: A genus related to but distinct from the existing genus Erysipelothrix of far away.

Teleerythrobacter

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Erythrobacter*, An existing genus; *Teleerythrobacter*: A genus related to but distinct from the existing genus Erythrobacter of far away.

Teleerythromicrobium

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. neut. n. *Erythromicrobium*, An existing genus; *Teleerythromicrobium*: A genus related to but distinct from the existing genus Erythromicrobium of far away.

Teleerythromonas

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Erythromonas*, An existing genus; *Teleerythromonas*: A genus related to but distinct from the existing genus Erythromonas of far away.

Teleescherichia

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Escherichia*, An existing genus; *Teleescherichia*: A genus related to but distinct from the existing genus Escherichia of far away.

Teleethanoligenens

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Ethanoligenens*, An existing genus; *Teleethanoligenens*: A genus related to but distinct from the existing genus Ethanoligenens of far away.

Teleeubacterium

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Eubacterium*, An existing genus; *Teleeubacterium*: A genus related to but distinct from the existing genus Eubacterium of far away.

Teleeucapsis

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Eucapsis*, An existing genus; *Teleeucapsis*: A genus related to but distinct from the existing genus Eucapsis of far away.

Teleeudoraea

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Eudoraea*, An existing genus; *Teleeudoraea*: A genus related to but distinct from the existing genus Eudoraea of far away.

Teleeuryhalocaulis

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Euryhalocaulis*, An existing genus; *Teleeuryhalocaulis*: A genus related to but distinct from the existing genus Euryhalocaulis of far away.

Teleeuzebya

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Euzebya*, An existing genus; *Teleeuzebya*: A genus related to but distinct from the existing genus Euzebya of far away.

Teleeuzebyella

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Euzebyella*, An existing genus; *Teleeuzebyella*: A genus related to but distinct from the existing genus Euzebyella of far away.

Teleewamiania

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Ewamiania*, An existing genus; *Teleewamiania*: A genus related to but distinct from the existing genus Ewamiania of far away.

Teleewingella

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Ewingella*, An existing genus; *Teleewingella*: A genus related to but distinct from the existing genus Ewingella of far away.

Teleexcellospora

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Excellospora*, An existing genus; *Teleexcellospora*: A genus related to but distinct from the existing genus Excellospora of far away.

Teleexilibacterium

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Exilibacterium*, An existing genus; *Teleexilibacterium*: A genus related to but distinct from the existing genus Exilibacterium of far away.

Teleexilispira

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Exilispira*, An existing genus; *Teleexilispira*: A genus related to but distinct from the existing genus Exilispira of far away.

Teleextensimonas

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Extensimonas*, An existing genus; *Teleextensimonas*: A genus related to but distinct from the existing genus Extensimonas of far away.

Teleextibacter

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Extibacter*, An existing genus; *Teleextibacter*: A genus related to but distinct from the existing genus Extibacter of far away.

Telefabibacter

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Fabibacter*, An existing genus; *Telefabibacter*: A genus related to but distinct from the existing genus Fabibacter of far away.

Telefabivirga

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Fabivirga*, An existing genus; *Telefabivirga*: A genus related to but distinct from the existing genus Fabivirga of far away.

Telefacilibium

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Facilibium*, An existing genus; *Telefacilibium*: A genus related to but distinct from the existing genus Facilibium of far away.

Telefacklamia

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Facklamia*, An existing genus; *Telefacklamia*: A genus related to but distinct from the existing genus Facklamia of far away.

Telefaecalibacillus

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Faecalibacillus*, An existing genus; *Telefaecalibacillus*: A genus related to but distinct from the existing genus Faecalibacillus of far away.

Telefaecalibacter

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Faecalibacter*, An existing genus; *Telefaecalibacter*: A genus related to but distinct from the existing genus Faecalibacter of far away.

Telefaecalibacterium

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Faecalibacterium*, An existing genus; *Telefaecalibacterium*: A genus related to but distinct from the existing genus Faecalibacterium of far away.

Telefaecalibaculum

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Faecalibaculum*, An existing genus; *Telefaecalibaculum*: A genus related to but distinct from the existing genus Faecalibaculum of far away.

Telefaecalicatena

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Faecalicatena*, An existing genus; *Telefaecalicatena*: A genus related to but distinct from the existing genus Faecalicatena of far away.

Telefaecalicoccus

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Faecalicoccus*, An existing genus; *Telefaecalicoccus*: A genus related to but distinct from the existing genus Faecalicoccus of far away.

Telefaecalimonas

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Faecalimonas*, An existing genus; *Telefaecalimonas*: A genus related to but distinct from the existing genus Faecalimonas of far away.

Telefaecalitalea

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Faecalitalea*, An existing genus; *Telefaecalitalea*: A genus related to but distinct from the existing genus Faecalitalea of far away.

Telefaenia

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Faenia*, An existing genus; *Telefaenia*: A genus related to but distinct from the existing genus Faenia of far away.

Telefalcatimonas

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Falcatimonas*, An existing genus; *Telefalcatimonas*: A genus related to but distinct from the existing genus Falcatimonas of far away.

Telefalsarthrobacter

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Falsarthrobacter*, An existing genus; *Telefalsarthrobacter*: A genus related to but distinct from the existing genus Falsarthrobacter of far away.

Telefalsibacillus

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Falsibacillus*, An existing genus; *Telefalsibacillus*: A genus related to but distinct from the existing genus Falsibacillus of far away.

Telefalsigemmobacter

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Falsigemmobacter*, An existing genus; *Telefalsigemmobacter*: A genus related to but distinct from the existing genus Falsigemmobacter of far away.

Telefalsiporphyromonas

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Falsiporphyromonas*, An existing genus; *Telefalsiporphyromonas*: A genus related to but distinct from the existing genus Falsiporphyromonas of far away.

Telefalsirhodobacter

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Falsirhodobacter*, An existing genus; *Telefalsirhodobacter*: A genus related to but distinct from the existing genus Falsirhodobacter of far away.

Telefalsochrobactrum

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Falsochrobactrum*, An existing genus; *Telefalsochrobactrum*: A genus related to but distinct from the existing genus Falsochrobactrum of far away.

Telefangia

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Fangia*, An existing genus; *Telefangia*: A genus related to but distinct from the existing genus Fangia of far away.

Telefannyhessea

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Fannyhessea*, An existing genus; *Telefannyhessea*: A genus related to but distinct from the existing genus Fannyhessea of far away.

Telefastidiosipila

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Fastidiosipila*, An existing genus; *Telefastidiosipila*: A genus related to but distinct from the existing genus Fastidiosipila of far away.

Telefaucicola

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Faucicola*, An existing genus; *Telefaucicola*: A genus related to but distinct from the existing genus Faucicola of far away.

Telefeifantangia

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Feifantangia*, An existing genus; *Telefeifantangia*: A genus related to but distinct from the existing genus Feifantangia of far away.

Telefenollaria

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Fenollaria*, An existing genus; *Telefenollaria*: A genus related to but distinct from the existing genus Fenollaria of far away.

Telefermentibacillus

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Fermentibacillus*, An existing genus; *Telefermentibacillus*: A genus related to but distinct from the existing genus Fermentibacillus of far away.

Telefermentimonas

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Fermentimonas*, An existing genus; *Telefermentimonas*: A genus related to but distinct from the existing genus Fermentimonas of far away.

Teleferribacterium

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. neut. n. *Ferribacterium*, An existing genus; *Teleferribacterium*: A genus related to but distinct from the existing genus Ferribacterium of far away.

Teleferrigenium

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. neut. n. *Ferrigenium*, An existing genus; *Teleferrigenium*: A genus related to but distinct from the existing genus Ferrigenium of far away.

Teleferrimicrobium

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. neut. n. *Ferrimicrobium*, An existing genus; *Teleferrimicrobium*: A genus related to but distinct from the existing genus Ferrimicrobium of far away.

Teleferrimonas

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Ferrimonas*, An existing genus; *Teleferrimonas*: A genus related to but distinct from the existing genus Ferrimonas of far away.

Teleferriphaselus

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Ferriphaselus*, An existing genus; *Teleferriphaselus*: A genus related to but distinct from the existing genus Ferriphaselus of far away.

Teleferrithrix

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Ferrithrix*, An existing genus; *Teleferrithrix*: A genus related to but distinct from the existing genus Ferrithrix of far away.

Teleferroglobus

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Ferroglobus*, An existing genus; *Teleferroglobus*: A genus related to but distinct from the existing genus Ferroglobus of far away.

Teleferroplasma

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Ferroplasma*, An existing genus; *Teleferroplasma*: A genus related to but distinct from the existing genus Ferroplasma of far away.

Teleferrovibrio

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Ferrovibrio*, An existing genus; *Teleferrovibrio*: A genus related to but distinct from the existing genus Ferrovibrio of far away.

Teleferruginibacter

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Ferruginibacter*, An existing genus; *Teleferruginibacter*: A genus related to but distinct from the existing genus Ferruginibacter of far away.

Teleferruginivarius

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Ferruginivarius*, An existing genus; *Teleferruginivarius*: A genus related to but distinct from the existing genus Ferruginivarius of far away.

Teleferviducella

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Fervidicella*, An existing genus; *Teleferviducella*: A genus related to but distinct from the existing genus Fervidicella of far away.

Telefervidicoccus

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Fervidicoccus*, An existing genus; *Telefervidicoccus*: A genus related to but distinct from the existing genus Fervidicoccus of far away.

Telefervidicola

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Fervidicola*, An existing genus; *Telefervidicola*: A genus related to but distinct from the existing genus Fervidicola of far away.

Telefervidobacterium

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Fervidobacterium*, An existing genus; *Telefervidobacterium*: A genus related to but distinct from the existing genus Fervidobacterium of far away.

Telefibrella

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Fibrella*, An existing genus; *Telefibrella*: A genus related to but distinct from the existing genus Fibrella of far away.

Telefibrisoma

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Fibrisoma*, An existing genus; *Telefibrisoma*: A genus related to but distinct from the existing genus Fibrisoma of far away.

Telefibrobacter

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Fibrobacter*, An existing genus; *Telefibrobacter*: A genus related to but distinct from the existing genus Fibrobacter of far away.

Telefictibacillus

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Fictibacillus*, An existing genus; *Telefictibacillus*: A genus related to but distinct from the existing genus Fictibacillus of far away.

Telefilibacter

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Filibacter*, An existing genus; *Telefilibacter*: A genus related to but distinct from the existing genus Filibacter of far away.

Telefilifactor

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Filifactor*, An existing genus; *Telefilifactor*: A genus related to but distinct from the existing genus Filifactor of far away.

Telefilimonas

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Filimonas*, An existing genus; *Telefilimonas*: A genus related to but distinct from the existing genus Filimonas of far away.

Telefilobacillus

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Filobacillus*, An existing genus; *Telefilobacillus*: A genus related to but distinct from the existing genus Filobacillus of far away.

Telefilobacterium

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. neut. n. *Filobacterium*, An existing genus; *Telefilobacterium*: A genus related to but distinct from the existing genus Filobacterium of far away.

Telefilomicrobium

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. neut. n. *Filomicrobium*, An existing genus; *Telefilomicrobium*: A genus related to but distinct from the existing genus Filomicrobium of far away.

Telefimbriiglobus

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Fimbriiglobus*, An existing genus; *Telefimbriiglobus*: A genus related to but distinct from the existing genus Fimbriiglobus of far away.

Telefimbriimonas

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Fimbriimonas*, An existing genus; *Telefimbriimonas*: A genus related to but distinct from the existing genus Fimbriimonas of far away.

Telefinegoldia

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Finegoldia*, An existing genus; *Telefinegoldia*: A genus related to but distinct from the existing genus Finegoldia of far away.

Teleflagellimonas

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Flagellimonas*, An existing genus; *Teleflagellimonas*: A genus related to but distinct from the existing genus Flagellimonas of far away.

Teleflammeovirga

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Flammeovirga*, An existing genus; *Teleflammeovirga*: A genus related to but distinct from the existing genus Flammeovirga of far away.

Teleflaviaesturariibacter

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Flaviaesturariibacter*, An existing genus; *Teleflaviaesturariibacter*: A genus related to but distinct from the existing genus Flaviaesturariibacter of far away.

Teleflavicella

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Flavicella*, An existing genus; *Teleflavicella*: A genus related to but distinct from the existing genus Flavicella of far away.

Teleflaviflagellibacter

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Flaviflagellibacter*, An existing genus; *Teleflaviflagellibacter*: A genus related to but distinct from the existing genus Flaviflagellibacter of far away.

Teleflaviflexus

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Flaviflexus*, An existing genus; *Teleflaviflexus*: A genus related to but distinct from the existing genus Flaviflexus of far away.

Teleflavihumibacter

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Flavihumibacter*, An existing genus; *Teleflavihumibacter*: A genus related to but distinct from the existing genus Flavihumibacter of far away.

Teleflavilitoribacter

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Flavilitoribacter*, An existing genus; *Teleflavilitoribacter*: A genus related to but distinct from the existing genus Flavilitoribacter of far away.

Teleflavimaricola

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Flavimaricola*, An existing genus; *Teleflavimaricola*: A genus related to but distinct from the existing genus Flavimaricola of far away.

Teleflavimarina

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Flavimarina*, An existing genus; *Teleflavimarina*: A genus related to but distinct from the existing genus Flavimarina of far away.

Teleflavimobilis

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Flavimobilis*, An existing genus; *Teleflavimobilis*: A genus related to but distinct from the existing genus Flavimobilis of far away.

Teleflavimonas

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Flavimonas*, An existing genus; *Teleflavimonas*: A genus related to but distinct from the existing genus Flavimonas of far away.

Teleflavipsychrobacter

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Flavipsychrobacter*, An existing genus; *Teleflavipsychrobacter*: A genus related to but distinct from the existing genus Flavipsychrobacter of far away.

Teleflaviramulus

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. dim. n. *Flaviramulus*, An existing genus; *Teleflaviramulus*: A genus related to but distinct from the existing genus Flaviramulus of far away.

Teleflavirhabdus

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Flavirhabdus*, An existing genus; *Teleflavirhabdus*: A genus related to but distinct from the existing genus Flavirhabdus of far away.

Teleflavisolibacter

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Flavisolibacter*, An existing genus; *Teleflavisolibacter*: A genus related to but distinct from the existing genus Flavisolibacter of far away.

Teleflavitalea

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Flavitalea*, An existing genus; *Teleflavitalea*: A genus related to but distinct from the existing genus Flavitalea of far away.

Teleflavivirga

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Flavivirga*, An existing genus; *Teleflavivirga*: A genus related to but distinct from the existing genus Flavivirga of far away.

Teleflavobacterium

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Flavobacterium*, An existing genus; *Teleflavobacterium*: A genus related to but distinct from the existing genus Flavobacterium of far away.

Teleflavonifractor

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Flavonifractor*, An existing genus; *Teleflavonifractor*: A genus related to but distinct from the existing genus Flavonifractor of far away.

Teleflectobacillus

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Flectobacillus*, An existing genus; *Teleflectobacillus*: A genus related to but distinct from the existing genus Flectobacillus of far away.

Teleflexibacter

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Flexibacter*, An existing genus; *Teleflexibacter*: A genus related to but distinct from the existing genus Flexibacter of far away.

Teleflexilinea

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Flexilinea*, An existing genus; *Teleflexilinea*: A genus related to but distinct from the existing genus Flexilinea of far away.

Teleflexistipes

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Flexistipes*, An existing genus; *Teleflexistipes*: A genus related to but distinct from the existing genus Flexistipes of far away.

Teleflexithrix

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Flexithrix*, An existing genus; *Teleflexithrix*: A genus related to but distinct from the existing genus Flexithrix of far away.

Teleflexivirga

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Flexivirga*, An existing genus; *Teleflexivirga*: A genus related to but distinct from the existing genus Flexivirga of far away.

Teleflindersiella

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Flindersiella*, An existing genus; *Teleflindersiella*: A genus related to but distinct from the existing genus Flindersiella of far away.

Teleflintibacter

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Flintibacter*, An existing genus; *Teleflintibacter*: A genus related to but distinct from the existing genus Flintibacter of far away.

Teleflorícoccus

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Floricoccus*, An existing genus; *Teleflorícoccus*: A genus related to but distinct from the existing genus Floricoccus of far away.

Telefluoribacter

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Fluoribacter*, An existing genus; *Telefluoribacter*: A genus related to but distinct from the existing genus Fluoribacter of far away.

Telefluviibacterium

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Fluviibacterium*, An existing genus; *Telefluviibacterium*: A genus related to but distinct from the existing genus Fluviibacterium of far away.

Telefluviicoccus

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Fluviicoccus*, An existing genus; *Telefluviicoccus*: A genus related to but distinct from the existing genus Fluviicoccus of far away.

Telefluviicola

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Fluviicola*, An existing genus; *Telefluviicola*: A genus related to but distinct from the existing genus Fluviicola of far away.

Telefluviimonas

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Fluviimonas*, An existing genus; *Telefluviimonas*: A genus related to but distinct from the existing genus Fluviimonas of far away.

Telefluviispira

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Fluviispira*, An existing genus; *Telefluviispira*: A genus related to but distinct from the existing genus Fluviispira of far away.

Telefodinibacter

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Fodinibacter*, An existing genus; *Telefodinibacter*: A genus related to but distinct from the existing genus Fodinibacter of far away.

Telefodinibius

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Fodinibius*, An existing genus; *Telefodinibius*: A genus related to but distinct from the existing genus Fodinibius of far away.

Telefodinicola

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Fodinicola*, An existing genus; *Telefodinicola*: A genus related to but distinct from the existing genus Fodinicola of far away.

Telefodinicurvata

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Fodinicurvata*, An existing genus; *Telefodinicurvata*: A genus related to but distinct from the existing genus Fodinicurvata of far away.

Telefoliisarcina

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Foliisarcina*, An existing genus; *Telefoliisarcina*: A genus related to but distinct from the existing genus Foliisarcina of far away.

Telefontibacillus

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Fontibacillus*, An existing genus; *Telefontibacillus*: A genus related to but distinct from the existing genus Fontibacillus of far away.

Telefontibacter

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Fontibacter*, An existing genus; *Telefontibacter*: A genus related to but distinct from the existing genus Fontibacter of far away.

Telefonticella

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Fonticella*, An existing genus; *Telefonticella*: A genus related to but distinct from the existing genus Fonticella of far away.

Telefontimonas

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Fontimonas*, An existing genus; *Telefontimonas*: A genus related to but distinct from the existing genus Fontimonas of far away.

Teleformivibrio

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Formivibrio*, An existing genus; *Teleformivibrio*: A genus related to but distinct from the existing genus Formivibrio of far away.

Teleformosa

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Formosa*, An existing genus; *Teleformosa*: A genus related to but distinct from the existing genus Formosa of far away.

Teleformosimonas

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Formosimonas*, An existing genus; *Teleformosimonas*: A genus related to but distinct from the existing genus Formosimonas of far away.

Telefournierella

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Fournierella*, An existing genus; *Telefournierella*: A genus related to but distinct from the existing genus Fournierella of far away.

Telefrancisella

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Francisella*, An existing genus; *Telefrancisella*: A genus related to but distinct from the existing genus Francisella of far away.

Telefranconibacter

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Franconibacter*, An existing genus; *Telefranconibacter*: A genus related to but distinct from the existing genus Franconibacter of far away.

Telefrankia

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Frankia*, An existing genus; *Telefrankia*: A genus related to but distinct from the existing genus Frankia of far away.

Telefrateuria

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Frateuria*, An existing genus; *Telefrateuria*: A genus related to but distinct from the existing genus Frateuria of far away.

Telefrederiksenia

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Frederiksenia*, An existing genus; *Telefrederiksenia*: A genus related to but distinct from the existing genus Frederiksenia of far away.

Telefretibacter

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Fretibacter*, An existing genus; *Telefretibacter*: A genus related to but distinct from the existing genus Fretibacter of far away.

Telefretibacterium

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Fretibacterium*, An existing genus; *Telefretibacterium*: A genus related to but distinct from the existing genus Fretibacterium of far away.

Telefriedmanniella

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Friedmanniella*, An existing genus; *Telefriedmanniella*: A genus related to but distinct from the existing genus Friedmanniella of far away.

Telefrigidibacter

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Frigidibacter*, An existing genus; *Telefrigidibacter*: A genus related to but distinct from the existing genus Frigidibacter of far away.

Telefrigoribacterium

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Frigoribacterium*, An existing genus; *Telefrigoribacterium*: A genus related to but distinct from the existing genus Frigoribacterium of far away.

Telefrischella

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Frischella*, An existing genus; *Telefrischella*: A genus related to but distinct from the existing genus Frischella of far away.

Telefrisingicoccus

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Frisingicoccus*, An existing genus; *Telefrisingicoccus*: A genus related to but distinct from the existing genus Frisingicoccus of far away.

Telefrondibacter

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Frondibacter*, An existing genus; *Telefrondibacter*: A genus related to but distinct from the existing genus Frondibacter of far away.

Telefrondicola

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Frondicola*, An existing genus; *Telefrondicola*: A genus related to but distinct from the existing genus Frondicola of far away.

Telefrondihabitans

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Frondihabitans*, An existing genus; *Telefrondihabitans*: A genus related to but distinct from the existing genus Frondihabitans of far away.

Telefructilactobacillus

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Fructilactobacillus*, An existing genus; *Telefructilactobacillus*: A genus related to but distinct from the existing genus Fructilactobacillus of far away.

Telefructobacillus

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Fructobacillus*, An existing genus; *Telefructobacillus*: A genus related to but distinct from the existing genus Fructobacillus of far away.

Telefuchsiella

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Fuchsiella*, An existing genus; *Telefuchsiella*: A genus related to but distinct from the existing genus Fuchsiella of far away.

Telefudania

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Fudania*, An existing genus; *Telefudania*: A genus related to but distinct from the existing genus Fudania of far away.

Telefuerstia

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Fuerstia*, An existing genus; *Telefuerstia*: A genus related to but distinct from the existing genus Fuerstia of far away.

Telefulvibacter

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Fulvibacter*, An existing genus; *Telefulvibacter*: A genus related to but distinct from the existing genus Fulvibacter of far away.

Telefulvimarina

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Fulvimarina*, An existing genus; *Telefulvimarina*: A genus related to but distinct from the existing genus Fulvimarina of far away.

Telefulvimonas

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Fulvimonas*, An existing genus; *Telefulvimonas*: A genus related to but distinct from the existing genus Fulvimonas of far away.

Telefulvitalea

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Fulvitalea*, An existing genus; *Telefulvitalea*: A genus related to but distinct from the existing genus Fulvitalea of far away.

Telefulvivirga

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Fulvivirga*, An existing genus; *Telefulvivirga*: A genus related to but distinct from the existing genus Fulvivirga of far away.

Telefundibacter

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Fundibacter*, An existing genus; *Telefundibacter*: A genus related to but distinct from the existing genus Fundibacter of far away.

Telefundicoccus

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Fundicoccus*, An existing genus; *Telefundicoccus*: A genus related to but distinct from the existing genus Fundicoccus of far away.

Telefurfurilactobacillus

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Furfurilactobacillus*, An existing genus; *Telefurfurilactobacillus*: A genus related to but distinct from the existing genus Furfurilactobacillus of far away.

Telefuscovulum

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Fuscovulum*, An existing genus; *Telefuscovulum*: A genus related to but distinct from the existing genus Fuscovulum of far away.

Telefusibacter

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Fusibacter*, An existing genus; *Telefusibacter*: A genus related to but distinct from the existing genus Fusibacter of far away.

Telefusicatenibacter

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Fusicatenibacter*, An existing genus; *Telefusicatenibacter*: A genus related to but distinct from the existing genus Fusicatenibacter of far away.

Telefusimonas

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Fusimonas*, An existing genus; *Telefusimonas*: A genus related to but distinct from the existing genus Fusimonas of far away.

Telefusobacterium

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Fusobacterium*, An existing genus; *Telefusobacterium*: A genus related to but distinct from the existing genus Fusobacterium of far away.

Telegabonia

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Gabonia*, An existing genus; *Telegabonia*: A genus related to but distinct from the existing genus Gabonia of far away.

Telegabonibacter

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Gabonibacter*, An existing genus; *Telegabonibacter*: A genus related to but distinct from the existing genus Gabonibacter of far away.

Telegaetbulibacter

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Gaetbulibacter*, An existing genus; *Telegaetbulibacter*: A genus related to but distinct from the existing genus Gaetbulibacter of far away.

Telegaetbulicola

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Gaetbulicola*, An existing genus; *Telegaetbulicola*: A genus related to but distinct from the existing genus Gaetbulicola of far away.

Telegaetbulimicrobium

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Gaetbulimicrobium*, An existing genus; *Telegaetbulimicrobium*: A genus related to but distinct from the existing genus Gaetbulimicrobium of far away.

Telegaiella

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Gaiella*, An existing genus; *Telegaiella*: A genus related to but distinct from the existing genus Gaiella of far away.

Telegalbibacter

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Galbibacter*, An existing genus; *Telegalbibacter*: A genus related to but distinct from the existing genus Galbibacter of far away.

Telegalbitalea

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Galbitalea*, An existing genus; *Telegalbitalea*: A genus related to but distinct from the existing genus Galbitalea of far away.

Telegallaecimonas

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Gallaecimonas*, An existing genus; *Telegallaecimonas*: A genus related to but distinct from the existing genus Gallaecimonas of far away.

Telegallibacterium

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Gallibacterium*, An existing genus; *Telegallibacterium*: A genus related to but distinct from the existing genus Gallibacterium of far away.

Telegallicola

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Gallicola*, An existing genus; *Telegallicola*: A genus related to but distinct from the existing genus Gallicola of far away.

Telegallionella

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Gallionella*, An existing genus; *Telegallionella*: A genus related to but distinct from the existing genus Gallionella of far away.

Telegalliscardovia

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Galliscardovia*, An existing genus; *Telegalliscardovia*: A genus related to but distinct from the existing genus Galliscardovia of far away.

Telegandjariella

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Gandjariella*, An existing genus; *Telegandjariella*: A genus related to but distinct from the existing genus Gandjariella of far away.

Telegangjinia

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Gangjinia*, An existing genus; *Telegangjinia*: A genus related to but distinct from the existing genus Gangjinia of far away.

Telegarciella

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Garciella*, An existing genus; *Telegarciella*: A genus related to but distinct from the existing genus Garciella of far away.

Telegardnerella

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Gardnerella*, An existing genus; *Telegardnerella*: A genus related to but distinct from the existing genus Gardnerella of far away.

Telegaricola

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Garicola*, An existing genus; *Telegaricola*: A genus related to but distinct from the existing genus Garicola of far away.

Telegarritya

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Garritya*, An existing genus; *Telegarritya*: A genus related to but distinct from the existing genus Garritya of far away.

Telegayadomonas

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Gayadomonas*, An existing genus; *Telegayadomonas*: A genus related to but distinct from the existing genus Gayadomonas of far away.

Telegelatiniphilus

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Gelatiniphilus*, An existing genus; *Telegelatiniphilus*: A genus related to but distinct from the existing genus Gelatiniphilus of far away.

Telegelidibacter

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Gelidibacter*, An existing genus; *Telegelidibacter*: A genus related to but distinct from the existing genus Gelidibacter of far away.

Telegellertiella

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Gellertiella*, An existing genus; *Telegellertiella*: A genus related to but distinct from the existing genus Gellertiella of far away.

Telegelria

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Gelria*, An existing genus; *Telegelria*: A genus related to but distinct from the existing genus Gelria of far away.

Telegemella

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Gemella*, An existing genus; *Telegemella*: A genus related to but distinct from the existing genus Gemella of far away.

Telegeminicoccus

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Geminicoccus*, An existing genus; *Telegeminicoccus*: A genus related to but distinct from the existing genus Geminicoccus of far away.

Telegeminisphaera

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Geminisphaera*, An existing genus; *Telegeminisphaera*: A genus related to but distinct from the existing genus Geminisphaera of far away.

Telegeminobacterium

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Geminobacterium*, An existing genus; *Telegeminobacterium*: A genus related to but distinct from the existing genus Geminobacterium of far away.

Telegemmata

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Gemmata*, An existing genus; *Telegemmata*: A genus related to but distinct from the existing genus Gemmata of far away.

Telegemmatimonas

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Gemmatimonas*, An existing genus; *Telegemmatimonas*: A genus related to but distinct from the existing genus Gemmatimonas of far away.

Telegemmatirosa

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Gemmatirosa*, An existing genus; *Telegemmatirosa*: A genus related to but distinct from the existing genus Gemmatirosa of far away.

Telegemmiger

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Gemmiger*, An existing genus; *Telegemmiger*: A genus related to but distinct from the existing genus Gemmiger of far away.

Telegeoalkalibacter

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Geoalkalibacter*, An existing genus; *Telegeoalkalibacter*: A genus related to but distinct from the existing genus Geoalkalibacter of far away.

Telegeobacillus

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Geobacillus*, An existing genus; *Telegeobacillus*: A genus related to but distinct from the existing genus Geobacillus of far away.

Telegeobacter

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Geobacter*, An existing genus; *Telegeobacter*: A genus related to but distinct from the existing genus Geobacter of far away.

Telegeodermatophilus

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Geodermatophilus*, An existing genus; *Telegeodermatophilus*: A genus related to but distinct from the existing genus Geodermatophilus of far away.

Telegeofilum

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. neut. n. *Geofilum*, An existing genus; *Telegeofilum*: A genus related to but distinct from the existing genus Geofilum of far away.

Telegeoglobus

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Geoglobus*, An existing genus; *Telegeoglobus*: A genus related to but distinct from the existing genus Geoglobus of far away.

Telegeojedonia

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Geojedonia*, An existing genus; *Telegeojedonia*: A genus related to but distinct from the existing genus Geojedonia of far away.

Telegeomicrobium

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Geomicrobium*, An existing genus; *Telegeomicrobium*: A genus related to but distinct from the existing genus Geomicrobium of far away.

Telegeomonas

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Geomonas*, An existing genus; *Telegeomonas*: A genus related to but distinct from the existing genus Geomonas of far away.

Telegeopsychrobacter

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Geopsychrobacter*, An existing genus; *Telegeopsychrobacter*: A genus related to but distinct from the existing genus Geopsychrobacter of far away.

Telegeorgenia

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Georgenia*, An existing genus; *Telegeorgenia*: A genus related to but distinct from the existing genus Georgenia of far away.

Telegeorgfuchsia

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Georgfuchsia*, An existing genus; *Telegeorgfuchsia*: A genus related to but distinct from the existing genus Georgfuchsia of far away.

Telegeorhizobium

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Georhizobium*, An existing genus; *Telegeorhizobium*: A genus related to but distinct from the existing genus Georhizobium of far away.

Telegeosporobacter

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Geosporobacter*, An existing genus; *Telegeosporobacter*: A genus related to but distinct from the existing genus Geosporobacter of far away.

Telegeothermobacter

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Geothermobacter*, An existing genus; *Telegeothermobacter*: A genus related to but distinct from the existing genus Geothermobacter of far away.

Telegeothermobacterium

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Geothermobacterium*, An existing genus; *Telegeothermobacterium*: A genus related to but distinct from the existing genus Geothermobacterium of far away.

Telegeothermomicrobium

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Geothermomicrobium*, An existing genus; *Telegeothermomicrobium*: A genus related to but distinct from the existing genus Geothermomicrobium of far away.

Telegeothrix

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Geothrix*, An existing genus; *Telegeothrix*: A genus related to but distinct from the existing genus Geothrix of far away.

Telegeotoga

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Geotoga*, An existing genus; *Telegeotoga*: A genus related to but distinct from the existing genus Geotoga of far away.

Telegeovibrio

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Geovibrio*, An existing genus; *Telegeovibrio*: A genus related to but distinct from the existing genus Geovibrio of far away.

Teleghiorsea

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Ghiorsea*, An existing genus; *Teleghiorsea*: A genus related to but distinct from the existing genus Ghiorsea of far away.

Telegibbsiella

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Gibbsiella*, An existing genus; *Telegibbsiella*: A genus related to but distinct from the existing genus Gibbsiella of far away.

Telegiesbergeria

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Giesbergeria*, An existing genus; *Telegiesbergeria*: A genus related to but distinct from the existing genus Giesbergeria of far away.

Telegilliamella

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Gilliamella*, An existing genus; *Telegilliamella*: A genus related to but distinct from the existing genus Gilliamella of far away.

Telegillisia

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Gillisia*, An existing genus; *Telegillisia*: A genus related to but distinct from the existing genus Gillisia of far away.

Telegilvibacter

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Gilvibacter*, An existing genus; *Telegilvibacter*: A genus related to but distinct from the existing genus Gilvibacter of far away.

Telegilvimarinus

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Gilvimarinus*, An existing genus; *Telegilvimarinus*: A genus related to but distinct from the existing genus Gilvimarinus of far away.

Telegimesia

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Gimesia*, An existing genus; *Telegimesia*: A genus related to but distinct from the existing genus Gimesia of far away.

Teleglaciecola

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Glaciecola*, An existing genus; *Teleglaciecola*: A genus related to but distinct from the existing genus Glaciecola of far away.

Teleglaciibacter

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Glaciibacter*, An existing genus; *Teleglaciibacter*: A genus related to but distinct from the existing genus Glaciibacter of far away.

Teleglaciihabitans

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Glaciihabitans*, An existing genus; *Teleglaciihabitans*: A genus related to but distinct from the existing genus Glaciihabitans of far away.

Teleglaciimonas

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Glaciimonas*, An existing genus; *Teleglaciimonas*: A genus related to but distinct from the existing genus Glaciimonas of far away.

Teleglaesserella

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Glaesserella*, An existing genus; *Teleglaesserella*: A genus related to but distinct from the existing genus Glaesserella of far away.

Telegleimia

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Gleimia*, An existing genus; *Telegleimia*: A genus related to but distinct from the existing genus Gleimia of far away.

Teleglobicatella

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Globicatella*, An existing genus; *Teleglobicatella*: A genus related to but distinct from the existing genus Globicatella of far away.

Telegloeobacter

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Gloeobacter*, An existing genus; *Telegloeobacter*: A genus related to but distinct from the existing genus Gloeobacter of far away.

Telegloeomargarita

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Gloeomargarita*, An existing genus; *Telegloeomargarita*: A genus related to but distinct from the existing genus Gloeomargarita of far away.

Teleglucerabacter

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Glucerabacter*, An existing genus; *Teleglucerabacter*: A genus related to but distinct from the existing genus Glucerabacter of far away.

Telegluconacetobacter

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Gluconacetobacter*, An existing genus; *Telegluconacetobacter*: A genus related to but distinct from the existing genus Gluconacetobacter of far away.

Telegluconobacter

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Gluconobacter*, An existing genus; *Telegluconobacter*: A genus related to but distinct from the existing genus Gluconobacter of far away.

Teleglutamicibacter

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Glutamicibacter*, An existing genus; *Teleglutamicibacter*: A genus related to but distinct from the existing genus Glutamicibacter of far away.

Teleglycocaulis

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Glycocaulis*, An existing genus; *Teleglycocaulis*: A genus related to but distinct from the existing genus Glycocaulis of far away.

Teleglycomyces

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Glycomyces*, An existing genus; *Teleglycomyces*: A genus related to but distinct from the existing genus Glycomyces of far away.

Telegodleya

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Godleya*, An existing genus; *Telegodleya*: A genus related to but distinct from the existing genus Godleya of far away.

Telegomontiella

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Gomontiella*, An existing genus; *Telegomontiella*: A genus related to but distinct from the existing genus Gomontiella of far away.

Telegoodfellowia

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Goodfellowia*, An existing genus; *Telegoodfellowia*: A genus related to but distinct from the existing genus Goodfellowia of far away.

Telegoodfellowiella

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Goodfellowiella*, An existing genus; *Telegoodfellowiella*: A genus related to but distinct from the existing genus Goodfellowiella of far away.

Telegordona

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Gordona*, An existing genus; *Telegordona*: A genus related to but distinct from the existing genus Gordona of far away.

Telegordonia

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Gordonia*, An existing genus; *Telegordonia*: A genus related to but distinct from the existing genus Gordonia of far away.

Telegordonibacter

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Gordonibacter*, An existing genus; *Telegordonibacter*: A genus related to but distinct from the existing genus Gordonibacter of far away.

Telegorillibacterium

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. neut. n. *Gorillibacterium*, An existing genus; *Telegorillibacterium*: A genus related to but distinct from the existing genus Gorillibacterium of far away.

Telegottschalkia

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Gottschalkia*, An existing genus; *Telegottschalkia*: A genus related to but distinct from the existing genus Gottschalkia of far away.

Telegracilibacillus

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Gracilibacillus*, An existing genus; *Telegracilibacillus*: A genus related to but distinct from the existing genus Gracilibacillus of far away.

Telegracilibacter

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Gracilibacter*, An existing genus; *Telegracilibacter*: A genus related to but distinct from the existing genus Gracilibacter of far away.

Telegracilimonas

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Gracilimonas*, An existing genus; *Telegracilimonas*: A genus related to but distinct from the existing genus Gracilimonas of far away.

Telegrahamella

Gr. nan preposition *ĬĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Grahamella*, An existing genus; *Telegrahamella*: A genus related to but distinct from the existing genus Grahamella of far away.

Telegramella

Gr. nan preposition *ĬĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Gramella*, An existing genus; *Telegramella*: A genus related to but distinct from the existing genus Gramella of far away.

Telegranulibacter

Gr. nan preposition *ĬĎá£ĘÎżÎţ*, far away; L. masc. n. *Granulibacter*, An existing genus; *Telegranulibacter*: A genus related to but distinct from the existing genus Granulibacter of far away.

Telegranulicella

Gr. nan preposition *ĬĎá£ĘÎżÎţ*, far away; L. fem. n. *Granulicella*, An existing genus; *Telegranulicella*: A genus related to but distinct from the existing genus Granulicella of far away.

Telegranulicoccus

Gr. nan preposition *ĬĎá£ĘÎżÎţ*, far away; L. masc. n. *Granulicoccus*, An existing genus; *Telegranulicoccus*: A genus related to but distinct from the existing genus Granulicoccus of far away.

Telegranulosicoccus

Gr. nan preposition *ĬĎá£ĘÎżÎţ*, far away; L. masc. n. *Granulosicoccus*, An existing genus; *Telegranulosicoccus*: A genus related to but distinct from the existing genus Granulosicoccus of far away.

Telegrimontia

Gr. nan preposition *ĬĎá£ĘÎżÎţ*, far away; L. fem. n. *Grimontia*, An existing genus; *Telegrimontia*: A genus related to but distinct from the existing genus Grimontia of far away.

Telegryllotalpicola

Gr. nan preposition *ĬĎá£ĘÎżÎţ*, far away; L. masc. n. *Gryllotalpicola*, An existing genus; *Telegryllotalpicola*: A genus related to but distinct from the existing genus Gryllotalpicola of far away.

Telegudongella

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Gudongella*, An existing genus; *Telegudongella*: A genus related to but distinct from the existing genus Gudongella of far away.

Teleguggenheimella

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Guggenheimella*, An existing genus; *Teleguggenheimella*: A genus related to but distinct from the existing genus Guggenheimella of far away.

Telegulbenkiania

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Gulbenkiania*, An existing genus; *Telegulbenkiania*: A genus related to but distinct from the existing genus Gulbenkiania of far away.

Telegulosibacter

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Gulosibacter*, An existing genus; *Telegulosibacter*: A genus related to but distinct from the existing genus Gulosibacter of far away.

Teleguyparkeria

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Guyparkeria*, An existing genus; *Teleguyparkeria*: A genus related to but distinct from the existing genus Guyparkeria of far away.

Telegynuella

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Gynuella*, An existing genus; *Telegynuella*: A genus related to but distinct from the existing genus Gynuella of far away.

Telegynurincola

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Gynurincola*, An existing genus; *Telegynurincola*: A genus related to but distinct from the existing genus Gynurincola of far away.

Telehaematomicrobium

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Haematomicrobium*, An existing genus; *Telehaematomicrobium*: A genus related to but distinct from the existing genus Haematomicrobium of far away.

Telehaemobartonella

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Haemobartonella*, An existing genus; *Telehaemobartonella*: A genus related to but distinct from the existing genus Haemobartonella of far away.

Telehaemophilus

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Haemophilus*, An existing genus; *Telehaemophilus*: A genus related to but distinct from the existing genus Haemophilus of far away.

Telehahella

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Hahella*, An existing genus; *Telehahella*: A genus related to but distinct from the existing genus Hahella of far away.

Telehahyoungchilella

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Hahyoungchilella*, An existing genus; *Telehahyoungchilella*: A genus related to but distinct from the existing genus Hahyoungchilella of far away.

Telehaladaptatus

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Haladaptatus*, An existing genus; *Telehaladaptatus*: A genus related to but distinct from the existing genus Haladaptatus of far away.

Telehalalkaliarchaeum

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. neut. n. *Halalkaliarchaeum*, An existing genus; *Telehalalkaliarchaeum*: A genus related to but distinct from the existing genus Halalkaliarchaeum of far away.

Telehalalkalibacillus

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Halalkalibacillus*, An existing genus; *Telehalalkalibacillus*: A genus related to but distinct from the existing genus Halalkalibacillus of far away.

Telehalalkalicoccus

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Halalkalicoccus*, An existing genus; *Telehalalkalicoccus*: A genus related to but distinct from the existing genus Halalkalicoccus of far away.

Telehalanaeroarchaeum

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. neut. n. *Halanaeroarchaeum*, An existing genus; *Telehalanaeroarchaeum*: A genus related to but distinct from the existing genus Halanaeroarchaeum of far away.

Telehalanaerobacter

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Halanaerobacter*, An existing genus; *Telehalanaerobacter*: A genus related to but distinct from the existing genus Halanaerobacter of far away.

Telehalanaerobium

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. neut. n. *Halanaerobium*, An existing genus; *Telehalanaerobium*: A genus related to but distinct from the existing genus Halanaerobium of far away.

Telehalanaerocella

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Halanaerocella*, An existing genus; *Telehalanaerocella*: A genus related to but distinct from the existing genus Halanaerocella of far away.

Telehalapricum

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. neut. n. *Halapricum*, An existing genus; *Telehalapricum*: A genus related to but distinct from the existing genus Halapricum of far away.

Telehalarchaeum

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. neut. n. *Halarchaeum*, An existing genus; *Telehalarchaeum*: A genus related to but distinct from the existing genus Halarchaeum of far away.

Telehalarsenatibacter

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Halarsenatibacter*, An existing genus; *Telehalarsenatibacter*: A genus related to but distinct from the existing genus Halarsenatibacter of far away.

Telehalegenticoccus

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Halegenticoccus*, An existing genus; *Telehalegenticoccus*: A genus related to but distinct from the existing genus Halegenticoccus of far away.

Telehaliangium

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. neut. n. *Haliangium*, An existing genus; *Telehaliangium*: A genus related to but distinct from the existing genus Haliangium of far away.

Telehaliea

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Haliea*, An existing genus; *Telehaliea*: A genus related to but distinct from the existing genus Haliea of far away.

Telehalioglobus

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Halioglobus*, An existing genus; *Telehalioglobus*: A genus related to but distinct from the existing genus Halioglobus of far away.

Telehalioxenophilus

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Halioxenophilus*, An existing genus; *Telehalioxenophilus*: A genus related to but distinct from the existing genus Halioxenophilus of far away.

Telehaliscomenobacter

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Haliscomenobacter*, An existing genus; *Telehaliscomenobacter*: A genus related to but distinct from the existing genus Haliscomenobacter of far away.

Telehallella

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Hallella*, An existing genus; *Telehallella*: A genus related to but distinct from the existing genus Hallella of far away.

Telehaloactinobacterium

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. neut. n. *Haloactinobacterium*, An existing genus; *Telehaloactinobacterium*: A genus related to but distinct from the existing genus Haloactinobacterium of far away.

Telehaloactinomyces

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Haloactinomyces*, An existing genus; *Telehaloactinomyces*: A genus related to but distinct from the existing genus Haloactinomyces of far away.

Telehaloactinopolyspora

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Haloactinopolyspora*, An existing genus; *Telehaloactinopolyspora*: A genus related to but distinct from the existing genus Haloactinopolyspora of far away.

Telehaloactinospora

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Haloactinospora*, An existing genus; *Telehaloactinospora*: A genus related to but distinct from the existing genus Haloactinospora of far away.

Telehaloarchaeobius

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Haloarchaeobius*, An existing genus; *Telehaloarchaeobius*: A genus related to but distinct from the existing genus Haloarchaeobius of far away.

Telehaloarcula

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Haloarcula*, An existing genus; *Telehaloarcula*: A genus related to but distinct from the existing genus Haloarcula of far away.

Telehalobacteriovorax

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Halobacteriovorax*, An existing genus; *Telehalobacteriovorax*: A genus related to but distinct from the existing genus Halobacteriovorax of far away.

Telehalobacterium

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. neut. n. *Halobacterium*, An existing genus; *Telehalobacterium*: A genus related to but distinct from the existing genus Halobacterium of far away.

Telehalobacteroides

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Halobacteroides*, An existing genus; *Telehalobacteroides*: A genus related to but distinct from the existing genus Halobacteroides of far away.

Telehalobaculum

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. neut. n. *Halobaculum*, An existing genus; *Telehalobaculum*: A genus related to but distinct from the existing genus Halobaculum of far away.

Telehalobellus

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Halobellus*, An existing genus; *Telehalobellus*: A genus related to but distinct from the existing genus Halobellus of far away.

Telehalobiforma

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Halobiforma*, An existing genus; *Telehalobiforma*: A genus related to but distinct from the existing genus Halobiforma of far away.

Telehalobium

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. neut. n. *Halobium*, An existing genus; *Telehalobium*: A genus related to but distinct from the existing genus Halobium of far away.

Telehalocalculus

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Halocalculus*, An existing genus; *Telehalocalculus*: A genus related to but distinct from the existing genus Halocalculus of far away.

Telehalocella

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Halocella*, An existing genus; *Telehalocella*: A genus related to but distinct from the existing genus Halocella of far away.

Telehalochromatium

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. neut. n. *Halochromatium*, An existing genus; *Telehalochromatium*: A genus related to but distinct from the existing genus Halochromatium of far away.

Telehalococcoides

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. neut. n. *Halococcoides*, An existing genus; *Telehalococcoides*: A genus related to but distinct from the existing genus Halococcoides of far away.

Telehalococcus

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Halococcus*, An existing genus; *Telehalococcus*: A genus related to but distinct from the existing genus Halococcus of far away.

Telehalocynthiibacter

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Halocynthiibacter*, An existing genus; *Telehalocynthiibacter*: A genus related to but distinct from the existing genus Halocynthiibacter of far away.

Telehalodesulfovibrio

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Halodesulfovibrio*, An existing genus; *Telehalodesulfovibrio*: A genus related to but distinct from the existing genus Halodesulfovibrio of far away.

Telehalodesulfurarchaeum

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Halodesulfurarchaeum*, An existing genus; *Telehalodesulfurarchaeum*: A genus related to but distinct from the existing genus Halodesulfurarchaeum of far away.

Telehalodurantibacterium

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Halodurantibacterium*, An existing genus; *Telehalodurantibacterium*: A genus related to but distinct from the existing genus Halodurantibacterium of far away.

Telehaloechinothrix

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Haloechinothrix*, An existing genus; *Telehaloechinothrix*: A genus related to but distinct from the existing genus Haloechinothrix of far away.

Telehaloferax

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Haloferax*, An existing genus; *Telehaloferax*: A genus related to but distinct from the existing genus Haloferax of far away.

Telehaloferula

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Haloferula*, An existing genus; *Telehaloferula*: A genus related to but distinct from the existing genus Haloferula of far away.

Telehalofilum

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Halofilum*, An existing genus; *Telehalofilum*: A genus related to but distinct from the existing genus Halofilum of far away.

Telehaloflavibacter

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Haloflavibacter*, An existing genus; *Telehaloflavibacter*: A genus related to but distinct from the existing genus Haloflavibacter of far away.

Telehalogeometricum

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. neut. n. *Halogeometricum*, An existing genus; *Telehalogeometricum*: A genus related to but distinct from the existing genus Halogeometricum of far away.

Telehaloglycomyces

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Haloglycomyces*, An existing genus; *Telehaloglycomyces*: A genus related to but distinct from the existing genus Haloglycomyces of far away.

Telehalogranum

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. neut. n. *Halogranum*, An existing genus; *Telehalogranum*: A genus related to but distinct from the existing genus Halogranum of far away.

Telehalohasta

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Halohasta*, An existing genus; *Telehalohasta*: A genus related to but distinct from the existing genus Halohasta of far away.

Telehaloimpatiens

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Haloimpatiens*, An existing genus; *Telehaloimpatiens*: A genus related to but distinct from the existing genus Haloimpatiens of far away.

Telehaloincola

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Haloincola*, An existing genus; *Telehaloincola*: A genus related to but distinct from the existing genus Haloincola of far away.

Telehalolactibacillus

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Halolactibacillus*, An existing genus; *Telehalolactibacillus*: A genus related to but distinct from the existing genus Halolactibacillus of far away.

Telehalolamina

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Halolamina*, An existing genus; *Telehalolamina*: A genus related to but distinct from the existing genus Halolamina of far away.

Telehaloleptolyngbya

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Haloleptolyngbya*, An existing genus; *Telehaloleptolyngbya*: A genus related to but distinct from the existing genus Haloleptolyngbya of far away.

Telehalomarina

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Halomarina*, An existing genus; *Telehalomarina*: A genus related to but distinct from the existing genus Halomarina of far away.

Telehalomethanococcus

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Halomethanococcus*, An existing genus; *Telehalomethanococcus*: A genus related to but distinct from the existing genus Halomethanococcus of far away.

Telehalomicrobium

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Halomicrobium*, An existing genus; *Telehalomicrobium*: A genus related to but distinct from the existing genus Halomicrobium of far away.

Telehalomicrococcus

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Halomicrococcus*, An existing genus; *Telehalomicrococcus*: A genus related to but distinct from the existing genus Halomicrococcus of far away.

Telehalomicronema

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Halomicronema*, An existing genus; *Telehalomicronema*: A genus related to but distinct from the existing genus Halomicronema of far away.

Telehalomonas

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Halomonas*, An existing genus; *Telehalomonas*: A genus related to but distinct from the existing genus Halomonas of far away.

Telehalonatronum

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Halonatronum*, An existing genus; *Telehalonatronum*: A genus related to but distinct from the existing genus Halonatronum of far away.

Telehalonotius

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Halonotius*, An existing genus; *Telehalonotius*: A genus related to but distinct from the existing genus Halonotius of far away.

Telehaloparvum

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Haloparvum*, An existing genus; *Telehaloparvum*: A genus related to but distinct from the existing genus Haloparvum of far away.

Telehalopelagius

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Halopelagius*, An existing genus; *Telehalopelagius*: A genus related to but distinct from the existing genus Halopelagius of far away.

Telehalopenitus

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Halopenitus*, An existing genus; *Telehalopenitus*: A genus related to but distinct from the existing genus Halopenitus of far away.

Telehalopeptonella

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Halopeptonella*, An existing genus; *Telehalopeptonella*: A genus related to but distinct from the existing genus Halopeptonella of far away.

Telehalopiger

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Halopiger*, An existing genus; *Telehalopiger*: A genus related to but distinct from the existing genus Halopiger of far away.

Telehaloplanus

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Haloplanus*, An existing genus; *Telehaloplanus*: A genus related to but distinct from the existing genus Haloplanus of far away.

Telehaloplasma

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. neut. n. *Haloplasma*, An existing genus; *Telehaloplasma*: A genus related to but distinct from the existing genus Haloplasma of far away.

Telehalopolyspora

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Halopolyspora*, An existing genus; *Telehalopolyspora*: A genus related to but distinct from the existing genus Halopolyspora of far away.

Telehaloprofundus

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Haloprofundus*, An existing genus; *Telehaloprofundus*: A genus related to but distinct from the existing genus Haloprofundus of far away.

Telehaloquadratum

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. neut. n. *Haloquadratum*, An existing genus; *Telehaloquadratum*: A genus related to but distinct from the existing genus Haloquadratum of far away.

Telehalorhodospira

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Halorhodospira*, An existing genus; *Telehalorhodospira*: A genus related to but distinct from the existing genus Halorhodospira of far away.

Telehalorientalis

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Halorientalis*, An existing genus; *Telehalorientalis*: A genus related to but distinct from the existing genus Halorientalis of far away.

Telehalorubellus

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Halorubellus*, An existing genus; *Telehalorubellus*: A genus related to but distinct from the existing genus Halorubellus of far away.

Telehalorubrobacterium

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. neut. n. *Halorubrobacterium*, An existing genus; *Telehalorubrobacterium*: A genus related to but distinct from the existing genus Halorubrobacterium of far away.

Telehalorubrum

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. neut. n. *Halorubrum*, An existing genus; *Telehalorubrum*: A genus related to but distinct from the existing genus Halorubrum of far away.

Telehalorussus

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Halorussus*, An existing genus; *Telehalorussus*: A genus related to but distinct from the existing genus Halorussus of far away.

Telehalosarcina

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Halosarcina*, An existing genus; *Telehalosarcina*: A genus related to but distinct from the existing genus Halosarcina of far away.

Telehalosiccatus

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Halosiccatus*, An existing genus; *Telehalosiccatus*: A genus related to but distinct from the existing genus Halosiccatus of far away.

Telehalosimplex

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. neut. n. *Halosimplex*, An existing genus; *Telehalosimplex*: A genus related to but distinct from the existing genus Halosimplex of far away.

Telehalospina

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Halospina*, An existing genus; *Telehalospina*: A genus related to but distinct from the existing genus Halospina of far away.

Telehalospirulina

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Halospirulina*, An existing genus; *Telehalospirulina*: A genus related to but distinct from the existing genus Halospirulina of far away.

Telehalostagnicola

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Halostagnicola*, An existing genus; *Telehalostagnicola*: A genus related to but distinct from the existing genus Halostagnicola of far away.

Telehalotalea

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Halotalea*, An existing genus; *Telehalotalea*: A genus related to but distinct from the existing genus Halotalea of far away.

Telehaloterrigena

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Haloterrigena*, An existing genus; *Telehaloterrigena*: A genus related to but distinct from the existing genus Haloterrigena of far away.

Telehalothermothrix

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Halothermothrix*, An existing genus; *Telehalothermothrix*: A genus related to but distinct from the existing genus Halothermothrix of far away.

Telehalothiobacillus

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Halothiobacillus*, An existing genus; *Telehalothiobacillus*: A genus related to but distinct from the existing genus Halothiobacillus of far away.

Telehalotia

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Halotia*, An existing genus; *Telehalotia*: A genus related to but distinct from the existing genus Halotia of far away.

Telehalovarius

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Halovarius*, An existing genus; *Telehalovarius*: A genus related to but distinct from the existing genus Halovarius of far away.

Telehalovenus

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Halovenus*, An existing genus; *Telehalovenus*: A genus related to but distinct from the existing genus Halovenus of far away.

Telehalovibrio

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Halovibrio*, An existing genus; *Telehalovibrio*: A genus related to but distinct from the existing genus Halovibrio of far away.

Telehalovivax

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Halovivax*, An existing genus; *Telehalovivax*: A genus related to but distinct from the existing genus Halovivax of far away.

Telehalovulum

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Halovulum*, An existing genus; *Telehalovulum*: A genus related to but distinct from the existing genus Halovulum of far away.

Telehalpernia

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Halpernia*, An existing genus; *Telehalpernia*: A genus related to but distinct from the existing genus Halpernia of far away.

Telehamadaea

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Hamadaea*, An existing genus; *Telehamadaea*: A genus related to but distinct from the existing genus Hamadaea of far away.

Telehankyongella

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Hankyongella*, An existing genus; *Telehankyongella*: A genus related to but distinct from the existing genus Hankyongella of far away.

Telehansschlegelia

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Hansschlegelia*, An existing genus; *Telehansschlegelia*: A genus related to but distinct from the existing genus Hansschlegelia of far away.

Telehanstruepera

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Hanstruepera*, An existing genus; *Telehanstruepera*: A genus related to but distinct from the existing genus Hanstruepera of far away.

Telehaoranjiania

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Haoranjiania*, An existing genus; *Telehaoranjiania*: A genus related to but distinct from the existing genus Haoranjiania of far away.

Telehaploangium

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Haploangium*, An existing genus; *Telehaploangium*: A genus related to but distinct from the existing genus Haploangium of far away.

Teleharryflintia

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Harryflintia*, An existing genus; *Teleharryflintia*: A genus related to but distinct from the existing genus Harryflintia of far away.

Telehartmannibacter

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Hartmannibacter*, An existing genus; *Telehartmannibacter*: A genus related to but distinct from the existing genus Hartmannibacter of far away.

Telehasllibacter

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Hasllibacter*, An existing genus; *Telehasllibacter*: A genus related to but distinct from the existing genus Hasllibacter of far away.

Telehathewaya

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Hathewaya*, An existing genus; *Telehathewaya*: A genus related to but distinct from the existing genus Hathewaya of far away.

Telehazenella

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Hazenella*, An existing genus; *Telehazenella*: A genus related to but distinct from the existing genus Hazenella of far away.

Telehelcococcus

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Helcococcus*, An existing genus; *Telehelcococcus*: A genus related to but distinct from the existing genus Helcococcus of far away.

Telehelicobacter

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Helicobacter*, An existing genus; *Telehelicobacter*: A genus related to but distinct from the existing genus Helicobacter of far away.

Teleheliimonas

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Heliimonas*, An existing genus; *Teleheliimonas*: A genus related to but distinct from the existing genus Heliimonas of far away.

Teleheliobacterium

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Heliobacterium*, An existing genus; *Teleheliobacterium*: A genus related to but distinct from the existing genus Heliobacterium of far away.

Teleheliophilum

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Heliophilum*, An existing genus; *Teleheliophilum*: A genus related to but distinct from the existing genus Heliophilum of far away.

Teleheliorestis

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Heliorestis*, An existing genus; *Teleheliorestis*: A genus related to but distinct from the existing genus Heliorestis of far away.

Telehellea

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Hellea*, An existing genus; *Telehellea*: A genus related to but distinct from the existing genus Hellea of far away.

Telehenriciella

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Henriciella*, An existing genus; *Telehenriciella*: A genus related to but distinct from the existing genus Henriciella of far away.

Teleherbaspirillum

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. dim. n. *Herbaspirillum*, An existing genus; *Teleherbaspirillum*: A genus related to but distinct from the existing genus Herbaspirillum of far away.

Teleherbiconiux

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Herbiconiux*, An existing genus; *Teleherbiconiux*: A genus related to but distinct from the existing genus Herbiconiux of far away.

Teleherbidospora

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Herbidospora*, An existing genus; *Teleherbidospora*: A genus related to but distinct from the existing genus Herbidospora of far away.

Teleherbihabitans

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Herbihabitans*, An existing genus; *Teleherbihabitans*: A genus related to but distinct from the existing genus Herbihabitans of far away.

Teleherbinix

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Herbinix*, An existing genus; *Teleherbinix*: A genus related to but distinct from the existing genus Herbinix of far away.

Teleherbivorax

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Herbivorax*, An existing genus; *Teleherbivorax*: A genus related to but distinct from the existing genus Herbivorax of far away.

Teleherminiimonas

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Herminiimonas*, An existing genus; *Teleherminiimonas*: A genus related to but distinct from the existing genus Herminiimonas of far away.

Teleherpetosiphon

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Herpetosiphon*, An existing genus; *Teleherpetosiphon*: A genus related to but distinct from the existing genus Herpetosiphon of far away.

Telehespellia

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Hespellia*, An existing genus; *Telehespellia*: A genus related to but distinct from the existing genus Hespellia of far away.

Teleheteroscytonema

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Heteroscytonema*, An existing genus; *Teleheteroscytonema*: A genus related to but distinct from the existing genus Heteroscytonema of far away.

Telehippea

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Hippea*, An existing genus; *Telehippea*: A genus related to but distinct from the existing genus Hippea of far away.

Telehirschia

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Hirschia*, An existing genus; *Telehirschia*: A genus related to but distinct from the existing genus Hirschia of far away.

Telehistidinibacterium

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. neut. n. *Histidinibacterium*, An existing genus; *Telehistidinibacterium*: A genus related to but distinct from the existing genus Histidinibacterium of far away.

Telehistophilus

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Histophilus*, An existing genus; *Telehistophilus*: A genus related to but distinct from the existing genus Histophilus of far away.

Teleholdemanella

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Holdemanella*, An existing genus; *Teleholdemanella*: A genus related to but distinct from the existing genus Holdemanella of far away.

Teleholdemania

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Holdemania*, An existing genus; *Teleholdemania*: A genus related to but distinct from the existing genus Holdemania of far away.

Telehollandina

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Hollandina*, An existing genus; *Telehollandina*: A genus related to but distinct from the existing genus Hollandina of far away.

Teleholophaga

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Holophaga*, An existing genus; *Teleholophaga*: A genus related to but distinct from the existing genus Holophaga of far away.

Teleholospora

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Holospora*, An existing genus; *Teleholospora*: A genus related to but distinct from the existing genus Holospora of far away.

Teleholzapfelia

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Holzapfelia*, An existing genus; *Teleholzapfelia*: A genus related to but distinct from the existing genus Holzapfelia of far away.

Telehomoserinibacter

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Homoserinibacter*, An existing genus; *Telehomoserinibacter*: A genus related to but distinct from the existing genus Homoserinibacter of far away.

Telehomoserinimonas

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Homoserinimonas*, An existing genus; *Telehomoserinimonas*: A genus related to but distinct from the existing genus Homoserinimonas of far away.

Telehongia

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Hongia*, An existing genus; *Telehongia*: A genus related to but distinct from the existing genus Hongia of far away.

Telehongiella

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Hongiella*, An existing genus; *Telehongiella*: A genus related to but distinct from the existing genus Hongiella of far away.

Telehoppeia

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Hoppeia*, An existing genus; *Telehoppeia*: A genus related to but distinct from the existing genus Hoppeia of far away.

Telehormathonema

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Hormathonema*, An existing genus; *Telehormathonema*: A genus related to but distinct from the existing genus Hormathonema of far away.

Telehormoscilla

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Hormoscilla*, An existing genus; *Telehormoscilla*: A genus related to but distinct from the existing genus Hormoscilla of far away.

Telehowardella

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Howardella*, An existing genus; *Telehowardella*: A genus related to but distinct from the existing genus Howardella of far away.

Telehoyosella

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Hoyosella*, An existing genus; *Telehoyosella*: A genus related to but distinct from the existing genus Hoyosella of far away.

Telehuaishuia

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Huaishuia*, An existing genus; *Telehuaishuia*: A genus related to but distinct from the existing genus Huaishuia of far away.

Telehuakuichenia

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Huakuichenia*, An existing genus; *Telehuakuichenia*: A genus related to but distinct from the existing genus Huakuichenia of far away.

Telehuanghella

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Huanghella*, An existing genus; *Telehuanghella*: A genus related to but distinct from the existing genus Huanghella of far away.

Telehugenholtzia

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Hugenholtzia*, An existing genus; *Telehugenholtzia*: A genus related to but distinct from the existing genus Hugenholtzia of far away.

Telehugonella

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Hugonella*, An existing genus; *Telehugonella*: A genus related to but distinct from the existing genus Hugonella of far away.

Telehumibacillus

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Humibacillus*, An existing genus; *Telehumibacillus*: A genus related to but distinct from the existing genus Humibacillus of far away.

Telehumibacter

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Humibacter*, An existing genus; *Telehumibacter*: A genus related to but distinct from the existing genus Humibacter of far away.

Telehumicoccus

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Humicoccus*, An existing genus; *Telehumicoccus*: A genus related to but distinct from the existing genus Humicoccus of far away.

Telehungateiclostridium

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. dim. n. *Hungateiclostridium*, An existing genus; *Telehungateiclostridium*: A genus related to but distinct from the existing genus Hungateiclostridium of far away.

Telehungatella

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Hungatella*, An existing genus; *Telehungatella*: A genus related to but distinct from the existing genus Hungatella of far away.

Telehwangdonia

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Hwangdonia*, An existing genus; *Telehwangdonia*: A genus related to but distinct from the existing genus Hwangdonia of far away.

Telehwanghaeella

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Hwanghaeella*, An existing genus; *Telehwanghaeella*: A genus related to but distinct from the existing genus Hwanghaeella of far away.

Telehwanghaeicola

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Hwanghaeicola*, An existing genus; *Telehwanghaeicola*: A genus related to but distinct from the existing genus Hwanghaeicola of far away.

Telehyalangium

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. neut. n. *Hyalangium*, An existing genus; *Telehyalangium*: A genus related to but distinct from the existing genus Hyalangium of far away.

Telehydrobacter

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Hydrobacter*, An existing genus; *Telehydrobacter*: A genus related to but distinct from the existing genus Hydrobacter of far away.

Telehydrocarboniclastica

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Hydrocarboniclastica*, An existing genus; *Telehydrocarboniclastica*: A genus related to but distinct from the existing genus Hydrocarboniclastica of far away.

Telehydrocarboniphaga

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Hydrocarboniphaga*, An existing genus; *Telehydrocarboniphaga*: A genus related to but distinct from the existing genus Hydrocarboniphaga of far away.

Telehydrogenibacillus

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Hydrogenibacillus*, An existing genus; *Telehydrogenibacillus*: A genus related to but distinct from the existing genus Hydrogenibacillus of far away.

Telehydrogeniiclostridium

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. neut. dim. n. *Hydrogeniiclostridium*, An existing genus; *Telehydrogeniiclostridium*: A genus related to but distinct from the existing genus Hydrogeniiclostridium of far away.

Telehydrogenimonas

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Hydrogenimonas*, An existing genus; *Telehydrogenimonas*: A genus related to but distinct from the existing genus Hydrogenimonas of far away.

Telehydrogenispora

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Hydrogenispora*, An existing genus; *Telehydrogenispora*: A genus related to but distinct from the existing genus Hydrogenispora of far away.

Telehydrogenivirga

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Hydrogenivirga*, An existing genus; *Telehydrogenivirga*: A genus related to but distinct from the existing genus Hydrogenivirga of far away.

Telehydrogenoanaerobacterium

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. neut. n. *Hydrogenoanaerobacterium*, An existing genus; *Telehydrogenoanaerobacterium*: A genus related to but distinct from the existing genus Hydrogenoanaerobacterium of far away.

Telehydrogenobacter

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Hydrogenobacter*, An existing genus; *Telehydrogenobacter*: A genus related to but distinct from the existing genus Hydrogenobacter of far away.

Telehydrogenophaga

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Hydrogenophaga*, An existing genus; *Telehydrogenophaga*: A genus related to but distinct from the existing genus Hydrogenophaga of far away.

Telehydrogenophilus

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Hydrogenophilus*, An existing genus; *Telehydrogenophilus*: A genus related to but distinct from the existing genus Hydrogenophilus of far away.

Telehydrogenovibrio

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Hydrogenovibrio*, An existing genus; *Telehydrogenovibrio*: A genus related to but distinct from the existing genus Hydrogenovibrio of far away.

Telehydromonas

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Hydromonas*, An existing genus; *Telehydromonas*: A genus related to but distinct from the existing genus Hydromonas of far away.

Telehydrotalea

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Hydrotalea*, An existing genus; *Telehydrotalea*: A genus related to but distinct from the existing genus Hydrotalea of far away.

Telehylemonella

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Hylemonella*, An existing genus; *Telehylemonella*: A genus related to but distinct from the existing genus Hylemonella of far away.

Telehymenobacter

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Hymenobacter*, An existing genus; *Telehymenobacter*: A genus related to but distinct from the existing genus Hymenobacter of far away.

Telehypericibacter

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Hypericibacter*, An existing genus; *Telehypericibacter*: A genus related to but distinct from the existing genus Hypericibacter of far away.

Telehyperthermus

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Hyperthermus*, An existing genus; *Telehyperthermus*: A genus related to but distinct from the existing genus Hyperthermus of far away.

Telehyphobacterium

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Hyphobacterium*, An existing genus; *Telehyphobacterium*: A genus related to but distinct from the existing genus Hyphobacterium of far away.

Telehyphococcus

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Hyphococcus*, An existing genus; *Telehyphococcus*: A genus related to but distinct from the existing genus Hyphococcus of far away.

Telehyphomicrobium

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Hyphomicrobium*, An existing genus; *Telehyphomicrobium*: A genus related to but distinct from the existing genus Hyphomicrobium of far away.

Telehyphomonas

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Hyphomonas*, An existing genus; *Telehyphomonas*: A genus related to but distinct from the existing genus Hyphomonas of far away.

Telehypnocyclicus

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Hypnocyclicus*, An existing genus; *Telehypnocyclicus*: A genus related to but distinct from the existing genus Hypnocyclicus of far away.

Telehyunsoonleella

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Hyunsoonleella*, An existing genus; *Telehyunsoonleella*: A genus related to but distinct from the existing genus Hyunsoonleella of far away.

Teleiamia

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Iamia*, An existing genus; *Teleiamia*: A genus related to but distinct from the existing genus Iamia of far away.

Teleichthyobacterium

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Ichthyobacterium*, An existing genus; *Teleichthyobacterium*: A genus related to but distinct from the existing genus Ichthyobacterium of far away.

Teleideonella

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Ideonella*, An existing genus; *Teleideonella*: A genus related to but distinct from the existing genus Ideonella of far away.

Teleidiomarina

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Idiomarina*, An existing genus; *Teleidiomarina*: A genus related to but distinct from the existing genus Idiomarina of far away.

Teleignatzschineria

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Ignatzschineria*, An existing genus; *Teleignatzschineria*: A genus related to but distinct from the existing genus Ignatzschineria of far away.

Teleignavigranum

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Ignavigranum*, An existing genus; *Teleignavigranum*: A genus related to but distinct from the existing genus Ignavigranum of far away.

Teleignicoccus

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Ignicoccus*, An existing genus; *Teleignicoccus*: A genus related to but distinct from the existing genus Ignicoccus of far away.

Teleignisphaera

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Ignisphaera*, An existing genus; *Teleignisphaera*: A genus related to but distinct from the existing genus Ignisphaera of far away.

Teleileibacterium

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. neut. n. *Ileibacterium*, An existing genus; *Teleileibacterium*: A genus related to but distinct from the existing genus Ileibacterium of far away.

Teleilumatobacter

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Ilumatobacter*, An existing genus; *Teleilumatobacter*: A genus related to but distinct from the existing genus Ilumatobacter of far away.

Teleimhoffiella

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Imhoffiella*, An existing genus; *Teleimhoffiella*: A genus related to but distinct from the existing genus Imhoffiella of far away.

Teleimmundisolibacter

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Immundisolibacter*, An existing genus; *Teleimmundisolibacter*: A genus related to but distinct from the existing genus Immundisolibacter of far away.

Teleimperialibacter

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Imperialibacter*, An existing genus; *Teleimperialibacter*: A genus related to but distinct from the existing genus Imperialibacter of far away.

Teleimtechella

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Imtechella*, An existing genus; *Teleimtechella*: A genus related to but distinct from the existing genus Imtechella of far away.

Teleindibacter

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Indibacter*, An existing genus; *Teleindibacter*: A genus related to but distinct from the existing genus Indibacter of far away.

Teleindiicoccus

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Indiicoccus*, An existing genus; *Teleindiicoccus*: A genus related to but distinct from the existing genus Indiicoccus of far away.

Teleindioceanicola

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Indioceanicola*, An existing genus; *Teleindioceanicola*: A genus related to but distinct from the existing genus Indioceanicola of far away.

Teleinediibacterium

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Inediibacterium*, An existing genus; *Teleinediibacterium*: A genus related to but distinct from the existing genus Inediibacterium of far away.

Teleinhella

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Inhella*, An existing genus; *Teleinhella*: A genus related to but distinct from the existing genus Inhella of far away.

Teleiningainema

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Iningainema*, An existing genus; *Teleiningainema*: A genus related to but distinct from the existing genus Iningainema of far away.

Teleinmirania

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Inmirania*, An existing genus; *Teleinmirania*: A genus related to but distinct from the existing genus Inmirania of far away.

Teleinnacoccus

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Innacoccus*, An existing genus; *Teleinnacoccus*: A genus related to but distinct from the existing genus Innacoccus of far away.

Teleinsolitispirillum

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. dim. n. *Insolitispirillum*, An existing genus; *Teleinsolitispirillum*: A genus related to but distinct from the existing genus Insolitispirillum of far away.

Teleintestinibacter

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Intestinibacter*, An existing genus; *Teleintestinibacter*: A genus related to but distinct from the existing genus Intestinibacter of far away.

Teleintestinibaculum

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Intestinibaculum*, An existing genus; *Teleintestinibaculum*: A genus related to but distinct from the existing genus Intestinibaculum of far away.

Teleintestinimonas

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Intestinimonas*, An existing genus; *Teleintestinimonas*: A genus related to but distinct from the existing genus Intestinimonas of far away.

Teleintestinirhabdus

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Intestinirhabdus*, An existing genus; *Teleintestinirhabdus*: A genus related to but distinct from the existing genus Intestinirhabdus of far away.

Teleintrasporangium

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Intrasporangium*, An existing genus; *Teleintrasporangium*: A genus related to but distinct from the existing genus Intrasporangium of far away.

Teleiodidimonas

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Iodidimonas*, An existing genus; *Teleiodidimonas*: A genus related to but distinct from the existing genus Iodidimonas of far away.

Teleiodobacter

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Iodobacter*, An existing genus; *Teleiodobacter*: A genus related to but distinct from the existing genus Iodobacter of far away.

Teleirregularibacter

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Irregularibacter*, An existing genus; *Teleirregularibacter*: A genus related to but distinct from the existing genus Irregularibacter of far away.

Teleisachenkonia

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Isachenkonia*, An existing genus; *Teleisachenkonia*: A genus related to but distinct from the existing genus Isachenkonia of far away.

Teleisobaculum

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Isobaculum*, An existing genus; *Teleisobaculum*: A genus related to but distinct from the existing genus Isobaculum of far away.

Teleisochromatium

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Isochromatium*, An existing genus; *Teleisochromatium*: A genus related to but distinct from the existing genus Isochromatium of far away.

Teleisoptericola

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Isoptericola*, An existing genus; *Teleisoptericola*: A genus related to but distinct from the existing genus Isoptericola of far away.

Teleisosphaera

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Isosphaera*, An existing genus; *Teleisosphaera*: A genus related to but distinct from the existing genus Isosphaera of far away.

Teleizhakiella

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Izhakiella*, An existing genus; *Teleizhakiella*: A genus related to but distinct from the existing genus Izhakiella of far away.

Telejacksonvillea

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Jacksonvillea*, An existing genus; *Telejacksonvillea*: A genus related to but distinct from the existing genus Jacksonvillea of far away.

Telejahnella

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Jahnella*, An existing genus; *Telejahnella*: A genus related to but distinct from the existing genus Jahnella of far away.

Telejanibacter

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Janibacter*, An existing genus; *Telejanibacter*: A genus related to but distinct from the existing genus Janibacter of far away.

Telejanthinobacterium

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. neut. n. *Janthinobacterium*, An existing genus; *Telejanthinobacterium*: A genus related to but distinct from the existing genus Janthinobacterium of far away.

Telejatrophihabitans

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Jatrophihabitans*, An existing genus; *Telejatrophihabitans*: A genus related to but distinct from the existing genus Jatrophihabitans of far away.

Telejejubacter

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Jejubacter*, An existing genus; *Telejejubacter*: A genus related to but distinct from the existing genus Jejubacter of far away.

Telejejudonia

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Jejudonia*, An existing genus; *Telejejudonia*: A genus related to but distinct from the existing genus Jejudonia of far away.

Telejejuia

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Jejuia*, An existing genus; *Telejejuia*: A genus related to but distinct from the existing genus Jejuia of far away.

Telejeongeupia

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Jeongeupia*, An existing genus; *Telejeongeupia*: A genus related to but distinct from the existing genus Jeongeupia of far away.

Telejeotgalibaca

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Jeotgalibaca*, An existing genus; *Telejeotgalibaca*: A genus related to but distinct from the existing genus Jeotgalibaca of far away.

Telejeotgalibacillus

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Jeotgalibacillus*, An existing genus; *Telejeotgalibacillus*: A genus related to but distinct from the existing genus Jeotgalibacillus of far away.

Telejeotgalicoccus

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Jeotgalicoccus*, An existing genus; *Telejeotgalicoccus*: A genus related to but distinct from the existing genus Jeotgalicoccus of far away.

Telejhaorihella

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Jhaorihella*, An existing genus; *Telejhaorihella*: A genus related to but distinct from the existing genus Jhaorihella of far away.

Telejiangella

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Jiangella*, An existing genus; *Telejiangella*: A genus related to but distinct from the existing genus Jiangella of far away.

Telejiella

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Jiella*, An existing genus; *Telejiella*: A genus related to but distinct from the existing genus Jiella of far away.

Telejilinibacillus

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Jilinibacillus*, An existing genus; *Telejilinibacillus*: A genus related to but distinct from the existing genus Jilinibacillus of far away.

Telejindonia

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Jindonia*, An existing genus; *Telejindonia*: A genus related to but distinct from the existing genus Jindonia of far away.

Telejishengella

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Jishengella*, An existing genus; *Telejishengella*: A genus related to but distinct from the existing genus Jishengella of far away.

Telejiulongibacter

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Jiulongibacter*, An existing genus; *Telejiulongibacter*: A genus related to but distinct from the existing genus Jiulongibacter of far away.

Telejohnsonella

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Johnsonella*, An existing genus; *Telejohnsonella*: A genus related to but distinct from the existing genus Johnsonella of far away.

Telejonesia

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Jonesia*, An existing genus; *Telejonesia*: A genus related to but distinct from the existing genus Jonesia of far away.

Telejongsikchunia

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Jongsikchunia*, An existing genus; *Telejongsikchunia*: A genus related to but distinct from the existing genus Jongsikchunia of far away.

Telejonquetella

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Jonquetella*, An existing genus; *Telejonquetella*: A genus related to but distinct from the existing genus Jonquetella of far away.

Telejoostella

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Joostella*, An existing genus; *Telejoostella*: A genus related to but distinct from the existing genus Joostella of far away.

Telekaiparowitsia

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Kaiparowitsia*, An existing genus; *Telekaiparowitsia*: A genus related to but distinct from the existing genus Kaiparowitsia of far away.

Telekaistella

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Kaistella*, An existing genus; *Telekaistella*: A genus related to but distinct from the existing genus Kaistella of far away.

Telekaistia

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Kaistia*, An existing genus; *Telekaistia*: A genus related to but distinct from the existing genus Kaistia of far away.

Telekalamiella

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Kalamiella*, An existing genus; *Telekalamiella*: A genus related to but distinct from the existing genus Kalamiella of far away.

Telekallipyga

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Kallipyga*, An existing genus; *Telekallipyga*: A genus related to but distinct from the existing genus Kallipyga of far away.

Telekallotenue

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Kallotenue*, An existing genus; *Telekallotenue*: A genus related to but distinct from the existing genus Kallotenue of far away.

Telekandeliimicrobium

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Kandeliimicrobium*, An existing genus; *Telekandeliimicrobium*: A genus related to but distinct from the existing genus Kandeliimicrobium of far away.

Telekandleria

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Kandleria*, An existing genus; *Telekandleria*: A genus related to but distinct from the existing genus Kandleria of far away.

Telekangiella

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Kangiella*, An existing genus; *Telekangiella*: A genus related to but distinct from the existing genus Kangiella of far away.

Telekastovskya

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Kastovskya*, An existing genus; *Telekastovskya*: A genus related to but distinct from the existing genus Kastovskya of far away.

Telekeratinibaculum

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. neut. n. *Keratinibaculum*, An existing genus; *Telekeratinibaculum*: A genus related to but distinct from the existing genus Keratinibaculum of far away.

Telekerstersia

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Kerstersia*, An existing genus; *Telekerstersia*: A genus related to but distinct from the existing genus Kerstersia of far away.

Teleketobacter

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Ketobacter*, An existing genus; *Teleketobacter*: A genus related to but distinct from the existing genus Ketobacter of far away.

Teleketogulonicigenium

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. neut. n. *Ketogulonicigenium*, An existing genus; *Teleketogulonicigenium*: A genus related to but distinct from the existing genus Ketogulonicigenium of far away.

Telekibdelosporangium

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. neut. n. *Kibdelosporangium*, An existing genus; *Telekibdelosporangium*: A genus related to but distinct from the existing genus Kibdelosporangium of far away.

Telekiloniella

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Kiloniella*, An existing genus; *Telekiloniella*: A genus related to but distinct from the existing genus Kiloniella of far away.

Telekineobactrum

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. neut. n. *Kineobactrum*, An existing genus; *Telekineobactrum*: A genus related to but distinct from the existing genus Kineobactrum of far away.

Telekineococcus

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Kineococcus*, An existing genus; *Telekineococcus*: A genus related to but distinct from the existing genus Kineococcus of far away.

Telekineosphaera

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Kineosphaera*, An existing genus; *Telekineosphaera*: A genus related to but distinct from the existing genus Kineosphaera of far away.

Telekineosporia

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Kineosporia*, An existing genus; *Telekineosporia*: A genus related to but distinct from the existing genus Kineosporia of far away.

Telekineothrix

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Kineothrix*, An existing genus; *Telekineothrix*: A genus related to but distinct from the existing genus Kineothrix of far away.

Telekingella

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Kingella*, An existing genus; *Telekingella*: A genus related to but distinct from the existing genus Kingella of far away.

Telekinneretia

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Kinneretia*, An existing genus; *Telekinneretia*: A genus related to but distinct from the existing genus Kinneretia of far away.

Telekiritimatiella

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Kiritimatiella*, An existing genus; *Telekiritimatiella*: A genus related to but distinct from the existing genus Kiritimatiella of far away.

Telekistimonas

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Kistimonas*, An existing genus; *Telekistimonas*: A genus related to but distinct from the existing genus Kistimonas of far away.

Telekitasatoa

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Kitasatoa*, An existing genus; *Telekitasatoa*: A genus related to but distinct from the existing genus Kitasatoa of far away.

Telekitasatospora

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Kitasatospora*, An existing genus; *Telekitasatospora*: A genus related to but distinct from the existing genus Kitasatospora of far away.

Teleklebsiella

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Klebsiella*, An existing genus; *Teleklebsiella*: A genus related to but distinct from the existing genus Klebsiella of far away.

Teleklenkia

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Klenkia*, An existing genus; *Teleklenkia*: A genus related to but distinct from the existing genus Klenkia of far away.

Teleklisinema

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Klisinema*, An existing genus; *Teleklisinema*: A genus related to but distinct from the existing genus Klisinema of far away.

Teleklugiella

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Klugiella*, An existing genus; *Teleklugiella*: A genus related to but distinct from the existing genus Klugiella of far away.

Telekluyvera

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Kluyvera*, An existing genus; *Telekluyvera*: A genus related to but distinct from the existing genus Kluyvera of far away.

Telekocuria

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Kocuria*, An existing genus; *Telekocuria*: A genus related to but distinct from the existing genus Kocuria of far away.

Telekofleria

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Kofleria*, An existing genus; *Telekofleria*: A genus related to but distinct from the existing genus Kofleria of far away.

Telekoinonema

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Koinonema*, An existing genus; *Telekoinonema*: A genus related to but distinct from the existing genus Koinonema of far away.

Telekomagatabacter

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Komagatabacter*, An existing genus; *Telekomagatabacter*: A genus related to but distinct from the existing genus Komagatabacter of far away.

Telekomagataeibacter

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Komagataeibacter*, An existing genus; *Telekomagataeibacter*: A genus related to but distinct from the existing genus Komagataeibacter of far away.

Telekomarekiella

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Komarekiella*, An existing genus; *Telekomarekiella*: A genus related to but distinct from the existing genus Komarekiella of far away.

Telekomarkovaea

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Komarkovaea*, An existing genus; *Telekomarkovaea*: A genus related to but distinct from the existing genus Komarkovaea of far away.

Telekordia

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Kordia*, An existing genus; *Telekordia*: A genus related to but distinct from the existing genus Kordia of far away.

Telekordiimonas

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Kordiimonas*, An existing genus; *Telekordiimonas*: A genus related to but distinct from the existing genus Kordiimonas of far away.

Telekoreibacter

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Koreibacter*, An existing genus; *Telekoreibacter*: A genus related to but distinct from the existing genus Koreibacter of far away.

Telekosakonia

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Kosakonia*, An existing genus; *Telekosakonia*: A genus related to but distinct from the existing genus Kosakonia of far away.

Telekoserella

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Koserella*, An existing genus; *Telekoserella*: A genus related to but distinct from the existing genus Koserella of far away.

Telekosmotoga

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Kosmotoga*, An existing genus; *Telekosmotoga*: A genus related to but distinct from the existing genus Kosmotoga of far away.

Telekovacikia

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Kovacikia*, An existing genus; *Telekovacikia*: A genus related to but distinct from the existing genus Kovacikia of far away.

Telekozakia

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Kozakia*, An existing genus; *Telekozakia*: A genus related to but distinct from the existing genus Kozakia of far away.

Telekrasilnikovia

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Krasilnikovia*, An existing genus; *Telekrasilnikovia*: A genus related to but distinct from the existing genus Krasilnikovia of far away.

Telekrasilnikoviella

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Krasilnikoviella*, An existing genus; *Telekrasilnikoviella*: A genus related to but distinct from the existing genus Krasilnikoviella of far away.

Telekribbella

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Kribbella*, An existing genus; *Telekribbella*: A genus related to but distinct from the existing genus Kribbella of far away.

Telekribbia

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Kribbia*, An existing genus; *Telekribbia*: A genus related to but distinct from the existing genus Kribbia of far away.

Telekriegella

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Kriegella*, An existing genus; *Telekriegella*: A genus related to but distinct from the existing genus Kriegella of far away.

Telekrokinobacter

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Krokinobacter*, An existing genus; *Telekrokinobacter*: A genus related to but distinct from the existing genus Krokinobacter of far away.

Telekroppenstedtia

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Kroppenstedtia*, An existing genus; *Telekroppenstedtia*: A genus related to but distinct from the existing genus Kroppenstedtia of far away.

Telekryptousia

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Kryptousia*, An existing genus; *Telekryptousia*: A genus related to but distinct from the existing genus Kryptousia of far away.

Telektedonobacter

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Ktedonobacter*, An existing genus; *Telektedonobacter*: A genus related to but distinct from the existing genus Ktedonobacter of far away.

Telektedonosporobacter

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Ktedonosporobacter*, An existing genus; *Telektedonosporobacter*: A genus related to but distinct from the existing genus Ktedonosporobacter of far away.

Telekurthia

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Kurthia*, An existing genus; *Telekurthia*: A genus related to but distinct from the existing genus Kurthia of far away.

Telekushneria

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Kushneria*, An existing genus; *Telekushneria*: A genus related to but distinct from the existing genus Kushneria of far away.

Telekutzneria

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Kutzneria*, An existing genus; *Telekutzneria*: A genus related to but distinct from the existing genus Kutzneria of far away.

Telekyrpidia

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Kyrpidia*, An existing genus; *Telekyrpidia*: A genus related to but distinct from the existing genus Kyrpidia of far away.

Telekyrtuthrix

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Kyrtuthrix*, An existing genus; *Telekyrtuthrix*: A genus related to but distinct from the existing genus Kyrtuthrix of far away.

Telekytococcus

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Kytococcus*, An existing genus; *Telekytococcus*: A genus related to but distinct from the existing genus Kytococcus of far away.

Telelabedaea

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Labedaea*, An existing genus; *Telelabedaea*: A genus related to but distinct from the existing genus Labedaea of far away.

Telelabedella

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Labedella*, An existing genus; *Telelabedella*: A genus related to but distinct from the existing genus Labedella of far away.

Telelabilibaculum

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. neut. n. *Labilibaculum*, An existing genus; *Telelabilibaculum*: A genus related to but distinct from the existing genus Labilibaculum of far away.

Telelabilithrix

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Labilithrix*, An existing genus; *Telelabilithrix*: A genus related to but distinct from the existing genus Labilithrix of far away.

Telelabrenzia

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Labrenzia*, An existing genus; *Telelabrenzia*: A genus related to but distinct from the existing genus Labrenzia of far away.

Telelabrys

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Labrys*, An existing genus; *Telelabrys*: A genus related to but distinct from the existing genus Labrys of far away.

Telelaceyella

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Laceyella*, An existing genus; *Telelaceyella*: A genus related to but distinct from the existing genus Laceyella of far away.

Telelachnoanaerobaculum

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. neut. n. *Lachnoanaerobaculum*, An existing genus; *Telelachnoanaerobaculum*: A genus related to but distinct from the existing genus Lachnoanaerobaculum of far away.

Telelachnobacterium

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. neut. n. *Lachnobacterium*, An existing genus; *Telelachnobacterium*: A genus related to but distinct from the existing genus Lachnobacterium of far away.

Telelachnoclostridium

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. neut. n. *Lachnoclostridium*, An existing genus; *Telelachnoclostridium*: A genus related to but distinct from the existing genus Lachnoclostridium of far away.

Telelachnospira

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Lachnospira*, An existing genus; *Telelachnospira*: A genus related to but distinct from the existing genus Lachnospira of far away.

Telelachnotalea

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Lachnotalea*, An existing genus; *Telelachnotalea*: A genus related to but distinct from the existing genus Lachnotalea of far away.

Telelacibacter

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Lacibacter*, An existing genus; *Telelacibacter*: A genus related to but distinct from the existing genus Lacibacter of far away.

Telelacibacterium

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Lacibacterium*, An existing genus; *Telelacibacterium*: A genus related to but distinct from the existing genus Lacibacterium of far away.

Telelacihabitans

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Lacihabitans*, An existing genus; *Telelacihabitans*: A genus related to but distinct from the existing genus Lacihabitans of far away.

Telelacimicrobium

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Lacimicrobium*, An existing genus; *Telelacimicrobium*: A genus related to but distinct from the existing genus Lacimicrobium of far away.

Telelacimonas

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Lacimonas*, An existing genus; *Telelacimonas*: A genus related to but distinct from the existing genus Lacimonas of far away.

Telelacinutrix

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Lacinutrix*, An existing genus; *Telelacinutrix*: A genus related to but distinct from the existing genus Lacinutrix of far away.

Telelacipirellula

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Lacipirellula*, An existing genus; *Telelacipirellula*: A genus related to but distinct from the existing genus Lacipirellula of far away.

Telelacisediminihabitans

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Lacisediminihabitans*, An existing genus; *Telelacisediminihabitans*: A genus related to but distinct from the existing genus Lacisediminihabitans of far away.

Telelacisediminimonas

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Lacisediminimonas*, An existing genus; *Telelacisediminimonas*: A genus related to but distinct from the existing genus Lacisediminimonas of far away.

Telelacrimispora

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Lacrimispora*, An existing genus; *Telelacrimispora*: A genus related to but distinct from the existing genus Lacrimispora of far away.

Telelacticaseibacillus

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Lacticaseibacillus*, An existing genus; *Telelacticaseibacillus*: A genus related to but distinct from the existing genus Lacticaseibacillus of far away.

Telelacticigenium

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. neut. n. *Lacticigenium*, An existing genus; *Telelacticigenium*: A genus related to but distinct from the existing genus Lacticigenium of far away.

Telelactimicrobium

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. neut. n. *Lactimicrobium*, An existing genus; *Telelactimicrobium*: A genus related to but distinct from the existing genus Lactimicrobium of far away.

Telelactiplantibacillus

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Lactiplantibacillus*, An existing genus; *Telelactiplantibacillus*: A genus related to but distinct from the existing genus Lactiplantibacillus of far away.

Telelactivibrio

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Lactivibrio*, An existing genus; *Telelactivibrio*: A genus related to but distinct from the existing genus Lactivibrio of far away.

Telelactobacillus

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Lactobacillus*, An existing genus; *Telelactobacillus*: A genus related to but distinct from the existing genus Lactobacillus of far away.

Telelactococcus

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Lactococcus*, An existing genus; *Telelactococcus*: A genus related to but distinct from the existing genus Lactococcus of far away.

Telelactonifactor

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Lactonifactor*, An existing genus; *Telelactonifactor*: A genus related to but distinct from the existing genus Lactonifactor of far away.

Telelactosphaera

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Lactosphaera*, An existing genus; *Telelactosphaera*: A genus related to but distinct from the existing genus Lactosphaera of far away.

Telelactovum

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. neut. n. *Lactovum*, An existing genus; *Telelactovum*: A genus related to but distinct from the existing genus Lactovum of far away.

Telelacunisphaera

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Lacunisphaera*, An existing genus; *Telelacunisphaera*: A genus related to but distinct from the existing genus Lacunisphaera of far away.

Telelamprocystis

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Lamprocystis*, An existing genus; *Telelamprocystis*: A genus related to but distinct from the existing genus Lamprocystis of far away.

Telelampropedia

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Lampropedia*, An existing genus; *Telelampropedia*: A genus related to but distinct from the existing genus Lampropedia of far away.

Telelancefieldella

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Lancefieldella*, An existing genus; *Telelancefieldella*: A genus related to but distinct from the existing genus Lancefieldella of far away.

Telelapidilactobacillus

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Lapidilactobacillus*, An existing genus; *Telelapidilactobacillus*: A genus related to but distinct from the existing genus Lapidilactobacillus of far away.

Telelapillicoccus

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Lapillicoccus*, An existing genus; *Telelapillicoccus*: A genus related to but distinct from the existing genus Lapillicoccus of far away.

Telelaribacter

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Laribacter*, An existing genus; *Telelaribacter*: A genus related to but distinct from the existing genus Laribacter of far away.

Telelarkinella

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Larkinella*, An existing genus; *Telelarkinella*: A genus related to but distinct from the existing genus Larkinella of far away.

Telelarsenia

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Larsenia*, An existing genus; *Telelarsenia*: A genus related to but distinct from the existing genus Larsenia of far away.

Telelarsenimonas

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Larsenimonas*, An existing genus; *Telelarsenimonas*: A genus related to but distinct from the existing genus Larsenimonas of far away.

Telelaspinema

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. neut. n. *Laspinema*, An existing genus; *Telelaspinema*: A genus related to but distinct from the existing genus Laspinema of far away.

Telelatilactobacillus

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Latilactobacillus*, An existing genus; *Telelatilactobacillus*: A genus related to but distinct from the existing genus Latilactobacillus of far away.

Telelautropia

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Lautropia*, An existing genus; *Telelautropia*: A genus related to but distinct from the existing genus Lautropia of far away.

Telelawsonella

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Lawsonella*, An existing genus; *Telelawsonella*: A genus related to but distinct from the existing genus Lawsonella of far away.

Telelawsonia

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Lawsonia*, An existing genus; *Telelawsonia*: A genus related to but distinct from the existing genus Lawsonia of far away.

Telelawsonibacter

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Lawsonibacter*, An existing genus; *Telelawsonibacter*: A genus related to but distinct from the existing genus Lawsonibacter of far away.

Teleleadbetterella

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Leadbetterella*, An existing genus; *Teleleadbetterella*: A genus related to but distinct from the existing genus Leadbetterella of far away.

Telelebetimonas

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Lebetimonas*, An existing genus; *Telelebetimonas*: A genus related to but distinct from the existing genus Lebetimonas of far away.

Telelechevalieria

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Lechevalieria*, An existing genus; *Telelechevalieria*: A genus related to but distinct from the existing genus Lechevalieria of far away.

Teleleclercia

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Leclercia*, An existing genus; *Teleleclercia*: A genus related to but distinct from the existing genus Leclercia of far away.

Teleleeia

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Leeia*, An existing genus; *Teleleeia*: A genus related to but distinct from the existing genus Leeia of far away.

Teleleekyejoonella

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Leekyejoonella*, An existing genus; *Teleleekyejoonella*: A genus related to but distinct from the existing genus Leekyejoonella of far away.

Teleleeuwenhoekiella

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Leeuwenhoekiella*, An existing genus; *Teleleeuwenhoekiella*: A genus related to but distinct from the existing genus Leeuwenhoekiella of far away.

Telelegionella

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Legionella*, An existing genus; *Telelegionella*: A genus related to but distinct from the existing genus Legionella of far away.

Teleleifsonia

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Leifsonia*, An existing genus; *Teleleifsonia*: A genus related to but distinct from the existing genus Leifsonia of far away.

Teleleisingera

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Leisingera*, An existing genus; *Teleleisingera*: A genus related to but distinct from the existing genus Leisingera of far away.

Telelelliottia

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Lelliottia*, An existing genus; *Telelelliottia*: A genus related to but distinct from the existing genus Lelliottia of far away.

Teleleminorella

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Leminorella*, An existing genus; *Teleleminorella*: A genus related to but distinct from the existing genus Leminorella of far away.

Telelemmermanniella

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Lemmermanniella*, An existing genus; *Telelemmermanniella*: A genus related to but distinct from the existing genus Lemmermanniella of far away.

Telelentibacillus

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Lentibacillus*, An existing genus; *Telelentibacillus*: A genus related to but distinct from the existing genus Lentibacillus of far away.

Telelentibacter

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Lentibacter*, An existing genus; *Telelentibacter*: A genus related to but distinct from the existing genus Lentibacter of far away.

Telelentilactobacillus

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Lentilactobacillus*, An existing genus; *Telelentilactobacillus*: A genus related to but distinct from the existing genus Lentilactobacillus of far away.

Telelentilitoribacter

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Lentilitoribacter*, An existing genus; *Telelentilitoribacter*: A genus related to but distinct from the existing genus Lentilitoribacter of far away.

Telelentimicrobium

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Lentimicrobium*, An existing genus; *Telelentimicrobium*: A genus related to but distinct from the existing genus Lentimicrobium of far away.

Telelentisphaera

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Lentisphaera*, An existing genus; *Telelentisphaera*: A genus related to but distinct from the existing genus Lentisphaera of far away.

Telelentzea

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Lentzea*, An existing genus; *Telelentzea*: A genus related to but distinct from the existing genus Lentzea of far away.

Teleleptobacterium

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Leptobacterium*, An existing genus; *Teleleptobacterium*: A genus related to but distinct from the existing genus Leptobacterium of far away.

Teleleptolinea

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Leptolinea*, An existing genus; *Teleleptolinea*: A genus related to but distinct from the existing genus Leptolinea of far away.

Teleleptonema

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Leptonema*, An existing genus; *Teleleptonema*: A genus related to but distinct from the existing genus Leptonema of far away.

Teleleptospira

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Leptospira*, An existing genus; *Teleleptospira*: A genus related to but distinct from the existing genus Leptospira of far away.

Teleleptospirillum

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. dim. n. *Leptospirillum*, An existing genus; *Teleleptospirillum*: A genus related to but distinct from the existing genus Leptospirillum of far away.

Teleleptothoe

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Leptothoe*, An existing genus; *Teleleptothoe*: A genus related to but distinct from the existing genus Leptothoe of far away.

Teleleptothrix

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Leptothrix*, An existing genus; *Teleleptothrix*: A genus related to but distinct from the existing genus Leptothrix of far away.

Teleleptotrichia

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Leptotrichia*, An existing genus; *Teleleptotrichia*: A genus related to but distinct from the existing genus Leptotrichia of far away.

Teleleucobacter

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Leucobacter*, An existing genus; *Teleleucobacter*: A genus related to but distinct from the existing genus Leucobacter of far away.

Teleleuconostoc

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Leuconostoc*, An existing genus; *Teleleuconostoc*: A genus related to but distinct from the existing genus Leuconostoc of far away.

Teleleucothrix

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Leucothrix*, An existing genus; *Teleleucothrix*: A genus related to but distinct from the existing genus Leucothrix of far away.

Telelevilactobacillus

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Levilactobacillus*, An existing genus; *Telelevilactobacillus*: A genus related to but distinct from the existing genus Levilactobacillus of far away.

Telelevilinea

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Levilinea*, An existing genus; *Telelevilinea*: A genus related to but distinct from the existing genus Levilinea of far away.

Telelevinea

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Levinea*, An existing genus; *Telelevinea*: A genus related to but distinct from the existing genus Levinea of far away.

Telelevispirillum

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. dim. n. *Levispirillum*, An existing genus; *Telelevispirillum*: A genus related to but distinct from the existing genus Levispirillum of far away.

Telelewinella

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Lewinella*, An existing genus; *Telelewinella*: A genus related to but distinct from the existing genus Lewinella of far away.

Telelibanicoccus

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Libanicoccus*, An existing genus; *Telelibanicoccus*: A genus related to but distinct from the existing genus Libanicoccus of far away.

Teleliberibacter

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Liberibacter*, An existing genus; *Teleliberibacter*: A genus related to but distinct from the existing genus Liberibacter of far away.

Telelichenibacterium

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Lichenibacterium*, An existing genus; *Telelichenibacterium*: A genus related to but distinct from the existing genus Lichenibacterium of far away.

Telelichenicoccus

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Lichenicoccus*, An existing genus; *Telelichenicoccus*: A genus related to but distinct from the existing genus Lichenicoccus of far away.

Telelichenihabitans

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Lichenihabitans*, An existing genus; *Telelichenihabitans*: A genus related to but distinct from the existing genus Lichenihabitans of far away.

Telelightfootiella

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Lightfootiella*, An existing genus; *Telelightfootiella*: A genus related to but distinct from the existing genus Lightfootiella of far away.

Teleligilactobacillus

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Ligilactobacillus*, An existing genus; *Teleligilactobacillus*: A genus related to but distinct from the existing genus Ligilactobacillus of far away.

Telelignipirellula

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Lignipirellula*, An existing genus; *Telelignipirellula*: A genus related to but distinct from the existing genus Lignipirellula of far away.

Telelihuaxuella

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Lihuaxuella*, An existing genus; *Telelihuaxuella*: A genus related to but distinct from the existing genus Lihuaxuella of far away.

Telelimibacillus

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Limibacillus*, An existing genus; *Telelimibacillus*: A genus related to but distinct from the existing genus Limibacillus of far away.

Telelimibacter

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Limibacter*, An existing genus; *Telelimibacter*: A genus related to but distinct from the existing genus Limibacter of far away.

Telelimibaculum

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Limibaculum*, An existing genus; *Telelimibaculum*: A genus related to but distinct from the existing genus Limibaculum of far away.

Telelimihaloglobus

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Limihaloglobus*, An existing genus; *Telelimihaloglobus*: A genus related to but distinct from the existing genus Limihaloglobus of far away.

Telelimimaricola

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Limimaricola*, An existing genus; *Telelimimaricola*: A genus related to but distinct from the existing genus Limimaricola of far away.

Telelimimonas

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Limimonas*, An existing genus; *Telelimimonas*: A genus related to but distinct from the existing genus Limimonas of far away.

Telelimisphaera

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Limisphaera*, An existing genus; *Telelimisphaera*: A genus related to but distinct from the existing genus Limisphaera of far away.

Telelimnobacter

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Limnobacter*, An existing genus; *Telelimnobacter*: A genus related to but distinct from the existing genus Limnobacter of far away.

Telelimnobaculum

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. neut. n. *Limnobaculum*, An existing genus; *Telelimnobaculum*: A genus related to but distinct from the existing genus Limnobaculum of far away.

Telelimnochorda

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Limnochorda*, An existing genus; *Telelimnochorda*: A genus related to but distinct from the existing genus Limnochorda of far away.

Telelimnoglobus

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Limnoglobus*, An existing genus; *Telelimnoglobus*: A genus related to but distinct from the existing genus Limnoglobus of far away.

Telelimnohabitans

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Limnohabitans*, An existing genus; *Telelimnohabitans*: A genus related to but distinct from the existing genus Limnohabitans of far away.

Telelimnolyngbya

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Limnolyngbya*, An existing genus; *Telelimnolyngbya*: A genus related to but distinct from the existing genus Limnolyngbya of far away.

Telelimnospira

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Limnospira*, An existing genus; *Telelimnospira*: A genus related to but distinct from the existing genus Limnospira of far away.

Telelimoniibacter

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Limoniibacter*, An existing genus; *Telelimoniibacter*: A genus related to but distinct from the existing genus Limoniibacter of far away.

Telelimosilactobacillus

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Limosilactobacillus*, An existing genus; *Telelimosilactobacillus*: A genus related to but distinct from the existing genus Limosilactobacillus of far away.

Telelipingzhangella

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Lipingzhangella*, An existing genus; *Telelipingzhangella*: A genus related to but distinct from the existing genus Lipingzhangella of far away.

Teleliquorilactobacillus

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Liquorilactobacillus*, An existing genus; *Teleliquorilactobacillus*: A genus related to but distinct from the existing genus Liquorilactobacillus of far away.

Telelishizhenia

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Lishizhenia*, An existing genus; *Telelishizhenia*: A genus related to but distinct from the existing genus Lishizhenia of far away.

Telelisteria

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Listeria*, An existing genus; *Telelisteria*: A genus related to but distinct from the existing genus Listeria of far away.

Telelistonella

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Listonella*, An existing genus; *Telelistonella*: A genus related to but distinct from the existing genus Listonella of far away.

Telelitoreibacter

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Litoreibacter*, An existing genus; *Telelitoreibacter*: A genus related to but distinct from the existing genus Litoreibacter of far away.

Telelitoribacillus

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Litoribacillus*, An existing genus; *Telelitoribacillus*: A genus related to but distinct from the existing genus Litoribacillus of far away.

Telelitoribacter

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Litoribacter*, An existing genus; *Telelitoribacter*: A genus related to but distinct from the existing genus Litoribacter of far away.

Telelitoribaculum

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. neut. n. *Litoribaculum*, An existing genus; *Telelitoribaculum*: A genus related to but distinct from the existing genus Litoribaculum of far away.

Telelitoribrevibacter

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Litoribrevibacter*, An existing genus; *Telelitoribrevibacter*: A genus related to but distinct from the existing genus Litoribrevibacter of far away.

Telelitoricola

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Litoricola*, An existing genus; *Telelitoricola*: A genus related to but distinct from the existing genus Litoricola of far away.

Telelitorihabitans

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Litorihabitans*, An existing genus; *Telelitorihabitans*: A genus related to but distinct from the existing genus Litorihabitans of far away.

Telelitorilinea

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Litorilinea*, An existing genus; *Telelitorilinea*: A genus related to but distinct from the existing genus Litorilinea of far away.

Telelitorilituus

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Litorilituus*, An existing genus; *Telelitorilituus*: A genus related to but distinct from the existing genus Litorilituus of far away.

Telelitorimicrobium

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Litorimicrobium*, An existing genus; *Telelitorimicrobium*: A genus related to but distinct from the existing genus Litorimicrobium of far away.

Telelitorimonas

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Litorimonas*, An existing genus; *Telelitorimonas*: A genus related to but distinct from the existing genus Litorimonas of far away.

Telelitorisediminicola

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Litorisediminicola*, An existing genus; *Telelitorisediminicola*: A genus related to but distinct from the existing genus Litorisediminicola of far away.

Telelitorisediminivivens

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Litorisediminivivens*, An existing genus; *Telelitorisediminivivens*: A genus related to but distinct from the existing genus Litorisediminivivens of far away.

Telelitorivita

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Litorivita*, An existing genus; *Telelitorivita*: A genus related to but distinct from the existing genus Litorivita of far away.

Telelitorivivens

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Litorivivens*, An existing genus; *Telelitorivivens*: A genus related to but distinct from the existing genus Litorivivens of far away.

Teleloigolactobacillus

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Loigolactobacillus*, An existing genus; *Teleloigolactobacillus*: A genus related to but distinct from the existing genus Loigolactobacillus of far away.

Telelokiarchaeum

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. neut. n. *Lokiarchaeum*, An existing genus; *Telelokiarchaeum*: A genus related to but distinct from the existing genus Lokiarchaeum of far away.

Teleloktanella

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Loktanella*, An existing genus; *Teleloktanella*: A genus related to but distinct from the existing genus Loktanella of far away.

Telelonepinella

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Lonepinella*, An existing genus; *Telelonepinella*: A genus related to but distinct from the existing genus Lonepinella of far away.

Telelongibaculum

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. neut. n. *Longibaculum*, An existing genus; *Telelongibaculum*: A genus related to but distinct from the existing genus Longibaculum of far away.

Telelongicatena

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Longicatena*, An existing genus; *Telelongicatena*: A genus related to but distinct from the existing genus Longicatena of far away.

Telelongilinea

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Longilinea*, An existing genus; *Telelongilinea*: A genus related to but distinct from the existing genus Longilinea of far away.

Telelongimicrobium

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. neut. n. *Longimicrobium*, An existing genus; *Telelongimicrobium*: A genus related to but distinct from the existing genus Longimicrobium of far away.

Telelongimycelium

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. neut. n. *Longimycelium*, An existing genus; *Telelongimycelium*: A genus related to but distinct from the existing genus Longimycelium of far away.

Telelongirhabdus

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Longirhabdus*, An existing genus; *Telelongirhabdus*: A genus related to but distinct from the existing genus Longirhabdus of far away.

Telelongispora

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Longispora*, An existing genus; *Telelongispora*: A genus related to but distinct from the existing genus Longispora of far away.

Telelongivirga

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Longivirga*, An existing genus; *Telelongivirga*: A genus related to but distinct from the existing genus Longivirga of far away.

Telelonsdalea

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Lonsdalea*, An existing genus; *Telelonsdalea*: A genus related to but distinct from the existing genus Lonsdalea of far away.

Teleloriella

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Loriella*, An existing genus; *Teleloriella*: A genus related to but distinct from the existing genus Loriella of far away.

Teleloriellopsis

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Loriellopsis*, An existing genus; *Teleloriellopsis*: A genus related to but distinct from the existing genus Loriellopsis of far away.

Telelottiidibacillus

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Lottiidibacillus*, An existing genus; *Telelottiidibacillus*: A genus related to but distinct from the existing genus Lottiidibacillus of far away.

Telelucibacterium

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Lucibacterium*, An existing genus; *Telelucibacterium*: A genus related to but distinct from the existing genus Lucibacterium of far away.

Teleluedemannella

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Luedemannella*, An existing genus; *Teleluedemannella*: A genus related to but distinct from the existing genus Luedemannella of far away.

Teleluethyella

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Luethyella*, An existing genus; *Teleluethyella*: A genus related to but distinct from the existing genus Luethyella of far away.

Telelujinxingia

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Lujinxingia*, An existing genus; *Telelujinxingia*: A genus related to but distinct from the existing genus Lujinxingia of far away.

Teleluminiphilus

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Luminiphilus*, An existing genus; *Teleluminiphilus*: A genus related to but distinct from the existing genus Luminiphilus of far away.

Telelunatimonas

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Lunatimonas*, An existing genus; *Telelunatimonas*: A genus related to but distinct from the existing genus Lunatimonas of far away.

Telelusitaniella

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Lusitaniella*, An existing genus; *Telelusitaniella*: A genus related to but distinct from the existing genus Lusitaniella of far away.

Telelutaonella

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Lutaonella*, An existing genus; *Telelutaonella*: A genus related to but distinct from the existing genus Lutaonella of far away.

Teleluteibacter

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Luteibacter*, An existing genus; *Teleluteibacter*: A genus related to but distinct from the existing genus Luteibacter of far away.

Teleluteibaculum

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Luteibaculum*, An existing genus; *Teleluteibaculum*: A genus related to but distinct from the existing genus Luteibaculum of far away.

Teleluteimicrobium

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Luteimicrobium*, An existing genus; *Teleluteimicrobium*: A genus related to but distinct from the existing genus Luteimicrobium of far away.

Teleluteimonas

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Luteimonas*, An existing genus; *Teleluteimonas*: A genus related to but distinct from the existing genus Luteimonas of far away.

Teleluteipulveratus

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Luteipulveratus*, An existing genus; *Teleluteipulveratus*: A genus related to but distinct from the existing genus Luteipulveratus of far away.

Teleluteitalea

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Luteitalea*, An existing genus; *Teleluteitalea*: A genus related to but distinct from the existing genus Luteitalea of far away.

Teleluteithermobacter

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Luteithermobacter*, An existing genus; *Teleluteithermobacter*: A genus related to but distinct from the existing genus Luteithermobacter of far away.

Teleluteivirga

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Luteivirga*, An existing genus; *Teleluteivirga*: A genus related to but distinct from the existing genus Luteivirga of far away.

Teleluteococcus

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Luteococcus*, An existing genus; *Teleluteococcus*: A genus related to but distinct from the existing genus Luteococcus of far away.

Teleluteolibacter

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Luteolibacter*, An existing genus; *Teleluteolibacter*: A genus related to but distinct from the existing genus Luteolibacter of far away.

Teleluteovulum

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Luteovulum*, An existing genus; *Teleluteovulum*: A genus related to but distinct from the existing genus Luteovulum of far away.

Telelutibacterium

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Lutibacterium*, An existing genus; *Telelutibacterium*: A genus related to but distinct from the existing genus Lutibacterium of far away.

Telelutimaribacter

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Lutimaribacter*, An existing genus; *Telelutimaribacter*: A genus related to but distinct from the existing genus Lutimaribacter of far away.

Telelutimonas

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Lutimonas*, An existing genus; *Telelutimonas*: A genus related to but distinct from the existing genus Lutimonas of far away.

Telelutispora

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Lutispora*, An existing genus; *Telelutispora*: A genus related to but distinct from the existing genus Lutispora of far away.

Telelysinibacillus

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Lysinibacillus*, An existing genus; *Telelysinibacillus*: A genus related to but distinct from the existing genus Lysinibacillus of far away.

Telelysinibacter

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Lysinibacter*, An existing genus; *Telelysinibacter*: A genus related to but distinct from the existing genus Lysinibacter of far away.

Telelysinimicrobium

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Lysinimicrobium*, An existing genus; *Telelysinimicrobium*: A genus related to but distinct from the existing genus Lysinimicrobium of far away.

Telelysinimonas

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Lysinimonas*, An existing genus; *Telelysinimonas*: A genus related to but distinct from the existing genus Lysinimonas of far away.

Telelysobacter

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Lysobacter*, An existing genus; *Telelysobacter*: A genus related to but distinct from the existing genus Lysobacter of far away.

Telelyticum

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Lyticum*, An existing genus; *Telelyticum*: A genus related to but distinct from the existing genus Lyticum of far away.

Telemabikibacter

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Mabikibacter*, An existing genus; *Telemabikibacter*: A genus related to but distinct from the existing genus Mabikibacter of far away.

Telemacellibacteroides

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Macellibacteroides*, An existing genus; *Telemacellibacteroides*: A genus related to but distinct from the existing genus Macellibacteroides of far away.

Telemacrochaete

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Macrochaete*, An existing genus; *Telemacrochaete*: A genus related to but distinct from the existing genus Macrochaete of far away.

Telemacrococcus

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Macrococcus*, An existing genus; *Telemacrococcus*: A genus related to but distinct from the existing genus Macrococcus of far away.

Telemageeibacillus

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Mageeibacillus*, An existing genus; *Telemageeibacillus*: A genus related to but distinct from the existing genus Mageeibacillus of far away.

Telemagnetococcus

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Magnetococcus*, An existing genus; *Telemagnetococcus*: A genus related to but distinct from the existing genus Magnetococcus of far away.

Telemagnetospira

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Magnetospira*, An existing genus; *Telemagnetospira*: A genus related to but distinct from the existing genus Magnetospira of far away.

Telemagnetospirillum

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. dim. n. *Magnetospirillum*, An existing genus; *Telemagnetospirillum*: A genus related to but distinct from the existing genus Magnetospirillum of far away.

Telemagnetovibrio

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Magnetovibrio*, An existing genus; *Telemagnetovibrio*: A genus related to but distinct from the existing genus Magnetovibrio of far away.

Telemahella

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Mahella*, An existing genus; *Telemahella*: A genus related to but distinct from the existing genus Mahella of far away.

Telemalacoplasma

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Malacoplasma*, An existing genus; *Telemalacoplasma*: A genus related to but distinct from the existing genus Malacoplasma of far away.

Telemaledivibacter

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Maledivibacter*, An existing genus; *Telemaledivibacter*: A genus related to but distinct from the existing genus Maledivibacter of far away.

Telemalikia

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Malikia*, An existing genus; *Telemalikia*: A genus related to but distinct from the existing genus Malikia of far away.

Telemaliponia

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Maliponia*, An existing genus; *Telemaliponia*: A genus related to but distinct from the existing genus Maliponia of far away.

Telemameliella

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Mameliella*, An existing genus; *Telemameliella*: A genus related to but distinct from the existing genus Mameliella of far away.

Telemangrovibacter

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Mangrovibacter*, An existing genus; *Telemangrovibacter*: A genus related to but distinct from the existing genus Mangrovibacter of far away.

Telemangrovibacterium

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Mangrovibacterium*, An existing genus; *Telemangrovibacterium*: A genus related to but distinct from the existing genus Mangrovibacterium of far away.

Telemangrovicella

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Mangrovicella*, An existing genus; *Telemangrovicella*: A genus related to but distinct from the existing genus Mangrovicella of far away.

Telemangrovicoccus

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Mangrovicoccus*, An existing genus; *Telemangrovicoccus*: A genus related to but distinct from the existing genus Mangrovicoccus of far away.

Telemangroviflexus

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Mangroviflexus*, An existing genus; *Telemangroviflexus*: A genus related to but distinct from the existing genus Mangroviflexus of far away.

Telemangrovihabitans

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Mangrovihabitans*, An existing genus; *Telemangrovihabitans*: A genus related to but distinct from the existing genus Mangrovihabitans of far away.

Telemangrovimonas

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Mangrovimonas*, An existing genus; *Telemangrovimonas*: A genus related to but distinct from the existing genus Mangrovimonas of far away.

Telemangrovitalea

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Mangrovitalea*, An existing genus; *Telemangrovitalea*: A genus related to but distinct from the existing genus Mangrovitalea of far away.

Telemannheimia

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Mannheimia*, An existing genus; *Telemannheimia*: A genus related to but distinct from the existing genus Mannheimia of far away.

Telemarasmitruncus

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Marasmitruncus*, An existing genus; *Telemarasmitruncus*: A genus related to but distinct from the existing genus Marasmitruncus of far away.

Telemaribacillus

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Maribacillus*, An existing genus; *Telemaribacillus*: A genus related to but distinct from the existing genus Maribacillus of far away.

Telemaribacter

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Maribacter*, An existing genus; *Telemaribacter*: A genus related to but distinct from the existing genus Maribacter of far away.

Telemaribaculum

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Maribaculum*, An existing genus; *Telemaribaculum*: A genus related to but distinct from the existing genus Maribaculum of far away.

Telemaribellus

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Maribellus*, An existing genus; *Telemaribellus*: A genus related to but distinct from the existing genus Maribellus of far away.

Telemaribius

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Maribius*, An existing genus; *Telemaribius*: A genus related to but distinct from the existing genus Maribius of far away.

Telemaricaulis

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Maricaulis*, An existing genus; *Telemaricaulis*: A genus related to but distinct from the existing genus Maricaulis of far away.

Telemarichromatium

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. neut. n. *Marichromatium*, An existing genus; *Telemarichromatium*: A genus related to but distinct from the existing genus Marichromatium of far away.

Telemaricurvus

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Maricurvus*, An existing genus; *Telemaricurvus*: A genus related to but distinct from the existing genus Maricurvus of far away.

Telemarihabitans

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. neut. n. *Marihabitans*, An existing genus; *Telemarihabitans*: A genus related to but distinct from the existing genus Marihabitans of far away.

Telemarileptolyngbya

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Marileptolyngbya*, An existing genus; *Telemarileptolyngbya*: A genus related to but distinct from the existing genus Marileptolyngbya of far away.

Telemarimicrobium

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. neut. n. *Marimicrobium*, An existing genus; *Telemarimicrobium*: A genus related to but distinct from the existing genus Marimicrobium of far away.

Telemarimonas

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Marimonas*, An existing genus; *Telemarimonas*: A genus related to but distinct from the existing genus Marimonas of far away.

Telemarinactinospora

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Marinactinospora*, An existing genus; *Telemarinactinospora*: A genus related to but distinct from the existing genus Marinactinospora of far away.

Telemarinagarivorans

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Marinagarivorans*, An existing genus; *Telemarinagarivorans*: A genus related to but distinct from the existing genus Marinagarivorans of far away.

Telemarinibacillus

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Marinibacillus*, An existing genus; *Telemarinibacillus*: A genus related to but distinct from the existing genus Marinibacillus of far away.

Telemarinibacterium

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. neut. n. *Marinibacterium*, An existing genus; *Telemarinibacterium*: A genus related to but distinct from the existing genus Marinibacterium of far away.

Telemarinibactrum

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. neut. n. *Marinibactrum*, An existing genus; *Telemarinibactrum*: A genus related to but distinct from the existing genus Marinibactrum of far away.

Telemarinibaculum

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. neut. n. *Marinibaculum*, An existing genus; *Telemarinibaculum*: A genus related to but distinct from the existing genus Marinibaculum of far away.

Telemariniblastus

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Mariniblastus*, An existing genus; *Telemariniblastus*: A genus related to but distinct from the existing genus Mariniblastus of far away.

Telemarinicauda

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Marinicauda*, An existing genus; *Telemarinicauda*: A genus related to but distinct from the existing genus Marinicauda of far away.

Telemarinicaulis

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Marinicaulis*, An existing genus; *Telemarinicaulis*: A genus related to but distinct from the existing genus Marinicaulis of far away.

Telemarinicella

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Marinicella*, An existing genus; *Telemarinicella*: A genus related to but distinct from the existing genus Marinicella of far away.

Telemarinicola

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Marinicola*, An existing genus; *Telemarinicola*: A genus related to but distinct from the existing genus Marinicola of far away.

Telemarinicrinis

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Marinicrinis*, An existing genus; *Telemarinicrinis*: A genus related to but distinct from the existing genus Marinicrinis of far away.

Telemarinifilum

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Marinifilum*, An existing genus; *Telemarinifilum*: A genus related to but distinct from the existing genus Marinifilum of far away.

Telemariniflexile

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Mariniflexile*, An existing genus; *Telemariniflexile*: A genus related to but distinct from the existing genus Mariniflexile of far away.

Telemarinilabilia

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Marinilabilia*, An existing genus; *Telemarinilabilia*: A genus related to but distinct from the existing genus Marinilabilia of far away.

Telemarinilactibacillus

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Marinilactibacillus*, An existing genus; *Telemarinilactibacillus*: A genus related to but distinct from the existing genus Marinilactibacillus of far away.

Telemariniluteicoccus

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Mariniluteicoccus*, An existing genus; *Telemariniluteicoccus*: A genus related to but distinct from the existing genus Mariniluteicoccus of far away.

Telemarinimicrobium

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Marinimicrobium*, An existing genus; *Telemarinimicrobium*: A genus related to but distinct from the existing genus Marinimicrobium of far away.

Telemarininema

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Marininema*, An existing genus; *Telemarininema*: A genus related to but distinct from the existing genus Marininema of far away.

Telemariniphaga

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Mariniphaga*, An existing genus; *Telemariniphaga*: A genus related to but distinct from the existing genus Mariniphaga of far away.

Telemariniradius

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Mariniradius*, An existing genus; *Telemariniradius*: A genus related to but distinct from the existing genus Mariniradius of far away.

Telemarinirhabdus

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Marinirhabdus*, An existing genus; *Telemarinirhabdus*: A genus related to but distinct from the existing genus Marinirhabdus of far away.

Telemarinisporobacter

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Marinisporobacter*, An existing genus; *Telemarinisporobacter*: A genus related to but distinct from the existing genus Marinisporobacter of far away.

Telemarinitalea

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Marinitalea*, An existing genus; *Telemarinitalea*: A genus related to but distinct from the existing genus Marinitalea of far away.

Telemarinitenerispora

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Marinitenerispora*, An existing genus; *Telemarinitenerispora*: A genus related to but distinct from the existing genus Marinitenerispora of far away.

Telemarinithermofilum

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. neut. n. *Marinithermofilum*, An existing genus; *Telemarinithermofilum*: A genus related to but distinct from the existing genus Marinithermofilum of far away.

Telemarinithermus

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Marinithermus*, An existing genus; *Telemarinithermus*: A genus related to but distinct from the existing genus Marinithermus of far away.

Telemarinitoga

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Marinitoga*, An existing genus; *Telemarinitoga*: A genus related to but distinct from the existing genus Marinitoga of far away.

Telemarinivirga

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Marinivirga*, An existing genus; *Telemarinivirga*: A genus related to but distinct from the existing genus Marinivirga of far away.

Telemarinobacter

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Marinobacter*, An existing genus; *Telemarinobacter*: A genus related to but distinct from the existing genus Marinobacter of far away.

Telemarinobacterium

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. neut. n. *Marinobacterium*, An existing genus; *Telemarinobacterium*: A genus related to but distinct from the existing genus Marinobacterium of far away.

Telemarinococcus

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Marinococcus*, An existing genus; *Telemarinococcus*: A genus related to but distinct from the existing genus Marinococcus of far away.

Telemarinomonas

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Marinomonas*, An existing genus; *Telemarinomonas*: A genus related to but distinct from the existing genus Marinomonas of far away.

Telemarinoscillum

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Marinoscillum*, An existing genus; *Telemarinoscillum*: A genus related to but distinct from the existing genus Marinoscillum of far away.

Telemarinospirillum

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. dim. n. *Marinospirillum*, An existing genus; *Telemarinospirillum*: A genus related to but distinct from the existing genus Marinospirillum of far away.

Telemarinosulfonomonas

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Marinosulfonomonas*, An existing genus; *Telemarinosulfonomonas*: A genus related to but distinct from the existing genus Marinosulfonomonas of far away.

Telemarinovum

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Marinovum*, An existing genus; *Telemarinovum*: A genus related to but distinct from the existing genus Marinovum of far away.

Telemariprofundus

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Mariprofundus*, An existing genus; *Telemariprofundus*: A genus related to but distinct from the existing genus Mariprofundus of far away.

Telemaripseudobacter

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Maripseudobacter*, An existing genus; *Telemaripseudobacter*: A genus related to but distinct from the existing genus Maripseudobacter of far away.

Telemarisediminicola

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Marisediminicola*, An existing genus; *Telemarisediminicola*: A genus related to but distinct from the existing genus Marisediminicola of far away.

Telemarisediminitalea

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Marisediminitalea*, An existing genus; *Telemarisediminitalea*: A genus related to but distinct from the existing genus Marisediminitalea of far away.

Telemarispirillum

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. dim. n. *Marispirillum*, An existing genus; *Telemarispirillum*: A genus related to but distinct from the existing genus Marispirillum of far away.

Telemarispirochaeta

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Marispirochaeta*, An existing genus; *Telemarispirochaeta*: A genus related to but distinct from the existing genus Marispirochaeta of far away.

Telemaritalea

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Maritalea*, An existing genus; *Telemaritalea*: A genus related to but distinct from the existing genus Maritalea of far away.

Telemaritimibacter

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Maritimibacter*, An existing genus; *Telemaritimibacter*: A genus related to but distinct from the existing genus Maritimibacter of far away.

Telemaritimimonas

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Maritimimonas*, An existing genus; *Telemaritimimonas*: A genus related to but distinct from the existing genus Maritimimonas of far away.

Telemarivibrio

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Marivibrio*, An existing genus; *Telemarivibrio*: A genus related to but distinct from the existing genus Marivibrio of far away.

Telemarivirga

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Marivirga*, An existing genus; *Telemarivirga*: A genus related to but distinct from the existing genus Marivirga of far away.

Telemarivita

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Marivita*, An existing genus; *Telemarivita*: A genus related to but distinct from the existing genus Marivita of far away.

Telemarixanthomonas

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Marixanthomonas*, An existing genus; *Telemarixanthomonas*: A genus related to but distinct from the existing genus Marixanthomonas of far away.

Telemarmoricola

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Marmoricola*, An existing genus; *Telemarmoricola*: A genus related to but distinct from the existing genus Marmoricola of far away.

Telemarortus

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Marortus*, An existing genus; *Telemarortus*: A genus related to but distinct from the existing genus Marortus of far away.

Telemartelella

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Martelella*, An existing genus; *Telemartelella*: A genus related to but distinct from the existing genus Martelella of far away.

Telemarvinbryantia

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Marvinbryantia*, An existing genus; *Telemarvinbryantia*: A genus related to but distinct from the existing genus Marvinbryantia of far away.

Telemassilibacterium

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Massilibacterium*, An existing genus; *Telemassilibacterium*: A genus related to but distinct from the existing genus Massilibacterium of far away.

Telemassiliimalia

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Massiliimalia*, An existing genus; *Telemassiliimalia*: A genus related to but distinct from the existing genus Massiliimalia of far away.

Telemechercharimyces

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Mechercharimyces*, An existing genus; *Telemechercharimyces*: A genus related to but distinct from the existing genus Mechercharimyces of far away.

Telemediterraneibacter

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Mediterraneibacter*, An existing genus; *Telemediterraneibacter*: A genus related to but distinct from the existing genus Mediterraneibacter of far away.

Telemegamonas

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Megamonas*, An existing genus; *Telemegamonas*: A genus related to but distinct from the existing genus Megamonas of far away.

Telemeganema

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Meganema*, An existing genus; *Telemeganema*: A genus related to but distinct from the existing genus Meganema of far away.

Telemegasphaera

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Megasphaera*, An existing genus; *Telemegasphaera*: A genus related to but distinct from the existing genus Megasphaera of far away.

Telemeiothermus

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Meiothermus*, An existing genus; *Telemeiothermus*: A genus related to but distinct from the existing genus Meiothermus of far away.

Telemelaminivora

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Melaminivora*, An existing genus; *Telemelaminivora*: A genus related to but distinct from the existing genus Melaminivora of far away.

Telemelghiribacillus

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Melghiribacillus*, An existing genus; *Telemelghiribacillus*: A genus related to but distinct from the existing genus Melghiribacillus of far away.

Telemelghirimyces

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Melghirimyces*, An existing genus; *Telemelghirimyces*: A genus related to but distinct from the existing genus Melghirimyces of far away.

Telemelioribacter

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Melioribacter*, An existing genus; *Telemelioribacter*: A genus related to but distinct from the existing genus Melioribacter of far away.

Telemelissococcus

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Melissococcus*, An existing genus; *Telemelissococcus*: A genus related to but distinct from the existing genus Melissococcus of far away.

Telemelitea

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Melitea*, An existing genus; *Telemelitea*: A genus related to but distinct from the existing genus Melitea of far away.

Telemelittangium

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Melittangium*, An existing genus; *Telemelittangium*: A genus related to but distinct from the existing genus Melittangium of far away.

Telemembranicola

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Membranicola*, An existing genus; *Telemembranicola*: A genus related to but distinct from the existing genus Membranicola of far away.

Telemeniscus

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Meniscus*, An existing genus; *Telemeniscus*: A genus related to but distinct from the existing genus Meniscus of far away.

Telemerdibacter

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Merdibacter*, An existing genus; *Telemerdibacter*: A genus related to but distinct from the existing genus Merdibacter of far away.

Telemerdimonas

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Merdimonas*, An existing genus; *Telemerdimonas*: A genus related to but distinct from the existing genus Merdimonas of far away.

Telemeridianimaribacter

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Meridianimaribacter*, An existing genus; *Telemeridianimaribacter*: A genus related to but distinct from the existing genus Meridianimaribacter of far away.

Telemeridianimarinicoccus

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Meridianimarinicoccus*, An existing genus; *Telemeridianimarinicoccus*: A genus related to but distinct from the existing genus Meridianimarinicoccus of far away.

Telemesoaciditoga

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Mesoaciditoga*, An existing genus; *Telemesoaciditoga*: A genus related to but distinct from the existing genus Mesoaciditoga of far away.

Telemesobacillus

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Mesobacillus*, An existing genus; *Telemesobacillus*: A genus related to but distinct from the existing genus Mesobacillus of far away.

Telemesocricetibacter

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Mesocricetibacter*, An existing genus; *Telemesocricetibacter*: A genus related to but distinct from the existing genus Mesocricetibacter of far away.

Telemesoflavibacter

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Mesoflavibacter*, An existing genus; *Telemesoflavibacter*: A genus related to but distinct from the existing genus Mesoflavibacter of far away.

Telemesohalobacter

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Mesohalobacter*, An existing genus; *Telemesohalobacter*: A genus related to but distinct from the existing genus Mesohalobacter of far away.

Telemesomycoplasma

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Mesomycoplasma*, An existing genus; *Telemesomycoplasma*: A genus related to but distinct from the existing genus Mesomycoplasma of far away.

Telemesonia

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Mesonia*, An existing genus; *Telemesonia*: A genus related to but distinct from the existing genus Mesonia of far away.

Telemesophilobacter

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Mesophilobacter*, An existing genus; *Telemesophilobacter*: A genus related to but distinct from the existing genus Mesophilobacter of far away.

Telemesoplasma

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Mesoplasma*, An existing genus; *Telemesoplasma*: A genus related to but distinct from the existing genus Mesoplasma of far away.

Telemesorhizobium

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Mesorhizobium*, An existing genus; *Telemesorhizobium*: A genus related to but distinct from the existing genus Mesorhizobium of far away.

Telemesosutterella

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Mesosutterella*, An existing genus; *Telemesosutterella*: A genus related to but distinct from the existing genus Mesosutterella of far away.

Telemesotoga

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Mesotoga*, An existing genus; *Telemesotoga*: A genus related to but distinct from the existing genus Mesotoga of far away.

Telemetabacillus

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Metabacillus*, An existing genus; *Telemetabacillus*: A genus related to but distinct from the existing genus Metabacillus of far away.

Telemetakosakonia

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Metakosakonia*, An existing genus; *Telemetakosakonia*: A genus related to but distinct from the existing genus Metakosakonia of far away.

Telemetallibacterium

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Metallibacterium*, An existing genus; *Telemetallibacterium*: A genus related to but distinct from the existing genus Metallibacterium of far away.

Telemetalliresistens

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Metalliresistens*, An existing genus; *Telemetalliresistens*: A genus related to but distinct from the existing genus Metalliresistens of far away.

Telemetallosphaera

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Metallosphaera*, An existing genus; *Telemetallosphaera*: A genus related to but distinct from the existing genus Metallosphaera of far away.

Telemetalysinibacillus

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Metalysinibacillus*, An existing genus; *Telemetalysinibacillus*: A genus related to but distinct from the existing genus Metalysinibacillus of far away.

Telemetamycoplasma

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Metamycoplasma*, An existing genus; *Telemetamycoplasma*: A genus related to but distinct from the existing genus Metamycoplasma of far away.

Telemetaplanococcus

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Metaplanococcus*, An existing genus; *Telemetaplanococcus*: A genus related to but distinct from the existing genus Metaplanococcus of far away.

Telemetascardovia

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Metascardovia*, An existing genus; *Telemetascardovia*: A genus related to but distinct from the existing genus Metascardovia of far away.

Telemetasolibacillus

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Metasolibacillus*, An existing genus; *Telemetasolibacillus*: A genus related to but distinct from the existing genus Metasolibacillus of far away.

Telemethanobacterium

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. neut. n. *Methanobacterium*, An existing genus; *Telemethanobacterium*: A genus related to but distinct from the existing genus Methanobacterium of far away.

Telemethanobrevibacter

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Methanobrevibacter*, An existing genus; *Telemethanobrevibacter*: A genus related to but distinct from the existing genus Methanobrevibacter of far away.

Telemethanocalculus

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Methanocalculus*, An existing genus; *Telemethanocalculus*: A genus related to but distinct from the existing genus Methanocalculus of far away.

Telemethanocaldococcus

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Methanocaldococcus*, An existing genus; *Telemethanocaldococcus*: A genus related to but distinct from the existing genus Methanocaldococcus of far away.

Telemethanocella

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Methanocella*, An existing genus; *Telemethanocella*: A genus related to but distinct from the existing genus Methanocella of far away.

Telemethanococcoides

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. neut. n. *Methanococcoides*, An existing genus; *Telemethanococcoides*: A genus related to but distinct from the existing genus Methanococcoides of far away.

Telemethanococcus

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Methanococcus*, An existing genus; *Telemethanococcus*: A genus related to but distinct from the existing genus Methanococcus of far away.

Telemethanocorpusculum

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. neut. n. *Methanocorpusculum*, An existing genus; *Telemethanocorpusculum*: A genus related to but distinct from the existing genus Methanocorpusculum of far away.

Telemethanoculleus

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Methanoculleus*, An existing genus; *Telemethanoculleus*: A genus related to but distinct from the existing genus Methanoculleus of far away.

Telemethanofervidicoccus

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Methanofervidicoccus*, An existing genus; *Telemethanofervidicoccus*: A genus related to but distinct from the existing genus Methanofervidicoccus of far away.

Telemethanofollis

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Methanofollis*, An existing genus; *Telemethanofollis*: A genus related to but distinct from the existing genus Methanofollis of far away.

Telemethanogenium

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. neut. n. *Methanogenium*, An existing genus; *Telemethanogenium*: A genus related to but distinct from the existing genus Methanogenium of far away.

Telemethanohalobium

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. neut. n. *Methanohalobium*, An existing genus; *Telemethanohalobium*: A genus related to but distinct from the existing genus Methanohalobium of far away.

Telemethanohalophilus

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Methanohalophilus*, An existing genus; *Telemethanohalophilus*: A genus related to but distinct from the existing genus Methanohalophilus of far away.

Telemethanolacinia

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Methanolacinia*, An existing genus; *Telemethanolacinia*: A genus related to but distinct from the existing genus Methanolacinia of far away.

Telemethanolinea

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Methanolinea*, An existing genus; *Telemethanolinea*: A genus related to but distinct from the existing genus Methanolinea of far away.

Telemethanomassiliicoccus

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Methanomassiliicoccus*, An existing genus; *Telemethanomassiliicoccus*: A genus related to but distinct from the existing genus Methanomassiliicoccus of far away.

Telemethanomethylovorans

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Methanomethylovorans*, An existing genus; *Telemethanomethylovorans*: A genus related to but distinct from the existing genus Methanomethylovorans of far away.

Telemethanomicrobium

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Methanomicrobium*, An existing genus; *Telemethanomicrobium*: A genus related to but distinct from the existing genus Methanomicrobium of far away.

Telemethanonatronarchaeum

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Methanonatronarchaeum*, An existing genus; *Telemethanonatronarchaeum*: A genus related to but distinct from the existing genus Methanonatronarchaeum of far away.

Telemethanoplanus

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Methanoplanus*, An existing genus; *Telemethanoplanus*: A genus related to but distinct from the existing genus Methanoplanus of far away.

Telemethanopyrus

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Methanopyrus*, An existing genus; *Telemethanopyrus*: A genus related to but distinct from the existing genus Methanopyrus of far away.

Telemethanoregula

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Methanoregula*, An existing genus; *Telemethanoregula*: A genus related to but distinct from the existing genus Methanoregula of far away.

Telemethanosaeta

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Methanosaeta*, An existing genus; *Telemethanosaeta*: A genus related to but distinct from the existing genus Methanosaeta of far away.

Telemethanosalsum

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. neut. n. *Methanosalsum*, An existing genus; *Telemethanosalsum*: A genus related to but distinct from the existing genus Methanosalsum of far away.

Telemethanosarcina

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Methanosarcina*, An existing genus; *Telemethanosarcina*: A genus related to but distinct from the existing genus Methanosarcina of far away.

Telemethanosphaera

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Methanosphaera*, An existing genus; *Telemethanosphaera*: A genus related to but distinct from the existing genus Methanosphaera of far away.

Telemethanosphaerula

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Methanosphaerula*, An existing genus; *Telemethanosphaerula*: A genus related to but distinct from the existing genus Methanosphaerula of far away.

Telemethanospirillum

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. neut. dim. n. *Methanospirillum*, An existing genus; *Telemethanospirillum*: A genus related to but distinct from the existing genus Methanospirillum of far away.

Telemethanothermobacter

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Methanothermobacter*, An existing genus; *Telemethanothermobacter*: A genus related to but distinct from the existing genus Methanothermobacter of far away.

Telemethanothermococcus

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Methanothermococcus*, An existing genus; *Telemethanothermococcus*: A genus related to but distinct from the existing genus Methanothermococcus of far away.

Telemethanothermus

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Methanothermus*, An existing genus; *Telemethanothermus*: A genus related to but distinct from the existing genus Methanothermus of far away.

Telemethanothrix

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Methanothrix*, An existing genus; *Telemethanothrix*: A genus related to but distinct from the existing genus Methanothrix of far away.

Telemethanotorris

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Methanotorris*, An existing genus; *Telemethanotorris*: A genus related to but distinct from the existing genus Methanotorris of far away.

Telemethermicoccus

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Methermicoccus*, An existing genus; *Telemethermicoccus*: A genus related to but distinct from the existing genus Methermicoccus of far away.

Telemethylacidimicrobium

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. neut. n. *Methylacidimicrobium*, An existing genus; *Telemethylacidimicrobium*: A genus related to but distinct from the existing genus Methylacidimicrobium of far away.

Telemethylarcula

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Methylarcula*, An existing genus; *Telemethylarcula*: A genus related to but distinct from the existing genus Methylarcula of far away.

Telemethylibium

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. neut. n. *Methylibium*, An existing genus; *Telemethylibium*: A genus related to but distinct from the existing genus Methylibium of far away.

Telemethylicorpusculum

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. neut. n. *Methylicorpusculum*, An existing genus; *Telemethylicorpusculum*: A genus related to but distinct from the existing genus Methylicorpusculum of far away.

Telemethylobacillus

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Methylobacillus*, An existing genus; *Telemethylobacillus*: A genus related to but distinct from the existing genus Methylobacillus of far away.

Telemethylobacter

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Methylobacter*, An existing genus; *Telemethylobacter*: A genus related to but distinct from the existing genus Methylobacter of far away.

Telemethylobacterium

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. neut. n. *Methylobacterium*, An existing genus; *Telemethylobacterium*: A genus related to but distinct from the existing genus Methylobacterium of far away.

Telemethylobrevis

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Methylobrevis*, An existing genus; *Telemethylobrevis*: A genus related to but distinct from the existing genus Methylobrevis of far away.

Telemethylocaldum

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. neut. n. *Methylocaldum*, An existing genus; *Telemethylocaldum*: A genus related to but distinct from the existing genus Methylocaldum of far away.

Telemethylocapsa

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Methylocapsa*, An existing genus; *Telemethylocapsa*: A genus related to but distinct from the existing genus Methylocapsa of far away.

Telemethyloceanibacter

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Methyloceanibacter*, An existing genus; *Telemethyloceanibacter*: A genus related to but distinct from the existing genus Methyloceanibacter of far away.

Telemethylocella

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Methylocella*, An existing genus; *Telemethylocella*: A genus related to but distinct from the existing genus Methylocella of far away.

Telemethylococcus

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Methylococcus*, An existing genus; *Telemethylococcus*: A genus related to but distinct from the existing genus Methylococcus of far away.

Telemethylocucumis

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Methylocucumis*, An existing genus; *Telemethylocucumis*: A genus related to but distinct from the existing genus Methylocucumis of far away.

Telemethylocystis

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Methylocystis*, An existing genus; *Telemethylocystis*: A genus related to but distinct from the existing genus Methylocystis of far away.

Telemethyloferula

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Methyloferula*, An existing genus; *Telemethyloferula*: A genus related to but distinct from the existing genus Methyloferula of far away.

Telemethylogaea

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Methylogaea*, An existing genus; *Telemethylogaea*: A genus related to but distinct from the existing genus Methylogaea of far away.

Telemethyloglobulus

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. dim. n. *Methyloglobulus*, An existing genus; *Telemethyloglobulus*: A genus related to but distinct from the existing genus Methyloglobulus of far away.

Telemethylohalobius

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Methylohalobius*, An existing genus; *Telemethylohalobius*: A genus related to but distinct from the existing genus Methylohalobius of far away.

Telemethylohalomonas

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Methylohalomonas*, An existing genus; *Telemethylohalomonas*: A genus related to but distinct from the existing genus Methylohalomonas of far away.

Telemethyloligella

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Methyloligella*, An existing genus; *Telemethyloligella*: A genus related to but distinct from the existing genus Methyloligella of far away.

Telemethylolobus

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Methylolobus*, An existing genus; *Telemethylolobus*: A genus related to but distinct from the existing genus Methylolobus of far away.

Telemethylomagnum

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Methylomagnum*, An existing genus; *Telemethylomagnum*: A genus related to but distinct from the existing genus Methylomagnum of far away.

Telemethylomarinovum

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Methylomarinovum*, An existing genus; *Telemethylomarinovum*: A genus related to but distinct from the existing genus Methylomarinovum of far away.

Telemethylomarinum

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Methylomarinum*, An existing genus; *Telemethylomarinum*: A genus related to but distinct from the existing genus Methylomarinum of far away.

Telemethylomicrobium

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Methylomicrobium*, An existing genus; *Telemethylomicrobium*: A genus related to but distinct from the existing genus Methylomicrobium of far away.

Telemethylomonas

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Methylomonas*, An existing genus; *Telemethylomonas*: A genus related to but distinct from the existing genus Methylomonas of far away.

Telemethylomusa

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Methylomusa*, An existing genus; *Telemethylomusa*: A genus related to but distinct from the existing genus Methylomusa of far away.

Telemethylonatrum

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Methylonatrum*, An existing genus; *Telemethylonatrum*: A genus related to but distinct from the existing genus Methylonatrum of far away.

Telemethyloparacoccus

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Methyloparacoccus*, An existing genus; *Telemethyloparacoccus*: A genus related to but distinct from the existing genus Methyloparacoccus of far away.

Telemethylophaga

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Methylophaga*, An existing genus; *Telemethylophaga*: A genus related to but distinct from the existing genus Methylophaga of far away.

Telemethylophilus

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Methylophilus*, An existing genus; *Telemethylophilus*: A genus related to but distinct from the existing genus Methylophilus of far away.

Telemethylopila

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Methylopila*, An existing genus; *Telemethylopila*: A genus related to but distinct from the existing genus Methylopila of far away.

Telemethyloprofundus

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Methyloprofundus*, An existing genus; *Telemethyloprofundus*: A genus related to but distinct from the existing genus Methyloprofundus of far away.

Telemethylorhabdus

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Methylorhabdus*, An existing genus; *Telemethylorhabdus*: A genus related to but distinct from the existing genus Methylorhabdus of far away.

Telemethylorosula

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Methylorosula*, An existing genus; *Telemethylorosula*: A genus related to but distinct from the existing genus Methylorosula of far away.

Telemethylorubrum

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Methylorubrum*, An existing genus; *Telemethylorubrum*: A genus related to but distinct from the existing genus Methylorubrum of far away.

Telemethylosarcina

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Methylosarcina*, An existing genus; *Telemethylosarcina*: A genus related to but distinct from the existing genus Methylosarcina of far away.

Telemethylosinus

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Methylosinus*, An existing genus; *Telemethylosinus*: A genus related to but distinct from the existing genus Methylosinus of far away.

Telemethylosoma

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Methylosoma*, An existing genus; *Telemethylosoma*: A genus related to but distinct from the existing genus Methylosoma of far away.

Telemethylosphaera

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Methylosphaera*, An existing genus; *Telemethylosphaera*: A genus related to but distinct from the existing genus Methylosphaera of far away.

Telemethylosulfonomonas

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Methylosulfonomonas*, An existing genus; *Telemethylosulfonomonas*: A genus related to but distinct from the existing genus Methylosulfonomonas of far away.

Telemethylotenera

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Methylotenera*, An existing genus; *Telemethylotenera*: A genus related to but distinct from the existing genus Methylotenera of far away.

Telemethyloterricola

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Methyloterricola*, An existing genus; *Telemethyloterricola*: A genus related to but distinct from the existing genus Methyloterricola of far away.

Telemethyloterrigena

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Methyloterrigena*, An existing genus; *Telemethyloterrigena*: A genus related to but distinct from the existing genus Methyloterrigena of far away.

Telemethylothermus

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Methylothermus*, An existing genus; *Telemethylothermus*: A genus related to but distinct from the existing genus Methylothermus of far away.

Telemethylotuvimicrobium

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. neut. n. *Methylotuvimicrobium*, An existing genus; *Telemethylotuvimicrobium*: A genus related to but distinct from the existing genus Methylotuvimicrobium of far away.

Telemethyloversatilis

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Methyloversatilis*, An existing genus; *Telemethyloversatilis*: A genus related to but distinct from the existing genus Methyloversatilis of far away.

Telemethylovirgula

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Methylovirgula*, An existing genus; *Telemethylovirgula*: A genus related to but distinct from the existing genus Methylovirgula of far away.

Telemethylovorus

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Methylovorus*, An existing genus; *Telemethylovorus*: A genus related to but distinct from the existing genus Methylovorus of far away.

Telemethylovulum

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. neut. n. *Methylovulum*, An existing genus; *Telemethylovulum*: A genus related to but distinct from the existing genus Methylovulum of far away.

Telemicavibrio

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Micavibrio*, An existing genus; *Telemicavibrio*: A genus related to but distinct from the existing genus Micavibrio of far away.

Telemicroaerobacter

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Microaerobacter*, An existing genus; *Telemicroaerobacter*: A genus related to but distinct from the existing genus Microaerobacter of far away.

Telemicrobacterium

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. neut. n. *Microbacterium*, An existing genus; *Telemicrobacterium*: A genus related to but distinct from the existing genus Microbacterium of far away.

Telemicrobispora

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Microbispora*, An existing genus; *Telemicrobispora*: A genus related to but distinct from the existing genus Microbispora of far away.

Telemicrobulbifer

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Microbulbifer*, An existing genus; *Telemicrobulbifer*: A genus related to but distinct from the existing genus Microbulbifer of far away.

Telemicrocella

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Microcella*, An existing genus; *Telemicrocella*: A genus related to but distinct from the existing genus Microcella of far away.

Telemicrococcoides

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. neut. n. *Micrococcoides*, An existing genus; *Telemicrococcoides*: A genus related to but distinct from the existing genus Micrococcoides of far away.

Telemicrococcus

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Micrococcus*, An existing genus; *Telemicrococcus*: A genus related to but distinct from the existing genus Micrococcus of far away.

Telemicrocyclus

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Microcyclus*, An existing genus; *Telemicrocyclus*: A genus related to but distinct from the existing genus Microcyclus of far away.

Telemicrocystis

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Microcystis*, An existing genus; *Telemicrocystis*: A genus related to but distinct from the existing genus Microcystis of far away.

Telemicroellobosporia

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Microellobosporia*, An existing genus; *Telemicroellobosporia*: A genus related to but distinct from the existing genus Microellobosporia of far away.

Telemicrolunatus

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Microlunatus*, An existing genus; *Telemicrolunatus*: A genus related to but distinct from the existing genus Microlunatus of far away.

Telemicromonas

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Micromonas*, An existing genus; *Telemicromonas*: A genus related to but distinct from the existing genus Micromonas of far away.

Telemicromonospora

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Micromonospora*, An existing genus; *Telemicromonospora*: A genus related to but distinct from the existing genus Micromonospora of far away.

Telemicropepsis

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Micropepsis*, An existing genus; *Telemicropepsis*: A genus related to but distinct from the existing genus Micropepsis of far away.

Telemicropolyspora

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Micropolyspora*, An existing genus; *Telemicropolyspora*: A genus related to but distinct from the existing genus Micropolyspora of far away.

Telemicropruina

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Micropruina*, An existing genus; *Telemicropruina*: A genus related to but distinct from the existing genus Micropruina of far away.

Telemicroscilla

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Microscilla*, An existing genus; *Telemicroscilla*: A genus related to but distinct from the existing genus Microscilla of far away.

Telemicrosphaera

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Microsphaera*, An existing genus; *Telemicrosphaera*: A genus related to but distinct from the existing genus Microsphaera of far away.

Telemicroterricola

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Microterricola*, An existing genus; *Telemicroterricola*: A genus related to but distinct from the existing genus Microterricola of far away.

Telemicrotetraspora

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Microtetraspora*, An existing genus; *Telemicrotetraspora*: A genus related to but distinct from the existing genus Microtetraspora of far away.

Telemicrovirgula

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Microvirgula*, An existing genus; *Telemicrovirgula*: A genus related to but distinct from the existing genus Microvirgula of far away.

Telemillisia

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Millisia*, An existing genus; *Telemillisia*: A genus related to but distinct from the existing genus Millisia of far away.

Teleminicystis

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Minicystis*, An existing genus; *Teleminicystis*: A genus related to but distinct from the existing genus Minicystis of far away.

Teleminiimonas

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Miniimonas*, An existing genus; *Teleminiimonas*: A genus related to but distinct from the existing genus Miniimonas of far away.

Teleminiphocibacter

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Miniphocibacter*, An existing genus; *Teleminiphocibacter*: A genus related to but distinct from the existing genus Miniphocibacter of far away.

Teleminunostoc

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. neut. n. *Minunostoc*, An existing genus; *Teleminunostoc*: A genus related to but distinct from the existing genus Minunostoc of far away.

Teleminwuia

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Minwuia*, An existing genus; *Teleminwuia*: A genus related to but distinct from the existing genus Minwuia of far away.

Telemitsuaria

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Mitsuaria*, An existing genus; *Telemitsuaria*: A genus related to but distinct from the existing genus Mitsuaria of far away.

Telemitsuokella

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Mitsuokella*, An existing genus; *Telemitsuokella*: A genus related to but distinct from the existing genus Mitsuokella of far away.

Telemixta

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Mixta*, An existing genus; *Telemixta*: A genus related to but distinct from the existing genus Mixta of far away.

Telemizugakiibacter

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Mizugakiibacter*, An existing genus; *Telemizugakiibacter*: A genus related to but distinct from the existing genus Mizugakiibacter of far away.

Telemobilicoccus

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Mobilicoccus*, An existing genus; *Telemobilicoccus*: A genus related to but distinct from the existing genus Mobilicoccus of far away.

Telemobilifilum

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Mobilifilum*, An existing genus; *Telemobilifilum*: A genus related to but distinct from the existing genus Mobilifilum of far away.

Telemobilisporobacter

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Mobilisporobacter*, An existing genus; *Telemobilisporobacter*: A genus related to but distinct from the existing genus Mobilisporobacter of far away.

Telemobilitalea

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Mobilitalea*, An existing genus; *Telemobilitalea*: A genus related to but distinct from the existing genus Mobilitalea of far away.

Telemobiluncus

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Mobiluncus*, An existing genus; *Telemobiluncus*: A genus related to but distinct from the existing genus Mobiluncus of far away.

Telemodestobacter

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Modestobacter*, An existing genus; *Telemodestobacter*: A genus related to but distinct from the existing genus Modestobacter of far away.

Telemodicisalibacter

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Modicisalibacter*, An existing genus; *Telemodicisalibacter*: A genus related to but distinct from the existing genus Modicisalibacter of far away.

Telemoellerella

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Moellerella*, An existing genus; *Telemoellerella*: A genus related to but distinct from the existing genus Moellerella of far away.

Telemogibacterium

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Mogibacterium*, An existing genus; *Telemogibacterium*: A genus related to but distinct from the existing genus Mogibacterium of far away.

Telemoheibacter

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Moheibacter*, An existing genus; *Telemoheibacter*: A genus related to but distinct from the existing genus Moheibacter of far away.

Telemonaibacterium

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Monaibacterium*, An existing genus; *Telemonaibacterium*: A genus related to but distinct from the existing genus Monaibacterium of far away.

Telemonashia

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Monashia*, An existing genus; *Telemonashia*: A genus related to but distinct from the existing genus Monashia of far away.

Telemongoliibacter

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Mongoliibacter*, An existing genus; *Telemongoliibacter*: A genus related to but distinct from the existing genus Mongoliibacter of far away.

Telemongoliicoccus

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Mongoliicoccus*, An existing genus; *Telemongoliicoccus*: A genus related to but distinct from the existing genus Mongoliicoccus of far away.

Telemongoliimonas

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Mongoliimonas*, An existing genus; *Telemongoliimonas*: A genus related to but distinct from the existing genus Mongoliimonas of far away.

Telemongoliitalea

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Mongoliitalea*, An existing genus; *Telemongoliitalea*: A genus related to but distinct from the existing genus Mongoliitalea of far away.

Telemonoglobus

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Monoglobus*, An existing genus; *Telemonoglobus*: A genus related to but distinct from the existing genus Monoglobus of far away.

Telemoorea

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Moorea*, An existing genus; *Telemoorea*: A genus related to but distinct from the existing genus Moorea of far away.

Telemooreia

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Mooreia*, An existing genus; *Telemooreia*: A genus related to but distinct from the existing genus Mooreia of far away.

Telemoorella

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Moorella*, An existing genus; *Telemoorella*: A genus related to but distinct from the existing genus Moorella of far away.

Telemoraxella

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Moraxella*, An existing genus; *Telemoraxella*: A genus related to but distinct from the existing genus Moraxella of far away.

Telemorganella

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Morganella*, An existing genus; *Telemorganella*: A genus related to but distinct from the existing genus Morganella of far away.

Telemoritella

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Moritella*, An existing genus; *Telemoritella*: A genus related to but distinct from the existing genus Moritella of far away.

Telemorococcus

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Morococcus*, An existing genus; *Telemorococcus*: A genus related to but distinct from the existing genus Morococcus of far away.

Telemoryella

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Moryella*, An existing genus; *Telemoryella*: A genus related to but distinct from the existing genus Moryella of far away.

Telemotilibacter

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Motilibacter*, An existing genus; *Telemotilibacter*: A genus related to but distinct from the existing genus Motilibacter of far away.

Telemotilimonas

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Motilimonas*, An existing genus; *Telemotilimonas*: A genus related to but distinct from the existing genus Motilimonas of far away.

Telemotiliproteus

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Motiliproteus*, An existing genus; *Telemotiliproteus*: A genus related to but distinct from the existing genus Motiliproteus of far away.

Telemucinivorans

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Mucinivorans*, An existing genus; *Telemucinivorans*: A genus related to but distinct from the existing genus Mucinivorans of far away.

Telemucispirillum

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. neut. dim. n. *Mucispirillum*, An existing genus; *Telemucispirillum*: A genus related to but distinct from the existing genus Mucispirillum of far away.

Telemumia

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Mumia*, An existing genus; *Telemumia*: A genus related to but distinct from the existing genus Mumia of far away.

Telemurdochiella

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Murdochiella*, An existing genus; *Telemurdochiella*: A genus related to but distinct from the existing genus Murdochiella of far away.

Telemuribacter

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Muribacter*, An existing genus; *Telemuribacter*: A genus related to but distinct from the existing genus Muribacter of far away.

Telemuribaculum

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. neut. n. *Muribaculum*, An existing genus; *Telemuribaculum*: A genus related to but distinct from the existing genus Muribaculum of far away.

Telemuricauda

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Muricauda*, An existing genus; *Telemuricauda*: A genus related to but distinct from the existing genus Muricauda of far away.

Telemuricoccus

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Muricoccus*, An existing genus; *Telemuricoccus*: A genus related to but distinct from the existing genus Muricoccus of far away.

Telemuricomes

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Muricomes*, An existing genus; *Telemuricomes*: A genus related to but distinct from the existing genus Muricomes of far away.

Telemuriicola

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Muriicola*, An existing genus; *Telemuriicola*: A genus related to but distinct from the existing genus Muriicola of far away.

Telemurimonas

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Murimonas*, An existing genus; *Telemurimonas*: A genus related to but distinct from the existing genus Murimonas of far away.

Telemurinocardiopsis

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Murinocardiopsis*, An existing genus; *Telemurinocardiopsis*: A genus related to but distinct from the existing genus Murinocardiopsis of far away.

Telemyceligenerans

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. neut. n. *Myceligenerans*, An existing genus; *Telemyceligenerans*: A genus related to but distinct from the existing genus Myceligenerans of far away.

Telemycetocola

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Mycetocola*, An existing genus; *Telemycetocola*: A genus related to but distinct from the existing genus Mycetocola of far away.

Telemycoavidus

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Mycoavidus*, An existing genus; *Telemycoavidus*: A genus related to but distinct from the existing genus Mycoavidus of far away.

Telemycobacterium

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. neut. n. *Mycobacterium*, An existing genus; *Telemycobacterium*: A genus related to but distinct from the existing genus Mycobacterium of far away.

Telemycobacteroides

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. neut. n. *Mycobacteroides*, An existing genus; *Telemycobacteroides*: A genus related to but distinct from the existing genus Mycobacteroides of far away.

Telemycolicibacillus

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Mycolicibacillus*, An existing genus; *Telemycolicibacillus*: A genus related to but distinct from the existing genus Mycolicibacillus of far away.

Telemycolicibacter

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Mycolicibacter*, An existing genus; *Telemycolicibacter*: A genus related to but distinct from the existing genus Mycolicibacter of far away.

Telemycolicibacterium

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. neut. n. *Mycolicibacterium*, An existing genus; *Telemycolicibacterium*: A genus related to but distinct from the existing genus Mycolicibacterium of far away.

Telemycoplana

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Mycoplana*, An existing genus; *Telemycoplana*: A genus related to but distinct from the existing genus Mycoplana of far away.

Telemycoplasma

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. neut. n. *Mycoplasma*, An existing genus; *Telemycoplasma*: A genus related to but distinct from the existing genus Mycoplasma of far away.

Telemycoplasmoides

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. neut. n. *Mycoplasmoides*, An existing genus; *Telemycoplasmoides*: A genus related to but distinct from the existing genus Mycoplasmoides of far away.

Telemycoplasmopsis

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Mycoplasmopsis*, An existing genus; *Telemycoplasmopsis*: A genus related to but distinct from the existing genus Mycoplasmopsis of far away.

Telemyroides

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Myroides*, An existing genus; *Telemyroides*: A genus related to but distinct from the existing genus Myroides of far away.

Telemyxacorys

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Myxacorys*, An existing genus; *Telemyxacorys*: A genus related to but distinct from the existing genus Myxacorys of far away.

Telemyxococcus

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Myxococcus*, An existing genus; *Telemyxococcus*: A genus related to but distinct from the existing genus Myxococcus of far away.

Telemzabimyces

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Mzabimyces*, An existing genus; *Telemzabimyces*: A genus related to but distinct from the existing genus Mzabimyces of far away.

Telenaasia

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Naasia*, An existing genus; *Telenaasia*: A genus related to but distinct from the existing genus Naasia of far away.

Telenafulsella

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Nafulsella*, An existing genus; *Telenafulsella*: A genus related to but distinct from the existing genus Nafulsella of far away.

Telenakamurella

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Nakamurella*, An existing genus; *Telenakamurella*: A genus related to but distinct from the existing genus Nakamurella of far away.

Telenamhaeicola

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Namhaeicola*, An existing genus; *Telenamhaeicola*: A genus related to but distinct from the existing genus Namhaeicola of far away.

Telenannocystis

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Nannocystis*, An existing genus; *Telenannocystis*: A genus related to but distinct from the existing genus Nannocystis of far away.

Telenatranaerobaculum

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Natranaerobaculum*, An existing genus; *Telenatranaerobaculum*: A genus related to but distinct from the existing genus Natranaerobaculum of far away.

Telenatranaerobius

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Natranaerobius*, An existing genus; *Telenatranaerobius*: A genus related to but distinct from the existing genus Natranaerobius of far away.

Telenatranaerovirga

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Natranaerovirga*, An existing genus; *Telenatranaerovirga*: A genus related to but distinct from the existing genus Natranaerovirga of far away.

Telenatrarchaeobaculum

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. neut. n. *Natrarchaeobaculum*, An existing genus; *Telenatrarchaeobaculum*: A genus related to but distinct from the existing genus Natrarchaeobaculum of far away.

Telenatrarchaeobius

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Natrarchaeobius*, An existing genus; *Telenatrarchaeobius*: A genus related to but distinct from the existing genus Natrarchaeobius of far away.

Telenatrialba

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Natrialba*, An existing genus; *Telenatrialba*: A genus related to but distinct from the existing genus Natrialba of far away.

Telenatribacillus

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Natribacillus*, An existing genus; *Telenatribacillus*: A genus related to but distinct from the existing genus Natribacillus of far away.

Telenatribaculum

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. neut. n. *Natribaculum*, An existing genus; *Telenatribaculum*: A genus related to but distinct from the existing genus Natribaculum of far away.

Telenatrinema

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. neut. n. *Natrinema*, An existing genus; *Telenatrinema*: A genus related to but distinct from the existing genus Natrinema of far away.

Telenatroniella

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Natroniella*, An existing genus; *Telenatroniella*: A genus related to but distinct from the existing genus Natroniella of far away.

Telenatronoarchaeum

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. neut. n. *Natronoarchaeum*, An existing genus; *Telenatronoarchaeum*: A genus related to but distinct from the existing genus Natronoarchaeum of far away.

Telenatronobacillus

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Natronobacillus*, An existing genus; *Telenatronobacillus*: A genus related to but distinct from the existing genus Natronobacillus of far away.

Telenatronobacterium

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Natronobacterium*, An existing genus; *Telenatronobacterium*: A genus related to but distinct from the existing genus Natronobacterium of far away.

Telenatronobiforma

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Natronobiforma*, An existing genus; *Telenatronobiforma*: A genus related to but distinct from the existing genus Natronobiforma of far away.

Telenatronocella

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Natronocella*, An existing genus; *Telenatronocella*: A genus related to but distinct from the existing genus Natronocella of far away.

Telenatronococcus

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Natronococcus*, An existing genus; *Telenatronococcus*: A genus related to but distinct from the existing genus Natronococcus of far away.

Telenatronoflexus

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Natronoflexus*, An existing genus; *Telenatronoflexus*: A genus related to but distinct from the existing genus Natronoflexus of far away.

Telenatronolimnobius

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Natronolimnobius*, An existing genus; *Telenatronolimnobius*: A genus related to but distinct from the existing genus Natronolimnobius of far away.

Telenatronolimnohabitans

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Natronolimnohabitans*, An existing genus; *Telenatronolimnohabitans*: A genus related to but distinct from the existing genus Natronolimnohabitans of far away.

Telenatronomonas

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Natronomonas*, An existing genus; *Telenatronomonas*: A genus related to but distinct from the existing genus Natronomonas of far away.

Telenatronorubrum

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Natronorubrum*, An existing genus; *Telenatronorubrum*: A genus related to but distinct from the existing genus Natronorubrum of far away.

Telenatronospira

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Natronospira*, An existing genus; *Telenatronospira*: A genus related to but distinct from the existing genus Natronospira of far away.

Telenatronospirillum

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. dim. n. *Natronospirillum*, An existing genus; *Telenatronospirillum*: A genus related to but distinct from the existing genus Natronospirillum of far away.

Telenatronovirga

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Natronovirga*, An existing genus; *Telenatronovirga*: A genus related to but distinct from the existing genus Natronovirga of far away.

Telenaumannella

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Naumannella*, An existing genus; *Telenaumannella*: A genus related to but distinct from the existing genus Naumannella of far away.

Telenautella

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Nautella*, An existing genus; *Telenautella*: A genus related to but distinct from the existing genus Nautella of far away.

Telenautilia

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Nautilia*, An existing genus; *Telenautilia*: A genus related to but distinct from the existing genus Nautilia of far away.

Telenaxibacter

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Naxibacter*, An existing genus; *Telenaxibacter*: A genus related to but distinct from the existing genus Naxibacter of far away.

Telenecropsobacter

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Necropsobacter*, An existing genus; *Telenecropsobacter*: A genus related to but distinct from the existing genus Necropsobacter of far away.

Telenegadavirga

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Negadavirga*, An existing genus; *Telenegadavirga*: A genus related to but distinct from the existing genus Negadavirga of far away.

Telenegativicoccus

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Negativicoccus*, An existing genus; *Telenegativicoccus*: A genus related to but distinct from the existing genus Negativicoccus of far away.

Teleneiella

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Neiella*, An existing genus; *Teleneiella*: A genus related to but distinct from the existing genus Neiella of far away.

Teleneisseria

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Neisseria*, An existing genus; *Teleneisseria*: A genus related to but distinct from the existing genus Neisseria of far away.

Telenemorella

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Nemorella*, An existing genus; *Telenemorella*: A genus related to but distinct from the existing genus Nemorella of far away.

Telenemorincola

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Nemorincola*, An existing genus; *Telenemorincola*: A genus related to but distinct from the existing genus Nemorincola of far away.

Teleneoasaia

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Neoasaia*, An existing genus; *Teleneoasaia*: A genus related to but distinct from the existing genus Neoasaia of far away.

Teleneobacillus

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Neobacillus*, An existing genus; *Teleneobacillus*: A genus related to but distinct from the existing genus Neobacillus of far away.

Teleneochlamydia

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Neochlamydia*, An existing genus; *Teleneochlamydia*: A genus related to but distinct from the existing genus Neochlamydia of far away.

Teleneokomagataea

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Neokomagataea*, An existing genus; *Teleneokomagataea*: A genus related to but distinct from the existing genus Neokomagataea of far away.

Teleneolyngbya

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Neolyngbya*, An existing genus; *Teleneolyngbya*: A genus related to but distinct from the existing genus Neolyngbya of far away.

Teleneomegalonema

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. neut. n. *Neomegalonema*, An existing genus; *Teleneomegalonema*: A genus related to but distinct from the existing genus Neomegalonema of far away.

Teleneomicrococcus

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Neomicrococcus*, An existing genus; *Teleneomicrococcus*: A genus related to but distinct from the existing genus Neomicrococcus of far away.

Teleneorhizobium

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. neut. n. *Neorhizobium*, An existing genus; *Teleneorhizobium*: A genus related to but distinct from the existing genus Neorhizobium of far away.

Teleneorickettsia

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Neorickettsia*, An existing genus; *Teleneorickettsia*: A genus related to but distinct from the existing genus Neorickettsia of far away.

Teleneoscardovia

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Neoscardovia*, An existing genus; *Teleneoscardovia*: A genus related to but distinct from the existing genus Neoscardovia of far away.

Teleneowestiellopsis

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Neowestiellopsis*, An existing genus; *Teleneowestiellopsis*: A genus related to but distinct from the existing genus Neowestiellopsis of far away.

Teleneptunicella

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Neptunicella*, An existing genus; *Teleneptunicella*: A genus related to but distinct from the existing genus Neptunicella of far away.

Teleneptunicoccus

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Neptunicoccus*, An existing genus; *Teleneptunicoccus*: A genus related to but distinct from the existing genus Neptunicoccus of far away.

Teleneptuniibacter

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Neptuniibacter*, An existing genus; *Teleneptuniibacter*: A genus related to but distinct from the existing genus Neptuniibacter of far away.

Teleneptunitalea

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Neptunitalea*, An existing genus; *Teleneptunitalea*: A genus related to but distinct from the existing genus Neptunitalea of far away.

Teleneptunomonas

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Neptunomonas*, An existing genus; *Teleneptunomonas*: A genus related to but distinct from the existing genus Neptunomonas of far away.

Telenereida

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Nereida*, An existing genus; *Telenereida*: A genus related to but distinct from the existing genus Nereida of far away.

Telenesiotobacter

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Nesiotobacter*, An existing genus; *Telenesiotobacter*: A genus related to but distinct from the existing genus Nesiotobacter of far away.

Telenesterenkonia

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Nesterenkonia*, An existing genus; *Telenesterenkonia*: A genus related to but distinct from the existing genus Nesterenkonia of far away.

Telenevskia

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Nevskia*, An existing genus; *Telenevskia*: A genus related to but distinct from the existing genus Nevskia of far away.

Telenguyenibacter

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Nguyenibacter*, An existing genus; *Telenguyenibacter*: A genus related to but distinct from the existing genus Nguyenibacter of far away.

Teleniabella

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Niabella*, An existing genus; *Teleniabella*: A genus related to but distinct from the existing genus Niabella of far away.

Teleniastella

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Niastella*, An existing genus; *Teleniastella*: A genus related to but distinct from the existing genus Niastella of far away.

Telenibrella

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Nibrella*, An existing genus; *Telenibrella*: A genus related to but distinct from the existing genus Nibrella of far away.

Telenibribacter

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Nibribacter*, An existing genus; *Telenibribacter*: A genus related to but distinct from the existing genus Nibribacter of far away.

Telenibricoccus

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Nibricoccus*, An existing genus; *Telenibricoccus*: A genus related to but distinct from the existing genus Nibricoccus of far away.

Telenicoletella

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Nicoletella*, An existing genus; *Telenicoletella*: A genus related to but distinct from the existing genus Nicoletella of far away.

Teleningiella

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Ningiella*, An existing genus; *Teleningiella*: A genus related to but distinct from the existing genus Ningiella of far away.

Telenioella

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Nioella*, An existing genus; *Telenioella*: A genus related to but distinct from the existing genus Nioella of far away.

Telenitratifractor

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Nitratifractor*, An existing genus; *Telenitratifractor*: A genus related to but distinct from the existing genus Nitratifractor of far away.

Telenitratireductor

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Nitratireductor*, An existing genus; *Telenitratireductor*: A genus related to but distinct from the existing genus Nitratireductor of far away.

Telenitratiruptor

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Nitratiruptor*, An existing genus; *Telenitratiruptor*: A genus related to but distinct from the existing genus Nitratiruptor of far away.

Telenitriliruptor

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Nitriliruptor*, An existing genus; *Telenitriliruptor*: A genus related to but distinct from the existing genus Nitriliruptor of far away.

Telenitrincola

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Nitrincola*, An existing genus; *Telenitrincola*: A genus related to but distinct from the existing genus Nitrincola of far away.

Telenitritalea

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Nitritalea*, An existing genus; *Telenitritalea*: A genus related to but distinct from the existing genus Nitritalea of far away.

Telenitrobacter

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Nitrobacter*, An existing genus; *Telenitrobacter*: A genus related to but distinct from the existing genus Nitrobacter of far away.

Telenitrococcus

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Nitrococcus*, An existing genus; *Telenitrococcus*: A genus related to but distinct from the existing genus Nitrococcus of far away.

Telenitrolancea

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Nitrolancea*, An existing genus; *Telenitrolancea*: A genus related to but distinct from the existing genus Nitrolancea of far away.

Telenitrosarchaeum

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Nitrosarchaeum*, An existing genus; *Telenitrosarchaeum*: A genus related to but distinct from the existing genus Nitrosarchaeum of far away.

Telenitrosococcus

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Nitrosococcus*, An existing genus; *Telenitrosococcus*: A genus related to but distinct from the existing genus Nitrosococcus of far away.

Telenitrosolobus

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Nitrosolobus*, An existing genus; *Telenitrosolobus*: A genus related to but distinct from the existing genus Nitrosolobus of far away.

Telenitrosomonas

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Nitrosomonas*, An existing genus; *Telenitrosomonas*: A genus related to but distinct from the existing genus Nitrosomonas of far away.

Telenitrosopumilus

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Nitrosopumilus*, An existing genus; *Telenitrosopumilus*: A genus related to but distinct from the existing genus Nitrosopumilus of far away.

Telenitrososphaera

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Nitrososphaera*, An existing genus; *Telenitrososphaera*: A genus related to but distinct from the existing genus Nitrososphaera of far away.

Telenitrosospira

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Nitrosospira*, An existing genus; *Telenitrosospira*: A genus related to but distinct from the existing genus Nitrosospira of far away.

Telenitrospina

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Nitrospina*, An existing genus; *Telenitrospina*: A genus related to but distinct from the existing genus Nitrospina of far away.

Telenitrospira

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Nitrospira*, An existing genus; *Telenitrospira*: A genus related to but distinct from the existing genus Nitrospira of far away.

Teleniveibacterium

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Niveibacterium*, An existing genus; *Teleniveibacterium*: A genus related to but distinct from the existing genus Niveibacterium of far away.

Teleniveispirillum

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. dim. n. *Niveispirillum*, An existing genus; *Teleniveispirillum*: A genus related to but distinct from the existing genus Niveispirillum of far away.

Teleniveitalea

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Niveitalea*, An existing genus; *Teleniveitalea*: A genus related to but distinct from the existing genus Niveitalea of far away.

Telenocardia

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Nocardia*, An existing genus; *Telenocardia*: A genus related to but distinct from the existing genus Nocardia of far away.

Telenocardioides

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Nocardioides*, An existing genus; *Telenocardioides*: A genus related to but distinct from the existing genus Nocardioides of far away.

Telenocardiopsis

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Nocardiopsis*, An existing genus; *Telenocardiopsis*: A genus related to but distinct from the existing genus Nocardiopsis of far away.

Telenodosilinea

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Nodosilinea*, An existing genus; *Telenodosilinea*: A genus related to but distinct from the existing genus Nodosilinea of far away.

Telenonhongiella

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Nonhongiella*, An existing genus; *Telenonhongiella*: A genus related to but distinct from the existing genus Nonhongiella of far away.

Telenonomuraea

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Nonomuraea*, An existing genus; *Telenonomuraea*: A genus related to but distinct from the existing genus Nonomuraea of far away.

Telenosocomiicoccus

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Nosocomiicoccus*, An existing genus; *Telenosocomiicoccus*: A genus related to but distinct from the existing genus Nosocomiicoccus of far away.

Telenostoc

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Nostoc*, An existing genus; *Telenostoc*: A genus related to but distinct from the existing genus Nostoc of far away.

Telenotoacmeibacter

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Notoacmeibacter*, An existing genus; *Telenotoacmeibacter*: A genus related to but distinct from the existing genus Notoacmeibacter of far away.

Telenovibacillus

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Novibacillus*, An existing genus; *Telenovibacillus*: A genus related to but distinct from the existing genus Novibacillus of far away.

Telenoviherbaspirillum

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. dim. n. *Noviherbaspirillum*, An existing genus; *Telenoviherbaspirillum*: A genus related to but distinct from the existing genus Noviherbaspirillum of far away.

Telenovimethylophilus

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Novimethylophilus*, An existing genus; *Telenovimethylophilus*: A genus related to but distinct from the existing genus Novimethylophilus of far away.

Telenovipirellula

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Novipirellula*, An existing genus; *Telenovipirellula*: A genus related to but distinct from the existing genus Novipirellula of far away.

Telenovispirillum

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. dim. n. *Novispirillum*, An existing genus; *Telenovispirillum*: A genus related to but distinct from the existing genus Novispirillum of far away.

Telenovosphingobium

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Novosphingobium*, An existing genus; *Telenovosphingobium*: A genus related to but distinct from the existing genus Novosphingobium of far away.

Telenovosphingopyxis

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Novosphingopyxis*, An existing genus; *Telenovosphingopyxis*: A genus related to but distinct from the existing genus Novosphingopyxis of far away.

Telenubsella

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Nubsella*, An existing genus; *Telenubsella*: A genus related to but distinct from the existing genus Nubsella of far away.

Telenumidum

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Numidum*, An existing genus; *Telenumidum*: A genus related to but distinct from the existing genus Numidum of far away.

Teleobesumbacterium

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Obesumbacterium*, An existing genus; *Teleobesumbacterium*: A genus related to but distinct from the existing genus Obesumbacterium of far away.

Teleoblitimonas

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Oblitimonas*, An existing genus; *Teleoblitimonas*: A genus related to but distinct from the existing genus Oblitimonas of far away.

Teleoccallatibacter

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Occallatibacter*, An existing genus; *Teleoccallatibacter*: A genus related to but distinct from the existing genus Occallatibacter of far away.

Teleoccidentia

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Occidentia*, An existing genus; *Teleoccidentia*: A genus related to but distinct from the existing genus Occidentia of far away.

Teleoceanibacterium

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Oceanibacterium*, An existing genus; *Teleoceanibacterium*: A genus related to but distinct from the existing genus Oceanibacterium of far away.

Teleoceanibaculum

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Oceanibaculum*, An existing genus; *Teleoceanibaculum*: A genus related to but distinct from the existing genus Oceanibaculum of far away.

Teleoceanibium

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Oceanibium*, An existing genus; *Teleoceanibium*: A genus related to but distinct from the existing genus Oceanibium of far away.

Teleoceanicella

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Oceanicella*, An existing genus; *Teleoceanicella*: A genus related to but distinct from the existing genus Oceanicella of far away.

Teleoceanicoccus

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Oceanicoccus*, An existing genus; *Teleoceanicoccus*: A genus related to but distinct from the existing genus Oceanicoccus of far away.

Teleoceanicola

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Oceanicola*, An existing genus; *Teleoceanicola*: A genus related to but distinct from the existing genus Oceanicola of far away.

Teleoceaniglobus

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Oceaniglobus*, An existing genus; *Teleoceaniglobus*: A genus related to but distinct from the existing genus Oceaniglobus of far away.

Teleoceanimonas

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Oceanimonas*, An existing genus; *Teleoceanimonas*: A genus related to but distinct from the existing genus Oceanimonas of far away.

Teleoceaniradius

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Oceaniradius*, An existing genus; *Teleoceaniradius*: A genus related to but distinct from the existing genus Oceaniradius of far away.

Teleoceanirhabdus

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Oceanirhabdus*, An existing genus; *Teleoceanirhabdus*: A genus related to but distinct from the existing genus Oceanirhabdus of far away.

Teleoceanisphaera

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Oceanisphaera*, An existing genus; *Teleoceanisphaera*: A genus related to but distinct from the existing genus Oceanisphaera of far away.

Teleoceanispirochaeta

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Oceanispirochaeta*, An existing genus; *Teleoceanispirochaeta*: A genus related to but distinct from the existing genus Oceanispirochaeta of far away.

Teleoceanitalea

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Oceanitalea*, An existing genus; *Teleoceanitalea*: A genus related to but distinct from the existing genus Oceanitalea of far away.

Teleoceanithermus

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Oceanithermus*, An existing genus; *Teleoceanithermus*: A genus related to but distinct from the existing genus Oceanithermus of far away.

Teleoceanivirga

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Oceanivirga*, An existing genus; *Teleoceanivirga*: A genus related to but distinct from the existing genus Oceanivirga of far away.

Teleoceanobacillus

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Oceanobacillus*, An existing genus; *Teleoceanobacillus*: A genus related to but distinct from the existing genus Oceanobacillus of far away.

Teleoceanobacter

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Oceanobacter*, An existing genus; *Teleoceanobacter*: A genus related to but distinct from the existing genus Oceanobacter of far away.

Teleoceanococcus

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Oceanococcus*, An existing genus; *Teleoceanococcus*: A genus related to but distinct from the existing genus Oceanococcus of far away.

Teleoceanospirillum

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. dim. n. *Oceanospirillum*, An existing genus; *Teleoceanospirillum*: A genus related to but distinct from the existing genus Oceanospirillum of far away.

Teleoceanotoga

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Oceanotoga*, An existing genus; *Teleoceanotoga*: A genus related to but distinct from the existing genus Oceanotoga of far away.

Teleochrobactrum

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Ochrobactrum*, An existing genus; *Teleochrobactrum*: A genus related to but distinct from the existing genus Ochrobactrum of far away.

Teleochrovirga

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Ochrovirga*, An existing genus; *Teleochrovirga*: A genus related to but distinct from the existing genus Ochrovirga of far away.

Teleoctadecabacter

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Octadecabacter*, An existing genus; *Teleoctadecabacter*: A genus related to but distinct from the existing genus Octadecabacter of far away.

Teleoculatella

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Oculatella*, An existing genus; *Teleoculatella*: A genus related to but distinct from the existing genus Oculatella of far away.

Teleodorella

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Odorella*, An existing genus; *Teleodorella*: A genus related to but distinct from the existing genus Odorella of far away.

Teleodoribacter

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Odoribacter*, An existing genus; *Teleodoribacter*: A genus related to but distinct from the existing genus Odoribacter of far away.

Teleoenococcus

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Oenococcus*, An existing genus; *Teleoenococcus*: A genus related to but distinct from the existing genus Oenococcus of far away.

Teleoerskovia

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Oerskovia*, An existing genus; *Teleoerskovia*: A genus related to but distinct from the existing genus Oerskovia of far away.

Teleoharaeibacter

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Oharaeibacter*, An existing genus; *Teleoharaeibacter*: A genus related to but distinct from the existing genus Oharaeibacter of far away.

Teleohtaekwangia

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Ohtaekwangia*, An existing genus; *Teleohtaekwangia*: A genus related to but distinct from the existing genus Ohtaekwangia of far away.

Teleokeania

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Okeania*, An existing genus; *Teleokeania*: A genus related to but distinct from the existing genus Okeania of far away.

Teleokibacterium

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. neut. n. *Okibacterium*, An existing genus; *Teleokibacterium*: A genus related to but distinct from the existing genus Okibacterium of far away.

Teleolegusella

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Olegusella*, An existing genus; *Teleolegusella*: A genus related to but distinct from the existing genus Olegusella of far away.

Teleoleiagrimonas

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Oleiagrimonas*, An existing genus; *Teleoleiagrimonas*: A genus related to but distinct from the existing genus Oleiagrimonas of far away.

Teleoleibacter

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Oleibacter*, An existing genus; *Teleoleibacter*: A genus related to but distinct from the existing genus Oleibacter of far away.

Teleoleiharenicola

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Oleiharenicola*, An existing genus; *Teleoleiharenicola*: A genus related to but distinct from the existing genus Oleiharenicola of far away.

Teleoleiliquidispirillum

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. neut. dim. n. *Oleiliquidispirillum*, An existing genus; *Teleoleiliquidispirillum*: A genus related to but distinct from the existing genus Oleiliquidispirillum of far away.

Teleoleisolibacter

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Oleisolibacter*, An existing genus; *Teleoleisolibacter*: A genus related to but distinct from the existing genus Oleisolibacter of far away.

Teleoleispira

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Oleispira*, An existing genus; *Teleoleispira*: A genus related to but distinct from the existing genus Oleispira of far away.

Teleoligella

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Oligella*, An existing genus; *Teleoligella*: A genus related to but distinct from the existing genus Oligella of far away.

Teleoligoflexus

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Oligoflexus*, An existing genus; *Teleoligoflexus*: A genus related to but distinct from the existing genus Oligoflexus of far away.

Teleoligosphaera

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Oligosphaera*, An existing genus; *Teleoligosphaera*: A genus related to but distinct from the existing genus Oligosphaera of far away.

Teleoligotropha

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Oligotropha*, An existing genus; *Teleoligotropha*: A genus related to but distinct from the existing genus Oligotropha of far away.

Teleolivibacter

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Olivibacter*, An existing genus; *Teleolivibacter*: A genus related to but distinct from the existing genus Olivibacter of far away.

Teleolleya

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Olleya*, An existing genus; *Teleolleya*: A genus related to but distinct from the existing genus Olleya of far away.

Teleolsenella

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Olsenella*, An existing genus; *Teleolsenella*: A genus related to but distinct from the existing genus Olsenella of far away.

Teleonodrimia

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Onodrimia*, An existing genus; *Teleonodrimia*: A genus related to but distinct from the existing genus Onodrimia of far away.

Teleopitutus

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Opitutus*, An existing genus; *Teleopitutus*: A genus related to but distinct from the existing genus Opitutus of far away.

Teleorenia

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Orenia*, An existing genus; *Teleorenia*: A genus related to but distinct from the existing genus Orenia of far away.

Teleoribacterium

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Oribacterium*, An existing genus; *Teleoribacterium*: A genus related to but distinct from the existing genus Oribacterium of far away.

Teleoribaculum

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Oribaculum*, An existing genus; *Teleoribaculum*: A genus related to but distinct from the existing genus Oribaculum of far away.

Teleoricola

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Oricola*, An existing genus; *Teleoricola*: A genus related to but distinct from the existing genus Oricola of far away.

Teleornatilinea

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Ornatilinea*, An existing genus; *Teleornatilinea*: A genus related to but distinct from the existing genus Ornatilinea of far away.

Teleornithinibacillus

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Ornithinibacillus*, An existing genus; *Teleornithinibacillus*: A genus related to but distinct from the existing genus Ornithinibacillus of far away.

Teleornithinibacter

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Ornithinibacter*, An existing genus; *Teleornithinibacter*: A genus related to but distinct from the existing genus Ornithinibacter of far away.

Teleornithinicoccus

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Ornithinicoccus*, An existing genus; *Teleornithinicoccus*: A genus related to but distinct from the existing genus Ornithinicoccus of far away.

Teleornithinimicrobium

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. neut. n. *Ornithinimicrobium*, An existing genus; *Teleornithinimicrobium*: A genus related to but distinct from the existing genus Ornithinimicrobium of far away.

Teleornithobacterium

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. neut. n. *Ornithobacterium*, An existing genus; *Teleornithobacterium*: A genus related to but distinct from the existing genus Ornithobacterium of far away.

Teleorrella

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Orrella*, An existing genus; *Teleorrella*: A genus related to but distinct from the existing genus Orrella of far away.

Teleoryzihumus

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Oryzihumus*, An existing genus; *Teleoryzihumus*: A genus related to but distinct from the existing genus Oryzihumus of far away.

Teleoryzisolibacter

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Oryzisolibacter*, An existing genus; *Teleoryzisolibacter*: A genus related to but distinct from the existing genus Oryzisolibacter of far away.

Teleoryzobacter

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Oryzobacter*, An existing genus; *Teleoryzobacter*: A genus related to but distinct from the existing genus Oryzobacter of far away.

Teleoryzomicrobium

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. neut. n. *Oryzomicrobium*, An existing genus; *Teleoryzomicrobium*: A genus related to but distinct from the existing genus Oryzomicrobium of far away.

Teleoryzomonas

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Oryzomonas*, An existing genus; *Teleoryzomonas*: A genus related to but distinct from the existing genus Oryzomonas of far away.

Teleoscillatoria

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Oscillatoria*, An existing genus; *Teleoscillatoria*: A genus related to but distinct from the existing genus Oscillatoria of far away.

Teleoscillibacter

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Oscillibacter*, An existing genus; *Teleoscillibacter*: A genus related to but distinct from the existing genus Oscillibacter of far away.

Teleoscillochloris

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Oscillochloris*, An existing genus; *Teleoscillochloris*: A genus related to but distinct from the existing genus Oscillochloris of far away.

Teleoscillospira

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Oscillospira*, An existing genus; *Teleoscillospira*: A genus related to but distinct from the existing genus Oscillospira of far away.

Teleotariodibacter

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Otariodibacter*, An existing genus; *Teleotariodibacter*: A genus related to but distinct from the existing genus Otariodibacter of far away.

Teleottowia

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Ottowia*, An existing genus; *Teleottowia*: A genus related to but distinct from the existing genus Ottowia of far away.

Teleowenweeksia

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Owenweeksia*, An existing genus; *Teleowenweeksia*: A genus related to but distinct from the existing genus Owenweeksia of far away.

Teleoxalobacter

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Oxalobacter*, An existing genus; *Teleoxalobacter*: A genus related to but distinct from the existing genus Oxalobacter of far away.

Teleoxalophagus

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Oxalophagus*, An existing genus; *Teleoxalophagus*: A genus related to but distinct from the existing genus Oxalophagus of far away.

Teleoxobacter

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Oxobacter*, An existing genus; *Teleoxobacter*: A genus related to but distinct from the existing genus Oxobacter of far away.

Teleoxynema

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. neut. n. *Oxynema*, An existing genus; *Teleoxynema*: A genus related to but distinct from the existing genus Oxynema of far away.

Telepacificibacter

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Pacificibacter*, An existing genus; *Telepacificibacter*: A genus related to but distinct from the existing genus Pacificibacter of far away.

Telepaenactinomyces

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Paenactinomyces*, An existing genus; *Telepaenactinomyces*: A genus related to but distinct from the existing genus Paenactinomyces of far away.

Telepaenalcaligenes

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Paenalcaligenes*, An existing genus; *Telepaenalcaligenes*: A genus related to but distinct from the existing genus Paenalcaligenes of far away.

Telepaenarthrobacter

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Paenarthrobacter*, An existing genus; *Telepaenarthrobacter*: A genus related to but distinct from the existing genus Paenarthrobacter of far away.

Telepaenibacillus

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Paenibacillus*, An existing genus; *Telepaenibacillus*: A genus related to but distinct from the existing genus Paenibacillus of far away.

Telepaeniclostridium

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. neut. dim. n. *Paeniclostridium*, An existing genus; *Telepaeniclostridium*: A genus related to but distinct from the existing genus Paeniclostridium of far away.

Telepaeniglutamicibacter

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Paeniglutamicibacter*, An existing genus; *Telepaeniglutamicibacter*: A genus related to but distinct from the existing genus Paeniglutamicibacter of far away.

Telepaenimaribius

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Paenimaribius*, An existing genus; *Telepaenimaribius*: A genus related to but distinct from the existing genus Paenimaribius of far away.

Telepaenirhodobacter

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Paenirhodobacter*, An existing genus; *Telepaenirhodobacter*: A genus related to but distinct from the existing genus Paenirhodobacter of far away.

Telepaenisporosarcina

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Paenisporosarcina*, An existing genus; *Telepaenisporosarcina*: A genus related to but distinct from the existing genus Paenisporosarcina of far away.

Telepaenochrobactrum

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. neut. n. *Paenochrobactrum*, An existing genus; *Telepaenochrobactrum*: A genus related to but distinct from the existing genus Paenochrobactrum of far away.

Telepalaeococcus

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Palaeococcus*, An existing genus; *Telepalaeococcus*: A genus related to but distinct from the existing genus Palaeococcus of far away.

Telepalleronia

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Palleronia*, An existing genus; *Telepalleronia*: A genus related to but distinct from the existing genus Palleronia of far away.

Telepaludibacterium

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. neut. n. *Paludibacterium*, An existing genus; *Telepaludibacterium*: A genus related to but distinct from the existing genus Paludibacterium of far away.

Telepaludibaculum

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. neut. n. *Paludibaculum*, An existing genus; *Telepaludibaculum*: A genus related to but distinct from the existing genus Paludibaculum of far away.

Telepaludicola

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Paludicola*, An existing genus; *Telepaludicola*: A genus related to but distinct from the existing genus Paludicola of far away.

Telepaludifilum

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. neut. n. *Paludifilum*, An existing genus; *Telepaludifilum*: A genus related to but distinct from the existing genus Paludifilum of far away.

Telepaludisphaera

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Paludisphaera*, An existing genus; *Telepaludisphaera*: A genus related to but distinct from the existing genus Paludisphaera of far away.

Telepanacagrimonas

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Panacagrimonas*, An existing genus; *Telepanacagrimonas*: A genus related to but distinct from the existing genus Panacagrimonas of far away.

Telepanacibacter

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Panacibacter*, An existing genus; *Telepanacibacter*: A genus related to but distinct from the existing genus Panacibacter of far away.

Telepandoraea

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Pandoraea*, An existing genus; *Telepandoraea*: A genus related to but distinct from the existing genus Pandoraea of far away.

Telepannonibacter

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Pannonibacter*, An existing genus; *Telepannonibacter*: A genus related to but distinct from the existing genus Pannonibacter of far away.

Telepannus

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Pannus*, An existing genus; *Telepannus*: A genus related to but distinct from the existing genus Pannus of far away.

Telepantanalinema

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Pantanalinema*, An existing genus; *Telepantanalinema*: A genus related to but distinct from the existing genus Pantanalinema of far away.

Telepantoea

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Pantoea*, An existing genus; *Telepantoea*: A genus related to but distinct from the existing genus Pantoea of far away.

Telepapillibacter

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Papillibacter*, An existing genus; *Telepapillibacter*: A genus related to but distinct from the existing genus Papillibacter of far away.

Teleparabacteroides

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Parabacteroides*, An existing genus; *Teleparabacteroides*: A genus related to but distinct from the existing genus Parabacteroides of far away.

Teleparablastomonas

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Parablastomonas*, An existing genus; *Teleparablastomonas*: A genus related to but distinct from the existing genus Parablastomonas of far away.

Teleparaburkholderia

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Paraburkholderia*, An existing genus; *Teleparaburkholderia*: A genus related to but distinct from the existing genus Paraburkholderia of far away.

Teleparacandidimonas

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Paracandidimonas*, An existing genus; *Teleparacandidimonas*: A genus related to but distinct from the existing genus Paracandidimonas of far away.

Teleparachlamydia

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Parachlamydia*, An existing genus; *Teleparachlamydia*: A genus related to but distinct from the existing genus Parachlamydia of far away.

Teleparaclostridium

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. dim. n. *Paraclostridium*, An existing genus; *Teleparaclostridium*: A genus related to but distinct from the existing genus Paraclostridium of far away.

Teleparacnuella

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Paracnuella*, An existing genus; *Teleparacnuella*: A genus related to but distinct from the existing genus Paracnuella of far away.

Teleparacoccus

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Paracoccus*, An existing genus; *Teleparacoccus*: A genus related to but distinct from the existing genus Paracoccus of far away.

Teleparaconexibacter

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Paraconexibacter*, An existing genus; *Teleparaconexibacter*: A genus related to but distinct from the existing genus Paraconexibacter of far away.

Teleparacraurococcus

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Paracraurococcus*, An existing genus; *Teleparacraurococcus*: A genus related to but distinct from the existing genus Paracraurococcus of far away.

Teleparadesulfovibrio

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Paradesulfovibrio*, An existing genus; *Teleparadesulfovibrio*: A genus related to but distinct from the existing genus Paradesulfovibrio of far away.

Teleparadevosia

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Paradevosia*, An existing genus; *Teleparadevosia*: A genus related to but distinct from the existing genus Paradevosia of far away.

Teleparadonghicola

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Paradonghicola*, An existing genus; *Teleparadonghicola*: A genus related to but distinct from the existing genus Paradonghicola of far away.

Teleparaeggerthella

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Paraeggerthella*, An existing genus; *Teleparaeggerthella*: A genus related to but distinct from the existing genus Paraeggerthella of far away.

Teleparaferrimonas

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Paraferrimonas*, An existing genus; *Teleparaferrimonas*: A genus related to but distinct from the existing genus Paraferrimonas of far away.

Teleparafilimonas

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Parafilimonas*, An existing genus; *Teleparafilimonas*: A genus related to but distinct from the existing genus Parafilimonas of far away.

Teleparaflavitalea

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Paraflavitalea*, An existing genus; *Teleparaflavitalea*: A genus related to but distinct from the existing genus Paraflavitalea of far away.

Teleparafrigoribacterium

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. neut. n. *Parafrigoribacterium*, An existing genus; *Teleparafrigoribacterium*: A genus related to but distinct from the existing genus Parafrigoribacterium of far away.

Teleparageobacillus

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Parageobacillus*, An existing genus; *Teleparageobacillus*: A genus related to but distinct from the existing genus Parageobacillus of far away.

Teleparaglaciecola

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Paraglaciecola*, An existing genus; *Teleparaglaciecola*: A genus related to but distinct from the existing genus Paraglaciecola of far away.

Teleparaglycomyces

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Paraglycomyces*, An existing genus; *Teleparaglycomyces*: A genus related to but distinct from the existing genus Paraglycomyces of far away.

Teleparahaliea

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Parahaliea*, An existing genus; *Teleparahaliea*: A genus related to but distinct from the existing genus Parahaliea of far away.

Teleparaherbaspirillum

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. dim. n. *Paraherbaspirillum*, An existing genus; *Teleparaherbaspirillum*: A genus related to but distinct from the existing genus Paraherbaspirillum of far away.

Teleparalactobacillus

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Paralactobacillus*, An existing genus; *Teleparalactobacillus*: A genus related to but distinct from the existing genus Paralactobacillus of far away.

Teleparalcaligenes

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Paralcaligenes*, An existing genus; *Teleparalcaligenes*: A genus related to but distinct from the existing genus Paralcaligenes of far away.

Teleparaliobacillus

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Paraliobacillus*, An existing genus; *Teleparaliobacillus*: A genus related to but distinct from the existing genus Paraliobacillus of far away.

Teleparalkalibacillus

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Paralkalibacillus*, An existing genus; *Teleparalkalibacillus*: A genus related to but distinct from the existing genus Paralkalibacillus of far away.

Teleparamaledivibacter

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Paramaledivibacter*, An existing genus; *Teleparamaledivibacter*: A genus related to but distinct from the existing genus Paramaledivibacter of far away.

Teleparamesonia

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Paramesonia*, An existing genus; *Teleparamesonia*: A genus related to but distinct from the existing genus Paramesonia of far away.

Teleparamoritella

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Paramoritella*, An existing genus; *Teleparamoritella*: A genus related to but distinct from the existing genus Paramoritella of far away.

Teleparamuribaculum

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. neut. n. *Paramuribaculum*, An existing genus; *Teleparamuribaculum*: A genus related to but distinct from the existing genus Paramuribaculum of far away.

Teleparaoerskovia

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Paraoerskovia*, An existing genus; *Teleparaoerskovia*: A genus related to but distinct from the existing genus Paraoerskovia of far away.

Teleparapedobacter

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Parapedobacter*, An existing genus; *Teleparapedobacter*: A genus related to but distinct from the existing genus Parapedobacter of far away.

Teleparaperlucidibaca

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Paraperlucidibaca*, An existing genus; *Teleparaperlucidibaca*: A genus related to but distinct from the existing genus Paraperlucidibaca of far away.

Teleparaphaeobacter

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Paraphaeobacter*, An existing genus; *Teleparaphaeobacter*: A genus related to but distinct from the existing genus Paraphaeobacter of far away.

Teleparaphotobacterium

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. neut. n. *Paraphotobacterium*, An existing genus; *Teleparaphotobacterium*: A genus related to but distinct from the existing genus Paraphotobacterium of far away.

Teleparaprevotella

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Paraprevotella*, An existing genus; *Teleparaprevotella*: A genus related to but distinct from the existing genus Paraprevotella of far away.

Teleparapseudoflavitalea

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Parapseudoflavitalea*, An existing genus; *Teleparapseudoflavitalea*: A genus related to but distinct from the existing genus Parapseudoflavitalea of far away.

Teleparapusillimonas

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Parapusillimonas*, An existing genus; *Teleparapusillimonas*: A genus related to but distinct from the existing genus Parapusillimonas of far away.

Teleparareticibacter

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Pararcticibacter*, An existing genus; *Teleparareticibacter*: A genus related to but distinct from the existing genus Pararcticibacter of far away.

Telepararheinheimera

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Pararheinheimera*, An existing genus; *Telepararheinheimera*: A genus related to but distinct from the existing genus Pararheinheimera of far away.

Telepararhizobium

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. neut. n. *Pararhizobium*, An existing genus; *Telepararhizobium*: A genus related to but distinct from the existing genus Pararhizobium of far away.

Telepararhodobacter

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Pararhodobacter*, An existing genus; *Telepararhodobacter*: A genus related to but distinct from the existing genus Pararhodobacter of far away.

Telepararhodospirillum

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. neut. dim. n. *Pararhodospirillum*, An existing genus; *Telepararhodospirillum*: A genus related to but distinct from the existing genus Pararhodospirillum of far away.

Telepararobbsia

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Pararobbsia*, An existing genus; *Telepararobbsia*: A genus related to but distinct from the existing genus Pararobbsia of far away.

Teleparasaccharibacter

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Parasaccharibacter*, An existing genus; *Teleparasaccharibacter*: A genus related to but distinct from the existing genus Parasaccharibacter of far away.

Teleparascardovia

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Parascardovia*, An existing genus; *Teleparascardovia*: A genus related to but distinct from the existing genus Parascardovia of far away.

Teleparasedimentitalea

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Parasedimentitalea*, An existing genus; *Teleparasedimentitalea*: A genus related to but distinct from the existing genus Parasedimentitalea of far away.

Teleparasediminibacterium

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. neut. n. *Parasediminibacterium*, An existing genus; *Teleparasediminibacterium*: A genus related to but distinct from the existing genus Parasediminibacterium of far away.

Teleparasegetibacter

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Parasegetibacter*, An existing genus; *Teleparasegetibacter*: A genus related to but distinct from the existing genus Parasegetibacter of far away.

Teleparashewanella

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Parashewanella*, An existing genus; *Teleparashewanella*: A genus related to but distinct from the existing genus Parashewanella of far away.

Teleparasphaerochaeta

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Parasphaerochaeta*, An existing genus; *Teleparasphaerochaeta*: A genus related to but distinct from the existing genus Parasphaerochaeta of far away.

Teleparasphingopyxis

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Parasphingopyxis*, An existing genus; *Teleparasphingopyxis*: A genus related to but distinct from the existing genus Parasphingopyxis of far away.

Teleparasphingorhabdus

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Parasphingorhabdus*, An existing genus; *Teleparasphingorhabdus*: A genus related to but distinct from the existing genus Parasphingorhabdus of far away.

Teleparasporobacterium

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. neut. n. *Parasporobacterium*, An existing genus; *Teleparasporobacterium*: A genus related to but distinct from the existing genus Parasporobacterium of far away.

Teleparasutterella

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Parasutterella*, An existing genus; *Teleparasutterella*: A genus related to but distinct from the existing genus Parasutterella of far away.

Teleparemcibacter

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Paremcibacter*, An existing genus; *Teleparemcibacter*: A genus related to but distinct from the existing genus Paremcibacter of far away.

Teleparendozoicomonas

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Parendozoicomonas*, An existing genus; *Teleparendozoicomonas*: A genus related to but distinct from the existing genus Parendozoicomonas of far away.

Teleparoceanicella

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Paroceanicella*, An existing genus; *Teleparoceanicella*: A genus related to but distinct from the existing genus Paroceanicella of far away.

Teleparolsenella

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Parolsenella*, An existing genus; *Teleparolsenella*: A genus related to but distinct from the existing genus Parolsenella of far away.

Teleparvibium

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Parvibium*, An existing genus; *Teleparvibium*: A genus related to but distinct from the existing genus Parvibium of far away.

Teleparvimonas

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Parvimonas*, An existing genus; *Teleparvimonas*: A genus related to but distinct from the existing genus Parvimonas of far away.

Teleparviterribacter

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Parviterribacter*, An existing genus; *Teleparviterribacter*: A genus related to but distinct from the existing genus Parviterribacter of far away.

Teleparvularcula

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Parvularcula*, An existing genus; *Teleparvularcula*: A genus related to but distinct from the existing genus Parvularcula of far away.

Telepasteurella

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Pasteurella*, An existing genus; *Telepasteurella*: A genus related to but distinct from the existing genus Pasteurella of far away.

Telepasteuria

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Pasteuria*, An existing genus; *Telepasteuria*: A genus related to but distinct from the existing genus Pasteuria of far away.

Telepatiriisocius

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Patiriisocius*, An existing genus; *Telepatiriisocius*: A genus related to but distinct from the existing genus Patiriisocius of far away.

Telepatulibacter

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Patulibacter*, An existing genus; *Telepatulibacter*: A genus related to but distinct from the existing genus Patulibacter of far away.

Telepaucibacter

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Paucibacter*, An existing genus; *Telepaucibacter*: A genus related to but distinct from the existing genus Paucibacter of far away.

Telepaucilactobacillus

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Paucilactobacillus*, An existing genus; *Telepaucilactobacillus*: A genus related to but distinct from the existing genus Paucilactobacillus of far away.

Telepaucimonas

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Paucimonas*, An existing genus; *Telepaucimonas*: A genus related to but distinct from the existing genus Paucimonas of far away.

Telepaucisalibacillus

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Paucisalibacillus*, An existing genus; *Telepaucisalibacillus*: A genus related to but distinct from the existing genus Paucisalibacillus of far away.

Telepauljensenia

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Pauljensenia*, An existing genus; *Telepauljensenia*: A genus related to but distinct from the existing genus Pauljensenia of far away.

Telepectinatus

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Pectinatus*, An existing genus; *Telepectinatus*: A genus related to but distinct from the existing genus Pectinatus of far away.

Telepectobacterium

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Pectobacterium*, An existing genus; *Telepectobacterium*: A genus related to but distinct from the existing genus Pectobacterium of far away.

Telepediococcus

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Pediococcus*, An existing genus; *Telepediococcus*: A genus related to but distinct from the existing genus Pediococcus of far away.

Telepedobacter

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Pedobacter*, An existing genus; *Telepedobacter*: A genus related to but distinct from the existing genus Pedobacter of far away.

Telepedococcus

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Pedococcus*, An existing genus; *Telepedococcus*: A genus related to but distinct from the existing genus Pedococcus of far away.

Telepedomicrobium

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. neut. n. *Pedomicrobium*, An existing genus; *Telepedomicrobium*: A genus related to but distinct from the existing genus Pedomicrobium of far away.

Telepegethrix

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Pegethrix*, An existing genus; *Telepegethrix*: A genus related to but distinct from the existing genus Pegethrix of far away.

Telepelagibaca

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Pelagibaca*, An existing genus; *Telepelagibaca*: A genus related to but distinct from the existing genus Pelagibaca of far away.

Telepelagibacillus

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Pelagibacillus*, An existing genus; *Telepelagibacillus*: A genus related to but distinct from the existing genus Pelagibacillus of far away.

Telepelagibacterium

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. neut. n. *Pelagibacterium*, An existing genus; *Telepelagibacterium*: A genus related to but distinct from the existing genus Pelagibacterium of far away.

Telepelagibaculum

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Pelagibaculum*, An existing genus; *Telepelagibaculum*: A genus related to but distinct from the existing genus Pelagibaculum of far away.

Telepelagibius

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Pelagibius*, An existing genus; *Telepelagibius*: A genus related to but distinct from the existing genus Pelagibius of far away.

Telepelagicoccus

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Pelagicoccus*, An existing genus; *Telepelagicoccus*: A genus related to but distinct from the existing genus Pelagicoccus of far away.

Telepelagicola

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Pelagicola*, An existing genus; *Telepelagicola*: A genus related to but distinct from the existing genus Pelagicola of far away.

Telepelagihabitans

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Pelagihabitans*, An existing genus; *Telepelagihabitans*: A genus related to but distinct from the existing genus Pelagihabitans of far away.

Telepelagimonas

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Pelagimonas*, An existing genus; *Telepelagimonas*: A genus related to but distinct from the existing genus Pelagimonas of far away.

Telepelagirhabdus

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Pelagirhabdus*, An existing genus; *Telepelagirhabdus*: A genus related to but distinct from the existing genus Pelagirhabdus of far away.

Telepelagitalea

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Pelagitalea*, An existing genus; *Telepelagitalea*: A genus related to but distinct from the existing genus Pelagitalea of far away.

Telepelagivirga

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Pelagivirga*, An existing genus; *Telepelagivirga*: A genus related to but distinct from the existing genus Pelagivirga of far away.

Telepelczaria

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Pelczaria*, An existing genus; *Telepelczaria*: A genus related to but distinct from the existing genus Pelczaria of far away.

Telepelistega

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Pelistega*, An existing genus; *Telepelistega*: A genus related to but distinct from the existing genus Pelistega of far away.

Telepelobium

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Pelobium*, An existing genus; *Telepelobium*: A genus related to but distinct from the existing genus Pelobium of far away.

Telepelodictyon

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Pelodictyon*, An existing genus; *Telepelodictyon*: A genus related to but distinct from the existing genus Pelodictyon of far away.

Telepelolinea

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Pelolinea*, An existing genus; *Telepelolinea*: A genus related to but distinct from the existing genus Pelolinea of far away.

Telepelomicrobium

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Pelomicrobium*, An existing genus; *Telepelomicrobium*: A genus related to but distinct from the existing genus Pelomicrobium of far away.

Telepelomonas

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Pelomonas*, An existing genus; *Telepelomonas*: A genus related to but distinct from the existing genus Pelomonas of far away.

Telepeloploca

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Peploploca*, An existing genus; *Telepeloploca*: A genus related to but distinct from the existing genus Peploploca of far away.

Telepelosinus

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Pelosinus*, An existing genus; *Telepelosinus*: A genus related to but distinct from the existing genus Pelosinus of far away.

Telepelospora

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Pelospora*, An existing genus; *Telepelospora*: A genus related to but distinct from the existing genus Pelospora of far away.

Telepelotomaculum

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. neut. n. *Pelotomaculum*, An existing genus; *Telepelotomaculum*: A genus related to but distinct from the existing genus Pelotomaculum of far away.

Telepeptacetobacter

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Peptacetobacter*, An existing genus; *Telepeptacetobacter*: A genus related to but distinct from the existing genus Peptacetobacter of far away.

Telepeptidiphaga

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Peptidiphaga*, An existing genus; *Telepeptidiphaga*: A genus related to but distinct from the existing genus Peptidiphaga of far away.

Telepeptoanaerobacter

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Peptoanaerobacter*, An existing genus; *Telepeptoanaerobacter*: A genus related to but distinct from the existing genus Peptoanaerobacter of far away.

Telepeptoclostridium

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. neut. dim. n. *Peptoclostridium*, An existing genus; *Telepeptoclostridium*: A genus related to but distinct from the existing genus Peptoclostridium of far away.

Telepeptococcus

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Peptococcus*, An existing genus; *Telepeptococcus*: A genus related to but distinct from the existing genus Peptococcus of far away.

Telepeptoniphilus

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Peptoniphilus*, An existing genus; *Telepeptoniphilus*: A genus related to but distinct from the existing genus Peptoniphilus of far away.

Telepeptostreptococcus

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Peptostreptococcus*, An existing genus; *Telepeptostreptococcus*: A genus related to but distinct from the existing genus Peptostreptococcus of far away.

Teleperedibacter

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Peredibacter*, An existing genus; *Teleperedibacter*: A genus related to but distinct from the existing genus Peredibacter of far away.

Teleperexilibacter

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Perexilibacter*, An existing genus; *Teleperexilibacter*: A genus related to but distinct from the existing genus Perexilibacter of far away.

Teleperibacillus

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Peribacillus*, An existing genus; *Teleperibacillus*: A genus related to but distinct from the existing genus Peribacillus of far away.

Teleperlucidibaca

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Perlucidibaca*, An existing genus; *Teleperlucidibaca*: A genus related to but distinct from the existing genus Perlucidibaca of far away.

Telepermianibacter

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Permianibacter*, An existing genus; *Telepermianibacter*: A genus related to but distinct from the existing genus Permianibacter of far away.

Telepersicimonas

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Persicimonas*, An existing genus; *Telepersicimonas*: A genus related to but distinct from the existing genus Persicimonas of far away.

Telepersicirhabdus

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Persicirhabdus*, An existing genus; *Telepersicirhabdus*: A genus related to but distinct from the existing genus Persicirhabdus of far away.

Telepersicitalea

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Persicitalea*, An existing genus; *Telepersicitalea*: A genus related to but distinct from the existing genus Persicitalea of far away.

Telepersicivirga

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Persicivirga*, An existing genus; *Telepersicivirga*: A genus related to but distinct from the existing genus Persicivirga of far away.

Telepersicobacter

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Persicobacter*, An existing genus; *Telepersicobacter*: A genus related to but distinct from the existing genus Persicobacter of far away.

Telepersinema

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Persinema*, An existing genus; *Telepersinema*: A genus related to but distinct from the existing genus Persinema of far away.

Teleperspicuibacter

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Perspicuibacter*, An existing genus; *Teleperspicuibacter*: A genus related to but distinct from the existing genus Perspicuibacter of far away.

Telepetrimonas

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Petrimonas*, An existing genus; *Telepetrimonas*: A genus related to but distinct from the existing genus Petrimonas of far away.

Telepetrobacter

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Petrobacter*, An existing genus; *Telepetrobacter*: A genus related to but distinct from the existing genus Petrobacter of far away.

Telepetrocella

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Petrocella*, An existing genus; *Telepetrocella*: A genus related to but distinct from the existing genus Petrocella of far away.

Telepetroclostridium

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. dim. n. *Petroclostridium*, An existing genus; *Telepetroclostridium*: A genus related to but distinct from the existing genus Petroclostridium of far away.

Telepetrothermobacter

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Petrothermobacter*, An existing genus; *Telepetrothermobacter*: A genus related to but distinct from the existing genus Petrothermobacter of far away.

Telepetrotoga

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Petrotoga*, An existing genus; *Telepetrotoga*: A genus related to but distinct from the existing genus Petrotoga of far away.

Telepfennigia

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Pfennigia*, An existing genus; *Telepfennigia*: A genus related to but distinct from the existing genus Pfennigia of far away.

Telephaeobacterium

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Phaeobacterium*, An existing genus; *Telephaeobacterium*: A genus related to but distinct from the existing genus Phaeobacterium of far away.

Telephaeochromatium

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Phaeochromatium*, An existing genus; *Telephaeochromatium*: A genus related to but distinct from the existing genus Phaeochromatium of far away.

Telephaeocystidibacter

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Phaeocystidibacter*, An existing genus; *Telephaeocystidibacter*: A genus related to but distinct from the existing genus Phaeocystidibacter of far away.

Telephaeodactylibacter

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Phaeodactylibacter*, An existing genus; *Telephaeodactylibacter*: A genus related to but distinct from the existing genus Phaeodactylibacter of far away.

Telephaeospirillum

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. dim. n. *Phaeospirillum*, An existing genus; *Telephaeospirillum*: A genus related to but distinct from the existing genus Phaeospirillum of far away.

Telephaeovibrio

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Phaeovibrio*, An existing genus; *Telephaeovibrio*: A genus related to but distinct from the existing genus Phaeovibrio of far away.

Telephaeovulum

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Phaeovulum*, An existing genus; *Telephaeovulum*: A genus related to but distinct from the existing genus Phaeovulum of far away.

Telephascolarctobacterium

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Phascolarctobacterium*, An existing genus; *Telephascolarctobacterium*: A genus related to but distinct from the existing genus Phascolarctobacterium of far away.

Telephaselicystis

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Phaselicystis*, An existing genus; *Telephaselicystis*: A genus related to but distinct from the existing genus Phaselicystis of far away.

Telephaseolibacter

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Phaseolibacter*, An existing genus; *Telephaseolibacter*: A genus related to but distinct from the existing genus Phaseolibacter of far away.

Telephenylobacterium

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. neut. n. *Phenylobacterium*, An existing genus; *Telephenylobacterium*: A genus related to but distinct from the existing genus Phenylobacterium of far away.

Telephocaeicola

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Phocaeicola*, An existing genus; *Telephocaeicola*: A genus related to but distinct from the existing genus Phocaeicola of far away.

Telephocoenobacter

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Phocoenobacter*, An existing genus; *Telephocoenobacter*: A genus related to but distinct from the existing genus Phocoenobacter of far away.

Telephorcysia

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Phorcysia*, An existing genus; *Telephorcysia*: A genus related to but distinct from the existing genus Phorcysia of far away.

Telephotobacterium

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. neut. n. *Photobacterium*, An existing genus; *Telephotobacterium*: A genus related to but distinct from the existing genus Photobacterium of far away.

Telephotorhabdus

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Photorhabdus*, An existing genus; *Telephotorhabdus*: A genus related to but distinct from the existing genus Photorhabdus of far away.

Telephragmitibacter

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Phragmitibacter*, An existing genus; *Telephragmitibacter*: A genus related to but distinct from the existing genus Phragmitibacter of far away.

Telephreatobacter

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Phreatobacter*, An existing genus; *Telephreatobacter*: A genus related to but distinct from the existing genus Phreatobacter of far away.

Telephycicoccus

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Phycicoccus*, An existing genus; *Telephycicoccus*: A genus related to but distinct from the existing genus Phycicoccus of far away.

Telephycicola

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Phycicola*, An existing genus; *Telephycicola*: A genus related to but distinct from the existing genus Phycicola of far away.

Telephycisphaera

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Phycisphaera*, An existing genus; *Telephycisphaera*: A genus related to but distinct from the existing genus Phycisphaera of far away.

Telephycocomes

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Phycocomes*, An existing genus; *Telephycocomes*: A genus related to but distinct from the existing genus Phycocomes of far away.

Telephyllonema

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. neut. n. *Phyllonema*, An existing genus; *Telephyllonema*: A genus related to but distinct from the existing genus Phyllonema of far away.

Telephytoactinopolyspora

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Phytoactinopolyspora*, An existing genus; *Telephytoactinopolyspora*: A genus related to but distinct from the existing genus Phytoactinopolyspora of far away.

Telephytobacter

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Phytobacter*, An existing genus; *Telephytobacter*: A genus related to but distinct from the existing genus Phytobacter of far away.

Telephytohabitans

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Phytohabitans*, An existing genus; *Telephytohabitans*: A genus related to but distinct from the existing genus Phytohabitans of far away.

Telephytohalomonas

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Phytohalomonas*, An existing genus; *Telephytohalomonas*: A genus related to but distinct from the existing genus Phytohalomonas of far away.

Telephytomonospora

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Phytomonospora*, An existing genus; *Telephytomonospora*: A genus related to but distinct from the existing genus Phytomonospora of far away.

Telepibocella

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Pibocella*, An existing genus; *Telepibocella*: A genus related to but distinct from the existing genus Pibocella of far away.

Telepicrophilus

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Picrophilus*, An existing genus; *Telepicrophilus*: A genus related to but distinct from the existing genus Picrophilus of far away.

Telepiezobacter

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Piezobacter*, An existing genus; *Telepiezobacter*: A genus related to but distinct from the existing genus Piezobacter of far away.

Telepigmentiphaga

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Pigmentiphaga*, An existing genus; *Telepigmentiphaga*: A genus related to but distinct from the existing genus Pigmentiphaga of far away.

Telepilibacter

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Pilibacter*, An existing genus; *Telepilibacter*: A genus related to but distinct from the existing genus Pilibacter of far away.

Telepilimelia

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Pilimelia*, An existing genus; *Telepilimelia*: A genus related to but distinct from the existing genus Pilimelia of far away.

Telepillotina

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Pillotina*, An existing genus; *Telepillotina*: A genus related to but distinct from the existing genus Pillotina of far away.

Telepimelobacter

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Pimelobacter*, An existing genus; *Telepimelobacter*: A genus related to but distinct from the existing genus Pimelobacter of far away.

Telepinisolibacter

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Pinisolibacter*, An existing genus; *Telepinisolibacter*: A genus related to but distinct from the existing genus Pinisolibacter of far away.

Telepinocchia

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Pinocchia*, An existing genus; *Telepinocchia*: A genus related to but distinct from the existing genus Pinocchia of far away.

Telepirella

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Pirella*, An existing genus; *Telepirella*: A genus related to but distinct from the existing genus Pirella of far away.

Telepirellula

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Pirellula*, An existing genus; *Telepirellula*: A genus related to but distinct from the existing genus Pirellula of far away.

Telepiscicoccus

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Piscicoccus*, An existing genus; *Telepiscicoccus*: A genus related to but distinct from the existing genus Piscicoccus of far away.

Telepisciglobus

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Pisciglobus*, An existing genus; *Telepisciglobus*: A genus related to but distinct from the existing genus Pisciglobus of far away.

Telepiscinibacter

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Piscinibacter*, An existing genus; *Telepiscinibacter*: A genus related to but distinct from the existing genus Piscinibacter of far away.

Telepiscirickettsia

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Piscirickettsia*, An existing genus; *Telepiscirickettsia*: A genus related to but distinct from the existing genus Piscirickettsia of far away.

Telepistricoccus

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Pistricoccus*, An existing genus; *Telepistricoccus*: A genus related to but distinct from the existing genus Pistricoccus of far away.

Teleplanctobacterium

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Planctobacterium*, An existing genus; *Teleplanctobacterium*: A genus related to but distinct from the existing genus Planctobacterium of far away.

Teleplanctomicrobium

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Planctomicrobium*, An existing genus; *Teleplanctomicrobium*: A genus related to but distinct from the existing genus Planctomicrobium of far away.

Teleplanctomonas

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Planctomonas*, An existing genus; *Teleplanctomonas*: A genus related to but distinct from the existing genus Planctomonas of far away.

Teleplanctomyces

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Planctomyces*, An existing genus; *Teleplanctomyces*: A genus related to but distinct from the existing genus Planctomyces of far away.

Teleplanctopirus

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Planctopirus*, An existing genus; *Teleplanctopirus*: A genus related to but distinct from the existing genus Planctopirus of far away.

Teleplanifilum

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. neut. n. *Planifilum*, An existing genus; *Teleplanifilum*: A genus related to but distinct from the existing genus Planifilum of far away.

Teleplanktomarina

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Planktomarina*, An existing genus; *Teleplanktomarina*: A genus related to but distinct from the existing genus Planktomarina of far away.

Teleplanktosalinus

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Planktosalinus*, An existing genus; *Teleplanktosalinus*: A genus related to but distinct from the existing genus Planktosalinus of far away.

Teleplanktotalea

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Planktotalea*, An existing genus; *Teleplanktotalea*: A genus related to but distinct from the existing genus Planktotalea of far away.

Teleplanktothrix

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Planktothrix*, An existing genus; *Teleplanktothrix*: A genus related to but distinct from the existing genus Planktothrix of far away.

Teleplanobacterium

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. neut. n. *Planobacterium*, An existing genus; *Teleplanobacterium*: A genus related to but distinct from the existing genus Planobacterium of far away.

Teleplanobispora

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Planobispora*, An existing genus; *Teleplanobispora*: A genus related to but distinct from the existing genus Planobispora of far away.

Teleplanococcus

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Planococcus*, An existing genus; *Teleplanococcus*: A genus related to but distinct from the existing genus Planococcus of far away.

Teleplanomicrobium

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. neut. n. *Planomicrobium*, An existing genus; *Teleplanomicrobium*: A genus related to but distinct from the existing genus Planomicrobium of far away.

Teleplanomonospora

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Planomonospora*, An existing genus; *Teleplanomonospora*: A genus related to but distinct from the existing genus Planomonospora of far away.

Teleplanopolyspora

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Planopolyspora*, An existing genus; *Teleplanopolyspora*: A genus related to but distinct from the existing genus Planopolyspora of far away.

Teleplanosporangium

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. neut. n. *Planosporangium*, An existing genus; *Teleplanosporangium*: A genus related to but distinct from the existing genus Planosporangium of far away.

Teleplanotetraspora

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Planotetraspora*, An existing genus; *Teleplanotetraspora*: A genus related to but distinct from the existing genus Planotetraspora of far away.

Teleplantactinospora

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Plantactinospora*, An existing genus; *Teleplantactinospora*: A genus related to but distinct from the existing genus Plantactinospora of far away.

Teleplastorhodobacter

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Plastorhodobacter*, An existing genus; *Teleplastorhodobacter*: A genus related to but distinct from the existing genus Plastorhodobacter of far away.

Telepleionea

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Pleionea*, An existing genus; *Telepleionea*: A genus related to but distinct from the existing genus Pleionea of far away.

Telepleomorphobacterium

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Pleomorphobacterium*, An existing genus; *Telepleomorphobacterium*: A genus related to but distinct from the existing genus Pleomorphobacterium of far away.

Telepleomorphochaeta

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Pleomorphochaeta*, An existing genus; *Telepleomorphochaeta*: A genus related to but distinct from the existing genus Pleomorphochaeta of far away.

Telepleomorphomonas

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Pleomorphomonas*, An existing genus; *Telepleomorphomonas*: A genus related to but distinct from the existing genus Pleomorphomonas of far away.

Telepleomorphovibrio

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Pleomorphovibrio*, An existing genus; *Telepleomorphovibrio*: A genus related to but distinct from the existing genus Pleomorphovibrio of far away.

Teleplesiocystis

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Plesiocystis*, An existing genus; *Teleplesiocystis*: A genus related to but distinct from the existing genus Plesiocystis of far away.

Teleplesiomonas

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Plesiomonas*, An existing genus; *Teleplesiomonas*: A genus related to but distinct from the existing genus Plesiomonas of far away.

Telepleurocapsa

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Pleurocapsa*, An existing genus; *Telepleurocapsa*: A genus related to but distinct from the existing genus Pleurocapsa of far away.

Telepluralibacter

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Pluralibacter*, An existing genus; *Telepluralibacter*: A genus related to but distinct from the existing genus Pluralibacter of far away.

Telepokkaliibacter

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Pokkaliibacter*, An existing genus; *Telepokkaliibacter*: A genus related to but distinct from the existing genus Pokkaliibacter of far away.

Telepolaribacter

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Polaribacter*, An existing genus; *Telepolaribacter*: A genus related to but distinct from the existing genus Polaribacter of far away.

Telepolaromonas

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Polaromonas*, An existing genus; *Telepolaromonas*: A genus related to but distinct from the existing genus Polaromonas of far away.

Telepolyangium

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Polyangium*, An existing genus; *Telepolyangium*: A genus related to but distinct from the existing genus Polyangium of far away.

Telepolycladidibacter

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Polycladidibacter*, An existing genus; *Telepolycladidibacter*: A genus related to but distinct from the existing genus Polycladidibacter of far away.

Telepolycladomyces

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Polycladomyces*, An existing genus; *Telepolycladomyces*: A genus related to but distinct from the existing genus Polycladomyces of far away.

Telepolycyclovorans

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Polycyclovorans*, An existing genus; *Telepolycyclovorans*: A genus related to but distinct from the existing genus Polycyclovorans of far away.

Telepolygonibacillus

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Polygonibacillus*, An existing genus; *Telepolygonibacillus*: A genus related to but distinct from the existing genus Polygonibacillus of far away.

Telepolymorphospora

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Polymorphospora*, An existing genus; *Telepolymorphospora*: A genus related to but distinct from the existing genus Polymorphospora of far away.

Telepolymorphum

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Polymorphum*, An existing genus; *Telepolymorphum*: A genus related to but distinct from the existing genus Polymorphum of far away.

Telepolynucleobacter

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Polynucleobacter*, An existing genus; *Telepolynucleobacter*: A genus related to but distinct from the existing genus Polynucleobacter of far away.

Telepolystyrenella

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Polystyrenella*, An existing genus; *Telepolystyrenella*: A genus related to but distinct from the existing genus Polystyrenella of far away.

Telepontibaca

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Pontibaca*, An existing genus; *Telepontibaca*: A genus related to but distinct from the existing genus Pontibaca of far away.

Telepontibacillus

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Pontibacillus*, An existing genus; *Telepontibacillus*: A genus related to but distinct from the existing genus Pontibacillus of far away.

Telepontibacter

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Pontibacter*, An existing genus; *Telepontibacter*: A genus related to but distinct from the existing genus Pontibacter of far away.

Telepontibacterium

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Pontibacterium*, An existing genus; *Telepontibacterium*: A genus related to but distinct from the existing genus Pontibacterium of far away.

Teleponticaulis

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Ponticaulis*, An existing genus; *Teleponticaulis*: A genus related to but distinct from the existing genus Ponticaulis of far away.

Teleponticoccus

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Ponticoccus*, An existing genus; *Teleponticoccus*: A genus related to but distinct from the existing genus Ponticoccus of far away.

Telepontimicrobium

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. neut. n. *Pontimicrobium*, An existing genus; *Telepontimicrobium*: A genus related to but distinct from the existing genus Pontimicrobium of far away.

Telepontimonas

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Pontimonas*, An existing genus; *Telepontimonas*: A genus related to but distinct from the existing genus Pontimonas of far away.

Telepontirhabdus

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Pontirhabdus*, An existing genus; *Telepontirhabdus*: A genus related to but distinct from the existing genus Pontirhabdus of far away.

Telepopulibacter

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Populibacter*, An existing genus; *Telepopulibacter*: A genus related to but distinct from the existing genus Populibacter of far away.

Telepopulibacterium

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. neut. n. *Populibacterium*, An existing genus; *Telepopulibacterium*: A genus related to but distinct from the existing genus Populibacterium of far away.

Teleporifericola

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Porifericola*, An existing genus; *Teleporifericola*: A genus related to but distinct from the existing genus Porifericola of far away.

Teleporphyrobacter

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Porphyrobacter*, An existing genus; *Teleporphyrobacter*: A genus related to but distinct from the existing genus Porphyrobacter of far away.

Teleporphyromonas

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Porphyromonas*, An existing genus; *Teleporphyromonas*: A genus related to but distinct from the existing genus Porphyromonas of far away.

Teleportibacter

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Portibacter*, An existing genus; *Teleportibacter*: A genus related to but distinct from the existing genus Portibacter of far away.

Teleporticoccus

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Porticoccus*, An existing genus; *Teleporticoccus*: A genus related to but distinct from the existing genus Porticoccus of far away.

Teleposeidonibacter

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Poseidonibacter*, An existing genus; *Teleposeidonibacter*: A genus related to but distinct from the existing genus Poseidonibacter of far away.

Teleposeidonocella

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Poseidonocella*, An existing genus; *Teleposeidonocella*: A genus related to but distinct from the existing genus Poseidonocella of far away.

Telepostechiella

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Postechiella*, An existing genus; *Telepostechiella*: A genus related to but distinct from the existing genus Postechiella of far away.

Telepotamolinea

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Potamolinea*, An existing genus; *Telepotamolinea*: A genus related to but distinct from the existing genus Potamolinea of far away.

Telepotamosiphon

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Potamosiphon*, An existing genus; *Telepotamosiphon*: A genus related to but distinct from the existing genus Potamosiphon of far away.

Telepovalibacter

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Povalibacter*, An existing genus; *Telepovalibacter*: A genus related to but distinct from the existing genus Povalibacter of far away.

Telepradoshia

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Pradoshia*, An existing genus; *Telepradoshia*: A genus related to but distinct from the existing genus Pradoshia of far away.

Telepragia

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Pragia*, An existing genus; *Telepragia*: A genus related to but distinct from the existing genus Pragia of far away.

Teleprauserella

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Prauserella*, An existing genus; *Teleprauserella*: A genus related to but distinct from the existing genus Prauserella of far away.

Telepreeria

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Preeria*, An existing genus; *Telepreeria*: A genus related to but distinct from the existing genus Preeria of far away.

Teleprescottella

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Prescottella*, An existing genus; *Teleprescottella*: A genus related to but distinct from the existing genus Prescottella of far away.

Teleprevotella

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Prevotella*, An existing genus; *Teleprevotella*: A genus related to but distinct from the existing genus Prevotella of far away.

Telepricia

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Pricia*, An existing genus; *Telepricia*: A genus related to but distinct from the existing genus Pricia of far away.

Teleprimorskyibacter

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Primorskyibacter*, An existing genus; *Teleprimorskyibacter*: A genus related to but distinct from the existing genus Primorskyibacter of far away.

Teleprochlorococcus

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Prochlorococcus*, An existing genus; *Teleprochlorococcus*: A genus related to but distinct from the existing genus Prochlorococcus of far away.

Teleprochloron

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. neut. n. *Prochloron*, An existing genus; *Teleprochloron*: A genus related to but distinct from the existing genus Prochloron of far away.

Teleprochlorothrix

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Prochlorothrix*, An existing genus; *Teleprochlorothrix*: A genus related to but distinct from the existing genus Prochlorothrix of far away.

Teleprofundibacter

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Profundibacter*, An existing genus; *Teleprofundibacter*: A genus related to but distinct from the existing genus Profundibacter of far away.

Teleprofundibacterium

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. neut. n. *Profundibacterium*, An existing genus; *Teleprofundibacterium*: A genus related to but distinct from the existing genus Profundibacterium of far away.

Teleprofundimonas

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Profundimonas*, An existing genus; *Teleprofundimonas*: A genus related to but distinct from the existing genus Profundimonas of far away.

Teleprolinoborus

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Prolinoborus*, An existing genus; *Teleprolinoborus*: A genus related to but distinct from the existing genus Prolinoborus of far away.

Teleprolixibacter

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Prolixibacter*, An existing genus; *Teleprolixibacter*: A genus related to but distinct from the existing genus Prolixibacter of far away.

Telepromicromonospora

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Promicromonospora*, An existing genus; *Telepromicromonospora*: A genus related to but distinct from the existing genus Promicromonospora of far away.

Telepropionibacterium

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. neut. n. *Propionibacterium*, An existing genus; *Telepropionibacterium*: A genus related to but distinct from the existing genus Propionibacterium of far away.

Telepropionicicella

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Propionicicella*, An existing genus; *Telepropionicicella*: A genus related to but distinct from the existing genus Propionicicella of far away.

Telepropioniferax

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Propioniferax*, An existing genus; *Telepropioniferax*: A genus related to but distinct from the existing genus Propioniferax of far away.

Telepropionigenium

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. neut. n. *Propionigenium*, An existing genus; *Telepropionigenium*: A genus related to but distinct from the existing genus Propionigenium of far away.

Telepropionimicrobium

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. neut. n. *Propionimicrobium*, An existing genus; *Telepropionimicrobium*: A genus related to but distinct from the existing genus Propionimicrobium of far away.

Telepropionispora

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Propionispora*, An existing genus; *Telepropionispora*: A genus related to but distinct from the existing genus Propionispora of far away.

Telepropionivibrio

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Propionivibrio*, An existing genus; *Telepropionivibrio*: A genus related to but distinct from the existing genus Propionivibrio of far away.

Teleprosthecobacter

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Prosthecobacter*, An existing genus; *Teleprosthecobacter*: A genus related to but distinct from the existing genus Prosthecobacter of far away.

Teleprosthecochloris

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Prosthecochloris*, An existing genus; *Teleprosthecochloris*: A genus related to but distinct from the existing genus Prosthecochloris of far away.

Teleprosthecomicrobium

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Prosthecomicrobium*, An existing genus; *Teleprosthecomicrobium*: A genus related to but distinct from the existing genus Prosthecomicrobium of far away.

Teleprotaetiibacter

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Protaetiibacter*, An existing genus; *Teleprotaetiibacter*: A genus related to but distinct from the existing genus Protaetiibacter of far away.

Teleproteiniborus

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Proteiniborus*, An existing genus; *Teleproteiniborus*: A genus related to but distinct from the existing genus Proteiniborus of far away.

Teleproteiniclasticum

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Proteiniclasticum*, An existing genus; *Teleproteiniclasticum*: A genus related to but distinct from the existing genus Proteiniclasticum of far away.

Teleproteiniphilum

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Proteiniphilum*, An existing genus; *Teleproteiniphilum*: A genus related to but distinct from the existing genus Proteiniphilum of far away.

Teleproteinivorax

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Proteinivorax*, An existing genus; *Teleproteinivorax*: A genus related to but distinct from the existing genus Proteinivorax of far away.

Teleproteocatella

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Proteocatella*, An existing genus; *Teleproteocatella*: A genus related to but distinct from the existing genus Proteocatella of far away.

Teleprotomonas

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Protomonas*, An existing genus; *Teleprotomonas*: A genus related to but distinct from the existing genus Protomonas of far away.

Teleprovencibacterium

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Provencibacterium*, An existing genus; *Teleprovencibacterium*: A genus related to but distinct from the existing genus Provencibacterium of far away.

Teleprovidencia

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Providencia*, An existing genus; *Teleprovidencia*: A genus related to but distinct from the existing genus Providencia of far away.

Telepseudacidovorax

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Pseudacidovorax*, An existing genus; *Telepseudacidovorax*: A genus related to but distinct from the existing genus Pseudacidovorax of far away.

Telepseudactinotalea

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Pseudactinotalea*, An existing genus; *Telepseudactinotalea*: A genus related to but distinct from the existing genus Pseudactinotalea of far away.

Telepseudaeromonas

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Pseudaeromonas*, An existing genus; *Telepseudaeromonas*: A genus related to but distinct from the existing genus Pseudaeromonas of far away.

Telepseudaestuariivita

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Pseudaestuariivita*, An existing genus; *Telepseudaestuariivita*: A genus related to but distinct from the existing genus Pseudaestuariivita of far away.

Telepseudahrensia

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Pseudahrensia*, An existing genus; *Telepseudahrensia*: A genus related to but distinct from the existing genus Pseudahrensia of far away.

Telepseudaminobacter

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Pseudaminobacter*, An existing genus; *Telepseudaminobacter*: A genus related to but distinct from the existing genus Pseudaminobacter of far away.

Telepseudarcicella

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Pseudarcicella*, An existing genus; *Telepseudarcicella*: A genus related to but distinct from the existing genus Pseudarcicella of far away.

Telepseudarthrobacter

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Pseudarthrobacter*, An existing genus; *Telepseudarthrobacter*: A genus related to but distinct from the existing genus Pseudarthrobacter of far away.

Telepseudenhygromyxa

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Pseudenhygromyxa*, An existing genus; *Telepseudenhygromyxa*: A genus related to but distinct from the existing genus Pseudenhygromyxa of far away.

Telepseudescherichia

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Pseudescherichia*, An existing genus; *Telepseudescherichia*: A genus related to but distinct from the existing genus Pseudescherichia of far away.

Telepseudidiomarina

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Pseudidiomarina*, An existing genus; *Telepseudidiomarina*: A genus related to but distinct from the existing genus Pseudidiomarina of far away.

Telepseudoalteromonas

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Pseudoalteromonas*, An existing genus; *Telepseudoalteromonas*: A genus related to but distinct from the existing genus Pseudoalteromonas of far away.

Telepseudoamycolata

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Pseudoamycolata*, An existing genus; *Telepseudoamycolata*: A genus related to but distinct from the existing genus Pseudoamycolata of far away.

Telepseudobacillus

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Pseudobacillus*, An existing genus; *Telepseudobacillus*: A genus related to but distinct from the existing genus Pseudobacillus of far away.

Telepseudobacter

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Pseudobacter*, An existing genus; *Telepseudobacter*: A genus related to but distinct from the existing genus Pseudobacter of far away.

Telepseudobacteriovorax

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Pseudobacteriovorax*, An existing genus; *Telepseudobacteriovorax*: A genus related to but distinct from the existing genus Pseudobacteriovorax of far away.

Telepseudobacteroides

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Pseudobacteroides*, An existing genus; *Telepseudobacteroides*: A genus related to but distinct from the existing genus Pseudobacteroides of far away.

Telepseudobizionia

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Pseudobizionia*, An existing genus; *Telepseudobizionia*: A genus related to but distinct from the existing genus Pseudobizionia of far away.

Telepseudobowmanella

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Pseudobowmanella*, An existing genus; *Telepseudobowmanella*: A genus related to but distinct from the existing genus Pseudobowmanella of far away.

Telepseudobutyrivibrio

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Pseudobutyrivibrio*, An existing genus; *Telepseudobutyrivibrio*: A genus related to but distinct from the existing genus Pseudobutyrivibrio of far away.

Telepseudocaedibacter

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Pseudocaedibacter*, An existing genus; *Telepseudocaedibacter*: A genus related to but distinct from the existing genus Pseudocaedibacter of far away.

Telepseudochelatococcus

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Pseudochelatococcus*, An existing genus; *Telepseudochelatococcus*: A genus related to but distinct from the existing genus Pseudochelatococcus of far away.

Telepseudochrobactrum

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Pseudochrobactrum*, An existing genus; *Telepseudochrobactrum*: A genus related to but distinct from the existing genus Pseudochrobactrum of far away.

Telepseudocitrobacter

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Pseudocitrobacter*, An existing genus; *Telepseudocitrobacter*: A genus related to but distinct from the existing genus Pseudocitrobacter of far away.

Telepseudoclavibacter

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Pseudoclavibacter*, An existing genus; *Telepseudoclavibacter*: A genus related to but distinct from the existing genus Pseudoclavibacter of far away.

Telepseudoclostridium

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. dim. n. *Pseudoclostridium*, An existing genus; *Telepseudoclostridium*: A genus related to but distinct from the existing genus Pseudoclostridium of far away.

Telepseudocolwellia

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Pseudocolwellia*, An existing genus; *Telepseudocolwellia*: A genus related to but distinct from the existing genus Pseudocolwellia of far away.

Telepseudodesulfovibrio

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Pseudodesulfovibrio*, An existing genus; *Telepseudodesulfovibrio*: A genus related to but distinct from the existing genus Pseudodesulfovibrio of far away.

Telepseudodonghicola

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Pseudodonghicola*, An existing genus; *Telepseudodonghicola*: A genus related to but distinct from the existing genus Pseudodonghicola of far away.

Telepseudoduganella

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Pseudoduganella*, An existing genus; *Telepseudoduganella*: A genus related to but distinct from the existing genus Pseudoduganella of far away.

Telepseudoflavitalea

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Pseudoflavitalea*, An existing genus; *Telepseudoflavitalea*: A genus related to but distinct from the existing genus Pseudoflavitalea of far away.

Telepseudoflavonifractor

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Pseudoflavonifractor*, An existing genus; *Telepseudoflavonifractor*: A genus related to but distinct from the existing genus Pseudoflavonifractor of far away.

Telepseudofrancisella

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Pseudofrancisella*, An existing genus; *Telepseudofrancisella*: A genus related to but distinct from the existing genus Pseudofrancisella of far away.

Telepseudofulvibacter

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Pseudofulvibacter*, An existing genus; *Telepseudofulvibacter*: A genus related to but distinct from the existing genus Pseudofulvibacter of far away.

Telepseudofulvimonas

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Pseudofulvimonas*, An existing genus; *Telepseudofulvimonas*: A genus related to but distinct from the existing genus Pseudofulvimonas of far away.

Telepseudogemmobacter

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Pseudogemmobacter*, An existing genus; *Telepseudogemmobacter*: A genus related to but distinct from the existing genus Pseudogemmobacter of far away.

Telepseudoglutamicibacter

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Pseudoglutamicibacter*, An existing genus; *Telepseudoglutamicibacter*: A genus related to but distinct from the existing genus Pseudoglutamicibacter of far away.

Telepseudogracilibacillus

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Pseudogracilibacillus*, An existing genus; *Telepseudogracilibacillus*: A genus related to but distinct from the existing genus Pseudogracilibacillus of far away.

Telepseudogulbenkiania

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Pseudogulbenkiania*, An existing genus; *Telepseudogulbenkiania*: A genus related to but distinct from the existing genus Pseudogulbenkiania of far away.

Telepseudohaliea

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Pseudohaliea*, An existing genus; *Telepseudohaliea*: A genus related to but distinct from the existing genus Pseudohaliea of far away.

Telepseudohalioglobus

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Pseudohalioglobus*, An existing genus; *Telepseudohalioglobus*: A genus related to but distinct from the existing genus Pseudohalioglobus of far away.

Telepseudohalocynthiibacter

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Pseudohalocynthiibacter*, An existing genus; *Telepseudohalocynthiibacter*: A genus related to but distinct from the existing genus Pseudohalocynthiibacter of far away.

Telepseudohoeflea

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Pseudohoeflea*, An existing genus; *Telepseudohoeflea*: A genus related to but distinct from the existing genus Pseudohoeflea of far away.

Telepseudohongiella

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Pseudohongiella*, An existing genus; *Telepseudohongiella*: A genus related to but distinct from the existing genus Pseudohongiella of far away.

Telepseudokineococcus

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Pseudokineococcus*, An existing genus; *Telepseudokineococcus*: A genus related to but distinct from the existing genus Pseudokineococcus of far away.

Telepseudolabrys

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Pseudolabrys*, An existing genus; *Telepseudolabrys*: A genus related to but distinct from the existing genus Pseudolabrys of far away.

Telepseudoleptotrichia

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Pseudoleptotrichia*, An existing genus; *Telepseudoleptotrichia*: A genus related to but distinct from the existing genus Pseudoleptotrichia of far away.

Telepseudolysinimonas

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Pseudolysinimonas*, An existing genus; *Telepseudolysinimonas*: A genus related to but distinct from the existing genus Pseudolysinimonas of far away.

Telepseudolysobacter

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Pseudolysobacter*, An existing genus; *Telepseudolysobacter*: A genus related to but distinct from the existing genus Pseudolysobacter of far away.

Telepseudomaribius

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Pseudomaribius*, An existing genus; *Telepseudomaribius*: A genus related to but distinct from the existing genus Pseudomaribius of far away.

Telepseudomaricurvus

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Pseudomaricurvus*, An existing genus; *Telepseudomaricurvus*: A genus related to but distinct from the existing genus Pseudomaricurvus of far away.

Telepseudomethylobacillus

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Pseudomethylobacillus*, An existing genus; *Telepseudomethylobacillus*: A genus related to but distinct from the existing genus Pseudomethylobacillus of far away.

Telepseudomonas

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Pseudomonas*, An existing genus; *Telepseudomonas*: A genus related to but distinct from the existing genus Pseudomonas of far away.

Telepseudonocardia

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Pseudonocardia*, An existing genus; *Telepseudonocardia*: A genus related to but distinct from the existing genus Pseudonocardia of far away.

Telepseudooceanicola

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Pseudooceanicola*, An existing genus; *Telepseudooceanicola*: A genus related to but distinct from the existing genus Pseudooceanicola of far away.

Telepseudooctadecabacter

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Pseudooctadecabacter*, An existing genus; *Telepseudooctadecabacter*: A genus related to but distinct from the existing genus Pseudooctadecabacter of far away.

Telepseudopedobacter

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Pseudopedobacter*, An existing genus; *Telepseudopedobacter*: A genus related to but distinct from the existing genus Pseudopedobacter of far away.

Telepseudopelagicola

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Pseudopelagicola*, An existing genus; *Telepseudopelagicola*: A genus related to but distinct from the existing genus Pseudopelagicola of far away.

Telepseudophaeobacter

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Pseudophaeobacter*, An existing genus; *Telepseudophaeobacter*: A genus related to but distinct from the existing genus Pseudophaeobacter of far away.

Telepseudopropionibacterium

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Pseudopropionibacterium*, An existing genus; *Telepseudopropionibacterium*: A genus related to but distinct from the existing genus Pseudopropionibacterium of far away.

Telepseudopuniceibacterium

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Pseudopuniceibacterium*, An existing genus; *Telepseudopuniceibacterium*: A genus related to but distinct from the existing genus Pseudopuniceibacterium of far away.

Telepseudoramibacter

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Pseudoramibacter*, An existing genus; *Telepseudoramibacter*: A genus related to but distinct from the existing genus Pseudoramibacter of far away.

Telepseudorhizobium

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Pseudorhizobium*, An existing genus; *Telepseudorhizobium*: A genus related to but distinct from the existing genus Pseudorhizobium of far away.

Telepseudorhodobacter

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Pseudorhodobacter*, An existing genus; *Telepseudorhodobacter*: A genus related to but distinct from the existing genus Pseudorhodobacter of far away.

Telepseudorhodoferax

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Pseudorhodoferax*, An existing genus; *Telepseudorhodoferax*: A genus related to but distinct from the existing genus Pseudorhodoferax of far away.

Telepseudorhodoplanes

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Pseudorhodoplanes*, An existing genus; *Telepseudorhodoplanes*: A genus related to but distinct from the existing genus Pseudorhodoplanes of far away.

Telepseudorivibacter

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Pseudorivibacter*, An existing genus; *Telepseudorivibacter*: A genus related to but distinct from the existing genus Pseudorivibacter of far away.

Telepseudoroseicyclus

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Pseudoroseicyclus*, An existing genus; *Telepseudoroseicyclus*: A genus related to but distinct from the existing genus Pseudoroseicyclus of far away.

Telepseudoroseovarius

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Pseudoroseovarius*, An existing genus; *Telepseudoroseovarius*: A genus related to but distinct from the existing genus Pseudoroseovarius of far away.

Telepseudoruegeria

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Pseudoruegeria*, An existing genus; *Telepseudoruegeria*: A genus related to but distinct from the existing genus Pseudoruegeria of far away.

Telepseudoruminococcus

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Pseudoruminococcus*, An existing genus; *Telepseudoruminococcus*: A genus related to but distinct from the existing genus Pseudoruminococcus of far away.

Telepseudoscardovia

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Pseudoscardovia*, An existing genus; *Telepseudoscardovia*: A genus related to but distinct from the existing genus Pseudoscardovia of far away.

Telepseudoseohaeicola

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Pseudoseohaeicola*, An existing genus; *Telepseudoseohaeicola*: A genus related to but distinct from the existing genus Pseudoseohaeicola of far away.

Telepseudosphingobacterium

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Pseudosphingobacterium*, An existing genus; *Telepseudosphingobacterium*: A genus related to but distinct from the existing genus Pseudosphingobacterium of far away.

Telepseudospirillum

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. dim. n. *Pseudospirillum*, An existing genus; *Telepseudospirillum*: A genus related to but distinct from the existing genus Pseudospirillum of far away.

Telepseudosporangium

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Pseudosporangium*, An existing genus; *Telepseudosporangium*: A genus related to but distinct from the existing genus Pseudosporangium of far away.

Telepseudostreptobacillus

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Pseudostreptobacillus*, An existing genus; *Telepseudostreptobacillus*: A genus related to but distinct from the existing genus Pseudostreptobacillus of far away.

Telepseudotenacibaculum

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Pseudotenacibaculum*, An existing genus; *Telepseudotenacibaculum*: A genus related to but distinct from the existing genus Pseudotenacibaculum of far away.

Telepseudoteredinibacter

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Pseudoteredinibacter*, An existing genus; *Telepseudoteredinibacter*: A genus related to but distinct from the existing genus Pseudoteredinibacter of far away.

Telepseudothermotoga

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Pseudothermotoga*, An existing genus; *Telepseudothermotoga*: A genus related to but distinct from the existing genus Pseudothermotoga of far away.

Telepseudothioclava

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Pseudothioclava*, An existing genus; *Telepseudothioclava*: A genus related to but distinct from the existing genus Pseudothioclava of far away.

Telepseudovibrio

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Pseudovibrio*, An existing genus; *Telepseudovibrio*: A genus related to but distinct from the existing genus Pseudovibrio of far away.

Telepseudoxanthobacter

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Pseudoxanthobacter*, An existing genus; *Telepseudoxanthobacter*: A genus related to but distinct from the existing genus Pseudoxanthobacter of far away.

Telepseudoxanthomonas

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Pseudoxanthomonas*, An existing genus; *Telepseudoxanthomonas*: A genus related to but distinct from the existing genus Pseudoxanthomonas of far away.

Telepseudozobellia

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Pseudozobellia*, An existing genus; *Telepseudozobellia*: A genus related to but distinct from the existing genus Pseudozobellia of far away.

Telepsittacicella

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Psittacicella*, An existing genus; *Telepsittacicella*: A genus related to but distinct from the existing genus Psittacicella of far away.

Telepsychrilyobacter

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Psychrilyobacter*, An existing genus; *Telepsychrilyobacter*: A genus related to but distinct from the existing genus Psychrilyobacter of far away.

Telepsychrobacter

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Psychrobacter*, An existing genus; *Telepsychrobacter*: A genus related to but distinct from the existing genus Psychrobacter of far away.

Telepsychrobium

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Psychrobium*, An existing genus; *Telepsychrobium*: A genus related to but distinct from the existing genus Psychrobium of far away.

Telepsychroflexus

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Psychroflexus*, An existing genus; *Telepsychroflexus*: A genus related to but distinct from the existing genus Psychroflexus of far away.

Telepsychroglaciecola

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Psychroglaciecola*, An existing genus; *Telepsychroglaciecola*: A genus related to but distinct from the existing genus Psychroglaciecola of far away.

Telepsychromarinibacter

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Psychromarinibacter*, An existing genus; *Telepsychromarinibacter*: A genus related to but distinct from the existing genus Psychromarinibacter of far away.

Telepsychromicrobium

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. neut. n. *Psychromicrobium*, An existing genus; *Telepsychromicrobium*: A genus related to but distinct from the existing genus Psychromicrobium of far away.

Telepsychroserpens

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Psychroserpens*, An existing genus; *Telepsychroserpens*: A genus related to but distinct from the existing genus Psychroserpens of far away.

Telepsychrosinus

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Psychrosinus*, An existing genus; *Telepsychrosinus*: A genus related to but distinct from the existing genus Psychrosinus of far away.

Telepsychrosphaera

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Psychrosphaera*, An existing genus; *Telepsychrosphaera*: A genus related to but distinct from the existing genus Psychrosphaera of far away.

Telepueribacillus

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Pueribacillus*, An existing genus; *Telepueribacillus*: A genus related to but distinct from the existing genus Pueribacillus of far away.

Telepuia

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Puia*, An existing genus; *Telepuia*: A genus related to but distinct from the existing genus Puia of far away.

Telepukyongia

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Pukyongia*, An existing genus; *Telepukyongia*: A genus related to but distinct from the existing genus Pukyongia of far away.

Telepukyongiella

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Pukyongiella*, An existing genus; *Telepukyongiella*: A genus related to but distinct from the existing genus Pukyongiella of far away.

Telepuniceibacterium

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. neut. n. *Puniceibacterium*, An existing genus; *Telepuniceibacterium*: A genus related to but distinct from the existing genus Puniceibacterium of far away.

Telepuniceicoccus

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Puniceicoccus*, An existing genus; *Telepuniceicoccus*: A genus related to but distinct from the existing genus Puniceicoccus of far away.

Telepusillimonas

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Pusillimonas*, An existing genus; *Telepusillimonas*: A genus related to but distinct from the existing genus Pusillimonas of far away.

Telepustulibacterium

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. neut. n. *Pustulibacterium*, An existing genus; *Telepustulibacterium*: A genus related to but distinct from the existing genus Pustulibacterium of far away.

Teleputridiphycobacter

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Putridiphycobacter*, An existing genus; *Teleputridiphycobacter*: A genus related to but distinct from the existing genus Putridiphycobacter of far away.

Telepuzihella

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Puzihella*, An existing genus; *Telepuzihella*: A genus related to but distinct from the existing genus Puzihella of far away.

Telepycnacronema

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Pycnacronema*, An existing genus; *Telepycnacronema*: A genus related to but distinct from the existing genus Pycnacronema of far away.

Telepyramidobacter

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Pyramidobacter*, An existing genus; *Telepyramidobacter*: A genus related to but distinct from the existing genus Pyramidobacter of far away.

Telepyrinomonas

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Pyrinomonas*, An existing genus; *Telepyrinomonas*: A genus related to but distinct from the existing genus Pyrinomonas of far away.

Telepyrobaculum

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Pyrobaculum*, An existing genus; *Telepyrobaculum*: A genus related to but distinct from the existing genus Pyrobaculum of far away.

Telepyrococcus

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Pyrococcus*, An existing genus; *Telepyrococcus*: A genus related to but distinct from the existing genus Pyrococcus of far away.

Telepyrodictium

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Pyrodictium*, An existing genus; *Telepyrodictium*: A genus related to but distinct from the existing genus Pyrodictium of far away.

Telepyruvatibacter

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Pyruvatibacter*, An existing genus; *Telepyruvatibacter*: A genus related to but distinct from the existing genus Pyruvatibacter of far away.

Telepyxidicoccus

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Pyxidicoccus*, An existing genus; *Telepyxidicoccus*: A genus related to but distinct from the existing genus Pyxidicoccus of far away.

Teleqingshengfania

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Qingshengfania*, An existing genus; *Teleqingshengfania*: A genus related to but distinct from the existing genus Qingshengfania of far away.

Teleqipengyuania

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Qipengyuania*, An existing genus; *Teleqipengyuania*: A genus related to but distinct from the existing genus Qipengyuania of far away.

Telequadricoccus

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Quadricoccus*, An existing genus; *Telequadricoccus*: A genus related to but distinct from the existing genus Quadricoccus of far away.

Telequadrisphaera

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Quadrisphaera*, An existing genus; *Telequadrisphaera*: A genus related to but distinct from the existing genus Quadrisphaera of far away.

Telequasibacillus

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Quasibacillus*, An existing genus; *Telequasibacillus*: A genus related to but distinct from the existing genus Quasibacillus of far away.

Telequatrionicoccus

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Quatrionicoccus*, An existing genus; *Telequatrionicoccus*: A genus related to but distinct from the existing genus Quatrionicoccus of far away.

Telequinella

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Quinella*, An existing genus; *Telequinella*: A genus related to but distinct from the existing genus Quinella of far away.

Teleracemicystis

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Racemicystis*, An existing genus; *Teleracemicystis*: A genus related to but distinct from the existing genus Racemicystis of far away.

Telerahnella

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Rahnella*, An existing genus; *Telerahnella*: A genus related to but distinct from the existing genus Rahnella of far away.

Teleraineya

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Raineya*, An existing genus; *Teleraineya*: A genus related to but distinct from the existing genus Raineya of far away.

Teleraineyella

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Raineyella*, An existing genus; *Teleraineyella*: A genus related to but distinct from the existing genus Raineyella of far away.

Teleralstonia

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Ralstonia*, An existing genus; *Teleralstonia*: A genus related to but distinct from the existing genus Ralstonia of far away.

Teleramlibacter

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Ramlibacter*, An existing genus; *Teleramlibacter*: A genus related to but distinct from the existing genus Ramlibacter of far away.

Teleramsaria

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Ramsaria*, An existing genus; *Teleramsaria*: A genus related to but distinct from the existing genus Ramsaria of far away.

Teleraoultella

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Raoultella*, An existing genus; *Teleraoultella*: A genus related to but distinct from the existing genus Raoultella of far away.

Telerariglobus

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Rariglobus*, An existing genus; *Telerariglobus*: A genus related to but distinct from the existing genus Rariglobus of far away.

Telerarimicrobium

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Rarimicrobium*, An existing genus; *Telerarimicrobium*: A genus related to but distinct from the existing genus Rarimicrobium of far away.

Telerarobacter

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Rarobacter*, An existing genus; *Telerarobacter*: A genus related to but distinct from the existing genus Rarobacter of far away.

Telerathayibacter

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Rathayibacter*, An existing genus; *Telerathayibacter*: A genus related to but distinct from the existing genus Rathayibacter of far away.

Teleravibacter

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Ravibacter*, An existing genus; *Teleravibacter*: A genus related to but distinct from the existing genus Ravibacter of far away.

Telerectinema

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Rectinema*, An existing genus; *Telerectinema*: A genus related to but distinct from the existing genus Rectinema of far away.

Telerehaibacterium

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Rehaibacterium*, An existing genus; *Telerehaibacterium*: A genus related to but distinct from the existing genus Rehaibacterium of far away.

Telereichenbachia

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Reichenbachia*, An existing genus; *Telereichenbachia*: A genus related to but distinct from the existing genus Reichenbachia of far away.

Telereichenbachiella

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Reichenbachiella*, An existing genus; *Telereichenbachiella*: A genus related to but distinct from the existing genus Reichenbachiella of far away.

Telereinekea

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Reinekea*, An existing genus; *Telereinekea*: A genus related to but distinct from the existing genus Reinekea of far away.

Telerenibacterium

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. neut. n. *Renibacterium*, An existing genus; *Telerenibacterium*: A genus related to but distinct from the existing genus Renibacterium of far away.

Telereyranella

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Reyranella*, An existing genus; *Telereyranella*: A genus related to but distinct from the existing genus Reyranella of far away.

Telerhabdaerophilum

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. neut. n. *Rhabdaerophilum*, An existing genus; *Telerhabdaerophilum*: A genus related to but distinct from the existing genus Rhabdaerophilum of far away.

Telerhabdanaerobium

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. neut. n. *Rhabdanaerobium*, An existing genus; *Telerhabdanaerobium*: A genus related to but distinct from the existing genus Rhabdanaerobium of far away.

Telerhabdobacter

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Rhabdobacter*, An existing genus; *Telerhabdobacter*: A genus related to but distinct from the existing genus Rhabdobacter of far away.

Telerhabdochromatium

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. neut. n. *Rhabdochromatium*, An existing genus; *Telerhabdochromatium*: A genus related to but distinct from the existing genus Rhabdochromatium of far away.

Telerheinheimera

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Rheinheimera*, An existing genus; *Telerheinheimera*: A genus related to but distinct from the existing genus Rheinheimera of far away.

Telerhizobium

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. neut. n. *Rhizobium*, An existing genus; *Telerhizobium*: A genus related to but distinct from the existing genus Rhizobium of far away.

Telerhizocola

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Rhizocola*, An existing genus; *Telerhizocola*: A genus related to but distinct from the existing genus Rhizocola of far away.

Telerhizomicrobium

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. neut. n. *Rhizomicrobium*, An existing genus; *Telerhizomicrobium*: A genus related to but distinct from the existing genus Rhizomicrobium of far away.

Telerhizomonas

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Rhizomonas*, An existing genus; *Telerhizomonas*: A genus related to but distinct from the existing genus Rhizomonas of far away.

Telerhizorhabdus

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Rhizorhabdus*, An existing genus; *Telerhizorhabdus*: A genus related to but distinct from the existing genus Rhizorhabdus of far away.

Telerhizorhapis

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Rhizorhapis*, An existing genus; *Telerhizorhapis*: A genus related to but distinct from the existing genus Rhizorhapis of far away.

Telerhodanobacter

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Rhodanobacter*, An existing genus; *Telerhodanobacter*: A genus related to but distinct from the existing genus Rhodanobacter of far away.

Telerhodobaca

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Rhodobaca*, An existing genus; *Telerhodobaca*: A genus related to but distinct from the existing genus Rhodobaca of far away.

Telerhodobacter

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Rhodobacter*, An existing genus; *Telerhodobacter*: A genus related to but distinct from the existing genus Rhodobacter of far away.

Telerhodobium

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Rhodobium*, An existing genus; *Telerhodobium*: A genus related to but distinct from the existing genus Rhodobium of far away.

Telerhodoblastus

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Rhodoblastus*, An existing genus; *Telerhodoblastus*: A genus related to but distinct from the existing genus Rhodoblastus of far away.

Telerhodocista

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Rhodocista*, An existing genus; *Telerhodocista*: A genus related to but distinct from the existing genus Rhodocista of far away.

Telerhodococcus

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Rhodococcus*, An existing genus; *Telerhodococcus*: A genus related to but distinct from the existing genus Rhodococcus of far away.

Telerhodocyclus

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Rhodocyclus*, An existing genus; *Telerhodocyclus*: A genus related to but distinct from the existing genus Rhodocyclus of far away.

Telerhodocytophaga

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Rhodocytophaga*, An existing genus; *Telerhodocytophaga*: A genus related to but distinct from the existing genus Rhodocytophaga of far away.

Telerhodoferax

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Rhodoferax*, An existing genus; *Telerhodoferax*: A genus related to but distinct from the existing genus Rhodoferax of far away.

Telerhodoglobus

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Rhodoglobus*, An existing genus; *Telerhodoglobus*: A genus related to but distinct from the existing genus Rhodoglobus of far away.

Telerhodohalobacter

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Rhodohalobacter*, An existing genus; *Telerhodohalobacter*: A genus related to but distinct from the existing genus Rhodohalobacter of far away.

Telerhodoligotrophos

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Rhodoligotrophos*, An existing genus; *Telerhodoligotrophos*: A genus related to but distinct from the existing genus Rhodoligotrophos of far away.

Telerhodoluna

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Rhodoluna*, An existing genus; *Telerhodoluna*: A genus related to but distinct from the existing genus Rhodoluna of far away.

Telerhodomicrobium

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Rhodomicrobium*, An existing genus; *Telerhodomicrobium*: A genus related to but distinct from the existing genus Rhodomicrobium of far away.

Telerhodonellum

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. dim. n. *Rhodonellum*, An existing genus; *Telerhodonellum*: A genus related to but distinct from the existing genus Rhodonellum of far away.

Telerhodophyticola

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Rhodophyticola*, An existing genus; *Telerhodophyticola*: A genus related to but distinct from the existing genus Rhodophyticola of far away.

Telerhodopila

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Rhodopila*, An existing genus; *Telerhodopila*: A genus related to but distinct from the existing genus Rhodopila of far away.

Telerhodopirellula

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Rhodopirellula*, An existing genus; *Telerhodopirellula*: A genus related to but distinct from the existing genus Rhodopirellula of far away.

Telerhodoplanes

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Rhodoplanes*, An existing genus; *Telerhodoplanes*: A genus related to but distinct from the existing genus Rhodoplanes of far away.

Telerhodopseudomonas

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Rhodopseudomonas*, An existing genus; *Telerhodopseudomonas*: A genus related to but distinct from the existing genus Rhodopseudomonas of far away.

Telerhodosalinus

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Rhodosalinus*, An existing genus; *Telerhodosalinus*: A genus related to but distinct from the existing genus Rhodosalinus of far away.

Telerhodospira

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Rhodospira*, An existing genus; *Telerhodospira*: A genus related to but distinct from the existing genus Rhodospira of far away.

Telerhodospirillum

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. neut. dim. n. *Rhodospirillum*, An existing genus; *Telerhodospirillum*: A genus related to but distinct from the existing genus Rhodospirillum of far away.

Telerhodothalassium

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. neut. n. *Rhodothalassium*, An existing genus; *Telerhodothalassium*: A genus related to but distinct from the existing genus Rhodothalassium of far away.

Telerhodothermus

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Rhodothermus*, An existing genus; *Telerhodothermus*: A genus related to but distinct from the existing genus Rhodothermus of far away.

Telerhodovarius

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Rhodovarius*, An existing genus; *Telerhodovarius*: A genus related to but distinct from the existing genus Rhodovarius of far away.

Telerhodovastum

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. neut. n. *Rhodovastum*, An existing genus; *Telerhodovastum*: A genus related to but distinct from the existing genus Rhodovastum of far away.

Telerhodovibrio

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Rhodovibrio*, An existing genus; *Telerhodovibrio*: A genus related to but distinct from the existing genus Rhodovibrio of far away.

Telerhodovulum

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. neut. n. *Rhodovulum*, An existing genus; *Telerhodovulum*: A genus related to but distinct from the existing genus Rhodovulum of far away.

Telerickettsia

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Rickettsia*, An existing genus; *Telerickettsia*: A genus related to but distinct from the existing genus Rickettsia of far away.

Telerickettsiella

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Rickettsiella*, An existing genus; *Telerickettsiella*: A genus related to but distinct from the existing genus Rickettsiella of far away.

Teleriemerella

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Riemerella*, An existing genus; *Teleriemerella*: A genus related to but distinct from the existing genus Riemerella of far away.

Telerikenella

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Rikenella*, An existing genus; *Telerikenella*: A genus related to but distinct from the existing genus Rikenella of far away.

Telerippkaea

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Rippkaea*, An existing genus; *Telerippkaea*: A genus related to but distinct from the existing genus Rippkaea of far away.

Telerisungbinella

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Risungbinella*, An existing genus; *Telerisungbinella*: A genus related to but distinct from the existing genus Risungbinella of far away.

Telerivibacter

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Rivibacter*, An existing genus; *Telerivibacter*: A genus related to but distinct from the existing genus Rivibacter of far away.

Telerivicola

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Rivicola*, An existing genus; *Telerivicola*: A genus related to but distinct from the existing genus Rivicola of far away.

Telerivularia

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Rivularia*, An existing genus; *Telerivularia*: A genus related to but distinct from the existing genus Rivularia of far away.

Telerobbsia

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Robbsia*, An existing genus; *Telerobbsia*: A genus related to but distinct from the existing genus Robbsia of far away.

Telerobertkochia

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Robertkochia*, An existing genus; *Telerobertkochia*: A genus related to but distinct from the existing genus Robertkochia of far away.

Telerobiginitalea

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Robiginitalea*, An existing genus; *Telerobiginitalea*: A genus related to but distinct from the existing genus Robiginitalea of far away.

Telerobiginitomaculum

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Robiginitomaculum*, An existing genus; *Telerobiginitomaculum*: A genus related to but distinct from the existing genus Robiginitomaculum of far away.

Telerobinsoniella

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Robinsoniella*, An existing genus; *Telerobinsoniella*: A genus related to but distinct from the existing genus Robinsoniella of far away.

Telerochalimaea

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Rochalimaea*, An existing genus; *Telerochalimaea*: A genus related to but distinct from the existing genus Rochalimaea of far away.

Telerodentibacter

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Rodentibacter*, An existing genus; *Telerodentibacter*: A genus related to but distinct from the existing genus Rodentibacter of far away.

Teleroholtiella

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Roholtiella*, An existing genus; *Teleroholtiella*: A genus related to but distinct from the existing genus Roholtiella of far away.

Teleromboutsia

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Romboutsia*, An existing genus; *Teleromboutsia*: A genus related to but distinct from the existing genus Romboutsia of far away.

Teleroseateles

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Roseateles*, An existing genus; *Teleroseateles*: A genus related to but distinct from the existing genus Roseateles of far away.

Teleroseburia

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Roseburia*, An existing genus; *Teleroseburia*: A genus related to but distinct from the existing genus Roseburia of far away.

Teleroseiarcus

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Roseiarcus*, An existing genus; *Teleroseiarcus*: A genus related to but distinct from the existing genus Roseiarcus of far away.

Teleroseibaca

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Roseibaca*, An existing genus; *Teleroseibaca*: A genus related to but distinct from the existing genus Roseibaca of far away.

Teleroseibacillus

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Roseibacillus*, An existing genus; *Teleroseibacillus*: A genus related to but distinct from the existing genus Roseibacillus of far away.

Teleroseibacterium

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. neut. n. *Roseibacterium*, An existing genus; *Teleroseibacterium*: A genus related to but distinct from the existing genus Roseibacterium of far away.

Teleroseibacula

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Roseibacula*, An existing genus; *Teleroseibacula*: A genus related to but distinct from the existing genus Roseibacula of far away.

Teleroseibium

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. neut. n. *Roseibium*, An existing genus; *Teleroseibium*: A genus related to but distinct from the existing genus Roseibium of far away.

Teleroseicella

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Roseicella*, An existing genus; *Teleroseicella*: A genus related to but distinct from the existing genus Roseicella of far away.

Teleroseicitreum

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. neut. n. *Roseicitreum*, An existing genus; *Teleroseicitreum*: A genus related to but distinct from the existing genus Roseicitreum of far away.

Teleroseicyclus

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Roseicyclus*, An existing genus; *Teleroseicyclus*: A genus related to but distinct from the existing genus Roseicyclus of far away.

Teleroseiflexus

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Roseiflexus*, An existing genus; *Teleroseiflexus*: A genus related to but distinct from the existing genus Roseiflexus of far away.

Teleroseimarinus

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Roseimarinus*, An existing genus; *Teleroseimarinus*: A genus related to but distinct from the existing genus Roseimarinus of far away.

Teleroseimaritima

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Roseimaritima*, An existing genus; *Teleroseimaritima*: A genus related to but distinct from the existing genus Roseimaritima of far away.

Teleroseimicrobium

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Roseimicrobium*, An existing genus; *Teleroseimicrobium*: A genus related to but distinct from the existing genus Roseimicrobium of far away.

Teleroseinatronobacter

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Roseinatronobacter*, An existing genus; *Teleroseinatronobacter*: A genus related to but distinct from the existing genus Roseinatronobacter of far away.

Teleroseisalinus

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Roseisalinus*, An existing genus; *Teleroseisalinus*: A genus related to but distinct from the existing genus Roseisalinus of far away.

Teleroseisolibacter

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Roseisolibacter*, An existing genus; *Teleroseisolibacter*: A genus related to but distinct from the existing genus Roseisolibacter of far away.

Teleroseitalea

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Roseitalea*, An existing genus; *Teleroseitalea*: A genus related to but distinct from the existing genus Roseitalea of far away.

Teleroseithermus

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Roseithermus*, An existing genus; *Teleroseithermus*: A genus related to but distinct from the existing genus Roseithermus of far away.

Teleroseivirga

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Roseivirga*, An existing genus; *Teleroseivirga*: A genus related to but distinct from the existing genus Roseivirga of far away.

Teleroseivivax

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Roseivivax*, An existing genus; *Teleroseivivax*: A genus related to but distinct from the existing genus Roseivivax of far away.

Telerosenbergiella

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Rosenbergiella*, An existing genus; *Telerosenbergiella*: A genus related to but distinct from the existing genus Rosenbergiella of far away.

Teleroseobacter

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Roseobacter*, An existing genus; *Teleroseobacter*: A genus related to but distinct from the existing genus Roseobacter of far away.

Teleroseococcus

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Roseococcus*, An existing genus; *Teleroseococcus*: A genus related to but distinct from the existing genus Roseococcus of far away.

Teleroseofilum

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. neut. n. *Roseofilum*, An existing genus; *Teleroseofilum*: A genus related to but distinct from the existing genus Roseofilum of far away.

Teleroseomonas

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Roseomonas*, An existing genus; *Teleroseomonas*: A genus related to but distinct from the existing genus Roseomonas of far away.

Teleroseospira

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Roseospira*, An existing genus; *Teleroseospira*: A genus related to but distinct from the existing genus Roseospira of far away.

Teleroseospirillum

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. neut. dim. n. *Roseospirillum*, An existing genus; *Teleroseospirillum*: A genus related to but distinct from the existing genus Roseospirillum of far away.

Teleroseovarius

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Roseovarius*, An existing genus; *Teleroseovarius*: A genus related to but distinct from the existing genus Roseovarius of far away.

Telerosistilla

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Rosistilla*, An existing genus; *Telerosistilla*: A genus related to but distinct from the existing genus Rosistilla of far away.

Telerothia

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Rothia*, An existing genus; *Telerothia*: A genus related to but distinct from the existing genus Rothia of far away.

Telerouxiella

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Rouxiella*, An existing genus; *Telerouxiella*: A genus related to but distinct from the existing genus Rouxiella of far away.

Teleruania

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Ruania*, An existing genus; *Teleruania*: A genus related to but distinct from the existing genus Ruania of far away.

Telerubellimicrobium

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Rubellimicrobium*, An existing genus; *Telerubellimicrobium*: A genus related to but distinct from the existing genus Rubellimicrobium of far away.

Telerubeoparvulum

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Rubeoparvulum*, An existing genus; *Telerubeoparvulum*: A genus related to but distinct from the existing genus Rubeoparvulum of far away.

Telerubidibacter

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Rubidibacter*, An existing genus; *Telerubidibacter*: A genus related to but distinct from the existing genus Rubidibacter of far away.

Telerubidimonas

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Rubidimonas*, An existing genus; *Telerubidimonas*: A genus related to but distinct from the existing genus Rubidimonas of far away.

Telerubinisphaera

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Rubinisphaera*, An existing genus; *Telerubinisphaera*: A genus related to but distinct from the existing genus Rubinisphaera of far away.

Telerubneribacter

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Rubneribacter*, An existing genus; *Telerubneribacter*: A genus related to but distinct from the existing genus Rubneribacter of far away.

Telerubribacterium

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Rubribacterium*, An existing genus; *Telerubribacterium*: A genus related to but distinct from the existing genus Rubribacterium of far away.

Telerubricella

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Rubricella*, An existing genus; *Telerubricella*: A genus related to but distinct from the existing genus Rubricella of far away.

Telerubricoccus

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Rubricoccus*, An existing genus; *Telerubricoccus*: A genus related to but distinct from the existing genus Rubricoccus of far away.

Telerubrimonas

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Rubrimonas*, An existing genus; *Telerubrimonas*: A genus related to but distinct from the existing genus Rubrimonas of far away.

Telerubripirellula

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Rubripirellula*, An existing genus; *Telerubripirellula*: A genus related to but distinct from the existing genus Rubripirellula of far away.

Telerubritalea

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Rubritalea*, An existing genus; *Telerubritalea*: A genus related to but distinct from the existing genus Rubritalea of far away.

Telerubritepida

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Rubritepida*, An existing genus; *Telerubritepida*: A genus related to but distinct from the existing genus Rubritepida of far away.

Telerubrivirga

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Rubrivirga*, An existing genus; *Telerubrivirga*: A genus related to but distinct from the existing genus Rubrivirga of far away.

Telerubrivivax

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Rubrivivax*, An existing genus; *Telerubrivivax*: A genus related to but distinct from the existing genus Rubrivivax of far away.

Telerubrobacter

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Rubrobacter*, An existing genus; *Telerubrobacter*: A genus related to but distinct from the existing genus Rubrobacter of far away.

Telerudaea

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Rudaea*, An existing genus; *Telerudaea*: A genus related to but distinct from the existing genus Rudaea of far away.

Telerudaeicoccus

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Rudaeicoccus*, An existing genus; *Telerudaeicoccus*: A genus related to but distinct from the existing genus Rudaeicoccus of far away.

Telerudaibacter

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Rudaibacter*, An existing genus; *Telerudaibacter*: A genus related to but distinct from the existing genus Rudaibacter of far away.

Telerudanella

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Rudanella*, An existing genus; *Telerudanella*: A genus related to but distinct from the existing genus Rudanella of far away.

Teleruegeria

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Ruegeria*, An existing genus; *Teleruegeria*: A genus related to but distinct from the existing genus Ruegeria of far away.

Telerufibacter

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Rufibacter*, An existing genus; *Telerufibacter*: A genus related to but distinct from the existing genus Rufibacter of far away.

Teleruficoccus

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Ruficoccus*, An existing genus; *Teleruficoccus*: A genus related to but distinct from the existing genus Ruficoccus of far away.

Telerugamonas

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Rugamonas*, An existing genus; *Telerugamonas*: A genus related to but distinct from the existing genus Rugamonas of far away.

Telerugosibacter

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Rugosibacter*, An existing genus; *Telerugosibacter*: A genus related to but distinct from the existing genus Rugosibacter of far away.

Telerugosimonospora

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Rugosimonospora*, An existing genus; *Telerugosimonospora*: A genus related to but distinct from the existing genus Rugosimonospora of far away.

Teleruminiclostridium

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. dim. n. *Ruminiclostridium*, An existing genus; *Teleruminiclostridium*: A genus related to but distinct from the existing genus Ruminiclostridium of far away.

Teleruminobacter

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Ruminobacter*, An existing genus; *Teleruminobacter*: A genus related to but distinct from the existing genus Ruminobacter of far away.

Teleruminococcus

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Ruminococcus*, An existing genus; *Teleruminococcus*: A genus related to but distinct from the existing genus Ruminococcus of far away.

Telerummeliibacillus

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Rummeliibacillus*, An existing genus; *Telerummeliibacillus*: A genus related to but distinct from the existing genus Rummeliibacillus of far away.

Telerunella

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Runella*, An existing genus; *Telerunella*: A genus related to but distinct from the existing genus Runella of far away.

Telerurimicrobium

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Rurimicrobium*, An existing genus; *Telerurimicrobium*: A genus related to but distinct from the existing genus Rurimicrobium of far away.

Teleruthenibacterium

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. neut. n. *Ruthenibacterium*, An existing genus; *Teleruthenibacterium*: A genus related to but distinct from the existing genus Ruthenibacterium of far away.

Telesabulilitoribacter

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Sabulilitoribacter*, An existing genus; *Telesabulilitoribacter*: A genus related to but distinct from the existing genus Sabulilitoribacter of far away.

Telesaccharedens

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Saccharedens*, An existing genus; *Telesaccharedens*: A genus related to but distinct from the existing genus Saccharedens of far away.

Telesaccharibacillus

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Saccharibacillus*, An existing genus; *Telesaccharibacillus*: A genus related to but distinct from the existing genus Saccharibacillus of far away.

Telesaccharibacter

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Saccharibacter*, An existing genus; *Telesaccharibacter*: A genus related to but distinct from the existing genus Saccharibacter of far away.

Telesaccharococcus

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Saccharococcus*, An existing genus; *Telesaccharococcus*: A genus related to but distinct from the existing genus Saccharococcus of far away.

Telesaccharofermentans

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. neut. n. *Saccharofermentans*, An existing genus; *Telesaccharofermentans*: A genus related to but distinct from the existing genus Saccharofermentans of far away.

Telesaccharolobus

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Saccharolobus*, An existing genus; *Telesaccharolobus*: A genus related to but distinct from the existing genus Saccharolobus of far away.

Telesaccharomonospora

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Saccharomonospora*, An existing genus; *Telesaccharomonospora*: A genus related to but distinct from the existing genus Saccharomonospora of far away.

Telesaccharophagus

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Saccharophagus*, An existing genus; *Telesaccharophagus*: A genus related to but distinct from the existing genus Saccharophagus of far away.

Telesaccharopolyspora

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Saccharopolyspora*, An existing genus; *Telesaccharopolyspora*: A genus related to but distinct from the existing genus Saccharopolyspora of far away.

Telesaccharospirillum

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. neut. dim. n. *Saccharospirillum*, An existing genus; *Telesaccharospirillum*: A genus related to but distinct from the existing genus Saccharospirillum of far away.

Telesaezia

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Saezia*, An existing genus; *Telesaezia*: A genus related to but distinct from the existing genus Saezia of far away.

Telesalana

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Salana*, An existing genus; *Telesalana*: A genus related to but distinct from the existing genus Salana of far away.

Telesalaquimonas

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Salaquimonas*, An existing genus; *Telesalaquimonas*: A genus related to but distinct from the existing genus Salaquimonas of far away.

Telesalarchaeum

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. neut. n. *Salarchaeum*, An existing genus; *Telesalarchaeum*: A genus related to but distinct from the existing genus Salarchaeum of far away.

Telesalegentibacter

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Salegentibacter*, An existing genus; *Telesalegentibacter*: A genus related to but distinct from the existing genus Salegentibacter of far away.

Telesalibacillus

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Salibacillus*, An existing genus; *Telesalibacillus*: A genus related to but distinct from the existing genus Salibacillus of far away.

Telesalibacter

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Salibacter*, An existing genus; *Telesalibacter*: A genus related to but distinct from the existing genus Salibacter of far away.

Telesalicibibacter

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Salicibibacter*, An existing genus; *Telesalicibibacter*: A genus related to but distinct from the existing genus Salicibibacter of far away.

Telesalicola

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Salicola*, An existing genus; *Telesalicola*: A genus related to but distinct from the existing genus Salicola of far away.

Telesalilacibacter

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Salilacibacter*, An existing genus; *Telesalilacibacter*: A genus related to but distinct from the existing genus Salilacibacter of far away.

Telesalileptolyngbya

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Salileptolyngbya*, An existing genus; *Telesalileptolyngbya*: A genus related to but distinct from the existing genus Salileptolyngbya of far away.

Telesalimesophilobacter

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Salimesophilobacter*, An existing genus; *Telesalimesophilobacter*: A genus related to but distinct from the existing genus Salimesophilobacter of far away.

Telesalimicrobium

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. neut. n. *Salimicrobium*, An existing genus; *Telesalimicrobium*: A genus related to but distinct from the existing genus Salimicrobium of far away.

Telesalinactinospora

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Salinactinospora*, An existing genus; *Telesalinactinospora*: A genus related to but distinct from the existing genus Salinactinospora of far away.

Telesalinarchaeum

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. neut. n. *Salinarchaeum*, An existing genus; *Telesalinarchaeum*: A genus related to but distinct from the existing genus Salinarchaeum of far away.

Telesalinibacillus

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Salinibacillus*, An existing genus; *Telesalinibacillus*: A genus related to but distinct from the existing genus Salinibacillus of far away.

Telesalinibacter

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Salinibacter*, An existing genus; *Telesalinibacter*: A genus related to but distinct from the existing genus Salinibacter of far away.

Telesalinibacterium

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. neut. n. *Salinibacterium*, An existing genus; *Telesalinibacterium*: A genus related to but distinct from the existing genus Salinibacterium of far away.

Telesalinibaculum

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. neut. n. *Salinibaculum*, An existing genus; *Telesalinibaculum*: A genus related to but distinct from the existing genus Salinibaculum of far away.

Telesalinibius

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Salinibius*, An existing genus; *Telesalinibius*: A genus related to but distinct from the existing genus Salinibius of far away.

Telesalinicoccus

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Salinicoccus*, An existing genus; *Telesalinicoccus*: A genus related to but distinct from the existing genus Salinicoccus of far away.

Telesalinicola

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Salinicola*, An existing genus; *Telesalinicola*: A genus related to but distinct from the existing genus Salinicola of far away.

Telesalinifilum

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Salinifilum*, An existing genus; *Telesalinifilum*: A genus related to but distinct from the existing genus Salinifilum of far away.

Telesalinigranum

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Salinigranum*, An existing genus; *Telesalinigranum*: A genus related to but distinct from the existing genus Salinigranum of far away.

Telesalinihabitans

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Salinihabitans*, An existing genus; *Telesalinihabitans*: A genus related to but distinct from the existing genus Salinihabitans of far away.

Telesalinimicrobium

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Salinimicrobium*, An existing genus; *Telesalinimicrobium*: A genus related to but distinct from the existing genus Salinimicrobium of far away.

Telesalinimonas

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Salinimonas*, An existing genus; *Telesalinimonas*: A genus related to but distinct from the existing genus Salinimonas of far away.

Telesalininema

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Salininema*, An existing genus; *Telesalininema*: A genus related to but distinct from the existing genus Salininema of far away.

Telesaliniradius

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Saliniradius*, An existing genus; *Telesaliniradius*: A genus related to but distinct from the existing genus Saliniradius of far away.

Telesalinirepens

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Salinirepens*, An existing genus; *Telesalinirepens*: A genus related to but distinct from the existing genus Salinirepens of far away.

Telesalinirubellus

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Salinirubellus*, An existing genus; *Telesalinirubellus*: A genus related to but distinct from the existing genus Salinirubellus of far away.

Telesalinirussus

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Salinirussus*, An existing genus; *Telesalinirussus*: A genus related to but distinct from the existing genus Salinirussus of far away.

Telesalinisphaera

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Salinisphaera*, An existing genus; *Telesalinisphaera*: A genus related to but distinct from the existing genus Salinisphaera of far away.

Telesalinispira

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Salinispira*, An existing genus; *Telesalinispira*: A genus related to but distinct from the existing genus Salinispira of far away.

Telesalinispirillum

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. neut. dim. n. *Salinispirillum*, An existing genus; *Telesalinispirillum*: A genus related to but distinct from the existing genus Salinispirillum of far away.

Telesalinispora

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Salinispora*, An existing genus; *Telesalinispora*: A genus related to but distinct from the existing genus Salinispora of far away.

Telesalinithrix

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Salinithrix*, An existing genus; *Telesalinithrix*: A genus related to but distinct from the existing genus Salinithrix of far away.

Telesalinivenus

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Salinivenus*, An existing genus; *Telesalinivenus*: A genus related to but distinct from the existing genus Salinivenus of far away.

Telesalinivibrio

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Salinivibrio*, An existing genus; *Telesalinivibrio*: A genus related to but distinct from the existing genus Salinivibrio of far away.

Telesalinivirga

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Salinivirga*, An existing genus; *Telesalinivirga*: A genus related to but distinct from the existing genus Salinivirga of far away.

Telesalinovum

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Salinovum*, An existing genus; *Telesalinovum*: A genus related to but distinct from the existing genus Salinovum of far away.

Telesaliphagus

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Saliphagus*, An existing genus; *Telesaliphagus*: A genus related to but distinct from the existing genus Saliphagus of far away.

Telesalipiger

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Salipiger*, An existing genus; *Telesalipiger*: A genus related to but distinct from the existing genus Salipiger of far away.

Telesalisaeta

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Salisaeta*, An existing genus; *Telesalisaeta*: A genus related to but distinct from the existing genus Salisaeta of far away.

Telesalisediminibacterium

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Salisediminibacterium*, An existing genus; *Telesalisediminibacterium*: A genus related to but distinct from the existing genus Salisediminibacterium of far away.

Telesaliterribacillus

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Saliterribacillus*, An existing genus; *Telesaliterribacillus*: A genus related to but distinct from the existing genus Saliterribacillus of far away.

Telesalmonella

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Salmonella*, An existing genus; *Telesalmonella*: A genus related to but distinct from the existing genus Salmonella of far away.

Telesalsuginibacillus

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Salsuginibacillus*, An existing genus; *Telesalsuginibacillus*: A genus related to but distinct from the existing genus Salsuginibacillus of far away.

Telesalsuginimonas

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Salsuginimonas*, An existing genus; *Telesalsuginimonas*: A genus related to but distinct from the existing genus Salsuginimonas of far away.

Telesamsonia

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Samsonia*, An existing genus; *Telesamsonia*: A genus related to but distinct from the existing genus Samsonia of far away.

Telesandaracinobacter

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Sandaracinobacter*, An existing genus; *Telesandaracinobacter*: A genus related to but distinct from the existing genus Sandaracinobacter of far away.

Telesandaracinomonas

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Sandaracinomonas*, An existing genus; *Telesandaracinomonas*: A genus related to but distinct from the existing genus Sandaracinomonas of far away.

Telesandaracinus

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Sandaracinus*, An existing genus; *Telesandaracinus*: A genus related to but distinct from the existing genus Sandaracinus of far away.

Telesandarakinorhabdus

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Sandarakinorhabdus*, An existing genus; *Telesandarakinorhabdus*: A genus related to but distinct from the existing genus Sandarakinorhabdus of far away.

Telesandarakinotalea

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Sandarakinotalea*, An existing genus; *Telesandarakinotalea*: A genus related to but distinct from the existing genus Sandarakinotalea of far away.

Telesansalvadorimonas

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Sansalvadorimonas*, An existing genus; *Telesansalvadorimonas*: A genus related to but distinct from the existing genus Sansalvadorimonas of far away.

Telesaonia

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Saonia*, An existing genus; *Telesaonia*: A genus related to but distinct from the existing genus Saonia of far away.

Telesaprospira

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Saprospira*, An existing genus; *Telesaprospira*: A genus related to but distinct from the existing genus Saprospira of far away.

Telesarcina

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Sarcina*, An existing genus; *Telesarcina*: A genus related to but distinct from the existing genus Sarcina of far away.

Telesarcobium

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Sarcobium*, An existing genus; *Telesarcobium*: A genus related to but distinct from the existing genus Sarcobium of far away.

Telesavagea

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Savagea*, An existing genus; *Telesavagea*: A genus related to but distinct from the existing genus Savagea of far away.

Telesaxeibacter

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Saxeibacter*, An existing genus; *Telesaxeibacter*: A genus related to but distinct from the existing genus Saxeibacter of far away.

Telescandinavium

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. neut. n. *Scandinavium*, An existing genus; *Telescandinavium*: A genus related to but distinct from the existing genus Scandinavium of far away.

Telescardovia

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Scardovia*, An existing genus; *Telescardovia*: A genus related to but distinct from the existing genus Scardovia of far away.

Teleschaalia

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Schaalia*, An existing genus; *Teleschaalia*: A genus related to but distinct from the existing genus Schaalia of far away.

Teleschaedlerella

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Schaedlerella*, An existing genus; *Teleschaedlerella*: A genus related to but distinct from the existing genus Schaedlerella of far away.

Teleschineria

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Schineria*, An existing genus; *Teleschineria*: A genus related to but distinct from the existing genus Schineria of far away.

Teleschlegelella

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Schlegelella*, An existing genus; *Teleschlegelella*: A genus related to but distinct from the existing genus Schlegelella of far away.

Teleschleiferella

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Schleiferella*, An existing genus; *Teleschleiferella*: A genus related to but distinct from the existing genus Schleiferella of far away.

Teleschleiferia

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Schleiferia*, An existing genus; *Teleschleiferia*: A genus related to but distinct from the existing genus Schleiferia of far away.

Teleschleiferilactobacillus

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Schleiferilactobacillus*, An existing genus; *Teleschleiferilactobacillus*: A genus related to but distinct from the existing genus Schleiferilactobacillus of far away.

Teleschlesneria

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Schlesneria*, An existing genus; *Teleschlesneria*: A genus related to but distinct from the existing genus Schlesneria of far away.

Teleschnuerera

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Schnuerera*, An existing genus; *Teleschnuerera*: A genus related to but distinct from the existing genus Schnuerera of far away.

Teleschumannella

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Schumannella*, An existing genus; *Teleschumannella*: A genus related to but distinct from the existing genus Schumannella of far away.

Teleschwartzia

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Schwartzia*, An existing genus; *Teleschwartzia*: A genus related to but distinct from the existing genus Schwartzia of far away.

Telesciscionella

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Sciscionella*, An existing genus; *Telesciscionella*: A genus related to but distinct from the existing genus Sciscionella of far away.

Telescopulibacillus

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Scopulibacillus*, An existing genus; *Telescopulibacillus*: A genus related to but distinct from the existing genus Scopulibacillus of far away.

Telescytolyngbya

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Scytolyngbya*, An existing genus; *Telescytolyngbya*: A genus related to but distinct from the existing genus Scytolyngbya of far away.

Telesebaldella

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Sebaldella*, An existing genus; *Telesebaldella*: A genus related to but distinct from the existing genus Sebaldella of far away.

Telesecundilactobacillus

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Secundilactobacillus*, An existing genus; *Telesecundilactobacillus*: A genus related to but distinct from the existing genus Secundilactobacillus of far away.

Telesedimentibacter

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Sedimentibacter*, An existing genus; *Telesedimentibacter*: A genus related to but distinct from the existing genus Sedimentibacter of far away.

Telesedimenticola

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Sedimenticola*, An existing genus; *Telesedimenticola*: A genus related to but distinct from the existing genus Sedimenticola of far away.

Telesedimentisphaera

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Sedimentisphaera*, An existing genus; *Telesedimentisphaera*: A genus related to but distinct from the existing genus Sedimentisphaera of far away.

Telesedimentitalea

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Sedimentitalea*, An existing genus; *Telesedimentitalea*: A genus related to but distinct from the existing genus Sedimentitalea of far away.

Telesediminibacillus

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Sediminibacillus*, An existing genus; *Telesediminibacillus*: A genus related to but distinct from the existing genus Sediminibacillus of far away.

Telesediminibacter

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Sediminibacter*, An existing genus; *Telesediminibacter*: A genus related to but distinct from the existing genus Sediminibacter of far away.

Telesediminibacterium

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Sediminibacterium*, An existing genus; *Telesediminibacterium*: A genus related to but distinct from the existing genus Sediminibacterium of far away.

Telesediminicoccus

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Sediminicoccus*, An existing genus; *Telesediminicoccus*: A genus related to but distinct from the existing genus Sediminicoccus of far away.

Telesediminicola

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Sediminicola*, An existing genus; *Telesediminicola*: A genus related to but distinct from the existing genus Sediminicola of far away.

Telesediminihabitans

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Sediminihabitans*, An existing genus; *Telesediminihabitans*: A genus related to but distinct from the existing genus Sediminihabitans of far away.

Telesediminimonas

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Sediminimonas*, An existing genus; *Telesediminimonas*: A genus related to but distinct from the existing genus Sediminimonas of far away.

Telesediminispirochaeta

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Sediminispirochaeta*, An existing genus; *Telesediminispirochaeta*: A genus related to but distinct from the existing genus Sediminispirochaeta of far away.

Telesediminitomix

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Sediminitomix*, An existing genus; *Telesediminitomix*: A genus related to but distinct from the existing genus Sediminitomix of far away.

Telesediminivirga

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Sediminivirga*, An existing genus; *Telesediminivirga*: A genus related to but distinct from the existing genus Sediminivirga of far away.

Telesegeticoccus

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Segeticoccus*, An existing genus; *Telesegeticoccus*: A genus related to but distinct from the existing genus Segeticoccus of far away.

Telesegniliparus

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Segniliparus*, An existing genus; *Telesegniliparus*: A genus related to but distinct from the existing genus Segniliparus of far away.

Telesegnochrobactrum

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Segnochrobactrum*, An existing genus; *Telesegnochrobactrum*: A genus related to but distinct from the existing genus Segnochrobactrum of far away.

Teleseinonella

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Seinonella*, An existing genus; *Teleseinonella*: A genus related to but distinct from the existing genus Seinonella of far away.

Telesejongia

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Sejongia*, An existing genus; *Telesejongia*: A genus related to but distinct from the existing genus Sejongia of far away.

Teleselenihalanaerobacter

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Selenihalanaerobacter*, An existing genus; *Teleselenihalanaerobacter*: A genus related to but distinct from the existing genus Selenihalanaerobacter of far away.

Teleseleniivibrio

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Seleniivibrio*, An existing genus; *Teleseleniivibrio*: A genus related to but distinct from the existing genus Seleniivibrio of far away.

Teleselenomonas

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Selenomonas*, An existing genus; *Teleselenomonas*: A genus related to but distinct from the existing genus Selenomonas of far away.

Teleseliberia

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Seliberia*, An existing genus; *Teleseliberia*: A genus related to but distinct from the existing genus Seliberia of far away.

Telesellimonas

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Sellimonas*, An existing genus; *Telesellimonas*: A genus related to but distinct from the existing genus Sellimonas of far away.

Telesenegalimassilia

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Senegalimassilia*, An existing genus; *Telesenegalimassilia*: A genus related to but distinct from the existing genus Senegalimassilia of far away.

Teleseohaeicola

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Seohaeicola*, An existing genus; *Teleseohaeicola*: A genus related to but distinct from the existing genus Seohaeicola of far away.

Teleseonamhaeicola

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Seonamhaeicola*, An existing genus; *Teleseonamhaeicola*: A genus related to but distinct from the existing genus Seonamhaeicola of far away.

Teleseongchinamella

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Seongchinamella*, An existing genus; *Teleseongchinamella*: A genus related to but distinct from the existing genus Seongchinamella of far away.

Teleserinibacter

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Serinibacter*, An existing genus; *Teleserinibacter*: A genus related to but distinct from the existing genus Serinibacter of far away.

Teleserinicoccus

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Serinicoccus*, An existing genus; *Teleserinicoccus*: A genus related to but distinct from the existing genus Serinicoccus of far away.

Teleserpentinicella

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Serpentinicella*, An existing genus; *Teleserpentinicella*: A genus related to but distinct from the existing genus Serpentinicella of far away.

Teleserpulina

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Serpulina*, An existing genus; *Teleserpulina*: A genus related to but distinct from the existing genus Serpulina of far away.

Teleserratia

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Serratia*, An existing genus; *Teleserratia*: A genus related to but distinct from the existing genus Serratia of far away.

Teleshackletoniella

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Shackletoniella*, An existing genus; *Teleshackletoniella*: A genus related to but distinct from the existing genus Shackletoniella of far away.

Telesharpea

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Sharpea*, An existing genus; *Telesharpea*: A genus related to but distinct from the existing genus Sharpea of far away.

Teleshewanella

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Shewanella*, An existing genus; *Teleshewanella*: A genus related to but distinct from the existing genus Shewanella of far away.

Teleshigella

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Shigella*, An existing genus; *Teleshigella*: A genus related to but distinct from the existing genus Shigella of far away.

Teleshimazuella

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Shimazuella*, An existing genus; *Teleshimazuella*: A genus related to but distinct from the existing genus Shimazuella of far away.

Teleshimia

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Shimia*, An existing genus; *Teleshimia*: A genus related to but distinct from the existing genus Shimia of far away.

Teleshimwellia

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Shimwellia*, An existing genus; *Teleshimwellia*: A genus related to but distinct from the existing genus Shimwellia of far away.

Teleshinella

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Shinella*, An existing genus; *Teleshinella*: A genus related to but distinct from the existing genus Shinella of far away.

Teleshivajiella

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Shivajiella*, An existing genus; *Teleshivajiella*: A genus related to but distinct from the existing genus Shivajiella of far away.

Teleshuttleworthia

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Shuttleworthia*, An existing genus; *Teleshuttleworthia*: A genus related to but distinct from the existing genus Shuttleworthia of far away.

Telesiccirubricoccus

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Siccirubricoccus*, An existing genus; *Telesiccirubricoccus*: A genus related to but distinct from the existing genus Siccirubricoccus of far away.

Telesilanimonas

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Silanimonas*, An existing genus; *Telesilanimonas*: A genus related to but distinct from the existing genus Silanimonas of far away.

Telesilicibacter

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Silicibacter*, An existing genus; *Telesilicibacter*: A genus related to but distinct from the existing genus Silicibacter of far away.

Telesilicimonas

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Silicimonas*, An existing genus; *Telesilicimonas*: A genus related to but distinct from the existing genus Silicimonas of far away.

Telesilvanigrella

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Silvanigrella*, An existing genus; *Telesilvanigrella*: A genus related to but distinct from the existing genus Silvanigrella of far away.

Telesilvibacterium

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. neut. n. *Silvibacterium*, An existing genus; *Telesilvibacterium*: A genus related to but distinct from the existing genus Silvibacterium of far away.

Telesilvimonas

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Silvimonas*, An existing genus; *Telesilvimonas*: A genus related to but distinct from the existing genus Silvimonas of far away.

Telesimiduia

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Simiduia*, An existing genus; *Telesimiduia*: A genus related to but distinct from the existing genus Simiduia of far away.

Telesimkania

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Simkania*, An existing genus; *Telesimkania*: A genus related to but distinct from the existing genus Simkania of far away.

Telesimonsiella

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Simonsiella*, An existing genus; *Telesimonsiella*: A genus related to but distinct from the existing genus Simonsiella of far away.

Telesimplicispira

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Simplicispira*, An existing genus; *Telesimplicispira*: A genus related to but distinct from the existing genus Simplicispira of far away.

Telesimulacricoccus

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Simulacricoccus*, An existing genus; *Telesimulacricoccus*: A genus related to but distinct from the existing genus Simulacricoccus of far away.

Telesingularimonas

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Singularimonas*, An existing genus; *Telesingularimonas*: A genus related to but distinct from the existing genus Singularimonas of far away.

Telesingulisphaera

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Singulisphaera*, An existing genus; *Telesingulisphaera*: A genus related to but distinct from the existing genus Singulisphaera of far away.

Telesinibacillus

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Sinibacillus*, An existing genus; *Telesinibacillus*: A genus related to but distinct from the existing genus Sinibacillus of far away.

Telesinimarinibacterium

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Sinimarinibacterium*, An existing genus; *Telesinimarinibacterium*: A genus related to but distinct from the existing genus Sinimarinibacterium of far away.

Telesinobaca

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Sinobaca*, An existing genus; *Telesinobaca*: A genus related to but distinct from the existing genus Sinobaca of far away.

Telesinobacter

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Sinobacter*, An existing genus; *Telesinobacter*: A genus related to but distinct from the existing genus Sinobacter of far away.

Telesinobacterium

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. neut. n. *Sinobacterium*, An existing genus; *Telesinobacterium*: A genus related to but distinct from the existing genus Sinobacterium of far away.

Telesinococcus

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Sinococcus*, An existing genus; *Telesinococcus*: A genus related to but distinct from the existing genus Sinococcus of far away.

Telesinomicrobium

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. neut. n. *Sinomicrobium*, An existing genus; *Telesinomicrobium*: A genus related to but distinct from the existing genus Sinomicrobium of far away.

Telesinorhizobium

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. neut. n. *Sinorhizobium*, An existing genus; *Telesinorhizobium*: A genus related to but distinct from the existing genus Sinorhizobium of far away.

Telesinosporangium

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. neut. n. *Sinosporangium*, An existing genus; *Telesinosporangium*: A genus related to but distinct from the existing genus Sinosporangium of far away.

Telesiphonobacter

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Siphonobacter*, An existing genus; *Telesiphonobacter*: A genus related to but distinct from the existing genus Siphonobacter of far away.

Teleskermanella

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Skermanella*, An existing genus; *Teleskermanella*: A genus related to but distinct from the existing genus Skermanella of far away.

Teleskermania

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Skermania*, An existing genus; *Teleskermania*: A genus related to but distinct from the existing genus Skermania of far away.

Teleslackia

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Slackia*, An existing genus; *Teleslackia*: A genus related to but distinct from the existing genus Slackia of far away.

Telesmaragdicoccus

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Smaragdicoccus*, An existing genus; *Telesmaragdicoccus*: A genus related to but distinct from the existing genus Smaragdicoccus of far away.

Telesmithella

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Smithella*, An existing genus; *Telesmithella*: A genus related to but distinct from the existing genus Smithella of far away.

Telesneathia

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Sneathia*, An existing genus; *Telesneathia*: A genus related to but distinct from the existing genus Sneathia of far away.

Telesneathiella

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Sneathiella*, An existing genus; *Telesneathiella*: A genus related to but distinct from the existing genus Sneathiella of far away.

Telesnodgrassella

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Snodgrassella*, An existing genus; *Telesnodgrassella*: A genus related to but distinct from the existing genus Snodgrassella of far away.

Telesnuella

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Snuella*, An existing genus; *Telesnuella*: A genus related to but distinct from the existing genus Snuella of far away.

Telesodaleptolyngbya

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Sodaleptolyngbya*, An existing genus; *Telesodaleptolyngbya*: A genus related to but distinct from the existing genus Sodaleptolyngbya of far away.

Telesodalinema

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. neut. n. *Sodalinema*, An existing genus; *Telesodalinema*: A genus related to but distinct from the existing genus Sodalinema of far away.

Telesoehngenia

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Soehngenia*, An existing genus; *Telesoehngenia*: A genus related to but distinct from the existing genus Soehngenia of far away.

Telesolentia

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Solentia*, An existing genus; *Telesolentia*: A genus related to but distinct from the existing genus Solentia of far away.

Telesolibacillus

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Solibacillus*, An existing genus; *Telesolibacillus*: A genus related to but distinct from the existing genus Solibacillus of far away.

Telesolimicrobium

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. neut. n. *Solimicrobium*, An existing genus; *Telesolimicrobium*: A genus related to but distinct from the existing genus Solimicrobium of far away.

Telesolirhodobacter

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Solirhodobacter*, An existing genus; *Telesolirhodobacter*: A genus related to but distinct from the existing genus Solirhodobacter of far away.

Telesolirubrobacter

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Solirubrobacter*, An existing genus; *Telesolirubrobacter*: A genus related to but distinct from the existing genus Solirubrobacter of far away.

Telesolitalea

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Solitalea*, An existing genus; *Telesolitalea*: A genus related to but distinct from the existing genus Solitalea of far away.

Telesolobacterium

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Solobacterium*, An existing genus; *Telesolobacterium*: A genus related to but distinct from the existing genus Solobacterium of far away.

Telesoonwooa

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Soonwooa*, An existing genus; *Telesoonwooa*: A genus related to but distinct from the existing genus Soonwooa of far away.

Telesoortia

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Soortia*, An existing genus; *Telesoortia*: A genus related to but distinct from the existing genus Soortia of far away.

Telesorangium

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Sorangium*, An existing genus; *Telesorangium*: A genus related to but distinct from the existing genus Sorangium of far away.

Telespecibacter

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Specibacter*, An existing genus; *Telespecibacter*: A genus related to but distinct from the existing genus Specibacter of far away.

Telespelaeicoccus

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Spelaeicoccus*, An existing genus; *Telespelaeicoccus*: A genus related to but distinct from the existing genus Spelaeicoccus of far away.

Telespelaeonaias

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Spelaeonaias*, An existing genus; *Telespelaeonaias*: A genus related to but distinct from the existing genus Spelaeonaias of far away.

Telesphaerimonospora

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Sphaerimonospora*, An existing genus; *Telesphaerimonospora*: A genus related to but distinct from the existing genus Sphaerimonospora of far away.

Telesphaerisporangium

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. neut. n. *Sphaerisporangium*, An existing genus; *Telesphaerisporangium*: A genus related to but distinct from the existing genus Sphaerisporangium of far away.

Telesphaerobacter

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Sphaerobacter*, An existing genus; *Telesphaerobacter*: A genus related to but distinct from the existing genus Sphaerobacter of far away.

Telesphaerocavum

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. neut. n. *Sphaerocavum*, An existing genus; *Telesphaerocavum*: A genus related to but distinct from the existing genus Sphaerocavum of far away.

Telesphaerochaeta

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Sphaerochaeta*, An existing genus; *Telesphaerochaeta*: A genus related to but distinct from the existing genus Sphaerochaeta of far away.

Telesphaerotilus

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Sphaerotilus*, An existing genus; *Telesphaerotilus*: A genus related to but distinct from the existing genus Sphaerotilus of far away.

Telesphingoaurantiacus

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Sphingoaurantiacus*, An existing genus; *Telesphingoaurantiacus*: A genus related to but distinct from the existing genus Sphingoaurantiacus of far away.

Telesphingobacterium

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. neut. n. *Sphingobacterium*, An existing genus; *Telesphingobacterium*: A genus related to but distinct from the existing genus Sphingobacterium of far away.

Telesphingobium

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Sphingobium*, An existing genus; *Telesphingobium*: A genus related to but distinct from the existing genus Sphingobium of far away.

Telesphingomicrobium

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Sphingomicrobium*, An existing genus; *Telesphingomicrobium*: A genus related to but distinct from the existing genus Sphingomicrobium of far away.

Telesphingomonas

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Sphingomonas*, An existing genus; *Telesphingomonas*: A genus related to but distinct from the existing genus Sphingomonas of far away.

Telesphingopyxis

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Sphingopyxis*, An existing genus; *Telesphingopyxis*: A genus related to but distinct from the existing genus Sphingopyxis of far away.

Telesphingorhabdus

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Sphingorhabdus*, An existing genus; *Telesphingorhabdus*: A genus related to but distinct from the existing genus Sphingorhabdus of far away.

Telesphingosinicella

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Sphingosinicella*, An existing genus; *Telesphingosinicella*: A genus related to but distinct from the existing genus Sphingosinicella of far away.

Telesphingosinithalassobacter

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Sphingosinithalassobacter*, An existing genus; *Telesphingosinithalassobacter*: A genus related to but distinct from the existing genus Sphingosinithalassobacter of far away.

Telespinactinospora

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Spinactinospora*, An existing genus; *Telespinactinospora*: A genus related to but distinct from the existing genus Spinactinospora of far away.

Telespirilliplanes

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Spirilliplanes*, An existing genus; *Telespirilliplanes*: A genus related to but distinct from the existing genus Spirilliplanes of far away.

Telespirillospora

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Spirillospora*, An existing genus; *Telespirillospora*: A genus related to but distinct from the existing genus Spirillospora of far away.

Telespirochaeta

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Spirochaeta*, An existing genus; *Telespirochaeta*: A genus related to but distinct from the existing genus Spirochaeta of far away.

Telespiroplasma

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Spiroplasma*, An existing genus; *Telespiroplasma*: A genus related to but distinct from the existing genus Spiroplasma of far away.

Telespirosoma

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Spirosoma*, An existing genus; *Telespirosoma*: A genus related to but distinct from the existing genus Spirosoma of far away.

Telespodiobacter

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Spodiobacter*, An existing genus; *Telespodiobacter*: A genus related to but distinct from the existing genus Spodiobacter of far away.

Telespongiactinospora

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Spongiactinospora*, An existing genus; *Telespongiactinospora*: A genus related to but distinct from the existing genus Spongiactinospora of far away.

Telespongiibacter

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Spongiibacter*, An existing genus; *Telespongiibacter*: A genus related to but distinct from the existing genus Spongiibacter of far away.

Telespongiibacterium

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Spongiibacterium*, An existing genus; *Telespongiibacterium*: A genus related to but distinct from the existing genus Spongiibacterium of far away.

Telespongiiferula

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Spongiiferula*, An existing genus; *Telespongiiferula*: A genus related to but distinct from the existing genus Spongiiferula of far away.

Telespongiimicrobium

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Spongiimicrobium*, An existing genus; *Telespongiimicrobium*: A genus related to but distinct from the existing genus Spongiimicrobium of far away.

Telespongiimonas

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Spongiimonas*, An existing genus; *Telespongiimonas*: A genus related to but distinct from the existing genus Spongiimonas of far away.

Telespongiispira

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Spongiispira*, An existing genus; *Telespongiispira*: A genus related to but distinct from the existing genus Spongiispira of far away.

Telespongiivirga

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Spongiivirga*, An existing genus; *Telespongiivirga*: A genus related to but distinct from the existing genus Spongiivirga of far away.

Telespongitalea

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Spongitalea*, An existing genus; *Telespongitalea*: A genus related to but distinct from the existing genus Spongitalea of far away.

Telesporacetigenium

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Sporacetigenium*, An existing genus; *Telesporacetigenium*: A genus related to but distinct from the existing genus Sporacetigenium of far away.

Telesporanaerobacter

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Sporanaerobacter*, An existing genus; *Telesporanaerobacter*: A genus related to but distinct from the existing genus Sporanaerobacter of far away.

Telesporichthya

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Sporichthya*, An existing genus; *Telesporichthya*: A genus related to but distinct from the existing genus Sporichthya of far away.

Telesporobacter

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Sporobacter*, An existing genus; *Telesporobacter*: A genus related to but distinct from the existing genus Sporobacter of far away.

Telesporobacterium

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Sporobacterium*, An existing genus; *Telesporobacterium*: A genus related to but distinct from the existing genus Sporobacterium of far away.

Telesporocytophaga

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Sporocytophaga*, An existing genus; *Telesporocytophaga*: A genus related to but distinct from the existing genus Sporocytophaga of far away.

Telesporohalobacter

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Sporohalobacter*, An existing genus; *Telesporohalobacter*: A genus related to but distinct from the existing genus Sporohalobacter of far away.

Telesporolactobacillus

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Sporolactobacillus*, An existing genus; *Telesporolactobacillus*: A genus related to but distinct from the existing genus Sporolactobacillus of far away.

Telesporolituus

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Sporolituus*, An existing genus; *Telesporolituus*: A genus related to but distinct from the existing genus Sporolituus of far away.

Telesporosalibacterium

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Sporosalibacterium*, An existing genus; *Telesporosalibacterium*: A genus related to but distinct from the existing genus Sporosalibacterium of far away.

Telesporosarcina

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Sporosarcina*, An existing genus; *Telesporosarcina*: A genus related to but distinct from the existing genus Sporosarcina of far away.

Telesporotalea

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Sporotalea*, An existing genus; *Telesporotalea*: A genus related to but distinct from the existing genus Sporotalea of far away.

Telesporotomaculum

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Sporotomaculum*, An existing genus; *Telesporotomaculum*: A genus related to but distinct from the existing genus Sporotomaculum of far away.

Telestackebrandtia

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Stackebrandtia*, An existing genus; *Telestackebrandtia*: A genus related to but distinct from the existing genus Stackebrandtia of far away.

Telestagnimonas

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Stagnimonas*, An existing genus; *Telestagnimonas*: A genus related to but distinct from the existing genus Stagnimonas of far away.

Telestakelama

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Stakelama*, An existing genus; *Telestakelama*: A genus related to but distinct from the existing genus Stakelama of far away.

Telestaleya

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Staleya*, An existing genus; *Telestaleya*: A genus related to but distinct from the existing genus Staleya of far away.

Telestanierella

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Stanierella*, An existing genus; *Telestanierella*: A genus related to but distinct from the existing genus Stanierella of far away.

Telestaphylococcus

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Staphylococcus*, An existing genus; *Telestaphylococcus*: A genus related to but distinct from the existing genus Staphylococcus of far away.

Telestaphylospora

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Staphylospora*, An existing genus; *Telestaphylospora*: A genus related to but distinct from the existing genus Staphylospora of far away.

Telestaphylothermus

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Staphylothermus*, An existing genus; *Telestaphylothermus*: A genus related to but distinct from the existing genus Staphylothermus of far away.

Telestappia

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Stappia*, An existing genus; *Telestappia*: A genus related to but distinct from the existing genus Stappia of far away.

Telestarkeya

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Starkeya*, An existing genus; *Telestarkeya*: A genus related to but distinct from the existing genus Starkeya of far away.

Telestarria

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Starria*, An existing genus; *Telestarria*: A genus related to but distinct from the existing genus Starria of far away.

Telestella

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Stella*, An existing genus; *Telestella*: A genus related to but distinct from the existing genus Stella of far away.

Telestenothermobacter

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Stenothermobacter*, An existing genus; *Telestenothermobacter*: A genus related to but distinct from the existing genus Stenothermobacter of far away.

Telestenotrophobacter

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Stenotrophobacter*, An existing genus; *Telestenotrophobacter*: A genus related to but distinct from the existing genus Stenotrophobacter of far away.

Telestenotrophobium

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Stenotrophobium*, An existing genus; *Telestenotrophobium*: A genus related to but distinct from the existing genus Stenotrophobium of far away.

Telestenotrophomonas

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Stenotrophomonas*, An existing genus; *Telestenotrophomonas*: A genus related to but distinct from the existing genus Stenotrophomonas of far away.

Telestenoxybacter

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Stenoxybacter*, An existing genus; *Telestenoxybacter*: A genus related to but distinct from the existing genus Stenoxybacter of far away.

Telesteroidobacter

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Steroidobacter*, An existing genus; *Telesteroidobacter*: A genus related to but distinct from the existing genus Steroidobacter of far away.

Telesterolibacterium

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Sterolibacterium*, An existing genus; *Telesterolibacterium*: A genus related to but distinct from the existing genus Sterolibacterium of far away.

Telestetteria

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Stetteria*, An existing genus; *Telestetteria*: A genus related to but distinct from the existing genus Stetteria of far away.

Telestigmatella

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Stigmatella*, An existing genus; *Telestigmatella*: A genus related to but distinct from the existing genus Stigmatella of far away.

Telestigonema

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. neut. n. *Stigonema*, An existing genus; *Telestigonema*: A genus related to but distinct from the existing genus Stigonema of far away.

Telestomatobaculum

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. neut. n. *Stomatobaculum*, An existing genus; *Telestomatobaculum*: A genus related to but distinct from the existing genus Stomatobaculum of far away.

Telestomatococcus

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Stomatococcus*, An existing genus; *Telestomatococcus*: A genus related to but distinct from the existing genus Stomatococcus of far away.

Telestreptacidiphilus

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Streptacidiphilus*, An existing genus; *Telestreptacidiphilus*: A genus related to but distinct from the existing genus Streptacidiphilus of far away.

Telestreptobacillus

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Streptobacillus*, An existing genus; *Telestreptobacillus*: A genus related to but distinct from the existing genus Streptobacillus of far away.

Telestreptococcus

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Streptococcus*, An existing genus; *Telestreptococcus*: A genus related to but distinct from the existing genus Streptococcus of far away.

Telestreptohalobacillus

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Streptohalobacillus*, An existing genus; *Telestreptohalobacillus*: A genus related to but distinct from the existing genus Streptohalobacillus of far away.

Telestreptomonospora

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Streptomonospora*, An existing genus; *Telestreptomonospora*: A genus related to but distinct from the existing genus Streptomonospora of far away.

Telestreptomyces

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Streptomyces*, An existing genus; *Telestreptomyces*: A genus related to but distinct from the existing genus Streptomyces of far away.

Telestreptosporangium

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Streptosporangium*, An existing genus; *Telestreptosporangium*: A genus related to but distinct from the existing genus Streptosporangium of far away.

Telestreptoverticillium

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Streptoverticillium*, An existing genus; *Telestreptoverticillium*: A genus related to but distinct from the existing genus Streptoverticillium of far away.

Telestygiolobus

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Stygiolobus*, An existing genus; *Telestygiolobus*: A genus related to but distinct from the existing genus Stygiolobus of far away.

Telesubdoligranulum

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Subdoligranulum*, An existing genus; *Telesubdoligranulum*: A genus related to but distinct from the existing genus Subdoligranulum of far away.

Telesubsaxibacter

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Subsaxibacter*, An existing genus; *Telesubsaxibacter*: A genus related to but distinct from the existing genus Subsaxibacter of far away.

Telesubsaximicrobium

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Subsaximicrobium*, An existing genus; *Telesubsaximicrobium*: A genus related to but distinct from the existing genus Subsaximicrobium of far away.

Telesuccinatimonas

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Succinatimonas*, An existing genus; *Telesuccinatimonas*: A genus related to but distinct from the existing genus Succinatimonas of far away.

Telesucciniclasticum

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. neut. n. *Succiniclasticum*, An existing genus; *Telesucciniclasticum*: A genus related to but distinct from the existing genus Succiniclasticum of far away.

Telesuccinispira

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Succinispira*, An existing genus; *Telesuccinispira*: A genus related to but distinct from the existing genus Succinispira of far away.

Telesuccinivibrio

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Succinivibrio*, An existing genus; *Telesuccinivibrio*: A genus related to but distinct from the existing genus Succinivibrio of far away.

Telesufflavibacter

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Sufflavibacter*, An existing genus; *Telesufflavibacter*: A genus related to but distinct from the existing genus Sufflavibacter of far away.

Telesuicoccus

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Suicoccus*, An existing genus; *Telesuicoccus*: A genus related to but distinct from the existing genus Suicoccus of far away.

Telesulfitobacter

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Sulfitobacter*, An existing genus; *Telesulfitobacter*: A genus related to but distinct from the existing genus Sulfitobacter of far away.

Telesulfodiicoccus

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Sulfodiicoccus*, An existing genus; *Telesulfodiicoccus*: A genus related to but distinct from the existing genus Sulfodiicoccus of far away.

Telesulfolobus

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Sulfolobus*, An existing genus; *Telesulfolobus*: A genus related to but distinct from the existing genus Sulfolobus of far away.

Telesulfophobococcus

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Sulfophobococcus*, An existing genus; *Telesulfophobococcus*: A genus related to but distinct from the existing genus Sulfophobococcus of far away.

Telesulfuracidifex

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Sulfuracidifex*, An existing genus; *Telesulfuracidifex*: A genus related to but distinct from the existing genus Sulfuracidifex of far away.

Telesulfuricella

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Sulfuricella*, An existing genus; *Telesulfuricella*: A genus related to but distinct from the existing genus Sulfuricella of far away.

Telesulfuricurvum

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. neut. n. *Sulfuricurvum*, An existing genus; *Telesulfuricurvum*: A genus related to but distinct from the existing genus Sulfuricurvum of far away.

Telesulfuriferula

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Sulfuriferula*, An existing genus; *Telesulfuriferula*: A genus related to but distinct from the existing genus Sulfuriferula of far away.

Telesulfuriflexus

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Sulfuriflexus*, An existing genus; *Telesulfuriflexus*: A genus related to but distinct from the existing genus Sulfuriflexus of far away.

Telesulfurihydrogenibium

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. neut. n. *Sulfurihydrogenibium*, An existing genus; *Telesulfurihydrogenibium*: A genus related to but distinct from the existing genus Sulfurihydrogenibium of far away.

Telesulfurisphaera

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Sulfurisphaera*, An existing genus; *Telesulfurisphaera*: A genus related to but distinct from the existing genus Sulfurisphaera of far away.

Telesulfuritortus

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Sulfuritortus*, An existing genus; *Telesulfuritortus*: A genus related to but distinct from the existing genus Sulfuritortus of far away.

Telesulfurococcus

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Sulfurococcus*, An existing genus; *Telesulfurococcus*: A genus related to but distinct from the existing genus Sulfurococcus of far away.

Telesulfurospirillum

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. neut. dim. n. *Sulfurospirillum*, An existing genus; *Telesulfurospirillum*: A genus related to but distinct from the existing genus Sulfurospirillum of far away.

Telesulfurovum

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. neut. n. *Sulfurovum*, An existing genus; *Telesulfurovum*: A genus related to but distinct from the existing genus Sulfurovum of far away.

Telesungkyunkwania

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Sungkyunkwania*, An existing genus; *Telesungkyunkwania*: A genus related to but distinct from the existing genus Sungkyunkwania of far away.

Telesunxiuqinia

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Sunxiuqinia*, An existing genus; *Telesunxiuqinia*: A genus related to but distinct from the existing genus Sunxiuqinia of far away.

Telesuperficieibacter

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Superficieibacter*, An existing genus; *Telesuperficieibacter*: A genus related to but distinct from the existing genus Superficieibacter of far away.

Telesutterella

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Sutterella*, An existing genus; *Telesutterella*: A genus related to but distinct from the existing genus Sutterella of far away.

Telesuttonella

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Suttonella*, An existing genus; *Telesuttonella*: A genus related to but distinct from the existing genus Suttonella of far away.

Teleswaminathania

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Swaminathania*, An existing genus; *Teleswaminathania*: A genus related to but distinct from the existing genus Swaminathania of far away.

Teleswingsia

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Swingsia*, An existing genus; *Teleswingsia*: A genus related to but distinct from the existing genus Swingsia of far away.

Teleswionibacillus

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Swionibacillus*, An existing genus; *Teleswionibacillus*: A genus related to but distinct from the existing genus Swionibacillus of far away.

Telesymbiobacterium

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. neut. n. *Symbiobacterium*, An existing genus; *Telesymbiobacterium*: A genus related to but distinct from the existing genus Symbiobacterium of far away.

Telesymbiotes

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Symbiotes*, An existing genus; *Telesymbiotes*: A genus related to but distinct from the existing genus Symbiotes of far away.

Telesynechocystis

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Synechocystis*, An existing genus; *Telesynechocystis*: A genus related to but distinct from the existing genus Synechocystis of far away.

Telesynergistes

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Synergistes*, An existing genus; *Telesynergistes*: A genus related to but distinct from the existing genus Synergistes of far away.

Telesyntrophaceticus

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Syntrophaceticus*, An existing genus; *Telesyntrophaceticus*: A genus related to but distinct from the existing genus Syntrophaceticus of far away.

Telesyntrophobacter

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Syntrophobacter*, An existing genus; *Telesyntrophobacter*: A genus related to but distinct from the existing genus Syntrophobacter of far away.

Telesyntrophobotulus

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Syntrophobotulus*, An existing genus; *Telesyntrophobotulus*: A genus related to but distinct from the existing genus Syntrophobotulus of far away.

Telesyntrophococcus

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Syntrophococcus*, An existing genus; *Telesyntrophococcus*: A genus related to but distinct from the existing genus Syntrophococcus of far away.

Telesyntrophomonas

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Syntrophomonas*, An existing genus; *Telesyntrophomonas*: A genus related to but distinct from the existing genus Syntrophomonas of far away.

Telesyntrophorhabdus

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Syntrophorhabdus*, An existing genus; *Telesyntrophorhabdus*: A genus related to but distinct from the existing genus Syntrophorhabdus of far away.

Telesyntrophospora

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Syntrophospora*, An existing genus; *Telesyntrophospora*: A genus related to but distinct from the existing genus Syntrophospora of far away.

Telesyntrophothermus

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Syntrophothermus*, An existing genus; *Telesyntrophothermus*: A genus related to but distinct from the existing genus Syntrophothermus of far away.

Telesyntrophus

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Syntrophus*, An existing genus; *Telesyntrophus*: A genus related to but distinct from the existing genus Syntrophus of far away.

Teletabrizicola

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Tabrizicola*, An existing genus; *Teletabrizicola*: A genus related to but distinct from the existing genus Tabrizicola of far away.

Teletaeania

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Taeania*, An existing genus; *Teletaeania*: A genus related to but distinct from the existing genus Taeania of far away.

Teletaeseokella

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Taeseokella*, An existing genus; *Teletaeseokella*: A genus related to but distinct from the existing genus Taeseokella of far away.

Teletagaea

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Tagaea*, An existing genus; *Teletagaea*: A genus related to but distinct from the existing genus Tagaea of far away.

Teletahibacter

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Tahibacter*, An existing genus; *Teletahibacter*: A genus related to but distinct from the existing genus Tahibacter of far away.

Teletaibaiella

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Taibaiella*, An existing genus; *Teletaibaiella*: A genus related to but distinct from the existing genus Taibaiella of far away.

Teletamaricihabitans

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Tamaricihabitans*, An existing genus; *Teletamaricihabitans*: A genus related to but distinct from the existing genus Tamaricihabitans of far away.

Teletamilnaduibacter

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Tamilnaduibacter*, An existing genus; *Teletamilnaduibacter*: A genus related to but distinct from the existing genus Tamilnaduibacter of far away.

Teletamlana

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Tamlana*, An existing genus; *Teletamlana*: A genus related to but distinct from the existing genus Tamlana of far away.

Teletamlicoccus

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Tamlicoccus*, An existing genus; *Teletamlicoccus*: A genus related to but distinct from the existing genus Tamlicoccus of far away.

Teletangfeifania

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Tangfeifania*, An existing genus; *Teletangfeifania*: A genus related to but distinct from the existing genus Tangfeifania of far away.

Teletannerella

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Tannerella*, An existing genus; *Teletannerella*: A genus related to but distinct from the existing genus Tannerella of far away.

Teletanticharoenia

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Tanticharoenia*, An existing genus; *Teletanticharoenia*: A genus related to but distinct from the existing genus Tanticharoenia of far away.

Teletaonella

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Taonella*, An existing genus; *Teletaonella*: A genus related to but distinct from the existing genus Taonella of far away.

Teletapinothrix

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Tapinothrix*, An existing genus; *Teletapinothrix*: A genus related to but distinct from the existing genus Tapinothrix of far away.

Teletardiphaga

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Tardiphaga*, An existing genus; *Teletardiphaga*: A genus related to but distinct from the existing genus Tardiphaga of far away.

Teletateyamaria

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Tateyamaria*, An existing genus; *Teletateyamaria*: A genus related to but distinct from the existing genus Tateyamaria of far away.

Teletatlockia

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Tatlockia*, An existing genus; *Teletatlockia*: A genus related to but distinct from the existing genus Tatlockia of far away.

Teletatumella

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Tatumella*, An existing genus; *Teletatumella*: A genus related to but distinct from the existing genus Tatumella of far away.

Teletautonia

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Tautonia*, An existing genus; *Teletautonia*: A genus related to but distinct from the existing genus Tautonia of far away.

Teletaxeobacter

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Taxeobacter*, An existing genus; *Teletaxeobacter*: A genus related to but distinct from the existing genus Taxeobacter of far away.

Teletaylorella

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Taylorella*, An existing genus; *Teletaylorella*: A genus related to but distinct from the existing genus Taylorella of far away.

Teletectibacter

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Tectibacter*, An existing genus; *Teletectibacter*: A genus related to but distinct from the existing genus Tectibacter of far away.

Teleteichococcus

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Teichococcus*, An existing genus; *Teleteichococcus*: A genus related to but distinct from the existing genus Teichococcus of far away.

Teletelluria

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Telluria*, An existing genus; *Teletelluria*: A genus related to but distinct from the existing genus Telluria of far away.

Teletellurimicrobium

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. neut. n. *Tellurimicrobium*, An existing genus; *Teletellurimicrobium*: A genus related to but distinct from the existing genus Tellurimicrobium of far away.

Teletellurirhabdus

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Tellurirhabdus*, An existing genus; *Teletellurirhabdus*: A genus related to but distinct from the existing genus Tellurirhabdus of far away.

Teletelmatobacter

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Telmatobacter*, An existing genus; *Teletelmatobacter*: A genus related to but distinct from the existing genus Telmatobacter of far away.

Teletelmatocola

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Telmatocola*, An existing genus; *Teletelmatocola*: A genus related to but distinct from the existing genus Telmatocola of far away.

Teletelmatospirillum

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. neut. dim. n. *Telmatospirillum*, An existing genus; *Teletelmatospirillum*: A genus related to but distinct from the existing genus Telmatospirillum of far away.

Teletemperatibacter

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Temperatibacter*, An existing genus; *Teletemperatibacter*: A genus related to but distinct from the existing genus Temperatibacter of far away.

Teletenacibaculum

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Tenacibaculum*, An existing genus; *Teletenacibaculum*: A genus related to but distinct from the existing genus Tenacibaculum of far away.

Teletenggerimyces

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Tenggerimyces*, An existing genus; *Teletenggerimyces*: A genus related to but distinct from the existing genus Tenggerimyces of far away.

Teletengunoibacter

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Tengunoibacter*, An existing genus; *Teletengunoibacter*: A genus related to but distinct from the existing genus Tengunoibacter of far away.

Teletenuibacillus

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Tenuibacillus*, An existing genus; *Teletenuibacillus*: A genus related to but distinct from the existing genus Tenuibacillus of far away.

Teletepidamorphus

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Tepidamorphus*, An existing genus; *Teletepidamorphus*: A genus related to but distinct from the existing genus Tepidamorphus of far away.

Teletepidanaerobacter

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Tepidanaerobacter*, An existing genus; *Teletepidanaerobacter*: A genus related to but distinct from the existing genus Tepidanaerobacter of far away.

Teletepidicaulis

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Tepidicaulis*, An existing genus; *Teletepidicaulis*: A genus related to but distinct from the existing genus Tepidicaulis of far away.

Teletepidicella

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Tepidicella*, An existing genus; *Teletepidicella*: A genus related to but distinct from the existing genus Tepidicella of far away.

Teletepidiforma

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Tepidiforma*, An existing genus; *Teletepidiforma*: A genus related to but distinct from the existing genus Tepidiforma of far away.

Teletepidimicrobium

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. neut. n. *Tepidimicrobium*, An existing genus; *Teletepidimicrobium*: A genus related to but distinct from the existing genus Tepidimicrobium of far away.

Teletepidiphilus

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Tepidiphilus*, An existing genus; *Teletepidiphilus*: A genus related to but distinct from the existing genus Tepidiphilus of far away.

Teletepidisphaera

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Tepidisphaera*, An existing genus; *Teletepidisphaera*: A genus related to but distinct from the existing genus Tepidisphaera of far away.

Teleterasakiella

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Terasakiella*, An existing genus; *Teleterasakiella*: A genus related to but distinct from the existing genus Terasakiella of far away.

Teleterasakiispira

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Terasakiispira*, An existing genus; *Teleterasakiispira*: A genus related to but distinct from the existing genus Terasakiispira of far away.

Teleteredinibacter

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Teredinibacter*, An existing genus; *Teleteredinibacter*: A genus related to but distinct from the existing genus Teredinibacter of far away.

Teleterrabacter

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Terrabacter*, An existing genus; *Teleterrabacter*: A genus related to but distinct from the existing genus Terrabacter of far away.

Teleterracidiphilus

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Terracidiphilus*, An existing genus; *Teleterracidiphilus*: A genus related to but distinct from the existing genus Terracidiphilus of far away.

Teleterracoccus

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Terracoccus*, An existing genus; *Teleterracoccus*: A genus related to but distinct from the existing genus Terracoccus of far away.

Teleterribacillus

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Terribacillus*, An existing genus; *Teleterribacillus*: A genus related to but distinct from the existing genus Terribacillus of far away.

Teleterriglobus

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Terriglobus*, An existing genus; *Teleterriglobus*: A genus related to but distinct from the existing genus Terriglobus of far away.

Teleterrilactibacillus

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Terrilactibacillus*, An existing genus; *Teleterrilactibacillus*: A genus related to but distinct from the existing genus Terrilactibacillus of far away.

Teleterrimicrobium

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. neut. n. *Terrimicrobium*, An existing genus; *Teleterrimicrobium*: A genus related to but distinct from the existing genus Terrimicrobium of far away.

Teleterrisporobacter

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Terrisporobacter*, An existing genus; *Teleterrisporobacter*: A genus related to but distinct from the existing genus Terrisporobacter of far away.

Teletersicoccus

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Tersicoccus*, An existing genus; *Teletersicoccus*: A genus related to but distinct from the existing genus Tersicoccus of far away.

Teletessaracoccus

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Tessaracoccus*, An existing genus; *Teletessaracoccus*: A genus related to but distinct from the existing genus Tessaracoccus of far away.

Teletestudinibacter

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Testudinibacter*, An existing genus; *Teletestudinibacter*: A genus related to but distinct from the existing genus Testudinibacter of far away.

Teletetracoccus

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Tetracoccus*, An existing genus; *Teletetracoccus*: A genus related to but distinct from the existing genus Tetracoccus of far away.

Teletetragenococcus

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Tetragenococcus*, An existing genus; *Teletetragenococcus*: A genus related to but distinct from the existing genus Tetragenococcus of far away.

Teletetrasphaera

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Tetrasphaera*, An existing genus; *Teletetrasphaera*: A genus related to but distinct from the existing genus Tetrasphaera of far away.

Teletetrathiobacter

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Tetrathiobacter*, An existing genus; *Teletetrathiobacter*: A genus related to but distinct from the existing genus Tetrathiobacter of far away.

Teletexcoconibacillus

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Texcoconibacillus*, An existing genus; *Teletexcoconibacillus*: A genus related to but distinct from the existing genus Texcoconibacillus of far away.

Telethalassobacillus

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Thalassobacillus*, An existing genus; *Telethalassobacillus*: A genus related to but distinct from the existing genus Thalassobacillus of far away.

Telethalassobacter

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Thalassobacter*, An existing genus; *Telethalassobacter*: A genus related to but distinct from the existing genus Thalassobacter of far away.

Telethalassobaculum

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Thalassobaculum*, An existing genus; *Telethalassobaculum*: A genus related to but distinct from the existing genus Thalassobaculum of far away.

Telethalassobius

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Thalassobius*, An existing genus; *Telethalassobius*: A genus related to but distinct from the existing genus Thalassobius of far away.

Telethalassocella

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Thalassocella*, An existing genus; *Telethalassocella*: A genus related to but distinct from the existing genus Thalassocella of far away.

Telethalassococcus

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Thalassococcus*, An existing genus; *Telethalassococcus*: A genus related to but distinct from the existing genus Thalassococcus of far away.

Telethalassocola

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Thalassocola*, An existing genus; *Telethalassocola*: A genus related to but distinct from the existing genus Thalassocola of far away.

Telethalassolituus

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Thalassolituus*, An existing genus; *Telethalassolituus*: A genus related to but distinct from the existing genus Thalassolituus of far away.

Telethalassomonas

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Thalassomonas*, An existing genus; *Telethalassomonas*: A genus related to but distinct from the existing genus Thalassomonas of far away.

Telethalassorhabdomicrobium

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. neut. n. *Thalassorhabdomicrobium*, An existing genus; *Telethalassorhabdomicrobium*: A genus related to but distinct from the existing genus Thalassorhabdomicrobium of far away.

Telethalassorhabdus

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Thalassorhabdus*, An existing genus; *Telethalassorhabdus*: A genus related to but distinct from the existing genus Thalassorhabdus of far away.

Telethalassospira

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Thalassospira*, An existing genus; *Telethalassospira*: A genus related to but distinct from the existing genus Thalassospira of far away.

Telethalassotalea

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Thalassotalea*, An existing genus; *Telethalassotalea*: A genus related to but distinct from the existing genus Thalassotalea of far away.

Telethauera

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Thauera*, An existing genus; *Telethauera*: A genus related to but distinct from the existing genus Thauera of far away.

Telethaumasiovibrio

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Thaumasiovibrio*, An existing genus; *Telethaumasiovibrio*: A genus related to but distinct from the existing genus Thaumasiovibrio of far away.

Telethermacetogenium

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. neut. n. *Thermacetogenium*, An existing genus; *Telethermacetogenium*: A genus related to but distinct from the existing genus Thermacetogenium of far away.

Telethermaerobacter

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Thermaerobacter*, An existing genus; *Telethermaerobacter*: A genus related to but distinct from the existing genus Thermaerobacter of far away.

Telethermalkalibacillus

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Thermalkalibacillus*, An existing genus; *Telethermalkalibacillus*: A genus related to but distinct from the existing genus Thermalkalibacillus of far away.

Telethermanaeromonas

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Thermanaeromonas*, An existing genus; *Telethermanaeromonas*: A genus related to but distinct from the existing genus Thermanaeromonas of far away.

Telethermanaerothrix

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Thermanaerothrix*, An existing genus; *Telethermanaerothrix*: A genus related to but distinct from the existing genus Thermanaerothrix of far away.

Telethermanaerovibrio

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Thermanaerovibrio*, An existing genus; *Telethermanaerovibrio*: A genus related to but distinct from the existing genus Thermanaerovibrio of far away.

Telethermasporomyces

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Thermasporomyces*, An existing genus; *Telethermasporomyces*: A genus related to but distinct from the existing genus Thermasporomyces of far away.

Telethermaurantimonas

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Thermaurantimonas*, An existing genus; *Telethermaurantimonas*: A genus related to but distinct from the existing genus Thermaurantimonas of far away.

Telethermithiobacillus

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Thermithiobacillus*, An existing genus; *Telethermithiobacillus*: A genus related to but distinct from the existing genus Thermithiobacillus of far away.

Telethermoactinomyces

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Thermoactinomyces*, An existing genus; *Telethermoactinomyces*: A genus related to but distinct from the existing genus Thermoactinomyces of far away.

Telethermoactinospora

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Thermoactinospora*, An existing genus; *Telethermoactinospora*: A genus related to but distinct from the existing genus Thermoactinospora of far away.

Telethermoanaerobacter

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Thermoanaerobacter*, An existing genus; *Telethermoanaerobacter*: A genus related to but distinct from the existing genus Thermoanaerobacter of far away.

Telethermoanaerobacterium

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. neut. n. *Thermoanaerobacterium*, An existing genus; *Telethermoanaerobacterium*: A genus related to but distinct from the existing genus Thermoanaerobacterium of far away.

Telethermoanaerobaculum

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. neut. n. *Thermoanaerobaculum*, An existing genus; *Telethermoanaerobaculum*: A genus related to but distinct from the existing genus Thermoanaerobaculum of far away.

Telethermoanaerobium

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. neut. n. *Thermoanaerobium*, An existing genus; *Telethermoanaerobium*: A genus related to but distinct from the existing genus Thermoanaerobium of far away.

Telethermobacillus

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Thermobacillus*, An existing genus; *Telethermobacillus*: A genus related to but distinct from the existing genus Thermobacillus of far away.

Telethermobacteroides

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Thermobacteroides*, An existing genus; *Telethermobacteroides*: A genus related to but distinct from the existing genus Thermobacteroides of far away.

Telethermobifida

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Thermobifida*, An existing genus; *Telethermobifida*: A genus related to but distinct from the existing genus Thermobifida of far away.

Telethermobispora

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Thermobispora*, An existing genus; *Telethermobispora*: A genus related to but distinct from the existing genus Thermobispora of far away.

Telethermobrachium

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Thermobrachium*, An existing genus; *Telethermobrachium*: A genus related to but distinct from the existing genus Thermobrachium of far away.

Telethermocatellispora

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Thermocatellispora*, An existing genus; *Telethermocatellispora*: A genus related to but distinct from the existing genus Thermocatellispora of far away.

Telethermochromatium

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Thermochromatium*, An existing genus; *Telethermochromatium*: A genus related to but distinct from the existing genus Thermochromatium of far away.

Telethermocladium

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. dim. n. *Thermocladium*, An existing genus; *Telethermocladium*: A genus related to but distinct from the existing genus Thermocladium of far away.

Telethermoclostridium

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. dim. n. *Thermoclostridium*, An existing genus; *Telethermoclostridium*: A genus related to but distinct from the existing genus Thermoclostridium of far away.

Telethermococcoides

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Thermococcoides*, An existing genus; *Telethermococcoides*: A genus related to but distinct from the existing genus Thermococcoides of far away.

Telethermococcus

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Thermococcus*, An existing genus; *Telethermococcus*: A genus related to but distinct from the existing genus Thermococcus of far away.

Telethermocrinis

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Thermocrinis*, An existing genus; *Telethermocrinis*: A genus related to but distinct from the existing genus Thermocrinis of far away.

Telethermocrispum

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Thermocrispum*, An existing genus; *Telethermocrispum*: A genus related to but distinct from the existing genus Thermocrispum of far away.

Telethermodesulfatator

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Thermodesulfatator*, An existing genus; *Telethermodesulfatator*: A genus related to but distinct from the existing genus Thermodesulfatator of far away.

Telethermodesulfitimonas

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Thermodesulfitimonas*, An existing genus; *Telethermodesulfitimonas*: A genus related to but distinct from the existing genus Thermodesulfitimonas of far away.

Telethermodesulfobacterium

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Thermodesulfobacterium*, An existing genus; *Telethermodesulfobacterium*: A genus related to but distinct from the existing genus Thermodesulfobacterium of far away.

Telethermodesulfobium

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Thermodesulfobium*, An existing genus; *Telethermodesulfobium*: A genus related to but distinct from the existing genus Thermodesulfobium of far away.

Telethermodesulforhabdus

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Thermodesulforhabdus*, An existing genus; *Telethermodesulforhabdus*: A genus related to but distinct from the existing genus Thermodesulforhabdus of far away.

Telethermodesulfovibrio

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Thermodesulfovibrio*, An existing genus; *Telethermodesulfovibrio*: A genus related to but distinct from the existing genus Thermodesulfovibrio of far away.

Telethermodiscus

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Thermodiscus*, An existing genus; *Telethermodiscus*: A genus related to but distinct from the existing genus Thermodiscus of far away.

Telethermofilum

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Thermofilum*, An existing genus; *Telethermofilum*: A genus related to but distinct from the existing genus Thermofilum of far away.

Telethermoflavifilum

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Thermoflavifilum*, An existing genus; *Telethermoflavifilum*: A genus related to but distinct from the existing genus Thermoflavifilum of far away.

Telethermoflavimicrobium

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Thermoflavimicrobium*, An existing genus; *Telethermoflavimicrobium*: A genus related to but distinct from the existing genus Thermoflavimicrobium of far away.

Telethermoflexibacter

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Thermoflexibacter*, An existing genus; *Telethermoflexibacter*: A genus related to but distinct from the existing genus Thermoflexibacter of far away.

Telethermoflexus

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Thermoflexus*, An existing genus; *Telethermoflexus*: A genus related to but distinct from the existing genus Thermoflexus of far away.

Telethermogemmatispora

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Thermogemmatispora*, An existing genus; *Telethermogemmatispora*: A genus related to but distinct from the existing genus Thermogemmatispora of far away.

Telethermogladius

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Thermogladius*, An existing genus; *Telethermogladius*: A genus related to but distinct from the existing genus Thermogladius of far away.

Telethermogutta

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Thermogutta*, An existing genus; *Telethermogutta*: A genus related to but distinct from the existing genus Thermogutta of far away.

Telethermogymnomonas

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Thermogymnomonas*, An existing genus; *Telethermogymnomonas*: A genus related to but distinct from the existing genus Thermogymnomonas of far away.

Telethermohalobacter

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Thermohalobacter*, An existing genus; *Telethermohalobacter*: A genus related to but distinct from the existing genus Thermohalobacter of far away.

Telethermohydrogenium

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Thermohydrogenium*, An existing genus; *Telethermohydrogenium*: A genus related to but distinct from the existing genus Thermohydrogenium of far away.

Telethermoleophilum

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Thermoleophilum*, An existing genus; *Telethermoleophilum*: A genus related to but distinct from the existing genus Thermoleophilum of far away.

Telethermoleptolyngbya

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Thermoleptolyngbya*, An existing genus; *Telethermoleptolyngbya*: A genus related to but distinct from the existing genus Thermoleptolyngbya of far away.

Telethermolithobacter

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Thermolithobacter*, An existing genus; *Telethermolithobacter*: A genus related to but distinct from the existing genus Thermolithobacter of far away.

Telethermolongibacillus

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Thermolongibacillus*, An existing genus; *Telethermolongibacillus*: A genus related to but distinct from the existing genus Thermolongibacillus of far away.

Telethermomarinilinea

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Thermomarinilinea*, An existing genus; *Telethermomarinilinea*: A genus related to but distinct from the existing genus Thermomarinilinea of far away.

Telethermomicrobium

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. neut. n. *Thermomicrobium*, An existing genus; *Telethermomicrobium*: A genus related to but distinct from the existing genus Thermomicrobium of far away.

Telethermomonas

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Thermomonas*, An existing genus; *Telethermomonas*: A genus related to but distinct from the existing genus Thermomonas of far away.

Telethermomonospora

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Thermomonospora*, An existing genus; *Telethermomonospora*: A genus related to but distinct from the existing genus Thermomonospora of far away.

Telethermonema

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. neut. n. *Thermonema*, An existing genus; *Telethermonema*: A genus related to but distinct from the existing genus Thermonema of far away.

Telethermophagus

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Thermophagus*, An existing genus; *Telethermophagus*: A genus related to but distinct from the existing genus Thermophagus of far away.

Telethermoplasma

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. neut. n. *Thermoplasma*, An existing genus; *Telethermoplasma*: A genus related to but distinct from the existing genus Thermoplasma of far away.

Telethermopolyspora

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Thermopolyspora*, An existing genus; *Telethermopolyspora*: A genus related to but distinct from the existing genus Thermopolyspora of far away.

Telethermoproteus

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Thermoproteus*, An existing genus; *Telethermoproteus*: A genus related to but distinct from the existing genus Thermoproteus of far away.

Telethermorudis

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Thermorudis*, An existing genus; *Telethermorudis*: A genus related to but distinct from the existing genus Thermorudis of far away.

Telethermosediminibacter

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Thermosediminibacter*, An existing genus; *Telethermosediminibacter*: A genus related to but distinct from the existing genus Thermosediminibacter of far away.

Telethermosinus

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Thermosinus*, An existing genus; *Telethermosinus*: A genus related to but distinct from the existing genus Thermosinus of far away.

Telethermosipho

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Thermosipho*, An existing genus; *Telethermosipho*: A genus related to but distinct from the existing genus Thermosipho of far away.

Telethermosphaera

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Thermosphaera*, An existing genus; *Telethermosphaera*: A genus related to but distinct from the existing genus Thermosphaera of far away.

Telethermosporothrix

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Thermosporothrix*, An existing genus; *Telethermosporothrix*: A genus related to but distinct from the existing genus Thermosporothrix of far away.

Telethermostaphylospora

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Thermostaphylospora*, An existing genus; *Telethermostaphylospora*: A genus related to but distinct from the existing genus Thermostaphylospora of far away.

Telethermostilla

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Thermostilla*, An existing genus; *Telethermostilla*: A genus related to but distinct from the existing genus Thermostilla of far away.

Telethermosulfidibacter

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Thermosulfidibacter*, An existing genus; *Telethermosulfidibacter*: A genus related to but distinct from the existing genus Thermosulfidibacter of far away.

Telethermosulfurimonas

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Thermosulfurimonas*, An existing genus; *Telethermosulfurimonas*: A genus related to but distinct from the existing genus Thermosulfurimonas of far away.

Telethermosulfuriphilus

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Thermosulfuriphilus*, An existing genus; *Telethermosulfuriphilus*: A genus related to but distinct from the existing genus Thermosulfuriphilus of far away.

Telethermosyntropha

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Thermosyntropha*, An existing genus; *Telethermosyntropha*: A genus related to but distinct from the existing genus Thermosyntropha of far away.

Telethermotalea

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Thermotalea*, An existing genus; *Telethermotalea*: A genus related to but distinct from the existing genus Thermotalea of far away.

Telethermoterrabacterium

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Thermoterrabacterium*, An existing genus; *Telethermoterrabacterium*: A genus related to but distinct from the existing genus Thermoterrabacterium of far away.

Telethermotoga

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Thermotoga*, An existing genus; *Telethermotoga*: A genus related to but distinct from the existing genus Thermotoga of far away.

Telethermotomaculum

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. neut. n. *Thermotomaculum*, An existing genus; *Telethermotomaculum*: A genus related to but distinct from the existing genus Thermotomaculum of far away.

Telethermotunica

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Thermotunica*, An existing genus; *Telethermotunica*: A genus related to but distinct from the existing genus Thermotunica of far away.

Telethermovenabulum

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. neut. n. *Thermovenabulum*, An existing genus; *Telethermovenabulum*: A genus related to but distinct from the existing genus Thermovenabulum of far away.

Telethermovibrio

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Thermovibrio*, An existing genus; *Telethermovibrio*: A genus related to but distinct from the existing genus Thermovibrio of far away.

Telethermovirga

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Thermovirga*, An existing genus; *Telethermovirga*: A genus related to but distinct from the existing genus Thermovirga of far away.

Telethermovorax

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Thermovorax*, An existing genus; *Telethermovorax*: A genus related to but distinct from the existing genus Thermovorax of far away.

Telethermovum

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. neut. n. *Thermovum*, An existing genus; *Telethermovum*: A genus related to but distinct from the existing genus Thermovum of far away.

Telethermus

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Thermus*, An existing genus; *Telethermus*: A genus related to but distinct from the existing genus Thermus of far away.

Telethioalbus

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Thioalbus*, An existing genus; *Telethioalbus*: A genus related to but distinct from the existing genus Thioalbus of far away.

Telethioalkalibacter

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Thioalkalibacter*, An existing genus; *Telethioalkalibacter*: A genus related to but distinct from the existing genus Thioalkalibacter of far away.

Telethioalkalicoccus

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Thioalkalicoccus*, An existing genus; *Telethioalkalicoccus*: A genus related to but distinct from the existing genus Thioalkalicoccus of far away.

Telethioalkalimicrobium

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. neut. n. *Thioalkalimicrobium*, An existing genus; *Telethioalkalimicrobium*: A genus related to but distinct from the existing genus Thioalkalimicrobium of far away.

Telethioalkalispira

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Thioalkalispira*, An existing genus; *Telethioalkalispira*: A genus related to but distinct from the existing genus Thioalkalispira of far away.

Telethioalkalivibrio

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Thioalkalivibrio*, An existing genus; *Telethioalkalivibrio*: A genus related to but distinct from the existing genus Thioalkalivibrio of far away.

Telethiobaca

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Thiobaca*, An existing genus; *Telethiobaca*: A genus related to but distinct from the existing genus Thiobaca of far away.

Telethiobacillus

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Thiobacillus*, An existing genus; *Telethiobacillus*: A genus related to but distinct from the existing genus Thiobacillus of far away.

Telethiobacimonas

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Thiobacimonas*, An existing genus; *Telethiobacimonas*: A genus related to but distinct from the existing genus Thiobacimonas of far away.

Telethiobacterium

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. neut. n. *Thiobacterium*, An existing genus; *Telethiobacterium*: A genus related to but distinct from the existing genus Thiobacterium of far away.

Telethiocapsa

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Thiocapsa*, An existing genus; *Telethiocapsa*: A genus related to but distinct from the existing genus Thiocapsa of far away.

Telethioclava

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Thioclava*, An existing genus; *Telethioclava*: A genus related to but distinct from the existing genus Thioclava of far away.

Telethiococcus

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Thiococcus*, An existing genus; *Telethiococcus*: A genus related to but distinct from the existing genus Thiococcus of far away.

Telethiocystis

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Thiocystis*, An existing genus; *Telethiocystis*: A genus related to but distinct from the existing genus Thiocystis of far away.

Telethiodictyon

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. neut. n. *Thiodictyon*, An existing genus; *Telethiodictyon*: A genus related to but distinct from the existing genus Thiodictyon of far away.

Telethiofaba

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Thiofaba*, An existing genus; *Telethiofaba*: A genus related to but distinct from the existing genus Thiofaba of far away.

Telethiofilum

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. neut. n. *Thiofilum*, An existing genus; *Telethiofilum*: A genus related to but distinct from the existing genus Thiofilum of far away.

Telethioflavicoccus

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Thioflavicoccus*, An existing genus; *Telethioflavicoccus*: A genus related to but distinct from the existing genus Thioflavicoccus of far away.

Telethioflexithrix

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Thioflexithrix*, An existing genus; *Telethioflexithrix*: A genus related to but distinct from the existing genus Thioflexithrix of far away.

Telethiofractor

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Thiofractor*, An existing genus; *Telethiofractor*: A genus related to but distinct from the existing genus Thiofractor of far away.

Telethiohalobacter

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Thiohalobacter*, An existing genus; *Telethiohalobacter*: A genus related to but distinct from the existing genus Thiohalobacter of far away.

Telethiohalocapsa

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Thiohalocapsa*, An existing genus; *Telethiohalocapsa*: A genus related to but distinct from the existing genus Thiohalocapsa of far away.

Telethiohalomonas

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Thiohalomonas*, An existing genus; *Telethiohalomonas*: A genus related to but distinct from the existing genus Thiohalomonas of far away.

Telethiohalophilus

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Thiohalophilus*, An existing genus; *Telethiohalophilus*: A genus related to but distinct from the existing genus Thiohalophilus of far away.

Telethiohalorhabdus

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Thiohalorhabdus*, An existing genus; *Telethiohalorhabdus*: A genus related to but distinct from the existing genus Thiohalorhabdus of far away.

Telethiohalospira

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Thiohalospira*, An existing genus; *Telethiohalospira*: A genus related to but distinct from the existing genus Thiohalospira of far away.

Telethiolamprovum

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Thiolamprovum*, An existing genus; *Telethiolamprovum*: A genus related to but distinct from the existing genus Thiolamprovum of far away.

Telethiolapillus

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Thiolapillus*, An existing genus; *Telethiolapillus*: A genus related to but distinct from the existing genus Thiolapillus of far away.

Telethiolinea

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Thiolinea*, An existing genus; *Telethiolinea*: A genus related to but distinct from the existing genus Thiolinea of far away.

Telethiomargarita

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Thiomargarita*, An existing genus; *Telethiomargarita*: A genus related to but distinct from the existing genus Thiomargarita of far away.

Telethiomicrorhabdus

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Thiomicrorhabdus*, An existing genus; *Telethiomicrorhabdus*: A genus related to but distinct from the existing genus Thiomicrorhabdus of far away.

Telethiomicrospira

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Thiomicrospira*, An existing genus; *Telethiomicrospira*: A genus related to but distinct from the existing genus Thiomicrospira of far away.

Telethiomonas

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Thiomonas*, An existing genus; *Telethiomonas*: A genus related to but distinct from the existing genus Thiomonas of far away.

Telethiopedia

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Thiopedia*, An existing genus; *Telethiopedia*: A genus related to but distinct from the existing genus Thiopedia of far away.

Telethiophaeococcus

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Thiophaeococcus*, An existing genus; *Telethiophaeococcus*: A genus related to but distinct from the existing genus Thiophaeococcus of far away.

Telethioploca

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Thioploca*, An existing genus; *Telethioploca*: A genus related to but distinct from the existing genus Thioploca of far away.

Telethioprofundum

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. neut. n. *Thioprofundum*, An existing genus; *Telethioprofundum*: A genus related to but distinct from the existing genus Thioprofundum of far away.

Telethiopseudomonas

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Thiopseudomonas*, An existing genus; *Telethiopseudomonas*: A genus related to but distinct from the existing genus Thiopseudomonas of far away.

Telethioreductor

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Thioreductor*, An existing genus; *Telethioreductor*: A genus related to but distinct from the existing genus Thioreductor of far away.

Telethiorhodococcus

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Thiorhodococcus*, An existing genus; *Telethiorhodococcus*: A genus related to but distinct from the existing genus Thiorhodococcus of far away.

Telethiorhodospira

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Thiorhodospira*, An existing genus; *Telethiorhodospira*: A genus related to but distinct from the existing genus Thiorhodospira of far away.

Telethiorhodovibrio

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Thiorhodovibrio*, An existing genus; *Telethiorhodovibrio*: A genus related to but distinct from the existing genus Thiorhodovibrio of far away.

Telethiosocius

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Thiosocius*, An existing genus; *Telethiosocius*: A genus related to but distinct from the existing genus Thiosocius of far away.

Telethiosphaera

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Thiosphaera*, An existing genus; *Telethiosphaera*: A genus related to but distinct from the existing genus Thiosphaera of far away.

Telethiospira

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Thiospira*, An existing genus; *Telethiospira*: A genus related to but distinct from the existing genus Thiospira of far away.

Telethiospirillum

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. dim. n. *Thiospirillum*, An existing genus; *Telethiospirillum*: A genus related to but distinct from the existing genus Thiospirillum of far away.

Telethiothrix

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Thiothrix*, An existing genus; *Telethiothrix*: A genus related to but distinct from the existing genus Thiothrix of far away.

Telethiovulum

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. neut. n. *Thiovulum*, An existing genus; *Telethiovulum*: A genus related to but distinct from the existing genus Thiovulum of far away.

Telethorsellia

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Thorsellia*, An existing genus; *Telethorsellia*: A genus related to but distinct from the existing genus Thorsellia of far away.

Teletianweitania

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Tianweitania*, An existing genus; *Teletianweitania*: A genus related to but distinct from the existing genus Tianweitania of far away.

Teletibeticola

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Tibeticola*, An existing genus; *Teletibeticola*: A genus related to but distinct from the existing genus Tibeticola of far away.

Teletildeniella

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Tildeniella*, An existing genus; *Teletildeniella*: A genus related to but distinct from the existing genus Tildeniella of far away.

Teletimaviella

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Timaviella*, An existing genus; *Teletimaviella*: A genus related to but distinct from the existing genus Timaviella of far away.

Teletimonella

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Timonella*, An existing genus; *Teletimonella*: A genus related to but distinct from the existing genus Timonella of far away.

Teletindallia

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Tindallia*, An existing genus; *Teletindallia*: A genus related to but distinct from the existing genus Tindallia of far away.

Teletissierella

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Tissierella*, An existing genus; *Teletissierella*: A genus related to but distinct from the existing genus Tissierella of far away.

Teletistlia

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Tistlia*, An existing genus; *Teletistlia*: A genus related to but distinct from the existing genus Tistlia of far away.

Teletistrella

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Tistrella*, An existing genus; *Teletistrella*: A genus related to but distinct from the existing genus Tistrella of far away.

Teletitanospirillum

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. neut. dim. n. *Titanospirillum*, An existing genus; *Teletitanospirillum*: A genus related to but distinct from the existing genus Titanospirillum of far away.

Teletolumonas

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Tolumonas*, An existing genus; *Teletolumonas*: A genus related to but distinct from the existing genus Tolumonas of far away.

Teletomitella

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Tomitella*, An existing genus; *Teletomitella*: A genus related to but distinct from the existing genus Tomitella of far away.

Teletonsilliphilus

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Tonsilliphilus*, An existing genus; *Teletonsilliphilus*: A genus related to but distinct from the existing genus Tonsilliphilus of far away.

Teletoxifilum

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. neut. n. *Toxifilum*, An existing genus; *Teletoxifilum*: A genus related to but distinct from the existing genus Toxifilum of far away.

Teletoxopsis

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Toxopsis*, An existing genus; *Teletoxopsis*: A genus related to but distinct from the existing genus Toxopsis of far away.

Teletoxothrix

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Toxothrix*, An existing genus; *Teletoxothrix*: A genus related to but distinct from the existing genus Toxothrix of far away.

Teletrabulsiella

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Trabulsiella*, An existing genus; *Teletrabulsiella*: A genus related to but distinct from the existing genus Trabulsiella of far away.

Teletranquillimonas

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Tranquillimonas*, An existing genus; *Teletranquillimonas*: A genus related to but distinct from the existing genus Tranquillimonas of far away.

Teletraorella

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Traorella*, An existing genus; *Teletraorella*: A genus related to but distinct from the existing genus Traorella of far away.

Teletreponema

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Treponema*, An existing genus; *Teletreponema*: A genus related to but distinct from the existing genus Treponema of far away.

Teletrichlorobacter

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Trichlorobacter*, An existing genus; *Teletrichlorobacter*: A genus related to but distinct from the existing genus Trichlorobacter of far away.

Teletrichococcus

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Trichococcus*, An existing genus; *Teletrichococcus*: A genus related to but distinct from the existing genus Trichococcus of far away.

Teletrinickia

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Trinickia*, An existing genus; *Teletrinickia*: A genus related to but distinct from the existing genus Trinickia of far away.

Teletritonibacter

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Tritonibacter*, An existing genus; *Teletritonibacter*: A genus related to but distinct from the existing genus Tritonibacter of far away.

Teletropheryma

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. neut. n. *Tropheryma*, An existing genus; *Teletropheryma*: A genus related to but distinct from the existing genus Tropheryma of far away.

Teletropicibacter

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Tropicibacter*, An existing genus; *Teletropicibacter*: A genus related to but distinct from the existing genus Tropicibacter of far away.

Teletropicihabitans

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Tropicihabitans*, An existing genus; *Teletropicihabitans*: A genus related to but distinct from the existing genus Tropicihabitans of far away.

Teletropicimonas

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Tropicimonas*, An existing genus; *Teletropicimonas*: A genus related to but distinct from the existing genus Tropicimonas of far away.

Teletruepera

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Truepera*, An existing genus; *Teletruepera*: A genus related to but distinct from the existing genus Truepera of far away.

Teletrueperella

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Trueperella*, An existing genus; *Teletrueperella*: A genus related to but distinct from the existing genus Trueperella of far away.

Teletsukamurella

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Tsukamurella*, An existing genus; *Teletsukamurella*: A genus related to but distinct from the existing genus Tsukamurella of far away.

Teletuberibacillus

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Tuberibacillus*, An existing genus; *Teletuberibacillus*: A genus related to but distinct from the existing genus Tuberibacillus of far away.

Teletullyiplasma

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. neut. n. *Tullyiplasma*, An existing genus; *Teletullyiplasma*: A genus related to but distinct from the existing genus Tullyiplasma of far away.

Teletumebacillus

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Tumebacillus*, An existing genus; *Teletumebacillus*: A genus related to but distinct from the existing genus Tumebacillus of far away.

Teletundrisphaera

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Tundrisphaera*, An existing genus; *Teletundrisphaera*: A genus related to but distinct from the existing genus Tundrisphaera of far away.

Teletunicatimonas

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Tunicatimonas*, An existing genus; *Teletunicatimonas*: A genus related to but distinct from the existing genus Tunicatimonas of far away.

Teleturicella

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Turicella*, An existing genus; *Teleturicella*: A genus related to but distinct from the existing genus Turicella of far away.

Teleturicibacter

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Turicibacter*, An existing genus; *Teleturicibacter*: A genus related to but distinct from the existing genus Turicibacter of far away.

Teleturicimonas

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Turicimonas*, An existing genus; *Teleturicimonas*: A genus related to but distinct from the existing genus Turicimonas of far away.

Teleturneriella

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Turneriella*, An existing genus; *Teleturneriella*: A genus related to but distinct from the existing genus Turneriella of far away.

Teletuwongella

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Tuwongella*, An existing genus; *Teletuwongella*: A genus related to but distinct from the existing genus Tuwongella of far away.

Teleuliginosibacterium

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Uliginosibacterium*, An existing genus; *Teleuliginosibacterium*: A genus related to but distinct from the existing genus Uliginosibacterium of far away.

Teleulvibacter

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Ulvibacter*, An existing genus; *Teleulvibacter*: A genus related to but distinct from the existing genus Ulvibacter of far away.

Teleulvibacterium

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Ulvibacterium*, An existing genus; *Teleulvibacterium*: A genus related to but distinct from the existing genus Ulvibacterium of far away.

Teleumboniibacter

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Umboniibacter*, An existing genus; *Teleumboniibacter*: A genus related to but distinct from the existing genus Umboniibacter of far away.

Teleumezawaea

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Umezawaea*, An existing genus; *Teleumezawaea*: A genus related to but distinct from the existing genus Umezawaea of far away.

Teleundibacterium

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Undibacterium*, An existing genus; *Teleundibacterium*: A genus related to but distinct from the existing genus Undibacterium of far away.

Teleureaplasma

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Ureaplasma*, An existing genus; *Teleureaplasma*: A genus related to but distinct from the existing genus Ureaplasma of far away.

Teleurechidicola

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Urechidicola*, An existing genus; *Teleurechidicola*: A genus related to but distinct from the existing genus Urechidicola of far away.

Teleureibacillus

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Ureibacillus*, An existing genus; *Teleureibacillus*: A genus related to but distinct from the existing genus Ureibacillus of far away.

Teleurmitella

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Urmitella*, An existing genus; *Teleurmitella*: A genus related to but distinct from the existing genus Urmitella of far away.

Teleursidibacter

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Ursidibacter*, An existing genus; *Teleursidibacter*: A genus related to but distinct from the existing genus Ursidibacter of far away.

Teleuruburuella

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Uruburuella*, An existing genus; *Teleuruburuella*: A genus related to but distinct from the existing genus Uruburuella of far away.

Televadicella

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Vadicella*, An existing genus; *Televadicella*: A genus related to but distinct from the existing genus Vadicella of far away.

Televaginella

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Vaginella*, An existing genus; *Televaginella*: A genus related to but distinct from the existing genus Vaginella of far away.

Televaginimicrobium

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. neut. n. *Vaginimicrobium*, An existing genus; *Televaginimicrobium*: A genus related to but distinct from the existing genus Vaginimicrobium of far away.

Televaginisenegalia

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Vaginisenegalia*, An existing genus; *Televaginisenegalia*: A genus related to but distinct from the existing genus Vaginisenegalia of far away.

Televagococcus

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Vagococcus*, An existing genus; *Televagococcus*: A genus related to but distinct from the existing genus Vagococcus of far away.

Televallitalea

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Vallitalea*, An existing genus; *Televallitalea*: A genus related to but distinct from the existing genus Vallitalea of far away.

Televampirovibrio

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Vampirovibrio*, An existing genus; *Televampirovibrio*: A genus related to but distinct from the existing genus Vampirovibrio of far away.

Televaribaculum

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. neut. n. *Varibaculum*, An existing genus; *Televaribaculum*: A genus related to but distinct from the existing genus Varibaculum of far away.

Televariovorax

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Variovorax*, An existing genus; *Televariovorax*: A genus related to but distinct from the existing genus Variovorax of far away.

Televarunaivibrio

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Varunaivibrio*, An existing genus; *Televarunaivibrio*: A genus related to but distinct from the existing genus Varunaivibrio of far away.

Televasilyevaea

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Vasilyevaea*, An existing genus; *Televasilyevaea*: A genus related to but distinct from the existing genus Vasilyevaea of far away.

Televeillonella

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Veillonella*, An existing genus; *Televeillonella*: A genus related to but distinct from the existing genus Veillonella of far away.

Televenenivibrio

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Venenivibrio*, An existing genus; *Televenenivibrio*: A genus related to but distinct from the existing genus Venenivibrio of far away.

Televentosimonas

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Ventosimonas*, An existing genus; *Televentosimonas*: A genus related to but distinct from the existing genus Ventosimonas of far away.

Televerminephrobacter

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Verminephrobacter*, An existing genus; *Televerminephrobacter*: A genus related to but distinct from the existing genus Verminephrobacter of far away.

Televerrucomicrobium

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Verrucomicrobium*, An existing genus; *Televerrucomicrobium*: A genus related to but distinct from the existing genus Verrucomicrobium of far away.

Televerrucosispora

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Verrucosispora*, An existing genus; *Televerrucosispora*: A genus related to but distinct from the existing genus Verrucosispora of far away.

Televerticia

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Verticia*, An existing genus; *Televerticia*: A genus related to but distinct from the existing genus Verticia of far away.

Televerticiella

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Verticiella*, An existing genus; *Televerticiella*: A genus related to but distinct from the existing genus Verticiella of far away.

Televespertiliibacter

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Vespertiliibacter*, An existing genus; *Televespertiliibacter*: A genus related to but distinct from the existing genus Vespertiliibacter of far away.

Televibrio

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Vibrio*, An existing genus; *Televibrio*: A genus related to but distinct from the existing genus Vibrio of far away.

Televibrionimonas

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Vibrionimonas*, An existing genus; *Televibrionimonas*: A genus related to but distinct from the existing genus Vibrionimonas of far away.

Televicinamibacter

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Vicinamibacter*, An existing genus; *Televicinamibacter*: A genus related to but distinct from the existing genus Vicinamibacter of far away.

Televicingus

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Vicingus*, An existing genus; *Televicingus*: A genus related to but distinct from the existing genus Vicingus of far away.

Televictivallis

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Victivallis*, An existing genus; *Televictivallis*: A genus related to but distinct from the existing genus Victivallis of far away.

Televirgibacillus

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Virgibacillus*, An existing genus; *Televirgibacillus*: A genus related to but distinct from the existing genus Virgibacillus of far away.

Televiridibacillus

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Viridibacillus*, An existing genus; *Televiridibacillus*: A genus related to but distinct from the existing genus Viridibacillus of far away.

Televiridibacterium

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. neut. n. *Viridibacterium*, An existing genus; *Televiridibacterium*: A genus related to but distinct from the existing genus Viridibacterium of far away.

Televitellibacter

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Vitellibacter*, An existing genus; *Televitellibacter*: A genus related to but distinct from the existing genus Vitellibacter of far away.

Televitiosangium

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. neut. n. *Vitiosangium*, An existing genus; *Televitiosangium*: A genus related to but distinct from the existing genus Vitiosangium of far away.

Televitreoscilla

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Vitreoscilla*, An existing genus; *Televitreoscilla*: A genus related to but distinct from the existing genus Vitreoscilla of far away.

Televogesella

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Vogesella*, An existing genus; *Televogesella*: A genus related to but distinct from the existing genus Vogesella of far away.

Televolcaniella

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Volcaniella*, An existing genus; *Televolcaniella*: A genus related to but distinct from the existing genus Volcaniella of far away.

Televolucribacter

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Volucribacter*, An existing genus; *Televolucribacter*: A genus related to but distinct from the existing genus Volucribacter of far away.

Televulcanibacillus

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Vulcanibacillus*, An existing genus; *Televulcanibacillus*: A genus related to but distinct from the existing genus Vulcanibacillus of far away.

Televulcaniibacterium

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Vulcaniibacterium*, An existing genus; *Televulcaniibacterium*: A genus related to but distinct from the existing genus Vulcaniibacterium of far away.

Televulcanithermus

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Vulcanithermus*, An existing genus; *Televulcanithermus*: A genus related to but distinct from the existing genus Vulcanithermus of far away.

Televulgatibacter

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Vulgatibacter*, An existing genus; *Televulgatibacter*: A genus related to but distinct from the existing genus Vulgatibacter of far away.

Telewaddlia

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Waddlia*, An existing genus; *Telewaddlia*: A genus related to but distinct from the existing genus Waddlia of far away.

Telewandonia

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Wandonia*, An existing genus; *Telewandonia*: A genus related to but distinct from the existing genus Wandonia of far away.

Telewangella

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Wangella*, An existing genus; *Telewangella*: A genus related to but distinct from the existing genus Wangella of far away.

Telewautersia

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Wautersia*, An existing genus; *Telewautersia*: A genus related to but distinct from the existing genus Wautersia of far away.

Telewautersiella

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Wautersiella*, An existing genus; *Telewautersiella*: A genus related to but distinct from the existing genus Wautersiella of far away.

Teleweeksella

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Weeksella*, An existing genus; *Teleweeksella*: A genus related to but distinct from the existing genus Weeksella of far away.

Teleweissella

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Weissella*, An existing genus; *Teleweissella*: A genus related to but distinct from the existing genus Weissella of far away.

Telewenxinia

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Wenxinia*, An existing genus; *Telewenxinia*: A genus related to but distinct from the existing genus Wenxinia of far away.

Telewenyingzhuangia

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Wenyingzhuangia*, An existing genus; *Telewenyingzhuangia*: A genus related to but distinct from the existing genus Wenyingzhuangia of far away.

Telewenzhouxiangella

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Wenzhouxiangella*, An existing genus; *Telewenzhouxiangella*: A genus related to but distinct from the existing genus Wenzhouxiangella of far away.

Telewestiellopsis

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Westiellopsis*, An existing genus; *Telewestiellopsis*: A genus related to but distinct from the existing genus Westiellopsis of far away.

Telewigglesworthia

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Wigglesworthia*, An existing genus; *Telewigglesworthia*: A genus related to but distinct from the existing genus Wigglesworthia of far away.

Telewilliamsia

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Williamsia*, An existing genus; *Telewilliamsia*: A genus related to but distinct from the existing genus Williamsia of far away.

Telewilliamsoniiplasma

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. neut. n. *Williamsoniiplasma*, An existing genus; *Telewilliamsoniiplasma*: A genus related to but distinct from the existing genus Williamsoniiplasma of far away.

Telewilliamwhitmania

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Williamwhitmania*, An existing genus; *Telewilliamwhitmania*: A genus related to but distinct from the existing genus Williamwhitmania of far away.

Telewinkia

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Winkia*, An existing genus; *Telewinkia*: A genus related to but distinct from the existing genus Winkia of far away.

Telewinogradskyella

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Winogradskyella*, An existing genus; *Telewinogradskyella*: A genus related to but distinct from the existing genus Winogradskyella of far away.

Telewoeseia

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Woeseia*, An existing genus; *Telewoeseia*: A genus related to but distinct from the existing genus Woeseia of far away.

Telewohlfahrtiimonas

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Wohlfahrtiimonas*, An existing genus; *Telewohlfahrtiimonas*: A genus related to but distinct from the existing genus Wohlfahrtiimonas of far away.

Telewolbachia

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Wolbachia*, An existing genus; *Telewolbachia*: A genus related to but distinct from the existing genus Wolbachia of far away.

Telewolinella

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Wolinella*, An existing genus; *Telewolinella*: A genus related to but distinct from the existing genus Wolinella of far away.

Telewolskyella

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Wolskyella*, An existing genus; *Telewolskyella*: A genus related to but distinct from the existing genus Wolskyella of far away.

Telewoodsholea

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Woodsholea*, An existing genus; *Telewoodsholea*: A genus related to but distinct from the existing genus Woodsholea of far away.

Telewukongibacter

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Wukongibacter*, An existing genus; *Telewukongibacter*: A genus related to but distinct from the existing genus Wukongibacter of far away.

Telexanthobacter

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Xanthobacter*, An existing genus; *Telexanthobacter*: A genus related to but distinct from the existing genus Xanthobacter of far away.

Telexanthomarina

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Xanthomarina*, An existing genus; *Telexanthomarina*: A genus related to but distinct from the existing genus Xanthomarina of far away.

Telexanthomonas

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Xanthomonas*, An existing genus; *Telexanthomonas*: A genus related to but distinct from the existing genus Xanthomonas of far away.

Telexanthovirga

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Xanthovirga*, An existing genus; *Telexanthovirga*: A genus related to but distinct from the existing genus Xanthovirga of far away.

Telexenophilus

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Xenophilus*, An existing genus; *Telexenophilus*: A genus related to but distinct from the existing genus Xenophilus of far away.

Telexenorhabdus

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Xenorhabdus*, An existing genus; *Telexenorhabdus*: A genus related to but distinct from the existing genus Xenorhabdus of far away.

Telexiangella

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Xiangella*, An existing genus; *Telexiangella*: A genus related to but distinct from the existing genus Xiangella of far away.

Telexinfangfangia

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Xinfangfangia*, An existing genus; *Telexinfangfangia*: A genus related to but distinct from the existing genus Xinfangfangia of far away.

Telexuhuaishuia

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Xuhuaishuia*, An existing genus; *Telexuhuaishuia*: A genus related to but distinct from the existing genus Xuhuaishuia of far away.

Telexylanibacillus

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Xylanibacillus*, An existing genus; *Telexylanibacillus*: A genus related to but distinct from the existing genus Xylanibacillus of far away.

Telexylanibacter

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Xylanibacter*, An existing genus; *Telexylanibacter*: A genus related to but distinct from the existing genus Xylanibacter of far away.

Telexylanibacterium

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. neut. n. *Xylanibacterium*, An existing genus; *Telexylanibacterium*: A genus related to but distinct from the existing genus Xylanibacterium of far away.

Telexylanimicrobium

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. neut. n. *Xylanimicrobium*, An existing genus; *Telexylanimicrobium*: A genus related to but distinct from the existing genus Xylanimicrobium of far away.

Telexylanimonas

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Xylanimonas*, An existing genus; *Telexylanimonas*: A genus related to but distinct from the existing genus Xylanimonas of far away.

Telexylanivirga

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Xylanivirga*, An existing genus; *Telexylanivirga*: A genus related to but distinct from the existing genus Xylanivirga of far away.

Telexylella

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Xylella*, An existing genus; *Telexylella*: A genus related to but distinct from the existing genus Xylella of far away.

Telexylophilus

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. masc. n. *Xylophilus*, An existing genus; *Telexylophilus*: A genus related to but distinct from the existing genus Xylophilus of far away.

Teleyangia

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Yangia*, An existing genus; *Teleyangia*: A genus related to but distinct from the existing genus Yangia of far away.

Teleyania

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Yania*, An existing genus; *Teleyania*: A genus related to but distinct from the existing genus Yania of far away.

Teleyaniella

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Yaniella*, An existing genus; *Teleyaniella*: A genus related to but distinct from the existing genus Yaniella of far away.

Teleyeosuana

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Yeosuana*, An existing genus; *Teleyeosuana*: A genus related to but distinct from the existing genus Yeosuana of far away.

Teleyersinia

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Yersinia*, An existing genus; *Teleyersinia*: A genus related to but distinct from the existing genus Yersinia of far away.

Teleyimella

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Yimella*, An existing genus; *Teleyimella*: A genus related to but distinct from the existing genus Yimella of far away.

Teleyinghuangia

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Yinghuangia*, An existing genus; *Teleyinghuangia*: A genus related to but distinct from the existing genus Yinghuangia of far away.

Teleyokenella

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Yokenella*, An existing genus; *Teleyokenella*: A genus related to but distinct from the existing genus Yokenella of far away.

Teleyonedaella

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Yonedaella*, An existing genus; *Teleyonedaella*: A genus related to but distinct from the existing genus Yonedaella of far away.

Teleyonghaparkia

Gr. nan preposition *ïĎá£ĘÎżÎţ*, far away; L. fem. n. *Yonghaparkia*, An existing genus; *Teleyonghaparkia*: A genus related to but distinct from the existing genus Yonghaparkia of far away.

Teleyoonia

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Yoonia*, An existing genus; *Teleyoonia*: A genus related to but distinct from the existing genus Yoonia of far away.

Teleyouhaiella

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Youhaiella*, An existing genus; *Teleyouhaiella*: A genus related to but distinct from the existing genus Youhaiella of far away.

Teleyoungiibacter

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Youngiibacter*, An existing genus; *Teleyoungiibacter*: A genus related to but distinct from the existing genus Youngiibacter of far away.

Teleyoungimonas

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Youngimonas*, An existing genus; *Teleyoungimonas*: A genus related to but distinct from the existing genus Youngimonas of far away.

Teleyuhushiella

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Yuhushiella*, An existing genus; *Teleyuhushiella*: A genus related to but distinct from the existing genus Yuhushiella of far away.

Telezavarzinella

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Zavarzinella*, An existing genus; *Telezavarzinella*: A genus related to but distinct from the existing genus Zavarzinella of far away.

Telezavarzinia

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Zavarzinia*, An existing genus; *Telezavarzinia*: A genus related to but distinct from the existing genus Zavarzinia of far away.

Telezeaxanthinibacter

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Zeaxanthinibacter*, An existing genus; *Telezeaxanthinibacter*: A genus related to but distinct from the existing genus Zeaxanthinibacter of far away.

Telezehria

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Zehria*, An existing genus; *Telezehria*: A genus related to but distinct from the existing genus Zehria of far away.

Telezestosphaera

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Zestosphaera*, An existing genus; *Telezestosphaera*: A genus related to but distinct from the existing genus Zestosphaera of far away.

Telezhangella

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Zhangella*, An existing genus; *Telezhangella*: A genus related to but distinct from the existing genus Zhangella of far away.

Telezhaonella

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Zhaonella*, An existing genus; *Telezhaonella*: A genus related to but distinct from the existing genus Zhaonella of far away.

Telezhengella

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Zhengella*, An existing genus; *Telezhengella*: A genus related to but distinct from the existing genus Zhengella of far away.

Telezhihengliuella

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Zhihengliuella*, An existing genus; *Telezhihengliuella*: A genus related to but distinct from the existing genus Zhihengliuella of far away.

Telezhizhongheella

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Zhizhongheella*, An existing genus; *Telezhizhongheella*: A genus related to but distinct from the existing genus Zhizhongheella of far away.

Telezhongshania

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Zhongshania*, An existing genus; *Telezhongshania*: A genus related to but distinct from the existing genus Zhongshania of far away.

Telezhouia

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Zhouia*, An existing genus; *Telezhouia*: A genus related to but distinct from the existing genus Zhouia of far away.

Telezimmermannella

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Zimmermannella*, An existing genus; *Telezimmermannella*: A genus related to but distinct from the existing genus Zimmermannella of far away.

Telezobellella

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Zobellella*, An existing genus; *Telezobellella*: A genus related to but distinct from the existing genus Zobellella of far away.

Telezobellia

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Zobellia*, An existing genus; *Telezobellia*: A genus related to but distinct from the existing genus Zobellia of far away.

Telezoogloea

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Zoogloea*, An existing genus; *Telezoogloea*: A genus related to but distinct from the existing genus Zoogloea of far away.

Telezooshikella

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. dim. n. *Zooshikella*, An existing genus; *Telezooshikella*: A genus related to but distinct from the existing genus Zooshikella of far away.

Telezunongwangia

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Zunongwangia*, An existing genus; *Telezunongwangia*: A genus related to but distinct from the existing genus Zunongwangia of far away.

Telezymobacter

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Zymobacter*, An existing genus; *Telezymobacter*: A genus related to but distinct from the existing genus Zymobacter of far away.

Telezymomonas

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. fem. n. *Zymomonas*, An existing genus; *Telezymomonas*: A genus related to but distinct from the existing genus Zymomonas of far away.

Telezymophilus

Gr. nan preposition *ÏĎá£ĘÎżÎţ*, far away; L. masc. n. *Zymophilus*, An existing genus; *Telezymophilus*: A genus related to but distinct from the existing genus Zymophilus of far away.

Ultraabditibacterium

L. nan preposition *ultra*, beyond; L. neut. n. *Abditibacterium*, An existing genus; *Ultraabditibacterium*: A genus related to but distinct from the existing genus Abditibacterium of beyond.

Ultraabiotrophia

L. nan preposition *ultra*, beyond; L. fem. n. *Abiotrophia*, An existing genus; *Ultraabiotrophia*: A genus related to but distinct from the existing genus Abiotrophia of beyond.

Ultraabsicoccus

L. nan preposition *ultra*, beyond; L. masc. n. *Absicoccus*, An existing genus; *Ultraabsicoccus*: A genus related to but distinct from the existing genus Absicoccus of beyond.

Ultraabsiella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Absiella*, An existing genus; *Ultraabsiella*: A genus related to but distinct from the existing genus Absiella of beyond.

Ultraabyssibacter

L. nan preposition *ultra*, beyond; L. masc. n. *Abyssibacter*, An existing genus; *Ultraabyssibacter*: A genus related to but distinct from the existing genus Abyssibacter of beyond.

Ultraabyssicoccus

L. nan preposition *ultra*, beyond; L. masc. n. *Abyssicoccus*, An existing genus; *Ultraabyssicoccus*: A genus related to but distinct from the existing genus Abyssicoccus of beyond.

Ultraabyssisolibacter

L. nan preposition *ultra*, beyond; L. masc. n. *Abyssisolibacter*, An existing genus; *Ultraabyssisolibacter*: A genus related to but distinct from the existing genus Abyssisolibacter of beyond.

Ultraabyssivirga

L. nan preposition *ultra*, beyond; L. fem. n. *Abyssivirga*, An existing genus; *Ultraabyssivirga*: A genus related to but distinct from the existing genus Abyssivirga of beyond.

Ultraacanthopleuribacter

L. nan preposition *ultra*, beyond; L. masc. n. *Acanthopleuribacter*, An existing genus; *Ultraacanthopleuribacter*: A genus related to but distinct from the existing genus Acanthopleuribacter of beyond.

Ultraacaricomes

L. nan preposition *ultra*, beyond; L. masc. n. *Acaricomes*, An existing genus; *Ultraacaricomes*: A genus related to but distinct from the existing genus Acaricomes of beyond.

Ultraacaryochloris

L. nan preposition *ultra*, beyond; L. fem. n. *Acaryochloris*, An existing genus; *Ultraacaryochloris*: A genus related to but distinct from the existing genus Acaryochloris of beyond.

Ultraacetanaerobacterium

L. nan preposition *ultra*, beyond; L. neut. n. *Acetanaerobacterium*, An existing genus; *Ultraacetanaerobacterium*: A genus related to but distinct from the existing genus Acetanaerobacterium of beyond.

Ultraacetatifactor

L. nan preposition *ultra*, beyond; L. masc. n. *Acetatifactor*, An existing genus; *Ultraacetatifactor*: A genus related to but distinct from the existing genus Acetatifactor of beyond.

Ultraacetilactobacillus

L. nan preposition *ultra*, beyond; L. masc. n. *Acetilactobacillus*, An existing genus; *Ultraacetilactobacillus*: A genus related to but distinct from the existing genus Acetilactobacillus of beyond.

Ultraacetitomaculum

L. nan preposition *ultra*, beyond; L. neut. n. *Acetitomaculum*, An existing genus; *Ultraacetitomaculum*: A genus related to but distinct from the existing genus Acetitomaculum of beyond.

Ultraacetivibrio

L. nan preposition *ultra*, beyond; L. masc. n. *Acetivibrio*, An existing genus; *Ultraacetivibrio*: A genus related to but distinct from the existing genus Acetivibrio of beyond.

Ultraacetoanaerobium

L. nan preposition *ultra*, beyond; L. neut. n. *Acetoanaerobium*, An existing genus; *Ultraacetoanaerobium*: A genus related to but distinct from the existing genus Acetoanaerobium of beyond.

Ultraacetobacter

L. nan preposition *ultra*, beyond; L. masc. n. *Acetobacter*, An existing genus; *Ultraacetobacter*: A genus related to but distinct from the existing genus Acetobacter of beyond.

Ultraacetobacterium

L. nan preposition *ultra*, beyond; L. neut. n. *Acetobacterium*, An existing genus; *Ultraacetobacterium*: A genus related to but distinct from the existing genus Acetobacterium of beyond.

Ultraacetobacteroides

L. nan preposition *ultra*, beyond; L. masc. n. *Acetobacteroides*, An existing genus; *Ultraacetobacteroides*: A genus related to but distinct from the existing genus Acetobacteroides of beyond.

Ultraacetofilamentum

L. nan preposition *ultra*, beyond; L. neut. n. *Acetofilamentum*, An existing genus; *Ultraacetofilamentum*: A genus related to but distinct from the existing genus Acetofilamentum of beyond.

Ultraacetogenium

L. nan preposition *ultra*, beyond; L. neut. n. *Acetogenium*, An existing genus; *Ultraacetogenium*: A genus related to but distinct from the existing genus Acetogenium of beyond.

Ultraacetohalobium

L. nan preposition *ultra*, beyond; L. neut. n. *Acetohalobium*, An existing genus; *Ultraacetohalobium*: A genus related to but distinct from the existing genus Acetohalobium of beyond.

Ultraacetomicrobium

L. nan preposition *ultra*, beyond; L. neut. n. *Acetomicrobium*, An existing genus; *Ultraacetomicrobium*: A genus related to but distinct from the existing genus Acetomicrobium of beyond.

Ultraacetonema

L. nan preposition *ultra*, beyond; L. neut. n. *Acetonema*, An existing genus; *Ultraacetonema*: A genus related to but distinct from the existing genus Acetonema of beyond.

Ultraacetothermus

L. nan preposition *ultra*, beyond; L. masc. n. *Acetothermus*, An existing genus; *Ultraacetothermus*: A genus related to but distinct from the existing genus Acetothermus of beyond.

Ultraacholeplasma

L. nan preposition *ultra*, beyond; L. neut. n. *Acholeplasma*, An existing genus; *Ultraacholeplasma*: A genus related to but distinct from the existing genus Acholeplasma of beyond.

Ultraachromatium

L. nan preposition *ultra*, beyond; L. neut. n. *Achromatium*, An existing genus; *Ultraachromatium*: A genus related to but distinct from the existing genus Achromatium of beyond.

Ultraachromobacter

L. nan preposition *ultra*, beyond; L. masc. n. *Achromobacter*, An existing genus; *Ultraachromobacter*: A genus related to but distinct from the existing genus Achromobacter of beyond.

Ultraacidaminobacter

L. nan preposition *ultra*, beyond; L. masc. n. *Acidaminobacter*, An existing genus; *Ultraacidaminobacter*: A genus related to but distinct from the existing genus Acidaminobacter of beyond.

Ultraacidaminococcus

L. nan preposition *ultra*, beyond; L. masc. n. *Acidaminococcus*, An existing genus; *Ultraacidaminococcus*: A genus related to but distinct from the existing genus Acidaminococcus of beyond.

Ultraacidianus

L. nan preposition *ultra*, beyond; L. masc. n. *Acidianus*, An existing genus; *Ultraacidianus*: A genus related to but distinct from the existing genus Acidianus of beyond.

Ultraacidibrevibacterium

L. nan preposition *ultra*, beyond; L. neut. n. *Acidibrevibacterium*, An existing genus; *Ultraacidibrevibacterium*: A genus related to but distinct from the existing genus Acidibrevibacterium of beyond.

Ultraacidicaldus

L. nan preposition *ultra*, beyond; L. masc. n. *Acidicaldus*, An existing genus; *Ultraacidicaldus*: A genus related to but distinct from the existing genus Acidicaldus of beyond.

Ultraacidicapsa

L. nan preposition *ultra*, beyond; L. fem. n. *Acidicapsa*, An existing genus; *Ultraacidicapsa*: A genus related to but distinct from the existing genus Acidicapsa of beyond.

Ultraacidiferrimicrobium

L. nan preposition *ultra*, beyond; L. neut. n. *Acidiferrimicrobium*, An existing genus; *Ultraacidiferrimicrobium*: A genus related to but distinct from the existing genus Acidiferrimicrobium of beyond.

Ultraacidiferrobacter

L. nan preposition *ultra*, beyond; L. masc. n. *Acidiferrobacter*, An existing genus; *Ultraacidiferrobacter*: A genus related to but distinct from the existing genus Acidiferrobacter of beyond.

Ultraacidihalobacter

L. nan preposition *ultra*, beyond; L. masc. n. *Acidihalobacter*, An existing genus; *Ultraacidihalobacter*: A genus related to but distinct from the existing genus Acidihalobacter of beyond.

Ultraacidilobus

L. nan preposition *ultra*, beyond; L. masc. n. *Acidilobus*, An existing genus; *Ultraacidilobus*: A genus related to but distinct from the existing genus Acidilobus of beyond.

Ultraacidimangrovimonas

L. nan preposition *ultra*, beyond; L. fem. n. *Acidimangrovimonas*, An existing genus; *Ultraacidimangrovimonas*: A genus related to but distinct from the existing genus Acidimangrovimonas of beyond.

Ultraacidimicrobium

L. nan preposition *ultra*, beyond; L. neut. n. *Acidimicrobium*, An existing genus; *Ultraacidimicrobium*: A genus related to but distinct from the existing genus Acidimicrobium of beyond.

Ultraacidiphilium

L. nan preposition *ultra*, beyond; L. neut. n. *Acidiphilium*, An existing genus; *Ultraacidiphilium*: A genus related to but distinct from the existing genus Acidiphilium of beyond.

Ultraacidiplasma

L. nan preposition *ultra*, beyond; L. neut. n. *Acidiplasma*, An existing genus; *Ultraacidiplasma*: A genus related to but distinct from the existing genus Acidiplasma of beyond.

Ultraacidipropionibacterium

L. nan preposition *ultra*, beyond; L. neut. n. *Acidipropionibacterium*, An existing genus; *Ultraacidipropionibacterium*: A genus related to but distinct from the existing genus Acidipropionibacterium of beyond.

Ultraacidisarcina

L. nan preposition *ultra*, beyond; L. fem. n. *Acidisarcina*, An existing genus; *Ultraacidisarcina*: A genus related to but distinct from the existing genus Acidisarcina of beyond.

Ultraacidisoma

L. nan preposition *ultra*, beyond; L. neut. n. *Acidisoma*, An existing genus; *Ultraacidisoma*: A genus related to but distinct from the existing genus Acidisoma of beyond.

Ultraacidisphaera

L. nan preposition *ultra*, beyond; L. fem. n. *Acidisphaera*, An existing genus; *Ultraacidisphaera*: A genus related to but distinct from the existing genus Acidisphaera of beyond.

Ultraacidithiobacillus

L. nan preposition *ultra*, beyond; L. masc. n. *Acidithiobacillus*, An existing genus; *Ultraacidithiobacillus*: A genus related to but distinct from the existing genus Acidithiobacillus of beyond.

Ultraacidithrix

L. nan preposition *ultra*, beyond; L. fem. n. *Acidithrix*, An existing genus; *Ultraacidithrix*: A genus related to but distinct from the existing genus Acidithrix of beyond.

Ultraacidocella

L. nan preposition *ultra*, beyond; L. fem. n. *Acidocella*, An existing genus; *Ultraacidocella*: A genus related to but distinct from the existing genus Acidocella of beyond.

Ultraacidovorax

L. nan preposition *ultra*, beyond; L. masc. n. *Acidovorax*, An existing genus; *Ultraacidovorax*: A genus related to but distinct from the existing genus Acidovorax of beyond.

Ultraacinetobacter

L. nan preposition *ultra*, beyond; L. masc. n. *Acinetobacter*, An existing genus; *Ultraacinetobacter*: A genus related to but distinct from the existing genus Acinetobacter of beyond.

Ultraacrocarpospora

L. nan preposition *ultra*, beyond; L. fem. n. *Acrocarpospora*, An existing genus; *Ultraacrocarpospora*: A genus related to but distinct from the existing genus Acrocarpospora of beyond.

Ultraactibacter

L. nan preposition *ultra*, beyond; L. masc. n. *Actibacter*, An existing genus; *Ultraactibacter*: A genus related to but distinct from the existing genus Actibacter of beyond.

Ultraactibacterium

L. nan preposition *ultra*, beyond; L. neut. n. *Actibacterium*, An existing genus; *Ultraactibacterium*: A genus related to but distinct from the existing genus Actibacterium of beyond.

Ultraactimicrobium

L. nan preposition *ultra*, beyond; L. neut. n. *Actimicrobium*, An existing genus; *Ultraactimicrobium*: A genus related to but distinct from the existing genus Actimicrobium of beyond.

Ultraactinaurispora

L. nan preposition *ultra*, beyond; L. fem. n. *Actinaurispora*, An existing genus; *Ultraactinaurispora*: A genus related to but distinct from the existing genus Actinaurispora of beyond.

Ultraactinoallomurus

L. nan preposition *ultra*, beyond; L. masc. n. *Actinoallomurus*, An existing genus; *Ultraactinoallomurus*: A genus related to but distinct from the existing genus Actinoallomurus of beyond.

Ultraactinobispora

L. nan preposition *ultra*, beyond; L. fem. n. *Actinobispora*, An existing genus; *Ultraactinobispora*: A genus related to but distinct from the existing genus Actinobispora of beyond.

Ultraactinocatenispora

L. nan preposition *ultra*, beyond; L. fem. n. *Actinocatenispora*, An existing genus; *Ultraactinocatenispora*: A genus related to but distinct from the existing genus Actinocatenispora of beyond.

Ultraactinocorallia

L. nan preposition *ultra*, beyond; L. fem. n. *Actinocorallia*, An existing genus; *Ultraactinocorallia*: A genus related to but distinct from the existing genus Actinocorallia of beyond.

Ultraactinocrinis

L. nan preposition *ultra*, beyond; L. masc. n. *Actinocrinis*, An existing genus; *Ultraactinocrinis*: A genus related to but distinct from the existing genus Actinocrinis of beyond.

Ultraactinocrispum

L. nan preposition *ultra*, beyond; L. neut. n. *Actinocrispum*, An existing genus; *Ultraactinocrispum*: A genus related to but distinct from the existing genus Actinocrispum of beyond.

Ultraactinokineospora

L. nan preposition *ultra*, beyond; L. fem. n. *Actinokineospora*, An existing genus; *Ultraactinokineospora*: A genus related to but distinct from the existing genus Actinokineospora of beyond.

Ultraactinomadura

L. nan preposition *ultra*, beyond; L. fem. n. *Actinomadura*, An existing genus; *Ultraactinomadura*: A genus related to but distinct from the existing genus Actinomadura of beyond.

Ultraactinomarinicola

L. nan preposition *ultra*, beyond; L. fem. n. *Actinomarinicola*, An existing genus; *Ultraactinomarinicola*: A genus related to but distinct from the existing genus Actinomarinicola of beyond.

Ultraactinomyces

L. nan preposition *ultra*, beyond; L. masc. n. *Actinomyces*, An existing genus; *Ultraactinomyces*: A genus related to but distinct from the existing genus Actinomyces of beyond.

Ultraactinomycetospora

L. nan preposition *ultra*, beyond; L. fem. n. *Actinomycetospora*, An existing genus; *Ultraactinomycetospora*: A genus related to but distinct from the existing genus Actinomycetospora of beyond.

Ultraactinophytocola

L. nan preposition *ultra*, beyond; L. masc. n. *Actinophytocola*, An existing genus; *Ultraactinophytocola*: A genus related to but distinct from the existing genus Actinophytocola of beyond.

Ultraactinoplanes

L. nan preposition *ultra*, beyond; L. masc. n. *Actinoplanes*, An existing genus; *Ultraactinoplanes*: A genus related to but distinct from the existing genus Actinoplanes of beyond.

Ultraactinopolymorpha

L. nan preposition *ultra*, beyond; L. fem. n. *Actinopolymorpha*, An existing genus; *Ultraactinopolymorpha*: A genus related to but distinct from the existing genus Actinopolymorpha of beyond.

Ultraactinopolyspora

L. nan preposition *ultra*, beyond; L. fem. n. *Actinopolyspora*, An existing genus; *Ultraactinopolyspora*: A genus related to but distinct from the existing genus Actinopolyspora of beyond.

Ultraactinorectispora

L. nan preposition *ultra*, beyond; L. fem. n. *Actinorectispora*, An existing genus; *Ultraactinorectispora*: A genus related to but distinct from the existing genus Actinorectispora of beyond.

Ultraactinorhabdospora

L. nan preposition *ultra*, beyond; L. fem. n. *Actinorhabdospora*, An existing genus; *Ultraactinorhabdospora*: A genus related to but distinct from the existing genus Actinorhabdospora of beyond.

Ultraactinorugispora

L. nan preposition *ultra*, beyond; L. fem. n. *Actinorugispora*, An existing genus; *Ultraactinorugispora*: A genus related to but distinct from the existing genus Actinorugispora of beyond.

Ultraactinospica

L. nan preposition *ultra*, beyond; L. fem. n. *Actinospica*, An existing genus; *Ultraactinospica*: A genus related to but distinct from the existing genus Actinospica of beyond.

Ultraactinosporangium

L. nan preposition *ultra*, beyond; L. neut. n. *Actinosporangium*, An existing genus; *Ultraactinosporangium*: A genus related to but distinct from the existing genus Actinosporangium of beyond.

Ultraactinosynnema

L. nan preposition *ultra*, beyond; L. neut. n. *Actinosynnema*, An existing genus; *Ultraactinosynnema*: A genus related to but distinct from the existing genus Actinosynnema of beyond.

Ultraactinotalea

L. nan preposition *ultra*, beyond; L. fem. n. *Actinotalea*, An existing genus; *Ultraactinotalea*: A genus related to but distinct from the existing genus Actinotalea of beyond.

Ultraactinotignum

L. nan preposition *ultra*, beyond; L. neut. n. *Actinotignum*, An existing genus; *Ultraactinotignum*: A genus related to but distinct from the existing genus Actinotignum of beyond.

Ultraacutalibacter

L. nan preposition *ultra*, beyond; L. masc. n. *Acutalibacter*, An existing genus; *Ultraacutalibacter*: A genus related to but distinct from the existing genus Acutalibacter of beyond.

Ultraacuticoccus

L. nan preposition *ultra*, beyond; L. masc. n. *Acuticoccus*, An existing genus; *Ultraacuticoccus*: A genus related to but distinct from the existing genus Acuticoccus of beyond.

Ultraadhaeribacter

L. nan preposition *ultra*, beyond; L. masc. n. *Adhaeribacter*, An existing genus; *Ultraadhaeribacter*: A genus related to but distinct from the existing genus Adhaeribacter of beyond.

Ultraadlercreutzia

L. nan preposition *ultra*, beyond; L. fem. n. *Adlercreutzia*, An existing genus; *Ultraadlercreutzia*: A genus related to but distinct from the existing genus Adlercreutzia of beyond.

Ultraadvenella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Advenella*, An existing genus; *Ultraadvenella*: A genus related to but distinct from the existing genus Advenella of beyond.

Ultraaegyptianella

L. nan preposition *ultra*, beyond; L. fem. n. *Aegyptianella*, An existing genus; *Ultraaegyptianella*: A genus related to but distinct from the existing genus Aegyptianella of beyond.

Ultraaequoribacter

L. nan preposition *ultra*, beyond; L. masc. n. *Aequoribacter*, An existing genus; *Ultraaequoribacter*: A genus related to but distinct from the existing genus Aequoribacter of beyond.

Ultraaequorivita

L. nan preposition *ultra*, beyond; L. fem. n. *Aequorivita*, An existing genus; *Ultraaequorivita*: A genus related to but distinct from the existing genus Aequorivita of beyond.

Ultraaeribacillus

L. nan preposition *ultra*, beyond; L. masc. n. *Aeribacillus*, An existing genus; *Ultraaeribacillus*: A genus related to but distinct from the existing genus Aeribacillus of beyond.

Ultraaeriscardovia

L. nan preposition *ultra*, beyond; L. fem. n. *Aeriscardovia*, An existing genus; *Ultraaeriscardovia*: A genus related to but distinct from the existing genus Aeriscardovia of beyond.

Ultraaerococcus

L. nan preposition *ultra*, beyond; L. masc. n. *Aerococcus*, An existing genus; *Ultraaerococcus*: A genus related to but distinct from the existing genus Aerococcus of beyond.

Ultraaeromicrobium

L. nan preposition *ultra*, beyond; L. neut. n. *Aeromicrobium*, An existing genus; *Ultraaeromicrobium*: A genus related to but distinct from the existing genus Aeromicrobium of beyond.

Ultraaeropyrum

L. nan preposition *ultra*, beyond; L. neut. n. *Aeropyrum*, An existing genus; *Ultraaeropyrum*: A genus related to but distinct from the existing genus Aeropyrum of beyond.

Ultraaerosakkonema

L. nan preposition *ultra*, beyond; L. neut. n. *Aerosakkonema*, An existing genus; *Ultraaerosakkonema*: A genus related to but distinct from the existing genus Aerosakkonema of beyond.

Ultraaestuariibacter

L. nan preposition *ultra*, beyond; L. masc. n. *Aestuariibacter*, An existing genus; *Ultraaestuariibacter*: A genus related to but distinct from the existing genus Aestuariibacter of beyond.

Ultraaestuariibaculum

L. nan preposition *ultra*, beyond; L. neut. n. *Aestuariibaculum*, An existing genus; *Ultraaestuariibaculum*: A genus related to but distinct from the existing genus Aestuariibaculum of beyond.

Ultraaestuariibius

L. nan preposition *ultra*, beyond; L. masc. n. *Aestuariibius*, An existing genus; *Ultraaestuariibius*: A genus related to but distinct from the existing genus Aestuariibius of beyond.

Ultraaestuariicella

L. nan preposition *ultra*, beyond; L. fem. n. *Aestuariicella*, An existing genus; *Ultraaestuariicella*: A genus related to but distinct from the existing genus Aestuariicella of beyond.

Ultraaestuariicoccus

L. nan preposition *ultra*, beyond; L. masc. n. *Aestuariicoccus*, An existing genus; *Ultraaestuariicoccus*: A genus related to but distinct from the existing genus Aestuariicoccus of beyond.

Ultraaestuariicola

L. nan preposition *ultra*, beyond; L. masc. n. *Aestuariicola*, An existing genus; *Ultraaestuariicola*: A genus related to but distinct from the existing genus Aestuariicola of beyond.

Ultraaestuariihabitans

L. nan preposition *ultra*, beyond; L. masc. n. *Aestuariihabitans*, An existing genus; *Ultraaestuariihabitans*: A genus related to but distinct from the existing genus Aestuariihabitans of beyond.

Ultraaestuariimicrobium

L. nan preposition *ultra*, beyond; L. neut. n. *Aestuariimicrobium*, An existing genus; *Ultraaestuariimicrobium*: A genus related to but distinct from the existing genus Aestuariimicrobium of beyond.

Ultraaestuariirhabdus

L. nan preposition *ultra*, beyond; L. fem. n. *Aestuariirhabdus*, An existing genus; *Ultraaestuariirhabdus*: A genus related to but distinct from the existing genus Aestuariirhabdus of beyond.

Ultraaestuariisphingobium

L. nan preposition *ultra*, beyond; L. neut. n. *Aestuariisphingobium*, An existing genus; *Ultraaestuariisphingobium*: A genus related to but distinct from the existing genus Aestuariisphingobium of beyond.

Ultraaestuariivirga

L. nan preposition *ultra*, beyond; L. fem. n. *Aestuariivirga*, An existing genus; *Ultraaestuariivirga*: A genus related to but distinct from the existing genus Aestuariivirga of beyond.

Ultraaestuariivita

L. nan preposition *ultra*, beyond; L. fem. n. *Aestuariivita*, An existing genus; *Ultraaestuariivita*: A genus related to but distinct from the existing genus Aestuariivita of beyond.

Ultraaestuarium

L. nan preposition *ultra*, beyond; L. neut. n. *Aestuarium*, An existing genus; *Ultraaestuarium*: A genus related to but distinct from the existing genus Aestuarium of beyond.

Ultraaetherobacter

L. nan preposition *ultra*, beyond; L. masc. n. *Aetherobacter*, An existing genus; *Ultraaetherobacter*: A genus related to but distinct from the existing genus Aetherobacter of beyond.

Ultraafifella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Afifella*, An existing genus; *Ultraafifella*: A genus related to but distinct from the existing genus Afifella of beyond.

Ultraafipia

L. nan preposition *ultra*, beyond; L. fem. n. *Afipia*, An existing genus; *Ultraafipia*: A genus related to but distinct from the existing genus Afipia of beyond.

Ultraagaribacter

L. nan preposition *ultra*, beyond; L. masc. n. *Agaribacter*, An existing genus; *Ultraagaribacter*: A genus related to but distinct from the existing genus Agaribacter of beyond.

Ultraagaribacterium

L. nan preposition *ultra*, beyond; L. neut. n. *Agaribacterium*, An existing genus; *Ultraagaribacterium*: A genus related to but distinct from the existing genus Agaribacterium of beyond.

Ultraagaricicola

L. nan preposition *ultra*, beyond; L. masc. n. *Agaricicola*, An existing genus; *Ultraagaricicola*: A genus related to but distinct from the existing genus Agaricicola of beyond.

Ultraagarilytica

L. nan preposition *ultra*, beyond; L. fem. n. *Agarilytica*, An existing genus; *Ultraagarilytica*: A genus related to but distinct from the existing genus Agarilytica of beyond.

Ultraagarivorans

L. nan preposition *ultra*, beyond; L. masc. n. *Agarivorans*, An existing genus; *Ultraagarivorans*: A genus related to but distinct from the existing genus Agarivorans of beyond.

Ultraagathobacter

L. nan preposition *ultra*, beyond; L. masc. n. *Agathobacter*, An existing genus; *Ultraagathobacter*: A genus related to but distinct from the existing genus Agathobacter of beyond.

Ultraagathobaculum

L. nan preposition *ultra*, beyond; L. neut. n. *Agathobaculum*, An existing genus; *Ultraagathobaculum*: A genus related to but distinct from the existing genus Agathobaculum of beyond.

Ultraaggregatibacter

L. nan preposition *ultra*, beyond; L. masc. n. *Aggregatibacter*, An existing genus; *Ultraaggregatibacter*: A genus related to but distinct from the existing genus Aggregatibacter of beyond.

Ultraaggregatilinea

L. nan preposition *ultra*, beyond; L. fem. n. *Aggregatilinea*, An existing genus; *Ultraaggregatilinea*: A genus related to but distinct from the existing genus Aggregatilinea of beyond.

Ultraaggregicoccus

L. nan preposition *ultra*, beyond; L. masc. n. *Aggregicoccus*, An existing genus; *Ultraaggregicoccus*: A genus related to but distinct from the existing genus Aggregicoccus of beyond.

Ultraagitococcus

L. nan preposition *ultra*, beyond; L. masc. n. *Agitococcus*, An existing genus; *Ultraagitococcus*: A genus related to but distinct from the existing genus Agitococcus of beyond.

Ultraagreia

L. nan preposition *ultra*, beyond; L. fem. n. *Agreia*, An existing genus; *Ultraagreia*: A genus related to but distinct from the existing genus Agreia of beyond.

Ultraagrilactobacillus

L. nan preposition *ultra*, beyond; L. masc. n. *Agrilactobacillus*, An existing genus; *Ultraagrilactobacillus*: A genus related to but distinct from the existing genus Agrilactobacillus of beyond.

Ultraagrobacterium

L. nan preposition *ultra*, beyond; L. neut. n. *Agrobacterium*, An existing genus; *Ultraagrobacterium*: A genus related to but distinct from the existing genus Agrobacterium of beyond.

Ultraagrococcus

L. nan preposition *ultra*, beyond; L. masc. n. *Agrococcus*, An existing genus; *Ultraagrococcus*: A genus related to but distinct from the existing genus Agrococcus of beyond.

Ultraagromonas

L. nan preposition *ultra*, beyond; L. fem. n. *Agromonas*, An existing genus; *Ultraagromonas*: A genus related to but distinct from the existing genus Agromonas of beyond.

Ultraagromyces

L. nan preposition *ultra*, beyond; L. masc. n. *Agromyces*, An existing genus; *Ultraagromyces*: A genus related to but distinct from the existing genus Agromyces of beyond.

Ultraahniella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Ahniella*, An existing genus; *Ultraahniella*: A genus related to but distinct from the existing genus Ahniella of beyond.

Ultraahrensia

L. nan preposition *ultra*, beyond; L. fem. n. *Ahrensia*, An existing genus; *Ultraahrensia*: A genus related to but distinct from the existing genus Ahrensia of beyond.

Ultraaidingibacillus

L. nan preposition *ultra*, beyond; L. masc. n. *Aidingibacillus*, An existing genus; *Ultraaidingibacillus*: A genus related to but distinct from the existing genus Aidingibacillus of beyond.

Ultraaidingimonas

L. nan preposition *ultra*, beyond; L. fem. n. *Aidingimonas*, An existing genus; *Ultraaidingimonas*: A genus related to but distinct from the existing genus Aidingimonas of beyond.

Ultraakkermansia

L. nan preposition *ultra*, beyond; L. fem. n. *Akkermansia*, An existing genus; *Ultraakkermansia*: A genus related to but distinct from the existing genus Akkermansia of beyond.

Ultraalbertania

L. nan preposition *ultra*, beyond; L. fem. n. *Albertania*, An existing genus; *Ultraalbertania*: A genus related to but distinct from the existing genus Albertania of beyond.

Ultraalbibacter

L. nan preposition *ultra*, beyond; L. masc. n. *Albibacter*, An existing genus; *Ultraalbibacter*: A genus related to but distinct from the existing genus Albibacter of beyond.

Ultraalbibacterium

L. nan preposition *ultra*, beyond; L. neut. n. *Albibacterium*, An existing genus; *Ultraalbibacterium*: A genus related to but distinct from the existing genus Albibacterium of beyond.

Ultraalbidiferax

L. nan preposition *ultra*, beyond; L. masc. n. *Albidiferax*, An existing genus; *Ultraalbidiferax*: A genus related to but distinct from the existing genus Albidiferax of beyond.

Ultraalbidovulum

L. nan preposition *ultra*, beyond; L. neut. n. *Albidovulum*, An existing genus; *Ultraalbidovulum*: A genus related to but distinct from the existing genus Albidovulum of beyond.

Ultraalbimonas

L. nan preposition *ultra*, beyond; L. fem. n. *Albimonas*, An existing genus; *Ultraalbimonas*: A genus related to but distinct from the existing genus Albimonas of beyond.

Ultraalbirhodobacter

L. nan preposition *ultra*, beyond; L. masc. n. *Albirhodobacter*, An existing genus; *Ultraalbirhodobacter*: A genus related to but distinct from the existing genus Albirhodobacter of beyond.

Ultraalbrightia

L. nan preposition *ultra*, beyond; L. fem. n. *Albrightia*, An existing genus; *Ultraalbrightia*: A genus related to but distinct from the existing genus Albrightia of beyond.

Ultraalcaligenes

L. nan preposition *ultra*, beyond; L. masc. n. *Alcaligenes*, An existing genus; *Ultraalcaligenes*: A genus related to but distinct from the existing genus Alcaligenes of beyond.

Ultraalcanivorax

L. nan preposition *ultra*, beyond; L. masc. n. *Alcanivorax*, An existing genus; *Ultraalcanivorax*: A genus related to but distinct from the existing genus Alcanivorax of beyond.

Ultraaldersonia

L. nan preposition *ultra*, beyond; L. fem. n. *Aldersonia*, An existing genus; *Ultraaldersonia*: A genus related to but distinct from the existing genus Aldersonia of beyond.

Ultraalgibacter

L. nan preposition *ultra*, beyond; L. masc. n. *Algibacter*, An existing genus; *Ultraalgibacter*: A genus related to but distinct from the existing genus Algibacter of beyond.

Ultraalgicoccus

L. nan preposition *ultra*, beyond; L. masc. n. *Algicoccus*, An existing genus; *Ultraalgicoccus*: A genus related to but distinct from the existing genus Algicoccus of beyond.

Ultraalgicola

L. nan preposition *ultra*, beyond; L. fem. n. *Algicola*, An existing genus; *Ultraalgicola*: A genus related to but distinct from the existing genus Algicola of beyond.

Ultraalgihabitans

L. nan preposition *ultra*, beyond; L. masc. n. *Algihabitans*, An existing genus; *Ultraalgihabitans*: A genus related to but distinct from the existing genus Algihabitans of beyond.

Ultraalgimonas

L. nan preposition *ultra*, beyond; L. fem. n. *Algimonas*, An existing genus; *Ultraalgimonas*: A genus related to but distinct from the existing genus Algimonas of beyond.

Ultraalginatibacterium

L. nan preposition *ultra*, beyond; L. neut. n. *Alginatibacterium*, An existing genus; *Ultraalginatibacterium*: A genus related to but distinct from the existing genus Alginatibacterium of beyond.

Ultraalgiphilus

L. nan preposition *ultra*, beyond; L. masc. n. *Algiphilus*, An existing genus; *Ultraalgiphilus*: A genus related to but distinct from the existing genus Algiphilus of beyond.

Ultraalgisphaera

L. nan preposition *ultra*, beyond; L. fem. n. *Algisphaera*, An existing genus; *Ultraalgisphaera*: A genus related to but distinct from the existing genus Algisphaera of beyond.

Ultraalgitalea

L. nan preposition *ultra*, beyond; L. fem. n. *Algitalea*, An existing genus; *Ultraalgitalea*: A genus related to but distinct from the existing genus Algitalea of beyond.

Ultraalgivirga

L. nan preposition *ultra*, beyond; L. fem. n. *Algivirga*, An existing genus; *Ultraalgivirga*: A genus related to but distinct from the existing genus Algivirga of beyond.

Ultraalgoriella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Algoriella*, An existing genus; *Ultraalgoriella*: A genus related to but distinct from the existing genus Algoriella of beyond.

Ultraalgorimarina

L. nan preposition *ultra*, beyond; L. fem. n. *Algorimarina*, An existing genus; *Ultraalgorimarina*: A genus related to but distinct from the existing genus Algorimarina of beyond.

Ultraalgoriphagus

L. nan preposition *ultra*, beyond; L. masc. n. *Algoriphagus*, An existing genus; *Ultraalgoriphagus*: A genus related to but distinct from the existing genus Algoriphagus of beyond.

Ultraaliagarivorans

L. nan preposition *ultra*, beyond; L. masc. n. *Aliagarivorans*, An existing genus; *Ultraaliagarivorans*: A genus related to but distinct from the existing genus Aliagarivorans of beyond.

Ultraaliarcobacter

L. nan preposition *ultra*, beyond; L. masc. n. *Aliarcobacter*, An existing genus; *Ultraaliarcobacter*: A genus related to but distinct from the existing genus Aliarcobacter of beyond.

Ultraalicycliphilus

L. nan preposition *ultra*, beyond; L. masc. n. *Alicycliphilus*, An existing genus; *Ultraalicycliphilus*: A genus related to but distinct from the existing genus Alicycliphilus of beyond.

Ultraalicyclobacillus

L. nan preposition *ultra*, beyond; L. masc. n. *Alicyclobacillus*, An existing genus; *Ultraalicyclobacillus*: A genus related to but distinct from the existing genus Alicyclobacillus of beyond.

Ultraalienimonas

L. nan preposition *ultra*, beyond; L. fem. n. *Alienimonas*, An existing genus; *Ultraalienimonas*: A genus related to but distinct from the existing genus Alienimonas of beyond.

Ultraaliibacillus

L. nan preposition *ultra*, beyond; L. masc. n. *Aliibacillus*, An existing genus; *Ultraaliibacillus*: A genus related to but distinct from the existing genus Aliibacillus of beyond.

Ultraaliicoccus

L. nan preposition *ultra*, beyond; L. masc. n. *Aliicoccus*, An existing genus; *Ultraaliicoccus*: A genus related to but distinct from the existing genus Aliicoccus of beyond.

Ultraaliidiomarina

L. nan preposition *ultra*, beyond; L. fem. n. *Aliidiomarina*, An existing genus; *Ultraaliidiomarina*: A genus related to but distinct from the existing genus Aliidiomarina of beyond.

Ultraaliidongia

L. nan preposition *ultra*, beyond; L. fem. n. *Aliidongia*, An existing genus; *Ultraaliidongia*: A genus related to but distinct from the existing genus Aliidongia of beyond.

Ultraaliifodinibius

L. nan preposition *ultra*, beyond; L. masc. n. *Aliifodinibius*, An existing genus; *Ultraaliifodinibius*: A genus related to but distinct from the existing genus Aliifodinibius of beyond.

Ultraaliiglaciecola

L. nan preposition *ultra*, beyond; L. fem. n. *Aliiglaciecola*, An existing genus; *Ultraaliiglaciecola*: A genus related to but distinct from the existing genus Aliiglaciecola of beyond.

Ultraaliihoeflea

L. nan preposition *ultra*, beyond; L. fem. n. *Aliihoeflea*, An existing genus; *Ultraaliihoeflea*: A genus related to but distinct from the existing genus Aliihoeflea of beyond.

Ultraaliikangiella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Aliikangiella*, An existing genus; *Ultraaliikangiella*: A genus related to but distinct from the existing genus Aliikangiella of beyond.

Ultraaliinostoc

L. nan preposition *ultra*, beyond; L. neut. n. *Aliinostoc*, An existing genus; *Ultraaliinostoc*: A genus related to but distinct from the existing genus Aliinostoc of beyond.

Ultraaliiroseovarius

L. nan preposition *ultra*, beyond; L. masc. n. *Aliiroseovarius*, An existing genus; *Ultraaliiroseovarius*: A genus related to but distinct from the existing genus Aliiroseovarius of beyond.

Ultraaliisedimentitalea

L. nan preposition *ultra*, beyond; L. fem. n. *Aliisedimentitalea*, An existing genus; *Ultraaliisedimentitalea*: A genus related to but distinct from the existing genus Aliisedimentitalea of beyond.

Ultraaliishimia

L. nan preposition *ultra*, beyond; L. fem. n. *Aliishimia*, An existing genus; *Ultraaliishimia*: A genus related to but distinct from the existing genus Aliishimia of beyond.

Ultraaliivibrio

L. nan preposition *ultra*, beyond; L. masc. n. *Aliivibrio*, An existing genus; *Ultraaliivibrio*: A genus related to but distinct from the existing genus Aliivibrio of beyond.

Ultraalishewanella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Alishewanella*, An existing genus; *Ultraalishewanella*: A genus related to but distinct from the existing genus Alishewanella of beyond.

Ultraalistipes

L. nan preposition *ultra*, beyond; L. masc. n. *Alistipes*, An existing genus; *Ultraalistipes*: A genus related to but distinct from the existing genus Alistipes of beyond.

Ultraaliterella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Aliterella*, An existing genus; *Ultraaliterella*: A genus related to but distinct from the existing genus Aliterella of beyond.

Ultraalkalibacillus

L. nan preposition *ultra*, beyond; L. masc. n. *Alkalibacillus*, An existing genus; *Ultraalkalibacillus*: A genus related to but distinct from the existing genus Alkalibacillus of beyond.

Ultraalkalibacter

L. nan preposition *ultra*, beyond; L. masc. n. *Alkalibacter*, An existing genus; *Ultraalkalibacter*: A genus related to but distinct from the existing genus Alkalibacter of beyond.

Ultraalkalibacterium

L. nan preposition *ultra*, beyond; L. neut. n. *Alkalibacterium*, An existing genus; *Ultraalkalibacterium*: A genus related to but distinct from the existing genus Alkalibacterium of beyond.

Ultraalkalibaculum

L. nan preposition *ultra*, beyond; L. neut. n. *Alkalibaculum*, An existing genus; *Ultraalkalibaculum*: A genus related to but distinct from the existing genus Alkalibaculum of beyond.

Ultraalkalicoccus

L. nan preposition *ultra*, beyond; L. masc. n. *Alkalicoccus*, An existing genus; *Ultraalkalicoccus*: A genus related to but distinct from the existing genus Alkalicoccus of beyond.

Ultraalkaliflexus

L. nan preposition *ultra*, beyond; L. masc. n. *Alkaliflexus*, An existing genus; *Ultraalkaliflexus*: A genus related to but distinct from the existing genus Alkaliflexus of beyond.

Ultraalkalihalobacillus

L. nan preposition *ultra*, beyond; L. masc. n. *Alkalihalobacillus*, An existing genus; *Ultraalkalihalobacillus*: A genus related to but distinct from the existing genus Alkalihalobacillus of beyond.

Ultraalkalilactibacillus

L. nan preposition *ultra*, beyond; L. masc. n. *Alkalilactibacillus*, An existing genus; *Ultraalkalilactibacillus*: A genus related to but distinct from the existing genus Alkalilactibacillus of beyond.

Ultraalkalilacustris

L. nan preposition *ultra*, beyond; L. masc. n. *Alkalilacustris*, An existing genus; *Ultraalkalilacustris*: A genus related to but distinct from the existing genus Alkalilacustris of beyond.

Ultraalkalimarinus

L. nan preposition *ultra*, beyond; L. masc. n. *Alkalimarinus*, An existing genus; *Ultraalkalimarinus*: A genus related to but distinct from the existing genus Alkalimarinus of beyond.

Ultraalkalimicrobium

L. nan preposition *ultra*, beyond; L. neut. n. *Alkalimicrobium*, An existing genus; *Ultraalkalimicrobium*: A genus related to but distinct from the existing genus Alkalimicrobium of beyond.

Ultraalkalimonas

L. nan preposition *ultra*, beyond; L. fem. n. *Alkalimonas*, An existing genus; *Ultraalkalimonas*: A genus related to but distinct from the existing genus Alkalimonas of beyond.

Ultraalkalinema

L. nan preposition *ultra*, beyond; L. neut. n. *Alkalinema*, An existing genus; *Ultraalkalinema*: A genus related to but distinct from the existing genus Alkalinema of beyond.

Ultraalkaliphilus

L. nan preposition *ultra*, beyond; L. masc. n. *Alkaliphilus*, An existing genus; *Ultraalkaliphilus*: A genus related to but distinct from the existing genus Alkaliphilus of beyond.

Ultraalkalispirillum

L. nan preposition *ultra*, beyond; L. neut. dim. n. *Alkalispirillum*, An existing genus; *Ultraalkalispirillum*: A genus related to but distinct from the existing genus Alkalispirillum of beyond.

Ultraalkalispirochaeta

L. nan preposition *ultra*, beyond; L. fem. n. *Alkalispirochaeta*, An existing genus; *Ultraalkalispirochaeta*: A genus related to but distinct from the existing genus Alkalispirochaeta of beyond.

Ultraalkalitalea

L. nan preposition *ultra*, beyond; L. fem. n. *Alkalitalea*, An existing genus; *Ultraalkalitalea*: A genus related to but distinct from the existing genus Alkalitalea of beyond.

Ultraalkanibacter

L. nan preposition *ultra*, beyond; L. masc. n. *Alkanibacter*, An existing genus; *Ultraalkanibacter*: A genus related to but distinct from the existing genus Alkanibacter of beyond.

Ultraalkanindiges

L. nan preposition *ultra*, beyond; L. masc. n. *Alkanindiges*, An existing genus; *Ultraalkanindiges*: A genus related to but distinct from the existing genus Alkanindiges of beyond.

Ultraallisonella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Allisonella*, An existing genus; *Ultraallisonella*: A genus related to but distinct from the existing genus Allisonella of beyond.

Ultraalloactinosynnema

L. nan preposition *ultra*, beyond; L. neut. n. *Alloactinosynnema*, An existing genus; *Ultraalloactinosynnema*: A genus related to but distinct from the existing genus Alloactinosynnema of beyond.

Ultraallobacillus

L. nan preposition *ultra*, beyond; L. masc. n. *Allobacillus*, An existing genus; *Ultraallobacillus*: A genus related to but distinct from the existing genus Allobacillus of beyond.

Ultraallobaculum

L. nan preposition *ultra*, beyond; L. neut. n. *Allobaculum*, An existing genus; *Ultraallobaculum*: A genus related to but distinct from the existing genus Allobaculum of beyond.

Ultraallobranchiibius

L. nan preposition *ultra*, beyond; L. masc. n. *Allobranchiibius*, An existing genus; *Ultraallobranchiibius*: A genus related to but distinct from the existing genus Allobranchiibius of beyond.

Ultraallocatelliglobosispora

L. nan preposition *ultra*, beyond; L. fem. n. *Allocatelliglobosispora*, An existing genus; *Ultraallocatelliglobosispora*: A genus related to but distinct from the existing genus Allocatelliglobosispora of beyond.

Ultraallochromatium

L. nan preposition *ultra*, beyond; L. neut. n. *Allochromatium*, An existing genus; *Ultraallochromatium*: A genus related to but distinct from the existing genus Allochromatium of beyond.

Ultraallofrancisella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Allofrancisella*, An existing genus; *Ultraallofrancisella*: A genus related to but distinct from the existing genus Allofrancisella of beyond.

Ultraallofustis

L. nan preposition *ultra*, beyond; L. masc. n. *Allofustis*, An existing genus; *Ultraallofustis*: A genus related to but distinct from the existing genus Allofustis of beyond.

Ultraallohahella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Allohahella*, An existing genus; *Ultraallohahella*: A genus related to but distinct from the existing genus Allohahella of beyond.

Ultraallohumibacter

L. nan preposition *ultra*, beyond; L. masc. n. *Allohumibacter*, An existing genus; *Ultraallohumibacter*: A genus related to but distinct from the existing genus Allohumibacter of beyond.

Ultraalloiococcus

L. nan preposition *ultra*, beyond; L. masc. n. *Alloiococcus*, An existing genus; *Ultraalloiococcus*: A genus related to but distinct from the existing genus Alloiococcus of beyond.

Ultraallokutzneria

L. nan preposition *ultra*, beyond; L. fem. n. *Allokutzneria*, An existing genus; *Ultraallokutzneria*: A genus related to but distinct from the existing genus Allokutzneria of beyond.

Ultraallomonas

L. nan preposition *ultra*, beyond; L. fem. n. *Allomonas*, An existing genus; *Ultraallomonas*: A genus related to but distinct from the existing genus Allomonas of beyond.

Ultraallonocardiopsis

L. nan preposition *ultra*, beyond; L. fem. n. *Allonocardiopsis*, An existing genus; *Ultraallonocardiopsis*: A genus related to but distinct from the existing genus Allonocardiopsis of beyond.

Ultraalloprevotella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Alloprevotella*, An existing genus; *Ultraalloprevotella*: A genus related to but distinct from the existing genus Alloprevotella of beyond.

Ultraallopseudarcicella

L. nan preposition *ultra*, beyond; L. fem. n. *Allopseudarcicella*, An existing genus; *Ultraallopseudarcicella*: A genus related to but distinct from the existing genus Allopseudarcicella of beyond.

Ultraallorhizobium

L. nan preposition *ultra*, beyond; L. neut. n. *Allorhizobium*, An existing genus; *Ultraallorhizobium*: A genus related to but distinct from the existing genus Allorhizobium of beyond.

Ultraallorhizocola

L. nan preposition *ultra*, beyond; L. masc. n. *Allorhizocola*, An existing genus; *Ultraallorhizocola*: A genus related to but distinct from the existing genus Allorhizocola of beyond.

Ultraallosalinactinospora

L. nan preposition *ultra*, beyond; L. fem. n. *Allosalinactinospora*, An existing genus; *Ultraallosalinactinospora*: A genus related to but distinct from the existing genus Allosalinactinospora of beyond.

Ultraalloscardovia

L. nan preposition *ultra*, beyond; L. fem. n. *Alloscardovia*, An existing genus; *Ultraalloscardovia*: A genus related to but distinct from the existing genus Alloscardovia of beyond.

Ultraallostreptomyces

L. nan preposition *ultra*, beyond; L. masc. n. *Allostreptomyces*, An existing genus; *Ultraallostreptomyces*: A genus related to but distinct from the existing genus Allostreptomyces of beyond.

Ultraalpinimonas

L. nan preposition *ultra*, beyond; L. fem. n. *Alpinimonas*, An existing genus; *Ultraalpinimonas*: A genus related to but distinct from the existing genus Alpinimonas of beyond.

Ultraalsobacter

L. nan preposition *ultra*, beyond; L. masc. n. *Alsobacter*, An existing genus; *Ultraalsobacter*: A genus related to but distinct from the existing genus Alsobacter of beyond.

Ultraaltererythrobacter

L. nan preposition *ultra*, beyond; L. masc. n. *Altererythrobacter*, An existing genus; *Ultraaltererythrobacter*: A genus related to but distinct from the existing genus Altererythrobacter of beyond.

Ultraalteribacillus

L. nan preposition *ultra*, beyond; L. masc. n. *Alteribacillus*, An existing genus; *Ultraalteribacillus*: A genus related to but distinct from the existing genus Alteribacillus of beyond.

Ultraalterileibacterium

L. nan preposition *ultra*, beyond; L. neut. n. *Alterileibacterium*, An existing genus; *Ultraalterileibacterium*: A genus related to but distinct from the existing genus Alterileibacterium of beyond.

Ultraalterococcus

L. nan preposition *ultra*, beyond; L. masc. n. *Alterococcus*, An existing genus; *Ultraalterococcus*: A genus related to but distinct from the existing genus Alterococcus of beyond.

Ultraalteromonas

L. nan preposition *ultra*, beyond; L. fem. n. *Alteromonas*, An existing genus; *Ultraalteromonas*: A genus related to but distinct from the existing genus Alteromonas of beyond.

Ultraaltuibacter

L. nan preposition *ultra*, beyond; L. masc. n. *Altuibacter*, An existing genus; *Ultraaltuibacter*: A genus related to but distinct from the existing genus Altuibacter of beyond.

Ultraalysiella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Alysiella*, An existing genus; *Ultraalysiella*: A genus related to but distinct from the existing genus Alysiella of beyond.

Ultraamantichitinum

L. nan preposition *ultra*, beyond; L. neut. n. *Amantichitinum*, An existing genus; *Ultraamantichitinum*: A genus related to but distinct from the existing genus Amantichitinum of beyond.

Ultraamaricoccus

L. nan preposition *ultra*, beyond; L. masc. n. *Amaricoccus*, An existing genus; *Ultraamaricoccus*: A genus related to but distinct from the existing genus Amaricoccus of beyond.

Ultraamazoninema

L. nan preposition *ultra*, beyond; L. neut. n. *Amazoninema*, An existing genus; *Ultraamazoninema*: A genus related to but distinct from the existing genus Amazoninema of beyond.

Ultraamedibacillus

L. nan preposition *ultra*, beyond; L. masc. n. *Amedibacillus*, An existing genus; *Ultraamedibacillus*: A genus related to but distinct from the existing genus Amedibacillus of beyond.

Ultraamedibacterium

L. nan preposition *ultra*, beyond; L. neut. n. *Amedibacterium*, An existing genus; *Ultraamedibacterium*: A genus related to but distinct from the existing genus Amedibacterium of beyond.

Ultraameyamaea

L. nan preposition *ultra*, beyond; L. fem. n. *Ameyamaea*, An existing genus; *Ultraameyamaea*: A genus related to but distinct from the existing genus Ameyamaea of beyond.

Ultraaminiphilus

L. nan preposition *ultra*, beyond; L. masc. n. *Aminiphilus*, An existing genus; *Ultraaminiphilus*: A genus related to but distinct from the existing genus Aminiphilus of beyond.

Ultraaminipila

L. nan preposition *ultra*, beyond; L. fem. n. *Aminipila*, An existing genus; *Ultraaminipila*: A genus related to but distinct from the existing genus Aminipila of beyond.

Ultraaminivibrio

L. nan preposition *ultra*, beyond; L. masc. n. *Aminivibrio*, An existing genus; *Ultraaminivibrio*: A genus related to but distinct from the existing genus Aminivibrio of beyond.

Ultraaminobacter

L. nan preposition *ultra*, beyond; L. masc. n. *Aminobacter*, An existing genus; *Ultraaminobacter*: A genus related to but distinct from the existing genus Aminobacter of beyond.

Ultraaminobacterium

L. nan preposition *ultra*, beyond; L. neut. n. *Aminobacterium*, An existing genus; *Ultraaminobacterium*: A genus related to but distinct from the existing genus Aminobacterium of beyond.

Ultraaminomonas

L. nan preposition *ultra*, beyond; L. fem. n. *Aminomonas*, An existing genus; *Ultraaminomonas*: A genus related to but distinct from the existing genus Aminomonas of beyond.

Ultraammassolinea

L. nan preposition *ultra*, beyond; L. fem. n. *Ammassolinea*, An existing genus; *Ultraammassolinea*: A genus related to but distinct from the existing genus Ammassolinea of beyond.

Ultraammonifex

L. nan preposition *ultra*, beyond; L. masc. n. *Ammonifex*, An existing genus; *Ultraammonifex*: A genus related to but distinct from the existing genus Ammonifex of beyond.

Ultraammoniibacillus

L. nan preposition *ultra*, beyond; L. masc. n. *Ammoniibacillus*, An existing genus; *Ultraammoniibacillus*: A genus related to but distinct from the existing genus Ammoniibacillus of beyond.

Ultraammoniphilus

L. nan preposition *ultra*, beyond; L. masc. n. *Ammoniphilus*, An existing genus; *Ultraammoniphilus*: A genus related to but distinct from the existing genus Ammoniphilus of beyond.

Ultraamnibacterium

L. nan preposition *ultra*, beyond; L. neut. n. *Amnibacterium*, An existing genus; *Ultraamnibacterium*: A genus related to but distinct from the existing genus Amnibacterium of beyond.

Ultraamniculibacterium

L. nan preposition *ultra*, beyond; L. neut. n. *Amniculibacterium*, An existing genus; *Ultraamniculibacterium*: A genus related to but distinct from the existing genus Amniculibacterium of beyond.

Ultraamnimonas

L. nan preposition *ultra*, beyond; L. fem. n. *Amnimonas*, An existing genus; *Ultraamnimonas*: A genus related to but distinct from the existing genus Amnimonas of beyond.

Ultraamoebobacter

L. nan preposition *ultra*, beyond; L. masc. n. *Amoebobacter*, An existing genus; *Ultraamoebobacter*: A genus related to but distinct from the existing genus Amoebobacter of beyond.

Ultraamorphosporangium

L. nan preposition *ultra*, beyond; L. neut. n. *Amorphosporangium*, An existing genus; *Ultraamorphosporangium*: A genus related to but distinct from the existing genus Amorphosporangium of beyond.

Ultraamorphus

L. nan preposition *ultra*, beyond; L. masc. n. *Amorphus*, An existing genus; *Ultraamorphus*: A genus related to but distinct from the existing genus Amorphus of beyond.

Ultraamphibacillus

L. nan preposition *ultra*, beyond; L. masc. n. *Amphibacillus*, An existing genus; *Ultraamphibacillus*: A genus related to but distinct from the existing genus Amphibacillus of beyond.

Ultraamphiheterocytum

L. nan preposition *ultra*, beyond; L. neut. n. *Amphiheterocytum*, An existing genus; *Ultraamphiheterocytum*: A genus related to but distinct from the existing genus Amphiheterocytum of beyond.

Ultraamphiplicatus

L. nan preposition *ultra*, beyond; L. masc. n. *Amphiplicatus*, An existing genus; *Ultraamphiplicatus*: A genus related to but distinct from the existing genus Amphiplicatus of beyond.

Ultraampullariella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Ampullariella*, An existing genus; *Ultraampullariella*: A genus related to but distinct from the existing genus Ampullariella of beyond.

Ultraampullimonas

L. nan preposition *ultra*, beyond; L. fem. n. *Ampullimonas*, An existing genus; *Ultraampullimonas*: A genus related to but distinct from the existing genus Ampullimonas of beyond.

Ultraamycolata

L. nan preposition *ultra*, beyond; L. fem. n. *Amycolata*, An existing genus; *Ultraamycolata*: A genus related to but distinct from the existing genus Amycolata of beyond.

Ultraamycolatopsis

L. nan preposition *ultra*, beyond; L. fem. n. *Amycolatopsis*, An existing genus; *Ultraamycolatopsis*: A genus related to but distinct from the existing genus Amycolatopsis of beyond.

Ultraamycolicicoccus

L. nan preposition *ultra*, beyond; L. masc. n. *Amycolicicoccus*, An existing genus; *Ultraamycolicicoccus*: A genus related to but distinct from the existing genus Amycolicicoccus of beyond.

Ultraamylibacter

L. nan preposition *ultra*, beyond; L. masc. n. *Amylibacter*, An existing genus; *Ultraamylibacter*: A genus related to but distinct from the existing genus Amylibacter of beyond.

Ultraamylolactobacillus

L. nan preposition *ultra*, beyond; L. masc. n. *Amylolactobacillus*, An existing genus; *Ultraamylolactobacillus*: A genus related to but distinct from the existing genus Amylolactobacillus of beyond.

Ultraanaerobacillus

L. nan preposition *ultra*, beyond; L. masc. n. *Anaerobacillus*, An existing genus; *Ultraanaerobacillus*: A genus related to but distinct from the existing genus Anaerobacillus of beyond.

Ultraanaerobacterium

L. nan preposition *ultra*, beyond; L. neut. n. *Anaerobacterium*, An existing genus; *Ultraanaerobacterium*: A genus related to but distinct from the existing genus Anaerobacterium of beyond.

Ultraanaerobaculum

L. nan preposition *ultra*, beyond; L. neut. n. *Anaerobaculum*, An existing genus; *Ultraanaerobaculum*: A genus related to but distinct from the existing genus Anaerobaculum of beyond.

Ultraanaerobiospirillum

L. nan preposition *ultra*, beyond; L. neut. dim. n. *Anaerobiospirillum*, An existing genus; *Ultraanaerobiospirillum*: A genus related to but distinct from the existing genus Anaerobiospirillum of beyond.

Ultraanaerobium

L. nan preposition *ultra*, beyond; L. neut. n. *Anaerobium*, An existing genus; *Ultraanaerobium*: A genus related to but distinct from the existing genus Anaerobium of beyond.

Ultraanaerobranca

L. nan preposition *ultra*, beyond; L. fem. n. *Anaerobranca*, An existing genus; *Ultraanaerobranca*: A genus related to but distinct from the existing genus Anaerobranca of beyond.

Ultraanaerobutyricum

L. nan preposition *ultra*, beyond; L. neut. n. *Anaerobutyricum*, An existing genus; *Ultraanaerobutyricum*: A genus related to but distinct from the existing genus Anaerobutyricum of beyond.

Ultraanaerocella

L. nan preposition *ultra*, beyond; L. fem. n. *Anaerocella*, An existing genus; *Ultraanaerocella*: A genus related to but distinct from the existing genus Anaerocella of beyond.

Ultraanaerococcus

L. nan preposition *ultra*, beyond; L. masc. n. *Anaerococcus*, An existing genus; *Ultraanaerococcus*: A genus related to but distinct from the existing genus Anaerococcus of beyond.

Ultraanaerofilum

L. nan preposition *ultra*, beyond; L. neut. n. *Anaerofilum*, An existing genus; *Ultraanaerofilum*: A genus related to but distinct from the existing genus Anaerofilum of beyond.

Ultraanaeroglobus

L. nan preposition *ultra*, beyond; L. masc. n. *Anaeroglobus*, An existing genus; *Ultraanaeroglobus*: A genus related to but distinct from the existing genus Anaeroglobus of beyond.

Ultraanaerohalosphaera

L. nan preposition *ultra*, beyond; L. fem. n. *Anaerohalosphaera*, An existing genus; *Ultraanaerohalosphaera*: A genus related to but distinct from the existing genus Anaerohalosphaera of beyond.

Ultraanaerolactibacter

L. nan preposition *ultra*, beyond; L. masc. n. *Anaerolactibacter*, An existing genus; *Ultraanaerolactibacter*: A genus related to but distinct from the existing genus Anaerolactibacter of beyond.

Ultraanaerolinea

L. nan preposition *ultra*, beyond; L. fem. n. *Anaerolinea*, An existing genus; *Ultraanaerolinea*: A genus related to but distinct from the existing genus Anaerolinea of beyond.

Ultraanaeromicrobium

L. nan preposition *ultra*, beyond; L. neut. n. *Anaeromicrobium*, An existing genus; *Ultraanaeromicrobium*: A genus related to but distinct from the existing genus Anaeromicrobium of beyond.

Ultraanaeromusa

L. nan preposition *ultra*, beyond; L. fem. n. *Anaeromusa*, An existing genus; *Ultraanaeromusa*: A genus related to but distinct from the existing genus Anaeromusa of beyond.

Ultraanaeromyxobacter

L. nan preposition *ultra*, beyond; L. masc. n. *Anaeromyxobacter*, An existing genus; *Ultraanaeromyxobacter*: A genus related to but distinct from the existing genus Anaeromyxobacter of beyond.

Ultraanaerophaga

L. nan preposition *ultra*, beyond; L. fem. n. *Anaerophaga*, An existing genus; *Ultraanaerophaga*: A genus related to but distinct from the existing genus Anaerophaga of beyond.

Ultraanaerophilus

L. nan preposition *ultra*, beyond; L. masc. n. *Anaerophilus*, An existing genus; *Ultraanaerophilus*: A genus related to but distinct from the existing genus Anaerophilus of beyond.

Ultraanaeroplasma

L. nan preposition *ultra*, beyond; L. neut. n. *Anaeroplasma*, An existing genus; *Ultraanaeroplasma*: A genus related to but distinct from the existing genus Anaeroplasma of beyond.

Ultraanaerorhabdus

L. nan preposition *ultra*, beyond; L. fem. n. *Anaerorhabdus*, An existing genus; *Ultraanaerorhabdus*: A genus related to but distinct from the existing genus Anaerorhabdus of beyond.

Ultraanaerosalibacter

L. nan preposition *ultra*, beyond; L. masc. n. *Anaerosalibacter*, An existing genus; *Ultraanaerosalibacter*: A genus related to but distinct from the existing genus Anaerosalibacter of beyond.

Ultraanaerosolibacter

L. nan preposition *ultra*, beyond; L. masc. n. *Anaerosolibacter*, An existing genus; *Ultraanaerosolibacter*: A genus related to but distinct from the existing genus Anaerosolibacter of beyond.

Ultraanaerosphaera

L. nan preposition *ultra*, beyond; L. fem. n. *Anaerosphaera*, An existing genus; *Ultraanaerosphaera*: A genus related to but distinct from the existing genus Anaerosphaera of beyond.

Ultraanaerospora

L. nan preposition *ultra*, beyond; L. fem. n. *Anaerospora*, An existing genus; *Ultraanaerospora*: A genus related to but distinct from the existing genus Anaerospora of beyond.

Ultraanaerosporobacter

L. nan preposition *ultra*, beyond; L. masc. n. *Anaerosporobacter*, An existing genus; *Ultraanaerosporobacter*: A genus related to but distinct from the existing genus Anaerosporobacter of beyond.

Ultraanaerosporomusa

L. nan preposition *ultra*, beyond; L. fem. n. *Anaerosporomusa*, An existing genus; *Ultraanaerosporomusa*: A genus related to but distinct from the existing genus Anaerosporomusa of beyond.

Ultraanaerotignum

L. nan preposition *ultra*, beyond; L. neut. n. *Anaerotignum*, An existing genus; *Ultraanaerotignum*: A genus related to but distinct from the existing genus Anaerotignum of beyond.

Ultraanaerotruncus

L. nan preposition *ultra*, beyond; L. masc. n. *Anaerotruncus*, An existing genus; *Ultraanaerotruncus*: A genus related to but distinct from the existing genus Anaerotruncus of beyond.

Ultraanaerovibrio

L. nan preposition *ultra*, beyond; L. masc. n. *Anaerovibrio*, An existing genus; *Ultraanaerovibrio*: A genus related to but distinct from the existing genus Anaerovibrio of beyond.

Ultraanaerovirgula

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Anaerovirgula*, An existing genus; *Ultraanaerovirgula*: A genus related to but distinct from the existing genus Anaerovirgula of beyond.

Ultraanaerovorax

L. nan preposition *ultra*, beyond; L. masc. n. *Anaerovorax*, An existing genus; *Ultraanaerovorax*: A genus related to but distinct from the existing genus Anaerovorax of beyond.

Ultraanaplasma

L. nan preposition *ultra*, beyond; L. neut. n. *Anaplasma*, An existing genus; *Ultraanaplasma*: A genus related to but distinct from the existing genus Anaplasma of beyond.

Ultraancalochloris

L. nan preposition *ultra*, beyond; L. fem. n. *Ancalochloris*, An existing genus; *Ultraancalochloris*: A genus related to but distinct from the existing genus Ancalochloris of beyond.

Ultraancalomicrobium

L. nan preposition *ultra*, beyond; L. neut. n. *Ancalomicrobium*, An existing genus; *Ultraancalomicrobium*: A genus related to but distinct from the existing genus Ancalomicrobium of beyond.

Ultraancylobacter

L. nan preposition *ultra*, beyond; L. masc. n. *Ancylobacter*, An existing genus; *Ultraancylobacter*: A genus related to but distinct from the existing genus Ancylobacter of beyond.

Ultraancylomarina

L. nan preposition *ultra*, beyond; L. fem. n. *Ancylomarina*, An existing genus; *Ultraancylomarina*: A genus related to but distinct from the existing genus Ancylomarina of beyond.

Ultraancylothrix

L. nan preposition *ultra*, beyond; L. fem. n. *Ancylothrix*, An existing genus; *Ultraancylothrix*: A genus related to but distinct from the existing genus Ancylothrix of beyond.

Ultraanderseniella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Anderseniella*, An existing genus; *Ultraanderseniella*: A genus related to but distinct from the existing genus Anderseniella of beyond.

Ultraandreesenia

L. nan preposition *ultra*, beyond; L. fem. n. *Andreesenia*, An existing genus; *Ultraandreesenia*: A genus related to but distinct from the existing genus Andreesenia of beyond.

Ultraandreprevotia

L. nan preposition *ultra*, beyond; L. fem. n. *Andreprevotia*, An existing genus; *Ultraandreprevotia*: A genus related to but distinct from the existing genus Andreprevotia of beyond.

Ultraaneurinibacillus

L. nan preposition *ultra*, beyond; L. masc. n. *Aneurinibacillus*, An existing genus; *Ultraaneurinibacillus*: A genus related to but distinct from the existing genus Aneurinibacillus of beyond.

Ultraangelakisella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Angelakisella*, An existing genus; *Ultraangelakisella*: A genus related to but distinct from the existing genus Angelakisella of beyond.

Ultraangiococcus

L. nan preposition *ultra*, beyond; L. masc. n. *Angiococcus*, An existing genus; *Ultraangiococcus*: A genus related to but distinct from the existing genus Angiococcus of beyond.

Ultraangulomicrobium

L. nan preposition *ultra*, beyond; L. neut. n. *Angulomicrobium*, An existing genus; *Ultraangulomicrobium*: A genus related to but distinct from the existing genus Angulomicrobium of beyond.

Ultraangustibacter

L. nan preposition *ultra*, beyond; L. masc. n. *Angustibacter*, An existing genus; *Ultraangustibacter*: A genus related to but distinct from the existing genus Angustibacter of beyond.

Ultraannwoodia

L. nan preposition *ultra*, beyond; L. fem. n. *Annwoodia*, An existing genus; *Ultraannwoodia*: A genus related to but distinct from the existing genus Annwoodia of beyond.

Ultraanoxybacillus

L. nan preposition *ultra*, beyond; L. masc. n. *Anoxybacillus*, An existing genus; *Ultraanoxybacillus*: A genus related to but distinct from the existing genus Anoxybacillus of beyond.

Ultraanoxybacter

L. nan preposition *ultra*, beyond; L. masc. n. *Anoxybacter*, An existing genus; *Ultraanoxybacter*: A genus related to but distinct from the existing genus Anoxybacter of beyond.

Ultraanoxynatronum

L. nan preposition *ultra*, beyond; L. neut. n. *Anoxynatronum*, An existing genus; *Ultraanoxynatronum*: A genus related to but distinct from the existing genus Anoxynatronum of beyond.

Ultraanseongella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Anseongella*, An existing genus; *Ultraanseongella*: A genus related to but distinct from the existing genus Anseongella of beyond.

Ultraantarcticibacterium

L. nan preposition *ultra*, beyond; L. neut. n. *Antarcticibacterium*, An existing genus; *Ultraantarcticibacterium*: A genus related to but distinct from the existing genus Antarcticibacterium of beyond.

Ultraantarcticimicrobium

L. nan preposition *ultra*, beyond; L. neut. n. *Antarcticimicrobium*, An existing genus; *Ultraantarcticimicrobium*: A genus related to but distinct from the existing genus Antarcticimicrobium of beyond.

Ultraantarcticimonas

L. nan preposition *ultra*, beyond; L. fem. n. *Antarcticimonas*, An existing genus; *Ultraantarcticimonas*: A genus related to but distinct from the existing genus Antarcticimonas of beyond.

Ultraantarctobacter

L. nan preposition *ultra*, beyond; L. masc. n. *Antarctobacter*, An existing genus; *Ultraantarctobacter*: A genus related to but distinct from the existing genus Antarctobacter of beyond.

Ultraantribacter

L. nan preposition *ultra*, beyond; L. masc. n. *Antribacter*, An existing genus; *Ultraantribacter*: A genus related to but distinct from the existing genus Antribacter of beyond.

Ultraantricoccus

L. nan preposition *ultra*, beyond; L. masc. n. *Antricoccus*, An existing genus; *Ultraantricoccus*: A genus related to but distinct from the existing genus Antricoccus of beyond.

Ultraaphanizomenon

L. nan preposition *ultra*, beyond; L. neut. n. *Aphanizomenon*, An existing genus; *Ultraaphanizomenon*: A genus related to but distinct from the existing genus Aphanizomenon of beyond.

Ultraapibacter

L. nan preposition *ultra*, beyond; L. masc. n. *Apibacter*, An existing genus; *Ultraapibacter*: A genus related to but distinct from the existing genus Apibacter of beyond.

Ultraapilactobacillus

L. nan preposition *ultra*, beyond; L. masc. n. *Apilactobacillus*, An existing genus; *Ultraapilactobacillus*: A genus related to but distinct from the existing genus Apilactobacillus of beyond.

Ultraaplanobacter

L. nan preposition *ultra*, beyond; L. masc. n. *Aplanobacter*, An existing genus; *Ultraaplanobacter*: A genus related to but distinct from the existing genus Aplanobacter of beyond.

Ultraaquabacter

L. nan preposition *ultra*, beyond; L. masc. n. *Aquabacter*, An existing genus; *Ultraaquabacter*: A genus related to but distinct from the existing genus Aquabacter of beyond.

Ultraaquabacterium

L. nan preposition *ultra*, beyond; L. neut. n. *Aquabacterium*, An existing genus; *Ultraaquabacterium*: A genus related to but distinct from the existing genus Aquabacterium of beyond.

Ultraaquamicrobium

L. nan preposition *ultra*, beyond; L. neut. n. *Aquamicrobium*, An existing genus; *Ultraaquamicrobium*: A genus related to but distinct from the existing genus Aquamicrobium of beyond.

Ultraaquaspirillum

L. nan preposition *ultra*, beyond; L. neut. dim. n. *Aquaspirillum*, An existing genus; *Ultraaquaspirillum*: A genus related to but distinct from the existing genus Aquaspirillum of beyond.

Ultraaquaticitalea

L. nan preposition *ultra*, beyond; L. fem. n. *Aquaticitalea*, An existing genus; *Ultraaquaticitalea*: A genus related to but distinct from the existing genus Aquaticitalea of beyond.

Ultraaquella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Aquella*, An existing genus; *Ultraaquella*: A genus related to but distinct from the existing genus Aquella of beyond.

Ultraaquibacillus

L. nan preposition *ultra*, beyond; L. masc. n. *Aquibacillus*, An existing genus; *Ultraaquibacillus*: A genus related to but distinct from the existing genus Aquibacillus of beyond.

Ultraaquibacter

L. nan preposition *ultra*, beyond; L. masc. n. *Aquibacter*, An existing genus; *Ultraaquibacter*: A genus related to but distinct from the existing genus Aquibacter of beyond.

Ultraaquicella

L. nan preposition *ultra*, beyond; L. fem. n. *Aquicella*, An existing genus; *Ultraaquicella*: A genus related to but distinct from the existing genus Aquicella of beyond.

Ultraaquichromatium

L. nan preposition *ultra*, beyond; L. neut. n. *Aquichromatium*, An existing genus; *Ultraaquichromatium*: A genus related to but distinct from the existing genus Aquichromatium of beyond.

Ultraaquicoccus

L. nan preposition *ultra*, beyond; L. masc. n. *Aquicoccus*, An existing genus; *Ultraaquicoccus*: A genus related to but distinct from the existing genus Aquicoccus of beyond.

Ultraaquidulcibacter

L. nan preposition *ultra*, beyond; L. masc. n. *Aquidulcibacter*, An existing genus; *Ultraaquidulcibacter*: A genus related to but distinct from the existing genus Aquidulcibacter of beyond.

Ultraaquifex

L. nan preposition *ultra*, beyond; L. masc. n. *Aquifex*, An existing genus; *Ultraaquifex*: A genus related to but distinct from the existing genus Aquifex of beyond.

Ultraaquiflexum

L. nan preposition *ultra*, beyond; L. neut. n. *Aquiflexum*, An existing genus; *Ultraaquiflexum*: A genus related to but distinct from the existing genus Aquiflexum of beyond.

Ultraaquihabitans

L. nan preposition *ultra*, beyond; L. masc. n. *Aquihabitans*, An existing genus; *Ultraaquihabitans*: A genus related to but distinct from the existing genus Aquihabitans of beyond.

Ultraaquimarina

L. nan preposition *ultra*, beyond; L. fem. n. *Aquimarina*, An existing genus; *Ultraaquimarina*: A genus related to but distinct from the existing genus Aquimarina of beyond.

Ultraaquimixticola

L. nan preposition *ultra*, beyond; L. masc. n. *Aquimixticola*, An existing genus; *Ultraaquimixticola*: A genus related to but distinct from the existing genus Aquimixticola of beyond.

Ultraaquimonas

L. nan preposition *ultra*, beyond; L. fem. n. *Aquimonas*, An existing genus; *Ultraaquimonas*: A genus related to but distinct from the existing genus Aquimonas of beyond.

Ultraaquincola

L. nan preposition *ultra*, beyond; L. masc. n. *Aquincola*, An existing genus; *Ultraaquincola*: A genus related to but distinct from the existing genus Aquincola of beyond.

Ultraaquipuribacter

L. nan preposition *ultra*, beyond; L. masc. n. *Aquipuribacter*, An existing genus; *Ultraaquipuribacter*: A genus related to but distinct from the existing genus Aquipuribacter of beyond.

Ultraaquirufa

L. nan preposition *ultra*, beyond; L. fem. n. *Aquirufa*, An existing genus; *Ultraaquirufa*: A genus related to but distinct from the existing genus Aquirufa of beyond.

Ultraaquisalibacillus

L. nan preposition *ultra*, beyond; L. masc. n. *Aquisalibacillus*, An existing genus; *Ultraaquisalibacillus*: A genus related to but distinct from the existing genus Aquisalibacillus of beyond.

Ultraaquisalimonas

L. nan preposition *ultra*, beyond; L. fem. n. *Aquisalimonas*, An existing genus; *Ultraaquisalimonas*: A genus related to but distinct from the existing genus Aquisalimonas of beyond.

Ultraaquisalinus

L. nan preposition *ultra*, beyond; L. masc. n. *Aquisalinus*, An existing genus; *Ultraaquisalinus*: A genus related to but distinct from the existing genus Aquisalinus of beyond.

Ultraaquisediminimonas

L. nan preposition *ultra*, beyond; L. fem. n. *Aquisediminimonas*, An existing genus; *Ultraaquisediminimonas*: A genus related to but distinct from the existing genus Aquisediminimonas of beyond.

Ultraaquisphaera

L. nan preposition *ultra*, beyond; L. fem. n. *Aquisphaera*, An existing genus; *Ultraaquisphaera*: A genus related to but distinct from the existing genus Aquisphaera of beyond.

Ultraaquitalea

L. nan preposition *ultra*, beyond; L. fem. n. *Aquitalea*, An existing genus; *Ultraaquitalea*: A genus related to but distinct from the existing genus Aquitalea of beyond.

Ultraarachidicoccus

L. nan preposition *ultra*, beyond; L. masc. n. *Arachidicoccus*, An existing genus; *Ultraarachidicoccus*: A genus related to but distinct from the existing genus Arachidicoccus of beyond.

Ultraarachnia

L. nan preposition *ultra*, beyond; L. fem. n. *Arachnia*, An existing genus; *Ultraarachnia*: A genus related to but distinct from the existing genus Arachnia of beyond.

Ultraarcanobacterium

L. nan preposition *ultra*, beyond; L. neut. n. *Arcanobacterium*, An existing genus; *Ultraarcanobacterium*: A genus related to but distinct from the existing genus Arcanobacterium of beyond.

Ultraarchaeoglobus

L. nan preposition *ultra*, beyond; L. masc. n. *Archaeoglobus*, An existing genus; *Ultraarchaeoglobus*: A genus related to but distinct from the existing genus Archaeoglobus of beyond.

Ultraarchangium

L. nan preposition *ultra*, beyond; L. neut. n. *Archangium*, An existing genus; *Ultraarchangium*: A genus related to but distinct from the existing genus Archangium of beyond.

Ultraarcicella

L. nan preposition *ultra*, beyond; L. fem. n. *Arcicella*, An existing genus; *Ultraarcicella*: A genus related to but distinct from the existing genus Arcicella of beyond.

Ultraarcobacter

L. nan preposition *ultra*, beyond; L. masc. n. *Arcobacter*, An existing genus; *Ultraarcobacter*: A genus related to but distinct from the existing genus Arcobacter of beyond.

Ultraarcticibacter

L. nan preposition *ultra*, beyond; L. masc. n. *Arcticibacter*, An existing genus; *Ultraarcticibacter*: A genus related to but distinct from the existing genus Arcticibacter of beyond.

Ultraarcticibacterium

L. nan preposition *ultra*, beyond; L. neut. n. *Arcticibacterium*, An existing genus; *Ultraarcticibacterium*: A genus related to but distinct from the existing genus Arcticibacterium of beyond.

Ultraarcticiflavibacter

L. nan preposition *ultra*, beyond; L. masc. n. *Arcticiflavibacter*, An existing genus; *Ultraarcticiflavibacter*: A genus related to but distinct from the existing genus Arcticiflavibacter of beyond.

Ultraardenticatena

L. nan preposition *ultra*, beyond; L. fem. n. *Ardenticatena*, An existing genus; *Ultraardenticatena*: A genus related to but distinct from the existing genus Ardenticatena of beyond.

Ultraarenibacillus

L. nan preposition *ultra*, beyond; L. masc. n. *Arenibacillus*, An existing genus; *Ultraarenibacillus*: A genus related to but distinct from the existing genus Arenibacillus of beyond.

Ultraarenibacter

L. nan preposition *ultra*, beyond; L. masc. n. *Arenibacter*, An existing genus; *Ultraarenibacter*: A genus related to but distinct from the existing genus Arenibacter of beyond.

Ultraarenicella

L. nan preposition *ultra*, beyond; L. fem. n. *Arenicella*, An existing genus; *Ultraarenicella*: A genus related to but distinct from the existing genus Arenicella of beyond.

Ultraarenimicrobium

L. nan preposition *ultra*, beyond; L. neut. n. *Arenimicrobium*, An existing genus; *Ultraarenimicrobium*: A genus related to but distinct from the existing genus Arenimicrobium of beyond.

Ultraarenimonas

L. nan preposition *ultra*, beyond; L. fem. n. *Arenimonas*, An existing genus; *Ultraarenimonas*: A genus related to but distinct from the existing genus Arenimonas of beyond.

Ultraarenitalea

L. nan preposition *ultra*, beyond; L. fem. n. *Arenitalea*, An existing genus; *Ultraarenitalea*: A genus related to but distinct from the existing genus Arenitalea of beyond.

Ultraarhodomonas

L. nan preposition *ultra*, beyond; L. fem. n. *Arhodomonas*, An existing genus; *Ultraarhodomonas*: A genus related to but distinct from the existing genus Arhodomonas of beyond.

Ultraaridibacter

L. nan preposition *ultra*, beyond; L. masc. n. *Aridibacter*, An existing genus; *Ultraaridibacter*: A genus related to but distinct from the existing genus Aridibacter of beyond.

Ultraarmatimonas

L. nan preposition *ultra*, beyond; L. fem. n. *Armatimonas*, An existing genus; *Ultraarmatimonas*: A genus related to but distinct from the existing genus Armatimonas of beyond.

Ultraarsenicibacter

L. nan preposition *ultra*, beyond; L. masc. n. *Arsenicibacter*, An existing genus; *Ultraarsenicibacter*: A genus related to but distinct from the existing genus Arsenicibacter of beyond.

Ultraarsenicicoccus

L. nan preposition *ultra*, beyond; L. masc. n. *Arsenicicoccus*, An existing genus; *Ultraarsenicicoccus*: A genus related to but distinct from the existing genus Arsenicicoccus of beyond.

Ultraarsenicitalea

L. nan preposition *ultra*, beyond; L. fem. n. *Arsenicitalea*, An existing genus; *Ultraarsenicitalea*: A genus related to but distinct from the existing genus Arsenicitalea of beyond.

Ultraarsenophonus

L. nan preposition *ultra*, beyond; L. masc. n. *Arsenophonus*, An existing genus; *Ultraarsenophonus*: A genus related to but distinct from the existing genus Arsenophonus of beyond.

Ultraarsukibacterium

L. nan preposition *ultra*, beyond; L. neut. n. *Arsukibacterium*, An existing genus; *Ultraarsukibacterium*: A genus related to but distinct from the existing genus Arsukibacterium of beyond.

Ultraarthrobacter

L. nan preposition *ultra*, beyond; L. masc. n. *Arthrobacter*, An existing genus; *Ultraarthrobacter*: A genus related to but distinct from the existing genus Arthrobacter of beyond.

Ultraarthrospira

L. nan preposition *ultra*, beyond; L. fem. n. *Arthrospira*, An existing genus; *Ultraarthrospira*: A genus related to but distinct from the existing genus Arthrospira of beyond.

Ultraarthrospiribacter

L. nan preposition *ultra*, beyond; L. masc. n. *Arthrospiribacter*, An existing genus; *Ultraarthrospiribacter*: A genus related to but distinct from the existing genus Arthrospiribacter of beyond.

Ultraarundinibacter

L. nan preposition *ultra*, beyond; L. masc. n. *Arundinibacter*, An existing genus; *Ultraarundinibacter*: A genus related to but distinct from the existing genus Arundinibacter of beyond.

Ultraarvibacter

L. nan preposition *ultra*, beyond; L. masc. n. *Arvibacter*, An existing genus; *Ultraarvibacter*: A genus related to but distinct from the existing genus Arvibacter of beyond.

Ultraasaccharobacter

L. nan preposition *ultra*, beyond; L. masc. n. *Asaccharobacter*, An existing genus; *Ultraasaccharobacter*: A genus related to but distinct from the existing genus Asaccharobacter of beyond.

Ultraasaccharospora

L. nan preposition *ultra*, beyond; L. fem. n. *Asaccharospora*, An existing genus; *Ultraasaccharospora*: A genus related to but distinct from the existing genus Asaccharospora of beyond.

Ultraasaia

L. nan preposition *ultra*, beyond; L. fem. n. *Asaia*, An existing genus; *Ultraasaia*: A genus related to but distinct from the existing genus Asaia of beyond.

Ultraasanoa

L. nan preposition *ultra*, beyond; L. fem. n. *Asanoa*, An existing genus; *Ultraasanoa*: A genus related to but distinct from the existing genus Asanoa of beyond.

Ultraascidiaceibacter

L. nan preposition *ultra*, beyond; L. masc. n. *Ascidiaceibacter*, An existing genus; *Ultraascidiaceibacter*: A genus related to but distinct from the existing genus Ascidiaceibacter of beyond.

Ultraascidiaceihabitans

L. nan preposition *ultra*, beyond; L. masc. n. *Ascidiaceihabitans*, An existing genus; *Ultraascidiaceihabitans*: A genus related to but distinct from the existing genus Ascidiaceihabitans of beyond.

Ultraascidiimonas

L. nan preposition *ultra*, beyond; L. fem. n. *Ascidiimonas*, An existing genus; *Ultraascidiimonas*: A genus related to but distinct from the existing genus Ascidiimonas of beyond.

Ultraasinibacterium

L. nan preposition *ultra*, beyond; L. neut. n. *Asinibacterium*, An existing genus; *Ultraasinibacterium*: A genus related to but distinct from the existing genus Asinibacterium of beyond.

Ultraasprobacter

L. nan preposition *ultra*, beyond; L. masc. n. *Asprobacter*, An existing genus; *Ultraasprobacter*: A genus related to but distinct from the existing genus Asprobacter of beyond.

Ultraaspromonas

L. nan preposition *ultra*, beyond; L. fem. n. *Aspromonas*, An existing genus; *Ultraaspromonas*: A genus related to but distinct from the existing genus Aspromonas of beyond.

Ultraasteroleplasma

L. nan preposition *ultra*, beyond; L. neut. n. *Asteroleplasma*, An existing genus; *Ultraasteroleplasma*: A genus related to but distinct from the existing genus Asteroleplasma of beyond.

Ultraasticcacaulis

L. nan preposition *ultra*, beyond; L. masc. n. *Asticcacaulis*, An existing genus; *Ultraasticcacaulis*: A genus related to but distinct from the existing genus Asticcacaulis of beyond.

Ultraathalassotoga

L. nan preposition *ultra*, beyond; L. fem. n. *Athalassotoga*, An existing genus; *Ultraathalassotoga*: A genus related to but distinct from the existing genus Athalassotoga of beyond.

Ultraatlantibacter

L. nan preposition *ultra*, beyond; L. masc. n. *Atlantibacter*, An existing genus; *Ultraatlantibacter*: A genus related to but distinct from the existing genus Atlantibacter of beyond.

Ultraatopobacter

L. nan preposition *ultra*, beyond; L. masc. n. *Atopobacter*, An existing genus; *Ultraatopobacter*: A genus related to but distinct from the existing genus Atopobacter of beyond.

Ultraatopobium

L. nan preposition *ultra*, beyond; L. neut. n. *Atopobium*, An existing genus; *Ultraatopobium*: A genus related to but distinct from the existing genus Atopobium of beyond.

Ultraatopococcus

L. nan preposition *ultra*, beyond; L. masc. n. *Atopococcus*, An existing genus; *Ultraatopococcus*: A genus related to but distinct from the existing genus Atopococcus of beyond.

Ultraatopostipes

L. nan preposition *ultra*, beyond; L. masc. n. *Atopostipes*, An existing genus; *Ultraatopostipes*: A genus related to but distinct from the existing genus Atopostipes of beyond.

Ultraaurantiacicella

L. nan preposition *ultra*, beyond; L. fem. n. *Aurantiacicella*, An existing genus; *Ultraaurantiacicella*: A genus related to but distinct from the existing genus Aurantiacicella of beyond.

Ultraaurantibacter

L. nan preposition *ultra*, beyond; L. masc. n. *Aurantibacter*, An existing genus; *Ultraaurantibacter*: A genus related to but distinct from the existing genus Aurantibacter of beyond.

Ultraaurantimicrobium

L. nan preposition *ultra*, beyond; L. neut. n. *Aurantimicrobium*, An existing genus; *Ultraaurantimicrobium*: A genus related to but distinct from the existing genus Aurantimicrobium of beyond.

Ultraaurantimonas

L. nan preposition *ultra*, beyond; L. fem. n. *Aurantimonas*, An existing genus; *Ultraaurantimonas*: A genus related to but distinct from the existing genus Aurantimonas of beyond.

Ultraaurantisolimonas

L. nan preposition *ultra*, beyond; L. fem. n. *Aurantisolimonas*, An existing genus; *Ultraaurantisolimonas*: A genus related to but distinct from the existing genus Aurantisolimonas of beyond.

Ultraaurantivirga

L. nan preposition *ultra*, beyond; L. fem. n. *Aurantivirga*, An existing genus; *Ultraaurantivirga*: A genus related to but distinct from the existing genus Aurantivirga of beyond.

Ultraauraticoccus

L. nan preposition *ultra*, beyond; L. masc. n. *Auraticoccus*, An existing genus; *Ultraauraticoccus*: A genus related to but distinct from the existing genus Auraticoccus of beyond.

Ultraaureibacillus

L. nan preposition *ultra*, beyond; L. masc. n. *Aureibacillus*, An existing genus; *Ultraaureibacillus*: A genus related to but distinct from the existing genus Aureibacillus of beyond.

Ultraaureibacter

L. nan preposition *ultra*, beyond; L. masc. n. *Aureibacter*, An existing genus; *Ultraaureibacter*: A genus related to but distinct from the existing genus Aureibacter of beyond.

Ultraaureibaculum

L. nan preposition *ultra*, beyond; L. neut. n. *Aureibaculum*, An existing genus; *Ultraaureibaculum*: A genus related to but distinct from the existing genus Aureibaculum of beyond.

Ultraaureicoccus

L. nan preposition *ultra*, beyond; L. masc. n. *Aureicoccus*, An existing genus; *Ultraaureicoccus*: A genus related to but distinct from the existing genus Aureicoccus of beyond.

Ultraaureimonas

L. nan preposition *ultra*, beyond; L. fem. n. *Aureimonas*, An existing genus; *Ultraaureimonas*: A genus related to but distinct from the existing genus Aureimonas of beyond.

Ultraaureisphaera

L. nan preposition *ultra*, beyond; L. fem. n. *Aureisphaera*, An existing genus; *Ultraaureisphaera*: A genus related to but distinct from the existing genus Aureisphaera of beyond.

Ultraaureispira

L. nan preposition *ultra*, beyond; L. fem. n. *Aureispira*, An existing genus; *Ultraaureispira*: A genus related to but distinct from the existing genus Aureispira of beyond.

Ultraaureitalea

L. nan preposition *ultra*, beyond; L. fem. n. *Aureitalea*, An existing genus; *Ultraaureitalea*: A genus related to but distinct from the existing genus Aureitalea of beyond.

Ultraaureivirga

L. nan preposition *ultra*, beyond; L. fem. n. *Aureivirga*, An existing genus; *Ultraaureivirga*: A genus related to but distinct from the existing genus Aureivirga of beyond.

Ultraaureliella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Aureliella*, An existing genus; *Ultraaureliella*: A genus related to but distinct from the existing genus Aureliella of beyond.

Ultraaureobacterium

L. nan preposition *ultra*, beyond; L. neut. n. *Aureobacterium*, An existing genus; *Ultraaureobacterium*: A genus related to but distinct from the existing genus Aureobacterium of beyond.

Ultraauricoccus

L. nan preposition *ultra*, beyond; L. masc. n. *Auricoccus*, An existing genus; *Ultraauricoccus*: A genus related to but distinct from the existing genus Auricoccus of beyond.

Ultraauritidibacter

L. nan preposition *ultra*, beyond; L. masc. n. *Auritidibacter*, An existing genus; *Ultraauritidibacter*: A genus related to but distinct from the existing genus Auritidibacter of beyond.

Ultraaustwickia

L. nan preposition *ultra*, beyond; L. fem. n. *Austwickia*, An existing genus; *Ultraaustwickia*: A genus related to but distinct from the existing genus Austwickia of beyond.

Ultraavibacterium

L. nan preposition *ultra*, beyond; L. neut. n. *Avibacterium*, An existing genus; *Ultraavibacterium*: A genus related to but distinct from the existing genus Avibacterium of beyond.

Ultraazoarcus

L. nan preposition *ultra*, beyond; L. masc. n. *Azoarcus*, An existing genus; *Ultraazoarcus*: A genus related to but distinct from the existing genus Azoarcus of beyond.

Ultraazohydromonas

L. nan preposition *ultra*, beyond; L. fem. n. *Azohydromonas*, An existing genus; *Ultraazohydromonas*: A genus related to but distinct from the existing genus Azohydromonas of beyond.

Ultraazomonas

L. nan preposition *ultra*, beyond; L. fem. n. *Azomonas*, An existing genus; *Ultraazomonas*: A genus related to but distinct from the existing genus Azomonas of beyond.

Ultraazonexus

L. nan preposition *ultra*, beyond; L. masc. n. *Azonexus*, An existing genus; *Ultraazonexus*: A genus related to but distinct from the existing genus Azonexus of beyond.

Ultraazorhizobium

L. nan preposition *ultra*, beyond; L. neut. n. *Azorhizobium*, An existing genus; *Ultraazorhizobium*: A genus related to but distinct from the existing genus Azorhizobium of beyond.

Ultraazospira

L. nan preposition *ultra*, beyond; L. fem. n. *Azospira*, An existing genus; *Ultraazospira*: A genus related to but distinct from the existing genus Azospira of beyond.

Ultraazospirillum

L. nan preposition *ultra*, beyond; L. neut. dim. n. *Azospirillum*, An existing genus; *Ultraazospirillum*: A genus related to but distinct from the existing genus Azospirillum of beyond.

Ultraazotobacter

L. nan preposition *ultra*, beyond; L. masc. n. *Azotobacter*, An existing genus; *Ultraazotobacter*: A genus related to but distinct from the existing genus Azotobacter of beyond.

Ultraazovibrio

L. nan preposition *ultra*, beyond; L. masc. n. *Azovibrio*, An existing genus; *Ultraazovibrio*: A genus related to but distinct from the existing genus Azovibrio of beyond.

Ultrabacilliculturomica

L. nan preposition *ultra*, beyond; L. fem. n. *Bacilliculturomica*, An existing genus; *Ultrabacilliculturomica*: A genus related to but distinct from the existing genus Bacilliculturomica of beyond.

Ultrabacteriolyticum

L. nan preposition *ultra*, beyond; L. neut. n. *Bacteriolyticum*, An existing genus; *Ultrabacteriolyticum*: A genus related to but distinct from the existing genus Bacteriolyticum of beyond.

Ultrabacterionema

L. nan preposition *ultra*, beyond; L. neut. n. *Bacterionema*, An existing genus; *Ultrabacterionema*: A genus related to but distinct from the existing genus Bacterionema of beyond.

Ultrabacterioplanes

L. nan preposition *ultra*, beyond; L. masc. n. *Bacterioplanes*, An existing genus; *Ultrabacterioplanes*: A genus related to but distinct from the existing genus Bacterioplanes of beyond.

Ultrabacterioplanoides

L. nan preposition *ultra*, beyond; L. neut. n. *Bacterioplanoides*, An existing genus; *Ultrabacterioplanoides*: A genus related to but distinct from the existing genus Bacterioplanoides of beyond.

Ultrabacteriovorax

L. nan preposition *ultra*, beyond; L. masc. n. *Bacteriovorax*, An existing genus; *Ultrabacteriovorax*: A genus related to but distinct from the existing genus Bacteriovorax of beyond.

Ultrabacteroides

L. nan preposition *ultra*, beyond; L. masc. n. *Bacteroides*, An existing genus; *Ultrabacteroides*: A genus related to but distinct from the existing genus Bacteroides of beyond.

Ultrabaekduia

L. nan preposition *ultra*, beyond; L. fem. n. *Baekduia*, An existing genus; *Ultrabaekduia*: A genus related to but distinct from the existing genus Baekduia of beyond.

Ultrabaia

L. nan preposition *ultra*, beyond; L. fem. n. *Baia*, An existing genus; *Ultrabaia*: A genus related to but distinct from the existing genus Baia of beyond.

Ultrabailinhaonella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Bailinhaonella*, An existing genus; *Ultrabailinhaonella*: A genus related to but distinct from the existing genus Bailinhaonella of beyond.

Ultrabalnearium

L. nan preposition *ultra*, beyond; L. neut. n. *Balnearium*, An existing genus; *Ultrabalnearium*: A genus related to but distinct from the existing genus Balnearium of beyond.

Ultrabalneicella

L. nan preposition *ultra*, beyond; L. fem. n. *Balneicella*, An existing genus; *Ultrabalneicella*: A genus related to but distinct from the existing genus Balneicella of beyond.

Ultrabalneimonas

L. nan preposition *ultra*, beyond; L. fem. n. *Balneimonas*, An existing genus; *Ultrabalneimonas*: A genus related to but distinct from the existing genus Balneimonas of beyond.

Ultrabarnesiella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Barnesiella*, An existing genus; *Ultrabarnesiella*: A genus related to but distinct from the existing genus Barnesiella of beyond.

Ultrabarrientosiimonas

L. nan preposition *ultra*, beyond; L. fem. n. *Barrientosiimonas*, An existing genus; *Ultrabarrientosiimonas*: A genus related to but distinct from the existing genus Barrientosiimonas of beyond.

Ultrabartonella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Bartonella*, An existing genus; *Ultrabartonella*: A genus related to but distinct from the existing genus Bartonella of beyond.

Ultrabasfia

L. nan preposition *ultra*, beyond; L. fem. n. *Basfia*, An existing genus; *Ultrabasfia*: A genus related to but distinct from the existing genus Basfia of beyond.

Ultrabasilea

L. nan preposition *ultra*, beyond; L. fem. n. *Basilea*, An existing genus; *Ultrabasilea*: A genus related to but distinct from the existing genus Basilea of beyond.

Ultrabauldia

L. nan preposition *ultra*, beyond; L. fem. n. *Bauldia*, An existing genus; *Ultrabauldia*: A genus related to but distinct from the existing genus Bauldia of beyond.

Ultrabavariicoccus

L. nan preposition *ultra*, beyond; L. masc. n. *Bavariicoccus*, An existing genus; *Ultrabavariicoccus*: A genus related to but distinct from the existing genus Bavariicoccus of beyond.

Ultrabdellovibrio

L. nan preposition *ultra*, beyond; L. masc. n. *Bdellovibrio*, An existing genus; *Ultrabdellovibrio*: A genus related to but distinct from the existing genus Bdellovibrio of beyond.

Ultrabeduinibacterium

L. nan preposition *ultra*, beyond; L. neut. n. *Beduinibacterium*, An existing genus; *Ultrabeduinibacterium*: A genus related to but distinct from the existing genus Beduinibacterium of beyond.

Ultrabeggiatoa

L. nan preposition *ultra*, beyond; L. fem. n. *Beggiatoa*, An existing genus; *Ultrabeggiatoa*: A genus related to but distinct from the existing genus Beggiatoa of beyond.

Ultrabeijerinckia

L. nan preposition *ultra*, beyond; L. fem. n. *Beijerinckia*, An existing genus; *Ultrabeijerinckia*: A genus related to but distinct from the existing genus Beijerinckia of beyond.

Ultrabelliella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Belliella*, An existing genus; *Ultrabelliella*: A genus related to but distinct from the existing genus Belliella of beyond.

Ultrabellilinea

L. nan preposition *ultra*, beyond; L. fem. n. *Bellilinea*, An existing genus; *Ultrabellilinea*: A genus related to but distinct from the existing genus Bellilinea of beyond.

Ultrabelnapia

L. nan preposition *ultra*, beyond; L. fem. n. *Belnapia*, An existing genus; *Ultrabelnapia*: A genus related to but distinct from the existing genus Belnapia of beyond.

Ultrabeneckea

L. nan preposition *ultra*, beyond; L. fem. n. *Beneckea*, An existing genus; *Ultrabeneckea*: A genus related to but distinct from the existing genus Beneckea of beyond.

Ultrabergeriella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Bergeriella*, An existing genus; *Ultrabergeriella*: A genus related to but distinct from the existing genus Bergeriella of beyond.

Ultrabergeyella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Bergeyella*, An existing genus; *Ultrabergeyella*: A genus related to but distinct from the existing genus Bergeyella of beyond.

Ultrabermanella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Bermanella*, An existing genus; *Ultrabermanella*: A genus related to but distinct from the existing genus Bermanella of beyond.

Ultrabernardetia

L. nan preposition *ultra*, beyond; L. fem. n. *Bernardetia*, An existing genus; *Ultrabernardetia*: A genus related to but distinct from the existing genus Bernardetia of beyond.

Ultrabeutenbergia

L. nan preposition *ultra*, beyond; L. fem. n. *Beutenbergia*, An existing genus; *Ultrabeutenbergia*: A genus related to but distinct from the existing genus Beutenbergia of beyond.

Ultrabhargavaea

L. nan preposition *ultra*, beyond; L. fem. n. *Bhargavaea*, An existing genus; *Ultrabhargavaea*: A genus related to but distinct from the existing genus Bhargavaea of beyond.

Ultrabibersteinia

L. nan preposition *ultra*, beyond; L. fem. n. *Bibersteinia*, An existing genus; *Ultrabibersteinia*: A genus related to but distinct from the existing genus Bibersteinia of beyond.

Ultrabifidobacterium

L. nan preposition *ultra*, beyond; L. neut. n. *Bifidobacterium*, An existing genus; *Ultrabifidobacterium*: A genus related to but distinct from the existing genus Bifidobacterium of beyond.

Ultrabilophila

L. nan preposition *ultra*, beyond; L. fem. n. *Bilophila*, An existing genus; *Ultrabilophila*: A genus related to but distinct from the existing genus Bilophila of beyond.

Ultrabiomaibacter

L. nan preposition *ultra*, beyond; L. masc. n. *Biomaibacter*, An existing genus; *Ultrabiomaibacter*: A genus related to but distinct from the existing genus Biomaibacter of beyond.

Ultrabiostraticola

L. nan preposition *ultra*, beyond; L. masc. n. *Biostraticola*, An existing genus; *Ultrabiostraticola*: A genus related to but distinct from the existing genus Biostraticola of beyond.

Ultrabisgaardia

L. nan preposition *ultra*, beyond; L. fem. n. *Bisgaardia*, An existing genus; *Ultrabisgaardia*: A genus related to but distinct from the existing genus Bisgaardia of beyond.

Ultrabizionia

L. nan preposition *ultra*, beyond; L. fem. n. *Bizionia*, An existing genus; *Ultrabizionia*: A genus related to but distinct from the existing genus Bizionia of beyond.

Ultrablastochloris

L. nan preposition *ultra*, beyond; L. fem. n. *Blastochloris*, An existing genus; *Ultrablastochloris*: A genus related to but distinct from the existing genus Blastochloris of beyond.

Ultrablastococcus

L. nan preposition *ultra*, beyond; L. masc. n. *Blastococcus*, An existing genus; *Ultrablastococcus*: A genus related to but distinct from the existing genus Blastococcus of beyond.

Ultrablastopirellula

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Blastopirellula*, An existing genus; *Ultrablastopirellula*: A genus related to but distinct from the existing genus Blastopirellula of beyond.

Ultrablattabacterium

L. nan preposition *ultra*, beyond; L. neut. n. *Blattabacterium*, An existing genus; *Ultrablattabacterium*: A genus related to but distinct from the existing genus Blattabacterium of beyond.

Ultrablautia

L. nan preposition *ultra*, beyond; L. fem. n. *Blautia*, An existing genus; *Ultrablautia*: A genus related to but distinct from the existing genus Blautia of beyond.

Ultrabogoriella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Bogoriella*, An existing genus; *Ultrabogoriella*: A genus related to but distinct from the existing genus Bogoriella of beyond.

Ultrabombella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Bombella*, An existing genus; *Ultrabombella*: A genus related to but distinct from the existing genus Bombella of beyond.

Ultrabombilactobacillus

L. nan preposition *ultra*, beyond; L. masc. n. *Bombilactobacillus*, An existing genus; *Ultrabombilactobacillus*: A genus related to but distinct from the existing genus Bombilactobacillus of beyond.

Ultrabombiscardovia

L. nan preposition *ultra*, beyond; L. fem. n. *Bombiscardovia*, An existing genus; *Ultrabombiscardovia*: A genus related to but distinct from the existing genus Bombiscardovia of beyond.

Ultrabordetella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Bordetella*, An existing genus; *Ultrabordetella*: A genus related to but distinct from the existing genus Bordetella of beyond.

Ultraborrelia

L. nan preposition *ultra*, beyond; L. fem. n. *Borrelia*, An existing genus; *Ultraborrelia*: A genus related to but distinct from the existing genus Borrelia of beyond.

Ultraborreliella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Borreliella*, An existing genus; *Ultraborreliella*: A genus related to but distinct from the existing genus Borreliella of beyond.

Ultrabosea

L. nan preposition *ultra*, beyond; L. fem. n. *Bosea*, An existing genus; *Ultrabosea*: A genus related to but distinct from the existing genus Bosea of beyond.

Ultraboseongicola

L. nan preposition *ultra*, beyond; L. masc. n. *Boseongicola*, An existing genus; *Ultraboseongicola*: A genus related to but distinct from the existing genus Boseongicola of beyond.

Ultrabotryobacter

L. nan preposition *ultra*, beyond; L. masc. n. *Botryobacter*, An existing genus; *Ultrabotryobacter*: A genus related to but distinct from the existing genus Botryobacter of beyond.

Ultraboudabousia

L. nan preposition *ultra*, beyond; L. fem. n. *Boudabousia*, An existing genus; *Ultraboudabousia*: A genus related to but distinct from the existing genus Boudabousia of beyond.

Ultrabounagaea

L. nan preposition *ultra*, beyond; L. fem. n. *Bounagaea*, An existing genus; *Ultrabounagaea*: A genus related to but distinct from the existing genus Bounagaea of beyond.

Ultrabowmanella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Bowmanella*, An existing genus; *Ultrabowmanella*: A genus related to but distinct from the existing genus Bowmanella of beyond.

Ultrabrachyspira

L. nan preposition *ultra*, beyond; L. fem. n. *Brachyspira*, An existing genus; *Ultrabrachyspira*: A genus related to but distinct from the existing genus Brachyspira of beyond.

Ultrabradyrhizobium

L. nan preposition *ultra*, beyond; L. neut. n. *Bradyrhizobium*, An existing genus; *Ultrabradyrhizobium*: A genus related to but distinct from the existing genus Bradyrhizobium of beyond.

Ultrabranchiibius

L. nan preposition *ultra*, beyond; L. masc. n. *Branchiibius*, An existing genus; *Ultrabranchiibius*: A genus related to but distinct from the existing genus Branchiibius of beyond.

Ultrabranhamella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Branhamella*, An existing genus; *Ultrabranhamella*: A genus related to but distinct from the existing genus Branhamella of beyond.

Ultrabrassicibacter

L. nan preposition *ultra*, beyond; L. masc. n. *Brassicibacter*, An existing genus; *Ultrabrassicibacter*: A genus related to but distinct from the existing genus Brassicibacter of beyond.

Ultrabremerella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Bremerella*, An existing genus; *Ultrabremerella*: A genus related to but distinct from the existing genus Bremerella of beyond.

Ultrabrenneria

L. nan preposition *ultra*, beyond; L. fem. n. *Brenneria*, An existing genus; *Ultrabrenneria*: A genus related to but distinct from the existing genus Brenneria of beyond.

Ultrabreoghania

L. nan preposition *ultra*, beyond; L. fem. n. *Breoghania*, An existing genus; *Ultrabreoghania*: A genus related to but distinct from the existing genus Breoghania of beyond.

Ultrabrevifollis

L. nan preposition *ultra*, beyond; L. masc. n. *Brevifollis*, An existing genus; *Ultrabrevifollis*: A genus related to but distinct from the existing genus Brevifollis of beyond.

Ultrabrevilactibacter

L. nan preposition *ultra*, beyond; L. masc. n. *Brevilactibacter*, An existing genus; *Ultrabrevilactibacter*: A genus related to but distinct from the existing genus Brevilactibacter of beyond.

Ultrabrevinema

L. nan preposition *ultra*, beyond; L. neut. n. *Brevinema*, An existing genus; *Ultrabrevinema*: A genus related to but distinct from the existing genus Brevinema of beyond.

Ultrabrevirhabdus

L. nan preposition *ultra*, beyond; L. fem. n. *Brevirhabdus*, An existing genus; *Ultrabrevirhabdus*: A genus related to but distinct from the existing genus Brevirhabdus of beyond.

Ultrabrevundimonas

L. nan preposition *ultra*, beyond; L. fem. n. *Brevundimonas*, An existing genus; *Ultrabrevundimonas*: A genus related to but distinct from the existing genus Brevundimonas of beyond.

Ultrabreznakia

L. nan preposition *ultra*, beyond; L. fem. n. *Breznakia*, An existing genus; *Ultrabreznakia*: A genus related to but distinct from the existing genus Breznakia of beyond.

Ultrabreznakibacter

L. nan preposition *ultra*, beyond; L. masc. n. *Breznakibacter*, An existing genus; *Ultrabreznakibacter*: A genus related to but distinct from the existing genus Breznakibacter of beyond.

Ultrabrochothrix

L. nan preposition *ultra*, beyond; L. fem. n. *Brochothrix*, An existing genus; *Ultrabrochothrix*: A genus related to but distinct from the existing genus Brochothrix of beyond.

Ultrabrockia

L. nan preposition *ultra*, beyond; L. fem. n. *Brockia*, An existing genus; *Ultrabrockia*: A genus related to but distinct from the existing genus Brockia of beyond.

Ultrabrooklawnia

L. nan preposition *ultra*, beyond; L. fem. n. *Brooklawnia*, An existing genus; *Ultrabrooklawnia*: A genus related to but distinct from the existing genus Brooklawnia of beyond.

Ultrabrucella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Brucella*, An existing genus; *Ultrabrucella*: A genus related to but distinct from the existing genus Brucella of beyond.

Ultrabrumimicrobium

L. nan preposition *ultra*, beyond; L. neut. n. *Brumimicrobium*, An existing genus; *Ultrabrumimicrobium*: A genus related to but distinct from the existing genus Brumimicrobium of beyond.

Ultrabryantella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Bryantella*, An existing genus; *Ultrabryantella*: A genus related to but distinct from the existing genus Bryantella of beyond.

Ultrabryobacter

L. nan preposition *ultra*, beyond; L. masc. n. *Bryobacter*, An existing genus; *Ultrabryobacter*: A genus related to but distinct from the existing genus Bryobacter of beyond.

Ultrabryocella

L. nan preposition *ultra*, beyond; L. fem. n. *Bryocella*, An existing genus; *Ultrabryocella*: A genus related to but distinct from the existing genus Bryocella of beyond.

Ultrabuchananella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Buchananella*, An existing genus; *Ultrabuchananella*: A genus related to but distinct from the existing genus Buchananella of beyond.

Ultrabuchnera

L. nan preposition *ultra*, beyond; L. fem. n. *Buchnera*, An existing genus; *Ultrabuchnera*: A genus related to but distinct from the existing genus Buchnera of beyond.

Ultrabudvicia

L. nan preposition *ultra*, beyond; L. fem. n. *Budvicia*, An existing genus; *Ultrabudvicia*: A genus related to but distinct from the existing genus Budvicia of beyond.

Ultrabulleidia

L. nan preposition *ultra*, beyond; L. fem. n. *Bulleidia*, An existing genus; *Ultrabulleidia*: A genus related to but distinct from the existing genus Bulleidia of beyond.

Ultraburkholderia

L. nan preposition *ultra*, beyond; L. fem. n. *Burkholderia*, An existing genus; *Ultraburkholderia*: A genus related to but distinct from the existing genus Burkholderia of beyond.

Ultrabuttiauxella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Buttiauxella*, An existing genus; *Ultrabuttiauxella*: A genus related to but distinct from the existing genus Buttiauxella of beyond.

Ultrabutyratibacter

L. nan preposition *ultra*, beyond; L. masc. n. *Butyratibacter*, An existing genus; *Ultrabutyratibacter*: A genus related to but distinct from the existing genus Butyratibacter of beyond.

Ultrabutyricicoccus

L. nan preposition *ultra*, beyond; L. masc. n. *Butyricicoccus*, An existing genus; *Ultrabutyricicoccus*: A genus related to but distinct from the existing genus Butyricicoccus of beyond.

Ultrabutyrivibrio

L. nan preposition *ultra*, beyond; L. masc. n. *Butyrivibrio*, An existing genus; *Ultrabutyrivibrio*: A genus related to but distinct from the existing genus Butyrivibrio of beyond.

Ultrabyssophaga

L. nan preposition *ultra*, beyond; L. fem. n. *Byssophaga*, An existing genus; *Ultrabyssophaga*: A genus related to but distinct from the existing genus Byssophaga of beyond.

Ultrabyssovorax

L. nan preposition *ultra*, beyond; L. fem. n. *Byssovorax*, An existing genus; *Ultrabyssovorax*: A genus related to but distinct from the existing genus Byssovorax of beyond.

Ultrabythopirellula

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Bythopirellula*, An existing genus; *Ultrabythopirellula*: A genus related to but distinct from the existing genus Bythopirellula of beyond.

Ultracaballeronia

L. nan preposition *ultra*, beyond; L. fem. n. *Caballeronia*, An existing genus; *Ultracaballeronia*: A genus related to but distinct from the existing genus Caballeronia of beyond.

Ultracaecibacterium

L. nan preposition *ultra*, beyond; L. neut. n. *Caecibacterium*, An existing genus; *Ultracaecibacterium*: A genus related to but distinct from the existing genus Caecibacterium of beyond.

Ultracaedibacter

L. nan preposition *ultra*, beyond; L. masc. n. *Caedibacter*, An existing genus; *Ultracaedibacter*: A genus related to but distinct from the existing genus Caedibacter of beyond.

Ultracaedimonas

L. nan preposition *ultra*, beyond; L. fem. n. *Caedimonas*, An existing genus; *Ultracaedimonas*: A genus related to but distinct from the existing genus Caedimonas of beyond.

Ultracaenibacillus

L. nan preposition *ultra*, beyond; L. masc. n. *Caenibacillus*, An existing genus; *Ultracaenibacillus*: A genus related to but distinct from the existing genus Caenibacillus of beyond.

Ultracaenibacterium

L. nan preposition *ultra*, beyond; L. neut. n. *Caenibacterium*, An existing genus; *Ultracaenibacterium*: A genus related to but distinct from the existing genus Caenibacterium of beyond.

Ultracaenimonas

L. nan preposition *ultra*, beyond; L. fem. n. *Caenimonas*, An existing genus; *Ultracaenimonas*: A genus related to but distinct from the existing genus Caenimonas of beyond.

Ultracaenispirillum

L. nan preposition *ultra*, beyond; L. neut. dim. n. *Caenispirillum*, An existing genus; *Ultracaenispirillum*: A genus related to but distinct from the existing genus Caenispirillum of beyond.

Ultracalculibacillus

L. nan preposition *ultra*, beyond; L. masc. n. *Calculibacillus*, An existing genus; *Ultracalculibacillus*: A genus related to but distinct from the existing genus Calculibacillus of beyond.

Ultracaldalkalibacillus

L. nan preposition *ultra*, beyond; L. masc. n. *Caldalkalibacillus*, An existing genus; *Ultracaldalkalibacillus*: A genus related to but distinct from the existing genus Caldalkalibacillus of beyond.

Ultracaldanaerobacter

L. nan preposition *ultra*, beyond; L. masc. n. *Caldanaerobacter*, An existing genus; *Ultracaldanaerobacter*: A genus related to but distinct from the existing genus Caldanaerobacter of beyond.

Ultracaldanaerobius

L. nan preposition *ultra*, beyond; L. masc. n. *Caldanaerobius*, An existing genus; *Ultracaldanaerobius*: A genus related to but distinct from the existing genus Caldanaerobius of beyond.

Ultracaldanaerovirga

L. nan preposition *ultra*, beyond; L. fem. n. *Caldanaerovirga*, An existing genus; *Ultracaldanaerovirga*: A genus related to but distinct from the existing genus Caldanaerovirga of beyond.

Ultracalderihabitans

L. nan preposition *ultra*, beyond; L. masc. n. *Calderihabitans*, An existing genus; *Ultracalderihabitans*: A genus related to but distinct from the existing genus Calderihabitans of beyond.

Ultracalderobacterium

L. nan preposition *ultra*, beyond; L. neut. n. *Calderobacterium*, An existing genus; *Ultracalderobacterium*: A genus related to but distinct from the existing genus Calderobacterium of beyond.

Ultracaldibacillus

L. nan preposition *ultra*, beyond; L. masc. n. *Caldibacillus*, An existing genus; *Ultracaldibacillus*: A genus related to but distinct from the existing genus Caldibacillus of beyond.

Ultracaldicellulosiruptor

L. nan preposition *ultra*, beyond; L. masc. n. *Caldicellulosiruptor*, An existing genus; *Ultracaldicellulosiruptor*: A genus related to but distinct from the existing genus Caldicellulosiruptor of beyond.

Ultracaldicoprobacter

L. nan preposition *ultra*, beyond; L. masc. n. *Caldicoprobacter*, An existing genus; *Ultracaldicoprobacter*: A genus related to but distinct from the existing genus Caldicoprobacter of beyond.

Ultracaldilinea

L. nan preposition *ultra*, beyond; L. fem. n. *Caldilinea*, An existing genus; *Ultracaldilinea*: A genus related to but distinct from the existing genus Caldilinea of beyond.

Ultracaldimicrobium

L. nan preposition *ultra*, beyond; L. neut. n. *Caldimicrobium*, An existing genus; *Ultracaldimicrobium*: A genus related to but distinct from the existing genus Caldimicrobium of beyond.

Ultracaldimonas

L. nan preposition *ultra*, beyond; L. fem. n. *Caldimonas*, An existing genus; *Ultracaldimonas*: A genus related to but distinct from the existing genus Caldimonas of beyond.

Ultracaldinitratiruptor

L. nan preposition *ultra*, beyond; L. masc. n. *Caldinitratiruptor*, An existing genus; *Ultracaldinitratiruptor*: A genus related to but distinct from the existing genus Caldinitratiruptor of beyond.

Ultracaldisalinibacter

L. nan preposition *ultra*, beyond; L. masc. n. *Caldisalinibacter*, An existing genus; *Ultracaldisalinibacter*: A genus related to but distinct from the existing genus Caldisalinibacter of beyond.

Ultracaldisericum

L. nan preposition *ultra*, beyond; L. neut. n. *Caldisericum*, An existing genus; *Ultracaldisericum*: A genus related to but distinct from the existing genus Caldisericum of beyond.

Ultracaldisphaera

L. nan preposition *ultra*, beyond; L. fem. n. *Caldisphaera*, An existing genus; *Ultracaldisphaera*: A genus related to but distinct from the existing genus Caldisphaera of beyond.

Ultracalditerricola

L. nan preposition *ultra*, beyond; L. masc. n. *Calditerricola*, An existing genus; *Ultracalditerricola*: A genus related to but distinct from the existing genus Calditerricola of beyond.

Ultracalditerrivibrio

L. nan preposition *ultra*, beyond; L. masc. n. *Calditerrivibrio*, An existing genus; *Ultracalditerrivibrio*: A genus related to but distinct from the existing genus Calditerrivibrio of beyond.

Ultracaldithrix

L. nan preposition *ultra*, beyond; L. fem. n. *Caldithrix*, An existing genus; *Ultracaldithrix*: A genus related to but distinct from the existing genus Caldithrix of beyond.

Ultracaldovatus

L. nan preposition *ultra*, beyond; L. masc. n. *Caldovatus*, An existing genus; *Ultracaldovatus*: A genus related to but distinct from the existing genus Caldovatus of beyond.

Ultracalenema

L. nan preposition *ultra*, beyond; L. neut. n. *Calenema*, An existing genus; *Ultracalenema*: A genus related to but distinct from the existing genus Calenema of beyond.

Ultracalidifontibacter

L. nan preposition *ultra*, beyond; L. masc. n. *Calidifontibacter*, An existing genus; *Ultracalidifontibacter*: A genus related to but distinct from the existing genus Calidifontibacter of beyond.

Ultracalidifontimicrobium

L. nan preposition *ultra*, beyond; L. neut. n. *Calidifontimicrobium*, An existing genus; *Ultracalidifontimicrobium*: A genus related to but distinct from the existing genus Calidifontimicrobium of beyond.

Ultracalidithermus

L. nan preposition *ultra*, beyond; L. masc. n. *Calidithermus*, An existing genus; *Ultracalidithermus*: A genus related to but distinct from the existing genus Calidithermus of beyond.

Ultracalochaete

L. nan preposition *ultra*, beyond; L. fem. n. *Calochaete*, An existing genus; *Ultracalochaete*: A genus related to but distinct from the existing genus Calochaete of beyond.

Ultracaloramator

L. nan preposition *ultra*, beyond; L. masc. n. *Caloramator*, An existing genus; *Ultracaloramator*: A genus related to but distinct from the existing genus Caloramator of beyond.

Ultracaloranaerobacter

L. nan preposition *ultra*, beyond; L. masc. n. *Caloranaerobacter*, An existing genus; *Ultracaloranaerobacter*: A genus related to but distinct from the existing genus Caloranaerobacter of beyond.

Ultracaloribacterium

L. nan preposition *ultra*, beyond; L. neut. n. *Caloribacterium*, An existing genus; *Ultracaloribacterium*: A genus related to but distinct from the existing genus Caloribacterium of beyond.

Ultracalorimonas

L. nan preposition *ultra*, beyond; L. fem. n. *Calorimonas*, An existing genus; *Ultracalorimonas*: A genus related to but distinct from the existing genus Calorimonas of beyond.

Ultracalorithrix

L. nan preposition *ultra*, beyond; L. fem. n. *Calorithrix*, An existing genus; *Ultracalorithrix*: A genus related to but distinct from the existing genus Calorithrix of beyond.

Ultracalothrix

L. nan preposition *ultra*, beyond; L. fem. n. *Calothrix*, An existing genus; *Ultracalothrix*: A genus related to but distinct from the existing genus Calothrix of beyond.

Ultracalymmatobacterium

L. nan preposition *ultra*, beyond; L. neut. n. *Calymmatobacterium*, An existing genus; *Ultracalymmatobacterium*: A genus related to but distinct from the existing genus Calymmatobacterium of beyond.

Ultracamelimonas

L. nan preposition *ultra*, beyond; L. fem. n. *Camelimonas*, An existing genus; *Ultracamelimonas*: A genus related to but distinct from the existing genus Camelimonas of beyond.

Ultracamelliibacillus

L. nan preposition *ultra*, beyond; L. masc. n. *Camelliibacillus*, An existing genus; *Ultracamelliibacillus*: A genus related to but distinct from the existing genus Camelliibacillus of beyond.

Ultracaminibacter

L. nan preposition *ultra*, beyond; L. masc. n. *Caminibacter*, An existing genus; *Ultracaminibacter*: A genus related to but distinct from the existing genus Caminibacter of beyond.

Ultracaminicella

L. nan preposition *ultra*, beyond; L. fem. n. *Caminicella*, An existing genus; *Ultracaminicella*: A genus related to but distinct from the existing genus Caminicella of beyond.

Ultracampylobacter

L. nan preposition *ultra*, beyond; L. masc. n. *Campylobacter*, An existing genus; *Ultracampylobacter*: A genus related to but distinct from the existing genus Campylobacter of beyond.

Ultracanaleparolina

L. nan preposition *ultra*, beyond; L. fem. n. *Canaleparolina*, An existing genus; *Ultracanaleparolina*: A genus related to but distinct from the existing genus Canaleparolina of beyond.

Ultracandidimonas

L. nan preposition *ultra*, beyond; L. fem. n. *Candidimonas*, An existing genus; *Ultracandidimonas*: A genus related to but distinct from the existing genus Candidimonas of beyond.

Ultracanibacter

L. nan preposition *ultra*, beyond; L. masc. n. *Canibacter*, An existing genus; *Ultracanibacter*: A genus related to but distinct from the existing genus Canibacter of beyond.

Ultracapillus

L. nan preposition *ultra*, beyond; L. masc. n. *Capillus*, An existing genus; *Ultracapillus*: A genus related to but distinct from the existing genus Capillus of beyond.

Ultracapnocytophaga

L. nan preposition *ultra*, beyond; L. fem. n. *Capnocytophaga*, An existing genus; *Ultracapnocytophaga*: A genus related to but distinct from the existing genus Capnocytophaga of beyond.

Ultracaproicibacter

L. nan preposition *ultra*, beyond; L. masc. n. *Caproicibacter*, An existing genus; *Ultracaproicibacter*: A genus related to but distinct from the existing genus Caproicibacter of beyond.

Ultracaproiciproducens

L. nan preposition *ultra*, beyond; L. masc. n. *Caproiciproducens*, An existing genus; *Ultracaproiciproducens*: A genus related to but distinct from the existing genus Caproiciproducens of beyond.

Ultracapsularis

L. nan preposition *ultra*, beyond; L. masc. n. *Capsularis*, An existing genus; *Ultracapsularis*: A genus related to but distinct from the existing genus Capsularis of beyond.

Ultracapsulimonas

L. nan preposition *ultra*, beyond; L. fem. n. *Capsulimonas*, An existing genus; *Ultracapsulimonas*: A genus related to but distinct from the existing genus Capsulimonas of beyond.

Ultracarbophilus

L. nan preposition *ultra*, beyond; L. masc. n. *Carbophilus*, An existing genus; *Ultracarbophilus*: A genus related to but distinct from the existing genus Carbophilus of beyond.

Ultracarboxydocella

L. nan preposition *ultra*, beyond; L. fem. n. *Carboxydocella*, An existing genus; *Ultracarboxydocella*: A genus related to but distinct from the existing genus Carboxydocella of beyond.

Ultracarboxydothermus

L. nan preposition *ultra*, beyond; L. masc. n. *Carboxydothermus*, An existing genus; *Ultracarboxydothermus*: A genus related to but distinct from the existing genus Carboxydothermus of beyond.

Ultracardiobacterium

L. nan preposition *ultra*, beyond; L. neut. n. *Cardiobacterium*, An existing genus; *Ultracardiobacterium*: A genus related to but distinct from the existing genus Cardiobacterium of beyond.

Ultracarideicomes

L. nan preposition *ultra*, beyond; L. masc. n. *Carideicomes*, An existing genus; *Ultracarideicomes*: A genus related to but distinct from the existing genus Carideicomes of beyond.

Ultracarnimonas

L. nan preposition *ultra*, beyond; L. fem. n. *Carnimonas*, An existing genus; *Ultracarnimonas*: A genus related to but distinct from the existing genus Carnimonas of beyond.

Ultracarnobacterium

L. nan preposition *ultra*, beyond; L. neut. n. *Carnobacterium*, An existing genus; *Ultracarnobacterium*: A genus related to but distinct from the existing genus Carnobacterium of beyond.

Ultracartusia

L. nan preposition *ultra*, beyond; L. fem. n. *Cartusia*, An existing genus; *Ultracartusia*: A genus related to but distinct from the existing genus Cartusia of beyond.

Ultracaryophanon

L. nan preposition *ultra*, beyond; L. neut. n. *Caryophanon*, An existing genus; *Ultracaryophanon*: A genus related to but distinct from the existing genus Caryophanon of beyond.

Ultracaseobacter

L. nan preposition *ultra*, beyond; L. masc. n. *Caseobacter*, An existing genus; *Ultracaseobacter*: A genus related to but distinct from the existing genus Caseobacter of beyond.

Ultracasimicrobium

L. nan preposition *ultra*, beyond; L. neut. n. *Casimicrobium*, An existing genus; *Ultracasimicrobium*: A genus related to but distinct from the existing genus Casimicrobium of beyond.

Ultracastellaniella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Castellaniella*, An existing genus; *Ultracastellaniella*: A genus related to but distinct from the existing genus Castellaniella of beyond.

Ultracatabacter

L. nan preposition *ultra*, beyond; L. masc. n. *Catabacter*, An existing genus; *Ultracatabacter*: A genus related to but distinct from the existing genus Catabacter of beyond.

Ultracatalinimonas

L. nan preposition *ultra*, beyond; L. fem. n. *Catalinimonas*, An existing genus; *Ultracatalinimonas*: A genus related to but distinct from the existing genus Catalinimonas of beyond.

Ultracatellatospora

L. nan preposition *ultra*, beyond; L. fem. n. *Catellatospora*, An existing genus; *Ultracatellatospora*: A genus related to but distinct from the existing genus Catellatospora of beyond.

Ultracatellibacterium

L. nan preposition *ultra*, beyond; L. neut. n. *Catellibacterium*, An existing genus; *Ultracatellibacterium*: A genus related to but distinct from the existing genus Catellibacterium of beyond.

Ultracatellicoccus

L. nan preposition *ultra*, beyond; L. masc. n. *Catellicoccus*, An existing genus; *Ultracatellicoccus*: A genus related to but distinct from the existing genus Catellicoccus of beyond.

Ultracatelliglobosispora

L. nan preposition *ultra*, beyond; L. fem. n. *Catelliglobosispora*, An existing genus; *Ultracatelliglobosispora*: A genus related to but distinct from the existing genus Catelliglobosispora of beyond.

Ultracatenibacillus

L. nan preposition *ultra*, beyond; L. masc. n. *Catenibacillus*, An existing genus; *Ultracatenibacillus*: A genus related to but distinct from the existing genus Catenibacillus of beyond.

Ultracatenibacterium

L. nan preposition *ultra*, beyond; L. neut. n. *Catenibacterium*, An existing genus; *Ultracatenibacterium*: A genus related to but distinct from the existing genus Catenibacterium of beyond.

Ultracatenisphaera

L. nan preposition *ultra*, beyond; L. fem. n. *Catenisphaera*, An existing genus; *Ultracatenisphaera*: A genus related to but distinct from the existing genus Catenisphaera of beyond.

Ultracatenococcus

L. nan preposition *ultra*, beyond; L. masc. n. *Catenococcus*, An existing genus; *Ultracatenococcus*: A genus related to but distinct from the existing genus Catenococcus of beyond.

Ultracatenovulum

L. nan preposition *ultra*, beyond; L. neut. n. *Catenovulum*, An existing genus; *Ultracatenovulum*: A genus related to but distinct from the existing genus Catenovulum of beyond.

Ultracatenulispora

L. nan preposition *ultra*, beyond; L. fem. n. *Catenulispora*, An existing genus; *Ultracatenulispora*: A genus related to but distinct from the existing genus Catenulispora of beyond.

Ultracatenuloplanes

L. nan preposition *ultra*, beyond; L. masc. n. *Catenuloplanes*, An existing genus; *Ultracatenuloplanes*: A genus related to but distinct from the existing genus Catenuloplanes of beyond.

Ultracatonella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Catonella*, An existing genus; *Ultracatonella*: A genus related to but distinct from the existing genus Catonella of beyond.

Ultracaulifigura

L. nan preposition *ultra*, beyond; L. fem. n. *Caulifigura*, An existing genus; *Ultracaulifigura*: A genus related to but distinct from the existing genus Caulifigura of beyond.

Ultracaulobacter

L. nan preposition *ultra*, beyond; L. masc. n. *Caulobacter*, An existing genus; *Ultracaulobacter*: A genus related to but distinct from the existing genus Caulobacter of beyond.

Ultracavicella

L. nan preposition *ultra*, beyond; L. fem. n. *Cavicella*, An existing genus; *Ultracavicella*: A genus related to but distinct from the existing genus Cavicella of beyond.

Ultracaviibacter

L. nan preposition *ultra*, beyond; L. masc. n. *Caviibacter*, An existing genus; *Ultracaviibacter*: A genus related to but distinct from the existing genus Caviibacter of beyond.

Ultracaviibacterium

L. nan preposition *ultra*, beyond; L. neut. n. *Caviibacterium*, An existing genus; *Ultracaviibacterium*: A genus related to but distinct from the existing genus Caviibacterium of beyond.

Ultracecembia

L. nan preposition *ultra*, beyond; L. fem. n. *Cecembia*, An existing genus; *Ultracecembia*: A genus related to but distinct from the existing genus Cecembia of beyond.

Ultracedecea

L. nan preposition *ultra*, beyond; L. fem. n. *Cedecea*, An existing genus; *Ultracedecea*: A genus related to but distinct from the existing genus Cedecea of beyond.

Ultracelerinatantimonas

L. nan preposition *ultra*, beyond; L. fem. n. *Celerinatantimonas*, An existing genus; *Ultracelerinatantimonas*: A genus related to but distinct from the existing genus Celerinatantimonas of beyond.

Ultracellulomonas

L. nan preposition *ultra*, beyond; L. fem. n. *Cellulomonas*, An existing genus; *Ultracellulomonas*: A genus related to but distinct from the existing genus Cellulomonas of beyond.

Ultracellulophaga

L. nan preposition *ultra*, beyond; L. fem. n. *Cellulophaga*, An existing genus; *Ultracellulophaga*: A genus related to but distinct from the existing genus Cellulophaga of beyond.

Ultracellulosibacter

L. nan preposition *ultra*, beyond; L. masc. n. *Cellulosibacter*, An existing genus; *Ultracellulosibacter*: A genus related to but distinct from the existing genus Cellulosibacter of beyond.

Ultracellulosilyticum

L. nan preposition *ultra*, beyond; L. neut. n. *Cellulosilyticum*, An existing genus; *Ultracellulosilyticum*: A genus related to but distinct from the existing genus Cellulosilyticum of beyond.

Ultracellulosimicrobium

L. nan preposition *ultra*, beyond; L. neut. n. *Cellulosimicrobium*, An existing genus; *Ultracellulosimicrobium*: A genus related to but distinct from the existing genus Cellulosimicrobium of beyond.

Ultracellvibrio

L. nan preposition *ultra*, beyond; L. masc. n. *Cellvibrio*, An existing genus; *Ultracellvibrio*: A genus related to but distinct from the existing genus Cellvibrio of beyond.

Ultracenarchaeum

L. nan preposition *ultra*, beyond; L. neut. n. *Cenarchaeum*, An existing genus; *Ultracenarchaeum*: A genus related to but distinct from the existing genus Cenarchaeum of beyond.

Ultracephalothrix

L. nan preposition *ultra*, beyond; L. fem. n. *Cephalothrix*, An existing genus; *Ultracephalothrix*: A genus related to but distinct from the existing genus Cephalothrix of beyond.

Ultracephaloticoccus

L. nan preposition *ultra*, beyond; L. masc. n. *Cephaloticoccus*, An existing genus; *Ultracephaloticoccus*: A genus related to but distinct from the existing genus Cephaloticoccus of beyond.

Ultracerasibacillus

L. nan preposition *ultra*, beyond; L. masc. n. *Cerasibacillus*, An existing genus; *Ultracerasibacillus*: A genus related to but distinct from the existing genus Cerasibacillus of beyond.

Ultracerasicoccus

L. nan preposition *ultra*, beyond; L. masc. n. *Cerasicoccus*, An existing genus; *Ultracerasicoccus*: A genus related to but distinct from the existing genus Cerasicoccus of beyond.

Ultracereibacter

L. nan preposition *ultra*, beyond; L. masc. n. *Cereibacter*, An existing genus; *Ultracereibacter*: A genus related to but distinct from the existing genus Cereibacter of beyond.

Ultracesiribacter

L. nan preposition *ultra*, beyond; L. masc. n. *Cesiribacter*, An existing genus; *Ultracesiribacter*: A genus related to but distinct from the existing genus Cesiribacter of beyond.

Ultracetobacterium

L. nan preposition *ultra*, beyond; L. neut. n. *Cetobacterium*, An existing genus; *Ultracetobacterium*: A genus related to but distinct from the existing genus Cetobacterium of beyond.

Ultrachachezhania

L. nan preposition *ultra*, beyond; L. fem. n. *Chachezhania*, An existing genus; *Ultrachachezhania*: A genus related to but distinct from the existing genus Chachezhania of beyond.

Ultrachainia

L. nan preposition *ultra*, beyond; L. fem. n. *Chainia*, An existing genus; *Ultrachainia*: A genus related to but distinct from the existing genus Chainia of beyond.

Ultrachakia

L. nan preposition *ultra*, beyond; L. fem. n. *Chakia*, An existing genus; *Ultrachakia*: A genus related to but distinct from the existing genus Chakia of beyond.

Ultrachakrabartia

L. nan preposition *ultra*, beyond; L. fem. n. *Chakrabartia*, An existing genus; *Ultrachakrabartia*: A genus related to but distinct from the existing genus Chakrabartia of beyond.

Ultrachalicogloea

L. nan preposition *ultra*, beyond; L. fem. n. *Chalicogloea*, An existing genus; *Ultrachalicogloea*: A genus related to but distinct from the existing genus Chalicogloea of beyond.

Ultrachamaethrix

L. nan preposition *ultra*, beyond; L. fem. n. *Chamaethrix*, An existing genus; *Ultrachamaethrix*: A genus related to but distinct from the existing genus Chamaethrix of beyond.

Ultrachangchengzhania

L. nan preposition *ultra*, beyond; L. fem. n. *Changchengzhania*, An existing genus; *Ultrachangchengzhania*: A genus related to but distinct from the existing genus Changchengzhania of beyond.

Ultrachania

L. nan preposition *ultra*, beyond; L. fem. n. *Chania*, An existing genus; *Ultrachania*: A genus related to but distinct from the existing genus Chania of beyond.

Ultracharonomicrobium

L. nan preposition *ultra*, beyond; L. neut. n. *Charonomicrobium*, An existing genus; *Ultracharonomicrobium*: A genus related to but distinct from the existing genus Charonomicrobium of beyond.

Ultrachelativorans

L. nan preposition *ultra*, beyond; L. masc. n. *Chelativorans*, An existing genus; *Ultrachelativorans*: A genus related to but distinct from the existing genus Chelativorans of beyond.

Ultrachelatobacter

L. nan preposition *ultra*, beyond; L. masc. n. *Chelatobacter*, An existing genus; *Ultrachelatobacter*: A genus related to but distinct from the existing genus Chelatobacter of beyond.

Ultrachelatococcus

L. nan preposition *ultra*, beyond; L. masc. n. *Chelatococcus*, An existing genus; *Ultrachelatococcus*: A genus related to but distinct from the existing genus Chelatococcus of beyond.

Ultrachelonobacter

L. nan preposition *ultra*, beyond; L. masc. n. *Chelonobacter*, An existing genus; *Ultrachelonobacter*: A genus related to but distinct from the existing genus Chelonobacter of beyond.

Ultrachenggangzhangella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Chenggangzhangella*, An existing genus; *Ultrachenggangzhangella*: A genus related to but distinct from the existing genus Chenggangzhangella of beyond.

Ultrachengkuizengella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Chengkuizengella*, An existing genus; *Ultrachengkuizengella*: A genus related to but distinct from the existing genus Chengkuizengella of beyond.

Ultrachiayiivirga

L. nan preposition *ultra*, beyond; L. fem. n. *Chiayiivirga*, An existing genus; *Ultrachiayiivirga*: A genus related to but distinct from the existing genus Chiayiivirga of beyond.

Ultrachimaereicella

L. nan preposition *ultra*, beyond; L. fem. n. *Chimaereicella*, An existing genus; *Ultrachimaereicella*: A genus related to but distinct from the existing genus Chimaereicella of beyond.

Ultrachimaeribacter

L. nan preposition *ultra*, beyond; L. masc. n. *Chimaeribacter*, An existing genus; *Ultrachimaeribacter*: A genus related to but distinct from the existing genus Chimaeribacter of beyond.

Ultrachishuiella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Chishuiella*, An existing genus; *Ultrachishuiella*: A genus related to but distinct from the existing genus Chishuiella of beyond.

Ultrachitinasiproducens

L. nan preposition *ultra*, beyond; L. masc. n. *Chitinasiproducens*, An existing genus; *Ultrachitinasiproducens*: A genus related to but distinct from the existing genus Chitinasiproducens of beyond.

Ultrachitinibacter

L. nan preposition *ultra*, beyond; L. masc. n. *Chitinibacter*, An existing genus; *Ultrachitinibacter*: A genus related to but distinct from the existing genus Chitinibacter of beyond.

Ultrachitinilyticum

L. nan preposition *ultra*, beyond; L. neut. n. *Chitinilyticum*, An existing genus; *Ultrachitinilyticum*: A genus related to but distinct from the existing genus Chitinilyticum of beyond.

Ultrachitiniphilus

L. nan preposition *ultra*, beyond; L. masc. n. *Chitiniphilus*, An existing genus; *Ultrachitiniphilus*: A genus related to but distinct from the existing genus Chitiniphilus of beyond.

Ultrachitinispirillum

L. nan preposition *ultra*, beyond; L. neut. dim. n. *Chitinispirillum*, An existing genus; *Ultrachitinispirillum*: A genus related to but distinct from the existing genus Chitinispirillum of beyond.

Ultrachitinivibrio

L. nan preposition *ultra*, beyond; L. masc. n. *Chitinivibrio*, An existing genus; *Ultrachitinivibrio*: A genus related to but distinct from the existing genus Chitinivibrio of beyond.

Ultrachitinivorax

L. nan preposition *ultra*, beyond; L. masc. n. *Chitinivorax*, An existing genus; *Ultrachitinivorax*: A genus related to but distinct from the existing genus Chitinivorax of beyond.

Ultrachitinolyticbacter

L. nan preposition *ultra*, beyond; L. masc. n. *Chitinolyticbacter*, An existing genus; *Ultrachitinolyticbacter*: A genus related to but distinct from the existing genus Chitinolyticbacter of beyond.

Ultrachitinophaga

L. nan preposition *ultra*, beyond; L. fem. n. *Chitinophaga*, An existing genus; *Ultrachitinophaga*: A genus related to but distinct from the existing genus Chitinophaga of beyond.

Ultrachlamydia

L. nan preposition *ultra*, beyond; L. fem. n. *Chlamydia*, An existing genus; *Ultrachlamydia*: A genus related to but distinct from the existing genus Chlamydia of beyond.

Ultrachlamydophila

L. nan preposition *ultra*, beyond; L. fem. n. *Chlamydophila*, An existing genus; *Ultrachlamydophila*: A genus related to but distinct from the existing genus Chlamydophila of beyond.

Ultrachloracidobacterium

L. nan preposition *ultra*, beyond; L. neut. n. *Chloracidobacterium*, An existing genus; *Ultrachloracidobacterium*: A genus related to but distinct from the existing genus Chloracidobacterium of beyond.

Ultrachlorobaculum

L. nan preposition *ultra*, beyond; L. neut. n. *Chlorobaculum*, An existing genus; *Ultrachlorobaculum*: A genus related to but distinct from the existing genus Chlorobaculum of beyond.

Ultrachlorobium

L. nan preposition *ultra*, beyond; L. neut. n. *Chlorobium*, An existing genus; *Ultrachlorobium*: A genus related to but distinct from the existing genus Chlorobium of beyond.

Ultrachloroflexus

L. nan preposition *ultra*, beyond; L. masc. n. *Chloroflexus*, An existing genus; *Ultrachloroflexus*: A genus related to but distinct from the existing genus Chloroflexus of beyond.

Ultrachloroherpeton

L. nan preposition *ultra*, beyond; L. neut. n. *Chloroherpeton*, An existing genus; *Ultrachloroherpeton*: A genus related to but distinct from the existing genus Chloroherpeton of beyond.

Ultrachloronema

L. nan preposition *ultra*, beyond; L. neut. n. *Chloronema*, An existing genus; *Ultrachloronema*: A genus related to but distinct from the existing genus Chloronema of beyond.

Ultrachondromyces

L. nan preposition *ultra*, beyond; L. masc. n. *Chondromyces*, An existing genus; *Ultrachondromyces*: A genus related to but distinct from the existing genus Chondromyces of beyond.

Ultrachristensenella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Christensenella*, An existing genus; *Ultrachristensenella*: A genus related to but distinct from the existing genus Christensenella of beyond.

Ultrachroakolemma

L. nan preposition *ultra*, beyond; L. neut. n. *Chroakolemma*, An existing genus; *Ultrachroakolemma*: A genus related to but distinct from the existing genus Chroakolemma of beyond.

Ultrachromatium

L. nan preposition *ultra*, beyond; L. neut. n. *Chromatium*, An existing genus; *Ultrachromatium*: A genus related to but distinct from the existing genus Chromatium of beyond.

Ultrachromatocurvus

L. nan preposition *ultra*, beyond; L. masc. n. *Chromatocurvus*, An existing genus; *Ultrachromatocurvus*: A genus related to but distinct from the existing genus Chromatocurvus of beyond.

Ultrachromobacterium

L. nan preposition *ultra*, beyond; L. neut. n. *Chromobacterium*, An existing genus; *Ultrachromobacterium*: A genus related to but distinct from the existing genus Chromobacterium of beyond.

Ultrachromohalobacter

L. nan preposition *ultra*, beyond; L. masc. n. *Chromohalobacter*, An existing genus; *Ultrachromohalobacter*: A genus related to but distinct from the existing genus Chromohalobacter of beyond.

Ultrachroococcus

L. nan preposition *ultra*, beyond; L. masc. n. *Chroococcus*, An existing genus; *Ultrachroococcus*: A genus related to but distinct from the existing genus Chroococcus of beyond.

Ultrachryseobacterium

L. nan preposition *ultra*, beyond; L. neut. n. *Chryseobacterium*, An existing genus; *Ultrachryseobacterium*: A genus related to but distinct from the existing genus Chryseobacterium of beyond.

Ultrachryseoglobus

L. nan preposition *ultra*, beyond; L. masc. n. *Chryseoglobus*, An existing genus; *Ultrachryseoglobus*: A genus related to but distinct from the existing genus Chryseoglobus of beyond.

Ultrachryseolinea

L. nan preposition *ultra*, beyond; L. fem. n. *Chryseolinea*, An existing genus; *Ultrachryseolinea*: A genus related to but distinct from the existing genus Chryseolinea of beyond.

Ultrachryseomicrobium

L. nan preposition *ultra*, beyond; L. neut. n. *Chryseomicrobium*, An existing genus; *Ultrachryseomicrobium*: A genus related to but distinct from the existing genus Chryseomicrobium of beyond.

Ultrachryseomonas

L. nan preposition *ultra*, beyond; L. fem. n. *Chryseomonas*, An existing genus; *Ultrachryseomonas*: A genus related to but distinct from the existing genus Chryseomonas of beyond.

Ultrachryseotalea

L. nan preposition *ultra*, beyond; L. fem. n. *Chryseotalea*, An existing genus; *Ultrachryseotalea*: A genus related to but distinct from the existing genus Chryseotalea of beyond.

Ultrachrysiogenes

L. nan preposition *ultra*, beyond; L. masc. n. *Chrysiogenes*, An existing genus; *Ultrachrysiogenes*: A genus related to but distinct from the existing genus Chrysiogenes of beyond.

Ultrachthoniobacter

L. nan preposition *ultra*, beyond; L. masc. n. *Chthoniobacter*, An existing genus; *Ultrachthoniobacter*: A genus related to but distinct from the existing genus Chthoniobacter of beyond.

Ultrachthonobacter

L. nan preposition *ultra*, beyond; L. masc. n. *Chthonobacter*, An existing genus; *Ultrachthonobacter*: A genus related to but distinct from the existing genus Chthonobacter of beyond.

Ultrachthonomonas

L. nan preposition *ultra*, beyond; L. fem. n. *Chthonomonas*, An existing genus; *Ultrachthonomonas*: A genus related to but distinct from the existing genus Chthonomonas of beyond.

Ultrachujaibacter

L. nan preposition *ultra*, beyond; L. masc. n. *Chujaibacter*, An existing genus; *Ultrachujaibacter*: A genus related to but distinct from the existing genus Chujaibacter of beyond.

Ultrachungangia

L. nan preposition *ultra*, beyond; L. fem. n. *Chungangia*, An existing genus; *Ultrachungangia*: A genus related to but distinct from the existing genus Chungangia of beyond.

Ultraciceribacter

L. nan preposition *ultra*, beyond; L. masc. n. *Ciceribacter*, An existing genus; *Ultraciceribacter*: A genus related to but distinct from the existing genus Ciceribacter of beyond.

Ultracitreibacter

L. nan preposition *ultra*, beyond; L. masc. n. *Citreibacter*, An existing genus; *Ultracitreibacter*: A genus related to but distinct from the existing genus Citreibacter of beyond.

Ultracitreicella

L. nan preposition *ultra*, beyond; L. fem. n. *Citreicella*, An existing genus; *Ultracitreicella*: A genus related to but distinct from the existing genus Citreicella of beyond.

Ultracitreimonas

L. nan preposition *ultra*, beyond; L. fem. n. *Citreimonas*, An existing genus; *Ultracitreimonas*: A genus related to but distinct from the existing genus Citreimonas of beyond.

Ultracitreitalea

L. nan preposition *ultra*, beyond; L. fem. n. *Citreitalea*, An existing genus; *Ultracitreitalea*: A genus related to but distinct from the existing genus Citreitalea of beyond.

Ultracitricoccus

L. nan preposition *ultra*, beyond; L. masc. n. *Citricoccus*, An existing genus; *Ultracitricoccus*: A genus related to but distinct from the existing genus Citricoccus of beyond.

Ultracitrimicrobium

L. nan preposition *ultra*, beyond; L. neut. n. *Citrimicrobium*, An existing genus; *Ultracitrimicrobium*: A genus related to but distinct from the existing genus Citrimicrobium of beyond.

Ultracitrobacter

L. nan preposition *ultra*, beyond; L. masc. n. *Citrobacter*, An existing genus; *Ultracitrobacter*: A genus related to but distinct from the existing genus Citrobacter of beyond.

Ultracitromicrobium

L. nan preposition *ultra*, beyond; L. neut. n. *Citromicrobium*, An existing genus; *Ultracitromicrobium*: A genus related to but distinct from the existing genus Citromicrobium of beyond.

Ultracitroniella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Citroniella*, An existing genus; *Ultracitroniella*: A genus related to but distinct from the existing genus Citroniella of beyond.

Ultraclavibacter

L. nan preposition *ultra*, beyond; L. masc. n. *Clavibacter*, An existing genus; *Ultraclavibacter*: A genus related to but distinct from the existing genus Clavibacter of beyond.

Ultraclevelandina

L. nan preposition *ultra*, beyond; L. fem. n. *Clevelandina*, An existing genus; *Ultraclevelandina*: A genus related to but distinct from the existing genus Clevelandina of beyond.

Ultracloacibacillus

L. nan preposition *ultra*, beyond; L. masc. n. *Cloacibacillus*, An existing genus; *Ultracloacibacillus*: A genus related to but distinct from the existing genus Cloacibacillus of beyond.

Ultracloacibacterium

L. nan preposition *ultra*, beyond; L. neut. n. *Cloacibacterium*, An existing genus; *Ultracloacibacterium*: A genus related to but distinct from the existing genus Cloacibacterium of beyond.

Ultraclostridiisalibacter

L. nan preposition *ultra*, beyond; L. masc. n. *Clostridiisalibacter*, An existing genus; *Ultraclostridiisalibacter*: A genus related to but distinct from the existing genus Clostridiisalibacter of beyond.

Ultraclostridioides

L. nan preposition *ultra*, beyond; L. neut. n. *Clostridioides*, An existing genus; *Ultraclostridioides*: A genus related to but distinct from the existing genus Clostridioides of beyond.

Ultraclostridium

L. nan preposition *ultra*, beyond; L. neut. dim. n. *Clostridium*, An existing genus; *Ultraclostridium*: A genus related to but distinct from the existing genus Clostridium of beyond.

Ultracnuella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Cnuella*, An existing genus; *Ultracnuella*: A genus related to but distinct from the existing genus Cnuella of beyond.

Ultracnuibacter

L. nan preposition *ultra*, beyond; L. masc. n. *Cnuibacter*, An existing genus; *Ultracnuibacter*: A genus related to but distinct from the existing genus Cnuibacter of beyond.

Ultracobetia

L. nan preposition *ultra*, beyond; L. fem. n. *Cobetia*, An existing genus; *Ultracobetia*: A genus related to but distinct from the existing genus Cobetia of beyond.

Ultracochleicola

L. nan preposition *ultra*, beyond; L. masc. n. *Cochleicola*, An existing genus; *Ultracochleicola*: A genus related to but distinct from the existing genus Cochleicola of beyond.

Ultracocleimonas

L. nan preposition *ultra*, beyond; L. fem. n. *Cocleimonas*, An existing genus; *Ultracocleimonas*: A genus related to but distinct from the existing genus Cocleimonas of beyond.

Ultracoenonia

L. nan preposition *ultra*, beyond; L. fem. n. *Coenonia*, An existing genus; *Ultracoenonia*: A genus related to but distinct from the existing genus Coenonia of beyond.

Ultracoetzeea

L. nan preposition *ultra*, beyond; L. fem. n. *Coetzeea*, An existing genus; *Ultracoetzeea*: A genus related to but distinct from the existing genus Coetzeea of beyond.

Ultracognaticolwellia

L. nan preposition *ultra*, beyond; L. fem. n. *Cognaticolwellia*, An existing genus; *Ultracognaticolwellia*: A genus related to but distinct from the existing genus Cognaticolwellia of beyond.

Ultracognatishimia

L. nan preposition *ultra*, beyond; L. fem. n. *Cognatishimia*, An existing genus; *Ultracognatishimia*: A genus related to but distinct from the existing genus Cognatishimia of beyond.

Ultracognatiyoonia

L. nan preposition *ultra*, beyond; L. fem. n. *Cognatiyoonia*, An existing genus; *Ultracognatiyoonia*: A genus related to but distinct from the existing genus Cognatiyoonia of beyond.

Ultracohaesibacter

L. nan preposition *ultra*, beyond; L. masc. n. *Cohaesibacter*, An existing genus; *Ultracohaesibacter*: A genus related to but distinct from the existing genus Cohaesibacter of beyond.

Ultracohnella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Cohnella*, An existing genus; *Ultracohnella*: A genus related to but distinct from the existing genus Cohnella of beyond.

Ultracoleofasciculus

L. nan preposition *ultra*, beyond; L. masc. dim. n. *Coleofasciculus*, An existing genus; *Ultracoleofasciculus*: A genus related to but distinct from the existing genus Coleofasciculus of beyond.

Ultracollimonas

L. nan preposition *ultra*, beyond; L. fem. n. *Collimonas*, An existing genus; *Ultracollimonas*: A genus related to but distinct from the existing genus Collimonas of beyond.

Ultracollinsella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Collinsella*, An existing genus; *Ultracollinsella*: A genus related to but distinct from the existing genus Collinsella of beyond.

Ultracolteronema

L. nan preposition *ultra*, beyond; L. neut. n. *Colteronema*, An existing genus; *Ultracolteronema*: A genus related to but distinct from the existing genus Colteronema of beyond.

Ultracolwellia

L. nan preposition *ultra*, beyond; L. fem. n. *Colwellia*, An existing genus; *Ultracolwellia*: A genus related to but distinct from the existing genus Colwellia of beyond.

Ultracomamonas

L. nan preposition *ultra*, beyond; L. fem. n. *Comamonas*, An existing genus; *Ultracomamonas*: A genus related to but distinct from the existing genus Comamonas of beyond.

Ultracommensalibacter

L. nan preposition *ultra*, beyond; L. masc. n. *Commensalibacter*, An existing genus; *Ultracommensalibacter*: A genus related to but distinct from the existing genus Commensalibacter of beyond.

Ultracompactonostoc

L. nan preposition *ultra*, beyond; L. neut. n. *Compactonostoc*, An existing genus; *Ultracompactonostoc*: A genus related to but distinct from the existing genus Compactonostoc of beyond.

Ultracompanilactobacillus

L. nan preposition *ultra*, beyond; L. masc. n. *Companilactobacillus*, An existing genus; *Ultracompanilactobacillus*: A genus related to but distinct from the existing genus Companilactobacillus of beyond.

Ultracompostibacillus

L. nan preposition *ultra*, beyond; L. masc. n. *Compostibacillus*, An existing genus; *Ultracompostibacillus*: A genus related to but distinct from the existing genus Compostibacillus of beyond.

Ultracompostimonas

L. nan preposition *ultra*, beyond; L. fem. n. *Compostimonas*, An existing genus; *Ultracompostimonas*: A genus related to but distinct from the existing genus Compostimonas of beyond.

Ultraconchiformibius

L. nan preposition *ultra*, beyond; L. masc. n. *Conchiformibius*, An existing genus; *Ultraconchiformibius*: A genus related to but distinct from the existing genus Conchiformibius of beyond.

Ultraconexibacter

L. nan preposition *ultra*, beyond; L. masc. n. *Conexibacter*, An existing genus; *Ultraconexibacter*: A genus related to but distinct from the existing genus Conexibacter of beyond.

Ultraconfluentibacter

L. nan preposition *ultra*, beyond; L. masc. n. *Confluentibacter*, An existing genus; *Ultraconfluentibacter*: A genus related to but distinct from the existing genus Confluentibacter of beyond.

Ultraconfluentimicrobium

L. nan preposition *ultra*, beyond; L. neut. n. *Confluentimicrobium*, An existing genus; *Ultraconfluentimicrobium*: A genus related to but distinct from the existing genus Confluentimicrobium of beyond.

Ultraconglomeromonas

L. nan preposition *ultra*, beyond; L. fem. n. *Conglomeromonas*, An existing genus; *Ultraconglomeromonas*: A genus related to but distinct from the existing genus Conglomeromonas of beyond.

Ultracongregibacter

L. nan preposition *ultra*, beyond; L. masc. n. *Congregibacter*, An existing genus; *Ultracongregibacter*: A genus related to but distinct from the existing genus Congregibacter of beyond.

Ultraconservatibacter

L. nan preposition *ultra*, beyond; L. masc. n. *Conservatibacter*, An existing genus; *Ultraconservatibacter*: A genus related to but distinct from the existing genus Conservatibacter of beyond.

Ultraconsotaella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Consotaella*, An existing genus; *Ultraconsotaella*: A genus related to but distinct from the existing genus Consotaella of beyond.

Ultraconstrictibacter

L. nan preposition *ultra*, beyond; L. masc. n. *Constrictibacter*, An existing genus; *Ultraconstrictibacter*: A genus related to but distinct from the existing genus Constrictibacter of beyond.

Ultraconvivina

L. nan preposition *ultra*, beyond; L. fem. n. *Convivina*, An existing genus; *Ultraconvivina*: A genus related to but distinct from the existing genus Convivina of beyond.

Ultraconyzicola

L. nan preposition *ultra*, beyond; L. fem. n. *Conyzicola*, An existing genus; *Ultraconyzicola*: A genus related to but distinct from the existing genus Conyzicola of beyond.

Ultracoprobacillus

L. nan preposition *ultra*, beyond; L. masc. n. *Coprobacillus*, An existing genus; *Ultracoprobacillus*: A genus related to but distinct from the existing genus Coprobacillus of beyond.

Ultracoprobacter

L. nan preposition *ultra*, beyond; L. masc. n. *Coprobacter*, An existing genus; *Ultracoprobacter*: A genus related to but distinct from the existing genus Coprobacter of beyond.

Ultracoprococcus

L. nan preposition *ultra*, beyond; L. masc. n. *Coprococcus*, An existing genus; *Ultracoprococcus*: A genus related to but distinct from the existing genus Coprococcus of beyond.

Ultracoprothermobacter

L. nan preposition *ultra*, beyond; L. masc. n. *Coprothermobacter*, An existing genus; *Ultracoprothermobacter*: A genus related to but distinct from the existing genus Coprothermobacter of beyond.

Ultracoraliitalea

L. nan preposition *ultra*, beyond; L. fem. n. *Coraliitalea*, An existing genus; *Ultracoraliitalea*: A genus related to but distinct from the existing genus Coraliitalea of beyond.

Ultracoraliomargarita

L. nan preposition *ultra*, beyond; L. fem. n. *Coraliomargarita*, An existing genus; *Ultracoraliomargarita*: A genus related to but distinct from the existing genus Coraliomargarita of beyond.

Ultracorallibacter

L. nan preposition *ultra*, beyond; L. masc. n. *Corallibacter*, An existing genus; *Ultracorallibacter*: A genus related to but distinct from the existing genus Corallibacter of beyond.

Ultracorallincola

L. nan preposition *ultra*, beyond; L. masc. n. *Corallincola*, An existing genus; *Ultracorallincola*: A genus related to but distinct from the existing genus Corallincola of beyond.

Ultracorallococcus

L. nan preposition *ultra*, beyond; L. masc. n. *Corallococcus*, An existing genus; *Ultracorallococcus*: A genus related to but distinct from the existing genus Corallococcus of beyond.

Ultracoralloluteibacterium

L. nan preposition *ultra*, beyond; L. neut. n. *Coralloluteibacterium*, An existing genus; *Ultracoralloluteibacterium*: A genus related to but distinct from the existing genus Coralloluteibacterium of beyond.

Ultracorallomonas

L. nan preposition *ultra*, beyond; L. fem. n. *Corallomonas*, An existing genus; *Ultracorallomonas*: A genus related to but distinct from the existing genus Corallomonas of beyond.

Ultracoralslurrinella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Coralslurrinella*, An existing genus; *Ultracoralslurrinella*: A genus related to but distinct from the existing genus Coralslurrinella of beyond.

Ultracorticicoccus

L. nan preposition *ultra*, beyond; L. masc. n. *Corticicoccus*, An existing genus; *Ultracorticicoccus*: A genus related to but distinct from the existing genus Corticicoccus of beyond.

Ultracorynebacterium

L. nan preposition *ultra*, beyond; L. neut. n. *Corynebacterium*, An existing genus; *Ultracorynebacterium*: A genus related to but distinct from the existing genus Corynebacterium of beyond.

Ultracosenzaea

L. nan preposition *ultra*, beyond; L. fem. n. *Cosenzaea*, An existing genus; *Ultracosenzaea*: A genus related to but distinct from the existing genus Cosenzaea of beyond.

Ultracostertonia

L. nan preposition *ultra*, beyond; L. fem. n. *Costertonia*, An existing genus; *Ultracostertonia*: A genus related to but distinct from the existing genus Costertonia of beyond.

Ultracouchioplanes

L. nan preposition *ultra*, beyond; L. masc. n. *Couchioplanes*, An existing genus; *Ultracouchioplanes*: A genus related to but distinct from the existing genus Couchioplanes of beyond.

Ultracowdria

L. nan preposition *ultra*, beyond; L. fem. n. *Cowdria*, An existing genus; *Ultracowdria*: A genus related to but distinct from the existing genus Cowdria of beyond.

Ultracoxiella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Coxiella*, An existing genus; *Ultracoxiella*: A genus related to but distinct from the existing genus Coxiella of beyond.

Ultracrabtreella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Crabtreella*, An existing genus; *Ultracrabtreella*: A genus related to but distinct from the existing genus Crabtreella of beyond.

Ultracrassaminicella

L. nan preposition *ultra*, beyond; L. fem. n. *Crassaminicella*, An existing genus; *Ultracrassaminicella*: A genus related to but distinct from the existing genus Crassaminicella of beyond.

Ultracrateriforma

L. nan preposition *ultra*, beyond; L. fem. n. *Crateriforma*, An existing genus; *Ultracrateriforma*: A genus related to but distinct from the existing genus Crateriforma of beyond.

Ultracraterilacuibacter

L. nan preposition *ultra*, beyond; L. masc. n. *Craterilacuibacter*, An existing genus; *Ultracraterilacuibacter*: A genus related to but distinct from the existing genus Craterilacuibacter of beyond.

Ultracraurococcus

L. nan preposition *ultra*, beyond; L. masc. n. *Craurococcus*, An existing genus; *Ultracraurococcus*: A genus related to but distinct from the existing genus Craurococcus of beyond.

Ultracrenalkalicoccus

L. nan preposition *ultra*, beyond; L. masc. n. *Crenalkalicoccus*, An existing genus; *Ultracrenalkalicoccus*: A genus related to but distinct from the existing genus Crenalkalicoccus of beyond.

Ultracrenotalea

L. nan preposition *ultra*, beyond; L. fem. n. *Crenotalea*, An existing genus; *Ultracrenotalea*: A genus related to but distinct from the existing genus Crenotalea of beyond.

Ultracriblamydia

L. nan preposition *ultra*, beyond; L. fem. n. *Criblamydia*, An existing genus; *Ultracriblamydia*: A genus related to but distinct from the existing genus Criblamydia of beyond.

Ultracribrihabitans

L. nan preposition *ultra*, beyond; L. masc. n. *Cribrihabitans*, An existing genus; *Ultracribrihabitans*: A genus related to but distinct from the existing genus Cribrihabitans of beyond.

Ultracricetibacter

L. nan preposition *ultra*, beyond; L. masc. n. *Cricetibacter*, An existing genus; *Ultracricetibacter*: A genus related to but distinct from the existing genus Cricetibacter of beyond.

Ultracristispira

L. nan preposition *ultra*, beyond; L. fem. n. *Cristispira*, An existing genus; *Ultracristispira*: A genus related to but distinct from the existing genus Cristispira of beyond.

Ultracroceibacter

L. nan preposition *ultra*, beyond; L. masc. n. *Croceibacter*, An existing genus; *Ultracroceibacter*: A genus related to but distinct from the existing genus Croceibacter of beyond.

Ultracroceibacterium

L. nan preposition *ultra*, beyond; L. neut. n. *Croceibacterium*, An existing genus; *Ultracroceibacterium*: A genus related to but distinct from the existing genus Croceibacterium of beyond.

Ultracroceicoccus

L. nan preposition *ultra*, beyond; L. masc. n. *Croceicoccus*, An existing genus; *Ultracroceicoccus*: A genus related to but distinct from the existing genus Croceicoccus of beyond.

Ultracroceifilum

L. nan preposition *ultra*, beyond; L. neut. n. *Croceifilum*, An existing genus; *Ultracroceifilum*: A genus related to but distinct from the existing genus Croceifilum of beyond.

Ultracroceitalea

L. nan preposition *ultra*, beyond; L. fem. n. *Croceitalea*, An existing genus; *Ultracroceitalea*: A genus related to but distinct from the existing genus Croceitalea of beyond.

Ultracroceivirga

L. nan preposition *ultra*, beyond; L. fem. n. *Croceivirga*, An existing genus; *Ultracroceivirga*: A genus related to but distinct from the existing genus Croceivirga of beyond.

Ultracrocinitomix

L. nan preposition *ultra*, beyond; L. fem. n. *Crocinitomix*, An existing genus; *Ultracrocinitomix*: A genus related to but distinct from the existing genus Crocinitomix of beyond.

Ultracrocosphaera

L. nan preposition *ultra*, beyond; L. fem. n. *Crocosphaera*, An existing genus; *Ultracrocosphaera*: A genus related to but distinct from the existing genus Crocosphaera of beyond.

Ultracronobacter

L. nan preposition *ultra*, beyond; L. masc. n. *Cronobacter*, An existing genus; *Ultracronobacter*: A genus related to but distinct from the existing genus Cronobacter of beyond.

Ultracrossiella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Crossiella*, An existing genus; *Ultracrossiella*: A genus related to but distinct from the existing genus Crossiella of beyond.

Ultracruoricaptor

L. nan preposition *ultra*, beyond; L. masc. n. *Cruoricaptor*, An existing genus; *Ultracruoricaptor*: A genus related to but distinct from the existing genus Cruoricaptor of beyond.

Ultracryobacterium

L. nan preposition *ultra*, beyond; L. neut. n. *Cryobacterium*, An existing genus; *Ultracryobacterium*: A genus related to but distinct from the existing genus Cryobacterium of beyond.

Ultracryomorpha

L. nan preposition *ultra*, beyond; L. fem. n. *Cryomorpha*, An existing genus; *Ultracryomorpha*: A genus related to but distinct from the existing genus Cryomorpha of beyond.

Ultracryptanaerobacter

L. nan preposition *ultra*, beyond; L. masc. n. *Cryptanaerobacter*, An existing genus; *Ultracryptanaerobacter*: A genus related to but distinct from the existing genus Cryptanaerobacter of beyond.

Ultracryptobacterium

L. nan preposition *ultra*, beyond; L. neut. n. *Cryptobacterium*, An existing genus; *Ultracryptobacterium*: A genus related to but distinct from the existing genus Cryptobacterium of beyond.

Ultracryptococcum

L. nan preposition *ultra*, beyond; L. neut. n. *Cryptococcum*, An existing genus; *Ultracryptococcum*: A genus related to but distinct from the existing genus Cryptococcum of beyond.

Ultracryptosporangium

L. nan preposition *ultra*, beyond; L. neut. n. *Cryptosporangium*, An existing genus; *Ultracryptosporangium*: A genus related to but distinct from the existing genus Cryptosporangium of beyond.

Ultracucumibacter

L. nan preposition *ultra*, beyond; L. masc. n. *Cucumibacter*, An existing genus; *Ultracucumibacter*: A genus related to but distinct from the existing genus Cucumibacter of beyond.

Ultracumulibacter

L. nan preposition *ultra*, beyond; L. masc. n. *Cumulibacter*, An existing genus; *Ultracumulibacter*: A genus related to but distinct from the existing genus Cumulibacter of beyond.

Ultracuneatibacter

L. nan preposition *ultra*, beyond; L. masc. n. *Cuneatibacter*, An existing genus; *Ultracuneatibacter*: A genus related to but distinct from the existing genus Cuneatibacter of beyond.

Ultracuniculiplasma

L. nan preposition *ultra*, beyond; L. neut. n. *Cuniculiplasma*, An existing genus; *Ultracuniculiplasma*: A genus related to but distinct from the existing genus Cuniculiplasma of beyond.

Ultracupriavidus

L. nan preposition *ultra*, beyond; L. masc. n. *Cupriavidus*, An existing genus; *Ultracupriavidus*: A genus related to but distinct from the existing genus Cupriavidus of beyond.

Ultracurtobacterium

L. nan preposition *ultra*, beyond; L. neut. n. *Curtobacterium*, An existing genus; *Ultracurtobacterium*: A genus related to but distinct from the existing genus Curtobacterium of beyond.

Ultracurvibacter

L. nan preposition *ultra*, beyond; L. masc. n. *Curvibacter*, An existing genus; *Ultracurvibacter*: A genus related to but distinct from the existing genus Curvibacter of beyond.

Ultracutibacterium

L. nan preposition *ultra*, beyond; L. neut. n. *Cutibacterium*, An existing genus; *Ultracutibacterium*: A genus related to but distinct from the existing genus Cutibacterium of beyond.

Ultracyanocohniella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Cyanocohniella*, An existing genus; *Ultracyanocohniella*: A genus related to but distinct from the existing genus Cyanocohniella of beyond.

Ultracyanocomperia

L. nan preposition *ultra*, beyond; L. fem. n. *Cyanocomperia*, An existing genus; *Ultracyanocomperia*: A genus related to but distinct from the existing genus Cyanocomperia of beyond.

Ultracyanoderma

L. nan preposition *ultra*, beyond; L. neut. n. *Cyanoderma*, An existing genus; *Ultracyanoderma*: A genus related to but distinct from the existing genus Cyanoderma of beyond.

Ultracyanosaccus

L. nan preposition *ultra*, beyond; L. masc. n. *Cyanosaccus*, An existing genus; *Ultracyanosaccus*: A genus related to but distinct from the existing genus Cyanosaccus of beyond.

Ultracyclobacterium

L. nan preposition *ultra*, beyond; L. neut. n. *Cyclobacterium*, An existing genus; *Ultracyclobacterium*: A genus related to but distinct from the existing genus Cyclobacterium of beyond.

Ultracycloclasticus

L. nan preposition *ultra*, beyond; L. masc. n. *Cycloclasticus*, An existing genus; *Ultracycloclasticus*: A genus related to but distinct from the existing genus Cycloclasticus of beyond.

Ultracysteiniphilum

L. nan preposition *ultra*, beyond; L. neut. n. *Cysteiniphilum*, An existing genus; *Ultracysteiniphilum*: A genus related to but distinct from the existing genus Cysteiniphilum of beyond.

Ultracystobacter

L. nan preposition *ultra*, beyond; L. masc. n. *Cystobacter*, An existing genus; *Ultracystobacter*: A genus related to but distinct from the existing genus Cystobacter of beyond.

Ultracytobacillus

L. nan preposition *ultra*, beyond; L. masc. n. *Cytobacillus*, An existing genus; *Ultracytobacillus*: A genus related to but distinct from the existing genus Cytobacillus of beyond.

Ultracytophaga

L. nan preposition *ultra*, beyond; L. fem. n. *Cytophaga*, An existing genus; *Ultracytophaga*: A genus related to but distinct from the existing genus Cytophaga of beyond.

Ultradactylosporangium

L. nan preposition *ultra*, beyond; L. neut. n. *Dactylosporangium*, An existing genus; *Ultradactylosporangium*: A genus related to but distinct from the existing genus Dactylosporangium of beyond.

Ultradaeguia

L. nan preposition *ultra*, beyond; L. fem. n. *Daeguia*, An existing genus; *Ultradaeguia*: A genus related to but distinct from the existing genus Daeguia of beyond.

Ultradaejeonella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Daejeonella*, An existing genus; *Ultradaejeonella*: A genus related to but distinct from the existing genus Daejeonella of beyond.

Ultradaejeonia

L. nan preposition *ultra*, beyond; L. fem. n. *Daejeonia*, An existing genus; *Ultradaejeonia*: A genus related to but distinct from the existing genus Daejeonia of beyond.

Ultradankookia

L. nan preposition *ultra*, beyond; L. fem. n. *Dankookia*, An existing genus; *Ultradankookia*: A genus related to but distinct from the existing genus Dankookia of beyond.

Ultradaptobacter

L. nan preposition *ultra*, beyond; L. masc. n. *Daptobacter*, An existing genus; *Ultradaptobacter*: A genus related to but distinct from the existing genus Daptobacter of beyond.

Ultradasania

L. nan preposition *ultra*, beyond; L. fem. n. *Dasania*, An existing genus; *Ultradasania*: A genus related to but distinct from the existing genus Dasania of beyond.

Ultradechlorobacter

L. nan preposition *ultra*, beyond; L. masc. n. *Dechlorobacter*, An existing genus; *Ultradechlorobacter*: A genus related to but distinct from the existing genus Dechlorobacter of beyond.

Ultradechloromonas

L. nan preposition *ultra*, beyond; L. fem. n. *Dechloromonas*, An existing genus; *Ultradechloromonas*: A genus related to but distinct from the existing genus Dechloromonas of beyond.

Ultradechlorosoma

L. nan preposition *ultra*, beyond; L. neut. n. *Dechlorosoma*, An existing genus; *Ultradechlorosoma*: A genus related to but distinct from the existing genus Dechlorosoma of beyond.

Ultradeefgea

L. nan preposition *ultra*, beyond; L. fem. n. *Deefgea*, An existing genus; *Ultradeefgea*: A genus related to but distinct from the existing genus Deefgea of beyond.

Ultradeferribacter

L. nan preposition *ultra*, beyond; L. masc. n. *Deferribacter*, An existing genus; *Ultradeferribacter*: A genus related to but distinct from the existing genus Deferribacter of beyond.

Ultradeferrisoma

L. nan preposition *ultra*, beyond; L. neut. n. *Deferrisoma*, An existing genus; *Ultradeferrisoma*: A genus related to but distinct from the existing genus Deferrisoma of beyond.

Ultradefluvibacter

L. nan preposition *ultra*, beyond; L. masc. n. *Defluvibacter*, An existing genus; *Ultradefluvibacter*: A genus related to but distinct from the existing genus Defluvibacter of beyond.

Ultradefluviicoccus

L. nan preposition *ultra*, beyond; L. masc. n. *Defluviicoccus*, An existing genus; *Ultradefluviicoccus*: A genus related to but distinct from the existing genus Defluviicoccus of beyond.

Ultradefluviimonas

L. nan preposition *ultra*, beyond; L. fem. n. *Defluviimonas*, An existing genus; *Ultradefluviimonas*: A genus related to but distinct from the existing genus Defluviimonas of beyond.

Ultradefluviitalea

L. nan preposition *ultra*, beyond; L. fem. n. *Defluviitalea*, An existing genus; *Ultradefluviitalea*: A genus related to but distinct from the existing genus Defluviitalea of beyond.

Ultradefluviitoga

L. nan preposition *ultra*, beyond; L. fem. n. *Defluviitoga*, An existing genus; *Ultradefluviitoga*: A genus related to but distinct from the existing genus Defluviitoga of beyond.

Ultradehalobacter

L. nan preposition *ultra*, beyond; L. masc. n. *Dehalobacter*, An existing genus; *Ultradehalobacter*: A genus related to but distinct from the existing genus Dehalobacter of beyond.

Ultradehalobacterium

L. nan preposition *ultra*, beyond; L. neut. n. *Dehalobacterium*, An existing genus; *Ultradehalobacterium*: A genus related to but distinct from the existing genus Dehalobacterium of beyond.

Ultradehalogenimonas

L. nan preposition *ultra*, beyond; L. fem. n. *Dehalogenimonas*, An existing genus; *Ultradehalogenimonas*: A genus related to but distinct from the existing genus Dehalogenimonas of beyond.

Ultradeinobacter

L. nan preposition *ultra*, beyond; L. masc. n. *Deinobacter*, An existing genus; *Ultradeinobacter*: A genus related to but distinct from the existing genus Deinobacter of beyond.

Ultradeinobacterium

L. nan preposition *ultra*, beyond; L. neut. n. *Deinobacterium*, An existing genus; *Ultradeinobacterium*: A genus related to but distinct from the existing genus Deinobacterium of beyond.

Ultradeinococcus

L. nan preposition *ultra*, beyond; L. masc. n. *Deinococcus*, An existing genus; *Ultradeinococcus*: A genus related to but distinct from the existing genus Deinococcus of beyond.

Ultradeleya

L. nan preposition *ultra*, beyond; L. fem. n. *Deleya*, An existing genus; *Ultradeleya*: A genus related to but distinct from the existing genus Deleya of beyond.

Ultradelftia

L. nan preposition *ultra*, beyond; L. fem. n. *Delftia*, An existing genus; *Ultradelftia*: A genus related to but distinct from the existing genus Delftia of beyond.

Ultradellaglioa

L. nan preposition *ultra*, beyond; L. fem. n. *Dellaglioa*, An existing genus; *Ultradellaglioa*: A genus related to but distinct from the existing genus Dellaglioa of beyond.

Ultrademequina

L. nan preposition *ultra*, beyond; L. fem. n. *Demequina*, An existing genus; *Ultrademequina*: A genus related to but distinct from the existing genus Demequina of beyond.

Ultrademetria

L. nan preposition *ultra*, beyond; L. fem. n. *Demetria*, An existing genus; *Ultrademetria*: A genus related to but distinct from the existing genus Demetria of beyond.

Ultrademinuibacter

L. nan preposition *ultra*, beyond; L. masc. n. *Deminuibacter*, An existing genus; *Ultrademinuibacter*: A genus related to but distinct from the existing genus Deminuibacter of beyond.

Ultradenitratimonas

L. nan preposition *ultra*, beyond; L. fem. n. *Denitratimonas*, An existing genus; *Ultradenitratimonas*: A genus related to but distinct from the existing genus Denitratimonas of beyond.

Ultradenitratisoma

L. nan preposition *ultra*, beyond; L. neut. n. *Denitratisoma*, An existing genus; *Ultradenitratisoma*: A genus related to but distinct from the existing genus Denitratisoma of beyond.

Ultradenitrobacterium

L. nan preposition *ultra*, beyond; L. neut. n. *Denitrobacterium*, An existing genus; *Ultradenitrobacterium*: A genus related to but distinct from the existing genus Denitrobacterium of beyond.

Ultradenitrobaculum

L. nan preposition *ultra*, beyond; L. neut. n. *Denitrobaculum*, An existing genus; *Ultradenitrobaculum*: A genus related to but distinct from the existing genus Denitrobaculum of beyond.

Ultradenitrovibrio

L. nan preposition *ultra*, beyond; L. masc. n. *Denitrovibrio*, An existing genus; *Ultradenitrovibrio*: A genus related to but distinct from the existing genus Denitrovibrio of beyond.

Ultradermacoccus

L. nan preposition *ultra*, beyond; L. masc. n. *Dermacoccus*, An existing genus; *Ultradermacoccus*: A genus related to but distinct from the existing genus Dermacoccus of beyond.

Ultradermatophilus

L. nan preposition *ultra*, beyond; L. masc. n. *Dermatophilus*, An existing genus; *Ultradermatophilus*: A genus related to but distinct from the existing genus Dermatophilus of beyond.

Ultraderxia

L. nan preposition *ultra*, beyond; L. fem. n. *Derxia*, An existing genus; *Ultraderxia*: A genus related to but distinct from the existing genus Derxia of beyond.

Ultradesemzia

L. nan preposition *ultra*, beyond; L. fem. n. *Desemzia*, An existing genus; *Ultradesemzia*: A genus related to but distinct from the existing genus Desemzia of beyond.

Ultradesertibacillus

L. nan preposition *ultra*, beyond; L. masc. n. *Desertibacillus*, An existing genus; *Ultradesertibacillus*: A genus related to but distinct from the existing genus Desertibacillus of beyond.

Ultradesertibacter

L. nan preposition *ultra*, beyond; L. masc. n. *Desertibacter*, An existing genus; *Ultradesertibacter*: A genus related to but distinct from the existing genus Desertibacter of beyond.

Ultradesertifilum

L. nan preposition *ultra*, beyond; L. neut. n. *Desertifilum*, An existing genus; *Ultradesertifilum*: A genus related to but distinct from the existing genus Desertifilum of beyond.

Ultradesertihabitans

L. nan preposition *ultra*, beyond; L. masc. n. *Desertihabitans*, An existing genus; *Ultradesertihabitans*: A genus related to but distinct from the existing genus Desertihabitans of beyond.

Ultradesertimonas

L. nan preposition *ultra*, beyond; L. fem. n. *Desertimonas*, An existing genus; *Ultradesertimonas*: A genus related to but distinct from the existing genus Desertimonas of beyond.

Ultradesikacharya

L. nan preposition *ultra*, beyond; L. fem. n. *Desikacharya*, An existing genus; *Ultradesikacharya*: A genus related to but distinct from the existing genus Desikacharya of beyond.

Ultradesmospora

L. nan preposition *ultra*, beyond; L. fem. n. *Desmospora*, An existing genus; *Ultradesmospora*: A genus related to but distinct from the existing genus Desmospora of beyond.

Ultradesnuesiella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Desnuesiella*, An existing genus; *Ultradesnuesiella*: A genus related to but distinct from the existing genus Desnuesiella of beyond.

Ultradesulfacinum

L. nan preposition *ultra*, beyond; L. neut. n. *Desulfacinum*, An existing genus; *Ultradesulfacinum*: A genus related to but distinct from the existing genus Desulfacinum of beyond.

Ultradesulfallas

L. nan preposition *ultra*, beyond; L. masc. n. *Desulfallas*, An existing genus; *Ultradesulfallas*: A genus related to but distinct from the existing genus Desulfallas of beyond.

Ultradesulfarculus

L. nan preposition *ultra*, beyond; L. masc. n. *Desulfarculus*, An existing genus; *Ultradesulfarculus*: A genus related to but distinct from the existing genus Desulfarculus of beyond.

Ultradesulfatibacillum

L. nan preposition *ultra*, beyond; L. neut. n. *Desulfatibacillum*, An existing genus; *Ultradesulfatibacillum*: A genus related to but distinct from the existing genus Desulfatibacillum of beyond.

Ultradesulfatiferula

L. nan preposition *ultra*, beyond; L. fem. n. *Desulfatiferula*, An existing genus; *Ultradesulfatiferula*: A genus related to but distinct from the existing genus Desulfatiferula of beyond.

Ultradesulfatiglans

L. nan preposition *ultra*, beyond; L. fem. n. *Desulfatiglans*, An existing genus; *Ultradesulfatiglans*: A genus related to but distinct from the existing genus Desulfatiglans of beyond.

Ultradesulfatirhabdium

L. nan preposition *ultra*, beyond; L. neut. dim. n. *Desulfatirhabdium*, An existing genus; *Ultradesulfatirhabdium*: A genus related to but distinct from the existing genus Desulfatirhabdium of beyond.

Ultradesulfatitalea

L. nan preposition *ultra*, beyond; L. fem. n. *Desulfatitalea*, An existing genus; *Ultradesulfatitalea*: A genus related to but distinct from the existing genus Desulfatitalea of beyond.

Ultradesulfitibacter

L. nan preposition *ultra*, beyond; L. masc. n. *Desulfitibacter*, An existing genus; *Ultradesulfitibacter*: A genus related to but distinct from the existing genus Desulfitibacter of beyond.

Ultradesulfitispora

L. nan preposition *ultra*, beyond; L. fem. n. *Desulfitispora*, An existing genus; *Ultradesulfitispora*: A genus related to but distinct from the existing genus Desulfitispora of beyond.

Ultradesulfitobacterium

L. nan preposition *ultra*, beyond; L. neut. n. *Desulfitobacterium*, An existing genus; *Ultradesulfitobacterium*: A genus related to but distinct from the existing genus Desulfitobacterium of beyond.

Ultradesulfobacca

L. nan preposition *ultra*, beyond; L. fem. n. *Desulfobacca*, An existing genus; *Ultradesulfobacca*: A genus related to but distinct from the existing genus Desulfobacca of beyond.

Ultradesulfobacter

L. nan preposition *ultra*, beyond; L. masc. n. *Desulfobacter*, An existing genus; *Ultradesulfobacter*: A genus related to but distinct from the existing genus Desulfobacter of beyond.

Ultradesulfobacterium

L. nan preposition *ultra*, beyond; L. neut. n. *Desulfobacterium*, An existing genus; *Ultradesulfobacterium*: A genus related to but distinct from the existing genus Desulfobacterium of beyond.

Ultradesulfobacula

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Desulfobacula*, An existing genus; *Ultradesulfobacula*: A genus related to but distinct from the existing genus Desulfobacula of beyond.

Ultradesulfobaculum

L. nan preposition *ultra*, beyond; L. neut. n. *Desulfobaculum*, An existing genus; *Ultradesulfobaculum*: A genus related to but distinct from the existing genus Desulfobaculum of beyond.

Ultradesulfobotulus

L. nan preposition *ultra*, beyond; L. masc. n. *Desulfobotulus*, An existing genus; *Ultradesulfobotulus*: A genus related to but distinct from the existing genus Desulfobotulus of beyond.

Ultradesulfobulbus

L. nan preposition *ultra*, beyond; L. masc. n. *Desulfobulbus*, An existing genus; *Ultradesulfobulbus*: A genus related to but distinct from the existing genus Desulfobulbus of beyond.

Ultradesulfocapsa

L. nan preposition *ultra*, beyond; L. fem. n. *Desulfocapsa*, An existing genus; *Ultradesulfocapsa*: A genus related to but distinct from the existing genus Desulfocapsa of beyond.

Ultradesulfocarbo

L. nan preposition *ultra*, beyond; L. masc. n. *Desulfocarbo*, An existing genus; *Ultradesulfocarbo*: A genus related to but distinct from the existing genus Desulfocarbo of beyond.

Ultradesulfocella

L. nan preposition *ultra*, beyond; L. fem. n. *Desulfocella*, An existing genus; *Ultradesulfocella*: A genus related to but distinct from the existing genus Desulfocella of beyond.

Ultradesulfococcus

L. nan preposition *ultra*, beyond; L. masc. n. *Desulfococcus*, An existing genus; *Ultradesulfococcus*: A genus related to but distinct from the existing genus Desulfococcus of beyond.

Ultradesulfocucumis

L. nan preposition *ultra*, beyond; L. masc. n. *Desulfocucumis*, An existing genus; *Ultradesulfocucumis*: A genus related to but distinct from the existing genus Desulfocucumis of beyond.

Ultradesulfocurvibacter

L. nan preposition *ultra*, beyond; L. masc. n. *Desulfocurvibacter*, An existing genus; *Ultradesulfocurvibacter*: A genus related to but distinct from the existing genus Desulfocurvibacter of beyond.

Ultradesulfocurvus

L. nan preposition *ultra*, beyond; L. masc. n. *Desulfocurvus*, An existing genus; *Ultradesulfocurvus*: A genus related to but distinct from the existing genus Desulfocurvus of beyond.

Ultradesulfofaba

L. nan preposition *ultra*, beyond; L. fem. n. *Desulfofaba*, An existing genus; *Ultradesulfofaba*: A genus related to but distinct from the existing genus Desulfofaba of beyond.

Ultradesulfofarcimen

L. nan preposition *ultra*, beyond; L. neut. n. *Desulfofarcimen*, An existing genus; *Ultradesulfofarcimen*: A genus related to but distinct from the existing genus Desulfofarcimen of beyond.

Ultradesulfofrigus

L. nan preposition *ultra*, beyond; L. neut. n. *Desulfofrigus*, An existing genus; *Ultradesulfofrigus*: A genus related to but distinct from the existing genus Desulfofrigus of beyond.

Ultradesulfofundulus

L. nan preposition *ultra*, beyond; L. masc. n. *Desulfofundulus*, An existing genus; *Ultradesulfofundulus*: A genus related to but distinct from the existing genus Desulfofundulus of beyond.

Ultradesulfofustis

L. nan preposition *ultra*, beyond; L. masc. n. *Desulfofustis*, An existing genus; *Ultradesulfofustis*: A genus related to but distinct from the existing genus Desulfofustis of beyond.

Ultradesulfoglaeba

L. nan preposition *ultra*, beyond; L. fem. n. *Desulfoglaeba*, An existing genus; *Ultradesulfoglaeba*: A genus related to but distinct from the existing genus Desulfoglaeba of beyond.

Ultradesulfohalobium

L. nan preposition *ultra*, beyond; L. neut. n. *Desulfohalobium*, An existing genus; *Ultradesulfohalobium*: A genus related to but distinct from the existing genus Desulfohalobium of beyond.

Ultradesulfohalophilus

L. nan preposition *ultra*, beyond; L. masc. n. *Desulfohalophilus*, An existing genus; *Ultradesulfohalophilus*: A genus related to but distinct from the existing genus Desulfohalophilus of beyond.

Ultradesulfohalotomaculum

L. nan preposition *ultra*, beyond; L. neut. n. *Desulfohalotomaculum*, An existing genus; *Ultradesulfohalotomaculum*: A genus related to but distinct from the existing genus Desulfohalotomaculum of beyond.

Ultradesulfohalovibrio

L. nan preposition *ultra*, beyond; L. masc. n. *Desulfohalovibrio*, An existing genus; *Ultradesulfohalovibrio*: A genus related to but distinct from the existing genus Desulfohalovibrio of beyond.

Ultradesulfoluna

L. nan preposition *ultra*, beyond; L. fem. n. *Desulfoluna*, An existing genus; *Ultradesulfoluna*: A genus related to but distinct from the existing genus Desulfoluna of beyond.

Ultradesulfomicrobium

L. nan preposition *ultra*, beyond; L. neut. n. *Desulfomicrobium*, An existing genus; *Ultradesulfomicrobium*: A genus related to but distinct from the existing genus Desulfomicrobium of beyond.

Ultradesulfomonas

L. nan preposition *ultra*, beyond; L. fem. n. *Desulfomonas*, An existing genus; *Ultradesulfomonas*: A genus related to but distinct from the existing genus Desulfomonas of beyond.

Ultradesulfomonile

L. nan preposition *ultra*, beyond; L. neut. n. *Desulfomonile*, An existing genus; *Ultradesulfomonile*: A genus related to but distinct from the existing genus Desulfomonile of beyond.

Ultradesulfomusa

L. nan preposition *ultra*, beyond; L. fem. n. *Desulfomusa*, An existing genus; *Ultradesulfomusa*: A genus related to but distinct from the existing genus Desulfomusa of beyond.

Ultradesulfonatronobacter

L. nan preposition *ultra*, beyond; L. masc. n. *Desulfonatronobacter*, An existing genus; *Ultradesulfonatronobacter*: A genus related to but distinct from the existing genus Desulfonatronobacter of beyond.

Ultradesulfonatronospira

L. nan preposition *ultra*, beyond; L. fem. n. *Desulfonatronospira*, An existing genus; *Ultradesulfonatronospira*: A genus related to but distinct from the existing genus Desulfonatronospira of beyond.

Ultradesulfonatronovibrio

L. nan preposition *ultra*, beyond; L. masc. n. *Desulfonatronovibrio*, An existing genus; *Ultradesulfonatronovibrio*: A genus related to but distinct from the existing genus Desulfonatronovibrio of beyond.

Ultradesulfonatronum

L. nan preposition *ultra*, beyond; L. neut. n. *Desulfonatronum*, An existing genus; *Ultradesulfonatronum*: A genus related to but distinct from the existing genus Desulfonatronum of beyond.

Ultradesulfonauticus

L. nan preposition *ultra*, beyond; L. masc. n. *Desulfonauticus*, An existing genus; *Ultradesulfonauticus*: A genus related to but distinct from the existing genus Desulfonauticus of beyond.

Ultradesulfonema

L. nan preposition *ultra*, beyond; L. neut. n. *Desulfonema*, An existing genus; *Ultradesulfonema*: A genus related to but distinct from the existing genus Desulfonema of beyond.

Ultradesulfonispora

L. nan preposition *ultra*, beyond; L. fem. n. *Desulfonispora*, An existing genus; *Ultradesulfonispora*: A genus related to but distinct from the existing genus Desulfonispora of beyond.

Ultradesulfopila

L. nan preposition *ultra*, beyond; L. fem. n. *Desulfopila*, An existing genus; *Ultradesulfopila*: A genus related to but distinct from the existing genus Desulfopila of beyond.

Ultradesulfoplanes

L. nan preposition *ultra*, beyond; L. masc. n. *Desulfoplanes*, An existing genus; *Ultradesulfoplanes*: A genus related to but distinct from the existing genus Desulfoplanes of beyond.

Ultradesulfoprunum

L. nan preposition *ultra*, beyond; L. neut. n. *Desulfoprunum*, An existing genus; *Ultradesulfoprunum*: A genus related to but distinct from the existing genus Desulfoprunum of beyond.

Ultradesulforegula

L. nan preposition *ultra*, beyond; L. fem. n. *Desulforegula*, An existing genus; *Ultradesulforegula*: A genus related to but distinct from the existing genus Desulforegula of beyond.

Ultradesulforhabdus

L. nan preposition *ultra*, beyond; L. fem. n. *Desulforhabdus*, An existing genus; *Ultradesulforhabdus*: A genus related to but distinct from the existing genus Desulforhabdus of beyond.

Ultradesulforhopalus

L. nan preposition *ultra*, beyond; L. masc. n. *Desulforhopalus*, An existing genus; *Ultradesulforhopalus*: A genus related to but distinct from the existing genus Desulforhopalus of beyond.

Ultradesulfosalsimonas

L. nan preposition *ultra*, beyond; L. fem. n. *Desulfosalsimonas*, An existing genus; *Ultradesulfosalsimonas*: A genus related to but distinct from the existing genus Desulfosalsimonas of beyond.

Ultradesulfosarcina

L. nan preposition *ultra*, beyond; L. fem. n. *Desulfosarcina*, An existing genus; *Ultradesulfosarcina*: A genus related to but distinct from the existing genus Desulfosarcina of beyond.

Ultradesulfosoma

L. nan preposition *ultra*, beyond; L. neut. n. *Desulfosoma*, An existing genus; *Ultradesulfosoma*: A genus related to but distinct from the existing genus Desulfosoma of beyond.

Ultradesulfospira

L. nan preposition *ultra*, beyond; L. fem. n. *Desulfospira*, An existing genus; *Ultradesulfospira*: A genus related to but distinct from the existing genus Desulfospira of beyond.

Ultradesulfosporomusa

L. nan preposition *ultra*, beyond; L. fem. n. *Desulfosporomusa*, An existing genus; *Ultradesulfosporomusa*: A genus related to but distinct from the existing genus Desulfosporomusa of beyond.

Ultradesulfosporosinus

L. nan preposition *ultra*, beyond; L. masc. n. *Desulfosporosinus*, An existing genus; *Ultradesulfosporosinus*: A genus related to but distinct from the existing genus Desulfosporosinus of beyond.

Ultradesulfotalea

L. nan preposition *ultra*, beyond; L. fem. n. *Desulfotalea*, An existing genus; *Ultradesulfotalea*: A genus related to but distinct from the existing genus Desulfotalea of beyond.

Ultradesulfothermobacter

L. nan preposition *ultra*, beyond; L. masc. n. *Desulfothermobacter*, An existing genus; *Ultradesulfothermobacter*: A genus related to but distinct from the existing genus Desulfothermobacter of beyond.

Ultradesulfothermus

L. nan preposition *ultra*, beyond; L. masc. n. *Desulfothermus*, An existing genus; *Ultradesulfothermus*: A genus related to but distinct from the existing genus Desulfothermus of beyond.

Ultradesulfotignum

L. nan preposition *ultra*, beyond; L. neut. n. *Desulfotignum*, An existing genus; *Ultradesulfotignum*: A genus related to but distinct from the existing genus Desulfotignum of beyond.

Ultradesulfotomaculum

L. nan preposition *ultra*, beyond; L. neut. n. *Desulfotomaculum*, An existing genus; *Ultradesulfotomaculum*: A genus related to but distinct from the existing genus Desulfotomaculum of beyond.

Ultradesulfovermiculus

L. nan preposition *ultra*, beyond; L. masc. n. *Desulfovermiculus*, An existing genus; *Ultradesulfovermiculus*: A genus related to but distinct from the existing genus Desulfovermiculus of beyond.

Ultradesulfovibrio

L. nan preposition *ultra*, beyond; L. masc. n. *Desulfovibrio*, An existing genus; *Ultradesulfovibrio*: A genus related to but distinct from the existing genus Desulfovibrio of beyond.

Ultradesulfovirga

L. nan preposition *ultra*, beyond; L. fem. n. *Desulfovirga*, An existing genus; *Ultradesulfovirga*: A genus related to but distinct from the existing genus Desulfovirga of beyond.

Ultradesulfovirgula

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Desulfovirgula*, An existing genus; *Ultradesulfovirgula*: A genus related to but distinct from the existing genus Desulfovirgula of beyond.

Ultradesulfurella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Desulfurella*, An existing genus; *Ultradesulfurella*: A genus related to but distinct from the existing genus Desulfurella of beyond.

Ultradesulfuribacillus

L. nan preposition *ultra*, beyond; L. masc. n. *Desulfuribacillus*, An existing genus; *Ultradesulfuribacillus*: A genus related to but distinct from the existing genus Desulfuribacillus of beyond.

Ultradesulfurispira

L. nan preposition *ultra*, beyond; L. fem. n. *Desulfurispira*, An existing genus; *Ultradesulfurispira*: A genus related to but distinct from the existing genus Desulfurispira of beyond.

Ultradesulfurispirillum

L. nan preposition *ultra*, beyond; L. neut. dim. n. *Desulfurispirillum*, An existing genus; *Ultradesulfurispirillum*: A genus related to but distinct from the existing genus Desulfurispirillum of beyond.

Ultradesulfurispora

L. nan preposition *ultra*, beyond; L. fem. n. *Desulfurispora*, An existing genus; *Ultradesulfurispora*: A genus related to but distinct from the existing genus Desulfurispora of beyond.

Ultradesulfurivibrio

L. nan preposition *ultra*, beyond; L. masc. n. *Desulfurivibrio*, An existing genus; *Ultradesulfurivibrio*: A genus related to but distinct from the existing genus Desulfurivibrio of beyond.

Ultradesulfurobacterium

L. nan preposition *ultra*, beyond; L. neut. n. *Desulfurobacterium*, An existing genus; *Ultradesulfurobacterium*: A genus related to but distinct from the existing genus Desulfurobacterium of beyond.

Ultradesulfurococcus

L. nan preposition *ultra*, beyond; L. masc. n. *Desulfurococcus*, An existing genus; *Ultradesulfurococcus*: A genus related to but distinct from the existing genus Desulfurococcus of beyond.

Ultradesulfuromonas

L. nan preposition *ultra*, beyond; L. fem. n. *Desulfuromonas*, An existing genus; *Ultradesulfuromonas*: A genus related to but distinct from the existing genus Desulfuromonas of beyond.

Ultradesulfuromusa

L. nan preposition *ultra*, beyond; L. fem. n. *Desulfuromusa*, An existing genus; *Ultradesulfuromusa*: A genus related to but distinct from the existing genus Desulfuromusa of beyond.

Ultradethiobacter

L. nan preposition *ultra*, beyond; L. masc. n. *Dethiobacter*, An existing genus; *Ultradethiobacter*: A genus related to but distinct from the existing genus Dethiobacter of beyond.

Ultradethiosulfatarculus

L. nan preposition *ultra*, beyond; L. masc. dim. n. *Dethiosulfatarculus*, An existing genus; *Ultradethiosulfatarculus*: A genus related to but distinct from the existing genus Dethiosulfatarculus of beyond.

Ultradethiosulfatibacter

L. nan preposition *ultra*, beyond; L. masc. n. *Dethiosulfatibacter*, An existing genus; *Ultradethiosulfatibacter*: A genus related to but distinct from the existing genus Dethiosulfatibacter of beyond.

Ultradethiosulfovibrio

L. nan preposition *ultra*, beyond; L. masc. n. *Dethiosulfovibrio*, An existing genus; *Ultradethiosulfovibrio*: A genus related to but distinct from the existing genus Dethiosulfovibrio of beyond.

Ultradevosia

L. nan preposition *ultra*, beyond; L. fem. n. *Devosia*, An existing genus; *Ultradevosia*: A genus related to but distinct from the existing genus Devosia of beyond.

Ultradevriesea

L. nan preposition *ultra*, beyond; L. fem. n. *Devriesea*, An existing genus; *Ultradevriesea*: A genus related to but distinct from the existing genus Devriesea of beyond.

Ultradiaminobutyricibacter

L. nan preposition *ultra*, beyond; L. masc. n. *Diaminobutyricibacter*, An existing genus; *Ultradiaminobutyricibacter*: A genus related to but distinct from the existing genus Diaminobutyricibacter of beyond.

Ultradiaminobutyricimonas

L. nan preposition *ultra*, beyond; L. fem. n. *Diaminobutyricimonas*, An existing genus; *Ultradiaminobutyricimonas*: A genus related to but distinct from the existing genus Diaminobutyricimonas of beyond.

Ultradiaphorobacter

L. nan preposition *ultra*, beyond; L. masc. n. *Diaphorobacter*, An existing genus; *Ultradiaphorobacter*: A genus related to but distinct from the existing genus Diaphorobacter of beyond.

Ultradichelobacter

L. nan preposition *ultra*, beyond; L. masc. n. *Dichelobacter*, An existing genus; *Ultradichelobacter*: A genus related to but distinct from the existing genus Dichelobacter of beyond.

Ultradichotomicrobium

L. nan preposition *ultra*, beyond; L. neut. n. *Dichotomicrobium*, An existing genus; *Ultradichotomicrobium*: A genus related to but distinct from the existing genus Dichotomicrobium of beyond.

Ultradickeya

L. nan preposition *ultra*, beyond; L. fem. n. *Dickeya*, An existing genus; *Ultradickeya*: A genus related to but distinct from the existing genus Dickeya of beyond.

Ultradictyobacter

L. nan preposition *ultra*, beyond; L. masc. n. *Dictyobacter*, An existing genus; *Ultradictyobacter*: A genus related to but distinct from the existing genus Dictyobacter of beyond.

Ultradictyoglomus

L. nan preposition *ultra*, beyond; L. neut. n. *Dictyoglomus*, An existing genus; *Ultradictyoglomus*: A genus related to but distinct from the existing genus Dictyoglomus of beyond.

Ultradielma

L. nan preposition *ultra*, beyond; L. fem. n. *Dielma*, An existing genus; *Ultradielma*: A genus related to but distinct from the existing genus Dielma of beyond.

Ultradietzia

L. nan preposition *ultra*, beyond; L. fem. n. *Dietzia*, An existing genus; *Ultradietzia*: A genus related to but distinct from the existing genus Dietzia of beyond.

Ultradinghuibacter

L. nan preposition *ultra*, beyond; L. masc. n. *Dinghuibacter*, An existing genus; *Ultradinghuibacter*: A genus related to but distinct from the existing genus Dinghuibacter of beyond.

Ultradinoroseobacter

L. nan preposition *ultra*, beyond; L. masc. n. *Dinoroseobacter*, An existing genus; *Ultradinoroseobacter*: A genus related to but distinct from the existing genus Dinoroseobacter of beyond.

Ultradiplocalyx

L. nan preposition *ultra*, beyond; L. masc. n. *Diplocalyx*, An existing genus; *Ultradiplocalyx*: A genus related to but distinct from the existing genus Diplocalyx of beyond.

Ultradiplorickettsia

L. nan preposition *ultra*, beyond; L. fem. n. *Diplorickettsia*, An existing genus; *Ultradiplorickettsia*: A genus related to but distinct from the existing genus Diplorickettsia of beyond.

Ultradiplosphaera

L. nan preposition *ultra*, beyond; L. fem. n. *Diplosphaera*, An existing genus; *Ultradiplosphaera*: A genus related to but distinct from the existing genus Diplosphaera of beyond.

Ultradissulfuribacter

L. nan preposition *ultra*, beyond; L. masc. n. *Dissulfuribacter*, An existing genus; *Ultradissulfuribacter*: A genus related to but distinct from the existing genus Dissulfuribacter of beyond.

Ultradissulfurimicrobium

L. nan preposition *ultra*, beyond; L. neut. n. *Dissulfurimicrobium*, An existing genus; *Ultradissulfurimicrobium*: A genus related to but distinct from the existing genus Dissulfurimicrobium of beyond.

Ultradissulfurirhabdus

L. nan preposition *ultra*, beyond; L. fem. n. *Dissulfurirhabdus*, An existing genus; *Ultradissulfurirhabdus*: A genus related to but distinct from the existing genus Dissulfurirhabdus of beyond.

Ultradokdonella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Dokdonella*, An existing genus; *Ultradokdonella*: A genus related to but distinct from the existing genus Dokdonella of beyond.

Ultradokdonia

L. nan preposition *ultra*, beyond; L. fem. n. *Dokdonia*, An existing genus; *Ultradokdonia*: A genus related to but distinct from the existing genus Dokdonia of beyond.

Ultradolosicoccus

L. nan preposition *ultra*, beyond; L. masc. n. *Dolosicoccus*, An existing genus; *Ultradolosicoccus*: A genus related to but distinct from the existing genus Dolosicoccus of beyond.

Ultradolosigranulum

L. nan preposition *ultra*, beyond; L. neut. n. *Dolosigranulum*, An existing genus; *Ultradolosigranulum*: A genus related to but distinct from the existing genus Dolosigranulum of beyond.

Ultradomibacillus

L. nan preposition *ultra*, beyond; L. masc. n. *Domibacillus*, An existing genus; *Ultradomibacillus*: A genus related to but distinct from the existing genus Domibacillus of beyond.

Ultradonghaeana

L. nan preposition *ultra*, beyond; L. fem. n. *Donghaeana*, An existing genus; *Ultradonghaeana*: A genus related to but distinct from the existing genus Donghaeana of beyond.

Ultradonghicola

L. nan preposition *ultra*, beyond; L. masc. n. *Donghicola*, An existing genus; *Ultradonghicola*: A genus related to but distinct from the existing genus Donghicola of beyond.

Ultradongia

L. nan preposition *ultra*, beyond; L. fem. n. *Dongia*, An existing genus; *Ultradongia*: A genus related to but distinct from the existing genus Dongia of beyond.

Ultradongshaea

L. nan preposition *ultra*, beyond; L. fem. n. *Dongshaea*, An existing genus; *Ultradongshaea*: A genus related to but distinct from the existing genus Dongshaea of beyond.

Ultradorea

L. nan preposition *ultra*, beyond; L. fem. n. *Dorea*, An existing genus; *Ultradorea*: A genus related to but distinct from the existing genus Dorea of beyond.

Ultradraconibacterium

L. nan preposition *ultra*, beyond; L. neut. n. *Draconibacterium*, An existing genus; *Ultradraconibacterium*: A genus related to but distinct from the existing genus Draconibacterium of beyond.

Ultradrancourtella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Drancourtella*, An existing genus; *Ultradrancourtella*: A genus related to but distinct from the existing genus Drancourtella of beyond.

Ultradrouetiella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Drouetiella*, An existing genus; *Ultradrouetiella*: A genus related to but distinct from the existing genus Drouetiella of beyond.

Ultradubosiella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Dubosiella*, An existing genus; *Ultradubosiella*: A genus related to but distinct from the existing genus Dubosiella of beyond.

Ultraduganella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Duganella*, An existing genus; *Ultraduganella*: A genus related to but distinct from the existing genus Duganella of beyond.

Ultradulcicalothrix

L. nan preposition *ultra*, beyond; L. fem. n. *Dulcicalothrix*, An existing genus; *Ultradulcicalothrix*: A genus related to but distinct from the existing genus Dulcicalothrix of beyond.

Ultraduncaniella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Duncaniella*, An existing genus; *Ultraduncaniella*: A genus related to but distinct from the existing genus Duncaniella of beyond.

Ultradyadobacter

L. nan preposition *ultra*, beyond; L. masc. n. *Dyadobacter*, An existing genus; *Ultradyadobacter*: A genus related to but distinct from the existing genus Dyadobacter of beyond.

Ultradyella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Dyella*, An existing genus; *Ultradyella*: A genus related to but distinct from the existing genus Dyella of beyond.

Ultradysgonomonas

L. nan preposition *ultra*, beyond; L. fem. n. *Dysgonomonas*, An existing genus; *Ultradysgonomonas*: A genus related to but distinct from the existing genus Dysgonomonas of beyond.

Ultradysosmobacter

L. nan preposition *ultra*, beyond; L. masc. n. *Dysosmobacter*, An existing genus; *Ultradysosmobacter*: A genus related to but distinct from the existing genus Dysosmobacter of beyond.

Ultraechinicola

L. nan preposition *ultra*, beyond; L. fem. n. *Echinicola*, An existing genus; *Ultraechinicola*: A genus related to but distinct from the existing genus Echinicola of beyond.

Ultraechinimonas

L. nan preposition *ultra*, beyond; L. fem. n. *Echinimonas*, An existing genus; *Ultraechinimonas*: A genus related to but distinct from the existing genus Echinimonas of beyond.

Ultraectothiorhodosinus

L. nan preposition *ultra*, beyond; L. masc. n. *Ectothiorhodosinus*, An existing genus; *Ultraectothiorhodosinus*: A genus related to but distinct from the existing genus Ectothiorhodosinus of beyond.

Ultraectothiorhodospira

L. nan preposition *ultra*, beyond; L. fem. n. *Ectothiorhodospira*, An existing genus; *Ultraectothiorhodospira*: A genus related to but distinct from the existing genus Ectothiorhodospira of beyond.

Ultraedaphobacillus

L. nan preposition *ultra*, beyond; L. masc. n. *Edaphobacillus*, An existing genus; *Ultraedaphobacillus*: A genus related to but distinct from the existing genus Edaphobacillus of beyond.

Ultraedaphobacter

L. nan preposition *ultra*, beyond; L. masc. n. *Edaphobacter*, An existing genus; *Ultraedaphobacter*: A genus related to but distinct from the existing genus Edaphobacter of beyond.

Ultraedaphocola

L. nan preposition *ultra*, beyond; L. masc. n. *Edaphocola*, An existing genus; *Ultraedaphocola*: A genus related to but distinct from the existing genus Edaphocola of beyond.

Ultraedwardiiplasma

L. nan preposition *ultra*, beyond; L. neut. n. *Edwardiiplasma*, An existing genus; *Ultraedwardiiplasma*: A genus related to but distinct from the existing genus Edwardiiplasma of beyond.

Ultraedwardsiella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Edwardsiella*, An existing genus; *Ultraedwardsiella*: A genus related to but distinct from the existing genus Edwardsiella of beyond.

Ultraeffluviibacter

L. nan preposition *ultra*, beyond; L. masc. n. *Effluviibacter*, An existing genus; *Ultraeffluviibacter*: A genus related to but distinct from the existing genus Effluviibacter of beyond.

Ultraeffusibacillus

L. nan preposition *ultra*, beyond; L. masc. n. *Effusibacillus*, An existing genus; *Ultraeffusibacillus*: A genus related to but distinct from the existing genus Effusibacillus of beyond.

Ultraeggerthella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Eggerthella*, An existing genus; *Ultraeggerthella*: A genus related to but distinct from the existing genus Eggerthella of beyond.

Ultraeggerthia

L. nan preposition *ultra*, beyond; L. fem. n. *Eggerthia*, An existing genus; *Ultraeggerthia*: A genus related to but distinct from the existing genus Eggerthia of beyond.

Ultraegibacter

L. nan preposition *ultra*, beyond; L. masc. n. *Egibacter*, An existing genus; *Ultraegibacter*: A genus related to but distinct from the existing genus Egibacter of beyond.

Ultraegicoccus

L. nan preposition *ultra*, beyond; L. masc. n. *Egicoccus*, An existing genus; *Ultraegicoccus*: A genus related to but distinct from the existing genus Egicoccus of beyond.

Ultraehrlichia

L. nan preposition *ultra*, beyond; L. fem. n. *Ehrlichia*, An existing genus; *Ultraehrlichia*: A genus related to but distinct from the existing genus Ehrlichia of beyond.

Ultraeikenella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Eikenella*, An existing genus; *Ultraeikenella*: A genus related to but distinct from the existing genus Eikenella of beyond.

Ultraeilatimonas

L. nan preposition *ultra*, beyond; L. fem. n. *Eilatimonas*, An existing genus; *Ultraeilatimonas*: A genus related to but distinct from the existing genus Eilatimonas of beyond.

Ultraeionea

L. nan preposition *ultra*, beyond; L. fem. n. *Eionea*, An existing genus; *Ultraeionea*: A genus related to but distinct from the existing genus Eionea of beyond.

Ultraeisenbergiella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Eisenbergiella*, An existing genus; *Ultraeisenbergiella*: A genus related to but distinct from the existing genus Eisenbergiella of beyond.

Ultraeisenibacter

L. nan preposition *ultra*, beyond; L. masc. n. *Eisenibacter*, An existing genus; *Ultraeisenibacter*: A genus related to but distinct from the existing genus Eisenibacter of beyond.

Ultraelainella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Elainella*, An existing genus; *Ultraelainella*: A genus related to but distinct from the existing genus Elainella of beyond.

Ultraelioraea

L. nan preposition *ultra*, beyond; L. fem. n. *Elioraea*, An existing genus; *Ultraelioraea*: A genus related to but distinct from the existing genus Elioraea of beyond.

Ultraelizabethkingia

L. nan preposition *ultra*, beyond; L. fem. n. *Elizabethkingia*, An existing genus; *Ultraelizabethkingia*: A genus related to but distinct from the existing genus Elizabethkingia of beyond.

Ultraellagibacter

L. nan preposition *ultra*, beyond; L. masc. n. *Ellagibacter*, An existing genus; *Ultraellagibacter*: A genus related to but distinct from the existing genus Ellagibacter of beyond.

Ultraelstera

L. nan preposition *ultra*, beyond; L. fem. n. *Elstera*, An existing genus; *Ultraelstera*: A genus related to but distinct from the existing genus Elstera of beyond.

Ultraelusimicrobium

L. nan preposition *ultra*, beyond; L. neut. n. *Elusimicrobium*, An existing genus; *Ultraelusimicrobium*: A genus related to but distinct from the existing genus Elusimicrobium of beyond.

Ultraelytrosporangium

L. nan preposition *ultra*, beyond; L. neut. n. *Elytrosporangium*, An existing genus; *Ultraelytrosporangium*: A genus related to but distinct from the existing genus Elytrosporangium of beyond.

Ultraembleya

L. nan preposition *ultra*, beyond; L. fem. n. *Embleya*, An existing genus; *Ultraembleya*: A genus related to but distinct from the existing genus Embleya of beyond.

Ultraemcibacter

L. nan preposition *ultra*, beyond; L. masc. n. *Emcibacter*, An existing genus; *Ultraemcibacter*: A genus related to but distinct from the existing genus Emcibacter of beyond.

Ultraempedobacter

L. nan preposition *ultra*, beyond; L. masc. n. *Empedobacter*, An existing genus; *Ultraempedobacter*: A genus related to but distinct from the existing genus Empedobacter of beyond.

Ultraemticicia

L. nan preposition *ultra*, beyond; L. fem. n. *Emticicia*, An existing genus; *Ultraemticicia*: A genus related to but distinct from the existing genus Emticicia of beyond.

Ultraendobacter

L. nan preposition *ultra*, beyond; L. masc. n. *Endobacter*, An existing genus; *Ultraendobacter*: A genus related to but distinct from the existing genus Endobacter of beyond.

Ultraendobacterium

L. nan preposition *ultra*, beyond; L. neut. n. *Endobacterium*, An existing genus; *Ultraendobacterium*: A genus related to but distinct from the existing genus Endobacterium of beyond.

Ultraendomicrobium

L. nan preposition *ultra*, beyond; L. neut. n. *Endomicrobium*, An existing genus; *Ultraendomicrobium*: A genus related to but distinct from the existing genus Endomicrobium of beyond.

Ultraendothiovibrio

L. nan preposition *ultra*, beyond; L. masc. n. *Endothiovibrio*, An existing genus; *Ultraendothiovibrio*: A genus related to but distinct from the existing genus Endothiovibrio of beyond.

Ultraendozoicomonas

L. nan preposition *ultra*, beyond; L. fem. n. *Endozoicomonas*, An existing genus; *Ultraendozoicomonas*: A genus related to but distinct from the existing genus Endozoicomonas of beyond.

Ultraenhydrobacter

L. nan preposition *ultra*, beyond; L. masc. n. *Enhydrobacter*, An existing genus; *Ultraenhydrobacter*: A genus related to but distinct from the existing genus Enhydrobacter of beyond.

Ultraenhygromyxa

L. nan preposition *ultra*, beyond; L. fem. n. *Enhygromyxa*, An existing genus; *Ultraenhygromyxa*: A genus related to but distinct from the existing genus Enhygromyxa of beyond.

Ultraenorma

L. nan preposition *ultra*, beyond; L. fem. n. *Enorma*, An existing genus; *Ultraenorma*: A genus related to but distinct from the existing genus Enorma of beyond.

Ultraensifer

L. nan preposition *ultra*, beyond; L. masc. n. *Ensifer*, An existing genus; *Ultraensifer*: A genus related to but distinct from the existing genus Ensifer of beyond.

Ultraenteractinococcus

L. nan preposition *ultra*, beyond; L. masc. n. *Enteractinococcus*, An existing genus; *Ultraenteractinococcus*: A genus related to but distinct from the existing genus Enteractinococcus of beyond.

Ultraenterobacter

L. nan preposition *ultra*, beyond; L. masc. n. *Enterobacter*, An existing genus; *Ultraenterobacter*: A genus related to but distinct from the existing genus Enterobacter of beyond.

Ultraenterocloster

L. nan preposition *ultra*, beyond; L. masc. n. *Enterocloster*, An existing genus; *Ultraenterocloster*: A genus related to but distinct from the existing genus Enterocloster of beyond.

Ultraenterococcus

L. nan preposition *ultra*, beyond; L. masc. n. *Enterococcus*, An existing genus; *Ultraenterococcus*: A genus related to but distinct from the existing genus Enterococcus of beyond.

Ultraenterorhabdus

L. nan preposition *ultra*, beyond; L. fem. n. *Enterorhabdus*, An existing genus; *Ultraenterorhabdus*: A genus related to but distinct from the existing genus Enterorhabdus of beyond.

Ultraenteroscipio

L. nan preposition *ultra*, beyond; L. masc. n. *Enteroscipio*, An existing genus; *Ultraenteroscipio*: A genus related to but distinct from the existing genus Enteroscipio of beyond.

Ultraenterovibrio

L. nan preposition *ultra*, beyond; L. masc. n. *Enterovibrio*, An existing genus; *Ultraenterovibrio*: A genus related to but distinct from the existing genus Enterovibrio of beyond.

Ultraentomomonas

L. nan preposition *ultra*, beyond; L. fem. n. *Entomomonas*, An existing genus; *Ultraentomomonas*: A genus related to but distinct from the existing genus Entomomonas of beyond.

Ultraentomoplasma

L. nan preposition *ultra*, beyond; L. neut. n. *Entomoplasma*, An existing genus; *Ultraentomoplasma*: A genus related to but distinct from the existing genus Entomoplasma of beyond.

Ultraeperythrozoon

L. nan preposition *ultra*, beyond; L. neut. n. *Eperythrozoon*, An existing genus; *Ultraeperythrozoon*: A genus related to but distinct from the existing genus Eperythrozoon of beyond.

Ultraephemeroptericola

L. nan preposition *ultra*, beyond; L. masc. n. *Ephemeroptericola*, An existing genus; *Ultraephemeroptericola*: A genus related to but distinct from the existing genus Ephemeroptericola of beyond.

Ultraepibacterium

L. nan preposition *ultra*, beyond; L. neut. n. *Epibacterium*, An existing genus; *Ultraepibacterium*: A genus related to but distinct from the existing genus Epibacterium of beyond.

Ultraepidermidibacterium

L. nan preposition *ultra*, beyond; L. neut. n. *Epidermidibacterium*, An existing genus; *Ultraepidermidibacterium*: A genus related to but distinct from the existing genus Epidermidibacterium of beyond.

Ultraepigloeosphaera

L. nan preposition *ultra*, beyond; L. fem. n. *Epigloeosphaera*, An existing genus; *Ultraepigloeosphaera*: A genus related to but distinct from the existing genus Epigloeosphaera of beyond.

Ultraepilithonimonas

L. nan preposition *ultra*, beyond; L. fem. n. *Epilithonimonas*, An existing genus; *Ultraepilithonimonas*: A genus related to but distinct from the existing genus Epilithonimonas of beyond.

Ultraercella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Ercella*, An existing genus; *Ultraercella*: A genus related to but distinct from the existing genus Ercella of beyond.

Ultraereboglobus

L. nan preposition *ultra*, beyond; L. masc. n. *Ereboglobus*, An existing genus; *Ultraereboglobus*: A genus related to but distinct from the existing genus Ereboglobus of beyond.

Ultraeremococcus

L. nan preposition *ultra*, beyond; L. masc. n. *Eremococcus*, An existing genus; *Ultraeremococcus*: A genus related to but distinct from the existing genus Eremococcus of beyond.

Ultraerwinia

L. nan preposition *ultra*, beyond; L. fem. n. *Erwinia*, An existing genus; *Ultraerwinia*: A genus related to but distinct from the existing genus Erwinia of beyond.

Ultraerysipelothrix

L. nan preposition *ultra*, beyond; L. fem. n. *Erysipelothrix*, An existing genus; *Ultraerysipelothrix*: A genus related to but distinct from the existing genus Erysipelothrix of beyond.

Ultraerythrobacter

L. nan preposition *ultra*, beyond; L. masc. n. *Erythrobacter*, An existing genus; *Ultraerythrobacter*: A genus related to but distinct from the existing genus Erythrobacter of beyond.

Ultraerythromicrobium

L. nan preposition *ultra*, beyond; L. neut. n. *Erythromicrobium*, An existing genus; *Ultraerythromicrobium*: A genus related to but distinct from the existing genus Erythromicrobium of beyond.

Ultraerythromonas

L. nan preposition *ultra*, beyond; L. fem. n. *Erythromonas*, An existing genus; *Ultraerythromonas*: A genus related to but distinct from the existing genus Erythromonas of beyond.

Ultraescherichia

L. nan preposition *ultra*, beyond; L. fem. n. *Escherichia*, An existing genus; *Ultraescherichia*: A genus related to but distinct from the existing genus Escherichia of beyond.

Ultraethanoligenens

L. nan preposition *ultra*, beyond; L. neut. n. *Ethanoligenens*, An existing genus; *Ultraethanoligenens*: A genus related to but distinct from the existing genus Ethanoligenens of beyond.

Ultraeubacterium

L. nan preposition *ultra*, beyond; L. neut. n. *Eubacterium*, An existing genus; *Ultraeubacterium*: A genus related to but distinct from the existing genus Eubacterium of beyond.

Ultraeucapsis

L. nan preposition *ultra*, beyond; L. fem. n. *Eucapsis*, An existing genus; *Ultraeucapsis*: A genus related to but distinct from the existing genus Eucapsis of beyond.

Ultraeudoraea

L. nan preposition *ultra*, beyond; L. fem. n. *Eudoraea*, An existing genus; *Ultraeudoraea*: A genus related to but distinct from the existing genus Eudoraea of beyond.

Ultraeuryhalocaulis

L. nan preposition *ultra*, beyond; L. masc. n. *Euryhalocaulis*, An existing genus; *Ultraeuryhalocaulis*: A genus related to but distinct from the existing genus Euryhalocaulis of beyond.

Ultraeuzebya

L. nan preposition *ultra*, beyond; L. fem. n. *Euzebya*, An existing genus; *Ultraeuzebya*: A genus related to but distinct from the existing genus Euzebya of beyond.

Ultraeuzebyella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Euzebyella*, An existing genus; *Ultraeuzebyella*: A genus related to but distinct from the existing genus Euzebyella of beyond.

Ultraewamiania

L. nan preposition *ultra*, beyond; L. fem. n. *Ewamiania*, An existing genus; *Ultraewamiania*: A genus related to but distinct from the existing genus Ewamiania of beyond.

Ultraewingella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Ewingella*, An existing genus; *Ultraewingella*: A genus related to but distinct from the existing genus Ewingella of beyond.

Ultraexcellospora

L. nan preposition *ultra*, beyond; L. fem. n. *Excellospora*, An existing genus; *Ultraexcellospora*: A genus related to but distinct from the existing genus Excellospora of beyond.

Ultraexilibacterium

L. nan preposition *ultra*, beyond; L. neut. n. *Exilibacterium*, An existing genus; *Ultraexilibacterium*: A genus related to but distinct from the existing genus Exilibacterium of beyond.

Ultraexilispira

L. nan preposition *ultra*, beyond; L. fem. n. *Exilispira*, An existing genus; *Ultraexilispira*: A genus related to but distinct from the existing genus Exilispira of beyond.

Ultraextensimonas

L. nan preposition *ultra*, beyond; L. fem. n. *Extensimonas*, An existing genus; *Ultraextensimonas*: A genus related to but distinct from the existing genus Extensimonas of beyond.

Ultraextibacter

L. nan preposition *ultra*, beyond; L. masc. n. *Extibacter*, An existing genus; *Ultraextibacter*: A genus related to but distinct from the existing genus Extibacter of beyond.

Ultrafabibacter

L. nan preposition *ultra*, beyond; L. masc. n. *Fabibacter*, An existing genus; *Ultrafabibacter*: A genus related to but distinct from the existing genus Fabibacter of beyond.

Ultrafabivirga

L. nan preposition *ultra*, beyond; L. fem. n. *Fabivirga*, An existing genus; *Ultrafabivirga*: A genus related to but distinct from the existing genus Fabivirga of beyond.

Ultrafacilibium

L. nan preposition *ultra*, beyond; L. neut. n. *Facilibium*, An existing genus; *Ultrafacilibium*: A genus related to but distinct from the existing genus Facilibium of beyond.

Ultrafacklamia

L. nan preposition *ultra*, beyond; L. fem. n. *Facklamia*, An existing genus; *Ultrafacklamia*: A genus related to but distinct from the existing genus Facklamia of beyond.

Ultrafaecalibacillus

L. nan preposition *ultra*, beyond; L. masc. n. *Faecalibacillus*, An existing genus; *Ultrafaecalibacillus*: A genus related to but distinct from the existing genus Faecalibacillus of beyond.

Ultrafaecalibacter

L. nan preposition *ultra*, beyond; L. masc. n. *Faecalibacter*, An existing genus; *Ultrafaecalibacter*: A genus related to but distinct from the existing genus Faecalibacter of beyond.

Ultrafaecalibacterium

L. nan preposition *ultra*, beyond; L. neut. n. *Faecalibacterium*, An existing genus; *Ultrafaecalibacterium*: A genus related to but distinct from the existing genus Faecalibacterium of beyond.

Ultrafaecalibaculum

L. nan preposition *ultra*, beyond; L. neut. n. *Faecalibaculum*, An existing genus; *Ultrafaecalibaculum*: A genus related to but distinct from the existing genus Faecalibaculum of beyond.

Ultrafaecalicatena

L. nan preposition *ultra*, beyond; L. fem. n. *Faecalicatena*, An existing genus; *Ultrafaecalicatena*: A genus related to but distinct from the existing genus Faecalicatena of beyond.

Ultrafaecalicoccus

L. nan preposition *ultra*, beyond; L. masc. n. *Faecalicoccus*, An existing genus; *Ultrafaecalicoccus*: A genus related to but distinct from the existing genus Faecalicoccus of beyond.

Ultrafaecalimonas

L. nan preposition *ultra*, beyond; L. fem. n. *Faecalimonas*, An existing genus; *Ultrafaecalimonas*: A genus related to but distinct from the existing genus Faecalimonas of beyond.

Ultrafaecalitalea

L. nan preposition *ultra*, beyond; L. fem. n. *Faecalitalea*, An existing genus; *Ultrafaecalitalea*: A genus related to but distinct from the existing genus Faecalitalea of beyond.

Ultrafaenia

L. nan preposition *ultra*, beyond; L. fem. n. *Faenia*, An existing genus; *Ultrafaenia*: A genus related to but distinct from the existing genus Faenia of beyond.

Ultrafalcatimonas

L. nan preposition *ultra*, beyond; L. fem. n. *Falcatimonas*, An existing genus; *Ultrafalcatimonas*: A genus related to but distinct from the existing genus Falcatimonas of beyond.

Ultrafalsarthrobacter

L. nan preposition *ultra*, beyond; L. masc. n. *Falsarthrobacter*, An existing genus; *Ultrafalsarthrobacter*: A genus related to but distinct from the existing genus Falsarthrobacter of beyond.

Ultrafalsibacillus

L. nan preposition *ultra*, beyond; L. masc. n. *Falsibacillus*, An existing genus; *Ultrafalsibacillus*: A genus related to but distinct from the existing genus Falsibacillus of beyond.

Ultrafalsigemmobacter

L. nan preposition *ultra*, beyond; L. masc. n. *Falsigemmobacter*, An existing genus; *Ultrafalsigemmobacter*: A genus related to but distinct from the existing genus Falsigemmobacter of beyond.

Ultrafalsiporphyromonas

L. nan preposition *ultra*, beyond; L. fem. n. *Falsiporphyromonas*, An existing genus; *Ultrafalsiporphyromonas*: A genus related to but distinct from the existing genus Falsiporphyromonas of beyond.

Ultrafalsirhodobacter

L. nan preposition *ultra*, beyond; L. masc. n. *Falsirhodobacter*, An existing genus; *Ultrafalsirhodobacter*: A genus related to but distinct from the existing genus Falsirhodobacter of beyond.

Ultrafalsochrobactrum

L. nan preposition *ultra*, beyond; L. neut. n. *Falsochrobactrum*, An existing genus; *Ultrafalsochrobactrum*: A genus related to but distinct from the existing genus Falsochrobactrum of beyond.

Ultrafangia

L. nan preposition *ultra*, beyond; L. fem. n. *Fangia*, An existing genus; *Ultrafangia*: A genus related to but distinct from the existing genus Fangia of beyond.

Ultrafannyhessea

L. nan preposition *ultra*, beyond; L. fem. n. *Fannyhessea*, An existing genus; *Ultrafannyhessea*: A genus related to but distinct from the existing genus Fannyhessea of beyond.

Ultrafastidiosipila

L. nan preposition *ultra*, beyond; L. fem. n. *Fastidiosipila*, An existing genus; *Ultrafastidiosipila*: A genus related to but distinct from the existing genus Fastidiosipila of beyond.

Ultrafaucicola

L. nan preposition *ultra*, beyond; L. fem. n. *Faucicola*, An existing genus; *Ultrafaucicola*: A genus related to but distinct from the existing genus Faucicola of beyond.

Ultrafeifantangia

L. nan preposition *ultra*, beyond; L. fem. n. *Feifantangia*, An existing genus; *Ultrafeifantangia*: A genus related to but distinct from the existing genus Feifantangia of beyond.

Ultrafenollaria

L. nan preposition *ultra*, beyond; L. fem. n. *Fenollaria*, An existing genus; *Ultrafenollaria*: A genus related to but distinct from the existing genus Fenollaria of beyond.

Ultrafermentibacillus

L. nan preposition *ultra*, beyond; L. masc. n. *Fermentibacillus*, An existing genus; *Ultrafermentibacillus*: A genus related to but distinct from the existing genus Fermentibacillus of beyond.

Ultrafermentimonas

L. nan preposition *ultra*, beyond; L. fem. n. *Fermentimonas*, An existing genus; *Ultrafermentimonas*: A genus related to but distinct from the existing genus Fermentimonas of beyond.

Ultraferribacterium

L. nan preposition *ultra*, beyond; L. neut. n. *Ferribacterium*, An existing genus; *Ultraferribacterium*: A genus related to but distinct from the existing genus Ferribacterium of beyond.

Ultraferrigenium

L. nan preposition *ultra*, beyond; L. neut. n. *Ferrigenium*, An existing genus; *Ultraferrigenium*: A genus related to but distinct from the existing genus Ferrigenium of beyond.

Ultraferrimicrobium

L. nan preposition *ultra*, beyond; L. neut. n. *Ferrimicrobium*, An existing genus; *Ultraferrimicrobium*: A genus related to but distinct from the existing genus Ferrimicrobium of beyond.

Ultraferrimonas

L. nan preposition *ultra*, beyond; L. fem. n. *Ferrimonas*, An existing genus; *Ultraferrimonas*: A genus related to but distinct from the existing genus Ferrimonas of beyond.

Ultraferriphaselus

L. nan preposition *ultra*, beyond; L. masc. n. *Ferriphaselus*, An existing genus; *Ultraferriphaselus*: A genus related to but distinct from the existing genus Ferriphaselus of beyond.

Ultraferrithrix

L. nan preposition *ultra*, beyond; L. fem. n. *Ferrithrix*, An existing genus; *Ultraferrithrix*: A genus related to but distinct from the existing genus Ferrithrix of beyond.

Ultraferroglobus

L. nan preposition *ultra*, beyond; L. masc. n. *Ferroglobus*, An existing genus; *Ultraferroglobus*: A genus related to but distinct from the existing genus Ferroglobus of beyond.

Ultraferroplasma

L. nan preposition *ultra*, beyond; L. neut. n. *Ferroplasma*, An existing genus; *Ultraferroplasma*: A genus related to but distinct from the existing genus Ferroplasma of beyond.

Ultraferrovibrio

L. nan preposition *ultra*, beyond; L. masc. n. *Ferrovibrio*, An existing genus; *Ultraferrovibrio*: A genus related to but distinct from the existing genus Ferrovibrio of beyond.

Ultraferruginibacter

L. nan preposition *ultra*, beyond; L. masc. n. *Ferruginibacter*, An existing genus; *Ultraferruginibacter*: A genus related to but distinct from the existing genus Ferruginibacter of beyond.

Ultraferruginivarius

L. nan preposition *ultra*, beyond; L. masc. n. *Ferruginivarius*, An existing genus; *Ultraferruginivarius*: A genus related to but distinct from the existing genus Ferruginivarius of beyond.

Ultrafervidicella

L. nan preposition *ultra*, beyond; L. fem. n. *Fervidicella*, An existing genus; *Ultrafervidicella*: A genus related to but distinct from the existing genus Fervidicella of beyond.

Ultrafervidicoccus

L. nan preposition *ultra*, beyond; L. masc. n. *Fervidicoccus*, An existing genus; *Ultrafervidicoccus*: A genus related to but distinct from the existing genus Fervidicoccus of beyond.

Ultrafervidicola

L. nan preposition *ultra*, beyond; L. masc. n. *Fervidicola*, An existing genus; *Ultrafervidicola*: A genus related to but distinct from the existing genus Fervidicola of beyond.

Ultrafervidobacterium

L. nan preposition *ultra*, beyond; L. neut. n. *Fervidobacterium*, An existing genus; *Ultrafervidobacterium*: A genus related to but distinct from the existing genus Fervidobacterium of beyond.

Ultrafibrella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Fibrella*, An existing genus; *Ultrafibrella*: A genus related to but distinct from the existing genus Fibrella of beyond.

Ultrafibrisoma

L. nan preposition *ultra*, beyond; L. neut. n. *Fibrisoma*, An existing genus; *Ultrafibrisoma*: A genus related to but distinct from the existing genus Fibrisoma of beyond.

Ultrafibrobacter

L. nan preposition *ultra*, beyond; L. masc. n. *Fibrobacter*, An existing genus; *Ultrafibrobacter*: A genus related to but distinct from the existing genus Fibrobacter of beyond.

Ultrafictibacillus

L. nan preposition *ultra*, beyond; L. masc. n. *Fictibacillus*, An existing genus; *Ultrafictibacillus*: A genus related to but distinct from the existing genus Fictibacillus of beyond.

Ultrafilibacter

L. nan preposition *ultra*, beyond; L. masc. n. *Filibacter*, An existing genus; *Ultrafilibacter*: A genus related to but distinct from the existing genus Filibacter of beyond.

Ultrafilifactor

L. nan preposition *ultra*, beyond; L. masc. n. *Filifactor*, An existing genus; *Ultrafilifactor*: A genus related to but distinct from the existing genus Filifactor of beyond.

Ultrafilimonas

L. nan preposition *ultra*, beyond; L. fem. n. *Filimonas*, An existing genus; *Ultrafilimonas*: A genus related to but distinct from the existing genus Filimonas of beyond.

Ultrafilobacillus

L. nan preposition *ultra*, beyond; L. masc. n. *Filobacillus*, An existing genus; *Ultrafilobacillus*: A genus related to but distinct from the existing genus Filobacillus of beyond.

Ultrafilobacterium

L. nan preposition *ultra*, beyond; L. neut. n. *Filobacterium*, An existing genus; *Ultrafilobacterium*: A genus related to but distinct from the existing genus Filobacterium of beyond.

Ultrafilomicrobium

L. nan preposition *ultra*, beyond; L. neut. n. *Filomicrobium*, An existing genus; *Ultrafilomicrobium*: A genus related to but distinct from the existing genus Filomicrobium of beyond.

Ultrafimbriiglobus

L. nan preposition *ultra*, beyond; L. masc. n. *Fimbriiglobus*, An existing genus; *Ultrafimbriiglobus*: A genus related to but distinct from the existing genus Fimbriiglobus of beyond.

Ultrafimbriimonas

L. nan preposition *ultra*, beyond; L. fem. n. *Fimbriimonas*, An existing genus; *Ultrafimbriimonas*: A genus related to but distinct from the existing genus Fimbriimonas of beyond.

Ultrafinegoldia

L. nan preposition *ultra*, beyond; L. fem. n. *Finegoldia*, An existing genus; *Ultrafinegoldia*: A genus related to but distinct from the existing genus Finegoldia of beyond.

Ultraflagellimonas

L. nan preposition *ultra*, beyond; L. fem. n. *Flagellimonas*, An existing genus; *Ultraflagellimonas*: A genus related to but distinct from the existing genus Flagellimonas of beyond.

Ultraflammeovirga

L. nan preposition *ultra*, beyond; L. fem. n. *Flammeovirga*, An existing genus; *Ultraflammeovirga*: A genus related to but distinct from the existing genus Flammeovirga of beyond.

Ultraflaviaesturariibacter

L. nan preposition *ultra*, beyond; L. masc. n. *Flaviaesturariibacter*, An existing genus; *Ultraflaviaesturariibacter*: A genus related to but distinct from the existing genus Flaviaesturariibacter of beyond.

Ultraflavicella

L. nan preposition *ultra*, beyond; L. fem. n. *Flavicella*, An existing genus; *Ultraflavicella*: A genus related to but distinct from the existing genus Flavicella of beyond.

Ultraflaviflagellibacter

L. nan preposition *ultra*, beyond; L. masc. n. *Flaviflagellibacter*, An existing genus; *Ultraflaviflagellibacter*: A genus related to but distinct from the existing genus Flaviflagellibacter of beyond.

Ultraflaviflexus

L. nan preposition *ultra*, beyond; L. masc. n. *Flaviflexus*, An existing genus; *Ultraflaviflexus*: A genus related to but distinct from the existing genus Flaviflexus of beyond.

Ultraflavihumibacter

L. nan preposition *ultra*, beyond; L. masc. n. *Flavihumibacter*, An existing genus; *Ultraflavihumibacter*: A genus related to but distinct from the existing genus Flavihumibacter of beyond.

Ultraflavilitoribacter

L. nan preposition *ultra*, beyond; L. masc. n. *Flavilitoribacter*, An existing genus; *Ultraflavilitoribacter*: A genus related to but distinct from the existing genus Flavilitoribacter of beyond.

Ultraflavimaricola

L. nan preposition *ultra*, beyond; L. masc. n. *Flavimaricola*, An existing genus; *Ultraflavimaricola*: A genus related to but distinct from the existing genus Flavimaricola of beyond.

Ultraflavimarina

L. nan preposition *ultra*, beyond; L. fem. n. *Flavimarina*, An existing genus; *Ultraflavimarina*: A genus related to but distinct from the existing genus Flavimarina of beyond.

Ultraflavimobilis

L. nan preposition *ultra*, beyond; L. masc. n. *Flavimobilis*, An existing genus; *Ultraflavimobilis*: A genus related to but distinct from the existing genus Flavimobilis of beyond.

Ultraflavimonas

L. nan preposition *ultra*, beyond; L. fem. n. *Flavimonas*, An existing genus; *Ultraflavimonas*: A genus related to but distinct from the existing genus Flavimonas of beyond.

Ultraflavipsychrobacter

L. nan preposition *ultra*, beyond; L. masc. n. *Flavipsychrobacter*, An existing genus; *Ultraflavipsychrobacter*: A genus related to but distinct from the existing genus Flavipsychrobacter of beyond.

Ultraflaviramulus

L. nan preposition *ultra*, beyond; L. masc. dim. n. *Flaviramulus*, An existing genus; *Ultraflaviramulus*: A genus related to but distinct from the existing genus Flaviramulus of beyond.

Ultraflavirhabdus

L. nan preposition *ultra*, beyond; L. fem. n. *Flavirhabdus*, An existing genus; *Ultraflavirhabdus*: A genus related to but distinct from the existing genus Flavirhabdus of beyond.

Ultraflavisolibacter

L. nan preposition *ultra*, beyond; L. masc. n. *Flavisolibacter*, An existing genus; *Ultraflavisolibacter*: A genus related to but distinct from the existing genus Flavisolibacter of beyond.

Ultraflavitalea

L. nan preposition *ultra*, beyond; L. fem. n. *Flavitalea*, An existing genus; *Ultraflavitalea*: A genus related to but distinct from the existing genus Flavitalea of beyond.

Ultraflavivirga

L. nan preposition *ultra*, beyond; L. fem. n. *Flavivirga*, An existing genus; *Ultraflavivirga*: A genus related to but distinct from the existing genus Flavivirga of beyond.

Ultraflavobacterium

L. nan preposition *ultra*, beyond; L. neut. n. *Flavobacterium*, An existing genus; *Ultraflavobacterium*: A genus related to but distinct from the existing genus Flavobacterium of beyond.

Ultraflavonifractor

L. nan preposition *ultra*, beyond; L. masc. n. *Flavonifractor*, An existing genus; *Ultraflavonifractor*: A genus related to but distinct from the existing genus Flavonifractor of beyond.

Ultraflectobacillus

L. nan preposition *ultra*, beyond; L. masc. n. *Flectobacillus*, An existing genus; *Ultraflectobacillus*: A genus related to but distinct from the existing genus Flectobacillus of beyond.

Ultraflexibacter

L. nan preposition *ultra*, beyond; L. masc. n. *Flexibacter*, An existing genus; *Ultraflexibacter*: A genus related to but distinct from the existing genus Flexibacter of beyond.

Ultraflexilinea

L. nan preposition *ultra*, beyond; L. fem. n. *Flexilinea*, An existing genus; *Ultraflexilinea*: A genus related to but distinct from the existing genus Flexilinea of beyond.

Ultraflexistipes

L. nan preposition *ultra*, beyond; L. masc. n. *Flexistipes*, An existing genus; *Ultraflexistipes*: A genus related to but distinct from the existing genus Flexistipes of beyond.

Ultraflexithrix

L. nan preposition *ultra*, beyond; L. fem. n. *Flexithrix*, An existing genus; *Ultraflexithrix*: A genus related to but distinct from the existing genus Flexithrix of beyond.

Ultraflexivirga

L. nan preposition *ultra*, beyond; L. fem. n. *Flexivirga*, An existing genus; *Ultraflexivirga*: A genus related to but distinct from the existing genus Flexivirga of beyond.

Ultraflindersiella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Flindersiella*, An existing genus; *Ultraflindersiella*: A genus related to but distinct from the existing genus Flindersiella of beyond.

Ultraflintibacter

L. nan preposition *ultra*, beyond; L. masc. n. *Flintibacter*, An existing genus; *Ultraflintibacter*: A genus related to but distinct from the existing genus Flintibacter of beyond.

Ultrafloricoccus

L. nan preposition *ultra*, beyond; L. masc. n. *Floricoccus*, An existing genus; *Ultrafloricoccus*: A genus related to but distinct from the existing genus Floricoccus of beyond.

Ultrafluoribacter

L. nan preposition *ultra*, beyond; L. masc. n. *Fluoribacter*, An existing genus; *Ultrafluoribacter*: A genus related to but distinct from the existing genus Fluoribacter of beyond.

Ultrafluviibacterium

L. nan preposition *ultra*, beyond; L. neut. n. *Fluviibacterium*, An existing genus; *Ultrafluviibacterium*: A genus related to but distinct from the existing genus Fluviibacterium of beyond.

Ultrafluviicoccus

L. nan preposition *ultra*, beyond; L. masc. n. *Fluviicoccus*, An existing genus; *Ultrafluviicoccus*: A genus related to but distinct from the existing genus Fluviicoccus of beyond.

Ultrafluviicola

L. nan preposition *ultra*, beyond; L. masc. n. *Fluviicola*, An existing genus; *Ultrafluviicola*: A genus related to but distinct from the existing genus Fluviicola of beyond.

Ultrafluviimonas

L. nan preposition *ultra*, beyond; L. fem. n. *Fluviimonas*, An existing genus; *Ultrafluviimonas*: A genus related to but distinct from the existing genus Fluviimonas of beyond.

Ultrafluviispira

L. nan preposition *ultra*, beyond; L. fem. n. *Fluviispira*, An existing genus; *Ultrafluviispira*: A genus related to but distinct from the existing genus Fluviispira of beyond.

Ultrafodinibacter

L. nan preposition *ultra*, beyond; L. masc. n. *Fodinibacter*, An existing genus; *Ultrafodinibacter*: A genus related to but distinct from the existing genus Fodinibacter of beyond.

Ultrafodinibius

L. nan preposition *ultra*, beyond; L. masc. n. *Fodinibius*, An existing genus; *Ultrafodinibius*: A genus related to but distinct from the existing genus Fodinibius of beyond.

Ultrafodinicola

L. nan preposition *ultra*, beyond; L. masc. n. *Fodinicola*, An existing genus; *Ultrafodinicola*: A genus related to but distinct from the existing genus Fodinicola of beyond.

Ultrafodinicurvata

L. nan preposition *ultra*, beyond; L. fem. n. *Fodinicurvata*, An existing genus; *Ultrafodinicurvata*: A genus related to but distinct from the existing genus Fodinicurvata of beyond.

Ultrafoliisarcina

L. nan preposition *ultra*, beyond; L. fem. n. *Foliisarcina*, An existing genus; *Ultrafoliisarcina*: A genus related to but distinct from the existing genus Foliisarcina of beyond.

Ultrafontibacillus

L. nan preposition *ultra*, beyond; L. masc. n. *Fontibacillus*, An existing genus; *Ultrafontibacillus*: A genus related to but distinct from the existing genus Fontibacillus of beyond.

Ultrafontibacter

L. nan preposition *ultra*, beyond; L. masc. n. *Fontibacter*, An existing genus; *Ultrafontibacter*: A genus related to but distinct from the existing genus Fontibacter of beyond.

Ultrafonticella

L. nan preposition *ultra*, beyond; L. fem. n. *Fonticella*, An existing genus; *Ultrafonticella*: A genus related to but distinct from the existing genus Fonticella of beyond.

Ultrafontimonas

L. nan preposition *ultra*, beyond; L. fem. n. *Fontimonas*, An existing genus; *Ultrafontimonas*: A genus related to but distinct from the existing genus Fontimonas of beyond.

Ultraformivibrio

L. nan preposition *ultra*, beyond; L. masc. n. *Formivibrio*, An existing genus; *Ultraformivibrio*: A genus related to but distinct from the existing genus Formivibrio of beyond.

Ultraformosa

L. nan preposition *ultra*, beyond; L. fem. n. *Formosa*, An existing genus; *Ultraformosa*: A genus related to but distinct from the existing genus Formosa of beyond.

Ultraformosimonas

L. nan preposition *ultra*, beyond; L. fem. n. *Formosimonas*, An existing genus; *Ultraformosimonas*: A genus related to but distinct from the existing genus Formosimonas of beyond.

Ultrafournierella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Fournierella*, An existing genus; *Ultrafournierella*: A genus related to but distinct from the existing genus Fournierella of beyond.

Ultrafrancisella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Francisella*, An existing genus; *Ultrafrancisella*: A genus related to but distinct from the existing genus Francisella of beyond.

Ultrafranconibacter

L. nan preposition *ultra*, beyond; L. masc. n. *Franconibacter*, An existing genus; *Ultrafranconibacter*: A genus related to but distinct from the existing genus Franconibacter of beyond.

Ultrafrankia

L. nan preposition *ultra*, beyond; L. fem. n. *Frankia*, An existing genus; *Ultrafrankia*: A genus related to but distinct from the existing genus Frankia of beyond.

Ultrafrateuria

L. nan preposition *ultra*, beyond; L. fem. n. *Frateuria*, An existing genus; *Ultrafrateuria*: A genus related to but distinct from the existing genus Frateuria of beyond.

Ultrafrederiksenia

L. nan preposition *ultra*, beyond; L. fem. n. *Frederiksenia*, An existing genus; *Ultrafrederiksenia*: A genus related to but distinct from the existing genus Frederiksenia of beyond.

Ultrafretibacter

L. nan preposition *ultra*, beyond; L. masc. n. *Fretibacter*, An existing genus; *Ultrafretibacter*: A genus related to but distinct from the existing genus Fretibacter of beyond.

Ultrafretibacterium

L. nan preposition *ultra*, beyond; L. neut. n. *Fretibacterium*, An existing genus; *Ultrafretibacterium*: A genus related to but distinct from the existing genus Fretibacterium of beyond.

Ultrafriedmanniella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Friedmanniella*, An existing genus; *Ultrafriedmanniella*: A genus related to but distinct from the existing genus Friedmanniella of beyond.

Ultrafrigidibacter

L. nan preposition *ultra*, beyond; L. masc. n. *Frigidibacter*, An existing genus; *Ultrafrigidibacter*: A genus related to but distinct from the existing genus Frigidibacter of beyond.

Ultrafrigoribacterium

L. nan preposition *ultra*, beyond; L. neut. n. *Frigoribacterium*, An existing genus; *Ultrafrigoribacterium*: A genus related to but distinct from the existing genus Frigoribacterium of beyond.

Ultrafrischella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Frischella*, An existing genus; *Ultrafrischella*: A genus related to but distinct from the existing genus Frischella of beyond.

Ultrafrisingicoccus

L. nan preposition *ultra*, beyond; L. masc. n. *Frisingicoccus*, An existing genus; *Ultrafrisingicoccus*: A genus related to but distinct from the existing genus Frisingicoccus of beyond.

Ultrafrondibacter

L. nan preposition *ultra*, beyond; L. masc. n. *Frondibacter*, An existing genus; *Ultrafrondibacter*: A genus related to but distinct from the existing genus Frondibacter of beyond.

Ultrafrondicola

L. nan preposition *ultra*, beyond; L. masc. n. *Frondicola*, An existing genus; *Ultrafrondicola*: A genus related to but distinct from the existing genus Frondicola of beyond.

Ultrafrondihabitans

L. nan preposition *ultra*, beyond; L. masc. n. *Frondihabitans*, An existing genus; *Ultrafrondihabitans*: A genus related to but distinct from the existing genus Frondihabitans of beyond.

Ultrafructilactobacillus

L. nan preposition *ultra*, beyond; L. masc. n. *Fructilactobacillus*, An existing genus; *Ultrafructilactobacillus*: A genus related to but distinct from the existing genus Fructilactobacillus of beyond.

Ultrafructobacillus

L. nan preposition *ultra*, beyond; L. masc. n. *Fructobacillus*, An existing genus; *Ultrafructobacillus*: A genus related to but distinct from the existing genus Fructobacillus of beyond.

Ultrafuchsiella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Fuchsiella*, An existing genus; *Ultrafuchsiella*: A genus related to but distinct from the existing genus Fuchsiella of beyond.

Ultrafudania

L. nan preposition *ultra*, beyond; L. fem. n. *Fudania*, An existing genus; *Ultrafudania*: A genus related to but distinct from the existing genus Fudania of beyond.

Ultrafuerstia

L. nan preposition *ultra*, beyond; L. fem. n. *Fuerstia*, An existing genus; *Ultrafuerstia*: A genus related to but distinct from the existing genus Fuerstia of beyond.

Ultrafulvibacter

L. nan preposition *ultra*, beyond; L. masc. n. *Fulvibacter*, An existing genus; *Ultrafulvibacter*: A genus related to but distinct from the existing genus Fulvibacter of beyond.

Ultrafulvimarina

L. nan preposition *ultra*, beyond; L. fem. n. *Fulvimarina*, An existing genus; *Ultrafulvimarina*: A genus related to but distinct from the existing genus Fulvimarina of beyond.

Ultrafulvimonas

L. nan preposition *ultra*, beyond; L. fem. n. *Fulvimonas*, An existing genus; *Ultrafulvimonas*: A genus related to but distinct from the existing genus Fulvimonas of beyond.

Ultrafulvitalea

L. nan preposition *ultra*, beyond; L. fem. n. *Fulvitalea*, An existing genus; *Ultrafulvitalea*: A genus related to but distinct from the existing genus Fulvitalea of beyond.

Ultrafulvivirga

L. nan preposition *ultra*, beyond; L. fem. n. *Fulvivirga*, An existing genus; *Ultrafulvivirga*: A genus related to but distinct from the existing genus Fulvivirga of beyond.

Ultrafundibacter

L. nan preposition *ultra*, beyond; L. masc. n. *Fundibacter*, An existing genus; *Ultrafundibacter*: A genus related to but distinct from the existing genus Fundibacter of beyond.

Ultrafundicoccus

L. nan preposition *ultra*, beyond; L. masc. n. *Fundicoccus*, An existing genus; *Ultrafundicoccus*: A genus related to but distinct from the existing genus Fundicoccus of beyond.

Ultrafurfurilactobacillus

L. nan preposition *ultra*, beyond; L. masc. n. *Furfurilactobacillus*, An existing genus; *Ultrafurfurilactobacillus*: A genus related to but distinct from the existing genus Furfurilactobacillus of beyond.

Ultrafuscovulum

L. nan preposition *ultra*, beyond; L. neut. n. *Fuscovulum*, An existing genus; *Ultrafuscovulum*: A genus related to but distinct from the existing genus Fuscovulum of beyond.

Ultrafusibacter

L. nan preposition *ultra*, beyond; L. masc. n. *Fusibacter*, An existing genus; *Ultrafusibacter*: A genus related to but distinct from the existing genus Fusibacter of beyond.

Ultrafusicatenibacter

L. nan preposition *ultra*, beyond; L. masc. n. *Fusicatenibacter*, An existing genus; *Ultrafusicatenibacter*: A genus related to but distinct from the existing genus Fusicatenibacter of beyond.

Ultrafusimonas

L. nan preposition *ultra*, beyond; L. fem. n. *Fusimonas*, An existing genus; *Ultrafusimonas*: A genus related to but distinct from the existing genus Fusimonas of beyond.

Ultrafusobacterium

L. nan preposition *ultra*, beyond; L. neut. n. *Fusobacterium*, An existing genus; *Ultrafusobacterium*: A genus related to but distinct from the existing genus Fusobacterium of beyond.

Ultragabonia

L. nan preposition *ultra*, beyond; L. fem. n. *Gabonia*, An existing genus; *Ultragabonia*: A genus related to but distinct from the existing genus Gabonia of beyond.

Ultragabonibacter

L. nan preposition *ultra*, beyond; L. masc. n. *Gabonibacter*, An existing genus; *Ultragabonibacter*: A genus related to but distinct from the existing genus Gabonibacter of beyond.

Ultragaetbulibacter

L. nan preposition *ultra*, beyond; L. masc. n. *Gaetbulibacter*, An existing genus; *Ultragaetbulibacter*: A genus related to but distinct from the existing genus Gaetbulibacter of beyond.

Ultragaetbulicola

L. nan preposition *ultra*, beyond; L. masc. n. *Gaetbulicola*, An existing genus; *Ultragaetbulicola*: A genus related to but distinct from the existing genus Gaetbulicola of beyond.

Ultragaetbulimicrobium

L. nan preposition *ultra*, beyond; L. neut. n. *Gaetbulimicrobium*, An existing genus; *Ultragaetbulimicrobium*: A genus related to but distinct from the existing genus Gaetbulimicrobium of beyond.

Ultragaiella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Gaiella*, An existing genus; *Ultragaiella*: A genus related to but distinct from the existing genus Gaiella of beyond.

Ultragalbibacter

L. nan preposition *ultra*, beyond; L. masc. n. *Galbibacter*, An existing genus; *Ultragalbibacter*: A genus related to but distinct from the existing genus Galbibacter of beyond.

Ultragalbitalea

L. nan preposition *ultra*, beyond; L. fem. n. *Galbitalea*, An existing genus; *Ultragalbitalea*: A genus related to but distinct from the existing genus Galbitalea of beyond.

Ultragallaecimonas

L. nan preposition *ultra*, beyond; L. fem. n. *Gallaecimonas*, An existing genus; *Ultragallaecimonas*: A genus related to but distinct from the existing genus Gallaecimonas of beyond.

Ultragallibacterium

L. nan preposition *ultra*, beyond; L. neut. n. *Gallibacterium*, An existing genus; *Ultragallibacterium*: A genus related to but distinct from the existing genus Gallibacterium of beyond.

Ultragallicola

L. nan preposition *ultra*, beyond; L. masc. n. *Gallicola*, An existing genus; *Ultragallicola*: A genus related to but distinct from the existing genus Gallicola of beyond.

Ultragallionella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Gallionella*, An existing genus; *Ultragallionella*: A genus related to but distinct from the existing genus Gallionella of beyond.

Ultragalliscardovia

L. nan preposition *ultra*, beyond; L. fem. n. *Galliscardovia*, An existing genus; *Ultragalliscardovia*: A genus related to but distinct from the existing genus Galliscardovia of beyond.

Ultragandjariella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Gandjariella*, An existing genus; *Ultragandjariella*: A genus related to but distinct from the existing genus Gandjariella of beyond.

Ultragangjinia

L. nan preposition *ultra*, beyond; L. fem. n. *Gangjinia*, An existing genus; *Ultragangjinia*: A genus related to but distinct from the existing genus Gangjinia of beyond.

Ultragarciella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Garciella*, An existing genus; *Ultragarciella*: A genus related to but distinct from the existing genus Garciella of beyond.

Ultragardnerella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Gardnerella*, An existing genus; *Ultragardnerella*: A genus related to but distinct from the existing genus Gardnerella of beyond.

Ultragaricola

L. nan preposition *ultra*, beyond; L. masc. n. *Garicola*, An existing genus; *Ultragaricola*: A genus related to but distinct from the existing genus Garicola of beyond.

Ultragarritya

L. nan preposition *ultra*, beyond; L. fem. n. *Garritya*, An existing genus; *Ultragarritya*: A genus related to but distinct from the existing genus Garritya of beyond.

Ultragayadomonas

L. nan preposition *ultra*, beyond; L. fem. n. *Gayadomonas*, An existing genus; *Ultragayadomonas*: A genus related to but distinct from the existing genus Gayadomonas of beyond.

Ultragelatiniphilus

L. nan preposition *ultra*, beyond; L. masc. n. *Gelatiniphilus*, An existing genus; *Ultragelatiniphilus*: A genus related to but distinct from the existing genus Gelatiniphilus of beyond.

Ultragelidibacter

L. nan preposition *ultra*, beyond; L. masc. n. *Gelidibacter*, An existing genus; *Ultragelidibacter*: A genus related to but distinct from the existing genus Gelidibacter of beyond.

Ultragellertiella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Gellertiella*, An existing genus; *Ultragellertiella*: A genus related to but distinct from the existing genus Gellertiella of beyond.

Ultragelria

L. nan preposition *ultra*, beyond; L. fem. n. *Gelria*, An existing genus; *Ultragelria*: A genus related to but distinct from the existing genus Gelria of beyond.

Ultragemella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Gemella*, An existing genus; *Ultragemella*: A genus related to but distinct from the existing genus Gemella of beyond.

Ultrageminicoccus

L. nan preposition *ultra*, beyond; L. masc. n. *Geminicoccus*, An existing genus; *Ultrageminicoccus*: A genus related to but distinct from the existing genus Geminicoccus of beyond.

Ultrageminisphaera

L. nan preposition *ultra*, beyond; L. fem. n. *Geminisphaera*, An existing genus; *Ultrageminisphaera*: A genus related to but distinct from the existing genus Geminisphaera of beyond.

Ultrageminobacterium

L. nan preposition *ultra*, beyond; L. neut. n. *Geminobacterium*, An existing genus; *Ultrageminobacterium*: A genus related to but distinct from the existing genus Geminobacterium of beyond.

Ultragemmata

L. nan preposition *ultra*, beyond; L. fem. n. *Gemmata*, An existing genus; *Ultragemmata*: A genus related to but distinct from the existing genus Gemmata of beyond.

Ultragemmatimonas

L. nan preposition *ultra*, beyond; L. fem. n. *Gemmatimonas*, An existing genus; *Ultragemmatimonas*: A genus related to but distinct from the existing genus Gemmatimonas of beyond.

Ultragemmatirosa

L. nan preposition *ultra*, beyond; L. fem. n. *Gemmatirosa*, An existing genus; *Ultragemmatirosa*: A genus related to but distinct from the existing genus Gemmatirosa of beyond.

Ultragemmiger

L. nan preposition *ultra*, beyond; L. masc. n. *Gemmiger*, An existing genus; *Ultragemmiger*: A genus related to but distinct from the existing genus Gemmiger of beyond.

Ultrageoalkalibacter

L. nan preposition *ultra*, beyond; L. masc. n. *Geoalkalibacter*, An existing genus; *Ultrageoalkalibacter*: A genus related to but distinct from the existing genus Geoalkalibacter of beyond.

Ultrageobacillus

L. nan preposition *ultra*, beyond; L. masc. n. *Geobacillus*, An existing genus; *Ultrageobacillus*: A genus related to but distinct from the existing genus Geobacillus of beyond.

Ultrageobacter

L. nan preposition *ultra*, beyond; L. masc. n. *Geobacter*, An existing genus; *Ultrageobacter*: A genus related to but distinct from the existing genus Geobacter of beyond.

Ultrageodermatophilus

L. nan preposition *ultra*, beyond; L. masc. n. *Geodermatophilus*, An existing genus; *Ultrageodermatophilus*: A genus related to but distinct from the existing genus Geodermatophilus of beyond.

Ultrageofilum

L. nan preposition *ultra*, beyond; L. neut. n. *Geofilum*, An existing genus; *Ultrageofilum*: A genus related to but distinct from the existing genus Geofilum of beyond.

Ultrageoglobus

L. nan preposition *ultra*, beyond; L. masc. n. *Geoglobus*, An existing genus; *Ultrageoglobus*: A genus related to but distinct from the existing genus Geoglobus of beyond.

Ultrageojedonia

L. nan preposition *ultra*, beyond; L. fem. n. *Geojedonia*, An existing genus; *Ultrageojedonia*: A genus related to but distinct from the existing genus Geojedonia of beyond.

Ultrageomicrobium

L. nan preposition *ultra*, beyond; L. neut. n. *Geomicrobium*, An existing genus; *Ultrageomicrobium*: A genus related to but distinct from the existing genus Geomicrobium of beyond.

Ultrageomonas

L. nan preposition *ultra*, beyond; L. fem. n. *Geomonas*, An existing genus; *Ultrageomonas*: A genus related to but distinct from the existing genus Geomonas of beyond.

Ultrageopsychrobacter

L. nan preposition *ultra*, beyond; L. masc. n. *Geopsychrobacter*, An existing genus; *Ultrageopsychrobacter*: A genus related to but distinct from the existing genus Geopsychrobacter of beyond.

Ultrageorgenia

L. nan preposition *ultra*, beyond; L. fem. n. *Georgenia*, An existing genus; *Ultrageorgenia*: A genus related to but distinct from the existing genus Georgenia of beyond.

Ultrageorgfuchsia

L. nan preposition *ultra*, beyond; L. fem. n. *Georgfuchsia*, An existing genus; *Ultrageorgfuchsia*: A genus related to but distinct from the existing genus Georgfuchsia of beyond.

Ultrageorhizobium

L. nan preposition *ultra*, beyond; L. neut. n. *Georhizobium*, An existing genus; *Ultrageorhizobium*: A genus related to but distinct from the existing genus Georhizobium of beyond.

Ultrageosporobacter

L. nan preposition *ultra*, beyond; L. masc. n. *Geosporobacter*, An existing genus; *Ultrageosporobacter*: A genus related to but distinct from the existing genus Geosporobacter of beyond.

Ultrageothermobacter

L. nan preposition *ultra*, beyond; L. masc. n. *Geothermobacter*, An existing genus; *Ultrageothermobacter*: A genus related to but distinct from the existing genus Geothermobacter of beyond.

Ultrageothermobacterium

L. nan preposition *ultra*, beyond; L. neut. n. *Geothermobacterium*, An existing genus; *Ultrageothermobacterium*: A genus related to but distinct from the existing genus Geothermobacterium of beyond.

Ultrageothermomicrobium

L. nan preposition *ultra*, beyond; L. neut. n. *Geothermomicrobium*, An existing genus; *Ultrageothermomicrobium*: A genus related to but distinct from the existing genus Geothermomicrobium of beyond.

Ultrageothrix

L. nan preposition *ultra*, beyond; L. fem. n. *Geothrix*, An existing genus; *Ultrageothrix*: A genus related to but distinct from the existing genus Geothrix of beyond.

Ultrageotoga

L. nan preposition *ultra*, beyond; L. fem. n. *Geotoga*, An existing genus; *Ultrageotoga*: A genus related to but distinct from the existing genus Geotoga of beyond.

Ultrageovibrio

L. nan preposition *ultra*, beyond; L. masc. n. *Geovibrio*, An existing genus; *Ultrageovibrio*: A genus related to but distinct from the existing genus Geovibrio of beyond.

Ultraghiorsea

L. nan preposition *ultra*, beyond; L. fem. n. *Ghiorsea*, An existing genus; *Ultraghiorsea*: A genus related to but distinct from the existing genus Ghiorsea of beyond.

Ultragibbsiella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Gibbsiella*, An existing genus; *Ultragibbsiella*: A genus related to but distinct from the existing genus Gibbsiella of beyond.

Ultragiesbergeria

L. nan preposition *ultra*, beyond; L. fem. n. *Giesbergeria*, An existing genus; *Ultragiesbergeria*: A genus related to but distinct from the existing genus Giesbergeria of beyond.

Ultragilliamella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Gilliamella*, An existing genus; *Ultragilliamella*: A genus related to but distinct from the existing genus Gilliamella of beyond.

Ultragillisia

L. nan preposition *ultra*, beyond; L. fem. n. *Gillisia*, An existing genus; *Ultragillisia*: A genus related to but distinct from the existing genus Gillisia of beyond.

Ultragilvibacter

L. nan preposition *ultra*, beyond; L. masc. n. *Gilvibacter*, An existing genus; *Ultragilvibacter*: A genus related to but distinct from the existing genus Gilvibacter of beyond.

Ultragilvimarinus

L. nan preposition *ultra*, beyond; L. masc. n. *Gilvimarinus*, An existing genus; *Ultragilvimarinus*: A genus related to but distinct from the existing genus Gilvimarinus of beyond.

Ultragimesia

L. nan preposition *ultra*, beyond; L. fem. n. *Gimesia*, An existing genus; *Ultragimesia*: A genus related to but distinct from the existing genus Gimesia of beyond.

Ultraglaciecola

L. nan preposition *ultra*, beyond; L. fem. n. *Glaciecola*, An existing genus; *Ultraglaciecola*: A genus related to but distinct from the existing genus Glaciecola of beyond.

Ultraglaciibacter

L. nan preposition *ultra*, beyond; L. masc. n. *Glaciibacter*, An existing genus; *Ultraglaciibacter*: A genus related to but distinct from the existing genus Glaciibacter of beyond.

Ultraglaciihabitans

L. nan preposition *ultra*, beyond; L. masc. n. *Glaciihabitans*, An existing genus; *Ultraglaciihabitans*: A genus related to but distinct from the existing genus Glaciihabitans of beyond.

Ultraglaciimonas

L. nan preposition *ultra*, beyond; L. fem. n. *Glaciimonas*, An existing genus; *Ultraglaciimonas*: A genus related to but distinct from the existing genus Glaciimonas of beyond.

Ultraglaesserella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Glaesserella*, An existing genus; *Ultraglaesserella*: A genus related to but distinct from the existing genus Glaesserella of beyond.

Ultragleimia

L. nan preposition *ultra*, beyond; L. fem. n. *Gleimia*, An existing genus; *Ultragleimia*: A genus related to but distinct from the existing genus Gleimia of beyond.

Ultraglobicatella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Globicatella*, An existing genus; *Ultraglobicatella*: A genus related to but distinct from the existing genus Globicatella of beyond.

Ultragloeobacter

L. nan preposition *ultra*, beyond; L. masc. n. *Gloeobacter*, An existing genus; *Ultragloeobacter*: A genus related to but distinct from the existing genus Gloeobacter of beyond.

Ultragloeomargarita

L. nan preposition *ultra*, beyond; L. fem. n. *Gloeomargarita*, An existing genus; *Ultragloeomargarita*: A genus related to but distinct from the existing genus Gloeomargarita of beyond.

Ultraglucerabacter

L. nan preposition *ultra*, beyond; L. masc. n. *Glucerabacter*, An existing genus; *Ultraglucerabacter*: A genus related to but distinct from the existing genus Glucerabacter of beyond.

Ultragluconacetobacter

L. nan preposition *ultra*, beyond; L. masc. n. *Gluconacetobacter*, An existing genus; *Ultragluconacetobacter*: A genus related to but distinct from the existing genus Gluconacetobacter of beyond.

Ultragluconobacter

L. nan preposition *ultra*, beyond; L. masc. n. *Gluconobacter*, An existing genus; *Ultragluconobacter*: A genus related to but distinct from the existing genus Gluconobacter of beyond.

Ultraglutamicibacter

L. nan preposition *ultra*, beyond; L. masc. n. *Glutamicibacter*, An existing genus; *Ultraglutamicibacter*: A genus related to but distinct from the existing genus Glutamicibacter of beyond.

Ultraglycocaulis

L. nan preposition *ultra*, beyond; L. masc. n. *Glycocaulis*, An existing genus; *Ultraglycocaulis*: A genus related to but distinct from the existing genus Glycocaulis of beyond.

Ultraglycomyces

L. nan preposition *ultra*, beyond; L. masc. n. *Glycomyces*, An existing genus; *Ultraglycomyces*: A genus related to but distinct from the existing genus Glycomyces of beyond.

Ultragodleya

L. nan preposition *ultra*, beyond; L. fem. n. *Godleya*, An existing genus; *Ultragodleya*: A genus related to but distinct from the existing genus Godleya of beyond.

Ultragomontiella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Gomontiella*, An existing genus; *Ultragomontiella*: A genus related to but distinct from the existing genus Gomontiella of beyond.

Ultragoodfellowia

L. nan preposition *ultra*, beyond; L. fem. n. *Goodfellowia*, An existing genus; *Ultragoodfellowia*: A genus related to but distinct from the existing genus Goodfellowia of beyond.

Ultragoodfellowiella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Goodfellowiella*, An existing genus; *Ultragoodfellowiella*: A genus related to but distinct from the existing genus Goodfellowiella of beyond.

Ultragordona

L. nan preposition *ultra*, beyond; L. fem. n. *Gordona*, An existing genus; *Ultragordona*: A genus related to but distinct from the existing genus Gordona of beyond.

Ultragordonia

L. nan preposition *ultra*, beyond; L. fem. n. *Gordonia*, An existing genus; *Ultragordonia*: A genus related to but distinct from the existing genus Gordonia of beyond.

Ultragordonibacter

L. nan preposition *ultra*, beyond; L. masc. n. *Gordonibacter*, An existing genus; *Ultragordonibacter*: A genus related to but distinct from the existing genus Gordonibacter of beyond.

Ultragorillibacterium

L. nan preposition *ultra*, beyond; L. neut. n. *Gorillibacterium*, An existing genus; *Ultragorillibacterium*: A genus related to but distinct from the existing genus Gorillibacterium of beyond.

Ultragottschalkia

L. nan preposition *ultra*, beyond; L. fem. n. *Gottschalkia*, An existing genus; *Ultragottschalkia*: A genus related to but distinct from the existing genus Gottschalkia of beyond.

Ultragracilibacillus

L. nan preposition *ultra*, beyond; L. masc. n. *Gracilibacillus*, An existing genus; *Ultragracilibacillus*: A genus related to but distinct from the existing genus Gracilibacillus of beyond.

Ultragracilibacter

L. nan preposition *ultra*, beyond; L. masc. n. *Gracilibacter*, An existing genus; *Ultragracilibacter*: A genus related to but distinct from the existing genus Gracilibacter of beyond.

Ultragracilimonas

L. nan preposition *ultra*, beyond; L. fem. n. *Gracilimonas*, An existing genus; *Ultragracilimonas*: A genus related to but distinct from the existing genus Gracilimonas of beyond.

Ultragrahamella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Grahamella*, An existing genus; *Ultragrahamella*: A genus related to but distinct from the existing genus Grahamella of beyond.

Ultragramella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Gramella*, An existing genus; *Ultragramella*: A genus related to but distinct from the existing genus Gramella of beyond.

Ultragranulibacter

L. nan preposition *ultra*, beyond; L. masc. n. *Granulibacter*, An existing genus; *Ultragranulibacter*: A genus related to but distinct from the existing genus Granulibacter of beyond.

Ultragranulicella

L. nan preposition *ultra*, beyond; L. fem. n. *Granulicella*, An existing genus; *Ultragranulicella*: A genus related to but distinct from the existing genus Granulicella of beyond.

Ultragranulicoccus

L. nan preposition *ultra*, beyond; L. masc. n. *Granulicoccus*, An existing genus; *Ultragranulicoccus*: A genus related to but distinct from the existing genus Granulicoccus of beyond.

Ultragranulosicoccus

L. nan preposition *ultra*, beyond; L. masc. n. *Granulosicoccus*, An existing genus; *Ultragranulosicoccus*: A genus related to but distinct from the existing genus Granulosicoccus of beyond.

Ultragrimontia

L. nan preposition *ultra*, beyond; L. fem. n. *Grimontia*, An existing genus; *Ultragrimontia*: A genus related to but distinct from the existing genus Grimontia of beyond.

Ultragryllotalpicola

L. nan preposition *ultra*, beyond; L. masc. n. *Gryllotalpicola*, An existing genus; *Ultragryllotalpicola*: A genus related to but distinct from the existing genus Gryllotalpicola of beyond.

Ultragudongella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Gudongella*, An existing genus; *Ultragudongella*: A genus related to but distinct from the existing genus Gudongella of beyond.

Ultraguggenheimella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Guggenheimella*, An existing genus; *Ultraguggenheimella*: A genus related to but distinct from the existing genus Guggenheimella of beyond.

Ultragulbenkiania

L. nan preposition *ultra*, beyond; L. fem. n. *Gulbenkiania*, An existing genus; *Ultragulbenkiania*: A genus related to but distinct from the existing genus Gulbenkiania of beyond.

Ultragulosibacter

L. nan preposition *ultra*, beyond; L. masc. n. *Gulosibacter*, An existing genus; *Ultragulosibacter*: A genus related to but distinct from the existing genus Gulosibacter of beyond.

Ultraguyparkeria

L. nan preposition *ultra*, beyond; L. fem. n. *Guyparkeria*, An existing genus; *Ultraguyparkeria*: A genus related to but distinct from the existing genus Guyparkeria of beyond.

Ultragynuella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Gynuella*, An existing genus; *Ultragynuella*: A genus related to but distinct from the existing genus Gynuella of beyond.

Ultragynurincola

L. nan preposition *ultra*, beyond; L. masc. n. *Gynurincola*, An existing genus; *Ultragynurincola*: A genus related to but distinct from the existing genus Gynurincola of beyond.

Ultrahaematomicrobium

L. nan preposition *ultra*, beyond; L. neut. n. *Haematomicrobium*, An existing genus; *Ultrahaematomicrobium*: A genus related to but distinct from the existing genus Haematomicrobium of beyond.

Ultrahaemobartonella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Haemobartonella*, An existing genus; *Ultrahaemobartonella*: A genus related to but distinct from the existing genus Haemobartonella of beyond.

Ultrahaemophilus

L. nan preposition *ultra*, beyond; L. masc. n. *Haemophilus*, An existing genus; *Ultrahaemophilus*: A genus related to but distinct from the existing genus Haemophilus of beyond.

Ultrahahella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Hahella*, An existing genus; *Ultrahahella*: A genus related to but distinct from the existing genus Hahella of beyond.

Ultrahahyoungchilella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Hahyoungchilella*, An existing genus; *Ultrahahyoungchilella*: A genus related to but distinct from the existing genus Hahyoungchilella of beyond.

Ultrahaladaptatus

L. nan preposition *ultra*, beyond; L. masc. n. *Haladaptatus*, An existing genus; *Ultrahaladaptatus*: A genus related to but distinct from the existing genus Haladaptatus of beyond.

Ultrahalalkaliarchaeum

L. nan preposition *ultra*, beyond; L. neut. n. *Halalkaliarchaeum*, An existing genus; *Ultrahalalkaliarchaeum*: A genus related to but distinct from the existing genus Halalkaliarchaeum of beyond.

Ultrahalalkalibacillus

L. nan preposition *ultra*, beyond; L. masc. n. *Halalkalibacillus*, An existing genus; *Ultrahalalkalibacillus*: A genus related to but distinct from the existing genus Halalkalibacillus of beyond.

Ultrahalalkalicoccus

L. nan preposition *ultra*, beyond; L. masc. n. *Halalkalicoccus*, An existing genus; *Ultrahalalkalicoccus*: A genus related to but distinct from the existing genus Halalkalicoccus of beyond.

Ultrahalanaeroarchaeum

L. nan preposition *ultra*, beyond; L. neut. n. *Halanaeroarchaeum*, An existing genus; *Ultrahalanaeroarchaeum*: A genus related to but distinct from the existing genus Halanaeroarchaeum of beyond.

Ultrahalanaerobacter

L. nan preposition *ultra*, beyond; L. masc. n. *Halanaerobacter*, An existing genus; *Ultrahalanaerobacter*: A genus related to but distinct from the existing genus Halanaerobacter of beyond.

Ultrahalanaerobium

L. nan preposition *ultra*, beyond; L. neut. n. *Halanaerobium*, An existing genus; *Ultrahalanaerobium*: A genus related to but distinct from the existing genus Halanaerobium of beyond.

Ultrahalanaerocella

L. nan preposition *ultra*, beyond; L. fem. n. *Halanaerocella*, An existing genus; *Ultrahalanaerocella*: A genus related to but distinct from the existing genus Halanaerocella of beyond.

Ultrahalapricum

L. nan preposition *ultra*, beyond; L. neut. n. *Halapricum*, An existing genus; *Ultrahalapricum*: A genus related to but distinct from the existing genus Halapricum of beyond.

Ultrahalarchaeum

L. nan preposition *ultra*, beyond; L. neut. n. *Halarchaeum*, An existing genus; *Ultrahalarchaeum*: A genus related to but distinct from the existing genus Halarchaeum of beyond.

Ultrahalarsenatibacter

L. nan preposition *ultra*, beyond; L. masc. n. *Halarsenatibacter*, An existing genus; *Ultrahalarsenatibacter*: A genus related to but distinct from the existing genus Halarsenatibacter of beyond.

Ultrahalegenticoccus

L. nan preposition *ultra*, beyond; L. masc. n. *Halegenticoccus*, An existing genus; *Ultrahalegenticoccus*: A genus related to but distinct from the existing genus Halegenticoccus of beyond.

Ultrahaliangium

L. nan preposition *ultra*, beyond; L. neut. n. *Haliangium*, An existing genus; *Ultrahaliangium*: A genus related to but distinct from the existing genus Haliangium of beyond.

Ultrahaliea

L. nan preposition *ultra*, beyond; L. fem. n. *Haliea*, An existing genus; *Ultrahaliea*: A genus related to but distinct from the existing genus Haliea of beyond.

Ultrahalioglobus

L. nan preposition *ultra*, beyond; L. masc. n. *Halioglobus*, An existing genus; *Ultrahalioglobus*: A genus related to but distinct from the existing genus Halioglobus of beyond.

Ultrahalioxenophilus

L. nan preposition *ultra*, beyond; L. masc. n. *Halioxenophilus*, An existing genus; *Ultrahalioxenophilus*: A genus related to but distinct from the existing genus Halioxenophilus of beyond.

Ultrahaliscomenobacter

L. nan preposition *ultra*, beyond; L. masc. n. *Haliscomenobacter*, An existing genus; *Ultrahaliscomenobacter*: A genus related to but distinct from the existing genus Haliscomenobacter of beyond.

Ultrahallella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Hallella*, An existing genus; *Ultrahallella*: A genus related to but distinct from the existing genus Hallella of beyond.

Ultrahaloactinobacterium

L. nan preposition *ultra*, beyond; L. neut. n. *Haloactinobacterium*, An existing genus; *Ultrahaloactinobacterium*: A genus related to but distinct from the existing genus Haloactinobacterium of beyond.

Ultrahaloactinomyces

L. nan preposition *ultra*, beyond; L. masc. n. *Haloactinomyces*, An existing genus; *Ultrahaloactinomyces*: A genus related to but distinct from the existing genus Haloactinomyces of beyond.

Ultrahaloactinopolyspora

L. nan preposition *ultra*, beyond; L. fem. n. *Haloactinopolyspora*, An existing genus; *Ultrahaloactinopolyspora*: A genus related to but distinct from the existing genus Haloactinopolyspora of beyond.

Ultrahaloactinospora

L. nan preposition *ultra*, beyond; L. fem. n. *Haloactinospora*, An existing genus; *Ultrahaloactinospora*: A genus related to but distinct from the existing genus Haloactinospora of beyond.

Ultrahaloarchaeobius

L. nan preposition *ultra*, beyond; L. masc. n. *Haloarchaeobius*, An existing genus; *Ultrahaloarchaeobius*: A genus related to but distinct from the existing genus Haloarchaeobius of beyond.

Ultrahaloarcula

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Haloarcula*, An existing genus; *Ultrahaloarcula*: A genus related to but distinct from the existing genus Haloarcula of beyond.

Ultrahalobacteriovorax

L. nan preposition *ultra*, beyond; L. masc. n. *Halobacteriovorax*, An existing genus; *Ultrahalobacteriovorax*: A genus related to but distinct from the existing genus Halobacteriovorax of beyond.

Ultrahalobacterium

L. nan preposition *ultra*, beyond; L. neut. n. *Halobacterium*, An existing genus; *Ultrahalobacterium*: A genus related to but distinct from the existing genus Halobacterium of beyond.

Ultrahalobacteroides

L. nan preposition *ultra*, beyond; L. masc. n. *Halobacteroides*, An existing genus; *Ultrahalobacteroides*: A genus related to but distinct from the existing genus Halobacteroides of beyond.

Ultrahalobaculum

L. nan preposition *ultra*, beyond; L. neut. n. *Halobaculum*, An existing genus; *Ultrahalobaculum*: A genus related to but distinct from the existing genus Halobaculum of beyond.

Ultrahalobellus

L. nan preposition *ultra*, beyond; L. masc. n. *Halobellus*, An existing genus; *Ultrahalobellus*: A genus related to but distinct from the existing genus Halobellus of beyond.

Ultrahalobiforma

L. nan preposition *ultra*, beyond; L. fem. n. *Halobiforma*, An existing genus; *Ultrahalobiforma*: A genus related to but distinct from the existing genus Halobiforma of beyond.

Ultrahalobium

L. nan preposition *ultra*, beyond; L. neut. n. *Halobium*, An existing genus; *Ultrahalobium*: A genus related to but distinct from the existing genus Halobium of beyond.

Ultrahalocalculus

L. nan preposition *ultra*, beyond; L. masc. n. *Halocalculus*, An existing genus; *Ultrahalocalculus*: A genus related to but distinct from the existing genus Halocalculus of beyond.

Ultrahalocella

L. nan preposition *ultra*, beyond; L. fem. n. *Halocella*, An existing genus; *Ultrahalocella*: A genus related to but distinct from the existing genus Halocella of beyond.

Ultrahalochromatium

L. nan preposition *ultra*, beyond; L. neut. n. *Halochromatium*, An existing genus; *Ultrahalochromatium*: A genus related to but distinct from the existing genus Halochromatium of beyond.

Ultrahalococcoides

L. nan preposition *ultra*, beyond; L. neut. n. *Halococcoides*, An existing genus; *Ultrahalococcoides*: A genus related to but distinct from the existing genus Halococcoides of beyond.

Ultrahalococcus

L. nan preposition *ultra*, beyond; L. masc. n. *Halococcus*, An existing genus; *Ultrahalococcus*: A genus related to but distinct from the existing genus Halococcus of beyond.

Ultrahalocynthiibacter

L. nan preposition *ultra*, beyond; L. masc. n. *Halocynthiibacter*, An existing genus; *Ultrahalocynthiibacter*: A genus related to but distinct from the existing genus Halocynthiibacter of beyond.

Ultrahalodesulfovibrio

L. nan preposition *ultra*, beyond; L. masc. n. *Halodesulfovibrio*, An existing genus; *Ultrahalodesulfovibrio*: A genus related to but distinct from the existing genus Halodesulfovibrio of beyond.

Ultrahalodesulfurarchaeum

L. nan preposition *ultra*, beyond; L. neut. n. *Halodesulfurarchaeum*, An existing genus; *Ultrahalodesulfurarchaeum*: A genus related to but distinct from the existing genus Halodesulfurarchaeum of beyond.

Ultrahalodurantibacterium

L. nan preposition *ultra*, beyond; L. neut. n. *Halodurantibacterium*, An existing genus; *Ultrahalodurantibacterium*: A genus related to but distinct from the existing genus Halodurantibacterium of beyond.

Ultrahaloechinothrix

L. nan preposition *ultra*, beyond; L. fem. n. *Haloechinothrix*, An existing genus; *Ultrahaloechinothrix*: A genus related to but distinct from the existing genus Haloechinothrix of beyond.

Ultrahaloferax

L. nan preposition *ultra*, beyond; L. neut. n. *Haloferax*, An existing genus; *Ultrahaloferax*: A genus related to but distinct from the existing genus Haloferax of beyond.

Ultrahaloferula

L. nan preposition *ultra*, beyond; L. fem. n. *Haloferula*, An existing genus; *Ultrahaloferula*: A genus related to but distinct from the existing genus Haloferula of beyond.

Ultrahalofilum

L. nan preposition *ultra*, beyond; L. neut. n. *Halofilum*, An existing genus; *Ultrahalofilum*: A genus related to but distinct from the existing genus Halofilum of beyond.

Ultrahaloflavibacter

L. nan preposition *ultra*, beyond; L. masc. n. *Haloflavibacter*, An existing genus; *Ultrahaloflavibacter*: A genus related to but distinct from the existing genus Haloflavibacter of beyond.

Ultrahalogeometricum

L. nan preposition *ultra*, beyond; L. neut. n. *Halogeometricum*, An existing genus; *Ultrahalogeometricum*: A genus related to but distinct from the existing genus Halogeometricum of beyond.

Ultrahaloglycomyces

L. nan preposition *ultra*, beyond; L. masc. n. *Haloglycomyces*, An existing genus; *Ultrahaloglycomyces*: A genus related to but distinct from the existing genus Haloglycomyces of beyond.

Ultrahalogranum

L. nan preposition *ultra*, beyond; L. neut. n. *Halogranum*, An existing genus; *Ultrahalogranum*: A genus related to but distinct from the existing genus Halogranum of beyond.

Ultrahalohasta

L. nan preposition *ultra*, beyond; L. fem. n. *Halohasta*, An existing genus; *Ultrahalohasta*: A genus related to but distinct from the existing genus Halohasta of beyond.

Ultrahaloimpatiens

L. nan preposition *ultra*, beyond; L. masc. n. *Haloimpatiens*, An existing genus; *Ultrahaloimpatiens*: A genus related to but distinct from the existing genus Haloimpatiens of beyond.

Ultrahaloincola

L. nan preposition *ultra*, beyond; L. masc. n. *Haloincola*, An existing genus; *Ultrahaloincola*: A genus related to but distinct from the existing genus Haloincola of beyond.

Ultrahalolactibacillus

L. nan preposition *ultra*, beyond; L. masc. n. *Halolactibacillus*, An existing genus; *Ultrahalolactibacillus*: A genus related to but distinct from the existing genus Halolactibacillus of beyond.

Ultrahalolamina

L. nan preposition *ultra*, beyond; L. fem. n. *Halolamina*, An existing genus; *Ultrahalolamina*: A genus related to but distinct from the existing genus Halolamina of beyond.

Ultrahaloleptolyngbya

L. nan preposition *ultra*, beyond; L. fem. n. *Haloleptolyngbya*, An existing genus; *Ultrahaloleptolyngbya*: A genus related to but distinct from the existing genus Haloleptolyngbya of beyond.

Ultrahalomarina

L. nan preposition *ultra*, beyond; L. fem. n. *Halomarina*, An existing genus; *Ultrahalomarina*: A genus related to but distinct from the existing genus Halomarina of beyond.

Ultrahalomethanococcus

L. nan preposition *ultra*, beyond; L. masc. n. *Halomethanococcus*, An existing genus; *Ultrahalomethanococcus*: A genus related to but distinct from the existing genus Halomethanococcus of beyond.

Ultrahalomicrobium

L. nan preposition *ultra*, beyond; L. neut. n. *Halomicrobium*, An existing genus; *Ultrahalomicrobium*: A genus related to but distinct from the existing genus Halomicrobium of beyond.

Ultrahalomicrococcus

L. nan preposition *ultra*, beyond; L. masc. n. *Halomicrococcus*, An existing genus; *Ultrahalomicrococcus*: A genus related to but distinct from the existing genus Halomicrococcus of beyond.

Ultrahalomicronema

L. nan preposition *ultra*, beyond; L. neut. n. *Halomicronema*, An existing genus; *Ultrahalomicronema*: A genus related to but distinct from the existing genus Halomicronema of beyond.

Ultrahalomonas

L. nan preposition *ultra*, beyond; L. fem. n. *Halomonas*, An existing genus; *Ultrahalomonas*: A genus related to but distinct from the existing genus Halomonas of beyond.

Ultrahalonatronum

L. nan preposition *ultra*, beyond; L. neut. n. *Halonatronum*, An existing genus; *Ultrahalonatronum*: A genus related to but distinct from the existing genus Halonatronum of beyond.

Ultrahalonotius

L. nan preposition *ultra*, beyond; L. masc. n. *Halonotius*, An existing genus; *Ultrahalonotius*: A genus related to but distinct from the existing genus Halonotius of beyond.

Ultrahaloparvum

L. nan preposition *ultra*, beyond; L. neut. n. *Haloparvum*, An existing genus; *Ultrahaloparvum*: A genus related to but distinct from the existing genus Haloparvum of beyond.

Ultrahalopelagius

L. nan preposition *ultra*, beyond; L. masc. n. *Halopelagius*, An existing genus; *Ultrahalopelagius*: A genus related to but distinct from the existing genus Halopelagius of beyond.

Ultrahalopenitus

L. nan preposition *ultra*, beyond; L. masc. n. *Halopenitus*, An existing genus; *Ultrahalopenitus*: A genus related to but distinct from the existing genus Halopenitus of beyond.

Ultrahalopeptonella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Halopeptonella*, An existing genus; *Ultrahalopeptonella*: A genus related to but distinct from the existing genus Halopeptonella of beyond.

Ultrahalopiger

L. nan preposition *ultra*, beyond; L. masc. n. *Halopiger*, An existing genus; *Ultrahalopiger*: A genus related to but distinct from the existing genus Halopiger of beyond.

Ultrahaloplanus

L. nan preposition *ultra*, beyond; L. masc. n. *Haloplanus*, An existing genus; *Ultrahaloplanus*: A genus related to but distinct from the existing genus Haloplanus of beyond.

Ultrahaloplasma

L. nan preposition *ultra*, beyond; L. neut. n. *Haloplasma*, An existing genus; *Ultrahaloplasma*: A genus related to but distinct from the existing genus Haloplasma of beyond.

Ultrahalopolyspora

L. nan preposition *ultra*, beyond; L. fem. n. *Halopolyspora*, An existing genus; *Ultrahalopolyspora*: A genus related to but distinct from the existing genus Halopolyspora of beyond.

Ultrahaloprofundus

L. nan preposition *ultra*, beyond; L. masc. n. *Haloprofundus*, An existing genus; *Ultrahaloprofundus*: A genus related to but distinct from the existing genus Haloprofundus of beyond.

Ultrahaloquadratum

L. nan preposition *ultra*, beyond; L. neut. n. *Haloquadratum*, An existing genus; *Ultrahaloquadratum*: A genus related to but distinct from the existing genus Haloquadratum of beyond.

Ultrahalorhodospira

L. nan preposition *ultra*, beyond; L. fem. n. *Halorhodospira*, An existing genus; *Ultrahalorhodospira*: A genus related to but distinct from the existing genus Halorhodospira of beyond.

Ultrahalorientalis

L. nan preposition *ultra*, beyond; L. fem. n. *Halorientalis*, An existing genus; *Ultrahalorientalis*: A genus related to but distinct from the existing genus Halorientalis of beyond.

Ultrahalorubellus

L. nan preposition *ultra*, beyond; L. masc. n. *Halorubellus*, An existing genus; *Ultrahalorubellus*: A genus related to but distinct from the existing genus Halorubellus of beyond.

Ultrahalorubrobacterium

L. nan preposition *ultra*, beyond; L. neut. n. *Halorubrobacterium*, An existing genus; *Ultrahalorubrobacterium*: A genus related to but distinct from the existing genus Halorubrobacterium of beyond.

Ultrahalorubrum

L. nan preposition *ultra*, beyond; L. neut. n. *Halorubrum*, An existing genus; *Ultrahalorubrum*: A genus related to but distinct from the existing genus Halorubrum of beyond.

Ultrahalorussus

L. nan preposition *ultra*, beyond; L. masc. n. *Halorussus*, An existing genus; *Ultrahalorussus*: A genus related to but distinct from the existing genus Halorussus of beyond.

Ultrahalosarcina

L. nan preposition *ultra*, beyond; L. fem. n. *Halosarcina*, An existing genus; *Ultrahalosarcina*: A genus related to but distinct from the existing genus Halosarcina of beyond.

Ultrahalosiccatus

L. nan preposition *ultra*, beyond; L. masc. n. *Halosiccatus*, An existing genus; *Ultrahalosiccatus*: A genus related to but distinct from the existing genus Halosiccatus of beyond.

Ultrahalosimplex

L. nan preposition *ultra*, beyond; L. neut. n. *Halosimplex*, An existing genus; *Ultrahalosimplex*: A genus related to but distinct from the existing genus Halosimplex of beyond.

Ultrahalospina

L. nan preposition *ultra*, beyond; L. fem. n. *Halospina*, An existing genus; *Ultrahalospina*: A genus related to but distinct from the existing genus Halospina of beyond.

Ultrahalospirulina

L. nan preposition *ultra*, beyond; L. fem. n. *Halospirulina*, An existing genus; *Ultrahalospirulina*: A genus related to but distinct from the existing genus Halospirulina of beyond.

Ultrahalostagnicola

L. nan preposition *ultra*, beyond; L. fem. n. *Halostagnicola*, An existing genus; *Ultrahalostagnicola*: A genus related to but distinct from the existing genus Halostagnicola of beyond.

Ultrahalotalea

L. nan preposition *ultra*, beyond; L. fem. n. *Halotalea*, An existing genus; *Ultrahalotalea*: A genus related to but distinct from the existing genus Halotalea of beyond.

Ultrahaloterrigena

L. nan preposition *ultra*, beyond; L. fem. n. *Haloterrigena*, An existing genus; *Ultrahaloterrigena*: A genus related to but distinct from the existing genus Haloterrigena of beyond.

Ultrahalothermothrix

L. nan preposition *ultra*, beyond; L. fem. n. *Halothermothrix*, An existing genus; *Ultrahalothermothrix*: A genus related to but distinct from the existing genus Halothermothrix of beyond.

Ultrahalothiobacillus

L. nan preposition *ultra*, beyond; L. masc. n. *Halothiobacillus*, An existing genus; *Ultrahalothiobacillus*: A genus related to but distinct from the existing genus Halothiobacillus of beyond.

Ultrahalotia

L. nan preposition *ultra*, beyond; L. fem. n. *Halotia*, An existing genus; *Ultrahalotia*: A genus related to but distinct from the existing genus Halotia of beyond.

Ultrahalovarius

L. nan preposition *ultra*, beyond; L. masc. n. *Halovarius*, An existing genus; *Ultrahalovarius*: A genus related to but distinct from the existing genus Halovarius of beyond.

Ultrahalovenus

L. nan preposition *ultra*, beyond; L. fem. n. *Halovenus*, An existing genus; *Ultrahalovenus*: A genus related to but distinct from the existing genus Halovenus of beyond.

Ultrahalovibrio

L. nan preposition *ultra*, beyond; L. masc. n. *Halovibrio*, An existing genus; *Ultrahalovibrio*: A genus related to but distinct from the existing genus Halovibrio of beyond.

Ultrahalovivax

L. nan preposition *ultra*, beyond; L. masc. n. *Halovivax*, An existing genus; *Ultrahalovivax*: A genus related to but distinct from the existing genus Halovivax of beyond.

Ultrahalovulum

L. nan preposition *ultra*, beyond; L. neut. n. *Halovulum*, An existing genus; *Ultrahalovulum*: A genus related to but distinct from the existing genus Halovulum of beyond.

Ultrahalpernia

L. nan preposition *ultra*, beyond; L. fem. n. *Halpernia*, An existing genus; *Ultrahalpernia*: A genus related to but distinct from the existing genus Halpernia of beyond.

Ultrahamadaea

L. nan preposition *ultra*, beyond; L. fem. n. *Hamadaea*, An existing genus; *Ultrahamadaea*: A genus related to but distinct from the existing genus Hamadaea of beyond.

Ultrahankyongella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Hankyongella*, An existing genus; *Ultrahankyongella*: A genus related to but distinct from the existing genus Hankyongella of beyond.

Ultrahansschlegelia

L. nan preposition *ultra*, beyond; L. fem. n. *Hansschlegelia*, An existing genus; *Ultrahansschlegelia*: A genus related to but distinct from the existing genus Hansschlegelia of beyond.

Ultrahanstruepera

L. nan preposition *ultra*, beyond; L. fem. n. *Hanstruepera*, An existing genus; *Ultrahanstruepera*: A genus related to but distinct from the existing genus Hanstruepera of beyond.

Ultrahaoranjiania

L. nan preposition *ultra*, beyond; L. fem. n. *Haoranjiania*, An existing genus; *Ultrahaoranjiania*: A genus related to but distinct from the existing genus Haoranjiania of beyond.

Ultrahaploangium

L. nan preposition *ultra*, beyond; L. neut. n. *Haploangium*, An existing genus; *Ultrahaploangium*: A genus related to but distinct from the existing genus Haploangium of beyond.

Ultraharryflintia

L. nan preposition *ultra*, beyond; L. fem. n. *Harryflintia*, An existing genus; *Ultraharryflintia*: A genus related to but distinct from the existing genus Harryflintia of beyond.

Ultrahartmannibacter

L. nan preposition *ultra*, beyond; L. masc. n. *Hartmannibacter*, An existing genus; *Ultrahartmannibacter*: A genus related to but distinct from the existing genus Hartmannibacter of beyond.

Ultrahasllibacter

L. nan preposition *ultra*, beyond; L. masc. n. *Hasllibacter*, An existing genus; *Ultrahasllibacter*: A genus related to but distinct from the existing genus Hasllibacter of beyond.

Ultrahathewaya

L. nan preposition *ultra*, beyond; L. fem. n. *Hathewaya*, An existing genus; *Ultrahathewaya*: A genus related to but distinct from the existing genus Hathewaya of beyond.

Ultrahazenella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Hazenella*, An existing genus; *Ultrahazenella*: A genus related to but distinct from the existing genus Hazenella of beyond.

Ultrahelcococcus

L. nan preposition *ultra*, beyond; L. masc. n. *Helcococcus*, An existing genus; *Ultrahelcococcus*: A genus related to but distinct from the existing genus Helcococcus of beyond.

Ultrahelicobacter

L. nan preposition *ultra*, beyond; L. masc. n. *Helicobacter*, An existing genus; *Ultrahelicobacter*: A genus related to but distinct from the existing genus Helicobacter of beyond.

Ultraheliimonas

L. nan preposition *ultra*, beyond; L. fem. n. *Heliimonas*, An existing genus; *Ultraheliimonas*: A genus related to but distinct from the existing genus Heliimonas of beyond.

Ultraheliobacterium

L. nan preposition *ultra*, beyond; L. neut. n. *Heliobacterium*, An existing genus; *Ultraheliobacterium*: A genus related to but distinct from the existing genus Heliobacterium of beyond.

Ultraheliophilum

L. nan preposition *ultra*, beyond; L. neut. n. *Heliophilum*, An existing genus; *Ultraheliophilum*: A genus related to but distinct from the existing genus Heliophilum of beyond.

Ultraheliorestis

L. nan preposition *ultra*, beyond; L. fem. n. *Heliorestis*, An existing genus; *Ultraheliorestis*: A genus related to but distinct from the existing genus Heliorestis of beyond.

Ultrahellea

L. nan preposition *ultra*, beyond; L. fem. n. *Hellea*, An existing genus; *Ultrahellea*: A genus related to but distinct from the existing genus Hellea of beyond.

Ultrahenriciella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Henriciella*, An existing genus; *Ultrahenriciella*: A genus related to but distinct from the existing genus Henriciella of beyond.

Ultraherbaspirillum

L. nan preposition *ultra*, beyond; L. neut. dim. n. *Herbaspirillum*, An existing genus; *Ultraherbaspirillum*: A genus related to but distinct from the existing genus Herbaspirillum of beyond.

Ultraherbiconiux

L. nan preposition *ultra*, beyond; L. fem. n. *Herbiconiux*, An existing genus; *Ultraherbiconiux*: A genus related to but distinct from the existing genus Herbiconiux of beyond.

Ultraherbidospora

L. nan preposition *ultra*, beyond; L. fem. n. *Herbidospora*, An existing genus; *Ultraherbidospora*: A genus related to but distinct from the existing genus Herbidospora of beyond.

Ultraherbihabitans

L. nan preposition *ultra*, beyond; L. masc. n. *Herbihabitans*, An existing genus; *Ultraherbihabitans*: A genus related to but distinct from the existing genus Herbihabitans of beyond.

Ultraherbinix

L. nan preposition *ultra*, beyond; L. fem. n. *Herbinix*, An existing genus; *Ultraherbinix*: A genus related to but distinct from the existing genus Herbinix of beyond.

Ultraherbivorax

L. nan preposition *ultra*, beyond; L. fem. n. *Herbivorax*, An existing genus; *Ultraherbivorax*: A genus related to but distinct from the existing genus Herbivorax of beyond.

Ultraherminiimonas

L. nan preposition *ultra*, beyond; L. fem. n. *Herminiimonas*, An existing genus; *Ultraherminiimonas*: A genus related to but distinct from the existing genus Herminiimonas of beyond.

Ultraherpetosiphon

L. nan preposition *ultra*, beyond; L. masc. n. *Herpetosiphon*, An existing genus; *Ultraherpetosiphon*: A genus related to but distinct from the existing genus Herpetosiphon of beyond.

Ultrahespellia

L. nan preposition *ultra*, beyond; L. fem. n. *Hespellia*, An existing genus; *Ultrahespellia*: A genus related to but distinct from the existing genus Hespellia of beyond.

Ultraheteroscytonema

L. nan preposition *ultra*, beyond; L. neut. n. *Heteroscytonema*, An existing genus; *Ultraheteroscytonema*: A genus related to but distinct from the existing genus Heteroscytonema of beyond.

Ultrahippea

L. nan preposition *ultra*, beyond; L. fem. n. *Hippea*, An existing genus; *Ultrahippea*: A genus related to but distinct from the existing genus Hippea of beyond.

Ultrahirschia

L. nan preposition *ultra*, beyond; L. fem. n. *Hirschia*, An existing genus; *Ultrahirschia*: A genus related to but distinct from the existing genus Hirschia of beyond.

Ultrahistidinibacterium

L. nan preposition *ultra*, beyond; L. neut. n. *Histidinibacterium*, An existing genus; *Ultrahistidinibacterium*: A genus related to but distinct from the existing genus Histidinibacterium of beyond.

Ultrahistophilus

L. nan preposition *ultra*, beyond; L. masc. n. *Histophilus*, An existing genus; *Ultrahistophilus*: A genus related to but distinct from the existing genus Histophilus of beyond.

Ultraholdemanella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Holdemanella*, An existing genus; *Ultraholdemanella*: A genus related to but distinct from the existing genus Holdemanella of beyond.

Ultraholdemania

L. nan preposition *ultra*, beyond; L. fem. n. *Holdemania*, An existing genus; *Ultraholdemania*: A genus related to but distinct from the existing genus Holdemania of beyond.

Ultrahollandina

L. nan preposition *ultra*, beyond; L. fem. n. *Hollandina*, An existing genus; *Ultrahollandina*: A genus related to but distinct from the existing genus Hollandina of beyond.

Ultraholophaga

L. nan preposition *ultra*, beyond; L. fem. n. *Holophaga*, An existing genus; *Ultraholophaga*: A genus related to but distinct from the existing genus Holophaga of beyond.

Ultraholospora

L. nan preposition *ultra*, beyond; L. fem. n. *Holospora*, An existing genus; *Ultraholospora*: A genus related to but distinct from the existing genus Holospora of beyond.

Ultraholzapfelia

L. nan preposition *ultra*, beyond; L. fem. n. *Holzapfelia*, An existing genus; *Ultraholzapfelia*: A genus related to but distinct from the existing genus Holzapfelia of beyond.

Ultrahomoserinibacter

L. nan preposition *ultra*, beyond; L. masc. n. *Homoserinibacter*, An existing genus; *Ultrahomoserinibacter*: A genus related to but distinct from the existing genus Homoserinibacter of beyond.

Ultrahomoserinimonas

L. nan preposition *ultra*, beyond; L. fem. n. *Homoserinimonas*, An existing genus; *Ultrahomoserinimonas*: A genus related to but distinct from the existing genus Homoserinimonas of beyond.

Ultrahongia

L. nan preposition *ultra*, beyond; L. fem. n. *Hongia*, An existing genus; *Ultrahongia*: A genus related to but distinct from the existing genus Hongia of beyond.

Ultrahongiella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Hongiella*, An existing genus; *Ultrahongiella*: A genus related to but distinct from the existing genus Hongiella of beyond.

Ultrahoppeia

L. nan preposition *ultra*, beyond; L. fem. n. *Hoppeia*, An existing genus; *Ultrahoppeia*: A genus related to but distinct from the existing genus Hoppeia of beyond.

Ultrahormathonema

L. nan preposition *ultra*, beyond; L. neut. n. *Hormathonema*, An existing genus; *Ultrahormathonema*: A genus related to but distinct from the existing genus Hormathonema of beyond.

Ultrahormoscilla

L. nan preposition *ultra*, beyond; L. fem. n. *Hormoscilla*, An existing genus; *Ultrahormoscilla*: A genus related to but distinct from the existing genus Hormoscilla of beyond.

Ultrahowardella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Howardella*, An existing genus; *Ultrahowardella*: A genus related to but distinct from the existing genus Howardella of beyond.

Ultrahoyosella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Hoyosella*, An existing genus; *Ultrahoyosella*: A genus related to but distinct from the existing genus Hoyosella of beyond.

Ultrahuaishuia

L. nan preposition *ultra*, beyond; L. fem. n. *Huaishuia*, An existing genus; *Ultrahuaishuia*: A genus related to but distinct from the existing genus Huaishuia of beyond.

Ultrahuakuichenia

L. nan preposition *ultra*, beyond; L. fem. n. *Huakuichenia*, An existing genus; *Ultrahuakuichenia*: A genus related to but distinct from the existing genus Huakuichenia of beyond.

Ultrahuanghella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Huanghella*, An existing genus; *Ultrahuanghella*: A genus related to but distinct from the existing genus Huanghella of beyond.

Ultrahugenholtzia

L. nan preposition *ultra*, beyond; L. fem. n. *Hugenholtzia*, An existing genus; *Ultrahugenholtzia*: A genus related to but distinct from the existing genus Hugenholtzia of beyond.

Ultrahugonella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Hugonella*, An existing genus; *Ultrahugonella*: A genus related to but distinct from the existing genus Hugonella of beyond.

Ultrahumibacillus

L. nan preposition *ultra*, beyond; L. masc. n. *Humibacillus*, An existing genus; *Ultrahumibacillus*: A genus related to but distinct from the existing genus Humibacillus of beyond.

Ultrahumibacter

L. nan preposition *ultra*, beyond; L. masc. n. *Humibacter*, An existing genus; *Ultrahumibacter*: A genus related to but distinct from the existing genus Humibacter of beyond.

Ultrahumicoccus

L. nan preposition *ultra*, beyond; L. masc. n. *Humicoccus*, An existing genus; *Ultrahumicoccus*: A genus related to but distinct from the existing genus Humicoccus of beyond.

Ultrahungateiclostridium

L. nan preposition *ultra*, beyond; L. neut. dim. n. *Hungateiclostridium*, An existing genus; *Ultrahungateiclostridium*: A genus related to but distinct from the existing genus Hungateiclostridium of beyond.

Ultrahungatella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Hungatella*, An existing genus; *Ultrahungatella*: A genus related to but distinct from the existing genus Hungatella of beyond.

Ultrahwangdonia

L. nan preposition *ultra*, beyond; L. fem. n. *Hwangdonia*, An existing genus; *Ultrahwangdonia*: A genus related to but distinct from the existing genus Hwangdonia of beyond.

Ultrahwanghaeella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Hwanghaeella*, An existing genus; *Ultrahwanghaeella*: A genus related to but distinct from the existing genus Hwanghaeella of beyond.

Ultrahwanghaeicola

L. nan preposition *ultra*, beyond; L. masc. n. *Hwanghaeicola*, An existing genus; *Ultrahwanghaeicola*: A genus related to but distinct from the existing genus Hwanghaeicola of beyond.

Ultrahyalangium

L. nan preposition *ultra*, beyond; L. neut. n. *Hyalangium*, An existing genus; *Ultrahyalangium*: A genus related to but distinct from the existing genus Hyalangium of beyond.

Ultrahydrobacter

L. nan preposition *ultra*, beyond; L. masc. n. *Hydrobacter*, An existing genus; *Ultrahydrobacter*: A genus related to but distinct from the existing genus Hydrobacter of beyond.

Ultrahydrocarboniclastica

L. nan preposition *ultra*, beyond; L. fem. n. *Hydrocarboniclastica*, An existing genus; *Ultrahydrocarboniclastica*: A genus related to but distinct from the existing genus Hydrocarboniclastica of beyond.

Ultrahydrocarboniphaga

L. nan preposition *ultra*, beyond; L. fem. n. *Hydrocarboniphaga*, An existing genus; *Ultrahydrocarboniphaga*: A genus related to but distinct from the existing genus Hydrocarboniphaga of beyond.

Ultrahydrogenibacillus

L. nan preposition *ultra*, beyond; L. masc. n. *Hydrogenibacillus*, An existing genus; *Ultrahydrogenibacillus*: A genus related to but distinct from the existing genus Hydrogenibacillus of beyond.

Ultrahydrogeniiclostridium

L. nan preposition *ultra*, beyond; L. neut. dim. n. *Hydrogeniiclostridium*, An existing genus; *Ultrahydrogeniiclostridium*: A genus related to but distinct from the existing genus Hydrogeniiclostridium of beyond.

Ultrahydrogenimonas

L. nan preposition *ultra*, beyond; L. fem. n. *Hydrogenimonas*, An existing genus; *Ultrahydrogenimonas*: A genus related to but distinct from the existing genus Hydrogenimonas of beyond.

Ultrahydrogenispora

L. nan preposition *ultra*, beyond; L. fem. n. *Hydrogenispora*, An existing genus; *Ultrahydrogenispora*: A genus related to but distinct from the existing genus Hydrogenispora of beyond.

Ultrahydrogenivirga

L. nan preposition *ultra*, beyond; L. fem. n. *Hydrogenivirga*, An existing genus; *Ultrahydrogenivirga*: A genus related to but distinct from the existing genus Hydrogenivirga of beyond.

Ultrahydrogenoanaerobacterium

L. nan preposition *ultra*, beyond; L. neut. n. *Hydrogenoanaerobacterium*, An existing genus; *Ultrahydrogenoanaerobacterium*: A genus related to but distinct from the existing genus Hydrogenoanaerobacterium of beyond.

Ultrahydrogenobacter

L. nan preposition *ultra*, beyond; L. masc. n. *Hydrogenobacter*, An existing genus; *Ultrahydrogenobacter*: A genus related to but distinct from the existing genus Hydrogenobacter of beyond.

Ultrahydrogenophaga

L. nan preposition *ultra*, beyond; L. fem. n. *Hydrogenophaga*, An existing genus; *Ultrahydrogenophaga*: A genus related to but distinct from the existing genus Hydrogenophaga of beyond.

Ultrahydrogenophilus

L. nan preposition *ultra*, beyond; L. masc. n. *Hydrogenophilus*, An existing genus; *Ultrahydrogenophilus*: A genus related to but distinct from the existing genus Hydrogenophilus of beyond.

Ultrahydrogenovibrio

L. nan preposition *ultra*, beyond; L. masc. n. *Hydrogenovibrio*, An existing genus; *Ultrahydrogenovibrio*: A genus related to but distinct from the existing genus Hydrogenovibrio of beyond.

Ultrahydromonas

L. nan preposition *ultra*, beyond; L. fem. n. *Hydromonas*, An existing genus; *Ultrahydromonas*: A genus related to but distinct from the existing genus Hydromonas of beyond.

Ultrahydrotalea

L. nan preposition *ultra*, beyond; L. fem. n. *Hydrotalea*, An existing genus; *Ultrahydrotalea*: A genus related to but distinct from the existing genus Hydrotalea of beyond.

Ultrahylemonella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Hylemonella*, An existing genus; *Ultrahylemonella*: A genus related to but distinct from the existing genus Hylemonella of beyond.

Ultrahymenobacter

L. nan preposition *ultra*, beyond; L. masc. n. *Hymenobacter*, An existing genus; *Ultrahymenobacter*: A genus related to but distinct from the existing genus Hymenobacter of beyond.

Ultrahypericibacter

L. nan preposition *ultra*, beyond; L. masc. n. *Hypericibacter*, An existing genus; *Ultrahypericibacter*: A genus related to but distinct from the existing genus Hypericibacter of beyond.

Ultrahyperthermus

L. nan preposition *ultra*, beyond; L. masc. n. *Hyperthermus*, An existing genus; *Ultrahyperthermus*: A genus related to but distinct from the existing genus Hyperthermus of beyond.

Ultrahyphobacterium

L. nan preposition *ultra*, beyond; L. neut. n. *Hyphobacterium*, An existing genus; *Ultrahyphobacterium*: A genus related to but distinct from the existing genus Hyphobacterium of beyond.

Ultrahyphococcus

L. nan preposition *ultra*, beyond; L. masc. n. *Hyphococcus*, An existing genus; *Ultrahyphococcus*: A genus related to but distinct from the existing genus Hyphococcus of beyond.

Ultrahyphomicrobium

L. nan preposition *ultra*, beyond; L. neut. n. *Hyphomicrobium*, An existing genus; *Ultrahyphomicrobium*: A genus related to but distinct from the existing genus Hyphomicrobium of beyond.

Ultrahyphomonas

L. nan preposition *ultra*, beyond; L. fem. n. *Hyphomonas*, An existing genus; *Ultrahyphomonas*: A genus related to but distinct from the existing genus Hyphomonas of beyond.

Ultrahypnocyclicus

L. nan preposition *ultra*, beyond; L. masc. n. *Hypnocyclicus*, An existing genus; *Ultrahypnocyclicus*: A genus related to but distinct from the existing genus Hypnocyclicus of beyond.

Ultrahyunsoonleella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Hyunsoonleella*, An existing genus; *Ultrahyunsoonleella*: A genus related to but distinct from the existing genus Hyunsoonleella of beyond.

Ultraiamia

L. nan preposition *ultra*, beyond; L. fem. n. *Iamia*, An existing genus; *Ultraiamia*: A genus related to but distinct from the existing genus Iamia of beyond.

Ultraichthyobacterium

L. nan preposition *ultra*, beyond; L. neut. n. *Ichthyobacterium*, An existing genus; *Ultraichthyobacterium*: A genus related to but distinct from the existing genus Ichthyobacterium of beyond.

Ultraideonella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Ideonella*, An existing genus; *Ultraideonella*: A genus related to but distinct from the existing genus Ideonella of beyond.

Ultraidiomarina

L. nan preposition *ultra*, beyond; L. fem. n. *Idiomarina*, An existing genus; *Ultraidiomarina*: A genus related to but distinct from the existing genus Idiomarina of beyond.

Ultraignatzschineria

L. nan preposition *ultra*, beyond; L. fem. n. *Ignatzschineria*, An existing genus; *Ultraignatzschineria*: A genus related to but distinct from the existing genus Ignatzschineria of beyond.

Ultraignavigranum

L. nan preposition *ultra*, beyond; L. neut. n. *Ignavigranum*, An existing genus; *Ultraignavigranum*: A genus related to but distinct from the existing genus Ignavigranum of beyond.

Ultraignicoccus

L. nan preposition *ultra*, beyond; L. masc. n. *Ignicoccus*, An existing genus; *Ultraignicoccus*: A genus related to but distinct from the existing genus Ignicoccus of beyond.

Ultraignisphaera

L. nan preposition *ultra*, beyond; L. fem. n. *Ignisphaera*, An existing genus; *Ultraignisphaera*: A genus related to but distinct from the existing genus Ignisphaera of beyond.

Ultraileibacterium

L. nan preposition *ultra*, beyond; L. neut. n. *Ileibacterium*, An existing genus; *Ultraileibacterium*: A genus related to but distinct from the existing genus Ileibacterium of beyond.

Ultrailumatobacter

L. nan preposition *ultra*, beyond; L. masc. n. *Ilumatobacter*, An existing genus; *Ultrailumatobacter*: A genus related to but distinct from the existing genus Ilumatobacter of beyond.

Ultraimhoffiella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Imhoffiella*, An existing genus; *Ultraimhoffiella*: A genus related to but distinct from the existing genus Imhoffiella of beyond.

Ultraimmundisolibacter

L. nan preposition *ultra*, beyond; L. masc. n. *Immundisolibacter*, An existing genus; *Ultraimmundisolibacter*: A genus related to but distinct from the existing genus Immundisolibacter of beyond.

Ultraimperialibacter

L. nan preposition *ultra*, beyond; L. masc. n. *Imperialibacter*, An existing genus; *Ultraimperialibacter*: A genus related to but distinct from the existing genus Imperialibacter of beyond.

Ultraimtechella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Imtechella*, An existing genus; *Ultraimtechella*: A genus related to but distinct from the existing genus Imtechella of beyond.

Ultraindibacter

L. nan preposition *ultra*, beyond; L. masc. n. *Indibacter*, An existing genus; *Ultraindibacter*: A genus related to but distinct from the existing genus Indibacter of beyond.

Ultraindiicoccus

L. nan preposition *ultra*, beyond; L. masc. n. *Indiicoccus*, An existing genus; *Ultraindiicoccus*: A genus related to but distinct from the existing genus Indiicoccus of beyond.

Ultraindioceanicola

L. nan preposition *ultra*, beyond; L. masc. n. *Indioceanicola*, An existing genus; *Ultraindioceanicola*: A genus related to but distinct from the existing genus Indioceanicola of beyond.

Ultrainediibacterium

L. nan preposition *ultra*, beyond; L. neut. n. *Inediibacterium*, An existing genus; *Ultrainediibacterium*: A genus related to but distinct from the existing genus Inediibacterium of beyond.

Ultrainhella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Inhella*, An existing genus; *Ultrainhella*: A genus related to but distinct from the existing genus Inhella of beyond.

Ultrainingainema

L. nan preposition *ultra*, beyond; L. neut. n. *Iningainema*, An existing genus; *Ultrainingainema*: A genus related to but distinct from the existing genus Iningainema of beyond.

Ultrainmirania

L. nan preposition *ultra*, beyond; L. fem. n. *Inmirania*, An existing genus; *Ultrainmirania*: A genus related to but distinct from the existing genus Inmirania of beyond.

Ultrainnacoccus

L. nan preposition *ultra*, beyond; L. masc. n. *Innacoccus*, An existing genus; *Ultrainnacoccus*: A genus related to but distinct from the existing genus Innacoccus of beyond.

Ultrainsolitispirillum

L. nan preposition *ultra*, beyond; L. neut. dim. n. *Insolitispirillum*, An existing genus; *Ultrainsolitispirillum*: A genus related to but distinct from the existing genus Insolitispirillum of beyond.

Ultraintestinibacter

L. nan preposition *ultra*, beyond; L. masc. n. *Intestinibacter*, An existing genus; *Ultraintestinibacter*: A genus related to but distinct from the existing genus Intestinibacter of beyond.

Ultraintestinibaculum

L. nan preposition *ultra*, beyond; L. neut. n. *Intestinibaculum*, An existing genus; *Ultraintestinibaculum*: A genus related to but distinct from the existing genus Intestinibaculum of beyond.

Ultraintestinimonas

L. nan preposition *ultra*, beyond; L. fem. n. *Intestinimonas*, An existing genus; *Ultraintestinimonas*: A genus related to but distinct from the existing genus Intestinimonas of beyond.

Ultraintestinirhabdus

L. nan preposition *ultra*, beyond; L. fem. n. *Intestinirhabdus*, An existing genus; *Ultraintestinirhabdus*: A genus related to but distinct from the existing genus Intestinirhabdus of beyond.

Ultraintrasporangium

L. nan preposition *ultra*, beyond; L. neut. n. *Intrasporangium*, An existing genus; *Ultraintrasporangium*: A genus related to but distinct from the existing genus Intrasporangium of beyond.

Ultraiodidimonas

L. nan preposition *ultra*, beyond; L. fem. n. *Iodidimonas*, An existing genus; *Ultraiodidimonas*: A genus related to but distinct from the existing genus Iodidimonas of beyond.

Ultraiodobacter

L. nan preposition *ultra*, beyond; L. masc. n. *Iodobacter*, An existing genus; *Ultraiodobacter*: A genus related to but distinct from the existing genus Iodobacter of beyond.

Ultrairregularibacter

L. nan preposition *ultra*, beyond; L. masc. n. *Irregularibacter*, An existing genus; *Ultrairregularibacter*: A genus related to but distinct from the existing genus Irregularibacter of beyond.

Ultraisachenkonia

L. nan preposition *ultra*, beyond; L. fem. n. *Isachenkonia*, An existing genus; *Ultraisachenkonia*: A genus related to but distinct from the existing genus Isachenkonia of beyond.

Ultraisobaculum

L. nan preposition *ultra*, beyond; L. neut. n. *Isobaculum*, An existing genus; *Ultraisobaculum*: A genus related to but distinct from the existing genus Isobaculum of beyond.

Ultraisochromatium

L. nan preposition *ultra*, beyond; L. neut. n. *Isochromatium*, An existing genus; *Ultraisochromatium*: A genus related to but distinct from the existing genus Isochromatium of beyond.

Ultraisoptericola

L. nan preposition *ultra*, beyond; L. masc. n. *Isoptericola*, An existing genus; *Ultraisoptericola*: A genus related to but distinct from the existing genus Isoptericola of beyond.

Ultraisosphaera

L. nan preposition *ultra*, beyond; L. fem. n. *Isosphaera*, An existing genus; *Ultraisosphaera*: A genus related to but distinct from the existing genus Isosphaera of beyond.

Ultraizhakiella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Izhakiella*, An existing genus; *Ultraizhakiella*: A genus related to but distinct from the existing genus Izhakiella of beyond.

Ultrajacksonvillea

L. nan preposition *ultra*, beyond; L. fem. n. *Jacksonvillea*, An existing genus; *Ultrajacksonvillea*: A genus related to but distinct from the existing genus Jacksonvillea of beyond.

Ultrajahnella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Jahnella*, An existing genus; *Ultrajahnella*: A genus related to but distinct from the existing genus Jahnella of beyond.

Ultrajanibacter

L. nan preposition *ultra*, beyond; L. masc. n. *Janibacter*, An existing genus; *Ultrajanibacter*: A genus related to but distinct from the existing genus Janibacter of beyond.

Ultrajanthinobacterium

L. nan preposition *ultra*, beyond; L. neut. n. *Janthinobacterium*, An existing genus; *Ultrajanthinobacterium*: A genus related to but distinct from the existing genus Janthinobacterium of beyond.

Ultrajatrophihabitans

L. nan preposition *ultra*, beyond; L. masc. n. *Jatrophihabitans*, An existing genus; *Ultrajatrophihabitans*: A genus related to but distinct from the existing genus Jatrophihabitans of beyond.

Ultrajejubacter

L. nan preposition *ultra*, beyond; L. masc. n. *Jejubacter*, An existing genus; *Ultrajejubacter*: A genus related to but distinct from the existing genus Jejubacter of beyond.

Ultrajejudonia

L. nan preposition *ultra*, beyond; L. fem. n. *Jejudonia*, An existing genus; *Ultrajejudonia*: A genus related to but distinct from the existing genus Jejudonia of beyond.

Ultrajejuia

L. nan preposition *ultra*, beyond; L. fem. n. *Jejuia*, An existing genus; *Ultrajejuia*: A genus related to but distinct from the existing genus Jejuia of beyond.

Ultrajeongeupia

L. nan preposition *ultra*, beyond; L. fem. n. *Jeongeupia*, An existing genus; *Ultrajeongeupia*: A genus related to but distinct from the existing genus Jeongeupia of beyond.

Ultrajeotgalibaca

L. nan preposition *ultra*, beyond; L. fem. n. *Jeotgalibaca*, An existing genus; *Ultrajeotgalibaca*: A genus related to but distinct from the existing genus Jeotgalibaca of beyond.

Ultrajeotgalibacillus

L. nan preposition *ultra*, beyond; L. masc. n. *Jeotgalibacillus*, An existing genus; *Ultrajeotgalibacillus*: A genus related to but distinct from the existing genus Jeotgalibacillus of beyond.

Ultrajeotgalicoccus

L. nan preposition *ultra*, beyond; L. masc. n. *Jeotgalicoccus*, An existing genus; *Ultrajeotgalicoccus*: A genus related to but distinct from the existing genus Jeotgalicoccus of beyond.

Ultrajhaorihella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Jhaorihella*, An existing genus; *Ultrajhaorihella*: A genus related to but distinct from the existing genus Jhaorihella of beyond.

Ultrajiangella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Jiangella*, An existing genus; *Ultrajiangella*: A genus related to but distinct from the existing genus Jiangella of beyond.

Ultrajiella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Jiella*, An existing genus; *Ultrajiella*: A genus related to but distinct from the existing genus Jiella of beyond.

Ultrajilinibacillus

L. nan preposition *ultra*, beyond; L. masc. n. *Jilinibacillus*, An existing genus; *Ultrajilinibacillus*: A genus related to but distinct from the existing genus Jilinibacillus of beyond.

Ultrajindonia

L. nan preposition *ultra*, beyond; L. fem. n. *Jindonia*, An existing genus; *Ultrajindonia*: A genus related to but distinct from the existing genus Jindonia of beyond.

Ultrajishengella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Jishengella*, An existing genus; *Ultrajishengella*: A genus related to but distinct from the existing genus Jishengella of beyond.

Ultrajiulongibacter

L. nan preposition *ultra*, beyond; L. masc. n. *Jiulongibacter*, An existing genus; *Ultrajiulongibacter*: A genus related to but distinct from the existing genus Jiulongibacter of beyond.

Ultrajohnsonella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Johnsonella*, An existing genus; *Ultrajohnsonella*: A genus related to but distinct from the existing genus Johnsonella of beyond.

Ultrajonesia

L. nan preposition *ultra*, beyond; L. fem. n. *Jonesia*, An existing genus; *Ultrajonesia*: A genus related to but distinct from the existing genus Jonesia of beyond.

Ultrajongsikchunia

L. nan preposition *ultra*, beyond; L. fem. n. *Jongsikchunia*, An existing genus; *Ultrajongsikchunia*: A genus related to but distinct from the existing genus Jongsikchunia of beyond.

Ultrajonquetella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Jonquetella*, An existing genus; *Ultrajonquetella*: A genus related to but distinct from the existing genus Jonquetella of beyond.

Ultrajoostella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Joostella*, An existing genus; *Ultrajoostella*: A genus related to but distinct from the existing genus Joostella of beyond.

Ultrakaiparowitsia

L. nan preposition *ultra*, beyond; L. fem. n. *Kaiparowitsia*, An existing genus; *Ultrakaiparowitsia*: A genus related to but distinct from the existing genus Kaiparowitsia of beyond.

Ultrakaistella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Kaistella*, An existing genus; *Ultrakaistella*: A genus related to but distinct from the existing genus Kaistella of beyond.

Ultrakaistia

L. nan preposition *ultra*, beyond; L. fem. n. *Kaistia*, An existing genus; *Ultrakaistia*: A genus related to but distinct from the existing genus Kaistia of beyond.

Ultrakalamiella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Kalamiella*, An existing genus; *Ultrakalamiella*: A genus related to but distinct from the existing genus Kalamiella of beyond.

Ultrakallipyga

L. nan preposition *ultra*, beyond; L. fem. n. *Kallipyga*, An existing genus; *Ultrakallipyga*: A genus related to but distinct from the existing genus Kallipyga of beyond.

Ultrakallotenue

L. nan preposition *ultra*, beyond; L. neut. n. *Kallotenue*, An existing genus; *Ultrakallotenue*: A genus related to but distinct from the existing genus Kallotenue of beyond.

Ultrakandeliimicrobium

L. nan preposition *ultra*, beyond; L. neut. n. *Kandeliimicrobium*, An existing genus; *Ultrakandeliimicrobium*: A genus related to but distinct from the existing genus Kandeliimicrobium of beyond.

Ultrakandleria

L. nan preposition *ultra*, beyond; L. fem. n. *Kandleria*, An existing genus; *Ultrakandleria*: A genus related to but distinct from the existing genus Kandleria of beyond.

Ultrakangiella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Kangiella*, An existing genus; *Ultrakangiella*: A genus related to but distinct from the existing genus Kangiella of beyond.

Ultrakastovskya

L. nan preposition *ultra*, beyond; L. fem. n. *Kastovskya*, An existing genus; *Ultrakastovskya*: A genus related to but distinct from the existing genus Kastovskya of beyond.

Ultrakeratinibaculum

L. nan preposition *ultra*, beyond; L. neut. n. *Keratinibaculum*, An existing genus; *Ultrakeratinibaculum*: A genus related to but distinct from the existing genus Keratinibaculum of beyond.

Ultrakerstersia

L. nan preposition *ultra*, beyond; L. fem. n. *Kerstersia*, An existing genus; *Ultrakerstersia*: A genus related to but distinct from the existing genus Kerstersia of beyond.

Ultraketobacter

L. nan preposition *ultra*, beyond; L. masc. n. *Ketobacter*, An existing genus; *Ultraketobacter*: A genus related to but distinct from the existing genus Ketobacter of beyond.

Ultraketogulonicigenium

L. nan preposition *ultra*, beyond; L. neut. n. *Ketogulonicigenium*, An existing genus; *Ultraketogulonicigenium*: A genus related to but distinct from the existing genus Ketogulonicigenium of beyond.

Ultrakibdelosporangium

L. nan preposition *ultra*, beyond; L. neut. n. *Kibdelosporangium*, An existing genus; *Ultrakibdelosporangium*: A genus related to but distinct from the existing genus Kibdelosporangium of beyond.

Ultrakiloniella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Kiloniella*, An existing genus; *Ultrakiloniella*: A genus related to but distinct from the existing genus Kiloniella of beyond.

Ultrakineobactrum

L. nan preposition *ultra*, beyond; L. neut. n. *Kineobactrum*, An existing genus; *Ultrakineobactrum*: A genus related to but distinct from the existing genus Kineobactrum of beyond.

Ultrakineococcus

L. nan preposition *ultra*, beyond; L. masc. n. *Kineococcus*, An existing genus; *Ultrakineococcus*: A genus related to but distinct from the existing genus Kineococcus of beyond.

Ultrakineosphaera

L. nan preposition *ultra*, beyond; L. fem. n. *Kineosphaera*, An existing genus; *Ultrakineosphaera*: A genus related to but distinct from the existing genus Kineosphaera of beyond.

Ultrakineosporia

L. nan preposition *ultra*, beyond; L. fem. n. *Kineosporia*, An existing genus; *Ultrakineosporia*: A genus related to but distinct from the existing genus Kineosporia of beyond.

Ultrakineothrix

L. nan preposition *ultra*, beyond; L. fem. n. *Kineothrix*, An existing genus; *Ultrakineothrix*: A genus related to but distinct from the existing genus Kineothrix of beyond.

Ultrakingella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Kingella*, An existing genus; *Ultrakingella*: A genus related to but distinct from the existing genus Kingella of beyond.

Ultrakinneretia

L. nan preposition *ultra*, beyond; L. fem. n. *Kinneretia*, An existing genus; *Ultrakinneretia*: A genus related to but distinct from the existing genus Kinneretia of beyond.

Ultrakiritimatiella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Kiritimatiella*, An existing genus; *Ultrakiritimatiella*: A genus related to but distinct from the existing genus Kiritimatiella of beyond.

Ultrakistimonas

L. nan preposition *ultra*, beyond; L. fem. n. *Kistimonas*, An existing genus; *Ultrakistimonas*: A genus related to but distinct from the existing genus Kistimonas of beyond.

Ultrakitasatoa

L. nan preposition *ultra*, beyond; L. fem. n. *Kitasatoa*, An existing genus; *Ultrakitasatoa*: A genus related to but distinct from the existing genus Kitasatoa of beyond.

Ultrakitasatospora

L. nan preposition *ultra*, beyond; L. fem. n. *Kitasatospora*, An existing genus; *Ultrakitasatospora*: A genus related to but distinct from the existing genus Kitasatospora of beyond.

Ultraklebsiella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Klebsiella*, An existing genus; *Ultraklebsiella*: A genus related to but distinct from the existing genus Klebsiella of beyond.

Ultraklenkia

L. nan preposition *ultra*, beyond; L. fem. n. *Klenkia*, An existing genus; *Ultraklenkia*: A genus related to but distinct from the existing genus Klenkia of beyond.

Ultraklisinema

L. nan preposition *ultra*, beyond; L. neut. n. *Klisinema*, An existing genus; *Ultraklisinema*: A genus related to but distinct from the existing genus Klisinema of beyond.

Ultraklugiella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Klugiella*, An existing genus; *Ultraklugiella*: A genus related to but distinct from the existing genus Klugiella of beyond.

Ultrakluyvera

L. nan preposition *ultra*, beyond; L. fem. n. *Kluyvera*, An existing genus; *Ultrakluyvera*: A genus related to but distinct from the existing genus Kluyvera of beyond.

Ultrakocuria

L. nan preposition *ultra*, beyond; L. fem. n. *Kocuria*, An existing genus; *Ultrakocuria*: A genus related to but distinct from the existing genus Kocuria of beyond.

Ultrakofleria

L. nan preposition *ultra*, beyond; L. fem. n. *Kofleria*, An existing genus; *Ultrakofleria*: A genus related to but distinct from the existing genus Kofleria of beyond.

Ultrakoinonema

L. nan preposition *ultra*, beyond; L. neut. n. *Koinonema*, An existing genus; *Ultrakoinonema*: A genus related to but distinct from the existing genus Koinonema of beyond.

Ultrakomagatabacter

L. nan preposition *ultra*, beyond; L. masc. n. *Komagatabacter*, An existing genus; *Ultrakomagatabacter*: A genus related to but distinct from the existing genus Komagatabacter of beyond.

Ultrakomagataeibacter

L. nan preposition *ultra*, beyond; L. masc. n. *Komagataeibacter*, An existing genus; *Ultrakomagataeibacter*: A genus related to but distinct from the existing genus Komagataeibacter of beyond.

Ultrakomarekiella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Komarekiella*, An existing genus; *Ultrakomarekiella*: A genus related to but distinct from the existing genus Komarekiella of beyond.

Ultrakomarkovaea

L. nan preposition *ultra*, beyond; L. fem. n. *Komarkovaea*, An existing genus; *Ultrakomarkovaea*: A genus related to but distinct from the existing genus Komarkovaea of beyond.

Ultrakordia

L. nan preposition *ultra*, beyond; L. fem. n. *Kordia*, An existing genus; *Ultrakordia*: A genus related to but distinct from the existing genus Kordia of beyond.

Ultrakordiimonas

L. nan preposition *ultra*, beyond; L. fem. n. *Kordiimonas*, An existing genus; *Ultrakordiimonas*: A genus related to but distinct from the existing genus Kordiimonas of beyond.

Ultrakoreibacter

L. nan preposition *ultra*, beyond; L. masc. n. *Koreibacter*, An existing genus; *Ultrakoreibacter*: A genus related to but distinct from the existing genus Koreibacter of beyond.

Ultrakosakonia

L. nan preposition *ultra*, beyond; L. fem. n. *Kosakonia*, An existing genus; *Ultrakosakonia*: A genus related to but distinct from the existing genus Kosakonia of beyond.

Ultrakoserella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Koserella*, An existing genus; *Ultrakoserella*: A genus related to but distinct from the existing genus Koserella of beyond.

Ultrakosmotoga

L. nan preposition *ultra*, beyond; L. fem. n. *Kosmotoga*, An existing genus; *Ultrakosmotoga*: A genus related to but distinct from the existing genus Kosmotoga of beyond.

Ultrakovacikia

L. nan preposition *ultra*, beyond; L. fem. n. *Kovacikia*, An existing genus; *Ultrakovacikia*: A genus related to but distinct from the existing genus Kovacikia of beyond.

Ultrakozakia

L. nan preposition *ultra*, beyond; L. fem. n. *Kozakia*, An existing genus; *Ultrakozakia*: A genus related to but distinct from the existing genus Kozakia of beyond.

Ultrakrasilnikovia

L. nan preposition *ultra*, beyond; L. fem. n. *Krasilnikovia*, An existing genus; *Ultrakrasilnikovia*: A genus related to but distinct from the existing genus Krasilnikovia of beyond.

Ultrakrasilnikoviella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Krasilnikoviella*, An existing genus; *Ultrakrasilnikoviella*: A genus related to but distinct from the existing genus Krasilnikoviella of beyond.

Ultrakribbella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Kribbella*, An existing genus; *Ultrakribbella*: A genus related to but distinct from the existing genus Kribbella of beyond.

Ultrakribbia

L. nan preposition *ultra*, beyond; L. fem. n. *Kribbia*, An existing genus; *Ultrakribbia*: A genus related to but distinct from the existing genus Kribbia of beyond.

Ultrakriegella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Kriegella*, An existing genus; *Ultrakriegella*: A genus related to but distinct from the existing genus Kriegella of beyond.

Ultrakrokinobacter

L. nan preposition *ultra*, beyond; L. masc. n. *Krokinobacter*, An existing genus; *Ultrakrokinobacter*: A genus related to but distinct from the existing genus Krokinobacter of beyond.

Ultrakroppenstedtia

L. nan preposition *ultra*, beyond; L. fem. n. *Kroppenstedtia*, An existing genus; *Ultrakroppenstedtia*: A genus related to but distinct from the existing genus Kroppenstedtia of beyond.

Ultrakryptousia

L. nan preposition *ultra*, beyond; L. fem. n. *Kryptousia*, An existing genus; *Ultrakryptousia*: A genus related to but distinct from the existing genus Kryptousia of beyond.

Ultraktedonobacter

L. nan preposition *ultra*, beyond; L. masc. n. *Ktedonobacter*, An existing genus; *Ultraktedonobacter*: A genus related to but distinct from the existing genus Ktedonobacter of beyond.

Ultraktedonosporobacter

L. nan preposition *ultra*, beyond; L. masc. n. *Ktedonosporobacter*, An existing genus; *Ultraktedonosporobacter*: A genus related to but distinct from the existing genus Ktedonosporobacter of beyond.

Ultrakurthia

L. nan preposition *ultra*, beyond; L. fem. n. *Kurthia*, An existing genus; *Ultrakurthia*: A genus related to but distinct from the existing genus Kurthia of beyond.

Ultrakushneria

L. nan preposition *ultra*, beyond; L. fem. n. *Kushneria*, An existing genus; *Ultrakushneria*: A genus related to but distinct from the existing genus Kushneria of beyond.

Ultrakutzneria

L. nan preposition *ultra*, beyond; L. fem. n. *Kutzneria*, An existing genus; *Ultrakutzneria*: A genus related to but distinct from the existing genus Kutzneria of beyond.

Ultrakyrpidia

L. nan preposition *ultra*, beyond; L. fem. n. *Kyrpidia*, An existing genus; *Ultrakyrpidia*: A genus related to but distinct from the existing genus Kyrpidia of beyond.

Ultrakyrtuthrix

L. nan preposition *ultra*, beyond; L. fem. n. *Kyrtuthrix*, An existing genus; *Ultrakyrtuthrix*: A genus related to but distinct from the existing genus Kyrtuthrix of beyond.

Ultrakytococcus

L. nan preposition *ultra*, beyond; L. masc. n. *Kytococcus*, An existing genus; *Ultrakytococcus*: A genus related to but distinct from the existing genus Kytococcus of beyond.

Ultralabedaea

L. nan preposition *ultra*, beyond; L. fem. n. *Labedaea*, An existing genus; *Ultralabedaea*: A genus related to but distinct from the existing genus Labedaea of beyond.

Ultralabedella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Labedella*, An existing genus; *Ultralabedella*: A genus related to but distinct from the existing genus Labedella of beyond.

Ultralabilibaculum

L. nan preposition *ultra*, beyond; L. neut. n. *Labilibaculum*, An existing genus; *Ultralabilibaculum*: A genus related to but distinct from the existing genus Labilibaculum of beyond.

Ultralabilithrix

L. nan preposition *ultra*, beyond; L. fem. n. *Labilithrix*, An existing genus; *Ultralabilithrix*: A genus related to but distinct from the existing genus Labilithrix of beyond.

Ultralabrenzia

L. nan preposition *ultra*, beyond; L. fem. n. *Labrenzia*, An existing genus; *Ultralabrenzia*: A genus related to but distinct from the existing genus Labrenzia of beyond.

Ultralabrys

L. nan preposition *ultra*, beyond; L. masc. n. *Labrys*, An existing genus; *Ultralabrys*: A genus related to but distinct from the existing genus Labrys of beyond.

Ultralaceyella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Laceyella*, An existing genus; *Ultralaceyella*: A genus related to but distinct from the existing genus Laceyella of beyond.

Ultralachnoanaerobaculum

L. nan preposition *ultra*, beyond; L. neut. n. *Lachnoanaerobaculum*, An existing genus; *Ultralachnoanaerobaculum*: A genus related to but distinct from the existing genus Lachnoanaerobaculum of beyond.

Ultralachnobacterium

L. nan preposition *ultra*, beyond; L. neut. n. *Lachnobacterium*, An existing genus; *Ultralachnobacterium*: A genus related to but distinct from the existing genus Lachnobacterium of beyond.

Ultralachnoclostridium

L. nan preposition *ultra*, beyond; L. neut. n. *Lachnoclostridium*, An existing genus; *Ultralachnoclostridium*: A genus related to but distinct from the existing genus Lachnoclostridium of beyond.

Ultralachnospira

L. nan preposition *ultra*, beyond; L. fem. n. *Lachnospira*, An existing genus; *Ultralachnospira*: A genus related to but distinct from the existing genus Lachnospira of beyond.

Ultralachnotalea

L. nan preposition *ultra*, beyond; L. fem. n. *Lachnotalea*, An existing genus; *Ultralachnotalea*: A genus related to but distinct from the existing genus Lachnotalea of beyond.

Ultralacibacter

L. nan preposition *ultra*, beyond; L. masc. n. *Lacibacter*, An existing genus; *Ultralacibacter*: A genus related to but distinct from the existing genus Lacibacter of beyond.

Ultralacibacterium

L. nan preposition *ultra*, beyond; L. neut. n. *Lacibacterium*, An existing genus; *Ultralacibacterium*: A genus related to but distinct from the existing genus Lacibacterium of beyond.

Ultralacihabitans

L. nan preposition *ultra*, beyond; L. masc. n. *Lacihabitans*, An existing genus; *Ultralacihabitans*: A genus related to but distinct from the existing genus Lacihabitans of beyond.

Ultralacimicrobium

L. nan preposition *ultra*, beyond; L. neut. n. *Lacimicrobium*, An existing genus; *Ultralacimicrobium*: A genus related to but distinct from the existing genus Lacimicrobium of beyond.

Ultralacimonas

L. nan preposition *ultra*, beyond; L. fem. n. *Lacimonas*, An existing genus; *Ultralacimonas*: A genus related to but distinct from the existing genus Lacimonas of beyond.

Ultralacinutrix

L. nan preposition *ultra*, beyond; L. fem. n. *Lacinutrix*, An existing genus; *Ultralacinutrix*: A genus related to but distinct from the existing genus Lacinutrix of beyond.

Ultralacipirellula

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Lacipirellula*, An existing genus; *Ultralacipirellula*: A genus related to but distinct from the existing genus Lacipirellula of beyond.

Ultralacisediminihabitans

L. nan preposition *ultra*, beyond; L. fem. n. *Lacisediminihabitans*, An existing genus; *Ultralacisediminihabitans*: A genus related to but distinct from the existing genus Lacisediminihabitans of beyond.

Ultralacisediminimonas

L. nan preposition *ultra*, beyond; L. fem. n. *Lacisediminimonas*, An existing genus; *Ultralacisediminimonas*: A genus related to but distinct from the existing genus Lacisediminimonas of beyond.

Ultralacrimispora

L. nan preposition *ultra*, beyond; L. fem. n. *Lacrimispora*, An existing genus; *Ultralacrimispora*: A genus related to but distinct from the existing genus Lacrimispora of beyond.

Ultralacticaseibacillus

L. nan preposition *ultra*, beyond; L. masc. n. *Lacticaseibacillus*, An existing genus; *Ultralacticaseibacillus*: A genus related to but distinct from the existing genus Lacticaseibacillus of beyond.

Ultralacticigenium

L. nan preposition *ultra*, beyond; L. neut. n. *Lacticigenium*, An existing genus; *Ultralacticigenium*: A genus related to but distinct from the existing genus Lacticigenium of beyond.

Ultralactimicrobium

L. nan preposition *ultra*, beyond; L. neut. n. *Lactimicrobium*, An existing genus; *Ultralactimicrobium*: A genus related to but distinct from the existing genus Lactimicrobium of beyond.

Ultralactiplantibacillus

L. nan preposition *ultra*, beyond; L. masc. n. *Lactiplantibacillus*, An existing genus; *Ultralactiplantibacillus*: A genus related to but distinct from the existing genus Lactiplantibacillus of beyond.

Ultralactivibrio

L. nan preposition *ultra*, beyond; L. masc. n. *Lactivibrio*, An existing genus; *Ultralactivibrio*: A genus related to but distinct from the existing genus Lactivibrio of beyond.

Ultralactobacillus

L. nan preposition *ultra*, beyond; L. masc. n. *Lactobacillus*, An existing genus; *Ultralactobacillus*: A genus related to but distinct from the existing genus Lactobacillus of beyond.

Ultralactococcus

L. nan preposition *ultra*, beyond; L. masc. n. *Lactococcus*, An existing genus; *Ultralactococcus*: A genus related to but distinct from the existing genus Lactococcus of beyond.

Ultralactonifactor

L. nan preposition *ultra*, beyond; L. masc. n. *Lactonifactor*, An existing genus; *Ultralactonifactor*: A genus related to but distinct from the existing genus Lactonifactor of beyond.

Ultralactosphaera

L. nan preposition *ultra*, beyond; L. fem. n. *Lactosphaera*, An existing genus; *Ultralactosphaera*: A genus related to but distinct from the existing genus Lactosphaera of beyond.

Ultralactovum

L. nan preposition *ultra*, beyond; L. neut. n. *Lactovum*, An existing genus; *Ultralactovum*: A genus related to but distinct from the existing genus Lactovum of beyond.

Ultralacunisphaera

L. nan preposition *ultra*, beyond; L. fem. n. *Lacunisphaera*, An existing genus; *Ultralacunisphaera*: A genus related to but distinct from the existing genus Lacunisphaera of beyond.

Ultralamprocystis

L. nan preposition *ultra*, beyond; L. fem. n. *Lamprocystis*, An existing genus; *Ultralamprocystis*: A genus related to but distinct from the existing genus Lamprocystis of beyond.

Ultralampropedia

L. nan preposition *ultra*, beyond; L. fem. n. *Lampropedia*, An existing genus; *Ultralampropedia*: A genus related to but distinct from the existing genus Lampropedia of beyond.

Ultralancefieldella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Lancefieldella*, An existing genus; *Ultralancefieldella*: A genus related to but distinct from the existing genus Lancefieldella of beyond.

Ultralapidilactobacillus

L. nan preposition *ultra*, beyond; L. masc. n. *Lapidilactobacillus*, An existing genus; *Ultralapidilactobacillus*: A genus related to but distinct from the existing genus Lapidilactobacillus of beyond.

Ultralapillicoccus

L. nan preposition *ultra*, beyond; L. masc. n. *Lapillicoccus*, An existing genus; *Ultralapillicoccus*: A genus related to but distinct from the existing genus Lapillicoccus of beyond.

Ultralaribacter

L. nan preposition *ultra*, beyond; L. masc. n. *Laribacter*, An existing genus; *Ultralaribacter*: A genus related to but distinct from the existing genus Laribacter of beyond.

Ultralarkinella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Larkinella*, An existing genus; *Ultralarkinella*: A genus related to but distinct from the existing genus Larkinella of beyond.

Ultralarsenia

L. nan preposition *ultra*, beyond; L. fem. n. *Larsenia*, An existing genus; *Ultralarsenia*: A genus related to but distinct from the existing genus Larsenia of beyond.

Ultralarsenimonas

L. nan preposition *ultra*, beyond; L. fem. n. *Larsenimonas*, An existing genus; *Ultralarsenimonas*: A genus related to but distinct from the existing genus Larsenimonas of beyond.

Ultralaspinema

L. nan preposition *ultra*, beyond; L. neut. n. *Laspinema*, An existing genus; *Ultralaspinema*: A genus related to but distinct from the existing genus Laspinema of beyond.

Ultralatilactobacillus

L. nan preposition *ultra*, beyond; L. masc. n. *Latilactobacillus*, An existing genus; *Ultralatilactobacillus*: A genus related to but distinct from the existing genus Latilactobacillus of beyond.

Ultralautropia

L. nan preposition *ultra*, beyond; L. fem. n. *Lautropia*, An existing genus; *Ultralautropia*: A genus related to but distinct from the existing genus Lautropia of beyond.

Ultralawsonella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Lawsonella*, An existing genus; *Ultralawsonella*: A genus related to but distinct from the existing genus Lawsonella of beyond.

Ultralawsonia

L. nan preposition *ultra*, beyond; L. fem. n. *Lawsonia*, An existing genus; *Ultralawsonia*: A genus related to but distinct from the existing genus Lawsonia of beyond.

Ultralawsonibacter

L. nan preposition *ultra*, beyond; L. masc. n. *Lawsonibacter*, An existing genus; *Ultralawsonibacter*: A genus related to but distinct from the existing genus Lawsonibacter of beyond.

Ultraleadbetterella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Leadbetterella*, An existing genus; *Ultraleadbetterella*: A genus related to but distinct from the existing genus Leadbetterella of beyond.

Ultralebetimonas

L. nan preposition *ultra*, beyond; L. fem. n. *Lebetimonas*, An existing genus; *Ultralebetimonas*: A genus related to but distinct from the existing genus Lebetimonas of beyond.

Ultralechevalieria

L. nan preposition *ultra*, beyond; L. fem. n. *Lechevalieria*, An existing genus; *Ultralechevalieria*: A genus related to but distinct from the existing genus Lechevalieria of beyond.

Ultraleclercia

L. nan preposition *ultra*, beyond; L. fem. n. *Leclercia*, An existing genus; *Ultraleclercia*: A genus related to but distinct from the existing genus Leclercia of beyond.

Ultraleeia

L. nan preposition *ultra*, beyond; L. fem. n. *Leeia*, An existing genus; *Ultraleeia*: A genus related to but distinct from the existing genus Leeia of beyond.

Ultraleekyejoonella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Leekyejoonella*, An existing genus; *Ultraleekyejoonella*: A genus related to but distinct from the existing genus Leekyejoonella of beyond.

Ultraleeuwenhoekiella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Leeuwenhoekiella*, An existing genus; *Ultraleeuwenhoekiella*: A genus related to but distinct from the existing genus Leeuwenhoekiella of beyond.

Ultralegionella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Legionella*, An existing genus; *Ultralegionella*: A genus related to but distinct from the existing genus Legionella of beyond.

Ultraleifsonia

L. nan preposition *ultra*, beyond; L. fem. n. *Leifsonia*, An existing genus; *Ultraleifsonia*: A genus related to but distinct from the existing genus Leifsonia of beyond.

Ultraleisingera

L. nan preposition *ultra*, beyond; L. fem. n. *Leisingera*, An existing genus; *Ultraleisingera*: A genus related to but distinct from the existing genus Leisingera of beyond.

Ultralelliottia

L. nan preposition *ultra*, beyond; L. fem. n. *Lelliottia*, An existing genus; *Ultralelliottia*: A genus related to but distinct from the existing genus Lelliottia of beyond.

Ultraleminorella

L. nan preposition *ultra*, beyond; L. fem. n. *Leminorella*, An existing genus; *Ultraleminorella*: A genus related to but distinct from the existing genus Leminorella of beyond.

Ultralemmermanniella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Lemmermanniella*, An existing genus; *Ultralemmermanniella*: A genus related to but distinct from the existing genus Lemmermanniella of beyond.

Ultralentibacillus

L. nan preposition *ultra*, beyond; L. masc. n. *Lentibacillus*, An existing genus; *Ultralentibacillus*: A genus related to but distinct from the existing genus Lentibacillus of beyond.

Ultralentibacter

L. nan preposition *ultra*, beyond; L. masc. n. *Lentibacter*, An existing genus; *Ultralentibacter*: A genus related to but distinct from the existing genus Lentibacter of beyond.

Ultralentilactobacillus

L. nan preposition *ultra*, beyond; L. masc. n. *Lentilactobacillus*, An existing genus; *Ultralentilactobacillus*: A genus related to but distinct from the existing genus Lentilactobacillus of beyond.

Ultralentilitoribacter

L. nan preposition *ultra*, beyond; L. masc. n. *Lentilitoribacter*, An existing genus; *Ultralentilitoribacter*: A genus related to but distinct from the existing genus Lentilitoribacter of beyond.

Ultralentimicrobium

L. nan preposition *ultra*, beyond; L. neut. n. *Lentimicrobium*, An existing genus; *Ultralentimicrobium*: A genus related to but distinct from the existing genus Lentimicrobium of beyond.

Ultralentisphaera

L. nan preposition *ultra*, beyond; L. fem. n. *Lentisphaera*, An existing genus; *Ultralentisphaera*: A genus related to but distinct from the existing genus Lentisphaera of beyond.

Ultralentzea

L. nan preposition *ultra*, beyond; L. fem. n. *Lentzea*, An existing genus; *Ultralentzea*: A genus related to but distinct from the existing genus Lentzea of beyond.

Ultraleptobacterium

L. nan preposition *ultra*, beyond; L. neut. n. *Leptobacterium*, An existing genus; *Ultraleptobacterium*: A genus related to but distinct from the existing genus Leptobacterium of beyond.

Ultraleptolinea

L. nan preposition *ultra*, beyond; L. fem. n. *Leptolinea*, An existing genus; *Ultraleptolinea*: A genus related to but distinct from the existing genus Leptolinea of beyond.

Ultraleptonema

L. nan preposition *ultra*, beyond; L. neut. n. *Leptonema*, An existing genus; *Ultraleptonema*: A genus related to but distinct from the existing genus Leptonema of beyond.

Ultraleptospira

L. nan preposition *ultra*, beyond; L. fem. n. *Leptospira*, An existing genus; *Ultraleptospira*: A genus related to but distinct from the existing genus Leptospira of beyond.

Ultraleptospirillum

L. nan preposition *ultra*, beyond; L. neut. dim. n. *Leptospirillum*, An existing genus; *Ultraleptospirillum*: A genus related to but distinct from the existing genus Leptospirillum of beyond.

Ultraleptothoe

L. nan preposition *ultra*, beyond; L. fem. n. *Leptothoe*, An existing genus; *Ultraleptothoe*: A genus related to but distinct from the existing genus Leptothoe of beyond.

Ultraleptothrix

L. nan preposition *ultra*, beyond; L. fem. n. *Leptothrix*, An existing genus; *Ultraleptothrix*: A genus related to but distinct from the existing genus Leptothrix of beyond.

Ultraleptotrichia

L. nan preposition *ultra*, beyond; L. fem. n. *Leptotrichia*, An existing genus; *Ultraleptotrichia*: A genus related to but distinct from the existing genus Leptotrichia of beyond.

Ultraleucobacter

L. nan preposition *ultra*, beyond; L. masc. n. *Leucobacter*, An existing genus; *Ultraleucobacter*: A genus related to but distinct from the existing genus Leucobacter of beyond.

Ultraleuconostoc

L. nan preposition *ultra*, beyond; L. neut. n. *Leuconostoc*, An existing genus; *Ultraleuconostoc*: A genus related to but distinct from the existing genus Leuconostoc of beyond.

Ultraleucothrix

L. nan preposition *ultra*, beyond; L. fem. n. *Leucothrix*, An existing genus; *Ultraleucothrix*: A genus related to but distinct from the existing genus Leucothrix of beyond.

Ultralevilactobacillus

L. nan preposition *ultra*, beyond; L. masc. n. *Levilactobacillus*, An existing genus; *Ultralevilactobacillus*: A genus related to but distinct from the existing genus Levilactobacillus of beyond.

Ultralevilinea

L. nan preposition *ultra*, beyond; L. fem. n. *Levilinea*, An existing genus; *Ultralevilinea*: A genus related to but distinct from the existing genus Levilinea of beyond.

Ultralevinea

L. nan preposition *ultra*, beyond; L. fem. n. *Levinea*, An existing genus; *Ultralevinea*: A genus related to but distinct from the existing genus Levinea of beyond.

Ultralevispirillum

L. nan preposition *ultra*, beyond; L. neut. dim. n. *Levispirillum*, An existing genus; *Ultralevispirillum*: A genus related to but distinct from the existing genus Levispirillum of beyond.

Ultralewinella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Lewinella*, An existing genus; *Ultralewinella*: A genus related to but distinct from the existing genus Lewinella of beyond.

Ultralibanicoccus

L. nan preposition *ultra*, beyond; L. masc. n. *Libanicoccus*, An existing genus; *Ultralibanicoccus*: A genus related to but distinct from the existing genus Libanicoccus of beyond.

Ultraliberibacter

L. nan preposition *ultra*, beyond; L. masc. n. *Liberibacter*, An existing genus; *Ultraliberibacter*: A genus related to but distinct from the existing genus Liberibacter of beyond.

Ultralichenibacterium

L. nan preposition *ultra*, beyond; L. neut. n. *Lichenibacterium*, An existing genus; *Ultralichenibacterium*: A genus related to but distinct from the existing genus Lichenibacterium of beyond.

Ultralichenicoccus

L. nan preposition *ultra*, beyond; L. masc. n. *Lichenicoccus*, An existing genus; *Ultralichenicoccus*: A genus related to but distinct from the existing genus Lichenicoccus of beyond.

Ultralichenihabitans

L. nan preposition *ultra*, beyond; L. masc. n. *Lichenihabitans*, An existing genus; *Ultralichenihabitans*: A genus related to but distinct from the existing genus Lichenihabitans of beyond.

Ultralightfootiella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Lightfootiella*, An existing genus; *Ultralightfootiella*: A genus related to but distinct from the existing genus Lightfootiella of beyond.

Ultraligilactobacillus

L. nan preposition *ultra*, beyond; L. masc. n. *Ligilactobacillus*, An existing genus; *Ultraligilactobacillus*: A genus related to but distinct from the existing genus Ligilactobacillus of beyond.

Ultralignipirellula

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Lignipirellula*, An existing genus; *Ultralignipirellula*: A genus related to but distinct from the existing genus Lignipirellula of beyond.

Ultralihuaxuella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Lihuaxuella*, An existing genus; *Ultralihuaxuella*: A genus related to but distinct from the existing genus Lihuaxuella of beyond.

Ultralimibacillus

L. nan preposition *ultra*, beyond; L. masc. n. *Limibacillus*, An existing genus; *Ultralimibacillus*: A genus related to but distinct from the existing genus Limibacillus of beyond.

Ultralimibacter

L. nan preposition *ultra*, beyond; L. masc. n. *Limibacter*, An existing genus; *Ultralimibacter*: A genus related to but distinct from the existing genus Limibacter of beyond.

Ultralimibaculum

L. nan preposition *ultra*, beyond; L. neut. n. *Limibaculum*, An existing genus; *Ultralimibaculum*: A genus related to but distinct from the existing genus Limibaculum of beyond.

Ultralimihaloglobus

L. nan preposition *ultra*, beyond; L. masc. n. *Limihaloglobus*, An existing genus; *Ultralimihaloglobus*: A genus related to but distinct from the existing genus Limihaloglobus of beyond.

Ultralimimaricola

L. nan preposition *ultra*, beyond; L. masc. n. *Limimaricola*, An existing genus; *Ultralimimaricola*: A genus related to but distinct from the existing genus Limimaricola of beyond.

Ultralimimonas

L. nan preposition *ultra*, beyond; L. fem. n. *Limimonas*, An existing genus; *Ultralimimonas*: A genus related to but distinct from the existing genus Limimonas of beyond.

Ultralimisphaera

L. nan preposition *ultra*, beyond; L. fem. n. *Limisphaera*, An existing genus; *Ultralimisphaera*: A genus related to but distinct from the existing genus Limisphaera of beyond.

Ultralimnobacter

L. nan preposition *ultra*, beyond; L. masc. n. *Limnobacter*, An existing genus; *Ultralimnobacter*: A genus related to but distinct from the existing genus Limnobacter of beyond.

Ultralimnobaculum

L. nan preposition *ultra*, beyond; L. neut. n. *Limnobaculum*, An existing genus; *Ultralimnobaculum*: A genus related to but distinct from the existing genus Limnobaculum of beyond.

Ultralimnochorda

L. nan preposition *ultra*, beyond; L. fem. n. *Limnochorda*, An existing genus; *Ultralimnochorda*: A genus related to but distinct from the existing genus Limnochorda of beyond.

Ultralimnoglobus

L. nan preposition *ultra*, beyond; L. masc. n. *Limnoglobus*, An existing genus; *Ultralimnoglobus*: A genus related to but distinct from the existing genus Limnoglobus of beyond.

Ultralimnohabitans

L. nan preposition *ultra*, beyond; L. masc. n. *Limnohabitans*, An existing genus; *Ultralimnohabitans*: A genus related to but distinct from the existing genus Limnohabitans of beyond.

Ultralimnolyngbya

L. nan preposition *ultra*, beyond; L. fem. n. *Limnolyngbya*, An existing genus; *Ultralimnolyngbya*: A genus related to but distinct from the existing genus Limnolyngbya of beyond.

Ultralimnospira

L. nan preposition *ultra*, beyond; L. fem. n. *Limnospira*, An existing genus; *Ultralimnospira*: A genus related to but distinct from the existing genus Limnospira of beyond.

Ultralimoniibacter

L. nan preposition *ultra*, beyond; L. masc. n. *Limoniibacter*, An existing genus; *Ultralimoniibacter*: A genus related to but distinct from the existing genus Limoniibacter of beyond.

Ultralimosilactobacillus

L. nan preposition *ultra*, beyond; L. masc. n. *Limosilactobacillus*, An existing genus; *Ultralimosilactobacillus*: A genus related to but distinct from the existing genus Limosilactobacillus of beyond.

Ultralipingzhangella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Lipingzhangella*, An existing genus; *Ultralipingzhangella*: A genus related to but distinct from the existing genus Lipingzhangella of beyond.

Ultraliquorilactobacillus

L. nan preposition *ultra*, beyond; L. masc. n. *Liquorilactobacillus*, An existing genus; *Ultraliquorilactobacillus*: A genus related to but distinct from the existing genus Liquorilactobacillus of beyond.

Ultralishizhenia

L. nan preposition *ultra*, beyond; L. fem. n. *Lishizhenia*, An existing genus; *Ultralishizhenia*: A genus related to but distinct from the existing genus Lishizhenia of beyond.

Ultralisteria

L. nan preposition *ultra*, beyond; L. fem. n. *Listeria*, An existing genus; *Ultralisteria*: A genus related to but distinct from the existing genus Listeria of beyond.

Ultralistonella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Listonella*, An existing genus; *Ultralistonella*: A genus related to but distinct from the existing genus Listonella of beyond.

Ultralitoreibacter

L. nan preposition *ultra*, beyond; L. masc. n. *Litoreibacter*, An existing genus; *Ultralitoreibacter*: A genus related to but distinct from the existing genus Litoreibacter of beyond.

Ultralitoribacillus

L. nan preposition *ultra*, beyond; L. masc. n. *Litoribacillus*, An existing genus; *Ultralitoribacillus*: A genus related to but distinct from the existing genus Litoribacillus of beyond.

Ultralitoribacter

L. nan preposition *ultra*, beyond; L. masc. n. *Litoribacter*, An existing genus; *Ultralitoribacter*: A genus related to but distinct from the existing genus Litoribacter of beyond.

Ultralitoribaculum

L. nan preposition *ultra*, beyond; L. neut. n. *Litoribaculum*, An existing genus; *Ultralitoribaculum*: A genus related to but distinct from the existing genus Litoribaculum of beyond.

Ultralitoribrevibacter

L. nan preposition *ultra*, beyond; L. masc. n. *Litoribrevibacter*, An existing genus; *Ultralitoribrevibacter*: A genus related to but distinct from the existing genus Litoribrevibacter of beyond.

Ultralitoricola

L. nan preposition *ultra*, beyond; L. fem. n. *Litoricola*, An existing genus; *Ultralitoricola*: A genus related to but distinct from the existing genus Litoricola of beyond.

Ultralitorihabitans

L. nan preposition *ultra*, beyond; L. masc. n. *Litorihabitans*, An existing genus; *Ultralitorihabitans*: A genus related to but distinct from the existing genus Litorihabitans of beyond.

Ultralitorilinea

L. nan preposition *ultra*, beyond; L. fem. n. *Litorilinea*, An existing genus; *Ultralitorilinea*: A genus related to but distinct from the existing genus Litorilinea of beyond.

Ultralitorilituus

L. nan preposition *ultra*, beyond; L. masc. n. *Litorilituus*, An existing genus; *Ultralitorilituus*: A genus related to but distinct from the existing genus Litorilituus of beyond.

Ultralitorimicrobium

L. nan preposition *ultra*, beyond; L. neut. n. *Litorimicrobium*, An existing genus; *Ultralitorimicrobium*: A genus related to but distinct from the existing genus Litorimicrobium of beyond.

Ultralitorimonas

L. nan preposition *ultra*, beyond; L. fem. n. *Litorimonas*, An existing genus; *Ultralitorimonas*: A genus related to but distinct from the existing genus Litorimonas of beyond.

Ultralitorisediminicola

L. nan preposition *ultra*, beyond; L. masc. n. *Litorisediminicola*, An existing genus; *Ultralitorisediminicola*: A genus related to but distinct from the existing genus Litorisediminicola of beyond.

Ultralitorisediminivivens

L. nan preposition *ultra*, beyond; L. masc. n. *Litorisediminivivens*, An existing genus; *Ultralitorisediminivivens*: A genus related to but distinct from the existing genus Litorisediminivivens of beyond.

Ultralitorivita

L. nan preposition *ultra*, beyond; L. fem. n. *Litorivita*, An existing genus; *Ultralitorivita*: A genus related to but distinct from the existing genus Litorivita of beyond.

Ultralitorivivens

L. nan preposition *ultra*, beyond; L. fem. n. *Litorivivens*, An existing genus; *Ultralitorivivens*: A genus related to but distinct from the existing genus Litorivivens of beyond.

Ultraloigolactobacillus

L. nan preposition *ultra*, beyond; L. masc. n. *Loigolactobacillus*, An existing genus; *Ultraloigolactobacillus*: A genus related to but distinct from the existing genus Loigolactobacillus of beyond.

Ultralokiarchaeum

L. nan preposition *ultra*, beyond; L. neut. n. *Lokiarchaeum*, An existing genus; *Ultralokiarchaeum*: A genus related to but distinct from the existing genus Lokiarchaeum of beyond.

Ultraloktanella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Loktanella*, An existing genus; *Ultraloktanella*: A genus related to but distinct from the existing genus Loktanella of beyond.

Ultralonepinella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Lonepinella*, An existing genus; *Ultralonepinella*: A genus related to but distinct from the existing genus Lonepinella of beyond.

Ultralongibaculum

L. nan preposition *ultra*, beyond; L. neut. n. *Longibaculum*, An existing genus; *Ultralongibaculum*: A genus related to but distinct from the existing genus Longibaculum of beyond.

Ultralongicatena

L. nan preposition *ultra*, beyond; L. fem. n. *Longicatena*, An existing genus; *Ultralongicatena*: A genus related to but distinct from the existing genus Longicatena of beyond.

Ultralongilinea

L. nan preposition *ultra*, beyond; L. fem. n. *Longilinea*, An existing genus; *Ultralongilinea*: A genus related to but distinct from the existing genus Longilinea of beyond.

Ultralongimicrobium

L. nan preposition *ultra*, beyond; L. neut. n. *Longimicrobium*, An existing genus; *Ultralongimicrobium*: A genus related to but distinct from the existing genus Longimicrobium of beyond.

Ultralongimycelium

L. nan preposition *ultra*, beyond; L. neut. n. *Longimycelium*, An existing genus; *Ultralongimycelium*: A genus related to but distinct from the existing genus Longimycelium of beyond.

Ultralongirhabdus

L. nan preposition *ultra*, beyond; L. fem. n. *Longirhabdus*, An existing genus; *Ultralongirhabdus*: A genus related to but distinct from the existing genus Longirhabdus of beyond.

Ultralongispora

L. nan preposition *ultra*, beyond; L. fem. n. *Longispora*, An existing genus; *Ultralongispora*: A genus related to but distinct from the existing genus Longispora of beyond.

Ultralongivirga

L. nan preposition *ultra*, beyond; L. fem. n. *Longivirga*, An existing genus; *Ultralongivirga*: A genus related to but distinct from the existing genus Longivirga of beyond.

Ultralonsdalea

L. nan preposition *ultra*, beyond; L. fem. n. *Lonsdalea*, An existing genus; *Ultralonsdalea*: A genus related to but distinct from the existing genus Lonsdalea of beyond.

Ultraloriella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Loriella*, An existing genus; *Ultraloriella*: A genus related to but distinct from the existing genus Loriella of beyond.

Ultraloriellopsis

L. nan preposition *ultra*, beyond; L. fem. n. *Loriellopsis*, An existing genus; *Ultraloriellopsis*: A genus related to but distinct from the existing genus Loriellopsis of beyond.

Ultralottiidibacillus

L. nan preposition *ultra*, beyond; L. masc. n. *Lottiidibacillus*, An existing genus; *Ultralottiidibacillus*: A genus related to but distinct from the existing genus Lottiidibacillus of beyond.

Ultralucibacterium

L. nan preposition *ultra*, beyond; L. neut. n. *Lucibacterium*, An existing genus; *Ultralucibacterium*: A genus related to but distinct from the existing genus Lucibacterium of beyond.

Ultraluedemannella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Luedemannella*, An existing genus; *Ultraluedemannella*: A genus related to but distinct from the existing genus Luedemannella of beyond.

Ultraluethyella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Luethyella*, An existing genus; *Ultraluethyella*: A genus related to but distinct from the existing genus Luethyella of beyond.

Ultralujinxingia

L. nan preposition *ultra*, beyond; L. fem. n. *Lujinxingia*, An existing genus; *Ultralujinxingia*: A genus related to but distinct from the existing genus Lujinxingia of beyond.

Ultraluminiphilus

L. nan preposition *ultra*, beyond; L. masc. n. *Luminiphilus*, An existing genus; *Ultraluminiphilus*: A genus related to but distinct from the existing genus Luminiphilus of beyond.

Ultralunatimonas

L. nan preposition *ultra*, beyond; L. fem. n. *Lunatimonas*, An existing genus; *Ultralunatimonas*: A genus related to but distinct from the existing genus Lunatimonas of beyond.

Ultralusitaniella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Lusitaniella*, An existing genus; *Ultralusitaniella*: A genus related to but distinct from the existing genus Lusitaniella of beyond.

Ultralutaonella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Lutaonella*, An existing genus; *Ultralutaonella*: A genus related to but distinct from the existing genus Lutaonella of beyond.

Ultraluteibacter

L. nan preposition *ultra*, beyond; L. masc. n. *Luteibacter*, An existing genus; *Ultraluteibacter*: A genus related to but distinct from the existing genus Luteibacter of beyond.

Ultraluteibaculum

L. nan preposition *ultra*, beyond; L. neut. n. *Luteibaculum*, An existing genus; *Ultraluteibaculum*: A genus related to but distinct from the existing genus Luteibaculum of beyond.

Ultraluteimicrobium

L. nan preposition *ultra*, beyond; L. neut. n. *Luteimicrobium*, An existing genus; *Ultraluteimicrobium*: A genus related to but distinct from the existing genus Luteimicrobium of beyond.

Ultraluteimonas

L. nan preposition *ultra*, beyond; L. fem. n. *Luteimonas*, An existing genus; *Ultraluteimonas*: A genus related to but distinct from the existing genus Luteimonas of beyond.

Ultraluteipulveratus

L. nan preposition *ultra*, beyond; L. masc. n. *Luteipulveratus*, An existing genus; *Ultraluteipulveratus*: A genus related to but distinct from the existing genus Luteipulveratus of beyond.

Ultraluteitalea

L. nan preposition *ultra*, beyond; L. fem. n. *Luteitalea*, An existing genus; *Ultraluteitalea*: A genus related to but distinct from the existing genus Luteitalea of beyond.

Ultraluteithermobacter

L. nan preposition *ultra*, beyond; L. masc. n. *Luteithermobacter*, An existing genus; *Ultraluteithermobacter*: A genus related to but distinct from the existing genus Luteithermobacter of beyond.

Ultraluteivirga

L. nan preposition *ultra*, beyond; L. fem. n. *Luteivirga*, An existing genus; *Ultraluteivirga*: A genus related to but distinct from the existing genus Luteivirga of beyond.

Ultraluteococcus

L. nan preposition *ultra*, beyond; L. masc. n. *Luteococcus*, An existing genus; *Ultraluteococcus*: A genus related to but distinct from the existing genus Luteococcus of beyond.

Ultraluteolibacter

L. nan preposition *ultra*, beyond; L. masc. n. *Luteolibacter*, An existing genus; *Ultraluteolibacter*: A genus related to but distinct from the existing genus Luteolibacter of beyond.

Ultraluteovulum

L. nan preposition *ultra*, beyond; L. neut. n. *Luteovulum*, An existing genus; *Ultraluteovulum*: A genus related to but distinct from the existing genus Luteovulum of beyond.

Ultralutibacterium

L. nan preposition *ultra*, beyond; L. neut. n. *Lutibacterium*, An existing genus; *Ultralutibacterium*: A genus related to but distinct from the existing genus Lutibacterium of beyond.

Ultralutimaribacter

L. nan preposition *ultra*, beyond; L. masc. n. *Lutimaribacter*, An existing genus; *Ultralutimaribacter*: A genus related to but distinct from the existing genus Lutimaribacter of beyond.

Ultralutimonas

L. nan preposition *ultra*, beyond; L. fem. n. *Lutimonas*, An existing genus; *Ultralutimonas*: A genus related to but distinct from the existing genus Lutimonas of beyond.

Ultralutispora

L. nan preposition *ultra*, beyond; L. fem. n. *Lutispora*, An existing genus; *Ultralutispora*: A genus related to but distinct from the existing genus Lutispora of beyond.

Ultralysinibacillus

L. nan preposition *ultra*, beyond; L. masc. n. *Lysinibacillus*, An existing genus; *Ultralysinibacillus*: A genus related to but distinct from the existing genus Lysinibacillus of beyond.

Ultralysinibacter

L. nan preposition *ultra*, beyond; L. masc. n. *Lysinibacter*, An existing genus; *Ultralysinibacter*: A genus related to but distinct from the existing genus Lysinibacter of beyond.

Ultralysinimicrobium

L. nan preposition *ultra*, beyond; L. neut. n. *Lysinimicrobium*, An existing genus; *Ultralysinimicrobium*: A genus related to but distinct from the existing genus Lysinimicrobium of beyond.

Ultralysinimonas

L. nan preposition *ultra*, beyond; L. fem. n. *Lysinimonas*, An existing genus; *Ultralysinimonas*: A genus related to but distinct from the existing genus Lysinimonas of beyond.

Ultralysobacter

L. nan preposition *ultra*, beyond; L. masc. n. *Lysobacter*, An existing genus; *Ultralysobacter*: A genus related to but distinct from the existing genus Lysobacter of beyond.

Ultralyticum

L. nan preposition *ultra*, beyond; L. neut. n. *Lyticum*, An existing genus; *Ultralyticum*: A genus related to but distinct from the existing genus Lyticum of beyond.

Ultramabikibacter

L. nan preposition *ultra*, beyond; L. masc. n. *Mabikibacter*, An existing genus; *Ultramabikibacter*: A genus related to but distinct from the existing genus Mabikibacter of beyond.

Ultramacellibacteroides

L. nan preposition *ultra*, beyond; L. masc. n. *Macellibacteroides*, An existing genus; *Ultramacellibacteroides*: A genus related to but distinct from the existing genus Macellibacteroides of beyond.

Ultramacrochaete

L. nan preposition *ultra*, beyond; L. fem. n. *Macrochaete*, An existing genus; *Ultramacrochaete*: A genus related to but distinct from the existing genus Macrochaete of beyond.

Ultramacrococcus

L. nan preposition *ultra*, beyond; L. masc. n. *Macrococcus*, An existing genus; *Ultramacrococcus*: A genus related to but distinct from the existing genus Macrococcus of beyond.

Ultramageeibacillus

L. nan preposition *ultra*, beyond; L. masc. n. *Mageeibacillus*, An existing genus; *Ultramageeibacillus*: A genus related to but distinct from the existing genus Mageeibacillus of beyond.

Ultramagnetococcus

L. nan preposition *ultra*, beyond; L. masc. n. *Magnetococcus*, An existing genus; *Ultramagnetococcus*: A genus related to but distinct from the existing genus Magnetococcus of beyond.

Ultramagnetospira

L. nan preposition *ultra*, beyond; L. fem. n. *Magnetospira*, An existing genus; *Ultramagnetospira*: A genus related to but distinct from the existing genus Magnetospira of beyond.

Ultramagnetospirillum

L. nan preposition *ultra*, beyond; L. neut. dim. n. *Magnetospirillum*, An existing genus; *Ultramagnetospirillum*: A genus related to but distinct from the existing genus Magnetospirillum of beyond.

Ultramagnetovibrio

L. nan preposition *ultra*, beyond; L. masc. n. *Magnetovibrio*, An existing genus; *Ultramagnetovibrio*: A genus related to but distinct from the existing genus Magnetovibrio of beyond.

Ultramahella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Mahella*, An existing genus; *Ultramahella*: A genus related to but distinct from the existing genus Mahella of beyond.

Ultramalacoplasma

L. nan preposition *ultra*, beyond; L. neut. n. *Malacoplasma*, An existing genus; *Ultramalacoplasma*: A genus related to but distinct from the existing genus Malacoplasma of beyond.

Ultramaledivibacter

L. nan preposition *ultra*, beyond; L. masc. n. *Maledivibacter*, An existing genus; *Ultramaledivibacter*: A genus related to but distinct from the existing genus Maledivibacter of beyond.

Ultramalikia

L. nan preposition *ultra*, beyond; L. fem. n. *Malikia*, An existing genus; *Ultramalikia*: A genus related to but distinct from the existing genus Malikia of beyond.

Ultramaliponia

L. nan preposition *ultra*, beyond; L. fem. n. *Maliponia*, An existing genus; *Ultramaliponia*: A genus related to but distinct from the existing genus Maliponia of beyond.

Ultramameliella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Mameliella*, An existing genus; *Ultramameliella*: A genus related to but distinct from the existing genus Mameliella of beyond.

Ultramangrovibacter

L. nan preposition *ultra*, beyond; L. masc. n. *Mangrovibacter*, An existing genus; *Ultramangrovibacter*: A genus related to but distinct from the existing genus Mangrovibacter of beyond.

Ultramangrovibacterium

L. nan preposition *ultra*, beyond; L. neut. n. *Mangrovibacterium*, An existing genus; *Ultramangrovibacterium*: A genus related to but distinct from the existing genus Mangrovibacterium of beyond.

Ultramangrovicella

L. nan preposition *ultra*, beyond; L. fem. n. *Mangrovicella*, An existing genus; *Ultramangrovicella*: A genus related to but distinct from the existing genus Mangrovicella of beyond.

Ultramangrovicoccus

L. nan preposition *ultra*, beyond; L. masc. n. *Mangrovicoccus*, An existing genus; *Ultramangrovicoccus*: A genus related to but distinct from the existing genus Mangrovicoccus of beyond.

Ultramangroviflexus

L. nan preposition *ultra*, beyond; L. masc. n. *Mangroviflexus*, An existing genus; *Ultramangroviflexus*: A genus related to but distinct from the existing genus Mangroviflexus of beyond.

Ultramangrovihabitans

L. nan preposition *ultra*, beyond; L. masc. n. *Mangrovihabitans*, An existing genus; *Ultramangrovihabitans*: A genus related to but distinct from the existing genus Mangrovihabitans of beyond.

Ultramangrovimonas

L. nan preposition *ultra*, beyond; L. fem. n. *Mangrovimonas*, An existing genus; *Ultramangrovimonas*: A genus related to but distinct from the existing genus Mangrovimonas of beyond.

Ultramangrovitalea

L. nan preposition *ultra*, beyond; L. fem. n. *Mangrovitalea*, An existing genus; *Ultramangrovitalea*: A genus related to but distinct from the existing genus Mangrovitalea of beyond.

Ultramannheimia

L. nan preposition *ultra*, beyond; L. fem. n. *Mannheimia*, An existing genus; *Ultramannheimia*: A genus related to but distinct from the existing genus Mannheimia of beyond.

Ultramarasmitruncus

L. nan preposition *ultra*, beyond; L. masc. n. *Marasmitruncus*, An existing genus; *Ultramarasmitruncus*: A genus related to but distinct from the existing genus Marasmitruncus of beyond.

Ultramaribacillus

L. nan preposition *ultra*, beyond; L. masc. n. *Maribacillus*, An existing genus; *Ultramaribacillus*: A genus related to but distinct from the existing genus Maribacillus of beyond.

Ultramaribacter

L. nan preposition *ultra*, beyond; L. masc. n. *Maribacter*, An existing genus; *Ultramaribacter*: A genus related to but distinct from the existing genus Maribacter of beyond.

Ultramaribaculum

L. nan preposition *ultra*, beyond; L. neut. n. *Maribaculum*, An existing genus; *Ultramaribaculum*: A genus related to but distinct from the existing genus Maribaculum of beyond.

Ultramaribellus

L. nan preposition *ultra*, beyond; L. masc. n. *Maribellus*, An existing genus; *Ultramaribellus*: A genus related to but distinct from the existing genus Maribellus of beyond.

Ultramaribius

L. nan preposition *ultra*, beyond; L. masc. n. *Maribius*, An existing genus; *Ultramaribius*: A genus related to but distinct from the existing genus Maribius of beyond.

Ultramaricaulis

L. nan preposition *ultra*, beyond; L. masc. n. *Maricaulis*, An existing genus; *Ultramaricaulis*: A genus related to but distinct from the existing genus Maricaulis of beyond.

Ultramarichromatium

L. nan preposition *ultra*, beyond; L. neut. n. *Marichromatium*, An existing genus; *Ultramarichromatium*: A genus related to but distinct from the existing genus Marichromatium of beyond.

Ultramaricurvus

L. nan preposition *ultra*, beyond; L. masc. n. *Maricurvus*, An existing genus; *Ultramaricurvus*: A genus related to but distinct from the existing genus Maricurvus of beyond.

Ultramarihabitans

L. nan preposition *ultra*, beyond; L. neut. n. *Marihabitans*, An existing genus; *Ultramarihabitans*: A genus related to but distinct from the existing genus Marihabitans of beyond.

Ultramarileptolyngbya

L. nan preposition *ultra*, beyond; L. fem. n. *Marileptolyngbya*, An existing genus; *Ultramarileptolyngbya*: A genus related to but distinct from the existing genus Marileptolyngbya of beyond.

Ultramarimicrobium

L. nan preposition *ultra*, beyond; L. neut. n. *Marimicrobium*, An existing genus; *Ultramarimicrobium*: A genus related to but distinct from the existing genus Marimicrobium of beyond.

Ultramarimonas

L. nan preposition *ultra*, beyond; L. fem. n. *Marimonas*, An existing genus; *Ultramarimonas*: A genus related to but distinct from the existing genus Marimonas of beyond.

Ultramarinactinospora

L. nan preposition *ultra*, beyond; L. fem. n. *Marinactinospora*, An existing genus; *Ultramarinactinospora*: A genus related to but distinct from the existing genus Marinactinospora of beyond.

Ultramarinagarivorans

L. nan preposition *ultra*, beyond; L. masc. n. *Marinagarivorans*, An existing genus; *Ultramarinagarivorans*: A genus related to but distinct from the existing genus Marinagarivorans of beyond.

Ultramarinibacillus

L. nan preposition *ultra*, beyond; L. masc. n. *Marinibacillus*, An existing genus; *Ultramarinibacillus*: A genus related to but distinct from the existing genus Marinibacillus of beyond.

Ultramarinibacterium

L. nan preposition *ultra*, beyond; L. neut. n. *Marinibacterium*, An existing genus; *Ultramarinibacterium*: A genus related to but distinct from the existing genus Marinibacterium of beyond.

Ultramarinibactrum

L. nan preposition *ultra*, beyond; L. neut. n. *Marinibactrum*, An existing genus; *Ultramarinibactrum*: A genus related to but distinct from the existing genus Marinibactrum of beyond.

Ultramarinibaculum

L. nan preposition *ultra*, beyond; L. neut. n. *Marinibaculum*, An existing genus; *Ultramarinibaculum*: A genus related to but distinct from the existing genus Marinibaculum of beyond.

Ultramariniblastus

L. nan preposition *ultra*, beyond; L. masc. n. *Mariniblastus*, An existing genus; *Ultramariniblastus*: A genus related to but distinct from the existing genus Mariniblastus of beyond.

Ultramarinicauda

L. nan preposition *ultra*, beyond; L. fem. n. *Marinicauda*, An existing genus; *Ultramarinicauda*: A genus related to but distinct from the existing genus Marinicauda of beyond.

Ultramarinicaulis

L. nan preposition *ultra*, beyond; L. masc. n. *Marinicaulis*, An existing genus; *Ultramarinicaulis*: A genus related to but distinct from the existing genus Marinicaulis of beyond.

Ultramarinicella

L. nan preposition *ultra*, beyond; L. fem. n. *Marinicella*, An existing genus; *Ultramarinicella*: A genus related to but distinct from the existing genus Marinicella of beyond.

Ultramarinicola

L. nan preposition *ultra*, beyond; L. masc. n. *Marinicola*, An existing genus; *Ultramarinicola*: A genus related to but distinct from the existing genus Marinicola of beyond.

Ultramarinicrinis

L. nan preposition *ultra*, beyond; L. masc. n. *Marinicrinis*, An existing genus; *Ultramarinicrinis*: A genus related to but distinct from the existing genus Marinicrinis of beyond.

Ultramarinifilum

L. nan preposition *ultra*, beyond; L. neut. n. *Marinifilum*, An existing genus; *Ultramarinifilum*: A genus related to but distinct from the existing genus Marinifilum of beyond.

Ultramariniflexile

L. nan preposition *ultra*, beyond; L. neut. n. *Mariniflexile*, An existing genus; *Ultramariniflexile*: A genus related to but distinct from the existing genus Mariniflexile of beyond.

Ultramarinilabilia

L. nan preposition *ultra*, beyond; L. fem. n. *Marinilabilia*, An existing genus; *Ultramarinilabilia*: A genus related to but distinct from the existing genus Marinilabilia of beyond.

Ultramarinilactibacillus

L. nan preposition *ultra*, beyond; L. masc. n. *Marinilactibacillus*, An existing genus; *Ultramarinilactibacillus*: A genus related to but distinct from the existing genus Marinilactibacillus of beyond.

Ultramariniluteicoccus

L. nan preposition *ultra*, beyond; L. masc. n. *Mariniluteicoccus*, An existing genus; *Ultramariniluteicoccus*: A genus related to but distinct from the existing genus Mariniluteicoccus of beyond.

Ultramarinimicrobium

L. nan preposition *ultra*, beyond; L. neut. n. *Marinimicrobium*, An existing genus; *Ultramarinimicrobium*: A genus related to but distinct from the existing genus Marinimicrobium of beyond.

Ultramarininema

L. nan preposition *ultra*, beyond; L. neut. n. *Marininema*, An existing genus; *Ultramarininema*: A genus related to but distinct from the existing genus Marininema of beyond.

Ultramariniphaga

L. nan preposition *ultra*, beyond; L. fem. n. *Mariniphaga*, An existing genus; *Ultramariniphaga*: A genus related to but distinct from the existing genus Mariniphaga of beyond.

Ultramariniradius

L. nan preposition *ultra*, beyond; L. masc. n. *Mariniradius*, An existing genus; *Ultramariniradius*: A genus related to but distinct from the existing genus Mariniradius of beyond.

Ultramarinirhabdus

L. nan preposition *ultra*, beyond; L. fem. n. *Marinirhabdus*, An existing genus; *Ultramarinirhabdus*: A genus related to but distinct from the existing genus Marinirhabdus of beyond.

Ultramarinisporobacter

L. nan preposition *ultra*, beyond; L. masc. n. *Marinisporobacter*, An existing genus; *Ultramarinisporobacter*: A genus related to but distinct from the existing genus Marinisporobacter of beyond.

Ultramarinitalea

L. nan preposition *ultra*, beyond; L. fem. n. *Marinitalea*, An existing genus; *Ultramarinitalea*: A genus related to but distinct from the existing genus Marinitalea of beyond.

Ultramarinitenerispora

L. nan preposition *ultra*, beyond; L. fem. n. *Marinitenerispora*, An existing genus; *Ultramarinitenerispora*: A genus related to but distinct from the existing genus Marinitenerispora of beyond.

Ultramarinithermofilum

L. nan preposition *ultra*, beyond; L. neut. n. *Marinithermofilum*, An existing genus; *Ultramarinithermofilum*: A genus related to but distinct from the existing genus Marinithermofilum of beyond.

Ultramarinithermus

L. nan preposition *ultra*, beyond; L. masc. n. *Marinithermus*, An existing genus; *Ultramarinithermus*: A genus related to but distinct from the existing genus Marinithermus of beyond.

Ultramarinitoga

L. nan preposition *ultra*, beyond; L. fem. n. *Marinitoga*, An existing genus; *Ultramarinitoga*: A genus related to but distinct from the existing genus Marinitoga of beyond.

Ultramarinivirga

L. nan preposition *ultra*, beyond; L. fem. n. *Marinivirga*, An existing genus; *Ultramarinivirga*: A genus related to but distinct from the existing genus Marinivirga of beyond.

Ultramarinobacter

L. nan preposition *ultra*, beyond; L. masc. n. *Marinobacter*, An existing genus; *Ultramarinobacter*: A genus related to but distinct from the existing genus Marinobacter of beyond.

Ultramarinobacterium

L. nan preposition *ultra*, beyond; L. neut. n. *Marinobacterium*, An existing genus; *Ultramarinobacterium*: A genus related to but distinct from the existing genus Marinobacterium of beyond.

Ultramarinococcus

L. nan preposition *ultra*, beyond; L. masc. n. *Marinococcus*, An existing genus; *Ultramarinococcus*: A genus related to but distinct from the existing genus Marinococcus of beyond.

Ultramarinomonas

L. nan preposition *ultra*, beyond; L. fem. n. *Marinomonas*, An existing genus; *Ultramarinomonas*: A genus related to but distinct from the existing genus Marinomonas of beyond.

Ultramarinoscillum

L. nan preposition *ultra*, beyond; L. neut. n. *Marinoscillum*, An existing genus; *Ultramarinoscillum*: A genus related to but distinct from the existing genus Marinoscillum of beyond.

Ultramarinospirillum

L. nan preposition *ultra*, beyond; L. neut. dim. n. *Marinospirillum*, An existing genus; *Ultramarinospirillum*: A genus related to but distinct from the existing genus Marinospirillum of beyond.

Ultramarinosulfonomonas

L. nan preposition *ultra*, beyond; L. fem. n. *Marinosulfonomonas*, An existing genus; *Ultramarinosulfonomonas*: A genus related to but distinct from the existing genus Marinosulfonomonas of beyond.

Ultramarinovum

L. nan preposition *ultra*, beyond; L. neut. n. *Marinovum*, An existing genus; *Ultramarinovum*: A genus related to but distinct from the existing genus Marinovum of beyond.

Ultramariprofundus

L. nan preposition *ultra*, beyond; L. masc. n. *Mariprofundus*, An existing genus; *Ultramariprofundus*: A genus related to but distinct from the existing genus Mariprofundus of beyond.

Ultramaripseudobacter

L. nan preposition *ultra*, beyond; L. masc. n. *Maripseudobacter*, An existing genus; *Ultramaripseudobacter*: A genus related to but distinct from the existing genus Maripseudobacter of beyond.

Ultramarisediminicola

L. nan preposition *ultra*, beyond; L. fem. n. *Marisediminicola*, An existing genus; *Ultramarisediminicola*: A genus related to but distinct from the existing genus Marisediminicola of beyond.

Ultramarisediminitalea

L. nan preposition *ultra*, beyond; L. fem. n. *Marisediminitalea*, An existing genus; *Ultramarisediminitalea*: A genus related to but distinct from the existing genus Marisediminitalea of beyond.

Ultramarispirillum

L. nan preposition *ultra*, beyond; L. neut. dim. n. *Marispirillum*, An existing genus; *Ultramarispirillum*: A genus related to but distinct from the existing genus Marispirillum of beyond.

Ultramarispirochaeta

L. nan preposition *ultra*, beyond; L. fem. n. *Marispirochaeta*, An existing genus; *Ultramarispirochaeta*: A genus related to but distinct from the existing genus Marispirochaeta of beyond.

Ultramaritalea

L. nan preposition *ultra*, beyond; L. fem. n. *Maritalea*, An existing genus; *Ultramaritalea*: A genus related to but distinct from the existing genus Maritalea of beyond.

Ultramaritimibacter

L. nan preposition *ultra*, beyond; L. masc. n. *Maritimibacter*, An existing genus; *Ultramaritimibacter*: A genus related to but distinct from the existing genus Maritimibacter of beyond.

Ultramaritimimonas

L. nan preposition *ultra*, beyond; L. fem. n. *Maritimimonas*, An existing genus; *Ultramaritimimonas*: A genus related to but distinct from the existing genus Maritimimonas of beyond.

Ultramarivibrio

L. nan preposition *ultra*, beyond; L. masc. n. *Marivibrio*, An existing genus; *Ultramarivibrio*: A genus related to but distinct from the existing genus Marivibrio of beyond.

Ultramarivirga

L. nan preposition *ultra*, beyond; L. fem. n. *Marivirga*, An existing genus; *Ultramarivirga*: A genus related to but distinct from the existing genus Marivirga of beyond.

Ultramarivita

L. nan preposition *ultra*, beyond; L. fem. n. *Marivita*, An existing genus; *Ultramarivita*: A genus related to but distinct from the existing genus Marivita of beyond.

Ultramarixanthomonas

L. nan preposition *ultra*, beyond; L. fem. n. *Marixanthomonas*, An existing genus; *Ultramarixanthomonas*: A genus related to but distinct from the existing genus Marixanthomonas of beyond.

Ultramarmoricola

L. nan preposition *ultra*, beyond; L. masc. n. *Marmoricola*, An existing genus; *Ultramarmoricola*: A genus related to but distinct from the existing genus Marmoricola of beyond.

Ultramarortus

L. nan preposition *ultra*, beyond; L. masc. n. *Marortus*, An existing genus; *Ultramarortus*: A genus related to but distinct from the existing genus Marortus of beyond.

Ultramartelella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Martelella*, An existing genus; *Ultramartelella*: A genus related to but distinct from the existing genus Martelella of beyond.

Ultramarvinbryantia

L. nan preposition *ultra*, beyond; L. fem. n. *Marvinbryantia*, An existing genus; *Ultramarvinbryantia*: A genus related to but distinct from the existing genus Marvinbryantia of beyond.

Ultramassilibacterium

L. nan preposition *ultra*, beyond; L. neut. n. *Massilibacterium*, An existing genus; *Ultramassilibacterium*: A genus related to but distinct from the existing genus Massilibacterium of beyond.

Ultramassiliimalia

L. nan preposition *ultra*, beyond; L. fem. n. *Massiliimalia*, An existing genus; *Ultramassiliimalia*: A genus related to but distinct from the existing genus Massiliimalia of beyond.

Ultramechercharimyces

L. nan preposition *ultra*, beyond; L. masc. n. *Mechercharimyces*, An existing genus; *Ultramechercharimyces*: A genus related to but distinct from the existing genus Mechercharimyces of beyond.

Ultramediterraneibacter

L. nan preposition *ultra*, beyond; L. masc. n. *Mediterraneibacter*, An existing genus; *Ultramediterraneibacter*: A genus related to but distinct from the existing genus Mediterraneibacter of beyond.

Ultramegamonas

L. nan preposition *ultra*, beyond; L. fem. n. *Megamonas*, An existing genus; *Ultramegamonas*: A genus related to but distinct from the existing genus Megamonas of beyond.

Ultrameganema

L. nan preposition *ultra*, beyond; L. neut. n. *Meganema*, An existing genus; *Ultrameganema*: A genus related to but distinct from the existing genus Meganema of beyond.

Ultramegasphaera

L. nan preposition *ultra*, beyond; L. fem. n. *Megasphaera*, An existing genus; *Ultramegasphaera*: A genus related to but distinct from the existing genus Megasphaera of beyond.

Ultrameiothermus

L. nan preposition *ultra*, beyond; L. masc. n. *Meiothermus*, An existing genus; *Ultrameiothermus*: A genus related to but distinct from the existing genus Meiothermus of beyond.

Ultramelaminivora

L. nan preposition *ultra*, beyond; L. fem. n. *Melaminivora*, An existing genus; *Ultramelaminivora*: A genus related to but distinct from the existing genus Melaminivora of beyond.

Ultramelghiribacillus

L. nan preposition *ultra*, beyond; L. masc. n. *Melghiribacillus*, An existing genus; *Ultramelghiribacillus*: A genus related to but distinct from the existing genus Melghiribacillus of beyond.

Ultramelghirimyces

L. nan preposition *ultra*, beyond; L. masc. n. *Melghirimyces*, An existing genus; *Ultramelghirimyces*: A genus related to but distinct from the existing genus Melghirimyces of beyond.

Ultramelioribacter

L. nan preposition *ultra*, beyond; L. masc. n. *Melioribacter*, An existing genus; *Ultramelioribacter*: A genus related to but distinct from the existing genus Melioribacter of beyond.

Ultramelissococcus

L. nan preposition *ultra*, beyond; L. masc. n. *Melissococcus*, An existing genus; *Ultramelissococcus*: A genus related to but distinct from the existing genus Melissococcus of beyond.

Ultramelitea

L. nan preposition *ultra*, beyond; L. fem. n. *Melitea*, An existing genus; *Ultramelitea*: A genus related to but distinct from the existing genus Melitea of beyond.

Ultramelittangium

L. nan preposition *ultra*, beyond; L. neut. n. *Melittangium*, An existing genus; *Ultramelittangium*: A genus related to but distinct from the existing genus Melittangium of beyond.

Ultramembranicola

L. nan preposition *ultra*, beyond; L. masc. n. *Membranicola*, An existing genus; *Ultramembranicola*: A genus related to but distinct from the existing genus Membranicola of beyond.

Ultrameniscus

L. nan preposition *ultra*, beyond; L. masc. n. *Meniscus*, An existing genus; *Ultrameniscus*: A genus related to but distinct from the existing genus Meniscus of beyond.

Ultramerdibacter

L. nan preposition *ultra*, beyond; L. masc. n. *Merdibacter*, An existing genus; *Ultramerdibacter*: A genus related to but distinct from the existing genus Merdibacter of beyond.

Ultramerdimonas

L. nan preposition *ultra*, beyond; L. fem. n. *Merdimonas*, An existing genus; *Ultramerdimonas*: A genus related to but distinct from the existing genus Merdimonas of beyond.

Ultrameridianimaribacter

L. nan preposition *ultra*, beyond; L. masc. n. *Meridianimaribacter*, An existing genus; *Ultrameridianimaribacter*: A genus related to but distinct from the existing genus Meridianimaribacter of beyond.

Ultrameridianimarinicoccus

L. nan preposition *ultra*, beyond; L. masc. n. *Meridianimarinicoccus*, An existing genus; *Ultrameridianimarinicoccus*: A genus related to but distinct from the existing genus Meridianimarinicoccus of beyond.

Ultramesoaciditoga

L. nan preposition *ultra*, beyond; L. fem. n. *Mesoaciditoga*, An existing genus; *Ultramesoaciditoga*: A genus related to but distinct from the existing genus Mesoaciditoga of beyond.

Ultramesobacillus

L. nan preposition *ultra*, beyond; L. masc. n. *Mesobacillus*, An existing genus; *Ultramesobacillus*: A genus related to but distinct from the existing genus Mesobacillus of beyond.

Ultramesocricetibacter

L. nan preposition *ultra*, beyond; L. masc. n. *Mesocricetibacter*, An existing genus; *Ultramesocricetibacter*: A genus related to but distinct from the existing genus Mesocricetibacter of beyond.

Ultramesoflavibacter

L. nan preposition *ultra*, beyond; L. masc. n. *Mesoflavibacter*, An existing genus; *Ultramesoflavibacter*: A genus related to but distinct from the existing genus Mesoflavibacter of beyond.

Ultramesohalobacter

L. nan preposition *ultra*, beyond; L. masc. n. *Mesohalobacter*, An existing genus; *Ultramesohalobacter*: A genus related to but distinct from the existing genus Mesohalobacter of beyond.

Ultramesomycoplasma

L. nan preposition *ultra*, beyond; L. neut. n. *Mesomycoplasma*, An existing genus; *Ultramesomycoplasma*: A genus related to but distinct from the existing genus Mesomycoplasma of beyond.

Ultramesonia

L. nan preposition *ultra*, beyond; L. fem. n. *Mesonia*, An existing genus; *Ultramesonia*: A genus related to but distinct from the existing genus Mesonia of beyond.

Ultramesophilobacter

L. nan preposition *ultra*, beyond; L. masc. n. *Mesophilobacter*, An existing genus; *Ultramesophilobacter*: A genus related to but distinct from the existing genus Mesophilobacter of beyond.

Ultramesoplasma

L. nan preposition *ultra*, beyond; L. neut. n. *Mesoplasma*, An existing genus; *Ultramesoplasma*: A genus related to but distinct from the existing genus Mesoplasma of beyond.

Ultramesorhizobium

L. nan preposition *ultra*, beyond; L. neut. n. *Mesorhizobium*, An existing genus; *Ultramesorhizobium*: A genus related to but distinct from the existing genus Mesorhizobium of beyond.

Ultramesosutterella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Mesosutterella*, An existing genus; *Ultramesosutterella*: A genus related to but distinct from the existing genus Mesosutterella of beyond.

Ultramesotoga

L. nan preposition *ultra*, beyond; L. fem. n. *Mesotoga*, An existing genus; *Ultramesotoga*: A genus related to but distinct from the existing genus Mesotoga of beyond.

Ultrametabacillus

L. nan preposition *ultra*, beyond; L. masc. n. *Metabacillus*, An existing genus; *Ultrametabacillus*: A genus related to but distinct from the existing genus Metabacillus of beyond.

Ultrametakosakonia

L. nan preposition *ultra*, beyond; L. fem. n. *Metakosakonia*, An existing genus; *Ultrametakosakonia*: A genus related to but distinct from the existing genus Metakosakonia of beyond.

Ultrametallibacterium

L. nan preposition *ultra*, beyond; L. neut. n. *Metallibacterium*, An existing genus; *Ultrametallibacterium*: A genus related to but distinct from the existing genus Metallibacterium of beyond.

Ultrametalliresistens

L. nan preposition *ultra*, beyond; L. masc. n. *Metalliresistens*, An existing genus; *Ultrametalliresistens*: A genus related to but distinct from the existing genus Metalliresistens of beyond.

Ultrametallosphaera

L. nan preposition *ultra*, beyond; L. fem. n. *Metallosphaera*, An existing genus; *Ultrametallosphaera*: A genus related to but distinct from the existing genus Metallosphaera of beyond.

Ultrametalysinibacillus

L. nan preposition *ultra*, beyond; L. masc. n. *Metalysinibacillus*, An existing genus; *Ultrametalysinibacillus*: A genus related to but distinct from the existing genus Metalysinibacillus of beyond.

Ultrametamycoplasma

L. nan preposition *ultra*, beyond; L. neut. n. *Metamycoplasma*, An existing genus; *Ultrametamycoplasma*: A genus related to but distinct from the existing genus Metamycoplasma of beyond.

Ultrametaplanococcus

L. nan preposition *ultra*, beyond; L. masc. n. *Metaplanococcus*, An existing genus; *Ultrametaplanococcus*: A genus related to but distinct from the existing genus Metaplanococcus of beyond.

Ultrametascardovia

L. nan preposition *ultra*, beyond; L. fem. n. *Metascardovia*, An existing genus; *Ultrametascardovia*: A genus related to but distinct from the existing genus Metascardovia of beyond.

Ultrametasolibacillus

L. nan preposition *ultra*, beyond; L. masc. n. *Metasolibacillus*, An existing genus; *Ultrametasolibacillus*: A genus related to but distinct from the existing genus Metasolibacillus of beyond.

Ultramethanobacterium

L. nan preposition *ultra*, beyond; L. neut. n. *Methanobacterium*, An existing genus; *Ultramethanobacterium*: A genus related to but distinct from the existing genus Methanobacterium of beyond.

Ultramethanobrevibacter

L. nan preposition *ultra*, beyond; L. masc. n. *Methanobrevibacter*, An existing genus; *Ultramethanobrevibacter*: A genus related to but distinct from the existing genus Methanobrevibacter of beyond.

Ultramethanocalculus

L. nan preposition *ultra*, beyond; L. masc. n. *Methanocalculus*, An existing genus; *Ultramethanocalculus*: A genus related to but distinct from the existing genus Methanocalculus of beyond.

Ultramethanocaldococcus

L. nan preposition *ultra*, beyond; L. masc. n. *Methanocaldococcus*, An existing genus; *Ultramethanocaldococcus*: A genus related to but distinct from the existing genus Methanocaldococcus of beyond.

Ultramethanocella

L. nan preposition *ultra*, beyond; L. fem. n. *Methanocella*, An existing genus; *Ultramethanocella*: A genus related to but distinct from the existing genus Methanocella of beyond.

Ultramethanococcoides

L. nan preposition *ultra*, beyond; L. neut. n. *Methanococcoides*, An existing genus; *Ultramethanococcoides*: A genus related to but distinct from the existing genus Methanococcoides of beyond.

Ultramethanococcus

L. nan preposition *ultra*, beyond; L. masc. n. *Methanococcus*, An existing genus; *Ultramethanococcus*: A genus related to but distinct from the existing genus Methanococcus of beyond.

Ultramethanocorpusculum

L. nan preposition *ultra*, beyond; L. neut. n. *Methanocorpusculum*, An existing genus; *Ultramethanocorpusculum*: A genus related to but distinct from the existing genus Methanocorpusculum of beyond.

Ultramethanoculleus

L. nan preposition *ultra*, beyond; L. masc. n. *Methanoculleus*, An existing genus; *Ultramethanoculleus*: A genus related to but distinct from the existing genus Methanoculleus of beyond.

Ultramethanofervidicoccus

L. nan preposition *ultra*, beyond; L. masc. n. *Methanofervidicoccus*, An existing genus; *Ultramethanofervidicoccus*: A genus related to but distinct from the existing genus Methanofervidicoccus of beyond.

Ultramethanofollis

L. nan preposition *ultra*, beyond; L. masc. n. *Methanofollis*, An existing genus; *Ultramethanofollis*: A genus related to but distinct from the existing genus Methanofollis of beyond.

Ultramethanogenium

L. nan preposition *ultra*, beyond; L. neut. n. *Methanogenium*, An existing genus; *Ultramethanogenium*: A genus related to but distinct from the existing genus Methanogenium of beyond.

Ultramethanohalobium

L. nan preposition *ultra*, beyond; L. neut. n. *Methanohalobium*, An existing genus; *Ultramethanohalobium*: A genus related to but distinct from the existing genus Methanohalobium of beyond.

Ultramethanohalophilus

L. nan preposition *ultra*, beyond; L. masc. n. *Methanohalophilus*, An existing genus; *Ultramethanohalophilus*: A genus related to but distinct from the existing genus Methanohalophilus of beyond.

Ultramethanolacinia

L. nan preposition *ultra*, beyond; L. fem. n. *Methanolacinia*, An existing genus; *Ultramethanolacinia*: A genus related to but distinct from the existing genus Methanolacinia of beyond.

Ultramethanolinea

L. nan preposition *ultra*, beyond; L. fem. n. *Methanolinea*, An existing genus; *Ultramethanolinea*: A genus related to but distinct from the existing genus Methanolinea of beyond.

Ultramethanomassiliicoccus

L. nan preposition *ultra*, beyond; L. masc. n. *Methanomassiliicoccus*, An existing genus; *Ultramethanomassiliicoccus*: A genus related to but distinct from the existing genus Methanomassiliicoccus of beyond.

Ultramethanomethylovorans

L. nan preposition *ultra*, beyond; L. fem. n. *Methanomethylovorans*, An existing genus; *Ultramethanomethylovorans*: A genus related to but distinct from the existing genus Methanomethylovorans of beyond.

Ultramethanomicrobium

L. nan preposition *ultra*, beyond; L. neut. n. *Methanomicrobium*, An existing genus; *Ultramethanomicrobium*: A genus related to but distinct from the existing genus Methanomicrobium of beyond.

Ultramethanonatronarchaeum

L. nan preposition *ultra*, beyond; L. neut. n. *Methanonatronarchaeum*, An existing genus; *Ultramethanonatronarchaeum*: A genus related to but distinct from the existing genus Methanonatronarchaeum of beyond.

Ultramethanoplanus

L. nan preposition *ultra*, beyond; L. masc. n. *Methanoplanus*, An existing genus; *Ultramethanoplanus*: A genus related to but distinct from the existing genus Methanoplanus of beyond.

Ultramethanopyrus

L. nan preposition *ultra*, beyond; L. masc. n. *Methanopyrus*, An existing genus; *Ultramethanopyrus*: A genus related to but distinct from the existing genus Methanopyrus of beyond.

Ultramethanoregula

L. nan preposition *ultra*, beyond; L. fem. n. *Methanoregula*, An existing genus; *Ultramethanoregula*: A genus related to but distinct from the existing genus Methanoregula of beyond.

Ultramethanosaeta

L. nan preposition *ultra*, beyond; L. fem. n. *Methanosaeta*, An existing genus; *Ultramethanosaeta*: A genus related to but distinct from the existing genus Methanosaeta of beyond.

Ultramethanosalsum

L. nan preposition *ultra*, beyond; L. neut. n. *Methanosalsum*, An existing genus; *Ultramethanosalsum*: A genus related to but distinct from the existing genus Methanosalsum of beyond.

Ultramethanosarcina

L. nan preposition *ultra*, beyond; L. fem. n. *Methanosarcina*, An existing genus; *Ultramethanosarcina*: A genus related to but distinct from the existing genus Methanosarcina of beyond.

Ultramethanosphaera

L. nan preposition *ultra*, beyond; L. fem. n. *Methanosphaera*, An existing genus; *Ultramethanosphaera*: A genus related to but distinct from the existing genus Methanosphaera of beyond.

Ultramethanosphaerula

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Methanosphaerula*, An existing genus; *Ultramethanosphaerula*: A genus related to but distinct from the existing genus Methanosphaerula of beyond.

Ultramethanospirillum

L. nan preposition *ultra*, beyond; L. neut. dim. n. *Methanospirillum*, An existing genus; *Ultramethanospirillum*: A genus related to but distinct from the existing genus Methanospirillum of beyond.

Ultramethanothermobacter

L. nan preposition *ultra*, beyond; L. masc. n. *Methanothermobacter*, An existing genus; *Ultramethanothermobacter*: A genus related to but distinct from the existing genus Methanothermobacter of beyond.

Ultramethanothermococcus

L. nan preposition *ultra*, beyond; L. masc. n. *Methanothermococcus*, An existing genus; *Ultramethanothermococcus*: A genus related to but distinct from the existing genus Methanothermococcus of beyond.

Ultramethanothermus

L. nan preposition *ultra*, beyond; L. masc. n. *Methanothermus*, An existing genus; *Ultramethanothermus*: A genus related to but distinct from the existing genus Methanothermus of beyond.

Ultramethanothrix

L. nan preposition *ultra*, beyond; L. fem. n. *Methanothrix*, An existing genus; *Ultramethanothrix*: A genus related to but distinct from the existing genus Methanothrix of beyond.

Ultramethanotorris

L. nan preposition *ultra*, beyond; L. masc. n. *Methanotorris*, An existing genus; *Ultramethanotorris*: A genus related to but distinct from the existing genus Methanotorris of beyond.

Ultramethermicoccus

L. nan preposition *ultra*, beyond; L. masc. n. *Methermicoccus*, An existing genus; *Ultramethermicoccus*: A genus related to but distinct from the existing genus Methermicoccus of beyond.

Ultramethylacidimicrobium

L. nan preposition *ultra*, beyond; L. neut. n. *Methylacidimicrobium*, An existing genus; *Ultramethylacidimicrobium*: A genus related to but distinct from the existing genus Methylacidimicrobium of beyond.

Ultramethylarcula

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Methylarcula*, An existing genus; *Ultramethylarcula*: A genus related to but distinct from the existing genus Methylarcula of beyond.

Ultramethylibium

L. nan preposition *ultra*, beyond; L. neut. n. *Methylibium*, An existing genus; *Ultramethylibium*: A genus related to but distinct from the existing genus Methylibium of beyond.

Ultramethylicorpusculum

L. nan preposition *ultra*, beyond; L. neut. n. *Methylicorpusculum*, An existing genus; *Ultramethylicorpusculum*: A genus related to but distinct from the existing genus Methylicorpusculum of beyond.

Ultramethylobacillus

L. nan preposition *ultra*, beyond; L. masc. n. *Methylobacillus*, An existing genus; *Ultramethylobacillus*: A genus related to but distinct from the existing genus Methylobacillus of beyond.

Ultramethylobacter

L. nan preposition *ultra*, beyond; L. masc. n. *Methylobacter*, An existing genus; *Ultramethylobacter*: A genus related to but distinct from the existing genus Methylobacter of beyond.

Ultramethylobacterium

L. nan preposition *ultra*, beyond; L. neut. n. *Methylobacterium*, An existing genus; *Ultramethylobacterium*: A genus related to but distinct from the existing genus Methylobacterium of beyond.

Ultramethylobrevis

L. nan preposition *ultra*, beyond; L. masc. n. *Methylobrevis*, An existing genus; *Ultramethylobrevis*: A genus related to but distinct from the existing genus Methylobrevis of beyond.

Ultramethylocaldum

L. nan preposition *ultra*, beyond; L. neut. n. *Methylocaldum*, An existing genus; *Ultramethylocaldum*: A genus related to but distinct from the existing genus Methylocaldum of beyond.

Ultramethylocapsa

L. nan preposition *ultra*, beyond; L. fem. n. *Methylocapsa*, An existing genus; *Ultramethylocapsa*: A genus related to but distinct from the existing genus Methylocapsa of beyond.

Ultramethyloceanibacter

L. nan preposition *ultra*, beyond; L. masc. n. *Methyloceanibacter*, An existing genus; *Ultramethyloceanibacter*: A genus related to but distinct from the existing genus Methyloceanibacter of beyond.

Ultramethylocella

L. nan preposition *ultra*, beyond; L. fem. n. *Methylocella*, An existing genus; *Ultramethylocella*: A genus related to but distinct from the existing genus Methylocella of beyond.

Ultramethylococcus

L. nan preposition *ultra*, beyond; L. masc. n. *Methylococcus*, An existing genus; *Ultramethylococcus*: A genus related to but distinct from the existing genus Methylococcus of beyond.

Ultramethylocucumis

L. nan preposition *ultra*, beyond; L. masc. n. *Methylocucumis*, An existing genus; *Ultramethylocucumis*: A genus related to but distinct from the existing genus Methylocucumis of beyond.

Ultramethylocystis

L. nan preposition *ultra*, beyond; L. fem. n. *Methylocystis*, An existing genus; *Ultramethylocystis*: A genus related to but distinct from the existing genus Methylocystis of beyond.

Ultramethyloferula

L. nan preposition *ultra*, beyond; L. fem. n. *Methyloferula*, An existing genus; *Ultramethyloferula*: A genus related to but distinct from the existing genus Methyloferula of beyond.

Ultramethylogaea

L. nan preposition *ultra*, beyond; L. fem. n. *Methylogaea*, An existing genus; *Ultramethylogaea*: A genus related to but distinct from the existing genus Methylogaea of beyond.

Ultramethyloglobulus

L. nan preposition *ultra*, beyond; L. masc. dim. n. *Methyloglobulus*, An existing genus; *Ultramethyloglobulus*: A genus related to but distinct from the existing genus Methyloglobulus of beyond.

Ultramethylohalobius

L. nan preposition *ultra*, beyond; L. masc. n. *Methylohalobius*, An existing genus; *Ultramethylohalobius*: A genus related to but distinct from the existing genus Methylohalobius of beyond.

Ultramethylohalomonas

L. nan preposition *ultra*, beyond; L. fem. n. *Methylohalomonas*, An existing genus; *Ultramethylohalomonas*: A genus related to but distinct from the existing genus Methylohalomonas of beyond.

Ultramethyloligella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Methyloligella*, An existing genus; *Ultramethyloligella*: A genus related to but distinct from the existing genus Methyloligella of beyond.

Ultramethylolobus

L. nan preposition *ultra*, beyond; L. masc. n. *Methylolobus*, An existing genus; *Ultramethylolobus*: A genus related to but distinct from the existing genus Methylolobus of beyond.

Ultramethylomagnum

L. nan preposition *ultra*, beyond; L. neut. n. *Methylomagnum*, An existing genus; *Ultramethylomagnum*: A genus related to but distinct from the existing genus Methylomagnum of beyond.

Ultramethylomarinovum

L. nan preposition *ultra*, beyond; L. neut. n. *Methylomarinovum*, An existing genus; *Ultramethylomarinovum*: A genus related to but distinct from the existing genus Methylomarinovum of beyond.

Ultramethylomarinum

L. nan preposition *ultra*, beyond; L. neut. n. *Methylomarinum*, An existing genus; *Ultramethylomarinum*: A genus related to but distinct from the existing genus Methylomarinum of beyond.

Ultramethylomicrobium

L. nan preposition *ultra*, beyond; L. neut. n. *Methylomicrobium*, An existing genus; *Ultramethylomicrobium*: A genus related to but distinct from the existing genus Methylomicrobium of beyond.

Ultramethylomonas

L. nan preposition *ultra*, beyond; L. fem. n. *Methylomonas*, An existing genus; *Ultramethylomonas*: A genus related to but distinct from the existing genus Methylomonas of beyond.

Ultramethylomusa

L. nan preposition *ultra*, beyond; L. fem. n. *Methylomusa*, An existing genus; *Ultramethylomusa*: A genus related to but distinct from the existing genus Methylomusa of beyond.

Ultramethylonatrum

L. nan preposition *ultra*, beyond; L. neut. n. *Methylonatrum*, An existing genus; *Ultramethylonatrum*: A genus related to but distinct from the existing genus Methylonatrum of beyond.

Ultramethyloparacoccus

L. nan preposition *ultra*, beyond; L. masc. n. *Methyloparacoccus*, An existing genus; *Ultramethyloparacoccus*: A genus related to but distinct from the existing genus Methyloparacoccus of beyond.

Ultramethylophaga

L. nan preposition *ultra*, beyond; L. fem. n. *Methylophaga*, An existing genus; *Ultramethylophaga*: A genus related to but distinct from the existing genus Methylophaga of beyond.

Ultramethylophilus

L. nan preposition *ultra*, beyond; L. masc. n. *Methylophilus*, An existing genus; *Ultramethylophilus*: A genus related to but distinct from the existing genus Methylophilus of beyond.

Ultramethylopila

L. nan preposition *ultra*, beyond; L. fem. n. *Methylopila*, An existing genus; *Ultramethylopila*: A genus related to but distinct from the existing genus Methylopila of beyond.

Ultramethyloprofundus

L. nan preposition *ultra*, beyond; L. masc. n. *Methyloprofundus*, An existing genus; *Ultramethyloprofundus*: A genus related to but distinct from the existing genus Methyloprofundus of beyond.

Ultramethylorhabdus

L. nan preposition *ultra*, beyond; L. fem. n. *Methylorhabdus*, An existing genus; *Ultramethylorhabdus*: A genus related to but distinct from the existing genus Methylorhabdus of beyond.

Ultramethylorosula

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Methylorosula*, An existing genus; *Ultramethylorosula*: A genus related to but distinct from the existing genus Methylorosula of beyond.

Ultramethylorubrum

L. nan preposition *ultra*, beyond; L. neut. n. *Methylorubrum*, An existing genus; *Ultramethylorubrum*: A genus related to but distinct from the existing genus Methylorubrum of beyond.

Ultramethylosarcina

L. nan preposition *ultra*, beyond; L. fem. n. *Methylosarcina*, An existing genus; *Ultramethylosarcina*: A genus related to but distinct from the existing genus Methylosarcina of beyond.

Ultramethylosinus

L. nan preposition *ultra*, beyond; L. masc. n. *Methylosinus*, An existing genus; *Ultramethylosinus*: A genus related to but distinct from the existing genus Methylosinus of beyond.

Ultramethylosoma

L. nan preposition *ultra*, beyond; L. neut. n. *Methylosoma*, An existing genus; *Ultramethylosoma*: A genus related to but distinct from the existing genus Methylosoma of beyond.

Ultramethylosphaera

L. nan preposition *ultra*, beyond; L. fem. n. *Methylosphaera*, An existing genus; *Ultramethylosphaera*: A genus related to but distinct from the existing genus Methylosphaera of beyond.

Ultramethylosulfonomonas

L. nan preposition *ultra*, beyond; L. fem. n. *Methylosulfonomonas*, An existing genus; *Ultramethylosulfonomonas*: A genus related to but distinct from the existing genus Methylosulfonomonas of beyond.

Ultramethylotenera

L. nan preposition *ultra*, beyond; L. fem. n. *Methylotenera*, An existing genus; *Ultramethylotenera*: A genus related to but distinct from the existing genus Methylotenera of beyond.

Ultramethyloterricola

L. nan preposition *ultra*, beyond; L. fem. n. *Methyloterricola*, An existing genus; *Ultramethyloterricola*: A genus related to but distinct from the existing genus Methyloterricola of beyond.

Ultramethyloterrigena

L. nan preposition *ultra*, beyond; L. fem. n. *Methyloterrigena*, An existing genus; *Ultramethyloterrigena*: A genus related to but distinct from the existing genus Methyloterrigena of beyond.

Ultramethylothermus

L. nan preposition *ultra*, beyond; L. masc. n. *Methylothermus*, An existing genus; *Ultramethylothermus*: A genus related to but distinct from the existing genus Methylothermus of beyond.

Ultramethylotuvimicrobium

L. nan preposition *ultra*, beyond; L. neut. n. *Methylotuvimicrobium*, An existing genus; *Ultramethylotuvimicrobium*: A genus related to but distinct from the existing genus Methylotuvimicrobium of beyond.

Ultramethyloversatilis

L. nan preposition *ultra*, beyond; L. fem. n. *Methyloversatilis*, An existing genus; *Ultramethyloversatilis*: A genus related to but distinct from the existing genus Methyloversatilis of beyond.

Ultramethylovirgula

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Methylovirgula*, An existing genus; *Ultramethylovirgula*: A genus related to but distinct from the existing genus Methylovirgula of beyond.

Ultramethylovorus

L. nan preposition *ultra*, beyond; L. masc. n. *Methylovorus*, An existing genus; *Ultramethylovorus*: A genus related to but distinct from the existing genus Methylovorus of beyond.

Ultramethylovulum

L. nan preposition *ultra*, beyond; L. neut. n. *Methylovulum*, An existing genus; *Ultramethylovulum*: A genus related to but distinct from the existing genus Methylovulum of beyond.

Ultramicavibrio

L. nan preposition *ultra*, beyond; L. masc. n. *Micavibrio*, An existing genus; *Ultramicavibrio*: A genus related to but distinct from the existing genus Micavibrio of beyond.

Ultramicroaerobacter

L. nan preposition *ultra*, beyond; L. masc. n. *Microaerobacter*, An existing genus; *Ultramicroaerobacter*: A genus related to but distinct from the existing genus Microaerobacter of beyond.

Ultramicrobacterium

L. nan preposition *ultra*, beyond; L. neut. n. *Microbacterium*, An existing genus; *Ultramicrobacterium*: A genus related to but distinct from the existing genus Microbacterium of beyond.

Ultramicrobispora

L. nan preposition *ultra*, beyond; L. fem. n. *Microbispora*, An existing genus; *Ultramicrobispora*: A genus related to but distinct from the existing genus Microbispora of beyond.

Ultramicrobulbifer

L. nan preposition *ultra*, beyond; L. masc. n. *Microbulbifer*, An existing genus; *Ultramicrobulbifer*: A genus related to but distinct from the existing genus Microbulbifer of beyond.

Ultramicrocella

L. nan preposition *ultra*, beyond; L. fem. n. *Microcella*, An existing genus; *Ultramicrocella*: A genus related to but distinct from the existing genus Microcella of beyond.

Ultramicrococcoides

L. nan preposition *ultra*, beyond; L. neut. n. *Micrococcoides*, An existing genus; *Ultramicrococcoides*: A genus related to but distinct from the existing genus Micrococcoides of beyond.

Ultramicrococcus

L. nan preposition *ultra*, beyond; L. masc. n. *Micrococcus*, An existing genus; *Ultramicrococcus*: A genus related to but distinct from the existing genus Micrococcus of beyond.

Ultramicrocyclus

L. nan preposition *ultra*, beyond; L. masc. n. *Microcyclus*, An existing genus; *Ultramicrocyclus*: A genus related to but distinct from the existing genus Microcyclus of beyond.

Ultramicrocystis

L. nan preposition *ultra*, beyond; L. fem. n. *Microcystis*, An existing genus; *Ultramicrocystis*: A genus related to but distinct from the existing genus Microcystis of beyond.

Ultramicroellobosporia

L. nan preposition *ultra*, beyond; L. fem. n. *Microellobosporia*, An existing genus; *Ultramicroellobosporia*: A genus related to but distinct from the existing genus Microellobosporia of beyond.

Ultramicrolunatus

L. nan preposition *ultra*, beyond; L. masc. n. *Microlunatus*, An existing genus; *Ultramicrolunatus*: A genus related to but distinct from the existing genus Microlunatus of beyond.

Ultramicromonas

L. nan preposition *ultra*, beyond; L. fem. n. *Micromonas*, An existing genus; *Ultramicromonas*: A genus related to but distinct from the existing genus Micromonas of beyond.

Ultramicromonospora

L. nan preposition *ultra*, beyond; L. fem. n. *Micromonospora*, An existing genus; *Ultramicromonospora*: A genus related to but distinct from the existing genus Micromonospora of beyond.

Ultramicropepsis

L. nan preposition *ultra*, beyond; L. fem. n. *Micropepsis*, An existing genus; *Ultramicropepsis*: A genus related to but distinct from the existing genus Micropepsis of beyond.

Ultramicropolyspora

L. nan preposition *ultra*, beyond; L. fem. n. *Micropolyspora*, An existing genus; *Ultramicropolyspora*: A genus related to but distinct from the existing genus Micropolyspora of beyond.

Ultramicropruina

L. nan preposition *ultra*, beyond; L. fem. n. *Micropruina*, An existing genus; *Ultramicropruina*: A genus related to but distinct from the existing genus Micropruina of beyond.

Ultramicroscilla

L. nan preposition *ultra*, beyond; L. fem. n. *Microscilla*, An existing genus; *Ultramicroscilla*: A genus related to but distinct from the existing genus Microscilla of beyond.

Ultramicrosphaera

L. nan preposition *ultra*, beyond; L. fem. n. *Microsphaera*, An existing genus; *Ultramicrosphaera*: A genus related to but distinct from the existing genus Microsphaera of beyond.

Ultramicroterricola

L. nan preposition *ultra*, beyond; L. fem. n. *Microterricola*, An existing genus; *Ultramicroterricola*: A genus related to but distinct from the existing genus Microterricola of beyond.

Ultramicrotetraspora

L. nan preposition *ultra*, beyond; L. fem. n. *Microtetraspora*, An existing genus; *Ultramicrotetraspora*: A genus related to but distinct from the existing genus Microtetraspora of beyond.

Ultramicrovirgula

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Microvirgula*, An existing genus; *Ultramicrovirgula*: A genus related to but distinct from the existing genus Microvirgula of beyond.

Ultramillisia

L. nan preposition *ultra*, beyond; L. fem. n. *Millisia*, An existing genus; *Ultramillisia*: A genus related to but distinct from the existing genus Millisia of beyond.

Ultraminicystis

L. nan preposition *ultra*, beyond; L. fem. n. *Minicystis*, An existing genus; *Ultraminicystis*: A genus related to but distinct from the existing genus Minicystis of beyond.

Ultraminiimonas

L. nan preposition *ultra*, beyond; L. fem. n. *Miniimonas*, An existing genus; *Ultraminiimonas*: A genus related to but distinct from the existing genus Miniimonas of beyond.

Ultraminiphocibacter

L. nan preposition *ultra*, beyond; L. masc. n. *Miniphocibacter*, An existing genus; *Ultraminiphocibacter*: A genus related to but distinct from the existing genus Miniphocibacter of beyond.

Ultraminunostoc

L. nan preposition *ultra*, beyond; L. neut. n. *Minunostoc*, An existing genus; *Ultraminunostoc*: A genus related to but distinct from the existing genus Minunostoc of beyond.

Ultraminwuia

L. nan preposition *ultra*, beyond; L. fem. n. *Minwuia*, An existing genus; *Ultraminwuia*: A genus related to but distinct from the existing genus Minwuia of beyond.

Ultramitsuaria

L. nan preposition *ultra*, beyond; L. fem. n. *Mitsuaria*, An existing genus; *Ultramitsuaria*: A genus related to but distinct from the existing genus Mitsuaria of beyond.

Ultramitsuokella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Mitsuokella*, An existing genus; *Ultramitsuokella*: A genus related to but distinct from the existing genus Mitsuokella of beyond.

Ultramixta

L. nan preposition *ultra*, beyond; L. fem. n. *Mixta*, An existing genus; *Ultramixta*: A genus related to but distinct from the existing genus Mixta of beyond.

Ultramizugakiibacter

L. nan preposition *ultra*, beyond; L. masc. n. *Mizugakiibacter*, An existing genus; *Ultramizugakiibacter*: A genus related to but distinct from the existing genus Mizugakiibacter of beyond.

Ultramobilicoccus

L. nan preposition *ultra*, beyond; L. masc. n. *Mobilicoccus*, An existing genus; *Ultramobilicoccus*: A genus related to but distinct from the existing genus Mobilicoccus of beyond.

Ultramobilifilum

L. nan preposition *ultra*, beyond; L. neut. n. *Mobilifilum*, An existing genus; *Ultramobilifilum*: A genus related to but distinct from the existing genus Mobilifilum of beyond.

Ultramobilisporobacter

L. nan preposition *ultra*, beyond; L. masc. n. *Mobilisporobacter*, An existing genus; *Ultramobilisporobacter*: A genus related to but distinct from the existing genus Mobilisporobacter of beyond.

Ultramobilitalea

L. nan preposition *ultra*, beyond; L. fem. n. *Mobilitalea*, An existing genus; *Ultramobilitalea*: A genus related to but distinct from the existing genus Mobilitalea of beyond.

Ultramobiluncus

L. nan preposition *ultra*, beyond; L. masc. n. *Mobiluncus*, An existing genus; *Ultramobiluncus*: A genus related to but distinct from the existing genus Mobiluncus of beyond.

Ultramodestobacter

L. nan preposition *ultra*, beyond; L. masc. n. *Modestobacter*, An existing genus; *Ultramodestobacter*: A genus related to but distinct from the existing genus Modestobacter of beyond.

Ultramodicisalibacter

L. nan preposition *ultra*, beyond; L. masc. n. *Modicisalibacter*, An existing genus; *Ultramodicisalibacter*: A genus related to but distinct from the existing genus Modicisalibacter of beyond.

Ultramoellerella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Moellerella*, An existing genus; *Ultramoellerella*: A genus related to but distinct from the existing genus Moellerella of beyond.

Ultramogibacterium

L. nan preposition *ultra*, beyond; L. neut. n. *Mogibacterium*, An existing genus; *Ultramogibacterium*: A genus related to but distinct from the existing genus Mogibacterium of beyond.

Ultramoheibacter

L. nan preposition *ultra*, beyond; L. masc. n. *Moheibacter*, An existing genus; *Ultramoheibacter*: A genus related to but distinct from the existing genus Moheibacter of beyond.

Ultramonaibacterium

L. nan preposition *ultra*, beyond; L. neut. n. *Monaibacterium*, An existing genus; *Ultramonaibacterium*: A genus related to but distinct from the existing genus Monaibacterium of beyond.

Ultramonashia

L. nan preposition *ultra*, beyond; L. fem. n. *Monashia*, An existing genus; *Ultramonashia*: A genus related to but distinct from the existing genus Monashia of beyond.

Ultramongoliibacter

L. nan preposition *ultra*, beyond; L. masc. n. *Mongoliibacter*, An existing genus; *Ultramongoliibacter*: A genus related to but distinct from the existing genus Mongoliibacter of beyond.

Ultramongoliicoccus

L. nan preposition *ultra*, beyond; L. masc. n. *Mongoliicoccus*, An existing genus; *Ultramongoliicoccus*: A genus related to but distinct from the existing genus Mongoliicoccus of beyond.

Ultramongoliimonas

L. nan preposition *ultra*, beyond; L. fem. n. *Mongoliimonas*, An existing genus; *Ultramongoliimonas*: A genus related to but distinct from the existing genus Mongoliimonas of beyond.

Ultramongoliitalea

L. nan preposition *ultra*, beyond; L. fem. n. *Mongoliitalea*, An existing genus; *Ultramongoliitalea*: A genus related to but distinct from the existing genus Mongoliitalea of beyond.

Ultramonoglobus

L. nan preposition *ultra*, beyond; L. masc. n. *Monoglobus*, An existing genus; *Ultramonoglobus*: A genus related to but distinct from the existing genus Monoglobus of beyond.

Ultramoorea

L. nan preposition *ultra*, beyond; L. fem. n. *Moorea*, An existing genus; *Ultramoorea*: A genus related to but distinct from the existing genus Moorea of beyond.

Ultramooreia

L. nan preposition *ultra*, beyond; L. fem. n. *Mooreia*, An existing genus; *Ultramooreia*: A genus related to but distinct from the existing genus Mooreia of beyond.

Ultramoorella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Moorella*, An existing genus; *Ultramoorella*: A genus related to but distinct from the existing genus Moorella of beyond.

Ultramoraxella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Moraxella*, An existing genus; *Ultramoraxella*: A genus related to but distinct from the existing genus Moraxella of beyond.

Ultramorganella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Morganella*, An existing genus; *Ultramorganella*: A genus related to but distinct from the existing genus Morganella of beyond.

Ultramoritella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Moritella*, An existing genus; *Ultramoritella*: A genus related to but distinct from the existing genus Moritella of beyond.

Ultramorococcus

L. nan preposition *ultra*, beyond; L. masc. n. *Morococcus*, An existing genus; *Ultramorococcus*: A genus related to but distinct from the existing genus Morococcus of beyond.

Ultramoryella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Moryella*, An existing genus; *Ultramoryella*: A genus related to but distinct from the existing genus Moryella of beyond.

Ultramotilibacter

L. nan preposition *ultra*, beyond; L. masc. n. *Motilibacter*, An existing genus; *Ultramotilibacter*: A genus related to but distinct from the existing genus Motilibacter of beyond.

Ultramotilimonas

L. nan preposition *ultra*, beyond; L. fem. n. *Motilimonas*, An existing genus; *Ultramotilimonas*: A genus related to but distinct from the existing genus Motilimonas of beyond.

Ultramotiliproteus

L. nan preposition *ultra*, beyond; L. masc. n. *Motiliproteus*, An existing genus; *Ultramotiliproteus*: A genus related to but distinct from the existing genus Motiliproteus of beyond.

Ultramucinivorans

L. nan preposition *ultra*, beyond; L. masc. n. *Mucinivorans*, An existing genus; *Ultramucinivorans*: A genus related to but distinct from the existing genus Mucinivorans of beyond.

Ultramucispirillum

L. nan preposition *ultra*, beyond; L. neut. dim. n. *Mucispirillum*, An existing genus; *Ultramucispirillum*: A genus related to but distinct from the existing genus Mucispirillum of beyond.

Ultramumia

L. nan preposition *ultra*, beyond; L. fem. n. *Mumia*, An existing genus; *Ultramumia*: A genus related to but distinct from the existing genus Mumia of beyond.

Ultramurdochiella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Murdochiella*, An existing genus; *Ultramurdochiella*: A genus related to but distinct from the existing genus Murdochiella of beyond.

Ultramuribacter

L. nan preposition *ultra*, beyond; L. masc. n. *Muribacter*, An existing genus; *Ultramuribacter*: A genus related to but distinct from the existing genus Muribacter of beyond.

Ultramuribaculum

L. nan preposition *ultra*, beyond; L. neut. n. *Muribaculum*, An existing genus; *Ultramuribaculum*: A genus related to but distinct from the existing genus Muribaculum of beyond.

Ultramuricauda

L. nan preposition *ultra*, beyond; L. fem. n. *Muricauda*, An existing genus; *Ultramuricauda*: A genus related to but distinct from the existing genus Muricauda of beyond.

Ultramuricoccus

L. nan preposition *ultra*, beyond; L. masc. n. *Muricoccus*, An existing genus; *Ultramuricoccus*: A genus related to but distinct from the existing genus Muricoccus of beyond.

Ultramuricomes

L. nan preposition *ultra*, beyond; L. masc. n. *Muricomes*, An existing genus; *Ultramuricomes*: A genus related to but distinct from the existing genus Muricomes of beyond.

Ultramuriicola

L. nan preposition *ultra*, beyond; L. masc. n. *Muriicola*, An existing genus; *Ultramuriicola*: A genus related to but distinct from the existing genus Muriicola of beyond.

Ultramurimonas

L. nan preposition *ultra*, beyond; L. fem. n. *Murimonas*, An existing genus; *Ultramurimonas*: A genus related to but distinct from the existing genus Murimonas of beyond.

Ultramurinocardiopsis

L. nan preposition *ultra*, beyond; L. fem. n. *Murinocardiopsis*, An existing genus; *Ultramurinocardiopsis*: A genus related to but distinct from the existing genus Murinocardiopsis of beyond.

Ultramyceligenerans

L. nan preposition *ultra*, beyond; L. neut. n. *Myceligenerans*, An existing genus; *Ultramyceligenerans*: A genus related to but distinct from the existing genus Myceligenerans of beyond.

Ultramycetocola

L. nan preposition *ultra*, beyond; L. masc. n. *Mycetocola*, An existing genus; *Ultramycetocola*: A genus related to but distinct from the existing genus Mycetocola of beyond.

Ultramycoavidus

L. nan preposition *ultra*, beyond; L. masc. n. *Mycoavidus*, An existing genus; *Ultramycoavidus*: A genus related to but distinct from the existing genus Mycoavidus of beyond.

Ultramycobacterium

L. nan preposition *ultra*, beyond; L. neut. n. *Mycobacterium*, An existing genus; *Ultramycobacterium*: A genus related to but distinct from the existing genus Mycobacterium of beyond.

Ultramycobacteroides

L. nan preposition *ultra*, beyond; L. neut. n. *Mycobacteroides*, An existing genus; *Ultramycobacteroides*: A genus related to but distinct from the existing genus Mycobacteroides of beyond.

Ultramycolicibacillus

L. nan preposition *ultra*, beyond; L. masc. n. *Mycolicibacillus*, An existing genus; *Ultramycolicibacillus*: A genus related to but distinct from the existing genus Mycolicibacillus of beyond.

Ultramycolicibacter

L. nan preposition *ultra*, beyond; L. masc. n. *Mycolicibacter*, An existing genus; *Ultramycolicibacter*: A genus related to but distinct from the existing genus Mycolicibacter of beyond.

Ultramycolicibacterium

L. nan preposition *ultra*, beyond; L. neut. n. *Mycolicibacterium*, An existing genus; *Ultramycolicibacterium*: A genus related to but distinct from the existing genus Mycolicibacterium of beyond.

Ultramycoplana

L. nan preposition *ultra*, beyond; L. fem. n. *Mycoplana*, An existing genus; *Ultramycoplana*: A genus related to but distinct from the existing genus Mycoplana of beyond.

Ultramycoplasma

L. nan preposition *ultra*, beyond; L. neut. n. *Mycoplasma*, An existing genus; *Ultramycoplasma*: A genus related to but distinct from the existing genus Mycoplasma of beyond.

Ultramycoplasmoides

L. nan preposition *ultra*, beyond; L. neut. n. *Mycoplasmoides*, An existing genus; *Ultramycoplasmoides*: A genus related to but distinct from the existing genus Mycoplasmoides of beyond.

Ultramycoplasmopsis

L. nan preposition *ultra*, beyond; L. fem. n. *Mycoplasmopsis*, An existing genus; *Ultramycoplasmopsis*: A genus related to but distinct from the existing genus Mycoplasmopsis of beyond.

Ultramyroides

L. nan preposition *ultra*, beyond; L. masc. n. *Myroides*, An existing genus; *Ultramyroides*: A genus related to but distinct from the existing genus Myroides of beyond.

Ultramyxacorys

L. nan preposition *ultra*, beyond; L. fem. n. *Myxacorys*, An existing genus; *Ultramyxacorys*: A genus related to but distinct from the existing genus Myxacorys of beyond.

Ultramyxococcus

L. nan preposition *ultra*, beyond; L. masc. n. *Myxococcus*, An existing genus; *Ultramyxococcus*: A genus related to but distinct from the existing genus Myxococcus of beyond.

Ultramzabimyces

L. nan preposition *ultra*, beyond; L. masc. n. *Mzabimyces*, An existing genus; *Ultramzabimyces*: A genus related to but distinct from the existing genus Mzabimyces of beyond.

Ultranaasia

L. nan preposition *ultra*, beyond; L. fem. n. *Naasia*, An existing genus; *Ultranaasia*: A genus related to but distinct from the existing genus Naasia of beyond.

Ultranafulsella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Nafulsella*, An existing genus; *Ultranafulsella*: A genus related to but distinct from the existing genus Nafulsella of beyond.

Ultranakamurella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Nakamurella*, An existing genus; *Ultranakamurella*: A genus related to but distinct from the existing genus Nakamurella of beyond.

Ultranamhaeicola

L. nan preposition *ultra*, beyond; L. masc. n. *Namhaeicola*, An existing genus; *Ultranamhaeicola*: A genus related to but distinct from the existing genus Namhaeicola of beyond.

Ultranannocystis

L. nan preposition *ultra*, beyond; L. fem. n. *Nannocystis*, An existing genus; *Ultranannocystis*: A genus related to but distinct from the existing genus Nannocystis of beyond.

Ultranatranaerobaculum

L. nan preposition *ultra*, beyond; L. neut. n. *Natranaerobaculum*, An existing genus; *Ultranatranaerobaculum*: A genus related to but distinct from the existing genus Natranaerobaculum of beyond.

Ultranatranaerobius

L. nan preposition *ultra*, beyond; L. masc. n. *Natranaerobius*, An existing genus; *Ultranatranaerobius*: A genus related to but distinct from the existing genus Natranaerobius of beyond.

Ultranatranaerovirga

L. nan preposition *ultra*, beyond; L. fem. n. *Natranaerovirga*, An existing genus; *Ultranatranaerovirga*: A genus related to but distinct from the existing genus Natranaerovirga of beyond.

Ultranatrarchaeobaculum

L. nan preposition *ultra*, beyond; L. neut. n. *Natrarchaeobaculum*, An existing genus; *Ultranatrarchaeobaculum*: A genus related to but distinct from the existing genus Natrarchaeobaculum of beyond.

Ultranatrarchaeobius

L. nan preposition *ultra*, beyond; L. masc. n. *Natrarchaeobius*, An existing genus; *Ultranatrarchaeobius*: A genus related to but distinct from the existing genus Natrarchaeobius of beyond.

Ultranatrialba

L. nan preposition *ultra*, beyond; L. fem. n. *Natrialba*, An existing genus; *Ultranatrialba*: A genus related to but distinct from the existing genus Natrialba of beyond.

Ultranatribacillus

L. nan preposition *ultra*, beyond; L. masc. n. *Natribacillus*, An existing genus; *Ultranatribacillus*: A genus related to but distinct from the existing genus Natribacillus of beyond.

Ultranatribaculum

L. nan preposition *ultra*, beyond; L. neut. n. *Natribaculum*, An existing genus; *Ultranatribaculum*: A genus related to but distinct from the existing genus Natribaculum of beyond.

Ultranatrinema

L. nan preposition *ultra*, beyond; L. neut. n. *Natrinema*, An existing genus; *Ultranatrinema*: A genus related to but distinct from the existing genus Natrinema of beyond.

Ultranatroniella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Natroniella*, An existing genus; *Ultranatroniella*: A genus related to but distinct from the existing genus Natroniella of beyond.

Ultranatronoarchaeum

L. nan preposition *ultra*, beyond; L. neut. n. *Natronoarchaeum*, An existing genus; *Ultranatronoarchaeum*: A genus related to but distinct from the existing genus Natronoarchaeum of beyond.

Ultranatronobacillus

L. nan preposition *ultra*, beyond; L. masc. n. *Natronobacillus*, An existing genus; *Ultranatronobacillus*: A genus related to but distinct from the existing genus Natronobacillus of beyond.

Ultranatronobacterium

L. nan preposition *ultra*, beyond; L. neut. n. *Natronobacterium*, An existing genus; *Ultranatronobacterium*: A genus related to but distinct from the existing genus Natronobacterium of beyond.

Ultranatronobiforma

L. nan preposition *ultra*, beyond; L. fem. n. *Natronobiforma*, An existing genus; *Ultranatronobiforma*: A genus related to but distinct from the existing genus Natronobiforma of beyond.

Ultranatronocella

L. nan preposition *ultra*, beyond; L. fem. n. *Natronocella*, An existing genus; *Ultranatronocella*: A genus related to but distinct from the existing genus Natronocella of beyond.

Ultranatronococcus

L. nan preposition *ultra*, beyond; L. masc. n. *Natronococcus*, An existing genus; *Ultranatronococcus*: A genus related to but distinct from the existing genus Natronococcus of beyond.

Ultranatronoflexus

L. nan preposition *ultra*, beyond; L. masc. n. *Natronoflexus*, An existing genus; *Ultranatronoflexus*: A genus related to but distinct from the existing genus Natronoflexus of beyond.

Ultranatronolimnobius

L. nan preposition *ultra*, beyond; L. masc. n. *Natronolimnobius*, An existing genus; *Ultranatronolimnobius*: A genus related to but distinct from the existing genus Natronolimnobius of beyond.

Ultranatronolimnohabitans

L. nan preposition *ultra*, beyond; L. masc. n. *Natronolimnohabitans*, An existing genus; *Ultranatronolimnohabitans*: A genus related to but distinct from the existing genus Natronolimnohabitans of beyond.

Ultranatronomonas

L. nan preposition *ultra*, beyond; L. fem. n. *Natronomonas*, An existing genus; *Ultranatronomonas*: A genus related to but distinct from the existing genus Natronomonas of beyond.

Ultranatronorubrum

L. nan preposition *ultra*, beyond; L. neut. n. *Natronorubrum*, An existing genus; *Ultranatronorubrum*: A genus related to but distinct from the existing genus Natronorubrum of beyond.

Ultranatronospira

L. nan preposition *ultra*, beyond; L. fem. n. *Natronospira*, An existing genus; *Ultranatronospira*: A genus related to but distinct from the existing genus Natronospira of beyond.

Ultranatronospirillum

L. nan preposition *ultra*, beyond; L. neut. dim. n. *Natronospirillum*, An existing genus; *Ultranatronospirillum*: A genus related to but distinct from the existing genus Natronospirillum of beyond.

Ultranatronovirga

L. nan preposition *ultra*, beyond; L. fem. n. *Natronovirga*, An existing genus; *Ultranatronovirga*: A genus related to but distinct from the existing genus Natronovirga of beyond.

Ultranaumannella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Naumannella*, An existing genus; *Ultranaumannella*: A genus related to but distinct from the existing genus Naumannella of beyond.

Ultranautella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Nautella*, An existing genus; *Ultranautella*: A genus related to but distinct from the existing genus Nautella of beyond.

Ultranautilia

L. nan preposition *ultra*, beyond; L. fem. n. *Nautilia*, An existing genus; *Ultranautilia*: A genus related to but distinct from the existing genus Nautilia of beyond.

Ultranaxibacter

L. nan preposition *ultra*, beyond; L. masc. n. *Naxibacter*, An existing genus; *Ultranaxibacter*: A genus related to but distinct from the existing genus Naxibacter of beyond.

Ultranecropsobacter

L. nan preposition *ultra*, beyond; L. masc. n. *Necropsobacter*, An existing genus; *Ultranecropsobacter*: A genus related to but distinct from the existing genus Necropsobacter of beyond.

Ultranegadavirga

L. nan preposition *ultra*, beyond; L. fem. n. *Negadavirga*, An existing genus; *Ultranegadavirga*: A genus related to but distinct from the existing genus Negadavirga of beyond.

Ultranegativicoccus

L. nan preposition *ultra*, beyond; L. masc. n. *Negativicoccus*, An existing genus; *Ultranegativicoccus*: A genus related to but distinct from the existing genus Negativicoccus of beyond.

Ultraneiella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Neiella*, An existing genus; *Ultraneiella*: A genus related to but distinct from the existing genus Neiella of beyond.

Ultraneisseria

L. nan preposition *ultra*, beyond; L. fem. n. *Neisseria*, An existing genus; *Ultraneisseria*: A genus related to but distinct from the existing genus Neisseria of beyond.

Ultranemorella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Nemorella*, An existing genus; *Ultranemorella*: A genus related to but distinct from the existing genus Nemorella of beyond.

Ultranemorincola

L. nan preposition *ultra*, beyond; L. fem. n. *Nemorincola*, An existing genus; *Ultranemorincola*: A genus related to but distinct from the existing genus Nemorincola of beyond.

Ultraneoasaia

L. nan preposition *ultra*, beyond; L. fem. n. *Neoasaia*, An existing genus; *Ultraneoasaia*: A genus related to but distinct from the existing genus Neoasaia of beyond.

Ultraneobacillus

L. nan preposition *ultra*, beyond; L. masc. n. *Neobacillus*, An existing genus; *Ultraneobacillus*: A genus related to but distinct from the existing genus Neobacillus of beyond.

Ultraneochlamydia

L. nan preposition *ultra*, beyond; L. fem. n. *Neochlamydia*, An existing genus; *Ultraneochlamydia*: A genus related to but distinct from the existing genus Neochlamydia of beyond.

Ultraneokomagataea

L. nan preposition *ultra*, beyond; L. fem. n. *Neokomagataea*, An existing genus; *Ultraneokomagataea*: A genus related to but distinct from the existing genus Neokomagataea of beyond.

Ultraneolyngbya

L. nan preposition *ultra*, beyond; L. fem. n. *Neolyngbya*, An existing genus; *Ultraneolyngbya*: A genus related to but distinct from the existing genus Neolyngbya of beyond.

Ultraneomegalonema

L. nan preposition *ultra*, beyond; L. neut. n. *Neomegalonema*, An existing genus; *Ultraneomegalonema*: A genus related to but distinct from the existing genus Neomegalonema of beyond.

Ultraneomicrococcus

L. nan preposition *ultra*, beyond; L. masc. n. *Neomicrococcus*, An existing genus; *Ultraneomicrococcus*: A genus related to but distinct from the existing genus Neomicrococcus of beyond.

Ultraneorhizobium

L. nan preposition *ultra*, beyond; L. neut. n. *Neorhizobium*, An existing genus; *Ultraneorhizobium*: A genus related to but distinct from the existing genus Neorhizobium of beyond.

Ultraneorickettsia

L. nan preposition *ultra*, beyond; L. fem. n. *Neorickettsia*, An existing genus; *Ultraneorickettsia*: A genus related to but distinct from the existing genus Neorickettsia of beyond.

Ultraneoscardovia

L. nan preposition *ultra*, beyond; L. fem. n. *Neoscardovia*, An existing genus; *Ultraneoscardovia*: A genus related to but distinct from the existing genus Neoscardovia of beyond.

Ultraneowestiellopsis

L. nan preposition *ultra*, beyond; L. fem. n. *Neowestiellopsis*, An existing genus; *Ultraneowestiellopsis*: A genus related to but distinct from the existing genus Neowestiellopsis of beyond.

Ultraneptunicella

L. nan preposition *ultra*, beyond; L. fem. n. *Neptunicella*, An existing genus; *Ultraneptunicella*: A genus related to but distinct from the existing genus Neptunicella of beyond.

Ultraneptunicoccus

L. nan preposition *ultra*, beyond; L. masc. n. *Neptunicoccus*, An existing genus; *Ultraneptunicoccus*: A genus related to but distinct from the existing genus Neptunicoccus of beyond.

Ultraneptuniibacter

L. nan preposition *ultra*, beyond; L. masc. n. *Neptuniibacter*, An existing genus; *Ultraneptuniibacter*: A genus related to but distinct from the existing genus Neptuniibacter of beyond.

Ultraneptunitalea

L. nan preposition *ultra*, beyond; L. fem. n. *Neptunitalea*, An existing genus; *Ultraneptunitalea*: A genus related to but distinct from the existing genus Neptunitalea of beyond.

Ultraneptunomonas

L. nan preposition *ultra*, beyond; L. fem. n. *Neptunomonas*, An existing genus; *Ultraneptunomonas*: A genus related to but distinct from the existing genus Neptunomonas of beyond.

Ultranereida

L. nan preposition *ultra*, beyond; L. fem. n. *Nereida*, An existing genus; *Ultranereida*: A genus related to but distinct from the existing genus Nereida of beyond.

Ultranesiotobacter

L. nan preposition *ultra*, beyond; L. masc. n. *Nesiotobacter*, An existing genus; *Ultranesiotobacter*: A genus related to but distinct from the existing genus Nesiotobacter of beyond.

Ultranesterenkonia

L. nan preposition *ultra*, beyond; L. fem. n. *Nesterenkonia*, An existing genus; *Ultranesterenkonia*: A genus related to but distinct from the existing genus Nesterenkonia of beyond.

Ultranevskia

L. nan preposition *ultra*, beyond; L. fem. n. *Nevskia*, An existing genus; *Ultranevskia*: A genus related to but distinct from the existing genus Nevskia of beyond.

Ultranguyenibacter

L. nan preposition *ultra*, beyond; L. masc. n. *Nguyenibacter*, An existing genus; *Ultranguyenibacter*: A genus related to but distinct from the existing genus Nguyenibacter of beyond.

Ultraniabella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Niabella*, An existing genus; *Ultraniabella*: A genus related to but distinct from the existing genus Niabella of beyond.

Ultraniastella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Niastella*, An existing genus; *Ultraniastella*: A genus related to but distinct from the existing genus Niastella of beyond.

Ultranibrella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Nibrella*, An existing genus; *Ultranibrella*: A genus related to but distinct from the existing genus Nibrella of beyond.

Ultranibribacter

L. nan preposition *ultra*, beyond; L. masc. n. *Nibribacter*, An existing genus; *Ultranibribacter*: A genus related to but distinct from the existing genus Nibribacter of beyond.

Ultranibricoccus

L. nan preposition *ultra*, beyond; L. masc. n. *Nibricoccus*, An existing genus; *Ultranibricoccus*: A genus related to but distinct from the existing genus Nibricoccus of beyond.

Ultranicoletella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Nicoletella*, An existing genus; *Ultranicoletella*: A genus related to but distinct from the existing genus Nicoletella of beyond.

Ultraningiella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Ningiella*, An existing genus; *Ultraningiella*: A genus related to but distinct from the existing genus Ningiella of beyond.

Ultranioella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Nioella*, An existing genus; *Ultranioella*: A genus related to but distinct from the existing genus Nioella of beyond.

Ultranitratifractor

L. nan preposition *ultra*, beyond; L. masc. n. *Nitratifractor*, An existing genus; *Ultranitratifractor*: A genus related to but distinct from the existing genus Nitratifractor of beyond.

Ultranitratireductor

L. nan preposition *ultra*, beyond; L. masc. n. *Nitratireductor*, An existing genus; *Ultranitratireductor*: A genus related to but distinct from the existing genus Nitratireductor of beyond.

Ultranitratiruptor

L. nan preposition *ultra*, beyond; L. masc. n. *Nitratiruptor*, An existing genus; *Ultranitratiruptor*: A genus related to but distinct from the existing genus Nitratiruptor of beyond.

Ultranitriliruptor

L. nan preposition *ultra*, beyond; L. masc. n. *Nitriliruptor*, An existing genus; *Ultranitriliruptor*: A genus related to but distinct from the existing genus Nitriliruptor of beyond.

Ultranitrincola

L. nan preposition *ultra*, beyond; L. masc. n. *Nitrincola*, An existing genus; *Ultranitrincola*: A genus related to but distinct from the existing genus Nitrincola of beyond.

Ultranitritalea

L. nan preposition *ultra*, beyond; L. fem. n. *Nitritalea*, An existing genus; *Ultranitritalea*: A genus related to but distinct from the existing genus Nitritalea of beyond.

Ultranitrobacter

L. nan preposition *ultra*, beyond; L. masc. n. *Nitrobacter*, An existing genus; *Ultranitrobacter*: A genus related to but distinct from the existing genus Nitrobacter of beyond.

Ultranitrococcus

L. nan preposition *ultra*, beyond; L. masc. n. *Nitrococcus*, An existing genus; *Ultranitrococcus*: A genus related to but distinct from the existing genus Nitrococcus of beyond.

Ultranitrolancea

L. nan preposition *ultra*, beyond; L. fem. n. *Nitrolancea*, An existing genus; *Ultranitrolancea*: A genus related to but distinct from the existing genus Nitrolancea of beyond.

Ultranitrosarchaeum

L. nan preposition *ultra*, beyond; L. neut. n. *Nitrosarchaeum*, An existing genus; *Ultranitrosarchaeum*: A genus related to but distinct from the existing genus Nitrosarchaeum of beyond.

Ultranitrosococcus

L. nan preposition *ultra*, beyond; L. masc. n. *Nitrosococcus*, An existing genus; *Ultranitrosococcus*: A genus related to but distinct from the existing genus Nitrosococcus of beyond.

Ultranitrosolobus

L. nan preposition *ultra*, beyond; L. masc. n. *Nitrosolobus*, An existing genus; *Ultranitrosolobus*: A genus related to but distinct from the existing genus Nitrosolobus of beyond.

Ultranitrosomonas

L. nan preposition *ultra*, beyond; L. fem. n. *Nitrosomonas*, An existing genus; *Ultranitrosomonas*: A genus related to but distinct from the existing genus Nitrosomonas of beyond.

Ultranitrosopumilus

L. nan preposition *ultra*, beyond; L. masc. n. *Nitrosopumilus*, An existing genus; *Ultranitrosopumilus*: A genus related to but distinct from the existing genus Nitrosopumilus of beyond.

Ultranitrososphaera

L. nan preposition *ultra*, beyond; L. fem. n. *Nitrososphaera*, An existing genus; *Ultranitrososphaera*: A genus related to but distinct from the existing genus Nitrososphaera of beyond.

Ultranitrosospira

L. nan preposition *ultra*, beyond; L. fem. n. *Nitrosospira*, An existing genus; *Ultranitrosospira*: A genus related to but distinct from the existing genus Nitrosospira of beyond.

Ultranitrospina

L. nan preposition *ultra*, beyond; L. fem. n. *Nitrospina*, An existing genus; *Ultranitrospina*: A genus related to but distinct from the existing genus Nitrospina of beyond.

Ultranitrospira

L. nan preposition *ultra*, beyond; L. fem. n. *Nitrospira*, An existing genus; *Ultranitrospira*: A genus related to but distinct from the existing genus Nitrospira of beyond.

Ultraniveibacterium

L. nan preposition *ultra*, beyond; L. neut. n. *Niveibacterium*, An existing genus; *Ultraniveibacterium*: A genus related to but distinct from the existing genus Niveibacterium of beyond.

Ultraniveispirillum

L. nan preposition *ultra*, beyond; L. neut. dim. n. *Niveispirillum*, An existing genus; *Ultraniveispirillum*: A genus related to but distinct from the existing genus Niveispirillum of beyond.

Ultraniveitalea

L. nan preposition *ultra*, beyond; L. fem. n. *Niveitalea*, An existing genus; *Ultraniveitalea*: A genus related to but distinct from the existing genus Niveitalea of beyond.

Ultranocardia

L. nan preposition *ultra*, beyond; L. fem. n. *Nocardia*, An existing genus; *Ultranocardia*: A genus related to but distinct from the existing genus Nocardia of beyond.

Ultranocardioides

L. nan preposition *ultra*, beyond; L. masc. n. *Nocardioides*, An existing genus; *Ultranocardioides*: A genus related to but distinct from the existing genus Nocardioides of beyond.

Ultranocardiopsis

L. nan preposition *ultra*, beyond; L. fem. n. *Nocardiopsis*, An existing genus; *Ultranocardiopsis*: A genus related to but distinct from the existing genus Nocardiopsis of beyond.

Ultranodosilinea

L. nan preposition *ultra*, beyond; L. fem. n. *Nodosilinea*, An existing genus; *Ultranodosilinea*: A genus related to but distinct from the existing genus Nodosilinea of beyond.

Ultranonhongiella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Nonhongiella*, An existing genus; *Ultranonhongiella*: A genus related to but distinct from the existing genus Nonhongiella of beyond.

Ultranonomuraea

L. nan preposition *ultra*, beyond; L. fem. n. *Nonomuraea*, An existing genus; *Ultranonomuraea*: A genus related to but distinct from the existing genus Nonomuraea of beyond.

Ultranosocomiicoccus

L. nan preposition *ultra*, beyond; L. masc. n. *Nosocomiicoccus*, An existing genus; *Ultranosocomiicoccus*: A genus related to but distinct from the existing genus Nosocomiicoccus of beyond.

Ultranostoc

L. nan preposition *ultra*, beyond; L. neut. n. *Nostoc*, An existing genus; *Ultranostoc*: A genus related to but distinct from the existing genus Nostoc of beyond.

Ultranotoacmeibacter

L. nan preposition *ultra*, beyond; L. masc. n. *Notoacmeibacter*, An existing genus; *Ultranotoacmeibacter*: A genus related to but distinct from the existing genus Notoacmeibacter of beyond.

Ultranovibacillus

L. nan preposition *ultra*, beyond; L. masc. n. *Novibacillus*, An existing genus; *Ultranovibacillus*: A genus related to but distinct from the existing genus Novibacillus of beyond.

Ultranoviherbaspirillum

L. nan preposition *ultra*, beyond; L. neut. dim. n. *Noviherbaspirillum*, An existing genus; *Ultranoviherbaspirillum*: A genus related to but distinct from the existing genus Noviherbaspirillum of beyond.

Ultranovimethylophilus

L. nan preposition *ultra*, beyond; L. masc. n. *Novimethylophilus*, An existing genus; *Ultranovimethylophilus*: A genus related to but distinct from the existing genus Novimethylophilus of beyond.

Ultranovipirellula

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Novipirellula*, An existing genus; *Ultranovipirellula*: A genus related to but distinct from the existing genus Novipirellula of beyond.

Ultranovispirillum

L. nan preposition *ultra*, beyond; L. neut. dim. n. *Novispirillum*, An existing genus; *Ultranovispirillum*: A genus related to but distinct from the existing genus Novispirillum of beyond.

Ultranovosphingobium

L. nan preposition *ultra*, beyond; L. neut. n. *Novosphingobium*, An existing genus; *Ultranovosphingobium*: A genus related to but distinct from the existing genus Novosphingobium of beyond.

Ultranovosphingopyxis

L. nan preposition *ultra*, beyond; L. fem. n. *Novosphingopyxis*, An existing genus; *Ultranovosphingopyxis*: A genus related to but distinct from the existing genus Novosphingopyxis of beyond.

Ultranubsella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Nubsella*, An existing genus; *Ultranubsella*: A genus related to but distinct from the existing genus Nubsella of beyond.

Ultranumidum

L. nan preposition *ultra*, beyond; L. neut. n. *Numidum*, An existing genus; *Ultranumidum*: A genus related to but distinct from the existing genus Numidum of beyond.

Ultraobesumbacterium

L. nan preposition *ultra*, beyond; L. neut. n. *Obesumbacterium*, An existing genus; *Ultraobesumbacterium*: A genus related to but distinct from the existing genus Obesumbacterium of beyond.

Ultraoblitimonas

L. nan preposition *ultra*, beyond; L. fem. n. *Oblitimonas*, An existing genus; *Ultraoblitimonas*: A genus related to but distinct from the existing genus Oblitimonas of beyond.

Ultraoccallatibacter

L. nan preposition *ultra*, beyond; L. masc. n. *Occallatibacter*, An existing genus; *Ultraoccallatibacter*: A genus related to but distinct from the existing genus Occallatibacter of beyond.

Ultraoccidentia

L. nan preposition *ultra*, beyond; L. fem. n. *Occidentia*, An existing genus; *Ultraoccidentia*: A genus related to but distinct from the existing genus Occidentia of beyond.

Ultraoceanibacterium

L. nan preposition *ultra*, beyond; L. neut. n. *Oceanibacterium*, An existing genus; *Ultraoceanibacterium*: A genus related to but distinct from the existing genus Oceanibacterium of beyond.

Ultraoceanibaculum

L. nan preposition *ultra*, beyond; L. neut. n. *Oceanibaculum*, An existing genus; *Ultraoceanibaculum*: A genus related to but distinct from the existing genus Oceanibaculum of beyond.

Ultraoceanibium

L. nan preposition *ultra*, beyond; L. neut. n. *Oceanibium*, An existing genus; *Ultraoceanibium*: A genus related to but distinct from the existing genus Oceanibium of beyond.

Ultraoceanicella

L. nan preposition *ultra*, beyond; L. fem. n. *Oceanicella*, An existing genus; *Ultraoceanicella*: A genus related to but distinct from the existing genus Oceanicella of beyond.

Ultraoceanicoccus

L. nan preposition *ultra*, beyond; L. masc. n. *Oceanicoccus*, An existing genus; *Ultraoceanicoccus*: A genus related to but distinct from the existing genus Oceanicoccus of beyond.

Ultraoceanicola

L. nan preposition *ultra*, beyond; L. masc. n. *Oceanicola*, An existing genus; *Ultraoceanicola*: A genus related to but distinct from the existing genus Oceanicola of beyond.

Ultraoceaniglobus

L. nan preposition *ultra*, beyond; L. masc. n. *Oceaniglobus*, An existing genus; *Ultraoceaniglobus*: A genus related to but distinct from the existing genus Oceaniglobus of beyond.

Ultraoceanimonas

L. nan preposition *ultra*, beyond; L. fem. n. *Oceanimonas*, An existing genus; *Ultraoceanimonas*: A genus related to but distinct from the existing genus Oceanimonas of beyond.

Ultraoceaniradius

L. nan preposition *ultra*, beyond; L. masc. n. *Oceaniradius*, An existing genus; *Ultraoceaniradius*: A genus related to but distinct from the existing genus Oceaniradius of beyond.

Ultraoceanirhabdus

L. nan preposition *ultra*, beyond; L. fem. n. *Oceanirhabdus*, An existing genus; *Ultraoceanirhabdus*: A genus related to but distinct from the existing genus Oceanirhabdus of beyond.

Ultraoceanisphaera

L. nan preposition *ultra*, beyond; L. fem. n. *Oceanisphaera*, An existing genus; *Ultraoceanisphaera*: A genus related to but distinct from the existing genus Oceanisphaera of beyond.

Ultraoceanispirochaeta

L. nan preposition *ultra*, beyond; L. fem. n. *Oceanispirochaeta*, An existing genus; *Ultraoceanispirochaeta*: A genus related to but distinct from the existing genus Oceanispirochaeta of beyond.

Ultraoceanitalea

L. nan preposition *ultra*, beyond; L. fem. n. *Oceanitalea*, An existing genus; *Ultraoceanitalea*: A genus related to but distinct from the existing genus Oceanitalea of beyond.

Ultraoceanithermus

L. nan preposition *ultra*, beyond; L. masc. n. *Oceanithermus*, An existing genus; *Ultraoceanithermus*: A genus related to but distinct from the existing genus Oceanithermus of beyond.

Ultraoceanivirga

L. nan preposition *ultra*, beyond; L. fem. n. *Oceanivirga*, An existing genus; *Ultraoceanivirga*: A genus related to but distinct from the existing genus Oceanivirga of beyond.

Ultraoceanobacillus

L. nan preposition *ultra*, beyond; L. masc. n. *Oceanobacillus*, An existing genus; *Ultraoceanobacillus*: A genus related to but distinct from the existing genus Oceanobacillus of beyond.

Ultraoceanobacter

L. nan preposition *ultra*, beyond; L. masc. n. *Oceanobacter*, An existing genus; *Ultraoceanobacter*: A genus related to but distinct from the existing genus Oceanobacter of beyond.

Ultraoceanococcus

L. nan preposition *ultra*, beyond; L. masc. n. *Oceanococcus*, An existing genus; *Ultraoceanococcus*: A genus related to but distinct from the existing genus Oceanococcus of beyond.

Ultraoceanospirillum

L. nan preposition *ultra*, beyond; L. neut. dim. n. *Oceanospirillum*, An existing genus; *Ultraoceanospirillum*: A genus related to but distinct from the existing genus Oceanospirillum of beyond.

Ultraoceanotoga

L. nan preposition *ultra*, beyond; L. fem. n. *Oceanotoga*, An existing genus; *Ultraoceanotoga*: A genus related to but distinct from the existing genus Oceanotoga of beyond.

Ultraochrobactrum

L. nan preposition *ultra*, beyond; L. neut. n. *Ochrobactrum*, An existing genus; *Ultraochrobactrum*: A genus related to but distinct from the existing genus Ochrobactrum of beyond.

Ultraochrovirga

L. nan preposition *ultra*, beyond; L. fem. n. *Ochrovirga*, An existing genus; *Ultraochrovirga*: A genus related to but distinct from the existing genus Ochrovirga of beyond.

Ultraoctadecabacter

L. nan preposition *ultra*, beyond; L. masc. n. *Octadecabacter*, An existing genus; *Ultraoctadecabacter*: A genus related to but distinct from the existing genus Octadecabacter of beyond.

Ultraoculatella

L. nan preposition *ultra*, beyond; L. fem. n. *Oculatella*, An existing genus; *Ultraoculatella*: A genus related to but distinct from the existing genus Oculatella of beyond.

Ultraodorella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Odorella*, An existing genus; *Ultraodorella*: A genus related to but distinct from the existing genus Odorella of beyond.

Ultraodoribacter

L. nan preposition *ultra*, beyond; L. masc. n. *Odoribacter*, An existing genus; *Ultraodoribacter*: A genus related to but distinct from the existing genus Odoribacter of beyond.

Ultraoenococcus

L. nan preposition *ultra*, beyond; L. masc. n. *Oenococcus*, An existing genus; *Ultraoenococcus*: A genus related to but distinct from the existing genus Oenococcus of beyond.

Ultraoerskovia

L. nan preposition *ultra*, beyond; L. fem. n. *Oerskovia*, An existing genus; *Ultraoerskovia*: A genus related to but distinct from the existing genus Oerskovia of beyond.

Ultraoharaeibacter

L. nan preposition *ultra*, beyond; L. masc. n. *Oharaeibacter*, An existing genus; *Ultraoharaeibacter*: A genus related to but distinct from the existing genus Oharaeibacter of beyond.

Ultraohtaekwangia

L. nan preposition *ultra*, beyond; L. fem. n. *Ohtaekwangia*, An existing genus; *Ultraohtaekwangia*: A genus related to but distinct from the existing genus Ohtaekwangia of beyond.

Ultraokeania

L. nan preposition *ultra*, beyond; L. fem. n. *Okeania*, An existing genus; *Ultraokeania*: A genus related to but distinct from the existing genus Okeania of beyond.

Ultraokibacterium

L. nan preposition *ultra*, beyond; L. neut. n. *Okibacterium*, An existing genus; *Ultraokibacterium*: A genus related to but distinct from the existing genus Okibacterium of beyond.

Ultraolegusella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Olegusella*, An existing genus; *Ultraolegusella*: A genus related to but distinct from the existing genus Olegusella of beyond.

Ultraoleiagrimonas

L. nan preposition *ultra*, beyond; L. fem. n. *Oleiagrimonas*, An existing genus; *Ultraoleiagrimonas*: A genus related to but distinct from the existing genus Oleiagrimonas of beyond.

Ultraoleibacter

L. nan preposition *ultra*, beyond; L. masc. n. *Oleibacter*, An existing genus; *Ultraoleibacter*: A genus related to but distinct from the existing genus Oleibacter of beyond.

Ultraoleiharenicola

L. nan preposition *ultra*, beyond; L. masc. n. *Oleiharenicola*, An existing genus; *Ultraoleiharenicola*: A genus related to but distinct from the existing genus Oleiharenicola of beyond.

Ultraoleiliquidispirillum

L. nan preposition *ultra*, beyond; L. neut. dim. n. *Oleiliquidispirillum*, An existing genus; *Ultraoleiliquidispirillum*: A genus related to but distinct from the existing genus Oleiliquidispirillum of beyond.

Ultraoleisolibacter

L. nan preposition *ultra*, beyond; L. masc. n. *Oleisolibacter*, An existing genus; *Ultraoleisolibacter*: A genus related to but distinct from the existing genus Oleisolibacter of beyond.

Ultraoleispira

L. nan preposition *ultra*, beyond; L. fem. n. *Oleispira*, An existing genus; *Ultraoleispira*: A genus related to but distinct from the existing genus Oleispira of beyond.

Ultraoligella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Oligella*, An existing genus; *Ultraoligella*: A genus related to but distinct from the existing genus Oligella of beyond.

Ultraoligoflexus

L. nan preposition *ultra*, beyond; L. masc. n. *Oligoflexus*, An existing genus; *Ultraoligoflexus*: A genus related to but distinct from the existing genus Oligoflexus of beyond.

Ultraoligosphaera

L. nan preposition *ultra*, beyond; L. fem. n. *Oligosphaera*, An existing genus; *Ultraoligosphaera*: A genus related to but distinct from the existing genus Oligosphaera of beyond.

Ultraoligotropha

L. nan preposition *ultra*, beyond; L. fem. n. *Oligotropha*, An existing genus; *Ultraoligotropha*: A genus related to but distinct from the existing genus Oligotropha of beyond.

Ultraolivibacter

L. nan preposition *ultra*, beyond; L. masc. n. *Olivibacter*, An existing genus; *Ultraolivibacter*: A genus related to but distinct from the existing genus Olivibacter of beyond.

Ultraolleya

L. nan preposition *ultra*, beyond; L. fem. n. *Olleya*, An existing genus; *Ultraolleya*: A genus related to but distinct from the existing genus Olleya of beyond.

Ultraolsenella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Olsenella*, An existing genus; *Ultraolsenella*: A genus related to but distinct from the existing genus Olsenella of beyond.

Ultraonodrimia

L. nan preposition *ultra*, beyond; L. fem. n. *Onodrimia*, An existing genus; *Ultraonodrimia*: A genus related to but distinct from the existing genus Onodrimia of beyond.

Ultraopitutus

L. nan preposition *ultra*, beyond; L. masc. n. *Opitutus*, An existing genus; *Ultraopitutus*: A genus related to but distinct from the existing genus Opitutus of beyond.

Ultraorenia

L. nan preposition *ultra*, beyond; L. fem. n. *Orenia*, An existing genus; *Ultraorenia*: A genus related to but distinct from the existing genus Orenia of beyond.

Ultraoribacterium

L. nan preposition *ultra*, beyond; L. neut. n. *Oribacterium*, An existing genus; *Ultraoribacterium*: A genus related to but distinct from the existing genus Oribacterium of beyond.

Ultraoribaculum

L. nan preposition *ultra*, beyond; L. neut. n. *Oribaculum*, An existing genus; *Ultraoribaculum*: A genus related to but distinct from the existing genus Oribaculum of beyond.

Ultraoricola

L. nan preposition *ultra*, beyond; L. fem. n. *Oricola*, An existing genus; *Ultraoricola*: A genus related to but distinct from the existing genus Oricola of beyond.

Ultraornatilinea

L. nan preposition *ultra*, beyond; L. fem. n. *Ornatilinea*, An existing genus; *Ultraornatilinea*: A genus related to but distinct from the existing genus Ornatilinea of beyond.

Ultraornithinibacillus

L. nan preposition *ultra*, beyond; L. masc. n. *Ornithinibacillus*, An existing genus; *Ultraornithinibacillus*: A genus related to but distinct from the existing genus Ornithinibacillus of beyond.

Ultraornithinibacter

L. nan preposition *ultra*, beyond; L. masc. n. *Ornithinibacter*, An existing genus; *Ultraornithinibacter*: A genus related to but distinct from the existing genus Ornithinibacter of beyond.

Ultraornithinicoccus

L. nan preposition *ultra*, beyond; L. masc. n. *Ornithinicoccus*, An existing genus; *Ultraornithinicoccus*: A genus related to but distinct from the existing genus Ornithinicoccus of beyond.

Ultraornithinimicrobium

L. nan preposition *ultra*, beyond; L. neut. n. *Ornithinimicrobium*, An existing genus; *Ultraornithinimicrobium*: A genus related to but distinct from the existing genus Ornithinimicrobium of beyond.

Ultraornithobacterium

L. nan preposition *ultra*, beyond; L. neut. n. *Ornithobacterium*, An existing genus; *Ultraornithobacterium*: A genus related to but distinct from the existing genus Ornithobacterium of beyond.

Ultraorrella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Orrella*, An existing genus; *Ultraorrella*: A genus related to but distinct from the existing genus Orrella of beyond.

Ultraoryzihumus

L. nan preposition *ultra*, beyond; L. fem. n. *Oryzihumus*, An existing genus; *Ultraoryzihumus*: A genus related to but distinct from the existing genus Oryzihumus of beyond.

Ultraoryzisolibacter

L. nan preposition *ultra*, beyond; L. masc. n. *Oryzisolibacter*, An existing genus; *Ultraoryzisolibacter*: A genus related to but distinct from the existing genus Oryzisolibacter of beyond.

Ultraoryzobacter

L. nan preposition *ultra*, beyond; L. masc. n. *Oryzobacter*, An existing genus; *Ultraoryzobacter*: A genus related to but distinct from the existing genus Oryzobacter of beyond.

Ultraoryzomicrobium

L. nan preposition *ultra*, beyond; L. neut. n. *Oryzomicrobium*, An existing genus; *Ultraoryzomicrobium*: A genus related to but distinct from the existing genus Oryzomicrobium of beyond.

Ultraoryzomonas

L. nan preposition *ultra*, beyond; L. fem. n. *Oryzomonas*, An existing genus; *Ultraoryzomonas*: A genus related to but distinct from the existing genus Oryzomonas of beyond.

Ultraoscillatoria

L. nan preposition *ultra*, beyond; L. fem. n. *Oscillatoria*, An existing genus; *Ultraoscillatoria*: A genus related to but distinct from the existing genus Oscillatoria of beyond.

Ultraoscillibacter

L. nan preposition *ultra*, beyond; L. masc. n. *Oscillibacter*, An existing genus; *Ultraoscillibacter*: A genus related to but distinct from the existing genus Oscillibacter of beyond.

Ultraoscillochloris

L. nan preposition *ultra*, beyond; L. fem. n. *Oscillochloris*, An existing genus; *Ultraoscillochloris*: A genus related to but distinct from the existing genus Oscillochloris of beyond.

Ultraoscillospira

L. nan preposition *ultra*, beyond; L. fem. n. *Oscillospira*, An existing genus; *Ultraoscillospira*: A genus related to but distinct from the existing genus Oscillospira of beyond.

Ultraotariodibacter

L. nan preposition *ultra*, beyond; L. masc. n. *Otariodibacter*, An existing genus; *Ultraotariodibacter*: A genus related to but distinct from the existing genus Otariodibacter of beyond.

Ultraottowia

L. nan preposition *ultra*, beyond; L. fem. n. *Ottowia*, An existing genus; *Ultraottowia*: A genus related to but distinct from the existing genus Ottowia of beyond.

Ultraowenweeksia

L. nan preposition *ultra*, beyond; L. fem. n. *Owenweeksia*, An existing genus; *Ultraowenweeksia*: A genus related to but distinct from the existing genus Owenweeksia of beyond.

Ultraoxalobacter

L. nan preposition *ultra*, beyond; L. masc. n. *Oxalobacter*, An existing genus; *Ultraoxalobacter*: A genus related to but distinct from the existing genus Oxalobacter of beyond.

Ultraoxalophagus

L. nan preposition *ultra*, beyond; L. masc. n. *Oxalophagus*, An existing genus; *Ultraoxalophagus*: A genus related to but distinct from the existing genus Oxalophagus of beyond.

Ultraoxobacter

L. nan preposition *ultra*, beyond; L. masc. n. *Oxobacter*, An existing genus; *Ultraoxobacter*: A genus related to but distinct from the existing genus Oxobacter of beyond.

Ultraoxynema

L. nan preposition *ultra*, beyond; L. neut. n. *Oxynema*, An existing genus; *Ultraoxynema*: A genus related to but distinct from the existing genus Oxynema of beyond.

Ultrapacificibacter

L. nan preposition *ultra*, beyond; L. masc. n. *Pacificibacter*, An existing genus; *Ultrapacificibacter*: A genus related to but distinct from the existing genus Pacificibacter of beyond.

Ultrapaenactinomyces

L. nan preposition *ultra*, beyond; L. masc. n. *Paenactinomyces*, An existing genus; *Ultrapaenactinomyces*: A genus related to but distinct from the existing genus Paenactinomyces of beyond.

Ultrapaenalcaligenes

L. nan preposition *ultra*, beyond; L. masc. n. *Paenalcaligenes*, An existing genus; *Ultrapaenalcaligenes*: A genus related to but distinct from the existing genus Paenalcaligenes of beyond.

Ultrapaenarthrobacter

L. nan preposition *ultra*, beyond; L. masc. n. *Paenarthrobacter*, An existing genus; *Ultrapaenarthrobacter*: A genus related to but distinct from the existing genus Paenarthrobacter of beyond.

Ultrapaenibacillus

L. nan preposition *ultra*, beyond; L. masc. n. *Paenibacillus*, An existing genus; *Ultrapaenibacillus*: A genus related to but distinct from the existing genus Paenibacillus of beyond.

Ultrapaeniclostridium

L. nan preposition *ultra*, beyond; L. neut. dim. n. *Paeniclostridium*, An existing genus; *Ultrapaeniclostridium*: A genus related to but distinct from the existing genus Paeniclostridium of beyond.

Ultrapaeniglutamicibacter

L. nan preposition *ultra*, beyond; L. masc. n. *Paeniglutamicibacter*, An existing genus; *Ultrapaeniglutamicibacter*: A genus related to but distinct from the existing genus Paeniglutamicibacter of beyond.

Ultrapaenimaribius

L. nan preposition *ultra*, beyond; L. masc. n. *Paenimaribius*, An existing genus; *Ultrapaenimaribius*: A genus related to but distinct from the existing genus Paenimaribius of beyond.

Ultrapaenirhodobacter

L. nan preposition *ultra*, beyond; L. masc. n. *Paenirhodobacter*, An existing genus; *Ultrapaenirhodobacter*: A genus related to but distinct from the existing genus Paenirhodobacter of beyond.

Ultrapaenisporosarcina

L. nan preposition *ultra*, beyond; L. fem. n. *Paenisporosarcina*, An existing genus; *Ultrapaenisporosarcina*: A genus related to but distinct from the existing genus Paenisporosarcina of beyond.

Ultrapaenochrobactrum

L. nan preposition *ultra*, beyond; L. neut. n. *Paenochrobactrum*, An existing genus; *Ultrapaenochrobactrum*: A genus related to but distinct from the existing genus Paenochrobactrum of beyond.

Ultrapalaeococcus

L. nan preposition *ultra*, beyond; L. masc. n. *Palaeococcus*, An existing genus; *Ultrapalaeococcus*: A genus related to but distinct from the existing genus Palaeococcus of beyond.

Ultrapalleronia

L. nan preposition *ultra*, beyond; L. fem. n. *Palleronia*, An existing genus; *Ultrapalleronia*: A genus related to but distinct from the existing genus Palleronia of beyond.

Ultrapaludibacterium

L. nan preposition *ultra*, beyond; L. neut. n. *Paludibacterium*, An existing genus; *Ultrapaludibacterium*: A genus related to but distinct from the existing genus Paludibacterium of beyond.

Ultrapaludibaculum

L. nan preposition *ultra*, beyond; L. neut. n. *Paludibaculum*, An existing genus; *Ultrapaludibaculum*: A genus related to but distinct from the existing genus Paludibaculum of beyond.

Ultrapaludicola

L. nan preposition *ultra*, beyond; L. masc. n. *Paludicola*, An existing genus; *Ultrapaludicola*: A genus related to but distinct from the existing genus Paludicola of beyond.

Ultrapaludifilum

L. nan preposition *ultra*, beyond; L. neut. n. *Paludifilum*, An existing genus; *Ultrapaludifilum*: A genus related to but distinct from the existing genus Paludifilum of beyond.

Ultrapaludisphaera

L. nan preposition *ultra*, beyond; L. fem. n. *Paludisphaera*, An existing genus; *Ultrapaludisphaera*: A genus related to but distinct from the existing genus Paludisphaera of beyond.

Ultrapanacagrimonas

L. nan preposition *ultra*, beyond; L. fem. n. *Panacagrimonas*, An existing genus; *Ultrapanacagrimonas*: A genus related to but distinct from the existing genus Panacagrimonas of beyond.

Ultrapanacibacter

L. nan preposition *ultra*, beyond; L. masc. n. *Panacibacter*, An existing genus; *Ultrapanacibacter*: A genus related to but distinct from the existing genus Panacibacter of beyond.

Ultrapandoraea

L. nan preposition *ultra*, beyond; L. fem. n. *Pandoraea*, An existing genus; *Ultrapandoraea*: A genus related to but distinct from the existing genus Pandoraea of beyond.

Ultrapannonibacter

L. nan preposition *ultra*, beyond; L. masc. n. *Pannonibacter*, An existing genus; *Ultrapannonibacter*: A genus related to but distinct from the existing genus Pannonibacter of beyond.

Ultrapannus

L. nan preposition *ultra*, beyond; L. masc. n. *Pannus*, An existing genus; *Ultrapannus*: A genus related to but distinct from the existing genus Pannus of beyond.

Ultrapantanalinema

L. nan preposition *ultra*, beyond; L. neut. n. *Pantanalinema*, An existing genus; *Ultrapantanalinema*: A genus related to but distinct from the existing genus Pantanalinema of beyond.

Ultrapantoea

L. nan preposition *ultra*, beyond; L. fem. n. *Pantoea*, An existing genus; *Ultrapantoea*: A genus related to but distinct from the existing genus Pantoea of beyond.

Ultrapapillibacter

L. nan preposition *ultra*, beyond; L. masc. n. *Papillibacter*, An existing genus; *Ultrapapillibacter*: A genus related to but distinct from the existing genus Papillibacter of beyond.

Ultraparabacteroides

L. nan preposition *ultra*, beyond; L. masc. n. *Parabacteroides*, An existing genus; *Ultraparabacteroides*: A genus related to but distinct from the existing genus Parabacteroides of beyond.

Ultraparablastomonas

L. nan preposition *ultra*, beyond; L. fem. n. *Parablastomonas*, An existing genus; *Ultraparablastomonas*: A genus related to but distinct from the existing genus Parablastomonas of beyond.

Ultraparaburkholderia

L. nan preposition *ultra*, beyond; L. fem. n. *Paraburkholderia*, An existing genus; *Ultraparaburkholderia*: A genus related to but distinct from the existing genus Paraburkholderia of beyond.

Ultraparacandidimonas

L. nan preposition *ultra*, beyond; L. fem. n. *Paracandidimonas*, An existing genus; *Ultraparacandidimonas*: A genus related to but distinct from the existing genus Paracandidimonas of beyond.

Ultraparachlamydia

L. nan preposition *ultra*, beyond; L. fem. n. *Parachlamydia*, An existing genus; *Ultraparachlamydia*: A genus related to but distinct from the existing genus Parachlamydia of beyond.

Ultraparaclostridium

L. nan preposition *ultra*, beyond; L. neut. dim. n. *Paraclostridium*, An existing genus; *Ultraparaclostridium*: A genus related to but distinct from the existing genus Paraclostridium of beyond.

Ultraparacnuella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Paracnuella*, An existing genus; *Ultraparacnuella*: A genus related to but distinct from the existing genus Paracnuella of beyond.

Ultraparacoccus

L. nan preposition *ultra*, beyond; L. masc. n. *Paracoccus*, An existing genus; *Ultraparacoccus*: A genus related to but distinct from the existing genus Paracoccus of beyond.

Ultraparaconexibacter

L. nan preposition *ultra*, beyond; L. masc. n. *Paraconexibacter*, An existing genus; *Ultraparaconexibacter*: A genus related to but distinct from the existing genus Paraconexibacter of beyond.

Ultraparacraurococcus

L. nan preposition *ultra*, beyond; L. masc. n. *Paracraurococcus*, An existing genus; *Ultraparacraurococcus*: A genus related to but distinct from the existing genus Paracraurococcus of beyond.

Ultraparadesulfovibrio

L. nan preposition *ultra*, beyond; L. masc. n. *Paradesulfovibrio*, An existing genus; *Ultraparadesulfovibrio*: A genus related to but distinct from the existing genus Paradesulfovibrio of beyond.

Ultraparadevosia

L. nan preposition *ultra*, beyond; L. fem. n. *Paradevosia*, An existing genus; *Ultraparadevosia*: A genus related to but distinct from the existing genus Paradevosia of beyond.

Ultraparadonghicola

L. nan preposition *ultra*, beyond; L. masc. n. *Paradonghicola*, An existing genus; *Ultraparadonghicola*: A genus related to but distinct from the existing genus Paradonghicola of beyond.

Ultraparaeggerthella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Paraeggerthella*, An existing genus; *Ultraparaeggerthella*: A genus related to but distinct from the existing genus Paraeggerthella of beyond.

Ultraparaferrimonas

L. nan preposition *ultra*, beyond; L. fem. n. *Paraferrimonas*, An existing genus; *Ultraparaferrimonas*: A genus related to but distinct from the existing genus Paraferrimonas of beyond.

Ultraparafilimonas

L. nan preposition *ultra*, beyond; L. fem. n. *Parafilimonas*, An existing genus; *Ultraparafilimonas*: A genus related to but distinct from the existing genus Parafilimonas of beyond.

Ultraparaflavitalea

L. nan preposition *ultra*, beyond; L. fem. n. *Paraflavitalea*, An existing genus; *Ultraparaflavitalea*: A genus related to but distinct from the existing genus Paraflavitalea of beyond.

Ultraparafrigoribacterium

L. nan preposition *ultra*, beyond; L. neut. n. *Parafrigoribacterium*, An existing genus; *Ultraparafrigoribacterium*: A genus related to but distinct from the existing genus Parafrigoribacterium of beyond.

Ultraparageobacillus

L. nan preposition *ultra*, beyond; L. masc. n. *Parageobacillus*, An existing genus; *Ultraparageobacillus*: A genus related to but distinct from the existing genus Parageobacillus of beyond.

Ultraparaglaciecola

L. nan preposition *ultra*, beyond; L. fem. n. *Paraglaciecola*, An existing genus; *Ultraparaglaciecola*: A genus related to but distinct from the existing genus Paraglaciecola of beyond.

Ultraparaglycomyces

L. nan preposition *ultra*, beyond; L. masc. n. *Paraglycomyces*, An existing genus; *Ultraparaglycomyces*: A genus related to but distinct from the existing genus Paraglycomyces of beyond.

Ultraparahaliea

L. nan preposition *ultra*, beyond; L. fem. n. *Parahaliea*, An existing genus; *Ultraparahaliea*: A genus related to but distinct from the existing genus Parahaliea of beyond.

Ultraparaherbaspirillum

L. nan preposition *ultra*, beyond; L. neut. dim. n. *Paraherbaspirillum*, An existing genus; *Ultraparaherbaspirillum*: A genus related to but distinct from the existing genus Paraherbaspirillum of beyond.

Ultraparalactobacillus

L. nan preposition *ultra*, beyond; L. masc. n. *Paralactobacillus*, An existing genus; *Ultraparalactobacillus*: A genus related to but distinct from the existing genus Paralactobacillus of beyond.

Ultraparalcaligenes

L. nan preposition *ultra*, beyond; L. masc. n. *Paralcaligenes*, An existing genus; *Ultraparalcaligenes*: A genus related to but distinct from the existing genus Paralcaligenes of beyond.

Ultraparaliobacillus

L. nan preposition *ultra*, beyond; L. masc. n. *Paraliobacillus*, An existing genus; *Ultraparaliobacillus*: A genus related to but distinct from the existing genus Paraliobacillus of beyond.

Ultraparalkalibacillus

L. nan preposition *ultra*, beyond; L. masc. n. *Paralkalibacillus*, An existing genus; *Ultraparalkalibacillus*: A genus related to but distinct from the existing genus Paralkalibacillus of beyond.

Ultraparamaledivibacter

L. nan preposition *ultra*, beyond; L. masc. n. *Paramaledivibacter*, An existing genus; *Ultraparamaledivibacter*: A genus related to but distinct from the existing genus Paramaledivibacter of beyond.

Ultraparamesonia

L. nan preposition *ultra*, beyond; L. fem. n. *Paramesonia*, An existing genus; *Ultraparamesonia*: A genus related to but distinct from the existing genus Paramesonia of beyond.

Ultraparamoritella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Paramoritella*, An existing genus; *Ultraparamoritella*: A genus related to but distinct from the existing genus Paramoritella of beyond.

Ultraparamuribaculum

L. nan preposition *ultra*, beyond; L. neut. n. *Paramuribaculum*, An existing genus; *Ultraparamuribaculum*: A genus related to but distinct from the existing genus Paramuribaculum of beyond.

Ultraparaoerskovia

L. nan preposition *ultra*, beyond; L. fem. n. *Paraoerskovia*, An existing genus; *Ultraparaoerskovia*: A genus related to but distinct from the existing genus Paraoerskovia of beyond.

Ultraparapedobacter

L. nan preposition *ultra*, beyond; L. masc. n. *Parapedobacter*, An existing genus; *Ultraparapedobacter*: A genus related to but distinct from the existing genus Parapedobacter of beyond.

Ultraparaperlucidibaca

L. nan preposition *ultra*, beyond; L. fem. n. *Paraperlucidibaca*, An existing genus; *Ultraparaperlucidibaca*: A genus related to but distinct from the existing genus Paraperlucidibaca of beyond.

Ultraparaphaeobacter

L. nan preposition *ultra*, beyond; L. masc. n. *Paraphaeobacter*, An existing genus; *Ultraparaphaeobacter*: A genus related to but distinct from the existing genus Paraphaeobacter of beyond.

Ultraparaphotobacterium

L. nan preposition *ultra*, beyond; L. neut. n. *Paraphotobacterium*, An existing genus; *Ultraparaphotobacterium*: A genus related to but distinct from the existing genus Paraphotobacterium of beyond.

Ultraparaprevotella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Paraprevotella*, An existing genus; *Ultraparaprevotella*: A genus related to but distinct from the existing genus Paraprevotella of beyond.

Ultraparapseudoflavitalea

L. nan preposition *ultra*, beyond; L. fem. n. *Parapseudoflavitalea*, An existing genus; *Ultraparapseudoflavitalea*: A genus related to but distinct from the existing genus Parapseudoflavitalea of beyond.

Ultraparapusillimonas

L. nan preposition *ultra*, beyond; L. fem. n. *Parapusillimonas*, An existing genus; *Ultraparapusillimonas*: A genus related to but distinct from the existing genus Parapusillimonas of beyond.

Ultrapararcticibacter

L. nan preposition *ultra*, beyond; L. masc. n. *Pararcticibacter*, An existing genus; *Ultrapararcticibacter*: A genus related to but distinct from the existing genus Pararcticibacter of beyond.

Ultrapararheinheimera

L. nan preposition *ultra*, beyond; L. fem. n. *Pararheinheimera*, An existing genus; *Ultrapararheinheimera*: A genus related to but distinct from the existing genus Pararheinheimera of beyond.

Ultrapararhizobium

L. nan preposition *ultra*, beyond; L. neut. n. *Pararhizobium*, An existing genus; *Ultrapararhizobium*: A genus related to but distinct from the existing genus Pararhizobium of beyond.

Ultrapararhodobacter

L. nan preposition *ultra*, beyond; L. masc. n. *Pararhodobacter*, An existing genus; *Ultrapararhodobacter*: A genus related to but distinct from the existing genus Pararhodobacter of beyond.

Ultrapararhodospirillum

L. nan preposition *ultra*, beyond; L. neut. dim. n. *Pararhodospirillum*, An existing genus; *Ultrapararhodospirillum*: A genus related to but distinct from the existing genus Pararhodospirillum of beyond.

Ultrapararobbsia

L. nan preposition *ultra*, beyond; L. fem. n. *Pararobbsia*, An existing genus; *Ultrapararobbsia*: A genus related to but distinct from the existing genus Pararobbsia of beyond.

Ultraparasaccharibacter

L. nan preposition *ultra*, beyond; L. masc. n. *Parasaccharibacter*, An existing genus; *Ultraparasaccharibacter*: A genus related to but distinct from the existing genus Parasaccharibacter of beyond.

Ultraparascardovia

L. nan preposition *ultra*, beyond; L. fem. n. *Parascardovia*, An existing genus; *Ultraparascardovia*: A genus related to but distinct from the existing genus Parascardovia of beyond.

Ultraparasedimentitalea

L. nan preposition *ultra*, beyond; L. fem. n. *Parasedimentitalea*, An existing genus; *Ultraparasedimentitalea*: A genus related to but distinct from the existing genus Parasedimentitalea of beyond.

Ultraparasediminibacterium

L. nan preposition *ultra*, beyond; L. neut. n. *Parasediminibacterium*, An existing genus; *Ultraparasediminibacterium*: A genus related to but distinct from the existing genus Parasediminibacterium of beyond.

Ultraparasegetibacter

L. nan preposition *ultra*, beyond; L. masc. n. *Parasegetibacter*, An existing genus; *Ultraparasegetibacter*: A genus related to but distinct from the existing genus Parasegetibacter of beyond.

Ultraparashewanella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Parashewanella*, An existing genus; *Ultraparashewanella*: A genus related to but distinct from the existing genus Parashewanella of beyond.

Ultraparasphaerochaeta

L. nan preposition *ultra*, beyond; L. fem. n. *Parasphaerochaeta*, An existing genus; *Ultraparasphaerochaeta*: A genus related to but distinct from the existing genus Parasphaerochaeta of beyond.

Ultraparasphingopyxis

L. nan preposition *ultra*, beyond; L. fem. n. *Parasphingopyxis*, An existing genus; *Ultraparasphingopyxis*: A genus related to but distinct from the existing genus Parasphingopyxis of beyond.

Ultraparasphingorhabdus

L. nan preposition *ultra*, beyond; L. fem. n. *Parasphingorhabdus*, An existing genus; *Ultraparasphingorhabdus*: A genus related to but distinct from the existing genus Parasphingorhabdus of beyond.

Ultraparasporobacterium

L. nan preposition *ultra*, beyond; L. neut. n. *Parasporobacterium*, An existing genus; *Ultraparasporobacterium*: A genus related to but distinct from the existing genus Parasporobacterium of beyond.

Ultraparasutterella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Parasutterella*, An existing genus; *Ultraparasutterella*: A genus related to but distinct from the existing genus Parasutterella of beyond.

Ultraparemcibacter

L. nan preposition *ultra*, beyond; L. masc. n. *Paremcibacter*, An existing genus; *Ultraparemcibacter*: A genus related to but distinct from the existing genus Paremcibacter of beyond.

Ultraparendozoicomonas

L. nan preposition *ultra*, beyond; L. fem. n. *Parendozoicomonas*, An existing genus; *Ultraparendozoicomonas*: A genus related to but distinct from the existing genus Parendozoicomonas of beyond.

Ultraparoceanicella

L. nan preposition *ultra*, beyond; L. fem. n. *Paroceanicella*, An existing genus; *Ultraparoceanicella*: A genus related to but distinct from the existing genus Paroceanicella of beyond.

Ultraparolsenella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Parolsenella*, An existing genus; *Ultraparolsenella*: A genus related to but distinct from the existing genus Parolsenella of beyond.

Ultraparvibium

L. nan preposition *ultra*, beyond; L. neut. n. *Parvibium*, An existing genus; *Ultraparvibium*: A genus related to but distinct from the existing genus Parvibium of beyond.

Ultraparvimonas

L. nan preposition *ultra*, beyond; L. fem. n. *Parvimonas*, An existing genus; *Ultraparvimonas*: A genus related to but distinct from the existing genus Parvimonas of beyond.

Ultraparviterribacter

L. nan preposition *ultra*, beyond; L. masc. n. *Parviterribacter*, An existing genus; *Ultraparviterribacter*: A genus related to but distinct from the existing genus Parviterribacter of beyond.

Ultraparvularcula

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Parvularcula*, An existing genus; *Ultraparvularcula*: A genus related to but distinct from the existing genus Parvularcula of beyond.

Ultrapasteurella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Pasteurella*, An existing genus; *Ultrapasteurella*: A genus related to but distinct from the existing genus Pasteurella of beyond.

Ultrapasteuria

L. nan preposition *ultra*, beyond; L. fem. n. *Pasteuria*, An existing genus; *Ultrapasteuria*: A genus related to but distinct from the existing genus Pasteuria of beyond.

Ultrapatiriisocius

L. nan preposition *ultra*, beyond; L. masc. n. *Patiriisocius*, An existing genus; *Ultrapatiriisocius*: A genus related to but distinct from the existing genus Patiriisocius of beyond.

Ultrapatulibacter

L. nan preposition *ultra*, beyond; L. masc. n. *Patulibacter*, An existing genus; *Ultrapatulibacter*: A genus related to but distinct from the existing genus Patulibacter of beyond.

Ultrapaucibacter

L. nan preposition *ultra*, beyond; L. masc. n. *Paucibacter*, An existing genus; *Ultrapaucibacter*: A genus related to but distinct from the existing genus Paucibacter of beyond.

Ultrapaucilactobacillus

L. nan preposition *ultra*, beyond; L. masc. n. *Paucilactobacillus*, An existing genus; *Ultrapaucilactobacillus*: A genus related to but distinct from the existing genus Paucilactobacillus of beyond.

Ultrapaucimonas

L. nan preposition *ultra*, beyond; L. fem. n. *Paucimonas*, An existing genus; *Ultrapaucimonas*: A genus related to but distinct from the existing genus Paucimonas of beyond.

Ultrapaucisalibacillus

L. nan preposition *ultra*, beyond; L. masc. n. *Paucisalibacillus*, An existing genus; *Ultrapaucisalibacillus*: A genus related to but distinct from the existing genus Paucisalibacillus of beyond.

Ultrapauljensenia

L. nan preposition *ultra*, beyond; L. fem. n. *Pauljensenia*, An existing genus; *Ultrapauljensenia*: A genus related to but distinct from the existing genus Pauljensenia of beyond.

Ultrapectinatus

L. nan preposition *ultra*, beyond; L. masc. n. *Pectinatus*, An existing genus; *Ultrapectinatus*: A genus related to but distinct from the existing genus Pectinatus of beyond.

Ultrapectobacterium

L. nan preposition *ultra*, beyond; L. neut. n. *Pectobacterium*, An existing genus; *Ultrapectobacterium*: A genus related to but distinct from the existing genus Pectobacterium of beyond.

Ultrapediococcus

L. nan preposition *ultra*, beyond; L. masc. n. *Pediococcus*, An existing genus; *Ultrapediococcus*: A genus related to but distinct from the existing genus Pediococcus of beyond.

Ultrapedobacter

L. nan preposition *ultra*, beyond; L. masc. n. *Pedobacter*, An existing genus; *Ultrapedobacter*: A genus related to but distinct from the existing genus Pedobacter of beyond.

Ultrapedococcus

L. nan preposition *ultra*, beyond; L. masc. n. *Pedococcus*, An existing genus; *Ultrapedococcus*: A genus related to but distinct from the existing genus Pedococcus of beyond.

Ultrapedomicrobium

L. nan preposition *ultra*, beyond; L. neut. n. *Pedomicrobium*, An existing genus; *Ultrapedomicrobium*: A genus related to but distinct from the existing genus Pedomicrobium of beyond.

Ultrapegethrix

L. nan preposition *ultra*, beyond; L. fem. n. *Pegethrix*, An existing genus; *Ultrapegethrix*: A genus related to but distinct from the existing genus Pegethrix of beyond.

Ultrapelagibaca

L. nan preposition *ultra*, beyond; L. fem. n. *Pelagibaca*, An existing genus; *Ultrapelagibaca*: A genus related to but distinct from the existing genus Pelagibaca of beyond.

Ultrapelagibacillus

L. nan preposition *ultra*, beyond; L. masc. n. *Pelagibacillus*, An existing genus; *Ultrapelagibacillus*: A genus related to but distinct from the existing genus Pelagibacillus of beyond.

Ultrapelagibacterium

L. nan preposition *ultra*, beyond; L. neut. n. *Pelagibacterium*, An existing genus; *Ultrapelagibacterium*: A genus related to but distinct from the existing genus Pelagibacterium of beyond.

Ultrapelagibaculum

L. nan preposition *ultra*, beyond; L. neut. n. *Pelagibaculum*, An existing genus; *Ultrapelagibaculum*: A genus related to but distinct from the existing genus Pelagibaculum of beyond.

Ultrapelagibius

L. nan preposition *ultra*, beyond; L. masc. n. *Pelagibius*, An existing genus; *Ultrapelagibius*: A genus related to but distinct from the existing genus Pelagibius of beyond.

Ultrapelagicoccus

L. nan preposition *ultra*, beyond; L. masc. n. *Pelagicoccus*, An existing genus; *Ultrapelagicoccus*: A genus related to but distinct from the existing genus Pelagicoccus of beyond.

Ultrapelagicola

L. nan preposition *ultra*, beyond; L. masc. n. *Pelagicola*, An existing genus; *Ultrapelagicola*: A genus related to but distinct from the existing genus Pelagicola of beyond.

Ultrapelagihabitans

L. nan preposition *ultra*, beyond; L. masc. n. *Pelagihabitans*, An existing genus; *Ultrapelagihabitans*: A genus related to but distinct from the existing genus Pelagihabitans of beyond.

Ultrapelagimonas

L. nan preposition *ultra*, beyond; L. fem. n. *Pelagimonas*, An existing genus; *Ultrapelagimonas*: A genus related to but distinct from the existing genus Pelagimonas of beyond.

Ultrapelagirhabdus

L. nan preposition *ultra*, beyond; L. fem. n. *Pelagirhabdus*, An existing genus; *Ultrapelagirhabdus*: A genus related to but distinct from the existing genus Pelagirhabdus of beyond.

Ultrapelagitalea

L. nan preposition *ultra*, beyond; L. fem. n. *Pelagitalea*, An existing genus; *Ultrapelagitalea*: A genus related to but distinct from the existing genus Pelagitalea of beyond.

Ultrapelagivirga

L. nan preposition *ultra*, beyond; L. fem. n. *Pelagivirga*, An existing genus; *Ultrapelagivirga*: A genus related to but distinct from the existing genus Pelagivirga of beyond.

Ultrapelczaria

L. nan preposition *ultra*, beyond; L. fem. n. *Pelczaria*, An existing genus; *Ultrapelczaria*: A genus related to but distinct from the existing genus Pelczaria of beyond.

Ultrapelistega

L. nan preposition *ultra*, beyond; L. fem. n. *Pelistega*, An existing genus; *Ultrapelistega*: A genus related to but distinct from the existing genus Pelistega of beyond.

Ultrapelobium

L. nan preposition *ultra*, beyond; L. neut. n. *Pelobium*, An existing genus; *Ultrapelobium*: A genus related to but distinct from the existing genus Pelobium of beyond.

Ultrapelodictyon

L. nan preposition *ultra*, beyond; L. neut. n. *Pelodictyon*, An existing genus; *Ultrapelodictyon*: A genus related to but distinct from the existing genus Pelodictyon of beyond.

Ultrapelolinea

L. nan preposition *ultra*, beyond; L. fem. n. *Pelolinea*, An existing genus; *Ultrapelolinea*: A genus related to but distinct from the existing genus Pelolinea of beyond.

Ultrapelomicrobium

L. nan preposition *ultra*, beyond; L. neut. n. *Pelomicrobium*, An existing genus; *Ultrapelomicrobium*: A genus related to but distinct from the existing genus Pelomicrobium of beyond.

Ultrapelomonas

L. nan preposition *ultra*, beyond; L. fem. n. *Pelomonas*, An existing genus; *Ultrapelomonas*: A genus related to but distinct from the existing genus Pelomonas of beyond.

Ultrapeloploca

L. nan preposition *ultra*, beyond; L. fem. n. *Peloploca*, An existing genus; *Ultrapeloploca*: A genus related to but distinct from the existing genus Peloploca of beyond.

Ultrapelosinus

L. nan preposition *ultra*, beyond; L. masc. n. *Pelosinus*, An existing genus; *Ultrapelosinus*: A genus related to but distinct from the existing genus Pelosinus of beyond.

Ultrapelospora

L. nan preposition *ultra*, beyond; L. fem. n. *Pelospora*, An existing genus; *Ultrapelospora*: A genus related to but distinct from the existing genus Pelospora of beyond.

Ultrapelotomaculum

L. nan preposition *ultra*, beyond; L. neut. n. *Pelotomaculum*, An existing genus; *Ultrapelotomaculum*: A genus related to but distinct from the existing genus Pelotomaculum of beyond.

Ultrapeptacetobacter

L. nan preposition *ultra*, beyond; L. masc. n. *Peptacetobacter*, An existing genus; *Ultrapeptacetobacter*: A genus related to but distinct from the existing genus Peptacetobacter of beyond.

Ultrapeptidiphaga

L. nan preposition *ultra*, beyond; L. fem. n. *Peptidiphaga*, An existing genus; *Ultrapeptidiphaga*: A genus related to but distinct from the existing genus Peptidiphaga of beyond.

Ultrapeptoanaerobacter

L. nan preposition *ultra*, beyond; L. masc. n. *Peptoanaerobacter*, An existing genus; *Ultrapeptoanaerobacter*: A genus related to but distinct from the existing genus Peptoanaerobacter of beyond.

Ultrapeptoclostridium

L. nan preposition *ultra*, beyond; L. neut. dim. n. *Peptoclostridium*, An existing genus; *Ultrapeptoclostridium*: A genus related to but distinct from the existing genus Peptoclostridium of beyond.

Ultrapeptococcus

L. nan preposition *ultra*, beyond; L. masc. n. *Peptococcus*, An existing genus; *Ultrapeptococcus*: A genus related to but distinct from the existing genus Peptococcus of beyond.

Ultrapeptoniphilus

L. nan preposition *ultra*, beyond; L. masc. n. *Peptoniphilus*, An existing genus; *Ultrapeptoniphilus*: A genus related to but distinct from the existing genus Peptoniphilus of beyond.

Ultrapeptostreptococcus

L. nan preposition *ultra*, beyond; L. masc. n. *Peptostreptococcus*, An existing genus; *Ultrapeptostreptococcus*: A genus related to but distinct from the existing genus Peptostreptococcus of beyond.

Ultraperedibacter

L. nan preposition *ultra*, beyond; L. masc. n. *Peredibacter*, An existing genus; *Ultraperedibacter*: A genus related to but distinct from the existing genus Peredibacter of beyond.

Ultraperexilibacter

L. nan preposition *ultra*, beyond; L. masc. n. *Perexilibacter*, An existing genus; *Ultraperexilibacter*: A genus related to but distinct from the existing genus Perexilibacter of beyond.

Ultraperibacillus

L. nan preposition *ultra*, beyond; L. masc. n. *Peribacillus*, An existing genus; *Ultraperibacillus*: A genus related to but distinct from the existing genus Peribacillus of beyond.

Ultraperlucidibaca

L. nan preposition *ultra*, beyond; L. fem. n. *Perlucidibaca*, An existing genus; *Ultraperlucidibaca*: A genus related to but distinct from the existing genus Perlucidibaca of beyond.

Ultrapermianibacter

L. nan preposition *ultra*, beyond; L. masc. n. *Permianibacter*, An existing genus; *Ultrapermianibacter*: A genus related to but distinct from the existing genus Permianibacter of beyond.

Ultrapersicimonas

L. nan preposition *ultra*, beyond; L. fem. n. *Persicimonas*, An existing genus; *Ultrapersicimonas*: A genus related to but distinct from the existing genus Persicimonas of beyond.

Ultrapersicirhabdus

L. nan preposition *ultra*, beyond; L. fem. n. *Persicirhabdus*, An existing genus; *Ultrapersicirhabdus*: A genus related to but distinct from the existing genus Persicirhabdus of beyond.

Ultrapersicitalea

L. nan preposition *ultra*, beyond; L. fem. n. *Persicitalea*, An existing genus; *Ultrapersicitalea*: A genus related to but distinct from the existing genus Persicitalea of beyond.

Ultrapersicivirga

L. nan preposition *ultra*, beyond; L. fem. n. *Persicivirga*, An existing genus; *Ultrapersicivirga*: A genus related to but distinct from the existing genus Persicivirga of beyond.

Ultrapersicobacter

L. nan preposition *ultra*, beyond; L. masc. n. *Persicobacter*, An existing genus; *Ultrapersicobacter*: A genus related to but distinct from the existing genus Persicobacter of beyond.

Ultrapersinema

L. nan preposition *ultra*, beyond; L. neut. n. *Persinema*, An existing genus; *Ultrapersinema*: A genus related to but distinct from the existing genus Persinema of beyond.

Ultraperspicuibacter

L. nan preposition *ultra*, beyond; L. masc. n. *Perspicuibacter*, An existing genus; *Ultraperspicuibacter*: A genus related to but distinct from the existing genus Perspicuibacter of beyond.

Ultrapetrimonas

L. nan preposition *ultra*, beyond; L. fem. n. *Petrimonas*, An existing genus; *Ultrapetrimonas*: A genus related to but distinct from the existing genus Petrimonas of beyond.

Ultrapetrobacter

L. nan preposition *ultra*, beyond; L. masc. n. *Petrobacter*, An existing genus; *Ultrapetrobacter*: A genus related to but distinct from the existing genus Petrobacter of beyond.

Ultrapetrocella

L. nan preposition *ultra*, beyond; L. fem. n. *Petrocella*, An existing genus; *Ultrapetrocella*: A genus related to but distinct from the existing genus Petrocella of beyond.

Ultrapetroclostridium

L. nan preposition *ultra*, beyond; L. neut. dim. n. *Petroclostridium*, An existing genus; *Ultrapetroclostridium*: A genus related to but distinct from the existing genus Petroclostridium of beyond.

Ultrapetrothermobacter

L. nan preposition *ultra*, beyond; L. masc. n. *Petrothermobacter*, An existing genus; *Ultrapetrothermobacter*: A genus related to but distinct from the existing genus Petrothermobacter of beyond.

Ultrapetrotoga

L. nan preposition *ultra*, beyond; L. fem. n. *Petrotoga*, An existing genus; *Ultrapetrotoga*: A genus related to but distinct from the existing genus Petrotoga of beyond.

Ultrapfennigia

L. nan preposition *ultra*, beyond; L. fem. n. *Pfennigia*, An existing genus; *Ultrapfennigia*: A genus related to but distinct from the existing genus Pfennigia of beyond.

Ultraphaeobacterium

L. nan preposition *ultra*, beyond; L. neut. n. *Phaeobacterium*, An existing genus; *Ultraphaeobacterium*: A genus related to but distinct from the existing genus Phaeobacterium of beyond.

Ultraphaeochromatium

L. nan preposition *ultra*, beyond; L. neut. n. *Phaeochromatium*, An existing genus; *Ultraphaeochromatium*: A genus related to but distinct from the existing genus Phaeochromatium of beyond.

Ultraphaeocystidibacter

L. nan preposition *ultra*, beyond; L. masc. n. *Phaeocystidibacter*, An existing genus; *Ultraphaeocystidibacter*: A genus related to but distinct from the existing genus Phaeocystidibacter of beyond.

Ultraphaeodactylibacter

L. nan preposition *ultra*, beyond; L. masc. n. *Phaeodactylibacter*, An existing genus; *Ultraphaeodactylibacter*: A genus related to but distinct from the existing genus Phaeodactylibacter of beyond.

Ultraphaeospirillum

L. nan preposition *ultra*, beyond; L. neut. dim. n. *Phaeospirillum*, An existing genus; *Ultraphaeospirillum*: A genus related to but distinct from the existing genus Phaeospirillum of beyond.

Ultraphaeovibrio

L. nan preposition *ultra*, beyond; L. masc. n. *Phaeovibrio*, An existing genus; *Ultraphaeovibrio*: A genus related to but distinct from the existing genus Phaeovibrio of beyond.

Ultraphaeovulum

L. nan preposition *ultra*, beyond; L. neut. n. *Phaeovulum*, An existing genus; *Ultraphaeovulum*: A genus related to but distinct from the existing genus Phaeovulum of beyond.

Ultraphascolarctobacterium

L. nan preposition *ultra*, beyond; L. neut. n. *Phascolarctobacterium*, An existing genus; *Ultraphascolarctobacterium*: A genus related to but distinct from the existing genus Phascolarctobacterium of beyond.

Ultraphaselicystis

L. nan preposition *ultra*, beyond; L. fem. n. *Phaselicystis*, An existing genus; *Ultraphaselicystis*: A genus related to but distinct from the existing genus Phaselicystis of beyond.

Ultraphaseolibacter

L. nan preposition *ultra*, beyond; L. masc. n. *Phaseolibacter*, An existing genus; *Ultraphaseolibacter*: A genus related to but distinct from the existing genus Phaseolibacter of beyond.

Ultraphenylobacterium

L. nan preposition *ultra*, beyond; L. neut. n. *Phenylobacterium*, An existing genus; *Ultraphenylobacterium*: A genus related to but distinct from the existing genus Phenylobacterium of beyond.

Ultraphocaeicola

L. nan preposition *ultra*, beyond; L. masc. n. *Phocaeicola*, An existing genus; *Ultraphocaeicola*: A genus related to but distinct from the existing genus Phocaeicola of beyond.

Ultraphocoenobacter

L. nan preposition *ultra*, beyond; L. masc. n. *Phocoenobacter*, An existing genus; *Ultraphocoenobacter*: A genus related to but distinct from the existing genus Phocoenobacter of beyond.

Ultraphorcysia

L. nan preposition *ultra*, beyond; L. fem. n. *Phorcysia*, An existing genus; *Ultraphorcysia*: A genus related to but distinct from the existing genus Phorcysia of beyond.

Ultraphotobacterium

L. nan preposition *ultra*, beyond; L. neut. n. *Photobacterium*, An existing genus; *Ultraphotobacterium*: A genus related to but distinct from the existing genus Photobacterium of beyond.

Ultraphotorhabdus

L. nan preposition *ultra*, beyond; L. fem. n. *Photorhabdus*, An existing genus; *Ultraphotorhabdus*: A genus related to but distinct from the existing genus Photorhabdus of beyond.

Ultraphragmitibacter

L. nan preposition *ultra*, beyond; L. masc. n. *Phragmitibacter*, An existing genus; *Ultraphragmitibacter*: A genus related to but distinct from the existing genus Phragmitibacter of beyond.

Ultraphreatobacter

L. nan preposition *ultra*, beyond; L. masc. n. *Phreatobacter*, An existing genus; *Ultraphreatobacter*: A genus related to but distinct from the existing genus Phreatobacter of beyond.

Ultraphycicoccus

L. nan preposition *ultra*, beyond; L. masc. n. *Phycicoccus*, An existing genus; *Ultraphycicoccus*: A genus related to but distinct from the existing genus Phycicoccus of beyond.

Ultraphycicola

L. nan preposition *ultra*, beyond; L. masc. n. *Phycicola*, An existing genus; *Ultraphycicola*: A genus related to but distinct from the existing genus Phycicola of beyond.

Ultraphycisphaera

L. nan preposition *ultra*, beyond; L. fem. n. *Phycisphaera*, An existing genus; *Ultraphycisphaera*: A genus related to but distinct from the existing genus Phycisphaera of beyond.

Ultraphycocomes

L. nan preposition *ultra*, beyond; L. masc. n. *Phycocomes*, An existing genus; *Ultraphycocomes*: A genus related to but distinct from the existing genus Phycocomes of beyond.

Ultraphyllonema

L. nan preposition *ultra*, beyond; L. neut. n. *Phyllonema*, An existing genus; *Ultraphyllonema*: A genus related to but distinct from the existing genus Phyllonema of beyond.

Ultraphytoactinopolyspora

L. nan preposition *ultra*, beyond; L. fem. n. *Phytoactinopolyspora*, An existing genus; *Ultraphytoactinopolyspora*: A genus related to but distinct from the existing genus Phytoactinopolyspora of beyond.

Ultraphytobacter

L. nan preposition *ultra*, beyond; L. masc. n. *Phytobacter*, An existing genus; *Ultraphytobacter*: A genus related to but distinct from the existing genus Phytobacter of beyond.

Ultraphytohabitans

L. nan preposition *ultra*, beyond; L. masc. n. *Phytohabitans*, An existing genus; *Ultraphytohabitans*: A genus related to but distinct from the existing genus Phytohabitans of beyond.

Ultraphytohalomonas

L. nan preposition *ultra*, beyond; L. fem. n. *Phytohalomonas*, An existing genus; *Ultraphytohalomonas*: A genus related to but distinct from the existing genus Phytohalomonas of beyond.

Ultraphytomonospora

L. nan preposition *ultra*, beyond; L. fem. n. *Phytomonospora*, An existing genus; *Ultraphytomonospora*: A genus related to but distinct from the existing genus Phytomonospora of beyond.

Ultrapibocella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Pibocella*, An existing genus; *Ultrapibocella*: A genus related to but distinct from the existing genus Pibocella of beyond.

Ultrapicrophilus

L. nan preposition *ultra*, beyond; L. masc. n. *Picrophilus*, An existing genus; *Ultrapicrophilus*: A genus related to but distinct from the existing genus Picrophilus of beyond.

Ultrapiezobacter

L. nan preposition *ultra*, beyond; L. masc. n. *Piezobacter*, An existing genus; *Ultrapiezobacter*: A genus related to but distinct from the existing genus Piezobacter of beyond.

Ultrapigmentiphaga

L. nan preposition *ultra*, beyond; L. fem. n. *Pigmentiphaga*, An existing genus; *Ultrapigmentiphaga*: A genus related to but distinct from the existing genus Pigmentiphaga of beyond.

Ultrapilibacter

L. nan preposition *ultra*, beyond; L. masc. n. *Pilibacter*, An existing genus; *Ultrapilibacter*: A genus related to but distinct from the existing genus Pilibacter of beyond.

Ultrapilimelia

L. nan preposition *ultra*, beyond; L. fem. n. *Pilimelia*, An existing genus; *Ultrapilimelia*: A genus related to but distinct from the existing genus Pilimelia of beyond.

Ultrapillotina

L. nan preposition *ultra*, beyond; L. fem. n. *Pillotina*, An existing genus; *Ultrapillotina*: A genus related to but distinct from the existing genus Pillotina of beyond.

Ultrapimelobacter

L. nan preposition *ultra*, beyond; L. masc. n. *Pimelobacter*, An existing genus; *Ultrapimelobacter*: A genus related to but distinct from the existing genus Pimelobacter of beyond.

Ultrapinisolibacter

L. nan preposition *ultra*, beyond; L. masc. n. *Pinisolibacter*, An existing genus; *Ultrapinisolibacter*: A genus related to but distinct from the existing genus Pinisolibacter of beyond.

Ultrapinocchia

L. nan preposition *ultra*, beyond; L. fem. n. *Pinocchia*, An existing genus; *Ultrapinocchia*: A genus related to but distinct from the existing genus Pinocchia of beyond.

Ultrapirella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Pirella*, An existing genus; *Ultrapirella*: A genus related to but distinct from the existing genus Pirella of beyond.

Ultrapirellula

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Pirellula*, An existing genus; *Ultrapirellula*: A genus related to but distinct from the existing genus Pirellula of beyond.

Ultrapiscicoccus

L. nan preposition *ultra*, beyond; L. masc. n. *Piscicoccus*, An existing genus; *Ultrapiscicoccus*: A genus related to but distinct from the existing genus Piscicoccus of beyond.

Ultrapisciglobus

L. nan preposition *ultra*, beyond; L. masc. n. *Pisciglobus*, An existing genus; *Ultrapisciglobus*: A genus related to but distinct from the existing genus Pisciglobus of beyond.

Ultrapiscinibacter

L. nan preposition *ultra*, beyond; L. masc. n. *Piscinibacter*, An existing genus; *Ultrapiscinibacter*: A genus related to but distinct from the existing genus Piscinibacter of beyond.

Ultrapiscirickettsia

L. nan preposition *ultra*, beyond; L. fem. n. *Piscirickettsia*, An existing genus; *Ultrapiscirickettsia*: A genus related to but distinct from the existing genus Piscirickettsia of beyond.

Ultrapistricoccus

L. nan preposition *ultra*, beyond; L. masc. n. *Pistricoccus*, An existing genus; *Ultrapistricoccus*: A genus related to but distinct from the existing genus Pistricoccus of beyond.

Ultraplanctobacterium

L. nan preposition *ultra*, beyond; L. neut. n. *Planctobacterium*, An existing genus; *Ultraplanctobacterium*: A genus related to but distinct from the existing genus Planctobacterium of beyond.

Ultraplanctomicrobium

L. nan preposition *ultra*, beyond; L. neut. n. *Planctomicrobium*, An existing genus; *Ultraplanctomicrobium*: A genus related to but distinct from the existing genus Planctomicrobium of beyond.

Ultraplanctomonas

L. nan preposition *ultra*, beyond; L. fem. n. *Planctomonas*, An existing genus; *Ultraplanctomonas*: A genus related to but distinct from the existing genus Planctomonas of beyond.

Ultraplanctomyces

L. nan preposition *ultra*, beyond; L. masc. n. *Planctomyces*, An existing genus; *Ultraplanctomyces*: A genus related to but distinct from the existing genus Planctomyces of beyond.

Ultraplanctopirus

L. nan preposition *ultra*, beyond; L. fem. n. *Planctopirus*, An existing genus; *Ultraplanctopirus*: A genus related to but distinct from the existing genus Planctopirus of beyond.

Ultraplanifilum

L. nan preposition *ultra*, beyond; L. neut. n. *Planifilum*, An existing genus; *Ultraplanifilum*: A genus related to but distinct from the existing genus Planifilum of beyond.

Ultraplanktomarina

L. nan preposition *ultra*, beyond; L. fem. n. *Planktomarina*, An existing genus; *Ultraplanktomarina*: A genus related to but distinct from the existing genus Planktomarina of beyond.

Ultraplanktosalinus

L. nan preposition *ultra*, beyond; L. masc. n. *Planktosalinus*, An existing genus; *Ultraplanktosalinus*: A genus related to but distinct from the existing genus Planktosalinus of beyond.

Ultraplanktotalea

L. nan preposition *ultra*, beyond; L. fem. n. *Planktotalea*, An existing genus; *Ultraplanktotalea*: A genus related to but distinct from the existing genus Planktotalea of beyond.

Ultraplanktothrix

L. nan preposition *ultra*, beyond; L. fem. n. *Planktothrix*, An existing genus; *Ultraplanktothrix*: A genus related to but distinct from the existing genus Planktothrix of beyond.

Ultraplanobacterium

L. nan preposition *ultra*, beyond; L. neut. n. *Planobacterium*, An existing genus; *Ultraplanobacterium*: A genus related to but distinct from the existing genus Planobacterium of beyond.

Ultraplanobispora

L. nan preposition *ultra*, beyond; L. fem. n. *Planobispora*, An existing genus; *Ultraplanobispora*: A genus related to but distinct from the existing genus Planobispora of beyond.

Ultraplanococcus

L. nan preposition *ultra*, beyond; L. masc. n. *Planococcus*, An existing genus; *Ultraplanococcus*: A genus related to but distinct from the existing genus Planococcus of beyond.

Ultraplanomicrobium

L. nan preposition *ultra*, beyond; L. neut. n. *Planomicrobium*, An existing genus; *Ultraplanomicrobium*: A genus related to but distinct from the existing genus Planomicrobium of beyond.

Ultraplanomonospora

L. nan preposition *ultra*, beyond; L. fem. n. *Planomonospora*, An existing genus; *Ultraplanomonospora*: A genus related to but distinct from the existing genus Planomonospora of beyond.

Ultraplanopolyspora

L. nan preposition *ultra*, beyond; L. fem. n. *Planopolyspora*, An existing genus; *Ultraplanopolyspora*: A genus related to but distinct from the existing genus Planopolyspora of beyond.

Ultraplanosporangium

L. nan preposition *ultra*, beyond; L. neut. n. *Planosporangium*, An existing genus; *Ultraplanosporangium*: A genus related to but distinct from the existing genus Planosporangium of beyond.

Ultraplanotetraspora

L. nan preposition *ultra*, beyond; L. fem. n. *Planotetraspora*, An existing genus; *Ultraplanotetraspora*: A genus related to but distinct from the existing genus Planotetraspora of beyond.

Ultraplantactinospora

L. nan preposition *ultra*, beyond; L. fem. n. *Plantactinospora*, An existing genus; *Ultraplantactinospora*: A genus related to but distinct from the existing genus Plantactinospora of beyond.

Ultraplastorhodobacter

L. nan preposition *ultra*, beyond; L. masc. n. *Plastorhodobacter*, An existing genus; *Ultraplastorhodobacter*: A genus related to but distinct from the existing genus Plastorhodobacter of beyond.

Ultrapleionea

L. nan preposition *ultra*, beyond; L. fem. n. *Pleionea*, An existing genus; *Ultrapleionea*: A genus related to but distinct from the existing genus Pleionea of beyond.

Ultrapleomorphobacterium

L. nan preposition *ultra*, beyond; L. neut. n. *Pleomorphobacterium*, An existing genus; *Ultrapleomorphobacterium*: A genus related to but distinct from the existing genus Pleomorphobacterium of beyond.

Ultrapleomorphochaeta

L. nan preposition *ultra*, beyond; L. fem. n. *Pleomorphochaeta*, An existing genus; *Ultrapleomorphochaeta*: A genus related to but distinct from the existing genus Pleomorphochaeta of beyond.

Ultrapleomorphomonas

L. nan preposition *ultra*, beyond; L. fem. n. *Pleomorphomonas*, An existing genus; *Ultrapleomorphomonas*: A genus related to but distinct from the existing genus Pleomorphomonas of beyond.

Ultrapleomorphovibrio

L. nan preposition *ultra*, beyond; L. masc. n. *Pleomorphovibrio*, An existing genus; *Ultrapleomorphovibrio*: A genus related to but distinct from the existing genus Pleomorphovibrio of beyond.

Ultraplesiocystis

L. nan preposition *ultra*, beyond; L. fem. n. *Plesiocystis*, An existing genus; *Ultraplesiocystis*: A genus related to but distinct from the existing genus Plesiocystis of beyond.

Ultraplesiomonas

L. nan preposition *ultra*, beyond; L. fem. n. *Plesiomonas*, An existing genus; *Ultraplesiomonas*: A genus related to but distinct from the existing genus Plesiomonas of beyond.

Ultrapleurocapsa

L. nan preposition *ultra*, beyond; L. fem. n. *Pleurocapsa*, An existing genus; *Ultrapleurocapsa*: A genus related to but distinct from the existing genus Pleurocapsa of beyond.

Ultrapluralibacter

L. nan preposition *ultra*, beyond; L. masc. n. *Pluralibacter*, An existing genus; *Ultrapluralibacter*: A genus related to but distinct from the existing genus Pluralibacter of beyond.

Ultrapokkaliibacter

L. nan preposition *ultra*, beyond; L. masc. n. *Pokkaliibacter*, An existing genus; *Ultrapokkaliibacter*: A genus related to but distinct from the existing genus Pokkaliibacter of beyond.

Ultrapolaribacter

L. nan preposition *ultra*, beyond; L. masc. n. *Polaribacter*, An existing genus; *Ultrapolaribacter*: A genus related to but distinct from the existing genus Polaribacter of beyond.

Ultrapolaromonas

L. nan preposition *ultra*, beyond; L. fem. n. *Polaromonas*, An existing genus; *Ultrapolaromonas*: A genus related to but distinct from the existing genus Polaromonas of beyond.

Ultrapolyangium

L. nan preposition *ultra*, beyond; L. neut. n. *Polyangium*, An existing genus; *Ultrapolyangium*: A genus related to but distinct from the existing genus Polyangium of beyond.

Ultrapolycladidibacter

L. nan preposition *ultra*, beyond; L. masc. n. *Polycladidibacter*, An existing genus; *Ultrapolycladidibacter*: A genus related to but distinct from the existing genus Polycladidibacter of beyond.

Ultrapolycladomyces

L. nan preposition *ultra*, beyond; L. masc. n. *Polycladomyces*, An existing genus; *Ultrapolycladomyces*: A genus related to but distinct from the existing genus Polycladomyces of beyond.

Ultrapolycyclovorans

L. nan preposition *ultra*, beyond; L. masc. n. *Polycyclovorans*, An existing genus; *Ultrapolycyclovorans*: A genus related to but distinct from the existing genus Polycyclovorans of beyond.

Ultrapolygonibacillus

L. nan preposition *ultra*, beyond; L. masc. n. *Polygonibacillus*, An existing genus; *Ultrapolygonibacillus*: A genus related to but distinct from the existing genus Polygonibacillus of beyond.

Ultrapolymorphospora

L. nan preposition *ultra*, beyond; L. fem. n. *Polymorphospora*, An existing genus; *Ultrapolymorphospora*: A genus related to but distinct from the existing genus Polymorphospora of beyond.

Ultrapolymorphum

L. nan preposition *ultra*, beyond; L. neut. n. *Polymorphum*, An existing genus; *Ultrapolymorphum*: A genus related to but distinct from the existing genus Polymorphum of beyond.

Ultrapolynucleobacter

L. nan preposition *ultra*, beyond; L. masc. n. *Polynucleobacter*, An existing genus; *Ultrapolynucleobacter*: A genus related to but distinct from the existing genus Polynucleobacter of beyond.

Ultrapolystyrenella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Polystyrenella*, An existing genus; *Ultrapolystyrenella*: A genus related to but distinct from the existing genus Polystyrenella of beyond.

Ultrapontibaca

L. nan preposition *ultra*, beyond; L. fem. n. *Pontibaca*, An existing genus; *Ultrapontibaca*: A genus related to but distinct from the existing genus Pontibaca of beyond.

Ultrapontibacillus

L. nan preposition *ultra*, beyond; L. masc. n. *Pontibacillus*, An existing genus; *Ultrapontibacillus*: A genus related to but distinct from the existing genus Pontibacillus of beyond.

Ultrapontibacter

L. nan preposition *ultra*, beyond; L. masc. n. *Pontibacter*, An existing genus; *Ultrapontibacter*: A genus related to but distinct from the existing genus Pontibacter of beyond.

Ultrapontibacterium

L. nan preposition *ultra*, beyond; L. neut. n. *Pontibacterium*, An existing genus; *Ultrapontibacterium*: A genus related to but distinct from the existing genus Pontibacterium of beyond.

Ultraponticaulis

L. nan preposition *ultra*, beyond; L. masc. n. *Ponticaulis*, An existing genus; *Ultraponticaulis*: A genus related to but distinct from the existing genus Ponticaulis of beyond.

Ultraponticoccus

L. nan preposition *ultra*, beyond; L. masc. n. *Ponticoccus*, An existing genus; *Ultraponticoccus*: A genus related to but distinct from the existing genus Ponticoccus of beyond.

Ultrapontimicrobium

L. nan preposition *ultra*, beyond; L. neut. n. *Pontimicrobium*, An existing genus; *Ultrapontimicrobium*: A genus related to but distinct from the existing genus Pontimicrobium of beyond.

Ultrapontimonas

L. nan preposition *ultra*, beyond; L. fem. n. *Pontimonas*, An existing genus; *Ultrapontimonas*: A genus related to but distinct from the existing genus Pontimonas of beyond.

Ultrapontirhabdus

L. nan preposition *ultra*, beyond; L. fem. n. *Pontirhabdus*, An existing genus; *Ultrapontirhabdus*: A genus related to but distinct from the existing genus Pontirhabdus of beyond.

Ultrapopulibacter

L. nan preposition *ultra*, beyond; L. masc. n. *Populibacter*, An existing genus; *Ultrapopulibacter*: A genus related to but distinct from the existing genus Populibacter of beyond.

Ultrapopulibacterium

L. nan preposition *ultra*, beyond; L. neut. n. *Populibacterium*, An existing genus; *Ultrapopulibacterium*: A genus related to but distinct from the existing genus Populibacterium of beyond.

Ultraporifericola

L. nan preposition *ultra*, beyond; L. masc. n. *Porifericola*, An existing genus; *Ultraporifericola*: A genus related to but distinct from the existing genus Porifericola of beyond.

Ultraporphyrobacter

L. nan preposition *ultra*, beyond; L. masc. n. *Porphyrobacter*, An existing genus; *Ultraporphyrobacter*: A genus related to but distinct from the existing genus Porphyrobacter of beyond.

Ultraporphyromonas

L. nan preposition *ultra*, beyond; L. fem. n. *Porphyromonas*, An existing genus; *Ultraporphyromonas*: A genus related to but distinct from the existing genus Porphyromonas of beyond.

Ultraportibacter

L. nan preposition *ultra*, beyond; L. masc. n. *Portibacter*, An existing genus; *Ultraportibacter*: A genus related to but distinct from the existing genus Portibacter of beyond.

Ultraporticoccus

L. nan preposition *ultra*, beyond; L. masc. n. *Porticoccus*, An existing genus; *Ultraporticoccus*: A genus related to but distinct from the existing genus Porticoccus of beyond.

Ultraposeidonibacter

L. nan preposition *ultra*, beyond; L. masc. n. *Poseidonibacter*, An existing genus; *Ultraposeidonibacter*: A genus related to but distinct from the existing genus Poseidonibacter of beyond.

Ultraposeidonocella

L. nan preposition *ultra*, beyond; L. fem. n. *Poseidonocella*, An existing genus; *Ultraposeidonocella*: A genus related to but distinct from the existing genus Poseidonocella of beyond.

Ultrapostechiella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Postechiella*, An existing genus; *Ultrapostechiella*: A genus related to but distinct from the existing genus Postechiella of beyond.

Ultrapotamolinea

L. nan preposition *ultra*, beyond; L. fem. n. *Potamolinea*, An existing genus; *Ultrapotamolinea*: A genus related to but distinct from the existing genus Potamolinea of beyond.

Ultrapotamosiphon

L. nan preposition *ultra*, beyond; L. masc. n. *Potamosiphon*, An existing genus; *Ultrapotamosiphon*: A genus related to but distinct from the existing genus Potamosiphon of beyond.

Ultrapovalibacter

L. nan preposition *ultra*, beyond; L. masc. n. *Povalibacter*, An existing genus; *Ultrapovalibacter*: A genus related to but distinct from the existing genus Povalibacter of beyond.

Ultrapradoshia

L. nan preposition *ultra*, beyond; L. fem. n. *Pradoshia*, An existing genus; *Ultrapradoshia*: A genus related to but distinct from the existing genus Pradoshia of beyond.

Ultrapragia

L. nan preposition *ultra*, beyond; L. fem. n. *Pragia*, An existing genus; *Ultrapragia*: A genus related to but distinct from the existing genus Pragia of beyond.

Ultraprauserella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Prauserella*, An existing genus; *Ultraprauserella*: A genus related to but distinct from the existing genus Prauserella of beyond.

Ultrapreeria

L. nan preposition *ultra*, beyond; L. fem. n. *Preeria*, An existing genus; *Ultrapreeria*: A genus related to but distinct from the existing genus Preeria of beyond.

Ultraprescottella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Prescottella*, An existing genus; *Ultraprescottella*: A genus related to but distinct from the existing genus Prescottella of beyond.

Ultraprevotella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Prevotella*, An existing genus; *Ultraprevotella*: A genus related to but distinct from the existing genus Prevotella of beyond.

Ultrapricia

L. nan preposition *ultra*, beyond; L. fem. n. *Pricia*, An existing genus; *Ultrapricia*: A genus related to but distinct from the existing genus Pricia of beyond.

Ultraprimorskyibacter

L. nan preposition *ultra*, beyond; L. masc. n. *Primorskyibacter*, An existing genus; *Ultraprimorskyibacter*: A genus related to but distinct from the existing genus Primorskyibacter of beyond.

Ultraprochlorococcus

L. nan preposition *ultra*, beyond; L. masc. n. *Prochlorococcus*, An existing genus; *Ultraprochlorococcus*: A genus related to but distinct from the existing genus Prochlorococcus of beyond.

Ultraprochloron

L. nan preposition *ultra*, beyond; L. neut. n. *Prochloron*, An existing genus; *Ultraprochloron*: A genus related to but distinct from the existing genus Prochloron of beyond.

Ultraprochlorothrix

L. nan preposition *ultra*, beyond; L. fem. n. *Prochlorothrix*, An existing genus; *Ultraprochlorothrix*: A genus related to but distinct from the existing genus Prochlorothrix of beyond.

Ultraprofundibacter

L. nan preposition *ultra*, beyond; L. masc. n. *Profundibacter*, An existing genus; *Ultraprofundibacter*: A genus related to but distinct from the existing genus Profundibacter of beyond.

Ultraprofundibacterium

L. nan preposition *ultra*, beyond; L. neut. n. *Profundibacterium*, An existing genus; *Ultraprofundibacterium*: A genus related to but distinct from the existing genus Profundibacterium of beyond.

Ultraprofundimonas

L. nan preposition *ultra*, beyond; L. fem. n. *Profundimonas*, An existing genus; *Ultraprofundimonas*: A genus related to but distinct from the existing genus Profundimonas of beyond.

Ultraprolinoborus

L. nan preposition *ultra*, beyond; L. masc. n. *Prolinoborus*, An existing genus; *Ultraprolinoborus*: A genus related to but distinct from the existing genus Prolinoborus of beyond.

Ultraprolixibacter

L. nan preposition *ultra*, beyond; L. masc. n. *Prolixibacter*, An existing genus; *Ultraprolixibacter*: A genus related to but distinct from the existing genus Prolixibacter of beyond.

Ultrapromicromonospora

L. nan preposition *ultra*, beyond; L. fem. n. *Promicromonospora*, An existing genus; *Ultrapromicromonospora*: A genus related to but distinct from the existing genus Promicromonospora of beyond.

Ultrapropionibacterium

L. nan preposition *ultra*, beyond; L. neut. n. *Propionibacterium*, An existing genus; *Ultrapropionibacterium*: A genus related to but distinct from the existing genus Propionibacterium of beyond.

Ultrapropionicicella

L. nan preposition *ultra*, beyond; L. fem. n. *Propionicicella*, An existing genus; *Ultrapropionicicella*: A genus related to but distinct from the existing genus Propionicicella of beyond.

Ultrapropioniferax

L. nan preposition *ultra*, beyond; L. fem. n. *Propioniferax*, An existing genus; *Ultrapropioniferax*: A genus related to but distinct from the existing genus Propioniferax of beyond.

Ultrapropionigenium

L. nan preposition *ultra*, beyond; L. neut. n. *Propionigenium*, An existing genus; *Ultrapropionigenium*: A genus related to but distinct from the existing genus Propionigenium of beyond.

Ultrapropionimicrobium

L. nan preposition *ultra*, beyond; L. neut. n. *Propionimicrobium*, An existing genus; *Ultrapropionimicrobium*: A genus related to but distinct from the existing genus Propionimicrobium of beyond.

Ultrapropionispora

L. nan preposition *ultra*, beyond; L. fem. n. *Propionispora*, An existing genus; *Ultrapropionispora*: A genus related to but distinct from the existing genus Propionispora of beyond.

Ultrapropionivibrio

L. nan preposition *ultra*, beyond; L. masc. n. *Propionivibrio*, An existing genus; *Ultrapropionivibrio*: A genus related to but distinct from the existing genus Propionivibrio of beyond.

Ultraprosthecobacter

L. nan preposition *ultra*, beyond; L. masc. n. *Prosthecobacter*, An existing genus; *Ultraprosthecobacter*: A genus related to but distinct from the existing genus Prosthecobacter of beyond.

Ultraprosthecochloris

L. nan preposition *ultra*, beyond; L. fem. n. *Prosthecochloris*, An existing genus; *Ultraprosthecochloris*: A genus related to but distinct from the existing genus Prosthecochloris of beyond.

Ultraprosthecomicrobium

L. nan preposition *ultra*, beyond; L. neut. n. *Prosthecomicrobium*, An existing genus; *Ultraprosthecomicrobium*: A genus related to but distinct from the existing genus Prosthecomicrobium of beyond.

Ultraprotaetiibacter

L. nan preposition *ultra*, beyond; L. masc. n. *Protaetiibacter*, An existing genus; *Ultraprotaetiibacter*: A genus related to but distinct from the existing genus Protaetiibacter of beyond.

Ultraproteiniborus

L. nan preposition *ultra*, beyond; L. masc. n. *Proteiniborus*, An existing genus; *Ultraproteiniborus*: A genus related to but distinct from the existing genus Proteiniborus of beyond.

Ultraproteiniclasticum

L. nan preposition *ultra*, beyond; L. neut. n. *Proteiniclasticum*, An existing genus; *Ultraproteiniclasticum*: A genus related to but distinct from the existing genus Proteiniclasticum of beyond.

Ultraproteiniphilum

L. nan preposition *ultra*, beyond; L. neut. n. *Proteiniphilum*, An existing genus; *Ultraproteiniphilum*: A genus related to but distinct from the existing genus Proteiniphilum of beyond.

Ultraproteinivorax

L. nan preposition *ultra*, beyond; L. neut. n. *Proteinivorax*, An existing genus; *Ultraproteinivorax*: A genus related to but distinct from the existing genus Proteinivorax of beyond.

Ultraproteocatella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Proteocatella*, An existing genus; *Ultraproteocatella*: A genus related to but distinct from the existing genus Proteocatella of beyond.

Ultraprotomonas

L. nan preposition *ultra*, beyond; L. fem. n. *Protomonas*, An existing genus; *Ultraprotomonas*: A genus related to but distinct from the existing genus Protomonas of beyond.

Ultraprovencibacterium

L. nan preposition *ultra*, beyond; L. neut. n. *Provencibacterium*, An existing genus; *Ultraprovencibacterium*: A genus related to but distinct from the existing genus Provencibacterium of beyond.

Ultraprovidencia

L. nan preposition *ultra*, beyond; L. fem. n. *Providencia*, An existing genus; *Ultraprovidencia*: A genus related to but distinct from the existing genus Providencia of beyond.

Ultrapseudacidovorax

L. nan preposition *ultra*, beyond; L. masc. n. *Pseudacidovorax*, An existing genus; *Ultrapseudacidovorax*: A genus related to but distinct from the existing genus Pseudacidovorax of beyond.

Ultrapseudactinotalea

L. nan preposition *ultra*, beyond; L. fem. n. *Pseudactinotalea*, An existing genus; *Ultrapseudactinotalea*: A genus related to but distinct from the existing genus Pseudactinotalea of beyond.

Ultrapseudaeromonas

L. nan preposition *ultra*, beyond; L. fem. n. *Pseudaeromonas*, An existing genus; *Ultrapseudaeromonas*: A genus related to but distinct from the existing genus Pseudaeromonas of beyond.

Ultrapseudaestuariivita

L. nan preposition *ultra*, beyond; L. fem. n. *Pseudaestuariivita*, An existing genus; *Ultrapseudaestuariivita*: A genus related to but distinct from the existing genus Pseudaestuariivita of beyond.

Ultrapseudahrensia

L. nan preposition *ultra*, beyond; L. fem. n. *Pseudahrensia*, An existing genus; *Ultrapseudahrensia*: A genus related to but distinct from the existing genus Pseudahrensia of beyond.

Ultrapseudaminobacter

L. nan preposition *ultra*, beyond; L. masc. n. *Pseudaminobacter*, An existing genus; *Ultrapseudaminobacter*: A genus related to but distinct from the existing genus Pseudaminobacter of beyond.

Ultrapseudarcicella

L. nan preposition *ultra*, beyond; L. fem. n. *Pseudarcicella*, An existing genus; *Ultrapseudarcicella*: A genus related to but distinct from the existing genus Pseudarcicella of beyond.

Ultrapseudarthrobacter

L. nan preposition *ultra*, beyond; L. masc. n. *Pseudarthrobacter*, An existing genus; *Ultrapseudarthrobacter*: A genus related to but distinct from the existing genus Pseudarthrobacter of beyond.

Ultrapseudenhygromyxa

L. nan preposition *ultra*, beyond; L. fem. n. *Pseudenhygromyxa*, An existing genus; *Ultrapseudenhygromyxa*: A genus related to but distinct from the existing genus Pseudenhygromyxa of beyond.

Ultrapseudescherichia

L. nan preposition *ultra*, beyond; L. fem. n. *Pseudescherichia*, An existing genus; *Ultrapseudescherichia*: A genus related to but distinct from the existing genus Pseudescherichia of beyond.

Ultrapseudidiomarina

L. nan preposition *ultra*, beyond; L. fem. n. *Pseudidiomarina*, An existing genus; *Ultrapseudidiomarina*: A genus related to but distinct from the existing genus Pseudidiomarina of beyond.

Ultrapseudoalteromonas

L. nan preposition *ultra*, beyond; L. fem. n. *Pseudoalteromonas*, An existing genus; *Ultrapseudoalteromonas*: A genus related to but distinct from the existing genus Pseudoalteromonas of beyond.

Ultrapseudoamycolata

L. nan preposition *ultra*, beyond; L. fem. n. *Pseudoamycolata*, An existing genus; *Ultrapseudoamycolata*: A genus related to but distinct from the existing genus Pseudoamycolata of beyond.

Ultrapseudobacillus

L. nan preposition *ultra*, beyond; L. masc. n. *Pseudobacillus*, An existing genus; *Ultrapseudobacillus*: A genus related to but distinct from the existing genus Pseudobacillus of beyond.

Ultrapseudobacter

L. nan preposition *ultra*, beyond; L. masc. n. *Pseudobacter*, An existing genus; *Ultrapseudobacter*: A genus related to but distinct from the existing genus Pseudobacter of beyond.

Ultrapseudobacteriovorax

L. nan preposition *ultra*, beyond; L. masc. n. *Pseudobacteriovorax*, An existing genus; *Ultrapseudobacteriovorax*: A genus related to but distinct from the existing genus Pseudobacteriovorax of beyond.

Ultrapseudobacteroides

L. nan preposition *ultra*, beyond; L. masc. n. *Pseudobacteroides*, An existing genus; *Ultrapseudobacteroides*: A genus related to but distinct from the existing genus Pseudobacteroides of beyond.

Ultrapseudobizionia

L. nan preposition *ultra*, beyond; L. fem. n. *Pseudobizionia*, An existing genus; *Ultrapseudobizionia*: A genus related to but distinct from the existing genus Pseudobizionia of beyond.

Ultrapseudobowmanella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Pseudobowmanella*, An existing genus; *Ultrapseudobowmanella*: A genus related to but distinct from the existing genus Pseudobowmanella of beyond.

Ultrapseudobutyrivibrio

L. nan preposition *ultra*, beyond; L. masc. n. *Pseudobutyrivibrio*, An existing genus; *Ultrapseudobutyrivibrio*: A genus related to but distinct from the existing genus Pseudobutyrivibrio of beyond.

Ultrapseudocaedibacter

L. nan preposition *ultra*, beyond; L. masc. n. *Pseudocaedibacter*, An existing genus; *Ultrapseudocaedibacter*: A genus related to but distinct from the existing genus Pseudocaedibacter of beyond.

Ultrapseudochelatococcus

L. nan preposition *ultra*, beyond; L. masc. n. *Pseudochelatococcus*, An existing genus; *Ultrapseudochelatococcus*: A genus related to but distinct from the existing genus Pseudochelatococcus of beyond.

Ultrapseudochrobactrum

L. nan preposition *ultra*, beyond; L. neut. n. *Pseudochrobactrum*, An existing genus; *Ultrapseudochrobactrum*: A genus related to but distinct from the existing genus Pseudochrobactrum of beyond.

Ultrapseudocitrobacter

L. nan preposition *ultra*, beyond; L. masc. n. *Pseudocitrobacter*, An existing genus; *Ultrapseudocitrobacter*: A genus related to but distinct from the existing genus Pseudocitrobacter of beyond.

Ultrapseudoclavibacter

L. nan preposition *ultra*, beyond; L. masc. n. *Pseudoclavibacter*, An existing genus; *Ultrapseudoclavibacter*: A genus related to but distinct from the existing genus Pseudoclavibacter of beyond.

Ultrapseudoclostridium

L. nan preposition *ultra*, beyond; L. neut. dim. n. *Pseudoclostridium*, An existing genus; *Ultrapseudoclostridium*: A genus related to but distinct from the existing genus Pseudoclostridium of beyond.

Ultrapseudocolwellia

L. nan preposition *ultra*, beyond; L. fem. n. *Pseudocolwellia*, An existing genus; *Ultrapseudocolwellia*: A genus related to but distinct from the existing genus Pseudocolwellia of beyond.

Ultrapseudodesulfovibrio

L. nan preposition *ultra*, beyond; L. masc. n. *Pseudodesulfovibrio*, An existing genus; *Ultrapseudodesulfovibrio*: A genus related to but distinct from the existing genus Pseudodesulfovibrio of beyond.

Ultrapseudodonghicola

L. nan preposition *ultra*, beyond; L. masc. n. *Pseudodonghicola*, An existing genus; *Ultrapseudodonghicola*: A genus related to but distinct from the existing genus Pseudodonghicola of beyond.

Ultrapseudoduganella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Pseudoduganella*, An existing genus; *Ultrapseudoduganella*: A genus related to but distinct from the existing genus Pseudoduganella of beyond.

Ultrapseudoflavitalea

L. nan preposition *ultra*, beyond; L. fem. n. *Pseudoflavitalea*, An existing genus; *Ultrapseudoflavitalea*: A genus related to but distinct from the existing genus Pseudoflavitalea of beyond.

Ultrapseudoflavonifractor

L. nan preposition *ultra*, beyond; L. masc. n. *Pseudoflavonifractor*, An existing genus; *Ultrapseudoflavonifractor*: A genus related to but distinct from the existing genus Pseudoflavonifractor of beyond.

Ultrapseudofrancisella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Pseudofrancisella*, An existing genus; *Ultrapseudofrancisella*: A genus related to but distinct from the existing genus Pseudofrancisella of beyond.

Ultrapseudofulvibacter

L. nan preposition *ultra*, beyond; L. masc. n. *Pseudofulvibacter*, An existing genus; *Ultrapseudofulvibacter*: A genus related to but distinct from the existing genus Pseudofulvibacter of beyond.

Ultrapseudofulvimonas

L. nan preposition *ultra*, beyond; L. fem. n. *Pseudofulvimonas*, An existing genus; *Ultrapseudofulvimonas*: A genus related to but distinct from the existing genus Pseudofulvimonas of beyond.

Ultrapseudogemmobacter

L. nan preposition *ultra*, beyond; L. masc. n. *Pseudogemmobacter*, An existing genus; *Ultrapseudogemmobacter*: A genus related to but distinct from the existing genus Pseudogemmobacter of beyond.

Ultrapseudoglutamicibacter

L. nan preposition *ultra*, beyond; L. masc. n. *Pseudoglutamicibacter*, An existing genus; *Ultrapseudoglutamicibacter*: A genus related to but distinct from the existing genus Pseudoglutamicibacter of beyond.

Ultrapseudogracilibacillus

L. nan preposition *ultra*, beyond; L. masc. n. *Pseudogracilibacillus*, An existing genus; *Ultrapseudogracilibacillus*: A genus related to but distinct from the existing genus Pseudogracilibacillus of beyond.

Ultrapseudogulbenkiania

L. nan preposition *ultra*, beyond; L. fem. n. *Pseudogulbenkiania*, An existing genus; *Ultrapseudogulbenkiania*: A genus related to but distinct from the existing genus Pseudogulbenkiania of beyond.

Ultrapseudohaliea

L. nan preposition *ultra*, beyond; L. fem. n. *Pseudohaliea*, An existing genus; *Ultrapseudohaliea*: A genus related to but distinct from the existing genus Pseudohaliea of beyond.

Ultrapseudohalioglobus

L. nan preposition *ultra*, beyond; L. masc. n. *Pseudohalioglobus*, An existing genus; *Ultrapseudohalioglobus*: A genus related to but distinct from the existing genus Pseudohalioglobus of beyond.

Ultrapseudohalocynthiibacter

L. nan preposition *ultra*, beyond; L. masc. n. *Pseudohalocynthiibacter*, An existing genus; *Ultrapseudohalocynthiibacter*: A genus related to but distinct from the existing genus Pseudohalocynthiibacter of beyond.

Ultrapseudohoeflea

L. nan preposition *ultra*, beyond; L. fem. n. *Pseudohoeflea*, An existing genus; *Ultrapseudohoeflea*: A genus related to but distinct from the existing genus Pseudohoeflea of beyond.

Ultrapseudohongiella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Pseudohongiella*, An existing genus; *Ultrapseudohongiella*: A genus related to but distinct from the existing genus Pseudohongiella of beyond.

Ultrapseudokineococcus

L. nan preposition *ultra*, beyond; L. masc. n. *Pseudokineococcus*, An existing genus; *Ultrapseudokineococcus*: A genus related to but distinct from the existing genus Pseudokineococcus of beyond.

Ultrapseudolabrys

L. nan preposition *ultra*, beyond; L. masc. n. *Pseudolabrys*, An existing genus; *Ultrapseudolabrys*: A genus related to but distinct from the existing genus Pseudolabrys of beyond.

Ultrapseudoleptotrichia

L. nan preposition *ultra*, beyond; L. fem. n. *Pseudoleptotrichia*, An existing genus; *Ultrapseudoleptotrichia*: A genus related to but distinct from the existing genus Pseudoleptotrichia of beyond.

Ultrapseudolysinimonas

L. nan preposition *ultra*, beyond; L. fem. n. *Pseudolysinimonas*, An existing genus; *Ultrapseudolysinimonas*: A genus related to but distinct from the existing genus Pseudolysinimonas of beyond.

Ultrapseudolysobacter

L. nan preposition *ultra*, beyond; L. masc. n. *Pseudolysobacter*, An existing genus; *Ultrapseudolysobacter*: A genus related to but distinct from the existing genus Pseudolysobacter of beyond.

Ultrapseudomaribius

L. nan preposition *ultra*, beyond; L. masc. n. *Pseudomaribius*, An existing genus; *Ultrapseudomaribius*: A genus related to but distinct from the existing genus Pseudomaribius of beyond.

Ultrapseudomaricurvus

L. nan preposition *ultra*, beyond; L. masc. n. *Pseudomaricurvus*, An existing genus; *Ultrapseudomaricurvus*: A genus related to but distinct from the existing genus Pseudomaricurvus of beyond.

Ultrapseudomethylobacillus

L. nan preposition *ultra*, beyond; L. masc. n. *Pseudomethylobacillus*, An existing genus; *Ultrapseudomethylobacillus*: A genus related to but distinct from the existing genus Pseudomethylobacillus of beyond.

Ultrapseudomonas

L. nan preposition *ultra*, beyond; L. fem. n. *Pseudomonas*, An existing genus; *Ultrapseudomonas*: A genus related to but distinct from the existing genus Pseudomonas of beyond.

Ultrapseudonocardia

L. nan preposition *ultra*, beyond; L. fem. n. *Pseudonocardia*, An existing genus; *Ultrapseudonocardia*: A genus related to but distinct from the existing genus Pseudonocardia of beyond.

Ultrapseudooceanicola

L. nan preposition *ultra*, beyond; L. masc. n. *Pseudooceanicola*, An existing genus; *Ultrapseudooceanicola*: A genus related to but distinct from the existing genus Pseudooceanicola of beyond.

Ultrapseudooctadecabacter

L. nan preposition *ultra*, beyond; L. masc. n. *Pseudooctadecabacter*, An existing genus; *Ultrapseudooctadecabacter*: A genus related to but distinct from the existing genus Pseudooctadecabacter of beyond.

Ultrapseudopedobacter

L. nan preposition *ultra*, beyond; L. masc. n. *Pseudopedobacter*, An existing genus; *Ultrapseudopedobacter*: A genus related to but distinct from the existing genus Pseudopedobacter of beyond.

Ultrapseudopelagicola

L. nan preposition *ultra*, beyond; L. masc. n. *Pseudopelagicola*, An existing genus; *Ultrapseudopelagicola*: A genus related to but distinct from the existing genus Pseudopelagicola of beyond.

Ultrapseudophaeobacter

L. nan preposition *ultra*, beyond; L. masc. n. *Pseudophaeobacter*, An existing genus; *Ultrapseudophaeobacter*: A genus related to but distinct from the existing genus Pseudophaeobacter of beyond.

Ultrapseudopropionibacterium

L. nan preposition *ultra*, beyond; L. neut. n. *Pseudopropionibacterium*, An existing genus; *Ultrapseudopropionibacterium*: A genus related to but distinct from the existing genus Pseudopropionibacterium of beyond.

Ultrapseudopuniceibacterium

L. nan preposition *ultra*, beyond; L. neut. n. *Pseudopuniceibacterium*, An existing genus; *Ultrapseudopuniceibacterium*: A genus related to but distinct from the existing genus Pseudopuniceibacterium of beyond.

Ultrapseudoramibacter

L. nan preposition *ultra*, beyond; L. masc. n. *Pseudoramibacter*, An existing genus; *Ultrapseudoramibacter*: A genus related to but distinct from the existing genus Pseudoramibacter of beyond.

Ultrapseudorhizobium

L. nan preposition *ultra*, beyond; L. neut. n. *Pseudorhizobium*, An existing genus; *Ultrapseudorhizobium*: A genus related to but distinct from the existing genus Pseudorhizobium of beyond.

Ultrapseudorhodobacter

L. nan preposition *ultra*, beyond; L. masc. n. *Pseudorhodobacter*, An existing genus; *Ultrapseudorhodobacter*: A genus related to but distinct from the existing genus Pseudorhodobacter of beyond.

Ultrapseudorhodoferax

L. nan preposition *ultra*, beyond; L. masc. n. *Pseudorhodoferax*, An existing genus; *Ultrapseudorhodoferax*: A genus related to but distinct from the existing genus Pseudorhodoferax of beyond.

Ultrapseudorhodoplanes

L. nan preposition *ultra*, beyond; L. masc. n. *Pseudorhodoplanes*, An existing genus; *Ultrapseudorhodoplanes*: A genus related to but distinct from the existing genus Pseudorhodoplanes of beyond.

Ultrapseudorivibacter

L. nan preposition *ultra*, beyond; L. masc. n. *Pseudorivibacter*, An existing genus; *Ultrapseudorivibacter*: A genus related to but distinct from the existing genus Pseudorivibacter of beyond.

Ultrapseudoroseicyclus

L. nan preposition *ultra*, beyond; L. masc. n. *Pseudoroseicyclus*, An existing genus; *Ultrapseudoroseicyclus*: A genus related to but distinct from the existing genus Pseudoroseicyclus of beyond.

Ultrapseudoroseovarius

L. nan preposition *ultra*, beyond; L. masc. n. *Pseudoroseovarius*, An existing genus; *Ultrapseudoroseovarius*: A genus related to but distinct from the existing genus Pseudoroseovarius of beyond.

Ultrapseudoruegeria

L. nan preposition *ultra*, beyond; L. fem. n. *Pseudoruegeria*, An existing genus; *Ultrapseudoruegeria*: A genus related to but distinct from the existing genus Pseudoruegeria of beyond.

Ultrapseudoruminococcus

L. nan preposition *ultra*, beyond; L. masc. n. *Pseudoruminococcus*, An existing genus; *Ultrapseudoruminococcus*: A genus related to but distinct from the existing genus Pseudoruminococcus of beyond.

Ultrapseudoscardovia

L. nan preposition *ultra*, beyond; L. fem. n. *Pseudoscardovia*, An existing genus; *Ultrapseudoscardovia*: A genus related to but distinct from the existing genus Pseudoscardovia of beyond.

Ultrapseudoseohaeicola

L. nan preposition *ultra*, beyond; L. masc. n. *Pseudoseohaeicola*, An existing genus; *Ultrapseudoseohaeicola*: A genus related to but distinct from the existing genus Pseudoseohaeicola of beyond.

Ultrapseudosphingobacterium

L. nan preposition *ultra*, beyond; L. neut. n. *Pseudosphingobacterium*, An existing genus; *Ultrapseudosphingobacterium*: A genus related to but distinct from the existing genus Pseudosphingobacterium of beyond.

Ultrapseudospirillum

L. nan preposition *ultra*, beyond; L. neut. dim. n. *Pseudospirillum*, An existing genus; *Ultrapseudospirillum*: A genus related to but distinct from the existing genus Pseudospirillum of beyond.

Ultrapseudosporangium

L. nan preposition *ultra*, beyond; L. neut. n. *Pseudosporangium*, An existing genus; *Ultrapseudosporangium*: A genus related to but distinct from the existing genus Pseudosporangium of beyond.

Ultrapseudostreptobacillus

L. nan preposition *ultra*, beyond; L. masc. n. *Pseudostreptobacillus*, An existing genus; *Ultrapseudostreptobacillus*: A genus related to but distinct from the existing genus Pseudostreptobacillus of beyond.

Ultrapseudotenacibaculum

L. nan preposition *ultra*, beyond; L. neut. n. *Pseudotenacibaculum*, An existing genus; *Ultrapseudotenacibaculum*: A genus related to but distinct from the existing genus Pseudotenacibaculum of beyond.

Ultrapseudoteredinibacter

L. nan preposition *ultra*, beyond; L. masc. n. *Pseudoteredinibacter*, An existing genus; *Ultrapseudoteredinibacter*: A genus related to but distinct from the existing genus Pseudoteredinibacter of beyond.

Ultrapseudothermotoga

L. nan preposition *ultra*, beyond; L. fem. n. *Pseudothermotoga*, An existing genus; *Ultrapseudothermotoga*: A genus related to but distinct from the existing genus Pseudothermotoga of beyond.

Ultrapseudothioclava

L. nan preposition *ultra*, beyond; L. fem. n. *Pseudothioclava*, An existing genus; *Ultrapseudothioclava*: A genus related to but distinct from the existing genus Pseudothioclava of beyond.

Ultrapseudovibrio

L. nan preposition *ultra*, beyond; L. masc. n. *Pseudovibrio*, An existing genus; *Ultrapseudovibrio*: A genus related to but distinct from the existing genus Pseudovibrio of beyond.

Ultrapseudoxanthobacter

L. nan preposition *ultra*, beyond; L. masc. n. *Pseudoxanthobacter*, An existing genus; *Ultrapseudoxanthobacter*: A genus related to but distinct from the existing genus Pseudoxanthobacter of beyond.

Ultrapseudoxanthomonas

L. nan preposition *ultra*, beyond; L. fem. n. *Pseudoxanthomonas*, An existing genus; *Ultrapseudoxanthomonas*: A genus related to but distinct from the existing genus Pseudoxanthomonas of beyond.

Ultrapseudozobellia

L. nan preposition *ultra*, beyond; L. fem. n. *Pseudozobellia*, An existing genus; *Ultrapseudozobellia*: A genus related to but distinct from the existing genus Pseudozobellia of beyond.

Ultrapsittacicella

L. nan preposition *ultra*, beyond; L. fem. n. *Psittacicella*, An existing genus; *Ultrapsittacicella*: A genus related to but distinct from the existing genus Psittacicella of beyond.

Ultrapsychrilyobacter

L. nan preposition *ultra*, beyond; L. masc. n. *Psychrilyobacter*, An existing genus; *Ultrapsychrilyobacter*: A genus related to but distinct from the existing genus Psychrilyobacter of beyond.

Ultrapsychrobacter

L. nan preposition *ultra*, beyond; L. masc. n. *Psychrobacter*, An existing genus; *Ultrapsychrobacter*: A genus related to but distinct from the existing genus Psychrobacter of beyond.

Ultrapsychrobium

L. nan preposition *ultra*, beyond; L. neut. n. *Psychrobium*, An existing genus; *Ultrapsychrobium*: A genus related to but distinct from the existing genus Psychrobium of beyond.

Ultrapsychroflexus

L. nan preposition *ultra*, beyond; L. masc. n. *Psychroflexus*, An existing genus; *Ultrapsychroflexus*: A genus related to but distinct from the existing genus Psychroflexus of beyond.

Ultrapsychroglaciecola

L. nan preposition *ultra*, beyond; L. fem. n. *Psychroglaciecola*, An existing genus; *Ultrapsychroglaciecola*: A genus related to but distinct from the existing genus Psychroglaciecola of beyond.

Ultrapsychromarinibacter

L. nan preposition *ultra*, beyond; L. masc. n. *Psychromarinibacter*, An existing genus; *Ultrapsychromarinibacter*: A genus related to but distinct from the existing genus Psychromarinibacter of beyond.

Ultrapsychromicrobium

L. nan preposition *ultra*, beyond; L. neut. n. *Psychromicrobium*, An existing genus; *Ultrapsychromicrobium*: A genus related to but distinct from the existing genus Psychromicrobium of beyond.

Ultrapsychroserpens

L. nan preposition *ultra*, beyond; L. masc. n. *Psychroserpens*, An existing genus; *Ultrapsychroserpens*: A genus related to but distinct from the existing genus Psychroserpens of beyond.

Ultrapsychrosinus

L. nan preposition *ultra*, beyond; L. masc. n. *Psychrosinus*, An existing genus; *Ultrapsychrosinus*: A genus related to but distinct from the existing genus Psychrosinus of beyond.

Ultrapsychrosphaera

L. nan preposition *ultra*, beyond; L. fem. n. *Psychrosphaera*, An existing genus; *Ultrapsychrosphaera*: A genus related to but distinct from the existing genus Psychrosphaera of beyond.

Ultrapueribacillus

L. nan preposition *ultra*, beyond; L. masc. n. *Pueribacillus*, An existing genus; *Ultrapueribacillus*: A genus related to but distinct from the existing genus Pueribacillus of beyond.

Ultrapuia

L. nan preposition *ultra*, beyond; L. fem. n. *Puia*, An existing genus; *Ultrapuia*: A genus related to but distinct from the existing genus Puia of beyond.

Ultrapukyongia

L. nan preposition *ultra*, beyond; L. fem. n. *Pukyongia*, An existing genus; *Ultrapukyongia*: A genus related to but distinct from the existing genus Pukyongia of beyond.

Ultrapukyongiella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Pukyongiella*, An existing genus; *Ultrapukyongiella*: A genus related to but distinct from the existing genus Pukyongiella of beyond.

Ultrapuniceibacterium

L. nan preposition *ultra*, beyond; L. neut. n. *Puniceibacterium*, An existing genus; *Ultrapuniceibacterium*: A genus related to but distinct from the existing genus Puniceibacterium of beyond.

Ultrapuniceicoccus

L. nan preposition *ultra*, beyond; L. masc. n. *Puniceicoccus*, An existing genus; *Ultrapuniceicoccus*: A genus related to but distinct from the existing genus Puniceicoccus of beyond.

Ultrapusillimonas

L. nan preposition *ultra*, beyond; L. fem. n. *Pusillimonas*, An existing genus; *Ultrapusillimonas*: A genus related to but distinct from the existing genus Pusillimonas of beyond.

Ultrapustulibacterium

L. nan preposition *ultra*, beyond; L. neut. n. *Pustulibacterium*, An existing genus; *Ultrapustulibacterium*: A genus related to but distinct from the existing genus Pustulibacterium of beyond.

Ultraputridiphycobacter

L. nan preposition *ultra*, beyond; L. masc. n. *Putridiphycobacter*, An existing genus; *Ultraputridiphycobacter*: A genus related to but distinct from the existing genus Putridiphycobacter of beyond.

Ultrapuzihella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Puzihella*, An existing genus; *Ultrapuzihella*: A genus related to but distinct from the existing genus Puzihella of beyond.

Ultrapycnacronema

L. nan preposition *ultra*, beyond; L. neut. n. *Pycnacronema*, An existing genus; *Ultrapycnacronema*: A genus related to but distinct from the existing genus Pycnacronema of beyond.

Ultrapyramidobacter

L. nan preposition *ultra*, beyond; L. masc. n. *Pyramidobacter*, An existing genus; *Ultrapyramidobacter*: A genus related to but distinct from the existing genus Pyramidobacter of beyond.

Ultrapyrinomonas

L. nan preposition *ultra*, beyond; L. fem. n. *Pyrinomonas*, An existing genus; *Ultrapyrinomonas*: A genus related to but distinct from the existing genus Pyrinomonas of beyond.

Ultrapyrobaculum

L. nan preposition *ultra*, beyond; L. neut. n. *Pyrobaculum*, An existing genus; *Ultrapyrobaculum*: A genus related to but distinct from the existing genus Pyrobaculum of beyond.

Ultrapyrococcus

L. nan preposition *ultra*, beyond; L. masc. n. *Pyrococcus*, An existing genus; *Ultrapyrococcus*: A genus related to but distinct from the existing genus Pyrococcus of beyond.

Ultrapyrodictium

L. nan preposition *ultra*, beyond; L. neut. n. *Pyrodictium*, An existing genus; *Ultrapyrodictium*: A genus related to but distinct from the existing genus Pyrodictium of beyond.

Ultrapyruvatibacter

L. nan preposition *ultra*, beyond; L. masc. n. *Pyruvatibacter*, An existing genus; *Ultrapyruvatibacter*: A genus related to but distinct from the existing genus Pyruvatibacter of beyond.

Ultrapyxidicoccus

L. nan preposition *ultra*, beyond; L. masc. n. *Pyxidicoccus*, An existing genus; *Ultrapyxidicoccus*: A genus related to but distinct from the existing genus Pyxidicoccus of beyond.

Ultraqingshengfania

L. nan preposition *ultra*, beyond; L. fem. n. *Qingshengfania*, An existing genus; *Ultraqingshengfania*: A genus related to but distinct from the existing genus Qingshengfania of beyond.

Ultraqipengyuania

L. nan preposition *ultra*, beyond; L. fem. n. *Qipengyuania*, An existing genus; *Ultraqipengyuania*: A genus related to but distinct from the existing genus Qipengyuania of beyond.

Ultraquadricoccus

L. nan preposition *ultra*, beyond; L. masc. n. *Quadricoccus*, An existing genus; *Ultraquadricoccus*: A genus related to but distinct from the existing genus Quadricoccus of beyond.

Ultraquadrisphaera

L. nan preposition *ultra*, beyond; L. fem. n. *Quadrisphaera*, An existing genus; *Ultraquadrisphaera*: A genus related to but distinct from the existing genus Quadrisphaera of beyond.

Ultraquasibacillus

L. nan preposition *ultra*, beyond; L. masc. n. *Quasibacillus*, An existing genus; *Ultraquasibacillus*: A genus related to but distinct from the existing genus Quasibacillus of beyond.

Ultraquatrionicoccus

L. nan preposition *ultra*, beyond; L. masc. n. *Quatrionicoccus*, An existing genus; *Ultraquatrionicoccus*: A genus related to but distinct from the existing genus Quatrionicoccus of beyond.

Ultraquinella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Quinella*, An existing genus; *Ultraquinella*: A genus related to but distinct from the existing genus Quinella of beyond.

Ultraracemicystis

L. nan preposition *ultra*, beyond; L. fem. n. *Racemicystis*, An existing genus; *Ultraracemicystis*: A genus related to but distinct from the existing genus Racemicystis of beyond.

Ultrarahnella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Rahnella*, An existing genus; *Ultrarahnella*: A genus related to but distinct from the existing genus Rahnella of beyond.

Ultraraineya

L. nan preposition *ultra*, beyond; L. fem. n. *Raineya*, An existing genus; *Ultraraineya*: A genus related to but distinct from the existing genus Raineya of beyond.

Ultraraineyella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Raineyella*, An existing genus; *Ultraraineyella*: A genus related to but distinct from the existing genus Raineyella of beyond.

Ultraralstonia

L. nan preposition *ultra*, beyond; L. fem. n. *Ralstonia*, An existing genus; *Ultraralstonia*: A genus related to but distinct from the existing genus Ralstonia of beyond.

Ultraramlibacter

L. nan preposition *ultra*, beyond; L. masc. n. *Ramlibacter*, An existing genus; *Ultraramlibacter*: A genus related to but distinct from the existing genus Ramlibacter of beyond.

Ultraramsaria

L. nan preposition *ultra*, beyond; L. fem. n. *Ramsaria*, An existing genus; *Ultraramsaria*: A genus related to but distinct from the existing genus Ramsaria of beyond.

Ultraraoultella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Raoultella*, An existing genus; *Ultraraoultella*: A genus related to but distinct from the existing genus Raoultella of beyond.

Ultrarariglobus

L. nan preposition *ultra*, beyond; L. masc. n. *Rariglobus*, An existing genus; *Ultrarariglobus*: A genus related to but distinct from the existing genus Rariglobus of beyond.

Ultrararimicrobium

L. nan preposition *ultra*, beyond; L. neut. n. *Rarimicrobium*, An existing genus; *Ultrararimicrobium*: A genus related to but distinct from the existing genus Rarimicrobium of beyond.

Ultrararobacter

L. nan preposition *ultra*, beyond; L. masc. n. *Rarobacter*, An existing genus; *Ultrararobacter*: A genus related to but distinct from the existing genus Rarobacter of beyond.

Ultrarathayibacter

L. nan preposition *ultra*, beyond; L. masc. n. *Rathayibacter*, An existing genus; *Ultrarathayibacter*: A genus related to but distinct from the existing genus Rathayibacter of beyond.

Ultraravibacter

L. nan preposition *ultra*, beyond; L. masc. n. *Ravibacter*, An existing genus; *Ultraravibacter*: A genus related to but distinct from the existing genus Ravibacter of beyond.

Ultrarectinema

L. nan preposition *ultra*, beyond; L. neut. n. *Rectinema*, An existing genus; *Ultrarectinema*: A genus related to but distinct from the existing genus Rectinema of beyond.

Ultrarehaibacterium

L. nan preposition *ultra*, beyond; L. neut. n. *Rehaibacterium*, An existing genus; *Ultrarehaibacterium*: A genus related to but distinct from the existing genus Rehaibacterium of beyond.

Ultrareichenbachia

L. nan preposition *ultra*, beyond; L. fem. n. *Reichenbachia*, An existing genus; *Ultrareichenbachia*: A genus related to but distinct from the existing genus Reichenbachia of beyond.

Ultrareichenbachiella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Reichenbachiella*, An existing genus; *Ultrareichenbachiella*: A genus related to but distinct from the existing genus Reichenbachiella of beyond.

Ultrareinekea

L. nan preposition *ultra*, beyond; L. fem. n. *Reinekea*, An existing genus; *Ultrareinekea*: A genus related to but distinct from the existing genus Reinekea of beyond.

Ultrarenibacterium

L. nan preposition *ultra*, beyond; L. neut. n. *Renibacterium*, An existing genus; *Ultrarenibacterium*: A genus related to but distinct from the existing genus Renibacterium of beyond.

Ultrareyranella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Reyranella*, An existing genus; *Ultrareyranella*: A genus related to but distinct from the existing genus Reyranella of beyond.

Ultrarhabdaerophilum

L. nan preposition *ultra*, beyond; L. neut. n. *Rhabdaerophilum*, An existing genus; *Ultrarhabdaerophilum*: A genus related to but distinct from the existing genus Rhabdaerophilum of beyond.

Ultrarhabdanaerobium

L. nan preposition *ultra*, beyond; L. neut. n. *Rhabdanaerobium*, An existing genus; *Ultrarhabdanaerobium*: A genus related to but distinct from the existing genus Rhabdanaerobium of beyond.

Ultrarhabdobacter

L. nan preposition *ultra*, beyond; L. masc. n. *Rhabdobacter*, An existing genus; *Ultrarhabdobacter*: A genus related to but distinct from the existing genus Rhabdobacter of beyond.

Ultrarhabdochromatium

L. nan preposition *ultra*, beyond; L. neut. n. *Rhabdochromatium*, An existing genus; *Ultrarhabdochromatium*: A genus related to but distinct from the existing genus Rhabdochromatium of beyond.

Ultrarheinheimera

L. nan preposition *ultra*, beyond; L. fem. n. *Rheinheimera*, An existing genus; *Ultrarheinheimera*: A genus related to but distinct from the existing genus Rheinheimera of beyond.

Ultrarhizobium

L. nan preposition *ultra*, beyond; L. neut. n. *Rhizobium*, An existing genus; *Ultrarhizobium*: A genus related to but distinct from the existing genus Rhizobium of beyond.

Ultrarhizocola

L. nan preposition *ultra*, beyond; L. masc. n. *Rhizocola*, An existing genus; *Ultrarhizocola*: A genus related to but distinct from the existing genus Rhizocola of beyond.

Ultrarhizomicrobium

L. nan preposition *ultra*, beyond; L. neut. n. *Rhizomicrobium*, An existing genus; *Ultrarhizomicrobium*: A genus related to but distinct from the existing genus Rhizomicrobium of beyond.

Ultrarhizomonas

L. nan preposition *ultra*, beyond; L. fem. n. *Rhizomonas*, An existing genus; *Ultrarhizomonas*: A genus related to but distinct from the existing genus Rhizomonas of beyond.

Ultrarhizorhabdus

L. nan preposition *ultra*, beyond; L. fem. n. *Rhizorhabdus*, An existing genus; *Ultrarhizorhabdus*: A genus related to but distinct from the existing genus Rhizorhabdus of beyond.

Ultrarhizorhapis

L. nan preposition *ultra*, beyond; L. fem. n. *Rhizorhapis*, An existing genus; *Ultrarhizorhapis*: A genus related to but distinct from the existing genus Rhizorhapis of beyond.

Ultrarhodanobacter

L. nan preposition *ultra*, beyond; L. masc. n. *Rhodanobacter*, An existing genus; *Ultrarhodanobacter*: A genus related to but distinct from the existing genus Rhodanobacter of beyond.

Ultrarhodobaca

L. nan preposition *ultra*, beyond; L. fem. n. *Rhodobaca*, An existing genus; *Ultrarhodobaca*: A genus related to but distinct from the existing genus Rhodobaca of beyond.

Ultrarhodobacter

L. nan preposition *ultra*, beyond; L. masc. n. *Rhodobacter*, An existing genus; *Ultrarhodobacter*: A genus related to but distinct from the existing genus Rhodobacter of beyond.

Ultrarhodobium

L. nan preposition *ultra*, beyond; L. neut. n. *Rhodobium*, An existing genus; *Ultrarhodobium*: A genus related to but distinct from the existing genus Rhodobium of beyond.

Ultrarhodoblastus

L. nan preposition *ultra*, beyond; L. masc. n. *Rhodoblastus*, An existing genus; *Ultrarhodoblastus*: A genus related to but distinct from the existing genus Rhodoblastus of beyond.

Ultrarhodocista

L. nan preposition *ultra*, beyond; L. fem. n. *Rhodocista*, An existing genus; *Ultrarhodocista*: A genus related to but distinct from the existing genus Rhodocista of beyond.

Ultrarhodococcus

L. nan preposition *ultra*, beyond; L. masc. n. *Rhodococcus*, An existing genus; *Ultrarhodococcus*: A genus related to but distinct from the existing genus Rhodococcus of beyond.

Ultrarhodocyclus

L. nan preposition *ultra*, beyond; L. masc. n. *Rhodocyclus*, An existing genus; *Ultrarhodocyclus*: A genus related to but distinct from the existing genus Rhodocyclus of beyond.

Ultrarhodocytophaga

L. nan preposition *ultra*, beyond; L. fem. n. *Rhodocytophaga*, An existing genus; *Ultrarhodocytophaga*: A genus related to but distinct from the existing genus Rhodocytophaga of beyond.

Ultrarhodoferax

L. nan preposition *ultra*, beyond; L. masc. n. *Rhodoferax*, An existing genus; *Ultrarhodoferax*: A genus related to but distinct from the existing genus Rhodoferax of beyond.

Ultrarhodoglobus

L. nan preposition *ultra*, beyond; L. masc. n. *Rhodoglobus*, An existing genus; *Ultrarhodoglobus*: A genus related to but distinct from the existing genus Rhodoglobus of beyond.

Ultrarhodohalobacter

L. nan preposition *ultra*, beyond; L. masc. n. *Rhodohalobacter*, An existing genus; *Ultrarhodohalobacter*: A genus related to but distinct from the existing genus Rhodohalobacter of beyond.

Ultrarhodoligotrophos

L. nan preposition *ultra*, beyond; L. masc. n. *Rhodoligotrophos*, An existing genus; *Ultrarhodoligotrophos*: A genus related to but distinct from the existing genus Rhodoligotrophos of beyond.

Ultrarhodoluna

L. nan preposition *ultra*, beyond; L. fem. n. *Rhodoluna*, An existing genus; *Ultrarhodoluna*: A genus related to but distinct from the existing genus Rhodoluna of beyond.

Ultrarhodomicrobium

L. nan preposition *ultra*, beyond; L. neut. n. *Rhodomicrobium*, An existing genus; *Ultrarhodomicrobium*: A genus related to but distinct from the existing genus Rhodomicrobium of beyond.

Ultrarhodonellum

L. nan preposition *ultra*, beyond; L. neut. dim. n. *Rhodonellum*, An existing genus; *Ultrarhodonellum*: A genus related to but distinct from the existing genus Rhodonellum of beyond.

Ultrarhodophyticola

L. nan preposition *ultra*, beyond; L. masc. n. *Rhodophyticola*, An existing genus; *Ultrarhodophyticola*: A genus related to but distinct from the existing genus Rhodophyticola of beyond.

Ultrarhodopila

L. nan preposition *ultra*, beyond; L. fem. n. *Rhodopila*, An existing genus; *Ultrarhodopila*: A genus related to but distinct from the existing genus Rhodopila of beyond.

Ultrarhodopirellula

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Rhodopirellula*, An existing genus; *Ultrarhodopirellula*: A genus related to but distinct from the existing genus Rhodopirellula of beyond.

Ultrarhodoplanes

L. nan preposition *ultra*, beyond; L. masc. n. *Rhodoplanes*, An existing genus; *Ultrarhodoplanes*: A genus related to but distinct from the existing genus Rhodoplanes of beyond.

Ultrarhodopseudomonas

L. nan preposition *ultra*, beyond; L. fem. n. *Rhodopseudomonas*, An existing genus; *Ultrarhodopseudomonas*: A genus related to but distinct from the existing genus Rhodopseudomonas of beyond.

Ultrarhodosalinus

L. nan preposition *ultra*, beyond; L. masc. n. *Rhodosalinus*, An existing genus; *Ultrarhodosalinus*: A genus related to but distinct from the existing genus Rhodosalinus of beyond.

Ultrarhodospira

L. nan preposition *ultra*, beyond; L. fem. n. *Rhodospira*, An existing genus; *Ultrarhodospira*: A genus related to but distinct from the existing genus Rhodospira of beyond.

Ultrarhodospirillum

L. nan preposition *ultra*, beyond; L. neut. dim. n. *Rhodospirillum*, An existing genus; *Ultrarhodospirillum*: A genus related to but distinct from the existing genus Rhodospirillum of beyond.

Ultrarhodothalassium

L. nan preposition *ultra*, beyond; L. neut. n. *Rhodothalassium*, An existing genus; *Ultrarhodothalassium*: A genus related to but distinct from the existing genus Rhodothalassium of beyond.

Ultrarhodothermus

L. nan preposition *ultra*, beyond; L. masc. n. *Rhodothermus*, An existing genus; *Ultrarhodothermus*: A genus related to but distinct from the existing genus Rhodothermus of beyond.

Ultrarhodovarius

L. nan preposition *ultra*, beyond; L. masc. n. *Rhodovarius*, An existing genus; *Ultrarhodovarius*: A genus related to but distinct from the existing genus Rhodovarius of beyond.

Ultrarhodovastum

L. nan preposition *ultra*, beyond; L. neut. n. *Rhodovastum*, An existing genus; *Ultrarhodovastum*: A genus related to but distinct from the existing genus Rhodovastum of beyond.

Ultrarhodovibrio

L. nan preposition *ultra*, beyond; L. masc. n. *Rhodovibrio*, An existing genus; *Ultrarhodovibrio*: A genus related to but distinct from the existing genus Rhodovibrio of beyond.

Ultrarhodovulum

L. nan preposition *ultra*, beyond; L. neut. n. *Rhodovulum*, An existing genus; *Ultrarhodovulum*: A genus related to but distinct from the existing genus Rhodovulum of beyond.

Ultrarickettsia

L. nan preposition *ultra*, beyond; L. fem. n. *Rickettsia*, An existing genus; *Ultrarickettsia*: A genus related to but distinct from the existing genus Rickettsia of beyond.

Ultrarickettsiella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Rickettsiella*, An existing genus; *Ultrarickettsiella*: A genus related to but distinct from the existing genus Rickettsiella of beyond.

Ultrariemerella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Riemerella*, An existing genus; *Ultrariemerella*: A genus related to but distinct from the existing genus Riemerella of beyond.

Ultrarikenella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Rikenella*, An existing genus; *Ultrarikenella*: A genus related to but distinct from the existing genus Rikenella of beyond.

Ultrarippkaea

L. nan preposition *ultra*, beyond; L. fem. n. *Rippkaea*, An existing genus; *Ultrarippkaea*: A genus related to but distinct from the existing genus Rippkaea of beyond.

Ultrarisungbinella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Risungbinella*, An existing genus; *Ultrarisungbinella*: A genus related to but distinct from the existing genus Risungbinella of beyond.

Ultrarivibacter

L. nan preposition *ultra*, beyond; L. masc. n. *Rivibacter*, An existing genus; *Ultrarivibacter*: A genus related to but distinct from the existing genus Rivibacter of beyond.

Ultrarivicola

L. nan preposition *ultra*, beyond; L. masc. n. *Rivicola*, An existing genus; *Ultrarivicola*: A genus related to but distinct from the existing genus Rivicola of beyond.

Ultrarivularia

L. nan preposition *ultra*, beyond; L. fem. n. *Rivularia*, An existing genus; *Ultrarivularia*: A genus related to but distinct from the existing genus Rivularia of beyond.

Ultrarobbsia

L. nan preposition *ultra*, beyond; L. fem. n. *Robbsia*, An existing genus; *Ultrarobbsia*: A genus related to but distinct from the existing genus Robbsia of beyond.

Ultrarobertkochia

L. nan preposition *ultra*, beyond; L. fem. n. *Robertkochia*, An existing genus; *Ultrarobertkochia*: A genus related to but distinct from the existing genus Robertkochia of beyond.

Ultrarobiginitalea

L. nan preposition *ultra*, beyond; L. fem. n. *Robiginitalea*, An existing genus; *Ultrarobiginitalea*: A genus related to but distinct from the existing genus Robiginitalea of beyond.

Ultrarobiginitomaculum

L. nan preposition *ultra*, beyond; L. neut. n. *Robiginitomaculum*, An existing genus; *Ultrarobiginitomaculum*: A genus related to but distinct from the existing genus Robiginitomaculum of beyond.

Ultrarobinsoniella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Robinsoniella*, An existing genus; *Ultrarobinsoniella*: A genus related to but distinct from the existing genus Robinsoniella of beyond.

Ultrarochalimaea

L. nan preposition *ultra*, beyond; L. fem. n. *Rochalimaea*, An existing genus; *Ultrarochalimaea*: A genus related to but distinct from the existing genus Rochalimaea of beyond.

Ultrarodentibacter

L. nan preposition *ultra*, beyond; L. masc. n. *Rodentibacter*, An existing genus; *Ultrarodentibacter*: A genus related to but distinct from the existing genus Rodentibacter of beyond.

Ultraroholtiella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Roholtiella*, An existing genus; *Ultraroholtiella*: A genus related to but distinct from the existing genus Roholtiella of beyond.

Ultraromboutsia

L. nan preposition *ultra*, beyond; L. fem. n. *Romboutsia*, An existing genus; *Ultraromboutsia*: A genus related to but distinct from the existing genus Romboutsia of beyond.

Ultraroseateles

L. nan preposition *ultra*, beyond; L. masc. n. *Roseateles*, An existing genus; *Ultraroseateles*: A genus related to but distinct from the existing genus Roseateles of beyond.

Ultraroseburia

L. nan preposition *ultra*, beyond; L. fem. n. *Roseburia*, An existing genus; *Ultraroseburia*: A genus related to but distinct from the existing genus Roseburia of beyond.

Ultraroseiarcus

L. nan preposition *ultra*, beyond; L. masc. n. *Roseiarcus*, An existing genus; *Ultraroseiarcus*: A genus related to but distinct from the existing genus Roseiarcus of beyond.

Ultraroseibaca

L. nan preposition *ultra*, beyond; L. fem. n. *Roseibaca*, An existing genus; *Ultraroseibaca*: A genus related to but distinct from the existing genus Roseibaca of beyond.

Ultraroseibacillus

L. nan preposition *ultra*, beyond; L. masc. n. *Roseibacillus*, An existing genus; *Ultraroseibacillus*: A genus related to but distinct from the existing genus Roseibacillus of beyond.

Ultraroseibacterium

L. nan preposition *ultra*, beyond; L. neut. n. *Roseibacterium*, An existing genus; *Ultraroseibacterium*: A genus related to but distinct from the existing genus Roseibacterium of beyond.

Ultraroseibacula

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Roseibacula*, An existing genus; *Ultraroseibacula*: A genus related to but distinct from the existing genus Roseibacula of beyond.

Ultraroseibium

L. nan preposition *ultra*, beyond; L. neut. n. *Roseibium*, An existing genus; *Ultraroseibium*: A genus related to but distinct from the existing genus Roseibium of beyond.

Ultraroseicella

L. nan preposition *ultra*, beyond; L. fem. n. *Roseicella*, An existing genus; *Ultraroseicella*: A genus related to but distinct from the existing genus Roseicella of beyond.

Ultraroseicitreum

L. nan preposition *ultra*, beyond; L. neut. n. *Roseicitreum*, An existing genus; *Ultraroseicitreum*: A genus related to but distinct from the existing genus Roseicitreum of beyond.

Ultraroseicyclus

L. nan preposition *ultra*, beyond; L. masc. n. *Roseicyclus*, An existing genus; *Ultraroseicyclus*: A genus related to but distinct from the existing genus Roseicyclus of beyond.

Ultraroseiflexus

L. nan preposition *ultra*, beyond; L. masc. n. *Roseiflexus*, An existing genus; *Ultraroseiflexus*: A genus related to but distinct from the existing genus Roseiflexus of beyond.

Ultraroseimarinus

L. nan preposition *ultra*, beyond; L. masc. n. *Roseimarinus*, An existing genus; *Ultraroseimarinus*: A genus related to but distinct from the existing genus Roseimarinus of beyond.

Ultraroseimaritima

L. nan preposition *ultra*, beyond; L. fem. n. *Roseimaritima*, An existing genus; *Ultraroseimaritima*: A genus related to but distinct from the existing genus Roseimaritima of beyond.

Ultraroseimicrobium

L. nan preposition *ultra*, beyond; L. neut. n. *Roseimicrobium*, An existing genus; *Ultraroseimicrobium*: A genus related to but distinct from the existing genus Roseimicrobium of beyond.

Ultraroseinatronobacter

L. nan preposition *ultra*, beyond; L. masc. n. *Roseinatronobacter*, An existing genus; *Ultraroseinatronobacter*: A genus related to but distinct from the existing genus Roseinatronobacter of beyond.

Ultraroseisalinus

L. nan preposition *ultra*, beyond; L. masc. n. *Roseisalinus*, An existing genus; *Ultraroseisalinus*: A genus related to but distinct from the existing genus Roseisalinus of beyond.

Ultraroseisolibacter

L. nan preposition *ultra*, beyond; L. masc. n. *Roseisolibacter*, An existing genus; *Ultraroseisolibacter*: A genus related to but distinct from the existing genus Roseisolibacter of beyond.

Ultraroseitalea

L. nan preposition *ultra*, beyond; L. fem. n. *Roseitalea*, An existing genus; *Ultraroseitalea*: A genus related to but distinct from the existing genus Roseitalea of beyond.

Ultraroseithermus

L. nan preposition *ultra*, beyond; L. masc. n. *Roseithermus*, An existing genus; *Ultraroseithermus*: A genus related to but distinct from the existing genus Roseithermus of beyond.

Ultraroseivirga

L. nan preposition *ultra*, beyond; L. fem. n. *Roseivirga*, An existing genus; *Ultraroseivirga*: A genus related to but distinct from the existing genus Roseivirga of beyond.

Ultraroseivivax

L. nan preposition *ultra*, beyond; L. masc. n. *Roseivivax*, An existing genus; *Ultraroseivivax*: A genus related to but distinct from the existing genus Roseivivax of beyond.

Ultrarosenbergiella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Rosenbergiella*, An existing genus; *Ultrarosenbergiella*: A genus related to but distinct from the existing genus Rosenbergiella of beyond.

Ultraroseobacter

L. nan preposition *ultra*, beyond; L. masc. n. *Roseobacter*, An existing genus; *Ultraroseobacter*: A genus related to but distinct from the existing genus Roseobacter of beyond.

Ultraroseococcus

L. nan preposition *ultra*, beyond; L. masc. n. *Roseococcus*, An existing genus; *Ultraroseococcus*: A genus related to but distinct from the existing genus Roseococcus of beyond.

Ultraroseofilum

L. nan preposition *ultra*, beyond; L. neut. n. *Roseofilum*, An existing genus; *Ultraroseofilum*: A genus related to but distinct from the existing genus Roseofilum of beyond.

Ultraroseomonas

L. nan preposition *ultra*, beyond; L. fem. n. *Roseomonas*, An existing genus; *Ultraroseomonas*: A genus related to but distinct from the existing genus Roseomonas of beyond.

Ultraroseospira

L. nan preposition *ultra*, beyond; L. fem. n. *Roseospira*, An existing genus; *Ultraroseospira*: A genus related to but distinct from the existing genus Roseospira of beyond.

Ultraroseospirillum

L. nan preposition *ultra*, beyond; L. neut. dim. n. *Roseospirillum*, An existing genus; *Ultraroseospirillum*: A genus related to but distinct from the existing genus Roseospirillum of beyond.

Ultraroseovarius

L. nan preposition *ultra*, beyond; L. masc. n. *Roseovarius*, An existing genus; *Ultraroseovarius*: A genus related to but distinct from the existing genus Roseovarius of beyond.

Ultrarosistilla

L. nan preposition *ultra*, beyond; L. fem. n. *Rosistilla*, An existing genus; *Ultrarosistilla*: A genus related to but distinct from the existing genus Rosistilla of beyond.

Ultrarothia

L. nan preposition *ultra*, beyond; L. fem. n. *Rothia*, An existing genus; *Ultrarothia*: A genus related to but distinct from the existing genus Rothia of beyond.

Ultrarouxiella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Rouxiella*, An existing genus; *Ultrarouxiella*: A genus related to but distinct from the existing genus Rouxiella of beyond.

Ultraruania

L. nan preposition *ultra*, beyond; L. fem. n. *Ruania*, An existing genus; *Ultraruania*: A genus related to but distinct from the existing genus Ruania of beyond.

Ultrarubellimicrobium

L. nan preposition *ultra*, beyond; L. neut. n. *Rubellimicrobium*, An existing genus; *Ultrarubellimicrobium*: A genus related to but distinct from the existing genus Rubellimicrobium of beyond.

Ultrarubeoparvulum

L. nan preposition *ultra*, beyond; L. neut. n. *Rubeoparvulum*, An existing genus; *Ultrarubeoparvulum*: A genus related to but distinct from the existing genus Rubeoparvulum of beyond.

Ultrarubidibacter

L. nan preposition *ultra*, beyond; L. masc. n. *Rubidibacter*, An existing genus; *Ultrarubidibacter*: A genus related to but distinct from the existing genus Rubidibacter of beyond.

Ultrarubidimonas

L. nan preposition *ultra*, beyond; L. fem. n. *Rubidimonas*, An existing genus; *Ultrarubidimonas*: A genus related to but distinct from the existing genus Rubidimonas of beyond.

Ultrarubinisphaera

L. nan preposition *ultra*, beyond; L. fem. n. *Rubinisphaera*, An existing genus; *Ultrarubinisphaera*: A genus related to but distinct from the existing genus Rubinisphaera of beyond.

Ultrarubneribacter

L. nan preposition *ultra*, beyond; L. masc. n. *Rubneribacter*, An existing genus; *Ultrarubneribacter*: A genus related to but distinct from the existing genus Rubneribacter of beyond.

Ultrarubribacterium

L. nan preposition *ultra*, beyond; L. neut. n. *Rubribacterium*, An existing genus; *Ultrarubribacterium*: A genus related to but distinct from the existing genus Rubribacterium of beyond.

Ultrarubricella

L. nan preposition *ultra*, beyond; L. fem. n. *Rubricella*, An existing genus; *Ultrarubricella*: A genus related to but distinct from the existing genus Rubricella of beyond.

Ultrarubricoccus

L. nan preposition *ultra*, beyond; L. masc. n. *Rubricoccus*, An existing genus; *Ultrarubricoccus*: A genus related to but distinct from the existing genus Rubricoccus of beyond.

Ultrarubrimonas

L. nan preposition *ultra*, beyond; L. fem. n. *Rubrimonas*, An existing genus; *Ultrarubrimonas*: A genus related to but distinct from the existing genus Rubrimonas of beyond.

Ultrarubripirellula

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Rubripirellula*, An existing genus; *Ultrarubripirellula*: A genus related to but distinct from the existing genus Rubripirellula of beyond.

Ultrarubritalea

L. nan preposition *ultra*, beyond; L. fem. n. *Rubritalea*, An existing genus; *Ultrarubritalea*: A genus related to but distinct from the existing genus Rubritalea of beyond.

Ultrarubritepida

L. nan preposition *ultra*, beyond; L. fem. n. *Rubritepida*, An existing genus; *Ultrarubritepida*: A genus related to but distinct from the existing genus Rubritepida of beyond.

Ultrarubrivirga

L. nan preposition *ultra*, beyond; L. fem. n. *Rubrivirga*, An existing genus; *Ultrarubrivirga*: A genus related to but distinct from the existing genus Rubrivirga of beyond.

Ultrarubrivivax

L. nan preposition *ultra*, beyond; L. masc. n. *Rubrivivax*, An existing genus; *Ultrarubrivivax*: A genus related to but distinct from the existing genus Rubrivivax of beyond.

Ultrarubrobacter

L. nan preposition *ultra*, beyond; L. masc. n. *Rubrobacter*, An existing genus; *Ultrarubrobacter*: A genus related to but distinct from the existing genus Rubrobacter of beyond.

Ultrarudaea

L. nan preposition *ultra*, beyond; L. fem. n. *Rudaea*, An existing genus; *Ultrarudaea*: A genus related to but distinct from the existing genus Rudaea of beyond.

Ultrarudaeicoccus

L. nan preposition *ultra*, beyond; L. masc. n. *Rudaeicoccus*, An existing genus; *Ultrarudaeicoccus*: A genus related to but distinct from the existing genus Rudaeicoccus of beyond.

Ultrarudaibacter

L. nan preposition *ultra*, beyond; L. masc. n. *Rudaibacter*, An existing genus; *Ultrarudaibacter*: A genus related to but distinct from the existing genus Rudaibacter of beyond.

Ultrarudanella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Rudanella*, An existing genus; *Ultrarudanella*: A genus related to but distinct from the existing genus Rudanella of beyond.

Ultraruegeria

L. nan preposition *ultra*, beyond; L. fem. n. *Ruegeria*, An existing genus; *Ultraruegeria*: A genus related to but distinct from the existing genus Ruegeria of beyond.

Ultrarufibacter

L. nan preposition *ultra*, beyond; L. masc. n. *Rufibacter*, An existing genus; *Ultrarufibacter*: A genus related to but distinct from the existing genus Rufibacter of beyond.

Ultraruficoccus

L. nan preposition *ultra*, beyond; L. masc. n. *Ruficoccus*, An existing genus; *Ultraruficoccus*: A genus related to but distinct from the existing genus Ruficoccus of beyond.

Ultrarugamonas

L. nan preposition *ultra*, beyond; L. fem. n. *Rugamonas*, An existing genus; *Ultrarugamonas*: A genus related to but distinct from the existing genus Rugamonas of beyond.

Ultrarugosibacter

L. nan preposition *ultra*, beyond; L. masc. n. *Rugosibacter*, An existing genus; *Ultrarugosibacter*: A genus related to but distinct from the existing genus Rugosibacter of beyond.

Ultrarugosimonospora

L. nan preposition *ultra*, beyond; L. fem. n. *Rugosimonospora*, An existing genus; *Ultrarugosimonospora*: A genus related to but distinct from the existing genus Rugosimonospora of beyond.

Ultraruminiclostridium

L. nan preposition *ultra*, beyond; L. neut. dim. n. *Ruminiclostridium*, An existing genus; *Ultraruminiclostridium*: A genus related to but distinct from the existing genus Ruminiclostridium of beyond.

Ultraruminobacter

L. nan preposition *ultra*, beyond; L. masc. n. *Ruminobacter*, An existing genus; *Ultraruminobacter*: A genus related to but distinct from the existing genus Ruminobacter of beyond.

Ultraruminococcus

L. nan preposition *ultra*, beyond; L. masc. n. *Ruminococcus*, An existing genus; *Ultraruminococcus*: A genus related to but distinct from the existing genus Ruminococcus of beyond.

Ultrarummeliibacillus

L. nan preposition *ultra*, beyond; L. masc. n. *Rummeliibacillus*, An existing genus; *Ultrarummeliibacillus*: A genus related to but distinct from the existing genus Rummeliibacillus of beyond.

Ultrarunella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Runella*, An existing genus; *Ultrarunella*: A genus related to but distinct from the existing genus Runella of beyond.

Ultrarurimicrobium

L. nan preposition *ultra*, beyond; L. neut. n. *Rurimicrobium*, An existing genus; *Ultrarurimicrobium*: A genus related to but distinct from the existing genus Rurimicrobium of beyond.

Ultraruthenibacterium

L. nan preposition *ultra*, beyond; L. neut. n. *Ruthenibacterium*, An existing genus; *Ultraruthenibacterium*: A genus related to but distinct from the existing genus Ruthenibacterium of beyond.

Ultrasabulilitoribacter

L. nan preposition *ultra*, beyond; L. masc. n. *Sabulilitoribacter*, An existing genus; *Ultrasabulilitoribacter*: A genus related to but distinct from the existing genus Sabulilitoribacter of beyond.

Ultrasaccharedens

L. nan preposition *ultra*, beyond; L. masc. n. *Saccharedens*, An existing genus; *Ultrasaccharedens*: A genus related to but distinct from the existing genus Saccharedens of beyond.

Ultrasaccharibacillus

L. nan preposition *ultra*, beyond; L. masc. n. *Saccharibacillus*, An existing genus; *Ultrasaccharibacillus*: A genus related to but distinct from the existing genus Saccharibacillus of beyond.

Ultrasaccharibacter

L. nan preposition *ultra*, beyond; L. masc. n. *Saccharibacter*, An existing genus; *Ultrasaccharibacter*: A genus related to but distinct from the existing genus Saccharibacter of beyond.

Ultrasaccharococcus

L. nan preposition *ultra*, beyond; L. masc. n. *Saccharococcus*, An existing genus; *Ultrasaccharococcus*: A genus related to but distinct from the existing genus Saccharococcus of beyond.

Ultrasaccharofermentans

L. nan preposition *ultra*, beyond; L. neut. n. *Saccharofermentans*, An existing genus; *Ultrasaccharofermentans*: A genus related to but distinct from the existing genus Saccharofermentans of beyond.

Ultrasaccharolobus

L. nan preposition *ultra*, beyond; L. masc. n. *Saccharolobus*, An existing genus; *Ultrasaccharolobus*: A genus related to but distinct from the existing genus Saccharolobus of beyond.

Ultrasaccharomonospora

L. nan preposition *ultra*, beyond; L. fem. n. *Saccharomonospora*, An existing genus; *Ultrasaccharomonospora*: A genus related to but distinct from the existing genus Saccharomonospora of beyond.

Ultrasaccharophagus

L. nan preposition *ultra*, beyond; L. masc. n. *Saccharophagus*, An existing genus; *Ultrasaccharophagus*: A genus related to but distinct from the existing genus Saccharophagus of beyond.

Ultrasaccharopolyspora

L. nan preposition *ultra*, beyond; L. fem. n. *Saccharopolyspora*, An existing genus; *Ultrasaccharopolyspora*: A genus related to but distinct from the existing genus Saccharopolyspora of beyond.

Ultrasaccharospirillum

L. nan preposition *ultra*, beyond; L. neut. dim. n. *Saccharospirillum*, An existing genus; *Ultrasaccharospirillum*: A genus related to but distinct from the existing genus Saccharospirillum of beyond.

Ultrasaezia

L. nan preposition *ultra*, beyond; L. fem. n. *Saezia*, An existing genus; *Ultrasaezia*: A genus related to but distinct from the existing genus Saezia of beyond.

Ultrasalana

L. nan preposition *ultra*, beyond; L. fem. n. *Salana*, An existing genus; *Ultrasalana*: A genus related to but distinct from the existing genus Salana of beyond.

Ultrasalaquimonas

L. nan preposition *ultra*, beyond; L. fem. n. *Salaquimonas*, An existing genus; *Ultrasalaquimonas*: A genus related to but distinct from the existing genus Salaquimonas of beyond.

Ultrasalarchaeum

L. nan preposition *ultra*, beyond; L. neut. n. *Salarchaeum*, An existing genus; *Ultrasalarchaeum*: A genus related to but distinct from the existing genus Salarchaeum of beyond.

Ultrasalegentibacter

L. nan preposition *ultra*, beyond; L. masc. n. *Salegentibacter*, An existing genus; *Ultrasalegentibacter*: A genus related to but distinct from the existing genus Salegentibacter of beyond.

Ultrasalibacillus

L. nan preposition *ultra*, beyond; L. masc. n. *Salibacillus*, An existing genus; *Ultrasalibacillus*: A genus related to but distinct from the existing genus Salibacillus of beyond.

Ultrasalibacter

L. nan preposition *ultra*, beyond; L. masc. n. *Salibacter*, An existing genus; *Ultrasalibacter*: A genus related to but distinct from the existing genus Salibacter of beyond.

Ultrasalicibibacter

L. nan preposition *ultra*, beyond; L. masc. n. *Salicibibacter*, An existing genus; *Ultrasalicibibacter*: A genus related to but distinct from the existing genus Salicibibacter of beyond.

Ultrasalicola

L. nan preposition *ultra*, beyond; L. masc. n. *Salicola*, An existing genus; *Ultrasalicola*: A genus related to but distinct from the existing genus Salicola of beyond.

Ultrasalilacibacter

L. nan preposition *ultra*, beyond; L. masc. n. *Salilacibacter*, An existing genus; *Ultrasalilacibacter*: A genus related to but distinct from the existing genus Salilacibacter of beyond.

Ultrasalileptolyngbya

L. nan preposition *ultra*, beyond; L. fem. n. *Salileptolyngbya*, An existing genus; *Ultrasalileptolyngbya*: A genus related to but distinct from the existing genus Salileptolyngbya of beyond.

Ultrasalimesophilobacter

L. nan preposition *ultra*, beyond; L. masc. n. *Salimesophilobacter*, An existing genus; *Ultrasalimesophilobacter*: A genus related to but distinct from the existing genus Salimesophilobacter of beyond.

Ultrasalimicrobium

L. nan preposition *ultra*, beyond; L. neut. n. *Salimicrobium*, An existing genus; *Ultrasalimicrobium*: A genus related to but distinct from the existing genus Salimicrobium of beyond.

Ultrasalinactinospora

L. nan preposition *ultra*, beyond; L. fem. n. *Salinactinospora*, An existing genus; *Ultrasalinactinospora*: A genus related to but distinct from the existing genus Salinactinospora of beyond.

Ultrasalinarchaeum

L. nan preposition *ultra*, beyond; L. neut. n. *Salinarchaeum*, An existing genus; *Ultrasalinarchaeum*: A genus related to but distinct from the existing genus Salinarchaeum of beyond.

Ultrasalinibacillus

L. nan preposition *ultra*, beyond; L. masc. n. *Salinibacillus*, An existing genus; *Ultrasalinibacillus*: A genus related to but distinct from the existing genus Salinibacillus of beyond.

Ultrasalinibacter

L. nan preposition *ultra*, beyond; L. masc. n. *Salinibacter*, An existing genus; *Ultrasalinibacter*: A genus related to but distinct from the existing genus Salinibacter of beyond.

Ultrasalinibacterium

L. nan preposition *ultra*, beyond; L. neut. n. *Salinibacterium*, An existing genus; *Ultrasalinibacterium*: A genus related to but distinct from the existing genus Salinibacterium of beyond.

Ultrasalinibaculum

L. nan preposition *ultra*, beyond; L. neut. n. *Salinibaculum*, An existing genus; *Ultrasalinibaculum*: A genus related to but distinct from the existing genus Salinibaculum of beyond.

Ultrasalinibius

L. nan preposition *ultra*, beyond; L. masc. n. *Salinibius*, An existing genus; *Ultrasalinibius*: A genus related to but distinct from the existing genus Salinibius of beyond.

Ultrasalinicoccus

L. nan preposition *ultra*, beyond; L. masc. n. *Salinicoccus*, An existing genus; *Ultrasalinicoccus*: A genus related to but distinct from the existing genus Salinicoccus of beyond.

Ultrasalinicola

L. nan preposition *ultra*, beyond; L. masc. n. *Salinicola*, An existing genus; *Ultrasalinicola*: A genus related to but distinct from the existing genus Salinicola of beyond.

Ultrasalinifilum

L. nan preposition *ultra*, beyond; L. neut. n. *Salinifilum*, An existing genus; *Ultrasalinifilum*: A genus related to but distinct from the existing genus Salinifilum of beyond.

Ultrasalinigranum

L. nan preposition *ultra*, beyond; L. neut. n. *Salinigranum*, An existing genus; *Ultrasalinigranum*: A genus related to but distinct from the existing genus Salinigranum of beyond.

Ultrasalinihabitans

L. nan preposition *ultra*, beyond; L. masc. n. *Salinihabitans*, An existing genus; *Ultrasalinihabitans*: A genus related to but distinct from the existing genus Salinihabitans of beyond.

Ultrasalinimicrobium

L. nan preposition *ultra*, beyond; L. neut. n. *Salinimicrobium*, An existing genus; *Ultrasalinimicrobium*: A genus related to but distinct from the existing genus Salinimicrobium of beyond.

Ultrasalinimonas

L. nan preposition *ultra*, beyond; L. fem. n. *Salinimonas*, An existing genus; *Ultrasalinimonas*: A genus related to but distinct from the existing genus Salinimonas of beyond.

Ultrasalininema

L. nan preposition *ultra*, beyond; L. neut. n. *Salininema*, An existing genus; *Ultrasalininema*: A genus related to but distinct from the existing genus Salininema of beyond.

Ultrasaliniradius

L. nan preposition *ultra*, beyond; L. masc. n. *Saliniradius*, An existing genus; *Ultrasaliniradius*: A genus related to but distinct from the existing genus Saliniradius of beyond.

Ultrasalinirepens

L. nan preposition *ultra*, beyond; L. masc. n. *Salinirepens*, An existing genus; *Ultrasalinirepens*: A genus related to but distinct from the existing genus Salinirepens of beyond.

Ultrasalinirubellus

L. nan preposition *ultra*, beyond; L. masc. n. *Salinirubellus*, An existing genus; *Ultrasalinirubellus*: A genus related to but distinct from the existing genus Salinirubellus of beyond.

Ultrasalinirussus

L. nan preposition *ultra*, beyond; L. masc. n. *Salinirussus*, An existing genus; *Ultrasalinirussus*: A genus related to but distinct from the existing genus Salinirussus of beyond.

Ultrasalinisphaera

L. nan preposition *ultra*, beyond; L. fem. n. *Salinisphaera*, An existing genus; *Ultrasalinisphaera*: A genus related to but distinct from the existing genus Salinisphaera of beyond.

Ultrasalinispira

L. nan preposition *ultra*, beyond; L. fem. n. *Salinispira*, An existing genus; *Ultrasalinispira*: A genus related to but distinct from the existing genus Salinispira of beyond.

Ultrasalinispirillum

L. nan preposition *ultra*, beyond; L. neut. dim. n. *Salinispirillum*, An existing genus; *Ultrasalinispirillum*: A genus related to but distinct from the existing genus Salinispirillum of beyond.

Ultrasalinispora

L. nan preposition *ultra*, beyond; L. fem. n. *Salinispora*, An existing genus; *Ultrasalinispora*: A genus related to but distinct from the existing genus Salinispora of beyond.

Ultrasalinithrix

L. nan preposition *ultra*, beyond; L. fem. n. *Salinithrix*, An existing genus; *Ultrasalinithrix*: A genus related to but distinct from the existing genus Salinithrix of beyond.

Ultrasalinivenus

L. nan preposition *ultra*, beyond; L. fem. n. *Salinivenus*, An existing genus; *Ultrasalinivenus*: A genus related to but distinct from the existing genus Salinivenus of beyond.

Ultrasalinivibrio

L. nan preposition *ultra*, beyond; L. masc. n. *Salinivibrio*, An existing genus; *Ultrasalinivibrio*: A genus related to but distinct from the existing genus Salinivibrio of beyond.

Ultrasalinivirga

L. nan preposition *ultra*, beyond; L. fem. n. *Salinivirga*, An existing genus; *Ultrasalinivirga*: A genus related to but distinct from the existing genus Salinivirga of beyond.

Ultrasalinovum

L. nan preposition *ultra*, beyond; L. neut. n. *Salinovum*, An existing genus; *Ultrasalinovum*: A genus related to but distinct from the existing genus Salinovum of beyond.

Ultrasaliphagus

L. nan preposition *ultra*, beyond; L. masc. n. *Saliphagus*, An existing genus; *Ultrasaliphagus*: A genus related to but distinct from the existing genus Saliphagus of beyond.

Ultrasalipiger

L. nan preposition *ultra*, beyond; L. masc. n. *Salipiger*, An existing genus; *Ultrasalipiger*: A genus related to but distinct from the existing genus Salipiger of beyond.

Ultrasalisaeta

L. nan preposition *ultra*, beyond; L. fem. n. *Salisaeta*, An existing genus; *Ultrasalisaeta*: A genus related to but distinct from the existing genus Salisaeta of beyond.

Ultrasalisediminibacterium

L. nan preposition *ultra*, beyond; L. neut. n. *Salisediminibacterium*, An existing genus; *Ultrasalisediminibacterium*: A genus related to but distinct from the existing genus Salisediminibacterium of beyond.

Ultrasaliterribacillus

L. nan preposition *ultra*, beyond; L. masc. n. *Saliterribacillus*, An existing genus; *Ultrasaliterribacillus*: A genus related to but distinct from the existing genus Saliterribacillus of beyond.

Ultrasalmonella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Salmonella*, An existing genus; *Ultrasalmonella*: A genus related to but distinct from the existing genus Salmonella of beyond.

Ultrasalsuginibacillus

L. nan preposition *ultra*, beyond; L. masc. n. *Salsuginibacillus*, An existing genus; *Ultrasalsuginibacillus*: A genus related to but distinct from the existing genus Salsuginibacillus of beyond.

Ultrasalsuginimonas

L. nan preposition *ultra*, beyond; L. fem. n. *Salsuginimonas*, An existing genus; *Ultrasalsuginimonas*: A genus related to but distinct from the existing genus Salsuginimonas of beyond.

Ultrasamsonia

L. nan preposition *ultra*, beyond; L. fem. n. *Samsonia*, An existing genus; *Ultrasamsonia*: A genus related to but distinct from the existing genus Samsonia of beyond.

Ultrasandaracinobacter

L. nan preposition *ultra*, beyond; L. masc. n. *Sandaracinobacter*, An existing genus; *Ultrasandaracinobacter*: A genus related to but distinct from the existing genus Sandaracinobacter of beyond.

Ultrasandaracinomonas

L. nan preposition *ultra*, beyond; L. fem. n. *Sandaracinomonas*, An existing genus; *Ultrasandaracinomonas*: A genus related to but distinct from the existing genus Sandaracinomonas of beyond.

Ultrasandaracinus

L. nan preposition *ultra*, beyond; L. masc. n. *Sandaracinus*, An existing genus; *Ultrasandaracinus*: A genus related to but distinct from the existing genus Sandaracinus of beyond.

Ultrasandarakinorhabdus

L. nan preposition *ultra*, beyond; L. fem. n. *Sandarakinorhabdus*, An existing genus; *Ultrasandarakinorhabdus*: A genus related to but distinct from the existing genus Sandarakinorhabdus of beyond.

Ultrasandarakinotalea

L. nan preposition *ultra*, beyond; L. fem. n. *Sandarakinotalea*, An existing genus; *Ultrasandarakinotalea*: A genus related to but distinct from the existing genus Sandarakinotalea of beyond.

Ultrasansalvadorimonas

L. nan preposition *ultra*, beyond; L. fem. n. *Sansalvadorimonas*, An existing genus; *Ultrasansalvadorimonas*: A genus related to but distinct from the existing genus Sansalvadorimonas of beyond.

Ultrasaonia

L. nan preposition *ultra*, beyond; L. fem. n. *Saonia*, An existing genus; *Ultrasaonia*: A genus related to but distinct from the existing genus Saonia of beyond.

Ultrasaprospira

L. nan preposition *ultra*, beyond; L. fem. n. *Saprospira*, An existing genus; *Ultrasaprospira*: A genus related to but distinct from the existing genus Saprospira of beyond.

Ultrasarcina

L. nan preposition *ultra*, beyond; L. fem. n. *Sarcina*, An existing genus; *Ultrasarcina*: A genus related to but distinct from the existing genus Sarcina of beyond.

Ultrasarcobium

L. nan preposition *ultra*, beyond; L. neut. n. *Sarcobium*, An existing genus; *Ultrasarcobium*: A genus related to but distinct from the existing genus Sarcobium of beyond.

Ultrasavagea

L. nan preposition *ultra*, beyond; L. fem. n. *Savagea*, An existing genus; *Ultrasavagea*: A genus related to but distinct from the existing genus Savagea of beyond.

Ultrasaxeibacter

L. nan preposition *ultra*, beyond; L. masc. n. *Saxeibacter*, An existing genus; *Ultrasaxeibacter*: A genus related to but distinct from the existing genus Saxeibacter of beyond.

Ultrascandinavium

L. nan preposition *ultra*, beyond; L. neut. n. *Scandinavium*, An existing genus; *Ultrascandinavium*: A genus related to but distinct from the existing genus Scandinavium of beyond.

Ultrascardovia

L. nan preposition *ultra*, beyond; L. fem. n. *Scardovia*, An existing genus; *Ultrascardovia*: A genus related to but distinct from the existing genus Scardovia of beyond.

Ultraschaalia

L. nan preposition *ultra*, beyond; L. fem. n. *Schaalia*, An existing genus; *Ultraschaalia*: A genus related to but distinct from the existing genus Schaalia of beyond.

Ultraschaedlerella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Schaedlerella*, An existing genus; *Ultraschaedlerella*: A genus related to but distinct from the existing genus Schaedlerella of beyond.

Ultraschineria

L. nan preposition *ultra*, beyond; L. fem. n. *Schineria*, An existing genus; *Ultraschineria*: A genus related to but distinct from the existing genus Schineria of beyond.

Ultraschlegelella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Schlegelella*, An existing genus; *Ultraschlegelella*: A genus related to but distinct from the existing genus Schlegelella of beyond.

Ultraschleiferella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Schleiferella*, An existing genus; *Ultraschleiferella*: A genus related to but distinct from the existing genus Schleiferella of beyond.

Ultraschleiferia

L. nan preposition *ultra*, beyond; L. fem. n. *Schleiferia*, An existing genus; *Ultraschleiferia*: A genus related to but distinct from the existing genus Schleiferia of beyond.

Ultraschleiferilactobacillus

L. nan preposition *ultra*, beyond; L. masc. n. *Schleiferilactobacillus*, An existing genus; *Ultraschleiferilactobacillus*: A genus related to but distinct from the existing genus Schleiferilactobacillus of beyond.

Ultraschlesneria

L. nan preposition *ultra*, beyond; L. fem. n. *Schlesneria*, An existing genus; *Ultraschlesneria*: A genus related to but distinct from the existing genus Schlesneria of beyond.

Ultraschnuerera

L. nan preposition *ultra*, beyond; L. fem. n. *Schnuerera*, An existing genus; *Ultraschnuerera*: A genus related to but distinct from the existing genus Schnuerera of beyond.

Ultraschumannella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Schumannella*, An existing genus; *Ultraschumannella*: A genus related to but distinct from the existing genus Schumannella of beyond.

Ultraschwartzia

L. nan preposition *ultra*, beyond; L. fem. n. *Schwartzia*, An existing genus; *Ultraschwartzia*: A genus related to but distinct from the existing genus Schwartzia of beyond.

Ultrasciscionella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Sciscionella*, An existing genus; *Ultrasciscionella*: A genus related to but distinct from the existing genus Sciscionella of beyond.

Ultrascopulibacillus

L. nan preposition *ultra*, beyond; L. masc. n. *Scopulibacillus*, An existing genus; *Ultrascopulibacillus*: A genus related to but distinct from the existing genus Scopulibacillus of beyond.

Ultrascytolyngbya

L. nan preposition *ultra*, beyond; L. fem. n. *Scytolyngbya*, An existing genus; *Ultrascytolyngbya*: A genus related to but distinct from the existing genus Scytolyngbya of beyond.

Ultrasebaldella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Sebaldella*, An existing genus; *Ultrasebaldella*: A genus related to but distinct from the existing genus Sebaldella of beyond.

Ultrasecundilactobacillus

L. nan preposition *ultra*, beyond; L. masc. n. *Secundilactobacillus*, An existing genus; *Ultrasecundilactobacillus*: A genus related to but distinct from the existing genus Secundilactobacillus of beyond.

Ultrasedimentibacter

L. nan preposition *ultra*, beyond; L. masc. n. *Sedimentibacter*, An existing genus; *Ultrasedimentibacter*: A genus related to but distinct from the existing genus Sedimentibacter of beyond.

Ultrasedimenticola

L. nan preposition *ultra*, beyond; L. masc. n. *Sedimenticola*, An existing genus; *Ultrasedimenticola*: A genus related to but distinct from the existing genus Sedimenticola of beyond.

Ultrasedimentisphaera

L. nan preposition *ultra*, beyond; L. fem. n. *Sedimentisphaera*, An existing genus; *Ultrasedimentisphaera*: A genus related to but distinct from the existing genus Sedimentisphaera of beyond.

Ultrasedimentitalea

L. nan preposition *ultra*, beyond; L. fem. n. *Sedimentitalea*, An existing genus; *Ultrasedimentitalea*: A genus related to but distinct from the existing genus Sedimentitalea of beyond.

Ultrasediminibacillus

L. nan preposition *ultra*, beyond; L. masc. n. *Sediminibacillus*, An existing genus; *Ultrasediminibacillus*: A genus related to but distinct from the existing genus Sediminibacillus of beyond.

Ultrasediminibacter

L. nan preposition *ultra*, beyond; L. masc. n. *Sediminibacter*, An existing genus; *Ultrasediminibacter*: A genus related to but distinct from the existing genus Sediminibacter of beyond.

Ultrasediminibacterium

L. nan preposition *ultra*, beyond; L. neut. n. *Sediminibacterium*, An existing genus; *Ultrasediminibacterium*: A genus related to but distinct from the existing genus Sediminibacterium of beyond.

Ultrasediminicoccus

L. nan preposition *ultra*, beyond; L. masc. n. *Sediminicoccus*, An existing genus; *Ultrasediminicoccus*: A genus related to but distinct from the existing genus Sediminicoccus of beyond.

Ultrasediminicola

L. nan preposition *ultra*, beyond; L. masc. n. *Sediminicola*, An existing genus; *Ultrasediminicola*: A genus related to but distinct from the existing genus Sediminicola of beyond.

Ultrasediminihabitans

L. nan preposition *ultra*, beyond; L. masc. n. *Sediminihabitans*, An existing genus; *Ultrasediminihabitans*: A genus related to but distinct from the existing genus Sediminihabitans of beyond.

Ultrasediminimonas

L. nan preposition *ultra*, beyond; L. fem. n. *Sediminimonas*, An existing genus; *Ultrasediminimonas*: A genus related to but distinct from the existing genus Sediminimonas of beyond.

Ultrasediminispirochaeta

L. nan preposition *ultra*, beyond; L. fem. n. *Sediminispirochaeta*, An existing genus; *Ultrasediminispirochaeta*: A genus related to but distinct from the existing genus Sediminispirochaeta of beyond.

Ultrasediminitomix

L. nan preposition *ultra*, beyond; L. fem. n. *Sediminitomix*, An existing genus; *Ultrasediminitomix*: A genus related to but distinct from the existing genus Sediminitomix of beyond.

Ultrasediminivirga

L. nan preposition *ultra*, beyond; L. fem. n. *Sediminivirga*, An existing genus; *Ultrasediminivirga*: A genus related to but distinct from the existing genus Sediminivirga of beyond.

Ultrasegeticoccus

L. nan preposition *ultra*, beyond; L. masc. n. *Segeticoccus*, An existing genus; *Ultrasegeticoccus*: A genus related to but distinct from the existing genus Segeticoccus of beyond.

Ultrasegniliparus

L. nan preposition *ultra*, beyond; L. masc. n. *Segniliparus*, An existing genus; *Ultrasegniliparus*: A genus related to but distinct from the existing genus Segniliparus of beyond.

Ultrasegnochrobactrum

L. nan preposition *ultra*, beyond; L. neut. n. *Segnochrobactrum*, An existing genus; *Ultrasegnochrobactrum*: A genus related to but distinct from the existing genus Segnochrobactrum of beyond.

Ultraseinonella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Seinonella*, An existing genus; *Ultraseinonella*: A genus related to but distinct from the existing genus Seinonella of beyond.

Ultrasejongia

L. nan preposition *ultra*, beyond; L. fem. n. *Sejongia*, An existing genus; *Ultrasejongia*: A genus related to but distinct from the existing genus Sejongia of beyond.

Ultraselenihalanaerobacter

L. nan preposition *ultra*, beyond; L. masc. n. *Selenihalanaerobacter*, An existing genus; *Ultraselenihalanaerobacter*: A genus related to but distinct from the existing genus Selenihalanaerobacter of beyond.

Ultraseleniivibrio

L. nan preposition *ultra*, beyond; L. masc. n. *Seleniivibrio*, An existing genus; *Ultraseleniivibrio*: A genus related to but distinct from the existing genus Seleniivibrio of beyond.

Ultraselenomonas

L. nan preposition *ultra*, beyond; L. fem. n. *Selenomonas*, An existing genus; *Ultraselenomonas*: A genus related to but distinct from the existing genus Selenomonas of beyond.

Ultraseliberia

L. nan preposition *ultra*, beyond; L. fem. n. *Seliberia*, An existing genus; *Ultraseliberia*: A genus related to but distinct from the existing genus Seliberia of beyond.

Ultrasellimonas

L. nan preposition *ultra*, beyond; L. fem. n. *Sellimonas*, An existing genus; *Ultrasellimonas*: A genus related to but distinct from the existing genus Sellimonas of beyond.

Ultrasenegalimassilia

L. nan preposition *ultra*, beyond; L. fem. n. *Senegalimassilia*, An existing genus; *Ultrasenegalimassilia*: A genus related to but distinct from the existing genus Senegalimassilia of beyond.

Ultraseohaeicola

L. nan preposition *ultra*, beyond; L. masc. n. *Seohaeicola*, An existing genus; *Ultraseohaeicola*: A genus related to but distinct from the existing genus Seohaeicola of beyond.

Ultraseonamhaeicola

L. nan preposition *ultra*, beyond; L. masc. n. *Seonamhaeicola*, An existing genus; *Ultraseonamhaeicola*: A genus related to but distinct from the existing genus Seonamhaeicola of beyond.

Ultraseongchinamella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Seongchinamella*, An existing genus; *Ultraseongchinamella*: A genus related to but distinct from the existing genus Seongchinamella of beyond.

Ultraserinibacter

L. nan preposition *ultra*, beyond; L. masc. n. *Serinibacter*, An existing genus; *Ultraserinibacter*: A genus related to but distinct from the existing genus Serinibacter of beyond.

Ultraserinicoccus

L. nan preposition *ultra*, beyond; L. masc. n. *Serinicoccus*, An existing genus; *Ultraserinicoccus*: A genus related to but distinct from the existing genus Serinicoccus of beyond.

Ultraserpentinicella

L. nan preposition *ultra*, beyond; L. fem. n. *Serpentinicella*, An existing genus; *Ultraserpentinicella*: A genus related to but distinct from the existing genus Serpentinicella of beyond.

Ultraserpulina

L. nan preposition *ultra*, beyond; L. fem. n. *Serpulina*, An existing genus; *Ultraserpulina*: A genus related to but distinct from the existing genus Serpulina of beyond.

Ultraserratia

L. nan preposition *ultra*, beyond; L. fem. n. *Serratia*, An existing genus; *Ultraserratia*: A genus related to but distinct from the existing genus Serratia of beyond.

Ultrashackletoniella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Shackletoniella*, An existing genus; *Ultrashackletoniella*: A genus related to but distinct from the existing genus Shackletoniella of beyond.

Ultrasharpea

L. nan preposition *ultra*, beyond; L. fem. n. *Sharpea*, An existing genus; *Ultrasharpea*: A genus related to but distinct from the existing genus Sharpea of beyond.

Ultrashewanella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Shewanella*, An existing genus; *Ultrashewanella*: A genus related to but distinct from the existing genus Shewanella of beyond.

Ultrashigella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Shigella*, An existing genus; *Ultrashigella*: A genus related to but distinct from the existing genus Shigella of beyond.

Ultrashimazuella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Shimazuella*, An existing genus; *Ultrashimazuella*: A genus related to but distinct from the existing genus Shimazuella of beyond.

Ultrashimia

L. nan preposition *ultra*, beyond; L. fem. n. *Shimia*, An existing genus; *Ultrashimia*: A genus related to but distinct from the existing genus Shimia of beyond.

Ultrashimwellia

L. nan preposition *ultra*, beyond; L. fem. n. *Shimwellia*, An existing genus; *Ultrashimwellia*: A genus related to but distinct from the existing genus Shimwellia of beyond.

Ultrashinella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Shinella*, An existing genus; *Ultrashinella*: A genus related to but distinct from the existing genus Shinella of beyond.

Ultrashivajiella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Shivajiella*, An existing genus; *Ultrashivajiella*: A genus related to but distinct from the existing genus Shivajiella of beyond.

Ultrashuttleworthia

L. nan preposition *ultra*, beyond; L. fem. n. *Shuttleworthia*, An existing genus; *Ultrashuttleworthia*: A genus related to but distinct from the existing genus Shuttleworthia of beyond.

Ultrasiccirubricoccus

L. nan preposition *ultra*, beyond; L. masc. n. *Siccirubricoccus*, An existing genus; *Ultrasiccirubricoccus*: A genus related to but distinct from the existing genus Siccirubricoccus of beyond.

Ultrasilanimonas

L. nan preposition *ultra*, beyond; L. fem. n. *Silanimonas*, An existing genus; *Ultrasilanimonas*: A genus related to but distinct from the existing genus Silanimonas of beyond.

Ultrasilicibacter

L. nan preposition *ultra*, beyond; L. masc. n. *Silicibacter*, An existing genus; *Ultrasilicibacter*: A genus related to but distinct from the existing genus Silicibacter of beyond.

Ultrasilicimonas

L. nan preposition *ultra*, beyond; L. fem. n. *Silicimonas*, An existing genus; *Ultrasilicimonas*: A genus related to but distinct from the existing genus Silicimonas of beyond.

Ultrasilvanigrella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Silvanigrella*, An existing genus; *Ultrasilvanigrella*: A genus related to but distinct from the existing genus Silvanigrella of beyond.

Ultrasilvibacterium

L. nan preposition *ultra*, beyond; L. neut. n. *Silvibacterium*, An existing genus; *Ultrasilvibacterium*: A genus related to but distinct from the existing genus Silvibacterium of beyond.

Ultrasilvimonas

L. nan preposition *ultra*, beyond; L. fem. n. *Silvimonas*, An existing genus; *Ultrasilvimonas*: A genus related to but distinct from the existing genus Silvimonas of beyond.

Ultrasimiduia

L. nan preposition *ultra*, beyond; L. fem. n. *Simiduia*, An existing genus; *Ultrasimiduia*: A genus related to but distinct from the existing genus Simiduia of beyond.

Ultrasimkania

L. nan preposition *ultra*, beyond; L. fem. n. *Simkania*, An existing genus; *Ultrasimkania*: A genus related to but distinct from the existing genus Simkania of beyond.

Ultrasimonsiella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Simonsiella*, An existing genus; *Ultrasimonsiella*: A genus related to but distinct from the existing genus Simonsiella of beyond.

Ultrasimplicispira

L. nan preposition *ultra*, beyond; L. fem. n. *Simplicispira*, An existing genus; *Ultrasimplicispira*: A genus related to but distinct from the existing genus Simplicispira of beyond.

Ultrasimulacricoccus

L. nan preposition *ultra*, beyond; L. masc. n. *Simulacricoccus*, An existing genus; *Ultrasimulacricoccus*: A genus related to but distinct from the existing genus Simulacricoccus of beyond.

Ultrasingularimonas

L. nan preposition *ultra*, beyond; L. fem. n. *Singularimonas*, An existing genus; *Ultrasingularimonas*: A genus related to but distinct from the existing genus Singularimonas of beyond.

Ultrasingulisphaera

L. nan preposition *ultra*, beyond; L. fem. n. *Singulisphaera*, An existing genus; *Ultrasingulisphaera*: A genus related to but distinct from the existing genus Singulisphaera of beyond.

Ultrasinibacillus

L. nan preposition *ultra*, beyond; L. masc. n. *Sinibacillus*, An existing genus; *Ultrasinibacillus*: A genus related to but distinct from the existing genus Sinibacillus of beyond.

Ultrasinimarinibacterium

L. nan preposition *ultra*, beyond; L. neut. n. *Sinimarinibacterium*, An existing genus; *Ultrasinimarinibacterium*: A genus related to but distinct from the existing genus Sinimarinibacterium of beyond.

Ultrasinobaca

L. nan preposition *ultra*, beyond; L. fem. n. *Sinobaca*, An existing genus; *Ultrasinobaca*: A genus related to but distinct from the existing genus Sinobaca of beyond.

Ultrasinobacter

L. nan preposition *ultra*, beyond; L. masc. n. *Sinobacter*, An existing genus; *Ultrasinobacter*: A genus related to but distinct from the existing genus Sinobacter of beyond.

Ultrasinobacterium

L. nan preposition *ultra*, beyond; L. neut. n. *Sinobacterium*, An existing genus; *Ultrasinobacterium*: A genus related to but distinct from the existing genus Sinobacterium of beyond.

Ultrasinococcus

L. nan preposition *ultra*, beyond; L. masc. n. *Sinococcus*, An existing genus; *Ultrasinococcus*: A genus related to but distinct from the existing genus Sinococcus of beyond.

Ultrasinomicrobium

L. nan preposition *ultra*, beyond; L. neut. n. *Sinomicrobium*, An existing genus; *Ultrasinomicrobium*: A genus related to but distinct from the existing genus Sinomicrobium of beyond.

Ultrasinorhizobium

L. nan preposition *ultra*, beyond; L. neut. n. *Sinorhizobium*, An existing genus; *Ultrasinorhizobium*: A genus related to but distinct from the existing genus Sinorhizobium of beyond.

Ultrasinosporangium

L. nan preposition *ultra*, beyond; L. neut. n. *Sinosporangium*, An existing genus; *Ultrasinosporangium*: A genus related to but distinct from the existing genus Sinosporangium of beyond.

Ultrasiphonobacter

L. nan preposition *ultra*, beyond; L. masc. n. *Siphonobacter*, An existing genus; *Ultrasiphonobacter*: A genus related to but distinct from the existing genus Siphonobacter of beyond.

Ultraskermanella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Skermanella*, An existing genus; *Ultraskermanella*: A genus related to but distinct from the existing genus Skermanella of beyond.

Ultraskermania

L. nan preposition *ultra*, beyond; L. fem. n. *Skermania*, An existing genus; *Ultraskermania*: A genus related to but distinct from the existing genus Skermania of beyond.

Ultraslackia

L. nan preposition *ultra*, beyond; L. fem. n. *Slackia*, An existing genus; *Ultraslackia*: A genus related to but distinct from the existing genus Slackia of beyond.

Ultrasmaragdicoccus

L. nan preposition *ultra*, beyond; L. masc. n. *Smaragdicoccus*, An existing genus; *Ultrasmaragdicoccus*: A genus related to but distinct from the existing genus Smaragdicoccus of beyond.

Ultrasmithella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Smithella*, An existing genus; *Ultrasmithella*: A genus related to but distinct from the existing genus Smithella of beyond.

Ultrasneathia

L. nan preposition *ultra*, beyond; L. fem. n. *Sneathia*, An existing genus; *Ultrasneathia*: A genus related to but distinct from the existing genus Sneathia of beyond.

Ultrasneathiella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Sneathiella*, An existing genus; *Ultrasneathiella*: A genus related to but distinct from the existing genus Sneathiella of beyond.

Ultrasnodgrassella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Snodgrassella*, An existing genus; *Ultrasnodgrassella*: A genus related to but distinct from the existing genus Snodgrassella of beyond.

Ultrasnuella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Snuella*, An existing genus; *Ultrasnuella*: A genus related to but distinct from the existing genus Snuella of beyond.

Ultrasodaleptolyngbya

L. nan preposition *ultra*, beyond; L. fem. n. *Sodaleptolyngbya*, An existing genus; *Ultrasodaleptolyngbya*: A genus related to but distinct from the existing genus Sodaleptolyngbya of beyond.

Ultrasodalinema

L. nan preposition *ultra*, beyond; L. neut. n. *Sodalinema*, An existing genus; *Ultrasodalinema*: A genus related to but distinct from the existing genus Sodalinema of beyond.

Ultrasoehngenia

L. nan preposition *ultra*, beyond; L. fem. n. *Soehngenia*, An existing genus; *Ultrasoehngenia*: A genus related to but distinct from the existing genus Soehngenia of beyond.

Ultrasolentia

L. nan preposition *ultra*, beyond; L. fem. n. *Solentia*, An existing genus; *Ultrasolentia*: A genus related to but distinct from the existing genus Solentia of beyond.

Ultrasolibacillus

L. nan preposition *ultra*, beyond; L. masc. n. *Solibacillus*, An existing genus; *Ultrasolibacillus*: A genus related to but distinct from the existing genus Solibacillus of beyond.

Ultrasolimicrobium

L. nan preposition *ultra*, beyond; L. neut. n. *Solimicrobium*, An existing genus; *Ultrasolimicrobium*: A genus related to but distinct from the existing genus Solimicrobium of beyond.

Ultrasolirhodobacter

L. nan preposition *ultra*, beyond; L. masc. n. *Solirhodobacter*, An existing genus; *Ultrasolirhodobacter*: A genus related to but distinct from the existing genus Solirhodobacter of beyond.

Ultrasolirubrobacter

L. nan preposition *ultra*, beyond; L. masc. n. *Solirubrobacter*, An existing genus; *Ultrasolirubrobacter*: A genus related to but distinct from the existing genus Solirubrobacter of beyond.

Ultrasolitalea

L. nan preposition *ultra*, beyond; L. fem. n. *Solitalea*, An existing genus; *Ultrasolitalea*: A genus related to but distinct from the existing genus Solitalea of beyond.

Ultrasolobacterium

L. nan preposition *ultra*, beyond; L. neut. n. *Solobacterium*, An existing genus; *Ultrasolobacterium*: A genus related to but distinct from the existing genus Solobacterium of beyond.

Ultrasoonwooa

L. nan preposition *ultra*, beyond; L. fem. n. *Soonwooa*, An existing genus; *Ultrasoonwooa*: A genus related to but distinct from the existing genus Soonwooa of beyond.

Ultrasoortia

L. nan preposition *ultra*, beyond; L. fem. n. *Soortia*, An existing genus; *Ultrasoortia*: A genus related to but distinct from the existing genus Soortia of beyond.

Ultrasorangium

L. nan preposition *ultra*, beyond; L. neut. n. *Sorangium*, An existing genus; *Ultrasorangium*: A genus related to but distinct from the existing genus Sorangium of beyond.

Ultraspecibacter

L. nan preposition *ultra*, beyond; L. masc. n. *Specibacter*, An existing genus; *Ultraspecibacter*: A genus related to but distinct from the existing genus Specibacter of beyond.

Ultraspelaeicoccus

L. nan preposition *ultra*, beyond; L. masc. n. *Spelaeicoccus*, An existing genus; *Ultraspelaeicoccus*: A genus related to but distinct from the existing genus Spelaeicoccus of beyond.

Ultraspelaeonaias

L. nan preposition *ultra*, beyond; L. fem. n. *Spelaeonaias*, An existing genus; *Ultraspelaeonaias*: A genus related to but distinct from the existing genus Spelaeonaias of beyond.

Ultrasphaerimonospora

L. nan preposition *ultra*, beyond; L. fem. n. *Sphaerimonospora*, An existing genus; *Ultrasphaerimonospora*: A genus related to but distinct from the existing genus Sphaerimonospora of beyond.

Ultrasphaerisporangium

L. nan preposition *ultra*, beyond; L. neut. n. *Sphaerisporangium*, An existing genus; *Ultrasphaerisporangium*: A genus related to but distinct from the existing genus Sphaerisporangium of beyond.

Ultrasphaerobacter

L. nan preposition *ultra*, beyond; L. masc. n. *Sphaerobacter*, An existing genus; *Ultrasphaerobacter*: A genus related to but distinct from the existing genus Sphaerobacter of beyond.

Ultrasphaerocavum

L. nan preposition *ultra*, beyond; L. neut. n. *Sphaerocavum*, An existing genus; *Ultrasphaerocavum*: A genus related to but distinct from the existing genus Sphaerocavum of beyond.

Ultrasphaerochaeta

L. nan preposition *ultra*, beyond; L. fem. n. *Sphaerochaeta*, An existing genus; *Ultrasphaerochaeta*: A genus related to but distinct from the existing genus Sphaerochaeta of beyond.

Ultrasphaerotilus

L. nan preposition *ultra*, beyond; L. masc. n. *Sphaerotilus*, An existing genus; *Ultrasphaerotilus*: A genus related to but distinct from the existing genus Sphaerotilus of beyond.

Ultrasphingoaurantiacus

L. nan preposition *ultra*, beyond; L. masc. n. *Sphingoaurantiacus*, An existing genus; *Ultrasphingoaurantiacus*: A genus related to but distinct from the existing genus Sphingoaurantiacus of beyond.

Ultrasphingobacterium

L. nan preposition *ultra*, beyond; L. neut. n. *Sphingobacterium*, An existing genus; *Ultrasphingobacterium*: A genus related to but distinct from the existing genus Sphingobacterium of beyond.

Ultrasphingobium

L. nan preposition *ultra*, beyond; L. neut. n. *Sphingobium*, An existing genus; *Ultrasphingobium*: A genus related to but distinct from the existing genus Sphingobium of beyond.

Ultrasphingomicrobium

L. nan preposition *ultra*, beyond; L. neut. n. *Sphingomicrobium*, An existing genus; *Ultrasphingomicrobium*: A genus related to but distinct from the existing genus Sphingomicrobium of beyond.

Ultrasphingomonas

L. nan preposition *ultra*, beyond; L. fem. n. *Sphingomonas*, An existing genus; *Ultrasphingomonas*: A genus related to but distinct from the existing genus Sphingomonas of beyond.

Ultrasphingopyxis

L. nan preposition *ultra*, beyond; L. fem. n. *Sphingopyxis*, An existing genus; *Ultrasphingopyxis*: A genus related to but distinct from the existing genus Sphingopyxis of beyond.

Ultrasphingorhabdus

L. nan preposition *ultra*, beyond; L. fem. n. *Sphingorhabdus*, An existing genus; *Ultrasphingorhabdus*: A genus related to but distinct from the existing genus Sphingorhabdus of beyond.

Ultrasphingosinicella

L. nan preposition *ultra*, beyond; L. fem. n. *Sphingosinicella*, An existing genus; *Ultrasphingosinicella*: A genus related to but distinct from the existing genus Sphingosinicella of beyond.

Ultrasphingosinithalassobacter

L. nan preposition *ultra*, beyond; L. masc. n. *Sphingosinithalassobacter*, An existing genus; *Ultrasphingosinithalassobacter*: A genus related to but distinct from the existing genus Sphingosinithalassobacter of beyond.

Ultraspinactinospora

L. nan preposition *ultra*, beyond; L. fem. n. *Spinactinospora*, An existing genus; *Ultraspinactinospora*: A genus related to but distinct from the existing genus Spinactinospora of beyond.

Ultraspirilliplanes

L. nan preposition *ultra*, beyond; L. masc. n. *Spirilliplanes*, An existing genus; *Ultraspirilliplanes*: A genus related to but distinct from the existing genus Spirilliplanes of beyond.

Ultraspirillospora

L. nan preposition *ultra*, beyond; L. fem. n. *Spirillospora*, An existing genus; *Ultraspirillospora*: A genus related to but distinct from the existing genus Spirillospora of beyond.

Ultraspirochaeta

L. nan preposition *ultra*, beyond; L. fem. n. *Spirochaeta*, An existing genus; *Ultraspirochaeta*: A genus related to but distinct from the existing genus Spirochaeta of beyond.

Ultraspiroplasma

L. nan preposition *ultra*, beyond; L. neut. n. *Spiroplasma*, An existing genus; *Ultraspiroplasma*: A genus related to but distinct from the existing genus Spiroplasma of beyond.

Ultraspirosoma

L. nan preposition *ultra*, beyond; L. neut. n. *Spirosoma*, An existing genus; *Ultraspirosoma*: A genus related to but distinct from the existing genus Spirosoma of beyond.

Ultraspodiobacter

L. nan preposition *ultra*, beyond; L. masc. n. *Spodiobacter*, An existing genus; *Ultraspodiobacter*: A genus related to but distinct from the existing genus Spodiobacter of beyond.

Ultraspongiactinospora

L. nan preposition *ultra*, beyond; L. fem. n. *Spongiactinospora*, An existing genus; *Ultraspongiactinospora*: A genus related to but distinct from the existing genus Spongiactinospora of beyond.

Ultraspongiibacter

L. nan preposition *ultra*, beyond; L. masc. n. *Spongiibacter*, An existing genus; *Ultraspongiibacter*: A genus related to but distinct from the existing genus Spongiibacter of beyond.

Ultraspongiibacterium

L. nan preposition *ultra*, beyond; L. neut. n. *Spongiibacterium*, An existing genus; *Ultraspongiibacterium*: A genus related to but distinct from the existing genus Spongiibacterium of beyond.

Ultraspongiiferula

L. nan preposition *ultra*, beyond; L. fem. n. *Spongiiferula*, An existing genus; *Ultraspongiiferula*: A genus related to but distinct from the existing genus Spongiiferula of beyond.

Ultraspongiimicrobium

L. nan preposition *ultra*, beyond; L. neut. n. *Spongiimicrobium*, An existing genus; *Ultraspongiimicrobium*: A genus related to but distinct from the existing genus Spongiimicrobium of beyond.

Ultraspongiimonas

L. nan preposition *ultra*, beyond; L. fem. n. *Spongiimonas*, An existing genus; *Ultraspongiimonas*: A genus related to but distinct from the existing genus Spongiimonas of beyond.

Ultraspongiispira

L. nan preposition *ultra*, beyond; L. fem. n. *Spongiispira*, An existing genus; *Ultraspongiispira*: A genus related to but distinct from the existing genus Spongiispira of beyond.

Ultraspongiivirga

L. nan preposition *ultra*, beyond; L. fem. n. *Spongiivirga*, An existing genus; *Ultraspongiivirga*: A genus related to but distinct from the existing genus Spongiivirga of beyond.

Ultraspongitalea

L. nan preposition *ultra*, beyond; L. fem. n. *Spongitalea*, An existing genus; *Ultraspongitalea*: A genus related to but distinct from the existing genus Spongitalea of beyond.

Ultrasporacetigenium

L. nan preposition *ultra*, beyond; L. neut. n. *Sporacetigenium*, An existing genus; *Ultrasporacetigenium*: A genus related to but distinct from the existing genus Sporacetigenium of beyond.

Ultrasporanaerobacter

L. nan preposition *ultra*, beyond; L. masc. n. *Sporanaerobacter*, An existing genus; *Ultrasporanaerobacter*: A genus related to but distinct from the existing genus Sporanaerobacter of beyond.

Ultrasporichthya

L. nan preposition *ultra*, beyond; L. fem. n. *Sporichthya*, An existing genus; *Ultrasporichthya*: A genus related to but distinct from the existing genus Sporichthya of beyond.

Ultrasporobacter

L. nan preposition *ultra*, beyond; L. masc. n. *Sporobacter*, An existing genus; *Ultrasporobacter*: A genus related to but distinct from the existing genus Sporobacter of beyond.

Ultrasporobacterium

L. nan preposition *ultra*, beyond; L. neut. n. *Sporobacterium*, An existing genus; *Ultrasporobacterium*: A genus related to but distinct from the existing genus Sporobacterium of beyond.

Ultrasporocytophaga

L. nan preposition *ultra*, beyond; L. fem. n. *Sporocytophaga*, An existing genus; *Ultrasporocytophaga*: A genus related to but distinct from the existing genus Sporocytophaga of beyond.

Ultrasporohalobacter

L. nan preposition *ultra*, beyond; L. masc. n. *Sporohalobacter*, An existing genus; *Ultrasporohalobacter*: A genus related to but distinct from the existing genus Sporohalobacter of beyond.

Ultrasporolactobacillus

L. nan preposition *ultra*, beyond; L. masc. n. *Sporolactobacillus*, An existing genus; *Ultrasporolactobacillus*: A genus related to but distinct from the existing genus Sporolactobacillus of beyond.

Ultrasporolituus

L. nan preposition *ultra*, beyond; L. masc. n. *Sporolituus*, An existing genus; *Ultrasporolituus*: A genus related to but distinct from the existing genus Sporolituus of beyond.

Ultrasporosalibacterium

L. nan preposition *ultra*, beyond; L. neut. n. *Sporosalibacterium*, An existing genus; *Ultrasporosalibacterium*: A genus related to but distinct from the existing genus Sporosalibacterium of beyond.

Ultrasporosarcina

L. nan preposition *ultra*, beyond; L. fem. n. *Sporosarcina*, An existing genus; *Ultrasporosarcina*: A genus related to but distinct from the existing genus Sporosarcina of beyond.

Ultrasporotalea

L. nan preposition *ultra*, beyond; L. fem. n. *Sporotalea*, An existing genus; *Ultrasporotalea*: A genus related to but distinct from the existing genus Sporotalea of beyond.

Ultrasporotomaculum

L. nan preposition *ultra*, beyond; L. neut. n. *Sporotomaculum*, An existing genus; *Ultrasporotomaculum*: A genus related to but distinct from the existing genus Sporotomaculum of beyond.

Ultrastackebrandtia

L. nan preposition *ultra*, beyond; L. fem. n. *Stackebrandtia*, An existing genus; *Ultrastackebrandtia*: A genus related to but distinct from the existing genus Stackebrandtia of beyond.

Ultrastagnimonas

L. nan preposition *ultra*, beyond; L. fem. n. *Stagnimonas*, An existing genus; *Ultrastagnimonas*: A genus related to but distinct from the existing genus Stagnimonas of beyond.

Ultrastakelama

L. nan preposition *ultra*, beyond; L. fem. n. *Stakelama*, An existing genus; *Ultrastakelama*: A genus related to but distinct from the existing genus Stakelama of beyond.

Ultrastaleya

L. nan preposition *ultra*, beyond; L. fem. n. *Staleya*, An existing genus; *Ultrastaleya*: A genus related to but distinct from the existing genus Staleya of beyond.

Ultrastanierella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Stanierella*, An existing genus; *Ultrastanierella*: A genus related to but distinct from the existing genus Stanierella of beyond.

Ultrastaphylococcus

L. nan preposition *ultra*, beyond; L. masc. n. *Staphylococcus*, An existing genus; *Ultrastaphylococcus*: A genus related to but distinct from the existing genus Staphylococcus of beyond.

Ultrastaphylospora

L. nan preposition *ultra*, beyond; L. fem. n. *Staphylospora*, An existing genus; *Ultrastaphylospora*: A genus related to but distinct from the existing genus Staphylospora of beyond.

Ultrastaphylothermus

L. nan preposition *ultra*, beyond; L. masc. n. *Staphylothermus*, An existing genus; *Ultrastaphylothermus*: A genus related to but distinct from the existing genus Staphylothermus of beyond.

Ultrastappia

L. nan preposition *ultra*, beyond; L. fem. n. *Stappia*, An existing genus; *Ultrastappia*: A genus related to but distinct from the existing genus Stappia of beyond.

Ultrastarkeya

L. nan preposition *ultra*, beyond; L. fem. n. *Starkeya*, An existing genus; *Ultrastarkeya*: A genus related to but distinct from the existing genus Starkeya of beyond.

Ultrastarria

L. nan preposition *ultra*, beyond; L. fem. n. *Starria*, An existing genus; *Ultrastarria*: A genus related to but distinct from the existing genus Starria of beyond.

Ultrastella

L. nan preposition *ultra*, beyond; L. fem. n. *Stella*, An existing genus; *Ultrastella*: A genus related to but distinct from the existing genus Stella of beyond.

Ultrastenothermobacter

L. nan preposition *ultra*, beyond; L. masc. n. *Stenothermobacter*, An existing genus; *Ultrastenothermobacter*: A genus related to but distinct from the existing genus Stenothermobacter of beyond.

Ultrastenotrophobacter

L. nan preposition *ultra*, beyond; L. masc. n. *Stenotrophobacter*, An existing genus; *Ultrastenotrophobacter*: A genus related to but distinct from the existing genus Stenotrophobacter of beyond.

Ultrastenotrophobium

L. nan preposition *ultra*, beyond; L. neut. n. *Stenotrophobium*, An existing genus; *Ultrastenotrophobium*: A genus related to but distinct from the existing genus Stenotrophobium of beyond.

Ultrastenotrophomonas

L. nan preposition *ultra*, beyond; L. fem. n. *Stenotrophomonas*, An existing genus; *Ultrastenotrophomonas*: A genus related to but distinct from the existing genus Stenotrophomonas of beyond.

Ultrastenoxybacter

L. nan preposition *ultra*, beyond; L. masc. n. *Stenoxybacter*, An existing genus; *Ultrastenoxybacter*: A genus related to but distinct from the existing genus Stenoxybacter of beyond.

Ultrasteroidobacter

L. nan preposition *ultra*, beyond; L. masc. n. *Steroidobacter*, An existing genus; *Ultrasteroidobacter*: A genus related to but distinct from the existing genus Steroidobacter of beyond.

Ultrasterolibacterium

L. nan preposition *ultra*, beyond; L. neut. n. *Sterolibacterium*, An existing genus; *Ultrasterolibacterium*: A genus related to but distinct from the existing genus Sterolibacterium of beyond.

Ultrastetteria

L. nan preposition *ultra*, beyond; L. fem. n. *Stetteria*, An existing genus; *Ultrastetteria*: A genus related to but distinct from the existing genus Stetteria of beyond.

Ultrastigmatella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Stigmatella*, An existing genus; *Ultrastigmatella*: A genus related to but distinct from the existing genus Stigmatella of beyond.

Ultrastigonema

L. nan preposition *ultra*, beyond; L. neut. n. *Stigonema*, An existing genus; *Ultrastigonema*: A genus related to but distinct from the existing genus Stigonema of beyond.

Ultrastomatobaculum

L. nan preposition *ultra*, beyond; L. neut. n. *Stomatobaculum*, An existing genus; *Ultrastomatobaculum*: A genus related to but distinct from the existing genus Stomatobaculum of beyond.

Ultrastomatococcus

L. nan preposition *ultra*, beyond; L. masc. n. *Stomatococcus*, An existing genus; *Ultrastomatococcus*: A genus related to but distinct from the existing genus Stomatococcus of beyond.

Ultrastreptacidiphilus

L. nan preposition *ultra*, beyond; L. masc. n. *Streptacidiphilus*, An existing genus; *Ultrastreptacidiphilus*: A genus related to but distinct from the existing genus Streptacidiphilus of beyond.

Ultrastreptobacillus

L. nan preposition *ultra*, beyond; L. masc. n. *Streptobacillus*, An existing genus; *Ultrastreptobacillus*: A genus related to but distinct from the existing genus Streptobacillus of beyond.

Ultrastreptococcus

L. nan preposition *ultra*, beyond; L. masc. n. *Streptococcus*, An existing genus; *Ultrastreptococcus*: A genus related to but distinct from the existing genus Streptococcus of beyond.

Ultrastreptohalobacillus

L. nan preposition *ultra*, beyond; L. masc. n. *Streptohalobacillus*, An existing genus; *Ultrastreptohalobacillus*: A genus related to but distinct from the existing genus Streptohalobacillus of beyond.

Ultrastreptomonospora

L. nan preposition *ultra*, beyond; L. fem. n. *Streptomonospora*, An existing genus; *Ultrastreptomonospora*: A genus related to but distinct from the existing genus Streptomonospora of beyond.

Ultrastreptomyces

L. nan preposition *ultra*, beyond; L. masc. n. *Streptomyces*, An existing genus; *Ultrastreptomyces*: A genus related to but distinct from the existing genus Streptomyces of beyond.

Ultrastreptosporangium

L. nan preposition *ultra*, beyond; L. neut. n. *Streptosporangium*, An existing genus; *Ultrastreptosporangium*: A genus related to but distinct from the existing genus Streptosporangium of beyond.

Ultrastreptoverticillium

L. nan preposition *ultra*, beyond; L. neut. n. *Streptoverticillium*, An existing genus; *Ultrastreptoverticillium*: A genus related to but distinct from the existing genus Streptoverticillium of beyond.

Ultrastygiolobus

L. nan preposition *ultra*, beyond; L. masc. n. *Stygiolobus*, An existing genus; *Ultrastygiolobus*: A genus related to but distinct from the existing genus Stygiolobus of beyond.

Ultrasubdoligranulum

L. nan preposition *ultra*, beyond; L. neut. n. *Subdoligranulum*, An existing genus; *Ultrasubdoligranulum*: A genus related to but distinct from the existing genus Subdoligranulum of beyond.

Ultrasubsaxibacter

L. nan preposition *ultra*, beyond; L. masc. n. *Subsaxibacter*, An existing genus; *Ultrasubsaxibacter*: A genus related to but distinct from the existing genus Subsaxibacter of beyond.

Ultrasubsaximicrobium

L. nan preposition *ultra*, beyond; L. neut. n. *Subsaximicrobium*, An existing genus; *Ultrasubsaximicrobium*: A genus related to but distinct from the existing genus Subsaximicrobium of beyond.

Ultrasuccinatimonas

L. nan preposition *ultra*, beyond; L. fem. n. *Succinatimonas*, An existing genus; *Ultrasuccinatimonas*: A genus related to but distinct from the existing genus Succinatimonas of beyond.

Ultrasucciniclasticum

L. nan preposition *ultra*, beyond; L. neut. n. *Succiniclasticum*, An existing genus; *Ultrasucciniclasticum*: A genus related to but distinct from the existing genus Succiniclasticum of beyond.

Ultrasuccinispira

L. nan preposition *ultra*, beyond; L. fem. n. *Succinispira*, An existing genus; *Ultrasuccinispira*: A genus related to but distinct from the existing genus Succinispira of beyond.

Ultrasuccinivibrio

L. nan preposition *ultra*, beyond; L. masc. n. *Succinivibrio*, An existing genus; *Ultrasuccinivibrio*: A genus related to but distinct from the existing genus Succinivibrio of beyond.

Ultrasufflavibacter

L. nan preposition *ultra*, beyond; L. masc. n. *Sufflavibacter*, An existing genus; *Ultrasufflavibacter*: A genus related to but distinct from the existing genus Sufflavibacter of beyond.

Ultrasuicoccus

L. nan preposition *ultra*, beyond; L. masc. n. *Suicoccus*, An existing genus; *Ultrasuicoccus*: A genus related to but distinct from the existing genus Suicoccus of beyond.

Ultrasulfitobacter

L. nan preposition *ultra*, beyond; L. masc. n. *Sulfitobacter*, An existing genus; *Ultrasulfitobacter*: A genus related to but distinct from the existing genus Sulfitobacter of beyond.

Ultrasulfodiicoccus

L. nan preposition *ultra*, beyond; L. masc. n. *Sulfodiicoccus*, An existing genus; *Ultrasulfodiicoccus*: A genus related to but distinct from the existing genus Sulfodiicoccus of beyond.

Ultrasulfolobus

L. nan preposition *ultra*, beyond; L. masc. n. *Sulfolobus*, An existing genus; *Ultrasulfolobus*: A genus related to but distinct from the existing genus Sulfolobus of beyond.

Ultrasulfophobococcus

L. nan preposition *ultra*, beyond; L. masc. n. *Sulfophobococcus*, An existing genus; *Ultrasulfophobococcus*: A genus related to but distinct from the existing genus Sulfophobococcus of beyond.

Ultrasulfuracidifex

L. nan preposition *ultra*, beyond; L. masc. n. *Sulfuracidifex*, An existing genus; *Ultrasulfuracidifex*: A genus related to but distinct from the existing genus Sulfuracidifex of beyond.

Ultrasulfuricella

L. nan preposition *ultra*, beyond; L. fem. n. *Sulfuricella*, An existing genus; *Ultrasulfuricella*: A genus related to but distinct from the existing genus Sulfuricella of beyond.

Ultrasulfuricurvum

L. nan preposition *ultra*, beyond; L. neut. n. *Sulfuricurvum*, An existing genus; *Ultrasulfuricurvum*: A genus related to but distinct from the existing genus Sulfuricurvum of beyond.

Ultrasulfuriferula

L. nan preposition *ultra*, beyond; L. fem. n. *Sulfuriferula*, An existing genus; *Ultrasulfuriferula*: A genus related to but distinct from the existing genus Sulfuriferula of beyond.

Ultrasulfuriflexus

L. nan preposition *ultra*, beyond; L. masc. n. *Sulfuriflexus*, An existing genus; *Ultrasulfuriflexus*: A genus related to but distinct from the existing genus Sulfuriflexus of beyond.

Ultrasulfurihydrogenibium

L. nan preposition *ultra*, beyond; L. neut. n. *Sulfurihydrogenibium*, An existing genus; *Ultrasulfurihydrogenibium*: A genus related to but distinct from the existing genus Sulfurihydrogenibium of beyond.

Ultrasulfurisphaera

L. nan preposition *ultra*, beyond; L. fem. n. *Sulfurisphaera*, An existing genus; *Ultrasulfurisphaera*: A genus related to but distinct from the existing genus Sulfurisphaera of beyond.

Ultrasulfuritortus

L. nan preposition *ultra*, beyond; L. masc. n. *Sulfuritortus*, An existing genus; *Ultrasulfuritortus*: A genus related to but distinct from the existing genus Sulfuritortus of beyond.

Ultrasulfurococcus

L. nan preposition *ultra*, beyond; L. masc. n. *Sulfurococcus*, An existing genus; *Ultrasulfurococcus*: A genus related to but distinct from the existing genus Sulfurococcus of beyond.

Ultrasulfurospirillum

L. nan preposition *ultra*, beyond; L. neut. dim. n. *Sulfurospirillum*, An existing genus; *Ultrasulfurospirillum*: A genus related to but distinct from the existing genus Sulfurospirillum of beyond.

Ultrasulfurovum

L. nan preposition *ultra*, beyond; L. neut. n. *Sulfurovum*, An existing genus; *Ultrasulfurovum*: A genus related to but distinct from the existing genus Sulfurovum of beyond.

Ultrasungkyunkwania

L. nan preposition *ultra*, beyond; L. fem. n. *Sungkyunkwania*, An existing genus; *Ultrasungkyunkwania*: A genus related to but distinct from the existing genus Sungkyunkwania of beyond.

Ultrasunxiuqinia

L. nan preposition *ultra*, beyond; L. fem. n. *Sunxiuqinia*, An existing genus; *Ultrasunxiuqinia*: A genus related to but distinct from the existing genus Sunxiuqinia of beyond.

Ultrasuperficieibacter

L. nan preposition *ultra*, beyond; L. masc. n. *Superficieibacter*, An existing genus; *Ultrasuperficieibacter*: A genus related to but distinct from the existing genus Superficieibacter of beyond.

Ultrasutterella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Sutterella*, An existing genus; *Ultrasutterella*: A genus related to but distinct from the existing genus Sutterella of beyond.

Ultrasuttonella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Suttonella*, An existing genus; *Ultrasuttonella*: A genus related to but distinct from the existing genus Suttonella of beyond.

Ultraswaminathania

L. nan preposition *ultra*, beyond; L. fem. n. *Swaminathania*, An existing genus; *Ultraswaminathania*: A genus related to but distinct from the existing genus Swaminathania of beyond.

Ultraswingsia

L. nan preposition *ultra*, beyond; L. fem. n. *Swingsia*, An existing genus; *Ultraswingsia*: A genus related to but distinct from the existing genus Swingsia of beyond.

Ultraswionibacillus

L. nan preposition *ultra*, beyond; L. masc. n. *Swionibacillus*, An existing genus; *Ultraswionibacillus*: A genus related to but distinct from the existing genus Swionibacillus of beyond.

Ultrasymbiobacterium

L. nan preposition *ultra*, beyond; L. neut. n. *Symbiobacterium*, An existing genus; *Ultrasymbiobacterium*: A genus related to but distinct from the existing genus Symbiobacterium of beyond.

Ultrasymbiotes

L. nan preposition *ultra*, beyond; L. masc. n. *Symbiotes*, An existing genus; *Ultrasymbiotes*: A genus related to but distinct from the existing genus Symbiotes of beyond.

Ultrasynechocystis

L. nan preposition *ultra*, beyond; L. fem. n. *Synechocystis*, An existing genus; *Ultrasynechocystis*: A genus related to but distinct from the existing genus Synechocystis of beyond.

Ultrasynergistes

L. nan preposition *ultra*, beyond; L. masc. n. *Synergistes*, An existing genus; *Ultrasynergistes*: A genus related to but distinct from the existing genus Synergistes of beyond.

Ultrasyntrophaceticus

L. nan preposition *ultra*, beyond; L. masc. n. *Syntrophaceticus*, An existing genus; *Ultrasyntrophaceticus*: A genus related to but distinct from the existing genus Syntrophaceticus of beyond.

Ultrasyntrophobacter

L. nan preposition *ultra*, beyond; L. masc. n. *Syntrophobacter*, An existing genus; *Ultrasyntrophobacter*: A genus related to but distinct from the existing genus Syntrophobacter of beyond.

Ultrasyntrophobotulus

L. nan preposition *ultra*, beyond; L. masc. n. *Syntrophobotulus*, An existing genus; *Ultrasyntrophobotulus*: A genus related to but distinct from the existing genus Syntrophobotulus of beyond.

Ultrasyntrophococcus

L. nan preposition *ultra*, beyond; L. masc. n. *Syntrophococcus*, An existing genus; *Ultrasyntrophococcus*: A genus related to but distinct from the existing genus Syntrophococcus of beyond.

Ultrasyntrophomonas

L. nan preposition *ultra*, beyond; L. fem. n. *Syntrophomonas*, An existing genus; *Ultrasyntrophomonas*: A genus related to but distinct from the existing genus Syntrophomonas of beyond.

Ultrasyntrophorhabdus

L. nan preposition *ultra*, beyond; L. fem. n. *Syntrophorhabdus*, An existing genus; *Ultrasyntrophorhabdus*: A genus related to but distinct from the existing genus Syntrophorhabdus of beyond.

Ultrasyntrophospora

L. nan preposition *ultra*, beyond; L. fem. n. *Syntrophospora*, An existing genus; *Ultrasyntrophospora*: A genus related to but distinct from the existing genus Syntrophospora of beyond.

Ultrasyntrophothermus

L. nan preposition *ultra*, beyond; L. masc. n. *Syntrophothermus*, An existing genus; *Ultrasyntrophothermus*: A genus related to but distinct from the existing genus Syntrophothermus of beyond.

Ultrasyntrophus

L. nan preposition *ultra*, beyond; L. masc. n. *Syntrophus*, An existing genus; *Ultrasyntrophus*: A genus related to but distinct from the existing genus Syntrophus of beyond.

Ultratabrizicola

L. nan preposition *ultra*, beyond; L. fem. n. *Tabrizicola*, An existing genus; *Ultratabrizicola*: A genus related to but distinct from the existing genus Tabrizicola of beyond.

Ultrataeania

L. nan preposition *ultra*, beyond; L. fem. n. *Taeania*, An existing genus; *Ultrataeania*: A genus related to but distinct from the existing genus Taeania of beyond.

Ultrataeseokella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Taeseokella*, An existing genus; *Ultrataeseokella*: A genus related to but distinct from the existing genus Taeseokella of beyond.

Ultratagaea

L. nan preposition *ultra*, beyond; L. fem. n. *Tagaea*, An existing genus; *Ultratagaea*: A genus related to but distinct from the existing genus Tagaea of beyond.

Ultratahibacter

L. nan preposition *ultra*, beyond; L. masc. n. *Tahibacter*, An existing genus; *Ultratahibacter*: A genus related to but distinct from the existing genus Tahibacter of beyond.

Ultrataibaiella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Taibaiella*, An existing genus; *Ultrataibaiella*: A genus related to but distinct from the existing genus Taibaiella of beyond.

Ultratamaricihabitans

L. nan preposition *ultra*, beyond; L. masc. n. *Tamaricihabitans*, An existing genus; *Ultratamaricihabitans*: A genus related to but distinct from the existing genus Tamaricihabitans of beyond.

Ultratamilnaduibacter

L. nan preposition *ultra*, beyond; L. masc. n. *Tamilnaduibacter*, An existing genus; *Ultratamilnaduibacter*: A genus related to but distinct from the existing genus Tamilnaduibacter of beyond.

Ultratamlana

L. nan preposition *ultra*, beyond; L. fem. n. *Tamlana*, An existing genus; *Ultratamlana*: A genus related to but distinct from the existing genus Tamlana of beyond.

Ultratamlicoccus

L. nan preposition *ultra*, beyond; L. masc. n. *Tamlicoccus*, An existing genus; *Ultratamlicoccus*: A genus related to but distinct from the existing genus Tamlicoccus of beyond.

Ultratangfeifania

L. nan preposition *ultra*, beyond; L. fem. n. *Tangfeifania*, An existing genus; *Ultratangfeifania*: A genus related to but distinct from the existing genus Tangfeifania of beyond.

Ultratannerella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Tannerella*, An existing genus; *Ultratannerella*: A genus related to but distinct from the existing genus Tannerella of beyond.

Ultratanticharoenia

L. nan preposition *ultra*, beyond; L. fem. n. *Tanticharoenia*, An existing genus; *Ultratanticharoenia*: A genus related to but distinct from the existing genus Tanticharoenia of beyond.

Ultrataonella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Taonella*, An existing genus; *Ultrataonella*: A genus related to but distinct from the existing genus Taonella of beyond.

Ultratapinothrix

L. nan preposition *ultra*, beyond; L. fem. n. *Tapinothrix*, An existing genus; *Ultratapinothrix*: A genus related to but distinct from the existing genus Tapinothrix of beyond.

Ultratardiphaga

L. nan preposition *ultra*, beyond; L. fem. n. *Tardiphaga*, An existing genus; *Ultratardiphaga*: A genus related to but distinct from the existing genus Tardiphaga of beyond.

Ultratateyamaria

L. nan preposition *ultra*, beyond; L. fem. n. *Tateyamaria*, An existing genus; *Ultratateyamaria*: A genus related to but distinct from the existing genus Tateyamaria of beyond.

Ultratatlockia

L. nan preposition *ultra*, beyond; L. fem. n. *Tatlockia*, An existing genus; *Ultratatlockia*: A genus related to but distinct from the existing genus Tatlockia of beyond.

Ultratatumella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Tatumella*, An existing genus; *Ultratatumella*: A genus related to but distinct from the existing genus Tatumella of beyond.

Ultratautonia

L. nan preposition *ultra*, beyond; L. fem. n. *Tautonia*, An existing genus; *Ultratautonia*: A genus related to but distinct from the existing genus Tautonia of beyond.

Ultrataxeobacter

L. nan preposition *ultra*, beyond; L. masc. n. *Taxeobacter*, An existing genus; *Ultrataxeobacter*: A genus related to but distinct from the existing genus Taxeobacter of beyond.

Ultrataylorella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Taylorella*, An existing genus; *Ultrataylorella*: A genus related to but distinct from the existing genus Taylorella of beyond.

Ultratectibacter

L. nan preposition *ultra*, beyond; L. masc. n. *Tectibacter*, An existing genus; *Ultratectibacter*: A genus related to but distinct from the existing genus Tectibacter of beyond.

Ultrateichococcus

L. nan preposition *ultra*, beyond; L. masc. n. *Teichococcus*, An existing genus; *Ultrateichococcus*: A genus related to but distinct from the existing genus Teichococcus of beyond.

Ultratelluria

L. nan preposition *ultra*, beyond; L. fem. n. *Telluria*, An existing genus; *Ultratelluria*: A genus related to but distinct from the existing genus Telluria of beyond.

Ultratellurimicrobium

L. nan preposition *ultra*, beyond; L. neut. n. *Tellurimicrobium*, An existing genus; *Ultratellurimicrobium*: A genus related to but distinct from the existing genus Tellurimicrobium of beyond.

Ultratellurirhabdus

L. nan preposition *ultra*, beyond; L. fem. n. *Tellurirhabdus*, An existing genus; *Ultratellurirhabdus*: A genus related to but distinct from the existing genus Tellurirhabdus of beyond.

Ultratelmatobacter

L. nan preposition *ultra*, beyond; L. masc. n. *Telmatobacter*, An existing genus; *Ultratelmatobacter*: A genus related to but distinct from the existing genus Telmatobacter of beyond.

Ultratelmatocola

L. nan preposition *ultra*, beyond; L. fem. n. *Telmatocola*, An existing genus; *Ultratelmatocola*: A genus related to but distinct from the existing genus Telmatocola of beyond.

Ultratelmatospirillum

L. nan preposition *ultra*, beyond; L. neut. dim. n. *Telmatospirillum*, An existing genus; *Ultratelmatospirillum*: A genus related to but distinct from the existing genus Telmatospirillum of beyond.

Ultratemperatibacter

L. nan preposition *ultra*, beyond; L. masc. n. *Temperatibacter*, An existing genus; *Ultratemperatibacter*: A genus related to but distinct from the existing genus Temperatibacter of beyond.

Ultratenacibaculum

L. nan preposition *ultra*, beyond; L. neut. n. *Tenacibaculum*, An existing genus; *Ultratenacibaculum*: A genus related to but distinct from the existing genus Tenacibaculum of beyond.

Ultratenggerimyces

L. nan preposition *ultra*, beyond; L. masc. n. *Tenggerimyces*, An existing genus; *Ultratenggerimyces*: A genus related to but distinct from the existing genus Tenggerimyces of beyond.

Ultratengunoibacter

L. nan preposition *ultra*, beyond; L. masc. n. *Tengunoibacter*, An existing genus; *Ultratengunoibacter*: A genus related to but distinct from the existing genus Tengunoibacter of beyond.

Ultratenuibacillus

L. nan preposition *ultra*, beyond; L. masc. n. *Tenuibacillus*, An existing genus; *Ultratenuibacillus*: A genus related to but distinct from the existing genus Tenuibacillus of beyond.

Ultratepidamorphus

L. nan preposition *ultra*, beyond; L. masc. n. *Tepidamorphus*, An existing genus; *Ultratepidamorphus*: A genus related to but distinct from the existing genus Tepidamorphus of beyond.

Ultratepidanaerobacter

L. nan preposition *ultra*, beyond; L. masc. n. *Tepidanaerobacter*, An existing genus; *Ultratepidanaerobacter*: A genus related to but distinct from the existing genus Tepidanaerobacter of beyond.

Ultratepidicaulis

L. nan preposition *ultra*, beyond; L. masc. n. *Tepidicaulis*, An existing genus; *Ultratepidicaulis*: A genus related to but distinct from the existing genus Tepidicaulis of beyond.

Ultratepidicella

L. nan preposition *ultra*, beyond; L. fem. n. *Tepidicella*, An existing genus; *Ultratepidicella*: A genus related to but distinct from the existing genus Tepidicella of beyond.

Ultratepidiforma

L. nan preposition *ultra*, beyond; L. fem. n. *Tepidiforma*, An existing genus; *Ultratepidiforma*: A genus related to but distinct from the existing genus Tepidiforma of beyond.

Ultratepidimicrobium

L. nan preposition *ultra*, beyond; L. neut. n. *Tepidimicrobium*, An existing genus; *Ultratepidimicrobium*: A genus related to but distinct from the existing genus Tepidimicrobium of beyond.

Ultratepidiphilus

L. nan preposition *ultra*, beyond; L. masc. n. *Tepidiphilus*, An existing genus; *Ultratepidiphilus*: A genus related to but distinct from the existing genus Tepidiphilus of beyond.

Ultratepidisphaera

L. nan preposition *ultra*, beyond; L. fem. n. *Tepidisphaera*, An existing genus; *Ultratepidisphaera*: A genus related to but distinct from the existing genus Tepidisphaera of beyond.

Ultraterasakiella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Terasakiella*, An existing genus; *Ultraterasakiella*: A genus related to but distinct from the existing genus Terasakiella of beyond.

Ultraterasakiispira

L. nan preposition *ultra*, beyond; L. fem. n. *Terasakiispira*, An existing genus; *Ultraterasakiispira*: A genus related to but distinct from the existing genus Terasakiispira of beyond.

Ultrateredinibacter

L. nan preposition *ultra*, beyond; L. masc. n. *Teredinibacter*, An existing genus; *Ultrateredinibacter*: A genus related to but distinct from the existing genus Teredinibacter of beyond.

Ultraterrabacter

L. nan preposition *ultra*, beyond; L. masc. n. *Terrabacter*, An existing genus; *Ultraterrabacter*: A genus related to but distinct from the existing genus Terrabacter of beyond.

Ultraterracidiphilus

L. nan preposition *ultra*, beyond; L. masc. n. *Terracidiphilus*, An existing genus; *Ultraterracidiphilus*: A genus related to but distinct from the existing genus Terracidiphilus of beyond.

Ultraterracoccus

L. nan preposition *ultra*, beyond; L. masc. n. *Terracoccus*, An existing genus; *Ultraterracoccus*: A genus related to but distinct from the existing genus Terracoccus of beyond.

Ultraterribacillus

L. nan preposition *ultra*, beyond; L. masc. n. *Terribacillus*, An existing genus; *Ultraterribacillus*: A genus related to but distinct from the existing genus Terribacillus of beyond.

Ultraterriglobus

L. nan preposition *ultra*, beyond; L. masc. n. *Terriglobus*, An existing genus; *Ultraterriglobus*: A genus related to but distinct from the existing genus Terriglobus of beyond.

Ultraterrilactibacillus

L. nan preposition *ultra*, beyond; L. masc. n. *Terrilactibacillus*, An existing genus; *Ultraterrilactibacillus*: A genus related to but distinct from the existing genus Terrilactibacillus of beyond.

Ultraterrimicrobium

L. nan preposition *ultra*, beyond; L. neut. n. *Terrimicrobium*, An existing genus; *Ultraterrimicrobium*: A genus related to but distinct from the existing genus Terrimicrobium of beyond.

Ultraterrisporobacter

L. nan preposition *ultra*, beyond; L. masc. n. *Terrisporobacter*, An existing genus; *Ultraterrisporobacter*: A genus related to but distinct from the existing genus Terrisporobacter of beyond.

Ultratersicoccus

L. nan preposition *ultra*, beyond; L. masc. n. *Tersicoccus*, An existing genus; *Ultratersicoccus*: A genus related to but distinct from the existing genus Tersicoccus of beyond.

Ultratessaracoccus

L. nan preposition *ultra*, beyond; L. masc. n. *Tessaracoccus*, An existing genus; *Ultratessaracoccus*: A genus related to but distinct from the existing genus Tessaracoccus of beyond.

Ultratestudinibacter

L. nan preposition *ultra*, beyond; L. masc. n. *Testudinibacter*, An existing genus; *Ultratestudinibacter*: A genus related to but distinct from the existing genus Testudinibacter of beyond.

Ultratetracoccus

L. nan preposition *ultra*, beyond; L. masc. n. *Tetracoccus*, An existing genus; *Ultratetracoccus*: A genus related to but distinct from the existing genus Tetracoccus of beyond.

Ultratetragenococcus

L. nan preposition *ultra*, beyond; L. masc. n. *Tetragenococcus*, An existing genus; *Ultratetragenococcus*: A genus related to but distinct from the existing genus Tetragenococcus of beyond.

Ultratetrasphaera

L. nan preposition *ultra*, beyond; L. fem. n. *Tetrasphaera*, An existing genus; *Ultratetrasphaera*: A genus related to but distinct from the existing genus Tetrasphaera of beyond.

Ultratetrathiobacter

L. nan preposition *ultra*, beyond; L. masc. n. *Tetrathiobacter*, An existing genus; *Ultratetrathiobacter*: A genus related to but distinct from the existing genus Tetrathiobacter of beyond.

Ultratexcoconibacillus

L. nan preposition *ultra*, beyond; L. masc. n. *Texcoconibacillus*, An existing genus; *Ultratexcoconibacillus*: A genus related to but distinct from the existing genus Texcoconibacillus of beyond.

Ultrathalassobacillus

L. nan preposition *ultra*, beyond; L. masc. n. *Thalassobacillus*, An existing genus; *Ultrathalassobacillus*: A genus related to but distinct from the existing genus Thalassobacillus of beyond.

Ultrathalassobacter

L. nan preposition *ultra*, beyond; L. masc. n. *Thalassobacter*, An existing genus; *Ultrathalassobacter*: A genus related to but distinct from the existing genus Thalassobacter of beyond.

Ultrathalassobaculum

L. nan preposition *ultra*, beyond; L. neut. n. *Thalassobaculum*, An existing genus; *Ultrathalassobaculum*: A genus related to but distinct from the existing genus Thalassobaculum of beyond.

Ultrathalassobius

L. nan preposition *ultra*, beyond; L. masc. n. *Thalassobius*, An existing genus; *Ultrathalassobius*: A genus related to but distinct from the existing genus Thalassobius of beyond.

Ultrathalassocella

L. nan preposition *ultra*, beyond; L. fem. n. *Thalassocella*, An existing genus; *Ultrathalassocella*: A genus related to but distinct from the existing genus Thalassocella of beyond.

Ultrathalassococcus

L. nan preposition *ultra*, beyond; L. masc. n. *Thalassococcus*, An existing genus; *Ultrathalassococcus*: A genus related to but distinct from the existing genus Thalassococcus of beyond.

Ultrathalassocola

L. nan preposition *ultra*, beyond; L. fem. n. *Thalassocola*, An existing genus; *Ultrathalassocola*: A genus related to but distinct from the existing genus Thalassocola of beyond.

Ultrathalassolituus

L. nan preposition *ultra*, beyond; L. masc. n. *Thalassolituus*, An existing genus; *Ultrathalassolituus*: A genus related to but distinct from the existing genus Thalassolituus of beyond.

Ultrathalassomonas

L. nan preposition *ultra*, beyond; L. fem. n. *Thalassomonas*, An existing genus; *Ultrathalassomonas*: A genus related to but distinct from the existing genus Thalassomonas of beyond.

Ultrathalassorhabdomicrobium

L. nan preposition *ultra*, beyond; L. neut. n. *Thalassorhabdomicrobium*, An existing genus; *Ultrathalassorhabdomicrobium*: A genus related to but distinct from the existing genus Thalassorhabdomicrobium of beyond.

Ultrathalassorhabdus

L. nan preposition *ultra*, beyond; L. fem. n. *Thalassorhabdus*, An existing genus; *Ultrathalassorhabdus*: A genus related to but distinct from the existing genus Thalassorhabdus of beyond.

Ultrathalassospira

L. nan preposition *ultra*, beyond; L. fem. n. *Thalassospira*, An existing genus; *Ultrathalassospira*: A genus related to but distinct from the existing genus Thalassospira of beyond.

Ultrathalassotalea

L. nan preposition *ultra*, beyond; L. fem. n. *Thalassotalea*, An existing genus; *Ultrathalassotalea*: A genus related to but distinct from the existing genus Thalassotalea of beyond.

Ultrathauera

L. nan preposition *ultra*, beyond; L. fem. n. *Thauera*, An existing genus; *Ultrathauera*: A genus related to but distinct from the existing genus Thauera of beyond.

Ultrathaumasiovibrio

L. nan preposition *ultra*, beyond; L. masc. n. *Thaumasiovibrio*, An existing genus; *Ultrathaumasiovibrio*: A genus related to but distinct from the existing genus Thaumasiovibrio of beyond.

Ultrathermacetogenium

L. nan preposition *ultra*, beyond; L. neut. n. *Thermacetogenium*, An existing genus; *Ultrathermacetogenium*: A genus related to but distinct from the existing genus Thermacetogenium of beyond.

Ultrathermaerobacter

L. nan preposition *ultra*, beyond; L. masc. n. *Thermaerobacter*, An existing genus; *Ultrathermaerobacter*: A genus related to but distinct from the existing genus Thermaerobacter of beyond.

Ultrathermalkalibacillus

L. nan preposition *ultra*, beyond; L. masc. n. *Thermalkalibacillus*, An existing genus; *Ultrathermalkalibacillus*: A genus related to but distinct from the existing genus Thermalkalibacillus of beyond.

Ultrathermanaeromonas

L. nan preposition *ultra*, beyond; L. fem. n. *Thermanaeromonas*, An existing genus; *Ultrathermanaeromonas*: A genus related to but distinct from the existing genus Thermanaeromonas of beyond.

Ultrathermanaerothrix

L. nan preposition *ultra*, beyond; L. fem. n. *Thermanaerothrix*, An existing genus; *Ultrathermanaerothrix*: A genus related to but distinct from the existing genus Thermanaerothrix of beyond.

Ultrathermanaerovibrio

L. nan preposition *ultra*, beyond; L. masc. n. *Thermanaerovibrio*, An existing genus; *Ultrathermanaerovibrio*: A genus related to but distinct from the existing genus Thermanaerovibrio of beyond.

Ultrathermasporomyces

L. nan preposition *ultra*, beyond; L. masc. n. *Thermasporomyces*, An existing genus; *Ultrathermasporomyces*: A genus related to but distinct from the existing genus Thermasporomyces of beyond.

Ultrathermaurantimonas

L. nan preposition *ultra*, beyond; L. fem. n. *Thermaurantimonas*, An existing genus; *Ultrathermaurantimonas*: A genus related to but distinct from the existing genus Thermaurantimonas of beyond.

Ultrathermithiobacillus

L. nan preposition *ultra*, beyond; L. masc. n. *Thermithiobacillus*, An existing genus; *Ultrathermithiobacillus*: A genus related to but distinct from the existing genus Thermithiobacillus of beyond.

Ultrathermoactinomyces

L. nan preposition *ultra*, beyond; L. masc. n. *Thermoactinomyces*, An existing genus; *Ultrathermoactinomyces*: A genus related to but distinct from the existing genus Thermoactinomyces of beyond.

Ultrathermoactinospora

L. nan preposition *ultra*, beyond; L. fem. n. *Thermoactinospora*, An existing genus; *Ultrathermoactinospora*: A genus related to but distinct from the existing genus Thermoactinospora of beyond.

Ultrathermoanaerobacter

L. nan preposition *ultra*, beyond; L. masc. n. *Thermoanaerobacter*, An existing genus; *Ultrathermoanaerobacter*: A genus related to but distinct from the existing genus Thermoanaerobacter of beyond.

Ultrathermoanaerobacterium

L. nan preposition *ultra*, beyond; L. neut. n. *Thermoanaerobacterium*, An existing genus; *Ultrathermoanaerobacterium*: A genus related to but distinct from the existing genus Thermoanaerobacterium of beyond.

Ultrathermoanaerobaculum

L. nan preposition *ultra*, beyond; L. neut. n. *Thermoanaerobaculum*, An existing genus; *Ultrathermoanaerobaculum*: A genus related to but distinct from the existing genus Thermoanaerobaculum of beyond.

Ultrathermoanaerobium

L. nan preposition *ultra*, beyond; L. neut. n. *Thermoanaerobium*, An existing genus; *Ultrathermoanaerobium*: A genus related to but distinct from the existing genus Thermoanaerobium of beyond.

Ultrathermobacillus

L. nan preposition *ultra*, beyond; L. masc. n. *Thermobacillus*, An existing genus; *Ultrathermobacillus*: A genus related to but distinct from the existing genus Thermobacillus of beyond.

Ultrathermobacteroides

L. nan preposition *ultra*, beyond; L. masc. n. *Thermobacteroides*, An existing genus; *Ultrathermobacteroides*: A genus related to but distinct from the existing genus Thermobacteroides of beyond.

Ultrathermobifida

L. nan preposition *ultra*, beyond; L. fem. n. *Thermobifida*, An existing genus; *Ultrathermobifida*: A genus related to but distinct from the existing genus Thermobifida of beyond.

Ultrathermobispora

L. nan preposition *ultra*, beyond; L. fem. n. *Thermobispora*, An existing genus; *Ultrathermobispora*: A genus related to but distinct from the existing genus Thermobispora of beyond.

Ultrathermobrachium

L. nan preposition *ultra*, beyond; L. neut. n. *Thermobrachium*, An existing genus; *Ultrathermobrachium*: A genus related to but distinct from the existing genus Thermobrachium of beyond.

Ultrathermocatellispora

L. nan preposition *ultra*, beyond; L. fem. n. *Thermocatellispora*, An existing genus; *Ultrathermocatellispora*: A genus related to but distinct from the existing genus Thermocatellispora of beyond.

Ultrathermochromatium

L. nan preposition *ultra*, beyond; L. neut. n. *Thermochromatium*, An existing genus; *Ultrathermochromatium*: A genus related to but distinct from the existing genus Thermochromatium of beyond.

Ultrathermocladium

L. nan preposition *ultra*, beyond; L. neut. dim. n. *Thermocladium*, An existing genus; *Ultrathermocladium*: A genus related to but distinct from the existing genus Thermocladium of beyond.

Ultrathermoclostridium

L. nan preposition *ultra*, beyond; L. neut. dim. n. *Thermoclostridium*, An existing genus; *Ultrathermoclostridium*: A genus related to but distinct from the existing genus Thermoclostridium of beyond.

Ultrathermococcoides

L. nan preposition *ultra*, beyond; L. masc. n. *Thermococcoides*, An existing genus; *Ultrathermococcoides*: A genus related to but distinct from the existing genus Thermococcoides of beyond.

Ultrathermococcus

L. nan preposition *ultra*, beyond; L. masc. n. *Thermococcus*, An existing genus; *Ultrathermococcus*: A genus related to but distinct from the existing genus Thermococcus of beyond.

Ultrathermocrinis

L. nan preposition *ultra*, beyond; L. masc. n. *Thermocrinis*, An existing genus; *Ultrathermocrinis*: A genus related to but distinct from the existing genus Thermocrinis of beyond.

Ultrathermocrispum

L. nan preposition *ultra*, beyond; L. neut. n. *Thermocrispum*, An existing genus; *Ultrathermocrispum*: A genus related to but distinct from the existing genus Thermocrispum of beyond.

Ultrathermodesulfatator

L. nan preposition *ultra*, beyond; L. masc. n. *Thermodesulfatator*, An existing genus; *Ultrathermodesulfatator*: A genus related to but distinct from the existing genus Thermodesulfatator of beyond.

Ultrathermodesulfitimonas

L. nan preposition *ultra*, beyond; L. fem. n. *Thermodesulfitimonas*, An existing genus; *Ultrathermodesulfitimonas*: A genus related to but distinct from the existing genus Thermodesulfitimonas of beyond.

Ultrathermodesulfobacterium

L. nan preposition *ultra*, beyond; L. neut. n. *Thermodesulfobacterium*, An existing genus; *Ultrathermodesulfobacterium*: A genus related to but distinct from the existing genus Thermodesulfobacterium of beyond.

Ultrathermodesulfobium

L. nan preposition *ultra*, beyond; L. neut. n. *Thermodesulfobium*, An existing genus; *Ultrathermodesulfobium*: A genus related to but distinct from the existing genus Thermodesulfobium of beyond.

Ultrathermodesulforhabdus

L. nan preposition *ultra*, beyond; L. fem. n. *Thermodesulforhabdus*, An existing genus; *Ultrathermodesulforhabdus*: A genus related to but distinct from the existing genus Thermodesulforhabdus of beyond.

Ultrathermodesulfovibrio

L. nan preposition *ultra*, beyond; L. masc. n. *Thermodesulfovibrio*, An existing genus; *Ultrathermodesulfovibrio*: A genus related to but distinct from the existing genus Thermodesulfovibrio of beyond.

Ultrathermodiscus

L. nan preposition *ultra*, beyond; L. masc. n. *Thermodiscus*, An existing genus; *Ultrathermodiscus*: A genus related to but distinct from the existing genus Thermodiscus of beyond.

Ultrathermofilum

L. nan preposition *ultra*, beyond; L. neut. n. *Thermofilum*, An existing genus; *Ultrathermofilum*: A genus related to but distinct from the existing genus Thermofilum of beyond.

Ultrathermoflavifilum

L. nan preposition *ultra*, beyond; L. neut. n. *Thermoflavifilum*, An existing genus; *Ultrathermoflavifilum*: A genus related to but distinct from the existing genus Thermoflavifilum of beyond.

Ultrathermoflavimicrobium

L. nan preposition *ultra*, beyond; L. neut. n. *Thermoflavimicrobium*, An existing genus; *Ultrathermoflavimicrobium*: A genus related to but distinct from the existing genus Thermoflavimicrobium of beyond.

Ultrathermoflexibacter

L. nan preposition *ultra*, beyond; L. masc. n. *Thermoflexibacter*, An existing genus; *Ultrathermoflexibacter*: A genus related to but distinct from the existing genus Thermoflexibacter of beyond.

Ultrathermoflexus

L. nan preposition *ultra*, beyond; L. masc. n. *Thermoflexus*, An existing genus; *Ultrathermoflexus*: A genus related to but distinct from the existing genus Thermoflexus of beyond.

Ultrathermogemmatispora

L. nan preposition *ultra*, beyond; L. fem. n. *Thermogemmatispora*, An existing genus; *Ultrathermogemmatispora*: A genus related to but distinct from the existing genus Thermogemmatispora of beyond.

Ultrathermogladius

L. nan preposition *ultra*, beyond; L. masc. n. *Thermogladius*, An existing genus; *Ultrathermogladius*: A genus related to but distinct from the existing genus Thermogladius of beyond.

Ultrathermogutta

L. nan preposition *ultra*, beyond; L. fem. n. *Thermogutta*, An existing genus; *Ultrathermogutta*: A genus related to but distinct from the existing genus Thermogutta of beyond.

Ultrathermogymnomonas

L. nan preposition *ultra*, beyond; L. fem. n. *Thermogymnomonas*, An existing genus; *Ultrathermogymnomonas*: A genus related to but distinct from the existing genus Thermogymnomonas of beyond.

Ultrathermohalobacter

L. nan preposition *ultra*, beyond; L. masc. n. *Thermohalobacter*, An existing genus; *Ultrathermohalobacter*: A genus related to but distinct from the existing genus Thermohalobacter of beyond.

Ultrathermohydrogenium

L. nan preposition *ultra*, beyond; L. neut. n. *Thermohydrogenium*, An existing genus; *Ultrathermohydrogenium*: A genus related to but distinct from the existing genus Thermohydrogenium of beyond.

Ultrathermoleophilum

L. nan preposition *ultra*, beyond; L. neut. n. *Thermoleophilum*, An existing genus; *Ultrathermoleophilum*: A genus related to but distinct from the existing genus Thermoleophilum of beyond.

Ultrathermoleptolyngbya

L. nan preposition *ultra*, beyond; L. fem. n. *Thermoleptolyngbya*, An existing genus; *Ultrathermoleptolyngbya*: A genus related to but distinct from the existing genus Thermoleptolyngbya of beyond.

Ultrathermolithobacter

L. nan preposition *ultra*, beyond; L. masc. n. *Thermolithobacter*, An existing genus; *Ultrathermolithobacter*: A genus related to but distinct from the existing genus Thermolithobacter of beyond.

Ultrathermolongibacillus

L. nan preposition *ultra*, beyond; L. masc. n. *Thermolongibacillus*, An existing genus; *Ultrathermolongibacillus*: A genus related to but distinct from the existing genus Thermolongibacillus of beyond.

Ultrathermomarinilinea

L. nan preposition *ultra*, beyond; L. fem. n. *Thermomarinilinea*, An existing genus; *Ultrathermomarinilinea*: A genus related to but distinct from the existing genus Thermomarinilinea of beyond.

Ultrathermomicrobium

L. nan preposition *ultra*, beyond; L. neut. n. *Thermomicrobium*, An existing genus; *Ultrathermomicrobium*: A genus related to but distinct from the existing genus Thermomicrobium of beyond.

Ultrathermomonas

L. nan preposition *ultra*, beyond; L. fem. n. *Thermomonas*, An existing genus; *Ultrathermomonas*: A genus related to but distinct from the existing genus Thermomonas of beyond.

Ultrathermomonospora

L. nan preposition *ultra*, beyond; L. fem. n. *Thermomonospora*, An existing genus; *Ultrathermomonospora*: A genus related to but distinct from the existing genus Thermomonospora of beyond.

Ultrathermonema

L. nan preposition *ultra*, beyond; L. neut. n. *Thermonema*, An existing genus; *Ultrathermonema*: A genus related to but distinct from the existing genus Thermonema of beyond.

Ultrathermophagus

L. nan preposition *ultra*, beyond; L. masc. n. *Thermophagus*, An existing genus; *Ultrathermophagus*: A genus related to but distinct from the existing genus Thermophagus of beyond.

Ultrathermoplasma

L. nan preposition *ultra*, beyond; L. neut. n. *Thermoplasma*, An existing genus; *Ultrathermoplasma*: A genus related to but distinct from the existing genus Thermoplasma of beyond.

Ultrathermopolyspora

L. nan preposition *ultra*, beyond; L. fem. n. *Thermopolyspora*, An existing genus; *Ultrathermopolyspora*: A genus related to but distinct from the existing genus Thermopolyspora of beyond.

Ultrathermoproteus

L. nan preposition *ultra*, beyond; L. masc. n. *Thermoproteus*, An existing genus; *Ultrathermoproteus*: A genus related to but distinct from the existing genus Thermoproteus of beyond.

Ultrathermorudis

L. nan preposition *ultra*, beyond; L. fem. n. *Thermorudis*, An existing genus; *Ultrathermorudis*: A genus related to but distinct from the existing genus Thermorudis of beyond.

Ultrathermosediminibacter

L. nan preposition *ultra*, beyond; L. masc. n. *Thermosediminibacter*, An existing genus; *Ultrathermosediminibacter*: A genus related to but distinct from the existing genus Thermosediminibacter of beyond.

Ultrathermosinus

L. nan preposition *ultra*, beyond; L. masc. n. *Thermosinus*, An existing genus; *Ultrathermosinus*: A genus related to but distinct from the existing genus Thermosinus of beyond.

Ultrathermosipho

L. nan preposition *ultra*, beyond; L. masc. n. *Thermosipho*, An existing genus; *Ultrathermosipho*: A genus related to but distinct from the existing genus Thermosipho of beyond.

Ultrathermosphaera

L. nan preposition *ultra*, beyond; L. fem. n. *Thermosphaera*, An existing genus; *Ultrathermosphaera*: A genus related to but distinct from the existing genus Thermosphaera of beyond.

Ultrathermosporothrix

L. nan preposition *ultra*, beyond; L. fem. n. *Thermosporothrix*, An existing genus; *Ultrathermosporothrix*: A genus related to but distinct from the existing genus Thermosporothrix of beyond.

Ultrathermostaphylospora

L. nan preposition *ultra*, beyond; L. fem. n. *Thermostaphylospora*, An existing genus; *Ultrathermostaphylospora*: A genus related to but distinct from the existing genus Thermostaphylospora of beyond.

Ultrathermostilla

L. nan preposition *ultra*, beyond; L. fem. n. *Thermostilla*, An existing genus; *Ultrathermostilla*: A genus related to but distinct from the existing genus Thermostilla of beyond.

Ultrathermosulfidibacter

L. nan preposition *ultra*, beyond; L. masc. n. *Thermosulfidibacter*, An existing genus; *Ultrathermosulfidibacter*: A genus related to but distinct from the existing genus Thermosulfidibacter of beyond.

Ultrathermosulfurimonas

L. nan preposition *ultra*, beyond; L. fem. n. *Thermosulfurimonas*, An existing genus; *Ultrathermosulfurimonas*: A genus related to but distinct from the existing genus Thermosulfurimonas of beyond.

Ultrathermosulfuriphilus

L. nan preposition *ultra*, beyond; L. masc. n. *Thermosulfuriphilus*, An existing genus; *Ultrathermosulfuriphilus*: A genus related to but distinct from the existing genus Thermosulfuriphilus of beyond.

Ultrathermosyntropha

L. nan preposition *ultra*, beyond; L. fem. n. *Thermosyntropha*, An existing genus; *Ultrathermosyntropha*: A genus related to but distinct from the existing genus Thermosyntropha of beyond.

Ultrathermotalea

L. nan preposition *ultra*, beyond; L. fem. n. *Thermotalea*, An existing genus; *Ultrathermotalea*: A genus related to but distinct from the existing genus Thermotalea of beyond.

Ultrathermoterrabacterium

L. nan preposition *ultra*, beyond; L. neut. n. *Thermoterrabacterium*, An existing genus; *Ultrathermoterrabacterium*: A genus related to but distinct from the existing genus Thermoterrabacterium of beyond.

Ultrathermotoga

L. nan preposition *ultra*, beyond; L. fem. n. *Thermotoga*, An existing genus; *Ultrathermotoga*: A genus related to but distinct from the existing genus Thermotoga of beyond.

Ultrathermotomaculum

L. nan preposition *ultra*, beyond; L. neut. n. *Thermotomaculum*, An existing genus; *Ultrathermotomaculum*: A genus related to but distinct from the existing genus Thermotomaculum of beyond.

Ultrathermotunica

L. nan preposition *ultra*, beyond; L. fem. n. *Thermotunica*, An existing genus; *Ultrathermotunica*: A genus related to but distinct from the existing genus Thermotunica of beyond.

Ultrathermovenabulum

L. nan preposition *ultra*, beyond; L. neut. n. *Thermovenabulum*, An existing genus; *Ultrathermovenabulum*: A genus related to but distinct from the existing genus Thermovenabulum of beyond.

Ultrathermovibrio

L. nan preposition *ultra*, beyond; L. masc. n. *Thermovibrio*, An existing genus; *Ultrathermovibrio*: A genus related to but distinct from the existing genus Thermovibrio of beyond.

Ultrathermovirga

L. nan preposition *ultra*, beyond; L. fem. n. *Thermovirga*, An existing genus; *Ultrathermovirga*: A genus related to but distinct from the existing genus Thermovirga of beyond.

Ultrathermovorax

L. nan preposition *ultra*, beyond; L. masc. n. *Thermovorax*, An existing genus; *Ultrathermovorax*: A genus related to but distinct from the existing genus Thermovorax of beyond.

Ultrathermovum

L. nan preposition *ultra*, beyond; L. neut. n. *Thermovum*, An existing genus; *Ultrathermovum*: A genus related to but distinct from the existing genus Thermovum of beyond.

Ultrathermus

L. nan preposition *ultra*, beyond; L. masc. n. *Thermus*, An existing genus; *Ultrathermus*: A genus related to but distinct from the existing genus Thermus of beyond.

Ultrathioalbus

L. nan preposition *ultra*, beyond; L. masc. n. *Thioalbus*, An existing genus; *Ultrathioalbus*: A genus related to but distinct from the existing genus Thioalbus of beyond.

Ultrathioalkalibacter

L. nan preposition *ultra*, beyond; L. masc. n. *Thioalkalibacter*, An existing genus; *Ultrathioalkalibacter*: A genus related to but distinct from the existing genus Thioalkalibacter of beyond.

Ultrathioalkalicoccus

L. nan preposition *ultra*, beyond; L. masc. n. *Thioalkalicoccus*, An existing genus; *Ultrathioalkalicoccus*: A genus related to but distinct from the existing genus Thioalkalicoccus of beyond.

Ultrathioalkalimicrobium

L. nan preposition *ultra*, beyond; L. neut. n. *Thioalkalimicrobium*, An existing genus; *Ultrathioalkalimicrobium*: A genus related to but distinct from the existing genus Thioalkalimicrobium of beyond.

Ultrathioalkalispira

L. nan preposition *ultra*, beyond; L. fem. n. *Thioalkalispira*, An existing genus; *Ultrathioalkalispira*: A genus related to but distinct from the existing genus Thioalkalispira of beyond.

Ultrathioalkalivibrio

L. nan preposition *ultra*, beyond; L. masc. n. *Thioalkalivibrio*, An existing genus; *Ultrathioalkalivibrio*: A genus related to but distinct from the existing genus Thioalkalivibrio of beyond.

Ultrathiobaca

L. nan preposition *ultra*, beyond; L. fem. n. *Thiobaca*, An existing genus; *Ultrathiobaca*: A genus related to but distinct from the existing genus Thiobaca of beyond.

Ultrathiobacillus

L. nan preposition *ultra*, beyond; L. masc. n. *Thiobacillus*, An existing genus; *Ultrathiobacillus*: A genus related to but distinct from the existing genus Thiobacillus of beyond.

Ultrathiobacimonas

L. nan preposition *ultra*, beyond; L. fem. n. *Thiobacimonas*, An existing genus; *Ultrathiobacimonas*: A genus related to but distinct from the existing genus Thiobacimonas of beyond.

Ultrathiobacterium

L. nan preposition *ultra*, beyond; L. neut. n. *Thiobacterium*, An existing genus; *Ultrathiobacterium*: A genus related to but distinct from the existing genus Thiobacterium of beyond.

Ultrathiocapsa

L. nan preposition *ultra*, beyond; L. fem. n. *Thiocapsa*, An existing genus; *Ultrathiocapsa*: A genus related to but distinct from the existing genus Thiocapsa of beyond.

Ultrathioclava

L. nan preposition *ultra*, beyond; L. fem. n. *Thioclava*, An existing genus; *Ultrathioclava*: A genus related to but distinct from the existing genus Thioclava of beyond.

Ultrathiococcus

L. nan preposition *ultra*, beyond; L. masc. n. *Thiococcus*, An existing genus; *Ultrathiococcus*: A genus related to but distinct from the existing genus Thiococcus of beyond.

Ultrathiocystis

L. nan preposition *ultra*, beyond; L. fem. n. *Thiocystis*, An existing genus; *Ultrathiocystis*: A genus related to but distinct from the existing genus Thiocystis of beyond.

Ultrathiodictyon

L. nan preposition *ultra*, beyond; L. neut. n. *Thiodictyon*, An existing genus; *Ultrathiodictyon*: A genus related to but distinct from the existing genus Thiodictyon of beyond.

Ultrathiofaba

L. nan preposition *ultra*, beyond; L. fem. n. *Thiofaba*, An existing genus; *Ultrathiofaba*: A genus related to but distinct from the existing genus Thiofaba of beyond.

Ultrathiofilum

L. nan preposition *ultra*, beyond; L. neut. n. *Thiofilum*, An existing genus; *Ultrathiofilum*: A genus related to but distinct from the existing genus Thiofilum of beyond.

Ultrathioflavicoccus

L. nan preposition *ultra*, beyond; L. masc. n. *Thioflavicoccus*, An existing genus; *Ultrathioflavicoccus*: A genus related to but distinct from the existing genus Thioflavicoccus of beyond.

Ultrathioflexithrix

L. nan preposition *ultra*, beyond; L. fem. n. *Thioflexithrix*, An existing genus; *Ultrathioflexithrix*: A genus related to but distinct from the existing genus Thioflexithrix of beyond.

Ultrathiofractor

L. nan preposition *ultra*, beyond; L. masc. n. *Thiofractor*, An existing genus; *Ultrathiofractor*: A genus related to but distinct from the existing genus Thiofractor of beyond.

Ultrathiohalobacter

L. nan preposition *ultra*, beyond; L. masc. n. *Thiohalobacter*, An existing genus; *Ultrathiohalobacter*: A genus related to but distinct from the existing genus Thiohalobacter of beyond.

Ultrathiohalocapsa

L. nan preposition *ultra*, beyond; L. fem. n. *Thiohalocapsa*, An existing genus; *Ultrathiohalocapsa*: A genus related to but distinct from the existing genus Thiohalocapsa of beyond.

Ultrathiohalomonas

L. nan preposition *ultra*, beyond; L. fem. n. *Thiohalomonas*, An existing genus; *Ultrathiohalomonas*: A genus related to but distinct from the existing genus Thiohalomonas of beyond.

Ultrathiohalophilus

L. nan preposition *ultra*, beyond; L. masc. n. *Thiohalophilus*, An existing genus; *Ultrathiohalophilus*: A genus related to but distinct from the existing genus Thiohalophilus of beyond.

Ultrathiohalorhabdus

L. nan preposition *ultra*, beyond; L. fem. n. *Thiohalorhabdus*, An existing genus; *Ultrathiohalorhabdus*: A genus related to but distinct from the existing genus Thiohalorhabdus of beyond.

Ultrathiohalospira

L. nan preposition *ultra*, beyond; L. fem. n. *Thiohalospira*, An existing genus; *Ultrathiohalospira*: A genus related to but distinct from the existing genus Thiohalospira of beyond.

Ultrathiolamprovum

L. nan preposition *ultra*, beyond; L. neut. n. *Thiolamprovum*, An existing genus; *Ultrathiolamprovum*: A genus related to but distinct from the existing genus Thiolamprovum of beyond.

Ultrathiolapillus

L. nan preposition *ultra*, beyond; L. masc. n. *Thiolapillus*, An existing genus; *Ultrathiolapillus*: A genus related to but distinct from the existing genus Thiolapillus of beyond.

Ultrathiolinea

L. nan preposition *ultra*, beyond; L. fem. n. *Thiolinea*, An existing genus; *Ultrathiolinea*: A genus related to but distinct from the existing genus Thiolinea of beyond.

Ultrathiomargarita

L. nan preposition *ultra*, beyond; L. fem. n. *Thiomargarita*, An existing genus; *Ultrathiomargarita*: A genus related to but distinct from the existing genus Thiomargarita of beyond.

Ultrathiomicrorhabdus

L. nan preposition *ultra*, beyond; L. fem. n. *Thiomicrorhabdus*, An existing genus; *Ultrathiomicrorhabdus*: A genus related to but distinct from the existing genus Thiomicrorhabdus of beyond.

Ultrathiomicrospira

L. nan preposition *ultra*, beyond; L. fem. n. *Thiomicrospira*, An existing genus; *Ultrathiomicrospira*: A genus related to but distinct from the existing genus Thiomicrospira of beyond.

Ultrathiomonas

L. nan preposition *ultra*, beyond; L. fem. n. *Thiomonas*, An existing genus; *Ultrathiomonas*: A genus related to but distinct from the existing genus Thiomonas of beyond.

Ultrathiopedia

L. nan preposition *ultra*, beyond; L. fem. n. *Thiopedia*, An existing genus; *Ultrathiopedia*: A genus related to but distinct from the existing genus Thiopedia of beyond.

Ultrathiophaeococcus

L. nan preposition *ultra*, beyond; L. masc. n. *Thiophaeococcus*, An existing genus; *Ultrathiophaeococcus*: A genus related to but distinct from the existing genus Thiophaeococcus of beyond.

Ultrathioploca

L. nan preposition *ultra*, beyond; L. fem. n. *Thioploca*, An existing genus; *Ultrathioploca*: A genus related to but distinct from the existing genus Thioploca of beyond.

Ultrathioprofundum

L. nan preposition *ultra*, beyond; L. neut. n. *Thioprofundum*, An existing genus; *Ultrathioprofundum*: A genus related to but distinct from the existing genus Thioprofundum of beyond.

Ultrathiopseudomonas

L. nan preposition *ultra*, beyond; L. fem. n. *Thiopseudomonas*, An existing genus; *Ultrathiopseudomonas*: A genus related to but distinct from the existing genus Thiopseudomonas of beyond.

Ultrathioreductor

L. nan preposition *ultra*, beyond; L. masc. n. *Thioreductor*, An existing genus; *Ultrathioreductor*: A genus related to but distinct from the existing genus Thioreductor of beyond.

Ultrathiorhodococcus

L. nan preposition *ultra*, beyond; L. masc. n. *Thiorhodococcus*, An existing genus; *Ultrathiorhodococcus*: A genus related to but distinct from the existing genus Thiorhodococcus of beyond.

Ultrathiorhodospira

L. nan preposition *ultra*, beyond; L. fem. n. *Thiorhodospira*, An existing genus; *Ultrathiorhodospira*: A genus related to but distinct from the existing genus Thiorhodospira of beyond.

Ultrathiorhodovibrio

L. nan preposition *ultra*, beyond; L. masc. n. *Thiorhodovibrio*, An existing genus; *Ultrathiorhodovibrio*: A genus related to but distinct from the existing genus Thiorhodovibrio of beyond.

Ultrathiosocius

L. nan preposition *ultra*, beyond; L. masc. n. *Thiosocius*, An existing genus; *Ultrathiosocius*: A genus related to but distinct from the existing genus Thiosocius of beyond.

Ultrathiosphaera

L. nan preposition *ultra*, beyond; L. fem. n. *Thiosphaera*, An existing genus; *Ultrathiosphaera*: A genus related to but distinct from the existing genus Thiosphaera of beyond.

Ultrathiospira

L. nan preposition *ultra*, beyond; L. fem. n. *Thiospira*, An existing genus; *Ultrathiospira*: A genus related to but distinct from the existing genus Thiospira of beyond.

Ultrathiospirillum

L. nan preposition *ultra*, beyond; L. neut. dim. n. *Thiospirillum*, An existing genus; *Ultrathiospirillum*: A genus related to but distinct from the existing genus Thiospirillum of beyond.

Ultrathiothrix

L. nan preposition *ultra*, beyond; L. fem. n. *Thiothrix*, An existing genus; *Ultrathiothrix*: A genus related to but distinct from the existing genus Thiothrix of beyond.

Ultrathiovulum

L. nan preposition *ultra*, beyond; L. neut. n. *Thiovulum*, An existing genus; *Ultrathiovulum*: A genus related to but distinct from the existing genus Thiovulum of beyond.

Ultrathorsellia

L. nan preposition *ultra*, beyond; L. fem. n. *Thorsellia*, An existing genus; *Ultrathorsellia*: A genus related to but distinct from the existing genus Thorsellia of beyond.

Ultratianweitania

L. nan preposition *ultra*, beyond; L. fem. n. *Tianweitania*, An existing genus; *Ultratianweitania*: A genus related to but distinct from the existing genus Tianweitania of beyond.

Ultratibeticola

L. nan preposition *ultra*, beyond; L. masc. n. *Tibeticola*, An existing genus; *Ultratibeticola*: A genus related to but distinct from the existing genus Tibeticola of beyond.

Ultratildeniella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Tildeniella*, An existing genus; *Ultratildeniella*: A genus related to but distinct from the existing genus Tildeniella of beyond.

Ultratimaviella

L. nan preposition *ultra*, beyond; L. fem. n. *Timaviella*, An existing genus; *Ultratimaviella*: A genus related to but distinct from the existing genus Timaviella of beyond.

Ultratimonella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Timonella*, An existing genus; *Ultratimonella*: A genus related to but distinct from the existing genus Timonella of beyond.

Ultratindallia

L. nan preposition *ultra*, beyond; L. fem. n. *Tindallia*, An existing genus; *Ultratindallia*: A genus related to but distinct from the existing genus Tindallia of beyond.

Ultratissierella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Tissierella*, An existing genus; *Ultratissierella*: A genus related to but distinct from the existing genus Tissierella of beyond.

Ultratistlia

L. nan preposition *ultra*, beyond; L. fem. n. *Tistlia*, An existing genus; *Ultratistlia*: A genus related to but distinct from the existing genus Tistlia of beyond.

Ultratistrella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Tistrella*, An existing genus; *Ultratistrella*: A genus related to but distinct from the existing genus Tistrella of beyond.

Ultratitanospirillum

L. nan preposition *ultra*, beyond; L. neut. dim. n. *Titanospirillum*, An existing genus; *Ultratitanospirillum*: A genus related to but distinct from the existing genus Titanospirillum of beyond.

Ultratolumonas

L. nan preposition *ultra*, beyond; L. fem. n. *Tolumonas*, An existing genus; *Ultratolumonas*: A genus related to but distinct from the existing genus Tolumonas of beyond.

Ultratomitella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Tomitella*, An existing genus; *Ultratomitella*: A genus related to but distinct from the existing genus Tomitella of beyond.

Ultratonsilliphilus

L. nan preposition *ultra*, beyond; L. masc. n. *Tonsilliphilus*, An existing genus; *Ultratonsilliphilus*: A genus related to but distinct from the existing genus Tonsilliphilus of beyond.

Ultratoxifilum

L. nan preposition *ultra*, beyond; L. neut. n. *Toxifilum*, An existing genus; *Ultratoxifilum*: A genus related to but distinct from the existing genus Toxifilum of beyond.

Ultratoxopsis

L. nan preposition *ultra*, beyond; L. fem. n. *Toxopsis*, An existing genus; *Ultratoxopsis*: A genus related to but distinct from the existing genus Toxopsis of beyond.

Ultratoxothrix

L. nan preposition *ultra*, beyond; L. fem. n. *Toxothrix*, An existing genus; *Ultratoxothrix*: A genus related to but distinct from the existing genus Toxothrix of beyond.

Ultratrabulsiella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Trabulsiella*, An existing genus; *Ultratrabulsiella*: A genus related to but distinct from the existing genus Trabulsiella of beyond.

Ultratranquillimonas

L. nan preposition *ultra*, beyond; L. fem. n. *Tranquillimonas*, An existing genus; *Ultratranquillimonas*: A genus related to but distinct from the existing genus Tranquillimonas of beyond.

Ultratraorella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Traorella*, An existing genus; *Ultratraorella*: A genus related to but distinct from the existing genus Traorella of beyond.

Ultratreponema

L. nan preposition *ultra*, beyond; L. neut. n. *Treponema*, An existing genus; *Ultratreponema*: A genus related to but distinct from the existing genus Treponema of beyond.

Ultratrichlorobacter

L. nan preposition *ultra*, beyond; L. masc. n. *Trichlorobacter*, An existing genus; *Ultratrichlorobacter*: A genus related to but distinct from the existing genus Trichlorobacter of beyond.

Ultratrichococcus

L. nan preposition *ultra*, beyond; L. masc. n. *Trichococcus*, An existing genus; *Ultratrichococcus*: A genus related to but distinct from the existing genus Trichococcus of beyond.

Ultratrinickia

L. nan preposition *ultra*, beyond; L. fem. n. *Trinickia*, An existing genus; *Ultratrinickia*: A genus related to but distinct from the existing genus Trinickia of beyond.

Ultratritonibacter

L. nan preposition *ultra*, beyond; L. masc. n. *Tritonibacter*, An existing genus; *Ultratritonibacter*: A genus related to but distinct from the existing genus Tritonibacter of beyond.

Ultratropheryma

L. nan preposition *ultra*, beyond; L. neut. n. *Tropheryma*, An existing genus; *Ultratropheryma*: A genus related to but distinct from the existing genus Tropheryma of beyond.

Ultratropicibacter

L. nan preposition *ultra*, beyond; L. masc. n. *Tropicibacter*, An existing genus; *Ultratropicibacter*: A genus related to but distinct from the existing genus Tropicibacter of beyond.

Ultratropicihabitans

L. nan preposition *ultra*, beyond; L. masc. n. *Tropicihabitans*, An existing genus; *Ultratropicihabitans*: A genus related to but distinct from the existing genus Tropicihabitans of beyond.

Ultratropicimonas

L. nan preposition *ultra*, beyond; L. fem. n. *Tropicimonas*, An existing genus; *Ultratropicimonas*: A genus related to but distinct from the existing genus Tropicimonas of beyond.

Ultratruepera

L. nan preposition *ultra*, beyond; L. fem. n. *Truepera*, An existing genus; *Ultratruepera*: A genus related to but distinct from the existing genus Truepera of beyond.

Ultratrueperella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Trueperella*, An existing genus; *Ultratrueperella*: A genus related to but distinct from the existing genus Trueperella of beyond.

Ultratsukamurella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Tsukamurella*, An existing genus; *Ultratsukamurella*: A genus related to but distinct from the existing genus Tsukamurella of beyond.

Ultratuberibacillus

L. nan preposition *ultra*, beyond; L. masc. n. *Tuberibacillus*, An existing genus; *Ultratuberibacillus*: A genus related to but distinct from the existing genus Tuberibacillus of beyond.

Ultratullyiplasma

L. nan preposition *ultra*, beyond; L. neut. n. *Tullyiplasma*, An existing genus; *Ultratullyiplasma*: A genus related to but distinct from the existing genus Tullyiplasma of beyond.

Ultratumebacillus

L. nan preposition *ultra*, beyond; L. masc. n. *Tumebacillus*, An existing genus; *Ultratumebacillus*: A genus related to but distinct from the existing genus Tumebacillus of beyond.

Ultratundrisphaera

L. nan preposition *ultra*, beyond; L. fem. n. *Tundrisphaera*, An existing genus; *Ultratundrisphaera*: A genus related to but distinct from the existing genus Tundrisphaera of beyond.

Ultratunicatimonas

L. nan preposition *ultra*, beyond; L. fem. n. *Tunicatimonas*, An existing genus; *Ultratunicatimonas*: A genus related to but distinct from the existing genus Tunicatimonas of beyond.

Ultraturicella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Turicella*, An existing genus; *Ultraturicella*: A genus related to but distinct from the existing genus Turicella of beyond.

Ultraturicibacter

L. nan preposition *ultra*, beyond; L. masc. n. *Turicibacter*, An existing genus; *Ultraturicibacter*: A genus related to but distinct from the existing genus Turicibacter of beyond.

Ultraturicimonas

L. nan preposition *ultra*, beyond; L. fem. n. *Turicimonas*, An existing genus; *Ultraturicimonas*: A genus related to but distinct from the existing genus Turicimonas of beyond.

Ultraturneriella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Turneriella*, An existing genus; *Ultraturneriella*: A genus related to but distinct from the existing genus Turneriella of beyond.

Ultratuwongella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Tuwongella*, An existing genus; *Ultratuwongella*: A genus related to but distinct from the existing genus Tuwongella of beyond.

Ultrauliginosibacterium

L. nan preposition *ultra*, beyond; L. neut. n. *Uliginosibacterium*, An existing genus; *Ultrauliginosibacterium*: A genus related to but distinct from the existing genus Uliginosibacterium of beyond.

Ultraulvibacter

L. nan preposition *ultra*, beyond; L. masc. n. *Ulvibacter*, An existing genus; *Ultraulvibacter*: A genus related to but distinct from the existing genus Ulvibacter of beyond.

Ultraulvibacterium

L. nan preposition *ultra*, beyond; L. neut. n. *Ulvibacterium*, An existing genus; *Ultraulvibacterium*: A genus related to but distinct from the existing genus Ulvibacterium of beyond.

Ultraumboniibacter

L. nan preposition *ultra*, beyond; L. masc. n. *Umboniibacter*, An existing genus; *Ultraumboniibacter*: A genus related to but distinct from the existing genus Umboniibacter of beyond.

Ultraumezawaea

L. nan preposition *ultra*, beyond; L. fem. n. *Umezawaea*, An existing genus; *Ultraumezawaea*: A genus related to but distinct from the existing genus Umezawaea of beyond.

Ultraundibacterium

L. nan preposition *ultra*, beyond; L. neut. n. *Undibacterium*, An existing genus; *Ultraundibacterium*: A genus related to but distinct from the existing genus Undibacterium of beyond.

Ultraureaplasma

L. nan preposition *ultra*, beyond; L. neut. n. *Ureaplasma*, An existing genus; *Ultraureaplasma*: A genus related to but distinct from the existing genus Ureaplasma of beyond.

Ultraurechidicola

L. nan preposition *ultra*, beyond; L. masc. n. *Urechidicola*, An existing genus; *Ultraurechidicola*: A genus related to but distinct from the existing genus Urechidicola of beyond.

Ultraureibacillus

L. nan preposition *ultra*, beyond; L. masc. n. *Ureibacillus*, An existing genus; *Ultraureibacillus*: A genus related to but distinct from the existing genus Ureibacillus of beyond.

Ultraurmitella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Urmitella*, An existing genus; *Ultraurmitella*: A genus related to but distinct from the existing genus Urmitella of beyond.

Ultraursidibacter

L. nan preposition *ultra*, beyond; L. masc. n. *Ursidibacter*, An existing genus; *Ultraursidibacter*: A genus related to but distinct from the existing genus Ursidibacter of beyond.

Ultrauruburuella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Uruburuella*, An existing genus; *Ultrauruburuella*: A genus related to but distinct from the existing genus Uruburuella of beyond.

Ultravadicella

L. nan preposition *ultra*, beyond; L. fem. n. *Vadicella*, An existing genus; *Ultravadicella*: A genus related to but distinct from the existing genus Vadicella of beyond.

Ultravaginella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Vaginella*, An existing genus; *Ultravaginella*: A genus related to but distinct from the existing genus Vaginella of beyond.

Ultravaginimicrobium

L. nan preposition *ultra*, beyond; L. neut. n. *Vaginimicrobium*, An existing genus; *Ultravaginimicrobium*: A genus related to but distinct from the existing genus Vaginimicrobium of beyond.

Ultravaginisenegalia

L. nan preposition *ultra*, beyond; L. fem. n. *Vaginisenegalia*, An existing genus; *Ultravaginisenegalia*: A genus related to but distinct from the existing genus Vaginisenegalia of beyond.

Ultravagococcus

L. nan preposition *ultra*, beyond; L. masc. n. *Vagococcus*, An existing genus; *Ultravagococcus*: A genus related to but distinct from the existing genus Vagococcus of beyond.

Ultravallitalea

L. nan preposition *ultra*, beyond; L. fem. n. *Vallitalea*, An existing genus; *Ultravallitalea*: A genus related to but distinct from the existing genus Vallitalea of beyond.

Ultravampirovibrio

L. nan preposition *ultra*, beyond; L. masc. n. *Vampirovibrio*, An existing genus; *Ultravampirovibrio*: A genus related to but distinct from the existing genus Vampirovibrio of beyond.

Ultravaribaculum

L. nan preposition *ultra*, beyond; L. neut. n. *Varibaculum*, An existing genus; *Ultravaribaculum*: A genus related to but distinct from the existing genus Varibaculum of beyond.

Ultravariovorax

L. nan preposition *ultra*, beyond; L. masc. n. *Variovorax*, An existing genus; *Ultravariovorax*: A genus related to but distinct from the existing genus Variovorax of beyond.

Ultravarunaivibrio

L. nan preposition *ultra*, beyond; L. masc. n. *Varunaivibrio*, An existing genus; *Ultravarunaivibrio*: A genus related to but distinct from the existing genus Varunaivibrio of beyond.

Ultravasilyevaea

L. nan preposition *ultra*, beyond; L. fem. n. *Vasilyevaea*, An existing genus; *Ultravasilyevaea*: A genus related to but distinct from the existing genus Vasilyevaea of beyond.

Ultraveillonella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Veillonella*, An existing genus; *Ultraveillonella*: A genus related to but distinct from the existing genus Veillonella of beyond.

Ultravenenivibrio

L. nan preposition *ultra*, beyond; L. masc. n. *Venenivibrio*, An existing genus; *Ultravenenivibrio*: A genus related to but distinct from the existing genus Venenivibrio of beyond.

Ultraventosimonas

L. nan preposition *ultra*, beyond; L. fem. n. *Ventosimonas*, An existing genus; *Ultraventosimonas*: A genus related to but distinct from the existing genus Ventosimonas of beyond.

Ultraverminephrobacter

L. nan preposition *ultra*, beyond; L. masc. n. *Verminephrobacter*, An existing genus; *Ultraverminephrobacter*: A genus related to but distinct from the existing genus Verminephrobacter of beyond.

Ultraverrucomicrobium

L. nan preposition *ultra*, beyond; L. neut. n. *Verrucomicrobium*, An existing genus; *Ultraverrucomicrobium*: A genus related to but distinct from the existing genus Verrucomicrobium of beyond.

Ultraverrucosispora

L. nan preposition *ultra*, beyond; L. fem. n. *Verrucosispora*, An existing genus; *Ultraverrucosispora*: A genus related to but distinct from the existing genus Verrucosispora of beyond.

Ultraverticia

L. nan preposition *ultra*, beyond; L. fem. n. *Verticia*, An existing genus; *Ultraverticia*: A genus related to but distinct from the existing genus Verticia of beyond.

Ultraverticiella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Verticiella*, An existing genus; *Ultraverticiella*: A genus related to but distinct from the existing genus Verticiella of beyond.

Ultravespertiliibacter

L. nan preposition *ultra*, beyond; L. masc. n. *Vespertiliibacter*, An existing genus; *Ultravespertiliibacter*: A genus related to but distinct from the existing genus Vespertiliibacter of beyond.

Ultravibrio

L. nan preposition *ultra*, beyond; L. masc. n. *Vibrio*, An existing genus; *Ultravibrio*: A genus related to but distinct from the existing genus Vibrio of beyond.

Ultravibrionimonas

L. nan preposition *ultra*, beyond; L. fem. n. *Vibrionimonas*, An existing genus; *Ultravibrionimonas*: A genus related to but distinct from the existing genus Vibrionimonas of beyond.

Ultravicinamibacter

L. nan preposition *ultra*, beyond; L. masc. n. *Vicinamibacter*, An existing genus; *Ultravicinamibacter*: A genus related to but distinct from the existing genus Vicinamibacter of beyond.

Ultravicingus

L. nan preposition *ultra*, beyond; L. masc. n. *Vicingus*, An existing genus; *Ultravicingus*: A genus related to but distinct from the existing genus Vicingus of beyond.

Ultravictivallis

L. nan preposition *ultra*, beyond; L. fem. n. *Victivallis*, An existing genus; *Ultravictivallis*: A genus related to but distinct from the existing genus Victivallis of beyond.

Ultravirgibacillus

L. nan preposition *ultra*, beyond; L. masc. n. *Virgibacillus*, An existing genus; *Ultravirgibacillus*: A genus related to but distinct from the existing genus Virgibacillus of beyond.

Ultraviridibacillus

L. nan preposition *ultra*, beyond; L. masc. n. *Viridibacillus*, An existing genus; *Ultraviridibacillus*: A genus related to but distinct from the existing genus Viridibacillus of beyond.

Ultraviridibacterium

L. nan preposition *ultra*, beyond; L. neut. n. *Viridibacterium*, An existing genus; *Ultraviridibacterium*: A genus related to but distinct from the existing genus Viridibacterium of beyond.

Ultravitellibacter

L. nan preposition *ultra*, beyond; L. masc. n. *Vitellibacter*, An existing genus; *Ultravitellibacter*: A genus related to but distinct from the existing genus Vitellibacter of beyond.

Ultravitiosangium

L. nan preposition *ultra*, beyond; L. neut. n. *Vitiosangium*, An existing genus; *Ultravitiosangium*: A genus related to but distinct from the existing genus Vitiosangium of beyond.

Ultravitreoscilla

L. nan preposition *ultra*, beyond; L. fem. n. *Vitreoscilla*, An existing genus; *Ultravitreoscilla*: A genus related to but distinct from the existing genus Vitreoscilla of beyond.

Ultravogesella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Vogesella*, An existing genus; *Ultravogesella*: A genus related to but distinct from the existing genus Vogesella of beyond.

Ultravolcaniella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Volcaniella*, An existing genus; *Ultravolcaniella*: A genus related to but distinct from the existing genus Volcaniella of beyond.

Ultravolucribacter

L. nan preposition *ultra*, beyond; L. masc. n. *Volucribacter*, An existing genus; *Ultravolucribacter*: A genus related to but distinct from the existing genus Volucribacter of beyond.

Ultravulcanibacillus

L. nan preposition *ultra*, beyond; L. masc. n. *Vulcanibacillus*, An existing genus; *Ultravulcanibacillus*: A genus related to but distinct from the existing genus Vulcanibacillus of beyond.

Ultravulcaniibacterium

L. nan preposition *ultra*, beyond; L. neut. n. *Vulcaniibacterium*, An existing genus; *Ultravulcaniibacterium*: A genus related to but distinct from the existing genus Vulcaniibacterium of beyond.

Ultravulcanithermus

L. nan preposition *ultra*, beyond; L. masc. n. *Vulcanithermus*, An existing genus; *Ultravulcanithermus*: A genus related to but distinct from the existing genus Vulcanithermus of beyond.

Ultravulgatibacter

L. nan preposition *ultra*, beyond; L. masc. n. *Vulgatibacter*, An existing genus; *Ultravulgatibacter*: A genus related to but distinct from the existing genus Vulgatibacter of beyond.

Ultrawaddlia

L. nan preposition *ultra*, beyond; L. fem. n. *Waddlia*, An existing genus; *Ultrawaddlia*: A genus related to but distinct from the existing genus Waddlia of beyond.

Ultrawandonia

L. nan preposition *ultra*, beyond; L. fem. n. *Wandonia*, An existing genus; *Ultrawandonia*: A genus related to but distinct from the existing genus Wandonia of beyond.

Ultrawangella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Wangella*, An existing genus; *Ultrawangella*: A genus related to but distinct from the existing genus Wangella of beyond.

Ultrawautersia

L. nan preposition *ultra*, beyond; L. fem. n. *Wautersia*, An existing genus; *Ultrawautersia*: A genus related to but distinct from the existing genus Wautersia of beyond.

Ultrawautersiella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Wautersiella*, An existing genus; *Ultrawautersiella*: A genus related to but distinct from the existing genus Wautersiella of beyond.

Ultraweeksella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Weeksella*, An existing genus; *Ultraweeksella*: A genus related to but distinct from the existing genus Weeksella of beyond.

Ultraweissella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Weissella*, An existing genus; *Ultraweissella*: A genus related to but distinct from the existing genus Weissella of beyond.

Ultrawenxinia

L. nan preposition *ultra*, beyond; L. fem. n. *Wenxinia*, An existing genus; *Ultrawenxinia*: A genus related to but distinct from the existing genus Wenxinia of beyond.

Ultrawenyingzhuangia

L. nan preposition *ultra*, beyond; L. fem. n. *Wenyingzhuangia*, An existing genus; *Ultrawenyingzhuangia*: A genus related to but distinct from the existing genus Wenyingzhuangia of beyond.

Ultrawenzhouxiangella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Wenzhouxiangella*, An existing genus; *Ultrawenzhouxiangella*: A genus related to but distinct from the existing genus Wenzhouxiangella of beyond.

Ultrawestiellopsis

L. nan preposition *ultra*, beyond; L. fem. n. *Westiellopsis*, An existing genus; *Ultrawestiellopsis*: A genus related to but distinct from the existing genus Westiellopsis of beyond.

Ultrawigglesworthia

L. nan preposition *ultra*, beyond; L. fem. n. *Wigglesworthia*, An existing genus; *Ultrawigglesworthia*: A genus related to but distinct from the existing genus Wigglesworthia of beyond.

Ultrawilliamsia

L. nan preposition *ultra*, beyond; L. fem. n. *Williamsia*, An existing genus; *Ultrawilliamsia*: A genus related to but distinct from the existing genus Williamsia of beyond.

Ultrawilliamsoniiplasma

L. nan preposition *ultra*, beyond; L. neut. n. *Williamsoniiplasma*, An existing genus; *Ultrawilliamsoniiplasma*: A genus related to but distinct from the existing genus Williamsoniiplasma of beyond.

Ultrawilliamwhitmania

L. nan preposition *ultra*, beyond; L. fem. n. *Williamwhitmania*, An existing genus; *Ultrawilliamwhitmania*: A genus related to but distinct from the existing genus Williamwhitmania of beyond.

Ultrawinkia

L. nan preposition *ultra*, beyond; L. fem. n. *Winkia*, An existing genus; *Ultrawinkia*: A genus related to but distinct from the existing genus Winkia of beyond.

Ultrawinogradskyella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Winogradskyella*, An existing genus; *Ultrawinogradskyella*: A genus related to but distinct from the existing genus Winogradskyella of beyond.

Ultrawoeseia

L. nan preposition *ultra*, beyond; L. fem. n. *Woeseia*, An existing genus; *Ultrawoeseia*: A genus related to but distinct from the existing genus Woeseia of beyond.

Ultrawohlfahrtiimonas

L. nan preposition *ultra*, beyond; L. fem. n. *Wohlfahrtiimonas*, An existing genus; *Ultrawohlfahrtiimonas*: A genus related to but distinct from the existing genus Wohlfahrtiimonas of beyond.

Ultrawolbachia

L. nan preposition *ultra*, beyond; L. fem. n. *Wolbachia*, An existing genus; *Ultrawolbachia*: A genus related to but distinct from the existing genus Wolbachia of beyond.

Ultrawolinella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Wolinella*, An existing genus; *Ultrawolinella*: A genus related to but distinct from the existing genus Wolinella of beyond.

Ultrawolskyella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Wolskyella*, An existing genus; *Ultrawolskyella*: A genus related to but distinct from the existing genus Wolskyella of beyond.

Ultrawoodsholea

L. nan preposition *ultra*, beyond; L. fem. n. *Woodsholea*, An existing genus; *Ultrawoodsholea*: A genus related to but distinct from the existing genus Woodsholea of beyond.

Ultrawukongibacter

L. nan preposition *ultra*, beyond; L. masc. n. *Wukongibacter*, An existing genus; *Ultrawukongibacter*: A genus related to but distinct from the existing genus Wukongibacter of beyond.

Ultraxanthobacter

L. nan preposition *ultra*, beyond; L. masc. n. *Xanthobacter*, An existing genus; *Ultraxanthobacter*: A genus related to but distinct from the existing genus Xanthobacter of beyond.

Ultraxanthomarina

L. nan preposition *ultra*, beyond; L. fem. n. *Xanthomarina*, An existing genus; *Ultraxanthomarina*: A genus related to but distinct from the existing genus Xanthomarina of beyond.

Ultraxanthomonas

L. nan preposition *ultra*, beyond; L. fem. n. *Xanthomonas*, An existing genus; *Ultraxanthomonas*: A genus related to but distinct from the existing genus Xanthomonas of beyond.

Ultraxanthovirga

L. nan preposition *ultra*, beyond; L. fem. n. *Xanthovirga*, An existing genus; *Ultraxanthovirga*: A genus related to but distinct from the existing genus Xanthovirga of beyond.

Ultraxenophilus

L. nan preposition *ultra*, beyond; L. masc. n. *Xenophilus*, An existing genus; *Ultraxenophilus*: A genus related to but distinct from the existing genus Xenophilus of beyond.

Ultraxenorhabdus

L. nan preposition *ultra*, beyond; L. fem. n. *Xenorhabdus*, An existing genus; *Ultraxenorhabdus*: A genus related to but distinct from the existing genus Xenorhabdus of beyond.

Ultraxiangella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Xiangella*, An existing genus; *Ultraxiangella*: A genus related to but distinct from the existing genus Xiangella of beyond.

Ultraxinfangfangia

L. nan preposition *ultra*, beyond; L. fem. n. *Xinfangfangia*, An existing genus; *Ultraxinfangfangia*: A genus related to but distinct from the existing genus Xinfangfangia of beyond.

Ultraxuhuaishuia

L. nan preposition *ultra*, beyond; L. fem. n. *Xuhuaishuia*, An existing genus; *Ultraxuhuaishuia*: A genus related to but distinct from the existing genus Xuhuaishuia of beyond.

Ultraxylanibacillus

L. nan preposition *ultra*, beyond; L. masc. n. *Xylanibacillus*, An existing genus; *Ultraxylanibacillus*: A genus related to but distinct from the existing genus Xylanibacillus of beyond.

Ultraxylanibacter

L. nan preposition *ultra*, beyond; L. masc. n. *Xylanibacter*, An existing genus; *Ultraxylanibacter*: A genus related to but distinct from the existing genus Xylanibacter of beyond.

Ultraxylanibacterium

L. nan preposition *ultra*, beyond; L. neut. n. *Xylanibacterium*, An existing genus; *Ultraxylanibacterium*: A genus related to but distinct from the existing genus Xylanibacterium of beyond.

Ultraxylanimicrobium

L. nan preposition *ultra*, beyond; L. neut. n. *Xylanimicrobium*, An existing genus; *Ultraxylanimicrobium*: A genus related to but distinct from the existing genus Xylanimicrobium of beyond.

Ultraxylanimonas

L. nan preposition *ultra*, beyond; L. fem. n. *Xylanimonas*, An existing genus; *Ultraxylanimonas*: A genus related to but distinct from the existing genus Xylanimonas of beyond.

Ultraxylanivirga

L. nan preposition *ultra*, beyond; L. fem. n. *Xylanivirga*, An existing genus; *Ultraxylanivirga*: A genus related to but distinct from the existing genus Xylanivirga of beyond.

Ultraxylella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Xylella*, An existing genus; *Ultraxylella*: A genus related to but distinct from the existing genus Xylella of beyond.

Ultraxylophilus

L. nan preposition *ultra*, beyond; L. masc. n. *Xylophilus*, An existing genus; *Ultraxylophilus*: A genus related to but distinct from the existing genus Xylophilus of beyond.

Ultrayangia

L. nan preposition *ultra*, beyond; L. fem. n. *Yangia*, An existing genus; *Ultrayangia*: A genus related to but distinct from the existing genus Yangia of beyond.

Ultrayania

L. nan preposition *ultra*, beyond; L. fem. n. *Yania*, An existing genus; *Ultrayania*: A genus related to but distinct from the existing genus Yania of beyond.

Ultrayaniella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Yaniella*, An existing genus; *Ultrayaniella*: A genus related to but distinct from the existing genus Yaniella of beyond.

Ultrayeosuana

L. nan preposition *ultra*, beyond; L. fem. n. *Yeosuana*, An existing genus; *Ultrayeosuana*: A genus related to but distinct from the existing genus Yeosuana of beyond.

Ultrayersinia

L. nan preposition *ultra*, beyond; L. fem. n. *Yersinia*, An existing genus; *Ultrayersinia*: A genus related to but distinct from the existing genus Yersinia of beyond.

Ultrayimella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Yimella*, An existing genus; *Ultrayimella*: A genus related to but distinct from the existing genus Yimella of beyond.

Ultrayinghuangia

L. nan preposition *ultra*, beyond; L. fem. n. *Yinghuangia*, An existing genus; *Ultrayinghuangia*: A genus related to but distinct from the existing genus Yinghuangia of beyond.

Ultrayokenella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Yokenella*, An existing genus; *Ultrayokenella*: A genus related to but distinct from the existing genus Yokenella of beyond.

Ultrayonedaella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Yonedaella*, An existing genus; *Ultrayonedaella*: A genus related to but distinct from the existing genus Yonedaella of beyond.

Ultrayonghaparkia

L. nan preposition *ultra*, beyond; L. fem. n. *Yonghaparkia*, An existing genus; *Ultrayonghaparkia*: A genus related to but distinct from the existing genus Yonghaparkia of beyond.

Ultrayoonia

L. nan preposition *ultra*, beyond; L. fem. n. *Yoonia*, An existing genus; *Ultrayoonia*: A genus related to but distinct from the existing genus Yoonia of beyond.

Ultrayouhaiella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Youhaiella*, An existing genus; *Ultrayouhaiella*: A genus related to but distinct from the existing genus Youhaiella of beyond.

Ultrayoungiibacter

L. nan preposition *ultra*, beyond; L. masc. n. *Youngiibacter*, An existing genus; *Ultrayoungiibacter*: A genus related to but distinct from the existing genus Youngiibacter of beyond.

Ultrayoungimonas

L. nan preposition *ultra*, beyond; L. fem. n. *Youngimonas*, An existing genus; *Ultrayoungimonas*: A genus related to but distinct from the existing genus Youngimonas of beyond.

Ultrayuhushiella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Yuhushiella*, An existing genus; *Ultrayuhushiella*: A genus related to but distinct from the existing genus Yuhushiella of beyond.

Ultrazavarzinella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Zavarzinella*, An existing genus; *Ultrazavarzinella*: A genus related to but distinct from the existing genus Zavarzinella of beyond.

Ultrazavarzinia

L. nan preposition *ultra*, beyond; L. fem. n. *Zavarzinia*, An existing genus; *Ultrazavarzinia*: A genus related to but distinct from the existing genus Zavarzinia of beyond.

Ultrazeaxanthinibacter

L. nan preposition *ultra*, beyond; L. masc. n. *Zeaxanthinibacter*, An existing genus; *Ultrazeaxanthinibacter*: A genus related to but distinct from the existing genus Zeaxanthinibacter of beyond.

Ultrazehria

L. nan preposition *ultra*, beyond; L. fem. n. *Zehria*, An existing genus; *Ultrazehria*: A genus related to but distinct from the existing genus Zehria of beyond.

Ultrazestosphaera

L. nan preposition *ultra*, beyond; L. fem. n. *Zestosphaera*, An existing genus; *Ultrazestosphaera*: A genus related to but distinct from the existing genus Zestosphaera of beyond.

Ultrazhangella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Zhangella*, An existing genus; *Ultrazhangella*: A genus related to but distinct from the existing genus Zhangella of beyond.

Ultrazhaonella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Zhaonella*, An existing genus; *Ultrazhaonella*: A genus related to but distinct from the existing genus Zhaonella of beyond.

Ultrazhengella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Zhengella*, An existing genus; *Ultrazhengella*: A genus related to but distinct from the existing genus Zhengella of beyond.

Ultrazhihengliuella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Zhihengliuella*, An existing genus; *Ultrazhihengliuella*: A genus related to but distinct from the existing genus Zhihengliuella of beyond.

Ultrazhizhongheella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Zhizhongheella*, An existing genus; *Ultrazhizhongheella*: A genus related to but distinct from the existing genus Zhizhongheella of beyond.

Ultrazhongshania

L. nan preposition *ultra*, beyond; L. fem. n. *Zhongshania*, An existing genus; *Ultrazhongshania*: A genus related to but distinct from the existing genus Zhongshania of beyond.

Ultrazhouia

L. nan preposition *ultra*, beyond; L. fem. n. *Zhouia*, An existing genus; *Ultrazhouia*: A genus related to but distinct from the existing genus Zhouia of beyond.

Ultrazimmermannella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Zimmermannella*, An existing genus; *Ultrazimmermannella*: A genus related to but distinct from the existing genus Zimmermannella of beyond.

Ultrazobellella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Zobellella*, An existing genus; *Ultrazobellella*: A genus related to but distinct from the existing genus Zobellella of beyond.

Ultrazobellia

L. nan preposition *ultra*, beyond; L. fem. n. *Zobellia*, An existing genus; *Ultrazobellia*: A genus related to but distinct from the existing genus Zobellia of beyond.

Ultrazoogloea

L. nan preposition *ultra*, beyond; L. fem. n. *Zoogloea*, An existing genus; *Ultrazoogloea*: A genus related to but distinct from the existing genus Zoogloea of beyond.

Ultrazooshikella

L. nan preposition *ultra*, beyond; L. fem. dim. n. *Zooshikella*, An existing genus; *Ultrazooshikella*: A genus related to but distinct from the existing genus Zooshikella of beyond.

Ultrazunongwangia

L. nan preposition *ultra*, beyond; L. fem. n. *Zunongwangia*, An existing genus; *Ultrazunongwangia*: A genus related to but distinct from the existing genus Zunongwangia of beyond.

Ultrazymobacter

L. nan preposition *ultra*, beyond; L. masc. n. *Zymobacter*, An existing genus; *Ultrazymobacter*: A genus related to but distinct from the existing genus Zymobacter of beyond.

Ultrazymomonas

L. nan preposition *ultra*, beyond; L. fem. n. *Zymomonas*, An existing genus; *Ultrazymomonas*: A genus related to but distinct from the existing genus Zymomonas of beyond.

Ultrazymophilus

L. nan preposition *ultra*, beyond; L. masc. n. *Zymophilus*, An existing genus; *Ultrazymophilus*: A genus related to but distinct from the existing genus Zymophilus of beyond.

Variabditibacterium

L. masc. adjective *varius*, different; L. neut. n. *Abditibacterium*, An existing genus; *Variabditibacterium*: A genus related to but distinct from the existing genus Abditibacterium of different.

Variabiotrophia

L. masc. adjective *varius*, different; L. fem. n. *Abiotrophia*, An existing genus; *Variabiotrophia*: A genus related to but distinct from the existing genus Abiotrophia of different.

Variabsicoccus

L. masc. adjective *varius*, different; L. masc. n. *Absicoccus*, An existing genus; *Variabsicoccus*: A genus related to but distinct from the existing genus Absicoccus of different.

Variabsiella

L. masc. adjective *varius*, different; L. fem. dim. n. *Absiella*, An existing genus; *Variabsiella*: A genus related to but distinct from the existing genus Absiella of different.

Variabyssibacter

L. masc. adjective *varius*, different; L. masc. n. *Abyssibacter*, An existing genus; *Variabyssibacter*: A genus related to but distinct from the existing genus Abyssibacter of different.

Variabyssicoccus

L. masc. adjective *varius*, different; L. masc. n. *Abyssicoccus*, An existing genus; *Variabyssicoccus*: A genus related to but distinct from the existing genus Abyssicoccus of different.

Variabyssisolibacter

L. masc. adjective *varius*, different; L. masc. n. *Abyssisolibacter*, An existing genus; *Variabyssisolibacter*: A genus related to but distinct from the existing genus Abyssisolibacter of different.

Variabyssivirga

L. masc. adjective *varius*, different; L. fem. n. *Abyssivirga*, An existing genus; *Variabyssivirga*: A genus related to but distinct from the existing genus Abyssivirga of different.

Variacanthopleuribacter

L. masc. adjective *varius*, different; L. masc. n. *Acanthopleuribacter*, An existing genus; *Variacanthopleuribacter*: A genus related to but distinct from the existing genus Acanthopleuribacter of different.

Variacaricomes

L. masc. adjective *varius*, different; L. masc. n. *Acaricomes*, An existing genus; *Variacaricomes*: A genus related to but distinct from the existing genus Acaricomes of different.

Variacaryochloris

L. masc. adjective *varius*, different; L. fem. n. *Acaryochloris*, An existing genus; *Variacaryochloris*: A genus related to but distinct from the existing genus Acaryochloris of different.

Variacetanaerobacterium

L. masc. adjective *varius*, different; L. neut. n. *Acetanaerobacterium*, An existing genus; *Variacetanaerobacterium*: A genus related to but distinct from the existing genus Acetanaerobacterium of different.

Variacetatifactor

L. masc. adjective *varius*, different; L. masc. n. *Acetatifactor*, An existing genus; *Variacetatifactor*: A genus related to but distinct from the existing genus Acetatifactor of different.

Variacetilactobacillus

L. masc. adjective *varius*, different; L. masc. n. *Acetilactobacillus*, An existing genus; *Variacetilactobacillus*: A genus related to but distinct from the existing genus Acetilactobacillus of different.

Variacetitomaculum

L. masc. adjective *varius*, different; L. neut. n. *Acetitomaculum*, An existing genus; *Variacetitomaculum*: A genus related to but distinct from the existing genus Acetitomaculum of different.

Variacetivibrio

L. masc. adjective *varius*, different; L. masc. n. *Acetivibrio*, An existing genus; *Variacetivibrio*: A genus related to but distinct from the existing genus Acetivibrio of different.

Variacetoanaerobium

L. masc. adjective *varius*, different; L. neut. n. *Acetoanaerobium*, An existing genus; *Variacetoanaerobium*: A genus related to but distinct from the existing genus Acetoanaerobium of different.

Variacetobacter

L. masc. adjective *varius*, different; L. masc. n. *Acetobacter*, An existing genus; *Variacetobacter*: A genus related to but distinct from the existing genus Acetobacter of different.

Variacetobacterium

L. masc. adjective *varius*, different; L. neut. n. *Acetobacterium*, An existing genus; *Variacetobacterium*: A genus related to but distinct from the existing genus Acetobacterium of different.

Variacetobacteroides

L. masc. adjective *varius*, different; L. masc. n. *Acetobacteroides*, An existing genus; *Variacetobacteroides*: A genus related to but distinct from the existing genus Acetobacteroides of different.

Variacetofilamentum

L. masc. adjective *varius*, different; L. neut. n. *Acetofilamentum*, An existing genus; *Variacetofilamentum*: A genus related to but distinct from the existing genus Acetofilamentum of different.

Variacetogenium

L. masc. adjective *varius*, different; L. neut. n. *Acetogenium*, An existing genus; *Variacetogenium*: A genus related to but distinct from the existing genus Acetogenium of different.

Variacetohalobium

L. masc. adjective *varius*, different; L. neut. n. *Acetohalobium*, An existing genus; *Variacetohalobium*: A genus related to but distinct from the existing genus Acetohalobium of different.

Variacetomicrobium

L. masc. adjective *varius*, different; L. neut. n. *Acetomicrobium*, An existing genus; *Variacetomicrobium*: A genus related to but distinct from the existing genus Acetomicrobium of different.

Variacetonema

L. masc. adjective *varius*, different; L. neut. n. *Acetonema*, An existing genus; *Variacetonema*: A genus related to but distinct from the existing genus Acetonema of different.

Variacetothermus

L. masc. adjective *varius*, different; L. masc. n. *Acetothermus*, An existing genus; *Variacetothermus*: A genus related to but distinct from the existing genus Acetothermus of different.

Variacholeplasma

L. masc. adjective *varius*, different; L. neut. n. *Acholeplasma*, An existing genus; *Variacholeplasma*: A genus related to but distinct from the existing genus Acholeplasma of different.

Variachromatium

L. masc. adjective *varius*, different; L. neut. n. *Achromatium*, An existing genus; *Variachromatium*: A genus related to but distinct from the existing genus Achromatium of different.

Variachromobacter

L. masc. adjective *varius*, different; L. masc. n. *Achromobacter*, An existing genus; *Variachromobacter*: A genus related to but distinct from the existing genus Achromobacter of different.

Variacidaminobacter

L. masc. adjective *varius*, different; L. masc. n. *Acidaminobacter*, An existing genus; *Variacidaminobacter*: A genus related to but distinct from the existing genus Acidaminobacter of different.

Variacidaminococcus

L. masc. adjective *varius*, different; L. masc. n. *Acidaminococcus*, An existing genus; *Variacidaminococcus*: A genus related to but distinct from the existing genus Acidaminococcus of different.

Variacidianus

L. masc. adjective *varius*, different; L. masc. n. *Acidianus*, An existing genus; *Variacidianus*: A genus related to but distinct from the existing genus Acidianus of different.

Variacidibrevibacterium

L. masc. adjective *varius*, different; L. neut. n. *Acidibrevibacterium*, An existing genus; *Variacidibrevibacterium*: A genus related to but distinct from the existing genus Acidibrevibacterium of different.

Variacidicaldus

L. masc. adjective *varius*, different; L. masc. n. *Acidicaldus*, An existing genus; *Variacidicaldus*: A genus related to but distinct from the existing genus Acidicaldus of different.

Variacidicapsa

L. masc. adjective *varius*, different; L. fem. n. *Acidicapsa*, An existing genus; *Variacidicapsa*: A genus related to but distinct from the existing genus Acidicapsa of different.

Variacidiferrimicrobium

L. masc. adjective *varius*, different; L. neut. n. *Acidiferrimicrobium*, An existing genus; *Variacidiferrimicrobium*: A genus related to but distinct from the existing genus Acidiferrimicrobium of different.

Variacidiferrobacter

L. masc. adjective *varius*, different; L. masc. n. *Acidiferrobacter*, An existing genus; *Variacidiferrobacter*: A genus related to but distinct from the existing genus Acidiferrobacter of different.

Variacidihalobacter

L. masc. adjective *varius*, different; L. masc. n. *Acidihalobacter*, An existing genus; *Variacidihalobacter*: A genus related to but distinct from the existing genus Acidihalobacter of different.

Variacidilobus

L. masc. adjective *varius*, different; L. masc. n. *Acidilobus*, An existing genus; *Variacidilobus*: A genus related to but distinct from the existing genus Acidilobus of different.

Variacidimangrovimonas

L. masc. adjective *varius*, different; L. fem. n. *Acidimangrovimonas*, An existing genus; *Variacidimangrovimonas*: A genus related to but distinct from the existing genus Acidimangrovimonas of different.

Variacidimicrobium

L. masc. adjective *varius*, different; L. neut. n. *Acidimicrobium*, An existing genus; *Variacidimicrobium*: A genus related to but distinct from the existing genus Acidimicrobium of different.

Variacidiphilium

L. masc. adjective *varius*, different; L. neut. n. *Acidiphilium*, An existing genus; *Variacidiphilium*: A genus related to but distinct from the existing genus Acidiphilium of different.

Variacidiplasma

L. masc. adjective *varius*, different; L. neut. n. *Acidiplasma*, An existing genus; *Variacidiplasma*: A genus related to but distinct from the existing genus Acidiplasma of different.

Variacidipropionibacterium

L. masc. adjective *varius*, different; L. neut. n. *Acidipropionibacterium*, An existing genus; *Variacidipropionibacterium*: A genus related to but distinct from the existing genus Acidipropionibacterium of different.

Variacidisarcina

L. masc. adjective *varius*, different; L. fem. n. *Acidisarcina*, An existing genus; *Variacidisarcina*: A genus related to but distinct from the existing genus Acidisarcina of different.

Variacidisoma

L. masc. adjective *varius*, different; L. neut. n. *Acidisoma*, An existing genus; *Variacidisoma*: A genus related to but distinct from the existing genus Acidisoma of different.

Variacidisphaera

L. masc. adjective *varius*, different; L. fem. n. *Acidisphaera*, An existing genus; *Variacidisphaera*: A genus related to but distinct from the existing genus Acidisphaera of different.

Variacidithiobacillus

L. masc. adjective *varius*, different; L. masc. n. *Acidithiobacillus*, An existing genus; *Variacidithiobacillus*: A genus related to but distinct from the existing genus Acidithiobacillus of different.

Variacidithrix

L. masc. adjective *varius*, different; L. fem. n. *Acidithrix*, An existing genus; *Variacidithrix*: A genus related to but distinct from the existing genus Acidithrix of different.

Variacidocella

L. masc. adjective *varius*, different; L. fem. n. *Acidocella*, An existing genus; *Variacidocella*: A genus related to but distinct from the existing genus Acidocella of different.

Variacidovorax

L. masc. adjective *varius*, different; L. masc. n. *Acidovorax*, An existing genus; *Variacidovorax*: A genus related to but distinct from the existing genus Acidovorax of different.

Variacinetobacter

L. masc. adjective *varius*, different; L. masc. n. *Acinetobacter*, An existing genus; *Variacinetobacter*: A genus related to but distinct from the existing genus Acinetobacter of different.

Variacrocarpospora

L. masc. adjective *varius*, different; L. fem. n. *Acrocarpospora*, An existing genus; *Variacrocarpospora*: A genus related to but distinct from the existing genus Acrocarpospora of different.

Variactibacter

L. masc. adjective *varius*, different; L. masc. n. *Actibacter*, An existing genus; *Variactibacter*: A genus related to but distinct from the existing genus Actibacter of different.

Variactibacterium

L. masc. adjective *varius*, different; L. neut. n. *Actibacterium*, An existing genus; *Variactibacterium*: A genus related to but distinct from the existing genus Actibacterium of different.

Variactimicrobium

L. masc. adjective *varius*, different; L. neut. n. *Actimicrobium*, An existing genus; *Variactimicrobium*: A genus related to but distinct from the existing genus Actimicrobium of different.

Variactinaurispora

L. masc. adjective *varius*, different; L. fem. n. *Actinaurispora*, An existing genus; *Variactinaurispora*: A genus related to but distinct from the existing genus Actinaurispora of different.

Variactinoallomurus

L. masc. adjective *varius*, different; L. masc. n. *Actinoallomurus*, An existing genus; *Variactinoallomurus*: A genus related to but distinct from the existing genus Actinoallomurus of different.

Variactinobispora

L. masc. adjective *varius*, different; L. fem. n. *Actinobispora*, An existing genus; *Variactinobispora*: A genus related to but distinct from the existing genus Actinobispora of different.

Variactinocatenispora

L. masc. adjective *varius*, different; L. fem. n. *Actinocatenispora*, An existing genus; *Variactinocatenispora*: A genus related to but distinct from the existing genus Actinocatenispora of different.

Variactinocorallia

L. masc. adjective *varius*, different; L. fem. n. *Actinocorallia*, An existing genus; *Variactinocorallia*: A genus related to but distinct from the existing genus Actinocorallia of different.

Variactinocrinis

L. masc. adjective *varius*, different; L. masc. n. *Actinocrinis*, An existing genus; *Variactinocrinis*: A genus related to but distinct from the existing genus Actinocrinis of different.

Variactinocrispum

L. masc. adjective *varius*, different; L. neut. n. *Actinocrispum*, An existing genus; *Variactinocrispum*: A genus related to but distinct from the existing genus Actinocrispum of different.

Variactinokineospora

L. masc. adjective *varius*, different; L. fem. n. *Actinokineospora*, An existing genus; *Variactinokineospora*: A genus related to but distinct from the existing genus Actinokineospora of different.

Variactinomadura

L. masc. adjective *varius*, different; L. fem. n. *Actinomadura*, An existing genus; *Variactinomadura*: A genus related to but distinct from the existing genus Actinomadura of different.

Variactinomarinicola

L. masc. adjective *varius*, different; L. fem. n. *Actinomarinicola*, An existing genus; *Variactinomarinicola*: A genus related to but distinct from the existing genus Actinomarinicola of different.

Variactinomyces

L. masc. adjective *varius*, different; L. masc. n. *Actinomyces*, An existing genus; *Variactinomyces*: A genus related to but distinct from the existing genus Actinomyces of different.

Variactinomycetospora

L. masc. adjective *varius*, different; L. fem. n. *Actinomycetospora*, An existing genus; *Variactinomycetospora*: A genus related to but distinct from the existing genus Actinomycetospora of different.

Variactinophytocola

L. masc. adjective *varius*, different; L. masc. n. *Actinophytocola*, An existing genus; *Variactinophytocola*: A genus related to but distinct from the existing genus Actinophytocola of different.

Variactinoplanes

L. masc. adjective *varius*, different; L. masc. n. *Actinoplanes*, An existing genus; *Variactinoplanes*: A genus related to but distinct from the existing genus Actinoplanes of different.

Variactinopolymorpha

L. masc. adjective *varius*, different; L. fem. n. *Actinopolymorpha*, An existing genus; *Variactinopolymorpha*: A genus related to but distinct from the existing genus Actinopolymorpha of different.

Variactinopolyspora

L. masc. adjective *varius*, different; L. fem. n. *Actinopolyspora*, An existing genus; *Variactinopolyspora*: A genus related to but distinct from the existing genus Actinopolyspora of different.

Variactinorectispora

L. masc. adjective *varius*, different; L. fem. n. *Actinorectispora*, An existing genus; *Variactinorectispora*: A genus related to but distinct from the existing genus Actinorectispora of different.

Variactinorhabdospora

L. masc. adjective *varius*, different; L. fem. n. *Actinorhabdospora*, An existing genus; *Variactinorhabdospora*: A genus related to but distinct from the existing genus Actinorhabdospora of different.

Variactinorugispora

L. masc. adjective *varius*, different; L. fem. n. *Actinorugispora*, An existing genus; *Variactinorugispora*: A genus related to but distinct from the existing genus Actinorugispora of different.

Variactinospica

L. masc. adjective *varius*, different; L. fem. n. *Actinospica*, An existing genus; *Variactinospica*: A genus related to but distinct from the existing genus Actinospica of different.

Variactinosporangium

L. masc. adjective *varius*, different; L. neut. n. *Actinosporangium*, An existing genus; *Variactinosporangium*: A genus related to but distinct from the existing genus Actinosporangium of different.

Variactinosynnema

L. masc. adjective *varius*, different; L. neut. n. *Actinosynnema*, An existing genus; *Variactinosynnema*: A genus related to but distinct from the existing genus Actinosynnema of different.

Variactinotalea

L. masc. adjective *varius*, different; L. fem. n. *Actinotalea*, An existing genus; *Variactinotalea*: A genus related to but distinct from the existing genus Actinotalea of different.

Variactinotignum

L. masc. adjective *varius*, different; L. neut. n. *Actinotignum*, An existing genus; *Variactinotignum*: A genus related to but distinct from the existing genus Actinotignum of different.

Variacutalibacter

L. masc. adjective *varius*, different; L. masc. n. *Acutalibacter*, An existing genus; *Variacutalibacter*: A genus related to but distinct from the existing genus Acutalibacter of different.

Variacuticoccus

L. masc. adjective *varius*, different; L. masc. n. *Acuticoccus*, An existing genus; *Variacuticoccus*: A genus related to but distinct from the existing genus Acuticoccus of different.

Variadhaeribacter

L. masc. adjective *varius*, different; L. masc. n. *Adhaeribacter*, An existing genus; *Variadhaeribacter*: A genus related to but distinct from the existing genus Adhaeribacter of different.

Variadlercreutzia

L. masc. adjective *varius*, different; L. fem. n. *Adlercreutzia*, An existing genus; *Variadlercreutzia*: A genus related to but distinct from the existing genus Adlercreutzia of different.

Variadvenella

L. masc. adjective *varius*, different; L. fem. dim. n. *Advenella*, An existing genus; *Variadvenella*: A genus related to but distinct from the existing genus Advenella of different.

Variaegyptianella

L. masc. adjective *varius*, different; L. fem. n. *Aegyptianella*, An existing genus; *Variaegyptianella*: A genus related to but distinct from the existing genus Aegyptianella of different.

Variaequoribacter

L. masc. adjective *varius*, different; L. masc. n. *Aequoribacter*, An existing genus; *Variaequoribacter*: A genus related to but distinct from the existing genus Aequoribacter of different.

Variaequorivita

L. masc. adjective *varius*, different; L. fem. n. *Aequorivita*, An existing genus; *Variaequorivita*: A genus related to but distinct from the existing genus Aequorivita of different.

Variaeribacillus

L. masc. adjective *varius*, different; L. masc. n. *Aeribacillus*, An existing genus; *Variaeribacillus*: A genus related to but distinct from the existing genus Aeribacillus of different.

Variaeriscardovia

L. masc. adjective *varius*, different; L. fem. n. *Aeriscardovia*, An existing genus; *Variaeriscardovia*: A genus related to but distinct from the existing genus Aeriscardovia of different.

Variaerococcus

L. masc. adjective *varius*, different; L. masc. n. *Aerococcus*, An existing genus; *Variaerococcus*: A genus related to but distinct from the existing genus Aerococcus of different.

Variaeromicrobium

L. masc. adjective *varius*, different; L. neut. n. *Aeromicrobium*, An existing genus; *Variaeromicrobium*: A genus related to but distinct from the existing genus Aeromicrobium of different.

Variaeropyrum

L. masc. adjective *varius*, different; L. neut. n. *Aeropyrum*, An existing genus; *Variaeropyrum*: A genus related to but distinct from the existing genus Aeropyrum of different.

Variaerosakkonema

L. masc. adjective *varius*, different; L. neut. n. *Aerosakkonema*, An existing genus; *Variaerosakkonema*: A genus related to but distinct from the existing genus Aerosakkonema of different.

Variaestuariibacter

L. masc. adjective *varius*, different; L. masc. n. *Aestuariibacter*, An existing genus; *Variaestuariibacter*: A genus related to but distinct from the existing genus Aestuariibacter of different.

Variaestuariibaculum

L. masc. adjective *varius*, different; L. neut. n. *Aestuariibaculum*, An existing genus; *Variaestuariibaculum*: A genus related to but distinct from the existing genus Aestuariibaculum of different.

Variaestuariibius

L. masc. adjective *varius*, different; L. masc. n. *Aestuariibius*, An existing genus; *Variaestuariibius*: A genus related to but distinct from the existing genus Aestuariibius of different.

Variaestuariicella

L. masc. adjective *varius*, different; L. fem. n. *Aestuariicella*, An existing genus; *Variaestuariicella*: A genus related to but distinct from the existing genus Aestuariicella of different.

Variaestuariicoccus

L. masc. adjective *varius*, different; L. masc. n. *Aestuariicoccus*, An existing genus; *Variaestuariicoccus*: A genus related to but distinct from the existing genus Aestuariicoccus of different.

Variaestuariicola

L. masc. adjective *varius*, different; L. masc. n. *Aestuariicola*, An existing genus; *Variaestuariicola*: A genus related to but distinct from the existing genus Aestuariicola of different.

Variaestuariihabitans

L. masc. adjective *varius*, different; L. masc. n. *Aestuariihabitans*, An existing genus; *Variaestuariihabitans*: A genus related to but distinct from the existing genus Aestuariihabitans of different.

Variaestuariimicrobium

L. masc. adjective *varius*, different; L. neut. n. *Aestuariimicrobium*, An existing genus; *Variaestuariimicrobium*: A genus related to but distinct from the existing genus Aestuariimicrobium of different.

Variaestuariirhabdus

L. masc. adjective *varius*, different; L. fem. n. *Aestuariirhabdus*, An existing genus; *Variaestuariirhabdus*: A genus related to but distinct from the existing genus Aestuariirhabdus of different.

Variaestuariisphingobium

L. masc. adjective *varius*, different; L. neut. n. *Aestuariisphingobium*, An existing genus; *Variaestuariisphingobium*: A genus related to but distinct from the existing genus Aestuariisphingobium of different.

Variaestuariivirga

L. masc. adjective *varius*, different; L. fem. n. *Aestuariivirga*, An existing genus; *Variaestuariivirga*: A genus related to but distinct from the existing genus Aestuariivirga of different.

Variaestuariivita

L. masc. adjective *varius*, different; L. fem. n. *Aestuariivita*, An existing genus; *Variaestuariivita*: A genus related to but distinct from the existing genus Aestuariivita of different.

Variaestuarium

L. masc. adjective *varius*, different; L. neut. n. *Aestuarium*, An existing genus; *Variaestuarium*: A genus related to but distinct from the existing genus Aestuarium of different.

Variaetherobacter

L. masc. adjective *varius*, different; L. masc. n. *Aetherobacter*, An existing genus; *Variaetherobacter*: A genus related to but distinct from the existing genus Aetherobacter of different.

Variafifella

L. masc. adjective *varius*, different; L. fem. dim. n. *Afifella*, An existing genus; *Variafifella*: A genus related to but distinct from the existing genus Afifella of different.

Variafipia

L. masc. adjective *varius*, different; L. fem. n. *Afipia*, An existing genus; *Variafipia*: A genus related to but distinct from the existing genus Afipia of different.

Variagaribacter

L. masc. adjective *varius*, different; L. masc. n. *Agaribacter*, An existing genus; *Variagaribacter*: A genus related to but distinct from the existing genus Agaribacter of different.

Variagaribacterium

L. masc. adjective *varius*, different; L. neut. n. *Agaribacterium*, An existing genus; *Variagaribacterium*: A genus related to but distinct from the existing genus Agaribacterium of different.

Variagaricicola

L. masc. adjective *varius*, different; L. masc. n. *Agaricicola*, An existing genus; *Variagaricicola*: A genus related to but distinct from the existing genus Agaricicola of different.

Variagarilytica

L. masc. adjective *varius*, different; L. fem. n. *Agarilytica*, An existing genus; *Variagarilytica*: A genus related to but distinct from the existing genus Agarilytica of different.

Variagarivorans

L. masc. adjective *varius*, different; L. masc. n. *Agarivorans*, An existing genus; *Variagarivorans*: A genus related to but distinct from the existing genus Agarivorans of different.

Variagathobacter

L. masc. adjective *varius*, different; L. masc. n. *Agathobacter*, An existing genus; *Variagathobacter*: A genus related to but distinct from the existing genus Agathobacter of different.

Variagathobaculum

L. masc. adjective *varius*, different; L. neut. n. *Agathobaculum*, An existing genus; *Variagathobaculum*: A genus related to but distinct from the existing genus Agathobaculum of different.

Variaggregatibacter

L. masc. adjective *varius*, different; L. masc. n. *Aggregatibacter*, An existing genus; *Variaggregatibacter*: A genus related to but distinct from the existing genus Aggregatibacter of different.

Variaggregatilinea

L. masc. adjective *varius*, different; L. fem. n. *Aggregatilinea*, An existing genus; *Variaggregatilinea*: A genus related to but distinct from the existing genus Aggregatilinea of different.

Variaggregicoccus

L. masc. adjective *varius*, different; L. masc. n. *Aggregicoccus*, An existing genus; *Variaggregicoccus*: A genus related to but distinct from the existing genus Aggregicoccus of different.

Variagitococcus

L. masc. adjective *varius*, different; L. masc. n. *Agitococcus*, An existing genus; *Variagitococcus*: A genus related to but distinct from the existing genus Agitococcus of different.

Variagreia

L. masc. adjective *varius*, different; L. fem. n. *Agreia*, An existing genus; *Variagreia*: A genus related to but distinct from the existing genus Agreia of different.

Variagrilactobacillus

L. masc. adjective *varius*, different; L. masc. n. *Agrilactobacillus*, An existing genus; *Variagrilactobacillus*: A genus related to but distinct from the existing genus Agrilactobacillus of different.

Variagrobacterium

L. masc. adjective *varius*, different; L. neut. n. *Agrobacterium*, An existing genus; *Variagrobacterium*: A genus related to but distinct from the existing genus Agrobacterium of different.

Variagrococcus

L. masc. adjective *varius*, different; L. masc. n. *Agrococcus*, An existing genus; *Variagrococcus*: A genus related to but distinct from the existing genus Agrococcus of different.

Variagromonas

L. masc. adjective *varius*, different; L. fem. n. *Agromonas*, An existing genus; *Variagromonas*: A genus related to but distinct from the existing genus Agromonas of different.

Variagromyces

L. masc. adjective *varius*, different; L. masc. n. *Agromyces*, An existing genus; *Variagromyces*: A genus related to but distinct from the existing genus Agromyces of different.

Variahniella

L. masc. adjective *varius*, different; L. fem. dim. n. *Ahniella*, An existing genus; *Variahniella*: A genus related to but distinct from the existing genus Ahniella of different.

Variahrensia

L. masc. adjective *varius*, different; L. fem. n. *Ahrensia*, An existing genus; *Variahrensia*: A genus related to but distinct from the existing genus Ahrensia of different.

Variaidingibacillus

L. masc. adjective *varius*, different; L. masc. n. *Aidingibacillus*, An existing genus; *Variaidingibacillus*: A genus related to but distinct from the existing genus Aidingibacillus of different.

Variaidingimonas

L. masc. adjective *varius*, different; L. fem. n. *Aidingimonas*, An existing genus; *Variaidingimonas*: A genus related to but distinct from the existing genus Aidingimonas of different.

Variakkermansia

L. masc. adjective *varius*, different; L. fem. n. *Akkermansia*, An existing genus; *Variakkermansia*: A genus related to but distinct from the existing genus Akkermansia of different.

Varialbertania

L. masc. adjective *varius*, different; L. fem. n. *Albertania*, An existing genus; *Varialbertania*: A genus related to but distinct from the existing genus Albertania of different.

Varialbibacter

L. masc. adjective *varius*, different; L. masc. n. *Albibacter*, An existing genus; *Varialbibacter*: A genus related to but distinct from the existing genus Albibacter of different.

Varialbibacterium

L. masc. adjective *varius*, different; L. neut. n. *Albibacterium*, An existing genus; *Varialbibacterium*: A genus related to but distinct from the existing genus Albibacterium of different.

Varialbidiferax

L. masc. adjective *varius*, different; L. masc. n. *Albidiferax*, An existing genus; *Varialbidiferax*: A genus related to but distinct from the existing genus Albidiferax of different.

Varialbidovulum

L. masc. adjective *varius*, different; L. neut. n. *Albidovulum*, An existing genus; *Varialbidovulum*: A genus related to but distinct from the existing genus Albidovulum of different.

Varialbimonas

L. masc. adjective *varius*, different; L. fem. n. *Albimonas*, An existing genus; *Varialbimonas*: A genus related to but distinct from the existing genus Albimonas of different.

Varialbirhodobacter

L. masc. adjective *varius*, different; L. masc. n. *Albirhodobacter*, An existing genus; *Varialbirhodobacter*: A genus related to but distinct from the existing genus Albirhodobacter of different.

Varialbrightia

L. masc. adjective *varius*, different; L. fem. n. *Albrightia*, An existing genus; *Varialbrightia*: A genus related to but distinct from the existing genus Albrightia of different.

Varialcaligenes

L. masc. adjective *varius*, different; L. masc. n. *Alcaligenes*, An existing genus; *Varialcaligenes*: A genus related to but distinct from the existing genus Alcaligenes of different.

Varialcanivorax

L. masc. adjective *varius*, different; L. masc. n. *Alcanivorax*, An existing genus; *Varialcanivorax*: A genus related to but distinct from the existing genus Alcanivorax of different.

Varialdersonia

L. masc. adjective *varius*, different; L. fem. n. *Aldersonia*, An existing genus; *Varialdersonia*: A genus related to but distinct from the existing genus Aldersonia of different.

Varialgibacter

L. masc. adjective *varius*, different; L. masc. n. *Algibacter*, An existing genus; *Varialgibacter*: A genus related to but distinct from the existing genus Algibacter of different.

Varialgicoccus

L. masc. adjective *varius*, different; L. masc. n. *Algicoccus*, An existing genus; *Varialgicoccus*: A genus related to but distinct from the existing genus Algicoccus of different.

Varialgicola

L. masc. adjective *varius*, different; L. fem. n. *Algicola*, An existing genus; *Varialgicola*: A genus related to but distinct from the existing genus Algicola of different.

Varialgihabitans

L. masc. adjective *varius*, different; L. masc. n. *Algihabitans*, An existing genus; *Varialgihabitans*: A genus related to but distinct from the existing genus Algihabitans of different.

Varialgimonas

L. masc. adjective *varius*, different; L. fem. n. *Algimonas*, An existing genus; *Varialgimonas*: A genus related to but distinct from the existing genus Algimonas of different.

Varialginatibacterium

L. masc. adjective *varius*, different; L. neut. n. *Alginatibacterium*, An existing genus; *Varialginatibacterium*: A genus related to but distinct from the existing genus Alginatibacterium of different.

Varialgiphilus

L. masc. adjective *varius*, different; L. masc. n. *Algiphilus*, An existing genus; *Varialgiphilus*: A genus related to but distinct from the existing genus Algiphilus of different.

Varialgisphaera

L. masc. adjective *varius*, different; L. fem. n. *Algisphaera*, An existing genus; *Varialgisphaera*: A genus related to but distinct from the existing genus Algisphaera of different.

Varialgitalea

L. masc. adjective *varius*, different; L. fem. n. *Algitalea*, An existing genus; *Varialgitalea*: A genus related to but distinct from the existing genus Algitalea of different.

Varialgivirga

L. masc. adjective *varius*, different; L. fem. n. *Algivirga*, An existing genus; *Varialgivirga*: A genus related to but distinct from the existing genus Algivirga of different.

Varialgoriella

L. masc. adjective *varius*, different; L. fem. dim. n. *Algoriella*, An existing genus; *Varialgoriella*: A genus related to but distinct from the existing genus Algoriella of different.

Varialgorimarina

L. masc. adjective *varius*, different; L. fem. n. *Algorimarina*, An existing genus; *Varialgorimarina*: A genus related to but distinct from the existing genus Algorimarina of different.

Varialgoriphagus

L. masc. adjective *varius*, different; L. masc. n. *Algoriphagus*, An existing genus; *Varialgoriphagus*: A genus related to but distinct from the existing genus Algoriphagus of different.

Varialiagarivorans

L. masc. adjective *varius*, different; L. masc. n. *Aliagarivorans*, An existing genus; *Varialiagarivorans*: A genus related to but distinct from the existing genus Aliagarivorans of different.

Varialiarcobacter

L. masc. adjective *varius*, different; L. masc. n. *Aliarcobacter*, An existing genus; *Varialiarcobacter*: A genus related to but distinct from the existing genus Aliarcobacter of different.

Varialicycliphilus

L. masc. adjective *varius*, different; L. masc. n. *Alicycliphilus*, An existing genus; *Varialicycliphilus*: A genus related to but distinct from the existing genus Alicycliphilus of different.

Varialicyclobacillus

L. masc. adjective *varius*, different; L. masc. n. *Alicyclobacillus*, An existing genus; *Varialicyclobacillus*: A genus related to but distinct from the existing genus Alicyclobacillus of different.

Varialienimonas

L. masc. adjective *varius*, different; L. fem. n. *Alienimonas*, An existing genus; *Varialienimonas*: A genus related to but distinct from the existing genus Alienimonas of different.

Varialiibacillus

L. masc. adjective *varius*, different; L. masc. n. *Aliibacillus*, An existing genus; *Varialiibacillus*: A genus related to but distinct from the existing genus Aliibacillus of different.

Varialiicoccus

L. masc. adjective *varius*, different; L. masc. n. *Aliicoccus*, An existing genus; *Varialiicoccus*: A genus related to but distinct from the existing genus Aliicoccus of different.

Varialiidiomarina

L. masc. adjective *varius*, different; L. fem. n. *Aliidiomarina*, An existing genus; *Varialiidiomarina*: A genus related to but distinct from the existing genus Aliidiomarina of different.

Varialiidongia

L. masc. adjective *varius*, different; L. fem. n. *Aliidongia*, An existing genus; *Varialiidongia*: A genus related to but distinct from the existing genus Aliidongia of different.

Varialiifodinibius

L. masc. adjective *varius*, different; L. masc. n. *Aliifodinibius*, An existing genus; *Varialiifodinibius*: A genus related to but distinct from the existing genus Aliifodinibius of different.

Varialiiglaciecola

L. masc. adjective *varius*, different; L. fem. n. *Aliiglaciecola*, An existing genus; *Varialiiglaciecola*: A genus related to but distinct from the existing genus Aliiglaciecola of different.

Varialiihoeflea

L. masc. adjective *varius*, different; L. fem. n. *Aliihoeflea*, An existing genus; *Varialiihoeflea*: A genus related to but distinct from the existing genus Aliihoeflea of different.

Varialiikangiella

L. masc. adjective *varius*, different; L. fem. dim. n. *Aliikangiella*, An existing genus; *Varialiikangiella*: A genus related to but distinct from the existing genus Aliikangiella of different.

Varialiinostoc

L. masc. adjective *varius*, different; L. neut. n. *Aliinostoc*, An existing genus; *Varialiinostoc*: A genus related to but distinct from the existing genus Aliinostoc of different.

Varialiiroseovarius

L. masc. adjective *varius*, different; L. masc. n. *Aliiroseovarius*, An existing genus; *Varialiiroseovarius*: A genus related to but distinct from the existing genus Aliiroseovarius of different.

Varialiisedimentitalea

L. masc. adjective *varius*, different; L. fem. n. *Aliisedimentitalea*, An existing genus; *Varialiisedimentitalea*: A genus related to but distinct from the existing genus Aliisedimentitalea of different.

Varialiishimia

L. masc. adjective *varius*, different; L. fem. n. *Aliishimia*, An existing genus; *Varialiishimia*: A genus related to but distinct from the existing genus Aliishimia of different.

Varialiivibrio

L. masc. adjective *varius*, different; L. masc. n. *Aliivibrio*, An existing genus; *Varialiivibrio*: A genus related to but distinct from the existing genus Aliivibrio of different.

Varialishewanella

L. masc. adjective *varius*, different; L. fem. dim. n. *Alishewanella*, An existing genus; *Varialishewanella*: A genus related to but distinct from the existing genus Alishewanella of different.

Varialistipes

L. masc. adjective *varius*, different; L. masc. n. *Alistipes*, An existing genus; *Varialistipes*: A genus related to but distinct from the existing genus Alistipes of different.

Varialiterella

L. masc. adjective *varius*, different; L. fem. dim. n. *Aliterella*, An existing genus; *Varialiterella*: A genus related to but distinct from the existing genus Aliterella of different.

Varialkalibacillus

L. masc. adjective *varius*, different; L. masc. n. *Alkalibacillus*, An existing genus; *Varialkalibacillus*: A genus related to but distinct from the existing genus Alkalibacillus of different.

Varialkalibacter

L. masc. adjective *varius*, different; L. masc. n. *Alkalibacter*, An existing genus; *Varialkalibacter*: A genus related to but distinct from the existing genus Alkalibacter of different.

Varialkalibacterium

L. masc. adjective *varius*, different; L. neut. n. *Alkalibacterium*, An existing genus; *Varialkalibacterium*: A genus related to but distinct from the existing genus Alkalibacterium of different.

Varialkalibaculum

L. masc. adjective *varius*, different; L. neut. n. *Alkalibaculum*, An existing genus; *Varialkalibaculum*: A genus related to but distinct from the existing genus Alkalibaculum of different.

Varialkalicoccus

L. masc. adjective *varius*, different; L. masc. n. *Alkalicoccus*, An existing genus; *Varialkalicoccus*: A genus related to but distinct from the existing genus Alkalicoccus of different.

Varialkaliflexus

L. masc. adjective *varius*, different; L. masc. n. *Alkaliflexus*, An existing genus; *Varialkaliflexus*: A genus related to but distinct from the existing genus Alkaliflexus of different.

Varialkalihalobacillus

L. masc. adjective *varius*, different; L. masc. n. *Alkalihalobacillus*, An existing genus; *Varialkalihalobacillus*: A genus related to but distinct from the existing genus Alkalihalobacillus of different.

Varialkalilactibacillus

L. masc. adjective *varius*, different; L. masc. n. *Alkalilactibacillus*, An existing genus; *Varialkalilactibacillus*: A genus related to but distinct from the existing genus Alkalilactibacillus of different.

Varialkalilacustris

L. masc. adjective *varius*, different; L. masc. n. *Alkalilacustris*, An existing genus; *Varialkalilacustris*: A genus related to but distinct from the existing genus Alkalilacustris of different.

Varialkalimarinus

L. masc. adjective *varius*, different; L. masc. n. *Alkalimarinus*, An existing genus; *Varialkalimarinus*: A genus related to but distinct from the existing genus Alkalimarinus of different.

Varialkalimicrobium

L. masc. adjective *varius*, different; L. neut. n. *Alkalimicrobium*, An existing genus; *Varialkalimicrobium*: A genus related to but distinct from the existing genus Alkalimicrobium of different.

Varialkalimonas

L. masc. adjective *varius*, different; L. fem. n. *Alkalimonas*, An existing genus; *Varialkalimonas*: A genus related to but distinct from the existing genus Alkalimonas of different.

Varialkalinema

L. masc. adjective *varius*, different; L. neut. n. *Alkalinema*, An existing genus; *Varialkalinema*: A genus related to but distinct from the existing genus Alkalinema of different.

Varialkaliphilus

L. masc. adjective *varius*, different; L. masc. n. *Alkaliphilus*, An existing genus; *Varialkaliphilus*: A genus related to but distinct from the existing genus Alkaliphilus of different.

Varialkalispirillum

L. masc. adjective *varius*, different; L. neut. dim. n. *Alkalispirillum*, An existing genus; *Varialkalispirillum*: A genus related to but distinct from the existing genus Alkalispirillum of different.

Varialkalispirochaeta

L. masc. adjective *varius*, different; L. fem. n. *Alkalispirochaeta*, An existing genus; *Varialkalispirochaeta*: A genus related to but distinct from the existing genus Alkalispirochaeta of different.

Varialkalitalea

L. masc. adjective *varius*, different; L. fem. n. *Alkalitalea*, An existing genus; *Varialkalitalea*: A genus related to but distinct from the existing genus Alkalitalea of different.

Varialkanibacter

L. masc. adjective *varius*, different; L. masc. n. *Alkanibacter*, An existing genus; *Varialkanibacter*: A genus related to but distinct from the existing genus Alkanibacter of different.

Varialkanindiges

L. masc. adjective *varius*, different; L. masc. n. *Alkanindiges*, An existing genus; *Varialkanindiges*: A genus related to but distinct from the existing genus Alkanindiges of different.

Variallisonella

L. masc. adjective *varius*, different; L. fem. dim. n. *Allisonella*, An existing genus; *Variallisonella*: A genus related to but distinct from the existing genus Allisonella of different.

Varialloactinosynnema

L. masc. adjective *varius*, different; L. neut. n. *Alloactinosynnema*, An existing genus; *Varialloactinosynnema*: A genus related to but distinct from the existing genus Alloactinosynnema of different.

Variallobacillus

L. masc. adjective *varius*, different; L. masc. n. *Allobacillus*, An existing genus; *Variallobacillus*: A genus related to but distinct from the existing genus Allobacillus of different.

Variallobaculum

L. masc. adjective *varius*, different; L. neut. n. *Allobaculum*, An existing genus; *Variallobaculum*: A genus related to but distinct from the existing genus Allobaculum of different.

Variallobranchiibius

L. masc. adjective *varius*, different; L. masc. n. *Allobranchiibius*, An existing genus; *Variallobranchiibius*: A genus related to but distinct from the existing genus Allobranchiibius of different.

Variallocatelliglobosispora

L. masc. adjective *varius*, different; L. fem. n. *Allocatelliglobosispora*, An existing genus; *Variallocatelliglobosispora*: A genus related to but distinct from the existing genus Allocatelliglobosispora of different.

Variallochromatium

L. masc. adjective *varius*, different; L. neut. n. *Allochromatium*, An existing genus; *Variallochromatium*: A genus related to but distinct from the existing genus Allochromatium of different.

Variallofrancisella

L. masc. adjective *varius*, different; L. fem. dim. n. *Allofrancisella*, An existing genus; *Variallofrancisella*: A genus related to but distinct from the existing genus Allofrancisella of different.

Variallofustis

L. masc. adjective *varius*, different; L. masc. n. *Allofustis*, An existing genus; *Variallofustis*: A genus related to but distinct from the existing genus Allofustis of different.

Variallohahella

L. masc. adjective *varius*, different; L. fem. dim. n. *Allohahella*, An existing genus; *Variallohahella*: A genus related to but distinct from the existing genus Allohahella of different.

Variallohumibacter

L. masc. adjective *varius*, different; L. masc. n. *Allohumibacter*, An existing genus; *Variallohumibacter*: A genus related to but distinct from the existing genus Allohumibacter of different.

Varialloiococcus

L. masc. adjective *varius*, different; L. masc. n. *Alloiococcus*, An existing genus; *Varialloiococcus*: A genus related to but distinct from the existing genus Alloiococcus of different.

Variallokutzneria

L. masc. adjective *varius*, different; L. fem. n. *Allokutzneria*, An existing genus; *Variallokutzneria*: A genus related to but distinct from the existing genus Allokutzneria of different.

Variallomonas

L. masc. adjective *varius*, different; L. fem. n. *Allomonas*, An existing genus; *Variallomonas*: A genus related to but distinct from the existing genus Allomonas of different.

Variallonocardiopsis

L. masc. adjective *varius*, different; L. fem. n. *Allonocardiopsis*, An existing genus; *Variallonocardiopsis*: A genus related to but distinct from the existing genus Allonocardiopsis of different.

Variallopreveotella

L. masc. adjective *varius*, different; L. fem. dim. n. *Alloprevotella*, An existing genus; *Variallopreveotella*: A genus related to but distinct from the existing genus Alloprevotella of different.

Variallopseudarcicella

L. masc. adjective *varius*, different; L. fem. n. *Allopseudarcicella*, An existing genus; *Variallopseudarcicella*: A genus related to but distinct from the existing genus Allopseudarcicella of different.

Variallorhizobium

L. masc. adjective *varius*, different; L. neut. n. *Allorhizobium*, An existing genus; *Variallorhizobium*: A genus related to but distinct from the existing genus Allorhizobium of different.

Variallorhizocola

L. masc. adjective *varius*, different; L. masc. n. *Allorhizocola*, An existing genus; *Variallorhizocola*: A genus related to but distinct from the existing genus Allorhizocola of different.

Variallosalinactinospora

L. masc. adjective *varius*, different; L. fem. n. *Allosalinactinospora*, An existing genus; *Variallosalinactinospora*: A genus related to but distinct from the existing genus Allosalinactinospora of different.

Varialloscardovia

L. masc. adjective *varius*, different; L. fem. n. *Alloscardovia*, An existing genus; *Varialloscardovia*: A genus related to but distinct from the existing genus Alloscardovia of different.

Variallostreptomyces

L. masc. adjective *varius*, different; L. masc. n. *Allostreptomyces*, An existing genus; *Variallostreptomyces*: A genus related to but distinct from the existing genus Allostreptomyces of different.

Varialpinimonas

L. masc. adjective *varius*, different; L. fem. n. *Alpinimonas*, An existing genus; *Varialpinimonas*: A genus related to but distinct from the existing genus Alpinimonas of different.

Varialsobacter

L. masc. adjective *varius*, different; L. masc. n. *Alsobacter*, An existing genus; *Varialsobacter*: A genus related to but distinct from the existing genus Alsobacter of different.

Varialtererythrobacter

L. masc. adjective *varius*, different; L. masc. n. *Altererythrobacter*, An existing genus; *Varialtererythrobacter*: A genus related to but distinct from the existing genus Altererythrobacter of different.

Varialteribacillus

L. masc. adjective *varius*, different; L. masc. n. *Alteribacillus*, An existing genus; *Varialteribacillus*: A genus related to but distinct from the existing genus Alteribacillus of different.

Varialterileibacterium

L. masc. adjective *varius*, different; L. neut. n. *Alterileibacterium*, An existing genus; *Varialterileibacterium*: A genus related to but distinct from the existing genus Alterileibacterium of different.

Varialterococcus

L. masc. adjective *varius*, different; L. masc. n. *Alterococcus*, An existing genus; *Varialterococcus*: A genus related to but distinct from the existing genus Alterococcus of different.

Varialteromonas

L. masc. adjective *varius*, different; L. fem. n. *Alteromonas*, An existing genus; *Varialteromonas*: A genus related to but distinct from the existing genus Alteromonas of different.

Varialtuibacter

L. masc. adjective *varius*, different; L. masc. n. *Altuibacter*, An existing genus; *Varialtuibacter*: A genus related to but distinct from the existing genus Altuibacter of different.

Varialysiella

L. masc. adjective *varius*, different; L. fem. dim. n. *Alysiella*, An existing genus; *Varialysiella*: A genus related to but distinct from the existing genus Alysiella of different.

Variamantichitinum

L. masc. adjective *varius*, different; L. neut. n. *Amantichitinum*, An existing genus; *Variamantichitinum*: A genus related to but distinct from the existing genus Amantichitinum of different.

Variamaricoccus

L. masc. adjective *varius*, different; L. masc. n. *Amaricoccus*, An existing genus; *Variamaricoccus*: A genus related to but distinct from the existing genus Amaricoccus of different.

Variamazoninema

L. masc. adjective *varius*, different; L. neut. n. *Amazoninema*, An existing genus; *Variamazoninema*: A genus related to but distinct from the existing genus Amazoninema of different.

Variamedibacillus

L. masc. adjective *varius*, different; L. masc. n. *Amedibacillus*, An existing genus; *Variamedibacillus*: A genus related to but distinct from the existing genus Amedibacillus of different.

Variamedibacterium

L. masc. adjective *varius*, different; L. neut. n. *Amedibacterium*, An existing genus; *Variamedibacterium*: A genus related to but distinct from the existing genus Amedibacterium of different.

Variameyamaea

L. masc. adjective *varius*, different; L. fem. n. *Ameyamaea*, An existing genus; *Variameyamaea*: A genus related to but distinct from the existing genus Ameyamaea of different.

Variaminiphilus

L. masc. adjective *varius*, different; L. masc. n. *Aminiphilus*, An existing genus; *Variaminiphilus*: A genus related to but distinct from the existing genus Aminiphilus of different.

Variaminipila

L. masc. adjective *varius*, different; L. fem. n. *Aminipila*, An existing genus; *Variaminipila*: A genus related to but distinct from the existing genus Aminipila of different.

Variaminivibrio

L. masc. adjective *varius*, different; L. masc. n. *Aminivibrio*, An existing genus; *Variaminivibrio*: A genus related to but distinct from the existing genus Aminivibrio of different.

Variaminobacter

L. masc. adjective *varius*, different; L. masc. n. *Aminobacter*, An existing genus; *Variaminobacter*: A genus related to but distinct from the existing genus Aminobacter of different.

Variaminobacterium

L. masc. adjective *varius*, different; L. neut. n. *Aminobacterium*, An existing genus; *Variaminobacterium*: A genus related to but distinct from the existing genus Aminobacterium of different.

Variaminomonas

L. masc. adjective *varius*, different; L. fem. n. *Aminomonas*, An existing genus; *Variaminomonas*: A genus related to but distinct from the existing genus Aminomonas of different.

Variammassolinea

L. masc. adjective *varius*, different; L. fem. n. *Ammassolinea*, An existing genus; *Variammassolinea*: A genus related to but distinct from the existing genus Ammassolinea of different.

Variammonifex

L. masc. adjective *varius*, different; L. masc. n. *Ammonifex*, An existing genus; *Variammonifex*: A genus related to but distinct from the existing genus Ammonifex of different.

Variammoniibacillus

L. masc. adjective *varius*, different; L. masc. n. *Ammoniibacillus*, An existing genus; *Variammoniibacillus*: A genus related to but distinct from the existing genus Ammoniibacillus of different.

Variammoniphilus

L. masc. adjective *varius*, different; L. masc. n. *Ammoniphilus*, An existing genus; *Variammoniphilus*: A genus related to but distinct from the existing genus Ammoniphilus of different.

Variamnibacterium

L. masc. adjective *varius*, different; L. neut. n. *Amnibacterium*, An existing genus; *Variamnibacterium*: A genus related to but distinct from the existing genus Amnibacterium of different.

Variamniculibacterium

L. masc. adjective *varius*, different; L. neut. n. *Amniculibacterium*, An existing genus; *Variamniculibacterium*: A genus related to but distinct from the existing genus Amniculibacterium of different.

Variamnimonas

L. masc. adjective *varius*, different; L. fem. n. *Amnimonas*, An existing genus; *Variamnimonas*: A genus related to but distinct from the existing genus Amnimonas of different.

Variamoebobacter

L. masc. adjective *varius*, different; L. masc. n. *Amoebobacter*, An existing genus; *Variamoebobacter*: A genus related to but distinct from the existing genus Amoebobacter of different.

Variamorphosporangium

L. masc. adjective *varius*, different; L. neut. n. *Amorphosporangium*, An existing genus; *Variamorphosporangium*: A genus related to but distinct from the existing genus Amorphosporangium of different.

Variamorphus

L. masc. adjective *varius*, different; L. masc. n. *Amorphus*, An existing genus; *Variamorphus*: A genus related to but distinct from the existing genus Amorphus of different.

Variamphibacillus

L. masc. adjective *varius*, different; L. masc. n. *Amphibacillus*, An existing genus; *Variamphibacillus*: A genus related to but distinct from the existing genus Amphibacillus of different.

Variamphiheterocytum

L. masc. adjective *varius*, different; L. neut. n. *Amphiheterocytum*, An existing genus; *Variamphiheterocytum*: A genus related to but distinct from the existing genus Amphiheterocytum of different.

Variamphiplicatus

L. masc. adjective *varius*, different; L. masc. n. *Amphiplicatus*, An existing genus; *Variamphiplicatus*: A genus related to but distinct from the existing genus Amphiplicatus of different.

Variampullariella

L. masc. adjective *varius*, different; L. fem. dim. n. *Ampullariella*, An existing genus; *Variampullariella*: A genus related to but distinct from the existing genus Ampullariella of different.

Variampullimonas

L. masc. adjective *varius*, different; L. fem. n. *Ampullimonas*, An existing genus; *Variampullimonas*: A genus related to but distinct from the existing genus Ampullimonas of different.

Variamycolata

L. masc. adjective *varius*, different; L. fem. n. *Amycolata*, An existing genus; *Variamycolata*: A genus related to but distinct from the existing genus Amycolata of different.

Variamycolatopsis

L. masc. adjective *varius*, different; L. fem. n. *Amycolatopsis*, An existing genus; *Variamycolatopsis*: A genus related to but distinct from the existing genus Amycolatopsis of different.

Variamycolicicoccus

L. masc. adjective *varius*, different; L. masc. n. *Amycolicicoccus*, An existing genus; *Variamycolicicoccus*: A genus related to but distinct from the existing genus Amycolicicoccus of different.

Variamylibacter

L. masc. adjective *varius*, different; L. masc. n. *Amylibacter*, An existing genus; *Variamylibacter*: A genus related to but distinct from the existing genus Amylibacter of different.

Variamylolactobacillus

L. masc. adjective *varius*, different; L. masc. n. *Amylolactobacillus*, An existing genus; *Variamylolactobacillus*: A genus related to but distinct from the existing genus Amylolactobacillus of different.

Varianaerobacillus

L. masc. adjective *varius*, different; L. masc. n. *Anaerobacillus*, An existing genus; *Varianaerobacillus*: A genus related to but distinct from the existing genus Anaerobacillus of different.

Varianaerobacterium

L. masc. adjective *varius*, different; L. neut. n. *Anaerobacterium*, An existing genus; *Varianaerobacterium*: A genus related to but distinct from the existing genus Anaerobacterium of different.

Varianaerobaculum

L. masc. adjective *varius*, different; L. neut. n. *Anaerobaculum*, An existing genus; *Varianaerobaculum*: A genus related to but distinct from the existing genus Anaerobaculum of different.

Varianaerobiospirillum

L. masc. adjective *varius*, different; L. neut. dim. n. *Anaerobiospirillum*, An existing genus; *Varianaerobiospirillum*: A genus related to but distinct from the existing genus Anaerobiospirillum of different.

Varianaerobium

L. masc. adjective *varius*, different; L. neut. n. *Anaerobium*, An existing genus; *Varianaerobium*: A genus related to but distinct from the existing genus Anaerobium of different.

Varianaerobranca

L. masc. adjective *varius*, different; L. fem. n. *Anaerobranca*, An existing genus; *Varianaerobranca*: A genus related to but distinct from the existing genus Anaerobranca of different.

Varianaerobutyricum

L. masc. adjective *varius*, different; L. neut. n. *Anaerobutyricum*, An existing genus; *Varianaerobutyricum*: A genus related to but distinct from the existing genus Anaerobutyricum of different.

Varianaerocella

L. masc. adjective *varius*, different; L. fem. n. *Anaerocella*, An existing genus; *Varianaerocella*: A genus related to but distinct from the existing genus Anaerocella of different.

Varianaerococcus

L. masc. adjective *varius*, different; L. masc. n. *Anaerococcus*, An existing genus; *Varianaerococcus*: A genus related to but distinct from the existing genus Anaerococcus of different.

Varianaerofilum

L. masc. adjective *varius*, different; L. neut. n. *Anaerofilum*, An existing genus; *Varianaerofilum*: A genus related to but distinct from the existing genus Anaerofilum of different.

Varianaeroglobus

L. masc. adjective *varius*, different; L. masc. n. *Anaeroglobus*, An existing genus; *Varianaeroglobus*: A genus related to but distinct from the existing genus Anaeroglobus of different.

Varianaerohalosphaera

L. masc. adjective *varius*, different; L. fem. n. *Anaerohalosphaera*, An existing genus; *Varianaerohalosphaera*: A genus related to but distinct from the existing genus Anaerohalosphaera of different.

Varianaerolactibacter

L. masc. adjective *varius*, different; L. masc. n. *Anaerolactibacter*, An existing genus; *Varianaerolactibacter*: A genus related to but distinct from the existing genus Anaerolactibacter of different.

Varianaerolinea

L. masc. adjective *varius*, different; L. fem. n. *Anaerolinea*, An existing genus; *Varianaerolinea*: A genus related to but distinct from the existing genus Anaerolinea of different.

Varianaeromicrobium

L. masc. adjective *varius*, different; L. neut. n. *Anaeromicrobium*, An existing genus; *Varianaeromicrobium*: A genus related to but distinct from the existing genus Anaeromicrobium of different.

Varianaeromusa

L. masc. adjective *varius*, different; L. fem. n. *Anaeromusa*, An existing genus; *Varianaeromusa*: A genus related to but distinct from the existing genus Anaeromusa of different.

Varianaeromyxobacter

L. masc. adjective *varius*, different; L. masc. n. *Anaeromyxobacter*, An existing genus; *Varianaeromyxobacter*: A genus related to but distinct from the existing genus Anaeromyxobacter of different.

Varianaerophaga

L. masc. adjective *varius*, different; L. fem. n. *Anaerophaga*, An existing genus; *Varianaerophaga*: A genus related to but distinct from the existing genus Anaerophaga of different.

Varianaerophilus

L. masc. adjective *varius*, different; L. masc. n. *Anaerophilus*, An existing genus; *Varianaerophilus*: A genus related to but distinct from the existing genus Anaerophilus of different.

Varianaeroplasma

L. masc. adjective *varius*, different; L. neut. n. *Anaeroplasma*, An existing genus; *Varianaeroplasma*: A genus related to but distinct from the existing genus Anaeroplasma of different.

Varianaerorhabdus

L. masc. adjective *varius*, different; L. fem. n. *Anaerorhabdus*, An existing genus; *Varianaerorhabdus*: A genus related to but distinct from the existing genus Anaerorhabdus of different.

Varianaerosalibacter

L. masc. adjective *varius*, different; L. masc. n. *Anaerosalibacter*, An existing genus; *Varianaerosalibacter*: A genus related to but distinct from the existing genus Anaerosalibacter of different.

Varianaerosolibacter

L. masc. adjective *varius*, different; L. masc. n. *Anaerosolibacter*, An existing genus; *Varianaerosolibacter*: A genus related to but distinct from the existing genus Anaerosolibacter of different.

Varianaerosphaera

L. masc. adjective *varius*, different; L. fem. n. *Anaerosphaera*, An existing genus; *Varianaerosphaera*: A genus related to but distinct from the existing genus Anaerosphaera of different.

Varianaerospora

L. masc. adjective *varius*, different; L. fem. n. *Anaerospora*, An existing genus; *Varianaerospora*: A genus related to but distinct from the existing genus Anaerospora of different.

Varianaerosporobacter

L. masc. adjective *varius*, different; L. masc. n. *Anaerosporobacter*, An existing genus; *Varianaerosporobacter*: A genus related to but distinct from the existing genus Anaerosporobacter of different.

Varianaerosporomusa

L. masc. adjective *varius*, different; L. fem. n. *Anaerosporomusa*, An existing genus; *Varianaerosporomusa*: A genus related to but distinct from the existing genus Anaerosporomusa of different.

Varianaerotignum

L. masc. adjective *varius*, different; L. neut. n. *Anaerotignum*, An existing genus; *Varianaerotignum*: A genus related to but distinct from the existing genus Anaerotignum of different.

Varianaerotruncus

L. masc. adjective *varius*, different; L. masc. n. *Anaerotruncus*, An existing genus; *Varianaerotruncus*: A genus related to but distinct from the existing genus Anaerotruncus of different.

Varianaerovibrio

L. masc. adjective *varius*, different; L. masc. n. *Anaerovibrio*, An existing genus; *Varianaerovibrio*: A genus related to but distinct from the existing genus Anaerovibrio of different.

Varianaerovirgula

L. masc. adjective *varius*, different; L. fem. dim. n. *Anaerovirgula*, An existing genus; *Varianaerovirgula*: A genus related to but distinct from the existing genus Anaerovirgula of different.

Varianaerovorax

L. masc. adjective *varius*, different; L. masc. n. *Anaerovorax*, An existing genus; *Varianaerovorax*: A genus related to but distinct from the existing genus Anaerovorax of different.

Varianaplasma

L. masc. adjective *varius*, different; L. neut. n. *Anaplasma*, An existing genus; *Varianaplasma*: A genus related to but distinct from the existing genus Anaplasma of different.

Variancalochloris

L. masc. adjective *varius*, different; L. fem. n. *Ancalochloris*, An existing genus; *Variancalochloris*: A genus related to but distinct from the existing genus Ancalochloris of different.

Variancalomicrobium

L. masc. adjective *varius*, different; L. neut. n. *Ancalomicrobium*, An existing genus; *Variancalomicrobium*: A genus related to but distinct from the existing genus Ancalomicrobium of different.

Variancylobacter

L. masc. adjective *varius*, different; L. masc. n. *Ancylobacter*, An existing genus; *Variancylobacter*: A genus related to but distinct from the existing genus Ancylobacter of different.

Variancylomarina

L. masc. adjective *varius*, different; L. fem. n. *Ancylomarina*, An existing genus; *Variancylomarina*: A genus related to but distinct from the existing genus Ancylomarina of different.

Variancylothrix

L. masc. adjective *varius*, different; L. fem. n. *Ancylothrix*, An existing genus; *Variancylothrix*: A genus related to but distinct from the existing genus Ancylothrix of different.

Variandersenielle

L. masc. adjective *varius*, different; L. fem. dim. n. *Anderseniella*, An existing genus; *Variandersenielle*: A genus related to but distinct from the existing genus Anderseniella of different.

Variandreesenia

L. masc. adjective *varius*, different; L. fem. n. *Andreesenia*, An existing genus; *Variandreesenia*: A genus related to but distinct from the existing genus Andreesenia of different.

Variandreprevotia

L. masc. adjective *varius*, different; L. fem. n. *Andreprevotia*, An existing genus; *Variandreprevotia*: A genus related to but distinct from the existing genus Andreprevotia of different.

Varianeurinibacillus

L. masc. adjective *varius*, different; L. masc. n. *Aneurinibacillus*, An existing genus; *Varianeurinibacillus*: A genus related to but distinct from the existing genus Aneurinibacillus of different.

Variangelakisella

L. masc. adjective *varius*, different; L. fem. dim. n. *Angelakisella*, An existing genus; *Variangelakisella*: A genus related to but distinct from the existing genus Angelakisella of different.

Variangiococcus

L. masc. adjective *varius*, different; L. masc. n. *Angiococcus*, An existing genus; *Variangiococcus*: A genus related to but distinct from the existing genus Angiococcus of different.

Variangulomicrobium

L. masc. adjective *varius*, different; L. neut. n. *Angulomicrobium*, An existing genus; *Variangulomicrobium*: A genus related to but distinct from the existing genus Angulomicrobium of different.

Variangustibacter

L. masc. adjective *varius*, different; L. masc. n. *Angustibacter*, An existing genus; *Variangustibacter*: A genus related to but distinct from the existing genus Angustibacter of different.

Variannwoodia

L. masc. adjective *varius*, different; L. fem. n. *Annwoodia*, An existing genus; *Variannwoodia*: A genus related to but distinct from the existing genus Annwoodia of different.

Varianoxybacillus

L. masc. adjective *varius*, different; L. masc. n. *Anoxybacillus*, An existing genus; *Varianoxybacillus*: A genus related to but distinct from the existing genus Anoxybacillus of different.

Varianoxybacter

L. masc. adjective *varius*, different; L. masc. n. *Anoxybacter*, An existing genus; *Varianoxybacter*: A genus related to but distinct from the existing genus Anoxybacter of different.

Varianoxynatronum

L. masc. adjective *varius*, different; L. neut. n. *Anoxynatronum*, An existing genus; *Varianoxynatronum*: A genus related to but distinct from the existing genus Anoxynatronum of different.

Varianseongella

L. masc. adjective *varius*, different; L. fem. dim. n. *Anseongella*, An existing genus; *Varianseongella*: A genus related to but distinct from the existing genus Anseongella of different.

Variantarcticibacterium

L. masc. adjective *varius*, different; L. neut. n. *Antarcticibacterium*, An existing genus; *Variantarcticibacterium*: A genus related to but distinct from the existing genus Antarcticibacterium of different.

Variantarcticimicrobium

L. masc. adjective *varius*, different; L. neut. n. *Antarcticimicrobium*, An existing genus; *Variantarcticimicrobium*: A genus related to but distinct from the existing genus Antarcticimicrobium of different.

Variantarcticimonas

L. masc. adjective *varius*, different; L. fem. n. *Antarcticimonas*, An existing genus; *Variantarcticimonas*: A genus related to but distinct from the existing genus Antarcticimonas of different.

Variantarctobacter

L. masc. adjective *varius*, different; L. masc. n. *Antarctobacter*, An existing genus; *Variantarctobacter*: A genus related to but distinct from the existing genus Antarctobacter of different.

Variantribacter

L. masc. adjective *varius*, different; L. masc. n. *Antribacter*, An existing genus; *Variantribacter*: A genus related to but distinct from the existing genus Antribacter of different.

Variantricoccus

L. masc. adjective *varius*, different; L. masc. n. *Antricoccus*, An existing genus; *Variantricoccus*: A genus related to but distinct from the existing genus Antricoccus of different.

Variaphanizomenon

L. masc. adjective *varius*, different; L. neut. n. *Aphanizomenon*, An existing genus; *Variaphanizomenon*: A genus related to but distinct from the existing genus Aphanizomenon of different.

Variapibacter

L. masc. adjective *varius*, different; L. masc. n. *Apibacter*, An existing genus; *Variapibacter*: A genus related to but distinct from the existing genus Apibacter of different.

Variapilactobacillus

L. masc. adjective *varius*, different; L. masc. n. *Apilactobacillus*, An existing genus; *Variapilactobacillus*: A genus related to but distinct from the existing genus Apilactobacillus of different.

Variaplanobacter

L. masc. adjective *varius*, different; L. masc. n. *Aplanobacter*, An existing genus; *Variaplanobacter*: A genus related to but distinct from the existing genus Aplanobacter of different.

Variaquabacter

L. masc. adjective *varius*, different; L. masc. n. *Aquabacter*, An existing genus; *Variaquabacter*: A genus related to but distinct from the existing genus Aquabacter of different.

Variaquabacterium

L. masc. adjective *varius*, different; L. neut. n. *Aquabacterium*, An existing genus; *Variaquabacterium*: A genus related to but distinct from the existing genus Aquabacterium of different.

Variaquamicrobium

L. masc. adjective *varius*, different; L. neut. n. *Aquamicrobium*, An existing genus; *Variaquamicrobium*: A genus related to but distinct from the existing genus Aquamicrobium of different.

Variaquaspirillum

L. masc. adjective *varius*, different; L. neut. dim. n. *Aquaspirillum*, An existing genus; *Variaquaspirillum*: A genus related to but distinct from the existing genus Aquaspirillum of different.

Variaquaticitalea

L. masc. adjective *varius*, different; L. fem. n. *Aquaticitalea*, An existing genus; *Variaquaticitalea*: A genus related to but distinct from the existing genus Aquaticitalea of different.

Variaquella

L. masc. adjective *varius*, different; L. fem. dim. n. *Aquella*, An existing genus; *Variaquella*: A genus related to but distinct from the existing genus Aquella of different.

Variaquibacillus

L. masc. adjective *varius*, different; L. masc. n. *Aquibacillus*, An existing genus; *Variaquibacillus*: A genus related to but distinct from the existing genus Aquibacillus of different.

Variaquibacter

L. masc. adjective *varius*, different; L. masc. n. *Aquibacter*, An existing genus; *Variaquibacter*: A genus related to but distinct from the existing genus Aquibacter of different.

Variaquicella

L. masc. adjective *varius*, different; L. fem. n. *Aquicella*, An existing genus; *Variaquicella*: A genus related to but distinct from the existing genus Aquicella of different.

Variaquichromatium

L. masc. adjective *varius*, different; L. neut. n. *Aquichromatium*, An existing genus; *Variaquichromatium*: A genus related to but distinct from the existing genus Aquichromatium of different.

Variaquicoccus

L. masc. adjective *varius*, different; L. masc. n. *Aquicoccus*, An existing genus; *Variaquicoccus*: A genus related to but distinct from the existing genus Aquicoccus of different.

Variaquidulcibacter

L. masc. adjective *varius*, different; L. masc. n. *Aquidulcibacter*, An existing genus; *Variaquidulcibacter*: A genus related to but distinct from the existing genus Aquidulcibacter of different.

Variaquifex

L. masc. adjective *varius*, different; L. masc. n. *Aquifex*, An existing genus; *Variaquifex*: A genus related to but distinct from the existing genus Aquifex of different.

Variaquiflexum

L. masc. adjective *varius*, different; L. neut. n. *Aquiflexum*, An existing genus; *Variaquiflexum*: A genus related to but distinct from the existing genus Aquiflexum of different.

Variaquihabitans

L. masc. adjective *varius*, different; L. masc. n. *Aquihabitans*, An existing genus; *Variaquihabitans*: A genus related to but distinct from the existing genus Aquihabitans of different.

Variaquimarina

L. masc. adjective *varius*, different; L. fem. n. *Aquimarina*, An existing genus; *Variaquimarina*: A genus related to but distinct from the existing genus Aquimarina of different.

Variaquimixticola

L. masc. adjective *varius*, different; L. masc. n. *Aquimixticola*, An existing genus; *Variaquimixticola*: A genus related to but distinct from the existing genus Aquimixticola of different.

Variaquimonas

L. masc. adjective *varius*, different; L. fem. n. *Aquimonas*, An existing genus; *Variaquimonas*: A genus related to but distinct from the existing genus Aquimonas of different.

Variaquincola

L. masc. adjective *varius*, different; L. masc. n. *Aquincola*, An existing genus; *Variaquincola*: A genus related to but distinct from the existing genus Aquincola of different.

Variaquipuribacter

L. masc. adjective *varius*, different; L. masc. n. *Aquipuribacter*, An existing genus; *Variaquipuribacter*: A genus related to but distinct from the existing genus Aquipuribacter of different.

Variaquirufa

L. masc. adjective *varius*, different; L. fem. n. *Aquirufa*, An existing genus; *Variaquirufa*: A genus related to but distinct from the existing genus Aquirufa of different.

Variaquisalibacillus

L. masc. adjective *varius*, different; L. masc. n. *Aquisalibacillus*, An existing genus; *Variaquisalibacillus*: A genus related to but distinct from the existing genus Aquisalibacillus of different.

Variaquisalimonas

L. masc. adjective *varius*, different; L. fem. n. *Aquisalimonas*, An existing genus; *Variaquisalimonas*: A genus related to but distinct from the existing genus Aquisalimonas of different.

Variaquisalinus

L. masc. adjective *varius*, different; L. masc. n. *Aquisalinus*, An existing genus; *Variaquisalinus*: A genus related to but distinct from the existing genus Aquisalinus of different.

Variaquisediminimonas

L. masc. adjective *varius*, different; L. fem. n. *Aquisediminimonas*, An existing genus; *Variaquisediminimonas*: A genus related to but distinct from the existing genus Aquisediminimonas of different.

Variaquisphaera

L. masc. adjective *varius*, different; L. fem. n. *Aquisphaera*, An existing genus; *Variaquisphaera*: A genus related to but distinct from the existing genus Aquisphaera of different.

Variaquitalea

L. masc. adjective *varius*, different; L. fem. n. *Aquitalea*, An existing genus; *Variaquitalea*: A genus related to but distinct from the existing genus Aquitalea of different.

Variarachidicoccus

L. masc. adjective *varius*, different; L. masc. n. *Arachidicoccus*, An existing genus; *Variarachidicoccus*: A genus related to but distinct from the existing genus Arachidicoccus of different.

Variarachnia

L. masc. adjective *varius*, different; L. fem. n. *Arachnia*, An existing genus; *Variarachnia*: A genus related to but distinct from the existing genus Arachnia of different.

Variarcanobacterium

L. masc. adjective *varius*, different; L. neut. n. *Arcanobacterium*, An existing genus; *Variarcanobacterium*: A genus related to but distinct from the existing genus Arcanobacterium of different.

Variarchaeoglobus

L. masc. adjective *varius*, different; L. masc. n. *Archaeoglobus*, An existing genus; *Variarchaeoglobus*: A genus related to but distinct from the existing genus Archaeoglobus of different.

Variarchangium

L. masc. adjective *varius*, different; L. neut. n. *Archangium*, An existing genus; *Variarchangium*: A genus related to but distinct from the existing genus Archangium of different.

Variarcicella

L. masc. adjective *varius*, different; L. fem. n. *Arcicella*, An existing genus; *Variarcicella*: A genus related to but distinct from the existing genus Arcicella of different.

Variarcobacter

L. masc. adjective *varius*, different; L. masc. n. *Arcobacter*, An existing genus; *Variarcobacter*: A genus related to but distinct from the existing genus Arcobacter of different.

Variarcticibacter

L. masc. adjective *varius*, different; L. masc. n. *Arcticibacter*, An existing genus; *Variarcticibacter*: A genus related to but distinct from the existing genus Arcticibacter of different.

Variarcticibacterium

L. masc. adjective *varius*, different; L. neut. n. *Arcticibacterium*, An existing genus; *Variarcticibacterium*: A genus related to but distinct from the existing genus Arcticibacterium of different.

Variarcticiflavibacter

L. masc. adjective *varius*, different; L. masc. n. *Arcticiflavibacter*, An existing genus; *Variarcticiflavibacter*: A genus related to but distinct from the existing genus Arcticiflavibacter of different.

Variardenticatena

L. masc. adjective *varius*, different; L. fem. n. *Ardenticatena*, An existing genus; *Variardenticatena*: A genus related to but distinct from the existing genus Ardenticatena of different.

Variarenibacillus

L. masc. adjective *varius*, different; L. masc. n. *Arenibacillus*, An existing genus; *Variarenibacillus*: A genus related to but distinct from the existing genus Arenibacillus of different.

Variarenibacter

L. masc. adjective *varius*, different; L. masc. n. *Arenibacter*, An existing genus; *Variarenibacter*: A genus related to but distinct from the existing genus Arenibacter of different.

Variarenicella

L. masc. adjective *varius*, different; L. fem. n. *Arenicella*, An existing genus; *Variarenicella*: A genus related to but distinct from the existing genus Arenicella of different.

Variarenimicrobium

L. masc. adjective *varius*, different; L. neut. n. *Arenimicrobium*, An existing genus; *Variarenimicrobium*: A genus related to but distinct from the existing genus Arenimicrobium of different.

Variarenimonas

L. masc. adjective *varius*, different; L. fem. n. *Arenimonas*, An existing genus; *Variarenimonas*: A genus related to but distinct from the existing genus Arenimonas of different.

Variarenitalea

L. masc. adjective *varius*, different; L. fem. n. *Arenitalea*, An existing genus; *Variarenitalea*: A genus related to but distinct from the existing genus Arenitalea of different.

Variarhodomonas

L. masc. adjective *varius*, different; L. fem. n. *Arhodomonas*, An existing genus; *Variarhodomonas*: A genus related to but distinct from the existing genus Arhodomonas of different.

Variaridibacter

L. masc. adjective *varius*, different; L. masc. n. *Aridibacter*, An existing genus; *Variaridibacter*: A genus related to but distinct from the existing genus Aridibacter of different.

Variarmatimonas

L. masc. adjective *varius*, different; L. fem. n. *Armatimonas*, An existing genus; *Variarmatimonas*: A genus related to but distinct from the existing genus Armatimonas of different.

Variarsenicibacter

L. masc. adjective *varius*, different; L. masc. n. *Arsenicibacter*, An existing genus; *Variarsenicibacter*: A genus related to but distinct from the existing genus Arsenicibacter of different.

Variarsenicicoccus

L. masc. adjective *varius*, different; L. masc. n. *Arsenicicoccus*, An existing genus; *Variarsenicicoccus*: A genus related to but distinct from the existing genus Arsenicicoccus of different.

Variarsenicitalea

L. masc. adjective *varius*, different; L. fem. n. *Arsenicitalea*, An existing genus; *Variarsenicitalea*: A genus related to but distinct from the existing genus Arsenicitalea of different.

Variarsenophonus

L. masc. adjective *varius*, different; L. masc. n. *Arsenophonus*, An existing genus; *Variarsenophonus*: A genus related to but distinct from the existing genus Arsenophonus of different.

Variarsukibacterium

L. masc. adjective *varius*, different; L. neut. n. *Arsukibacterium*, An existing genus; *Variarsukibacterium*: A genus related to but distinct from the existing genus Arsukibacterium of different.

Variarthrobacter

L. masc. adjective *varius*, different; L. masc. n. *Arthrobacter*, An existing genus; *Variarthrobacter*: A genus related to but distinct from the existing genus Arthrobacter of different.

Variarthrospira

L. masc. adjective *varius*, different; L. fem. n. *Arthrospira*, An existing genus; *Variarthrospira*: A genus related to but distinct from the existing genus Arthrospira of different.

Variarthrospiribacter

L. masc. adjective *varius*, different; L. masc. n. *Arthrospiribacter*, An existing genus; *Variarthrospiribacter*: A genus related to but distinct from the existing genus Arthrospiribacter of different.

Variarundinibacter

L. masc. adjective *varius*, different; L. masc. n. *Arundinibacter*, An existing genus; *Variarundinibacter*: A genus related to but distinct from the existing genus Arundinibacter of different.

Variarvibacter

L. masc. adjective *varius*, different; L. masc. n. *Arvibacter*, An existing genus; *Variarvibacter*: A genus related to but distinct from the existing genus Arvibacter of different.

Variasaccharobacter

L. masc. adjective *varius*, different; L. masc. n. *Asaccharobacter*, An existing genus; *Variasaccharobacter*: A genus related to but distinct from the existing genus Asaccharobacter of different.

Variasaccharospora

L. masc. adjective *varius*, different; L. fem. n. *Asaccharospora*, An existing genus; *Variasaccharospora*: A genus related to but distinct from the existing genus Asaccharospora of different.

Variasaia

L. masc. adjective *varius*, different; L. fem. n. *Asaia*, An existing genus; *Variasaia*: A genus related to but distinct from the existing genus Asaia of different.

Variasanoa

L. masc. adjective *varius*, different; L. fem. n. *Asanoa*, An existing genus; *Variasanoa*: A genus related to but distinct from the existing genus Asanoa of different.

Variascidiaceibacter

L. masc. adjective *varius*, different; L. masc. n. *Ascidiaceibacter*, An existing genus; *Variascidiaceibacter*: A genus related to but distinct from the existing genus Ascidiaceibacter of different.

Variascidiaceihabitans

L. masc. adjective *varius*, different; L. masc. n. *Ascidiaceihabitans*, An existing genus; *Variascidiaceihabitans*: A genus related to but distinct from the existing genus Ascidiaceihabitans of different.

Variascidiimonas

L. masc. adjective *varius*, different; L. fem. n. *Ascidiimonas*, An existing genus; *Variascidiimonas*: A genus related to but distinct from the existing genus Ascidiimonas of different.

Variasinibacterium

L. masc. adjective *varius*, different; L. neut. n. *Asinibacterium*, An existing genus; *Variasinibacterium*: A genus related to but distinct from the existing genus Asinibacterium of different.

Variasprobacter

L. masc. adjective *varius*, different; L. masc. n. *Asprobacter*, An existing genus; *Variasprobacter*: A genus related to but distinct from the existing genus Asprobacter of different.

Variaspromonas

L. masc. adjective *varius*, different; L. fem. n. *Aspromonas*, An existing genus; *Variaspromonas*: A genus related to but distinct from the existing genus Aspromonas of different.

Variasteroleplasma

L. masc. adjective *varius*, different; L. neut. n. *Asteroleplasma*, An existing genus; *Variasteroleplasma*: A genus related to but distinct from the existing genus Asteroleplasma of different.

Variasticcacaulis

L. masc. adjective *varius*, different; L. masc. n. *Asticcacaulis*, An existing genus; *Variasticcacaulis*: A genus related to but distinct from the existing genus Asticcacaulis of different.

Variathalassotoga

L. masc. adjective *varius*, different; L. fem. n. *Athalassotoga*, An existing genus; *Variathalassotoga*: A genus related to but distinct from the existing genus Athalassotoga of different.

Variatlantibacter

L. masc. adjective *varius*, different; L. masc. n. *Atlantibacter*, An existing genus; *Variatlantibacter*: A genus related to but distinct from the existing genus Atlantibacter of different.

Variatopobacter

L. masc. adjective *varius*, different; L. masc. n. *Atopobacter*, An existing genus; *Variatopobacter*: A genus related to but distinct from the existing genus Atopobacter of different.

Variatopobium

L. masc. adjective *varius*, different; L. neut. n. *Atopobium*, An existing genus; *Variatopobium*: A genus related to but distinct from the existing genus Atopobium of different.

Variatopococcus

L. masc. adjective *varius*, different; L. masc. n. *Atopococcus*, An existing genus; *Variatopococcus*: A genus related to but distinct from the existing genus Atopococcus of different.

Variatopostipes

L. masc. adjective *varius*, different; L. masc. n. *Atopostipes*, An existing genus; *Variatopostipes*: A genus related to but distinct from the existing genus Atopostipes of different.

Variaurantiacicella

L. masc. adjective *varius*, different; L. fem. n. *Aurantiacicella*, An existing genus; *Variaurantiacicella*: A genus related to but distinct from the existing genus Aurantiacicella of different.

Variaurantibacter

L. masc. adjective *varius*, different; L. masc. n. *Aurantibacter*, An existing genus; *Variaurantibacter*: A genus related to but distinct from the existing genus Aurantibacter of different.

Variaurantimicrobium

L. masc. adjective *varius*, different; L. neut. n. *Aurantimicrobium*, An existing genus; *Variaurantimicrobium*: A genus related to but distinct from the existing genus Aurantimicrobium of different.

Variaurantimonas

L. masc. adjective *varius*, different; L. fem. n. *Aurantimonas*, An existing genus; *Variaurantimonas*: A genus related to but distinct from the existing genus Aurantimonas of different.

Variaurantisolimonas

L. masc. adjective *varius*, different; L. fem. n. *Aurantisolimonas*, An existing genus; *Variaurantisolimonas*: A genus related to but distinct from the existing genus Aurantisolimonas of different.

Variaurantivirga

L. masc. adjective *varius*, different; L. fem. n. *Aurantivirga*, An existing genus; *Variaurantivirga*: A genus related to but distinct from the existing genus Aurantivirga of different.

Variauraticoccus

L. masc. adjective *varius*, different; L. masc. n. *Auraticoccus*, An existing genus; *Variauraticoccus*: A genus related to but distinct from the existing genus Auraticoccus of different.

Variaureibacillus

L. masc. adjective *varius*, different; L. masc. n. *Aureibacillus*, An existing genus; *Variaureibacillus*: A genus related to but distinct from the existing genus Aureibacillus of different.

Variaureibacter

L. masc. adjective *varius*, different; L. masc. n. *Aureibacter*, An existing genus; *Variaureibacter*: A genus related to but distinct from the existing genus Aureibacter of different.

Variaureibaculum

L. masc. adjective *varius*, different; L. neut. n. *Aureibaculum*, An existing genus; *Variaureibaculum*: A genus related to but distinct from the existing genus Aureibaculum of different.

Variaureicoccus

L. masc. adjective *varius*, different; L. masc. n. *Aureicoccus*, An existing genus; *Variaureicoccus*: A genus related to but distinct from the existing genus Aureicoccus of different.

Variaureimonas

L. masc. adjective *varius*, different; L. fem. n. *Aureimonas*, An existing genus; *Variaureimonas*: A genus related to but distinct from the existing genus Aureimonas of different.

Variaureisphaera

L. masc. adjective *varius*, different; L. fem. n. *Aureisphaera*, An existing genus; *Variaureisphaera*: A genus related to but distinct from the existing genus Aureisphaera of different.

Variaureispira

L. masc. adjective *varius*, different; L. fem. n. *Aureispira*, An existing genus; *Variaureispira*: A genus related to but distinct from the existing genus Aureispira of different.

Variaureitalea

L. masc. adjective *varius*, different; L. fem. n. *Aureitalea*, An existing genus; *Variaureitalea*: A genus related to but distinct from the existing genus Aureitalea of different.

Variaureivirga

L. masc. adjective *varius*, different; L. fem. n. *Aureivirga*, An existing genus; *Variaureivirga*: A genus related to but distinct from the existing genus Aureivirga of different.

Variaureliella

L. masc. adjective *varius*, different; L. fem. dim. n. *Aureliella*, An existing genus; *Variaureliella*: A genus related to but distinct from the existing genus Aureliella of different.

Variaureobacterium

L. masc. adjective *varius*, different; L. neut. n. *Aureobacterium*, An existing genus; *Variaureobacterium*: A genus related to but distinct from the existing genus Aureobacterium of different.

Variauricoccus

L. masc. adjective *varius*, different; L. masc. n. *Auricoccus*, An existing genus; *Variauricoccus*: A genus related to but distinct from the existing genus Auricoccus of different.

Variauritidibacter

L. masc. adjective *varius*, different; L. masc. n. *Auritidibacter*, An existing genus; *Variauritidibacter*: A genus related to but distinct from the existing genus Auritidibacter of different.

Variaustwickia

L. masc. adjective *varius*, different; L. fem. n. *Austwickia*, An existing genus; *Variaustwickia*: A genus related to but distinct from the existing genus Austwickia of different.

Variavibacterium

L. masc. adjective *varius*, different; L. neut. n. *Avibacterium*, An existing genus; *Variavibacterium*: A genus related to but distinct from the existing genus Avibacterium of different.

Variazoarcus

L. masc. adjective *varius*, different; L. masc. n. *Azoarcus*, An existing genus; *Variazoarcus*: A genus related to but distinct from the existing genus Azoarcus of different.

Variazohydromonas

L. masc. adjective *varius*, different; L. fem. n. *Azohydromonas*, An existing genus; *Variazohydromonas*: A genus related to but distinct from the existing genus Azohydromonas of different.

Variazomonas

L. masc. adjective *varius*, different; L. fem. n. *Azomonas*, An existing genus; *Variazomonas*: A genus related to but distinct from the existing genus Azomonas of different.

Variazonexus

L. masc. adjective *varius*, different; L. masc. n. *Azonexus*, An existing genus; *Variazonexus*: A genus related to but distinct from the existing genus Azonexus of different.

Variazorhizobium

L. masc. adjective *varius*, different; L. neut. n. *Azorhizobium*, An existing genus; *Variazorhizobium*: A genus related to but distinct from the existing genus Azorhizobium of different.

Variazospira

L. masc. adjective *varius*, different; L. fem. n. *Azospira*, An existing genus; *Variazospira*: A genus related to but distinct from the existing genus Azospira of different.

Variazospirillum

L. masc. adjective *varius*, different; L. neut. dim. n. *Azospirillum*, An existing genus; *Variazospirillum*: A genus related to but distinct from the existing genus Azospirillum of different.

Variazotobacter

L. masc. adjective *varius*, different; L. masc. n. *Azotobacter*, An existing genus; *Variazotobacter*: A genus related to but distinct from the existing genus Azotobacter of different.

Variazovibrio

L. masc. adjective *varius*, different; L. masc. n. *Azovibrio*, An existing genus; *Variazovibrio*: A genus related to but distinct from the existing genus Azovibrio of different.

Varibacilliculturomica

L. masc. adjective *varius*, different; L. fem. n. *Bacilliculturomica*, An existing genus; *Varibacilliculturomica*: A genus related to but distinct from the existing genus Bacilliculturomica of different.

Varibacteriolyticum

L. masc. adjective *varius*, different; L. neut. n. *Bacteriolyticum*, An existing genus; *Varibacteriolyticum*: A genus related to but distinct from the existing genus Bacteriolyticum of different.

Varibacterionema

L. masc. adjective *varius*, different; L. neut. n. *Bacterionema*, An existing genus; *Varibacterionema*: A genus related to but distinct from the existing genus Bacterionema of different.

Varibacterioplanes

L. masc. adjective *varius*, different; L. masc. n. *Bacterioplanes*, An existing genus; *Varibacterioplanes*: A genus related to but distinct from the existing genus Bacterioplanes of different.

Varibacterioplanoides

L. masc. adjective *varius*, different; L. neut. n. *Bacterioplanoides*, An existing genus; *Varibacterioplanoides*: A genus related to but distinct from the existing genus Bacterioplanoides of different.

Varibacteriovorax

L. masc. adjective *varius*, different; L. masc. n. *Bacteriovorax*, An existing genus; *Varibacteriovorax*: A genus related to but distinct from the existing genus Bacteriovorax of different.

Varibacteroides

L. masc. adjective *varius*, different; L. masc. n. *Bacteroides*, An existing genus; *Varibacteroides*: A genus related to but distinct from the existing genus Bacteroides of different.

Varibaekduia

L. masc. adjective *varius*, different; L. fem. n. *Baekduia*, An existing genus; *Varibaekduia*: A genus related to but distinct from the existing genus Baekduia of different.

Varibaia

L. masc. adjective *varius*, different; L. fem. n. *Baia*, An existing genus; *Varibaia*: A genus related to but distinct from the existing genus Baia of different.

Varibailinhaonella

L. masc. adjective *varius*, different; L. fem. dim. n. *Bailinhaonella*, An existing genus; *Varibailinhaonella*: A genus related to but distinct from the existing genus Bailinhaonella of different.

Varibalnearium

L. masc. adjective *varius*, different; L. neut. n. *Balnearium*, An existing genus; *Varibalnearium*: A genus related to but distinct from the existing genus Balnearium of different.

Varibalneicella

L. masc. adjective *varius*, different; L. fem. n. *Balneicella*, An existing genus; *Varibalneicella*: A genus related to but distinct from the existing genus Balneicella of different.

Varibalneimonas

L. masc. adjective *varius*, different; L. fem. n. *Balneimonas*, An existing genus; *Varibalneimonas*: A genus related to but distinct from the existing genus Balneimonas of different.

Varibarnesiella

L. masc. adjective *varius*, different; L. fem. dim. n. *Barnesiella*, An existing genus; *Varibarnesiella*: A genus related to but distinct from the existing genus Barnesiella of different.

Varibarrientosiimonas

L. masc. adjective *varius*, different; L. fem. n. *Barrientosiimonas*, An existing genus; *Varibarrientosiimonas*: A genus related to but distinct from the existing genus Barrientosiimonas of different.

Varibartonella

L. masc. adjective *varius*, different; L. fem. dim. n. *Bartonella*, An existing genus; *Varibartonella*: A genus related to but distinct from the existing genus Bartonella of different.

Varibasfia

L. masc. adjective *varius*, different; L. fem. n. *Basfia*, An existing genus; *Varibasfia*: A genus related to but distinct from the existing genus Basfia of different.

Varibasilea

L. masc. adjective *varius*, different; L. fem. n. *Basilea*, An existing genus; *Varibasilea*: A genus related to but distinct from the existing genus Basilea of different.

Varibauldia

L. masc. adjective *varius*, different; L. fem. n. *Bauldia*, An existing genus; *Varibauldia*: A genus related to but distinct from the existing genus Bauldia of different.

Varibavariicoccus

L. masc. adjective *varius*, different; L. masc. n. *Bavariicoccus*, An existing genus; *Varibavariicoccus*: A genus related to but distinct from the existing genus Bavariicoccus of different.

Varibdellovibrio

L. masc. adjective *varius*, different; L. masc. n. *Bdellovibrio*, An existing genus; *Varibdellovibrio*: A genus related to but distinct from the existing genus Bdellovibrio of different.

Varibeduinibacterium

L. masc. adjective *varius*, different; L. neut. n. *Beduinibacterium*, An existing genus; *Varibeduinibacterium*: A genus related to but distinct from the existing genus Beduinibacterium of different.

Varibeggiatoa

L. masc. adjective *varius*, different; L. fem. n. *Beggiatoa*, An existing genus; *Varibeggiatoa*: A genus related to but distinct from the existing genus Beggiatoa of different.

Varibeijerinckia

L. masc. adjective *varius*, different; L. fem. n. *Beijerinckia*, An existing genus; *Varibeijerinckia*: A genus related to but distinct from the existing genus Beijerinckia of different.

Varibelliella

L. masc. adjective *varius*, different; L. fem. dim. n. *Belliella*, An existing genus; *Varibelliella*: A genus related to but distinct from the existing genus Belliella of different.

Varibellilinea

L. masc. adjective *varius*, different; L. fem. n. *Bellilinea*, An existing genus; *Varibellilinea*: A genus related to but distinct from the existing genus Bellilinea of different.

Varibelnapia

L. masc. adjective *varius*, different; L. fem. n. *Belnapia*, An existing genus; *Varibelnapia*: A genus related to but distinct from the existing genus Belnapia of different.

Varibeneckea

L. masc. adjective *varius*, different; L. fem. n. *Beneckea*, An existing genus; *Varibeneckea*: A genus related to but distinct from the existing genus Beneckea of different.

Varibergeriella

L. masc. adjective *varius*, different; L. fem. dim. n. *Bergeriella*, An existing genus; *Varibergeriella*: A genus related to but distinct from the existing genus Bergeriella of different.

Varibergeyella

L. masc. adjective *varius*, different; L. fem. dim. n. *Bergeyella*, An existing genus; *Varibergeyella*: A genus related to but distinct from the existing genus Bergeyella of different.

Varibermanella

L. masc. adjective *varius*, different; L. fem. dim. n. *Bermanella*, An existing genus; *Varibermanella*: A genus related to but distinct from the existing genus Bermanella of different.

Varibernardetia

L. masc. adjective *varius*, different; L. fem. n. *Bernardetia*, An existing genus; *Varibernardetia*: A genus related to but distinct from the existing genus Bernardetia of different.

Varibeutenbergia

L. masc. adjective *varius*, different; L. fem. n. *Beutenbergia*, An existing genus; *Varibeutenbergia*: A genus related to but distinct from the existing genus Beutenbergia of different.

Varibhargavaea

L. masc. adjective *varius*, different; L. fem. n. *Bhargavaea*, An existing genus; *Varibhargavaea*: A genus related to but distinct from the existing genus Bhargavaea of different.

Varibibersteinia

L. masc. adjective *varius*, different; L. fem. n. *Bibersteinia*, An existing genus; *Varibibersteinia*: A genus related to but distinct from the existing genus Bibersteinia of different.

Varibifidobacterium

L. masc. adjective *varius*, different; L. neut. n. *Bifidobacterium*, An existing genus; *Varibifidobacterium*: A genus related to but distinct from the existing genus Bifidobacterium of different.

Varibilophila

L. masc. adjective *varius*, different; L. fem. n. *Bilophila*, An existing genus; *Varibilophila*: A genus related to but distinct from the existing genus Bilophila of different.

Varibiomaibacter

L. masc. adjective *varius*, different; L. masc. n. *Biomaibacter*, An existing genus; *Varibiomaibacter*: A genus related to but distinct from the existing genus Biomaibacter of different.

Varibiostraticola

L. masc. adjective *varius*, different; L. masc. n. *Biostraticola*, An existing genus; *Varibiostraticola*: A genus related to but distinct from the existing genus Biostraticola of different.

Varibisgaardia

L. masc. adjective *varius*, different; L. fem. n. *Bisgaardia*, An existing genus; *Varibisgaardia*: A genus related to but distinct from the existing genus Bisgaardia of different.

Varibizionia

L. masc. adjective *varius*, different; L. fem. n. *Bizionia*, An existing genus; *Varibizionia*: A genus related to but distinct from the existing genus Bizionia of different.

Variblastochloris

L. masc. adjective *varius*, different; L. fem. n. *Blastochloris*, An existing genus; *Variblastochloris*: A genus related to but distinct from the existing genus Blastochloris of different.

Variblastococcus

L. masc. adjective *varius*, different; L. masc. n. *Blastococcus*, An existing genus; *Variblastococcus*: A genus related to but distinct from the existing genus Blastococcus of different.

Variblastopirellula

L. masc. adjective *varius*, different; L. fem. dim. n. *Blastopirellula*, An existing genus; *Variblastopirellula*: A genus related to but distinct from the existing genus Blastopirellula of different.

Variblattabacterium

L. masc. adjective *varius*, different; L. neut. n. *Blattabacterium*, An existing genus; *Variblattabacterium*: A genus related to but distinct from the existing genus Blattabacterium of different.

Variblautia

L. masc. adjective *varius*, different; L. fem. n. *Blautia*, An existing genus; *Variblautia*: A genus related to but distinct from the existing genus Blautia of different.

Varibogoriella

L. masc. adjective *varius*, different; L. fem. dim. n. *Bogoriella*, An existing genus; *Varibogoriella*: A genus related to but distinct from the existing genus Bogoriella of different.

Varibombella

L. masc. adjective *varius*, different; L. fem. dim. n. *Bombella*, An existing genus; *Varibombella*: A genus related to but distinct from the existing genus Bombella of different.

Varibombilactobacillus

L. masc. adjective *varius*, different; L. masc. n. *Bombilactobacillus*, An existing genus; *Varibombilactobacillus*: A genus related to but distinct from the existing genus Bombilactobacillus of different.

Varibombiscardovia

L. masc. adjective *varius*, different; L. fem. n. *Bombiscardovia*, An existing genus; *Varibombiscardovia*: A genus related to but distinct from the existing genus Bombiscardovia of different.

Varibordetella

L. masc. adjective *varius*, different; L. fem. dim. n. *Bordetella*, An existing genus; *Varibordetella*: A genus related to but distinct from the existing genus Bordetella of different.

Variborrelia

L. masc. adjective *varius*, different; L. fem. n. *Borrelia*, An existing genus; *Variborrelia*: A genus related to but distinct from the existing genus Borrelia of different.

Variborreliella

L. masc. adjective *varius*, different; L. fem. dim. n. *Borreliella*, An existing genus; *Variborreliella*: A genus related to but distinct from the existing genus Borreliella of different.

Varibosea

L. masc. adjective *varius*, different; L. fem. n. *Bosea*, An existing genus; *Varibosea*: A genus related to but distinct from the existing genus Bosea of different.

Variboseongicola

L. masc. adjective *varius*, different; L. masc. n. *Boseongicola*, An existing genus; *Variboseongicola*: A genus related to but distinct from the existing genus Boseongicola of different.

Varibotryobacter

L. masc. adjective *varius*, different; L. masc. n. *Botryobacter*, An existing genus; *Varibotryobacter*: A genus related to but distinct from the existing genus Botryobacter of different.

Variboudabousia

L. masc. adjective *varius*, different; L. fem. n. *Boudabousia*, An existing genus; *Variboudabousia*: A genus related to but distinct from the existing genus Boudabousia of different.

Varibounagaea

L. masc. adjective *varius*, different; L. fem. n. *Bounagaea*, An existing genus; *Varibounagaea*: A genus related to but distinct from the existing genus Bounagaea of different.

Varibowmanella

L. masc. adjective *varius*, different; L. fem. dim. n. *Bowmanella*, An existing genus; *Varibowmanella*: A genus related to but distinct from the existing genus Bowmanella of different.

Varibrachyspira

L. masc. adjective *varius*, different; L. fem. n. *Brachyspira*, An existing genus; *Varibrachyspira*: A genus related to but distinct from the existing genus Brachyspira of different.

Varibradyrhizobium

L. masc. adjective *varius*, different; L. neut. n. *Bradyrhizobium*, An existing genus; *Varibradyrhizobium*: A genus related to but distinct from the existing genus Bradyrhizobium of different.

Varibranchiibius

L. masc. adjective *varius*, different; L. masc. n. *Branchiibius*, An existing genus; *Varibranchiibius*: A genus related to but distinct from the existing genus Branchiibius of different.

Varibranhamella

L. masc. adjective *varius*, different; L. fem. dim. n. *Branhamella*, An existing genus; *Varibranhamella*: A genus related to but distinct from the existing genus Branhamella of different.

Varibrassicibacter

L. masc. adjective *varius*, different; L. masc. n. *Brassicibacter*, An existing genus; *Varibrassicibacter*: A genus related to but distinct from the existing genus Brassicibacter of different.

Varibremerella

L. masc. adjective *varius*, different; L. fem. dim. n. *Bremerella*, An existing genus; *Varibremerella*: A genus related to but distinct from the existing genus Bremerella of different.

Varibrenneria

L. masc. adjective *varius*, different; L. fem. n. *Brenneria*, An existing genus; *Varibrenneria*: A genus related to but distinct from the existing genus Brenneria of different.

Varibreoghania

L. masc. adjective *varius*, different; L. fem. n. *Breoghania*, An existing genus; *Varibreoghania*: A genus related to but distinct from the existing genus Breoghania of different.

Varibrevifollis

L. masc. adjective *varius*, different; L. masc. n. *Brevifollis*, An existing genus; *Varibrevifollis*: A genus related to but distinct from the existing genus Brevifollis of different.

Varibrevilactibacter

L. masc. adjective *varius*, different; L. masc. n. *Brevilactibacter*, An existing genus; *Varibrevilactibacter*: A genus related to but distinct from the existing genus Brevilactibacter of different.

Varibrevinema

L. masc. adjective *varius*, different; L. neut. n. *Brevinema*, An existing genus; *Varibrevinema*: A genus related to but distinct from the existing genus Brevinema of different.

Varibrevirhabdus

L. masc. adjective *varius*, different; L. fem. n. *Brevirhabdus*, An existing genus; *Varibrevirhabdus*: A genus related to but distinct from the existing genus Brevirhabdus of different.

Varibrevundimonas

L. masc. adjective *varius*, different; L. fem. n. *Brevundimonas*, An existing genus; *Varibrevundimonas*: A genus related to but distinct from the existing genus Brevundimonas of different.

Varibreznakia

L. masc. adjective *varius*, different; L. fem. n. *Breznakia*, An existing genus; *Varibreznakia*: A genus related to but distinct from the existing genus Breznakia of different.

Varibreznakibacter

L. masc. adjective *varius*, different; L. masc. n. *Breznakibacter*, An existing genus; *Varibreznakibacter*: A genus related to but distinct from the existing genus Breznakibacter of different.

Varibrochothrix

L. masc. adjective *varius*, different; L. fem. n. *Brochothrix*, An existing genus; *Varibrochothrix*: A genus related to but distinct from the existing genus Brochothrix of different.

Varibrockia

L. masc. adjective *varius*, different; L. fem. n. *Brockia*, An existing genus; *Varibrockia*: A genus related to but distinct from the existing genus Brockia of different.

Varibrooklawnia

L. masc. adjective *varius*, different; L. fem. n. *Brooklawnia*, An existing genus; *Varibrooklawnia*: A genus related to but distinct from the existing genus Brooklawnia of different.

Varibrucella

L. masc. adjective *varius*, different; L. fem. dim. n. *Brucella*, An existing genus; *Varibrucella*: A genus related to but distinct from the existing genus Brucella of different.

Varibrumimicrobium

L. masc. adjective *varius*, different; L. neut. n. *Brumimicrobium*, An existing genus; *Varibrumimicrobium*: A genus related to but distinct from the existing genus Brumimicrobium of different.

Varibryantella

L. masc. adjective *varius*, different; L. fem. dim. n. *Bryantella*, An existing genus; *Varibryantella*: A genus related to but distinct from the existing genus Bryantella of different.

Varibryobacter

L. masc. adjective *varius*, different; L. masc. n. *Bryobacter*, An existing genus; *Varibryobacter*: A genus related to but distinct from the existing genus Bryobacter of different.

Varibryocella

L. masc. adjective *varius*, different; L. fem. n. *Bryocella*, An existing genus; *Varibryocella*: A genus related to but distinct from the existing genus Bryocella of different.

Varibuchananella

L. masc. adjective *varius*, different; L. fem. dim. n. *Buchananella*, An existing genus; *Varibuchananella*: A genus related to but distinct from the existing genus Buchananella of different.

Varibuchnera

L. masc. adjective *varius*, different; L. fem. n. *Buchnera*, An existing genus; *Varibuchnera*: A genus related to but distinct from the existing genus Buchnera of different.

Varibudvicia

L. masc. adjective *varius*, different; L. fem. n. *Budvicia*, An existing genus; *Varibudvicia*: A genus related to but distinct from the existing genus Budvicia of different.

Varibulleidia

L. masc. adjective *varius*, different; L. fem. n. *Bulleidia*, An existing genus; *Varibulleidia*: A genus related to but distinct from the existing genus Bulleidia of different.

Variburkholderia

L. masc. adjective *varius*, different; L. fem. n. *Burkholderia*, An existing genus; *Variburkholderia*: A genus related to but distinct from the existing genus Burkholderia of different.

Vaributtiauxella

L. masc. adjective *varius*, different; L. fem. dim. n. *Buttiauxella*, An existing genus; *Vaributtiauxella*: A genus related to but distinct from the existing genus Buttiauxella of different.

Vaributyratibacter

L. masc. adjective *varius*, different; L. masc. n. *Butyratibacter*, An existing genus; *Vaributyratibacter*: A genus related to but distinct from the existing genus Butyratibacter of different.

Vaributyricicoccus

L. masc. adjective *varius*, different; L. masc. n. *Butyricicoccus*, An existing genus; *Vaributyricicoccus*: A genus related to but distinct from the existing genus Butyricicoccus of different.

Vaributyrivibrio

L. masc. adjective *varius*, different; L. masc. n. *Butyrivibrio*, An existing genus; *Vaributyrivibrio*: A genus related to but distinct from the existing genus Butyrivibrio of different.

Varibyssophaga

L. masc. adjective *varius*, different; L. fem. n. *Byssophaga*, An existing genus; *Varibyssophaga*: A genus related to but distinct from the existing genus Byssophaga of different.

Varibyssovorax

L. masc. adjective *varius*, different; L. fem. n. *Byssovorax*, An existing genus; *Varibyssovorax*: A genus related to but distinct from the existing genus Byssovorax of different.

Varibythopirellula

L. masc. adjective *varius*, different; L. fem. dim. n. *Bythopirellula*, An existing genus; *Varibythopirellula*: A genus related to but distinct from the existing genus Bythopirellula of different.

Varicaballeronia

L. masc. adjective *varius*, different; L. fem. n. *Caballeronia*, An existing genus; *Varicaballeronia*: A genus related to but distinct from the existing genus Caballeronia of different.

Varicaecibacterium

L. masc. adjective *varius*, different; L. neut. n. *Caecibacterium*, An existing genus; *Varicaecibacterium*: A genus related to but distinct from the existing genus Caecibacterium of different.

Varicaedibacter

L. masc. adjective *varius*, different; L. masc. n. *Caedibacter*, An existing genus; *Varicaedibacter*: A genus related to but distinct from the existing genus Caedibacter of different.

Varicaedimonas

L. masc. adjective *varius*, different; L. fem. n. *Caedimonas*, An existing genus; *Varicaedimonas*: A genus related to but distinct from the existing genus Caedimonas of different.

Varicaenibacillus

L. masc. adjective *varius*, different; L. masc. n. *Caenibacillus*, An existing genus; *Varicaenibacillus*: A genus related to but distinct from the existing genus Caenibacillus of different.

Varicaenibacterium

L. masc. adjective *varius*, different; L. neut. n. *Caenibacterium*, An existing genus; *Varicaenibacterium*: A genus related to but distinct from the existing genus Caenibacterium of different.

Varicaenimonas

L. masc. adjective *varius*, different; L. fem. n. *Caenimonas*, An existing genus; *Varicaenimonas*: A genus related to but distinct from the existing genus Caenimonas of different.

Varicaenispirillum

L. masc. adjective *varius*, different; L. neut. dim. n. *Caenispirillum*, An existing genus; *Varicaenispirillum*: A genus related to but distinct from the existing genus Caenispirillum of different.

Varicalculibacillus

L. masc. adjective *varius*, different; L. masc. n. *Calculibacillus*, An existing genus; *Varicalculibacillus*: A genus related to but distinct from the existing genus Calculibacillus of different.

Varicaldalkalibacillus

L. masc. adjective *varius*, different; L. masc. n. *Caldalkalibacillus*, An existing genus; *Varicaldalkalibacillus*: A genus related to but distinct from the existing genus Caldalkalibacillus of different.

Varicaldanaerobacter

L. masc. adjective *varius*, different; L. masc. n. *Caldanaerobacter*, An existing genus; *Varicaldanaerobacter*: A genus related to but distinct from the existing genus Caldanaerobacter of different.

Varicaldanaerobius

L. masc. adjective *varius*, different; L. masc. n. *Caldanaerobius*, An existing genus; *Varicaldanaerobius*: A genus related to but distinct from the existing genus Caldanaerobius of different.

Varicaldanaerovirga

L. masc. adjective *varius*, different; L. fem. n. *Caldanaerovirga*, An existing genus; *Varicaldanaerovirga*: A genus related to but distinct from the existing genus Caldanaerovirga of different.

Varicalderihabitans

L. masc. adjective *varius*, different; L. masc. n. *Calderihabitans*, An existing genus; *Varicalderihabitans*: A genus related to but distinct from the existing genus Calderihabitans of different.

Varicalderobacterium

L. masc. adjective *varius*, different; L. neut. n. *Calderobacterium*, An existing genus; *Varicalderobacterium*: A genus related to but distinct from the existing genus Calderobacterium of different.

Varicaldibacillus

L. masc. adjective *varius*, different; L. masc. n. *Caldibacillus*, An existing genus; *Varicaldibacillus*: A genus related to but distinct from the existing genus Caldibacillus of different.

Varicaldicellulosiruptor

L. masc. adjective *varius*, different; L. masc. n. *Caldicellulosiruptor*, An existing genus; *Varicaldicellulosiruptor*: A genus related to but distinct from the existing genus Caldicellulosiruptor of different.

Varicaldicoprobacter

L. masc. adjective *varius*, different; L. masc. n. *Caldicoprobacter*, An existing genus; *Varicaldicoprobacter*: A genus related to but distinct from the existing genus Caldicoprobacter of different.

Varicaldilinea

L. masc. adjective *varius*, different; L. fem. n. *Caldilinea*, An existing genus; *Varicaldilinea*: A genus related to but distinct from the existing genus Caldilinea of different.

Varicaldimicrobium

L. masc. adjective *varius*, different; L. neut. n. *Caldimicrobium*, An existing genus; *Varicaldimicrobium*: A genus related to but distinct from the existing genus Caldimicrobium of different.

Varicaldimonas

L. masc. adjective *varius*, different; L. fem. n. *Caldimonas*, An existing genus; *Varicaldimonas*: A genus related to but distinct from the existing genus Caldimonas of different.

Varicaldinitratiruptor

L. masc. adjective *varius*, different; L. masc. n. *Caldinitratiruptor*, An existing genus; *Varicaldinitratiruptor*: A genus related to but distinct from the existing genus Caldinitratiruptor of different.

Varicaldisalinibacter

L. masc. adjective *varius*, different; L. masc. n. *Caldisalinibacter*, An existing genus; *Varicaldisalinibacter*: A genus related to but distinct from the existing genus Caldisalinibacter of different.

Varicaldisericum

L. masc. adjective *varius*, different; L. neut. n. *Caldisericum*, An existing genus; *Varicaldisericum*: A genus related to but distinct from the existing genus Caldisericum of different.

Varicaldisphaera

L. masc. adjective *varius*, different; L. fem. n. *Caldisphaera*, An existing genus; *Varicaldisphaera*: A genus related to but distinct from the existing genus Caldisphaera of different.

Varicalditerricola

L. masc. adjective *varius*, different; L. masc. n. *Calditerricola*, An existing genus; *Varicalditerricola*: A genus related to but distinct from the existing genus Calditerricola of different.

Varicalditerrivibrio

L. masc. adjective *varius*, different; L. masc. n. *Calditerrivibrio*, An existing genus; *Varicalditerrivibrio*: A genus related to but distinct from the existing genus Calditerrivibrio of different.

Varicaldithrix

L. masc. adjective *varius*, different; L. fem. n. *Caldithrix*, An existing genus; *Varicaldithrix*: A genus related to but distinct from the existing genus Caldithrix of different.

Varicaldovatus

L. masc. adjective *varius*, different; L. masc. n. *Caldovatus*, An existing genus; *Varicaldovatus*: A genus related to but distinct from the existing genus Caldovatus of different.

Varicalenema

L. masc. adjective *varius*, different; L. neut. n. *Calenema*, An existing genus; *Varicalenema*: A genus related to but distinct from the existing genus Calenema of different.

Varicalidifontibacter

L. masc. adjective *varius*, different; L. masc. n. *Calidifontibacter*, An existing genus; *Varicalidifontibacter*: A genus related to but distinct from the existing genus Calidifontibacter of different.

Varicalidifontimicrobium

L. masc. adjective *varius*, different; L. neut. n. *Calidifontimicrobium*, An existing genus; *Varicalidifontimicrobium*: A genus related to but distinct from the existing genus Calidifontimicrobium of different.

Varicalidithermus

L. masc. adjective *varius*, different; L. masc. n. *Calidithermus*, An existing genus; *Varicalidithermus*: A genus related to but distinct from the existing genus Calidithermus of different.

Varicalochaete

L. masc. adjective *varius*, different; L. fem. n. *Calochaete*, An existing genus; *Varicalochaete*: A genus related to but distinct from the existing genus Calochaete of different.

Varicaloramator

L. masc. adjective *varius*, different; L. masc. n. *Caloramator*, An existing genus; *Varicaloramator*: A genus related to but distinct from the existing genus Caloramator of different.

Varicaloranaerobacter

L. masc. adjective *varius*, different; L. masc. n. *Caloranaerobacter*, An existing genus; *Varicaloranaerobacter*: A genus related to but distinct from the existing genus Caloranaerobacter of different.

Varicaloribacterium

L. masc. adjective *varius*, different; L. neut. n. *Caloribacterium*, An existing genus; *Varicaloribacterium*: A genus related to but distinct from the existing genus Caloribacterium of different.

Varicalorimonas

L. masc. adjective *varius*, different; L. fem. n. *Calorimonas*, An existing genus; *Varicalorimonas*: A genus related to but distinct from the existing genus Calorimonas of different.

Varicalorithrix

L. masc. adjective *varius*, different; L. fem. n. *Calorithrix*, An existing genus; *Varicalorithrix*: A genus related to but distinct from the existing genus Calorithrix of different.

Varicalothrix

L. masc. adjective *varius*, different; L. fem. n. *Calothrix*, An existing genus; *Varicalothrix*: A genus related to but distinct from the existing genus Calothrix of different.

Varicalymmatobacterium

L. masc. adjective *varius*, different; L. neut. n. *Calymmatobacterium*, An existing genus; *Varicalymmatobacterium*: A genus related to but distinct from the existing genus Calymmatobacterium of different.

Varicamelimonas

L. masc. adjective *varius*, different; L. fem. n. *Camelimonas*, An existing genus; *Varicamelimonas*: A genus related to but distinct from the existing genus Camelimonas of different.

Varicamelliibacillus

L. masc. adjective *varius*, different; L. masc. n. *Camelliibacillus*, An existing genus; *Varicamelliibacillus*: A genus related to but distinct from the existing genus Camelliibacillus of different.

Varicaminibacter

L. masc. adjective *varius*, different; L. masc. n. *Caminibacter*, An existing genus; *Varicaminibacter*: A genus related to but distinct from the existing genus Caminibacter of different.

Varicaminicella

L. masc. adjective *varius*, different; L. fem. n. *Caminicella*, An existing genus; *Varicaminicella*: A genus related to but distinct from the existing genus Caminicella of different.

Varicampylobacter

L. masc. adjective *varius*, different; L. masc. n. *Campylobacter*, An existing genus; *Varicampylobacter*: A genus related to but distinct from the existing genus Campylobacter of different.

Varicanaleparolina

L. masc. adjective *varius*, different; L. fem. n. *Canaleparolina*, An existing genus; *Varicanaleparolina*: A genus related to but distinct from the existing genus Canaleparolina of different.

Varicandidimonas

L. masc. adjective *varius*, different; L. fem. n. *Candidimonas*, An existing genus; *Varicandidimonas*: A genus related to but distinct from the existing genus Candidimonas of different.

Varicanibacter

L. masc. adjective *varius*, different; L. masc. n. *Canibacter*, An existing genus; *Varicanibacter*: A genus related to but distinct from the existing genus Canibacter of different.

Varicapillus

L. masc. adjective *varius*, different; L. masc. n. *Capillus*, An existing genus; *Varicapillus*: A genus related to but distinct from the existing genus Capillus of different.

Varicapnocytophaga

L. masc. adjective *varius*, different; L. fem. n. *Capnocytophaga*, An existing genus; *Varicapnocytophaga*: A genus related to but distinct from the existing genus Capnocytophaga of different.

Varicaproicibacter

L. masc. adjective *varius*, different; L. masc. n. *Caproicibacter*, An existing genus; *Varicaproicibacter*: A genus related to but distinct from the existing genus Caproicibacter of different.

Varicaproiciproducens

L. masc. adjective *varius*, different; L. masc. n. *Caproiciproducens*, An existing genus; *Varicaproiciproducens*: A genus related to but distinct from the existing genus Caproiciproducens of different.

Varicapsularis

L. masc. adjective *varius*, different; L. masc. n. *Capsularis*, An existing genus; *Varicapsularis*: A genus related to but distinct from the existing genus Capsularis of different.

Varicapsulimonas

L. masc. adjective *varius*, different; L. fem. n. *Capsulimonas*, An existing genus; *Varicapsulimonas*: A genus related to but distinct from the existing genus Capsulimonas of different.

Varicarbophilus

L. masc. adjective *varius*, different; L. masc. n. *Carbophilus*, An existing genus; *Varicarbophilus*: A genus related to but distinct from the existing genus Carbophilus of different.

Varicarboxydocella

L. masc. adjective *varius*, different; L. fem. n. *Carboxydocella*, An existing genus; *Varicarboxydocella*: A genus related to but distinct from the existing genus Carboxydocella of different.

Varicarboxydothermus

L. masc. adjective *varius*, different; L. masc. n. *Carboxydothermus*, An existing genus; *Varicarboxydothermus*: A genus related to but distinct from the existing genus Carboxydothermus of different.

Varicardiobacterium

L. masc. adjective *varius*, different; L. neut. n. *Cardiobacterium*, An existing genus; *Varicardiobacterium*: A genus related to but distinct from the existing genus Cardiobacterium of different.

Varicarideicomes

L. masc. adjective *varius*, different; L. masc. n. *Carideicomes*, An existing genus; *Varicarideicomes*: A genus related to but distinct from the existing genus Carideicomes of different.

Varicarnimonas

L. masc. adjective *varius*, different; L. fem. n. *Carnimonas*, An existing genus; *Varicarnimonas*: A genus related to but distinct from the existing genus Carnimonas of different.

Varicarnobacterium

L. masc. adjective *varius*, different; L. neut. n. *Carnobacterium*, An existing genus; *Varicarnobacterium*: A genus related to but distinct from the existing genus Carnobacterium of different.

Varicartusia

L. masc. adjective *varius*, different; L. fem. n. *Cartusia*, An existing genus; *Varicartusia*: A genus related to but distinct from the existing genus Cartusia of different.

Varicaryophanon

L. masc. adjective *varius*, different; L. neut. n. *Caryophanon*, An existing genus; *Varicaryophanon*: A genus related to but distinct from the existing genus Caryophanon of different.

Varicaseobacter

L. masc. adjective *varius*, different; L. masc. n. *Caseobacter*, An existing genus; *Varicaseobacter*: A genus related to but distinct from the existing genus Caseobacter of different.

Varicasimicrobium

L. masc. adjective *varius*, different; L. neut. n. *Casimicrobium*, An existing genus; *Varicasimicrobium*: A genus related to but distinct from the existing genus Casimicrobium of different.

Varicastellaniella

L. masc. adjective *varius*, different; L. fem. dim. n. *Castellaniella*, An existing genus; *Varicastellaniella*: A genus related to but distinct from the existing genus Castellaniella of different.

Varicatabacter

L. masc. adjective *varius*, different; L. masc. n. *Catabacter*, An existing genus; *Varicatabacter*: A genus related to but distinct from the existing genus Catabacter of different.

Varicatalinimonas

L. masc. adjective *varius*, different; L. fem. n. *Catalinimonas*, An existing genus; *Varicatalinimonas*: A genus related to but distinct from the existing genus Catalinimonas of different.

Varicatellatospora

L. masc. adjective *varius*, different; L. fem. n. *Catellatospora*, An existing genus; *Varicatellatospora*: A genus related to but distinct from the existing genus Catellatospora of different.

Varicatellibacterium

L. masc. adjective *varius*, different; L. neut. n. *Catellibacterium*, An existing genus; *Varicatellibacterium*: A genus related to but distinct from the existing genus Catellibacterium of different.

Varicatellicoccus

L. masc. adjective *varius*, different; L. masc. n. *Catellicoccus*, An existing genus; *Varicatellicoccus*: A genus related to but distinct from the existing genus Catellicoccus of different.

Varicatelliglobosispora

L. masc. adjective *varius*, different; L. fem. n. *Catelliglobosispora*, An existing genus; *Varicatelliglobosispora*: A genus related to but distinct from the existing genus Catelliglobosispora of different.

Varicatenibacillus

L. masc. adjective *varius*, different; L. masc. n. *Catenibacillus*, An existing genus; *Varicatenibacillus*: A genus related to but distinct from the existing genus Catenibacillus of different.

Varicatenibacterium

L. masc. adjective *varius*, different; L. neut. n. *Catenibacterium*, An existing genus; *Varicatenibacterium*: A genus related to but distinct from the existing genus Catenibacterium of different.

Varicatenisphaera

L. masc. adjective *varius*, different; L. fem. n. *Catenisphaera*, An existing genus; *Varicatenisphaera*: A genus related to but distinct from the existing genus Catenisphaera of different.

Varicatenococcus

L. masc. adjective *varius*, different; L. masc. n. *Catenococcus*, An existing genus; *Varicatenococcus*: A genus related to but distinct from the existing genus Catenococcus of different.

Varicatenovulum

L. masc. adjective *varius*, different; L. neut. n. *Catenovulum*, An existing genus; *Varicatenovulum*: A genus related to but distinct from the existing genus Catenovulum of different.

Varicatenulispora

L. masc. adjective *varius*, different; L. fem. n. *Catenulispora*, An existing genus; *Varicatenulispora*: A genus related to but distinct from the existing genus Catenulispora of different.

Varicatenuloplanes

L. masc. adjective *varius*, different; L. masc. n. *Catenuloplanes*, An existing genus; *Varicatenuloplanes*: A genus related to but distinct from the existing genus Catenuloplanes of different.

Varicatonella

L. masc. adjective *varius*, different; L. fem. dim. n. *Catonella*, An existing genus; *Varicatonella*: A genus related to but distinct from the existing genus Catonella of different.

Varicaulifigura

L. masc. adjective *varius*, different; L. fem. n. *Caulifigura*, An existing genus; *Varicaulifigura*: A genus related to but distinct from the existing genus Caulifigura of different.

Varicaulobacter

L. masc. adjective *varius*, different; L. masc. n. *Caulobacter*, An existing genus; *Varicaulobacter*: A genus related to but distinct from the existing genus Caulobacter of different.

Varicavicella

L. masc. adjective *varius*, different; L. fem. n. *Cavicella*, An existing genus; *Varicavicella*: A genus related to but distinct from the existing genus Cavicella of different.

Varicaviibacter

L. masc. adjective *varius*, different; L. masc. n. *Caviibacter*, An existing genus; *Varicaviibacter*: A genus related to but distinct from the existing genus Caviibacter of different.

Varicaviibacterium

L. masc. adjective *varius*, different; L. neut. n. *Caviibacterium*, An existing genus; *Varicaviibacterium*: A genus related to but distinct from the existing genus Caviibacterium of different.

Varicecembia

L. masc. adjective *varius*, different; L. fem. n. *Cecembia*, An existing genus; *Varicecembia*: A genus related to but distinct from the existing genus Cecembia of different.

Varicedecea

L. masc. adjective *varius*, different; L. fem. n. *Cedecea*, An existing genus; *Varicedecea*: A genus related to but distinct from the existing genus Cedecea of different.

Varicelerinatantimonas

L. masc. adjective *varius*, different; L. fem. n. *Celerinatantimonas*, An existing genus; *Varicelerinatantimonas*: A genus related to but distinct from the existing genus Celerinatantimonas of different.

Varicellulomonas

L. masc. adjective *varius*, different; L. fem. n. *Cellulomonas*, An existing genus; *Varicellulomonas*: A genus related to but distinct from the existing genus Cellulomonas of different.

Varicellulophaga

L. masc. adjective *varius*, different; L. fem. n. *Cellulophaga*, An existing genus; *Varicellulophaga*: A genus related to but distinct from the existing genus Cellulophaga of different.

Varicellulosibacter

L. masc. adjective *varius*, different; L. masc. n. *Cellulosibacter*, An existing genus; *Varicellulosibacter*: A genus related to but distinct from the existing genus Cellulosibacter of different.

Varicellulosilyticum

L. masc. adjective *varius*, different; L. neut. n. *Cellulosilyticum*, An existing genus; *Varicellulosilyticum*: A genus related to but distinct from the existing genus Cellulosilyticum of different.

Varicellulosimicrobium

L. masc. adjective *varius*, different; L. neut. n. *Cellulosimicrobium*, An existing genus; *Varicellulosimicrobium*: A genus related to but distinct from the existing genus Cellulosimicrobium of different.

Varicellvibrio

L. masc. adjective *varius*, different; L. masc. n. *Cellvibrio*, An existing genus; *Varicellvibrio*: A genus related to but distinct from the existing genus Cellvibrio of different.

Varicenarchaeum

L. masc. adjective *varius*, different; L. neut. n. *Cenarchaeum*, An existing genus; *Varicenarchaeum*: A genus related to but distinct from the existing genus Cenarchaeum of different.

Varicephalothrix

L. masc. adjective *varius*, different; L. fem. n. *Cephalothrix*, An existing genus; *Varicephalothrix*: A genus related to but distinct from the existing genus Cephalothrix of different.

Varicephaloticoccus

L. masc. adjective *varius*, different; L. masc. n. *Cephaloticoccus*, An existing genus; *Varicephaloticoccus*: A genus related to but distinct from the existing genus Cephaloticoccus of different.

Varicerasibacillus

L. masc. adjective *varius*, different; L. masc. n. *Cerasibacillus*, An existing genus; *Varicerasibacillus*: A genus related to but distinct from the existing genus Cerasibacillus of different.

Varicerasicoccus

L. masc. adjective *varius*, different; L. masc. n. *Cerasicoccus*, An existing genus; *Varicerasicoccus*: A genus related to but distinct from the existing genus Cerasicoccus of different.

Varicereibacter

L. masc. adjective *varius*, different; L. masc. n. *Cereibacter*, An existing genus; *Varicereibacter*: A genus related to but distinct from the existing genus Cereibacter of different.

Varicesiribacter

L. masc. adjective *varius*, different; L. masc. n. *Cesiribacter*, An existing genus; *Varicesiribacter*: A genus related to but distinct from the existing genus Cesiribacter of different.

Varicetobacterium

L. masc. adjective *varius*, different; L. neut. n. *Cetobacterium*, An existing genus; *Varicetobacterium*: A genus related to but distinct from the existing genus Cetobacterium of different.

Varichachezhania

L. masc. adjective *varius*, different; L. fem. n. *Chachezhania*, An existing genus; *Varichachezhania*: A genus related to but distinct from the existing genus Chachezhania of different.

Varichainia

L. masc. adjective *varius*, different; L. fem. n. *Chainia*, An existing genus; *Varichainia*: A genus related to but distinct from the existing genus Chainia of different.

Varichakia

L. masc. adjective *varius*, different; L. fem. n. *Chakia*, An existing genus; *Varichakia*: A genus related to but distinct from the existing genus Chakia of different.

Varichakrabartia

L. masc. adjective *varius*, different; L. fem. n. *Chakrabartia*, An existing genus; *Varichakrabartia*: A genus related to but distinct from the existing genus Chakrabartia of different.

Varichalicogloea

L. masc. adjective *varius*, different; L. fem. n. *Chalicogloea*, An existing genus; *Varichalicogloea*: A genus related to but distinct from the existing genus Chalicogloea of different.

Varichamaethrix

L. masc. adjective *varius*, different; L. fem. n. *Chamaethrix*, An existing genus; *Varichamaethrix*: A genus related to but distinct from the existing genus Chamaethrix of different.

Varichangchengzhania

L. masc. adjective *varius*, different; L. fem. n. *Changchengzhania*, An existing genus; *Varichangchengzhania*: A genus related to but distinct from the existing genus Changchengzhania of different.

Varichania

L. masc. adjective *varius*, different; L. fem. n. *Chania*, An existing genus; *Varichania*: A genus related to but distinct from the existing genus Chania of different.

Varicharonomicrobium

L. masc. adjective *varius*, different; L. neut. n. *Charonomicrobium*, An existing genus; *Varicharonomicrobium*: A genus related to but distinct from the existing genus Charonomicrobium of different.

Varichelativorans

L. masc. adjective *varius*, different; L. masc. n. *Chelativorans*, An existing genus; *Varichelativorans*: A genus related to but distinct from the existing genus Chelativorans of different.

Varichelatobacter

L. masc. adjective *varius*, different; L. masc. n. *Chelatobacter*, An existing genus; *Varichelatobacter*: A genus related to but distinct from the existing genus Chelatobacter of different.

Varichelatococcus

L. masc. adjective *varius*, different; L. masc. n. *Chelatococcus*, An existing genus; *Varichelatococcus*: A genus related to but distinct from the existing genus Chelatococcus of different.

Varichelonobacter

L. masc. adjective *varius*, different; L. masc. n. *Chelonobacter*, An existing genus; *Varichelonobacter*: A genus related to but distinct from the existing genus Chelonobacter of different.

Varichenggangzhangella

L. masc. adjective *varius*, different; L. fem. dim. n. *Chenggangzhangella*, An existing genus; *Varichenggangzhangella*: A genus related to but distinct from the existing genus Chenggangzhangella of different.

Varichengkuizengella

L. masc. adjective *varius*, different; L. fem. dim. n. *Chengkuizengella*, An existing genus; *Varichengkuizengella*: A genus related to but distinct from the existing genus Chengkuizengella of different.

Varichiayiivirga

L. masc. adjective *varius*, different; L. fem. n. *Chiayiivirga*, An existing genus; *Varichiayiivirga*: A genus related to but distinct from the existing genus Chiayiivirga of different.

Varichimaereicella

L. masc. adjective *varius*, different; L. fem. n. *Chimaereicella*, An existing genus; *Varichimaereicella*: A genus related to but distinct from the existing genus Chimaereicella of different.

Varichimaeribacter

L. masc. adjective *varius*, different; L. masc. n. *Chimaeribacter*, An existing genus; *Varichimaeribacter*: A genus related to but distinct from the existing genus Chimaeribacter of different.

Varichishuiella

L. masc. adjective *varius*, different; L. fem. dim. n. *Chishuiella*, An existing genus; *Varichishuiella*: A genus related to but distinct from the existing genus Chishuiella of different.

Varichitinasiproducens

L. masc. adjective *varius*, different; L. masc. n. *Chitinasiproducens*, An existing genus; *Varichitinasiproducens*: A genus related to but distinct from the existing genus Chitinasiproducens of different.

Varichitinibacter

L. masc. adjective *varius*, different; L. masc. n. *Chitinibacter*, An existing genus; *Varichitinibacter*: A genus related to but distinct from the existing genus Chitinibacter of different.

Varichitinilyticum

L. masc. adjective *varius*, different; L. neut. n. *Chitinilyticum*, An existing genus; *Varichitinilyticum*: A genus related to but distinct from the existing genus Chitinilyticum of different.

Varichitiniphilus

L. masc. adjective *varius*, different; L. masc. n. *Chitiniphilus*, An existing genus; *Varichitiniphilus*: A genus related to but distinct from the existing genus Chitiniphilus of different.

Varichitinispirillum

L. masc. adjective *varius*, different; L. neut. dim. n. *Chitinispirillum*, An existing genus; *Varichitinispirillum*: A genus related to but distinct from the existing genus Chitinispirillum of different.

Varichitinivibrio

L. masc. adjective *varius*, different; L. masc. n. *Chitinivibrio*, An existing genus; *Varichitinivibrio*: A genus related to but distinct from the existing genus Chitinivibrio of different.

Varichitinivorax

L. masc. adjective *varius*, different; L. masc. n. *Chitinivorax*, An existing genus; *Varichitinivorax*: A genus related to but distinct from the existing genus Chitinivorax of different.

Varichitinolyticbacter

L. masc. adjective *varius*, different; L. masc. n. *Chitinolyticbacter*, An existing genus; *Varichitinolyticbacter*: A genus related to but distinct from the existing genus Chitinolyticbacter of different.

Varichitinophaga

L. masc. adjective *varius*, different; L. fem. n. *Chitinophaga*, An existing genus; *Varichitinophaga*: A genus related to but distinct from the existing genus Chitinophaga of different.

Varichlamydia

L. masc. adjective *varius*, different; L. fem. n. *Chlamydia*, An existing genus; *Varichlamydia*: A genus related to but distinct from the existing genus Chlamydia of different.

Varichlamydophila

L. masc. adjective *varius*, different; L. fem. n. *Chlamydophila*, An existing genus; *Varichlamydophila*: A genus related to but distinct from the existing genus Chlamydophila of different.

Varichloracidobacterium

L. masc. adjective *varius*, different; L. neut. n. *Chloracidobacterium*, An existing genus; *Varichloracidobacterium*: A genus related to but distinct from the existing genus Chloracidobacterium of different.

Varichlorobaculum

L. masc. adjective *varius*, different; L. neut. n. *Chlorobaculum*, An existing genus; *Varichlorobaculum*: A genus related to but distinct from the existing genus Chlorobaculum of different.

Varichlorobium

L. masc. adjective *varius*, different; L. neut. n. *Chlorobium*, An existing genus; *Varichlorobium*: A genus related to but distinct from the existing genus Chlorobium of different.

Varichloroflexus

L. masc. adjective *varius*, different; L. masc. n. *Chloroflexus*, An existing genus; *Varichloroflexus*: A genus related to but distinct from the existing genus Chloroflexus of different.

Varichloroherpeton

L. masc. adjective *varius*, different; L. neut. n. *Chloroherpeton*, An existing genus; *Varichloroherpeton*: A genus related to but distinct from the existing genus Chloroherpeton of different.

Varichloronema

L. masc. adjective *varius*, different; L. neut. n. *Chloronema*, An existing genus; *Varichloronema*: A genus related to but distinct from the existing genus Chloronema of different.

Varichondromyces

L. masc. adjective *varius*, different; L. masc. n. *Chondromyces*, An existing genus; *Varichondromyces*: A genus related to but distinct from the existing genus Chondromyces of different.

Varichristensenella

L. masc. adjective *varius*, different; L. fem. dim. n. *Christensenella*, An existing genus; *Varichristensenella*: A genus related to but distinct from the existing genus Christensenella of different.

Varichroakolemma

L. masc. adjective *varius*, different; L. neut. n. *Chroakolemma*, An existing genus; *Varichroakolemma*: A genus related to but distinct from the existing genus Chroakolemma of different.

Varichromatium

L. masc. adjective *varius*, different; L. neut. n. *Chromatium*, An existing genus; *Varichromatium*: A genus related to but distinct from the existing genus Chromatium of different.

Varichromatocurvus

L. masc. adjective *varius*, different; L. masc. n. *Chromatocurvus*, An existing genus; *Varichromatocurvus*: A genus related to but distinct from the existing genus Chromatocurvus of different.

Varichromobacterium

L. masc. adjective *varius*, different; L. neut. n. *Chromobacterium*, An existing genus; *Varichromobacterium*: A genus related to but distinct from the existing genus Chromobacterium of different.

Varichromohalobacter

L. masc. adjective *varius*, different; L. masc. n. *Chromohalobacter*, An existing genus; *Varichromohalobacter*: A genus related to but distinct from the existing genus Chromohalobacter of different.

Varichroococcus

L. masc. adjective *varius*, different; L. masc. n. *Chroococcus*, An existing genus; *Varichroococcus*: A genus related to but distinct from the existing genus Chroococcus of different.

Varichryseobacterium

L. masc. adjective *varius*, different; L. neut. n. *Chryseobacterium*, An existing genus; *Varichryseobacterium*: A genus related to but distinct from the existing genus Chryseobacterium of different.

Varichryseoglobus

L. masc. adjective *varius*, different; L. masc. n. *Chryseoglobus*, An existing genus; *Varichryseoglobus*: A genus related to but distinct from the existing genus Chryseoglobus of different.

Varichryseolinea

L. masc. adjective *varius*, different; L. fem. n. *Chryseolinea*, An existing genus; *Varichryseolinea*: A genus related to but distinct from the existing genus Chryseolinea of different.

Varichryseomicrobium

L. masc. adjective *varius*, different; L. neut. n. *Chryseomicrobium*, An existing genus; *Varichryseomicrobium*: A genus related to but distinct from the existing genus Chryseomicrobium of different.

Varichryseomonas

L. masc. adjective *varius*, different; L. fem. n. *Chryseomonas*, An existing genus; *Varichryseomonas*: A genus related to but distinct from the existing genus Chryseomonas of different.

Varichryseotalea

L. masc. adjective *varius*, different; L. fem. n. *Chryseotalea*, An existing genus; *Varichryseotalea*: A genus related to but distinct from the existing genus Chryseotalea of different.

Varichrysiogenes

L. masc. adjective *varius*, different; L. masc. n. *Chrysiogenes*, An existing genus; *Varichrysiogenes*: A genus related to but distinct from the existing genus Chrysiogenes of different.

Varichthoniobacter

L. masc. adjective *varius*, different; L. masc. n. *Chthoniobacter*, An existing genus; *Varichthoniobacter*: A genus related to but distinct from the existing genus Chthoniobacter of different.

Varichthonobacter

L. masc. adjective *varius*, different; L. masc. n. *Chthonobacter*, An existing genus; *Varichthonobacter*: A genus related to but distinct from the existing genus Chthonobacter of different.

Varichthonomonas

L. masc. adjective *varius*, different; L. fem. n. *Chthonomonas*, An existing genus; *Varichthonomonas*: A genus related to but distinct from the existing genus Chthonomonas of different.

Varichujaibacter

L. masc. adjective *varius*, different; L. masc. n. *Chujaibacter*, An existing genus; *Varichujaibacter*: A genus related to but distinct from the existing genus Chujaibacter of different.

Varichungangia

L. masc. adjective *varius*, different; L. fem. n. *Chungangia*, An existing genus; *Varichungangia*: A genus related to but distinct from the existing genus Chungangia of different.

Variciceribacter

L. masc. adjective *varius*, different; L. masc. n. *Ciceribacter*, An existing genus; *Variciceribacter*: A genus related to but distinct from the existing genus Ciceribacter of different.

Varicitreibacter

L. masc. adjective *varius*, different; L. masc. n. *Citreibacter*, An existing genus; *Varicitreibacter*: A genus related to but distinct from the existing genus Citreibacter of different.

Varicitreicella

L. masc. adjective *varius*, different; L. fem. n. *Citreicella*, An existing genus; *Varicitreicella*: A genus related to but distinct from the existing genus Citreicella of different.

Varicitreimonas

L. masc. adjective *varius*, different; L. fem. n. *Citreimonas*, An existing genus; *Varicitreimonas*: A genus related to but distinct from the existing genus Citreimonas of different.

Varicitreitalea

L. masc. adjective *varius*, different; L. fem. n. *Citreitalea*, An existing genus; *Varicitreitalea*: A genus related to but distinct from the existing genus Citreitalea of different.

Varicitricoccus

L. masc. adjective *varius*, different; L. masc. n. *Citricoccus*, An existing genus; *Varicitricoccus*: A genus related to but distinct from the existing genus Citricoccus of different.

Varicitrimicrobium

L. masc. adjective *varius*, different; L. neut. n. *Citrimicrobium*, An existing genus; *Varicitrimicrobium*: A genus related to but distinct from the existing genus Citrimicrobium of different.

Varicitrobacter

L. masc. adjective *varius*, different; L. masc. n. *Citrobacter*, An existing genus; *Varicitrobacter*: A genus related to but distinct from the existing genus Citrobacter of different.

Varicitromicrobium

L. masc. adjective *varius*, different; L. neut. n. *Citromicrobium*, An existing genus; *Varicitromicrobium*: A genus related to but distinct from the existing genus Citromicrobium of different.

Varicitroniella

L. masc. adjective *varius*, different; L. fem. dim. n. *Citroniella*, An existing genus; *Varicitroniella*: A genus related to but distinct from the existing genus Citroniella of different.

Variclavibacter

L. masc. adjective *varius*, different; L. masc. n. *Clavibacter*, An existing genus; *Variclavibacter*: A genus related to but distinct from the existing genus Clavibacter of different.

Variclevelandina

L. masc. adjective *varius*, different; L. fem. n. *Clevelandina*, An existing genus; *Variclevelandina*: A genus related to but distinct from the existing genus Clevelandina of different.

Varicloacibacillus

L. masc. adjective *varius*, different; L. masc. n. *Cloacibacillus*, An existing genus; *Varicloacibacillus*: A genus related to but distinct from the existing genus Cloacibacillus of different.

Varicloacibacterium

L. masc. adjective *varius*, different; L. neut. n. *Cloacibacterium*, An existing genus; *Varicloacibacterium*: A genus related to but distinct from the existing genus Cloacibacterium of different.

Variclostridiisalibacter

L. masc. adjective *varius*, different; L. masc. n. *Clostridiisalibacter*, An existing genus; *Variclostridiisalibacter*: A genus related to but distinct from the existing genus Clostridiisalibacter of different.

Variclostridioides

L. masc. adjective *varius*, different; L. neut. n. *Clostridioides*, An existing genus; *Variclostridioides*: A genus related to but distinct from the existing genus Clostridioides of different.

Variclostridium

L. masc. adjective *varius*, different; L. neut. dim. n. *Clostridium*, An existing genus; *Variclostridium*: A genus related to but distinct from the existing genus Clostridium of different.

Varicnuella

L. masc. adjective *varius*, different; L. fem. dim. n. *Cnuella*, An existing genus; *Varicnuella*: A genus related to but distinct from the existing genus Cnuella of different.

Varicnuibacter

L. masc. adjective *varius*, different; L. masc. n. *Cnuibacter*, An existing genus; *Varicnuibacter*: A genus related to but distinct from the existing genus Cnuibacter of different.

Varicobetia

L. masc. adjective *varius*, different; L. fem. n. *Cobetia*, An existing genus; *Varicobetia*: A genus related to but distinct from the existing genus Cobetia of different.

Varicochleicola

L. masc. adjective *varius*, different; L. masc. n. *Cochleicola*, An existing genus; *Varicochleicola*: A genus related to but distinct from the existing genus Cochleicola of different.

Varicocleimonas

L. masc. adjective *varius*, different; L. fem. n. *Cocleimonas*, An existing genus; *Varicocleimonas*: A genus related to but distinct from the existing genus Cocleimonas of different.

Varicoenonia

L. masc. adjective *varius*, different; L. fem. n. *Coenonia*, An existing genus; *Varicoenonia*: A genus related to but distinct from the existing genus Coenonia of different.

Varicoetzeea

L. masc. adjective *varius*, different; L. fem. n. *Coetzeea*, An existing genus; *Varicoetzeea*: A genus related to but distinct from the existing genus Coetzeea of different.

Varicognaticolwellia

L. masc. adjective *varius*, different; L. fem. n. *Cognaticolwellia*, An existing genus; *Varicognaticolwellia*: A genus related to but distinct from the existing genus Cognaticolwellia of different.

Varicognatishimia

L. masc. adjective *varius*, different; L. fem. n. *Cognatishimia*, An existing genus; *Varicognatishimia*: A genus related to but distinct from the existing genus Cognatishimia of different.

Varicognatiyoonia

L. masc. adjective *varius*, different; L. fem. n. *Cognatiyoonia*, An existing genus; *Varicognatiyoonia*: A genus related to but distinct from the existing genus Cognatiyoonia of different.

Varicohaesibacter

L. masc. adjective *varius*, different; L. masc. n. *Cohaesibacter*, An existing genus; *Varicohaesibacter*: A genus related to but distinct from the existing genus Cohaesibacter of different.

Varicohnella

L. masc. adjective *varius*, different; L. fem. dim. n. *Cohnella*, An existing genus; *Varicohnella*: A genus related to but distinct from the existing genus Cohnella of different.

Varicoleofasciculus

L. masc. adjective *varius*, different; L. masc. dim. n. *Coleofasciculus*, An existing genus; *Varicoleofasciculus*: A genus related to but distinct from the existing genus Coleofasciculus of different.

Varicollimonas

L. masc. adjective *varius*, different; L. fem. n. *Collimonas*, An existing genus; *Varicollimonas*: A genus related to but distinct from the existing genus Collimonas of different.

Varicollinsella

L. masc. adjective *varius*, different; L. fem. dim. n. *Collinsella*, An existing genus; *Varicollinsella*: A genus related to but distinct from the existing genus Collinsella of different.

Varicolteronema

L. masc. adjective *varius*, different; L. neut. n. *Colteronema*, An existing genus; *Varicolteronema*: A genus related to but distinct from the existing genus Colteronema of different.

Varicolwellia

L. masc. adjective *varius*, different; L. fem. n. *Colwellia*, An existing genus; *Varicolwellia*: A genus related to but distinct from the existing genus Colwellia of different.

Varicomamonas

L. masc. adjective *varius*, different; L. fem. n. *Comamonas*, An existing genus; *Varicomamonas*: A genus related to but distinct from the existing genus Comamonas of different.

Varicommensalibacter

L. masc. adjective *varius*, different; L. masc. n. *Commensalibacter*, An existing genus; *Varicommensalibacter*: A genus related to but distinct from the existing genus Commensalibacter of different.

Varicompactonostoc

L. masc. adjective *varius*, different; L. neut. n. *Compactonostoc*, An existing genus; *Varicompactonostoc*: A genus related to but distinct from the existing genus Compactonostoc of different.

Varicompanilactobacillus

L. masc. adjective *varius*, different; L. masc. n. *Companilactobacillus*, An existing genus; *Varicompanilactobacillus*: A genus related to but distinct from the existing genus Companilactobacillus of different.

Varicompostibacillus

L. masc. adjective *varius*, different; L. masc. n. *Compostibacillus*, An existing genus; *Varicompostibacillus*: A genus related to but distinct from the existing genus Compostibacillus of different.

Varicompostimonas

L. masc. adjective *varius*, different; L. fem. n. *Compostimonas*, An existing genus; *Varicompostimonas*: A genus related to but distinct from the existing genus Compostimonas of different.

Variconchiformibius

L. masc. adjective *varius*, different; L. masc. n. *Conchiformibius*, An existing genus; *Variconchiformibius*: A genus related to but distinct from the existing genus Conchiformibius of different.

Variconexibacter

L. masc. adjective *varius*, different; L. masc. n. *Conexibacter*, An existing genus; *Variconexibacter*: A genus related to but distinct from the existing genus Conexibacter of different.

Variconfluentibacter

L. masc. adjective *varius*, different; L. masc. n. *Confluentibacter*, An existing genus; *Variconfluentibacter*: A genus related to but distinct from the existing genus Confluentibacter of different.

Variconfluentimicrobium

L. masc. adjective *varius*, different; L. neut. n. *Confluentimicrobium*, An existing genus; *Variconfluentimicrobium*: A genus related to but distinct from the existing genus Confluentimicrobium of different.

Variconglomeromonas

L. masc. adjective *varius*, different; L. fem. n. *Conglomeromonas*, An existing genus; *Variconglomeromonas*: A genus related to but distinct from the existing genus Conglomeromonas of different.

Varicongregibacter

L. masc. adjective *varius*, different; L. masc. n. *Congregibacter*, An existing genus; *Varicongregibacter*: A genus related to but distinct from the existing genus Congregibacter of different.

Variconservatibacter

L. masc. adjective *varius*, different; L. masc. n. *Conservatibacter*, An existing genus; *Variconservatibacter*: A genus related to but distinct from the existing genus Conservatibacter of different.

Variconsotaella

L. masc. adjective *varius*, different; L. fem. dim. n. *Consotaella*, An existing genus; *Variconsotaella*: A genus related to but distinct from the existing genus Consotaella of different.

Variconstrictibacter

L. masc. adjective *varius*, different; L. masc. n. *Constrictibacter*, An existing genus; *Variconstrictibacter*: A genus related to but distinct from the existing genus Constrictibacter of different.

Variconvivina

L. masc. adjective *varius*, different; L. fem. n. *Convivina*, An existing genus; *Variconvivina*: A genus related to but distinct from the existing genus Convivina of different.

Variconyzicola

L. masc. adjective *varius*, different; L. fem. n. *Conyzicola*, An existing genus; *Variconyzicola*: A genus related to but distinct from the existing genus Conyzicola of different.

Varicoprobacillus

L. masc. adjective *varius*, different; L. masc. n. *Coprobacillus*, An existing genus; *Varicoprobacillus*: A genus related to but distinct from the existing genus Coprobacillus of different.

Varicoprobacter

L. masc. adjective *varius*, different; L. masc. n. *Coprobacter*, An existing genus; *Varicoprobacter*: A genus related to but distinct from the existing genus Coprobacter of different.

Varicoprococcus

L. masc. adjective *varius*, different; L. masc. n. *Coprococcus*, An existing genus; *Varicoprococcus*: A genus related to but distinct from the existing genus Coprococcus of different.

Varicoprothermobacter

L. masc. adjective *varius*, different; L. masc. n. *Coprothermobacter*, An existing genus; *Varicoprothermobacter*: A genus related to but distinct from the existing genus Coprothermobacter of different.

Varicoraliitalea

L. masc. adjective *varius*, different; L. fem. n. *Coraliitalea*, An existing genus; *Varicoraliitalea*: A genus related to but distinct from the existing genus Coraliitalea of different.

Varicoraliomargarita

L. masc. adjective *varius*, different; L. fem. n. *Coraliomargarita*, An existing genus; *Varicoraliomargarita*: A genus related to but distinct from the existing genus Coraliomargarita of different.

Varicorallibacter

L. masc. adjective *varius*, different; L. masc. n. *Corallibacter*, An existing genus; *Varicorallibacter*: A genus related to but distinct from the existing genus Corallibacter of different.

Varicorallincola

L. masc. adjective *varius*, different; L. masc. n. *Corallincola*, An existing genus; *Varicorallincola*: A genus related to but distinct from the existing genus Corallincola of different.

Varicorallococcus

L. masc. adjective *varius*, different; L. masc. n. *Corallococcus*, An existing genus; *Varicorallococcus*: A genus related to but distinct from the existing genus Corallococcus of different.

Varicoralloluteibacterium

L. masc. adjective *varius*, different; L. neut. n. *Coralloluteibacterium*, An existing genus; *Varicoralloluteibacterium*: A genus related to but distinct from the existing genus Coralloluteibacterium of different.

Varicorallomonas

L. masc. adjective *varius*, different; L. fem. n. *Corallomonas*, An existing genus; *Varicorallomonas*: A genus related to but distinct from the existing genus Corallomonas of different.

Varicoralslurrinella

L. masc. adjective *varius*, different; L. fem. dim. n. *Coralslurrinella*, An existing genus; *Varicoralslurrinella*: A genus related to but distinct from the existing genus Coralslurrinella of different.

Varicorticicoccus

L. masc. adjective *varius*, different; L. masc. n. *Corticicoccus*, An existing genus; *Varicorticicoccus*: A genus related to but distinct from the existing genus Corticicoccus of different.

Varicorynebacterium

L. masc. adjective *varius*, different; L. neut. n. *Corynebacterium*, An existing genus; *Varicorynebacterium*: A genus related to but distinct from the existing genus Corynebacterium of different.

Varicosenzaea

L. masc. adjective *varius*, different; L. fem. n. *Cosenzaea*, An existing genus; *Varicosenzaea*: A genus related to but distinct from the existing genus Cosenzaea of different.

Varicostertonia

L. masc. adjective *varius*, different; L. fem. n. *Costertonia*, An existing genus; *Varicostertonia*: A genus related to but distinct from the existing genus Costertonia of different.

Varicouchioplanes

L. masc. adjective *varius*, different; L. masc. n. *Couchioplanes*, An existing genus; *Varicouchioplanes*: A genus related to but distinct from the existing genus Couchioplanes of different.

Varicowdria

L. masc. adjective *varius*, different; L. fem. n. *Cowdria*, An existing genus; *Varicowdria*: A genus related to but distinct from the existing genus Cowdria of different.

Varicoxiella

L. masc. adjective *varius*, different; L. fem. dim. n. *Coxiella*, An existing genus; *Varicoxiella*: A genus related to but distinct from the existing genus Coxiella of different.

Varicrabtreella

L. masc. adjective *varius*, different; L. fem. dim. n. *Crabtreella*, An existing genus; *Varicrabtreella*: A genus related to but distinct from the existing genus Crabtreella of different.

Varicrassaminicella

L. masc. adjective *varius*, different; L. fem. n. *Crassaminicella*, An existing genus; *Varicrassaminicella*: A genus related to but distinct from the existing genus Crassaminicella of different.

Varicrateriforma

L. masc. adjective *varius*, different; L. fem. n. *Crateriforma*, An existing genus; *Varicrateriforma*: A genus related to but distinct from the existing genus Crateriforma of different.

Varicraterilacuibacter

L. masc. adjective *varius*, different; L. masc. n. *Craterilacuibacter*, An existing genus; *Varicraterilacuibacter*: A genus related to but distinct from the existing genus Craterilacuibacter of different.

Varicraurococcus

L. masc. adjective *varius*, different; L. masc. n. *Craurococcus*, An existing genus; *Varicraurococcus*: A genus related to but distinct from the existing genus Craurococcus of different.

Varicrenalkalicoccus

L. masc. adjective *varius*, different; L. masc. n. *Crenalkalicoccus*, An existing genus; *Varicrenalkalicoccus*: A genus related to but distinct from the existing genus Crenalkalicoccus of different.

Varicrenotalea

L. masc. adjective *varius*, different; L. fem. n. *Crenotalea*, An existing genus; *Varicrenotalea*: A genus related to but distinct from the existing genus Crenotalea of different.

Varicriblamydia

L. masc. adjective *varius*, different; L. fem. n. *Criblamydia*, An existing genus; *Varicriblamydia*: A genus related to but distinct from the existing genus Criblamydia of different.

Varicribrihabitans

L. masc. adjective *varius*, different; L. masc. n. *Cribrihabitans*, An existing genus; *Varicribrihabitans*: A genus related to but distinct from the existing genus Cribrihabitans of different.

Varicricetibacter

L. masc. adjective *varius*, different; L. masc. n. *Cricetibacter*, An existing genus; *Varicricetibacter*: A genus related to but distinct from the existing genus Cricetibacter of different.

Varicristispira

L. masc. adjective *varius*, different; L. fem. n. *Cristispira*, An existing genus; *Varicristispira*: A genus related to but distinct from the existing genus Cristispira of different.

Varicroceibacter

L. masc. adjective *varius*, different; L. masc. n. *Croceibacter*, An existing genus; *Varicroceibacter*: A genus related to but distinct from the existing genus Croceibacter of different.

Varicroceibacterium

L. masc. adjective *varius*, different; L. neut. n. *Croceibacterium*, An existing genus; *Varicroceibacterium*: A genus related to but distinct from the existing genus Croceibacterium of different.

Varicroceicoccus

L. masc. adjective *varius*, different; L. masc. n. *Croceicoccus*, An existing genus; *Varicroceicoccus*: A genus related to but distinct from the existing genus Croceicoccus of different.

Varicroceifilum

L. masc. adjective *varius*, different; L. neut. n. *Croceifilum*, An existing genus; *Varicroceifilum*: A genus related to but distinct from the existing genus Croceifilum of different.

Varicroceitalea

L. masc. adjective *varius*, different; L. fem. n. *Croceitalea*, An existing genus; *Varicroceitalea*: A genus related to but distinct from the existing genus Croceitalea of different.

Varicroceivirga

L. masc. adjective *varius*, different; L. fem. n. *Croceivirga*, An existing genus; *Varicroceivirga*: A genus related to but distinct from the existing genus Croceivirga of different.

Varicrocinitomix

L. masc. adjective *varius*, different; L. fem. n. *Crocinitomix*, An existing genus; *Varicrocinitomix*: A genus related to but distinct from the existing genus Crocinitomix of different.

Varicrocosphaera

L. masc. adjective *varius*, different; L. fem. n. *Crocosphaera*, An existing genus; *Varicrocosphaera*: A genus related to but distinct from the existing genus Crocosphaera of different.

Varicronobacter

L. masc. adjective *varius*, different; L. masc. n. *Cronobacter*, An existing genus; *Varicronobacter*: A genus related to but distinct from the existing genus Cronobacter of different.

Varicrossiella

L. masc. adjective *varius*, different; L. fem. dim. n. *Crossiella*, An existing genus; *Varicrossiella*: A genus related to but distinct from the existing genus Crossiella of different.

Varicruoricaptor

L. masc. adjective *varius*, different; L. masc. n. *Cruoricaptor*, An existing genus; *Varicruoricaptor*: A genus related to but distinct from the existing genus Cruoricaptor of different.

Varicryobacterium

L. masc. adjective *varius*, different; L. neut. n. *Cryobacterium*, An existing genus; *Varicryobacterium*: A genus related to but distinct from the existing genus Cryobacterium of different.

Varicryomorpha

L. masc. adjective *varius*, different; L. fem. n. *Cryomorpha*, An existing genus; *Varicryomorpha*: A genus related to but distinct from the existing genus Cryomorpha of different.

Varicryptanaerobacter

L. masc. adjective *varius*, different; L. masc. n. *Cryptanaerobacter*, An existing genus; *Varicryptanaerobacter*: A genus related to but distinct from the existing genus Cryptanaerobacter of different.

Varicryptobacterium

L. masc. adjective *varius*, different; L. neut. n. *Cryptobacterium*, An existing genus; *Varicryptobacterium*: A genus related to but distinct from the existing genus Cryptobacterium of different.

Varicryptococcum

L. masc. adjective *varius*, different; L. neut. n. *Cryptococcum*, An existing genus; *Varicryptococcum*: A genus related to but distinct from the existing genus Cryptococcum of different.

Varicryptosporangium

L. masc. adjective *varius*, different; L. neut. n. *Cryptosporangium*, An existing genus; *Varicryptosporangium*: A genus related to but distinct from the existing genus Cryptosporangium of different.

Varicucumibacter

L. masc. adjective *varius*, different; L. masc. n. *Cucumibacter*, An existing genus; *Varicucumibacter*: A genus related to but distinct from the existing genus Cucumibacter of different.

Varicumulibacter

L. masc. adjective *varius*, different; L. masc. n. *Cumulibacter*, An existing genus; *Varicumulibacter*: A genus related to but distinct from the existing genus Cumulibacter of different.

Varicuneatibacter

L. masc. adjective *varius*, different; L. masc. n. *Cuneatibacter*, An existing genus; *Varicuneatibacter*: A genus related to but distinct from the existing genus Cuneatibacter of different.

Varicuniculiplasma

L. masc. adjective *varius*, different; L. neut. n. *Cuniculiplasma*, An existing genus; *Varicuniculiplasma*: A genus related to but distinct from the existing genus Cuniculiplasma of different.

Varicupriavidus

L. masc. adjective *varius*, different; L. masc. n. *Cupriavidus*, An existing genus; *Varicupriavidus*: A genus related to but distinct from the existing genus Cupriavidus of different.

Varicurtobacterium

L. masc. adjective *varius*, different; L. neut. n. *Curtobacterium*, An existing genus; *Varicurtobacterium*: A genus related to but distinct from the existing genus Curtobacterium of different.

Varicurvibacter

L. masc. adjective *varius*, different; L. masc. n. *Curvibacter*, An existing genus; *Varicurvibacter*: A genus related to but distinct from the existing genus Curvibacter of different.

Varicutibacterium

L. masc. adjective *varius*, different; L. neut. n. *Cutibacterium*, An existing genus; *Varicutibacterium*: A genus related to but distinct from the existing genus Cutibacterium of different.

Varicyanocohniella

L. masc. adjective *varius*, different; L. fem. dim. n. *Cyanocohniella*, An existing genus; *Varicyanocohniella*: A genus related to but distinct from the existing genus Cyanocohniella of different.

Varicyanocomperia

L. masc. adjective *varius*, different; L. fem. n. *Cyanocomperia*, An existing genus; *Varicyanocomperia*: A genus related to but distinct from the existing genus Cyanocomperia of different.

Varicyanoderma

L. masc. adjective *varius*, different; L. neut. n. *Cyanoderma*, An existing genus; *Varicyanoderma*: A genus related to but distinct from the existing genus Cyanoderma of different.

Varicyanosaccus

L. masc. adjective *varius*, different; L. masc. n. *Cyanosaccus*, An existing genus; *Varicyanosaccus*: A genus related to but distinct from the existing genus Cyanosaccus of different.

Varicyclobacterium

L. masc. adjective *varius*, different; L. neut. n. *Cyclobacterium*, An existing genus; *Varicyclobacterium*: A genus related to but distinct from the existing genus Cyclobacterium of different.

Varicycloclasticus

L. masc. adjective *varius*, different; L. masc. n. *Cycloclasticus*, An existing genus; *Varicycloclasticus*: A genus related to but distinct from the existing genus Cycloclasticus of different.

Varicysteiniphilum

L. masc. adjective *varius*, different; L. neut. n. *Cysteiniphilum*, An existing genus; *Varicysteiniphilum*: A genus related to but distinct from the existing genus Cysteiniphilum of different.

Varicystobacter

L. masc. adjective *varius*, different; L. masc. n. *Cystobacter*, An existing genus; *Varicystobacter*: A genus related to but distinct from the existing genus Cystobacter of different.

Varicytobacillus

L. masc. adjective *varius*, different; L. masc. n. *Cytobacillus*, An existing genus; *Varicytobacillus*: A genus related to but distinct from the existing genus Cytobacillus of different.

Varicytophaga

L. masc. adjective *varius*, different; L. fem. n. *Cytophaga*, An existing genus; *Varicytophaga*: A genus related to but distinct from the existing genus Cytophaga of different.

Varidactylosporangium

L. masc. adjective *varius*, different; L. neut. n. *Dactylosporangium*, An existing genus; *Varidactylosporangium*: A genus related to but distinct from the existing genus Dactylosporangium of different.

Varidaeguia

L. masc. adjective *varius*, different; L. fem. n. *Daeguia*, An existing genus; *Varidaeguia*: A genus related to but distinct from the existing genus Daeguia of different.

Varidaejeonella

L. masc. adjective *varius*, different; L. fem. dim. n. *Daejeonella*, An existing genus; *Varidaejeonella*: A genus related to but distinct from the existing genus Daejeonella of different.

Varidaejeonia

L. masc. adjective *varius*, different; L. fem. n. *Daejeonia*, An existing genus; *Varidaejeonia*: A genus related to but distinct from the existing genus Daejeonia of different.

Varidankookia

L. masc. adjective *varius*, different; L. fem. n. *Dankookia*, An existing genus; *Varidankookia*: A genus related to but distinct from the existing genus Dankookia of different.

Varidaptobacter

L. masc. adjective *varius*, different; L. masc. n. *Daptobacter*, An existing genus; *Varidaptobacter*: A genus related to but distinct from the existing genus Daptobacter of different.

Varidasania

L. masc. adjective *varius*, different; L. fem. n. *Dasania*, An existing genus; *Varidasania*: A genus related to but distinct from the existing genus Dasania of different.

Varidechlorobacter

L. masc. adjective *varius*, different; L. masc. n. *Dechlorobacter*, An existing genus; *Varidechlorobacter*: A genus related to but distinct from the existing genus Dechlorobacter of different.

Varidechloromonas

L. masc. adjective *varius*, different; L. fem. n. *Dechloromonas*, An existing genus; *Varidechloromonas*: A genus related to but distinct from the existing genus Dechloromonas of different.

Varidechlorosoma

L. masc. adjective *varius*, different; L. neut. n. *Dechlorosoma*, An existing genus; *Varidechlorosoma*: A genus related to but distinct from the existing genus Dechlorosoma of different.

Varideefgea

L. masc. adjective *varius*, different; L. fem. n. *Deefgea*, An existing genus; *Varideefgea*: A genus related to but distinct from the existing genus Deefgea of different.

Varideferribacter

L. masc. adjective *varius*, different; L. masc. n. *Deferribacter*, An existing genus; *Varideferribacter*: A genus related to but distinct from the existing genus Deferribacter of different.

Varideferrisoma

L. masc. adjective *varius*, different; L. neut. n. *Deferrisoma*, An existing genus; *Varideferrisoma*: A genus related to but distinct from the existing genus Deferrisoma of different.

Varidefluvibacter

L. masc. adjective *varius*, different; L. masc. n. *Defluvibacter*, An existing genus; *Varidefluvibacter*: A genus related to but distinct from the existing genus Defluvibacter of different.

Varidefluviicoccus

L. masc. adjective *varius*, different; L. masc. n. *Defluviicoccus*, An existing genus; *Varidefluviicoccus*: A genus related to but distinct from the existing genus Defluviicoccus of different.

Varidefluviimonas

L. masc. adjective *varius*, different; L. fem. n. *Defluviimonas*, An existing genus; *Varidefluviimonas*: A genus related to but distinct from the existing genus Defluviimonas of different.

Varidefluviitalea

L. masc. adjective *varius*, different; L. fem. n. *Defluviitalea*, An existing genus; *Varidefluviitalea*: A genus related to but distinct from the existing genus Defluviitalea of different.

Varidefluviitoga

L. masc. adjective *varius*, different; L. fem. n. *Defluviitoga*, An existing genus; *Varidefluviitoga*: A genus related to but distinct from the existing genus Defluviitoga of different.

Varidehalobacter

L. masc. adjective *varius*, different; L. masc. n. *Dehalobacter*, An existing genus; *Varidehalobacter*: A genus related to but distinct from the existing genus Dehalobacter of different.

Varidehalobacterium

L. masc. adjective *varius*, different; L. neut. n. *Dehalobacterium*, An existing genus; *Varidehalobacterium*: A genus related to but distinct from the existing genus Dehalobacterium of different.

Varidehalogenimonas

L. masc. adjective *varius*, different; L. fem. n. *Dehalogenimonas*, An existing genus; *Varidehalogenimonas*: A genus related to but distinct from the existing genus Dehalogenimonas of different.

Varideinobacter

L. masc. adjective *varius*, different; L. masc. n. *Deinobacter*, An existing genus; *Varideinobacter*: A genus related to but distinct from the existing genus Deinobacter of different.

Varideinobacterium

L. masc. adjective *varius*, different; L. neut. n. *Deinobacterium*, An existing genus; *Varideinobacterium*: A genus related to but distinct from the existing genus Deinobacterium of different.

Varideinococcus

L. masc. adjective *varius*, different; L. masc. n. *Deinococcus*, An existing genus; *Varideinococcus*: A genus related to but distinct from the existing genus Deinococcus of different.

Varideleya

L. masc. adjective *varius*, different; L. fem. n. *Deleya*, An existing genus; *Varideleya*: A genus related to but distinct from the existing genus Deleya of different.

Varidelftia

L. masc. adjective *varius*, different; L. fem. n. *Delftia*, An existing genus; *Varidelftia*: A genus related to but distinct from the existing genus Delftia of different.

Varidellaglioa

L. masc. adjective *varius*, different; L. fem. n. *Dellaglioa*, An existing genus; *Varidellaglioa*: A genus related to but distinct from the existing genus Dellaglioa of different.

Varidemequina

L. masc. adjective *varius*, different; L. fem. n. *Demequina*, An existing genus; *Varidemequina*: A genus related to but distinct from the existing genus Demequina of different.

Varidemetria

L. masc. adjective *varius*, different; L. fem. n. *Demetria*, An existing genus; *Varidemetria*: A genus related to but distinct from the existing genus Demetria of different.

Varideminuibacter

L. masc. adjective *varius*, different; L. masc. n. *Deminuibacter*, An existing genus; *Varideminuibacter*: A genus related to but distinct from the existing genus Deminuibacter of different.

Varidenitratimonas

L. masc. adjective *varius*, different; L. fem. n. *Denitratimonas*, An existing genus; *Varidenitratimonas*: A genus related to but distinct from the existing genus Denitratimonas of different.

Varidenitratisoma

L. masc. adjective *varius*, different; L. neut. n. *Denitratisoma*, An existing genus; *Varidenitratisoma*: A genus related to but distinct from the existing genus Denitratisoma of different.

Varidenitrobacterium

L. masc. adjective *varius*, different; L. neut. n. *Denitrobacterium*, An existing genus; *Varidenitrobacterium*: A genus related to but distinct from the existing genus Denitrobacterium of different.

Varidenitrobaculum

L. masc. adjective *varius*, different; L. neut. n. *Denitrobaculum*, An existing genus; *Varidenitrobaculum*: A genus related to but distinct from the existing genus Denitrobaculum of different.

Varidenitrovibrio

L. masc. adjective *varius*, different; L. masc. n. *Denitrovibrio*, An existing genus; *Varidenitrovibrio*: A genus related to but distinct from the existing genus Denitrovibrio of different.

Varidermacoccus

L. masc. adjective *varius*, different; L. masc. n. *Dermacoccus*, An existing genus; *Varidermacoccus*: A genus related to but distinct from the existing genus Dermacoccus of different.

Varidermatophilus

L. masc. adjective *varius*, different; L. masc. n. *Dermatophilus*, An existing genus; *Varidermatophilus*: A genus related to but distinct from the existing genus Dermatophilus of different.

Variderxia

L. masc. adjective *varius*, different; L. fem. n. *Derxia*, An existing genus; *Variderxia*: A genus related to but distinct from the existing genus Derxia of different.

Varidesemzia

L. masc. adjective *varius*, different; L. fem. n. *Desemzia*, An existing genus; *Varidesemzia*: A genus related to but distinct from the existing genus Desemzia of different.

Varidesertibacillus

L. masc. adjective *varius*, different; L. masc. n. *Desertibacillus*, An existing genus; *Varidesertibacillus*: A genus related to but distinct from the existing genus Desertibacillus of different.

Varidesertibacter

L. masc. adjective *varius*, different; L. masc. n. *Desertibacter*, An existing genus; *Varidesertibacter*: A genus related to but distinct from the existing genus Desertibacter of different.

Varidesertifilum

L. masc. adjective *varius*, different; L. neut. n. *Desertifilum*, An existing genus; *Varidesertifilum*: A genus related to but distinct from the existing genus Desertifilum of different.

Varidesertihabitans

L. masc. adjective *varius*, different; L. masc. n. *Desertihabitans*, An existing genus; *Varidesertihabitans*: A genus related to but distinct from the existing genus Desertihabitans of different.

Varidesertimonas

L. masc. adjective *varius*, different; L. fem. n. *Desertimonas*, An existing genus; *Varidesertimonas*: A genus related to but distinct from the existing genus Desertimonas of different.

Varidesikacharya

L. masc. adjective *varius*, different; L. fem. n. *Desikacharya*, An existing genus; *Varidesikacharya*: A genus related to but distinct from the existing genus Desikacharya of different.

Varidesmospora

L. masc. adjective *varius*, different; L. fem. n. *Desmospora*, An existing genus; *Varidesmospora*: A genus related to but distinct from the existing genus Desmospora of different.

Varidesnuesiella

L. masc. adjective *varius*, different; L. fem. dim. n. *Desnuesiella*, An existing genus; *Varidesnuesiella*: A genus related to but distinct from the existing genus Desnuesiella of different.

Varidesulfacinum

L. masc. adjective *varius*, different; L. neut. n. *Desulfacinum*, An existing genus; *Varidesulfacinum*: A genus related to but distinct from the existing genus Desulfacinum of different.

Varidesulfallas

L. masc. adjective *varius*, different; L. masc. n. *Desulfallas*, An existing genus; *Varidesulfallas*: A genus related to but distinct from the existing genus Desulfallas of different.

Varidesulfarculus

L. masc. adjective *varius*, different; L. masc. n. *Desulfarculus*, An existing genus; *Varidesulfarculus*: A genus related to but distinct from the existing genus Desulfarculus of different.

Varidesulfatibacillum

L. masc. adjective *varius*, different; L. neut. n. *Desulfatibacillum*, An existing genus; *Varidesulfatibacillum*: A genus related to but distinct from the existing genus Desulfatibacillum of different.

Varidesulfatiferula

L. masc. adjective *varius*, different; L. fem. n. *Desulfatiferula*, An existing genus; *Varidesulfatiferula*: A genus related to but distinct from the existing genus Desulfatiferula of different.

Varidesulfatiglans

L. masc. adjective *varius*, different; L. fem. n. *Desulfatiglans*, An existing genus; *Varidesulfatiglans*: A genus related to but distinct from the existing genus Desulfatiglans of different.

Varidesulfatirhabdium

L. masc. adjective *varius*, different; L. neut. dim. n. *Desulfatirhabdium*, An existing genus; *Varidesulfatirhabdium*: A genus related to but distinct from the existing genus Desulfatirhabdium of different.

Varidesulfatitalea

L. masc. adjective *varius*, different; L. fem. n. *Desulfatitalea*, An existing genus; *Varidesulfatitalea*: A genus related to but distinct from the existing genus Desulfatitalea of different.

Varidesulfitibacter

L. masc. adjective *varius*, different; L. masc. n. *Desulfitibacter*, An existing genus; *Varidesulfitibacter*: A genus related to but distinct from the existing genus Desulfitibacter of different.

Varidesulfitispora

L. masc. adjective *varius*, different; L. fem. n. *Desulfitispora*, An existing genus; *Varidesulfitispora*: A genus related to but distinct from the existing genus Desulfitispora of different.

Varidesulfitobacterium

L. masc. adjective *varius*, different; L. neut. n. *Desulfitobacterium*, An existing genus; *Varidesulfitobacterium*: A genus related to but distinct from the existing genus Desulfitobacterium of different.

Varidesulfobacca

L. masc. adjective *varius*, different; L. fem. n. *Desulfobacca*, An existing genus; *Varidesulfobacca*: A genus related to but distinct from the existing genus Desulfobacca of different.

Varidesulfobacter

L. masc. adjective *varius*, different; L. masc. n. *Desulfobacter*, An existing genus; *Varidesulfobacter*: A genus related to but distinct from the existing genus Desulfobacter of different.

Varidesulfobacterium

L. masc. adjective *varius*, different; L. neut. n. *Desulfobacterium*, An existing genus; *Varidesulfobacterium*: A genus related to but distinct from the existing genus Desulfobacterium of different.

Varidesulfobacula

L. masc. adjective *varius*, different; L. fem. dim. n. *Desulfobacula*, An existing genus; *Varidesulfobacula*: A genus related to but distinct from the existing genus Desulfobacula of different.

Varidesulfobaculum

L. masc. adjective *varius*, different; L. neut. n. *Desulfobaculum*, An existing genus; *Varidesulfobaculum*: A genus related to but distinct from the existing genus Desulfobaculum of different.

Varidesulfobotulus

L. masc. adjective *varius*, different; L. masc. n. *Desulfobotulus*, An existing genus; *Varidesulfobotulus*: A genus related to but distinct from the existing genus Desulfobotulus of different.

Varidesulfobulbus

L. masc. adjective *varius*, different; L. masc. n. *Desulfobulbus*, An existing genus; *Varidesulfobulbus*: A genus related to but distinct from the existing genus Desulfobulbus of different.

Varidesulfocapsa

L. masc. adjective *varius*, different; L. fem. n. *Desulfocapsa*, An existing genus; *Varidesulfocapsa*: A genus related to but distinct from the existing genus Desulfocapsa of different.

Varidesulfocarbo

L. masc. adjective *varius*, different; L. masc. n. *Desulfocarbo*, An existing genus; *Varidesulfocarbo*: A genus related to but distinct from the existing genus Desulfocarbo of different.

Varidesulfocella

L. masc. adjective *varius*, different; L. fem. n. *Desulfocella*, An existing genus; *Varidesulfocella*: A genus related to but distinct from the existing genus Desulfocella of different.

Varidesulfococcus

L. masc. adjective *varius*, different; L. masc. n. *Desulfococcus*, An existing genus; *Varidesulfococcus*: A genus related to but distinct from the existing genus Desulfococcus of different.

Varidesulfocucumis

L. masc. adjective *varius*, different; L. masc. n. *Desulfocucumis*, An existing genus; *Varidesulfocucumis*: A genus related to but distinct from the existing genus Desulfocucumis of different.

Varidesulfocurvibacter

L. masc. adjective *varius*, different; L. masc. n. *Desulfocurvibacter*, An existing genus; *Varidesulfocurvibacter*: A genus related to but distinct from the existing genus Desulfocurvibacter of different.

Varidesulfocurvus

L. masc. adjective *varius*, different; L. masc. n. *Desulfocurvus*, An existing genus; *Varidesulfocurvus*: A genus related to but distinct from the existing genus Desulfocurvus of different.

Varidesulfofaba

L. masc. adjective *varius*, different; L. fem. n. *Desulfofaba*, An existing genus; *Varidesulfofaba*: A genus related to but distinct from the existing genus Desulfofaba of different.

Varidesulfofarcimen

L. masc. adjective *varius*, different; L. neut. n. *Desulfofarcimen*, An existing genus; *Varidesulfofarcimen*: A genus related to but distinct from the existing genus Desulfofarcimen of different.

Varidesulfofrigus

L. masc. adjective *varius*, different; L. neut. n. *Desulfofrigus*, An existing genus; *Varidesulfofrigus*: A genus related to but distinct from the existing genus Desulfofrigus of different.

Varidesulfofundulus

L. masc. adjective *varius*, different; L. masc. n. *Desulfofundulus*, An existing genus; *Varidesulfofundulus*: A genus related to but distinct from the existing genus Desulfofundulus of different.

Varidesulfofustis

L. masc. adjective *varius*, different; L. masc. n. *Desulfofustis*, An existing genus; *Varidesulfofustis*: A genus related to but distinct from the existing genus Desulfofustis of different.

Varidesulfoglaeba

L. masc. adjective *varius*, different; L. fem. n. *Desulfoglaeba*, An existing genus; *Varidesulfoglaeba*: A genus related to but distinct from the existing genus Desulfoglaeba of different.

Varidesulfohalobium

L. masc. adjective *varius*, different; L. neut. n. *Desulfohalobium*, An existing genus; *Varidesulfohalobium*: A genus related to but distinct from the existing genus Desulfohalobium of different.

Varidesulfohalophilus

L. masc. adjective *varius*, different; L. masc. n. *Desulfohalophilus*, An existing genus; *Varidesulfohalophilus*: A genus related to but distinct from the existing genus Desulfohalophilus of different.

Varidesulfohalotomaculum

L. masc. adjective *varius*, different; L. neut. n. *Desulfohalotomaculum*, An existing genus; *Varidesulfohalotomaculum*: A genus related to but distinct from the existing genus Desulfohalotomaculum of different.

Varidesulfohalovibrio

L. masc. adjective *varius*, different; L. masc. n. *Desulfohalovibrio*, An existing genus; *Varidesulfohalovibrio*: A genus related to but distinct from the existing genus Desulfohalovibrio of different.

Varidesulfoluna

L. masc. adjective *varius*, different; L. fem. n. *Desulfoluna*, An existing genus; *Varidesulfoluna*: A genus related to but distinct from the existing genus Desulfoluna of different.

Varidesulfomicrobium

L. masc. adjective *varius*, different; L. neut. n. *Desulfomicrobium*, An existing genus; *Varidesulfomicrobium*: A genus related to but distinct from the existing genus Desulfomicrobium of different.

Varidesulfomonas

L. masc. adjective *varius*, different; L. fem. n. *Desulfomonas*, An existing genus; *Varidesulfomonas*: A genus related to but distinct from the existing genus Desulfomonas of different.

Varidesulfomonile

L. masc. adjective *varius*, different; L. neut. n. *Desulfomonile*, An existing genus; *Varidesulfomonile*: A genus related to but distinct from the existing genus Desulfomonile of different.

Varidesulfomusa

L. masc. adjective *varius*, different; L. fem. n. *Desulfomusa*, An existing genus; *Varidesulfomusa*: A genus related to but distinct from the existing genus Desulfomusa of different.

Varidesulfonatronobacter

L. masc. adjective *varius*, different; L. masc. n. *Desulfonatronobacter*, An existing genus; *Varidesulfonatronobacter*: A genus related to but distinct from the existing genus Desulfonatronobacter of different.

Varidesulfonatronospira

L. masc. adjective *varius*, different; L. fem. n. *Desulfonatronospira*, An existing genus; *Varidesulfonatronospira*: A genus related to but distinct from the existing genus Desulfonatronospira of different.

Varidesulfonatronovibrio

L. masc. adjective *varius*, different; L. masc. n. *Desulfonatronovibrio*, An existing genus; *Varidesulfonatronovibrio*: A genus related to but distinct from the existing genus Desulfonatronovibrio of different.

Varidesulfonatronum

L. masc. adjective *varius*, different; L. neut. n. *Desulfonatronum*, An existing genus; *Varidesulfonatronum*: A genus related to but distinct from the existing genus Desulfonatronum of different.

Varidesulfonauticus

L. masc. adjective *varius*, different; L. masc. n. *Desulfonauticus*, An existing genus; *Varidesulfonauticus*: A genus related to but distinct from the existing genus Desulfonauticus of different.

Varidesulfonema

L. masc. adjective *varius*, different; L. neut. n. *Desulfonema*, An existing genus; *Varidesulfonema*: A genus related to but distinct from the existing genus Desulfonema of different.

Varidesulfonispora

L. masc. adjective *varius*, different; L. fem. n. *Desulfonispora*, An existing genus; *Varidesulfonispora*: A genus related to but distinct from the existing genus Desulfonispora of different.

Varidesulfopila

L. masc. adjective *varius*, different; L. fem. n. *Desulfopila*, An existing genus; *Varidesulfopila*: A genus related to but distinct from the existing genus Desulfopila of different.

Varidesulfoplanes

L. masc. adjective *varius*, different; L. masc. n. *Desulfoplanes*, An existing genus; *Varidesulfoplanes*: A genus related to but distinct from the existing genus Desulfoplanes of different.

Varidesulfoprunum

L. masc. adjective *varius*, different; L. neut. n. *Desulfoprunum*, An existing genus; *Varidesulfoprunum*: A genus related to but distinct from the existing genus Desulfoprunum of different.

Varidesulforegula

L. masc. adjective *varius*, different; L. fem. n. *Desulforegula*, An existing genus; *Varidesulforegula*: A genus related to but distinct from the existing genus Desulforegula of different.

Varidesulforhabdus

L. masc. adjective *varius*, different; L. fem. n. *Desulforhabdus*, An existing genus; *Varidesulforhabdus*: A genus related to but distinct from the existing genus Desulforhabdus of different.

Varidesulforhopalus

L. masc. adjective *varius*, different; L. masc. n. *Desulforhopalus*, An existing genus; *Varidesulforhopalus*: A genus related to but distinct from the existing genus Desulforhopalus of different.

Varidesulfosalsimonas

L. masc. adjective *varius*, different; L. fem. n. *Desulfosalsimonas*, An existing genus; *Varidesulfosalsimonas*: A genus related to but distinct from the existing genus Desulfosalsimonas of different.

Varidesulfosarcina

L. masc. adjective *varius*, different; L. fem. n. *Desulfosarcina*, An existing genus; *Varidesulfosarcina*: A genus related to but distinct from the existing genus Desulfosarcina of different.

Varidesulfosoma

L. masc. adjective *varius*, different; L. neut. n. *Desulfosoma*, An existing genus; *Varidesulfosoma*: A genus related to but distinct from the existing genus Desulfosoma of different.

Varidesulfospira

L. masc. adjective *varius*, different; L. fem. n. *Desulfospira*, An existing genus; *Varidesulfospira*: A genus related to but distinct from the existing genus Desulfospira of different.

Varidesulfosporomusa

L. masc. adjective *varius*, different; L. fem. n. *Desulfosporomusa*, An existing genus; *Varidesulfosporomusa*: A genus related to but distinct from the existing genus Desulfosporomusa of different.

Varidesulfosporosinus

L. masc. adjective *varius*, different; L. masc. n. *Desulfosporosinus*, An existing genus; *Varidesulfosporosinus*: A genus related to but distinct from the existing genus Desulfosporosinus of different.

Varidesulfotalea

L. masc. adjective *varius*, different; L. fem. n. *Desulfotalea*, An existing genus; *Varidesulfotalea*: A genus related to but distinct from the existing genus Desulfotalea of different.

Varidesulfothermobacter

L. masc. adjective *varius*, different; L. masc. n. *Desulfothermobacter*, An existing genus; *Varidesulfothermobacter*: A genus related to but distinct from the existing genus Desulfothermobacter of different.

Varidesulfothermus

L. masc. adjective *varius*, different; L. masc. n. *Desulfothermus*, An existing genus; *Varidesulfothermus*: A genus related to but distinct from the existing genus Desulfothermus of different.

Varidesulfotignum

L. masc. adjective *varius*, different; L. neut. n. *Desulfotignum*, An existing genus; *Varidesulfotignum*: A genus related to but distinct from the existing genus Desulfotignum of different.

Varidesulfotomaculum

L. masc. adjective *varius*, different; L. neut. n. *Desulfotomaculum*, An existing genus; *Varidesulfotomaculum*: A genus related to but distinct from the existing genus Desulfotomaculum of different.

Varidesulfovermiculus

L. masc. adjective *varius*, different; L. masc. n. *Desulfovermiculus*, An existing genus; *Varidesulfovermiculus*: A genus related to but distinct from the existing genus Desulfovermiculus of different.

Varidesulfovibrio

L. masc. adjective *varius*, different; L. masc. n. *Desulfovibrio*, An existing genus; *Varidesulfovibrio*: A genus related to but distinct from the existing genus Desulfovibrio of different.

Varidesulfovirga

L. masc. adjective *varius*, different; L. fem. n. *Desulfovirga*, An existing genus; *Varidesulfovirga*: A genus related to but distinct from the existing genus Desulfovirga of different.

Varidesulfovirgula

L. masc. adjective *varius*, different; L. fem. dim. n. *Desulfovirgula*, An existing genus; *Varidesulfovirgula*: A genus related to but distinct from the existing genus Desulfovirgula of different.

Varidesulfurella

L. masc. adjective *varius*, different; L. fem. dim. n. *Desulfurella*, An existing genus; *Varidesulfurella*: A genus related to but distinct from the existing genus Desulfurella of different.

Varidesulfuribacillus

L. masc. adjective *varius*, different; L. masc. n. *Desulfuribacillus*, An existing genus; *Varidesulfuribacillus*: A genus related to but distinct from the existing genus Desulfuribacillus of different.

Varidesulfurispira

L. masc. adjective *varius*, different; L. fem. n. *Desulfurispira*, An existing genus; *Varidesulfurispira*: A genus related to but distinct from the existing genus Desulfurispira of different.

Varidesulfurispirillum

L. masc. adjective *varius*, different; L. neut. dim. n. *Desulfurispirillum*, An existing genus; *Varidesulfurispirillum*: A genus related to but distinct from the existing genus Desulfurispirillum of different.

Varidesulfurispora

L. masc. adjective *varius*, different; L. fem. n. *Desulfurispora*, An existing genus; *Varidesulfurispora*: A genus related to but distinct from the existing genus Desulfurispora of different.

Varidesulfurivibrio

L. masc. adjective *varius*, different; L. masc. n. *Desulfurivibrio*, An existing genus; *Varidesulfurivibrio*: A genus related to but distinct from the existing genus Desulfurivibrio of different.

Varidesulfurobacterium

L. masc. adjective *varius*, different; L. neut. n. *Desulfurobacterium*, An existing genus; *Varidesulfurobacterium*: A genus related to but distinct from the existing genus Desulfurobacterium of different.

Varidesulfurococcus

L. masc. adjective *varius*, different; L. masc. n. *Desulfurococcus*, An existing genus; *Varidesulfurococcus*: A genus related to but distinct from the existing genus Desulfurococcus of different.

Varidesulfuromonas

L. masc. adjective *varius*, different; L. fem. n. *Desulfuromonas*, An existing genus; *Varidesulfuromonas*: A genus related to but distinct from the existing genus Desulfuromonas of different.

Varidesulfuromusa

L. masc. adjective *varius*, different; L. fem. n. *Desulfuromusa*, An existing genus; *Varidesulfuromusa*: A genus related to but distinct from the existing genus Desulfuromusa of different.

Varidethiobacter

L. masc. adjective *varius*, different; L. masc. n. *Dethiobacter*, An existing genus; *Varidethiobacter*: A genus related to but distinct from the existing genus Dethiobacter of different.

Varidethiosulfatarculus

L. masc. adjective *varius*, different; L. masc. dim. n. *Dethiosulfatarculus*, An existing genus; *Varidethiosulfatarculus*: A genus related to but distinct from the existing genus Dethiosulfatarculus of different.

Varidethiosulfatibacter

L. masc. adjective *varius*, different; L. masc. n. *Dethiosulfatibacter*, An existing genus; *Varidethiosulfatibacter*: A genus related to but distinct from the existing genus Dethiosulfatibacter of different.

Varidethiosulfovibrio

L. masc. adjective *varius*, different; L. masc. n. *Dethiosulfovibrio*, An existing genus; *Varidethiosulfovibrio*: A genus related to but distinct from the existing genus Dethiosulfovibrio of different.

Varidevosia

L. masc. adjective *varius*, different; L. fem. n. *Devosia*, An existing genus; *Varidevosia*: A genus related to but distinct from the existing genus Devosia of different.

Varidevriesea

L. masc. adjective *varius*, different; L. fem. n. *Devriesea*, An existing genus; *Varidevriesea*: A genus related to but distinct from the existing genus Devriesea of different.

Varidiaminobutyricibacter

L. masc. adjective *varius*, different; L. masc. n. *Diaminobutyricibacter*, An existing genus; *Varidiaminobutyricibacter*: A genus related to but distinct from the existing genus Diaminobutyricibacter of different.

Varidiaminobutyricimonas

L. masc. adjective *varius*, different; L. fem. n. *Diaminobutyricimonas*, An existing genus; *Varidiaminobutyricimonas*: A genus related to but distinct from the existing genus Diaminobutyricimonas of different.

Varidiaphorobacter

L. masc. adjective *varius*, different; L. masc. n. *Diaphorobacter*, An existing genus; *Varidiaphorobacter*: A genus related to but distinct from the existing genus Diaphorobacter of different.

Varidichelobacter

L. masc. adjective *varius*, different; L. masc. n. *Dichelobacter*, An existing genus; *Varidichelobacter*: A genus related to but distinct from the existing genus Dichelobacter of different.

Varidichotomicrobium

L. masc. adjective *varius*, different; L. neut. n. *Dichotomicrobium*, An existing genus; *Varidichotomicrobium*: A genus related to but distinct from the existing genus Dichotomicrobium of different.

Varidickeya

L. masc. adjective *varius*, different; L. fem. n. *Dickeya*, An existing genus; *Varidickeya*: A genus related to but distinct from the existing genus Dickeya of different.

Varidictyobacter

L. masc. adjective *varius*, different; L. masc. n. *Dictyobacter*, An existing genus; *Varidictyobacter*: A genus related to but distinct from the existing genus Dictyobacter of different.

Varidictyoglomus

L. masc. adjective *varius*, different; L. neut. n. *Dictyoglomus*, An existing genus; *Varidictyoglomus*: A genus related to but distinct from the existing genus Dictyoglomus of different.

Varidielma

L. masc. adjective *varius*, different; L. fem. n. *Dielma*, An existing genus; *Varidielma*: A genus related to but distinct from the existing genus Dielma of different.

Varidietzia

L. masc. adjective *varius*, different; L. fem. n. *Dietzia*, An existing genus; *Varidietzia*: A genus related to but distinct from the existing genus Dietzia of different.

Varidinghuibacter

L. masc. adjective *varius*, different; L. masc. n. *Dinghuibacter*, An existing genus; *Varidinghuibacter*: A genus related to but distinct from the existing genus Dinghuibacter of different.

Varidinoroseobacter

L. masc. adjective *varius*, different; L. masc. n. *Dinoroseobacter*, An existing genus; *Varidinoroseobacter*: A genus related to but distinct from the existing genus Dinoroseobacter of different.

Varidiplocalyx

L. masc. adjective *varius*, different; L. masc. n. *Diplocalyx*, An existing genus; *Varidiplocalyx*: A genus related to but distinct from the existing genus Diplocalyx of different.

Varidiplorickettsia

L. masc. adjective *varius*, different; L. fem. n. *Diplorickettsia*, An existing genus; *Varidiplorickettsia*: A genus related to but distinct from the existing genus Diplorickettsia of different.

Varidiplosphaera

L. masc. adjective *varius*, different; L. fem. n. *Diplosphaera*, An existing genus; *Varidiplosphaera*: A genus related to but distinct from the existing genus Diplosphaera of different.

Varidissulfuribacter

L. masc. adjective *varius*, different; L. masc. n. *Dissulfuribacter*, An existing genus; *Varidissulfuribacter*: A genus related to but distinct from the existing genus Dissulfuribacter of different.

Varidissulfurimicrobium

L. masc. adjective *varius*, different; L. neut. n. *Dissulfurimicrobium*, An existing genus; *Varidissulfurimicrobium*: A genus related to but distinct from the existing genus Dissulfurimicrobium of different.

Varidissulfurirhabdus

L. masc. adjective *varius*, different; L. fem. n. *Dissulfurirhabdus*, An existing genus; *Varidissulfurirhabdus*: A genus related to but distinct from the existing genus Dissulfurirhabdus of different.

Varidokdonella

L. masc. adjective *varius*, different; L. fem. dim. n. *Dokdonella*, An existing genus; *Varidokdonella*: A genus related to but distinct from the existing genus Dokdonella of different.

Varidokdonia

L. masc. adjective *varius*, different; L. fem. n. *Dokdonia*, An existing genus; *Varidokdonia*: A genus related to but distinct from the existing genus Dokdonia of different.

Varidolosicoccus

L. masc. adjective *varius*, different; L. masc. n. *Dolosicoccus*, An existing genus; *Varidolosicoccus*: A genus related to but distinct from the existing genus Dolosicoccus of different.

Varidolosigranulum

L. masc. adjective *varius*, different; L. neut. n. *Dolosigranulum*, An existing genus; *Varidolosigranulum*: A genus related to but distinct from the existing genus Dolosigranulum of different.

Varidomibacillus

L. masc. adjective *varius*, different; L. masc. n. *Domibacillus*, An existing genus; *Varidomibacillus*: A genus related to but distinct from the existing genus Domibacillus of different.

Varidonghaeana

L. masc. adjective *varius*, different; L. fem. n. *Donghaeana*, An existing genus; *Varidonghaeana*: A genus related to but distinct from the existing genus Donghaeana of different.

Varidonghicola

L. masc. adjective *varius*, different; L. masc. n. *Donghicola*, An existing genus; *Varidonghicola*: A genus related to but distinct from the existing genus Donghicola of different.

Varidongia

L. masc. adjective *varius*, different; L. fem. n. *Dongia*, An existing genus; *Varidongia*: A genus related to but distinct from the existing genus Dongia of different.

Varidongshaea

L. masc. adjective *varius*, different; L. fem. n. *Dongshaea*, An existing genus; *Varidongshaea*: A genus related to but distinct from the existing genus Dongshaea of different.

Varidorea

L. masc. adjective *varius*, different; L. fem. n. *Dorea*, An existing genus; *Varidorea*: A genus related to but distinct from the existing genus Dorea of different.

Varidraconibacterium

L. masc. adjective *varius*, different; L. neut. n. *Draconibacterium*, An existing genus; *Varidraconibacterium*: A genus related to but distinct from the existing genus Draconibacterium of different.

Varidrancourtella

L. masc. adjective *varius*, different; L. fem. dim. n. *Drancourtella*, An existing genus; *Varidrancourtella*: A genus related to but distinct from the existing genus Drancourtella of different.

Varidrouetiella

L. masc. adjective *varius*, different; L. fem. dim. n. *Drouetiella*, An existing genus; *Varidrouetiella*: A genus related to but distinct from the existing genus Drouetiella of different.

Varidubosiella

L. masc. adjective *varius*, different; L. fem. dim. n. *Dubosiella*, An existing genus; *Varidubosiella*: A genus related to but distinct from the existing genus Dubosiella of different.

Variduganella

L. masc. adjective *varius*, different; L. fem. dim. n. *Duganella*, An existing genus; *Variduganella*: A genus related to but distinct from the existing genus Duganella of different.

Varidulcicalothrix

L. masc. adjective *varius*, different; L. fem. n. *Dulcicalothrix*, An existing genus; *Varidulcicalothrix*: A genus related to but distinct from the existing genus Dulcicalothrix of different.

Variduncaniella

L. masc. adjective *varius*, different; L. fem. dim. n. *Duncaniella*, An existing genus; *Variduncaniella*: A genus related to but distinct from the existing genus Duncaniella of different.

Varidyadobacter

L. masc. adjective *varius*, different; L. masc. n. *Dyadobacter*, An existing genus; *Varidyadobacter*: A genus related to but distinct from the existing genus Dyadobacter of different.

Varidyella

L. masc. adjective *varius*, different; L. fem. dim. n. *Dyella*, An existing genus; *Varidyella*: A genus related to but distinct from the existing genus Dyella of different.

Varidysgonomonas

L. masc. adjective *varius*, different; L. fem. n. *Dysgonomonas*, An existing genus; *Varidysgonomonas*: A genus related to but distinct from the existing genus Dysgonomonas of different.

Varidysosmobacter

L. masc. adjective *varius*, different; L. masc. n. *Dysosmobacter*, An existing genus; *Varidysosmobacter*: A genus related to but distinct from the existing genus Dysosmobacter of different.

Variechinicola

L. masc. adjective *varius*, different; L. fem. n. *Echinicola*, An existing genus; *Variechinicola*: A genus related to but distinct from the existing genus Echinicola of different.

Variechinimonas

L. masc. adjective *varius*, different; L. fem. n. *Echinimonas*, An existing genus; *Variechinimonas*: A genus related to but distinct from the existing genus Echinimonas of different.

Variectothiorhodosinus

L. masc. adjective *varius*, different; L. masc. n. *Ectothiorhodosinus*, An existing genus; *Variectothiorhodosinus*: A genus related to but distinct from the existing genus Ectothiorhodosinus of different.

Variectothiorhodospira

L. masc. adjective *varius*, different; L. fem. n. *Ectothiorhodospira*, An existing genus; *Variectothiorhodospira*: A genus related to but distinct from the existing genus Ectothiorhodospira of different.

Variedaphobacillus

L. masc. adjective *varius*, different; L. masc. n. *Edaphobacillus*, An existing genus; *Variedaphobacillus*: A genus related to but distinct from the existing genus Edaphobacillus of different.

Variedaphobacter

L. masc. adjective *varius*, different; L. masc. n. *Edaphobacter*, An existing genus; *Variedaphobacter*: A genus related to but distinct from the existing genus Edaphobacter of different.

Variedaphocola

L. masc. adjective *varius*, different; L. masc. n. *Edaphocola*, An existing genus; *Variedaphocola*: A genus related to but distinct from the existing genus Edaphocola of different.

Variedwardiiplasma

L. masc. adjective *varius*, different; L. neut. n. *Edwardiiplasma*, An existing genus; *Variedwardiiplasma*: A genus related to but distinct from the existing genus Edwardiiplasma of different.

Variedwardsiella

L. masc. adjective *varius*, different; L. fem. dim. n. *Edwardsiella*, An existing genus; *Variedwardsiella*: A genus related to but distinct from the existing genus Edwardsiella of different.

Varieffluviibacter

L. masc. adjective *varius*, different; L. masc. n. *Effluviibacter*, An existing genus; *Varieffluviibacter*: A genus related to but distinct from the existing genus Effluviibacter of different.

Varieffusibacillus

L. masc. adjective *varius*, different; L. masc. n. *Effusibacillus*, An existing genus; *Varieffusibacillus*: A genus related to but distinct from the existing genus Effusibacillus of different.

Varieggerthella

L. masc. adjective *varius*, different; L. fem. dim. n. *Eggerthella*, An existing genus; *Varieggerthella*: A genus related to but distinct from the existing genus Eggerthella of different.

Varieggerthia

L. masc. adjective *varius*, different; L. fem. n. *Eggerthia*, An existing genus; *Varieggerthia*: A genus related to but distinct from the existing genus Eggerthia of different.

Variegibacter

L. masc. adjective *varius*, different; L. masc. n. *Egibacter*, An existing genus; *Variegibacter*: A genus related to but distinct from the existing genus Egibacter of different.

Variegicoccus

L. masc. adjective *varius*, different; L. masc. n. *Egicoccus*, An existing genus; *Variegicoccus*: A genus related to but distinct from the existing genus Egicoccus of different.

Variehrlichia

L. masc. adjective *varius*, different; L. fem. n. *Ehrlichia*, An existing genus; *Variehrlichia*: A genus related to but distinct from the existing genus Ehrlichia of different.

Varieikenella

L. masc. adjective *varius*, different; L. fem. dim. n. *Eikenella*, An existing genus; *Varieikenella*: A genus related to but distinct from the existing genus Eikenella of different.

Varieilatimonas

L. masc. adjective *varius*, different; L. fem. n. *Eilatimonas*, An existing genus; *Varieilatimonas*: A genus related to but distinct from the existing genus Eilatimonas of different.

Varieionea

L. masc. adjective *varius*, different; L. fem. n. *Eionea*, An existing genus; *Varieionea*: A genus related to but distinct from the existing genus Eionea of different.

Varieisenbergiella

L. masc. adjective *varius*, different; L. fem. dim. n. *Eisenbergiella*, An existing genus; *Varieisenbergiella*: A genus related to but distinct from the existing genus Eisenbergiella of different.

Varieisenibacter

L. masc. adjective *varius*, different; L. masc. n. *Eisenibacter*, An existing genus; *Varieisenibacter*: A genus related to but distinct from the existing genus Eisenibacter of different.

Varielainella

L. masc. adjective *varius*, different; L. fem. dim. n. *Elainella*, An existing genus; *Varielainella*: A genus related to but distinct from the existing genus Elainella of different.

Varielioraea

L. masc. adjective *varius*, different; L. fem. n. *Elioraea*, An existing genus; *Varielioraea*: A genus related to but distinct from the existing genus Elioraea of different.

Varielizabethkingia

L. masc. adjective *varius*, different; L. fem. n. *Elizabethkingia*, An existing genus; *Varielizabethkingia*: A genus related to but distinct from the existing genus Elizabethkingia of different.

Variellagibacter

L. masc. adjective *varius*, different; L. masc. n. *Ellagibacter*, An existing genus; *Variellagibacter*: A genus related to but distinct from the existing genus Ellagibacter of different.

Varielstera

L. masc. adjective *varius*, different; L. fem. n. *Elstera*, An existing genus; *Varielstera*: A genus related to but distinct from the existing genus Elstera of different.

Varielusimicrobium

L. masc. adjective *varius*, different; L. neut. n. *Elusimicrobium*, An existing genus; *Varielusimicrobium*: A genus related to but distinct from the existing genus Elusimicrobium of different.

Varielytrosporangium

L. masc. adjective *varius*, different; L. neut. n. *Elytrosporangium*, An existing genus; *Varielytrosporangium*: A genus related to but distinct from the existing genus Elytrosporangium of different.

Variembleya

L. masc. adjective *varius*, different; L. fem. n. *Embleya*, An existing genus; *Variembleya*: A genus related to but distinct from the existing genus Embleya of different.

Variemcibacter

L. masc. adjective *varius*, different; L. masc. n. *Emcibacter*, An existing genus; *Variemcibacter*: A genus related to but distinct from the existing genus Emcibacter of different.

Variempedobacter

L. masc. adjective *varius*, different; L. masc. n. *Empedobacter*, An existing genus; *Variempedobacter*: A genus related to but distinct from the existing genus Empedobacter of different.

Variemticicia

L. masc. adjective *varius*, different; L. fem. n. *Emticicia*, An existing genus; *Variemticicia*: A genus related to but distinct from the existing genus Emticicia of different.

Variendobacter

L. masc. adjective *varius*, different; L. masc. n. *Endobacter*, An existing genus; *Variendobacter*: A genus related to but distinct from the existing genus Endobacter of different.

Variendobacterium

L. masc. adjective *varius*, different; L. neut. n. *Endobacterium*, An existing genus; *Variendobacterium*: A genus related to but distinct from the existing genus Endobacterium of different.

Variendomicrobium

L. masc. adjective *varius*, different; L. neut. n. *Endomicrobium*, An existing genus; *Variendomicrobium*: A genus related to but distinct from the existing genus Endomicrobium of different.

Variendothiovibrio

L. masc. adjective *varius*, different; L. masc. n. *Endothiovibrio*, An existing genus; *Variendothiovibrio*: A genus related to but distinct from the existing genus Endothiovibrio of different.

Variendozoicomonas

L. masc. adjective *varius*, different; L. fem. n. *Endozoicomonas*, An existing genus; *Variendozoicomonas*: A genus related to but distinct from the existing genus Endozoicomonas of different.

Varienhydrobacter

L. masc. adjective *varius*, different; L. masc. n. *Enhydrobacter*, An existing genus; *Varienhydrobacter*: A genus related to but distinct from the existing genus Enhydrobacter of different.

Varienhygromyxa

L. masc. adjective *varius*, different; L. fem. n. *Enhygromyxa*, An existing genus; *Varienhygromyxa*: A genus related to but distinct from the existing genus Enhygromyxa of different.

Varienorma

L. masc. adjective *varius*, different; L. fem. n. *Enorma*, An existing genus; *Varienorma*: A genus related to but distinct from the existing genus Enorma of different.

Variensifer

L. masc. adjective *varius*, different; L. masc. n. *Ensifer*, An existing genus; *Variensifer*: A genus related to but distinct from the existing genus Ensifer of different.

Varienteractinococcus

L. masc. adjective *varius*, different; L. masc. n. *Enteractinococcus*, An existing genus; *Varienteractinococcus*: A genus related to but distinct from the existing genus Enteractinococcus of different.

Varienterobacter

L. masc. adjective *varius*, different; L. masc. n. *Enterobacter*, An existing genus; *Varienterobacter*: A genus related to but distinct from the existing genus Enterobacter of different.

Varienterocloster

L. masc. adjective *varius*, different; L. masc. n. *Enterocloster*, An existing genus; *Varienterocloster*: A genus related to but distinct from the existing genus Enterocloster of different.

Varienterococcus

L. masc. adjective *varius*, different; L. masc. n. *Enterococcus*, An existing genus; *Varienterococcus*: A genus related to but distinct from the existing genus Enterococcus of different.

Varienterorhabdus

L. masc. adjective *varius*, different; L. fem. n. *Enterorhabdus*, An existing genus; *Varienterorhabdus*: A genus related to but distinct from the existing genus Enterorhabdus of different.

Varienteroscipio

L. masc. adjective *varius*, different; L. masc. n. *Enteroscipio*, An existing genus; *Varienteroscipio*: A genus related to but distinct from the existing genus Enteroscipio of different.

Varienterovibrio

L. masc. adjective *varius*, different; L. masc. n. *Enterovibrio*, An existing genus; *Varienterovibrio*: A genus related to but distinct from the existing genus Enterovibrio of different.

Varientomomonas

L. masc. adjective *varius*, different; L. fem. n. *Entomomonas*, An existing genus; *Varientomomonas*: A genus related to but distinct from the existing genus Entomomonas of different.

Varientomoplasma

L. masc. adjective *varius*, different; L. neut. n. *Entomoplasma*, An existing genus; *Varientomoplasma*: A genus related to but distinct from the existing genus Entomoplasma of different.

Varieperythrozoon

L. masc. adjective *varius*, different; L. neut. n. *Eperythrozoon*, An existing genus; *Varieperythrozoon*: A genus related to but distinct from the existing genus Eperythrozoon of different.

Variephemeroptericola

L. masc. adjective *varius*, different; L. masc. n. *Ephemeroptericola*, An existing genus; *Variephemeroptericola*: A genus related to but distinct from the existing genus Ephemeroptericola of different.

Variepibacterium

L. masc. adjective *varius*, different; L. neut. n. *Epibacterium*, An existing genus; *Variepibacterium*: A genus related to but distinct from the existing genus Epibacterium of different.

Variepidermidibacterium

L. masc. adjective *varius*, different; L. neut. n. *Epidermidibacterium*, An existing genus; *Variepidermidibacterium*: A genus related to but distinct from the existing genus Epidermidibacterium of different.

Variepigloeosphaera

L. masc. adjective *varius*, different; L. fem. n. *Epigloeosphaera*, An existing genus; *Variepigloeosphaera*: A genus related to but distinct from the existing genus Epigloeosphaera of different.

Variepilithonimonas

L. masc. adjective *varius*, different; L. fem. n. *Epilithonimonas*, An existing genus; *Variepilithonimonas*: A genus related to but distinct from the existing genus Epilithonimonas of different.

Variercella

L. masc. adjective *varius*, different; L. fem. dim. n. *Ercella*, An existing genus; *Variercella*: A genus related to but distinct from the existing genus Ercella of different.

Variereboglobus

L. masc. adjective *varius*, different; L. masc. n. *Ereboglobus*, An existing genus; *Variereboglobus*: A genus related to but distinct from the existing genus Ereboglobus of different.

Varieremococcus

L. masc. adjective *varius*, different; L. masc. n. *Eremococcus*, An existing genus; *Varieremococcus*: A genus related to but distinct from the existing genus Eremococcus of different.

Varierwinia

L. masc. adjective *varius*, different; L. fem. n. *Erwinia*, An existing genus; *Varierwinia*: A genus related to but distinct from the existing genus Erwinia of different.

Varierysipelothrix

L. masc. adjective *varius*, different; L. fem. n. *Erysipelothrix*, An existing genus; *Varierysipelothrix*: A genus related to but distinct from the existing genus Erysipelothrix of different.

Varierythrobacter

L. masc. adjective *varius*, different; L. masc. n. *Erythrobacter*, An existing genus; *Varierythrobacter*: A genus related to but distinct from the existing genus Erythrobacter of different.

Varierythromicrobium

L. masc. adjective *varius*, different; L. neut. n. *Erythromicrobium*, An existing genus; *Varierythromicrobium*: A genus related to but distinct from the existing genus Erythromicrobium of different.

Varierythromonas

L. masc. adjective *varius*, different; L. fem. n. *Erythromonas*, An existing genus; *Varierythromonas*: A genus related to but distinct from the existing genus Erythromonas of different.

Variescherichia

L. masc. adjective *varius*, different; L. fem. n. *Escherichia*, An existing genus; *Variescherichia*: A genus related to but distinct from the existing genus Escherichia of different.

Variethanoligenens

L. masc. adjective *varius*, different; L. neut. n. *Ethanoligenens*, An existing genus; *Variethanoligenens*: A genus related to but distinct from the existing genus Ethanoligenens of different.

Varieubacterium

L. masc. adjective *varius*, different; L. neut. n. *Eubacterium*, An existing genus; *Varieubacterium*: A genus related to but distinct from the existing genus Eubacterium of different.

Varieucapsis

L. masc. adjective *varius*, different; L. fem. n. *Eucapsis*, An existing genus; *Varieucapsis*: A genus related to but distinct from the existing genus Eucapsis of different.

Varieudoraea

L. masc. adjective *varius*, different; L. fem. n. *Eudoraea*, An existing genus; *Varieudoraea*: A genus related to but distinct from the existing genus Eudoraea of different.

Varieuryhalocaulis

L. masc. adjective *varius*, different; L. masc. n. *Euryhalocaulis*, An existing genus; *Varieuryhalocaulis*: A genus related to but distinct from the existing genus Euryhalocaulis of different.

Varieuzebya

L. masc. adjective *varius*, different; L. fem. n. *Euzebya*, An existing genus; *Varieuzebya*: A genus related to but distinct from the existing genus Euzebya of different.

Varieuzebyella

L. masc. adjective *varius*, different; L. fem. dim. n. *Euzebyella*, An existing genus; *Varieuzebyella*: A genus related to but distinct from the existing genus Euzebyella of different.

Variewamiania

L. masc. adjective *varius*, different; L. fem. n. *Ewamiania*, An existing genus; *Variewamiania*: A genus related to but distinct from the existing genus Ewamiania of different.

Variewingella

L. masc. adjective *varius*, different; L. fem. dim. n. *Ewingella*, An existing genus; *Variewingella*: A genus related to but distinct from the existing genus Ewingella of different.

Variexcellospora

L. masc. adjective *varius*, different; L. fem. n. *Excellospora*, An existing genus; *Variexcellospora*: A genus related to but distinct from the existing genus Excellospora of different.

Variexilibacterium

L. masc. adjective *varius*, different; L. neut. n. *Exilibacterium*, An existing genus; *Variexilibacterium*: A genus related to but distinct from the existing genus Exilibacterium of different.

Variexilispira

L. masc. adjective *varius*, different; L. fem. n. *Exilispira*, An existing genus; *Variexilispira*: A genus related to but distinct from the existing genus Exilispira of different.

Variextensimonas

L. masc. adjective *varius*, different; L. fem. n. *Extensimonas*, An existing genus; *Variextensimonas*: A genus related to but distinct from the existing genus Extensimonas of different.

Variextibacter

L. masc. adjective *varius*, different; L. masc. n. *Extibacter*, An existing genus; *Variextibacter*: A genus related to but distinct from the existing genus Extibacter of different.

Varifabibacter

L. masc. adjective *varius*, different; L. masc. n. *Fabibacter*, An existing genus; *Varifabibacter*: A genus related to but distinct from the existing genus Fabibacter of different.

Varifabivirga

L. masc. adjective *varius*, different; L. fem. n. *Fabivirga*, An existing genus; *Varifabivirga*: A genus related to but distinct from the existing genus Fabivirga of different.

Varifacilibium

L. masc. adjective *varius*, different; L. neut. n. *Facilibium*, An existing genus; *Varifacilibium*: A genus related to but distinct from the existing genus Facilibium of different.

Varifacklamia

L. masc. adjective *varius*, different; L. fem. n. *Facklamia*, An existing genus; *Varifacklamia*: A genus related to but distinct from the existing genus Facklamia of different.

Varifaecalibacillus

L. masc. adjective *varius*, different; L. masc. n. *Faecalibacillus*, An existing genus; *Varifaecalibacillus*: A genus related to but distinct from the existing genus Faecalibacillus of different.

Varifaecalibacter

L. masc. adjective *varius*, different; L. masc. n. *Faecalibacter*, An existing genus; *Varifaecalibacter*: A genus related to but distinct from the existing genus Faecalibacter of different.

Varifaecalibacterium

L. masc. adjective *varius*, different; L. neut. n. *Faecalibacterium*, An existing genus; *Varifaecalibacterium*: A genus related to but distinct from the existing genus Faecalibacterium of different.

Varifaecalibaculum

L. masc. adjective *varius*, different; L. neut. n. *Faecalibaculum*, An existing genus; *Varifaecalibaculum*: A genus related to but distinct from the existing genus Faecalibaculum of different.

Varifaecalicatena

L. masc. adjective *varius*, different; L. fem. n. *Faecalicatena*, An existing genus; *Varifaecalicatena*: A genus related to but distinct from the existing genus Faecalicatena of different.

Varifaecalicoccus

L. masc. adjective *varius*, different; L. masc. n. *Faecalicoccus*, An existing genus; *Varifaecalicoccus*: A genus related to but distinct from the existing genus Faecalicoccus of different.

Varifaecalimonas

L. masc. adjective *varius*, different; L. fem. n. *Faecalimonas*, An existing genus; *Varifaecalimonas*: A genus related to but distinct from the existing genus Faecalimonas of different.

Varifaecalitalea

L. masc. adjective *varius*, different; L. fem. n. *Faecalitalea*, An existing genus; *Varifaecalitalea*: A genus related to but distinct from the existing genus Faecalitalea of different.

Varifaenia

L. masc. adjective *varius*, different; L. fem. n. *Faenia*, An existing genus; *Varifaenia*: A genus related to but distinct from the existing genus Faenia of different.

Varifalcatimonas

L. masc. adjective *varius*, different; L. fem. n. *Falcatimonas*, An existing genus; *Varifalcatimonas*: A genus related to but distinct from the existing genus Falcatimonas of different.

Varifalsarthrobacter

L. masc. adjective *varius*, different; L. masc. n. *Falsarthrobacter*, An existing genus; *Varifalsarthrobacter*: A genus related to but distinct from the existing genus Falsarthrobacter of different.

Varifalsibacillus

L. masc. adjective *varius*, different; L. masc. n. *Falsibacillus*, An existing genus; *Varifalsibacillus*: A genus related to but distinct from the existing genus Falsibacillus of different.

Varifalsigemmobacter

L. masc. adjective *varius*, different; L. masc. n. *Falsigemmobacter*, An existing genus; *Varifalsigemmobacter*: A genus related to but distinct from the existing genus Falsigemmobacter of different.

Varifalsiporphyromonas

L. masc. adjective *varius*, different; L. fem. n. *Falsiporphyromonas*, An existing genus; *Varifalsiporphyromonas*: A genus related to but distinct from the existing genus Falsiporphyromonas of different.

Varifalsirhodobacter

L. masc. adjective *varius*, different; L. masc. n. *Falsirhodobacter*, An existing genus; *Varifalsirhodobacter*: A genus related to but distinct from the existing genus Falsirhodobacter of different.

Varifalsochrobactrum

L. masc. adjective *varius*, different; L. neut. n. *Falsochrobactrum*, An existing genus; *Varifalsochrobactrum*: A genus related to but distinct from the existing genus Falsochrobactrum of different.

Varifangia

L. masc. adjective *varius*, different; L. fem. n. *Fangia*, An existing genus; *Varifangia*: A genus related to but distinct from the existing genus Fangia of different.

Varifannyhessea

L. masc. adjective *varius*, different; L. fem. n. *Fannyhessea*, An existing genus; *Varifannyhessea*: A genus related to but distinct from the existing genus Fannyhessea of different.

Varifastidiosipila

L. masc. adjective *varius*, different; L. fem. n. *Fastidiosipila*, An existing genus; *Varifastidiosipila*: A genus related to but distinct from the existing genus Fastidiosipila of different.

Varifaucicola

L. masc. adjective *varius*, different; L. fem. n. *Faucicola*, An existing genus; *Varifaucicola*: A genus related to but distinct from the existing genus Faucicola of different.

Varifeifantangia

L. masc. adjective *varius*, different; L. fem. n. *Feifantangia*, An existing genus; *Varifeifantangia*: A genus related to but distinct from the existing genus Feifantangia of different.

Varifenollaria

L. masc. adjective *varius*, different; L. fem. n. *Fenollaria*, An existing genus; *Varifenollaria*: A genus related to but distinct from the existing genus Fenollaria of different.

Varifermentibacillus

L. masc. adjective *varius*, different; L. masc. n. *Fermentibacillus*, An existing genus; *Varifermentibacillus*: A genus related to but distinct from the existing genus Fermentibacillus of different.

Varifermentimonas

L. masc. adjective *varius*, different; L. fem. n. *Fermentimonas*, An existing genus; *Varifermentimonas*: A genus related to but distinct from the existing genus Fermentimonas of different.

Variferribacterium

L. masc. adjective *varius*, different; L. neut. n. *Ferribacterium*, An existing genus; *Variferribacterium*: A genus related to but distinct from the existing genus Ferribacterium of different.

Variferrigenium

L. masc. adjective *varius*, different; L. neut. n. *Ferrigenium*, An existing genus; *Variferrigenium*: A genus related to but distinct from the existing genus Ferrigenium of different.

Variferrimicrobium

L. masc. adjective *varius*, different; L. neut. n. *Ferrimicrobium*, An existing genus; *Variferrimicrobium*: A genus related to but distinct from the existing genus Ferrimicrobium of different.

Variferrimonas

L. masc. adjective *varius*, different; L. fem. n. *Ferrimonas*, An existing genus; *Variferrimonas*: A genus related to but distinct from the existing genus Ferrimonas of different.

Variferriphaselus

L. masc. adjective *varius*, different; L. masc. n. *Ferriphaselus*, An existing genus; *Variferriphaselus*: A genus related to but distinct from the existing genus Ferriphaselus of different.

Variferrithrix

L. masc. adjective *varius*, different; L. fem. n. *Ferrithrix*, An existing genus; *Variferrithrix*: A genus related to but distinct from the existing genus Ferrithrix of different.

Variferroglobus

L. masc. adjective *varius*, different; L. masc. n. *Ferroglobus*, An existing genus; *Variferroglobus*: A genus related to but distinct from the existing genus Ferroglobus of different.

Variferroplasma

L. masc. adjective *varius*, different; L. neut. n. *Ferroplasma*, An existing genus; *Variferroplasma*: A genus related to but distinct from the existing genus Ferroplasma of different.

Variferrovibrio

L. masc. adjective *varius*, different; L. masc. n. *Ferrovibrio*, An existing genus; *Variferrovibrio*: A genus related to but distinct from the existing genus Ferrovibrio of different.

Variferruginibacter

L. masc. adjective *varius*, different; L. masc. n. *Ferruginibacter*, An existing genus; *Variferruginibacter*: A genus related to but distinct from the existing genus Ferruginibacter of different.

Variferruginivarius

L. masc. adjective *varius*, different; L. masc. n. *Ferruginivarius*, An existing genus; *Variferruginivarius*: A genus related to but distinct from the existing genus Ferruginivarius of different.

Varifervidicella

L. masc. adjective *varius*, different; L. fem. n. *Fervidicella*, An existing genus; *Varifervidicella*: A genus related to but distinct from the existing genus Fervidicella of different.

Varifervidicoccus

L. masc. adjective *varius*, different; L. masc. n. *Fervidicoccus*, An existing genus; *Varifervidicoccus*: A genus related to but distinct from the existing genus Fervidicoccus of different.

Varifervidicola

L. masc. adjective *varius*, different; L. masc. n. *Fervidicola*, An existing genus; *Varifervidicola*: A genus related to but distinct from the existing genus Fervidicola of different.

Varifervidobacterium

L. masc. adjective *varius*, different; L. neut. n. *Fervidobacterium*, An existing genus; *Varifervidobacterium*: A genus related to but distinct from the existing genus Fervidobacterium of different.

Varifibrella

L. masc. adjective *varius*, different; L. fem. dim. n. *Fibrella*, An existing genus; *Varifibrella*: A genus related to but distinct from the existing genus Fibrella of different.

Varifibrisoma

L. masc. adjective *varius*, different; L. neut. n. *Fibrisoma*, An existing genus; *Varifibrisoma*: A genus related to but distinct from the existing genus Fibrisoma of different.

Varifibrobacter

L. masc. adjective *varius*, different; L. masc. n. *Fibrobacter*, An existing genus; *Varifibrobacter*: A genus related to but distinct from the existing genus Fibrobacter of different.

Varifictibacillus

L. masc. adjective *varius*, different; L. masc. n. *Fictibacillus*, An existing genus; *Varifictibacillus*: A genus related to but distinct from the existing genus Fictibacillus of different.

Varifilibacter

L. masc. adjective *varius*, different; L. masc. n. *Filibacter*, An existing genus; *Varifilibacter*: A genus related to but distinct from the existing genus Filibacter of different.

Varifilifactor

L. masc. adjective *varius*, different; L. masc. n. *Filifactor*, An existing genus; *Varifilifactor*: A genus related to but distinct from the existing genus Filifactor of different.

Varifilimonas

L. masc. adjective *varius*, different; L. fem. n. *Filimonas*, An existing genus; *Varifilimonas*: A genus related to but distinct from the existing genus Filimonas of different.

Varifilobacillus

L. masc. adjective *varius*, different; L. masc. n. *Filobacillus*, An existing genus; *Varifilobacillus*: A genus related to but distinct from the existing genus Filobacillus of different.

Varifilobacterium

L. masc. adjective *varius*, different; L. neut. n. *Filobacterium*, An existing genus; *Varifilobacterium*: A genus related to but distinct from the existing genus Filobacterium of different.

Varifilomicrobium

L. masc. adjective *varius*, different; L. neut. n. *Filomicrobium*, An existing genus; *Varifilomicrobium*: A genus related to but distinct from the existing genus Filomicrobium of different.

Varifimbriiglobus

L. masc. adjective *varius*, different; L. masc. n. *Fimbriiglobus*, An existing genus; *Varifimbriiglobus*: A genus related to but distinct from the existing genus Fimbriiglobus of different.

Varifimbriimonas

L. masc. adjective *varius*, different; L. fem. n. *Fimbriimonas*, An existing genus; *Varifimbriimonas*: A genus related to but distinct from the existing genus Fimbriimonas of different.

Varifinegoldia

L. masc. adjective *varius*, different; L. fem. n. *Finegoldia*, An existing genus; *Varifinegoldia*: A genus related to but distinct from the existing genus Finegoldia of different.

Variflagellimonas

L. masc. adjective *varius*, different; L. fem. n. *Flagellimonas*, An existing genus; *Variflagellimonas*: A genus related to but distinct from the existing genus Flagellimonas of different.

Variflammeovirga

L. masc. adjective *varius*, different; L. fem. n. *Flammeovirga*, An existing genus; *Variflammeovirga*: A genus related to but distinct from the existing genus Flammeovirga of different.

Variflaviaesturariibacter

L. masc. adjective *varius*, different; L. masc. n. *Flaviaesturariibacter*, An existing genus; *Variflaviaesturariibacter*: A genus related to but distinct from the existing genus Flaviaesturariibacter of different.

Variflavicella

L. masc. adjective *varius*, different; L. fem. n. *Flavicella*, An existing genus; *Variflavicella*: A genus related to but distinct from the existing genus Flavicella of different.

Variflaviflagellibacter

L. masc. adjective *varius*, different; L. masc. n. *Flaviflagellibacter*, An existing genus; *Variflaviflagellibacter*: A genus related to but distinct from the existing genus Flaviflagellibacter of different.

Variflaviflexus

L. masc. adjective *varius*, different; L. masc. n. *Flaviflexus*, An existing genus; *Variflaviflexus*: A genus related to but distinct from the existing genus Flaviflexus of different.

Variflavihumibacter

L. masc. adjective *varius*, different; L. masc. n. *Flavihumibacter*, An existing genus; *Variflavihumibacter*: A genus related to but distinct from the existing genus Flavihumibacter of different.

Variflavilitoribacter

L. masc. adjective *varius*, different; L. masc. n. *Flavilitoribacter*, An existing genus; *Variflavilitoribacter*: A genus related to but distinct from the existing genus Flavilitoribacter of different.

Variflavimaricola

L. masc. adjective *varius*, different; L. masc. n. *Flavimaricola*, An existing genus; *Variflavimaricola*: A genus related to but distinct from the existing genus Flavimaricola of different.

Variflavimarina

L. masc. adjective *varius*, different; L. fem. n. *Flavimarina*, An existing genus; *Variflavimarina*: A genus related to but distinct from the existing genus Flavimarina of different.

Variflavimobilis

L. masc. adjective *varius*, different; L. masc. n. *Flavimobilis*, An existing genus; *Variflavimobilis*: A genus related to but distinct from the existing genus Flavimobilis of different.

Variflavimonas

L. masc. adjective *varius*, different; L. fem. n. *Flavimonas*, An existing genus; *Variflavimonas*: A genus related to but distinct from the existing genus Flavimonas of different.

Variflavipsychrobacter

L. masc. adjective *varius*, different; L. masc. n. *Flavipsychrobacter*, An existing genus; *Variflavipsychrobacter*: A genus related to but distinct from the existing genus Flavipsychrobacter of different.

Variflaviramulus

L. masc. adjective *varius*, different; L. masc. dim. n. *Flaviramulus*, An existing genus; *Variflaviramulus*: A genus related to but distinct from the existing genus Flaviramulus of different.

Variflavirhabdus

L. masc. adjective *varius*, different; L. fem. n. *Flavirhabdus*, An existing genus; *Variflavirhabdus*: A genus related to but distinct from the existing genus Flavirhabdus of different.

Variflavisolibacter

L. masc. adjective *varius*, different; L. masc. n. *Flavisolibacter*, An existing genus; *Variflavisolibacter*: A genus related to but distinct from the existing genus Flavisolibacter of different.

Variflavitalea

L. masc. adjective *varius*, different; L. fem. n. *Flavitalea*, An existing genus; *Variflavitalea*: A genus related to but distinct from the existing genus Flavitalea of different.

Variflavivirga

L. masc. adjective *varius*, different; L. fem. n. *Flavivirga*, An existing genus; *Variflavivirga*: A genus related to but distinct from the existing genus Flavivirga of different.

Variflavobacterium

L. masc. adjective *varius*, different; L. neut. n. *Flavobacterium*, An existing genus; *Variflavobacterium*: A genus related to but distinct from the existing genus Flavobacterium of different.

Variflavonifractor

L. masc. adjective *varius*, different; L. masc. n. *Flavonifractor*, An existing genus; *Variflavonifractor*: A genus related to but distinct from the existing genus Flavonifractor of different.

Variflectobacillus

L. masc. adjective *varius*, different; L. masc. n. *Flectobacillus*, An existing genus; *Variflectobacillus*: A genus related to but distinct from the existing genus Flectobacillus of different.

Variflexibacter

L. masc. adjective *varius*, different; L. masc. n. *Flexibacter*, An existing genus; *Variflexibacter*: A genus related to but distinct from the existing genus Flexibacter of different.

Variflexilinea

L. masc. adjective *varius*, different; L. fem. n. *Flexilinea*, An existing genus; *Variflexilinea*: A genus related to but distinct from the existing genus Flexilinea of different.

Variflexistipes

L. masc. adjective *varius*, different; L. masc. n. *Flexistipes*, An existing genus; *Variflexistipes*: A genus related to but distinct from the existing genus Flexistipes of different.

Variflexithrix

L. masc. adjective *varius*, different; L. fem. n. *Flexithrix*, An existing genus; *Variflexithrix*: A genus related to but distinct from the existing genus Flexithrix of different.

Variflexivirga

L. masc. adjective *varius*, different; L. fem. n. *Flexivirga*, An existing genus; *Variflexivirga*: A genus related to but distinct from the existing genus Flexivirga of different.

Variflindersiella

L. masc. adjective *varius*, different; L. fem. dim. n. *Flindersiella*, An existing genus; *Variflindersiella*: A genus related to but distinct from the existing genus Flindersiella of different.

Variflintibacter

L. masc. adjective *varius*, different; L. masc. n. *Flintibacter*, An existing genus; *Variflintibacter*: A genus related to but distinct from the existing genus Flintibacter of different.

Varifloricoccus

L. masc. adjective *varius*, different; L. masc. n. *Floricoccus*, An existing genus; *Varifloricoccus*: A genus related to but distinct from the existing genus Floricoccus of different.

Varifluoribacter

L. masc. adjective *varius*, different; L. masc. n. *Fluoribacter*, An existing genus; *Varifluoribacter*: A genus related to but distinct from the existing genus Fluoribacter of different.

Varifluviibacterium

L. masc. adjective *varius*, different; L. neut. n. *Fluviibacterium*, An existing genus; *Varifluviibacterium*: A genus related to but distinct from the existing genus Fluviibacterium of different.

Varifluviicoccus

L. masc. adjective *varius*, different; L. masc. n. *Fluviicoccus*, An existing genus; *Varifluviicoccus*: A genus related to but distinct from the existing genus Fluviicoccus of different.

Varifluviicola

L. masc. adjective *varius*, different; L. masc. n. *Fluviicola*, An existing genus; *Varifluviicola*: A genus related to but distinct from the existing genus Fluviicola of different.

Varifluviimonas

L. masc. adjective *varius*, different; L. fem. n. *Fluviimonas*, An existing genus; *Varifluviimonas*: A genus related to but distinct from the existing genus Fluviimonas of different.

Varifluviispira

L. masc. adjective *varius*, different; L. fem. n. *Fluviispira*, An existing genus; *Varifluviispira*: A genus related to but distinct from the existing genus Fluviispira of different.

Varifodinibacter

L. masc. adjective *varius*, different; L. masc. n. *Fodinibacter*, An existing genus; *Varifodinibacter*: A genus related to but distinct from the existing genus Fodinibacter of different.

Varifodinibius

L. masc. adjective *varius*, different; L. masc. n. *Fodinibius*, An existing genus; *Varifodinibius*: A genus related to but distinct from the existing genus Fodinibius of different.

Varifodinicola

L. masc. adjective *varius*, different; L. masc. n. *Fodinicola*, An existing genus; *Varifodinicola*: A genus related to but distinct from the existing genus Fodinicola of different.

Varifodinicurvata

L. masc. adjective *varius*, different; L. fem. n. *Fodinicurvata*, An existing genus; *Varifodinicurvata*: A genus related to but distinct from the existing genus Fodinicurvata of different.

Varifoliisarcina

L. masc. adjective *varius*, different; L. fem. n. *Foliisarcina*, An existing genus; *Varifoliisarcina*: A genus related to but distinct from the existing genus Foliisarcina of different.

Varifontibacillus

L. masc. adjective *varius*, different; L. masc. n. *Fontibacillus*, An existing genus; *Varifontibacillus*: A genus related to but distinct from the existing genus Fontibacillus of different.

Varifontibacter

L. masc. adjective *varius*, different; L. masc. n. *Fontibacter*, An existing genus; *Varifontibacter*: A genus related to but distinct from the existing genus Fontibacter of different.

Varifonticella

L. masc. adjective *varius*, different; L. fem. n. *Fonticella*, An existing genus; *Varifonticella*: A genus related to but distinct from the existing genus Fonticella of different.

Varifontimonas

L. masc. adjective *varius*, different; L. fem. n. *Fontimonas*, An existing genus; *Varifontimonas*: A genus related to but distinct from the existing genus Fontimonas of different.

Variformivibrio

L. masc. adjective *varius*, different; L. masc. n. *Formivibrio*, An existing genus; *Variformivibrio*: A genus related to but distinct from the existing genus Formivibrio of different.

Variformosa

L. masc. adjective *varius*, different; L. fem. n. *Formosa*, An existing genus; *Variformosa*: A genus related to but distinct from the existing genus Formosa of different.

Variformosimonas

L. masc. adjective *varius*, different; L. fem. n. *Formosimonas*, An existing genus; *Variformosimonas*: A genus related to but distinct from the existing genus Formosimonas of different.

Varifournierella

L. masc. adjective *varius*, different; L. fem. dim. n. *Fournierella*, An existing genus; *Varifournierella*: A genus related to but distinct from the existing genus Fournierella of different.

Varifrancisella

L. masc. adjective *varius*, different; L. fem. dim. n. *Francisella*, An existing genus; *Varifrancisella*: A genus related to but distinct from the existing genus Francisella of different.

Varifranconibacter

L. masc. adjective *varius*, different; L. masc. n. *Franconibacter*, An existing genus; *Varifranconibacter*: A genus related to but distinct from the existing genus Franconibacter of different.

Varifrankia

L. masc. adjective *varius*, different; L. fem. n. *Frankia*, An existing genus; *Varifrankia*: A genus related to but distinct from the existing genus Frankia of different.

Varifrateuria

L. masc. adjective *varius*, different; L. fem. n. *Frateuria*, An existing genus; *Varifrateuria*: A genus related to but distinct from the existing genus Frateuria of different.

Varifrederiksenia

L. masc. adjective *varius*, different; L. fem. n. *Frederiksenia*, An existing genus; *Varifrederiksenia*: A genus related to but distinct from the existing genus Frederiksenia of different.

Varifretibacter

L. masc. adjective *varius*, different; L. masc. n. *Fretibacter*, An existing genus; *Varifretibacter*: A genus related to but distinct from the existing genus Fretibacter of different.

Varifretibacterium

L. masc. adjective *varius*, different; L. neut. n. *Fretibacterium*, An existing genus; *Varifretibacterium*: A genus related to but distinct from the existing genus Fretibacterium of different.

Varifriedmanniella

L. masc. adjective *varius*, different; L. fem. dim. n. *Friedmanniella*, An existing genus; *Varifriedmanniella*: A genus related to but distinct from the existing genus Friedmanniella of different.

Varifrigidibacter

L. masc. adjective *varius*, different; L. masc. n. *Frigidibacter*, An existing genus; *Varifrigidibacter*: A genus related to but distinct from the existing genus Frigidibacter of different.

Varifrigoribacterium

L. masc. adjective *varius*, different; L. neut. n. *Frigoribacterium*, An existing genus; *Varifrigoribacterium*: A genus related to but distinct from the existing genus Frigoribacterium of different.

Varifrischella

L. masc. adjective *varius*, different; L. fem. dim. n. *Frischella*, An existing genus; *Varifrischella*: A genus related to but distinct from the existing genus Frischella of different.

Varifrisingicoccus

L. masc. adjective *varius*, different; L. masc. n. *Frisingicoccus*, An existing genus; *Varifrisingicoccus*: A genus related to but distinct from the existing genus Frisingicoccus of different.

Varifrondibacter

L. masc. adjective *varius*, different; L. masc. n. *Frondibacter*, An existing genus; *Varifrondibacter*: A genus related to but distinct from the existing genus Frondibacter of different.

Varifrondicola

L. masc. adjective *varius*, different; L. masc. n. *Frondicola*, An existing genus; *Varifrondicola*: A genus related to but distinct from the existing genus Frondicola of different.

Varifrondihabitans

L. masc. adjective *varius*, different; L. masc. n. *Frondihabitans*, An existing genus; *Varifrondihabitans*: A genus related to but distinct from the existing genus Frondihabitans of different.

Varifructilactobacillus

L. masc. adjective *varius*, different; L. masc. n. *Fructilactobacillus*, An existing genus; *Varifructilactobacillus*: A genus related to but distinct from the existing genus Fructilactobacillus of different.

Varifructobacillus

L. masc. adjective *varius*, different; L. masc. n. *Fructobacillus*, An existing genus; *Varifructobacillus*: A genus related to but distinct from the existing genus Fructobacillus of different.

Varifuchsiella

L. masc. adjective *varius*, different; L. fem. dim. n. *Fuchsiella*, An existing genus; *Varifuchsiella*: A genus related to but distinct from the existing genus Fuchsiella of different.

Varifudania

L. masc. adjective *varius*, different; L. fem. n. *Fudania*, An existing genus; *Varifudania*: A genus related to but distinct from the existing genus Fudania of different.

Varifuerstia

L. masc. adjective *varius*, different; L. fem. n. *Fuerstia*, An existing genus; *Varifuerstia*: A genus related to but distinct from the existing genus Fuerstia of different.

Varifulvibacter

L. masc. adjective *varius*, different; L. masc. n. *Fulvibacter*, An existing genus; *Varifulvibacter*: A genus related to but distinct from the existing genus Fulvibacter of different.

Varifulvimarina

L. masc. adjective *varius*, different; L. fem. n. *Fulvimarina*, An existing genus; *Varifulvimarina*: A genus related to but distinct from the existing genus Fulvimarina of different.

Varifulvimonas

L. masc. adjective *varius*, different; L. fem. n. *Fulvimonas*, An existing genus; *Varifulvimonas*: A genus related to but distinct from the existing genus Fulvimonas of different.

Varifulvitalea

L. masc. adjective *varius*, different; L. fem. n. *Fulvitalea*, An existing genus; *Varifulvitalea*: A genus related to but distinct from the existing genus Fulvitalea of different.

Varifulvivirga

L. masc. adjective *varius*, different; L. fem. n. *Fulvivirga*, An existing genus; *Varifulvivirga*: A genus related to but distinct from the existing genus Fulvivirga of different.

Varifundibacter

L. masc. adjective *varius*, different; L. masc. n. *Fundibacter*, An existing genus; *Varifundibacter*: A genus related to but distinct from the existing genus Fundibacter of different.

Varifundicoccus

L. masc. adjective *varius*, different; L. masc. n. *Fundicoccus*, An existing genus; *Varifundicoccus*: A genus related to but distinct from the existing genus Fundicoccus of different.

Varifurfurilactobacillus

L. masc. adjective *varius*, different; L. masc. n. *Furfurilactobacillus*, An existing genus; *Varifurfurilactobacillus*: A genus related to but distinct from the existing genus Furfurilactobacillus of different.

Varifuscovulum

L. masc. adjective *varius*, different; L. neut. n. *Fuscovulum*, An existing genus; *Varifuscovulum*: A genus related to but distinct from the existing genus Fuscovulum of different.

Varifusibacter

L. masc. adjective *varius*, different; L. masc. n. *Fusibacter*, An existing genus; *Varifusibacter*: A genus related to but distinct from the existing genus Fusibacter of different.

Varifusicatenibacter

L. masc. adjective *varius*, different; L. masc. n. *Fusicatenibacter*, An existing genus; *Varifusicatenibacter*: A genus related to but distinct from the existing genus Fusicatenibacter of different.

Varifusimonas

L. masc. adjective *varius*, different; L. fem. n. *Fusimonas*, An existing genus; *Varifusimonas*: A genus related to but distinct from the existing genus Fusimonas of different.

Varifusobacterium

L. masc. adjective *varius*, different; L. neut. n. *Fusobacterium*, An existing genus; *Varifusobacterium*: A genus related to but distinct from the existing genus Fusobacterium of different.

Varigabonia

L. masc. adjective *varius*, different; L. fem. n. *Gabonia*, An existing genus; *Varigabonia*: A genus related to but distinct from the existing genus Gabonia of different.

Varigabonibacter

L. masc. adjective *varius*, different; L. masc. n. *Gabonibacter*, An existing genus; *Varigabonibacter*: A genus related to but distinct from the existing genus Gabonibacter of different.

Varigaetbulibacter

L. masc. adjective *varius*, different; L. masc. n. *Gaetbulibacter*, An existing genus; *Varigaetbulibacter*: A genus related to but distinct from the existing genus Gaetbulibacter of different.

Varigaetbulicola

L. masc. adjective *varius*, different; L. masc. n. *Gaetbulicola*, An existing genus; *Varigaetbulicola*: A genus related to but distinct from the existing genus Gaetbulicola of different.

Varigaetbulimicrobium

L. masc. adjective *varius*, different; L. neut. n. *Gaetbulimicrobium*, An existing genus; *Varigaetbulimicrobium*: A genus related to but distinct from the existing genus Gaetbulimicrobium of different.

Varigaiella

L. masc. adjective *varius*, different; L. fem. dim. n. *Gaiella*, An existing genus; *Varigaiella*: A genus related to but distinct from the existing genus Gaiella of different.

Varigalbibacter

L. masc. adjective *varius*, different; L. masc. n. *Galbibacter*, An existing genus; *Varigalbibacter*: A genus related to but distinct from the existing genus Galbibacter of different.

Varigalbitalea

L. masc. adjective *varius*, different; L. fem. n. *Galbitalea*, An existing genus; *Varigalbitalea*: A genus related to but distinct from the existing genus Galbitalea of different.

Varigallaecimonas

L. masc. adjective *varius*, different; L. fem. n. *Gallaecimonas*, An existing genus; *Varigallaecimonas*: A genus related to but distinct from the existing genus Gallaecimonas of different.

Varigallibacterium

L. masc. adjective *varius*, different; L. neut. n. *Gallibacterium*, An existing genus; *Varigallibacterium*: A genus related to but distinct from the existing genus Gallibacterium of different.

Varigallicola

L. masc. adjective *varius*, different; L. masc. n. *Gallicola*, An existing genus; *Varigallicola*: A genus related to but distinct from the existing genus Gallicola of different.

Varigallionella

L. masc. adjective *varius*, different; L. fem. dim. n. *Gallionella*, An existing genus; *Varigallionella*: A genus related to but distinct from the existing genus Gallionella of different.

Varigalliscardovia

L. masc. adjective *varius*, different; L. fem. n. *Galliscardovia*, An existing genus; *Varigalliscardovia*: A genus related to but distinct from the existing genus Galliscardovia of different.

Varigandjariella

L. masc. adjective *varius*, different; L. fem. dim. n. *Gandjariella*, An existing genus; *Varigandjariella*: A genus related to but distinct from the existing genus Gandjariella of different.

Varigangjinia

L. masc. adjective *varius*, different; L. fem. n. *Gangjinia*, An existing genus; *Varigangjinia*: A genus related to but distinct from the existing genus Gangjinia of different.

Varigarciella

L. masc. adjective *varius*, different; L. fem. dim. n. *Garciella*, An existing genus; *Varigarciella*: A genus related to but distinct from the existing genus Garciella of different.

Varigardnerella

L. masc. adjective *varius*, different; L. fem. dim. n. *Gardnerella*, An existing genus; *Varigardnerella*: A genus related to but distinct from the existing genus Gardnerella of different.

Varigaricola

L. masc. adjective *varius*, different; L. masc. n. *Garicola*, An existing genus; *Varigaricola*: A genus related to but distinct from the existing genus Garicola of different.

Varigarritya

L. masc. adjective *varius*, different; L. fem. n. *Garritya*, An existing genus; *Varigarritya*: A genus related to but distinct from the existing genus Garritya of different.

Varigayadomonas

L. masc. adjective *varius*, different; L. fem. n. *Gayadomonas*, An existing genus; *Varigayadomonas*: A genus related to but distinct from the existing genus Gayadomonas of different.

Varigelatiniphilus

L. masc. adjective *varius*, different; L. masc. n. *Gelatiniphilus*, An existing genus; *Varigelatiniphilus*: A genus related to but distinct from the existing genus Gelatiniphilus of different.

Varigelidibacter

L. masc. adjective *varius*, different; L. masc. n. *Gelidibacter*, An existing genus; *Varigelidibacter*: A genus related to but distinct from the existing genus Gelidibacter of different.

Varigellertiella

L. masc. adjective *varius*, different; L. fem. dim. n. *Gellertiella*, An existing genus; *Varigellertiella*: A genus related to but distinct from the existing genus Gellertiella of different.

Varigelria

L. masc. adjective *varius*, different; L. fem. n. *Gelria*, An existing genus; *Varigelria*: A genus related to but distinct from the existing genus Gelria of different.

Varigemella

L. masc. adjective *varius*, different; L. fem. dim. n. *Gemella*, An existing genus; *Varigemella*: A genus related to but distinct from the existing genus Gemella of different.

Varigeminicoccus

L. masc. adjective *varius*, different; L. masc. n. *Geminicoccus*, An existing genus; *Varigeminicoccus*: A genus related to but distinct from the existing genus Geminicoccus of different.

Varigeminisphaera

L. masc. adjective *varius*, different; L. fem. n. *Geminisphaera*, An existing genus; *Varigeminisphaera*: A genus related to but distinct from the existing genus Geminisphaera of different.

Varigeminobacterium

L. masc. adjective *varius*, different; L. neut. n. *Geminobacterium*, An existing genus; *Varigeminobacterium*: A genus related to but distinct from the existing genus Geminobacterium of different.

Varigemmata

L. masc. adjective *varius*, different; L. fem. n. *Gemmata*, An existing genus; *Varigemmata*: A genus related to but distinct from the existing genus Gemmata of different.

Varigemmatimonas

L. masc. adjective *varius*, different; L. fem. n. *Gemmatimonas*, An existing genus; *Varigemmatimonas*: A genus related to but distinct from the existing genus Gemmatimonas of different.

Varigemmatirosa

L. masc. adjective *varius*, different; L. fem. n. *Gemmatirosa*, An existing genus; *Varigemmatirosa*: A genus related to but distinct from the existing genus Gemmatirosa of different.

Varigemmiger

L. masc. adjective *varius*, different; L. masc. n. *Gemmiger*, An existing genus; *Varigemmiger*: A genus related to but distinct from the existing genus Gemmiger of different.

Varigeoalkalibacter

L. masc. adjective *varius*, different; L. masc. n. *Geoalkalibacter*, An existing genus; *Varigeoalkalibacter*: A genus related to but distinct from the existing genus Geoalkalibacter of different.

Varigeobacillus

L. masc. adjective *varius*, different; L. masc. n. *Geobacillus*, An existing genus; *Varigeobacillus*: A genus related to but distinct from the existing genus Geobacillus of different.

Varigeobacter

L. masc. adjective *varius*, different; L. masc. n. *Geobacter*, An existing genus; *Varigeobacter*: A genus related to but distinct from the existing genus Geobacter of different.

Varigeodermatophilus

L. masc. adjective *varius*, different; L. masc. n. *Geodermatophilus*, An existing genus; *Varigeodermatophilus*: A genus related to but distinct from the existing genus Geodermatophilus of different.

Varigeofilum

L. masc. adjective *varius*, different; L. neut. n. *Geofilum*, An existing genus; *Varigeofilum*: A genus related to but distinct from the existing genus Geofilum of different.

Varigeoglobus

L. masc. adjective *varius*, different; L. masc. n. *Geoglobus*, An existing genus; *Varigeoglobus*: A genus related to but distinct from the existing genus Geoglobus of different.

Varigeojedonia

L. masc. adjective *varius*, different; L. fem. n. *Geojedonia*, An existing genus; *Varigeojedonia*: A genus related to but distinct from the existing genus Geojedonia of different.

Varigeomicrobium

L. masc. adjective *varius*, different; L. neut. n. *Geomicrobium*, An existing genus; *Varigeomicrobium*: A genus related to but distinct from the existing genus Geomicrobium of different.

Varigeomonas

L. masc. adjective *varius*, different; L. fem. n. *Geomonas*, An existing genus; *Varigeomonas*: A genus related to but distinct from the existing genus Geomonas of different.

Varigeopsychrobacter

L. masc. adjective *varius*, different; L. masc. n. *Geopsychrobacter*, An existing genus; *Varigeopsychrobacter*: A genus related to but distinct from the existing genus Geopsychrobacter of different.

Varigeorgenia

L. masc. adjective *varius*, different; L. fem. n. *Georgenia*, An existing genus; *Varigeorgenia*: A genus related to but distinct from the existing genus Georgenia of different.

Varigeorgfuchsia

L. masc. adjective *varius*, different; L. fem. n. *Georgfuchsia*, An existing genus; *Varigeorgfuchsia*: A genus related to but distinct from the existing genus Georgfuchsia of different.

Varigeorhizobium

L. masc. adjective *varius*, different; L. neut. n. *Georhizobium*, An existing genus; *Varigeorhizobium*: A genus related to but distinct from the existing genus Georhizobium of different.

Varigeosporobacter

L. masc. adjective *varius*, different; L. masc. n. *Geosporobacter*, An existing genus; *Varigeosporobacter*: A genus related to but distinct from the existing genus Geosporobacter of different.

Varigeothermobacter

L. masc. adjective *varius*, different; L. masc. n. *Geothermobacter*, An existing genus; *Varigeothermobacter*: A genus related to but distinct from the existing genus Geothermobacter of different.

Varigeothermobacterium

L. masc. adjective *varius*, different; L. neut. n. *Geothermobacterium*, An existing genus; *Varigeothermobacterium*: A genus related to but distinct from the existing genus Geothermobacterium of different.

Varigeothermomicrobium

L. masc. adjective *varius*, different; L. neut. n. *Geothermomicrobium*, An existing genus; *Varigeothermomicrobium*: A genus related to but distinct from the existing genus Geothermomicrobium of different.

Varigeothrix

L. masc. adjective *varius*, different; L. fem. n. *Geothrix*, An existing genus; *Varigeothrix*: A genus related to but distinct from the existing genus Geothrix of different.

Varigeotoga

L. masc. adjective *varius*, different; L. fem. n. *Geotoga*, An existing genus; *Varigeotoga*: A genus related to but distinct from the existing genus Geotoga of different.

Varigeovibrio

L. masc. adjective *varius*, different; L. masc. n. *Geovibrio*, An existing genus; *Varigeovibrio*: A genus related to but distinct from the existing genus Geovibrio of different.

Varighiorsea

L. masc. adjective *varius*, different; L. fem. n. *Ghiorsea*, An existing genus; *Varighiorsea*: A genus related to but distinct from the existing genus Ghiorsea of different.

Varigibbsiella

L. masc. adjective *varius*, different; L. fem. dim. n. *Gibbsiella*, An existing genus; *Varigibbsiella*: A genus related to but distinct from the existing genus Gibbsiella of different.

Varigiesbergeria

L. masc. adjective *varius*, different; L. fem. n. *Giesbergeria*, An existing genus; *Varigiesbergeria*: A genus related to but distinct from the existing genus Giesbergeria of different.

Varigilliamella

L. masc. adjective *varius*, different; L. fem. dim. n. *Gilliamella*, An existing genus; *Varigilliamella*: A genus related to but distinct from the existing genus Gilliamella of different.

Varigillisia

L. masc. adjective *varius*, different; L. fem. n. *Gillisia*, An existing genus; *Varigillisia*: A genus related to but distinct from the existing genus Gillisia of different.

Varigilvibacter

L. masc. adjective *varius*, different; L. masc. n. *Gilvibacter*, An existing genus; *Varigilvibacter*: A genus related to but distinct from the existing genus Gilvibacter of different.

Varigilvimarinus

L. masc. adjective *varius*, different; L. masc. n. *Gilvimarinus*, An existing genus; *Varigilvimarinus*: A genus related to but distinct from the existing genus Gilvimarinus of different.

Varigimesia

L. masc. adjective *varius*, different; L. fem. n. *Gimesia*, An existing genus; *Varigimesia*: A genus related to but distinct from the existing genus Gimesia of different.

Variglaciecola

L. masc. adjective *varius*, different; L. fem. n. *Glaciecola*, An existing genus; *Variglaciecola*: A genus related to but distinct from the existing genus Glaciecola of different.

Variglaciibacter

L. masc. adjective *varius*, different; L. masc. n. *Glaciibacter*, An existing genus; *Variglaciibacter*: A genus related to but distinct from the existing genus Glaciibacter of different.

Variglaciihabitans

L. masc. adjective *varius*, different; L. masc. n. *Glaciihabitans*, An existing genus; *Variglaciihabitans*: A genus related to but distinct from the existing genus Glaciihabitans of different.

Variglaciimonas

L. masc. adjective *varius*, different; L. fem. n. *Glaciimonas*, An existing genus; *Variglaciimonas*: A genus related to but distinct from the existing genus Glaciimonas of different.

Variglaesserella

L. masc. adjective *varius*, different; L. fem. dim. n. *Glaesserella*, An existing genus; *Variglaesserella*: A genus related to but distinct from the existing genus Glaesserella of different.

Varigleimia

L. masc. adjective *varius*, different; L. fem. n. *Gleimia*, An existing genus; *Varigleimia*: A genus related to but distinct from the existing genus Gleimia of different.

Variglobicatella

L. masc. adjective *varius*, different; L. fem. dim. n. *Globicatella*, An existing genus; *Variglobicatella*: A genus related to but distinct from the existing genus Globicatella of different.

Varigloeobacter

L. masc. adjective *varius*, different; L. masc. n. *Gloeobacter*, An existing genus; *Varigloeobacter*: A genus related to but distinct from the existing genus Gloeobacter of different.

Varigloeomargarita

L. masc. adjective *varius*, different; L. fem. n. *Gloeomargarita*, An existing genus; *Varigloeomargarita*: A genus related to but distinct from the existing genus Gloeomargarita of different.

Varigluceraba cter

L. masc. adjective *varius*, different; L. masc. n. *Glucerabacter*, An existing genus; *Varigluceraba cter*: A genus related to but distinct from the existing genus Glucerabacter of different.

Varigluconacetobacter

L. masc. adjective *varius*, different; L. masc. n. *Gluconacetobacter*, An existing genus; *Varigluconacetobacter*: A genus related to but distinct from the existing genus Gluconacetobacter of different.

Varigluconobacter

L. masc. adjective *varius*, different; L. masc. n. *Gluconobacter*, An existing genus; *Varigluconobacter*: A genus related to but distinct from the existing genus Gluconobacter of different.

Variglutamicibacter

L. masc. adjective *varius*, different; L. masc. n. *Glutamicibacter*, An existing genus; *Variglutamicibacter*: A genus related to but distinct from the existing genus Glutamicibacter of different.

Variglycocaulis

L. masc. adjective *varius*, different; L. masc. n. *Glycocaulis*, An existing genus; *Variglycocaulis*: A genus related to but distinct from the existing genus Glycocaulis of different.

Variglycomyces

L. masc. adjective *varius*, different; L. masc. n. *Glycomyces*, An existing genus; *Variglycomyces*: A genus related to but distinct from the existing genus Glycomyces of different.

Varigodleya

L. masc. adjective *varius*, different; L. fem. n. *Godleya*, An existing genus; *Varigodleya*: A genus related to but distinct from the existing genus Godleya of different.

Varigomontiella

L. masc. adjective *varius*, different; L. fem. dim. n. *Gomontiella*, An existing genus; *Varigomontiella*: A genus related to but distinct from the existing genus Gomontiella of different.

Varigoodfellowia

L. masc. adjective *varius*, different; L. fem. n. *Goodfellowia*, An existing genus; *Varigoodfellowia*: A genus related to but distinct from the existing genus Goodfellowia of different.

Varigoodfellowiella

L. masc. adjective *varius*, different; L. fem. dim. n. *Goodfellowiella*, An existing genus; *Varigoodfellowiella*: A genus related to but distinct from the existing genus Goodfellowiella of different.

Varigordona

L. masc. adjective *varius*, different; L. fem. n. *Gordona*, An existing genus; *Varigordona*: A genus related to but distinct from the existing genus Gordona of different.

Varigordonia

L. masc. adjective *varius*, different; L. fem. n. *Gordonia*, An existing genus; *Varigordonia*: A genus related to but distinct from the existing genus Gordonia of different.

Varigordonibacter

L. masc. adjective *varius*, different; L. masc. n. *Gordonibacter*, An existing genus; *Varigordonibacter*: A genus related to but distinct from the existing genus Gordonibacter of different.

Varigorillibacterium

L. masc. adjective *varius*, different; L. neut. n. *Gorillibacterium*, An existing genus; *Varigorillibacterium*: A genus related to but distinct from the existing genus Gorillibacterium of different.

Varigottschalkia

L. masc. adjective *varius*, different; L. fem. n. *Gottschalkia*, An existing genus; *Varigottschalkia*: A genus related to but distinct from the existing genus Gottschalkia of different.

Varigracilibacillus

L. masc. adjective *varius*, different; L. masc. n. *Gracilibacillus*, An existing genus; *Varigracilibacillus*: A genus related to but distinct from the existing genus Gracilibacillus of different.

Varigracilibacter

L. masc. adjective *varius*, different; L. masc. n. *Gracilibacter*, An existing genus; *Varigracilibacter*: A genus related to but distinct from the existing genus Gracilibacter of different.

Varigracilimonas

L. masc. adjective *varius*, different; L. fem. n. *Gracilimonas*, An existing genus; *Varigracilimonas*: A genus related to but distinct from the existing genus Gracilimonas of different.

Varigrahamella

L. masc. adjective *varius*, different; L. fem. dim. n. *Grahamella*, An existing genus; *Varigrahamella*: A genus related to but distinct from the existing genus Grahamella of different.

Varigramella

L. masc. adjective *varius*, different; L. fem. dim. n. *Gramella*, An existing genus; *Varigramella*: A genus related to but distinct from the existing genus Gramella of different.

Varigranulibacter

L. masc. adjective *varius*, different; L. masc. n. *Granulibacter*, An existing genus; *Varigranulibacter*: A genus related to but distinct from the existing genus Granulibacter of different.

Varigranulicella

L. masc. adjective *varius*, different; L. fem. n. *Granulicella*, An existing genus; *Varigranulicella*: A genus related to but distinct from the existing genus Granulicella of different.

Varigranulicoccus

L. masc. adjective *varius*, different; L. masc. n. *Granulicoccus*, An existing genus; *Varigranulicoccus*: A genus related to but distinct from the existing genus Granulicoccus of different.

Varigranulosicoccus

L. masc. adjective *varius*, different; L. masc. n. *Granulosicoccus*, An existing genus; *Varigranulosicoccus*: A genus related to but distinct from the existing genus Granulosicoccus of different.

Varigrimontia

L. masc. adjective *varius*, different; L. fem. n. *Grimontia*, An existing genus; *Varigrimontia*: A genus related to but distinct from the existing genus Grimontia of different.

Varigryllotalpicola

L. masc. adjective *varius*, different; L. masc. n. *Gryllotalpicola*, An existing genus; *Varigryllotalpicola*: A genus related to but distinct from the existing genus Gryllotalpicola of different.

Varigudongella

L. masc. adjective *varius*, different; L. fem. dim. n. *Gudongella*, An existing genus; *Varigudongella*: A genus related to but distinct from the existing genus Gudongella of different.

Variguggenheimella

L. masc. adjective *varius*, different; L. fem. dim. n. *Guggenheimella*, An existing genus; *Variguggenheimella*: A genus related to but distinct from the existing genus Guggenheimella of different.

Varigulbenkiania

L. masc. adjective *varius*, different; L. fem. n. *Gulbenkiania*, An existing genus; *Varigulbenkiania*: A genus related to but distinct from the existing genus Gulbenkiania of different.

Varigulosibacter

L. masc. adjective *varius*, different; L. masc. n. *Gulosibacter*, An existing genus; *Varigulosibacter*: A genus related to but distinct from the existing genus Gulosibacter of different.

Variguyparkeria

L. masc. adjective *varius*, different; L. fem. n. *Guyparkeria*, An existing genus; *Variguyparkeria*: A genus related to but distinct from the existing genus Guyparkeria of different.

Varigynuella

L. masc. adjective *varius*, different; L. fem. dim. n. *Gynuella*, An existing genus; *Varigynuella*: A genus related to but distinct from the existing genus Gynuella of different.

Varigynurincola

L. masc. adjective *varius*, different; L. masc. n. *Gynurincola*, An existing genus; *Varigynurincola*: A genus related to but distinct from the existing genus Gynurincola of different.

Varihaematomicrobium

L. masc. adjective *varius*, different; L. neut. n. *Haematomicrobium*, An existing genus; *Varihaematomicrobium*: A genus related to but distinct from the existing genus Haematomicrobium of different.

Varihaemobartonella

L. masc. adjective *varius*, different; L. fem. dim. n. *Haemobartonella*, An existing genus; *Varihaemobartonella*: A genus related to but distinct from the existing genus Haemobartonella of different.

Varihaemophilus

L. masc. adjective *varius*, different; L. masc. n. *Haemophilus*, An existing genus; *Varihaemophilus*: A genus related to but distinct from the existing genus Haemophilus of different.

Varihahella

L. masc. adjective *varius*, different; L. fem. dim. n. *Hahella*, An existing genus; *Varihahella*: A genus related to but distinct from the existing genus Hahella of different.

Varihahyoungchilella

L. masc. adjective *varius*, different; L. fem. dim. n. *Hahyoungchilella*, An existing genus; *Varihahyoungchilella*: A genus related to but distinct from the existing genus Hahyoungchilella of different.

Varihaladaptatus

L. masc. adjective *varius*, different; L. masc. n. *Haladaptatus*, An existing genus; *Varihaladaptatus*: A genus related to but distinct from the existing genus Haladaptatus of different.

Varihalalkaliarchaeum

L. masc. adjective *varius*, different; L. neut. n. *Halalkaliarchaeum*, An existing genus; *Varihalalkaliarchaeum*: A genus related to but distinct from the existing genus Halalkaliarchaeum of different.

Varihalalkalibacillus

L. masc. adjective *varius*, different; L. masc. n. *Halalkalibacillus*, An existing genus; *Varihalalkalibacillus*: A genus related to but distinct from the existing genus Halalkalibacillus of different.

Varihalalkalicoccus

L. masc. adjective *varius*, different; L. masc. n. *Halalkalicoccus*, An existing genus; *Varihalalkalicoccus*: A genus related to but distinct from the existing genus Halalkalicoccus of different.

Varihalanaeroarchaeum

L. masc. adjective *varius*, different; L. neut. n. *Halanaeroarchaeum*, An existing genus; *Varihalanaeroarchaeum*: A genus related to but distinct from the existing genus Halanaeroarchaeum of different.

Varihalanaerobacter

L. masc. adjective *varius*, different; L. masc. n. *Halanaerobacter*, An existing genus; *Varihalanaerobacter*: A genus related to but distinct from the existing genus Halanaerobacter of different.

Varihalanaerobium

L. masc. adjective *varius*, different; L. neut. n. *Halanaerobium*, An existing genus; *Varihalanaerobium*: A genus related to but distinct from the existing genus Halanaerobium of different.

Varihalanaerocella

L. masc. adjective *varius*, different; L. fem. n. *Halanaerocella*, An existing genus; *Varihalanaerocella*: A genus related to but distinct from the existing genus Halanaerocella of different.

Varihalapricum

L. masc. adjective *varius*, different; L. neut. n. *Halapricum*, An existing genus; *Varihalapricum*: A genus related to but distinct from the existing genus Halapricum of different.

Varihalarchaeum

L. masc. adjective *varius*, different; L. neut. n. *Halarchaeum*, An existing genus; *Varihalarchaeum*: A genus related to but distinct from the existing genus Halarchaeum of different.

Varihalarsenatibacter

L. masc. adjective *varius*, different; L. masc. n. *Halarsenatibacter*, An existing genus; *Varihalarsenatibacter*: A genus related to but distinct from the existing genus Halarsenatibacter of different.

Varihalegenticoccus

L. masc. adjective *varius*, different; L. masc. n. *Halegenticoccus*, An existing genus; *Varihalegenticoccus*: A genus related to but distinct from the existing genus Halegenticoccus of different.

Varihaliangium

L. masc. adjective *varius*, different; L. neut. n. *Haliangium*, An existing genus; *Varihaliangium*: A genus related to but distinct from the existing genus Haliangium of different.

Varihaliea

L. masc. adjective *varius*, different; L. fem. n. *Haliea*, An existing genus; *Varihaliea*: A genus related to but distinct from the existing genus Haliea of different.

Varihalioglobus

L. masc. adjective *varius*, different; L. masc. n. *Halioglobus*, An existing genus; *Varihalioglobus*: A genus related to but distinct from the existing genus Halioglobus of different.

Varihalioxenophilus

L. masc. adjective *varius*, different; L. masc. n. *Halioxenophilus*, An existing genus; *Varihalioxenophilus*: A genus related to but distinct from the existing genus Halioxenophilus of different.

Varihaliscomenobacter

L. masc. adjective *varius*, different; L. masc. n. *Haliscomenobacter*, An existing genus; *Varihaliscomenobacter*: A genus related to but distinct from the existing genus Haliscomenobacter of different.

Varihallella

L. masc. adjective *varius*, different; L. fem. dim. n. *Hallella*, An existing genus; *Varihallella*: A genus related to but distinct from the existing genus Hallella of different.

Varihaloactinobacterium

L. masc. adjective *varius*, different; L. neut. n. *Haloactinobacterium*, An existing genus; *Varihaloactinobacterium*: A genus related to but distinct from the existing genus Haloactinobacterium of different.

Varihaloactinomyces

L. masc. adjective *varius*, different; L. masc. n. *Haloactinomyces*, An existing genus; *Varihaloactinomyces*: A genus related to but distinct from the existing genus Haloactinomyces of different.

Varihaloactinopolyspora

L. masc. adjective *varius*, different; L. fem. n. *Haloactinopolyspora*, An existing genus; *Varihaloactinopolyspora*: A genus related to but distinct from the existing genus Haloactinopolyspora of different.

Varihaloactinospora

L. masc. adjective *varius*, different; L. fem. n. *Haloactinospora*, An existing genus; *Varihaloactinospora*: A genus related to but distinct from the existing genus Haloactinospora of different.

Varihaloarchaeobius

L. masc. adjective *varius*, different; L. masc. n. *Haloarchaeobius*, An existing genus; *Varihaloarchaeobius*: A genus related to but distinct from the existing genus Haloarchaeobius of different.

Varihaloarcula

L. masc. adjective *varius*, different; L. fem. dim. n. *Haloarcula*, An existing genus; *Varihaloarcula*: A genus related to but distinct from the existing genus Haloarcula of different.

Varihalobacteriovorax

L. masc. adjective *varius*, different; L. masc. n. *Halobacteriovorax*, An existing genus; *Varihalobacteriovorax*: A genus related to but distinct from the existing genus Halobacteriovorax of different.

Varihalobacterium

L. masc. adjective *varius*, different; L. neut. n. *Halobacterium*, An existing genus; *Varihalobacterium*: A genus related to but distinct from the existing genus Halobacterium of different.

Varihalobacteroides

L. masc. adjective *varius*, different; L. masc. n. *Halobacteroides*, An existing genus; *Varihalobacteroides*: A genus related to but distinct from the existing genus Halobacteroides of different.

Varihalobaculum

L. masc. adjective *varius*, different; L. neut. n. *Halobaculum*, An existing genus; *Varihalobaculum*: A genus related to but distinct from the existing genus Halobaculum of different.

Varihalobellus

L. masc. adjective *varius*, different; L. masc. n. *Halobellus*, An existing genus; *Varihalobellus*: A genus related to but distinct from the existing genus Halobellus of different.

Varihalobiforma

L. masc. adjective *varius*, different; L. fem. n. *Halobiforma*, An existing genus; *Varihalobiforma*: A genus related to but distinct from the existing genus Halobiforma of different.

Varihalobium

L. masc. adjective *varius*, different; L. neut. n. *Halobium*, An existing genus; *Varihalobium*: A genus related to but distinct from the existing genus Halobium of different.

Varihalocalculus

L. masc. adjective *varius*, different; L. masc. n. *Halocalculus*, An existing genus; *Varihalocalculus*: A genus related to but distinct from the existing genus Halocalculus of different.

Varihalocella

L. masc. adjective *varius*, different; L. fem. n. *Halocella*, An existing genus; *Varihalocella*: A genus related to but distinct from the existing genus Halocella of different.

Varihalochromatium

L. masc. adjective *varius*, different; L. neut. n. *Halochromatium*, An existing genus; *Varihalochromatium*: A genus related to but distinct from the existing genus Halochromatium of different.

Varihalococcoides

L. masc. adjective *varius*, different; L. neut. n. *Halococcoides*, An existing genus; *Varihalococcoides*: A genus related to but distinct from the existing genus Halococcoides of different.

Varihalococcus

L. masc. adjective *varius*, different; L. masc. n. *Halococcus*, An existing genus; *Varihalococcus*: A genus related to but distinct from the existing genus Halococcus of different.

Varihalocynthiibacter

L. masc. adjective *varius*, different; L. masc. n. *Halocynthiibacter*, An existing genus; *Varihalocynthiibacter*: A genus related to but distinct from the existing genus Halocynthiibacter of different.

Varihalodesulfovibrio

L. masc. adjective *varius*, different; L. masc. n. *Halodesulfovibrio*, An existing genus; *Varihalodesulfovibrio*: A genus related to but distinct from the existing genus Halodesulfovibrio of different.

Varihalodesulfurarchaeum

L. masc. adjective *varius*, different; L. neut. n. *Halodesulfurarchaeum*, An existing genus; *Varihalodesulfurarchaeum*: A genus related to but distinct from the existing genus Halodesulfurarchaeum of different.

Varihalodurantibacterium

L. masc. adjective *varius*, different; L. neut. n. *Halodurantibacterium*, An existing genus; *Varihalodurantibacterium*: A genus related to but distinct from the existing genus Halodurantibacterium of different.

Varihaloechinothrix

L. masc. adjective *varius*, different; L. fem. n. *Haloechinothrix*, An existing genus; *Varihaloechinothrix*: A genus related to but distinct from the existing genus Haloechinothrix of different.

Varihaloferax

L. masc. adjective *varius*, different; L. neut. n. *Haloferax*, An existing genus; *Varihaloferax*: A genus related to but distinct from the existing genus Haloferax of different.

Varihaloferula

L. masc. adjective *varius*, different; L. fem. n. *Haloferula*, An existing genus; *Varihaloferula*: A genus related to but distinct from the existing genus Haloferula of different.

Varihalofilum

L. masc. adjective *varius*, different; L. neut. n. *Halofilum*, An existing genus; *Varihalofilum*: A genus related to but distinct from the existing genus Halofilum of different.

Varihaloflavibacter

L. masc. adjective *varius*, different; L. masc. n. *Haloflavibacter*, An existing genus; *Varihaloflavibacter*: A genus related to but distinct from the existing genus Haloflavibacter of different.

Varihalogeometricum

L. masc. adjective *varius*, different; L. neut. n. *Halogeometricum*, An existing genus; *Varihalogeometricum*: A genus related to but distinct from the existing genus Halogeometricum of different.

Varihaloglycomyces

L. masc. adjective *varius*, different; L. masc. n. *Haloglycomyces*, An existing genus; *Varihaloglycomyces*: A genus related to but distinct from the existing genus Haloglycomyces of different.

Varihalogranum

L. masc. adjective *varius*, different; L. neut. n. *Halogranum*, An existing genus; *Varihalogranum*: A genus related to but distinct from the existing genus Halogranum of different.

Varihalohasta

L. masc. adjective *varius*, different; L. fem. n. *Halohasta*, An existing genus; *Varihalohasta*: A genus related to but distinct from the existing genus Halohasta of different.

Varihaloimpatiens

L. masc. adjective *varius*, different; L. masc. n. *Haloimpatiens*, An existing genus; *Varihaloimpatiens*: A genus related to but distinct from the existing genus Haloimpatiens of different.

Varihaloincola

L. masc. adjective *varius*, different; L. masc. n. *Haloincola*, An existing genus; *Varihaloincola*: A genus related to but distinct from the existing genus Haloincola of different.

Varihalolactibacillus

L. masc. adjective *varius*, different; L. masc. n. *Halolactibacillus*, An existing genus; *Varihalolactibacillus*: A genus related to but distinct from the existing genus Halolactibacillus of different.

Varihalolamina

L. masc. adjective *varius*, different; L. fem. n. *Halolamina*, An existing genus; *Varihalolamina*: A genus related to but distinct from the existing genus Halolamina of different.

Varihaloleptolyngbya

L. masc. adjective *varius*, different; L. fem. n. *Haloleptolyngbya*, An existing genus; *Varihaloleptolyngbya*: A genus related to but distinct from the existing genus Haloleptolyngbya of different.

Varihalomarina

L. masc. adjective *varius*, different; L. fem. n. *Halomarina*, An existing genus; *Varihalomarina*: A genus related to but distinct from the existing genus Halomarina of different.

Varihalomethanococcus

L. masc. adjective *varius*, different; L. masc. n. *Halomethanococcus*, An existing genus; *Varihalomethanococcus*: A genus related to but distinct from the existing genus Halomethanococcus of different.

Varihalomicrobium

L. masc. adjective *varius*, different; L. neut. n. *Halomicrobium*, An existing genus; *Varihalomicrobium*: A genus related to but distinct from the existing genus Halomicrobium of different.

Varihalomicrococcus

L. masc. adjective *varius*, different; L. masc. n. *Halomicrococcus*, An existing genus; *Varihalomicrococcus*: A genus related to but distinct from the existing genus Halomicrococcus of different.

Varihalomicronema

L. masc. adjective *varius*, different; L. neut. n. *Halomicronema*, An existing genus; *Varihalomicronema*: A genus related to but distinct from the existing genus Halomicronema of different.

Varihalomonas

L. masc. adjective *varius*, different; L. fem. n. *Halomonas*, An existing genus; *Varihalomonas*: A genus related to but distinct from the existing genus Halomonas of different.

Varihalonatronum

L. masc. adjective *varius*, different; L. neut. n. *Halonatronum*, An existing genus; *Varihalonatronum*: A genus related to but distinct from the existing genus Halonatronum of different.

Varihalonotius

L. masc. adjective *varius*, different; L. masc. n. *Halonotius*, An existing genus; *Varihalonotius*: A genus related to but distinct from the existing genus Halonotius of different.

Varihaloparvum

L. masc. adjective *varius*, different; L. neut. n. *Haloparvum*, An existing genus; *Varihaloparvum*: A genus related to but distinct from the existing genus Haloparvum of different.

Varihalopelagius

L. masc. adjective *varius*, different; L. masc. n. *Halopelagius*, An existing genus; *Varihalopelagius*: A genus related to but distinct from the existing genus Halopelagius of different.

Varihalopenitus

L. masc. adjective *varius*, different; L. masc. n. *Halopenitus*, An existing genus; *Varihalopenitus*: A genus related to but distinct from the existing genus Halopenitus of different.

Varihalopeptonella

L. masc. adjective *varius*, different; L. fem. dim. n. *Halopeptonella*, An existing genus; *Varihalopeptonella*: A genus related to but distinct from the existing genus Halopeptonella of different.

Varihalopiger

L. masc. adjective *varius*, different; L. masc. n. *Halopiger*, An existing genus; *Varihalopiger*: A genus related to but distinct from the existing genus Halopiger of different.

Varihaloplanus

L. masc. adjective *varius*, different; L. masc. n. *Haloplanus*, An existing genus; *Varihaloplanus*: A genus related to but distinct from the existing genus Haloplanus of different.

Varihaloplasma

L. masc. adjective *varius*, different; L. neut. n. *Haloplasma*, An existing genus; *Varihaloplasma*: A genus related to but distinct from the existing genus Haloplasma of different.

Varihalopolyspora

L. masc. adjective *varius*, different; L. fem. n. *Halopolyspora*, An existing genus; *Varihalopolyspora*: A genus related to but distinct from the existing genus Halopolyspora of different.

Varihaloprofundus

L. masc. adjective *varius*, different; L. masc. n. *Haloprofundus*, An existing genus; *Varihaloprofundus*: A genus related to but distinct from the existing genus Haloprofundus of different.

Varihaloquadratum

L. masc. adjective *varius*, different; L. neut. n. *Haloquadratum*, An existing genus; *Varihaloquadratum*: A genus related to but distinct from the existing genus Haloquadratum of different.

Varihalorhodospira

L. masc. adjective *varius*, different; L. fem. n. *Halorhodospira*, An existing genus; *Varihalorhodospira*: A genus related to but distinct from the existing genus Halorhodospira of different.

Varihalorientalis

L. masc. adjective *varius*, different; L. fem. n. *Halorientalis*, An existing genus; *Varihalorientalis*: A genus related to but distinct from the existing genus Halorientalis of different.

Varihalorubellus

L. masc. adjective *varius*, different; L. masc. n. *Halorubellus*, An existing genus; *Varihalorubellus*: A genus related to but distinct from the existing genus Halorubellus of different.

Varihalorubrobacterium

L. masc. adjective *varius*, different; L. neut. n. *Halorubrobacterium*, An existing genus; *Varihalorubrobacterium*: A genus related to but distinct from the existing genus Halorubrobacterium of different.

Varihalorubrum

L. masc. adjective *varius*, different; L. neut. n. *Halorubrum*, An existing genus; *Varihalorubrum*: A genus related to but distinct from the existing genus Halorubrum of different.

Varihalorussus

L. masc. adjective *varius*, different; L. masc. n. *Halorussus*, An existing genus; *Varihalorussus*: A genus related to but distinct from the existing genus Halorussus of different.

Varihalosarcina

L. masc. adjective *varius*, different; L. fem. n. *Halosarcina*, An existing genus; *Varihalosarcina*: A genus related to but distinct from the existing genus Halosarcina of different.

Varihalosiccatus

L. masc. adjective *varius*, different; L. masc. n. *Halosiccatus*, An existing genus; *Varihalosiccatus*: A genus related to but distinct from the existing genus Halosiccatus of different.

Varihalosimplex

L. masc. adjective *varius*, different; L. neut. n. *Halosimplex*, An existing genus; *Varihalosimplex*: A genus related to but distinct from the existing genus Halosimplex of different.

Varihalospina

L. masc. adjective *varius*, different; L. fem. n. *Halospina*, An existing genus; *Varihalospina*: A genus related to but distinct from the existing genus Halospina of different.

Varihalospirulina

L. masc. adjective *varius*, different; L. fem. n. *Halospirulina*, An existing genus; *Varihalospirulina*: A genus related to but distinct from the existing genus Halospirulina of different.

Varihalostagnicola

L. masc. adjective *varius*, different; L. fem. n. *Halostagnicola*, An existing genus; *Varihalostagnicola*: A genus related to but distinct from the existing genus Halostagnicola of different.

Varihalotalea

L. masc. adjective *varius*, different; L. fem. n. *Halotalea*, An existing genus; *Varihalotalea*: A genus related to but distinct from the existing genus Halotalea of different.

Varihaloterrigena

L. masc. adjective *varius*, different; L. fem. n. *Haloterrigena*, An existing genus; *Varihaloterrigena*: A genus related to but distinct from the existing genus Haloterrigena of different.

Varihalothermothrix

L. masc. adjective *varius*, different; L. fem. n. *Halothermothrix*, An existing genus; *Varihalothermothrix*: A genus related to but distinct from the existing genus Halothermothrix of different.

Varihalothiobacillus

L. masc. adjective *varius*, different; L. masc. n. *Halothiobacillus*, An existing genus; *Varihalothiobacillus*: A genus related to but distinct from the existing genus Halothiobacillus of different.

Varihalotia

L. masc. adjective *varius*, different; L. fem. n. *Halotia*, An existing genus; *Varihalotia*: A genus related to but distinct from the existing genus Halotia of different.

Varihalovarius

L. masc. adjective *varius*, different; L. masc. n. *Halovarius*, An existing genus; *Varihalovarius*: A genus related to but distinct from the existing genus Halovarius of different.

Varihalovenus

L. masc. adjective *varius*, different; L. fem. n. *Halovenus*, An existing genus; *Varihalovenus*: A genus related to but distinct from the existing genus Halovenus of different.

Varihalovibrio

L. masc. adjective *varius*, different; L. masc. n. *Halovibrio*, An existing genus; *Varihalovibrio*: A genus related to but distinct from the existing genus Halovibrio of different.

Varihalovivax

L. masc. adjective *varius*, different; L. masc. n. *Halovivax*, An existing genus; *Varihalovivax*: A genus related to but distinct from the existing genus Halovivax of different.

Varihalovulum

L. masc. adjective *varius*, different; L. neut. n. *Halovulum*, An existing genus; *Varihalovulum*: A genus related to but distinct from the existing genus Halovulum of different.

Varihalpernia

L. masc. adjective *varius*, different; L. fem. n. *Halpernia*, An existing genus; *Varihalpernia*: A genus related to but distinct from the existing genus Halpernia of different.

Varihamadaea

L. masc. adjective *varius*, different; L. fem. n. *Hamadaea*, An existing genus; *Varihamadaea*: A genus related to but distinct from the existing genus Hamadaea of different.

Varihankyongella

L. masc. adjective *varius*, different; L. fem. dim. n. *Hankyongella*, An existing genus; *Varihankyongella*: A genus related to but distinct from the existing genus Hankyongella of different.

Varihansschlegelia

L. masc. adjective *varius*, different; L. fem. n. *Hansschlegelia*, An existing genus; *Varihansschlegelia*: A genus related to but distinct from the existing genus Hansschlegelia of different.

Varihanstruepera

L. masc. adjective *varius*, different; L. fem. n. *Hanstruepera*, An existing genus; *Varihanstruepera*: A genus related to but distinct from the existing genus Hanstruepera of different.

Varihaoranjiania

L. masc. adjective *varius*, different; L. fem. n. *Haoranjiania*, An existing genus; *Varihaoranjiania*: A genus related to but distinct from the existing genus Haoranjiania of different.

Varihaploangium

L. masc. adjective *varius*, different; L. neut. n. *Haploangium*, An existing genus; *Varihaploangium*: A genus related to but distinct from the existing genus Haploangium of different.

Variharryflintia

L. masc. adjective *varius*, different; L. fem. n. *Harryflintia*, An existing genus; *Variharryflintia*: A genus related to but distinct from the existing genus Harryflintia of different.

Varihartmannibacter

L. masc. adjective *varius*, different; L. masc. n. *Hartmannibacter*, An existing genus; *Varihartmannibacter*: A genus related to but distinct from the existing genus Hartmannibacter of different.

Varihasllibacter

L. masc. adjective *varius*, different; L. masc. n. *Hasllibacter*, An existing genus; *Varihasllibacter*: A genus related to but distinct from the existing genus Hasllibacter of different.

Varihathewaya

L. masc. adjective *varius*, different; L. fem. n. *Hathewaya*, An existing genus; *Varihathewaya*: A genus related to but distinct from the existing genus Hathewaya of different.

Varihazenella

L. masc. adjective *varius*, different; L. fem. dim. n. *Hazenella*, An existing genus; *Varihazenella*: A genus related to but distinct from the existing genus Hazenella of different.

Varihelcococcus

L. masc. adjective *varius*, different; L. masc. n. *Helcococcus*, An existing genus; *Varihelcococcus*: A genus related to but distinct from the existing genus Helcococcus of different.

Varihelicobacter

L. masc. adjective *varius*, different; L. masc. n. *Helicobacter*, An existing genus; *Varihelicobacter*: A genus related to but distinct from the existing genus Helicobacter of different.

Variheliimonas

L. masc. adjective *varius*, different; L. fem. n. *Heliimonas*, An existing genus; *Variheliimonas*: A genus related to but distinct from the existing genus Heliimonas of different.

Variheliobacterium

L. masc. adjective *varius*, different; L. neut. n. *Heliobacterium*, An existing genus; *Variheliobacterium*: A genus related to but distinct from the existing genus Heliobacterium of different.

Variheliophilum

L. masc. adjective *varius*, different; L. neut. n. *Heliophilum*, An existing genus; *Variheliophilum*: A genus related to but distinct from the existing genus Heliophilum of different.

Variheliorestis

L. masc. adjective *varius*, different; L. fem. n. *Heliorestis*, An existing genus; *Variheliorestis*: A genus related to but distinct from the existing genus Heliorestis of different.

Varihellea

L. masc. adjective *varius*, different; L. fem. n. *Hellea*, An existing genus; *Varihellea*: A genus related to but distinct from the existing genus Hellea of different.

Varihenriciella

L. masc. adjective *varius*, different; L. fem. dim. n. *Henriciella*, An existing genus; *Varihenriciella*: A genus related to but distinct from the existing genus Henriciella of different.

Variherbaspirillum

L. masc. adjective *varius*, different; L. neut. dim. n. *Herbaspirillum*, An existing genus; *Variherbaspirillum*: A genus related to but distinct from the existing genus Herbaspirillum of different.

Variherbiconiux

L. masc. adjective *varius*, different; L. fem. n. *Herbiconiux*, An existing genus; *Variherbiconiux*: A genus related to but distinct from the existing genus Herbiconiux of different.

Variherbidospora

L. masc. adjective *varius*, different; L. fem. n. *Herbidospora*, An existing genus; *Variherbidospora*: A genus related to but distinct from the existing genus Herbidospora of different.

Variherbihabitans

L. masc. adjective *varius*, different; L. masc. n. *Herbihabitans*, An existing genus; *Variherbihabitans*: A genus related to but distinct from the existing genus Herbihabitans of different.

Variherbinix

L. masc. adjective *varius*, different; L. fem. n. *Herbinix*, An existing genus; *Variherbinix*: A genus related to but distinct from the existing genus Herbinix of different.

Variherbivorax

L. masc. adjective *varius*, different; L. fem. n. *Herbivorax*, An existing genus; *Variherbivorax*: A genus related to but distinct from the existing genus Herbivorax of different.

Variherminiimonas

L. masc. adjective *varius*, different; L. fem. n. *Herminiimonas*, An existing genus; *Variherminiimonas*: A genus related to but distinct from the existing genus Herminiimonas of different.

Variherpetosiphon

L. masc. adjective *varius*, different; L. masc. n. *Herpetosiphon*, An existing genus; *Variherpetosiphon*: A genus related to but distinct from the existing genus Herpetosiphon of different.

Varihespellia

L. masc. adjective *varius*, different; L. fem. n. *Hespellia*, An existing genus; *Varihespellia*: A genus related to but distinct from the existing genus Hespellia of different.

Variheteroscytonema

L. masc. adjective *varius*, different; L. neut. n. *Heteroscytonema*, An existing genus; *Variheteroscytonema*: A genus related to but distinct from the existing genus Heteroscytonema of different.

Varihippea

L. masc. adjective *varius*, different; L. fem. n. *Hippea*, An existing genus; *Varihippea*: A genus related to but distinct from the existing genus Hippea of different.

Varihirschia

L. masc. adjective *varius*, different; L. fem. n. *Hirschia*, An existing genus; *Varihirschia*: A genus related to but distinct from the existing genus Hirschia of different.

Varihistidinibacterium

L. masc. adjective *varius*, different; L. neut. n. *Histidinibacterium*, An existing genus; *Varihistidinibacterium*: A genus related to but distinct from the existing genus Histidinibacterium of different.

Varihistophilus

L. masc. adjective *varius*, different; L. masc. n. *Histophilus*, An existing genus; *Varihistophilus*: A genus related to but distinct from the existing genus Histophilus of different.

Variholdemanella

L. masc. adjective *varius*, different; L. fem. dim. n. *Holdemanella*, An existing genus; *Variholdemanella*: A genus related to but distinct from the existing genus Holdemanella of different.

Variholdemania

L. masc. adjective *varius*, different; L. fem. n. *Holdemania*, An existing genus; *Variholdemania*: A genus related to but distinct from the existing genus Holdemania of different.

Varihollandina

L. masc. adjective *varius*, different; L. fem. n. *Hollandina*, An existing genus; *Varihollandina*: A genus related to but distinct from the existing genus Hollandina of different.

Variholophaga

L. masc. adjective *varius*, different; L. fem. n. *Holophaga*, An existing genus; *Variholophaga*: A genus related to but distinct from the existing genus Holophaga of different.

Variholospora

L. masc. adjective *varius*, different; L. fem. n. *Holospora*, An existing genus; *Variholospora*: A genus related to but distinct from the existing genus Holospora of different.

Variholzapfelia

L. masc. adjective *varius*, different; L. fem. n. *Holzapfelia*, An existing genus; *Variholzapfelia*: A genus related to but distinct from the existing genus Holzapfelia of different.

Varihomoserinibacter

L. masc. adjective *varius*, different; L. masc. n. *Homoserinibacter*, An existing genus; *Varihomoserinibacter*: A genus related to but distinct from the existing genus Homoserinibacter of different.

Varihomoserinimonas

L. masc. adjective *varius*, different; L. fem. n. *Homoserinimonas*, An existing genus; *Varihomoserinimonas*: A genus related to but distinct from the existing genus Homoserinimonas of different.

Varihongia

L. masc. adjective *varius*, different; L. fem. n. *Hongia*, An existing genus; *Varihongia*: A genus related to but distinct from the existing genus Hongia of different.

Varihongiella

L. masc. adjective *varius*, different; L. fem. dim. n. *Hongiella*, An existing genus; *Varihongiella*: A genus related to but distinct from the existing genus Hongiella of different.

Varihoppeia

L. masc. adjective *varius*, different; L. fem. n. *Hoppeia*, An existing genus; *Varihoppeia*: A genus related to but distinct from the existing genus Hoppeia of different.

Varihormathonema

L. masc. adjective *varius*, different; L. neut. n. *Hormathonema*, An existing genus; *Varihormathonema*: A genus related to but distinct from the existing genus Hormathonema of different.

Varihormoscilla

L. masc. adjective *varius*, different; L. fem. n. *Hormoscilla*, An existing genus; *Varihormoscilla*: A genus related to but distinct from the existing genus Hormoscilla of different.

Varihowardella

L. masc. adjective *varius*, different; L. fem. dim. n. *Howardella*, An existing genus; *Varihowardella*: A genus related to but distinct from the existing genus Howardella of different.

Varihoyosella

L. masc. adjective *varius*, different; L. fem. dim. n. *Hoyosella*, An existing genus; *Varihoyosella*: A genus related to but distinct from the existing genus Hoyosella of different.

Varihuaishuia

L. masc. adjective *varius*, different; L. fem. n. *Huaishuia*, An existing genus; *Varihuaishuia*: A genus related to but distinct from the existing genus Huaishuia of different.

Varihuakuichenia

L. masc. adjective *varius*, different; L. fem. n. *Huakuichenia*, An existing genus; *Varihuakuichenia*: A genus related to but distinct from the existing genus Huakuichenia of different.

Varihuanghella

L. masc. adjective *varius*, different; L. fem. dim. n. *Huanghella*, An existing genus; *Varihuanghella*: A genus related to but distinct from the existing genus Huanghella of different.

Varihugenholtzia

L. masc. adjective *varius*, different; L. fem. n. *Hugenholtzia*, An existing genus; *Varihugenholtzia*: A genus related to but distinct from the existing genus Hugenholtzia of different.

Varihugonella

L. masc. adjective *varius*, different; L. fem. dim. n. *Hugonella*, An existing genus; *Varihugonella*: A genus related to but distinct from the existing genus Hugonella of different.

Varihumibacillus

L. masc. adjective *varius*, different; L. masc. n. *Humibacillus*, An existing genus; *Varihumibacillus*: A genus related to but distinct from the existing genus Humibacillus of different.

Varihumibacter

L. masc. adjective *varius*, different; L. masc. n. *Humibacter*, An existing genus; *Varihumibacter*: A genus related to but distinct from the existing genus Humibacter of different.

Varihumicoccus

L. masc. adjective *varius*, different; L. masc. n. *Humicoccus*, An existing genus; *Varihumicoccus*: A genus related to but distinct from the existing genus Humicoccus of different.

Varihungateiclostridium

L. masc. adjective *varius*, different; L. neut. dim. n. *Hungateiclostridium*, An existing genus; *Varihungateiclostridium*: A genus related to but distinct from the existing genus Hungateiclostridium of different.

Varihungatella

L. masc. adjective *varius*, different; L. fem. dim. n. *Hungatella*, An existing genus; *Varihungatella*: A genus related to but distinct from the existing genus Hungatella of different.

Varihwangdonia

L. masc. adjective *varius*, different; L. fem. n. *Hwangdonia*, An existing genus; *Varihwangdonia*: A genus related to but distinct from the existing genus Hwangdonia of different.

Varihwanghaeella

L. masc. adjective *varius*, different; L. fem. dim. n. *Hwanghaeella*, An existing genus; *Varihwanghaeella*: A genus related to but distinct from the existing genus Hwanghaeella of different.

Varihwanghaeicola

L. masc. adjective *varius*, different; L. masc. n. *Hwanghaeicola*, An existing genus; *Varihwanghaeicola*: A genus related to but distinct from the existing genus Hwanghaeicola of different.

Varihyalangium

L. masc. adjective *varius*, different; L. neut. n. *Hyalangium*, An existing genus; *Varihyalangium*: A genus related to but distinct from the existing genus Hyalangium of different.

Varihydrobacter

L. masc. adjective *varius*, different; L. masc. n. *Hydrobacter*, An existing genus; *Varihydrobacter*: A genus related to but distinct from the existing genus Hydrobacter of different.

Varihydrocarboniclastica

L. masc. adjective *varius*, different; L. fem. n. *Hydrocarboniclastica*, An existing genus; *Varihydrocarboniclastica*: A genus related to but distinct from the existing genus Hydrocarboniclastica of different.

Varihydrocarboniphaga

L. masc. adjective *varius*, different; L. fem. n. *Hydrocarboniphaga*, An existing genus; *Varihydrocarboniphaga*: A genus related to but distinct from the existing genus Hydrocarboniphaga of different.

Varihydrogenibacillus

L. masc. adjective *varius*, different; L. masc. n. *Hydrogenibacillus*, An existing genus; *Varihydrogenibacillus*: A genus related to but distinct from the existing genus Hydrogenibacillus of different.

Varihydrogeniiclostridium

L. masc. adjective *varius*, different; L. neut. dim. n. *Hydrogeniiclostridium*, An existing genus; *Varihydrogeniiclostridium*: A genus related to but distinct from the existing genus Hydrogeniiclostridium of different.

Varihydrogenimonas

L. masc. adjective *varius*, different; L. fem. n. *Hydrogenimonas*, An existing genus; *Varihydrogenimonas*: A genus related to but distinct from the existing genus Hydrogenimonas of different.

Varihydrogenispora

L. masc. adjective *varius*, different; L. fem. n. *Hydrogenispora*, An existing genus; *Varihydrogenispora*: A genus related to but distinct from the existing genus Hydrogenispora of different.

Varihydrogenivirga

L. masc. adjective *varius*, different; L. fem. n. *Hydrogenivirga*, An existing genus; *Varihydrogenivirga*: A genus related to but distinct from the existing genus Hydrogenivirga of different.

Varihydrogenoanaerobacterium

L. masc. adjective *varius*, different; L. neut. n. *Hydrogenoanaerobacterium*, An existing genus; *Varihydrogenoanaerobacterium*: A genus related to but distinct from the existing genus Hydrogenoanaerobacterium of different.

Varihydrogenobacter

L. masc. adjective *varius*, different; L. masc. n. *Hydrogenobacter*, An existing genus; *Varihydrogenobacter*: A genus related to but distinct from the existing genus Hydrogenobacter of different.

Varihydrogenophaga

L. masc. adjective *varius*, different; L. fem. n. *Hydrogenophaga*, An existing genus; *Varihydrogenophaga*: A genus related to but distinct from the existing genus Hydrogenophaga of different.

Varihydrogenophilus

L. masc. adjective *varius*, different; L. masc. n. *Hydrogenophilus*, An existing genus; *Varihydrogenophilus*: A genus related to but distinct from the existing genus Hydrogenophilus of different.

Varihydrogenovibrio

L. masc. adjective *varius*, different; L. masc. n. *Hydrogenovibrio*, An existing genus; *Varihydrogenovibrio*: A genus related to but distinct from the existing genus Hydrogenovibrio of different.

Varihydromonas

L. masc. adjective *varius*, different; L. fem. n. *Hydromonas*, An existing genus; *Varihydromonas*: A genus related to but distinct from the existing genus Hydromonas of different.

Varihydrotalea

L. masc. adjective *varius*, different; L. fem. n. *Hydrotalea*, An existing genus; *Varihydrotalea*: A genus related to but distinct from the existing genus Hydrotalea of different.

Varihylemonella

L. masc. adjective *varius*, different; L. fem. dim. n. *Hylemonella*, An existing genus; *Varihylemonella*: A genus related to but distinct from the existing genus Hylemonella of different.

Varihymenobacter

L. masc. adjective *varius*, different; L. masc. n. *Hymenobacter*, An existing genus; *Varihymenobacter*: A genus related to but distinct from the existing genus Hymenobacter of different.

Varihypericibacter

L. masc. adjective *varius*, different; L. masc. n. *Hypericibacter*, An existing genus; *Varihypericibacter*: A genus related to but distinct from the existing genus Hypericibacter of different.

Varihyperthermus

L. masc. adjective *varius*, different; L. masc. n. *Hyperthermus*, An existing genus; *Varihyperthermus*: A genus related to but distinct from the existing genus Hyperthermus of different.

Varihyphobacterium

L. masc. adjective *varius*, different; L. neut. n. *Hyphobacterium*, An existing genus; *Varihyphobacterium*: A genus related to but distinct from the existing genus Hyphobacterium of different.

Varihyphococcus

L. masc. adjective *varius*, different; L. masc. n. *Hyphococcus*, An existing genus; *Varihyphococcus*: A genus related to but distinct from the existing genus Hyphococcus of different.

Varihyphomicrobium

L. masc. adjective *varius*, different; L. neut. n. *Hyphomicrobium*, An existing genus; *Varihyphomicrobium*: A genus related to but distinct from the existing genus Hyphomicrobium of different.

Varihyphomonas

L. masc. adjective *varius*, different; L. fem. n. *Hyphomonas*, An existing genus; *Varihyphomonas*: A genus related to but distinct from the existing genus Hyphomonas of different.

Varihypnocyclicus

L. masc. adjective *varius*, different; L. masc. n. *Hypnocyclicus*, An existing genus; *Varihypnocyclicus*: A genus related to but distinct from the existing genus Hypnocyclicus of different.

Varihyunsoonleella

L. masc. adjective *varius*, different; L. fem. dim. n. *Hyunsoonleella*, An existing genus; *Varihyunsoonleella*: A genus related to but distinct from the existing genus Hyunsoonleella of different.

Variiamia

L. masc. adjective *varius*, different; L. fem. n. *Iamia*, An existing genus; *Variiamia*: A genus related to but distinct from the existing genus Iamia of different.

Variichthyobacterium

L. masc. adjective *varius*, different; L. neut. n. *Ichthyobacterium*, An existing genus; *Variichthyobacterium*: A genus related to but distinct from the existing genus Ichthyobacterium of different.

Variideonella

L. masc. adjective *varius*, different; L. fem. dim. n. *Ideonella*, An existing genus; *Variideonella*: A genus related to but distinct from the existing genus Ideonella of different.

Variidiomarina

L. masc. adjective *varius*, different; L. fem. n. *Idiomarina*, An existing genus; *Variidiomarina*: A genus related to but distinct from the existing genus Idiomarina of different.

Variignatzschineria

L. masc. adjective *varius*, different; L. fem. n. *Ignatzschineria*, An existing genus; *Variignatzschineria*: A genus related to but distinct from the existing genus Ignatzschineria of different.

Variignavigranum

L. masc. adjective *varius*, different; L. neut. n. *Ignavigranum*, An existing genus; *Variignavigranum*: A genus related to but distinct from the existing genus Ignavigranum of different.

Variignicoccus

L. masc. adjective *varius*, different; L. masc. n. *Ignicoccus*, An existing genus; *Variignicoccus*: A genus related to but distinct from the existing genus Ignicoccus of different.

Variignisphaera

L. masc. adjective *varius*, different; L. fem. n. *Ignisphaera*, An existing genus; *Variignisphaera*: A genus related to but distinct from the existing genus Ignisphaera of different.

Variileibacterium

L. masc. adjective *varius*, different; L. neut. n. *Ileibacterium*, An existing genus; *Variileibacterium*: A genus related to but distinct from the existing genus Ileibacterium of different.

Variilumatobacter

L. masc. adjective *varius*, different; L. masc. n. *Ilumatobacter*, An existing genus; *Variilumatobacter*: A genus related to but distinct from the existing genus Ilumatobacter of different.

Variimhoffiella

L. masc. adjective *varius*, different; L. fem. dim. n. *Imhoffiella*, An existing genus; *Variimhoffiella*: A genus related to but distinct from the existing genus Imhoffiella of different.

Variimmundisolibacter

L. masc. adjective *varius*, different; L. masc. n. *Immundisolibacter*, An existing genus; *Variimmundisolibacter*: A genus related to but distinct from the existing genus Immundisolibacter of different.

Variimperialibacter

L. masc. adjective *varius*, different; L. masc. n. *Imperialibacter*, An existing genus; *Variimperialibacter*: A genus related to but distinct from the existing genus Imperialibacter of different.

Variimtechella

L. masc. adjective *varius*, different; L. fem. dim. n. *Imtechella*, An existing genus; *Variimtechella*: A genus related to but distinct from the existing genus Imtechella of different.

Variindibacter

L. masc. adjective *varius*, different; L. masc. n. *Indibacter*, An existing genus; *Variindibacter*: A genus related to but distinct from the existing genus Indibacter of different.

Variindiicoccus

L. masc. adjective *varius*, different; L. masc. n. *Indiicoccus*, An existing genus; *Variindiicoccus*: A genus related to but distinct from the existing genus Indiicoccus of different.

Variindioceanicola

L. masc. adjective *varius*, different; L. masc. n. *Indioceanicola*, An existing genus; *Variindioceanicola*: A genus related to but distinct from the existing genus Indioceanicola of different.

Variinediibacterium

L. masc. adjective *varius*, different; L. neut. n. *Inediibacterium*, An existing genus; *Variinediibacterium*: A genus related to but distinct from the existing genus Inediibacterium of different.

Variinhella

L. masc. adjective *varius*, different; L. fem. dim. n. *Inhella*, An existing genus; *Variinhella*: A genus related to but distinct from the existing genus Inhella of different.

Variiningainema

L. masc. adjective *varius*, different; L. neut. n. *Iningainema*, An existing genus; *Variiningainema*: A genus related to but distinct from the existing genus Iningainema of different.

Variinmirania

L. masc. adjective *varius*, different; L. fem. n. *Inmirania*, An existing genus; *Variinmirania*: A genus related to but distinct from the existing genus Inmirania of different.

Variinnacoccus

L. masc. adjective *varius*, different; L. masc. n. *Innacoccus*, An existing genus; *Variinnacoccus*: A genus related to but distinct from the existing genus Innacoccus of different.

Variinsolitispirillum

L. masc. adjective *varius*, different; L. neut. dim. n. *Insolitispirillum*, An existing genus; *Variinsolitispirillum*: A genus related to but distinct from the existing genus Insolitispirillum of different.

Variintestinibacter

L. masc. adjective *varius*, different; L. masc. n. *Intestinibacter*, An existing genus; *Variintestinibacter*: A genus related to but distinct from the existing genus Intestinibacter of different.

Variintestinibaculum

L. masc. adjective *varius*, different; L. neut. n. *Intestinibaculum*, An existing genus; *Variintestinibaculum*: A genus related to but distinct from the existing genus Intestinibaculum of different.

Variintestinimonas

L. masc. adjective *varius*, different; L. fem. n. *Intestinimonas*, An existing genus; *Variintestinimonas*: A genus related to but distinct from the existing genus Intestinimonas of different.

Variintestinirhabdus

L. masc. adjective *varius*, different; L. fem. n. *Intestinirhabdus*, An existing genus; *Variintestinirhabdus*: A genus related to but distinct from the existing genus Intestinirhabdus of different.

Variintrasporangium

L. masc. adjective *varius*, different; L. neut. n. *Intrasporangium*, An existing genus; *Variintrasporangium*: A genus related to but distinct from the existing genus Intrasporangium of different.

Variiodidimonas

L. masc. adjective *varius*, different; L. fem. n. *Iodidimonas*, An existing genus; *Variiodidimonas*: A genus related to but distinct from the existing genus Iodidimonas of different.

Variiodobacter

L. masc. adjective *varius*, different; L. masc. n. *Iodobacter*, An existing genus; *Variiodobacter*: A genus related to but distinct from the existing genus Iodobacter of different.

Variirregularibacter

L. masc. adjective *varius*, different; L. masc. n. *Irregularibacter*, An existing genus; *Variirregularibacter*: A genus related to but distinct from the existing genus Irregularibacter of different.

Variisachenkonia

L. masc. adjective *varius*, different; L. fem. n. *Isachenkonia*, An existing genus; *Variisachenkonia*: A genus related to but distinct from the existing genus Isachenkonia of different.

Variisobaculum

L. masc. adjective *varius*, different; L. neut. n. *Isobaculum*, An existing genus; *Variisobaculum*: A genus related to but distinct from the existing genus Isobaculum of different.

Variisochromatium

L. masc. adjective *varius*, different; L. neut. n. *Isochromatium*, An existing genus; *Variisochromatium*: A genus related to but distinct from the existing genus Isochromatium of different.

Variisoptericola

L. masc. adjective *varius*, different; L. masc. n. *Isoptericola*, An existing genus; *Variisoptericola*: A genus related to but distinct from the existing genus Isoptericola of different.

Variisosphaera

L. masc. adjective *varius*, different; L. fem. n. *Isosphaera*, An existing genus; *Variisosphaera*: A genus related to but distinct from the existing genus Isosphaera of different.

Variizhakiella

L. masc. adjective *varius*, different; L. fem. dim. n. *Izhakiella*, An existing genus; *Variizhakiella*: A genus related to but distinct from the existing genus Izhakiella of different.

Varijacksonvillea

L. masc. adjective *varius*, different; L. fem. n. *Jacksonvillea*, An existing genus; *Varijacksonvillea*: A genus related to but distinct from the existing genus Jacksonvillea of different.

Varijahnella

L. masc. adjective *varius*, different; L. fem. dim. n. *Jahnella*, An existing genus; *Varijahnella*: A genus related to but distinct from the existing genus Jahnella of different.

Varijanibacter

L. masc. adjective *varius*, different; L. masc. n. *Janibacter*, An existing genus; *Varijanibacter*: A genus related to but distinct from the existing genus Janibacter of different.

Varijanthinobacterium

L. masc. adjective *varius*, different; L. neut. n. *Janthinobacterium*, An existing genus; *Varijanthinobacterium*: A genus related to but distinct from the existing genus Janthinobacterium of different.

Varijatrophihabitans

L. masc. adjective *varius*, different; L. masc. n. *Jatrophihabitans*, An existing genus; *Varijatrophihabitans*: A genus related to but distinct from the existing genus Jatrophihabitans of different.

Varijejubacter

L. masc. adjective *varius*, different; L. masc. n. *Jejubacter*, An existing genus; *Varijejubacter*: A genus related to but distinct from the existing genus Jejubacter of different.

Varijejudonia

L. masc. adjective *varius*, different; L. fem. n. *Jejudonia*, An existing genus; *Varijejudonia*: A genus related to but distinct from the existing genus Jejudonia of different.

Varijejuia

L. masc. adjective *varius*, different; L. fem. n. *Jejuia*, An existing genus; *Varijejuia*: A genus related to but distinct from the existing genus Jejuia of different.

Varijeongeupia

L. masc. adjective *varius*, different; L. fem. n. *Jeongeupia*, An existing genus; *Varijeongeupia*: A genus related to but distinct from the existing genus Jeongeupia of different.

Varijeotgalibaca

L. masc. adjective *varius*, different; L. fem. n. *Jeotgalibaca*, An existing genus; *Varijeotgalibaca*: A genus related to but distinct from the existing genus Jeotgalibaca of different.

Varijeotgalibacillus

L. masc. adjective *varius*, different; L. masc. n. *Jeotgalibacillus*, An existing genus; *Varijeotgalibacillus*: A genus related to but distinct from the existing genus Jeotgalibacillus of different.

Varijeotgalicoccus

L. masc. adjective *varius*, different; L. masc. n. *Jeotgalicoccus*, An existing genus; *Varijeotgalicoccus*: A genus related to but distinct from the existing genus Jeotgalicoccus of different.

Varijhaorihella

L. masc. adjective *varius*, different; L. fem. dim. n. *Jhaorihella*, An existing genus; *Varijhaorihella*: A genus related to but distinct from the existing genus Jhaorihella of different.

Varijiangella

L. masc. adjective *varius*, different; L. fem. dim. n. *Jiangella*, An existing genus; *Varijiangella*: A genus related to but distinct from the existing genus Jiangella of different.

Varijiella

L. masc. adjective *varius*, different; L. fem. dim. n. *Jiella*, An existing genus; *Varijiella*: A genus related to but distinct from the existing genus Jiella of different.

Varijilinibacillus

L. masc. adjective *varius*, different; L. masc. n. *Jilinibacillus*, An existing genus; *Varijilinibacillus*: A genus related to but distinct from the existing genus Jilinibacillus of different.

Varijindonia

L. masc. adjective *varius*, different; L. fem. n. *Jindonia*, An existing genus; *Varijindonia*: A genus related to but distinct from the existing genus Jindonia of different.

Varijishengella

L. masc. adjective *varius*, different; L. fem. dim. n. *Jishengella*, An existing genus; *Varijishengella*: A genus related to but distinct from the existing genus Jishengella of different.

Varijiulongibacter

L. masc. adjective *varius*, different; L. masc. n. *Jiulongibacter*, An existing genus; *Varijiulongibacter*: A genus related to but distinct from the existing genus Jiulongibacter of different.

Varijohnsonella

L. masc. adjective *varius*, different; L. fem. dim. n. *Johnsonella*, An existing genus; *Varijohnsonella*: A genus related to but distinct from the existing genus Johnsonella of different.

Varijonesia

L. masc. adjective *varius*, different; L. fem. n. *Jonesia*, An existing genus; *Varijonesia*: A genus related to but distinct from the existing genus Jonesia of different.

Varijongsikchunia

L. masc. adjective *varius*, different; L. fem. n. *Jongsikchunia*, An existing genus; *Varijongsikchunia*: A genus related to but distinct from the existing genus Jongsikchunia of different.

Varijonquetella

L. masc. adjective *varius*, different; L. fem. dim. n. *Jonquetella*, An existing genus; *Varijonquetella*: A genus related to but distinct from the existing genus Jonquetella of different.

Varijoostella

L. masc. adjective *varius*, different; L. fem. dim. n. *Joostella*, An existing genus; *Varijoostella*: A genus related to but distinct from the existing genus Joostella of different.

Varikaiparowitsia

L. masc. adjective *varius*, different; L. fem. n. *Kaiparowitsia*, An existing genus; *Varikaiparowitsia*: A genus related to but distinct from the existing genus Kaiparowitsia of different.

Varikaistella

L. masc. adjective *varius*, different; L. fem. dim. n. *Kaistella*, An existing genus; *Varikaistella*: A genus related to but distinct from the existing genus Kaistella of different.

Varikaistia

L. masc. adjective *varius*, different; L. fem. n. *Kaistia*, An existing genus; *Varikaistia*: A genus related to but distinct from the existing genus Kaistia of different.

Varikalamiella

L. masc. adjective *varius*, different; L. fem. dim. n. *Kalamiella*, An existing genus; *Varikalamiella*: A genus related to but distinct from the existing genus Kalamiella of different.

Varikallipyga

L. masc. adjective *varius*, different; L. fem. n. *Kallipyga*, An existing genus; *Varikallipyga*: A genus related to but distinct from the existing genus Kallipyga of different.

Varikallotenue

L. masc. adjective *varius*, different; L. neut. n. *Kallotenue*, An existing genus; *Varikallotenue*: A genus related to but distinct from the existing genus Kallotenue of different.

Varikandeliimicrobium

L. masc. adjective *varius*, different; L. neut. n. *Kandeliimicrobium*, An existing genus; *Varikandeliimicrobium*: A genus related to but distinct from the existing genus Kandeliimicrobium of different.

Varikandleria

L. masc. adjective *varius*, different; L. fem. n. *Kandleria*, An existing genus; *Varikandleria*: A genus related to but distinct from the existing genus Kandleria of different.

Varikangiella

L. masc. adjective *varius*, different; L. fem. dim. n. *Kangiella*, An existing genus; *Varikangiella*: A genus related to but distinct from the existing genus Kangiella of different.

Varikastovskya

L. masc. adjective *varius*, different; L. fem. n. *Kastovskya*, An existing genus; *Varikastovskya*: A genus related to but distinct from the existing genus Kastovskya of different.

Varikeratinibaculum

L. masc. adjective *varius*, different; L. neut. n. *Keratinibaculum*, An existing genus; *Varikeratinibaculum*: A genus related to but distinct from the existing genus Keratinibaculum of different.

Varikerstersia

L. masc. adjective *varius*, different; L. fem. n. *Kerstersia*, An existing genus; *Varikerstersia*: A genus related to but distinct from the existing genus Kerstersia of different.

Variketobacter

L. masc. adjective *varius*, different; L. masc. n. *Ketobacter*, An existing genus; *Variketobacter*: A genus related to but distinct from the existing genus Ketobacter of different.

Variketogulonicigenium

L. masc. adjective *varius*, different; L. neut. n. *Ketogulonicigenium*, An existing genus; *Variketogulonicigenium*: A genus related to but distinct from the existing genus Ketogulonicigenium of different.

Varikibdelosporangium

L. masc. adjective *varius*, different; L. neut. n. *Kibdelosporangium*, An existing genus; *Varikibdelosporangium*: A genus related to but distinct from the existing genus Kibdelosporangium of different.

Varikiloniella

L. masc. adjective *varius*, different; L. fem. dim. n. *Kiloniella*, An existing genus; *Varikiloniella*: A genus related to but distinct from the existing genus Kiloniella of different.

Varikineobactrum

L. masc. adjective *varius*, different; L. neut. n. *Kineobactrum*, An existing genus; *Varikineobactrum*: A genus related to but distinct from the existing genus Kineobactrum of different.

Varikineococcus

L. masc. adjective *varius*, different; L. masc. n. *Kineococcus*, An existing genus; *Varikineococcus*: A genus related to but distinct from the existing genus Kineococcus of different.

Varikineosphaera

L. masc. adjective *varius*, different; L. fem. n. *Kineosphaera*, An existing genus; *Varikineosphaera*: A genus related to but distinct from the existing genus Kineosphaera of different.

Varikineosporia

L. masc. adjective *varius*, different; L. fem. n. *Kineosporia*, An existing genus; *Varikineosporia*: A genus related to but distinct from the existing genus Kineosporia of different.

Varikineothrix

L. masc. adjective *varius*, different; L. fem. n. *Kineothrix*, An existing genus; *Varikineothrix*: A genus related to but distinct from the existing genus Kineothrix of different.

Varikingella

L. masc. adjective *varius*, different; L. fem. dim. n. *Kingella*, An existing genus; *Varikingella*: A genus related to but distinct from the existing genus Kingella of different.

Varikinneretia

L. masc. adjective *varius*, different; L. fem. n. *Kinneretia*, An existing genus; *Varikinneretia*: A genus related to but distinct from the existing genus Kinneretia of different.

Varikiritimatiella

L. masc. adjective *varius*, different; L. fem. dim. n. *Kiritimatiella*, An existing genus; *Varikiritimatiella*: A genus related to but distinct from the existing genus Kiritimatiella of different.

Varikistimonas

L. masc. adjective *varius*, different; L. fem. n. *Kistimonas*, An existing genus; *Varikistimonas*: A genus related to but distinct from the existing genus Kistimonas of different.

Varikitasatoa

L. masc. adjective *varius*, different; L. fem. n. *Kitasatoa*, An existing genus; *Varikitasatoa*: A genus related to but distinct from the existing genus Kitasatoa of different.

Varikitasatospora

L. masc. adjective *varius*, different; L. fem. n. *Kitasatospora*, An existing genus; *Varikitasatospora*: A genus related to but distinct from the existing genus Kitasatospora of different.

Variklebsiella

L. masc. adjective *varius*, different; L. fem. dim. n. *Klebsiella*, An existing genus; *Variklebsiella*: A genus related to but distinct from the existing genus Klebsiella of different.

Variklenkia

L. masc. adjective *varius*, different; L. fem. n. *Klenkia*, An existing genus; *Variklenkia*: A genus related to but distinct from the existing genus Klenkia of different.

Variklisinema

L. masc. adjective *varius*, different; L. neut. n. *Klisinema*, An existing genus; *Variklisinema*: A genus related to but distinct from the existing genus Klisinema of different.

Variklugiella

L. masc. adjective *varius*, different; L. fem. dim. n. *Klugiella*, An existing genus; *Variklugiella*: A genus related to but distinct from the existing genus Klugiella of different.

Varikluyvera

L. masc. adjective *varius*, different; L. fem. n. *Kluyvera*, An existing genus; *Varikluyvera*: A genus related to but distinct from the existing genus Kluyvera of different.

Varikocuria

L. masc. adjective *varius*, different; L. fem. n. *Kocuria*, An existing genus; *Varikocuria*: A genus related to but distinct from the existing genus Kocuria of different.

Varikofleria

L. masc. adjective *varius*, different; L. fem. n. *Kofleria*, An existing genus; *Varikofleria*: A genus related to but distinct from the existing genus Kofleria of different.

Varikoinonema

L. masc. adjective *varius*, different; L. neut. n. *Koinonema*, An existing genus; *Varikoinonema*: A genus related to but distinct from the existing genus Koinonema of different.

Varikomagatabacter

L. masc. adjective *varius*, different; L. masc. n. *Komagatabacter*, An existing genus; *Varikomagatabacter*: A genus related to but distinct from the existing genus Komagatabacter of different.

Varikomagataeibacter

L. masc. adjective *varius*, different; L. masc. n. *Komagataeibacter*, An existing genus; *Varikomagataeibacter*: A genus related to but distinct from the existing genus Komagataeibacter of different.

Varikomarekiella

L. masc. adjective *varius*, different; L. fem. dim. n. *Komarekiella*, An existing genus; *Varikomarekiella*: A genus related to but distinct from the existing genus Komarekiella of different.

Varikomarkovaea

L. masc. adjective *varius*, different; L. fem. n. *Komarkovaea*, An existing genus; *Varikomarkovaea*: A genus related to but distinct from the existing genus Komarkovaea of different.

Varikordia

L. masc. adjective *varius*, different; L. fem. n. *Kordia*, An existing genus; *Varikordia*: A genus related to but distinct from the existing genus Kordia of different.

Varikordiimonas

L. masc. adjective *varius*, different; L. fem. n. *Kordiimonas*, An existing genus; *Varikordiimonas*: A genus related to but distinct from the existing genus Kordiimonas of different.

Varikoreibacter

L. masc. adjective *varius*, different; L. masc. n. *Koreibacter*, An existing genus; *Varikoreibacter*: A genus related to but distinct from the existing genus Koreibacter of different.

Varikosakonia

L. masc. adjective *varius*, different; L. fem. n. *Kosakonia*, An existing genus; *Varikosakonia*: A genus related to but distinct from the existing genus Kosakonia of different.

Varikoserella

L. masc. adjective *varius*, different; L. fem. dim. n. *Koserella*, An existing genus; *Varikoserella*: A genus related to but distinct from the existing genus Koserella of different.

Varikosmotoga

L. masc. adjective *varius*, different; L. fem. n. *Kosmotoga*, An existing genus; *Varikosmotoga*: A genus related to but distinct from the existing genus Kosmotoga of different.

Varikovacikia

L. masc. adjective *varius*, different; L. fem. n. *Kovacikia*, An existing genus; *Varikovacikia*: A genus related to but distinct from the existing genus Kovacikia of different.

Varikozakia

L. masc. adjective *varius*, different; L. fem. n. *Kozakia*, An existing genus; *Varikozakia*: A genus related to but distinct from the existing genus Kozakia of different.

Varikrasilnikovia

L. masc. adjective *varius*, different; L. fem. n. *Krasilnikovia*, An existing genus; *Varikrasilnikovia*: A genus related to but distinct from the existing genus Krasilnikovia of different.

Varikrasilnikoviella

L. masc. adjective *varius*, different; L. fem. dim. n. *Krasilnikoviella*, An existing genus; *Varikrasilnikoviella*: A genus related to but distinct from the existing genus Krasilnikoviella of different.

Varikribbella

L. masc. adjective *varius*, different; L. fem. dim. n. *Kribbella*, An existing genus; *Varikribbella*: A genus related to but distinct from the existing genus Kribbella of different.

Varikribbia

L. masc. adjective *varius*, different; L. fem. n. *Kribbia*, An existing genus; *Varikribbia*: A genus related to but distinct from the existing genus Kribbia of different.

Varikriegella

L. masc. adjective *varius*, different; L. fem. dim. n. *Kriegella*, An existing genus; *Varikriegella*: A genus related to but distinct from the existing genus Kriegella of different.

Varikrokinobacter

L. masc. adjective *varius*, different; L. masc. n. *Krokinobacter*, An existing genus; *Varikrokinobacter*: A genus related to but distinct from the existing genus Krokinobacter of different.

Varikroppenstedtia

L. masc. adjective *varius*, different; L. fem. n. *Kroppenstedtia*, An existing genus; *Varikroppenstedtia*: A genus related to but distinct from the existing genus Kroppenstedtia of different.

Varikryptousia

L. masc. adjective *varius*, different; L. fem. n. *Kryptousia*, An existing genus; *Varikryptousia*: A genus related to but distinct from the existing genus Kryptousia of different.

Variktedonobacter

L. masc. adjective *varius*, different; L. masc. n. *Ktedonobacter*, An existing genus; *Variktedonobacter*: A genus related to but distinct from the existing genus Ktedonobacter of different.

Variktedonosporobacter

L. masc. adjective *varius*, different; L. masc. n. *Ktedonosporobacter*, An existing genus; *Variktedonosporobacter*: A genus related to but distinct from the existing genus Ktedonosporobacter of different.

Varikurthia

L. masc. adjective *varius*, different; L. fem. n. *Kurthia*, An existing genus; *Varikurthia*: A genus related to but distinct from the existing genus Kurthia of different.

Varikushneria

L. masc. adjective *varius*, different; L. fem. n. *Kushneria*, An existing genus; *Varikushneria*: A genus related to but distinct from the existing genus Kushneria of different.

Varikutzneria

L. masc. adjective *varius*, different; L. fem. n. *Kutzneria*, An existing genus; *Varikutzneria*: A genus related to but distinct from the existing genus Kutzneria of different.

Varikyrpidia

L. masc. adjective *varius*, different; L. fem. n. *Kyrpidia*, An existing genus; *Varikyrpidia*: A genus related to but distinct from the existing genus Kyrpidia of different.

Varikyrtuthrix

L. masc. adjective *varius*, different; L. fem. n. *Kyrtuthrix*, An existing genus; *Varikyrtuthrix*: A genus related to but distinct from the existing genus Kyrtuthrix of different.

Varikytococcus

L. masc. adjective *varius*, different; L. masc. n. *Kytococcus*, An existing genus; *Varikytococcus*: A genus related to but distinct from the existing genus Kytococcus of different.

Varilabedaea

L. masc. adjective *varius*, different; L. fem. n. *Labedaea*, An existing genus; *Varilabedaea*: A genus related to but distinct from the existing genus Labedaea of different.

Varilabedella

L. masc. adjective *varius*, different; L. fem. dim. n. *Labedella*, An existing genus; *Varilabedella*: A genus related to but distinct from the existing genus Labedella of different.

Varilabilibaculum

L. masc. adjective *varius*, different; L. neut. n. *Labilibaculum*, An existing genus; *Varilabilibaculum*: A genus related to but distinct from the existing genus Labilibaculum of different.

Varilabilithrix

L. masc. adjective *varius*, different; L. fem. n. *Labilithrix*, An existing genus; *Varilabilithrix*: A genus related to but distinct from the existing genus Labilithrix of different.

Varilabrenzia

L. masc. adjective *varius*, different; L. fem. n. *Labrenzia*, An existing genus; *Varilabrenzia*: A genus related to but distinct from the existing genus Labrenzia of different.

Varilabrys

L. masc. adjective *varius*, different; L. masc. n. *Labrys*, An existing genus; *Varilabrys*: A genus related to but distinct from the existing genus Labrys of different.

Varilaceyella

L. masc. adjective *varius*, different; L. fem. dim. n. *Laceyella*, An existing genus; *Varilaceyella*: A genus related to but distinct from the existing genus Laceyella of different.

Varilachnoanaerobaculum

L. masc. adjective *varius*, different; L. neut. n. *Lachnoanaerobaculum*, An existing genus; *Varilachnoanaerobaculum*: A genus related to but distinct from the existing genus Lachnoanaerobaculum of different.

Varilachnobacterium

L. masc. adjective *varius*, different; L. neut. n. *Lachnobacterium*, An existing genus; *Varilachnobacterium*: A genus related to but distinct from the existing genus Lachnobacterium of different.

Varilachnoclostridium

L. masc. adjective *varius*, different; L. neut. n. *Lachnoclostridium*, An existing genus; *Varilachnoclostridium*: A genus related to but distinct from the existing genus Lachnoclostridium of different.

Varilachnospira

L. masc. adjective *varius*, different; L. fem. n. *Lachnospira*, An existing genus; *Varilachnospira*: A genus related to but distinct from the existing genus Lachnospira of different.

Varilachnotalea

L. masc. adjective *varius*, different; L. fem. n. *Lachnotalea*, An existing genus; *Varilachnotalea*: A genus related to but distinct from the existing genus Lachnotalea of different.

Varilacibacter

L. masc. adjective *varius*, different; L. masc. n. *Lacibacter*, An existing genus; *Varilacibacter*: A genus related to but distinct from the existing genus Lacibacter of different.

Varilacibacterium

L. masc. adjective *varius*, different; L. neut. n. *Lacibacterium*, An existing genus; *Varilacibacterium*: A genus related to but distinct from the existing genus Lacibacterium of different.

Varilacihabitans

L. masc. adjective *varius*, different; L. masc. n. *Lacihabitans*, An existing genus; *Varilacihabitans*: A genus related to but distinct from the existing genus Lacihabitans of different.

Varilacimicrobium

L. masc. adjective *varius*, different; L. neut. n. *Lacimicrobium*, An existing genus; *Varilacimicrobium*: A genus related to but distinct from the existing genus Lacimicrobium of different.

Varilacimonas

L. masc. adjective *varius*, different; L. fem. n. *Lacimonas*, An existing genus; *Varilacimonas*: A genus related to but distinct from the existing genus Lacimonas of different.

Varilacinutrix

L. masc. adjective *varius*, different; L. fem. n. *Lacinutrix*, An existing genus; *Varilacinutrix*: A genus related to but distinct from the existing genus Lacinutrix of different.

Varilacipirellula

L. masc. adjective *varius*, different; L. fem. dim. n. *Lacipirellula*, An existing genus; *Varilacipirellula*: A genus related to but distinct from the existing genus Lacipirellula of different.

Varilacisediminihabitans

L. masc. adjective *varius*, different; L. fem. n. *Lacisediminihabitans*, An existing genus; *Varilacisediminihabitans*: A genus related to but distinct from the existing genus Lacisediminihabitans of different.

Varilacisediminimonas

L. masc. adjective *varius*, different; L. fem. n. *Lacisediminimonas*, An existing genus; *Varilacisediminimonas*: A genus related to but distinct from the existing genus Lacisediminimonas of different.

Varilacrimispora

L. masc. adjective *varius*, different; L. fem. n. *Lacrimispora*, An existing genus; *Varilacrimispora*: A genus related to but distinct from the existing genus Lacrimispora of different.

Varilacticaseibacillus

L. masc. adjective *varius*, different; L. masc. n. *Lacticaseibacillus*, An existing genus; *Varilacticaseibacillus*: A genus related to but distinct from the existing genus Lacticaseibacillus of different.

Varilacticigenium

L. masc. adjective *varius*, different; L. neut. n. *Lacticigenium*, An existing genus; *Varilacticigenium*: A genus related to but distinct from the existing genus Lacticigenium of different.

Varilactimicrobium

L. masc. adjective *varius*, different; L. neut. n. *Lactimicrobium*, An existing genus; *Varilactimicrobium*: A genus related to but distinct from the existing genus Lactimicrobium of different.

Varilactiplantibacillus

L. masc. adjective *varius*, different; L. masc. n. *Lactiplantibacillus*, An existing genus; *Varilactiplantibacillus*: A genus related to but distinct from the existing genus Lactiplantibacillus of different.

Varilactivibrio

L. masc. adjective *varius*, different; L. masc. n. *Lactivibrio*, An existing genus; *Varilactivibrio*: A genus related to but distinct from the existing genus Lactivibrio of different.

Varilactobacillus

L. masc. adjective *varius*, different; L. masc. n. *Lactobacillus*, An existing genus; *Varilactobacillus*: A genus related to but distinct from the existing genus Lactobacillus of different.

Varilactococcus

L. masc. adjective *varius*, different; L. masc. n. *Lactococcus*, An existing genus; *Varilactococcus*: A genus related to but distinct from the existing genus Lactococcus of different.

Varilactonifactor

L. masc. adjective *varius*, different; L. masc. n. *Lactonifactor*, An existing genus; *Varilactonifactor*: A genus related to but distinct from the existing genus Lactonifactor of different.

Varilactosphaera

L. masc. adjective *varius*, different; L. fem. n. *Lactosphaera*, An existing genus; *Varilactosphaera*: A genus related to but distinct from the existing genus Lactosphaera of different.

Varilactovum

L. masc. adjective *varius*, different; L. neut. n. *Lactovum*, An existing genus; *Varilactovum*: A genus related to but distinct from the existing genus Lactovum of different.

Varilacunisphaera

L. masc. adjective *varius*, different; L. fem. n. *Lacunisphaera*, An existing genus; *Varilacunisphaera*: A genus related to but distinct from the existing genus Lacunisphaera of different.

Varilamprocystis

L. masc. adjective *varius*, different; L. fem. n. *Lamprocystis*, An existing genus; *Varilamprocystis*: A genus related to but distinct from the existing genus Lamprocystis of different.

Varilampropedia

L. masc. adjective *varius*, different; L. fem. n. *Lampropedia*, An existing genus; *Varilampropedia*: A genus related to but distinct from the existing genus Lampropedia of different.

Varilancefieldella

L. masc. adjective *varius*, different; L. fem. dim. n. *Lancefieldella*, An existing genus; *Varilancefieldella*: A genus related to but distinct from the existing genus Lancefieldella of different.

Varilapidilactobacillus

L. masc. adjective *varius*, different; L. masc. n. *Lapidilactobacillus*, An existing genus; *Varilapidilactobacillus*: A genus related to but distinct from the existing genus Lapidilactobacillus of different.

Varilapillicoccus

L. masc. adjective *varius*, different; L. masc. n. *Lapillicoccus*, An existing genus; *Varilapillicoccus*: A genus related to but distinct from the existing genus Lapillicoccus of different.

Varilaribacter

L. masc. adjective *varius*, different; L. masc. n. *Laribacter*, An existing genus; *Varilaribacter*: A genus related to but distinct from the existing genus Laribacter of different.

Varilarkinella

L. masc. adjective *varius*, different; L. fem. dim. n. *Larkinella*, An existing genus; *Varilarkinella*: A genus related to but distinct from the existing genus Larkinella of different.

Varilarsenia

L. masc. adjective *varius*, different; L. fem. n. *Larsenia*, An existing genus; *Varilarsenia*: A genus related to but distinct from the existing genus Larsenia of different.

Varilarsenimonas

L. masc. adjective *varius*, different; L. fem. n. *Larsenimonas*, An existing genus; *Varilarsenimonas*: A genus related to but distinct from the existing genus Larsenimonas of different.

Varilaspinema

L. masc. adjective *varius*, different; L. neut. n. *Laspinema*, An existing genus; *Varilaspinema*: A genus related to but distinct from the existing genus Laspinema of different.

Varilatilactobacillus

L. masc. adjective *varius*, different; L. masc. n. *Latilactobacillus*, An existing genus; *Varilatilactobacillus*: A genus related to but distinct from the existing genus Latilactobacillus of different.

Varilautropia

L. masc. adjective *varius*, different; L. fem. n. *Lautropia*, An existing genus; *Varilautropia*: A genus related to but distinct from the existing genus Lautropia of different.

Varilawsonella

L. masc. adjective *varius*, different; L. fem. dim. n. *Lawsonella*, An existing genus; *Varilawsonella*: A genus related to but distinct from the existing genus Lawsonella of different.

Varilawsonia

L. masc. adjective *varius*, different; L. fem. n. *Lawsonia*, An existing genus; *Varilawsonia*: A genus related to but distinct from the existing genus Lawsonia of different.

Varilawsonibacter

L. masc. adjective *varius*, different; L. masc. n. *Lawsonibacter*, An existing genus; *Varilawsonibacter*: A genus related to but distinct from the existing genus Lawsonibacter of different.

Varileadbetterella

L. masc. adjective *varius*, different; L. fem. dim. n. *Leadbetterella*, An existing genus; *Varileadbetterella*: A genus related to but distinct from the existing genus Leadbetterella of different.

Varilebetimonas

L. masc. adjective *varius*, different; L. fem. n. *Lebetimonas*, An existing genus; *Varilebetimonas*: A genus related to but distinct from the existing genus Lebetimonas of different.

Varilechevalieria

L. masc. adjective *varius*, different; L. fem. n. *Lechevalieria*, An existing genus; *Varilechevalieria*: A genus related to but distinct from the existing genus Lechevalieria of different.

Varileclercia

L. masc. adjective *varius*, different; L. fem. n. *Leclercia*, An existing genus; *Varileclercia*: A genus related to but distinct from the existing genus Leclercia of different.

Varileeia

L. masc. adjective *varius*, different; L. fem. n. *Leeia*, An existing genus; *Varileeia*: A genus related to but distinct from the existing genus Leeia of different.

Varileekyejoonella

L. masc. adjective *varius*, different; L. fem. dim. n. *Leekyejoonella*, An existing genus; *Varileekyejoonella*: A genus related to but distinct from the existing genus Leekyejoonella of different.

Varileeuwenhoekiella

L. masc. adjective *varius*, different; L. fem. dim. n. *Leeuwenhoekiella*, An existing genus; *Varileeuwenhoekiella*: A genus related to but distinct from the existing genus Leeuwenhoekiella of different.

Varilegionella

L. masc. adjective *varius*, different; L. fem. dim. n. *Legionella*, An existing genus; *Varilegionella*: A genus related to but distinct from the existing genus Legionella of different.

Varileifsonia

L. masc. adjective *varius*, different; L. fem. n. *Leifsonia*, An existing genus; *Varileifsonia*: A genus related to but distinct from the existing genus Leifsonia of different.

Varileisingera

L. masc. adjective *varius*, different; L. fem. n. *Leisingera*, An existing genus; *Varileisingera*: A genus related to but distinct from the existing genus Leisingera of different.

Varilelliottia

L. masc. adjective *varius*, different; L. fem. n. *Lelliottia*, An existing genus; *Varilelliottia*: A genus related to but distinct from the existing genus Lelliottia of different.

Varileminorella

L. masc. adjective *varius*, different; L. fem. n. *Leminorella*, An existing genus; *Varileminorella*: A genus related to but distinct from the existing genus Leminorella of different.

Varilemmermanniella

L. masc. adjective *varius*, different; L. fem. dim. n. *Lemmermanniella*, An existing genus; *Varilemmermanniella*: A genus related to but distinct from the existing genus Lemmermanniella of different.

Varilentibacillus

L. masc. adjective *varius*, different; L. masc. n. *Lentibacillus*, An existing genus; *Varilentibacillus*: A genus related to but distinct from the existing genus Lentibacillus of different.

Varilentibacter

L. masc. adjective *varius*, different; L. masc. n. *Lentibacter*, An existing genus; *Varilentibacter*: A genus related to but distinct from the existing genus Lentibacter of different.

Varilentilactobacillus

L. masc. adjective *varius*, different; L. masc. n. *Lentilactobacillus*, An existing genus; *Varilentilactobacillus*: A genus related to but distinct from the existing genus Lentilactobacillus of different.

Varilentilitoribacter

L. masc. adjective *varius*, different; L. masc. n. *Lentilitoribacter*, An existing genus; *Varilentilitoribacter*: A genus related to but distinct from the existing genus Lentilitoribacter of different.

Varilentimicrobium

L. masc. adjective *varius*, different; L. neut. n. *Lentimicrobium*, An existing genus; *Varilentimicrobium*: A genus related to but distinct from the existing genus Lentimicrobium of different.

Varilentisphaera

L. masc. adjective *varius*, different; L. fem. n. *Lentisphaera*, An existing genus; *Varilentisphaera*: A genus related to but distinct from the existing genus Lentisphaera of different.

Varilentzea

L. masc. adjective *varius*, different; L. fem. n. *Lentzea*, An existing genus; *Varilentzea*: A genus related to but distinct from the existing genus Lentzea of different.

Varileptobacterium

L. masc. adjective *varius*, different; L. neut. n. *Leptobacterium*, An existing genus; *Varileptobacterium*: A genus related to but distinct from the existing genus Leptobacterium of different.

Varileptolinea

L. masc. adjective *varius*, different; L. fem. n. *Leptolinea*, An existing genus; *Varileptolinea*: A genus related to but distinct from the existing genus Leptolinea of different.

Varileptonema

L. masc. adjective *varius*, different; L. neut. n. *Leptonema*, An existing genus; *Varileptonema*: A genus related to but distinct from the existing genus Leptonema of different.

Varileptospira

L. masc. adjective *varius*, different; L. fem. n. *Leptospira*, An existing genus; *Varileptospira*: A genus related to but distinct from the existing genus Leptospira of different.

Varileptospirillum

L. masc. adjective *varius*, different; L. neut. dim. n. *Leptospirillum*, An existing genus; *Varileptospirillum*: A genus related to but distinct from the existing genus Leptospirillum of different.

Varileptothoe

L. masc. adjective *varius*, different; L. fem. n. *Leptothoe*, An existing genus; *Varileptothoe*: A genus related to but distinct from the existing genus Leptothoe of different.

Varileptothrix

L. masc. adjective *varius*, different; L. fem. n. *Leptothrix*, An existing genus; *Varileptothrix*: A genus related to but distinct from the existing genus Leptothrix of different.

Varileptotrichia

L. masc. adjective *varius*, different; L. fem. n. *Leptotrichia*, An existing genus; *Varileptotrichia*: A genus related to but distinct from the existing genus Leptotrichia of different.

Varileucobacter

L. masc. adjective *varius*, different; L. masc. n. *Leucobacter*, An existing genus; *Varileucobacter*: A genus related to but distinct from the existing genus Leucobacter of different.

Varileuconostoc

L. masc. adjective *varius*, different; L. neut. n. *Leuconostoc*, An existing genus; *Varileuconostoc*: A genus related to but distinct from the existing genus Leuconostoc of different.

Varileucothrix

L. masc. adjective *varius*, different; L. fem. n. *Leucothrix*, An existing genus; *Varileucothrix*: A genus related to but distinct from the existing genus Leucothrix of different.

Varilevilactobacillus

L. masc. adjective *varius*, different; L. masc. n. *Levilactobacillus*, An existing genus; *Varilevilactobacillus*: A genus related to but distinct from the existing genus Levilactobacillus of different.

Varilevilinea

L. masc. adjective *varius*, different; L. fem. n. *Levilinea*, An existing genus; *Varilevilinea*: A genus related to but distinct from the existing genus Levilinea of different.

Varilevinea

L. masc. adjective *varius*, different; L. fem. n. *Levinea*, An existing genus; *Varilevinea*: A genus related to but distinct from the existing genus Levinea of different.

Varilevispirillum

L. masc. adjective *varius*, different; L. neut. dim. n. *Levispirillum*, An existing genus; *Varilevispirillum*: A genus related to but distinct from the existing genus Levispirillum of different.

Varilewinella

L. masc. adjective *varius*, different; L. fem. dim. n. *Lewinella*, An existing genus; *Varilewinella*: A genus related to but distinct from the existing genus Lewinella of different.

Varilibanicoccus

L. masc. adjective *varius*, different; L. masc. n. *Libanicoccus*, An existing genus; *Varilibanicoccus*: A genus related to but distinct from the existing genus Libanicoccus of different.

Variliberibacter

L. masc. adjective *varius*, different; L. masc. n. *Liberibacter*, An existing genus; *Variliberibacter*: A genus related to but distinct from the existing genus Liberibacter of different.

Varilichenibacterium

L. masc. adjective *varius*, different; L. neut. n. *Lichenibacterium*, An existing genus; *Varilichenibacterium*: A genus related to but distinct from the existing genus Lichenibacterium of different.

Varilichenicoccus

L. masc. adjective *varius*, different; L. masc. n. *Lichenicoccus*, An existing genus; *Varilichenicoccus*: A genus related to but distinct from the existing genus Lichenicoccus of different.

Varilichenihabitans

L. masc. adjective *varius*, different; L. masc. n. *Lichenihabitans*, An existing genus; *Varilichenihabitans*: A genus related to but distinct from the existing genus Lichenihabitans of different.

Varilightfootiella

L. masc. adjective *varius*, different; L. fem. dim. n. *Lightfootiella*, An existing genus; *Varilightfootiella*: A genus related to but distinct from the existing genus Lightfootiella of different.

Variligilactobacillus

L. masc. adjective *varius*, different; L. masc. n. *Ligilactobacillus*, An existing genus; *Variligilactobacillus*: A genus related to but distinct from the existing genus Ligilactobacillus of different.

Varilignipirellula

L. masc. adjective *varius*, different; L. fem. dim. n. *Lignipirellula*, An existing genus; *Varilignipirellula*: A genus related to but distinct from the existing genus Lignipirellula of different.

Varilihuaxuella

L. masc. adjective *varius*, different; L. fem. dim. n. *Lihuaxuella*, An existing genus; *Varilihuaxuella*: A genus related to but distinct from the existing genus Lihuaxuella of different.

Varilimibacillus

L. masc. adjective *varius*, different; L. masc. n. *Limibacillus*, An existing genus; *Varilimibacillus*: A genus related to but distinct from the existing genus Limibacillus of different.

Varilimibacter

L. masc. adjective *varius*, different; L. masc. n. *Limibacter*, An existing genus; *Varilimibacter*: A genus related to but distinct from the existing genus Limibacter of different.

Varilimibaculum

L. masc. adjective *varius*, different; L. neut. n. *Limibaculum*, An existing genus; *Varilimibaculum*: A genus related to but distinct from the existing genus Limibaculum of different.

Varilimihaloglobus

L. masc. adjective *varius*, different; L. masc. n. *Limihaloglobus*, An existing genus; *Varilimihaloglobus*: A genus related to but distinct from the existing genus Limihaloglobus of different.

Varilimimaricola

L. masc. adjective *varius*, different; L. masc. n. *Limimaricola*, An existing genus; *Varilimimaricola*: A genus related to but distinct from the existing genus Limimaricola of different.

Varilimimonas

L. masc. adjective *varius*, different; L. fem. n. *Limimonas*, An existing genus; *Varilimimonas*: A genus related to but distinct from the existing genus Limimonas of different.

Varilimisphaera

L. masc. adjective *varius*, different; L. fem. n. *Limisphaera*, An existing genus; *Varilimisphaera*: A genus related to but distinct from the existing genus Limisphaera of different.

Varilimnobacter

L. masc. adjective *varius*, different; L. masc. n. *Limnobacter*, An existing genus; *Varilimnobacter*: A genus related to but distinct from the existing genus Limnobacter of different.

Varilimnobaculum

L. masc. adjective *varius*, different; L. neut. n. *Limnobaculum*, An existing genus; *Varilimnobaculum*: A genus related to but distinct from the existing genus Limnobaculum of different.

Varilimnochorda

L. masc. adjective *varius*, different; L. fem. n. *Limnochorda*, An existing genus; *Varilimnochorda*: A genus related to but distinct from the existing genus Limnochorda of different.

Varilimnoglobus

L. masc. adjective *varius*, different; L. masc. n. *Limnoglobus*, An existing genus; *Varilimnoglobus*: A genus related to but distinct from the existing genus Limnoglobus of different.

Varilimnohabitans

L. masc. adjective *varius*, different; L. masc. n. *Limnohabitans*, An existing genus; *Varilimnohabitans*: A genus related to but distinct from the existing genus Limnohabitans of different.

Varilimnolyngbya

L. masc. adjective *varius*, different; L. fem. n. *Limnolyngbya*, An existing genus; *Varilimnolyngbya*: A genus related to but distinct from the existing genus Limnolyngbya of different.

Varilimnospira

L. masc. adjective *varius*, different; L. fem. n. *Limnospira*, An existing genus; *Varilimnospira*: A genus related to but distinct from the existing genus Limnospira of different.

Varilimoniibacter

L. masc. adjective *varius*, different; L. masc. n. *Limoniibacter*, An existing genus; *Varilimoniibacter*: A genus related to but distinct from the existing genus Limoniibacter of different.

Varilimosilactobacillus

L. masc. adjective *varius*, different; L. masc. n. *Limosilactobacillus*, An existing genus; *Varilimosilactobacillus*: A genus related to but distinct from the existing genus Limosilactobacillus of different.

Varilipingzhangella

L. masc. adjective *varius*, different; L. fem. dim. n. *Lipingzhangella*, An existing genus; *Varilipingzhangella*: A genus related to but distinct from the existing genus Lipingzhangella of different.

Variliquorilactobacillus

L. masc. adjective *varius*, different; L. masc. n. *Liquorilactobacillus*, An existing genus; *Variliquorilactobacillus*: A genus related to but distinct from the existing genus Liquorilactobacillus of different.

Varilishizhenia

L. masc. adjective *varius*, different; L. fem. n. *Lishizhenia*, An existing genus; *Varilishizhenia*: A genus related to but distinct from the existing genus Lishizhenia of different.

Varilisteria

L. masc. adjective *varius*, different; L. fem. n. *Listeria*, An existing genus; *Varilisteria*: A genus related to but distinct from the existing genus Listeria of different.

Varilistonella

L. masc. adjective *varius*, different; L. fem. dim. n. *Listonella*, An existing genus; *Varilistonella*: A genus related to but distinct from the existing genus Listonella of different.

Varilitoreibacter

L. masc. adjective *varius*, different; L. masc. n. *Litoreibacter*, An existing genus; *Varilitoreibacter*: A genus related to but distinct from the existing genus Litoreibacter of different.

Varilitoribacillus

L. masc. adjective *varius*, different; L. masc. n. *Litoribacillus*, An existing genus; *Varilitoribacillus*: A genus related to but distinct from the existing genus Litoribacillus of different.

Varilitoribacter

L. masc. adjective *varius*, different; L. masc. n. *Litoribacter*, An existing genus; *Varilitoribacter*: A genus related to but distinct from the existing genus Litoribacter of different.

Varilitoribaculum

L. masc. adjective *varius*, different; L. neut. n. *Litoribaculum*, An existing genus; *Varilitoribaculum*: A genus related to but distinct from the existing genus Litoribaculum of different.

Varilitoribrevibacter

L. masc. adjective *varius*, different; L. masc. n. *Litoribrevibacter*, An existing genus; *Varilitoribrevibacter*: A genus related to but distinct from the existing genus Litoribrevibacter of different.

Varilitoricola

L. masc. adjective *varius*, different; L. fem. n. *Litoricola*, An existing genus; *Varilitoricola*: A genus related to but distinct from the existing genus Litoricola of different.

Varilitorihabitans

L. masc. adjective *varius*, different; L. masc. n. *Litorihabitans*, An existing genus; *Varilitorihabitans*: A genus related to but distinct from the existing genus Litorihabitans of different.

Varilitorilinea

L. masc. adjective *varius*, different; L. fem. n. *Litorilinea*, An existing genus; *Varilitorilinea*: A genus related to but distinct from the existing genus Litorilinea of different.

Varilitorilituus

L. masc. adjective *varius*, different; L. masc. n. *Litorilituus*, An existing genus; *Varilitorilituus*: A genus related to but distinct from the existing genus Litorilituus of different.

Varilitorimicrobium

L. masc. adjective *varius*, different; L. neut. n. *Litorimicrobium*, An existing genus; *Varilitorimicrobium*: A genus related to but distinct from the existing genus Litorimicrobium of different.

Varilitorimonas

L. masc. adjective *varius*, different; L. fem. n. *Litorimonas*, An existing genus; *Varilitorimonas*: A genus related to but distinct from the existing genus Litorimonas of different.

Varilitorisediminicola

L. masc. adjective *varius*, different; L. masc. n. *Litorisediminicola*, An existing genus; *Varilitorisediminicola*: A genus related to but distinct from the existing genus Litorisediminicola of different.

Varilitorisediminivivens

L. masc. adjective *varius*, different; L. masc. n. *Litorisediminivivens*, An existing genus; *Varilitorisediminivivens*: A genus related to but distinct from the existing genus Litorisediminivivens of different.

Varilitorivita

L. masc. adjective *varius*, different; L. fem. n. *Litorivita*, An existing genus; *Varilitorivita*: A genus related to but distinct from the existing genus Litorivita of different.

Varilitorivivens

L. masc. adjective *varius*, different; L. fem. n. *Litorivivens*, An existing genus; *Varilitorivivens*: A genus related to but distinct from the existing genus Litorivivens of different.

Variloigolactobacillus

L. masc. adjective *varius*, different; L. masc. n. *Loigolactobacillus*, An existing genus; *Variloigolactobacillus*: A genus related to but distinct from the existing genus Loigolactobacillus of different.

Varilokiarchaeum

L. masc. adjective *varius*, different; L. neut. n. *Lokiarchaeum*, An existing genus; *Varilokiarchaeum*: A genus related to but distinct from the existing genus Lokiarchaeum of different.

Variloktanella

L. masc. adjective *varius*, different; L. fem. dim. n. *Loktanella*, An existing genus; *Variloktanella*: A genus related to but distinct from the existing genus Loktanella of different.

Varilonepinella

L. masc. adjective *varius*, different; L. fem. dim. n. *Lonepinella*, An existing genus; *Varilonepinella*: A genus related to but distinct from the existing genus Lonepinella of different.

Varilongibaculum

L. masc. adjective *varius*, different; L. neut. n. *Longibaculum*, An existing genus; *Varilongibaculum*: A genus related to but distinct from the existing genus Longibaculum of different.

Varilongicatena

L. masc. adjective *varius*, different; L. fem. n. *Longicatena*, An existing genus; *Varilongicatena*: A genus related to but distinct from the existing genus Longicatena of different.

Varilongilinea

L. masc. adjective *varius*, different; L. fem. n. *Longilinea*, An existing genus; *Varilongilinea*: A genus related to but distinct from the existing genus Longilinea of different.

Varilongimicrobium

L. masc. adjective *varius*, different; L. neut. n. *Longimicrobium*, An existing genus; *Varilongimicrobium*: A genus related to but distinct from the existing genus Longimicrobium of different.

Varilongimycelium

L. masc. adjective *varius*, different; L. neut. n. *Longimycelium*, An existing genus; *Varilongimycelium*: A genus related to but distinct from the existing genus Longimycelium of different.

Varilongirhabdus

L. masc. adjective *varius*, different; L. fem. n. *Longirhabdus*, An existing genus; *Varilongirhabdus*: A genus related to but distinct from the existing genus Longirhabdus of different.

Varilongispora

L. masc. adjective *varius*, different; L. fem. n. *Longispora*, An existing genus; *Varilongispora*: A genus related to but distinct from the existing genus Longispora of different.

Varilongivirga

L. masc. adjective *varius*, different; L. fem. n. *Longivirga*, An existing genus; *Varilongivirga*: A genus related to but distinct from the existing genus Longivirga of different.

Varilonsdalea

L. masc. adjective *varius*, different; L. fem. n. *Lonsdalea*, An existing genus; *Varilonsdalea*: A genus related to but distinct from the existing genus Lonsdalea of different.

Variloriella

L. masc. adjective *varius*, different; L. fem. dim. n. *Loriella*, An existing genus; *Variloriella*: A genus related to but distinct from the existing genus Loriella of different.

Variloriellopsis

L. masc. adjective *varius*, different; L. fem. n. *Loriellopsis*, An existing genus; *Variloriellopsis*: A genus related to but distinct from the existing genus Loriellopsis of different.

Varilottiidibacillus

L. masc. adjective *varius*, different; L. masc. n. *Lottiidibacillus*, An existing genus; *Varilottiidibacillus*: A genus related to but distinct from the existing genus Lottiidibacillus of different.

Varilucibacterium

L. masc. adjective *varius*, different; L. neut. n. *Lucibacterium*, An existing genus; *Varilucibacterium*: A genus related to but distinct from the existing genus Lucibacterium of different.

Variluedemannella

L. masc. adjective *varius*, different; L. fem. dim. n. *Luedemannella*, An existing genus; *Variluedemannella*: A genus related to but distinct from the existing genus Luedemannella of different.

Variluethyella

L. masc. adjective *varius*, different; L. fem. dim. n. *Luethyella*, An existing genus; *Variluethyella*: A genus related to but distinct from the existing genus Luethyella of different.

Varilujinxingia

L. masc. adjective *varius*, different; L. fem. n. *Lujinxingia*, An existing genus; *Varilujinxingia*: A genus related to but distinct from the existing genus Lujinxingia of different.

Variluminiphilus

L. masc. adjective *varius*, different; L. masc. n. *Luminiphilus*, An existing genus; *Variluminiphilus*: A genus related to but distinct from the existing genus Luminiphilus of different.

Varilunatimonas

L. masc. adjective *varius*, different; L. fem. n. *Lunatimonas*, An existing genus; *Varilunatimonas*: A genus related to but distinct from the existing genus Lunatimonas of different.

Varilusitaniella

L. masc. adjective *varius*, different; L. fem. dim. n. *Lusitaniella*, An existing genus; *Varilusitaniella*: A genus related to but distinct from the existing genus Lusitaniella of different.

Varilutaonella

L. masc. adjective *varius*, different; L. fem. dim. n. *Lutaonella*, An existing genus; *Varilutaonella*: A genus related to but distinct from the existing genus Lutaonella of different.

Variluteibacter

L. masc. adjective *varius*, different; L. masc. n. *Luteibacter*, An existing genus; *Variluteibacter*: A genus related to but distinct from the existing genus Luteibacter of different.

Variluteibaculum

L. masc. adjective *varius*, different; L. neut. n. *Luteibaculum*, An existing genus; *Variluteibaculum*: A genus related to but distinct from the existing genus Luteibaculum of different.

Variluteimicrobium

L. masc. adjective *varius*, different; L. neut. n. *Luteimicrobium*, An existing genus; *Variluteimicrobium*: A genus related to but distinct from the existing genus Luteimicrobium of different.

Variluteimonas

L. masc. adjective *varius*, different; L. fem. n. *Luteimonas*, An existing genus; *Variluteimonas*: A genus related to but distinct from the existing genus Luteimonas of different.

Variluteipulveratus

L. masc. adjective *varius*, different; L. masc. n. *Luteipulveratus*, An existing genus; *Variluteipulveratus*: A genus related to but distinct from the existing genus Luteipulveratus of different.

Variluteitalea

L. masc. adjective *varius*, different; L. fem. n. *Luteitalea*, An existing genus; *Variluteitalea*: A genus related to but distinct from the existing genus Luteitalea of different.

Variluteithermobacter

L. masc. adjective *varius*, different; L. masc. n. *Luteithermobacter*, An existing genus; *Variluteithermobacter*: A genus related to but distinct from the existing genus Luteithermobacter of different.

Variluteivirga

L. masc. adjective *varius*, different; L. fem. n. *Luteivirga*, An existing genus; *Variluteivirga*: A genus related to but distinct from the existing genus Luteivirga of different.

Variluteococcus

L. masc. adjective *varius*, different; L. masc. n. *Luteococcus*, An existing genus; *Variluteococcus*: A genus related to but distinct from the existing genus Luteococcus of different.

Variluteolibacter

L. masc. adjective *varius*, different; L. masc. n. *Luteolibacter*, An existing genus; *Variluteolibacter*: A genus related to but distinct from the existing genus Luteolibacter of different.

Variluteovulum

L. masc. adjective *varius*, different; L. neut. n. *Luteovulum*, An existing genus; *Variluteovulum*: A genus related to but distinct from the existing genus Luteovulum of different.

Varilutibacterium

L. masc. adjective *varius*, different; L. neut. n. *Lutibacterium*, An existing genus; *Varilutibacterium*: A genus related to but distinct from the existing genus Lutibacterium of different.

Varilutimaribacter

L. masc. adjective *varius*, different; L. masc. n. *Lutimaribacter*, An existing genus; *Varilutimaribacter*: A genus related to but distinct from the existing genus Lutimaribacter of different.

Varilutimonas

L. masc. adjective *varius*, different; L. fem. n. *Lutimonas*, An existing genus; *Varilutimonas*: A genus related to but distinct from the existing genus Lutimonas of different.

Varilutispora

L. masc. adjective *varius*, different; L. fem. n. *Lutispora*, An existing genus; *Varilutispora*: A genus related to but distinct from the existing genus Lutispora of different.

Varilysinibacillus

L. masc. adjective *varius*, different; L. masc. n. *Lysinibacillus*, An existing genus; *Varilysinibacillus*: A genus related to but distinct from the existing genus Lysinibacillus of different.

Varilysinibacter

L. masc. adjective *varius*, different; L. masc. n. *Lysinibacter*, An existing genus; *Varilysinibacter*: A genus related to but distinct from the existing genus Lysinibacter of different.

Varilysinimicrobium

L. masc. adjective *varius*, different; L. neut. n. *Lysinimicrobium*, An existing genus; *Varilysinimicrobium*: A genus related to but distinct from the existing genus Lysinimicrobium of different.

Varilysinimonas

L. masc. adjective *varius*, different; L. fem. n. *Lysinimonas*, An existing genus; *Varilysinimonas*: A genus related to but distinct from the existing genus Lysinimonas of different.

Varilysobacter

L. masc. adjective *varius*, different; L. masc. n. *Lysobacter*, An existing genus; *Varilysobacter*: A genus related to but distinct from the existing genus Lysobacter of different.

Varilyticum

L. masc. adjective *varius*, different; L. neut. n. *Lyticum*, An existing genus; *Varilyticum*: A genus related to but distinct from the existing genus Lyticum of different.

Varimabikibacter

L. masc. adjective *varius*, different; L. masc. n. *Mabikibacter*, An existing genus; *Varimabikibacter*: A genus related to but distinct from the existing genus Mabikibacter of different.

Varimacellibacteroides

L. masc. adjective *varius*, different; L. masc. n. *Macellibacteroides*, An existing genus; *Varimacellibacteroides*: A genus related to but distinct from the existing genus Macellibacteroides of different.

Varimacrochaete

L. masc. adjective *varius*, different; L. fem. n. *Macrochaete*, An existing genus; *Varimacrochaete*: A genus related to but distinct from the existing genus Macrochaete of different.

Varimacrococcus

L. masc. adjective *varius*, different; L. masc. n. *Macrococcus*, An existing genus; *Varimacrococcus*: A genus related to but distinct from the existing genus Macrococcus of different.

Varimageeibacillus

L. masc. adjective *varius*, different; L. masc. n. *Mageeibacillus*, An existing genus; *Varimageeibacillus*: A genus related to but distinct from the existing genus Mageeibacillus of different.

Varimagnetococcus

L. masc. adjective *varius*, different; L. masc. n. *Magnetococcus*, An existing genus; *Varimagnetococcus*: A genus related to but distinct from the existing genus Magnetococcus of different.

Varimagnetospira

L. masc. adjective *varius*, different; L. fem. n. *Magnetospira*, An existing genus; *Varimagnetospira*: A genus related to but distinct from the existing genus Magnetospira of different.

Varimagnetospirillum

L. masc. adjective *varius*, different; L. neut. dim. n. *Magnetospirillum*, An existing genus; *Varimagnetospirillum*: A genus related to but distinct from the existing genus Magnetospirillum of different.

Varimagnetovibrio

L. masc. adjective *varius*, different; L. masc. n. *Magnetovibrio*, An existing genus; *Varimagnetovibrio*: A genus related to but distinct from the existing genus Magnetovibrio of different.

Varimahella

L. masc. adjective *varius*, different; L. fem. dim. n. *Mahella*, An existing genus; *Varimahella*: A genus related to but distinct from the existing genus Mahella of different.

Varimalacoplasma

L. masc. adjective *varius*, different; L. neut. n. *Malacoplasma*, An existing genus; *Varimalacoplasma*: A genus related to but distinct from the existing genus Malacoplasma of different.

Varimaledivibacter

L. masc. adjective *varius*, different; L. masc. n. *Maledivibacter*, An existing genus; *Varimaledivibacter*: A genus related to but distinct from the existing genus Maledivibacter of different.

Varimalikia

L. masc. adjective *varius*, different; L. fem. n. *Malikia*, An existing genus; *Varimalikia*: A genus related to but distinct from the existing genus Malikia of different.

Varimaliponia

L. masc. adjective *varius*, different; L. fem. n. *Maliponia*, An existing genus; *Varimaliponia*: A genus related to but distinct from the existing genus Maliponia of different.

Varimameliella

L. masc. adjective *varius*, different; L. fem. dim. n. *Mameliella*, An existing genus; *Varimameliella*: A genus related to but distinct from the existing genus Mameliella of different.

Varimangrovibacter

L. masc. adjective *varius*, different; L. masc. n. *Mangrovibacter*, An existing genus; *Varimangrovibacter*: A genus related to but distinct from the existing genus Mangrovibacter of different.

Varimangrovibacterium

L. masc. adjective *varius*, different; L. neut. n. *Mangrovibacterium*, An existing genus; *Varimangrovibacterium*: A genus related to but distinct from the existing genus Mangrovibacterium of different.

Varimangrovicella

L. masc. adjective *varius*, different; L. fem. n. *Mangrovicella*, An existing genus; *Varimangrovicella*: A genus related to but distinct from the existing genus Mangrovicella of different.

Varimangrovicoccus

L. masc. adjective *varius*, different; L. masc. n. *Mangrovicoccus*, An existing genus; *Varimangrovicoccus*: A genus related to but distinct from the existing genus Mangrovicoccus of different.

Varimangroviflexus

L. masc. adjective *varius*, different; L. masc. n. *Mangroviflexus*, An existing genus; *Varimangroviflexus*: A genus related to but distinct from the existing genus Mangroviflexus of different.

Varimangrovihabitans

L. masc. adjective *varius*, different; L. masc. n. *Mangrovihabitans*, An existing genus; *Varimangrovihabitans*: A genus related to but distinct from the existing genus Mangrovihabitans of different.

Varimangrovimonas

L. masc. adjective *varius*, different; L. fem. n. *Mangrovimonas*, An existing genus; *Varimangrovimonas*: A genus related to but distinct from the existing genus Mangrovimonas of different.

Varimangrovitalea

L. masc. adjective *varius*, different; L. fem. n. *Mangrovitalea*, An existing genus; *Varimangrovitalea*: A genus related to but distinct from the existing genus Mangrovitalea of different.

Varimannheimia

L. masc. adjective *varius*, different; L. fem. n. *Mannheimia*, An existing genus; *Varimannheimia*: A genus related to but distinct from the existing genus Mannheimia of different.

Varimarasmitruncus

L. masc. adjective *varius*, different; L. masc. n. *Marasmitruncus*, An existing genus; *Varimarasmitruncus*: A genus related to but distinct from the existing genus Marasmitruncus of different.

Varimaribacillus

L. masc. adjective *varius*, different; L. masc. n. *Maribacillus*, An existing genus; *Varimaribacillus*: A genus related to but distinct from the existing genus Maribacillus of different.

Varimaribacter

L. masc. adjective *varius*, different; L. masc. n. *Maribacter*, An existing genus; *Varimaribacter*: A genus related to but distinct from the existing genus Maribacter of different.

Varimaribaculum

L. masc. adjective *varius*, different; L. neut. n. *Maribaculum*, An existing genus; *Varimaribaculum*: A genus related to but distinct from the existing genus Maribaculum of different.

Varimaribellus

L. masc. adjective *varius*, different; L. masc. n. *Maribellus*, An existing genus; *Varimaribellus*: A genus related to but distinct from the existing genus Maribellus of different.

Varimaribius

L. masc. adjective *varius*, different; L. masc. n. *Maribius*, An existing genus; *Varimaribius*: A genus related to but distinct from the existing genus Maribius of different.

Varimaricaulis

L. masc. adjective *varius*, different; L. masc. n. *Maricaulis*, An existing genus; *Varimaricaulis*: A genus related to but distinct from the existing genus Maricaulis of different.

Varimarichromatium

L. masc. adjective *varius*, different; L. neut. n. *Marichromatium*, An existing genus; *Varimarichromatium*: A genus related to but distinct from the existing genus Marichromatium of different.

Varimaricurvus

L. masc. adjective *varius*, different; L. masc. n. *Maricurvus*, An existing genus; *Varimaricurvus*: A genus related to but distinct from the existing genus Maricurvus of different.

Varimarihabitans

L. masc. adjective *varius*, different; L. neut. n. *Marihabitans*, An existing genus; *Varimarihabitans*: A genus related to but distinct from the existing genus Marihabitans of different.

Varimarileptolyngbya

L. masc. adjective *varius*, different; L. fem. n. *Marileptolyngbya*, An existing genus; *Varimarileptolyngbya*: A genus related to but distinct from the existing genus Marileptolyngbya of different.

Varimarimicrobium

L. masc. adjective *varius*, different; L. neut. n. *Marimicrobium*, An existing genus; *Varimarimicrobium*: A genus related to but distinct from the existing genus Marimicrobium of different.

Varimarimonas

L. masc. adjective *varius*, different; L. fem. n. *Marimonas*, An existing genus; *Varimarimonas*: A genus related to but distinct from the existing genus Marimonas of different.

Varimarinactinospora

L. masc. adjective *varius*, different; L. fem. n. *Marinactinospora*, An existing genus; *Varimarinactinospora*: A genus related to but distinct from the existing genus Marinactinospora of different.

Varimarinagarivorans

L. masc. adjective *varius*, different; L. masc. n. *Marinagarivorans*, An existing genus; *Varimarinagarivorans*: A genus related to but distinct from the existing genus Marinagarivorans of different.

Varimarinibacillus

L. masc. adjective *varius*, different; L. masc. n. *Marinibacillus*, An existing genus; *Varimarinibacillus*: A genus related to but distinct from the existing genus Marinibacillus of different.

Varimarinibacterium

L. masc. adjective *varius*, different; L. neut. n. *Marinibacterium*, An existing genus; *Varimarinibacterium*: A genus related to but distinct from the existing genus Marinibacterium of different.

Varimarinibactrum

L. masc. adjective *varius*, different; L. neut. n. *Marinibactrum*, An existing genus; *Varimarinibactrum*: A genus related to but distinct from the existing genus Marinibactrum of different.

Varimarinibaculum

L. masc. adjective *varius*, different; L. neut. n. *Marinibaculum*, An existing genus; *Varimarinibaculum*: A genus related to but distinct from the existing genus Marinibaculum of different.

Varimariniblastus

L. masc. adjective *varius*, different; L. masc. n. *Mariniblastus*, An existing genus; *Varimariniblastus*: A genus related to but distinct from the existing genus Mariniblastus of different.

Varimarinicauda

L. masc. adjective *varius*, different; L. fem. n. *Marinicauda*, An existing genus; *Varimarinicauda*: A genus related to but distinct from the existing genus Marinicauda of different.

Varimarinicaulis

L. masc. adjective *varius*, different; L. masc. n. *Marinicaulis*, An existing genus; *Varimarinicaulis*: A genus related to but distinct from the existing genus Marinicaulis of different.

Varimarinicella

L. masc. adjective *varius*, different; L. fem. n. *Marinicella*, An existing genus; *Varimarinicella*: A genus related to but distinct from the existing genus Marinicella of different.

Varimarinicola

L. masc. adjective *varius*, different; L. masc. n. *Marinicola*, An existing genus; *Varimarinicola*: A genus related to but distinct from the existing genus Marinicola of different.

Varimarinicrinis

L. masc. adjective *varius*, different; L. masc. n. *Marinicrinis*, An existing genus; *Varimarinicrinis*: A genus related to but distinct from the existing genus Marinicrinis of different.

Varimarinifilum

L. masc. adjective *varius*, different; L. neut. n. *Marinifilum*, An existing genus; *Varimarinifilum*: A genus related to but distinct from the existing genus Marinifilum of different.

Varimariniflexile

L. masc. adjective *varius*, different; L. neut. n. *Mariniflexile*, An existing genus; *Varimariniflexile*: A genus related to but distinct from the existing genus Mariniflexile of different.

Varimarinilabilia

L. masc. adjective *varius*, different; L. fem. n. *Marinilabilia*, An existing genus; *Varimarinilabilia*: A genus related to but distinct from the existing genus Marinilabilia of different.

Varimarinilactibacillus

L. masc. adjective *varius*, different; L. masc. n. *Marinilactibacillus*, An existing genus; *Varimarinilactibacillus*: A genus related to but distinct from the existing genus Marinilactibacillus of different.

Varimariniluteicoccus

L. masc. adjective *varius*, different; L. masc. n. *Mariniluteicoccus*, An existing genus; *Varimariniluteicoccus*: A genus related to but distinct from the existing genus Mariniluteicoccus of different.

Varimarinimicrobium

L. masc. adjective *varius*, different; L. neut. n. *Marinimicrobium*, An existing genus; *Varimarinimicrobium*: A genus related to but distinct from the existing genus Marinimicrobium of different.

Varimarininema

L. masc. adjective *varius*, different; L. neut. n. *Marininema*, An existing genus; *Varimarininema*: A genus related to but distinct from the existing genus Marininema of different.

Varimariniphaga

L. masc. adjective *varius*, different; L. fem. n. *Mariniphaga*, An existing genus; *Varimariniphaga*: A genus related to but distinct from the existing genus Mariniphaga of different.

Varimariniradius

L. masc. adjective *varius*, different; L. masc. n. *Mariniradius*, An existing genus; *Varimariniradius*: A genus related to but distinct from the existing genus Mariniradius of different.

Varimarinirhabdus

L. masc. adjective *varius*, different; L. fem. n. *Marinirhabdus*, An existing genus; *Varimarinirhabdus*: A genus related to but distinct from the existing genus Marinirhabdus of different.

Varimarinisporobacter

L. masc. adjective *varius*, different; L. masc. n. *Marinisporobacter*, An existing genus; *Varimarinisporobacter*: A genus related to but distinct from the existing genus Marinisporobacter of different.

Varimarinitalea

L. masc. adjective *varius*, different; L. fem. n. *Marinitalea*, An existing genus; *Varimarinitalea*: A genus related to but distinct from the existing genus Marinitalea of different.

Varimarinitenerispora

L. masc. adjective *varius*, different; L. fem. n. *Marinitenerispora*, An existing genus; *Varimarinitenerispora*: A genus related to but distinct from the existing genus Marinitenerispora of different.

Varimarinithermofilum

L. masc. adjective *varius*, different; L. neut. n. *Marinithermofilum*, An existing genus; *Varimarinithermofilum*: A genus related to but distinct from the existing genus Marinithermofilum of different.

Varimarinithermus

L. masc. adjective *varius*, different; L. masc. n. *Marinithermus*, An existing genus; *Varimarinithermus*: A genus related to but distinct from the existing genus Marinithermus of different.

Varimarinitoga

L. masc. adjective *varius*, different; L. fem. n. *Marinitoga*, An existing genus; *Varimarinitoga*: A genus related to but distinct from the existing genus Marinitoga of different.

Varimarinivirga

L. masc. adjective *varius*, different; L. fem. n. *Marinivirga*, An existing genus; *Varimarinivirga*: A genus related to but distinct from the existing genus Marinivirga of different.

Varimarinobacter

L. masc. adjective *varius*, different; L. masc. n. *Marinobacter*, An existing genus; *Varimarinobacter*: A genus related to but distinct from the existing genus Marinobacter of different.

Varimarinobacterium

L. masc. adjective *varius*, different; L. neut. n. *Marinobacterium*, An existing genus; *Varimarinobacterium*: A genus related to but distinct from the existing genus Marinobacterium of different.

Varimarinococcus

L. masc. adjective *varius*, different; L. masc. n. *Marinococcus*, An existing genus; *Varimarinococcus*: A genus related to but distinct from the existing genus Marinococcus of different.

Varimarinomonas

L. masc. adjective *varius*, different; L. fem. n. *Marinomonas*, An existing genus; *Varimarinomonas*: A genus related to but distinct from the existing genus Marinomonas of different.

Varimarinoscillum

L. masc. adjective *varius*, different; L. neut. n. *Marinoscillum*, An existing genus; *Varimarinoscillum*: A genus related to but distinct from the existing genus Marinoscillum of different.

Varimarinospirillum

L. masc. adjective *varius*, different; L. neut. dim. n. *Marinospirillum*, An existing genus; *Varimarinospirillum*: A genus related to but distinct from the existing genus Marinospirillum of different.

Varimarinosulfonomonas

L. masc. adjective *varius*, different; L. fem. n. *Marinosulfonomonas*, An existing genus; *Varimarinosulfonomonas*: A genus related to but distinct from the existing genus Marinosulfonomonas of different.

Varimarinovum

L. masc. adjective *varius*, different; L. neut. n. *Marinovum*, An existing genus; *Varimarinovum*: A genus related to but distinct from the existing genus Marinovum of different.

Varimariprofundus

L. masc. adjective *varius*, different; L. masc. n. *Mariprofundus*, An existing genus; *Varimariprofundus*: A genus related to but distinct from the existing genus Mariprofundus of different.

Varimaripseudobacter

L. masc. adjective *varius*, different; L. masc. n. *Maripseudobacter*, An existing genus; *Varimaripseudobacter*: A genus related to but distinct from the existing genus Maripseudobacter of different.

Varimarisediminicola

L. masc. adjective *varius*, different; L. fem. n. *Marisediminicola*, An existing genus; *Varimarisediminicola*: A genus related to but distinct from the existing genus Marisediminicola of different.

Varimarisediminitalea

L. masc. adjective *varius*, different; L. fem. n. *Marisediminitalea*, An existing genus; *Varimarisediminitalea*: A genus related to but distinct from the existing genus Marisediminitalea of different.

Varimarispirillum

L. masc. adjective *varius*, different; L. neut. dim. n. *Marispirillum*, An existing genus; *Varimarispirillum*: A genus related to but distinct from the existing genus Marispirillum of different.

Varimarispirochaeta

L. masc. adjective *varius*, different; L. fem. n. *Marispirochaeta*, An existing genus; *Varimarispirochaeta*: A genus related to but distinct from the existing genus Marispirochaeta of different.

Varimaritalea

L. masc. adjective *varius*, different; L. fem. n. *Maritalea*, An existing genus; *Varimaritalea*: A genus related to but distinct from the existing genus Maritalea of different.

Varimaritimibacter

L. masc. adjective *varius*, different; L. masc. n. *Maritimibacter*, An existing genus; *Varimaritimibacter*: A genus related to but distinct from the existing genus Maritimibacter of different.

Varimaritimimonas

L. masc. adjective *varius*, different; L. fem. n. *Maritimimonas*, An existing genus; *Varimaritimimonas*: A genus related to but distinct from the existing genus Maritimimonas of different.

Varimarivibrio

L. masc. adjective *varius*, different; L. masc. n. *Marivibrio*, An existing genus; *Varimarivibrio*: A genus related to but distinct from the existing genus Marivibrio of different.

Varimarivirga

L. masc. adjective *varius*, different; L. fem. n. *Marivirga*, An existing genus; *Varimarivirga*: A genus related to but distinct from the existing genus Marivirga of different.

Varimarivita

L. masc. adjective *varius*, different; L. fem. n. *Marivita*, An existing genus; *Varimarivita*: A genus related to but distinct from the existing genus Marivita of different.

Varimarixanthomonas

L. masc. adjective *varius*, different; L. fem. n. *Marixanthomonas*, An existing genus; *Varimarixanthomonas*: A genus related to but distinct from the existing genus Marixanthomonas of different.

Varimarmoricola

L. masc. adjective *varius*, different; L. masc. n. *Marmoricola*, An existing genus; *Varimarmoricola*: A genus related to but distinct from the existing genus Marmoricola of different.

Varimarortus

L. masc. adjective *varius*, different; L. masc. n. *Marortus*, An existing genus; *Varimarortus*: A genus related to but distinct from the existing genus Marortus of different.

Varimartelella

L. masc. adjective *varius*, different; L. fem. dim. n. *Martelella*, An existing genus; *Varimartelella*: A genus related to but distinct from the existing genus Martelella of different.

Varimarvinbryantia

L. masc. adjective *varius*, different; L. fem. n. *Marvinbryantia*, An existing genus; *Varimarvinbryantia*: A genus related to but distinct from the existing genus Marvinbryantia of different.

Varimassilibacterium

L. masc. adjective *varius*, different; L. neut. n. *Massilibacterium*, An existing genus; *Varimassilibacterium*: A genus related to but distinct from the existing genus Massilibacterium of different.

Varimassiliimalia

L. masc. adjective *varius*, different; L. fem. n. *Massiliimalia*, An existing genus; *Varimassiliimalia*: A genus related to but distinct from the existing genus Massiliimalia of different.

Varimechercharimyces

L. masc. adjective *varius*, different; L. masc. n. *Mechercharimyces*, An existing genus; *Varimechercharimyces*: A genus related to but distinct from the existing genus Mechercharimyces of different.

Varimediterraneibacter

L. masc. adjective *varius*, different; L. masc. n. *Mediterraneibacter*, An existing genus; *Varimediterraneibacter*: A genus related to but distinct from the existing genus Mediterraneibacter of different.

Varimegamonas

L. masc. adjective *varius*, different; L. fem. n. *Megamonas*, An existing genus; *Varimegamonas*: A genus related to but distinct from the existing genus Megamonas of different.

Varimeganema

L. masc. adjective *varius*, different; L. neut. n. *Meganema*, An existing genus; *Varimeganema*: A genus related to but distinct from the existing genus Meganema of different.

Varimegasphaera

L. masc. adjective *varius*, different; L. fem. n. *Megasphaera*, An existing genus; *Varimegasphaera*: A genus related to but distinct from the existing genus Megasphaera of different.

Varimeiothermus

L. masc. adjective *varius*, different; L. masc. n. *Meiothermus*, An existing genus; *Varimeiothermus*: A genus related to but distinct from the existing genus Meiothermus of different.

Varimelaminivora

L. masc. adjective *varius*, different; L. fem. n. *Melaminivora*, An existing genus; *Varimelaminivora*: A genus related to but distinct from the existing genus Melaminivora of different.

Varimelghiribacillus

L. masc. adjective *varius*, different; L. masc. n. *Melghiribacillus*, An existing genus; *Varimelghiribacillus*: A genus related to but distinct from the existing genus Melghiribacillus of different.

Varimelghirimyces

L. masc. adjective *varius*, different; L. masc. n. *Melghirimyces*, An existing genus; *Varimelghirimyces*: A genus related to but distinct from the existing genus Melghirimyces of different.

Varimelioribacter

L. masc. adjective *varius*, different; L. masc. n. *Melioribacter*, An existing genus; *Varimelioribacter*: A genus related to but distinct from the existing genus Melioribacter of different.

Varimelissococcus

L. masc. adjective *varius*, different; L. masc. n. *Melissococcus*, An existing genus; *Varimelissococcus*: A genus related to but distinct from the existing genus Melissococcus of different.

Varimelitea

L. masc. adjective *varius*, different; L. fem. n. *Melitea*, An existing genus; *Varimelitea*: A genus related to but distinct from the existing genus Melitea of different.

Varimelittangium

L. masc. adjective *varius*, different; L. neut. n. *Melittangium*, An existing genus; *Varimelittangium*: A genus related to but distinct from the existing genus Melittangium of different.

Varimembranicola

L. masc. adjective *varius*, different; L. masc. n. *Membranicola*, An existing genus; *Varimembranicola*: A genus related to but distinct from the existing genus Membranicola of different.

Varimeniscus

L. masc. adjective *varius*, different; L. masc. n. *Meniscus*, An existing genus; *Varimeniscus*: A genus related to but distinct from the existing genus Meniscus of different.

Varimerdibacter

L. masc. adjective *varius*, different; L. masc. n. *Merdibacter*, An existing genus; *Varimerdibacter*: A genus related to but distinct from the existing genus Merdibacter of different.

Varimerdimonas

L. masc. adjective *varius*, different; L. fem. n. *Merdimonas*, An existing genus; *Varimerdimonas*: A genus related to but distinct from the existing genus Merdimonas of different.

Varimeridianimaribacter

L. masc. adjective *varius*, different; L. masc. n. *Meridianimaribacter*, An existing genus; *Varimeridianimaribacter*: A genus related to but distinct from the existing genus Meridianimaribacter of different.

Varimeridianimarinicoccus

L. masc. adjective *varius*, different; L. masc. n. *Meridianimarinicoccus*, An existing genus; *Varimeridianimarinicoccus*: A genus related to but distinct from the existing genus Meridianimarinicoccus of different.

Varimesoaciditoga

L. masc. adjective *varius*, different; L. fem. n. *Mesoaciditoga*, An existing genus; *Varimesoaciditoga*: A genus related to but distinct from the existing genus Mesoaciditoga of different.

Varimesobacillus

L. masc. adjective *varius*, different; L. masc. n. *Mesobacillus*, An existing genus; *Varimesobacillus*: A genus related to but distinct from the existing genus Mesobacillus of different.

Varimesocricetibacter

L. masc. adjective *varius*, different; L. masc. n. *Mesocricetibacter*, An existing genus; *Varimesocricetibacter*: A genus related to but distinct from the existing genus Mesocricetibacter of different.

Varimesoflavibacter

L. masc. adjective *varius*, different; L. masc. n. *Mesoflavibacter*, An existing genus; *Varimesoflavibacter*: A genus related to but distinct from the existing genus Mesoflavibacter of different.

Varimesohalobacter

L. masc. adjective *varius*, different; L. masc. n. *Mesohalobacter*, An existing genus; *Varimesohalobacter*: A genus related to but distinct from the existing genus Mesohalobacter of different.

Varimesomycoplasma

L. masc. adjective *varius*, different; L. neut. n. *Mesomycoplasma*, An existing genus; *Varimesomycoplasma*: A genus related to but distinct from the existing genus Mesomycoplasma of different.

Varimesonia

L. masc. adjective *varius*, different; L. fem. n. *Mesonia*, An existing genus; *Varimesonia*: A genus related to but distinct from the existing genus Mesonia of different.

Varimesophilobacter

L. masc. adjective *varius*, different; L. masc. n. *Mesophilobacter*, An existing genus; *Varimesophilobacter*: A genus related to but distinct from the existing genus Mesophilobacter of different.

Varimesoplasma

L. masc. adjective *varius*, different; L. neut. n. *Mesoplasma*, An existing genus; *Varimesoplasma*: A genus related to but distinct from the existing genus Mesoplasma of different.

Varimesorhizobium

L. masc. adjective *varius*, different; L. neut. n. *Mesorhizobium*, An existing genus; *Varimesorhizobium*: A genus related to but distinct from the existing genus Mesorhizobium of different.

Varimesosutterella

L. masc. adjective *varius*, different; L. fem. dim. n. *Mesosutterella*, An existing genus; *Varimesosutterella*: A genus related to but distinct from the existing genus Mesosutterella of different.

Varimesotoga

L. masc. adjective *varius*, different; L. fem. n. *Mesotoga*, An existing genus; *Varimesotoga*: A genus related to but distinct from the existing genus Mesotoga of different.

Varimetabacillus

L. masc. adjective *varius*, different; L. masc. n. *Metabacillus*, An existing genus; *Varimetabacillus*: A genus related to but distinct from the existing genus Metabacillus of different.

Varimetakosakonia

L. masc. adjective *varius*, different; L. fem. n. *Metakosakonia*, An existing genus; *Varimetakosakonia*: A genus related to but distinct from the existing genus Metakosakonia of different.

Varimetallibacterium

L. masc. adjective *varius*, different; L. neut. n. *Metallibacterium*, An existing genus; *Varimetallibacterium*: A genus related to but distinct from the existing genus Metallibacterium of different.

Varimetalliresistens

L. masc. adjective *varius*, different; L. masc. n. *Metalliresistens*, An existing genus; *Varimetalliresistens*: A genus related to but distinct from the existing genus Metalliresistens of different.

Varimetallosphaera

L. masc. adjective *varius*, different; L. fem. n. *Metallosphaera*, An existing genus; *Varimetallosphaera*: A genus related to but distinct from the existing genus Metallosphaera of different.

Varimetalysinibacillus

L. masc. adjective *varius*, different; L. masc. n. *Metalysinibacillus*, An existing genus; *Varimetalysinibacillus*: A genus related to but distinct from the existing genus Metalysinibacillus of different.

Varimetamycoplasma

L. masc. adjective *varius*, different; L. neut. n. *Metamycoplasma*, An existing genus; *Varimetamycoplasma*: A genus related to but distinct from the existing genus Metamycoplasma of different.

Varimetaplanococcus

L. masc. adjective *varius*, different; L. masc. n. *Metaplanococcus*, An existing genus; *Varimetaplanococcus*: A genus related to but distinct from the existing genus Metaplanococcus of different.

Varimetascardovia

L. masc. adjective *varius*, different; L. fem. n. *Metascardovia*, An existing genus; *Varimetascardovia*: A genus related to but distinct from the existing genus Metascardovia of different.

Varimetasolibacillus

L. masc. adjective *varius*, different; L. masc. n. *Metasolibacillus*, An existing genus; *Varimetasolibacillus*: A genus related to but distinct from the existing genus Metasolibacillus of different.

Varimethanobacterium

L. masc. adjective *varius*, different; L. neut. n. *Methanobacterium*, An existing genus; *Varimethanobacterium*: A genus related to but distinct from the existing genus Methanobacterium of different.

Varimethanobrevibacter

L. masc. adjective *varius*, different; L. masc. n. *Methanobrevibacter*, An existing genus; *Varimethanobrevibacter*: A genus related to but distinct from the existing genus Methanobrevibacter of different.

Varimethanocalculus

L. masc. adjective *varius*, different; L. masc. n. *Methanocalculus*, An existing genus; *Varimethanocalculus*: A genus related to but distinct from the existing genus Methanocalculus of different.

Varimethanocaldococcus

L. masc. adjective *varius*, different; L. masc. n. *Methanocaldococcus*, An existing genus; *Varimethanocaldococcus*: A genus related to but distinct from the existing genus Methanocaldococcus of different.

Varimethanocella

L. masc. adjective *varius*, different; L. fem. n. *Methanocella*, An existing genus; *Varimethanocella*: A genus related to but distinct from the existing genus Methanocella of different.

Varimethanococcoides

L. masc. adjective *varius*, different; L. neut. n. *Methanococcoides*, An existing genus; *Varimethanococcoides*: A genus related to but distinct from the existing genus Methanococcoides of different.

Varimethanococcus

L. masc. adjective *varius*, different; L. masc. n. *Methanococcus*, An existing genus; *Varimethanococcus*: A genus related to but distinct from the existing genus Methanococcus of different.

Varimethanocorpusculum

L. masc. adjective *varius*, different; L. neut. n. *Methanocorpusculum*, An existing genus; *Varimethanocorpusculum*: A genus related to but distinct from the existing genus Methanocorpusculum of different.

Varimethanoculleus

L. masc. adjective *varius*, different; L. masc. n. *Methanoculleus*, An existing genus; *Varimethanoculleus*: A genus related to but distinct from the existing genus Methanoculleus of different.

Varimethanofervidicoccus

L. masc. adjective *varius*, different; L. masc. n. *Methanofervidicoccus*, An existing genus; *Varimethanofervidicoccus*: A genus related to but distinct from the existing genus Methanofervidicoccus of different.

Varimethanofollis

L. masc. adjective *varius*, different; L. masc. n. *Methanofollis*, An existing genus; *Varimethanofollis*: A genus related to but distinct from the existing genus Methanofollis of different.

Varimethanogenium

L. masc. adjective *varius*, different; L. neut. n. *Methanogenium*, An existing genus; *Varimethanogenium*: A genus related to but distinct from the existing genus Methanogenium of different.

Varimethanohalobium

L. masc. adjective *varius*, different; L. neut. n. *Methanohalobium*, An existing genus; *Varimethanohalobium*: A genus related to but distinct from the existing genus Methanohalobium of different.

Varimethanohalophilus

L. masc. adjective *varius*, different; L. masc. n. *Methanohalophilus*, An existing genus; *Varimethanohalophilus*: A genus related to but distinct from the existing genus Methanohalophilus of different.

Varimethanolacinia

L. masc. adjective *varius*, different; L. fem. n. *Methanolacinia*, An existing genus; *Varimethanolacinia*: A genus related to but distinct from the existing genus Methanolacinia of different.

Varimethanolinea

L. masc. adjective *varius*, different; L. fem. n. *Methanolinea*, An existing genus; *Varimethanolinea*: A genus related to but distinct from the existing genus Methanolinea of different.

Varimethanomassiliicoccus

L. masc. adjective *varius*, different; L. masc. n. *Methanomassiliicoccus*, An existing genus; *Varimethanomassiliicoccus*: A genus related to but distinct from the existing genus Methanomassiliicoccus of different.

Varimethanomethylovorans

L. masc. adjective *varius*, different; L. fem. n. *Methanomethylovorans*, An existing genus; *Varimethanomethylovorans*: A genus related to but distinct from the existing genus Methanomethylovorans of different.

Varimethanomicrobium

L. masc. adjective *varius*, different; L. neut. n. *Methanomicrobium*, An existing genus; *Varimethanomicrobium*: A genus related to but distinct from the existing genus Methanomicrobium of different.

Varimethanonatronarchaeum

L. masc. adjective *varius*, different; L. neut. n. *Methanonatronarchaeum*, An existing genus; *Varimethanonatronarchaeum*: A genus related to but distinct from the existing genus Methanonatronarchaeum of different.

Varimethanoplanus

L. masc. adjective *varius*, different; L. masc. n. *Methanoplanus*, An existing genus; *Varimethanoplanus*: A genus related to but distinct from the existing genus Methanoplanus of different.

Varimethanopyrus

L. masc. adjective *varius*, different; L. masc. n. *Methanopyrus*, An existing genus; *Varimethanopyrus*: A genus related to but distinct from the existing genus Methanopyrus of different.

Varimethanoregula

L. masc. adjective *varius*, different; L. fem. n. *Methanoregula*, An existing genus; *Varimethanoregula*: A genus related to but distinct from the existing genus Methanoregula of different.

Varimethanosaeta

L. masc. adjective *varius*, different; L. fem. n. *Methanosaeta*, An existing genus; *Varimethanosaeta*: A genus related to but distinct from the existing genus Methanosaeta of different.

Varimethanosalsum

L. masc. adjective *varius*, different; L. neut. n. *Methanosalsum*, An existing genus; *Varimethanosalsum*: A genus related to but distinct from the existing genus Methanosalsum of different.

Varimethanosarcina

L. masc. adjective *varius*, different; L. fem. n. *Methanosarcina*, An existing genus; *Varimethanosarcina*: A genus related to but distinct from the existing genus Methanosarcina of different.

Varimethanosphaera

L. masc. adjective *varius*, different; L. fem. n. *Methanosphaera*, An existing genus; *Varimethanosphaera*: A genus related to but distinct from the existing genus Methanosphaera of different.

Varimethanosphaerula

L. masc. adjective *varius*, different; L. fem. dim. n. *Methanosphaerula*, An existing genus; *Varimethanosphaerula*: A genus related to but distinct from the existing genus Methanosphaerula of different.

Varimethanospirillum

L. masc. adjective *varius*, different; L. neut. dim. n. *Methanospirillum*, An existing genus; *Varimethanospirillum*: A genus related to but distinct from the existing genus Methanospirillum of different.

Varimethanothermobacter

L. masc. adjective *varius*, different; L. masc. n. *Methanothermobacter*, An existing genus; *Varimethanothermobacter*: A genus related to but distinct from the existing genus Methanothermobacter of different.

Varimethanothermococcus

L. masc. adjective *varius*, different; L. masc. n. *Methanothermococcus*, An existing genus; *Varimethanothermococcus*: A genus related to but distinct from the existing genus Methanothermococcus of different.

Varimethanothermus

L. masc. adjective *varius*, different; L. masc. n. *Methanothermus*, An existing genus; *Varimethanothermus*: A genus related to but distinct from the existing genus Methanothermus of different.

Varimethanothrix

L. masc. adjective *varius*, different; L. fem. n. *Methanothrix*, An existing genus; *Varimethanothrix*: A genus related to but distinct from the existing genus Methanothrix of different.

Varimethanotorris

L. masc. adjective *varius*, different; L. masc. n. *Methanotorris*, An existing genus; *Varimethanotorris*: A genus related to but distinct from the existing genus Methanotorris of different.

Varimethermicoccus

L. masc. adjective *varius*, different; L. masc. n. *Methermicoccus*, An existing genus; *Varimethermicoccus*: A genus related to but distinct from the existing genus Methermicoccus of different.

Varimethylacidimicrobium

L. masc. adjective *varius*, different; L. neut. n. *Methylacidimicrobium*, An existing genus; *Varimethylacidimicrobium*: A genus related to but distinct from the existing genus Methylacidimicrobium of different.

Varimethylarcula

L. masc. adjective *varius*, different; L. fem. dim. n. *Methylarcula*, An existing genus; *Varimethylarcula*: A genus related to but distinct from the existing genus Methylarcula of different.

Varimethylibium

L. masc. adjective *varius*, different; L. neut. n. *Methylibium*, An existing genus; *Varimethylibium*: A genus related to but distinct from the existing genus Methylibium of different.

Varimethylicorpusculum

L. masc. adjective *varius*, different; L. neut. n. *Methylicorpusculum*, An existing genus; *Varimethylicorpusculum*: A genus related to but distinct from the existing genus Methylicorpusculum of different.

Varimethylobacillus

L. masc. adjective *varius*, different; L. masc. n. *Methylobacillus*, An existing genus; *Varimethylobacillus*: A genus related to but distinct from the existing genus Methylobacillus of different.

Varimethylobacter

L. masc. adjective *varius*, different; L. masc. n. *Methylobacter*, An existing genus; *Varimethylobacter*: A genus related to but distinct from the existing genus Methylobacter of different.

Varimethylobacterium

L. masc. adjective *varius*, different; L. neut. n. *Methylobacterium*, An existing genus; *Varimethylobacterium*: A genus related to but distinct from the existing genus Methylobacterium of different.

Varimethylobrevis

L. masc. adjective *varius*, different; L. masc. n. *Methylobrevis*, An existing genus; *Varimethylobrevis*: A genus related to but distinct from the existing genus Methylobrevis of different.

Varimethylocaldum

L. masc. adjective *varius*, different; L. neut. n. *Methylocaldum*, An existing genus; *Varimethylocaldum*: A genus related to but distinct from the existing genus Methylocaldum of different.

Varimethylocapsa

L. masc. adjective *varius*, different; L. fem. n. *Methylocapsa*, An existing genus; *Varimethylocapsa*: A genus related to but distinct from the existing genus Methylocapsa of different.

Varimethyloceanibacter

L. masc. adjective *varius*, different; L. masc. n. *Methyloceanibacter*, An existing genus; *Varimethyloceanibacter*: A genus related to but distinct from the existing genus Methyloceanibacter of different.

Varimethylocella

L. masc. adjective *varius*, different; L. fem. n. *Methylocella*, An existing genus; *Varimethylocella*: A genus related to but distinct from the existing genus Methylocella of different.

Varimethylococcus

L. masc. adjective *varius*, different; L. masc. n. *Methylococcus*, An existing genus; *Varimethylococcus*: A genus related to but distinct from the existing genus Methylococcus of different.

Varimethylocucumis

L. masc. adjective *varius*, different; L. masc. n. *Methylocucumis*, An existing genus; *Varimethylocucumis*: A genus related to but distinct from the existing genus Methylocucumis of different.

Varimethylocystis

L. masc. adjective *varius*, different; L. fem. n. *Methylocystis*, An existing genus; *Varimethylocystis*: A genus related to but distinct from the existing genus Methylocystis of different.

Varimethyloferula

L. masc. adjective *varius*, different; L. fem. n. *Methyloferula*, An existing genus; *Varimethyloferula*: A genus related to but distinct from the existing genus Methyloferula of different.

Varimethylogaea

L. masc. adjective *varius*, different; L. fem. n. *Methylogaea*, An existing genus; *Varimethylogaea*: A genus related to but distinct from the existing genus Methylogaea of different.

Varimethyloglobulus

L. masc. adjective *varius*, different; L. masc. dim. n. *Methyloglobulus*, An existing genus; *Varimethyloglobulus*: A genus related to but distinct from the existing genus Methyloglobulus of different.

Varimethylohalobius

L. masc. adjective *varius*, different; L. masc. n. *Methylohalobius*, An existing genus; *Varimethylohalobius*: A genus related to but distinct from the existing genus Methylohalobius of different.

Varimethylohalomonas

L. masc. adjective *varius*, different; L. fem. n. *Methylohalomonas*, An existing genus; *Varimethylohalomonas*: A genus related to but distinct from the existing genus Methylohalomonas of different.

Varimethyloligella

L. masc. adjective *varius*, different; L. fem. dim. n. *Methyloligella*, An existing genus; *Varimethyloligella*: A genus related to but distinct from the existing genus Methyloligella of different.

Varimethylolobus

L. masc. adjective *varius*, different; L. masc. n. *Methylolobus*, An existing genus; *Varimethylolobus*: A genus related to but distinct from the existing genus Methylolobus of different.

Varimethylomagnum

L. masc. adjective *varius*, different; L. neut. n. *Methylomagnum*, An existing genus; *Varimethylomagnum*: A genus related to but distinct from the existing genus Methylomagnum of different.

Varimethylomarinovum

L. masc. adjective *varius*, different; L. neut. n. *Methylomarinovum*, An existing genus; *Varimethylomarinovum*: A genus related to but distinct from the existing genus Methylomarinovum of different.

Varimethylomarinum

L. masc. adjective *varius*, different; L. neut. n. *Methylomarinum*, An existing genus; *Varimethylomarinum*: A genus related to but distinct from the existing genus Methylomarinum of different.

Varimethylomicrobium

L. masc. adjective *varius*, different; L. neut. n. *Methylomicrobium*, An existing genus; *Varimethylomicrobium*: A genus related to but distinct from the existing genus Methylomicrobium of different.

Varimethylomonas

L. masc. adjective *varius*, different; L. fem. n. *Methylomonas*, An existing genus; *Varimethylomonas*: A genus related to but distinct from the existing genus Methylomonas of different.

Varimethylomusa

L. masc. adjective *varius*, different; L. fem. n. *Methylomusa*, An existing genus; *Varimethylomusa*: A genus related to but distinct from the existing genus Methylomusa of different.

Varimethylonatrum

L. masc. adjective *varius*, different; L. neut. n. *Methylonatrum*, An existing genus; *Varimethylonatrum*: A genus related to but distinct from the existing genus Methylonatrum of different.

Varimethyloparacoccus

L. masc. adjective *varius*, different; L. masc. n. *Methyloparacoccus*, An existing genus; *Varimethyloparacoccus*: A genus related to but distinct from the existing genus Methyloparacoccus of different.

Varimethylophaga

L. masc. adjective *varius*, different; L. fem. n. *Methylophaga*, An existing genus; *Varimethylophaga*: A genus related to but distinct from the existing genus Methylophaga of different.

Varimethylophilus

L. masc. adjective *varius*, different; L. masc. n. *Methylophilus*, An existing genus; *Varimethylophilus*: A genus related to but distinct from the existing genus Methylophilus of different.

Varimethylopila

L. masc. adjective *varius*, different; L. fem. n. *Methylopila*, An existing genus; *Varimethylopila*: A genus related to but distinct from the existing genus Methylopila of different.

Varimethyloprofundus

L. masc. adjective *varius*, different; L. masc. n. *Methyloprofundus*, An existing genus; *Varimethyloprofundus*: A genus related to but distinct from the existing genus Methyloprofundus of different.

Varimethylorhabdus

L. masc. adjective *varius*, different; L. fem. n. *Methylorhabdus*, An existing genus; *Varimethylorhabdus*: A genus related to but distinct from the existing genus Methylorhabdus of different.

Varimethylorosula

L. masc. adjective *varius*, different; L. fem. dim. n. *Methylorosula*, An existing genus; *Varimethylorosula*: A genus related to but distinct from the existing genus Methylorosula of different.

Varimethylorubrum

L. masc. adjective *varius*, different; L. neut. n. *Methylorubrum*, An existing genus; *Varimethylorubrum*: A genus related to but distinct from the existing genus Methylorubrum of different.

Varimethylosarcina

L. masc. adjective *varius*, different; L. fem. n. *Methylosarcina*, An existing genus; *Varimethylosarcina*: A genus related to but distinct from the existing genus Methylosarcina of different.

Varimethylosinus

L. masc. adjective *varius*, different; L. masc. n. *Methylosinus*, An existing genus; *Varimethylosinus*: A genus related to but distinct from the existing genus Methylosinus of different.

Varimethylosoma

L. masc. adjective *varius*, different; L. neut. n. *Methylosoma*, An existing genus; *Varimethylosoma*: A genus related to but distinct from the existing genus Methylosoma of different.

Varimethylosphaera

L. masc. adjective *varius*, different; L. fem. n. *Methylosphaera*, An existing genus; *Varimethylosphaera*: A genus related to but distinct from the existing genus Methylosphaera of different.

Varimethylosulfonomonas

L. masc. adjective *varius*, different; L. fem. n. *Methylosulfonomonas*, An existing genus; *Varimethylosulfonomonas*: A genus related to but distinct from the existing genus Methylosulfonomonas of different.

Varimethylotenera

L. masc. adjective *varius*, different; L. fem. n. *Methylotenera*, An existing genus; *Varimethylotenera*: A genus related to but distinct from the existing genus Methylotenera of different.

Varimethyloterricola

L. masc. adjective *varius*, different; L. fem. n. *Methyloterricola*, An existing genus; *Varimethyloterricola*: A genus related to but distinct from the existing genus Methyloterricola of different.

Varimethyloterrigena

L. masc. adjective *varius*, different; L. fem. n. *Methyloterrigena*, An existing genus; *Varimethyloterrigena*: A genus related to but distinct from the existing genus Methyloterrigena of different.

Varimethylothermus

L. masc. adjective *varius*, different; L. masc. n. *Methylothermus*, An existing genus; *Varimethylothermus*: A genus related to but distinct from the existing genus Methylothermus of different.

Varimethylotuvimicrobium

L. masc. adjective *varius*, different; L. neut. n. *Methylotuvimicrobium*, An existing genus; *Varimethylotuvimicrobium*: A genus related to but distinct from the existing genus Methylotuvimicrobium of different.

Varimethyloversatilis

L. masc. adjective *varius*, different; L. fem. n. *Methyloversatilis*, An existing genus; *Varimethyloversatilis*: A genus related to but distinct from the existing genus Methyloversatilis of different.

Varimethylovirgula

L. masc. adjective *varius*, different; L. fem. dim. n. *Methylovirgula*, An existing genus; *Varimethylovirgula*: A genus related to but distinct from the existing genus Methylovirgula of different.

Varimethylovorus

L. masc. adjective *varius*, different; L. masc. n. *Methylovorus*, An existing genus; *Varimethylovorus*: A genus related to but distinct from the existing genus Methylovorus of different.

Varimethylovulum

L. masc. adjective *varius*, different; L. neut. n. *Methylovulum*, An existing genus; *Varimethylovulum*: A genus related to but distinct from the existing genus Methylovulum of different.

Varimicavibrio

L. masc. adjective *varius*, different; L. masc. n. *Micavibrio*, An existing genus; *Varimicavibrio*: A genus related to but distinct from the existing genus Micavibrio of different.

Varimicroaerobacter

L. masc. adjective *varius*, different; L. masc. n. *Microaerobacter*, An existing genus; *Varimicroaerobacter*: A genus related to but distinct from the existing genus Microaerobacter of different.

Varimicrobacterium

L. masc. adjective *varius*, different; L. neut. n. *Microbacterium*, An existing genus; *Varimicrobacterium*: A genus related to but distinct from the existing genus Microbacterium of different.

Varimicrobispora

L. masc. adjective *varius*, different; L. fem. n. *Microbispora*, An existing genus; *Varimicrobispora*: A genus related to but distinct from the existing genus Microbispora of different.

Varimicrobulbifer

L. masc. adjective *varius*, different; L. masc. n. *Microbulbifer*, An existing genus; *Varimicrobulbifer*: A genus related to but distinct from the existing genus Microbulbifer of different.

Varimicrocella

L. masc. adjective *varius*, different; L. fem. n. *Microcella*, An existing genus; *Varimicrocella*: A genus related to but distinct from the existing genus Microcella of different.

Varimicrococcoides

L. masc. adjective *varius*, different; L. neut. n. *Micrococcoides*, An existing genus; *Varimicrococcoides*: A genus related to but distinct from the existing genus Micrococcoides of different.

Varimicrococcus

L. masc. adjective *varius*, different; L. masc. n. *Micrococcus*, An existing genus; *Varimicrococcus*: A genus related to but distinct from the existing genus Micrococcus of different.

Varimicrocyclus

L. masc. adjective *varius*, different; L. masc. n. *Microcyclus*, An existing genus; *Varimicrocyclus*: A genus related to but distinct from the existing genus Microcyclus of different.

Varimicrocystis

L. masc. adjective *varius*, different; L. fem. n. *Microcystis*, An existing genus; *Varimicrocystis*: A genus related to but distinct from the existing genus Microcystis of different.

Varimicroellobosporia

L. masc. adjective *varius*, different; L. fem. n. *Microellobosporia*, An existing genus; *Varimicroellobosporia*: A genus related to but distinct from the existing genus Microellobosporia of different.

Varimicrolunatus

L. masc. adjective *varius*, different; L. masc. n. *Microlunatus*, An existing genus; *Varimicrolunatus*: A genus related to but distinct from the existing genus Microlunatus of different.

Varimicromonas

L. masc. adjective *varius*, different; L. fem. n. *Micromonas*, An existing genus; *Varimicromonas*: A genus related to but distinct from the existing genus Micromonas of different.

Varimicromonospora

L. masc. adjective *varius*, different; L. fem. n. *Micromonospora*, An existing genus; *Varimicromonospora*: A genus related to but distinct from the existing genus Micromonospora of different.

Varimicropepsis

L. masc. adjective *varius*, different; L. fem. n. *Micropepsis*, An existing genus; *Varimicropepsis*: A genus related to but distinct from the existing genus Micropepsis of different.

Varimicropolyspora

L. masc. adjective *varius*, different; L. fem. n. *Micropolyspora*, An existing genus; *Varimicropolyspora*: A genus related to but distinct from the existing genus Micropolyspora of different.

Varimicropruina

L. masc. adjective *varius*, different; L. fem. n. *Micropruina*, An existing genus; *Varimicropruina*: A genus related to but distinct from the existing genus Micropruina of different.

Varimicroscilla

L. masc. adjective *varius*, different; L. fem. n. *Microscilla*, An existing genus; *Varimicroscilla*: A genus related to but distinct from the existing genus Microscilla of different.

Varimicrosphaera

L. masc. adjective *varius*, different; L. fem. n. *Microsphaera*, An existing genus; *Varimicrosphaera*: A genus related to but distinct from the existing genus Microsphaera of different.

Varimicroterricola

L. masc. adjective *varius*, different; L. fem. n. *Microterricola*, An existing genus; *Varimicroterricola*: A genus related to but distinct from the existing genus Microterricola of different.

Varimicrotetraspora

L. masc. adjective *varius*, different; L. fem. n. *Microtetraspora*, An existing genus; *Varimicrotetraspora*: A genus related to but distinct from the existing genus Microtetraspora of different.

Varimicrovirgula

L. masc. adjective *varius*, different; L. fem. dim. n. *Microvirgula*, An existing genus; *Varimicrovirgula*: A genus related to but distinct from the existing genus Microvirgula of different.

Varimillisia

L. masc. adjective *varius*, different; L. fem. n. *Millisia*, An existing genus; *Varimillisia*: A genus related to but distinct from the existing genus Millisia of different.

Variminicystis

L. masc. adjective *varius*, different; L. fem. n. *Minicystis*, An existing genus; *Variminicystis*: A genus related to but distinct from the existing genus Minicystis of different.

Variminiimonas

L. masc. adjective *varius*, different; L. fem. n. *Miniimonas*, An existing genus; *Variminiimonas*: A genus related to but distinct from the existing genus Miniimonas of different.

Variminiphocibacter

L. masc. adjective *varius*, different; L. masc. n. *Miniphocibacter*, An existing genus; *Variminiphocibacter*: A genus related to but distinct from the existing genus Miniphocibacter of different.

Variminunostoc

L. masc. adjective *varius*, different; L. neut. n. *Minunostoc*, An existing genus; *Variminunostoc*: A genus related to but distinct from the existing genus Minunostoc of different.

Variminwuia

L. masc. adjective *varius*, different; L. fem. n. *Minwuia*, An existing genus; *Variminwuia*: A genus related to but distinct from the existing genus Minwuia of different.

Varimitsuaria

L. masc. adjective *varius*, different; L. fem. n. *Mitsuaria*, An existing genus; *Varimitsuaria*: A genus related to but distinct from the existing genus Mitsuaria of different.

Varimitsuokella

L. masc. adjective *varius*, different; L. fem. dim. n. *Mitsuokella*, An existing genus; *Varimitsuokella*: A genus related to but distinct from the existing genus Mitsuokella of different.

Varimixta

L. masc. adjective *varius*, different; L. fem. n. *Mixta*, An existing genus; *Varimixta*: A genus related to but distinct from the existing genus Mixta of different.

Varimizugakiibacter

L. masc. adjective *varius*, different; L. masc. n. *Mizugakiibacter*, An existing genus; *Varimizugakiibacter*: A genus related to but distinct from the existing genus Mizugakiibacter of different.

Varimobilicoccus

L. masc. adjective *varius*, different; L. masc. n. *Mobilicoccus*, An existing genus; *Varimobilicoccus*: A genus related to but distinct from the existing genus Mobilicoccus of different.

Varimobilifilum

L. masc. adjective *varius*, different; L. neut. n. *Mobilifilum*, An existing genus; *Varimobilifilum*: A genus related to but distinct from the existing genus Mobilifilum of different.

Varimobilisporobacter

L. masc. adjective *varius*, different; L. masc. n. *Mobilisporobacter*, An existing genus; *Varimobilisporobacter*: A genus related to but distinct from the existing genus Mobilisporobacter of different.

Varimobilitalea

L. masc. adjective *varius*, different; L. fem. n. *Mobilitalea*, An existing genus; *Varimobilitalea*: A genus related to but distinct from the existing genus Mobilitalea of different.

Varimobiluncus

L. masc. adjective *varius*, different; L. masc. n. *Mobiluncus*, An existing genus; *Varimobiluncus*: A genus related to but distinct from the existing genus Mobiluncus of different.

Varimodestobacter

L. masc. adjective *varius*, different; L. masc. n. *Modestobacter*, An existing genus; *Varimodestobacter*: A genus related to but distinct from the existing genus Modestobacter of different.

Varimodicisalibacter

L. masc. adjective *varius*, different; L. masc. n. *Modicisalibacter*, An existing genus; *Varimodicisalibacter*: A genus related to but distinct from the existing genus Modicisalibacter of different.

Varimoellerella

L. masc. adjective *varius*, different; L. fem. dim. n. *Moellerella*, An existing genus; *Varimoellerella*: A genus related to but distinct from the existing genus Moellerella of different.

Varimogibacterium

L. masc. adjective *varius*, different; L. neut. n. *Mogibacterium*, An existing genus; *Varimogibacterium*: A genus related to but distinct from the existing genus Mogibacterium of different.

Varimoheibacter

L. masc. adjective *varius*, different; L. masc. n. *Moheibacter*, An existing genus; *Varimoheibacter*: A genus related to but distinct from the existing genus Moheibacter of different.

Varimonaibacterium

L. masc. adjective *varius*, different; L. neut. n. *Monaibacterium*, An existing genus; *Varimonaibacterium*: A genus related to but distinct from the existing genus Monaibacterium of different.

Varimonashia

L. masc. adjective *varius*, different; L. fem. n. *Monashia*, An existing genus; *Varimonashia*: A genus related to but distinct from the existing genus Monashia of different.

Varimongoliibacter

L. masc. adjective *varius*, different; L. masc. n. *Mongoliibacter*, An existing genus; *Varimongoliibacter*: A genus related to but distinct from the existing genus Mongoliibacter of different.

Varimongoliicoccus

L. masc. adjective *varius*, different; L. masc. n. *Mongoliicoccus*, An existing genus; *Varimongoliicoccus*: A genus related to but distinct from the existing genus Mongoliicoccus of different.

Varimongoliimonas

L. masc. adjective *varius*, different; L. fem. n. *Mongoliimonas*, An existing genus; *Varimongoliimonas*: A genus related to but distinct from the existing genus Mongoliimonas of different.

Varimongoliitalea

L. masc. adjective *varius*, different; L. fem. n. *Mongoliitalea*, An existing genus; *Varimongoliitalea*: A genus related to but distinct from the existing genus Mongoliitalea of different.

Varimonoglobus

L. masc. adjective *varius*, different; L. masc. n. *Monoglobus*, An existing genus; *Varimonoglobus*: A genus related to but distinct from the existing genus Monoglobus of different.

Varimoorea

L. masc. adjective *varius*, different; L. fem. n. *Moorea*, An existing genus; *Varimoorea*: A genus related to but distinct from the existing genus Moorea of different.

Varimooreia

L. masc. adjective *varius*, different; L. fem. n. *Mooreia*, An existing genus; *Varimooreia*: A genus related to but distinct from the existing genus Mooreia of different.

Varimoorella

L. masc. adjective *varius*, different; L. fem. dim. n. *Moorella*, An existing genus; *Varimoorella*: A genus related to but distinct from the existing genus Moorella of different.

Varimoraxella

L. masc. adjective *varius*, different; L. fem. dim. n. *Moraxella*, An existing genus; *Varimoraxella*: A genus related to but distinct from the existing genus Moraxella of different.

Varimorganella

L. masc. adjective *varius*, different; L. fem. dim. n. *Morganella*, An existing genus; *Varimorganella*: A genus related to but distinct from the existing genus Morganella of different.

Varimoritella

L. masc. adjective *varius*, different; L. fem. dim. n. *Moritella*, An existing genus; *Varimoritella*: A genus related to but distinct from the existing genus Moritella of different.

Varimorococcus

L. masc. adjective *varius*, different; L. masc. n. *Morococcus*, An existing genus; *Varimorococcus*: A genus related to but distinct from the existing genus Morococcus of different.

Varimoryella

L. masc. adjective *varius*, different; L. fem. dim. n. *Moryella*, An existing genus; *Varimoryella*: A genus related to but distinct from the existing genus Moryella of different.

Varimotilibacter

L. masc. adjective *varius*, different; L. masc. n. *Motilibacter*, An existing genus; *Varimotilibacter*: A genus related to but distinct from the existing genus Motilibacter of different.

Varimotilimonas

L. masc. adjective *varius*, different; L. fem. n. *Motilimonas*, An existing genus; *Varimotilimonas*: A genus related to but distinct from the existing genus Motilimonas of different.

Varimotiliproteus

L. masc. adjective *varius*, different; L. masc. n. *Motiliproteus*, An existing genus; *Varimotiliproteus*: A genus related to but distinct from the existing genus Motiliproteus of different.

Varimucinivorans

L. masc. adjective *varius*, different; L. masc. n. *Mucinivorans*, An existing genus; *Varimucinivorans*: A genus related to but distinct from the existing genus Mucinivorans of different.

Varimucispirillum

L. masc. adjective *varius*, different; L. neut. dim. n. *Mucispirillum*, An existing genus; *Varimucispirillum*: A genus related to but distinct from the existing genus Mucispirillum of different.

Varimumia

L. masc. adjective *varius*, different; L. fem. n. *Mumia*, An existing genus; *Varimumia*: A genus related to but distinct from the existing genus Mumia of different.

Varimurdochiella

L. masc. adjective *varius*, different; L. fem. dim. n. *Murdochiella*, An existing genus; *Varimurdochiella*: A genus related to but distinct from the existing genus Murdochiella of different.

Varimuribacter

L. masc. adjective *varius*, different; L. masc. n. *Muribacter*, An existing genus; *Varimuribacter*: A genus related to but distinct from the existing genus Muribacter of different.

Varimuribaculum

L. masc. adjective *varius*, different; L. neut. n. *Muribaculum*, An existing genus; *Varimuribaculum*: A genus related to but distinct from the existing genus Muribaculum of different.

Varimuricauda

L. masc. adjective *varius*, different; L. fem. n. *Muricauda*, An existing genus; *Varimuricauda*: A genus related to but distinct from the existing genus Muricauda of different.

Varimuricoccus

L. masc. adjective *varius*, different; L. masc. n. *Muricoccus*, An existing genus; *Varimuricoccus*: A genus related to but distinct from the existing genus Muricoccus of different.

Varimuricomes

L. masc. adjective *varius*, different; L. masc. n. *Muricomes*, An existing genus; *Varimuricomes*: A genus related to but distinct from the existing genus Muricomes of different.

Varimuriicola

L. masc. adjective *varius*, different; L. masc. n. *Muriicola*, An existing genus; *Varimuriicola*: A genus related to but distinct from the existing genus Muriicola of different.

Varimurimonas

L. masc. adjective *varius*, different; L. fem. n. *Murimonas*, An existing genus; *Varimurimonas*: A genus related to but distinct from the existing genus Murimonas of different.

Varimurinocardiopsis

L. masc. adjective *varius*, different; L. fem. n. *Murinocardiopsis*, An existing genus; *Varimurinocardiopsis*: A genus related to but distinct from the existing genus Murinocardiopsis of different.

Varimyceligenerans

L. masc. adjective *varius*, different; L. neut. n. *Myceligenerans*, An existing genus; *Varimyceligenerans*: A genus related to but distinct from the existing genus Myceligenerans of different.

Varimycetocola

L. masc. adjective *varius*, different; L. masc. n. *Mycetocola*, An existing genus; *Varimycetocola*: A genus related to but distinct from the existing genus Mycetocola of different.

Varimycoavidus

L. masc. adjective *varius*, different; L. masc. n. *Mycoavidus*, An existing genus; *Varimycoavidus*: A genus related to but distinct from the existing genus Mycoavidus of different.

Varimycobacterium

L. masc. adjective *varius*, different; L. neut. n. *Mycobacterium*, An existing genus; *Varimycobacterium*: A genus related to but distinct from the existing genus Mycobacterium of different.

Varimycobacteroides

L. masc. adjective *varius*, different; L. neut. n. *Mycobacteroides*, An existing genus; *Varimycobacteroides*: A genus related to but distinct from the existing genus Mycobacteroides of different.

Varimycolicibacillus

L. masc. adjective *varius*, different; L. masc. n. *Mycolicibacillus*, An existing genus; *Varimycolicibacillus*: A genus related to but distinct from the existing genus Mycolicibacillus of different.

Varimycolicibacter

L. masc. adjective *varius*, different; L. masc. n. *Mycolicibacter*, An existing genus; *Varimycolicibacter*: A genus related to but distinct from the existing genus Mycolicibacter of different.

Varimycolicibacterium

L. masc. adjective *varius*, different; L. neut. n. *Mycolicibacterium*, An existing genus; *Varimycolicibacterium*: A genus related to but distinct from the existing genus Mycolicibacterium of different.

Varimycoplana

L. masc. adjective *varius*, different; L. fem. n. *Mycoplana*, An existing genus; *Varimycoplana*: A genus related to but distinct from the existing genus Mycoplana of different.

Varimycoplasma

L. masc. adjective *varius*, different; L. neut. n. *Mycoplasma*, An existing genus; *Varimycoplasma*: A genus related to but distinct from the existing genus Mycoplasma of different.

Varimycoplasmoides

L. masc. adjective *varius*, different; L. neut. n. *Mycoplasmoides*, An existing genus; *Varimycoplasmoides*: A genus related to but distinct from the existing genus Mycoplasmoides of different.

Varimycoplasmopsis

L. masc. adjective *varius*, different; L. fem. n. *Mycoplasmopsis*, An existing genus; *Varimycoplasmopsis*: A genus related to but distinct from the existing genus Mycoplasmopsis of different.

Varimyroides

L. masc. adjective *varius*, different; L. masc. n. *Myroides*, An existing genus; *Varimyroides*: A genus related to but distinct from the existing genus Myroides of different.

Varimyxacorys

L. masc. adjective *varius*, different; L. fem. n. *Myxacorys*, An existing genus; *Varimyxacorys*: A genus related to but distinct from the existing genus Myxacorys of different.

Varimyxococcus

L. masc. adjective *varius*, different; L. masc. n. *Myxococcus*, An existing genus; *Varimyxococcus*: A genus related to but distinct from the existing genus Myxococcus of different.

Varimzabimyces

L. masc. adjective *varius*, different; L. masc. n. *Mzabimyces*, An existing genus; *Varimzabimyces*: A genus related to but distinct from the existing genus Mzabimyces of different.

Varinaasia

L. masc. adjective *varius*, different; L. fem. n. *Naasia*, An existing genus; *Varinaasia*: A genus related to but distinct from the existing genus Naasia of different.

Varinafulsella

L. masc. adjective *varius*, different; L. fem. dim. n. *Nafulsella*, An existing genus; *Varinafulsella*: A genus related to but distinct from the existing genus Nafulsella of different.

Varinakamurella

L. masc. adjective *varius*, different; L. fem. dim. n. *Nakamurella*, An existing genus; *Varinakamurella*: A genus related to but distinct from the existing genus Nakamurella of different.

Varinamhaeicola

L. masc. adjective *varius*, different; L. masc. n. *Namhaeicola*, An existing genus; *Varinamhaeicola*: A genus related to but distinct from the existing genus Namhaeicola of different.

Varinannocystis

L. masc. adjective *varius*, different; L. fem. n. *Nannocystis*, An existing genus; *Varinannocystis*: A genus related to but distinct from the existing genus Nannocystis of different.

Varinatranaerobaculum

L. masc. adjective *varius*, different; L. neut. n. *Natranaerobaculum*, An existing genus; *Varinatranaerobaculum*: A genus related to but distinct from the existing genus Natranaerobaculum of different.

Varinatranaerobius

L. masc. adjective *varius*, different; L. masc. n. *Natranaerobius*, An existing genus; *Varinatranaerobius*: A genus related to but distinct from the existing genus Natranaerobius of different.

Varinatranaerovirga

L. masc. adjective *varius*, different; L. fem. n. *Natranaerovirga*, An existing genus; *Varinatranaerovirga*: A genus related to but distinct from the existing genus Natranaerovirga of different.

Varinatrarchaeobaculum

L. masc. adjective *varius*, different; L. neut. n. *Natrarchaeobaculum*, An existing genus; *Varinatrarchaeobaculum*: A genus related to but distinct from the existing genus Natrarchaeobaculum of different.

Varinatrarchaeobius

L. masc. adjective *varius*, different; L. masc. n. *Natrarchaeobius*, An existing genus; *Varinatrarchaeobius*: A genus related to but distinct from the existing genus Natrarchaeobius of different.

Varinatrialba

L. masc. adjective *varius*, different; L. fem. n. *Natrialba*, An existing genus; *Varinatrialba*: A genus related to but distinct from the existing genus Natrialba of different.

Varinatribacillus

L. masc. adjective *varius*, different; L. masc. n. *Natribacillus*, An existing genus; *Varinatribacillus*: A genus related to but distinct from the existing genus Natribacillus of different.

Varinatribaculum

L. masc. adjective *varius*, different; L. neut. n. *Natribaculum*, An existing genus; *Varinatribaculum*: A genus related to but distinct from the existing genus Natribaculum of different.

Varinatrinema

L. masc. adjective *varius*, different; L. neut. n. *Natrinema*, An existing genus; *Varinatrinema*: A genus related to but distinct from the existing genus Natrinema of different.

Varinatroniella

L. masc. adjective *varius*, different; L. fem. dim. n. *Natroniella*, An existing genus; *Varinatroniella*: A genus related to but distinct from the existing genus Natroniella of different.

Varinatronoarchaeum

L. masc. adjective *varius*, different; L. neut. n. *Natronoarchaeum*, An existing genus; *Varinatronoarchaeum*: A genus related to but distinct from the existing genus Natronoarchaeum of different.

Varinatronobacillus

L. masc. adjective *varius*, different; L. masc. n. *Natronobacillus*, An existing genus; *Varinatronobacillus*: A genus related to but distinct from the existing genus Natronobacillus of different.

Varinatronobacterium

L. masc. adjective *varius*, different; L. neut. n. *Natronobacterium*, An existing genus; *Varinatronobacterium*: A genus related to but distinct from the existing genus Natronobacterium of different.

Varinatronobiforma

L. masc. adjective *varius*, different; L. fem. n. *Natronobiforma*, An existing genus; *Varinatronobiforma*: A genus related to but distinct from the existing genus Natronobiforma of different.

Varinatronocella

L. masc. adjective *varius*, different; L. fem. n. *Natronocella*, An existing genus; *Varinatronocella*: A genus related to but distinct from the existing genus Natronocella of different.

Varinatronococcus

L. masc. adjective *varius*, different; L. masc. n. *Natronococcus*, An existing genus; *Varinatronococcus*: A genus related to but distinct from the existing genus Natronococcus of different.

Varinatronoflexus

L. masc. adjective *varius*, different; L. masc. n. *Natronoflexus*, An existing genus; *Varinatronoflexus*: A genus related to but distinct from the existing genus Natronoflexus of different.

Varinatronolimnobius

L. masc. adjective *varius*, different; L. masc. n. *Natronolimnobius*, An existing genus; *Varinatronolimnobius*: A genus related to but distinct from the existing genus Natronolimnobius of different.

Varinatronolimnohabitans

L. masc. adjective *varius*, different; L. masc. n. *Natronolimnohabitans*, An existing genus; *Varinatronolimnohabitans*: A genus related to but distinct from the existing genus Natronolimnohabitans of different.

Varinatronomonas

L. masc. adjective *varius*, different; L. fem. n. *Natronomonas*, An existing genus; *Varinatronomonas*: A genus related to but distinct from the existing genus Natronomonas of different.

Varinatronorubrum

L. masc. adjective *varius*, different; L. neut. n. *Natronorubrum*, An existing genus; *Varinatronorubrum*: A genus related to but distinct from the existing genus Natronorubrum of different.

Varinatronospira

L. masc. adjective *varius*, different; L. fem. n. *Natronospira*, An existing genus; *Varinatronospira*: A genus related to but distinct from the existing genus Natronospira of different.

Varinatronospirillum

L. masc. adjective *varius*, different; L. neut. dim. n. *Natronospirillum*, An existing genus; *Varinatronospirillum*: A genus related to but distinct from the existing genus Natronospirillum of different.

Varinatronovirga

L. masc. adjective *varius*, different; L. fem. n. *Natronovirga*, An existing genus; *Varinatronovirga*: A genus related to but distinct from the existing genus Natronovirga of different.

Varinaumannella

L. masc. adjective *varius*, different; L. fem. dim. n. *Naumannella*, An existing genus; *Varinaumannella*: A genus related to but distinct from the existing genus Naumannella of different.

Varinautella

L. masc. adjective *varius*, different; L. fem. dim. n. *Nautella*, An existing genus; *Varinautella*: A genus related to but distinct from the existing genus Nautella of different.

Varinautilia

L. masc. adjective *varius*, different; L. fem. n. *Nautilia*, An existing genus; *Varinautilia*: A genus related to but distinct from the existing genus Nautilia of different.

Varinaxibacter

L. masc. adjective *varius*, different; L. masc. n. *Naxibacter*, An existing genus; *Varinaxibacter*: A genus related to but distinct from the existing genus Naxibacter of different.

Varinecropsobacter

L. masc. adjective *varius*, different; L. masc. n. *Necropsobacter*, An existing genus; *Varinecropsobacter*: A genus related to but distinct from the existing genus Necropsobacter of different.

Varinegadavirga

L. masc. adjective *varius*, different; L. fem. n. *Negadavirga*, An existing genus; *Varinegadavirga*: A genus related to but distinct from the existing genus Negadavirga of different.

Varinegativicoccus

L. masc. adjective *varius*, different; L. masc. n. *Negativicoccus*, An existing genus; *Varinegativicoccus*: A genus related to but distinct from the existing genus Negativicoccus of different.

Varineiella

L. masc. adjective *varius*, different; L. fem. dim. n. *Neiella*, An existing genus; *Varineiella*: A genus related to but distinct from the existing genus Neiella of different.

Varineisseria

L. masc. adjective *varius*, different; L. fem. n. *Neisseria*, An existing genus; *Varineisseria*: A genus related to but distinct from the existing genus Neisseria of different.

Varinemorella

L. masc. adjective *varius*, different; L. fem. dim. n. *Nemorella*, An existing genus; *Varinemorella*: A genus related to but distinct from the existing genus Nemorella of different.

Varinemorincola

L. masc. adjective *varius*, different; L. fem. n. *Nemorincola*, An existing genus; *Varinemorincola*: A genus related to but distinct from the existing genus Nemorincola of different.

Varineoasaia

L. masc. adjective *varius*, different; L. fem. n. *Neoasaia*, An existing genus; *Varineoasaia*: A genus related to but distinct from the existing genus Neoasaia of different.

Varineobacillus

L. masc. adjective *varius*, different; L. masc. n. *Neobacillus*, An existing genus; *Varineobacillus*: A genus related to but distinct from the existing genus Neobacillus of different.

Varineochlamydia

L. masc. adjective *varius*, different; L. fem. n. *Neochlamydia*, An existing genus; *Varineochlamydia*: A genus related to but distinct from the existing genus Neochlamydia of different.

Varineokomagataea

L. masc. adjective *varius*, different; L. fem. n. *Neokomagataea*, An existing genus; *Varineokomagataea*: A genus related to but distinct from the existing genus Neokomagataea of different.

Varineolyngbya

L. masc. adjective *varius*, different; L. fem. n. *Neolyngbya*, An existing genus; *Varineolyngbya*: A genus related to but distinct from the existing genus Neolyngbya of different.

Varineomegalonema

L. masc. adjective *varius*, different; L. neut. n. *Neomegalonema*, An existing genus; *Varineomegalonema*: A genus related to but distinct from the existing genus Neomegalonema of different.

Varineomicrococcus

L. masc. adjective *varius*, different; L. masc. n. *Neomicrococcus*, An existing genus; *Varineomicrococcus*: A genus related to but distinct from the existing genus Neomicrococcus of different.

Varineorhizobium

L. masc. adjective *varius*, different; L. neut. n. *Neorhizobium*, An existing genus; *Varineorhizobium*: A genus related to but distinct from the existing genus Neorhizobium of different.

Varineorickettsia

L. masc. adjective *varius*, different; L. fem. n. *Neorickettsia*, An existing genus; *Varineorickettsia*: A genus related to but distinct from the existing genus Neorickettsia of different.

Varineoscardovia

L. masc. adjective *varius*, different; L. fem. n. *Neoscardovia*, An existing genus; *Varineoscardovia*: A genus related to but distinct from the existing genus Neoscardovia of different.

Varineowestiellopsis

L. masc. adjective *varius*, different; L. fem. n. *Neowestiellopsis*, An existing genus; *Varineowestiellopsis*: A genus related to but distinct from the existing genus Neowestiellopsis of different.

Varineptunicella

L. masc. adjective *varius*, different; L. fem. n. *Neptunicella*, An existing genus; *Varineptunicella*: A genus related to but distinct from the existing genus Neptunicella of different.

Varineptunicoccus

L. masc. adjective *varius*, different; L. masc. n. *Neptunicoccus*, An existing genus; *Varineptunicoccus*: A genus related to but distinct from the existing genus Neptunicoccus of different.

Varineptuniibacter

L. masc. adjective *varius*, different; L. masc. n. *Neptuniibacter*, An existing genus; *Varineptuniibacter*: A genus related to but distinct from the existing genus Neptuniibacter of different.

Varineptunitalea

L. masc. adjective *varius*, different; L. fem. n. *Neptunitalea*, An existing genus; *Varineptunitalea*: A genus related to but distinct from the existing genus Neptunitalea of different.

Varineptunomonas

L. masc. adjective *varius*, different; L. fem. n. *Neptunomonas*, An existing genus; *Varineptunomonas*: A genus related to but distinct from the existing genus Neptunomonas of different.

Varinereida

L. masc. adjective *varius*, different; L. fem. n. *Nereida*, An existing genus; *Varinereida*: A genus related to but distinct from the existing genus Nereida of different.

Varinesiotobacter

L. masc. adjective *varius*, different; L. masc. n. *Nesiotobacter*, An existing genus; *Varinesiotobacter*: A genus related to but distinct from the existing genus Nesiotobacter of different.

Varinesterenkonia

L. masc. adjective *varius*, different; L. fem. n. *Nesterenkonia*, An existing genus; *Varinesterenkonia*: A genus related to but distinct from the existing genus Nesterenkonia of different.

Varinevskia

L. masc. adjective *varius*, different; L. fem. n. *Nevskia*, An existing genus; *Varinevskia*: A genus related to but distinct from the existing genus Nevskia of different.

Varinguyenibacter

L. masc. adjective *varius*, different; L. masc. n. *Nguyenibacter*, An existing genus; *Varinguyenibacter*: A genus related to but distinct from the existing genus Nguyenibacter of different.

Variniabella

L. masc. adjective *varius*, different; L. fem. dim. n. *Niabella*, An existing genus; *Variniabella*: A genus related to but distinct from the existing genus Niabella of different.

Variniastella

L. masc. adjective *varius*, different; L. fem. dim. n. *Niastella*, An existing genus; *Variniastella*: A genus related to but distinct from the existing genus Niastella of different.

Varinibrella

L. masc. adjective *varius*, different; L. fem. dim. n. *Nibrella*, An existing genus; *Varinibrella*: A genus related to but distinct from the existing genus Nibrella of different.

Varinibribacter

L. masc. adjective *varius*, different; L. masc. n. *Nibribacter*, An existing genus; *Varinibribacter*: A genus related to but distinct from the existing genus Nibribacter of different.

Varinibricoccus

L. masc. adjective *varius*, different; L. masc. n. *Nibricoccus*, An existing genus; *Varinibricoccus*: A genus related to but distinct from the existing genus Nibricoccus of different.

Varinicoletella

L. masc. adjective *varius*, different; L. fem. dim. n. *Nicoletella*, An existing genus; *Varinicoletella*: A genus related to but distinct from the existing genus Nicoletella of different.

Variningiella

L. masc. adjective *varius*, different; L. fem. dim. n. *Ningiella*, An existing genus; *Variningiella*: A genus related to but distinct from the existing genus Ningiella of different.

Varinioella

L. masc. adjective *varius*, different; L. fem. dim. n. *Nioella*, An existing genus; *Varinioella*: A genus related to but distinct from the existing genus Nioella of different.

Varinitratifractor

L. masc. adjective *varius*, different; L. masc. n. *Nitratifractor*, An existing genus; *Varinitratifractor*: A genus related to but distinct from the existing genus Nitratifractor of different.

Varinitratireductor

L. masc. adjective *varius*, different; L. masc. n. *Nitratireductor*, An existing genus; *Varinitratireductor*: A genus related to but distinct from the existing genus Nitratireductor of different.

Varinitratiruptor

L. masc. adjective *varius*, different; L. masc. n. *Nitratiruptor*, An existing genus; *Varinitratiruptor*: A genus related to but distinct from the existing genus Nitratiruptor of different.

Varinitriliruptor

L. masc. adjective *varius*, different; L. masc. n. *Nitriliruptor*, An existing genus; *Varinitriliruptor*: A genus related to but distinct from the existing genus Nitriliruptor of different.

Varinitrincola

L. masc. adjective *varius*, different; L. masc. n. *Nitrincola*, An existing genus; *Varinitrincola*: A genus related to but distinct from the existing genus Nitrincola of different.

Varinitritalea

L. masc. adjective *varius*, different; L. fem. n. *Nitritalea*, An existing genus; *Varinitritalea*: A genus related to but distinct from the existing genus Nitritalea of different.

Varinitrobacter

L. masc. adjective *varius*, different; L. masc. n. *Nitrobacter*, An existing genus; *Varinitrobacter*: A genus related to but distinct from the existing genus Nitrobacter of different.

Varinitrococcus

L. masc. adjective *varius*, different; L. masc. n. *Nitrococcus*, An existing genus; *Varinitrococcus*: A genus related to but distinct from the existing genus Nitrococcus of different.

Varinitrolancea

L. masc. adjective *varius*, different; L. fem. n. *Nitrolancea*, An existing genus; *Varinitrolancea*: A genus related to but distinct from the existing genus Nitrolancea of different.

Varinitrosarchaeum

L. masc. adjective *varius*, different; L. neut. n. *Nitrosarchaeum*, An existing genus; *Varinitrosarchaeum*: A genus related to but distinct from the existing genus Nitrosarchaeum of different.

Varinitrosococcus

L. masc. adjective *varius*, different; L. masc. n. *Nitrosococcus*, An existing genus; *Varinitrosococcus*: A genus related to but distinct from the existing genus Nitrosococcus of different.

Varinitrosolobus

L. masc. adjective *varius*, different; L. masc. n. *Nitrosolobus*, An existing genus; *Varinitrosolobus*: A genus related to but distinct from the existing genus Nitrosolobus of different.

Varinitrosomonas

L. masc. adjective *varius*, different; L. fem. n. *Nitrosomonas*, An existing genus; *Varinitrosomonas*: A genus related to but distinct from the existing genus Nitrosomonas of different.

Varinitrosopumilus

L. masc. adjective *varius*, different; L. masc. n. *Nitrosopumilus*, An existing genus; *Varinitrosopumilus*: A genus related to but distinct from the existing genus Nitrosopumilus of different.

Varinitrososphaera

L. masc. adjective *varius*, different; L. fem. n. *Nitrososphaera*, An existing genus; *Varinitrososphaera*: A genus related to but distinct from the existing genus Nitrososphaera of different.

Varinitrosospira

L. masc. adjective *varius*, different; L. fem. n. *Nitrosospira*, An existing genus; *Varinitrosospira*: A genus related to but distinct from the existing genus Nitrosospira of different.

Varinitrospina

L. masc. adjective *varius*, different; L. fem. n. *Nitrospina*, An existing genus; *Varinitrospina*: A genus related to but distinct from the existing genus Nitrospina of different.

Varinitrospira

L. masc. adjective *varius*, different; L. fem. n. *Nitrospira*, An existing genus; *Varinitrospira*: A genus related to but distinct from the existing genus Nitrospira of different.

Variniveibacterium

L. masc. adjective *varius*, different; L. neut. n. *Niveibacterium*, An existing genus; *Variniveibacterium*: A genus related to but distinct from the existing genus Niveibacterium of different.

Variniveispirillum

L. masc. adjective *varius*, different; L. neut. dim. n. *Niveispirillum*, An existing genus; *Variniveispirillum*: A genus related to but distinct from the existing genus Niveispirillum of different.

Variniveitalea

L. masc. adjective *varius*, different; L. fem. n. *Niveitalea*, An existing genus; *Variniveitalea*: A genus related to but distinct from the existing genus Niveitalea of different.

Varinocardia

L. masc. adjective *varius*, different; L. fem. n. *Nocardia*, An existing genus; *Varinocardia*: A genus related to but distinct from the existing genus Nocardia of different.

Varinocardioides

L. masc. adjective *varius*, different; L. masc. n. *Nocardioides*, An existing genus; *Varinocardioides*: A genus related to but distinct from the existing genus Nocardioides of different.

Varinocardiopsis

L. masc. adjective *varius*, different; L. fem. n. *Nocardiopsis*, An existing genus; *Varinocardiopsis*: A genus related to but distinct from the existing genus Nocardiopsis of different.

Varinodosilinea

L. masc. adjective *varius*, different; L. fem. n. *Nodosilinea*, An existing genus; *Varinodosilinea*: A genus related to but distinct from the existing genus Nodosilinea of different.

Varinonhongiella

L. masc. adjective *varius*, different; L. fem. dim. n. *Nonhongiella*, An existing genus; *Varinonhongiella*: A genus related to but distinct from the existing genus Nonhongiella of different.

Varinonomuraea

L. masc. adjective *varius*, different; L. fem. n. *Nonomuraea*, An existing genus; *Varinonomuraea*: A genus related to but distinct from the existing genus Nonomuraea of different.

Varinosocomiicoccus

L. masc. adjective *varius*, different; L. masc. n. *Nosocomiicoccus*, An existing genus; *Varinosocomiicoccus*: A genus related to but distinct from the existing genus Nosocomiicoccus of different.

Varinostoc

L. masc. adjective *varius*, different; L. neut. n. *Nostoc*, An existing genus; *Varinostoc*: A genus related to but distinct from the existing genus Nostoc of different.

Varinotoacmeibacter

L. masc. adjective *varius*, different; L. masc. n. *Notoacmeibacter*, An existing genus; *Varinotoacmeibacter*: A genus related to but distinct from the existing genus Notoacmeibacter of different.

Varinovibacillus

L. masc. adjective *varius*, different; L. masc. n. *Novibacillus*, An existing genus; *Varinovibacillus*: A genus related to but distinct from the existing genus Novibacillus of different.

Varinoviherbaspirillum

L. masc. adjective *varius*, different; L. neut. dim. n. *Noviherbaspirillum*, An existing genus; *Varinoviherbaspirillum*: A genus related to but distinct from the existing genus Noviherbaspirillum of different.

Varinovimethylophilus

L. masc. adjective *varius*, different; L. masc. n. *Novimethylophilus*, An existing genus; *Varinovimethylophilus*: A genus related to but distinct from the existing genus Novimethylophilus of different.

Varinovipirellula

L. masc. adjective *varius*, different; L. fem. dim. n. *Novipirellula*, An existing genus; *Varinovipirellula*: A genus related to but distinct from the existing genus Novipirellula of different.

Varinovispirillum

L. masc. adjective *varius*, different; L. neut. dim. n. *Novispirillum*, An existing genus; *Varinovispirillum*: A genus related to but distinct from the existing genus Novispirillum of different.

Varinovosphingobium

L. masc. adjective *varius*, different; L. neut. n. *Novosphingobium*, An existing genus; *Varinovosphingobium*: A genus related to but distinct from the existing genus Novosphingobium of different.

Varinovosphingopyxis

L. masc. adjective *varius*, different; L. fem. n. *Novosphingopyxis*, An existing genus; *Varinovosphingopyxis*: A genus related to but distinct from the existing genus Novosphingopyxis of different.

Varinubsella

L. masc. adjective *varius*, different; L. fem. dim. n. *Nubsella*, An existing genus; *Varinubsella*: A genus related to but distinct from the existing genus Nubsella of different.

Varinumidum

L. masc. adjective *varius*, different; L. neut. n. *Numidum*, An existing genus; *Varinumidum*: A genus related to but distinct from the existing genus Numidum of different.

Variobesumbacterium

L. masc. adjective *varius*, different; L. neut. n. *Obesumbacterium*, An existing genus; *Variobesumbacterium*: A genus related to but distinct from the existing genus Obesumbacterium of different.

Varioblitimonas

L. masc. adjective *varius*, different; L. fem. n. *Oblitimonas*, An existing genus; *Varioblitimonas*: A genus related to but distinct from the existing genus Oblitimonas of different.

Varioccallatibacter

L. masc. adjective *varius*, different; L. masc. n. *Occallatibacter*, An existing genus; *Varioccallatibacter*: A genus related to but distinct from the existing genus Occallatibacter of different.

Varioccidentia

L. masc. adjective *varius*, different; L. fem. n. *Occidentia*, An existing genus; *Varioccidentia*: A genus related to but distinct from the existing genus Occidentia of different.

Varioceanibacterium

L. masc. adjective *varius*, different; L. neut. n. *Oceanibacterium*, An existing genus; *Varioceanibacterium*: A genus related to but distinct from the existing genus Oceanibacterium of different.

Varioceanibaculum

L. masc. adjective *varius*, different; L. neut. n. *Oceanibaculum*, An existing genus; *Varioceanibaculum*: A genus related to but distinct from the existing genus Oceanibaculum of different.

Varioceanibium

L. masc. adjective *varius*, different; L. neut. n. *Oceanibium*, An existing genus; *Varioceanibium*: A genus related to but distinct from the existing genus Oceanibium of different.

Varioceanicella

L. masc. adjective *varius*, different; L. fem. n. *Oceanicella*, An existing genus; *Varioceanicella*: A genus related to but distinct from the existing genus Oceanicella of different.

Varioceanicoccus

L. masc. adjective *varius*, different; L. masc. n. *Oceanicoccus*, An existing genus; *Varioceanicoccus*: A genus related to but distinct from the existing genus Oceanicoccus of different.

Varioceanicola

L. masc. adjective *varius*, different; L. masc. n. *Oceanicola*, An existing genus; *Varioceanicola*: A genus related to but distinct from the existing genus Oceanicola of different.

Varioceaniglobus

L. masc. adjective *varius*, different; L. masc. n. *Oceaniglobus*, An existing genus; *Varioceaniglobus*: A genus related to but distinct from the existing genus Oceaniglobus of different.

Varioceanimonas

L. masc. adjective *varius*, different; L. fem. n. *Oceanimonas*, An existing genus; *Varioceanimonas*: A genus related to but distinct from the existing genus Oceanimonas of different.

Varioceaniradius

L. masc. adjective *varius*, different; L. masc. n. *Oceaniradius*, An existing genus; *Varioceaniradius*: A genus related to but distinct from the existing genus Oceaniradius of different.

Varioceanirhabdus

L. masc. adjective *varius*, different; L. fem. n. *Oceanirhabdus*, An existing genus; *Varioceanirhabdus*: A genus related to but distinct from the existing genus Oceanirhabdus of different.

Varioceanisphaera

L. masc. adjective *varius*, different; L. fem. n. *Oceanisphaera*, An existing genus; *Varioceanisphaera*: A genus related to but distinct from the existing genus Oceanisphaera of different.

Varioceanispirochaeta

L. masc. adjective *varius*, different; L. fem. n. *Oceanispirochaeta*, An existing genus; *Varioceanispirochaeta*: A genus related to but distinct from the existing genus Oceanispirochaeta of different.

Varioceanitalea

L. masc. adjective *varius*, different; L. fem. n. *Oceanitalea*, An existing genus; *Varioceanitalea*: A genus related to but distinct from the existing genus Oceanitalea of different.

Varioceanithermus

L. masc. adjective *varius*, different; L. masc. n. *Oceanithermus*, An existing genus; *Varioceanithermus*: A genus related to but distinct from the existing genus Oceanithermus of different.

Varioceanivirga

L. masc. adjective *varius*, different; L. fem. n. *Oceanivirga*, An existing genus; *Varioceanivirga*: A genus related to but distinct from the existing genus Oceanivirga of different.

Varioceanobacillus

L. masc. adjective *varius*, different; L. masc. n. *Oceanobacillus*, An existing genus; *Varioceanobacillus*: A genus related to but distinct from the existing genus Oceanobacillus of different.

Varioceanobacter

L. masc. adjective *varius*, different; L. masc. n. *Oceanobacter*, An existing genus; *Varioceanobacter*: A genus related to but distinct from the existing genus Oceanobacter of different.

Varioceanococcus

L. masc. adjective *varius*, different; L. masc. n. *Oceanococcus*, An existing genus; *Varioceanococcus*: A genus related to but distinct from the existing genus Oceanococcus of different.

Varioceanospirillum

L. masc. adjective *varius*, different; L. neut. dim. n. *Oceanospirillum*, An existing genus; *Varioceanospirillum*: A genus related to but distinct from the existing genus Oceanospirillum of different.

Varioceanotoga

L. masc. adjective *varius*, different; L. fem. n. *Oceanotoga*, An existing genus; *Varioceanotoga*: A genus related to but distinct from the existing genus Oceanotoga of different.

Variochrobactrum

L. masc. adjective *varius*, different; L. neut. n. *Ochrobactrum*, An existing genus; *Variochrobactrum*: A genus related to but distinct from the existing genus Ochrobactrum of different.

Variochrovirga

L. masc. adjective *varius*, different; L. fem. n. *Ochrovirga*, An existing genus; *Variochrovirga*: A genus related to but distinct from the existing genus Ochrovirga of different.

Varioctadecabacter

L. masc. adjective *varius*, different; L. masc. n. *Octadecabacter*, An existing genus; *Varioctadecabacter*: A genus related to but distinct from the existing genus Octadecabacter of different.

Varioculatella

L. masc. adjective *varius*, different; L. fem. n. *Oculatella*, An existing genus; *Varioculatella*: A genus related to but distinct from the existing genus Oculatella of different.

Variodorella

L. masc. adjective *varius*, different; L. fem. dim. n. *Odorella*, An existing genus; *Variodorella*: A genus related to but distinct from the existing genus Odorella of different.

Variodoribacter

L. masc. adjective *varius*, different; L. masc. n. *Odoribacter*, An existing genus; *Variodoribacter*: A genus related to but distinct from the existing genus Odoribacter of different.

Varioenococcus

L. masc. adjective *varius*, different; L. masc. n. *Oenococcus*, An existing genus; *Varioenococcus*: A genus related to but distinct from the existing genus Oenococcus of different.

Varioerskovia

L. masc. adjective *varius*, different; L. fem. n. *Oerskovia*, An existing genus; *Varioerskovia*: A genus related to but distinct from the existing genus Oerskovia of different.

Varioharaeibacter

L. masc. adjective *varius*, different; L. masc. n. *Oharaeibacter*, An existing genus; *Varioharaeibacter*: A genus related to but distinct from the existing genus Oharaeibacter of different.

Variohtaekwangia

L. masc. adjective *varius*, different; L. fem. n. *Ohtaekwangia*, An existing genus; *Variohtaekwangia*: A genus related to but distinct from the existing genus Ohtaekwangia of different.

Variokeania

L. masc. adjective *varius*, different; L. fem. n. *Okeania*, An existing genus; *Variokeania*: A genus related to but distinct from the existing genus Okeania of different.

Variokibacterium

L. masc. adjective *varius*, different; L. neut. n. *Okibacterium*, An existing genus; *Variokibacterium*: A genus related to but distinct from the existing genus Okibacterium of different.

Variolegusella

L. masc. adjective *varius*, different; L. fem. dim. n. *Olegusella*, An existing genus; *Variolegusella*: A genus related to but distinct from the existing genus Olegusella of different.

Varioleiagrimonas

L. masc. adjective *varius*, different; L. fem. n. *Oleiagrimonas*, An existing genus; *Varioleiagrimonas*: A genus related to but distinct from the existing genus Oleiagrimonas of different.

Varioleibacter

L. masc. adjective *varius*, different; L. masc. n. *Oleibacter*, An existing genus; *Varioleibacter*: A genus related to but distinct from the existing genus Oleibacter of different.

Varioleiharenicola

L. masc. adjective *varius*, different; L. masc. n. *Oleiharenicola*, An existing genus; *Varioleiharenicola*: A genus related to but distinct from the existing genus Oleiharenicola of different.

Varioleiliquidispirillum

L. masc. adjective *varius*, different; L. neut. dim. n. *Oleiliquidispirillum*, An existing genus; *Varioleiliquidispirillum*: A genus related to but distinct from the existing genus Oleiliquidispirillum of different.

Varioleisolibacter

L. masc. adjective *varius*, different; L. masc. n. *Oleisolibacter*, An existing genus; *Varioleisolibacter*: A genus related to but distinct from the existing genus Oleisolibacter of different.

Varioleispira

L. masc. adjective *varius*, different; L. fem. n. *Oleispira*, An existing genus; *Varioleispira*: A genus related to but distinct from the existing genus Oleispira of different.

Varioligella

L. masc. adjective *varius*, different; L. fem. dim. n. *Oligella*, An existing genus; *Varioligella*: A genus related to but distinct from the existing genus Oligella of different.

Varioligoflexus

L. masc. adjective *varius*, different; L. masc. n. *Oligoflexus*, An existing genus; *Varioligoflexus*: A genus related to but distinct from the existing genus Oligoflexus of different.

Varioligosphaera

L. masc. adjective *varius*, different; L. fem. n. *Oligosphaera*, An existing genus; *Varioligosphaera*: A genus related to but distinct from the existing genus Oligosphaera of different.

Varioligotropha

L. masc. adjective *varius*, different; L. fem. n. *Oligotropha*, An existing genus; *Varioligotropha*: A genus related to but distinct from the existing genus Oligotropha of different.

Variolivibacter

L. masc. adjective *varius*, different; L. masc. n. *Olivibacter*, An existing genus; *Variolivibacter*: A genus related to but distinct from the existing genus Olivibacter of different.

Variolleya

L. masc. adjective *varius*, different; L. fem. n. *Olleya*, An existing genus; *Variolleya*: A genus related to but distinct from the existing genus Olleya of different.

Variolsenella

L. masc. adjective *varius*, different; L. fem. dim. n. *Olsenella*, An existing genus; *Variolsenella*: A genus related to but distinct from the existing genus Olsenella of different.

Varionodrimia

L. masc. adjective *varius*, different; L. fem. n. *Onodrimia*, An existing genus; *Varionodrimia*: A genus related to but distinct from the existing genus Onodrimia of different.

Variopitutus

L. masc. adjective *varius*, different; L. masc. n. *Opitutus*, An existing genus; *Variopitutus*: A genus related to but distinct from the existing genus Opitutus of different.

Variorenia

L. masc. adjective *varius*, different; L. fem. n. *Orenia*, An existing genus; *Variorenia*: A genus related to but distinct from the existing genus Orenia of different.

Varioribacterium

L. masc. adjective *varius*, different; L. neut. n. *Oribacterium*, An existing genus; *Varioribacterium*: A genus related to but distinct from the existing genus Oribacterium of different.

Varioribaculum

L. masc. adjective *varius*, different; L. neut. n. *Oribaculum*, An existing genus; *Varioribaculum*: A genus related to but distinct from the existing genus Oribaculum of different.

Varioricola

L. masc. adjective *varius*, different; L. fem. n. *Oricola*, An existing genus; *Varioricola*: A genus related to but distinct from the existing genus Oricola of different.

Variornatilinea

L. masc. adjective *varius*, different; L. fem. n. *Ornatilinea*, An existing genus; *Variornatilinea*: A genus related to but distinct from the existing genus Ornatilinea of different.

Variornithinibacillus

L. masc. adjective *varius*, different; L. masc. n. *Ornithinibacillus*, An existing genus; *Variornithinibacillus*: A genus related to but distinct from the existing genus Ornithinibacillus of different.

Variornithinibacter

L. masc. adjective *varius*, different; L. masc. n. *Ornithinibacter*, An existing genus; *Variornithinibacter*: A genus related to but distinct from the existing genus Ornithinibacter of different.

Variornithinicoccus

L. masc. adjective *varius*, different; L. masc. n. *Ornithinicoccus*, An existing genus; *Variornithinicoccus*: A genus related to but distinct from the existing genus Ornithinicoccus of different.

Variornithinimicrobium

L. masc. adjective *varius*, different; L. neut. n. *Ornithinimicrobium*, An existing genus; *Variornithinimicrobium*: A genus related to but distinct from the existing genus Ornithinimicrobium of different.

Variornithobacterium

L. masc. adjective *varius*, different; L. neut. n. *Ornithobacterium*, An existing genus; *Variornithobacterium*: A genus related to but distinct from the existing genus Ornithobacterium of different.

Variorrella

L. masc. adjective *varius*, different; L. fem. dim. n. *Orrella*, An existing genus; *Variorrella*: A genus related to but distinct from the existing genus Orrella of different.

Varioryzihumus

L. masc. adjective *varius*, different; L. fem. n. *Oryzihumus*, An existing genus; *Varioryzihumus*: A genus related to but distinct from the existing genus Oryzihumus of different.

Varioryzisolibacter

L. masc. adjective *varius*, different; L. masc. n. *Oryzisolibacter*, An existing genus; *Varioryzisolibacter*: A genus related to but distinct from the existing genus Oryzisolibacter of different.

Varioryzobacter

L. masc. adjective *varius*, different; L. masc. n. *Oryzobacter*, An existing genus; *Varioryzobacter*: A genus related to but distinct from the existing genus Oryzobacter of different.

Varioryzomicrobium

L. masc. adjective *varius*, different; L. neut. n. *Oryzomicrobium*, An existing genus; *Varioryzomicrobium*: A genus related to but distinct from the existing genus Oryzomicrobium of different.

Varioryzomonas

L. masc. adjective *varius*, different; L. fem. n. *Oryzomonas*, An existing genus; *Varioryzomonas*: A genus related to but distinct from the existing genus Oryzomonas of different.

Varioscillatoria

L. masc. adjective *varius*, different; L. fem. n. *Oscillatoria*, An existing genus; *Varioscillatoria*: A genus related to but distinct from the existing genus Oscillatoria of different.

Varioscillibacter

L. masc. adjective *varius*, different; L. masc. n. *Oscillibacter*, An existing genus; *Varioscillibacter*: A genus related to but distinct from the existing genus Oscillibacter of different.

Varioscillochloris

L. masc. adjective *varius*, different; L. fem. n. *Oscillochloris*, An existing genus; *Varioscillochloris*: A genus related to but distinct from the existing genus Oscillochloris of different.

Varioscillospira

L. masc. adjective *varius*, different; L. fem. n. *Oscillospira*, An existing genus; *Varioscillospira*: A genus related to but distinct from the existing genus Oscillospira of different.

Variotariodibacter

L. masc. adjective *varius*, different; L. masc. n. *Otariodibacter*, An existing genus; *Variotariodibacter*: A genus related to but distinct from the existing genus Otariodibacter of different.

Variottowia

L. masc. adjective *varius*, different; L. fem. n. *Ottowia*, An existing genus; *Variottowia*: A genus related to but distinct from the existing genus Ottowia of different.

Variowenweeksia

L. masc. adjective *varius*, different; L. fem. n. *Owenweeksia*, An existing genus; *Variowenweeksia*: A genus related to but distinct from the existing genus Owenweeksia of different.

Varioxalobacter

L. masc. adjective *varius*, different; L. masc. n. *Oxalobacter*, An existing genus; *Varioxalobacter*: A genus related to but distinct from the existing genus Oxalobacter of different.

Varioxalophagus

L. masc. adjective *varius*, different; L. masc. n. *Oxalophagus*, An existing genus; *Varioxalophagus*: A genus related to but distinct from the existing genus Oxalophagus of different.

Varioxobacter

L. masc. adjective *varius*, different; L. masc. n. *Oxobacter*, An existing genus; *Varioxobacter*: A genus related to but distinct from the existing genus Oxobacter of different.

Varioxynema

L. masc. adjective *varius*, different; L. neut. n. *Oxynema*, An existing genus; *Varioxynema*: A genus related to but distinct from the existing genus Oxynema of different.

Varipacificibacter

L. masc. adjective *varius*, different; L. masc. n. *Pacificibacter*, An existing genus; *Varipacificibacter*: A genus related to but distinct from the existing genus Pacificibacter of different.

Varipaenactinomyces

L. masc. adjective *varius*, different; L. masc. n. *Paenactinomyces*, An existing genus; *Varipaenactinomyces*: A genus related to but distinct from the existing genus Paenactinomyces of different.

Varipaenalcaligenes

L. masc. adjective *varius*, different; L. masc. n. *Paenalcaligenes*, An existing genus; *Varipaenalcaligenes*: A genus related to but distinct from the existing genus Paenalcaligenes of different.

Varipaenarthrobacter

L. masc. adjective *varius*, different; L. masc. n. *Paenarthrobacter*, An existing genus; *Varipaenarthrobacter*: A genus related to but distinct from the existing genus Paenarthrobacter of different.

Varipaenibacillus

L. masc. adjective *varius*, different; L. masc. n. *Paenibacillus*, An existing genus; *Varipaenibacillus*: A genus related to but distinct from the existing genus Paenibacillus of different.

Varipaeniclostridium

L. masc. adjective *varius*, different; L. neut. dim. n. *Paeniclostridium*, An existing genus; *Varipaeniclostridium*: A genus related to but distinct from the existing genus Paeniclostridium of different.

Varipaeniglutamicibacter

L. masc. adjective *varius*, different; L. masc. n. *Paeniglutamicibacter*, An existing genus; *Varipaeniglutamicibacter*: A genus related to but distinct from the existing genus Paeniglutamicibacter of different.

Varipaenimaribius

L. masc. adjective *varius*, different; L. masc. n. *Paenimaribius*, An existing genus; *Varipaenimaribius*: A genus related to but distinct from the existing genus Paenimaribius of different.

Varipaenirhodobacter

L. masc. adjective *varius*, different; L. masc. n. *Paenirhodobacter*, An existing genus; *Varipaenirhodobacter*: A genus related to but distinct from the existing genus Paenirhodobacter of different.

Varipaenisporosarcina

L. masc. adjective *varius*, different; L. fem. n. *Paenisporosarcina*, An existing genus; *Varipaenisporosarcina*: A genus related to but distinct from the existing genus Paenisporosarcina of different.

Varipaenochrobactrum

L. masc. adjective *varius*, different; L. neut. n. *Paenochrobactrum*, An existing genus; *Varipaenochrobactrum*: A genus related to but distinct from the existing genus Paenochrobactrum of different.

Varipalaeococcus

L. masc. adjective *varius*, different; L. masc. n. *Palaeococcus*, An existing genus; *Varipalaeococcus*: A genus related to but distinct from the existing genus Palaeococcus of different.

Varipalleronia

L. masc. adjective *varius*, different; L. fem. n. *Palleronia*, An existing genus; *Varipalleronia*: A genus related to but distinct from the existing genus Palleronia of different.

Varipaludibacterium

L. masc. adjective *varius*, different; L. neut. n. *Paludibacterium*, An existing genus; *Varipaludibacterium*: A genus related to but distinct from the existing genus Paludibacterium of different.

Varipaludibaculum

L. masc. adjective *varius*, different; L. neut. n. *Paludibaculum*, An existing genus; *Varipaludibaculum*: A genus related to but distinct from the existing genus Paludibaculum of different.

Varipaludicola

L. masc. adjective *varius*, different; L. masc. n. *Paludicola*, An existing genus; *Varipaludicola*: A genus related to but distinct from the existing genus Paludicola of different.

Varipaludifilum

L. masc. adjective *varius*, different; L. neut. n. *Paludifilum*, An existing genus; *Varipaludifilum*: A genus related to but distinct from the existing genus Paludifilum of different.

Varipaludisphaera

L. masc. adjective *varius*, different; L. fem. n. *Paludisphaera*, An existing genus; *Varipaludisphaera*: A genus related to but distinct from the existing genus Paludisphaera of different.

Varipanacagrimonas

L. masc. adjective *varius*, different; L. fem. n. *Panacagrimonas*, An existing genus; *Varipanacagrimonas*: A genus related to but distinct from the existing genus Panacagrimonas of different.

Varipanacibacter

L. masc. adjective *varius*, different; L. masc. n. *Panacibacter*, An existing genus; *Varipanacibacter*: A genus related to but distinct from the existing genus Panacibacter of different.

Varipandoraea

L. masc. adjective *varius*, different; L. fem. n. *Pandoraea*, An existing genus; *Varipandoraea*: A genus related to but distinct from the existing genus Pandoraea of different.

Varipannonibacter

L. masc. adjective *varius*, different; L. masc. n. *Pannonibacter*, An existing genus; *Varipannonibacter*: A genus related to but distinct from the existing genus Pannonibacter of different.

Varipannus

L. masc. adjective *varius*, different; L. masc. n. *Pannus*, An existing genus; *Varipannus*: A genus related to but distinct from the existing genus Pannus of different.

Varipantanalinema

L. masc. adjective *varius*, different; L. neut. n. *Pantanalinema*, An existing genus; *Varipantanalinema*: A genus related to but distinct from the existing genus Pantanalinema of different.

Varipantoea

L. masc. adjective *varius*, different; L. fem. n. *Pantoea*, An existing genus; *Varipantoea*: A genus related to but distinct from the existing genus Pantoea of different.

Varipapillibacter

L. masc. adjective *varius*, different; L. masc. n. *Papillibacter*, An existing genus; *Varipapillibacter*: A genus related to but distinct from the existing genus Papillibacter of different.

Variparabacteroides

L. masc. adjective *varius*, different; L. masc. n. *Parabacteroides*, An existing genus; *Variparabacteroides*: A genus related to but distinct from the existing genus Parabacteroides of different.

Variparablastomonas

L. masc. adjective *varius*, different; L. fem. n. *Parablastomonas*, An existing genus; *Variparablastomonas*: A genus related to but distinct from the existing genus Parablastomonas of different.

Variparaburkholderia

L. masc. adjective *varius*, different; L. fem. n. *Paraburkholderia*, An existing genus; *Variparaburkholderia*: A genus related to but distinct from the existing genus Paraburkholderia of different.

Variparacandidimonas

L. masc. adjective *varius*, different; L. fem. n. *Paracandidimonas*, An existing genus; *Variparacandidimonas*: A genus related to but distinct from the existing genus Paracandidimonas of different.

Variparachlamydia

L. masc. adjective *varius*, different; L. fem. n. *Parachlamydia*, An existing genus; *Variparachlamydia*: A genus related to but distinct from the existing genus Parachlamydia of different.

Variparaclostridium

L. masc. adjective *varius*, different; L. neut. dim. n. *Paraclostridium*, An existing genus; *Variparaclostridium*: A genus related to but distinct from the existing genus Paraclostridium of different.

Variparacnuella

L. masc. adjective *varius*, different; L. fem. dim. n. *Paracnuella*, An existing genus; *Variparacnuella*: A genus related to but distinct from the existing genus Paracnuella of different.

Variparacoccus

L. masc. adjective *varius*, different; L. masc. n. *Paracoccus*, An existing genus; *Variparacoccus*: A genus related to but distinct from the existing genus Paracoccus of different.

Variparaconexibacter

L. masc. adjective *varius*, different; L. masc. n. *Paraconexibacter*, An existing genus; *Variparaconexibacter*: A genus related to but distinct from the existing genus Paraconexibacter of different.

Variparacraurococcus

L. masc. adjective *varius*, different; L. masc. n. *Paracraurococcus*, An existing genus; *Variparacraurococcus*: A genus related to but distinct from the existing genus Paracraurococcus of different.

Variparadesulfovibrio

L. masc. adjective *varius*, different; L. masc. n. *Paradesulfovibrio*, An existing genus; *Variparadesulfovibrio*: A genus related to but distinct from the existing genus Paradesulfovibrio of different.

Variparadevosia

L. masc. adjective *varius*, different; L. fem. n. *Paradevosia*, An existing genus; *Variparadevosia*: A genus related to but distinct from the existing genus Paradevosia of different.

Variparadonghicola

L. masc. adjective *varius*, different; L. masc. n. *Paradonghicola*, An existing genus; *Variparadonghicola*: A genus related to but distinct from the existing genus Paradonghicola of different.

Variparaeggerthella

L. masc. adjective *varius*, different; L. fem. dim. n. *Paraeggerthella*, An existing genus; *Variparaeggerthella*: A genus related to but distinct from the existing genus Paraeggerthella of different.

Variparaferrimonas

L. masc. adjective *varius*, different; L. fem. n. *Paraferrimonas*, An existing genus; *Variparaferrimonas*: A genus related to but distinct from the existing genus Paraferrimonas of different.

Variparafilimonas

L. masc. adjective *varius*, different; L. fem. n. *Parafilimonas*, An existing genus; *Variparafilimonas*: A genus related to but distinct from the existing genus Parafilimonas of different.

Variparaflavitalea

L. masc. adjective *varius*, different; L. fem. n. *Paraflavitalea*, An existing genus; *Variparaflavitalea*: A genus related to but distinct from the existing genus Paraflavitalea of different.

Variparafrigoribacterium

L. masc. adjective *varius*, different; L. neut. n. *Parafrigoribacterium*, An existing genus; *Variparafrigoribacterium*: A genus related to but distinct from the existing genus Parafrigoribacterium of different.

Variparageobacillus

L. masc. adjective *varius*, different; L. masc. n. *Parageobacillus*, An existing genus; *Variparageobacillus*: A genus related to but distinct from the existing genus Parageobacillus of different.

Variparaglaciecola

L. masc. adjective *varius*, different; L. fem. n. *Paraglaciecola*, An existing genus; *Variparaglaciecola*: A genus related to but distinct from the existing genus Paraglaciecola of different.

Variparaglycomyces

L. masc. adjective *varius*, different; L. masc. n. *Paraglycomyces*, An existing genus; *Variparaglycomyces*: A genus related to but distinct from the existing genus Paraglycomyces of different.

Variparahaliea

L. masc. adjective *varius*, different; L. fem. n. *Parahaliea*, An existing genus; *Variparahaliea*: A genus related to but distinct from the existing genus Parahaliea of different.

Variparaherbaspirillum

L. masc. adjective *varius*, different; L. neut. dim. n. *Paraherbaspirillum*, An existing genus; *Variparaherbaspirillum*: A genus related to but distinct from the existing genus Paraherbaspirillum of different.

Variparalactobacillus

L. masc. adjective *varius*, different; L. masc. n. *Paralactobacillus*, An existing genus; *Variparalactobacillus*: A genus related to but distinct from the existing genus Paralactobacillus of different.

Variparalcaligenes

L. masc. adjective *varius*, different; L. masc. n. *Paralcaligenes*, An existing genus; *Variparalcaligenes*: A genus related to but distinct from the existing genus Paralcaligenes of different.

Variparaliobacillus

L. masc. adjective *varius*, different; L. masc. n. *Paraliobacillus*, An existing genus; *Variparaliobacillus*: A genus related to but distinct from the existing genus Paraliobacillus of different.

Variparalkalibacillus

L. masc. adjective *varius*, different; L. masc. n. *Paralkalibacillus*, An existing genus; *Variparalkalibacillus*: A genus related to but distinct from the existing genus Paralkalibacillus of different.

Variparamaledivibacter

L. masc. adjective *varius*, different; L. masc. n. *Paramaledivibacter*, An existing genus; *Variparamaledivibacter*: A genus related to but distinct from the existing genus Paramaledivibacter of different.

Variparamesonia

L. masc. adjective *varius*, different; L. fem. n. *Paramesonia*, An existing genus; *Variparamesonia*: A genus related to but distinct from the existing genus Paramesonia of different.

Variparamoritella

L. masc. adjective *varius*, different; L. fem. dim. n. *Paramoritella*, An existing genus; *Variparamoritella*: A genus related to but distinct from the existing genus Paramoritella of different.

Variparamuribaculum

L. masc. adjective *varius*, different; L. neut. n. *Paramuribaculum*, An existing genus; *Variparamuribaculum*: A genus related to but distinct from the existing genus Paramuribaculum of different.

Variparaoerskovia

L. masc. adjective *varius*, different; L. fem. n. *Paraoerskovia*, An existing genus; *Variparaoerskovia*: A genus related to but distinct from the existing genus Paraoerskovia of different.

Variparapedobacter

L. masc. adjective *varius*, different; L. masc. n. *Parapedobacter*, An existing genus; *Variparapedobacter*: A genus related to but distinct from the existing genus Parapedobacter of different.

Variparaperlucidibaca

L. masc. adjective *varius*, different; L. fem. n. *Paraperlucidibaca*, An existing genus; *Variparaperlucidibaca*: A genus related to but distinct from the existing genus Paraperlucidibaca of different.

Variparaphaeobacter

L. masc. adjective *varius*, different; L. masc. n. *Paraphaeobacter*, An existing genus; *Variparaphaeobacter*: A genus related to but distinct from the existing genus Paraphaeobacter of different.

Variparaphotobacterium

L. masc. adjective *varius*, different; L. neut. n. *Paraphotobacterium*, An existing genus; *Variparaphotobacterium*: A genus related to but distinct from the existing genus Paraphotobacterium of different.

Variparaprevotella

L. masc. adjective *varius*, different; L. fem. dim. n. *Paraprevotella*, An existing genus; *Variparaprevotella*: A genus related to but distinct from the existing genus Paraprevotella of different.

Variparapseudoflavitalea

L. masc. adjective *varius*, different; L. fem. n. *Parapseudoflavitalea*, An existing genus; *Variparapseudoflavitalea*: A genus related to but distinct from the existing genus Parapseudoflavitalea of different.

Variparapusillimonas

L. masc. adjective *varius*, different; L. fem. n. *Parapusillimonas*, An existing genus; *Variparapusillimonas*: A genus related to but distinct from the existing genus Parapusillimonas of different.

Varipararcticibacter

L. masc. adjective *varius*, different; L. masc. n. *Pararcticibacter*, An existing genus; *Varipararcticibacter*: A genus related to but distinct from the existing genus Pararcticibacter of different.

Varipararheinheimera

L. masc. adjective *varius*, different; L. fem. n. *Pararheinheimera*, An existing genus; *Varipararheinheimera*: A genus related to but distinct from the existing genus Pararheinheimera of different.

Varipararhizobium

L. masc. adjective *varius*, different; L. neut. n. *Pararhizobium*, An existing genus; *Varipararhizobium*: A genus related to but distinct from the existing genus Pararhizobium of different.

Varipararhodobacter

L. masc. adjective *varius*, different; L. masc. n. *Pararhodobacter*, An existing genus; *Varipararhodobacter*: A genus related to but distinct from the existing genus Pararhodobacter of different.

Varipararhodospirillum

L. masc. adjective *varius*, different; L. neut. dim. n. *Pararhodospirillum*, An existing genus; *Varipararhodospirillum*: A genus related to but distinct from the existing genus Pararhodospirillum of different.

Varipararobbsia

L. masc. adjective *varius*, different; L. fem. n. *Pararobbsia*, An existing genus; *Varipararobbsia*: A genus related to but distinct from the existing genus Pararobbsia of different.

Variparasaccharibacter

L. masc. adjective *varius*, different; L. masc. n. *Parasaccharibacter*, An existing genus; *Variparasaccharibacter*: A genus related to but distinct from the existing genus Parasaccharibacter of different.

Variparascardovia

L. masc. adjective *varius*, different; L. fem. n. *Parascardovia*, An existing genus; *Variparascardovia*: A genus related to but distinct from the existing genus Parascardovia of different.

Variparasedimentitalea

L. masc. adjective *varius*, different; L. fem. n. *Parasedimentitalea*, An existing genus; *Variparasedimentitalea*: A genus related to but distinct from the existing genus Parasedimentitalea of different.

Variparasediminibacterium

L. masc. adjective *varius*, different; L. neut. n. *Parasediminibacterium*, An existing genus; *Variparasediminibacterium*: A genus related to but distinct from the existing genus Parasediminibacterium of different.

Variparasegetibacter

L. masc. adjective *varius*, different; L. masc. n. *Parasegetibacter*, An existing genus; *Variparasegetibacter*: A genus related to but distinct from the existing genus Parasegetibacter of different.

Variparashewanella

L. masc. adjective *varius*, different; L. fem. dim. n. *Parashewanella*, An existing genus; *Variparashewanella*: A genus related to but distinct from the existing genus Parashewanella of different.

Variparasphaerochaeta

L. masc. adjective *varius*, different; L. fem. n. *Parasphaerochaeta*, An existing genus; *Variparasphaerochaeta*: A genus related to but distinct from the existing genus Parasphaerochaeta of different.

Variparasphingopyxis

L. masc. adjective *varius*, different; L. fem. n. *Parasphingopyxis*, An existing genus; *Variparasphingopyxis*: A genus related to but distinct from the existing genus Parasphingopyxis of different.

Variparasphingorhabdus

L. masc. adjective *varius*, different; L. fem. n. *Parasphingorhabdus*, An existing genus; *Variparasphingorhabdus*: A genus related to but distinct from the existing genus Parasphingorhabdus of different.

Variparasporobacterium

L. masc. adjective *varius*, different; L. neut. n. *Parasporobacterium*, An existing genus; *Variparasporobacterium*: A genus related to but distinct from the existing genus Parasporobacterium of different.

Variparasutterella

L. masc. adjective *varius*, different; L. fem. dim. n. *Parasutterella*, An existing genus; *Variparasutterella*: A genus related to but distinct from the existing genus Parasutterella of different.

Variparemcibacter

L. masc. adjective *varius*, different; L. masc. n. *Paremcibacter*, An existing genus; *Variparemcibacter*: A genus related to but distinct from the existing genus Paremcibacter of different.

Variparendozoicomonas

L. masc. adjective *varius*, different; L. fem. n. *Parendozoicomonas*, An existing genus; *Variparendozoicomonas*: A genus related to but distinct from the existing genus Parendozoicomonas of different.

Variparoceanicella

L. masc. adjective *varius*, different; L. fem. n. *Paroceanicella*, An existing genus; *Variparoceanicella*: A genus related to but distinct from the existing genus Paroceanicella of different.

Variparolsenella

L. masc. adjective *varius*, different; L. fem. dim. n. *Parolsenella*, An existing genus; *Variparolsenella*: A genus related to but distinct from the existing genus Parolsenella of different.

Variparvibium

L. masc. adjective *varius*, different; L. neut. n. *Parvibium*, An existing genus; *Variparvibium*: A genus related to but distinct from the existing genus Parvibium of different.

Variparvimonas

L. masc. adjective *varius*, different; L. fem. n. *Parvimonas*, An existing genus; *Variparvimonas*: A genus related to but distinct from the existing genus Parvimonas of different.

Variparviterribacter

L. masc. adjective *varius*, different; L. masc. n. *Parviterribacter*, An existing genus; *Variparviterribacter*: A genus related to but distinct from the existing genus Parviterribacter of different.

Variparvularcula

L. masc. adjective *varius*, different; L. fem. dim. n. *Parvularcula*, An existing genus; *Variparvularcula*: A genus related to but distinct from the existing genus Parvularcula of different.

Varipasteurella

L. masc. adjective *varius*, different; L. fem. dim. n. *Pasteurella*, An existing genus; *Varipasteurella*: A genus related to but distinct from the existing genus Pasteurella of different.

Varipasteuria

L. masc. adjective *varius*, different; L. fem. n. *Pasteuria*, An existing genus; *Varipasteuria*: A genus related to but distinct from the existing genus Pasteuria of different.

Varipatiriisocius

L. masc. adjective *varius*, different; L. masc. n. *Patiriisocius*, An existing genus; *Varipatiriisocius*: A genus related to but distinct from the existing genus Patiriisocius of different.

Varipatulibacter

L. masc. adjective *varius*, different; L. masc. n. *Patulibacter*, An existing genus; *Varipatulibacter*: A genus related to but distinct from the existing genus Patulibacter of different.

Varipaucibacter

L. masc. adjective *varius*, different; L. masc. n. *Paucibacter*, An existing genus; *Varipaucibacter*: A genus related to but distinct from the existing genus Paucibacter of different.

Varipaucilactobacillus

L. masc. adjective *varius*, different; L. masc. n. *Paucilactobacillus*, An existing genus; *Varipaucilactobacillus*: A genus related to but distinct from the existing genus Paucilactobacillus of different.

Varipaucimonas

L. masc. adjective *varius*, different; L. fem. n. *Paucimonas*, An existing genus; *Varipaucimonas*: A genus related to but distinct from the existing genus Paucimonas of different.

Varipaucisalibacillus

L. masc. adjective *varius*, different; L. masc. n. *Paucisalibacillus*, An existing genus; *Varipaucisalibacillus*: A genus related to but distinct from the existing genus Paucisalibacillus of different.

Varipauljensenia

L. masc. adjective *varius*, different; L. fem. n. *Pauljensenia*, An existing genus; *Varipauljensenia*: A genus related to but distinct from the existing genus Pauljensenia of different.

Varipectinatus

L. masc. adjective *varius*, different; L. masc. n. *Pectinatus*, An existing genus; *Varipectinatus*: A genus related to but distinct from the existing genus Pectinatus of different.

Varipectobacterium

L. masc. adjective *varius*, different; L. neut. n. *Pectobacterium*, An existing genus; *Varipectobacterium*: A genus related to but distinct from the existing genus Pectobacterium of different.

Varipediococcus

L. masc. adjective *varius*, different; L. masc. n. *Pediococcus*, An existing genus; *Varipediococcus*: A genus related to but distinct from the existing genus Pediococcus of different.

Varipedobacter

L. masc. adjective *varius*, different; L. masc. n. *Pedobacter*, An existing genus; *Varipedobacter*: A genus related to but distinct from the existing genus Pedobacter of different.

Varipedococcus

L. masc. adjective *varius*, different; L. masc. n. *Pedococcus*, An existing genus; *Varipedococcus*: A genus related to but distinct from the existing genus Pedococcus of different.

Varipedomicrobium

L. masc. adjective *varius*, different; L. neut. n. *Pedomicrobium*, An existing genus; *Varipedomicrobium*: A genus related to but distinct from the existing genus Pedomicrobium of different.

Varipegethrix

L. masc. adjective *varius*, different; L. fem. n. *Pegethrix*, An existing genus; *Varipegethrix*: A genus related to but distinct from the existing genus Pegethrix of different.

Varipelagibaca

L. masc. adjective *varius*, different; L. fem. n. *Pelagibaca*, An existing genus; *Varipelagibaca*: A genus related to but distinct from the existing genus Pelagibaca of different.

Varipelagibacillus

L. masc. adjective *varius*, different; L. masc. n. *Pelagibacillus*, An existing genus; *Varipelagibacillus*: A genus related to but distinct from the existing genus Pelagibacillus of different.

Varipelagibacterium

L. masc. adjective *varius*, different; L. neut. n. *Pelagibacterium*, An existing genus; *Varipelagibacterium*: A genus related to but distinct from the existing genus Pelagibacterium of different.

Varipelagibaculum

L. masc. adjective *varius*, different; L. neut. n. *Pelagibaculum*, An existing genus; *Varipelagibaculum*: A genus related to but distinct from the existing genus Pelagibaculum of different.

Varipelagibius

L. masc. adjective *varius*, different; L. masc. n. *Pelagibius*, An existing genus; *Varipelagibius*: A genus related to but distinct from the existing genus Pelagibius of different.

Varipelagicoccus

L. masc. adjective *varius*, different; L. masc. n. *Pelagicoccus*, An existing genus; *Varipelagicoccus*: A genus related to but distinct from the existing genus Pelagicoccus of different.

Varipelagicola

L. masc. adjective *varius*, different; L. masc. n. *Pelagicola*, An existing genus; *Varipelagicola*: A genus related to but distinct from the existing genus Pelagicola of different.

Varipelagihabitans

L. masc. adjective *varius*, different; L. masc. n. *Pelagihabitans*, An existing genus; *Varipelagihabitans*: A genus related to but distinct from the existing genus Pelagihabitans of different.

Varipelagimonas

L. masc. adjective *varius*, different; L. fem. n. *Pelagimonas*, An existing genus; *Varipelagimonas*: A genus related to but distinct from the existing genus Pelagimonas of different.

Varipelagirhabdus

L. masc. adjective *varius*, different; L. fem. n. *Pelagirhabdus*, An existing genus; *Varipelagirhabdus*: A genus related to but distinct from the existing genus Pelagirhabdus of different.

Varipelagitalea

L. masc. adjective *varius*, different; L. fem. n. *Pelagitalea*, An existing genus; *Varipelagitalea*: A genus related to but distinct from the existing genus Pelagitalea of different.

Varipelagivirga

L. masc. adjective *varius*, different; L. fem. n. *Pelagivirga*, An existing genus; *Varipelagivirga*: A genus related to but distinct from the existing genus Pelagivirga of different.

Varipelczaria

L. masc. adjective *varius*, different; L. fem. n. *Pelczaria*, An existing genus; *Varipelczaria*: A genus related to but distinct from the existing genus Pelczaria of different.

Varipelistega

L. masc. adjective *varius*, different; L. fem. n. *Pelistega*, An existing genus; *Varipelistega*: A genus related to but distinct from the existing genus Pelistega of different.

Varipelobium

L. masc. adjective *varius*, different; L. neut. n. *Pelobium*, An existing genus; *Varipelobium*: A genus related to but distinct from the existing genus Pelobium of different.

Varipelodictyon

L. masc. adjective *varius*, different; L. neut. n. *Pelodictyon*, An existing genus; *Varipelodictyon*: A genus related to but distinct from the existing genus Pelodictyon of different.

Varipelolinea

L. masc. adjective *varius*, different; L. fem. n. *Pelolinea*, An existing genus; *Varipelolinea*: A genus related to but distinct from the existing genus Pelolinea of different.

Varipelomicrobium

L. masc. adjective *varius*, different; L. neut. n. *Pelomicrobium*, An existing genus; *Varipelomicrobium*: A genus related to but distinct from the existing genus Pelomicrobium of different.

Varipelomonas

L. masc. adjective *varius*, different; L. fem. n. *Pelomonas*, An existing genus; *Varipelomonas*: A genus related to but distinct from the existing genus Pelomonas of different.

Varipeloploca

L. masc. adjective *varius*, different; L. fem. n. *Peloploca*, An existing genus; *Varipeloploca*: A genus related to but distinct from the existing genus Peloploca of different.

Varipelosinus

L. masc. adjective *varius*, different; L. masc. n. *Pelosinus*, An existing genus; *Varipelosinus*: A genus related to but distinct from the existing genus Pelosinus of different.

Varipelospora

L. masc. adjective *varius*, different; L. fem. n. *Pelospora*, An existing genus; *Varipelospora*: A genus related to but distinct from the existing genus Pelospora of different.

Varipelotomaculum

L. masc. adjective *varius*, different; L. neut. n. *Pelotomaculum*, An existing genus; *Varipelotomaculum*: A genus related to but distinct from the existing genus Pelotomaculum of different.

Varipeptacetobacter

L. masc. adjective *varius*, different; L. masc. n. *Peptacetobacter*, An existing genus; *Varipeptacetobacter*: A genus related to but distinct from the existing genus Peptacetobacter of different.

Varipeptidiphaga

L. masc. adjective *varius*, different; L. fem. n. *Peptidiphaga*, An existing genus; *Varipeptidiphaga*: A genus related to but distinct from the existing genus Peptidiphaga of different.

Varipeptoanaerobacter

L. masc. adjective *varius*, different; L. masc. n. *Peptoanaerobacter*, An existing genus; *Varipeptoanaerobacter*: A genus related to but distinct from the existing genus Peptoanaerobacter of different.

Varipeptoclostridium

L. masc. adjective *varius*, different; L. neut. dim. n. *Peptoclostridium*, An existing genus; *Varipeptoclostridium*: A genus related to but distinct from the existing genus Peptoclostridium of different.

Varipeptococcus

L. masc. adjective *varius*, different; L. masc. n. *Peptococcus*, An existing genus; *Varipeptococcus*: A genus related to but distinct from the existing genus Peptococcus of different.

Varipeptoniphilus

L. masc. adjective *varius*, different; L. masc. n. *Peptoniphilus*, An existing genus; *Varipeptoniphilus*: A genus related to but distinct from the existing genus Peptoniphilus of different.

Varipeptostreptococcus

L. masc. adjective *varius*, different; L. masc. n. *Peptostreptococcus*, An existing genus; *Varipeptostreptococcus*: A genus related to but distinct from the existing genus Peptostreptococcus of different.

Variperedibacter

L. masc. adjective *varius*, different; L. masc. n. *Peredibacter*, An existing genus; *Variperedibacter*: A genus related to but distinct from the existing genus Peredibacter of different.

Variperexilibacter

L. masc. adjective *varius*, different; L. masc. n. *Perexilibacter*, An existing genus; *Variperexilibacter*: A genus related to but distinct from the existing genus Perexilibacter of different.

Variperibacillus

L. masc. adjective *varius*, different; L. masc. n. *Peribacillus*, An existing genus; *Variperibacillus*: A genus related to but distinct from the existing genus Peribacillus of different.

Variperlucidibaca

L. masc. adjective *varius*, different; L. fem. n. *Perlucidibaca*, An existing genus; *Variperlucidibaca*: A genus related to but distinct from the existing genus Perlucidibaca of different.

Varipermianibacter

L. masc. adjective *varius*, different; L. masc. n. *Permianibacter*, An existing genus; *Varipermianibacter*: A genus related to but distinct from the existing genus Permianibacter of different.

Varipersicimonas

L. masc. adjective *varius*, different; L. fem. n. *Persicimonas*, An existing genus; *Varipersicimonas*: A genus related to but distinct from the existing genus Persicimonas of different.

Varipersicirhabdus

L. masc. adjective *varius*, different; L. fem. n. *Persicirhabdus*, An existing genus; *Varipersicirhabdus*: A genus related to but distinct from the existing genus Persicirhabdus of different.

Varipersicitalea

L. masc. adjective *varius*, different; L. fem. n. *Persicitalea*, An existing genus; *Varipersicitalea*: A genus related to but distinct from the existing genus Persicitalea of different.

Varipersicivirga

L. masc. adjective *varius*, different; L. fem. n. *Persicivirga*, An existing genus; *Varipersicivirga*: A genus related to but distinct from the existing genus Persicivirga of different.

Varipersicobacter

L. masc. adjective *varius*, different; L. masc. n. *Persicobacter*, An existing genus; *Varipersicobacter*: A genus related to but distinct from the existing genus Persicobacter of different.

Varipersinema

L. masc. adjective *varius*, different; L. neut. n. *Persinema*, An existing genus; *Varipersinema*: A genus related to but distinct from the existing genus Persinema of different.

Variperspicuibacter

L. masc. adjective *varius*, different; L. masc. n. *Perspicuibacter*, An existing genus; *Variperspicuibacter*: A genus related to but distinct from the existing genus Perspicuibacter of different.

Varipetrimonas

L. masc. adjective *varius*, different; L. fem. n. *Petrimonas*, An existing genus; *Varipetrimonas*: A genus related to but distinct from the existing genus Petrimonas of different.

Varipetrobacter

L. masc. adjective *varius*, different; L. masc. n. *Petrobacter*, An existing genus; *Varipetrobacter*: A genus related to but distinct from the existing genus Petrobacter of different.

Varipetrocella

L. masc. adjective *varius*, different; L. fem. n. *Petrocella*, An existing genus; *Varipetrocella*: A genus related to but distinct from the existing genus Petrocella of different.

Varipetroclostridium

L. masc. adjective *varius*, different; L. neut. dim. n. *Petroclostridium*, An existing genus; *Varipetroclostridium*: A genus related to but distinct from the existing genus Petroclostridium of different.

Varipetrothermobacter

L. masc. adjective *varius*, different; L. masc. n. *Petrothermobacter*, An existing genus; *Varipetrothermobacter*: A genus related to but distinct from the existing genus Petrothermobacter of different.

Varipetrotoga

L. masc. adjective *varius*, different; L. fem. n. *Petrotoga*, An existing genus; *Varipetrotoga*: A genus related to but distinct from the existing genus Petrotoga of different.

Varipfennigia

L. masc. adjective *varius*, different; L. fem. n. *Pfennigia*, An existing genus; *Varipfennigia*: A genus related to but distinct from the existing genus Pfennigia of different.

Variphaeobacterium

L. masc. adjective *varius*, different; L. neut. n. *Phaeobacterium*, An existing genus; *Variphaeobacterium*: A genus related to but distinct from the existing genus Phaeobacterium of different.

Variphaeochromatium

L. masc. adjective *varius*, different; L. neut. n. *Phaeochromatium*, An existing genus; *Variphaeochromatium*: A genus related to but distinct from the existing genus Phaeochromatium of different.

Variphaeocystidibacter

L. masc. adjective *varius*, different; L. masc. n. *Phaeocystidibacter*, An existing genus; *Variphaeocystidibacter*: A genus related to but distinct from the existing genus Phaeocystidibacter of different.

Variphaeodactylibacter

L. masc. adjective *varius*, different; L. masc. n. *Phaeodactylibacter*, An existing genus; *Variphaeodactylibacter*: A genus related to but distinct from the existing genus Phaeodactylibacter of different.

Variphaeospirillum

L. masc. adjective *varius*, different; L. neut. dim. n. *Phaeospirillum*, An existing genus; *Variphaeospirillum*: A genus related to but distinct from the existing genus Phaeospirillum of different.

Variphaeovibrio

L. masc. adjective *varius*, different; L. masc. n. *Phaeovibrio*, An existing genus; *Variphaeovibrio*: A genus related to but distinct from the existing genus Phaeovibrio of different.

Variphaeovulum

L. masc. adjective *varius*, different; L. neut. n. *Phaeovulum*, An existing genus; *Variphaeovulum*: A genus related to but distinct from the existing genus Phaeovulum of different.

Variphascolarctobacterium

L. masc. adjective *varius*, different; L. neut. n. *Phascolarctobacterium*, An existing genus; *Variphascolarctobacterium*: A genus related to but distinct from the existing genus Phascolarctobacterium of different.

Variphaselicystis

L. masc. adjective *varius*, different; L. fem. n. *Phaselicystis*, An existing genus; *Variphaselicystis*: A genus related to but distinct from the existing genus Phaselicystis of different.

Variphaseolibacter

L. masc. adjective *varius*, different; L. masc. n. *Phaseolibacter*, An existing genus; *Variphaseolibacter*: A genus related to but distinct from the existing genus Phaseolibacter of different.

Variphenylobacterium

L. masc. adjective *varius*, different; L. neut. n. *Phenylobacterium*, An existing genus; *Variphenylobacterium*: A genus related to but distinct from the existing genus Phenylobacterium of different.

Variphocaeicola

L. masc. adjective *varius*, different; L. masc. n. *Phocaeicola*, An existing genus; *Variphocaeicola*: A genus related to but distinct from the existing genus Phocaeicola of different.

Variphocoenobacter

L. masc. adjective *varius*, different; L. masc. n. *Phocoenobacter*, An existing genus; *Variphocoenobacter*: A genus related to but distinct from the existing genus Phocoenobacter of different.

Variphorcysia

L. masc. adjective *varius*, different; L. fem. n. *Phorcysia*, An existing genus; *Variphorcysia*: A genus related to but distinct from the existing genus Phorcysia of different.

Variphotobacterium

L. masc. adjective *varius*, different; L. neut. n. *Photobacterium*, An existing genus; *Variphotobacterium*: A genus related to but distinct from the existing genus Photobacterium of different.

Variphotorhabdus

L. masc. adjective *varius*, different; L. fem. n. *Photorhabdus*, An existing genus; *Variphotorhabdus*: A genus related to but distinct from the existing genus Photorhabdus of different.

Variphragmitibacter

L. masc. adjective *varius*, different; L. masc. n. *Phragmitibacter*, An existing genus; *Variphragmitibacter*: A genus related to but distinct from the existing genus Phragmitibacter of different.

Variphreatobacter

L. masc. adjective *varius*, different; L. masc. n. *Phreatobacter*, An existing genus; *Variphreatobacter*: A genus related to but distinct from the existing genus Phreatobacter of different.

Variphycicoccus

L. masc. adjective *varius*, different; L. masc. n. *Phycicoccus*, An existing genus; *Variphycicoccus*: A genus related to but distinct from the existing genus Phycicoccus of different.

Variphycicola

L. masc. adjective *varius*, different; L. masc. n. *Phycicola*, An existing genus; *Variphycicola*: A genus related to but distinct from the existing genus Phycicola of different.

Variphycisphaera

L. masc. adjective *varius*, different; L. fem. n. *Phycisphaera*, An existing genus; *Variphycisphaera*: A genus related to but distinct from the existing genus Phycisphaera of different.

Variphycocomes

L. masc. adjective *varius*, different; L. masc. n. *Phycocomes*, An existing genus; *Variphycocomes*: A genus related to but distinct from the existing genus Phycocomes of different.

Variphyllonema

L. masc. adjective *varius*, different; L. neut. n. *Phyllonema*, An existing genus; *Variphyllonema*: A genus related to but distinct from the existing genus Phyllonema of different.

Variphytoactinopolyspora

L. masc. adjective *varius*, different; L. fem. n. *Phytoactinopolyspora*, An existing genus; *Variphytoactinopolyspora*: A genus related to but distinct from the existing genus Phytoactinopolyspora of different.

Variphytobacter

L. masc. adjective *varius*, different; L. masc. n. *Phytobacter*, An existing genus; *Variphytobacter*: A genus related to but distinct from the existing genus Phytobacter of different.

Variphytohabitans

L. masc. adjective *varius*, different; L. masc. n. *Phytohabitans*, An existing genus; *Variphytohabitans*: A genus related to but distinct from the existing genus Phytohabitans of different.

Variphytohalomonas

L. masc. adjective *varius*, different; L. fem. n. *Phytohalomonas*, An existing genus; *Variphytohalomonas*: A genus related to but distinct from the existing genus Phytohalomonas of different.

Variphytomonospora

L. masc. adjective *varius*, different; L. fem. n. *Phytomonospora*, An existing genus; *Variphytomonospora*: A genus related to but distinct from the existing genus Phytomonospora of different.

Varipibocella

L. masc. adjective *varius*, different; L. fem. dim. n. *Pibocella*, An existing genus; *Varipibocella*: A genus related to but distinct from the existing genus Pibocella of different.

Varipicrophilus

L. masc. adjective *varius*, different; L. masc. n. *Picrophilus*, An existing genus; *Varipicrophilus*: A genus related to but distinct from the existing genus Picrophilus of different.

Varipiezobacter

L. masc. adjective *varius*, different; L. masc. n. *Piezobacter*, An existing genus; *Varipiezobacter*: A genus related to but distinct from the existing genus Piezobacter of different.

Varipigmentiphaga

L. masc. adjective *varius*, different; L. fem. n. *Pigmentiphaga*, An existing genus; *Varipigmentiphaga*: A genus related to but distinct from the existing genus Pigmentiphaga of different.

Varipilibacter

L. masc. adjective *varius*, different; L. masc. n. *Pilibacter*, An existing genus; *Varipilibacter*: A genus related to but distinct from the existing genus Pilibacter of different.

Varipilimelia

L. masc. adjective *varius*, different; L. fem. n. *Pilimelia*, An existing genus; *Varipilimelia*: A genus related to but distinct from the existing genus Pilimelia of different.

Varipillotina

L. masc. adjective *varius*, different; L. fem. n. *Pillotina*, An existing genus; *Varipillotina*: A genus related to but distinct from the existing genus Pillotina of different.

Varipimelobacter

L. masc. adjective *varius*, different; L. masc. n. *Pimelobacter*, An existing genus; *Varipimelobacter*: A genus related to but distinct from the existing genus Pimelobacter of different.

Varipinisolibacter

L. masc. adjective *varius*, different; L. masc. n. *Pinisolibacter*, An existing genus; *Varipinisolibacter*: A genus related to but distinct from the existing genus Pinisolibacter of different.

Varipinocchia

L. masc. adjective *varius*, different; L. fem. n. *Pinocchia*, An existing genus; *Varipinocchia*: A genus related to but distinct from the existing genus Pinocchia of different.

Varipirella

L. masc. adjective *varius*, different; L. fem. dim. n. *Pirella*, An existing genus; *Varipirella*: A genus related to but distinct from the existing genus Pirella of different.

Varipirellula

L. masc. adjective *varius*, different; L. fem. dim. n. *Pirellula*, An existing genus; *Varipirellula*: A genus related to but distinct from the existing genus Pirellula of different.

Varipiscicoccus

L. masc. adjective *varius*, different; L. masc. n. *Piscicoccus*, An existing genus; *Varipiscicoccus*: A genus related to but distinct from the existing genus Piscicoccus of different.

Varipisciglobus

L. masc. adjective *varius*, different; L. masc. n. *Pisciglobus*, An existing genus; *Varipisciglobus*: A genus related to but distinct from the existing genus Pisciglobus of different.

Varipiscinibacter

L. masc. adjective *varius*, different; L. masc. n. *Piscinibacter*, An existing genus; *Varipiscinibacter*: A genus related to but distinct from the existing genus Piscinibacter of different.

Varipiscirickettsia

L. masc. adjective *varius*, different; L. fem. n. *Piscirickettsia*, An existing genus; *Varipiscirickettsia*: A genus related to but distinct from the existing genus Piscirickettsia of different.

Varipistricoccus

L. masc. adjective *varius*, different; L. masc. n. *Pistricoccus*, An existing genus; *Varipistricoccus*: A genus related to but distinct from the existing genus Pistricoccus of different.

Variplanctobacterium

L. masc. adjective *varius*, different; L. neut. n. *Planctobacterium*, An existing genus; *Variplanctobacterium*: A genus related to but distinct from the existing genus Planctobacterium of different.

Variplanctomicrobium

L. masc. adjective *varius*, different; L. neut. n. *Planctomicrobium*, An existing genus; *Variplanctomicrobium*: A genus related to but distinct from the existing genus Planctomicrobium of different.

Variplanctomonas

L. masc. adjective *varius*, different; L. fem. n. *Planctomonas*, An existing genus; *Variplanctomonas*: A genus related to but distinct from the existing genus Planctomonas of different.

Variplanctomyces

L. masc. adjective *varius*, different; L. masc. n. *Planctomyces*, An existing genus; *Variplanctomyces*: A genus related to but distinct from the existing genus Planctomyces of different.

Variplanctopirus

L. masc. adjective *varius*, different; L. fem. n. *Planctopirus*, An existing genus; *Variplanctopirus*: A genus related to but distinct from the existing genus Planctopirus of different.

Variplanifilum

L. masc. adjective *varius*, different; L. neut. n. *Planifilum*, An existing genus; *Variplanifilum*: A genus related to but distinct from the existing genus Planifilum of different.

Variplanktomarina

L. masc. adjective *varius*, different; L. fem. n. *Planktomarina*, An existing genus; *Variplanktomarina*: A genus related to but distinct from the existing genus Planktomarina of different.

Variplanktosalinus

L. masc. adjective *varius*, different; L. masc. n. *Planktosalinus*, An existing genus; *Variplanktosalinus*: A genus related to but distinct from the existing genus Planktosalinus of different.

Variplanktotalea

L. masc. adjective *varius*, different; L. fem. n. *Planktotalea*, An existing genus; *Variplanktotalea*: A genus related to but distinct from the existing genus Planktotalea of different.

Variplanktothrix

L. masc. adjective *varius*, different; L. fem. n. *Planktothrix*, An existing genus; *Variplanktothrix*: A genus related to but distinct from the existing genus Planktothrix of different.

Variplanobacterium

L. masc. adjective *varius*, different; L. neut. n. *Planobacterium*, An existing genus; *Variplanobacterium*: A genus related to but distinct from the existing genus Planobacterium of different.

Variplanobispora

L. masc. adjective *varius*, different; L. fem. n. *Planobispora*, An existing genus; *Variplanobispora*: A genus related to but distinct from the existing genus Planobispora of different.

Variplanococcus

L. masc. adjective *varius*, different; L. masc. n. *Planococcus*, An existing genus; *Variplanococcus*: A genus related to but distinct from the existing genus Planococcus of different.

Variplanomicrobium

L. masc. adjective *varius*, different; L. neut. n. *Planomicrobium*, An existing genus; *Variplanomicrobium*: A genus related to but distinct from the existing genus Planomicrobium of different.

Variplanomonospora

L. masc. adjective *varius*, different; L. fem. n. *Planomonospora*, An existing genus; *Variplanomonospora*: A genus related to but distinct from the existing genus Planomonospora of different.

Variplanopolyspora

L. masc. adjective *varius*, different; L. fem. n. *Planopolyspora*, An existing genus; *Variplanopolyspora*: A genus related to but distinct from the existing genus Planopolyspora of different.

Variplanosporangium

L. masc. adjective *varius*, different; L. neut. n. *Planosporangium*, An existing genus; *Variplanosporangium*: A genus related to but distinct from the existing genus Planosporangium of different.

Variplanotetraspora

L. masc. adjective *varius*, different; L. fem. n. *Planotetraspora*, An existing genus; *Variplanotetraspora*: A genus related to but distinct from the existing genus Planotetraspora of different.

Variplantactinospora

L. masc. adjective *varius*, different; L. fem. n. *Plantactinospora*, An existing genus; *Variplantactinospora*: A genus related to but distinct from the existing genus Plantactinospora of different.

Variplastorhodobacter

L. masc. adjective *varius*, different; L. masc. n. *Plastorhodobacter*, An existing genus; *Variplastorhodobacter*: A genus related to but distinct from the existing genus Plastorhodobacter of different.

Varipleionea

L. masc. adjective *varius*, different; L. fem. n. *Pleionea*, An existing genus; *Varipleionea*: A genus related to but distinct from the existing genus Pleionea of different.

Varipleomorphobacterium

L. masc. adjective *varius*, different; L. neut. n. *Pleomorphobacterium*, An existing genus; *Varipleomorphobacterium*: A genus related to but distinct from the existing genus Pleomorphobacterium of different.

Varipleomorphochaeta

L. masc. adjective *varius*, different; L. fem. n. *Pleomorphochaeta*, An existing genus; *Varipleomorphochaeta*: A genus related to but distinct from the existing genus Pleomorphochaeta of different.

Varipleomorphomonas

L. masc. adjective *varius*, different; L. fem. n. *Pleomorphomonas*, An existing genus; *Varipleomorphomonas*: A genus related to but distinct from the existing genus Pleomorphomonas of different.

Varipleomorphovibrio

L. masc. adjective *varius*, different; L. masc. n. *Pleomorphovibrio*, An existing genus; *Varipleomorphovibrio*: A genus related to but distinct from the existing genus Pleomorphovibrio of different.

Variplesiocystis

L. masc. adjective *varius*, different; L. fem. n. *Plesiocystis*, An existing genus; *Variplesiocystis*: A genus related to but distinct from the existing genus Plesiocystis of different.

Variplesiomonas

L. masc. adjective *varius*, different; L. fem. n. *Plesiomonas*, An existing genus; *Variplesiomonas*: A genus related to but distinct from the existing genus Plesiomonas of different.

Varipleurocapsa

L. masc. adjective *varius*, different; L. fem. n. *Pleurocapsa*, An existing genus; *Varipleurocapsa*: A genus related to but distinct from the existing genus Pleurocapsa of different.

Varipluralibacter

L. masc. adjective *varius*, different; L. masc. n. *Pluralibacter*, An existing genus; *Varipluralibacter*: A genus related to but distinct from the existing genus Pluralibacter of different.

Varipokkaliibacter

L. masc. adjective *varius*, different; L. masc. n. *Pokkaliibacter*, An existing genus; *Varipokkaliibacter*: A genus related to but distinct from the existing genus Pokkaliibacter of different.

Varipolaribacter

L. masc. adjective *varius*, different; L. masc. n. *Polaribacter*, An existing genus; *Varipolaribacter*: A genus related to but distinct from the existing genus Polaribacter of different.

Varipolaromonas

L. masc. adjective *varius*, different; L. fem. n. *Polaromonas*, An existing genus; *Varipolaromonas*: A genus related to but distinct from the existing genus Polaromonas of different.

Varipolyangium

L. masc. adjective *varius*, different; L. neut. n. *Polyangium*, An existing genus; *Varipolyangium*: A genus related to but distinct from the existing genus Polyangium of different.

Varipolycladidibacter

L. masc. adjective *varius*, different; L. masc. n. *Polycladidibacter*, An existing genus; *Varipolycladidibacter*: A genus related to but distinct from the existing genus Polycladidibacter of different.

Varipolycladomyces

L. masc. adjective *varius*, different; L. masc. n. *Polycladomyces*, An existing genus; *Varipolycladomyces*: A genus related to but distinct from the existing genus Polycladomyces of different.

Varipolycyclovorans

L. masc. adjective *varius*, different; L. masc. n. *Polycyclovorans*, An existing genus; *Varipolycyclovorans*: A genus related to but distinct from the existing genus Polycyclovorans of different.

Varipolygonibacillus

L. masc. adjective *varius*, different; L. masc. n. *Polygonibacillus*, An existing genus; *Varipolygonibacillus*: A genus related to but distinct from the existing genus Polygonibacillus of different.

Varipolymorphospora

L. masc. adjective *varius*, different; L. fem. n. *Polymorphospora*, An existing genus; *Varipolymorphospora*: A genus related to but distinct from the existing genus Polymorphospora of different.

Varipolymorphum

L. masc. adjective *varius*, different; L. neut. n. *Polymorphum*, An existing genus; *Varipolymorphum*: A genus related to but distinct from the existing genus Polymorphum of different.

Varipolynucleobacter

L. masc. adjective *varius*, different; L. masc. n. *Polynucleobacter*, An existing genus; *Varipolynucleobacter*: A genus related to but distinct from the existing genus Polynucleobacter of different.

Varipolystyrenella

L. masc. adjective *varius*, different; L. fem. dim. n. *Polystyrenella*, An existing genus; *Varipolystyrenella*: A genus related to but distinct from the existing genus Polystyrenella of different.

Varipontibaca

L. masc. adjective *varius*, different; L. fem. n. *Pontibaca*, An existing genus; *Varipontibaca*: A genus related to but distinct from the existing genus Pontibaca of different.

Varipontibacillus

L. masc. adjective *varius*, different; L. masc. n. *Pontibacillus*, An existing genus; *Varipontibacillus*: A genus related to but distinct from the existing genus Pontibacillus of different.

Varipontibacter

L. masc. adjective *varius*, different; L. masc. n. *Pontibacter*, An existing genus; *Varipontibacter*: A genus related to but distinct from the existing genus Pontibacter of different.

Varipontibacterium

L. masc. adjective *varius*, different; L. neut. n. *Pontibacterium*, An existing genus; *Varipontibacterium*: A genus related to but distinct from the existing genus Pontibacterium of different.

Variponticaulis

L. masc. adjective *varius*, different; L. masc. n. *Ponticaulis*, An existing genus; *Variponticaulis*: A genus related to but distinct from the existing genus Ponticaulis of different.

Variponticoccus

L. masc. adjective *varius*, different; L. masc. n. *Ponticoccus*, An existing genus; *Variponticoccus*: A genus related to but distinct from the existing genus Ponticoccus of different.

Varipontimicrobium

L. masc. adjective *varius*, different; L. neut. n. *Pontimicrobium*, An existing genus; *Varipontimicrobium*: A genus related to but distinct from the existing genus Pontimicrobium of different.

Varipontimonas

L. masc. adjective *varius*, different; L. fem. n. *Pontimonas*, An existing genus; *Varipontimonas*: A genus related to but distinct from the existing genus Pontimonas of different.

Varipontirhabdus

L. masc. adjective *varius*, different; L. fem. n. *Pontirhabdus*, An existing genus; *Varipontirhabdus*: A genus related to but distinct from the existing genus Pontirhabdus of different.

Varipopulibacter

L. masc. adjective *varius*, different; L. masc. n. *Populibacter*, An existing genus; *Varipopulibacter*: A genus related to but distinct from the existing genus Populibacter of different.

Varipopulibacterium

L. masc. adjective *varius*, different; L. neut. n. *Populibacterium*, An existing genus; *Varipopulibacterium*: A genus related to but distinct from the existing genus Populibacterium of different.

Variporifericola

L. masc. adjective *varius*, different; L. masc. n. *Porifericola*, An existing genus; *Variporifericola*: A genus related to but distinct from the existing genus Porifericola of different.

Variporphyrobacter

L. masc. adjective *varius*, different; L. masc. n. *Porphyrobacter*, An existing genus; *Variporphyrobacter*: A genus related to but distinct from the existing genus Porphyrobacter of different.

Variporphyromonas

L. masc. adjective *varius*, different; L. fem. n. *Porphyromonas*, An existing genus; *Variporphyromonas*: A genus related to but distinct from the existing genus Porphyromonas of different.

Variportibacter

L. masc. adjective *varius*, different; L. masc. n. *Portibacter*, An existing genus; *Variportibacter*: A genus related to but distinct from the existing genus Portibacter of different.

Variporticoccus

L. masc. adjective *varius*, different; L. masc. n. *Porticoccus*, An existing genus; *Variporticoccus*: A genus related to but distinct from the existing genus Porticoccus of different.

Variposeidonibacter

L. masc. adjective *varius*, different; L. masc. n. *Poseidonibacter*, An existing genus; *Variposeidonibacter*: A genus related to but distinct from the existing genus Poseidonibacter of different.

Variposeidonocella

L. masc. adjective *varius*, different; L. fem. n. *Poseidonocella*, An existing genus; *Variposeidonocella*: A genus related to but distinct from the existing genus Poseidonocella of different.

Varipostechiella

L. masc. adjective *varius*, different; L. fem. dim. n. *Postechiella*, An existing genus; *Varipostechiella*: A genus related to but distinct from the existing genus Postechiella of different.

Varipotamolinea

L. masc. adjective *varius*, different; L. fem. n. *Potamolinea*, An existing genus; *Varipotamolinea*: A genus related to but distinct from the existing genus Potamolinea of different.

Varipotamosiphon

L. masc. adjective *varius*, different; L. masc. n. *Potamosiphon*, An existing genus; *Varipotamosiphon*: A genus related to but distinct from the existing genus Potamosiphon of different.

Varipovalibacter

L. masc. adjective *varius*, different; L. masc. n. *Povalibacter*, An existing genus; *Varipovalibacter*: A genus related to but distinct from the existing genus Povalibacter of different.

Varipradoshia

L. masc. adjective *varius*, different; L. fem. n. *Pradoshia*, An existing genus; *Varipradoshia*: A genus related to but distinct from the existing genus Pradoshia of different.

Varipragia

L. masc. adjective *varius*, different; L. fem. n. *Pragia*, An existing genus; *Varipragia*: A genus related to but distinct from the existing genus Pragia of different.

Variprauserella

L. masc. adjective *varius*, different; L. fem. dim. n. *Prauserella*, An existing genus; *Variprauserella*: A genus related to but distinct from the existing genus Prauserella of different.

Varipreeria

L. masc. adjective *varius*, different; L. fem. n. *Preeria*, An existing genus; *Varipreeria*: A genus related to but distinct from the existing genus Preeria of different.

Variprescottella

L. masc. adjective *varius*, different; L. fem. dim. n. *Prescottella*, An existing genus; *Variprescottella*: A genus related to but distinct from the existing genus Prescottella of different.

Variprevotella

L. masc. adjective *varius*, different; L. fem. dim. n. *Prevotella*, An existing genus; *Variprevotella*: A genus related to but distinct from the existing genus Prevotella of different.

Varipricia

L. masc. adjective *varius*, different; L. fem. n. *Pricia*, An existing genus; *Varipricia*: A genus related to but distinct from the existing genus Pricia of different.

Variprimorskyibacter

L. masc. adjective *varius*, different; L. masc. n. *Primorskyibacter*, An existing genus; *Variprimorskyibacter*: A genus related to but distinct from the existing genus Primorskyibacter of different.

Variprochlorococcus

L. masc. adjective *varius*, different; L. masc. n. *Prochlorococcus*, An existing genus; *Variprochlorococcus*: A genus related to but distinct from the existing genus Prochlorococcus of different.

Variprochloron

L. masc. adjective *varius*, different; L. neut. n. *Prochloron*, An existing genus; *Variprochloron*: A genus related to but distinct from the existing genus Prochloron of different.

Variprochlorothrix

L. masc. adjective *varius*, different; L. fem. n. *Prochlorothrix*, An existing genus; *Variprochlorothrix*: A genus related to but distinct from the existing genus Prochlorothrix of different.

Variprofundibacter

L. masc. adjective *varius*, different; L. masc. n. *Profundibacter*, An existing genus; *Variprofundibacter*: A genus related to but distinct from the existing genus Profundibacter of different.

Variprofundibacterium

L. masc. adjective *varius*, different; L. neut. n. *Profundibacterium*, An existing genus; *Variprofundibacterium*: A genus related to but distinct from the existing genus Profundibacterium of different.

Variprofundimonas

L. masc. adjective *varius*, different; L. fem. n. *Profundimonas*, An existing genus; *Variprofundimonas*: A genus related to but distinct from the existing genus Profundimonas of different.

Variprolinoborus

L. masc. adjective *varius*, different; L. masc. n. *Prolinoborus*, An existing genus; *Variprolinoborus*: A genus related to but distinct from the existing genus Prolinoborus of different.

Variprolixibacter

L. masc. adjective *varius*, different; L. masc. n. *Prolixibacter*, An existing genus; *Variprolixibacter*: A genus related to but distinct from the existing genus Prolixibacter of different.

Varipromicromonospora

L. masc. adjective *varius*, different; L. fem. n. *Promicromonospora*, An existing genus; *Varipromicromonospora*: A genus related to but distinct from the existing genus Promicromonospora of different.

Varipropionibacterium

L. masc. adjective *varius*, different; L. neut. n. *Propionibacterium*, An existing genus; *Varipropionibacterium*: A genus related to but distinct from the existing genus Propionibacterium of different.

Varipropionicicella

L. masc. adjective *varius*, different; L. fem. n. *Propionicicella*, An existing genus; *Varipropionicicella*: A genus related to but distinct from the existing genus Propionicicella of different.

Varipropioniferax

L. masc. adjective *varius*, different; L. fem. n. *Propioniferax*, An existing genus; *Varipropioniferax*: A genus related to but distinct from the existing genus Propioniferax of different.

Varipropionigenium

L. masc. adjective *varius*, different; L. neut. n. *Propionigenium*, An existing genus; *Varipropionigenium*: A genus related to but distinct from the existing genus Propionigenium of different.

Varipropionimicrobium

L. masc. adjective *varius*, different; L. neut. n. *Propionimicrobium*, An existing genus; *Varipropionimicrobium*: A genus related to but distinct from the existing genus Propionimicrobium of different.

Varipropionispora

L. masc. adjective *varius*, different; L. fem. n. *Propionispora*, An existing genus; *Varipropionispora*: A genus related to but distinct from the existing genus Propionispora of different.

Varipropionivibrio

L. masc. adjective *varius*, different; L. masc. n. *Propionivibrio*, An existing genus; *Varipropionivibrio*: A genus related to but distinct from the existing genus Propionivibrio of different.

Variprosthecobacter

L. masc. adjective *varius*, different; L. masc. n. *Prosthecobacter*, An existing genus; *Variprosthecobacter*: A genus related to but distinct from the existing genus Prosthecobacter of different.

Variprosthecochloris

L. masc. adjective *varius*, different; L. fem. n. *Prosthecochloris*, An existing genus; *Variprosthecochloris*: A genus related to but distinct from the existing genus Prosthecochloris of different.

Variprosthecomicrobium

L. masc. adjective *varius*, different; L. neut. n. *Prosthecomicrobium*, An existing genus; *Variprosthecomicrobium*: A genus related to but distinct from the existing genus Prosthecomicrobium of different.

Variprotaetiibacter

L. masc. adjective *varius*, different; L. masc. n. *Protaetiibacter*, An existing genus; *Variprotaetiibacter*: A genus related to but distinct from the existing genus Protaetiibacter of different.

Variproteiniborus

L. masc. adjective *varius*, different; L. masc. n. *Proteiniborus*, An existing genus; *Variproteiniborus*: A genus related to but distinct from the existing genus Proteiniborus of different.

Variproteiniclasticum

L. masc. adjective *varius*, different; L. neut. n. *Proteiniclasticum*, An existing genus; *Variproteiniclasticum*: A genus related to but distinct from the existing genus Proteiniclasticum of different.

Variproteiniphilum

L. masc. adjective *varius*, different; L. neut. n. *Proteiniphilum*, An existing genus; *Variproteiniphilum*: A genus related to but distinct from the existing genus Proteiniphilum of different.

Variproteinivorax

L. masc. adjective *varius*, different; L. neut. n. *Proteinivorax*, An existing genus; *Variproteinivorax*: A genus related to but distinct from the existing genus Proteinivorax of different.

Variproteocatella

L. masc. adjective *varius*, different; L. fem. dim. n. *Proteocatella*, An existing genus; *Variproteocatella*: A genus related to but distinct from the existing genus Proteocatella of different.

Variprotomonas

L. masc. adjective *varius*, different; L. fem. n. *Protomonas*, An existing genus; *Variprotomonas*: A genus related to but distinct from the existing genus Protomonas of different.

Variprovencibacterium

L. masc. adjective *varius*, different; L. neut. n. *Provencibacterium*, An existing genus; *Variprovencibacterium*: A genus related to but distinct from the existing genus Provencibacterium of different.

Variprovidencia

L. masc. adjective *varius*, different; L. fem. n. *Providencia*, An existing genus; *Variprovidencia*: A genus related to but distinct from the existing genus Providencia of different.

Varipseudacidovorax

L. masc. adjective *varius*, different; L. masc. n. *Pseudacidovorax*, An existing genus; *Varipseudacidovorax*: A genus related to but distinct from the existing genus Pseudacidovorax of different.

Varipseudactinotalea

L. masc. adjective *varius*, different; L. fem. n. *Pseudactinotalea*, An existing genus; *Varipseudactinotalea*: A genus related to but distinct from the existing genus Pseudactinotalea of different.

Varipseudaeromonas

L. masc. adjective *varius*, different; L. fem. n. *Pseudaeromonas*, An existing genus; *Varipseudaeromonas*: A genus related to but distinct from the existing genus Pseudaeromonas of different.

Varipseudaestuariivita

L. masc. adjective *varius*, different; L. fem. n. *Pseudaestuariivita*, An existing genus; *Varipseudaestuariivita*: A genus related to but distinct from the existing genus Pseudaestuariivita of different.

Varipseudahrensia

L. masc. adjective *varius*, different; L. fem. n. *Pseudahrensia*, An existing genus; *Varipseudahrensia*: A genus related to but distinct from the existing genus Pseudahrensia of different.

Varipseudaminobacter

L. masc. adjective *varius*, different; L. masc. n. *Pseudaminobacter*, An existing genus; *Varipseudaminobacter*: A genus related to but distinct from the existing genus Pseudaminobacter of different.

Varipseudarcicella

L. masc. adjective *varius*, different; L. fem. n. *Pseudarcicella*, An existing genus; *Varipseudarcicella*: A genus related to but distinct from the existing genus Pseudarcicella of different.

Varipseudarthrobacter

L. masc. adjective *varius*, different; L. masc. n. *Pseudarthrobacter*, An existing genus; *Varipseudarthrobacter*: A genus related to but distinct from the existing genus Pseudarthrobacter of different.

Varipseudenhygromyxa

L. masc. adjective *varius*, different; L. fem. n. *Pseudenhygromyxa*, An existing genus; *Varipseudenhygromyxa*: A genus related to but distinct from the existing genus Pseudenhygromyxa of different.

Varipseudescherichia

L. masc. adjective *varius*, different; L. fem. n. *Pseudescherichia*, An existing genus; *Varipseudescherichia*: A genus related to but distinct from the existing genus Pseudescherichia of different.

Varipseudidiomarina

L. masc. adjective *varius*, different; L. fem. n. *Pseudidiomarina*, An existing genus; *Varipseudidiomarina*: A genus related to but distinct from the existing genus Pseudidiomarina of different.

Varipseudoalteromonas

L. masc. adjective *varius*, different; L. fem. n. *Pseudoalteromonas*, An existing genus; *Varipseudoalteromonas*: A genus related to but distinct from the existing genus Pseudoalteromonas of different.

Varipseudoamycolata

L. masc. adjective *varius*, different; L. fem. n. *Pseudoamycolata*, An existing genus; *Varipseudoamycolata*: A genus related to but distinct from the existing genus Pseudoamycolata of different.

Varipseudobacillus

L. masc. adjective *varius*, different; L. masc. n. *Pseudobacillus*, An existing genus; *Varipseudobacillus*: A genus related to but distinct from the existing genus Pseudobacillus of different.

Varipseudobacter

L. masc. adjective *varius*, different; L. masc. n. *Pseudobacter*, An existing genus; *Varipseudobacter*: A genus related to but distinct from the existing genus Pseudobacter of different.

Varipseudobacteriovorax

L. masc. adjective *varius*, different; L. masc. n. *Pseudobacteriovorax*, An existing genus; *Varipseudobacteriovorax*: A genus related to but distinct from the existing genus Pseudobacteriovorax of different.

Varipseudobacteroides

L. masc. adjective *varius*, different; L. masc. n. *Pseudobacteroides*, An existing genus; *Varipseudobacteroides*: A genus related to but distinct from the existing genus Pseudobacteroides of different.

Varipseudobizionia

L. masc. adjective *varius*, different; L. fem. n. *Pseudobizionia*, An existing genus; *Varipseudobizionia*: A genus related to but distinct from the existing genus Pseudobizionia of different.

Varipseudobowmanella

L. masc. adjective *varius*, different; L. fem. dim. n. *Pseudobowmanella*, An existing genus; *Varipseudobowmanella*: A genus related to but distinct from the existing genus Pseudobowmanella of different.

Varipseudobutyrivibrio

L. masc. adjective *varius*, different; L. masc. n. *Pseudobutyrivibrio*, An existing genus; *Varipseudobutyrivibrio*: A genus related to but distinct from the existing genus Pseudobutyrivibrio of different.

Varipseudocaedibacter

L. masc. adjective *varius*, different; L. masc. n. *Pseudocaedibacter*, An existing genus; *Varipseudocaedibacter*: A genus related to but distinct from the existing genus Pseudocaedibacter of different.

Varipseudochelatococcus

L. masc. adjective *varius*, different; L. masc. n. *Pseudochelatococcus*, An existing genus; *Varipseudochelatococcus*: A genus related to but distinct from the existing genus Pseudochelatococcus of different.

Varipseudochrobactrum

L. masc. adjective *varius*, different; L. neut. n. *Pseudochrobactrum*, An existing genus; *Varipseudochrobactrum*: A genus related to but distinct from the existing genus Pseudochrobactrum of different.

Varipseudocitrobacter

L. masc. adjective *varius*, different; L. masc. n. *Pseudocitrobacter*, An existing genus; *Varipseudocitrobacter*: A genus related to but distinct from the existing genus Pseudocitrobacter of different.

Varipseudoclavibacter

L. masc. adjective *varius*, different; L. masc. n. *Pseudoclavibacter*, An existing genus; *Varipseudoclavibacter*: A genus related to but distinct from the existing genus Pseudoclavibacter of different.

Varipseudoclostridium

L. masc. adjective *varius*, different; L. neut. dim. n. *Pseudoclostridium*, An existing genus; *Varipseudoclostridium*: A genus related to but distinct from the existing genus Pseudoclostridium of different.

Varipseudocolwellia

L. masc. adjective *varius*, different; L. fem. n. *Pseudocolwellia*, An existing genus; *Varipseudocolwellia*: A genus related to but distinct from the existing genus Pseudocolwellia of different.

Varipseudodesulfovibrio

L. masc. adjective *varius*, different; L. masc. n. *Pseudodesulfovibrio*, An existing genus; *Varipseudodesulfovibrio*: A genus related to but distinct from the existing genus Pseudodesulfovibrio of different.

Varipseudodonghicola

L. masc. adjective *varius*, different; L. masc. n. *Pseudodonghicola*, An existing genus; *Varipseudodonghicola*: A genus related to but distinct from the existing genus Pseudodonghicola of different.

Varipseudoduganella

L. masc. adjective *varius*, different; L. fem. dim. n. *Pseudoduganella*, An existing genus; *Varipseudoduganella*: A genus related to but distinct from the existing genus Pseudoduganella of different.

Varipseudoflavitalea

L. masc. adjective *varius*, different; L. fem. n. *Pseudoflavitalea*, An existing genus; *Varipseudoflavitalea*: A genus related to but distinct from the existing genus Pseudoflavitalea of different.

Varipseudoflavonifractor

L. masc. adjective *varius*, different; L. masc. n. *Pseudoflavonifractor*, An existing genus; *Varipseudoflavonifractor*: A genus related to but distinct from the existing genus Pseudoflavonifractor of different.

Varipseudofrancisella

L. masc. adjective *varius*, different; L. fem. dim. n. *Pseudofrancisella*, An existing genus; *Varipseudofrancisella*: A genus related to but distinct from the existing genus Pseudofrancisella of different.

Varipseudofulvibacter

L. masc. adjective *varius*, different; L. masc. n. *Pseudofulvibacter*, An existing genus; *Varipseudofulvibacter*: A genus related to but distinct from the existing genus Pseudofulvibacter of different.

Varipseudofulvimonas

L. masc. adjective *varius*, different; L. fem. n. *Pseudofulvimonas*, An existing genus; *Varipseudofulvimonas*: A genus related to but distinct from the existing genus Pseudofulvimonas of different.

Varipseudogemmobacter

L. masc. adjective *varius*, different; L. masc. n. *Pseudogemmobacter*, An existing genus; *Varipseudogemmobacter*: A genus related to but distinct from the existing genus Pseudogemmobacter of different.

Varipseudoglutamicibacter

L. masc. adjective *varius*, different; L. masc. n. *Pseudoglutamicibacter*, An existing genus; *Varipseudoglutamicibacter*: A genus related to but distinct from the existing genus Pseudoglutamicibacter of different.

Varipseudogracilibacillus

L. masc. adjective *varius*, different; L. masc. n. *Pseudogracilibacillus*, An existing genus; *Varipseudogracilibacillus*: A genus related to but distinct from the existing genus Pseudogracilibacillus of different.

Varipseudogulbenkiania

L. masc. adjective *varius*, different; L. fem. n. *Pseudogulbenkiania*, An existing genus; *Varipseudogulbenkiania*: A genus related to but distinct from the existing genus Pseudogulbenkiania of different.

Varipseudohaliea

L. masc. adjective *varius*, different; L. fem. n. *Pseudohaliea*, An existing genus; *Varipseudohaliea*: A genus related to but distinct from the existing genus Pseudohaliea of different.

Varipseudohalioglobus

L. masc. adjective *varius*, different; L. masc. n. *Pseudohalioglobus*, An existing genus; *Varipseudohalioglobus*: A genus related to but distinct from the existing genus Pseudohalioglobus of different.

Varipseudohalocynthiibacter

L. masc. adjective *varius*, different; L. masc. n. *Pseudohalocynthiibacter*, An existing genus; *Varipseudohalocynthiibacter*: A genus related to but distinct from the existing genus Pseudohalocynthiibacter of different.

Varipseudohoeflea

L. masc. adjective *varius*, different; L. fem. n. *Pseudohoeflea*, An existing genus; *Varipseudohoeflea*: A genus related to but distinct from the existing genus Pseudohoeflea of different.

Varipseudohongiella

L. masc. adjective *varius*, different; L. fem. dim. n. *Pseudohongiella*, An existing genus; *Varipseudohongiella*: A genus related to but distinct from the existing genus Pseudohongiella of different.

Varipseudokineococcus

L. masc. adjective *varius*, different; L. masc. n. *Pseudokineococcus*, An existing genus; *Varipseudokineococcus*: A genus related to but distinct from the existing genus Pseudokineococcus of different.

Varipseudolabrys

L. masc. adjective *varius*, different; L. masc. n. *Pseudolabrys*, An existing genus; *Varipseudolabrys*: A genus related to but distinct from the existing genus Pseudolabrys of different.

Varipseudoleptotrichia

L. masc. adjective *varius*, different; L. fem. n. *Pseudoleptotrichia*, An existing genus; *Varipseudoleptotrichia*: A genus related to but distinct from the existing genus Pseudoleptotrichia of different.

Varipseudolysinimonas

L. masc. adjective *varius*, different; L. fem. n. *Pseudolysinimonas*, An existing genus; *Varipseudolysinimonas*: A genus related to but distinct from the existing genus Pseudolysinimonas of different.

Varipseudolysobacter

L. masc. adjective *varius*, different; L. masc. n. *Pseudolysobacter*, An existing genus; *Varipseudolysobacter*: A genus related to but distinct from the existing genus Pseudolysobacter of different.

Varipseudomaribius

L. masc. adjective *varius*, different; L. masc. n. *Pseudomaribius*, An existing genus; *Varipseudomaribius*: A genus related to but distinct from the existing genus Pseudomaribius of different.

Varipseudomaricurvus

L. masc. adjective *varius*, different; L. masc. n. *Pseudomaricurvus*, An existing genus; *Varipseudomaricurvus*: A genus related to but distinct from the existing genus Pseudomaricurvus of different.

Varipseudomethylobacillus

L. masc. adjective *varius*, different; L. masc. n. *Pseudomethylobacillus*, An existing genus; *Varipseudomethylobacillus*: A genus related to but distinct from the existing genus Pseudomethylobacillus of different.

Varipseudomonas

L. masc. adjective *varius*, different; L. fem. n. *Pseudomonas*, An existing genus; *Varipseudomonas*: A genus related to but distinct from the existing genus Pseudomonas of different.

Varipseudonocardia

L. masc. adjective *varius*, different; L. fem. n. *Pseudonocardia*, An existing genus; *Varipseudonocardia*: A genus related to but distinct from the existing genus Pseudonocardia of different.

Varipseudooceanicola

L. masc. adjective *varius*, different; L. masc. n. *Pseudooceanicola*, An existing genus; *Varipseudooceanicola*: A genus related to but distinct from the existing genus Pseudooceanicola of different.

Varipseudooctadecabacter

L. masc. adjective *varius*, different; L. masc. n. *Pseudooctadecabacter*, An existing genus; *Varipseudooctadecabacter*: A genus related to but distinct from the existing genus Pseudooctadecabacter of different.

Varipseudopedobacter

L. masc. adjective *varius*, different; L. masc. n. *Pseudopedobacter*, An existing genus; *Varipseudopedobacter*: A genus related to but distinct from the existing genus Pseudopedobacter of different.

Varipseudopelagicola

L. masc. adjective *varius*, different; L. masc. n. *Pseudopelagicola*, An existing genus; *Varipseudopelagicola*: A genus related to but distinct from the existing genus Pseudopelagicola of different.

Varipseudophaeobacter

L. masc. adjective *varius*, different; L. masc. n. *Pseudophaeobacter*, An existing genus; *Varipseudophaeobacter*: A genus related to but distinct from the existing genus Pseudophaeobacter of different.

Varipseudopropionibacterium

L. masc. adjective *varius*, different; L. neut. n. *Pseudopropionibacterium*, An existing genus; *Varipseudopropionibacterium*: A genus related to but distinct from the existing genus Pseudopropionibacterium of different.

Varipseudopuniceibacterium

L. masc. adjective *varius*, different; L. neut. n. *Pseudopuniceibacterium*, An existing genus; *Varipseudopuniceibacterium*: A genus related to but distinct from the existing genus Pseudopuniceibacterium of different.

Varipseudoramibacter

L. masc. adjective *varius*, different; L. masc. n. *Pseudoramibacter*, An existing genus; *Varipseudoramibacter*: A genus related to but distinct from the existing genus Pseudoramibacter of different.

Varipseudorhizobium

L. masc. adjective *varius*, different; L. neut. n. *Pseudorhizobium*, An existing genus; *Varipseudorhizobium*: A genus related to but distinct from the existing genus Pseudorhizobium of different.

Varipseudorhodobacter

L. masc. adjective *varius*, different; L. masc. n. *Pseudorhodobacter*, An existing genus; *Varipseudorhodobacter*: A genus related to but distinct from the existing genus Pseudorhodobacter of different.

Varipseudorhodoferax

L. masc. adjective *varius*, different; L. masc. n. *Pseudorhodoferax*, An existing genus; *Varipseudorhodoferax*: A genus related to but distinct from the existing genus Pseudorhodoferax of different.

Varipseudorhodoplanes

L. masc. adjective *varius*, different; L. masc. n. *Pseudorhodoplanes*, An existing genus; *Varipseudorhodoplanes*: A genus related to but distinct from the existing genus Pseudorhodoplanes of different.

Varipseudorivibacter

L. masc. adjective *varius*, different; L. masc. n. *Pseudorivibacter*, An existing genus; *Varipseudorivibacter*: A genus related to but distinct from the existing genus Pseudorivibacter of different.

Varipseudoroseicyclus

L. masc. adjective *varius*, different; L. masc. n. *Pseudoroseicyclus*, An existing genus; *Varipseudoroseicyclus*: A genus related to but distinct from the existing genus Pseudoroseicyclus of different.

Varipseudoroseovarius

L. masc. adjective *varius*, different; L. masc. n. *Pseudoroseovarius*, An existing genus; *Varipseudoroseovarius*: A genus related to but distinct from the existing genus Pseudoroseovarius of different.

Varipseudoruegeria

L. masc. adjective *varius*, different; L. fem. n. *Pseudoruegeria*, An existing genus; *Varipseudoruegeria*: A genus related to but distinct from the existing genus Pseudoruegeria of different.

Varipseudoruminococcus

L. masc. adjective *varius*, different; L. masc. n. *Pseudoruminococcus*, An existing genus; *Varipseudoruminococcus*: A genus related to but distinct from the existing genus Pseudoruminococcus of different.

Varipseudoscardovia

L. masc. adjective *varius*, different; L. fem. n. *Pseudoscardovia*, An existing genus; *Varipseudoscardovia*: A genus related to but distinct from the existing genus Pseudoscardovia of different.

Varipseudoseohaeicola

L. masc. adjective *varius*, different; L. masc. n. *Pseudoseohaeicola*, An existing genus; *Varipseudoseohaeicola*: A genus related to but distinct from the existing genus Pseudoseohaeicola of different.

Varipseudosphingobacterium

L. masc. adjective *varius*, different; L. neut. n. *Pseudosphingobacterium*, An existing genus; *Varipseudosphingobacterium*: A genus related to but distinct from the existing genus Pseudosphingobacterium of different.

Varipseudospirillum

L. masc. adjective *varius*, different; L. neut. dim. n. *Pseudospirillum*, An existing genus; *Varipseudospirillum*: A genus related to but distinct from the existing genus Pseudospirillum of different.

Varipseudosporangium

L. masc. adjective *varius*, different; L. neut. n. *Pseudosporangium*, An existing genus; *Varipseudosporangium*: A genus related to but distinct from the existing genus Pseudosporangium of different.

Varipseudostreptobacillus

L. masc. adjective *varius*, different; L. masc. n. *Pseudostreptobacillus*, An existing genus; *Varipseudostreptobacillus*: A genus related to but distinct from the existing genus Pseudostreptobacillus of different.

Varipseudotenacibaculum

L. masc. adjective *varius*, different; L. neut. n. *Pseudotenacibaculum*, An existing genus; *Varipseudotenacibaculum*: A genus related to but distinct from the existing genus Pseudotenacibaculum of different.

Varipseudoteredinibacter

L. masc. adjective *varius*, different; L. masc. n. *Pseudoteredinibacter*, An existing genus; *Varipseudoteredinibacter*: A genus related to but distinct from the existing genus Pseudoteredinibacter of different.

Varipseudothermotoga

L. masc. adjective *varius*, different; L. fem. n. *Pseudothermotoga*, An existing genus; *Varipseudothermotoga*: A genus related to but distinct from the existing genus Pseudothermotoga of different.

Varipseudothioclava

L. masc. adjective *varius*, different; L. fem. n. *Pseudothioclava*, An existing genus; *Varipseudothioclava*: A genus related to but distinct from the existing genus Pseudothioclava of different.

Varipseudovibrio

L. masc. adjective *varius*, different; L. masc. n. *Pseudovibrio*, An existing genus; *Varipseudovibrio*: A genus related to but distinct from the existing genus Pseudovibrio of different.

Varipseudoxanthobacter

L. masc. adjective *varius*, different; L. masc. n. *Pseudoxanthobacter*, An existing genus; *Varipseudoxanthobacter*: A genus related to but distinct from the existing genus Pseudoxanthobacter of different.

Varipseudoxanthomonas

L. masc. adjective *varius*, different; L. fem. n. *Pseudoxanthomonas*, An existing genus; *Varipseudoxanthomonas*: A genus related to but distinct from the existing genus Pseudoxanthomonas of different.

Varipseudozobellia

L. masc. adjective *varius*, different; L. fem. n. *Pseudozobellia*, An existing genus; *Varipseudozobellia*: A genus related to but distinct from the existing genus Pseudozobellia of different.

Varipsittacicella

L. masc. adjective *varius*, different; L. fem. n. *Psittacicella*, An existing genus; *Varipsittacicella*: A genus related to but distinct from the existing genus Psittacicella of different.

Varipsychrilyobacter

L. masc. adjective *varius*, different; L. masc. n. *Psychrilyobacter*, An existing genus; *Varipsychrilyobacter*: A genus related to but distinct from the existing genus Psychrilyobacter of different.

Varipsychrobacter

L. masc. adjective *varius*, different; L. masc. n. *Psychrobacter*, An existing genus; *Varipsychrobacter*: A genus related to but distinct from the existing genus Psychrobacter of different.

Varipsychrobium

L. masc. adjective *varius*, different; L. neut. n. *Psychrobium*, An existing genus; *Varipsychrobium*: A genus related to but distinct from the existing genus Psychrobium of different.

Varipsychroflexus

L. masc. adjective *varius*, different; L. masc. n. *Psychroflexus*, An existing genus; *Varipsychroflexus*: A genus related to but distinct from the existing genus Psychroflexus of different.

Varipsychroglaciecola

L. masc. adjective *varius*, different; L. fem. n. *Psychroglaciecola*, An existing genus; *Varipsychroglaciecola*: A genus related to but distinct from the existing genus Psychroglaciecola of different.

Varipsychromarinibacter

L. masc. adjective *varius*, different; L. masc. n. *Psychromarinibacter*, An existing genus; *Varipsychromarinibacter*: A genus related to but distinct from the existing genus Psychromarinibacter of different.

Varipsychromicrobium

L. masc. adjective *varius*, different; L. neut. n. *Psychromicrobium*, An existing genus; *Varipsychromicrobium*: A genus related to but distinct from the existing genus Psychromicrobium of different.

Varipsychroserpens

L. masc. adjective *varius*, different; L. masc. n. *Psychroserpens*, An existing genus; *Varipsychroserpens*: A genus related to but distinct from the existing genus Psychroserpens of different.

Varipsychrosinus

L. masc. adjective *varius*, different; L. masc. n. *Psychrosinus*, An existing genus; *Varipsychrosinus*: A genus related to but distinct from the existing genus Psychrosinus of different.

Varipsychrosphaera

L. masc. adjective *varius*, different; L. fem. n. *Psychrosphaera*, An existing genus; *Varipsychrosphaera*: A genus related to but distinct from the existing genus Psychrosphaera of different.

Varipueribacillus

L. masc. adjective *varius*, different; L. masc. n. *Pueribacillus*, An existing genus; *Varipueribacillus*: A genus related to but distinct from the existing genus Pueribacillus of different.

Varipuia

L. masc. adjective *varius*, different; L. fem. n. *Puia*, An existing genus; *Varipuia*: A genus related to but distinct from the existing genus Puia of different.

Varipukyongia

L. masc. adjective *varius*, different; L. fem. n. *Pukyongia*, An existing genus; *Varipukyongia*: A genus related to but distinct from the existing genus Pukyongia of different.

Varipukyongiella

L. masc. adjective *varius*, different; L. fem. dim. n. *Pukyongiella*, An existing genus; *Varipukyongiella*: A genus related to but distinct from the existing genus Pukyongiella of different.

Varipuniceibacterium

L. masc. adjective *varius*, different; L. neut. n. *Puniceibacterium*, An existing genus; *Varipuniceibacterium*: A genus related to but distinct from the existing genus Puniceibacterium of different.

Varipuniceicoccus

L. masc. adjective *varius*, different; L. masc. n. *Puniceicoccus*, An existing genus; *Varipuniceicoccus*: A genus related to but distinct from the existing genus Puniceicoccus of different.

Varipusillimonas

L. masc. adjective *varius*, different; L. fem. n. *Pusillimonas*, An existing genus; *Varipusillimonas*: A genus related to but distinct from the existing genus Pusillimonas of different.

Varipustulibacterium

L. masc. adjective *varius*, different; L. neut. n. *Pustulibacterium*, An existing genus; *Varipustulibacterium*: A genus related to but distinct from the existing genus Pustulibacterium of different.

Variputridiphycobacter

L. masc. adjective *varius*, different; L. masc. n. *Putridiphycobacter*, An existing genus; *Variputridiphycobacter*: A genus related to but distinct from the existing genus Putridiphycobacter of different.

Varipuzihella

L. masc. adjective *varius*, different; L. fem. dim. n. *Puzihella*, An existing genus; *Varipuzihella*: A genus related to but distinct from the existing genus Puzihella of different.

Varipycnacronema

L. masc. adjective *varius*, different; L. neut. n. *Pycnacronema*, An existing genus; *Varipycnacronema*: A genus related to but distinct from the existing genus Pycnacronema of different.

Varipyramidobacter

L. masc. adjective *varius*, different; L. masc. n. *Pyramidobacter*, An existing genus; *Varipyramidobacter*: A genus related to but distinct from the existing genus Pyramidobacter of different.

Varipyrinomonas

L. masc. adjective *varius*, different; L. fem. n. *Pyrinomonas*, An existing genus; *Varipyrinomonas*: A genus related to but distinct from the existing genus Pyrinomonas of different.

Varipyrobaculum

L. masc. adjective *varius*, different; L. neut. n. *Pyrobaculum*, An existing genus; *Varipyrobaculum*: A genus related to but distinct from the existing genus Pyrobaculum of different.

Varipyrococcus

L. masc. adjective *varius*, different; L. masc. n. *Pyrococcus*, An existing genus; *Varipyrococcus*: A genus related to but distinct from the existing genus Pyrococcus of different.

Varipyrodictium

L. masc. adjective *varius*, different; L. neut. n. *Pyrodictium*, An existing genus; *Varipyrodictium*: A genus related to but distinct from the existing genus Pyrodictium of different.

Varipyruvatibacter

L. masc. adjective *varius*, different; L. masc. n. *Pyruvatibacter*, An existing genus; *Varipyruvatibacter*: A genus related to but distinct from the existing genus Pyruvatibacter of different.

Varipyxidicoccus

L. masc. adjective *varius*, different; L. masc. n. *Pyxidicoccus*, An existing genus; *Varipyxidicoccus*: A genus related to but distinct from the existing genus Pyxidicoccus of different.

Variqingshengfania

L. masc. adjective *varius*, different; L. fem. n. *Qingshengfania*, An existing genus; *Variqingshengfania*: A genus related to but distinct from the existing genus Qingshengfania of different.

Variqipengyuania

L. masc. adjective *varius*, different; L. fem. n. *Qipengyuania*, An existing genus; *Variqipengyuania*: A genus related to but distinct from the existing genus Qipengyuania of different.

Variquadricoccus

L. masc. adjective *varius*, different; L. masc. n. *Quadricoccus*, An existing genus; *Variquadricoccus*: A genus related to but distinct from the existing genus Quadricoccus of different.

Variquadrisphaera

L. masc. adjective *varius*, different; L. fem. n. *Quadrisphaera*, An existing genus; *Variquadrisphaera*: A genus related to but distinct from the existing genus Quadrisphaera of different.

Variquasibacillus

L. masc. adjective *varius*, different; L. masc. n. *Quasibacillus*, An existing genus; *Variquasibacillus*: A genus related to but distinct from the existing genus Quasibacillus of different.

Variquatrionicoccus

L. masc. adjective *varius*, different; L. masc. n. *Quatrionicoccus*, An existing genus; *Variquatrionicoccus*: A genus related to but distinct from the existing genus Quatrionicoccus of different.

Variquinella

L. masc. adjective *varius*, different; L. fem. dim. n. *Quinella*, An existing genus; *Variquinella*: A genus related to but distinct from the existing genus Quinella of different.

Variracemicystis

L. masc. adjective *varius*, different; L. fem. n. *Racemicystis*, An existing genus; *Variracemicystis*: A genus related to but distinct from the existing genus Racemicystis of different.

Varirahnella

L. masc. adjective *varius*, different; L. fem. dim. n. *Rahnella*, An existing genus; *Varirahnella*: A genus related to but distinct from the existing genus Rahnella of different.

Varirraineya

L. masc. adjective *varius*, different; L. fem. n. *Raineya*, An existing genus; *Varirraineya*: A genus related to but distinct from the existing genus Raineya of different.

Varirraineyella

L. masc. adjective *varius*, different; L. fem. dim. n. *Raineyella*, An existing genus; *Varirraineyella*: A genus related to but distinct from the existing genus Raineyella of different.

Variralstonia

L. masc. adjective *varius*, different; L. fem. n. *Ralstonia*, An existing genus; *Variralstonia*: A genus related to but distinct from the existing genus Ralstonia of different.

Variramlibacter

L. masc. adjective *varius*, different; L. masc. n. *Ramlibacter*, An existing genus; *Variramlibacter*: A genus related to but distinct from the existing genus Ramlibacter of different.

Variramsaria

L. masc. adjective *varius*, different; L. fem. n. *Ramsaria*, An existing genus; *Variramsaria*: A genus related to but distinct from the existing genus Ramsaria of different.

Variraoultella

L. masc. adjective *varius*, different; L. fem. dim. n. *Raoultella*, An existing genus; *Variraoultella*: A genus related to but distinct from the existing genus Raoultella of different.

Varirariglobus

L. masc. adjective *varius*, different; L. masc. n. *Rariglobus*, An existing genus; *Varirariglobus*: A genus related to but distinct from the existing genus Rariglobus of different.

Varirarimicrobium

L. masc. adjective *varius*, different; L. neut. n. *Rarimicrobium*, An existing genus; *Varirarimicrobium*: A genus related to but distinct from the existing genus Rarimicrobium of different.

Varirarobacter

L. masc. adjective *varius*, different; L. masc. n. *Rarobacter*, An existing genus; *Varirarobacter*: A genus related to but distinct from the existing genus Rarobacter of different.

Varirathayibacter

L. masc. adjective *varius*, different; L. masc. n. *Rathayibacter*, An existing genus; *Varirathayibacter*: A genus related to but distinct from the existing genus Rathayibacter of different.

Variravibacter

L. masc. adjective *varius*, different; L. masc. n. *Ravibacter*, An existing genus; *Variravibacter*: A genus related to but distinct from the existing genus Ravibacter of different.

Varirectinema

L. masc. adjective *varius*, different; L. neut. n. *Rectinema*, An existing genus; *Varirectinema*: A genus related to but distinct from the existing genus Rectinema of different.

Varirehaibacterium

L. masc. adjective *varius*, different; L. neut. n. *Rehaibacterium*, An existing genus; *Varirehaibacterium*: A genus related to but distinct from the existing genus Rehaibacterium of different.

Varireichenbachia

L. masc. adjective *varius*, different; L. fem. n. *Reichenbachia*, An existing genus; *Varireichenbachia*: A genus related to but distinct from the existing genus Reichenbachia of different.

Varireichenbachiella

L. masc. adjective *varius*, different; L. fem. dim. n. *Reichenbachiella*, An existing genus; *Varireichenbachiella*: A genus related to but distinct from the existing genus Reichenbachiella of different.

Varireinekea

L. masc. adjective *varius*, different; L. fem. n. *Reinekea*, An existing genus; *Varireinekea*: A genus related to but distinct from the existing genus Reinekea of different.

Varirenibacterium

L. masc. adjective *varius*, different; L. neut. n. *Renibacterium*, An existing genus; *Varirenibacterium*: A genus related to but distinct from the existing genus Renibacterium of different.

Varireyranella

L. masc. adjective *varius*, different; L. fem. dim. n. *Reyranella*, An existing genus; *Varireyranella*: A genus related to but distinct from the existing genus Reyranella of different.

Varirhabdaerophilum

L. masc. adjective *varius*, different; L. neut. n. *Rhabdaerophilum*, An existing genus; *Varirhabdaerophilum*: A genus related to but distinct from the existing genus Rhabdaerophilum of different.

Varirhabdanaerobium

L. masc. adjective *varius*, different; L. neut. n. *Rhabdanaerobium*, An existing genus; *Varirhabdanaerobium*: A genus related to but distinct from the existing genus Rhabdanaerobium of different.

Varirhabdobacter

L. masc. adjective *varius*, different; L. masc. n. *Rhabdobacter*, An existing genus; *Varirhabdobacter*: A genus related to but distinct from the existing genus Rhabdobacter of different.

Varirhabdochromatium

L. masc. adjective *varius*, different; L. neut. n. *Rhabdochromatium*, An existing genus; *Varirhabdochromatium*: A genus related to but distinct from the existing genus Rhabdochromatium of different.

Varirheinheimera

L. masc. adjective *varius*, different; L. fem. n. *Rheinheimera*, An existing genus; *Varirheinheimera*: A genus related to but distinct from the existing genus Rheinheimera of different.

Varirhizobium

L. masc. adjective *varius*, different; L. neut. n. *Rhizobium*, An existing genus; *Varirhizobium*: A genus related to but distinct from the existing genus Rhizobium of different.

Varirhizocola

L. masc. adjective *varius*, different; L. masc. n. *Rhizocola*, An existing genus; *Varirhizocola*: A genus related to but distinct from the existing genus Rhizocola of different.

Varirhizomicrobium

L. masc. adjective *varius*, different; L. neut. n. *Rhizomicrobium*, An existing genus; *Varirhizomicrobium*: A genus related to but distinct from the existing genus Rhizomicrobium of different.

Varirhizomonas

L. masc. adjective *varius*, different; L. fem. n. *Rhizomonas*, An existing genus; *Varirhizomonas*: A genus related to but distinct from the existing genus Rhizomonas of different.

Varirhizorhabdus

L. masc. adjective *varius*, different; L. fem. n. *Rhizorhabdus*, An existing genus; *Varirhizorhabdus*: A genus related to but distinct from the existing genus Rhizorhabdus of different.

Varirhizorhapis

L. masc. adjective *varius*, different; L. fem. n. *Rhizorhapis*, An existing genus; *Varirhizorhapis*: A genus related to but distinct from the existing genus Rhizorhapis of different.

Varirhodanobacter

L. masc. adjective *varius*, different; L. masc. n. *Rhodanobacter*, An existing genus; *Varirhodanobacter*: A genus related to but distinct from the existing genus Rhodanobacter of different.

Varirhodobaca

L. masc. adjective *varius*, different; L. fem. n. *Rhodobaca*, An existing genus; *Varirhodobaca*: A genus related to but distinct from the existing genus Rhodobaca of different.

Varirhodobacter

L. masc. adjective *varius*, different; L. masc. n. *Rhodobacter*, An existing genus; *Varirhodobacter*: A genus related to but distinct from the existing genus Rhodobacter of different.

Varirhodobium

L. masc. adjective *varius*, different; L. neut. n. *Rhodobium*, An existing genus; *Varirhodobium*: A genus related to but distinct from the existing genus Rhodobium of different.

Varirhodoblastus

L. masc. adjective *varius*, different; L. masc. n. *Rhodoblastus*, An existing genus; *Varirhodoblastus*: A genus related to but distinct from the existing genus Rhodoblastus of different.

Varirhodocista

L. masc. adjective *varius*, different; L. fem. n. *Rhodocista*, An existing genus; *Varirhodocista*: A genus related to but distinct from the existing genus Rhodocista of different.

Varirhodococcus

L. masc. adjective *varius*, different; L. masc. n. *Rhodococcus*, An existing genus; *Varirhodococcus*: A genus related to but distinct from the existing genus Rhodococcus of different.

Varirhodocyclus

L. masc. adjective *varius*, different; L. masc. n. *Rhodocyclus*, An existing genus; *Varirhodocyclus*: A genus related to but distinct from the existing genus Rhodocyclus of different.

Varirhodocytophaga

L. masc. adjective *varius*, different; L. fem. n. *Rhodocytophaga*, An existing genus; *Varirhodocytophaga*: A genus related to but distinct from the existing genus Rhodocytophaga of different.

Varirhodoferax

L. masc. adjective *varius*, different; L. masc. n. *Rhodoferax*, An existing genus; *Varirhodoferax*: A genus related to but distinct from the existing genus Rhodoferax of different.

Varirhodoglobus

L. masc. adjective *varius*, different; L. masc. n. *Rhodoglobus*, An existing genus; *Varirhodoglobus*: A genus related to but distinct from the existing genus Rhodoglobus of different.

Varirhodohalobacter

L. masc. adjective *varius*, different; L. masc. n. *Rhodohalobacter*, An existing genus; *Varirhodohalobacter*: A genus related to but distinct from the existing genus Rhodohalobacter of different.

Varirhodoligotrophos

L. masc. adjective *varius*, different; L. masc. n. *Rhodoligotrophos*, An existing genus; *Varirhodoligotrophos*: A genus related to but distinct from the existing genus Rhodoligotrophos of different.

Varirhodoluna

L. masc. adjective *varius*, different; L. fem. n. *Rhodoluna*, An existing genus; *Varirhodoluna*: A genus related to but distinct from the existing genus Rhodoluna of different.

Varirhodomicrobium

L. masc. adjective *varius*, different; L. neut. n. *Rhodomicrobium*, An existing genus; *Varirhodomicrobium*: A genus related to but distinct from the existing genus Rhodomicrobium of different.

Varirhodonellum

L. masc. adjective *varius*, different; L. neut. dim. n. *Rhodonellum*, An existing genus; *Varirhodonellum*: A genus related to but distinct from the existing genus Rhodonellum of different.

Varirhodophyticola

L. masc. adjective *varius*, different; L. masc. n. *Rhodophyticola*, An existing genus; *Varirhodophyticola*: A genus related to but distinct from the existing genus Rhodophyticola of different.

Varirhodopila

L. masc. adjective *varius*, different; L. fem. n. *Rhodopila*, An existing genus; *Varirhodopila*: A genus related to but distinct from the existing genus Rhodopila of different.

Varirhodopirellula

L. masc. adjective *varius*, different; L. fem. dim. n. *Rhodopirellula*, An existing genus; *Varirhodopirellula*: A genus related to but distinct from the existing genus Rhodopirellula of different.

Varirhodoplanes

L. masc. adjective *varius*, different; L. masc. n. *Rhodoplanes*, An existing genus; *Varirhodoplanes*: A genus related to but distinct from the existing genus Rhodoplanes of different.

Varirhodopseudomonas

L. masc. adjective *varius*, different; L. fem. n. *Rhodopseudomonas*, An existing genus; *Varirhodopseudomonas*: A genus related to but distinct from the existing genus Rhodopseudomonas of different.

Varirhodosalinus

L. masc. adjective *varius*, different; L. masc. n. *Rhodosalinus*, An existing genus; *Varirhodosalinus*: A genus related to but distinct from the existing genus Rhodosalinus of different.

Varirhodospira

L. masc. adjective *varius*, different; L. fem. n. *Rhodospira*, An existing genus; *Varirhodospira*: A genus related to but distinct from the existing genus Rhodospira of different.

Varirhodospirillum

L. masc. adjective *varius*, different; L. neut. dim. n. *Rhodospirillum*, An existing genus; *Varirhodospirillum*: A genus related to but distinct from the existing genus Rhodospirillum of different.

Varirhodothalassium

L. masc. adjective *varius*, different; L. neut. n. *Rhodothalassium*, An existing genus; *Varirhodothalassium*: A genus related to but distinct from the existing genus Rhodothalassium of different.

Varirhodothermus

L. masc. adjective *varius*, different; L. masc. n. *Rhodothermus*, An existing genus; *Varirhodothermus*: A genus related to but distinct from the existing genus Rhodothermus of different.

Varirhodovarius

L. masc. adjective *varius*, different; L. masc. n. *Rhodovarius*, An existing genus; *Varirhodovarius*: A genus related to but distinct from the existing genus Rhodovarius of different.

Varirhodovastum

L. masc. adjective *varius*, different; L. neut. n. *Rhodovastum*, An existing genus; *Varirhodovastum*: A genus related to but distinct from the existing genus Rhodovastum of different.

Varirhodovibrio

L. masc. adjective *varius*, different; L. masc. n. *Rhodovibrio*, An existing genus; *Varirhodovibrio*: A genus related to but distinct from the existing genus Rhodovibrio of different.

Varirhodovulum

L. masc. adjective *varius*, different; L. neut. n. *Rhodovulum*, An existing genus; *Varirhodovulum*: A genus related to but distinct from the existing genus Rhodovulum of different.

Varirickettsia

L. masc. adjective *varius*, different; L. fem. n. *Rickettsia*, An existing genus; *Varirickettsia*: A genus related to but distinct from the existing genus Rickettsia of different.

Varirickettsiella

L. masc. adjective *varius*, different; L. fem. dim. n. *Rickettsiella*, An existing genus; *Varirickettsiella*: A genus related to but distinct from the existing genus Rickettsiella of different.

Variriemerella

L. masc. adjective *varius*, different; L. fem. dim. n. *Riemerella*, An existing genus; *Variriemerella*: A genus related to but distinct from the existing genus Riemerella of different.

Varirikenella

L. masc. adjective *varius*, different; L. fem. dim. n. *Rikenella*, An existing genus; *Varirikenella*: A genus related to but distinct from the existing genus Rikenella of different.

Varirippkaea

L. masc. adjective *varius*, different; L. fem. n. *Rippkaea*, An existing genus; *Varirippkaea*: A genus related to but distinct from the existing genus Rippkaea of different.

Varirisungbinella

L. masc. adjective *varius*, different; L. fem. dim. n. *Risungbinella*, An existing genus; *Varirisungbinella*: A genus related to but distinct from the existing genus Risungbinella of different.

Varirivibacter

L. masc. adjective *varius*, different; L. masc. n. *Rivibacter*, An existing genus; *Varirivibacter*: A genus related to but distinct from the existing genus Rivibacter of different.

Varirivicola

L. masc. adjective *varius*, different; L. masc. n. *Rivicola*, An existing genus; *Varirivicola*: A genus related to but distinct from the existing genus Rivicola of different.

Varirivularia

L. masc. adjective *varius*, different; L. fem. n. *Rivularia*, An existing genus; *Varirivularia*: A genus related to but distinct from the existing genus Rivularia of different.

Varirobbsia

L. masc. adjective *varius*, different; L. fem. n. *Robbsia*, An existing genus; *Varirobbsia*: A genus related to but distinct from the existing genus Robbsia of different.

Varirobertkochia

L. masc. adjective *varius*, different; L. fem. n. *Robertkochia*, An existing genus; *Varirobertkochia*: A genus related to but distinct from the existing genus Robertkochia of different.

Varirobiginitalea

L. masc. adjective *varius*, different; L. fem. n. *Robiginitalea*, An existing genus; *Varirobiginitalea*: A genus related to but distinct from the existing genus Robiginitalea of different.

Varirobiginitomaculum

L. masc. adjective *varius*, different; L. neut. n. *Robiginitomaculum*, An existing genus; *Varirobiginitomaculum*: A genus related to but distinct from the existing genus Robiginitomaculum of different.

Varirobinsoniella

L. masc. adjective *varius*, different; L. fem. dim. n. *Robinsoniella*, An existing genus; *Varirobinsoniella*: A genus related to but distinct from the existing genus Robinsoniella of different.

Varirochalimaea

L. masc. adjective *varius*, different; L. fem. n. *Rochalimaea*, An existing genus; *Varirochalimaea*: A genus related to but distinct from the existing genus Rochalimaea of different.

Varirodentibacter

L. masc. adjective *varius*, different; L. masc. n. *Rodentibacter*, An existing genus; *Varirodentibacter*: A genus related to but distinct from the existing genus Rodentibacter of different.

Variroholtiella

L. masc. adjective *varius*, different; L. fem. dim. n. *Roholtiella*, An existing genus; *Variroholtiella*: A genus related to but distinct from the existing genus Roholtiella of different.

Varirom boutsia

L. masc. adjective *varius*, different; L. fem. n. *Romboutsia*, An existing genus; *Varirom boutsia*: A genus related to but distinct from the existing genus Romboutsia of different.

Variroseateles

L. masc. adjective *varius*, different; L. masc. n. *Roseateles*, An existing genus; *Variroseateles*: A genus related to but distinct from the existing genus Roseateles of different.

Variroseburia

L. masc. adjective *varius*, different; L. fem. n. *Roseburia*, An existing genus; *Variroseburia*: A genus related to but distinct from the existing genus Roseburia of different.

Variroseiarcus

L. masc. adjective *varius*, different; L. masc. n. *Roseiarcus*, An existing genus; *Variroseiarcus*: A genus related to but distinct from the existing genus Roseiarcus of different.

Variroseibaca

L. masc. adjective *varius*, different; L. fem. n. *Roseibaca*, An existing genus; *Variroseibaca*: A genus related to but distinct from the existing genus Roseibaca of different.

Variroseibacillus

L. masc. adjective *varius*, different; L. masc. n. *Roseibacillus*, An existing genus; *Variroseibacillus*: A genus related to but distinct from the existing genus Roseibacillus of different.

Variroseibacterium

L. masc. adjective *varius*, different; L. neut. n. *Roseibacterium*, An existing genus; *Variroseibacterium*: A genus related to but distinct from the existing genus Roseibacterium of different.

Variroseibacula

L. masc. adjective *varius*, different; L. fem. dim. n. *Roseibacula*, An existing genus; *Variroseibacula*: A genus related to but distinct from the existing genus Roseibacula of different.

Variroseibium

L. masc. adjective *varius*, different; L. neut. n. *Roseibium*, An existing genus; *Variroseibium*: A genus related to but distinct from the existing genus Roseibium of different.

Variroseicella

L. masc. adjective *varius*, different; L. fem. n. *Roseicella*, An existing genus; *Variroseicella*: A genus related to but distinct from the existing genus Roseicella of different.

Variroseicitreum

L. masc. adjective *varius*, different; L. neut. n. *Roseicitreum*, An existing genus; *Variroseicitreum*: A genus related to but distinct from the existing genus Roseicitreum of different.

Variroseicyclus

L. masc. adjective *varius*, different; L. masc. n. *Roseicyclus*, An existing genus; *Variroseicyclus*: A genus related to but distinct from the existing genus Roseicyclus of different.

Variroseiflexus

L. masc. adjective *varius*, different; L. masc. n. *Roseiflexus*, An existing genus; *Variroseiflexus*: A genus related to but distinct from the existing genus Roseiflexus of different.

Variroseimarinus

L. masc. adjective *varius*, different; L. masc. n. *Roseimarinus*, An existing genus; *Variroseimarinus*: A genus related to but distinct from the existing genus Roseimarinus of different.

Variroseimaritima

L. masc. adjective *varius*, different; L. fem. n. *Roseimaritima*, An existing genus; *Variroseimaritima*: A genus related to but distinct from the existing genus Roseimaritima of different.

Variroseimicrobium

L. masc. adjective *varius*, different; L. neut. n. *Roseimicrobium*, An existing genus; *Variroseimicrobium*: A genus related to but distinct from the existing genus Roseimicrobium of different.

Variroseinatronobacter

L. masc. adjective *varius*, different; L. masc. n. *Roseinatronobacter*, An existing genus; *Variroseinatronobacter*: A genus related to but distinct from the existing genus Roseinatronobacter of different.

Variroseisalinus

L. masc. adjective *varius*, different; L. masc. n. *Roseisalinus*, An existing genus; *Variroseisalinus*: A genus related to but distinct from the existing genus Roseisalinus of different.

Variroseisolibacter

L. masc. adjective *varius*, different; L. masc. n. *Roseisolibacter*, An existing genus; *Variroseisolibacter*: A genus related to but distinct from the existing genus Roseisolibacter of different.

Variroseitalea

L. masc. adjective *varius*, different; L. fem. n. *Roseitalea*, An existing genus; *Variroseitalea*: A genus related to but distinct from the existing genus Roseitalea of different.

Variroseithermus

L. masc. adjective *varius*, different; L. masc. n. *Roseithermus*, An existing genus; *Variroseithermus*: A genus related to but distinct from the existing genus Roseithermus of different.

Variroseivirga

L. masc. adjective *varius*, different; L. fem. n. *Roseivirga*, An existing genus; *Variroseivirga*: A genus related to but distinct from the existing genus Roseivirga of different.

Variroseivivax

L. masc. adjective *varius*, different; L. masc. n. *Roseivivax*, An existing genus; *Variroseivivax*: A genus related to but distinct from the existing genus Roseivivax of different.

Varirosenbergiella

L. masc. adjective *varius*, different; L. fem. dim. n. *Rosenbergiella*, An existing genus; *Varirosenbergiella*: A genus related to but distinct from the existing genus Rosenbergiella of different.

Variroseobacter

L. masc. adjective *varius*, different; L. masc. n. *Roseobacter*, An existing genus; *Variroseobacter*: A genus related to but distinct from the existing genus Roseobacter of different.

Variroseococcus

L. masc. adjective *varius*, different; L. masc. n. *Roseococcus*, An existing genus; *Variroseococcus*: A genus related to but distinct from the existing genus Roseococcus of different.

Variroseofilum

L. masc. adjective *varius*, different; L. neut. n. *Roseofilum*, An existing genus; *Variroseofilum*: A genus related to but distinct from the existing genus Roseofilum of different.

Variroseomonas

L. masc. adjective *varius*, different; L. fem. n. *Roseomonas*, An existing genus; *Variroseomonas*: A genus related to but distinct from the existing genus Roseomonas of different.

Variroseospira

L. masc. adjective *varius*, different; L. fem. n. *Roseospira*, An existing genus; *Variroseospira*: A genus related to but distinct from the existing genus Roseospira of different.

Variroseospirillum

L. masc. adjective *varius*, different; L. neut. dim. n. *Roseospirillum*, An existing genus; *Variroseospirillum*: A genus related to but distinct from the existing genus Roseospirillum of different.

Variroseovarius

L. masc. adjective *varius*, different; L. masc. n. *Roseovarius*, An existing genus; *Variroseovarius*: A genus related to but distinct from the existing genus Roseovarius of different.

Varirosistilla

L. masc. adjective *varius*, different; L. fem. n. *Rosistilla*, An existing genus; *Varirosistilla*: A genus related to but distinct from the existing genus Rosistilla of different.

Varirothia

L. masc. adjective *varius*, different; L. fem. n. *Rothia*, An existing genus; *Varirothia*: A genus related to but distinct from the existing genus Rothia of different.

Varirouxiella

L. masc. adjective *varius*, different; L. fem. dim. n. *Rouxiella*, An existing genus; *Varirouxiella*: A genus related to but distinct from the existing genus Rouxiella of different.

Variruania

L. masc. adjective *varius*, different; L. fem. n. *Ruania*, An existing genus; *Variruania*: A genus related to but distinct from the existing genus Ruania of different.

Varirubellimicrobium

L. masc. adjective *varius*, different; L. neut. n. *Rubellimicrobium*, An existing genus; *Varirubellimicrobium*: A genus related to but distinct from the existing genus Rubellimicrobium of different.

Varirubeoparvulum

L. masc. adjective *varius*, different; L. neut. n. *Rubeoparvulum*, An existing genus; *Varirubeoparvulum*: A genus related to but distinct from the existing genus Rubeoparvulum of different.

Varirubidibacter

L. masc. adjective *varius*, different; L. masc. n. *Rubidibacter*, An existing genus; *Varirubidibacter*: A genus related to but distinct from the existing genus Rubidibacter of different.

Varirubidimonas

L. masc. adjective *varius*, different; L. fem. n. *Rubidimonas*, An existing genus; *Varirubidimonas*: A genus related to but distinct from the existing genus Rubidimonas of different.

Varirubinisphaera

L. masc. adjective *varius*, different; L. fem. n. *Rubinisphaera*, An existing genus; *Varirubinisphaera*: A genus related to but distinct from the existing genus Rubinisphaera of different.

Varirubneribacter

L. masc. adjective *varius*, different; L. masc. n. *Rubneribacter*, An existing genus; *Varirubneribacter*: A genus related to but distinct from the existing genus Rubneribacter of different.

Varirubribacterium

L. masc. adjective *varius*, different; L. neut. n. *Rubribacterium*, An existing genus; *Varirubribacterium*: A genus related to but distinct from the existing genus Rubribacterium of different.

Varirubricella

L. masc. adjective *varius*, different; L. fem. n. *Rubricella*, An existing genus; *Varirubricella*: A genus related to but distinct from the existing genus Rubricella of different.

Varirubricoccus

L. masc. adjective *varius*, different; L. masc. n. *Rubricoccus*, An existing genus; *Varirubricoccus*: A genus related to but distinct from the existing genus Rubricoccus of different.

Varirubrimonas

L. masc. adjective *varius*, different; L. fem. n. *Rubrimonas*, An existing genus; *Varirubrimonas*: A genus related to but distinct from the existing genus Rubrimonas of different.

Varirubripirellula

L. masc. adjective *varius*, different; L. fem. dim. n. *Rubripirellula*, An existing genus; *Varirubripirellula*: A genus related to but distinct from the existing genus Rubripirellula of different.

Varirubritalea

L. masc. adjective *varius*, different; L. fem. n. *Rubritalea*, An existing genus; *Varirubritalea*: A genus related to but distinct from the existing genus Rubritalea of different.

Varirubritepida

L. masc. adjective *varius*, different; L. fem. n. *Rubritepida*, An existing genus; *Varirubritepida*: A genus related to but distinct from the existing genus Rubritepida of different.

Varirubrivirga

L. masc. adjective *varius*, different; L. fem. n. *Rubrivirga*, An existing genus; *Varirubrivirga*: A genus related to but distinct from the existing genus Rubrivirga of different.

Varirubrivivax

L. masc. adjective *varius*, different; L. masc. n. *Rubrivivax*, An existing genus; *Varirubrivivax*: A genus related to but distinct from the existing genus Rubrivivax of different.

Varirubrobacter

L. masc. adjective *varius*, different; L. masc. n. *Rubrobacter*, An existing genus; *Varirubrobacter*: A genus related to but distinct from the existing genus Rubrobacter of different.

Varirudaea

L. masc. adjective *varius*, different; L. fem. n. *Rudaea*, An existing genus; *Varirudaea*: A genus related to but distinct from the existing genus Rudaea of different.

Varirudaeicoccus

L. masc. adjective *varius*, different; L. masc. n. *Rudaeicoccus*, An existing genus; *Varirudaeicoccus*: A genus related to but distinct from the existing genus Rudaeicoccus of different.

Varirudaibacter

L. masc. adjective *varius*, different; L. masc. n. *Rudaibacter*, An existing genus; *Varirudaibacter*: A genus related to but distinct from the existing genus Rudaibacter of different.

Varirudanella

L. masc. adjective *varius*, different; L. fem. dim. n. *Rudanella*, An existing genus; *Varirudanella*: A genus related to but distinct from the existing genus Rudanella of different.

Variruegeria

L. masc. adjective *varius*, different; L. fem. n. *Ruegeria*, An existing genus; *Variruegeria*: A genus related to but distinct from the existing genus Ruegeria of different.

Varirufibacter

L. masc. adjective *varius*, different; L. masc. n. *Rufibacter*, An existing genus; *Varirufibacter*: A genus related to but distinct from the existing genus Rufibacter of different.

Variruficoccus

L. masc. adjective *varius*, different; L. masc. n. *Ruficoccus*, An existing genus; *Variruficoccus*: A genus related to but distinct from the existing genus Ruficoccus of different.

Varirugamonas

L. masc. adjective *varius*, different; L. fem. n. *Rugamonas*, An existing genus; *Varirugamonas*: A genus related to but distinct from the existing genus Rugamonas of different.

Varirugosibacter

L. masc. adjective *varius*, different; L. masc. n. *Rugosibacter*, An existing genus; *Varirugosibacter*: A genus related to but distinct from the existing genus Rugosibacter of different.

Varirugosimonospora

L. masc. adjective *varius*, different; L. fem. n. *Rugosimonospora*, An existing genus; *Varirugosimonospora*: A genus related to but distinct from the existing genus Rugosimonospora of different.

Variruminiclostridium

L. masc. adjective *varius*, different; L. neut. dim. n. *Ruminiclostridium*, An existing genus; *Variruminiclostridium*: A genus related to but distinct from the existing genus Ruminiclostridium of different.

Variruminobacter

L. masc. adjective *varius*, different; L. masc. n. *Ruminobacter*, An existing genus; *Variruminobacter*: A genus related to but distinct from the existing genus Ruminobacter of different.

Variruminococcus

L. masc. adjective *varius*, different; L. masc. n. *Ruminococcus*, An existing genus; *Variruminococcus*: A genus related to but distinct from the existing genus Ruminococcus of different.

Varirummeliibacillus

L. masc. adjective *varius*, different; L. masc. n. *Rummeliibacillus*, An existing genus; *Varirummeliibacillus*: A genus related to but distinct from the existing genus Rummeliibacillus of different.

Varirunella

L. masc. adjective *varius*, different; L. fem. dim. n. *Runella*, An existing genus; *Varirunella*: A genus related to but distinct from the existing genus Runella of different.

Varirurimicrobium

L. masc. adjective *varius*, different; L. neut. n. *Rurimicrobium*, An existing genus; *Varirurimicrobium*: A genus related to but distinct from the existing genus Rurimicrobium of different.

Variruthenibacterium

L. masc. adjective *varius*, different; L. neut. n. *Ruthenibacterium*, An existing genus; *Variruthenibacterium*: A genus related to but distinct from the existing genus Ruthenibacterium of different.

Varisabulilitoribacter

L. masc. adjective *varius*, different; L. masc. n. *Sabulilitoribacter*, An existing genus; *Varisabulilitoribacter*: A genus related to but distinct from the existing genus Sabulilitoribacter of different.

Varisaccharedens

L. masc. adjective *varius*, different; L. masc. n. *Saccharedens*, An existing genus; *Varisaccharedens*: A genus related to but distinct from the existing genus Saccharedens of different.

Varisaccharibacillus

L. masc. adjective *varius*, different; L. masc. n. *Saccharibacillus*, An existing genus; *Varisaccharibacillus*: A genus related to but distinct from the existing genus Saccharibacillus of different.

Varisaccharibacter

L. masc. adjective *varius*, different; L. masc. n. *Saccharibacter*, An existing genus; *Varisaccharibacter*: A genus related to but distinct from the existing genus Saccharibacter of different.

Varisaccharococcus

L. masc. adjective *varius*, different; L. masc. n. *Saccharococcus*, An existing genus; *Varisaccharococcus*: A genus related to but distinct from the existing genus Saccharococcus of different.

Varisaccharofermentans

L. masc. adjective *varius*, different; L. neut. n. *Saccharofermentans*, An existing genus; *Varisaccharofermentans*: A genus related to but distinct from the existing genus Saccharofermentans of different.

Varisaccharolobus

L. masc. adjective *varius*, different; L. masc. n. *Saccharolobus*, An existing genus; *Varisaccharolobus*: A genus related to but distinct from the existing genus Saccharolobus of different.

Varisaccharomonospora

L. masc. adjective *varius*, different; L. fem. n. *Saccharomonospora*, An existing genus; *Varisaccharomonospora*: A genus related to but distinct from the existing genus Saccharomonospora of different.

Varisaccharophagus

L. masc. adjective *varius*, different; L. masc. n. *Saccharophagus*, An existing genus; *Varisaccharophagus*: A genus related to but distinct from the existing genus Saccharophagus of different.

Varisaccharopolyspora

L. masc. adjective *varius*, different; L. fem. n. *Saccharopolyspora*, An existing genus; *Varisaccharopolyspora*: A genus related to but distinct from the existing genus Saccharopolyspora of different.

Varisaccharospirillum

L. masc. adjective *varius*, different; L. neut. dim. n. *Saccharospirillum*, An existing genus; *Varisaccharospirillum*: A genus related to but distinct from the existing genus Saccharospirillum of different.

Varisaezia

L. masc. adjective *varius*, different; L. fem. n. *Saezia*, An existing genus; *Varisaezia*: A genus related to but distinct from the existing genus Saezia of different.

Varisalana

L. masc. adjective *varius*, different; L. fem. n. *Salana*, An existing genus; *Varisalana*: A genus related to but distinct from the existing genus Salana of different.

Varisalaquimonas

L. masc. adjective *varius*, different; L. fem. n. *Salaquimonas*, An existing genus; *Varisalaquimonas*: A genus related to but distinct from the existing genus Salaquimonas of different.

Varisalarchaeum

L. masc. adjective *varius*, different; L. neut. n. *Salarchaeum*, An existing genus; *Varisalarchaeum*: A genus related to but distinct from the existing genus Salarchaeum of different.

Varisalegentibacter

L. masc. adjective *varius*, different; L. masc. n. *Salegentibacter*, An existing genus; *Varisalegentibacter*: A genus related to but distinct from the existing genus Salegentibacter of different.

Varisalibacillus

L. masc. adjective *varius*, different; L. masc. n. *Salibacillus*, An existing genus; *Varisalibacillus*: A genus related to but distinct from the existing genus Salibacillus of different.

Varisalibacter

L. masc. adjective *varius*, different; L. masc. n. *Salibacter*, An existing genus; *Varisalibacter*: A genus related to but distinct from the existing genus Salibacter of different.

Varisalicibibacter

L. masc. adjective *varius*, different; L. masc. n. *Salicibibacter*, An existing genus; *Varisalicibibacter*: A genus related to but distinct from the existing genus Salicibibacter of different.

Varisalicola

L. masc. adjective *varius*, different; L. masc. n. *Salicola*, An existing genus; *Varisalicola*: A genus related to but distinct from the existing genus Salicola of different.

Varisalilacibacter

L. masc. adjective *varius*, different; L. masc. n. *Salilacibacter*, An existing genus; *Varisalilacibacter*: A genus related to but distinct from the existing genus Salilacibacter of different.

Varisalileptolyngbya

L. masc. adjective *varius*, different; L. fem. n. *Salileptolyngbya*, An existing genus; *Varisalileptolyngbya*: A genus related to but distinct from the existing genus Salileptolyngbya of different.

Varisalimesophilobacter

L. masc. adjective *varius*, different; L. masc. n. *Salimesophilobacter*, An existing genus; *Varisalimesophilobacter*: A genus related to but distinct from the existing genus Salimesophilobacter of different.

Varisalimicrobium

L. masc. adjective *varius*, different; L. neut. n. *Salimicrobium*, An existing genus; *Varisalimicrobium*: A genus related to but distinct from the existing genus Salimicrobium of different.

Varisalinactinospora

L. masc. adjective *varius*, different; L. fem. n. *Salinactinospora*, An existing genus; *Varisalinactinospora*: A genus related to but distinct from the existing genus Salinactinospora of different.

Varisalinarchaeum

L. masc. adjective *varius*, different; L. neut. n. *Salinarchaeum*, An existing genus; *Varisalinarchaeum*: A genus related to but distinct from the existing genus Salinarchaeum of different.

Varisalinibacillus

L. masc. adjective *varius*, different; L. masc. n. *Salinibacillus*, An existing genus; *Varisalinibacillus*: A genus related to but distinct from the existing genus Salinibacillus of different.

Varisalinibacter

L. masc. adjective *varius*, different; L. masc. n. *Salinibacter*, An existing genus; *Varisalinibacter*: A genus related to but distinct from the existing genus Salinibacter of different.

Varisalinibacterium

L. masc. adjective *varius*, different; L. neut. n. *Salinibacterium*, An existing genus; *Varisalinibacterium*: A genus related to but distinct from the existing genus Salinibacterium of different.

Varisalinibaculum

L. masc. adjective *varius*, different; L. neut. n. *Salinibaculum*, An existing genus; *Varisalinibaculum*: A genus related to but distinct from the existing genus Salinibaculum of different.

Varisalinibius

L. masc. adjective *varius*, different; L. masc. n. *Salinibius*, An existing genus; *Varisalinibius*: A genus related to but distinct from the existing genus Salinibius of different.

Varisalinicoccus

L. masc. adjective *varius*, different; L. masc. n. *Salinicoccus*, An existing genus; *Varisalinicoccus*: A genus related to but distinct from the existing genus Salinicoccus of different.

Varisalinicola

L. masc. adjective *varius*, different; L. masc. n. *Salinicola*, An existing genus; *Varisalinicola*: A genus related to but distinct from the existing genus Salinicola of different.

Varisalinifilum

L. masc. adjective *varius*, different; L. neut. n. *Salinifilum*, An existing genus; *Varisalinifilum*: A genus related to but distinct from the existing genus Salinifilum of different.

Varisalinigranum

L. masc. adjective *varius*, different; L. neut. n. *Salinigranum*, An existing genus; *Varisalinigranum*: A genus related to but distinct from the existing genus Salinigranum of different.

Varisalinihabitans

L. masc. adjective *varius*, different; L. masc. n. *Salinihabitans*, An existing genus; *Varisalinihabitans*: A genus related to but distinct from the existing genus Salinihabitans of different.

Varisalinimicrobium

L. masc. adjective *varius*, different; L. neut. n. *Salinimicrobium*, An existing genus; *Varisalinimicrobium*: A genus related to but distinct from the existing genus Salinimicrobium of different.

Varisalinimonas

L. masc. adjective *varius*, different; L. fem. n. *Salinimonas*, An existing genus; *Varisalinimonas*: A genus related to but distinct from the existing genus Salinimonas of different.

Varisalininema

L. masc. adjective *varius*, different; L. neut. n. *Salininema*, An existing genus; *Varisalininema*: A genus related to but distinct from the existing genus Salininema of different.

Varisaliniradius

L. masc. adjective *varius*, different; L. masc. n. *Saliniradius*, An existing genus; *Varisaliniradius*: A genus related to but distinct from the existing genus Saliniradius of different.

Varisalinirepens

L. masc. adjective *varius*, different; L. masc. n. *Salinirepens*, An existing genus; *Varisalinirepens*: A genus related to but distinct from the existing genus Salinirepens of different.

Varisalinirubellus

L. masc. adjective *varius*, different; L. masc. n. *Salinirubellus*, An existing genus; *Varisalinirubellus*: A genus related to but distinct from the existing genus Salinirubellus of different.

Varisalinirussus

L. masc. adjective *varius*, different; L. masc. n. *Salinirussus*, An existing genus; *Varisalinirussus*: A genus related to but distinct from the existing genus Salinirussus of different.

Varisalinisphaera

L. masc. adjective *varius*, different; L. fem. n. *Salinisphaera*, An existing genus; *Varisalinisphaera*: A genus related to but distinct from the existing genus Salinisphaera of different.

Varisalinispira

L. masc. adjective *varius*, different; L. fem. n. *Salinispira*, An existing genus; *Varisalinispira*: A genus related to but distinct from the existing genus Salinispira of different.

Varisalinispirillum

L. masc. adjective *varius*, different; L. neut. dim. n. *Salinispirillum*, An existing genus; *Varisalinispirillum*: A genus related to but distinct from the existing genus Salinispirillum of different.

Varisalinispora

L. masc. adjective *varius*, different; L. fem. n. *Salinispora*, An existing genus; *Varisalinispora*: A genus related to but distinct from the existing genus Salinispora of different.

Varisalinithrix

L. masc. adjective *varius*, different; L. fem. n. *Salinithrix*, An existing genus; *Varisalinithrix*: A genus related to but distinct from the existing genus Salinithrix of different.

Varisalinivenus

L. masc. adjective *varius*, different; L. fem. n. *Salinivenus*, An existing genus; *Varisalinivenus*: A genus related to but distinct from the existing genus Salinivenus of different.

Varisalinivibrio

L. masc. adjective *varius*, different; L. masc. n. *Salinivibrio*, An existing genus; *Varisalinivibrio*: A genus related to but distinct from the existing genus Salinivibrio of different.

Varisalinivirga

L. masc. adjective *varius*, different; L. fem. n. *Salinivirga*, An existing genus; *Varisalinivirga*: A genus related to but distinct from the existing genus Salinivirga of different.

Varisalinovum

L. masc. adjective *varius*, different; L. neut. n. *Salinovum*, An existing genus; *Varisalinovum*: A genus related to but distinct from the existing genus Salinovum of different.

Varisaliphagus

L. masc. adjective *varius*, different; L. masc. n. *Saliphagus*, An existing genus; *Varisaliphagus*: A genus related to but distinct from the existing genus Saliphagus of different.

Varisalipiger

L. masc. adjective *varius*, different; L. masc. n. *Salipiger*, An existing genus; *Varisalipiger*: A genus related to but distinct from the existing genus Salipiger of different.

Varisalisaeta

L. masc. adjective *varius*, different; L. fem. n. *Salisaeta*, An existing genus; *Varisalisaeta*: A genus related to but distinct from the existing genus Salisaeta of different.

Varisalisediminibacterium

L. masc. adjective *varius*, different; L. neut. n. *Salisediminibacterium*, An existing genus; *Varisalisediminibacterium*: A genus related to but distinct from the existing genus Salisediminibacterium of different.

Varisaliterribacillus

L. masc. adjective *varius*, different; L. masc. n. *Saliterribacillus*, An existing genus; *Varisaliterribacillus*: A genus related to but distinct from the existing genus Saliterribacillus of different.

Varisalmonella

L. masc. adjective *varius*, different; L. fem. dim. n. *Salmonella*, An existing genus; *Varisalmonella*: A genus related to but distinct from the existing genus Salmonella of different.

Varisalsuginibacillus

L. masc. adjective *varius*, different; L. masc. n. *Salsuginibacillus*, An existing genus; *Varisalsuginibacillus*: A genus related to but distinct from the existing genus Salsuginibacillus of different.

Varisalsuginimonas

L. masc. adjective *varius*, different; L. fem. n. *Salsuginimonas*, An existing genus; *Varisalsuginimonas*: A genus related to but distinct from the existing genus Salsuginimonas of different.

Varisamsonia

L. masc. adjective *varius*, different; L. fem. n. *Samsonia*, An existing genus; *Varisamsonia*: A genus related to but distinct from the existing genus Samsonia of different.

Varisandaracinobacter

L. masc. adjective *varius*, different; L. masc. n. *Sandaracinobacter*, An existing genus; *Varisandaracinobacter*: A genus related to but distinct from the existing genus Sandaracinobacter of different.

Varisandaracinomonas

L. masc. adjective *varius*, different; L. fem. n. *Sandaracinomonas*, An existing genus; *Varisandaracinomonas*: A genus related to but distinct from the existing genus Sandaracinomonas of different.

Varisandaracinus

L. masc. adjective *varius*, different; L. masc. n. *Sandaracinus*, An existing genus; *Varisandaracinus*: A genus related to but distinct from the existing genus Sandaracinus of different.

Varisandarakinorhabdus

L. masc. adjective *varius*, different; L. fem. n. *Sandarakinorhabdus*, An existing genus; *Varisandarakinorhabdus*: A genus related to but distinct from the existing genus Sandarakinorhabdus of different.

Varisandarakinotalea

L. masc. adjective *varius*, different; L. fem. n. *Sandarakinotalea*, An existing genus; *Varisandarakinotalea*: A genus related to but distinct from the existing genus Sandarakinotalea of different.

Varisansalvadorimonas

L. masc. adjective *varius*, different; L. fem. n. *Sansalvadorimonas*, An existing genus; *Varisansalvadorimonas*: A genus related to but distinct from the existing genus Sansalvadorimonas of different.

Varisaonia

L. masc. adjective *varius*, different; L. fem. n. *Saonia*, An existing genus; *Varisaonia*: A genus related to but distinct from the existing genus Saonia of different.

Varisaprospira

L. masc. adjective *varius*, different; L. fem. n. *Saprospira*, An existing genus; *Varisaprospira*: A genus related to but distinct from the existing genus Saprospira of different.

Varisarcina

L. masc. adjective *varius*, different; L. fem. n. *Sarcina*, An existing genus; *Varisarcina*: A genus related to but distinct from the existing genus Sarcina of different.

Varisarcobium

L. masc. adjective *varius*, different; L. neut. n. *Sarcobium*, An existing genus; *Varisarcobium*: A genus related to but distinct from the existing genus Sarcobium of different.

Varisavagea

L. masc. adjective *varius*, different; L. fem. n. *Savagea*, An existing genus; *Varisavagea*: A genus related to but distinct from the existing genus Savagea of different.

Varisaxeibacter

L. masc. adjective *varius*, different; L. masc. n. *Saxeibacter*, An existing genus; *Varisaxeibacter*: A genus related to but distinct from the existing genus Saxeibacter of different.

Variscandinavium

L. masc. adjective *varius*, different; L. neut. n. *Scandinavium*, An existing genus; *Variscandinavium*: A genus related to but distinct from the existing genus Scandinavium of different.

Variscardovia

L. masc. adjective *varius*, different; L. fem. n. *Scardovia*, An existing genus; *Variscardovia*: A genus related to but distinct from the existing genus Scardovia of different.

Varischaalia

L. masc. adjective *varius*, different; L. fem. n. *Schaalia*, An existing genus; *Varischaalia*: A genus related to but distinct from the existing genus Schaalia of different.

Varischaedlerella

L. masc. adjective *varius*, different; L. fem. dim. n. *Schaedlerella*, An existing genus; *Varischaedlerella*: A genus related to but distinct from the existing genus Schaedlerella of different.

Varischineria

L. masc. adjective *varius*, different; L. fem. n. *Schineria*, An existing genus; *Varischineria*: A genus related to but distinct from the existing genus Schineria of different.

Varischlegelella

L. masc. adjective *varius*, different; L. fem. dim. n. *Schlegelella*, An existing genus; *Varischlegelella*: A genus related to but distinct from the existing genus Schlegelella of different.

Varischleiferella

L. masc. adjective *varius*, different; L. fem. dim. n. *Schleiferella*, An existing genus; *Varischleiferella*: A genus related to but distinct from the existing genus Schleiferella of different.

Varischleiferia

L. masc. adjective *varius*, different; L. fem. n. *Schleiferia*, An existing genus; *Varischleiferia*: A genus related to but distinct from the existing genus Schleiferia of different.

Varischleiferilactobacillus

L. masc. adjective *varius*, different; L. masc. n. *Schleiferilactobacillus*, An existing genus; *Varischleiferilactobacillus*: A genus related to but distinct from the existing genus Schleiferilactobacillus of different.

Varischlesneria

L. masc. adjective *varius*, different; L. fem. n. *Schlesneria*, An existing genus; *Varischlesneria*: A genus related to but distinct from the existing genus Schlesneria of different.

Varischnuerera

L. masc. adjective *varius*, different; L. fem. n. *Schnuerera*, An existing genus; *Varischnuerera*: A genus related to but distinct from the existing genus Schnuerera of different.

Varischumannella

L. masc. adjective *varius*, different; L. fem. dim. n. *Schumannella*, An existing genus; *Varischumannella*: A genus related to but distinct from the existing genus Schumannella of different.

Varischwartzia

L. masc. adjective *varius*, different; L. fem. n. *Schwartzia*, An existing genus; *Varischwartzia*: A genus related to but distinct from the existing genus Schwartzia of different.

Varisciscionella

L. masc. adjective *varius*, different; L. fem. dim. n. *Sciscionella*, An existing genus; *Varisciscionella*: A genus related to but distinct from the existing genus Sciscionella of different.

Variscopulibacillus

L. masc. adjective *varius*, different; L. masc. n. *Scopulibacillus*, An existing genus; *Variscopulibacillus*: A genus related to but distinct from the existing genus Scopulibacillus of different.

Variscytolyngbya

L. masc. adjective *varius*, different; L. fem. n. *Scytolyngbya*, An existing genus; *Variscytolyngbya*: A genus related to but distinct from the existing genus Scytolyngbya of different.

Varisebaldella

L. masc. adjective *varius*, different; L. fem. dim. n. *Sebaldella*, An existing genus; *Varisebaldella*: A genus related to but distinct from the existing genus Sebaldella of different.

Varisecundilactobacillus

L. masc. adjective *varius*, different; L. masc. n. *Secundilactobacillus*, An existing genus; *Varisecundilactobacillus*: A genus related to but distinct from the existing genus Secundilactobacillus of different.

Varisedimentibacter

L. masc. adjective *varius*, different; L. masc. n. *Sedimentibacter*, An existing genus; *Varisedimentibacter*: A genus related to but distinct from the existing genus Sedimentibacter of different.

Varisedimenticola

L. masc. adjective *varius*, different; L. masc. n. *Sedimenticola*, An existing genus; *Varisedimenticola*: A genus related to but distinct from the existing genus Sedimenticola of different.

Varisedimentisphaera

L. masc. adjective *varius*, different; L. fem. n. *Sedimentisphaera*, An existing genus; *Varisedimentisphaera*: A genus related to but distinct from the existing genus Sedimentisphaera of different.

Varisedimentitalea

L. masc. adjective *varius*, different; L. fem. n. *Sedimentitalea*, An existing genus; *Varisedimentitalea*: A genus related to but distinct from the existing genus Sedimentitalea of different.

Varisediminibacillus

L. masc. adjective *varius*, different; L. masc. n. *Sediminibacillus*, An existing genus; *Varisediminibacillus*: A genus related to but distinct from the existing genus Sediminibacillus of different.

Varisediminibacter

L. masc. adjective *varius*, different; L. masc. n. *Sediminibacter*, An existing genus; *Varisediminibacter*: A genus related to but distinct from the existing genus Sediminibacter of different.

Varisediminibacterium

L. masc. adjective *varius*, different; L. neut. n. *Sediminibacterium*, An existing genus; *Varisediminibacterium*: A genus related to but distinct from the existing genus Sediminibacterium of different.

Varisediminicoccus

L. masc. adjective *varius*, different; L. masc. n. *Sediminicoccus*, An existing genus; *Varisediminicoccus*: A genus related to but distinct from the existing genus Sediminicoccus of different.

Varisediminicola

L. masc. adjective *varius*, different; L. masc. n. *Sediminicola*, An existing genus; *Varisediminicola*: A genus related to but distinct from the existing genus Sediminicola of different.

Varisediminihabitans

L. masc. adjective *varius*, different; L. masc. n. *Sediminihabitans*, An existing genus; *Varisediminihabitans*: A genus related to but distinct from the existing genus Sediminihabitans of different.

Varisediminimonas

L. masc. adjective *varius*, different; L. fem. n. *Sediminimonas*, An existing genus; *Varisediminimonas*: A genus related to but distinct from the existing genus Sediminimonas of different.

Varisediminispirochaeta

L. masc. adjective *varius*, different; L. fem. n. *Sediminispirochaeta*, An existing genus; *Varisediminispirochaeta*: A genus related to but distinct from the existing genus Sediminispirochaeta of different.

Varisediminitomix

L. masc. adjective *varius*, different; L. fem. n. *Sediminitomix*, An existing genus; *Varisediminitomix*: A genus related to but distinct from the existing genus Sediminitomix of different.

Varisediminivirga

L. masc. adjective *varius*, different; L. fem. n. *Sediminivirga*, An existing genus; *Varisediminivirga*: A genus related to but distinct from the existing genus Sediminivirga of different.

Varisegeticoccus

L. masc. adjective *varius*, different; L. masc. n. *Segeticoccus*, An existing genus; *Varisegeticoccus*: A genus related to but distinct from the existing genus Segeticoccus of different.

Varisegniliparus

L. masc. adjective *varius*, different; L. masc. n. *Segniliparus*, An existing genus; *Varisegniliparus*: A genus related to but distinct from the existing genus Segniliparus of different.

Varisegnochrobactrum

L. masc. adjective *varius*, different; L. neut. n. *Segnochrobactrum*, An existing genus; *Varisegnochrobactrum*: A genus related to but distinct from the existing genus Segnochrobactrum of different.

Variseinonella

L. masc. adjective *varius*, different; L. fem. dim. n. *Seinonella*, An existing genus; *Variseinonella*: A genus related to but distinct from the existing genus Seinonella of different.

Varisejongia

L. masc. adjective *varius*, different; L. fem. n. *Sejongia*, An existing genus; *Varisejongia*: A genus related to but distinct from the existing genus Sejongia of different.

Variselenihalanaerobacter

L. masc. adjective *varius*, different; L. masc. n. *Selenihalanaerobacter*, An existing genus; *Variselenihalanaerobacter*: A genus related to but distinct from the existing genus Selenihalanaerobacter of different.

Variseleniivibrio

L. masc. adjective *varius*, different; L. masc. n. *Seleniivibrio*, An existing genus; *Variseleniivibrio*: A genus related to but distinct from the existing genus Seleniivibrio of different.

Variselenomonas

L. masc. adjective *varius*, different; L. fem. n. *Selenomonas*, An existing genus; *Variselenomonas*: A genus related to but distinct from the existing genus Selenomonas of different.

Variseliberia

L. masc. adjective *varius*, different; L. fem. n. *Seliberia*, An existing genus; *Variseliberia*: A genus related to but distinct from the existing genus Seliberia of different.

Varisellimonas

L. masc. adjective *varius*, different; L. fem. n. *Sellimonas*, An existing genus; *Varisellimonas*: A genus related to but distinct from the existing genus Sellimonas of different.

Varisenegalimassilia

L. masc. adjective *varius*, different; L. fem. n. *Senegalimassilia*, An existing genus; *Varisenegalimassilia*: A genus related to but distinct from the existing genus Senegalimassilia of different.

Variseohaeicola

L. masc. adjective *varius*, different; L. masc. n. *Seohaeicola*, An existing genus; *Variseohaeicola*: A genus related to but distinct from the existing genus Seohaeicola of different.

Variseonamhaeicola

L. masc. adjective *varius*, different; L. masc. n. *Seonamhaeicola*, An existing genus; *Variseonamhaeicola*: A genus related to but distinct from the existing genus Seonamhaeicola of different.

Variseongchinamella

L. masc. adjective *varius*, different; L. fem. dim. n. *Seongchinamella*, An existing genus; *Variseongchinamella*: A genus related to but distinct from the existing genus Seongchinamella of different.

Variserinibacter

L. masc. adjective *varius*, different; L. masc. n. *Serinibacter*, An existing genus; *Variserinibacter*: A genus related to but distinct from the existing genus Serinibacter of different.

Variserinicoccus

L. masc. adjective *varius*, different; L. masc. n. *Serinicoccus*, An existing genus; *Variserinicoccus*: A genus related to but distinct from the existing genus Serinicoccus of different.

Variserpentinicella

L. masc. adjective *varius*, different; L. fem. n. *Serpentinicella*, An existing genus; *Variserpentinicella*: A genus related to but distinct from the existing genus Serpentinicella of different.

Variserpulina

L. masc. adjective *varius*, different; L. fem. n. *Serpulina*, An existing genus; *Variserpulina*: A genus related to but distinct from the existing genus Serpulina of different.

Variserratia

L. masc. adjective *varius*, different; L. fem. n. *Serratia*, An existing genus; *Variserratia*: A genus related to but distinct from the existing genus Serratia of different.

Varishackletoniella

L. masc. adjective *varius*, different; L. fem. dim. n. *Shackletoniella*, An existing genus; *Varishackletoniella*: A genus related to but distinct from the existing genus Shackletoniella of different.

Varisharpea

L. masc. adjective *varius*, different; L. fem. n. *Sharpea*, An existing genus; *Varisharpea*: A genus related to but distinct from the existing genus Sharpea of different.

Varishewanella

L. masc. adjective *varius*, different; L. fem. dim. n. *Shewanella*, An existing genus; *Varishewanella*: A genus related to but distinct from the existing genus Shewanella of different.

Varishigella

L. masc. adjective *varius*, different; L. fem. dim. n. *Shigella*, An existing genus; *Varishigella*: A genus related to but distinct from the existing genus Shigella of different.

Varishimazuella

L. masc. adjective *varius*, different; L. fem. dim. n. *Shimazuella*, An existing genus; *Varishimazuella*: A genus related to but distinct from the existing genus Shimazuella of different.

Varishimia

L. masc. adjective *varius*, different; L. fem. n. *Shimia*, An existing genus; *Varishimia*: A genus related to but distinct from the existing genus Shimia of different.

Varishimwellia

L. masc. adjective *varius*, different; L. fem. n. *Shimwellia*, An existing genus; *Varishimwellia*: A genus related to but distinct from the existing genus Shimwellia of different.

Varishinella

L. masc. adjective *varius*, different; L. fem. dim. n. *Shinella*, An existing genus; *Varishinella*: A genus related to but distinct from the existing genus Shinella of different.

Varishivajiella

L. masc. adjective *varius*, different; L. fem. dim. n. *Shivajiella*, An existing genus; *Varishivajiella*: A genus related to but distinct from the existing genus Shivajiella of different.

Varishuttleworthia

L. masc. adjective *varius*, different; L. fem. n. *Shuttleworthia*, An existing genus; *Varishuttleworthia*: A genus related to but distinct from the existing genus Shuttleworthia of different.

Varisiccirubricoccus

L. masc. adjective *varius*, different; L. masc. n. *Siccirubricoccus*, An existing genus; *Varisiccirubricoccus*: A genus related to but distinct from the existing genus Siccirubricoccus of different.

Varisilanimonas

L. masc. adjective *varius*, different; L. fem. n. *Silanimonas*, An existing genus; *Varisilanimonas*: A genus related to but distinct from the existing genus Silanimonas of different.

Varisilicibacter

L. masc. adjective *varius*, different; L. masc. n. *Silicibacter*, An existing genus; *Varisilicibacter*: A genus related to but distinct from the existing genus Silicibacter of different.

Varisilicimonas

L. masc. adjective *varius*, different; L. fem. n. *Silicimonas*, An existing genus; *Varisilicimonas*: A genus related to but distinct from the existing genus Silicimonas of different.

Varisilvanigrella

L. masc. adjective *varius*, different; L. fem. dim. n. *Silvanigrella*, An existing genus; *Varisilvanigrella*: A genus related to but distinct from the existing genus Silvanigrella of different.

Varisilvibacterium

L. masc. adjective *varius*, different; L. neut. n. *Silvibacterium*, An existing genus; *Varisilvibacterium*: A genus related to but distinct from the existing genus Silvibacterium of different.

Varisilvimonas

L. masc. adjective *varius*, different; L. fem. n. *Silvimonas*, An existing genus; *Varisilvimonas*: A genus related to but distinct from the existing genus Silvimonas of different.

Varisimiduia

L. masc. adjective *varius*, different; L. fem. n. *Simiduia*, An existing genus; *Varisimiduia*: A genus related to but distinct from the existing genus Simiduia of different.

Varisimkania

L. masc. adjective *varius*, different; L. fem. n. *Simkania*, An existing genus; *Varisimkania*: A genus related to but distinct from the existing genus Simkania of different.

Varisimonsiella

L. masc. adjective *varius*, different; L. fem. dim. n. *Simonsiella*, An existing genus; *Varisimonsiella*: A genus related to but distinct from the existing genus Simonsiella of different.

Varisimplicispira

L. masc. adjective *varius*, different; L. fem. n. *Simplicispira*, An existing genus; *Varisimplicispira*: A genus related to but distinct from the existing genus Simplicispira of different.

Varisimulacricoccus

L. masc. adjective *varius*, different; L. masc. n. *Simulacricoccus*, An existing genus; *Varisimulacricoccus*: A genus related to but distinct from the existing genus Simulacricoccus of different.

Varisingularimonas

L. masc. adjective *varius*, different; L. fem. n. *Singularimonas*, An existing genus; *Varisingularimonas*: A genus related to but distinct from the existing genus Singularimonas of different.

Varisingulisphaera

L. masc. adjective *varius*, different; L. fem. n. *Singulisphaera*, An existing genus; *Varisingulisphaera*: A genus related to but distinct from the existing genus Singulisphaera of different.

Varisinibacillus

L. masc. adjective *varius*, different; L. masc. n. *Sinibacillus*, An existing genus; *Varisinibacillus*: A genus related to but distinct from the existing genus Sinibacillus of different.

Varisinimarinibacterium

L. masc. adjective *varius*, different; L. neut. n. *Sinimarinibacterium*, An existing genus; *Varisinimarinibacterium*: A genus related to but distinct from the existing genus Sinimarinibacterium of different.

Varisinobaca

L. masc. adjective *varius*, different; L. fem. n. *Sinobaca*, An existing genus; *Varisinobaca*: A genus related to but distinct from the existing genus Sinobaca of different.

Varisinobacter

L. masc. adjective *varius*, different; L. masc. n. *Sinobacter*, An existing genus; *Varisinobacter*: A genus related to but distinct from the existing genus Sinobacter of different.

Varisinobacterium

L. masc. adjective *varius*, different; L. neut. n. *Sinobacterium*, An existing genus; *Varisinobacterium*: A genus related to but distinct from the existing genus Sinobacterium of different.

Varisinococcus

L. masc. adjective *varius*, different; L. masc. n. *Sinococcus*, An existing genus; *Varisinococcus*: A genus related to but distinct from the existing genus Sinococcus of different.

Varisinomicrobium

L. masc. adjective *varius*, different; L. neut. n. *Sinomicrobium*, An existing genus; *Varisinomicrobium*: A genus related to but distinct from the existing genus Sinomicrobium of different.

Varisinorhizobium

L. masc. adjective *varius*, different; L. neut. n. *Sinorhizobium*, An existing genus; *Varisinorhizobium*: A genus related to but distinct from the existing genus Sinorhizobium of different.

Varisinosporangium

L. masc. adjective *varius*, different; L. neut. n. *Sinosporangium*, An existing genus; *Varisinosporangium*: A genus related to but distinct from the existing genus Sinosporangium of different.

Varisiphonobacter

L. masc. adjective *varius*, different; L. masc. n. *Siphonobacter*, An existing genus; *Varisiphonobacter*: A genus related to but distinct from the existing genus Siphonobacter of different.

Variskermanella

L. masc. adjective *varius*, different; L. fem. dim. n. *Skermanella*, An existing genus; *Variskermanella*: A genus related to but distinct from the existing genus Skermanella of different.

Variskermania

L. masc. adjective *varius*, different; L. fem. n. *Skermania*, An existing genus; *Variskermania*: A genus related to but distinct from the existing genus Skermania of different.

Varislackia

L. masc. adjective *varius*, different; L. fem. n. *Slackia*, An existing genus; *Varislackia*: A genus related to but distinct from the existing genus Slackia of different.

Varismaragdicoccus

L. masc. adjective *varius*, different; L. masc. n. *Smaragdicoccus*, An existing genus; *Varismaragdicoccus*: A genus related to but distinct from the existing genus Smaragdicoccus of different.

Varismithella

L. masc. adjective *varius*, different; L. fem. dim. n. *Smithella*, An existing genus; *Varismithella*: A genus related to but distinct from the existing genus Smithella of different.

Varisneathia

L. masc. adjective *varius*, different; L. fem. n. *Sneathia*, An existing genus; *Varisneathia*: A genus related to but distinct from the existing genus Sneathia of different.

Varisneathiella

L. masc. adjective *varius*, different; L. fem. dim. n. *Sneathiella*, An existing genus; *Varisneathiella*: A genus related to but distinct from the existing genus Sneathiella of different.

Varisnodgrassella

L. masc. adjective *varius*, different; L. fem. dim. n. *Snodgrassella*, An existing genus; *Varisnodgrassella*: A genus related to but distinct from the existing genus Snodgrassella of different.

Varisnuella

L. masc. adjective *varius*, different; L. fem. dim. n. *Snuella*, An existing genus; *Varisnuella*: A genus related to but distinct from the existing genus Snuella of different.

Varisodaleptolyngbya

L. masc. adjective *varius*, different; L. fem. n. *Sodaleptolyngbya*, An existing genus; *Varisodaleptolyngbya*: A genus related to but distinct from the existing genus Sodaleptolyngbya of different.

Varisodalinema

L. masc. adjective *varius*, different; L. neut. n. *Sodalinema*, An existing genus; *Varisodalinema*: A genus related to but distinct from the existing genus Sodalinema of different.

Varisoehngenia

L. masc. adjective *varius*, different; L. fem. n. *Soehngenia*, An existing genus; *Varisoehngenia*: A genus related to but distinct from the existing genus Soehngenia of different.

Varisolentia

L. masc. adjective *varius*, different; L. fem. n. *Solentia*, An existing genus; *Varisolentia*: A genus related to but distinct from the existing genus Solentia of different.

Varisolibacillus

L. masc. adjective *varius*, different; L. masc. n. *Solibacillus*, An existing genus; *Varisolibacillus*: A genus related to but distinct from the existing genus Solibacillus of different.

Varisolimicrobium

L. masc. adjective *varius*, different; L. neut. n. *Solimicrobium*, An existing genus; *Varisolimicrobium*: A genus related to but distinct from the existing genus Solimicrobium of different.

Varisolirhodobacter

L. masc. adjective *varius*, different; L. masc. n. *Solirhodobacter*, An existing genus; *Varisolirhodobacter*: A genus related to but distinct from the existing genus Solirhodobacter of different.

Varisolirubrobacter

L. masc. adjective *varius*, different; L. masc. n. *Solirubrobacter*, An existing genus; *Varisolirubrobacter*: A genus related to but distinct from the existing genus Solirubrobacter of different.

Varisolitalea

L. masc. adjective *varius*, different; L. fem. n. *Solitalea*, An existing genus; *Varisolitalea*: A genus related to but distinct from the existing genus Solitalea of different.

Varisolobacterium

L. masc. adjective *varius*, different; L. neut. n. *Solobacterium*, An existing genus; *Varisolobacterium*: A genus related to but distinct from the existing genus Solobacterium of different.

Varisoonwooa

L. masc. adjective *varius*, different; L. fem. n. *Soonwooa*, An existing genus; *Varisoonwooa*: A genus related to but distinct from the existing genus Soonwooa of different.

Varisoortia

L. masc. adjective *varius*, different; L. fem. n. *Soortia*, An existing genus; *Varisoortia*: A genus related to but distinct from the existing genus Soortia of different.

Varisorangium

L. masc. adjective *varius*, different; L. neut. n. *Sorangium*, An existing genus; *Varisorangium*: A genus related to but distinct from the existing genus Sorangium of different.

Varispecibacter

L. masc. adjective *varius*, different; L. masc. n. *Specibacter*, An existing genus; *Varispecibacter*: A genus related to but distinct from the existing genus Specibacter of different.

Varispelaeicoccus

L. masc. adjective *varius*, different; L. masc. n. *Spelaeicoccus*, An existing genus; *Varispelaeicoccus*: A genus related to but distinct from the existing genus Spelaeicoccus of different.

Varispelaeonaias

L. masc. adjective *varius*, different; L. fem. n. *Spelaeonaias*, An existing genus; *Varispelaeonaias*: A genus related to but distinct from the existing genus Spelaeonaias of different.

Varisphaerimonospora

L. masc. adjective *varius*, different; L. fem. n. *Sphaerimonospora*, An existing genus; *Varisphaerimonospora*: A genus related to but distinct from the existing genus Sphaerimonospora of different.

Varisphaerisporangium

L. masc. adjective *varius*, different; L. neut. n. *Sphaerisporangium*, An existing genus; *Varisphaerisporangium*: A genus related to but distinct from the existing genus Sphaerisporangium of different.

Varisphaerobacter

L. masc. adjective *varius*, different; L. masc. n. *Sphaerobacter*, An existing genus; *Varisphaerobacter*: A genus related to but distinct from the existing genus Sphaerobacter of different.

Varisphaerocavum

L. masc. adjective *varius*, different; L. neut. n. *Sphaerocavum*, An existing genus; *Varisphaerocavum*: A genus related to but distinct from the existing genus Sphaerocavum of different.

Varisphaerochaeta

L. masc. adjective *varius*, different; L. fem. n. *Sphaerochaeta*, An existing genus; *Varisphaerochaeta*: A genus related to but distinct from the existing genus Sphaerochaeta of different.

Varisphaerotilus

L. masc. adjective *varius*, different; L. masc. n. *Sphaerotilus*, An existing genus; *Varisphaerotilus*: A genus related to but distinct from the existing genus Sphaerotilus of different.

Varisphingoaurantiacus

L. masc. adjective *varius*, different; L. masc. n. *Sphingoaurantiacus*, An existing genus; *Varisphingoaurantiacus*: A genus related to but distinct from the existing genus Sphingoaurantiacus of different.

Varisphingobacterium

L. masc. adjective *varius*, different; L. neut. n. *Sphingobacterium*, An existing genus; *Varisphingobacterium*: A genus related to but distinct from the existing genus Sphingobacterium of different.

Varisphingobium

L. masc. adjective *varius*, different; L. neut. n. *Sphingobium*, An existing genus; *Varisphingobium*: A genus related to but distinct from the existing genus Sphingobium of different.

Varisphingomicrobium

L. masc. adjective *varius*, different; L. neut. n. *Sphingomicrobium*, An existing genus; *Varisphingomicrobium*: A genus related to but distinct from the existing genus Sphingomicrobium of different.

Varisphingomonas

L. masc. adjective *varius*, different; L. fem. n. *Sphingomonas*, An existing genus; *Varisphingomonas*: A genus related to but distinct from the existing genus Sphingomonas of different.

Varisphingopyxis

L. masc. adjective *varius*, different; L. fem. n. *Sphingopyxis*, An existing genus; *Varisphingopyxis*: A genus related to but distinct from the existing genus Sphingopyxis of different.

Varisphingorhabdus

L. masc. adjective *varius*, different; L. fem. n. *Sphingorhabdus*, An existing genus; *Varisphingorhabdus*: A genus related to but distinct from the existing genus Sphingorhabdus of different.

Varisphingosinicella

L. masc. adjective *varius*, different; L. fem. n. *Sphingosinicella*, An existing genus; *Varisphingosinicella*: A genus related to but distinct from the existing genus Sphingosinicella of different.

Varisphingosinithalassobacter

L. masc. adjective *varius*, different; L. masc. n. *Sphingosinithalassobacter*, An existing genus; *Varisphingosinithalassobacter*: A genus related to but distinct from the existing genus Sphingosinithalassobacter of different.

Varispinactinospora

L. masc. adjective *varius*, different; L. fem. n. *Spinactinospora*, An existing genus; *Varispinactinospora*: A genus related to but distinct from the existing genus Spinactinospora of different.

Varispirilliplanes

L. masc. adjective *varius*, different; L. masc. n. *Spirilliplanes*, An existing genus; *Varispirilliplanes*: A genus related to but distinct from the existing genus Spirilliplanes of different.

Varispirillospora

L. masc. adjective *varius*, different; L. fem. n. *Spirillospora*, An existing genus; *Varispirillospora*: A genus related to but distinct from the existing genus Spirillospora of different.

Varispirochaeta

L. masc. adjective *varius*, different; L. fem. n. *Spirochaeta*, An existing genus; *Varispirochaeta*: A genus related to but distinct from the existing genus Spirochaeta of different.

Varispiroplasma

L. masc. adjective *varius*, different; L. neut. n. *Spiroplasma*, An existing genus; *Varispiroplasma*: A genus related to but distinct from the existing genus Spiroplasma of different.

Varispirosoma

L. masc. adjective *varius*, different; L. neut. n. *Spirosoma*, An existing genus; *Varispirosoma*: A genus related to but distinct from the existing genus Spirosoma of different.

Varispodiobacter

L. masc. adjective *varius*, different; L. masc. n. *Spodiobacter*, An existing genus; *Varispodiobacter*: A genus related to but distinct from the existing genus Spodiobacter of different.

Varispongiactinospora

L. masc. adjective *varius*, different; L. fem. n. *Spongiactinospora*, An existing genus; *Varispongiactinospora*: A genus related to but distinct from the existing genus Spongiactinospora of different.

Varispongiibacter

L. masc. adjective *varius*, different; L. masc. n. *Spongiibacter*, An existing genus; *Varispongiibacter*: A genus related to but distinct from the existing genus Spongiibacter of different.

Varispongiibacterium

L. masc. adjective *varius*, different; L. neut. n. *Spongiibacterium*, An existing genus; *Varispongiibacterium*: A genus related to but distinct from the existing genus Spongiibacterium of different.

Varispongiiferula

L. masc. adjective *varius*, different; L. fem. n. *Spongiiferula*, An existing genus; *Varispongiiferula*: A genus related to but distinct from the existing genus Spongiiferula of different.

Varispongiimicrobium

L. masc. adjective *varius*, different; L. neut. n. *Spongiimicrobium*, An existing genus; *Varispongiimicrobium*: A genus related to but distinct from the existing genus Spongiimicrobium of different.

Varispongiimonas

L. masc. adjective *varius*, different; L. fem. n. *Spongiimonas*, An existing genus; *Varispongiimonas*: A genus related to but distinct from the existing genus Spongiimonas of different.

Varispongiispira

L. masc. adjective *varius*, different; L. fem. n. *Spongiispira*, An existing genus; *Varispongiispira*: A genus related to but distinct from the existing genus Spongiispira of different.

Varispongiivirga

L. masc. adjective *varius*, different; L. fem. n. *Spongiivirga*, An existing genus; *Varispongiivirga*: A genus related to but distinct from the existing genus Spongiivirga of different.

Varispongitalea

L. masc. adjective *varius*, different; L. fem. n. *Spongitalea*, An existing genus; *Varispongitalea*: A genus related to but distinct from the existing genus Spongitalea of different.

Varisporacetigenium

L. masc. adjective *varius*, different; L. neut. n. *Sporacetigenium*, An existing genus; *Varisporacetigenium*: A genus related to but distinct from the existing genus Sporacetigenium of different.

Varisporanaerobacter

L. masc. adjective *varius*, different; L. masc. n. *Sporanaerobacter*, An existing genus; *Varisporanaerobacter*: A genus related to but distinct from the existing genus Sporanaerobacter of different.

Varisporichthya

L. masc. adjective *varius*, different; L. fem. n. *Sporichthya*, An existing genus; *Varisporichthya*: A genus related to but distinct from the existing genus Sporichthya of different.

Varisporobacter

L. masc. adjective *varius*, different; L. masc. n. *Sporobacter*, An existing genus; *Varisporobacter*: A genus related to but distinct from the existing genus Sporobacter of different.

Varisporobacterium

L. masc. adjective *varius*, different; L. neut. n. *Sporobacterium*, An existing genus; *Varisporobacterium*: A genus related to but distinct from the existing genus Sporobacterium of different.

Varisporocytophaga

L. masc. adjective *varius*, different; L. fem. n. *Sporocytophaga*, An existing genus; *Varisporocytophaga*: A genus related to but distinct from the existing genus Sporocytophaga of different.

Varisporohalobacter

L. masc. adjective *varius*, different; L. masc. n. *Sporohalobacter*, An existing genus; *Varisporohalobacter*: A genus related to but distinct from the existing genus Sporohalobacter of different.

Varisporolactobacillus

L. masc. adjective *varius*, different; L. masc. n. *Sporolactobacillus*, An existing genus; *Varisporolactobacillus*: A genus related to but distinct from the existing genus Sporolactobacillus of different.

Varisporolituus

L. masc. adjective *varius*, different; L. masc. n. *Sporolituus*, An existing genus; *Varisporolituus*: A genus related to but distinct from the existing genus Sporolituus of different.

Varisporosalibacterium

L. masc. adjective *varius*, different; L. neut. n. *Sporosalibacterium*, An existing genus; *Varisporosalibacterium*: A genus related to but distinct from the existing genus Sporosalibacterium of different.

Varisporosarcina

L. masc. adjective *varius*, different; L. fem. n. *Sporosarcina*, An existing genus; *Varisporosarcina*: A genus related to but distinct from the existing genus Sporosarcina of different.

Varisporotalea

L. masc. adjective *varius*, different; L. fem. n. *Sporotalea*, An existing genus; *Varisporotalea*: A genus related to but distinct from the existing genus Sporotalea of different.

Varisporotomaculum

L. masc. adjective *varius*, different; L. neut. n. *Sporotomaculum*, An existing genus; *Varisporotomaculum*: A genus related to but distinct from the existing genus Sporotomaculum of different.

Varistackebrandtia

L. masc. adjective *varius*, different; L. fem. n. *Stackebrandtia*, An existing genus; *Varistackebrandtia*: A genus related to but distinct from the existing genus Stackebrandtia of different.

Varistagnimonas

L. masc. adjective *varius*, different; L. fem. n. *Stagnimonas*, An existing genus; *Varistagnimonas*: A genus related to but distinct from the existing genus Stagnimonas of different.

Varistakelama

L. masc. adjective *varius*, different; L. fem. n. *Stakelama*, An existing genus; *Varistakelama*: A genus related to but distinct from the existing genus Stakelama of different.

Varistaleya

L. masc. adjective *varius*, different; L. fem. n. *Staleya*, An existing genus; *Varistaleya*: A genus related to but distinct from the existing genus Staleya of different.

Varistanierella

L. masc. adjective *varius*, different; L. fem. dim. n. *Stanierella*, An existing genus; *Varistanierella*: A genus related to but distinct from the existing genus Stanierella of different.

Varistaphylococcus

L. masc. adjective *varius*, different; L. masc. n. *Staphylococcus*, An existing genus; *Varistaphylococcus*: A genus related to but distinct from the existing genus Staphylococcus of different.

Varistaphylospora

L. masc. adjective *varius*, different; L. fem. n. *Staphylospora*, An existing genus; *Varistaphylospora*: A genus related to but distinct from the existing genus Staphylospora of different.

Varistaphylothermus

L. masc. adjective *varius*, different; L. masc. n. *Staphylothermus*, An existing genus; *Varistaphylothermus*: A genus related to but distinct from the existing genus Staphylothermus of different.

Varistappia

L. masc. adjective *varius*, different; L. fem. n. *Stappia*, An existing genus; *Varistappia*: A genus related to but distinct from the existing genus Stappia of different.

Varistarkeya

L. masc. adjective *varius*, different; L. fem. n. *Starkeya*, An existing genus; *Varistarkeya*: A genus related to but distinct from the existing genus Starkeya of different.

Varistarria

L. masc. adjective *varius*, different; L. fem. n. *Starria*, An existing genus; *Varistarria*: A genus related to but distinct from the existing genus Starria of different.

Varistella

L. masc. adjective *varius*, different; L. fem. n. *Stella*, An existing genus; *Varistella*: A genus related to but distinct from the existing genus Stella of different.

Varistenothermobacter

L. masc. adjective *varius*, different; L. masc. n. *Stenothermobacter*, An existing genus; *Varistenothermobacter*: A genus related to but distinct from the existing genus Stenothermobacter of different.

Varistenotrophobacter

L. masc. adjective *varius*, different; L. masc. n. *Stenotrophobacter*, An existing genus; *Varistenotrophobacter*: A genus related to but distinct from the existing genus Stenotrophobacter of different.

Varistenotrophobium

L. masc. adjective *varius*, different; L. neut. n. *Stenotrophobium*, An existing genus; *Varistenotrophobium*: A genus related to but distinct from the existing genus Stenotrophobium of different.

Varistenotrophomonas

L. masc. adjective *varius*, different; L. fem. n. *Stenotrophomonas*, An existing genus; *Varistenotrophomonas*: A genus related to but distinct from the existing genus Stenotrophomonas of different.

Varistenoxybacter

L. masc. adjective *varius*, different; L. masc. n. *Stenoxybacter*, An existing genus; *Varistenoxybacter*: A genus related to but distinct from the existing genus Stenoxybacter of different.

Varisteroidobacter

L. masc. adjective *varius*, different; L. masc. n. *Steroidobacter*, An existing genus; *Varisteroidobacter*: A genus related to but distinct from the existing genus Steroidobacter of different.

Varisterolibacterium

L. masc. adjective *varius*, different; L. neut. n. *Sterolibacterium*, An existing genus; *Varisterolibacterium*: A genus related to but distinct from the existing genus Sterolibacterium of different.

Varistetteria

L. masc. adjective *varius*, different; L. fem. n. *Stetteria*, An existing genus; *Varistetteria*: A genus related to but distinct from the existing genus Stetteria of different.

Varistigmatella

L. masc. adjective *varius*, different; L. fem. dim. n. *Stigmatella*, An existing genus; *Varistigmatella*: A genus related to but distinct from the existing genus Stigmatella of different.

Varistigonema

L. masc. adjective *varius*, different; L. neut. n. *Stigonema*, An existing genus; *Varistigonema*: A genus related to but distinct from the existing genus Stigonema of different.

Varistomatobaculum

L. masc. adjective *varius*, different; L. neut. n. *Stomatobaculum*, An existing genus; *Varistomatobaculum*: A genus related to but distinct from the existing genus Stomatobaculum of different.

Varistomatococcus

L. masc. adjective *varius*, different; L. masc. n. *Stomatococcus*, An existing genus; *Varistomatococcus*: A genus related to but distinct from the existing genus Stomatococcus of different.

Varistreptacidiphilus

L. masc. adjective *varius*, different; L. masc. n. *Streptacidiphilus*, An existing genus; *Varistreptacidiphilus*: A genus related to but distinct from the existing genus Streptacidiphilus of different.

Varistreptobacillus

L. masc. adjective *varius*, different; L. masc. n. *Streptobacillus*, An existing genus; *Varistreptobacillus*: A genus related to but distinct from the existing genus Streptobacillus of different.

Varistreptococcus

L. masc. adjective *varius*, different; L. masc. n. *Streptococcus*, An existing genus; *Varistreptococcus*: A genus related to but distinct from the existing genus Streptococcus of different.

Varistreptohalobacillus

L. masc. adjective *varius*, different; L. masc. n. *Streptohalobacillus*, An existing genus; *Varistreptohalobacillus*: A genus related to but distinct from the existing genus Streptohalobacillus of different.

Varistreptomonospora

L. masc. adjective *varius*, different; L. fem. n. *Streptomonospora*, An existing genus; *Varistreptomonospora*: A genus related to but distinct from the existing genus Streptomonospora of different.

Varistreptomyces

L. masc. adjective *varius*, different; L. masc. n. *Streptomyces*, An existing genus; *Varistreptomyces*: A genus related to but distinct from the existing genus Streptomyces of different.

Varistreptosporangium

L. masc. adjective *varius*, different; L. neut. n. *Streptosporangium*, An existing genus; *Varistreptosporangium*: A genus related to but distinct from the existing genus Streptosporangium of different.

Varistreptoverticillium

L. masc. adjective *varius*, different; L. neut. n. *Streptoverticillium*, An existing genus; *Varistreptoverticillium*: A genus related to but distinct from the existing genus Streptoverticillium of different.

Varistygiolobus

L. masc. adjective *varius*, different; L. masc. n. *Stygiolobus*, An existing genus; *Varistygiolobus*: A genus related to but distinct from the existing genus Stygiolobus of different.

Varisubdoligranulum

L. masc. adjective *varius*, different; L. neut. n. *Subdoligranulum*, An existing genus; *Varisubdoligranulum*: A genus related to but distinct from the existing genus Subdoligranulum of different.

Varisubsaxibacter

L. masc. adjective *varius*, different; L. masc. n. *Subsaxibacter*, An existing genus; *Varisubsaxibacter*: A genus related to but distinct from the existing genus Subsaxibacter of different.

Varisubsaximicrobium

L. masc. adjective *varius*, different; L. neut. n. *Subsaximicrobium*, An existing genus; *Varisubsaximicrobium*: A genus related to but distinct from the existing genus Subsaximicrobium of different.

Varisuccinatimonas

L. masc. adjective *varius*, different; L. fem. n. *Succinatimonas*, An existing genus; *Varisuccinatimonas*: A genus related to but distinct from the existing genus Succinatimonas of different.

Varisucciniclasticum

L. masc. adjective *varius*, different; L. neut. n. *Succiniclasticum*, An existing genus; *Varisucciniclasticum*: A genus related to but distinct from the existing genus Succiniclasticum of different.

Varisuccinispira

L. masc. adjective *varius*, different; L. fem. n. *Succinispira*, An existing genus; *Varisuccinispira*: A genus related to but distinct from the existing genus Succinispira of different.

Varisuccinivibrio

L. masc. adjective *varius*, different; L. masc. n. *Succinivibrio*, An existing genus; *Varisuccinivibrio*: A genus related to but distinct from the existing genus Succinivibrio of different.

Varisufflavibacter

L. masc. adjective *varius*, different; L. masc. n. *Sufflavibacter*, An existing genus; *Varisufflavibacter*: A genus related to but distinct from the existing genus Sufflavibacter of different.

Varisuicoccus

L. masc. adjective *varius*, different; L. masc. n. *Suicoccus*, An existing genus; *Varisuicoccus*: A genus related to but distinct from the existing genus Suicoccus of different.

Varisulfitobacter

L. masc. adjective *varius*, different; L. masc. n. *Sulfitobacter*, An existing genus; *Varisulfitobacter*: A genus related to but distinct from the existing genus Sulfitobacter of different.

Varisulfodiicoccus

L. masc. adjective *varius*, different; L. masc. n. *Sulfodiicoccus*, An existing genus; *Varisulfodiicoccus*: A genus related to but distinct from the existing genus Sulfodiicoccus of different.

Varisulfolobus

L. masc. adjective *varius*, different; L. masc. n. *Sulfolobus*, An existing genus; *Varisulfolobus*: A genus related to but distinct from the existing genus Sulfolobus of different.

Varisulfophobococcus

L. masc. adjective *varius*, different; L. masc. n. *Sulfophobococcus*, An existing genus; *Varisulfophobococcus*: A genus related to but distinct from the existing genus Sulfophobococcus of different.

Varisulfuracidifex

L. masc. adjective *varius*, different; L. masc. n. *Sulfuracidifex*, An existing genus; *Varisulfuracidifex*: A genus related to but distinct from the existing genus Sulfuracidifex of different.

Varisulfuricella

L. masc. adjective *varius*, different; L. fem. n. *Sulfuricella*, An existing genus; *Varisulfuricella*: A genus related to but distinct from the existing genus Sulfuricella of different.

Varisulfuricurvum

L. masc. adjective *varius*, different; L. neut. n. *Sulfuricurvum*, An existing genus; *Varisulfuricurvum*: A genus related to but distinct from the existing genus Sulfuricurvum of different.

Varisulfuriferula

L. masc. adjective *varius*, different; L. fem. n. *Sulfuriferula*, An existing genus; *Varisulfuriferula*: A genus related to but distinct from the existing genus Sulfuriferula of different.

Varisulfuriflexus

L. masc. adjective *varius*, different; L. masc. n. *Sulfuriflexus*, An existing genus; *Varisulfuriflexus*: A genus related to but distinct from the existing genus Sulfuriflexus of different.

Varisulfurihydrogenibium

L. masc. adjective *varius*, different; L. neut. n. *Sulfurihydrogenibium*, An existing genus; *Varisulfurihydrogenibium*: A genus related to but distinct from the existing genus Sulfurihydrogenibium of different.

Varisulfurisphaera

L. masc. adjective *varius*, different; L. fem. n. *Sulfurisphaera*, An existing genus; *Varisulfurisphaera*: A genus related to but distinct from the existing genus Sulfurisphaera of different.

Varisulfuritortus

L. masc. adjective *varius*, different; L. masc. n. *Sulfuritortus*, An existing genus; *Varisulfuritortus*: A genus related to but distinct from the existing genus Sulfuritortus of different.

Varisulfurococcus

L. masc. adjective *varius*, different; L. masc. n. *Sulfurococcus*, An existing genus; *Varisulfurococcus*: A genus related to but distinct from the existing genus Sulfurococcus of different.

Varisulfurospirillum

L. masc. adjective *varius*, different; L. neut. dim. n. *Sulfurospirillum*, An existing genus; *Varisulfurospirillum*: A genus related to but distinct from the existing genus Sulfurospirillum of different.

Varisulfurovum

L. masc. adjective *varius*, different; L. neut. n. *Sulfurovum*, An existing genus; *Varisulfurovum*: A genus related to but distinct from the existing genus Sulfurovum of different.

Varisungkyunkwania

L. masc. adjective *varius*, different; L. fem. n. *Sungkyunkwania*, An existing genus; *Varisungkyunkwania*: A genus related to but distinct from the existing genus Sungkyunkwania of different.

Varisunxiuqinia

L. masc. adjective *varius*, different; L. fem. n. *Sunxiuqinia*, An existing genus; *Varisunxiuqinia*: A genus related to but distinct from the existing genus Sunxiuqinia of different.

Varisuperficieibacter

L. masc. adjective *varius*, different; L. masc. n. *Superficieibacter*, An existing genus; *Varisuperficieibacter*: A genus related to but distinct from the existing genus Superficieibacter of different.

Varisutterella

L. masc. adjective *varius*, different; L. fem. dim. n. *Sutterella*, An existing genus; *Varisutterella*: A genus related to but distinct from the existing genus Sutterella of different.

Varisuttonella

L. masc. adjective *varius*, different; L. fem. dim. n. *Suttonella*, An existing genus; *Varisuttonella*: A genus related to but distinct from the existing genus Suttonella of different.

Variswaminathania

L. masc. adjective *varius*, different; L. fem. n. *Swaminathania*, An existing genus; *Variswaminathania*: A genus related to but distinct from the existing genus Swaminathania of different.

Variswingsia

L. masc. adjective *varius*, different; L. fem. n. *Swingsia*, An existing genus; *Variswingsia*: A genus related to but distinct from the existing genus Swingsia of different.

Variswionibacillus

L. masc. adjective *varius*, different; L. masc. n. *Swionibacillus*, An existing genus; *Variswionibacillus*: A genus related to but distinct from the existing genus Swionibacillus of different.

Varisymbiobacterium

L. masc. adjective *varius*, different; L. neut. n. *Symbiobacterium*, An existing genus; *Varisymbiobacterium*: A genus related to but distinct from the existing genus Symbiobacterium of different.

Varisymbiotes

L. masc. adjective *varius*, different; L. masc. n. *Symbiotes*, An existing genus; *Varisymbiotes*: A genus related to but distinct from the existing genus Symbiotes of different.

Varisynechocystis

L. masc. adjective *varius*, different; L. fem. n. *Synechocystis*, An existing genus; *Varisynechocystis*: A genus related to but distinct from the existing genus Synechocystis of different.

Varisynergistes

L. masc. adjective *varius*, different; L. masc. n. *Synergistes*, An existing genus; *Varisynergistes*: A genus related to but distinct from the existing genus Synergistes of different.

Varisyntrophaceticus

L. masc. adjective *varius*, different; L. masc. n. *Syntrophaceticus*, An existing genus; *Varisyntrophaceticus*: A genus related to but distinct from the existing genus Syntrophaceticus of different.

Varisyntrophobacter

L. masc. adjective *varius*, different; L. masc. n. *Syntrophobacter*, An existing genus; *Varisyntrophobacter*: A genus related to but distinct from the existing genus Syntrophobacter of different.

Varisyntrophobotulus

L. masc. adjective *varius*, different; L. masc. n. *Syntrophobotulus*, An existing genus; *Varisyntrophobotulus*: A genus related to but distinct from the existing genus Syntrophobotulus of different.

Varisyntrophococcus

L. masc. adjective *varius*, different; L. masc. n. *Syntrophococcus*, An existing genus; *Varisyntrophococcus*: A genus related to but distinct from the existing genus Syntrophococcus of different.

Varisyntrophomonas

L. masc. adjective *varius*, different; L. fem. n. *Syntrophomonas*, An existing genus; *Varisyntrophomonas*: A genus related to but distinct from the existing genus Syntrophomonas of different.

Varisyntrophorhabdus

L. masc. adjective *varius*, different; L. fem. n. *Syntrophorhabdus*, An existing genus; *Varisyntrophorhabdus*: A genus related to but distinct from the existing genus Syntrophorhabdus of different.

Varisyntrophospora

L. masc. adjective *varius*, different; L. fem. n. *Syntrophospora*, An existing genus; *Varisyntrophospora*: A genus related to but distinct from the existing genus Syntrophospora of different.

Varisyntrophothermus

L. masc. adjective *varius*, different; L. masc. n. *Syntrophothermus*, An existing genus; *Varisyntrophothermus*: A genus related to but distinct from the existing genus Syntrophothermus of different.

Varisyntrophus

L. masc. adjective *varius*, different; L. masc. n. *Syntrophus*, An existing genus; *Varisyntrophus*: A genus related to but distinct from the existing genus Syntrophus of different.

Varitabrizicola

L. masc. adjective *varius*, different; L. fem. n. *Tabrizicola*, An existing genus; *Varitabrizicola*: A genus related to but distinct from the existing genus Tabrizicola of different.

Varitaeania

L. masc. adjective *varius*, different; L. fem. n. *Taeania*, An existing genus; *Varitaeania*: A genus related to but distinct from the existing genus Taeania of different.

Varitaeseokella

L. masc. adjective *varius*, different; L. fem. dim. n. *Taeseokella*, An existing genus; *Varitaeseokella*: A genus related to but distinct from the existing genus Taeseokella of different.

Varitagaea

L. masc. adjective *varius*, different; L. fem. n. *Tagaea*, An existing genus; *Varitagaea*: A genus related to but distinct from the existing genus Tagaea of different.

Varitahibacter

L. masc. adjective *varius*, different; L. masc. n. *Tahibacter*, An existing genus; *Varitahibacter*: A genus related to but distinct from the existing genus Tahibacter of different.

Varitaibaiella

L. masc. adjective *varius*, different; L. fem. dim. n. *Taibaiella*, An existing genus; *Varitaibaiella*: A genus related to but distinct from the existing genus Taibaiella of different.

Varitamaricihabitans

L. masc. adjective *varius*, different; L. masc. n. *Tamaricihabitans*, An existing genus; *Varitamaricihabitans*: A genus related to but distinct from the existing genus Tamaricihabitans of different.

Varitamilnaduibacter

L. masc. adjective *varius*, different; L. masc. n. *Tamilnaduibacter*, An existing genus; *Varitamilnaduibacter*: A genus related to but distinct from the existing genus Tamilnaduibacter of different.

Varitamlana

L. masc. adjective *varius*, different; L. fem. n. *Tamlana*, An existing genus; *Varitamlana*: A genus related to but distinct from the existing genus Tamlana of different.

Varitamlicoccus

L. masc. adjective *varius*, different; L. masc. n. *Tamlicoccus*, An existing genus; *Varitamlicoccus*: A genus related to but distinct from the existing genus Tamlicoccus of different.

Varitangfeifania

L. masc. adjective *varius*, different; L. fem. n. *Tangfeifania*, An existing genus; *Varitangfeifania*: A genus related to but distinct from the existing genus Tangfeifania of different.

Varitannerella

L. masc. adjective *varius*, different; L. fem. dim. n. *Tannerella*, An existing genus; *Varitannerella*: A genus related to but distinct from the existing genus Tannerella of different.

Varitanticharoenia

L. masc. adjective *varius*, different; L. fem. n. *Tanticharoenia*, An existing genus; *Varitanticharoenia*: A genus related to but distinct from the existing genus Tanticharoenia of different.

Varitaonella

L. masc. adjective *varius*, different; L. fem. dim. n. *Taonella*, An existing genus; *Varitaonella*: A genus related to but distinct from the existing genus Taonella of different.

Varitapinothrix

L. masc. adjective *varius*, different; L. fem. n. *Tapinothrix*, An existing genus; *Varitapinothrix*: A genus related to but distinct from the existing genus Tapinothrix of different.

Varitardiphaga

L. masc. adjective *varius*, different; L. fem. n. *Tardiphaga*, An existing genus; *Varitardiphaga*: A genus related to but distinct from the existing genus Tardiphaga of different.

Varitateyamaria

L. masc. adjective *varius*, different; L. fem. n. *Tateyamaria*, An existing genus; *Varitateyamaria*: A genus related to but distinct from the existing genus Tateyamaria of different.

Varitatlockia

L. masc. adjective *varius*, different; L. fem. n. *Tatlockia*, An existing genus; *Varitatlockia*: A genus related to but distinct from the existing genus Tatlockia of different.

Varitatumella

L. masc. adjective *varius*, different; L. fem. dim. n. *Tatumella*, An existing genus; *Varitatumella*: A genus related to but distinct from the existing genus Tatumella of different.

Varitautonia

L. masc. adjective *varius*, different; L. fem. n. *Tautonia*, An existing genus; *Varitautonia*: A genus related to but distinct from the existing genus Tautonia of different.

Varitaxeobacter

L. masc. adjective *varius*, different; L. masc. n. *Taxeobacter*, An existing genus; *Varitaxeobacter*: A genus related to but distinct from the existing genus Taxeobacter of different.

Varitaylorella

L. masc. adjective *varius*, different; L. fem. dim. n. *Taylorella*, An existing genus; *Varitaylorella*: A genus related to but distinct from the existing genus Taylorella of different.

Varitectibacter

L. masc. adjective *varius*, different; L. masc. n. *Tectibacter*, An existing genus; *Varitectibacter*: A genus related to but distinct from the existing genus Tectibacter of different.

Variteichococcus

L. masc. adjective *varius*, different; L. masc. n. *Teichococcus*, An existing genus; *Variteichococcus*: A genus related to but distinct from the existing genus Teichococcus of different.

Varitelluria

L. masc. adjective *varius*, different; L. fem. n. *Telluria*, An existing genus; *Varitelluria*: A genus related to but distinct from the existing genus Telluria of different.

Varitellurimicrobium

L. masc. adjective *varius*, different; L. neut. n. *Tellurimicrobium*, An existing genus; *Varitellurimicrobium*: A genus related to but distinct from the existing genus Tellurimicrobium of different.

Varitellurirhabdus

L. masc. adjective *varius*, different; L. fem. n. *Tellurirhabdus*, An existing genus; *Varitellurirhabdus*: A genus related to but distinct from the existing genus Tellurirhabdus of different.

Varitelmatobacter

L. masc. adjective *varius*, different; L. masc. n. *Telmatobacter*, An existing genus; *Varitelmatobacter*: A genus related to but distinct from the existing genus Telmatobacter of different.

Varitelmatocola

L. masc. adjective *varius*, different; L. fem. n. *Telmatocola*, An existing genus; *Varitelmatocola*: A genus related to but distinct from the existing genus Telmatocola of different.

Varitelmatospirillum

L. masc. adjective *varius*, different; L. neut. dim. n. *Telmatospirillum*, An existing genus; *Varitelmatospirillum*: A genus related to but distinct from the existing genus Telmatospirillum of different.

Varitemperatibacter

L. masc. adjective *varius*, different; L. masc. n. *Temperatibacter*, An existing genus; *Varitemperatibacter*: A genus related to but distinct from the existing genus Temperatibacter of different.

Varitenacibaculum

L. masc. adjective *varius*, different; L. neut. n. *Tenacibaculum*, An existing genus; *Varitenacibaculum*: A genus related to but distinct from the existing genus Tenacibaculum of different.

Varitenggerimyces

L. masc. adjective *varius*, different; L. masc. n. *Tenggerimyces*, An existing genus; *Varitenggerimyces*: A genus related to but distinct from the existing genus Tenggerimyces of different.

Varitengunoibacter

L. masc. adjective *varius*, different; L. masc. n. *Tengunoibacter*, An existing genus; *Varitengunoibacter*: A genus related to but distinct from the existing genus Tengunoibacter of different.

Varitenuibacillus

L. masc. adjective *varius*, different; L. masc. n. *Tenuibacillus*, An existing genus; *Varitenuibacillus*: A genus related to but distinct from the existing genus Tenuibacillus of different.

Varitepidamorphus

L. masc. adjective *varius*, different; L. masc. n. *Tepidamorphus*, An existing genus; *Varitepidamorphus*: A genus related to but distinct from the existing genus Tepidamorphus of different.

Varitepidanaerobacter

L. masc. adjective *varius*, different; L. masc. n. *Tepidanaerobacter*, An existing genus; *Varitepidanaerobacter*: A genus related to but distinct from the existing genus Tepidanaerobacter of different.

Varitepidicaulis

L. masc. adjective *varius*, different; L. masc. n. *Tepidicaulis*, An existing genus; *Varitepidicaulis*: A genus related to but distinct from the existing genus Tepidicaulis of different.

Varitepidicella

L. masc. adjective *varius*, different; L. fem. n. *Tepidicella*, An existing genus; *Varitepidicella*: A genus related to but distinct from the existing genus Tepidicella of different.

Varitepidiforma

L. masc. adjective *varius*, different; L. fem. n. *Tepidiforma*, An existing genus; *Varitepidiforma*: A genus related to but distinct from the existing genus Tepidiforma of different.

Varitepidimicrobium

L. masc. adjective *varius*, different; L. neut. n. *Tepidimicrobium*, An existing genus; *Varitepidimicrobium*: A genus related to but distinct from the existing genus Tepidimicrobium of different.

Varitepidiphilus

L. masc. adjective *varius*, different; L. masc. n. *Tepidiphilus*, An existing genus; *Varitepidiphilus*: A genus related to but distinct from the existing genus Tepidiphilus of different.

Varitepidisphaera

L. masc. adjective *varius*, different; L. fem. n. *Tepidisphaera*, An existing genus; *Varitepidisphaera*: A genus related to but distinct from the existing genus Tepidisphaera of different.

Variterasakiella

L. masc. adjective *varius*, different; L. fem. dim. n. *Terasakiella*, An existing genus; *Variterasakiella*: A genus related to but distinct from the existing genus Terasakiella of different.

Variterasakiispira

L. masc. adjective *varius*, different; L. fem. n. *Terasakiispira*, An existing genus; *Variterasakiispira*: A genus related to but distinct from the existing genus Terasakiispira of different.

Variteredinibacter

L. masc. adjective *varius*, different; L. masc. n. *Teredinibacter*, An existing genus; *Variteredinibacter*: A genus related to but distinct from the existing genus Teredinibacter of different.

Variterrabacter

L. masc. adjective *varius*, different; L. masc. n. *Terrabacter*, An existing genus; *Variterrabacter*: A genus related to but distinct from the existing genus Terrabacter of different.

Variterracidiphilus

L. masc. adjective *varius*, different; L. masc. n. *Terracidiphilus*, An existing genus; *Variterracidiphilus*: A genus related to but distinct from the existing genus Terracidiphilus of different.

Variterracoccus

L. masc. adjective *varius*, different; L. masc. n. *Terracoccus*, An existing genus; *Variterracoccus*: A genus related to but distinct from the existing genus Terracoccus of different.

Variterribacillus

L. masc. adjective *varius*, different; L. masc. n. *Terribacillus*, An existing genus; *Variterribacillus*: A genus related to but distinct from the existing genus Terribacillus of different.

Variterriglobus

L. masc. adjective *varius*, different; L. masc. n. *Terriglobus*, An existing genus; *Variterriglobus*: A genus related to but distinct from the existing genus Terriglobus of different.

Variterrilactibacillus

L. masc. adjective *varius*, different; L. masc. n. *Terrilactibacillus*, An existing genus; *Variterrilactibacillus*: A genus related to but distinct from the existing genus Terrilactibacillus of different.

Variterrimicrobium

L. masc. adjective *varius*, different; L. neut. n. *Terrimicrobium*, An existing genus; *Variterrimicrobium*: A genus related to but distinct from the existing genus Terrimicrobium of different.

Variterrisporobacter

L. masc. adjective *varius*, different; L. masc. n. *Terrisporobacter*, An existing genus; *Variterrisporobacter*: A genus related to but distinct from the existing genus Terrisporobacter of different.

Varitersicoccus

L. masc. adjective *varius*, different; L. masc. n. *Tersicoccus*, An existing genus; *Varitersicoccus*: A genus related to but distinct from the existing genus Tersicoccus of different.

Varitessaracoccus

L. masc. adjective *varius*, different; L. masc. n. *Tessaracoccus*, An existing genus; *Varitessaracoccus*: A genus related to but distinct from the existing genus Tessaracoccus of different.

Varitestudinibacter

L. masc. adjective *varius*, different; L. masc. n. *Testudinibacter*, An existing genus; *Varitestudinibacter*: A genus related to but distinct from the existing genus Testudinibacter of different.

Varitetracoccus

L. masc. adjective *varius*, different; L. masc. n. *Tetracoccus*, An existing genus; *Varitetracoccus*: A genus related to but distinct from the existing genus Tetracoccus of different.

Varitetragenococcus

L. masc. adjective *varius*, different; L. masc. n. *Tetragenococcus*, An existing genus; *Varitetragenococcus*: A genus related to but distinct from the existing genus Tetragenococcus of different.

Varitetrasphaera

L. masc. adjective *varius*, different; L. fem. n. *Tetrasphaera*, An existing genus; *Varitetrasphaera*: A genus related to but distinct from the existing genus Tetrasphaera of different.

Varitetrathiobacter

L. masc. adjective *varius*, different; L. masc. n. *Tetrathiobacter*, An existing genus; *Varitetrathiobacter*: A genus related to but distinct from the existing genus Tetrathiobacter of different.

Varitexcoconibacillus

L. masc. adjective *varius*, different; L. masc. n. *Texcoconibacillus*, An existing genus; *Varitexcoconibacillus*: A genus related to but distinct from the existing genus Texcoconibacillus of different.

Varithalassobacillus

L. masc. adjective *varius*, different; L. masc. n. *Thalassobacillus*, An existing genus; *Varithalassobacillus*: A genus related to but distinct from the existing genus Thalassobacillus of different.

Varithalassobacter

L. masc. adjective *varius*, different; L. masc. n. *Thalassobacter*, An existing genus; *Varithalassobacter*: A genus related to but distinct from the existing genus Thalassobacter of different.

Varithalassobaculum

L. masc. adjective *varius*, different; L. neut. n. *Thalassobaculum*, An existing genus; *Varithalassobaculum*: A genus related to but distinct from the existing genus Thalassobaculum of different.

Varithalassobius

L. masc. adjective *varius*, different; L. masc. n. *Thalassobius*, An existing genus; *Varithalassobius*: A genus related to but distinct from the existing genus Thalassobius of different.

Varithalassocella

L. masc. adjective *varius*, different; L. fem. n. *Thalassocella*, An existing genus; *Varithalassocella*: A genus related to but distinct from the existing genus Thalassocella of different.

Varithalassococcus

L. masc. adjective *varius*, different; L. masc. n. *Thalassococcus*, An existing genus; *Varithalassococcus*: A genus related to but distinct from the existing genus Thalassococcus of different.

Varithalassocola

L. masc. adjective *varius*, different; L. fem. n. *Thalassocola*, An existing genus; *Varithalassocola*: A genus related to but distinct from the existing genus Thalassocola of different.

Varithalassolituus

L. masc. adjective *varius*, different; L. masc. n. *Thalassolituus*, An existing genus; *Varithalassolituus*: A genus related to but distinct from the existing genus Thalassolituus of different.

Varithalassomonas

L. masc. adjective *varius*, different; L. fem. n. *Thalassomonas*, An existing genus; *Varithalassomonas*: A genus related to but distinct from the existing genus Thalassomonas of different.

Varithalassorhabdomicrobium

L. masc. adjective *varius*, different; L. neut. n. *Thalassorhabdomicrobium*, An existing genus; *Varithalassorhabdomicrobium*: A genus related to but distinct from the existing genus Thalassorhabdomicrobium of different.

Varithalassorhabdus

L. masc. adjective *varius*, different; L. fem. n. *Thalassorhabdus*, An existing genus; *Varithalassorhabdus*: A genus related to but distinct from the existing genus Thalassorhabdus of different.

Varithalassospira

L. masc. adjective *varius*, different; L. fem. n. *Thalassospira*, An existing genus; *Varithalassospira*: A genus related to but distinct from the existing genus Thalassospira of different.

Varithalassotalea

L. masc. adjective *varius*, different; L. fem. n. *Thalassotalea*, An existing genus; *Varithalassotalea*: A genus related to but distinct from the existing genus Thalassotalea of different.

Varithauera

L. masc. adjective *varius*, different; L. fem. n. *Thauera*, An existing genus; *Varithauera*: A genus related to but distinct from the existing genus Thauera of different.

Varithaumasiovibrio

L. masc. adjective *varius*, different; L. masc. n. *Thaumasiovibrio*, An existing genus; *Varithaumasiovibrio*: A genus related to but distinct from the existing genus Thaumasiovibrio of different.

Varithermacetogenium

L. masc. adjective *varius*, different; L. neut. n. *Thermacetogenium*, An existing genus; *Varithermacetogenium*: A genus related to but distinct from the existing genus Thermacetogenium of different.

Varithermaerobacter

L. masc. adjective *varius*, different; L. masc. n. *Thermaerobacter*, An existing genus; *Varithermaerobacter*: A genus related to but distinct from the existing genus Thermaerobacter of different.

Varithermalkalibacillus

L. masc. adjective *varius*, different; L. masc. n. *Thermalkalibacillus*, An existing genus; *Varithermalkalibacillus*: A genus related to but distinct from the existing genus Thermalkalibacillus of different.

Varithermanaeromonas

L. masc. adjective *varius*, different; L. fem. n. *Thermanaeromonas*, An existing genus; *Varithermanaeromonas*: A genus related to but distinct from the existing genus Thermanaeromonas of different.

Varithermanaerothrix

L. masc. adjective *varius*, different; L. fem. n. *Thermanaerothrix*, An existing genus; *Varithermanaerothrix*: A genus related to but distinct from the existing genus Thermanaerothrix of different.

Varithermanaerovibrio

L. masc. adjective *varius*, different; L. masc. n. *Thermanaerovibrio*, An existing genus; *Varithermanaerovibrio*: A genus related to but distinct from the existing genus Thermanaerovibrio of different.

Varithermasporomyces

L. masc. adjective *varius*, different; L. masc. n. *Thermasporomyces*, An existing genus; *Varithermasporomyces*: A genus related to but distinct from the existing genus Thermasporomyces of different.

Varithermaurantimonas

L. masc. adjective *varius*, different; L. fem. n. *Thermaurantimonas*, An existing genus; *Varithermaurantimonas*: A genus related to but distinct from the existing genus Thermaurantimonas of different.

Varithermithiobacillus

L. masc. adjective *varius*, different; L. masc. n. *Thermithiobacillus*, An existing genus; *Varithermithiobacillus*: A genus related to but distinct from the existing genus Thermithiobacillus of different.

Varithermoactinomyces

L. masc. adjective *varius*, different; L. masc. n. *Thermoactinomyces*, An existing genus; *Varithermoactinomyces*: A genus related to but distinct from the existing genus Thermoactinomyces of different.

Varithermoactinospora

L. masc. adjective *varius*, different; L. fem. n. *Thermoactinospora*, An existing genus; *Varithermoactinospora*: A genus related to but distinct from the existing genus Thermoactinospora of different.

Varithermoanaerobacter

L. masc. adjective *varius*, different; L. masc. n. *Thermoanaerobacter*, An existing genus; *Varithermoanaerobacter*: A genus related to but distinct from the existing genus Thermoanaerobacter of different.

Varithermoanaerobacterium

L. masc. adjective *varius*, different; L. neut. n. *Thermoanaerobacterium*, An existing genus; *Varithermoanaerobacterium*: A genus related to but distinct from the existing genus Thermoanaerobacterium of different.

Varithermoanaerobaculum

L. masc. adjective *varius*, different; L. neut. n. *Thermoanaerobaculum*, An existing genus; *Varithermoanaerobaculum*: A genus related to but distinct from the existing genus Thermoanaerobaculum of different.

Varithermoanaerobium

L. masc. adjective *varius*, different; L. neut. n. *Thermoanaerobium*, An existing genus; *Varithermoanaerobium*: A genus related to but distinct from the existing genus Thermoanaerobium of different.

Varithermobacillus

L. masc. adjective *varius*, different; L. masc. n. *Thermobacillus*, An existing genus; *Varithermobacillus*: A genus related to but distinct from the existing genus Thermobacillus of different.

Varithermobacteroides

L. masc. adjective *varius*, different; L. masc. n. *Thermobacteroides*, An existing genus; *Varithermobacteroides*: A genus related to but distinct from the existing genus Thermobacteroides of different.

Varithermobifida

L. masc. adjective *varius*, different; L. fem. n. *Thermobifida*, An existing genus; *Varithermobifida*: A genus related to but distinct from the existing genus Thermobifida of different.

Varithermobispora

L. masc. adjective *varius*, different; L. fem. n. *Thermobispora*, An existing genus; *Varithermobispora*: A genus related to but distinct from the existing genus Thermobispora of different.

Varithermobrachium

L. masc. adjective *varius*, different; L. neut. n. *Thermobrachium*, An existing genus; *Varithermobrachium*: A genus related to but distinct from the existing genus Thermobrachium of different.

Varithermocatellispora

L. masc. adjective *varius*, different; L. fem. n. *Thermocatellispora*, An existing genus; *Varithermocatellispora*: A genus related to but distinct from the existing genus Thermocatellispora of different.

Varithermochromatium

L. masc. adjective *varius*, different; L. neut. n. *Thermochromatium*, An existing genus; *Varithermochromatium*: A genus related to but distinct from the existing genus Thermochromatium of different.

Varithermocladium

L. masc. adjective *varius*, different; L. neut. dim. n. *Thermocladium*, An existing genus; *Varithermocladium*: A genus related to but distinct from the existing genus Thermocladium of different.

Varithermoclostridium

L. masc. adjective *varius*, different; L. neut. dim. n. *Thermoclostridium*, An existing genus; *Varithermoclostridium*: A genus related to but distinct from the existing genus Thermoclostridium of different.

Varithermococcoides

L. masc. adjective *varius*, different; L. masc. n. *Thermococcoides*, An existing genus; *Varithermococcoides*: A genus related to but distinct from the existing genus Thermococcoides of different.

Varithermococcus

L. masc. adjective *varius*, different; L. masc. n. *Thermococcus*, An existing genus; *Varithermococcus*: A genus related to but distinct from the existing genus Thermococcus of different.

Varithermocrinis

L. masc. adjective *varius*, different; L. masc. n. *Thermocrinis*, An existing genus; *Varithermocrinis*: A genus related to but distinct from the existing genus Thermocrinis of different.

Varithermocrispum

L. masc. adjective *varius*, different; L. neut. n. *Thermocrispum*, An existing genus; *Varithermocrispum*: A genus related to but distinct from the existing genus Thermocrispum of different.

Varithermodesulfatator

L. masc. adjective *varius*, different; L. masc. n. *Thermodesulfatator*, An existing genus; *Varithermodesulfatator*: A genus related to but distinct from the existing genus Thermodesulfatator of different.

Varithermodesulfitimonas

L. masc. adjective *varius*, different; L. fem. n. *Thermodesulfitimonas*, An existing genus; *Varithermodesulfitimonas*: A genus related to but distinct from the existing genus Thermodesulfitimonas of different.

Varithermodesulfobacterium

L. masc. adjective *varius*, different; L. neut. n. *Thermodesulfobacterium*, An existing genus; *Varithermodesulfobacterium*: A genus related to but distinct from the existing genus Thermodesulfobacterium of different.

Varithermodesulfobium

L. masc. adjective *varius*, different; L. neut. n. *Thermodesulfobium*, An existing genus; *Varithermodesulfobium*: A genus related to but distinct from the existing genus Thermodesulfobium of different.

Varithermodesulforhabdus

L. masc. adjective *varius*, different; L. fem. n. *Thermodesulforhabdus*, An existing genus; *Varithermodesulforhabdus*: A genus related to but distinct from the existing genus Thermodesulforhabdus of different.

Varithermodesulfovibrio

L. masc. adjective *varius*, different; L. masc. n. *Thermodesulfovibrio*, An existing genus; *Varithermodesulfovibrio*: A genus related to but distinct from the existing genus Thermodesulfovibrio of different.

Varithermodiscus

L. masc. adjective *varius*, different; L. masc. n. *Thermodiscus*, An existing genus; *Varithermodiscus*: A genus related to but distinct from the existing genus Thermodiscus of different.

Varithermofilum

L. masc. adjective *varius*, different; L. neut. n. *Thermofilum*, An existing genus; *Varithermofilum*: A genus related to but distinct from the existing genus Thermofilum of different.

Varithermoflavifilum

L. masc. adjective *varius*, different; L. neut. n. *Thermoflavifilum*, An existing genus; *Varithermoflavifilum*: A genus related to but distinct from the existing genus Thermoflavifilum of different.

Varithermoflavimicrobium

L. masc. adjective *varius*, different; L. neut. n. *Thermoflavimicrobium*, An existing genus; *Varithermoflavimicrobium*: A genus related to but distinct from the existing genus Thermoflavimicrobium of different.

Varithermoflexibacter

L. masc. adjective *varius*, different; L. masc. n. *Thermoflexibacter*, An existing genus; *Varithermoflexibacter*: A genus related to but distinct from the existing genus Thermoflexibacter of different.

Varithermoflexus

L. masc. adjective *varius*, different; L. masc. n. *Thermoflexus*, An existing genus; *Varithermoflexus*: A genus related to but distinct from the existing genus Thermoflexus of different.

Varithermogemmatispora

L. masc. adjective *varius*, different; L. fem. n. *Thermogemmatispora*, An existing genus; *Varithermogemmatispora*: A genus related to but distinct from the existing genus Thermogemmatispora of different.

Varithermogladius

L. masc. adjective *varius*, different; L. masc. n. *Thermogladius*, An existing genus; *Varithermogladius*: A genus related to but distinct from the existing genus Thermogladius of different.

Varithermogutta

L. masc. adjective *varius*, different; L. fem. n. *Thermogutta*, An existing genus; *Varithermogutta*: A genus related to but distinct from the existing genus Thermogutta of different.

Varithermogymnomonas

L. masc. adjective *varius*, different; L. fem. n. *Thermogymnomonas*, An existing genus; *Varithermogymnomonas*: A genus related to but distinct from the existing genus Thermogymnomonas of different.

Varithermohalobacter

L. masc. adjective *varius*, different; L. masc. n. *Thermohalobacter*, An existing genus; *Varithermohalobacter*: A genus related to but distinct from the existing genus Thermohalobacter of different.

Varithermohydrogenium

L. masc. adjective *varius*, different; L. neut. n. *Thermohydrogenium*, An existing genus; *Varithermohydrogenium*: A genus related to but distinct from the existing genus Thermohydrogenium of different.

Varithermoleophilum

L. masc. adjective *varius*, different; L. neut. n. *Thermoleophilum*, An existing genus; *Varithermoleophilum*: A genus related to but distinct from the existing genus Thermoleophilum of different.

Varithermoleptolyngbya

L. masc. adjective *varius*, different; L. fem. n. *Thermoleptolyngbya*, An existing genus; *Varithermoleptolyngbya*: A genus related to but distinct from the existing genus Thermoleptolyngbya of different.

Varithermolithobacter

L. masc. adjective *varius*, different; L. masc. n. *Thermolithobacter*, An existing genus; *Varithermolithobacter*: A genus related to but distinct from the existing genus Thermolithobacter of different.

Varithermolongibacillus

L. masc. adjective *varius*, different; L. masc. n. *Thermolongibacillus*, An existing genus; *Varithermolongibacillus*: A genus related to but distinct from the existing genus Thermolongibacillus of different.

Varithermomarinilinea

L. masc. adjective *varius*, different; L. fem. n. *Thermomarinilinea*, An existing genus; *Varithermomarinilinea*: A genus related to but distinct from the existing genus Thermomarinilinea of different.

Varithermomicrobium

L. masc. adjective *varius*, different; L. neut. n. *Thermomicrobium*, An existing genus; *Varithermomicrobium*: A genus related to but distinct from the existing genus Thermomicrobium of different.

Varithermomonas

L. masc. adjective *varius*, different; L. fem. n. *Thermomonas*, An existing genus; *Varithermomonas*: A genus related to but distinct from the existing genus Thermomonas of different.

Varithermomonospora

L. masc. adjective *varius*, different; L. fem. n. *Thermomonospora*, An existing genus; *Varithermomonospora*: A genus related to but distinct from the existing genus Thermomonospora of different.

Varithermonema

L. masc. adjective *varius*, different; L. neut. n. *Thermonema*, An existing genus; *Varithermonema*: A genus related to but distinct from the existing genus Thermonema of different.

Varithermophagus

L. masc. adjective *varius*, different; L. masc. n. *Thermophagus*, An existing genus; *Varithermophagus*: A genus related to but distinct from the existing genus Thermophagus of different.

Varithermoplasma

L. masc. adjective *varius*, different; L. neut. n. *Thermoplasma*, An existing genus; *Varithermoplasma*: A genus related to but distinct from the existing genus Thermoplasma of different.

Varithermopolyspora

L. masc. adjective *varius*, different; L. fem. n. *Thermopolyspora*, An existing genus; *Varithermopolyspora*: A genus related to but distinct from the existing genus Thermopolyspora of different.

Varithermoproteus

L. masc. adjective *varius*, different; L. masc. n. *Thermoproteus*, An existing genus; *Varithermoproteus*: A genus related to but distinct from the existing genus Thermoproteus of different.

Varithermorudis

L. masc. adjective *varius*, different; L. fem. n. *Thermorudis*, An existing genus; *Varithermorudis*: A genus related to but distinct from the existing genus Thermorudis of different.

Varithermosediminibacter

L. masc. adjective *varius*, different; L. masc. n. *Thermosediminibacter*, An existing genus; *Varithermosediminibacter*: A genus related to but distinct from the existing genus Thermosediminibacter of different.

Varithermosinus

L. masc. adjective *varius*, different; L. masc. n. *Thermosinus*, An existing genus; *Varithermosinus*: A genus related to but distinct from the existing genus Thermosinus of different.

Varithermosipho

L. masc. adjective *varius*, different; L. masc. n. *Thermosipho*, An existing genus; *Varithermosipho*: A genus related to but distinct from the existing genus Thermosipho of different.

Varithermosphaera

L. masc. adjective *varius*, different; L. fem. n. *Thermosphaera*, An existing genus; *Varithermosphaera*: A genus related to but distinct from the existing genus Thermosphaera of different.

Varithermosporothrix

L. masc. adjective *varius*, different; L. fem. n. *Thermosporothrix*, An existing genus; *Varithermosporothrix*: A genus related to but distinct from the existing genus Thermosporothrix of different.

Varithermostaphylospora

L. masc. adjective *varius*, different; L. fem. n. *Thermostaphylospora*, An existing genus; *Varithermostaphylospora*: A genus related to but distinct from the existing genus Thermostaphylospora of different.

Varithermostilla

L. masc. adjective *varius*, different; L. fem. n. *Thermostilla*, An existing genus; *Varithermostilla*: A genus related to but distinct from the existing genus Thermostilla of different.

Varithermosulfidibacter

L. masc. adjective *varius*, different; L. masc. n. *Thermosulfidibacter*, An existing genus; *Varithermosulfidibacter*: A genus related to but distinct from the existing genus Thermosulfidibacter of different.

Varithermosulfurimonas

L. masc. adjective *varius*, different; L. fem. n. *Thermosulfurimonas*, An existing genus; *Varithermosulfurimonas*: A genus related to but distinct from the existing genus Thermosulfurimonas of different.

Varithermosulfuriphilus

L. masc. adjective *varius*, different; L. masc. n. *Thermosulfuriphilus*, An existing genus; *Varithermosulfuriphilus*: A genus related to but distinct from the existing genus Thermosulfuriphilus of different.

Varithermosyntropha

L. masc. adjective *varius*, different; L. fem. n. *Thermosyntropha*, An existing genus; *Varithermosyntropha*: A genus related to but distinct from the existing genus Thermosyntropha of different.

Varithermotalea

L. masc. adjective *varius*, different; L. fem. n. *Thermotalea*, An existing genus; *Varithermotalea*: A genus related to but distinct from the existing genus Thermotalea of different.

Varithermoterrabacterium

L. masc. adjective *varius*, different; L. neut. n. *Thermoterrabacterium*, An existing genus; *Varithermoterrabacterium*: A genus related to but distinct from the existing genus Thermoterrabacterium of different.

Varithermotoga

L. masc. adjective *varius*, different; L. fem. n. *Thermotoga*, An existing genus; *Varithermotoga*: A genus related to but distinct from the existing genus Thermotoga of different.

Varithermotomaculum

L. masc. adjective *varius*, different; L. neut. n. *Thermotomaculum*, An existing genus; *Varithermotomaculum*: A genus related to but distinct from the existing genus Thermotomaculum of different.

Varithermotunica

L. masc. adjective *varius*, different; L. fem. n. *Thermotunica*, An existing genus; *Varithermotunica*: A genus related to but distinct from the existing genus Thermotunica of different.

Varithermovenabulum

L. masc. adjective *varius*, different; L. neut. n. *Thermovenabulum*, An existing genus; *Varithermovenabulum*: A genus related to but distinct from the existing genus Thermovenabulum of different.

Varithermovibrio

L. masc. adjective *varius*, different; L. masc. n. *Thermovibrio*, An existing genus; *Varithermovibrio*: A genus related to but distinct from the existing genus Thermovibrio of different.

Varithermovirga

L. masc. adjective *varius*, different; L. fem. n. *Thermovirga*, An existing genus; *Varithermovirga*: A genus related to but distinct from the existing genus Thermovirga of different.

Varithermovorax

L. masc. adjective *varius*, different; L. masc. n. *Thermovorax*, An existing genus; *Varithermovorax*: A genus related to but distinct from the existing genus Thermovorax of different.

Varithermovum

L. masc. adjective *varius*, different; L. neut. n. *Thermovum*, An existing genus; *Varithermovum*: A genus related to but distinct from the existing genus Thermovum of different.

Varithermus

L. masc. adjective *varius*, different; L. masc. n. *Thermus*, An existing genus; *Varithermus*: A genus related to but distinct from the existing genus Thermus of different.

Varithioalbus

L. masc. adjective *varius*, different; L. masc. n. *Thioalbus*, An existing genus; *Varithioalbus*: A genus related to but distinct from the existing genus Thioalbus of different.

Varithioalkalibacter

L. masc. adjective *varius*, different; L. masc. n. *Thioalkalibacter*, An existing genus; *Varithioalkalibacter*: A genus related to but distinct from the existing genus Thioalkalibacter of different.

Varithioalkalicoccus

L. masc. adjective *varius*, different; L. masc. n. *Thioalkalicoccus*, An existing genus; *Varithioalkalicoccus*: A genus related to but distinct from the existing genus Thioalkalicoccus of different.

Varithioalkalimicrobium

L. masc. adjective *varius*, different; L. neut. n. *Thioalkalimicrobium*, An existing genus; *Varithioalkalimicrobium*: A genus related to but distinct from the existing genus Thioalkalimicrobium of different.

Varithioalkalispira

L. masc. adjective *varius*, different; L. fem. n. *Thioalkalispira*, An existing genus; *Varithioalkalispira*: A genus related to but distinct from the existing genus Thioalkalispira of different.

Varithioalkalivibrio

L. masc. adjective *varius*, different; L. masc. n. *Thioalkalivibrio*, An existing genus; *Varithioalkalivibrio*: A genus related to but distinct from the existing genus Thioalkalivibrio of different.

Varithiobaca

L. masc. adjective *varius*, different; L. fem. n. *Thiobaca*, An existing genus; *Varithiobaca*: A genus related to but distinct from the existing genus Thiobaca of different.

Varithiobacillus

L. masc. adjective *varius*, different; L. masc. n. *Thiobacillus*, An existing genus; *Varithiobacillus*: A genus related to but distinct from the existing genus Thiobacillus of different.

Varithiobacimonas

L. masc. adjective *varius*, different; L. fem. n. *Thiobacimonas*, An existing genus; *Varithiobacimonas*: A genus related to but distinct from the existing genus Thiobacimonas of different.

Varithiobacterium

L. masc. adjective *varius*, different; L. neut. n. *Thiobacterium*, An existing genus; *Varithiobacterium*: A genus related to but distinct from the existing genus Thiobacterium of different.

Varithiocapsa

L. masc. adjective *varius*, different; L. fem. n. *Thiocapsa*, An existing genus; *Varithiocapsa*: A genus related to but distinct from the existing genus Thiocapsa of different.

Varithioclava

L. masc. adjective *varius*, different; L. fem. n. *Thioclava*, An existing genus; *Varithioclava*: A genus related to but distinct from the existing genus Thioclava of different.

Varithiococcus

L. masc. adjective *varius*, different; L. masc. n. *Thiococcus*, An existing genus; *Varithiococcus*: A genus related to but distinct from the existing genus Thiococcus of different.

Varithiocystis

L. masc. adjective *varius*, different; L. fem. n. *Thiocystis*, An existing genus; *Varithiocystis*: A genus related to but distinct from the existing genus Thiocystis of different.

Varithiodictyon

L. masc. adjective *varius*, different; L. neut. n. *Thiodictyon*, An existing genus; *Varithiodictyon*: A genus related to but distinct from the existing genus Thiodictyon of different.

Varithiofaba

L. masc. adjective *varius*, different; L. fem. n. *Thiofaba*, An existing genus; *Varithiofaba*: A genus related to but distinct from the existing genus Thiofaba of different.

Varithiofilum

L. masc. adjective *varius*, different; L. neut. n. *Thiofilum*, An existing genus; *Varithiofilum*: A genus related to but distinct from the existing genus Thiofilum of different.

Varithioflavicoccus

L. masc. adjective *varius*, different; L. masc. n. *Thioflavicoccus*, An existing genus; *Varithioflavicoccus*: A genus related to but distinct from the existing genus Thioflavicoccus of different.

Varithioflexithrix

L. masc. adjective *varius*, different; L. fem. n. *Thioflexithrix*, An existing genus; *Varithioflexithrix*: A genus related to but distinct from the existing genus Thioflexithrix of different.

Varithiofractor

L. masc. adjective *varius*, different; L. masc. n. *Thiofractor*, An existing genus; *Varithiofractor*: A genus related to but distinct from the existing genus Thiofractor of different.

Varithiohalobacter

L. masc. adjective *varius*, different; L. masc. n. *Thiohalobacter*, An existing genus; *Varithiohalobacter*: A genus related to but distinct from the existing genus Thiohalobacter of different.

Varithiohalocapsa

L. masc. adjective *varius*, different; L. fem. n. *Thiohalocapsa*, An existing genus; *Varithiohalocapsa*: A genus related to but distinct from the existing genus Thiohalocapsa of different.

Varithiohalomonas

L. masc. adjective *varius*, different; L. fem. n. *Thiohalomonas*, An existing genus; *Varithiohalomonas*: A genus related to but distinct from the existing genus Thiohalomonas of different.

Varithiohalophilus

L. masc. adjective *varius*, different; L. masc. n. *Thiohalophilus*, An existing genus; *Varithiohalophilus*: A genus related to but distinct from the existing genus Thiohalophilus of different.

Varithiohalorhabdus

L. masc. adjective *varius*, different; L. fem. n. *Thiohalorhabdus*, An existing genus; *Varithiohalorhabdus*: A genus related to but distinct from the existing genus Thiohalorhabdus of different.

Varithiohalospira

L. masc. adjective *varius*, different; L. fem. n. *Thiohalospira*, An existing genus; *Varithiohalospira*: A genus related to but distinct from the existing genus Thiohalospira of different.

Varithiolamprovum

L. masc. adjective *varius*, different; L. neut. n. *Thiolamprovum*, An existing genus; *Varithiolamprovum*: A genus related to but distinct from the existing genus Thiolamprovum of different.

Varithiolapillus

L. masc. adjective *varius*, different; L. masc. n. *Thiolapillus*, An existing genus; *Varithiolapillus*: A genus related to but distinct from the existing genus Thiolapillus of different.

Varithiolinea

L. masc. adjective *varius*, different; L. fem. n. *Thiolinea*, An existing genus; *Varithiolinea*: A genus related to but distinct from the existing genus Thiolinea of different.

Varithiomargarita

L. masc. adjective *varius*, different; L. fem. n. *Thiomargarita*, An existing genus; *Varithiomargarita*: A genus related to but distinct from the existing genus Thiomargarita of different.

Varithiomicrorhabdus

L. masc. adjective *varius*, different; L. fem. n. *Thiomicrorhabdus*, An existing genus; *Varithiomicrorhabdus*: A genus related to but distinct from the existing genus Thiomicrorhabdus of different.

Varithiomicrospira

L. masc. adjective *varius*, different; L. fem. n. *Thiomicrospira*, An existing genus; *Varithiomicrospira*: A genus related to but distinct from the existing genus Thiomicrospira of different.

Varithiomonas

L. masc. adjective *varius*, different; L. fem. n. *Thiomonas*, An existing genus; *Varithiomonas*: A genus related to but distinct from the existing genus Thiomonas of different.

Varithiopedia

L. masc. adjective *varius*, different; L. fem. n. *Thiopedia*, An existing genus; *Varithiopedia*: A genus related to but distinct from the existing genus Thiopedia of different.

Varithiophaeococcus

L. masc. adjective *varius*, different; L. masc. n. *Thiophaeococcus*, An existing genus; *Varithiophaeococcus*: A genus related to but distinct from the existing genus Thiophaeococcus of different.

Varithioploca

L. masc. adjective *varius*, different; L. fem. n. *Thioploca*, An existing genus; *Varithioploca*: A genus related to but distinct from the existing genus Thioploca of different.

Varithioprofundum

L. masc. adjective *varius*, different; L. neut. n. *Thioprofundum*, An existing genus; *Varithioprofundum*: A genus related to but distinct from the existing genus Thioprofundum of different.

Varithiopseudomonas

L. masc. adjective *varius*, different; L. fem. n. *Thiopseudomonas*, An existing genus; *Varithiopseudomonas*: A genus related to but distinct from the existing genus Thiopseudomonas of different.

Varithioreductor

L. masc. adjective *varius*, different; L. masc. n. *Thioreductor*, An existing genus; *Varithioreductor*: A genus related to but distinct from the existing genus Thioreductor of different.

Varithiorhodococcus

L. masc. adjective *varius*, different; L. masc. n. *Thiorhodococcus*, An existing genus; *Varithiorhodococcus*: A genus related to but distinct from the existing genus Thiorhodococcus of different.

Varithiorhodospira

L. masc. adjective *varius*, different; L. fem. n. *Thiorhodospira*, An existing genus; *Varithiorhodospira*: A genus related to but distinct from the existing genus Thiorhodospira of different.

Varithiorhodovibrio

L. masc. adjective *varius*, different; L. masc. n. *Thiorhodovibrio*, An existing genus; *Varithiorhodovibrio*: A genus related to but distinct from the existing genus Thiorhodovibrio of different.

Varithiosocius

L. masc. adjective *varius*, different; L. masc. n. *Thiosocius*, An existing genus; *Varithiosocius*: A genus related to but distinct from the existing genus Thiosocius of different.

Varithiosphaera

L. masc. adjective *varius*, different; L. fem. n. *Thiosphaera*, An existing genus; *Varithiosphaera*: A genus related to but distinct from the existing genus Thiosphaera of different.

Varithiospira

L. masc. adjective *varius*, different; L. fem. n. *Thiospira*, An existing genus; *Varithiospira*: A genus related to but distinct from the existing genus Thiospira of different.

Varithiospirillum

L. masc. adjective *varius*, different; L. neut. dim. n. *Thiospirillum*, An existing genus; *Varithiospirillum*: A genus related to but distinct from the existing genus Thiospirillum of different.

Varithiothrix

L. masc. adjective *varius*, different; L. fem. n. *Thiothrix*, An existing genus; *Varithiothrix*: A genus related to but distinct from the existing genus Thiothrix of different.

Varithiovulum

L. masc. adjective *varius*, different; L. neut. n. *Thiovulum*, An existing genus; *Varithiovulum*: A genus related to but distinct from the existing genus Thiovulum of different.

Varithorsellia

L. masc. adjective *varius*, different; L. fem. n. *Thorsellia*, An existing genus; *Varithorsellia*: A genus related to but distinct from the existing genus Thorsellia of different.

Varitianweitania

L. masc. adjective *varius*, different; L. fem. n. *Tianweitania*, An existing genus; *Varitianweitania*: A genus related to but distinct from the existing genus Tianweitania of different.

Varitibeticola

L. masc. adjective *varius*, different; L. masc. n. *Tibeticola*, An existing genus; *Varitibeticola*: A genus related to but distinct from the existing genus Tibeticola of different.

Varitildeniella

L. masc. adjective *varius*, different; L. fem. dim. n. *Tildeniella*, An existing genus; *Varitildeniella*: A genus related to but distinct from the existing genus Tildeniella of different.

Varitimaviella

L. masc. adjective *varius*, different; L. fem. n. *Timaviella*, An existing genus; *Varitimaviella*: A genus related to but distinct from the existing genus Timaviella of different.

Varitimonella

L. masc. adjective *varius*, different; L. fem. dim. n. *Timonella*, An existing genus; *Varitimonella*: A genus related to but distinct from the existing genus Timonella of different.

Varitindallia

L. masc. adjective *varius*, different; L. fem. n. *Tindallia*, An existing genus; *Varitindallia*: A genus related to but distinct from the existing genus Tindallia of different.

Varitissierella

L. masc. adjective *varius*, different; L. fem. dim. n. *Tissierella*, An existing genus; *Varitissierella*: A genus related to but distinct from the existing genus Tissierella of different.

Varitistlia

L. masc. adjective *varius*, different; L. fem. n. *Tistlia*, An existing genus; *Varitistlia*: A genus related to but distinct from the existing genus Tistlia of different.

Varitistrella

L. masc. adjective *varius*, different; L. fem. dim. n. *Tistrella*, An existing genus; *Varitistrella*: A genus related to but distinct from the existing genus Tistrella of different.

Varititanospirillum

L. masc. adjective *varius*, different; L. neut. dim. n. *Titanospirillum*, An existing genus; *Varititanospirillum*: A genus related to but distinct from the existing genus Titanospirillum of different.

Varitolumonas

L. masc. adjective *varius*, different; L. fem. n. *Tolumonas*, An existing genus; *Varitolumonas*: A genus related to but distinct from the existing genus Tolumonas of different.

Varitomitella

L. masc. adjective *varius*, different; L. fem. dim. n. *Tomitella*, An existing genus; *Varitomitella*: A genus related to but distinct from the existing genus Tomitella of different.

Varitonsilliphilus

L. masc. adjective *varius*, different; L. masc. n. *Tonsilliphilus*, An existing genus; *Varitonsilliphilus*: A genus related to but distinct from the existing genus Tonsilliphilus of different.

Varitoxifilum

L. masc. adjective *varius*, different; L. neut. n. *Toxifilum*, An existing genus; *Varitoxifilum*: A genus related to but distinct from the existing genus Toxifilum of different.

Varitoxopsis

L. masc. adjective *varius*, different; L. fem. n. *Toxopsis*, An existing genus; *Varitoxopsis*: A genus related to but distinct from the existing genus Toxopsis of different.

Varitoxothrix

L. masc. adjective *varius*, different; L. fem. n. *Toxothrix*, An existing genus; *Varitoxothrix*: A genus related to but distinct from the existing genus Toxothrix of different.

Varitrabulsiella

L. masc. adjective *varius*, different; L. fem. dim. n. *Trabulsiella*, An existing genus; *Varitrabulsiella*: A genus related to but distinct from the existing genus Trabulsiella of different.

Varitranquillimonas

L. masc. adjective *varius*, different; L. fem. n. *Tranquillimonas*, An existing genus; *Varitranquillimonas*: A genus related to but distinct from the existing genus Tranquillimonas of different.

Varitraorella

L. masc. adjective *varius*, different; L. fem. dim. n. *Traorella*, An existing genus; *Varitraorella*: A genus related to but distinct from the existing genus Traorella of different.

Varitreponema

L. masc. adjective *varius*, different; L. neut. n. *Treponema*, An existing genus; *Varitreponema*: A genus related to but distinct from the existing genus Treponema of different.

Varitrichlorobacter

L. masc. adjective *varius*, different; L. masc. n. *Trichlorobacter*, An existing genus; *Varitrichlorobacter*: A genus related to but distinct from the existing genus Trichlorobacter of different.

Varitrichococcus

L. masc. adjective *varius*, different; L. masc. n. *Trichococcus*, An existing genus; *Varitrichococcus*: A genus related to but distinct from the existing genus Trichococcus of different.

Varitrinickia

L. masc. adjective *varius*, different; L. fem. n. *Trinickia*, An existing genus; *Varitrinickia*: A genus related to but distinct from the existing genus Trinickia of different.

Varitritonibacter

L. masc. adjective *varius*, different; L. masc. n. *Tritonibacter*, An existing genus; *Varitritonibacter*: A genus related to but distinct from the existing genus Tritonibacter of different.

Varitropheryma

L. masc. adjective *varius*, different; L. neut. n. *Tropheryma*, An existing genus; *Varitropheryma*: A genus related to but distinct from the existing genus Tropheryma of different.

Varitropicibacter

L. masc. adjective *varius*, different; L. masc. n. *Tropicibacter*, An existing genus; *Varitropicibacter*: A genus related to but distinct from the existing genus Tropicibacter of different.

Varitropicihabitans

L. masc. adjective *varius*, different; L. masc. n. *Tropicihabitans*, An existing genus; *Varitropicihabitans*: A genus related to but distinct from the existing genus Tropicihabitans of different.

Varitropicimonas

L. masc. adjective *varius*, different; L. fem. n. *Tropicimonas*, An existing genus; *Varitropicimonas*: A genus related to but distinct from the existing genus Tropicimonas of different.

Varitruepera

L. masc. adjective *varius*, different; L. fem. n. *Truepera*, An existing genus; *Varitruepera*: A genus related to but distinct from the existing genus Truepera of different.

Varitrueperella

L. masc. adjective *varius*, different; L. fem. dim. n. *Trueperella*, An existing genus; *Varitrueperella*: A genus related to but distinct from the existing genus Trueperella of different.

Varitsukamurella

L. masc. adjective *varius*, different; L. fem. dim. n. *Tsukamurella*, An existing genus; *Varitsukamurella*: A genus related to but distinct from the existing genus Tsukamurella of different.

Varituberibacillus

L. masc. adjective *varius*, different; L. masc. n. *Tuberibacillus*, An existing genus; *Varituberibacillus*: A genus related to but distinct from the existing genus Tuberibacillus of different.

Varitullyiplasma

L. masc. adjective *varius*, different; L. neut. n. *Tullyiplasma*, An existing genus; *Varitullyiplasma*: A genus related to but distinct from the existing genus Tullyiplasma of different.

Varitumebacillus

L. masc. adjective *varius*, different; L. masc. n. *Tumebacillus*, An existing genus; *Varitumebacillus*: A genus related to but distinct from the existing genus Tumebacillus of different.

Varitundrisphaera

L. masc. adjective *varius*, different; L. fem. n. *Tundrisphaera*, An existing genus; *Varitundrisphaera*: A genus related to but distinct from the existing genus Tundrisphaera of different.

Varitunicatimonas

L. masc. adjective *varius*, different; L. fem. n. *Tunicatimonas*, An existing genus; *Varitunicatimonas*: A genus related to but distinct from the existing genus Tunicatimonas of different.

Varituricella

L. masc. adjective *varius*, different; L. fem. dim. n. *Turicella*, An existing genus; *Varituricella*: A genus related to but distinct from the existing genus Turicella of different.

Varituricibacter

L. masc. adjective *varius*, different; L. masc. n. *Turicibacter*, An existing genus; *Varituricibacter*: A genus related to but distinct from the existing genus Turicibacter of different.

Varituricimonas

L. masc. adjective *varius*, different; L. fem. n. *Turicimonas*, An existing genus; *Varituricimonas*: A genus related to but distinct from the existing genus Turicimonas of different.

Variturneriella

L. masc. adjective *varius*, different; L. fem. dim. n. *Turneriella*, An existing genus; *Variturneriella*: A genus related to but distinct from the existing genus Turneriella of different.

Varituwongella

L. masc. adjective *varius*, different; L. fem. dim. n. *Tuwongella*, An existing genus; *Varituwongella*: A genus related to but distinct from the existing genus Tuwongella of different.

Variuliginosibacterium

L. masc. adjective *varius*, different; L. neut. n. *Uliginosibacterium*, An existing genus; *Variuliginosibacterium*: A genus related to but distinct from the existing genus Uliginosibacterium of different.

Variulvibacter

L. masc. adjective *varius*, different; L. masc. n. *Ulvibacter*, An existing genus; *Variulvibacter*: A genus related to but distinct from the existing genus Ulvibacter of different.

Variulvibacterium

L. masc. adjective *varius*, different; L. neut. n. *Ulvibacterium*, An existing genus; *Variulvibacterium*: A genus related to but distinct from the existing genus Ulvibacterium of different.

Variumboniibacter

L. masc. adjective *varius*, different; L. masc. n. *Umboniibacter*, An existing genus; *Variumboniibacter*: A genus related to but distinct from the existing genus Umboniibacter of different.

Variumezawaea

L. masc. adjective *varius*, different; L. fem. n. *Umezawaea*, An existing genus; *Variumezawaea*: A genus related to but distinct from the existing genus Umezawaea of different.

Variundibacterium

L. masc. adjective *varius*, different; L. neut. n. *Undibacterium*, An existing genus; *Variundibacterium*: A genus related to but distinct from the existing genus Undibacterium of different.

Variureaplasma

L. masc. adjective *varius*, different; L. neut. n. *Ureaplasma*, An existing genus; *Variureaplasma*: A genus related to but distinct from the existing genus Ureaplasma of different.

Variurechidicola

L. masc. adjective *varius*, different; L. masc. n. *Urechidicola*, An existing genus; *Variurechidicola*: A genus related to but distinct from the existing genus Urechidicola of different.

Variureibacillus

L. masc. adjective *varius*, different; L. masc. n. *Ureibacillus*, An existing genus; *Variureibacillus*: A genus related to but distinct from the existing genus Ureibacillus of different.

Variurmitella

L. masc. adjective *varius*, different; L. fem. dim. n. *Urmitella*, An existing genus; *Variurmitella*: A genus related to but distinct from the existing genus Urmitella of different.

Variursidibacter

L. masc. adjective *varius*, different; L. masc. n. *Ursidibacter*, An existing genus; *Variursidibacter*: A genus related to but distinct from the existing genus Ursidibacter of different.

Variuruburuella

L. masc. adjective *varius*, different; L. fem. dim. n. *Uruburuella*, An existing genus; *Variuruburuella*: A genus related to but distinct from the existing genus Uruburuella of different.

Varivadicella

L. masc. adjective *varius*, different; L. fem. n. *Vadicella*, An existing genus; *Varivadicella*: A genus related to but distinct from the existing genus Vadicella of different.

Varivaginella

L. masc. adjective *varius*, different; L. fem. dim. n. *Vaginella*, An existing genus; *Varivaginella*: A genus related to but distinct from the existing genus Vaginella of different.

Varivaginimicrobium

L. masc. adjective *varius*, different; L. neut. n. *Vaginimicrobium*, An existing genus; *Varivaginimicrobium*: A genus related to but distinct from the existing genus Vaginimicrobium of different.

Varivaginisenegalia

L. masc. adjective *varius*, different; L. fem. n. *Vaginisenegalia*, An existing genus; *Varivaginisenegalia*: A genus related to but distinct from the existing genus Vaginisenegalia of different.

Varivagococcus

L. masc. adjective *varius*, different; L. masc. n. *Vagococcus*, An existing genus; *Varivagococcus*: A genus related to but distinct from the existing genus Vagococcus of different.

Varivallitalea

L. masc. adjective *varius*, different; L. fem. n. *Vallitalea*, An existing genus; *Varivallitalea*: A genus related to but distinct from the existing genus Vallitalea of different.

Varivampirovibrio

L. masc. adjective *varius*, different; L. masc. n. *Vampirovibrio*, An existing genus; *Varivampirovibrio*: A genus related to but distinct from the existing genus Vampirovibrio of different.

Varivaribaculum

L. masc. adjective *varius*, different; L. neut. n. *Varibaculum*, An existing genus; *Varivaribaculum*: A genus related to but distinct from the existing genus Varibaculum of different.

Varivariovorax

L. masc. adjective *varius*, different; L. masc. n. *Variovorax*, An existing genus; *Varivariovorax*: A genus related to but distinct from the existing genus Variovorax of different.

Varivarunaivibrio

L. masc. adjective *varius*, different; L. masc. n. *Varunaivibrio*, An existing genus; *Varivarunaivibrio*: A genus related to but distinct from the existing genus Varunaivibrio of different.

Varivasilyevaea

L. masc. adjective *varius*, different; L. fem. n. *Vasilyevaea*, An existing genus; *Varivasilyevaea*: A genus related to but distinct from the existing genus Vasilyevaea of different.

Variveillonella

L. masc. adjective *varius*, different; L. fem. dim. n. *Veillonella*, An existing genus; *Variveillonella*: A genus related to but distinct from the existing genus Veillonella of different.

Variveneniviblrio

L. masc. adjective *varius*, different; L. masc. n. *Venenivibrio*, An existing genus; *Variveneniviblrio*: A genus related to but distinct from the existing genus Venenivibrio of different.

Variventosimonas

L. masc. adjective *varius*, different; L. fem. n. *Ventosimonas*, An existing genus; *Variventosimonas*: A genus related to but distinct from the existing genus Ventosimonas of different.

Variverminephrobacter

L. masc. adjective *varius*, different; L. masc. n. *Verminephrobacter*, An existing genus; *Variverminephrobacter*: A genus related to but distinct from the existing genus Verminephrobacter of different.

Variverrucomicrobium

L. masc. adjective *varius*, different; L. neut. n. *Verrucomicrobium*, An existing genus; *Variverrucomicrobium*: A genus related to but distinct from the existing genus Verrucomicrobium of different.

Variverrucosispora

L. masc. adjective *varius*, different; L. fem. n. *Verrucosispora*, An existing genus; *Variverrucosispora*: A genus related to but distinct from the existing genus Verrucosispora of different.

Variverticia

L. masc. adjective *varius*, different; L. fem. n. *Verticia*, An existing genus; *Variverticia*: A genus related to but distinct from the existing genus Verticia of different.

Variverticiella

L. masc. adjective *varius*, different; L. fem. dim. n. *Verticiella*, An existing genus; *Variverticiella*: A genus related to but distinct from the existing genus Verticiella of different.

Varivespertiliibacter

L. masc. adjective *varius*, different; L. masc. n. *Vespertiliibacter*, An existing genus; *Varivespertiliibacter*: A genus related to but distinct from the existing genus Vespertiliibacter of different.

Varivibrio

L. masc. adjective *varius*, different; L. masc. n. *Vibrio*, An existing genus; *Varivibrio*: A genus related to but distinct from the existing genus Vibrio of different.

Varivibrionimonas

L. masc. adjective *varius*, different; L. fem. n. *Vibrionimonas*, An existing genus; *Varivibrionimonas*: A genus related to but distinct from the existing genus Vibrionimonas of different.

Varivicinamibacter

L. masc. adjective *varius*, different; L. masc. n. *Vicinamibacter*, An existing genus; *Varivicinamibacter*: A genus related to but distinct from the existing genus Vicinamibacter of different.

Varivicingus

L. masc. adjective *varius*, different; L. masc. n. *Vicingus*, An existing genus; *Varivicingus*: A genus related to but distinct from the existing genus Vicingus of different.

Varivictivallis

L. masc. adjective *varius*, different; L. fem. n. *Victivallis*, An existing genus; *Varivictivallis*: A genus related to but distinct from the existing genus Victivallis of different.

Varivirgibacillus

L. masc. adjective *varius*, different; L. masc. n. *Virgibacillus*, An existing genus; *Varivirgibacillus*: A genus related to but distinct from the existing genus Virgibacillus of different.

Variviridibacillus

L. masc. adjective *varius*, different; L. masc. n. *Viridibacillus*, An existing genus; *Variviridibacillus*: A genus related to but distinct from the existing genus Viridibacillus of different.

Variviridibacterium

L. masc. adjective *varius*, different; L. neut. n. *Viridibacterium*, An existing genus; *Variviridibacterium*: A genus related to but distinct from the existing genus Viridibacterium of different.

Varivitellibacter

L. masc. adjective *varius*, different; L. masc. n. *Vitellibacter*, An existing genus; *Varivitellibacter*: A genus related to but distinct from the existing genus Vitellibacter of different.

Varivitiosangium

L. masc. adjective *varius*, different; L. neut. n. *Vitiosangium*, An existing genus; *Varivitiosangium*: A genus related to but distinct from the existing genus Vitiosangium of different.

Varivitreoscilla

L. masc. adjective *varius*, different; L. fem. n. *Vitreoscilla*, An existing genus; *Varivitreoscilla*: A genus related to but distinct from the existing genus Vitreoscilla of different.

Varivogesella

L. masc. adjective *varius*, different; L. fem. dim. n. *Vogesella*, An existing genus; *Varivogesella*: A genus related to but distinct from the existing genus Vogesella of different.

Varivolcaniella

L. masc. adjective *varius*, different; L. fem. dim. n. *Volcaniella*, An existing genus; *Varivolcaniella*: A genus related to but distinct from the existing genus Volcaniella of different.

Varivolucribacter

L. masc. adjective *varius*, different; L. masc. n. *Volucribacter*, An existing genus; *Varivolucribacter*: A genus related to but distinct from the existing genus Volucribacter of different.

Varivulcanibacillus

L. masc. adjective *varius*, different; L. masc. n. *Vulcanibacillus*, An existing genus; *Varivulcanibacillus*: A genus related to but distinct from the existing genus Vulcanibacillus of different.

Varivulcaniibacterium

L. masc. adjective *varius*, different; L. neut. n. *Vulcaniibacterium*, An existing genus; *Varivulcaniibacterium*: A genus related to but distinct from the existing genus Vulcaniibacterium of different.

Varivulcanithermus

L. masc. adjective *varius*, different; L. masc. n. *Vulcanithermus*, An existing genus; *Varivulcanithermus*: A genus related to but distinct from the existing genus Vulcanithermus of different.

Varivulgatibacter

L. masc. adjective *varius*, different; L. masc. n. *Vulgatibacter*, An existing genus; *Varivulgatibacter*: A genus related to but distinct from the existing genus Vulgatibacter of different.

Variwaddlia

L. masc. adjective *varius*, different; L. fem. n. *Waddlia*, An existing genus; *Variwaddlia*: A genus related to but distinct from the existing genus Waddlia of different.

Variwandonia

L. masc. adjective *varius*, different; L. fem. n. *Wandonia*, An existing genus; *Variwandonia*: A genus related to but distinct from the existing genus Wandonia of different.

Variwangella

L. masc. adjective *varius*, different; L. fem. dim. n. *Wangella*, An existing genus; *Variwangella*: A genus related to but distinct from the existing genus Wangella of different.

Variwautersia

L. masc. adjective *varius*, different; L. fem. n. *Wautersia*, An existing genus; *Variwautersia*: A genus related to but distinct from the existing genus Wautersia of different.

Variwautersiella

L. masc. adjective *varius*, different; L. fem. dim. n. *Wautersiella*, An existing genus; *Variwautersiella*: A genus related to but distinct from the existing genus Wautersiella of different.

Variweeksella

L. masc. adjective *varius*, different; L. fem. dim. n. *Weeksella*, An existing genus; *Variweeksella*: A genus related to but distinct from the existing genus Weeksella of different.

Variweissella

L. masc. adjective *varius*, different; L. fem. dim. n. *Weissella*, An existing genus; *Variweissella*: A genus related to but distinct from the existing genus Weissella of different.

Variwenxinia

L. masc. adjective *varius*, different; L. fem. n. *Wenxinia*, An existing genus; *Variwenxinia*: A genus related to but distinct from the existing genus Wenxinia of different.

Variwenyingzhuangia

L. masc. adjective *varius*, different; L. fem. n. *Wenyingzhuangia*, An existing genus; *Variwenyingzhuangia*: A genus related to but distinct from the existing genus Wenyingzhuangia of different.

Variwenzhouxiangella

L. masc. adjective *varius*, different; L. fem. dim. n. *Wenzhouxiangella*, An existing genus; *Variwenzhouxiangella*: A genus related to but distinct from the existing genus Wenzhouxiangella of different.

Variwestiellopsis

L. masc. adjective *varius*, different; L. fem. n. *Westiellopsis*, An existing genus; *Variwestiellopsis*: A genus related to but distinct from the existing genus Westiellopsis of different.

Variwigglesworthia

L. masc. adjective *varius*, different; L. fem. n. *Wigglesworthia*, An existing genus; *Variwigglesworthia*: A genus related to but distinct from the existing genus Wigglesworthia of different.

Variwilliamsia

L. masc. adjective *varius*, different; L. fem. n. *Williamsia*, An existing genus; *Variwilliamsia*: A genus related to but distinct from the existing genus Williamsia of different.

Variwilliamsoniiplasma

L. masc. adjective *varius*, different; L. neut. n. *Williamsoniiplasma*, An existing genus; *Variwilliamsoniiplasma*: A genus related to but distinct from the existing genus Williamsoniiplasma of different.

Variwilliamwhitmania

L. masc. adjective *varius*, different; L. fem. n. *Williamwhitmania*, An existing genus; *Variwilliamwhitmania*: A genus related to but distinct from the existing genus Williamwhitmania of different.

Variwinkia

L. masc. adjective *varius*, different; L. fem. n. *Winkia*, An existing genus; *Variwinkia*: A genus related to but distinct from the existing genus Winkia of different.

Variwinogradskyella

L. masc. adjective *varius*, different; L. fem. dim. n. *Winogradskyella*, An existing genus; *Variwinogradskyella*: A genus related to but distinct from the existing genus Winogradskyella of different.

Variwoeseia

L. masc. adjective *varius*, different; L. fem. n. *Woeseia*, An existing genus; *Variwoeseia*: A genus related to but distinct from the existing genus Woeseia of different.

Variwohlfahrtiimonas

L. masc. adjective *varius*, different; L. fem. n. *Wohlfahrtiimonas*, An existing genus; *Variwohlfahrtiimonas*: A genus related to but distinct from the existing genus Wohlfahrtiimonas of different.

Variwolbachia

L. masc. adjective *varius*, different; L. fem. n. *Wolbachia*, An existing genus; *Variwolbachia*: A genus related to but distinct from the existing genus Wolbachia of different.

Variwolinella

L. masc. adjective *varius*, different; L. fem. dim. n. *Wolinella*, An existing genus; *Variwolinella*: A genus related to but distinct from the existing genus Wolinella of different.

Variwolskyella

L. masc. adjective *varius*, different; L. fem. dim. n. *Wolskyella*, An existing genus; *Variwolskyella*: A genus related to but distinct from the existing genus Wolskyella of different.

Variwoodsholea

L. masc. adjective *varius*, different; L. fem. n. *Woodsholea*, An existing genus; *Variwoodsholea*: A genus related to but distinct from the existing genus Woodsholea of different.

Variwukongibacter

L. masc. adjective *varius*, different; L. masc. n. *Wukongibacter*, An existing genus; *Variwukongibacter*: A genus related to but distinct from the existing genus Wukongibacter of different.

Varixanthobacter

L. masc. adjective *varius*, different; L. masc. n. *Xanthobacter*, An existing genus; *Varixanthobacter*: A genus related to but distinct from the existing genus Xanthobacter of different.

Varixanthomarina

L. masc. adjective *varius*, different; L. fem. n. *Xanthomarina*, An existing genus; *Varixanthomarina*: A genus related to but distinct from the existing genus Xanthomarina of different.

Varixanthomonas

L. masc. adjective *varius*, different; L. fem. n. *Xanthomonas*, An existing genus; *Varixanthomonas*: A genus related to but distinct from the existing genus Xanthomonas of different.

Varixanthovirga

L. masc. adjective *varius*, different; L. fem. n. *Xanthovirga*, An existing genus; *Varixanthovirga*: A genus related to but distinct from the existing genus Xanthovirga of different.

Varixenophilus

L. masc. adjective *varius*, different; L. masc. n. *Xenophilus*, An existing genus; *Varixenophilus*: A genus related to but distinct from the existing genus Xenophilus of different.

Varixenorhabdus

L. masc. adjective *varius*, different; L. fem. n. *Xenorhabdus*, An existing genus; *Varixenorhabdus*: A genus related to but distinct from the existing genus Xenorhabdus of different.

Varixiangella

L. masc. adjective *varius*, different; L. fem. dim. n. *Xiangella*, An existing genus; *Varixiangella*: A genus related to but distinct from the existing genus Xiangella of different.

Varixinfangfangia

L. masc. adjective *varius*, different; L. fem. n. *Xinfangfangia*, An existing genus; *Varixinfangfangia*: A genus related to but distinct from the existing genus Xinfangfangia of different.

Varixuhuaishuia

L. masc. adjective *varius*, different; L. fem. n. *Xuhuaishuia*, An existing genus; *Varixuhuaishuia*: A genus related to but distinct from the existing genus Xuhuaishuia of different.

Varixylanibacillus

L. masc. adjective *varius*, different; L. masc. n. *Xylanibacillus*, An existing genus; *Varixylanibacillus*: A genus related to but distinct from the existing genus Xylanibacillus of different.

Varixylanibacter

L. masc. adjective *varius*, different; L. masc. n. *Xylanibacter*, An existing genus; *Varixylanibacter*: A genus related to but distinct from the existing genus Xylanibacter of different.

Varixylanibacterium

L. masc. adjective *varius*, different; L. neut. n. *Xylanibacterium*, An existing genus; *Varixylanibacterium*: A genus related to but distinct from the existing genus Xylanibacterium of different.

Varixylanimicrobium

L. masc. adjective *varius*, different; L. neut. n. *Xylanimicrobium*, An existing genus; *Varixylanimicrobium*: A genus related to but distinct from the existing genus Xylanimicrobium of different.

Varixylanimonas

L. masc. adjective *varius*, different; L. fem. n. *Xylanimonas*, An existing genus; *Varixylanimonas*: A genus related to but distinct from the existing genus Xylanimonas of different.

Varixylanivirga

L. masc. adjective *varius*, different; L. fem. n. *Xylanivirga*, An existing genus; *Varixylanivirga*: A genus related to but distinct from the existing genus Xylanivirga of different.

Varixylella

L. masc. adjective *varius*, different; L. fem. dim. n. *Xylella*, An existing genus; *Varixylella*: A genus related to but distinct from the existing genus Xylella of different.

Varixylophilus

L. masc. adjective *varius*, different; L. masc. n. *Xylophilus*, An existing genus; *Varixylophilus*: A genus related to but distinct from the existing genus Xylophilus of different.

Variyangia

L. masc. adjective *varius*, different; L. fem. n. *Yangia*, An existing genus; *Variyangia*: A genus related to but distinct from the existing genus Yangia of different.

Variyania

L. masc. adjective *varius*, different; L. fem. n. *Yania*, An existing genus; *Variyania*: A genus related to but distinct from the existing genus Yania of different.

Variyaniella

L. masc. adjective *varius*, different; L. fem. dim. n. *Yaniella*, An existing genus; *Variyaniella*: A genus related to but distinct from the existing genus Yaniella of different.

Variyeosuana

L. masc. adjective *varius*, different; L. fem. n. *Yeosuana*, An existing genus; *Variyeosuana*: A genus related to but distinct from the existing genus Yeosuana of different.

Variyersinia

L. masc. adjective *varius*, different; L. fem. n. *Yersinia*, An existing genus; *Variyersinia*: A genus related to but distinct from the existing genus Yersinia of different.

Variyimella

L. masc. adjective *varius*, different; L. fem. dim. n. *Yimella*, An existing genus; *Variyimella*: A genus related to but distinct from the existing genus Yimella of different.

Variyinghuangia

L. masc. adjective *varius*, different; L. fem. n. *Yinghuangia*, An existing genus; *Variyinghuangia*: A genus related to but distinct from the existing genus Yinghuangia of different.

Variyokenella

L. masc. adjective *varius*, different; L. fem. dim. n. *Yokenella*, An existing genus; *Variyokenella*: A genus related to but distinct from the existing genus Yokenella of different.

Variyonedaella

L. masc. adjective *varius*, different; L. fem. dim. n. *Yonedaella*, An existing genus; *Variyonedaella*: A genus related to but distinct from the existing genus Yonedaella of different.

Variyonghaparkia

L. masc. adjective *varius*, different; L. fem. n. *Yonghaparkia*, An existing genus; *Variyonghaparkia*: A genus related to but distinct from the existing genus Yonghaparkia of different.

Variyoonia

L. masc. adjective *varius*, different; L. fem. n. *Yoonia*, An existing genus; *Variyoonia*: A genus related to but distinct from the existing genus Yoonia of different.

Variyouhaiella

L. masc. adjective *varius*, different; L. fem. dim. n. *Youhaiella*, An existing genus; *Variyouhaiella*: A genus related to but distinct from the existing genus Youhaiella of different.

Variyoungiibacter

L. masc. adjective *varius*, different; L. masc. n. *Youngiibacter*, An existing genus; *Variyoungiibacter*: A genus related to but distinct from the existing genus Youngiibacter of different.

Variyoungimonas

L. masc. adjective *varius*, different; L. fem. n. *Youngimonas*, An existing genus; *Variyoungimonas*: A genus related to but distinct from the existing genus Youngimonas of different.

Variyuhushiella

L. masc. adjective *varius*, different; L. fem. dim. n. *Yuhushiella*, An existing genus; *Variyuhushiella*: A genus related to but distinct from the existing genus Yuhushiella of different.

Varizavarzinella

L. masc. adjective *varius*, different; L. fem. dim. n. *Zavarzinella*, An existing genus; *Varizavarzinella*: A genus related to but distinct from the existing genus Zavarzinella of different.

Varizavarzinia

L. masc. adjective *varius*, different; L. fem. n. *Zavarzinia*, An existing genus; *Varizavarzinia*: A genus related to but distinct from the existing genus Zavarzinia of different.

Varizeaxanthinibacter

L. masc. adjective *varius*, different; L. masc. n. *Zeaxanthinibacter*, An existing genus; *Varizeaxanthinibacter*: A genus related to but distinct from the existing genus Zeaxanthinibacter of different.

Varizehria

L. masc. adjective *varius*, different; L. fem. n. *Zehria*, An existing genus; *Varizehria*: A genus related to but distinct from the existing genus Zehria of different.

Varizestosphaera

L. masc. adjective *varius*, different; L. fem. n. *Zestosphaera*, An existing genus; *Varizestosphaera*: A genus related to but distinct from the existing genus Zestosphaera of different.

Varizhangella

L. masc. adjective *varius*, different; L. fem. dim. n. *Zhangella*, An existing genus; *Varizhangella*: A genus related to but distinct from the existing genus Zhangella of different.

Varizhaonella

L. masc. adjective *varius*, different; L. fem. dim. n. *Zhaonella*, An existing genus; *Varizhaonella*: A genus related to but distinct from the existing genus Zhaonella of different.

Varizhengella

L. masc. adjective *varius*, different; L. fem. dim. n. *Zhengella*, An existing genus; *Varizhengella*: A genus related to but distinct from the existing genus Zhengella of different.

Varizhihengliuella

L. masc. adjective *varius*, different; L. fem. dim. n. *Zhihengliuella*, An existing genus; *Varizhihengliuella*: A genus related to but distinct from the existing genus Zhihengliuella of different.

Varizhizhongheella

L. masc. adjective *varius*, different; L. fem. dim. n. *Zhizhongheella*, An existing genus; *Varizhizhongheella*: A genus related to but distinct from the existing genus Zhizhongheella of different.

Varizhongshania

L. masc. adjective *varius*, different; L. fem. n. *Zhongshania*, An existing genus; *Varizhongshania*: A genus related to but distinct from the existing genus Zhongshania of different.

Varizhouia

L. masc. adjective *varius*, different; L. fem. n. *Zhouia*, An existing genus; *Varizhouia*: A genus related to but distinct from the existing genus Zhouia of different.

Varizimmermannella

L. masc. adjective *varius*, different; L. fem. dim. n. *Zimmermannella*, An existing genus; *Varizimmermannella*: A genus related to but distinct from the existing genus Zimmermannella of different.

Varizobellella

L. masc. adjective *varius*, different; L. fem. dim. n. *Zobellella*, An existing genus; *Varizobellella*: A genus related to but distinct from the existing genus Zobellella of different.

Varizobellia

L. masc. adjective *varius*, different; L. fem. n. *Zobellia*, An existing genus; *Varizobellia*: A genus related to but distinct from the existing genus Zobellia of different.

Varizoogloea

L. masc. adjective *varius*, different; L. fem. n. *Zoogloea*, An existing genus; *Varizoogloea*: A genus related to but distinct from the existing genus Zoogloea of different.

Varizooshikella

L. masc. adjective *varius*, different; L. fem. dim. n. *Zooshikella*, An existing genus; *Varizooshikella*: A genus related to but distinct from the existing genus Zooshikella of different.

Varizunongwangia

L. masc. adjective *varius*, different; L. fem. n. *Zunongwangia*, An existing genus; *Varizunongwangia*: A genus related to but distinct from the existing genus Zunongwangia of different.

Varizymobacter

L. masc. adjective *varius*, different; L. masc. n. *Zymobacter*, An existing genus; *Varizymobacter*: A genus related to but distinct from the existing genus Zymobacter of different.

Varizymomonas

L. masc. adjective *varius*, different; L. fem. n. *Zymomonas*, An existing genus; *Varizymomonas*: A genus related to but distinct from the existing genus Zymomonas of different.

Varizymophilus

L. masc. adjective *varius*, different; L. masc. n. *Zymophilus*, An existing genus; *Varizymophilus*: A genus related to but distinct from the existing genus Zymophilus of different.
